Reports from all the Collectors.

Resolution—No. 27, Press, dated 24th July 1951.

The balance of stamp duty awarded to Government in pauper suits outstanding on the 30th September 1950 is given in Appendix 'A' to these proceedings. A sum of Rs. 1,04,084-0-1 which is 8.79 per cent of the total demand of Rs. 11,83,178-2-2 is reported to be irrecoverable. Of this, a sum of Rs. 19,747-7-0 represents items exceeding Rs. 1,000 written off under the orders of the Board. The balance of Rs. 84,336-9-1 consists of items less than Rs. 1,000 each. It is presumed that the Collectors have written off the amounts under the powers delegated to them in G.O. No. 2835, Revenue, dated 28th December 1942, communicated with B.P. No. 53-M, Press, dated 18th January 1943, and in G.O. Ms. No. 4591, Home, dated 13th December 1948. If the amounts have not been already written off, the Collectors concerned should take prompt action to dispose of the pending cases soon.

2. Appendix 'D' gives the details of the total recoverable balance of Rs. 9,38,521-3-9 outstanding at the end of the half-year. The collection of Rs. 5,05,238-3-6 which is 53.83 per cent of the total recoverable balance

was either pending enquiry or under correspondence. The percentage under this head exceeds the percentage for the State as a whole in the districts of Visakhapatnam, Guntur, Cuddapah, Kurnool, Bellary, Chingleput, Chittoor, North Arcot, Madras, Tanjore, Tiruchirappalli, Tirunelveli and Salem. It is presumed that the Collectors of the districts have taken steps subsequently to reduce the balance under this head.

3. Particulars for each district showing the years to which the recoverable balances relate are given in Appendix 'C' to these proceedings. Balances for the years preceding 1940-41 still continue in the districts of Srikakulam, East Godavari, Krishna, Guntur, Bellary, Tiruchirappalli, Madurai, Coimbatore and Malabar. The arrears are over ten years old. The Collectors of the districts concerned are requested to have the balances reduced or written off if there are no chances of recovery.

4. The percentage of the total collection to the total demand has fallen from 14.85 to 11.88 in the half-year under review. It is hoped that Collectors will show better progress in the next half-year.

SRI W. R. S. SATHIANATHAN, I.C.S.,
Commissioner of Land Revenue.

I

Letter from Sri T. S. SUBRAHMANYA AYYAR, Accountant-General, Madras, to the Secretary to the Government of Madras, Finance Department (through the Secretary to the Commissioner of Land Revenue and Commercial Taxes, Board of Revenue, Madras), dated 22nd June 1951, No. T.M. 4-1/51-52/255.

[Annual Report on the working of treasuries in the Madras State during the year 1950-51.]

With reference to G.O. Nos. 749, 63 and 139, and Memorandum No. 18611 (6), dated the 5th September 1922, 28th January 1931, 24th February 1931 and 12th November 1932 respectively, I have to submit the following report on the working of the treasuries in the Madras State during the year 1950-51 :—

I. (1) *Delays in the submission of Treasury Accounts.*—The chronic and inordinate delays in the submission of treasury accounts to this office reported in the previous years continued to persist during the year 1950-51. Statement No. I enclosed shows, in respect of each treasury, the due date for the receipt of the accounts in this office, and the dates between which the main and subsidiary accounts were actually received during the period under review. It will be seen therefrom, that generally the delay ranged from 4 to 19 days. In several cases the main accounts were received in the first instance, and the subsidiary accounts were received piecemeal after considerable delay after telegrams were issued asking their despatch to be expedited. The delay in the submission of the accounts naturally hampered the progress of compilation and consolidation of accounts in this office as also the conduct of efficient audit. The piecemeal submission of the various subsidiary accounts and supporting schedules, vouchers and other documents long after the due date persisted rendering it difficult for this office to adhere to the due dates prescribed for the submission of returns, advices, etc., due to Government departments, the Reserve Bank of India and the Accounts Officers of other Audit Circles.

(2) *Defects in the preparation of accounts*—(a) *Non-submission or belated submission of Appendices to Treasury Accounts, alteration memos. and other account particulars.*—The sub-accounts prepared by the treasuries were defective in a large number of cases. Supporting schedules and other documents such as provident fund and postal life insurance schedules, alteration memoranda, appendices, etc., were not furnished with the relative sub-accounts. In the Anantapur district, for instance, non-receipt of alteration memos. carried out in the accounts was a regular feature. In the South Arcot district some of the appendices to the main Treasury Account were received only after the issue of telegrams and demi-official letters. Appendix F, statement reconciling the debit in the main Treasury Account with that shown in the lists of payments is still due from the Krishna district for number of months. The plus and minus memoranda of transactions on account of loans and advances forming Appendix G to S.A. No. 27-A were neither filled in, nor sent separately by a number of treasuries. The treasuries of Madurai, Ramanathapuram and Salem delayed the submission of Appendix F relating to the Union Main accounts every month. Appendix DD (Recovery statement in respect of conveyance advance) was not sent by some treasuries in a complete shape, with full details, viz., the month and place of original advance, etc. Such omissions resulted in increase of correspondence with the Treasury Officers. Most of the appendices were not sent along with the Union Main accounts of Guntur district for several months despite repeated instructions. Arithmetical errors leading to discrepancies between the totals of the appendices, and the grand totals shown in the main treasury account were noticeable in a large number of cases.

In some cases the details under the major heads shown in the sub-accounts did not work up to the grand totals shown in the main treasury account. As the compilation and consolidation of the monthly accounts could not be delayed till the discrepancies were finally settled by correspondence with the Treasury Officers, the differences in the totals had to be booked provisionally under some head of account or other pending further scrutiny on receipt of full particulars from the Treasury Officers. This provisional booking of figures naturally resulted in avoidable delays and confusion in the completion of subsidiary accounts like Provident Fund Accounts, Objection Book Advances, Loans Broadsheets, etc.

In connexion with the reconciliation of figures brought to account under Reserve Bank of India Remittances with the amount adjusted by the Bank the Treasuries were required to attach to their monthly accounts detailed statements of drawings and encashments, effected in the several sub-treasuries of the district agreeing the totals thereof with the debits and credits appearing in the treasury sub-account No. 27-A. These statements were not received with the treasury accounts in several cases. They are still due from Nellore Treasury for April, June, July and September 1950 and January 1951.

(b) *Misclassifications.*—Misclassifications in the Treasury Accounts were far too numerous. In spite of reconciliation by the departmental authorities, adequate action was not taken for the prompt rectification of the erroneous classification in accounts. In the treasury accounts of Coimbatore district for March 1950, e.g., numerous misclassifications and irregular adjustments of figures in sub-accounts Nos. 6, 10 and 17 were noticed. A test audit accountant was deputed to examine the initial accounts of the treasury in January 1951, and his report revealed that these irregularities were committed by a junior clerk so as to secure agreement of figures. Had the checks prescribed in the code rules been exercised by the supervising officers, the irregularities could have been detected and set right before the accounts were completed. Mistakes and omissions in the preparation of sub-account No. 20 were noticed in Guntur district throughout the year and particularly in the account for February 1951. In the South Arcot district the salt payments adjustable by the Deputy Accountant-General, Industries and Supplies, Bombay, were in spite of repeated instructions persistently shown in S.A. No. 28-A instead of in S.A. No. 28-B for a number of months. In the Anantapur Treasury Sub-account No. 21 for December 1950, three sums of Rs. 415-11-7, Rs. 4,623-6-10 and Rs. 2,441-10-3, which had been originally debited to the head "54-A. Famine Relief" in the accounts of April 1950, May 1950 and July 1950 respectively were transferred to the head "50. Civil Works—g. Grants-in-aid" by means of alteration memoranda. An examination of the vouchers in support of the original debit "54-A. Famine Relief", revealed that the amounts were paid to private parties towards compensation for lands acquired for the Anantapur District Board and the amounts were therefore, correctly debitable to the "Anantapur District Board Funds" in S.A. No. 27-A. At the instance of this office the expenditure was transferred to the Anantapur District Board in the accounts for March 1951.

