The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

GENERAL ORDERS BY THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 2D JANUARY 1835.

No. 1 of 1835.—Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated the 16th of June 1815, be republished in General Orders.

Para. 139. "In consequence of the numerous applications which have been preferred to us by our Servants, on leave of absence in this Country, for advances of money on loans, we think it proper to recall your attention to our Orders in the Military Department of the 26th February 1808, upon this subject. Those orders declared our determination not to make any pecuniary advances to Officers at home, beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army; but as a Resolution of this description, in order to be generally known to a body which is continually receiving an accession of new Members, should be occasionally republished, and being fully persuaded, that a strict observance of this Resolution, will prevent much trouble and inconvenience besides loss to the Company, we direct that our Orders above adverted to, be in future circulated for the information of the Army, in the month of January in every year, and we shall take the necessary steps for reminding Officers, who may arrive in England upon furlough, of our determination upon the subject in question."

GENERAL ORDERS,

HEAD QUARTERS ; CHOULTRY PLAIN,

21st JANUARY 1835.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

GENERAL ORDERS BY THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 20TH JANUARY 1835.

No. 34 of 1835.—The following Extracts from Military Letters from the Honorable the Court of Directors to Bengal, dated the 24th October and 21st November 1832, Nos. 97, 105, and 106, and 2d October 1833, No. 90, are published for the information of the Army.

Letter dated 24th October 1832, No. 97.

Letter from,—dated 6th December 1831, No. 97.

Transmitting papers relative to complaints from certain Officers of the Bombay European Regiment, of the irregularity of their promotion and of their supercession, in consequence of the Officers of the two Wings of that Regiment being promoted as belonging to two distinct Regiments.

5. We concur in opinion with the Governor General, (as expressed in his Minute of the 7th of November 1831.) that no supercession, properly so called, has been the result of the new Form given to our European Regiments by the Orders of your Government, of the 2d November 1829, and that no argument can be founded upon a fortuitous irregularity of promotion among the Officers attached to the two Wings of those Regiments, for setting aside an arrangement which has reduced the expense and improved the efficiency of those Corps.

Letter dated 21st November 1832, No. 105.

24. On the occasion of Assistant Surgeon Jacob's trial, we think it proper to remark that no Medical Officer in our Service has any claim to a fee, for attendance upon any Officer, Civil or Military, attached to our Service. Our Medical Servants are amply remunerated by their public Salaries which are given to them for the express purpose of affording medical aid to all such persons in our Service as our several Governments shall see fit to direct.

Letter dated 21st November 1832, No. 106.

10. In reference to the request of the Clothing Board that "whenever a share of Off-reckonings shall "fall below four hundred Rupees a month the difference be made good to such Colonels, as being in actual "Command of Regiments are prohibited from drawing Command Money ;" we authorize you to accede to that request.

11. With respect to the application of the Clothing Board that we should fix a minimum of the shares of Off-reckonings, we desire that you will inform the Board that we cannot comply with their request.

Letter dated 2d October 1833, No. 90.

Letter from,—dated 20th October 1832, No. 115.

Solicits Court's instructions on the subject of the additional allowances claimed by Superintending Surgeons in consequence of Court's Orders of 20th December 1831, authorizing them to rank as Lieutenant Colonels. Pending this reference, Government have declined sanctioning any alteration in the allowance.

7. When by our orders of 26th August 1818, we permitted the Senior Member of the Medical Board to take rank as Colonel and conferred advanced rank on other Medical Officers, we expressly directed that "the rank so granted was to be considered "as purely official and was not to give any claim either to Military "Command or to increased allowances of any kind, except in "cases of distribution of Prize Money in which the Officers of "the Medical Establishment would hereafter be allowed to share according to the scale of rank then "established."

8. When by our orders of 20th December 1831, we granted still more advanced rank to the Junior Members of our several Medical Boards and to the Superintending Surgeons of our several Establishments, we did not intend to confer any rights, or claims, to advanced allowances of any kind, except in cases of distribution of Prize Money as specified in the orders of 1818.

9. We therefore approve of your having rejected the claims brought to our notice in your letter under reply.

Secretary to Government.

The following Motions will then be performed by word of Command.

WORDS OF COMMAND.	DIRECTIONS.

Port Swords.	Bring the Sword diagonally across the Body, with the edge upwards, at the same time bending the Left Elbow, so that the Hand rises as high as the Shoulder, the Fingers being lightly closed, with the Blade passing between the Fore-finger and Thumb, Elbows close to the sides.
Stand at ease.	As directed above.

Present Arms.	Bring the Sword up to the "Recover" at the second motion of the Firelock, and drop it at the Third motion of the Firelock, extending it to the Right, parallel with the Right foot; Elbow close to the side; and at the same motion raise the Left arm as high as the Shoulder, the Hand being brought round by a Circular motion over the Peak of the Cap, the knuckles uppermost and fingers extended.

TO SALUTE ON THE MARCH.

The Officers will fall in at Five Paces distant from each other in Column, Three or Four Officers being in one line, as when in front of a Company,—when they will march past and salute as follows.

The salute on the March in open order, is to commence when at Ten Paces from the General, the Officer

on the Right of the Company giving a Sighal, to prepare the other Officers, by raising the Fingers of the left Hand.—The Sword is brought to the "Recover" by slowly extending the the Arm to the Right, and by a Circular motion of the Hand to the Left: the time occupied in performing this movement will be that of Four Paces (commencing with the Left Foot) and, without pause, the Sword is gradually lowered with an extended Arm to the Right—the Left Hand is then gradually raised over the Peak of the Cap, to the position already directed, two Paces being required also for these motions,—the Head being turned to the Officer saluted during the time of marching past.—Having passed the General Six Paces, the Sword is again brought to the "Recover" and to its original position in Four Paces, the Officer on the Right of the Company giving the signal with the Left Hand.

In Marching past in quick time, the Arms are to be kept perfectly steady to the sides, the Sword in the hollow of the Shoulder.

The Band and Drums are to practice at this Drill, which is never to be without a Pendulum and Pace Stick.

In taking post exercise in the Rear, at open Order, the Officers, when fronted will bring the Swords to the position of "Attention," (close order) and on moving from thence to their places in line at close order, the Swords to be brought to the Recover, and when they have reached their place in Line resume the position of "Attention."

On the March, or when the Battalion is manœuvring, the following position of the Sword is to be adopted, viz.

The Sword is to be carried to the full extent of the Arm, the right side of the Guard resting on the inside of the Fingers, the Thumb having a sufficient grasp on the outside, so as to hold it with ease and flexibility, the back of the blade being kept against the hollow of the right Shoulder.

With reference to the Regulations for the Field Exercise and Evolutions of the Army, page 249, and in which it is directed, that when Troops in Column at Quarter distance are marching past at inspections in quick time, the mounted Officers are to Salute, it is to be understood, that, if the Troops have previously marched round in slow time, the mounted Officers are not to Salute.

31ST JANUARY 1835.

The Commander in Chief having this morning Reviewed the Regiment of Artillery at St. Thomas's Mount, has a pleasing duty to perform in expressing to Colonel Pearse and the Officers and Men, European and Native, of that fine Corps, his entire approbation of their Soldierlike appearance on Parade ; their steadiness under arms and the precision of the Field Movements, of both Horse and Foot, were not more conspicuous than the science displayed at Practice.

The Commander in Chief regrets the intended departure of Colonel Pearse, on Furlough to Europe, but his past honorable and useful career of Service and the efficient state in which he leaves the Regiment in *personel* and *materiel* afford the best proof that Colonel Pearse has zealously acquitted himself of the important trust he has now held for upwards of eight years, in a manner highly creditable to his professional ability. HEAD QUARTERS: CHOULTRY PLAIN,

10TH FEBRUARY 1835.

I. The Commander in Chief is pleased to publish the following Memoranda for the Constitution of Military Courts of Requests, assembled under the Provisions of Act. 4, Geo. IV. Chap. 81, and for the Guidance and Disposal of their Proceedings.

1.—In all practicable Cases, a Field Officer is to be detailed as President of such Courts; and Captains, or Subalterns of not less than eight years standing, as Members.

2.—The Court having met, the Members and President are duly sworn; *upon each Trial separately.*

3.—The Plaintiff and Defendant being both in Court, the Court inquires of the Plaintiff *(not upon Oath)* what the Nature of his Demand is: and, on this being stated, interrogates the Defendant *(not upon Oath)* as to whether he owns the Debt and acquiesces in the Statement of the Plaintiff, or not. This *preliminary* Examination of the Parties is to be conducted by the Court to such extent as may appear to be desirable; and it is to be remembered that such Declarations as either Party may make *against his own Interest*, although not upon Oath, are good Evidence against himself.

4.—Should the Defendant acknowledge the Debt, a Decree is then passed and recorded accordingly: and the Court closes its Proceedings on the Case.

5. Should the Defendant deny the Debt, the Plaintiff is called upon for his Proofs; and, his Witnesses, being produced, are examined on Oath by the Court, subject to Cross-examination by the Defendant, and their Evidence recorded.

6. The Defendant is then in like manner called upon; and the Evidence of the Witnesses on the Defence, subject to Cross-examination by the Plaintiff, is duly recorded.

☞ In all Places where the said Company's Forces now are or may be employed, or where any Body of His Majesty's Forces may be serving with the Forces of the said Company, situate beyond the Jurisdiction of the Court of Requests established at the Cities of Calcutta, Madras, and Bombay respectively, Actions of Debt, and all personal Actions against such Officers, Non-Commissioned Officers, or Soldiers, all Persons licensed to act as Sutlers to any Corps or Detachment, or at any Station or Cantonment, or other Persons amenable to the Provisions of this Act, or resident within the limits of a Military Cantonment, shall be cognizable before a Court of Requests composed of Military Officers, and not elsewhere; provided the value in question shall not exceed Four hundred Sicca Rupees, and that the Defendant was a Person of the above Description when the Cause of Action arose; which Court the Commanding Officer of any Station or Cantonment is hereby authorized and empowered to Convene, and the said Court shall in all practicable cases consist of Five Commissioned Officers and in no Instance of less than Three, and the President thereof shall not be under the Rank of a Captain, and every Member assisting at any such Court, before any Proceedings to be had before it, shall take the following Oath upon the Holy Evangelists: which Oath shall be administered by the President of the Court to the other Members thereof, and to the President by any Member having first taken the said Oath; (that is to say,)

I swear, that I will duly administer Justice, according to the Evidence in the Matter that shall be brought before me.

So help me God.

