To assist in the performance of this important duty Superintending Surgeons, to be selected from the Head Surgeons or Seniors of the Establishment, when properly qualified, shall be appointed to exercise Medical Superintendance and Controul under the directions of the Medical Board and Commander in Chief, in the several principal military Divisions of the Army.

3rd. Superintending Surgeons being attached generally to the Divisions in which they are doing duty will be relieved from the immediate charge of Hospitals, and the situation of General Hospitals being found to be no longer necessary in the Service, it accordingly abolished excepting one at the Presidency which

it

is retained, and placed under the immediate Superintend=
=ance of the Medical Board.—

4.th A Garrison Surgeon shall be ℔
permanently appointed to each of the Principal military
Stations of Masulipatam, Vellore, Trichinopoly, Seringapatam
Cannanore, and Bellary, placed in charge of a Garrison
Hospital for the reception of the Sick of all descriptions
who may not belong to Corps or be provided with Medical
Assistance, and allowed to draw for the European Invalids ℔
and Pensioners, Native Invalids, and all other Troops doing duty

the receipts and issues of the Medical Stores for the ℔
Divisions to which they are respectively attached, under
the inspection and Controul of Superintending Surgeons;
and shall be entitled to draw on that account an ℔

8th The General Order of the 4th of

"all detachments and Garrisons composed of Effective
"Europeans not exceeding two hundred men, a fixed monthly
"allowance shall be granted to the Surgeon of the

"Clothing, Country or Bazar Medicines, and every Hospital
"expence, Europe Medicines excepted, for each European

"the sum of 30 Fanams per month, when it exceeds the
"number of 100 men, and the sum of 45 Fanams or
"One Star Pagoda when the number of men exceeds
"fifty, and does not amount to one hundred, and the

Hospital expences of the Sick.

14 In consideration of the divided state of the Corps of Artillery the operation of the 9th Paragraph of this regulation as far as it relates to the mode of drawing for these Corps and defraying the expences of their absent Sick is suspended, the Surgeons of Artillery will therefore in future respectively draw for the number of Men present for duty at Head Quarters at the usual rate of 60 Cash in money and 20 in Medicines, and the Surgeons or Assistants doing duty with detachments from these Corps will draw from the Paymaster 1 fanam per man per day according to numbers in lieu of all Medical Charges.

15th. In addition to the present allowance of 4 Pagodas per month for every hundred men the following establishment of medical Servants is allotted to each Battalion of Native Infantry to be regularly returned and mustered, and drawn for in Abstract by the

the Surgeon.—

1 Dresser at 4 Pagodas per Month

Month for Medical expenditure and the Regulated allowances for the European and Native Troops of all descriptions under their immediate care.—

previously to their being issued by them.

19th. In consequence of this regulation the Servants hitherto employed with Corps for the purpose of Compounding European Medicines will be no longer required and are to be accordingly discontinued.

20th. The allowances hitherto granted to Surgeons of European Regiments for the Carriage of Hospital Cotts with the bedding and Cloathing on the occasional removal of the Regiments are ordered to be discontinued in those cases where an exchange shall take place — in the Stations of European Corps the Surgeons may have the means of arranging mutually an exchange in the property of the Hospital Cotts, but when circumstances shall not admit of such an Arrangement being effected the expence incidental to the movement of the Cotts is to be defrayed by the Regimental Surgeons.

21st. G. O. By Government

The Right Honorable the —
Governor in Council has been pleased to direct that the following
Extract from a letter from the Honorable the Court of Directors
dated the 4th February 1803, shall be published in General Orders

Para. 2 We have taken into consideration
the Applications referred to in the 100th and 102nd Paragraphs of
your Military Letter of the 29th May last from the several Cadets
of the Season 1800, who omitted to produce His Majesty's —
Commissions when first appointed by us, and upon examining the
dates of their respective Commissions transmitted by you, we
have Resolved to grant them that priority of Rank to which
they would have been entitled under our Regulations had we —
been furnished with their Commissions in the first instance, you
will therefore remove them from among those Cadets who did
not produce any Commissions to us, and place them on the
List of the Commissioned Officers agreeably to the following —
directions Viz.t

M.

