G. O. BY GOVERNMENT.

The following Extract from a Report of the Committee for the examination of Military Students, dated 31st May 1816, is published for general information.

" In the more easy task of translating from the Native into the English Language, the whole of these Gentlemen displayed the utmost excellence of which such an exercise is susceptible, that of rendering the sense of the original with entire correctness. In the comparatively arduous labour of translating from English, although the whole acquitted themselves with great respectability, there were many shades of difference. The translations of Lieutenant Isacke into Persian were executed with uncommon elegance of style, and accuracy of idiom ; and when we add that with this merit was united, a pronunciation particularly excellent, we consider that we are doing no more than justice to the abilities of this Gentleman, in placing him amongst the highest of the candidates for the honorary reward.

" The acquirements of Lieutenant Garnault in the Persian Language, though very respectable, are of an order entirely different from

from that of Lieutenant Isacke. The translations of the former Gentleman are as remarkable for clearness and perspicuity, as those of the latter for elegance and idiom. We consider, however, that it is no small praise to Lieutenant Garnault, to have acquired so excellent a practical style of language, in a period of less than five months, during which, alone, it appears that his attention has been exclusively directed to the acquisition of the Persian,—the pronunciation of Lieutenant Garnault is exceedingly good.

"The translations of Lieutenant Hodges and Lieutenant Willows into the Hindoostanee Language, were executed in a very creditable style, and free from error; in that of Lieutenant Ogilvie's there were some trifling inadvertencies, but the general execution of his task was liable to no exception. In the colloquial part of the examination, Lieutenant Ogilvie had the advantage of the other two candidates, but the pronunciation of both these Gentlemen was sufficiently accurate.

"We take this opportunity of reporting that Lieutenant Mackintosh, of the 2d Battalion 14th Regiment Native Infantry, to whom we paid so high an encomium for his skill in translation, in our Report under date the 17th February, but with some exception to his pronunciation, having again appeared before us, we have now great satisfaction in stating that his improvement in the latter particular, is such as to establish the claim to the usual honorary reward; to which we accordingly beg leave to recommend him, as well as the five other Officers, of whom we have had occasion to make such honorable mention in the present Report."

The Right Honorable the Governor in Council has great satisfaction in conferring on Lieutenants Isacke of the 13th, Garnault of the 25th, and Mackintosh of the 14th Native Regiments, the additional distinction for the acquirement of the Persian Language established by the General Orders of the 17th November 1812, and in directing, that the usual honorary reward for the proficiency in the Hindoostanee Language, be presented respectively to Lieutenants Willows of the 25th, Hodges of the 22d, and Ogilvie of the 2d Native Regiments.

By order of the Right Honorable the Governor in Council.

G. O. BY GOVERNMENT.

Ensign A. Grant of the Engineers, Lieutenant W. F. Lewis of the Artillery, and Lieutenants R. Young and James M'Donald of the 25th Regiment of Native Infantry, having been examined in the Persian Language, and Ensign W. T. Drewry of the Engineers in Hindoostanee ; and the Committee of Examination having reported their opinion of the respective merits of those Officers in the following terms, viz.

" Of the four Candidates for the reward attached to a knowledge of the Persian, we have the pleasure to record our unqualified approbation. The same exercise for translation from English into that Language was given to them all, and was by all executed in a manner which reflected the highest credit on their abilities, we were not able to detect a single error either of orthography or grammar in any one of the four compositions ; and the style of all, although essentially differing from each other, was such as might be expected from a well educated Native. Amid so much excellence it would be invidious, and indeed extremely difficult, to assign the superiority to any one of the four Candidates, and we shall therefore restrict ourselves to this general statement of the merits of the whole. The pronunciation of all these Gentlemen was exceedingly good; and it is scarcely necessary to add, after the preceding eulogium on the more difficult exercise, that the comparatively easy one of translating from Persian into English, was executed with entire correctness.

" In the Hindoostanee Language, the usual tasks were assigned to Ensign Drewry, and performed in a very creditable manner.—His compositions were free from error, and his pronunciation liable to no particular objection ; we have accordingly great satisfaction in recommending that this Gentleman, as well as the four meritorious candidates, in Persian, may receive the usual honorary reward."

The Right Honorable the Governor in Council is pleased to direct,

rect, that the usual honorary reward for proficiency in the Hindoostanee Language, be presented to Ensign Drewry; and has great satisfaction in conferring on Ensign Grant, and on Lieutenants Lewis, Young, and M'Donald, the additional distinction for the acquirement of the Persian Language, established by the General Order of 17th November 1812.

By order of the Right Honorable the Governor in Council.

FORT ST. GEORGE, *8th July* 1816.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having resolved to place the Pension List of the Military Department, under charge of the Superintendent of Family Payments, that Officer is in future to be considered and addressed on all occasions connected with the Pension establishment, as Superintendent of Pensions, and the following Regulations are established for that branch of the Superintendent's Office.

2. The Superintendent shall keep a Register of all Pensioners in the Military Department, both European and Native, comprehending the most particular description of their Persons, stating when and why they were Pensioned, their Ages, &c. &c. The Superintendent shall furnish the Military Auditor General annually with the List of the whole of the Pensions of the Establishment, classed according to the different heads under which they are brought to account, and to the years, in which they were granted; and shewing the state of the Register on the 30th of April of each year.

3. The List abovementioned, which shall be transmitted as early as may be practicable after the termination of the official year, is to be particularly examined by the Military Auditor General, and will be submitted by that Officer, with such Remarks, and Explanations, as may appear necessary for the information of the Government. The Superintendent shall also furnish the Military Auditor General with Monthly Reports of all Alterations, Casualties, &c. which occur in the Pension List.

4. All

4. All Pensioners, European or Native, of the Military Department, shall be furnished with Descriptive Certificates, signed by one of the Secretaries of Government,—each Certificate being regularly numbered, and having the word "Registered" affixed by the Superintendent, with his signature subscribed thereto,—the Superintendent will accordingly take measures, for giving early effect to this Regulation, in communication with the Town Major of Fort St. George, by withdrawing the old Certificates and issuing new ones in lieu thereof, according to the annexed Forms No. 1, 2 and 3, in which he will be particular in supplying all defective descriptions of the persons of the Pensioners.

5. The Regulations of the Pay Department regarding claims which exceed 6 months in arrear, shall be strictly adhered to in the payment of all Native Pensioners; and arrears beyond that period are accordingly declared to be forfeited.

6. The G. O. dated 13th April 1813, requiring the counter-signature of Commanding and Staff Officers to Abstracts of Individual Officers, shall be considered applicable to Pensioners of the rank of Gentlemen, and Gentlewomen, who are not subject to muster and who draw their Pensions on Abstract signed by themselves.—All other Pensioners without exception, are to be subject to muster, and their Pensions to be drawn by Commanding or Staff Officers, on Abstracts agreeably to the General Regulations of the Service. Mustering Officers are, however, permitted in particular cases to dispense with the attendance of Individual Pensioners of the latter description, on satisfactory grounds being shewn for such indulgence; but in these cases the attendance of the Persons excused from public muster must be required at the Mustering Officer's Quarters, in order to enable him to return them present.

