GENERAL ORDERS,

HEAD QUARTERS : CHOULTRY PLAIN ;

12TH JANUARY, 1829.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

No. 1.

FORT ST GEORGE, 2D JANUARY 1829.

G. O. BY GOVERNMENT.

Ordered that the following Extract from the Honorable Company's General Letter in the Military Department dated the 16th of June 1815, be re-published in General Orders.

Para. 139. In consequence of the numerous applications, which have been preferred to us by our Servants, on leave of absence in this Country, for advances of money on loans, we think it proper to recal your attention to our Orders in the Military Department of the 26th February 1808, upon this subject. Those Orders declared our determination not to make any pecuniary advances to Officers at Home, beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army, but as a Resolution of this description, in order to be generally known to a body which is continually receiving an accession of new Members should be occasionally republished, and being fully persuaded, that a strict observance of this Resolution, will prevent much trouble and inconvenience, besides loss, to the Company, we direct that our orders above adverted to be in future circulated for the information of the Army in the month of January in every year, and we shall take the necessary steps for reminding Officers, who may arrive in England upon furlough of our determination upon the subject in question.

By order of the Right Honorable the Governor in Council.

A. D. 1828. REGULATION VIII.

A REGULATION *for abolishing the use of the Rattan as an instrument of Punishment and for substituting in lieu thereof the Cat of nine-tails. Passed by the Governor in Council of Fort Saint George, on the 29th April* 1828, *corresponding with the* 19*th of Chittera of the year Survadaree,* 1751*st year of Sallivahan; and with the* 14*th of Shaval,* 1243 *Hijeree.*

Preamble. Whereas it has been found that stripes with a Rattan are a very unequal mode of punishment varying with the size of the instrument and the strength of the person using it, and occasioning serious bodily injury, far beyond the intention of the Law, therefore the Governor in Council has enacted this Regulation, to be in force from the date of its promulgation.

Rattan abolished. II. The use of the Rattan, as an instrument of punishment, is hereby abolished.

Cat of nine-tails substituted. III. Henceforward, persons who, under any Regulation heretofore in force, would have been sentenced to receive stripes with a Rattan, shall, in lieu thereof, be sentenced to receive lashes with a Cat of nine-tails.

Proportion of lashes to stripes. IV. Five lashes with a Cat of nine-tails shall be considered equivalent to one stroke of a Rattan.

Cat of nine-tails how to be supplied. V. The Cat of nine-tails to be used shall be invariably supplied from the Stores of Government; and no other Cat of nine-tails shall be used but such as shall be so supplied nor shall any additional knot be tied, nor any new material introduced, nor any alteration made in any Cat of nine-tails in use, by way of repair or otherwise, pretence whatever; and any Native Officer offending herein shall be liable to be fined at the discretion of the Criminal Judge or Magistrate to whichsoever he may be subordinate.

FORT ST. GEORGE, 9TH JANUARY 18

G. O. BY GOVERNMENT.

The allowance granted in General Orders by G[illegible] September last, to Offic holding the temporary Command of Regiments, during the absence of Commanding Officers *on duty*, be considerably less than what they were entitled to before that order was issued, the same reason for p cluding an Adjutant or Quarter Master, when in temporary charge of his Regiment, from drawing his S allowance, in addition to the Command allowance, (namely that the two together would place him in t receipt of larger allowances than belong to the Regimental Command) does not exist. The Right Hono able the Governor in Council is, therefore, pleased to resolve that an Adjutant or Quarter Master, succee ing to the temporary Command of his Corps, in consequence of the absence of the Commanding Offic *on duty*, shall be permitted to retain his personal Staff allowances, in addition to the allowance authoriz for the Command in General Orders by Government of the 26th September last, and that the Offic allowance shall be drawn by the Officer who performs the duty of the Adjutant or Quarter Master.

2. When the temporary Command of a Corps devolves on an Adjutant or Quarter Master, by t absence *on leave* of the Commanding Officer, the General Order by Government, dated the 21st Ju 1826, is to be considered (as hitherto) applicable to the case.

(Signed) G. T. WALKER, Lieut. General,

The General Court Martial directed to assemble at Bangalore of which Lieutenant Colonel E. M. G. Showers of the 2d Brigade of Horse Artillery, is President, is dissolved.

5TH JANUARY, 1829.

The Commander in Chief calls upon Officers in Command of Divisions and Stations, and especially upon Officers in Command of Regiments, to satisfy themselves that the Officers under their orders carefully peruse and make themselves thoroughly acquainted with "the Compendium of the Law of Evidence," which has been expressly compiled and circulated for the purpose of placing easily within the reach of every Officer in the Army a competent knowledge of that which is absolutely necessary to regulate the due Administration of Justice in Military Courts, and ignorant of which, he must be perpetually in danger of becoming a Party concerned in acquitting the Guilty or convicting the Innocent.

At all European Courts Martial, the "Compendium of Evidence" should be in the Hands of the President and Members for ready reference on all doubtful Points which may occur; and the Card containing the Axioms of that Law must invariably be circulated round the Table for general information.

It is still more important that the Members of Native Courts Martial, entirely uninformed as they *must* be from the circumstances of their Education, of the principles which are intended to guide the Proceedings of Military Courts held under British Authority, should be informed and instructed accordingly; and it is the express duty of the Superintending Officer to explain to such Members, through the Interpreter, the bearings of the Law of Evidence upon the particular matter at issue; so that the Court may not, from want of information, arrive at such illegal Sentences as have too frequently been passed in this Army, and have, in too many instances, been carried into effect by Officers in Command of Stations and Regiments.

These Remarks especially apply to Courts Martial inferior to General ; whereupon, considering their more frequent occurrence and their more immediate connexion with the interior Economy of Corps, the Army at large is specially dependant for the due support of its Discipline.

Officers Commanding Divisions and Forces are required at the Annual Inspection of Regiments to report specially, whether or not the foregoing Orders have been duly attended to.

A General Court Martial consisting of a President and Fourteen Members for the Trial of all such Prisoners as may be brought before it will assemble at Vellore, at such time and place as Major General Sir John Doveton, K. C. B. Commanding the Centre Division of the Army may direct.

President.

Lieutenant Colonel James Brodie, C. B 9th Regiment N. I.

The Troops serving in the Centre Division of the Army will furnish the Detail and an Interpreter to attend the Court.

Captain C. G. Alves Deputy Judge Advocate General, will conduct the Proceedings of the Court Martial to whom the Rank, Names and Dates of Commissions of the Officers ordered for this duty are to be sent.

Prisoners and Evidences to be warned and are hereby ordered to attend.

The remaining portion of the Leave of Absence granted to Lieutenant J. Robertson of the 9th Regiment Native Infantry in General Orders of the 2d October 1828 is cancelled at that Officer's request.

Junior Medical Apprentice Charles Le Febour is removed from the Public Cattle Depôt, and appointed to do duty with His Majesty's Royal Regiment.

GENERAL ORDERS,

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS, CHOULTRY PLAIN,

15TH JANUARY, 1829.

The Commander in Chief has had submitted to him since the 1st January 1828, applications from Officers Commanding Regiments of Native Infantry for the Discharge from the Service of Men stated to be under Size, (the Standard height being 5 Feet 4 Inches) of bad character, of *low Cast* and Connexions, or otherwise unfit for the duties of Soldiers, to an extent entirely exceeding all reasonable bounds. Repeated and most peremptory orders have been issued to Officers in Command, prohibiting them from enlisting any but men of the Standard height, of good Cast, strong and healthy, and noting out every promise of becoming active and efficient Soldiers,—yet a great majority of these discharged Men are *Recruits of recent enlistment.* It is, therefore, but too evident that Officers in Command of Regiments have failed in obedience to the instructions so frequently issued to them on this important subject, and as the greater number of these ineligible Men have been approved of and passed by the Recruiting Officers, as well as by the Commandants, Staff and Medical Officers of Stations and Divisions, under whose immediate supervision the various Recruiting parties have been employed, it is equally evident that to these also must attach the charge of unpardonable apathy and neglect in a matter visibly affecting the future efficiency of the Army.

It now becomes an object of the greatest consequence to adopt such measures as shall prevent, in future, the admission into the Service of objectionable Men, as causing a great and unnecessary expense to the State, and giving a fictitious strength to the Army endangering its reputation in the hour of trial.

The Commander in Chief has, therefore, determined that henceforth, in every instance of an Officer enlisting Recruits, or transferring Boys to the Ranks, (unless under special authority from Head Quarters) that are under the standard height, above the prescribed age, or that are not of an active and well proportioned make, and in every respect fitted for the duties of Soldiers,—such ineligible Men shall be discharged from the Service, and all expenses incurred on their account, from the day of their enlistment, shall be charged to the Officer by whom they were enlisted.

A Register of all Recruits, &c. enlisted since the preceding Review countersigned by the Reviewing Officer is to accompany the Annual Inspection Report.

Officers Commanding Corps when authorized to Recruit, are required to pay the strictest attention to the following points.

1.—No Recruit shall be enlisted for the Horse Artillery, Cavalry, or Golundauze, under the height of 5 Feet 6 Inches—nor for the Rifles, Light Infantry, or Infantry of the Line, under the height of 5 Feet 5 Inches, which is to be considered the *present* standard—nor shall his age be under 16, nor above 22 years.

2.—Especial care must be had to the ascertainment of his real Cast, the *precise designation* of which is henceforth to be specified in the Register.

3.—In examining the Recruit he must be made to strip, in order that the full formation of his body and limbs may be observed. He must be well made in proportion to his height, and free from any natural or contracted disorder.

4.—Every Recruit is to be minutely examined by an European Medical Officer, a Certificate from whom, in the subjoined Form, is to be inserted at the foot of the Register in the Monthly Return. This examination is to include the Man's *age.*

5.—Recruit Boys may be transferred to the Ranks on attaining the height of 5 Feet 4 Inches, not being under 16 years of age, provided they are, in other respects, eligible Subjects. They are not, however, to be drilled *with Arms* until of a sufficiently matured strength for their use, nor are they to join the Ranks until perfectly capable of supporting the fatigues of duty.

6.—No Boy is to be enlisted for the Recruit or Pension List unless certified by the Medical Officer to be free from all physical defects, and perfectly eligible in every other respect.

7.—Every Recruit, and Boy, is to be vaccinated, if requisite, on enlistment.

8.—The 1st and 4th Sections of the Articles of War are to be read and *carefully explained* to every Recruit, in presence of the Commanding Officer of the Corps, previous to his enlistment.

9.—The Standard Height for *Gun* and *Regimental Lascars* is fixed at 5 Feet 4 Inches, but in the case of an individual being of a particularly stout and athletic make, he may be taken at the height of 5 Feet 3 Inches. Their age is not to be under 16, nor above 22 years. In their selection, Commanding Officers are not restricted to any particular Cast; they will, however, pay every attention to the instructions contained in Paragraphs 3, 4, 7 and 8,—particularly in the selection of the Gun Lascars, the nature of whose duties as Pioneers requires more especially that they should be of a firm and muscular frame, capable of enduring every species of bodily labor.

Form of Surgeon's Certificate.

I do hereby certify that I have minutely examined every individual enlisted in the Regiment as entered in the above Register, and that, with reference to G. O. C. C. of the 15th January 1829 all are, in my opinion, perfectly eligible for the Service.

FORT ST GEORGE, 9TH JANUARY 1829.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having taken into consideration the serious inconvenience which has been found to attend the Monthly Settlements with the European Soldiers of this Army, has been pleased to direct that the following Weekly Distribution of the Soldier's Pay and Allowances shall take place throughout the Artillery and European Infantry ; and that the balance remaining after this arrangement is carried into effect, shall be divided equally and paid *daily* to each Man, on the principle now acted upon in His Majesty's Regiments. The Right Honorable the Governor in Council has been pleased to adopt this arrangement as the most certain mode of securing the Soldier from the temptations, Irregularities, and consequent Punishments which have been found to result from the system of allowing balances to accumulate.

