The Governor in Council has resolved that the Extra Battalions shall be paid, clothed and equipped in the same manner as the Regular Battalions of this Establishment; and that the Commanding Officers, to be hereafter named, shall draw the Full Batta of their Regimental Rank, and receive an allowance from the profits arising from the Off-reckonings of their respective Corps.

G. O. G. 29TH DECEMBER 1818.

The Right Honorable the Governor in Council is pleased to direct, that the service of the European Soldiers in the Honorable Company's Regiments under this Presidency, shall be considered to commence from the date of enlistment and not of arrival in India, as has hitherto been the practice.—When the date of enlistment may be unknown, the service of the Individual is to be considered to have commenced from six months previous to his arrival in India.

G. O. G. 29TH DECEMBER 1818.

With a view to obviate the inconvenience to which Individuals have been subjected in England, by being charged with the full postage on letters received from European Soldiers in India, in consequence of a 1d. not having been paid on each letter at the Presidency from which they were dispatched, in conformity to the Act of Parliament:—The Right Honorable the Governor in Council is pleased to direct, that the letters of European Soldiers under this Presidency intended for dispatch to England, be forwarded by Commanding Officers of Regiments and Corps respectively, in separate packets or bags, addressed to the Postmaster General at Fort St. George, accompanied by a draft at sight on the Accountant General in the Military Pay Department, to be obtained from Station, Division and Field Paymasters, for the total amount of postage due, which is to be recovered from the Commanding Officers of Companies on the monthly settlement of Accounts.

The Right Honorable the Governor in Council is pleased to establish, as a General Regulation of the Service that the Commanding, or Senior Officers of Engineers and Artillery on Field Service, shall be entitled to Superior Batta, and when acting with a Force in Brigade, Regimental Field Officers of those Corps to draw Brigadier's allowances in addition thereto. The Chief Engineer and Commadant of Artillery being in receipt of higher allowances, will of course form an exception to this Regulation.

When the Command of the Engineer Department with a Force in Brigade, (but in that case only), devolves on, or is held by, a Subaltern Officer of the Corps of Engineers, a salary of Rupees 262 8 0 is permitted to be drawn, in addition to the Full Batta of his Regimental Rank, and *in lieu* of Superior Batta.

The

GENERAL ORDERS.

The 55th Paragraph, Page 21 of the Code of Pay Regulations, under which the Officer Commanding the Artillery with the Hyderabad Subsidiary Force draws Superior Batta, is to be considered as equally applicable to the Senior Officer of Artillery with the Nagpore Subsidiary Force.

G. O. G. 19th January 1819.

* The Right Honorable the Governor in Council is pleased to direct, that on all occasions of dispatching a Fleet or single Ship for Europe, any Officer who may be specially appointed by His Excellency the Commander in Chief to take charge of the Invalids and Time-expired Men returning Home by that opportunity, shall be entitled to receive the passage money of his rank, on delivering to the Military Paymaster at the Presidency a Certificate from the Deputy Adjutant General of the King's Troops, signed by his Excellency's order, that no other Officer proceeding to England by the same Ship at the public charge is competent to undertake the duty: it being understood that all Officers entitled to a free passage, whether on sick certificate or otherwise, will be so distributed for embarkation by the Marine Board, in communication with Head Quarters, as to provide for the due superintendence of the Troops on board without subjecting the Honorable Company to unnecessary expense on that account.

No passage money superior to that of the Rank of Captain, or for more than one Officer in Command of Invalids on board the same Ship, is to be drawn under the present Order; but such charges, if they become necessary, must be specially authorized by the Government.

ministered to the above Court Martial conformable to the Rules and Articles of War for the Company's Troops.—His Excellency directs that in future, the Oath be administered agreeable to the Forms laid down on whichever Articles of War the Prisoner may be tried.—The General Orders of the 2d April 1816, prescribes that Officers of the Honorable Company's Service holding Brevet Commissions in His Majesty's Army, reference shall be made to the Annual Mutiny Act (and not to the Act of 27th George 2d.)

G. O. C. C. I. 2d February 1819.

Remarks by His Excellency The Most Noble The Commander in Chief.

The Commander in Chief regrets that, while he confirms an acquittal in the fitness of which he entirely concurs, he should be obliged to notice the unwarrantable attempts at sarcasm and insinuation in which Lieutenant Carne indulged himself against the Officer performing the part of Deputy Judge Advocate—among other improper animadversions Lieutenant Carne has allowed himself to make the following Charge. "The Judge Advocate directed them (certain Soldiers) to attend him privately some days prior to the commencement of the present trial. He then questioned them in all ways; but finding they could swear positively to my sobriety, and that they did not answer his purpose, he has attempted to prejudice the Court against their evidence for reasons best known to himself. Had the Gentleman thought the Men in question unworthy of belief, why did he ever attempt to get them to speak in support of the prosecution."

When the Deputy Judge Advocate has the task delegated to him of arranging a Prosecution on grounds defined for him by higher authority, it is strictly his function to enquire what persons have knowledge of the facts in issue, and to what particulars each of those individuals can bear testimony; so as that he may not unnecessarily waste the time of the Court by adducing witnesses collected at random who may prove wholly incompetent to furnish any information. The Office of Deputy Judge Advocate, when the prosecution rests solely with it, must in its nature be an invidious one. Obligation should therefore be felt to Officers who without the advantage of permanent appointment will undertake it for the furtherance of justice to the accused as well as to the Public: And it will always be incumbent on The Commander in Chief to protect them from forward misrepresentation. In the record of the Proceedings to which The Commander in Chief now adverts, it is visible that the Officiating Deputy Judge Advocate conducted himself with great modesty, with perfect urbanity towards the Prisoner, and with very equitable discrimination in his remarks on the relative weight of opposed evidence. An imputation of personal malignity and insidious management advanced against an Officer who discharges his duty in such a tone, must leave an unfavourable impression as to the judgment of him who hazards it.

Lieutenant Carne is to be released from arrest and directed to return to his duty.

G. O. C. C. I. 2d February 1819.

Remarks by the Commander in Chief.

The Proceedings of the General Court Martial assembled at Kaira on the 24th August, for the trial of Michael O'Donnell of the 7th Company of Bombay Artillery, being illegal in consequence of the Court's having been sworn in according to the Forms prescribed by the Annual Mutiny Act, and the circumstance of the Judge Advocate having been changed during the trial, The Commander in Chief directs that the whole of the Proceedings be set aside, and although the Court might be reconstituted by being duly and legally sworn in, and the Prisoner again arraigned, he not having in point of fact been yet legally tried; but under all the circumstances of the case, and taking into consideration the great length of time Michael O'Donnell has been in confinement, the Lieutenant General is disposed to stop all further Proceedings

ceedings against him, and to direct his being released from confinement on the receipt of this Order at Kaira, in the hope that this act of mercy extended to a Man who unfortunately appears to be so little deserving of it, may yet operate beneficially on his future conduct, and that a sense of gratitude for the extreme lenity with which he has been treated, will induce him to behave with more propriety in future, and that he will never again place himself in the dangerous situation in which he now stands, by a repetition of the disgraceful crime of which he has lately been guilty.

Matross Michael O'Donnell of the 7th Company of Artillery, will return to his duty.

G. O. G. 8TH JANUARY 1819.

* 1.—The Right Honorable the Governor in Council is pleased to establish the following Regulation regarding Half pay Officers of His Majesty's Service.

2.---Officers of His Majesty's Service in India, reduced to the Half pay, are permitted to draw the Half batta and House rent of their Regimental Rank for 6 months, after the date of the notification of their removal to the Half pay List; but this Regulation is not to affect the right of those Officers to Full pay and allowances (Subsistence, Gratuity, Half batta and Tent allowance,) while they remain on duty with their Regiments, or are employed on duty at Poonamallee, by order, or with the sanction, of His Excellency The Commander in Chief.

3.---The dates on which Officers under the above circumstances leave their Corps, and commence, and cease, duty at Poonamallee, are accordingly to be notified by the Deputy Adjutant General of His Majesty's Forces, to the Office of Audit, and the periods of the reduced scale of allowances will be regulated by those notifications.

G. O. G. 26TH JANUARY 1819.

The Right Honorable the Governor in Council is pleased to relieve Officers Commanding Brigades on Field Service, from the operation of the 76th Paragraph, Page 24 of the Code of Pay Regulations; and to direct that when those Officers may be ordered from their Brigades on Court Martial, or other temporary public duty, their allowances shall be regulated in conformity to the 7th Paragraph of the General Order, 15th September 1812, the Officers succeeding to the temporary Command of the Brigades continuing to receive the allowances authorized by the existing Regulations.

G. O. G. 9TH FEBRUARY 1819.

† 1. The Right Honorable the Governor is pleased to direct, that the regulated Bounty shall be paid to such Men of His Majesty's 25th Regiment of Light Dragoons and 86th Regiment of Foot, returning to England, as may volunteer, under the circumstances stated in the General Orders by His Excellency The Most Noble The Commander in Chief in India, dated Head Quarters, Calcutta, 20th and 21st January 1819, to continue their services in India in any of the Corps therein enumerated.

The Governor in Council is further pleased to authorise a Bounty of Rupees 87½ to such of the Men of the above Regiments, as are permitted by the 3d Paragraph of the

the General Order of 20th January 1819, to engage in the Honorable Company's Artillery or European Infantry under this Presidency, who may enlist for five years; and Rupees 52½ to those who may enlist for three years.

G. O. G. 2d February 1819.

* In pursuance of the liberal and gracious intentions of the Honorable the Court of Directors towards the Native Army, and in furtherance of the Honorable Court's desire to manifest their sense of its meritorious services, and to encourage future honorable exertion :---The Right Honorable the Governor in Council has been pleased to establish a new and superior Rank of Native Commissioned Officers, to be denominated "Soobudar Major."

The selection for promotion to the Rank of Soobudar Major will be made by the Commander in Chief, but it is to be distinctly understood that mere seniority, when not illustrated by acknowledged eminent service in the Field, will have no claim to consideration. The Commander in Chief's nomination is to be substantiated by a particular statement of the claims of the Individuals recommended for advancement; and the Commissions for this distinguished Rank will be granted by the Governor in Council.

The Soobudar Major shall not possess any Office, Command or Superior Rank, differing from that of a Soobudar, in the Corps to which he belongs --where he will continue to perform his duty as usual with his Company. But in the case of Detachments from different Corps doing duty together, the Soobudar Major is to have the benefit of his Army Rank, according to the usages in such cases, with regard to Brevet Commissions among the Officers of His Majesty's and the Honorable Company's Army.--- Thus Officers holding this Commission will take Rank on general duty above all other Soobudars, and relatively with each other according to the dates of their respective Commissions, as Soobudar Majors.

A Brevet pay of 25 Rupees per month is annexed to the Commission of Soobudar Major, in addition to his ordinary allowances, as Soobudar of a Company.

The Right Honorable the Governor in Council is further pleased to accord the same distinction to the Corps of Artillery; and to direct that two Native Officers shall be selected, under the foregoing regulation, either from the Golundauz or Gun Lascars, for the appointment of Soobudar or Syrang Major, as the case may be, with the same Brevet pay.--These Officers will continue to do the duty of Soobudars or Syrangs with their Companies, but are to rank in the Army with Soobudar Majors according to the dates of their respective Commissions.

The number of Soobudar Majors in the Army is limited for the present to 58, as follows:—1 for the Body Guard, 8 for the Cavalry, 2 for the Artillery, 1 for the Rifle Corps and 46 for the Infantry.

It will be discretionary at all times with the Commander in Chief to keep up the established complement of this Rank; and in case of a vacancy in the number of the Soobudar Majors of the Army, the selection for promotion will not necessarily take place in the Corps in which the casualty happens.

The Brevet pay of Soobudar and Syrang Majors will be allowed to continue after their transfer to the Invalid or Pension establishments; but in order to prevent any remissness in the conduct of Native Officers after attaining those Ranks, this indulgence, after retirement from effective duty, will, in each case, depend upon the special recommendation of the Commander in Chief.

The Governor in Council has further resolved to authorize the appointment of one Havildar in every Troop or Company of the Body Guard, Cavalry, Rifle Corps, and regular Infantry of this Establishment, to be "Colour Havildars," under the same regulations for their selection by Commanding Officers of Corps, with regard to merit and qualifications, as directed in General Orders dated 11th August 1817, authorizing the appointment of Colour Serjeants in the Madras European Regiment.

Colour

Colour Havildars are to receive an additional pay of 2 Rupees per month; and are to be distinguished by the same badges as ordered for Colour Serjeants.

His Excellency the Commander in Chief is requested to cause these Orders to be explained in the fullest manner to the several Corps of the Army; and further to issue such subsidiary orders for carrying them into effect, as he may think appropriate and necessary.

G. O. G. 2d February 1819.

His Excellency the Commander in Chief has recently brought to the notice of the Right Honorable the Governor in Council, the highly meritorious services of

Soobudar Noor Sahib of the 1st Battalion 16th N. I. and

Soobudar Sheer Ally Beg of the 3d Regiment Native Cavalry, who were attached to His Excellency's person during the late Campaign in the Dukhan, and whose active zeal and enterprize, in that situation, on every duty for which they were selected, are reported to have enhanced the claims to consideration, which their previous exemplary conduct and high character during a long period of service had established for them.

The General Order of 20th June 1809, granting a Palankeen with the usual allowance to the former of those distinguished Native Officers, bears testimony to his good behaviour and his attachment to the Service.—As a further mark of the approbation of the Government, the Right Honorable the Governor in Council has resolved to confer on Soobudar Noor Sahib a grant of fifty cawnies of cultivated Nunjah land, on Shotrium tenure, for three lives; and the Commander in Chief is requested to ascertain in what District he may desire to receive this remuneration.

The Governor in Council is pleased to mark his sense of the merits of Soobudar Sheer Ally Beg, by presenting him with a Palankeen and the regulated allowance of Rupees 70 per month, for the support of that equipage.

G. O. C. C. 3d March 1819.

With reference to the General Orders by Government under date the 2d of February last, establishing a new and superior Rank of Native Commissioned Officers, to be denominated Subadar Majors, His Excellency the Commander in Chief is pleased to publish the following Form, to be observed by all Corps in the recommendation of Subadars for promotion to the rank of Subadar Major.

It is to be perfectly understood, not only by Commandants of Corps, but by the Native Officers in general, that seniority alone gives no claim for promotion to the distinguished Rank of Subadar Major, still the Commander in Chief is desirous that length of service when combined with good conduct, should have it's due weight when the claims for promotion are under consideration, and it being necessary for His Excellency's satisfaction as well as for record, that when the Subadar recommended is not the senior of his rank in the Corps, the names, length of service, and general character of the Officers passed over should be before the Commander in Chief, when submitting to Government the Names of those recommended for promotion on account of their superior merit.—The Recommendation Rolls are therfore to include the names of the Senior Subadars with appropriate remarks, as well as a full statement of the special claims of the Individual recommended.

* The Honorable Court of Directors having provisionally authorized an alteration in the Clothing of the Native Troops of the Army of Fort St. George, by the periodical issue of Woollen Pantaloons in lieu of a Jacket; and the Right Honorable the Governor in Council considering that the comfort and efficiency of those Troops will be materially promoted by the substitution of that article of dress once in three years:—It is accordingly ordered, that henceforward the issue of the Clothing furnished from the Off-reckoning Fund to the Native Troops of this Army, shall be regulated as follows:

to Detachments of Corps, and considering that the selection of Officers for such duties should be viewed rather as affording them opportunities of recommending themselves for permanent Staff employ, than as sources of immediate, pecuniary emolument---Claims of this description are not generally admissible, but as on special occasions circumstances may be found to admit of a departure from this rule, which it is presumed will rarely occur, the following provision is established for such cases.

2.—When the appointment of an Acting Adjutant to a Detachment of a Corps shall have received the sanction of the Government, the principle laid down in the Code of Pay Regulations, Section 16, Paragraphs 59 and 95, will be considered applicable to the case; and the following allowances are authorized to meet the charges for Writers, Stationery, &c. incidental to such temporary Staff duties, viz.

For Detachments of European Corps (including the Horse and Foot Artillery) per month .... 70 Rupees.
For Detachments of Native Corps, ... 50 „

Officers acting as Adjutants to Detachments are to execute the duties of Quarter Master—and the confirmation of their appointments by Government is to be the authority for drawing the above allowances.

The Governor in Council deems it necessary on this occasion to direct, that when Officers Commanding Field Detachments, to which no Staff have been appointed, may, in future, consider themselves justified in nominating Officers to perform Staff duties, the Officers selected shall be designated "Staff Officer" to the Detachment, subject to the confirmation of Government. Should such nomination be approved, it will be determined whether, the Officers shall be considered as coming under the foregoing provisions, or recognized as entitled to the Staff Pay of Brigade Major or Line Adjutant.—But, when practicable, Officers Commanding Field Detachments are to obtain *previous* authority for such temporary appointments; and the same rule is to apply to all other situations of Command.

G. O. G. 20th March 1819.

The meritorious conduct of His Majesty's 25th Light Dragoons and 86th Regiment of Foot in every situation, where they have been employed during the long periods of their service in India, has been brought under the notice of the Government in a particular manner, by His Excellency the Commander in Chief, as establishing for them strong claims to its consideration; and the honourable mention, which has been made of them by His Excellency has been coupled with the expression of His Excellency's anxious wish that their services may meet with the same acknowledgment, on their approaching departure, as, in General Orders dated 27th August 1805, and 11th October 1806, marked the close of the distinguished career of His Majesty's 74th Regiment of Foot and 19th Light Dragoons then returning to England.

Concurring entirely in the commendations which His Majesty's 25th Light Dragoons and 86th Foot, have received from the Commander in Chief, and entertaining the same high sense of their merits and services, the Governor in Council is pleased to extend to the Officers of those Corps the indulgence recommended by His Excellency; and accordingly directs that a donation of three months full Batta be passed to them on the occasion of their embarkation for Europe.

G. O. G. 8th April 1819.

Mr. Alexander Boswell, late Third Member of the Medical Board, is permitted to resign the Service of the Honorable Company, in compliance with his request, from the 17th February 1819.

The Right Honorable the Governor in Council is further pleased to publish in General Orders, his entire approbation of the manner, in which Mr. Boswell has discharged the duties of the several important situations which that Gentleman has filled during the long course of his service, as a Medical Officer of this Government.

G. O. G. 6TH MAY 1819.

The Right Honorable the Governor in Council is pleased to extend the provisions of the General Order 9th February last, relative to His Majesty's 25th Dragoons and 86th Foot, to the Volunteers for further service in India from His Majesty's 84th Foot, returning to England.

G. O. C. C. 15TH MAY 1819.

Great distress having been experienced by Native Soldiers proceeding to the Bengal Provinces in not being furnished with the requisite Certificate to enable them to receive Pay during their absence on furlough, Lieutenant General Trapaud, Commanding the Army in Chief, calls the attention of the Officers Commanding Corps and Stations, to the General Orders by Government dated 23d of August 1811.

G. O. G. 23D AUGUST 1811.

* The Honorable the Governor in Council is pleased to publish for general information, the following G. O. of the Supreme Government, dated the 15th May 1810, relative to the Pay of Native Commissioned, Non-commissioned Officers and Privates absent on leave in Bengal from either of the other Presidencies, and to direct, that a Certificate of the form therein mentioned, be granted by the proper authority to every individual of the Ranks abovementioned, on his obtaining permission to proceed to Bengal on leave of absence.

GENERAL ORDERS, *15th May* 1810.

The Right Honorable the Governor General in Council is pleased to authorize the Collectors of Revenue, and the Paymasters and Deputy Paymasters of this Presidency to whom the application may be made, to pay monthly, during the term of their leave of absence, to Native Commissioned and Non-commissioned Officers and Privates, belonging to either of the Presidencies of Fort St. George or Bombay, such portion of their Pay as shall be specified to be admissible, to them, during their furlough, upon a Certificate according to the annexed form, with which they will be furnished for that purpose.

G. O. C. C. I. 29th May 1819.

Remarks by The Commander in Chief *

Tho' the Commander in Chief concurs entirely in the humane and just consideration which influenced the Court, and to which the Court apparently found difficulty of giving effect otherwise than by the terms adopted, His Lordship cannot confirm the Sentence as it stands, lest a dangerous misconception should be entertained from it among the Troops.

Where two Soldiers go out by agreement, as in the present instance, to fight with their Fusees or other mortal weapons, it is not a case of affray which implies unpremeditated contest, but a case of deliberate duel ; And in the latter, notwithstanding each Party has voluntarily staked his life, if one be killed, the survivor is in the eye of the Law guilty of Murder. As Manslaughter is a distinction peculiar to the common Law of England, it is a modification of the Crime which a Military tribunal would not be competent to pronounce ; but the Court would be confined to laying it's sense of the extenuatory circumstances before The Commander in Chief. Probably this restriction on the Court occasioned the judgment now in question, which from the foregoing explanation the Court will perceive to have been incorrect. Agreeing in the essential point with the Court, The Commander in Chief will not subject the Prisoner to the suspense and imprisonment during several weeks which would attend His Lordship's ordering a revisal of the Proceedings, but directs Robert Kenyon to be discharged as acquitted of Murder.

The circumstances, however, which induce lenity, are to be particularly explained to the Men of every Corps : namely, that the deceased had without provocation wantonly assailed the Prisoner with blows ; that the deceased gave the immediate challenge ;

lenge; and that there was not time between the irritation from the assault and the criminal act, for the Prisoner to reflect adequately on the nature of what he was about to do.

G. O. C. C. I. 29TH MAY 1819.

Remarks by The Most Noble The Commander in Chief.

In the case of Derriow Sing, Havildar, The Commander in Chief has confirmed the sentence in such extent as the Court had the power of passing it. The dismissal from the Honorable Company's Service was within the legitimate authority of the Court; but the former part of the award was beyond it's competence.—No Individual in the Army can have a vested right in Prize Money until the Crown and the Honorable Court of Directors shall have ordered the distribution of Prize Property captured. The meaning of the Court is perfectly just, but they could not deprive the Prisoner of that to which he had as yet no title.—The decision on the pretensions of Individuals to share in Prize having been always hitherto left to the judgment of the Governor General in Council, The Commander in Chief will in this instance take the necessary measures for barring the claim of Derriow Sing (who is to be immediately dismissed the Service) to participate in the Fund.

1. The Right Honorable the Governor in Council is pleased to establish the following Regulation in the Military Pay Department.

2. The Pay and Allowances of the whole, or such part, of each regular Corps of Horse and Foot Artillery, Light Cavalry, and European and Native Infantry as may be present at their Regimental or Battalion Head Quarters at the period of issuing Pay in each month, are to be drawn, equally in the Field as in Garrison, by the Quarter Masters of European Corps, and Interpreters and Quarter Masters of Native Corps, in one General Abstract (including their own, the Adjutant, and Surgeon's Establishment) accompanied by an Abstract Muster Roll---both documents being countersigned by the Commanding Officer.

3. The General Abstracts are to be framed from the Regimental and Battalion Books, in which the separate Pay Abstracts of Troops, Companies and Establishments, are to be recorded as heretofore---and the Abstract Muster Rolls from the detailed Muster Rolls of Troops, Companies, &c., which documents are to be delivered to the Quarter Masters, and Interpreters and Quarter Masters respectively, for that purpose.

4. The General Pay Abstracts, and Abstract Muster Rolls thus prepared, accompanied by the detailed Muster Rolls of Troops, Companies and Establishments, and all other vouchers prescribed by the existing Regulations, the separate Pay Abstracts of Troops, Companies, &c. excepted, being presented for payment, are to be discharged on the receipts of the Quarter Masters and Interpreters and Quarter Masters respectively, if found correct.

5. The Troops, Companies, or Details, which may be absent from Regimental or Battalion Head Quarters when the Pay is issued---as also all Individual Officers when absent, whether on Staff duty or otherwise, are to be drawn for as hitherto, on separate Abstracts, viz. the former by Regimental Officers Commanding, or in Charge of Troops, Companies, &c., or by Commanding or Staff Officers of Stations---the latter by the Officers themselves.

6. The Family Certificate Department of Corps is transferred to Quarter Masters and Interpreters and Quarter Masters, respectively, who are accordingly authorized to draw the established allowance of Rupees 35 per month on that account, under the circumstances in which it is at present payable to Adjutants of Corps.

7. Charges for Compensation in lieu of Rice, and of Clothing and all allowances payable at the Head Quarters of Corps, to be drawn by the Quarter Masters, and Interpreters and Quarter Masters respectively, who are to be considered as charged with the duty of regulating and conducting the Pay department generally ; the Vakeels of Corps being attached to, and forming part of, their Establishments in that department.

* 8. The Governor in Council is pleased to authorize an increase of Rupees 50 per month to the present allowances of Quarter Masters, and Interpreters and Quarter Masters, to cover all expenses in the Pay Department, (Peace and Field) including Writers, Stationery, the Carriage of Books and Records, &c , but exclusive of the Family Certificate allowance abovementioned.

9. It being the intention of the Governor in Council that the principle, laid down in page 336 of the Code of Pay Regulations, Paragraph 80, shall apply to the General

neral Abstracts of Quarter Masters, and Interpreters and Quarter Masters, the retrenchments which may be made therefrom are to be in the name of the Officers on account of whose Troops, Companies, &c. the objectionable charges may have been included; and the sums retrenched are accordingly to be recovered from those Officers by the Station Paymasters, under the usual restrictions, by Stoppages from the Abstracts in which their Pay and Allowances for the subsequent periods may be drawn.

10. With respect to the Body Guard, the Corps of Pioneers, the Veteran Corps, Extra Battalions, &c. to which neither Quarter Masters, or Interpreters and Quarter Masters are attached---the duties of the Pay department in such Corps are to be executed by the Adjutants, who are authorized to draw the allowances established by the foregoing provisions for Quarter Masters and Interpreters and Quarter Masters respectively.

11. In establishing the above Regulations the Governor in Council desires it may be understood, that altho' Officers Commanding, or in Charge of Troops and Companies, and the Regimental Staff, are to be held answerable for Retrenchments arising from irregular or improper charges included, on their account, or that of those under their immediate Command or Charge, in the General Abstracts; it is notwithstanding to be considered the special duty of the Quarter Masters, the Interpreters and Quarter Masters, and Adjutants conducting the Pay department of Corps, to make themselves minutely acquainted with the regulations of the Military Pay Department, and to reject from their General Abstracts all irregular charges which Officers less conversant in those Regulations may include on account of themselves, their Troops, Companies or Establishments.

12. Commanding Officers of Corps are accordingly to report to His Excellency the Commander in Chief for the information of Government, the cases of any Officers conducting the Regimental Pay Department, whose Abstracts may prove to be generally irregular---the frequency of retrenchments therefrom being the criterion by which the official conduct of those Officers in the Pay department is to be estimated.

13. The annexed Forms of General Abstracts and Abstract Muster Rolls are established, and are to be applicable to the Pay and Allowances due on the 1st of August next, from which date the extra allowances hereby authorized are to commence, the Quarter Masters, Interpreters and Quarter Masters, and Adjutants conducting the Pay department of Corps being authorized to assume the designation of Regimental or Battalion Paymasters in their Signatures to Pay Abstracts and their Communications and Correspondence with Station Paymasters and Departments of Account and Audit; and they are to be addressed accordingly.

The Right Honorable the Governor in Council is pleased to direct, that on all occasions when Clothing may be dispatched from the Presidency, it shall be accompanied by a List describing the number and prices of the Tarpaulins, or other covering which may be sent for its protection. These being the property of the Off-reckoning Fund, are invariably to be returned to the Agent for Army Clothing, with a note specifying their condition, annexed to the Receipt for the Clothing.

Officers Commanding Corps, Detachments, or Departments, to which Clothing may be delivered, will be held responsible for the due execution of this order; and they will be required to reimburse the Off-reckoning Fund the value of any Tarpaulin, &c. not returned with their Receipt for the Clothing.

Para. 2. "Shortly after the decease of the late Major General Sir Barry Close, Bart. formesly of your Establishment, we resolved to mark our sense of the distinguished services of that Officer, by erecting a Monument to his Memory in the Cathedral of St. Paul's; but being subsequently of opinion, that it would be more suitable to place this public testimonial of our regard in the Country which had been the scene of his services, we altered our intention, and determined to erect the Monument at Fort St. George.

3. "It is accordingly forwarded to you in five cases on the Ship *Windsor Castle*, and we direct you to cause it to be carefully erected in a conspicuous part of St. George's Church.

G. O. G. 18th August 1819.

The Right Honorable the Governor in Council is pleased to direct, that the Contracts for keeping in repair the Saddles and Horse Appointments of Corps of Light Cavalry, shall be held by the Officers actually exercising the Regimental Command, to whom the duty and responsibility of fulfilling the Contracts will attach equally during temporary absence on furlough, sick certificate, or occasional duty *in India*, as when present with their Corps.

G. O. C. C. 25th August 1819.

The Commander in Chief has much gratification in publishing a Letter from Major General Sir Henry Torrens, K. C. B. Military Secretary to His Royal Highness The Duke of York, and His Excellency has consequently directed a Letter to be addressed to every Officer who served under his personal Command on the 21st December 1817, and whose Name was submitted to His Royal Highness, to receive the honorary distinction of a Medal.

Copy of a Letter from Major General Sir Henry Torrens, K. C. B. Military Secretary, addressed to His Excellency Lieutenant General Sir Thomas Hislop, Bart. and G. C. B. &c. &c. &c. dated Horse Guards, 15th October 1818.

I have the Commander in Chief's Commands to acknowledge the receipt of your dispatch of the 7th January last, addressed to the Adjutant General, transmitting a Return of Officers personally and particularly engaged in the Battle of Mahidpoor, whom, under an idea of the continued existence of a system of granting Medals of distinction, you consider worthy of bearing badges commemorating that glorious event.

