24th January 1805

G. O. By Government

The Right Honble the Governor in Council took occasion in a General Order under date the 2nd of June 1802 to publish the Approbation of His Lordship in

in Council of the Conduct of Subadar Shaikh Mohyúdeen and to confer on that Native Officer such rewards as were suitable to the Services which he had rendered.

Subadar Shaikh Mohyúdeen having subsequently selected for the duty of Commanding the Cavalry attached to the escort of the resident at the Court of Dowlut Rao Scindia, the Governor in Council has observed with concern that the conduct of the Subadar in that Station has not accorded with the proofs of zeal and spirit which he had manifested on former occasions of difficulty, and that the late Resident after repeated instances of neglectful and unmilitary behaviour on the part of Subadar Shaikh Mohyúdeem was compelled to adopt the measure of dismissing him from the charge for which he had been Chozen.

His Lordship in Council regrets the necessity of censuring in a public Manner the Conduct of a Native Offica who had before been found to merit distinguished approbation, but as it would be incompatible with the intention of public honors, that they should be enjoyed by persons who may be deemed unworthy of them; His Lordship in Council considers it proper to publish his entire disapprobation of the Conduct of Subadar Shaikh Mohyúdeen while serving under the orders of the late Resident with Doulut Rao Scindia, and to direct that the Palankeen allowance which was conferred

on

on the Subadar shall be immediately discontinued.—

The Right Honble the Governor in Council is pleased to publish in General Orders the following Extract of a letter from the Honble Court of Directors dated the 12th May 1802.

Extract of a General letter from the Honble Court of Directors in the Military Department.

Dated 12th May 1802

Para 3. We have received an application from Captain William Godfrey of your Invalid Establishment to be restored to the effective List, but under the determination signified in the 110th Paragraph of our Military Letter of the 20th June 1797, we have not thought proper to comply with his request.

In

4. In consideration however of the favourable Testimonials which have been laid before us of the meritorious services and character of Captain Godfrey, we have agreed to promote him to the rank of Major of Invalids only such Promotion to take place from the time of his Embarkation to return to your Presidency; but Major Godfrey is to receive the Pay of that rank only from the day of his Embarkation on his return and the other Allowances of that rank from the time of his arrival at your Presidency:—

The Governor in Council deemed it proper to postpone the publication of the above Extract, from the desire of referring for the determination of the Court of Directors particular circumstances connected with the execution of their orders relative to the promotion of Captain Godfrey to the rank of Major of Invalids: But the Hon'ble Court having in a recent dispatch confirmed the Resolution passed on that subject; His Lordship in Council accordingly directs that the promotion of Captain Godfrey to the rank of Major of Invalids shall take place from the Period of that Officer's embarkation for the purpose of returning to India.—

The Right Honorable the Governor in Council having received from His Excellency the Commander in Chief a communication of the Proceedings of the Court Martial assembled for the trial of Captain Stainforth Johnston, late Persian Interpreter of the Officer commanding the Subsidiary Force of His Highness the Nizam, together with a communication of the Orders which His Excellency has deemed it proper to publish to the Army on the subject of Captain Johnstone's trial, His Lordship in Council takes this occasion of declaring the strongest sense of his concurrence in the sentiments which have been expressed by the Commander in Chief relative to the conduct of that Officer.

Captain Johnstone having been charged during the late Campaign in the Deckan, with the execution of duties of an important and confidential nature, His Lordship in Council has observed with the deepest concern, the extent to which that Officer has been found capable of betraying the trust confided to him. But it having been established by unquestionable evidence, that Captain Johnstone was guilty of the grossest corruption and extortion in his dealings with the Officers of His Highness the Nizam, and

of

of acts of disgraceful fraud in the Superintendance of the supplies entrusted to his charge, His Lordship in Council cordially concurs with His Excellency the Commander in Chief in the necessity of vindicating the character of the British name and of the British Army from the stain of similar Misconduct, and of holding forth to merited infamy the Officer who has been convicted of crimes deeply involving the honor of the Military profession and the respect due to the reputation of the British Government.—

