CONFIRMED.

(Signed) T. HISLOP,

It appears from the evidence adduced on the trial of Private Paria Curpah of the 1st Battalion 25th Regiment N. I. that the Prisoner, when posted as a Sentry, was permitted to unfix his Bayonet, and lay aside his Musket.

Officers Commanding will be very particular in having this Order explained in their respective Corps.

Ordered, that the following Extract from the Honorable Company's

pany's General Letter in the Military Department, under date the 4th February 1818, be published in General Orders.

Para. 276. "We are of opinion, after mature deliberation, that the best mode of combining the encouragement of a knowledge of those Languages (Hindoostanee and Persian,) with other objects of public importance, will be the adoption of the system which prevails in Bengal."

277. "We, therefore, authorize, and direct you, to appoint a Subaltern Officer, in each Battalion of Native Infantry, to be Interpreter of the Hindoostanee Language to that Battalion, who is also to perform the duties of Quarter Master of the Battalion, with the same Staff Salary as we in our Military Letter of the 5th May 1815, fixed for the Adjutants of Native Battalions, that is

281. "We take this opportunity to recal to your recollection, our Orders to Bombay, as contained in our Military Letter to that Government, dated 17th January 1810, Copy of which was transmitted to you, as equally applicable to your Presidency, with our Military Letter of the 23d January 1811."

"We are decidedly of opinion, that no Officer should be appointed to any Staff situation whatever, unless he have previously acquired a knowledge of the Hindoostanee Language, which is the vernacular language of Hindoostan, and more or less spoken, and understood, throughout the Deccan."

"The means of acquiring this Language, are now much facilitated,

facilitated, and it is so obviously both the duty and the interest of all our Servants at all the Presidencies to obtain a knowledge of it, that we desire you will hereafter consider a competent acquaintance with it, to be an indispensable qualification, in every Candidate for a Staff appointment."

SENTENCE.—The Court having maturely weighed and considered the evidence brought in support of the prosecution, as well as what the Prisoner, Lieutenant Watson, has urged in his defence, and the evidence in support of the same, is of opinion, that the Prisoner, Lieutenant Watson, is not guilty of the first part of the Charge, viz. The Commander in Chief in publishing the foregoing Extracts, cannot omit to notice a deviation from the General Orders of the 24th March 1812, on the part of the Court Martial, in having annexed a recommendation in favor of the Prisoner to their Proceedings, instead of making it the subject of a separate Letter—His Excellency regrets that the serious nature of the Charge precludes him from paying that attention to the Court's wishes, which under other circumstances he would have been inclined to evince.

Further Extracts from the Proceedings in continuation of a General Court Martial held at Vizagapatam, on the 16th day of July 1818, by virtue of a warrant from Major General Dyce, conducting the Details of the Army at the Presidency, under the authority of His Excellency Lieutenant General Sir T. G. Commander in Chief of all the Forces in India, *&c. &c. &c. &c.* under date the 2d March 1818.

President,—Subadar Shaik Emom, 2d Battalion 1st Regiment Madras Native Infantry.

Officiating Deputy Judge Advocate General,—Captain William Stone, 1st Battalion 1st Madras N. I.

Interpreter,—Lieutenant Campbell, 1st Battalion 1st Regiment Madras N. I.

CHARGES.—Mahobut Khan, Jemadar of the Escort with the British Resident at Nagpoor, placed in arrest, on the following Charges.

1st.—For having not reported himself to Captain Lloyd, whom he was ordered to join in command of a small reinforcement, between the hours of 6 at night and 2 in the morning of the 26th and 27th of November last, in the action at Nagpoor, and not exerting himself as became an Officer, in encouraging the Men in their resistance to the Enemy.

2d.

2d.---For having not been present with the Escort some time after 1 in the morning of the 27th, when Captain Lloyd, his Commanding Officer, was forming a Party for the support of the left of the Division against the Enemy, and which Party marched off without him.

3d.---For having on the morning of the 27th, during the time that the Escort maintained its position on the Hill, quitted his position without orders and placed himself in the rear of a Powder Magazine, contiguous to the rear of the Post; and when the Hill was charged by the Enemy, and the Detachment compelled to retreat, having not advanced his Party to its support, but on the contrary, having been among the first to retreat to the Hill on the Right Flank, thereby defeating the purpose for which he had been posted.

4th.---That in the forenoon of the 27th, when the Troops stormed and retook the Hill from the Enemy, and during the whole of that arduous conflict, he, the Jemadar, was not present with his Corps, or with any other part of the Troops engaged---such conduct being cowardly and infamous, unworthy of a Soldier, and tending to the disgrace of the British Arms.

By order of His Excellency The Most Noble The Commander in Chief.

HEAD QUARTERS, CAMP, 1st *March* 1818. } (Signed) J. NICOL, Adjt. Genl. of the Army.

SENTENCE.—The Court having attentively considered the evidence in support of the prosecution, as well as what the Prisoner has urged in his defence, is of opinion, that the Prisoner, Jemadar Mahobut Khan of the Nagpoor Escort, is "Not Guilty" of the first Charge, viz. "Of not having reported himself to Captain Lloyd, whom he was ordered to join in command of a small reinforcement between the hours of 6 at night and 2 in the morning of the 26th November last, in the action at Nagpoor, and not exerting himself as became an Officer, in encouraging the Men in their resistance to the Enemy," and do therefore acquit him of all and every part of the said Charge.

The Court is of opinion that the Prisoner is "Not Guilty" of the 2d Charge, viz. "For not having been present with the Escort some time after 1 in the morning of the 27th November last, when Captain Lloyd, his Commanding Officer, was forming a Party for the support of the left of the Division against the Enemy, and which marched off without him," and accordingly acquits him of all and every part of the said Charge.

The

The Court is of opinion that the Prisoner is "Guilty" of that part of the 3d Charge which states "That when the Hill was charged by the Enemy on the morning of the 27th November last, not having advanced his Party to its support," but acquits him of every other part of the 3d Charge.

The Court is of opinion that the Prisoner is "Guilty" of the 4th Charge, viz. "That on the forenoon of the 27th, when the Troops stormed and retook the Hill from the Enemy, and during the whole of that arduous conflict, he, the Prisoner, was not present with his Corps or with any other part of the Troops engaged"---and the Court is further of opinion, that such conduct is cowardly and infamous, unworthy of a Soldier, and tending to bring disgrace on the British Arms.

The Court having found the Prisoner in part guilty of the 3d Charge and of the whole of the 4th Charge, and which being in breach of the Articles of War, do sentence him to be dismissed the service and declared unworthy of serving the Honorable Company in any military capacity whatsoever.

The X mark of SHAIK EMOM, Subadar,
and President.

(Signed) W. STONE, Captain,
and Offieg. Deputy Judge Advocate Genl.

That part of the Sentence which directs the dismissal of Jemadar Mahobut Khan from the Honorable Company's Service, is approved and confirmed; But the declaration that the Prisoner is unworthy to be employed in any military capacity whatever, is considered beyond the competency of the Court, as it would unduly limit the judgment of Government, and is therefore not confirmed.

Several

Several instances having recently occurred of the transmission to Head Quarters of Recommendation Certificates for the promotion of Native Officers, in which the reasons for departing from the Regulations prescribing attention to seniority in the selections for promotion have either been altogether omitted to be mentioned, or when stated have proved very unsatisfactory.--The Commander in Chief finds it necessary to call the particular attention of Officers forwarding such documents to this point. In cases where it may be deemed proper to set aside the claim of seniority, a full and explicit statement of the cause, together with the grounds on which a junior may be selected for promotion, is to be made at the foot of the Certificate, to enable His Excellency to form his own judgment on the subject.

The Commander in Chief is further pleased to declare, that he does not consider the spirit of the Regulation which appears to impede the priority of claim to promotion in their respective Ranks to the Havildar Major, Drill Havildar and Drill Naigue, as in the least degree affecting the superior claims which in many cases the other Non-commissioned Officers of the Corps may have justly established for themselves by long and faithful services; and His Excellency therefore directs, that seniority shall only be set aside when the general character and conduct of the Individual shall be such as to render it necessary and expedient for the good of the Service.

