The expense of victualling the officers embarked on the transports for recent foreign service, having considerably exceeded the amount of the regulated allowances for that purpose, the Governor in Council has in the present instance defrayed the contingent charges of the Commanders, for the excess of disbursements, but the following regulations will in future be observed in the regulation of the mess of officers ordered for embarkation.—

Six rupees per diem will be paid to the Commanders of transports, for the mess of each officer embarked on board, and an advance of money at this rate, proportioned to the

probable

probable length of the expected voyages, will in future be made to the Commanders of transports on a bill, specifying the number of officers to be embarked, and countersigned by the Quarter Master General, or officer at the head of that department on the spot.—

A stoppage of two Rupees per diem will, in consequence of this arrangement, be made in future from the abstracts of officers embarked on transports, who are required to state the deduction at the bottom of the abstract for batta for the months wherein they were embarked thus, deduct for mess money while embarked on the (state the ships name) from the (date of embarkation) to the (date of disembarking) being (number of days) at the rate of 2 rupees per day.—

The Honorable the Governor in Council further gives notice, that when the unavoidable expense of provisions &c. for the table of officers embarked on transports, shall be found to exceed the allowance of 6 rupees, per diem, the excess shall be charged against the officer to the extent of the remainder of their batta but no farther— It appearing equitable that batta, which is an allowance to meet the contingent charges and expenses of detached service, should be appropriated to cover, as far as it is equal to do so, the extra expences of

subsisting officers embarked for foreign Service — The bills of the Commanders for such excess must be vouched by them — by a solemn declaration of their accuracy, and countersigned by the senior officer of the troops embarked on board being to the best of his belief before they can be paid, by the Government, or charged against the officers for whose subsistence the expense was incurred. —

The Honorable the Governor in Council is pleased to direct that the following reports submitted by the permanent Committee of Examination appointed by General Order of the 5th April 1811 respecting Cornet Macnaghten of the 4th Regiment Native Cavalry who has obtained the honorary reward held out in the General orders of the 9th October 1810 as an encouragement to the study of the Hindoostanee languages, be published in General orders.—

To William Thackeray Esqr.

Chief Secretary to Government

at

Fort St. George

Sir

1

Para 1. We have the honor to acknowledge the receipt of your letter dated the 5th Instant constituting us a Committee for examining officers, Gentlemen Cadets, &c.

a Sistant

Assistant Surgeons who may become Candidates for the Reward held out by Government to promote the study of the Hindoostanee language, and to acquaint you that we have in Conformity to the Orders conveyed therein proceeded to examine Cornet Macnaghton, and beg leave to report the result for the consideration of the Honorable the Governor in Council. –

2 Mr. Macnaghton was required to translate from English into Hindoostanee and from Hindoostanee into English without having recourse to a dictionary, Grammer or other Book of reference whatever. –

3 The Specimens selected for Translation into Hindoostanee consisted of a Tale from the College Exercise at Fort William and a number of English Sentences compiled with a view to the prevailing idioms in respect to Kindred and relationship, marriage, sale and purchase, and other Common occurrences of life – a Hindoostanee story from the Exercises abovementioned was given for Translation into English. –

4 The uncommon degree of proficiency evinced by Mr. Macnaghton renders it unnecessary for us to enter into further detail of this examination than to state

that

that his translations of the Specimens abovementioned were executed with a facility dispatch and Correctness which could alone be the result of a most accurate extensive and well grounded knowledge in Hindoostanee, He is critically versed in the idioms of the language, reads with fluency and has a correct pronunciation. —

5. On a review of these several circumstances and considering the Comparatively short period of Mr. Macnaghten's studies we have the greatest satisfaction in reporting to the Governor in Council the very extraordinary extent of that Gentleman's acquirements in Hindoostanee and can with confidence recommend him as fully deserving the reward which Government have been pleased to announce it to be their intention to bestow on the successful exertions of the junior officers of the Army in acquiring a knowledge of the Hindoostanee language —

To W. Thackeray Esqr.

Chief Secretary to the Government

Fort St. George

Sir,

In conformity to the directions contained in your letter of the 1st Instant, we have completed the examination of Cornet Macnaghten in the Persian language and beg leave to report for the information of the Honorable the Governor in Council that we consider his attainments in this language of nearly equal extent to the degree of proficiency manifested by him in the Hindoostanee at the examination he underwent before us some few days since.

