

Sheet No. 4

[illegible][illegible]

John Cress

July 198 - 10

In the name of the
 Lord - for the
 usual table service

Reverend
My Dear

20/7/80
Nauigauere

8200 ft. low for the
 difference in the extent
 recommended when
 crops & the extent of
 in Col 14 - also the
 former according to the
 survey of 1821, 13, 14
 when was the excess
 did it not be a...
 27/10/18

3, excess
Jm
27 Feb 1877
I regret this has escaped my notice. The British
did not put down the survey entry at all. The survey
entry was recorded elsewhere, normal. A which the
British record was gone back entry of 1871.
The survey was taken 20-2 to 1/2 of which I did not
know until 1877. I am sorry to hear that
the British did not put down the survey entry at all.
1877
