Remarks by the Commander in Chief.

Although the Commander in Chief can entertain no doubt of the fact of Rumzaun Khan, having been privy to the atrocious attack laid in the foregoing charge, and consequently approves and confirms the finding and sentence of the Court; still, as the only material evidence adduced in support of the charge is that of his own confession, and as it appears that this confession was improperly obtained from the Prisoner, under the unauthorized promise of intercession for his pardon, The Commander in Chief feels that it would be inconsistent with strict justice to enforce, under these circumstances, the penalty awarded by the Court, and therefore directs that he be released from confinement and discharged from the Corps of which he has proved himself so unworthy a member.

BY COMMAND,
G. MARLAY, Lt. Col.
Military Secretary.

Extract from the Proceedings of an European General Court Martial assembled at Neemuch, on Friday the 5th day of September 1823, by order of His Excellency General the Honorable Sir Edward Paget, G. President,—Lieutenant Colonel Penny, 2d Battalion 16th Native Infantry.

Deputy Judge Advocate General,—Captain J. Stewart.

Interpreter,—Lieutenant Impey, 2d Battalion 25th Native Infantry.

CHARGES.—Lieutenant Charles William Heriot of the 4th Regiment Light Cavalry placed in arrest by order of His Excellency the Commander in Chief on the following Charges, the same being in breach of the Articles of War.

1st. "For having at Neemuch shortly after the closing of a "Monthly Military Court assembled on or about the 12th of November "1822, and before which certain Bazar Debts of his (Lieutenant "Heriot's) became the subject of investigation, falsely stated to Captain "Engleheart, the President of the said Court, that Lieutenant Colonel "Lumley, the Commanding Officer of the Station, had promised to tear "the Proceedings of the Court, the moment they were received, such "assertion being a direct violation of truth, highly disgraceful to the "character of an Officer and a Gentleman.

2d. "For conduct unbecoming the character of an Officer "and Gentleman, in having on or about the 11th of November 1822,

" beaten, and ill-treated, and suffered to be ill-treated a Native Butcher
" who had applied for payment of his bill previous to his (Lieutenant
" Heriot's) leaving the station, and which demand was subsequently
" adjuged by the said Monthly Court to be just and reasonable.

3d " For having at the same time and place, on the occasion
" of the said Native Butcher expressing his intention of complaining to
" the General Officer Commanding the Division of the ill usage he had
" received, made use of the following expressions—you have no business
" to mention the General's name here, he has no business with my
" private affairs, or words to that effect—such conduct being highly
" disrespectful, and contemptuous to the authority of his superior
" Officer, and subversive of military discipline.

" unbecoming the character of an Officer and Gentleman.

" With respect to the 3d Charge, the Court is of opinion, that
" the prisoner is guilty of having used the words imputed to him, but
" acquits him of intentional disrespect.

NOT CONFIRMED.

(Signed) EDWARD PAGET, General,
Commander in Chief in India.

(A true Extract.)
G. MARLAY, Lieut Col.
Military Secretary.

Although the Commander in Chief concurs in the view of this case take by the Court, still he is of opinion that there was so decided an irregularity on its part in admitting as Evidence the Proceedings of a Court of Award, which Court of Award had acted illegally in administering an oath (tho' at his own request) to Lieutenant Heriot, by which anomalous Proceeding, the prisoner is placed in the position of appearing as an Evidence on oath (and that oath illegally administered) against himself, that His Excellency has determined not to confirm the sentence of the General Court Martial.

Lieutenant Heriot is *accordingly* to be released from his arrest, but having more than sufficiently proved himself unfit to perform the duties of his station, and it having been represented to Sir Edward Paget by the Court that the state of his health is deplorable, he having been deprived of the use of both hands and feet by a paralytick affection, The Commander in Chief has decided to submit to Government his recommendation that he may be removed to the Invalid Pension List.

By Command,
G. MARLAY, Lieut Col.
Military Secretary.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council is pleased to establish an Institution at the Head Quarters of the Artillery, for the purpose of completing the professional education of the Junior Officers of the Corps, and of imparting to the Non-commissioned and Privates of the Artillery, a certain degree of theoretical knowledge, in the duties of their profession.

2. The Officer appointed to the charge of this Institution will be designated " Director of the Artillery Depot of Instruction," and will have charge of the Repository of Models, and Drawings of all Ordnance Carriages, and Machinery attached to the Artillery, as well as the patterns of Stores of every description in use with that branch of the Service; the Institution to be formed, and conducted under the immediate orders and control of the Commandant of Artillery, according to a plan which has been approved of by Government.

3. This office will also be considered, the Repository of all Artillery experiments, and the proper place of record for all Artillery practice; and it will be an important part of the duty of the Director of the Depot, to arrange the results in such a manner as to be of most advantage, and of easiest access to the Officers of the Corps of Artillery; not only of such practice as may

now be on record at the Artillery Head Quarters, but such as may take place in future.

4. The Honorable the Governor in Council is further pleased to direct, that a permanent Select Committee of Artillery Officers, shall be established at this Presidency, assembling as occasion may require, to report upon such professional matters as may be submitted for their consideration.—The Committee to consist of the Principal Commissary of Stores, the Director of the Depot of Artillery Instruction, the Assistant Adjutant General of the Artillery, and the four Senior Officers of Artillery at the Mount, any five being a Committee; the Senior Officer sitting as President, and the Director of the Depot acting as Secretary, having the duty of recording all the Committee's proceedings in his Office.

5. The Commandant of Artillery will not be liable to sit upon this Committee, as he will necessarily be the channel of their reports to the Military Board, where he will always have an opportunity of recording his own sentiments, whether in concurrence or dissent; in the latter case the grounds of such dissent being always recorded at length.

6. The Military Board through the Commandant of Artillery, will be the channel of all references to the Select Committee, upon questions on which their report may be required whether originating with superior authority or otherwise, and any reports required by the Military Board in the course of their own proceedings, will be procured in like manner. In order however to encourage enquiry and useful professional discussion amongst the Officers of the Corps of Artillery, an exception to this rule will be allowed in their favor, and any of them having improvements to bring forward, will accordingly be at liberty to apply as usual, to the Commandant of Artillery, who may refer the subject at once to the Select Committee, laying the result if necessary, before the Military Board with his own opinion; a mode which will afford every facility to the Officers of the Corps, without carrying the discussion beyond it, unless the advantage to the Service should be evident to the Select Committee, and the Commandant of Artillery.

7. No alterations of the Ordnance Carriages or Articles of Artillery or Magazine Equipment will in future take place, without being previously reported on by the Select Committee, and in cases where the Military Board may be desirous of introducing changes contrary to the opinion of the Committee, a reference on the question at issue, will be made for the final decision of Government.