7. The Certificates of Heads of Offices and Departments, prescribed by the G. O. 8th January 1808, being rendered unnecessary by these Regulations, are to be discontinued.

8. All Casualties in the Pension List, whether of Europeans or Natives, which may occur subsequently to the despatch of the Proceedings of the Committees specified in Para. 23, shall be reported in duplicate by successive Tappals to the Superintendent, by Commanding, or Staff Officers of Stations, including the Presidency, without the smallest delay. The reports to be accompanied by the Pension Certificates, which are to be cancelled, and the General Register corrected accordingly. Under these Regulations the reports of Casualties which have hitherto been made to the Town Major of Fort St. George, and by that Officer to the Military Auditor General, are to be discontinued.

9. The duties of paying Pensioners and Family Certificates at the Presidency, is to be considered as attaching to the Fort Adjutant,

tant, under the superintendence and direction of the Town Major.

10. Commanding and Staff Officers of Stations transmitting Reports of Casualties to the Superintendent, as directed in the 8th Para. are to make corresponding notifications to their respective Paymasters, particularly in those cases where the Pension Certificates of the deceased may not be forthcoming, and the Superintendent is to make the necessary communications to the Military Auditor General.

11. When a Pension is drawn for more than one month in arrear, the Pension for the month last due is to be inserted in the body of the Abstract, and the preceding month's Pensions at foot, under the head of "Extra Charges," as is customary in Abstracts of the Pay of the Regular Troops.

12. All applications for Pensions not coming through the regular Invaliding and Pensioning Committees, are in future to be accompanied by a Descriptive Roll of the Individuals, according to the annexed Form No. 4, and Officers forwarding such application are to be particularly careful, that the descriptions are as full and *minute* as possible, in order, should the claims be admitted, that Certificates may be prepared without further reference to the Parties.

13. When Pensions thus applied for are deemed admissible, the Superintendent will receive communications direct from the Secretary of Government, under which, after ascertaining, by examination of the documents forwarded and by reference to his Register, and to the existing Regulations which may be applicable to the cases, that the Claimants are not already in receipt of Pay or Pension, or otherwise disqualified from receiving the whole or any part of the amount recommended, he is to prepare the Certificates and to register them in the manner directed in the 4th Para. The Certificates are then to be forwarded to the Secretary of Government, by whom they will be signed, and returned to the Superintendent, for transmission to the Parties concerned.—The Military Auditor General will receive notice direct from Government of *all* Pensions which may hereafter be granted in the Military Department.

14. In order to enable the Military Auditor General to compile the whole of the Accounts of Pensions, of the different Divisions, into one General Account, Paymasters shall in future prepare separate Accounts of their Monthly Disbursements of all Pensions forming expenses of *this* Presidency; and transmit them, accompanied by the Abstracts, Muster Rolls, &c. to the Military Auditor General, as soon after payment each month, as may be practicable (without waiting for the compilation of their General Accounts of Disbursements). The Pensions are to be entered in

the

the separate Accounts, under their distinct heads, as is at present customary, exhibiting a separate Total for each, and are to have an Abstract at the end shewing the amount disbursed on account of the different descriptions of Pensioners at each Station.

15. In their General Accounts of Disbursements which Paymasters send to the Accountant General, the Pensions are to be entered in Abstract under their respective heads, as follows:

EUROPEAN AND NATIVE PENSIONERS.

175	Paid Lieutenant A. B. Fort Adjutant, for European Pensioners, in advance for January 1816, as per Abstract	Pagodas	156

&c. &c. &c.

16. Pensions on account of other Governments, are to be entered in the Accounts Current and Abstracts of Receipts and Disbursements of Paymasters, under the heads of the respective Presidencies to which they have reference, and will of course not be included in their Accounts of Disbursements.

17. When separate Accounts of Pensions of all the Paymasters have been received for each month by the Military Auditor General, he is to attach them to each other, so as to form one General Account, to which he is to add an Abstract Statement, by which the Total Amount of Pensions disbursed by all the Paymasters will be brought into a collected state under their distinct

tinct heads, and the increase and decrease of each month be made thereby more subject to correct revision than has heretofore been practicable.

18. A regular quarterly communication shall take place between the Office of Audit and that of the Superintendent of Family Payments, when the Muster Roll of Pensioners of each of the established Mustering months, viz. January, May, and September, are to be minutely compared with the Register, the variations, in the aggregate amount of the disbursements of each quarter, arising from Casualties and from additional Pensions to be fully examined, and all irregularities which may be discovered to be forthwith corrected.

19. The Audit of the Pension accounts, shall, as heretofore, be included in the General Audit of the Monthly Accounts of the respective Paymasters; and the Abstracts and other vouchers will be transmitted after Audit to the Accountant General, with the general vouchers of each Paymaster's accounts, as formerly.

20. The Superintendent is authorized to correspond with Commanding and Staff Officers of Stations, and it will be the duty of those Officers to afford the Superintendent every information which he may require regarding the Pension establishment. Commanding and Staff Officers are also to attend to such occasional instructions as the Superintendent may find it necessary to transmit to them, regarding Forms of Reports or other communications to his Office, relative to the personal examination of Individuals at periods not prescribed by the Mustering Regulations, or when doubts as to alleged inability of attending Musters, or other cause may in the Superintendent's opinion render such a proceeding necessary; and generally in regard to such objects as may tend to the furtherance of the duties confided to that Officer.

21. Commanding and Staff Officers are, in like manner, to address the Superintendent when they may require information regarding Pensioners residing within the limits of their respective Commands, or Stations; and that Officer is directed to pay due attention to their Letters.

22. In order to enable the Superintendent to form the Register directed by the 2d Paragraph, the Town Major of Fort St. George shall immediately transmit to that Officer the present Register kept in his Office, with all documents and information, which he may possess relative to the Pension establishment.

23. It is further directed that after the receipt of these Regulations, a Committee of three Officers shall be assembled at each Station where Pensions are paid; and that a strict examination shall take place of each Individual Pensioner, according to the Certificate

Certificates which they may hold, or, if they hold no Certificates, to the account which they may give of the grounds on which they were pensioned, the Committees to prepare Rolls thereof according to Forms to be transmitted by the Superintendent, in which all defective or erroneous descriptions shall be supplied and rectified in the fullest manner, the description always applying to the *present* appearance of the Pensioner. Such Certificates as there may be reason to suppose have got into improper hands, or have been issued to Soldiers or Followers, who may not have been qualified according to Regulations previously to being pensioned, are to be retained by the Committees for Special Report.

24. The Commanding Officers of Stations shall be Presidents of the Committees, and where there are Public Staff Officers, they are to be Members. The Committees are authorized to call on Paymasters for such information connected with their investigation, as may be required.

25. The above Rolls and Special Reports (the latter accompanied by the Certificates which there is reason to suppose are improperly held) are to be forwarded by Commanding Officers of Stations, with such Remarks as they may deem necessary, to the Superintendent of Pensioners, to enable him to frame or correct his Register, and prepare new Certificates as directed in the 4th Paragraph.