Lieutenant Smart of the 1st Battalion 9th Regiment, doing duty with Rifle Corps, will proceed to join his Corps.

Lieutenant Clemons of the 1st Battalion 9th Regiment, doing duty with 1st Battalion 3d Regiment or P. L. I. will proceed and join his Corps.

Serjeants Anthony Roberts and Andrew Murray of Effective Supernumeraries, are appointed, the former Serjeant Major and the latter Quarter Master Serjeant to the Cavalry Recruiting Depôt.

(Signed) T. H. SMITH, Brevet Major, In charge of the 2d Bat. 9th Regt.

BY ORDER. (Signed) T. H. S. CONWAY, Adjutant General of the Army.

OPINION AND SENTENCE.—The Court having maturely weighed and considered all that has appeared before it in support of the prosecution, as well as what the Prisoner has urged in his defence, is of opinion that he is not guilty to the full extent of the 1st Charge set forth against him, and does therefore acquit him of the same---But the Court finds the Prisoner guilty of being in a state of intoxication and of thus appearing before the Sepoys of his Company, thereby shewing them a bad example.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief publishes to the Army the annexed General Order by His Excellency The Most Noble The Governor General.

General Order, by His Excellency the Governor General.

GORRUCKPORE, 18*th June* 1818.

The Service within the Nagpore Territory having been closed by the reduction of the Fortresses of Mundalah and Chandah, the Governor General has infinite pleasure in professing his acknowledgments to Major General Marshall and to Lieutenant Colonel Adams, under whose able management the captures were respectively effected.

The difficulties which Major General Marshall had to encounter in getting forward his Battering Train, through a Country singularly rough and wholly devoid of roads, were such as, notwithstanding the indefatigable efforts of Captain Case, and of the Ordnance Department under Acting Deputy Commissary Donald, could not have been surmounted by ordinary means. Nothing could have overcome the obstacles but the admirable zeal which appears to have pervaded every branch of the Division. The Sepoys deserve the highest encomiums for their patient and protracted labor in dragging the Artillery and Waggons up the rocky steps; and the Governor General desires that his warm praise may be communicated to them: but it is obvious that their cheerful perseverance in such severe toil could only flow from the cordial confidence subsisting between their Officers and them—

To

To the Officers, therefore, His Lordship directs it to be explained, that from an effect so beneficial to the public service, he knows how to appreciate justly the habitual tenor of their behaviour towards their Men; for which he offers them his applause and thanks.

The conduct of the siege by the principal Engineer Captain Tickell was marked with the same science and judgment observable at Dhamonnie, and does great credit to the professional skill of that Officer. The high terms in which Major General Marshall represents the exertions of Captain Tickell, as well as those of Lieutenants Pecket and Cheape, Ensigns Colvin and Irvine, and Cadet Warlow of the same Corps, are amply justified by the circumstances attending the fall of the Fort.

The gallant manner in which Brigadier General Watson led the assault, and dislodged the rallying Enemy from various parts of the Town, reflects great honor upon him, and must have materially influenced the success of the attack.

Major O'Brien, in procuring information on which to ground the plan for investing the place, manifested a judicious activity extremely useful.

The zeal and intrepidity of Lieutenant Pickersgill, Deputy Assistant Quarter Master General, in reconnoitring the breach, will remain duly impressed on the Governor General's memory. His Lordship has further to be mindful of the unwearied assistance which Major General Marshall states himself to have received from Captain Watson, Assistant Adjutant General, and from Captain James, Deputy Assistant Adjutant General to the Division.

No exposition of the meritorious service of the Storming Column, nor any proof of the energy of Brigadier Dewar who commanded it, with Majors Midwinter and Thomas under him, can be requisite beyond the fact of its complete success. Lieutenants Lewis and Aitchison with a small Party of Pioneers and a few Men of the 1st Battalion 14th Native Infantry had the pride of accompanying Brigadier General Watson through the breach, and were eagerly supported by Captain D'Aguilar with a Detachment of the 13th Native Infantry.

In reflecting on this triumph, the speedy prostration of the Enemy's defences, whence the Storm became practicable, exhibits conspicuously the merits of Major Hetzler, Captain Lindsay, and the other Officers and Men of the Artillery. The service rendered by Major Hetzler is highly estimated by the Governor General.

Where every Man whose station gave him the opportunity of taking a special part is stated to have distinguished himself, the Governor General could not without going into a too minute detail

detail express his opinion of every Officer particularized by Major General Marshall; therefore, he must content himself with saying, that he confirms and echoes the praise bestowed on the several Individuals or Corps in the Division Order of Major General Marshall on the occasion.

In adding the reduction of Dhamonnie and Mundelah to that of Hattrass, all achieved with little loss, Major General Marshall has evinced how judiciously he applies the principles of art in sieges; a branch perhaps the most scientific in the Military profession.

The skill with which Lieutenant Colonel Adams made a scanty supply of heavy Ordnance suffice for the capture of a strong Fortress, powerfully garrisoned, fitly crowns the conduct that had distinguished him during antecedent operations. The vigorous decision with which he had previously given a blow to the Army of Bajee Row, productive of irremediable distress and despondency in that Force, is not more to be admired than the judgment visible in the attack of Chandah. The gallantry of the Officers and Men serving under him has well seconded the ability of their Leader.

Lieutenant Colonel Scott, of the Madras Establishment, who guided the assault, displayed a courage no less calmly capable of perceiving and securing every advantage, than it was brilliant. His success demonstrates how judiciously his valor was applied. He appears to have been worthily supported by the intrepidity of Lieutenant Colonel Popham and Captain Brook, who led the right and left columns of attack. In noticing this part of the day's achievement, the Governor General should not forget the animated exertions of Lieutenants Bevan and Fell, (Commanding the Pioneers), or the zeal of Lieutenant Hull, who volunteered to lead the Bengal Grenadiers; nor can he omit noticing the strenuous bravery with which Captain Charlesworth, Lieutenant Casement and Lieutenant Watson (all wounded on the occasion,) contributed to the fortune of the day.

The rapid demolition of the Enemy's defences and the speed with which a Breach was effected, would sufficiently testify the science of Lieutenant Anderson, Field Engineer, and of Lieutenant Crawford of the Bengal Artillery, acting as Engineer, in indicating the positions for the Batteries, even had not Lieutenant Colonel Adams professed his obligations to those Officers so warmly.

It is distressing that Major Gorcham has not survived to enjoy the just reputation which his eminent merit in the command of the Artillery challenged for him: Yet, if he sank under his too earnest exertions, he bore with him to the tomb the universal admiration of the Army, and his name will long be quoted to excite similar energy

energy in others. Captain Rodber, Captain Macdowell, Captain Mackintosh, and Lieutenant Walcott, seem to have highly deserved the praise which their Commander bestows upon them. Indeed, the efforts of all the Officers and Men of the Artillery appear to have been proudly laudable; and in particular the successful attempt of Lieutenants Poggenpohl and Hunter, to get one of the guns of the Horse Artillery over the breach, exhibits a spirit and resource of superior tone.

The number of those who would be justified by their behaviour on this occasion to prefer a claim for separate acknowledgments, lays the Governor General under the same impossibility of particularizing every body, which existed with regard to Mundelah: But His Lordship must notice that Major Clarke stands with his usual prominence of distinction; and that special praise is due to Captain Scott, officiating Assistant Adjutant General, and to Captain Sandys, Deputy Assistant Quarter Master General, the latter of whom attached himself to the head of the Storming Column.

In fine, the reduction of the two Fortresses splendidly terminated a Campaign of no ordinary exertion; leaving the Commanders and their Troops with augmented title to that approbation from Government which it is the purpose of this Order to proclaim.

By order of His Excellency The Most Noble The Governor General.

(Signed) J. ADAM,

SEC. TO THE GOV. GEN.

Lieutenant General Sir Thomas Hislop is confident that the feelings of pride and gratification which the perusal of the above General Order has awakened in His Excellency's breast, will be fully participated by every Officer and Soldier of the Army. The gallantry and prowess of the Madras Troops during the late eventful Campaign have frequently called forth the praise and admiration of The Commander in Chief, but the display of those qualities in this instance has added a brilliant page to the record of their achievements, since it has elicited the applause and thanks of the Supreme Authority in India.

