GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

5TH JANUARY 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 4TH JANUARY 1839.

No. 1 of 1839.—Ordered that the following Extract from the Honorable Company's General Letter in the Military Department, dated the 16th of June 1815, be re-published in General Orders.

Para. 139. "In consequence of the numerous applications which have been preferred to us by our servants, on leave of absence in this Country, for advances of money on loans, we think it proper to recal your attention to our Orders in the Military Department of the 26th February 1808 upon this subject. Those Orders declared our determination not to make any pecuniary advances to Officers at home beyond what they are allowed by the existing Regulations of the Service, and you were required to publish them in General Orders to the Army; but as a Resolution of this description, in order to be generally known to a body which is continually receiving an accession of new members, should be occasionally republished, and being fully persuaded, that a strict observance of this Resolution will prevent much trouble and inconvenience besides loss to the Company, we direct that our Orders above adverted to, be in future circulated for the information of the Army, in the month of January in every year, and we shall take the necessary steps for reminding Officers, who may arrive in England upon furlough, of our determination upon the subject in question."

(Signed) S. W. STEEL, Lieut. Colonel,
Secretary to Government.

Commander in Chief, are published to the Army.

Lieutenant George Borlase Stevens of the Twenty-first Regiment of Native Infantry, placed in arrest by my order.

Charge.—For scandalous and infamous conduct, unbecoming the character of an Officer and a Gentleman, in having at Secunderabad, on the fourth of February, one thousand eight hundred and thirty-eight, purchased a bandy and poney from Captain Charles Sinclair of the Twenty-fourth Regiment of Native Infantry, for the sum of Hyderabad Rupees (300) three hundred, for the amount of which, he, the said Lieutenant Stevens, accepted an order on himself, payable six months after date, which order, though repeatedly presented to him for payment, remains up to this date unadjusted; he, Lieutenant Stevens, having in the mean time disposed of the aforesaid bandy and poney for a draft, which he discounted, and the proceeds of which he has applied to his own purposes.

The above being in breach of the Articles of War.

SECUNDERABAD, *Ninth of December, one thousand eight hundred and thirty-eight.*

(Signed) J. W. YALDWYN, Major, Comg. 21st Regt. N. I.

By order.

(Signed) G. HUTTON, Asst. Adjt. Genl. Hyderabad Suby. Force.

The Court having most maturely weighed again and reconsidered the whole of the evidence adduced in support of the prosecution, as well as what the Prisoner, Lieutenant George Borlase Stevens of the Twenty-first Regiment of Native Infantry, has advanced in his defence and the evidence in support thereof, is of opinion;

Finding on the Charge.—That the Prisoner is guilty of the facts enumerated in the Charge; but the Court do not find him guilty of the imputations ascribed in the Charge of being scandalous and infamous conduct—the Court being of opinion that the Prisoner at the time of accepting the bill, had fair expectations of being able to pay the amount; but the Court find the Prisoner guilty of highly irregular, and improper conduct.

Sentence.—The Court having found the Prisoner guilty to the extent above stated, doth adjudge him, the said Lieutenant George Borlase Stevens of the Twenty-first Regiment of Native Infantry, to lose one step in the Regiment to which he belongs, viz. to be placed immediately below Lieutenant Douglas Hamilton, and further to be reprimanded.

(Signed) E. AMSINCK, Offg. D. J. A. Genl.

(Signed) J. H. SCHOEDDE, Col. Lt. Col. H. M. 55th Foot, President.

I cannot confirm this Sentence, as doing so would be a recognition that highly irregular and improper conduct in pecuniary transactions may be compatible with the standard of character which should be inseparable from the tenure of an Officer's Commission.

Lieutenant Stevens must have the full advantage of the Court's decision, by which he is absolved from the charge of scandalous and infamous conduct—and he is accordingly to return to his duty without prejudice to his rank in the 21st Regiment Native Infantry.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *4th February* 1839.

The following General Order issued to Her Majesty's Troops serving under this Presidency, is published for the general information of the Army.

HEAD QUARTERS:

GENERAL ORDERS. FORT ST. GEORGE, *12th January* 1839.

At a General Court Martial, holden at Fort St. George, on Thursday, the 6th day of December 1838, Captain William Wood of Her Majesty's 39th Regiment of Foot, placed in arrest by order of the Commander in Chief, was arraigned upon the following Charge.

Charge.—"For scandalous and infamous conduct, unbecoming the character of an Officer and a Gentleman, in having on the ninth day of November, one thousand eight hundred and thirty-eight, when a witness before a General Court Martial, assembled in Fort St. George, falsely stated in evidence, that Major Wright of Her Majesty's Thirty-ninth Regiment of Foot, did, on the eighteenth September in the present year, when on board the Ship "Plantagenet," on two occasions violently and in a threatening manner shake his clenched fist at Lieutenant Thomas Aherun Heriot, of Her Majesty's Fifty-fifth Regiment of Foot."

"The above being in breach of the Articles of War."

(Signed) R. B. FEARON,
Depy. Adjt. Genl. H. M. Forces.

Upon which Charge the Court came to the following decision:

"The Court having most maturely weighed and considered the whole of the evidence adduced in support of the prosecution, as well as what the Prisoner, Captain William Wood, of Her Majesty's Thirty-ninth Regiment of Foot, hath advanced in his defence, and the evidence in support thereof, is of opinion;"

Revised Finding on the Charge.—"That the Prisoner is not guilty of the Charge, and therefore fully and honorably acquits him thereof."

Confirmed.

MADRAS, *12th January* 1839. } (Signed) J. NICOLLS,
Lieut. General.

The Prisoner is to be released from arrest and to return to his duty.

This Order is to be entered in the General Order Book and read at the head of every Regiment in Her Majesty's Service on the Establishment of Fort St. George.

By order of His Excellency Lieutenant General Sir Jasper Nicolls, K. C. B.

(Signed) R. B. FEARON,
Depy. Adjt. Genl. H. M. Forces.

With advertence to the above Proceedings, and to the remarks published to the Army in G. O. C. C. 28th November 1838, promulgating the Proceedings upon the trial of Lieutenant Heriot Her Majesty's 55th Regiment, in which the present trial has originated, the Commander in Chief considers that the full and honorable acquittal which has been pronounced in Captain Wood's case will equally apply to Ensign Hoseason without subjecting him to trial before the Court Martial which has already pronounced its verdict upon the evidence that would be produced.

Ag. Adjt. General of the Army.

Approved and confirmed.

MADRAS,
2d February 1839.

(Signed) J. NICOLLS, Lieut. Genl.
Commander in Chief.

The Commander in Chief desires that the 3d Cavalry may be informed upon parade, when this sentence is read, that these six Prisoners have been now selected for punishment, because the discredit brought upon the Regiment; the heavy imprisonment to which ten of their fellow Soldiers have been doomed, and the sentence passed equally upon thirteen other men of the Corps, have all proceeded from *their* insubordinate and ungovernable conduct on the evening of the 23d November last.

The channels of complaint are well known to all ranks, and are always open—the Commander in Chief will be seriously displeased with any Officer, European or Native, who prevents any respectful approach to himself, or to any other Military Authority, by any individual under their command who may be injured or aggrieved.

At the same time, he desires that it may be most fully explained to the Army, that what cannot be conceded to the petition of one or a few, will not be granted to the clamour of the many.

Sir J. Nicolls has now discharged sixteen Troopers of the 3d Cavalry in painful accordance with his duty; he trusts that the example will have its full effect upon that Regiment, and that he will never hereafter hear their conduct mentioned but in terms of praise.

(Signed) J. NICOLLS, Lieut. Genl.
Commander in Chief.

The General Court Martial of which Subadar Major Peer Khan of the 52d Regiment N. I. is President, is dissolved.

4th February 1839.

No. 27 of 1839.—Under the sanction of the Government of India, the Right Honorable the Governor in Council authorizes the extension of the revised Pension Regulations published in G. O. G. No. 85 of 1837, to all Native Officers and Soldiers transferred to Veteran Battalions prior to the 1st of May 1837, and who have since that date been, or may hereafter be placed on the Pension List, provided that they have completed 40 years of effective service previously to their transfer to a Veteran Battalion.

Secretary to Government.

FORT ST. GEORGE, 19TH FEBRUARY 1839.

No. 28 of 1839.—The following General Order by the Hon'ble the President of the Council of India in Council, dated the 21st January 1839, No. 8, is re-published at this Presidency.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM: 21*st January* 1839.

No. 8. of 1839.—The Honorable the President in Council is pleased to publish, for general information, the following paragraphs of a Military Letter, No. 4, from the Honorable the Court of Directors, to the address of the Governor General of India in Council, dated the 16th August 1837, also paras. of Military Letters, Nos. 79 and 59, dated the 18th October 1837, and 25th July 1838, addressed to the Governor of Fort William:

Letter No. 4, dated 16th August, 1837.

"Para. 1. In our Military Letter to Bengal dated the 16th April 1828, we expressed our regret at the inconvenience to which Officers proceeding on Furlough viâ another Presidency, would be exposed in being deprived of their Indian allowances from the date of quitting their own Presidency, but that we were precluded by the Act of the 33 Geo. 3d, Cap. 52, Sec. 37, from sanctioning a different arrangement.

2. In our Letter in the Public Department to the Government of Madras, dated the 20th March 1835, we apprized you, that we considered ourselves precluded by the Act of 3d and 4th William 4, Cap. 85, Sec. 79, from sanctioning an arrangement allowing Civil and Military Servants to draw from month to month through Agents at their respective Presidencies the allowances to which they were entitled when absent on leave to the Cape or at St. Helena, on their giving security to refund any sum which might be overdrawn by them.

3. It is now matter of satisfaction to us to acquaint you, that by the Act of the 1st of Victoria, Cap. 42, (of which Copies have been sent with our Public Letter of the 9th instant,) such parts of the Act of the 33d George 3d, and 3 and 4 William 4th, as prevented our sanctioning the two arrangements above referred to, have been repealed.

4. We now approve and confirm the Regulation established by your Government upon the subject first referred to, as published in General Orders of the 12th May 1826, of which the following is a copy, viz.

FORT WILLIAM, 12*th May*, 1826.

"In conformity with the rule prescribed by the Hon'ble the Court of Directors in their General Letter in the Military Department to the Government of Fort Saint George, under date the 25th of April 1809; the Right Honorable the Governor General in Council is pleased to direct, that all Military Officers of the Bengal, Madras and Bombay Establishments who may proceed by permission of their respective Governments from any subordinate Stations under the Presidency to which they belong, to the Seat of Government of another Presidency, for the purpose of finding a passage to Europe, shall be permitted to draw Indian allowances until their departure from the Presidency to which they have so proceeded, provided no unnecessary delay in their embarkation at such Presidency shall take place."

"It is to be distinctly understood, however, that this indulgence is restricted to Officers who, from the proximity of the Seat of Government of another Presidency and the remoteness of that of their own, would suffer unnecessary inconvenience and delay if compelled to proceed to the latter for the purpose of embarking to Europe."

"As it is not intended that this Order should disturb the operation of that of the 21st January 1825, No. 21, with exception to the special case above provided for, the allowances hereby granted are invariably to be drawn by the Agent of the Absent Officer at the Presidency to which the latter belongs."

(Signed) W. CASEMENT, Lt. Col.
Secy. to Govt. Mily. Dept.

5. With reference to the second subject, viz., the issue of the absentee allowances of Officers who are absent at the Cape of Good Hope, we now empower you to frame a Regulation by which our Officers who are entitled under existing Rules to draw Indian allowances upon their actual return to India from leave of absence to any place within the limits of the Company's Charter, or the Cape of Good Hope, or the Mauritius, or the Island of St. Helena, shall be entitled through their Agents at their respective Presidencies, to draw their allowances from month to month, upon their giving sufficient security to refund the whole amount in the event of their proceeding to England without previously returning to India, or such part of the amount as may have been over issued on any other account.

6. You will take measures for introducing similar Regulations at the Presidencies of Madras and Bombay, to the Governments of which we shall send copies of the present Dispatch."

Letter No. 79, dated 18th October 1837.

Referring to our Military Letter of the 16th August last, we have now to apprize you that Officers returning to their duty on the Bengal or Madras Establishments via Bombay, will be granted the same advantages as Officers coming to England by the same route, viz that when their Regiments shall be stationed at posts nearer to Bombay than to the Capitals of their respective Presidencies, their Indian allowances shall commence from the date of their landing at Bombay, provided that no unavoidable delay take place in their joining their Regiments.

Letter No. 59, dated 25th July 1838.

Referring to our Military Letters of the 16th August and 18th October 1837, relating to the commencement and termination of the Indian allowances of Officers of the Bengal and Madras Establishments proceeding to, or returning from, their respective Presidencies via Bombay, we have now to apprize you that the Officers of the Bengal Army whose Corps may be stationed at any place above Allahabad, including the Saugor Division, and the Officers of the Madras Army whose Corps may be stationed to the North of the Kistnah, are to be granted the benefits of the arrangement.

The following Extracts from a Resolution of the Government of India, in the General Department, dated the 3d January 1838, containing Rules regarding Military Officers holding Civil Employ and providing for their drawing their Salaries during absence on Sick Certificate, beyond Sea, under the Act 1st Victoria, Cap. 47 are also published for general information :

"Military Officers holding Civil Situations."

"Para. 7. Military Officers employed in the Civil Departments and drawing a Civil allowance are entitled in common with Officers holding Staff situations in the Military Department, to draw the Military Pay and Allowances of their rank while absent at Sea on leave under Medical Certificate, and likewise one half of the difference between such allowances and the Civil or Staff Pay of the Offices to which they stand appointed.

8. The above allowances are to be drawn for a total period not exceeding two years, from the date when the vessel in which such Officers embark may leave the Presidency or other Port of departure, and the Civil Situation held by any Officer who shall not return within that period shall be considered vacant.

9 The rules for furnishing Medical Certificates and for regulating the forms and manner of drawing Military allowances during absence on leave, have been laid down in General Orders in the Military Department.

10. The Civil Auditor will pass the Bills of Officers, on leave beyond Sea under Medical Certificate, for the portion of their Civil Salary which they are permitted to draw by those Rules, in like manner as is provided for Civil Servants, proceeding to Sea on Medical Certificate. But it is hereby provided that Civil allowances shall not be drawn by a Military Officer under this rule after the date of departure beyond Sea, unless security shall have been previously given in such amount as may be fixed by Government.

19. Under the authority of the provisions contained in the latter part of Clause I. Act I. Victoria, Cap. 47, it is farther provided in respect to all the above classes of Officers, that if they embark with the permission of Government at any other Presidency than their own, or at any other place or port in India, provided that it be not more distant from their Station than the ports of their own Presidency, the date for the commencement of the operation of the above rules for sick leave beyond Sea shall be that of actual embarkation at such place or port, and not that of leaving the frontier of their own respective Presidencies, and the same privilege in respect to the date of leaving India will be granted to Officers of the several Services referred to embarking at other Presidencies or places in India not more distant from their Station than the ports of their own Presidency, with the leave of Government previously obtained for the purpose of proceeding to Europe on Furlough, or of retiring from the Service altogether.