Mr George Tucker who was originally ranked between Mr Patrick Mathew and Mr Stephen Martin on our List of Cavalry appointments of 1800, must now be placed between Mr Archibald Scold and Mr William Coote Campbell—

Mr Richard Lacy Evans a Cadet for the Infantry of the Season 1800 you will remove from between Mr Robert Short and Mr Thomas Bulmar and place him between Mr Henry Wright Menzies and Mr John Shone—

Mr Archibald Nathaniel Bertram— you will remove from between Mr Richard Burrows Bourne and Mr Robert Fenwick, also Mr Thomas James Palmer— from between Mr John Adagh and Mr Daniel Kennedy and place them between Mr William Robertson and Mr John Johnston—

It will appear in the instance of Mr Palmer that we have assigned him a higher Rank than he is entitled to under the Commission transmitted in your Military Letter, but his friends having previously delivered in a prior Commission as Ensign in the second or Queen's Royal Regiment of foot dated 3d July 1796 we direct that you give him the Rank mentioned in the preceding Paragraph next to Mr Bertram

Mr

Mr. Narcissus Henry Hatherley you will Remove from between Mr. Edwin Lott and Mr. John Thomas Gibson and place him between Mr. David Laurie and Mr. James McNab

Mr. Robert Mayor you will likewise remove from between Mr. John Dalzel and Mr. John Unwin Hume and place him next to Mr. Charles Dering the last Cadet who produced to us His Majestys Commission at the time he was appointed a Cadet on your Establishment—

Upon comparing the date of Mr. William Seton's Commission with the date of his admission into our Service, he is clearly not entitled to any higher Rank than that originally assigned him in our List of 1800—

3 Mr. John Shenton Cole a Cadet for the Infantry on your Establishment had taken his Passage on the Ship Hindostan, and in consequence thereof he was ranked at the head of the first Class of Cadets transmitted you by the Harriett— The Hindostan having been unfortunately lost on her Passage to the Downs, Mr. Cole has been disappointed of his accommodation on that Ship, and is now to proceed on the Walpole. We have thought it necessary to apprize you of this circumstance

in

in order that Mr. Cole may not be deprived of that Rank to which he was originally appointed and which we have Resolved shall be continued to him—

4 Mr. Frederick Molloy Whitehead a Cadet on your Establishment who has taken his Passage on the Harriet having produced to us satisfactory Testimonials of his having acted as a Cadet in the Royal Regiment of Artillery at Woolwich & he is entitled under our Regulations to rank at the head of the Cadets proceeding by the above Ship, and you will accordingly remove him from between Mr. Nicholas Lynch and Mr. William Johnson Bowes, and place him between Mr. David Binny and Mr. Richard John Brooke on the List of Rank of the first Class of Cadets transmitted you by the Harriet beforementioned—

5 Since making up our List of Rank of the 1st Class of Cadets of this Season by the Ship Harriet, we have appointed Mr. John William Townesend a Cadet on your Infantry Establishment, and Mr. Townesend having taken his Passage by the above Ship he is entitled to rank between Mr. Nicholas Lynch and Mr. William Johnson Bowes in the 1st Class of Cadets beforementioned, and we direct that you assign him that Rank accordingly—

6th We have appointed Mr. Samuel Colton an Assistant Surgeon of the present Season [1802]—

In

In consequence of the instructions contained in the foregoing Extracts, the Commander in Chief is requested by the Right Honorable the Governor in Council to issue the necessary orders for correcting the dates of Rank formerly assigned to the undermentioned Officers, and for regulating their relative seniority in the Regiments to which they have been appointed.