I have His Royal Highness's Commands to assure you, that he appreciates in the highest

highest degree the bravery and discipline which so signally distinguished Sir John Malcolm, and all the Officers under your command in the Battle of Mahidpoor, as well as the valer, ability, and promptitude, with which you directed their zeal, in leading the Troops, to the accomplishment of a splendid achievement, which has mainly served to the overthrow of a confederacy that aimed at the subversion of the British Power in India; but it is incumbent upon His Royal Highness to acquaint you, that when the Military Order of the Bath was extended, His Majesty's Government thought proper to decide for reasons which it is unnecessary here to detail, that the system of granting Medals of distinction should be abolished, and under these circumstances His Royal Highness is reluctantly compelled to explain the impossibility of his giving effect to the wishes you have expressed in regard to the Officers whose names you have transmitted.

You will find, however, that the Order of the Bath, as far as its statutes and regulations could permit His Royal Highness and the President of the Board of Control to recommend the grant of it, has been conferred on the Officers of the King's and the Honorable Company's Service, who have been principally distinguished under your Command, and should the circumstance of your having recommended the grant of Medals of distinction, have been made known to the Army, His Royal Highness trusts you will give such explanation to the Officers, who were under your Command at Mahidpoor, as may convince them that this kind of distinction is withheld in compliance with General Regulations, and not from any failure in the due appreciation of their distinguished conduct.

I have the honor to be,
Sir,
Your most obedient
Humble Servant,
(Signed) H. TORRENS.

G. O. C. C. 28TH AUGUST 1819.

The Commander in Chief cannot publish the foregoing Extracts to the Army, without animadverting on the Charge exhibited against the Prisoner, the expression of "Infamous, and scandalous conduct" is so repugnant to every honorable mind, and carries with it such painful sensations, until a full and honorable acquittal is pronounced, that it never should be resorted to as long as there is even a shadow of a doubt that the necessary proof can be produced to establish unquestionably, a charge so serious in its consequences and effects.

The Commander in Chief directs, that Surgeon Thomas Hart Davis of the 18th Regiment Native Infantry, be immediately released from his arrest, and His Excellency feels it a duty he owes to the Army, not only to express the deep regret he has experienced in the exhibition of such Charges against that Officer, but to declare that he will not fail on any future similar occasion to hold every Officer responsible to the fullest extent of his authority, who may exhibit Charges so seriously affecting the character of another, without establishing them.

G. O. G. 9TH AUGUST 1819.

The Right Honorable the Governor in Council is pleased to direct an augmentation of the Medical Pupil Establishment, from thirty to forty Boys,---to be selected in the usual manner.

The inferior Hospital duties with Corps will continue to be performed by First and Second Dressers; and those parts of the General Orders, dated 8th May last, which authorised Sub-Assistant Surgeons on the Establishments of Regiments of Cavalry, and the Corps of Horse and Foot Artillery, are cancelled.

G. O. G.

G. O. G. 18th August 1819.

His Excellency the Commander in Chief having submitted to the Right Honorable the Governor in Council, the circumstances attending the death of Soobudar Cheyn Singh, late of the 2d Battalion 4th Native Infantry, who was attacked and slain while in the act of conveying a Flag of Truce and Summons to the Quilludar of Sholapoor, on the 9th of May 1818,---having been selected for this charge from his exemplary character and known zeal; and gallantly displaying on the occasion, altho' fired at by some Arabs on approaching the gateway, the same undaunted mind, and the same fidelity and devotion, for which he had been conspicuous throughout his career:--The Governor in Council, in consideration of the valuable and important services rendered by the deceased, was pleased, under date the 5th of May, to resolve that a Pension, equal to the full Pay of his Rank, should be granted to his nearest heir, Kaval Kasheim, for life.

The Governor in Council has been further pleased to confer on the Family of the late Soobudar Cheyn Singh, a grant of 30 Cawnies of cultivated nunjah land, on shotrium tenure, in Diggapilly cum Mhimundalum, in the Northern Division of Arcot,---for three lives.

G. O. C. C. 16th October 1819.

Sufficient attention not having been invariably paid to the G. O. of the 9th of December 1816, The Commander in Chief in order to obviate any future neglect, directs them to be republished.

9th December 1816.

"The Commander in Chief is pleased to order with reference to the G. O. of the "5th January 1813, which directs Officers Commanding Divisions of the Army to "put in motion Invalids of His Majesty's Service, so as that they may arrive at the "Depot at Poonamallee before the 1st of January and October each year, that a re-"turn of their numbers shall be invariably sent to the Quarter Master General of the "Army, with the necessary Certificates of required Sick Carriage prescribed by G. "O. of the 7th April 1815, in sufficient time, before the proposed period of depar-"ture, to enable that Officer's Department to make the consequent arrangements "for their march."

G. O. G. 2d October 1819.

The Fort of Palamcottah and District of Tinnevelly, and the Cantonment of Arcot, have ceased to be Government Commands respectively,---from the 30th Ultimo.

G. O. G. 2d October 1819.

In reference to the G. O. by Government dated 3d August and 14th September 1813, The Right Honorable the Governor in Council is pleased to direct, that Royal Salutes in honor of the Anniversary of the Birth of His Royal Highness The Prince Regent, shall be fired in future at the several Stations of the Army, on St. George's Day, instead of the 12th August, and the indulgence granted to the Troops on the occasion, as authorized in the Orders above referred to, will be allowed on the 23d April, St. George's Day, instead of the 12th August.

G. O. G.

G. O. G. 8th October 1819.

Referring to the General Order, dated 29th July last, the Right Honorable the Governor in Council is pleasd to direct, that the regulated Bounty shall be paid to such men of His Majesty's 22d Light Dragoons, as may volunteer into the 8th, 11th 13th, and 17th Dragoons, under the circumstances stated in the General Order by The Most Noble The Commander in Chief in India, dated Head Quarters, Calcutta, 24th June 1819—the 13th Dragoons *only* being, however open to volunteers of good character, and fit for service, altho' upwards of 33 years of age.

The Governor in Council is further pleased to authorize a Bounty of Rupees 87½ to such of the Men of the 22d Dragoons, as are permitted by the General Order of The Commander in Chief in India, dated Head Quarters, Calcutta, 13th September 1819, to engage in the Honorable Company's Artillery or European Infantry under this Presidency, who shall enlist for five years; and Rupees 52½ to those who enlist for three years.

G. O. C. C. 21st October 1819.

His Excellency The Commander in Chief is pleased to direct, that the Saddles, and Horse Appointments of the Officers of the Horse Brigade, and Regiments of Light Cavalry, shall in future be made of Brown Leather, and corresponding as nearly as possible with the Pattern fixed upon for the Regimental Saddles and Appointments of those Corps.

G. O. G. 2d October 1819.

The Right Honorable the Governor in Council deems it expedient to cancel the 24th and 25th Paragraphs of the Code of Pay Regulations, Pages 16 and 17, authorizing Sick and Wounded Officers to draw two months full Batta, and travelling Batta when on leave of absence, from actual Field Service, for the recovery of their health,—and to establish the following Regulations in lieu thereof.

2.—Officers under the above circumstances are in future to be entitled to three months full Batta, including travelling Batta, calculated from the date of leaving Camp, provided they remain so long absent, and that their Corps or Departments continue on Field Service,—on their return to their duty, they are further permitted to draw travelling Batta, according to the distance they may have to proceed to join.

3.—Certificates from the Heads of Corps or Departments, of the date on which Officers leave Camp under the above circumstances, are to be written at the foot, or on the back of the Certificate of last payment, which they obtain in order to enable them to draw their Pay and Allowances at the Stations to which they may be permitted to proceed—and the Notifications to the Military Auditor General, of the date of arrival of Officers, directed by the Regulations referred to in the 1st Paragraph, are to be discontinued.

4.—The Governor in Council desires it may be understood by Station Paymasters, that except in cases of Regiments proceeding to Europe the anticipated Audits authorized by General Orders 11th November 1816, are to be confined to the Abstracts of Individual Officers, in which *extra* charges may be included—the Paymasters themselves being held competent to the examination of Abstracts in which Garrison Regimental Pay and Allowances only are drawn.

5.—The examination by the Office of Audit before payment of the Abstracts of Officers on their return from other Presidencies, as directed by Article 3d, Paragraph 6th, Page 383 of the Code of Pay Regulations, being considered unnecessary, is to be discontinued; and the Accountant General in the Military Pay Department, will return such Abstracts, when referred to him by Paymasters, accompanied as heretofore, by a Statement of the advances made, and by the Receipts which such Officers had granted, at the Presidency where they had received them, for the purpose

pose of adjusting their accounts—on receipt of which documents, the Abstracts will undergo the same scrutiny in the Offices of Paymasters previous to payment, as all other demands of an ordinary nature,—any doubtful points being referable, by the Paymasters, to the Office of Audit, agreeably to the 17th Paragraph, Page 325 of the Code of Pay Regulations.

G. O. G. 18TH OCTOBER 1819.

It having been brought under the notice of Government, that several of the Parties entitled to Mahratta Prize Money, or their Executors, also the Agents and Trustees to the Estates of deceased, and absent Claimants, are at present in India, His Lordship in Council is pleased to allow a period of six months from this date, for the final adjustment in India, of all Claims to the Prize Money in question.

The prompt attention of all Officers Commanding Corps, and Departments, are required to investigate and submit within the period above specified, the Claims of all Individuals under their control, who may appear to be entitled to share in the Property captured during the Mahratta War, in the years to which this Order refers.

G. O. G. 2D OCTOBER 1819.

1. The Right Honorable the Governor in Council is pleased to publish for the information of the Army, the following Extract of a General Letter from the Honorable the Court of Directors in the Military Department, dated 27th November 1818.

Para. 2d. "Our attention has lately been directed to the subject of the Pensions granted to Officers for Wounds received in action, and we find it necessary to revise our orders on that head, in so far as respects the continuance of those Pensions in certain cases.

3d. In all those instances where the injury is of a permanent nature, as for example, where the Party has actually lost an Eye or a Limb in action, or has suffered such *permanent* injury as may be equivalent to the loss of an Eye, or a Limb, from a Wound received in action, there can be no doubt of his being entitled to the Pension for life, conformably with the spirit and letter of His Royal Highness The Prince Regent's Regulations, bearing date the 20th June 1812—but cases may occur where, though at the expiration of a year and a day after the Wound has been received, the period at which those Pensions commence, the Individual may to all appearance have sustained an injury deemed equal to the loss of a Limb, yet by a skilful medical treatment and the efforts of a sound constitution, he may in a few years be restored to his pristine bodily strength.

4th. In

4th. In instances of this kind when we consider the liberal scale of allowances granted to the Company's Officers, it is impossible for us to consent to continue the Pensions, and we therefore direct, that in all cases of recovery, if within three years from the injury originally sustained, the Pension shall be discontinued.

* 5th. In order that this Resolution may be strictly attended to, and that a careful distinction may at the same time be made between such cases, and those of Officers labouring under permanent injury from Wounds received in action, and equivalent to the loss of an Eye or a Limb, we direct that every Officer of our Army receiving a Pension for Wounds, shall be examined at the expiration of three years from the time of the Wound being received; by two Medical Practitioners who shall certify upon honor, the actual state of the Wound and its remaining effects, to enable you to judge whether, in conformity with the instructions now conveyed to you, the Party be justly entitled to a continuance of the Pension, and we further direct, that you will transmit to us regular reports of all such examinations.

6th. Application having been made from some of our Officers in this country for an increase of the Pensions granted to them, in proportion to the advanced Rank they have received, conformably with a regulation adopted in His Majesty's Service, we have to inform you, that, that Regulation has been discontinued in His Majesty's Service, as you will observe on perusal of the Circular Letters of the Secretary at War, dated 30th June and 25th August 1817---of which we herewith transmit you Copies.

7th. And being of opinion that all the circumstances of our Service duly considered, especially the advantages derived by the Company's Officers from the liberal allowances they receive in addition to their Pay, the Pensions granted, or to be granted, to our Officers under the Regulations which accompanied our despatch of 28th March 1815, are sufficient in amount, we do not think proper to accede to the recommendation contained in the 257th and 258th Paras. of your letter of 29th December 1815, for an augmentation of those Pensions.

2. The Commander in Chief is accordingly requested to require and direct, that the Medical Certificate prescribed in the 5th Para. of the Honorable Court's Letter, shall be transmitted to His Excellency's Head Quarters forthwith, in those cases in which the period of 3 years may have already elasped---and in all others, when that period shall have expired by all Officers to whom the Honorable Court's orders have now, or may hereafter have reference, and His Excellency will be further pleased to submit those documents when received, for the consideration of Government and ultimate information of the Honorable the Court of Directors.

G. O. G. 18th October 1819.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated the 7th April 1819, be published in General Orders.

Para. 148. " The Quarter Master of the European Regiment at your Presidency is to draw the same allowances as we have fixed for the Quarter Masters of our European Regiments in Bengal and at Bombay, namely,---

Staff Pay per month,	Rs. 62	0	0
Allowance for a Writer,	40	0	0
Do. for Stationery,	15	0	0
Do. for a Horse,	30	0	0
Total per month, Arcot Rs.	147	0	0

G. O. G. 23d October 1819.

* The Medical Storekeeper's Indents on the Black Town Dispensary for the supplies referred to in Para. 3d of the General Order dated 23d April last, are in future to be passed by the Medical Board quarterly; and the Bills of the Officer in charge of that Institution, accompanied by the Indents, are to be furnished to the Medical Board quarterly, instead of monthly, as directed in Para. 5 of the General Order above mentioned.

G. O. C. C. 11th November 1819.

G. O. G. 18th October 1819.

The Right Honorable the Governor in Council is pleased to direct, that the allowance of one Fanam per Man per month, authorized by the 5th Paragraph, 7th Section, of the Commissariat Regulations, to Head and Petty Maistries of the Dooley Corps, shall in future be drawn by the Commissariat Officers in charge, as an established allowance, and at once disbursed, as such, to the Maistries and Petty Maistries, leaving it to the Commissary General after the receipt of the whole of the Returns for the month, to order the stoppages to be made from the Maistries and Petty Maistries concerned, for such Men as may be deficient, the amount being credited in the Accounts Current of that Department.

The Military Auditor General is accordingly authorized to pass the Charges above referred to, without reference to the Companies of the Dooley Corps being actually complete at the dates of the Muster Rolls, as, in the dispersed state of the Corps, it is not at all times practicable to ascertain that point until the monthly papers are duly received, and examined in the Office of the Commissary General at Fort St. George.

G. O. G. 8th November 1819.

Extract from the Code of Pay Regulations, Page 204, under the Head "*Military Auditor General.*"

Para. 8. "He is not permitted to correspond with the Officers of the Army nor with their Agents, relative to the business of this Department.

Para. 9. All letters on such subjects are to be addressed to the proper Paymasters, who will forward them to the Auditor General and communicate his answers."

1. Public inconvenience having arisen from the frequency of irregular applications to the Office of Audit, The Right Honorable the Governor in Council in calling the attention of Officers, both of His Majesty's and the Honorable Company's Service, to the annexed Regulations, desires it may be understood that no direct communication is permitted, either in writing, or personally, between Officers of the Army and the Department of Military Audit, on subjects connected with the duties of the Military Auditor General.

2. Officers requiring information respecting the validity of doubtful claims or with regard to retrenchments from Paymaster's Accounts,—Officers requiring anticipated Audits, or having claims on the Pay Department for charges which require to be passed before payment, such as Passage Money to Europe, &c. in these, and all other cases of a similar nature, Officers are to address the Paymaster of the Station or Division, whose duty it is to afford them the information required, or if necessary to forward their applications to the Office of Audit, and to convey the replies of that Department thereto, as prescribed in the Regulations quoted in the 1st Paragraph.

3. The Military Auditor General is accordingly directed to pay strict attention to the above Regulation, by declining personal communications with, and rejecting all references from, Officers or their Agents, relative to the duties of his Department, unless forwarded thro' the prescribed channel.

G. O. C. C. I.

The Commander in Chief esteems himself under high obligation to Lieutenant General Sir R. Brownrigg, Bart. G. C. B. for the disapprobation which His Excellency was pleased to express on the Proceedings of the Court Martial before which Subadar Shaik Fuqueera and Jemadar Nunkoo Sing of the 2d Battalion Ceylon Volunteers, were tried.

The Native Officers who composed that Court, are to be apprized of the astonishment and regret felt by the Commander in Chief that they should have been so little sensible to the honor of the Bengal Army, and to the necessity of checking with severity an example so pernicious for the Service, as to have awarded an utterly inadequate punishment upon Individuals found guilty of grossly discreditable conduct, His Lordship considers the Proceedings of the Court Martial, justly censured as they have been by His Excellency the Lieutenant General, to be null, and though in that view the Sentence will not affect Subadar Shaik Fuqueera, His Lordship does not regard the transgression of the Subadar as absolutely requiring the extreme measure of an exercise of the power vested in the Commander in Chief for dismissing Native Officers by his own authority, and His Lordship trusts that a serious reflection on the public discussion which he has incurred, will prevent Shaik Fuqueera from ever henceforth being betrayed into ebriety.

The beastly and execrable language, as well as the behaviour of Jemadar Nunkoo Sing, substantiated uncontradictedly by several witnesses before the Court Martial, render that Person totally unworthy of bearing the Honorable Company's Commission,—The Commander in Chief therefore directs Jemadar Nunkoo Sing to be dismissed from the Army.

G. O. G.

G. O. G. 30th October 1819.

* The Right Honorable the Governor in Council is pleased to establish the following Regulations for the formation, and for the conduct of Regimental and General Military Buzars.

2. Every Corps on the Establishment, European and Native, will be allowed a Regimental Buzar on the 1st of January 1820, and General Military Buzars will be formed at the same time at Bellary, Masulipatam, Cannanore, Arcot† and Trichinopoly, and at such other places as may be hereafter determined.

3. Buzars attached to Corps will be under the immediate control of Officers Commanding, subject to the superior control of Officers Commanding Stations and Divisions,—Sufficient ground will be allotted at every Station for the accommodation of the Buzar of each Corps, within the Military limits of the Cantonment or Station, and as near as may be practicable to the Barracks or Huts of the Troops. The Servants and Followers paid by Government are to be considered in the Adjutant's Department.

4. A Chowdry and two Peons will be attached to each Regimental Buzar, to be employed on Buzar duties only.—On no account shall the Chowdry be employed in making purchases for any Officer or other person.--As the Chowdries should always be found at their Post in the Buzar, it is desirable that they should not be sent for by Commanding Officers more than once a day, a particular hour being fixed for this purpose, except on extraordinary occasions, and that they shall not be detained longer than may be necessary to receive those orders.—Private Servants of Commanding Officers shall on no occasion be made the channel of orders to the Chowdries, or to any persons settled in the Buzars; and if any such private Servants should be found attempting to exert any authority or influence over the Chowdries or other Servants or People in the Buzar, they shall be liable to such punishment as may be legally awarded against them.

5. The Chowdries will make a daily report of the state of the Buzars, when they wait on Commanding Officers at the regulated hour; and on the 1st day of every month they will give in a state of the same in writing; while on the second day after the issue of Pay to Corps, the Chowdries will report whether any just dues have been withheld from the Buzarmen or others.—In regulating every question of this nature the provisions of Regulation A. D. must be constantly held in view; a copy of the same being entered in every Regimental Orderly Book.

6. The Pay of Chowdries is fixed at Rupees 14 per month, but in the Field or at Stations where Batta is allowed, they will receive in addition to their Pay, Batta at the rate of Annas 2 5 per day.—The Peons in the former case will receive Rupees 6 per month as Pay, and in the latter case Batta in addition thereto at the rate of Annas 1 3 per day.—These allowances are to be drawn in the General Abstracts of Corps, Acquittance Rolls being taken for the same, which are to be filed and registered in Buzar Books to be kept in future by the Adjutants of Corps.—The situation of Chowdries and Peons of Regimental Buzars will be filled up by Officers Commanding, who will be strictly responsible that fit persons are selected.—They will be mustered along with the Corps and included in the Returns the same as the Vakeels and Native Dressers.—In addition to these Servants a Bullock Maistry and a Cooly Maistry will be allowed to each Regimental Buzar; who will receive Rupees 7 per month as Pay, and Batta when allowed to the Corps at the rate of Annas 2 5 per day.—They are also to be appointed by Commanding Officers and paid and mustered as directed with regard to the other Servants of the Buzar.

7. The number of Shops to be opened in the Buzars of Corps will no doubt in time regulate itself; but in the first instance it will be necessary that Officers Commanding should limit them to such an extent as may be likely to enable their Owners to derive the means of subsistence.—The establishment of any beyond this amount, would probably occasion losses to the parties who come forward, and operate as a discouragement to others disposed to do so in future. Care must be taken, however, that the Shops should be of such a number as may admit of a proportion being sent with any Detachment, not less than a Company, or that the Owners of principal Shops should

should be prepared to provide such as may be required to accompany Detachments of the Corps.

8. Commanding Officers as far as may be consistent with these considerations, will accordingly encourage Buzarmen connected with the Sepoys of the Corps to settle in its Buzar in preference to Strangers, and countenance such relations of the Sepoys as may be disposed to open Shops in the Buzars.

9. It is of great consequence that the Buzarmen should be enabled to maintain, or make arrangements for providing when wanted, such Carriage Bullocks as may be necessary for the movement of their Shops at the earliest notice, and for the conveyance of four or five days supplies for the Corps, when ordered to March.—The Buzarmen will in more situations find it to be their interest to maintain the cattle at all times, that they may employ them in bringing supplies for the consumption of the Buzars; but at all events the Commanding Officer should ascertain that the Buzarmen have the means of procuring the cattle when the Corps or a Detachment of it not less than one Company, may be ordered to march.

10. Buzarmen are prohibited from giving credit to the Sepoys beyond a month's Pay; and all debts incurred in any one month either by the Troops or Followers of the Corps, must be settled at the next issue of Pay.—They are also prohibited from giving any credit whatever to the Sepoys or Followers of other Corps, on pain of forfeiting the debt on being discovered.—All Officers will be responsible that any debts incurred by their Servants shall be settled and paid on the first issue of Pay after such debts may have been contracted; it being understood, however, that such debts are strictly confined to the daily supplies of common Buzar articles.

11. All articles of consumption will be allowed to be sold in Regimental Buzars, with exception of such as may be prohibited by the Revenue Regulations of the District, extracts of which will be communicated to Officers Commanding Stations by the Collectors.—In the Field, beyond the frontier, the prohibited articles will be made known in the Publick Orders of the Army or Detachment, to which the Corps may be attached.

12. No tax or duty is to be levied under any pretence whatever in Military Buzars; this prohibition, however, not affecting the town duties or customs, levied on account of Government by the Collectors of Revenue on articles proceeding into Military Buzars situated within the limits, in which such duties or customs are collected under the Regulations of Government.

13. It being for the mutual interest and advantage of all parties, to attach by every practicable means, as many people to the Buzars of Corps as can find occupation, and demand for their services, it is presumed that no particular injunctions are required to promote so beneficial an arrangement combining public advantage and private convenience.—To ensure, however, this most important object, Officers Commanding Corps, their Officers, and Men, must be fully aware that an efficient Buzar cannot be maintained unless they deal with their own Buzar people in all situations, as well when at large Stations where there may be a choice of markets, as in detached and remote situations.

No. 1. No. 2. 14. All Buzarmen are to be registered according to the Form annexed No. 1, and are never to go from one Buzar to establish themselves in another, without a regular discharge.—And a Quarterly return of the Buzar according to the annexed Form No. 2, will be made by Officers Commanding to the Commissary General of the Army, viz. on the 1st of February, 1st of May, 1st of August, and 1st of November.

15.—With the view of enabling Commanding Officers to give effectual encouragement to these Followers, advances of Cash are authorized on account of the persons who provide for the wants of the Sepoys and the Followers of the Battalion to the extent hereafter provided—the written requisition of Commanding Officers respectively addressed to Paymasters, accompanied by a sanction for the measure from Head Quarters, being the authority on which the Military Auditor General, to whom applications are to be made for that purpose, is to direct the issue of the advances.

16. As soon as the ground has been allotted to Regimental Buzars at fixed Stations within the frontier, a sum not exceeding Rupees 1,000, will be advanced from the Pay Department, if required, upon Receipt, to Officers Commanding Corps, including the Horse Artillery, each of his Majesty's Regiments of Light Dragoons and each Regiment of Native Cavalry, each Battalion of Artillery, His Majesty's Regiments of Foot, the Honorable Company's European Regiment, the Rifle Corps, and each Battalion of Native Infantry,—the sum so issued to be entered by Paymasters in

in their Monthly Accounts Current under the head of Lieutenant Colonel A. B.—or Officer Commanding the Battalion Regiment N. I. and to be issued by Commanding Officers as a loan to the Banyans and Butchers, on such security, as the Commanding Officers may consider adequate.

17. These advances will be repaid in six monthly instalments, to commence four months after the advances are made; and no additional advance, beyond Rupees 1,000—is to be made (except on the occasions provided for in the 20th Para.) until the former has been accounted for,—the unpaid instalments to be invariably noted on Certificates of last Pay, as directed in G. O. dated 29th March 1816.

18. On receiving the 1st instalments the Commanding Officer will pay the same into the hands of the Paymaster on the spot, or in the range in which the Corps may then be placed, who will grant a Receipt to the following effect.

"I do hereby acknowledge to have received from Lieut. Colonel A. B. Com-
"manding the sum of Rupees,
"being on account of a Receipt, stated to have been granted by him *(or by*
" *here entering the name of the Officer, who granted the*
" *Receipt)* to Captain C. D. Military Paymaster at for
"500 Rupees to be advanced to the Buzars of the Battalion
"Regt. N. I." and the same process to be followed, until the whole amount is recovered.

19. On the receipts for such repayments being transmitted by Paymasters to the Accountant General in the Military Pay Department, that Officer, will endorse the amount on the original Receipt in his possession; and when the whole amount has been accounted for, in like manner the Accountant General will close the account in his Office, and return the Receipt remaining in his hands to the Officers Commanding the Corps concerned.

20. It will rest with the Officers themselves to set up Bakers, Milk and Buttermen, &c. by making them advances which perhaps will only be required in the first instance, as by proper encouragement from the Corps, these persons will by degrees acquire sufficient capital of their own, to be able to carry on their trade without any such assistance—on taking the Field, however, beyond the frontier, small advances of money may be made by Commanding Officers to these Followers in common with others, and an additional advance will be made by Paymaster in such cases of Rupees 500 on account of the Buzar at large, to be obtained and accounted for, in the manner described in the 15th Paragraph.

21. When Corps are ordered to march from one Station to another or upon Field Service, having no Commissariat Officer attached, Officers Commanding will put up for sale the contract for the sale of Arrack during the march. The same general rules for the conduct of this branch will apply to Camp Buzars within, or without the Company's dominions, will be applicable to Regimental Buzars; the proceeds of such contracts, however, being made over to the Officer of the Commissariat at the Station to which the Corps may be proceeding after the march is over, with a copy of the contract. The Commissariat Officer will grant his Receipt No. 3. for the amount in duplicate and in the annexed Form No. 3, one copy of which is required to be forwarded to the Commissary General, and the other to remain with the Officer Commanding, to be filed and entered in the Books already mentioned. The Officer of the Commissariat receiving this money, will remit the same to the Commissary General, to be accounted for by him, with the proceeds of other Military Buzars.

22. Every Man residing in the Buzars of Corps whether for the purpose of vending buzar articles, or serving the Troops, shall have his name regularly entered in a Monthly Register to be given in on the first of every month by the Chowdry to the Officer Commanding, to be filed in the File Book to be kept by the Adjutant, as alluded to in the 5th Paragraph of this Order, a translation being entered at length in another Book after the copies of the Register of the Buzar Servants.

23. Every Regimental Buzar, when marching or in the field, shall be designated by a White Flag* having the number of the Corps and Battalion expressed on it in large characters by means of Cloth of a dark colour.—The Flag Staff to be 24 feet in height, and it shall be the duty of the Buzar Peons to carry it on the march, and to pitch it on the ground allotted to the Buzar. 24. The

24. The further Regulations for Regimental Buzars when incorporated with *Station* and *Camp Buzars*, will be found in the following part of this Order.

25. General Military Buzars will be established at Bellary, Masulipatam, Cannanore, Arcot,† and Trichinopoly, and will be conducted under the following general rules.

26. Each of these Buzars shall be under the immediate charge of an Officer of the Commissariat, who will have particular cognizance of all the supplies.—The establishments of Servants will be under his immediate direction, and appointed and paid in the same manner as the other Servants of the Commissariat.—All orders or matters of police, will of course originate with Officers Commanding, who are hereby ordered to be guided by the Regulation — A. D. — in controling this branch of the Department of General Military Buzars.

27. Each of these Buzars shall be provided with

1 Cutwall,
1 2d do.
1 English Writer,
2 Mooteseddies,
1 Measuring Man, and such a number of Chowdries, Deyloyts, and Dundiahs, as may be found to be necessary for carrying on the duties of the Buzars.---The Badges and Belts to be worn by the Buzar Servants, to be determined on by the Commissary General, and the expense of the same to be adjusted from the same fund as the people themselves are to receive their Pay.

28. An outline of orders for the interior regulation of the police details of these Buzars, will in the first instance be communicated to Officers Commanding, by Government, and such alterations on the same, as may appear by experience to be necessary, will be taken into consideration when referred to Government.

29. It is of importance that the Commissary General, already at the head of the Department of Military Buzars, should be minutely informed, of the resources of all General Military Buzars, and he will of course give such orders as he may think proper for this purpose to the Officers of his Department in immediate charge of the same.---But the Commissary General is also at liberty to correspond on all subjects connected with the supplies of Buzars, and the resources of the same, with Officers Commanding Divisions and Stations, who will give him every assistance in their power, in rendering these Buzars as efficient as possible, whether he may require such assistance when upon the spot, or at a distance.---Commanding Officers will also give effect to the orders of the Commissary General for the movement of any part of the General Military Buzars at their respective Stations, when required for Troops in the Field ; whether such Troops form or not, a part of the Force, under their immediate Command.