The Balance of a Man in Hospital is to be allowed to accumulate, and on his being discharged therefrom, on joining the Convalescent Mess, so much of his balance is to be expended in his better Diet as the Surgeon shall prescribe. He is then to be supplied with whatever necessaries he may require, and his remaining balance to be paid to him in such small sums daily as to prevent, if possible, any balance existing at the end of the Month.

The Right Honorable the Governor in Council has been further pleased to direct, in pursuance of these arrangements, that an Uniform Weekly Mess Book, agreeably to the following Form, shall be adopted by each Company of Europeans throughout the Service.

No. 19.

FORT ST. GEORGE, 9TH JANUARY 1829.

G. O. BY GOVERNMENT.

The Right Honorable the Governor in Council having had under consideration the existing system of supplying Liquor to the European Troops, and with a view of relieving the Soldier from the discomfort and inconvenience attending the necessity of receiving his allowance of spirits at stated periods is pleased, at the recommendation of His Excellency the Commander in Chief, to rescind the 2d paragraph of the G. O. dated the 29th December 1812, and the 23d paragraph of the G. O. under date the 20th of December 1814, and to direct that the daily issue of Drams from the Public Stores to European Troops, when not marching or in the Field, shall be discontinued.

Arrack will hereafter be drawn from the Public Stores, on the 1st, 10th and 20th of each Month, upon Indent signed by Quarter Masters of Corps and countersigned by Commanding Officers of Corps and Garrisons in proportion to the strength of Regiments, not exceeding the established allowance of 2 Drams per man per diem, which is to be paid for to the Commissariat and retailed to the men from the Canteen, to that extent only, at the established rate of 8 Pice 40 Cents per dram or 1 Rupee 12 Annas, per Gallon. But Commanding Officers will be careful to exclude from that indulgence (for such periods as they may think proper) all Soldiers who may be undeserving of it.

Any Extra Arrack which may be allowed to the Men, at the discretion of Commanding Officers, on established holidays shall be paid for to the Commissariat and retailed to the Men at the above regulated rate.

Whatever quantity of Arrack, in excess of the above allowance, may be drawn from the Public Stores for the use of Regimental Canteens, shall be paid for to the Commissariat at 2 Rupees, 5 Annas and 4 Pice per Gallon, and retailed to the Men according to the existing Canteen rates, viz. 2 Rupees, 12 Annas, 9 Pice, 60 Cents per Gallon.

All Accounts with the Commissariat for Arrack supplied to Regiments under this Regulation, are to be made up and adjusted Monthly with the Commissariat by Quarter Masters of Corps.

His Excellency the Commander in Chief is requested to issue such Subsidiary Orders regarding the details and arrangements consequent on the introduction of the new system, as he may deem necessary.

By order of the Right Honorable the Governor in Council.

Secretary to Government.

B. R. HITCHINS,
Deputy Adjutant General of the Army.

GENERAL ORDERS,

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN;

16TH JANUARY, 1829.

In publishing the General Order by Government No. 19 under date 9th January 1829, The Commander in Chief assures himself of the most active co-operation on the part of all Officers towards the attainment of the desirable and important ends proposed.

By its operation the Soldier will be released from the necessity of receiving a certain quantity of Spirits at a fixed time, without reference to his own immediate inclination—and will now enjoy the power of obtaining the same allowance, or such part thereof as he may wish to take, at whatever period may be most convenient to himself at precisely the same rate as before, and in a manner evidently giving much additional respectability to the individual.

He estimates the professional pride and zeal of Officers too highly to imagine that they can require any excitement greater than is afforded by the prospect of ameliorating the character, and contributing to the happiness of those under their Command.

It is, therefore, to the Soldiers themselves that His Excellency now more immediately addresses himself. Deeply interested in the welfare, and feelingly alive to the reputation, of this Army, His Excellency has viewed with pain the frequently recurring necessity for punishment consequent upon the degrading and demoralizing vice of drunkenness, which may with truth be termed the origin of every Crime the Soldier can commit. Of its fatal consequences but too many examples have been afforded—and little advantage can attach to argument, if these have not their due effect.

The orders which have now been promulgated are calculated at once to add to the personal comfort, convenience, and respectability of the Soldier—and to remove from him the temptation to excess to which, under the existing system, he is too much exposed; it is, however, upon the Men themselves that will mainly depend the success of the measures now adopted for their comfort—and the Commander in Chief appeals to their pride as Soldiers, and to their feelings as Britons and as Men, to free themselves from the trammels of this odious vice.

The foregoing orders together with those published by Government herein referred to, are to be read at the Head of each Troop and Company of European Cavalry, Artillery and Infantry on this Establishment at three successive Parades, and entered in the Regimental Orderly Books.

B. R. HITCHINS,
Deputy Adjutant General of the Army.

GENERAL ORDERS,

HEAD QUARTERS: CHOULTRY PLAIN;

G. O. BY GOVERNMENT.

The following Extract from a Letter from the Honorable the Court of Directors to the Supreme Government in the Military Department, under date the 23d May 1827, is published in General Orders.

Para. 22 *of Ecclesiastical Letter from Bengal of the* 31*st December* 1824.

In reference to a question submitted by the Government of Bombay relative to the extent of which Military Chaplains are to be held responsible to the Military Authorities and correspondence with the Lord Bishop as to the liability of the Company's Chaplains to Martial Law, Court's Order on the subject are requested.

Para. 2. From the best consideration we have been able to apply to the several documents to which we have been referred in this paragraph, we are induced to think that considerable misapprehension has existed on the subject to which they relate.

3. When our Ecclesiastical Establishment was placed on the footing on which it now stands, it became a necessary part of the arrangement that the Indian Clergy should be submitted to the general Superintendence of the Bishop, and rendered subject to the Ecclesiastical Jurisdiction for all offences of Ecclesiastical cognizance, but it was never intended to except this portion of our Servants from the Jurisdiction of the temporary Courts in the event of their being charged with any offences of a Civil nature, or any crimes against the peace and well being of Society.

4. We wish it therefore to be distinctly understood that the Chaplains on our Establishments are amenable to the Ecclesiastical Tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical Tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are, by the Ordinary Tribunals of the Country.

5. If however the offence should be committed out of the Jurisdiction of the Ordinary Court, and in places where the rest of the community are subject to Military Law, in such a case, and in such a case alone, we deem it right that our Chaplains should be subject also to Military Law for all offences of temporal cognizance.

By order of the Right Honorable the Governor in Council.

Secretary to Government.

22D JANUARY, 1829.

The Commander in Chief deems it requisite again to call the attention of Officers to the necessity of reducing to the lowest practicable scale, the numbers of the Guards furnished by the Troops under their Command. The instructions which have already been issued on this subject do not appear to have had their due effect. The following Regulations are now, therefore established, and the strictest obedience is required thereto.

GUARDS.

1. No Guard shall be allowed to the Office or Quarter of any Staff Officer, not having permanent Charge of Treasure, such as cannot be lodged in any of the Station Guards.

2. The Honorary Guards of Officers Commanding Divisions or Forces, shall not exceed the strength of one Havildar, 2 Naigues and 12 Privates.

3. Officers Commanding permanent Stations, not under the rank of Field Officers, are permitted to have a Sentry from the nearest Guard or in the event of no Guard being conveniently situated for that purpose, they will be allowed a Guard, not exceeding 1 Naigue and 6 Privates.

4. Officers Commanding Corps, not under the rank of Field Officers, are permitted under the same restriction as in the preceding paragraph, to have a nightly Guard of 1 Naigue and 3 Privates, to mount at Retreat and dismount at Reveillee.

5. The practice which exists of granting small Guards of a Naigue and 3 Privates on every occasion however trifling, must be discontinued.—Nothing tends more strongly to the destruction of discipline than the constant employment of Soldiers upon unimportant duties.—Men by being accustomed to be placed on Guards entirely insignificant in Charge, acquire the most prejudicial habits of carelessness and indifference.—All Guards therefore, at present furnished under the various denominations of "Oil Godown," "Chatty Godown," "Church," "Church Plate," "Minor Bazars," "Medical Stores," "Public Rooms," "Post Office" and many others of a similar description which are at present distributed with the most lavish profusion are to be withdrawn forthwith, as perfectly unnecessary and improper.

ORDERLIES.

1. Officers Commanding Divisions, Forces, or Brigades, are allowed one Serjeant, Havildar or Private *from each Regiment* at their Head Quarters.

2. Divisional Staff of the Adjutant and Quarter Master General's Departments one Private or Recruit Boy.

3. Divisional Staff of the Adjutant General's Department conducting the duties of the Station or Brigade, one Private or Recruit Boy *from each Regiment* and one Drummer or Bugler.

4. Brigade Majors, Fort and Cantonment Adjutants, one Private or Recruit Boy *from each Regiment* and one Drummer or Bugler.

5. The Field Officer or Captain of the Day one Private.

6. No other Orderlies are allowed, otherwise than Regimental, viz. one to the Commanding Officer one to the Adjutant, and one to the Officer of the Day,—

The attachment of Orderly Soldiers to Officers being solely for the performance of *Military Duties*, they are consequently, upon no pretence whatever, to be employed otherwise than upon such duties. They are not to be permitted to look after *Officers Horses*, nor in any manner to be placed on a footing with the Menials of the House. When accompanying Officers they are always to move at the regular Military pace, which is never to be exceeded but on urgent occasions of Service. They are strictly inhibited from running after Horses or Palankeens—It is not considered their duty to carry an Officer's Arms, which can never be so properly disposed of as by his own side.

* Neither Guards nor Orderlies, Boys included, wherever stationed, are on any consideration to receive Orders from Servants of any description, whether Conicopolies, Writers, Butlers, or others, and it will be the duty of the Staff Officer parading Guards especially to warn the Men from receiving, or yielding any obedience to orders so communicated.

* This does not of course refer to the occasion of an Officer being under the necessity of *explaining* his orders through the medium of a servant.

The foregoing orders are to be entered in all Orderly Books.

23D JANUARY, 1829.

27TH JANUARY, 1829.

Recent instances having occurred of Charges having been brought before Courts Martial for Crimes altogether beyond the legitimate Jurisdiction of such Courts and cognizable by the Civil Courts alone, the Commander in Chief calls the attention of Commanding Officers, and especially of Officers Commanding Corps and Stations, to Article I Section IX of the European, and Articl- V Section XII of the Native Articles of War; and particularly directs that all Military Persons accused of Felonies or other heinous Offences not of a Military description, may, invariably be given over to the Civil Magistrate, except in the cases provided for by Article IV Section XXI of the European, and Article VI Section XII of the Native Articles of War.

Under the *Special* Provisions of the Bazar Regulation, Military Persons being Natives, may be tried by Courts Martial inferior to General for *petty* Thefts and Disorders; and according to Military usage, Commanding Officers, *generally*, have a discretionary Power of describing such Offences as "Conduct to the prejudice of Good Order and Military Discipline" and bringing the Offenders to Trial before Courts Martial accordingly: but such discretion can never be held to extend to Felonies and Criminal Offences exceeding petty Thefts and Disorders: and it is to be clearly understood that such offences can never, under any circumstances whatsoever, fall within the competence of Courts Martial other than General to investigate; and are cognizable by General Courts Martial, even, under the provisions alone of the Articles of War last quoted.

C. B. and K. C. T. S. Commander in Chief are published to the Army.

Cornet Courtney Charles Ferrers of the Fifth Regiment of Light Cavalry, placed in arrest by order of the Commander in Chief.

Charge.—For violent and unmanly conduct in direct disobedience of the orders of the Honorable the Court of Directors of the 14th of April 1813, and greatly to the prejudice of good order and Military Discipline, in having at Arcot, on the 21st of October 1828, violently and illegally kicked and beaten Mooneapah, Post Office Peon, thereby knocking one of the said Mooneapah's Teeth out of his Head.

The above being in breach of the Articles of War.

ADJUTANT GENERAL'S OFFICE,
FORT ST. GEORGE,
3d January 1829.

(Signed) B. R. HITCHINS,
Dep. Adjt. Genl. of the Army.