26. The investigation of the right of the Individuals to receive the Pensions to which the abovementioned Special Reports may have reference, will be conducted by the Superintendent and Town Major of Fort St. George; and if after such scrutiny by correspondence and otherwise, as they may deem necessary, the right of the Holders shall be established, new Certificates will be prepared accordingly; but if those Officers shall be of opinion that the suspicions of the Committees are well founded, they will report the circumstances to Government, and give intimation to the Military Auditor General, who will order the payment of the Pensions to be discontinued until the orders of Government relative thereto shall have been notified to him.

27. It is to be understood as a General Regulation, that Pensions granted to the Families of Natives losing their lives in the Service, are restricted to the life of the next Heir, and that Pensions to Servants of Public Offices are not to exceed one half of their Pay, calculating on the average annual salary which they may have received for the three antecedent years.

28. As it sometimes happens that Pensioners, whose allowances have been drawn for them by Commanding and Staff Officers, do not come forward regularly to receive the amount, it is directed that on all such occasions the sums shall be retained until the next

muster

muster of Pensioners, when if the Parties do not appear, the amount is to be returned to the Paymaster and the circumstance reported to the Military Auditor General.

29. The Superintendent shall attend to such instructions regarding the duties allotted to him, as he may occasionally receive from the Military Auditor General.

30. The Superintendent of Pensioners is authorized to frank letters on the public service.

31. The Governor in Council deems it proper on this occasion to explain for general information, that the formation of the Invalid establishment into Veteran Battalions has not, in any manner altered the former constitution of that branch of the Army, and as a very considerable public expenditure immediately connected with the Pension establishment is involved by it's increase, to which no limit can be applied, it is directed that the qualifications prescribed by the existing Regulations shall be strictly observed by Committees for Invaliding and Pensioning, in their recommendations of Individuals for transfer to the Non-effective establishment.

32. The Certificates issued by the Government to Native Invalids having been discontinued, since their formation into Veteran Battalions, by which the check contained in the Code of Pay Regulations, Page 290, Para. 23, over the payment of those Corps has been removed, it is directed that the Copies of the Proceedings of all Invaliding and Pensioning Committees, shall in future be submitted to Government by the Adjutant General of the Army, accompanied by the Rolls directed in the 12th Para., in order that Certificates may be prepared for the Individuals who may be transferred to the Pension establishment, and that the Copies of the Proceedings may afterwards be transmitted to remain on record in the Office of Audit, for the guidance of the Military Auditor General in checking the Disbursements of the Veteran Battalions.

To

The Right Honorable HUGH ELLIOT,
Governor in Council,
&c. &c. &c.

HONORABLE SIR,

We have the honor to report that, in pursuance of the instructions from Government, under date the 17th May last, we have examined Lieutenant Mitchell of the 2d Battalion 6th Regiment Native

Native Infantry, with regard to his proficiency in the Hindoostanee Language, and that the result has been entirely satisfactory.

Lieutenant Mitchell acquitted himself in every part of his examination, in the most creditable manner His translations were executed with considerable elegance, and the only error, which we were able to detect, in that from English into Hindoostanee, appeared, upon explanation, to have been merely an oversight. The hand writing was particularly good.

Lieutenant Mitchell's attainments in the colloquial knowledge of the Language, bore equal pace with his acquirements in translation. His pronunciation is liable to no exception; he possesses sufficient fluency, and his selection of words is exceedingly judicious.

On the whole, we have no hesitation in ranking Lieutenant Mitchell in the first class of the Candidates for the honorary reward, to which we beg leave to recommend him accordingly.

We have the honor to be,
Honorable Sir,

FORT ST. GEORGE,
5th July 1816.

Your very obedient
humble Servants.

The Governor in Council has great satisfaction in conferring the honorary reward for the attainment of the Hindoostanee Language, on Lieutenant Hugh Mitchell of the 6th Regiment of Native Infantry.

The following Extract from the confirmed Proceedings of a General Court Martial held in Camp at Elephanta on the 10th day of July 1816, by virtue of a warrant, under the hand and seal of Colonel John Doveton, Commanding the Subsidiary Force of His Highness the Soubahdar of the Deccan, under authority of His Excellency Lieutenant General Sir Thomas Hislop, Bart. Commander in Chief, &c. &c. is published in General Orders.

CHARGE.—I charge Lieutenant James Boyn, Quarter Master, the 3d Regiment Light Cavalry, with scandalous and infamous conduct, unbecoming the character of an Officer, and a Gentleman, in the following instances.

1st.—In having some time in this month of April 1816, whilst I was absent on Detachment, propagated a disgraceful, malicious, and unfounded report, prejudicial to my honor, and character as an Officer.

2d.—In having subsequently in writing denied, that he had made the assertion, which forms the subject of the 1st Charge.

By Order,
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

ADDITIONAL CHARGE.—For conduct utterly degrading the character of an Officer, in having, on the 27th April 1816, subscribed a paper wherein he admitted, that reports which he had spread, defamatory of the character of Captain Outlaw, were unfounded in fact.

By Order.
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

SENTENCE.—The Court finds the Prisoner (Lieutenant Boyn,) guilty of conduct unbecoming the character of an Officer, as stated in the 1st Charge, but acquits him of scandalous and infamous conduct.

The Court acquits the Prisoner of the 2d Charge.

The Court finds the Prisoner guilty of the Additional Charge.

The Court having found the Prisoner (Lieutenant Boyn,) guilty as above specified, does therefore by virtue of the Articles

Articles of War, and taking into consideration the peculiar circumstances under which the Prisoner has been placed, sentence him to be reprimanded, by His Excellency the Commander in Chief, in such manner as he may be pleased to direct.

and President.

(Signed) R. NIXON.
Deputy Judge Advocate.

CONFIRMED.

(Signed) T. HISLOP,
Lieutenant General.

Captain The Commander in Chief although he has deemed it expedient Captain to confirm, cannot approve of a Sentence so extraordinarily inadequate as the one awarded on the present occasion.

Lieutenant Boyn has been declared guilty of conduct unbecoming and degrading to the character of an Officer, and the Commander in Chief fully agrees with the Court Martial as to the propriety of this finding;—The Prisoner has been sentenced to be reprimanded by the Commander in Chief!

"Peculiar circumstances" in which it is stated the Prisoner has been placed, appear to have influenced the Court to determine on a measure of punishment so far short of the offence, but circumstances must indeed be very peculiar, in Sir Thomas Hislop's opinion, to justify such a verdict, and the Commander in Chief, cannot, in the present instance, discover any circumstances which could at all warrant such a Sentence, after such a finding by a Court Martial, as that of "Conduct unbecoming and degrading to the character of an Officer."

If Lieutenant Boyn has any Military pride and feeling left to him, the sentiments of the Commander in Chief, now expressed as to the total inadequacy of the Sentence awarded him, will prove the severest reprimand he can receive, and that feeling will remind him, that the character and reputation of an Officer, cannot be trifled with, or made the sport of loose, and unfounded imputations, without the most dangerous consequences, and which have in this instance proved so humiliating to himself.