The specimens selected for translation into Persian consisted of a number of sentences on various subjects - those for translation into English were an Extract from the Insha ab-ool Fuzeil and a short original letter in Persian

which

which latter we required Cornet Macnaghten to read and translate on the spot, The translations were executed with considerable accuracy and a large choice of Persian terms made use of by that Gentleman in his translations from English shewed that he possessed a knowledge in that language beyond the bounds of ordinary acquirement, The letter he read off and translated at sight with facility.—

In concluding this succinct report of Cornet Macnaghten's progress it may be permitted us to express our regret that the Regulations of the Service will not in this instance allow of our recommending a Reward being bestowed on that officer for his proficiency in the Persian language similar to that which his acquirements in Hindostanee have already attained for him.—

We have the honor to be

G.O. By Government

In conformity with the Orders of the Honorable the Court of Directors, contained in the G.O. 91st and 92d paragraphs of their General letter to Bengal, dated the 31st May 1809, for equalizing the allowances of the Field officers and Captains of His Majesty's Regiments of Dragoons and Infantry with the allowances of Officers of corresponding ranks in the Honorable Company's Service, and which have been found to exceed the latter, in consequence of the non Effective and Contingent allowances drawn by Field officers and Captains in His Majesty's Service, as appears by the annexed comparative Statements, N°. 1 and 2. the Honorable

Honorable the Governor in Council is pleased to pass the following Regulations to take effect at this Presidency from the 25th June last.—

1st The Non Effective and contingent allowances hitherto drawn for Field officers and Captains half yearly, shall from the 25th June last be drawn by the Regimental Paymaster in his Monthly Distribution of subsistence according to the correct proportion for each Month, for the number of Officers entitled to such allowances actually present in India.—

2d That corresponding deductions shall be made by the Regimental Paymaster in his Monthly Regimental Abstract for the Honorable Company's allowances on account of the officers for whom the Non Effective and Contingent allowance shall have been drawn in the subsistence abstracts.

2 The following are the rates at which the Non Effective and contingent allowances are to be drawn Monthly for the different Ranks, and as the excess in the Pay and allowances between the Kings and Company's officers is owing entirely to the Non-Effective and contingent allowances drawn by the former, the deductions from the Monthly abstracts for the Company's allowances are to be made at precisely the same rates, viz.t—

5 The officers in Command of Regiments of Dragoons and Foot having Returns, Reports, &c.a to prepare for the Deputy Adjutant General of the Kings' Troops, as well as of the Company's Army, and being consequently exposed to a greater expense, the allowance at present granted for stationary for the Commanding officer, Paymaster and staff of each Regiment Viz.t £ 30 per annum, to be continued.

6 The Governor in Council has also been pleased to resolve that a pay Serjeant at one Pagoda per Month and 30 Fanams per month for stationary shall be

The following Extract of a General letter from the Honorable Court of Directors dated the 23d January 1811 - and Copy of a Letter from the adjutant General of the Army dated the 4th ultimo are published for the information of the Army. -

Para 307 Lieutenant George H. Isaacke of your Establishment who has returned to England in consequence of having been Cashiered by sentence of a Court Martial, has laid before us a memorial, praying to be restored to the Service, to which he has annexed Copy of a Letter addressed to Major General Gowdie by the Court Martial which tried him, recommending in the most earnest manner to the clemency of the Commander in Chief. -

308 We have not received any notification of such a letter from you in the Duplicate Copy received per Sarah Christiana of the proceedings of the Court Martial which sat on Lieutenant Isaacke and the original proceedings of the Court have not yet reached us. -

9th

309 It appears however from the proceedings of the Court Martial that the prosecutor Captain Veig desired to withdraw the original charge against Lieutenant Isaache, upon Lieutenant Isaaches offering an apology for the conduct which had given offence, and that Lieutenant Isaache, was mistakenly led to suppose that the reason of his arrest had been in consequence removed.—

310 But the Court Martial which sat on Lieutenant Isaache, very properly in compliance with the Regulations of the Articles of war, sentenced him to be cashiered for breaking his arrest.—

311 Under these circumstances, and adverting to Lieutenant Isaachis youth and inexperience, we cannot doubt that the Commander in Chief will be disposed to view the recommendation of the Court Martial in a favorable light.—

312 We are induced therefore to restore Lieutenant Isaache to the service from the date of his dismissal, provided that the Commander in Chief shall not see any strong objection to it.—

The Honorable the Governor in Council is pleased to publish the following extracts of a letter from the Honorable Court of Directors Dated the 22.d February 1811

We

2 We have permitted the following Military officers to return to their Rank on your Establishment, viz.t—

Captain Charles Robert Lister

" Alexander Stewart.