And every Witness before any such Court shall be examined on Oath, which such Courts are hereby authorized to administer, or if Natives of the East Indies, on Oath or solemn Declaration, as the circumstances of the Case may require; and it shall be competent for such Courts, upon finding any Debt or Damage due, either to award Execution thereof generally, or to direct that the Whole or any Part thereof shall be stopped and paid over to the Creditor out of any Pay or public Money which may be coming to the Debtor in the current or any future Month; and in case the Execution shall be awarded generally, the Debt, if not paid forthwith, shall be levied by Seizure and public Sale of such of the Debtor's Goods as may be found within the Camp, Garrison or Cantonment, under a written Order of the Commanding Officer, grounded on the Judgment of the Court, and the Goods of the Debtor, if found within the Limits of the Company's Garrison or Cantonment to which the Debtor shall belong at any subsequent Time, shall be liable to be seized and sold in satisfaction of any Remainder of such Debt or Damage; and if sufficient Goods shall not be found within the Limits of the Camp, Garrison, or Cantonment, then any public Money, or any Sum not exceeding the Half Pay accruing to the Debtor, shall be stopped in liquidation of such Debt or Damage; and if such Debtor shall not receive Pay as an Officer or Soldier, or from any public Department, but be a Sutler, Servant, or Follower, he shall be arrested by like Order of the Commanding Officer, and imprisoned in some convenient Place within the Military Boundaries, for the space of Two Months, unless the Debt be sooner paid.

13.—A Court of Requests is essentially *a Court of Equity and Conscience*; not bound down by the same Strictness and Form which attaches to the Courts of Law generally; and the Members thereof are to recollect that they are to make such Inquiry as may enable them, *according to their Conscience*, to do entire Justice to both Parties. A claim for Money due, for instance, might be met by a Counter-statement

7. The Court then decides according to the Evidence before it, and the Decision is entered upon the Record: special Attention being given, in the event of finding any Debt or Damage due, to the Provisions of Section LVII of 4° Geo. IV. Cap. 81., and to the Mode of Proceeding therein prescribed.

8.—Although neither Party can be sworn, in support of his own Cause, *at his own desire*; yet, either Party may be required *by the other* to give Answer upon Oath, or may be ordered by the Court so to do. But it is only usual for *the Court* to resort to such a Measure when a Decision is about to be pronounced *upon the Statements of the Parties only, without Evidence of any kind; or when the Evidence adduced is altogether insufficient and unsatisfactory*: in such Cases the Court directs *such* Party to be sworn as it may deem best.

9.—If either Party, having been sworn at the request of the other, make such Answer as may be prejudicial to the Cause of the adverse Party, such Evidence must nevertheless be received and recorded, and due weight given to it accordingly.

10.—If a Party refuse to be sworn when requested by the other Party or ordered by the Court, such Refusal is to be deemed contumacious and tantamount to a Confession *against himself*, and Judgment is to be passed and recorded against him accordingly.

11.—One Party having been sworn at the request of the other, or by order of the Court, the other Party is not *in any case* to be sworn. The Plaintiff may, if he please, require the Defendant to be sworn in support of the Prosecution, and this precludes the Defendant from making a like demand on the Defence.

12.—A Court of Requests cannot, in any case, decide Suits *touching Land or Houses*; neither can it, on any pretence, direct such to be seized, or sold, in satisfaction of its Judgments or Decrees.

of Damage done by the adverse Party; and the Court would then make Inquiry and decide according to the Equity of the Case.—A., being servant of B., claims Wages due: B., admits that the Wages are due; but states that certain Articles intrusted to the said A., his Servant, of equal or greater value than the Wages due, have been wantonly lost or destroyed by him:—the Court would, thereupon, require Evidence, first, as to the *actual* intrusting of the Articles in question to A.; and, secondly, as to their *Value*, and the *Circumstances* under which they were lost or destroyed:—and then pronounce Judgment accordingly.

14.—No Creditor can be allowed to *divide his Demand* against the same Person *into several* Suits, for the purpose of reducing it within the Jurisdiction of a Court of Requests; but, if he be willing to limit and restrict his *Entire Demand* to the *Sum of Four Hundred Rupees*, and to quit claim to the Surplus of the Debt over and above the said Sum, then his Suit may be so admitted accordingly.

15. The Statements of the Parties, as well as all Evidence admitted by Military Courts of Requests, are invariably to be *entered on the Record*.

16. The Proceedings, having been concluded on the particular Case, are to be sent to the Commanding Officer in order to the Judgment of the Court being duly carried into effect.

17. The Proceedings of Military Courts of Requests are to be recorded *separately* upon each Trial, and the Record is finally to be deposited in the Station or Cantonment Office.

II. The above Memoranda are also to be considered to be of *General Application* to the Proceedings of Courts Martial held, under the Provisions of the Native Articles of War and Regulation VII. of 1832, in the Nature of Courts of Requests, where the Defendant may be a Native of India:—such Courts are, however, invariably to be constituted of *Native* Officers, a Subadar Major, in all practicable cases, being detailed as President, and Subadars, or Jemadars of not less than eight Years standing, as Members, with a Superintending Officer and an Interpreter attached to the Court; and the Awards thereof are to be regulated solely by the Articles of War and the Regulation above quoted.

III. The Memoranda published in G. O. C. C. 7th November 1829, and 15th February 1830, are hereby cancelled.

Adjutant General of the Army.

Remarks by the Court.—The Court cannot refrain from expressing their astonishment at the extraordinary conduct of the Officers, who were present at, and passive Witnesses of, a great part of the unjustifiable occurrences detailed in these Proceedings, which there can be no doubt would not have taken place, had they interfered, as was their duty, for to their apathy the unfortunate result must be mainly attributed; and they beg to draw the attention of His Excellency the Commander in Chief, to the conflicting Testimony of such of those Officers as were examined as witnesses on the Defence; to their unmilitary and erroneous opinions and to their apparent ignorance of what ought to be the conduct of Officers in their intercourse with each other.

(Signed) A. T. MACLEAN, Lieut.-Colonel,

HEAD QUARTERS:
FORT ST. GEORGE, *8th January* 1835.

At a General Court Martial holden at Vellore, on Monday the Fifteenth day of December, One thousand Eight hundred and Thirty-four, Colonel Sir Edmund Keynton Williams, K. C. B. and K. C. T. and S. of His Majesty's Forty-first or Welch Regiment of Foot, was arraigned upon the undermentioned charges, viz.

First Charge.—" For wanton harshness, and abuse of his Military authority, tending to produce a want of proper respect for me in the Regiment I was about again to Command, in the following Instance."

Instance.—" In having at Moulmein, on or about the Second of March, One thousand Eight hundred and Thirty-two, both by his Adjutant, and in person violently and peremptorily ordered my baggage to be instantly taken from off the public Bandies employed for the general use of His Majesty's Forty-first and Forty-fifth Regiments, then undergoing relief, and left on the high road."

Second Charge.—" For having at Moulmein on or about the Twelfth of October, One thousand Eight hundred and Thirty-three, personally prevented two of the Soldiers of the Regiment under my Command, who were playing at long Bullets on the High Road, without their Shirts and Caps on, from being confined or even reported to me, although it was my well known and positive order, in consequence of several accidents that had occurred, (dated Twentieth March One thousand Eight hundred and Thirty-two) that every man under such circumstances, should be immediately confined."

Third Charge.—" For threatening and wounding my feelings and throwing aspersions on my Military Character as an Officer in the following Instances."

1st Instance.—" In having at Moulmein on the first of June, One thousand Eight hundred and Thirty-two, violently and menacingly threatened to deprive me of the Command of the Regiment, place me in arrest, and give the Command of the Corps to one of my Captains and then report me to His Excellency the Commander in Chief; notwithstanding I was Second in Command, on the plea, and as an excuse for such conduct that I was in the habit of making use of uncalled for observations and remarks in some of my letters, that he would not allow, or admit of."

Second Instance.—" In having on the Eighteenth of September, One thousand Eight hundred and Thirty-three, in presence of my Junior Officer Major Cotton, again violently threatened to bring me to a General Court Martial, for disobedience of orders, and neglect of duty."

Third Instance.—" In having at Moulmein, on the Twenty-ninth of October, One thousand Eight hundred and Thirty-three, again Charged me with disobedience of orders."

Fourth Instance.—In having at Moulmein, on the Second of November, One thousand Eight hundred and Thirty-three, in presence of the Deputy Assistant Adjutant General, Tenasserim Provinces, and Major Cotton, His Majesty's Forty-first Regiment, again accused me of disobedience of orders, in bringing the latter Officer with me to his Quarters, and repeatedly threatening to place me in arrest, and subsequently on entering his receiving room, in presence of the Deputy Assistant Adjutant General, and Lieutenant Deere, of His Majesty's Forty-first Regiment, accused me of disobedience of his Orders, and neglect of duty, in allowing Private McMullen to go out shooting, although he, Colonel Sir E. K. Williams, had lent Private McMullen his Gun, expressly for that purpose, all of which he Colonel Williams denied, and finally ordered a Court of Inquiry to put a solitary question to the said McMullen, which he did not comprehend.

First Additional Charge.—" For having at Moulmein, on the Twenty-seventh of January, One thousand Eight hundred and Thirty-four, placed me in arrest, for no other known cause, than having submitted, through the prescribed channel, charges against Colonel Sir E. K. Williams, for the approval of His Excellency The Commander in Chief."

Second Additional Charge.—" For having at Moulmein, on the Twenty-ninth day of January, One thousand Eight hundred and Thirty-four, or thereabouts, officially ordered the Witnesses to attend at his Quarters, who had been publicly warned by me, as my Evidence in my prosecution of the Charges which I had preferred against him, Colonel Williams, and having subsequently at the Deputy Assistant Adjutant General's House illegally examined them, upon the full extent of the testimony they could each adduce against him upon his expected Trial, and having ordered the Deputy Assistant Adjutant General, in his presence, to take from each Individual a written record of the same, to which they were directed to affix their signature such unprecedented conduct, together with the intimidating influence of his high rank, having contrary to Law, tended to overawe my said Witnesses, thereby making them withhold their future Evidence, against him at his Trial."

" The above being to my great injury, and disgrace, and to the prejudice of the Service, as well as in breach of the Articles of War, and in direct violation of the known and Established Laws of the Realm."

SAINT THOME;
This Twenty-third day of August, One thousand Eight hundred and Thirty-four.

(Signed) E. PURDEN, Lieut. Col.
H. M. Forty-first Regt.

Upon which Charges the Court came to the following decision.

FORT ST. GEORGE, 7TH APRIL 1835.

No. 138 of 1835.—The following General Orders by His Excellency the Right Honorable the Governor General of India in Council, under date the 5th Ultimo, are published for the information of the Army.

GENERAL ORDERS BY HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL ; FORT WILLIAM, 5TH MARCH 1835.

No. 64 of 1835.—The result of the multiplied enquiries on the subject of Canteens instituted by His Excellency the Commander in Chief, has satisfied the Right Honorable the Governor General of India in Council that the Canteen System has been productive of much good and may be made still more beneficial.

The reports of the Commanding Officers of His Majesty's Regiments, and of the Company's European Troops, are almost universally in its favour, but a want is much felt of some uniform system, calculated to ensure a constant and scrupulous appropriation of the surplus money arising from the profits of the Canteen, to purposes tending to encrease the happiness and comfort of the men and their families.