The object of all reprimand is to amend, and Sir Thomas Hislop trusts it may now produce this very desirable effect, and teach Lieutenant Boyn a lesson, for his future conduct, which may retrieve his character as an Officer, from that degradation which has been declared, by a Court Martial, to be attached to it.

This Order is to be read to Lieutenant Boyn, in presence of the Officers with the Force, when he is to be released from arrest, and restored to return to his duty.

FORT ST. GEORGE, 20th July 1816.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having taken into consideration the difficulty and public inconvenience arising from the present dispersed state of the Native Pensioners and Holders of Family Certificates, who are in consequence in a great degree removed from the periodical inspections and examination, which are indispensable to prevent abuse in this branch of the Military Pay Department, it has been determined to allot certain Stations in each Division of the Army, for the payment of those Persons; and, with the exception adverted to in the 9th Para., no payments will be permitted in future at any other Station than the following:—

Presidency Division	Fort St. George St. Thomas's Mount Poonamallee
Centre Division	Vellore Arcot Cuddalore Chingleput
Southern Division	Trichinopoly Tanjore Madura Pallamcottah
Northern Division	Masulipatam Vizagapatam Chicacole Ganjam Ellore Nellore
Mysore Division	Seringapatam Bangalore
Ceded Districts	Bellary Gooty
Malabar and Kanara	Cannanore
Hyderabad Subsidiary Force	Jaulnah and Secunderabad.

2. The Governor in Council having also had under consideration the expense occasioned to Commanding and Staff Officers by the payment of Pension and Family Certificates, is pleased to direct, with a view to a more just and equal provision than at present exists to meet those charges, that all allowances at present drawn

drawn by Commanding Officers of Stations, on account of Writers and Stationary, and all allowances on the same account drawn by Fort, Cantonment, and Line Adjutants, extra to those laid down in the Staff Table No. 20 of the Code of Pay Regulations, shall be discontinued; and in lieu thereof Commanding and Staff Officers will be entitled to draw for Writers and Stationary as follows.

At Stations where Pension and Family Certificates are payable and the number including those of Europeans subject to muster, do not exceed 100, Pagodas 3 per month; above 100 and not exceeding 200, Pagodas 8; from 200 to 300, 10; and when the No. exceeds 300, an addition at the rate of 1 Pagoda per 100 Certificates, thus for 325 Certificates the allowance will be Pagodas 10 11 20; for 425, Pagodas 11 11 20; and so on in proportion until the allowance amounts to Pagodas 20,—which is the highest allowance authorized on the above account.

3.—With regard to those Stations at which Pension and Family Certificates are not to be payable in future, but which are the Head Quarters of a Regiment or Battalion, the 59th Para. of the Code of Pay Regulations, page 311 (which is republished in the margin) is considered to provide sufficiently for the expenses incidental thereto, on account of Stationary, and Contingency, as the pay of all Details of the Regular Corps including the Veteran Establishment which Commanding and Staff Officers of Stations may be required to draw, are permitted to be included in one Abstract for each month.

4. At the inferior Stations, at which Detachments only may be employed, an allowance of 30 Fanams per month, is authorized to be drawn by each Officer Commanding, which will fully cover the small expenses on account of Stationary to which those Officers will in future be subject, but if there should be Ordnance Stores at any of those Stations, without an Ordnance Officer, or Conductor in charge, and of which (Stores) Returns are required to be made to the Military Board, the Officer Commanding, in place of the 30 Fanams, will be permitted to draw

"When Officers Commanding Garrisons or Stationstowhich no subordinate Staff Officer is allotted find it necessary to employ an Officer on the duties usually performed by a Fort Adjutant, they are where such Station comprehends the Head Quarters of a Regiment or Battalion, to employ (as has been usual in the Service) the Staff Officer of the Corps on all such duties, without subjecting Government to any additional expense, excepting an allowance of Pagodas 2½ per month for Stationary; and when no Regimental or Battalion Staff Officer is present, an Officer of the Day is to be charged with these duties, unless the Officer Commanding shall prefer to select an Officer for their general performance, who may be willing to undertake the trust in the hope of recommending himself for future promotion as a Staff Officer, by a zealous discharge of the duty added to his performance when acting in that capacity."

draw 2½ Pagodas per month, as authorized at the Stations adverted to in the preceding Paragraph.

5. In those cases where the allowances authorized by the 3d and 4th Paras. may be applicable to a Station allotted for the residence of Pensioners and Holders of Family Certificates, those allowances (2½ Pagodas, or 30 Fanams per month,) are permitted to be drawn in addition to the regimental allowance for the payment of Pension and Family Certificates.

6. Officers drawing the allowances authorized by the 2d Para. of this Order, are to affix a Memorandum at the foot of the Abstracts, in which the charges are included, explanatory of the number of Individuals drawn for, thus:

Pens. Certificates	75	0	0
Family Certificates	510	0	0
Total	585	0	0

7. In order to prevent the inconvenience which might arise from an immediate removal of the families from the Stations at which Pension and Family Certificates are not to be payable in future, the Governor in Council authorizes the payment of the *present* Pension and Family Certificates to be continued at the Stations allotted to.

8. The allowances authorized by the 2d Para. at the established Stations for the payment of Family and Pension Certificates, are not to be considered applicable to the Stations adverted to in the preceding Para., the payments at the latter being but temporary and the number of Individuals not very considerable.—It will in future be the Superintendent's duty to guard against Certificates (either Family or Pension) being made payable at any other than the established Stations.

9. It is to be considered a General Regulation in regard to all Details, &c. for whom Staff Officers of Stations (with exception of the Presidency, to which a Muster Master is appointed,) may draw pay or allowances, including Pensioners, that the muster prescribed by the Regulations shall be taken by the Officer Commanding; and at those Stations where there are no Staff Officers, and that the Commanding Officers draw for Details, &c. they are to direct the musters to be taken by the Officer next in rank to them; but should there be no other Officer present, the Commanding Officer is to muster and draw the pay of Details as heretofore.

10. Commanding or Staff Officers of the Stations enumerated in the 1st Para., at which Pension and Family Certificates are in future

future to be paid, are permitted to indent on the Public Stores for Stationary, to be supplied at prime cost—the quantities to be previously checked under authority of the Military Board, to which Department the Indents are to be transmitted for that purpose.

II. At Fort St. George, Nellore, and Pondicherry, the present allowances are to be continued, with exception of those drawn under the 19th and 20th Paras., Page 95, and the 22nd Para., Page 260, of the Code of Pay Regulations; with regard to the remaining Stations at which the allowances are reduced, the foregoing Regulations are to have effect from the 1st of September 1816.

By order of the Right Honorable the Governor in Council.

The Abstracts for the allowances to which Officers under the above circumstances may become entitled, are to be supported by authenticated Copies of the Garrison or Cantonment Orders, specifying the dates they succeeded to, and were relieved from, the temporary charge, (and whether the Officer Commanding was absent, on leave, or duty, which will be considered sufficient authority for the admission of the allowance in the Public Accounts.