Officers Commanding Corps are directed to prepare and forward to the Military Board, Indents for such Arms, Accoutrements, and Small Stores, as may be necessary to complete their Battalions to the establishment fixed by Government in General Orders of the 6th July last.

The Commander in Chief directs, that Officers Commanding Corps will at all times consider it their duty to keep the Second Dressers of Regiments and Battalions complete, by entertaining *Natives* of [illegible] respectability. It is of essential consequence to the comfort of the Native Troops and their Families, that the Second Dresser of a Corps should not only be a Man of respectable cast and character, but that he should be well qualified to give medical aid to the Followers and Families of a Corps; the Commander in Chief therefore directs, that previously

viously to any such person being enrolled on the strength of a Corps, that he be examined by the Medical Officer in charge of it, and if found qualified in every respect, the Medical Officer will report the same to the Officer Commanding the Corps, who, on such written Certificate (to be countersigned if possible by the Superintending or Staff Surgeon) will entertain the candidate and place him on the strength of the Corps.

It is to be understood, that a Second Dresser being returned and mustered on the strength of a Corps, his register is to be kept in like manner as that of the Men, and that he cannot be removed, or discharged, without the sanction and orders of the Commander in Chief.

The importance of fixing Second Dressers permanently with Corps, who know the Families of the Native Officers and Men, and in whom they have confidence, renders it essential that no removal shall ever be recommended unless on most urgent and peculiar reasons.

The Commander in Chief further directs, that Commanding Officers of Corps will see that the Second Dressers of Corps apply themselves to the duties for which they are chiefly provided, and that they are not employed in any but professional duties and pursuits.

It having been brought to the notice of the Commander in Chief, that Soldiers are in the habit of passing through the French Territories, and that in some instances, from ignorance of the local Police Regulations, have been guilty of irregularities, His Excellency deems it expedient to prohibit all Soldiers, European and Native, from entering Pondicherry or its dependencies, unless furnished with a Passport from the British Commissioner, to be applied for by Commanding Officers only on the most urgent occasions; and this Order is to be particularly explained to all Guards, Recruiting Parties, Escorts, and Men proceeding on leave, previous to quitting their respective Corps or Stations.

G. O. BY THE COMMANDER IN CHIEF.

The following Extract from G. O. issued by The Most Noble The Commander in Chief in India, is, by His Excellency's orders, published to the Army under this Presidency.

Extract from the Proceedings of a Native General Court Martial assembled at Nagpore on the 23d day of March in the year of our Lord 1818, convened by virtue of a warrant from His Excellency The Most Noble The Marquis of Hastings, K.G. Commander in Chief of all the Forces in India, is assembled this day pursuant to adjournment.

President.—Subadar Shaik Emaum, 2d Battalion 1st Regiment Madras Native Infantry.

Officiating Deputy Judge Advocate General.—Captain W. Stone, 1st Battalion 1st Regiment Madras N. I.

Inter-

Interpreter,—Lieutenant Campbell, 1st Battalion 1st Regiment M. N. I.

CHARGE.—Peer Mahomed, Fifer in the Escort with the British Resident at Nagpore, confined for Desertion during or shortly after the Action of the 26th and 27th of November 1817, at Nagpore.

By order of His Excellency The Most Noble The Commander in Chief.

HEAD QUARTERS, CAMP, 1st *March* 1818. } (Signed) JAMES NICOL, Adjt. General of the Army.

SENTENCE.—The Court having attentively considered the evidence in support of the prosecution, as well as what the Prisoner has urged in his defence, is of opinion that the Prisoner, Peer Mahomed, Fifer in the Nagpore Escort, is guilty of having Deserted during the Action at Nagpore on the 27th November 1817—which being contrary to the Articles of War, prejudicial to the Service, and subversive of all military discipline, do sentence him, the said Peer Mahomed, to receive (900) nine hundred lashes on his bare back, and afterwards to be publicly disgraced in such time and manner, as His Excellency The Most Noble The Commander in Chief may be pleased to direct, and the Court do further sentence him to be dismissed from the Honorable Company's Service.

Remarks by His Excellency The Commander in Chief.

It appears to His Lordship that no attempt was made to disprove the fact asserted by the Prisoner, of his having been taken by the Enemy while he was seeking water to quench his thirst in the deserted Escort Lines; and of his having been detained until the approach of Brigadier General Doveton's Force caused the Enemy to neglect further care of him.—There is no apparent improbability in the fact, nor is it inconsistent with any thing testified by the Witnesses for the prosecution, were it substantiated, it would absolve the Prisoner; therefore, The Commander in Chief is of opinion that, standing unrebutted, the defence should be admitted as freeing the Prisoner from the Charge.

The

The Commander in Chief is perfectly attentive to that collateral knowledge of circumstances which each Member of the Court, sitting in judgment where the transaction took place, was likely to possess, and thence he should be inclined to think the condemnation of the Prisoner essentially just; but to act upon such presumptions would be to deprive a Prisoner of the ulterior security supposed to exist in The Commander in Chief's weighing the Sentence with the quality and amount of testimony adduced on the trial.

The evidence on the Proceedings not being decidedly satisfactory in the present case, His Lordship has not confirmed the Sentence.—Were he to direct the Court to revise it, the transmission of the result of that sitting to such a distance would entail a painfully long addition of confinement to Peer Mahomed, tho' destined to be freed. The Commander in Chief therefore directs, that the Court be dissolved, and that Peer Mahomed be ordered to return to his duty.

The following Extracts from the confirmed Proceedings in continuation of a General Court Martial assembled at the Presidency on Friday the 29th day of May 1818, by virtue of a warrant under the hand and seal of His Excellency Lieutenant General Sir Miles Nightingall, K. C. B. Commander in Chief, are published to the Army.

President,—Colonel S. Huskisson, H. M.'s 67th Regiment.
Judge Advocate General,—Captain Vans Kennedy.

CHARGES—Preferred by order of the Right Honorable the Governor in Council against Mr. Assistant Surgeon John Llewellin.

1st.—For disobedience of orders in quitting the Vestal on the 2d Instant, while at anchor below the middle ground, after having been made acquainted by Acting Lieutenant Sawyer that it was necessary he should not be absent from the Vessel as she was on the point of sailing.

2d.—For a dereliction of duty and breach of discipline, in being absent from the Vestal since the second Instant and leaving the Sick unattended, and not having made any communication to the Commander of that Vessel, thereby evincing a marked contempt for the authority of his Commander, and being subversive of every principle of discipline, and shewing a most mischievous example of insubordination.

BOMBAY, 12th *June* 1818. (Signed) HENRY MERITON, Superintendent.

BOMBAY, ADJT. GENL.'s OFFICE. 23d *May* 1818. By order of the Commander in Chief, (Signed) D. LEIGHTON, Adjt. General of the Army.

SENTENCE.—The Court having maturely weighed and considered all that has been adduced in support of the prosecution,

cution, and what the Prisoner has brought forward on his defence, are of opinion that the Prisoner, Assistant Surgeon John Llewellin, is not guilty of the first Charge, and they do therefore acquit him of all and every part of the same.

The Court are further of opinion that the Prisoner, Assistant Surgeon John Llewellin, is guilty of the first part of the second Charge, but they do acquit him of all the latter part of the said Charge.

The Court having found the Prisoner guilty as above specified, do therefore sentence him to be admonished in such manner as His Excellency the Commander in Chief may think proper.

The Court are further of opinion, that Assistant Surgeon Llewellin's conduct in this instance has proceeded entirely from his having been deprived of his usual accommodations on board the Vestal Cruizer, and of others having been assigned to him perfectly inadequate and unsuitable to an Officer and a Gentleman of his rank and situation, the Cabin now allotted to the Lieutenant of the Vessel and Mr. Llewellin being, in the opinion of the Court, barely sufficient for the accommodation of one person.

The Court cannot forbear expressing their disapprobation of the evasive replies of Mr. Meriton, and further express their surprize that there should appear on his part so little preparation to answer questions which occurred on the Prisoner's defence.

(Signed) V. KENNEDY, (Signed) S. HUSKISSON, Col.
Judge Advocate General. and President.

APPROVED AND CONFIRMED.

(Signed) M. NIGHTINGALL,
Lieutenant General.