8. No part however of these Regulations or of the plan now generally approved of, is meant to give authority for the adoption of changes in the Ordnance Department, involving increased expense, without the previous sanction of Government.

9. The Honorable the Governor in Council is pleased to appoint Captain J. H. Frith, of the Artillery to be Director of the Artillery Depot of Instruction, on the allowances of a Commissary of the first Class and the Full Batta of his rank; with the following Establishment, viz.

BY ORDER OF THE COMMANDER IN CHIEF.

T. H. S. CONWAY.
Adjutant General of the Army.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS : CHOULTRY PLAIN,

3D APRIL 1824.

His Excellency the Commander in Chief is pleased to direct that the following Regulations shall be at all times strictly observed by Troops embarking for Foreign Service from this Presidency.

There is no situation in which the Troops more urgently require the personal superintendance and care of their Officers, or in which the strictest conformity to Regulations is more indispensibly necessary than on board Ship.

No Officer is, under any pretence whatever, to quit his Ship without the sanction of the Officer Commanding on board.

No Officer is to sleep out of his Ship, without special leave (if a Battalion is embarked) of the Commanding Officer; if only a Detachment, of the General or other Officer under whose direction the embarkation takes place.

The Command on board each Vessel will of course be vested in the Senior Officer, to whatever branch of Service he may belong, and he is equally bound to exercise that Command, and is equally responsible for any breach of discipline which may occur, whether the Officers and Men embarked with him belong to the same Corps with himself, or are Detachments from different Corps.

It is advisable that every Soldier on embarking, except for short passages, should be provided with a coarse canvass frock, or other fatigue-dress, to wear while on board.

As soon as the Troops are on board, and before they are dismissed, the Commanding Officer is to see that the arms and accoutrements are deposited in the racks which are fitted up for their reception, and that the accoutrements are placed in order over the Men's Births; if cleats or slings are not already prepared to fix them, they must be immediately put up.

The Officer in Command of the Troops embarked on board each Transport, will use every precaution to prevent the arm-racks being damaged or destroyed, and will *give to, and receive from the Master*, a certificate of the state of the arm-racks upon his disembarkation.

The Men (Europeans and Natives) must be allotted to Births, regularly by Companies, and their Packs, Caps or Turbands must be hung up near their Births; while this arrangement is making, Europeans are to be divided into Messes, after which each Man is to be shewn his Birth.—The Commanding Officer will not permit on any account, any interference with the food of the Natives. He will personally attend to this essential duty and see that every Man gets the Provisions which have been ordered.

In instances where Troops embark under circumstances which render it necessary that they should keep their ammunition in their Pouches, the greatest caution is to be observed—the quantity of ammunition left in the Pouches should be limited by circumstances, the reserve ammunition is to be in custody of the Commanding Officer, and the Pouches themselves are to be carefully secured, each Man's near his own Birth.

The Non-Commissioned Officers and Men (European and Natives) on board each Transport are to be divided into two or three Watches, one of which is to be constantly on Deck, with at least one Subaltern Officer having the charge of the Watch.

An Officer of the Day is to be appointed on board each Transport—It is his particular and immediate duty to see all orders obeyed, and every Regulation for Troops on board Transports carried into effect---This Officer is likewise to be considered as the Officer of the Guard---When the numbers embark-

ed will permit it, a Captain of the Day is to be appointed, to whom the Officer of the Day, and the Subaltern Officer of the Watch, will report all extraordinaries for the Commanding Officer's information.

A Guard, the strength of which will be in proportion to the number of Soldiers embarked, or regulated by the Sentries required, must mount every morning at nine o'clock ---In Harbour and at Sea, in fine weather, the Guard will be exercised with arms previously to marching off, such Sentries are to be furnished as the security of the Vessel, and the maintenance of order, shall require---In Harbour, the Sentries upon Deck are to mount with their Arms; at Sea, with their Bayonets only.

The Men of each Watch are to be appointed to Stations, so that they best assist the Sailors in working the Vessel. The Non-Commissioned Officers and soldiers not belonging to the Watch are to be ordered below, when required by the Master of the Transport, in order that they may not impede the working of the Ship.

The Officer Commanding on board each Transport must make an arrangement in concert with the Master of the Vessel, for Quartering his Men, so that in case of alarm either from Fire, or an Enemy, every Man may in an instant repair to his station---In making this distribution, the Commanding Officer must be careful not to have too many Men upon Deck—those who are not wanted at the Guns or cannot conveniently be employed with small arms, or in assisting the Sailors, are to be formed as a reserve between Decks.

The Troops are to parade at o'clock A M. (the Europeans without shoes and stockings in warm weather) when every Man must appear as clean as his situation will allow, his hands, face, and feet washed, and his hair combed; they are to parade again at half an hour before sun set.

The Cooks attached to Europeans are to appear clean on parade once a day.

In warm weather the frequent washing of every part of the body is strongly enjoined as an essential requisite to the preservation of health—when circumstances will admit of it, two large tubs are to be fixed upon the Forecastle for this purpose—When this accommodation cannot be obtained, Buckets of water being poured over the body will prove an efficient substitute.

The European soldiers are to wash, comb and brush their heads every morning; they are to be shaved, and put on clean shirts twice a week at least; and it is essential that they should be furnished with the means of changing their clothes when wet.

It is also of great importance to the health of Native soldiers to encourage cleanliness in their persons and clothes as much as possible.

Great attention is to be paid to the cleanliness of the Privies; Buckets of water are to be thrown down frequently in the day to prevent the soil from sticking to the sides of the Ships.

The Bedding is to be brought upon Deck every morning, if the weather will permit by o'clock, and to be well aired.

The Bedding being brought up, the Men are to proceed in sweeping, scrubbing, and scraping the Births and Decks; the upper Decks are to be washed every morning by the morning Watch, previous to the Bedding being brought up, but no washing between Decks is to take place oftener than once a fortnight, and then only when the weather is dry.

The Boards of the Lower Births to be removed once or twice a week, to admit of cleaning under them.

The Officer of the Day is to be always present, and directing, at the cleaning of the Births, &c. and when this duty has been performed, he is to report to the Captain of the Day, or to the Commanding Officer.

At Dinner time, the Officer of the Day is to attend to see that the European Soldiers are regular at their Messes; that their liquor is mixed with at least three parts of water to one of spirit; and should he observe any circumstance of neglect in victualling the Troops, he is to report the same to the Officer

Commanding on board, who, if necessary, will make his complaint thereupon, as also on any other matters touching the conduct of the Masters of the Vessels to the Officer Commanding the Division. Minutes of all these circumstances should be taken by the Commanding Officer, and kept by him.

