PROCEEDINGS OF THE MADRAS GOVERNMENT, (19)

FOR THE MONTH OF (AUGUST 1891)

READ—the following paper:—

From E. S. LAFFAN, Esq., Acting Collector, Vizagapatam District, to the Chief Secretary to Government (through the Director of Public Instruction), dated Vizagapatam, 4th June 1891, No. 1685.

I have the honour to forward herewith the Honorary Secretary's report on the working of the Waltair Orphan Asylum for the year 1890-91. An estimate of the income and expenditure for the current year is also appended.

2. There was a balance of Rs. 2,565-11-11 to the credit of the institution on 1st April 1890. The receipts during the year amounted to Rs. 3,256-1-10, making a total of Rs. 5,821-13-9 available for expenditure. The charges amounted to Rupees 3,216-6-2 and left a balance of Rs. 2,605-7-7 at the end of the year, showing a small increase of Rs. 39-11-8 over that of the previous year, which is chiefly to be attributed to the larger amount collected on account of fees during the year.

3. The charges show a net decrease of Rs. 161-15-7, which is due to curtailment of expenditure under the items "Food, clothing, &c.," "Establishment" and "Repairs."

4. The strength of the institution at the beginning of the year was four boys and eleven girls. Three boys and four girls were admitted, one girl was removed by her friends, and one left for domestic service, during the year, leaving at its close seven boys and thirteen girls. The average daily strength was 14.53.

5. Two pupils went up for the Special Primary examination, but failed, and seven appeared for the Primary examination, of whom two passed. The institution was inspected on 7th February last by the Inspectress of Girls' Schools, Northern Circle, whose report shows that the results at inspection were satisfactory.

ENCLOSURE.

From Revd. F. E. CAMERON, Chaplain and Honorary Secretary, Vizagapatam Male and Female Orphanage, to the Chief Secretary to Government, dated—May 1891.

I have the honour to submit to you the annual report required by Government upon the Vizagapatam Male and Female (commonly called the Waltair) Orphanage for the financial year 1890-91.

I have to report upon—

I. *The Number of Inmates.*—(1) At the beginning of the year there were 4 boys and 11 girls, making a total of 15.

(2) During the year, 3 boys and 4 girls were admitted; 1 girl was removed by her friends, and 1 left for domestic service.

(3) Thus at the end of the year there were 7 boys and 13 girls, making a total of 20.

(4) Of these 20 inmates, 14 were free; 3 paid sufficient to meet the expense of food and clothing, but otherwise they participated freely in the benefits of the institution; 3 paid monthly sums too small to be considered to meet definitely any one item of expenditure.

(5) The average daily number of children actually fed, allowing for those removed by their friends during the holidays, was 14.53, against 14.13 in the previous year. In the face of the increase of 5 in the number of inmates, this small increase in the average is to be accounted for by the fact that the new admissions all took place near the end of the year.

C.O. NO 630, Edu DEPT, 10 Aug 1891

II. *The Financial Position.*—A balance sheet is here given with the figures of 1889-90 in parallel columns for the sake of comparison :—

		Receipts.						Expenditure.			
		1890-91.		1889-90.				1890-91.		1889-90.	
		RS.	A. P.	RS.	A. P.			RS.	A. P.	RS.	A. P.
Subscriptions		1,408	5 8	1,354	5 0	Food clothing, &c.		1,365	1 5	1,443	9 9
Government equivalent		1,419	2 8	1,360	12 0	Establishment		712	8 3	763	0 0

Total		5,821	13 9	5,944	1 8	Total		5,821	13 9	5,944	1 8

It will be observed that—

- (1) The balance in hand was increased by Rs. 39-11-8 during the year.
- (2) The subscriptions show a slight increase, and the fees were considerably more than in the previous year.
- (3) The expenses of food, clothes and servants were reduced in spite of a slight increase of numbers.
- (4) Repairs were again a heavy item of expenditure.
- (5) The financial position seems to justify the committee in hoping that they will in future be able to maintain the present increased numbers—numbers which can obviously be supported more economically than the smaller ones obtaining during the past four years.

III. *The Progress of Education.*—(1) The number of outsiders attending the school on payment of fees increased during the year from 6 to 11. This the committee are glad to note, as they think the presence of outsiders tends to brighten and stir to emulation the inmates of the Orphanage.

(2) Of the 7 children presented for the Primary examination, 2 passed, 2 have to be re-examined in their optional subject, and 3 failed.

(3) The report of the Inspectress of Girls' Schools just received seems to show that our progress was satisfactory.

IV. *The probable Receipts and Charges for 1891-92.*—These, it is estimated, will be as follows :—

ENCLOSURE.

