No. 143 of 1837.—The following General Orders by the Right Honorable the Governor General of India in Council, under date the 10th July 1837, No. 138, are published for the information of the Army.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 10TH JULY 1837.

No. 138 of 1837.—Under instructions from the Honorable the Court of Directors, His Lordship in Council is pleased to direct, that Family Remittances from Non-commissioned Officers and Privates of King's Regiments serving in India, be strictly confined to the spirit of the Secretary at War's Circulars of the 30th April, 1822, and 23d January, 1827, the former of which gave rise to the indulgence of such Remittances from Soldiers or Foreign Stations.

It was never intended by these Regulations that money accumulated in a long course of years by individuals belonging to Regiments under orders for Europe, should be considered in the light of Family Remittances, or possess a claim to be forwarded to England through the medium of the Honorable Company's Treasuries at any of the Presidencies.

The object contemplated was, to afford to Soldiers on Foreign Stations, the means of contributing periodically, by *bond fide savings from their Pay*, without loss or risk, to the support of their families or connexions during their absence; or to send such savings periodically to England, to be held in deposit for their own advantage on their return.

1st AUGUST 1837.

A practice would appear still to exist among the Officers of this Army, which cannot be too strongly condemned ;—that of, personally, inflicting chastisement upon Native Servants. Even in cases where such chastisement may not amount to violent ill-treatment, it is nevertheless altogether objectionable ; and the Commander in Chief feels satisfied that he has only to call upon the good sense of those under his Command to put down a bad habit which is equally dangerous and discreditable. Let any one who is about to raise his hand against a Native menial reflect that a similar proceeding would not for a moment be tolerated in his own country ; and that a single blow may deprive an unresisting fellow-creature of life ; and it is to be hoped that feelings of humanity, of manliness, and of self-respect, will do more to reform this propensity than has hitherto been effected by the orders which have, from time to time, been issued on the subject.

GENERAL ORDERS.

By His Excellency The Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN; 7TH AUGUST 1837.

Non-commissioned Officers and Soldiers of the Honorable Company's European Troops, considered unfit for further Effective Service, are to be examined by Committees as hereafter detailed, which will be assembled as soon after the receipt of these Orders as practicable.

For the European Regiment, Carnatic European Veteran Battalion and Sappers and Miners, Regimental Committees are to be assembled composed of the Commanding Officer, or Major, with two Senior Officers, the Adjutant, and the Surgeon.

For Artillery, Artillery Committees are to be assembled wherever the strength of the Division or Detachment will permit, composed of the five Senior Officers, including one or more Artillery Surgeons. At Stations where there may not be a sufficient number of Artillery Officers available for this duty, Station Committees are to be assembled of which the Artillery Officer and Surgeon are to be Members.

For Staff Serjeants of Native Regiments, Regimental Committees are to be assembled, composed as directed for the European Regiment.

Non-commissioned Officers and others in Station Hospitals, or belonging to the Staff of Garrisons, Departments, &c. will be examined by Station Committees.

Committees as above are to be assembled at Artillery Head Quarters by order of the Commandant and elsewhere by order of Officers Commanding Divisions and Forces.

Medical Officers in charge of Corps or Detachments are to prepare Returns of all Men proposed to be removed from the Effective Strength on account of Disease or bodily infirmity, made out agreeably to the Form published in G. O. C. C. 13th August 1833. These Returns are to be submitted to the Committees and are to be attached to their Proceedings in lieu of the separate Certificates heretofore required.

All Soldiers who have not been disabled by wounds or injuries received in the execution of their duty, or on Service, and who have not served the term of fourteen years from the date of their Enlistment are to be recommended for discharge to Europe, but Committees will be particular in noticing in the Column of Remarks any particular circumstance connected with their loss of health for the favourable consideration of the Government and Court of Directors.