30. The limits of these Buzars will be fixed on and defined by the Quarter Master General of the Army, under the orders of His Excellency the Commander in Chief ; and although it may happen that the Buzars of Corps, may not be always within these limits, the same rules which apply to the control of the General Buzar will be equally applicable to all Regimental ones at the same Station ; and the Chowdries of Regimental Buzars will promptly obey all orders received from the Officer in charge of the General Buzars through the Cutwall, concerning supplies, reporting the same to their Commanding Officers respectively.—The same rule will be applicable to Regimental Buzars in Camp ; and in either case, the Officer in charge will be at liberty at any time to call on the Chowdries through the Head Cutwall for a return of their respective Buzars.

31. No house or ground rent shall be levied from any persons allowed to establish themselves in any Military Buzar, under the conditions of the Regulation—A. D.—and though no duties shall be allowed to be levied in these Buzars, all authorized articles proceeding for their consumption will be liable to the same duties and customs which are leviable by the Officers of Government in the Revenue Department in the Company's territory.

32. The exaction of fees of every description in money or kind, from Buzarmen or from people bringing in supplies, is strictly prohibited.— Cutwalls have no authority to stop Dealers, &c. at the Choultry, under the pretence of examining the quality of their goods, the payment of nuzzers, &c. to Cutwalls, or any other Buzar Servants

† *Vellore, vide G. O. 6th November* 1821, *page* 137.

vants on their marriages, feast days, or on any other pretence whatever, is also prohibited; and any infringement of these rules will be severely punished.

33. All public business shall be performed in the Public Offices; and the Cutwalls or other Buzar Servants are on no pretence whatever, to be allowed to call the Buzarmen to their private places of residence; nor are they by way of parade or increasing their suit to be permitted to have parties or crowds of Buzarmen, following them through the Buzars.

34. After ground is once allotted for Shops or Pauls in the Buzar, the holders of such ground are not on any account whatever to be liable to removal to any other part of the Buzar; but in the event of casualties, the Officer in charge of the Buzars will allow the Heirs to establish themselves on the same site, and in the same line of business, provided they maintain their Shops in a state of efficiency.---If there be no such Heirs, and if the site be one much desired, the Officer in charge of the Buzars will be allowed to allot it to one of the old Buzarmen of the greatest claims; provided always he belongs to that description of trade, to which the site had before been allotted.

35. Officers Commanding and the Officers of the Commissariat will see that the Buzarmen make sufficient arrangements for having always at their command, such cattle as may be necessary for the movement of the Buzar.

36. The extent of the advances to be made to the Dealers in General Military Buzars when ordered to march will altogether depend upon the nature of the service upon which the Troops to whom they are attached, are likely to be employed; and will be made by the Officer of the Commissariat in charge under the instructions of the Commissary General.---Good security must be taken for the repayment of the advances within a stated period not exceeding four months, when the amount will be reported to Government, by the Commissary General, and entered in a Buzar Suspense Account, to be kept in future by the Commissary General.---Credit will be taken for such advances in the General Accounts Current of the Commissariat, when approved of by Government; and credit given in the same accounts for all sums recovered from the parties who received the advances in the first instance.

37. A fixed number of Arrack Shops, to be regulated by the Officer in charge of the Buzar with the concurrence of the Officer Commanding, will be allowed to be established in every General Military Buzar, the sale of the Arrack being conducted under an exclusive contract, subject to the following general rules, viz.

1st. No Arrack shall be sold directly or indirectly to any European Man or Woman.

2dly. No Arrack shall be allowed to be carried away without a sepcial Pass signed by the Commanding Officer and for the purposes hereafter described; and all the rest that is sold must be drank on the spot.

3dly. No Native shall be allowed to drink to excess, so as to become intoxicated.

4thly. The Contractor to be answerable that no Spirits are sold but at the established Shops, and that no Strangers be permitted to introduce Spirits into the Buzars.

5thly. The retail price at the Shops is never to be lower than that of the Public Revenue Contractor at the same Station.

6thly. No European will be allowed to hold the contract for the sale of Spirits in Military Buzars, nor shall the Public Revenue Contractor be eligible to hold it.

7thly. Arrack allowed to be carried away from the Shops under the Passes of the Commanding Officer, is limited to one bottle; and this indulgence is only to be granted when the Spirits may be required for sick persons, or to respectable Native families for their own consumption.

8thly. Not more than one Shop will ever be allowed in Regimental Buzars, to which the operation of the contract may extend under the above rules.

9thly. Officers requiring Arrack for their Servants, Horses, &c. to be allowed to procure it on regulated Passes, signed by themselves and by the Commanding Officer; the purpose for which it is wanted being specified in the Passes.

10thly. Any infringement of these rules will subject the Contractor on conviction to a fine not exceeding one day's rent of his contract, and he must be bound for the payment of the same by the terms of his contract.

11thly. Such establishment of Peyloyts and Dundiahs as the Arrack Contractors may require for carrying on their duties, must be paid by themselves; but their number, and their names and persons must be accurately known to the Officer in charge of the Buzars, who will provide them with Belts and Badges, to be returned by the Contractor at the expiration of his contract, unless it shall be renewed by him, when next disposed of.—This rule is also to be strictly attended to in future, in all Camp Buzars.

38. Proposals

38. Proposals for renting these contracts will be invited by beat of Tom Tom, and they will be transmitted by the Commissariat Officer as received, to the Commissary General, with a Report specifying the offer which he may deem the most eligible, as well as the grounds of such opinion, when it will rest with the Commissary General to determine which of the proposals should be accepted, agreeably to the mode which already obtains in Camp Buzars.—Circumstances may sometimes occur to render it necessary to make an Amauny arrangement for the conduct of the sales of Arrack in General Buzars, and in such cases the Officers of the Commissariat will receive special orders from the Commissary General; and all arrangements in General Buzars having reference to this object, will extend to every Regimental Buzar on the spot.

39. From the proceeds of the Arrack Contract the Commissariat will defray all the expenses of the Buzars, including such as attend the maintenance of all persons in confinement in the Cutwall's Choultry, and the balance will be remitted as already ordered in the 4th Paragraph of the 10th Section of the Commissariat Regulations—with the exception of Receipts in place of Bills, being obtained from the Paymaster.

40. Camp and other Military Buzars already formed will continue to be conducted agreeably to the 10th Section of the Commissariat Regulations, the scope and tenor, however, of the preceding orders and the Civil Regulation A. D. being made generally applicable to them; and any exceptions that may be deemed necessary will be intimated in special instructions to Officers Commanding.

No. 3.

Received from Lieutenant Colonel A. B. Commanding the —— Battalion —— Regiment, the sum of Madras Rupees ——— being the amount realized from the Contract for the Sale of Arrack and intoxicating Drugs to the Corps under his Command, during its march from to from the 1st of to the 20th of 1820; and for which Sum I hereby grant my receipt in duplicate.

Station and Date.

C. D.
A. C. General.

G. O. G. 6TH DECEMBER 1819.

1. The Right Honorable the Governor in Council is pleased to permit an allowance of four Rupees per diem, to be drawn by Officers who may hereafter officiate as Deputy Judge Advocate to European Regimental General Courts Martial, which is

is to embrace the whole expense including Writers, Stationery, &c. the period to be determined by the rules laid down in the General Orders of Government, dated the 24th February 1818.*

2. The Commander in Chief will be pleased to direct Notifications to be made to the Military Auditor General of the Officers who may be appointed to officiate at Regimental General Courts Martial, equally in His Majesty's as the Honorable Company's European Corps, with such particulars as may enable that Officer to pass the Charges hereby authorized.

G. O. G. 6TH DECEMBER 1819.

The Right Honorable the Governor in Council is pleased to direct, that the following rules shall be observed whenever any Commissariat Stores may be lost, stolen, or accidentally destroyed.—In all such cases it shall be the duty of the Commissariat Officer in charge to apply to the Commanding Officer for the assembly of a Committee of European Officers, at the time and on the spot, by whom the circumstances will be investigated as they may have occurred. The Committee will ascertain the exact extent of the loss, and will record their opinion whether every proper degree of vigilance, care, and attention had been observed by the Officer in charge; whether Sentinels were duly posted for the protection of the Stores, and whether in short, the accident may, or may not be viewed, as having happened unavoidably. The proceedings of the Committee are to be forwarded by the Officer Commanding to the Commissary General of the Army, who will also receive a full explanation from the Officer of his department.—The Commissary General will then submit the original proceedings, with a report to Government, with the least practicable delay, in order that the Governor in Council may determine how far the Officer of custody or any other person, shall or shall not be held responsible for the loss; while it is to be clearly understood, that no Articles will ever be allowed to be written off as stolen, lost, or destroyed, unless the most satisfactory evidence be afforded in the manner above described, that no precaution was omitted for the due security of the public property.

This order, however, is not meant to disturb the existing Regulations, when Commissariat Stores are damaged by weather, lost on a march, taken by the enemy, or rendered useless by any unforeseen or unavoidable accident on Field Service.

G. O. G. 20TH DECEMBER 1819.

The Right Honorable the Governor in Council is pleased to direct the establishment of the Cavalry Depot at Arcot to be discontinued from the 31st of the ensuing month; and all arrangements and expenses, connected with the Institution, will accordingly cease from that date.

His Excellency the Commander in Chief is requested to issue such subsidiary instructions, as may be necessary for carrying the above order into effect.

G. O. G. 17TH JANUARY 1820.

Major General Robert Bell, Commandant of Artillery, having received permission to return to Europe agreeably to his request—The Right Honorable the Governor in Council is pleased to express in General Orders, his just sense of regret for the loss

loss of the Major General's valuable services with the distinguished Corps under his Command ; and will have great satisfaction in bringing to the notice of the Honorable the Court of Directors, his approved and useful services on various occasions during a long course of duty in India, extending to 41 years.---The Governor in Council avails himself of this opportunity of recording the testimony of his respect and regard for the public merits and private virtues of Major General Bell.

G. O. G. 31st January 1820.

On the approaching departure from India of His Majesty's 22d Light Dragoons, the Right Honorable the Governor in Council is called upon to notice, in the most public manner, the high reputation which that distinguished Corps has established during a course of 23 year's service under the orders of the Government of Fort St. George.—Its brilliant achievments in the Field, and its uniformly exemplary conduct in every situation, have been reported by the Commander in Chief ; and the claims of the Regiment to the same mark of the approbation of the Government as was recently bestowed on His Majesty's 25th Light Dragoons, on its embarkation, are particularly recommended by His Excellency.

Impressed with a just sense of the merits of His Majesty's 22d Light Dragoons, and having its services, in aid of the Army of this Presidency, in the highest estimation,--the Governor in Council has great satisfaction in recording his acknowledgments to the Regiment, and is pleased on this occasion to direct the issue of a donation of three months full batta to the Officers.

G. O. C. C. 31st January 1820.

With reference to the General Orders under date 26th March 1814, posting the Native Commissioned Officers of the Rifle Corps to Regiments of the line ; His Excellency the Commander in Chief is pleased to direct, that the Native Officers of the Rifle Corps, shall be borne on the Returns of the undermentioned Corps, and be mustered, and returned as "On Command," *doing duty with the Rifle Corps*, but as the internal economy of that Corps is not to be effected by this arrangement in any respect, the Native Officers are not to be entered by name in the Muster Rolls, or Returns of the Regiments to which they belong ; but are to be mustered and returned numerically, and not included in any Indents for Clothing, or Appointments.

This

This arrangement to take effect from the 1st of February 1820, and the Native Officers of the Rifle Corps borne upon the strength of other Regiments, are to be struck off from this date, and the vacancies filled up by Promotion.

G. O. G. 17th January 1820.

Ordered that the following Extracts from the Honorable Company's General Letter in the Military Department, dated 30th June 1819, and Copy Paragraphs to be inserted in the next General Letter be published in General Orders.

Para. 2.—By our Military Letter of the 11th December 1773, to Bengal, Officers are restricted from drawing Pay, until they shall arrive at the Presidency to which they stand appointed.—As cases may occur in which Officers returning to their duty may more readily reach their Regiments by proceeding by a different route than to the Presidency to which they are attached,—we direct that in future, Officers be entitled to draw Pay, either on their arrival at the Presidency, *or joining the Regiment*, to which they belong.

3.—We observe from the proceedings of the Bengal Government on the 5th August 1784, and 6th December 1804, that Officers when employed as Residents at Foreign Courts are only permitted to draw from the Military Department, the pay or subsistence of their Regimental Rank, and a share of Off-reckonings when entitled to that allowance.

4.—We desire that this Regulation may be made applicable to the allowances of all Officers employed in any Civil capacity whatever, when withdrawn from the performance of Military duties.

G. O. G. 23d February 1820.

36---We also authorize you to make such further allowance to Officers of the Artillery or Engineers, who may lose professional instruments while on duty in the Field, or while proceeding by Sea under the orders of Government, as the particular circumstances of each case may appear to require.

37---These Regulations are to have effect from the date of their publication in General Orders.

G. O. G. 20TH MARCH 1820.

The following Extracts from the Honorable Company's General Letter in the Military Department, dated 21st July, 1819, are published in General Orders.

5.---"Having taken into consideration the Regulations under which Pensions are granted from Lord Clive's Fund to invalided and discharged Non-Commissioned Officers and Privates of the Company's Service, as well as the amount of those Pensions,---We are of opinion, that the Regulations require modification, and that it is necessary to make some addition to the Pensions at present granted.

6.---"We have accordingly resolved to adopt the following Regulations.

No Non-Commissioned Officer or Private, who has not served fourteen years in India, except he have been disabled on actual Service, shall be in future entitled to admission on Lord Clive's Fund.

Serjeants who have actually served in the Company's Army twenty one (21) years, (whereof the last eight (8) years at least in the capacity of Serjeants, or who shall be distinguished for good conduct, or disabled from wounds received on actual Service), shall be permitted to retire from the Service, and allowed in any part of His Majesty's dominions in Europe one shilling per diem, over and above the Pension at present derivable from Lord Clive's Fund.

Serjeants

Serjeants of the aforesaid description who shall be permitted to remain in India, shall be allowed a pension of thirty Rupees per month; but this indulgence is to be granted only in cases of extraordinary merit, in conformity with the Regulations of the Bengal Government, dated the 31st December 1796, and confirmed by our Letter in the Military Department, under date the 6th June 1798.

Serjeants who shall have actually served in the Company's Army fourteen (14) years, and who may be discharged when holding that Rank, on account of debilitated constitutions, rendering them unfit for Field Service; and Corporals and Privates discharged at their own request after completing twenty one (21) years Service, shall be allowed one shilling per diem, i. e. their respective Pensions from Lord Clive's Fund shall be made up to that sum, without distinction as to the Corps in which they may have served.---Corporals and Privates after having served fourteen (14) years in the Company's Army, shall, if discharged as unfit on account of broken constitutions, be allowed nine pence per day, i. e. their respective Pensions from Lord Clive's Fund, shall be made up to that sum.

In cases of *Wounds* or *Injuries* received on Service, rendering the Soldier incapable of discharging his duties,---Pensions according to the following scale will be allowed without regard to Rank or Corps.

If totally unable to contribute to earn a livelihood, after twenty one years Service, 1s 10d per day.

If able to contribute something to earn a livelihood, after twenty one years Service, 1s. 4d. per day.

If totally unable to contribute to earn a livelihood, after fourteen years Service, 1s. 6d. per day.

If able to contribute something to earn a livelihood, after fourteen years Service, 1s. 0d. per day.

If totally unable to contribute to earn a livelihood, not having served fourteen years, 1s. 3d. per day.

If able to contribute something to earn a livelihood, not having served fourteen years, 9d. per day.

In all the foregoing cases the Pension from Lord Clive's Fund to be included in the rates of Pension now established.

No man shall be admitted to the Pensions now established, without the production of a certificate of good conduct, from the proper authorities in India.

7.---" As we have reason to believe that Soldiers who have claims upon Lord Clive's Fund, are frequently sent home without being furnished with the requisite recommendation from the Government under which they have served,---We desire that you will issue positive instructions that the necessary certificates be delivered to each Invalid entitled to the benefit of the Fund previously to his quitting India, and also that Duplicates of such Certificates, together with Description Rolls of the Men, specifying their length of Service, and the cause of their being discharged, may be regularly transmitted by the Vessels in which the Men proceed to Europe.

G. O. C. C. 1st April 1820.

The Ordnance Regulations, Sec. VIII. Para. 1st, under the head of Annual Practice, having in several recent instances been disregarded,---The Commander in Chief expects that Officers Commanding Corps will not fail to transmit in future, the Annual Indents to the Military Board for Ammunition, on or before the 1st December yearly.

G. O. G. 20th March 1820.

G. O. C. C. I. I. 14TH APRIL 1820.

Remarks by His Excellency The Most Noble The Commander in Chief.*

The contumacious and persevering refusal of the Prisoner to perform his duty in disobedience to the lawful orders of his Commanding Officer, having been distinctly proved, and not even controverted in the defence, it was not competent to the Court to decide the case upon a consideration of the erroneous conception by which the Prisoner was swayed. It was incumbent on the Court to pronounce an award apposite to the undisputed breach of the Articles of War; and then to have represented that it appeared to them that the Prisoner had not acted from a refractory spirit, but from a mistaken persuasion that he was making an allowable appeal to the Commander in Chief.

This view on the part of the Court would have been of doubtful correctness.---Reference had been made to the General Officer Commanding in the Field, who with his usual patient kindness had caused the culpable insubordinacy of the Prisoner's conduct to be explained to him, with a warning of it's serious consequences if persisted in, while the resumption of his duties would not prevent his laying before the Commander in Chief any grievance he supposed himself to have suffered; little excuse, therefore, remained for the Prisoner on that head; a different plea in favour of the Prisoner is found on the proceedings. It appears that when the Prisoner was transferred to the Provincial Battalion, his former Commanding Officer through a miscomprehension sent to the Officer at the head of that Corps a written intimation that the name of Jemadar Khoda Buksh was never to be submitted to the Commander in Chief for promotion.---This having been a real tho' unintentional injury, the Commander in Chief suffers it to weigh against the transgression of the Prisoner, whose confinement he will not prolong by such an additional term as would be entailed were he to direct the Court Martial to revise the sentence: Jemadar Khoda Buksh is to be released from his arrest, but he is to be informed that he cannot look to promotion till his further behaviour shall have satisfied the Commander in Chief that his late impropriety was not the result of perverse disposition---any future symptom of which will be visited with a severity in proportion to the lenity shown on the present occasion.

G. O. C. C. I. I.

Extract from the Proceedings of a General Court Martial assembled at Bhaugulpore, in obedience to General Orders of October 18, 1819, and to a circular order by Colonel Pine of December 3, and held by virtue of a warrant under the hand and seal of the Most Noble the Marquis of Hastings, K. G. and G. C. B. Commander in Chief of all the Forces in India.

Bhaugulpore, Saturday, December 4, 1819.

President,---Colonel G. H. Pine, 30th Regiment N. I.
Judge Advocate,---Captain G. Young, Deputy Judge Advocate General.
Interpreter,---Lieutenant Johnston, 1st Battalion 9th Regiment N. I.

CRIME.---Major William Joseph Matthews, of the 9th Regiment of Native Infantry, and Commanding the Bhaugulpore Hill Rangers, placed in arrest by order of His Excellency the Most Noble the Commander in Chief, on the following Charges.

1st.---That Major Matthews, Commanding the Hill Rangers, did, from on or about the commencement of the year 1818, down to on or about the end of June of the same year, appropriate to himself, the sum of six hundred and eleven Rupees two Annas (611 2) or nearly that amount, by witholding from certain Hindoostanee Sepoys of his Corps, then newly enlisted, their full pay as authorized and drawn by him, he Major Matthews, having in lieu of the same, only paid to those persons the daily sum of four pice each, during the time of their being employed in acquiring at Drill their usual exercise.

2d.—That

---

* *On the trial of Jemadar Shaik Khoda Buksh, of the Saharunpoor Provincial Battalion, acquitted.*

2d.---That Major Matthews, about the same period and under the same circumstances, appropriated to himself, the sum of Rupees 1709 8 or about that amount, by withholding from certain newly enlisted Hill Sepoys their full authorized pay.

3d.---That Major Matthews appropriated to his own use, during the period of about eighteen months ending about June 1819, the sum of Sicca Rupees 1125 6, or nearly to that amount, being the authorized pay by him drawn, for 15 Hindoostanee Sepoys, the pretended names of whom, were inserted by Major Matthews in his Muster Rolls; no such Sepoys, however, at the time, being entertained, and such names or a part of them, being wholly fictitious, and inserted to defraud the Government.

4th.---That Major Matthews appropriated to himself, about the same period, the sum of Sicca Rupees 4188, or nearly to that amount, by inserting in his Muster Rolls, and drawing for the pay of about 61 Hill Sepoys, not entertained in the Corps.

5th.---That Major Matthews, by withholding from the Buglemen actually entertained, a portion of their full authorized pay, and by entertaining one less than the proper complement, and the number inserted in his Muster Rolls and Abstracts, appropriated to himself during the period of ten months ending about June 1819, the sum of Rupees 240, or nearly to that amount, out of the sum total of pay drawn by him on account of the Buglemen of his Corps.

6th.---That Major Matthews, during the period of eighteen months ending about June 1819, having on different dates discharged six classies, continued notwithstanding, their names in his Muster Rolls, and thereby appropriated, within the period mentioned, for his own benefit the sum of Rupees 619, or about that sum, drawn for by him on account of the said classies.

7th.---That Major Matthews, during the period of eighteen months ending June 1819, appropriated to his own benefit the sum of Rupees 270, or about that sum, by not entertaining, but drawing the pay of the following workmen authorized on his Establishment, viz. 1 Lohar, 1 Seculgar, and 1 Moochie, fictitious names, or the names of individuals who had filled those offices, who had died or been dismissed, continuing notwithstanding, to be inserted by Major Matthews in his Muster Rolls.

8th.---That down to the end of June 1819, Major Matthews appropriated to himself the sum of Rupees 60, or about that sum, out of the pay authorized and drawn for by him, on account of a Bazar Chowdry, by retaining monthly, a portion of the fixed salary previously to his discharging the individual, who lately filled the office, and by receiving the whole salary for three months, subsequently to the dismissal of that person, Major Matthews notwithstanding, still continuing to record as entertained the discharged Chowdry.

9th.---That during the period of about eighteen months, ending about June 1819, Major Matthews, under similar circumstances, and in the same way, appropriated the sum of Rupees 25 out of the authorized pay drawn for by him on account of a Bazar Mootsuddie.

10th.---That Major Matthews appropriated to himself the sum of Rupees 117, or nearly to that amount, being the amount of salary for about 13 months ending about June 1819, drawn for by him on account of three Jhunda Wallas, authorized for his Bazar Establishment, no individuals inserted as such by Major Matthews in his Muster Rolls, having been actually entertained or having received the fixed allowance.

11th.---That during the period of about eighteen months ending about June 1819, Major Matthews has occasioned, for his own fraudulent purposes, a loss to Government of Rupees 459 (being the amount over-drawn by the Surgeon of the Corps on account of his monthly allowance of 6 Annas per man), by certifying in the different monthly Bills of that person the complement of Sepoys and others attached to the Corps, as actually entertained and present, greater than it really was at the different times for which those Bills were prepared.

12th.---That Major Matthews appropriated to himself Rupees 915 9 1 or about that sum, out of the total of additional half batta due to, and by him

him drawn for, Detachments of his Corps, employed in escorting Treasure during the months of April, May and June 1819.

13th.---That Major Matthews withheld totally the pay for June 1819, from the Sirears of his Establishment.

Upon which charges the Court came to the following decision.

FINDING AND SENTENCE.---The Court having fully considered the Evidence adduced before them, are of opinion,

With respect to the first, second and third Charges, that Major Matthews is guilty.

With respect to the fourth Charge, that Major Matthews is guilty of retaining on the Muster Rolls, during several months the names of men who had not been entertained, or who had deserted or died; but from the confused manner in which the Muster Rolls are drawn up, the Court cannot find the precise number of names and sums embezzled.

With respect to the fifth Charge, that Major Matthews is not guilty of entertaining one less than the proper complement of Buglers, but guilty of the rest of the Charge.

With respect to the sixth Charge, that Major Matthews is guilty of continuing on the Muster Rolls, fictitious names of 6 classies, and of appropriating to his own use the pay drawn for them, being about 619 Rupees.

With respect to the seventh Charge, that Major Matthews is not guilty.

With respect to the eighth and ninth Charges, that Major Matthews is guilty of retaining a part of the Bazar Chowdry's and Mootsuddie's pay up to the date of their discharge.

With respect to the tenth charge, that Major Matthews is guilty.

With respect to the eleventh Charge, that Major Matthews is guilty of occasioning a loss to Government to the extent found on the third and fourth Charges.

With respect to the twelfth and thirteenth Charges, that Major Matthews is guilty.

The Court do therefore adjudge Major Matthews to be dismissed the Service.

Upon receiving this sentence, His Excellency The Most Noble The Commander in Chief was pleased to direct the following letter to be addressed to the Deputy Judge Advocate General conducting the trial.

To

CAPTAIN YOUNG,
Deputy Judge Advocate General.

SIR,

1.---Having submitted the Proceedings of the Court Martial on the trial of Major Matthews to The Most Noble The Commander in Chief, His Lordship has directed me to return them, that, with the communication of his sentiments, the Proceedings may be reconsidered by the Court.

2.---It appears to His Lordship, that the Court have inadvertently omitted to express their judgement on the concluding part of the 8th Charge, which embraces a distinct allegation of a specific offence, namely, "receiving the whole salary for 3 "months, subsequently to the discharge of that person (the Chowdry), Major Mat- "thews, notwithstanding, still continuing to record as entertained the discharged "Chowdry." His Lordship conceives that the Court by confining their judgment to the first part of the Charge retaining a portion of the Chowdry's pay previously to his discharge, have not exhausted the whole charge of guilt imputed to Major Matthews, a duty required from every Court.

3.---The Court have found Major Matthews guilty of the 3d, 4th, 6th, 10th, and 11th Charges, the whole of which bring Major Matthews under the 44th Section of the Mutiny Act of the 58th of Geo. 3d, and the 3d Article of the 4th Section, entitled Musters and Furloughs, of the Articles of War, framed by its authority.

4.---By reference to the Section of the Mutiny Act, and to the Article of War, it will appear to the Court, that the adjudication of *Dismissal* is not the penalty the Statute enjoins. The penalty pronounced by Statute is peremptory to the very letter, and the Article of War has necessarily followed it by repeating the words *to be Cashiered*. Courts Martial are sworn to proceed by the Mutiny Act, as well as by the Articles of War, and having convicted Major Matthews of what this Mutiny Act has declared an offence, the judicial powers of the Court cease, and their subsequent duties

ties are merely ministerial, in applying to the offender the penalty the law has ordained. In adjudging Major Matthews to be "Dismissed," the Court have deviated from the letter, and the spirit of the law: for, "to be Dismissed" are not the words used by the Statute, and the Articles of War; nor does the punishment, conveyed by these words, amount to the penalty of *Cashiering*, which superadds to Dismissal, disqualification for future employment.

5.---It may appear an ungracious duty thus exercised by His Lordship, in requiring the Court to pronounce a severer punishment than that which, it may be supposed, they have, on mature consideration, judged commensurate with the offence. But the law which binds the Court, is equally imperative on the Commander in Chief; and it would be a direliction of the high duties imposed on His Lordship, were any deference to the judgment of the Court to prevent his bringing to their consideration his view of the peremptory letter of the law, and requiring from them a sterner duty than that which they have contemplated in their Sentence on Major Matthews.

6.---It is far from His Lordship's inclination, or intention, to oppose that merciful spirit which tempers our law, and to urge severity to Judges in whom is lodged the power of pronouncing on the different shades of guilt, and if, in the present case, that power had not been denied by the strict precision with which the penalty is defined in the Mutiny Act, His Lordship would have proceeded to take into consideration the Sentence of the Court, pronounced, it is to be supposed, on mature examination of the evidence, and conveying just apportionment of punishment to guilt.---But the power of mitigation thus denied to the Court, is confided to the Commander in Chief; and if the Court are of opinion, that the more rigorous punishment, which the law enjoins to be awarded to the proved transgression without regard to circumstances, would, from any extenuating ingredients in Major Matthews's case, pass the bounds of equitable infliction, it will be for the Commander in Chief to receive and to consider the sentiments of the Court, expressed separately from their revised Sentence.

7.---His Lordship has no doubt that the Court will concur with him, that the latter part of the 8th Charge still awaits their judgment; and that, having found Major Matthews guilty according to the perview of the 3d Article of the 4th Section of the Articles of War, they are bound to pronounce the letter of the law on that Officer, whatever be their sentiments of the adequacy of the punishment they have previously adjudged him.

J. A. GENL.'s OFFICE;
PRESIDENCY OF FORT WILLIAM,
the 30th December 1819.

I have the honor, to be,
Sir,
Your obedient Servant.
(Signed) J. BRYANT,
Judge Advocate General.

In reply to which, the following letter was received from the Deputy Judge Advocate General conducting the Trial.

To

CAPTAIN J. BRYANT.

SIR,

1.---I am directed by the Court Martial assembled for the trial of Major Matthews, to submit to you, for the information of the Most Noble the Commander in Chief, the grounds and reasons upon which they consider that they would have been justified in adhering to their Sentence, in as much as it is, in their judgment, conformable to the spirit and letter of the Mutiny Act.

2.---It appears to the Court, that the penalty inflicted by the word *Dismissal* is the same in all respects with that inflicted by the word *Cashiering*, the two words being perfectly synonymous; and that, therefore, the use of the one or of the other, is altogether arbitrary and indifferent.