PROCEEDINGS of the Director of Public Instruction, dated 10th July 1891, No. 7827.

Read Tabular Inspection Report, No. 1478, dated 7th February 1891, on the Church of England Orphanage, Waltair.

The financial year 1889-90 closed with a balance of Rs. 2,565-11-11 against Rs. 2,860-5-8 at its beginning, which is due to the income from subscriptions, and consequently also from the equivalent Government grant, having fallen below the figure of the year previous. No explanation has been furnished for the above decrease. The increase under fees is satisfactory.

2. Nine boys and 13 girls were on the rolls at the time of inspection against 18 boys and 14 girls at the previous inspection. The absence of 6 pupils from the examination is not understood.

3. The Head Mistress worked well during the year. The school acquitted itself satisfactorily at inspection. The results produced by the First Form and the First and Infant classes were good, while those of the Fourth class were very fair on the whole. The pupils presented for the Special Primary examination were again unsuccessful, which is to be regretted. As the above examination has been abolished, the students should in future be presented for the Fifth standard in the compulsory and at least in two optional subjects. Additional class books and maps are needed and these should be supplied at an early date. A register of books taken from the library should be maintained, so as to show to what extent the pupils avail themselves of it. A few books of reference should be added as suggested by the Acting Inspectress.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

From H. B. GRIGG, Esq., M.A., C.I.E., Director of Public Instruction, to the Chief Secretary to Government (through the Accountant-General), dated Madras, 17th December 1890, No. 13101.

I have the honour to request the sanction of Government for the opening of certain schools on the salary-results system, and taking over certain other schools under departmental management in the Parlákimedi Range.

2. New schools are recommended to be opened in the villages of Namanagarum, Gindukottu, Koradasingi and Narayanapuram. In the two last-mentioned places there are results schools at present; but they are so badly managed that their permanence cannot be relied on. The opening of schools in the other two villages is recommended by the educational officers. These institutions can be managed with a teacher in each on Rs. 8 per mensem. An additional teacher on Rs. 6 will, however, be required in the Narayanapuram school. As a sufficient incentive to good work, I recommend that the teachers be paid, in addition to the salaries, twice the results-grants fixed for the Agency tracts, but this concession need not be allowed for more than 5 years. An annual allotment of Rs. 12 for rent and contingent charges will also be required for each school.

3. In addition to these schools, I propose that the institutions in the marginally-noted villages be taken over by Government. They are reported to be in an unsatisfactory condition, and the only way to improve them is by bringing them under departmental management, and by

making the remuneration of the teachers depend partly on the results of their work. Three of the schools may be taken over without any change in the establishment, and the rest can be managed with reduced establishments. All the six institutions can then be worked at a cost of Rs. 1,086, exclusive of results grants according to the following scales:—

Gumma and Sirango Schools, each.

	RS.
1 Teacher	12
1 do.	8
1 Sweeper	1
Contingencies	$\frac{1}{2}$

Rayaghada School.

1 Teacher	10
1 do.	8
1 Sweeper	1
Rent	1
Contingencies	$\frac{1}{2}$

Oyyagada, Gyba and Jirango Schools, each.

1 Teacher	8
Rent	
Contingencies	$\frac{1}{2}$

Total, annual charge .. 1,086

4. Towards the aggregate cost of maintaining these schools, which will be not less than Rs. 1,590, exclusive of results grants, the Zemindar of Parlákimedi may, I think, be advised to pay a third of the fixed expenditure, Government meeting from Provincial funds the whole charge for the supervision of the schools. The remaining two-thirds of the charge will be met for the current year from the savings under Government schools. General and similar charges for the ensuing year will be met from the provision in the budget estimate under the main head.

5. The usual statements are enclosed. These proposals can be given effect to from the beginning of 1891, or so soon as can be done after the preliminary arrangements are completed.

From H. B. GRIGG, Esq., M.A., C.I.E., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 24th April 1891, No. 4546.

✓ Adverting to reference on Current No. 1 of 1891, I have the honour to state that it is proposed to open new schools at Koradasinghi and Narayanapuram and not to take over the existing schools. Results stipends will be paid at uniform rates in all the schools, as they are all situated in backward localities and are in need of special encouragement. I beg to add that the managers of the existing schools are understood to be entirely in favour of the change in management recommended.

From E. C. JOHNSON, Esq., Agent to the Governor in Ganjam, to the Chief Secretary to Government, dated Chatrapur, 30th May 1891, Reference No. 239-Ag.

