(continued) Remarks in Case (3).

D Pitcam has six shares Villages — while in some one Branch only enjoys the whole Inam or more than the 1/4 in which six lies of the 1/4th shares in other Villages Ends to the other Branches —

It appeared that before these Separations from the Time of the Division had occurred, or when each Branch had been enjoying this 1/4th shares of the income in each Villages, an arrangement was made between No 3 and 4 under which a 1/11 in the 6 Villages was left to be enjoyed by No 4 — No 3 Reserving the 1/4 in the remaining 11 Villages which 1/11 appears to have been further Ended by him under similar arrangements to other Members —

The Inam is enjoyed by each of the Four Branches at 1/11 each; but No 4 enjoys the whole 1/4 of the Branch since No II it having one of the 6 Villages retained above —

No 1 & 5 are absent — The Parties present are No 2, No 3, the wife of No 4 Rowa Lattchumee & No 6 — of these latter, No 2, 3 & 6 representing one 4th of the income wish that in consequence of the unsettled nature of the present enjoyment, when by the interests of all are not unknown, one obtaining names and another keep their Books, all of the Family Inams should be confirmed in divisions in the name of all the Members No 1 to 6, leaving them to make in future arrangements a proper Distribution under written deed —

No 4's wife however claims to get the whole 1/4 shares of No 3 & 4 in the 6 Villages confirmed to her exclusively under No 3 should give her a moiety in certain Syen lands held by him on Renum Pattas in Madanakuruchi — These Syen Lands were originally a Branch Inam entirely and enjoyed by No 3 — when twenty or 8 years ago it was fully disposed by the Collector and registered in his name —

The Non-entry of these Syen Lands in the Division deed shows that they were not the ancestral Property common to the whole Family — but the bulk of arguments of the Members of the Branch from which No 3 & 4 are descended — No 4's wife says (but without any proof) that it never was enjoyed by her Fathers Lands in which No II — No 3 however declares that having been acquired by his Father it is his exclusive right — The Question was decided by the Collector in 1858 in favor of No 3 as per Collectors Endorsement dated 21st May 1858 upon Petn No 70 which is produced —

No Documentary of any written instrument in support of No 4's said claim does not produced by the Counsel of my complainant holding her claim as recommended on the present unsettled & temporary enjoyment. I have therefore advised him to recover the 1/2 of the Syen Lands the claims from No 3 through a Civil Action; and recommend that the inam may be confirmed in one Pattah to all the claimants but No 1 & 6 at 1/6 2 Pd or 1 Bhaga 10 which is agreed to —
