Minute by the Honble M^r. Chamier—. Observes that as Government will not frankly and fully communicate to M^r. Maclean the precise nature of the accusations upon which he was removed from the Sudr Udalut, that Gentleman is necessarily left to search in rumours and surmises for the cause of the humiliation which he has felt and of the Stigma which attaches to his transfer to the Board of Revenue in the eyes of the Service—Does not see the smallest objection to a compliance with M^r. the high opinion he has of the Gentlemen appointed to fill the offices of the 2d. and 3d. Puisne Judges—States that his note was intended more as a suggestion than a demonstration of opposition—alludes to the high qualifications of Mr. Babington and observes that it was a question with all the Judges of the Sudr Udalut whether that Gentleman was not the most efficient Judge on the Establishment but as the Most Noble the President intimates that a reason does exist why he has not been selected, he will pass the appointments and leave the Honorable Court to question their correctness should they see fit to do so.

in their Despatch N°. 7 of 1847 dated 14th April solemnly denies having intentionally hurried on the decision of the question Submitted to Council in the two Minutes of Lord Tweeddale, dated 12th September, in order to deprive Mr Lewin of the benefit of Mr. Chamier's judgment upon it,—Trusts that under this disavowal and the explanation afforded may with confidence appeal to the justice of the Honorable Court to revoke the severe censure passed on his conduct.				
Minute by the Honble Mr. Chamier—. With reference to the 8th para. of Honorable Court's Despatch, dated 14th. Minute by the Honble Mr. Dickinson—. States that as Mr. F. M. Lewin Civil and Session Judge of Combaconum has been permitted to resign the Service, further investigation into the charges brought against him would appear to be impracticable, but that had he seen the papers submitted by the Sudr Udalut previous to Mr Lewin's resignation being accepted, he would have proposed a further enquiry, before acceding to that Measure—Records his views on the charges preferred against Mr. Lewin and on the Report of the Sudr Udalut and states that the Sudr Udalut have treated the charges in a far less serious way than they deserved —Notices the strong terms of condemnation which the Sudr Udalut have applied to Tumbisawmy Moodelly and his Brother Dorasawmy, and states that he cannot allow himself to form any judgment unfavorable to either of these persons until they have been duly heard in their defence and afterwards shall appear to be guilty, nor can he join in pronouncing their charges against Mr. Lewin to be frivolous and malicious until upon full investigation they shall be shewn to be so.	10th July 1847.	10	10th August 1847. Minute by the Honorable Mr. Chamier—. Considers it unusual to found changes of System and to grant increased Judicial Powers upon Memoranda from Subordinate Officers without a report from their immediate local Superiors, and that in the present case an explanation from the local Superior Officers is indispensable —Does not concur in the opinion that Ootacamund is essentially a Military Cantonment, and hopes that the provisions of Regulation VII of 1832 will not be applied to that Station, until it is explained why the Same System which under Captain Gunning was declared by Government to have been "entirely successful" should now require the extraordinary addition of Civil, Criminal and Military powers proposed to be conferred on Captain Grant. Considers the proposed arrangement highly objectionable and refers to the marked aversion of the Government of India to make the Neilgherries a Special jurisdiction.	22d October 1846.	5 21st September 1847.	N°. 29, 27th November 1848.	3993
Minute by the Honorable Mr. Dickinson—. Does not think that a Report on the necessity for a change of System in the administration of Justice on the Hills is necessary, as it is palpable that a change is necessary. Concurs in the opinion that Ootacamund is more a Civil Station than a Military Cantonment, and is of opinion that the provisions of Regulation VII of 1832 could not be legally exercised at any Station where there were no Troops— Thinks that if the Officer who might be appointed to the Hills were vested with the powers of Assistant Judge in addition to those of Joint Magistrate, no further complaints would be made by the inhabitants of the Hills, and suggests that measures be adopted for establishing an Auxiliary Court at Ootacamund.	28th October 1846.	.. 6 D°. observes that Mr. Smollett shews in the most convincing way that the Hill Tracts of Golgondah are in a state of open insurrection, that further proof cannot be necessary, that Government should place full confidence in his Reports and determine to support him, and that the Military should render more efficient service than they have hitherto done.