The Right Honorable the Governor in Council accordingly intends to take the earliest opportunity of stating to the Honorable Court of Directors, His Lordship's earnest recommendation that Captain Johnstone may be dismissed from the Service of the Honorable Company, as an Officer unworthy of the Station which he holds; and His Lordship in Council hereby orders and directs that Captain Johnstone be suspended from the Honorable Company's Service until the determination of the Honorable Court on his case shall have been received.—

G.O. By Government.—

The Right Honble the Governor in Council is pleased to publish for the information of the Army the following Extract of a letter from the Honorable Court of Directors dated 22nd August 1804.—

To the Hon'ble Court of Directors dated 20th October 1802. Para 50. Pondicherry Prize Money.

Para 5 We have perused the whole of the proceedings on this Subject as communicated in your Subsequent Letters of the 22nd February & 12th September 1803, and the Consultations to which they refer.—

16. We See no objection to the Plan of distribution of the Captured property suggested by the late General Brathwaite, as it seems nearly to conform to the directions in His Majesty's Proclamation of the 17th April 1793, which we direct shall govern all cases of Prize hereafter occurring in India when authorized to be distributed, unless the same shall be varied by His Majesty's command.

17th We observe with concern that the actual division has been further delayed occasioned by one of the agents, the late Colonel Smart, not having accounted for a considerable proportion of Prize Money which came into his hands, and the difficulties which have been Subsequently experienced in recovering the

Amount

Amount from his Administratrix you are already advised of our having transmitted under the Opinion of our Solicitor the Original Grant, and we trust the production of this Document will obviate all further delay in the recovery of the sum retained by the Late Lieutenant Colonel Smart.—

18. We have attended to the Observations contained in the 6th Paragraph of your letter of the 22d February 1803, founded on the representations of the late Major General Brathwaite in his letter of the 30th November preceding, and in testimony of our Sense of the gallant conduct of the Forces employed in the Capture of Pondicherry in 1793 and of the Officers who commanded them, in view to our Orders of the 31st July 1787 respecting the former Capture of that Place, and as the Company have on some other occasions given up their Share of Prize to the Army; the proportion of Booty taken at Pondicherry in 1793, and allotted to the Company we have consented to relinquish by His Majesty's Grant to the Forces employed on the expedition, and direct that the distribution thereof be accordingly made on the same principles as the other Moiety.—

To the Hble Ct of Directors dated 22d Febry 1803 - Para 129. 129. Vaccine Innoculation introduced; - Hospital estab- lished at the presidency.

197. We introduction of a Practice which holds out such important advantages to the Community, will naturally ensure every assistance & encouragement on our part, We join most Cordially in the encomiums that have been passed upon your Physician General Dr. Anderson for his benevolent and indefatigable exertions in extending this Practice, - and concur entirely in the Measures we [illegible] recommended by the Medical Board for extending & preserving

the

the benefits of the discovery in the Territories under your superintendance the co-operations of that Board in the laudable endeavours of their president merits our particular approbation, and great praise is due to all the Medical servants who have afforded their assistance in establishing the practice.

198 The Establishments and allowances you have resolved on for carrying the benevolent purposes of this discovery into effect have our approbation, the Sentiments expressed in the 126th and 127th Paragraphs coincide with our own opinions upon the Subject.

260. Lieutenant Colonel Beatson's retirement from the Service took place on the 7th September 1803.

261 Mr. Whitefield Assistant Surgeon one of the Officers mentioned died on Board the Barring the 31st May 1803.

295 Having received several applications from Colonel Cromwell Massey late of your Establishment requesting to be placed upon the retired List of Officers to be formed by the arrangement respecting the future distribution of the Officeships directed in our letter to Bengal of the 20th April 1803 We have taken the same into consideration, and finding that Colonel Massey was actually promoted to the Rank of Colonel and to the Command of the 9th Regiment of Native Infantry on the 29th August 1800 in consequence of the Resignation of Colonel Wynch, and that he was entitled to that rank by our late Orders respecting promotions in consequence of Officers retiring here from 17th of June 1800, we have consented

to

to place him on the retired list under the arrangement abovementioned from the 6th June 1804

No. 50.