The greatest care is to be taken that the Coppers be well and regularly cleaned, both before and after use.

Every precaution is to be taken to prevent any liquor from being brought on board for the purpose of being disposed of among the Men.

At Sun-set the Bedding is to be taken down, and at any time during the day, on the appearance of bad weather.

At o'clock in the evening every man is to be in his Birth, except the Men on Guard and of the Watch; the Officer of the Day to go round with a Lantern, to see that the above has been complied with.

With a view of preventing accidents from fire, a sentry is constantly to be placed at the Cooking-place or Caboose, or one on each side, if the number of soldiers on board the Vessel is sufficient, with orders not to allow fire of any kind to be taken without permission.

All Lights are to be extinguished at eight o'clock at night, except the lights over which there may be Sentries; a report of this order being complied with is to be regularly made at the time to the Commanding Officer by the Officer of the Day; the Officers' Lights to be extinguished at ten o'clock, unless the Commanding Officer on board should give his permission occasionally for a longer time, which, however, he is only to grant in cases of sickness or other emergency.

No smoking is to be allowed between decks, or any lights among the men, except in lanterns.

For the sake of Exercise, the Troops should occasionally be required to repair to their respective Quarters by the beat to arms.—Such portion of the troops as are quartered to Guns should be frequently instructed and practised in that exercise.

The Arms and Accoutrements must be inspected frequently. The locks and barrels must be greased, and care taken to prevent their contracting rust, to which, at Sea, they are particularly liable.

The troops must be inspected in Marching Order once in each week, when the Officers will see that their necessaries are properly packed, and the packs well put on, and ascertain that the whole of their appointments are kept in serviceable order.

The frequent fumigation of the Ship is deemed highly material, in order to prevent mischief from confined air.

For fumigation, the following ingredients are required:—Common Salt, four ounces; Oxide of Manganese in powder, one ounce; Sulphuric Acid, one fluid ounce; and Water, two fluid ounces. The water and acid must be mixed together, and then poured over the other ingredients in a bason, which should be placed in a chatty of hot sand.

During voyages in hot weather, the most beneficial effects are derived from the use of wind sails. The Master of the Transport should be desired to have them made immediately, if not already provided, and they should be constantly hung up. These sails throw a stream of cold air between decks, and it is not an unusual practice amongst the men, at least amongst inexperienced soldiers, to tie up the bottom of them, by which this salutary purpose is defeated. The serjeant of the watch must be responsible that this irregularity is never committed.

Officers are enjoined to pay the strictest attention to prevent the Men sleeping on Deck in the warm weather, which they are very apt to do. This practice is generally productive of Fevers and Fluxes.

Exercise being indispensibly necessary for the preservation of health, every encouragement must be given to the Men to use such as may be found practicable, but as the space on board a Transport does not admit of the whole of the Troops receiving a due portion of exercise, the Commanding Officer

will cause them (Europeans and Natives) by squads of twenty or more, to move round the vessel in double-quick-time, each squad for ten or twelve minutes, so that the whole may receive a certain degree of exercise. This is to be practised when circumstances will permit, for an hour in the forenoon, and for the same time in the afternoon.

When in Harbour, if no danger is to be apprehended from sharks, the Troops may be permitted to bathe, provided a Boat, manned, be at hand for the purpose of attending to the Bathers, only ten of whom are to be allowed to be in the water at the same time, and those upon the same side of the ship with the Boat: without this precaution no man must be allowed to bathe from on board.

The Surgeon or Assistant Surgeon is to examine the Men at morning Parade, (Europeans and Natives), and to observe whether there be any appearance of disease in any of them.

The sick are to be separated from those in health as much as possible: upon the first appearance of any acute infectious disorder, the signal is to be made to the Hospital Ship, and the diseased Man removed to her.

The requisite Medical comforts are placed on board of Transports, and are to be considered as intended solely for the use of the sick, or convalescent soldiers embarked.

The articles are placed under the charge of the Medical Officer on board, who on arrival at his destination, is to account for the same, through the Senior Medical Officer at the station, to the Superintending Surgeon of the Division.

It is the duty of the Medical Officers to guard the Men, against costiveness, and as on the arrival of the Transports at any Port a great number of Canoes usually come off with fruit, plantains, &c. generally very green and bad, the European soldiers are not to be allowed to buy such trash, and should only be supplied with fruit and vegetables, as the Medical Officer on board may deem proper.

If the European soldiers are cleanly, well messed, and attended to in the several particulars above directed, every reasonable hope may be entertained of their continuance in health.

Regularity and decency of conduct, which are on all occasions highly estimable in the Military Character are particularly requisite on board of ship; and it is the duty of the Commanding Officer to repress, by the most decided and summary measures, any tendency to insubordination, and to check every *species* of immorality and vice, and to discountenance to the utmost of his power, in any individual under his Command, whatever may disturb the comfort of others, or interrupt the harmony and good understanding which should subsist on board.

The foregoing Regulations cannot be so properly concluded, as by most earnestly recommending to the Officer Commanding on board each Ship in which European Troops may be embarked to cause Divine Service to be performed on every Sunday when the weather will permit. In case there be no Clergyman on board, the Commanding Officer is to perform this duty, or to commit it to some intelligent and respectable Officer. Independent of the strong reason which, in a religious view, demands the discharge of so important and sacred a duty, the regular performance of Divine Service has ever been found to produce and promote cleanliness and good order among the European soldiery.

The Regulations of the Service dispense with the Muster of Camp Equipage and Carriage when on Foreign Service without prejudice to the Tent Allowance of Officers.

The Troops European and Native, will receive Rations agreeably to a Table which has been published in Government Orders.

When Troops are embarked on board of Ships of War, or other ships regularly Commissioned, the Officers and soldiers, (Europeans and Natives) from the time of Embarkation, are (as enjoined by the 23d Section of the Articles of War) to conform themselves strictly to the Regulations established for

the government and discipline of the Ship in which they are embarked, and to consider themselves as under the Command of the Senior Officer of the Ship, as well as of the Superior Officer of the Fleet (if any) to which such Ship belongs.

European and Native soldiers embarked on board Transports are under the Command of their respective Officers, and are to be punished by order of the Military Commanding Officer only. Every attention is to be paid to the request of the Commanders of Transports, who will always apply to the Commanding Officers for assistance, and although the Native Troops are not to be forced to assist in working the Ships (unless on emergency) the Commanding Officer on board will encourage them to assist and promote harmony and good will between the Soldiers and Sailors as much as possible.

SIR,

We have the honor to report, that agreeably to the instructions contained in the letter of the Adjutant General to our address of the 17th Instant, we proceeded to the examination of Lieutenant Chalmers of the 1st Battalion 11th Regiment N. I.