The Canteen Fund arises from the difference between the price at which the Government issue the Liquor, and the price at which it is retailed to the Soldier. In Bengal the Government issue Rum at the

rate of 2 Rupees per Gallon, and it is retailed at 1 Anna per dram or 40 Annas per Gallon. The settlement of the ratesof issue at Madras and Bombay belongs to those Governments respectively.

In Bengal since the establishment of Canteens, compensation in lieu of Liquor is paid to the European Soldier, at the rate of 3 Rupees 2 Annas per mensem for a month of 30 days, at Stations where two drams per man were daily issued, and at half that sum at Stations where only one dram was allowed. Compensation in lieu of Liquor in kind is paid by the Commissariat to Pay Masters of His Majesty's Regiments, and to Quarter Masters of the Honorable Company's European Corps, on Monthly Abstract Returns, countersigned by Commanding Officers, who are authorized to direct the stoppage of such compensation as a punishment for petty offences in like manner as they were formerly allowed to stop the drams for which it is substituted. Compensation is also stopped for the period men may be in Hospital, or in Confinement. The amount of these stoppages, when made for petty offences, is to be carried to the credit of the Canteen Fund. Payment or stoppage at Madras and Bombay of compensation for Liquor, will, like the rates of issue, be regulated by the Governments of those Presidencies.

In the Presidency of Madras the Canteen Fund has, at times, been allowed to accumulate to such a degree, that His Majesty's 46th Regiment carried to England nearly 40,000 Rupees of Canteen Savings. The 300 men who volunteered further service in India, received no part of this money, which, had it been employed in India for the benefit of the Soldier, would have essentially contributed to the increase of his comforts, while its distribution would have been just and equal.

The management, also, has been, in many instances, unnecessarily expensive, giving to individuals extravagant salaries, and undue profits, to the prejudice of the Fund, and of those interested in its prosperity.

To correct therefore, these defects, and to introduce such improvements, as subsequent experience has suggested, the Governor General of India in Council is pleased to substitute for the rules now in force, the following Regulations, applicable to all the Presidencies, for the government of Canteens and the management of their Funds.

Regulations for Regimental Canteens.

In every Regiment the Canteen Fund shall be managed by a standing quarterly Committee, composed of a Captain, and two Subalterns of not less than 5 years standing, under the direction and controul of the Commanding Officer. The Books of the Committee to be kept with the greatest regularity, and be open to public inspection.

This standing quarterly Committee is to superintend the whole business of the Canteen, and a steady Non-Commissioned Officer to be selected by the Commanding Officer, is to be placed under their orders as Canteen Serjeant.

The Commanding Officer is at liberty, if he shall deem it expedient, to appoint a Subordinate Committee of Non-Commissioned Officers, to act under the orders of the standing quarterly Committee, for the purpose of more immediate superintendence of the general management of the Canteen; but to have no concern in any money payments or contracts.

The Canteen Establishment in each Regiment to be as follows:

1 Canteen Serjeant	50	Rupees.
1 European Assistant	16	„
1 Native Writer	12	„

The number of Native Servants required, to be determined by the standing quarterly Committee, with the sanction of the Commanding Officer, and specified in each quarterly Return.

No Surplus Fund from the savings of the Canteen shall be permitted to accrue beyond the sum of 3,000 Rupees.

The residue shall be employed, under the discretion of the Commanding Officer, for the benefit of the Regimental School; the Soldiers' Library; their Mess Necessaries; their Amusements; in Charity to their Widows and Orphans, and to their old and discharged Comrades; in aid and assistance of the Women and Children on their removal from one Station to another, and the payment of the Canteen Establishment.

As it is much to be desired, that every means should be employed to induce the Soldier to give the preference to Malt Liquor, rather than to Spirits, the attention of Commanding Officers and Committees is particularly called to this important point; and to the expediency of adopting every practicable means of reducing the price of Beer, without sacrificing the goodness of its quality. Whatever sum can be spared from the savings of the Canteen, without interfering with the distribution already detailed, is to be employed to that effect, but to no other purpose, without a special sanction from Head Quarters.

A Report of the Proceedings and Management of the Canteen of each Regiment is to be submitted quarterly, through the General Officer Commanding the Division; from the King's Corps to the Adjutant General King's Troops, or his Deputies; and from the Company's to the Adjutants General of the Army; for submission to their respective Commanders in Chief, who will transmit them to the Commander in Chief of India.

The following Rules are laid down for the government of Canteens.

No Arrack or Country made Spirits, except that furnished by the Commissariat, will be allowed in the Canteen.

The Canteen Serjeant, who is to perform the Office of Steward in the Canteen, and not of Contractor, will provide Bread, Butter, Cheese, Sugar, Limes, Lime-juice, Coffee, Tea, Tobacco, and Cigars, to be paid for, in the first instance, out of the Canteen Fund; and retailed at prices to be fixed by the standing quarterly Committee, with the sanction of the Commanding Officer.

The Canteen is to be provided, out of the Fund, with convenient Tables and Forms, and with Tumblers, Glasses and Spoons; also with Skettles, Quoits, Draft Boards, &c., but neither Cards nor Dice are to be allowed, and gambling of every description is positively forbidden.

There is to be a separate room in the Canteen for the Non-Commissioned Officers, distinct from that occupied by the Privates.

The Canteen is to be opened in the hot season, or from 1st April to 1st November, from Gun fire until 10 A. M., and again from 5 P. M, until watch-setting. During the cold season, or from 1st November to 1st April, from Gun-fire until 12 o'clock, and again from 4 P. M. until watch-setting.

After the Canteen shall have been closed for the night no person is to be admitted until the following morning, at the fixed time of opening it.

No person who may appear intoxicated is to be permitted to enter the Canteen, nor is any man to be permitted to remain there in a state of intoxication.

No man who is under punishment is to be allowed to enter the Canteen. The names of the men under punishment, will be furnished by the Serjeant Major, and placed in a board that they may be known and prevented from entering.

The Captain of the Day and orderly Officer will visit the Canteen, within the hours of its being open, specifying their having done so in their Reports.

An Orderly Serjeant, to be relieved daily, will attend constantly at the Canteen, when open, for the purpose of assisting the Canteen Serjeant in preserving order and regularity; and he will report on the instant, to the Officer on duty, any irregularity he is unable to repress. A small guard will also be attached to the Canteen unless there be a guard near it.

The standing quarterly Committee for the management of the Canteen, will, with the sanction of the Commanding Officer, give orders for such supplies of Wine, Beer, Spruce and Ginger Beer, and Spirits, as may from time to time, be judged necessary; and, under his direction, fix in addition to the prime cost of Liquor, such a rate of profit as will be sufficient to indemnify the Fund for contingent losses and charges, including carriage and insurance, and to contribute to the furtherance of the general objects of the Canteen Fund. The Committee will also give its particular attention to the quality of the supplies and to the delivery to the relieving Committee, of a correct statement of Stock-in-hand, and orders given.

No Spirituous Liquor, Wine, or Beer, shall, on any account be sold or issued from the Canteen, directly or indirectly, to any Native whatsoever, whether a follower of the Regiment or otherwise; nor shall any of these articles be allowed to be taken or sent away from the Canteen, except on special occasions, when the Soldier requiring them, for himself or his family, must produce an order, signed by the Officer Commanding his Company, who will report his having granted it to the Commanding Officer, as well as the quantity permitted to be taken away.

Any person who may break or destroy a part of the furniture, or of the articles belonging to the Canteen is to be at the expense of repairing or replacing the same, and if necessary he is to be put under stoppages for this purpose, by his own consent, unless he prefer appealing to a Court Martial. If the Canteen Serjeant neglect to enforce this rule, he will make good the loss himself.

The Canteen Serjeant will be held responsible that it be always kept clean and properly ventilated; and that it be regularly lighted from dark until closed for the night.

The prices of all articles supplied by the Canteen, and the rules for its guidance, are to be copied in a legible hand and to be hung up in a conspicuous part of the Canteen.

The men are expected to attend the Canteen either in their Regimental, or in a clean and neat fatigue dress.

Returns of each day's consumption of Liquor are to be furnished daily by the Canteen Serjeant; and submitted by the standing quarterly Committee to the Commanding Officer every Monday.

The Committee, with the approbation of the Commanding Officer, are to fix upon the form of a plain and distinct set of Books, which are to be kept by the Canteen Serjeant, shewing the quantities of Wine, Beer, Spirits, &c. that are expended, and the profit to the Fund upon each article. These Books, as well as the general Account Books of the standing quarterly Committee, are to be produced at every half yearly inspection.

All the minor rules for the government of the Canteen, are left to the judgment and discretion of Commanding Officers, with the Proviso, that Tea and Coffee are always to be ready at the Canteen at day-break, for such men as chuse to pay for them, and that no man is to be allowed more than one dram before 10 o'clock, A. M.

This General Order is to supersede all former Orders upon the subject of Canteens, or the employment of their Funds.

The Governor General of India in Council, with the concurrence of the Commander in Chief, is further pleased to direct, that the European Soldiery be not confined to the Barracks except during the heat of the day in the hot season, or when under punishment; it being considered that more injury is done to the minds and bodies of men by the despondency and misery produced by confinement, than could possibly arise from moderate exposure.

No. 142 of 1835.—The following Extract from a General Letter from the Honorable the Court of Directors in the Military Department, dated 19th November 1834, No. 78, is published for the information of the Army.

Letter to England 11th October 1833, No. 22.

21 to 3. Forward Proceedings of European General Courts Martial on Captains Donald Macleod and Thomas Anderson of 4th Light Cavalry, with copies of the charges and sentences. The Commander in Chief having recorded a Minute attracting Government's attention to the sums improperly drawn by Captain Macleod by means of false returns of the Saddlery of the 4th Light Cavalry, the Military Board have been directed to ascertain the amount with a view to its recovery.

12. " The Proceedings of the Courts Martial held on Captains Macleod and Anderson are highly discreditable to those Officers, and we cannot but express our regret and astonishment at the sentences of the Courts Martial, more particularly in the case of Captain Macleod.

13. " Concurring entirely in the remarks of His Excellency the Commander in Chief in disapprobation of the sentence of the Court Martial, we have had under our serious deliberation the dismissal of both those Officers from our Service ; but trusting that Sir Robert O'Callaghan's exposure of the vicious principle which guided the judgment of the Court will have made due impression upon all our Officers, we shall abstain from inflicting the punishment to which the misconduct of Captains Macleod and Anderson has justly exposed them.

14. " We feel assured that the vigilant attention of Sir Robert O'Callaghan, will be exerted to prevent the recurrence of those irregularities which he has so properly animadverted upon, nor is it, we hope, necessary for us to add that his endeavours to maintain both the credit and the efficiency of the Service will always meet with our cordial support.

15. " The proceedings of the Court Martial shew very forcibly the objectionable nature of the system for supplying Saddlery in use at your Presidency. But on that subject we refer you to the Orders contained in our Letter dated the 11th July 1834 (No. 50.)