In order that no Soldier may be deprived of the privilege of transfer to the Non-Effective Establishment on light or insufficient grounds, it is directed, that, whenever an Invaliding Committee may be of opinion that the character or conduct of any Soldier is such as to render him undeserving of the benefit of the Invalid or Pension Establishment, it shall be their duty to append to their Proceedings a detailed statement of the particular miscopduct on which their opinion is founded, or if the Individual should at any time have been Sentenced by a competent Court Martial to forfeiture of Pension an authenticated record of such Sentence must accompany their Proceedings.

The Proceedings of the Committees will be final as regards Men recommended for transfer to the Invalid or Pension Lists.—Men recommended for Discharge will appear before a Final Medical Committee which will be assembled at the Presidency under the provisions of the Regulations published in G. O. G. 1st June 1827.

G. O. G. 20th March 1820.

G. O. G. 17th April 1832.
G. O. G. 13th October 1835 *Para.* 18.
Pension Regulation Section 2 *Page* 21.

The Proceedings of the Committees to be conducted in strict conformity with the Regulations of the Service and the General Orders noted in the Margin, and agreeably to the Forms No. 1 and 2 laid down in General Orders dated 8th August 1836.

It should be distinctly stated in the Column headed "why recommended" against the name of each Individual recommended to be transferred to the Veteran Establishment, that he is "unfit for Field, but fit for Garrison duty;" and in the case of every Individual recommended to be "Pensioned" that he is "unfit for any duty," and how he became so, and the same, as the case may be, respecting Men recommended to be discharged.

Against the name of every Man examined his character is to be fully entered in the Column appropriated for that purpose, which will obviate the necessity of furnishing separate Certificates, and Commanding Officers are also required to enter Certificates of character in the Account Books of all Men who may be removed from under their Command to the Invalid or Pension Establishment, or Discharged from the Service, pointing out, at the same time, the necessity of those documents being carefully preserved by the Individuals in the event of their being required to produce them at any future period.

In the Column of Remarks opposite to the name of every European Soldier recommended for transfer to the Pension Establishment, it is to be distinctly stated whether he wishes to return to England or reside and draw his Stipend in India, in the latter case the reasons and claim which each Individual may advance for soliciting the indulgence are to be fully and clearly inserted in the Proceedings.

The Proceedings of Committees are to be forwarded to Head Quarters through Divisions in the usual manner.

Disapproved.

(Signed) P. MAITLAND, Lieut. General.

Remarks by His Excellency the Commander in Chief.

The General Officer of the Division, in prescribing the limits of Captain Mahon's arrest, directed that he should consider himself in arrest "within the Precincts of the Fort," than which there could hardly have been a more precise Definition; and yet the Court, misled apparently by the diffuse argument with which it has allowed the Record of Proceedings to be encumbered, has acquitted the Prisoner of breaking his arrest, although he was found driving on the Public Road at a distance from the Fort to the Precincts of which he had been restricted, on the assumption that the Terms made use of in permitting the Prisoner to take air and Exercise were not sufficiently explicit: but, leaving out of consideration the Prisoner's conduct as described in the First Instance of the Charge, and the First and third Instances of the additional charge, upon which the Court has put so singularly lenient a construction, Captain Mahon stands convicted of having addressed an insubordinate and disrespectful Letter to his immediate Commanding Officer,—a Letter, it may be observed, which undeniably merits the designation given to it;—of having contumaciously refused to withdraw, or apologize, for the same, when required so to do by the General Officer Commanding the Division; and of having, when under arrest, repeatedly passed, on the public Road, the General Officer whose mediation he had rejected, disrespectfully omitting to pay him the compliment due to his Rank:—and, for this aggravated perseverance in Insubordination and Disrespect, the Court has considered a Reprimand to be the appropriate Punishment. —The Disproportion between the injury to Discipline on the part of the Prisoner, and the remedy afforded by the Court, is too manifest to require further comment, and the Lieutenant General considers that it will be sufficient to record his disapprobation of the judgment on the present Trial, leaving the facts of the case to speak for themselves.

MADRAS;
The 28th of July 1837.

Lieutenant General.

The Prisoner Captain John Mahon is to be released from arrest and will return to his duty.