The usual tasks being assigned to Mr. Chalmers, both were speedily performed in a most satisfactory manner—The translation from English into Hindostanee exhibited a knowledge of Grammar and a command of Language which entitle Mr. Chalmers to a place amongst the first class of our Hindostanee Scholars—It was indeed executed in so masterly a manner, as would have reflected credit even on an experienced Moonshee: and in neither of the translations were we able to detect an error of any description—The writing of Mr. Chalmers also in the Persian Character is particularly good.

Mr. Chalmers expresses himself with considerable fluency, but his pronunciation is perhaps not quite sufficiently distinct.

FORT ST. GEORGE, *6th April* 1824.

G. O. BY GOVERNMENT.

1. The Honorable the Governor in Council deems it expedient to establish the following Regulations.

2. Commanding, Staff and Field Officers, when entitled to

Puckallies, are authorized to draw the established Pay and Batta on their account, without being required to muster those followers.

3. The regulation under which European and Native Commissioned Officers receive the pay of the advanced Rank on Regimental promotion, from the date of the Casualties to which they succeed, is extended to the European and Native non-commissioned Ranks of all Corps.

4. When the *established* Medical allowances on account of Troops and followers may be drawn by Medical Officers whose appointment or nomination to such medical charge may not have been communicated to the office of Audit, the Military Auditor-General is authorized notwithstanding to pass their charges on the countersignature (to the Abstracts) of Commanding or Staff Officers, who will be held responsible that the Medical Officers were in regular charge, and performed the duties during the period drawn for---this provision is not however to prevent the usual reports of Medical appointments being made by Commanding Officers for the confirmation of His Excellency the Commander in Chief.

5. The 2d Paragraph, Page 74 of the code of Pay Regulations prescribing that a copy of the authority, under which Deserters are received and brought on the strength of Corps shall be forwarded to the Office of Audit with the Regimental Abstracts is rescinded ; and the Military Auditor General is authorized to pass the regulated charges on their account altho' supernumerary to the establishment, on the authority of the Muster Rolls specifying that the Men have been received from Desertion ; but the sanction of His Excellency the Commander in Chief is, notwithstanding, to be obtained as heretofore without which the Deserters are not to be brought on the returns.

6. Questions having arisen regarding the right of Officers, when proceeding on service by Sea, to draw for the periods of being on board Ship the established allowances on account of Regimental Messes, and for carriage of Treasure, of Regimental and Battalion Books, and of Medicines, the Honorable the Governor in Council, is pleased to authorize those charges, it being presumed that the Officers concerned incur expenses connected therewith preparatory to the service on which they may be employed.

7. The Commanding Officer's Certificate that a well regulated Mess has been established as prescribed by the 27th Paragraph, Page 372 of the Code of Pay Regulations to be forwarded each month with the Regimental Abstracts of Corps in support of the charge of Mess allowance is dispensed with, in cases of Field and Foreign Service; but Commanding Officers of Corps will be held responsible that the allowance is not drawn unless a regular Mess is kept up.

8. That part of the 13th Paragraph, Page 238 of the Code of Pay Regulations which directs the names of Horsekeepers and Grasscutters attached to European and Native Regiments of Cavalry to be inserted in the Muster Rolls is rescinded, and it will be sufficient in future that the aggregate numbers of each are included in the Abstract Muster Rolls.

N. B.—As black Pepper may occasionally be necessary for the health of the horses, a proportion not exceeding half an ounce for each horse, for every day's forage ordered to be embarked will be shipped for their use.

2. The subsistence of horses being private property, is to be paid for by the owners, at the rate of one Rupee a day, and the amount is to be recovered by stoppages in the usual manner.

3. Native Followers allowed to be attached to Native Commissioned Officers and Sepoys, and to European Non-commissioned Rank and File, and all public Office Servants not being *Europeans*, Conicopolies, &c. are to receive rations on Ship board, the same as the Native Troops, and gratis.

4. Rations will also be issued to private Servants on Ship board in the same proportions as allowed to the Native Troops, but are required to be paid for, at the rate of four Annas daily, for each person; the amount being recoverable from the Officers to whom the servants belong, by stoppages; rolls of such followers and of the Officers to whom they are attached, being furnished to the Paymaster by the Senior Officer of the Troops on board of each Transport.

5. As in the course of service *cases* of *emergency* may happen when the European Commissioned and Warrant Officers may find it impracticable to supply themselves with provisions on shore, they will be permitted, in such cases only, to draw from the Commissariat, the same daily rations as are allowed to the European Troops, paying for the same at the rate of 8 Annas per diem.—The Officers to whom rations may so be issued will be included in the usual victualling Registers furnished from the Commissariat to the Pay Department, in order that the amount may be recovered from the parties.

6. Office Servants and private Followers in like manner, may sometimes find it impracticable to subsist themselves, on shore, and they will be permitted also, in such cases of actual emergency, to receive one Seer of rice daily from the Commissariat Stores, upon Indents from the Corps or Departments to which they belong. The private followers allowed to the Native Troops and to the European Non-Commissioned Rank and File and who *bona fide* embarked with them from India, and Office Servants, will receive that allowance, gratis; but the private followers of Officers, Commissioned or Warrant, will pay for this issue at the usual rate on field service, viz. One Fanam (or Anna 1 Pice $2\frac{22}{100}$) per seer, the amount being recoverable from the parties to whom such followers belong—on no occasion however will Officers be entitled to draw rice for their private servants beyond the following numbers, viz.

FORT ST. GEORGE, *9th April* 1824.

G. O. BY GOVERNMENT.

The Honorable the Governor in Council has been pleased to establish the following Regulations for the Regimental Pay Department of Corps of the Company's Service.

2. All Pay and allowances at the Head Quarters of Corps are to be drawn by the Regimental Paymasters, whose duty it also is to procure and forward to Station, Division, and Field Paymasters, as the cases may be, the regular vouchers and explanations in reply to objectionable charges and retrenchments from the abstracts of their Corps---to pay particular attention that the replies so forwarded, (which are in all cases to be countersigned by the Officer Commanding), are competent to remove the objections made to the charges---and to superintend generally the whole Pay Department of their Corps.

3. Regimental Paymasters are to consider it their duty to ascertain, and bring forward all just claims of the Non-commissioned Rank and File within the regulated periods, in order to prevent their being forfeited by delays, whether arising from the ignorance or inattention of the parties immediately concerned.

4. The receipts (in words at length) to the abstracts of Regimental Paymasters, and all Officers drawing the Pay of Troops, Companies, &c. are not merely to be signed, but written entirely by those Officers; and, in order further to guard against the interpolation of unauthorized charges in the general Abstracts, or alterations in the figures to encrease their totals, (several instances of which have occurred), it is directed that an abstract statement in the form given in the margin shall be annexed to each general Monthly Pay Abstract.

