FORT ST. GEORGE, 14*th January* 1812.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to publish in General Orders, the following copy of a letter from the Right Honorable the Governor General in Council.

To

The Honorable,

SIR G. H. BARLOW, BART. *K. B.*

Governor in Council, Fort St. George.

HONORABLE SIR,

We have the honor to acknowledge the receipt, on the 23d instant, of your letter under date the 23d ultimo, communicating the satisfactory intelligence of the arrival of His Excellency Lieutenant General *Sir* Samuel Auchmuty at *Cannanore*, and His Excellency's resumption of the immediate Command of the Army of *Fort Saint George*, and we request that, you will be pleased to convey to His Excellency our congratulations on this occasion.

2d.—We have awaited the receipt of the intelligence of *Sir* S. Auchmuty's return to *India*, to convey to His Excellency, through the channel of your Honorable Board, the tribute of those acknowledgments which are so eminently due, for the invaluable services rendered by His Excellency to our Sovereign, our Country, and our immediate Superiors, in the exercise of the great and important Command, of which our previous sense of His Excellency's high character and distinguished abilities, induced us to request his acceptance.

3d.—In whatever degree the late glorious successes of the British Arms on the Island of *Java*, are proximately to be ascribed to the exemplary skill and resistless gallantry of the Officers and men under his Excellency's Command who were engaged in the operations of the field, we must primarily refer the glory of the late achievements and the final issue of the contest, to the genius which combined the complicated arrangements of the Campaign, which framed the plan of each successive attack on the Enemy's posts and directed and animated the exertions of the Troops.

4th.—With that reserve which ever accompanies transcendent merit, His Excellency has abstained, in his reports of the operations of the field, from drawing the public attention to any circumstances calculated to place in a conspicuous point of view, the honor which attaches personally to him. It is our duty to supply this defect, by recording our high and

and grateful sense of His Excellency's merits and services in the conduct of the Military branch, of the late arduous and brilliant Expedition.

5th.—We request that these sentiments may be communicated to Lieutenant General *Sir* Samuel Auchmuty with the expression of our thanks, for His Excellency's most able conduct, and eminent services in the Chief Command of the Military branch of the Expedition, by the success of which, a valuable and important colony has been added to the British dominions and the last remnant of the Enemy's power and influence in the East has been permanently extinguished.

6th.—We further request, that this address may be published for general information.

We have the honor to be,
Honorable Sir,
Your most obedient
humble servants.

J. LUMSDEN,
H. COLEBROOKE.

SIR,

Having laid before the Prince Regent the proceedings of a General Court Martial held at the Head Quarters of the

Goa Auxiliary Force, *Cabo*, on the 18th June 1810, and continued by adjournments to the 23d of the same month, for the trial of Lieutenant Alexander Fraser of the 1st Battalion 78th Regiment, who was arraigned upon the undermentioned charge, viz.

" For conduct unbecoming an Officer and a Gentleman in having on the morning of the 23d April most wantonly and unprovokedly struck Lieutenant Charles Robertson of the same corps across the shoulders with a whip or stick in presence of several Officers, and immediately close to the rear of the Battalion then in column, and on its return to the Cantonments from the ground of exercise."

Upon which charge the Court came to the following decision.

" The Court having well and maturely considered the whole of the evidence in support of the prosecution as well as what the prisoner Lieutenant Alexander Fraser has urged in his defence, are of opinion, that he is guilty of the charge preferred against him, which being in violation of the articles of war, they do sentence him, Lieutenant Alex. Fraser, to be cashiered."

I am to acquaint you, that in consequence of the Court not having been duly sworn according to the directions of the mutiny act, the sentence cannot be carried into effect.

I am further to acquaint you, that, under all the circumstances of this case, as they appear upon the face of the proceedings, the Prince Regent was pleased in the name and on the behalf of H. FORT ST. GEORGE, 31*st January* 1812

G. O. By GOVERNMENT.

The Honorable the Governor in Council is pleased to publish for the information of the Army, the following extract from a letter from the Honorable the Court of Directors dated the 5th of July 1811, received by the Honorable Company's Ship Baring.

PARA. 2. "The letters of the Governor General to the "Secret Committee dated *Fort St. George* the 12th October

"1809

" 1809 and 5th February 1810, have been submitted to us, in " replying to which we shall confine our remarks principally " to such parts of their contents as have not been already no- " ticed by us in our correspondence with your Government."

3. " Upon a subject so painful to our feelings we wish " to avoid repetition of remarks not rendered absolutely ne- " cessary by the events which have taken place.

4. " The support which the Government General of *Bengal* " has afforded to that of *Fort Saint George* throughout the " whole cause of the late convulsions is entitled to our strong- " est approbation, and we highly applaud the resolution taken " by the Governor General to proceed to *Fort St. George* " and of the delicate and judicious limitation which he imposed " upon the exercise of his authority during his continuance " at *Madras*.

5. " The firm and decisive line of conduct adopted by our " Governments, the tempered lenience and severity of the " Governor General, and the returning good sense of the " Army of *Fort St. George*, will we trust gradually restore " that harmony which has been interrupted to so great an " extent and will justify that moderation which has been " evinced by the Government, both abroad and at home, " upon this occasion of which the Army itself will we hope " every day become more and more sensible."

6. " We shall now proceed to deliver our decision upon " the several cases of the individuals which have been sub- " mitted to our immediate cognizance and decision and we do " so after a delay which cannot but have been favourable to " the Officers, whose cases have been submitted to us and after " an impartial review of all the circumstances which could " possibly be supposed to throw a light upon them."

7. " The first case that of Lieutenant Colonel Boles, we " have fully discussed in Paras. 12 to 26 of our Military Let- " ter to *Fort Saint George*, dated 22d February 1811, and " it is unnecessary that we should make any addition to that " discussion.

8. " Upon the second case that of Lieutenant Colonel " the Honorable Arthur Sentleger, we have suspended our " judgment, until the receipt of further documents, from " *Madras* relative to the prosecution commenced by him in " the Supreme Court.

9. " We have not thought ourselves at liberty either to " reject or to use the evidence obtained in that suit subject to " the restriction, under which it has been transmitted to us

" and

" and we have not thought it right to come to a decision
" upon his case subject to this restriction.

10. " After a most careful attention to the evidence
" brought forward by the Madras Government, against
" Captain Marshall, Lieutenant Colonel Martin, Major De
" Morgan, and Captain Grant, together with what those
" Officers, have stated to us in their defence we have adopted
" determinations which we shall now proceed to communicate
" to you."

11. " We are of opinion that Major De Morgan, has
" been guilty of signing a very improper and inflammatory
" Address to Lord Minto, containing doctrines hostile to the
" existence of Military Discipline, and calculated to lead to
" the subversion of all due authority in the State and that
" he has also in the intended prosecution of Lieutenant Colo-
" nel Munro, and his letter to Colonel Cuppage, dated the
" 14th April 1809 exhibited a spirit deserving of much repre-
" hension."

12. " It appears also that Lieutenant Colonel Martin,
" and Captain Marshall, have been guilty of preparing copies
" of the factious and inflammatory Memorial intended to be
" delivered to Lord Minto, at as early a period as the beginning
" of February 1809, that this fact might lead to the inference
" of their having had a further concern in the circumstances
" relating to this Paper and in the most favourable construc-
" tion that could possibly be put upon their conduct, must
" prove that they were highly deficient in an essential point
" of their duty in concealing the knowledge of such a Memo-
" rial from the Government of *Madras*. The evidence against
" Lieutenant Colonel Martin is perhaps less clear and explicit
" than that which has been produced against Captain Marshall
" as far as relates to the preparation of the Memorial to Lord
" Minto, whilst it seems proper here to allude to Lieutenant
" Colonel Martin having been equally with Major De Mor-
" gan, a party to the prosecution of Lieutenant Colonel Mun-
" ro which manifests a spirit deserving of much reprehension."

13. " It further appears to us that Captain Grant has been
" guilty of a very serious offence against Military Discipline
" and the authority of legal Government in subscribing his
" name to an Address to Major Boles, in which a systematic
" resistance to Government is upheld and an indemnity is
" offered to the persons suffering under such resistance, and
" that Captain Grant has moreover added to this offence by
" the reprehensible manner in which he introduced this Paper
" to the notice of the Government of *Fort St. George*."