The Returns Received by the Governor General in Council of the Ordnance taken on the Field of Battle near Delhi on the 11th of September 1803, have completed the Official settlement of the Military operations conducted under the personal Command of His Excellency, General Lake, from the 29th of August to the 18th of September

In receiving the rapid and brilliant Success of our Arms within that period of time, every Loyal Subject of the British Empire must be animated by the Most Zealous emotions of Just pride national triumph and public glory

The Governor General in Council has already expressed the Sentiments of gratitude and admiration with which he contemplates the conduct of His Excellency the Commander in Chief, and of the Officers and Troops under His Excellency's personal Command in the action of the 29th of August and in the gallant assault of the Fortress of Ally Ghur on the 4th of September

His Excellency in Council highly approves the Judicious and early movement of the Army after that important Success towards the principal Station of the Enemy's Infantry and Artillery, and the position whence the most speedy relief might be afforded to the unfortunate Representative of the

of the House of Timur and to His Majesty's Royal Family.

The decisive victory gained in the Battle of Delhi on the 14th of September justified the firm confidence reposed by the Governor General in Council in the bravery perseverance and discipline of the Army, and in the skill, Judgement, active Spirit and invincible intrepidity of their Illustrious Commander.

The Glory of that day is not surpassed by any recorded Triumph of the British Arms in India and is attended by every Circumstance Calculated to elevate the fame of British Valor, to illustrate the character of British humanity, and to secure the Stability of the British Empire in the East

The Governor General in Council acknowledges with the most cordial satisfaction the distinguished Services of Major General Ware, and of the Honorable Major General St. John in the action of the 14th of September, and directs the Commander in Chief to Signify his particular approbation of the Conduct of Major General Ware in the Command of the Right Wing of the British Army and of the Conduct of the Honorable Major General St. John in the ability and Steadiness which he displayed in the Command of the Left Wing, by surmounting every difficulty and by forcing the Right Wing of the Enemy to retire in disorder with heavy loss.

The Conduct of Captain Boyce and of His Majestys 76 Regiment is noticed with the warmest applause by the Governor General in Council the high Reputation established by that respectable Corps in various services of difficulty and danger in India appeared in the Battle of Delhi with a degree of lustre, which has never been exceeded even by British Troops His Excellency in Council signifies his most distinguished approbation of the firmness and intrepidity of the Officers and men of the native Infantry, who with His Majestys 76 Regiment at the point of the Bayonet, forced an Enemy considerably superior in Numbers from a powerful and well Served Artillery, and opened the way for the Successful Charge of the Cavalry The Conduct of the native Troops in this memorable day reflects the highest honor upon the discipline of the Army of Bengal, and Confirms the confidence of the Governor General in Council, in the diligence, Skill and Courage of the Officers of this Establishment, and in the Eminent Character of our native Soldiers. To Lieutenant Colonel Horsford and the Artillery the Governor General in Council repeats the

General Orders By His Excellency the Most Noble the Governor General in Council

Fort William the 14th October 1803

The Governor General in Council derives great satisfaction from the Intelligence which he has received of the Reduction of the Fort and City of Baroach on the 29th of August

and

and of the ability, promptitude and gallantry with which that important Service was accomplished by the brave Officers and Troops, under the Command of Lieutenant Colonel Woodington of the Establishment of Bombay. —

His Excellency in Council highly approves the conduct of Lieutenant Colonel Woodington in his Judicious and spirited exertions for the Early reduction of the place indirecting the operations of the Seige, in his seasonable determination ~~to~~ a assault the Fort and in the disposition which he made of the Troops under his command, with a view to secure the rapid Success of that gallant attack. —

The Governor General in Council Signifies has particular approbation of the Valor and judgement manifested by Major Cayler of his Majesty's 86th Regiment throughout the service at Baroach, and in Commanding the Storm of the Fort, and by Captain Richardson of the same Corps in leading the assault His Excellency in Council also observes with particular satisfaction the conduct of Captain Cliffe of the Engineers of Bombay.

