The Commander in Chief at the recommendation of the Court and in consideration of the Prisoner's youth and inexperience is pleased to remit the punishment so justly awarded to Lieutenant Harkness of the 2d Battalion 13th Regiment.

To the force of bad example, influencing the mind of an insubordinate and inexperienced young Soldier, Lieutenant Harkness has to attribute the disgrace of the crimes which have been so fully proved against him but the Commander in Chief hopes, that the lenity now shewn him, at the recommendation of the Court, will have its full weight, and that Lieutenant Harkness will hereafter be guided in his conduct, by the strictest principles of subordination and respect for authority.

I CONFIRM.

(Signed) S. AUCHMUTY,
Lieutenant General.

The Commander in Chief has confirmed, but cannot approve the sentence awarded to Jemadar Ramah Sammy of the 2d Battalion 22d Regiment. The evidence is the most direct that could be required to establish the Prisoner's guilt, and it is only the absence of a part of the Members of the Court which prevents the Commander in Chief from ordering the proceedings to be revised.

Jemadar Ramah Sammy is to be released from his arrest, and the Commander in Chief directs, that the Commanding Officer of the 2d Battalion 22d Regiment will warn him, that unless his conduct is in future more correct, and becoming the character of a Commissioned Officer, he will soon forfeit the commission, he has already disgraced.

147 & 148 *On the employment of General Officers not on the Staff and the batta allowed them.*

29. Upon the subject of these paragraphs we have to observe, that our orders to which they are a reply, appear to have been misconstrued, for it was not our intention that the directions contained in our letter of the 20th April 1803, by which General Officers not on the Staff, or employed on other service, were restricted from receiving batta should be rescinded, this however is evidently the effect of your resolution, communicated in the 148th paragraph—and it must be obvious on the smallest attention to the 345th para. of our letter of the 30th July 1806, that altho', we explained the grounds upon which we had been induced to determine, that Officers when promoted to the rank of Major General should discontinue the exercise of regimental duties, we did not mean to make any alteration in that determination, you will therefore on receipt of this letter shape your proceedings in conformity to the present observations.

Letter

Letter dated 17th of January 1810.

56. *Major General Waddington whilst unemployed, allowed the full batta of his rank, subject to Court's confirmation.*

139. The Government of *Fort St. George* on whose example you have acted in this case have misunderstood our orders on the subject of allowing batta to General Officers not employed. We have in our dispatches to that Government, signified our resolution, that no batta be allowed to any General Officer not employed, and we direct this regulation to be strictly observed at your Presidency also.

In obedience to the foregoing orders of the Honorable Court, General Officers under this Presidency, when not employed, will cease to draw batta from the 1st of October next.

By order of the Honorable the Governor in Council.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to direct, that the following Regulations regarding the Commands, to which they respectively refer, shall take effect, on and from, the 1st of October next.

On the appointment of an Officer to the Government Command of *Travancore*, if proceeding with Troops towards the Head Quarters, and if Senior to his Predecessor, he shall be entitled to assume the functions of the Command, and to draw the allowances annexed to it, from the date of his entrance within the defined limits of the *Travancore* Country.

Should, on the contrary the relieved Officer be the Senior, and if, on the arrival of his intended Successor at the Head Quarters, he be instructed to retire from *Travancore*, at the head of a Battalion, or of other Troops, he shall in such case, be entitled to retain the Command, and to receive its established allowances until the date of his actual departure from the District.—In either event, it will of course be understood, that the Officer exercising the Command, shall alone be entitled to receive the allowances. The existing Regulations of the service on this head, will continue to obtain, in the cases of Officers proceeding *alone* to assume the Command of *Travancore*.

The

The Governor in Council is also pleased to extend the operation of this principle, to the Government Command of *Malabar* and *Kanara*.

The Honorable the Governor in Council has further resolved that a similar rule shall be observed, with respect to the Command of the *Hyderabad* Subsidiary Force, limiting however the assumption of that Command by the succeeding Officer (if Senior and situated as described above) to the date of his arrival at *Secunderabad*, or *Jaulnah*, according to the circumstances of his march, or to that of his taking personal Command of any Detachment of the Subsidiary Force of strength proportionate to his rank, within the Dominions of His Highness the Nizam.

On the approaching relief of the preceding Commandant (if Senior, and under the circumstances particularized above) he shall, on similar principles, be permitted to retain the Command, until the date of his actual departure from *Jaulnah*, or *Secunderabad*, or of his resignation of the Command of any proportionate Detachment of the Force; within the Nizam's Territories.

