8	15 th . August	1822 <i>From the—</i> . Submitting the Report of the 3 ^d Judge late on Circuit in the Western Division. Are of opinion that the Regulations are already sufficient to prevent Criminal Judges from committing persons for trial against whom there is no adequate evidence. Do not agree with the Circuit Judge that the Magistrates should be required to determine on the probability of ultimate conviction before sending prisoners to the Criminal Judge but think they might have a discretion to require Police Officers to send particular cases to them before they go to the Criminal Judge. The distance and other inconvenience attending the search after justice keep back many cases, but the Judges on Circuit should suggest measures for removing or diminishing that evil. Malicious charges of murder should be made punishable with transportation for life. Sentences of hard labour should be rigorously enforced. The Foujdarry Adawlut has authority to alter the orders of Jail Delivery as may be necessary. The Circuit Judge at Seringapatam most improperly has subjected prisoners to hard labour before trial, and has adopted unwarrantable proceedings towards a certain person under examination. Provision for remitting the sentences of convicts who behave in an exemplary manner might be introduced with advantage. Interference with native assemblies in regard to questions of caste was formerly suggested to Government but disapproved. Suggest the extension of certain provisions for	23 ^d . D ^o .	D ^o . 898

the apprehension of persons in cases notailable to every description of offenders. Recommending that all religious teachers in Malabar should be required to take out sunnuds of appointment. Suggest that it should be made a misdemeanour for native servants to make use of public money entrusted to their care. The incorrectness of reports furnished by the Magistrate of Malabar must be amended. Suggest that a return should be made of all offences committed but not from whatever cause brought to trial with a report on the comparative number of offences. Are of opinion that the power of sentencing to imprisonment for life should remain with the Foujdarry Adawlut—Recommend that the reference of certain cases to the Foujdarry Adawlut be dispensed with. Advert to a suggestion offered again by the Circuit Judge that persons robbed should be reimbursed from the property of the robbers. Do not concur in his suggestion that a bail bond should be taken from notorious offenders when set at liberty. Animadvert on a certain sentence of the Magistrate of Malabar on a blacksmith for repairing two muskets. Are of opinion that it might be declared a misdemeanour to make Mussulman proselytes of Hindoo infants. Are of opinion that the Government Proclamation has created no legal authority for the monopoly of timber. The Report of the Circuit Judge ought not to have been delayed till all the referable trials were sent in.
