1st. For challenging Cornet Montagu of His Majesty's 22d Regiment Light Dragoons, between the 26th April and 25th May to fight a Duel.

2d. For publicly defaming Cornet Montagu, by means of a paper placed up in the Exchange in Fort St. George, bearing his, Cornet Doveton's, signature, and dated 25th May 1814, when he knew that Cornet Montagu was in arrest.

ADJT. GEN.'s OFFICE,

(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

ADDITIONAL CHARGE.—Cornet H. B. Doveton of the 4th Regt. of Cavalry, charged by me with scandalous and infamous conduct, such as is unbecoming the character of an Officer and a Gentleman in the following instances:

1st. For having written a letter, addressed to Lieutenant Colonel Travers, and the Officers of His Majesty's 22d Regiment of Light Dragoons, under date the 25th of May last, containing a false and infamous aspersion against my character as an Officer and a Gentleman.

2d. For having indicted the same aspersion, when he, Cornet Doveton, knew that I had been placed in arrest, by order of the Commander in Chief, to prevent a meeting between me and the said Cornet Doveton.

(Signed) ROBERT C. RANTER MONTAGU,
Cornet H. M. 22d Light Dragoons.

FORT ST. GEORGE, 11th June 1814.

BY ORDER.
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

SEN.

SENTENCE.—The Court having maturely deliberated on the evidence before it, as well as what the Prisoner, Cornet H.B. Doveton, of the 4th Regiment of Cavalry, has urged in his defence, finds him guilty of the 1st and 2d Charges.

The Court acquits the Prisoner of infamous conduct, as expressed in the Additional Charge, but finds him guilty of every other part thereof.

The Court by virtue of the Rules and Articles of War for the better Government of the Honorable Company's Forces, doth sentence the Prisoner, Cornet H.B. Doveton, to be cashiered.

(Signed) J. COLEBROOKE, Deputy Judge Advocate.
(Signed) J. HARE, Major General, and President.

I APPROVE AND CONFIRM.
(Signed) T. HISLOP,
Lieutenant General.

With a desire proportionate to a matter possessing claims to the most serious consideration, Lieutenant General Sir Thomas Hislop has in the course of the minutest perusal of the Proceedings of the Court Martial aforesaid endeavoured to discover grounds on which to found a plea of such a nature as to warrant him in the exercise of the most gratifying part of the authority intrusted to him, whereby he is empowered to temper the performance of justice with lenity and mercy.

The substantiation of the several Charges which were brought forward against the Prisoner (with only one single exception as expressed in the finding and Sentence of the Court) combined with the necessity, of which the Lieutenant General feels the conviction, of checking, as far as by the severity of example it can be effected, similar offences in open violation of the Articles of War and consequently of Military discipline, could not for a moment have permitted the mind of the Lieutenant General to have received any other impression than that of carrying into rigid observance the Sentence which he has found it his duty to approve and confirm.

Disposed nevertheless to search for a motive whereby in some degree to justify his venturing to deviate from that principle in the present instance, he feels equally inclined to avail himself of the only one which has presented itself to his view, and which has arisen out of the consideration he is willing to allow for the youth and inexperience of the Prisoner.

In yielding to this feeling the Lieutenant General cannot but indulge in the hope and the belief that his judgment is correct, and that the future conduct of the Prisoner will be such as to confirm him (the Lieutenant General) in that opinion

opinion by leaving him no cause to regret the lenient determination he has adopted.

To a mind duly impressed with honorable sentiments, it is unnecessary to say further on this subject; the Lieutenant General therefore leaves it to that reflection which he will not doubt but it will receive from Cornet Doveton, whose sentence is hereby remitted, he being enlarged from his arrest and directed to join his Regiment and return forthwith to his duty.

The following General Orders by His Excellency The Right Honorable the Commander in Chief, are published for the general information of the Army.

HEAD QUARTERS:

GENERAL ORDERS, CALCUTTA, *2d June* 1814.

Extract from the Proceedings of a General Court Martial held at Quilon on the 18th of April 1814.

President.—Lieutenant Colonel Charles Trotter, 17th Regiment Madras Native Infantry.

Deputy Judge Advocate.—Captain F. P. Stewart, 14th Regiment Madras Native Infantry.

Lieutenant W. Musgrave of His Majesty's 80th Regiment of Foot, was arraigned upon the following Charge, viz.

"For conduct highly disgraceful and unbecoming the "character of an Officer & a Gentleman and subversive "of good order and military discipline, in appearing on "the Regimental Parade in a state of intoxication."

QUILON, 30th *Dec.* 1813. } (Signed) J. WHITE, Lieut. Col. Commanding H. M. 80th Regt.

BY ORDER.

(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

SEN.

SENTENCE.—"The Court finds the Prisoner guilty of conduct unbecoming the character of an Officer and a Gentleman, and subversive of good order and military discipline, in appearing on the Regimental Parade in a state of intoxication on the evening of the 28th December 1813, which being in breach of the Articles of War, the Court does therefore by virtue of the said Articles sentence and adjudge the said Prisoner Lieutenant W. Musgrave of His Majesty's 80th Regiment, to be cashiered."

(Signed) CHARLES TROTTER,
Lieutenant Colonel and President.
(Signed) F. P. STEWART,
Deputy Judge Advocate.

Approved, but the Sentence *Remitted* on the unanimous solicitation of the Court.

(Signed) MOIRA.

The Court having unanimously and earnestly recommended Lieutenant Musgrave to the lenity of The Commander in Chief, The Earl of Moira meets their wishes, taking it for granted (as the ground of the application is not suggested by the Proceedings) that they have been influenced by their private knowledge of the general conduct of Lieutenant Musgrave, which The Commander in Chief must thence infer to be good. Lieutenant Musgrave is forthwith to return to his duty, the Sentence being remitted.

It is impossible for The Commander in Chief to contemplate without great pain the number of Officers of His Majesty's Regiments who have within a short space been brought before Courts Martial.—The circumstance, and the facts which have come out on the different Trials, evince too strongly that the seduction of the climate, and the want of energetic employment have betrayed many of the Officers into a laxity of tone in behaviour foreign to their real characters. It should be recollected that a patient endurance of tiresome inactivity is one of the duties to which an individual subscribes when he devotes himself to the Service of his Country, and that the lassitude of such a situation can never be an excuse for his sliding into habits which must disqualify him (when he may be unexpectedly summoned forth) from fitly maintaining the honor of the British Name. A new and more pointed obligation of attention to character both Personal and Professional ought to be felt by every Officer throughout the Army. It is only by an undeviating observance

vance in every situation, of those principles which should distinguish the British Officer that they whose fortune has precluded them from sharing in the recent glories of the Field can venture to class themselves with the HEROES who under L. WELLINGTON have raised such exalted trophies of their Country's renown.

The Commander in Chief is pleased to direct that the foregoing be read at the Head of each of His Majesty's Regiments in India and entered in the Regimental Orderly Book.

By order of The Right Honorable The Commander in Chief.

G. O. BY THE COMMANDER IN CHIEF.

His Excellency the Commander in Chief having concluded a Review and Inspection of the Artillery at St. Thomas's Mount, begs that Major General Bell will accept of his acknowledgments for the peculiar satisfaction he has received in witnessing the high state of discipline and efficiency of this valuable Corps.

The efficiency and steadiness of the Detachment of Horse Artillery Commanded by Captain Rudyard, proves to the Commander in Chief the justness of the reputation he has invariably understood to attach to Major Noble's squadron.

The condition of the Horses, the discipline of the Men and the excellence of their appointments, would in themselves have satisfied the Commander in Chief that their Field Movements were

were not less excellent, but His Excellency cannot withhold his approbation of their movements, which uniting celerity, with precision and justness of principles is a certain pledge, that the Madras Horse Artillery have been formed by Officers whose exertions in the Field will on all occasions merit approbation and applause.

The Foot Artillery Commanded by Lieutenant Colonels Hayes and Freese are wanting in no essential, but in numbers; and the Commander in Chief has remarked with the utmost degree of satisfaction, that this deficiency has been most amply supplied by the addition of so fine a body of Recruits as those lately received from Europe.

The steadiness and discipline of the 1st and 2d Battalions of Artillery, their expertness in serving their guns and the system of interior œconomy which prevails in those Corps must in a very short period of time render them as complete in every other particular as they are now in their numerical strength.

HEAD QUARTERS: CHOULTRY PLAIN, 22*d July* 1814.

G. O. BY THE COMMANDER IN CHIEF.

In prosecuting the first among the most important duties of his Station, the Commander in Chief has not failed from the moment of his assuming his Command, to acquire, (by every means that the divided situation of the Army will permit,) a knowledge of the precise state of efficiency, of all and each of its various component parts.

The necessity of his personal general inspection and observation, which cannot yet for some time take place, will unavoidably impede the complete fulfilment of his wishes; In the mean time he has the gratification to think, that he is already in possession of a sufficiency of information, embracing all the leading points, as to enable him to form a tolerable accurate judgment on their various merits.