Owing to wrong classifications of debits, large amounts had to be unnecessarily kept under objection for want of vouchers under a particular sub-account in which the debits appeared, while in fact vouchers might have been received with the sub-accounts to which the debits actually relate.

(c) *Other defects.*—Sometimes the first lists of payments were shown as nil and vouchers paid between the 25th of the previous month and 10th of the month concerned were included by treasuries in the second list of payments. This defect was commonly noticed in Guntur Treasury accounts. Some of the vouchers sent along with the list of payments were not shown in the list and consequently the totals of the list of payments did not include the amount of these vouchers. A memoranda reconciling the figures as per the list of payments with those of the Treasury Account did not usually accompany the account.

In the Guntur and Visakhapatnam districts there were several discrepancies between the amounts of cheques debited in the accounts and figures shown in the schedules containing cheque-wise particulars.

In a majority of cases details in support of the credits under certain heads such as "Miscellaneous receipts", "Recoveries of overpayments", or "Collection of payments for services rendered," etc., were not furnished in the Treasury Account in spite of clear instructions in the footnotes of the relative Treasury accounts. The abstracts showing the details of vouchers working up to the Treasury Account figures under several heads of account were also omitted to be furnished. In a few cases heads of accounts were opened in manuscript without authority therefor.

(3) *Delays in the submission of other documents—(a) List of payments, paid vouchers, cheques and schedules.*—Inordinate delays were noticed in the submission of paid vouchers in most of the treasuries. In the case of some of the treasuries the vouchers were received only after the issue of telegraphic reminders. The Income-tax Deposit (refund) vouchers of Coimbatore and Madurai districts were not sent regularly resulting in large outstandings in the Objection Books of this office. There had been persistent failure and delay in sending lists of payments pertaining to the Union Main Account in the Coimbatore and South Kanara treasuries. Such belated submission or non-submission of vouchers resulted in heavy accumulation of outstandings under the Debt and Remittance heads of account. The defect was noticed to a large extent in the Madurai treasury and there was no appreciable improvement in spite of special reports made to the Board of Revenue. Cases of reports of loss of vouchers in transit from a sub-treasury to a treasury and of submission of certificates of payments in lieu of original vouchers still continue to exist.

Delays over a month were noticed in the receipt of the schedule of settlement with treasuries.

The Registrars of the Madras and the Andhra Universities brought to notice inordinate delays on the part of the Treasury Officers, Visakhapatnam and Kurnool in furnishing the schedules and other documents in support of the transactions under the respective University Fee funds and in rectifying misclassifications pointed out by them. This was already brought to the notice of Government and in spite of the fact that they issued a directive to the Collectors concerned to issue the necessary instructions to the Treasury Officers, there was no improvement. Consequently there was delay in the reconciliation of figures and the universities were not able to furnish certificates of acceptance of the balances under the fund.

(b) *Statements of stamps.*—Frequent lapses on the part of the treasuries in the submission of the statements of sale of stamps (ordinary, service, airmail, Defence Savings, etc.) on the prescribed due dates has been brought to the notice of Government by this office—vide item 7 (b) of this office note printed as enclosure to the Government Memorandum No. 11938, Exp. A. 1. (Finance), dated 3rd March 1950. Statements indicating the state of affairs during 1950–51 are enclosed. (Vide statements V. A, B and C). It will be seen therefrom that there has not been any improvements in this regard.

(c) *Audit objection—Memos. and this office references.*—The objection statements issued to the treasuries which are required to be returned with replies within a fortnight of their receipt were not received back with replies some times even after three months. The Visakhapatnam district is one of the worst defaulters in this respect. The delay was also brought to the notice of the Board of Revenue. References which are to be returned within a reasonable time with replies were invariably retained in the Guntur, Madurai and Ramanathapuram treasuries and replies from them had to be elicited only by issue of demi-official letters and in certain cases by furnishing at their request copies of this office references.

(4) In addition to the defects mentioned above, the following cases of overpayments and irregular claims were noticed :—

(i) Five instances of overpayments of Burma pensions were detected at the time of inspection of Anakapalle sub-treasury in the Visakhapatnam district.

(ii) In the following two instances toll compensations to local bodies were paid in excess of the amount admissible. Madurai treasury Rs. 300 and Visakhapatnam treasury Rs. 836-8-0. Out of this overpayment of Rs. 1,136-8-0 a sum of Rs. 836-8-0 was reported to have been recovered.

(iii) The Principal, Andhra Medical College, Visakhapatnam, preferred a second claim in respect of two interest payment orders after nearly two years of their actual encashment on the ground that the originals were not cashed. The Treasury Officer, Visakhapatnam, also furnished a certificate of non-payment apparently relying on the report of the drawing officer without verification of his records. A detailed examination of the question revealed that the treasury records were not properly maintained as required by the rules.

(iv) A grant of Rs. 3,260 was sanctioned to the Salem District Board in G.O. No. 1548, L.A., dated 1st August 1950, and authorized by this office for payment. Against this sanction, the Treasury Officer, Salem, paid a sum of Rs. 3,346 to the local body resulting in an excess payment of Rs. 86. It was further noticed that a sum of Rs. 1,660 paid to the District Board, Salem, in voucher 92-B of December 1950 was not

covered either by sanction of the Government or any authorization of this office. At the instance of this office, the irregular payments were recovered. If the *Grant Register* had been maintained properly by the treasury the irregularity would not have occurred.

(v) With reference to instruction 8(b) under T.R. 16 of Madras Treasury Code, Volume I, service postage stamps could be issued by the sub-treasury officer, Hospet, to the Public Works Department Officers in the Headworks Circle, Tungabhadra Project, only on presentation of a cheque (with a stamp indent) issued by the Audit Officer, Tungabhadra Project, Bellary, in his favour. In contravention of this procedure, the Sub-Treasury Officer, Hospet, issued in December 1950, service postage stamps, worth Rs. 50, to the Sub-Divisional Officer, Mechanical, Damsite, on a contingent bill presented by him, thus treating him on a par with non-project officers.

II. (a) *Treasury irregularities*.—Treasury irregularities of the various kinds marked during the year under review are shown in Statement No. II. Forty treasury irregularities were awarded during the year under review, as against 17 in the previous year. Of this 10 related to payment, without proper authorization of this office, one to non-submission of appendices etc., 9 to incorrect preparation of accounts, 4 to payments without proper sanction and 16 to other errors.

(b) *Irregularities in remittance and Public Debt Work*.—Statement No. III indicates the irregularities generally committed by chest officers in charge of currency chests in the Madras State, during 1950-51. Government have issued instructions to Collectors in the matter in G.O. Ms. No. 511, Finance, dated 2nd May 1951.

A consolidated list of the serious irregularities noticed by the Public Debt Office, Madras, in the course of conducting Public Debt Work in the several treasuries of the State is appended as Statement No. IV.