Fort St. George

2nd April 1805

G. O. By Government.

The Right Honble the Governor in Council having given serious Consideration to the heavy Public losses sustained by the existing system of Paying the families of troops Serving in the Field, has resolved to abolish that System from and after the 1st. day of May next, with the exception of the Family Certificates at present in use with the different Corps and Departments Serving in the field and on Foreign Service, and in cases when Troops may hereafter be ordered to embark on Foreign Service.

His

His Lordship in Council has accordingly been pleased to Establish the following Regulations for the future Support of the Families of Troops employed in the Field on actual Service.—

1st From the period above Stated Corps and Departments, when Ordered to the Field on actual service shall prepare by Troops or Companies Rolls of the Commissioned Officers, Non Commissioned Officers, Privates &c.a European or Native who may be desirous of leaving a part of their pay for the Support of their Families, these Rolls after having been duly examined and found correct are to be delivered to the Officer Commanding the Corps in duplicate one Copy of which he is reserve for himself, the other to be transmitted to the Officer who will be Specially appointed to the Charge and payment of the Families of Government.

2d The Families of the Troops after being furnished with Certificates are to be assembled together with the least possible delay at the most eligible Station in the different divisions of the Army, and placed under Charge of the Officer Stationed there for the purpose of taking charge of and making payments to them.—

3d The proportion of the Pay of the Troops which is to be appropriated for the Support of their Families is to be Stopped monthly from the Troops on the issue of Pay by Officers Commanding in Charge of Troops or Companies, and paid into the Hands of the Officer Commanding the Corps who is to grant

a

a receipt for the same.—

The amount so paid to Officers Commanding Corps is to be immediately delivered by them to the Paymaster in Camp, who is hereby ordered and directed to grant Bills for the same on the Pay-master at or nearest to the Station where the Families reside at five days sight, in favor of the Officer appointed to the charge and payment of the Families, whose duty it will be to receive the amount from the Pay-master of the Station and distribute it to the Families according to their Certificates and Rolls transmitted to him by Officers Commanding Corps agreeably to the 1st Article.—

5th " To prevent Accidents by Miscarriage which in time of War is frequent and unavoidable, the Bills are to be made out in Triplicate two to be forwarded to the Officer in charge of the Families by different days dispatch, the other Bill to remain with the Command-ing Officer until he receives information of one or other of the two Bills dispatched having reached the Officer in charge, when the other will either be despatched or destroyed according to Circumstances.—

6th. Officers Commanding Corps are to be very particular in transmitting to the Officer in charge of the Families along with the Bills correct Monthly Rolls of all Casualties &c. that may happen from one period to another; they are also directed to correspond with that Officer on the Subject of the Payment of the Families or to commu-nicate Casualties &c. whenever it may be necessary, as they will

be

be held responsible for any deficiency that may arise from neglect on their part between the amount of the Bills transmitted by them to the Officer in charge of and that paid to the families.—

7th. The Officer in Charge of the families is to pay particular attention to the Casualties &c. which he may receive from time to time from Officers Commanding Corps as he will be held responsible for any difference that may arise between the amount of the Bills drawn in his favour, and that paid to the families from any neglect on his own part.—

8th. As the distribution of the money to the families cannot take place untill after the Bills are received from Officers Commanding Corps by the Officer in charge, and the Amount paid into his hands by the Paymaster of the Station, it does not appear probable that any difference whatever can arise, particularly as monthly Rolls of all casualties &c. are to be regularly transmitted to the Officer in charge along with the Bills by Officers Commanding Corps; but should any difference arise however trifling it will be the duty of the former to communicate the same to the latter immediately, in Order that it may be adjusted by the Parties without delay.—

9th. The proportion of the pay of Native Commissioned and non Commissioned Officers Drummers and Fifers to be appropriated monthly for the Support of their families is not to exceed half their net Pay, that for the Support of the

the families of a Sepoy is never to exceed four Rupees for any individual family, which considering the claim that the families have for issues of Rice from the Public Stores at the rate of 70 Pagodas per Candy whenever that article exceeds one fanam per Pr. Garce Measure in the Bazar, is considered sufficient for their Maintenance.—