Lieutenant H. G. S. Crosdaile

7 We have resolved this season, 1810/11, to appoint forty three Cadets for the Infantry, and seventeen for the Cavalry on your Establishment.—

8 We shall also appoint thirteen Assistant Surgeons for your Presidency this season.—

11 Being satisfied that Major Francis A. Daniell of your Establishment has been prevented by Illness, from returning to India, within the period prescribed by the act of Parliament, we have permitted him to return to his Rank at Fort St. George by the ships which are appointed to be in the Downs on the 1st March next, such permission having received the approbation and consent of the Right Honorable the Board of Commissioners for the Affairs of India,

agreeably

agreeably to the Act of the 33d of His present Majesty Cap. 52 Sect. 70.—

12 Having deemed it proper before we enter into a detailed review of the Circumstances attending the Case of each individual officer whose suspension from the Service was announced in your Letter to the Secret Committee of the 13th May 1809 and of Lieutenant Colonel Martin, to come to some decision upon the Case of Major Boles, we shall now proceed to state to you our opinion upon it.—

13 After an attentive perusal of all the Documents which you have transmitted to us, and paying due attention also to the further explanations which have been given by Major Boles, we are Compelled to declare that the impression conveyed to us by your original statement of the reasons which induced you to suspend that officer and the Adjutant General from our Service, and which impression we described in general terms in our Letter to you of the 15th September 1809 has not been removed, and accordingly we still think that those officers ought not to have been suspended.—

We

We must also state - that when in our Letter to you of the 29th ult Septemb 1809, we confirmed the suspension of Major Boles, we came to that Resolution on the Authority of Sir George Barlow's Minute of the 1st ult May 1809, and Major General Gowdie's circular letter of the which is referred to in that Minute, and Considering the difficult and dangerous situation in which your Govt was then placed, we thought it our Duty to discountenance by a strong mark of our displeasure, any Conduct which appeared at that critical period to encourage discontent and to weaken authority, reserving to ourselves of course the ultimate decision respecting the future situation of Major Boles, till the receipt of further information. -

14 It appears that you suspended Major Boles from the Service, because having authenticated by his signature, and circulated to the Army in his official Capacity, an Order from his Commanding Officer Lieutenant General Macdowall, which you considered to be an illegal Order, and to which therefore in your intimation Major Boles did not owe obedience, you

viewed

viewed him in the light of an accomplice with Lieutenant General Macdonald in his attempt to insult the Government and resist its authority.—

15 It is not necessary for us on the present occasion to discuss the propriety of Lieutenant General Macdonald's conduct in taking measures to bring the Quarter Master General to Trial before a Court Martial and in issuing the order of the 28th January 1809.—

16 Our opinion on those points has already been stated to you in our Letter of the 15th septemr in that year, and we see no reason to depart from it, We consider the order to have been a flagrant abuse of his authority and violation of his duty, but we cannot discover in it any such inherent and obvious illegality as could justify the adjutant, or Deputy adjutant General in refusing to obey the Command they had received from Lieutenant General Macdonald, that the said order should be circulated to the Army— we do not mean to dispute that cases may occur, in which an inferior officer would be justified in declining to obey an order of his Superior, but those Cases

are

are very rare, and must be strong indeed, which can warrant the former in taking upon himself the severe and perilous responsibility of judging the acts of his Superior and debating with himself whether he will yield obedience to the orders of that Superior, and though we concur entirely in most of the principles inculcated in the very able letter which the Governor General in Council addressed to you on the 27th May 1809, we cannot by any means Coincide in all the sentiments expressed in that letter on the subject which we are now discussing. It is equally impossible for us to concur in the opinion of the Judge Advocate General on the same subject, and we have not been Convinced by the numerous legal Authorities which he has cited in support of his Doctrine as applicable to the case now under Consideration, We therefore Continue of opinion that Major Boles ought not to have been suspended from the Service, although it might have been proper to remove from so confidential a situation, a person in whom, Consistently with the opinions you entertained respecting his conduct, you could no longer

place

place your confidence. —

17 Having thus stated to you the reasons which induce us to think that you ought not to have suspended Major Boles from the service, we shall next advert to your proceedings in regard to him subsequently to his suspension we allude particularly to Major General Gowdies Communication with him, and your refusal to permit his proceeding to England on the Lushington. —

