wet Kaung = 1.13
Dry Cooly = .59

The Village is within the Inam area of which the limits are specified in the Carnam's account of 1213; and the excess being a mere difference of measurement as made in F 1213 and subsequent years as well in cases as in the other cases of the Minor Inams, as is admitted by the Zamindar in his capacity as such and as Manager, is allowed—

In the Fusliman accounts, the minor inams are entered as being for specific Pagoda services therein described— I have however entered the names only in Col 14 & 15 and specified the service in Col 8.

The assignment of the Inam portions of this inam for the several classes of services rendered by No 2 to 34 was made during Government Management of Devastanam affairs—

The Thirumalay service inam No 4 is under dispute between Veera Pandaram and Kandan & Muttukumara Pandarams collaterals— They have adjusted it through the Manager agreeing to share the service & the inam equally—

The 32nd Division of the inam in this case being the inam for Gurkal service is under dispute between two persons— 1st Subbramaniya Gurkal the Meerasee holder and 2nd Periasamy Gurkal a stranger— The former has continued in the enjoyment of the inam while the latter holds the service & enjoys the fees of the office— The former had been in service till he was suspended by the Pagoda Manager's order of 22nd June 1857— It refers to a Manager's report to the effect that the former did not attend for Pujai from morning till 12 A.M. and had gone to Nattamalay as per his enquiry without providing for the service and without permission—; that it had therefore to be performed by one Kunjappa Gurkal late in the evening together with the morning & ~~after~~ noon Pujahs— It directs according to the Manager's recommendation for his being replaced by others that till further orders Kunjappa Gurkal shall perform the service— It also directed that the former be sent to Huzur for enquiry— Nothing further seems to have transpired since— The latter who is Brother's son of the said Kunjappa Gurkal has succeeded him these 4 years in the service— The former asserts that the neglect of duty ascribed [illegible]

in the above order was a fabrication & falsehood; that it was passed by the Manager against him under the influence of the malice and party spirit he bore against him, and upon a false report ~~he~~ got up concocted by the Maniem; that the Manager having under the said malice refused to comply with his application to him for the Mailam service of his own party of Pagoda servants in office, during a marriage in his family, he availed himself of the Mailam services of the old Pagoda servants whom he had dismissed on account of their connection with his father's Party; that the Managers rancour against him was thus increased & led him to ~~his~~ order his suspension on no true ground – that when according to the order, he appeared before the Manager for enquiry the question he put to him was, not "why he had neglected the Puja" – but "why he made use of the Mailam services of his adverse party" –

I have carefully collected the evidence of the very numerous Pagoda servants assembled before me – It goes to establish that he was not guilty of the offence on which his suspension was grounded, and that the suspension was the result of the private malice the Manager bore against him. The perusal of the order in question draws ^also^ me to the inference that the alleged ground for the suspension (it not being removal) was not true, and even if true was not sufficient to justify it – Vide Note 7 on Regulation VII of 1817 in Mr Sloan's Land Revenue & Judicial Code Page 348 –

Under these Circumstances, I have entered the Mémaster Gurkal in the Register leaving him to recover the right of service by application to the Pagoda Manager or by a Civil action against ~~the~~ him –

To be confirmed in one T.C. for so long as the Pagoda exists, and the several services are rendered

Both claim through one Andálam. The former is the son of his sister by marriage. The latter is his grand father's sister's daughter's daughter's son by Dasi connection. Under the law applicable to the parties Dasi's sons inherit to exclusion of legitimate descendants. The latter was therefore the registered party holding the service & enjoying the inam till the late Pagoda Manager under his order of 27th July 1863 appointed the former at his request for the service & put him in charge of the inam on the ground that he had no other means of living & offered his services. Perhaps the Manager meant that the former should act as the Gumasta of the latter with his consent then given. I have therefore entered Papannan as the Manager here — To be confirmed free in one T.D. so long as the Daval service for the Pagoda is rendered — T.K. 3/10/64	T.D. No 1636 2