5. Every regimental Paymaster is, in future, to receive the Pay of his Corps at the Station or Field Pay Office, *in person* (assisted by the Vakeel), taking a list of the coins in which it is paid---Officers Commanding Detachments who draw the pay of Troops, Companies, &c, are likewise to attend at the Pay-Offices to receive the amount *in person*; and Division and Field Paymasters are accordingly directed not to issue the Pay of Corps or Detachments, except to the Officers in person who pass their receipts for the amount.

6. On receipt of the monthly pay of Corps, regimental Paymasters are to make immediate reports to their Commanding Officers specifying the amount and the coins, with their rates, in which the Abstracts have been discharged, which coins are to be paid at the same rates to Officers Commanding Troops, Companies, &c. and those issued to each invariably recorded in the regimental Paymaster's Books.

7. When the receipt of the pay of a Corps shall have been reported, as above directed, Commanding Officers are to order the personal attendance of the Officers in charge of Troops, Companies, &c. at the office of the Regimental Paymaster, in order to receive the amount drawn for each---and it is specially required of Commanding Officers to enforce uniform attention to this and the foregoing provisions.

8. The Governor in Council considers it necessary to direct the most particular attention of regimental Paymasters to the Family Certificate Department of their Corps, and to declare them responsible for the amount of any deficiencies in the stoppages, to be made on that account except in the case of casualties or other unavoidable prevention.

9. In order further to ensure a strict observance of these provisions monthly reports, for regimental record, are to be made by all Regimental Paymasters, to their immediate Commanding Officers, of the stoppages brought to public credit in each month on account of Family Payments; and, if deficient of the amount of the Family Certificates, their reports are to contain the most particular detailed account of such deficiency, with the requisite explanations in reference to the instructions of the Superintendent of Family Payments applicable to the contingencies which may have prevented the recovery of the amount.

10. GENERAL ORDERS,

CHOULTRY PLAIN, *April* 1824.

G. O. By The Commander in Chief.

The following Extracts from General Orders issued by His Excellency the Commander in Chief in India, are by His Excellency's Orders published to the Army serving under this Presidency.

Extract from the Proceedings of an European General Court Martial assembled at Secrole, Benares, on Monday the 29th September 1823, in pursuance of instructions and by virtue of an order from His Excellency General The Honorable Sir Edward Paget, G. C. B. Commander in Chief of all the Forces in India for the trial of Major John Staples Harriot, 2d Regiment Native Infantry.

President.—Major General Thomas Brown, Commandant of Buxar.

Deputy Judge Advocate General.—Lieutenant J. Hamilton.

Interpreter.—Captain Fell, 10th Regiment N. I.

CHARGES preferred against Major J. S Harriot, 2d Regiment Native Infantry.

1st.—For oppression and cruelty to the Invalids placed under his Command particularly in the following instances, viz. in having on or about the month of December 1822 used cruel and illegal methods of punishment to European and Native Soldiers by chaining them to a Log, or holding out threats to do so, in having, on or about the month of April 1823, persisted in compelling Gunga Deen Dhobie, Sepoy 1st Company 2d Battalion Native Invalids (tho' incapacitated by the loss of the use of his right hand) to perform military duty in the full dress of a regular soldier, and having by a harrassing and vexatious system, driven the said Gunga Deen Dhobie, after a service of 18 years, to take his discharge from the Invalid Establishment; also in having on or about the same period harrassed and annoyed some of the Pioneer Corps and old men from the Gun Lascars, by compelling them to attend drill with Musquests, and Arms, which they never had been accustomed to.

2d.—For disobedience of orders in having on or about the month of April 1823 interfered with the half Mounting of the Invalids, and endeavoured to effect a change by directing that various articles of Dress should be made up according to particular patterns shewn on parade.

3d.—For having on or about the middle of December last compelled helpless and maimed European Invalids to do duty, although they presented certificates, signed by the Garrison Surgeon, of their incapacity and inability to do so, also for forcing the individuals of the Pension Company to do military duty, tho' labouring under paralytic affections, blindness and other causes rendering them physically unfit for such employment.

4th.—For encouraging inebriation among the Men by granting them on or about the months of December and January last, orders on the Commissariat Sircar for large quantities of Liquor, without discrimination, and by giving them passes to cross the Jergoo to procure deleterious spirits in unlimited quantities.

5th.—For on or about the month of December 1822 and January 1823 punishing men for intoxication after having given them encouragement and opportunity to get drunk, also for punishing men illegally, and refusing to allow their conduct to be investigated by a Court Martial.

6th.---For scandalous and infamous conduct unbecoming the character of an Officer and a Gentleman in having repeatedly between the 2d of November 1822 and 1st May 1823, used opprobrious and abusive language to the European Soldiers under his command comparing them to Pariah Dogs, styling them skulkers, shammers, who ought to be doing duty in the Field, malingerers and not worthy of the name of Soldiers—also occasionally shaking a stick in their faces, and violently threatening them, thereby exciting a degree of irritation in their minds, highly prejudicial to the Service; all of which Charges or any part of them being in breach of the Articles of War.

CHUNAR,
28th August 1823. } (Signed) T. ROBERTSON, Lt. Col. Commanding.

ADDITIONAL CHARGES preferred by Lieutenant Colonel Robertson against Major J. S. Harriot, 2d Regiment Native Infantry.

For gross contempt of my station as Commanding Officer of the Garrison of Chunar, and for conduct unbecoming the character of an Officer and a Gentleman in the following instances.

1st. For falsely asserting in a letter dated 15th September 1823 and addressed to Captain Raldock, M.B Benares, that I had encouraged men under his Command "not only to make every possible unfounded "complaint, and to state every imaginary grievance without the power "of a reply on his part, but to dispute his authority afterwards as their "Commanding Officer."

2d. For accusing me in the abovementioned letter of abuse of authority, and imputing dishonorable motives to me his superior Officer, by stating, as follows, "where an Officer in Command of this Garrison "and Station thus uses the temporary power committed to his charge, "the ends of substantial justice can never be answered, and in thus "sending for men by scores at a time in order by private examination "at his own house to encourage these men to come forward not on their "own account certainly, but merely to establish, if possible, something "like a case to support those groundless allegations with which he "has voluntarily come forward without the slightest consideration."

3d. For having in the same letter falsely and maliciously insinuated and stated as follows, "for Lieutenant Colonel Robertson "has no right to adopt such arbitrary and in Military Annals unheard of "measures as that of privately inviting every possible complaint against "me on the part of acknowledged malingerers, drunkards and idlers, "whom it is his duty as much as my own to restrain, using his present "temporary and personal authority to the former purpose alone; while "he has issued an order to Captains Weston and Jeffries (if I understand "them right) not to allow me to make a reference to any one official "document or book contained in my late Office," all and every part of which conduct being disgraceful to the character of an officer and a gentleman, and in breach of the Articles of War.