The Court having most maturely re-considered the whole of the Evidence brought forward in support of the Prosecution as well as what the Prisoner Cornet Courtney Charles Ferrers of the Fifth Regiment Light Cavalry has urged in his defence is of opinion,

Revised Finding on the Charge.—That the Prisoner is guilty of violent conduct in having illegally kicked and beaten Mooneapah, Post Office Peon, thereby knocking one of the said Mooneapah's Teeth out of his Head, but the Court acquits the Prisoner of unmanly conduct in having kicked and beaten the said Peon *violently*.

Revised Sentence.---The Court having found the Prisoner guilty to the extent above stated, doth Sentence him the said Cornet Courtney Charles Ferrers of the Fifth Regiment of Light Cavalry to be severely reprimanded.

(Signed) CHARLES GEORGE ALVES, Captain, Dep. Judge Advocate General.

(Signed) J. BRODIE, Lieut. Col. 9th Regiment—President.

Disapproved and not Confirmed.

(Signed) G. T. WALKER, Lieut. General, *and Commander in Chief.*

Cornet Ferrers was tried under an Order of the Court of Directors of 14th April 1813, which states that an Officer found guilty of violently and illegally beating a Native shall be dismissed the Service. The Court finds him guilty of the Acts charged, admit their illegality, but off some gr duated scale of violence of its own, acquits the Prisoner of so much as would bring him within the meaning of the Order in question on account of the natural weakness of the jaws of the unfortunate complainant out of which a tooth was struck by the violence of the blow. An order for the revision of this Sentence has had no other effect than that of striking out this notable reason for its Sentence, which consequently the Commander in Chief found it impossible to confirm, and he must tell the Court that its decision has done little for the Character of the Army to which it belongs, and what effect such decisions if repeated may have on a new organization of it, it may be as well if not for its credit at least in a prudential point of view to consider.

Cornet Ferrers is to be released and forthwith to join his Regiment, but though he has so frequently escaped, let him beware how he again trusts to such another instance of encouragement as he has here met with.

(Signed) G. T. WALKER, Lieut. General *and Commander in Chief.*

Ensign George Reade of the Forty-first Regiment Native Infantry, placed in arrest by my order.

Charge.—For scandalous and infamous behaviour, unbecoming the Character of an Officer and a Gentleman, in the following Instances.

First Instance.—In having at Kamptee, on or about the eleventh of December 1828, unwarrantably taken and destroyed, without discharging, when presented to him for payment, a Promissory Note, then due and bearing his Signature, for fifty Rupees, in favor of Verdapah.

Second Instance.—In having at Kamptee, on the thirteenth of December 1828, *falsely* asserted before a Regimental Court of Inquiry that he had retained the Promissory Note, specified in the last Instance of Charge, under an idea that the person who brought it for payment might have stolen it,

whereas he had previously acknowledged to Lieutenant and Adjutant George Logan of the Forty First Regiment of Native Infantry, that he had retained the said Note to prevent its being taken to a Court of Requests.

Third Instance.—In having at Kamptee on or about the 12th of December 1828, forcibly taken from Shaik Moostapha Tailor, and Ramiah Shroff, Camp Followers, certain Articles of Wearing Apparel, and retained the same, without payment of the said Tailor's bill, according to the award of a Court of Requests previously held, of which Lieutenant Colonel Francis Whish Wilson of the Rifle Corps, was President.

(Signed) B. R. HITCHINS,
Deputy Adjutant General of the Army.

Finding.—The Court having most maturely weighed and considered the whole of the Evidence which has been adduced in support of the Prosecution, together with what the Prisoner Ensign George Reade, has urged in his defence is of opinion as follows.

Finding on the first Instance of Charge.—That the Prisoner is guilty of the first Instance of Charge.

Finding on the third Instance of Charge.—That the Prisoner is guilty of the third Instance of Charge.
Finding on the fourth Instance of Charge.—That the Prisoner is guilty of the fourth Instance of Charge.

The Court is further of opinion that the Prisoner Ensign George Reade, has, in the above Instances, been guilty of Scandalous and infamous conduct unbecoming the Character of an Officer and a Gentleman.

Sentence.—The Court having found the Prisoner guilty to the above extent, does by virtue of the Articles of War, Sentence him, the said Ensign George Reade of the Forty-first Regiment of Native Infantry to be discharged from the Service.

Deputy Judge Advocate General,

(Signed) HENRY BOWDLER, Lieut. Col.
7th Regiment and President.

Without condemning the decision of this Court Martial, I cannot conscientiously bring myself to approve or confirm it, for although some facts are adduced in support of the charges, they do not appear to me to go further than to prove Indiscretion and thoughtlessness, and I cannot but regret that so serious a Charge has been brought forward against this very young Officer on such slight grounds, a Charge, which if Ensign Reade has the proper feeling which I trust he has, will prove a sufficient punishment of itself, for his past conduct and ample warning for the future without any further reprimand on my part. I must even conclude that in this decision, I shall have met the wishes of the Court, for I cannot but conceive, that it must have come to its determination upon some supposed necessity of entailing the whole extent of the charges adduced upon the proof of certain facts—the more particularly as the Sentence has been accompanied by a letter of recommendation which had the Court really considered the Prisoner guilty of Scandalous and infamous behaviour would have been as improper for it to have forwarded as it would have been for the Commander in Chief to have attended to.

The Sentence not being approved or confirmed Ensign Reade will return to his duty.

(Signed) G. T. WALKER, Lieut. General,
and Commander in Chief.

The appointment of Artificer Charles Tibble to act as an Overseer in the Department of the Gun Carriage Manufactory from 1st January 1829, vice Murray deceased, is confirmed.

The undermentioned Officers have obtained Leave of Absence from their Corps and Stations.

16TH MARCH, 1829.

The following Extracts from the confirmed Proceedings of an European General Court Martial, holden at Belgaum on Monday the 23d day of February 1829, by virtue of a Warrant from His Excellency Lieutenant General Sir George Townshend Walker, G. C. B. and K. C. T. S. Commander in Chief &c. published to the Army.

Lieutenant Thomas Littleton Green, Quarter Master, Interpreter and Paymaster of the Fiftieth Regiment of Native Infantry, placed in arrest by me.

Charge—For conduct greatly to the prejudice of good order, and Military Discipline in the following Instances.

First Instance.—In having at Belgaum on the 20th December 1828, made use of the following expressions to Lieutenant George Greig Mackenzie of the same Regiment, with reference to certain Cartridges which had been issued by him, Lieutenant Green, to Lieutenant Mackenzie's Company, "they are not short, but the proper size, and your report to the Colonel to that effect was *false*" or words to that effect.

Second Instance—In having at the same time and place in continuation of the same conversation, said to Lieutenant Mackenzie "I have said to the Colonel before, while you were present, that your report was *false*, you might then have called on the Colonel if you wished to do so"—or words to that effect.

Third Instance.—In having at the same place on the 21st of December 1828, persisted in refusing to make an apology, suggested by me to Lieutenant Mackenzie for the injurious expressions set forth in the preceding Instances of Charge although that Officer had most handsomely retracted every part of

the expressions made use of by himself which he (Lieutenant Green) had considered as reflecting on him and his Department.

The above being in breach of the Articles of War.

BELGAUM,
21st December, 1828.

(Signed) C. ELPHINSTONE, Lieut. Colonel,
Commanding 50th Regiment N. I.

BY ORDER.
(Signed) B. R. HITCHINS,
Deputy Adjutant General of the Army.

Finding.—The Court finds the Prisoner did make use of the expressions stated in the First and Second Instances of Charge, but the remark or rather reflection (however unintentional at first in it's application) which was thrown by Lieutenant Mackenzie on the Prisoner and his Department, and the same reflections having been repeatedly made by him to the Prisoner on the following day, although he admits Lieutenant Green had convinced him on the day previous that the Cartridges alluded to were made up in Regimental Store, the Court considers to be a strong provocation to the Prisoner's reply that the Cartridges were not short and the report was false.

In reference to the Third Instance of Charge, the Court finds the Prisoner did refuse to make the apology suggested, but it appearing in evidence and (to the Courts mind) sufficient retraction by Lieutenant Mackenzie and Lieutenant Green of every offensive expression which had been uttered by them mutually took place in presence of the Commanding Officer and the Major on the 21st of December, the Court considers an additional apology from the Prisoner which was not likewise required from Lieutenant Mackenzie to be unnecessary, and that this mutual retraction having occurred entirely exonerates the Prisoner accordingly.

The Court therefore on mature consideration of all that is above stated and what has appeared in Evidence before it, acquits the Prisoner Lieutenant John Littleton Green of conduct greatly to the prejudice of good Order and Military Discipline, and in breach of the Articles of War.

(Signed) H. O'BRIEN, Captain,
Deputy Judge Advocate General.

(Signed) J. T. TREWMAN, Lieut. Colonel,
5th Regiment and President.

The Commander in Chief entirely concurs in the opinion and decision of the Court and approves and confirms the same.

(Signed) G. T. WALKER, Lieut. General,
and Commander in Chief.

The General Court Martial directed to assemble at Belgaum in General Orders of the 19th January last and of which Lieutenant Colonel J. T. Trewman of the 5th Regiment Native Infantry, is President, is dissolved.

With a view to guard against sickness among the Troops when marching from one Station to another, and to ascertain the most eligible Encamping Grounds on the several routes, His Excellency the Commander in Chief is pleased to direct that the following Rules shall be observed by all European and Native Corps and Detachments.

2 Particular care must be taken to prevent the Men exposing themselves to the night air by sleeping outside their Tents, and those on night duty should be ordered to wear their Watch Cloaks.

3 The Tents must not be struck before sun rise, and the Troops are not to commence their March until half an hour after that time, to insure the dissipation by the Sun of all noxious vapours creative of Cholera or other diseases.

4 In selecting the ground of Encampment, preference should be given to elevated and dry situations which are not immediately in the vicinity of Villages or large Towns, or within the influence of Swamps or Pools of stagnate water.

5 Short Marches with few or no halts are to be left discretionary with Officers proceeding in Command, who are to forward to the Quarter Master General along with the usual report of progress a Memorandum agreeably to the annexed Form.

The Column of Remarks on Encamping Grounds should notice the several Encamping Grounds upon the route, stating their advantages and disadvantages as regards their salubrity, supplies of Water and Forage together with such observations connected with the health and convenience of the Troops as may be relevant to the desired object.

The Column of Remarks relating to the appearance of Fever, Cholera or any other epidemical disease among the Troops or Followers, should state all the circumstances as to the time and place of such disease breaking out, and remark upon the localities or other causes which may be supposed to have occasioned it.

Junior Medical Apprentices James Connor and Richard Jackson are posted to the Garrison Hospital of Poonamallee.

The Division Order by Lieutenant Colonel Farran, Commanding the Nagpoor Subsidiary Force, dated Kamptee 13th March 1829, appointing Lieutenant C. Mackenzie of the 48th Regiment to do duty with the 47th Regiment Native Infantry until further orders, is confirmed.

28TH MARCH, 1829.

The Commander in Chief is pleased to direct that when Officers arrive at the Presidency from the Interior, on Sick Certificate, they shall report themselves to the Medical Officer of the District in which they reside, or to the Garrison Surgeon; in order that their Names may be entered in the Return of Sick Officers, prepared for His Excellency's information.

When the Sick Officer places himself under the charge of any other Medical Officer than the Garrison or District Surgeon, such Medical Officer is particularly required to send a Weekly Memorandum of the state of the Patient's health, to the Surgeon of the District in which the Patient resides, in order that he may be included in his Weekly and Monthly States, he is also to notify when the Patient is struck off the Sick Report or transferred to the care of another Medical Officer, as inconvenience has been experienced from Sick Officers changing their place of residence, removing into another District and even quitting the Presidency without giving any intimation thereof to their Medical Attendant, to whom Sick Officers are now strictly enjoined to be most particular in future, in reporting all such movements.

In the case of an Officer arriving at the Presidency on Sick Certificate for a specified period, the Monthly Certificate required for the Head Quarters of his Corps or Department is to be signed by the Garrison or District Surgeon *only*; but for an *extension* of leave, for change of the destination recommended in a prior Certificate, and for all new Medical Certificates of every description the *Countersignature of the Superintending Surgeon* must be affixed.