14. " The

14. "The offence of which we have thus adjudged Major De "Morgan, Captain Marshall and Lieutenant Colonel Martin, "to have been guilty would in our opinion have justified their "removal from the Company's Service and we should have "been compelled to adopt a resolution to that effect if their "cases stood disconnected from other circumstances; sub- "sequent events however, have disposed us to allow a more "favorable result, namely, first, the influence of very general "evil examples at *Madras* early in 1809, and the contagi- "on arising from this source; and secondly, the nature of the "amnesty granted by the Governor General (with some ex- "ceptions only) to the whole of the offending Officers in the "*Madras* Army as published on the 25th September 1809, "which though it could not extend to the interruption of our "judgment on the conduct of those who were suspended on "the 1st May 1809 and referred home for decision, may have "been considered by some persons to have embraced them in "the spirit of the measure and finally the possibility that the "intended Memorial to Lord Minto might have been aban- "doned by those concerned in it from their conviction of its "criminal nature and tendency, but of which we regret that "no proof whatever is to be found."

15 "Actuated by these considerations in mitigation of "what we should otherwise deem due to justice and the "maintenance of the authority of our Government, we have "resolved that the suspension imposed on Major De Morgan, "Captain Marshall and Lieutenant Colonel Martin be re- "moved, but that they shall only be permitted to return to "*India* whenever we shall be of opinion that the complete "restoration of order and Military subordination at *Ma-* "*dras* shall have rendered such a measure justifiable and "consistent with that support which it is our paramount du- "ty and our determination at all times to afford to the Civil "Authorities."

16. "We are further of opinion that the offence of which "we have adjudged Captain James Grant to have been guil- "ty would also have justified his dismissal from our Service; "considerations however, of a nature similar to those which "we have stated as having influenced our decision on the "cases of Major De Morgan, Captain Marshall and Lieute- "nant Colonel Martin (as far as the circumstances of those "cases apply in this instance) have induced us to determine "that Captain Grant's suspension be likewise removed, sub- "ject to the same reservation with respect to his return to

"*India*

" *India* as is stated in the concluding part of the foregoing pa-
" ragraph."

17. " The next case brought before us was that of Cap-
" tain Coombs, upon which we entirely coincide in the sen-
" timents recorded by the Governor General in his Minute
" dated December 1809."

18. " We are clearly of opinion that Captain Coombs
" was justly removed from his Staff situation, and that his
" misconduct is much aggravated by the defence which he
" set up."

19. " On the cases of Lieutenant Colonels Cuppage and
" Chalmers, we are equally clear in our opinion that they
" did not take such steps as they ought to have taken either
" to repress, or report to the Government the improper pro-
" ceedings pursued by part of the Troops under their Com-
" mand, but on the contrary they appear to have participated
" in those unmilitary proceedings."

20. " We also entirely concur in the sentiments expressed
" by the Government of *Fort St. George* upon that oc-
" casion, namely, " That it is not sufficient for Officers
" holding Commands to avoid a participation in such pro-
" ceedings. It is their positive and indispensible duty to
" adopt most decided measures for their suppression and to
" report them to their superior authorities. We therefore
" approve of the removal of these Officers from their respec-
" tive Appointments and Commands."

21. " Upon the same principles we approve of the re-
" moval of Lieutenant Colonel Bell from all Military Charge
" and Command until our pleasure respecting him should be
" known. We are however willing to hope, from the ge-
" neral character of this Officer, that he has before this time
" become duly sensible of the impropriety of his conduct, and
" is desirous of atoning for it by a diligent superintendence of
" the Officers and Men under his Command and care, and
" with these hopes and expectations we shall not object to
" his being re-appointed to the Command of the Artillery
" whenever such a measure shall seem proper to the Gover-
" nor in Council of *Fort St. George*.

22. " We must however decline complying with his ap-
" plication for the difference of allowances from the date of
" his removal from the Command of the Artillery, or to his
" drawing any allowances whatever beyond those fixed for
" him by the Governor in Council at the date of his removal."

23. " It now becomes necessary for us to advert to the
" important measure adopted by the Governor General in his

" Orders

" Orders of the 25th of September 1809, in which the Gover-
" nor General has selected some Officers falling under par-
" ticular descriptions either for trial by Court Martial or for
" the option of being dismissed from the service, and has grant-
" ed a full and entire amnesty to the rest of the Army.

24. " In considering this subject it is impossible for us
" not to be fully sensible of the peculiar delicacy and diffi-
" culty of the situation in which the Governor General was
" placed on his arrival at *Madras*."

25. " Called upon to investigate and to give his judgment
" upon, the conduct and upon the fortunes and perhaps upon
" the lives of more than one thousand British Officers, no-
" thing but a choice of difficulties was left for his selection.

26. " After an attentive consideration therefore of all the
" various circumstances which apply to the matter before us,
" we proceed to confirm the Orders published in the Madras
" Gazette of the 25th September 1809 and to acquiesce in
" the extent of punishment which he then thought proper to
" award, and hope we may be permitted to entertain a confi-
" dent expectation that the selections made by the Governor
" General as well as the otherwise very ample and extensive
" pardon granted by him, will be followed by a proportionate
" effect upon the minds of the Army at large, and that tho'
" the punishment which it has been so absolutely necessary to
" adopt should have failed perhaps in falling upon the most
" guilty parties, the ends of justice to a certain extent may
" have been satisfied."

27. " We also join in the hope which the Governor
" General has expressed that " there is a fair prospect not
" only of the permanent restoration of former security and
" tranquillity, but of the improvement of those blessings."

28. " But for the furtherance of this object it will be
" absolutely necessary to mark with the severest displeasure
" of the Government any tendency to that conduct, of which
" two instances have been brought before us in the 78th Para.
" of the Governor General's letter dated 12th October 1809
" and in the General Orders published at *Madras* on the 4th
" October 1809."

29. " The highly culpable conduct of the two Officers
" there noticed Lieutenants M'Cormick and Rowley who
" having ostensibly repented of their errors and accepted
" the pardon of Government, endeavoured to stigmatize
" in the grossest manner the laudable conduct of their Superior
" Officer for having avowed the same sentiments at an earlier
" period

" period than they had done, has excited our severest displea-
" sure."

30. " The conduct of these Officers upon this occasion is
" equally irreconcileable with every principle of private feel-
" ing and public obligation. It has also a direct tendency to
" prevent the return of general harmony and to keep alive
" the criminal spirit of Military combination, nothing there-
" fore but the consideration of the delicacy of public faith
" and the possibility that expectations might have been form-
" ed that the amnesty granted by the Governor General should
" cover the cases of these Officers, could have induced us to
" acquiesce in the extension of amnesty to them."

31. " We however think it proper to declare, that we
" shall consider every Officer who may be hereafter guilty of
" a similar offence or of having entered into combinations
" or pledges to exclude from society, or otherwise to insult
" or stigmatize any person, for instances of attachment to
" the cause of loyalty and Government, to be utterly impro-
" per to be continued in our service; and we accordingly direct
" that every Officer who shall so offend, shall be immediately
" brought to trial, or suspended from the Service, and sent to
" *Europe*, according to the discretion of the Government un-
" der which he may serve."

32. " We shall hereafter take into our consideration the
" cases of the Officers who have accepted of the Governor
" General's option of being dismissed the service or have been
" dismissed by the sentences of Courts Martial, as described
" in the Governor General's letter of the 15th April 1810.
" In the mean time, we think proper to direct that Lieutenant
" Colonel Doveton be restored to the exercise of his Mi-
" litary functions.

33. " It is impossible for us to approve of the terms in
" which the Court Martial on Lieutenant Colonel Doveton
" expressed their opinion on his conduct, and at least a rea-
" sonable doubt may be entertained whether that Officer was
" entitled to an acquittal on the evidence submitted to the
" Court Martial."

34. " We do not think it necessary however, to express
" any opinion on the latter point and we are unwilling after
" a review of the whole of his trial, to refuse to him the be-
" nefit of an acquittal by that tribunal to which his case
" had been formally referred or to exercise upon this occasion
" that paramount authority which exists in the Court of Di-
" rectors (as it does in the State) of removing without
" the intervention of any other tribunal, from the Service of

" the

" the Company any Servant, whose continuance in that " service may be deemed incompatible with the public in- " terests."

Lieutenant Colonel Doveton of the Native Cavalry, will resume the Military functions of his rank in conformity with the foregoing Orders of the Honorable the Court of Directors.

The Governor in Council is further pleased to re-appoint Colonel Robert Bell to the Command of the Artillery and to a Seat at the Military Board.

For detachments above 1000, the number of attendants shall be increased at the rate of one attendant of the most useful kind for every 50 men. In small garrisons where there are two or three Europeans only, the attendant which will be allowed

lowed to them under the 8th paragraph of these regulations, is considered to be fully equal to the barrack duty of the garrison also. All bills for Barrack supplies to European troops shall have annexed an abstract of the strength of the troops receiving Barrack articles and the number of stand of arms for which cocoanut oil has been supplied, supported by the signature of the Senior Officer present at the station. The form of this abstract is annexed C.