FORT ST. GEORGE, *26th August* 1816.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to publish in General Orders, that Funds have been allotted to the Paymasters at the Presidency and in the several Divisions of the Army, for the discharge of all ordinary demands in the Military Department in the course of the ensuing month of September.

By order of the Right Honorable the Governor in Council.

(Signed) E. WOOD, SEC. TO GOVT.

By order of the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *3d September* 1816.

G. O. BY THE COMMANDER IN CHIEF.

The General Court Martial which assembled at Bellary on the 15th Ultimo, and of which Lieutenant Colonel Molesworth of the 2d Bat. 5th Regt. N. I. is President, is adjourned until further orders; and the President and Members will return to their duty.

The undermentioned Ensigns of Infantry, are posted as follows:

	Posted to	*and will rank next below.*
Ensign W. H. N. Young	13th Rt. and 1st Bt.	Ensign Eastment,
,, R. Brady	6th ,, 1st ,,	,, V. Mathias

and the latter will join his Corps immediately. The

The Commander in Chief with an anxious desire to contribute to the comfort and convenience of Officers in regard to their Dress and Appointments, and with a view to unite economy with proper Military appearance, has bestowed considerable attention on a subject so important to all Ranks, but more particularly the Subalterns of the Army, and he trusts that the indulgences he has determined to grant, will never be abused by careless relaxation, and inattention to that Military appearance, which it is so essentially the duty of an Officer to support by constant example in his own person.

The Commander in Chief is therefore pleased [as well as in consequence of various applications,] to establish an *Undress Uniform* for Officers of Engineers, Artillery, and Infantry of the Line, described below, and to be worn in the strictest conformity with the rules and limitations hereafter specified; and His Excellency trusts that while his views and wishes so obviously tend to lessen expense, and afford additional comfort to the Officer, that all will see the necessity of a scrupulous observance of the rules laid down, to which it will be the special duty of Commanding Officers to enforce obedience.

Undress Jacket.—A Round Jacket, perfectly plain, and without lace or twist of any sort, except a Loop of Regimental Lace upon each Shoulder; Collar and Cuffs of the Facings of the Corps, and one row of Regimental Buttons down the front set on as in the Full Dress Jacket, is permitted to be worn by all Officers of Engineers, Artillery, and Infantry of the Line, when marching; at common Drill or Exercise; on fatigue duties; in the Field; within their own Lines; and, generally speaking, only on occasions quite unconnected, with ceremony, at which times Officers are to appear in their Full Dress Regimentals already established.

Waist Belt.—With this Undress Jacket, Field and other Mounted Officers will wear White or Black Leather Waist Belts, also quite plain, with Mountings corresponding in Colour with Regimental Lace; the patterns to be determined on by Commanding Officers of Regiments, with due regard to economy and exact uniformity.

This Belt may also be worn by those Officers with Long Coats in Evening Full Dress, but never with the Full Dress Jacket.

Great Coats, Overalls, and Foraging Caps for Officers of Infantry.—The Colour for the Great Coats, Overalls, and Foraging Caps of Corps has been already fixed, but as Cloth of the exact Colour is not always procurable in this Country, Commanding Officers are authorized to substitute *Dark French Grey*, which wears well and is easily cleaned.

Uniformity in Colour and make, must be always preserved.

Engineers

Engineers and Artillery will continue to wear those Equipments of Dark Blue Cloth.

REGIMENTAL CAPS.—The great inconveniences and discomforts of the Kid Skin Caps at present worn, which the least change of climate affects, has induced the Commander in Chief to adopt for the Officers of Infantry on this Establishment, (excepting the Rifle Corps) the Regulation Cap established for His Majesty's Regiments of Infantry, which it is trusted will not be found more expensive than those now used, and which will unquestionably be much more comfortable to wear, and will greatly add to the Military appearance of Officers.

These Caps are to be of Beaver when procurable, in sufficient quantity for a whole Corps; and when not, they are to be made of Basket mat work, covered with Black Cloth, which can at all times be readily got.

The Mountings and Ornaments, &c. will correspond with the Colour of the Regimental Lace, and each Cap must have the established Case of waxed linen for it's preservation in bad weather.

These Caps are only to be worn with the Full Dress Jacket, (the Foraging Caps being always worn with the Undress Jacket,) they may therefore be expected to last & look well for a long period.

Corps are expected to be complete with the new Caps by the 1st of March next, to which period the present Caps may be worn; The new Caps are not to be worn, by single Officers of Battalions until the whole Corps is provided, except in the case of the Caps now in use being worn out, when others will of course be made up, of the new pattern.

The period specified above, is not however to prevent Corps from completing themselves with the new Caps sooner if they please, and can procure them.

CAVALRY OVERALLS.—The Overalls for Cavalry Officers are in future to be made of Dark French Grey Cloth, of the same pattern as worn by Officers of Light Dragoons in His Majesty's Service, with a stripe of Cloth the Colour of the Facings on each side of the outward seam running from top to bottom.

GENERAL and STAFF OFFICERS.—Great Coats and Overalls of Military Blue Cloth, will continue to be worn by General and Staff Officers; and are to be made in exact conformity with the Equipments of this description established in His Majesty's Service.

HATS.—Round Hats are prohibited to be worn with any Military Uniform, and General and Staff Officers of every description, are expected invariably to appear with the Cocked Hat established by Regulation.

The following Medical Removals and Appointments are ordered.

Surgeon Macaulay from the 3d to the 11th and 1st Battalion.

Surgeon

Surgeon M'Cormick from the 11th to the 3d and 2d Battalion.

Assistant Surgeon Stevenson from the 11th to the 3d and 2d Battalion.

Assistant Surgeon Hazlewood from the 2d N. V. Bat. to the 19th Regt. and 1st Bat.

" The usual exercises for translation were given to Lieutenant " Ogilvie, and were executed by him, in a manner which left " nothing to desire. The sense of the Persian paper was ren- " dered into English, with perfect correctness; whilst that from " English into Persian united to similar accuracy considerable " elegance of style and a ready command of language."

" In the colloquial part of the examination Lieutenant Ogilvie " was equally successful; and we were happy to observe that " his conversation was distinguished by accuracy of accent, a " clear and distinct pronunciation and much facility of expression.

" After this testimonial in favor of the merits of this Gentleman, " it is scarcely necessary to add, that we consider him to rank " high amongst the most successful Candidates for the honorary " reward, and that we beg leave to recommend him to receive " that distinction accordingly."

FORT ST. GEORGE, *7th September* 1816.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to appoint Mr. Assistant Surgeon J. Rule, to be Garrison Assistant Surgeon at Ganjam, vice Houghton deceased.

The following Extract from a Report of the Committee for the examination of Military Students, dated 26th Ultimo, is published for general information.

"The translations of Lieutenant Alves were executed in very "respectable a manner, although that into Hindoostanee was not "perfectly free from error. Independently of a few oversights, "which Lieutenant Alves himself detected, on re-perusal in our "presence, there were some trifling grammatical errors in his "performance, the origin of the greatest part of which, however, "we could clearly trace to the circumstance of his having "recently bestowed his undivided attention to the Persian, and "of his having consequently introduced the idiom of that lan- "guage, in a few instances, where it was not perfectly appro- "priate.—To the colloquial part of Lieutenant Alves's examination "there could be no objection, with regard either to pronunciation "or command of language, and his hand-writing was particularly "good.