3.---In support of this opinion, the Court beg leave respectfully to refer to all Dictionaries and Books on Military Law, wherein the meaning of the two words can be explained or illustrated.---In the 30th Article of the 15th Section the text says, that the offender therein described "shall be *Discharged* from our Service," and the marginal summary on the same article says, that he shall be "Cashiered:" importing, that the successive compilers of the Articles have in all times considered the two expressions to be equivalent. In the case of Captain Isaac Coffin, tried for false Musters, as reported by M'Arthur, the sentence was illegal because Captain Coffin, was "only adjudged to be dismissed *the Ship*;"---"soon after" says M'Arthur, "the "Lords Commissioners of the Admiralty under the administration of Earl Howe, "took into consideration the supposed lenity of this Sentence, and conceiving it was "deficient

"deficient by not inflicting the punishment of *Cashiering* or *Dismissal* from His "Majesty's Naval Service, agreeably to the tenor of the 31st Article of War, under "which the offence had fallen, their Lordships thought proper to add to the punish- "ment adjudged by the said Sentence, and accordingly effaced his name from the "list of Captains, and thereby virtually rendered him incapable of further employ- "ment in His Majesty's Service;" it is evident, that in the opinion of M'Arthur, and apparently in that of the Lords Commissioners of the Admiralty, the Court would have complied with the letter of the law, if they had sentenced Captain Coffin to be *Dismissed* the Service, agreeably to the tenor of the 31st Article of War, in which, however, the word used is *Cashiered;* in the next page, M'Arthur says, "we find "likewise, that in Military Courts Martial, the Articles of War define the express "punishment of *Cashiering* or *Dismissal* from His Majesty's Service for certain offen- "ces, nearly similar to those enumeratad in the Naval Articles, but of greater "variety and extent," among these he proceeds to specify "false Musters," or signing "false Muster Rolls."

4.---It appears to the Court, that disqualification for future employment is not superadded by the mere use of the word *Cashiered*, if future disqualification were included in the term "Cashiered," it would not be expressed in some of the Articles as an additional penalty, and admitted in others; it is omitted in Article 2d of Section 4th, and in Article 29th of Section 16th, but in Article 3d of Section 4th, it is said, that the offender shall be "Cashiered, and suffer such *other* penalty as he is liable to by the Act for punishing Mutiny and Desertion," which other penalty is expressed in 44th Section, viz. that he shall "be displaced from such his office, and "shall be thereby utterly disabled to have or hold any Civil or Military office or em- "ployment within the United Kingdom of Great Britain or Ireland, or in His Ma- "jesty's Service." The same disability is also expressly superadded to the penalty of being Cashiered in some of the Naval Articles, and in others it is omitted. In like manner, Courts Martial have occasionally thought it necessary to declare the disability in addition to their adjudication of Cashiering, and in other instances they have abstained from the mention of it; they declared it in the cases of Lord George Sackville and General Whitelocke, and they did not declare it in the case of Lieutenant Colonel Johnstone of the New South Wales Regiment; the authority of Tytler on this point is very full and strong, he says "Cashiering" is sometimes done *simpliciter*, that is, without carrying in the Sentence any judgment against the offender of incapability to be restored afterwards to his military character, or with the addition of a judgment of the Court declaring the offender unworthy or unfit to serve His Majesty in any military capacity, which is the highest of the subordinate punishments that can be inflicted on a Commissioned Officer.

5.---But though for some offences as for Mutiny or misconduct in the Field, with conviction of which the Law has not inseparably connected disqualification for future employment, it may be proper expressly to assert such disqualification, yet in the case of false Musters, the Court are of opinion that it is unnecessary, because the disqualification attaches as a legal consequence of being convicted of, and Cashiered or Dismissed for, such offence, the offender being "*thereby* utterly disabled to have or hold, &c," according to the tenor of the 44th Section.

6.---At the same time the Court respectfully submit that the disability in question, whether expressly declared, or tacitly induced as a legal consequence, though announced as perpetual, yet being always remissible at the pleasure of the King or other competent authority, cannot be considered to constitute any real aggravation of punishment.

7.---Since the Court cannot resist the force of all these considerations, they do humbly submit that they are unconscious of having deviated from the Statute, or of having encroached on His Lordship's prerogative of mitigating punishments; nevertheless, in deference to His Lordship's judgment, the Court have substituted the word *Cashiered* for *Dismissed*, though, after mature reflection, they have been unable to recognize any difference in the signification and effect of the two words.

I have, &c.

(Signed) G. YOUNG,
Deputy Judge Advocate General.

BHAUGULPORE, 5th January 1820.

On the subject of the foregoing letter, His Excellency the Commander in Chief was pleased to direct the following answer to be returned to the Deputy Judge Advocate General conducting the trial, for the information of the Court.

No. 3.

No. 3.

CAPTAIN YOUNG,
Deputy Judge Advocate General.

SIR,

1.—The Proceedings of the Court Martial on the trial of Major Matthews, containing its revised Sentence, with the letter of the Court dated the 5th Instant, have been laid before The Most Noble The Commander in Chief.

2.—His Lordship has directed me to convey to you his observations on some opinions expressed by the Court, that, in the discharge of your office on future occasions, you may be in possession of His Lordship's sentiments on points of importance in the administration of military law.

3.—It is by no means His Lordship's intention that, by the remarks which follow, you are to consider yourself precluded from the fair and proper exercise of your opinion, formed from your study and research of the sentiments and practice of others; or from the expression of your individual judgment on the letter and spirit of the law and regulations under which your official duties are discharged, but where there is a co-operative power in the infliction of punishment, it is necessary for the common exercise of justice, that the character of the penalty as understood by the authority which is to enforce it, should be clearly known to those who pronounce it, I am therefore to acquaint you, that His Lordship's construction of the words Cashiering and Dismissal are to be regarded by you, as defined in His Lordship's orders in my letter of the 30th Ultimo, and as to be collected from my present communication.

4.—On paragraph the 2d, His Lordship has directed me to express, that he cannot assent to the declaration of the Court, that the use of words perfectly synonymous, is altogether arbitrary and indifferent, when the Sentence to be pronounced is in virtue of a Statute, which has used its own words to declare its own sense.

5.—On the 3d paragraph, noticing the word Cashiering being used in the marginal summary, and the word Discharged in the text, it is only necessary to observe that the text is the sole authority. The gloss of a Copyist, or publisher, cannot qualify an article which emanates from the King, and conveys a precise sense, in strict correspondence with the words used in the Statute, for the apparent purpose of precluding any latitude of interpretation.—This remark makes it almost superfluous to notice, that the Article alluded to (the 30th of the 16th Section), is one framed by His Majesty under the general powers of the Act, and not fashioned in conformity to a special enactment in the Statute.

6.—In the case of Captain Coffin, the illegality consisted in the deviation from the Statutary penalty, the jurisdiction of the Court in this case, as in the case of Major Matthews, originated in the Statute under whose provisions he came. The Court were bound to adhere to the letter, their Sentence was at variance with it. This was the foundation of the opinion of the Judges, though notions merely of its improper lenity may, or may not have influenced the Lords Commissioners of the Admiralty.

7.—The remaining part of the paragraph has no reference to the Mutiny Act which dictates the Sentence on Major Matthews; but it may be observed, that the Court's construction of their quotation to establish that the words "Cashiering or Dismissal" thus used, imply the writer's opinion that they have the same signification, must lead further than the Court contemplate, for among the examples immediately given, by the writer, of "Cashiering or Dismissal" are found to be "Discharged," to be "Displaced," it is obvious therefore, that the four words are thus accepted by the writer as conveying the same penalty. The Court would consequently be betrayed into the error of representing "to Cashier," as a term simply synonymous with "to Discharge or Displace," did it adopt the construction of the person on whose authority it is inclined to repose itself.

8.—In the fourth paragraph, the Court declare their opinion, that disqualification is not involved in the mere use of the word, Cashiered. It is difficult to say how this is to be maintained, when the 44th Section of the Mutiny Act appears not to have enacted a further penalty additional to Cashiering in the case under provision, but declares the effect and consequence of such Cashiering. A lax employment of the word "Cashier" instead of "Dismissal," by any authors, cannot effect an inference so strong as the above consideration presents; even were it to be overlooked, that the 4th and 5th Articles of the 8th Section apply the different penalties of Dismissal and Cashiering to lighter or more serious degrees of the same offence.

9.—In the observations quoted in the concluding part of the paragraph now under review, Cashiering is evidently considered by the writer in its general vague sense of annihilating the bond of the Soldier to the Service; yet the enumeration of the

the several modes by which that separation is effected does not deny, though it does not specify, the character conferred on Cashiering by the Statute.

10---On the 5th paragraph of the Court's letter, I am directed to observe, that it must be every where understood, that Cashiering does not always induce disqualification, for the King has the power to Cashier any Officer in his Service without the same incapacitations being annexed to such an exertion of His Majesty's pleasure, as is attached to the graver military offences contemplated by the Act of Parliament. But this obviously refers to the mere judgment of the King on the fitness of his Servant; and it is the exercise of his prerogative to discharge any Servant from his employ, with, doubtless the right of re-employing him whenever, in the Royal judgment, that unfitness no longer exists. In the case, however, before the Court, Cashiering assumes its character from the Statute which defines it, indeed, the Court now distinctly declare that Cashiering for false Musters has the legal consequence of disqualification; and the passage connected to Cashiering by "thereby," which hitherto has been declared by the Court to carry additional penalty to Cashiering, namely disqualification, is in this instance, accepted by the Court, as merely definitive of the necessary effect of the previously pronounced word.

11.---Yet with this full and distinct expression of the Court, they still support the propriety of their first Sentence of Dismissal, to which no such legal consequence does, by the letter of the Statute, attach.

12.---In the assertion of the Court, that Dismissal for false Musters equally embraces a legal disqualification, His Lordship is induced to accept that the word *moral* was intended to be expressed by the Court, for "thereby disabled" does not follow the word Dismissal, in the Section of the Mutiny Act, or in the sense of any one article of the Articles of War, under which the Court could have contemplated the offence of Major Matthews. It would be a questionable assumption of authority which should pronounce incapacitation as following a Sentence of Dismissal for false Musters; and the intention of the law would be left incomplete.

13.---On the 6th paragraph, His Lordship may not accurately embrace the sense intended to be conveyed by the Court; but if it mean, that supplying the full penalty, because it is remissible, is not an aggravation of the minor punishment first pronounced, and that a moral conviction existed that the full penalty would not be inflicted to the letter, His Lordship dissents entirely from the Court. He accepts the Sentence now pronounced in its revised shape, as a positive aggravation of punishment, and holds any contemplation of equity or mercy dictating its remission, as resting on the sole judgment and act of the Commander in Chief; nor does His Lordship consider any Court whatever permitted to renounce the right which the King and the Public have in the due application of the law to an offender, merely from their own notions of its injustice, or severity, much less could he admit the latitude, if it proceeded from any conception of inutility of the provision grounded on supposed feelings in another quarter according with their own, and dictating that equity or mercy, which the Court, by this act, deny to the only competent expression of it. The law of Treason directs the mutilation of the body, and what Judge would omit in the Sentence he pronounces this express ordination, because he knows it will not be executed.

14.---The Court's letter concludes with the reception of their conviction, that the words Dismissed and Cashiered have no difference in their signification and effect. It will be for His Lordship to consider how he can best reconcile justice to the Public, and to the Prisoner, with this commentary of the Court on their own Sentence.

REVISED SENTENCE---"The Court having in obedience to the orders of The "Most Noble The Commander in Chief, re-considered their Proceedings, "adhere to their finding on all the Charges; and with respect to the eighth "Charge, having found Major Matthews guilty of retaining a part of the "Bazar Chowdry's pay, they acquit him of the latter part of the Charge.

"The Court do now adjudge Major Matthews to be Cashiered, though "they cannot divest themselves of an opinion, that their present adjudi-"cation essentially coincides in all respects with their former one.

Remarks

Remarks and observations by His Excellency The Most Noble The Commander in Chief.

The Commander in Chief has deemed it necessary that the letters relative to the Sentence passed on Major Matthews, should be made public for the information of the Army on a point of much importance in the military administration of justice. A misconception respecting the comparative effect of the terms "Cashiering" and "Dismissal" might entail, on the one hand, a judgment not consonant to the provisions of the Mutiny Act, or on the other, an infliction upon the Prisoner beyond the purpose of the Court. Although these terms may be used as synonymous in common parlance, and even were the distinction between them less clearly marked by the Articles of War than the Commander in Chief apprehends it to be, an established construction in England makes a discrimination in their import, which might bear heavily on an Officer against whom Cashiering was awarded by his Judges without their intending to subject the individual to the extensive disadvantages which it would practically involve.

As to the case of Major Matthews, the Commander in Chief fulfilled a painful duty, when he called on the Court to go beyond their original Sentence, and to pronounce that severe decision which he thought imperatively required by the Law. He feels that he has thereby satisfied the enactment of the Legislature in holding forth the consequences of the delinquency which has been substantiated against Major Matthews; and he can have no disposition to enforce the full penalty. While he is confident there was not a particle of foundation for the plea advanced by Major Matthews, that he acted according to precedent in drawing pay for the complete establishment of the Corps, tho' they were severally short of their numbers, and for making the stoppages enumerated in the charges, His Lordship collects from the proceedings of the trial circumstances which afford a degree of extenuation. It is evident that, on assuming the command of the Hill Rangers, Major Matthews recurred to the Sircar, and to the Serjeant Major for guidance as to his procedures. The Corps was of an anomalous nature, and strictly fashioned according to the Regulations of the Army, being at the same time allotted to the Police of the District under Civil authority; and it may be believed that, as certain allowances assigned for furnishing particular conveniences to Local Corps on the ordinary establishment, were not extended to the Hill Rangers on an equal scale, Major Matthews might be in some extent misled by the persons abovementioned to consider those irregular sources of accumulation admissible towards collecting a Fund for providing more competently, the objects in question. This supposition is strengthened by the fact that the Sircar never disclosed the circumstance, till he found that he and the Serjeant Major were not to participate in the sums so obtained, while, however, the Commander in Chief seeks to bring forward every palliation which the evidence recorded in the Proceedings can afford, His Lordship must still consider the conduct of Major Matthews, as having been decidedly culpable. Tho' it is proved that he did apply to the public purposes of the Corps a portion of the money illicitly collected by him, he converted to his own use a large balance. The retention of this he attempted to justify as a legitimate perquisite, whereas the pointed interdicts which have been repeatedly issued in the Honorable Company's Army, against the receipt of any species of perquisite, (even when not tainted with the infraction of law which attends the one under review), unequivocally condemned and forbad such an appropriation. Moreover, had the whole amount been expended for the convenience of the Corps, the mode of raising the Fund led so obviously to abuse, that it was the indispensible duty of Major Matthews to represent to Government the irregularity of the practice which he was told existed in the Corps, and to solicit, that the deficiency in due provision, for the comfort of the Hill Rangers, might be remedied.

On these grounds, the Commander in Chief remits the penalty of being Cashiered; but His Lordship must hold it unfit that Major Matthews should remain in the active line of the Army, and the expedience of removing that Officer to the Pension List will be submitted to the consideration of Council.

As it appears that Serjeant Major Morley wilfully connived at, if he did not actively encourage, the irregularities, the Commander in Chief is pleased to order his being displaced from his situation in the Hill Rangers.

* The Right Honorable the Governor in Council is pleased to direct, that the operation of that part of the Regulation published in General Orders, dated 30th October 1819, which relates to "General Military Bazars," shall be suspended until further Orders.

G. O. C. C. 15th April 1820.

The Commander-in Chief performs a gratifying duty by expressing his approbation in General Orders, of the distinguished zeal and unremitting attention evinced by Captain G. M. Stewart, Commanding 2d Extra Battalion, Captain Nixon, Commanding 4th Extra Battalion, and Captain Baker, Commanding the 5th Extra Battalion. These Officers have in a few months recruited and disciplined their respective Battalions in so satisfactory a manner, as to call forth the unqualified praise of Officers Commanding Divisions who have inspected and reported to Head Quarters, that the interior economy as well as precision in the Field Movements of those Battalions, is not inferior to old and long established Corps.

Great praise is also due to the exertions of Captain Charlesworth, who Commanded the 1st Extra Battalion, and subsequently to Lieutenant Rickard the Adjutant, who succeeded to the charge on Captain Charlesworth's services being required with his Corps in advance, Lieutenant Rickard's indefatigable zeal was most praiseworthy, and contributed in a great degree to the efficient and highly disciplined state in which the Corps was found on being inspected by the Officer Commanding the Ceded Districts.

Major General Dyce's report of the zeal and well directed ability which Lieutenant Wright the Adjutant of the 2d Extra Battalion employed in discharging his duties, is most creditable to the character of that Officer, and entitles him to the approbation of the Commander in Chief.

G. O. G. 19th April 1820.

The Right Honorable the Governor in Council is pleased to publish in G. O. the following Extract from the Honorable Company's General Letter in the Military Department, dated 12th April 1819.

Para. 138.---"We have lately approved an arrangement which has been adopted "in Bengal, rendering all General Officers, being Colonels of Regiments, eligible "to be Members of the Clothing Board of that Presidency, whenever circumstances "may call them to Calcutta, and we desire that a similar arrangement may be adopted at your Presidency also."

All General Officers of the Honorable Company's Service, being Colonels of Regiments, who may at any time resort to the Presidency, are accordingly to be considered as Members of the Clothing Board, in addition to the permanent Members ex-officio, (the Commandant of Artillery and the Military Auditor General), the Senior Officer present to be President of the Board for the time being.

It having been represented to Government that Corps in movement have been occasionally required to halt an extraordinary time for the receipt of Pay, by which the Public Service is impeded and an unnecessary expenditure incurred by protracted Field Charges, The Right Honorable the Governor in Council is pleased to direct that, in future, when Orders are issued for the movement of Troops, the Officers of the General or Division Staff by whom the instructions may be addressed to Corps or Detachments shall ascertain, and apprize Paymasters of the dates when, and the Stations at which, the Troops on march will probably require an issue of Pay, and Paymasters will be held responsible for the due and timely provision of Funds, and for the most prompt and expeditious discharge of the Abstracts of Troops under those circumstances.

In order further to prevent the inconvenience alluded to, the Governor in Council is pleased to permit Officers Commanding Divisions, Districts, and Stations, to sanction the issue of advances not exceeding one month's Pay, and Garrison Allowances if required, to Troops when ordered to march.

said District, and if no such property shall be found within the said District, then it shall be lawful for the said Magistrate by warrant, also under his hand, to commit such offender to some place of confinement within the said Zillah or District, which in the judgment of the said Magistrate, shall be fit for receiving such offender, or if there shall be no fit place of confinement, then to the Gaol of the Presidency, to remain there for a period not exceeding two months, unless such fine shall be sooner paid, and it shall be lawful for the said Magistrate to award the whole or any portion of such fine to the party aggrieved, by way of satisfaction for such injury: Provided always, that in all cases of conviction of a British subject under the Provision herein before contained, the Magistrate before whom such conviction shall take place shall forthwith transmit copies of such conviction, and of all depositions and other proceedings relative thereto, to the Government to which the place wherein the offence was committed is or shall be subordinate: Provided also that all such fines shall be paid in the first instance to the Magistrate, before whom the party offending shall be convicted, and the amount thereof after making such satisfaction to the party aggrieved, as aforesaid, if any shall be transmitted by such Magistrate to the Clerk of the Crown, or other Officer to whom it belongs, to receive Fines in His Majesty's Court of Oyer and Terminer and Gaol Delivery, for the Province within which the offence shall have been committed, and such fines shall and may be disposed of, in the same manner as other fines imposed by such Court of Oyer and Terminer and Gaol Delivery, provided also, that all such convictions shall and may be removable by writ of Certiorari into the said Courts of Oyer and Terminer and Gaol Delivery respectively, in the same manner, and upon the same terms and conditions, and shall be proceeded upon in the same manner in every respect as is directed in the said Act of the Thirty third year of His Majesty's Reign, with regard to other convictions before Justices of Peace in the British Settlement or Territories in India: Provided also, that nothing herein contained, shall extend or be construed to extend to prevent such Magistrate from committing or holding to bail any British subject charged with any such offence before him in the same manner as such British subjects might have been committed or holden to bail if this Act had not been passed, where the offence charged shall appear to such Magistrate to be of so aggravated a nature, as to be a fit subject for Prosecution in any of His Majesty's Courts to which such British subject may be amenable.

CVI. And be it further enacted, that in all cases of debt not exceeding the sum of Fifty Rupees, alleged to be due from any British subjects to any Native of India, Resident in the East Indies, or parts aforesaid, and without the Jurisdiction of the several Courts of Request established at Calcutta, Madras and Bombay respectively, it shall and may be lawful for the Magistrate of the Zillah or District where such British subject shall be resident, or in which such debt shall have been contracted, to take cognizance of all such debts, and to examine witnesses upon oath, and in a summary way to decide between the parties, which decision shall be final and conclusive to all intents and purposes, and in all cases where any such debt shall be found to be due from any British subject to any such Native of India, the amount thereof shall and may be levied in the same manner, and subject to the same Regulations and Provisions, in respect to the commitment of the debtor, as are herein before made and provided, in respect to the levying fines in case of the conviction of a British subject before such Magistrate.

CVII. And be it further enacted, that all British subjects of His Majesty, as well the Servants of the said United Company as others who shall reside, or shall carry on trade or other business, or shall be in the occupation or possession of any immoveable property in any part of the British Territories in India at the distance of more than ten miles from the several Presidencies of Fort William, Fort St. George, and Bombay respectively, shall be subject to the Jurisdiction of all Courts, which now have, or hereafter may have cognizance of Civil suits or matters of Revenue, either originally or by way of appeal, within the Districts or places where such British subjects shall so reside or carry on trade or business, or possess or occupy immoveable Property, in all actions and proceedings of a Civil nature, and in all matters of Revenue (except as herein after excepted) in the like manner as Natives of India and other persons not British subjects, are now liable to the Jurisdiction of such Courts by and under the Regulations of the several Governments of Fort William, Fort St. George, and Bombay respectively: Provided always, that no British Subject shall be liable to be sued in any such Court in respect of residence, unless he shall have his residence within the Jurisdiction thereof, at the time

time of commencing the action or proceeding against him ; or that the cause of suit shall have arisen within the Jurisdiction of the said Court, and the suit shall be commenced within two years after the cause thereof shall have arisen, and also within six months after the defendant shall have ceased to reside within such Jurisdiction ; nor shall any British subject be liable to be sued in any such Court in respect of his carrying on trade or business within the Jurisdiction thereof, unless the cause of suit shall have arisen within such Jurisdiction, and shall relate to the trade or business so carried on, nor to be sued in respect of any immoveable property possessed or occupied by him unless such property shall be situated within the Jurisdiction of the Court in which he shall be so sued, and such suit shall be brought to recover the possession or occupation of such property, or for rent, or other demand arising out of the possession or occupation of such property, by such British subject, provided also, that where by the Laws or Regulations in force, or hereafter to be in force within the Provinces respectively, subject to the Governments of Fort William, Fort St. George and Bombay aforesaid, it would be competent to a party to any final judgment or decree of any subordinate, Civil, or Revenue Court of Judicature to appeal therefrom to the Sudder Dewanny Adawlut or other Court however denominated, exercising within those Provinces respectively, the highest appellate Jurisdiction in Civil suits, it shall be competent to British subjects of His Majesty, in suits commenced against them under the Provisions of this Act, instead of appealing to the said Sudder Dewanny Adawlut or other Court, so exercising the highest apellate Jurisdiction as aforesaid, to appeal to the Supreme Court of Judicature at Fort William or Fort St. George, or the Recorder's Court at Bombay, according as the suit may have been commenced in the Provinces subordinate to either of the said Presidencies, and such Court shall have the same powers as to suspending or allowing execution of the judgment or decree appealed against, and as to taking security for Costs, or for the performance of the decree or judgment of the said subordinate Courts as the said Sudder Dewanny Adawlut or other such Court as aforesaid, would have had, and shall also make rules of practice for the conduct of the said appeals in all other respects conforming in substance and effect as nearly as possible to the course of procedure of the said Sudder Dewanny Adawlut, or other such Courts as aforesaid, in cases of appeal : Provided also, that nothing herein contained shall extend or be construed to extend to take away the Jurisdiction of the said Supreme Courts of Judicature at Fort William, and Madras, or the said Recorder's Court at Bombay respectively, but that all persons having cause of action against any British subject, may at their election instead of suing in such Provincial Courts as herein before provided, commence and prosecute their said suits in the said Supreme Courts of Judicature and the said Recorder's Court respectively, in the same manner as before the passing of this Act : Provided also, that nothing herein contained shall extend or be construed to extend to authorize the holding or occupying of any Land or other immoveable Property, beyond the limits of the said several Presidencies, by any British subject of His Majesty, otherwise than under and according to the permission of the Governments of the said Presidencies.

CXIII. And whereas it is expedient that the Sudder Dewanny Adawlut and Nizamut Adawlut or other provincial Courts however denominated, exercising the highest Jurisdiction within the provinces respectively subject to the Governments of Fort William, Fort St. George, and Bombay, should have power and authority to execute process of arrest either Civil or Criminal, within the Towns of Calcutta and Madras, and the Town and Island of Bombay, notwithstanding the Jurisdiction of His Majesty's Courts established at those places respectively ; be it therefore enacted, that it shall and may be lawful for the said Court of Sudder Dewanny and Nizamut Adawlut, or other Provincial Courts aforesaid, to execute or cause to be executed, upon all persons subject to the Jurisdiction of such Courts respectively, all manner of lawful process of Arrest within the respective limits of the Towns of Calcutta and Madras, and of the Town and Island of Bombay, in the same manner as the said Courts respectively may by virtue of any power now vested, or hereafter to be vested in them lawfully execute or cause to be executed, such process in any place situate without the said limits, any Act, Charter, or other matter or thing whatsoever to the contrary, notwithstanding : Provided always, that all such process which shall be executed within the limits aforesaid, shall be in writing, and shall have underwritten or indorsed thereon, or otherwise annexed thereto a translation thereof or of the substance thereof in the English Language and character, signed by one of the Judges of the Court, from whence the same shall issue.

Para. 1. The Honorable the Governor in Council is pleased to extend the Regulation under which compensation is granted for loss of Chargers, to the cases of Cavalry Officers losing their Horses by the Farcy or Glanders;—the following Rules are accordingly to be observed in regard to Claims arising out of this Regulation.

2. Upon the first appearance of disorder in a Cavalry Officer's Charger, when serving with his Regiment, the circumstance is to be reported to his immediate Commanding Officer, who is without delay to submit the case to the Officer Commanding the Station or Detachment, who will immediately order a Committee to assemble for its investigation; composed of such Officers, as in his opinion are best qualified to judge of the nature of the disorders of Horses; and if practicable, not belonging to the Regiments or Detachments to which the claimants are attached.

3. If upon examination, it shall appear to the satisfaction of the Committee that such Horse is infected with the farcy or glanders, it will be their duty on the face of their proceedings, to recommend that such Horse may immediately be shot, with a view to prevent contagion; and should the Commanding Officer concur in the opinion of the Committee, he will by his countersignature confirm the Proceedings, and order the Horse to be immediately shot in the presence of a Commissioned Officer; which will entitle the party to the established rate of compensation for such loss.

Having taken into our consideration the Regulations which at present obtain, with regard to the allowance of Passage Money to Officers, in His Majesty's Service, proceeding to or returning from India at the Company's charge; we have resolved that those Regulations shall be abolished, and that the Regulations, a copy of which is forwarded a number in the packet, be established in their stead.

An Act for the continuation of all and every Person or Persons in any and every Office, Place, or Employment, Civil or Military, within the United Kingdom of *Great Britain* and *Ireland*, Dominion of *Wales*, Town of *Berwick-upon-Tweed*, *Isle of Jersey*, *Guernsey*, *Alderney*, *Sark* and *Man*, and also in all and every of His Majesty's Foreign Possessions, Colonies, or Plantations, which he or she shall hold, possess or exercise during the pleasure of the Crown, at the time of the Death or Demise of His present Majesty, until removed or discharged therefrom by the succeeding King or Queen of this Realm.

(27th June 1817.)

Persons holding Offices under the Crown during pleasure may, at the Demise of His Majesty continue to hold the same during the pleasure of the King or Queen who shall succeed.

Whereas, it is expedient to provide by Law, as hereinafter is enacted, be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that all and every Person and Persons who upon the day of the Demise of His present Majesty (whom God long preserve) shall hold any Office, Civil or Military, under the Crown during pleasure, shall under and by virtue of this Act, and without any new or other Patent, Commission, Warrant, or Authority, continue and be entitled in all respects, notwithstanding the Demise of His Majesty, to hold and enjoy the same, but nevertheless the same shall be held or enjoyed only during the pleasure of the King or Queen who shall succeed to the Crown upon the Demise of His present Majesty, and the right and title to hold and enjoy the same under the Authority of this Act shall be determinable in such and the like manner by the King or Queen who upon the Demise of His present Majesty shall succeed to the Crown, as the right or title to any Office, place or employment, granted by such succeeding King or Queen during pleasure, would by Law be determinable: Provided always that nothing in this Act contained shall extend or be construed to extend, to deprive the Heirs and Successors of His Majesty, Kings or Queens of this Realm, of the power of removing and discharging any Person or Persons from his, her, or their respective Offices, Places, and Employments, in such manner as by Law they might have done if this act or any thing therein contained, had never been passed.

G. O. G. 7th July 1820.

The Honorable the Governor in Council is pleased to direct with reference to the G. O. dated 7th May 1811, that when Native Officers of Cavalry who may obtain leave of absence with permission to take their Horses with them shall arrive at the Station where they may intend to reside during the period of their leave, they shall be permitted to obtain the regulated quantity of Gram for the daily feed of their Horses from the Commissariat, at such Stations only where there may be Gram in Store, and it will be the duty of the proper Staff Officer of the Station, to pass his receipts to the Commissariat, making the necessary communication to the Head Quarters of Corps, as directed by G. O. of the 20th October 1812.