III. *Inspection of treasuries*.—The following fifteen treasuries were inspected during the year:—(1) South Arcot, (2) North Arcot, (3) Guntur, (4) Coimbatore, (5) Tanjore, (6) Salem, (7) Anantapur, (8) Chingleput, (9) Nellore, (10) Malabar, (11) Tirunelveli, (12) West Godavari, (13) Madurai, (14) Visakhapatnam and (15) East Godavari. The results of the inspection were communicated to the Collectors of the districts concerned. Delays in the disposal of the inspection reports persisted during the year under report also. A consolidated list of treasury inspection reports which were issued prior to 1st January 1950 and for which final replies had not been received, was furnished to the Board of Revenue in this office letter No. T. M. 4-12/50-51/123, dated 22nd February 1951. The Board has issued necessary instructions to the Collectors concerned and called for detailed reports in the matter with reference to the orders issued in Government Memo. 80349 A/50-2, dated 13th January 1951.

IV. *General*.—(a) Numerous instances of preparation and presentation of bills either in manuscript forms or in obsolete forms came to notice. Several audit objections and correspondence could have been avoided if the treasuries had insisted on the use of prescribed printed forms.

(b) Failure to indicate distinctly on vouchers and lists of payments the number of sub-account, the number and kind of voucher and the name of the treasury or sub treasury was also a common feature.

(c) The defective working of the treasuries pointed out above during the period under review and in the previous years naturally reflected itself in the accounts compiled by this office resulting in large discrepancies between broadsheet and ledger balances and huge outstandings under remittances. With a view to remedy the state of affairs to the extent possible some experienced auditors of this office were deputed to the treasuries to look into the original initial records of the treasury and furnish the required particulars. In several cases it was brought to the notice of this office that the initial records in the treasuries were not readily forthcoming to enable the auditors to obtain the required particulars.

V. *Conclusion*.—From what has been stated in the foregoing paragraphs, it will be apparent that the standard of efficiency maintained by the treasuries is far from satisfactory. Although it is now over five years since the war ended, the working conditions in the treasuries have not regained anything like their normal state. On the other hand, there has been a steady deterioration in the quality of work turned out in the treasuries as will be evidenced by the numerous irregularities reported from year to year. So much so, the Comptroller and Auditor-General was compelled recently to draw the attention of all State Governments to the need for special and urgent action to improve the efficiency in the treasuries—vide Comptroller and Auditor-General's D.O. No. 315/PSA, dated 5th October 1949—to Sri T. N. S. Raghavan. It is realized that the State

Government has from time to time issued special orders emphasising the need for remedying the various defects pointed out in audit, but it will be conceded that these orders have hitherto failed to achieve the desired results. Having regard to the importance of ensuring the efficiency of the treasuries, which are responsible for the initial compilation of the accounts, it is suggested that early and effective action should be taken to investigate the causes of the low efficiency of the treasuries and take appropriate steps to remedy the defects. As far as can be seen, the principal causes for the defective working of the treasuries would appear to be inadequacy of the staff available to cope with the work and their efficiency being not up to the mark. It is, therefore, suggested that appropriate steps may be taken to provide adequate staff of the requisite quality. In this connexion, a reference is invited to correspondence resting with my letter No. T. M. 11-10/48, dated 30th May 1951.

Sub-Treasury Officer, MS 039965/66 Nandyal.		3 per cent Victory Loan, 1957.	1,000 each.	Excess payment.—While paying interest on these Government Promissory Notes on 21st May 1947 the Sub-Treasury Officer, Nandyal, paid interest for six half-years instead of for five half-years (2nd to 6th half-years). The same was pointed out and the amount paid in excess was recovered by the Sub-Treasury Officer, Nandyal, and credited to Government in chalan No. 651, dated 18th March 1950 as per letter No. L. Dis. 1145/-0, dated 5th April 1950, from Treasury Officer, Kurnool.
Treasury Officer, MS 000266/274 Nellore.		3 per cent Loan, 1953. (aggregate). 55.	6,000	Short deduction of income-tax.—While posting the voucher No. 8/7-49, dated 2nd August 1949, relating to payment of interest on these notes for the half-year ended 14th July 1949 it was observed that the income-tax deducted on the gross amount of interest paid fell short by Re. 0-10-0. The same was pointed out and the amount recovered and credited to Government account on 7th March 1950 as per letter No. L. Dis. 959/50, dated 17th March 1950, received at this office on 12th April 1950 from the Treasury Officer, Nellore.

Sub-Treasury Officer, MS 067086 Arni (North Arcot).		3 per cent Loan, 1953-55.	500	<i>Partial payment of interest.</i> —While paying interest on this G. P. Note on 11th December 1947 the Sub-Treasury Officer, Arni, paid interest for seven half-years while interest was due for eight half-years on that date thereby making partial payment of interest in contravention of paragraph 42 (b) (ii) of Government Securities Manual. A clean non-payment certificate in respect of interest for the first half-year ended 14th January 1944 was obtained from the Sub-Treasury Officer, Arni, countersigned by Treasury Officer, North Arcot, and the payment of outstanding interest effected on 5th April 1950 by I/W No. 171, dated 29th March 1950.
Treasury Officer, MS 007995 Madurai.		3 per cent F.D. Loan, 1970-75.	500	<i>Wrong classification of debit—Giving wrong loan head.</i> —The G.P. Note in question was classified as 3 per cent M.L. 1952 by the Treasury Officer and consequently the debit was raised to Provincial Government. While auditing it was found out that the G. P. note related to 3 per cent F. D. Loan 1970-75. The defects were pointed out. The Treasury Officer, Tanjore, has since rectified the mistake by proposing an alteration memorandum and the loan head was also changed—vide letter No. 1043-A-50-D-22, dated 6th April 1950.
Sub-Treasury Officer, MS 015602 Uthamapalayam (Madurai). 015601 015600		3 per cent Victory Loan 1957.	5,000 1,000 500	<i>Short deduction of income-tax.</i> —It was observed while auditing the voucher relating to payment of interest on these G.P. Notes for the half-year ended 28th February 1949, that the Sub-Treasury Officer has deducted income-tax short by Rs. 3. It was pointed out and the amount was recovered and credited to Government account in chalan No. 275, dated 8th February 1950—vide letter No. L. Dis. 306-A-50-D-22, dated 6th April 1950, from the Treasury Officer, Madurai.
Treasury Officer, MS 011558 Chittoor.		3 per cent F.D. Loan, 1970-75.	500	<i>Unauthorized and excess payment of interest.</i> —While auditing the paid interest vouchers for November 1949, it was found that the Treasury Officer, Chittoor, has paid interest for two full half-years (8th and 9th half-years) ended 14th April 1949 and 14th October 1949. The G.P. Note in question was issued by this office on 1st January 1949 bearing interest from 1st January 1949 and was encased for payment of interest at Madras. By effecting this payment the Treasury Officer has not only made an unauthorized payment but also paid interest in excess, i.e., instead of paying interest for the broken period of 3 months and 14 days (from 1st January 1949 to 14th April 1949) of the 8th half-year he paid interest for the full half-year. The defect was pointed out. The Treasury Officer called for the note and sent the same to us for re-encasement. After recovery and credit to Government Account of the excess amount paid (vide Treasury Officer's letter No. F-4-1156/50, dated the 19th April 1950, in chalan No. 885, dated 17th April 1950), the note was re-encased to Chittoor and sent to the Treasury Officer with the relative payable advice—vide our letter No. PDO/Audit-9/188-50, dated the 27th April 1950.
Sub-Treasury Officer, MS 003534 Srivilliputtur.		3 per cent Victory Loan, 1957.	1,000	<i>Partial payment of interest.</i> —While auditing the interest paid vouchers of the 11th half-year it was found out that interest for the 1st half-year ended 31st August 1944 was not paid thereby effecting partial payment of interest. The same was pointed out to the Sub-Treasury Officer through the Treasury Officer, Ramanathapuram, and the interest for the 1st half-year ended 31st August 1944 was paid on 21st April 1950 as per letter No. L. Dis. 2329/49, dated the 25th April 1950, from the Treasury Officer, Ramanathapuram.