Remarks by the Commander in Chief.

The Commander in Chief has approved and confirmed the above Sentence because it does not clearly appear with respect to the first Charge that any official order was given to the Prisoner not to quit the Vestal, by the Officer who was directed to make that communication to him; but it is nevertheless clearly proved by his own confession, that he did absent himself without leave from the 2d of June to the period of his being placed under arrest, a line of conduct highly reprehensible and deserving the severest censure, it can be owing solely to the wording of the 1st Charge that the Prisoner has been acquitted.

Of the first part of the 2d Charge the Prisoner has been found guilty and sentenced to be admonished, but there is no part of Mr. Assistant Surgeon Llewellin's conduct so deserving of censure,

as

as the highly indecorous and improper letter which that Gentleman ventured to address to Government on the 28th May, which he has also thought proper to place on the Proceedings of the Court as part of his defence, and the Commander in Chief has only to express his regret that such an offensive document did not form part of the Charges exhibited against the Prisoner.

With respect to the observation of the Court on the accommodation which has been recently allotted to the Assistant Surgeon on board the Vestal Cruizer, the Lieutenant General cannot but concur, and he will not fail to bring this subject officially to the notice of Government.

In conclusion, the Commander in Chief deems it an act of justice towards that highly respectable Public Officer, the Superintendent of Marine, to observe that the evidence required from Mr. Meriton not immediately applying to the Charges under investigation, it could not be supposed that he should be prepared to answer questions on points on which he did not expect to be examined; particularly as they related to subjects on which no satisfactory reply could be given except by a reference to papers which Mr. Meriton states he had not brought with him into Court,—the other parts of Mr. Meriton's evidence not applying to matters of fact but merely of opinion, there appears to be no grounds whatever for the remark of the Court, as a Witness is at all times at liberty to answer such questions in the manner in which he may think proper—nor can any Court (without being fully informed of every circumstance) venture with propriety to pass an opinion on the correctness or incorrectness of such evidence.

Assistant Surgeon John Llewellin to be released from arrest, and will return to his duty.

SENTENCE.—The Court having maturely considered the evidence brought before them, find the Prisoner, Patrick Sullivan, of the Honorable Company's European Regiment, guilty of the Charge of Mutiny preferred against him, and do adjudge him, the said Patrick Sullivan, to be shot to death, at such place, and such time, as His Excellency The Most Noble The Commander in Chief may direct.

Military Secretary.

Remarks by His Excellency The Commander in Chief.

The Commander in Chief agrees with the Court that there is sufficient proof of the fact on which the Members unanimously recommend the Prisoner, Patrick Sullivan, to mercy; namely, his being subject to occasional fits of insanity in consequence of an injury formerly received in the head, and that doubts might be entertained whether the act had not been committed under the influence of a paroxysm. His Lordship, therefore, remits the Sentence passed upon Patrick Sullivan: But, as it is dangerous that a Man labouring under such a malady should continue in the Regiment, it is hereby directed that Patrick Sullivan be discharged, and that application be made to the Secretary of Government in the Public Department for his being sent out of this Country.

The Court Martial to be dissolved, should there be no further duty for it to perform.

The Prisoner to be released from confinement, but the Officer Commanding in Fort William will place him under such controul as may be necessary to prevent him from doing any mischief, until measures are taken for sending him to England.

OPINION AND SENTENCE.—The Court after the most mature deliberation on the evidence brought forward in support of the prosecution, as well as what the Prisoner has offered on his defence, is of opinion that the Prisoner, Ramasammy, Jemadar in the second Battalion twenty-second Regiment Native Infantry, is guilty of all and every part of the Charges preferred against him, such conduct being subversive of good order and military discipline, and disgraceful to the character of a Native Commissioned Officer, does adjudge the Prisoner, Ramasammy, Jemadar in the second Battalion twenty-second Regiment Native Infantry, to be suspended from Rank and Pay for the space of (3) three

G. O. BY GOVERNMENT.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, under date the 23d January 1818, be published in General Orders.

Para. 6. "We direct that the whole of our Arms for the "Infantry shall be browned; and this, we desire, may be "carried into effect in India without delay. Such Arms, as "are hereafter sent out to our several Presidencies, shall be "browned previous to their being shipped."

The Military Board are directed to adopt the necessary measures for having the Arms in use with the Troops, as also those in the several Depôts, browned in the manner enjoined by the Honorable the Court of Directors.

The Military Board will issue instructions to Officers Commanding Divisions relative to the progressive introduction of this system, to the Arms now in use; and the several Commissaries of Divisions or Subsidiary Forces will prepare and transmit to the Military Board Indents for the quantity of materials required in their Divisions, or Forces, respectively, calculated upon the proportions laid down in the following instructions, and with reference to the number of Arms in store and the established strength of each Division of the Army.

The Right Honorable the Governor in Council is further pleased to direct, that an allowance be made to Battalions at the rate of 21 Rupees per quarter, for the purpose of meeting the expense of preserving the colour of the Arms, as required by the present Regulation.

The periodical allowance above alluded to, will not commence until after the expiration of twelve months from the time of the Arms of the respective Battalions being first generally browned, which circumstance must be duly reported by Officers Commanding Corps to the Military Board.

This allowance to be drawn by Quarter Masters and countersigned by Officers Commanding Corps.

Instructions for browning 200 Gun Barrels.

The following Ingredients, viz.

Nitric Acid.....One Ounce.
Sweet Spirits of Nitre.....One do.
Spirits of Wine.....Two do.
Blue Vitriol.....Four do.
Tincture of Heel.....Two do.

are

are to be mixed together, the Vitriol having been previously dissolved in a sufficient quantity of warm water, to make with the other Ingredients two quarts of mixture, Wine measure.

Previous to commencing the operation of browning the Barrels, it is necessary that they be well smoothed and cleaned from all greasiness and other impurities, and that a plug of wood be put into the muzzle, and the vent well stopped, the mixture is then to be applied with a clean sponge or rag, taking care that every part of the Barrel is covered with the mixture, which must then be exposed to the air for 26 hours, after which exposure the Barrel must be rubbed with a hard brush and rag, or tow, to remove the oxid from the surface.—This operation must be performed a second and a third time (if necessary), by which the Barrel will be made of a perfectly brown colour, it must then be well brushed and wiped and immersed in boiling water, in which a small quantity of alkaline matter has been put, in order that the action of the acid upon the Barrel may be destroyed and the impregnation of the water by the acid neutralized.

The Barrel when taken from the water must, after being perfectly dry, be rubbed smooth with a burnisher of hard wood and then heated to about the temperature of boiling water, it will then be ready to receive a varnish made of the following materials (for 200 Barrels).

Spirits of Wine.....	36½ Ounces.
Dragons Blood Powder..	3 Drams.
Shellac bruised.....	1 Ounce.

and after the varnish is perfectly dry upon the Barrel, it must be rubbed with the burnisher to give it a smooth and glossy appearance.

To repair and retain the brown upon the Barrels.

When the Barrel is much rubbed from use, a little Vitriolic Acid may be applied to it, and then it must receive the treatment that Barrels undergo in browning, care being taken to deaden the action of the acid by means of boiling water.

When Brown Barrels are in constant use, the brown might be continually kept perfect by means of the application of Vineger, which should remain upon the surface for a day and then be washed well with boiling water.

If this operation be repeated monthly, a Barrel which has been properly browned in the first instance will continue in a perfect state for many years.

G. O. By Government.

It having been represented to the Right Honorable the Governor in Council that Cavalry Officers, when permitted to transfer their Chargers to the Ranks, experience much difficulty in obtaining repayment thereof, the following rules are to be observed in future regarding such claims.

The stoppages which are made from Cavalry Officers on the above account are to be recorded in the Regimental Books, specifying by what Paymasters, and from what month's abstracts, the stoppages were made.

When an Officer is permitted to return a Charger to the Ranks, his bill is to be made out for the regulated amount, and to be sent by the party direct to the Accountant General in the Military Pay Department, accompanied by a copy of His Excellency the Commander in Chief's permission to return the Charger;—by a certificate that the Horse has actually been received into the Ranks;—and by a statement shewing to what Paymasters, and in what months, the instalments corresponding in amount with the bill, were paid for the Horse.