The provision of this regulation is not intended to prevent Native Officers of Cavalry from purchasing Gram during their march from and to the Head Quarters of Corps, or at such Stations where there may not be any branch of the Commissariat.

G. O. G. 11th July 1820.

The Honorable the Governor in Council deems it expedient to notify, that the Honorable the Court of Directors have prohibited any advances on account of Military Pay and Allowances being made at Canton; and the Accountant General and Military Paymaster at the Presidency, in granting Certificates of last Pay to Officers who may hereafter proceed on furlough, or sick certificate, to China, will accordingly apprize them of this Regulation, in order to prevent the inconvenience to which such Officers might, otherwise, be exposed in regard to their pecuniary resources.

G. O. C. C. 11th July 1820.

☞ The Commander in Chief in consideration of the expense which it would entail on the Officers of Cavalry, has determined to dispense with their providing themselves with the *Full Dress* Chako, which was established in General Orders of the 1st of June last, to be worn on certain occasions, and only requires that they shall provide themselves with the plain Black Undress Chako as a substitute for the Foraging Cap —the Helmet being continued to be worn as has hitherto been the custom.

That part of the *Dress Uniform* established for the Corps of Engineers, viz. Jacket and Chacko is only to be worn by Officers attached to the Sappers and Miners, the other Officers of the Engineer Corps will wear the plain Coat, Cocked Hat, with Regulation Feather and laced looped as their *Dress Uniform*, with the other particulars of Dress described under that head in page 5995, in the General Orders of 1st June.*

G. O. G. 18th July 1820.

The Honorable the Governor in Council has been pleased to establish the following Regulations, in the Military Pay Department.

The fixed Paymasterships are divided into two classes, with the exception of those of the Presidency and Poonamallee, which are to remain as at present—a salary of Rupees 600 per month, is attached to the 1st Class, and Rupees 400 per month to the 2d Class.

The Head Quarter Paymasterships of Divisions of the Army and of the Subsidiary Forces of Hyderabad, Nagpore, and Travancore—also the Paymastership of the advanced Division of the Hyderabad Subsidiary Force, at Jaulnah, are established in the 1st Class, and the Paymasterships of Malabar and Kanara, and Vizagapatam, in the second.

Field Paymasterships will be regulated according to circumstances.

2. Inconvenience having arisen, in regard to the responsibility of Military Paymasters, for the acts of their Deputies, it has been determined to discontinue the appointment of Deputy Paymaster, in future.

3. This Regulation is not to affect the established personal allowances of any Military Paymaster at present in office.

G. O. G. 18th July 1820.

* To obviate, as far as practicable, the extreme inconvenience to which Cadets are liable, on their first arrival in India, the Honorable the Governor in Council is pleased to resolve, that an Officer shall be appointed under the immediate orders of the Town Major, with a monthly salary of two hundred Rupees, to receive charge of all Cadets arriving at the Presidency, and retain command of them, until they proceed, under orders from His Excellency the Commander in Chief, to join a Regiment.

It will be the special duty of this Officer to supply Cadets with Servants, to see that they are settled in quarters, and generally to protect them from the extortion and impositions of Native Agents.

On the arrival of a vessel from England, this Officer will be immediately apprized of it, and of the number of Cadets on board, if any, in order that suitable arrangements may be made for their reception.

A sett of Mess and Table Furniture, sufficient for 20 Cadets, will in the first instance, be procured by the Officer in charge, and paid for by Government, the stock being subsequently kept up, as hereafter directed, at the expense of Gentlemen deriving the benefit of the Mess.

An estimate of the probable expense of such permanent Mess Servants as may be absolutely required to be constantly retained in pay, will be submitted through the Town Major, by the Officer in charge, for the consideration and sanction of Government.

The Officer in charge shall consider it his duty to dine daily with the Cadets, and Breakfast with them, at least twice a week, for the purpose of keeping up that perfect regularity so essential to Mess Institutions, and in order to enable him to assist the Gentlemen Cadets in procuring Servants and such articles as may be necessary for their immediate comfort, the Presidency Paymaster is hereby authorized to advance Two Hundred Rupees on account of each Cadet, on the receipt of the Officer in charge, accompanied by a Certificate of arrival from the Town Major—this advance to be separately accounted for to each Individual, and any balance remaining, to be finally made over on his quitting the Mess, the total advance being ultimately deducted in Monthly Instalments of 50 Rupees, by the Paymaster of the Division, within whose circle the Corps to which Cadets are attached may be respectively situated.†

† *No stoppage to be made until the Officer has been six months with the Corps to which he may be permanently attached, vide G. O. 10th December* 1822, *page* 180.

The Mess accounts and all details connected therewith, will be finally closed on each Party proceeding to join their Corps, and in addition to the actual expense incurred for Messing, a deduction not exceeding 10 Rupees shall be made from each Cadet, on his leaving the Mess, to form a fund to meet such expenses as may occur from breakage, losses, &c.

A set of Quarters and out-offices will be allotted for the permanent accommodation of the Cadets' Mess.

The above arrangements being made with the sole view of assisting Cadets on their first arrival in India, it will be entirely optional with them to avail themselves of it, and it is hereby intimated, that those who may have friends in Madras, are not required to join the Mess.

G. O. G. 28TH JULY 1820.

The provisions of the Code of Pay Regulations, Page 4, Paragraphs 10 and 11, regarding Pay Havildar and Stationery Allowance, on account of Details of Gun Lascars, are to be considered in future as applicable generally to details from all Native Corps, including the Veteran Battalions—the charges to be regulated according to the established strength of Troops and Companies of Effective Corps.

* Allowances of Rupees 15 and 10 monthly, are authorized from the 1st of the ensuing month for the provision of Stationary at inferior Stations, in lieu of the sums of Pagodas 2½ and 30 Fanams, granted by the General Order of the 20th July 1816, paragraphs 3 and 4.

G. O. C. C. 30TH AUGUST 1820.

His Excellency the Commander in Chief has directed the following General Order issued from the Horse Guards to be entered in the Standing Orders of the Army serving under this Presidency, and to enjoin Officers in Command to cause the same to be strictly obeyed.

'HORSE GUARDS,
'*18th January* 1810.

'GENERAL ORDER.

'The Commander in Chief has directed the following Order issued by the General 'Officer Commanding His Majesty's Forces in North America, to be inserted in the 'General Orders of the Army.'

"GENERAL ORDER. "QUEBEC, *4th October* 1809.

"The Commander of the Forces has lately had occasion to see in a Halifax "Newspaper a Copy of an Address presented by the Serjeants of the 1st Battalion Royal Fuzileers, to Captain Orr, on that Officer relinquishing the Adjutancy in consequence of being promoted to a Company.---So novel a circumstance "could not fail to draw the attention of His Excellency, it being the first of the kind "that has come to his knowledge during the forty-six years that he has been in the "Service, and as the first instance has thus (so far as he is aware at least,) occurred "on the part of the Army, with the charge of which the King has been pleased to "entrust him, he feels himself called on by every obligation of duty to His Majesty "and the Service, to bear his testimony against it by a public expression of disapprobation.

"His Excellency does not mean in this instance to ascribe any improper motive to "the Serjeants—He has no doubt that their sole view was to express their regard "and gratitude towards an Officer, who, in the intimate connexion that had officially subsisted between them, had very commendably conducted himself with kind-

"ness

---

* *Vide Vol.* 3, *page* 206.

" ness to them without departing from that strictness of discipline which was indis-
" pensible to the discharge of his duty.

" But while His Excellency thus does justice to the intention of the Serjeants of
" the Royal Fuzileers, he desires at the same time very seriously to observe to them,
" that in presuming to meet, in order to deliberate on the conduct of their superior
" Officer, they have in fact, however unintentionally, been guilty of an act of great
" insubordination.

" It matters not that the design of the Meeting, or in whatever manner the address
" was unanimously assented to, was solely to express their respect and esteem, the
" very circumstance implies discussion, and by that discussion they rendered them-
" selves obnoxious to the imputation alluded to—Who indeed, shall say where such
" a practice, if once introduced, shall end ; if the Non-Commissioned Officers of a
" Regiment are permitted to express their approbation of the conduct of the Adju-
" tant, why may they not exercise the same right with respect to their Commanding
" Officer ; or what reason can be given why they should not be equally entitled to
" express their disapprobation ? Indeed should the practice become general, the
" merely withholding the former would imply the latter.

" General Sir James Craig is the more desirous that his sentiments on this subject
" should be distinctly understood in the Fuzileers ; because it appears on the face of
" the address of the Serjeants in question, that it has been countenanced by the
" Officer who then commanded the Regiment. The Commander of the Forces does
" no more than justice to the character and services of that Officer when he admits,
" that feeling as he does the dangerous tendency of the practice which he is censur-
" ing, he also feels himself the more bound to oppose it, in the first instance, from the
" strength which it might otherwise derive from the sanction which he appears to
" have given to it.---Lieutenant Colonel Packenham will however believe---that
" though it was impossible the General should avoid the observation upon his error,
" yet his doing so can by no means detract from the esteem with which he has been
" taught to view his character as an Officer, or the confidence which he should be
" disposed to place in his service."

" (Signed) EDWARD BAYNES,
" Adjutant General to the British Army
Serving in North America."

' The reason for which the Commander in Chief has directed the circulation of this
' Order, is that he may avail himself of this opportunity of declaring to the Army his
' most perfect concurrence in the sentiments therein expressed by the distinguished
' and experienced Officer by whom it was framed, on a subject which appears to
' have been by some very much misunderstood.---The circumstance of inferiors of any
' class of military men assembling for the purpose of bestowing praise and public
' marks of approbation on their superiors, implies a power of deliberation on their
' conduct which belongs to the King alone, or to those Officers to whom His Ma-
' jesty may be pleased to entrust the command and discipline of his Troops.

' It is a procedure equally objectionable whether in the higher or lower ranks of
' the Army, and as the Commander in Chief cannot but regard it as in principle sub-
' versive of all military discipline, he trusts it is a practice which will be for ever ba-
' nished from the British Service, as deserving of the highest censure, and he directs
' Officers in Command, to act accordingly.'

In notifying the appointment of a successor to Major Smithwaite in Command of the 2d Battalion of Pioneers, the Commander in Chief cannot forego the occasion of recording the high sense he entertains of that Officer's services both in peace and war, during the long period he has been at the head of a Corps incessantly employed.

G. O. C. C. I.

*Remarks by His Excellency The Most Noble The Commander in Chief.**

The Commander in Chief confirms the above sentence, as it is an acquittal: But his Lordship feels himself under the necessity of remarking a grave error in a particular decision of the Court. The Prisoner having rested his defence on his being insane when he committed the indecency for which he was brought to trial, the Officiating Judge Advocate desired leave to rebut that plea by bringing witnesses to prove that such insanity did not arise from accidental illness, but was the consequence of the Prisoner's indulgence in strong Liquors, a consequence asserted to have been repeatedly experienced by the Prisoner without its restraining him in his unhappy propensity. The Court in over-ruling the proposal of the Officiating Judge Advocate, who had not felt himself at liberty to anticipate such a defence, evidently overlooked the legal difference of influence on the case between a derangement ascribable to constitutional malady and one which (had the Officiating Judge Advocate substantiated his point), was to be considered as wilfully and culpably incurred by the Prisoner.

G. O. C. C. I.

The Court having found the Prisoner† guilty of the first Charge, purporting that he had challenged his superior Officer to fight, and having found the Prisoner partially guilty of the third Charge, have adjudged the said Serjeant Major Robert Gibson to be reprimanded in such manner as the Commander in Chief shall think fit. In the first place, a reprimand from the head of the Army to a Non-Commissioned Officer is not suited to the situation of the latter. The efficacy of such a reproof to a Commissioned Officer depends on his feelings, that as it is rarely resorted to, and thence implies serious misbehaviour in him to whom it is addressed, it will materially affect him in the estimation of the Society in which he moves, the application, therefore, of a reprimand to a Non-Commissioned Officer is not only objectionable from rendering it common, but is idle with regard to an individual whom it will little disparage in his humbler

† *Remarks on the trial of Serjeant Major Gibson, 4th Bengal Light Cavalry.*

humbler circle of acquaintance. There is however more than simple unsuitableness in the sentence. It is inconsistent with the Articles of War—in declaring the Prisoner guilty of the Charge, the Court must have founded his criminality on the breach of the 2d Article of the 6th Section of the Articles of War for the Honorable Company's Forces. The penalty awarded by that Article against any Non-Commissioned Officer or Soldier who shall challenge a superior is corporal punishment. The Court probably regarded the language of the Prisoner as coming only by a considerably forced construction within the meaning of the Charge; in which view the Commander in Chief concurs; but when the Court pronounced the Prisoner guilty, the nature of the punishment did not rest with them, the amount alone was left to their discretion.

On the second Charge the Court have very properly acquitted the Prisoner, by the wording, it was evidently meant to be understood, that the offensive expressions had been used directly to the prosecutor; it must have been under this impression that the Officer Commanding the Regiment was induced to usher such a Charge, which observation is made by the Commander in Chief in order that it may be remarked how much inconvenience to the Service, by assembling a General Court Martial at a distant Station, would have been avoided, had a previous investigation taken place in the Regiment. The true state of the case would have been immediately apparent, and matter so comparatively frivolous, as that which was the foundation of this trial would have been far better dealt with by reprehension from the Officer at the head of the Corps. From the evidence on the proceedings it appears, that if there was intemperance in the conduct of the Prisoner, there was much wish to provoke it on the part of the Prosecutor. It is incumbent on the Commanding Officer of the Regiment to warn both parties, that any future indication of such dispositions in either will be severely noticed. Serjeant Major Robert Gibson may be released, and return to his duty.

After the Officer Commanding the Detachment shall have placed the remittance of which he has charge in one of the Treasury Godowns, he will receive one key of that Godown (each Godown having two locks on it), and the other will be kept by the Sub-Treasurer, the Officer having a Guard over the Door as usual for his own satisfaction.

2. The attendance of the Officer (allowing one day for resting his Detachment) will be required, Sundays and Holidays excepted, from 10 in the morning until 3 in the afternoon, accompanied by the Collector's Shroff, without whose presence the remittance cannot be delivered by him, and such part of his Detachment as may be necessary to aid in the delivery of the several coins of which the remittance is composed.

3. It will be requisite that he should deliver out daily as much of the Treasure under his charge as may be required for Shroffage, that is, as much as can be Shroffed by 2 or 3 Shroffs, according to circumstances.

4. In all cases of non-attendance, the Officer will report the cause to the Quarter Master General of the Army, in order that such measures may be adopted by His Excellency The Commander in Chief, as may appear to him to be requisite.

During an active and distinguished military career of twenty-two years, ten of which Lieutenant Colonel V. Blacker, C. B. has filled the important station of Quarter Master General of the Army, every record will be found to speak in terms of praise, the ability with which this distinguished Officer has conducted the duties from time to time devolving on him, but His Excellency the Commander in Chief, can speak from personal knowledge both in peace and war of the devoted zeal and gallantry which his experience, science and general professional talents have been directed in the furtherance of the public service.—His Excellency Sir Thomas Hislop feels greatly indebted to Lieutenant Colonel Blacker for the assistance and support he has on

on all occasions received from him, and laments that he is now to be deprived of him, but the Lieutenant General cannot refrain in taking leave of an Officer so justly entitled to his best public and private feelings, to offer him the expression of his anxious hope, that the sacrifice he makes of returning to Europe at the present moment, will restore him to health, and at no distant period, enable Lieutenant Colonel Blacker to rejoin that gallant Army to which he belongs, and in which he has served with so much distinction and advantage to the public service.

G. O. G. 30TH JANUARY 1821.

The Honorable the Governor in Council is pleased to direct, that the Corps of Madras Native Militia, be reduced from the 28th of February.

His Excellency the Commander in Chief, is requested to take the proper steps for carrying the above measure into effect, so far as regards the transfer of the Native Commissioned, and Non-Commissioned Officers and Privates, received from other Corps.

G. O. G. 20TH FEBRUARY 1821.

The Honorable the Governor in Council is pleased to direct the Depot Brigade of Horse Artillery at St. Thomas's Mount to be discontinued from the 1st of the ensuing month; and all arrangements and expenses connected with the Institution, will accordingly cease from that date.

His Excellency the Commander in Chief is requested to issue such subsidiary instructions, as may be necessary for carrying the above order into effect.

G. O. G. 16TH FEBRUARY 1821.

The Honorable the Governor in Council having directed the publication in General Orders of the annexed Extract from the Minutes of Consultation in the Military Department, dated 29th December last, His Excellency the Commander in Chief deems it important to the interests of the Army, to desire, that the order be read by Commanding Officers respectively to the Officers of their Corps—It is at all times painful to the Commander in Chief to address the Officers of the Army under his command in terms of censure, but it is a necessary feature in the subordination of an Army, that all ranks should patiently endure the viscissitudes of a Soldier's life, and the example of the Officers is so necessary in the practice of this virtue, that Commanding Officers must be sensible how weighty a responsibility they undertake if they suffer themselves, under any circumstances, to depart from a temperate and just practice of the obligations which every Soldier owes to the preservation of property, the protection of the country, and the safety of its inhabitants from oppression or ill-usage of any sort.

It is the duty of every Officer to be provided with Carriage of every description that he may require, and the failure of his resources is no argument why he should deprive the Inhabitants of the country of their's, or subject them even to a temporary inconvenience, by forcing them, or their Cattle into his service even for a remuneration which may be very inadequate to the inconvenience that such oppression produces.

It is also the duty of every Commanding Officer to provide for the contingencies, and difficulties of a march, and the experience of every Officer who attains command, ought to suggest the means.

The establishment of Regimental Bazars was made with this view, and the intelligence and information of Commanding Officers should suggest to them when it is necessary to have recourse to expedients to remedy the inconveniences which must frequently

frequently arise from Villages not being prepared with supplies, or inability to provide them—Enquiry should prepare a Commanding Officer for such occurrences, and under those circumstances the obvious remedy is to warn the Soldiers and followers of the necessity to provide, and carry supplies to meet their wants on such occasions.

The application of military force to destrain from the Inhabitants supplies is as unwarrantable, as inflicting punishment on any public functionaries, whatever their station or conduct may have been—representation is always open, and is the only legitimate means by which an Officer or Soldier has a right to expect redress in any case where the servants of the Civil authorities may be guilty of neglect, or impropriety of conduct of any description; and the Commander in Chief trusts, that the censure passed on Major Kelly's conduct on these subjects will have due weight in restraining Officers in future from incurring the responsibility which must attach to any Officer who may be guilty of such oppression on any future occasion.

Extract fram the Minutes of the Honorable the Governor in Council, 29th December 1820.

"Resolved to acquaint the Commander in Chief, that the answers which Captain "Ogilvie* and Major Kelly were required by His Excellency to make to the charges "preferred against them by the Collector of Bellary, of ill-treating the inhabitants "of his District, have been attentively examined; and that after making full allow- "ance for the probable exaggerations of the sufferers, the Board find but little in "them to vindicate the conduct of those Officers.

"It does not appear that the Inhabitants suffered any personal injury from Captain "Ogilvie, but they suffered in their property by their Cattle being taken from them "and carried to Hyderabad—Captain Ogilvie's own statement that the Bullocks "and Buffaloes were brought on, because the owners did not appear, is a plain "enough indication of their having been taken by force; Buffaloes are certainly no "part of the equipment of a Corps, nor has Captain Ogilvie explained how they came "to be so in his—It was his duty to have had a proper supply of Carriage when he "marched; and, if it had been lessened by causualties, to have replaced the deficiency "by voluntary purchase and paying on the spot—The forcible carrying away of Cat- "tle without payment, however it may be softened under the name of hire, can be "regarded in no other light than that of marauding."

"But the conduct of Major Kelly, The Governor in Council observes, is much "more reprehensible than that of Captain Ogilvie—for the outrages committed by "him were upon the persons of the Inhabitants for not furnishing supplies which they "had received no instructions to provide—He had received no communications from "the Collector, and he had no cause to believe that supplies would have been ready "for him at every stage on his route. It was his duty to have had one or two days "supply of grain with him in order to have guarded against any accidental failure— "He had been authorized by the G. O. to establish a Regimental Bazar, and if he had "not made so much progress in it as to have been able to carry two days subsistence, "he ought to have directed the sepoys to provide it themselves—He seems after his "twenty-two years service to have acquired no knowledge of the most common "means of obviating the occurrence of distress, and to have thought that his own "want of precaution might always be remedied by beating the inhabitants—He "ought to have known that many small villages can furnish no supplies, and that "when supplies are furnished by the Collector, they are generally drawn from seve- "ral villages at some miles distance—His beating the Potails, and his ordering the "Zillahdar to be rattaned, to be marched as a prisoner for two days, and to be dis- "mounted from the Tattoo which had been lent to him, are such wanton acts of "oppression as to call for the severest censure."

"Ordered that Copy of the foregoing resolutions be transmitted to The Comman- "der in Chief from the Military Department, and that His Excellency be requested, "in conformity with the view therein taken of the cases under consideration as ex- "plained in the papers which accompanied the Adjutant General's letter of the 18th "Instant, recorded above,—to notify in G. O. to the Officers concerned, the sense "which is entertained of their conduct on the occasions in question."

Letter dated 13th September 1820.

23d. We have received an application from Surgeon William Haines of your Establishment, representing that on his passage to India in 1805, he served with the Troops employed at the reduction of the Cape, and that his arrival at Madras was in consequence delayed considerably beyond the usual period of an outward bound voyage; requesting therefore, that the commencement of his service shall be reckoned from the date at which he should probably have arrived, had he not been detained on Service, instead of the date at which he actually arrived.

24th. Referring to the decision passed by us in favour of the Officers on the Bengal Establishment, who were detained on the same occasion, we have resolved that the same indulgence shall be granted to those Officers and Surgeons of the Establishment of your Presidency, who were employed at the reduction of the Cape when proceeding as Cadets and Assistant Surgeons; and we accordingly authorize you to calculate the commencement of their service from the 23d of November 1805 being the date of the order, appointing the Cadets to serve with the Detachment of Recruits.

Questions having been raised respecting the right of Individuals to the Articles of Clothing, which are occasionally furnished at the expense of Government; the Honorable the Governor in Council deems it expedient to signify, that such articles are suplied solely on account of the public Service, and not for the personal benefit of the Individuals for whose use, *with their Corps*, the articles may be issued—It is therefore to be understood, that no individual has any right to the Clothing appointments supplied by Government, or to compensation in lieu thereof, with exception of the Bounty Clothing allowed by Government to European Recruits, for the broken period of the year in which they may enter the Service—which Bounty Clothing is considered to be the property of the Individuals.

The Honorable the Governor in Council is pleased to resolve, that in addition to the authority granted by the 12th Para. of the Code of Regulations for the conduct of Buildings and Repairs, Officers in Command of Divisions and Stations, shall be empowered, when occasion may require, to order the cleansing and white-washing of the Barracks, places of Arms and Hospitals, occupied by the European and Native Troops, or other trivial works of an emergent nature required for their comfort, cleanliness and health, and to pass Indents for the materials that may be required for the purpose.

The Governor in Council is further pleased to resolve, that the Military Board and Officers Commanding, shall be authorized to sanction advances of Cash to Superintending Engineers on account of workmen for repairs to Public Buildings, which require to be executed on emergency, as provided for, in the 10th, 11th and 12th Paras. of the Code of Regulations abovementioned, and in the present Order.

Such advances will be issued by Paymasters, on the requisition of the Military Board, by their Secretary, and of Officers Commanding respectively, and they will be adjusted in the usual manner, when the bills of the Engineers shall have received the sanction of Government.

Commanding Officers will report to the Military Board the amount of advances authorized by them, on each occasion, and they will forward the Engineer's estimate for the works which they may order, together with the statement of workmen, and duplicate Indents for materials, as prescribed in the 11th para. of the Code of Regulations.

G. O. G. 10th April 1821.

In obedience to instructions from the Honorable the Court of Directors, the Honorable the Governor in Council notifies in General Orders, that Widows of Officers admitted to the benefit of Lord Clive's Fund by the Government of Fort St. George, will not be received on the Fund in England, unless they produce a Certificate from the Pay Department, specifying the date of admission, and the period to which the Pension has been paid in India.

G. O. G. 10th April 1821.

In order fully to inform the Officers upon this Establishment of the existing Regulations, with respect to Furlough to Europe as well as to check the practice which, to a certain extent, has lately prevailed, of Military Officers postponing their return to their duty for a period longer than is compatible with the good of the Service; the following Extract from a letter from the Honorable the Court of Directors, under date the 13th of September 1820, is published to the Army.

"Officers coming to England on Furlough are required, as soon as they arrive, to report their arrival and address, by letter, to our Secretary, forwarding at the same time the certificates which they received in India.

"In all cases of Furlough, whether it be granted for private affairs, or on sick certificate, Officers are required to join the Establishment to which they belong, at the expiration of three years from the commencement of their Furlough, unless they shall have obtained an extension of leave from us, six months before the expiration of the said term of three years.

"Extension of Furlough will not, in future, be granted except in cases of sickness, certified in the manner prescribed, in our dispatch of the 3d January 1817, or in cases in which it shall be proved to us, that a further residence in Europe is indispensibly necessary."

Published in General Orders by Government 8th July 1817, vide page 275 Vol. 3.

"When, under any such circumstances, an Officer shall have obtained an extension of Furlough to a given period, he must at the expiration thereof, apply for,

for, and obtain permission, either to return to his duty, or to reside a further term in Europe.

"The Act of the 33d Geo. 3, Cap. 52, Sec. 70, as it respects Military Officers, applies only to cases of sickness, infirmity or inevitable accident, and no Officer will be hereafter considered eligible to return to the Service after five years absence, under that enactment, who has failed to obtain from us agreeable to the foregoing Regulations an extension of Furlough under the circumstances referred to in the Act.

"The plea of ignorance of the Regulations will not hereafter be admitted as any justification of the breach of them, but Officers who shall come home on Furlough, and who shall not, in due time, apply so as to effect their return to the Presidency to which they belong, within the period of three years from the commencement of their Furlough, will subject themselves to the loss of the Service, unless they shall be permitted by us to remain a further time in this Country."

G. O. G. 13th April 1821.

The Honorable the Governor in Council having taken into consideration the inconvenience and distress to which Dischaaged and Time-expired Soldiers of the Honorable Company's Service are exposed during their voyage to England, from the want of Clothing suitable to the climate, has been pleased to resolve that each of such Men proceeding to England shall be provided with the Clothing specified in the margin at the public expense, and that it shall be supplied by the Agent for Army Clothing on Indents of the Town Major passed by the Clothing Board.

1 Pair long cloth Trowsers.
2 Long Flannel Waistcoats.
2 Pairs Socks or Stockings.
2 Pair Strong Shoes.
1 Straw Hat covered with linen.

G. O. G. 13th April 1821.

* 1. The Honorable the Governor in Council deems it expedient to establish the following additional Rules, for regulating the Allowances of Officers exercising Regimental Command—The Lieutenant Colonel or Senior Officer present *in India*, and eligible to Regimental duty, (temporary absence at other Presidencies or off the Coast forming no exception) is to be considered as Commanding in his own right, from the date of the publication of his appointment in General Orders—and, in his absence, whether previously or subsequently to joining, the Officer actually present at the Head Quarters is to be considered in temporary charge, and entitled to the established Batta for Commanding.

2. Senior Officers of Corps on whom the superior Command of two or more Corps may devolve, in Garrison, under the G. O. 22d May 1819—or, in the Field, by being appointed to Brigades or Detachments—are to be considered as only temporarily absent from Regimental duty, and therefore as retaining the Command of their Corps in their own right—permanent Staff Appointments and Government Commands or fixed employment on Civil or Political duties, &c. being alone considered to render Senior Officers of Corps ineligible to Command in their own right.

3. When a Regiment or Battalion may be divided, (as will generally, if not always be the case in the Artillery, and frequently in other branches,) that part of the Corps with which the Regimental Staff may be stationed, is to be considered the Head Quarters altho' a Senior Officer of the same Corps may be present with a recruiting party, or other detail of such Corps, at a different Station.

4. The existing Regulations regarding the allowances applicable to Officers Commanding Corps in their own right when absent on duty and furlough, will remain as heretofore; and it is to be understood that, however long an Officer may have previously been in temporary charge of a Corps, he is not, when detached therefrom, to draw

draw any allowances beyond those to which he would have been entitled, if such temporary charge had not devolved on him.

5. Officers Commanding Corps in their own right, if detained in Garrison, on Court Martial or other duty, when their Corps march, will retain their full Batta, but will not be entitled to superior Batta.

6. Officers in temporary charge of Corps, if detained under the above circumstances, are to be considered, in common with other Officers, as entitled to half batta only. Batta for Commanding being never payable, except to the Officer Commanding in his own right, and to the Officer actually *present* with the Head Quarters of the Corps, in temporary charge.

7. The Governor in Council deems it further expedient to direct, that, as placing Commanding Officers of Corps on public duty, while on leave of absence, and detaining them on such duty beyond the period of their leave, occasions additional public charges, the occurrence of all such cases of detention shall be invariably reported to Government, with an explanation of the necessity for the Officers being so employed, in order that, if they cannot be relieved, the sanction of Government may be communicated to the Military Auditor General for the admission of the charges incidental thereto.

G. O. G. 6TH FEBRUARY 1821.

His Excellency The Commander in Chief having brought to the notice of the Government the important services rendered by Subadar Sheik Ismael, Naigue Mahmood Ameen, and Private Mahmood Yacoob of the 1st Battalion 20th Regiment of Native Infantry in discovering a Plot at Nagpoor in the year 1819—The Honorable the Governor in Council is pleased to mark his approbation of the conduct of Subadar Sheik Ismael, by advancing him to the First Class of Subadars and by presenting him a Palankeen with the usual allowance of seventy (70) Rupees per mensem for the maintenance of that equipage.