16. " We desire that these our sentiments may be published in General Orders for the information of the Army under your Presidency."

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS : CHOULTRY PLAIN,

11TH APRIL 1835.

The following Extracts from the Confirmed Proceedings of an European General Court Martial, holden at Vellore, on Saturday the Twenty-eighth day of February, in the year of our Lord One thousand Eight hundred and Thirty-five, and continued by adjournment, by virtue of a Warrant from His Excellency Lieutenant General the Honorable Sir R. W. O'Callaghan, K. C. B. Commander in Chief, are published to the Army.

Lieutenant George Elliot of the 5th Regiment of Light Cavalry, placed in arrest by order of the Commander in Chief, on the complaint of Lieutenant Charles Harrington Græme, of the Fifth Regiment of Light Cavalry, on the following Charges.

First Charge First Instance.—For conduct to the Prejudice of good order and Military Discipline, in having, at Jaulnah, on the Tenth of April, One thousand Eight hundred and Thirty-three, borrowed the sum of Four hundred Hyderabad Rupees, or thereabouts, from Subadar Yusoof Beg of the Fifth Regiment of Light Cavalry, for the purpose of paying certain grass cutters of the D Troop of the same Regiment, their arrears of Pay for two months, which they complained were due to them.

Second Instance.—In having, on or about the same period, obtained from Custoor Chund, a Bazar Shroff of the Fifth Regiment of Light Cavalry, through the medium of the said Subadar Yusoof Beg, a further sum of One hundred Hyderabad Rupees, or thereabouts, which sum was paid into the hands of Trooper Shaik Homed, of the D Troop, on account of Lieutenant Elliot, and which he (Lieutenant Elliot) denied ever having received, thereby causing the Subadar to cancel the Debt with Lieutenant Elliot, and making himself liable for a sum of money obtained for the said Lieutenant Elliot, his Troop Officer and Acting Adjutant of the Regiment, and which has not to this day been paid.

Second Charge.—For Scandalous and Infamous behaviour, such as is unbecoming the character of an Officer and a Gentleman, in having, at Arcot, on the Sixteenth of February, One thousand Eight hundred and Thirty-five, in a letter addressed to the Acting Adjutant of the Fifth Regiment of Light Cavalry, falsely and maliciously aspersed my character in the following words "when I left Jaulnah in July last, a sum "of upwards of Two hundred Rupees was due to that Fund by Lieutenant Græme, being the balance of "that deficiency, which Vakeel Narrainsawmy had accused that Officer of embezzling and which he "in preference to a Court Martial for the purpose of clearing his character, and finding out who really "had taken the money, chose of his own accord to pay it, on the mere ipsedixit of Narrainsawmy, "a low disrespectable person, addicted to drink, and totally untrustworthy in any money matters, and "who would not hesitate at any thing to gain his ends."

The above being in breach of the Articles of War.

ARCOT ;
The Twentieth day of March, One thousand Eight hundred and Thirty five.

(Signed) CHARLES H. GRÆME, Lieutenant,
Fifth Regiment of Light Cavalry.

(Signed) D. A. FENNING, Captain,
Commanding Fifth Light Cavalry.

By Order,

(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

The Court having most maturely weighed and considered the whole of the Evidence adduced in support of the Prosecution, as well as what the Prisoner, Lieutenant George Elliot of the Fifth Regiment of Light Cavalry, hath advanced in his Defence, and the Evidence in support thereof, is of opinion.

Finding on the First Instance of the First Charge.—That the Prisoner is Not Guilty of the First Instance of the First Charge.

Finding on the Second Instance of the First Charge.—That the Prisoner is Not Guilty of the Second Instance of the First Charge.

Finding on the Second Charge.—That the Prisoner is Guilty of the Second Charge, with exception of the word "Falsely."

The Court is further of opinion that the facts proved are not liable to the imputation ascribed to them in the Second Charge, namely "Scandalous and infamous behaviour such as is unbecoming the character of an Officer and a Gentleman.

The Court doth therefore acquit the Prisoner.

(Signed) C. A. ROBERTS,
Deputy Judge Advocate General.

(Signed) G. M. STEUART, Lieut.-Colonel,
and President.

The Court in acquitting the Prisoner begs to explain to His Excellency the Commander in Chief, that from a Circular Letter of the Judge Advocate General's, laid before it by the Deputy Judge Advocate General, found itself precluded from mitigating the character of the charge and convicting the Prisoner of a minor Offence, it has therefore been *compelled* to record an acquittal.

The Court begs further to remark that it would appear, that the Prisoner wrote the Letter, upon which the Second Charge is based, in ignorance of the Vakeels having confessed himself to be the Defaulter, thereby exonerating Lieutenant Græme, the Prosecutor, from all imputation of misconduct, which its acquittal might otherwise cast upon him.

(Signed) G. M. STEUART, Lieut.-Colonel,
and President.

The Court is requested to re-consider the finding upon the Second Charge, which, after convicting the Prisoner of "maliciously aspersing the character" of Lieutenant Græme, nevertheless records an acquittal of the Charge.

If the Court, upon reconsideration, is of opinion that the Prisoner is Guilty of the Charge, or of any criminating part thereof, he should obviously be sentenced to such punishment as may be equivalent to the offence—if the Court on the other hand, should arrive at an opinion that he is not Guilty of any criminating part of the Charge, he is entitled to an acquittal generally.

The Circular Letter alluded to by the Court has reference to cases, which, not being in any way connected with Military matters can only come before a Court Martial under the special provision of Article 26 Section 14 of the Articles of War: whereas, the transaction described in the 2d Charge is undeniably of a Military character; the Letter in question having been addressed officially, by the Prisoner to the Adjutant of his Regiment, and containing an accusation against a brother Officer, for the alleged misappropriation of Regimental money.

MADRAS, 6th *April* 1835. (Signed) R. W. O'CALLAGHAN, Lieut.-General, *and Commander in Chief.*

The Court having most maturely weighed again and reconsidered the whole of the Evidence adduced in support of the prosecution, as well as what the Prisoner, Lieutenant George Elliot of the Fifth Regiment of Light Cavalry, hath advanced in his defence, and the Evidence in support thereof, is of opinion.

Revised Finding upon the Second Charge.—That the Prisoner is Guilty of the Second Charge with the exception of the word "Falsely."

The Court is further of the opinion that the facts proved are not liable to the imputation ascribed to them in the Second Charge, namely "Scandalous and infamous behaviour such as is unbecoming the character of an Officer and a Gentleman," but it considers such conduct to the prejudice of good order and Military Discipline.

Sentence.—The Court having found the Prisoner Guilty to the extent above stated, doth adjudge him, the said Lieutenant George Elliot of the Fifth Regiment of Light Cavalry, to be suspended from Rank and Pay for the period of Three Calendar Months, to commence from such time as His Excellency the Commander in Chief may see fit to direct.

(Signed) C. A. ROBERTS,
Deputy Judge Advocate General.

(Signed) G. M. STEUART, Lt.-Colonel,
and President.

Approved and Confirmed.—The period of suspension will be calculated from the date of the Sentence, namely the ninth of the current month.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN,

18TH APRIL 1835.

Recent Instances having occurred in which General Courts Martial have taken upon themselves to disperse, in *Anticipation* of their services not being further required; such irregular Proceeding is hereby strictly prohibited for the future.—No Individual belonging, or attached, to a Court Martial is, under any pretence whatsoever, to leave the Station, at which the Court may have been assembled without special Leave from competent Authority, or until the order dissolving the Court shall have been actually received: Presidents of Courts Martial will be held strictly responsible for reporting to Head Quarters any person who may irregularly absent himself.

20TH APRIL 1835.

The Commander in Chief is pleased to republish the following General Order by His Excellency The Right Honorable the Commander in Chief in India, and to declare its provisions applicable to the Army serving under this Presidency.

No. 888. HEAD QUARTERS:
GENERAL ORDER. CALCUTTA, 19*th March* 1835.

His Excellency The Right Honorable the Commander in Chief calls upon Officers Commanding His Majesty's Corps and Detachments, to prohibit their Non-commissioned Officers from taking any other part in the confinement of Drunken offenders than the ordering an escort of Privates to place them in restraint, where the Non-commissioned Officer instead of avoiding comes prominently forward into collision with the irritated drunkard, violence is generally the consequence and the offence of the culprit swells to so great an extent as to demand the sentence of a General Court Martial; whereas, were the Non-commissioned Officer to keep aloof, and direct his subordinates to perform their duty, the milder punishments awardable by a Commanding Officer, or a Regimental Court Martial, would generally suffice for the guilt already committed.

All men confined for Drunkenness should, if possible, be confined by themselves in the Congee House, until sober, and not in the Guard Room, where they are often teased and provoked to acts of violence and insubordination.

By order of His Excellency The Right Honorable the Commander in Chief.

No. 179 of 1835.—The following General Orders by the Honorable the Governor General of India in Council under date the 20th Ultimo, No. 105, are published for the information of the Army.

GENERAL ORDERS BY THE HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 20TH APRIL 1835.

No. 105 of 1835.—The Honorable the Governor General of India in Council is pleased to lay down the following Rules for the Appointment and Promotion of Officers in the Commissariat Department:

1st. The Commissariat at the Presidencies of Fort William and Agra together, and of the Presidencies of Fort St. George and Bombay severally, shall consist of

One Commissary General.
One Deputy Commissary General.
Assistant Commissaries General.
Deputy Assistant ditto ditto.
Sub Assistant ditto ditto.

The number of each of the three latter grades being regulated from time to time by the several Governments respectively according to the necessities of the Service; and it shall be considered the imperative duty of the several Commissaries General to report to Government, whenever they may find that the number of Officers, can be reduced consistently with the efficiency of their respective Departments.

2d. All Appointments to the Commissariat shall be made from the European Commissioned Ranks of the Honorable Company's Army, but no Officer shall be held eligible to be appointed, who has not passed an examination in the Native Languages.

3d. Every Officer on his first appointment to the Commissariat shall enter the Department at the bottom of the Junior Grade. The only exception to this rule will be in the case of the Commissary General, who may be selected from the Army at large, and be at once appointed Head of the Department; due attention and consideration being of course given to the services, claims, and fitness of the Officers already serving, or who may have served in the Department.

4th No Sub-Assistant shall be promoted to the grade of Deputy Assistant who has not served three years in the former, and no Deputy Assistant to the grade of Assistant Commissary General, who has not served four years as a Duputy Assistant, or seven years in the Department; nor shall any Assistant Commissary General be promoted to be Deputy Commissary General who has not served five years as an Assistant, or twelve years in the Department.

5th. If there should be no Officer in one grade of sufficient length of service on the Commissariat, qualified under these rules to be promoted to the next, an Officer will be appointed, when a vacancy occurs, to the lowest grade; and the promotion will be made only when the obstacle here supposed no longer exists. But seniority alone is not the only qualification for promotion from one grade to another, as superior claims founded on services performed, and supported by the recommendation of the Commissary General, will have the preference as laid down in General Orders by the Supreme Government dated the 22d December 1815, 27th March 1819, and 24th April 1822; provided the individual shall have served in the Department, the period necessary under these rules to qualify him for promotion.