9. It is clearly to be understood that where there are different corps or detachments from different corps, at the same station, the attendants for each corps, or detachment, are to be indented for and provided separately in proportion to their strength, with exception of the depôt at *Poonamallee*, where the detachments of King's Troops, &c. shall be considered as one corps.

10. Officers Commanding corps or detachments are authorized to direct their Quarter Masters or such Officer as they may think fit, to muster the Barrack attendants daily, and to see that they are kept up to the extent authorized by the regulations; and all charges for garrison establishments shall be supported by the certificate of the Commanding Officer as follows:

I do hereby certify that the number of lamps charged for in this bill is the number that has been found necessary, and that oil has been furnished for them by the Commissariat during the period for which the charge is made.

11. The pay of attendants in the Barrack department is not henceforward to be considered as fixed, but is left to the discretion of the Commissary General, who will regulate the pay of all descriptions of attendants at the several stations of the Army, on the most economical principles, consistent with the circumstances which must in some instances cause the pay of attendants to vary, in different divisions of the Army.

12. The duty of the Barrack attendants is to be strictly confined to cleaning and lighting Barracks and Barrack offices. None of them are on any account whatever to be employed either permanently or occasionally in any public or private quarter out of the barracks, guard rooms, &c. nor are any such quarters to be lighted at the public expense, excepting those which are already lighted and cleaned by the Barrack department at *Fort St. George*; and it will be the special duty of Officers Commanding to report to the Commissary General any deviation from these orders which may come under their notice at their respective stations.

13. If

13. If a proportion of the European soldiers at any station be permitted to live out of the barracks, altho' no diminution of the number of Barrack attendants will be made on that account, still it is to be fully understood that by living out of the barracks all claim to the attendance of the Barrack servants is forfeited; neither will the servants be permitted to give any attendance whatever to the soldiers huts, or houses detached from the barrack.

14. Barrack attendants are not to be liable to any punishment under any other authority than that of the Officers of the Commissariat, but all cases of neglect of duty on the part of the attendants, as well as all the particulars of such cases, are to be made known to the Officer of the Commissariat on the spot, or in the division by the Officer Commanding the corps or station when the persons so offending, shall if necessary be discharged. The Barrack attendants will be liable to be employed by the Officers of the Commissariat in the removal of cots and on other duties, at such times as they may not be required in the barracks, that is to say between the hours appointed for the purpose of cleaning the barracks.

15. On the march of a detachment from a station, the Commissariat Officer will be held responsible that the number of attendants is immediately proportionably reduced, and he will note at the foot of his barrack bills for that month the date and extent of this reduction; and on the arrival of a corps or detachment an additional number of Barrack attendants will be supplied for their use on indent, under the following rules, viz.

16. A whole corps, or a detachment not belonging to any corps already at the station, will receive on an indent countersigned by the Officer Commanding the station, the number of attendants to which, by the foregoing table they are entitled; but a detachment joining a corps or detachments already at the station, will only receive the difference between the number of attendants already supplied to the corps or detachment which they join, and the number to which the aggregate amount of that corps or detachment are entitled to after their having joined.

17. No cart is to be allowed on account of the troops in addition to the regulated number of attendants, but when it may be convenient to the public service to employ carts in lieu of attendants, the Officers of the Commissariat will be permitted to do so when the number of European troops shall exceed 300 men, in communication with the Officers in command

command of stations. In such cases, one cart may be employed in lieu of five attendants of such description as the Commanding Officer may think it most convenient to dispense with.

18. Puckallies attached to garrisons are to be kept up under the Commissariat to such extent, as may have received the sanction of the Military Board, and are to be considered as exclusively for the use of the European details permanently attached to garrisons, and for the use of the garrison guards; it being clearly understood that persons under the rank of a Conductor, are alone entitled to receive water in garrison at the public expense. The establishment for the extra supply of water to the European troops at *Masulipatam* shall also be kept up under the Commissariat, and shall consist of one Puckally or four water coolies for every hundred men, independent of the regimental establishment of Puckallies.

19. The number and description of Barrack establishments, such as lamps and attendants for all garrisons, stations, and posts, are ordered to be regulated by the Military Board. These establishments will be revised quarterly by that board, and no charges for additional establishments at out-stations will be admitted, unless the Military Board shall have ordered them on the application of the Officer Commanding the station or of the Town Major at the Presidency. If on any case of emergency a Commanding Officer should order any additional lamps, carts, or other garrison establishments, the Officers of the Commissariat, will immediately comply with a written order or indent to that effect, the Officer Commanding being answerable for the expense incurred, if the Military Board should not confirm his orders. It will therefore be proper that Commanding Officers should on all occasions refer in the first instance to the Military Board, unless they can shew that the service would suffer by any delay in making the supplies.

20. All lamps will be supplied by the Commissariat, but being considered as fixtures, they will be under the charge of the Officer or person responsible for the care of public buildings, at each station respectively. All bills for new lamps of this description will require to be accompanied by an indent for the supply of them signed by the Staff Officer in charge of the public buildings, countersigned by the Officer Commanding the station, and passed by the Military Board; and that Board will pass no indents for the supply of new lamps, unless they are fully satisfied that they are absolutely necessary, and that the deficiency has been caused by unavoidable accident

cident. Commanding Officers forwarding indents for new lamps will therefore invariably submit to the Board the fullest information of the deficiency; which if caused by wantonness or neglect, the necessary steps must be adopted for the recovery of the value of the new lamps, from the persons who may have destroyed or neglected to take proper care of those that may have thus become deficient. Officers of the Commissariat will invariably obtain the receipt of the Officer in charge of public buildings endorsed, on the indent, for such lamps as may have been delivered, that receipt being indispensable in passing the charge incurred for the lamps supplied.

21. One olluck of oil shall be allowed daily for all garrison lamps, with exception of those in guard rooms and gateways, for which one and a half olluck shall be allowed; cotton thread for lamps shall be allowed at the rate of three-fourths of an ounce per month for each lamp of one olluck, and one ounce per month for each lamp of one and a half olluck. Every garrison guard commanded by an European Commissioned Officer shall be supplied with one wax candle per night. The oil consumed with the guards allowed to Collectors, Commercial Residents, and other Officers not in the Military department, will not be supplied nor charged by the Commissariat.

22. At all stations where gates are kept in repair, a proportion of cocoanut oil will be issued to the Key Serjeants for oiling the locks, bolts and hinges, the monthly proportion of which will be regulated in the first instance by the Military Board on receiving indents from Officers Commanding such stations respectively, and the quantity so allowed will be liable to revision whenever the Military Board shall think proper. The quantities of oil at present issued for the purpose described in this paragraph will be authorized, until the Military Board shall have revised the allowance at the several stations.

23. All Native corps at stations where the usual Barrack articles are issued to the troops, are considered entitled to receive one olluck of lamp oil daily, for the guard at the place of arms of that corps.

24. It shall be at the option of the Commanding Officer to cause the garrison lamps to be inspected and the carts and attendants to be mustered by such Officers as he may appoint as often as he shall think proper. The same rules which have been prescribed to prevent the employment of Barrack attendants in private quarters or with the soldiers out of the Barracks, are directed to be considered applicable to the garrison attendants; and the carts allowed to garrisons, shall not on any

any account whatever, be employed otherwise than for the purposes for which they are kept up by Government ; except for the occasional movement of Barrack cots, and other stores of that department, as proposed with regard to the employment of Barrack attendants by the Officers of the Commissariat in the 14th paragraph of these regulations

COTS FOR EUROPEANS.

25. The Officers of the Commissariat shall be in charge of all the Cots within their divisions, and they shall be responsible for keeping them at all times in repair and good condition, according to the complement of cots allowed by Government for the service of their respective divisions. All Barrack cots shall be surveyed quarterly, and the survey reports shall be made out in triplicate, one copy to be sent to the Quarter Master General, a second to the Commissary General, and the third to the Officer of the Commissariat under whose charge the cots are immediately placed. These surveys shall be held on the last day of April, July, October, and January, the Commanding Officer of the station always sitting as President.

26. The following form of Report shall be observed.

27. No new cots additional to the established complement of the divisions shall be made, but under the express authority of Government, on indents to be given in by the Quarter Master General thro' the channel of the Military Board. These indents shall be addressed to the Commissary General, who will direct their being complied with in such manner as may be of most advantage to the public interests. Unserviceable cots of the established complement are required to be replaced under the directions of the Commissary General, when he shall have authorized the unserviceable ones to be written off the returns, on the production of adequate survey reports, or other adequate vouchers, by the Officers in charge.

28. All new cots whether additional or for the completion of the establishment shall be surveyed and certified to be according to muster, and of the following dimensions, before they are delivered to the troops.

Reports of Committees on new cots shall be made out in triplicate of which two sets shall be sent to the Officer of the Commissariat who made the supply, as vouchers to be sent with his accounts to the Commissary General. One of these sets shall accompany the bill for new cots when sent for audit and the other will remain with the Commissary General. The triplicate will be sent direct to the Quarter Master General of the Army by the Officer ordering the survey.