20. In the above rules no provision is made for the case of Servants of the classes mentioned resigning the Service, after leaving their Presidency with the permission of the Government, in consequence of sickness. The case of such persons has been considered by the President in Council to require a new rule, which under the term of the Act requires to be submitted for the confirmation of the Hon'ble Court of Directors before it can take effect. It is accordingly declared that the security to be given by Servants as the condition of their drawing allowances while absent from their Presidency must provide for the case of such retirement, and the Servants must bind themselves to refund the whole of the allowances so drawn in case of their resignation and departure for Europe, without previous return to their Presidency, provided that the new rules to be established should require such refund."

9th March 1839.

An augmentation of ten Privates per Company having been authorized for each Regiment of Native Infantry of the Line by G. O. G. of the 5th Instant, Commanding Officers are directed with reference to G. O. C. C. 3th September 1839, to adopt immediate measures for the completion of their respective Corps.

The Commander in Chief desires it, however, to be understood, that while Commanding Officers are called upon to use their most active endeavours in procuring Recruits, it is in no manner intended that they should enlist any but perfectly eligible men. Should the Recruiting Parties of a Regiment fail in obtaining such men in one district, they should be sent to another; or they should be recalled and other Parties detached. The Commander in Chief requires of Commanding Officers that they should spare no exertion to expedite their recruiting as much as possible, and if their Parties are carefully formed and judiciously distributed, His Excellency does not apprehend that any difficulty will be experienced in doing so; but if otherwise, His Excellency considers it far better that Regiments should remain incomplete than that they should be hastily filled up with inferior Recruits.

Officers Commanding Stations to which Recruiting Parties may be detached, are required to observe that they are active in their duty, and that they use due care in the enlistment of none but perfectly eligible men.

Officers Commanding Divisions are also requested to observe that these instructions are carried into effect.

13*th March* 1839.

1. The Commander in Chief is pleased to extend the principle of the provisions of the G. O. C. C. 4th February 1839, and to direct that whenever Imprisonment shall be awarded by a Court Martial for offences which are not tried under Art. IV. Sec. XXI. of the European, or Art. VI. Section XII. of the Native Articles of War; the term of confinement shall be calculated by Lunar, instead of Calendar months; and a specification made in the Sentence accordingly.

2. In order to guard against the possibility of the period of solitary imprisonment, limited by the above G. O. to three months in one year, being exceeded; the Commander in Chief is pleased to direct that the Officer conducting the Proceedings of a Court Martial on the trial of Soldiers charged with offences which may entail this description of punishment, shall provide a certificate signed by the Officer Commanding the Corps, or Detachment, or Head of Department to which the Prisoner belongs, specifying either that he has not suffered solitary confinement during the 12 months prior to the assembly of the Court, or if he have, the date and extent to which it has been inflicted: and that such certificate shall be submitted to the Court immediately *after* it may have recorded a Finding of "Guilty," but in no case before that event.

3. As it would appear from the general practice in the Service that it is deemed imperatively necessary to commence the examination of a Witness before a Court Martial, by reading the Charge, and then requiring him to state *all* that he knows relative to the subject under investigation; the Commander in Chief desires it to be clearly understood, that when an evidence is produced to substantiate particular facts, or corroborate certain points of evidence already before the Court, the required testimony can be best elicited by direct questions; and that the method of procedure for the examination in chief of a Witness laid down in the printed forms circulated to the Army, though frequently *expedient*, is not at all *binding*: nor is it requisite, that the Charge should *invariably* be read over to a Witness whose evidence is about to be taken.

Captain William Herford, recently transferred to the Invalid Establishment, is posted to the 1st Native Veteran Battalion, and will join its Head Quarters at Madras.

Cornet Lousada Barrow is removed *at his own request* from the 5th to the 7th Regiment L. C., in which Corps he will rank next below Cornet J. A. Campbell.

MADRAS,
16*th March* 1839.

(Signed) J. NICOLLS, Lieut. Genl.
Commander in Chief.

The Commander in Chief takes this opportunity of pointing out to the Army that when a Court Martial, with a discretionary power of awarding punishment, sentences a Prisoner to that which is the expressed object of his wishes, the sentence in such cases can only operate to the encouragement of insubordination.

On this account he has withheld his approval on this occasion.

His Excellency is of opinion that discharge from the Service is too indiscriminately awarded for offences, which, though calling for severe punishment, do not singly stamp a man to be incorrigible and totally unworthy to serve as a Soldier; and he would impress upon Officers, that the penalty of losing the Service affects very differently the old Sepoy, who may have erred, and the young Recruit, who commits a breach of discipline to procure a change of those circumstances, under which he is, perhaps, feeling a temporary discontentment.

A General Court Martial may by a sentence of lengthened imprisonment, and forfeiture of good conduct pay, so deal with delinquents in ordinary cases, as to afford an opportunity of their amendment, without resorting to the extreme measure which deprives a casual offender of his livelihood, and the Army of a Soldier who has been trained to a knowledge of his duty.

(Signed) J. NICOLLS, Lieut. Genl.
Commander in Chief.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 11*th April* 1839.

1. Under the authority of the Right Honorable the Governor in Council, the Commander in Chief directs the publication of the following regulations for the examination of Soldiers of the Company's Service, European and Native, considered unfit for further effective service.

2. Committees composed exclusively of Medical Officers will be assembled by Officers Commanding Divisions or Forces, under orders from Head Quarters, who will be required to decide in each case as to the fitness or unfitness of the individual for further service.

3. Men considered unfit for further duty with their Corps or Department, are in the first instance to be selected by the Commanding Officer, or Head of Department, and the Medical Officer in charge. —Proceedings and Return prepared in the annexed Forms Nos. 1 and 2, will then be forwarded by the Commanding Officer or Head of Department through the regular channel to the Officer Commanding the Division or Force.

4. Particular attention is required to the column of character and in order that no Soldier, European or Native, may be deprived of the privilege of transfer to the Non-Effective Establishment on light or insufficient grounds, it is directed that whenever a Commanding Officer may be of opinion that the character or conduct of any Soldier is such as to render him undeserving of the benefit of the Invalid or Pension Establishment, he shall append to the proceedings detailed statement of the particular misconduct on which his opinion is founded, together with Extracts from the Defaulters Book, or if the individual should at any time have been sentenced by a Court Martial to forfeiture of Pension, an authenticated record of such sentence must be attached—Individuals of this description are to be entered in the column of character as "Bad—Detailed Statement No. ".—All men not considered to have forfeited their claim as above, are to be entered as "Good."

5. For Serjeants whom Commanding Officers may consider entitled to the Pension of 30 rupees per mensem under the provisions of Section 2, Para. 8 of the Pension Regulations, as also for all Corporals and Privates proposed for discharge at their own request after twenty-one years service, Rolls are to be prepared separately, (for each individual) agreeably to the annexed Form No. 3, and transmitted to Head Quarters through the regular channel.—Men of this description are not required to appear before the Medical Committee.

6. As the term Indo Briton as used in Para. 2, Section II of the Pension Regulations is applicable exclusively to persons born in India of European Fathers, satisfactory evidence of their descent must be appended to the Proceedings, in all cases of Staff Serjeants or others of that class recommended to be pensioned as Europeans.

7. The documents Nos. 1 and 2 as above ordered, are to be forwarded to the Medical Committee, who will record their decision upon each case and return the papers with their signatures for transmission to Head Quarters.

8. The opinion of the Committee upon each case is to be entered in the following terms:

Unfit for any further service.
Unfit for Field, but fit for Garrison duty.
Fit for further duty.

9. Men considered unfit for further Field service, but fit for the ordinary duties of Garrison and Cantonment, including duties of Escort and Detachment, are to be returned as "Unfit for Field, but fit for Garrison duty."—No man, however, is to be returned under this head who is not considered equal to the fatigue of an ordinary march with his knapsack.

10. A Return Form No. 4 of all men whom they have returned in their Proceedings as "fit for further duty" is to be prepared by the Medical Committee and forwarded along with the other papers. This document will be transmitted to the Officer Commanding the Regiment to which the rejected men belong, and should he in any case consider it necessary to appeal from the decision of the Medical Committee, the Officer Commanding the Division or Force will order the assembly of a Committee of three Field or Senior Officers to whom all such cases will be referred for final decision.

11. A Return in the annexed Form No. 5 is to be furnished with each individual by the Commanding Officer or Head of Department, and it will be the duty of the Committee of Appeal carefully to investigate the grounds upon which the man is considered unfit for further duty, and to record their opinion in the column appropriated for that purpose. This Return is to be forwarded through the regular channel to the Adjutant General for submission to the Commander in Chief.

12. European Soldiers passed by Committees as unfit for further duty, but who may not be entitled to be transferred to the Invalid or Pension Establishment, will be again examined by a final Medical Committee at the Presidency.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as that the Prisoner, Shekh Madar, Private, General Number five hundred and eighty-five in the D. Company of the Seventh Regiment of Native Infantry, has declined saying any thing in his defence, is of opinion:

Sentence.—The Court having found the Prisoner guilty as above stated, doth sentence him, the said Shekh Madar, Private, General Number five hundred and eighty-five, in the D. GENERAL ORDER by the Honorable the President in Council.

FORT WILLIAM, 20*th May* 1839.

No. 77 of 1839.—The Hon'ble the President in Council is pleased to publish the following Military Despatch, No. 14 of 1839, from the Hon'ble the Court of Directors, dated 20th March, viz.

MILITARY DEPARTMENT.
No. 14 *of* 1839.
OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. You are aware of the anxiety we have long entertained that the whole of the Departments of Building, Surveying, and Road and Canal making and repairing, should be confided to Officers of the Corps of Engineers.

2. Upon a review of the present state of these Departments, we find that notwithstanding the full employment of the Officers of Engineers at your Presidency upon duties belonging to their profession, there are still 26 Officers not of that branch who are employed upon similar duties.

3. The Establishment of Engineers at your Presidency is 60, with the addition at present of 12 Supernumeraries. These added to the Officers of other Arms employed as Engineers, form an aggregate at your Presidency of 98 Officers.

4. We have now to announce to you our Resolution to raise the fixed Establishment of Engineers at your Presidency from 60 to 87, composed of three Battalions, each of the following Establishment, viz.

1 Colonel.
1 Lieutenant Colonel.
2 Majors.
6 Captains.
12 1st Lieutenants.
7 2d Do.

29

5. This augmentation will still leave 11 of the 26 appointments abovementioned to be filled by Officers not of the Engineers—some of these are temporary in their nature, and we would hope that on their cessation and by a careful attention to the employment of the Engineers, you will be relieved in a short period from the necessity of confiding such duties to Officers, who have not been specially educated for this branch of the Service.

6. There are now eleven Supernumeraries to the Corps of Engineers at the Presidencies of Madras and Bombay. The whole of these are to have the option of being transferred to Bengal, ranking with the Supernumeraries at your Presidency according to their rank at Addiscombe as shewn in the enclosed List. The option of transfer is to be given in order of Seniority at each Presidency from the highest to the lowest.

7. The augmentation is to have effect from the date of its announcement in General Orders.

8. The above augmentation will suffice to bring upon the Establishment all the present Supernumeraries at the three Presidencies, and also two Cadets who are on the eve of completing their studies at Chatham.

We are, &c.

(Signed) G. E. JONES, Lieut. Col.

The Commander in Chief takes the opportunity afforded by the promulgation of this sentence to caution the Junior Officers of this Army against the extreme folly of perilling their Commissions by yielding to the impulse caused by excited feelings on very slight, often upon imaginary grounds.

In this case Ensign Studdy having with some violence, broken through the rules of the Post Office, is exceedingly indignant that the Postmaster should have reported his conduct to the Commanding Officer of the Station. He proceeds then to insult the Postmaster, to show that his contempt of form and rules is complete, and he gives another instance of this contempt by breaking his arrest.

It will behove Ensign Studdy, with such a record as this in the General Orders of the Army, to be most circumspect hereafter and to prove that he aims justly at future command and distinction, by learning, on entering the Service, to command himself.

In consequence of the recommendation of the Court, and of the contrition expressed (though at a late hour) by Ensign Studdy, the Commander in Chief remits the sentence, and directs that he shall return to his duty in the 15th Regiment.

Charge.—For scandalous, infamous behaviour, such as is unbecoming the character of an Officer, in having, when as a Witness before a General Court Martial, held at Kamptee on the 17th day of January, one thousand eight hundred and thirty-nine, for the trial of Pentoo, Private in the Light Company of the forty-second Regiment Native Infantry, then and there assembled, stated in evidence as follows: "on the night of the fifth Instant, I was returning home from a party a little after eleven o'clock, accompanied by Subadar Ghouse Shereef, when I came behind the Store Room of the forty-second Regiment, Subadar Mahomed Unneef of the forty-second Regiment called out, "who are you", I replied "Subadar Major Burree Khan" and stopt. Subadar Mahomed Unneef then joined us. I asked the Subadar where he had been, and he replied, to Subadar Gholam Mustapha's to a party—there was a Sepoy and a Servant with him—when we came within about twenty paces of the street in which his house is situated, I saw a man standing with a cloth about him—I asked the Subadar, if in the streets of their lines they had Sentries in undress—he replied, yes, there were men to take care of the lines, the Subadar then cried out, "who are you"—the man replied, "I am Pentoo"—the Subadar then asked him if he was on Sentry—he replied, "I am not a Sentry, I have been to your house two or three times, but you were out, they said at a party, I have been waiting for your return"—the Subadar then asked Pentoo what he could want with him at that time of night—he replied that his wife was sick, and was waiting on that account to ask him to come and see her. The Subadar then said, stop a little, till these gentlemen are gone and then I will go with you—when we went away, Subadar Mahomed Unneef and Pentoo were standing together"—he, the said Subadar Major Burree Khan well knowing at the same time he made the aforesaid statement, that it was false and unfounded.

The above being in breach of the Articles of War.

I deeply regret the imperative necessity by which I have been compelled to give my confirming assent to the Sentences above recorded: but in the anxious desire to do justice to all ranks under my Command, no other course was open to me.

The proceedings in these cases have been conducted with great caution and solemnity. They arose out of a Court of Inquiry composed of three Field Officers and two Captains, whose opinion was, "that grounds do exist to support Charges against the four Witnesses (above mentioned) on the prosecution on the trials of Naigue Shaik Hoossain and Private Pentoo, of having committed perjury."

The opinion thus expressed has been fully confirmed by *four* successive trials and convictions, on nearly the same evidence—and the necessity of changing some of the members, upon a new trial, has added force to the first verdict.

No doubt remains on my mind, that these four individuals are most justly found guilty, and however painful it may be to me to order it, they must lose the benefits of their long and honorable service. Their cases have been my most anxious study for some days, and if I could have discovered *any* ground on which to save the Subadars of the 1st Cavalry from the loss of character, rank, and comfortable independence for life, I should have seized it.

They have thrown away these great advantages to clear their brother Subadar of the 42d Regiment, by false evidence, from the disgrace brought upon him by trying to enter the hut of a Sepoy whom he supposed to be absent, in the dead of the night, for an infamous purpose.

Honorable men, such as Subadar Major Burree Khan and Subadar Ghouse Shereef were held to be, should not have linked their fame and character with crime and dishonor—but having chosen this ignoble line of conduct, they must suffer the penalty, heavy as it is.

Burree Khan's Star of the Order of India is to be returned to the Deputy Adjutant General—and the Prisoners are to be paid up and discharged.

