the party that acts on his behalf. Whereas Somasundaram Pillai urges that Subramanyam Pillai, the father of Periyaram Annam Pillai, executed an Adambadikai Kararnamah on plain paper in the year 1005 (A.D. 1824) to his grandfather Salvadeswarar Pandaram, authorizing him to continue to hold the lands, and perform the Katti regularly, on a Somi bhagam Kattuguthage of 5 Rs. per annum, and to pay the government dues, and perform the Katti at his own risk and responsibility, and to receive the annual pattas in his (Subramanyam Pillai's) name. In 1848, Sankara murthiya Pillai, brother of the said Subramanyam Pillai, the father of Periyaram Annam Pillai, attempted to take possession of the lands. The case was engaged into. Salvadeswarar Pandaram then filed the said Adambadikai executed by the said Subramanyam Pillai. The Collector in his order of the 29.5.1848, confirmed Salvadeswarar in the enjoyment of the lands held by him on a Kattuguthage document, and referred the Pattadar Sankaramurthiya Pillai to the Civil Courts. The Pattadar has not since adjusted the Court's order. The annual Pattas have been issued annually in the name of Sankara murthiya Pillai and his brother Annam Vellu Pillai, the former of whom died 17 years ago, and the latter 6 years ago. The pattas of 12.2.1873 and 12.73 have not been issued, the Pattadar having died.

This question is of a Civil nature. Periyaram Annam Pillai is informed that the Collector referred his father Subramanyam Pillai to the Civil Courts so far back as 1848. The performance of the Katti for the time being is confirmed for the Sankaramurthiya Pillai under Rule III, Clause 1.

R. Jodi No. 277. 4. 10.

The Jodi of the Annam has been varied from Somasundaram Pillai the performer of the Katti for the time being. Periyaram Annam Pillai requests that the Annam Title Deed may be secured in the Collector's Office till he obtains redress

a deduction of Rs. 100 will be made on account of the share of the maree Katti to be borne by the Government. The future fixed Jodi will be Rs. 200. The land will henceforth be maintained exclusively by the Government. (d) P. Chendur Pillai, Jy. 9.1.1848, 2.1.1848, 5.2.65, T. D. No. 203.

* This is not necessary as the delivery of the deed does not affect the title. (d) P. Chendur Pillai, Jy. 9.1.1848, 2.1.1848, 5.2.65, T. D. No. 203.

with the exception of 1-13 is cultivated with both the crops. The average appears to be the fair jodi for all the garden lands. The garden jodi is the average extent of wet land cultivated during the last 5 years 13 7.9. P. The tank is in need of repair. Emergent repairs have been made by the Inamdar. In the long run 9 kottas may be fairly cultivated. The wet jodi of the 9 kottas is the cultivation of the 2nd crop is very precarious. It is cultivated once in 2 or 3 years. The average extent of land cultivated with the 2nd crop during the past 5 years is 1.33 or 1.88. The kalam is Manamari. Under these circumstances, 5 Rs. may be taken as the jodi of the 2nd crop. The Tapa jodi may be taken at 0.15.3										25-0-3 1270 1272 1273 No compensation need be allowed for the compensation Kudemiramat. The average cost of repairs is Rs. 5/- (Rs) A. Dinnarasa Rao 1.8.65. by Col. M. S. D.									
The sum of Rs 119-2.7 may be fairly taken as the jodi of the entire Inam to be fixed once for ever. To be confirmed under Rule III, Clause II Jodi Rs. 119-2.7 (Rs) A. Dinnarasa Rao 14.1.65 Joddy to the Collector.										0.15.3 119.2.7 The average cost of 5 Rupees is nearly 5 on the cultivation. Taking it as 5 Rs. As on the average wet assessment is with amount 8 Rupees. I propose to take the average at 6 Rupees, and as a deduction of 1 in the proposed jodi Rs 119-2.7. (Rs) P. Chandraiah 8.9.65 by Spl. M. S. D.									
Additional jodi rent of amount has been entered on account of 116+0.50.3 116.5.0										(True extract) For the Collector H. S. D. Rao

If the tank is improved, about a kottai of land may fairly be cultivated. The family Jodi may be taken at -
The true Jodi is

1.0.0.
0.1.8
57-11-2

Under the circumstances, the sum of Rs. 57-11-2 may be fairly taken as the Jodi of the entire Inam so be fixed once for ever.