No. 159 of 1837.—The Governor in Council is pleased, in reference to G. O. G. under date 6th January 1837, No. 5, to notify to the Army engaged on the Expedition to Rangoon in the years 1824, 25, 26, that a Distribution Statement, and Prize rolls bearing the names of those of the Corps, Departments, &c. noted in the margin, who are entitled to share in the Ava Booty, have been received from the Supreme Government, with instructions to issue the dividend forthwith.

His Majesty's 67th Foot and Detachments of the 1st Light Cavalry and 35th Regiment Native Infantry having arrived at Rangoon subsequent to the termination of hostilities, have not been included among the Sharers of the Ava Prize.

The distribution is to take place thro' the General Prize Committee, under the following rules:

1. All European Officers, Attornies of European Officers, and the Heirs or Administrators of those deceased, will submit Abstracts for the shares to which they are respectively entitled, and Acquittance rolls, in accordance to the annexed Forms Nos. 2 and 3 accompanied by a Nominal roll and Letter.

2. Station and Regimental Prize Committees will be assembled to investigate all claims to the above Booty, and the Presidents will forward, with as little delay as possible, to the General Prize Committee, Proceedings as per annexed Form No. 1, exhibiting the Letter, and Number in the Company and General Number in the Regiment at the period the Prize rolls were sent in, including the Names of such Men as may have been discharged the Service, and the Heirs of all deceased Men who may prove their title to the satisfaction of the Committee.

Presidents of Committees are directed in submitting the claims of those individuals who are unable to produce Prize Certificates, to state specifically in the column of remarks, the nature of the proof obtained regarding their identity.

The Secretary will then examine and note on the face of the Committee's Proceedings any discrepancy there may be between the claims included therein, and the rolls received from the Supreme Government, with any other remarks that the General Prize Committee may find it necessary to make, and return them to the subordinate Committees, which will prepare Abstracts and Acquittance rolls for such as may be found to correspond with the Prize rolls above alluded to, in accordance with the Forms Nos. 2 and 3. These Abstracts will be forwarded to the General Prize Committee for the purpose of being checked and passed by that Committee for payment, on the Paymaster of the division or range in which the claimants respectively may reside.

3. The Regimental Committees will be constituted of the Commanding Officer, the next in Seniority, with the Adjutant and the Quarter Master. Those at Stations, in such manner as the Officer Commanding may direct.

4. All Persons, except European Commissioned Officers, present with Regiments, are to be paid by Committees respectively, and in acknowledgment of the receipt of their shares, they are to be required to sign Acquittance rolls which are to be prepared in accordance with the Form No. 3.

5. European and Native Officers who may have been promoted with back rank subsequent to the compilation of the Prize rolls are not to reap any advantage therefrom, unless the party promoted did duty and was *mustered* during hostilities in the advanced rank.

6. Claimants who may not now be with the Regiments in which they served during the operations in Ava, must prefer their claims through the nearest Station Committee.

7. Individual claimants who may have belonged to Corps since disbanded, or who may have been attached to Regiments of His Majesty's Service which have subsequently returned to Europe, and who may not be borne on the strength of any Regiment in India, will submit their claims to the nearest Station Committee, and if ascertained to be correct, a bill for the amount of share, countersigned by the Committee, and accompanied by a separate receipt of the claimant, will be forwarded to the General Prize Committee at the Presidency, to be examined and passed for payment in the manner above detailed.

8. The claims of Non-commissioned Officers and Men who may have belonged to His Majesty's Regiments embarked for Europe, but who may now be attached to Corps serving under this Presidency, will be drawn for by the Committee of the Regiment to which they are at present attached, in the manner laid down in the 4th paragraph.

9. Applications in behalf of the heirs and Men who may have died, will be addressed to the Committee of the Regiment to which the deceased belonged, and a consequent payment will be made on account of the estate, if the claim be satisfactorily established.

10. The shares of deceased Officers and Men, European and Native, not claimed by Executors or other representatives, or by heirs or nearest of kin, are not to be drawn.

11. Acquittance rolls for Prize Money which may have been passed by the General Prize Committee at the Presidency, are to be transmitted to the Secretary, by the Presidents of Committees, within 3 *months* from the date on which the abstract to which each Acquittance roll refers is passed for payment.