Private Moortaza Khan's additional sentence of imprisonment is remitted.

The sentences awarded Private Pentoo, Shaik Hoossain Naigue, Privates Peer Homed and Shaik Emaum of the 42d Regiment, by the European General Court Martial assembled at Kamptee on the 17th and 18th of January 1839 are annulled, and those individuals will return to their duty without loss of either rank or pay.

This Order is to be read and fully explained to each Native Corps, Troop of Native Artillery, and Company of Golundauze, upon a Parade to be ordered especially for the purpose.

The Commander in Chief directs the publication in General Orders of the following Report upon the examination in the Mahratta language of Lieutenant J. W. Goad of the Artillery.

"Mr. Goad had one of the papers usually given to Civilians leaving College assigned to him for translation into Mahratta. The version contains a few unimportant errors or oversights, but is on the whole an excellent translation into the classical Mahratta.

"The easier translation of a page and a half (ad aperturam libri) of the Panchatantra is closely rendered. A Report from the Moojundar to the Tasildar of Chingleput regarding the Temples of Trivaloor and Puckshteerut was given for off hand translation, Mr. Goad has not accustomed himself to read business papers of this nature.

"He converses with great fluency and propriety—indeed, of all the many Officers I have examined, he is, in this respect, without question the first. He writes the Devanagre character very well and an acquaintance with the mŏd character, which he may acquire in three days, is only necessary to qualify him to conduct every kind of business with pleasure to himself and satisfaction to his employers."

FORT ST. GEORGE, 5TH JULY 1839.

No. 102 of 1839.—The Honorable the Governor in Council at Bombay having communicated to this Government the high sense entertained by His Honour in Council of the gallant conduct displayed by a Havildar's Guard of the 18th Regiment of Native Infantry in defence of the Treasury at Malwan, when attacked by a large party of armed marauders on the 23d of March last; and having recommended that the Havildar, Naick, and Sepoys who composed the Guard shall receive some suitable marks of approbation for the persevering bravery with which they defended their Post; the Right Honorable the Governor in Council has much pleasure in directing the publication in General Orders of the circumstances which led to this result. It appears that a body of about 150 Men, of whom 40 were armed with Matchlocks, the remainder with Swords and other weapons, advanced stealthily upon the Post of Malwan at 3 A. M. on the 23d of March last. Having first entered the Sepoy Lines, they there found Havildar Vencatapatty and Sepoy Venketasawmy; the former received a mortal wound—the Sepoy, having refused to point out the situation of the Collector's house and Treasury, was tied to a tree, very severely wounded, and there left. The attack upon the Treasury was then commenced, and continued till after day light. Mr. W. Courtney, the Assistant Magistrate, was present at the station, and in addition to the Havildar's Guard, a Naick and 6 Sebandies assisted in the defence while their ammunition (10 rounds) lasted. No impression was made upon the Post; and three distinct and determined charges having been repelled by the heavy fire from the small Guard, the assailants fled. Their loss was ascertained in the course of the day to amount to 16 killed, 20 wounded and 107 prisoners. That of the brave defenders of the Post was two killed and two wounded, including the casualties in the lines.

The Right Honorable the Governor in Council is pleased, in consideration of the gallant service performed on the above occasion, to promote Havildar Mahomed Esoph, General Number 142, to be a Jemadar, to take rank from the 23d of March last, and to be borne supernumerary until absorbed by a vacancy in the 18th Regiment Native Infantry. His Lordship in Council is gratified to learn that Naick Mahomed Sahib and Sepoy Venketasawmy have since been advanced Regimentally to the rank respectively of Havildar and Naick. The Governor in Council is further pleased to direct that, in whatever way they may become casualties, except by discharge or dismissal from the Service, the regulated pension of the rank to which they may have severally attained shall be granted to the nearest heirs of the abovenamed Jemadar, Havildar, and Naick, as well as to those of the whole of the Sepoys present on that occasion, whose names are contained in the subjoined List.

No. 111 of 1839.—The Right Honorable the Governor in Council is pleased to establish the following regulations for the promotion of individuals in the subordinate grades of the Medical Department.

1. No Medical Apprentice shall be promoted to the rank of Assistant Apothecary until reported qualified by the Superintendent of the Medical School—and any individual who shall fail to qualify himself by the expiration of the prescribed course of instruction will be removed from the Service.

4. This Sentence will be carried into effect under instructions which will be conveyed to Major General Sir Hugh Gough, K. C. B., Commanding the Mysore Division, by the Adjutant General of the Army.

Nothing can be more clear than that the crime was committed—nothing in palliation was offered. The laws of God and Man equally denounce the dreadful sin of murder; by which, in this case, an unoffending, perhaps unprepared, brother Soldier was sent to his great account. The Commander in Chief feels it, therefore, imperatively necessary to order, that the extreme penalty shall be paid by this unhappy Prisoner, to his offended Country.

(Signed) J. NICOLLS, Lieut. Genl., *Commander in Chief.*

1st July 1839.

Remarks by His Excellency the Commander in Chief.

It is necessary to explain to the Army, that this very lenient sentence has been approved, in consequence of its not being clearly apparent that the blow was intended for the Officer of the day.

This, probably, has saved the Prisoner from a heavy corporal punishment.

The Commander in Chief desires it to be publicly notified to Private Luke Burke, that he sees much to condemn in the treachery of striking *any body*, who may not be aware of the intention; and His Excellency further thinks, that when the assailant is pot-valiant, the meanness of the act is doubled.

A good Soldier submits to reproof or restraint with respectful obedience.

GENERAL ORDERS.

HEAD QUARTERS:
FORT ST. GEORGE, *2d July* 1839.

At a General Court Martial, holden at Moulmein, on Wednesday the 1st day of May 1839, before which, Private James Reilly, Number eight hundred and seventy-four, in Captain George Herbert Clarke's or Number two Company of Her Majesty's 62d Regiment, was permitted to appeal from the decision of a Regimental Court Martial, the opinion of this latter Court, as well as that of the General Court Martial, and the Sentence in consequence awarded to James Reilly, are as follows:

Appeal.—The Appellant James Reilly, (Number eight hundred and seventy-four), Private in Captain G. H. Clarke's Company of Her Majesty's 62d Regiment, appeals from the decision of a Regimental Court Martial held at Moulmein on the 18th April 1839, for the purpose of investigating into a complaint preferred by him, the aforesaid James Reilly, against the Captain of his Company, to the following effect, viz. that he, Private James Reilly, had been unjustly punished by the Captain of the Company, on a charge preferred against him—"For having been drunk and noisy in Barracks on the night of the 8th Instant," he, Private James Reilly, denying such to have been the fact; and upon which appeal the Regimental Court Martial pronounced the following opinion:

Finding of the Regimental Court Martial.—"The Court having most maturely weighed and considered the whole of the evidence brought forward, is of opinion that Private James Reilly is guilty of being noisy in Barracks, but the Court acquit him of being drunk; the

Court is further of opinion, that he has been so far unjustly punished by his Captain, as the punishment (according to the Regimental Standing Orders) appears to have exceeded the offence."

(Signed) W. MATHIAS, Captain,
H. M. 62d Regiment,
and President.

And from which decision the Prisoner, Private James Reilly, again appeals.

Finding of the General Court Martial.—"The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the Appeal, as well as what has been urged on the defence, are of opinion;"

"That the decision of the Regimental Court from which Private James Reilly of Her Majesty's sixty-second, or Wiltshire Regiment of Foot, has appealed, is borne out by evidence recorded on the Proceedings, and do confirm it, viz."

"That Private James Reilly is guilty of being noisy in Barracks, but the Court acquits him of being drunk. The Court are further of opinion, that the appellant James Reilly, has not sustained his appeal, and that it is vexatious and groundless."

Sentence.—The Court do therefore sentence him, the said James Reilly, Private, Number eight hundred and seventy-four, in Captain George Herbert Clarke's or Number two Company of Her Majesty's sixty-second Regiment, to suffer a solitary imprisonment of one lunar month, at such place as His Excellency the Commander in Chief may be pleased to direct.

Remarks of His Excellency the Commander in Chief.—I cannot concur in the finding of the Court, which appears to me contrary to the evidence. I do not therefore confirm the sentence.

Lieut. General.

3d August 1839.

Remarks by His Excellency the Commander in Chief.

It would have been more satisfactory to me, had the evidence permitted the Court to pronounce a full and honorable acquittal. As a warning to Lieutenant Ogilvie of the great impropriety of, and of the risk attendant upon, a want of punctuality in the payment of his servants, I hope his having been twice brought forward as a defendant, will not be lost.

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

7TH SEPTEMBER 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 3D SEPTEMBER 1839.

No. 142 of 1839.—The following Extract from a General Letter from the Honorable the Court of Directors in the Military Department, under date the 5th June 1839, No. 25, is published for the information of the Army.

12 to 17.—An application from the Officer Commanding Her M.'s 4th Regiment for Mess Allowance for that Corps under a Regulation of H. M.'s Service which does not apply to India, has been rejected after reference to the Government of India.

"Para. 40. These proceedings have brought under our notice a discrepancy which exists between the system at Madras and that at the other Presidencies in adjusting the House Rent to Officers of Her Majesty's Regiments occupying Public Quarters. Those at Madras being charged a small amount of House Rent only, whilst those at Bengal and Bombay are charged the whole amount of House Rent as fixed in the scale of Regimental Allowances.

41. We have at the same time considered the present Regulation under which Regimental Officers of all Arms stationed at the Presidency draw full Tentage in addition to House Rent, except the Officers of the Regiments of European Infantry who draw Half Tentage only.

42. Being now of opinion that there is no sufficient ground for continuing the distinction in this respect between the Officers of European Infantry and those of European Artillery, and Native Infantry, we have resolved to take the opportunity when placing them upon an equality as regards their Tentage, to place the Officers of European Infantry at the three Presidencies upon an equality also in the item of House Rent.

43. We accordingly direct that Officers occupying Public Quarters at your Presidency be stopped in the full amount of the House Rent according to their respective ranks, and that on and from the same date Officers of European Infantry be granted full Tentage. The Mess Allowance will from the same date be adjusted at your Presidency according to the Bengal system.

44. We shall transmit a copy of this Despatch to the Governments of Bengal and Bombay."

The above orders of the Honorable Court, will have effect from the 1st Instant.

(Signed) J. H. CRAMER, Captain,
Acting Deputy Secretary to Government.

FORT ST. GEORGE, 10TH SEPTEMBER 1839.

No. 148 of 1839.—The Right Honorable the Governor in Council is pleased to direct, that, the following Extracts from a Report by His Excellency Lieutenant General Sir John Keane, K. C. B.

Commander in Chief of the Army of the Indus, to the Right Honorable the Governor General, announcing the capture by storm on the 24th of July last of the important fortress of Ghuznee, be published in General Orders.

" At daylight on the 22d I reconnoitred Ghuznee in company with the Chief Engineer, and the Brigadier Commanding the Artillery, with the Adjutant and Quarter Master General of the Bengal Army, for the purpose of making all arrangements for carrying the place by storm, and these were completed in the course of the day. Instead of the tedious process of breaching (for which we were ill prepared) Captain Thomson undertook, with the assistance of Captain Peat of the Bombay Engineers, Lieutenants Durrands and Macleod of the Bengal Engineers and other Officers under him (Captain Thomson) to blow in the Cabool Gate (the weakest point) with gunpowder, and so much faith did I place on the success of this operation, that my plans for the assault were immediately laid down, and the orders given.

The different Troops of Horse Artillery, the Camel and Foot Batteries, moved off their ground at 12 o'clock that night without the slightest noise, as had been directed, and in the most correct manner, took up the position assigned them, about 250 yards from the walls. In like manner, and with the same silence, the Infantry soon after moved from their ground, and all were at their post at the proper time. A few minutes before 3 o'clock in the morning, the explosion took place and proved completely successful. Captain Peat of the Bombay Engineers was thrown down and stunned by it, but shortly after recovered his senses and feeling. On hearing the advance sounded by the bugles (being the signal for the gate having been blown in), the Artillery, under the able directions of Brigadier Stevenson, consisting of Captain Grant's Troop of Bengal Horse Artillery, the Camel battery under Captain Abbott, both superintended by Major Pew, Captains Martin and Cotgrave's Troops of Bombay Horse Artillery, and Captain Lloyd's Battery of Bombay Foot Artillery, all opened a terrific fire upon the citadel and ramparts of the fort, and in a certain degree paralyzed the Enemy.

Under the guidance of Captain Thomson of the Bengal Engineers, the chief of the department, Colonel Dennie of Her Majesty's 13th Light Infantry, commanding the advance, consisting of the Light Companies of Her Majesty's 2d and 17th Foot, and of the Bengal European Regiment, with one Company of Her Majesty's 13th Light Infantry proceeded to the gate, and with great difficulty, from the rubbish thrown down, and the determined opposition offered by the Enemy, effected an entrance, and established themselves within the gateway, closely followed by the main column, led in a spirit of great gallantry by Brigadier Sale, to whom I had intrusted the important post of commanding the storming party, consisting (with the advance above mentioned) of Her Majesty's 2d Foot under Major Carruthers, the Bengal European Regiment under Lieutenant Colonel Orchard, followed by Her Majesty's 13th Light Infantry under Major Tronson and Her Majesty's 17th Regiment under Lieutenant Colonel Croker. The struggle within the fort was desperate for a considerable time. In addition to the heavy fire kept up, our Troops were assailed by the Enemy sword in hand, and with daggers, pistols, &c., but British courage, perseverance and fortitude, overcame all opposition, and the fire of the Enemy in the lower area of the fort being nearly silenced, Brigadier Sale turned towards the citadel, from which could now be seen, men abandoning the guns, running in all directions, throwing themselves down from immense heights, endeavouring to make their escape, and on reaching the gate with Her Majesty's 17th under Lieutenant Colonel Croker followed by the 13th forced it open; at 5 o'clock in the morning, the Colours of Her Majesty's 13th and 17th were planted on the citadel of Ghuznee amidst the cheers of all ranks. Instant protection was granted to the women found in the citadel, (among whom were those of Mahomed Hyder the Governor) and Sentries placed over the Magazine for its security. Brigadier Sale reports, having received much assistance from Captain Kershaw of Her Majesty's 13th Light Infantry throughout the whole of the service of the storming.

Major General Sir Willoughby Cotton executed in a manner much to my satisfaction, the orders he had received. The Major General followed closely the assaulting party into the fort, with the reserve, namely, Brigadier Roberts with the only available Regiment of his Brigade, the 35th Native Infantry under Lieutenant Colonel Monteath; part of Brigadier Sale's Brigade, the 16th Native Infantry under Major Maclarin, and 48th Native Infantry under Lieutenant Colonel Wheeler, and they immediately occupied the ramparts, putting down opposition whenever they met any, and making Prisoners, until the place was completely in our possession. A desultory fire was kept up in the town long after the citadel was in our hands, from those who had taken shelter in houses, and in desperation, kept firing on all that approached them. In this way, several of our men were wounded and some killed, but the aggressors paid dearly for their bad conduct, in not surrendering when the place was completely ours. I must not omit to mention, that three Companies of the 35th Native Infantry under Captain Hay ordered to the south side of the fort to begin with a false attack to attract attention to that side, performed that service at the proper time and greatly to my satisfaction.