On receipt of the above documents, certified by the Officer Commanding the Regiment, the Accountant General is to refer to the accounts of Paymasters, or, if those do not shew the payments, to the abstracts of the Officers, which are lodged in his Office;—and if it shall appear that the stoppages were made from the party, the Accountant General is to transmit the bill and accompanying documents to the Military Auditor General, informing him that the price of the Horse has been fully paid, on which communication the latter is to pass the bill for payment —but if, on the contrary, it shall appear that the whole of the stoppages were not made, the bill is to be returned by the Accountant General to the party, with a letter particularizing the instalments which appear not to have been paid.

BOMBAY:
ADJT. GENL.'S OFFICE,
1st July 1818.

By order of the Commander in Chief.
(Signed) D. LEIGHTON,
Adjt. Genl. of the Army.

SENTENCE.—The Court having maturely weighed and considered all that has been adduced in support of the prosecution, as well as what the Prisoner has brought forward on his defence, are of opinion that the Prisoner, Lieutenant R. White, is guilty of the first of the original and the first of the additional Charges preferred against him; but they are, at the same time of opinion, that he is not guilty of the second of the original and the second of the additional Charges, and they do therefore acquit him of the same.

The Court having found the Prisoner guilty as above specified, do therefore sentence him, the said Lieutenant R. White, to be reprimanded in such manner as His Excellency The Commander in Chief may think proper.

(Signed) V. KENNEDY, Judge Advocate Genl.
(Signed) J. GRIFFITH, Col. and President.

CONFIRMED.

(Signed) M. NIGHTINGALL,
Lieutenant General.

The Court think it necessary to observe, that they are fully aware that the preceding Sentence is inadequate to the degree of culpability of which the Prisoner has been found guilty; but they have been prevented from passing a severer one in consequence of there being no intermediate punishment between cashiering and a reprimand, which it was in their power to award.

(Signed) J. GRIFFITH, Colonel,
and President.

Remarks by The Commander in Chief.

The Commander in Chief has confirmed, though he cannot approve, a Sentence so entirely inadequate to the Crime. The Prisoner

Prisoner has been found guilty of disgraceful conduct, highly unbecoming an Officer and a Gentleman, and his conduct has on various occasions been so disgraceful and ungentlemanlike, from his inveterate habits of intoxication, as to render it quite improbable that any reprimand however severe, will prove of the smallest use towards reclaiming a Man so lost to every sense of honorable and gentlemanly feeling. His Excellency therefore directs, that previous to the Prisoner's release from arrest, he be ordered to pay over the amount of the balance due to the Men of his Company, to the Adjutant of the Corps of Invalids, for the purpose of it's being transmitted to the Fort Adjutant at Tannah, who is to be placed in charge of the Company at that Station so long as Lieutenant White may remain attached to it, who by his unworthy and disgraceful habits has rendered himself totally incapable of such a charge.

Lieutenant R. White, after having paid the amount due to his Company, to the Adjutant of the Native Invalids, to be released from his arrest, and will return to his duty.

The General Court Martial of which Colonel J. Griffith, Artillery, is President, is dissolved.

Remarks by The Commander in Chief.

The Commander in Chief cannot help expressing his regret that Jemadar Shamajee Aaronjee of the 2d Battalion 6th Regiment N. I. should have been brought before a General Court Martial, especially as it appears from the evidence on the part of the prosecution, that there was not the slightest ground for preferring the Charge which was exhibited against him. It is likewise proved, that no previous investigation took place, and that the Jemadar was brought to trial on the mere report of the Native Adjutant, by whom the Jemadar was treated with a degree of harshness not only unnecessary, but highly reprehensible,—had the Commanding Officer of the Battalion paid that strict attention to his duty, which ought always to be observed on similar occasions, the Jemadar would not only not have been brought to public trial, but the respectability of the Corps would have been more becomingly upheld.

Jemadar Shamajee Aaronjee to be released from arrest, and will return to his duty.

The Officer Commanding the Troops in the Deckan will be pleased to dissolve the Native General Court Martial of which Subadar Saul Mahomed, 8th Regiment Madras Light Cavalry, is President.

CAMP NEAR HOOBLY, August 5, 1818. } (Signed) T. H. S. CONWAY, Adjt. General of the Army.

"Deserting from his Corps when on Field Service, on the 14th of April, and taking with him his Arms and Accoutrements."

On the second Charge the Court finds the Prisoner guilty in an inferior degree, namely, to the extent of having collected money and various articles on a false pretence, but without using threats or violence to obtain them; the Court consequently acquits the Prisoner of "Plundering and marauding after he had deserted."

The instances in which the Prisoner has been found guilty, being to the prejudice of good order and military discipline, the Court doth sentence the said Prisoner, Trevangadum, Sepoy 2d Battalion 12th Regiment, to receive nine hundred (900) lashes on his bare back, with a cat o'nine tails, and afterwards to be drummed out of his Corps with a halter round his neck, at such time and place as His Excellency The Commander in Chief may be pleased to direct. The Right Honorable the Governor in Council is pleased to publish in General Orders, the following Resolution of His Lordship in Council relative to Lock Hospitals.

That to each Lock Hospital there be appointed a decent Woman of Cast and proper Years to Superintend and regulate the œconomy and internal management of the Hospital under the direction of the Senior Surgeon of the Station on a monthly Salary not exceeding three (3) Star Pagodas.

That another decent Woman be appointed to Assist her as well as for Cooking the victuals of the patients and attending the other duties on a Salary of one and a half (1½) Pagodas.

That a Totty also be appointed on a monthly pay of one and a half (1½) Pagodas.

That in addition to the above mentioned Servants others as Coolies be allowed in the proportion of one woman to every ten patients.

That each patient be provided with a Matt and Cumley on being admitted in the Hospital, for the care and preservation of which the female superintendent or Head Nurse to be held responsible—The Matts and Cumleys to be supplied by the Paymaster of the Station on the Surgeon's indent.

That the Sum of one Madras fanam and forty Cash (1 40.) be granted for the diet only of each Native patient. The above allowance for Victualling will in general be fully sufficient, but at some particular Stations where grain the Chief article of food with the Natives is scarce and consequently high priced, it may be found inadequate in such cases, the Medical Board would recommend that one seer of Rice, and half a Fanam in money be granted for each patient.

Where a public building cannot be allotted for an Hospital it will be found expedient to rent or erect a House for that purpose on the Sanction of Government being previously obtained, the expence of which must necessarily vary according to Situation and Circumstances.

His Lordship in Council is further pleased to abolish such part of the General Orders of the 15th April last as may not be consistent with the above Regulation.

G. O. By Government.

On the occasion of the intended return of His Majesty's 19th Regiment of Light Dragoons to *Europe*, the Right Honorable the Governor in Council feels the greatest satisfaction in testifying in the most public manner his highest approbation of the conduct of that distinguished and valuable Corps.—From the period of the arrival of his Majesty's 19th Dragoons in *India*, in the year 1782, until the present time that Regiment has shared in almost every action of difficulty and of glory in which the British Arms have been engaged during that long and eventful interval, and has deservedly established a degree of reputation seldom equalled and never surpassed.

His Lordship in Council deems it unnecessary at this moment to enumerate the various instances in which His Majesty's 19th Dragoons have rendered the most important Service to their country: But the glory acquired by that Regiment in the field of Assaye; and the important advantages which resulted from its bravery, discipline and activity on a late memorable Occasion an instance which cannot be omitted, and which can never be obliterated from the Annals of this country, or from the Memory of the British Nation.

His Lordship in Council was pleased by a General Order under date the 27th August 1805, to confer a particular mark of His Lordship's approbation on His Majesty's 74th Regiment at the period of the embarkation of that distinguished Corps, for *Europe*, by granting to the Officers a donation of three Months full Batta—Impressed with similar sentiments on the present occasion, His Lordship in Council has in consideration of the long and brilliant Services of His Majesty's 19th Regiment of Light Dragoons, resolved to extend to the Officers of that Regiment a donation of the same amount, which is accordingly directed to be paid previously to their departure for *Europe*.