In order that European and Native Soldiers at out Stations affected with diseases of the Eye, may receive timely and appropriate Medical Treatment, The Commander in Chief desires that, as an Apartment in the Garrison Hospital has been appropriated for the reception of European Soldiers affected with diseases of the Eye, all such Patients may be transferred to the Presidency, after being a moderate time under the care of their respective Surgeons, who are directed to furnish a Copy of their cases to the Superintendant of the Eye Infirmary direct, to whom all communications respecting this class of Patients are to be made.

The foregoing Regulations are equally applicable to the Native Troops, and Medical Officers in charge are also directed to furnish a Copy of each case to the Superintendant, on the Individual being transferred to the Eye Infirmary.

In order to ensure immediate assistance for the Sick arriving at the Presidency from Pinang or the Tenasserim Coast, the Quarter Master General is requested to notify to the Garrison Surgeon the intended time of disembarking the Sick, and the Officer or Non-Commissioned Officer in Charge must deliver to the Garrison Surgeon the Nominal Roll and cases of the Men, to be obtained for that purpose from the Medical Officer or Servant in Charge. The Garrison Surgeon by himself or his Establishment will be prepared on the Beach to direct such cases as require immediate Hospital treatment to be conveyed to the Garrison Hospital, and the others to proceed to Chintadrapettah Barracks, or the Mount or Poonamallee, as the case may be.

In all cases the Medical Officer, or Servant, is to land with the Sick; and to deliver them over personally to the Garrison Surgeon.

30TH MARCH, 1829.

With reference to the General Order by Government of the 13th Instant, authorizing the Establishment of a School in each Corps of European Horse and Foot Artillery in the 1st and 2d European Regiments of Infantry, the Veteran Corps, and the Depôt for European Pensioners, His Excellency the Commander in Chief is pleased to direct, that Schools shall be established in those Corps on the 1st May next on which date Officers Commanding are authorized to promote to the Rank of Serjeant the Man they may have selected to be Schoolmaster.

In making this selection, attention must not be given exclusively to the erudition of the Individual but also to his Temper, Morals and General Conduct, for any deficiences in these points must unfit him for an Instructor of Youth.

The advantages expected from the Institution are not confined to the dissemination of knowledge among the Children of the Regiment, but that the same benefit should extend to the Men, Commanding Officers are accordingly called upon to use their influence and give them every encouragement to attend the School by which means many may be rescued from a life of Idleness and Intemperance to become exemplary and useful Non-Commissioned Officers.

As the success of the Institution will materially depend upon the attentive and judicious supervision of the Committees of Management and Commanding Officers of Regiments, especially, the Commander in Chief trusts that they will zealously promote it, by occasionally visiting the School, inquiring into the progress and conduct of the Scholars and bestowing upon them praise or censure according to their merits.

31st MARCH, 1829.

No. 95.

FORT ST. GEORGE, 3D APRIL, 1829.

G. O. BY GOVERNMENT.

His Excellency the Commander in Chief having expressed his disappointment at the general result of the recent examination in the Hindoostanee Language of the Staff Officers of the Regiments at Palaveram, and at St. Thomas's Mount, and having brought to the particular notice of the Government the inattention to his orders of the 22d of September last, manifested by Lieutenant Ditmas, Quarter Master, Paymaster and Interpreter, of the 3d Battalion of Artillery, and Lieutenant and Adjutant Benwell of the 46th Regiment of Native Infantry in neglecting to apply themselves to the study of the Hindoostanee Language; the Right Honorable the Governor in Council is pleased to remove those Officers from their Staff Appointments as disqualified for the discharge of the duties thereof.

By order of the Right Honorable the Governor in Council.

(Signed) ROBERT CLERK,
Acting Secretary to Government.

BY ORDER OF THE COMMANDER IN CHIEF.

B. R. HITCHINS,
Deputy Adjutant General of the Army.

GENERAL ORDERS,

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN;

2D APRIL, 1829.

The Commander in Chief having observed a very great want of uniformity in the practice of different Regiments with regard to various points of Duties in Garrison, the following Regulations are published for general observance, and His Excellency expects that the strictest attention will be paid to them in every particular.

Duties in Garrison.

1. For the convenience of Drill and Exercise, Regimental Guards are to mount from their Private Parades, except on occasions of General Guard Mounting, when they are to join the General Guards. With a similar view General Guards are always to be furnished by *one* Corps, and not by Details from different Regiments, and from the *same Corps* for the *whole week* when practicable.

2. General Guard Mounting is to take place at every Station of the Army once Weekly—the Monday Morning being selected for that purpose, when practicable.

3. As the practice of the Army in regard to the relative use of the Parole and Countersign is not uniform, the following rules are henceforth to be observed on the subject without reference to the General Regulations of 1824.

The Parole, as has hitherto been the custom, is to be published in daily Orders, and communicated to all Guards and Sentinels.

The Countersign may be used in Garrison or Cantonment when deemed necessary, and in the Field. It is to be communicated to Officers Commanding Guards or Picquets, and to such Commanding or Staff Officers as may be thought requisite.

In selecting Words for Paroles it should be observed that they are such as can be readily pronounced by both Europeans and Natives—Want of attention to this point may frequently be productive of serious inconvenience.

4. A Field Officer or Captain of the Day is invariably to mount in all Garrisons or Cantonments at which more than one Regiment may be stationed. The proportion of Officers for the different Guards will be determined by circumstances, but at least *one* European Officer is to be on all Main Guards.

5. At inferior Stations, where not more than one Regiment may be stationed, the Commanding Officer will exercise his discretion in fixing the number and rank of Officers for duty, but, in no case whatever, is the European Officer of the day to be dispensed with.

6. The Men for duty of each Regiment are to be carefully inspected by the Adjutant or other European Commissioned Officer before marching them from the Regimental to the General Parade.

7. It is the duty of the Fort Adjutant in Garrisons, and of the Brigade Major or Cantonment Adjutant in Cantonments, to tell off the Guards, and to inspect the whole.—He is held responsible for the appearance and efficiency of all ranks, with regard to Dress, Arms, Accoutrements, and Ammunition:—and he will, consequently, remand to their Regiments such Individuals, whether Officers or Men, as he may consider in any respect unfit to go on duty.—A quota of all Ranks from each Corps giving the Guards will always parade in waiting, to supply such deficiencies as may be occasioned by the rejection of any of their Men—The Staff Officer having concluded his Inspection will direct these parties to return to their Barracks.—Their Station on the parade is thirty paces in rear of the centre.

8. At stations to which there may not be any *Station Staff Officer* attached, this duty is to be performed by an Adjutant of the day.

9. The Field Officer or Captain of the Day is always to be present at Guard Mounting.—No other Officer under the rank of a General Officer, with the exception, in Garrison, of the Adjutant General or an Officer of his Department, and, in Cantonments, of the Adjutant General or Brigade Major of the Division or Cantonment, has any right to interfere, or to give any Orders, to the Fort Adjutant or other Staff Officer on the Guard Parade.—The Governor or Commanding Officer is, of course, an exception to this order.

Guard Mounting.

10. All Guards are to Parade with Shouldered Arms, and Unfixed Bayonets, without any interval between them, and with open Ranks.—The Staff Officer having finished his Inspection of them, will order,—

Officers, and Non-Commissioned Officers Commanding Guards.

TO THE FRONT.

All Officers, and such Non-Commissioned Officers as may be in Command of Guards, will *recover Arms.*

QUICK MARCH.

When they have advanced about forty paces to the front, or to such distance as may be deemed requisite, the word of Command will be given,

INWARDS TURN.

The Non-Commissioned Officers will oblique to the outer hand, clear of the Officers, and the whole facing closed to the centre, the word will be given,

HALT—FRONT.

The whole will front towards the Guards, in two Ranks.—Officers in front, Non-Commissioned in Rear. Officers to *Port Swords*—Serjeants Pikes *carried*,—Corporals with *arms advanced*. The Staff Officer having communicated to them the old Parole, and any necessary Orders, will then deliver over the Guards to the Field Officer or Captain coming on Duty. Should it happen that the Staff Officer is of superior rank to the Field Officer or Captain of the Day, his duty as such here terminates—and the Field Officer must himself collect all subsequent Reports, &c.

The Field Officer of the Day, will give the word of Command,

Officers and Non-Commissioned Officers,

OUTWARDS FACE.

On facing outwards, Arms are again to be *recovered.*

Take post fronting your respective Guards.

QUICK MARCH.

Each individual on coming opposite his Guard will Halt,—Fronting towards it.
As soon as they have all taken post, the word of Command will be given,—

Officers and Non-Commissioned Officers;—To your Guards.

MARCH.

HALT.

FRONT.

On fronting, Officers Swords are to be ported—Pikes carried:—The Music is to play during the March, ceasing at the Halt.

The Field Officer will then direct the Parade to

ORDER ARMS.

FIX BAYONETS.

SHOULDER ARMS.

Officers and Non-Commissioned Officers. Inspect your Guards.

The several Officers and Non-Commissioned Officers will then inspect their Guards. When there are two Officers, each is to take a rank, the Serjeants accompanying them.

As soon as the Inspection is over, and the Officers and Non-Commissioned Officers have resumed their posts, the Staff Officer will go down the line, and receive the report of each Guard which he will communicate to the Field Officer.

The Field Officer taking post six paces in front of the centre, will then order,—

THE TROOP.

Drummers call on the right—on which, when there are Colors, the Captain will face inwards and the Lieutenant and Ensign will face to the Right, and march, in *quick time* to the head of the Grenadiers.

The Captain goes to the head of the right of his remaining men.

The Field Officer then orders the Grenadiers to close their Ranks, and to march off in *quick time*, the Lieutenant being *three* paces advanced in front of his Men, and the Ensign *one*.

The Colors will be delivered as usual, and the Grenadiers on the flank of the Guards will file at *slow* time through the ranks, the Lieutenant and the Colors in front of the front rank. The Music will play during this ceremony.

When there are no Colors, the Drummers' Call will be followed by the Music playing the Troop.

The Colors having taken Post, or the Troop being finished, Ranks will be closed, and the Guards breaking into open column of Divisions, will march past the Commanding Officer in slow time.

When there are more Officers than one belonging to the same Guard, the second in rank is to take Command of the last division, instead of being in the rear of it.

As the Divisions of a column of Guards are generally of unequal strength, the particular attention of Division Leaders is required at the second wheel.—Each must judge his own distance with exactness. —A strong division must wheel at a point short of a preceding weak one, by the space of as many files as the strength of the latter is exceeded by it, and a weak division must overpass the wheeling point of its preceding stronger one by the space of as many files as it is deficient.

The line of covering, on the reverse flank, for the saluting side of the square, will thus be correctly taken by each division in succession.

The third wheel will bring the Pivot Flanks again into their proper line of covering.

The column having entered the fourth side of the square, the Field Officer will dismiss the several Guards to their respective posts.

11. When there is an Officer Senior to the Field Officer of the Day, on the Parade, the Guard are to march past and salute him; the Field Officer of the Day in that case receives the orders of the Senior Officer immediately after taking close order, and previous to breaking into column. The Field Officer will march past at the head of the Guards, and will again receive the orders of the Senior Officer previous to dismissing them.

12. The foregoing Regulations are drawn up with reference to the usual daily Guard Mounting. With a few necessary and obvious alterations, they are equally applicable to the General Guard Mounting in Garrison or Cantonment.

13 European Officers for Duty are not required to fall in until the Non-Commissioned have been brought to the front; they are then to assume their station.

14. All Officers not in the Ranks are to place themselves in the rear of the Commanding Officer of the Parade.

15. The attendance of all Officers, not specially exempted therefrom, is required at all General Parades for Guard Mounting.

16. Officers on all Duties under Arms are to have their Swords drawn without waiting for any Word of Command for that purpose.

17. Orderlies are to parade in one or two Ranks according to their number, ten paces in rear of the centre of the Supernumerary Rank.—In marching past in Review, they are to be a similar distance in rear of the whole column of Guards.

Field Officer or Captain of the Day.

18. It is the duty of the Field Officer or Captain of the Day, to march off the Guards from the General Parade.

19. On all occasions when he may deem it necessary to dispense with any part of the prescribed ceremony of Guard Mounting, he will specially note the circumstance in his Report for the information of the Commanding Officer.