18 Thinking that Major Boles did not act culpably in being merely the ministerial instrument of circulating the General order of the 28th January, in obedience to the commands which he received to that effect, we must confess that we are not surprised at his having declined to apologize for his Conduct on that occasion in any manner which might imply an admission that he was conscious of its Criminality, and we consider his explanation on that part of the subject to be satisfactory. —

19 Major Boles has complained of your refusal to allow of his proceeding to England in the Lushington, you probably had some strong reason for

for that determination on your part, but you do not assign any special cause, except the nature of the ~~except the nature of the~~ service, on which that ship was to be employed We are not aware however, that there could have been any objection to his being allowed to take his passage in the Lushington - and we think this refusal imposed upon him an unnecessary hardship. -

20 It only remains for us now to advert to the conduct of Major Boles himself, subsequently to the period of his suspension. -

21 It would have been very satisfactory to us, if, with the view which we have taken of this case we could have expressed our sense of the propriety of his subsequent conduct, but although the account which he has given of his behaviour previously to his departure from India removed from our minds the impression that he had become with his own Consent, one of the rallying points for systematic resistance, we are compelled to notice with considerable disapprobation other prominent circumstances in his case. —

It

It is almost unnecessary for us to declare our entire Concurrence in the Sentiments contained in Sir George Barlow's Minute of the 1st May 1809, with reference to the address to Major Boles, and the criminality of any Military Combination with a view to Controul and censure the Acts of the Government and to give a general indemnity to those Persons whose Conduct, in the opinion of that Government may be deserving of punishment, It makes no difference in our estimation, whether the Conduct of the Government, has or has not been such as we can entirely approve — They are responsible only to us for their actions, and we feel it to be our bounden duty to uphold their legitimate Authority, If any one of our Servants conceives himself aggrieved by an Act of the Government in which he is personally interested, we are at all times ready to afford redress when the Circumstances of the Case appear to us to require it, but the Case must rest on its own Merits, and any attempt to strengthen it by Military Combination must be

decidedly

decidedly resisted. –

23 It does not appear from any of your proceedings that Major Boles took any part in promoting the Address and Subscription in his favour, and in a Memorial which he addressed to us on the 19th November last, he positively denies any such interference; Admitting the truth of this statement (and we see no reason to doubt it) he certainly is not responsible for the Criminality of that proceeding in others, and if the whole of his Conduct had been regulated by the same unqualified forbearance, he would have been entitled to the full benefit of it when his case came finally to be decided. In the Memorial however there is no denial of his having accepted the subscription, on the contrary we presume from the Statement contained in it, that he has actually enjoyed the benefit of that most unmilitary proceeding –

24 We cannot suppose it possible that our Meaning can be so far understood as that we Condemn, or would be disposed to censure in the slightest

degree

degree, every pecuniary assistance which individual officers may be inclined to afford to a Brother Officer in circumstances of embarrassment and misfortune, but when that assistance is offered and accepted on such principles and from such motives as were publickly promulgated in a Paper so reprehensible as the Address of Major Boles, the person Consenting to receive it makes himself in a great degree a party to the act.—

25 We have already referred to Major Boles' Memorial of the 19th November last, and we have allowed him the full benefit of every thing contained in it, but there are several passages in that Paper which it has been impossible for us to peruse without Considerable dissatisfaction and we regret that in defending himself and in pleading his own Cause, Major Boles should have thought himself at liberty to advert in offensive terms to the Conduct, not only of his superior officer Major General Gowdie, but also of the Governor General — we cannot admit that there existed the least necessity for his adopting Language of that description and his

Conduct

Conduct in that particular has contributed to produce an unfavourable impression on our minds.—

26 Having thus explained to you the view which we have taken of Major Boles' Case, we have now to signify to you, that we have resolved that his suspension from that Service imposed by our Letter of the 29th September 1809, be removed, but that he is not to be permitted to return to India till he shall have received our special permission so to do.—

