HEAD QUARTERS: CHOULTRY PLAIN, 25th *January* 1809.

G. O. BY THE COMMANDER IN CHIEF.

The moment is now arrived when Lieutenant General Macdowall is to take leave of the Coast Army; an Army whose ardent Courage, consummate discipline, and persevering firmness, has been displayed in the achievement of those brilliant exploits, which have secured its own Glory, and added to the British Empire extensive and fertile regions of incalculable value and importance.—May your patriotism, valour, and worth be acknowledged and rewarded by your King, and by the East India Company, in proportion as they are known and appreciated by your Commander in Chief.

Had Lieutenant General Macdowall succeeded to the high and enviable Office with all the advantages enjoyed by his predecessors, he would upon first assuming the command, have promulged his sentiments on so flattering an event; but the circumstances of his appointment were so humiliating and unpropitious, that he declined addressing the Army, in the anxious hope that the Court of Directors might on farther deliberation be induced to restore him to his rights, and by altering the new and extraordinary form of Government, have enabled him to exercise the functions of his Station, as the Representative of the Army with honor to the Service and with credit to himself—no prospect of such an occurrence appearing at all probable, in justice to the Army, and to his Character, he has determined to retire.

On quitting a Country in which he has passed the greatest part of his life, and where he possesses many dear and respected friends, Lieutenant General Macdowall cannot view his separation from a body of men he is sincerely attached to, without suffering the most painful sensations—from the nature of the service, he can have little chance of meeting with them again; but he is bound to declare that the whole tenor of their Conduct has met with his entire approbation, and he will boldly affirm, without danger of contradiction, that His Majesty has not in any part of his dominions, a more loyal patriotic and valiant Class of Soldiers and subjects than the Officers composing the Army under the Presidency of *Fort St. George*.

That success may continue to attend their steps, that their dearly bought laurels may never decay, and that their bravery and discipline may gather additional wreaths in the field of honor, is the sincere prayer of a man who will never forget them.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency Lieutenant General Macdowall thinking it highly expedient and necessary for the benefit of the Service at large that the Troops composing the Army serving on the *Fort St. George* Establishment should be kept in the constant practice of one uniform System of general Field Movement in large Bodies—the Commander in Chief is therefore pleased to direct that all Garrisons and Stations of the Army where there may be more than one Corps, the whole of the Effective Troops composing such Garrison, or serving at such Station, of whatever description, shall, as often as the health of the Troops, and the Duties of Garrison or Station will admit, be Exercised collectively by the Officer Commanding the Garrison or Station; or in his absence from Indisposition, by the next Senior Officer present.

Officers Commanding Divisions of the Army will be pleased occasionally to take the immediate Charge of the Troops at Exercise at the Stations where they may from time to time take up their Head Quarters.

The Commander in Chief directs that the Details of European Regiments requiring instruction in the great Gun Exercise (in conformity with the Orders that have been forwarded from Head Quarters) shall be sent for that purpose to the nearest Detachment of Artillery and be placed during the period of Instruction under the immediate Charge of the Artillery Officer; but Artillery Non Commissioned Officers, or Men, shall not be taken from their Corps or Detachment to instruct the Details of European Regiments on any occasion.

31st *January* 1809.

Fort St. George, 31st January 1809.

G. O. By Government.

It has recently come to the knowledge of the Honorable the Governor in Council that Lieutenant General Hay Macdowall did previously to his embarkation from this Presidency leave to be published to the Army a General Order dated 28th Instant, in the highest degree disrespectful to the Authority of the Government, in which that Officer has presumed to found a public censure on an Act adopted under the immediate Authority of the Governor in Council, and to convey insinuations grossly derogatory to the Character of the Government,

and

and Subversion of Military discipline, and of the foundations of Public Authority.

The resignation of Lieutenant General Macdowall of the Command of the Army of *Fort St. George*, not having been yet received, it becomes the duty of the Governor in Council, in consideration of the Violent and inflammatory Proceedings of that Officer on the present and on other recent occasions, and for the purpose of preventing the possible repetition of farther Acts of outrage, to anticipate the period of his expected resignation, and to annul the Appointment of Lieutenant General Macdowall to the Command of the Army of this Presidency,—Lieutenant General Macdowall is accordingly hereby removed from the station of the Commander in Chief of the forces of *Fort St. George*.

The Governor in Council must lament with the deepest regret the necessity of resorting to an extreme measure of this nature; but where a manifest endeavour has been used to bring into degradation the Supreme public Authority it is essential that the vindication should not be less signal than the Offence, and that a memorable example should be given that proceedings subversive of established Order can find no security, under the Sanction of Rank however high, or of Station however exalted.

The General Order in question having been circulated under the Signature of the Deputy Adjutant General of the Army, it must have been known to that Officer, that in giving currency to a Paper of this offensive description, he was acting in direct violation of his duty to the Government, as no Authority can justify the execution of an illegal act, connected as that act obviously in the present case has been with views of the most reprehensible nature.—The Governor in Council thinks it proper to mark his highest displeasure at the conduct of Major Boles by directing that he shall be suspended from the Service of the Honorable Company.

The General Order left by the Commander in Chief for publication, under date the 28th Instant, is directed to be expunged from every public Record, and the Adjutant General of the Army will immediately circulate the necessary Orders for this purpose.

By order of the Honorable the Governor in Council.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council has recently received a particular account of the Action which took place at *Quilon* on the 15th ultimo, between the British Troops and the Troops of *Travancore*, in which after a severe and long contest the *Travancore* Troops were defeated with heavy loss—From the extent of the Combined force, which was opposed to the British Troops, this Signal victory reflects the highest honor on their discipline and valour; and the Governor in Council has great Satisfaction in expressing his strongest approbation of their meritorious Conduct.