The same was pointed out and the sum of Rs. 10-5-0 being income-tax due was recovered and credited to Government account in chalan No. 218, dated 9th February 1950 (vide letter No. L. Dis. 4715/49-Accts., dated the 8th May 1950, from the Treasury Officer, Bellary).

The defect was pointed out and the excess amount paid was recovered and credited to Government account in chalan No. 783, dated the 20th February 1950, as per letter No. L. Dis. 3735/50, dated the 12th May 1950, from the Treasury Officer, Tanjore.
Sub-Treasury Officer, MS 016409 Arkonam.		3 per cent Victory Loan, 1957.	1,000	<i>Short deduction of income-tax.</i> —While paying interest for four half-years ended 28th February 1949 on 13th June 1949 on this G.P. Note the Sub-Treasury Officer deducted Rs. 3-5-0 instead of Rs. 18-12-0 as income-tax on the gross amount of interest, viz., Rs. 60. The discrepancy was pointed out and a sum of Rs. 15-7-0 being the short fall recovered and credited to Government account in chalan No. 1156, dated 11th May 1950—vide letter No. L. 3760/50, dated 17th May 1950, from the Treasury Officer, North Arcot.

The discrepancy was pointed out and the excess amount of interest paid was recovered and credited to Government account in chalan No. 91, dated 1st May 1950, as per letter No. L. Dis. 232/50.D-21, dated the 26th June 1950, of the Treasury Officer, Anantapur.
Sub-Treasury Officer, MS 021381 Srivilliputtur.		3 per cent Second Victory Loan, 1959-61.	100	<i>Partial payment of interest.</i> —While posting the paid interest voucher No. 13/9-49 (D. 1868), it was observed that interest payment for the 2nd half-year ended 14th February 1946 remained unpaid. The discrepancy was brought to the notice of the Sub-Treasury Officer, Srivilliputtur, through the Treasury Officer, Ramanathapuram. The outstanding interest was paid by the Sub-Treasury Officer on 16th May 1950—vide letter No. L. Dis. 5332/49, dated 19th May 1950, from the Treasury Officer, Ramanathapuram at Madurai.

The irregularity was pointed out and the excess payment recovered as per letter No. Vr. 6/1-50/H-6, dated the 25th May 1950, from the Treasury Officer, Coimbatore.
Sub-Treasury Officer, MS 012089 Virudunagar.		3 per cent F.D. Loan, 1970-75.	500	<i>Excess payment of interest consequent on not adhering to the half-years noted on the G.P. Note.</i> —The G.P. note belongs to the issue of compensating Reserve Bank of India shares bearing interest from 1st January 1949. When the note was presented for payment of interest on 13th February 1950 the Sub-Treasury Officer paid interest for one year from 1st January to 31st December 1949 instead of paying interest for the period 1st January to 14th October 1949 (broken period in 8th half-year and 9th half-year in full). The discrepancy was pointed out and the excess amount of interest for the period 15th October to 31st December 1949 paid before the due date was ordered to be recovered. The amount was recovered and credited to Government account in chalan No. 865, dated the 23rd June 1950, as per letter No. L. Sub-Treasury Officer, MS 108621 Palmaner.	3	per cent Loan, 1953-55.	100	<i>Irregular marking of payment of interest warrant No. 486, dated 22nd October 1948, on antecedent note on current note.</i> —While posting the schedule prepared by Interest section for 12th and 13th half-years on this Government Promissory note which was presented for renewal, it was observed that no interest was paid for 11th half-year ended 14th January 1948 as per Interest Check Register. On a reference to the Sub Treasury Officer, Palmaner, through the Treasury Officer, Chittoor, it was found that the Sub-Treasury Officer has marked wrongly the payment of interest for ten half-years passed in interest warrant No. 486, dated 22nd October 1948, on the antecedent note No. MS 091424 on the new note. A certificate of non-payment of interest for the 11th half-year was obtained together with the name and address of the party who claimed interest on 21st March 1949, viz., Mr. Kolli Rangiah Naidu. The arrear interest was thereafter paid by the issue of an interest warrant No. 580, dated 30th June 1950, for Re. 1-4-0 and was sent to the Treasury Officer, Chittoor, for delivery to the party. It was delivered by the Treasury Officer and an acknowledgment therefor obtained—vide letter L. Dis. No. 3052/49, dated 7th August 1950, from the Treasury Officer, Chittoor.

The note was sent back to the Sub-Treasury Officer concerned through the Treasury Officer, Guntur, and the arrear interest for the first half year ended 14th January 1944 was paid by him on 23rd August 1950—vide letter L. The irregularity was brought to the notice of the Treasury Officer, who under our instructions, has now recovered a sum of Rs. 103-2-0 being the amount paid to the United Commercial Bank, Limited, and credited the same to Government in terms of letter No. 2676-A/50-D-22, dated the 9th August 1950, from the Treasury Officer, Madurai. Treasury Officer, Tirunelveli.	MS 006514	3 per cent, Loan, 1949-52.	1,300	<i>Excess payment of interest.</i> —Although the 3 per cent Loan, 1949-52 was notified for re-payment as from 1st August 1949 and ceased to bear interest from that date, the Treasury Officer, Tirunelveli, paid interest for four half-years ended 31st January 1950 while interest for only three half-years ended 31st July 1949 is payable on the Government promissory note in question. The irregularity was pointed out to the Treasury Officer and the excess amount paid was recovered and credited to Government account in chalan No. 1254, dated the 25th August 1950, as per letter No. F. 9-2272/50, dated the 9th September 1950, from the Treasury Officer, Tirunelveli.
Sub-Treasury Officer, Erode.	CA 037804/806 (since re-numbered as MS 014668/70).	3 per cent, F.D. Loan, 1970-75.	500 each.	<i>Unauthorized and excess payment of interest.</i> —From a letter No. Vr. 18-1921-12/49, dated the 13th December 1949, from the Treasury Officer, Coimbatore, it was observed that the Sub-Treasury Officer, Erode, had paid interest for two full half-years ended 14th October 1949 on the 15th December 1949 even though the notes were of Calcutta Public Debt Office, domicile and they were not enfaced for payment of interest at his sub-treasury. The mistake was pointed out and this wrong payment was passed as a special case and our Calcutta office was advised accordingly.

On 26th May 1950 a letter from the Public Debt Office, Calcutta, was received (No. PDO/A/5726/2458/50, dated 24th May 1950) stating that these Government promissory notes bear interest from 1st January 1949 and hence the Sub-Treasury Officer has paid interest in excess of the amount payable actually. The excess amount paid to be recovered comes to Rs. 9-8-0. This was advised to the Treasury Officer on 31st May 1950 and the excess amount was recovered and credited in full on 2nd September 1950 as per letter No. 33/Spl. H. 6/50, dated the 14th September 1950, from the Treasury Officer, Coimbatore. The fact of recovery was advised to Calcutta Office in our letter No. PDO/Accts./18-309/50, dated the 20th September 1950.

In voucher No. 8 of July 1948 (D. 8844/7-48) the Sub-Treasury Officer, Narasapur, made excess payment of interest for the period 16th September 1946 to 29th June 1948. In the meantime, the same Sub-Treasury Officer has paid further interest on this Government Promissory Note for one more half-year ended 29th June 1949 in voucher No. 10/8-49, dated 2nd August 1949. Resolution—No. 28, Press, dated 31st July 1951.

1. The Board submits to the Government the Accountant-General's review of working of treasuries in 1950-51. The Board submits the following remarks on the review.