34 By this Conveyance we take the opportunity of transmitting you the order of Rank for such Cadets who appear to have been omitted in former lists under the circumstances before stated viz.t—

Mr. Alexander Macarthur next above Mr. William Cunningham in the 2d Class of the season 1809.—

Mr. John Henry next below Mr. Robert Gibbings in the same Class.—

Mr. James Macdonald between Mr. William Mackintosh and Henry Fred.k Binnes in the 4th Class of Cadets of the Season 1809.—

Having

Having come to the Resolution to restore to our Service Mr. Thomas Kelly who was dismissed by your orders in Consequence of his former Appointment having been obtained by purchase you will find his order of Rank inserted in the 5th Class of the season 1809 beforementioned. —

9. "In Consequence of our having come
"to the Resolution to abolish the Military Institution
"which has been established at your Presidency for educating
"our Cadets in the Oriental Languages previous to their
"being posted to Regiments, we feel it now highly necessary
"that the Ranks of all Cadets should in future be so
"clearly defined, that upon their actual arrival in
"India you should be enabled to post them immediately
"to such Corps in which they are to remain."—

To

10 "To attain this end we have adopted the
"following Regulations viz.t

"to the Secretary the Morning on which the packets are to

"such Cadets to whom the beforegoing Regulation may be
"applicable, the name of the Cadet next to whom such
"subsequent nomination is to rank, be inserted in the
"Secretarys' Certificate of appointment.-
11 "Should you therefore hereafter discover
"upon the arrival of a Fleet of Ships that any Cadets
"whose names may be inserted in the list of Rank

"so transmitted, have not arrived out by that Fleet, you
"are hereby directed to strike their names out of the said
"List, as their proper rank will be found in the List
"by that Fleet in which they may afterwards proceed."—

12 You will observe these Regulations
"will supercede those we transmitted you in our Military
"Letter of the 22d February, and have been established to
"meet the inconvenience you might otherwise have experien-
"ced in posting the Cadets to their proper Corps, in consequence
"of our subsequent determination to abolish your Military
"Institution for Oriental Instruction, and we trust that

№ 237

Fort St. George 17th Dec. 1811

G. O. By Government

The Honorable the Governor in Council is pleased to publish for the information of the Army the following Extracts of a General Letter from the Honorable the Court of Directors Dated the 23d January 1811.-

Letter to England Dated 24th Dec. 1807.-

47 "We highly approve the correct example set by your Military Auditor "General Major Bruce in reducing the expences "of his own office within the utmost practicable "limits, and we are duly sensible of his "continued zealous exertions, to effect every "practicable reduction in the Military expences "of your Presidency".-

/138/ Reductions in the Military expences proposed by the Military Auditor General.-

58 "We highly approve the "conduct of Major Bruce your Military "Auditor General, in suggesting these reductions.- "We consider it to be the peculiar Province

and

"and duty of the Military Auditor General to watch
"over the Military expences, and at all times to suggest
"to Government such reductions in them as may appear
"to him to be practicable and proper."-

1161/Assistant 73 Surgeon Hendrys Rank fixed.

"Upon reference to our List of
"Rank of the 2d Class of Assistant Surgeons for Madras
"appointed in the season 1803, you will find Mr
"Thomas Hendrys name inserted between Mr Alexander
"Mc Caskill and Mr James Cuddy, which is the rank
"he is entitled to, according to the date of his departure
"from England - His having been appointed in the
"room of Mr Robert Davis of the season 1802
"gives him no greater claim than a priority of
"rank over others of a subsequent season, who took
"their Departure in the same Fleet with
"himself."-

74

"Your removal of him therefore
"from the rank we had assigned him, and
"placing him next Mr G. Robinson Rose, is a
"supercession of several other Gentlemen who sailed
from

"from this country nearly 12 Months before him,
"and is a preference we can by no means agree to.—

75 "We therefore direct that Mr.
"Hendry be removed to the rank originally assigned
"him in our List of the 2d Class of Assistant
"Surgeons appointed in season 1803."—

1162. Mr. Surgeon White having been absent more than three years his name struck off the Medical list.

76 "Officers and Surgeons on Furlough
"have frequently on their application an extension
"of Furlough, on account of ill health, their names
"should not therefore be struck off the Military
"and Medical Lists without authority from us.
"The names however of all absentees should be
"annually reported to us, and a remark made
"opposite the names of those Officers and Surgeons
"whose cases seem to claim our particular notice.
"With regard to Mr. White we observe that
"he had our permission in august 1806, to remain
"in Europe until the following season, but as
"he did not return to his duty under that
"permission, nor has since made any application

to

"to us either for an extension of leave, or permission
"to return, we acquiesce in your having struck his
"name out of the Medical List of your Establishment."