10th The Proportion of the Pay of the Sepoy to be appropriated Monthly for the Support of his family as above Viz.t Four Rupees is to be uniformly paid as follows, if in Silver in Rupees, if in Gold at the rate of one Star Pagoda and three Silver Madras double or Six Madras Single fanams when the Star Pagodas and Silver fanams are current, and in all the Divisions or Districts where these Coins are not current, the Officer in Charge of the families will make it his particular business to obtain from the Paymaster of the Station on whom the Bills are drawn, the amount payable by him in such manner as to ensure to the families the fullest advantage on the score of Exchange, and when he shall from whatsoever cause fail in this important part of his duty, he will lose no time in Stating the case to the Military Auditor General for the information of the Right Honble the Governor in Council.—

11th These Regulations apply equally to all public Departments as well as to Corps under the direction and Superintendance of the Officers respectively in Charge.

12th Officers in Command of Corps or at

the

the Heads of Departments on actual Service in the field, are hereby strictly enjoined to pay the most particular attention to the prompt transmission of the Bills for the payment of the families in the Manner here in directed to the Officers in charge, as the Comfort of the families of the Troops depends on this Material and Essential part of these Regulations. —

13th. Forms of the Rolls and Certificates mentioned in the 1st 2nd and 6th Articles are annexed for the information and guidance of all concerned Numbered 1, 2 and 3d.

The Right Honble the Governor in Council on this Occasion of the intended imbarkation for Europe of the remaining Officers and Men of His Majestys 75th Regiment discharges a duty of the highest satisfaction to His Lordship in Council in bestowing on that distinguished Corps a Public testimony of His Lordship's warmest respect and approbation.—

During a long and an eventful period of residence in India the conduct of His Majesty's 75th Regiment has in neither during Peace or in War been equally exemplary and conspicuous having been not less distinguished by the General tenor of its discipline than by the most glorious atchievements in the field. His Lordship in Council impressed with these sentiments desires that His Majesty's 75th Regiment may be held forth as an object of imitation for the Military Establishment of this Presidency. as His Lordship will ever reflect with pride and gratification that in the actions which have led to the present preeminence of the British Empire in India the part which has been nobly sustained by that Corps will add lustre to the Military Annals of the Country, and will Crown the name of His Majesty's 75th Regiment with an immortal reputation.—

It having been ascertained to the Satisfaction of the Gover-

G. O. By Government.—

The Governor in Council is pleased to publish for General information the following extracts of letters from the Honorable Court of Directors dated the 17th of August 1803 and 18th April 1805.—

Letter Dated 17th August 1803

Para 78. The rule that we have determined upon in regard to the Rank of Officers transferred to the Cavalry is the same which has been directed to be observed in respect to actual Appointments made in India Viz.t that the Officers so appointed shall rank below the Cadets appointed by us in

the

the same Season confining it however to those of the latter des=
=cription who actually arrive in India in that Season according
to the Regulations contained in our letter of the 26th August 1801.-

79. Upon this principle we direct that the rank of Officers
transferred to the Cavalry shall be established, and that all
the Cadets for that Corps appointed by us in the Season 1800/1 who
arrived in the year 1801 shall rank above the Officers transferred
in that year.-

82. As to the relative rank of the Officers transferred to the
Artillery which you have referred to us in Paragraphs 96 and
99 of your Letter of the 29th May last, We have on the most ma=
=ture deliberation come to the following determination, they
are grounded in general upon the same principles as those
established in regard to Officers transferred to the Cavalry.-

Lieutenant Count a Cadet of 1798 who arrived
in July 1800, is to rank above Lieutenant Blaveland transferred
the 7th March 1800. Lieutenant Macintosh a Cadet of 1798 trans=
ferred the 19th April 1800 is to rank next below Lieutenant Blaveland.