An Acquittance for money remitted to Officers Commanding Corps of Stations, &c. for adjustment to individuals, should be obtained and attached to the Acquittance rolls in which Prize Money is stated to have been thus disposed of.

The balance of unappropriated shares of individuals of the Honorable Company's Service, will be remitted by the Regimental and Station Committees to the General Treasury, and those referrible to His Majesty's Forces will be disposed of in conformity to the War Office Regulations, with the exception of unclaimed shares to Native Establishments, which will be remitted to the Treasury. In either case, the Acquittance rolls will be furnished as above directed, accompanied by a Nominal roll of persons on whose account such sum may be remitted, specifying the Corps, Company, and Number to each Name.

12. After the lapse of 12 months from the commencement of the distribution, the General Prize Committee will forward to the Secretary to Government Military Department, a Return of the European Officers and Men who are entitled to share, but who having died or having left India before the distribution commenced, have not received their shares.

The Return to distinguish individuals belonging to His Majesty's Regiments from those belonging to the Company's Army, and to specify the sum due to each, in the currency in which the general distribution was made. When the return shall have been prepared and transmitted, no payments must be made in India on account of the sharers specified in it.

13. A return of the European part of the Force, shewing how the different shares have been paid, must also be forwarded.

14. Station and Regimental Prize Committees are directed on disbursing the amount of the several shares of the Ava Prize Money to claimants or their heirs, to write across the face of each Prize Certificate "Amount of share on this Certificate paid by the (Station or Regimental) Committee at (here enter Station) on" (here enter date) to (here enter the name of claimant.)

15. The period of closing the Proceedings of the several Committees is limited to the 31st August 1838.

16. Copies of the Proceedings, &c. of the Station Prize Committees when closed, are to be lodged in the Offices of the Public Staff Officers of the respective Stations and Garrisons, on whom the duties of investigating claims, &c. thereafter shall devolve.

17. The General Prize Committee at the Presidency will issue such subsidiary instructions to Regimental and Station Committees, as may be necessary for giving effect to the foregoing orders.

HEAD QUARTERS: CHOULTRY PLAIN; 25TH AUGUST 1837.

Under instructions from Government, the Commander in Chief is pleased to cancel the General Order of the 10th May last, and to direct the publication of the subjoined Orders by His Excellency the Commander in Chief in India, upon the same subject.

All decisions passed in accordance with the cancelled Order are hereby revoked, and Commanding Officers will be guided by the instructions now substituted which are to be followed with retrospect to the 1st May last.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF IN INDIA.

HEAD QUARTERS; SIMLA, *5th May* 1837.

1.—On issuing the antecedent Orders to the Army, the Commander in Chief in India directs, that the Native Officers and Non-commissioned Officers of every Corps may be assembled by their respective Commanding Officers, and that the great benefits thus bestowed on the Army may be fully explained to them.

2.—Similar explanations are to be made to every Company by its Commanding Officer, aided by the Interpreters of Corps.

3.—As the 4th Paragraph of the order directs that "additional pay is only to be conferred on well conducted Native Privates," it is requisite to define exactly what Soldiers are to be considered as excluded, so that the practice may be quite uniform in the Armies of all the Presidencies.

4.—Therefore, (until any other arrangement is made by the Supreme Government,) His Excellency the Commander in Chief in India directs, that of the Soldiers who have served the required number of years, none shall be deprived of the boon granted excepting such as may have been convicted within the two last years (from the date of this order,) by a Court Martial, of some serious offence: or whose names have been twice placed on record in the Defaulters' book, during the same period.

5.—Such men will be considered as not answering the description of "well conducted," and the boon is to be with-held from them."

6.—Rolls must be made out forthwith, and transmitted to the Adjutant Generals of the respective Armies, stating the names of those Sepoys from whom the benefit is with-held, with the reasons thereof.