The Governor in Council accordingly conveys to Lieutenant Colonel Chalmers, who Commanded the British Detachment at *Quilon* in this distinguished Action, his public thanks; and Lieutenant Colonel Chalmers is requested to convey the thanks of the Governor in Council to Lieutenant Colonel Picton of His Majesty's 12th Regiment, Major Muirhead, Major Hamilton, Captain Newall, Captain Pepper, Captain Mackintosh, Lieutenant Lindsay, Lieutenant Arthur of the Engineers, and the Officers of his Staff, Captain Cranston and Captain Ahmuty; with the other Officers and Troops of the Detachment, who bravely Signalized themselves on the occasion.

The Honorable the Governor in Council also takes this opportunity of expressing his warm approbation of the Conduct of a Detachment of Troops Stationed at *Cochin*, under the Command of Major Hewitt, who with great skill and bravery repulsed a numerous and united force of the Troops of *Travancore* and *Cochin*, in an attack which they made on the British Detachment on the 19th Ultimo—The Governor in Council has particular satisfaction in expressing to Major Hewitt, and to the Officers and Troops under his Command, his public thanks for their highly deserving Conduct.

G. O. By Government.

The Honorable the Governor in Council having lately adopted the measure, of ordering the release of the Quarter Master General of the Army from Arrest; and it being desirable, that the circumstances connected with that measure, should be distinctly and publicly understood, there being reason to believe, that a great degree of misapprehension has hitherto existed; the Governor in Council thinks it proper to state, that the Quarter Master General was placed under Arrest by the late Commander in Chief, on charges founded on a Report which was submitted by the Quarter Master General, in conformity to express Orders; which report having been approved and adopted by the Commander in Chief, Lieutenant General Sir John Cradock, was by him communicated to the late Right Honorable the Governor in Council of *Fort St. George*, and finally laid before the Supreme Government, under whose approbation and Orders, it became the foundation of measures already known to the Army.

In these circumstances the Quarter Master General could be considered no longer responsible for proceedings so sanctioned; and it would have been inconsistent with the Evident principles of Justice, that a public Officer should have been liable to the obloquy of a trial, for an Act not his, but that of his Superiors—the question which in such case would have been submitted to the Cognizance of a Military Tribunal, would not have involved only a discussion of the Conduct of the Quarter Master General, but would have extended to the measures of the principal Civil and Military authorities in this Country; measures, which had undergone the maturest consideration, and which had been carried into effect under the most formal sanction—it must be apparent, that a discussion involving consequences of this nature, would have been contrary to law; contrary to reason; ruinous of public confidence; and subversive of the foundations of Military discipline, and of public authority.

Impressed with these sentiments, it became the solemn, the bounden duty of the Governor in Council, on the facts being made known, by a communication from the Quarter Master General, (which from the nature of the question, it became the right and duty of that Officer; to submit by direct reference on the communication having been refused by the late Commander in Chief,)

Chief,) to interpose the authority of the Government, for the prevention of the most fatal evils—it was the wish; it was the earnest endeavour, of the Governor in Council, to effect this object, by every means of conciliation and explanation; but such means having been used in vain, and having been even repelled under circumstances highly offensive, no alternative remained, but that of conveying a specific Order for the removal of the Arrest.

The Governor in Council desires, that the Officers of this Army, will be assured, that this Government would not be less solicitous to vindicate their honor and reputation, by rejecting all injurious imputations if such could have been supposed, than the Officers of the Army could have been solicitous in their own vindication—The Governor in Council has accordingly under this impression, been led to an attentive consideration of the expressions which are understood to have been deemed objectionable, and he has no hesitation in declaring, that it appears in his Judgment, impossible under any correct construction, to attach an offensive meaning to words, where injury was not meant, and where the intention of Offence assuredly did not exist.

Having stated this explanation, the Honorable the Governor in Council deems it his further duty to observe, that the question which has been under deliberation, must be now considered as concluded—the farther Agitation of a subject of this nature could be availing for no purpose, but that of disturbing the established course of Public affairs, and for the excitement of feelings injurious to Order and authority, and it will be accordingly of importance to the Public welfare, that the Circumstances connected with it, should be consigned to oblivion.

G. O. BY MAJOR GENERAL GOWDIE.

Major General Gowdie embraces the earliest moment to express the sense of satisfaction which he entertains, in being called to the Command of an Army with which he has passed the greatest portion of his life; which he has accompanied in every vicissitude of misfortune and success; and which he has seen finally to subdue all the Enemies by whom it has been opposed. Major General Gowdie encourages a confident assurance, that the Army will be distinguished, while he shall have the honor of Commanding it, by the same zeal, public Spirit, discipline and respect for Authority, which produced the eminent success that have signalized it, and which are essential to the prosperity of the British Interests in *India*. It is the duty of the Officer Commanding the Army in Chief to state in the actual situation of affairs, that while his conduct shall be uniformly actuated by an earnest desire to afford the most honorable and decided support to the constituted authorities of his Country, to maintain discipline and subordination, and to distinguish

distinguish merit, services, and claims, he expects, from the Officers composing His Majesty's and the Honorable Company's Services and particularly from those who hold the command of Divisions, Stations and Corps, that cordial and zealous co-operation, which is dictated by the most powerful motives of duty to their Sovereign and their Country.

Fort St. George, 16th February 1809.

G. O. By Government.

The Honorable the Governor in Council has the greatest satisfaction in publishing in General Orders the following Extracts of Letters received from the Honorable Lieutenant Colonel Sentleger, announcing the decisive and distinguished success which attended the Storm of the Lines of *Travancore*, by the Troops under the Command of that Officer.

Extract of a Letter from the Honorable Lieutenant Colonel Sentleger to the Chief Secretary of the Government dated the 10th of February 1809.

" I had the honor this Morning to convey to you by Express " a small note in pencil for the information of the Honorable " the Governor in Council, by which you were made ac- " quainted with the satisfactory Intelligence of the British " Flags being flying in every part of the Arumbooley lines, " as well as the Commanding Redoubts to the North and " South."

