The T.C. returns the S.D. on the ground that the Landowners claim a further reduction of Rs 124 in the S.D. Vide a letter of 4th Nov 1866 p. 33 -
The T.C. will inform the Landowners that after the very numerous remissions which this Dopla have accorded to them on the recommendations of the D.L. Quarta
it can under no circumstances reduce the ass already very low valuation put on the main - The Landowners when they appeared before the D.L. Quarta & gave their Petition,
never claimed any remission on account of any land which they now say have paid out of their hands this year in land - Their statement in the respect
can not therefore be heeded. If their rights be molested by year, they must find their own remedy under the law - An option will still be given to the Landowners
& if they refuse to conform to the terms already settled much favorably to them, the main will be confirmed for life - The T.C. returned to S.D. with