7.—After being once granted, the Sepoys are not to be deprived of their extra pay, excepting by the Sentence of a Court Martial: but it must be intimated to all, that as the extra pay is a boon granted to "well conducted Soldiers" only, any serious misconduct will render them at all times liable to forfeit the same, under the Sentence of a Military tribunal.

By order of His Excellency the Commander in Chief in India.

(Signed) J. R. LUMLEY, Colonel,
Adjutant General of the Army.

HEAD QUARTERS; SIMLA, *15th July* 1837.

1.—Referring to the General Order by the Commander in Chief in the East Indies, dated the 5th of May last, Paragraphs 4 and 5, His Excellency now makes known, that the Supreme Government has approved of his definition of "well conducted Native Privates," and of the arrangements dictated by the said order.

2.—Their Excellencies the Commanders in Chief of the Madras and Bombay Armies will therefore be pleased to direct a conformity thereto.

3.—They will also direct, that when any Soldier is deprived of his additional pay by the Sentence of a Regimental Court Martial, the Proceedings of such Court shall be sent to their head quarters, for their approbation.

By order of His Excellency the Commander in Chief in India.

FORT ST. GEORGE, 19TH SEPTEMBER 1837.

No. 176 of 1837.—The Governor in Council is pleased to direct that the G. O. G. 16th October 1835, No. 383, be rescinded, and that the following Regulation for the supply of Chargers to Officers of Mounted Corps be adopted at this Presidency, with the view to assimilate the Rules with those existing in Bengal.

1. The objectionable privilege of taking Horses from the Ranks, whether by Officers of Mounted Corps or by any other individuals whosoever, is no longer allowed, and in future Officers Chargers are to be selected from the Remount only or by purchase in the market.

2. Every European Regimental Officer of the Horse Artillery or Cavalry on first joining his Corps, or on returning from Europe, or Staff employ, shall be permitted to select two Horses for Chargers from the Remount; and Medical Officers, Veterinary Surgeons, Riding Masters, and Troop Quarter Masters when permanently attached, may each select one Horse from the Remount on terms hereinafter specified.

3. The selection to be regulated by seniority, and no second selection is to be made by any Officer when his doing so will interfere with the first selection of a Junior Officer.

4. Horses selected as Chargers are always to be brander with the mark of the Regiment, and entered on the Descriptive Roll of the Corps previous to their being delivered over to the selecting Officer.

5. The price to be paid by Officers for a Horse selected from the Remount is fixed at 600 Rupees, and the Horse or Horses will be at the Officer's risk from the date of selection.

6. When the selected Charger of an Officer shall die, be killed in action, captured, stolen, lost, shot at the recommendation of a Station or Detachment Committee, or be reported by such Committee unfit for further service, from age, vice, disease, or permanent unsoundness, his owner will be permitted to replace him by a selection from the next Remount, and in cases where the Charger has been reported unfit for further service without being infectiously diseased, may dispose of him at his discretion.

7. Selected Chargers may be exchanged between Officers of the *same Corps*, with the sanction of the Commanding Officer; or, when the full price has been recovered by the Paymaster, may be sold to any Officer of the *same Corps* entitled to a choice; the sale in that case to stand in the place of such choice, and the seller to be allowed to select another Charger.

8. An Officer who finds on trial that he has made an unsuitable selection, may return the Horse into the Ranks and select another from the Remount allotted to the Regiment for the Season, provided his desire to do so be made known to the Commanding Officer of the Corps within one month from the date of the animal joining the Regiment, and provided the Horse to be returned be reported by a Regimental Committee as sound and fit for the Service as when selected.

9. At any time after the lapse of six months, and within twelve from the date of joining the Regiment, a selected Charger may with the permission of the Commanding Officer of the Corps, be returned for the purpose of being placed in the Ranks, if reported by a Regimental Committee to be perfectly fit for the Service; but in such case the Officer returning a Charger will not be permitted to choose another Horse in his room, and will merely be entitled to receive back from the Paymaster the full price, or such portion of the price as may have been deducted from his pay and allowances.