The Honorable the Governor in Council is also pleased to direct, that in all cases when Officers, specially appointed to Government Commands, may be detached from their Stations *on public duty*, they shall nevertheless be authorized during their absence to receive the established salaries of their Commands, inclusive of the Table, or Brigadier's, allowances, which the existing Regulations would enable them to draw in the event of their remaining at their Station.

The allowance, however, which may be established for the performance of the duty, on which they may be detached will not be drawn during the period of such detachment, unless it may be greater than that of their Commands, in which case the superior allowance will be authorized.

The next Senior Officer will, at the same time, be permitted to receive the superior batta of his rank, during the temporary absence of the Commandant, but he will communicate with the latter, on all points of duty, and receive his orders in every case, where the delay may not be likely to prove injurious to the public service.

By order of the Honorable the Governor in Council.

Lieutenant General.

At the recommendation of the Court supported by that of the Prisoner's Commanding Officer Major Greenhill, the Commander in Chief remits the sentence passed upon Lieutenant Thomas Higgins 2d Battalion 17th Regiment N. I.

The Commander in Chief in yielding this ready compliance, which he considers due to the wishes of such a Court and to the Commanding Officer of a Corps, founded on the favourable character the Prisoner bears for attention to his duty, would with greater pleasure have extended his limits to Lieutenant Higgins had there been more reason to hope, that his intemperance were not habitual. The present serious charges and the result of the Court's deliberation will it is hoped, promote that reformation, which the Commander in Chief is anxious to accomplish, without having recourse to measures, which must result from any future irregularity, on the part of the Prisoner.

HEAD QUARTERS : CHOULTRY PLAIN, 10*th October* 1812.

G. O. BY THE COMMANDER IN CHIEF.

The return of the Detachment of His Majesty's 89th Regiment from *Java*, affords His Excellency the Commander in Chief an opportunity, which he gladly embraces, of assuring them, that their conduct since their separation from the Head Quarters of the Regiment has been highly creditable to themselves as Soldiers : has conferred honor on that excellent and distinguished Corps of which they form a part, and holds out to the Army at large, an example of zeal, gallantry and subordination that has never been surpassed.

The behaviour of the Detachment under Major Butler, during the operations which ended in the capture of *Java*, tho' eminently conspicuous, has been already noticed, and the Commander in Chief should not have thought it necessary to repeat his thanks for their services on that occasion. The Detachment of His Majesty's 22d Dragoons, the 69th Regiment, and the Detachment of Pioneers on their return to the Coast would equally with them require his warm and grateful acknowledgments. It is their uniform good behaviour in several trying situations since that event when commanded by Major Trench, that now induces His Excellency to notice them in this public manner, and to direct, that the General Orders by the Honorable the Lieutenant Governor of *Java* and by Major General Gillespie Commanding the Forces, on the occasion of their departure from that Island, may be published to the Army under this Presidency.

" GENERAL

" GENERAL ORDERS.

" *By the Honorable the Lieutenant Governor in Council.*

" BATAVIA, *August* 15, 1812.

" On the departure of the Detachment of His Majesty's " 89th Regiment, the Lieutenant Governor in Council has " much satisfaction in bearing testimony of the high sense " which he entertains, of the meritorious services of that " distinguished Corps; and although, its gallantry has been " already most honorably recorded on the memorable " conquest of this Island, the Lieutenant Governor considers " it still incumbent on him, to communicate to the Supreme " Government, and Government of *Fort St. George*, the " sentiments of approbation entertained by this Government, " and his satisfaction on the honorable and successful ter- " mination of the service, on which the Detachment was " ordered from the latter Presidency."

" *By order of the Honorable the Lieutenant Governor* " *in Council.*

(Signed) T. O. TRAVERS,

Asst. Sec. to Govt. Mil. Dept.

GENERAL ORDERS.

" *By the Commander of the Forces.*

" WELTEVREEDEN, 21*st August* 1812.

" The Detachment of His Majesty's 89th Regiment, under " the command of Major Trench, being on the eve of " embarkation, to join the Head Quarters of their Corps " at *Madras*, the Commander of the Forces cannot permit " their departure, without marking his regret, at losing the " services of a body of men, who have on all occasions so " eminently distinguished themselves."

" Boldness conspicuous, prompt and ardent desire to " meet the Enemy when an opportunity offered, have " marked the character of this Detachment since it first trod " on the shores *of Java*, under the command of Major " Butler."