" It is impossible for me to convey in language sufficiently " strong, the obligations I feel under to the personal exer- " tions of Major Welsh Commanding 3d Regiment Native " Infantry, and the Detachment for escalade under his Com- " mand."

" The Southern Redoubt which presented a complete enfilade " of the whole of the main lines as far as the Gate, was the " object of Major Welsh's enterprize, an enterprize which " from the natural Strength of the approach, appeared only " practicable to the exertions and determined bravery of " British Troops led on to Glory by Major Welsh, It was ascended

" ascended under cover of the Night, and our Troops had actu-
" ally escaladed the Wall, 'ere their approach was suspected,
" and the ascent was of such great difficulty as to require six
" hours of actual Scrambling to reach the foot of the Walls."

" On Consideration of the brilliancy of this achievement, I
" feel a pleasurable duty in detailing for the information of
" the Honorable the Governor in Council, a List of the Names
" of the Officers who accompanied the Detachment for
" Escalade, it consisted of two Companies, and the Picquet of
" His Majesty's 69th Regiment, Commanded by Captain
" Syms, and the four Flank, and five Battalion Companies
" from the 3d Regiment Native Infantry under Captain Lucas,
" and it did not require that confirmation which Major Welsh
" has conveyed to me in the most handsome manner, to con-
" vince me that to have accomplished such an object every man
" *must* have done his duty."

" In the list of Gallant fellows which accompanies this des-
" patch, I have to lament the fate of poor Captain Cunningham
" of His Majesty's 69th Regiment, whose Wound I fear is
" Mortal, which deprives his Country of a Brave and Valuable
" Officer."

" When Major Welsh had once effected his security, in this
" Commanding position, I despatched to his assistance by the
" same arduous route, a Company of His Majesty's 69th Regi-
" ment, and three Companies of the 1st Battalion 13th Regi-
" ment under Captain Hodgson to reinforce, and give Confi-
" dence to his party ; as soon as this addition was perceived, a
" detachment from his party stormed the main lines, and by dint
" of persevering bravery carried them entirely, and the Northern
" Redoubt was abandoned by the panic struck enemy, who fled
" in all possible confusion in every direction, leaving me in
" possession of their strongest lines, and I am now encamped
" two Miles interior of the Arumbooley Gate."

" I had ordered the remainder of the Detachment to be under
" Arms at Midnight, and marched to the most convenient
" position, either to secure Major Welsh's Retreat, or furnish
" him support, and when day-light permitted, Major Welsh had
" the satisfaction to see his friends at hand, ready to support him.

" It

" It would be injustice in me not to express the active Services
" I received from Lieutenant Colonel Macleod of His Majesty's
" 69th Regiment, they were such as might be expected from
" an Officer of his reputation and experience, in bringing
" forward his Regiment in support of the attack with the most
" Willing Zeal."

" I feel it a duty I owe from the Report of Major Welsh, of
" the Pioneers who accompanied him, to express my entire
" approbation, of their Conduct, and that of Lieutenant Bertram
" who Commanded them."

" In short, I feel highly satisfied with the conduct of the
" Officers and Men who composed the Detachment under my
" Command."

" I am in possession of the Arsenal, which appears well Stored
" with Arms, Ammunition and Military Stores, with a quantity
" of valuable Ordnance on the Works, which has not as yet been
" ascertained."

" I have not been able to ascertain the loss of the Enemy,
" but it must have been considerable."

Extract of a Letter from the Honorable Lieutenant Colonel Sentleger to the Chief Secretary of the Government dated the 11th February 1809.

" In the hurry of my despatch of yesterday, I omitted to " state for the information of the Honorable the Governor in " Council, the important Services I had derived from Major " Lambton's Ability, and well known professional skill; an " Omission I feel, and the more as I am fully sensible of the " Services he rendered me."

The Governor in Council considers the execution of the above Service to reflect equal honor on the Judgment with which it was planned, and on the Signal Zeal and bravery, with which it was carried into effect.—The Governor in Council accordingly conveys to the Honorable Lieutenant Colonel Sentleger, the expression of his warmest approbation and thanks, and Lieutenant Colonel Sentleger is requested to make known to the Officers and Troops under his Command; particularly to Major Welsh, who gallantly and ably Conducted the party employed in the Assault and to the other Officers mentioned by Lieutenant Colonel Sentleger, the sentiments of cordial approbation due to their meritorious conduct.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council has sincere satisfaction in publishing the following Extracts of Letters, received from the Honorable Lieutenant Colonel Sentleger, reporting the distinguished and decisive successes obtained by the detachment under his orders, in the prosecution of the present operations in *Travancore*.

Extract of a Letter from the Honorable Lieutenant Colonel Sentleger to the Chief Secretary of Government, Dated Camp the 17th February 1809.

" I have the honor to inform you that in consequence of its " being well ascertained, that a large force of the enemy had " taken post at the villages of *Cotar* and *Nagre Coil*, I " yesterday made the following arrangements to dislodge and " disperse them from those villages, where they had made " every endeavour to render themselves capable of withstanding " the attack, which they naturally expected I should make."

" I ordered Lieutenant Colonel Macleod of His Majesty's " 69th Regiment, of whose ability, judgment and gallantry I " was well aware, to proceed in advance, with the Flank " Companies of His Majesty's 69th The whole of the detach- " ment from the 3d Ceylon Regiment under Lieutenant " Colonel Morrie—Three troops of Cavalry under Major " Nuthall, and the Flank Companies of the 1st and 2d " Battalions 3d Regiment Native Infantry and of the 1st " Battalion 13th Native Regiment, with a Company of " Pioneers under Lieutenant Patterson, accompanied by the

detachment

" detachment of Royal Artillery, with the 6 Light Three
" Pounders under Captain Bates, the Galloper of the Cavalry,
" and the Brigade of six-pounders attached to the 1st Battalion
" 13th Regiment, forming in all a strong, and lightly
" equipped detachment."

