GENERAL ORDERS

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, 1st *January* 1813.

The Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 29*th December* 1812.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council having been pleased to determine, that, from and after the 1st day of February 1813, the distribution, custody, and issue of Arrack, within *Fort St. George*, and at the several Out-Stations of the Army, shall be placed under the Commissariat; the following outline of the regulations which have been adopted in consequence of this arrangement, is now published for general information.

1.—On the receipt of this Order, or as soon after as may be practicable, the Arrack in store at *Fort St. George*, and at the several Stations will be transferred to the Officers of the Commissariat, under the survey of Committees to be assembled for that purpose.—The quantity of Liquor will be ascertained by a stamped gallon measure which will be sent by the Military Board to Officers Commanding Stations, and its quality will be ascertained by hydrometer when practicable. The proceedings of these Committees together with receipts of the Officer who takes charge, for the quantities expressed therein will be prepared in triplicate, one set to be delivered on the spot to the Agents for the Contractors, one set to be sent to the Commissary General by the Officer of his department, and one set to be forwarded by the Officer Commanding to the Military Board. The proceedings and receipts will of course include the number, description and quality of the casks and utensils transferred by the Contractors. The whole quantities transferred will be brought on the returns of the Commissariat, and a general return will be made to the Military Board by the Commissary General, who will also forward a quarterly return of the Arrack Department as well as of the other branches of the Commissariat, as directed in the General Order of the 9th October 1810. The accounts and returns to be made to the Commissary General, will be regulated by that Officer.

2.—The Arrack Department will accordingly be conducted from the 1st of February 1813, until further orders, under the following regulations, viz. The Arrack having been received in the course of the month of January, the Officers of the Commissariat will be prepared to make the issues to the Troops on the 1st of February 1813, in the regulated proportion of two drams per man, per diem, and which shall be paid for as usual, at the rate of 45 Cash per dram or 22½ Fanams per gallon.

3.—Any extra Arrack which may be issued to the Troops at the discretion of Officers Commanding Stations on established holidays, shall be paid for at the above regulated rate; but all extra Arrack issued on any other occasion, shall be paid for at the rate of 40 Fanams per gallon, at every Station of the Army.

4.—The daily payments, however, instead of being made by individuals, as has sometimes been the case, shall always when practicable, be rendered by Corps or Companies, for which Commanding Officers will make the necessary arrangements, and it shall be considered as an invariable rule that all payments for Arrack shall be made in the coins, which the Troops may have received from the Paymaster. The amount of their payments will be paid by the Commissariat into the hands of the Military Paymasters, who will grant their bills in favor of the Commissary General, whose duty it will be to dispose of such bills when they reach his Office, according to the regulations of the service.

5.—When a supply of Arrack is sent to any of the Out-Stations, musters will be sent along with it, and on its arrival, the Commanding Officer of the Station will order a Committee of Officers to ascertain that the contents are equal to those musters, as also the quantities deficient.—The proceedings of these Committees shall be made out in duplicate according to form A; the original of which is to be sent by Officers Commanding to the Commissary General, and the duplicate to the Officer of the Commissariat under whose charge the Arrack is to be immediately placed.

6.—Any Arrack which may be found on examination by a Committee of a quality inferior to the muster will be noted in the proceedings, and it will be the duty of the Commissary General to adopt measures for recovering the value from the person under whose custody it may have been despatched. As the quantity which may be deficient will also be ascertained by the Committee, it will be the especial duty of the Commissary General to recover the value of any quantity, the loss of which may not be accounted for in a satisfactory manner.

7.—The Commissariat Officers will issue Arrack to the European Troops on the indents of Quarter Masters of Corps and countersigned by the Officers Commanding the Corps and Garrison. The indents are to express the number of men in words as well as figures, and no indents are to be complied with which are not drawn out in all respects according to form B. Indents for extra Arrack to be of the same form, but superscribed with the words "Extra Indent."

8.—Indents for Details are to be made out by the Officer under whose charge they may be, and to be countersigned by Officers Commanding the Garrison or Station.

9.—The expense godown in the different Garrisons and Cantonments for the use of the European Troops shall not be kept open but from the hours of 7 to 9 in the morning, and from 4 to 6 in the afternoon when they are to be shut, and the keys lodged in the guard-room—nor shall the godowns be opened at any intermediate hour for the purpose of making extra issues, which should be served out at the regular hours abovementioned.

10.—All Officers belonging to Garrison a[illegible] shall be permitted to supply themselves from the Company's stores at the rate of 1½ Pagod[illegible] The Indents of Officers must be in writing, with their proper signature annexed and counters[illegible] be Commanding Officer of the Garrison or Station, who of course will regulate the quantity at his own discretion. These indents will be superscribed by the words "Officers' Indents."

GENERAL ORDERS,

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, 1st *January* 1813.

The Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 29*th December* 1812.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders the following copy of a Report from the Committee appointed for the Examination of Officers and Gentlemen Cadets in the Persian Language.

To *The Honorable*
SIR GEORGE HILARO BARLOW, *Bt. and K. B.*
Governor in Council.

HONORABLE SIR,

Para. 1st—In conformity with the instructions conveyed to us in the letter from the Secretary to Government in the Military Department, dated the 4th instant; we have the honor to report the result of our examination of the proficiency made by Cornet Macnaghten in the Persian Language.

2d—We required Mr. Macnaghten to translate into English, an extract of considerable length from the celebrated historical work, entitled the Hukeekoos Seeyur and to turn back into its original language the greater portion of an English translation of a letter from Nizam ool-Mooik to Mohummud Shah.

3d—These translations, notwithstanding their great length were executed with facility in the course of a few hours, and the inaccuracies which they exhibit are too few and too trifling to deserve any notice.

4th—A reference to the former report of the Committee dated the 6th May 1811, will shew, that even at that time, Mr. Macnaghten possessed a knowledge of the Persian language beyond the bounds of ordinary acquirement: his ready and correct performance of the exercises which we required of him, was therefore no more than what might be reasonably expected, but we should be unjust to his merits, were we not to mention that his Persian composition, independently of its general accuracy as a translation, displays a command of language and an elegance of expression, which evince his intimate acquaintance with the style and phraseology of the best authors, and reflect the highest credit upon his judgment and taste.

5th—With this view of Mr. Macnaghten's attainments in the Persian Language, we have particular pleasure in recommending, that the honorary reward established by the General Orders of the 17th October last, may be bestowed upon him.

FORT ST. GEORGE,
19*th December* 1812.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,

R. B. OTTO.

The Governor in Council has much satisfaction in conferring on Cornet Macnaghten the honorary reward to which, as formerly in the attainment of the Hindoostanee Language that Officer has established his early claims, in a very distinguished manner.

CHARGE.—Ensign G. W. S. Skipp of the 2d Battalion 17th Regiment Native Infantry, placed in arrest by order of His Excellency the Commander in Chief, on complaint of Lieutenant Cecil of the Madras European Regiment.

1st. For conduct highly unbecoming the character of an Officer, and in breach of the Governor General's Orders under date 4th October 1809, and in breach of the 31st paragraph of the letter from the Honorable the Court of Directors, communicated in G. O. 31st January 1812;—in upbraiding Lieutenant Cecil for his conduct during the late unhappy events in the Army.

2d. For language highly intemperate; and subversive of Military discipline in declaring, that, had he been one of the party of dismissed Officers, who attacked Lieutenant Cecil in the Choultry at *Hosscottah*, that he would have broke the door open first upon him, and blown his brains out afterwards, or else drown'd him.

3d. For saying, that he, Lieutenant Cecil, could not lay his hand upon his heart, and say, that he had never written secret information to Government, during the insurrection at *Mysoul watam*, and that he was considered in the whole Army in the despicable light of an informant.

4th. For offering, without the smallest provocation, to fight a duel with Lieutenant Cecil, if he was ready at any moment; and afterwards, declaring he, Ensign Skipp would not meet him, or fight with him, at all; on account of his being in Coventry, and that his brother Officers had treated him, Lieutenant Cecil, with very great lenity, in having done him no worse.

5th. In most unwarrantably scandalizing Lieutenant Cecil's character in stating, that it was known North and South in the Army, that he introduced the European Women of his Regiment to the Rajah of *Mysoul watam*; and refusing to give him up the authors of this abominable aspersion.

6th. For ungentleman-like conduct, in refusing to give Lieutenant Cecil his name, and when repeating his request, to know it, his giving a fictitious one, viz. "Chucks of the "Marines."

HONORABLE SIR,

Agreeably to the instructions contained in Mr. Secretary Strachey's letter of the 19th ultimo,—We have proceeded to the examination of Cornet Morison 2d Regiment Native Cavalry, in the Hindoostanee Language, and are enabled to declare, that the proficiency of that Gentleman is such, as to render him entitled, in our opinion, to the usual reward. Cornet Morison having been as yet little more than two years in the country, deserves considerable credit for his translations, which indicate a very competent knowledge of the vocables and general idiom of the Hindoostanee language.

Honorable Sir,
With great respect,
Your very obedient humble Servants.

His Excellency the Commander in Chief after a most careful and diligent examination of the proceedings on all the above Trials, as well as of every particular circumstance connected with the origin, progress and termination of the Conspiracy plotted in Travancore, has now a duty of the most delicate nature to perform, mixed with pain and satisfaction, but alike important to the honor and welfare of the Army: It relates to the just execution of the sentences awarded to those Criminals, who, by their own wicked, treacherous and mutinous designs, have forfeited their lives as a necessary example of the fate awaiting those, whose deluded judgment may lead them from their fidelity and duty as Soldiers, or from the path of that moral virtue, the security of mankind, the safety of Governments and the bond of Civil society.

No mercy can be extended to Criminals, whose horrid guilt aimed so fatal a blow against the Government of the Country and the lives of those Officers with whom they were associated for its protection.

The most paramount obligation of public duty forbids the Commander in Chief to hesitate in ordering the execution, according to the sentence of the Law, of the Criminals hereafter named. But painful as this task is, it is satisfactory to His Excellency's feelings as it must be to the Army at large, to know that those deluded and unhappy victims of their own guilty plans are convicted beyond all doubt, by the most circumstantial and positive evidence; that their characters are also corroborative of their guilty association in the plot of Murder and Rebellion, which, originating in the delirium of phrenzy, was conducted by a leader (the late Jemadar Hoossain Khan) conspicuous only by his disorderly and profligate habits.

It will also be a gratification to the Army to know, that the whole plot was confined to a few dissipated and worthless characters; and it is a proud source of exultation to the Commander in Chief to have traced in the most unequivocal and incontrovertible manner, that the Native Officers

whose characters, during a long and meritorious course of service, had not only been unblemished, but in many instances highly distinguished, were accused without the least foundation and with a malicious and designing motive by the Conspirators to give weight and importance to their plans, and to deceive each other into the belief that the design was seconded by men of such respectability and consequently, that it was general amongst their comrades.

The evidence on the trials of the Native Officers was such as would warrant any tribunal to pass the sentence the Court has awarded to each:—But the Commander in Chief in tracing the information received from the commencement throughout the whole of the investigation of this confined and contemptible conspiracy, as well as from a comparison of the evidence before the Court of Enquiry instituted at Quilon, with the depositions of several persons concerned, the proceedings of the Native General Court Martial, the fact that the first and principal informant against them had absconded twice, the contradictions which appeared in some of the evidences, and that invulnerable shield to all men, but particularly, to a Soldier of a high and distinguished reputation, has been enabled to defeat all attempts of the wicked and designing to rob these veteran and faithful Soldiers of their lives, their fame and honor.

The feelings of the Commander in Chief are beyond expression on this occasion, but the Army will appreciate and partake of them, and bow to that Divine Providence by whose aid he has been enabled to detect the conspiracy against the innocent.

from their arrest and confinement, present them with their Swords, and proclaim to them the Commander in Chief's pardon in front of the whole line of the Travancore Subsidiary Force to be paraded for that purpose.—On this occasion, Lieutenant Colonel Hall will be pleased to explain in the fullest manner to those Native Officers the Commander in Chief's conviction of their innocence, and his deep concern for their sufferings; after which, they will return to the ranks of their respective Regiments where His Excellency is confident that their fidelity, zeal and courage will be again displayed with the same honor to themselves and advantage to the Service as heretofore.

The Commander in Chief begs that the President and Members will receive his acknowledgments for the very judicious, deliberate, honorable and exemplary manner they have discharged the important duty it fell to their lot to perform; and the Commander in Chief feels it a duty he owes to them to declare, that the whole of their sentences have been just and strictly conformable to the evidence before them, although that evidence, as it relates to the charges against the Native Officers, was totally at variance with the first and most credible depositions received on the discovery of the plot.

To Lieutenant Colonel Hall, whose conduct during the late Conspiracy in Travancore has already been honored with the full approbation and applause of the Honorable the Governor in Council and the Commander in Chief, it would seem unnecessary to add further praise; but, in concluding the proceedings consequent to that event, His Excellency considers it due to Lieutenant Colonel Hall, the Field Officers and Captains who composed the Court of Enquiry at different periods, and to the Officers in general, to express his approbation of the decision, firmness and judgment which marked their conduct throughout this trying occasion.

The Honorable the Governor in Council is pleased to direct, that the following regulations for the Recruit Establishment attached to Corps, be substituted in lieu of those in the 18th Section of the Code of the 11th of March 1806.

RECRUIT ESTABLISHMENT.

Para. 1.—Exclusive of the Effective Establishment of Corps, the undermentioned number of Boys are in future to be attached to each, under the following regulations.

	Boys.		
	Recruits.	Pensioners.	Total
To a Regiment of Native Cavalry	8	10	18
To a Battalion of Native Infantry	30	40	70
To each Battalion of Foot Artillery	30	40	70
To a Battalion of Pioneers	30	30	60

2.—These Boys shall be enrolled, mustered, paid and returned, under the denomination of Recruit Boys and Pensioned Boys.

3.—The Recruit Boys are to be considered as attached to Corps for the purpose of completing its Establishment and are to be selected from the sons and brothers, or near relations and connexions of the old Soldiers of the several ranks, or of such other men of Corps as are inclined to enter the Service, giving the preference to the sons, brothers and relations of men who have lost their lives in it, and those of Native Officers of good family and connexions.

4.—Recruit Boys are not to be entertained under 11 years of age, nor unless they are healthy, well limbed and of size equal to their age.

5.—The admission into the Service and transfer to the Effective Establishment of each Recruit Boy, shall be particularly noted in the muster rolls.

6.—Each Recruit Boy shall receive one Star Pagoda monthly pay, until he is dismissed from the Drill and is found fit to take his tour of common duties, when he shall be transferred to the Effective Establishment of the Corps to which he belongs, and be entitled from that period to the pay, clothing, and all other allowances of an Effective Soldier.—No stranger is on any account to be entertained to fill up a casualty in a Corps if there be a Recruit Boy fit for the Effective list, or who will become so, within three months.

7.—Any Recruit Boy, who at the age of 18, may not have attained either height or strength to be transferred, is to be reported to Head Quarters, in order that he may be discharged.

8.—Every Recruit Boy transferred to the Effective strength of a Corps shall within one week of the transfer take an oath of fidelity to the Company, to be administered by a Priest of his own cast, in front of the Corps and under it's Colours.—The Articles of War also shall be read to him immediately after this ceremony, which must be performed with the solemnity due to the occasion.

9.—Pensioned Boys may be admitted on that Establishment at any age. They are to be selected by Commanding Officers of Corps under the sanction of the Commander in Chief, from among the sons of deceased Native Officers and Soldiers, but if the Establishment be at any time incomplete and there be no children of this description, the sons of Native Officers and Soldiers who may have large Families without adequate means of maintaining them, may be admitted.

10.—It is to be understood as a fixed principle, that an Orphan is on all occasions to have the preference, and if necessary the eldest child on the Establishment, whose Father may be still living, must be removed to make way for him, but will be eligible to be re-admitted on the next vacancy if the claim of any other Orphan should not interfere.

11.—Pensioned Boys on having attained the age of 11 years and being in other respects eligible, are to be transferred as vacancies will admit to the Establishment of Recruit Boys; should they, however, be unhealthy, deformed, or in any other respect unfit for the Service at the age of 14 years, they must be reported to Head Quarters, to be discharged.

12.—Each Pension Boy to receive one Star Pagoda monthly pay, and to be mustered, paid and returned as such.

13.—Commanding Officers of Native Corps shall twice a year, viz. on the 1st of January, and on the 1st of June, transmit to the Adjutant General's Office a report of the Recruit and Pensioned Boys admitted under this regulation, stating their age, and size, and the probable time of each Boy becoming effective.

GENERAL ORDERS,

HEAD QUARTERS: CHOULTRY PLAIN,

6th March 1813.

G. O. By the Commander in Chief.

In issuing his last Orders to the Army on this Establishment, the Commander in Chief is called on, by the most powerful motives, to assure them of the satisfaction that has been afforded him, by their uniform good Conduct, and improved state of discipline.—When he had the Honor to assume the Command, he confidently expected from them, the habits and the virtues of Soldiers;—That expectation has been fully realized.—He can with truth assert, that their spirited and chearful co-operation, has given a facility to the execution of his various Official duties, not only extremely gratifying at the moment, but the recollection of which, must be a source of pride and of comfort to him, the remainder of his life.

It is some consolation in parting from them to reflect, that they will be Commanded by an Officer, whose birth and distinguished services, eminently qualify him, for the important trust, and authorize an expectation of a continuance of the same chearful and prompt obedience, which the Commander in Chief has experienced, and which must ever ensure to them, the respect of their enemies and the gratitude of their Country.