30. New cots will be considered as deliverable to the troops when they shall have been passed by the Committee of Survey.

31. The subordinate Officers of the Commissariat will render to the Commissary General, monthly and quarterly returns

of

of all cots under their charge. From the latter returns, the Commissary General will prepare a general return for the information of the Military Board, agreeably to the G. O. of the 9th October 1810.

32. If at any time it shall appear that Barrack cots, or other furniture, or any part thereof, have been damaged or broken through carelessness or neglect, the expense of repairing or replacing them shall be defrayed by the corps, the Commanding Officer of which is hereby directed to recover the amount by stoppages from the company or companies in whose particular division of the Barrack such deficiency may have happened. This paragraph and the two annexed tables shall accordingly be hung up in every European Barrack as a standing regulation, the spirit of which shall be strictly enforced.

33. No

33. No Barrack cots shall ever be allowed for the use of such men as may be permitted to sleep out of the Barracks; nor shall any be allowed to be issued to Surgeons of European corps, the medical allowances received by them being considered applicable for the provision of cots for the sick of their corps. Staff Serjeants of Native corps to whom public quarters may be allotted shall be permitted to have their cots in those quarters.

34. When European Pensioners are allowed to live in Barracks, cots shall be issued to them if the state of the stores will permit that indulgence without detriment to the regular troops.

35. All Barrack Serjeants shall be considered as immediately attached to the Officers in charge of public buildings, who will draw the staff allowance for them in the usual manner; but as their services are also required for assisting in taking care of the cots in store, and in use with the troops, it will still be a part of their duty to inspect them, and it is hereby ordered that they shall make daily reports of their state to the Officer of the Commissariat on the spot. At such stations of the Army where cots are in use, and where there is no Officer of the Commissariat, they will make a weekly report of the cots to the Officer of that department, in their respective divisions, and their reports are required to be countersigned by the Officer in charge of public buildings, as a mark of their being correct. At stations where there are no Officers specially appointed to the charge of Barracks and public buildings, nor any Public Staff Officer, the pay and allowance of Barrack Serjeants will be drawn by the Officer Commanding.

36. Quarter Masters of corps will indent for Barrack cots for the use of their respective regiments, and will pass a receipt for the number delivered to them. It will be their duty to see that the cots are kept in constant repair under the following regulation, viz. When cots are broken or destroyed it is required of the Quarter Masters to fix the charge on the individuals who may have been guilty, in order that the stoppages may be made for the damage committed, as prescribed by the foregoing regulations; and when the charge cannot be attached to any particular person or persons, the stoppages will be made from the company amongst whose cots the damage may have been sustained. But when cots may have been broken by unavoidable accident or may require repair from any incidental cause, Quarter Masters will indent on the Commissariat in the annexed form (B) for the execution of such repairs, specifying the occasion of their being necessary

and

and certifying the nature and extent of the casualty. The duties above prescribed for Quarter Masters will be executed by Officers Commanding detachments from corps, and by Staff Officers or others in charge of European details, when no Quarter Master is present.

37. These indents with certificates attached will form the proper vouchers, in support of the charges for the repairs executed by the Commissariat, and must invariably accompany the bills for such repairs, when transmitted with the accounts to the Commissary General.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to direct, that the 7th Paragraph of the 1st Section of the Commissariat Regulations, and the 16th and 18th Paragraphs of the 11th Section, shall be rescinded, and the following substituted in lieu of them.

SECTION I.

Para. 7.—When rice is issued to the Native Troops in cantonment where field allowances are not paid to them, it shall never be granted to a greater extent than at the rate of one Seer per man, for every Native Commissioned, Non-Commissioned, Drummer and Private, and they shall pay for it at the rate of 70 Pagodas per Madras Garce, or 12 Seers for 7 Fanams 70 Cash. When it is necessary to issue rice to the Native Troops at stations where they receive field allowances, it shall be issued to them to the same extent as in the other instance; but the rate of payment shall be Pagodas 106 30 per Madras Garce, or 12 Seers for 12 Fanams.—In either case, the Officers of the Commissariat will forward to the Paymaster on the last day of the month, a return of the men who received rice, which shall also, shew the quantity issued to them; and with that return he will forward an account against the corps to which the issues were made, which shall be adjusted at the issue of pay. The Paymaster will grant a bill for the amount of the rice account on the Accountant General, in favor of the Commissary General, which will then be disposed of, by those Officers, as directed in the 5th Article of this Section. But rice will never be issued to the Troops, unless it shall exceed, at field stations, the rate of Pagodas 106 30 per Madras Garce and Pagodas 70 at other stations. It is also to be understood, that issues of rice shall be made, only when the markets cannot supply it in sufficient quantities to the Troops, at, or under, the above mentioned rates. Paddy may be occasionally issued under

under the above regulations, but in that case, two Seers shall be issued at the same rate, and under the same conditions as one Seer of rice. That is, every Garce of Paddy issued to the Troops shall be charged, at stations where the Troops are on field allowances, at the rate of Pagodas 53 15, and at other stations at the rate of Pagodas 35 per Madras Garce; when rice is issued to public followers to corps and departments, which shall only be allowed in times of scarcity, it shall be paid for at the rate of 80 Pagodas per Madras Grace, and the bills for the amount to be prepared and adjusted, agreeably to the rule prescribed in the 8th Paragraph of Section XI. SECTION XI.

Para. 16.—The above Followers will only be allowed to receive rice from the public stock in Camp, in cases of extreme emergency which will be judged of by the Officer Commanding the Army; and on such occasions, they will receive an allowance of half a Seer each only per day.

CHARGE 1st.—"For having falsely stated at the public "Mess Table of the Regiment during my absence, that "he had on receiving a reprimand from me, for detaching "the Vakeel of the Regiment from the Pay Party "returning from *Poonah* on his own private business "declared that I had no right to reprimand him, and "that he did not conceive the Vakeel and Party under "my command while on that duty, and *that he would do* "*the same again.*"

2d Instant.—"For disrespect to me on the morning of "the 22d Instant, when accused at my house in the "presence

" presence of three of the Officers of the Regiment, of " having told the above falsehood, by persisting, that he " did say so, and when I threatened him with an arrest, " he contemptuously replied, *I might put him in arrest, " he did not care for that*, or words to that effect."

CHARGE 2d.—" For ungentlemanly conduct in having " denied to several of the Officers of the Regiment, " that he had been accused by me of having been " guilty of a falsehood, and having on another occasion " a few days before, declared, that his deposition given " at a Court of Enquiry held by order of the Officer " Commanding the *Poonah* Subsidiary Force to investi- " gate a subject laid before it, would have been different " had he been on *Oath*, whereby he acknowledged that " the statement *he had made before the Court was false*."

CHARGE 3d.—" On complaint of Captain E. L. Smyth, " of the 5th Regiment Cavalry, for conduct highly " disrespectful to him, on the evening of the 21st in- " stant, in the lines of his own Troop, while in the " execution of his duty."

" The Court are further of opinion that the Prisoner " is not guilty of the first part of the second charge, " and do therefore fully acquit him of the same."

One of the Members who was taken sick appears to have absented himself, and afterwards to have resumed his seat, when the proceedings which had been recorded in his absence, were read over;—This mode of proceedings is irregular, as all the witnesses should be sworn and give their evidence in the presence of the several Members who compose the Court. BANGALORE, *4th January* 1812.

The

The Commander in Chief does not think it necessary, to animadvert at length on the conduct of the Prosecutors on this trial.—The sentence of the Court and His Excellency's approval of their proceedings and opinion ought to convince Cornets Macdonald and Fullerton how reprehensible it is; and should stimulate them to regain the good opinion of their Brother Officers, which they have justly forfeited.

It is with concern the Commander in Chief finds himself obliged to observe, that in his opinion, the Commanding Officer of the Corps has not correctly supported his Rank and Situation.

Instead of confining the Officers to the strict line of their duty, and affording to every one under his Command that advice and encouragement they have a right to expect from him, he has suffered himself to be guided, if not dictated to, by his Subaltern Officers, and has made himself a party in a prosecution, which the least investigation must have convinced him, was frivolous and vexatious.

The Prisoner, Lieutenant Boyn, is to be released from his arrest, and to return to his duty, and the Commander in Chief trusts, that in future, he will be more guarded than to jest on points, which may be construed to the prejudice of his own character.

Adjutant General of the Army.

I. was President, and continued by several adjournments until the 17th of February 1812, are published to the Army.

CHARGE.—Subadar Vanketram of the 1st Battalion 4th Regiment N. I. ordered into arrest, and charged by me.