20. The Field Officer of the Day is on no account whatever to be absent from the Garrison or Cantonment during his Tour of Duty, and if not at his own Quarters, he must invariably inform the Officer of the Main Guard where he may be found.

21. The Field Officer is to visit all Guards once during the time that Arms are lodged, for the purpose of ascertaining that all are present,—or that, in Guards of Native Troops, not more than the prescribed proportion of one-third are absent:—and that all are in proper order.

22. He is required to visit the Garrison or Cantonment Hospital once during his Tour of Duty, observing whether or not the Hospital Regulations are duly attended to, and noting down any complaints which may be made to him.

23. He is to visit all Guards between the hours of 5 P. M., and Retreat beating; ascertaining that their Commandants are all duly acquainted with the Parole, and with all orders affecting their respective posts, and issuing the necessary instructions relative to visiting Rounds and Patroles.

24. He is to go the Grand Rounds, taking an Escort of sufficient strength from the Main, or any other Guard under his orders.

25 He is required particularly to observe the manner in which Guards and Sentinels perform their respective duties; exacting the greatest accuracy and alertness from all, and enforcing the strictest adherence to the system prescribed for their guidance, any deviation from which he must correct upon the spot.

26. The Barrack Guards and Inlying Picquets only of *Regiments*, are subject to his Inspection: but it will be his duty, at all times to take cognizance of any irregularities which may occur to his notice, without distinction of Guards.

27. In Garrisons it is his duty to ascertain that the gates are shut at the prescribed hours and he is to note in his Report that he has done so.

28. On the Relief of the Guards he is to collect the Reports—which with a general one from himself drawn up according to Form No. 2, he is to transmit, or deliver in person, as may be ordered, to the Governor or Commandant.—A similar report is also to be furnished to the Officer who relieves hi.

Relieving Guards.

29. On the approach of the Relieving Guard, the Officer in Command of the Old Guard will cause his men to stand to their Arms, at open order. The relieving Guard, when within twenty paces, halts—the old Guard shoulders—The relieving Guard advances in *slow time*, and takes post on the *left* of the other, aligning with it. The relieving Guard having taken open order, the old Guard will present Arms—Drummers beating a march—the relieving Guard then presents also.

The Officer of the old Guard gives to the relieving Officer the ordered written Report of the Guard—without which the relieving Officer is strictly prohibited from making the relief. He also communicates such orders as may be necessary. Both Guards will then shoulder and take close order. The requisite number of men from the new Guard being told off, the sentries of the old Guard are to be relieved, a Corporal from each proceeding with the relief.—Both Guards will order and stand at ease. The Serjeant of the new Guard, accompanied by one from the old Guard, will ascertain that the Guard Room, and Utensils in charge of the Guard, are clean and in good order, and he will examine the Furniture. &c. &c. for the condition of which he is responsible to his Officer, to whom he will instantly report any deficiency.

The Relieving Officer is personally to receive charge of all Prisoners and to ascertain that they correspond in every respect with the report.

The relief of the Sentries having been *completed*, both Guards will shoulder, and the relieving Guard will take *open order*.

The old Guard marches off in *slow time* and with carried Arms.

At a distance of twenty paces, it will halt, and will then proceed in quick time with Arms sloped or trailed at convenience.

On the old Guard receiving the word "March" the new Guard will *Present Arms*. Having re-shouldered, and taken close Order, it will march in *slow time*, and take up the ground vacated by the relieved Guard.

30. Previous to dismissing the Men, the Officer will make them acquainted with such parts of the Orders as may particularly require their attention. Arms are then to be piled or lodged according to circumstances.

31. It is the duty of the Officer next to visit all his Sentries accompanied by the Corporal who planted them, and to ascertain *personally* that they have received their proper orders.

Relief and Duty of Sentinels.

32. In relieving Sentinels, *during the day*, the following mode is invariably to be adopted. If the Relief consist of *less than four Men*, it is to be formed in a rank entire, the Corporal on the *left* with his Arms advanced, the Arms of the Men *supported*:—he is to observe that the Men march regularly, are perfectly silent, and that the rear ranks, when the Relief consists of more than four Men, are well locked up.

On approaching within ten or twelve paces of the Sentinel to be relieved, the Corporal will give *in an under tone of voice*, the word—

HALT—CARRY ARMS.

Which is to be obeyed both by his own party, and by the Sentinel, who will, at the same time, assume his proper front. The Corporal then advances with the relieving Man whom he halts opposite to, and one pace distant from the Sentinel.

PORT ARMS.

Both Men Port Arms, and the old Sentinel in a low tone of voice, so as not to be overheard by any one but the Corporal, communicates to the other the orders of his post. It is the especial duty of the Corporal to see that this is done clearly and correctly—remembering that he will be held responsible should the Sentinel, on being visited by the Officer of the Guard, be unable to give satisfactory answers to his interrogatories.

SHOULDER ARMS.

Both Men Shoulder, and the Corporal marches the relieved Man to the left of his party, the new Sentinel at the same time stepping forward into the other's place, and assuming his proper front.

SUPPORT ARMS.

All will support Arms.

QUICK MARCH.

The Sentinel allows the relief to proceed clear of his Post, and then, facing to the right or left, assumes his walk, which is not to exceed 10 paces to each flank, and which is to be distinctly pointed out to him at the time.

33. A Sentinel is never to be relieved, but in presence of the Corporal. The Corporal who sanctions a relief being made by the Men in his absence, and the Sentinel who permits himself to be so relieved, alike subject themselves to be punished by the Sentence of a Court Martial.

34. All Reliefs are to be marched the whole round of Sentries in perfect silence; and no Corporal shall allow of the slovenly and unmilitary practice of the relieved Sentinel proceeding by himself to the Guard Room.

35. The Corporal, as well as the relieving Man, is carefully to examine every article in charge of a Sentinel before making the relief.

36. The relief is at all times to be conducted with the greatest smartness and attention. The words of Command should be given in a *decided* manner; but *in an under tone of voice*. The Officer of the Guard will particularly observe the manner in which Corporals perform this essential part of their duty, and he will remark in his report upon such as appear ignorant or inattentive.

37. The Corporal on the completion of the relief is to report to the Officer or a Non-Commissioned Officer of the Guard.

38. Sentinels are *not to quit their Arms for an instant*, nor to suffer any person to touch them on any pretence. They are to keep *their post clear*—allowing no rioting or disturbance of any kind in their vicinity. They are never to converse, loiter, or lounge upon their posts, nor to remain in their Sentry Boxes in good, nor even, in moderate weather,—but are to move about briskly in a soldier-like manner, and not to go beyond the ordered distance of 10 paces to each flank.

39. A Sentinel must on no consideration quit his assigned station before being regularly relieved; should he find himself incapacitated by sudden illness, or other cause, from the due performance of his duty, he is to call to the Corporal of the Guard; or, if at too great a distance to be heard by the Corporal, he is to pass the word to the next Sentinel who will pass it on until it reaches the Guard. The Corporal, taking a Private with him, will then visit the Sentinel, and relieve him or otherwise, according to circumstances.

40. Corporals are particularly to instruct Sentinels not to communicate their orders to any but the Officer or Non-Commissioned Officer Commanding the Guard.

41. Whenever it may be necessary to give orders to a Sentinel, it must be done through the Commandant of his Guard. No other Officer, whatever his Rank, can be permitted to give instructions to, or in any manner to interfere with a Sentinel upon his post.

42. Sentinels are permitted to *support* or to *slope* Arms. On the approach of an Officer, or other person entitled to the compliment, they are to halt—assume their proper front—and carry arms—remaining steady in that position, or presenting arms, according to circumstances :—this is not to be done at the instant the Officer passes, but by the time he is within fifteen paces of their post, so that they may be perfectly steady before he comes up. The Officer having passed clear of their post, they will face to the right or left, and resume their walk.

43. Sentinels must be distinctly informed which is to be considered by them as their *proper front*—on Ramparts, or in Batteries, it will be *outwards*, towards the field.

44. When an Officer, or other person to whom the Guard has orders to turn out, approaches within 50 paces, the Sentinel will give the word

Guard, turn out,—
Commanding Officer—or
Field Officer of the Day, &c. &c.
as the case may be.

The Guard must on this turn out although the Officer for whom it was ordered should at the same time decline the compliment. In that case the Guard must be turned in again in a regular manner by word of Command from the Officer. It is requisite for the security of a Guard that the Order from the Sentinel to turn out should at all times be obeyed without delay, or hesitation.

45. To all Field Officers, and to Officers of a superior rank, Sentinels are to *Present Arms* :—to all other Officers, they are to carry arms—Although Guards do not turn out after sun-set to pay compliments, yet Sentinels pay proper attention to all Officers who may approach their posts until it is dark, or until watch-setting. They are not, however to *Present Arms*, but will stand steady, with carried arms, facing to their proper front.

46. All Sentinels are to stand steady, with shouldered arms, facing to their proper front, during Retreat Beating—They pay no compliments to any Officers who may pass them at that time.

47. Double Sentries, in paying compliments, must be careful to *act together*—the left hand man will take the time of each movement from his comrade on the right.

48. Whenever from there not being sufficient room for the Sentinel to move about with his arms shouldered, or from any other cause, it may be found necessary to post him with a Bayonet only, his Musket is invariably to be lodged with the Arms of the Guard.

49. Sentinels posted with Bayonet only, will pay the necessary compliments by standing steady, facing to their proper front, the Bayonet carried erect, close into the *left* side, at the full length of the arm.

50. Sentinels posted over Powder Magazines pay no further compliment than standing steady with carried arms, facing to their proper front.

51. Sentinels are to be relieved every two hours, or, when the number of Men on duty may warrant the measure, or the state of the weather render it expedient—every hour—in which case the circumstance must be mentioned in the report.

52. Running Sentries are strictly prohibited.

53. European Sentinels are to be exposed to the Sun as little as possible and where they can be posted under the shelter of a Veranda or other Cover, they are to be allowed the advantage of it,—except during Saluting hours.

Guards.

54. The Commissioned and Non-Commissioned Officers Commanding Guards, are held responsible for the regularity and good conduct of their Men, as well as for their exact performance, in every particular, of the various duties assigned to them.

55. It is the first duty of an Officer to make himself acquainted with the Orders of his Guard, and also *with those which each Sentinel ought to have upon his Post*, and every relief is to be inspected by a Non-Commissioned Officer.

56. The Commandant of a Guard, whether European or Native, whatever may be his Rank, is on no pretence whatever to quit it, except for the purpose of visiting his sentries, or of going the ordered Rounds, and he must then invariably mention his intention, and the probable time of his absence, to the next in Command.

57. No Non-Commissioned or Soldier is to quit his Guard without leave, which is to be granted only upon urgent occasions, and with proper limitation both as to time and distance. The Native Troops are, however, for the purpose of taking their Meals, permitted to be absent from a Guard, in the proportion of *one third of its strength*, between the hours of 9 A. M. and 4 P. M. when the arms are lodged, for a period to be prescribed by the Commanding Officer—but from this indulgence are excepted all Guards over Jails and Treasure, from which none of the Men can be allowed to absent themselves, on any account. In the event of any Officer or Soldier becoming incapacitated by sickness or other cause, from remaining on duty, the circumstance must be reported to the Field Officer of the Day who will apply to the proper Staff Officer for the necessary relief.

58. Neither Officers nor Soldiers are to take off their Clothing or Accoutrements while they are on Guard—They are permitted to open their stocks between saluting hours, but more than that is strictly forbidden.

59. Officers on Guard are strictly interdicted from entertaining Guests at their Guard Rooms—nor are Officers, at any time, to visit others on duty but in their Regimentals, and with side Arms.

60. The Officers and Non-Commissioned Officers of Guards are responsible that no drinking, swearing, gaming or other irregularity, are allowed in their Guard Rooms—and the Rolls are to be called at least once in every four hours.

61. Officers and others in Command of Guards, are held responsible that no person shall in any manner deface, or otherwise injure the walls or other parts of their Guard Rooms, or Offices attached, —and Sentries are to have similar instructions concerning any Public Buildings or works over which they may be stationed, as well as their own Sentry Boxes.