The Commander in Chief feels it particularly incumbent on him, to assure the Native Troops, that he has the firmest confidence, in their attachment to the Government, to their Officers, and their Colours.—They are sensible, that in attention to their Religious and Customs, in an honorable and liberal maintenance, and in a provision for their old age, no Service equals the one, they have voluntarily embraced.—They must be gratified, at being chosen to protect their Countrymen, happily placed under the mild and beneficent rule of the Company's Government.—They must see with pleasure, the good consequences that are daily resulting in the prosperity of the Country, from the security afforded by wise and equal laws, both to persons and to property.—To their European Officers, they will look up with attachment, veneration, and respect, and they in their turn, as they value the honor of the British Arms, the dearest interests of their Country, and the happiness of the Troops entrusted to their controul, will pay every attention to the Native Officers and Men, will treat the former, with the respect due to their distinguished situations, and the latter with the kindness and forbearance, which their fidelity to the State, and chearful discharge of their duty, so forcibly require.

Lieutenant General Abercromby is fully sensible of the honor which has been conferred upon him, in having been appointed to Command the Madras Army; and although he could not, under any circumstances, have entered upon the discharge of the important and responsible duties of that situation free from anxiety; he feels that he labors under particular disadvantages, in succeeding to the able and eminently distinguished Officer who has closed the period of a Command, that has been marked by Brilliant National success and has been attended with solid and lasting benefits to the Army on this Establishment.

Lieutenant General Abercromby without making any general professions, will not hesitate to declare, that his unremitting efforts will be directed to the attainment of every object that may tend to promote the honor and true Interests of the Army at large, and that it will be a gratifying part of his duty to attend to the Services and merits of Individuals.

In expressing these Sentiments he places the utmost reliance on the Military Character and Reputation of the Coast Army, and feels every Confidence, that it's conduct will continue to be regulated by those principles, which have entitled it to the public approbation of their late Commander in Chief, and who was so eminently qualified to estimate the Merits of an Army.

GENERAL ORDERS,

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, 15th *March* 1813.

The Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 9th *March* 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish, the following Extracts of Letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 9th September 1812.

Letter to England dated 24th October 1808. Para. 19.—Cadet Buckworth's Rank fixed on grounds of general convenience, request Court's sanction that the arrangement may be final.

Para. 6.—"We approve your proceeding on this subject, and direct that "the arrangement be considered final."

Para. (50 and 51). Losses sustained by Officers and Men of the Pioneers in the storm of December 1807, a proportion of the loss made good.

9.—"We shall not object to the allowance you have made to the men of a "month's pay, and to the European Officers of a compensation for public "property destroyed in the storm of December 1807."

10.—"We at the same time think, it necessary to remark, that individuals can have no claim upon the "Public for losses sustained by storms, fire or other accidents, and we desire that no allowance be made "on such occasions, except in very particular cases, and after reference to us."

Para 54.—Complaints of Lieutenant Colonel M'Neil against the Pay and Audit Departments unfounded and improper.

15.—"On a perusal of the documents referred to in this paragraph, we "agree with you in opinion, that the proceedings of your Military Auditor, "and Paymaster Generals were not censurable and that the hardships of which "Lieutenant Colonel M'Neil has complained, arose from his inattention to "the Pay Regulations of Government, which it is the peculiar duty of your "Military Auditor and Paymaster Generals, to enforce."

16.—"We have on this, and many other occasions observed, that very unmerited, insinuations are "thrown out by Officers against our Military Auditors General under, we believe, a mistaken idea, that a "considerable degree of discretion rests with those Officers in enforcing the Pay Regulations of "Government."

17.—"We conceive it to be of importance, that the Officers of our Army should clearly understand, "that the Military Auditor General has no discretionary authority, but is bound to enforce the "Regulations of Government respecting the Pay and Allowances of the Troops with the utmost strictness "and precision."

18.—"With this view, as well as with a view to relieve the Military Auditor General as much as "possible, from the odium, which a strict attention to his duty is too apt to produce, as also with a view "to secure, as far as may be practicable, a continuance of that meritorious discharge of public duty "which has hitherto distinguished our Military Auditors at all our Presidencies, we direct, that the "Military Auditor General take an Oath of Office to the following effect: "That he will diligently and "faithfully execute the duties of his Office, and apply the Regulations of Government impartially, and "without favor or affection to any one, according to the best of his judgment and ability."

"A similar Oath must be taken by the Deputy Military Auditor General; and by the Assistant Deputy "Auditor, whenever, from the sickness or absence of the Military Auditor General and his Deputy, the "Assistant Auditor may be in charge of the Office."

19.—"And we direct, that this Regulation, together with our reasons for directing it, be notified to "the Army in General Orders."

Para. 249 & 50.—Conductors of Ordnance recommended to be allowed furlough to Europe, on pay.

112.—"Having granted this indulgence to the Conductors of Ordnance on "the Bengal Establishment, we shall of course, not refuse it to the "Conductors of Ordnance on the Establishments of the other Presidencies."

Para. 5.—Memorial from the Widow of the late Lieutenant Colonel Smart, praying that her Son may be educated for the Artillery, and appointed a Cadet for that Corps, strongly recommended.

281—"We have consented to the appointment of Mr. Hamilton Edmund "Smart, son of the late Lieutenant Colonel Smart, to be a Cadet of Infantry "on your Establishment, but we cannot comply with the application for "his appointment to the Artillery.

Letter dated 9th September 1812.

Para. 2.—"Being of opinion, that there is no longer any reason to prevent the return of the "undermentioned Officers with their rank in our Military Service on your Establishment, we have "accordingly permitted them to return by the Ships of the ensuing season, viz.

Lieutenant Colonel Thomas Boles.
Lieutenant Colonel George Martin.
Major John De Morgan.
Major Josiah Marshall.
Captain James Grant."

3.—"Lieutenant Colonel Poole, H. Vesey of your Establishment, retired from the Company's Service "(with our permission) from the 2d June last."

4.—" The undermentioned Officers on your Establishment have our permission to remain in *England* " till the departure of the first Ships of this season."

Lieutenant Colonel James George Scott.
Lieutenant Colonel Thomas Tichborne.
Captain William G. Pearse.
Lieutenant W. Lowther Church.

6.—" We have permitted Lieutenant William Lowther Church and Ensign William Raynsford Taylor, " to return to their rank on your establishment."

Letter dated 16th September 1812.

Para. 2.—" Lieutenant W. L. Church and Ensign W. R. Taylor of your Establishment (who have our " permission to return to their duty) have been appointed by us to take charge of the Recruits embarked " on board the Inglis during the voyage, and in consideration of the trouble and responsibility of that " duty, we have complimented Lieutenant Church and Ensign Taylor, with the sum of £ 150 each, and " the latter is to draw the regimental pay of his rank during the voyage, although under the regulations " for pay on furlough and the permission granted to him to come to *Europe*, he is not otherwise entitled " to such pay."

3.—" Major Thomas Little of your Establishment, has our permission to remain in *England* till the " departure of the last Ships of this season."

If particular cases should occur which may render the issue of these articles indispensable, it will be the duty of the Medical Officer in charge to ascertain the same, to indent for the number of sets of Bedding absolutely required, and to pass his receipt for them.—The Medical Officer becomes thus responsible for the preservation of this article of equipment, for which he will be authorized to demand a receipt from the Officer of Custody, to whom the Doolies will be delivered at the end of the march.

"CHARGE 1st.—For conduct highly unbecoming the character of an Officer and Gentleman, "in following me to Captain Tongue's House, in a state of intoxication on the "evening of the 7th instant, and abusing me in the most gross manner, without provoca- "tion, by making use of the expressions, you are a Rascal and a Coward, and I have a "great mind to Horse-whip you."

FORT ST. GEORGE.

HONORABLE SIR,

We have the honor to report to you, that in conformity to our instructions, as conveyed in Mr. Secretary Strachey's letter of the 12th instant, we proceeded to the examination in the Hindoostany Language of Lieutenant Higgins of the 1st Battalion 17th Regiment Native Infantry, and are happy in being enabled to state that, that Officer has acquitted himself in the several tasks assigned him with no common ability; his translations from the Hindoostany into English were made with the greatest exactness, and his version from the latter to the former Language, exhibited an extensive knowledge of words, although the idiom which he adopted was not always in strict conformity to the usage of the Carnatic dialect.

Lieutenant Higgins appears to converse in the Language with perfect fluency.—We beg accordingly to recommend him for the usual honorary reward.

We have the honor to be,
Honorable Sir,
With great respect,

The following Report from the Committee appointed for the Examination of Officers in the Hindoostanee Language, is published for the information of the Army.

To
The Honorable
SIR GEORGE HILARO BARLOW, *Bart. and K. B.*
Governor in Council,
&c. &c. &c.

HONORABLE SIR,

We have the honor of reporting to you, that agreeably to our instructions, as conveyed in Mr. Secretary Strachey's Letter of the 5th Instant, we have proceeded to the examination, in the Hindoostanee Language, of Lieutenant Fireworkers Lewis and Mackenzie of the 1st Battalion of Artillery and Lieutenant Mallandaine of the 1st Battalion 18th Regiment; of these Gentlemen, Lieutenants Lewis and Mackenzie performed the usual exercises with great exactness and facility. The translation of Mr. Lewis from English, into Hindoostanee, was rendered with a degree of spirit and felicity of expression, that reflects the greatest honor on his acquirements. Mr. Mackenzie's translations displayed, at the same time a very satisfactory knowledge of the Language.

The written versions of Mr. Mallandaine were not made with that perfect exactness, which we might have been led to expect from his standing in the Service (being a Lieutenant of 1805) and formerly employed as one of the Instructors to the Cadet Company.

When called on, however, to converse in the Language, he displayed a particularly prompt and unembarrassed elocution, and such as could only have resulted from a full knowledge of the colloquial idiom and phrases of the vernacular dialect.

We accordingly beg leave to include him in our recommendation, with the two Gentlemen abovementioned, for the usual honorary reward.

We have the honor to be,
Honorable Sir,
With great respect,
Your very obedient humble Servants,
(Signed) J. LEITH,
W. OLIVER,
R. B. OTTO.

FORT ST. GEORGE,
22d April 1813.

The Honorable the Governor in Council is pleased to confer the Honorary Reward for the attainment of the Hindoostanee Language on Lieutenant Fireworker Lewis of the Artillery, also on Lieutenant Fireworker Mackenzie of the same Corps, and on Lieutenant Mallandaine of the 18th Regiment of Native Infantry.

By order of the Honorable the Governor in Council.

His Excellency Lieutenant General The Honorable John Abercromby has been pleased to direct the publication of the following General Orders by His Royal Highness The Commander in Chief.

HORSE GUARDS, 10*th August* 1812.

GENERAL ORDERS.

With reference to the General Order which was issued to the Army on the 18th June last, on the Subject of Abuses and Irregularities which have been committed in the First Royal Surry Regiment of Militia, The Commander in Chief has directed, that the following Copy of a Letter, which was addressed by His Royal Highness on the 6th Instant, to the General Officer Commanding the Eastern District, respecting *Captain Joseph Dawson, of the first Regiment of Surry Militia,* shall be read at the head of every Regiment, and entered in the General Order Book of each Corps.

By Command of His Royal Highness, The Commander in Chief,

(Signed) HARRY CALVERT,

Adjutant General.

COPY of a Letter addressed by His Royal Highness The Commander in Chief, to General the Earl of Chatham, K. G. or General Officer Commanding the Eastern District, dated

HORSE GUARDS, 6*th August* 1812.

My Lord,

In reference to the Prince Regent's Commands as conveyed in my Letter of the 13th June last, that a General Court Martial should be assembled for the Trial of *Captain J. Dawson, of the first Royal Surry Regiment of Militia,* according to the Request made by that Officer before the Board of General Officers assembled to investigate the Abuses and Irregularities prevalent in that Corps, I am now to acquaint you, that although the Misconduct of *Captain Dawson* appeared to be of a more culpable Nature, than that of others who have already incurred the Penalty of Removal from the Service, inasmuch as he appeared to be himself guilty of those gross instances of Peculation and Injustice, which certain of his brother Captains permitted to be practised by the Pay-Serjeants of their respective Companies; yet under all the circumstances of the case, I have considered it expedient to submit to The Prince Regent, that the application of *Captain Dawson* to withdraw his Request for a Court Martial, shall be acceded to *upon the Condition of his Dismissal from His Majesty's Service, with such marked Publicity as may be considered due to the Infamy of Conduct acknowledged by the Prisoner's desire to avoid Investigation, and his voluntary Acquiescence in such Penalty.*

I have therefore to acquaint you, that the Prince Regent has been pleased, in the Name and on the behalf of His Majesty, to command that *Captain Dawson shall be dismissed from His Majesty's Service accordingly,* and that the grounds of such Dismissal shall be circulated throughout the Army, in reference to the Communications of the Decisions already passed upon Irregularities of the First Surry Militia, in which the intimation of Captain Dawson's Trial by Court Martial was included.

Your Lordship will acquaint me with the day upon which the Prince Regent's pleasure is made known to Captain Dawson, as from that day he will cease to receive Pay in His Majesty's Service.

I am, &c.

(Signed) FREDERICK,
Commander in Chief.

HORSE GUARDS, *25th September* 1812.

GENERAL ORDERS.

It is His Royal Highness the Commander in Chief's Command, that Soldiers, who from circumstances of urgent necessity, may require a prolongation of furlough, shall address themselves to the nearest Military Officer, being a General Officer on the Staff, the Commanding Officer of a Regiment or Depôt, an Inspecting Field Officer of the Recruiting Service, or other Officer with the Rank of Captain on that duty, or the Adjutant of a Corps of Local Militia, and that in no case shall they apply to Civil Magistrates, unless they can make it appear that no Officer of any of the before-mentioned descriptions is stationed or resident within a reasonable distance from the place where they may happen to be. And it is further His Royal Highness's Command, that when Officers, after due investigation, find it expedient to extend a Soldier's furlough, they shall invariably make a communication to the Officer commanding the Corps to which the Man belongs, apprizing him of the circumstances of the case, and the necessity of the measure.

By Command of His Royal Highness, The Commander in Chief,

HARRY CALVERT,
Adjutant General.

GENERAL ORDERS.

With reference to General Orders of the 4th August 1801, Lieutenant General The Honorable John Abercromby is pleased to desire Officers in Command of Regiments to transmit to The Commandant at Poonamallie patterns of such necessaries as they may be desirous of having furnished, under his superintendence, to Recruits arriving at the Depôt.—The Commandant will cause the several articles to be made up in conformity to the patterns supplied as above directed, but as that Officer is responsible for the comfort and appearance of His Majesty's Detachments under his Command, the quantity of things given out must be regulated by the exercise of his discretion, it being clearly understood however, that His Excellency The Lieutenant General is of opinion the issue of necessaries to Soldiers, previous to joining their respective Corps, ought to be as limited as circumstances will possibly admit.

By order of Lieutenant General The Honorable John Abercromby.

HEAD QUARTERS: Choultry Plain, 14th *May* 1813.

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby, has been pleased to direct the publication of the following General Orders.

HEAD QUARTERS: Cawnpore, 13th *April* 1813.

GENERAL ORDERS.

The Commander in Chief in India has been pleased to direct, that the following Copy of a Circular Letter from the Adjutant General, dated Horse Guards, the 18th January 1812, containing instructions, in addition to those detailed from Page 279 to 288 of the General Regulations of the Army, dated Horse Guards, the 12th August 1811, shall be published in orders for general information.

CIRCULAR.

HORSE GUARDS, 18th January 1812.

"Sir,

"Referring to an establishment, which has recently taken place, in which the Commander in Chief feels "the most lively interest, I have His Royal Highness' commands to desire you will instruct the General "Officers, in Command of Brigades, in the District under your orders, to be very minute in their "Confidential Reports, as to the Regimental Schools of the Corps under their command."

"It is the Commander in Chief's wish to receive Returns of the Schools, stating the number of Scholars "of each sex, with the opinions of the General Officer and Chaplain, or officiating Chaplain, as to the "talents and correctness of conduct of the Serjeant School Master, and of the progress of the "Children under his tuition."

"It is also the Commander in Chief's pleasure, that the Confidential Reports shall hereafter specify, "what has been the attendance of the Chaplain, or officiating Chaplain, (specifying him by name), at "the Regimental, and other Hospitals of each Station and District, what has been the accommodation "for each Corps for attending Divine Service; and whether Divine Service has, or has not, been regularly "performed on each Sunday, and duly attended by all the Officers, Non-commissioned Officers, and "Soldiers of the Regiment:—if there has been any omission in the performance of this duty in any "Corps, His Royal Highness requires such omission to be specified."

"The certificate required from the officiating Chaplain, to the letter and spirit of which the "Commander in Chief enjoins the strictest conformity, is to specify, that, in addition to the usual duty of "Sunday, he has visited the sick twice in each week.—There may, however, be cases, in which, from "casualties, or other circumstances, some deviations may become unavoidable; in such instances the "omissions must be entered, both with their dates, and causes on the back of the certificate.—If the "General of the Brigade has reason to be dissatisfied with the conduct or character of the officiating "Chaplain, he will report the same to the Chaplain General."

"The Commander in Chief desires, that the attention of the Officers in the Command of Brigades "and Regiments may be particularly called to the frequent Practice of Firing with Ball, and in the "Confidential Reports of the former, His Royal Highness expects to receive the most satisfactory "information as to the progress which each of the Corps under their orders is making in this essential "branch of instruction, to ascertain which, it will be necessary for the General Officers frequently to "take men indiscriminately from the ranks, and direct them to fire ball in their presence."