" His Excellency Sir Samuel Auchmuty placed them in the " advance of the Army under the command of Colonel Gil- " lespie and during the late service marked their gallantry,— " having such dignified and high authority to support him, " Major General Gillespie can with more confidence contri- " bute his humble mite of applause, and on the present occa- " sion has the satisfaction to express to Major Trench, the " Officers, non-commissioned Officers and Privates, his " grateful sense of their former, as well as subsequent soldier- " like conduct."

" *Praise*

" *Praise is often unthinkingly lavished* when it is not " perhaps *strictly deserved*—On the present occasion it is " *distinctly pure*, and *deservedly* A Tribute to a Corps, from " an Officer who has often seen it, to face death with " intrepidity, and cheerfulness; and maintain the honor of " their beloved King and Country, at the point of the " bayonet."

Major Edwards of His Majesty's 80th Regiment, is appointed a Member of the General Court Martial ordered to be assembled at *Cananore* on the 2d proximo, in the room of Lieutenant Colonel White relieved from that duty.

Lieutenant Colonel Welsh (late promotion) is posted to the 3d Native Regiment, and 1st Battalion.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council being desirous of affording every encouragement, to the Junior Officers of the Military and Medical Services under this Presidency to study the Hindoostanee Language, has been pleased to resolve, that they shall be furnished with Books from the Board of Superintendence for the College of *Fort St. George*, under the following regulations.

1st. All Officers, who may be resolved to study the Hindoostanee Language, with a view to obtain the honorary reward held out to the Army by the G. O. of the 9th October 1810, shall notify to the Officer Commanding the Regiment in which they may be serving, their intention to apply themselves to that purpose, stating at the same time, whether they have made any, and what, progress in the acquirement of the Language. This communication will be forwarded to the Adjutant General of the Army, by whom it will be submitted to His Excellency the Commander in Chief, who will determine how far it may be advisable to comply with the several applications.

2d. Under

2d. Under the authority of His Excellency, the Adjutant General will transmit to the Board of Superintendence, a list of the Officers, with a statement of the progress which they may each have reported to have made in the study of the language, and that Board will decide, what Books shall be furnished to those Officers respectively.

3d. The Secretary of the Board will send to the Adjutant General, a list of the Books which may be considered requisite for each Student, and the Adjutant General is authorized to forward them to the Head Quarters of the Corps, addressed to the Officer Commanding; by whom a receipt will be transmitted to the Adjutant General, for the purpose of being lodged with the Board of Superintendence: This receipt will specify the state in which the Books are, when received, and with a view to ensure a proper attention being paid to their preservation, it is to be understood that if they are lost, or damaged, otherwise, than what may reasonably be expected from their being made use of, the person in whose possession they may have been, will be liable to refund the whole amount value as borne on the Books of the College.

4th. As the detention of the Books beyond a reasonable period might be attended with inconvenience, Officers Commanding will report, quarterly, for the information of the Commander in Chief the degree of progress which each Student may have made, and also, whether it be the intention of the Students to persevere in the acquirement of the Language. On these reports, it will be determined, whether the Books shall be returned to the College, or the Student be permitted to retain them for a longer period.

5th. All Officers who may obtain Books in the manner above laid down, and who may arrive at the Presidency on furlough, or otherwise previously to the conclusion of their studies shall report to the Adjutant General of the Army the progress which they may have made, in order that they undergo such examination, as His Excellency the Commander in Chief may deem requisite.

6th. If, in the opinion of the Committee of Examination, any Officer shall not have made the progress which might be expected from the period of his study, or does not evince a capacity for acquiring the Language, orders will be given for returning the Books to the College.

Although the foregoing arrangement is generally confined to the Junior Officers of the Army and of the Medical Service, the Governor in Council will be happy to extend it occasionally

ally to Officers of higher rank on the special recommendation of His Excellency the Commander in Chief.

14.—" Having perused the proceedings of the Court " Martial by which Mr. Bannerman was tried, and duly " considered all the circumstances of the case, we are of opinion that it is one of that description, in which our lenity " may be exercised towards the party offending, without " injury to the good order and discipline of the Military " Service; and as the ends of justice have been sufficiently " answered by the punishment he has suffered, in being for " a long period deprived of rank and emoluments, we have " on these grounds, with the concurrence of the Board of " Commissioners for the affairs of *India*, (as required by the " act of the 51st of His Present Majesty Cap. 75) agreed to

" restore

" restore Mr. Bannerman to the service, without prejudice to " his rank, his pay to commence from the 25th March last."