CHUNAR,
the 17th September 1823. } (Signed) T. ROBERTSON, Lt. Col. Commanding.

By order of His Excellency The Commander in Chief.

HEAD QUARTERS:
CAWNPORE, *the 28th Sept.* 1823. } (Signed) JAMES NICOL, Adjutant General of the Army.

SENTENCE.—The Court having maturely weighed the whole of the evidence before it, together with what the Prisoner has urged in his defence, is of opinion—That he is not guilty of the 1st charge.—That he is not guilty of the 2d charge.—That he is guilty in a lesser degree of the 3d charge in as much as Gunner Gall was compelled by him to do duty which he from his infirmities was unequal to.—That he is not guilty of the 4th charge.—That he is not guilty of the 5th charge.---That he is not guilty of the 6th charge.

With respect to the Additional Charges.

That he is guilty of the 1st charge.
That he is guilty of the 2d charge.
That he is guilty of the 3d charge.

The Court having found the Prisoner guilty in part of the 3d original charge, and of the three (3) Additional Charges, but not to the extent contemplated by the 20th Article of the 12th Section of the Company's Articles of War, does sentence him (the late Major now) Lieutenant Colonel John Staples Harriot, 32d Regiment Native Infantry to be suspended from rank and pay for six (6) calendar months, and to be reprimanded in such manner by the Commander in Chief as His Excellency shall deem proper.

(Signed) J. HAMILTON, Dep. Judge Advocate Genl.
(Signed) T. BROWN, Major General and President of a General Court Martial. Conducting Proceedings.

CONFIRMED.

(Signed) EDWARD PAGET, General, and Commander in Chief in India.

(A True Extract)
G. MARLAY, Lt. Col.
Military Secretary.

In confirming the foregoing sentence The Commander in Chief finds it necessary to make the following remarks.

The XXth Article of the XIIth Section of the Act of the 21st of George the Second for the Punishment of Mutiny and Desertion, &c. enacts that whatsoeve "Commissioned Officer shall be convicted before a General "Court Martial of behaving in a scandalous infamous manner, such as is unbe- "coming the character of an Officer and a Gentleman, shall be discharged from "the Service.".

By the finding and sentence of the Court upon the Additional Charges the Commander in Chief is led to infer, that altho' Lieutenant Colonel Harriot is adjudged guilty of a high breach of subordination, he nevertheless is not considered to have behaved in a scandalous infamous manner, such as is unbecoming the character of an Officer and a Gentleman, and consequently that the falsehood and malice imputed in these charges (which are the most un-officer-like and most ungentlemanlike of crimes) fall to the ground.

With this understanding of the Court's intention in introducing the words, "but not to the extent contemplated by the 20th Article," The Commander in Chief has not hesitated to confirm the sentence.

He should be very glad to stop here, but circumstances of this case render it necessary to state that the loose and disorderly habits of the Invalids, and especially the European, stationed at Chunar were so shamefully notorious, as to induce the late Commander in Chief to select Lieutenant Colonel Harriot as a fit Officer to correct and reform these abuses.

A more difficult and irksome duty could not have been imposed upon an Officer, and it is with pain that the Commander in Chief is compelled to add, that if Lieutenant Colonel Harriot had received from the Commandant of the Garrison that countenance and support in his labours which he had a right to expect at his hands, he has little doubt that success would have crowned his efforts.

Of the six original charges preferred by Lieutenant Colonel Robertson against Lieutenant Colonel Harriot, the Prisoner is most properly acquitted of five, and with respect to the remaining Charge the Court has found, "that he is guilty in a lesser degree of the 3d charge, in as much as Gunner Gall "was compelled by him to do duty which he from his infirmities was unequal to." For this and for the offences contained in the three Additional Charges, Lieutenant Colonel Harriot is sentenced to six months suspension and to be reprimanded in such manner as the Commander in Chief shall deem proper

The Commander in Chief is satisfied that if Lieutenant Colonel Harriot knowingly and wilfully compelled a man to perform a duty which he from

his infirmities was unequal to, the recollection of such a fact will occasion to him a much more severe pang than any censure of his could inflict.

With respect to the letter to Brigade Major Baldock on which the three additional charges are founded, the Commander in Chief thinks it necessary in the most unqualified terms to express his marked disapprobation and condemnation of the intemperate language in which that letter was couched, but in consideration of Lieutenant Colonel Harriot's contrition at having penned it, of his having requested to withdraw it, and to apologize to Lieutenant Colonel Robertson for its contents, and in further consideration of the grievous difficulties with which he had to contend in the execution of his arduous duties in the Garrison of Chunar, His Excellency is pleased to remit that part of the sentence which awards the suspension for six months from rank and pay.

By Command.

G. MARLAY, Lt. Col.
Military Secretary.

Extract from the Proceedings of an European General Court Martial assembled at Secrole, Benares, on Monday 29th September 1823, in pursuance of instructions and by virtue of an order from His Excellency General The Honorable Sir Edward Paget, G. For scandalous infamous conduct, such as is unbecoming the character of an Officer and a Gentleman, in the following instances.

1st In having towards the latter end of last year, or the beginning of the present (1823), in direct disobedience to the Orders and Regulations of the Bengal Army laid himself under pecuniary obligations to William Jackson, Garrison Serjeant at Buxar, in the following transactions, viz.

First. In borrowing from the said Serjeant Jackson a sum of money to the amount of eleven hundred (1100) Rupees, or thereabouts, for which he granted a Promissory Note to the said Serjeant Jackson, which Note was taken up and discharged by him (Captain Field) on or about the 4th of August last, subsequent to certain complaints having been preferred against him by the Serjeant.

Second. In borrowing from the said Serjeant Jackson several articles of household Furniture.

Third. In borrowing from the said Serjeant Jackson the sum of three thousand (3000) Rupees, or a considerable portion of that amount, with which he purchased a Bungalow of which he pretended to be, and for some time was the ostensible proprietor, though he had subscribed an acknowledgment that it was the property of the said Serjeant Jackson.

2d. In having, about the month of January last, seduced and violated the person of Barbara Jackson, daughter of Serjeant William Jackson, the said Barbara Jackson being at the time residing in or frequently visiting at Captain Field's House at the particular request of, and in attendance upon, Mrs. Field his own wife.

3d. In having at various periods subsequent to such violation

and seduction administered and attempted to administer and endeavoured to pursuade the said Barbara Jackson to take certain deleterious drugs and potions with the criminal intention of thereby procuring abortion.