"Of the many Candidates who have come before us, for the "Hindoostanee reward, there is not one who has established a "higher claim to our approbation than Lieutenant Howell. We "have not a single objection to make to any part of this "Gentleman's examination, whether we regard the extreme "elegance and idiomatic precision of his style, the accuracy of "his pronunciation, or the beauty of his writing. We have "therefore great satisfaction in recommending that this Gentleman, "as well as Lieutenant Alves, may be permitted to receive the "usual honorary reward."

The Governor in Council is pleased to direct that the usual honorary reward for proficiency in the Hindoostanee Language, be presented respectively to Lieutenant C. G. Alves of the 10th Regiment of Native Infantry, and to Lieutenant Thomas Howell of the 5th Regiment of Native Infantry.

By order of the Right Honorable the Governor in Council.

Remark

Remark and Observation by The Right Honorable The Commander in Chief.

The Sentence being an acquittal, The Commander in Chief confirms it: But the decision of the Court, is so directly against the full and pointed evidence of several Witnesses, that His Excellency cannot but testify extraordinary surprize at it. If the Court suspected misconception or inaccurate statement on the part of the Witnesses, (and it is the only supposition which can account for the Finding,) such questions ought to have been put by the Members, as might have cleared up all doubts on that point: Before the Court is dissolved, this observation is to be made distinctly to the Native Officers composing it, as it may fall to their lot to sit again on trials, and they ought to be instructed in the nature of so serious a duty.

CHARGE.—" For scandalous and disgraceful conduct, highly unbecoming the Officer and the Gentleman, in allowing himself to be struck and beat by the late Captain Thomas Thatcher, when an Officer of the 9th Regiment, on or about the 13th or 14th day of August last, without having taken any suitable steps to vindicate his honour and character from that opprobrious stigma."

FINDING AND SENTENCE OF THE COURT.—" The Court " having taken into deliberate consideration the evidence for " and against the prosecution, together with what the Prison- " ner, Lieutenant Colonel James Smith, has alleged in his " defence, are of opinion, that he is not guilty, of conduct " scandalous and disgraceful, and do fully acquit him of " that part of the Charge,—but they are of opinion that he " is guilty of conduct unbecoming the Officer and the " Gentleman, in being struck by the late Captain Thatcher, " without having taken suitable steps to vindicate his honor " and character from that opprobrious stigma, in breach of

" Of all other parts of the Charge the Court acquit the " Prisoner."

" Having performed their public duty, the Court feel " themselves called upon to revert to the testimony of an " old and respectable Officer so favourable to the character of " Lieutenant Colonel James Smith, and to consider the " peculiar situation in which he has been placed, by the " extraordinary conduct of Captain Thatcher, as the grounds " of recommendation to His Excellency The Commander in " Chief, for a remission of the Sentence they have awarded."

CONFIRMED.

(Signed) M. NIGHTINGALL,
Lieutenant General.

Although The Commander in Chief is disposed under all the circumstances of the case, to confirm the Finding and Sentence, he regrets that there should be any necessity for expressing his disapprobation at a distinction in words, which can never be admitted, without the most serious injury to the character and respectability of the Army.

The Court fully acquit the Prisoner of scandalous and disgraceful conduct ; but they are of opinion that he is guilty of conduct unbecoming an Officer and a Gentleman. This appears so contradictory, as to render it extremely difficult to come to any satisfactory conclusion on the subject ; and can only, in any degree, be reconciled by the relative situation of the Prisoner and Captain Thatcher at the period of that disgraceful transaction, and by the greater share of blame attaching in the opinion of the Court to the latter.

His Excellency The Commander in Chief takes this opportunity of observing that the recommendation of a Court is not any part of the duty imposed upon them ; and whenever it is necessary to adopt it, that it ought to be inserted on the record after the signatures of the President and Judge Advocate, and not precede them as in the present instance.

In the present case if Lieutenant Colonel James Smith is guilty of the Charge exhibited against him, the Sentence is far too lenient; and if he is not guilty, he ought to have been acquitted.

From

From the recommendation of the Court, The Commander in Chief is led to suppose that they lean to the latter decision, and he therefore remits the Sentence of six months reduction of Army Rank, passed on Lieutenant Colonel James Smith, which under a different view of the subject would be a punishment totally inadequate to the offence, and he is hereby released from arrest, and ordered forthwith to join his Battalion.

The General Court Martial of which Colonel Griffith is President, is dissolved.

G. O. By Government.

Ordered, that the following Extract from a General Letter from the Honorable the Court of Directors, in the Military Department, dated the 17th April 1816, be published in General Orders.

Para. 13. " With the view to give every encouragement to those Cadets who have been or may hereafter be selected for our Corps of Engineers, to pay close attention to their studies, and to qualify themselves more eminently for their particular branch of duty, we have come to the resolution that their detention in this country (after passing their Public Examination) for the purpose of proceeding on the Trigonometrical Survey, or any other public duty, tending to their advancement in Military science, shall not prejudice their claim to return to their native country, at the time they would have been entitled so to return, had they not been detained for the above extra duty."

14. " With the view therefore of enabling you to determine from what period the presumed residence of every Engineer Cadet, who has been detained on the Survey before stated, shall be considered to commence, we have transmitted a Number in the Packet, a List of those who have passed at the several Public Examinations, since the Survey was adopted by us, as well as a List of

of the Artillery Cadets who passed with them under the same Examination, and our desire is, that the first arrival at your Presidency of the Artillery Cadets in any one Season, shall decide the period from whence the arrival of the Engineer Cadets of the same Season, shall be supposed to have taken place, had they not been detained in England by us."

15. " By this arrangement you will perceive, that the Artillery Cadets who were their Juniors in the Seminary at the respective periods of passing, will not have a prior claim to retire from our Military Service, or to return to their native country; but you will observe, that this indulgence is not to constitute a claim on the part of our Engineer Cadets to any pay or allowances from the date of their presumed arrival in India, because our allowances for their detention on public duty, have not only been ample but liberal, it is therefore merely intended to afford them, the privilege of returning to Europe at the same period as their Juniors who passed for the Artillery."

By order of the Right Honorable the Governor in Council.

While The Commander in Chief, adverting to the extenuatory circumstances remarked in the particular case by the Members of the Court, assent to their application for lenity towards Lieutenant Elwood, and remits the Sentence, His Lordship observes with concern several indications on the face of the Proceedings which give an unfavorable impression respecting that Officer's former conduct. this occasion will awaken in Lieutenant Elwood sentiments worthy of his profession.

FORT ST. GEORGE, 11th November 1816.

G. O. BY GOVERNMENT.

1. In order to relieve the Army, as far as may be practicable, from the difficulties and inconvenience arising from Officers being placed under stoppages on account of Retrenchments, occasioned by deficiencies of vouchers, irregularities in the forms of Pay Abstracts, &c.; The Right Honorable the Governor in Council is pleased to direct, that the Military Auditor General, previous to completing his audits, shall transmit to the respective Paymasters, a Memorandum of the objectionable charges which may be discovered in their accounts, in the manner prescribed and observed in regard to the accounts of the Commissariat.