Lieutenant Gahagan a Cadet of 1799
proceeded to his duty on board the Queen and on the loss of
that Ship took his passage on the Kent By the unfortunate

Accidents

Accidents which happened to both those Ships his Arrival was considerably retarded and it appears only equitable therefore to make due consideration for this circumstance by giving him rank next to Lieutenant Macintosh.-

Lieutenant Poignand transferred 6th August 1800 having according to the Adjutant Generals Statement produced a Certificate from the Masters at Woolwich of his qualifications for the Artillery Corps is to rank after Lieutenant Gahagan. Messrs. Pasley, Showers, Hopkinson, Kinsey and Gorham Cadets of 1797 and 1798 who arrived in August 1801 and February 1802 are to follow,- it having been expressly stated in December 1800 on the transfer of Messrs Ross Morrison Rimington Moorhouse and Purvis, Cadets of 1799. that they should take rank after the Cadets of Artillery appointed in Europe to that Corps in the same or any preceding Season with themselves, they are therefore to follow Mr. Gorham, and Mr Palmer transferred March 1801 is to rank after them.-

83. This Arrangement in regard to the Rank of Cadets proceeding from Woolwich is conformable to the Regulations advised in our letter of [illegible] and although some of the Gentlemen who have been educated at that Academy will hereby experience an alteration in the rank assigned them when they

they left this Country, it will be apparent that most of the transfers made to the Artillery were not within our Knowledge at the time we gave directions as to their Rank."-

Letter Dated 18th April 1805

Para 2. "As a mark of the high sense we entertain of the extraordinary Services rendered to the East India Company by the late Major General Stevenson of your Establishment, we have come to the Resolution of granting to his Widow an Annuity of three Hundred Pounds during her Widowhood: which Resolution has been confirmed by a General Court of Proprietors and by the Board of Commissioners for the Affairs of India.

Para 3 We have since received an Application from Mrs Stevenson stating that the funds remaining for the support of her two Children in the event of her decease will be very confined, indeed if from those funds is to be deducted the Sums of 7,000 Pagodas which she states was borrowed from the Madras Government by the late General Stevenson to enable him to pay his Passage to Europe &c.

Para 4. We have therefore resolved to exonerate the Estate of General Stevenson from repayment of the Advance to that Amount made to him by the Madras Government and

Advised

Advised in their Military Letter of the 23d. March 1804 Para 42d.

Para 5 We have permitted the following Military Officers to return to their Rank on your Establishment Viz.t.

Lieutenant Colonel Charles Rumley

Lieutenant Edward Fraser

" Edward Hay

Para 6. The Education of Cadets for our Artillery and Engineer Establishments in India at the Royal Military Academy at Woolwich is a Measure of such evident utility and promises such essential Advantages to our Military Service in the superior qualifications thereby attainable for those Branches of it, that we consider it to be indispensable to the ends in View that every fair and reasonable Encouragement should be given to young Gentlemen to prosecute their studies in that Institution.

Para 7. It appears to us however that these important Objects would in a Material degree be defeated and Great injustice be done to Cadets who thus remain in Europe for the purpose of qualifying themselves in a Superior manner at the Royal Academy at Woolwich if their proper Rank in the Service were not preserved to them during the period of their Studies so far as is consistent with the Regulations of

the

the Academy in respect to the Precedency given thereby to Gentlemen just Reported qualified for Promotion"-

Para 8- In this view of the Subject and in Consequence of Representations that have been made to us thereon our attention has been drawn to the Orders contained in the 82nd Paragraph of our Military Letter of the 17th August 1803 respecting the Rank of certain Artillery Officers therein mentioned, and observing that an Error has been Committed in the Arrangement of Rank therein detailed, we have thought proper to direct that the following Alterations in those Orders shall take place.-

Para 9- Lieutenant Paske Bowers Hopkinson Gore-ham and Hinsey Cadets of 1797 and 1798 are to rank next after Lieutenant Count in the Order abovementioned being that in which they were reported qualified from the Royal Academy- this is also the Rank assigned them from that Circumstance in our Letters of the 11th February and 26th August 1801.-

Para 10- Lieutenant Cleaveland and Macintosh Cadets for Infantry of 1798 who were transferred to the Artillery the 7th March and 9th April 1800 are to Rank next to the above-

