I agree
 to the settlement of
 the account of
 the
 1850

crop land turned into 2 crop one, it was decided that
the Lynn land which had yielded 2 crops in 1252/53/54 &
paid both Pishnam & Kar Kewals in full should be
treated as 2 crop land, & all the others as one crop land. for any remainder
The present karnam states that his predecessors had probably ^{may have to offer} ~~in this case he~~
on this principle but it does not appear from the accounts ^{average for one} ~~for one~~
that the whole of the land had yielded 2 crops in those years with the fixed
& paid only the pattam on both the crops. I would therefore ^{as the permanent} ~~for~~
have to treat the whole ¹ ~~main~~ as one crop land & charge pattam ^{for} ~~for~~ P. Chentallur
accordingly. But under Mr. Elton's order in 1827 it was ^{subd.} ~~made~~ ^{by order of}
that the lands which had enjoyed Kowle pattam 2 crop prior to ^{27/1/65} ~~approved~~
the date of the order should still be allowed the benefit, but ^{for} ~~for~~ ^{the} ~~the
pattam could be ^{have} ~~have~~ ^{forward on 2 crop of kowle} ~~forward on 2 crop of kowle~~~~

Little used in the name of the machine. The crop pattern shown in color
belongs to a crop apparatus pattern on which full payment will be here for collection