6th. All Officers of the Commissariat are subject to the Staff Regulations on being promoted from one rank to another in their respective Regiments, but any Officer in charge of a branch of the Department on actual Field Service, or with a foreign expedition, who may become ineligible by Regimental promotion, may be continued in charge until such time as the Commissary General can relieve him without inconvenience to the public Service.

7th Officers leaving the Department on furlough to Europe, if re-appointed after their return, will have to enter at the bottom of the list of Sub-Assistants; but Officers compelled by sickness to return to Europe on Medical Certificate, and Officers removed from the Department by promotion in their Regiments, will be held eligible to be re-appointed to any grade which their previous length of service in the Department may entitle them to hold under these rules and the general regulations of the service: provided that, on re-appointment, they are not placed above any who were previously their Seniors.

8th. Officers temporarily appointed to the Commissariat by Government, will receive while so employed, an allowance of 150 Rupees per mensem, but without any claim to be confirmed in the Office, and the same rule will apply to temporary appointments made on emergency by Commanding Officers, on the application of Officers of the Commissariat suddenly obliged to quit their charge or otherwise, provided such appointments be confirmed by Government.

No. 193 of 1835.—1. The Right Honórable the Governor in Council is pleased to publish the following General Orders by the Government of India and to declare their provisions applicable to this Presidency from the 1st Proximo, as well with regard to those Officers already absent as to those who may hereafter obtain leave.

No. 189 of 1830.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL IN COUNCIL.

FORT WILLIAM, 30TH SEPTEMBER 1830.

1. The following resolutions passed by Government, under date the 16th September 1830, are published for the information of the Army.

2. The Governor General in Council having had under his consideration the rules regarding the Allowances of Military Officers, holding appointments in the Political and other Departments of the Civil branch of the Service, while absent on sick leave, or on private affairs, is pleased to revise those rules, and to pass the following resolutions, which are to have effect from and after the 1st Proximo, as well with regard to those Officers already absent, as to those who may hereafter obtain leave.

3. From the date of their leave of absence, all Military Officers employed in the Civil Departments, and drawing a Civil Allowance will be considered to be on the footing of an Officer holding a Staff situation in the Military branch of the Service, and agreeably to the Rules in the Military Department, will be entitled to the Military Pay and Allowance of their rank, and after deducting the amount thereof from their aggregate allowances to a moiety of the remainder, while absent on leave; the other moiety being reserved as available for the payment of such Military Officer as may be appointed to officiate for the absentee.

Vide Fort St. George General Orders, 6th November 1821 and 29th June 1830.

4. Military Officers holding Civil Appointments, are further to be liable to the following and all other Military Orders bearing on the subject, viz. to those of the 15th September and 28th November 1821; of the 11th February 1825, No. 48; and of the 20th November 1829, No. 240. Those orders declare, that a Regimental or Staff Officer, on leave on private affairs, shall not enjoy his regimental allowances, and half Staff Salary for a longer period than six months, after which though he may be absent under authority he becomes entitled to pay or subsistence only, absent without leave, he receives nothing. If obliged to visit the Presidency, on urgent private affairs, the period is extended to an Officer from Cawnpore and the neighbouring Stations, to seven months, from Futtyghur to seven and a half; from Agra to eight; from Delhi to eight and a half; and from more distant places to nine months.

5. The Orders above referred to also provide, that an Officer absent, from his situation on sick certificate, shall draw, if he remains in India, his Regimental Pay and Allowances and half Staff salary, so long as such Certificates testify that absence continues to be absolutely necessary for the re-establishment of health. Leave to Sea, on Sick Certificate, is limited to two years, with the enjoyment of Military Pay and Allowances and a moiety of Staff Salary. An Officer returning from a voyage taken for the restoration of his health, must rejoin his situation within the period allowed for travelling by water, subject in failure of doing so to a forfeit of Regimental Allowances and half Staff Salary.—As applicable to Military Officers in the Civil Department, the above rules regulate the periods of absence; and with regard to forfeiture of allowances, their moiety of Civil Salary will be subject to the same provisions as effect the moiety of Military Staff Allowances, under similar circumstances.

6. With respect to Military Officers officiating in Civil Situations, the officiating Officer is to receive the forfeited moiety of the Civil Allowance of the Officer for whom he acts.—In Departments, and Public Offices, a Subordinate acting for a Superior, is entitled to the forfeited portion of the principal's Salary, and to a moiety of his own, and if an Extra Officer is temporarily appointed he is to receive the half Salary of the subordinate, which otherwise becomes a saving to the state.

This portion superceded by local G. O. G. 27th February 1835.

7. The portion of the Civil Salary to be drawn by the absentee, will be passed by the Civil Auditor, and the Military Pay and Allowances by the Military Auditor General.

8. In any case of doubt, in regard to the amount of Pay and Allowances to be passed under these rules in the Military Department, by which the portion of the Civil Salary receivable by the absentee will be regulated, the Civil Auditor will apply for information to the Military Auditor General.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN,

3D JUNE 1835.

The following Extracts from the Confirmed Proceedings of an European General Court Martial holden at Bangalore on Monday the Sixth day of April in the Year of Our Lord One thousand Eight hundred and Thirty-five, and continued by adjournment, by virtue of a Warrant from His Excellency Lieutenant General The Honorable Sir Robert William O'Callaghan, Knight Commander of the Bath Commander in Chief, are published to the Army.

Captain George Munro Arthur, of the Twentieth Regiment of Native Infantry, placed in arrest by order of the Commander in Chief, upon the complaint of Lieutenant Thomas Wakeman, of the same Regiment.

Charge.—I charge Captain George Munro Arthur, of the Twentieth Regiment of Native Infantry, with conduct, scandalous, and infamous, unbecoming the character of an Officer and a Gentleman, in the following Instances:

First Instance.—For wilful and deliberate falsehood, in having when in Command of a Detachment of the Twentieth Regiment of Native Infantry, at Veerajunderpett, in Coorg, in April, One thousand Eight hundred and Thirty-four, asserted, some time between the Sixth and Sixteenth of that month in presence of Lieutenant Colonel Brock, and other Officers of His Majesty's Forty-eighth Regiment that he Captain George Munro Arthur had shot three men in the Huggul Pass.

Second Instance.—With conduct degrading to an Officer, and a Gentleman, in having between the above named periods, at the same place, and before the same Officers, when complaining of the lack of Hospital Toties, said, that he, Captain George Munro Arthur, had acted as Toty for them, meaning the Officers then at Veerajunderpett, and that he had taken it away with his own hands.

Third Instance.—With conduct degrading to the character of an Officer, at Nacanaad, in Coorg, on the Third of May, One thousand Eight hundred and Thirty-four, in allowing information regarding the first Instance to be given him by me, at the Regimental Mess Table, when there were guests present, without either at the time, or subsequently taking any measures to clear his character from such a Report, or to establish the veracity of it.

Fourth Instance.—With having, at the same place, on the same day, and at the same time, suffered, the following remark to be applied to him by me regarding the assertion contained in the first Instance, without either then or subsequently taking any measures to vindicate his character or disprove the assertion. "Captain Arthur I publicly contradicted the assertion, for the credit of my Regiment knowing that it was not fact" or words to that effect.

Fifth Instance.—In having, on the same day, at the same time and place, affected to treat the whole of the aforenamed grave assertion as a Joke, raised at his expense by the Officers of His Majesty's Forty-eighth Regiment, and although told that it was not a Joke, said, "he wished the Officers would not amuse themselves at his expense, which remark caused Brevet Captain Mountsteven of His Majesty's Forty-eighth Regiment to say publicly, Captain Arthur, be good enough to repeat that again, and I shall be most happy to send the Message to the Officers of His Majesty's Forty-eighth Regiment," or words to that effect.

Sixth Instance.—In having, at Nacanaad, in Coorg, some time between the Eighteenth and Thirtieth of April, One thousand Eight hundred and Thirty-four, in the Cutcherry, allowed Lieutenant Shelly of the Twentieth Regiment Native Infantry to tell him, that the common report, current in the Western Column was, that he Captain Arthur, had got into a Dooly at the ascent of the Pass, and during the fighting on the third April, and furthermore, that the said Dooly was being passed up for a wounded man, to this Captain Arthur replied "whoever told you that Shelly is a Scoundrel" it is entirely false, or words to that effect, without either at the time, or subsequently, taking any measures to clear his character, from such an aspersion, such conduct being unbecoming the Character of an Officer, and a Gentleman.

Seventh Instance.—In having, during a period extending from the third of May, to the Twenty-fourth of December, One thousand Eight hundred and Thirty-four, particularly on the third of May, and some time between the Eighteenth and Thirtieth of April, One thousand Eight hundred and Thirty-four, both on parade and other places, allowed a series of expressions to be made use of towards him, which expressions he now calls a system of annoyance, and covert, and indirect insult, without at any one period taking measures to vindicate his character, and put a stop to such Remarks, such conduct being unbecoming the character of an Officer and a Gentleman.

Eighth Instance.—In having, on the Twenty-seventh of December, One thousand Eight hundred and Thirty-four, preferred a false and unjust complaint against me to the Officer Commanding the Regiment, in which complaint he, Captain Arthur accuses me, "of persisting in a covert and insidious manner, in a course of indirect insult towards him" he having four hours previous at a meeting of Officers of the Regiment said, he had no ill will towards me, and when asked by me the reason of his forbearance if he considered himself pointed at, said, "he had never observed any so pointed as to be able to notice them," such assertion being at variance with the Third Instance of the First Charge, and the complaint set forth in the First part of this instance, tending to injure my character as a member of Society.

Second Charge First Instance.—For gross neglect of duty, in the Huggul Pass, on the Third of April, One thousand Eight hundred and Thirty-four, in not leading his Company, (The Light Company, Twentieth Regiment) into action, pretending the men were backward and unwilling to advance.

Second Instance.—In leaving Command of his Company and getting into a Dooly during the action, and ascent of the Huggul Pass, on the third of April, One thousand Eight hundred and Thirty-four.

The above being in breach of the Articles of War.

BANGALORE, *The Twenty-ninth of December, One thousand Eight hundred and Thirty-four.*

(Signed) THOMAS WAKEMAN, Lieut., 20th Regiment N. I.

(By Order.)
(Signed) T. H. S. CONWAY,
Adjutant General of the Army.

The Court having most maturely weighed and considered the whole of the Evidence brought forward in support of the Prosecution on the Charges, as well as what the Prisoner Captain George Munro Arthur, of the Twentieth Regiment of Native Infantry, has urged in his Defence, and the Evidence in support thereof is of opinion.

Finding on the Second Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Third Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Fifth Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Sixth Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Seventh Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

(Signed) G. W. OSBORNE, Captain,
Deputy Judge Advocate General,
Conducting Proceedings.

(Signed) R. HOME, Lieut.-Col. and President.