Para 11- Messrs Galwan and Burton Cadets of 1799 for the Artillery or Engineers are to follow in the Order they

are

are here named being that in which they were reported qualified from the Academy, and Mr. Shairp next to Mr. Burton. Mr. Shairp's rank at this he was a Cadet of 1799 being fixed by the Regulation of the Academy relative to the Order in which Cadets are reported qualified.—

Para 12.— Mr. Poignand a Cadet of 1799 transferred from the Infantry the 1st August 1800 is to rank next to "Mr. Shairp"—

Para 13.— The foregoing Arrangement appears to us as nearly consistent as Circumstances will admit with a due Regard to the rights of the Cadets educated here for the Artillery or Engineers respecting the preservation of their just Rank, and the regulations of the Academy as to the Rank of those first reported qualified in strict conformity thereto, perhaps all the transferred Officers should have been placed under those educated here without reference to their Rank of Cadets. we are however unwilling to adopt a regulation which would appear harsh to the transferred Officers, many of whom may have served for some years in our Artillery with Credit and Reputation.—

Para 14. We have agreed to restore to the Service Mr. Wm Bitty a Surgeon on your Establishment who was dismissed by the Sentence of a Court Martial, and the General Court

have

have concurred in this our Resolution.—

Para 15 We have been influenced in our decision upon Mr Betty's case by the peculiar circumstances of his long continuance under Arrest previous to his Trial, and of his having been acquitted of all the Charges brought Against him except that of breaking his Arrest, in which he appears to have acted more from an error in Judgement, than intentional disobedience, and likewise by the very strong and unanimous Recommendation of the Court Martial in his favour."

Para 17— We have permitted Lieutenant Colonel Samuel Ogg to return to his duty on your Establishment, and in consideration of the long and meritorious Services of this Officer, and the peculiar Circumstances which occurred to retard his Promotion on the Augmentation made to your Army in 1809, we recommend him to the particular Notice and Attention of your Government.

His Lordship in Council also is pleased to publish the following Memorandum furnished by the Secretary at the India House.—

The following Letter from Captain Lieutenant Ward on the Subject of his Rank in the 7th Regiment of Native Infantry having been laid before the Right Honorable the Governor in Council. His Lordship has been pleased to direct that a Copy of it be published in General Orders together with the Decision of His Lordship in Council on the Case in question.

To the Adjutant General of the Army
Fort St. George

Sir

I beg Leave to State to you for the information of His Excellency

Excellency the Commander in Chief a Claim by which I conceive that I am entitled to rank above Captain Wm. Woodhouse in the 7th Regt. of Native Infantry.—

According to the Orders of the Honorable Court of Directors of the 7th January 1796 and the existing Regulations of His Majesty's and the Honorable Company's Service, An Officer exchanging from One Regiment into another comes in as junior of his Rank.—

Lieutenant (now Captain) Woodhouse having Exchanged from the 5th into the 7th Native Regiment after the Officers of Infantry were permanently appointed to Regiments by the General Order of the 1st January 1800, ought agreeably to the Regulations of the Army, to rank under me in the Regiment.—

Lieutenant Woodhouse Ranked under me in the Regiment for Several Months after his coming into it, but on the publication of the List of Cadets for the Season 1798 he was placed above me without attending to the circumstance of his having forfeited his right to rank according to his seniority on the List of Cadets from having Exchanged.—

I am led to Suppose that Lieutenant Wood=
=house was put above me in the Regiment through inadvertency from a directly opposite course having been pursued in a Similar case. Lieutenant Cuffley who Exchanged from the 11th into the 18th Regiment was placed under Lieutenant Edmonds

in

in the latter corps though Senior to him on the List of Cadets,
the cases are exactly alike as both Exchanges took place previ-
ous to the publication of the list of Cadets.-

Lieutenant Cuffley has been
justly placed under Lieutenant Edmonds on account of his
having forfeited his Right to rank accordingly to his Seniority
on the list of Cadets from having Exchanged, the same rule
must apply to Captain Woodhouse, and he ought to rank
under me in the Regiment.-