1st.—With conduct subversive of good order and military discipline, in having ordered Lengoo a Sepoy of the Company to which he himself belonged, to be clandestinely excused from all general duty, for a considerable time, while the corps was quartered at *Quilon*, in having in like manner ordered Lengoo and Mooniah Sepoys to be excused from duty for several months at this station, and in having in both instances employed these Sepoys, while so excused from duty, as his Private Servants, contrary to the regulations of the Service.

2d.—With conduct disgraceful to himself, and dangerous to the Service, in having countenanced and promoted certain false and malicious complaints, and associated with others to procure false witnesses to prove them, with the base and scandalous design of ruining Havaldar Cuddapanattum, on whom they reflected.

The Court however taking into consideration the high character of the Prisoner previous to this business—his long, faithful and active services, beg unanimously to recommend

HEAD QUARTERS: CHOULTRY PLAIN, *24th March* 1812.

I APPROVE AND CONFIRM.

(Signed) S. AUCHMUTY,
Lieutenant General.

In publishing these proceedings to the Army, the Commander in Chief thinks it proper to notice the occurrence of some irregularities, which tho' not sufficient to vitiate the sentence, are at variance with the strict rules which should be observed, in conducting trials by Court Martial.

The ostensible Prosecutor on this trial is Lieutenant Colonel Scot, who, tho' he was not sworn, was permitted to conduct the prosecution, and to make observations in Court, tending to govern the proceedings of the Court, and in two instances, it would appear, that he objected to the examination of witnesses on the part of the defence, on the grounds, that one of them had been convicted of perjury (of which however Lieutenant Colonel Scot's statement was the only proof) and that charges had been preferred against another for a similar offence.

Before a Court should have admitted the validity of the first objection, it should have satisfied itself by evidence, that the witness had been convicted by a Court of competent jurisdiction. The mere declaration of an Officer, however respectable he may be, should not be received as sufficient evidence of a circumstance, which is capable of proof.

On the objection against the other evidence, it is necessary to point out that, it should only have been received as an objection to his credit, but could not affect his competency as a witness. The Court ought to have received the testimony of this witness, leaving to the opposite party the right to establish by evidence that such witness was unworthy of credit. The admission of the Prosecutor of the facts which it was intended to prove by the examination of the latter evidence gave to the Prisoner the full benefit of his testimony, but, this does not exempt the proceedings of the Court from the imputation of irregularity.

The Commander in Chief is further pleased to remark that, when a Court Martial shall be of opinion, that any circumstances are brought to their notice, which render a Prisoner, a

proper

proper subject for recommendation to mercy, those circumstances should be stated by the Court in a letter addressed to him, and should not be inserted in the body of the sentence.—His Excellency Lieutenant General Sir Samuel Auchmuty directs the particular attention of the Army to this point, as the practice is not only at variance with former orders published under this Presidency, but is also contrary to the orders of His Majesty.

It having been brought to the notice of His Excellency the Commander in Chief, that a practice prevails in some corps, of allowing the Drum and Fife Majors and Band Masters to wear Epaulettes *of Bullion*, and other distinctions which frequently create mistakes injurious to the objects which distinctions in dress are intended to promote, the Commander in Chief strictly forbids any deviation in these points from the regulations established by His Majesty's Command for the King's Troops, or from those of the Commander in Chief for the Honorable Company's Service.

His Excellency the Commander in Chief having also remarked on several occasions, the very unmilitary and un-soldier-like appearance of the European Non-Commissioned Staff of the Army, both Field, Garrison, Cantonment and Regimental, calls the attention of Commanding Officers of Divisions, Stations and Corps, to the regulations on this subject, (vide Military Code Para. 75, Sect. 5, Page 46, with reference to the 12th Paragraph of the G. O. 12th October 1810) and directs, that they enforce with scrupulous exactness, obedience to those orders, and also that the European Non-Commissioned Staff may be restricted from wearing any dress or ornament other than those established for them, either by General or Regimental Orders, and that they may be obliged at all times when out of quarters to appear properly dressed and with their side arms and shoulder belts.

The Commander in Chief also directs that the Drummers and Fifers of Native Corps may be dressed as directed in the foregoing paragraph and G. O. therein quoted.

Major Travers of H. M. 22d Dragoons and Major Sir Charles Burdett of H. M. 56th Foot, are appointed Members of the Committee assembled in *Fort St. George*, of which Colonel Hare is President.

The Commander in Chief is pleased to publish to the Army for general information, the following extract of General Orders dated Head Quarters: Choultry Plain, 16th March 1809, and to direct the attention of Officers Commanding Divisions, &c. to the periods therein fixed, for sending the Invalids of His Majesty's Regiments to *Pondamallee*: No deviation will be allowed from these instructions, but under express orders from Head Quarters.

"SIR,

"It having been reported by the Commandant of the Army "Depôt, that the Returns required by my letter of the 10th "March 1806, to be transmitted with Invalids from Foreign "Stations, are frequently not sent at all, or not filled up "with sufficient accuracy and precision, whereby, much "inconvenience is experienced, I have the Commander in "Chief's Commands to request, that when it is found "necessary to send home, Invalids from the Troops under "your Excellency's orders, you will give positive injunctions "that the contents of my letter above-mentioned, shall be "strictly complied with.—The Discharges and Returns, as "far as regards the causes for which the Invalids are "considered unfit for duty on the station, being for the most "part particularly vague and unsatisfactory, you will be "pleased to direct, that the Medical Officer shall carefully "specify the disorder under which each man labours, and "state its origin.

"The information required on these points, being essential "for the disposal of the Soldiers on their arrival in this "country, and involving in a considerable degree their future "comfort, His Royal Highness is persuaded, this circum- "stance in itself, independent of other considerations, will "induce Commanding Officers to be very particular and accurate

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to cancel the 1st, 2d and 3d Paragraphs of the 4th Section of the Code of Regulations of 1806, and to establish the following Regulation for the future purchase of Horses required for the service of the Cavalry under this Presidency.

Horses purchased for the Cavalry must not be under 3½ years old in time of peace, or under 4 years old in time of war, or above the age of 6, except when the exigence of the Service requires their being purchased at 7 years old, when they must be perfectly free from blemish, and evidently fresh.

The height of Horses purchased for the Cavalry is fixed at 14 hands 2 inches, and none under that height are ever to be selected for the Dragoons, but blood Horses of a strong, compact make, good sinew and bone, and light and active, may be purchased for the Native Cavalry at the height of 14 hands and 1 inch—but the Commissary General will limit as much as possible the number of Horses to be purchased of this height.

Horses purchased for the Cavalry shall be received for the Service under examination by Committees of Officers; and it shall be the duty of such Committees to cause each Horse passed by them as fit for the Service in conformity to the foregoing regulations, to be branded in their presence, on the near haunch with the Company's stamp, and the year of admission into the Service; when the Horses are trooped the Commanding Officer of the Regiment will cause the Horse to be marked on the off haunch with the letter of the troop and the number the Horse bears in the troop. These marks are never to be allowed to be obliterated and when Horses are cast, they are, previously to being sent from the Corps for sale, to be fired on the right shoulder, with the letter C, so deep as not to be likely to grow out, with an iron edged as a firing iron.

G. O. BY THE COMMANDER IN CHIEF.

With reference to the 10th Paragraph 1st Section of the Commissariat Regulations, Officers Commanding at the different Stations of the Army will assemble Committees, for the survey of the Grain and Provision departments at their several Stations. The proceedings of such Committees are to be completed on the 30th of April, and to be prepared in duplicate, one set of which is to be forwarded *direct* to the Commissary General at *Fort St. George* and the other to the Officer of the Commissariat attached to the Division in which the Committee is held.

His Excellency the Commander in Chief having observed in his late Tour through the Stations of the Army, that duty was not equally allotted, but in many instances fell heavily on the smaller Detachments at out stations from the Head Quarters of Divisions, which from their limited strength are most liable to suffer in efficiency from any unusual fatigue, and which from their weakness, and the importance of the charge generally entrusted to them, it is most essential to maintain complete; he is pleased to order

That

That it be considered a general rule of the Service, that not above one-third of the effective part of any body of Troops be put on duty at the same time, unless in the field, or under such extraordinary circumstances as may render the employment of a larger proportion necessary—a necessity which ought rarely to occur in peace, and at the usual Stations of the Army.

His Excellency further directs, that at all Stations and with all Detachments when above a third of the effective Troops may now be required for the duties to be performed, a report of the circumstance be made by the Officer Commanding on the spot, to the Officer Commanding the Division, accompanied by a detail of the manner in which the Troops are employed, and an opinion of the necessity of the Guards, &c. furnished, also of any practicable and safe reduction in their strength.