In allusion thereto, his desire naturally prompts him, in the first instance, to indulge in the expression of the high sense he has imbibed, of the zeal which so manifestly pervades all Ranks and Departments, in the discharge of their respective duties; while, at the same time, the reports he has received of the discipline and good order of all the Corps comprising the several Divisions, have confirmed the expectations he had previously formed, relative to the state of the distinguished Army he has the honor to Command.

Fully impressed with the conviction of these facts, and determined that nothing in his power shall be wanting to derive every

every advantage arising therefrom, the first object of the Commander in Chief will be to remove any impediment which may appear to exist prejudicial to a perfect uniform and well understood system of carrying on every branch of the Service, having thereby solely in view the attainment of every other desirable and important consequence. For this purpose the Commander in Chief will, with as little delay as possible, determine on such Regulations as will make his intentions, respecting the particular point in question, clear and distinct.

In these, or any other, rules or orders, which he may think it necessary to issue, during the period that he may be entrusted with the Command of this Army, his sole motive must arise, (as he is confident it will be viewed,) from the interest he will invariably feel in their honor and welfare; and in the entire consciousness of this feeling, his assurance is founded on grounds equally firm, that they will at all times be executed with promptitude and ability.

23*d July* 1814.

FORT ST. GEORGE, 22*d July* 1814.

G. O. BY GOVERNMENT.

1st—The Honorable the Governor in Council has been pleased to resolve that the Family Payments of the Army shall in future be placed under the management and direction of an Officer who is to be designated "*Superintendent of Family Payments;*" and to establish the following Regulations for the conduct of that branch of the Military Pay Department, to have effect from the 1st of the ensuing month.

2d—No Family Certificates shall hereafter be issued without the previous authority of His Excellency the Commander in Chief, of which, if not published in General Orders, intimation will in all cases be communicated to the Superintendent and to the Military Auditor General, by the Adjutant General of the Army.

3d—As the regularity of Family Payments will be essentially promoted by the residence of Families at the principal Stations of the different Divisions of the Army during the absence of the Troops, His Excellency the Commander in Chief will be pleased to direct arrangements to that effect to be made on all occasions when Family Certificates may be authorized hereafter.

4th—When the Regular Corps of the Army or Detachments to which an Adjutant may be appointed, take the Field, the issuing

issuing of Family Certificates, the regulation of the stoppages, and the whole duty connected therewith will attach to that Officer, under the general superintendence of the Commanding Officer.

5th—The regulation under which Bills have hitherto been remitted for stoppages on account of Family Payments is rescinded, and the amount will in future be paid into the hands of the Field or Expedition Paymasters under the provisions herein-after established.

6th—An allowance of ten Pagodas per month is authorized to Adjutants of Corps on account of the above duty, that is, when Corps proceed beyond the frontiers on actual service, or in other cases of service, when it may be deemed expedient by the Commander in Chief to authorize the issue of Family Certificates—this allowance is to be drawn under the head of "Family Certificate allowance" and will commence and cease from the same dates as the other Field Charges: It is not, however, to be considered applicable to Corps of the Subsidiary Forces of Hyderabad and Poonah, except when those Troops proceed on actual service beyond the limits of their fixed stations, nor is it to be drawn by any Officer but the Adjutant.

7th—As the terms advance and arrear are frequently misunderstood when applied to Family Payments, the following terms are to be used in future both in Family Certificates and Casualty Rolls:

Regarding the commencement of Payment of Family Certificates. { The first monthly payment to be made in January 1814.

Regarding their discontinuance. { The last payment to be made in December 1814.

In other respects Family Certificates and Casualty Rolls are to be drawn out in the form heretofore customary, but those of each Corps will be numbered from 1 upwards to 300, 600, 1,000 or whatever number may be granted, so that on the removal of an individual from one Troop or Company to another, no report will be necessary to the Superintendent nor any alteration in the Family Certificates.

8th—Each Family Certificate when signed by the Officer in immediate charge of the Troop, Company, &c. and countersigned by the Commanding Officer, is to be delivered to the Adjutant, by whom also it will be countersigned. Rolls corresponding in every respect with the Family Certificates will be made out by the Adjutant (one for each Station at which they may be made payable) and forwarded to the Superintendent of Family Payments. The Certificates being

at

at the same time delivered to the persons to whom they may be made payable.

9th—In cases where no Adjutant may be employed, the above duties will be performed by Officers Commanding Detachments, or in charge of Departments, &c. (always the Senior of each), who as well as the Adjutants will be held strictly answerable for paying into the hands of the Field or Expedition Paymaster the full amount for which Family Certificates may have been issued—the duty of those Paymasters in regard to Family Certificates will therefore be confined to the receipt of the stoppages, which are to be entered in their Accounts Current under the head of "Superintendent of Family Payments."

10th—It will be the special duty of the Officers abovementioned, by whom the stoppages on account of Family Certificates shall be paid into the hands of the Field or Expedition Paymasters, to transmit each month to the Superintendent copies of the receipts of those Paymasters for the amount of the stoppages, retaining the originals to be referred to, produced as occasion may require, the stoppages to appear as heretofore at foot of the abstracts from which the amount has been deducted.

11th—If the amount of the stoppages of one month varies in the smallest degree from that of the preceding month, the increase or decrease will be stated in the most particular manner on the back of the receipt, or in a separate paper accompanying it; and every three months, viz. in May, August, November, and February, of each official year, correct Rolls in detail of the Family Certificates will be forwarded to the Superintendent for the purpose of enabling that Officer to check any irregularities that may have occurred.

12th—Rolls of Casualties will be forwarded, as soon as may be practicable after they occur, both to the Superintendent of Family Payments and to the Officer Commanding the Station at which the Family Certificates may be payable, and duplicates of Casualty Rolls will be sent by the next opportunities after the despatch of the originals.

13th—The Officers specified in the 4th and 9th Paragraphs, on whom the duty of regulating the stoppages on account of Family Certificates devolves, are directed to correspond with the Superintendent on the subject of the payment of the Families, in all cases when it may become necessary, as they will be held responsible for any deficiency that may arise from neglect on their part in the amount of the stoppages.

14th,

14th—The Superintendent of Family Payments shall pay particular attention to the casualties and communications, which he may receive from time to time from Staff Officers, Officers Commanding Corps, &c. as he will be held responsible for any sum that may be overpaid to the Families from neglect on his part.

15th—In all cases of detachment or separation of Corps, Departments or Individuals on Field Service from their Head Quarters, or of their transfer to other Divisions, Corps, Departments, &c. the most particular instructions regarding their Family Certificates will be given in writing to the Officer Commanding or in charge, or who is afterwards to receive charge of the Parties detached or transferred—the Adjutant or Head of the Corps, &c. from which such Parties proceed, will transmit a copy of the instructions so issued for the information of the Superintendent, and they are to be so framed as to enable that Officer to attach responsibility for any deficiency of stoppages which may occur.

16th—On the arrival in Quarters of Troops from Field Service or previously thereto, if necessary and practicable, Adjutants of Corps and Commanding and Staff Officers shall notify such return to the Superintendent of Family Payments, as also to Commanding Officers of the Stations at which the Family Certificates may be payable, stating particularly the period from which the payments are to be discontinued—the notifications to state that the whole of the Family Certificates of the Corps, Detachments, &c &c. are to be discontinued, or otherwise those which are to remain for payment will be particularly specified. Any failure in the notifications directed by this and the preceding Paragraphs, which may be the cause of payments being made to the Families beyond the period of corresponding stoppages will attach direct and positive responsibility (for the amount of such continued payments) to the Officers neglecting to make the prescribed communications.

17th—A copy of the Roll of Stoppages of each month on account of Family Certificates will form a public record of every Corps, Detachment, Department and Staff Office on Field Service, so as to admit of reference, in regard to any want of information which may afterwards occur.

18th—The Superintendent is to be considered as a General Agent, to whom all Officers will communicate their instructions regarding Family Certificates when proceeding on Service.

19th—The Funds for the payment of Family Certificates will be provided by the Superintendent in the following manner, but

but that Officer is himself never to receive or disburse any Cash for those payments.

20th—The Superintendent will transmit to the Public Staff Officers, or, if there should be no Staff, to the Commanding Officers of Stations (including the Presidency), Rolls of the Family Certificates payable at each, accompanied by receipts for their amount—the receipts to be despatched so as to reach the Stations prior to the date on which the payments of the Family Certificates are to take place; and Paymasters are authorized and directed to discharge them on demand, requiring to each receipt the countersignature of the Officer receiving the amount, which will be entered in the Paymasters Accounts Current as advances under the head of

"Superintendent of Family Payments."

21st—When the payments of each month shall have been completed, the Commanding or Staff Officer of the Station by whom they were made is to retain the Rolls and to transmit a Letter to the following effect to the Superintendent; both Rolls and Letter to remain on public record as the Official Documents to prove the payment at any after period.

To the Superintendent of Family Certificates.