Adverting to your reference on Current Nos. 1 and 457 of 1891, dated 13th ultimo, I have the honour to inform you that, as already stated in my letter, No. 553, of 2nd October 1890, the Zemindar of Parlákimedi is willing to contribute annually the sum of Rs. 512, being one-third of the cost of existing schools when the estate was handed over. This is very little less than one-third of the figure estimated by the Director of Public Instruction in paragraph 4 of his letter referred to, and I do not think we can fairly ask the Zemindar to make any further contribution.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government (through the Accountant-General), dated Madras, 5th August 1891, No. 9000.

✓ Adverting to reference on Current Nos. 1 and 457 of 1891, I have the honour to state that the six schools mentioned in paragraph 3 of this office letter No. 13101, dated 17th December 1890, are the same as those mentioned in my letter, No. 8574, of 16th August last. The proposals made in the latter letter were intended to be temporary and should be regarded as superseded from the beginning of this year, from which date the revised scales have been recommended to come into force. The recommendations made in letter, No. 13101, have been approved of by the Agent to the Governor, Ganjam. The proposition statement called for in G.O., dated 30th October 1890, No. 688, Educational, is herewith submitted.

ORDER—dated 20th August 1891, No. 649, Educational.

The proposals of the Director of Public Instruction made in his letter, No. 13101, dated 17th December 1890, are approved, the Zemindar of Parlákimedi contributing Rs. 512 annually towards the cost of the schools in question.

2. The proposition statements, dated 17th December 1890 and 5th August 1891, will be transferred to the Financial Department. The delay in the submission of the statement called for in G.O., dated 30th October 1890, No. 688, Educational, is not satisfactory.

G.O., dated 9th March 1891, No. 199, Educational.

ABSTRACT.—Accepting the resignation by the Revd. O. Dene of his appointment as Principal and Secretary of the Lawrence Asylum, Ootacamund.

G.O., dated 9th July 1891, Mis. No. 525, Educational (Confidential).

G.O., dated 30th July 1891, No. 586, Educational.

ABSTRACT.—Forwarding to Committee of the Lawrence Asylum, Ootacamund, letter from the Director of Public Instruction *re* nomination of a Principal in succession to the Revd. O. Dene.

READ—also the following paper :—

Minute by His Excellency the Commander-in-Chief, dated 16th July 1891.

I have not seen the reports of the “unsatisfactory administration” alluded to by my Hon’ble Colleague Mr. Stokes, nor do I know anything of any alleged incapacity or private complaints with regard to the Revd. O. Dene; but I have read the annual *official* Reports on the Lawrence Asylum, as well as the remarks in the Visitors’ Book by Governors, Commanders-in-Chief, Surgeon-General with the Government of Madras, and many others—all most laudatory. I have also carefully inspected the Asylum myself, and have come to the conclusion that, as regards the management and present state of the Asylum, the greatest credit is due to the Principal. I see by the records that the Revd. O. Dene took up his appointment in March 1874 when the liabilities of the institution were, I believe, over Rs. 17,000. Nevertheless, and in spite of the Press donations since 1884 being only Rs. 15,000 instead of Rs. 70,000, I find there is at this date a fixed deposit of Rs. 30,000, and a current balance of Rs. 28,000 in the Bank of Madras;—besides this the following works have been paid for out of school funds :—

	RS.
New hospital	15,621
Water-supply	12,350
New latrines	3,266
New drains	607
Total ..	31,844

Considerable improvements have also been made in the buildings and in planting, &c.

So that I do not think any “unsatisfactory administration” can be shown in the *financial* administration.

As regards precedents for the granting of bonuses and pensions, I find that Mr. Whitehouse, after six years' service only, received a free passage for himself and wife, Rs. 3,000.

Mr. Bliss six months' pay (instead of notice) and £150 for passage home after six years' service.

I also have ascertained that Mr. Coles, Principal of the Lawrence Asylum, Sonawar, after $20\frac{1}{4}$ years' service, received a gratuity of Rs. 3,500 besides a pension of Rs. 400 a-month.

Other members of the staff I find have as a rule received gratuities or pensions after comparatively short services.

I therefore consider that, after the long service of the Revd. O. Dene, a liberal pension should be awarded to him of at least Rs. 200 a-month.

As far as I can ascertain, with regard to the education carried out, all *official* reports of former Inspectors have been very favorable, while the industrial classes have been always highly reported on.

If a pension cannot be granted, such as I have proposed, I consider a gratuity of twice what has been proposed by the Committee would not be too much considering the length of service of Mr. Dene, and former precedents.

16th July 1891.

J. C. DORMER, Lieut.-General,
Commander-in-Chief, Madras Army.

ORDER—dated 28th August 1891, No. 679, Educational.