It may perhaps be objected to my now
regaining my Rank that I have allowed my claim to it
to be so long dormant, this has proceeded from my being
aware of the difficulty of correcting the Mistake from
Captain Parlby having been placed between Captain
Woodhouse and me in the Regiment, and partly from
my unwillingness to trouble Head Quarters on a subject
which I was not without hopes might on recollec-
tion be rectified. Seeing no likelihood of any change
taking place without my pointing out the Mistake,
I am at last led to urge my claim, and trust that
if on examination my Statement is found Correct
that His Excellency the Commander in Chief will not

find

find it too late to do me justice.—

Signed, H. Wood Lieutenant
2. Bn 7th Regt N. Infantry

The Statement of Captain Lieutenant Wood as Submitted in the foregoing Letter having been found to be correct on reference to the Records of the Office of the Adjutant General of the Army, the Governor in Council has decided agreeably to the Regulations established in General Orders on the 5th of November 1799, that Captain Lieutenant Wood has been entitled to take Rank above Captain Woodhouse from the date of that Officers Exchange into the 7th Regiment of Native Infantry.—

His Lordship in Council is further of Opinion that in consenting to be transferred to the 7th Regiment of Native Infantry with inferior Rank to Lieut. Wood, Lieutenant Woodhouse virtually consented to take Rank under all Officers entitled to be placed above Lieut. Wood in the same Regiment either before or after the Date of the Exchange.—

Lieutenant Carby having been originally appointed to the 7th Regiment of Native Infantry took Rank of Lieutenant Wood in Virtue of the Superior Rank assigned to Him as a Cadet by the Honble Court of Directors, But the Superior Rank assigned to Lieutenant Woodhouse as a Cadet was resigned

Regimentally

Regimentally by that Officer on his Transfer to the 7th Regement;
and that Transfer agreeably to the Regulations of the Service
placed him in the Regement under Lieutenant Wood and
consequently under Lieutenant Parlby –

The Governor in Council has accordingly Resolved
that the following alteration of Rank shall take place in the
7th Regement of Native Infantry –

Lieutenant B.B. Parlby to be Captain Lieutenant
vice Pasley Promoted and Captain of a Company vice Brown trans-
ferred to the Non effective Establishment: Dates of Commissions the
9th October 1804 and 19th December 1804.

Lieutenant P. Wood to be Captain Lieutenant vice
Parlby Promoted and Captain of a Company vice Marshall
Promoted; Dates of Commissions the 19th of December 1804 +
and 20th September 1805 –

Lieutenant W Woodhouse to be Captain Lieutenant
vice Wood Promoted: Date of Commission the 20th Sept. 1805 –

It is not without considerable reluctance that the
Governor in Council has adopted the foregoing Resolution for
Restoring Captain Wood to his proper Rank at so distant a period
from the Date of his Supercession in being dispossessed of the
Rank to which he had originally relinquished his pretensions
Captain Lieutenant Woodhouse cannot complain of any
grievance, but having been suffered to remain in the un-
disputed possession of it for many Years, it cannot be deemed
that

that He has cause for disappointment arising from the remissness of Captain Wood in the prosecution of his claim, and as the Reasons assigned for that delay are far from satisfactory, His Lordship in Council has deemed it to be deserving of this Public censure.

Under these circumstances His Lordship in Council would willingly have enforced the General Order of the 7th November 1788 which was intended to provide against the favorable reception of such dilatory claims, but that Order having been rendered obsolete by long disuse, His Lordship in Council is precluded from having resourse to It in the present Instance.

This claim however of Captain Wood having proved the wisdom of the Regulation established in General Orders on the 7th of November 1788, His Lordship in Council is pleased to renew and to confirm the Regulation from that Date, and to direct that a copy of It be annexed to the present Orders for the information and Guidance of the Army.

His Lordship in Council is further pleased to signify his intention of Supporting to the utmost of his power the Regulation which He has confirmed, and His Resolution not to deviate from It under any circumstances but such as may be of particular exigency, His Lordship in Council will under no circumstances authorize a departure from the Regulation where it shall not be manifest that any delay which may occur in

presenting

presenting claims of the nature in question is in no shape imputable to the persons immediately interested in their determination.