Sir,

2d " 3d " "	53
4th Regiment N. C.	17
Dep. Adjt. Gen.'s Dept.	29
Pagodas	153

In acknowledging the receipt of your Letter of the transmitting four Rolls of Family Certificates on account of the Corps stated in the margin accompanied by your receipt for Pagodas 153 to be taken up from the Paymaster of this Station; I have the honor to report that the full amount has been disbursed to the Families according to your instructions.

I am, &c.

22d—In each subsequent month receipts will in like manner be transmitted by the Superintendent with instructions to Commanding or Staff Officers to make the same payments as in the preceding month, unless any alterations may have occurred (occasioned by Casualties or otherwise), in which case those alterations are to be particularly specified—in order, however, to guard as much as possible against irregularities, the Superintendent will transmit with his receipts every third month, viz. in May, August, November, and February, of each official year, correct Rolls of the Family Certificates corresponding with the amount of the receipts.

23d—Commanding Officers of Stations are directed on receipt of communications of Casualties to give the necessary information

information to the Officers by whom the Families are paid, in order that those payments, to which the Casualty Roll refer, may be discontinued (altho' not notified by the Superintendent), and their amount be withheld, subject to the orders of the Superintendent, to whom the circumstance will be reported by the Officers paying the Families: the Superintendent in such cases will make a proportionate reduction from the amount of the receipt which he transmits for the payment of the Families in the ensuing month, and such remarks will be inserted in his Books as may suffice at any after period to explain the circumstance.

24th—The only legitimate claims on the Government for losses occasioned by Family Certificates are those on account of payments which may be made to Families for periods between the dates of Casualties and of the reports thereof, reaching the Superintendent or Officers Commanding Stations. On the occurrence of such claims, the Superintendent will make out an Abstract for the amount and transmit it, accompanied by authenticated Copies of the Casualty Rolls and a declaration upon honor of the date when he received them, to the Secretary to the Commander in Chief, in order to be laid before Government with such remarks regarding the delay of communication of the Casualties, as circumstances may in His Excellency's opinion render necessary to enable the Government to decide as to the responsibility which may attach to Officers under the 13th, 14th and 16th Paragraphs of these Regulations.

25th—When claims of the above description are sanctioned by Government they are to be passed for payment by the Military Auditor General, under the head of the service on which the Troops were employed; and the Superintendent will present the Abstracts to the Paymaster of the Presidency, who will grant a receipt for their amount, which is to be credited in his Account Current to the Superintendent of Family Payments, and the Abstracts will be entered in his Accounts of Disbursements as Public Charges.

26th—In all cases when it may be deemed expedient to authorize the payment of Family Certificates to be continued after the death of the Individuals who granted them until the termination of the service on which their Corps, &c. are employed, it will be the special duty of the Superintendent to keep the accounts of such continual payments perfectly distinct from those of the regular Family Payments, so as to prevent any difficulty in their adjustment on the return of the Troops to Quarters.

27th—It will be the duty of the Superintendent to communicate

communicate and correspond with Corps and Departments, as also with Paymasters and with the Accountant General, regarding any deficiencies or differences which may occur between the payment to the Families and the amount credited on the same account, and to supply every information and instruction which the circumstances of the Public Service may render necessary (altho' not prescribed by Regulation), in the same manner as if the payments to the Families were regulated by Private Regimental Agency.

28th—The Superintendent shall keep Books in which regular accounts (Debtor and Creditor) will be kept of the amount of the receipts which he transmits to Commanding and Staff Officers, and of the Credits given on the same account by the different Field or Expedition Paymasters, as also an account for each Corps, Department, &c. which may be permitted to leave Family Certificates; and it will be the Superintendent's duty to bring to the early notice of the Commander in Chief, for the information of Government, the conduct of any Officer who may neglect to make the necessary or prescribed communications for the Superintendent's information.

29th—The Superintendent of Family Payments will furnish the Accountant General, monthly, with an Account Current exhibiting the receipts and payments of the Department under his superintendence, framed from the documents to be transmitted to him under the 10th Paragraph of these Regulations, and from the receipts for advances forwarded by him in each month for the payment of the families—the names of the Paymasters to be always specified in the Accounts Current.

30th—The Superintendent will bring under the earliest examination (in such manner as circumstances may require) any differences which may occur between the amount of receipts and payments on account of Family Certificates of any Corps, Departments, &c. in order that they may be adjusted while the means exist of obtaining information from the Parties concerned.

31st—In the event of the decease of a person to whom a Family Certificate may be made payable, of a Family Certificate being lost, transferred, or having got into the hands of a person whom there may be reason to suppose is not entitled to receive payment of it, in all such or other cases of doubt which may occur, the Officers paying the Families shall represent the nature of the difficulty to the Superintendent of Family Payments, who will enquire into the circumstances and issue new Certificates authenticated by his signature, or sanction or withhold payment of the old, as shall appear to

him

him to be just, until reference can be made to the person on whose account the Certificate was issued.—Should circumstances render it necessary on such occasions, the Superintendent will submit the questions that may arise thro' the medium of the Commander in Chief, for the consideration of Government.

32d—In order that due provision of Funds may be made in regard to Family Payments, the Superintendent shall notify to the Military Auditor General on or before the 15th of each month, the particulars and amount for which he will have occasion to issue receipts in the following month, specifying the Stations and amount payable at each.

33d—The Superintendent shall keep copies of all the correspondence of his Office and regulate his Books in such form as may enable him at all times to state for the information of Government the amount due by each Corps, Department and Staff Office on account of Family Certificates, and to whom in all such cases responsibility may attach under these regulations for any deficiencies or differences between the amount of payments and stoppages.

34th—As in this particular branch of the Pay department many circumstances may occur to which these regulations do not apply, the Superintendent will from time to time suggest to His Excellency the Commander in Chief such modifications or additional regulations as experience may shew to be calculated to improve the system of his Office.

35th—When references to Government connected with the stoppages on account of Troops serving under other Presidencies may become necessary, they will be transmitted by the Superintendent thro' the medium of the Accountant General, with every necessary information to enable the Government to decide on the questions submitted.

36th—When Troops are proceeding on Field or Foreign Service (particularly the latter), it will be the Superintendent's special duty to communicate to Adjutants, Commanding Officers, &c. in writing, and also personally, if practicable, every necessary information for their guidance regarding Family Payments, adverting particularly to the Troops being paid by Paymasters of other Presidencies, to the removal of individuals from one branch of the service to another, and also to the removal of the Commanding and Staff Officers themselves, so as to enable them to adopt the most efficacious measures for preserving regularity in the accounts.

37th—Family Certificates will be payable in all cases at the periods prescribed for the payment of the Army.

38th—The proportion of the pay of Native Commissioned and

and Non-Commissioned Officers, Drummers, and Fifers proceeding on Field Service, to be appropriated monthly for the support of their Families shall not exceed half their net pay—that for the support of the Family of a Trooper shall in no case exceed six Rupees, nor that for the support of the Family of a Sepoy four Rupees per month.

39th—Native Troops proceeding on *Foreign Service* are permitted to leave Family Certificates for a proportion of their pay not exceeding two-thirds of the pay and allowances of the Native Commissioned, Non-Commissioned Officers, Drummers and Fifers, and six Rupees of that of the Privates and Puckallies.

40th—No stoppages will be made from the arrear of pay which may be due to Native Troops and Followers who may die on Service, on account of the broken period of the month in which such casualties occur. When European Non-Commissioned or Privates die before the 15th of a month no arrears can be due on their account as they are paid in advance, but if they die after the 15th, as the pay of the following month is in such case authorized to be drawn, the regular stoppages on account of Family Certificates are to be made therefrom, that is, the net pay only to which such individuals would have been entitled had they lived, will be issued for the subsequent month.

41st—All calculations relative to Family Payments will be made at the exchange of 45 Fanams to the Star Pagoda.

42d—It will be the special duty of the Superintendent to effect the earliest practicable adjustments of the accounts of Family Payments and to adopt such other measures as may be calculated to give efficiency to the Department placed under his charge.

43d—The Superintendent shall obey all orders which he may receive from the Military Auditor General regarding the duties of his Office.

44th—The Superintendent is authorized to frank Letters on the Public Service.

45th—Major Vans Agnew is appointed Superintendent of Family Payments.

46th—It having been ascertained that there are at present many Family Certificates in course of payment under this Presidency which were granted by Troops proceeding on Foreign or Field Service which has long since terminated, and also by Troops not now in a situation to entitle them to that indulgence; The Honorable the Governor in Council is pleased to direct that payment shall cease from the 31st Instant on all

all Family Certificates granted by other than the undermentioned Corps, Departments and Individuals, and that the future payment of the Certificates hereby authorized to be continued shall be brought by the Superintendent of Family Payments under the new system from the 1st of the ensuing month.

CHARGES—preferred by Lieutenant Colonel Campbell, Commanding Officer of His Majesty's 84th Regiment, against Captain John Carter of the same Corps.