To all the Officers and Troops European and Native employed on this honorable occasion His Excellency in Council signifies his high commendation. —

The Governor General in Council laments the loss of Captain W Semple of His Majesty's 86th Regiment

Killed

Killed on the 25th of August, and of the few brave men who fell before Baroach
It is a great satisfaction however to observe, that an acquisition so important
should have been secured with the loss of only one Officer and of
so few Soldiers

In bearing a due testimony to the
merits of the Officers and Troops employed in the reduction of Baroach
on the 29th of August, the Governor General in Council remarks that
on the same day, distinguished by the commencement of the victorious
career of the Army of Bengal under the personal command of
His Excellency General Lake upon the Frontier of Oude, the Army
of Bombay at the western Extremity of the Peninsula of India
effected a Service of the most arduous nature with a semilar
spirit of alacrity and Courage

In the course of an extensive Complicated System of Military operations, the glorious success of our arms
since the commencement of this War has been uniform in
every part of India, the able and Gallant Officers and Troops
of His Majestys Service and of the several Establishments of
the three Presidencies have been actuated by equal sentiments
of public Spirit and honor, and cooperated with equal Order
and success in an united effort to accomplish the just objects of
the Allies, The Governor General in Council confides in the justice

of

of our cause in the unanaus zeal of the three Presidencies, and in the continued cooperation of their respective resources and piower that the views of the Confiderate Chieftains will be speedily frustrated by the complete restoration of Peace and Tranquility to the provinces of Hindoostan and the Decan which have been disturbed by the ambition and violence of the Enemy

The Governor General in Council directs that Copies of this Order be transmitted to the Right Honorable the Governor in Council of Fort St. George, and to the Honorable the Governor in Council at Bombay, to be published to the army of those Presidencies respectly

General Orders By His Excellency the Most Noble the Governor General in Council

Fort William 30th October 1803

The Governor General in Council has this day received from Major General The Honorable Arthur Wellesley the official Report of the signal and splinded Victory obtained by the Troops under the piersonal Command of that distinguished Officer on the 23 of September at Assaye in the Dekhan over the combined armies of Dowlut Rao Sindiah and the Rajah of Berar

At

At the Close of a Campaign of the most brilliant Success and Glory in every Quarter of India, this transcendant Victory demands a testimony of Public honor, equal to any which the justice of the British Government in India has ever conferred on the conduct of our Officers and Troops in the most distinguished perid of our Military History —

The Governor General in Council highly approves the skilful plan formed by Major General Wellesley on the 21st of September for precluding the escape of the Enemy, and for reducing their combined Army to the necessity of hazarding a General action

His Excellency in Council also Signifies his most cordial approbation of the Magnanimity, promptitude, and Judgement with which Major General Wellesley determined upon the instaneous attack of the Enemy on the 23d of September —

During the severe action which ensued, the conduct of Major General Wellesley united a degree of ability of prudence, and of dauntless Spirit seldom equalled and never Surpassed

The Governor General in Council Signifies his warmest applause of the exemplary Order and Steadiness with which the Troops advanced under a most destructive fire against a body of the Enemy's Infantry considerably Superior in number

number and determined, to oppose a vigorous resistance to our attack. The numerous Infantry of the Enemy were driven from their powerful Artillery at the point of the Bayonet with an alacrity and resolution truly worthy of British Soldiers, and the firmness and discipline manifested by our brave Infantry in repelling the great body of the Enemy's Cavalry merit the highest commendation

The Governor General in Council has remarked with great satisfaction the gallant and skilful conduct of the Cavalry Commanded by Lieutenant Colonel Maxwell and particularly of His Majesty's 19th Regiment of Dragoons a Corps distinguished in India by a long and uninterrupted course of arduous Service, and of progressive honor