2. Only seven treasuries are usually inspected by the Accountant-General's, Outside Audit Department. But in the year 1950-51 under review, 15 treasuries have been inspected as proposed by him last year on 'account of deteriorating conditions'.

3. Of the several defects pointed out in the Accountant General's report those relating to particular treasuries are listed in Annexure A to this proceeding and the defects common to treasuries generally are briefly noted below :—

Part I—(1) Punctuality.—Delays in despatch of monthly treasury accounts continued.

(2) *Defects in preparation of accounts.*—(a) (i) Sub-accounts were incomplete for want of supporting schedules and documents.

(ii) Plus and minus memoranda to S.A. 27 (Loans and Advances) were neither filled in nor sent separately.

(iii) Months and place of original advance were not noted in Appendix D.D. (statement of recovery of conveyance advances).

(iv) Arithmetical errors.

(v) Details under major heads in sub-accounts did not work up to grand totals in main accounts. This has caused delays and confusion in compilation of accounts in Accountant-General's office.

(vi) Details of drawings and encashment in sub-treasuries agreeing with treasury S. A. 27 were not furnished to facilitate reconciliation of Reserve Bank remittance figures.

(b) Misclassifications were far too numerous. This is due to want of adequate checking by supervising officers.

(c) A memorandum reconciling figures as per list of payments with those of treasury accounts did not usually accompany the accounts.

(3) (a) Delay in despatch of vouchers and cheques.

(b) Frequent lapses in the despatch of statement of sales of stamps.

(c) Delay in replying to audit objections.

Main points in other parts of the Accountant-General's review are briefly noted below.

Part II—(a) Treasury Irregularities awarded by the Accountant-General.—Forty treasury irregularities have been awarded in the year under review as against 17 last year. Visakhapatnam district treasury is the worst, getting 7. Madurai and Ramnathapuram got 4 each, North Arcot and Anantapur 3 each.

A statement showing the treasury irregularities awarded in the last four years is enclosed in Annexure B to this proceeding. Cuddapah treasury is the only one treasury which has not committed any treasury irregularities in the last four consecutive years.

(b) *Irregularities in currency chest transactions.*—Necessary instructions in this regard have been issued to the Collectors in G.O. Ms. No. 511, Finance, dated 2nd May 1951.

(c) *Irregularities in Public Department transactions.*—There are cases of over-payment and under-payment of interest on Government promissory notes and non-deduction of income-tax. These relate mostly to sub-treasuries.

Part IV—Defects necessitating objection memoranda which could be easily avoided.—(a) use of manuscript and obsolete forms,

(b) failure to indicate on vouchers and list of payments (i) sub-account number, (ii) kind of voucher and (iii) name of treasury or sub-treasury; and

(c) initial records in treasuries were not readily forthcoming to enable local auditors to obtain the required particulars.

Part V—Concluding remarks.—The Accountant-General observes that the standard of efficiency has gone down and that the Auditor-General was compelled to draw the attention of all State Governments to this. The causes for this, in Accountant-General's opinion, seem to be inadequacy of staff available to cope with the work and their efficiency not being up to the mark.

4. As regards the various defects pointed out by the Accountant-General in the working of the treasuries the Board submits to the Government that strict instructions are being issued to the Collectors to take all steps to ensure that such defects do not recur.

5. Regarding the Accountant-General's reference to the inadequacy of staff and their efficiency the Board submits that the Government have been, on Board's recommendation, sanctioning temporary additional staff every half-year to cope with the increase of work in treasuries and sub-treasuries. In addition to this, further additional staff have been either sanctioned or have been recommended for sanction, in the following cases :—

(i) *Visakhapatnam treasury*.—To clear off arrears of objection memos., one second accountant, three upper division and two lower division accountants for six months have been sanctioned in G.O. Ms. No. 1860, Revenue dated 18th July 1951.

To clear off arrears in reconciling grain accounts from 1948, one second accountant and one lower division accountant for six months have been sanctioned in G.O. Ms. No. 1831, Revenue, dated 16th July 1951.

(ii) *Ramanathapuram treasury*.—Five lower division accountants, in addition to the other temporary staff, sanctioned every half-year, have been sanctioned from May 1951 to end of September 1951 in G.O. Ms. No. 907, Revenue, dated 12th April 1951.

The sanction of two more lower division accountants for two months to reconcile "Viceroy's War Purposes Fund"-accounts has been recommended to the Government recently in Board's Reference No. C-1-8592/51, dated 28th July 1951.

(iii) *Madurai treasury*.—The Board has recommended in its Reference No. C1-2593/50, dated 24th May 1951, to the Government the appointment of one Assistant Treasury Officer for six months as an experimental measure. The Collector of Madurai has been asked to send up proposals to appoint eight more lower division accountants in the district treasury as it is found to be understaffed. His proposals are awaited.

The Board is further examining the need to change the criterion hitherto adopted by it for fixing the strength of the staff in treasuries and sub-treasuries. It is paying anxious attention to improving the standard of efficiency in treasuries. Recently the Board has decided upon several remedial measures, viz.—

(a) In B.P. Rt. No. 3883, dated 7th June 1951, the Board has recommended the training of two persons from each district treasury for a few months in accounts works in Accountant-General's office.

(b) In B.P. Mis. No. 836, dated 12th July 1951, the Board has ordered the transfer of non-accounts work from treasury sections to correspondence branch in Collectors' offices.

(c) The Board has also directed in that B.P. that the Tahsildars should put an end to the practice of getting revenue work done by the Taluk Head Accountants.

(d) The Board has in the same B.P. recommended to the Government for sanction a scheme for effective supervision of accountants by forming new sections of five lower division accountants each under one section head each and granting supervision allowance of Rs. 5 per mensem to upper division accountants in charge of new sections.

(e) The Board is considering the formation of separate upper division accountants cadre by prescribing Account Test qualification alone and dispensing with the present qualification of Revenue Test and one year Revenue Inspector's training so as to minimise the chance of treasury staff looking for the administrative side for promotion.

(f) The Board has directed recently in B.P. No. 3942, dated 11th June 1951, that only experienced hands should be posted in treasury sections. Transfers if necessary should not be made without consulting the Treasury Deputy Collectors.

(g) Suitable amendments to the questionnaire for the inspection of treasuries and sub-treasuries to check the systematic despatch of vouchers to the Accountant-General have been recently submitted in B.P. Mis. No. 690, dated 9th June 1951, to Government for approval.

(h) The Board itself is watching from this month onwards the systematic despatch of vouchers to the Accountant-General by means of a new monthly review periodical which is due from all Collectors.

(i) The Board has in its Reference No. C-1-6069/51, dated 7th July 1951, instructed the Collectors to submit along with their annual notes of inspection of district treasuries a special report fully assessing the Treasury Deputy Collector's work. In the same reference the Board has recommended to the Government to issue necessary amendment to paragraph 2 of Appendix 4 of Madras Treasury Code, Volume II, embodying this instruction.

(j) In B.P. No. 690, dated 9th June 1951, the Board has recommended that the Collector himself should inspect one or two backward sub-treasuries every year.

(k) In the same B.P. the Board has agreed to and recommended to the Government the suggestion of the Accountant-General that a handing-over note on the state of affairs in the treasury whenever there is a change of Treasury Deputy Collector or Collector should be prepared.

The Board hopes, in view of these steps, that the efficiency in the treasury administration will considerably improve in future.

6. The attention of all Collectors is invited to paragraphs 2 and 3 of this proceedings. They are requested to take all steps to ensure that the various defects pointed out in the Accountant-General's review do not recur. The Board observes that the defects pointed out in Part IV of the Accountant-General's report are purely on routine matters and therefore it ought to be possible for the Treasury Deputy Collectors to avoid them completely.