As we were threatened with an attack for the relief of the Garrison I ordered the 19th Bombay Native Infantry under the Command of Lieutenant Colonel Stalker to guard the Cabool road, and to be in support of the Cavalry Division. This might have proved an important position to occupy, but as it was, no Enemy appeared.

After the storming and that quiet was in some degree restored within, I conducted His Majesty Shah Shooja ool Moolk and the British Envoy and Minister Mr Macnaghten round the citadel and a great part of the fortress. The King was perfectly astonished at our having made ourselves masters of a place conceived to be impregnable when defended, in the short space of two hours and in less than 48 hours after we came before it.

Prince Mahomed Hyder the Governor of Ghuznee, is a Prisoner of war in my Camp."

Acting Deputy Secretary to Government.

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

19TH SEPTEMBER 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 17TH SEPTEMBER 1839.

No. 150 of 1839.—The following Extract from the Fort St. George Gazette, dated the 2d of August 1839, is published in General Orders.

FORT ST. GEORGE, *July* 30, 1839.

The following Revised Rules for the guidance of Chaplains, are published for general information.

RULES FOR CHAPLAINS.

1. Every Chaplain on his arrival at the Presidency from England or elsewhere shall report the same to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical authority in the Diocese.

2. Every Chaplain must report his arrival at his Station to the Lord Bishop, to the Civil Auditor, and to the Chief Civil or Military authority of the Station.

3. Funerals are to be appointed at sunrise and sunset, and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour, the interment is to take place on the morning following; cases however, may occur, which may require a deviation from the general rule.

4. Commanding Officers after communication with the Chaplain, will fix the time for performing divine service on Sundays to Soldiers.

5. Attested copies of the Registers of Baptisms, Marriages, and Funerals must be transmitted regularly every 3 months to the Registrar of the Archdeaconry, viz. on the 31st May, 31st August, 30th November and 28th February.

6. All Marriage Certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo Briton, Native, &c.

7. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers and their Children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

8. The Chaplain of every Station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry for transmission to the Chaplain General's Office, half yearly, and for any broken period that may occur previous to his leaving the Station in which he is employed, a copy duly signed by himself and by the Officer in Command of the Station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

9. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other Schools, visiting them for this purpose not less than once a week, and to represent any matter concerning their management to the Commanding Officer, which may require his notice. Provided however, that in the performance of the above duties he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year and oftener if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master and the proficiency of the Scholars.

10. All communications from the Clergy are to be addressed to Government thro' the Lord Bishop, in order that he may make such remarks thereon as his Lordship may think proper. All applications for change of Station must be made direct to the Right Honorable the Governor, or his Private Secretary, and to the Lord Bishop.

11. A Chaplain, directed to visit the Out-Stations of his District periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, calculated at the rate of one day's allowance for every 10 miles, allowing for a halt on the 7th day: provided however, that the allowance drawn on this account shall in no case exceed 200 Rupees per mensem. The documents required in support of the travelling expences of the Chaplains will be—1st, the order or authority of the Lord Bishop for proceeding on such journey; and 2dly, their own declaration on honor that the journey so authorised has been performed.

12. Any Chaplain who may be absent from his Station without leave, shall be considered to have forfeited the whole of his allowance for the period of his unauthorized absence, unless the penalty be expressly remitted by Government; and any Chaplain exceeding his leave, shall be held by the Civil Auditor to be absent without permission for the time of such excess.

13. Any Chaplain leaving his Station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

14. Any Chaplain who may be removed from one Station to another, shall in like manner report to the Civil Auditor the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the bill of any Chaplain appointed to a new Station for the

allowance belonging to such Station (without the special orders of Government), until he shall have received a report of his arrival at the place of his appointment.

15. Chaplains proceeding to the Cape of Good Hope, Mauritius, or the Island of St. Helena, or to any place within the limits of the East India Company's Charter with leave granted by Government under medical certificate, shall from the date of their quitting the limits of the Madras Presidency to the date of their return within such limits, provided the period of absence do not exceed two years, draw the allowance of their respective appointments, subject to a deduction of one eighth for one year and one sixth for the second year: but if the Chaplain's salary be not more than 500 Rupees per mensem, no deduction shall be made for the first year; and if it be only so much more, that the prescribed deduction at the rate of one eighth would reduce the allowance drawn to less than 500 Rupees per mensem, only so much shall be deducted as will reduce the salary drawn to 500 Rupees, per mensem. After the first year, a deduction of one eighth shall be made from the salary of Chaplains referred to in this rule.

16. After the close of the 2d year, Chaplains who may obtain an extension of leave will draw Rupees 244 per mensem.

17. The maximum period for which any Chaplain shall be allowed to draw the salary of his appointment or any part thereof, is 2 years from the date of embarkation, and the appointments of Chaplains who may not return within that period will be vacant, and liable to be filled by fresh appointments. Chaplains who may so overstay the period of 2 years provided they obtain an extension of leave, or account to the satisfaction of Government for the delay of their return, shall, as above provided, receive Rupees 244 per mensem: but if they continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also will be forfeited.

18. Chaplains absent on leave on account of sickness duly certified, if they proceed to England without returning to the Presidency, may apply to be admitted to furlough by the Honorable the Court of Directors, and the furlough will in such case take effect from the date of leaving the Presidency, consequently the allowance of appointment which may have been drawn by themselves or by their Agents after their departure, must in that case be readjusted and the difference refunded.

19. Chaplains desiring to avail themselves of the benefit of the Act 1st Victoria, Cap. 47, and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount as may be required by the Government for the refund of any excess that may be drawn either by their Agents at the Presidency, or by themselves, in case of their proceeding to Europe on furlough or otherwise coming under retrenchment.

20. No second leave will be granted to any Chaplain who has been absent beyond Sea for 2 years, until 3 years after the date of return from Sea; but if a Chaplain is compelled by sickness to proceed to Sea again within this period, after having been absent less than 2 years, he will be allowed to complete that period, drawing the proportion of salary allowed for the remaining time as if the leave had been continuous.

21. Leave of absence when solicited for the purpose of visiting any place on the continent of India, shall not be granted for a longer period than six months; but will be extended, at the discretion of Government, on due and sufficient cause being shewn.

22. Chaplains absent from their Station with the leave of Government, whether on account of sickness or of their private affairs, for a period not exceeding one month in the year, shall not be subject to any deduction from their allowances. Chaplains not availing themselves of this indulgence, may be allowed to take leave accumulatively after a lapse of three years without leave, i. e. for each year passed without leave of absence, one month will be allowed free from deduction; but this indulgence shall not be allowed to extend to a period beyond six months in all, after which the absentee, if his leave exceed six months, will be subject to the rules in force respecting stoppages.

23. Chaplains absent from their Station on account of their private affairs for a continuous period exceeding one month in the year, save under the provisions of the preceding rule, shall forfeit one third of their allowance during the whole time of their absence.

24. Any Chaplain desiring to visit the Presidency with the intention of making a voyage to Sea for the benefit of his health, or otherwise, shall be required distinctly to specify in his application the period of leave necessary for the first purpose, at the expiration of which renewed leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks must be duly reported to Government.

25. Any Chaplain returning to the Presidency after a Sea voyage for the recovery of his health or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his Station within the time that may be prescribed for travelling to the Station to which he stands appointed.

26. One day will be allowed for every 10 miles of distance as recorded in the Office of the Quarter Master General, a week being given over and above this allowance for preparation for the journey.

27. When a Chaplain proposes to quit his principal Station for the occasion of visiting any of his appointed smaller Stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the Chief Civil and Military resident authorities (and state in his application for leave that such has been done), in order that if there be any cogent reason against the absence of the Chaplain, they may be submitted to the Governor in Council.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excelleney the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 20TH SEPTEMBER 1839.

No. 151 of 1839.—The Right Honorable the Governor in Council is pleased to publish the following Extract from the Calcutta Gazette Extraordinary, dated the 6th Instant, in General Orders.

Extract from a Letter from His Excellency Lieutenant General Sir John Keane, K. C. B. and G. C. H., dated Head Quarters, Camp, Cabool, 8th August 1839.

"It gives me infinite pleasure to be able to address my Despatch to your Lordship from this Capital, the vicinity of which His Majesty Shah Shooja ool Moolk, and the Army under my command reached the day before yesterday. The King entered his Capital yesterday afternoon, accompanied by the British Envoy and Minister and the Gentlemen of the Mission, and by myself, the Generals and Staff Officers of this Army, and escorted by a squadron of Her Majesty's 4th Light Dragoons, and one of Her Majesty's 16th Lancers, with Captain Martin's Troop of Horse Artillery. His Majesty had expressed a wish that British Troops should be present on the occasion and a very small party only of his own Hindoostanee and Afghan Troops. After the animating scene of traversing the streets, and reaching the Palace in the Balla Hissar, a Royal Salute was fired, and an additional Salvo, in the Afghan style, from small guns resembling wall pieces, named Gingalls, and carried on Camels. We heartily congratulated His Majesty on being in possession of the Throne and Kingdom of his ancestors, and upon the overthrow of his enemies; and, after taking leave of His Majesty, we returned to our camp.

"I trust we have thus accomplished all the objects which your Lordship had in contemplation, when you planned and formed the Army of the Indus, and the expedition into Afghanistan.

"The conduct of the Army, both European and Native, which your Lordship did me the honor to place under my orders, has been admirable throughout, and, notwithstanding the severe marching and privations they have gone through, their appearance and discipline have suffered nothing, and the opportunity afforded them at Ghuznee of meeting and conquering their enemy, has added greatly to their good spirits.

"The joint Despatch addressed by Mr. Macnaghten and myself to your Lordship on the 3d Instant, from Shikarbad, will have informed you that, at the moment we had made every preparation to attack (on the following day) Dost Mahomed Khan in his position at Urghundee, where, after his son Mahomed Akhbar had joined him from Jellalabad, he had an army amounting to 13,000 men, well armed and appointed, and thirty pieces of Artillery, we suddenly learnt that he abandoned them all and fled with a party of horsemen on the road to Bameean, leaving his guns in position as he had placed them to receive our attack.

"It appears that a great part of his Army, which was hourly becoming disorganized, refused to stand by him in the position, to receive our attack, and that it soon became in a state of dissolution. The great bulk immediately came over to Shah Shooja, tendering their allegiance, and I believe His Majesty will take most of them into his pay.

"It seems, that the news of the quick and determined manner in which we took their stronghold Ghuznee, had such an effect upon the population of Cabool, and perhaps also upon the Enemy's Army, that Dost Mahomed from that moment began to lose hope of retaining his rule for even a short time longer, and sent off his family and valuable property towards Bameean, but marched out of Cabool with his Army and Artillery keeping a bold front towards us, until the evening of the 2d, when all his hopes were at an end, by a division in his own Camp and one part of his Army abandoning him. So precipitate was his flight, that he left in position his Guns with their Ammunition and Waggons, and the greater part of the Cattle by which they were drawn. Major Cureton, of Her Majesty's 16th Lancers, with his party of 200 men, pushed forward on the 3d, and took possession of those Guns, &c. There were 23 Brass Guns in position and loaded, two more at a little distance, which they attempted to take away, and since then, three more abandoned still further off on the Bameean road. Thus leaving in our possession 28 pieces of Cannon with all the material belonging to them, which are now handed over to Shah Shooja ool Moolk."

2. The existing orders on this subject, as noted in the margin, are hereby cancelled.

Until Regiments are completed to their recently established strength Recruiting Parties may be sent out without previous sanction from Head Quarters, but Reports of all such Parties, specifying their strength, are invariably to be made to the Adjutant General for the Commander in Chief's information.

4. With reference to Para. 17 of the Recruiting Regulations, the Memorandum dated 30th October 1838 is cancelled. Regimental Numbers will however continue to be assigned to all Men *finally approved*, according to their respective *dates of enlistment*, and should it be impracticable in any case to assign the proper Regimental Nos. to Men entered in the Register of Enlistments, the Numbers are to be left blank and as soon as allotted, transcript Registers are to be prepared, for each month separately, with the Nos. inserted therein, and forwarded to the Adjutant General's Office to be attached to the several Returns.

5. In the 4th Para. Sec. XXVII. of the Circular Memorandum dated 7th July 1837, the word "permanently" is to be inserted before "Enlisted."

RECRUITING REGULATIONS.

NATIVE TROOPS.

1. No Recruits are to be enlisted but at the Head Quarters of Regiments, or by Parties detached for the purpose, or by order of the Adjutant General.

2. No Recruiting Party is ever to be detached from a Regiment without the previous sanction of the Commander in Chief, which must be applied for whenever the weak state of the Corps, or the difficulty of procuring Recruits at Head Quarters may in the opinion of the Commanding Officer render the measure necessary. The application must specify the strength of the Party proposed to be detached, and to what district. The march from and return to Regimental Head Quarters or Depôt, of every Recruiting Party, is to be reported to the Adjutant General.

3. As the success of the Recruiting must depend in a great measure on the exertions of the Individuals employed, Officers Commanding Regiments and Depôts will be held responsible that no one is selected for the Recruiting service, who is not in every respect calculated for the performance of the duty required of him.

4. Men presenting themselves for Enlistment at Regimental Head Quarters are, if approved by the Commanding Officer, to be sent for examination to the Medical Officer, and if pronounced by him as fit for the service, they are to be enlisted. A Certificate of the Form annexed No. 1, is to be engrossed at the foot of the Register of Enlistments in the Monthly Return and signed by the Medical Officer for every Recruit passed by him.

5. Whenever the sanction of the Commander in Chief is obtained for sending out Recruiting Parties, Officers Commanding Regiments will draw the usual allowance, as sanctioned in the Code of Pay Regulations

6. Officers Commanding Regiments are required to transmit to the Adjutant General Monthly Returns, Form No. 2, of all Recruiting Parties detached from their Head Quarters, particularly remarking upon all Recruits who may join the Regiment during the past month. These Returns to be dated on the 1st of each month and made out as soon as the requisite information has been received from the Parties of their state on the last day of the preceding month. No Return from the Parties is required to be sent to the Adjutant General, which is to be intimated to the Officer or Non-Commissioned Officer proceeding in charge.

7. It is to be understood that while Commanding Officers are called upon to use their most active endeavours in procuring Recruits, it is in no manner intended that they should enlist any but perfectly eligible men. Should the Recruiting Parties of a Regiment fail in obtaining such men in one district, they should be sent to another; or, they should be recalled and other Parties detached. Commanding Officers are required to spare no exertion to expedite their recruiting as much as possible, and if their Parties are carefully formed and judiciously distributed, no difficulty will be experienced in doing so; but if otherwise, it is far better that Regiments should remain incomplete than that they should be hastily filled up with inferior Recruits.

*8. All Candidates presenting themselves for enlistment to a Recruiting Party *when at a Station at which there is a Medical Officer* (Commissioned, Warrant or Non-Commissioned) are previously to being enlisted, to be carried to the Medical Officer whose duty it may be to examine

them. If passed by the Medical Officer as fit for the service, he will enter their names in a Roll (Form No. 3), attach his signature thereto and return it to the person who brought the Recruits. If rejected by the Medical Officer, they are to be immediately dismissed without any expense being incurred on their account for subsistence or pay. The Recruits approved by the Medical Officer are to be considered as enlisted from that date and the Recruiting Officer will forward these Rolls once a month to Regimental Head Quarters.