On receiving these reports, Officers Commanding Divisions will adopt the measures necessary to equalize, on the principle adverted to, the duty at the different Stations and with the different Detachments, under their authority; applying to Head Quarters for such sanction as may be necessary in ordering the reduction in the strength of Guards, &c. and the movements of Troops, which will probably become requisite in carrying this measure into effect.

The Commander in Chief, is pleased to direct that Officers Commanding Divisions, Garrisons, Cantonments, and Stations, shall on application being made to them by the Officers of the Commissariat, assemble Committees of Officers qualified for the duty, to examine all Horses produced as fit for the Cavalry Service. Horses passed by these Committees as being fit for the Cavalry duty, are to be reported to the Adjutant General of the Army, who will issue orders for their distribution.

The Committees will be guided in the form of their proceedings by the Code of Regulations, Section 6, Page 77, and by the G. O. by Government of the 24th ultimo.

The Deputy Adjutant General of the Army, the Officer Commanding the Honorable the Governor's Body Guard and the Senior Officer of the Horse Artillery at the *Mount*, are appointed a permanent Committee for examining Horses offered for the Service by the Commissary General at the Presidency.

Lieutenant Colonel Hamilton of the 15th Regiment Native Infantry, is to be relieved by a Field Officer from the Garrison of *Fort St. George* as a Member of the General Court Martial ordered to assemble in that Garrison on the 6th Instant.

Captain

Captain Harris of the 4th Native Infantry, to relieve Lieutenant Mackenzie of the 1st Battalion 18th Regiment, as President of the Clothing Committee; and Lieutenant Hine of the 1st Battalion 12th Regiment, to relieve Lieutenant M'Cormick.

A General Court Martial for the trial of all such Prisoners as may be brought before it, is to assemble at *Masulipatam*, on Friday the 15th day of May next ensuing, and to be composed as follows.

GENERAL ORDERS.

Lieutenant General Sir Samuel Auchmuty has been pleased to direct the following Orders from the Adjutant General of His Majesty's Forces, to be published for the information of the Army, serving under this Presidency.

Horse Guards, 5th July 1811.

GENERAL ORDERS.

In consequence of the operation of the act for allowing the mutual interchange of the British and Irish Militias, His Royal Highness the Commander in Chief is pleased to direct, that the Commanding Officers of Regiments shall be particularly attentive, that no Soldier professing the Roman Catholic Religion, shall be subject to any punishment for not attending the Divine Worship of the Church of *England*, and that every such Soldier shall be at full liberty to attend the worship of Almighty God according to the forms prescribed by his Religion, when Military duty does not interfere.

By Command of His Royal Highness the Commander in Chief.

(Signed) HARRY CALVERT,
Adjutant General.

Horse Guards, 20th July 1811.

GENERAL ORDERS.

His Royal Highness the Prince Regent, in the name and on the behalf of His Majesty, has been pleased to direct, that Soldiers

Soldiers shall not be discharged from the Army except in consequence

1st—Of having fulfilled the term of their engagements.

2d—Of having become unfit for Service, or

3d—Of having, by permission, provided Substitutes.

In cases of the last mentioned description, the following Regulations have been established, which it is His Royal Highness the Commander in Chief's command shall be strictly adhered to in future.

1st.—Commanding Officers of Corps (by whom only applications must be made through the Adjutant General for the discharge of Soldiers) are to be particularly diligent and circumspect in the first place, in ascertaining the grounds on which such applications are founded, and are to detail the same for the Commander in Chief's consideration, who will thereby be enabled to decide whether, and on what terms, the indulgence is to be granted. These reports are invariably to include a statement of the Man's age and services, and the character he has maintained in the Regiment, in addition to the other circumstances on which he may rest his claim to indulgence.

2d.—Commanding Officers are in no instance to sanction or encourage any steps being taken to procure Substitutes, until the Commander in Chief's pleasure shall have been regularly notified.

3d.—The Substitutes are in every case to be provided solely by the friends of the party applying for his discharge, and no interference whatever on the part of the Regiment, either by means of the Recruiting Parties, or otherwise, is to be permitted; if any such agency be discovered to have taken place, the parties concerned will be punished, and the Commander in Chief's sanction for the discharge will be withdrawn.

4th.—No Soldier is to receive a furlough on the plea of assisting to provide Substitutes for himself, or on any other account connected with his discharge, nor is he to quit the quarters of his Regiment until his Substitutes have been finally accepted; the Substitutes must be provided with as little delay as possible, and if they shall not have joined the Regiment within six months from the date of the Commander in Chief's authority, it is to be considered as cancelled, which must also invariably be the case if the Corps in the mean time should be ordered on service.

5th.—Substitutes are not to be received above twenty-five years of age, or under the regulated standard, nor is any man to be deemed eligible who has been previously in the service;

vice; they are to be brought to the Head Quarters of the Regiment entirely at the expense of the Soldier or his friends, and are to remain there one month before they are finally accepted as Substitutes,—they will, however, be subsisted from the dates of their attestations, which are always to take place at Head Quarters; every Soldier, previous to his discharge, is to lodge in the hands of his Commanding Officer a certificate from his Substitutes, that they have no unsettled claim on him or the Regiment, and the Commanding Officer is to satisfy himself, that the Substitutes are either fully equipt with necessaries, or that a proportion of their bounty adequate to that purpose, is deposited with the Captain or Officer Commanding the troop or company to which he may be attached.

6th.—Commanding Officers are required to be very strict in enforcing the due execution of these instructions, and to be particularly careful in causing them to be fully and minutely explained to the men under their orders, so that there may be no plea for deviations or irregularities in consequence of ignorance or misconception, and that each individual applying for his discharge may fully comprehend the risk and responsibility he thereby takes upon himself.

7th.—To prevent an unnecessary multiplicity of correspondence, applications of this nature from Commanding Officers are to be confined to stated periods, and are to be made only on the first day of each month.

8th.—The names of such men as are discharged under the conditions of this order, and the names of the Substitutes provided by them, are to be inserted in the proper column, on the back of the Monthly Return, together with the date of the Commander in Chief's sanction.

By Command of His Royal Highness the Commander in Chief.

Adjutant General.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council has been pleased to suspend Captain Charles Stuart of the 21st Regiment of Native Infantry, from the Honorable Company's Service, until the pleasure of the Honorable the Court of Directors shall be known.

From the satisfactory report made by His Excellency the Commander in Chief of the state of the several Divisions of the Army, personally inspected by him, the Governor in Council had reason to believe, that every trace of the late events had been obliterated, and that any recurrence to that calamitous period, would have been unnecessary. The obstinacy of Captain Stuart has disappointed his expectation, and he is under the painful necessity of removing him from all Military Authority.

From the report, and official letters, submitted to Government by the Commander in Chief, it appears, that the Officers of the 1st Battalion of the 21st Regiment, on their arrival at *Jaulna*, were invited to dine with Colonel Conran, who Commanded at that Station. This mark of attention was refused by several of them, and Captain Stuart who was not only the senior in rank, but the first in ability and influence of those who declined the invitation, in the course of a subsequent enquiry, expressly declared his intention of refusing every invitation of a similar nature from Colonel Conran. A declaration so decidedly insulting, and contemptuous to his Commanding Officer, so subversive of every principle of subordination and respect, and so pointedly connected with measures that threatened to dissolve the Government, and dismember the empire, could not be permitted, with impunity, and Captain Stuart was ordered to quit his Regiment, and proceed to the Presidency.

It was to be expected, that on cool reflection, Captain Stuart

Stuart would perceive the dangerous tendency of such principles, which in their consequences might interrupt the harmony, impair the discipline, and weaken the obedience, of the Army. It was to be hoped, that a regard for his own honor, for the credit of his profession, and for his future prospects in life, would have induced him to retrace his steps, and to abandon those pernicious sentiments, that were leading him to ruin. With a view to give sufficient time for reflection, the decision respecting his conduct, was deferred, until the return of His Excellency the Commander in Chief from foreign service.

Shortly subsequent to the Commander in Chief's arrival at *Cannanore*, His Excellency desirous of avoiding the painful necessity to which he has since been reduced, embraced a favorable opportunity that was afforded him, of permitting a friendly communication to be addressed to Captain Stuart, detailing his sentiments, with respect to that Officer's conduct; and recommending him, for his own sake, as well as for the general good, to adopt a different course of procedure. This endeavour unfortunately proved ineffectual, and His Excellency was obliged to have recourse to the only measure which was left for the purpose of obtaining Captain Stuart's final determination on a point which so deeply involved his own interests, and those of society.