7. The attention of the Collectors concerned is invited to the defects relating to particular treasuries pointed out by the Accountant-General and listed out for ready reference in Annexure A to this proceedings. The Collectors are requested to take special steps at once to rectify the defects and to report the action taken in due course.

Irrigation—Minor—Upkeep of works—1950-51—Report—Submitted.

SRI W. R. S. SATTHIANATHAN, I.C.S.,
Commissioner of Land Revenue.

READ—the following papers:—

Reports from Collectors.

Resolution—No. 32, Press, dated 24th August 1951.

The Board submits to the Government its report on the expenditure incurred during 1950-51 on the upkeep of minor irrigation works in charge of the Revenue Department in this State.

2. The total net allotment sanctioned for the year was Rs. 61.06 lakhs as against Rs. 35.78 lakhs in the preceding year and the actual expenditure was Rs. 55.28 lakhs. The increase both under allotment and expenditure during the year was due to the fact that repairs to minor irrigation works in the zamindari areas taken over by the Government were carried out by the Government and debited to the Minor Irrigation grant. The appended statement 'A' shows by districts, the particulars of allotment, the number of works covered by the allotment, the number of works repaired and the expenditure thereon. The net unspent balance of the allotment was Rs. 5,77,622 as against Rs. 85,649 in the previous year. The unspent balances were very heavy in Srikakulam (Rs. 1,49,872) Visakhapatnam (Rs. 2,31,908), Krishna (Rs. 1,36,686) and Coimbatore (Rs. 27,920). The Collectors of these districts have been requested to report the circumstances in which the allotments were not utilized fully in the year. A further report will be separately submitted to the Government on receipt of their reports.

The value of work done but not paid for was Rs. 1,24,600 as against the unspent balance of Rs. 5,77,622.

3. The appended statement 'B' shows the estimated value of customary labour performed by the ryots and

their contribution in money or labour towards the execution of works financed from the Minor Irrigation grant.

4. Appendix 'C' exhibits the number of applications by private persons and the number of cases in which permission was granted for the construction of new irrigation works or the repair of old tanks. The Collectors of West Godavari, Guntur and South Kanara have yet to dispose of certain applications received during the year 1950-51. They are requested to see that the pending applications are disposed of quickly.

5. Appendix 'D' shows the number of minor irrigation works found to require repairs and the action taken on the results of enquiries at jamabandi. The inspection of the works by the Minor Irrigation staff is satisfactory in all the districts except Srikakulam where only 130 works were inspected by the Minor Irrigation staff out of 498 works in need of repairs. All the railway-affecting tanks in the State were inspected by the Minor Irrigation staff during the year.

6. Appendix 'E' gives the progress of inspection of supply channels and the action taken by the Revenue Department to ensure the performance of customary labour during 1950-51. The inspection was generally satisfactory in all the districts except East Godavari, West Godavari and South Arcot. The Collectors are requested to see that all the works put down for inspection are inspected within the year itself.

Resolution—Press C.T. No. 1, dated 12th September 1951.

It is considered that a knowledge of important legal and commercial terms and abbreviations is necessary to the officers of the Commercial Taxes department for the efficient discharge of their duties and accordingly, a glossary of these terms has been prepared by taking extracts from standard books, like Wharton's Law Lexicon, Accountant's Dictionary and Munro's Book-keeping and appended to these proceedings. The Commercial Tax Officers are requested to see that their subordinate officers make proper use of this glossary in the discharge of their duties.

APPENDIX.

GLOSSARY OF LEGAL AND COMMERCIAL TERMS.

ABOVE PAR	Of a higher value than the original face or nominal value. (MUN.)
ACCOMMODATION BILL.	One which the accommodating party has signed as drawer, acceptor or endorser, without receiving value therefor and for the purpose of lending his name to some other person; he is liable on the bill to a holder for value; and it is immaterial whether when such holder took the bill, he knew such party to be an accommodation party or not. The accommodating party has a right to be indemnified by the party to whom he lent his name. (W.L.L.)
ACCOUNT OR ACCOMPT.	Accounts are either—(1) open, where the balance is not struck or it is not accepted by all the parties; (2) stated, where it has been expressly or impliedly acknowledged to be correct by all the parties; and (3) settled, where it has been accepted and discharged. Stated and—Settled accounts may be investigated and reopened by the court on the ground of fraud or fiduciary relations. (W.L.L.)
ACCOUNT CURRENT ..	An account current is a running account of the financial transactions of one party with another for a given period. (A.D.) A running or open account between two or more persons or firms. (W.L.L.)
ACCOUNT STATED ..	An account stated is the admission of a balance due from one party to another and that balance being due there is a debt; the statement of the account and the admission of the balance implies a promise in law to pay it. An account stated, however, creates only a <i>prima facie</i> liability, which may be rebutted by disputing the debts charged in the account, as, for instance, by proving mistake (among other ordinary defences). (W.L.L.)
ACCEPT A BILL ..	Writing the word "Accepted" across a bill, together with signature thus taking upon oneself the liability to pay the amount named when due. Signature without word "Accepted" is sufficient. (MUN.)
ACCOUNT SALES ..	A statement sent to a merchant giving full details of goods sold on his behalf, and price obtained, from which would be deducted all expenses, such as, advertising, carriage, commission, etc., thus showing the net proceeds. (MUN.)
ACT OF STATE ..	The act of the sovereign power of a country or its agent (if acting <i>intra vires</i>). By its very nature such an act cannot be questioned by any court of law. (W.L.L.)

ADVICE	..	..	Notice by letter of something intended to be done, or which has been done, on one's behalf.	(MUN.)

AFFIRMATION	..	..	A solemn declaration without an oath.	(W.L.L.)

AGENT	..	.. APPRAISEMENT	..	..	The act of valuing property, goods, furniture, etc.	(W.L.L.)
A PRIORI	..	..	All arguments may be divided according to the relation of the subject matter of the premises to that of the conclusion into (a) a priori (from the antecedent to the consequence) or those of such a nature that the premises would account for the conclusion, were that conclusion granted, which is the Aristotelian method of reasoning; and (b) a posteriori (from the consequence to the antecedent), or those whose premises should not have been used to account for the conclusion, which is the Baconian method of reasoning. The former class is manifestly—Argument from cause to effect, since to account for anything signifies to assign the cause of it. The latter class comprehends all other arguments.	(W.L.L.)

The Government approve the alterations suggested by the Board of Revenue in its reference quoted above to the rules for the guidance of the subordinate officers in the Commercial Taxes Department regarding the precautions to be observed in encashing bills or remitting money issued in B.P. Mis. No. 152/51, Press, dated 16th May 1951.

L. S. RANGASAYEE,
Assistant Secretary to Government.

To the Board of Revenue (Commercial Taxes).

Resolution—Mis. No. 299, Press, dated 4th September 1951.

In supersession of the orders contained in B.P. Mis. No. 152/51, Press, dated 16th May 1951, and with the approval of the Government, the Board lays down the following revised rules for the guidance of the subordinate officers in the Commercial Taxes Department, regarding the precautions to be observed in encashing bills or remitting money. The persons referred to in the following rules who are to be entrusted with the work of remitting money or encashing bills should only be permanent men of known reliability whether the amount involved is above Rs. 5,000 or below it. When more than one person is deputed for the work as laid down in the rules, it is sufficient if one of them is a permanent man of known reliability.

Remittance of money—(1) Places where there are treasuries and where a bill collector has been appointed.—(a) If the amount to be credited does not exceed Rs. 1,000 the bill collector may be sent.

(b) If the amount exceeds Rs. 1,000 but does not exceed Rs. 5,000 the bill collector and a peon (or an attender) should be sent.