15.—" But notwithstanding we have been induced thus to " extend our clemency to Mr. Bannerman, we feel it incum- " bent on us to express our decided disapprobation of the " un-soldierlike and unbecoming stile of that Officer's defence " before the Court Martial."

16.—" We have permitted the undermentioned Officers to " return to their rank on your establishment, viz.

Captain H. Townsend.
Lieutenant Charles Waddell.

" Captain Townsend proceeds to his duty overland."

G. O. BY THE COMMANDER IN CHIEF

The Commander in Chief is pleased to direct, that the Light Infantry Battalions of Regiments of Native Infantry, shall be entitled to take the right (agreeably to their seniority respectively with each other) of all other Corps of Native Infantry, and although they are liable in common with the other Troops of the line to be called upon to perform all duties to which Infantry are subject, yet in order to maintain their discipline more perfect in Cantonment, and to keep them in readiness in the field for their more active services, they are not to be included in the rosters for fatigue and ordinary duties, unless in cases of urgent necessity.

The lowest standard height of the men of the Light Infantry Battalions is fixed at 5 feet 4 inches; they must be stout, well limbed, active, of good cast and connexions, and free from all natural or contracted complaints.—No man is to be enlisted for these Battalions above the age of 20 years.

The Commander in Chief calls to the particular attention of the Commanding Officers of the Light Infantry Battalions, the honorable distinction which has been conferred on those Corps which have been selected for this important and distinguished service; His Excellency has already had reason to know, how justly it is appreciated by all ranks, which is in itself a pledge of their future efficiency and perfection, but it must be recollected, that the fame and honor of these Corps will depend on the first exertions of all their Officers, and the uniform and steady attention of every rank to the system of discipline, manœuvre and organization which will be laid down for their guidance.

The Commander in Chief is satisfied from the well known zeal

zeal and established character of the several Commanding Officers, that these objects, as well as the internal œconomy of the Battalions will be attained and fixed, upon the most lasting foundation, and he assures himself, that the Light Infantry Battalions on this establishment, will maintain in an eminent degree, that character for spirit, discipline and subordination which is confidently expected from such selections from the Madras Army.

The Court is of opinion, that the Prisoner is guilty of using abusive and threatening language to a Havildar, but it appears to the Court, that he did so while engaged with several other Native Officers investigating a complaint, at the desire of Jemadar and Native Adjutant Venketaswamy, and not with a view of procuring false evidence against the said Jemadar, but from a conviction that the Havildar was telling an untruth.—The Court acquits the Prisoner of every other part of the 3d charge.

The Court is of opinion from the evidence before it, that the Prisoner is not guilty of the 4th charge.

The instances in which the Prisoner Subadar Venkatachellum has been found guilty, being subversive of good order and military discipline, and in breach of the articles of war, the Court doth adjudge him to be suspended from rank and pay for three (3) calendar months, from the date of the confirmation of this sentence.

G. O. BY THE COMMANDER IN CHIEF.

The following regulations regarding the numbering of Troops, Companies, and Men are to be strictly attended to.

Troops and Companies, Grenadiers and Light Infantry excepted, are to be distinguished by letters commencing with A and continued regularly through the Alphabet;—to the letter is to be subjoined the Officer's name who commands it, as *A, or Captain S's troop, D. or Lieutenant C's Company.*

The distinguishing letter of the Troop or Company is on no account ever to be altered; although the situation of the Troop, or Company in the Corps may; A Man on being entertained, is to have two numbers assigned to him, one in his Troop or Company, and the other in the Regiment—he is in all returns or reports, to have the first of these affixed to his name, with the letter of the Troop or Company, but either of his numbers are never to be changed. In a Troop or Company there can be no higher number than the established strength

strength of it, as on a vacancy occurring, the Recruit is to have the number of the Man in whose room he is entertained, but in the regimental register, the general number is to go on progressively, and the regimental number of a casualty is never to be filled up, by this means the number of the last entertained Recruit will shew the total number of Men that have been in the Corps.

The general number however is *only* required to be noted in the register books, but it is not necessary, it should be made known to the Soldier, altho' he must know distinctly his number in the Company.

In Cavalry Corps the same rules are to apply to the Horses, and the Troop letter, and number, as well as the number of the Corps are to be branded on the near hip, in the following manner.