" I was prepared to expect every obstacle from the Country
" thro' which the detachment had to march, as well as, from
" the uncommon strong, and advantageous position which the
" enemy had occupied with a Battery in front, Commanding
" entirely the entrance by which our troops must make the
" attack, rendered if possible, more strong, by a river in front,
" and thick impassible Country in the road—All these advantages
" however were of little service to them—Their Lines were
" attacked at day-light, under a heavy fire from the Battery,
" and from Guns which opened in all directions, and were
" gallantly carried after a sharp action—The village which is one
" of the largest, and finest I have seen in *India*, was completely
" scoured, and the enemy forced to retreat, in great confusion,
" protected in a great measure by the strength of Country in
" their rear."

" I cannot sufficiently dwell on the judgment displayed by
" Lieutenant Colonel Macleod in the form of attack, and
" gallantry of its execution, which must ever reflect on himself,
" the highest credit, and on the detachment under his
" Command."

" I cannot as yet forward a correct List of the Killed and
" wounded on our side—but from what has come to my
" knowledge, it appears to be considerable in Numbers, altho'
" small, when the strength of the enemy's position is considered."

" I have received no report of the quantity of Cannon, which
" fell into our hands, but I counted nine Pieces of Ordnance
" myself, and have reason to believe the number to be much
" greater."

" It was evidently the intention of the enemy to make a
" desperate Stand at this place, as the Dewan in person had
" been present for two days, and only fled when it was known
" that we were on the way to attack them—he is said to
" have retreated to *Papanaverum*, or *Woodagherry*."

" As the whole of the Troops have had severe fatigue it is " my intention to halt here to-morrow, and then proceed in " the direction of *Papanaverum*, and I trust by so doing, I am " endeavouring to accomplish in a satisfactory manner, the " objects which the Honorable the Governor in Council had " in view."

" The loss of the enemy, I cannot attempt to specify, our's I " am given to understand, amounts to about fifty killed and " wounded, of which however by far the greater part are only " slightly wounded."

" I cannot conclude, without again expressing the obligations " I feel under to Lieutenant Colonel Macleod, and the detach- " ment in advance, and indeed to the whole of the force under " my Command, and I have to request you will Convey these " my sentiments to the Honorable the Governor in Council."

" I feel myself much pleased with the Services of the Staff " to the detachment; and I must not omit to mention, that " Lieutenant Colonel Macleod has particularly specified the " Services rendered to him by Captain Hodgson."

" My present encampment is situated in the midst of the " enemy, which is extremely harassing to the Troops."

" *Extract of a Letter from Lieutenant Colonel Sentleger to the* " *Chief Secretary of Government dated Camp the 19th* " *February* 1809.

" I have great pleasure in submitting to you for the information " of the Honorable the Governor in Council, the satisfactory " intelligence of the British Flags, being now flying on both the " Forts of *Woodagherry* and *Papanaverum*, and without a shot " being fired—The gates were left open, the troops fled, and " cowl flags hoisted in all directions."

" I am taking infinite pains to protect the Inhabitants from " insult and the sacred places, from being *even* entered, and " by such Conciliatory Conduct, I hope soon to be enabled to " Convey the tidings of perfect tranquillity being established " in *Travancore*."

" I, of course, attribute the desertion of the enemy to the " action of *Cotar* and *Nagre Coil*, which by every account " appears to have broken the spirit of the Dewan's party on this " side entirely."

The

The Governor in Council repeats to Lieutenant Colonel Sentleger, and to the Officers and Men under his orders, his warmest thanks for the activity, zeal, and bravery, which have signalized their operations.—The Governor in Council has particular satisfaction in observing, the farther proof of Military skill and gallantry afforded by that distinguished and valuable Officer Lieutenant Colonel Macleod, of His Majesty's 69th Regiment, in the action of *Cotar* and *Nagre Coil*, which has been followed by events of a highly important nature.

FORT WILLIAM, 30*th January* 1809.

1.—The Right Honorable the Governor General in Council has received the satisfactory Intelligence, that a Detachment of the Subsidiary Force of *Hyderabad*, under the command of Lieutenant Colonel Doveton, consisting of a corps of Horse Artillery, two Regiments of Native Cavalry, and 12 companies of Native Infantry; employed in the province of *Candeish* in the pursuit of the predatory force of the Chiefs Mohipat Ram, Holkar, Wahid Alli Khan, and Daudin Khan, after a forced march of near 100 miles, having succeeded in surprizing the Enemy at the Fort of *Amulnair*, on the morning of the 28th Ultimo, effected the complete dispersion of their Troops, consisting of between 4 and 5000 Men, Cavalry and Infantry; captured the whole of their Guns, Baggage, and Camp Equipage and near 1000 Horse—The loss on the part of the Enemy is stated to have been very great; on the part of the British Detachment between 20 and 30 Men Killed and Wounded.

2.—The Governor General in Council deems it proper on this occasion to express in the most public manner the high sense, which he entertains of the zeal, judgment, and activity manifested by Lieutenant Colonel Doveton, in planning and executing this arduous enterprize, and of the distinguished perseverance, exertion, and gallantry of the Officers and Troops under his command, in accomplishing a march of near 100 miles, in the space of 48 hours, and immediately attacking and defeating a superior force of the Enemy, whose depredations in the province of *Candeish* and in the territories of the Allies of the British Government, had so long disturbed the tranquillity of the *Dekkan*—and had rendered necessary a combined movement of Divisions of the Subsidiary forces of *Poona* and *Hyderabad*, under the general direction of Colonel Wallace, commanding the Subsidiary Force of *Poona*.

3.—His Lordship in Council has great satistaction also in acknowledging on this occasion the judgment and professional ability, displayed by Colonel Wallace, in framing the plan of combined operation between the two Divisions of the Subsidiary Forces, which led to the brilliant achievement devised by Lieutenant Colonel Doveton, and executed under his personal command with such exemplary success.