(c) If the amount exceeds Rs. 5,000 but does not exceed Rs. 10,000 the bill collector and a clerk should be employed.

(d) If the amount exceeds Rs. 10,000 the Assistant Commercial Tax Officer should take the remittance accompanied by a peon (or an attender).

(2) Places where there are treasuries but no bill collector is employed.—(a) If the amount does not exceed Rs. 250 a single peon or an attender may be deputed.

(b) If the amount exceeds Rs. 250 but does not exceed Rs. 5,000 two peons or a clerk should be employed.

(c) If the amount exceeds Rs. 5,000 but does not exceed Rs. 10,000 a clerk accompanied by a peon (or an attender) should be employed.

(d) If the amount exceeds Rs. 10,000 the Assistant Commercial Tax Officer should himself take the remittance taking with him a peon (or an attender).

(3) *Places where there are no treasuries but a bill collector is employed.*—(a) If the sum does not exceed Rs. 1,000 the bill collector will do.

(b) If the sum exceeds Rs. 1,000 but does not exceed Rs. 5,000 the bill collector accompanied by a peon (or an attender) should be sent.

(c) If the amount exceeds Rs. 5,000 but does not exceed Rs. 10,000 the bill collector should be accompanied by a clerk.

(d) If the amount exceeds Rs. 10,000 the Assistant Commercial Tax Officer should himself take the remittance accompanied by a peon (or an attender).

(4) *Places where there are no treasuries and where no bill collector is also appointed.*—The instructions in rule 2 should ordinarily be sufficient. If necessary, such additional precautions as may be found necessary on each occasion, may be taken.

Encashment of bills.—The instructions in rule 2 will apply to all cases of encashment of bills.

These rules are framed as a guidance to all officers in encashing bills or remitting money. They embody the minimum precautions to be observed for safeguarding money outside the Government offices in normal circumstances. If the conditions are in any way abnormal, when the tranquility is disturbed or when the money has to be transported over a long distance or when the crimes against the property have been unusually rife in any area it is expected that the officers will use their judgment as to the additional precautions that have to be taken. Officers may, on the other hand, relax at their discretion and on their own responsibility the requirements of the rules where it seems safe to do so in certain circumstances, i.e., in towns where money has to be obtained from the Imperial Bank of India or Reserve Bank, a clerk and a peon might suffice to bring money up to even Rs. 20,000 provided the persons deputed for the purpose are permanent men of known reliability.

Deputy Commercial Tax Officers' Offices are in several cases located in the same building as Assistant Commercial Tax Officers' Offices. Attenders are employed in Deputy Commercial Tax Officers' Offices, and it should be possible by mutual arrangement to spare the services of the attender, if for any reason the services of peons are not available or not convenient. For this reason, provision of 'attenders' as an alternative to 'peon' has been made in the above rules.

Proceedings No. 260, Press, 6th September 1951

Provincial Fodder and Grazing Committee—Annual report on the work of—Fasli 1360—Submitted.

Sri W. R. S. SATTIANATHAN, I.C.S.,
Chairman, Fodder and Grazing Committee.

Read—the following paper:—

G.O. Ms. No. 1703, Development, dated 14th July 1938.

Resolution—No. 230, Press, dated 6th September 1951.

The following letter will be sent to the Secretary to the Government, Development Department:—

With reference to paragraph 7 of the Government Order cited above, I have the honour to submit the following annual report on the working of the Provincial Fodder and Grazing Committee for fasli 1360.

During the fasli under review, the Committee met only once, on 30th March 1951, under the chairmanship of Sri W. R. S. Sattianathan, I.C.S., Commissioner of Land Revenue. All the official members were present for the meeting. Sri M. Kanti Raj, Headquarters Deputy Director of Agriculture, represented the Director of Agriculture while Sri V. A. Krishnaswami Ayyar, the Deputy Chief Engineer (Irrigation), Madras, represented the Chief Engineer (Irrigation).

A list of non-official members who were not present at the meeting is given below:—

(1) Sri C. Tadulinga Mudaliyar.

(2) Sri M. R. Punja.

(3) Sri J. C. Nagi Reddi.

(4) Sri C. Ponnambala Goundar.

Among the above members, Sri C. Tadulinga Mudaliar sent a letter expressing his inability to attend the meeting. Sri M. R. Punja, died on 3rd December 1950 and in his place the Government have in their Memorandum No. 26020-C-II/51-2, Development, dated 21st March 1951, appointed Sri Cajetan L. Lobo, B.A., B.L., Vakil, Mangalore.

The subjects discussed at the meeting, the Committee's decisions on them, and the orders of the Government (where they have been received) are given below:—

TWENTY-SECOND MEETING HELD ON 30TH MARCH 1951.

Subject I.

Temporary bunding.—The Headquarters Deputy Director of Agriculture explained the experiment of bunding schemes carried out by the Agricultural Department and stated that the subject relates only to temporary bunding and not to permanent contour bunding and contour trenching. The Chairman pointed out the desirability of taking up permanent contour bunding as a famine work in times of distress. The Chief Conservator observed that as regards contour bunding and the contour trenching, the whole State having been provided for in the Madras Land Improvement Scheme (Contour Bunding and Contour Trenching) Act, 1949, this scheme could be brought within the purview of the Act. The Chairman observed, however, that while the execution of the work under the said Act would involve contribution from the benefited ryot, a famine work undertaken in a season-affected area would be completely financed by the State. He suggested further that contour bunding of marginal lands in reserve forests, though expensive, could be done piece-meal during a long period of say twenty years, making due provision for expenditure every year in the Forest Budget. After some discussion the Committee passed the following resolution:—

Resolved to recommend to the Government that permanent contour bunding be tried as a famine work in times of distress in the season-affected areas, and that contour bunding of the forest marginal lands be taken up as part of forest departmental work and

executed during a long period of about twenty years, making a provision of about five lakhs every year in the Forest Budget. Resolved further that the need for propaganda being very great, the Departments of Government be urged to popularise the temporary bunding scheme tried by the Agricultural Department.

The orders of the Government are awaited in the matter.

SUBJECT II.

Scientific growing of grass.—After discussion, the Committee accepted the view of the Joint Director of Animal Husbandry, and resolved to recommend to Government that a survey of pasture lands should be carried out by the State with a view to classify such lands for development, that a special organization which would work in close collaboration with the Animal Husbandry, Agricultural and Forest departments might be set up in the State for the purpose, and that where there are adequate facilities and demand, arrangements should be made to organize grass seed depots at suitable centres.

The Government have been addressed and the matter is now under their consideration.

SUBJECT III.

Rotational grazing and scale of grazing fees.—The Chief Conservator of Forests mentioned that the Government have dropped the question of raising the grazing fees. Thereupon, the Committee resolved that there is no need to pursue the matter.

SUBJECT IV.

Perennial grasses—Experimental schemes.—The Headquarters Deputy Director of Agriculture informed the Committee that the experimental farm at Mangadu in Chingleput district has failed. The farm in Pandeswaram village has not yet been opened. The fodder requirements of private persons in the city could be met by private landlords from their own private farms, as had been successfully done by Sri C. S. V. Raghavan of Ponamallee, and offered by Sri R. Srinivasa Ayyar of Attur. Thereupon, the Committee resolved that the demand of fodder grasses and fodder crops from private persons in urban areas being limited, the supplies could be left to private persons themselves, and that, in addition, if the Madras Corporation could push through its sewage scheme it would be useful to the Madras City both for demonstration and local supply.

The Government have since accepted this recommendation in their Memorandum No. 34894 R/51-2, Food and Agriculture, dated 14th August 1951.

SUBJECT V.