Para. 222 (2) 6. Report of the Military Board on the Damage done by the Storm.

135 "We are glad to find by
"your subsequent Letter that the Repairs to the
"Fortifications and Buildings which you deemed
"necessary were made at a less Expence than was
"at first apprehended, we desire that you will
"express to Lieutenant Frazer the Superintending
"Engineer our approbation of the Skill and Zeal
"for our Service which he has displayed, in executing
"the Works entrusted to him, at an Expense consi-
=derably under the Estimates, and we further desire
"that this our sense of his Honorable Services, may
"be marked in a substantial manner, whenever
"a proper opportunity shall occur for that purpose."

295 Mr Henry Moberley having
"been educated at Marlow, his rank was not
"inserted in the general List as by the regulations
"under which he was appointed, he should take rank

from

"from his completing the age of 15 years and
"six Months."—

296 "The rank of Mr. William
"Macleod will be found in the 5th Class of Cadets
"of the season 1806, between Mr. John Douglas
"Fearon and Mr. Edward Thurlow Kibgame."—

To England - 28th June 1808. - 121 Archibald Macleod admitted as a minor Cadet conditionally.

297 "Mr. Archibald Macleod was
"allowed to proceed to your Presidency as a Passenger
"under the care of his uncle, Lieutenant Colonel
"Macleod, with the view to his being appointed
"a Cadet upon his attaining the age of 15 years,
"and his Friends having transmitted us the necessary
"certificate of his Birth and Baptism, we now
"direct that he take rank next to Mr. Eyre Evans
"Bruce, in the 5th Class of Cadets of the season 1807."—

315 "We have appointed Mr.
"John Besley now abroad, and acting as a
"midshipman on board His Majesty's Frigate
"Le Blanche, a Cadet for the Infantry on
"your Establishment, The friends of Mr. Besley
have

"have produced to us the necessary certificates of
"his age, and his order of Rank will be trans-
=mitted you by the first Opportunity."-

317 "We have to call your parti-
=cular attention to the principles we have adopted
"in ranking the Artillery or Engineer Cadets for
"your Presidency during the last year, as also the
"line of conduct we shall pursue hereafter, respecting
"this subject."-

318. "Since December 1809, several
"young men have been permitted to embark for India
"who had received their education at our own
"military Seminary at Addiscombe, and had
"passed a highly creditable public Examination
"and we likewise sent you several from the
"Royal academy at Woolwich, who had been
"educated there for two years, as also some Cadets
"who had qualified themselves under Private Tutors.-

319 "In arranging the Rank of
the above Cadets, under the several Regulations

to

"to which their original appointments were applicable

"we have to observe, that we have ranked them, 1st to

"according to the date of their being reported qualified

"from our Seminary, 2d as to the date when others

"educated at Woolwich, were actually discharged

"from thence and lastly with reference to the

"date when those educated under Private Tutors,

"were eligible by age to Rank. The following

"therefore is the Order in which we direct the

"several Cadets alluded to should now Rank".—

"For the Corps of Engineers reported

1 Charles Claudy Nattes "qualified 29th December 1809, but allowed to

"remain in England without prejudice to his Rank".—

For the Artillery or Engineers

"Reported qualified from

"the Company's Seminary 29th December 1809"

2 Duncan Sim
3 John Coventry
4 Robt. Hopper
5 Alexr. Anderson
6 Saml. Gamage

"Discharged from Woolwich

7 Fd. Kinnan
8 Hy. Gregory
9 Fd. M. Sandly

20th February 1810.—

"Under private Tuition of age, to

1 Patrick Montgomery "rank 10th March 1810".—

11 John George Proby — "Under private Tuition of age
"to Rank 20th" March 1810.-

12 William Astone — "Discharged from Woolwich 31st"
"March 1810.-

13 Alexander Grant — "Under private Tuition reported
"qualified 8th" May 1810.-

14 Alexander McGillivray — "From the Company's Seminary
"reported qualified 31st" August 1810 This Gentle-
"man was lost on board the Elizabeth Country
"Ship".-