1st—For conduct unbecoming the character of an Officer and a Gentleman, and particularly inconsistent with that consideration in which a Captain should be held by his men, in bartering with John Mayhall, Private Soldier in the Company under his Command, about the month of May 1813, four Bullocks, a Bandy and Counah Dooley for (40) forty Pagodas, subsequently reduced to 35 Pagodas.

pecuniary obligation to Private John Mayhall during a period of 11 months.

TRICHINOPOLY, *4th May* 1814 } (Signed) A. CAMPBELL, Lieutenant Colonel.

BY ORDER.

(Signed) T. H. S. CONWAY, Adjutant General of the Army.

SENTENCE—The Court having considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoner (Captain John Carter) has urged in his defence, and the evidence in support of the same, is of opinion that the Prisoner (Captain John Carter) is not guilty of the first Charge, and does therefore acquit him most fully and honorably of the same.

The Court finds the Prisoner (Captain John Carter) guilty in part of the 2d Charge, viz. "For irregular "conduct in borrowing about the month of May 1813, "the sum of 70 Pagodas of John Mayhall, Private "Soldier in the Company under his Command, but "not of an gentleman-like conduct as specified in the "Charges, and the Court acquit him most fully, and "honorably of all, and every other part of the Charge."

The Court having found the Prisoner guilty as above stated, does by virtue of the Articles of War established for the better government of His Majesty's Forces, sentence him (Captain John Carter) to be privately reprimanded in such manner as His Excellency the Commander in Chief may direct.

I APPROVE AND CONFIRM.

The following Extract from the confirmed Proceedings of the General Court Martial assembled in Fort St. George on the 6th of June 1814, of which Major General James Hate is President, are published to the Army.

CHARGE—preferred by Lieutenant Colonel Campbell, Commanding Officer of His Majesty's 84th Regiment, against Lieutenant John Salisbury Jones of the same Corps—Insubordinate, and highly disrespectful behaviour towards Major Daubeny, when exercising the temporary command of the Corps, on the Parade of the Regiment assembled

assembled under arms, and formed into a square, preparatory to reading the Articles of War, on the morning of the 17th May 1814, upon being reproved by Major Daubeny for the unbecoming manner in which he considered him (Lieutenant Jones) to have addressed him in the execution of his duty the preceding evening.

ADDITIONAL CHARGE—preferred against Lieutenant John Salisbury Jones of His Majesty's 84th Regiment.

For conduct highly unbecoming an Officer and a Gentleman in the following instance.

In having on the evening of Saturday the 2d Instant tampered with John Fraser, Private in His Majesty's 84th Regiment, who had been summoned as an evidence on the part of the Prosecution on his (Lieutenant Jones's) trial before a General Court Martial, by sending for the said John Fraser to a room in Fort St. George, and then and there giving him Liquor, and conversing with him in a manner calculated to unduly influence his testimony before the Court.

FORT ST. GEORGE, 4th July 1814. } (Signed) HENRY DAUBENY, Major 84th Regiment.

By Order,
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

SENTENCE.—The Court are of opinion that the Prisoner, Lieutenant Jones of His Majesty's 84th Regiment, is guilty of the 1st Charge preferred against him, but they do fully and honorably acquit him of all and every part of the Additional Charge.—Having found the Prisoner guilty of the 1st Charge, they do sentence him the said Lieutenant Jones, to be reprimanded in such manner as His Excellency the Commander in Chief may think proper.

(Signed) J. HARE,
Major General, and President of the Court Martial.
(Signed) W. ORMSBY,
Deputy Judge Advocate.

I CONFIRM. (Signed) T. HISLOP,
Lieutenant General.

The Commander in Chief could not feel himself justified in approving of the foregoing Sentence, deeming it totally inadequate

quate to the Crime of which the Court has found the Prisoner guilty: He regrets very much that his opinion, on a point of such importance, should be at variance with the Court, his being established on the rooted and confirmed principle in his mind, that the whole fabric of Military discipline is founded on the most scrupulous and undeviating practice of subordination, that is, in an invariable obedience and respect to Superiors. The slightest deviation therefrom is consequently, in his judgment, as great an offence as any Officer or Soldier can be convicted of.

He trusts therefore that the Prisoner, whom he is called upon, by the Sentence of the Court, to reprimand, will henceforth see the reprehensible act which he has committed, in the same light, and by a future strict adherence to that principle together with the most exemplary conduct in every other respect, he may endeavour to atone to the service, for the serious violation of which, to its prejudice, he has been declared guilty.

Captain Carter and Lieutenant Jones of the 84th Regiment, are released from their arrests and will return to their duty forthwith.

The following Extract of the confirmed Proceedings of the General Court Martial assembled at Bangalore on the 7th day of July 1814, of which Lieutenant Colonel George Neale, is President, are published to the Army.

CRIME.—Patrick Smith, Private in Captain Barnes's Company His Majesty's 89th Regiment, confined by me on the 2d June 1814, for mutiny, in the following instances,

1st—In having, on the evening of the 2d June, violently assaulted Corporal Sheldon in the execution of his duty, when ordered by me to confine him, for being in a state of apparent intoxication, on the Parade of the Company.

2dly—For attempting my life, by running furiously towards me, with a drawn Bayonet in his hand, and exclaiming "You Buggar I will do for you," or words to that effect.

Such conduct being in breach of the 5th Article 2d Section of the Articles of War.

BY ORDER. (Signed) J. GORDON, *M. B. King's Troops.*

SENTENCE.—The Court having maturely considered the evidence in support of the prosecution, together with what the Prisoner has urged in exculpation of his offence, is of opinion, that he is guilty of the 1st Charge exhibited against him. With regard to the 2d Charge it finds him guilty of running towards Lieutenant Bell with a drawn Bayonet in his hand, making use of expressions similar to those stated in the Charge and threatening to take his life, but it acquits him of having actually attempted to take away the life of Lieutenant Bell.

Having found the Prisoner, Patrick Smith, guilty in the above instances, it doth sentence him to receive five hundred and fifty (550) lashes on his bare back, with a cat of nine tails, in the usual manner, and to be afterwards placed in solitary confinement for the space of seven (7) calendar months; at such time and place as His Excellency the Commander in Chief may be pleased to direct.

FORT ST. GEORGE, 8th July 1814.

G. O. BY GOVERNMENT.

Lieutenant T. Jackson of the 17th Regiment of Native Infantry, who was announced in General Orders of the 12th of April 1814, as having obtained the usual prize for a high degree of proficiency in the Hindoostanee language, and had thereby entitled himself to undergo an examination in the Persian language, having been reported by the Military Committee of Examination to have established his claim to the further distinction for the attainment of that language proclaimed in General Orders dated the 17th November 1812: The Honorable the Governor in Council has great satisfaction in recording and publishing to the Army the sense entertained by the Committee of Lieutenant Jackson's merits, and in directing that the additional reward be accordingly presented to that Officer.

To His Excellency Lieutenant General

THE HONORABLE J. ABERCROMBY,

Governor in Council.

HONORABLE SIR,

We have the honor to acknowledge the receipt of the Letter from the Secretary to Government in the Military Department dated the 20th Ultimo, and in conformity with the instructions therein contained to report the result of our examination of Lieutenant Jackson of the 2d Battalion 17th Regiment N. I. in the Persian language.

Lieutenant Jackson's translation from Persian into English was performed with great accuracy—in his translation into Persian there are several orthographical errors, and several expressions repugnant to the idiom of the language; but in this respect we are disposed to make considerable allowances in as much as the paper which we gave for translation was more than ordinarily difficult.—With the exceptions above alluded to, we think that the translation in question is creditable to Lieutenant Jackson. It is written in a good hand.

In the colloquial part of the examination Lieutenant Jackson acquitted himself tolerably well; but we could wish to direct his attention to the attainment of a more perfect pronunciation.

Upon the whole we consider Lieutenant Jackson to have established

established his claim to the honorary reward, which we beg leave to recommend may be bestowed upon him.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief feels the greatest pleasure in recording the public acknowledgment of the satisfaction he derived from his Inspection and Review of the Rifle Corps yesterday at Pondamallee.

In the soldier-like appearance of Officers and Men, the propriety, as well as the perfect state of their equipments, united with the interior excellent order and economy of the Corps, he found it in every respect entitled to his approbation; but when he witnessed its steadiness in the field, the uniformity

and

and precision of its exercise, marching, wheeling, and [illegible]e, together with the intelligence and experience of the Officers and Non-Commissioned Officers (to which he particularly remarked), a combination of every well-founded motive called for the expression of his unqualified applause.

These sentiments, he consequently [illegible]ks it but due to the Corps, thus publicly to reiterate; wh[illegible] at the same time he avails himself of the occasion of adding thereto, the testimony of the high sense he entertains of the great merit of Major Munro, under whose Command it has, in so short a time, arrived at such a state of proficiency, and to whose unwearied attention and ability, supported by the laudable zeal of his Officers, the Military Establishment of this Government is indebted for so invaluable and important an acquisition.