Remark by Court.—The Court after a patient and minute investigation of every point connected with the conduct of Captain Arthur, having been enabled to perform the pleasing duty of recording a full and honorable acquittal, feels it their imperative duty most respectfully to bring to the notice of His Excellency the Commander in Chief, the extraordinary circumstances under which the Charges against Captain Arthur have originated and been matured; it will be evident to His Excellency from the Proceedings that they have not been preferred from a wish to promote the good of the Service, but have arisen rather from private feelings, in which personal Interest appears to have had a prominent share, and which feelings the Court are sorry to observe have not been confined to the Prosecutor alone.

(Signed) G. W. OSBORNE, Captain,
Deputy Judge Advocate General,
Conducting Proceedings.

(Signed) R. HOME, Lieut.-Col. and President.

Approved and Confirmed.

No. 229 of 1835.—The following General Orders by the Honorable the Governor General of India in Council, dated the 25th May 1835, No. 133, are published for the information of the Army.

GENERAL ORDERS BY THE HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL ; FORT WILLIAM, 25TH MAY 1835.

No. 133 of 1835 —The attention of the Government having been drawn to Clauses 2 and 4, of General Orders No. 163, of 17th August 1827, the former, restricting to two the number of Regimental Captains that may be absent at the same time from a Corps of the Line, on Staff or other public permanent employ, and the latter providing for the returning to his Corps of any Staff Officer on promotion to the rank of Captain, who would otherwise be an absentee in that grade in excess to two ; the Governor General of India in Council has had under consideration, the consequences which have resulted from their combined operation, and being of opinion, that a strict adherence to the rules laid down in those Clauses must occasionally, be productive of injury to the public service, and unnecessary hardship to individuals, is pleased to modify the provisions of both, to the extent hereinafter specified.

When two Regimental Captains are absent from a Corps of the Line, on Staff or other permanent employ, a third Captain shall not be withdrawn for such employment, but a Staff Officer promoted from the rank of Subaltern to that of Regimental Captain, shall not in consequence of his promotion, be required to vacate an appointment which he previously held, and to which he is eligible in his advanced rank, although two Captains be already absent from his Corps in Staff or other permanent situations, unless the Commander in Chief should consider the return of such Officer to his Regiment essential to its due efficiency, and by application to the Government, obtain its sanction to that measure.

When at any time, under the operation of this Order, the number of Captains absent from a Corps of the Line shall have been increased beyond two, no other Captain shall be taken from such Corps, for the Staff, or other detached employ, till the number of its absentees in that grade be reduced to one.

No. 234 of 1835.—The following General Order by the Honorable the Governor General of India in Council, under date the 1st June 1835, No. 138, is published for the information of the Army.

GENERAL ORDERS BY THE HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 1ST JUNE 1835.

No. 138 of 1835.—The following Extracts from a Letter, No. 65, from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, under date the 17th December 1834, are published in General Orders.

"We have no hesitation in expressing our opinion that Officers have no strict right to succeed to the appointments of Brigadier or Brigadier General on the ground of mere seniority, these being Staff appointments involving both confidence and responsibility. But we must express our firm reliance on the discretion and good feeling of our several Governments, that the claims of Officers to these or any other appointments arising out of length of service will never be set aside, except on public grounds.

With respect to the question raised as to the disqualification of Colonels eligible by seniority to Divisional Commands to hold certain Offices which they could not hold under the present Regulations as General Officers.—We are of opinion that Colonels so situated ought to have the option of either retaining their appointments, or of succeeding to Divisional Commands as Brigadier General; but if they prefer the retention of their Offices, the Divisional Commands should not afterwards be open to them, except in special cases, to be determined by Government and reported to us for our approbation and sanction.

The same principle ought to be applied in the case of Senior Brigadiers waving their right to succeed to Divisional Commands. If they prefer remaining as Brigadiers, the superior appointment of Brigadier General ought not, in our opinion, to be open to them, except in special cases.

All the Members of your Government concur in recommending that General Officers or Colonels at

Home appointed by us to Divisional Commands, should not displace Officers previously in possession of these appointments, but wait the occurrence of vacancies after their arrival at the respective Presidencies. In compliance with your recommendation, we direct that henceforth a General Officer or Colonel appointed by us to a Divisional Command, shall not succeed to that Command until the occurrence of a vacancy, unless we shall have specially directed otherwise.

On the last case put by the Governor General the possibility of there being in India Supernumerary Major Generals in the Company's Service. We concur in opinion with him and the other Members of your Government, that no reason exists why Major Generals should in that event, vacate any Offices or Staff appointments of which they may be in possession until it actually comes to their turn to accept or decline Divisional Commands, when the same rule will apply to them as we have now directed to be applied to Colonels holding Staff appointments."

Secretary to the Govt. of India Mil. Dept.

(Signed) ROBERT CLERK,

FORT ST. GEORGE, 17TH JULY 1835.

No. 281 of 1835.—On the 12th of May last the Government had before it in the Revenue Department a Correspondence, which shewed that Captain Macdonald of the 45th Regiment Native Infantry, Brigade Major in Malabar and Canara, had not only resisted the Payment of the authorized dues of the Government, but had addressed the Public Officer whose duty it was to enforce them, in a flippant and reprehensible manner.

On that occasion the Commander in Chief was requested to cause Captain Macdonald to be censured with becoming severity, and warned that conduct of a similar character, previously brought to notice had not escaped the recollection of Government.

Captain Macdonald having since presumed in a letter which he forwarded direct to the Secretary to Government to comment on the Proceedings of the Commander in Chief, and to question the justice of a decision by His Excellency, is considered by the Right Honorable the Governor in Council to have manifested a want of due respect for his superiors and an ignorance of his proper position which disqualifies him for Staff employ.

Captain Macdonald's appointment to be Brigade Major in Malabar and Canara is therefore cancelled from this date, and his services are replaced at the disposal of the Commander in Chief for Regimental duty.

The Commander in Chief directs that the following Instructions for the Drill of Officers in the mode of carrying the Sword, Saluting, &c. be substituted for those published in G. O. C. C. of the 30th of January last, which are hereby cancelled.

INSTRUCTIONS for the DRILL of OFFICERS, in order to establish and ensure an uniform mode of carrying the SWORD, SALUTING, &c., both on the March, and when Halted.

The Officers to be formed in Line at Five Paces distant from each other, and standing at ease in the following manner ;—holding the Sword in the Right Hand, with the point lowered between the Feet, the edge to the Right, the Hands together, the Left covering the Right.

The following Motions will then be performed by Word of Command :—

WORDS OF COMMAND.	DIRECTIONS.
Attention (Close Order).....	Bring the Arms to the position of " Attention," the Sword being held between the Fore-finger and Thumb,—the remaining Fingers along the side of the Handle, ready to grasp it,—the upper part of the Hilt resting upon the Hand across the back part of the Thumb,—the Edge direct to the front, and the back of the Blade in the hollow of the Right Shoulder,—Elbows close to the Body.
Recover Swords.....	Take a grasp of the Handle,—bring up the Hand,—the Thumb as high as the Chin, and close in front of it,—the Thumb on the side of the Handle,—the Blade perpendicular, and the Edge to the left.
Port Swords.....	Bring the Sword diagonally across the Body, with the Edge upwards,—at the same time bending the Left Elbow, so that the Hand rises as high as the Shoulder, the Fingers being lightly closed, with the Blade passing between the Fore-finger and Thumb ; Elbows close to the sides.
Stand at Ease.....	As directed above.
Attention (Open Order).....	Resume the position of " Port Swords."
Rear Rank Take Open Order.....	At the word " Order" bring the Sword to the " Recover."
March.....	Move forward Three Paces, and on completing the last, at the word " Steady" let the Sword be brought to the position of " Port Swords."
Present Arms.....	Bring the Sword up to the " Recover" at the second motion of the Firelock, and drop it at the third motion of the Firelock,—extending it to the Right, parallel with the Right Foot ;—Elbow close to the side ; and at the same motion raise the Left Arm as high as the Shoulder,—the Hand being brought round by a circular motion over the Peak of the Cap,—the Knuckles uppermost and Fingers extended.
Shoulder Arms.....	Bring up the Sword to the " Recover," at the first motion of the Firelock,—the Left Arm resuming its position at the same time ; and at the second motion of the Firelock, resume the position of " Port Swords."
Rear Rank Take Close Order.....	Face to the Right,—and as the Right Foot is drawn to the Rear, bring up the Sword to the " Recover."
March.....	Move back into the original Line, and Front at the same time, bringing the Sword down to the Right, in the position of " Attention" (Close Order.)

TO SALUTE ON THE MARCH.

The Officers will fall in at Five Paces distant from each other in Column—Three or Four Officers being in one Line, as when in front of a Company,—when they will March past and Salute as follows :—

The Salute on the March in Open Order, is to commence when at Ten Paces from the General, the Officer on the Right of the Company giving a Signal, to prepare the other Officers, by raising the Fingers of the left Hand. The Sword is brought to the " Recover" by slowly extending the Arm to the Right, and by a circular motion of the Hand to the Left ; and, without pause, the Sword is gradually lowered with an extended Arm to the Right : the time occupied in performing these motions will be that of Four Paces (commencing with the left Foot) :—the left Hand is then gradually raised over the Peak of the Cap, to the position already directed, Two Paces being required for this motion,—the Head is turned to the Officer saluted during the time of Marching past. Having past him Six Paces, the Sword is again brought to the " Recover," and to its original position in Four Paces, the Officer on the Right of the Company giving the Signal with the left Hand.

In Marching past in Quick time, the Arms are to be kept perfectly steady to the sides, the Sword in the hollow of the Shoulder. The Band and Drums are to practise at this Drill, which is never to be without a Pendulum and Pace Stick.

In taking post of Exercise to the Rear, at Open Order, the Officers, when fronted, will bring the Swords to the position of " Attention" (Close Order), and on moving from thence to their places in Line at Close Order, the Swords to be brought to the " Recover," and when they have reached their place in Line, resume the position of " Attention."

On the March, or when the Battalion is manœuvring, the following position of the Sword is to be adopted, viz :—

The Sword to be carried to the full extent of the Arm, the Right side of the Guard resting on the Inside of the Fingers,—the Thumb having a sufficient grasp on the Outside, so as to hold it with ease and flexibility, the back of the Blade being kept against the hollow of the Right Shoulder.

With reference to the Regulations for the Field Exercise and Evolutions of the Army, Page 249, and in which it is directed, that when Troops in Column at Quarter Distance are Marching past at Inspections in Quick time, the Mounted Officers are to Salute,—it is to be understood, that, if the Troops have previously marched round in Slow time, the Mounted Officers are not to Salute.

FORT ST. GEORGE, 24TH JULY 1835.

No. 288 of 1835.—1st. The Right Honorable the Governor in Council is pleased to direct the discontinuance of the assembly of Annual Committees, for the survey of Fortifications, (Fort St. George excepted), and of all Public Works and Buildings, and to establish the following rules.