" The Commander in Chief commands me to avail myself of this opportunity of correcting a mistake, " which appears in many instances to prevail, viz. that it is requisite for the General Officer to specify the " day on which he inspected each Corps, making his Confidential Report apparently the result of such " inspection. On the contrary, it is the Commander in Chief's intention that the Confidential Reports " shall be the result of daily observation, and continual intercourse, and His Royal Highness expects, that " every Officer entrusted with the command of a Brigade, shall make himself so conversant with the " interior œconomy and actual state of every Corps, of which it is composed, and so acquaint himself " with the talents and exertions of every Officer under his command, that he shall be prepared at any " time, on the shortest notice, to furnish from his own personal knowledge and observation, the " information which His Royal Highness requires on each of the points detailed in the General " Regulations of the 12th August 1811, in addition to those to which, I have now by His Royal " Highness' Command called your attention, and I am further directed to request, that the Confidential " Reports and Returns may be transmitted as soon as possible after they are completed, as the delays " which have in many instances attended their transmission, have very much diminished the interest, " with which the Commander in Chief receives, and examines these Reports."

" The Commander in Chief deems it very expedient that you should immediately communicate the " substance of this letter to the General Officers under your command, that each individual may be fully " apprised of the nature and extent of the duties, which His Royal Highness considers to attach to every " General Officer employed on the Staff, and that each may be prepared on every occasion, and on every " particular, to answer His Royal Highness' enquiries and expectations, in a manner, which may evince " his own capacity for command, and attention to his duty, at the same time that he furnishes the required " information, in reference to the Corps placed under his immediate care, and superintendence."

I have the honor to be, &c. &c.

LIEUTENANT GENERAL
SIR GEORGE NUGENT, BART.
&c. &c. &c.

(Signed) HARRY CALVERT,
Adjutant General.

If the General Officer finds reason to be dissatisfied with the conduct or character of the officiating Chaplain attached to the Station or District under his command, he will specially report the same to the Commander in Chief, or Officer Commanding the Forces of the Presidency under which he may be serving, instead of reporting to the Chaplain General, as directed in the 4th Paragraph of the foregoing Letter.

Whenever it shall happen that a Regiment is quartered at a Station or District, to which no Chaplain is attached, the Inspecting Officer will notice the circumstance in his Confidential Report.

It having in some instances been represented that from the want of His Majesty's Regulations, Inspecting Officers have not been able to make that clear and distinct report which is required of them. The Commander in Chief is pleased to direct that previous to the inspection taking place, the Commanding Officer of the Corps to be reported on, will furnish the Inspecting Officer with His Majesty's Regulations on this head, and of every other order relative thereto, which he may have received,—and whenever circumstances shall occur to prevent the inspection being made at the periods prescribed by the Regulations, viz. " in the early part of the months of May and October in each year," His Excellency desires that the cause of it may be specified in the Confidential Report, which, with every other document connected therewith, are required to be made on paper of the demi-size, in order to correspond with the size of the Inspection Returns.

The Commander in Chief, adverting to the different modes which some Inspecting Officers have adopted of addressing, and of forwarding their Reports, is pleased to direct that the Confidential Letter shall in future, be addressed to the Commander in Chief in India, which, with the Inspection Returns, Reports, &c. are to be transmitted under cover to the Adjutant General of His Majesty's Forces in India, to be submitted to His Excellency.

The above documents are required to be forwarded in duplicate, and are to be signed by the Officer Commanding the Regiment or Battalion, and countersigned by the Inspecting Officer.

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby adverting to the Circular and Confidential Letters dated Horse Guards, the 25th of March 1812, from the Adjutant General, to Commanding Officers of Corps, accompanied by the Copy of a Warrant empowering the Colonel, or Officer Commanding, to hold in the Regiment under his Command, General Regimental Courts Martial, directs that the proceedings of such General Regimental Courts Martial shall be taken down by the President, or by one of its Members to be named by him.

The President and Members of such Courts shall be sworn, as directed by the Articles of War, with relation to "All Trials by any Court Martial [other than General Courts Martial.]"

The proceedings of all such Courts Martial from Corps stationed in the Field are to be transmitted by the Officer Commanding the Corps, for confirmation, to the General or other Officer Commanding the Field Force, and from Regiments quartered at any other Station, District, or Division, to the General or other Officer Commanding such Station, District, or Division.

The original proceedings of General Courts Martial, after being approved and confirmed, are to be returned to the Commanding Officer, by whom they will be transmitted without delay to the Deputy Judge Advocate of His Majesty's Forces, for the purpose of being immediately forwarded to the Judge Advocate General in London.

His Excellency the Lieutenant General has deemed proper to order that the 2d and 3d Paragraphs of the Adjutant General's Confidential Letter of the 25th of March 1812 should here be recapitulated, and to direct the particular attention of the Officers of His Majesty's Army to the sentiments and instructions therein conveyed; a strict observance of which cannot fail to produce the most beneficial effects to the Service.

"The Commander in Chief has commanded me to take this opportunity of stating, that there is no "point on which his Royal Highness is more decided in his opinion than that when Officers are earnest "and zealous in the discharge of their duty, and competent to their respective stations, a frequent "recurrence to punishment will not be necessary."

"The Commander in Chief is confident the Officers of the Army are universally actuated by a spirit of "justice, and impressed with those sentiments of kindness and regard towards their men, which they on "so many occasions have proved themselves to deserve, but His Royal Highness has reason to apprehend "that in many instances sufficient attention has not been paid to the prevention of crimes.—The timely "interference of the Officer, his personal intercourse and acquaintance with his men (which are sure "to be repaid by the Soldiers' confidence and attachment,) and above all, his personal example, are the "only efficacious means of preventing Military offences, and the Commander in Chief has no hesitation "in declaring, that the maintenance of strict discipline, without severity of punishment, and the "support and encouragement of an ardent and Military spirit, in a Corps without licentiousness, are the "criterions, by which His Royal Highness will be very much guided in forming his opinion of the talents, "abilities, and merit of the Officers to whom the command of the different Regiments and Corps of the "Army are confided."

Commanding Officers of Regiments are desired to draw the attention of Officers composing Regimental Courts Martial, to the 1st paragraph of the Adjutant General's Confidential Letter dated the 25th of March 1812.

General Officers will transmit with their half yearly Confidential Report, a list of Soldiers tried by General Regimental Courts Martial since the date of the last Inspection of the Corps reported on, and the proceedings of such Courts are to be regularly registered in the books of His Majesty's Regiments, as prescribed, in the instance of Regimental Courts Martial, by the Regulations and Orders for the Army dated Horse Guards, 12th August 1811—Pages 284 and 296.

The above directions are to be strictly complied with, and immediately acted on, by Regiments already in possession of the Circular, and Confidential, Letters, and Warrant of the 25th March 1812, and by other Corps, successively, on receiving them from Europe.

Much inconvenience having arisen from the delay attending the notification to the Commander in Chief of appointments made in England to His Majesty's Regiments in India.

Officers Commanding Corps will in future, on receipt of official notification from the War Office, or Regimental Agent, of any promotion or appointment which may have taken place in their respective Corps, immediately transmit a copy of such notification thro' the Office of the Deputy Adjutant General to Head Quarters at Calcutta.

(Signed) J. CAMPBELL,
Acting Dep. Adjt. General.

HEAD QUARTERS: CALCUTTA, *27th February* 1808.

GENERAL ORDERS.

"To obviate the serious inconvenience which has been heretofore too frequently experienced by Officers selling their Commissions on retiring from the Service, or on promotion, as well as by the Purchasers when their promotion has not been confirmed by His Majesty, His Excellency the Commander in Chief is pleased to direct that the following rules and regulations be henceforth rigidly observed in the sale and purchase of Commissions in His Majesty's Regiments serving in the East Indies.

"1st—The most strict attention shall be paid by Commanding Officers of Corps to enforce His Majesty's regulations in respect to the price prescribed for the respective ranks of Officers in his Regiments on promotion or exchange.

"2d—No applications for promotion (with or without purchase) or exchanges will be attended to, which do not pass through the regular channels, supported by the usual certificates from the parties concerned and their respective Commanding Officers.

"3d—Officers applying to purchase, or exchange from Infantry to Cavalry service, shall deposit the amount of the purchase money, or of the difference between the two services, with the Paymaster of the Corps, or some respectable Agent, and shall forward his or their certificate of being in possession thereof, and of its being forthcoming with the interest which may have accrued thereon when His Majesty's confirmation of the promotion or exchange shall be notified in General Orders.—This certificate is to bear the signature of the Officer, in command of the Corps, signifying his belief that the Agent is a person of sufficient responsibility for the fulfilment of his engagement,—it being nevertheless clearly understood, that, until the money be paid, the Purchaser is to be answerable for the amount the same as if it had been lodged with the Agents of the Regiment.

"4th—When Officers succeed by purchase to the Commissions of Officers retired from the Service, or promoted in Corps not serving in India, the purchase money (with interest from the day of promotion to the day of remittance) is to be remitted by the very first opportunity to the Agents of the Regiment, and a certificate of the nature of the remittance and the conveyance is to be transmitted by the Regimental Paymaster thro' the Commanding Officers of Corps to the Agents, and duplicate thereof thro' the regular channel to the Military Secretary of His Excellency the Commander in Chief,—Commanding Officers stating on such certificate their belief of the correctness of its contents.

"5th—When an Officer is recommended for promotion with or without purchase, his length of service in the Army and the Ranks purchased by him, are to be invariably notified to Head Quarters, as well as the name of the Officer entitled to the purchase money when the Commission is on sale.

"6th—When an Officer is recommended for promotion with or without purchase, who is not the senior of his rank, the reason of such recommendation is to be particularly explained.

"7th—No Gentleman is to be recommended for a Commission, with or without purchase, without reporting his age, address, and that he is not a half-cast or person of colour."

(Signed) W. GRANT KEIR,
Adjutant General King's Troops.

Lieutenant General The Honorable John Abercromby is surprised at the frequent deviations, from the above clear and precise instructions, by which their republication is rendered necessary, and, should the Service be subjected to inconvenience in future by instances of similar inattention to General Orders, His Excellency will not fail to designate them by marks of his disapprobation.

18.—"And as Sir Harford Jones has strongly represented to us the orderly and exemplary conduct of "the Native Officers, and men composing his Escort, during the three years they were with him, as well "as the great hardship they patiently underwent from the extreme severity of the winters at Tauris; "and as we are desirous, on all occasions, to reward and encourage such a disposition in our Native "Troops, particularly when employed on distant service, we direct, that Syed Hoossein and Hoosseinee "Beg, the Jemidars abovementioned, be promoted to the rank of Subidars and that Syed Mohee "Deen, who acted as Orderly to Sir H. Jones, be promoted to the rank of Jemidar; and although we "have directed these promotions to take place in consequence of the good behaviour of these persons "in Persia, it is nevertheless satisfactory to us to know that the Native Officers thus promoted, have "distinguished themselves on former occasions in our services."

His Excellency the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

Fort St. George, 9th *June* 1813.

G. O. By Government.

The Honorable the Governor in Council is pleased to publish the following extracts of letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 9th September 1812.

To England dated the 24th October 1808.
106 & 7.—Lieutenant Jobson's name erased from the Army, he being supposed to have perished on his passage to Bombay.
Promotions in consequence of the supposed deaths of Lieutenant Berrington and Lieutenant Colonel Macfarlane.

Para. 83.—Lieutenant Jobson died the 10th January 1808; Lieutenant Berrington and Lieutenant Colonel Macfarlane died at the dates mentioned by you.—Your proceedings were therefore proper.

262.—Memorial from the Field Officers and Captains of the Invalid Establishment, praying that the shares of Off-reckonings taken from them by the arrangement of 1803 may be restored to them.

127.—We must admit that the general arrangement relative to the surplus Off-reckonings which we thought proper to adopt in 1803, has borne hard upon the Field Officers and Captains of the Invalid Establishment of your Presidency, who formerly received certain proportions from the surplus of the stoppages of the European Invalids.

128.—We do not think it proper that the principle of the arrangement of 1803 should be disturbed, but we authorize you to grant from the Off-reckoning Fund a sum equal to the amount of what each Invalid Officer, now alive, actually benefitted from that source of emolument previous to the introduction of our regulations of 1803. It is however to be clearly understood, that this allowance is not to be made to the heirs or representatives of any Invalid Officer since deceased, nor to any Officer invalided since our arrangement of 1803 took effect.

Letter dated the 21st October 1812.

On the occasion of pardoning the Prisoner Private Thomas Fullam of His Majesty's 89th Regiment, His Excellency the Commander in Chief deems it necessary to explain to the Army, that the nature and magnitude of the offence would have precluded such lenity under any other circumstances than have combined to sanction the exercise of mercy, in a case so decidedly necessary to be marked by the severest example; but, the recommendation of the Court, the general state of discipline and subordination of the Army, the rare occurrence of the crime amongst the Soldiers of this Army and the late exemplary and gallant conduct of a Detachment of the Regiment to which the Prisoner belongs, when employed in Java, as well as the general orderly conduct of His Majesty's 89th Regiment in Garrison, have influenced the Commander in Chief to hope, that the exercise of the power vested in him to remit such sentences will not be misplaced.

WAR OFFICE, 20th June 1812.

Sir,

His Royal Highness the Prince Regent having taken into his consideration the cases of those Officers of

the Army who have sustained serious and permanent injury in action with the enemy, and being desirous of marking his sense of their services, by extending to them a permanent provision in addition to those allowances which are given under the existing regulations, has been graciously pleased to order, in the name and on the behalf of His Majesty, that Pensions shall be granted to such Officers, according to the Regulation and Scale herewith transmitted: and I have the satisfaction to add, that Parliament having by their vote, given effect to His Royal Highness's liberal and beneficent views, these Pensions will commence from 25th December 1811, in all cases in which the injury may have been sustained previously to the 25th December 1810, and from the expiration of a year and a day, in the instances of wounds received subsequently to that date.

In executing these His Royal Highness's Commands, I beg to assure you, that it gives me much gratification to communicate to you this additional and striking proof of His Royal Highness's most gracious attention to the merits and services of the British Army; and I request that you will use the earliest means of making the same known to the Officers of the Regiment under your command.

REGULATION *for granting* PENSIONS *to* OFFICERS *of His Majesty's Land Forces, losing an Eye or a Limb on Service.*

If an Officer shall be wounded in action, and it shall appear upon an inspection made of him by the Army Medical Board, at any period not sooner than a year and a day after the time when he was wounded, that he has in consequence of his wound lost a limb or an eye, or has totally lost the use of a limb, or that his wound has been equally prejudicial to his habit of body with the loss of a limb, such Officer shall be entitled to a Pension, commencing from the expiration of a year and a day after the time when he was wounded, and depending as to its amount upon the rank he held at that period, according to the Scale annexed; this Pension, being granted as a compensation for the injury sustained, is to be held together with any other pay and allowances to which such Officer may be otherwise entitled, without any deduction on account thereof.

Officers who shall have lost more than one limb or eye, shall be entitled to the Pension for each eye or limb so lost.

And as the Pension is not to commence till the expiration of a year and a day from the date of the wound, it is to be independent of the allowance of a year's pay, or the expenses attending the cure of wounds, granted under the existing regulations.

Applications for this Pension are to be in the same manner in which claims for the year's pay are now made to the Secretary at War, and must always be accompanied by the certificate of the Army Medical Board, if the Officer applying is at home; and by that of the principal Medical Officer on the Station where he is, if the Officer is abroad.

In the latter case, however, the Officer must, as soon as he returns home, be inspected by the Army Medical Board, and transmit their certificate to the Secretary at War.

All Officers who may have sustained such an injury as would entitle them to this Pension, by any wounds received since the commencement of hostilities in the year 1793, will, upon the production of the proper certificate from the Army Medical Board, be allowed a Pension proportioned, according to the scale, to the rank they held at the time when wounded, and commencing from 25th December 1811.

This allowance will be granted in general according to Regimental Rank, but in cases in which, in consequence of their Brevet Rank, Officers shall have been employed at the time when they were wounded, in discharge of duties superior to those attached to their Regimental Commissions, it will be given by the Brevet Rank.

Given at the War Office, this 20th day of June 1812.

By Command of His Royal Highness The Prince Regent, in the name and on the behalf of His Majesty,

(Signed) PALMERSTON.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish to the Army the following Report of the Examination passed by Lieutenant Willock of the Artillery in the Hindoostanee Language, and to direct that the established honorary reward be presented to that Officer.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

Para. 1st. We have the honor to acknowledge the receipt of the letter from the Secretary to Government in the Military Department, dated the 18th ultimo, and in conformity with the instructions therein contained, to report the result of our examination of the proficiency made in the Hindoostanee Language by Lieutenant and Adjutant Willock of the 2d Battalion of Artillery.

2d. Lieutenant Willock was required to perform the usual exercises; and we have much pleasure in reporting, that the result is in every respect satisfactory.

3d. Lieutenant Willock's translation from Hindoostanee was executed with great correctness, but two or three passages might perhaps have been more happily rendered.

4th. In his translation into Hindoostanee, Lieutenant Willock was particularly successful; on a careful review of this exercise we cannot find that it contains a single word mis-spelt, or a single sentence which is not strictly idomatical while, independently of its accuracy as a translation, it displays a remarkable ease and elegance of diction.

5th. To the attainment of facility in the colloquial use of the Hindoostanee, Lieutenant Willock appears to have paid particular attention.—He converses with fluency, and his pronunciation is correct.

6th. In consideration of the high degree of proficiency attained by Lieutenant Willock, we are persuaded that your Excellency in Council will feel great satisfaction in conferring upon him the usual honorary reward.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,

GENERAL ORDERS by the COMMANDER in CHIEF: Head Quarters, Cawnpore, 11th June 1813.