The following Extracts from the confirmed Proceedings of a General Court Martial assembled in Fort St. George on Monday the 25th of July 1814, by virtue of a warrant from His Excellency the Commander Chief, and of which Major General Charles Rumley is President, are published to the Army, and the Court dissolved.

CHARGE—Preferred by Lieutenant Verner of H. M. 80th Regiment, against Ensign Henry of H. M. 86th Regiment.

For scandalous and infamous conduct unbecoming his character

character as an Officer and a Gentleman, when on board the Honorable Company's Ship Marquis of Huntly, on the voyage from England to India, in the following instances:

1st—For having adopted a plan of annoyance and insult towards Mrs. Verner my Wife, in kicking and knocking against the partition that divided my Cabin from his, Mrs. Verner, being at that time in a very bad state of health.

2d—In having used indelicate language with respect to Mrs. Verner, particularly on the morning of the 25th May, and again on the 26th May, after Lieutenant Verner had made an effort to stop the repetition.

(Signed) T. H. S. CONWAY,

SENTENCE.—The Court having considered the whole of the evidence that has been brought before it, is of opinion that the Prisoner (Ensign Henry of His Majesty's 86th Regiment) is guilty in part of the Charge exhibited against him in the 2d instance, viz. of very improper conduct "In having used indelicate language with respect to Mrs. Verner on the morning of the 25th and 26th May" but acquits him (the Prisoner Ensign Henry) of all and every other part of the Charge.

The Court having found the Prisoner guilty as above stated, does therefore sentence him to be reprimanded by His Excellency the Commander in Chief in such manner as he may be pleased to direct.

(Signed) J. NIXON, Dep. Judge Advocate. (Signed) C. RUMLEY, Major Gen. and President.

I APPROVE AND CONFIRM.
(Signed) T. HISLOP,
Lieutenant General.

The Commander in Chief has seen with infinite concern in the instances of misconduct of which the Court has pronounced Ensign Henry to have been guilty, a departure from those established principles which distinguish the refined manners of the Gentleman from those of an uneducated Individual, and therefore totally incompatible with such as in every Service, are considered to be inseparably blended with the Military profession.

Ensign

Ensign Henry can under no point of view or consideration be borne out in the indelicacies of which it was proved he was culpable for the purpose of wounding the feelings of a Lady, the Wife of a Brother Officer, and the Commander-in Chief in conveying this reprimand for that offence to Ensign Henry, conceives it may not be to his future prejudice that he should be aware, that had it occurred under the immediate cognizance of His Royal Highness The Commander-in Chief, the conviction thereof before a Court Martial would (in addition to the punishment which would have been awarded) not have failed to have subjected him to the severe penalty of incurring His Royal Highness's highest displeasure, so much is His Royal Highness alive to every circumstance which can call in question the private or public conduct of any Officer having the honor to bear a Commission in His Majesty's Service.

The Court of Enquiry of which Major Munro is President, is dissolved.

Cornet Hyslop is posted to the 3d Regiment Light Cavalry and Cornet Gahagan to 5th, to complete the Establishment.

The

The repeated instances which have occurred of Courts Martial on Native Officers for the disgraceful crime of drunkenness have not failed to attract the serious notice of The Commander in Chief. He therefore adopts the present occasion to express the extreme concern and displeasure which the prevalence of this offence amongst them has occasioned in his mind.

His Excellency by no means, however, intends by this observation to convey an indiscriminate censure on the whole of the Native Officers, as he is fully impressed with the belief, that by far the greatest proportion of them view the crime in question with the indignation it deserves, at the same time addressing himself distinctly to those who may unfortunately have addicted themselves to this practice, he thinks it proper to apprize them, that he is determined in no instance to extend his pardon to any one who may be hereafter convicted thereof before a General Court Martial and adjudged accordingly.

This Order to be explained to every Native Corps at *three* successive Parades.

The following Extracts from the confirmed Proceedings of a General Court Martial held at Masulipatam on the 29th day of August 1814, by virtue of a warrant from His Excellency Lieutenant General Sir Thomas Hislop, Baronet, are published to the Army.

SENTENCE on the Trial of Lieutenant Kirkland of H. M. 86th Regiment.

The Court having duly considered the evidence adduced in support of the prosecution, as well as that [illegible] Prisoner

Prisoner has urged in his defence, is of opinion with regard to the first Charge that he, Lieutenant Kirkland, is guilty of conduct unbecoming the character of an Officer, in lifting his foot against Lieutenant Sandon on the 25th of April 1814, and in telling him at the same time that he had no more the manners of a Gentleman than a Cow; but not without provocation as stated in the Charge. The Court acquits the Prisoner of un-gentlemanlike conduct, and every other part of the Charge.

The Court is of opinion that the 2d Charge has been substantiated, and the conduct of which the Prisoner has been found guilty, being to the prejudice of good order and Military discipline, the Court does therefore by virtue of the Rules & Articles for the better government of His Majesty's Forces, sentence him, the said Lieutenant Kirkland, to be reprimanded by the Commander in Chief, in such manner as His Excellency may deem proper.

G. O. BY GOVERNMENT.

Para. 1st—The Right Honorable the Governor in Council is pleased to establish the following Regulations in addition to those published in General Orders dated the 12d July last, for the conduct of the Family payments of the Army.

2d—

2d—It is to be considered a general rule that Rolls of all Casualties, arising in the option or private convenience of the Parties interested shall be despatched so as to reach the Superintendent on or before the 20th of the month preceding that, in the payments of which they are intended to occasion alterations.

3d—Casualty Rolls of the above description omitted to be sent off in time to be received by the Superintendent on or before the date specified in the foregoing Paragraph, shall not have any effect on the amount of the stoppages to be made from the Abstracts of Corps, &c. payable in the next month, but will lay over for the following month.

4th—All Persons granting and holding Family Certificates are to be cautioned to give timely notice to their Corps, as well as to the Officers in charge, of the Families at the Stations where they may reside, of the intended removal of the Families from one place to another (a practice, however, which should be discouraged as much as possible), or of any other circumstance affecting their certificates. Should they neglect to do so, it is to be clearly understood, that the stoppages for their certificates must be continued, and that the risk and difficulty of recovering any amount overpaid will devolve on them, and not on the Public, which in granting the indulgence of this favourable mode of remittance to the Troops, shall not be subjected to any loss or embarrassment from the negligence of the Parties availing themselves of it.

5th—Under this Regulation all Casualty Rolls of the description referred to should be despatched by Corps, &c. in the Deckan on or before the 10th of each month, and it will be proper that Adjutants of Corps, Commanding Officers of Detachments, and Heads of Departments should decline to forward any Rolls not given in to them before that date, until the following month.

6th—Corps, &c. on Foreign Service, or in distant situations in the Field in India, must allow ample time for their communications to reach the Superintendent before the usual stoppages on account of their Family Certificates shall be reduced or discontinued.

7th—Rolls of Casualties arising from public causes, viz. deaths, desertions and removals from the Service, either by discharging, invaliding, or pensioning, must of course be despatched on the day on which such occurrences may take place; but the date and occasion of the Casualty are in these cases to be particularly stated in the Rolls.

8th—The copies of Receipts alluded to in the 10th Paragraph

graph of the G. O. of the 22d July last, shall in future be attested by Paymasters themselves.

9th—Casualty Rolls need not, under the 12th Paragraph of the above Orders, be transmitted to the Officer Commanding the Troops at Fort St. George, the Superintendent being on the spot, and the copies sent to him being therefore sufficient.

10th—Such new forms as the Superintendent may find it necessary to direct from time to time, shall be observed by all Officers concerned in family payments.

11th—Arrangements to be made in all cases of Men absent from their Corps or Departments for the amount of their Family Certificates being included in the monthly remittances to the Superintendent from the Adjutant or Officer Commanding or in charge.

12th—It having been represented in reference to the 23d Paragraph of the G. O. 22d July 1814, that the Officers paying Family Certificates may have frequent occasion (in order to prevent confusion of accounts) to remit small sums of money from one Station to another; these Officers are authorized in such cases, on paying the amount into the Paymasters hands, to obtain Bills on the Accountant General at sight for such sums, the particulars of the remittances to be in all cases notified to the Superintendent.

By order of the Right Honorable the Governor in Council.

G. O. By Government.

The present indiscriminate reception of claims to Pensions on the part of Persons stating themselves to be the nearest Heirs of Native Soldiers deceased on Foreign Service, or killed in action, being found to be open to much abuse and to be productive of great public inconvenience; The Right Honorable the Governor in Council is pleased to direct,

1st—That no claims on the part of the Heirs of Native Soldiers who may have lost their lives on Foreign Service, or in action, shall be admitted, if preferred later than three years after the occurrence of the casualty on which the pretension is founded.

2dly—That all claims on account of Native Soldiers deceased on Foreign Service, in the Eastern Islands prior to the restoration of the Dutch Settlements in 1803, or on Ceylon prior to the return of the Coast Troops from that Island,

Island, which may not already have been brought forward (if any such exist) shall be rejected, if not presented for investigation before the 1st January 1815.