2d.—Officers, Civil and Military, occupying or being in charge of Public Buildings, will be henceforward held responsible for damages resulting from inattention, and are directed, when necessary repairs are required, to represent to the proper authority the nature of them, and from what cause the injury or dilapidation has arisen.

3d.—Officers, Civil and Military, occupying public Buildings within Fort Saint George, will report to the Town Major any damage sustained, and the nature of repairs required, who will notify the same to the Military Board, with a view to such repairs being made, as, after examination by the Superintending Engineer, shall be deemed necessary.

4th.—Officers, Civil and Military, occupying public Buildings, beyond the walls of the fortress will in like manner address the Barrack Master at the Presidency, stating the nature and description of repairs required, who will, on the receipt of the report, forward it to the Military Board, with such further information on the subject as he may consider necessary.

5th.—Officers, Civil and Military, occupying or being in charge of Public Buildings at all Out stations will, when they require repair, address Officers Commanding Divisions on the subject, who will, in the case of Civil Buildings, forward the report to the Military Board, and report all Military Buildings to the Quarter Master General of the Army. The Revenue Department (in which repairs and buildings not exceeding an expenditure of 500 Rupees, are to be executed under the orders of Collectors,) is excepted from this rule.

6th.—Superintending Engineers are vested with the charge of all Fortifications within the range of their respective Divisions, and it will be their duty to bring to the notice of the Military Board and the Chief Engineer such repairs as may from time to time become necessary for the due preservation of the Works, forwarding at the same time a report of the nature of the repairs required and the probable expense that will be incurred.

7th.—When new buildings are required, the applications, if for the Civil Department, are to be submitted to Government through the channel of the Court of Sudr Adawlut or the Revenue Board, with full information of the nature and description of Building required; and from all Military Departments, through the Quartar Master General, for the previous information and sanction of the Commander in Chief.

8th.—The existing Rules, for the repairs of Military Public Buildings requiring to be executed on emer-

gency, will continue in force, and are declared applicable to the Buildings in the occupancy of the Civil branch of the Service, with the exception of the Revenue Department, adverted to in the 5th Paragraph of this order.

9th.—The Government expect that Officers in charge of Public Buildings will cautiously avoid recommending any repairs which are not absolutely *necessary*, either for the preservation of the Public Buildings; the security of the property therein deposited; or the health and suitable convenience of the parties occupying them; and Superintending Engineers, on submitting Estimates for repairs, whitewashing, &c. are required to certify at the foot of each Estimate that the work provided for is necessary for the purpose specified, and the means proposed for its execution, are the most economical consistent with efficiency.

GENERAL ORDERS,

ADJUTANT GENERAL'S OFFICE ;

17th OCTOBER 1835.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief to be published to the Army, they are accordingly published in Military Orders.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 16th OCTOBER 1835.

No. 383 of 1835.—Under instructions from the Honorable the Court of Directors, the Right Honorable the Governor in Council publishes the following Regulations for the supply of Chargers to Officers under this Presidency, from the Ranks, or Remount Cattle allotted to Corps, with a view to assimilate the Rules with those existing in Bengal.

As the provisions of the following Regulation afford the means to all Cavalry Officers of furnishing themselves with good Cattle, Commandants of Corps will be held responsible that the Officers under their Command are suitably and well provided with Chargers, agreeably to their Rank.

1. In the first instance, every Commissioned Officer of the Horse Artillery, of Regiments of European Dragoons and Light Cavalry, will be permitted to select from the Remount Cattle allotted to Regiments, respectively, each two Horses as Chargers, leaving the selection of Horses from the Ranks of their Regiments to cases of *particular emergency on actual service in the field.*

Medical Officers permanently attached to the above mentioned Corps, Riding Masters and Quarter Masters not being Commissioned Officers, and Veterinary Surgeons, one Horse each as a Charger, on the terms hereafter to be mentioned.

It is to be understood that the Chargers selected from the Ranks or from the Remount now in the possession of Officers, are to be included in the number of selections allowed to the individual, and to be subject to the provisions of this Regulation.

2. The selection to be regulated by seniority, and no second selection is to be made by any Officer while his doing so will interfere with the first selection of a Junior Officer.

3. When either of the selected Chargers shall die, be killed, stolen, captured, lost, shot by the recommendation of a Committee, or reported by a Committee unfit for further service, from age, vice, disease, or permanent unsoundness, the Officer will be permitted to replace him by selecting a Horse from the Ranks or Remount Cattle,—but on the principle laid down in the foregoing paragraph.

4. The selected Chargers of Officers dying, retiring from the Service, proceeding on furlough to Europe, or exchanging from a Mounted to a Foot Corps, are not to be sold out of the Regiments to which they belong, such Horses, if no Officer in the Corps shall be desirous of purchasing them, are to be returned to the Ranks subject to the orders laid down in a subsequent part of this Regulation (para. 10) with respect to the Chargers which may be received back into the Ranks at the request of individuals.

5. Officers returning from furlough to Europe are permitted to select two Chargers as allowed in para. 1, without reference to former selections.

6. Horses selected under this Regulation are not permitted to be disposed of out of the Regiment to which the Officer belongs, unless they shall be reported by a Committee unfit for the service from age, vice disease or permanent unsoundness.

7. Under the sanction of the Officer Commanding the Regiment, Horses selected under this Regulation may be exchanged for other serviceable selected Chargers of Officers in the same Corps; In such cases both Horses are to continue subject to the foregoing Rules—but an Officer may sell his selected Charger to an Officer of the same Corps entitled to a choice, such purchase to stand in place of a selection, and the seller allowed in regular succession to select another Charger.—No sale or exchange of a selected Charger is to be allowed until the payment of his price shall have been completed.

8. Officers desirous to return their selected Chargers to the Ranks, are permitted to do so, within one month from the date of selection, or from the date of their joining the Regiment or being Trooped, without injuring their claim to another selection, provided the Horse be reported by a Committee sound and otherwise as fit for the service as when selected by the Officer.—An Officer may also return his selected Charger to the Ranks, after the time above specified, but in such cases, he will not be permitted to select another in his room.

9. No Horse, whose age shall exceed ten years, is to be received back into the Ranks.

10. When an Officer obtains permission to return a Charger to the Ranks within the period of six months, he will be entitled to receive back from the Paymaster, on a Bill accompanied by all requisite vouchers, the sum which he paid for the Horse. But if the Horse is returned to the Ranks after the expiration of six months, a deduction is to be made from the price paid at the rate of 10 per cent. per annum on the original cost for the period elapsed since the Horse was selected.

11. Horses selected as Chargers are always to be branded with the Regimental mark and entered on the Descriptive Roll of the Regiment before they are delivered over to the selecting Officer.

12. In all cases when an Officer wishes to select, return, sell, or exchange a selected Charger, he is to make a public written application to the Officer Commanding the Regiment, and it is to be understood that the Proceedings of the Committee are not complete until approved by the Commanding Officer.

13. The regulated price of Chargers selected from the Bengal Stud and for New South Wales Horses is fixed at 800 Rupees. Those from the Ranks of Regiments, or from the Remounts, and not being Bengal Stud or New South Wales Horses, at 700 Rupees.

The price of Chargers selected by Lieutenants in receipt of Troop allowances, Surgeons and Assistant Surgeons in medical charge of Regiments, Regimental Captains and Officers of higher rank, are to be recovered by four equal monthly deductions from their allowances, commencing with the first issue of pay subsequent to the selection; and in the case of Subalterns, Assistant Surgeons not in medical charge of Corps, Quarter Masters and Riding Masters being Warrant Officers, by eight equal monthly deductions as above.

14. The Horses of Native Officers are exempted from the provisions of this Regulation.

15. When an Officer dies before the price of the Charger shall have been recovered, the Horse if reported by a Committee sound and otherwise fit for the service, is to be returned to the Ranks, otherwise he is to be sold under the orders of the Officer Commanding the Regiment, and from the amount of sale the sum remaining due to Government to be paid to the Military Paymaster and by him carried to the public credit.

16. When an Officer has selected a Charger he is immediately to transmit to the Officer Commanding the Regiment a Certificate in Duplicate, subscribed with his Name, Rank, Troop, and Regiment, certifying his having received the Horse, whether a Bengal Stud or New South Wales Horse or otherwise, and by how many deductions the price is to be recovered, with reference to para. 13.

The Officer Commanding the Regiment having satisfied himself of the correctness of the Certificate, is to countersign it, to forward one copy of it to the Military Paymaster of the Division in which the Troop or Regiment may be serving, and the other to the Military Auditor General, first causing a transcript of it to be entered in a Regimental Book to be kept for that purpose.

The Commanding Officer will then issue a Regimental Order directing the Officer in whose Abstract the allowances of the individual who has selected the Charger are drawn, to insert at the foot of the Abstract a remark to the following effect, until the ordered deduction shall be completed.

"Deduct from Captain A. B's allowances Madras Rupees ——— being the first monthly deduction (or "as the case may be, the 2d, 3d or last,) on account of a Charger selected by him from the Troop, or Remount "as the case may be."

The Officer Commanding the Troop from which the Horse shall be selected is to notice the circumstance in a remark at the foot of the next Muster Roll, or should the selection be made from the Remount, the Horse is be considered as attached to the Troop to which the Officer selecting him belongs, and the remark to be inserted on its Muster Roll.

17. The receipt of the Certificate specified in the first clause of the foregoing para. is to be considered by the Military Paymaster as sufficient authority for making the ordered deductions, without waiting for any further information.

18. Cavalry Officers claiming compensation for their selected Chargers from being killed or disabled in action or shot in consequence of contagious disease, as authorized by G. O. G. 31st May 1831, and 29th November 1833, will only be allowed to draw the regulated price which they may have paid for the same, deducting 10 per cent per annum for the period elapsed since the original selection of the animal from the Ranks or Remount.

19. At the close of each year the Military Auditor General will compare the Certificates with the amount received on account of selected Chargers, and will take immediate steps for recovering any sums due on their account, and Officers Commanding Corps will transmit to that Department as soon after the 1st May in each year as practicable, a general Descriptive Roll of all Horses taken by Officers of their respective Corps, as Chargers, with the Names of the Officers selecting them, dates of selecting, &c.

In publishing these Regulations for the guidance of Officers of Mounted Corps, the Right Honorable the Governor in Council directs, that all former Regulations or Orders on the subject of Remount Horses be rescinded, and the instructions herein conveyed be forthwith adopted in the several Mounted Corps of this Army.

GENERAL ORDERS,

By His Excellency the Commander in Chief.

ADJUTANT GENERALS OFFICE :

FORT ST. GEORGE, *10th November* 1835.

The Commander in Chief directs the publication, for the general information and guidance of this Army, of the following General Order by His Excellency the Commander in Chief in India, dated Calcutta 12th October 1835.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS, CALCUTTA, 12TH OCTOBER 1835.