G. O. By Government.

The names of Lieutenant Gore Commanding the light Company of the 1st Battalion of the 3d Regiment, and Ensign Meredith attached to the Grenadiers of that Corps, having been accidentally omitted in the letter from Lieutenant Colonel the Honorable A. St. Leger dated the 10th ultimo, enclosing a list of the Officers who accompanied the detachment employed in the escalade of the lines at Arambooly; the Governor in Council has much satisfaction in publishing to the Army the names of Lieutenant Gore and Ensign Meredith, whose conduct is equally entitled to that public approbation, by which he has

had great pleasure in marking his sense of the gallant exertion of all the other Officers engaged in that arduous enterprise.

By order of the Honorable the Governor in Council.

(Signed) A. FALCONAR,
CHIEF SEC. TO GOVT.

By order of Major General Gowdie Commanding the Army.

HEAD QUARTERS: CHOULTRY PLAIN, 1st *April* 1809.

G. O. BY MAJOR GENERAL GOWDIE.

Late occurrences in the 2d Battalion 10th Regiment which have been brought to the notice of Major General Gowdie, have induced a careful and attentive consideration of the circumstances which gave rise to them in October 1806—and of the subsequent unnecessary and highly ungenerous and improper obtrusion of them upon the notice of the late Commander in Chief in 1808—rendered so, not only by the long period which had elapsed since the transaction, and it having been properly and amicably adjusted at the time, under the sanction of the Commanding Officer, but from it's having been, on that account, pointedly rejected from public discussion by Lieutenant General Sir John Cradock.

The revival of this subject on the present occasion by Lieutenant Inglis of the 2d Battalion 10th Regiment, has occasioned a review of events which ought to have been for ever forgoten—and induced Major General Gowdie thus publicly to convey his censure to Lieutenant Inglis, for conduct so improper.

Lieutenant General Macdowall tho' he forbore from commenting on the conduct of Lieutenant Bell in forcing the matter upon his observation in 1808, has recorded his dissent from the inference drawn by him of malice in the conduct of his Commanding Officer, to prove which, it had been introduced—and this forbearance of His Excellency, instead of being viewed as a rebuke, when every other point in two letters from Lieutenant Bell was noticed, seems to have encouraged Lieutenant Inglis to suppose it might be again discussed to suit any present purpose—Major General Gowdie therefore will not permit the charge to be tried, which Lieutenant Inglis has preferred under date 14th March 1809—against Captain Hay; whose conduct, in no respect has merited the obloquy of arrest and trial, to which

a factious prosecution would subject him, considering it disrespectful to that authority to which it had been previously submitted.—Lieutenant General Macdowall by ordering a Court of Enquiry to investigate one point of complaint in July last, sufficiently evinced his anxiety for the honor of Individuals of the Army, and Lieutenant Inglis might with safety have left to His Excellency's judgment to decide, whether any imputation had been cast on Captain Hay, disreputable, either to him individually, or to the Corps at large.

On the subject of the additional Charge which has been preferred, Major General Gowdie is of opinion, that the conduct of Captain Hay was proper and respectful to the Officer Commanding the Force, who had reprimanded Lieutenant Inglis for an expression totally unjustified by the facts, on the instant of its being used.

By any other line of conduct, Captain Hay would have incurred the highest displeasure of the Officer Commanding the Army, to whom it does not appear, that preferring a military charge upon such grounds was at all necessary for the purpose assigned by the Officers of the Corps—viz. "to establish that character they expect every Officer in the Corps will support and maintain."

Captain Hay has stated, what remains uncontradicted, that some of those Officers who have concurred in this charge, did remain on friendly terms with him during five months afterwards, and never in any way marked their disapprobation of his conduct—which circumstance is by no means satisfactorily accounted for, by Captain Hay's being in charge of the Corps, which the conduct of Lieutenants Bell and Inglis has shewn to have been a slight restraint upon their accusations.

Major General Gowdie has deemed it necessary to submit the circumstances to Government, and under that authority to announce, that Lieutenant Inglis is removed from the Adjutantcy of the 2d Battalion 10th Regiment.

The following removals are to take place immediately.

Lieutenant Colonel Innes from the 1st Battalion 16th, to 2d Battalion 10th Native Regiment, and Lieutenant Colonel Grant from 2d Battalion 10th to 1st Battalion 16th Native Regiment.

Lieutenants Inglis and Bell from the 2d to the 1st Battalion and Lieutenants Morrill and Jourdan from the 1st to the 2d Battalion, 10th Regiment.

1st

1st *May* 1809.

Fort St. George, the 1st of May 1809.

G. O. By the Honorable the Governor in Council.

The zeal and discipline by which the Military Establishment of *Fort St. George* had long been distinguished, induced the Governor in Council to expect that the measures which the violent and intemperate acts of the late Commander in Chief had imposed on the Government, would be received by all the Officers of the Army with the Sentiments of respect and obedience prescribed by the principles of Military Subordination, and due to the Government by which those measures were adopted, as well as to the authorities to which they were ultimately referred. The Governor in Council has however learned with a degree of surprise proportionate to the confidence which he reposed in the discipline of the Army that soon after the departure of the late Commander in Chief, proceedings of the most unjustifiable nature, and correspondent to the example which he had afforded, were pursued by certain Officers of the Army.

The most reprehensible of those proceedings consisted in the preparation of a paper addressed to the Right Honorable the Governor General, purporting to be a remonstrance in the name of the Army against the acts of the Government under which it serves.

That paper is not more hostile to the Authority of this Government than to the first principles of all Government. It maintains opinions directly adverse to the constitution of the British service, and is calculated to destroy every foundation of discipline, obedience, and fidelity. The secrecy observed in preparing this seditious paper, prevented for some time the discovery of the persons engaged in that proceeding. But it has now been ascertained that Captain Josiah Marshall late Secretary to the Military Board, and Lieutenant Colonel George Martin lately permitted to proceed to *England*, were principally concerned in preparing and circulating the Memorial in question; and that Lieutenant Colonel the Honorable Arthur Sentleger was active in promoting its circulation, employing the influence which he derived from the important command confided to him by the Government for the purpose of attempting

ing

ing the subversion of its Authority, and spreading disaffection among the troops which it had entrusted to his charge.