All and every part of such conduct being in violation of good order and militaty discipline and in breach of the Articles of War.

By order of His Excellency The Commander in Chief.

Adjutant General of the Army.

The Court having maturely weighed and considered the evidence adduced, with what the prisoner has urged in his defence, is of opinion, with respect to the first count of the first charge, that he is guilty "of "borrowing from the said Serjeant Jackson a sum of eleven hundred "(1100) Rupees, or thereabouts, for which he granted a Promisory Note "to the said Serjeant Jackson, which note was taken up, and discharged "by him (Captain Field) on or about the 4th of August last," but acquits him of scandalous infamous conduct, such as is unbecoming the character of an Officer and a Gentleman, also of acting in direct disobedience to the orders and regulations of the Bengal Army.

That he is guilty of the 2d count of the first charge, viz. "In "borrowing from the said Serjeant Jackson several Articles of House-"hold furniture" but acquits him of scandalous infamous conduct such as is unbecoming the character of an Officer and a Gentleman, also of acting in direct disobedience to the orders and regulations of the Bengal Army.

That he is not guilty of the 3d count of the 1st charge.

That he is not guilty of the second charge, and honorably acquits him of it.

That he is not guilty of the third charge, and honorably acquits him of it.

The Court having found the Prisoner Captain R. P. Field of the European Invalid Establishment, guilty of the first count of the first charge, and of the 2d count of the first charge, as specified in the Finding, which, being in breach of the Articles of War, does sentence him to be reprimanded in such manner as His Excellency The Commander in Chief shall be pleased to direct.

Captain Field having been honorably acquitted of the weightier parts of the foregoing Charges, the Commander in Chief would gladly have confirmed the above sentence without observation or remark, if in so doing he did not feel that he should thereby stamp with his authority as dangerous and pernicious a doctrine as ever crept into the Proceedings of a General Court Martial.

Here is an Officer clearly and distinctly convicted of borrowing money from a Non-Commissioned Officer to a large amount, and for this grave offence against those high principles of honor and decorum which ought to actuate every military man and to teach him that his authority and controul vanish from the instant, he is degraded by laying himself under pecuniary obligations to one whose duty it is to obey him, and whose inclination it ought to be to respect him —For this grave offence, striking at the very root of discipline, of which almost every page of these proceedings affords illustration and proof, the General Court Martial it seems is of opinion that a reprimand is an adequate punishment.

Be it so, Captain Field stands reprimanded. He is forthwith to be released from arrest and return to his duty. But having thus carried into effect the decision of the Court, the Commander in Chief owes it to himself and to the Officers of the Army to declare that a due regard for their honor, their respectability, their authority must necessarily induce them to bear this verdict in their recollection not as a beacon for their guidance, but as a dangerous rock to avoid.

The Commandant of Buxar will keep a vigilant eye upon the future conduct of Garrison Serjeant Jackson, whose past misbehaviour and disrespect to Captain Field would be fit subject for condign punishment, if the Captain had not forfeited his claim to protection by his unworthy money transactions with the Serjeant, affording another tolerably potent illustration and proof of what is likely to become of the order and discipline of this Army, if such acts as those of which the Captain stands convicted are only to be checked by the tender voice of reprimand.

The Commander in Chief cannot close these remarks without noticing for the serious consideration of future Courts Martial, that Captain Field will have been unnecessarily kept in arrest during a period of five or six weeks in consequence of the Finding of the Court having been so unintelligible as to render it necessary to return the proceedings for explanation and amendment.

Military Secretary.

Extract from the Proceedings of an European General Court Martial assembled at Dinapore on Wednesday the 11th day of February 1824, in pursuance of instructions from His Excellency General the Honorable Sir Edward Paget, G. C. B. Commander in Chief of all the Forces in India, and by virtue of an order from Major General Gregory, C B. Commanding the Dinapore Division of the Army, being thereunto authorised by a Warrant from His Excellency The Commander in Chief, bearing date 3d March 1823, for the trial of Captain P. P. Morgan, 2d Battalion 26th Native Infantry, and such other Prisoners as may be duly brought before it.

President,—Lieutenant Colonel M. Boyd, 1st Battalion 33d Native Infantry.

Judge Advocate,—Lieutenant Hamilton, Deputy Judge Advocate General, Dinapore and Benares Divisions.

CHARGES ---Captain P. P. Morgan, of the 2d Battalion 26th Regiment Native Infantry, placed in arrest by Major Watson, Commanding the Battalion, on the following charges.

For conduct unbecoming the character of an Officer and a Gentleman, in having, in a letter dated Cuttack 30th September 1823, addressed to Lieutenant T. Roberts of the same Corps, introduced the name of his immediate Commanding Officer, Major Watson, in a manner highly disrespectful and insubordinate, and in having, in the said letter, most unwarrantably thrown out various insinuations or aspersions derogatory to the character of his said Commanding Officer particularly in the following instances, viz.

"You must long ere now be aware that this apprehension was groundless. In as much as the information on which it was founded was itself *false,* in as far as the residents are concerned ; as also with regard to the great majority of the Officers of the Battalion, it is likewise *false* in their case. They having all called on *me* whilst I was yet in your Bungalow, or subsequently to my having left it for my *own.*"

"2dly.. We shall now proceed to investigate the origin of this *false* and malicious libel, and to enquire to whom it is to be attributed."

"In answering this query, Colonel Carpenter's name must be left entirely out of the question."

"To whom then can it apply, but to Major Watson, Captain Stewart, or Lieutenant Auberjanois."

"Having now reduced to the *cabalistic* number *three* those to

amongst whom is to be sought the libeller, who has had the *audacity* to dictate to you, with whom it is his pleasure that you should associate ; I will ask now what possible objection even these three persons could have to calling on you, there being a possibility of meeting with me at your house."

"To this it is impossible to offer any but one answer, namely, that his conscience pricked him and told him that he had been guilty of injuring (or at least endeavouring to injure) me—and he dared not look me in the face, through dread of betraying his conscious guilt, and one thing, which low and grovelling minds can never *forgive* is, to see the person, whom they have traduced rise, through the force of conscious integrity, superior to their malevolent aspersions---But how, I will ask, are these calumniators, or perhaps I should say is this calumniator, to avoid meeting with me, elsewhere; for as far as I can observe, you are the only person whom they have *dared* to insult by their dictation."

"How can he or they be certain that they will not meet me at the house of any other person, when he or they may call, or what security have they that I may not come in where they may be *one* or *two*, or all *three*; and one thing, is certain, namely, that I will never take the trouble to avoid them nor you, nor any other who may blindly lend himself to their cabal."