FORT ST. GEORGE, *28th October* 1814.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to publish the following Extracts of Letters from the Honorable the Court of Directors, for the information of the Army.

Letter dated 3d September 1813.

To England 6th February 1810. 69.—Explanation furnished relative to

14. "In authorizing the extension of His Majesty's indulgence to Wounded Officers, to Officers in our Service, w intended

the donations granted to Wounded Officers."

we direct that in future such donations be limited to a grant of one year's pay only."

intended to confine ourselves strictly to the practice of His Majesty's Army; and

15. "The remark of your Military Auditor General "that it was a generally received idea that a Captain's pay and allowances of gratuity and half batta, is considered as forming a part of his regular pay and subsistence," we consider to be incorrect. By pay, or subsistence as it is sometimes called, we always understand and mean pay only; exclusive of gratuity, batta, or any other allowance. We desire your attention to this remark in future."

147 & 8. "Application from the Managers of the Military Widows' Fund for passage money for the Widow of the late Reverend Dr. Kerr rejected for reasons stated—The sum of 371 Star Pagodas 9 Fanams 12 Cash on account of her pension paid into the Treasury by the Secretary to the Military Board."

26. "Your resolution on this subject was entirely proper."

27. "Having in our Military Letter dated 9th of May 1810, Para. 5, authorized you to make a very liberal annual contribution to the Military Fund, one of the objects of which was to provide a passage to Europe for the Widows and Children of Officers dying in distressed circumstances; we do not expect to have any further demand made upon us for these purposes."

300—Surgeon Alfred Jones having exceeded his furlough by 12 months, his name struck off the Medical List.

67. "In our Military Letter to Bengal dated 27th February 1811, Para. 48, we directed that in all cases of Officers exceeding their furlough to Europe their names should be continued on the strength of our Army, until our directions should be signified respecting them; we intended that this Regulation should apply to Surgeons and Assistant Surgeons, as well as Officers, and we direct that hereafter it be so construed and applied at all the Presidencies.

68.—"With respect to Mr. Alfred Jones, as he has not returned to his duty according to our directions, we acquiesce in our Resolutions respecting him."

372 to 5. "Death of the Physician General, Doctor James Anderson, and appointment of Doctor Terence Gahagan to be President of the Medical Board with the title of Physician General."

82. "In consideration of the very long and meritorious services of Doctor Gahagan, we shall make no objections to your having permitted him to retain the title of Physician General during the time of his continuing at the Head of the Medical Boards."

83. "Doctor

83. "Doctor Gahagan having now retired from the Service, the title of Physician General will of course be discontinued, in compliance with our former directions."

527. "Memorial from Lieut Hanson who was transferred from the Establishment of St. Helena, on the subject of his rank."

125. "A reference to the 4th Class of Cadets of the Season 1804, in which Mr. Hanson stands second, will enable you correctly to adjust the rank of that Officer."

652.—"Lieut. Colonel Montresor having offered his house at Secunderabad for sale as a proper quarter, the Commanding Officer at that Station, authorized the purchase, amount Pagodas 3,000."

151. "We do not perceive any just principle upon which the purchase of Lieutenant Colonel Montresor's House at Secunderabad could be made."

152. "Lieutenant Colonel Montresor himself states indeed that it is the custom both at your Presidency and at that of Bombay to furnish Officers situated like himself with houses.—We were not acquainted with any such custom, and must entirely disapprove it."

153. "All Officers in the situation of Lieutenant Colonel Montresor receive full batta and tentage, and in most cases, if not in all, even the batta of the next superior rank.—There can therefore be no just plea for this additional accommodation at any of the Presidencies (none such is made in Bengal), and we direct that it be immediately withdrawn not only at Secunderabad but at all other places."

"Reply to separate Letters dated 28th December 1810, 12th February 1811; and 29th Feb. 1812."
"Revision of Staff appointments and Institution of a Commissariat.—Refer to the Minutes of the President and Commander in Chief and to the Drafts of the General Orders and Regulations for the Staff."

184. "We have perused, with the highest degree of satisfaction, the very able Minutes of Sir George Barlow, and Lieutenant General Hewett, on the important subjects detailed in this Letter, & in your Military Letters of the 12th February 1811 and 29th February 1812, and we are satisfied that the Company have derived, and we hope will continue to derive, the most extensive advantages from the establishment of a Commissariat, and the other arrangements treated of in these Letters."

185. "From your Letter of the 29th February 1812 it appears that the savings effected by the Commissariat in one year amounted to Pagodas 1,66,283, and that still greater annual savings may be hereafter expected."

186. "Under these circumstances we feel ourselves called upon to express, in very strong terms the deep sense of

of obligation which we feel to the late Commander in Chief in India, Lieutenant General Hewett, for having suggested and carried into effect the Institution of a Commissariat in Bengal, and at your Presidency, an arrangement which has been extended to Bombay, to the great improvement of the efficiency of the Army, as well as a material reduction of its expenses at all the Presidencies."

187. "Your Commissary General Major Morison, is also entitled to our highest approbation for the eminent zeal, ability and success with which he has carried the Commissariat arrangements into execution."

188. "The only part of those arrangements upon the propriety of which we entertain any doubt, is your resolution to give official rank to the Commissary General with a Seat at the Military Board."

189. "From the Bengal correspondence we perceive that a similar arrangement took place on the Institution of a Commissariat at that Presidency.—This might perhaps, however, have been induced by the circumstance of that Officer, who was selected for the Office of Commissary General having already the official rank of Lieutenant Colonel, together with a Seat at the Military Board in virtue of his former Office of Quarter Master General, from which it might not have appeared adviseable to remove him."

190. "We perceive, however, that on the extension of the Commissariat system to Bombay, the Officer appointed to the head of it, although allowed the official rank of Major was not made a Member of the Military Board at that Presidency."

191. "We have already expressed our opinion that there exists no adequate reason for giving official rank to the Military Auditor General at any of the Presidencies, and we have in consequence directed it to be withdrawn at Bombay, and declined granting it in Bengal."

192.—"We are also of opinion that there is no necessity for conferring official rank on the Commissary General, and we accordingly direct that it be not hereafter granted to that Officer. We shall not, however, order it to be recalled in the present instance."

"With respect to giving the Commissary General a Seat at the Military Board, we are of opinion, that it is objectionable upon the general principle, that no Officer should sit in judgment or be called upon to act as a check and Controul over his supplies, and we are not aware of any advantage

advantage likely to arise from such an arrangement which would at all counterbalance the infringement of this principle.—We therefore direct that the Commissary General be not allowed a Seat at the Military Board."

Letter dated the 1st April 1814.

2.—" Having had occasion to transmit to the Presidency of Bengal several Orders that are equally applicable to your's, we send a Copy of them herewith a number in the Packet, and direct that they be strictly attended to at your Presidency also."

3.—" From the testimonials produced to us in favor of the character of William Sidney Mitchell, late Serjeant in the Carnatic European Veteran Battalion on your Establishment; we have been induced to permit him to return to your Presidency, with a view to your employing him as a Serjeant should you see it proper so to do."

Para. 9. " We entirely approve the Orders which you have issued, directing that the accounts of the Commissariat, and of the several other important Departments enumerated in your Proceedings shall be rendered upon oath, and that all persons entrusted with the disbursement of public money in the Military Department shall be liable to be called upon to verify their respective accounts in the same manner."

" (1&2), Apprehensive that the Act of 1793, applies to Colonels as well as other Officers on leave of absence, and request Court's attention to the consequences of those Officers remaining in England beyond five years."

Para. 44. " We are aware of the circumstances here pointed out, but having by our Military Letter dated 20th April 1803, (Para. 4 & 5), directed that " Colonels of " Regiments be allowed to reside in " Europe with their share of off-reckonings " and their pay, subject always to the " Court's orders for their return to their " duty in India." We positively prohibit your making any promotions in the room of Colonels so situated, without our express orders for that purpose."

Extract Military Letter to Bengal, dated 9th September 1812.

" Letter from 27th March 1809. (755 & 6.) Memorial from several Gentlemen of the Medical Department, praying that Members of the Medical Board and Superintending Surgeons may be permitted to retire at any time after they have attained those situations, on the pensions annexed to them, provided they have completed a period of 25 years in India including three years of Furlough, in the same manner as Military Officers;—strongly recommended to Court's favor and adoption."

Para. 261. " We were not insensible of the apparent hardship of the present Regulations relative to the retirement of Members of the Medical Board, and Surgeons of General Hospitals, (now Superintending Surgeons) at the time those Regulations were made; but we were of opinion that the public interest required that a certain period of service in the situation of Member of the Medical Board, and Surgeon of General Hospitals should be completed before the Medical Gentlemen succeeding to those situations should be entitled to retire on the augmented pensions fixed for those ranks. We are still of the same opinion."