10. In all cases where an Officer wishes to select a Charger, or to sell, exchange or place in the Ranks, a selected Charger, he is to make a written application to the Commanding Officer of his Corps, who, when necessary will assemble a Regimental Committee, composed of a President not under the rank of Captain, and two Subalterns as Members, the Report or Proceedings of which are not to be considered complete without his, the Commanding Officer's, countersignature.

11. When Officers are removed from one Regiment of Cavalry to another, they may take their selected Chargers with them, and the Horses so transferred are to be erased from the Register of the one Corps and entered in that of the other.

12. The selected Chargers of Officers who may retire from the Service, proceed on furlough to Europe, be nominated to the General Staff or any other detached permanent employ, or be removed from a Mounted Corps, are not to be sold or taken out of the Regiment to which their owners belonged, unless purchasers cannot be found in the Corps and the Horses be pronounced by a Regimental Committee unfit for admission to the Ranks, in which cases they may be disposed of at the discretion of their owners; or when Officers die, their selected Chargers may be disposed of under the above restrictions by order of the Committee of adjustment assembled on occasions of the death of such Officers.

13. The terms on which Chargers, the property of the several classes of Officers specified in the foregoing paragraph, are in the first instance, to be offered for sale to such Officers of the Corps as require Chargers, and in default of purchasers to be tendered for admission to the Ranks, are as follows:

If 6 years old, full price, and if above 6 but not exceeding 12 years, a deduction is to be made at the rate of 10 per cent per annum for the period elapsed since the Horse attained the age of 6 years.

6..	full price..	Rupees	600.
7..	,,	,,	540.
8..	,,	,,	480.
9..	,,	,,	420.
10..	,,	,,	360.
11..	,,	,,	300.
12..	,,	,,	240.

Horses whose age exceeds 12 years are not to be admitted to the Ranks, but may be disposed of at the discretion of the owners or their representatives.

14. The price of Chargers selected by Officers is to be realized from their pay and allowances by Paymasters, in four equal monthly deductions from Field Officers, Captains and Surgeons; and in eight similar deductions from Subalterns, Assistant Surgeons, Veterinary Surgeons, Troop Quarter Masters and Riding Masters. When an Officer has occasion to select two Horses, double time will be allowed for payment, and in all cases the deductions are to commence from the first issue of pay after being put in possession.

15. Should an Officer die before the full price of his selected Charger has been recovered, the Horse if reported by a Committee fit in all respects for the Service, is to be received into the Ranks, and the amount deducted will be refunded by the Paymasters to the legal representative of the deceased; but if reported unfit for the Service, the Horse is to be sold under the orders of the Commanding Officer of the Regiment, who from the proceeds of the sale, will remit to the Paymaster the sum remaining due to Government, and pay the balance, if any, to the person entitled to receive it.

16. When an Officer has selected and been put in possession of a Charger, he will immediately transmit, in duplicate, a Descriptive Roll of, and receipt for the Horse selected, to the Commanding Officer of the Regiment, who having countersigned them, and caused a transcript of them to be entered in a Regimental Book to be kept for the purpose, will transmit one copy to the Paymaster within whose payment the Corps may be, and the other to the Military Auditor General.

17. The Commanding Officer of the Regiment will then direct the Officer in whose Abstract the pay and allowance of the individual who has selected the Charger are drawn, to insert at the foot of each Abstract, until the necessary deductions shall be completed, a notification to the following effect:

Deduct from ——— A. B.'s Pay and Allowances ——— Rupees, being the first (or as the case may be 2d, 3d, 4th, &c. &c.) monthly deduction on account of a Charger selected by him from the Remount of the Season ——— which joined the —— Regiment on the ——— day of ———.

18. At the close of each year the Military Auditor General will compare the Certificates with the amount received on account of selected Chargers and will take immediate steps for recovering any sums due on their account, which should not have been previously realised.

Secretary to Government.

O. issued by the Commander in Chief in consequence of the publication in a Calcutta Newspaper of a letter from Colonel Vans Kennedy, of the Bombay Establishment, on the subject of his alleged grievances.

1. We cannot too strongly condemn the conduct of Colonel Kennedy in addressing the Officers of the Army of India, through a Newspaper for the purpose of controverting opinions expressed in General Orders by the Commander in Chief of the Presidency to which he belongs.