A letter was addressed to that Officer, by the Adjutant General of the Army, in which the sentiments of the Commander in Chief were fully expressed. In that communication, Captain Stuart, was informed, that His Excellency considered the general invitation, by Colonel Conran to the Officers of the Battalion, not only as a compliment to them in his public capacity, but as intended to efface from their recollection, any impression, unfavourable to that mutual confidence, which he wished all ranks to feel towards each other, and to which the unfortunate events of a former period, might have given rise; such, the Adjutant General stated, was the fair, and liberal construction, which ought to have been put on Colonel Conran's civility; and that Officer had an undoubted right to expect a different result, from men, who had accepted the conditions of the Amnesty granted to them in September 1809, by the Right Honorable the Governor General. On Military principles too, abstracted from the above considerations, the Commander in Chief pointed out the disrespect, which a refusal to dine, on such an occasion, with the Commandant, evinced towards his situation.

The

The inevitable consequences of a perseverance in a line of conduct so subversive of all order, were endeavoured to be impressed on Captain Stuart's most serious reflection. The sacred obligation, imposed by the Amnesty, on every individual who accepted its conditions, was recurred to, and the variation from their spirit, which Captain Stuart's recent demeanour indicated, was contrasted with the honorable, and praise-worthy example of subordination, and obedience, which now so eminently marks the conduct of the rest of the Army.

On these arguments, which to the Commander in Chief, appeared unanswerable, the Adjutant General founded the necessity of Captain Stuart's yielding all feelings of a private nature, to a sense of public obligation, of his acknowledging his error to Colonel Conran, and of conforming, in every respect to those habits of true subordination, which are essential to the existence of a good Army. He was told, that a compliance with these stipulations would be honorable to himself, advantageous to the Army, and grateful to the feelings of the Commander in Chief; but, if a contrary line of conduct should, unhappily, continue to be adhered to, he was apprized, that His Excellency would, in that event, find it indispensably necessary to recommend to Government such decisive measures, as his duty demanded of him.

In reply to the letter, which contained these observations, Captain Stuart transmitted to the Adjutant General a communication, in which he expressed his sincere and ardent desire, to shew every known, and defined, mark of respect to his superiors, which any ascertained and established principle prescribed; he professed that he had always done so; he solemnly promised, to continue to conform to the obligations of a Soldier's duty, in yielding obedience, respect, and submission, to all Officers placed in authority over him. But he qualified these declarations, by the denial, that any obligation, Religious, Moral, Political, or Military, existed within his personal knowledge, which could prescribe the necessity of the acceptance of Colonel Conran's invitation: and this declaration he founded, on an overstrained interpretation of an Order, published by that distinguished Character, the late Marquis Cornwallis, which states, that Officers have a right to choose their private society, but which was never meant to extend to cases like the present, of which the consequences tended to hold up a Commanding Officer, as a person unfit, or unworthy, to be associated with by his subordinates.

After the full exposition of the Commander in Chief's sentiments,

sentiments, which Captain Stuart had received, and to which his reply was, in itself, not merely disrespectful, but in substance, a refusal of the conditions, which His Excellency had offered to his acceptance, no alternative was left consistent with his situation, and with the obligations of his duty, but that of recommending to Government the measure of which the Honorable the Court of Directors, in the 31st Paragraph of their General Letter to this Government dated the 5th July 1811, and published to the Army on the 1st of February 1812, direct the adoption, in regard to every Officer who may be hereafter guilty of entering into combinations or pledges, to exclude from society, any person, for instances of attachment to the cause of Loyalty and Government.

By order of the Honorable the Governor in Council.

FORT ST. GEORGE, 24th April 1812.

G. O. BY GOVERNMENT.

Considerable inconvenience to the public service having occasionally arisen, from unnecessary delay on the part of Officers Commanding Detachments, in furnishing the prescribed receipts

receipts and certificates for hired followers and equipments, the Honorable the Governor in Council is pleased to direct, that the first of these documents shall invariably be given on the back of the indent immediately on the supply being made, and that the certificates of the time during which the followers and equipments may have been employed on the public service, shall be furnished in duplicate, as soon as may be practicable after a Corps or Detachment, has arrived at the place of its destination; the original being forwarded to the Commissariat Officer who made the supply, and the duplicate delivered to the Maistry or principal follower of each description of equipment. Any delay on the part of the Officer, whose duty it is to grant the certificates, will subject him to be held responsible for the amount of the extra batta, which will become due to the followers and equipments, in consequence of such unnecessary detention.

The Honorable the Governor in Council is also pleased to direct, that in all cases where hired followers and equipments may be employed for a period exceeding one month; monthly certificates shall be invariably forwarded on the 1st day of each month, by the Officer in charge of them, to the Commissariat or other Officer by whom the supply was made. In all cases where hired cattle and followers are entertained at one Station for the purpose of taking up equipments there, for the use of a Detachment which may be under orders to march from another Station, the receipt on the back of the indent will be given by the person in charge of the camp equipage so taken up; and the Quarter Master of Brigade of the Division will grant a certificate from the date of that receipt, up to the day when the camp equipage, as well as the cattle, and followers may be delivered to the Officer Commanding the Detachment; whose duty it will thereafter be, to grant the usual certificate for the time that the cattle and followers were under his orders.

When hired cattle and followers are employed in the transportation of camp equipage or stores, without a European Officer, it becomes necessary that the receipt for the supply should be signed by the Officer dispatching, and the certificate for the time of employment, by the Officer receiving the camp equipage or stores.

A form of an indent, receipt and certificate is annexed for general information, and is directed to be invariably observed in future.

And, as it appears not to have been universally understood, that the Commissariat can only pay and charge the hire of such

such followers and equipments as may be actually and bonâ fide entertained, and provided by that department, the Honorable the Governor in Council deems it necessary to direct, that it may be fully understood, that the Officers of the Commissariat are strictly and positively prohibited from disbursing money in lieu of supplies, on any account or under any pretext whatever, and that they are held responsible, that no deviation from this order shall occur, either in those branches of the department, immediately under their own management, or under that of Native Servants, in detached situations.

As the Native Servants at subordinate out-stations cannot be supposed to be so well acquainted with the regulations, as the Officers who may have occasion to present emergent indents; and as the public service might suffer by delay, if these indents were to be previously referred for examination, the Governor in Council directs, that these indents countersigned by the Officer Commanding the Station, shall be immediately complied with on the spot; it being clearly understood that the Indenting Officer and collaterally the Commanding Officer, will in such cases be responsible for the expense of any unauthorized equipments, supplied on their requisition.

It is also directed, to be considered, as an invariable rule, that duplicate of every emergent indent for the equipment of troops, connected with the camp equipage department and the carriage of sick shall be immediately dispatched to the Officer of the Quarter Master General's department in the Division; and that duplicates of all emergent indents for Military stores, and carriage for the conveyance of Military stores, shall in like manner be sent to the Secretary of the Military Board; the Indenting Officer, and the Officer who countersigned the indent being held jointly responsible for the correctness of these indents, until duly passed by the Quarter Master General, or by order of the Military Board.

The Honorable the Governor in Council is pleased to publish, for the information of the Army, the following extracts of general letters from the Honorable the Court of Directors, received by His Majesty's Ship Africaine.

Letter dated the 16th October 1811.

Para. 4.—" Lieutenant Colonel Thomas Burrowes of your " establishment, has obtained our permission to retire from " the Company's service from the 2d instant."

Letter dated the 30th October 1811.

Para. 7.—" Lieutenant Colonel John Norris of your " establishment obtained our permission, on the 2d instant, " to retire from the Company's service from the 25th ult."

Para. 8.—" Mr. Richard Cozens a Lieutenant on your " establishment has taken the earliest opportunity after his " arrival in this country to represent to us, that he was for " a considerable time afflicted with epileptic fits in *India*, " and that he was induced in one of the attacks of the " disorder and when almost unconscious of the step he was " taking, to resign the service and return to *England*, not " entertaining a doubt that, should he recover his health, he " would of course be permitted to return to the service; in " which he now finds he was mistaken, and has entreated our " permission to return, as his health is restored."

9.—" We have referred to your proceedings of the 3d " August 1810, which seem to us to be perfectly conformable " to this representation, and being of opinion, that, if Mr. " Cozens had applied for a furlough under a sick certificate " for ill health, he would have obtained it, we have no " doubt but that his relinquishment of the service, has, as " he states it, entirely arisen from want of discretion, and " from his not being apprized of the consequences of such a " step, and as he seems sensible of his error; and his perfect " restoration to health, has been certified to us; we have " resolved not to confirm Mr. Cozens' resignation, but to " permit him to return to the *Fort St. George* Military " Establishment without prejudice to his rank."

The Governor in Council is also pleased to publish the following copy of a paragraph, which will be inserted in the next general letter to *Fort St. George* dated the 1st November last.

" We

" We have appointed Mr. George Gahagan now at your " Presidency, a Cadet for the Infantry on your establish- " ment, provided you shall be satisfied that he is not the son " of a Native Indian; that his age is not under sixteen, or " above twenty-two years, and that he is unexceptionable in " every other respect; his order of rank will be transmitted " you at a future opportunity."