G. O. by the Commander in Chief.

The Eulogium that Government has been pleased to express in their late order, upon the services of His Majesty's 19th Light Dragoons, throughout it's long and distinguished Course in this Country, leaves to the Commander in Chief but little to add, except his warmest wishes for the continuance of their uninterrupted Honor and Success, in other Regions of the British Empire.

The Records of Government every where proclaim the value of His Majesty's 19th Light Dragoons in India, and stamp the occasions, where this Regiment has perhaps secured the Foundations of our Empire.

Such Subjects belong to the highest Authority, and have only been briefly mentioned with grateful Acknowledgement. The Bounded Limits of an order were unequal to the History.

It therefore only remains with the Commander in Chief, to state the humbler Sentiments of Approbation of the distinguished good Order, Obedience and Harmony that prevail in the 19th Light Dragoons, which confirm all Opinion, that such are the Foundations, that lead to Glory, cause Admiration and respect, while a Regiment remains in a foreign Country, and ensures to them on their departure, the deepest Regret.

G. O. By Government.

The Right Honorable the Governor in Council having been called upon to consider with particular attention the grounds of orders lately issued by His Lordship in Council for the discontinuance of the allowance of Full Batta to the Subsidiary Force, stationed in Travancore, the result of the enquiry has entirely satisfied His Lordship in Council of the Accuracy of that Resolution, and it is hereby confirmed accordingly.

It is proper to state that the reconsideration of this subject was forced on the attention of the Governor in Council by an urgent representation of Lieutenant Colonel R. M. Grant, the late Commanding Officer of the Subsidiary Force founded on alleged Complaints of the Officers and Men under his Command with respect to the insufficiency of their Allowances, which supposed complaints appear to have been conveyed by Lieutenant Colonel Grant to the Commander in Chief in opposition to the repeated admonitions of the Resident at Travancore, and in contradiction even to Lieutenant Colonel Grant's own assurances to the Resident.

It being at all times the desire of His Lordship in Council to receive with attention any just representation affecting the interest of the Army, particularly when supported by the Authority of Officers exercising important commands, the Communication

munication which had been submitted relative to the allowances of the Troops at Travancore obtained His Lordship's fullest consideration, and the necessary statements having been received of the prices of the Articles of consumption in Travancore, they were referred to the Military Board for the purpose of undergoing an accurate investigation.

From the result of that investigation it has been distinctly ascertained that the prices of the Articles of life in Travancore are not only not high but are unusually moderate, and it has been established "that the usual Pay is more than "ordinarily adequate to any necessary expence" in that Country—It has been proved from unquestionable evidence that the Alleged complaints which had received the strenuous support of Lieutenant Colonel Grant had no foundation in any just grounds, and that Officer has been so forgetful of the duty which he owed to the Government, and to his own Character as publickly to recommend the revocation of a formal Resolution for reasons which enquiry has shewn to be unfounded.

In all cases it is obviously the first duty of Commanding Officers to repress groundless clamour in the Officers or men serving under their orders, for it is by such discrimination only that justice can be rendered in those cases where just claims are brought to attention, and that the foundations of Military discipline can be preserved—His Lordship in Council has therefore observed with extreme concern in the present case, an utter perversion of that principle, and by encouraging representations calculated to convey to the Governor in Council an erroneous impression of the state of the Force under his Command Lieutenant Colonel Grant has manifestly departed from the line of his public duty, and has subjected himself to the high displeasure of His Lordship in Council.

The Right Honorable the Governor in Council is willing to hope that the explanation of these sentiments will impress on all Officers a due sense of their public duty, but it is considered proper on the present occasion to observe that His Lordship has had repeated occasion to notice the extreme laxity manifested in the proceedings of Committees of Officers which have been constituted on different public occasions —His Lordship in Council desires that it may be understood that when Committees of Officers may be Assembled for the

purpose

purpose of reporting on objects of public enquiry, the Reports of such Committees shall not be received as communications of form, but that Officers who may be employed in the execution of a solemn duty of that nature, shall be held responsible for the accuracy of their opinions and when the duty may appear to have been executed with negligence or remissness, the offending persons shall be made liable to the utmost severity of reprehension and punishment.

By order of the Right Honorable the Governor in Council.

(Signed) G. BUCHAN,
CHIEF SEC. TO GOVERNMENT.

Fort St. George, 1st November 1806.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council has resolved to revise the existing arrangements of the Native Invalid Establishment, and with a view to the comfort of the Old and faithful Soldier, to encrease the Number of Invalid Companies and Stations, so that each Native Commissioned Officer, Non-Commissioned Officer and Soldier, on being transferred to the Invalid Establishment may reside in the vicinity of his Family and Friends.

It is therefore ordered that from the 1st of January 1807, the establishment of Native Infantry Invalids shall consist of 46 Companies;—that each Company shall be considered to be attached to an effective Battalion of Native Infantry, shall be permanently stationed in the District where that Battalion was raised, or of which a large proportion of its men may be Natives, and shall recruit for the Battalion to which it is attached, in the vicinity of that station—When in due course of time the effect of this system shall have fully realised the connection of the Battalion with the Company of Invalids attached, and with its local position; that Station will become the depot for the sick, for the Younger Boys on the recruit for the Establishment, and for the Families of the Battalion, when ordered on Field Service; who will there be left in the protection of their connections, in the vicinity of their Families, and, when practicable, under the Superintendance of an European Officer of the Corps, who will regulate their Payment, and communication with the Corps.

Native

Native Commiſſioned Officers, Non Commiſſioned Officers and Privates on being Invalided, to be allowed a choice of the Companies to which they may wiſh to be attached: On the operation of the foregoing Plan being completed, they will however, naturally prefer the Invalid Companies of their reſpective Battalions. The Strength of the Companies muſt neceſſarily depend on circumſtances ſubjecting them to conſtant variation, as at preſent, but their eſtabliſhment of Commiſſioned and Non Commiſſioned Officers, will be 3 Subadars, 3 Jemadars, 10 Havaldars and 10 Naigues each, all others to be borne ſupernumerary until vacancies occur, agreeable to the exiſting Regulation.

The Commander in Chief is requeſted to publiſh the detailed arrangement for the formation, allotment to Corps, and diſtribution to ſtations of the Companies of Native Infantry Invalids on the above principle, and the Right Honorable the Governor in Council is further pleaſed to reſolve that from the 1st of the enſuing Month the pay of Private Sepoy Invalids ſhall be the ſame as that of Effective Sepoys, that the full Pay of Native Commiſſioned and Non Commiſſioned Officers, Drummers and Puckalays of Invalids, ſhall correſpond with that of ſimilar Ranks on the effective eſtabliſhment and that the half Pay of thoſe Commiſſioned Officers who are not on the ſtrength of Companies, or by Wounds entitled to full pay, ſhall be regulated in the ſame proportion.

By Order of the Right Honorable the Governor in Council.

CHARGE.—For conduct unbecoming an Officer and a Gentleman, and subversive of Military discipline, in transmitting to the Head Quarters of the Army thro' different channels, charges, Allegations and insinuations against Colonel Alexander Campbell his immediate Commanding Officer, which are false, infamous, and scandalous; and by such conduct, tending as far as in him (Captain J. For persisting after he was placed under arrest, in conduct highly unbecoming an Officer and a Gentleman,

and

and subversive of Military discipline, in aspersing falsely and infamously to Head Quarters of the Army, the character of his immediate Commanding Officer, Colonel A. Campbell, in three additional charges, under date the 28th and 30th August, and 13th of September, and in his letter to the Adjutant General, forwarding the former, and in two other letters to the Adjutant General of the Army, under date the 9th and 11th September 1806.

3d—ADDITIONAL CHARGE against Captain Gourlay of the 1st Battalion of Artillery.

For having addressed to the Adjutant General of the Army, a letter under date the 11th September 1806, conveying insinuations of the most disrespectful nature against His Excellency the Commander in Chief; and casting the most injurious reflections on the conduct of his Commanding Officer, Colonel Campbell, at the time he (Captain Gourlay) was under an arrest, and therefore not competent to agitate subjects of a military nature.

By order of the Commander in Chief.

