ENCLOSURE.

Letter from the under Secretary to the Government of India, Ministry of Food and Agriculture (Department of Agriculture), New Delhi, dated 22nd August 1963, No. 9-7/63-FII.

[SUBJECT.—Protection to Peacock—The National Bird of India.]

I am directed to refer to this Ministry's letter No. F. 10-10/61 FII, dated the 31st January 1963 in which the decision of the Government of India designating the Peacock (Pavo-cristatus) as the National Bird of India was communicated to all State Governments, etc. It need not be reiterated that as the National Bird of India the Peacock deserves to be treated kindly and protected against wanton destruction. The reports received recently from various quarters however, indicate that this bird continues to be persecuted for various purposes which is clearly against the very idea of declaring it as the National Bird of India.

According to the available information the Peacock is already completely protected against shooting in almost all the States of India. It is however advisable that in such States/Union Territories where this is not the case, urgent steps in this direction should be taken. Besides wide publicity also need to be given to the declaration of this bird as the National Bird of India at district and village level through Panchayat Samitis and village panchayats and other local authorities, such other steps may also be initiated as would create awareness among the public about the necessity of preserving this bird.

Government of Madras

FOOD AND AGRICULTURE DEPARTMENT

INDEX

FOR THE FOURTH QUARTER ENDING 31st DECEMBER 1963.

PART I.