* 9. Candidates for enlistment presenting themselves to a Recruiting Party at any place *where there is not a Medical Officer*, are to be carefully examined by the Recruiting Officer, and if according to the best of his judgment, they appear eligible, they are to be enlisted, subject to examination by the Medical Officer who may first come within their reach.—On arriving at the Station of a Medical Officer, they are to be brought before him. *All their names* to be entered in the Roll (Form No. 3) and after examination the Medical Officer will record his opinion in the proper columns, affix his signature and return the Roll to the Recruiting Officer. Such of them as have been rejected are, when paid the subsistence and pay to which entitled, to be discharged on a Certificate of the annexed Form (No. 4) without donation and without reference to Head Quarters. Should the Party not be under an European Officer, they are to be taken to the nearest Commanding or Staff Officer for that purpose. Those approved are to be considered as enlisted from the date on which they had previously been provisionally enlisted. The Rolls to be forwarded to Regimental Head Quarters, as directed in para 8.

* 10. The Medical Officers, on whom the duty of examining Recruits brought by detached Parties devolves, are Garrison, Staff, and Senior Surgeons or Assistant Surgeons of Stations; and, where none of these may be present, the Senior Warrant or Non-Commissioned Medical Officer. Medical Officers holding Civil charges are expected, in the absence of a Military Surgeon, to afford the Recruiting Service the benefit of their professional knowledge.

* 11. Native Officers in Command of Recruiting Parties are to be instructed to take men rejected after enlistment to the nearest Commanding or Staff Officer, in order to have them discharged.

* 12. The Sections of the Articles of War relating to Mutiny and Desertion are to be read and carefully explained to every Recruit by the Recruiting Officer, for which purpose copies in Hindoostanee, Teloogoo and Tamil are to be furnished to the Officer or Non-Commissioned Officer Commanding.

* 13. Recruits are not to be detained with the Parties, but are to be sent to join the Regiment in Parties of from 10 to 15 under a Private from the Party, to relieve whom other Privates must be detached in proper time: none are however, to be sent until they have been passed by a Medical Officer as prescribed in paras 8 and 9.

14. In addition to any other written instructions which Officers Commanding Regiments may think necessary to give to Recruiting Officers, the Officer or Non Commissioned Officer Commanding each Recruiting Party is to be furnished with a copy in English of the portions of these instructions marked* and also (if a Native) with a translation of the same in the language he best understands. He will present for perusal to the Commanding and Staff Officers of Stations at which he may be employed and also to the Medical Officers before whom he carries Recruits for examination, the English copy of his instructions.

15. Native Recruiting Officers are to be supplied with blank Forms No. 3, in order that the Medical Officer to whom they are submitted for examination may more readily make the requisite entries. The columns of these Forms should be headed in the Recruiting Officer's own language, as well as in English, to enable him to make the necessary Returns to his Corps.

16. All Recruits enlisted by detached Parties and passed in the manner indicated in paras 8 and 9 are, on joining their Regiment or Depôt, to be subjected to a further examination by a Regimental or Depôt Committee composed of the Commanding Officer, Adjutant and Medical Officer; and if rejected, they are to be immediately discharged on a Certificate of the annexed Form (No. 5), without reference to Head Quarters receiving, up to date of discharge, such pay and subsistence as may be due to them and the regulated travelling allowance of 1 Anna 9 Pice for every 12 Miles of distance to their Native Villages.

17. Until finally approved by the Regimental or Depôt Committee, Recruits are *not* to be brought on the strength of Regiments, nor of course entered in the Regimental Register or Register of Enlistments. Pending their approval, they are to be noticed numerically in a N. B. at the foot of the body of the Monthly Return, thus—

N. B.—50 Recruits enlisted by detached Parties not included among the Privates, not having joined and been finally approved.

Those finally approved are to be brought on the strength, from their date of provisional enlistment, in the Return for the Month in which passed.

*18. The standard height and age of Recruits for the various branches of the service, are as follow:

	Height.		*Years of age.*	
	F.	I.	Not under	Not above
Horse Artillery	5	6	16	22
Golundaz	5	6	16	22
Drivers	5	4	18	25
Light Cavalry	5	6	16	22
Infantry (including Rifles and Light Infantry)	5	5	16	22
Sappers and Miners	5	5	16	22
Gun Lascars	5	4	16	22
Regimental Lascars	5	4	16	22

*19. Men of 5 feet 4 inches are permitted to be enlisted for the Sappers and Infantry, provided they are of active make, athletic, and not under 16 years of age.—This permission however, is not to be received as lowering the standard, but as an exception in favor only of individuals in other respects particularly eligible.—Ordnance Drivers and Gun and Regimental Lascars may be enlisted at 5 feet 3 inches, with the above proviso. It is to be clearly understood that the discharge of men thus enlisted and once finally approved, will not be thereafter sanctioned on account of their being *undersize*.

20. Recruit Boys being growing lads and not under 16 years of age, may be transferred to the Ranks one inch below the regulated standard,—provided they are certified by the Medical Officer to be in other respects fit. They are not, however, to be drilled *with arms* until of a sufficiently matured strength for their use, nor are they to join the Ranks until perfectly capable of supporting the fatigues of duty.

*21. In the enlistment of Sappers and Miners and Gun Lascars especial regard should be had to the nature of their duties, which require them to be of a firm, muscular and athletic frame, capable of enduring every species of bodily labor. It is also desirable that a portion at least of Recruits for the Sappers and Miners should be acquainted with one or other of the ordinary handicrafts—such as, Bricklaying, Carpentry, Stone cutting, Sawing, Pottery, &c.—Regimental Lascars and Ordnance Drivers should also be of a robust make.

22. Musicians not within the prescribed standard of *age* and *height* may be enlisted, under special authority from Head Quarters in each case, but they cannot count service under 16 years of age.

23. No Recruit is on any account to be received, who is not strictly conformable to the established Regulations, without the especial authority of the Commander in Chief.

G. O. G. 11th May 1832, No. 119.

24. It has been determined by the Right Honorable the Governor in Council that whenever it shall be brought to his notice by the Commander in Chief, that an Officer has enlisted or sanctioned the enlistment of a Recruit in deviation from the Regulations, without the express authority of His Excellency, he shall be charged with the expense incurred on account of such objectionable Recruit and the amount be recovered as prescribed by the Code of Pay Regulations.

*25. All Natives are eligible for enlistment, without reference to caste, provided they are in all other respects perfectly fit for the service, but especial care must be had to the ascertainment of the real caste of each Recruit, the precise designation of which must invariably be inserted in the Regimental Register and Register of Enlistments attached to the Monthly Return.

*26. The following are the points on which any unprofessional person may form a tolerably accurate judgment and by attention to them in the examination of Recruits any blemish discernible by a non-medical eye may easily be detected. Translations of these particulars in the language best understood by him, are to be given to every Native Commissioned or Non-Commissioned Officer employed in Recruiting.

* The Recruit should be stripped naked before inspection.

* *The more obvious Causes for which Recruits should be rejected.*

* I. Scald head or any permanent eruption; swellings about the throat and neck; marks of severe injuries of bones of the head; bad eye sight; specks on the eyes; inflamed eyelids; deafness or discharge of matter from the ears; loss of many teeth; impediment of speech.

* II. Fractures of the collar bone; narrowness of the chest; deformity or fractures of the arms or hands; marks of corporal punishment; crookedness of the body.

* III. Rupture or swellings in the groin or testicles, piles or abscesses about the anus.

* IV. Knots or swellings on the shin bones; unequal size or deformity of the legs; enlargement of the veins of the legs; overlying or supernumerary toes; flat feet.

*V. Weak or disordered intellect. This will be best ascertained by addressing a few questions to the Recruit.

* VI. The Recruit should be made to walk, run, leap, hop upon one leg alternately and put through the "Extension Motions," in order to ascertain that he has the free use of all his limbs.

27. Men discharged at their own request or in consequence of being unfit for further service from sickness may on producing their Discharge Certificates be re-enlisted, if in both cases they bore good characters and are certified to be perfectly fit for the service; but the benefit of former service can only be granted under special authority, from the Commander in Chief. It is not desirable however, that men above 26 years of age should be re-enlisted.

*28. All Candidates for enlistment are to be required to declare whether they have ever served before as Soldiers, and when doubts may exist as to the truth of their assertion to the contrary, they are to be refused.

29. Every Recruit is to be vaccinated, if requisite, on enlistment.

30. Officers Commanding and Staff Officers of Stations are enjoined to be particularly attentive to the operations of Recruiting Parties, and to observe that they are active in their duty and that they use due care in the enlistment of none but perfectly eligible men. It is also their especial duty to draw the pay and subsistence of the Parties and Recruits, and generally to afford them every requisite assistance.

* 31. Should an Officer Commanding a Station consider any Recruit, although passed by a Medical Officer, objectionable, he may order his immediate discharge on the prescribed Certificate (Form No 4), intimating the same to the Officer Commanding the Regiment and stating the reasons for which he had ordered the discharge.

* 32. Officers Commanding and Staff Officers of Stations are required to issue without delay Discharge Certificates for men rejected by Medical Officers, when the Party may not be under an European Officer.

33. Medical Officers, whose duty it may be to inspect Recruits, will be careful not to reject men on insufficient grounds. It may occasionally happen that notwithstanding the strictest scrutiny on their part, men whom they had passed, may even after a short period, be rejected, on subsequent examination, on account of some latent disease which fatigue may have excited into action, or from sickness recently contracted. If Medical Officers will satisfy themselves that the Recruits they pass are at the time free from all defects which could possibly be detected, they will have performed all that can be expected from them; but wilful negligence in the discharge of this most important duty will be seriously noticed.

34. Officers Commanding Divisions are required to give their attention to the Recruiting service within their respective districts, and to observe that these instructions are attended to in every particular by the Parties to whom they severally appertain.

Remarks by the Commander in Chief.—The G. O. of the 17th July 1833 by the Commander in Chief in India, which cautions Officers of Her Majesty's Forces, against permitting previous convictions to form any part of the Charges preferred against a Prisoner, having been most unaccountably overlooked in this case, I am unable to say what bias or undue effect, the insertion (after my approval of the Charges) may have produced on the verdict of the

Court. I consider the irregularity sufficient to require that I should withhold my Confirmation, which I accordingly do, though the Prisoner merited the punishment most justly.

First Charge.—In having at Tavoy, when on duty at the Treasury Guard, between the hours of six and seven o'clock on the morning of the eighteenth day of June, one thousand eight hundred and thirty-nine, repaired to the Lines of the Detachment, he having only obtained a few minutes leave, ostensibly for the purpose of performing an office of nature, and not returning for half an hour.

Second Charge.—For conduct to the prejudice of good order and military discipline, in the following Instances:

First Instance.—In having at Tavoy, on the morning mentioned in the First Charge, when on duty on the Treasury Guard, taken off his arms and accoutrements, and appearing in the Lines of the Detachment in undress.

Second Instance.—In having at the same time and place, as specified in the first instance of the Second Charge, wilfully neglected to salute Subadar Emaum Khan of the Thirty-first Regiment or Trichinopoly Light Infantry, his superior Officer, when met by him face to face.

Third Instance.—In having about the same time, when sent for by Subadar Emaum Khan, addressed him, the said Subadar Emaum Khan, in a threatening manner, as follows: "What 'did you send for me,'" and when questioned by the said Subadar Emaum Khan regarding his appearing in the Lines in undress, answered in the most disrespectful manner, "I am not going to inform you, place me in confinement and then you will find out."

Third Charge.—In having at Tavoy, on the morning of the nineteenth of June, one thousand eight hundred and thirty nine, when brought before me, falsely and maliciously accused Subadar Emaum Khan of exciting a mutinous disposition in the Regiment.

The above being in breach of the Articles of War.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 30*th September* 1839.

At a General Court Martial, held at Cannanore, on Friday the fifth day of July, in the year of our Lord one thousand eight hundred and thirty nine, by virtue of a warrant from His Excellency Lieutenant General Sir Jasper Nicolls, K. C. B., Commander in Chief.

Captain William Charles Chinnery of the fourth Regiment of Native Infantry, was arraigned upon Charges which the Commander in Chief is most unwilling to publish in Orders,—and upon which, the Court have come to the following Finding.

Finding on the First Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Second Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Third Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Fourth Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Fifth Instance of the First Charge.—That the Prisoner is not guilty of this Instance of Charge.

Finding on the Second Charge.—That the Prisoner is not guilty of this Charge.

And the Court does most fully and most honorably acquit him of all and every part thereof.

(Signed) G. W. OSBORNE, Capt. D. J. A. Genl. conducting Proceedings.

(Signed) G. W. PATY, Major Genl. Commanding Malabar & Canara, President.

Approved and confirmed.

MADRAS, 27*th Septr.* 1839.

(Signed) J. NICOLLS, Lieut. Genl. *Commander in Chief.*

Captain Chinnery is to be released from arrest and will return to his duty.

The General Court Martial of which Major General G. W. Paty, C. B. and K. H. of Her Majesty's 94th Regiment of Foot, is President, is dissolved.

The Charges preferred against Captain Chinnery having been most fully disposed of by two Honorable Acquittals, the Commander in Chief considers that every imputation upon that Officer's conduct has been satisfactorily removed: he confidently trusts that the vigilance and firmness of Lieutenant Colonel Williamson, C. B. will effectually prevent any renewed agitation of this subject, and check at the outset the smallest developement of party feeling regarding it.

The unsoldierlike and mischievous effect of this feeling will be immediately understood by a perusal of the following letter from the Senior Lieutenant of the 4th Regiment N. I. to his Commanding Officer.

"To

THE ACTING ADJUTANT,
4TH REGIMENT N. I.

SIR,

I have the honor to state, for the information of the Officer Commanding the 4th Regiment, that I most solemnly protest against Private Chundriah of the E. Company being brought to trial before the Regimental Court Martial ordered to assemble in to-day's Orders. The Private has given evidence against Captain Chinnery. The President and two Senior Members have, I believe, given evidence in Captain Chinnery's favor, and the two other Members I have also reason to suppose are of the same party. To try the Private by the Court in question would be to try him by his Enemies.

I solemnly protest against it,

I have the honor to be &c.

Cannanore, 20th March 1839.

(Signed) T. J. FISCHER, Lieut. *4th Regiment N. I.*

Although the Commander in Chief is at all times glad to see Officers Commanding Companies fulfil their duty towards their Men by protecting their rights, adjusting their claims, forwarding their views, and saving them from every kind of oppression, yet he cannot permit even these objects to be followed up in wanton and contemptuous defiance of their Commanding Officers.

All decorum is lost sight of in the above letter, and the defence of Sepoy Chundriah is even volunteered by Lieutenant Fischer, as that Private did not belong to his Company.

His Excellency trusts that such another instance of contempt of authority will never occur during his Command of this Army, for such will certainly be visited by an early trial—it was not so visited in this case for fear it should have interfered with the even course of justice in the late trials.

To remove the elements of party spirit acknowledged by this letter to exist and which is indeed otherwise most lamentably apparent, the Commander in Chief is pleased, with the consent of the Right Honorable the Governor in Council, to order that Lieutenant (Brevet Captain) Fischer of the 4th Regiment N. I. shall proceed forthwith and do duty with the 9th Regiment N. I. for a year from the date of his joining, and that Lieutenant Colbeck shall similarly join the 32d Regiment N. I. and do duty with it.