GENERAL ORDERS.

Lieutenant General Sir Samuel Auchmuty has been pleased to direct, the following Orders from the Adjutant General of

of His Majesty's Forces, to be published for the information of the Army, serving under this Presidency.

HORSE GUARDS, 16*th September* 1811.

GENERAL ORDERS.

The Commander in Chief has observed with much regret, that a practice prevails in the Army, of recommending Officers, who have by their misconduct rendered themselves obnoxious in the Regiments to which they belong, to be removed by Exchange to other Corps.

A moment's consideration must convince Commanding Officers, that when Officers may be deemed unfit to serve in any particular Corps, they must be equally unfit to serve in any other of His Majesty's Regiments, and that on these occasions, through a misplaced lenity towards an undeserving individual, they are in fact doing a manifest injury to the service at large.

In order to put a stop to this practice, by which improper characters are, in some cases, not only screened from justice, but retained in the Army, to the prejudice of discipline, and to the disgrace of the Military profession, His Royal Highness commands, that with every paper recommending an Exchange, a certificate shall be forwarded by the Colonel or Commanding Officer, to the following effect:—

"I, A. B. Colonel, Lieutenant Colonel, Major, or Captain "Commanding the ——— Regiment, do hereby certify "upon my word and honor as an Officer and a Gentleman, "that the Exchange recommended in the papers now "accompanying this certificate, does not originate in any "Regimental proceeding of any kind, or in any cause affecting the honor and character of ——— nor are "there any grounds of personal objection to the individual, "of which I am aware, that have in the smallest degree "induced an application for such Exchange."

No recommendation for an Exchange will hereafter be attended to, unless accompanied by a certificate according to the above form, addressed to the Commander in Chief, through his Military Secretary.

By Command of His Royal Highness the Commander in Chief.

(Signed) HARRY CALVERT, *Adjt. Gen.*

HORSE GUARDS, 8*th October* 1811.

GENERAL ORDERS.

His Royal Highness the Prince Regent, in the name and on the behalf of His Majesty, has been pleased to command that the

the clothing of the Trumpeters and Buglers of Regiments, shall in future be of the same colour as that worn by the Serjeants of the Regiment, and that the Trumpeters and Buglers shall be distinguished from the Serjeants by the Lace.

The Honorable the Governor in Council is pleased to direct, that Officers in command of Divisions of the Army, or in charge of Forts under this Presidency, shall not permit private buildings of any description to be erected within the walls of Forts, until they shall have obtained the sanction of Government, through the Military Board; and all Officers, or other persons, in submitting applications for this purpose, will be particularly careful to explain the extent, and site of the ground, and whether it be the property of the public, or of individuals. GENERAL ORDERS.

The General Orders of the 27th February 1808, having in a variety of instances been partially complied with by Officers Commanding His Majesty's Regiments on this establishment, when transmitting recommendations for promotions by purchase or otherwise, Lieutenant General Sir Samuel Auchmuty is pleased to direct that the said order be republished for general information and to notify his intention not to transmit in future for the Commander in Chief's consideration any recommendation which may be sent unaccompanied by the requisite certificates, and in other respects strictly conformable to the clear and distinct instructions contained in that General Order.

" HEAD QUARTERS : CALCUTTA, *27th February* 1808.

GENERAL ORDERS.

" To obviate the serious inconvenience which has been heretofore too frequently experienced by Officers selling their Commissions on retiring from the service, or on Promotion, as well as by the purchasers when their promotion has not been confirmed by His Majesty. His Excellency the Commander in Chief is pleased to direct that the following rules and regulations be henceforth rigidly observed in the sale and purchase of Commissions in His Majesty's Regiments serving in the *East Indies*.

" 1st.—The most strict attention shall be paid by Commanding Officers of Corps to enforce His Majesty's regulations

regulations in respect to the price prescribed for the respective ranks of Officers in his Regiments on promotion or exchange.

" 2d.—No applications for promotion (with or without purchase) or exchanges will be attended to, which do not pass through the regular channels supported by the usual certificates from the parties concerned and their respective Commanding Officers.

3d.—Officers applying to purchase, or exchange from Infantry to Cavalry service, shall deposit the amount of the purchase money, or of the difference between the two services, with the Paymaster of the Corps, or some respectable Agent, and shall forward his or their certificate of being in possession thereof, and of its being forthcoming with the interest which may have accrued thereon when His Majesty's confirmation of the promotion or exchange shall be notified in General Orders.—This certificate is to bear the signature of the Officer, in command of the Corps, signifying his belief that the Agent is a person of sufficient responsibility for the fulfilment of his engagement,—it being nevertheless clearly understood, that, until the money be paid, the purchaser is to be answerable for the amount the same as if it had been lodged with the Agents of the Regiment.

" 4th.—When Officers succeed by purchase to the Commissions of Officers retired from the service, or promoted in Corps not serving in *India*, the purchase money (with interest from the day of promotion to the day of remittance) is to be remitted by the very first opportunity to the Agents of the Regiment, and a certificate of the nature of the remittance and the conveyance is to be transmitted by the Regimental Paymaster thro' the Commanding Officers of Corps to the Agents, and duplicate thereof thro' the regular channel to the Military Secretary of His Excellency the Commander in Chief,—Commanding Officers stating on such certificate their belief of the correctness of its contents.

" 5th.—When an Officer is recommended for promotion with or without purchase, his length of service in the Army and the ranks purchased by him, are to be invariably notified to Head Quarters, as well as the name of the Officer entitled to the purchase money when the Commission is on sale.

" 6th.—When an Officer is recommended for promotion with or without purchase, who is not the senior of his rank, the reason of such recommendation is to be particularly explained.

" 7th.—No Gentleman is to be recommended for a Commission, with or without purchase, without reporting his age,

ege, address, and that he is not a half cast or person of colour."

6th.—For disrespect to me his immediate Commandant, at a field day of the Corps, on, or about, the morning of the 6th instant, and when reproved of tardiness, and failure in the formality of saluting me, making use of expressions, and manners, at once gross, insulting and insubordinate.

BY ORDER.
(Signed) W. KELSO,
Major Brigade G. A. Force.

SENTENCE.—The Court having attentively considered what has been advanced in support of the Prosecution, as well as what the Prisoner has urged in his defence, is of opinion that the Prisoner Lieutenant Bell 2d Battalion 10th Regiment Native Infantry is guilty in part of the charge, viz. "For conduct unbecoming an Officer in "beating Iapah Sepoy in the Grenadier Company 1st "Battalion 19th Regiment Native Infantry on the even- "ing of the 10th April 1812, while the said Sepoy was "dressed in his uniform and on duty" but acquits him of that part of the charge which accuses him of having *severely* beaten Iapah Sepoy of the Grenadier Company 1st Battalion 19th Regiment Native Infantry.

The Court having found the Prisoner guilty in part of the charge alleged against him, and which being in breach of the articles of war, and subversive of good order and military discipline, it doth therefore sentence him Lieutenant Bell 2d Battalion 10th Regiment Native Infantry to be reprimanded in such a manner as His Excellency

Excellency the Commander in Chief may deem proper.

I APPROVE AND CONFIRM.

(Signed) S. AUCHMUTY, *Lieutenant General.*

The Commander in Chief having approved and confirmed the above sentence, directs that Lieutenant Colonel Ogg will in presence of the Officers of the 2d Battalion 10th Regiment and 1st Battalion 19th Regiment read the following Reprimand to Lieutenant Bell, who is then to be released from arrest.

REPRIMAND.

LIEUTENANT BELL,

You have been found guilty of very un-officer-like conduct in striking a Soldier, which your duty to the Service, your feelings towards a brave man whose profession would seem to forbid so ignominious an act ought to have restrained you, and the Commander in Chief views with great displeasure both the act and the motive—your future conduct His Excellency hopes will be more guarded, and that with reference to your own feelings, you will learn to appreciate those of every other Soldier, even those serving in the ranks, and that you will remember, that their valour, their pride and fidelity to thier King and country can only be maintained by preserving with unblemished purity, the principles that dictate those virtues which enable their Officers to reap honours and distinctions at their head.

It is the duty of every Officer to keep in mind, that discipline and subordination is to be maintained without severity, that the faults of Soldiers more frequently arise from relaxation of discipline than from bad disposition; the remedy therefore is not severity, it rests with the Officers, whose characters are to be traced by the state of their Corps and Companies.

The Commander in Chief takes this opportunity of directing, that the use of Rattans at Drill may be abolished, and that no Officer or Non-Commissioned Officer is ever, on pain of being tried *for disobedience of orders*, to strike or cause any Soldier to be struck without the previous sentence of a Court Martial.

The following Officers have obtained leave of absence from their Corps and Stations.
