The Average assessment of adjoining Village of Punguedy is adopted for valuing the Jagheer It is - for one Crop Wet Rs 3 As 5 - for Dry As 4 - for Garden As 10 -

Note 1. (Kadarambam) The rate of conversion adopted in the Revenue Department for Circar and Inam Villages is uniform Acres 1·32 per Cawny - The rate however cannot be correct as it is generally allowed that while the standard of measurement varied in length in the several villages it is according to an approximate estimation 7 yards square for the Cauvery Taluqs & 8 yards square for the Highland Taluqs. I have [illegible] ed the 1·32 rate. But if it be considered wrong, the more correct area can be made out from the R[illegible] ter simply by taking the Cawnies for Acres & the Goolies for the Decimals -