FORT ST. GEORGE, 20th Sept. 1806. (Signed) P. A. AGNEW, *Adjutant General of the Army.*

SENTENCE.—The Court having maturely weighed and considered, all that has appeared before it, in support of the Prosecution, as well as what the Prisoner has urged in his defence, is of Opinion, that he is *Not Guilty* to the *full extent* of the first Charge set forth against him, and

and it doth therefore acquit him of the same; but, the Court is of opinion, that the Prisoner *is Guilty* of Conduct unbecoming an Officer, and highly indecorous, in transmitting to the Head Quarters of the Army thro' different channels, Charges, Allegations and Insinuations against Colonel Alexander Campbell, his immediate Commanding Officer, tending to prejudice his said Commanding Officer's reputation and insult his authority, which he has failed to Substantiate but which do not appear in every instance destitute of foundation.—(In pronouncing this Opinion, the Court disclaims all idea of inculpating the conduct of Colonel Campbell; for the points to which that opinion refers, "as not destitute of Foundation," relating solely to the details or quota of Artillery Men and Gun Lascars ordered for daily duty, and Colonel Campbell's demeanor to Captain Gourlay on that Occasion, cannot in the Judgement of the Court, constitute Grounds for a criminal Charge against him, but might have been the subject of respectful reference and appeal to superior authority, if felt as a serious Grievance.)

The Court is of Opinion, that the Prisoner is *Guilty* of the 1st Additional Charge, in so far as—"Conduct highly unbecoming an Officer and a Gentleman, and subversive of military discipline, in aspersing falsely and infamously to Head Quarters of the Army, the Conduct of his immediate Commanding Officer, Colonel A. Campbell, in one additional Charge under date the 28th August, and in a Letter to the Adjutant General of the Army, dated 11th September; and that he is *Guilty* of Conduct subversive of military discipline, in disrespectfully reflecting on the conduct of his Commanding Officer, Colonel A. Campbell in his letter to the Adjutant General dated 28th August;—but it acquits him of every other part of that Charge.

The Court finds the Prisoner *Guilty* of the 2d Additional Charge.

The Court finds the Prisoner *Guilty* "of having "addressed to the Adjutant General of the Army, a "Letter under date the 11th September 1806. conveying Insinuations

"Insinuations of the most disrespectful nature against His "Excellency the Commander in Chief, and casting the "most injurious Reflections on the Conduct of his "Commanding Officer Colonel Campbell, and disobedi- "ence of Orders in addressing a Copy of the said letter "direct to Government," as set forth in the 3d Additional Charge.

The instances in which the Prisoner has been found Guilty, being to the prejudice of good Order, and military discipline, the Court does by virtue of the Rules and Articles of War, as established for the better Government of the Company's Troops, adjudge the said Prisoner Captain John Gourlay to be Cashiered.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having adverted to the inadequacy of the Allowances hitherto granted to Adjutants of the Honorable Company's Service on account of Candles and Stationary has resolved that the Sum of Pagodas 2 2½ per Month, at present allowed to those Officers, shall be increased to Pagodas five per Month, which is to have effect from the 1st of the ensuing month.

His Lordship in Council considers this additional allowance connected with the advantage to be derived from the indulgence authorized by General Orders of the 4th ultimo, by which Adjutants of the Honorable Company's Service are permitted to receive Stationary from the Public Stores at prime Cost, to afford those officers ample means of defraying the expense for which the Allowance is granted.

The Adjutants of His Majesty's Service receiving a part of the allowance for Stationary granted to each Regiment, it has not been deemed necessary to include them in this Regulation.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having been informed that much inconvenience and embarrassment is frequently experienced equally by Officers of the Army as by the Office of audit from the circumstance of the muster and Inspection Reports of Camp Equipage not accompanying the Pay Abstracts in which the Charges for Tent allowance are included, and also from the Abstract Muster Roll

which

which at present accompanies Pay abstracts not affording the necessary information to answer the end for which that Voucher was established, it has been resolved that from and after the 1st January 1807, the following Regulations shall have effect for the purpose of obviating the inconvenience which has resulted from the former system in regard to Muster Rolls.

1.—That the Musters of Corps, Department, Camp Equipage, Cattle, Artificers, Carriages and followers of every description, now subject to Muster, shall continue to be taken, as at present, by Commanding or Staff Officers every two months, viz. January, March, May, July, September and November.

2.—That in the intermediate Months, viz. February, April, June, August, October and December, similar Musters in every respect shall be taken by heads of Corps and of all Public Departments, the Rolls of which are to be made out under precisely the same Regulation in regard to form, Signature and Declaration of the Mustering in Officer, as is at present observed in Regular Muster.

3.—That in future the original Muster Rolls of Corps, &c. and the Muster and Inspection Reports of Camp Equipage are to accompany the Pay Abstracts (to which they have reference) when sent for payment, in the same manner as the Abstract Muster Roll has hitherto done, and are to be considered by Paymasters as indispensable Vouchers by which the Pay Abstracts are to be compared and Checked by them previous to payment, and subsequently passed in their accounts by the Military Auditor General.

4.—That in consequence of the foregoing Regulation it is ordered that the transmission of Muster Rolls of Troops, Camp Equipage, &c. direct to the Office of the Military Auditor General (by mustering Officers) shall be discontinued; and that the separate Abstract Muster Roll which has hitherto accompanied the Pay Abstracts shall be abolished, the original Muster Roll being intended to supply the place of that voucher, it is however to be understood that the Abstract at the foot of each Muster Roll is to be continued as formerly.

5th—That in order to defray the additional expence of Stationary which will be incurred by Officers Commanding Troops and Companies from the operation of these Regulations, the allowance at present granted for Stationary is increased in the following proportions, Viz.

To

To each Troop of Native Cavalry, each Company of European Artillery and Infantry and each Company of Native Infantry. } From 21 to 30 fanams per month.

To each Division or three Companies of Gun Lascars, from 1 Pagoda to 1 Pagoda 18 Fanams per Month.

To every One Hundred European Invalids and Pensioners—from 21 to 30 Fanams per Month.

To every three Companies of Native Invalids and Pensioners—From 21 to 30 Fanams per Month.

The Returns of Camp Equipage to the Quarter Master General of the Army to be continued as directed by the Regulations of the 22d May 1802.

The attention of Paymasters is particularly directed to those Regulations by which the Muster and Inspection report of Camp Equipage, signed by the Mustering Officer, is uniformly required to accompany all abstracts in which Tent allowance may be included when presented for payment.

The above Regulation is considered equally applicable to His Majesty's as the Honorable Company's Service, as far as regards the Muster of Artificers, Puckallies, Followers, & all public Servants attached to Corps, including Camp Equipage, Cattle and Carriage of every description which are now subject to Muster.

G. O. BY THE COMMANDER IN CHIEF.

The following Extracts from the confirmed Proceedings of a General Court Martial, assembled at Seringapatam, for the Trial of Lieutenant W. T. Hill, on Thursday the 6th November 1806, under authority from Major General Macdowall, commanding the Forces in Mysore, and of which Major P. Richardson, of the 2d Regiment of Native Infantry, is President, are published to the Army.

Lieutenant W. T. Hill 1st Battalion 5th Regiment Native Infantry, put in arrest by Captain Thomas Cosmo Gordon of the 1st Battalion 5th Regiment Native Infantry, on the following

CHARGES.—For Conduct towards me highly unbecoming an Officer, and a Gentleman, in the following instances.

1st—For coming to my House on the 8th Instant, and without provocation challenging me to fight a Duel with him the ensuing morning, whilst I was on duty as Captain of the day.

2d—For making use of threatening and insulting language to me at the above period, endeavouring to excite me to fight a duel, whilst I was on duty, by saying, "I was no Gentleman if I did not meet him"—although Lieutenant Hill was aware that a recent instance of his misconduct then under reference to His Excellency the Commander in Chief prevented my holding any communication with him.

A True Copy,

(Signed) P. A. AGNEW,
Adjt. Gen. of the Army.

SENTENCE.—The Court after having duly and maturely weighed the Evidence against the Prisoner Lieutenant W. T. Hill, as well as what he has urged in his defence, is of Opinion, that the said Prisoner, Lieutenant W. T. Hill is Guilty of having challenged Captain T. C. Gordon to fight a duel on the Evening of the 8th of August, whilst Captain of the day; but not without provocation.