Extract of G. O. By Government - Dated 7th November 1788 -

Several Applications for Rank having lately been made to the Honorable the Governor in Council all of which upon examination have been proved to be entirely groundless, and as every Officer must be supposed in the Course of one year to have obtained a thorough Knowledge of his proper situation in the Company's Service, and be enable in that time both to make known claims and to procure every testimony necessary in Support of them. It is the pleasure of the Honorable the Governor in Council, that no Retrospect on the Subject of Rank shall be made beyond twelve months from the date of the application -

It is with sentiments of the deepest affliction, that the Right Honorable the Governor in Council announces to the Army of this Presidency the Mournful Intelligence of the death of the Most Honorable the Marquis Cornwallis Knight of the Most Noble Order of the Garter, Governor General of the East India Company's Possessions, and Commander in Chief of His Majesty's and the Honorable Company's Land Forces in the East Indies, which lamented event took place on the 5th Ultimo at Ghazeepore in the province of Benares, where His Lordship had proceeded in the intention of assuming the personal Command of the Army in the Field.-

His Lordship in Council deems it proper to publish for the information of the Army of this Presidency, the following Copy of a General Order, which was published at Fort William on this affecting occasion.-

General

General Orders By Government

Fort William 12th October 1805.

"With Sentiments of the deepest Sorrow and Regret, the Government announces the decease of the Most Honorable Charles Marquis Cornwallis Knight of the Most Noble Order of the Garter, Governor General of the East India Company's possessions, and Commander in Chief of His Majesty's and the Honorable Company's Land Forces in the East Indies."

"This affecting and greatly to be deplored event took place on Saturday the 5th Instant at Ghazeepore in the province of Benares, where His Lordship had arrived in his progress to join and to assume the personal Command of the Army in the Field, as well as for the purpose of accomplishing important objects intimately connected with the interests of the State."

"During a long and active life, distinguished by eminently honorable and arduous exertion in the Service of his Country, this illustrious viewed & Nobleman manifested all the Energies; combined with all the Virtues which can dignify exalted public Station, and adorn the Sphere of private Life. As a Patriot, a Statesman, a Warrior, and a Man, the Character of Marquis Cornwallis shines with distinguished lustre."

"The Records of the British Empire in Europe and in Asia, bear ample testimony to the splendid and important Services rendered by him, in different quarters of the Globe to his sovereign and his Country."

"To the East India Company, the Memory of Marquis Cornwallis is peculiarly endeared. To the Service of this Country in India, were devoted some of the most vigorous years of his valuable Life; and there at an advanced period of it, has pleased Divine Providence to terminate his earthly Career of Honour, and of Glory."

"British India will ever be proud to associate with its Happiness, its Prosperity, and Renown, the grateful remembrance of its venerable Benefactor Marquis Cornwallis; and the Native Powers of

India

India, will sincerely regret a Man who so deservedly possessed their unbounded Confidence, and highest Esteem".

"By his Sovereign, and his Country, the death of Marquis Cornwallis will be deplored as a public Calamity — & Europe at large, to whom his Fame and his Virtues have long been familiar, will lament the loss of such exalted, and respected Worth; And History will record his Magnanimity, his Benevolence, his love of Justice, his inflexible Integrity, his ardent Valour, his wise and prudent policy, as eminently worthy of Imitation, and of praise."—

"The Flag of Fort William to be immediately hoisted half staff high, and to continue so until Sun set."

"Minute Guns, Sixty Six in number, corresponding with the Age of the deceased, to be fired from the Ramparts of Fort William

"Similar Marks of Respect with Solemnities & "Suitable to the Mournful occasion to be paid to the Memory of Marquis Cornwallis, at all the principal Stations and Posts dependent upon this Presidency, and Copies of the preceding Orders may be transmitted to the Governments of Fort St. George, Bombay, and Prince of Wales's Island, & and also to the Government of the British Possessions on the Island of Ceylon".