Now as regards the management of the Katti, Sima-sankaram Pillai, Son of Arunachalam Pillai, the party in 15th Column, has all along been maintaining the Katti. The said Arunachalam Pillai is the sister's Son of the original Sivasankaram Pillai, whose name is entered in the accounts of F. 1213, and Mr. Cotton's Register of 1814. In the Register of Mr. Cotton, Arunachalam Pillai is entered as the gumbastah of Sivasankaram Pillai, as for all other Kattis, the then manager was invariably entered in the Register of Mr. Cotton as the gumbastah of the party after whose name the Katti was called. The present holder, Sivasankaram Pillai states that his father Arunachalam Pillai was adopted by Sivasankaram Pillai, and produces a document in support thereof. Whereas, Arunachalam Pillai, brother's grandson to the original Sivasankaram Pillai, claims the land and the management, on the ground that the Patta has been issued in the name of his father, Manickavasagam Pillai. It appears from a document executed by Kamathakudavala Pillai, brother of the present claimant, that the Katti land was allotted to the share of Arunachalam Pillai, the father of the present holder. This document is dated 1846, from which it appears that the family estate with other lands was divided into 3 shares between the present holder's father, the present claimant's brother and his uncle Arunachalam Pillai. Manickavasagam Pillai died 20 years ago, and Patta has never before been issued in the name of the deceased party. This dispute is of a civil nature. Arunachalam Pillai is referred to the civil

Particulars regarding present Census.						DISTRICT	Details of the State Commissioner or his Assistant.
Name and age.	Place of residence.	In relation to original grantee or holder. (Sd/- Deputy Collector K. H. P.)	Surviving heirs of the present occupant.	If agreement with the original holder, possession how obtained & in what year.	An extract of the Government order in regard area of lands actually reported must be entered in this column.	Duty Collector's opinion and recommendation.	
10	28	17	18	19	20	21	22
							mained. These lands are cultivated for every harvest. These lands are allowed to lie waste fallow for a short time, in order that they may recover their strength. The average of the past 3 years may be fairly taken as the basis of estimate for the yield of rice. The whole of the garden with the exception of 6.5-¹²/₁₀₀ is cultivated with two crops there appears to be very little chance of this extent being enriched with the 2nd crop. The Jodi may be fairly taken at 19-0-0. The average of wet land cultivated during the past 5 years is 24% Kottai. Of the wet extent of 41-12-5, 6-18-5 is medium and rich black soil, which has been laid waste for more than 15 years. 35 Kottais are arable land. The cultivation appears to have been made in proportion to the supply of water received in the tank which is Maana Mari. In 1969, 33 Kottais were cultivated and the Jodi was levied on about 34 Kottais. In 1970, 16 Kottais and 16 ms. were cultivated and the Jodi was levied on that extent. In 1971, 6-16-5 was cultivated, and the Jodi was levied on 16 Kottais. In 1972, 3-4-^{K.H.P.} was cultivated and the Jodi was levied on 35 Kottais. In 1973, 17-4-47 was cultivated and the Jodi was levied on that extent. The average of the actual extent of land cultivated during the last 5 years is 21-16-0. The Jodi of the wet lands may be fairly calculated on 28 Kottais. The Jodi is 211-9-8. The average extent of land cultivated with 2nd crop during the last 5 years is 8-4-0. The cultivation of the 2nd crop is uncertain. The final fair Jodi may be taken as 37-0-0. The average true Jodi may be taken as the Jodi of all the trees. 4-5-5. The sum of Rs. 351-1-2 may be fairly taken as the Jodi of the entire dem. To be paid over for ever. To be comprised under Rule 41 Clause II. Jodi No. 351-1-2. Sd/- Deputy Collector.
							Endurars in 5 years but the Endurars appear to have kept no accounts for the repairs. Discretionary remissions may be allowed. (A) A. Minerva Rao Dy. S.D.O. Bellary Cr. I.B. 65. 3/5 of the wet arabah is under cultivation. Taken 5 per cent of the assessment of the land under cultivation to represent the average return of the tanks etc. for the purpose of deduction of 12 and a half 33% as the fixed Jodi for the future to represent the value by the demand on Mr. Shrivastav. Hg. 37-0-0 (Accounts given) (B) W.T. 1966 Goffy. Date 5-1-66 T.D. No. 209

Further information furnished:
This is the only land irrigated canal
to which repairs were made during
12 years. Some trifling sandy repairs
- that appear to have been made
in some years, but the Government
kept no accounts for the repairs.
Discretionary repairs

Records from Feb
1802 until 1830
lost - 4/11/1830