The Governor in Council is also pleased to authorize the promotion of Naigue Mahmood to the rank of Jemadar, and Private Mahmood Yacoob to the rank of Havildar, and to direct that they be borne on the rolls of the 1st Battalion 20th Regiment of Native Infantry as Supernumeraries, until vacancies shall occur in the established strength of the Corps.

G. O. G. 9TH FEBRUARY 1821.

The Honorable the Governor in Council is pleased to resolve, that when a Commissary of Stores shall succeed to the temporary Command of Artillery, he shall be entitled to receive the usual allowances of such command.

His Excellency The Commander in Chief is however requested so to regulate Artillery Commands as to prevent the frequent occurrence of the case in question.

G. O. G. 8TH MAY 1821.

The Honorable the Governor in Council is pleased to direct that in future, the proportion of Maistries for Bamboo Coolies or Dooly Bearers, as allowed by the existing Regulations, viz. one Head and three Petty Maistries for ninety men, and one Petty Maistry for thirty men, shall be uniformly entered in the Indents for Followers of that description.

G. O. C. C. 1st June 1821.

The period having arrived at which Lieutenant General Sir Thomas Hislop resigns the Command of the Madras Army, in consequence of the permission he has obtained to return to Europe, he feels himself called upon publicly to express the sentiments which he considers the occasion to demand.

In discharging this duty, the Lieutenant General avails himself of the experience which full seven years have afforded him to form a just estimate of the high military virtues, and qualities of this distinguished Army, alike unsurpassed for the perfection of its discipline, as for the splendor of its achievements; and which it has been the fortunate lot of the Lieutenant General never in the course of the long period above-mentioned, to have had to remark on the least deviation from the former, so has he enjoyed the highest degree of gratification in having been an eye witness to the brilliancy of the latter.

To this gallant and high spirited Army Sir Thomas Hislop now bids farewell, uniting therewith, his unfeigned assurances, that as its future glory will never cease to be the first wish of his heart, so will its hitherto well earned fame ever continue to command his admiration, and to be the theme of his praise.

G. O. C. C. 31st May 1821.

The Commander in Chief with reference to the General Order of the 16th November 1818, is pleased to nominate Major George Cadell, Assistant Adjutant General of the Army, to be a General Prize Agent for the late Army of the Deccan, vice Lieutenant Colonel Dalrymple, C. B. deceased; and His Excellency is further pleased to nominate Captain J. T. Wood, of His Majesty's 2d or Queen's Royal Regiment of Foot, being one of the Prize Agents to the 1st and 3d Divisions of that Army, to be also a General Prize Agent, to act jointly with Major Cadell.

In notifying these appointments for general information, His Excellency Lieutenant General Sir Thomas Hislop thinks it necessary to add, that they shall in no way interfere with the Claims of the Prize Agents of Divisions as relating to the Prize Funds already realized by them.

G. O. G. 1st June 1821.

His Excellency Lieutenant General Sir Thomas Hislop, Bart. and G. C. B. having embarked for Europe, The Honorable The Governor in Council is pleased to appoint Lieutenant General Thomas Bowser to the Command of the Army of this Presidency until further orders.—All Returns will accordingly be made to Lieutenant General Bowser.

G. O. C. C. 5th June 1821.

The Command of the Madras Army having devolved upon Lieutenant General Bowser, it is a duty he owes to his own feelings to express in General Orders the pride and satisfaction it affords him, even though the period may be short, to Command an Army of such distinguished character and to which he has had the honor to belong for forty-nine years.—The Lieutenant General assures his Brother Officers and Soldiers, that he shall ever reflect with pride, in having partaken, with them, in many of the glorious achievements which form its splendid character; and he trusts the high reputation by which they are distinguished for zeal, discipline and subordination will enable him to enjoy the gratification of reflecting hereafter, that those excellencies were in no ways diminished during the period of his Command.

G. O. C. C. 16th June 1821.

Lieutenant General Bowser, Commanding the Army, performs a gratifying duty by expressing in General Orders his approbation at the distinguished military appearance and steadiness of the Bangalore Force under arms this morning.

under the Presidency of Fort St. George, and one of the Councillors thereof, having arrived on Board the Honorable Company's Ship Kellie Castle,—the usual Oaths have been administered to His Excellency, and His Excellency has this day taken his seat as Second Member of the Council at this Presidency, under the usual salute from the Ramparts of Fort St. George.

The Honorable the Governor in Council directs, that all Officers and Soldiers on the Establishment of Fort St. George, shall obey General *Sir* Alexander Campbell as Commander in Chief; and all Returns are to be made to His Excellency accordingly.

G. O. G. 5TH JUNE 1821.

The Honorable the Governor in Council is pleased to cancel the G. O. dated 10th July 1807, directing a certain number of Assistant Surgeons of this Establishment to be attached to His Majesty's Regiments in order to acquire a more extended knowledge of the Diseases of this Country, and to substitute the following orders in lieu thereof.

2d.---It being deemed of the highest importance that the initiation into practice of Assistant Surgeons on their admission on the Establishment, should proceed without interruption, under the tuition and guidance of experienced Surgeons, as affording opportunities, both of appreciating, and properly directing, their skill, and professional acquirements, they will be placed by order of Government, with such European Regiments,* Garrisons, or other fixed Hospitals, as may in each case, be recommended by the Medical Board, and they will remain there, invariably until permitted, with the express sanction of Government, to enter on the General duties of the Army, having been previously reported as duly qualified by the Medical Board.

3d.---Such subsidiary rules and instructions as may be required to render this Regulation of full effect, will be issued in the Medical Department by the Medical Board.

G. O. C. C. 16TH JUNE 1821.

His Excellency General *Sir* Alexander Campbell, Bart. & K. C. B. need scarcely express the pride and gratification he feels, in assuming his appointment to be Commander in Chief of so distinguished a portion of the British Forces, as the Madras Army, with which it has been his good fortune to serve for a long period of his life---His Excellency's mind is so strongly impressed with the brilliant exploits it has achieved, as well as the perfection of its discipline and subordination, that he has only to assure the Army at large, it will be the leading feature of his ambition to support its long established character, and if possible, to add to the just renown it has on all occasions claimed, and to which title the Madras Army added so brilliant an example, under its late gallant Commander in Chief, *Sir* THOMAS HISLOP, during the late Campaigns in the Deckan.

The General's intimate knowledge of the professional talent and merits of a great part of the Officers, now holding high official Stations, as well as the General character of the Officers of the Army, for zeal and well directed experience, is a sufficient pledge, that he will meet their cordial support in preserving its character and well established fame.

General *Sir* Alexander Campbell profits by the occasion of immediately succeeding Lieutenant General Bowser in the Command of the Army, to express his sentiments of high respect for his character and services.

All orders and General Regulations established by His Excellency Lieutenant General *Sir* Thomas Hislop, Bart. and G. C. B. to be considered in full force.

G. O. C. C. 27th June 1821.

His Excellency the Commander in Chief desires, that Officers making application for permission to quit their Corps, or Stations, on leave of absence, are to be particular in specifying the period for which it is required, in order that should the indulgence be granted, the commencement and termination thereof may be specified in the monthly Returns of Corps and Stations.

The practice of forwarding a second application to Head Quarters for an extension of leave creates much unnecessary inconvenience, and although the Commander in Chief will at all times be happy to meet the wishes of the Officers of the Army when consistent with the good of the Service, yet, His Excellency deems it of importance that this practice be discountenanced.

G. O. G. 26th June 1821.

The Honorable the Governor in Council having been pleased to resolve, that a Corps of Artificers shall be raised for the Service of this Presidency consisting, for the present, of one Serjeant Major, Ten Serjeant Instructors and one Hundred Artificers, directs that it shall be composed of the Sons of Europeans, born in India, and that it be denominated the Corps of "Carnatic Ordnance Artificers."

The Artificers will be enlisted as European Soldiers, will be paid, mustered, and returned accordingly, and will be amenable as such to Martial Law.

The Corps of Carnatic Ordnance Artificers will be commanded by an Officer of the Non-Effective Establishment (under the rank of Field Officer) who will be subject, to the immediate control and superintendence of the Principal Commissary of Stores, under the directions of the Military Board.

The following Monthly Rates of Pay and Allowances are Established for the Corps of Carnatic Ordnance Artificers.

G. O. C. C. 20TH JULY 1821.

* With reference to the General Orders by the Commander in Chief, under date 16th February 1821, publishing to the Army, Extracts from the Minutes of the Honorable the Governor in Council of the 20th December 1820, His Excellency General Sir Alexander Campbell, Baronet and K. C. B. has much gratification in conveying in public orders further Extract from the Minutes of the Honorable the Governor in Council dated 3d July 1821, which cannot fail of removing from Captain Ogilvie's mind, those impressions of deep regret, which must be felt by every military man when under the displeasure of Government.

Extract from the Minutes of the Honorable the Governor in Council 3d July 1821.

The following Letter from the Adjutant General of the Army is recorded.

(Here enter 5th May No. 1829)

The Governor in Council proceeds with great satisfaction, on the representation which accompanied the foregoing letter from the Adjutant General of the Army, to record his conviction that the conduct of Captain Ogilvie on the occasion of the late movement of the 1st Battalion 17th Regiment Native Infantry from Cannanore to Secunderabad ought to be relieved from the disapprobation with which it had been noticed in the General Orders by the Commander in Chief, dated 16th February last ---The progress of the Corps appears to have been attended with circumstances peculiarly calamitous from the severe pressure of the Epidemic; and the increasing numbers of the sick, its sufficient apology for the failure of its resources, rendered it dependent upon the Country, which it traversed, for the means of conveyance.—The irregularities that occurred, arose from the unusual difficulties which the Corps had to contend with—they were the consequence of the distressing predicament in which it found itself placed on the march—but Captain Ogilvie's explanation has satisfied the Governor in Council that he had no personal share in any of those irregularities —that on the contrary he was solicitous, and used every exertion, to prevent them and to protect the Inhabitants.

G. O. C. C. 18TH AUGUST 1821.

† The General Orders by Government, under date the 2d October 1819, not having been attended to by Officers receiving Pensions for Wounds, The Commander in Chief directs, that the Medical Certificate required by the 5th paragraph of the General Orders above alluded to, may be regularly transmitted to the Adjutant General of the Army, at the periods specified, viz. three years, from the time of the wound being received.

G. O. G. 14TH AUGUST 1821.

Great inconvenience having arisen from Medical Officers being detached from their Corps and Stations to accompany details and small parties of Troops, The Honorable the Governor in Council is pleased to direct the discontinuance of that practice except in cases of necessity which will be determined by His Excellency the Commander in Chief, or by the Officers Commanding Divisions.

2.—The Medical duties of Details or small Detachments, whether of European, or Native Troops are to be performed by Sub-Assistant Surgeons, or First Dressers, for which purpose, a sufficient number of disposable Medical Servants of that description will be placed in each Division of the Army.

3.—Sub-Assistant Surgeons, and First Dressers attached to Superintending and Staff Surgeons are to be held expressly available for this duty, while those attached to Garrison Surgeons, or Deputy Medical Storekeepers are not to be detached unless on occasion of necessity.

4.—The attention of Officers Commanding Divisions and Stations to the provisions of this order is strictly enjoined.

With reference to General Orders under date the 5th of June last, the Honorable the Governor in Council is pleased to direct that Assistant Surgeons be not in future placed under Surgeons of His Majesty's Regiments—until they shall have been reported by the Medical Board to be duly qualified for the general duties of the Army.

Remarks by His Excellency The Most Noble The Commander in Chief.

As the opinion of the Court on the relative credit of witnesses examined before it, must be more sure than a judgment drawn from a perusal of the written testimonies the Finding which acquits Lieutenant Elkin* is confirmed.

The Commander in Chief however cannot pass over in silence the extraordinary circumstances recorded on the Proceedings when the Court justly interfered to admonish Lieutenant Elkin against the gross and indecent abuse which he was lavishing on every person connected with the Prosecution, while the Prisoner declared he would not proceed in his defence if curbed in that license, the Court ought to have enforced its principle; and in the event of the Prisoners persevering, should have pronounced its award on the already recorded evidence. Where it allowed that the defence of a Prisoner should be made the vehicle of wanton charges against individuals not brought forward as witnesses and relatively to matters wholly extraneous to the questions in litigation, a door would be opened for the exercise of the most mischievous malignity and insubordination.—It is therefore ordered that Lieutenant Elkin be placed a new under arrest, and that he be brought to trial for scandalous vituperation of his superior Officer Brigadier Vanrenen, pertinaciously again and again in contempt of the Court's repeated intimation that such detraction had no relevancy to any points agitated.—The Court before which Lieutenant Elkin shall be tried will have to determine whether the imputations on Brigadier Vanrenen were palliated by their having any imaginable bearing on the facts at issue, so as that there was a possibility of their weakening inferences unfavourable for the Prisoner; or whether their introduction into the defence was solely for the indulgence of gratuitous virulence.

G. O. G. 25TH SEPTEMBER 1821.

The Honorable the Governor in Council deems it necessary to call the attention of the Army to the provisions of the General Order under date the 17th of February 1818, constituting a Clothing Board at this Presidency, and directs that all reports and correspondence respecting Clothing Stores, or claims to Clothing, be invariably transmitted direct to the Secretary to that Board.

G. O. C. C. 4TH OCTOBER 1821.

Great inconvenience having been experienced from a want of previous information, in the cases of individuals supposed to labour under insanity, and who may be sent to the Presidency for the purpose of professional examination, His Excellency The Commander in Chief is pleased to call the most pointed attention of all Officers at the head of Corps, Stations, or Departments, to the following Regulations.

1st.—No Commissioned, or Non-Commissioned Officer or Soldier, or other person connected with the Army, shall be sent away from his Corps, Station or Department on account of insanity, who has not been at least 3 months under the immediate charge of the Medical Officer attached, unless under some peculiar and pressing circumstances, connected with his health otherwise, or with the movements of Corps.

2d.—When an Individual is sent to the Presidency for professional examination, and ultimate disposal, the Officer under whom the party has been placed previous thereto, shall transmit to the Medical Board as full an account as possible of the private history of the patient in so far as it may be connected with his then situation, or in any respect elucidatory of the causes of the malady with which he is supposed to be afflicted.

3d.—The Medical Officer who has been in charge will likewise transmit through the Superintending Surgeon of the Division to the Medical Board, a minute medical history of the case, accompanied with the Journal or Diary, which is in all such cases to be carefully kept, and it will be the duty of Commanding Officers to see that these documents have been duly forwarded at the time the party to whom they relate, departs for the Presidency.

G. O. C. C. 10TH OCTOBER 1821.

In publishing to the Army the accompanying Circular Letter, No. 362 in the Judicial Department, under date 28th August, with the Regulation VI. A. D. 1821, The Commander in Chief directs, that the same be entered in the Order Book of every Division, Field Force, District, Garrison, Cantonment, Corps and Department of the Army, and that every Commissioned Officer will be provided at the public expense, with a Copy of the Regulation, it being of importance, that they should be familiar to every individual.

General Sir Alexander Campbell, Baronet and K. C. B is further pleased to notice, that translations in the native languages will be furnished to Corps and Departments respectively, for the information of the Native Ranks, which are to be preserved as records in Corps, Troops and Companies by the Staff Officer, and Officers Commanding Troops and Companies, in order that the objects of these Regulations and instructions, may be correctly explained and understood by all Ranks, including the Servants attached to the Bazars of Corps.

The great dependence every Corps and individual of the Army, must now repose on the Bazars attached to Corps, renders it essentially necessary, that its efficiency should be most carefully and zealously attended to, and His Excellency The Commander in Chief therefore enjoins the most immediate and particular attention, of Commanding Officers of Corps, to this important part of their duty.

In all cases of Detachments of Corps or small Details, whether under the Command of Native Officers or European or Native Non-Commissioned Officers, Commanding Officers will be responsible, that the Adjutant or Officer parading them explain in the fullest manner, the provisions of these Orders and Regulations necessary for their conduct, and caution them to enforce the strictest obedience to them.

On occasions of individuals passing through the Country, whether on duty or otherwise, The Commander in Chief expects them to observe the most scrupulous attention to the orders of Government, and not only to avoid oppressing the venders, or the inhabitants, but to restrain their servants, for whose conduct they must be held responsible.

To

The COLLECTOR *and* MAGISTRATE

SIR,

Para. 1. In transmitting to you the accompanying Regulation, I am directed by the Honorable the Governor in Council to make the following remarks explanatory of the principal objects which its provisions are intended to effect. The advantages anticipated from it cannot be realized without a mutual understanding and co-operation between the various Officers concerned in carrying it into execution; and, as it will produce great changes in the administration of some branches of public affairs in the provinces, it is particularly important that the objects at which it aims should not be mistaken, and that the facilities which a new system can only acquire by practice should be supplied, in the outset, by temper, judgment, and public spirit.

2. Numerous complaints have been submitted to Government with regard to the hardships to which the Inhabitants have been subjected, for the supply of the means of conveyance and of provisions both for detachments of troops and for ordinary travellers; and, on the other hand, the troops have constantly suffered the severest privations in marching through the country. These evils appear to have been aggravated by

by the provisions of Regulation III of 1810, which in practice substituted the force of authority for the mutual interest of the parties concerned, in procuring the requisite supplies for troops on a march and for travellers. That regulation has neither afforded protection to the inhabitants, nor provided for the convenience of those persons on whose account the inhabitants have been molested, and by the accompanying Regulation, it has accordingly been rescinded.

3. With respect to individual travellers, it is to be expected that by their own arrangements they will be better supplied with the means of conveyance and with provisions than by any interference of the officers of Government. All that seems either requisite or calculated to be useful is that the cutwals and Collector's peons and other native servants should assist them in procuring those supplies on the road which the owners may be willing to dispose of and that they should be furnished with price-lists. They are entitled to expect an obliging disposition from the native servants of Government, but, with proper general arrangements on the Collector's part, it can seldom or never be necessary to use any compulsory measures in their behalf. The new Regulation therefore, by rescinding Regulation III of 1810, has left them to make their own arrangements for supplying themselves with coolies, cattle and provisions; but the Governor in Council trusts that every Collector, without interfering at all with the freedom of the inhabitants to serve and sell or not as they may be disposed, will take measures for contributing towards the comfort of travellers passing through the district.

4. With respect to detachments of Troops, it is expected that the measures to be adopted for promoting the efficiency of the military bazars will on all ordinary occasions sufficiently supply their wants on a march. It is therefore to be expressly understood that they are not to rely on the local Officers of Government for coolies, cattle or provisions, and that they are inhibited from pressing either labour or supplies for their use.

5. It has not been deemed necessary to pass any new enactments for the punishment of compulsory measures for procuring labour or supplies from the inhabitants, since the general Regulations are sufficient for that purpose. It may however be proper for you to apprize your native servants that they will be punishable for employing such measures, and it will be your duty to see that such measures are not employed or are duly punished.

6. You will be sensible that, altho' in the ordinary course of the Service, detachments of troops may be able to supply their own wants on a march, yet exigencies must be liable to occur in which your assistance may be indispensibly requisite. On such occasions the Governor in Council makes no doubt of your assisting them with zeal, and of your bearing in mind that any general arrangement for the protection and relief of the inhabitants would require to be abandoned as impracticable if it operated to the detriment of the public service. Your object will be to reconcile the different duties which the Government have to discharge, and never to lose sight of one in the performance of another. The Governor in Council trusts that the occasions when your interposition may be wanted will be rare, and the assistance then afforded will form the condition on which you will obtain general protection for the inhabitants of your district. On such occasions the demands on the part of the military will be limited to what the necessity of the case requires, and it will be incumbent upon you to meet them with as little hardship or injury to the people as may be practicable. Whenever pecuniary indemnification for service or supplies can, from the nature of the case, be afforded, you will take care to grant it. The expense will be cheerfully borne by Government when it ought not with propriety to fall upon individuals.

7. As the success of the proposed mode of providing the means of conveyance and supplies for troops on a march will mainly depend upon the efficiency of the military bazars, the provisions of the accompanying Regulation are specially calculated to promote that object. The superintendence of the Police in military bazars is accordingly vested in the Officers of the Commissariat. All army-followers and bazar-men are rendered amenable to military law for the breach of Cantonment rules, and the former description of persons generally for all petty offences. The Commissariat Officers are authorized, with the consent of parties, to settle all disputes by Punchayet, and of their own authority to decide petty debts claimed from army-followers. Military Courts are authorized to take cognizance of all cases of simple debt not exceeding 200 Rupees alleged to be due by soldiers, army-followers or registered bazar-men in such cases are excluded from the Jurisdiction of the Civil Courts.

8. Provision is further made for vesting the superintendance of police and preservation

preservation of the peace in Military Cantonments in the Commanding Officers, whenever the nature and extent of the population may admit of such an arrangement. With a view to the discipline, health and general welfare of the troops such an arrangement would in all cases be desirable, if it were not to interfere with the rights of inhabitants no wise connected with military pursuits, nor subject to martial law. In populous places the arrangement is not practicable to the extent which would be convenient for military purposes; but at Stations where the inhabitants are either few, or though numerous are induced to reside within the Cantonment on account of the troops, the provisions of *Clause First, Sec.* III of the Regulation will be carried into effect. Instructions will be issued to the Commanding Officers of Cantonments through the Military Department to communicate with you respecting the proper limits to be affixed to them. Where they may already have been defined, you will, in conjunction with the Commanding Officer, consider whether there be any reason for altering them, with reference to the provisions of this regulation or to any other circumstances. You will in each case state whether the provisions of *Clause First, Section* III appear to you applicable to the Cantonment, and if not you will assign your reasons in detail. Having agreed upon your report, you will prepare it in duplicate, transmitting one copy of it to Government direct and furnishing the Commanding Officer with the other.

9. In those cases in which it may not be judged proper to place the superintendence of police throughout the whole Cantonment under the Commanding Officer, you are to communicate with that Officer, in the manner above explained, for the purpose of assigning proper limits to the military bazar, in which the superintendence of police is in all cases to be vested in the Officer of the Commissariat under the Commanding Officer's general directions. In such cases it will be desirable that the military bazar should not be confined within narrow limits, unless unavoidable for the purpose of excluding a large civil population from military law: it will be immaterial whether the space so allotted be actually occupied as a military bazar or not. Where the provisions of *Clause First, Section* III take effect, there will be no occasion for your being concerned in fixing the limits of the military bazar, which may be left to the Commanding Officer under such orders as may be furnished to him.

10. One important object of the accompanying Regulation is to correct the injury to the health and discipline of European troops which has arisen from the free access to spirituous liquors, and accordingly the manufacture and sale of such liquors in military bazars and their vicinity are placed under the Officers of the Commissariat. The limits within which their control is to be exercised remain in each case to be fixed, and on that point the Officers of the Commissariat will be instructed to communicate with the Collectors. You will act in that respect in the manner above directed with regard to the limits of Military Cantonments and Bazars; but the Governor in Council deems it to be of importance that an extensive range should be given to the operation of the proposed system. The revenue is regarded as an object of very inferior consideration: it is not believed that any revenue will in reality be lost, except what has been derived from the improper indulgences of European troops; and there are no respectable inhabitants who will be injured by placing the supply of spirituous liquors under strict check. The Governor in Council would therefore wish that the military control over the manufacture and sale of such liquors should extend as far as there may be just reason to think that it can operate with effect in preventing drunkenness among the troops. After personal communication between the Collectors and Commanding Officers and Officers of the Commissariat, the Governor in Council trusts that it will rarely happen that on this point there will be any difference of opinion between them. You will communicate with the Board of Revenue respecting the provisions contained in *Sections* XXIII and XXIV.

11. A copy of this letter will be furnished to the Military Department for the information of those whom it may concern, and a copy of it will also be transmitted to the Board of Revenue, to the Sudder Adawlut, and to each of the Provincial and Zillah Courts, in order that the views of Government on the important points to which it relates may be fully understood, and that a general co-operation of all public officers may be invited towards carrying them into complete effect.

FORT ST. GEORGE,
28th August 1821.

I am,
Sir,
Your most obedient Servant,
(Signed) D. HILL,
SEC. TO GOVERNMENT.

A. D. 1821. REGULATION VI.

Preamble. Whereas it is the intention of the Governor in Council to establish a more extensive system of Military Bazars for procuring supplies for Troops on march and in Cantonments: And whereas the provisions of Regulation III of 1810 for furnishing the means of conveyance and supplies to detachments of troops and to travellers have proved oppressive to the native inhabitants of the provinces, and the other provisions of that Regulation are unnecessary: And whereas it is essential to the efficiency of Military Bazars that the Bazar-men, and the retainers and followers attached thereto, should be subject to the authority of Officers in command and be liable to be tried by Courts Martial for breach of Regulations established by competent authority: And whereas it is necessary, for the better preserving of discipline in Garrisons and Cantonments and over retainers and followers of the Army, that Commanding Officers should be authorized to bring to trial by Court Martial all persons subject to their authority, for assaults, affrays, petty thefts and other petty offences, and for that purpose that Regulation VI of 1809 should be rescinded: And whereas it is essential to the efficiency of the Military Bazars, and to the convenience of the persons amenable to military authority, that the Commissariat Officers or other Officers in charge of General Bazars, acting under the orders of Commanding Officers, should have authority, according to former usage, to assemble Punchayets for the settlement of disputes to any amount, and that the Officers in charge of Bazars should have authority to hear and determine suits for petty debts, and further that Military Courts, to be assembled by Officers in command, should have authority to try and determine actions of simple debt to a limited amount due by native officers, soldiers, artificers, retainers or followers of the Army: And whereas, in consequence of the frequent commission of heinous crimes by European Soldiers in a state of intoxication, it is necessary to place the manufacture and sale of spirituous and fermented liquors under further check and control; And whereas, under the provisions of the statute, of the 53d Geo. III. Chap. 155, Clause 96, the Governor in Council of Fort St. George is vested with full power and authority "to make all such Laws and Regulations and Articles of War as he may "think fit, for the order and discipline of all officers and soldiers, natives of the East "Indies, or other places within the limits of the said Company's Charter; and for "the administration of justice by Courts Martial to be holden on such native officers "and soldiers, and for the constitution and manner of proceeding of such Courts "Martial, and for all other purposes relating to, or in any manner concerning such "native officers and soldiers, in as full and ample a manner as the said Governor in "Council may make any other Laws or Regulations for the Government of the na"tives of the territories subject to the Presidency of Fort St. George.—Provided "always that all such Laws, Regulations and Articles of War, whereby the rights, "persons or property of any such native officers or soldiers may be affected, shall "be made and promulgated in every respect in the same manner as other Regula"tions affecting the rights, persons or property of natives or other individuals amenable to the Provincial Courts of the said Presidency of Fort William in Bengal, "are directed to be made by virtue of an Act passed in the thirty-seventh year "of His Majesty's reign, intituled, *An Act for the better administration of Justice at "Calcutta, Madras and Bombay, and for preventing British subjects from being "concerned in Loans to the Native Princes in India:* The Governor in Council "has enacted the following rules to be in force from the date of their promulgation.

The following extract from a Letter from the Honorable the Court of Directors in the Public Department, under date the 13th of September 1820, is published in General Orders.

Para. 31. G. O. C. C. 24TH OCTOBER 1821.

MEMORANDUM.

Indents from Officers absent from the Presidency for supplies of Broad Cloth and other articles from the Retail Godown being frequently forwarded by Tappal *under a blank cover* to the Agent for Army Clothing, it is hereby notified, that in future no articles will be despatched by the Agent unless a letter accompanies the Indent with a request to that effect, agreeably to G. G. O. G. 26TH OCTOBER 1821.

Major General Sir John Malcolm, G. C. B. and K. L. S. having applied for permission to proceed to Europe, the Honorable the Governor in Council has learned with deep concern, that this distinguished Officer is now compelled to quit India on account of the declining state of his health.—The many and important services of Sir John Malcolm in different situations have been so often brought to the notice of the Honorable the Court of Directors by the Supreme Government, that no praise of this Government can add to his high reputation—Although however, it belongs to higher

authority

authority to appreciate his services in the late Mahratta War and the settlement of Central India, the Governor in Council cannot on this occasion deny himself the pleasure of discharging the grateful duty of expressing in General Orders the high sense he entertains of the Major General's talents, and of his unwearied and honorable exertion of them for the benefit of his country. Among the individuals who have at different times distinguished themselves in the employment of the Honorable Company, Sir John Malcolm will always hold a very high rank.—His career has been unexampled—for no other servant of the Honorable Company has ever during so long a period been so constantly employed in the conduct of such various and important military and political duties—His great talents were too well known to admit of their being confined to the more limited range of service under his own Presidency.—The exercise of them in different situations has connected him with every Presidency, and rendered him less the servant of any one of them, than of the Indian Empire at large.

Major General Sir John Malcolm is permitted to return to Europe on sick certificate.

G. O. G. 5TH OCTOBER 1821.

The Governor in Council having had occasion to observe that claims to pensions have been preferred, admitted and acted upon after a lapse of many years; in violation of the provisions contained in the G. O. of the 11th October 1814, deems it expedient to establish the following rules, respecting pensions to the heirs of Native Officers and Soldiers, Store and Tent Lascars and other public followers who may lose their lives on foreign service, or in battle in India.

In order that the Troops and their families may be fully acquainted with the intentions of Government on this subject, it is directed that the foregoing regulation, shall be inserted in the standing Orders of each Corps and Department in the service, and that Officers Commanding Stations or Corps shall use every possible means to give it general publicity.

All claims to pension on behalf of heirs of Native Soldiers or followers which may be brought forward within the prescribed period shall, in the first instance, be submitted to investigation by a Committee to be formed at the Head Quarters of the Corps, Detachment or Department in which the casualty is stated to have occurred—the proceedings of such Committee are to be conducted in the following form, and if the claim shall appear to the Committee to be just, the proceedings are to be forwarded with the recommendation of the Officer Commanding to the Adjutant General of the Army, after which they will, if approved by the Commander in Chief, be submitted to Government for sanction.