3. L. C.
B. 36.

The arms and accoutrements of all Corps are to be marked with the Troop, or Company letter and number, and those articles which consist of more than one part are to be distinctly marked on each, for example a musket is to be marked with the letter of the Company and the number of the Man on the brass in front of the butt, and the ramrod is to be marked in the same manner on the head.—A sword is to be marked on the handle, and also on the scabbard above the upper ring, and all other articles to be marked in like manner.—Care must be taken that the Man's letter and number and the letter and number of his arms and accoutrements *be the same.*

FORT ST. GEORGE, 17th November 1812.

G. O. BY GOVERNMENT.

The honorary reward established by the General Orders of the 9th of October 1810, for the study of the Hindostanee Language, having been confined to such Officers and Gentlemen Cadets as should have arrived in India subsequently to the 1st of May 1809, and the period for their attainment of the Language having been limited to three years from the date of their arrival, The Honorable the Governor in Council is pleased to cancel those limitations and to declare the reward open from this date, to all Subaltern Officers in the service of the Honorable Company without distinction.

With a view also to encourage the Junior Officers of the Army in the study of the Persian Language, The Honorable the Governor in Council has been pleased to resolve, that an honorary reward of five hundred Pagodas shall be given for its attainment under the same regulations in every respect, as have been established for the grant of a similar reward for the attainment of the Hindostanee Language.

It is however to be understood, that no Officer or Gentleman Cadet will be entitled to undergo an examination in the Persian Language who shall not have previously obtained the reward for his knowledge of the Hindostanee.

Adverting to the nature of the studies and pursuits of the Medical Profession to which it is the duty of Assistant Surgeons

geons to devote their leisure, the Governor in Council has deemed it inexpedient to extend the reward for the attainment of the Persian Language to Gentlemen belonging to that branch of the Public Service.

By order of the Honorable the Governor in Council.

HORSE

HORSE GUARDS, 10*th September* 1810.

G. O.

It has been represented to the Commander in Chief, that, notwithstanding the former orders which have been issued on this subject, the Commissioners of the Royal Hospitals of *Chelsea* and *Kilmainham* are much embarrassed in the performance of their duty, by the very loose and vague manner, in which, in many instances, the services of Soldiers, who are presented to them, are ascertained.

The order of the 18th of May, 1808, has been revised with the most scrupulous attention, and has been found perfectly adequate to its object. It should therefore be unnecessary to repeat what has been so recently and clearly explained; but the inattention of Officers in Command of Regiments to this essential part of their duty, renders it indispensable, on the part of the Commander in Chief, to repeat his injunctions, that the most exact obedience be paid to this order, and to point out the following irregularities, as those which have generally occasioned the difficulties complained of, viz.

1st. Stating generally the number of years and days which Men have served, without specifying the period or periods from ——— to ———.

2d. Not specifying service in the *East* and *West Indies*, in conformity to the Regulations.

3d. Neglecting to state the manner in which men have been disabled.

4th. Inattention to the memorandum on the back of the discharge.

5th. Omitting to give a certificate in the case of Men, who have distinguished themselves, or served faithfully, and

6th. In various instances, the obsolete forms of discharge have been used.

These various points have been so clearly explained in the Regulations, and their object must, it is presumed, be so in unison with the feelings of every Officer, that the Commander in Chief cannot but be much surprised at the want of attention to them, which has called for these animadversions.

If it was necessary, or proper, to suggest any additional incentive to a sense of duty, the Officers to whom this order is addressed would find it in the present instance, in the interest they cannot but take in the welfare of those, who, having served their best days under their command, are sent home to avail themselves of the bounty and provision, which

which the gratitude of their country and the gracious care of their Sovereign, have prepared for them, but which is frequently withheld, from their not being furnished with the documents, which are necessary to ascertain their claims.

It is most distressing to the Commander in Chief, to state the evils to which Soldiers at the close of their services are exposed by such omission; but he feels it so imperiously his duty to redress them, that he has judged it expedient thus publicly to declare, that, should any similar instances hereafter occur, he will consider any Commanding Officer who gives his signature to a discharge which is not made up in conformity to the late Regulations, as personally responsible for a disobedience of orders, and for the consequences, with which his neglect may be attended, as affecting the interest of the Soldier.

By Command of the Right Honorable the Commander in Chief.

(Signed) HARRY CALVERT, *Adjutant General.*

His Excellency Lieutenant General *Sir* Samuel Auchmuty enjoins the most scrupulous attention to these instructions and desires that the form of conditional discharge contained in the General Orders of the 18th May 1808, may be implicitly observed in future.