"Those alone, whose deeds are evil seek the shade, I, on the contrary, (conscious of my own integrity) have ever sought the light, and ever will."

"3dly. We will now appropriate a few lines to the objections of these persons to meeting with me (as I can conceive none others) to whose opinions you appear to bow with so much reverence.

And first for Major Watson.

What has he to complain ?

Why a great matter truly, I required of him to act like a Gentleman ! ! ! an unreasonable request doubtless ! and perhaps not so easily to be followed as recommended !"

The whole or any part of such conduct being subversive of Military discipline and in breach of the Articles of War.

CUTTACK, *the 11th Oct.* 1823. } (Signed) A. T. WATSON, Major, Comg. 2d Bat. 26th N. I.

ADDITIONAL CHARGE preferred against Captain P. P. Morgan, by Brigadier Carpenter, Commanding at Cuttack.

For having while under arrest on the foregoing charges addressed a letter to Brigade Major Faithful, dated Cuttack the 21st November 1823, conveying highly offensive and unjustifiable imputations on my conduct particularly in the following paragraphs, viz.

"I do however most solemnly protest against such decision, as well as the debarring me from reference to superior authority, as acts of the utmost cruelty."

"This is I believe the first time of an Officer under arrest, being placed at the mercy and discretion of his declared and professed enemies. For such, and unprovokedly such, do I conceive Major Watson and his Staff Officers to be—and it is well known that no enmity is so implacable as that which is gratuitously adopted."

"From these Officers I do expect nothing but indignity and oppression, and whilst impressed with such an opinion, I cannot refrain from expressing abhorrence of the cruelty and injustice of subjecting me to their authority."

"The same being subversive of Military Discipline and in breach of the Articles of War.

CUTTACK, *24th November* 1823. } (Signed) G. CARPENTER, Lt. Col. Comg. in Cuttack.

FINDING AND SENTENCE.—The Court having maturely weighed the evidence

adduced, with what the Prisoner has urged in his defence, is of opinion, that he is guilty of all and every part of the charges preferred against him, which being in breach of the Articles of War, does sentence him, Captain P. P. Morgan, 2d Battalion 26th Native Infantry to be discharged the Service of the Honorable Company.

G. MARLAY, Lt. Col. Military Secretary.

The Sentence of this General Court Martial is accompanied by a recommendation of the Prisoner to clemency on the grounds of length of service, and the Commander in Chief would be well inclined to attend to it, if he did not feel imperatively called upon to mark, by a severe example to the Army, the sense he entertains of the conduct of those who, instead of employing the influence resulting from mature years and long service to direct the minds of inexperienced youth in the straight path of duty and reverence for legitimate authority, avail themselves of it to teach them the lesson of insubordination and disrespect to their superiors.

The Commander in Chief has much satisfaction in publishing to the Army the following Extracts from the Proceedings of Committees assembled at Trichinopoly and Secundrabad, for the examination of Officers in the Hindoostanee Language.

From the Committee assembled at Trichinopoly.

26th Regiment N. I. (late 2d Bat. 13th Regiment N. I.)

"Lieutenant Johnson, considering the very short time that he has regularly studied the language, has passed his examination in a manner highly creditable to himself.

"In reading and translating from the Char Derveish and Nusr-é-bé Nuzeer he was perfect—His translation from English into Hindoostanee exhibits a knowledge of words and idiom which convinces the Board that he has studied diligently, and that if he perseveres, he must be a perfect master of the language.

"In conversation Lieutenant Johnson does not possess the fluency that could be wished, but his terms are well chosen, and the Board have no doubt from the solid foundation he has laid, that a short continuance of his meritorious exertions, will make him master of this comparatively easy part of his pursuit."

From the Committee assembled at Secundrabad.

40th Regiment N. I. (late 2d Bat. 20th Regiment N. I.)

"Ensign Dyce's translation from Hindoostanee into English, an exercise which in his former examination was somewhat disfigured by error, was in the present, executed with great accuracy, and discovers a very considerably improved knowledge of the idiom of the language.

" The style of Mr. Dyce's version from English into Hindoostanee, was remarkably pure and correct: his conversation, though not equal to his written performances, is sufficiently fluent and intelligible.

" The Board on the whole conceive Mr. Dyce to have attained a very considerable proficiency in the Hindoostanee language."

4TH JUNE, 1824.

Deputy Judge Advocate Generals are posted as follows.

Captain O'Brien, Bangalore
" Fulton, Trichinopoly
Lieutenant Macarthur, Hyderabad.

The General Order of the 17th March 1810 providing, that Officers doing duty with Corps, other than their own, are to rank as Junior of their respective ranks, is not to apply to Officers now removed by the New formation of Battalions into Regiments, who are, so long as they may be detained, to enjoy their Rank as if still Regimentally attached.

Lieutenant Coffin of the 12th Regiment Native Infantry (late 2d Battalion 8th Regiment N. I. is to be struck off the strength of the 2d Battalion Pioneers and Lieutenant Cranston of the 27th Regiment N. I. (late 1st Battalion 14th Regiment N. I.) from the strength of the Rifle Corps, from the date of the receipt of this Order.

The Commander in Chief desires to notify to all Officers named to the Staff, since the publication of his Orders of the 17th March 1823, that although the calls of the public service have hitherto prevented their examination in Hindoostanee, yet, it is His Excellency's intentions to order them to undergo such proof of their qualifications as soon as circumstances will admit, and that all appointments are to be considered temporary till their proficiency is declared.

FORT ST. GEORGE, *22d June* 1824.

G. O. BY GOVERNMENT.

It has come to the notice of the Honorable the Governor in Council that the appointment of Lieutenant W. Powell to be a Sub Assistant Commissary General in G. O. 16th March 1824, that of Lieutenant J. S. K. Biscoe to *act* as Assistant in the Adjutant General's Department in G. O. 9th April 1824, and that of Lieutenant A. B. Dyce to be Brigade Major to the Troops at Bangalore in G. O. 4th June 1824, have to a certain degree infringed upon the restrictive rules regarding employment on the General Staff of the Army published in G. O. 14th March 1823, as, at the respective dates of those appointments, Lieutenants Powell and Biscoe had not served for the full period of four years, and Lieutenant Dyce had not been in the performance of Regimental duty for the full period of three years; the oversight in the case of Lieutenant Dyce, arose from his having been appointed Aide-de-Camp to Major General Dyce, G. O. 5th August 1817 without having served for a year with his Regiment, as required by G. O. 9th October 1810 and G. O. 29th October 1813. The Governor in Council directs that the Staff allowances of Lieutenant Powell and Biscoe shall only commence from the dates when by the period of their service, they were respectively eligible to be employed on the General Staff of the Army.