G. O C. C. 31st October 1821.

Under instructions from the Honorable the Governor in Council, His Excellency The Commander in Chief is pleased to establish as a regulation of the Service, that Soldiers, European or Native, shall not be transferred, discharged, or become a casualty in any manner whatever, without having his clothing, as well as other claims as far as practicable discharged, previously to his quitting the Corps.

To give effect to this regulation, it is directed, that when clothing, for the year due, is not in Regimental store, and subject to no other claim, and compensation is consequently required to be drawn, that abstracts be forwarded to the Clothing Board as soon as the casualty occurs, or officially intimation of it is received at the Head Quarters of the Corps, and that on all occasions of discharging Soldiers, of whatever rank, the Abstract for compensation in lieu of clothing, if none be in store, shall be forwarded to the Clothing Board by the same tappal by which the discharge certificates are transmitted, and the Adjutant General of the Army will apprise the Clothing Board of His Excellency the Commander in Chief's sanction to the discharge, in order that the Abstract may be passed, and returned to the Officer Commanding the Corps, forthwith.

G. O. C. C. 3d November 1821.

* His Excellency The Commander in Chief having had occasion to notice in the examination of the proceedings of the General Invaliding, Pensioning, and Discharging Committees that have assembled under the General Orders of the 4th of July last, the various reasons assigned for the branch of the non-effective establishments to which each individual has been recommended for transfer under the head of "*Why recommended,*" is pleased to call the attention of Officers who may hereafter be employed on that duty to the considerations which should guide their judgment, and the decision they are required in reference to the regulations of the service to make.

1st. Much importance attaches to the correct, and explicit filling up of the column of "*appearance and particular marks,*" which should fully express the opinion formed of the individual from his appearance, whether robust, weak, sickly, emaciated, or as the case may be, to guide the future disposal of the man.

2d. None but men fit for Garrison and occasional Escort duty, can be useful in a Veteran Battalion, it is therefore only encumbering the service to recommend individuals of any rank whatsoever for that branch of the service who are "*worn out,*" *debilitated,*" "*subject to constant sickness,*" *or in any way, infirm of body, deaf, or having defective vision*—The object for which those Corps were formed was to give repose to such individuals of the service as had passed beyond their more active days, and were unfit for Field duties, that they might serve a few years in the discharge of Garrison duty previous to being finally transferred to the pension list, the duties of such Corps requiring a certain activity, and fitness to perform service, although not exposed to the *fatigues* of *Field Service* it must be understood by Committees in passing and recommending men for transfer to Veteran Battalions, that they are to be of a description fit for all duties but the fatigue of long marches, and the exposure incidental to Field service ;—under these explanations, Officers will be guided in all future cases in recommending the transfer of individuals from the effective to the Veteran Battalions, and under the head of "Why recommended" it will be the most appropriate cause to assign, *unfit for Field duty.*

No individual is however eligible to be transferred to the Invalid, or Pension Establishments, unless he has been wounded in the service, has lost his health on actual or foreign service, or been disabled by accident in the execution of his duty, (duty certified) or, has served (20) twenty years.

The individuals who will be fitly recommended for the pension list, are such as are unfit for Field, or Garrison duty from wounds, loss of health, and who from age, debility,

---

* *Further orders on the subject of Invaliding, &c Committees and form of Proceedings to be observed, vide G. O. 22d September* 1822, *page* 174.

bility, chronic complaints, natural or contracted bodily, or mental defects, and not capable of serving with effect to themselves, or advantage to the efficiency of the Corps in a Veteran Battalion—All such individuals are to be recommended for pension on the half pay of their rank, unless they come within the provision of the General Orders by Government dated 15th of July 1807, noted in the margin, full pay is only to be recommended in such cases; or on account of extraordinary length of service, combined with high character, meritorious and distinguished services, which are always to be fully stated by the Committee, and certified by the Commanding Officer of the Corps.

His Lordship in Council is further pleased to publish the following explanation of the term limb, as used in the 7th para. of the 8th and 18th sections of the Code of Regulations dated 11th March 1805, under the head, Invaliding and Pensioning, viz. "It is to be considered applicable to an arm, a leg, a hand or a foot, and such wounds as deprive a soldier bona fide of the use of either, shall entitle him to the pension of full pay. Fingers or toes may be separated from the body without depriving the wounded man of the use of his hand or foot, while in other cases dislocation of a joint, separation of the tendons, or stiffness produced by the effect of wounds may entirely disable the limb from any useful effort. Of the nature of such wounds and the extent of debility they produce, the best judgment may be formed by inspection and from the opinion of Medical Officers. The case can seldom be doubtful, but where doubt exists, the bias should be towards the favourable determination."

Individuals of Veteran Battalions when unfit to continue longer in the full exercise of their duties in such Corps with ease to themselves, and credit to the service, must be selected by Commanding Officers respectively, for transfer to the pension list on all occasions when periodical Committees are assembled; and the Officers Commanding, or in charge, of such Corps will be held responsible to recommend for removal to the pension list *all* such individuals as have become unfit from age, debility, or other cause, it being incompatible with the object of Government to retain individuals of such a description on the strength of Veteran Battalions.

All Individuals unfit for the service, and who have not served twenty years, or been wounded, or lost their health on service, or disabled by accident in the execution of their duty, must be discharged.

The foregoing rules and regulations equally apply to the European troops of this Presidency, with the exception of their period of service, who are only required to have served ten years in the *Honorable Company's Army in India*, to be eligible for transfer to the non-effective establishment, if unfit for further effective duty.

G. O. G. 30th October 1821.

* The Honorable the Governor in Council has been pleased to grant an allowance of thirty Rupees per mensem on account of a Horse to all Regimental Field Officers (not including those already in the receipt of Horse allowance) employed in the regular line of their military duty, and to extend this indulgence to Officers of junior rank when actually in the command of Corps of Infantry.—This order will have effect from the 1st Ultimo.

G. O. G. 2d November 1821.

With reference to the Regulation authorizing the supply of equipments to young Officers proceeding from the Presidency to join their Corps for the first time, The Honorable the Governor in Council is pleased to notify in General Orders that, that indulgence will not be granted to any young Officer who shall have been more than three months resident in India.

G. O. G. 2d November 1821.

It having been brought to the notice of Government that, in the communications of Officers with the department of Audit, frequent instances occur of the most disrespectful letters being addressed to the Military Auditor General, The Honorable The Governor in Council calls the attention of Officers to the repeated injunctions of the Honorable the Court of Directors, prohibitory of similar improper proceedings.

Letter dated 25th April 1810.

Para. 116. "It is indispensibly necessary to the due execution of the important "tho' invidious duties of the Office of Audit, that the Military Auditor General "should receive every reasonable support from Government in the discharge of his "official labours, and that any instance of indecorous behaviour towards him shall "be marked with the displeasure of the Governor in Council.

Letter dated 9th September 1812.

Para. 16. "We have on this and many other occasions, observed, that very "unmerited insinuations are thrown out by Officers against our Military Auditor "General, under, we believe, a mistaken idea that a considerable degree of discre-"tion rests with that Officer in enforcing the Pay Regulations of Government."

"We consider it to be of importance that the Officers of our Army should clearly "understand that the Military Auditor General has no discretionary authority, but "is bound to enforce the Regulations of Government respecting the pay and allow-"ances of the Troops with the utmost strictness and precision."

While the Governor in Council announces that any further instances of disrespect to the Office of Audit, will be considered as a disobedience of the Orders of Government, and treated accordingly, he assures Officers of the most prompt relief being afforded, whenever any case of hardship may be brought under his consideration.

G. O. G. 6th November 1821.

The Honorable The Governor in Council is pleased to direct, that the six Extra Battalions of Native Infantry raised for the service of this Presidency, under the General Order dated 13th January 1819, shall be disembodied on the 30th Instant ---under arrangements which have been made, in communication with His Excellency The Commander in Chief, for the transfer, and drafting, of the Native Commissioned, Non-Commissioned, Rank and File, &c. &c. to Corps of the line.

G. O. G. 30th November 1821.

The Honorable the Governor in Council deems it proper to republish the General Orders of Government dated the 20th September 1811,—and as instances have occurred of Individuals who had accounts, and advances of the public money to adjust, applying for leave to proceed to Europe before the demands against them had been settled, and after they have obtained leave of absence having delayed commencing the necessary adjustment until nearly the period of their intended departure, whereby the public service has been exposed to considerable inconvenience, The Governor in Council has been pleased further to resolve not to grant leave or furlough to Europe hereafter to any person who may hold, or have held situations involving the receipt and disbursement of the public money, or who may have received special advances, until a report shall be made to the Government by the Accountant General of the same being adjusted or being in a train of immediate adjustment.

G. O. G. 20th September 1811.

Instances having occurred of Officers who have had charge of Public Departments, and others who have been entrusted with the receipt and disbursement of the public money, postponing the final adjustment of their accounts until they are on the eve of embarking for Europe, whereby the Honorable Company have been exposed to much risk and loss, and the current business of the public departments under Government has been impeded, the Governor in Council is pleased to direct, that, all Officers who have held, or may hold situations involving the receipt and disbursement of public money, shall notify to the Accountant General in the Military Department of accounts their intention of proceeding to Europe at least three months previous to the computed period of their embarkation, in order that the necessary arrangements be made for the regular adjustment and final settlement of their accounts,—and in the event of any Officer of the above description omitting to furnish the notification prescribed in this order, the usual certificates, to enable him to proceed to Europe shall be withheld.

G. O. G. 30th November 1821.

* The Honorable the Governor in Council is pleased to notify in General Orders, that, all claims to Clothing which shall not be preferred to the Clothing Board within two years after the Clothing shall have become due, will be rejected.

G. O. G. 4th December 1821.

1. Doubts having occurred regarding the proper mode of conveying the authority of Government for payments and advances in the Military Department, and also respecting the mode in which the latter should be brought to account and adjusted; the Honorable the Governor in Council deems it expedient to establish the following course of proceeding by which the parties concerned will, in future, be guided in the cases referred to.

2. The orders and authority of Government for all payments and advances to be made by Military Paymasters will, in future, be notified to the Military Auditor General

---

* *From 1st January 1823 all claims to be made within one year after they become due, vide G. O. 5th July 1822, page 168.*

General exclusively, whose duty it will be to transmit the necessary instructions to Paymasters for giving effect thereto; specifying always whether the advances are to be made on abstract or on receipt, and under what heads of account the sums are to be entered.

3. The Military Auditor General is at the same time, to notify, for the information of the Accountant General in the Military Department, the particulars of all advances of the latter description (i. e. on receipt) and it is to be distinctly understood, that Paymasters are entitled to take credit for their amount in their monthly accounts current, without reference to the recovery or adjustment of the sums so issued, the Accountant General in the Military Department is accordingly to pass all such advances to the credit of Paymasters, provided the proper receipt or other documents are forwarded in proof of the parties having received the amount.

4. The adjustment of advances of the description referred to in the preceding paragraph, is to be effected under the instructions of the Accountant General in the Military Department, either by notifications to other Governments or to the Paymasters under this Presidency by whom the bills or abstracts on account of which the advances are made, may be payable.

5. All General Orders intended for the use of the Military Pay Department, are to be transmitted, agreeably to the Code of Pay Regulations, page 205, Para. 23, to the Military Auditor General, by whom they will be circulated to the proper offices.

G. O. G. 4th December 1821.

The Honorable the Governor in Council is pleased to rescind the Regulation authorizing Horse Allowance at the rate of Rupees 21 0 0 monthly for each Horse, and to fix Rupees 30 0 0 per mensem, as the established rate applicable to all Officers entitled to Horse Allowance, who may not be in receipt of a higher allowance on that account, under former Regulations.

This order will have effect from the 1st of September last.

G. O. C. C. 13th December 1821.

* With reference to the General Orders by Government of the 26th January 1821, His Excellency The Commander in Chief forbids, Officers proceeding in charge of Treasure, commencing to pack, or move with their detachments until *day-break;* and that in consequence, permits them under the authority of Government, instead of marching 12 miles per day, to move at the average rate of 8 miles; with the usual halt on the 4th day agreeable to the existing regulations, when the state of the weather, or condition of the cattle may render it necessary.

G. O. G. 14th December 1821.

The Honorable the Governor in Council is pleased to assign the title of Assistant Adjutant General, to the Officer charged with the duties of Brigade Major of Artillery at St. Thomas's Mount with the established salary, and to declare the office tenable by a Regimental Major.

The following extracts from General Letters from the Honorable the Court of Directors to the Government at Fort William, are published in General Orders.

Extract General Letter, dated 14th April 1813.

Para. 162. "We direct you to notify in General Orde rs tothe Army, our resolution to dismiss from our service every Officer who shall be proved to have been guilty of cruelty to any Native, either by violently and illegally beating or otherwise maltreating him, and we desire that you will be very particular in bringing to our notice any instances of that kind that may hereafter occur.

Extract

Extract General Letter, dated 20th October 1815.

Para. 110. "We are extremely sorry to find that the proceedings on the trial of Lieutenant Samuel Moody exhibit proofs of the most ungovernable rage and cruelty on the part of that Officer, ending in the murder of the Native, Subahee, by whom he suspected himself to have been robbed.

111. "We hereby dismiss him from the Service, and direct that his name be struck off the list of the Army.

112. "We also direct that you cause these orders to be published to the Army."

Extract General Letter, dated 30th May 1821.

Para. 3. "From the documents to which reference is made, the conduct of Ensign Charles Hodges appears to have been of the most wanton and unprovoked description, and this does not appear to have been the first offence, of a similar character, of which that Officer had been guilty.

4. "With a view to mark our sense of such atrocities with a view to the protection of the people committed to our care, as well as with a view to the protection of the honor, happiness, and safety of our Officers themselves, we direct that Ensign C. Hodges be dismissed from our Service and sent to England, immediately on the expiration of his imprisonment.

6. Having signified our Resolutions upon the immediate case before us, (the occurrence of which we had hoped our orders of the 14th April 1813 (Para. 162), and and 20th October 1815 (Para. 110 to 12), would have prevented) we desire that you will take immediate measures for making our Orders of 14th April 1813, and 20th October 1815, as well as those now transmitted to you, known to our Military Servants."

G. O. G. 11th January 1822.

All Clothing prepared for the Army of this Presidency, shall be examined, previously to its being packed, by a Committee at Fort St. George, to be composed of five Members, namely.

1	Field Officer	To be furnished by the Garrison of Fort St. George.
1	Captain	
1	Quarter Master	
1	do	from St. Thomas's Mount.
1	Officer	To be furnished from the Quarter Master General's Department or the Adjutant General's Department.

5

The Senior Officer to be President of the Committee.

Whenever Clothing may be ready for inspection, the Agent, (or other Officer by whom Clothing may be supplied) will give at least two days notice to the Town Major and to the Adjutant General of the Army, specifying the time and place at which the Clothing is to be viewed, in order that due warning may be given to the Officers who may be detailed for the duty.

For the guidance of the Committee, Patterns of each article supplied in India, shall be established by His Excellency The Commander in Chief, under the authority of Government, and these patterns shall be authenticated by the seals and signatures of the Adjutant General of the Army, and the Secretary of the Clothing Board; the Committee will accordingly compare the articles furnished, with the established patterns; they will carefully examine the workmanship, see all Jackets fitted on the blocks of the sizes specified in the View Certificates, and will peremptorily reject every article which may be found not to correspond with the patterns.

It will likewise be the duty of the Committee after having examined and approved the Clothing furnished for any Corps or Department to see the same counted, and packed in Bales, accompanied by an invoice specifying the number and description of articles in each bale, which invoice is to be signed by the Members of the Committee—The bales are then to be sealed in presence of the Committee, and delivered to the executive Officer for dispatch.

For

For all Clothing approved and passed, the Committee shall grant certificates of survey in triplicate, one copy to be transmitted to the Clothing Board for record—and the others to be delivered to the executive Officer in order that one may be sent by him with the Clothing—and the remaining one be kept in his Office for reference. —The certificate or reports of survey are to be made out according to the annexed Form.

N. B.—Corps at the Presidency may receive their Clothing directly from the executive Officer in the presence of the Committee, if this arrangement would at any time be attended with greater convenience to the parties.

It may be expected that a due attention to the provisions contained in the foregoing paras. will effectually secure the supply of Clothing of good workmanship, and in all respects corresponding with the patterns established by authority—but as a great part of the Clothing of the Army must be conveyed to distant stations, and will be thereby liable to injury—It is accordingly directed, that all Clothing dispatched from the Presidency, shall upon reaching its destination, be opened and carefully examined in presence of a Committee to be formed for the purpose, and if such Clothing or any part of it, shall upon examination be found objectionable, from injury received on the road or from other cause, a report of the circumstance is to be immediately made to the Officer Commanding in the Division, who will direct such further enquiry as he may think proper, and eventually report to the Head Quarters of the Army should he consider that measure necessary.

Duplicates of the established patterns will be sent to the Head Quarters of the several Divisions of the Army where they are to be kept, for the greater facility of reference and comparison, in cases when Clothing may be objected to, by the receiving Committees.—These duplicates will be authenticated in the same manner as directed for the original patterns at the Presidency.

G. O. G. 29TH JANUARY 1822.

2d.—The consolidated allowances of Superintending Surgeons are to be considered as including the full batta of Captain, the Tent allowance of Major, and Rupees 35 per month for a Writer, and it is to be understood that they are not entitled to any other allowances whatever, except the difference between Captain's full, and Major's full batta when employed on actual field service.

3d.—When Superintending Surgeons may be absent from their Divisions, they are to provide for the office charges of the Surgeons who may be appointed to act during their absence, agreeably to the 95th para. page 318 of the Code of Pay Regulations.

4th.—The salaries of Officers whose allowances are consolidated will continue to be drawn as heretofore, except when on leave of absence, in which case the allowances must be reduced in the proportion directed by G. O. 6th November last*, and on the principle laid down in the 1st paragraph of this order.

G. O. G. 29TH JANUARY 1822.

Frequent applications having recently been received from Discharged and Time-expired Non-Commissioned Officers and Soldiers, for permission to remain in India, the Honorable the Governor in Council is pleased to notify to the Army in General Orders, that the Honorable the Court of Directors have prohibited the grant of such indulgence to Europeans of that class.

G. O. C. C. 21ST FEBRUARY 1822.

☞ † The Commander in Chief is pleased to cancel that part of the General Orders of the 3d September 1816, permitting Officers of Infantry on this Establishment, to wear Regimental Caps, made of basket mat work, covered with black cloth; and to direct that, every Officer of Infantry shall immediately supply himself with a Beaver Cap of the established Pattern, which for their convenience have been supplied to the Commissaries of Stores at the several Stations of the Army, by whom they

FORT ST. GEORGE,
ARMY CLOTHING AGENT'S OFFICE,
22d January 1822.

(Signed) CHARLES FARRAN,
Agent for Army Clothing.

* The foregoing, and such other Articles as are from time to time available in the Depot for Officers, are issued upon Indent under the regulations contained in the General Orders by Government dated the 8th November 1814, 21st November 1815, 29th March 1816, and 8th July 1817.

G. O. G. 12TH FEBRUARY 1822.

1. The Honorable the Governor in Council is pleased to direct that the requisite supplies of Stationary, Green Cloth, &c. for the use of Committees assembled at the Presidency shall, in future, be obtained by the requisition of the President, on the Adjutant General of the Army, when the Committee may be assembled under the orders of His Excellency the Commander in Chief; and on the Town Major of Fort St. George, when appointed by orders from his Office.

2. The Adjutant General and Town Major will accordingly, include a provision for such supplies in their periodical Indents on the Public Stores; and the President of the Committee is, in each case to return the Articles, which remain unexpended on the dissolution of the Committee, to the Office from which they were received.

G. O. G. 15TH FEBRUARY 1822.

The Honorable the Governor in Council has great satisfaction in publishing to the Army the following Extract from a Letter addressed by the Resident at Nagpoor to Colonel H. S. Scott, C. B. (copy of which has been communicated by Mr. Jenkins to this Government) "on the occasion of the departure of the Madras Troops hither-" to forming the Subsidiary Force of His Highness the Rajah of Nagpoor."

EXTRACT of a Letter from the Resident at Nagpoor to Colonel Scott, C. B. Commanding the Nagpoor Subsidiary Force, dated 13th January 1822.

"The period of their (the Madras Troops) service in this quarter has been distinguished by events and transactions of no common importance and it is unnecessary for me to repeat what the public records will testify both with regard to their exploits and to the commendation they have uniformly received from the Supreme Government.

"As being more immediately within my province, it is a pleasing duty to me to offer my testimony to the constant good conduct and strict discipline of the force, both European and Native, whether stationary or marching within the territories under my superintendence. I can assert with perfect conviction, that during the whole time

* *Vide Vol. 3, pages* 169, 185, 279.

time of their service, now a period of five years and upwards, not a complaint of any consequence has been made of their irregularity or maltreatment of the natives of the country, and this alone is sufficient to stamp the high character of the troops in general, and in particular reflect a degree of credit on yourself and the Officers of the force, to which no panegyric can add.

"In conclusion, I cannot refrain from offering to you personally the expression of the high satisfaction which I have derived from all our intercourse whether public or private. Our earlier connection in the public Service was distinguished by a crisis of peculiar danger to the British interests in this quarter, which will never be forgotten for the brilliancy of the actions it gave rise to, so honorable to yourself and the troops under you, and I owe it to you to say that the cordiality of your co-operation on all occasions, and the spirit of accommodation and friendliness which you have maintained throughout our long public correspondence have essentially contributed with the bravery and discipline of the troops, and the judgment and activity of the different Officers employed, to the establishment of the present order and tranquillity subsisting in every part of these territories."

G. O. G. 26TH FEBRUARY 1822.

* The Honorable the Governor in Council is pleased to direct, that the recovery of the amount of objectionable charges from the Estates of deceased Officers shall take place without reference to the restriction established by General Orders, 11th November 1816, in regard to sums objected to by the Military Auditor General, on the first audit of Paymaster's accounts.

G. O. G. 8TH MARCH 1822.

The Honorable the Governor in Council is pleased to resolve that the following Rules shall in future be established in the Department of Buildings and Repairs, with regard to advances to the Executive Officer.

When the amount to be disbursed is not large, the Executive Officer will receive one third previously to the commencement of the work;---a second advance, equal to the same amount, when the walls are raised,---and the last third, after the building shall have been covered in, to enable him to complete the work.

When buildings to be erected are of considerable magnitude, the advances will be regulated according to circumstances under special recommendations from the Military Board.---This rule will also apply to extensive repairs,---but when the estimated amount of repairs does not exceed Rupees 500 for workmen, the whole will be paid in advance.

G. O. G. 8TH MARCH 1822.

The Honorable the Governor in Council is pleased to direct that the portion of the 41st paragraph of the Code of Regulations for Buildings and Repairs having reference to the oath in support of Bills be cancelled, and that the form undermentioned be held applicable to the situation of Superintending and other Executive Officers of Engineers.

"I, A. B. Superintending Engineer in ——— do hereby solemnly swear that "neither directly or indirectly have I derived nor will I derive any profit, emolu-

* The Honorable the Governor in Council directs that the sum of Rupees 50 per month, granted by General Orders 26th June 1819, to Officers executing the duties of Regimental and Battalion Paymasters shall be considered as on account of Writers, Stationery, &c. exclusively.

G. O. G. 16th April 1822.

1. Several irregularities in the accounts of Family Payments of the Troops on Field Service having been reported by the Superintendent of that branch of the Military Pay Department, the Honorable the Governor in Council deems it expedient to establish the following additional Regulations for preserving regularity in those accounts.

Extract G. O. 22d July 1814.

"The only legitimate "claims on the Government "for losses occasioned by "family certificates are those "on account of payments "which may be made to families for periods between "the date of Casualties and "of the reports thereof "reaching the Superintendent or Officers Commanding "Stations.

2. The Superintendent is to check the stoppages made by Corps on field service on account of Family Certificates for *each month separately*, and when the amount may be found deficient of the sum paid on the Certificates for the corresponding Months, and *not* accounted for under the Regulation copied in the margin, the Superintendent is to notify the irregularity to the Officer by whom the stoppages were made in the following form.

1st Battalion 4th Regiment N. I.
Lieutenant A. B. Paymaster.

The Superintendent having caused Family Certificates on account

of

* *Vide page 27.*

of this Corps to be paid (agreeable to the Rolls transmitted to him) for the month of March 1822 amounting to ..... Rs. 1,600 0 0

In re-imbursement of which Lieutenant B. has forwarded with his letter of the ——— a receipt of the Paymaster to ——— on account of the Superintendent for 1,580 0 0

Difference unaccounted for Rupees 20 0 0

for which deficiency Lieutenant B. is held answerable being on account of the payments of the Family Certificates of the undermentioned individuals; (or if the deficiency arises from other causes, it is to be stated) and he is required to adjust the amount conformably to the 13th and 16th paras. G. O. 22d July 1814, 5th para. G. O. 14th February 1815, or such other provisions of the Regulations as may be applicable to the case.

MEMORANDUM of the INDIVIDUALS above referred to whose STOPPAGES, for the month of March 1822 have not been accounted for.

No. of Family Certificates.	Names.	Rank and Company.	Amount. R.	A.	P.
43	Shaik Burry	Subidar Grenadier Company	10	0	0
320	Golsom Hyder	Havildar A Company	7	0	0
710	Peer Mahomed	Private Light Company	3	0	0
		Rupees.	20	0	0

3. In the event of a deficiency in the Stoppages continuing in succeeding months, or should the communications of Stoppages be omitted altogether, the above course is to be pursued by separate communications, so that the particulars of each month's deficiency may at all times, be known—and the same rule is to be observed when Corps, &c. happen to receive several months arrears in one payment: as in such cases, the abstracts of each month are always separate, and of course the deductions therefrom on account of Family Certificates can be kept equally so.

4. If the Regimental or Battalion Paymaster does not adjust the amount of such deficiencies in one month from the date on which the notifications reach the Corps; or otherwise shew, by his explanation to the Superintendent that its non-payment has been occasioned by circumstances over which he had no control, and that the necessary measures are in operation for its recovery, the Superintendent is to transmit a copy of each notification to the Paymaster of the Field Post or station where the Corps may be serving, who is to proceed to recover the amount, under the Regulations applicable to retrenchments (Code of Pay Regulations, page 330, para. 43; and page 336, para. 80) the sums so recovered to be credited in the Paymaster's accounts under the head of the Superintendent of Family Payments.

5. When Officers may desire to appeal against demands on account of Family Payments, their representations are to be addressed to the Superintendent, who will forward them, accompanied by any remarks and observations he may deem necessary for the consideration of Government; but as the decisions thereon will be final, the parties must be aware of the necessity not only of stating their cases clearly and fully, but at the same time of not troubling Government with appeals on insufficient grounds.

6. The foregoing rules are to be considered applicable, in every respect, to heads of Departments and Staff Officers on Field Service.

7. In cases of Officers who may have unadjusted accounts of Family Payments obtaining leave to proceed to Europe, the Superintendent, on the publication of the furloughs in General Orders, is to notify the demands to the Accountant General in the Military Pay Department, in order that the party may be required to adjust the amount, or otherwise to deposit the requisite security prior to embarkation agreeably to General Orders 19th September 1820.

8. It is to be understood by the Superintendent, as well as by all Officers concerned that when any question arise for reference to Government, in regard to unadjusted Family Payments of Troops on Field Service, they must invariably be brought forward in the form directed in the 2d paragraph and never as a balance of a general or running account.

G. O. C. C. 1st May 1822.

"Officers reported sick are to confine themselves to their quarters; and not go beyond them but for such air, and exercise as may be prescribed by the medical person attending them."

With reference to the General Regulations, Part the 2d, paragraph 12, noted in the margin, His Excellency the Commander in Chief deems it necessary in relation to recent irregularities brought to his notice, to require the attention of Officers sick absent from their Corps, or sick in quarters, to this rule prescribed for their guidance.

His Excellency the Commander in Chief directs, that Medical Officers attending sick Officers at the Presidency, who may not strictly observe these injunctions, will report the same to the Adjutant General of the Army for the Commander in Chief's information, and those at outstations, to the Commanding Officer of the Division, or Station, and such Officers will be ordered to return to their duty, forthwith.

General Sir Alexander Campbell, Baronet and K. C. B. takes this occasion to notice the practice which too generally obtains, of removing sick Officers from their Corps and Stations to the Sea Coast, and particularly to the Presidency on trivial cases; which with proper care and attention, might be equally efficaciously treated without such inconvenience to the individual, and the service.—It is difficult to prescribe any defined rules for such cases; but Regimental Surgeons, as well as the superior Medical Officers, who countersign Sick Certificates, will hold in mind, that such removal should only obtain their recommendation when the Patient may require change of climate or the sea air; or when medical consultation, or further medical advice, and treatment is important to the case.

G. O. C. C. 9th May 1822.

The Commander in Chief desires, that, in the preparation of the Monthly Returns and Muster Rolls of Regiments and Corps, Officers employed as Residents, or Political Agents are to be returned—"*on Staff Duty*,"—and those Officers employed as Assistants to Residents, or Political Agents, or Commanding their respective Escorts, or who may be employed in the service of Native Powers, are to be returned "*on Command*," *under the orders of the Resident, or Political Agent, at* ————, as the case may be.

G. O. G. 10th May 1822.

The Honorable the Governor in Council having resolved, that the Dispensary shall be removed from Fort St. George to Choultry Plain, is pleased to relieve the Superintendent of that Institution from the duty of Assistant to the Garrison Surgeon and to direct, that the Permanent Assistant to the Garrison Surgeon shall in future reside in the Quarters at present occupied by the Dispensary.