On ascertaining, from Provisional Invaliding Committees, the number of men to be sent to *Poonamallie*, for final medical examination, Officers Commanding Regiments are required to transmit returns, according to the following form, to the Commandant of the Depôt and to the Deputy Adjutant General of His Majesty's Forces.

RETURN *of Men, belonging to the — Regiment of —— at ——, proceeding to Poonamallie in charge of —— in consequence of being deemed unfit for service abroad, for the medical causes herein assigned.—Dated at —— this —— day of ——.*

Names.	Regiments.	Date to which subsistence has been issued.	By what General or other Officer inspected.	Period which each Man has served, stating also in what Corps.	Period of service yet unexpired.	Cause of being deemed unfit for service abroad.	Remarks on the general character, as well as services of the Man.

By order of Lieutenant General Sir Samuel Auchmuty, K. B.

HEAD

HEAD QUARTERS: CHOULTRY PLAIN, *30th Nov.* 1812.

G. O. BY THE COMMANDER IN CHIEF.

Government having determined, that all unadjusted claims to Prize Money shall be referred to, and decided upon, by the *Seringopatam* Prize Committee, His Excellency the Commander in Chief in furtherance of the view in which this measure has been adopted, to bring under early adjustment all undetermined claims to Prize Money now existing, directs, that Officers Commanding Corps and Stations will assemble Committees of experienced and intelligent Officers, to investigate any claims of this nature, which may be possessed by the Troops under their command, whether European or Native; the proceedings of which, after being rendered as satisfactory as possible by the insertion of the best and most authentic information which can be obtained, are to be forwarded to the Secretary of the *Seringopatam* Prize Committee.

It will be the duty of these Committees, to obtain every information possible, regarding the claims brought before them.—They will correspond with the Officer Commanding the Corps to which the claimant, or the person on whose account the claim is made, may have belonged, and when practicable, procure written documents to substantiate it, and when such is not procurable, they will be *cautious* with respect to the admission of any other kind of evidence in support of claims.

When claims for the shares of persons deceased are brought before Committees, they will be particular in investigating the right of the party to inherit the property of the deceased.

The proceedings of these Committees are to be transmitted from time to time to the Secretary to the *Seringopatam* Prize Committee until the 1st of July 1813, and Officers in Command of Corps and Stations are required to give public notice, that after that period (unless very satisfactory reasons are assigned) no claim for unadjusted Prize Money *now due*, will be attended to.

Several instances having occurred, in which Commanding Officers of Regiments and Battalions have recommended the discharge of Native Soldiers, in consequence of complaints stated by medical certificates "to be incurable," and that, notwithstanding these respectable apparent proofs of their inefficiency for the service, many of the individuals have presented themselves at Head Quarters perfectly recovered, within a few months, and requested their re-admission into the Ranks, and to those advantages of the service, to which 12 and 14

years,

years, not unfrequently of active duty had given them strong claims; His Excellency the Commander in Chief is pleased to establish as a general regulation, that no Native Soldier shall be discharged except by the sentence of a Court Martial,—at the recommendation of the Reviewing Officer at the half-yearly inspections—by the Periodical Invaliding, Pensioning and Discharging Committees—or when a Soldier may request his discharge; in which latter case, Officers Commanding Corps will be guided by the instructions contained in the following extract of a Circular Letter from the Adjutant General's Office under date the 12th December 1808, and transmit their applications to that effect, through the Officers Commanding Stations and Divisions.

Extract of a Circular Letter to Officers Commanding Corps, dated Adjutant General's Office, 12th December 1808.

"In consequence of the almost daily appearance at this "office of Native Soldiers, whose removal from the service "they generally impute to the ill-will, or misrepresentation "of Native Officers, tho' the discharges they produce, state "them to have been allowed to quit the service "*at their "own request*"—I am directed by His Excellency the Com- "mander in Chief to convey to you his orders, that no "application for the discharge of a Native Soldier "at his "own request" shall be forwarded to Head Quarters, unless "such Soldier shall have clearly and explicitly stated, to the "European Officer in charge of his Troop or Company, in the "presence of the Officer Commanding or in charge of the "Corps, that his request to be discharged is perfectly vo- "luntary: and this measure, it is hoped, will put it out of "the power of discharged Native Soldiers hereafter, making "such assertions."