62. All Guards are to be under Arms on the appearance of any large body of men, armed or unarmed, and to remain so, until such body shall have passed, or marched out of sight.

63. In Garrisons, the Officers Commanding Guards at the Ports, are to draw up the Bridges, or shut up the Barriers, on the approach of any body of armed men, of which they are to give notice to the Main Guard, and are not to suffer any of them to come into the Garrison, without leave from the Field Officer or other competent authority, unless previous instructions may have been given them on the subject.

64. On occasions of Fire or other alarm, all Guards are to be immediately under arms. In Garrisons, the Barriers are to be shut, or Draw Bridges to be drawn up—and they are so to continue until the Fire is extinguished, or until they may receive orders from the Field Officer of the Day or other competent authority.

65. All Guards are to turn out with shouldered arms, and at *close* order, during Reveillée beating, and they are to remain so until broad day light. The Officers will then carefully inspect them, and cause the men to arrange their dress in as clean and Soldier-like a manner as possible.

66. They are to be under arms, at *open* order, during Retreat Beating, on the conclusion of which, Officers are to make the regular Inspection, and are then to lodge the arms.

67. At Tattoo Beating, the Roll of the Guard is to be called, and Officers are *personally* to ascertain that all are present, and fit for duty.

68. All Guards in the vicinity of the General Parade are to stand to their arms during the Troop at Guard Mounting.

69. The arms of Guards are to be piled from Reveillée till 9 A. M. and from 5 P. M. to Retreat Beating—During those hours the ordered compliments are to be paid to all persons entitled to receive them. From 9 A. M. to 5 P. M. Arms are to be lodged, and Guards are not then to turn out to any Officer, *as a compliment*, unless when they may have special orders to do so. Guards are not to *present* to any person not passing within *thirty paces* of their front or flanks, nor are they to get under arms should he be more than fifty paces distant. Whenever an Officer entitled to compliments from a Guard may pass in it's rear, the Guard will remain steady with Shouldered Arms.

70. The Arms of Guards are always to be lodged with *Bayonets fixed.* In *Piling* Arms, Bayonets will be *fixed.* All Guards which are of a less strength than 12 Rank and File are on all occasions of turning out, either for compliment or Inspection, to be formed in a single Rank.

71. The compliment of Presented Arms is not to be paid at the instant the Officer or other person entitled to it, passes the Guard—but by the time he is within fifteen paces of it, so that it may be perfectly steady before he comes up.

72. The Commandants of all Minor Guards are to send a report at 4 P. M. to the Officer Commanding the Main Guard, and at other times also when any thing extraordinary happens on or near their Posts.

73. Officers on Guard are to go their Rounds frequently during the night; specifying in their report, the particular hours at which they performed this duty. In the Reports of all Guards are to be mentioned, likewise, the hours when visited by Officers, or Rounds of any description. A Non-Commissoned Officer, with a file of Men, is frequently to visit the Sentinels during the day.

74. On any Prisoner being committed to the charge of a Guard, the Commandant is immediately to report the circumstance to the Field Officer of the Day, to whom also he will transmit the charge, when received, after copying it into his own report.

75. No Prisoner once committed to a Guard is to be released but by order of the Field Officer of the Day, unless instructions to that effect may be received from the Commanding Officer, or his immediate Staff, *direct.* In that case, the Officer will of course, yield prompt obedience, at the same time reporting the circumstance to the Field Officer.

76. Whenever a Prisoner may be allowed to quit the Guard for a short time, on any necessary occasion, he must invariably be attended by two or more of the Guard, and it is to be considered as a standing rule that no two Prisoners are ever to go out together.

77. No person whatever is to be permitted to interrogate or hold conversation with any Prisoner without orders from the Field Officer, or other competent Authority.

78. The Drummer on duty with a Guard is never to be absent from it, on any occasion.

79. All orders given to the Commandants of Guards, either verbally, or in writing, by any authorized Staff Officer, are to be obeyed without hesitation—and a corresponding report to be made to the Field Officer.

80. No mob, or assemblage of people, is to be allowed in the neighbourhood of a Guard. On any appearance of one, the Guard is to get under Arms, and the requisite measures are to be taken for its dispersion.

81. Whenever a Civil Magistrate applies for assistance to any Guard, it is to be granted immediately.

82. In all Garrisons, the following rules are to be observed in opening the Gates.

On the approach of the Serjeant with the Keys, the Guard will get under Arms—the Serjeant will then unlock all the Gates with the exception of the outer one, the Wicket of which only is to be opened to give egress to a Corporal and a File or two of Men, who will move out and reconnoitre to some distance from the Barrier. On the Corporal returning and reporting that there is nothing extraordinary, the outer Gate will be unlocked. But should any Body of Men be perceived, the Wicket is to be immediately shut, and a report made to the Field Officer.

During the Opening and Shutting of the Gates, the Guards are to continue under Arms, their Officers being at their head.

83. All Guards on dismounting are to be marched with the utmost regularity to their Regimental Parades where they are to be dismissed.

84. The Officer of the Guard is to make out two Reports agreeably to Form No. I, one of which he will give to the relieving Officer at the time of the relief,—the other he will transmit to the Field Officer of the Day on the relief being completed.

85. Officers making written Reports are to sign them, specifying their Rank, and the Regiment to which they belong.

86. No Guards taken from the regular Troops, wherever posted, are to be exempted from the visitation and control of the Field Officer.

87. Soldiers must never be seen carrying Bundles or Umbrellas when under Arms.

88. Every Regiment in Garrison must have an alarm post assigned to it, to which it will repair in case of Fire, or any other extraordinary alarm, either by day or by night.

89. Guards allotted for the security of Jails are not intended to act as the immediate Keepers of the Prisoners confined there, for whose safe custody the Civil Power is responsible—The Guard is to *support* the Civil Power in the preservation of order, promptly assisting in the repression of any disturbance or attempt at violence, but it is not to furnish details for the purpose of accompanying Prisoners to and fro, nor is it at any time to be employed in the performance of duties pertaining to the Offices of Jailors or of Peons.

90. The Military Officer will decide upon the number of Sentinels required, and upon the proper situations for them, but he is to give no Orders affecting the Prisoners or other persons connected with the Jail, without the sanction of the Magistrate.

91. The Officers in waiting, as next for duty, who are always to be mentioned in the orders of the Day, are constantly to remain within the Garrison or Cantonment, and should they be absent from their own quarters they must leave word where they are to be found.

92. An Officer is not to be placed in *Charge of a Guard* till he is sufficiently acquainted with his duty. Young Officers are invariably to be put on duty for a sufficient time as Supernumeraries, with those of the Senior Officers from whose advice and *example* they may be expected to derive the requisite knowledge.

93. The attachment of Orderly Soldiers to Officers being solely for the performance of *Military Duties* they are, consequently, on no pretence whatever, to be employed otherwise than upon such duties. They are not to be permitted to look after *Officer's Horses*, nor in any manner to be placed on a footing with the menials of the House. They are, when accompanying Officers, always to move at the regular Military pace, which is never to be exceeded but on urgent occasions of service. They are strictly inhibited from running after Horses or Palankeens. It is not considered their duty to carry an Officers Arms, which can never be so properly disposed of as by his own side.

94. Neither Guards nor Orderlies, Boys included, wherever stationed, are on any consideration to receive orders from Servants of any description, whether Conicopolies, Writers, Butlers, or others —and it will be the duty of the Staff Officer parading Guards especially to warn the Men from receiving, or yielding any obedience to orders so communicated.

Honors to be paid by Guards.

95. The prescribed honors are to be paid by all Guards during saluting hours, that is, from Reveillée to 9 o'clock in the morning and from 5 o'clock to Retreat Beating in the evening.

96. The compliments to be paid to Local Authorities will always be specified in the orders of the Station.

97. Guards will turn out to all Military Funeral Processions, and to those of Officers they will present arms —On such occasions, they pay no compliments to Officers accompanying such Processions, although they might otherwise be entitled to them —Nor is the drum to beat.

98. Should any Officer entitled to the salute, pass at the time of relieving Guards, the senior Officer will give the word to both Guards.

Rounds and Patroles.

99. Rounds are intended as well for the purpose of preserving order within the boundaries of the Garrison or Cantonment, as of ascertaining that Guards and their Sentries are alert on their posts, and vigilant in the execution of their duty.

100. The ordinary Rounds in Garrison are the Grand, and the Visiting Rounds.

101. The Grand Rounds are to be gone by the Field Officer or Captain of the Day, *only*—and are received by Guards and Sentinels with presented Arms.—They are not to set out before 11 o'clock.

102. The visiting Rounds may be gone by the Field Officer, or by the Officer of the Main Guard, and at any hours between Reliefs, both before and after Grand Rounds. They are received by Guards and Sentinels with carried Arms.

103. Patroles composed of a File or two of Men under a Non-Commissioned Officer, or Corporal, are to be sent out frequently during the night within the district of each Guard, performing the same duties as Rounds with the exception of visiting Guards.

104. Rounds and Patroles are to quell all riots, and to take up, and give in charge to the nearest Guard, any drunken or disorderly people who may be disturbing the peace of the Garrison or Cantonment.

105. Inclemency of the Weather can never be admitted as an excuse for the non-performance of the duties above directed. It is precisely at such times that Guards and Sentinels most require supervision —Lanterns are not to be carried—They are at all times unnecessary, and are obviously calculated to defeat one principal object of the Rounds.

106. Should the Field Officer of the Day be in a Palankeen, he must quit it on coming within

30 paces of the Guard—and it is to be considered a standing Rule, that the Officer visiting a Guard is always to inspect the Men.

107. Officers of Guards going Rounds, are to do so on foot. They are not permitted to be mounted.

108. Officers of Rounds are themselves to answer when challenged, and the practice of deputing that duty to the Non-Commissioned Officer is prohibited. It is to be observed that Rounds are to go at varied and uncertain hours—and not at the same precise time night after night.

109. The following system is established for the guidance of Guards and Sentinels in the performance of their night duties.

SENTINELS POSTED NEAR GUARDS.

110. On its becoming dark, or after watch-setting, all Sentinels will challenge persons approaching their posts. This is not to be done in a loud bawling tone, which is not only unnecessary, but highly improper—it is sufficient that the person challenged should hear the Sentinel, who will modulate his voice accordingly.

111. To Native Troops in particular it should be well explained, that giving words of Command, or challenging, in a louder than necessary extent of voice, are by no means proofs of Military smartness—on the contrary, it is their duty to keep every thing as quiet and tranquil about their posts as possible.

112. The Sentinel on hearing or seeing any one approaching his post, will front to whatever quarter the person may be coming from, and at the distance of about 30 paces give the challenge

Halt!

Who comes there?

at the same instant *porting* his Arms. If answered "Friend," he replies 'Pass Friend,' remaining at the *Port*, with his eye on the Stranger, who having passed clear of his Post, the Sentinel shoulders, and resumes his walk.

113. No Sentinel, whether detached from, or posted near to a Guard, is ever to allow any *Armed Party*, or large body of Men, *Armed or Unarmed*, to pass his Post without due examination—Should such party, on being challenged, answer "Friend" the Sentinel will order

Stand Friend!

Advance one—give Parole—

saying which, he comes to the *Charge*, and, keeping his eye on the party, allows *one* person only to approach, sufficiently near to converse, but not to lay hands upon his Musket. Having received the parole, or any sufficient information as to the nature of the party, &c. he will order

Pass Friend! All's Well,

remaining with *Ported Arms* until the party has passed clear of his Post.

114. To Patroles he will answer

Stand Patrole!

Advance one—give Parole—

which having received, he will order

Pass Patrole—All's Well,

shouldering and assuming his proper front.

115. A Sentinel must allow no one, on any pretext, to approach him sufficiently near to lay hands upon his Musket. Should any person attempt it, the Sentinel will immediately come to the *Charge*, and order him to keep clear of his Post. Nor, having fronted after challenging Rounds or Patroles, must he allow them to pass in his *rear*.

116. If any person answering "Friend" should wish to enter the Guard Room, the Sentinel will stop him, and call for the Serjeant or Corporal of the Guard, who will judge of the propriety of passing him.