The

The Court is further of Opinion that the ſaid Priſoner is Guilty of making uſe of the expreſſion mentioned in the 2d Charge, viz. " You are no Gentleman if you do not meet me;" but the Court is of Opinion that the Priſoner was induced to uſe this expreſſion by the inſulting treatment he had previouſly received from Captain Gordon.

The Court having found the Priſoner Lieutenant W. T. Hill Guilty of a part of the 1ſt Charge, viz. for challenging Captain T. C. Gordon to fight a duel with him on the Evening of the 8th of Auguſt, when Captain of the day—and, of that part of the 2d Charge, which ſtates the Priſoner to have made uſe of the expreſſion—" You are no Gentleman if you do not meet me."—They do therefore ſentence the Priſoner, Lieutenant W. T. Hill to be Caſhiered.

24th November 1806.

The Commander in Chief approves and confirms the Proceedings of the General Court Martial of which Major Richardſon was Preſident upon the Trial of Lieutenant Hill of the 1ſt Battalion 5th Regiment, by which that Officer is ſentenced to be Caſhiered for endeavouring to excite Captain Gordon of the ſame Regiment to fight a Duel.

As the Court by an unanimous and urgent interceſſion recommend Lieutenant Hill to clemency, on account of his Youth and inexperience, and the peculiarly irritating and inſulting Conduct of Captain Gordon, His Excellency is induced, though with reluctance, to remit the Sentence.

It will be eſteemed ſingular, and His Excellency laments, that the Proſecutor ſhould himſelf have furniſhed any Palliation of

of an Offence, that so justly subjects the person who commits it to the utmost rigour of Military discipline.

The Commander in Chief trusts, that this may be the last Offence of Lieutenant Hill, as hitherto his Conduct has been brought to his notice, in the most unfavorable light, and if not essentially altered, will lead to ruin.

On publication of the Sentence and this Order at Seringapatam, Lieutenant Hill to be released from arrest.

The Right Honorable the Governor in Council has received with the utmoſt Concern a Report of the meaſures which have been recently adopted by Lieutenant Colonel Monćton Grant, the Officer exerciſing the temporary command of the Subſidiary Force at *Travancore*, under an erroneous diſtruſt of the fidelity of the Native Troops under his Command—It appears that on that impreſſion, without any appearance of improper conduct on the part of the Troops, that Officer proceeded to the extremity of diſarming almoſt the whole of the Native Troops attached to the Subſidiary Force.

Without at preſent animadverting on the proceedings of Lieutenant Colonel Grant, His Lordſhip in Council deems it neceſſary to take the earlieſt opportunity of making known to thoſe Troops, that the meaſure adopted by that Officer was entirely unauthorized, and that it has excited the greateſt regret in His Lordſhip's mind—His Lordſhip in Council deſires that it may be explained to the Troops, that entire confidence is entertained in their fidelity and good conduct, and that His Lordſhip is ſatisfied that no adequate reaſon exiſted for impoſing upon them the degradation which they have experienced.

His Lordſhip in Council has been pleaſed to reſolve that theſe ſentiments ſhall be explained to the Troops through the Channel of Lieutenant Colonel Macaulay Reſident at *Travancore*.

SENTENCE.—The Court having moſt deliberately weighed and conſidered the whole of the proſecution together, with the priſoner's Defence, and the evidence adduced in ſupport of each, finds the Priſoner guilty of diſreſpect to his immediate Commanding Officer, on or about the 3d of October 1806—but acquits him of behaving with inſolence, as ſpecified in that Inſtance of the Charge.

With reſpect to the Second Inſtance of the Charge the Court is of Opinion that the Priſoner is not guilty, and do therefore acquit him thereof.

The Court finds the Priſoner guilty of inſultingly withdrawing himſelf from his duty on or about the 3d of October 1806—But it does not appear to the Court that the Priſoner was expreſsly ordered by his Commanding Officer to attend to any particular duty.

With reſpect to the fourth inſtance of the Charge unofficer-like Conduct in the above inſtances on or about the 3d of October 1806—The Court finds the Priſoner guilty thereof.

In conſidering the firſt Additional Charge—The Court is of opinion that the Priſoner did break his Arreſt as therein ſpecified, and find him guilty thereof accordingly.

But

But the Court acquit the Prisoner of the second Additional Charge.

The Court having found the Prisoner Lieutenant M. Blakiston of the 1st Battalion of Pioneers guilty as before specified, and the whole of which Offences being in breach of the Articles of War for the better Government of the Officers and Soldiers, in the Service of the united Company of Merchants of England trading to the East Indies—it doth adjudge him the said Lieutenant M. Blakiston of the 1st Battalion of Pioneers to be Cashiered.

I remit the Punishment.

(Signed) J. F. CRADOCK.

The Commander in Chief has remitted the Punishment awarded to Lieutenant Blakiston on the earnest recommendation of the Court; founded on that Officer's evident, although extraordinary Ignorance of the Nature of an arrest.

His Excellency trusts that the Expected effect of such Example will be fully produced by the *award* of the appropriate punishment, altho' not in this instance enforced with rigor.

It is however incumbent on the Commander in Chief not to pass unnoticed the other breaches of discipline, specified in the Sentence--"Disrespect to a Superior Officer" and "insultingly withdrawing himself from Duty" of which Lieutenant Blakiston has been declared guilty are offences which the Commander in Chief considers as demanding the most pointed expression of his disapprobation and which, had they not been connected with the "breach of arrest" which required the positive Sentence of "Cashiering" would no doubt have been marked by the Court with their appropriate punishment."

On publication of this Order at *Vellore* Lieutenant Blakiston will be released from Arrest.—But the Commander in Chief deems it necessary to remove him from the Corps of Pioneers, and to direct him to return to his duty with the 1st Battalion 5th Regiment of Native Infantry.

The General Court Martial to be at the same time dissolved.

Lieutenant

Lieutenant J. Scott, of the 22d Regiment Native Infantry, is appointed to the 1st Battalion of Pioneers, vice Blakiston removed.

The General Orders of the 10th December 1794, and the 20th November 1799, which direct that "On all occasions when Corps or detachments of the Troops shall be ordered to march by a route leading through a District where a Collector is employed it shall be the duty of the Officer Commanding

Commanding to give timely intimation of his approach to the Collector," having been found to be productive of inconveniencies to the Public Service from the transmission of intimation being frequently followed too closely by the march of the Troops to admit of the Collectors providing the requisite quantities of supplies, those orders are revoked, and the Right Honorable the Governor in Council is pleased to direct that the Quarter Master General on receiving the authority or instructions of Government for the movement of Troops, shall without delay communicate to the Collectors in charge of the Districts through which they are to march, information of their strength and description, of the direction of their route, the stages where they are to halt, and the dates of their entering the several districts, and Officers Commanding Troops on the march shall be held responsible that articles purchased by the Troops shall be paid for agreeably to Certified bills of rates to be furnished by persons on the part of the Collectors.

When the routes of Troops may pass through the territories of Powers in alliance with the British Government, intimation to the foregoing effect shall be transmitted by the Quarter Master General to the Residents with those Powers; and on occasions when the movements of Troops shall take place by authority of Officers Commanding Divisions of the Army, it will be the duty of those Officers to communicate information of their march in the manner prescribed by this regulation.

By order of the Right Honorable the Governor in Council.

G. O. BY THE COMMANDER IN CHIEF.

The Commander in Chief derived extreme Satisfaction from his Inspection of the Squadron of Horse Artillery this Morning.

It was peculiarly gratifying to Sir John Cradock, who witnessed the birth of this Establishment, to observe the Rapid Progress, they have made towards perfection; and his Excellency returns his warmest acknowledgements to Colonel Bell Commandant of Artillery for the pains he has bestowed upon this infant institution, and requests that he will communicate to the Commanding Officer, Captain Noble, and the other Officers of the Squadron, how sensible he is, that their appearance in the Field, with the view of their regularity and good order in Quarters, could not be effected without the most laudable and Unanimous Exertion.

His Excellency entertains the warmest hopes, that the Honorable Court of Directors, may view the Establishment in so favorable a light, that an extension will be directed, and that in its due proportion, an Arm, which has had so powerful an Influence upon the Warfare of the present day in Europe, will not be denied to the Military Character in India.