2. The want of a due sense of Military subordination which is evinced in this act, is in the highest degree reprehensible and merits our most severe disapprobation. We are only restrained by a consideration for Colonel Kennedy's former services from now visiting him with a more severe mark of our displeasure.

3. You will publish these paras. in General Orders."

Separate letter from, dated 13th January 1837, No. 5.
Forwards a Memorial from a Committee appointed to deliberate on the establishment of a Military Retiring Fund.

1st. "It is always a source of gratification to us to promote the advantage and comfort of our Military Servants, and we have recently afforded substantial evidence of our feelings upon this subject.

2d. When we framed the Retiring Regulations transmitted in our Military Letter to India, 23d December 1835, we adverted to the difficulties which stood in the way of the establishment of a General Retiring Fund, and distinctly stated that we regarded the realization of such an object as hopeless. To meet the want thus created, and to provide in another way for that which was desired alike by the Army and by us, we passed the Regulations to which we have referred. Our views in taking this step were explained in para. 5th of the Letter above quoted, a copy of which we transmit for the information of the memorialists.

3d. "Retaining the opinions which we expressed at the period referred to, we are precluded from extending our sanction to the plan which has been transmitted."

Extract from the letter from the Honorable the Court, to the Governor General of India in Council, dated 23d December 1835. No. 15.

5th. "Adverting to the many obstacles which have hitherto prevented the establishment of a general Retiring Fund, and considering it hopeless to expect that any Fund can be so framed as to meet on the one hand with the general concurrence of the Army, and on the other with the sanction of the authorities at Home, we have thought it right no longer to rely on the formation of such a Fund, but so far as we can feel justified in doing it ourselves, to provide for the object contemplated in schemes of that nature, without the aid of contributions from our Officers, by an enlargement of the Retiring Regulations."

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *18th September* 1837.

No. 198 of 1837.—In continuation of General Orders No. 195, of the 5th October 1836, the following paras. of a Letter No. 8, from the Honorable the Court of Directors in the Public Department, dated the 28th June last, are published in General Orders:

Para. 1. In our Letter in the Military Department, dated the 1st of June, (No. 4) of 1836, we informed you, that His late Majesty's Government had consented to extend to the Retired Officers of our Army the same advantages which were enjoyed by His Majesty's Officers settling in the Colonies of Western Australia, New South Wales, and Van Dieman's Land.

2. We have now to communicate the concession to Retired Officers of our Navy of the same benefits to which Officers of the same rank and standing in Her Majesty's Navy are entitled in those Colonies; and further the extension of similar privileges to the Members of both Services settling in the British North American Colonies.

3. It is necessary, however, to state for the guidance of those who may be disposed to avail themselves of the last named privileges, that the Legislature of Upper Canada have in their last Session passed an Act for the Regulation of the System on which the Crown Lands are dispesed of. In New Brunswick also, a Bill was passed by the Council and Assembly for restraining the free grant of Land, except in certain specified cases, and although this Bill was prevented by circumstances from becoming Law during that Session, it is the belief of Her Majesty's Colonial Authorities in this Country, that a similar Bill may, by this time, have been again passed and may have received the assent of the Lieutenant Governor.

Under the circumstances, and in reference to the probability that the other North American Colonies will follow the example of Upper Canada and New Brunswick, it has been suggested from the Colonial Department, that it will be necessary in communicating the concession of the above named privilege to the Officers of our Army and Navy, distinctly to explain to them, that their acquisition of Land in North America, on the specified conditions, is altogether dependent on the measures which the Legislatures of the respective Provinces may think proper to adopt on the general question, and that Her Majesty's Government can offer no guarantee for the permanency of the present system."

Secy. to Govt. of India Mily. Dep.

GENERAL ORDERS,

By His Excellency The Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN; 11TH NOVEMBER 1837.

The Commander in Chief is pleased to republish the following General Order by the Commander in Chief in India—His Excellency need not declare that its provisions are applicable to this Army as they are already in force at this Presidency.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF IN INDIA.