262. " In consideration, however, of your earnest recommendation of the case of Medical Gentlemen so situated, we agree to the following modification of our Orders contained in Paras. 96 & 7 of our Military Letter dated 8th January 1796."

263. A Member of the Medical Board who shall have been in that situation not less than two years, and not less than twenty years in India, including 3 years for one furlough, shall be permitted to retire from the Service and allowed five hundred Pounds per annum.

264. " A Surgeon of a General Hospital (or Superintending Surgeon) who shall have served in that situation not less than two years, and not less than twenty years in India, including three years for one furlough, shall be permitted to retire

retire from the service and allowed three hundred Pounds per annum "

"Letter from 27th March 1809.

(799.) Captain C. Maxwell 24th N. I. directed to be considered as having relinquished the Service from the 26th January 1807, being five years from the date of his quitting India.

(800.) Surgeons Nasmyth Hare, Gilchrist and Mr. Assistant Surgeon Rose having exceeded the period of absence from India prescribed by Court's orders, struck off the strength of the Army.—Promotions in consequence to have effect from the 8th February 1808."

Para. 305. "In our Military Letter to Fort Saint George, dated 23d January 1811, Para. 162, (Copy of which was sent for your information & guidance with our Military Letter to Bengal dated 22d February 1811.) we directed that the names of Officers and Surgeons absent on furlough to Europe, should not be struck off your Army List without authority from us."

307.—With a view to your obtaining early and correct information of the death, resignation, or extension of furlough of every Officer, or Surgeon on furlough to Europe, we have resolved to transmit to each of the Presidencies, by the last Ships of each season, a return of all Officers and Surgeons at home with our permission, and we direct that the promotions of Officers and Surgeons in India, in consequence of vacancies occurring in Europe, be hereafter regulated by these annual Lists."

308. We shall not, however, object to the promotions notified in these Paragraphs in consequence of the long and unaccounted-for absence of the Officers and Surgeons mentioned in them, most of whom have neglected to announce to us their resignation of the Service within the proper period."

309. "We shall hereafter in our annual Lists give directions as to the time at which Officers and Surgeons so neglecting to report themselves to us shall be considered as having relinquished our Service."

"Letter from 31st October 1810.

(181.) Officers retained in the custody of the Civil Power to be allowed the pay, half batta, gratuity and half tent allowance of their respective ranks."

158. "We shall not object, however, to your allowing Officers confined for debt the pay, half batta and gratuity of their respective ranks for one year from the date of their confinement, after which we direct that they be allowed to draw their pay only."

162. "We direct you to notify in General Orders to the Army, our resolution to dismiss from our Service every Offi-

cer

cer who shall be proved to have been guilty of cruelty to any Native, either by violently and illegally beating or otherwise maltreating him, and we desire that you will be very particular in bringing to our notice any instances of that kind that may hereafter occur."

(182.) Claim preferred by Captain Andrew Fraser 25th N. I. for arrears of pay during his late furlough to Europe admitted on the principle of Court's Orders of 28th Aug. 1800."

Para. 163.—"Being willing on every occasion, to grant all reasonable indulgences to our Officers, we shall not object to the interpretation which you have given to our Orders of the 28th August 1800, in favor of Captain Fraser's claim, and we consent that all Officers shall be allowed to draw the pay of their respective ranks during one furlough to Europe on their private affairs, exclusive of the pay allowed them in cases of certified sickness."

"Letter from 12th February 1811.
(29) Memorials from Major Morrell of the 27th & Captain Henley of the 24th Regiments, soliciting Court's enforcement of the Regulations, that Officers who retire from the Service, may be considered as having retired from the expiration of their furlough, namely, two years, unless they should be permitted to retire at an earlier period."

Para. 25.—"Having taken these memorials into our consideration, we have come to a resolution that all Officers retiring from our Service shall be considered to have retired from the date of the expiration of their respective furloughs, or from the date of their respective resignations, whichever shall first happen."

26.—"Therefore Officers retiring from our Service after two years furlough will be considered to have retired at the expiration of two years from the date of their landing in England, unless they shall previously have obtained from us an extension of their furlough; and Officers who shall retire after having obtained such extension of furlough from us, will be considered to have retired from the date of the expiration of such additional furlough."

"Letter from 3d December 1811.
Submitting a memorial from Major General Palmer in behalf of himself & the other Major Generals of the Bengal Establishment who are not employed on the Staff, soliciting the restoration of the batta of Colonel."

Para. 92.—"Being at all times willing to shew every proper degree of indulgence to old and meritorious Servants, we authorize you to allow the Major Generals in our Service whilst residing in India, but not employed on the Staff, to draw the batta of their regimental rank in addition to their pay and off-reckonings, when entitled to the latter allowance."

93.—"This

"Letter from 25th February 1811 (1 to 7), Major General John Gustin continued in command of the Corps of Engineers notwithstanding his promotion.

93.—"This allowance to commence from the date of its notification in General Orders."

Para. 128. "Having reconsidered our former Orders on the subject of the employment of General Officers of Engineers and Artillery (as contained in Paras. 88 to 93 of our Military Letter to Bengal dated 12th July 1805), we have for the following reasons, as well as those stated in the Paras. to which we are now replying, resolved to alter the Regulations heretofore laid down on that subject."

129.—"The operation of the Military arrangements of 1796, which regulates the promotion of Officers in our Service (after attaining the rank of Lieutenant Colonel) by the General Brevets issued by His Majesty, necessarily throws out of active employment all those Officers of the Line who attain the rank of Major General, and who are not selected to fill the situations and to exercise the duties of General Officers on the Staff."

130.—"It was an erroneous extension of this rule, we conceive as applied to the Corps of Artillery and Engineers, which led, in its consequences to the occasional nomination of Officers of these Corps to be Generals on the Staff, not only to the prejudice of the Officers of the Line, but to the obvious disadvantage of the Public, by detaching them from those branches of the Service in which their experience was likely to be most useful."

131.—"We understand that, although it is not the practice of His Majesty's Service to invest the Officers of Engineers and Artillery with the Command of Districts, yet neither is it the practice to exclude them altogether from employment, after they have attained the rank of General Officers.—In this rank they are still eligible to be called into service and to exercise the functions of Command, limited, however, to the duties and details of their own particular Corps."

132.—"Under these considerations we have thought it advisable to annul the existing Regulations on this subject, both as they respect the eligibility of Officers of Artillery and Engineers to be employed on the General Staff, and the prohibition against their continuing to conduct the details of their respective Corps after promotion to the rank of General Officer."

133.—"We therefore direct that no General Officer of Engineers or Artillery be hereafter put upon the General Staff

of

of the Army, but that you select from among the General Officers of Engineers and Artillery, and the Officers actually at the head of those Corps at the time, whether General Officers or not, such Officers as you may think most fit to conduct the duties of those Corps respectively."

134.—" Such General Officers of Engineers and Artillery will of course be relieved every four years, according to the practice which prevails among the General Officers of Cavalry and Infantry selected for the Staff, unless some special reason shall occasionally exist for deviating from this rule, of which of course you will duly advise us."

135.—" With a view to prevent any interference with the Command of Officers on the General Staff of the Army, we direct that when General Officers of Engineers or Artillery shall be appointed to the Command of their respective Corps, they shall be stationed in the Garrisons of Fort William, Fort St. George and Bombay respectively."

136.—" As the duties of the Officers in charge of the Engineers and Artillery, will be exactly the same whether General Officers or not, we direct that no addition be made to the allowances at present drawn by the Commandants of either of those Corps."

137.—" On this occasion we think proper to repeat our Orders of the 8th January 1796 and 21st January 1807, that " the Officer in charge of the Engineer Corps, shall have no " concern whatever in Public Buildings or Works or in the " materials used therein," and to direct further, that if any Officer succeeding to the charge of the Engineer Corps shall at the time of such succession have any concern of that nature, he be immediately relieved from it."

138.—" You will consider these Orders as having effect from the date of your receipt of this Letter, a Copy of which we desire you will send to the other Presidencies for their information and guidance."

" Letter from 25th February 1812—(8). Major George Hickson Fagan appointed Adjutant General with the official rank of Lieutenant Colonel, vice Lieutenant Colonel Ball deceased.

Para 139.—" Having taken into our most serious consideration the numerous instances which have lately occurred of appointing Officers of short standing and of interior rank to the most important and distinguished situations in our Military Service, and being convinced that such a practice is no less injurious to that subordination of mind on which discipline is founded than it is prejudicial to the interests and hurtful to the feelings of old and deserving Officers, we have come to the following resolutions."

1st.—" No

1st.—" No Officer shall be eligible to hold the situation of Adjutant or Quarter Master General, Military Auditor General, or Commissary General, who has not previously attained the rank of Major in the Army, either regimentally or by the operation of His Majesty's Brevet."

2dly.—" No Officer shall be eligible for the appointment of Deputy Adjutant or Deputy Quarter Master General, Deputy Military Auditor or Deputy Commissary General, who has not been at least two years a Captain."