Subadar Anantaram, who has taken an active part in these matters and has possessed and exercised a very undue influence in the 4th Regiment, is hereby transferred to the 41st Regiment N. I. and ordered to join that Corps without delay: date of transfer to be 20th October 1839.

Jemadar Monegah is similarly transferred to the 33d N. I. and Jemadar Sheik Ismael of that Corps to the 4th Regiment N. I.

Private Sheik Homed, No. 53, in the A. Company 4th Regiment N. I. having deliberately sworn to circumstances on a former trial which were most successfully and perfectly disproved, and Private Munnaroo, No. 666 of the D. Company, having given a revolting detail, which proves him totally unfit to remain in the Army, these individuals are to be paid up and discharged.

The following removals are ordered from the 4th Regiment N. I.

	To
Havildar Sheik Boodun.....	52d Regiment, which will send a Havildar to the 4th Regiment.
Private Sheik Nutter, No. 318..	2d Regiment.
,, Abdool Russool, ,, 464..	5th Regiment.
,, Vencatachellum, ,, 555..	28th Regiment.
,, Chundriah, ,, 559..	30th Regiment.

It is the Commander in Chief's confident hope that the 4th Regiment N. I. will speedily reoccupy that place in the estimation of the Army to which its former eminent services entitle it, but which may be lost if discord, agitation and party spirit are suffered to turn the minds of Officers and Men from the public service.

Lieutenant De R. J. Brett, 31st Light Infantry, having been examined in the Hindoostanee language by a Committee at Moulmein, has been reported qualified as Adjutant.

Lieutenant F. Studdy of the 5th Light Cavalry, is appointed a Member of the Committee assembled at Fort St. George upon claims to Pension, &c. and of which Major C. Snell of the 30th Regiment N. I. is President.

Medical Apprentice Richard Smith, attached to H. M. 54th Regiment, is discharged from the Service at his own request, from the 30th Instant.

A Native General Court Martial, consisting of a President and fourteen Members, for the trial of all such Prisoners as may be brought before it, will assemble in Camp, at such time and place as the Officer Commanding the Ceded Districts may direct.

The Troops serving in the Ceded Districts will furnish the Detail and an Interpreter to attend the Court.

Major P. Thomson, Acting Deputy Judge Advocate General, will conduct the Proceedings of the Court Martial, to whom the rank, names, and dates of commissions of the Officers ordered for this duty are to be sent.

Prisoners and Evidences to be warned and are hereby ordered to attend.

A Native General Court Martial, consisting of a President and fourteen Members, for the trial of all such Prisoners as may be brought before it, will assemble at Bangalore, at such time and place as the Officer Commanding the Mysore Division may direct.

The Troops serving in the Mysore Division will furnish the Detail and an Interpreter to attend the Court.

Captain T. B. Chalon, Deputy Judge Advocate General, will conduct the Proceedings of the Court Martial, to whom the rank, names, and dates of commissions of the Officers ordered for this duty are to be sent.

Prisoners and Evidences to be warned and are hereby ordered to attend.

Subadar Seetiah of the 41st Regiment N. I. having been found to exercise an undue influence in the Corps, is transferred to the 4th Regiment N. I. and will proceed to join forthwith; date of transfer to be 20th October 1839.

The Commander in Chief calls earnestly upon Officers Commanding Native Corps to encourage the European Officers to prove to the Men placed under them that justice governs all selections and recommendations for promotion, and that they do not allow Native Officers to usurp functions which do not properly belong to them. It may be proper enough for the Officer Commanding a Company to consult a Subadar upon the respective merits of the Sepoys of that Company, if the former has but lately joined it; but the European Officer must be very negligent indeed who requires such aid at the end of a year.—As to any Native Officer having an influence over the promotions, enlistments, discharges, &c. of a Regiment, His Excellency condemns it as a most preposterous, unauthorized and dangerous assumption, which Commanding Officers are directed to repress with vigilance and decision.

Adjutant General of the Army.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *5th October* 1839.

His Excellency the Commander in Chief being about to embark for Bengal, and probably to loosen the intimate communication which he has enjoyed with the Army of Madras, during his short Command of it, is anxious to express the high satisfaction which that intercourse has given him.

His Excellency felt a pride in finding himself placed in authority over an Army which had produced, or supported so many eminent Men—but he was and is confident, that similar ability, zeal, and energy are ready at this moment, to rise into action when called for by difficulty or danger.

The Commander in Chief returns his best thanks to Officers Commanding Divisions and Forces for their steady attention to their various duties and for their maintenance of discipline.

Sir J. Nicolls will ever be anxious to hear that this Army continues to maintain its proud position amongst the Forces of our Gracious Sovereign in India—and with every hearty good wish for its honor and welfare, he bids it, farewell!

Adjutant General of the Army.

The following Extracts from the confirmed Proceedings of a European General Court Martial, holden at Fort St. George, on Wednesday, the twenty-fifth day of September, in the year of our Lord one thousand eight hundred and thirty-nine, by virtue of a warrant from His Excellency Lieutenant General Sir Jasper Nicolls, K. C. B. Commander in Chief, are published to the Army.

Lieutenant George Ashburner Brassey of the Nineteenth Regiment of Native Infantry, placed in arrest by my order, upon the following Charge

Charge.—For conduct, unbecoming the character of an Officer, in having at Madras, on the afternoon of the eighteenth of September, one thousand eight hundred and thirty-nine, been drunk on duty, while under arms.

The above being in breach of the Articles of War.

(Signed) JAMES DREVER, Major,
Comg. 19th Regt. N. I.

MADRAS;
The twentieth day of September, one thousand eight hundred and thirty nine.

By order.
(Signed) C. A. BROWNE,
Depy. Adjt. Genl. of the Army.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoner, Lieutenant George Ashburner Brassey of the Nineteenth Regiment of Native Infantry, has urged in his defence, and the evidence in support thereof, is of opinion;

Finding on the Charge.—That the Prisoner is guilty of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, doth sentence him, the said Lieutenant George Ashburner Brassey of the Nineteenth Regiment of Native Infantry, to be cashiered.

(Signed) GEORGE BURN, Capt.
Ag. D. J. A. Genl.

(Signed) C. M. BIRD, Lieut. Col.
M. E. Regt., President.

The Court having thus performed the painful duty of awarding punishment in strict conformity to an Article of War, which deprives them of all discretionary power, begs leave to recommend the case of Lieutenant Brassey to the merciful consideration of His Excellency the Commander in Chief, from the circumstance of he, Lieutenant Brassey, having been allowed to remain on the Parade till the

Officers were dismissed, and no notice taken of it at the time, together with his having been unavoidably detained in Black Town, and the Parade being an unexpected one, and the Prisoner having been unavoidably exposed to the sun in his debilitated state of health, which is apparent to the Court.

(Signed) GEORGE BURN, Ag. D. J. A. G. (Signed) C. M. BIRD, Lt. Col. M. E. Regt. President.

I am exceedingly concerned that nearly the last act of my authority should be such an ungracious one as this, but my duty requires that I should confirm this sentence.

In April last, Lieutenant Brassey gave his written assurance that he would not repeat this most unmilitary crime, for which he had previously been reprimanded in December 1838.

There may be a hope of reform in some other walk of life—in the 19th Regiment Lieutenant Brassey's respectability is for ever lost.

The conduct of Ensign Pattison, on the subject of this trial, is very reprehensible, and if repeated, may draw down upon him similarly severe punishment.

MADRAS, *5th October* 1839. (Signed) J. NICOLLS, Lieut. Genl. *Commander in Chief.*

Mr. G. A. Brassey is struck off the strength of the Army from this date.

The General Court Martial of which Lieutenant Colonel C. M. Bird is President, is dissolved.

The undermentioned Orders are confirmed.

1st April 1839.—By the Officer Commanding at Baitool, directing Assistant Surgeon C. Davidson of the Bengal Establishment, to be considered as having been in medical charge of the Detachment 42d Regiment M. N. I. and the Camp Equipage Dept. attached thereto, from the 11th March 1839.

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

26TH OCTOBER 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to The Officer Commanding the Army in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 25TH OCTOBER 1839.

No. 174 of 1839.—The Right Honorable the Governor in Council, in directing the publication in General Orders of the subjoined Dispatch from Lieutenant Colonel Dyce, Commanding a Detachment of the Kurnool Field Force, while he laments that the humane efforts of that Officer to prevent bloodshed have been defeated by the infatuation of the Nabob of Kurnool's followers, cannot refrain from expressing the high sense he entertains of the gallantry and soldier-like conduct displayed by Lieutenant Colonel Dyce, the Officers and Men of the Detachment, in the attack upon the Durgah at Zorapore.

(COPY.)

TO THE COMMISSIONERS FOR THE AFFAIRS OF KURNOOL.

GENTLEMEN,

Agreeably to the instructions conveyed in your communication of last evening, I have the honor to state that I moved at day light this morning with a Detachment as per margin under my Command towards the Village of Zorapore, where I arrived at ½ past 6 and halted on the outskirts. I then proceeded into the Village accompanied by Captain Balfour, Major of Brigade of Artillery, who acted as my Staff throughout the morning,—here I had an interview with the Chiefs Yaseem Khan, Nowal Khan and Ushreef Khan, when the *terms offered by Government were distinctly explained to them; after some discussion they appeared satisfied, but wished to confer with some of the other Chiefs, which was acceded to. They returned after some time, but the result of these and several other interviews proved unsuccessful, and as upwards of two hours had now elapsed, I determined to try the effects of intimidation and immediately placed the Troops in position to attack if necessary the Durgah and stone enclosure occupied by the Nabob and his followers, this produced an immediate visit from the before named Parties accompanied by several others, and among them the Rohilla Shah Wully Khan, who seemed chiefly to direct the negotiations.

Detachment F. Troop Horse Artillery.
½ Squadron 13th Light Dragoons.
1 do. 7th Light Cavalry.
1 Company Foot Artillery with Gun Lascars and Karkhana.
Detachment Sappers and Miners.
2 Companies H. M. 39th Regt.
34th Regiment or C. L. I.

* The terms tendered to the Foreign Troops near Zorapoor, were a guarantee for the payment of all arrears which might be due to them, and Passports to enable them to proceed to their own Country with security of life and property.

On this occasion (anxious to avoid unnecessary bloodshed) I again used every endeavour to induce them to agree to the terms offered, pointing out the inevitable consequences of refusal, but in vain, the conduct of Shah Wully Khan amounted to extreme insolence and he distinctly avowed his determination that the Nabob should not surrender, unless I would on the spot adjust all claims of arrears of pay and furnish them with passports to proceed to Mecca, stating that the paper alluding to the communication addressed to him and the other Chiefs by the Commissioners (which I should here remark he positively refused to receive) was useless and that he placed no faith in promises, the party then withdrew to the Durgah and did not again make their appearance.

After this there appeared to be considerable commotion at the Durgah and parties of the Enemy moved out and lined the walls,—three hours and a quarter having now elapsed, I sent the Persian Moonshee Abdul Ally to beg the Chiefs would consider the terms offered and accede to them, or that I should be obliged to attack them, to this they replied "attack us, we also are ready." I now ordered the Guns to open, which was done with admirable effect by Major Bond and which was instantly returned by a very heavy fire of Musketry and Ginjals from every direction: finding the Enemy determined to hold his position behind the strong stone walls at which he had taken post, I charged and drove them out at the point of the Bayonet, the struggle at the Durgah and enclosures was for some minutes very desperate and hand to hand, the Men confining themselves almost entirely to the Bayonet opposed to the Swords and Daggers of the Rohillahs and Arabs.

The conduct of the Detachment of H. M. 39th Regiment was such as always characterizes British Soldiers—but nothing could exceed the behaviour of the 34th Regiment L. I. I beg particularly to bring to the notice of superior authority the conspicuously gallant conduct of Lieutenant Colonel Wright of H. M. 39th Regiment, who has been dangerously wounded—of Major Bond, Commanding the Batteries, of Major Montgomerie Commanding Detachment Cavalry, of Major Armstrong 34th C. L. I. who himself seized the Nawab, and of Captain Balfour, B. M. of Artillery, who acted as my Staff throughout the morning, and for whose exertions and assistance I feel much indebted. The loss of the Enemy has been severe and the bodies of the Rohillah Chiefs Shah Wully Khan and Noor Khan and of the Arab Jemadars Shaik Saeed have been recognised among the killed.

The Patan Chief Ushreef Khan and 98 Prisoners have been brought into Camp.

The Cavalry having been employed in cutting off and securing fugitives were not under my immediate observation, but Major Montgomerie who Commanded them, has reported in the highest terms of the conduct of Officers and men, more particularly of Captain Lawrence 7th L. C., of Lieutenant Cameron H. M.'s 13th Dragoons and of Cader Hoossain, Subadar 7th L. C.

I beg also to report that Captain Pears the Commanding Engineer, was with me the whole time, and that Lieutenant Ouchterlony of the Engineers, in a personal encounter with some of the enemy, has been severely wounded.

A number of Elephants, Horses, Treasure and other property have been captured—a list of which I shall do myself the honor to forward as soon as the Committee now sitting closes its proceedings. A Return of Killed and Wounded is herewith enclosed.

I have the honor to be, &c.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 1st *November* 1839.

The Officer Commanding the Army in Chief is pleased to publish for the information of the Army, the following amended Royal Warrant dated 9th May 1839, which is to be substituted for the Royal Warrant of 26th May 1837 published in G. O. C. C. 2d October 1838.

GOOD CONDUCT WARRANT.

VICTORIA R. *Dated 9th May* 1839.

Whereas it has been represented to us that it would materially tend to the encouragement of good conduct in the Army, if a reward, to be attained only by the well conducted Soldier, were substituted for the additional pay granted to Soldiers who have completed certain periods of service; our will and pleasure is, that all Corporals, Trumpeters, Drummers, Fifers, Buglers, and Private Soldiers, enlisted or re-enlisted into our Service on or after the 1st day of September 1836, shall have no claim to additional pay after any period of service, but that a reward of additional pay for good conduct shall be granted to such Soldiers, under the following rules:

1. Soldiers who shall have completed 7 years' service shall be entitled to claim 1*d.* a day, and to wear a distinguishing mark, provided their names shall not have been entered in the regimental defaulter's book for at least two years immediately preceding such claim.

2. Soldiers who shall have completed 14 years' service shall be entitled to claim a further reward of 1*d.* a day, and to wear two distinguishing marks, provided they shall have been uninterruptedly in the enjoyment of the 1*d.* a day for at least two years immediately preceding such further claim.

3. Soldiers who shall have completed 21 years' service shall be entitled to claim a further reward of 1*d.* a day, and to wear three distinguishing marks, provided they shall have been uninterruptedly in the enjoyment of the 2*d.* a day for two years immediately preceding their claim to the third penny.

4. Soldiers who shall have completed 28 years' service shall be entitled to claim a further reward of 1*d.* a day, and to wear four distinguishing marks, provided they shall have been uninterruptedly in the enjoyment of the 3*d.* a day for two years immediately preceding their claim to the fourth penny.