117. If answered

"Grand, or Visiting Rounds"

to proceed thus.—

Stand—Grand or Visiting Rounds—

Guard, turn out—

Grand Rounds!

This last must be said loud enough to rouse out the Guard. The Sentinel will remain with his *Arms Ported*, fronting towards the Rounds, from which he will allow no person to move until the reconnoitring party from his guard shall desire one to come forward—On the Commandant of the Guard directing the Rounds to advance, the Sentinel will Shoulder and assume his proper front; "*Presenting Arms*" to Grand Rounds, otherwise "Carrying Arms."

DETACHED SENTRIES.

118. The preceding Regulations are equally applicable to Detached Sentries, with the exception of those referring to the reception of Rounds.

119. When answered "Grand" or "Visiting Rounds,"—detached Sentinels will proceed thus:—

Stand, Grand, or Visiting Rounds.—Advance one, give Parole—proceeding as above directed for "Patroles."

Having received the Parole, he will order

Pass, Grand, or Visiting Rounds.

All's well.

Shouldering, and assuming his proper front. To grand Rounds he will *present Arms*, and to Visiting Rounds he will *Carry Arms*.

120. If answered "Relief" he will order

Stand Relief.

Advance one, give Parole.

Having received which he will answer;

Advance Relief all's Well,

Remaining with *Ported Arms* fronting towards the Relief, which, in other respects, will be conducted in the manner ordered for the day time.

121. All Guards on being ordered to "Turn Out," will do so with the utmost celerity, and *without Noise*, at *Close Order*, and with *Shouldered Arms*.

122. The Commandant will detach a Serjeant or Corporal, according to his strength, with a file of Men to reconnoitre.

The Serjeant advances towards the Rounds, "Halts" his Men at about ten paces from them, orders "Port Arms," and challenges

"Who comes there?

"Grand or Visiting Rounds."

Stand,—Grand or Visiting Rounds—

Advance one—give Parole.

The Serjeant then stepping out two or three paces in front of his Men, comes to the *Charge*. Having received the Parole, he runs back, and reports to the Commandant of the Guard.

He then returns quickly to his Men, who have remained at the *Port*, watching the Rounds and allowing *no person* to move.

The Commandant Orders.

Advance Grand, or Visiting Rounds—and then *takes open order*—On the word "Advance Grand Rounds," the Serjeant orders

"*Shoulder Arms*,"

and wheels back his Men.

He who came from the Rounds with the Parole, now return to his Party.

The Officer of the Rounds leaving his escort halted, advances; passing in front of the Serjeant's party, which will "Present Arms," &c. according to circumstances. The Guard will receive him with the proper compliments—The Round Officer having finished his Inspection, the Guard Officer orders

"*Advance the Escort.*"

The Serjeant *then* permitting the Escort to pass, rejoins the Guard with his Men, and the Rounds passing on, Ranks are closed, and the Guard is dismissed.

123. All Officers going Rounds are to satisfy themselves, by personal observation, that the Men are all present, sober, and properly dressed and accoutred.

124. When a Guard consists of a Corporal and three or four men only, the Corporal himself will advance *with his Sentinel* and reconnoitre.

125. If posted with a guard of six Men, having only one Sentinel, the Corporal will detach two Privates, one of them to act as Corporal,—When there are two Sentinels, he will detach one Private as Corporal with a Sentinel.

126. The reply of Rounds to the challenge will be "*Grand Rounds*" or "*Visiting Rounds*," according to circumstances—and not simply "Rounds."

127. Rounds having occasion to pass Sentinels posted over Guards which they may not intend to visit, will, on being challenged, answer "Friend."

Patroles will answer in the same manner.

128. When two Rounds or Patroles meet in the night, that which challenges first receives the Parole from the other, which it will order to stand.

129. Rounds on being challenged should immediately halt.

130. If no answer be made to the Sentinels challenge, he will repeat it, and demand an instant reply.

131. The Parole, and generally all conversation between Sentinels and others, must be repeated in a low tone of voice.

132. In double Sentries, the right hand man will give the challenge—both will *port Arms*, the left hand man at the same instant falling to the rear of his comrade, uncovering to the right. The right hand man advances two or three paces to receive the Parole, the other keeping his eye on the party challenged.

133. Sentinels must be particularly cautioned not to challenge without occasion. The practice of bawling out to every passer by at whatever distance he may be, and in whatever direction he may be going, is absurd in the extreme—Sentinels are only to challenge persons *approaching their posts*.

134. Every Native Sentinel must be instructed to pronounce his words slowly and distinctly, *their meaning being well explained to him*, and he must be taught always to enforce the orders of his post without respect of persons.

135. Nothing speaks more conclusively to the real state of the Drill and Discipline of a Corps than the manner in which its Guards and Sentinels perform their various duties. Nor let the opinion be entertained that these are but forms, strict adherence to which may safely be dispensed with: Officers have not now to learn that even in the greatest apparent security and tranquillity the most serious evils have occurred, which, had the troops on duty been properly alert and vigilant might have been checked or wholly prevented in the outset.

GENERAL ORDERS.

BY HIS EXCELLENCY, THE COMMANDER IN CHIEF.

HEAD QUARTERS : CHOULTRY PLAIN ;

18TH APRIL, 1829.

From the reiterated notice which has been given of the necessity of Officers in general making themselves acquainted with the Hindoostanee Language, and of the determination of the Commander in Chief to recommend the removal from the Staff of every one not Master of it, it is with no less pain than astonishment that he has inspected the reports of the late examination, exhibiting out of 42 Names yet before him, only six arrived at a proficiency necessary for the fulfilment of their duties, the great mass only in progress far short of perfection, and eight absolutely incompetent, many of whom have been for years receiving the Pay of Interpreters ! ! ! for which with common abilities there can be no doubt that an assiduous study of six months with a proper and honorable sense of their duty would have rendered them generally capable. For every Officer in the Company's Service, entrusted as they are with the interests of the Native Soldiers under their Command no less than with those of their employers this must be a culpable negligence.

In an Adjutant it is of a darker character. In a Quartermaster and Interpreter it is more than negligence ; it is absolute criminality, and if in the course of his duty as such, he has been sworn to interpret fairly and truly before a Court of Justice, what *ought* to be his feelings if his ignorance of the language has brought down an unjust decision upon some innocent person—a circumstance which cannot be considered improbable in a series of 4 or 5 Years during which some of these Officers have held those appointments. All such therefore must be looked upon as incorrigible Cases, and the Commander in Chief will not hesitate to recommend their immediate removal. To those however whose progress toward perfection holds out a reasonable hope of attaining it, and to those of very recent appointment he is willing to allow another six months to complete their Studies, but it must at the same time be understood, that this indulgence ends there, and that if then found wanting—it must indeed be a strong Case that will prevent their removal—for if Officers are not found capable of replacing them in their own Regiments they will be selected from others where more zeal and industry is to be found.

The following is the state of the Reports up to this date. The Commander in Chief thinks it due to the meritorious thus to record their Names, while the Officers who here find theirs respited will, he hopes, be ambitious to emulate them and to stand before the army on a brighter list at the next examination.

The others who have been in the Receipt of allowances for a duty which they have not performed, can have no reason to complain that some service at least is here exacted of them in holding them out as beacons of a danger to be avoided.

They are required frequently to examine the progress made in the Language by their Officers as they will be held responsible that their reports on this head are strictly correct, as they will be brought to proof by the Official Examination. The first of which will now take place at the expiration of Six Months (that is to say) within the Month of October next, when Commanding Officers of Divisions will assemble Committees for the examination of all Officers now respited for re-examination, for all Staff Officers not passed, and for all others who are desirous of distinguishing and recommending themselves, in the same manner as directed in G. APPROVED AND CONFIRMED.

(Signed) G. T. WALKER, Lieut. General,
and Commander in Chief.

The long Services of Jemadar Vencatasawmy would have had considerable weight with the Commander in Chief in deciding upon this case, but when he reflects on the distinct notice given in his Order of 6th June 1827, referring as it does to an Order of 8th June 1812 on the same subject; the daring and open violation of both, constitutes a crime in this Instance which the Discipline of the Army and the protection of its Individuals demand to be made an example of, and the Commander in Chief is determined, that the lowest Member of this Service shall feel that he is protected from arbitrary and illegal punishment, and the Officer who inflicts it, that he will not escape the consequence denounced for it. This decision with the Orders above referred to, are to be read at the head of every Regiment in the Service, and particularly explained to every Individual present.

(Signed) G. T. WALKER, Lieutenant General,
and Commander in Chief.

And as there appears to have been some misunderstanding with respect to the necessity of the Staff of the European Regiments making themselves master of the Language, 6 months will be allowed for their further Examination; they should however have known that this was a duty required of every Officer of the Service and consequently more particularly imperative on the Staff, through whom Communications with Native Soldiers and others must frequently be necessary, and they must be aware ignorance of the Language in many situations, but particularly in advance Posts where reports would be required might be fatal. This indulgence therefore must not be trifled with, nor the time allowed be lost by negligence.

MADRAS, 9th *May*, 1829. } (Signed) G. T. WALKER, Lieut.-General, *and Commander in Chief.*

The Commander in Chief cannot however pass over circumstances which have been obtruded upon him in the course of this Court Martial on Mr. Assistant Surgeon Ladd, so militating against every principle of Duty and of Honor, as to call for his strongest animadversion. It here appears in Evidence that a Lieutenant Colonel Commanding a Regiment, a Captain Acting as Fort Adjutant, and the Fort Adjutant himself, had all signed Muster Rolls, the Men of which they had not mustered, thereby *wilfully making false Musters.* Now if their own principles did not indicate to those Officers the criminality of negligence in such a case, are they ignorant of the 1st and 2d Articles of the 4th Section of the Articles of War, under which they have rendered "themselves liable to be Cashiered, and to suffer such other penalty as a Court Martial may direct?" But by such neglect not only are they criminal themselves, but hold out an inducement to criminality in others, from the ease and security which they afford to the perpetration of fraud. That this has clearly been the case in this instance cannot be denied. With what propriety then can the Commander in Chief, in the face of this Army, and with such facts before it, let the Sentence of Justice fall alone on the Minor Criminal? when his Superior Officers have by a still higher offence opened the door to his Crime. Justice would indeed demand the Trial of the whole, and no alternative presents itself to the Commander in Chief to avoid the necessity of so serious an example, but that of pardoning the Prisoner, who is but the partaker of their Offence, and he, it is to be hoped from the imminent danger in which he has been placed, will see the necessity of acting hereafter on more honorable principles. That the Commander in Chief has in this instance refrained from making the higher example, is, that he has learned with deep regret that a general laxity has for some time prevailed in the performance of this important duty, and that this negligence, criminal as it is, is not confined to the Officers in question; he has thus been led to hope that with them it has rather been the effect of general bad example, and want of due reflection on the proper light in which such a derilection of principle, should be considered, that their failure should be attributed than to intentional crime; offered however as it now is to the most serious reflection of all ranks of the Army, it must be evident that should any similar instance of criminality be again brought to the notice of the Commander in Chief, it must be his imperative duty to bring it to justice whatever may be the rank of the offender.

As a doubt has been exhibited in the course of these proceedings as to a power of discharging followers, it must be expressly understood that no man liable to muster, whether Sepoy, Lascar, Toty or others, can be discharged the Service but by special orders from Head Quarters, whither all applications for that purpose must be addressed, with every particular necessary for thoroughly understanding the case.

Another irregularity too must here be noticed in the mode of payments adopted by Lieutenant and Paymaster Joy, who instead of making them solely to the Medical Officer in person, has sometimes made them to a Dresser, sometimes to a Vakeel, and at others to an Orderly. Let it then be understood that such a neglect of duty will not be tolerated, and Commanding Officers are called upon to report any future instance of such neglect, and to superintend more strictly the general fulfilment of orders within their Command.

The General Court Martial directed to assemble at Bellary in General Orders of the 5th February last, and of which Lieutenant Colonel Taylor of His Majesty's 48th Regiment is President, is dissolved.

11TH MAY, 1829.