It has also been ascertained that Major John De Morgan has been active in the circulation of the Memorial.

The Governor in Council is also under the necessity of noticing another paper of a most dangerous tendency lately in Circulation at some of the Military Stations, purporting to be an address from the Officers of the Army to Major Boles the late Deputy Adjutant General. In this address a right is assumed to decide on the acts of the Government by condemning in unqualified terms the sentence of suspension passed on Major Boles; and an encouragement is held out to other Officers to violate their duty to the Government by affording a pecuniary indemnification not only to Major Boles, but to all such Officers as shall suffer by any Act of the Government which the subscribers to the Address may deem exceptionable. This paper so incompatible with the Military Character, and so repugnant to the first principles of military discipline and Government, was forced on the attention of the Governor by Captain James Grant, Commandant of his Body Guard, who while holding that confidential situation, and employed by order of the Governor in Council under the Resident at *Travancore*, transmitted a Copy of the paper to be laid before the Governor with an avowal that he had affixed his signature to it, and a defence of the grounds on which he adopted that proceeding.

It has also been ascertained that a paper of a similar tendency has been circulated among the Officers of the Corps of Artillery at the *Mount*, and that its circulation has been promoted by Lieutenant Colonel Robert Bell the Officer Commanding that Corps.

The Governor in Council regrets that he is obliged to notice also the conduct of Lieutenant Colonel Chalmers (Commanding in *Travancore*,) and Lieutenant Colonel Cuppage (lately Commanding in *Malabar*, and employed with the troops under his orders in *Travancore*,) who appear to have taken no steps whatever either to repress, or report to the Government the improper proceedings pursued by part of the troops under their orders. It is not sufficient for Officers holding commands to avoid a participation in such proceedings; it is their positive and indispensable duty to adopt the most decided measures for their suppression, and to report them to their superior Authorities.

M

It has further been ascertained that Captain J. M. Coombs, Assistant Quarter Master General in *Mysore*, has been concerned in these reprehensible proceedings.

It becomes the painful duty of the Governor in Council to mark with the displeasure of the Government the conduct of the abovementioned Officers who have been engaged in a course of measures equally dangerous to the existence of discipline, to the foundations of legal Government, and to the interests of their country.

The undermentioned Officers are accordingly declared to be suspended from the service of the Honorable Company until the pleasure of the Honorable the Court of Directors shall be known.

Lieutenant Colonel the Honorable Arthur Sentleger.
Major John De Morgan,
Captain Josiah Marshall,
and
Capain James Grant,

Lieutenant Colonel Commandant Robert Bell is removed from all Military charge and Command until the pleasure of the Honorable the Court of Directors shall be known, but he is permitted to draw his Regimental pay and allowances.

Lieutenant Colonel Commandant Chalmers is removed from the Command of the Subsidiary Force in Travancore.

The undermentioned Officers are removed from their Staff Appointments, and ordered to join the Corps to which they stand attached.

Lieutenant Colonel Cuppage, Adjutant General,
and
Captain J. M. Coombs.

The Governor in Council considers it to be proper to avail himself of this occasion to correct a misapprehension, highly dangerous in its tendency, which has arisen in the minds of some of the Officers of the Army with regard to the nature of the Authority of the Governor in Council. This misapprehension appears to have originated in the General Order published by the late Commander in Chief on the 28th of January last, from which it might be inferred that the authority of the Governor in Council is only of a Civil nature, whereas by the express enactment of the legislature, the entire Civil and Military

Government

Government of the Presidency of Fort St. George and its dependencies is vested in the Governor in Council. It is therefore to be distinctly understood that no Officer of whatever rank, while serving under the Presidency of Fort St. George, can without incurring the penalties of disobedience to the legislature of his Country, issue any order in violation, or to the derogation of the authority of the Government; and that every Officer complying with an order of that description under any pretence whatever, renders himself liable to the forfeiture of the Service, and to such legal penalties as the nature of the case may demand.

While the Governor in Council deems it to be proper to afford the foregoing explanation, he feels himself at the same time bound to acknowledge that the principles to which he has adverted, had never been called in question until the publicaon of the abovementioned order of the late Commander in Chief; on the contrary these principles had been invariably acted upon by the Government and by the Officers of the Army of this Presidency, who have been no less distinguished for their obedience and discipline, than for their achievements in the field. The Governor in Council also experiences the most sincere satisfaction in publishing his conviction that the majority of the Army have resisted all participation in the improper and dangerous proceedings described in this order; and it is an act of justice to the troops of His Majesty's Service to declare his entire approbation of the order, discipline, and steady adherence to duty, which they have invariably manifested.

The information before the Government does not enable the Governor in Council to distinguish by the expression of his approbation all the troops of the Company's Service that have manifested the same dispositions; but he deems it to be proper to notice on this occasion the satisfactory and exemplary conduct of the part of the Army composing the Hyderabad Subsidiary Force. The Honorable the Governor in Council is also confident that such Officers as have inadvertently yielded to the misrepresentations of individuals who have been engaged in the prosecution of designs equally fatal to the honor and to the interests of the Army, will in future manifest in the service of the Government the obedience, fidelity and zeal which constitute the first principles of their profession,

which

which have hitherto distinguished the Army, and which are indispensable to the prosperity of the British Empire in India.

By order of the Honorable the Governor in Council.

(Signed) A FALCONAR, CHIEF SEC. TO GOVT.

By order of Major General Gowdie Commanding the Army.

HEAD QUARTERS: CHOULTRY PLAIN, *9th May* 1809.

