The Land is referred by the
M. Zamindar. He states that the content referred in the account of
P.R. 13 was the area originally granted as Inam, & the balance is
a recent grant. — Although it is probable that the whole has
been conveyed as Inam from the commencement, I cannot, in
the absence of a grant or entries in the Public accounts, recommend
to ^{revoke} ~~confirm~~ the whole area against the consent of the Zamindar.
I would therefore confirm the Inam as recommended by
the De. Collector. This settlement will not affect the possession
of the land, and any disputes between them & the Zamindar can be
settled in Civil Court.

Confirmed as recommended.
