Extract from the Fair Drain Register

No. 15 Register Village of Nalavada m Kotte

The account available in the Drain Dettam abstract of 1813, but this does not contain the extent of the Dettam. The Palegar's Kabil has got a Karakam Ayakat account of 1812, which gives the particulars of the Ayakat and on which the present Ayakat has been drawn up.

The 228

Case No 1	Drain	Ayakat as per Tamahadi	for the Jodi	Peru Not	No. Served.

Note ✓

The Palegar's statement specifies the Bering as 186-120. But I would fix it at the Ayakat Bering, as in the village where the Bering was higher we took only the Ayakat Bering.

The Drain was partly confirmed personal and partly in one title. In the Dettam abstract account of 1813, it was not appear. But the Brahmins have given away their moiety for the choultry, but no more to show when such transactions took place. The Brahmins have appeared for half being Goundampathi, and an alienated filed statement that is change they have not included with 1/3 part their village in their statement. They also declare, that their moiety was relinquished by their forefathers for the choultry. I would therefore confirm the whole for the choultry at 1/3 part of the village. To be confirmed Bering 245.13.7 Jodi 63.10.2 Remaining 182.3.5 Palegar Quit rent 1/3 on a moiety 11 Rupas

The Being as stated by the
 Inamdar is -
 He states the Dyakat
 at 612 Kari and after
 deducting Jocababakete
 he states the net Inam
 after deducting Pocababete
 + Inam as 444 chav. He
 does not show any account
 as the standard of the Dyakat;
 but he says that his Karaman
 keeps the cultivation account
 in this manner. It includes all the
 successful ^{accounts} now & then disclosed
 by the Karaman. The only account
 showing Dyakat is the Pallegar's Dyakat
 Tanshandi of 1213, and the
 present Dyakat has been
 drawn up accordingly.