5. Soldiers who by their good conduct shall have obtained one or more distinguishing marks shall be entitled to have the full rate of that good conduct pay, of which they shall have been in uninterrupted possession for five years immediately preceding their discharge, added to the rate of pension, whether temporary or permanent, to which they may have a right under the provisions of the Warrant of our late Royal Uncle dated the 7th February 1833.

6. Soldiers who have been in the possession of some one or other of the rates of good conduct pay for five years uninterruptedly but who have only been in possession of either of the higher rates for some period not less than two years immediately preceding their discharge, shall be entitled, if discharged with two distinguishing marks, to an addition of 1½*d.*; if discharged with three distinguishing marks to an addition of 2½*d.*; and if discharged with four distinguishing marks, to an addition of 3½*d.*, as an augmentation of the pension to which their services will entitle them.

7. Soldiers who shall have been in the uninterrupted possession of good conduct pay, for at least three years immediately preceding their discharge for disability, or by reduction, and who shall not have acquired claims to pension or who shall be entitled only to temporary or conditional pensions, shall have their names registered at Chelsea Hospital; and, upon their attaining 60 years of age, shall receive, as a reward for their former good conduct, a pension of 4*d.* a day, if discharged with one distinguishing mark, and of 6*d.* a day, if discharged after having been twelve months in possession of two distinguishing marks; and this reward for former good conduct shall also be extended to Soldiers who may be permitted to obtain free discharge, at their own request, as an indulgence, after certain periods of service, as described in the 11th Article of this Warrant.

8. The service requisite to entitle Men to the distinction and rewards granted by this Warrant, may include former service in all ranks after the age of eighteen.

9. Men discharged on reduction, or for disability, and re-enlisting within three years after the date of their discharge, may reckon their former service, provided they shall declare such former service at the time of re-enlistment; but Men purchasing their discharges, or receiving free discharges, shall not reckon former service.

10. The forfeiture of service now attaching to individuals in respect of additional pay, in consequence of the sentence of a court martial, or of conviction for desertion, will equally attach to them in respect of good conduct pay.

11. Soldiers of good conduct, who may be permitted to purchase or to obtain free discharges at their own request, shall be allowed free discharges upon the following terms, instead of those prescribed by the Royal Warrant of the 14th November 1829, and by His late Majesty's Warrant of the 7th February 1833, but the conditions, limitations, and regulations, for granting discharges by indulgence, laid down in the said Warrants, shall, in the cases of all other Soldiers, remain in full force.

After 16 years' actual service, with two distinguishing marks, having possessed the second at least 12 months, ...	free, with the right of registry for deferred pension of 6*d.* a day.	

12. Soldiers enlisted since the 1st March 1833, who are in the enjoyment of two or more distinguishing marks, and of the good conduct pay, may obtain permanent pension as an indulgence, at the rate fixed in the Warrant of 7th February 1833, two years earlier than other Men who have not earned this distinction, and may further receive the same amount of good conduct pay, which would have been added to their ordinary pension under the rules laid down in this Warrant, if they had been discharged as unfit for further service or by reduction.

13. As it is our will and pleasure, that this reward shall be strictly an honorable distinction, to be conferred only upon the well conducted Soldier, the Commanding Officers of Regiments are strictly enjoined to enter in the regimental defaulter's book, the name of every Soldier who, in consequence of misconduct, shall have been subjected to any punishment beyond six days drill or seven days confinement to Barracks; and the commission of every offence, which shall impose upon the Commanding Officer the necessity of recording the Soldier's name in the regimental defaulter's book, shall render the Man ineligible for this reward, for two years from that date, and if he be already in possession of this distinction shall deprive him of his distinguishing mark and good conduct pay for one year, and a second recorded offence within twelve months, shall render two years of uninterrupted good conduct necessary to obtain a restoration of such reward.

14. The Soldier having two or more distinguishing marks shall, in like manner, for the first, second, and third recorded offences, forfeit one distinguishing mark and the good conduct pay allowed with it, for one year for each offence, and if a fourth offence be recorded against him in the regimental defaulter's book within twelve months, he shall forfeit all claim in consequence of his previous good conduct and shall only be entitled to obtain a restoration of his honorable distinctions, by subsequently serving with uninterrupted good conduct for two years, to obtain one distinguishing mark; for four years, to obtain two distinguishing marks; for six years, to obtain three distinguishing marks; and for eight years, to obtain four distinguishing marks.

15. Any Soldier who, by having been recorded in the regimental defaulter's book, shall have been adjudged to have been guilty of an offence by which he is to forfeit the whole or a part of his reward for previous good conduct, shall if he denies the commission of such offence have the right of appeal to a court martial.

16. A Soldier may, for a first offence of a serious nature, be adjudged by the sentence of a court martial, to forfeit all or any part of the advantages he had derived from his previous good conduct, either absolutely or for any period not less than eighteen months, according to the circumstances which shall have appeared in evidence.

17. The distinction and the rewards granted by this Warrant do not extend to Serjeants and other Non-commissioned Officers above the rank of Corporal and they will not be allowed while serving, any addition to their established pay; but if permitted to purchase their discharges, or to obtain free discharges, at their own request, they will be admitted to the benefits of Art. 11 of this Warrant, and if discharged, to pension; they may for peculiarly good conduct on the special recommendation of our General Commanding in Chief and by the consent of our Secretary at War, communicated to the Commissioners of Chelsea Hospital, be allowed additions of 1*d.*, 2*d.*, 3*d.*, or 4*d.* a day to their pensions, provided that the aggregate pension shall in no case exceed, for a Serjeant 1*s.* 10*d.*, for a Quarter Master Serjeant 2*s.* 1*d.*, and for a Serjeant Major 2*s.* 4*d.* a day.

18. All Soldiers now in our Service, who enlisted since the 1st March 1833, but before 1st September 1836, shall have the option of relinquishing all right to the additional pay of 2*d.* a day, to which they are now entitled after the completion of 14 years' Infantry, or of 17 years' Cavalry service, and shall then be entitled, by their good conduct to claim the 1*d.* a day after 7 years' service, and shall be in all respects entitled to all the advantages both of good conduct

pay while serving, of pension on discharge and of deferred pension, which are herein before granted to Soldiers enlisted on or after 1st September 1836.

19. All Soldiers now serving, who enlisted on or before the 1st March 1833, shall by relinquishing their right to additional pay for length of service, be entitled to claim all the advantages of good conduct pay while serving, which are hereby granted; but as the Warrants which were in force at the time of their original enlistment, give them a right to higher rates of pension on discharge than those which are to be granted to Men enlisted after the 1st March 1833, they will not be entitled to have their good conduct pay added to their pensions on discharge.

20. 21. All Soldiers now serving, who enlisted on or before the 1st of September 1836, and who have completed 28 years service, may, on relinquishing their right to additional pay receive 4*d*. a day good conduct pay, provided their names shall not have been entered in the regimental defaulter's book, for at least eight years immediately preceding the exchange.

22. Soldiers who have completed 21 years service may on relinquishing their right to additional pay receive 3*d*. per diem good conduct pay, provided their names shall not have been entered in the regimental defaulter's book for at least six years immediately preceding the exchange.

23. Soldiers of less than 21 years service already in the receipt of additional pay at 2*d*. a day, for length of service may on relinquishing their right to additional pay, continue to receive the same amount, as good conduct pay, provided their names shall not have been entered in the regimental defaulter's book, for at least four years immediately preceding the exchange.

24. Soldiers who are already in the receipt of additional pay of 1*d*. a day for length of service may on relinquishing their right to additional pay, continue to receive the same amount as good conduct pay, provided their names shall not have been entered in the regimental defaulter's book for at least two years immediately preceding the exchange.

25. Soldiers not yet in the receipt of additional pay for length of service may by relinquishing their right to the same, receive good conduct pay, on completing the respective periods of 7, 14, 21 and 28 years, provided their names shall not have been entered in the regimental defaulter's book, in the first case, for at least two years; in the second case for at least four years; in the third case for at least six years; and in the fourth case for at least eight years immediately preceding.

26. In establishing their claims to good conduct pay, Soldiers who were present at the battle of Waterloo, shall be allowed to reckon two years in addition to their actual service, and those who were enlisted before the 1st December 1829 shall be allowed to reckon three years for two of actual service after the age of 18 in the East and West Indies (in other than West India Regiments), but in claiming their discharge under the 11th Article actual service only will be reckoned.

27. Soldiers enlisted before the 1st September 1836 shall be entitled to distinguishing marks, whether they accept or not the option of relinquishing additional pay for good conduct pay and they shall be entitled to the same addition to their pensions for the number of distinguishing marks they may severally possess at the period of their discharge, as is allowed to Men in receipt of good conduct pay.

Given at our Court, at Buckingham Palace, this 9th day of May 1839, in the second year of our reign.

Although justice to the Service requires the strongest mark of reprobation and the infliction of the severest punishment for the crimes this Officer has been found guilty of, yet in acknowledgment of his long and faithful service, and an anxious wish not for ever to blast his future prospects of the reward of 45 years military duty, for the commission of one offence, which as far as the individuals who complained are concerned, has been expiated by the payment of their claims before they were brought to the notice of superior Authority,—the Major General Commanding in Chief is induced to remit the punishment of dismissal from the Service, but directs the Commanding Officer of the 13th

Regiment to inform Subadar Gungaram, that his conduct will be scrupulously observed, and that his prospects of Pension will entirely depend on the honorable and faithful discharge of his duty in future.

MADRAS,
30th October 1839.

The instance of good feeling displayed by Gunner Briggs in contrition for his fault and not attempting to conceal the part he took and which made him amenable to the Charges for which he has been now brought to trial, induces the Major General Commanding in Chief to look favorably on his case, the more especially as both his Commanding and Troop Officers bear ample testimony to his former uniform good conduct. The Major General Commanding in Chief willing to give credit to his assertions, that he had no intention to defame the characters of his comrades, or question that of his Commanding Officer, is pleased to remit the punishment awarded, thereby joining the Court in the view they must have taken in awarding so lenient a Sentence, with the hope that the Prisoner will throughout the remainder of his military service consider that upholding the character of his Troop and the credit of his profession are very essential parts of a Soldier's duty.

(Signed) H. GOUGH, Major General,
Commanding in Chief.

The Sentence of imprisonment awarded Gunner A. Fitzherbert to be carried into effect under the orders of the Officer Commanding the Nagpore Subsidiary Force,—the last month to be solitary confinement.

The Major General Commanding in Chief is willing to believe this Soldier acted under an erroneous impression that he could appeal from the decision of a Court of Requests, which is a Civil Court although composed of Military Officers and from which no military appeal can be made after its confirmation. Under this feeling the Major General Commanding in Chief is pleased to remit that part of the Sentence, depriving the Prisoner, Private Shaik Bram, of Good Conduct Pay, also of 5 weeks of the imprisonment. The remaining 4 weeks to be carried into effect under the orders of the Officer Commanding at Arcot, and which the Major General trusts will be a sufficient example to deter other Soldiers from the commission of so unsoldierlike an offence as has been proved against the Prisoner.

MADRAS, *15th November* 1839.

(Signed) H. GOUGH, Major General, *Commanding in Chief.*

The Officer expressly pointed out in the Second Instance of Charge as the Superior whose orders were disobeyed by the Prisoner, officiated as Judge Advocate on his trial for the offence, and in that capacity was the legal adviser of the Court, and present during its deliberation upon its Finding and Sentence. This appears so objectionable in point of form and usage, if not contrary to justice, that although I give the Officiating Judge Advocate full credit for the honorable discharge of the duty entrusted to him, and regret that so serious a crime as disobedience of orders should escape punishment, I still feel myself called upon to withhold my approval of this proceeding.

The Prisoner will be released from confinement and return to his duty, and it is to be hoped that a knowledge of the heavy, but well deserved punishment to which he subjected himself, will convince him of the danger of insubordination and render him careful in his future career as a Soldier.

2. Should continued indisposition preclude Officers from rejoining at the expiration of the original leave, they are authorized to make application through the regular channels, supported by the prescribed Medical Certificate, for an extension: the Certificate to specify to what period, as ordered in the preceding paragraph.

3. In particular cases, where circumstances prevent the possibility of such applications being received at Head Quarters, through the regular channel, in sufficient time for the decision of the Commander in Chief being notified previous to the expiration of the leave originally granted,—Officers are permitted to forward duplicate Certificates with a Letter *direct* to the Adjutant General, notifying that the originals have been transmitted through their Corps or Department.

4. Medical Certificates are to be countersigned by the Superintending Surgeon, or in his absence, by the Senior Surgeon present, the prescribed Forms being strictly attended to.

7. GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

23D NOVEMBER 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to The Officer Commanding the Army in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 19TH NOVEMBER 1839.

No. 188 of 1839.—The Right Honorable the Governor in Council is pleased to permit Colonel Morison, C. B., of the Regiment of Artillery, to return to Europe on furlough and to embark from Calcutta.

Colonel Morison's character and merits are so well known, and the position which he lately held in the Supreme Council is so distinguished and honorable, that it may appear an act of supererogation if not of presumption in the local Government of this Presidency, to renew upon this occasion the expression of the high sense which it has ever entertained of his services.

The Governor in Council cannot, however, allow himself to be deterred from recording his sentiments on the departure to Europe of an Officer, the whole tenor of whose public life has done so much honour to the Army and the Presidency to which he belongs, and whose reputation is identified with one of the most important departments in the public service.

His Lordship in Council would particularly draw the attention of the young Officers of the Madras Army to the career of Colonel Morison. Appointed originally to the Line, he owed his transfer to the Artillery to his superior attainments, which soon caused him to be selected to superintend the instruction of the young Officers of that Corps in the higher branches of professional study.

Subsequently Colonel Morison was placed in charge of the Surveyor General's Department at this Presidency, the duties of which Office were conducted by him with his usual ability and to the entire satisfaction of Government and of the Honorable Court.

On the formation of the Commissariat Department, Colonel Morison was selected to preside over it.

The eminent success which attended his system of organization and management has repeatedly called forth the acknowledgments of this Government and the high approbation of the Honorable Court of Directors, and fully attests his superior qualifications for the laborious, and difficult task which was imposed upon him.

At a later period he was transferred to the responsible and distinguished post of Resident in Travancore; having thus held the highest appointments, in the scientific, administrative, and political branches of the public service under this Presidency.

Of the high and important functions which he has since discharged, it is not the province of this Government to speak. It is perhaps sufficient to observe, that he was the first Military man appointed under the provisions of the new Charter Act to a Seat in the Supreme Council of India, and that since the days of Lord Clive no other Officer on the Madras Establishment has enjoyed a similar distinction.

Acting Deputy Secretary to Government.

No. 196 of 1839.—The following General Orders by the Honorable the President of the Council of India in Council, are published for the information of the Army.

GENERAL ORDERS by the Honorable the President in Council.

Fort William, 18th November 1839

No. 196 of 1839.—The Hon'ble the President in Council having taken into consideration, as a general question, the terms upon which Officers proceeding on duty, or on account of sickness, on board Government Troop Ships, or Government Vessels of any kind when used as Troop Ships, or of Transports hired by Government, ought to be messed at the Captain's Table, or, if the Vessel be a Ship of War of the East-India Company, in the Wardroom, has resolved, that the rate for a Subaltern shall not exceed (4) four Rupees, per diem, and for a Captain or superior Officer (5) five Rupees. It shall be incumbent therefore on the Masters or Commanders of Vessels employed as Troop Ships or Transports, to provide such a Table as the rates stated may afford, under the control of the Marine Board or Head of Department through whom the Vessel is engaged or superintended.