Adverting to the proceedings of Committees frequently transmitted to Head Quarters, on which very young and inexperienced Officers have sat as Members, the Commander in Chief directs, that all Regimental, or Battalion Committees assembled for the examination of men to be brought before the General Invaliding, &c. Committee, or Recruits—for the purpose of casting or transferring Horses, shall invariably be composed of the senior Officers present, available for that duty, without reference to roster (including the Commanding Officers and Staff) and that the proceedings of such Committees as are to be transmitted to Head Quarters, shall be forwarded through the Officers Commanding Stations and Divisions.

The General Court Martial directed to be assembled at *Arcot* by

by G. O, of 6th instant, and of which Colonel Lang is President, is countermanded.

The Native General Court Martial assembled at *Bellary*, in conformity with the General Order of 3d ultimo, is dissolved.

The Committee on Clothing Stores is dissolved.

The General Invaliding, &c. Committee assembled at *Fort St. George*, is dissolved.

Lieutenant Spry of the 21st Native Regiment, is appointed a Member of the Committee for the examination of Army Clothing.

All European Soldiers removed from the Effective to the Invalid establishment, by the extracts of the confirmed proceedings of Invaliding, &c. Committees lately assembled, and transmitted from the Office of the Adjutant General of the Army, will, on receipt of those extracts by Officers Commanding Stations, Garrisons, Corps, &c. be sent to the *Head Quarters* of the Carnatic European Veteran Battalion.

The Commander in Chief calls the attention of Officers in charge of Invalids, to the following extract of G. O. under date the 22d August 1800.

"Much inconvenience and expense arising from the "permission frequently given, for European and Native "Invalids to proceed from out-stations to the Presidency on "frivolous pretences, when their sole object is to obtain a "change of station; the practice of granting Passports "to individuals of that description is expressly forbid. In "cases of obvious necessity, such as want of health not "resulting from debauchery, or a wish on the part of an "European Invalid or Pensioner to return to *Europe*, the "circumstances are to be stated fully to Head Quarters, and "until the pleasure of the Commander in Chief is notified, the "person in whose behalf the application is made, shall on "no pretext, obtain leave of absence."

Ensign Auber of the 1st Battalion 17th, will do duty with the 2d Battalion 12th Regiment Native Infantry till further orders.

Ensign J. C. Stedman will till further orders, *do duty* with 2d Battalion 16th Regiment Native Infantry.

The Honorable the Governor in Council is pleased to cancel the 13th Paragraph of the Code of Pay Regulations, Page 105, respecting the payment of Batta and other Field allowances to Troops when warned for Field or Foreign Service, and to direct, that under such circumstances no extra

extra allowance shall be drawn in future beyond the amount of Batta, authorized by the former regulations of the Service, viz. "Three days Batta previous to the actual march of the "Troops."

Although it has been deemed expedient to re-establish this general rule, yet as it has been also ascertained, that in particular cases, extraordinary expense must unavoidably be incurred by Corps and Individuals warned for service; the Governor in Council will not object in such cases to receive applications for relief, when submitted for consideration through the prescribed channel of His Excellency the Commander in Chief.

The Governor in Council is further pleased to cancel the 14th Paragraph of the Code of Pay Regulations, Page 105, respecting the employment of Public Followers, for Field or Foreign Service, and to direct, that in all practicable cases, persons of that description shall not be entertained beyond the Peace establishment, without the previous authority of the Government. In cases of emergency, when it may be necessary to entertain Public Followers without previous authority, the charge incurred, with the requisite explanations, is to be submitted for the sanction of the Government with the least possible delay.

GENERAL ORDERS.

His Excellency Lieutenant General *Sir* Samuel Auchmuty, *K. B.* is pleased to direct the publication, for general information and guidance, of the following Preface to General Regulations and Orders for the Army published at the Adjutant General's Office, Horse Guards, 12th August 1811.

HORSE GUARDS, 12TH AUGUST 1811.

His Royal Highness the Prince Regent, in the Name and on the Behalf of His Majesty, has been pleased to give His Royal approbation to the following Orders and Regulations, and His Royal Highness the Commander in Chief commands that they shall be forthwith circulated and strictly observed throughout the Army.

His

His Royal Highness is aware that this Publication does not comprehend the whole detail which the various duties incident to the service, and the interior economy and management of Regiments, require; but the Regulations herein contained are such as apply under all circumstances, and to all situations, and are to be considered as the ground-work of those instructions which Generals Commanding Districts, and Officers in the command of Brigades and Regiments, Forts, or Garrisons, may find it necessary from time to time to issue to the Troops under their respective commands; nor is any thing contrary to the tenor and spirit of these Regulations, to be ever enjoined to any part of His Majesty's Forces.