320 "Having thus determined the
"Rank of those who have actually sailed for your
"Presidency, with the exception of Mr. Charles Claude
"Nattes we have now to acquaint you, that we
"shall hereafter look solely to our own Establish-
"ment for a sufficient number of well Educated
"young men, for our Corps of Engineers, and Artillery;
"and we have resolved that in future there shall
"be two Public Examinations during the year
"viz." One in the month of October, the 2d in

the

the Month of April following, By this Arrange-
"ment those who are found qualified for the
"Artillery at the Public Examination in October,
"will be enabled to proceed to India by the
"early ships of the season, and those reported
"qualified in April by the latter ships. —

321 "With the view to encourage genius
"and superior talents, and to stimulate our young
"men to exertion, close application, and good
"behaviour during their Residence in the Institution
"we have further resolved to select from the most
"promising among those who are reported qualified
"at the public Examinations before mentioned, a
"certain proportion expressly for the Corps of
"Engineers, and we have determined that they
"shall be permitted to remain at our Seminary
"(without prejudice to their Rank) a further time
"beyond the said Examination, to render them
"more eminently qualified for that particular
"line of Service, and which according to all

"experience, requires more time for Instruction,
"than the Artillery service; It is therefore our
"express desire that you should in no case step
"up from the inferior Ranks of the Artillery, or
"from the Cavalry, or Infantry, the vacancies
"which may occur among the Commissioned Officers
"either in your Artillery or Engineer Corps, but
"that upon the receipt of the list of Cadets
"intended for the latter service, you do immedi-
=ately post them to such vacancies as shall
"appear to have existed at the time when the
"said list was dated".—

322 "This Regulation we have
"resolved shall commence its Operation from
"the public examination in October last,
"with the exception of Mr. Charles Claude
"Nattes who was reported qualified on the
"29th December 1809, but was permitted to
"remain in England until the sailing of
"the ships of the present season without
prejudice

"prejudice to his Rank, we accordingly attached
"him to the Corps of Engineers, and we direct
"that in the event of your having posted any
"of the Cadets beforementioned to that Corps
"you will upon the arrival of Mr. Charles
"Claude Nattes give him the precedence as
"pointed out in the former part of this Letter."

323 "We have further to acquaint
"you that in Consequence of the very gratifying
"Report which we have received of the Talents
"Industry, and exemplary Conduct of Mr. John
"Nattes and William Wotherspoon, we attach
"them at once to our Corps of Engineers at
"your Presidency but have allowed
"Mr. Wotherspoon to remain at our Seminary
"a short time without prejudice to his Rank
"as before stated, in order to qualify himself
"still further for that branch of the Service."

Nattes 324 "Mr. John William Nattes
"will of Course proceed to his destination by
the

"the early ships of the present season."—

For the Engineers

Wm John Nattes 325 "From the Company's Seminary

"29th December 1809 – but not being of age to take

"up his appointment, he was obliged to remain

"at our Institution until the ships of the

"present season, His rank therefore is determined

"by the period at which he attained the

"proper age for admission into our military

"service."—

Wm Wotherspoon 326 "Reported qualified 22d "

"October 1810."—

327 "We have posted the following

"cadets to the corps of Artillery at your Presidency

"viz't"—

For the Artillery

George Cowan
James Sop
Duncan McKenzie
William Lewis
Frederick Bond
Thomas Biddle
John Lamb
Alexander Coulle
John Ley

"From the Company's Seminary

"Reported qualified 22d October 1810"—

328 "As we are under no appre-

"hension but that in future we shall

be

"be able to send annually a sufficient number of well
"qualified young men, to meet every contingency which
"may occur in the Corps of Artillery or Engineers at our several
"Presidencies, we again desire that it may be clearly understood
"that the case must be urgent indeed, which can Warrant
"our admitting of the removal of Officers, even pro tempore from
"any other Corps to the Artillery or Engineers."—

329. In conclusion we have only to add
"that as we have been guided by strict Justice, in the
"Ranks now assigned to those Cadets who may have
"arrived at your Presidency during the last year, and
"who will hereafter embark, and with due Reference
"to their respective Merits, and Claims, we direct that no
"Application for Ranks may be transmitted to us which
"may tend to disturb the Arrangement now made."—