The inspection and review of His Majesty's 8th or Royal Irish Regiment of Light Dragoons yesterday morning, afforded the Commander in Chief very great satisfaction.

The soldier-like appearance of the men, the perfect state of the appointments of the Regiment, and the excellent condition of the horses, have His Excellency's fullest approbation.

The evolutions selected for the occasion, were executed with celerity and precision, and were of a nature to exhibit to the entire satisfaction of the Commander in Chief, the very improved state of the discipline of this very respectable Corps, since His Excellency's last inspection of it,—all which is highly creditable to Lieutenant Colonel Westenra, and the Officers of His Majesty's 8th or Royal Irish Light Dragoons, whose zealous exertions have brought the Regiment to it's present state of efficiency, and claim the expression of the Commander in Chief's best thanks.

Extra batta to be served to His Majesty's 8th Light Dragoons.

GENERAL ORDERS by the COMMANDER in CHIEF: Head Quarters, Cawnpore, 13th June 1813.

The Commander in Chief was much pleased with the soldier-like appearance of His Majesty's 67th Regiment at the review yesterday morning.

The steadiness of the Regiment under arms, and it's cleanliness, were very conspicuous.—The battalion guns were well served, the various platoon and other firings were good, and though the changes of position were necessarily restricted, and adopted to the very limited space on which the Regiment had to move, its performance impressed the Commander in Chief with a very favourable opinion of it's efficiency, and entitles Lieutenant Colonel Huskisson and the Officers of His Majesty's 67th Regiment to His Excellency's best acknowledgments.

Extra batta to be served to His Majesty's 67th Regiment.

G. O. By the Commander in Chief.

His Excellency the Commander in Chief has great pleasure in publishing to the Army the following Extract of G. O. by the Commander of the Forces, dated Head Quarters, Weltervreeden, 27th May 1813, which confirms the high opinion His Excellency had entertained of Captain Noble's Corps of Horse Artillery.

EXTRACT.

"G. O. By the Commander of the Forces."

"HEAD QUARTERS, Weltevreeden,
"*27th May* 1813."

"On the return of the Madras Horse Artillery to their Presidency, the Commander of the Forces "cannot better evince the high opinion he entertains of their merit, than by a short review of the active "services in which they have been engaged, under his personal command. Placed in the advance of the "Army, Major General Gillespie had early an opportunity of discerning the character of the Corps, "and their conduct on every occasion confirmed his first impression of the value of their services, in "the successive achievements of the 10th, and the memorable 26th of August 1811 their exertions "directed by that experienced Officer Captain Noble, eminently contributed to the glory acquired to the "British Arms, and the brigade employed under Captain Rudyard at Palembang and Djocjokarta were "conspicuous for the same conduct, which so honorably marked their first career."

"The Commander of the Forces also offers his thanks to Captain Rudyard and the Officers for the "discipline and highly creditable appearance, the Corps has uniformly maintained; and will perform a "pleasing duty in communicating these, his sentiments, to the Commander in Chief and to the "authorities under whom they will eventually be placed."

"The Commander of the Forces regrets, that the Medal which it was his intention personally to "present to John O'Brien, in commemoration of his gallant conduct near Djocjogarta has not yet been "received from Bengal, it will however be forwarded to Madras, thro' the regular channel."

SENTENCE.—The Court having maturely weighed, and considered, the evidence brought in support of the prosecution, as well as what the Prisoner (Lieutenant A. I approve the Sentence, but remit the punishment.

(Signed) JOHN ABERCROMBY,

The Prisoner must consider himself entirely indebted to the recommendation of the Court and to some particular circumstances which appear in the course of the proceedings, for the lenity which the Commander in Chief has been enabled to extend to him.

His Excellency has perceived with concern, that the evidence leaves no room to doubt, that Lieutenant Macleod, although still in the early part of life, has shewn a disposition to contract habits of intemperance which are unpardonable in an Officer, and discreditable to a Gentleman; he is however willing to indulge a hope, that Lieutenant Macleod will reflect seriously, on the consequences which his unguarded conduct in recent instances has entailed upon him, and will become sensible, that nothing but a determination to reform, can prevent his character and future prospects being involved in irretrievable ruin.

The following further extracts of the proceedings of Native General Courts Martial assembled under the authority of His Excellency the Commander in Chief, are published to the Army.

HEAD QUARTERS: Choultry Plain, 7*th August* 1813.

G. O. By the Commander in Chief.

The attention of the Commander in Chief having recently been attracted, by a circumstance of resistance to the constituted authority of the Civil Power, in the refusal of a Military Officer to admit of the attendance, as evidences on a criminal prosecution, of certain Native Officers and Soldiers under his command, although legally summoned by a Magistrate for that purpose; His Excellency finds himself called upon, thus publicly, to apprize the Army at large, of the consequences which may result, from an erroneous impression on this subject, and to express his determination to take serious cognizance of any future irregularity of a similar nature.

The Commander in Chief, under the orders of Government, at the same time explains to the Army, that on the issuing of summonses for the appearance of Native Officers or Soldiers as evidences, as well as warrants for their apprehension, a notification will in future be made to the Commanding Officer by the Civil Magistrate to that effect; but, it is nevertheless to be distinctly understood, that although such notification should *not* be given, an omission for which the Magistrate will be responsible to the Government, a compliance with his warrant or summons must be equally rendered.

The Commander in Chief is pleased to direct that, in future, the Returns of Corps and Detachments transmitted to the Quarter Master General of the Army, shall contain a List of Alterations and Casualties since the previous Return.

Captain Charlesworth of the 1st Battalion 24th Native Regiment, is appointed a Member of the Clothing Committee, in the room of Lieutenant Chatfield of the 1st Regiment Native Cavalry, relieved from that duty.

GENERAL ORDERS,

HEAD QUARTERS: CHOULTRY PLAIN,

10th August 1813.

G. O. By the Commander in Chief.

The Commander in Chief is pleased to direct, that all Officers *dismounted* wearing *Helmets, Caps* or *Turbands*, are to salute in the same manner as practised by Officers of Flank Companies, and with a view of establishing one uniform mode, the following directions are to be strictly adhered to.

METHOD OF CARRYING THE SWORD.

At Close Order.——The Officer will slope his Sword, the right hand will be lowered with the Sword, just so far on the right side as to admit of the hand keeping a firm grasp of the hilt, and being brought well square to the front the blade will fall upon the right shoulder, where it will be held steady and firm.

At Open Order.——The Sword will be extended diagonally across the body from the right side to the point of the left shoulder, the right arm being straightened perpendicularly down the right side, the left arm will be bent so that the left hand may take the blade of the Sword, edgeways (the edge downwards) between the fingers and thumb and be opposite to the point of the shoulder.

MODE OF SALUTING.

Standing.——2 Motions. 1st. Raise the Sword to the front of the face with a graceful motion till the bottom of the Guard is in line with the chin.

2d. Drop the Sword smartly to point about 12 inches in front of the toe, the Sword brought down to the side, so that the Guard will touch the seam of the Breeches, the point consequently held in a straight line about 3 inches on the right of the right foot, the Officer looking to the front and standing perfectly steady—at the moment the Sword is dropped, the left hand is by a graceful motion (moving in unison with the Sword) to be brought up above the peak of the Helmet, Cap, or Turband, keeping the little finger to the front.

Marching.——2 Motions. 1st. The Sword to be recovered as directed in the foregoing paragraph, and beginning the motion with the *right* Leg, then waiting one step and dropping the Sword with 2d Motion. the *right* Leg exactly in the same position as when saluting standing and raising the left hand to the Helmet, Cap or Turband when dropping the Sword.

In like manner the Sword is to be *recovered* with the *right* Leg, wait one step, then with the *right* Leg, bring it to the position across the body as directed for an Officer at open Order.

Every attention should be given to uniformity in the Dress and Appointments of Officers as well in the mode of putting them on as in the make and description of them.

The Helmet or Cap is never *to be taken off the head* in paying personal Compliments to those entitled to them, whether on or off a Parade.

The following General Order by the Commander in Chief of the Forces on the Island of Java, dated Head Quarters, Weltervreden, 5th June 1813, having been received, His Excellency the Commander in Chief has great satisfaction in publishing it to the Army, as an additional testimony of the merits of the Detachment of that exemplary and distinguished Regiment His Majesty's 22d Light Dragoons, as well as of the Detachment of the Madras Pioneers.

G. O. BY THE COMMANDER OF THE FORCES.

Head Quarters: Weltervreden, *5th June* 1813.

In reviewing the services of the Corps, returning to India, the Commander of the Forces recurs with pleasure to those of the Detachment of His Majesty's 22d Light Dragoons, which since the commencement of the campaign have been equally subject to his observations and deserving of his approval.

In recording his sentiments it is more especially due to them to notice the occasion whereon these services have conspicuously contributed to the glory and success of the operation in which they have been engaged,—and the Commander of the Forces naturally recurs to that gallant and decisive charge which, by overthrowing the retreating columns occasioned the final dispersion of the Army at Cornelis, and secured an earlier termination to the campaign.

The conduct of the Detachment on recent services under Major Dawes and Captain Paterson, also of Lieutenant Hale and his party, have already been noticed and recorded, and it will be a source of pride and satisfaction to those Officers and men on returning to their Corps, that they have so meritoriously upheld its high reputation.

The Commander of the Forces has equal pleasure in recording his sense of the conduct of the Detachment of the Madras Pioneers commanded by Lieutenant Stuart, who have been uniformly distinguished by a zeal and steadiness and patient enduring under trying circumstances, which have rendered their services eminently useful and themselves deserving of particular regard and consideration.

By order of the Commander of the Forces,

(Signed) R. BUTLER,

Deputy Adjutant General to the Forces at Java.

The Native General Court Martial directed by G. O. dated 22d ultimo, to assemble at Wallajahbad on the 15th instant, is countermanded.

The Native General Court Martial assembled at Bangalore on the 22d June 1813, and of which Subadar Trevangadum is President, is dissolved.

The following removals are ordered.

Corps of Pioneers.

Lieutenant Prendergast from 2d to 1st Battalion.

The appointment by Lieutenant Colonel Dowse Commanding Field Force, of Assistant Surgeon Adams of the 2d Battalion 2d to afford medical aid to a Detachment of the 1st Battalion 13th Regiment N. I. during the time they remain with that Force, is confirmed from 10th July 1813.

G. O. BY GOVERNMENT.

The Governor in Council having approved the measures recommended by the Medical Board, for rendering more efficient the establishment of Dressers with the Native branch of the Army, is pleased to order and direct.

That in future, a First and Second Dresser be attached to each Battalion, the former upon a monthly pay of Ten, and the latter on a monthly pay of Seven Star Pagodas.

That First Dressers shall be selected from the Medical Pupils educated at the Asylum or Fort School; and that no person shall be considered eligible to that situation, until he shall have acquired a knowledge of compounding accurately and administering medicines, with the other inferior duties of an Hospital, and it is specially enjoined, that he shall be able to read and write English distinctly.

That Pupils reported by the Surgeons, under whose care they have been instructed, to be qualified for the duties of First Dressers, shall in the Centre Division attend at the Medical Board for examination. In the other Divisions of the Army they shall in like manner attend the Superintending Surgeons, to whom instructions shall be given, to make the necessary enquiries regarding the progress they have made, and their competency to be First Dressers.

That to encourage diligence and undeviating attention, the higher situations of Sub-Assistant Surgeons shall be selected by seniority, from those Dressers who have uniformly conducted themselves so as to merit the continued approbation of their Superior Officers.

As the Service does not at present furnish an adequate number of young men sufficiently educated to qualify them for the situation of First Dressers to all the Corps, it is directed that the most deserving Natives now with Battalions shall continue to fill those situations, until persons properly instructed can be supplied from the Medical Pupils.

G. O. BY GOVERNMENT.

His Excellency the Honorable the Governor in Council has been pleased to resolve, with reference to instructions received from the Honorable Court of Directors, as published in G. O. dated the 1st September last, that Major Generals not on the Staff shall be considered entitled to the full batta of their regimental rank, during the period of their employment under competent authority on any public duty whatever.

It is further resolved that Major Generals not on the Staff, shall be authorized to draw Court Martial allowance according to their regimental rank when employed under circumstances which would entitle other Officers to that allowance.

In consequence of the above Regulations which provide for every case in which a Major General not on the Staff, can be employed, the General Order dated 8th January 1811, relative to the allowances of Officers of that rank is annulled.

Doubts having occurred relative to the application of paragraphs 65 & 81 of the Code of Regulations, pages 22 & 25, to Officers holding the Brevet rank of Colonel or Major General, it is considered necessary to explain for general information that where the rank of Colonel is stated in the Pay Tables or Regulations, it has reference to those Officers only, who are entitled to draw the full batta of that rank regimentally.

GENERAL ORDERS,

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, 21st *August* 1813.

His Excellency the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders

FORT ST. GEORGE, 17th *August* 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish for the information of the Army, the following Extract from a Letter, from the Honorable the Court of Directors, dated the 12th March 1813.

Para. 2.—In our Military Letter dated 5th July 1811, we informed you paras. 8th and 9th, that we had for the present, suspended our judgment, on the case of Colonel The Honorable Arthur Sentleger; we also informed you para. 32 of the same Letter, that we should hereafter take into consideration the cases of the Officers who had accepted the Governor General's option of being dismissed from the Service, or have been dismissed by the Sentences of Courts Martial, as described in the Governor General's Letter of the 15th April 1810.

3.—Having taken the case of Colonel The Honorable Arthur Sentleger, as well as the cases of several of the Officers mentioned in the 32d paragraph of our Letter dated 5th July 1811, into our most serious consideration, and having maturely weighed the evidence brought forward against them, as well as, what they have respectively stated to us in their defence, having adverted also to the sentiments contained in paras. 14th and 15th of the same Letter, which disposed us to the lenient judgment then passed on Major De Morgan and other Officers, and which are in great measure applicable to the cases now under review, we have come to the following resolutions.

Although the conduct of Colonel The Honorable Arthur Sentleger has been such as would in our opinion, have justified his removal from the Company's Service, yet adverting to the long period of his suspension, and likewise to his past services, we have resolved to remove the suspension imposed upon that Officer.

We have also resolved, that, although in our opinion

Major George Walsh,
" Thomas Pollok,
" J. L. Lushington,
Captain Charles Hopkinson,
" George Cadell,
" Thomas De Havilland,
" Augustus Andrews,

have by their conduct, rendered themselves undeserving our consideration, yet as a mark of our lenity that they be restored to the Company's Service and permitted to return to their rank accordingly.

We have also resolved, that, although Major D. C. G. Kenny, and Major James Patterson, have by their conduct, rendered themselves undeserving of our consideration, yet that, in consequence of the recommendation of Lord Minto in their favour, and as a mark of our lenity, the former of these Officers Major D. C. G. Kenny, be allowed a pension of one hundred and twenty pounds a year from the 2d of September 1812, and that the pension granted by your Government to Mrs. Patterson, the mother of the latter of these Officers, Major James Patterson, be confirmed to her.

4.—We have permitted the following Military Officers to return to their rank on your Establishment, viz.

Lieutenant Colonel Thomas Tichborne,
Captain W. G. Pearse,
" Thomas Fraser,
" Charles Ferrier,
Captain Lieutenant T. Hunter,
Lieutenant Rowland Jefferis,
" Michael John Harris,
" Arthur Stock.

9.—We have appointed the following persons Assistant Surgeons for your Presidency.

James B. Hall,
Richard Kellet,
John Stretch, (M. D.)
David Boyd.

10.—We have attended to the circumstances stated in paras. 12th & 13th of your Military Letter of the 29th February 1812, relative to the manner in which you have provided for Messrs. West, Brunton, and Chadwick (whose temporary appointments by you as Lieutenant Fireworkers of Artillery had been disapproved in our Letter of the 2d November 1810) by appointing them Lieutenants in the Corps formed of the European Invalids into the Carnatic Veteran Battalion, and we have no objection to your having conferred these appointments on those Gentlemen.

11.—But in forming the Veteran Battalion, we think you should have attended to the long services of Mr. James Clemons, who had been nominated by us, at your recommendation, an Ensign in the European Invalids, of whom this Battalion was composed.

12.—Since his arrival in this country Mr. Clemons has brought to our notice his claim to rank in the Carnatic Veteran Battalion above the three Gentlemen before-named, and we are so fully satisfied of the justice of his pretensions, from the favorable testimonials of his character, that have been laid before us, that we direct, he be promoted to a Lieutenancy in that Battalion, to rank next below Lieutenant Charles J. Gilbert.

13.—Captain George Cadell of your Establishment, (of whose restoration to the Company's Service, you are advised in the 3d paragraph of this Letter) has our permission to remain in Europe till the sailing of the first ships of next season.

14.—Under the particular circumstances of the case of Lieutenant Edward Skeate White of your Establishment, who was obliged to return to this country about two years ago in consequence of having lost the use of his limbs, we have continued his pay to him for two years, from the 30th April last, in the hope that by that time, he may be enabled to return to his duty.

15.—Captain Thomas Fraser of your Engineer Corps, returns to his duty by the ship Hugh Inglis, and we direct your attention to the sentiments we have expressed of Captain Fraser's merits, and services in para. 135 of our Letter of the 23d January 1811.

The Governor in Council is also pleased to publish to the Army, the following copy of a communication received from the Secretary at the East India House under date the 13th March 1813.