Item (i) - Government grass farms and silage-making.—At the outset, the Chairman pointed out that the Government cannot undertake grass farms as a commercial concern, because, firstly, it would cause loss to Government and secondly there is a heavy shortage of extensive compact lands. The Joint Director of Animal Husbandry however suggested that more land might be given to the Pattagar of Palayakottai, and that as a rule cattle-owners who grow grass on private farms might be subsidised. After discussion, the Committee resolved that the most feasible proposition would be to encourage private persons by granting some sort of subsidy for conservation of moisture by contour bunding, fencing and allied measures, and that the Director of Agriculture, the Chief Conservator of Forests and the Director of Animal Husbandry be consulted as to the form of subsidy and the conditions of grant. The Committee resolved further that silage-making is not possible in the State in view of the heavy cost of transport. The demonstrations conducted so far show that the farmers are not keen on silage.

The suggestions of the Director of Agriculture, Chief Conservator of Forests and Director of Animal Husbandry on the form of subsidy and the condition for granting the same were called for. The Director of Agriculture has reported that the contour bunding, fencing, etc., have a beneficial value in the rainfed lands in arresting the flow of rain water, in conserving the soil, conserving the moisture and in increasing the grass yields. He therefore suggested that where these measures are adopted by private persons in grass lands a subsidy of Rs. 20 per acre might be paid for the first 50 acres protected by contour bunds and fences, Rs. 15 per acre for the next 100 acres, and Rs. 10 per acre for the area protected over 150 acres. The reports from the Chief Conservator of Forests and Director of Animal Husbandry are awaited in the matter.

Item (ii)—Groundnut cake as cattle feed.—The Headquarters Deputy Director of Agriculture pointed out that the supply of groundnut cake is not controlled by the State and that the stuff is available in the open market. The Committee resolved that in view of the decontrol of groundnut cake there is no need to consider the subject.

Item (iii)—Co-ordination between departments.—The Chairman observed that maximum co-ordination between various departments should be secured by having a co-ordinating authority who should be a high placed officer, styled as Development Commissioner, but considered that the subject might be dropped. On the proposal of Dr. Nagan Gowda, however, the Committee resolved to recommend to Government that as a general principle it is good to have a top-ranking Development Commissioner to co-ordinate at the executive stage all the efforts of the Forest, Animal Husbandry, Agriculture, Co-operation and Fisheries departments.

The Government in their Order Ms. No. 3509, Development, dated 28th July 1951, considered that there was no necessity for such an appointment and that the best thing that the Fodder and Grazing Committee could do was to make available to the public information about growing better pasture and fodder. They also suggested that the village karnams could be asked to disseminate this information and to persuade the people to act upon it. If it failed, the question of applying Lands Improvement Scheme (Contour Bunding and Contour Trenching Act), 1949, could be considered.

The question is being considered further in consultation with the Director of Agriculture and the Chief Conservator of Forests.

Item (iv)—Sale of cattle feed at controlled rates.—In view of the decontrol of cattle feed, the Committee resolved that the subject need not be considered.

Item (v)—High priority in transport of live-stock and cattle feed.—The Committee resolved that special concession for the transport of cattle feed be made applicable at all towns and that high priority for its transport be given not only in times of distress but at all times, and that the concessions be made applicable to all types of cattle feed.

The Government in their Order Ms. No. 3509, Development, dated 28th July 1951, have observed that railway concessions are now available during periods of drought and distress and have stated that if it is considered that these concessions should be made available at all times, definite proposals in consultation with the Collectors should be submitted for the consideration of the Government.

Item (vi)—Cattle insurance and fodder insurance.—The Committee expressed the view that it is emphatically against the insurance of cattle and fodder.

SUBJECT VI.

Present fodder position in the State.—Resolved to record the review with the remark that in times of distress whenever it is decided to cut and remove grass from reserve forests it should be done at the flowering stage of the grass, that is, in October, November, December and January, and not later, and that the grass so cut should be stored in fodder depots at various centres of habitual scarcity. Resolved further that this suggestion of Sri Cherian Jacob may be referred to the Chief Conservator of Forests for an investigation of the possibilities and financial implications.

The Chief Conservator of Forests has in his letter No. 9931-51-C-1, dated 11th August 1951, stated that the investigation of the possibilities of collecting forest grass and storing it in depots can be considered only after the Board of Revenue has fixed the centres of habitual scarcity. Regarding the financial implication of the suggestion, the Chief Conservator of Forests invites attention to his earlier letter in which he had reported that when the special forest division collected hill grass and distributed to the various centres of famine-affected districts of Anantapur and Bellary in 1945-46, the Government suffered a loss of Rs. 5,60,000 on 10,000 tons of hill grass supplied. The question is under examination.

SUBJECT VII.

Revised scheme of the Director of Agriculture on fodder, grass and forage crops.—Resolved to strongly recommend the scheme to Government with the remark that a really competent Chief Agrostologist with suitable assistants should be appointed to conduct the scheme, instead of placing it under the supervision of the Systematic and Lecturing Botanist. The Headquarters Deputy Director of Agriculture dissenting from the remark of Sri Cherian Jacob about the competency of the present incumbent, stated that the present Systematic Botanist is quite competent to handle the scheme.

4 PROCGS. OF THE PROVINCIAL STANDING FODDER AND GRAZING COMMITTEE,
No. 260, PRESS, 6TH SEPTEMBER 1951

The revised scheme has been recommended to the Government and their orders are awaited.

Next place for the meeting.—Resolved to make a two-day stay at Hosur, one day for the meeting, and another for visiting the grass farm at Hosur, the sewage farm and the military farm at Bangalore, either at the end of September or early in October.

Arrangements for holding the next meeting at Hosur are under consideration.

Proceedings No. 32-A, Press, 7th September 1951

Special funds—Arrear claim—Time-limit for sanction—Amendments to Special Fund Code—Issued.

Sri W. R. S. SATTIANADHAN, I.C.S.,

(Third member, Board of Revenue, and
Commissioner of Land Revenue).

READ—the following papers :—

From the Collector of Nellore, dated 28th December 1950, No. R.C. D-5-1906/49.

Board's Reference No. C. 88/51-1, dated 17th January 1951.

From the Accountant-General, dated 3rd March 1951, No. O.A. 27-19/49-50-1232.

Resolution—No. 32-A, Press, dated 7th September 1951.

According to note 1 under Article 16 of the Special Fund Code the period of six months and one year mentioned under that article should be calculated for purposes of sanctioning arrears of pay and allowances of Special Fund establishment from the dates on which the claims fell due with reference to the retrospective orders sanctioning appointments or payments. The Collector of Nellore points out that this is contrary to the provision in Article 52 of Madras Financial Code which states that a claim will be held to have become due either on the date of sanction to the claim or on the date of its accrual, whichever is later. The Accountant-General, Madras, who was consulted in the matter, is of opinion that both the provisions purport to convey the same idea, but however suggests that the note under Article 16 of the Special Fund Code may be amended suitably to make its meaning clearer. The Board therefore issues the following amendment to the Special Fund Code :—

AMENDMENT.

For the existing note 1 under Article 16 at page 6 of the Special Fund Code, *substitute* the following.—

“The period of six months and two years mentioned in Article 16 of the Special Fund Code should be calculated from the date of sanction to the claim or from the date of its accrual, whichever is later and not from the dates on which they were preferred or claimed before the receipt of sanction.”

2. Consequent on the orders issued in G.O. Ms. No. 1405, Revenue, dated 12th May 1950, the following amendment to Article 17 of the Special Fund Code is issued :—

In the second sentence of Article 17 of the Special Fund Code, *for* the word “Board” *substitute* “Collector or the Board”.