His Excellency in Council directs Major General Welleby to signify to all the Officers and Troops employed on this glorious Occasion and especially to Lieutenant Colonel Harness and to Lieutenant Colonel Wallace who commanded Brigades and to the Officers of the Staff, the high Sense entertained by the Governor General in Council of their eminent and honorable Services

The important benefits Resulting from the triumph of our arms in the Battle of Assye are not inferior to the splendour of the action The immediate consequences

derived

derived from the exertions of that day have been the compleat
defeat of the Combined Army of the confederate Chieftains, an
irreparable blow to the Strength and efficiency of their Military
resources, especially of their Artillery in the Dekhan the expulsion
of an hostile and predatory army from the Territory of our ally the
Soubahdar of the Dekhan, and a seasonable and effectual check to
the ambition pride and rapacity of the Enemy.

The prosperous result of these advantages
must be accelerated by the Auspecious progress of our arms in other Pro-
vinces of India and it may reasonably be expected that the decisive
Victories gained at Delhi and Aſsye on the 11th and 23d of September,
will speedily compel the Enemy to restore Peace to Hindostan
and to the Dekhan

The atchievements of our Commanders
Officers and Troops, during this Campaign and especially in the
Signal Victories of Delhi and Aſsye, must inspire a General
Sentiment of just confidence in the Vigor of our Military Resources
and the stability of our Dominion and power our uniform Success
in frustrating every advantage of Superior Numbers of powerful
artillery, and even of obstinate resistance opposed by the Enemy
constitutes a Satisfactory proof of the established Superiority
of British Discipline, experience and Valor and demonstrates
that the Glorious progress of our arms is not the accidental

result

result of a Temporary or transient advantage but the natural and certain effect of a permanent cause.

From these reflections consolation is to be derived for the loss of those lamented and honored Officers and Soldiers, who animated by the gallant Spirit of their General, and emulating the noble Example of his zeal and Courage Sacrificed their lives to the honor and interests of their Country

The Governor General in Council greatly regrets the loss of Lieutenant Colonel Maxwell of His Majesty's 19th Dragoons, who fell at the head of the British Cavalry bravely Charging a large body of the Enemy's Infantry with the utmost concern His Excellency in Council records the Names of the Valuable and Excellent officers who have fallen with glory at the Battle of Assye in atchieving the Compleate defeat of the Enemy and in Establishing the Triumph of the British arms in the Dekhan.

Lieutenant Colonel Maxwell, Captains R Byrle, H. MacKay, D Aytone, A Dyce, R Macleod, and J. Maxwell, Captain Lieutenants Steele, and Fowler, Lieutenants Bonarni, Lindsay, Griffith, I Campbell I. M. Campbell, I Grant R. Neilson L. Campbell M. Morries and I Douglas. Lieutenants Brown, Mavor, Perrie, and Volunteer Few.

In testimony of the high honor acquired by the army under the personal Command of Major General Wellesley at

at the Battle of Assye, the Governor General in Council is pleased to Order that Honorary colours with a Device properly Suited to Commemorate that Signal and Splendid Victory be presented to the Corps of Cavalry and Infantry employed on that glorious occasion - The names of the brave Officers and men who fell at the Battle of Assye will be Commemorated together with the circumstances of the action upon the Public monument to be erected at Fort William to the memory of those who have fallen in the Public Service during the present Campaign

The Honorary Colours granted by these Orders to His Majesty's 19th Regiment of Dragoons, and to the 74 and 78 Regiments of Foot are to be used by those corps while they shall continue in India, or untill His Majesty's most Gracious pleasure be signified through His Excellency the Commander in Chief

His Excellency the most Noble the Governor General Captain General and Commander in Chief of all the Land Forces serving in the East Indies, is pleased to direct that these Orders be publicly read to the Troops under Arms at every Station of the Land Forces in the East Indies, and that the European Officers of the Native Corps do cause the same to be duly explained to the Native Officers and Troops