G. O. BY MAJOR GENERAL GOWDIE.

The following Extracts from the Confirmed Proceedings of a General Court Martial assembled in Cantonment at *Secunderabad*, on Friday the 10th day of March, and continued by several adjournments until the 26th of April last, by order of Lieutenant Colonel Montresor Commanding the Subsidiary Force serving His Highness the Nizam, in virtue of Powers vested in him by the Commander in Chief, and of which Major George Neale of the 1st Regiment Native Cavalry is President, are published to the Army.

CRIME.—Captain John Jefferis of His Majesty's 33d Regiment ordered to be placed in arrest by me on the following Charges.

1st.—For having behaved in a manner totally unbecoming the Character of an Officer and Gentleman at the Regimental Mess, on the 25th December 1807, towards Lieutenant Inglis of the 10th Native Regiment, who was his Guest then at table, by telling the said Lieutenant Inglis, that he, Captain Jefferis, had not invited him, and that he would not be at the usual charge for him or words to that effect.

2d —For having acted in a manner, subversive of Military Discipline and to the neglect of his duty as an Officer, in having delayed to fulfil the terms on which he had obtained leave of absence from the Regiment, first for two Months, and which leave was on the same terms subsequently renewed, and for having acted in a scandalous, infamous manner, such as is unbecoming the character of an Officer and a Gentleman, both, by denying the validity of those terms which were acceded to, on a Public Official Application having been given by him, and on an assurance contained in a Private Note ; as well as by positively refusing to fulfil those terms, when an opportunity was offered him to do so, thereby having deceived me, his Commanding Officer.

3d.—For having neglected to proceed to join his Corps on the expiration of his leave of absence, from which neglect he was absent without leave from his Corps, from the 14th day of June last.

The

The whole being to the prejudice of good order and Military Discipline and contrary to the Articles of War.

CANTONMENT, (Signed) ARTHUR GORE,
Secunderabad, February 6, 1809. *Lieut. Col.—33d Foot.*

BY ORDER.

(Signed) T. H. S. CONWAY,
Deputy Adjutant General,—Hyderabad Subsidiary Force.

SENTENCE.—The Court are of opinion that the Prisoner, Captain Jefferis is not guilty of conduct totally unbecoming the character of an Officer and a Gentleman as stated in the 1st Charge; but that he is guilty of highly improper and irregular Conduct towards Lieutenant Inglis. The Court are further of opinion, that the Prisoner is not Guilty of the 2d Charge, and they do most fully and honorably acquit the Prisoner of all scandalous and infamous Conduct —On the 3d Charge, the Court find that tho' it has been fully proved that Captain Jefferis did not set off to join his Regiment at the expiration of his leave of absence on the 15th of June, yet, they are of opinion, that the Prisoner was justified under existing circumstances for remaining at *Poonamallie* at that period. The Court having found the Prisoner Guilty of improper and irregular conduct, and having considered the Apology made to Lieutenant Inglis by Captain Jefferis with which Lieutenant Inglis expressed himself perfectly satisfied, Do sentence him the said Captain Jefferis to be Reprimanded by the Officer Confirming the sentence, at such time and place as he may think proper.

Deputy Judge Advocate. *1st Reg. N. C.—President.*

Commanding.

The Officer Commanding the Army in Chief having Approved and Confirmed the above Proceedings, as far as regards the several Heads upon which the Prisoner has been acquitted, is pleased to remit the Punishment awarded, in consideration of the alleviating circumstances that appear on the Proceedings.

The Officer Commanding the Army in Chief finds himself under the necessity of recording his strongest Disapprobation, of the liberty which the Court has granted to both the Prosecutor

cutor and Prisoner, in resorting to many unnecessary personal Reflections against each other, during the course of the Proceedings, and which it was therefore the clear Duty of both the Court and Judge Advocate to have resisted.

The following Removals are ordered.

G. O. By Government.

The Honorable the Governor in Council has much satisfaction in publishing to the Army of this Presidency, the following letter from Brigadier General Malcolm, late Envoy to the Court of *Persia*, containing an honorable testimony of the conduct of the Officers and men belonging to this Establishment, Composing part of the force lately assembled at *Bombay* under the Brigadier's Command.

To the Hon. Sir GEORGE BARLOW, Bart.
GOVERNOR in COUNCIL,
FORT ST. GEORGE.

SIR,

I consider it an act of justice towards the different Details of this Presidency which Composed part of the Force assembled under

under my Orders at *Bombay*, to report their Meritorious and Exemplary Conduct, during their stay on that *Island*.

These details amounted to near a thousand Men, and the Officers with them were about fifty, and it will I trust be considered as highly honorable to the character of the Coast Army, that during five Months that this party of Troops were encamped near the populous Town of *Bombay*, I had not one complaint against them from any Officer of police, or from any of the authorities under Government, nor had I occasion to pass a censure on the conduct of any one Officer, or to notice the occurrence of the slightest difference, or contention, between any Individuals of the Detachment, during the whole of that period.

I trust I shall be pardoned stating the obligation I feel towards Major Russel, Captain Showers, Captain Poignand, and Captain Fitzpatrick, who Commanded the different details of Cavalry, Artillery, Horse Artillery, and Pioneers under my Orders, as also to Lieutenant Balmain, Lieutenant Patullo and Lieutenant Little, who acted on my Staff, and Indeed to all the Officers of the Details, for they were without an exception actuated by one spirit of harmony and zeal, and their conduct was such, as gave ample assurance of that degree of confidence which might have been placed in their efforts had they been called upon to act against the Enemies of their Country.

I had the highest reason to be satisfied with the great industry and Science of the Officers of the Military Institution of this Presidency, that were attached to my Expedition, who under the Superintendence of Captain Goodfellow of the Engineers, completed during my stay at *Bombay*, a very large and valuable Map, of the Western Frontiers of *India*, *Persia*, part of *Arabia*, *Egypt*, and *Turkey*.