Major Josiah Marshall, and Captain James Grant, of your Establishment, being at present employed in Sicily in the discharge of military duties under the command of the Right Honorable Lord William Bentinck, we have thought proper at His Lordship's request and under the particular circumstances of their situation, to allow them to continue in their present employments without prejudice to their rank in our Service to be considered as on furlough, and to draw the pay of their respective ranks as if they were on furlough for the period of two years, from the sailing of the first ships of the present season.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders, the following copy of a Report from the Committee appointed for the examination of Military Students in the Hindoostanee Language, and to direct that the honorary reward established for the attainment of that language be presented to

Cornet W. Hamilton of the 4th Regiment of Native Cavalry.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

Para. 1st.—In conformity with the instructions conveyed to us in the letter from the Secretary to Government in the Military Department, dated the 20th ultimo, we have examined Cornet W. Hamilton of the 4th Regiment Native Cavalry, as to the proficiency which he has made in the Hindoostanee language, and we have now the honor to report the result, for the information of your Excellency in Council.

2d.—Mr. Hamilton's translation from Hindoostanee into English was executed with the utmost readiness. It is not entirely free from error, but its inaccuracies are too few and too trifling to deserve any notice.

3d.—In his translation from English into Hindoostanee, Mr. Hamilton was, equally successful. This exercise, however, was not performed with the same readiness as the former, but its correctness and its elegance fully compensate for the attention and care bestowed upon it.

4th.—In the oral part of the examination, Mr. Hamilton appeared to us to be somewhat embarrassed, but his embarrassment, we are persuaded, arose more from diffidence in his own power than from any deficiency of skill in the colloquial use of the language.

5th.—Upon the whole, we consider Mr. Hamilton to have attained a superior degree of proficiency in the Hindoostanee language, and we have much satisfaction in recommending that your Excellency in Council may be pleased to bestow upon him the usual honorary reward.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,

As the Cornets of the Cavalry, and Ensigns of Infantry Regiments, are posted to Corps according to their standing in the lists received from the Honorable the Court of Directors, and every advantage allowed to seniority when so posted, His Excellency the Governor in Council does not consider it advissable to cause any removals of those ranks of Subaltern Officers, they having already received the benefit of their relative situation with each other; nor does His Excellency consider it necessary to alter the dates of commissions of the Cornets and Ensigns, for the above reason.

By order of Lieutenant General Champagné, Commanding the Troops in the Field.

Cawnpore, 11*th June* 1813.

(Signed) J. NICOL,
Deputy Adjutant General.

SENTENCE.—The Court having duly and maturely weighed and considered the evidence on the part of the Prosecution, as well as what the Prisoner Thomas Holdrich hath urged in his defence, are of opinion that he is guilty of the following part of the first charge exhibited against him, namely, "Conduct at Meerut, on the 27th of May last, in the Barrack of the Troop "to which he was attached, in having addressed grossly abusive language to Quarter "Master Chick of the same Corps in violation of good order and discipline and in breach "of the Articles of War."——But the Court acquit the Prisoner of the "mutinous" conduct alleged against him in the first charge.

The Court are of opinion that the Prisoner is guilty of the second charge, namely, "Mutiny in having on the 27th of May last when in the Barrack aforesaid, presented and

" snapped a pistol loaded with a ball cartridge at Quarter Master Chick, he being in the " execution of his duty."

The Court are of opinion that the Prisoner is guilty of the third charge (viz.) " For " having subsequently to presenting and snapping the pistol as aforesaid, uttered mutinous " language expressive of regret that the pistol had not gone off and blown out the said " Quarter Master's brains, and declaring that though he had not shot him then, he would " do so on some other opportunity, such language being subversive of discipline and in " breach of the Articles of War."

The Court finding the Prisoner guilty of such part of the first charge, and the whole of the second and third charges as above stated, and the same being in breach of the Articles of War, do adjudge him the said Thomas Holdrich to be shot to death in such manner and at such time and place as His Excellency the Commander in Chief of the Forces in India may be pleased to direct.—And he the said Thomas Holdrich is hereby sentenced accordingly.

Confirmed.

(Signed) G. NUGENT,
Lieutenant General.

Lieutenant General Champagné will be pleased to cause the sentence of death which has been passed upon Private Thomas Holdrich or Holdrige of His Majesty's 24th Light Dragoons, to be carried into effect in the most awful and impressive manner.

Having performed this painful duty, The Commander in Chief deems it necessary to advert to the circumstances under which the Prisoner is stated to have laboured when he meditated the heinous and flagrant act for which he is about to forfeit his life.

Drunkenness—a propensity so detestable in itself, so prejudicial to discipline, so disgraceful to the Soldier, and so very frequently productive of the most lamentable consequences—has not unusually been advanced as in the present instance in palliation of an offence committed under it's degrading influence; but it ought never to be absent from the recollection of the Soldier, that Drunkenness constitutes of itself a breach of military discipline, which cannot be too strictly watched or too promptly checked in it's infancy, for it eventually leads to almost every censurable act of which the Soldier is guilty—when then it is associated with the commission of another crime, it becomes proportionately aggravating, and can never be received in extenuation of any such offence.

The Commander in Chief in India therefore avails himself, of this occasion to claim the assiduous and persevering exertions of Officers in Command of Regiments, and all those serving under them, in suppressing in it's earliest stage a propensity of so evil and pernicious a tendency as Drunkenness, a vice which never fails to prove detrimental to the reputation and best interests of every Corps in which it unhappily prevails.

The Commander in Chief cannot dismiss this subject without expressing his earnest expectation that Commanding Officers of Regiments will feel the expediency and efficacy of meeting offences otherwise than of a serious nature by measures less hurtful to the Soldier than corporal punishment, a frequent or inconsiderate recurrence to which has ever been found greatly to weaken it's effects—solitary confinement has had the happiest results, when the infliction of corporal punishment has failed to produce amendment. The Commander in Chief strongly recommends recourse being had in all admissible cases to a mild and progressive system of punishment, before extreme severity is resorted to, and His Excellency will not fail to afford all the aid in his power in furtherance thereof, by recommending the erection of solitary cells sufficient in point of number to answer this desirable end, where King's Troops are usually stationed.

This Order to be read at the Head of each of His Majesty's Regiments in India, and entered in the Regimental Orderly Books.

Adjutant General.

GENERAL ORDERS.

His Royal Highness The Commander in Chief having laid before His Royal Highness the Prince Regent, the proceedings of a General Court Martial held at Cawnpore on the 7th November 1811, and continued by adjournments to the 4th December following, for the trial of Lieutenant Colonel Henry Gore Wade of the 8th Light Dragoons, who was arraigned upon the undermentioned charge, viz.

" For scandalous and infamous behaviour, such as is unbecoming the character of an " Officer and a Gentleman, and in direct breach of the 4th Article of the 8th Section of His " Majesty's Articles of War, in having exacted and received from Daniel Clarke Licensed " Sutler in the Cantonment of Cawnpore, or from persons acting in trust for him, the " Bribes of one Hundred Rupees each, which were paid to him some time in January, February or March last, (or thereabouts) in consideration of his (Lieutenant Colonel Wade) " having allowed the said Daniel Clarke, or persons acting in trust for him, to sell Spirituous Liquors in the Lines of the Corps under his command."

Upon which charge the Court came to the following decision.

" The Court having maturely weighed the evidence which has been brought forward on " the part of the prosecution, together with what the Prisoner has adduced in his defence, " is of opinion, that Lieutenant Colonel Wade is guilty of the charge exhibited against him, " which being in breach of the Articles of War, it sentences him to be cashiered."

His Royal Highness the Prince Regent having been pleased, in the name and on the behalf of His Majesty, to approve and confirm the finding and sentence of the Court, Lieutenant Colonel Henry Gore Wade is to be struck off the strength of His Majesty's 8th Light Dragoons from the date of this Order.

The Commander in Chief in India is pleased to direct that this Order be read at the Head of each of His Majesty's Regiments in India, and entered in the Regimental Orderly Books.

Such men in the Foreign Corps as may be re-enlisted after the expiration of a limited period of service will be allowed the bounty of four Guineas.

I have only to add that these respective bounties will be admitted by the Secretary at War, as a charge in the accompts of the different Regiments, and I am to desire that you will cause an observation to be made upon the back of each regimental monthly return, of the number of men who may extend their services, each month subsequent to the 24th of June next.

I am, Sir, yours,

GENERAL ORDERS,

GENERAL ORDERS.

By His Excellency The Right Honorable The Earl of Moira.

The admirable appearance of the Honorable Company's Troops reviewed this day augments the regret which the Earl of Moira feels at not having the opportunity to form more particular acquaintance with the Coast Army.

It is a consolation to him, that his departure from the Presidency does not produce any disconnection between him and those Troops; and he seizes this occasion for expressing his sentiments to the whole of the Force on the Madras Establishment.

Under the fostering protection of a mind so generous as that possessed by His Excellency Lieutenant General Abercromby, this Army requires no other security for every paternal attention; therefore, Lord Moira is only gratifying himself in professing his own dispositions.

With that opinion of their discipline, of their valor, and of their high services, which he must, in common with every other individual entertain, Lord Moira assures the Madras Army, that he reposes in them the most perfect confidence; and he trusts that they will place in him a reliance, which his sense of their Merits and his solicitude for their Welfare, can never expose to disappointment.

The Veteran and truly Military Air of His Majesty's 59th Regiment was peculiarly pleasing to Lord Moira, who cannot forget that he had the happiness of witnessing their earliest pledge of that Zeal and Intrepidity which have always distinguished the Regiment.

SENTENCE.—The Court having well and maturely deliberated upon the evidence in support of the prosecution, as well as what the Prisoner has urged in his defence, is of opinion, that the Prisoner Appanah Private in the 3d Battalion Company of the 2d Battalion 8th Regiment N. I. is "Guilty" in part of the charge preferred against him, viz. "For deserting from his Corps on "or about the 20th August 1806, with his arms, accoutrements and ammunition, while "on the march from Samulcottah to Masulipatam, he having been apprehended at Cottapilly "in the Zillah of Rajahmundry" about the beginning of May 1813, with his arms." The Commander in Chief having approved and confirmed the sentence of death passed upon Appanah, Private Sepoy in the 2d Battalion 8th Regiment N. I. directs the Officer Commanding at Secunderabad to carry the sentence into execution, in the most solemn and impressive manner at as early a period of time as may be found convenient, after the receipt of this Order.

The enormity and dangerous tendency of the crime of which the Prisoner has been found guilty, leaving no opening for the exercise of mercy, the painful duty has been imposed upon the Commander in Chief of ordering the sentence of death, passed upon Appanah Private Sepoy, to be carried into execution; His Excellency however trusts, that so awful an example, will produce the effect of deterring others from abandoning the Colours under which they have voluntarily enlisted, and from acting with ingratitude and infidelity to a Service so eminent for the justice and liberality, and consideration with which, Soldiers of every description are treated, while in the active performance of their duty, and are maintained when rendered unfit for further service.

This Order, with the Crime and Sentence, to be particularly explained to every Native Corps on the Establishment.

Further extracts of the proceedings of a Native General Court Martial held at Trichinopoly on the 9th of August 1813, by order of Lieutenant Colonel Dighton Commanding the Southern Division of the Army, and continued by adjournments 'till the 6th day of September 1813, of which Subadar Shaik Mohadeen of the 8th Regiment Native Cavalry, is President.

His Excellency the Governor in Council having addressed the subjoined Orders, to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, *10th September* 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish to the Army, the following copy of a General Order issued by the Honorable the Lieutenant Governor in Council at Batavia.

GENERAL ORDERS BY GOVERNMENT.

The Honorable the Lieutenant Governor in Council avails himself of the opportunity afforded by the approaching departure of Lieutenant Colonel Colin Mackenzie, Chief Engineer on the Expedition to Java to tender to that distinguished Officer his peculiar acknowledgments, and to testify his unreserved approbation of the zeal, ability and unwearied application which he has displayed on this Island.

Lieutenant Colonel Mackenzie has since the conquest of Java been employed under the sanction and authority of the Right Honorable the Governor General in collecting and arranging the Topographical and Military Reports and Surveys of the former Government, in investigating the History and Antiquities of the Island, and in ascertaining the state of the landed tenure and the general condition of the inhabitants.

The Topographical Surveys commenced under the late Government have been found to merit every attention and on the suggestion of Lieutenant Colonel Mackenzie, they will be continued partly on the same plan.

On the History and Antiquities of the Island, much valuable information has been obtained, and the acknowledged qualifications and ability of Colonel Mackenzie, justify the expectation, that on his return to India many interesting results will be ascertained.

As President of the Commission on Java affairs, Lieutenant Colonel Mackenzie has visited almost every part of the Island; and the considerable and important collections which have been made by the Commission, added to the interesting documents which have been procured by his personal diligence and research will form a body of most useful and interesting information, to serve as a basis for the furtherance and completion of the statistical enquiries, which have been set on foot. Enquiries of this nature, would appear to have latterly attracted the attention of the former Government of this Colony, but the state of the Island was unfavorable to their success; and it is to the unremitting and extraordinary application and zeal of Lieutenant Colonel Mackenzie, that we are principally indebted for the lights which have been thrown on the subject. Under his superintendence, a General Statistical Table of the population and produce of the Island has been compiled on principles which ensure it's near approach to accuracy and the answers which have been given to the queries, historical, literary and œconomical, circulated throughout the Island at his suggestion, afford information of considerable interest and importance.

The result has justified the opinion, that the Native Inhabitants of Java are susceptible of improvements, which a more enlightened administration in British India has dictated, and that the resources of the Colony, are of sufficient importance and consideration to bear every expense, charge and trouble attending their collection, under such an improved system.

Java must ever be considered as a great Agricultural Country and as the Granary of the Eastern Islands—to remove every restriction on the Agriculture and Commerce of the Country, is alike conducive to the happiness of the people, and to the interests of Government, and the information and opinions furnished by Lieutenant Colonel Mackenzie will enable the Government in ameliorating and improving the general condition of the Colony, to establish a more enlightened and advantageous system of internal administration.

The Honorable the Lieutenant Governor in Council will have much satisfaction in communicating to the Supreme Government, the favorable sentiments which he entertains of the essential benefits which have been conferred on this Colony by the exertions of Lieutenant Colonel Mackenzie, and the Lieutenant Governor requests, that he will accept his personal thanks, for the aid and advice which his talents and judgment have afforded during his stay on this Island.

By order of the Honorable the Lieutenant Governor in Council.

His Excellency the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 14*th September* 1813.

G. O. BY GOVERNMENT.

1.—His Excellency the Honorable the Governor in Council is pleased to establish the following Regulations for the Pay Department of His Majesty's Troops:

2.—The Regimental Paymasters of His Majesty's Service are in future, to indent on the Station Paymasters of the Honorable Company's Service for the full amount of the subsistence and Company's allowances of each Regiment.

3.—The abstracts being prepared for each month, the Regimental Paymasters are to draw their amount from the Station Paymasters—the Company's allowances being payable at the periods fixed for the general payments of the Army and the King's subsistence on the 25th of each month—the abstracts both of Company's allowances and King's subsistence to be delivered to the Station Paymasters, for insertion in their accounts.

4.—As under His Majesty's Regulations, a regular muster takes place every month by the Regimental Paymasters, it is directed, that copies of the muster rolls attested by Commanding Officers, shall uniformly accompany the regimental abstracts of King's subsistence.

5.—As the muster rolls will of course include the Officers, as well as every other description or rank in the Regiment, the transmission of lists of Officers which have hitherto accompanied the accounts of Company's allowances will be discontinued, in future.

6.—The regimental pay and allowances of Officers of His Majesty's Service absent from their Regiments on staff duty, command, or furlough, within the limits of this Government, or serving with the Subsidiary Force of Hydrabad or Poonah, are to be included in the regimental abstracts and the amount remitted to them monthly by bills on the Accountant General, but, if under any circumstances, such as Regiments being employed on Field or on Foreign Service, it should become inconvenient to make such remittances, the regimental pay and allowances of such Officers are permitted to be drawn separately from the Paymaster at the Presidency on certificates of last payment, and under instructions from the Military Auditor General, to whom application is to be made for that purpose, the Military Auditor General is however directed, not to issue such instructions unless he may be fully satisfied of the difficulties in regard to remittances, on which such applications may be founded.

7.—When the pay and allowances of an Officer are permitted to be drawn separately under the provisions of the preceding paragraph, he is on the 1st of each month to transmit his abstracts, accompanied by all prescribed vouchers to the Paymaster at the Presidency, with a letter, requesting that a bill for the amount may be remitted to him—the Paymaster in such cases, is to transmit the bill by return of Post and to enter the abstracts in his general accounts under the head of the Regiment to which the Officer belongs—all such abstracts to be countersigned by the Commanding Officers of Stations, with exception of the Presidency, where they are to be countersigned by the Brigade Major of His Majesty's Forces.

8.—The regimental pay and allowances of Officers absent at Sea, at other Presidencies, or beyond the limits of this Government, with the exception of Hydrabad and Poonah as above stated, are not to be included in the regimental abstracts, but to be drawn for separately, under the General Regulations of the Service, if desired by such Officers, on certificates of their being alive—the abstracts being payable at the Presidency only.

9.—Officers of His Majesty's Service on staff duty under this Government, but whose Regiments may be serving at other Presidencies, are to draw their regimental allowances on abstract from the Paymaster of the Station, who is to enter the amount under the head of the Regiments to which such Officers may belong, in his accounts of Company's allowances to the King's Troops.

10.—The regimental subsistence of the Officers referred to in the preceding paragraph, is permitted to be drawn on receipt, as hitherto, on account of the Presidencies under which their Regiments may be serving—the receipts to bear the same countersignature as the abstracts for the Company's allowances of those Officers.

