Mileage for journeys by motor-car. Considered that when an officer supports a claim to — by the statement that a public interest was served by so travelling which would not have been served by a journey by rail and clearly specifies the public interest involved, no further certificate should be required from any higher authority in those cases in which a claim to travelling allowance is ordinarily passed on the signature of the officer himself and that where a travelling allowance bill requires countersignature in ordinary course, the obligations imposed upon the countersigning officer by article 1181 (a) of the Civil Service Regulations should extend to the case of journeys by motor-car.

August 1, No. 354 (Press, N.P.).

— Considered that the journeys performed by Mr. J. J. Cotton along with Mr. Ghose in the latter's motor-car from Cuddapah to Madanapalle and back in August 1907 were not made in the interests of the public service and the mileage drawn by Mr. Cotton for these journeys disallowed.