I have the honor to be

SIR,

MADRAS,
19*th May* 1809.

Your most obedient humble Servant.
(Signed) JOHN MALCOLM
E. C.

In consideration of the expences to which the Troops above alluded to were exposed, while under Orders for Foreign Service at *Bombay*; The Governor in Council has been pleased to resolve, that the Officers and men of all the details, European and

and Native, and also the public followers shall be allowed one Month's full Batta after their Arrival at their respective destinations, independently of that to which they may be entitled for marching thither.

The Governor in Council adverting to the alacrity with which the several details composing the force proceeded on the Service in question, has been pleased to confer upon the Native Officers and Soldiers honorary Badges to be worn as a mark of distinction, and as a proof of the sense Entertained by the Governor in Council—of their attachment to the Service, and of their meritorious conduct while absent from their own Establishment.

After an attentive perusal of the Proceedings of the General Court Martial held at *Fort William* for the trial of Captain Shaw of His Majesty's 22d Regiment of Foot, The Commander in Chief has confirmed the sentence, which

which he considers to be justified by the evidence adduced.

In carrying into execution that part of the Sentence which awards a reprimand to Captain Shaw, The Commander in Chief deems it necessary to express his strong sense of the extreme impropriety of Captain Shaw's Conduct in making use of language so highly insubordinate and disrespectful to his Commanding Officer, to which, in His Excellency's judgment, the charge of "mutinous tendency" was strictly applicable.—The Commander in Chief directs that Captain Shaw be reprimanded accordingly by Major General Palmer, Commanding at *Berhampoor*, in the presence of the Officers at the station, who are to be convened on the occasion. Captain Shaw is then to be released from arrest, and ordered to return to his duty.

The Commander in Chief is very sorry to observe that the proceedings of the Court Martial were frequently embarrassed and interrupted by the Counsel for the prisoner having been permitted personally to address the Court, or the Judge Advocate General, and even to arraign the proceedings of the former and to pass strictures on the conduct of the latter—The Commander in Chief therefore directs that the irregularity which has called forth these observations may never be adduced as a precedent, nor any such improper interference be again allowed at any Court Martial which may be held under His Excellency's authority.

G. O. BY MAJOR GENERAL GOWDIE.

The following Extracts of the Confirmed Proceedings of a General Court Martial held in the Cantonment of *Arcot*, by order of Major General Gowdie Commanding the Army, on the 15th and 16th Days of June 1809, and of which Lieutenant Colonel Rumley of the 7th Regiment Native Cavalry is President, are published to the Army.

Cornet Charles Thomas Ellis His Majesty's 22d Light Dragoons, placed in arrest by Order of Lieutenant Colonel Hare Commandant of *Arcot*.

Arcot, 29th May 1809.

CHARGE.—For Conduct highly disrespectful and improper, unbecoming the Character of an Officer, and a Gentleman, in the following Instance. "In coming up to me on the public Parade, on the morning of Saturday the 20th of "May 1809, in a Threatening and Insolent manner, "and saying, Then I will knock your Dog down,

"and

" *and something else too; I can tell you that,* I will not " allow you to throw at my Dog or any Man like you,". Which words were spoken in a provoking and Insulting manner, in the presence and hearing of several Officers of the Regiment.

"Insolent behaviour, and ungentleman-like Conduct," it doth therefore acquit him of the same. The Court find the Prisoner "Guilty" of all, and every other part of the Charge, that by virtue of the Articles of War, for his Majesty's Troops, (but in consideration of the provocation received, and the Inexperience of the Prisoner in the Service) do sentence him to be reprimanded by His Excellency the Commander in Chief.

M. G. Commanding.

REPRIMAND.

The duty Major General Gowdie has to perform, of reprimanding Cornet Ellis of His Majesty's 22d Regiment Light Dragoons, is as painful, as it is necessary; the observance of the respect due by an inferior to a superior Officer is too intimately connected with the discipline of an Army, for the Major General to omit noticing his concern to find, that Cornet Ellis has allowed himself on the present occasion, to be influenced by the impulse of the moment, without having a due regard to the *situation* and *Rank* of Captain Gordon, his Senior Officer, then actually in the execution of his duty, but the

Major

Major General trusts, that Cornet Ellis will in future be more circumspect in his Conduct, and that the lenity observed towards him on the present occasion, will have its due effects.

Cornet Ellis is released from his arrest, and the General Court Martial of which Lieutenant Colonel Rumley is President is dissolved,

The faithful and meritorious conduct of Syud Meer Sepoy of the 2d Battalion 9th Regiment having been brought to the notice of the Honorable the Governor in Council, he is promoted to the rank of Jemadar, and appointed to the 1st Battalion 21st Regiment, in which Corps he will be borne as a Supernumerary, until a vacancy occurs; date of Commission 9th June 1809.

The Appointment by the Officer Commanding *Seringapatam* of Mr. Surgeon Alexander of the 22d Native Regiment, to afford Medical Aid to the Detachment of Artillery Ordered to *Cannanore*, is confirmed from the 20th December 1808.

2d Battalion 10th Native Regiment.

Havaldar Vully Mahomed to be Jemadar date of Commission 13th June 1809.

Further Extracts from the Confirmed Proceedings of the Native General Court Martial assembled at *Secundrabad* on the 16th May 1809 and Continued by several Adjournments until the 25th of the same Month are published to the Army.

CRIME.—Rhym Khan Jemadar in the 6th Battalion Company 2d Battalion 5th Regiment Native Infantry Ordered in arrest by me on the following Charge, viz. For having employed Mootoo Sepoy in the 6th Battalion Company 2d Battalion 5th Regiment Native Infantry whilst on Detachment to *Ellore* under the Command of Lieutenant Howell to take care of his Bullock and of excusing him of his own Authority from all Duty from the 4th January to the 2d March last, or some intermediate time between those periods Lieutenant Howell at the time having no Knowledge of his being excused Duty or so employed.