The Invalid Sub-Assistant Surgeon attached to the Dispensary is removed from that Institution, and appointed to do duty in Fort St. George.

G. O. G. 17th May 1822.

The Honorable the Governor in Council having been pleased to approve of a New Code of revised Regulations for the conduct of the Ordnance Department, is pleased to direct that those Regulations shall be strictly attended to, and that copies be distributed under the orders of the Military Board to Officers Commanding Divisions, and Stations, and to the Heads of Departments and Corps.

G. O. G.

G. O. G. 28th May 1822.

The Honorable the Governor in Council having received from His Excellency the Commander in Chief a report on the state of the Corps of Artillery stationed at St. Thomas's Mount, which was lately inspected and reviewed by Major General Sewell, has much satisfaction in notifying in General Orders that the Major General speaks of the discipline and efficiency of that Corps generally in terms of high commendation.

The character and services of Lieutenant Colonel Noble, C. B. are already well known and appreciated, but the manner in which he has formed and brought forward the Native Troop of Horse Artillery entitles him and the Officers of those Troops upon this occasion to the acknowledgments of the Honorable the Governor in Council.

The zeal and ability displayed by Major Showers in the formation and organization of the 3d Battalion of Artillery or Golundaz (unaided by any other Officers than the Staff of the Battalion) which enabled him to produce his Corps at the Review in a highly disciplined state, has also entitled him and the Staff of the Battalion to the thanks of the Honorable the Governor in Council.

G. O. G. 24th May 1822.

The Honorable the Governor in Council is pleased to cancel the 3d paragrah, page 347, of the Code of Pay Regulations, and to resolve that Pioneer Allowance be granted to Surgeons and Assistant Surgeons *actually posted* to the Corps of Pioneers.

G. O. G. 24th May 1822.

The Honorable the Governor in Council is pleased to direct, that a proportion of warm Clothing shall be supplied, when necessary, to European Sick in Garrison and Regimental Hospitals under this Presidency; and that, in consideration of the liberal contract allowance granted to the Surgeons in charge, it shall be furnished by them without any additional charge to the Soldier or to Government.

The Honorable the Governor in Council is pleased to publish for general information, the following copy of a General Order by His Excellency The Most Noble The Governor General in Council.

General Orders by His Excellency The Most Noble The Governor General in Council.

Fort William, *4th May* 1822.

The Most Noble the Governor General in Council directs, that whenever Military Officers

Officers who may be lent to Foreign Services or employed out of the regular line of their professional duty, beyond the British Dominions, may have occasion from ill health or otherwise, to proceed to Sea, they shall invariably transmit their application, accompanied by the prescribed Certificates, to the Commander in Chief of their own Presidency, through the regular channel of its Adjutant General.

Should the nature of the case require an immediate departure, a duplicate of the application and certificates will be presented to the Government of the Presidency from which the Officer may propose to embark.

The Governments of Fort St. George and Bombay will be requested to refuse attention to applications unaccompanied by the duplicate of the application and certificates to Bengal.

G. O. G. 14th June 1822.

* The Honorable the Governor in Council is pleased to publish the following Extract of a General Letter from the Honorable Court of Directors, in the Military Department, dated the 7th November 1821, regarding the mode of future payment of Out-Pensioners of Chelsea Hospital, and to direct, that strict attention be paid thereto—it being however understood that where no Magistrates are present the affidavits prescribed by those Regulations are to be sworn before the Commanding Officers of the Stations at which the Pensioners reside.

EXTRACT. 14. In the Packet you will receive the several Documents noted in the margin for the purpose of enabling you to authorize the discharge of the amount of Pension due to the several Out-Pensioners from Chelsea Hospital, who have been permitted to reside at Madras.

List of Out-Pensioners residing in Madras.
Certificates of admission of the several Out-Pensioners.
Copies of the Papers of Instructions for the guidance of the officer who makes the payments.
Forms of Receipt.
Copies of the Scale of the several Rates of Pension.

15. Great care must be taken in paying these Pensions, that the forms prescribed are observed, and that the receipts and affidavits properly executed are forwarded to us in duplicate, in order that payment of the amount issued in India on their account may be received by us from the Commissioners of Chelsea Hospital.

16. It is our desire that the receipts and affidavits be accompanied with a list of the Pensioners, the amount of payment to each and the total amount issued, with a column of remarks containing such particulars as it may appear necessary to state, with a view to obviate any difficulty in the adjustment of the account in this country.

Instructions for the information and guidance of the persons who may be appointed by the Honorable the East India Company to pay the Out-Pensioners of Chelsea Hospital resident in India.

Lists will be furnished to the Secretary of the Honorable the East India Company by the Secretary of Chelsea Hospital, of all Out-Pensioners of that Establishment to be paid in India, wherein a description of each Pensioner together with every particular of his service will be given as taken from his discharge with the view to his identity when he applies for his Pension.

The first payment to be made as soon as convenient after the arrival of the lists; these lists to be the guide for all future quarterly payments, which must be made in strict conformity with the accompanying Scales or Tables for the different quarters.

When any Pensioner is to be paid for any period less than a quarter, care must be taken to deduct five per cent from the gross amount of his Pension as is required upon all issues of Out-Pension by an act passed in the 28th year of the reign of His Majesty George the Second.

Every quarter's payment is to be made in advance, immediately after the commencement of each quarter, viz. on the 25th of March, the 25th of June, the 25th of September, and the 25th of December, upon the Pensioner producing an affidavit drawn up and attested according to the form set forth in his Paper of Instructions which will prove his existence and identity.

The Pensioners are to sign the Receipts according to the printed Form herewith sent, which are to be properly witnessed and filled up with the rate of Pension, Regiment or Corps, amount, number of days, and period, and with the name of the person making the payment, the receipts and affidavits to be taken in triplicate in order to remedy any loss by miscarriage or otherwise.

One set of such Receipts and Affidavits together with a list or account of the payments to be transmitted to the Secretary of the East India Company by the earliest opportunity, duplicates thereof by the next conveyance, and the triplicates to be retained by the person making the payments.

Particular care must be observed in paying the Pensioners themselves, as no other person or persons can legally receive the same under any pretence whatever if the Pensioner be living.

As the Out-Pension is paid quarterly in advance, if any Pensioner dies even on the first day of the quarter his Widow or other representative is entitled by the rules and regulations of Chelsea Hospital to receive the amount of Pension for such quarter; if the Widow make the application she must produce a certificate of her marriage, also a full and sufficient certificate that the Pensioner died after the termination of the quarter for which he had received his Pension.—If there be no Widow but the next of Kin applies, and the sum due be under five pounds, an authentic certificate that the applicant is the next of Kin must be furnished, upon which document the Pension due may be issued; if the sum be five pounds or upwards, the person so applying must produce Letters of Administration or such other document as the Laws of the Country require from representatives recovering monies due to their deceased relatives; and in every case of demand for pension due to deceased Pensioners certificates of death and the necessary documents beforementioned must be annexed to the receipt. It will be also necessary to report for the information of the Lords Commissioners of Chelsea Hospital the death of any Pensioner, in order that his name may be struck off the Hospital Books.

The Honorable the Governor in Council is pleased to publish the following Extracts of a General Letter, in the Military Department, from the Honorable Court of Directors dated 28th November 1821.

Para. 5. Application having been made to us, by an Officer of His Majesty's Service who had been promoted in India to the rank of Major General, and who returned to England in consequence, to be granted the full batta of his Regimental rank during the period of his residence in India, subsequently to the date of the announcement of his promotion: We have resolved to grant to Officers in His Majesty's Service, who may be promoted in India, to the rank of Major General, and not placed on the Staff, the full batta of their Regimental rank, for the period of their actual residence in India, not exceeding in the whole three months, from the date of announcement of the promotion in General Orders at the Stations where they may be serving.

8. We have decided that, in future, the Surgeons of Ships carrying Troops to your Presidency, shall be allowed fifteen shillings per head for medical attendance on the Officers embarked, as well as for the Private Soldiers, and this will be your authority for sanctioning such payments, provided the Officers proceed with their respective Regiments, or in charge of Detachments of Recruits, but not otherwise.

G. O. G. 21st June 1822.

The following extract from the proceedings of the Honorable the Governor in Council in the Judicial Department is published in General Orders.

JUDICIAL DEPARTMENT.

No. 230.

Extract from the Minutes of Consultation dated 14th June 1822.

"Agreeably to Clause First Section III. Regulation VI. A. D. 1821, the Honorable the Governor in Council has been pleased to vest Police authority and the maintenance of the peace in the Commanding Officers of the undermentioned Garrisons, Cantonments and Stations, viz. Vellore, Arcot, Wallajahbad, St. Thomas's Mount, Presidency Cantonment, Poonamallee, Masulipatam, Bellary, Cananore and Palamcottah.

Agreeably to Clause Second of the same Section, the Governor in Council has been pleased to vest Police authority, and maintenance of the peace in the Commanding Officers within the limits of the Military Bazars only at Trichinopoly and Berhampore.

The limits of the Cantonments and Military Bazars above mentioned have been sanctioned and confirmed by Government and orders have been given for depositing plans of the same in the Cutcherry of the Magistrate of the district in which they

are

are respectively situated. As soon as plans have been so deposited, as required by the Regulation, the Commanding Officers will exercise the powers conferred upon them by Sections III, IV, V, and VI.

The Governor in Council has been pleased to establish General Military Bazars at the undermentioned Stations, viz. Vellore, Masulipatam, Bellary, Cannanore, and Trichinopoly. In these five General Military Bazars, the Commissariat Officers, subject to the orders of the Commanding Officers will exercise the powers conferred by Sections VII, VIII, IX, X, XI and XII of the Regulation. Commissariat Officers will not, without further orders from Government, be employed in the duties prescribed by this Regulation, except at those Stations at which General Military Bazars are established.

It is only in the five General Military Bazars that the powers conferred by Sections VII, VIII, IX, X, XI and XII of the Regulation are to be exercised.

The offence of smuggling spirits within any Military Bazar whatever is by Clause Second Section VI liable to be punished by military law. That offence is liable to be punished in the same manner within the limits authorized by Section XIV of the Regulation; and the Governor in Council has resolved that those limits shall extend four miles around the Military Bazars, at the undermentioned Stations; viz. Vellore, Masulipatam, Bellary, Cananore, Trichinopoly, Wallajahbad, St. Thomas's Mount and Poonamallee.

The manufacture and sale of spirituous and fermented liquors at the five General Military Bazars and within four miles around them will be conducted by the Commissariat Officers stationed there. At all other Military Stations they will continue to be rented by the Collectors, subject however to such conditions where European Troops may be quartered as the Commanding Officer may deem necessary for the health and discipline of the troops.

Independently of the local authority conferred by the Regulation, authority of a personal description is conferred by Section IV over all retainers of the Army for breach of Cantonment Regulations and by Section V. for assaults and petty thefts: by Clause Third Section XI, over Bazarmen attached to troops marching; and by Clause Second Section XVI, over retainers of the Army and other persons amenable to martial law for selling spirits to Europeans. In these instances the authority granted by the Regulation may be exercised over persons liable to it, although the general police and maintenance of the peace have not been vested in Commanding Officers.

With respect to the provision contained in Clause Third Section XI, that for certain offences "all bazarmen of every description residing in Military Bazars, the limits of which may have been fixed by the Government," that is to say General Military Bazars, it is proper to observe that mere inhabitants of such bazars are not amenable to military law, unless, as the Section specifies, they reside there "for the purpose of supplying the troops and followers of the army." They must in fact be military bazarmen; and it is obvious that to stretch this provision beyond its strict limits would be not only unauthorized, but highly oppressive and unjust.

It seems only necessary to desire further that a liberal construction be given to Clause First Section XII, which provides for people of the better sort not being subjected to corporal punishment if it can be helped: that every case in which a person claiming exemption from corporal punishment under that Section shall notwithstanding be so punished, and every case in which any Bazarmen residing in a General Military Bazar shall be punished under Clause Third Section XI, be especially reported to Government by the Commanding Officer: that the Military Courts authorized by Section XVIII, to try cases of simple debt be convened as often as occasion requires, and their proceedings duly attended to; and finally that the endeavour be uniformly made to carry into effect the several provisions of the Regulation with as little severity, hardship or inconvenience to any of the individuals affected by them as may be consistent with the attainment of the ends in view.

Ordered that the foregoing resolutions be published in G. O. to the Army and be communicated to the several Magistrates and Courts of Justice.

G. O. G.

G. O. G. 5th July 1822.

* The Honorable the Governor in Council is pleased to direct, that from and after the 1st of January 1823, all claims against the Clothing Department, whether for half Mounting, Clothing or Compensation shall be sent to the Clothing Board within one year, after the same shall become due, and that all claims, which may not be thus preferred shall be rejected.

G. O. G. 19th July 1822.

† The Honorable the Governor in Council is pleased to authorize payment of a Bounty of Rupees fifty to such men of His Majesty's 53d Regiment, between 35 and 42 years of age, as shall engage for service in the Honorable Company's European Infantry under this Presidency, for a period of five years ; subject to Regulations for Invaliding and Pensioning, without reference to their former service in His Majesty's Regiments.

G. O. G. 26th July 1822.

His Excellency The Commander in Chief having communicated to the Government a decision by The Most Noble The Governor General in Council that, in regard to admission on the Pension Establishment, Volunteers from His Majesty's Regiments under the Presidency of Fort William for the Honorable Company's Service shall be allowed the benefit of their actual service in His Majesty's Army *in India*, the Honorable the Governor in Council is pleased to extend that indulgence to Volunteers from His Majesty's Regiments serving under this Presidency, and to cancel the resolution published in General Orders under dates the 7th of June and 19th Instant†.

G. O. C. C. 9th August 1822.

It having been brought to the notice of the Commander in Chief that several instances have recently taken place of Native Commissioned, Non-commissioned Officers, and Rank and File transferred to the Pension Establishment have arrived at the Presidency, on return to their native Provinces in Bengal, provided merely with a certificate of last Effective Pay issued to them, and the Pension Certificate granted by Government; His Excellency the Commander in Chief directs, that in all future instances of individuals being removed to the Non-Effective Establishment who may be desirous to return, and draw their respective stipends in Bengal, Officers Commanding Corps are to make application to Head Quarters, soliciting that permission may be obtained for that purpose, forwarding at the same time a Passport of the usual form for the countersignature of the Adjutant General of the Army, which will be returned to Corps respectively, when the required authority is obtained for the individuals receiving the amount of their Pensions at such stations, or villages in Bengal as each may request to reside at.

It will therefore be necessary for Officers Commanding Corps and Detachments on being furnished with Extracts from the confirmed Proceedings of General Invaliding, Pensioning and Discharging Committees to ascertain from Natives of Bengal who are "pensioned" whether it is their wish to return to their homes; in which case it will be requisite for Officers Commanding Corps and Detachments to make the application heretofore ordered, that the individuals so situated, may not be detained at Battalion Head Quarters after the receipt of their respective Pension Certificates.

Pension Certificates issued to individuals removed from the effective strength of Corps are invariably to bear the date of their being so issued, and the date up to which the Pensioner has received effective Pay, as from the day following, his Pension Pay is to commence, and this Memorandum, is to be signed by the Officer Commanding the Troop, or Company and countersigned by the Officer Commanding the Corps.

The Commander in Chief takes this opportunity of publishing to the Army a Form of Certificate which is necessary to be furnished to such Native Commissioned, Non-commissioned Officers, Rank and File as may be permitted to proceed to Bengal *on leave of absence*, and his Excellency directs, that it may be carefully observed to prevent the great inconvenience and distress that has so frequently been experienced by Native Soldiers serving under this Presidency.

General Orders by His Excellency The Most Noble The Governor General in Council.

FORT WILLIAM, *28th June* 1822.

The Most Noble The Governor General in Council is pleased to direct, that Officers of His Majesty's Service in India, who may be reduced to half pay, shall instead of being permitted to draw the half batta and House Rent of their rank for six months after the date of their notification of their removal to the half pay List as announced to the Army in General Orders of the 17th October 1818, be entitled to the full Batta and House Rent of their respective ranks, for three months agreeably with the principle laid down by the Honorable the Court of Directors, for Officers promoted to the rank of Major General from the date of the publication of Orders respecting their transfer to the half pay List at the station where they may be serving.

Misconceptions having arisen as to the period to which an Officer under orders for Europe may remain in India, and still have a claim to Passage Money, it is hereby declared, that any Officer remaining in India after the departure of his Regiment for England, or a half pay Officer after his transfer to the half pay List beyond a period of three months from the date on which he shall have ceased to draw India allowances under the above circumstances, shall forfeit every claim to Passage Money or to a Passage being provided for him at the public expense.

(Signed) W. CASEMENT, Lt. Col.
Sec. to Govt. Mil. Dept.

2.—The rate of House Rent established for Officers at the Presidency is that, which is to be drawn under the above Regulation, and the duration of the Allowances is to be, as, in the case of General Officers, for the period of the actual residence of the parties in India, not exceeding in the whole three months.

G. O. C. C. 12TH AUGUST 1822.

The Commander in Chief expects that upon all public occasions, Medical Officers of every rank will appear in their uniforms, and His Excellency particularly directs, that the Medical Board, will by its example, render it unnecessary for the Commander in Chief to advert again to their want of attention to this point of duty.

G. O. C. C. 21ST AUGUST 1822.

With reference to the Government General Orders 8th May 1819, His Excellency the Commander in Chief is pleased to direct that the use of the present Arms of the Gun Lascars attached to Battalions of Foot Artillery and Golundaz shall be discontinued: and that they be equipped in future with Light Pioneer Tools.

Officers Commanding Battalions of Foot Artillery, and Golundaz will forward Indents to the Military Board to complete the Gun Lascar Establishment with Arms, Accoutrements, and Tools according to the following Table, and allotment.

of the General Orders dated 18th July 1820 establishing a Mess for Cadets shall be considered applicable to Assistant Surgeons on their first arrival from England.

G. O. G. 6TH SEPTEMBER 1822.

The Honorable the Governor in Council is pleased to direct the publication of the following General Order by The Most Noble The Governor General in Council, which is to be considered equally applicable to this Presidency.

GENERAL ORDERS BY HIS EXCELLENCY THE MOST NOBLE THE GOVERNOR GENERAL IN COUNCIL.

FORT WILLIAM, 19*th July* 1822.

It having come to the knowledge of The Most Noble The Governor General in Council that some of the Army Medical Staff, (His Lordship hopes not many) have been in the habit of demanding fees for attendance on the Families of their Brother Officers, it is hereby strictly commanded that such practice shall cease, it being clearly understood by Government that the attendance of Medical Officers, in their professional capacity, on the Families of the Officers of the Corps to which they are attached, is an imperative part of the duty to be performed by them.

This order is to be considered applicable to medical attendance by Presidency Surgeons, Garrison Surgeons, and Staff Surgeons of Stations, on the Officers of the Army and their Families, who may make application to them for professional advice.

G. O. G. 6TH SEPTEMBER 1822.

☞ The Honorable the Governor in Council deems it expedient to direct, that all Native Pensioners shall have the option of residing at such Stations or Villages as they may prefer; and that, when there may be no Military Officer at the places selected by the parties, they shall be mustered and paid by the Collectors or other Civil Authorities on the spot.

The Civil Officers, on whom such duties may devolve, will receive from the Paymasters of the nearest Stations copies of the Regulations published in G. O. 8th and 20th July 1816, with the form of Pay Abstract, Detailed Muster Roll, and Abstract Muster Roll on which the Pensions are to be drawn, with such particulars connected therewith, as may be necessary for their information: and adhering to those forms, the Civil Officers will pay and muster the Pensioners, taking for their guide in the payment of each Individual, the sum specified in his or her Pension Certificate.

The Pensioners are to be paid on, or as soon after, the 1st of each month as may be practicable, and the amount is to be adjusted by the Civil Officers, sending the Abstracts and Vouchers to the Paymasters, and receiving their amount, either in Cash or by deduction from the monthly supply of their Treasuries, as circumstances may render most convenient.

A copy of the Regulation published in G. O. 14th June 1822, regarding Chelsea Pensioners will in like manner, be furnished to the Civil Officers who, when no Military Officer may be at the places of residence of those persons will pay and muster them in conformity thereto, adjusting the amount with the Station Paymasters as above directed.

G. O. G. 6TH SEPTEMBER 1822.

The Honorable the Governor in Council is pleased to direct

1st. That on all occasions of Stores, Provisions, &c. being shipped for the use of Invalid

Invalid Soldiers proceeding to Europe from this Presidency, the Officer in charge of the Invalids shall invariably be either President or a Member of the Committee, which is to examine the Articles, and that a Medical Officer shall likewise be one of it's Members.

2d. That after the Committee shall have reported the Articles good and fit for the purposes intended, they shall be sealed in their presence, and regularly made over to the Officer Commanding the Invalids, who is to be considered accountable for their identity, and who will consequently adopt such means as may be necessary thro' the agency of some trustworthy person under his command to see them shipped, and finally delivered over to the proper person on board.

3d. That the Marine Board on all future engagements with the Commanders of Ships taking Invalids to Europe, are to require from such Commanders, an engagement of their responsibility, the sealed Stores having once been received in charge of the proper person on board, who will grant an acknowledgment of having received them sealed, and to whom is to be transmitted with the Stores a Certificate from the Committee, that they were sealed in their presence.

4th. That it shall be the duty of the Officer in charge of the Troops whenever Stores are taken out, for use, to see the seals removed in his presence.

5th. That whenever any of the seals appear to have been broken, except in his presence, he shall report the circumstance to the proper authorities on his arrival in England; or should such a circumstance occur previous to sailing, to the Quarter Master General of the Army—provided he is satisfied that the fact could not be ascribed to accident.—In the latter case any explanation which the Commander of the Ship may have to offer on the subject, will be transmitted with the Officer's report to the Quarter Master General of the Army.

These orders are to have equal effect on the embarkation of any of His Majesty's Regiments for England, the removal of the seals on board Ship being effected in presence of the Quarter Master of the Regiment, or such other person as the Officer Commanding may appoint.

A copy of these Regulations to be furnished to every Officer on receiving charge of a Detachment of Invalids, &c. proceeding to England.

G. O. G. 13th September 1822.

The Honorable the Governor in Council has been pleased to resolve that Officers in receipt of Field Allowances, who may be placed under arrest, and ordered into Garrison to take their trial by Court Martial, shall be allowed to draw travelling Batta for proceeding to the Station to which they may be ordered and for returning when ordered to rejoin their Corps.

The Governor in Council has also resolved that Officers acquitted of Charges shall be permitted to draw the full Batta of their Rank for the period of their detention on the trial, provided their Corps or Departments shall have continued so long in receipt of that allowance.

G. O. G. 17th September 1822.

* The Honorable the Governor in Council deems it expedient to rescind the 82d Para. Page 315 of the Code of Pay Regulations, and to direct that Certificates of last pay to Native Commissioned, and to European and Native Non-Commissioned Rank and File, shall in future, be issued by Regimental and Battalion Paymasters, under the countersignature of their Commanding Officers—or, when required at Stations not being the Head Quarters of Corps, by the Officers in charge of Detachments and Details, under the countersignature of the Officer Commanding the Station.

The Paymaster at Poonamallee is however to continue to issue Certificates of last Pay, as heretofore, to His Majesty's Troops at that station.

The Honorable the Governor in Council deems it further expedient to direct that the 4 h Paragraph of the General Order 2d October 1819.* regarding Anticipated Audits, in the cases of Officers proceeding to Europe, shall be considered still in force.

G. O. G. C. 22d September 1822.

REMARKS BY THE COURT.*—In advertence to the extraordinary mass of matter which the present Proceedings exhibit, the Court feel themselves called upon to explain, that in a question like the present, involving not only the character, and feelings of the Prisoner, but, from the course which the defence has taken, the character and feelings of several of the witnesses, and others, who were incidentally connected with the circumstances introductory to the preferring of the Charges against the Prisoner, it has not been in the power of the Court, without a total disregard to the ends of justice, to abstain from going into the examination of matter, which under other circumstances would be totally irrelevant to the points at issue.

It is with no ordinary degree of concern that the Court feel themselves compelled to remark, upon the extraordinary discrepancy which the testimony of some of the witnesses exhibits, and respectfully to solicit the attention of His Excellency The Commander in Chief thereto, more particularly to the Depositions of Captains Methven and Crooke, diametrically opposed as they appear to be in most instances to the points to which they have respectively sworn.—Instances arising, not merely from the different light in which two individuals may often view the same circumstances, but manifest in their testimony to almost every fact respecting which they were examined by the Court, and such as to leave in the minds of the Court no room to believe, that they could be the result of misapprehension or mistake.

The Court would have thought it their duty to notice these extraordinary contradictions at the time, but felt that they had not the means from the nature of the Depositions to ascertain on which side the Charge would lay, with the probability of establishing it by proof, they have therefore adopted the only step left them of submitting the circumstances for the consideration of The Most Noble The Commander in Chief. In

* *On the trial of Captain Seppings, 20th Bengal N. I. no award having been pronounced in consequence of there not having been a majority of voices.*

In conclusion, the Court would be deficient in their duty, if they did not remark on, and strongly reprobate the indecent and bitter recrimination in which both the Prisoner Captain Seppings, and the Witness Captain Methven have accustomed themselves to indulge, whenever observing on the conduct of each other, as well antecedent to the present trial, as in the course of the proceedings to which it has given rise.

Remarks by His Excellency The Most Noble The Commander in Chief.

The want of a Sentence renders the protracted and laborious assiduity of the Court altogether fruitless, since there is nothing on which The Commander in Chief has to exercise his judgment in confirmation or disapproval. It is difficult to comprehend by what process of reasoning any Member of the Court could satisfy himself that when a military transgression has been pronounced as established by Evidence, no penal award should follow that Finding; yet, as the decision of Guilty (if it were not unanimous) must have been the act of a majority, some Member at least has maintained that incongruity. His Excellency will not direct the Court to sit again and revise its proceedings, because the essential end has, however informally, been answered; the incorrectness of Captain Seppings's conduct is displayed by the recorded inconveniences which it has entailed.

The Court declares Captain Seppings guilty of a disobedience of orders; a disobedience which was, further, deliberate and wilful; then the Court urges in extenuation it's opinion, "that in so doing, Captain Seppings was influenced solely by an honorable and anxious desire to be placed in a situation to clear his character from the injurious reports which had been circulated to his prejudice." The excuse is inadmissible, consequently no course of evidence should have been sanctioned which professed to have that object; The crime charged against Captain Seppings was disobedience of an order signified to him from The Commander in Chief, and it would be a novel doctrine in military law that an Officer is at liberty to judge what orders is to be deemed imperative and what may be disregarded. It is obvious that if an honorable jealousy of reputation be allowed to stand as an apology for the contravention of a positive order in a case like the present, it must be equally pleadable in every other class of cases; the mischief of such a principle need not be discanted upon.

In the immediate instance, the above palliation is peculiarly inapplicable. The acknowledged respectability of Captain Seppings's character, and the uniform estimation in which he had been held throughout this Army, could not but render any appeal against loose misrepresentations wholly unnecessary. On the other hand, the most serious objection lies to such an appeal. If the irritable feelings of an Officer, in a private question between individuals, be suffered to disturb the Service, and to involve a number of others, the license would speedily grow into a settled practice most embarrassing if not deeply injurious. The quality of that evil cannot be more strikingly pourtrayed than it is by the observations of the Court. In that exposition the following particulars are prominent: The awkward nature of the disquisitions into which the Court confesses itself to have been compelled to embark: The comment on the tenor of the evidence generally, by which intentional perversion is indirectly ascribed to witnesses who are not named, the imputation thereby applying to any or all of them: The specification of two Officers from whose contradictory testimony on the same points the Court confers a criminal laxity in one or the other, without being able to determine on whom so heavy a suspicion should rest; and the Court's "reprobation of the indecent and bitter recrimination of Captain Seppings and Captain Methven upon each other;" a tone discreditable to men of their profession.

Those painful results were the foreseen and inevitable consequence of entering into an investigation of aught that was afloat between Captain Seppings and Captain Methven. The points whence any conclusion was deducible were to be sought among intemperate accusations unguardedly bandied about under original misapprehension and distorted by party heat, while scarcely a single circumstance was afforded so precise as that a witness could speak to it with the certainty which would have attended the recollection of a distinct fact. Each of them delivers his

evidence

evidence as to what he thinks was the impression made upon him at the time; an impression possibly even then loosley admitted; at all events liable to have become confused thro' the lapse of a considerable interval; and this seems a reasonable solution for discrepancies in the testimonies of Captain Methven and Captain Crooke, The Commander in Chief not being able to discover a purpose on either side which could be promoted by a consciously dishonest latitude of representation.

The simple question submitted to the Court was whether Captain Seppings had or had not disobeyed an order from The Commander in Chief. By losing sight of that plain line, and permitting an attempt to qualify the fact, the Court has accordingly to it's own showing produced all the undesirable effects which The Commander in Chief anticipated and endeavoured to prevent when he forbad the future agitation of the disputes between Captain Seppings and Captain Methven. Nothing, however can be more remote from the intention of the Commander in Chief than to insinuate any censure on the Court. Indeed, His Excellency from his examination of the Proceedings sees cause to praise highly the patience and the careful equity manifested by the Court.

Considering as natural the error through which the Court involved itself in such intricacies, since it proceeded from a generous desire to give the Prisoner the fullest scope for exonerating himself, The Commander in Chief would not have expatiated thus on the subject did he not think the matter of such extraordinary interest for the Army, as required that it should be particularly dilated. His Excellency persuades himself that the serious inconveniences incurred on the present occasion (putting out of the question the duration of the trial for above six weeks,) will establish the expedience of an authoritative intervention to stop in an early stage the progress of party bickerings, brought within official cognizance, and will show the fitness of marking with severity any management for evading the injunction.

The Proceedings of the General Court Martial must be considered as having fallen to the ground; so that Captain Seppings is to return forthwith to his duty.

By Command,