11.—Detachments of His Majesty's Regiments within the limits of this Government, if under Commissioned Officers, are to be included in the abstracts of their Corps and to be drawn for by Regimental Paymasters, whose duty it will be to provide by remittances for their regular payment.

12.—Non Commissioned Rank and File, and all persons of His Majesty's Service under the rank of Commissioned Officer who may be at the Presidency on duty or otherwise and not under the command of a Commissioned Officer, are to be drawn for by the Brigade Major of His Majesty's Troops.

13.—The above pay to be drawn from the Paymaster of the Presidency, on abstracts accompanied by certificates of last pay and muster rolls regularly signed by the Brigade Major, and specifying the Rank, Names, Regiments, Troops, Companies, &c. to which the individuals belong—the amount to be entered by the Paymaster at the Presidency in his general accounts of disbursements, under the head of the respective Regiments to which the parties belong.

14.—The Paymaster of the Depôt at Poonamallee will continue to draw for and pay the Detachments, Recruits, Invalids, &c. of His Majesty's Regiments who may be placed under his charge; the amount to be drawn on regular abstracts from, and to be entered in the accounts of, the Presidency Paymaster under the head of the Regiments to which the individuals respectively belong—those payments will therefore no longer appear in the accounts of Regimental Paymasters.

15.—Officers arriving from Europe are to draw the pay and allowances which may be due to them, as also the advances to which they may be entitled on regular abstracts, countersigned, if at the Presidency by the Brigade Major, or if at Poonamallee, by the Officer Commanding; these abstracts are to be paid by, and entered in the disbursements of the Paymaster at the Presidency, under the head of the Regiments to which the Officers respectively belong.

16.—The Recruits, Invalids, &c. whose pay may be drawn at Poonamallee are to be mustered each month by the Paymaster (who acts also as Fort Adjutant) and the muster rolls signed by that Officer and countersigned by the Officer Commanding, are to accompany the abstracts as the vouchers by which their correctness is to be ascertained.

17.—The medical allowances on account of the Recruits of His Majesty's Regiments at Poonamallee, will be drawn by the Medical Officers in charge and entered in the accounts of the Presidency Paymaster, under the heads of their respective Regiments.

18th.—The medical allowances for the Invalids of His Majesty's Service who may be stationed at Poonamallee, to be drawn in all respects as heretofore.

19.—The same degree of responsibility for the payments made to His Majesty's Troops at Poonamallee, is to apply to the Paymaster at the Depôt as now attaches to Regimental Paymasters of His Majesty's Service.

20.—The General Regulations of this Government regarding the audit, reaudit, and final audit of Paymaster's accounts as also those respecting the recovery and adjustment of retrenchments, are to be considered applicable equally to His Majesty's, as to the Honorable Company's Troops.

21.—Copies of all retrenchments which may be made against Officers of His Majesty's Service, to be furnished to the Regimental Paymasters by the Station Paymasters, who are to recover the amount by stoppages from the regimental abstracts, in the proportion authorized by the Regulations—the stoppages to be brought to account by Station Paymasters in the same manner as those on account of retrenchments from Officers of the Company's Service.

22.—Regimental Paymasters of His Majesty's Service are not authorized to place Officers under stoppages for any retrenchments, without furnishing each Officer with a copy of the retrenchment made against him, as is customary in the Company's Service.

23.—All explanations of Regimental Paymasters and all documents and vouchers of every description which may be transmitted with their accounts for audit, reaudit or final audit, are to bear the countersignature of the Commanding or Senior Officer present with the Regiment.

24.—In consequence of the above Regulations regarding the payment of His Majesty's Troops, the functions of Deputy Paymaster General to the King's Troops which have hitherto attached to the Paymaster at the Presidency are to cease, and the accounts connected therewith to be discontinued, that Paymaster will therefore in future be placed with regard to the Regimental Paymasters of His Majesty's Service in precisely the same official relation as any other Station Paymaster.

25.—The establishment hitherto allowed to the Paymaster of the Presidency for the above duties, will be discontinued.

26.—The abstracts of subsistence of His Majesty's Troops are to be entered in the accounts of Station Paymasters under the head of

"KING'S SUBSISTENCE,"

and to form one total immediately following their disbursements on account of the Company's Troops in the manner formerly observed, when the Company's allowances to His Majesty's Troops were entered in the account of Station Paymasters.

27.—The abstracts of Company's allowances are to follow those of the King's subsistence under the head of

"COMPANY'S ALLOWANCES TO THE KING'S TROOPS"

and to form a separate total but both, as hitherto, to form a part of the general debit in the public books under the head of "CHARGES MILITARY."

28.—Officers of His Majesty's Service at Out-Stations being permitted to receive their pay and allowances in cash or by bills on the Presidency as may suit their convenience, the amount required to be paid by bills is to be regularly notified in the monthly indents of Regimental Paymasters.

29.—All articles such as tents, horses, wine, &c. which may be issued to Officers of His Majesty's Service on credit, are to be debited and the amount recovered by Station Paymasters under precisely the same Regulations as apply to Officers of the Honorable Company's Service.

30.—Stoppages from the regimental abstracts of His Majesty's Troops, on account of provisions, &c. to be recovered and accounted for by Station Paymasters according to the General Regulations of the Service.

31.—The allowances of General and other Officers of His Majesty's Staff to be entered under the head of Company's allowances to the King's Troops in the accounts of the Station Paymasters by whom the amount is disbursed.

32.—The responsibility of Regimental Paymasters of His Majesty's Service in respect to the Government, and to the Station Paymasters from whom they draw the pay of their Regiments, is to continue on the same principle as heretofore.

33.—The Station Paymasters in the examination of the regimental abstracts of Corps of His Majesty's Service will be guided by the provisions of the 9th Section of the new Code of Regulations, under the head "HIS MAJESTY'S TROOPS."

34.—An additional allowance of fifteen Pounds per annum is granted to each Regimental Paymaster on account of stationary, which is to be included in the abstracts of Company's allowances to the different Regiments and to be drawn half yearly in arrear, viz. in the months of January and July.

35.—All applications on account of advances required for Individual Officers, Detachments or Recruits of His Majesty's Service, belonging to other Presidencies are to be forwarded, if at Madras, by the Brigade Major of His Majesty's Troops—if at Poonamallee by the Paymaster of that Depôt, to the Secretary of His Excellency the Commander in Chief, in order that the authority of Government may be obtained for the issue of the required advances.

36.—The above Regulations are to have effect from the commencement of the month of November next, —the first abstracts of His Majesty's Regiments to be entered in the accounts disbursements of the Station Paymasters for that month will accordingly be those for Company's allowances in arrear for the month of October and King's subsistence in advance from the 25th November to the 24th December next.

GENERAL ORDERS, BY HIS EXCELLENCY THE RIGHT HONORABLE THE EARL OF MOIRA, K. G. &c. &c. &c.

The Earl of Moira desires to express, how highly he was gratified by his inspection of the Honorable Company's Corps of Artillery at the Mount, yesterday. The condition of the Corps, the steadiness of the men and the precision of the manœuvres spoke decisively in praise of the attention which must have been applied by Colonel Bell, Captain Noble, and the other Officers acting under him, they cannot but feel justly proud in exhibiting such a security for the interests of their country.

The observation of Lord Moira was, not very long ago specifically called to all those details which constitute the fitness of a Corps of Artillery for service; and he is happy to say, that the Troops which he saw yesterday, bear an honorable comparison with the excellent pattern he was at the former period accustomed to contemplate.

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, 29th September 1813.

His Excellency the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 24th September 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders, the following copy of a report from the Committee appointed for the examination of Military Students in the Hindoostanee language, and to direct that the honorary reward established for the attainment of that language be presented to

Cornet Brunton, of the 2d Regiment Native Cavalry, and to

Lieutenant Norman of the 9th Regiment Native Infantry.

To His Excellency Lieutenant General
THE HONORABLE JOHN ABERCROMBY,
Governor in Council.

HONORABLE SIR,

Conformably with the instructions conveyed to us in the letter from the Secretary to Government in the Military department, dated the 6th ultimo, we have the honor to report the result of our examination of the proficiency made in the Hindoostanee language by Cornet Brunton of the 2d Regiment of Native Cavalry, and Lieutenant Norman of the 9th Regiment of Native Infantry.

Mr Brunton's translation from Hindoostanee into English was executed with considerable accuracy, the few mistakes which appear in this exercise are too trifling to deserve notice.

In translating from English into Hindoostanee Mr. Brunton was particularly successful. The exercise was performed with great readiness, and shews that Mr. Brunton has attained a very correct knowledge of the idiom of the Hindoostanee.

Mr. Brunton converses with fluency and ease, and his pronunciation appears to us to be sufficiently correct.

We therefore beg leave to recommend that your Excellency in Council may be pleased to bestow on Cornet Brunton the usual reward, a distinction to which in our opinion his proficiency fairly entitles him.

In our address to Government dated the 10th of May last, we had the honor to notice the successful result which had attended Lieutenant Norman's endeavours to acquire a correct pronunciation together with a facility in the colloquial use of the Hindoostanee and we stated the points in which we considered his attainments to be defective; we have now the pleasure to report that he has applied himself with success to the correction of the defects above alluded to; and that the manner in which he has performed the exercises required of him on the present occasion is in every respect satisfactory.

We consider it proper to add that Lieutenant Norman's Hindoostanee composition was written in the Shikustee hand, of which it exhibited an elegant specimen.

Lieutenant Norman in our opinion has attained an eminent degree of proficiency in the Hindoostanee language and we have particular satisfaction in recommending that your Excellency in Council may be pleased to bestow upon him the usual honorary reward.

We have the honor to be,
Honorable Sir,
Your most obedient Servants,

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders the following Extracts from a Letter, addressed by the Honorable the Court of Directors to the Supreme Government, under date the 16th of February 1810, and to direct, that the rules thereby established be observed also under the Presidency of Fort St. George.

Allowances to Officers whilst Prisoners of War.

Para. 9.—"As it is stated in this Paragraph, that the grant of the full "allowances of their Corps to Officers whilst Prisoners of War is not matter "of right, but of special indulgence, and that the Regulations of the Service do not provide any rule for "determining the allowances to be assigned to Officers whilst in that situation, we think it necessary to "lay down the following rule."

10.—"When an Officer shall be detained by the enemy as a Prisoner of War in India, he shall, during "his residence on shore in India, receive the pay and half batta of the rank he may hold at the time of "his capture or may obtain by promotion during his captivity, but upon all other occasions during his "captivity, whether on board ship in India, or ashore, or on board ship in Europe, he shall receive the "pay of his rank only."

Compensation for loss of baggage by fire, capture or shipwreck not to be granted unless to Officers on duty.

75.—"We shall not object to this grant in the present instance,—but "as the Company have been put to great and unnecessary expense, by the "allowances which have been at different times made by our several "Governments as compensation to Officers for loss of baggage by shipwreck, fire and capture, and as "every Officer may, if he pleases, insure his property before he embarks here, or in India; we direct, that "no compensation be hereafter made to any Officer for loss of baggage on board ship, unless such "Officer be proceeding on duty, by order of Government."

2d & 2. Company's allowances admitted to His Majesty's 20th Regiment of Foot from the date of their arrival at Prince of Wales' Island—request the orders of the Honorable Court of Directors to the time from which Company's allowances shall be passed to King's Troops arriving in India.

87.—"In consideration of the expense to which His Majesty's Troops "will be exposed from the date of their debarkation in the Company's Terri-"tories, and in reference to the propriety of granting them the same "allowances as may be drawn by any other Troops previously serving at the "place of debarkation, with reference also to the consideration that the "debarkation of Corps, or Detachments of Corps, at places other than those "to which they may have been destined is matter of accident, or of "necessity, not probably within the controul of the Officers Commanding such Corps or Detachments "of Corps, we authorize you to pass Company's allowances, to all Corps or Detachments of Corps landing "in any part of the Company's immediate Territories in India, from the date of the debarkation of such "Corps, provided such debarkation were made by order of the established local authorities. But we shall "not admit Company's allowances being passed to Individual Officers who shall land in any part of India "different from that, to which their duty calls them.—Individual Officers have the power of obtaining a "passage on our Ships to any of the Presidencies of India, at which their Regiments may be serving, or in "the case of Staff Officers, at which their usual, and well known duties call them to reside. If therefore

" they wilfully land at other places than that to which they ought to have directed their immediate con
" or if Corps or Detachments of Corps, or Individual Officers, accidently land at Ceylon or any oth
" place in India, where the Troops are not receiving pay from the East India Company, in all such cases
" we direct, that Company's allowances be not passed to them until their actual arrival at the Presidencies
" to which they have been appointed."

In publishing the preceding Paragraph the Governor in Council desires it to be understood, that General Officers appointed by His Majesty to the Staff of his Forces in India, but not nominated to any particular Presidency are entitled to their Staff allowance from the date of their arrival at the first Presidency, and that Officers on the General Staff of His Majesty's Forces in India are not only to receive their personal allowances in cases when they are actually employed at the Presidency where they first land, but also in cases when such Officers have been directed or unavoidably compelled, to proceed on Ships bound to a Presidency other than that to which their duty called them, or when they have been involuntarily detained at such other Presidency by lawful authority, or from any cause connected with the Public Service.

By order of the Honorable the Governor in Council.

CHOULTRY PLAIN, 16th October 1813.

His Excellency the Honorable the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, 5th October 1813.

G. O. BY GOVERNMENT.

As from various reasons, it may frequently be inexpedient to issue Grain from the Public Stores to the Troops and Followers in Garrison, and necessary therefore to pay compensation in lieu of it, under the G. O of the 30th of December 1806, The Honorable the Governor in Council has been pleased to revise those Orders, and to direct, that the following modified Regulations on the subject, shall be in future observed.

When the price of the 3d sort of Country Rice in the Public Market, at Stations where the Troops are not upon field allowances, is more than 70 Star Pagodas per Madras Garce, the Native Troops are entitled to receive either Rice from the Public Stores at that rate, or the difference in money between that rate, and the current rate of the Market.—It will be the duty then, in such cases, of Officers Commanding Corps or Detachments to make application to Officers Commanding Stations, for permission to indent on the Commissariat for Grain, or to draw compensation in lieu of it.—At Stations where no depôts of Grain may have been established, or where the issues of Grain may be restricted by special orders, Officers Commanding will direct compensation money to be drawn, in the proportion of one Seer of Rice per day for each Man, and of half a Seer of Rice per day for each Sepoy Boy; in the manner and agreeably to the form prescribed by the G. O. of the 30th of December 1806, the abstracts being supported by the following certificates.

Form of Certificate to be granted by the Officer Commanding the Station.

This is to certify, that the Officer Commanding the (here enter the Corps or Detachment) at did apply for the issue of Grain to the Troops under his Command for the month of but that it was impracticable (or inexpedient as the case may be) to issue Grain from the Public Stores at this Station.

Here enter Station and Date. Signature of the Commanding Officer.

Form of Certificate to be granted by the Commissariat Officer.

This is to certify that no Grain was issued by the Commissariat to the Troops, and for the period, specified in this abstract.

Here enter Station and Date. Signature of Commissariat Officer.

Form of Certificate to be granted by the Magistrate, or by the Officer Commanding the Station, when the Certificate of the Magistrate cannot be obtained.

This is to certify that the average price of the third sort of Country Rice sold in the Bazar at during the month of was Seers per Company's Rupee.

Here enter Station and Date. The Signature of the Magistrate, or of the Commanding Officer.

The same rules in every respect will be observed, with regard to European Troops, except that the amount drawn on their account will be in the proportion of half a Measure of Rice per day for each Man.

In like manner, compensation money is to be drawn for Public Followers attached to Corps and Departments, when the current price of the 3d sort of Country Rice shall exceed 80 Star Pagodas per Madras Garce, and to prevent future misconception, the following list of persons entitled to receive Rice from the Public Stores in Garrison, or compensation in lieu of it, is republished for general information.

Persons entitled as fighting Men.

Non-Commissioned Officers and Privates of European Corps Non Commissioned Officers attached to Native Corps, or to Public Departments European Invalids and Pensioners who have been transferred from Corps, and who actually reside at Stations where Rice is usually issued	In the proportion of half a Measure of Rice per Man per day.
Native Officers and Men of Corps of Native Cavalry and Infantry Native Officers and Men of the Golandauze and Gun Lascars Native Officers and Men of the Pioneers The Maistries and Bearers of the Dooly Corps The Corps of Guides Drummers, Fifers, Trumpeters, Farriers, Puckallies and Beesties attached to Native Corps Puckallies attached to European Corps Native Invalids and Pensioners who have been transferred from Corps	In the proportion of one Seer of Rice or two Seers of Paddy per Man per day.

Families of Troops on Foreign Service or actually in the Field at the rate of one Seer of Rice or two of Paddy per day to each family: But it would probably be more acceptable to them to receive compensation, whilst this plan would be less liable to abuse than the other.

Sepoy Boys: In the proportion of half a Seer of Rice or one Seer of Paddy per day for each Boy.

Persons entitled as Public Followers.

Tent and Store Lascars Horse-keepers and Grass Cutters of Horse Artillery and Regiments of Cavalry Artificers of Corps Vakeels of do. Native Dressers and Toties of the fixed Establishment of Surgeons of Corps	In the proportion of one Seer of Rice or two Seers of Paddy per Man per day.

The Honorable the Governor in Council is further pleased to declare, that the above Regulations have exclusive reference to the issue of Grain in Garrison; and that neither these Orders nor the G. O. of the 10th of November 1812, are intended to disturb the provisions of Section XI of the Commissariat Regulations, for the Grain Department in the Field, which remain therefore in full force.