2. On receipt of the above Memorandums, Paymasters are to call on the parties concerned for such vouchers, explanations, &c. as may be required to remove the objections, which documents are to be forwarded to the Military Auditor General; but no stoppages are to be made from Officers in consequence of those communications.

3. One month from the date of receipt (in the Offices of Paymasters) of the Military Auditor General's Memorandums of objectionable charges, is allowed for the purpose of obtaining the required vouchers, explanations, &c.; as it may however occur that a shorter period will be sufficient, Paymasters in such cases, are to transmit them as soon as they shall have been collected, but are never to delay them beyond one month, and the Military Auditor General, on receipt thereof, is to complete his audits, to which the existing Regulations, relative to the recovery of Retrenchments, are to be fully applicable.

4. It is to be considered a General Regulation of the Pay Department, that, on Retrenchments being confirmed on reaudit, if the parties concerned do not, within six months from the date of the Paymaster's communication of the reaudit, send an appeal to Government against the Military Auditor General's decision, they will be considered to have acquiesced therein and to have forfeited all right to further consideration of the charges retrenched; and in order that ignorance of this Regulation may not be pleaded, it is directed that Paymasters shall invariably communicate the Military Auditor General's decisions on reaudit to the Officers concerned, in the form given in the margin.

To Captain A. B.

SIR,

In transmitting the remarks of

5. This Regulation is to be strictly adhered to in all future reaudits of Paymasters accounts

of the Military Auditor General, confirming the annexed Retrenchment on reaudit, I am to acquaint you, with reference to the G. O. by Government, dated the 11th November 1816, that if an appeal to Government is desired, your reply for that purpose must be forwarded to this Office within six months from the date hereof.

I am also to refer you to the Code of Pay Regulations, Page 331, Para. 51, which directs that Officers in such cases shall be aware of the necessity of stating clearly and fully every additional argument which they may have to offer, as the decision of the Board will be final, and that they shall be careful not to trouble Government with appeals on insufficient grounds.

I am, Sir, &c.

Here enter Station and date. (Signed) C. D. Paymaster.

6. In order to afford Paymasters the utmost assistance in regard to the unaudited charges of Officers about to proceed to Europe, they are permitted to forward the Abstracts of such Officers to the Office of Audit (or if already forwarded, to refer to the accounts in which they are entered) and to require from that Office an anticipated audit of such charges. Officers under the above circumstances are, in like manner authorized on application through their respective Paymasters, to require the same information in order to enable them to adjust accounts with their respective Paymasters.

By order of the Right Honorable the Governor in Council,
(Signed) E. WOOD, Sec. to Government.

Fort St. George, *13th November* 1816.

G. O. By Government.

The Right Honorable the Governor in Council is pleased to direct, that a Bounty of three Guineas per Man, shall be paid to such Men of His Majesty's Regiments returning to England,

accounts, and with respect to the accounts previously reaudited, the limited period of six months will be considered to commence from the date of this Order; all retrenchments therein at present standing in the Public Books, confirmed on reaudit, which may not be appealed against, within the above term, will be considered as finally established. The only departure which will be permitted from the operation of this Regulation, will be in the cases of Officers *now* in Europe, or off the Coast, who may not return within the period above limited; and Paymasters will be held strictly answerable for any failure, in communicating to Officers, the decisions of the Military Auditor General contained in the reaudit of their accounts.

as may volunteer under the circumstances stated in the G. O. by His Excellency The Right Honorable The Commander in Chief in India, dated 9th October 1816, to continue their services in India in any of the Corps therein enumerated.

The Governor in Council is further pleased, in reference to the General Order by Government, dated the 11th Instant, to authorize the established Bounty of Pagodas 25, to such Men of His Majesty's Regiments, whose contracted periods of service have expired, as may enlist in the Honorable Company's Artillery or European Infantry under this Presidency, for five years; and Pagodas 15, to those who may enlist for three years.

By order of the Right Honorable the Governor in Council.

(Signed) E. WOOD, Sec. to Government.

The Governor in Council is pleased to direct, that the additional reward, established by the General Order of 17th November 1812, for proficiency in the Persian Language, be presented to

Lieutenan t

Lieutenant Thomas Howell of the 5th Regiment of Native Infantry, whose acquirements are described in the annexed Extract from the Report of the Committee on his examination.

" We lately had occasion to make very honorable mention of Mr. Howell's attainments in the Hindoostanee Language, and the intimate knowledge which this Gentleman has now evinced of the language of Persia, merits, if possible, still more marked terms of commendation.

" Of the translation from Persian into English, we consider it sufficient to state that it was executed with spirit and fidelity, but to Mr. Howell's Persian version of the English exercise, praise of a higher order is eminently due. A simple fable of Pilpay was adorned by this Gentleman with all the graces of a finished composition, and enriched with a profusion of metaphors which could only result from an extensive and familiar acquaintance with the best classical authors.

" Mr. Howell's conversation was distinguished by a ready command of words, an attention to idiom and great propriety of expression : his pronunciation is particularly good, and in recommending that he may receive the additional reward authorized by Government for proficiency in the Persian Language, we consider it incumbent upon us to express our opinion that, as an elegant and accomplished Oriental Scholar, he has established a peculiar title to this honorary distinction."

Subadar Futtah Khan of the 8th Regiment of Native Infantry, is permitted to resign the Service of the Honorable Company, in compliance with his request.

By order of the Right Honorable the Governor in Council.

The Commander in Chief has great satisfaction in publishing to the Army, the following Extract of a Letter from the Resident of Fort Victoria, addressed to the Government of Fort St. George.

Such testimonials of the zealous and valuable services of the Officers of this Establishment, and of the orderly and good conduct of their Detachments, reflect the highest honor on themselves, and are creditable to their respective Corps.

Extract of a Letter from the Resident at Fort Victoria, dated 19th August 1816.

1. I have the honor to acquaint you that under the expectation of the speedy restoration of these Islands to the Dutch, I have judged it proper to take immediate measures for sending to Fort St. George, as large a proportion of the Troops belonging to that Establishment, as can be conveniently removed.

6. On the occasion of the final departure for the Presidency, to which they belong, of the Officers and Troops proceeding on the *Laurel*, I consider it to be a duty incumbent on me, to communicate to the Government of Fort St. George, the sentiments of cordial esteem and approbation, which the invariable tenor of their conduct, and their eminent professional services and merits, have indelibly impressed on my mind. In the exigencies of every public crisis, and on every occasion of difficulty

difficulty and danger, which has occurred during my administration at the Moluccas, they have always been distinguished by their eminent alacrity, zeal and promptitude; and, by their uniform skill, activity and courage, they have confirmed those claims to public approbation and gratitude, which they had previously established by their services in the capture of the Island.