1. Captain J. S. Marshall of the 71st Regiment of Native Infantry, recently under suspension from rank and pay by the Sentence of a General Court Martial, having drawn up a Memorial addressed to the Honorable the Governor General in Council, which has reference to the Proceedings of the Court under whose sentence he has been suffering, he sent the same to Brigadier General R. Stevenson, C. B. with a view to its being forwarded.

2. The Brigadier General having declined to forward the same, ordered it to be returned to Captain Marshall with a letter stating that, although he, (the Brigadier General,) declined to forward it, Captain Marshall " can" forward it, either through the Commanding Officer of the 71st Regiment, or " direct himself."

3. Under the implied permission of the word " can" it has been forwarded direct to the Commander in Chief.

4. As several instances of direct appeals of this nature have presented themselves to the Commander in Chief, he wishes the Army to understand what his opinions are upon the subject. They are as follow :

5. He deprecates all appeals from competent authority, except on very sufficient grounds ; which grounds should always be stated.

6. The regular channels through which correspondence is to be carried on, are pointed out in the General Orders, with several views ; one is, that the Commanding Officer on the spot may exercise his judgment as to the propriety of forwarding, or not, such papers as may be offered to him ; and thus spare the heads of Departments from useless references ; and another, that they may be enabled to afford such elucidatory observations relative to the business forwarded, as may enable the Commander in Chief to form a competent judgment upon it. The Commander in Chief therefore deems it a duty of a Commanding Officer to form an opinion upon what is laid before him ; and that it is as much his duty to refuse to forward that which he does not sanction, as it is to send on whatever meets his approval. Therefore, to whatever is forwarded by a Commanding Officer, the Commander in Chief will always be prepared to pay the greatest attention, but he will require strong grounds to be assigned for Officers sending to him papers *direct* ; because, he can only consider such direct application in the light of an appeal from a competent authority ; an appeal which Officers ought not to make, excepting on specific, and clearly stated grounds. When such grounds are assigned, the Commander in Chief will always be ready duly to appreciate them.

7. In the case of Captain Marshall's Memorial, which has occasioned this order, His Excellency deems that Brigadier General Stevenson exercised a very proper judgment in declining to forward it, and he would have still more approved of what was done, if the last paragraph of the Deputy Assistant Adjutant General's letter had been omitted.

8. As Captain Marshall has thought proper to place this Memorial in the hands of the Commander in Chief, he feels bound to comment on one of its concluding paragraphs.—Captain Marshall says, (addressing the Governor General in Council.)

" It is true, your Memorialist has nearly endured the full measure of his Sentence ; and that the sus-
" pension of rank cannot be remedied, but still, he humbly begs to add that, the *restoration of his pay*
" *will remove the moral oduim produced by his Sentence.*"

9. The Commander in Chief entertains much too high an opinion of the Military and honorable feelings of the Officers of the Indian Army, not to be quite sure that they would repudiate, with the indignation it merits, the notion, that the return of a certain number of Rupees by the Civil Government, could remove the " moral oduim" which Captain Marshall very properly attaches to the punishment awarded by the penal sentance of General Court Martial.

By order of His Excellency the Commander in Chief.

Adjutant General of the Army.

BY ORDER OF THE COMMANDER IN CHIEF.

Adjutant General of the Army.

GENERAL ORDERS,

By His Excellency the Commander in Chief.

ADJUTANT GENERAL'S OFFICE: FORT ST GEORGE;

21st NOVEMBER 1835.

Under instructions from His Excellency the Right Honorable the Commander in Chief in India, the following General Order is published for the information and guidance of the Madras Army.

GENERAL ORDERS BY HIS EXCELLENCY THE RIGHT HONORABLE THE COMMANDER IN CHIEF IN INDIA.

HEAD QUARTERS, CALCUTTA, *26th October* 1835.

1. His Excellency the Commander in Chief in India having recently had before him the proceedings of several General Courts Martial, feels it necessary to express his opinion, that the amount of crime in several of the cases was only such as might have been quite adequately dealt with by a District, or Garrison, or even Regimental Court Martial.

2. The great frequency of the assembly of General Courts Martial, is much calculated to diminish the awe with which they ought to be contemplated by Soldiers; and the practice is, furthermore, exceedingly inconvenient, and detrimental to the Army, by occupying in such duties so many Regimental Officers.

3. The Commander in Chief in India therefore desires that Commanding Officers of Regiments will carefully weigh the amount of such crimes as may be committed by the Soldiers under their Command; and that in all cases in which it appears that a Regimental, or Garrison, or District Court Martial is competent by Law to investigate a crime, and to award an adequate punishment, they will have recourse to such Courts, and that they will not bring Soldiers before a higher class of Courts than is necessary to meet the case.

4. His Excellency observes that the 84th Article of War has not been sufficiently attended to by some Officers; and that a practice has grown up of making the Members of a Court Martial acquainted with the previous bad character of a Prisoner antecedent to his trial, by noticing the record of his convictions immediately subsequent to his arraignment. This is a practice as inconsistent with justice, as it is at variance with the 84th Article of War!

5. Courts are in the frequent habit of passing such a sentence as "solitary confinement for two months *in the Fortress of Allahabad*." The fixing *the place* where the sentence must be inflicted, is often attended with inconvenience. It is best to award such punishment as the Court may deem proper, and to leave the place where it is to be carried into execution undefined, to be fixed by the Officer whose duty it may be to approve the proceedings of the Court.

6. There appears to the Commander in Chief occasionally to be an affectation of imitating the minutiæ of the practice of Civil Courts, introduced into the charges laid before Courts Martial. Details, quite unnecessary before Military Courts! Thus, in a charge is introduced the disgusting expressions of a drunken, or mutinous Soldier who has forgotten himself; and these have appeared both in Hindoostanee, and English, in the body of the charges. This practice seems quite unnecessary for the ends of justice; since the Soldier's crime would have been as well developed under the simple charge of "unsoldier-like," or "insubordinate," "or improper" language, as when aided by the unqualified nakedness of the words thus especially charged!

7. The Commander in Chief solicits the attention of the Commanders in Chief of the Madras and Bombay Armies to these points.

By order of His Excellency the Commander in Chief in India.

Adjutant General of the Army.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS : CHOULTRY PLAIN ;

31ST DECEMBER 1835.

Under instructions from His Excellency the Commander in Chief in India, the following General Order is published for the information and guidance of the Madras Army.

HEAD QUARTERS : CALCUTTA, *30th November* 1835.

GENERAL ORDER.

No. 942. At a General Court Martial held at Barrackpore, on Wednesday the 18th November 1835, Ensign John William Sidney Smith, His Majesty's 38th Foot, was arraigned on the following Charge.

Charge—" Ensign John William Sidney Smith, of His Majesty's 38th Regiment, placed under arrest by me, and Charged as follows :

For conduct unbecoming the Character of an Officer and a Gentleman, and subversive of Military Discipline, in having, on the 20th September 1835, endeavoured to force me to fight a duel with him, without any sufficient cause for it, or just provocation on my part.

(Signed) J. J. LOWTH, Capt. H. M. 38th Regt."

Upon which Charge the Court came to the following decision.

Finding.—" The Court having maturely weighed and considered all that has been adduced in support of the Prosecution, as well as what has been brought forward on the Defence, are of opinion, that the Prisoner Ensign John William Sidney Smith, His Majesty's 38th Regiment, is Guilty of so much of the Charge preferred against him, as extends to the simple sending of the Challenge, in breach of the Articles of War, but acquit him of the rest."

Sentence.—" The Court having thus found the Prisoner Guilty of so much of the Charge as is above particularized, do therefore sentence him to be reprimanded."

Approved.

(Signed) H. FANE, General,
Commander in Chief East Indies.

CALCUTTA,
28th November 1835.

Remarks by His Excellency The Commander in Chief in India.

1. The Commanding Officer of His Majesty's 38th Regiment will summon Ensign Smith to his presence, and point out to him the error of his conduct, in breach of the 60th Article of War ; reprimand him as directed by the above Sentence ; and inform him, that he must consider the early reparation which he was prepared to make for his offence, to have been the means of his salvation from ruin.

2. The Commander in Chief is of opinion, that he should neglect his duty to the Army if he failed to offer some remarks grounded upon this Court Martial.

3. He will candidly state to the Army, that the endless numbers of Courts Martial *in India* is a general topic amongst Military men in England, and is the subject of general condemnation amongst Soldiers.

4. Until he was placed in his present position, he was at a loss to account for this peculiar circumstance ; but this Court Martial, and many similar examples which have been brought before him, since he has had the honor to Command this Army, have fully explained how this evil arises.

5. Captain Lowth's Proceedings afford him a perfect elucidation of his view of the case, and he will make it the occasion of explaining that view.

6. In this instance, two brother Officers of His Majesty's 38th Regiment fall out about a matter in itself trifling, which leads to certain crisis.

The affair is brought to a point which requires a decision ; and Captain Lowth forms his own judgment about what is right and necessary for the vindiction of his honor.

Two Captains (A. Campbell and W. Campbell, as is shown in the proceedings of the Court Martial) are of opinion, that what is offered as an apology by the offender, is quite sufficient to render unnecessary any further Proceedings.

The Commanding Officer of the Regiment is of opinion, that what is offered, is sufficient.

The Commander in Chief is of opinion, that what is offered is sufficient ; and Major General Watson, who Commands the Division, hopes that " the sentiments of the Commander in Chief may be respected."

All this will not do !

The opinions of the four superior authorities named are not sufficient to suit Captain Lowth's ideas ; but obstinate in his own opinion, he solicits to be permitted to appeal to the last resort, namely, a Court Martial.

7. Let the Army take another case.

An Officer has a dispute with his brother Officers about a matter relating to the Mess of the Regiment.

His brother Officers decide against him ; he is not content.

The Commanding Officer of his Regiment decides against him ; he is not content.

The Brigadier decides against him.

The General of Division decides against him ; and he is still not content. At last he comes to the Commander in Chief, who also decides against him, (probably with no better result !)

8. He could produce many other Instances of this unbending and *obstinate perseverance* in the opinion of the correctness of the individuals *own views*, and the utter disregard of the opinions of those superiors who stand in a position to look calmly, and without bias, on the case laid before them.

9. How this has grown up it is difficult to say, but that it ought to be corrected, all who wish well to the harmony and the reputation of the Army must feel.

10. The Commander in Chief solicits the Officers to reflect upon what he has said, and to aid him in getting rid of that bane to the Service, and to the Character of the Army, " the endless calls for Courts Martial."

The injury to the Army is lamentable from the number of Officers withdrawn from their Regimental duties, month after month, to investigate the quarrels and squabbles of individuals ; and the personal inconvenience to the Officers themselves is a very important object for consideration.

11. With the general assistance of the Officers of the Army, all this may be easily corrected ; but unless the Commander in Chief receive such aid, that blot upon our Character as an Army (which he so much desires to remove) cannot but remain attached to us.

Ensign Smith is to be released from arrest and will return to his duty.

By order of the Commander in Chief,

Adjt. Genl. H. M. Forces in India.