3d.—" No Officer shall be appointed to the situation of Assistant Adjutant or Quarter Master General, who has not attained the rank of Captain."

140.—" We observe by your last Army List that Major Fagan is second Captain in the 25th Regiment of Native Infantry, and that his rank of Major was merely official, he having for some time held the office of Deputy Adjutant General of your Army."

140.—(A) " Under the Regulations above prescribed Major Fagan would not have been eligible to the situation of Adjutant General, and we should have been glad that so important an Office had been conferred upon some Officers of longer standing in our Service."

141.—" As, however, we understand Major Fagan to be a very meritorious Officer, that he officiated for some time as Acting Adjutant General and that he lost an arm on service, we shall not think it necessary to enforce the Regulations now laid down in his instance, but content ourselves with enjoining your strict attention to them on all future occasions."

142.—" We shall probably resume the consideration of this subject at no very distant period, with a view to the more extensive application of the principle now laid down for your guidance. In the mean time, we desire that you will send a Copy of these Paragraphs to the other Presidencies for their information and guidance."

Letter from 8th June 1812. (1 to 3). Requesting Court's early attention to the sentiments of the Commander in Chief on the inconveniences arising from their Orders of 7th September 1808, directing "that Officers should not be allowed to retire

Para. 212. We have perused with attention the Adjutant General's Letter of the 14th March 1812, referred to in these Paragraphs, and for the reasons stated in that Letter, we authorize you to allow Officers to retire from the Service in India on the pay of their respective ranks, after they shall have completed the regulated periods of service."

213. " On all occasions of this nature, you

"In India," and that the same may be revised; also the Regulations for allowing Furlo' to Europe.

you will be careful strictly to observe the Regulations laid down in our Military Letter of the 6th June 1798, (Para. 31), for the purpose of preventing the clandestine sales of Commissions, our apprehensions of which formed the chief ground of our Orders of the 7th September 1808, now cancelled."

214. "With regard to the observations in the Adjutant General's Letter on the subject of furlough, we have to observe that we have from time to time, imposed additional checks upon this indulgence and laid down rules which, we trust, will be effectual in preventing its abuse among Officers at home; and it is the duty of our several Governments in India to see that there is no abuse of it there."

215. "The case of Lieutenant Colonel Gahan, as stated in the Adjutant General's Letter (Paras. 17 to 22), is an instance of the abuse of the indulgence of the Furlough Regulations in India, which ought therefore to have been checked by the Commander in Chief in the same manner as similar abuse, when attempted by Lieutenant Colonel Hunter, was checked, as described in Paras. 23 to 6 of the same Letter."

216. "With respect to the cases of Lieutenant Colonels Pine and Broughton, we shall only remark that the latter was employed on duty, by our Orders at St. Helena, and cannot, therefore, with any justice or propriety be struck off the List of our Army; and that the former of those Officers, Lieutenant Colonel Pine, is detained as he represents, and as we believe very much against his inclination, a Prisoner in France."

217. "In addition to the Regulations on the subject of Furlough which have been at various times passed by us and communicated to you, we have come to the following resolutions, and we are not aware that any further Regulations are necessary or can with propriety be added to those now in force," viz.

That in future whenever the absence of a Military Officer from India shall exceed the period of his regular furlough, no further leave of absence shall be given to him, upon the mere production of a medical certificate, or other unauthenticated statement of circumstances, but that previous to such leave being granted, proof of the statement made by the Party in support of his application shall be adduced to the Committee of Correspondence, by personal examination or by such other evidence as shall be deemed fully satisfactory to the Committee.

218. "Also that Military Officers wishing to avail themselves

themselves of the Provisions of the Act of the 33d of His present Majesty, (Sec. 70, Cap. 52), as to the time of absence after which Civil, and Military Officers may return to our Service, must arrive in India within five years from their departure from thence, or otherwise they will not be entitled to any pay, rank or military authority; unless they shall have permission from us to return to India, having previously proved to our satisfaction and to that of the Board of Commissioners for the affairs of India, that their absence was occasioned by sickness or infirmity, or some inevitable accident."

Letter dated 29th April 1814.

2d, "In our Military Letter dated 12th March 1813, we conveyed to you (Paras. 2 and 3) our decision and Orders on the cases of some of your Officers who had relinquished, and of others who had been dismissed from the Service, in consequence of their reprehensible conduct in the late disturbances at your Presidency; and we have now to advise you that having reconsidered the case of Major D. C. Kenny one of the Officers adverted to in those Paragraphs, and having also taken into consideration the case of Lieutenant Colonel Robert Munro, we have come to the following resolution."

3d. "Although Lieutenant Colonel Robert Munro and Major D. C. Kenny, appear to have been deeply implicated in the criminal proceedings of part of the Madras Army in the year 1809, and to have thereby rendered themselves unworthy of our notice, yet having taken into our consideration the testimonies in favor of Lieutenant Colonel Robert Munro by his Commanding Officer, and the strong recommendation of the Court Martial in favour of Major Kenny, as well as the contrite and penitent acknowledgment of both those Officers and the punishment which they have already undergone, we have resolved that, as a special mark of the Court's lenity, Lieutenant Colonel Robert Munro and Major D. C. Kenny be now restored to the Service and resume their former rank in it."

4th.—"Colonel Thomas Munro having been detained in this Country by our orders beyond the time limited by Act of Parliament, has our permission to return to his rank on your Establishment.—This permission has been sanctioned by the approbation of the Board of Commissioners for the affairs of India, in conformity to the Act of the 33d of His present Majesty, Cap. 52, Sec. 70."

5th.—"Captain Patrick Wood of your Establishment, retired from the Company's Service (with our permission) from the 1st of February 1814,"

11th.—"We

11th.—" We have permitted the undermentioned Military Officer on your Establishment to return to their rank, viz."

" Lieut. Colonel John Crosdill
" Major T. Fiott De Havilland
" Major David Newall
" Captain Peter D. Marett
" Captain Johnston Napier
" Lieutenant Charles Gahagan
" Lieutenant Humphrey S. Hall
" Lieutenant Robert Gray
" Lieutenant Glencairn Gill
" Lieutenant John Newall
" Lieutenant William Chavasse
" Ensign Charles Maxtone."

12th.—" We have permitted Mr. George Jenkins, whose name is included in the list of rank of Artillery Cadets advised in our Letter of the 22d February last, to remain in this Country to qualify himself for the Corps of Engineers.—We therefore direct that you erase the name of George Jenkins from the list of rank abovementioned."

Letter dated 29th April 1814.

"To England 15th March 1811. 89. From the failure of Messrs. Chase & Co. the sum due from them on account of Columbo prize money will only be recovered as directed in part."

3.—" With a view to prevent losses of this kind to the Company hereafter, as well as with a view to the security of the interests of our Officers and Soldiers, we direct that the proceeds of all Prize Property be in future lodged in the Treasury; and we authorize you to allow such a rate of Interest on these sums as shall at the time of deposite appear to be equitable and proper."

650 & 31. Captain Owen and other Officers of his Majesty's ship Seaflower granted arrears of batta during their captivity until the 15th August last, the day on which their pay as belonging to that Vessel, ceased."

119.—" The Orders which were communicated to you in Para. 9th of our Military Letter to Bengal dated 16th February 1810, (Copy of which we forwarded with our Letter in this department dated 23d January 1811), relative to the allowances to be made to Officers in our Service detained Prisoners of War, were intended to be equally applied to Officers serving in His Majesty's Army or Navy, in India. We direct that all cases similar to Captain Owen's be hereafter decided by those rules."

"To England 13th April 1811. 5. Military Board's reply to certain Paras. of Court's Letter of 21st April 1809, forwarded."

171.—" The explanations of the Military Board upon the several subjects referred to in this Para. preclude the necessity of any further observation upon them, except upon that which relates to the

the supplying Officers with Quarters at certain fixed rents."

172.—"We conceive it to be highly improbable that the Company can supply Officers with Quarters at as low a rate as they can supply themselves, even if the Quarters were always occupied and the rent consequently permanent."

173.—"We are also of opinion, that if even the expense of repairing the Quarters for Officers at Wallajahbad and other places were covered by the rent received, it would still be desirable to relieve the Military Board and the Government from an unnecessary superintendence of Buildings, which the Officers can with equal facility take care of themselves."

174.—"Upon these principles the Government of Bengal some years ago directed all Officers Quarters not situated in Garrisons or fortified Posts to be sold, and we have every reason to suppose that the Company has benefited by that arrangement."

175.—"We observe also that your Military Board themselves remark (Para. 10 of their Letter dated the 11th March 1811,) that "at Stations where there are no Public "Quarters the Officers of the Army generally erect houses "for their own accommodation, and there can be little "doubt but that this measure is conducive to the health "and consequent efficiency of the Army."

176.—"We therefore direct that all Quarters erected for Officers at Posts not fortified under your Presidency, be sold at such rates as may be recommended by the Military Board and approved by you."

By order of the Right Honorable the Governor in Council.