7. Some of the Officers having been employed in confidential Civil situations, and their conduct in the performance of the duties entrusted to them, having been uniformly such as to deserve my approbation; I am anxious to recommend their services in this branch of the public administration, to the particular notice of the Government of Fort St. George, and as the situations in which, during a period of five years, Lieutenants Kyd and Nelson have been employed under my authority, have enabled me fully to appreciate their talents and integrity; I embrace this opportunity of testifying my sense of their merits, and of recording my conviction of the qualifications of zeal, ability and knowledge, which they possess for the execution of any similar orders which may hereafter be assigned to them.

8. The conduct of Lieutenants Gale and Dale, has also been distinguished by the same qualities of uniform propriety and rectitude; and is equally entitled to the tribute of my cordial approbation.—Lieutenant Gale has been employed in executing Topographical Military Charts and Plans of the Fortifications at Banda and Amboyna: which he has executed in a manner highly creditable to his skill and judgment."

Ordered that the following Extract from a Report, dated the 22d Instant, on the examination of Lieutenant C. Buttanshaw in the Persian Language, and of Lieuts. T. Hancorne and T. Youngson in Hindoostanee, be published in General Orders.

"Of the numerous Candidates for the reward, who have appeared before us for examination, few if any, have established a higher claim to our approbation than Lieutenant Buttanshaw. A very simple story from Pilpay's Fables, was paraphrased by this

this Gentleman into Persian, with a richness and variety of expression, an elegance of composition, and a freedom and facility of execution which reflected the highest credit on his talents and assiduity.

"The translation of Lieutenants Youngson and Hancorne into Hindoostanee, were distinguished by similar excellencies to those which we observed in Lieutenant Buttanshaw's exercise in Persian, and only inferior in degree on account of the more limited powers of the language to which they had directed their application. It is a tribute due to these Gentlemen to state, that there was not a single error either of orthography or grammar, in either of their exercises. The hand writing of all three was remarkably good, and their pronunciation liable to no particular objection. On the latter point, Lieutenant Youngson appeared to us to have rather the advantage over the other two Candidates, whilst Lieutenant Buttanshaw exhibited in conversation, a more rapid and copious command of words. The result of the whole examination is, that we consider these three Gentlemen as eminently entitled to the usual honorary reward, to which we beg leave to recommend them accordingly."

The Right Honorable the Governor in Council directs, that the usual honorary reward for proficiency in the Hindoostanee Language, be presented to Lieutenant Hancorne of the Madras European Regiment, and to Lieutenant Youngson of the 18th Regiment of Native Infantry; and has great pleasure in conferring on Lieutenant Buttanshaw of the Rifle Corps, the additional distinction established by the General Order of 17th November 1812, for the acquifement of the Persian Language.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council is pleased to make the following Appointment and Promotions.

Lieutenant W. Strahan of the 19th Regiment of Native Infantry, to be temporary Field Assistant Quarter Master General, with the Force detached to Nagpoor, under Colonel Walker's command.

14*th Regiment N. I.*

Senior Ensign Henry Bevan to be Lieutenant, from the 30th November 1816, vice Birch deceased.

Senior Ensign Richard Budd to be Lieutenant, from the 26th November 1816, vice Bolton deceased.

Lieutenant T. C. Cutcliffe of the 21th Regiment of Native Infantry, is transferred, at his own request, to the Invalid establishment, from the 30th Ultimo, on the ground of his total unfitness for active service, from the consequences of a severe wound.

The Governor in Council has great satisfaction in publishing to the Army, the following Extract from a Report, dated the 10th Instant, on the examination of Lieutenants H. W. Hodges of the 17th, and W. N. Pace of the 13th Native Regiments, in the Persian language; and in directing that the additional distinction established by the General Orders of 17th November 1812, be presented to each of those Officers.

"Lieutenant Hodges executed the several tasks assigned to him "with perfect accuracy; his style of writing in Persian, is "extremely

" extremely plain and simple, and if it does not aspire to the higher " graces of composition which, as he explained to us, from his " limited period of study, he did not attempt, it possesses at " least the solid merit of being very perspicuous and well " adapted to the transaction of business. Lieutenant Pate's " attainments in Persian, are of an higher order—A very simple " story from Pilpay was translated by him, in a very copious " paraphrase, abounding with all those studied ornaments of style, " which however repugnant to an European taste, are much admir- " edby the Natives, and which at least are not attainable, without " a very comprehensive knowledge of the language.—That " Lieutenant Pate's application to such a style of composition " however, had not impaired his talents for critical exactness, was " evinced in a very faithful and perspicuous translation, which " he afterwards made, of an English version of the treaty with " Hyder Ally of 1769."

" The pronunciation of both these Gentlemen was very good, " and their mode of expressing themselves liable to no objection " and we consider that they have both of them established a perfect " claim to the usual honorary reward, to which we beg leave to " recommend them accordingly."

Memorandum.

Lieutenant David Walker of the 3d Regiment of Native Cavalry, has been permitted by the Government of Bombay, to return to Europe on sick certificate.

The Court finds the Prisoner not guilty of the 1st part of the Charge, viz. For disorderly conduct on the night of the 5th September, in the Fort of Rajacote, in grossly abusing the wife of a Subadar, whose husband was absent on duty; and does therefore acquit him of the same.

The Court finds the Prisoner guilty of the 2d part of the Charge, viz. For having thrown his Sword and Sash at the Orderly Havaldar of the 5th Company, who was sent to enquire the cause of the disturbance in the lines, and for making use of the most opprobrious language at the same time.

The Court finds the Prisoner guilty of the 3d part of the Charge, viz. For striking the Orderly Havaldar of the 5th Company while in the execution of his duty; such conduct being unworthy of an Officer, subversive of all order, and in breach of the Articles of War.

The Court having found the Prisoner guilty to the above extent, do sentence him to be suspended from all rank and pay for two (2) calendar months.

CONFIRMED.

(Signed) M. NIGHTINGALL,
Lieutenant General.

Remarks by The Commander in Chief.

It is to be regretted that a Soldier who has formerly maintained so good a character as Jemadar Regojee Bhonsla while acting in the inferior ranks of his profession, should so far forget himself after

after a promotion conferred by Government for meritorious services, as to fall under the severe animadversion of a General Court Martial.

The Sentence of the General Court Martial on the present occasion appears under every view of the case, a very inadequate punishment for the highly improper conduct, which is proved by evidence against the Prisoner; but disproportionate as it is, The Commander in Chief deems it necessary to confirm it, not only as an example but also to prove to the Native Troops, that former instances of good behaviour are not at all times sufficient passports to that mercy which in general, he would be happy to bestow on an old and deserving Soldier.

In confirming the sentence of suspension awarded against Jemadar Ragojee Bhonsla, the Lieutenant General desired that the Prisoner may be recommended to regulate his future conduct conformable to the admonitions he has received from time to time from his Commanding Officer, as he may rest assured that any recurrence of such disrespectful behaviour will be punished with the utmost severity.

Jemadar Ragojee Bhonsla is to be released from arrest, and his suspension is to commence from the date of this order being received at Malwan, which the Commanding Officer of that Station will be pleased to report to the Adjutant General's Office.

The Native General Court Martial of which Subadar Ruttonmotter Soumetter is President, is dissolved.