When Native Troops are marching from one Station to another, or are otherwise in the receipt of field allowances, the above Regulations will be equally applicable, except, that Troops so situated are entitled to receive Grain or compensation money in lieu of it, only, when the Market price of the 3d sort of Country Rice, shall exceed Pagodas 106 30 ,, per Madras Garce or 12 Seers for 12 Fanams. The certificates of prices if they cannot be obtained from the Civil authorities, will be granted by Commanding Officers; who will also be required, when Corps or Detachments may be marching, to keep an account of the current prices of the 3d sort of Rice, at the principal places through which they may pass, in order that the average price of the month may be correctly ascertained. European Troops when marching, or in the Field, being victualled by the public, cannot be entitled at such times, to receive any compensation.

The following Report from the Committee appointed for the examination of Officers in the Hindoostanee Language, is published for the information of the Army.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

We have the honor to acknowledge the receipt of the letter from the Secretary to Government in the Military Department, dated the 10th ultimo, and in conformity with the instructions therein contained, to report the result of our examination of the proficiency made in the Hindoostanee Language by Lieutenant Sherriff of the Chicacole Light Infantry.

Lieutenant Sherriff translated with great accuracy an extract of considerable length from a Hindoostanee version of the Goolistan. The manner in which this exercise is performed is highly satisfactory.

Lieutenant Sherriff's translation into Hindoostanee exhibits two or three orthographical errors, but it is sufficiently correct as to idiom, and the sense of the original is in many passages very happily expressed.

We have the satisfaction to add, that Lieutenant Sherriff has acquired a correct pronunciation and converses with fluency and ease. We therefore consider that he has fully established his claim to the honorary reward, which we accordingly beg leave to recommend may be bestowed upon him.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,
(Signed) J. LEITH.

W. OLIVER.

FORT ST GEORGE, *4th October* 1813.

The Honorable the Governor in Council has much satisfaction in conferring on Lieutenant Sherriff of the Chicacole Light Infantry, the honorary reward for the attainment of the Hindoostanee Language.

By order of the Honorable the Governor in Council.

FORT ST. GEORGE, *15th October* 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to resolve, that from the 1st of January next, the whole of the Native Invalids on this Establishment shall be formed into four Native Veteran Battalions, to be denominated as follows:

The 1st or Madras Native Veteran Battalion.
The 2d or Arnee Native Veteran do.
The 3d or Ganjam Native Veteran do.
The 4th or Dindigul Native Veteran do.

That each of the Native Veteran Battalions be commanded by a European Commissioned Officer of the Invalid establishment, who will be selected and appointed by the Commander in Chief, and entitled to receive the full batta of his rank, in addition to his pay and ordinary allowances.

That an Adjutant, to be selected from the list of Conductors, or from deserving Serjeants, be allowed to each of the Native Veteran Battalions, upon the same pay and allowances as the Adjutant of the Carnatic European Veteran Battalion receives.

That each Battalion be formed into 10 Companies, of such strength as from time to time may be necessary and that the following fixed establishment to each Corps be allowed.

One Serjeant Major.
One Quarter Master Serjeant.
One Native Adjutant.
One Havildar Major upon the same pay and allowances as a Drill Havildar.
One Vakeel
One Drum Major
One Fife Major
Thirty Sepoy Recruits
Forty Pensioned Boys
Ten Puckallies
Two Native Dressers
Two Toties

and the same proportion of Artificers as is allowed to a Battalion of effective Native Infantry.

The Commander in Chief will be pleased to make such provision for the medical duties of these Corps as he may deem most advisable, and the Medical Officers in charge will draw the usual allowances established for Native Corps.

The Honorable the Governor in Council is further pleased to direct, that from and after the 1st of January next, the Native Veteran Battalions, shall be mustered, returned and paid in the same manner as the effective Corps of Native Infantry on the Establishment; and that they be consequently placed under the orders of His Excellency the Commander in Chief, in like manner as the other Corps of the Army, and that all registers and other documents regarding Invalids of Native Infantry and Gun Lascars, be transferred from the Office of the Town Major to that of the Adjutant General of the Army.

All Invalid Gun Lascars being attached to the Artillery Company of the Carnatic European Veteran Battalion, they are to be returned, mustered and paid accordingly; and the Commander in Chief will be pleased to make such a distribution of them, as His Excellency may judge most proper with reference to the duties required of them.

The present organization of the Native Invalids rendering it unnecessary to continue the appointment of Adjutant of Invalids, at present held by Lieutenant Clemons, that situation will be abolished from the 1st of January 1814; and His Excellency the Commander in Chief is requested to post Lieutenant Clemons as Adjutant to one of the Native Veteran Battalions.

The clothing indents and accounts of the European and Native Veteran Battalions still requiring a general superintendence, Mr. Moy's appointment as Quarter Master of Invalids will not be affected by this arrangement, otherwise than his being in future designated Quarter Master of Invalids (instead of Native Invalids) attached to the Adjutant General's Office, upon his present pay and allowances.

With a view to prevent the Native Officers, Non-Commissioned Officers and Rank and File of the Invalid establishment from suffering any loss or expense by being removed from one Station to another, His Excellency the Honorable the Governor in Council is pleased, as a mark of liberal consideration on the part of Government, to grant to each

	Rs.	Qrs.
Native Officers—Subahdars	40	0
do do —Jemadars ..	24	0
Non-Commissioned Officers	8	0

as a remuneration for the Quarters they have, besides the usual Hutting Money and to direct, that each rank shall receive one month's full batta, in addition to that to which they may be entitled, during their march from one Station to the other, in the event of their being ordered to move.

The Honorable the Governor in Council is pleased to request, that the Commander in Chief will issue such orders and detailed instructions for carrying these arrangements into effect and for arranging the distribution of the Native Veteran Battalions as he may think fit.

By order of the Honorable the Governor in Council,

FORT ST. GEORGE, 15*th October* 1813.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council, adverting to the principle upon which Officers retiring from the Service receive invariably the pay of Infantry Officers has been pleased to resolve, that after the completion of the arrangements for forming the Non-effective Establishment of the Army, into Veteran Battalions, all Officers who may be transferred to the Veteran Battalions from whatever branch of the Service, shall be entitled to the pay and allowances of Officers of Infantry only.

The Honorable the Governor in Council has been further pleased to resolve, that Captain Lieutenants of the Veteran Battalions, including those at present on the Non effective list, shall in future be authorized to draw the additional subsistence of one Rupee per day, the same as Effective Officers of that rank—the Officers of the Veteran Battalions to continue to draw House Rent as hitherto.

The Honorable the Governor in Council is pleased to exempt all Officers at present on the Non-effective establishment, from any reduction of their pay and allowances under the operations of these Regulations.

By order of the Honorable the Governor in Council.

His Excellency Lieutenant General The Honorable John Abercromby, has been pleased to direct the publication of the following General Orders.

HEAD QUARTERS: Calcutta, *22d September* 1813.

GENERAL ORDER.

The Commander in Chief in India has been pleased to direct the publication of the following General Orders, dated Horse Guards the 24th and 25th of February 1813, for the information of His Majesty's Army serving in the East Indies.

RECRUITING DEPARTMENT.
Horse Guards, 24th February 1813.

GENERAL ORDER.

In addition to the General Order of the 10th of November 1812, signifying His Royal Highness the Prince Regent's pleasure, that Soldiers desirous of re-enlisting after completing the period of service for which they have engaged, shall, if found fit to continue in the Service, receive the same bounty as other Recruits enlisting at the time. The Commander in Chief directs it to be notified, that, Soldiers re-enlisting within twelve months of the expiration of the first period of service, as permitted by Act of Parliament, are to receive the bounty at the time of their re-enlisting; and that Men of thirty-five years of age and upwards, are to be engaged for a limited period only.

By Command of His Royal Highness The Commander in Chief.
(Signed) HARRY CALVERT,
Adjutant General.

RECRUITING DEPARTMENT.
HORSE GUARDS, 25TH FEBRUARY 1813.

GENERAL ORDER.

The following General Order is substituted for the Memorandum of the 10th instant, relative to Boy Recruits, which is hereby annulled.

The Commander in Chief is pleased to direct that the Regiments of Foot Guards and Infantry of the Line, shall be allowed to enlist as part of their establishment, fifty Boys for each Battalion, and His Royal Highness desires, that Commanding Officers will adopt the most effectual means of filling up the Vacancies which will, from time to time, occur in that number, from these Boy Recruits becoming efficient Soldiers, by engaging a corresponding number of Boys, in the enlistment of whom, the utmost attention will be required as to their make and general appearance of health, vigour and activity. They must be selected from such as offer the fairest prospect of becoming valuable Soldiers, and of repaying by their future services the bounty of the Public in their maintenance and instruction before they arrive at that state of manhood.

The following instructions regarding the levy money, discipline and general treatment of Boys enlisted under this Order, are to be particularly attended to by the Officers in command of Battalions, Regimental Depôts, &c. viz.

The levy money for each Recruit of this description, is £6 14*s*. 6*d*. if engaged for a limited service, and £8 16*s*. 6*d*. if for unlimited service.

Boys of fifteen years of age, and upwards, receive the same pay as men.

Those under fifteen years of age are allowed only ten pence per diem.

It is essential that arms should not be put into the hands of these Boys, until they have attained a knowledge of the different modes of marching, wheeling and the formations which occur in the ordinary Field Exercise, and as their strength will not at first be adequate to the management of the firelock, a proportion of fuzils will be furnished for their use by the Ordnance Department. When these Boys attain sufficient strength to perform the duty of Soldiers, the fuzils which may have been issued to them are to be received into the Regimental Store for the purpose of being delivered to the younger Recruits of this class.

Recruits of this description belonging to Regiments which have a Battalion at the Cape of Good Hope, or to the Eastward of that Settlement, in North America, the Mediterranean, or Gibraltar, are to be forwarded to their Battalions whenever opportunities occur. But they are in no case to be sent to the West Indies, or to join a Battalion employed on active service, until they are equal in every respect to the performance of their duty as Soldiers.

The Commander in Chief strongly recommends to Commanding Officers, and all Officers who have the superintendence of Recruits of the above description, mildness and lenity, and whatever indulgence is compatible with the necessary instruction of the Boys, and, accustoming them to habits of order and regularity. They will by these means become attached to the Service and desirous of learning their duty as Soldiers, and their constant attendance at the Regimental School must be enforced, in order to give them the qualifications which may fit them hereafter for Non-Commissioned Officers. In cases where all the Battalions of a Regiment are abroad, the Boy Recruits will naturally fall under the care of the Officers attached to the Regimental Depôt, and it is essential that the Non-Commissioned Officers appointed to the same important duty, should be selected with the utmost circumspection as Men of approved integrity, who by the regularity and propriety of their own conduct are likely to promote those habits in the Recruits and impress on their young minds those principles which will render them good subjects and faithful Soldiers.

By Command of His Royal Highness The Commander in Chief.

(Signed) HARRY CALVERT,
Adjutant General.

Whenever it may be the wish of Commanding Officers of Corps to enrol Boys under the authority of the General Order of the 25th February 1813, descriptive rolls of such Boys, specifying their age, size, and parentage, shall invariably accompany the application. And none are upon any account to be enlisted without the special authority of the Commander in Chief in India being obtained for that purpose.

(Signed) W. GRANT KEIR,
Adjutant General.

Circumstances having occurred to prevent Lieutenant and Adjutant Gale of His Majesty's 17th Foot, availing himself of the leave of absence granted him by General Orders of the 25th of May last, that Officer has now permission to visit the Presidency on his private affairs, and to be absent on that account for three months from the 1st proximo.

G. O. BY GOVERNMENT.

The Honorable the Vice President in Council is pleased to publish in General Orders the following report of the examination in the Hindoostanee Language of Cornet W. Barlow, attached to the Honorable the Governor's Body Guard; and of Captain Lieutenant J. S. Williams of the 15th Regiment of Native Infantry.

The latter Officer, who was promoted to the rank of Captain Lieutenant on the 3d of April last, at which period his Corps was on Field Service with Lieutenant Colonel Hamilton's Detachment, having notwithstanding his rank, been permitted to undergo an examination, the Vice President in Council is pleased to explain to the Army, that this indulgence was extended to Captain Lieutenant Williams in consideration of the peculiar circumstances of his case—it appearing that for some time previously to the date of his promotion he had made frequent applications for permission to be examined, none of which, owing to the service upon which his Corps was employed, the irregularity of the tappal, and other circumstances succeeded in reaching the Head Quarters of the Army.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

In conformity with the instructions conveyed to us in the letters from the Secretary to Government in the Military Department, dated the 24th and 28th ultimo, we have the honour to report the result of our examination of the proficiency made in the Hindoostanee Language by Cornet Barlow, attached to the Honorable the Governor's Body Guard; and by Captain Lieutenant Williams of the 15th Regiment of Native Infantry.

Mr. Barlow's translations from Hindoostanee into English, and from English into Hindoostanee, are correctly executed. His Hindoostanee exercise displays a competent knowledge of the idiom of the Language, and is free from orthographical errors.

Mr. Barlow read off hand with great facility, an extract of considerable length from a Hindoostanee version of the Goolistan. His pronunciation appears to us to be sufficiently correct; and he converses with fluency and readiness.

We are of opinion that the proficiency made by Mr. Barlow fully entitles him to the honorary reward; and we accordingly beg leave to recommend that your Excellency in Council may be pleased to confer this distinction upon him.

On a review of the translation made by Captain Lieutenant Williams from Hindoostanee into English, we observe that of some passages, the sense is entirely mistaken and of others imperfectly expressed; he read also the extract abovementioned from the Hindoostanee version of the Goolistan with great difficulty and embarrassment; and we should have hesitated to report favourably of his proficiency, if he had not been particularly successful in the other parts of his examination.

The accuracy and elegance, however, of his translation into Hindoostanee; the intimate acquaintance with the idiom of the Language displayed in this exercise, and the fluency and ease with which he converses, induce us to recommend that your Excellency in Council may be pleased to bestow upon Captain Lieutenant Williams the usual honorary reward.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,

The Commander in Chief further directs that the Prisoner, John Roach, of the 2d Battalion of Artillery, may be sent to the Head Quarters of the Artillery at the Mount, and Colonel Bell will take care, that he is never sent from the Regimental Head Quarters, on Command, Detachment, or otherwise.

GENERAL ORDERS,

HEAD QUARTERS OF THE ARMY:

CHOULTRY PLAIN, *1st November* 1813.

His Excellency the Governor in Council having addressed the subjoined Orders to the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

FORT ST. GEORGE, *19th October* 1813.

G. O. BY GOVERNMENT.

With a view to prevent the recurrence of abuses, during the march of Troops from one Station to another, by the violent and oppressive practice of seizing the Inhabitants of Villages and compelling them to serve as coolies, to the great detriment of the Public Interests, and the injury, and the inconvenience of Individuals, The Honorable the Governor in Council is pleased to revise such parts of the Regulations "for facilitating the progress of Troops through the Company's Territories" as relate to this subject, and to direct that the following Orders be strictly attended to.

When a Corps or Detachments is ordered to march, an application is immediately to be made by the Commanding Officer to the Magistrate of the Zillah, for his aid and assistance, in procuring the necessary carriage for the transportation of the baggage, &c. the quantity and description of such carriage, is to be stated as particularly as circumstances will permit, and it will be the special duty of the local Civil authority, to afford such assistance to the utmost of his ability.

Commanding Officers are directed to limit the demand for coolies, as much as possible, and Officers in general are recommended to substitute cattle for coolies, whenever it may be practicable.

The principal Civil authority, in aiding the movement of Troops will endeavour to make the coolies engage to proceed the whole of the distance (or at least as far as is practicable) which the Corps or Detachment may be ordered to march, and Officers are particularly enjoined to make their arrangements for moving carriage for the entire march, and which in cases of movement from Station to Station, they may generally be able to effect.

No demand for coolies, carts or cattle is to be made at any intermediate Village, except in the event of unforeseen accidents on the road, either by the death or desertion of coolies, or casualties amongst the cattle, when a representation is to be made to the Commanding Officer, who being satisfied as to the propriety of the application, will make the requisite demands for fresh supplies to the Head Man of the place in communication with the Revenue Servant, who by the existing Regulations, is ordered by the Collectors to accompany Troops on the march, and it will be the duty of Commanding Officers upon such occasions, to pay a proper consideration to the means, and resources of the Village, as well as to enforce in the strictest manner an adequate remuneration to the people so employed on their requisition.

The Commanding Officer of a Corps or Detachment is to be considered as the only person entitled to correspond or communicate with the Civil authorities, on the points stated in this Order.

By order of the Honorable the Vice President in Council.

The Honorable the Governor in Council is pleased to establish the following Regulations in substitution of those notified in the General Orders by Government, under date 9th October 1810, on the subject of Appointments to the Staff, &c.

Para. 1st—No Officer, shall be eligible to hold any appointment which confers the official rank of Lieutenant Colonel, until he has been nine years in the Service.

2d—No Officer, shall be eligible to hold any appointment, which confers the official rank of Major, or any subordinate appointment on the General Staff of the Army, until he has been seven years in the Service.

3d—No Officer, shall be allowed to hold any Division, Garrison or Personal Staff Appointment (that of Aid-de-Camp excepted) until he has been five years in the Service, for three years of which period, he must actually have performed Regimental duty.

4th—No Officer shall be allowed to hold any Regimental Staff Appointment, until he has performed three years Regimental duty.

5th—No Officer shall be considered eligible to hold the appointment of Aid-de-Camp, until he has been present with his Regiment at least one year.