It is incumbent on every Officer in His Majesty's Service to provide himself with a copy of these Regulations, and to make himself acquainted with them: Commanding Officers of Corps are responsible that this order is duly observed.

By Command of His Royal Highness The Commander in Chief.

Adjutant General.

FORT ST. GEORGE, *18th December* 1812.

G. O. BY GOVERNMENT.

With a view to regulate the proceedings of Military Paymasters of Stations, on their appointment, resignation, removal, or occasional leave of absence, and to define their responsibility on every occasion, as well as of their Substi-

tutes;

cutes, the Honorable the Governor in Council is pleased to publish the following regulations for the guidance of all the Public Officers concerned in the Pay Department.

On the appointment of a Paymaster, and publication thereof in General Orders, the Officer standing appointed, will immediately communicate with the Accountant General in the Military Pay Department upon the subject of his Securities, whom he will name in order that the Accountant General in the Military Pay Department may enquire into the credit and circumstances of the Securities proposed, before he shall submit them for the approval of the Honorable the Governor in Council.

Paymasters on being appointed, will proceed to the Presidency for the purpose of entering into the obligations required, unless the state of the Service, or other circumstances shall prevent it, which is to be explained to the Accountant General in the Military Pay Department; who, in such latter cases, will cause to be forwarded to the Commanding Officer of the Station, or any other Public Officer the papers for execution, which are to be returned to the Office of the Accountant General.

After the due execution of these security obligations, a Paymaster will be competent to take upon him the duties of his Office and he will be considered responsible for all receipts and disbursements.

On receiving charge, a Paymaster is to be careful to take an exact account of the balance of cash up to the day on which he receives charge, comparing the same with the balance of account current at the close of the month preceding and the transactions that may have taken place from that period to the day of taking charge.

As the balance of account current and balance of cash in the chest may not agree, a Paymaster will take an account of the vouchers, &c. &c. composing the difference, and he will forward a statement of the same to the Accountant General in the Military Pay Department, accompanied by a statement of the amount in hand, on account of the recovery of retrenchment, as likewise, one of those unrecovered. The Paymaster will also submit at the same time similar statements to the Military Auditor General.

Should it be impracticable for a Paymaster immediately to join his Station, he may, after having given the required security, nominate any Officer to transact the duties of his Office during his absence, for whose acts the Principal will be considered responsible, and the Substitute being approved of,

of, will be authorized to receive charge of the Office of Pay from the party immediately retiring, which he is to do according to the mode prescribed.

On occasions of Paymasters desirous of acting by substitute, they will submit for approval by Government through the Accountant General in the Military Pay Department, the name of such Substitute.

Paymasters on being transferred to other situations, resigning, or vacating their office by promotion or from other causes, will continue to act until relieved by their Successor or Substitute; but in cases where such Ex-Paymaster may for his own convenience wish to retire, it will be incumbent on him to provide his Substitute, under the same regulations as laid down for Substitutes in the preceding article.

Officers Commanding Divisions, Detachments, or Stations, who may nominate individuals to take upon them the charge of the Pay Department, are to report the same to the Honorable the Governor in Council.

In cases where Paymasters are required by the exigency of the Service, or by the orders of Government to relinquish their situations, so that the responsibility of naming a Substitute cannot fall upon the newly appointed Paymaster, it shall be competent for the Officer Commanding the Division, Detachment or Station to name a Substitute to act, who shall take charge of the Office of Paymaster, and the responsibility will rest on him until relieved by the Successor appointed by Government or his Substitute, it being understood in such case that the Paymaster retiring cannot be held responsible for acts not done within the period of his charge of office, the same will prevail on occasion of the death of a Paymaster.

Paymasters applying for leave of absence, will follow the usual course for obtaining the permission of Government, at the same time naming their Substitute, who is to be approved of by the Honorable the Governor in Council, and the publication thereof in General Orders will be sufficient notification to the Public Officers concerned.

To prevent inconvenience, confusion and embarrassment, either by the death or non-return of Paymasters to their Stations, Substitutes are in the first instance to receive from their Principals a full charge of the department, together with a statement of the balance of cash, an exposition of the balance of account current, amount of cash recovered on account of retrenchments, accompanied by another of those unrecovered to the period the Paymaster has received the

audits

audits upon his account; statements of which are to be forwarded to the Military Auditor General and to the Accountant General in the Military Pay Department in the same manner as directed in the 6th paragraph of these Regulations.

By order of the Honorable the Governor in Council.