HEAD QUARTERS; SIMLA, 9TH OCTOBER 1837.

In May last, a reference was submitted to His Excellency the Commander in Chief from a regimental subaltern, complaining, that, by the manner in which the brevet rank of his brother subalterns was ruled to operate, an unjust portion of duty was thrown on him, and on the subalterns of the army who had not brevet commissions.

The complaint appeared to His Excellency well grounded, but, as some senior officers, (for whose opinions he justly entertained the highest respect,) differed from him, he took time to inquire what was the general practice in Bengal, and also in the armies of the other Presidencies.

Much to his surprize, he has found that even in two adjoining divisions in Bengal, the practice is dissimilar, and he has found that in the Bombay army one rule prevails, and in the Madras army another.

This ought not to be; but, the operation of the rank ought to be uniform in all the armies in India, where the large number of subalterns holding brevet rank, renders the point of material importance to the juniors. Its operation, regimentally, seems uniform; and is consistent with the 1st article of the XIII. section of the articles of war, and the rule laid down in the latter part of the 4th paragraph, page 4, of the rules and regulations for Her Majesty's army; but the question is, how it ought to operate on details for detachment duties, such as treasure escorts, and other duties well known to the armies in India.

The Commander in Chief has been of opinion, that the grant of brevet rank was never intended to save any subaltern from the discharge of any duty, but that its object was this; viz. when detachments from different corps are assembled for the performance of any general duty, a junior, whose superior good fortune in his regiment has made him a Captain early in life, shall not have precedence over his brother officer of longer standing in the army; whose brevet rank shall then come into operation, and save him from supersession by a junior.

The Commander in Chief thinks this the only operation the brevet rank ought to have, or was intended to have: and he therefore decides the appeal made to him from the 3d regiment of cavalry, accordingly; and directs that brevet rank shall not exempt subalterns from the discharge of ordinary detachment duties from their regiments.

He will however refer his decision for the approval of the Supreme Government.

BY ORDER OF HIS EXCELLENCY THE COMMANDER IN CHIEF IN INDIA.

(Signed) J. R. LUMLEY, Major Genl.
Adjutant General of the Army.

J. R. HAIG.
Acting Adjutant General of the Army.

Remarks by His Excellency the Commander in Chief.

The Commander in Chief is most unwilling to dissent from a Court's verdict—or to remark on its decisions, but in the present instance he feels it his duty to do both—as the decisions given by the Court on this Trial have deprived the Prosecution of Evidence which was legal,—pertinent,—and would appear to have been, most material to the proof of the charge.

In one Instance the Court decided that the Prosecutor should not be allowed to examine certain Individuals in support of the Prosecution, merely because they had been sent for, and questioned by him regarding the charge after they had been summoned for the Defence; erroneously supposing that a witness summoned on one side, was not competent to give evidence on the other. These Individuals were Non Commissioned Officers and although summoned for the Defence, they were not examined thereon:—the Prosecutor questioned them publicly—the act in itself was therefore as innocent as it was necessary—and in the absence of all proof to the contrary, no legitimate infenence could be drawn therefrom prejudicial to either party.

In another Instance the Court decided that the Prosecutor should not be allowed to question Captain Osborne regarding the threats and abuse set forth in the *Second* instance of the charge, unless he could prove that Captain Osborne was in the Camp of the Detachment of the Fourth Regiment *One Hour* after Private Paupiah's death:—A reference to this Instance of the charge will suffice to show the erroneousness of this decision—no allusion being made therein to such threats and abuse having been given within any specified period after that event.

The latter decisiod was the more extraordinary as immediately after its entry on the face of the Proceedings, the Court permitted the Prosecutor to ask Captain Osborne, whether from what he heard, and saw, *on that day* he had reason *to believe* that the men had threatened to take Lieutenant Stoke's life,—and on his answering in the affirmative—and that he had various reasons for coming to that conclusion, the Court would not allow the witness to be asked to state what those reasons were,—thereby deciding that the conclusion was evidence—but that the facts from which it was drawn were not.