6th—No Officer shall be appointed to the Military Institution who has not done duty with his Corps for the period of three years, and who cannot produce a certificate from his Commanding Officer, stating that he possesses a perfect knowledge of Regimental duties, a competent knowledge of the Hindoostanee Language, and that his general character and conduct, have been such as to render him deserving of such a mark of favor and indulgence.

7th—The Commander in Chief, on being satisfied on these points, will have the power of appointing Officers, to the number of twenty to prosecute their studies at the Military Institution, for a term not exceeding two years; but they will be liable to be returned to their Corps within that period, if any misconduct on their part, should suggest to the Commander in Chief, the necessity of such a measure. In the event of their Corps being employed upon actual service during the term of their studies, they will be indulged with permission to join them, provided their conduct should have been always correct and satisfactory.

8th—No Officer, who has been admitted into the Military Institution, will be allowed the option of withdrawing from it, at any period within the term fixed for the completion of his studies, excepting only in cases of sickness or other emergency; nor will any Officer during the prescribed period of study, be eligible to any Staff Appointment whatever, as his premature removal must defeat the object, for which he was admitted to enjoy the benefits of the Institution, to the exclusion of other applicants for that distinction.

The Commander in Chief confidently expects, that Captain Macdonald for the benefit of example to the Junior Officers of the Regiment, as well as from a regard for his own reputation, will regulate his future conduct on principles, that will entitle him to the confidence and good opinion of his Commanding Officer.

Captain G. Macdonald of His Majesty's 84th Regiment, is released from arrest, and will return to his duty.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders, the following copy of a report from the Committee appointed for the examination of Military Students in the Hindoostanee language, and has much satisfaction in conferring the honorary reward established for the attainment of that language, on

Lieutenant Poggenpohl of the Horse Artillery, and on
Lieutenant A. Gordon of the Madras European Regiment.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

In obedience to the orders conveyed to us in the two letters from the Secretary to Government in the Military Department dated the 16th instant, we have the honor to report the result of our examination of the proficiency made in the Hindoostanee language by Lieutenant Poggenpohl of the Horse Artillery and by Lieutenant A. Gordon of the Madras European Regiment.

In our examination of these Gentlemen, we pursued the usual course, and we are gratified in being enabled to state that the result is satisfactory.

Lieutenant Poggenpohl in his translation into English, has failed to express correctly the sense of two or three words, which however are not of frequent occurrence; with these exceptions, which are obviously of trifling importance, this exercise is performed with sufficient accuracy. His Hindoostanee exercise also is correctly executed and displays a considerable knowledge of the idiom of the language.

Lieutenant Poggenpohl converses with great fluency; and we observed with satisfaction the attention which he appears to have given to this important acquirement.

Lieutenant Gordon also in his translation from Hindoostanee, appears not to have clearly understood the sense of a few words, but in other respects, this exercise is very correctly executed.—The accuracy of his Hindoostanee exercise, both as regards the expression and the idiom, leaves us little to desire from him on these points; and he converses with sufficient fluency.

With these brief observations, we have much satisfaction in recommending, that your Excellency in Council may be pleased to bestow on Lieutenant Poggenpohl and on Lieutenant Gordon the usual honorary reward.

FORT ST. GEORGE,
23d November 1813.

We have the honor to be,
Honorable Sir,

Lieutenant W. Heude, 1st Battalion 25th Regiment Native Infantry, charged by Lieutenant Thompson with conduct highly unofficer-like, and subversive of all Military discipline, in the following instances.

CHARGE.—1st. For having entered his house on the 1st Instant, and then producing a paper on the subject of his (Lieutenant Heude) having been expelled the late Mess of the Battalion, which he tendered for his, Lieutenant Thompson's signature, with a threat, that, if he did not sign it, he must meet him.

ADDITIONAL CHARGE against Lieutenant W. Heude, of the 1st Battalion 25th Regiment Native Infantry

For declaring, that he would expose Lieutenant Thompson in the most public manners and carrying that threat into execution, by addressing an improper and scurrilous letter to the Officers of the Mess of His Majesty's 89th Regiment, tending to cast reflections highly injurious to Lieutenant Thompson's character, as an Officer and a Gentleman.

SENTENCE.—The Court having maturely considered the evidence before it, as well as what the Prisoner, Lieutenant William Heude, has urged in his defence, is of opinion, that he is guilty of the charges preferred against him. It doth therefore by virtue of the Rules and Articles of War for the better government of the Honorable Company's Forces, sentence him to be cashiered.

(Signed) J. COLEBROOKE,
Deputy Judge Advocate.

(Signed) ROBERT BELL, Colonel,

I approve,
(Signed) JOHN ABERCROMBY,
Lieutenant General.

The Commander in Chief has approved the sentence passed by the General Court Martial of which Colonel R. Bell is President, on Lieutenant W. Heude of the 1st Battalion 25th Regiment, but, in consideration of the strong and unanimous recommendation of the Court and the peculiar circumstances in which the Prisoner was placed, His Excellency the Commander in Chief is pleased to remit the sentence.

Lieutenant Heude appears to enjoy those principles of honor and a high value for the character which belongs to the profession of which he is a Member, but when he reflects, that he has twice been sentenced to be cashiered, and twice experienced the clemency of the Commander in Chief, it will forcibly be impressed upon his mind, that the most manly spirit or exemplary principles of honor, require to be directed by a reflecting and well regulated mind.

Lieutenant Heude is released from his arrest and will return to his duty.

The General Court Martial assembled in Fort St. George, of which Colonel Robert Bell is President, is dissolved.

To His Excellency Lieutenant General
THE HONORABLE J. ABERCROMBY,
Governor in Council.

HONORABLE SIR,

We have the honor to acknowledge the receipt of the letter from the Secretary to Government in the Military Department, dated the 19th ultimo, and conformably with the instructions which it conveys, to report the result of our examination of the proficiency made in the Hindoostanee language, by Lieutenant Hockley of the 2d Battalion of Artillery.

In his translations both from Hindoostanee into English, and from English into Hindoostanee, Lieutenant Hockley was eminently successful; and the readiness with which these exercises were performed, affords a satisfactory proof of his proficiency. We could have wished, however, that his Hindoostanee exercise had been written in a neater hand.

Lieutenant Hockley's pronunciation appears to us to be sufficiently correct; and he reads and converses with great facility.

We have therefore much satisfaction in recommending that your Excellency in Council may be pleased to bestow upon Lieutenant Hockley the usual honorary reward.

FORT ST. GEORGE, 10*th November* 1813.

We have the honor to be,
Honorable Sir,
Your most obedient humble Servants,
(Signed) J. LEITH,
R. B. OTTO,
W. OLIVER.

The Honorable the Governor in Council has great satisfaction in conferring the honorary reward for the attainment of the Hindoostanee language on Lieutenant Hockley of the 2d Battalion of Artillery.

By order of the Honorable the Governor in Council.

HEAD QUARTERS. CHOULTRY PLAIN,

11th December 1813.

G. O. By the Commander in Chief.

The following General Orders by His Excellency the Commander in Chief, are published for the general information of the Army.

HEAD QUARTERS: Choultry Plain, *4th December* 1813.

GENERAL ORDERS.

His Excellency Lieutenant General The Honorable John Abercromby has been pleased to direct the publication of the following General Orders.

HEAD QUARTERS: Calcutta, *26th October* 1813.

GENERAL ORDER.

"At a General Court Martial held at Kaira on the 13th day of July, in the year of our Lord one thousand eight hundred and thirteen, by virtue of a warrant from Major General Wilkinson Commanding "His Majesty's and the Honorable Company's Forces under the Presidency of Bombay, of which Major "David Leighton 1st Battalion 4th Native Infantry Bombay Establishment, was President,"

"Cornet Benjamin Astley His Majesty's 17th Light Dragoons, was arraigned under the "following charge, viz.

"For making use of gross, scurrilous and improper language to Lieutenant Ryan on "the 31st ultimo, calling him a common blackguard and infamous scoundrel, or words "to that effect, finally challenging Lieutenant Ryan his Superior Officer to fight a duel, "such conduct being unbecoming the character of an Officer and a Gentleman, highly "subversive of Military discipline, and in breach of the Articles of War."

"On which charge the Court passed the following opinion and sentence."

"The Court having weighed and considered every part that has been produced in support "and against the charges, pass the following sentence.—With respect to the first instance "of the charge, viz. for making use of scurrilous and improper language to Lieutenant "Ryan on the evening of the 31st of May, calling him a common blackguard or an infamous "scoundrel, or words to that effect,"—

"The Court are of opinion that the Prisoner Cornet Astley is not guilty, and they do "therefore acquit him thereof for want of sufficient and substantial evidence to this part of "the charge.—With respect to the 2d instance of the charge, viz. For challenging Lieu"tenant Ryan his Superior Officer to fight a duel as set forth therein, The Court find the "Prisoner guilty, which being a breach of the Articles of War, do sentence him the said "Prisoner Cornet Astley, to be cashiered."

(Signed) R. BROMLEY, Captain,
Officiating Judge Advocate.

(Signed) D. LEIGHTON, Major,
President.

I approve but I remit the sentence.

(Signed) MOIRA,
General and Commander in Chief.

Remarks on the Sentence by His Excellency The Commander in Chief.

The above sentence is approved by the Commander in Chief, but as the punishment, tho' justly and duly applied by the Court, is heavy in a case where the misconduct was not deliberate, and where the language was so loose that Cornet Astley might not have defined the entire criminality of it's purport; The Commander in Chief will not enforce the penalty, and directs that Cornet Astley be restored to his duty.—A Letter signed by the President in the name of the Court, was laid with the proceedings before The Commander in Chief, in which Letter the Prisoner is recommended to the favorable consideration of His Excellency, because it appeared that the quarrel between the Prisoner and Lieutenant Ryan was made up on the same evening tho' Lieutenant Ryan subsequently brought forward the charge against Cornet Astley.—The circumstances thus rested upon by the Court ought not to have been pleaded. The offence for which the Prisoner was tried, was not an injury to an individual, but a breach of the Articles of War, and a procedure mischievous to the discipline of the Army, and the Commander in Chief highly approves the conduct of Major Wilson Commanding His Majesty's Seventeenth Light Dragoons, in checking by an austere intervention a laxity of tone which by what appears in evidence on the Court Martial seems to have existed among the Subalterns of that Corps.—The Commander in Chief in shewing a lenity which he adopts from believing it would be pleasing to the benignity of the Prince Regent and of His Royal Highness the Duke of York, trusts that the lesson conveyed by the just severity of the sentence will not be the less impressive on those who have to advert to it.

His Excellency the Commander in Chief is pleased to direct, that this Order be read at the Head of each of His Majesty's Regiments serving in India, and entered in the Regimental Orderly Book.

(Signed) W. GRANT KERR,
Adjutant General.

HEAD QUARTERS: Calcutta, *27th October* 1813.

GENERAL ORDER.

The Commander in Chief has been pleased to accept the resignation of Lieutenant A. Alexander of

and directed by the said recited Act, upon Certificates granted by Officers Commanding Corps, in respect of Wives and Families of Soldiers embarking for Foreign Service, in like manner as if such Allowances were specially granted by this Act, and as if all the Rules and Regulations for the giving, regulating, paying, and accounting for, and returning the same, were specially and particularly re-enacted in this Act."

II. "Every Widow or Wife of any Soldier to whom any such Certificate shall have been delivered, as is directed by the said recited Act or this Act, shall forthwith take the same to some Justice of the Peace, or Magistrate, who shall make out a Route, and fill up and sign a Certificate specifying the Place to which such Widow or Wife and Family is going, specifying the Number of Children; and it shall be lawful for such Justice of the Peace or Magistrate, in lieu and instead of the Rate of Allowance directed by the said recited Act, to direct any such Allowance as he shall deem necessary, not exceeding Three Halfpence per Mile for each such Woman, and One Penny per Mile for each of her Children; any thing in the said recited Act authorizing a Rate of Allowance to the contrary notwithstanding."

GENERAL ORDERS.

HORSE GUARDS,
28th April 1813.

In consequence of a Letter addressed to the Editor of the Morning Chronicle, having appeared in that Paper of the 11th of March, signed "*Robert Browne, Major-General, Lieutenant-Colonel of the 12th Light Dragoons*," of which Major-General Browne, has avowed himself the Author, in which, after drawing a comparison between the former, and the present Clothing, and Equipment of the Cavalry, it is stated that from the Clothing, and Equipment now in use, "the disadvantage to the Dragoon is considerable, and "may be attended with serious consequences, and that he (Major-General Browne) was a Member of "both Boards of Cavalry Officers, but disapproved of their proceedings, and stated his sentiments to the "Secretary at War, to the Commander in Chief, and also to the Adjutant-General in writing, and that "in conversation with Mr. Whitbread, the subject was accidentally mentioned, and he having stated it in the "House of Commons, he (Major-General Browne) thought it a duty, in justice to himself and the Light "Dragoon, to give the above." The Commander in Chief judged it expedient, to direct that a Board, composed of General Officers of Cavalry, who were Members of the Board, whose proceedings formed the basis of the Clothing Warrant of the Cavalry, now in force, should be re-assembled, for the purpose of taking into consideration the letter before mentioned, and of affording such explanation on the several points animadverted upon by Major-General Browne, as might enable His Royal Highness to lay before the Prince Regent, the fullest, and most satisfactory proofs that the assertions of that Officer are not founded, & that the essential objects for which the Board was originally convened, as stated in the Adjutant General's letter of the 13th June 1811, have been strictly kept in view in the alterations introduced in the Warrant, namely, "that every "article of the Soldier's equipment should be simplified, to prepare him for active service, and consequent "exposure, and that in no instance, should the expense be increased to the Colonel, or a larger deduction be "made from the Soldier's pay, than is authorized by His Majesty's Regulations."

General the Earl of Harrington, *President.*
General Francis Edward Gwyn.
Lieut. General the Earl of Rosslyn.
Lieut. General the Earl of Uxbridge.
Lieut. General William Cartwright
Major General Henry Fane.
Major General Hon. George de Grey.

Accordingly the Board composed of the General Officers named in the margin, did assemble, and in their Report, which the Commander in Chief has submitted to the Prince Regent, and the substance of which His Royal Highness has been graciously pleased to command to be thus circulated for the general information of the Army, have stated (after a most minute and laborious investigation of every article of Cavalry equipment and necessaries) that by the comparative lists of necessaries, it appears, that, under the present Warrant, there will be a saving to the Dragoon upon the first supply of necessaries to be provided out of his bounty and allowance of equipment, of no less a sum than £1 : 2 : 2, exclusive of the articles that undergo no alteration, and of the cost of shoes and gaiters.

The Board further add, that the change of appointments has been now so long in progress, and must, both in conformity to the Order, and from the nature of the case, proceed so gradually, that the instances must be rare where an individual Soldier can be called upon to provide any of the new articles, before the corresponding article of necessaries, for which it is to be substituted, shall have been worn out.

The Board further state, that they cannot conclude without marking their surprize at the apparent loose manner in which Major General Browne has expressed himself, when he says "he was a Member "of both Boards of Cavalry Officers, but disapproved of their proceedings, and stated his sentiments to "the Secretary at War, to the Commander in Chief, and to the Adjutant General in writing;" for the Board find by their minutes, that Major-General Browne was relieved from his attendance at the Board, last year, on the 5th May, and although while he continued to attend, he certainly did take opportunities of stating, in conversation, some opinions of his own, and throwing out suggestions of alterations which he would wish to recommend, no resolution was ever proposed, or any Note taken of such suggestions, and in fact, a very great proportion of the estimates, accounts, returns, and evidence called for by the Board, and which formed the basis whereon their conclusions principally rested, were presented to them subsequent to the 5th May, and that consequently Major General Browne, had no knowledge as a Member of the Board, either of the information, by which they were guided, or of the opinions they formed; and the Board had no opportunity of profiting by the Major General's assistance, or of hearing him express his disapprobation of their proceedings, with the purport, and effect of many parts of which he appears to be still unacquainted.

The result of this investigation has been highly satisfactory to the Prince Regent, inasmuch as it has convinced His Royal Highness, that the General Officers on whose report the Clothing Warrant of the Cavalry is founded, did perform, with ability and fidelity, the important duty that was confided to them, and that the interests of the Soldier have in every respect been duly considered and guarded with the most scrupulous attention.

The Prince Regent cannot allow this Order to go out to the Army, without at the same time expressing his highest displeasure against Major-General Browne, and his surprize that an Officer of his rank can have been so forgetful of his duty and station, so regardless of the discipline and welfare of the Service,

as to circulate, through the medium of a Public Newspaper, assertions calculated to excite discontent in the Army, to mislead the Soldier, and to give an erroneous and unfounded impression to the Public, that the funds assigned for his equipment and maintenance are improvidently and injuriously expended.

The Commander in Chief directs that this Order shall be circulated throughout the Army, and be entered in the General Order Books of all Regiments of Cavalry.

By His Royal Highness The Commander in Chief's command.

HARRY CALVERT,
Adjutant General.

GENERAL ORDER.

HORSE GUARDS,
10th May, 1813.

His Royal Highness the Commander in Chief directs it to be notified, that the Prince Regent, in the name and on behalf of His Majesty, has been pleased to approve of the *Surgeons*, *Assistant Surgeons*, and *Paymasters* of Regiments, wearing *Epaulettes*, or *Wings*, the same as the Captains and Subaltern Officers, according to the description of the Corps to which they belong.

The Dress of these Officers in other respects is to be in conformity to the Regulations laid down in the General Order of the 24th of December, 1811; the Coats of the Surgeons and Assistant Surgeons being single-breasted, as prescribed for that Branch of the Staff.

By Command of His Royal Highness The Commander in Chief.