The attention of Officers Commanding or in charge of Corps, Detachments and Departments, is called to the General Orders by Government of the 27th September 1825 and they are directed to forward the measurement Rolls for the Clothing of the year 1829, *without delay* to the Secretary to the Clothing Board.

For Jackets, the Measurement is to be taken *round the Chest*, instead of *across the Chest*, as inserted by mistake in the Order above referred to.

The undermentioned Officers have obtained Leave of Absence from their Corps and Stations.

GENERAL ORDERS,

HEAD QUARTERS : CHOULTRY PLAIN ;

16TH MAY, 1829.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief to be published to the Army, they are accordingly published in Military Orders.

No. 119.

FORT ST. GEORGE, 8TH MAY 1829.

G. O. BY GOVERNMENT.

In re-publishing the following Orders of the Honorable Court of Directors, dated the 27th November 1818, regarding the Pensions granted to Officers on account of Wounds; the Right Honorable the Governor in Council finds it necessary to call the attention of Medical Officers to the certificates thereby prescribed, (particularly those given on examination of the Wounds, after the expiration of three years), which are invariably to be *on honor*; and in all cases (when the parties may not have actually lost an Eye or a Limb) to specify distinctly whether the injury, in their opinion, is or is not *equivalent to the loss of an Eye or a Limb*, so as to enable the Government to give full effect to the orders of the Honorable Court.

Our attention has lately been directed to the subject of the Pensions granted to Officers for wounds received in action, and we find it necessary to revise our orders on that head, in so far as respects the continuance of those Pensions in certain cases.

In all those instances where the injury is of a permanent nature, as for example, [illegible] party has actually lost an Eye or a Limb in action, or has suffered such permanent injury as may be equivalent to the loss of an Eye, or a Limb, from a wound received in action, there can be no doubt of his being entitled to the Pension for life, conformably with the spirit and letter of His Royal Highness the Prince Regent's Regulations, bearing date the 20th June 1812, but cases may occur, where though at the expiration of a year and a day after the wound has been received, the period at which those Pensions commence, the Individual may to all appearance, have sustained an injury deemed equal to the loss of a Limb; yet by a skilful medical treatment, and the efforts of a sound constitution, he may in a few years be restored to his prestine bodily strength.

In instances of this kind, when we consider the liberal scale of allowances granted to the Company's Officers, it is impossible for us to consent to continue the Pensions; and we therefore direct, that in all cases of recovery, if within three years from the injury originally sustained, the Pension shall be discontinued.

In order that this Resolution may be strictly attended to, and that a careful distinction may at the same time be made between such cases and those of Officers laboring under permanent injury from wounds received in action, and equivalent to the loss of an Eye or a Limb, we direct that every Officer of our Army receiving a Pension for wounds, shall be examined at the expiration of three Years, from the time of the wound being received, by two Medical Practitioners who shall certify, upon honor, the actual state of the wound and its remaining effects, to enable you to judge whether, in conformity with the instructions now conveyed to you, the party be justly entitled to a continuance of the Pension; and we further direct, that you will transmit to us regular reports of all such examinations.

By order of the Right Honorable the Governor in Council.

Acting Secretary to Government.

Whereas it is considered expedient that persons subject to trial by Courts Martial composed of Native Officers, under the Rules and Articles established or which may hereafter be established for the government of the Native Officers and Soldiers of the Army of this Presidency, should have an option of being tried by General Courts Martial composed of European Officers; and whereas it is necessary to define certain classes of persons who are to be governed by those Rules and Articles and subject to trial by Courts Martial, the Governor in Council has therefore made and established the following additional Rules and Articles for the government of the Native Officers and Soldiers in the Service of the East India Company under the Presidency of Fort St. George, to be in force from and after their promulgation.

Remarks by the Commander in Chief.

The ends of justice having been answered by the *Sentence* awarded, the Commander in Chief will not send back the *Finding* for re-consideration, but he must, at the same time point out to the Court the discrepancy of its Finding upon the Third and Fourth Charges, from the Evidence adduced thereon. It appears that Captain Bell was, at the time set forth in these Charges confined to his Quarters, at any rate, *except* for the purpose of taking air and exercise; and to warrant the Court in its Finding, it must consequently be assumed that beating and striking a brother Officer is a *legitimate mode of taking Exercise.*

The Deputy Judge Advocate conducting this Trial has acted unadvisedly and risked the Prosecution entrusted to him by submitting to the Court an *Extract* merely from an opinion which he had previously obtained from the Judge Advocate General of the Army. As a similar practice might lead to serious misapprehensions and inconvenience to the Public Service, the Commander in Chief directs that, on all future occasions, when Deputies Judge Advocate may find it expedient to submit, for the information of Courts Martial any opinion received by them, respecting points of Military Law, from Army Head Quarters, they will invariably produce before the Court and enter upon the Record the Document containing such opinion *entire* and *uncurtailed.*

There is too much reason to apprehend that Captain Bell was led into his late most atrocious behaviour by an erroneous belief, probably originating in the suggestions of other unadvised Persons, that an Officer under Suspension is not responsible to Military Authority, or amenable to Military Law :—the Commander in Chief, therefore, takes this opportunity of making known to the Army at large, that an Officer while under Suspension is still *an Officer* in every sense of the word, and equally liable to Trial, altho' his *Executive* Functions are for the time suspended.

In further elucidation of this subject the Letter from the Judge Advocate General, which was only partially communicated to the Court by which Captain Bell was tried is herewith published.

MADRAS, *May 25th*, 1829.

(Signed) G. T. WALKER, Lieutenant General, *and Commander in Chief.*

To Captain BULLOCK,
Deputy Judge Advocate General,
Kamptee.

SIR,

I have the honor by order of the Commander in Chief to acknowledge the receipt of your letter of the 9th Instant.

In reply thereto, I have to inform you, that all doubts which might have been entertained as to the legality of bringing an Officer to Trial *when under Suspension* were *(a fortiori)* permanently solved, by the Decision of the 12 Judges, in the case of Lord George Sackville, who unanimously declared that "they *saw* no ground to doubt of the Legality of the Jurisdiction of a Court Martial in those *circumstances.*"

The Legality of bringing an Officer to Trial *for Offences committed while under Suspension*, is also beyond a doubt, for were it otherwise the disorders which might arise from the non-responsibility of Military Persons during the temporary Suspension of their Military Employment, are obvious; as they might commit any Offence, however prejudicial to the Discipline of the Army with Impunity; and then return, of necessity, to burthen and disgrace the Service they belong to.

As but few Officers may be supposed to have been so hardened in their career of insubordination as to have committed Offences, while actually under Suspension for Offences so committed, the Precedents of Officers brought to Trial for Offences so committed are probably few: but the corresponding cases of Soldiers tried for Crimes perpetrated while under confinement by Sentence of Court Martial, which is actually a *Suspension from Military Pay and Employment*, are very numerous.

I cannot agree with you that an Officer under Suspension is "virtually out of the Service," and that "his Commission remains a dead Letter;" for he might at any time, during such suspension at a moments warning by competent authority be called upon to resume the performance of his duties, and this, without any re-admission into the Service or restoration of Commission, neither is Pay "the *only* Symbol of Servitude" as you suppose for it was decided in Parliament in the year 1786, "that Officers holding Commissions by Brevet though receiving no Pay were nevertheless subject to "Military Law" and indeed were the *actual* receipt of Pay an indispensible requisite to Military Liability, then might any Soldier discharge himself by refusing to receive his Pay.

As Captain Bell's Commission wherein he is designated a Captain in the Service, and belonging to the 47th Regiment of Native Infantry, is still in existence and uncancelled, it is impossible that you should have any difficulty in proving that allegation in the charge, and his consequent amenability to the Jurisdiction of the Court, should he himself refuse to admit it.

I annex for your further information and guidance* Extracts from Tytler and Macarthur, *Vol. 1st* Macarthur, explanatory of their opinion as to the point under discussion.

GENERAL ORDERS,

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN;

28TH MAY, 1829.

The Commander in Chief has learned with much displeasure, that Officers of Mounted Corps not unfrequently prepare their Regimental Chargers for the Turf; His Excellency therefore positively forbids the continuance of a practice so prejudicial to the interests of the Service, and directs that Officers shall not, without the special permission of the Officer Commanding the Regiment, make use of their Chargers for any other purpose unconnected with their duty. Officers Commanding Regiments are however authorized to permit Officers to use their Second Chargers at such times and on such occasions as will not render them liable to be lamed, or otherwise unfitted for immediate Service.

The Remount Horses selected for Officers are not, under any circumstances, to be used for exercise until dismissed from the Riding School, and reported by the Riding Master to the Commanding Officer of the Regiment, fit to join the Ranks. Officers Commanding Regiments are required to give their particular attention to the orders now issued on the subject of Officers Chargers, and are empowered whenever they consider it necessary for the better carrying this order into effect to direct such Chargers to be Picketed with the Horses of the Troop to which Officers may respectively belong.

The Commander in Chief is further pleased to direct, that the practice which appears to have obtained in the Horse Artillery of permanently appropriating certain Horses to the Guns, and others to the Saddle, be discontinued. It is most essential that every Horse should be available for the Guns, and it is therefore ordered that all shall in future be indiscriminately used for the Draught, and in the Saddle in succession.

Remarks by the Commander in Chief.

Upon this Trial, the Court has allowed a Guilty person to escape Punishment; in the first Instance, by a *Finding* in direct opposition to the Evidence; and, afterwards, upon revision, by a *Sentence* which, being illegal, must be held to be null and void.

The Commander in Chief feels himself called upon to express his disapprobation of the culpable neglect of the Deputy Judge Advocate conducting the Proceedings; who, either from ignorance hardly to be supposed in an Officer of his standing in the Department; or from a degree of carelessness unpardonable under any circumstances, has neglected to inform the Court, *a Native one*, that the crime set forth in the Charge, and therein specified as being within the provisions, of Art. VI. Section XII. of the Native Articles of War, could only be met by an Award according to the Laws and Regulations which guide the Civil Courts of Criminal Jurisdiction, under this Presidency, in like cases:—and that a *Military* Punishment could not legally be adjudged for a *Criminal* offence.

The Court has also exceeded its competence by *Sentencing* the Prisoner "to be discharged from the Service." On conviction, upon criminal Trials before Military Courts, the Court may, if it pleases, *recommend* the Prisoner to be discharged:—but the *sentence* must always be simply and strictly such as is provided by Law.

A discharge Certificate for Private Ramasawmy is to be forwarded without delay to Head Quarters.

The following Appointment is ordered in the

8th Regiment Light Cavalry.

Jemadar Syed Emaum to be Native Adjutant.

The undermentioned Officers have obtained Leave of Absence from their Corps and Stations.

38. Remarks by His Excellency Lieutenant General Sir George Walker.

It is with the deepest regret, the Lieutenant General has confirmed the Capital Sentence awarded upon the Trial of Private Johnson of His Majesty's 54th Regiment, but the nature of the Crime of which the unfortunate Prisoner has been convicted, leaves him without an alternative. The Sentence will be carried into execution at Cannanore at 6 A. M. on the 7th Proximo, under the orders of the Officer Commanding, in Front of the Troops at that Station to be paraded for the purpose, and according to detailed instructions, which will be communicated by the Adjutant General of the Army. At that hour, on the same morning, or as soon after as practicable, every European Corps under this Presidency, will be paraded for the purpose of hearing read the Charge, Finding, and Sentence, upon the trial in question, together with these Remarks; and the performance of this Order will be duly reported to Head Quarters.

In the instance of Private Johnson, another awful example is afforded of the danger of Drunkenness. This unhappy Criminal appears to have been Meritorious as a Soldier, and unexceptionable as an Individual, except from this single vice, under the influence of which he has, without cause or provocation, murdered his unoffending Comrade, and brought himself to the shame and suffering of an early and a violent Death. It is to be hoped that every Soldier, who has the benefit of this dreadful warning, will profit by it, and, if himself a Drunkard, depart from the parade determined to amend.

HEAD QUARTERS, *27th June*, 1829.

(Signed) G. T. WALKER, *Lieut.-General.*

This Order is to be entered in the General Order Book and read at the head of every Regiment in His Majesty's Service on the Establishment of Fort St. George.