The rates above laid down are intended to be in modification of the previously established rate of (8) eight Rupees per diem, of which six Rupees were made payable by Government and two by the Officer embarking.

It is not considered necessary to settle the rates of Passage and Table Money for the Wives and Children of Officers, which may continue as heretofore adjusted in accordance with established custom.

It is to be understood that the above rates provide only for the Table Allowance without Wines, for which the Commander may have his separate charge, or the Officers may make their own provision.

When Officers are ordered to proceed on Service on board Ship, the Government will pay the Table Allowance at the rate stated. Officers proceeding to Sea, under circumstances which do not entitle them to have their Table Money paid by Government, will be entitled to be received and messed on board of any Government or hired Vessel employed on Transport Service, at the rates specified, which will be realized through the Marine Board or Head of Department.

The above rules, however, will have no application to cases of Officers taking their passage on their private account, otherwise than in the course of service, nor to other than Military Persons when provided with passage and accommodation on board of Government or hired Vessels. Sick Officers returning from service will have to pay their own Table Money.

The President in Council directs that these Rules shall be made applicable to Government Steamers at Bombay, as well as to those belonging to the Port of Calcutta, whenever these Vessels are used as Transports, or for the conveyance of Troops and Officers on Service.

18TH DECEMBER 1839.

The Right Honorable the Governor in Council having addressed the subjoined Orders to The Officer Commanding the Army in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 17TH DECEMBER 1839.

No. 203 of 1839.—The Right Honorable the Governor in Council has much gratification in publishing in General Orders, the following Despatch to the address of the Right Honorable the Governor General of India, from Major General T. Willshire, C. B. announcing the Capture by Storm on the 13th Ultimo of the important Fortress of Khelat by the Troops under his Command.

Camp near Kelat, November 14th, 1839.

To

The Right Honorable LORD AUCKLAND, G. C. B. *Governor General of India, &c.*

MY LORD.—1. In obedience to the joint instructions furnished me by His Excellency the Commander in Chief of the Army of the Indus, and Envoy and Minister to His Majesty Shah Soojah, under date Cabool the 17th September 1839, deputing to me the duty of deposing Muerab Khan of Kelat, in consequence of the avowed Hostility of that Chief to the British Nation during the present Campaign, I have the honor to report, that on my arrival at Quetta on the 31st Ultimo, I communicated with Captain Bean, the Political Agent in Shawl, and arranged with him the best means of giving effect to the orders I had received.

2 Guns Bombay Horse Artillery.
4 Do. Shek's do.
2 Russalas Local Horse.
Queen's Royal.
H. M. 17th Regiment.
31st Bengal N. I.
Bombay Engineers.

2. In consequence of the want of Public Carriage and the limited quantity of Commissariat Supplies at Quetta, as well as the reported want of Forage on the route to Kelat, I was obliged to despatch to Cutch Gundava the whole of the Cavalry and the greater portion of Artillery, taking with me only the Troops noted in the margin, leaving Quetta on the 3d Instant.

3. During the march the communications received from Muerab Khan were so far from acceding to the terms offered, that he threatened resistance if the Troops approached his Capital, I therefore proceeded and arrived at the village of Giranee within 8 miles of Kelat on the 12th Instant.

4. Marching from thence the following morning, a body of Horse were perceived on the right of the road, which commenced firing on the advanced Guard commanded by Major Pennycuick, Her Majesty's 17th Regiment, as the Column advanced and skirmishing between them continued until we came in sight of Kelat, rather less than a mile distant.

5. I now discovered that three heights on the North West face of the Fort, and parallel to the North were covered with Infantry with five Guns in position, protected by small Parapet Walls.

6. Captain Peat, Chief Engineer, immediately reconnoitred and having reported that nothing could be done until these heights were in our possession, I decided upon at once storming them simultaneously, and if practicable entering the Fort with the Fugitives as the Gate in the Northern Face was occasionally opened to keep up the communication between the Fort and the heights.

7. To effect this object I detached a Company from each of the European Regiments from the advanced Guard with Major Pennycuick, H. M. 17th Regiment, for the purpose of occupying the Gardens and Enclosures to the North East of the Town, and two more Companies in the Plain, midway between them and the Column, at the same time I ordered three Columns of Attack to be formed, composed of Four Companies from each Corps under their respective Commanding Officers, Major Carruthers of the Queen's, Lieutenant Colonel Croker, H. M. 17th Regiment, and Major Western, 31st Bengal Native Infantry, the whole under the Command of Brigadier Baumgardt, the remainder of the Regiments forming three Columns of Reserve under my own direction to move in support.

8. A Hill being allotted to each Column, Brigadier Stevenson, Commanding the Artillery, moved quickly forward in front towards the base of the heights, and when within the required range, opened fire upon the Infantry and Guns, under cover of which the Columns moved steadily on, and commenced the ascent for the purpose of carrying the heights exposed to the fire of the Enemy's Guns, which had commenced while the Columns of Attack were forming.

9. Before the Columns reached their respective Summits of the Hills, the Enemy overpowered by the superior and well directed fire of our Artillery had abandoned them attempting to carry off their Guns, but which they were unable to do; at this moment it appearing to me the opportunity offered for the Troops to get in with the Fugitives, and if possible, gain posses-

sion of the Gate of the Fortress, I despatched orders to the Queen's Royal and 17th Regiment to make a rush from the heights for that purpose, following myself to the Summit of the nearest to observe the result; at this moment the four Companies on my left which had been detached to the Gardens and Plain, seeing the chance that offered of entering the Fort, moved rapidly forward from their respective points towards the Gateway under a heavy and well directed fire from the Walls of the Fort and Citadel which were thronged by the Enemy.

10. The Gate having been closed before the Troops moving towards it, could effect the desired object, and the Garrison strengthened by the Enemy driven from the heights, they were compelled to cover themselves as far as practicable behind some Walls and ruined Buildings to the right and left of it, while Brigadier Stevenson having ascended the heights with the Artillery, opened two Guns under the command of Lieutenant Forster, Bombay Horse Artillery, upon the defences above the Gate and it's vicinity, while the fire of two others commanded by Lieutenant Cooper, Shah's Artillery, was directed against the Gate itself, the remaining two with Lieutenant Creed being sent round to the road on the left leading direct up to the Gate, and when within 200 yards commenced fire for the purpose of completing in blowing it open, and after a few rounds they succeeded in knocking in one half of it; on observing this I rode down the Hill towards the Gate pointing to it, thereby announcing to the Troops it was open, they instantly rose from their cover and rushed in, those under the command of Major Pennycuick being the nearest were the first to gain the Gate headed by that Officer, the whole of the Storming Columns from the three Regiments rapidly following and gaining an entrance as quickly as it was possible to do so, under a heavy fire from the works and from the interior, the Enemy making a most gallant and determined resistance, disputing every inch of ground up to the Walls of the inner Citadel.

11. At this time I directed the Reserve Columns to be brought near the Gate, and detached one Company of the 17th Regiment under Captain Darley to the Western side of the Fort, followed by a portion of the 31st Bengal N. I. commanded by Major Western, conducted by Captain Outram, Acting as my Extra Aid-de-Camp, for the purpose of securing the heights under which the Southern Angle is situated, and intercept any of the Garrison escaping from that side; having driven off the Enemy from the heights above, the united Detachments then descended to the Gate of the Fort below and forced it open before the Garrison (who closed it as they saw the Troops approach) had time to secure it.

12. When the party was detached by the Western face, I also sent two Companies from the Reserve of the 17th under Major Deshon and two Guns of the Shah's Artillery under the Command of Lieutenant Creed, Bombay Artillery, by the Eastern to the Southern face, for the purpose of blowing open the Gate above alluded to had it been necessary, as well as the Gate of the inner Citadel; the Infantry joining the other Detachments, making their way through the Town in the direction of the Citadel.

13. After some delay the Troops that held possession of the Town at length succeeded in forcing an entrance into the Citadel where a desperate resistance was made by Muerab Khan at the head of his people, he himself with many of his principal Chiefs being killed sword in hand, several others however kept up a fire upon our Troops from detached buildings difficult of access, and it was not until late in the afternoon, those that survived were induced to give themselves up, on a promise of their lives being spared.

14. From every account I have reason to believe the Garrison consisted of upwards of Two Thousand fighting Men, and that the Son of Muerab Khan had been expected to join him from Norosky, with a further reinforcement; the enclosed Return will shew the Strength of the Force under my Command present at the Capture.

15. The Defences of the Fort, as in the case of Ghuznee, far exceeded in Strength what I had been led to suppose from previous report, and the lowering height of the inner Citadel, was most formidable both in appearance and reality.

16. I lament to say that the loss of Killed and Wounded on our side has been severe, as will be seen by the accompanying Return, that on the part of the Enemy must have been great, but the exact number I have not been able to ascertain; several hundreds of Prisoners were taken, from whom the Political Agent has selected those he considers it necessary for the present to retain in confinement, the remainder have been liberated.

17. It is quite impossible for me sufficiently to express my admiration of the gallant and steady conduct of the Officers and Men upon this occasion, but the fact, of less than an hour having elapsed from the formation of the Columns for the Attack to the period of the Troops being within the Fort, and this performed in the open day, and in the face of an Enemy so very superior in numbers, and so perfectly prepared for resistance will, I trust, convince your Lordship how deserving Officers and Troops are of my warmest thanks and of the highest praise that can be bestowed.

18. To Brigadier Baumgardt, Commanding the Storming Columns, my best thanks are due, and he reports that Captain Wyllie, Acting Assistant Adjutant General, and Captain Gilland his Aide-de-Camp ably assisted him and zealously performed their duties: also to Brigadier Stevenson, Commanding the Artillery, and Lieutenants Forster and Cooper respectively in charge of the Bombay and Shah's Artillery, I feel greatly indebted for the steady and scientific manner in which the Service of dislodging the Enemy from the heights, and afterwards effecting an

entrance into the Fort, was performed; the Brigadier has brought to my notice the assistance he received from Captain Coghlan his Brigade Major, Lieutenant Woosnam his Aid-de-Camp and Lieutenant Creed when in Battery yesterday.

19. To Lieutenant Colonel Croker, Commanding Her Majesty's 17th Regiment, Major Carruthers, Commanding the Queen's Royal, Major Western, Commanding the Bengal 31st N. I., I feel highly indebted for the manner in which they conducted their respective Columns to the attack of the heights, and afterwards to the assault of the Town, as well as to Major Pennycuick of the 17th who led the advanced Guard Companies to the same point.

20. To Captain Peat, Chief Engineer, and to the Officers and Men of the Engineer Corps, my acknowledgments are due.

21. To Major Neil Campbell, Acting Quarter Master General of the Bombay Army, to Captain Hagart, Acting Deputy Adjutant General, and to Lieutenant Ramsay, Acting Assistant Quarter Master General, my best thanks are due for the able assistance afforded me by their services.

22. To my Aides-de-Camp, Captain Robinson and Lieutenant Halkett, as well as to Captain Outram who volunteered his services on my personal Staff, I received the utmost assistance, and to the latter Officer, I feel greatly indebted for the zeal and ability with which he has performed various duties that I have required of him upon other occasions as well as the present.

23. It is with much pleasure I state the great assistance I have derived from Captain Bean, in obtaining supplies.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 16*th December* 1839.

Captain J. Dickson of the 50th Regiment, is to be considered as having acted as Adjutant of that Corps from the 21st October 1839.

Lieutenant W. Vine of the 6th Light Cavalry is relieved from the duties of the Committee assembled at Fort St. George, of which Major J. Crisp of the Carnatic European Veteran Battalion is President.

The Warrant Officers detached for employment with the Kurnool Field Force having this day rejoined the Arsenal of Fort St. George, Acting Sub Conductor James Kehoe will return to his duty as Quarter Master Serjeant of the 4th Battalion Artillery.

The following Extracts from the Proceedings of a European General Court Martial (being an appeal to a European Court under the provisions of Regulation III. of 1829), holden at Trichinopoly, on Tuesday the third day of December, in the year of our Lord one thousand eight hundred and thirty nine, by virtue of a warrant from Major General Sir Hugh Gough, K. C. B., Commanding in Chief, are published to the Army.

Kootapermall, Havildar, Number one hundred and seventy-nine, in the F. Company of the Forty-fifth Regiment of Native Infantry, placed in confinement by order of Captain James Wyllie, Commanding the same Regiment, on the following Charge.

Charge.—For conduct to the prejudice of good order and military discipline, in having at Trichinopoly, on the fifteenth of November one thousand eight hundred and thirty-nine, when ordered to attend at my quarters (for the purpose of having a complaint made against him, investigated) conducted himself in a disrespectful and unbecoming manner towards me his superior Officer.

The above being in breach of the Articles of War.

TRICHINOPOLY, *Sixteenth of November, one thousand eight hundred and thirty-nine.*

(Signed) R. CREWE, Lieut. in charge F. Company.

(Signed) J. WYLLIE, Captain, S. O. in charge 45th Regt. N. I.

By order.

(Signed) R. ALEXANDER, Lieut. Colonel, Adjutant General of the Army.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charge, as well as what the Prisoner, Havildar Kootapermall, has urged in his defence, is of opinion:

Finding on the Charge.—That the Prisoner is guilty of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, doth sentence him, the said Kootapermall, Regimental Number one hundred and seventy-nine, Havildar in the F. Company of the Forty-fifth Regiment of Native Infantry, to be put down two steps in the Regimental Roll of Havildars.

(Signed) G. W. OSBORNE, Capt. D. J. A. Genl. conducting Proceedings.

(Signed) JNO. ROSS, Major, President.

(Signed) F. J. NEDHAM, Capt. Interpreter to the Court.

Disapproved.—The Sentence being inapplicable to the situation of a Non-Commissioned Officer, not sanctioned by the Articles of War nor the usages of the Service, and nugatory as a punishment, in as much as a Non-Commissioned Officer obtains no *right* to promotion to the Commissioned Ranks by reason of his position on the Roll of Havildars.

As the opinion of the Court regarding the amount of culpability of the Prisoner (who appealed to be tried by a Court so constituted) may be gathered from the nature of the sentence, I deem it unnecessary to return the Proceedings for revision.

The Prisoner will therefore be released from his confinement and will return to his duty.

MADRAS, 16*th December* 1839.

(Signed) H. GOUGH, Major General, *Commanding in Chief.*

B., Commander in Chief, are published to the Army.

Lahoor, Camp Follower, placed in confinement by order of Brigadier James Wahab, C. B., Commanding the Hyderabad Subsidiary Force, upon the following Charge.

The above being within the provisions of the sixth Article of the twelfth Section of the Articles of War.

By order.

(Signed) G. HUTTON,
A. A. General, H. S. Force.

"The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charges, as well as what the Prisoner, Private Patrick Boyle, has urged in his defence, is of opinion:"

Confirmed.

(Signed) H. GOUGH,
Major General.

MADRAS,
29th November 1839.

Remarks by the Officer Commanding in Chief.—" It is to be inferred from the inadequacy of the punishment awarded by the Court, to the offences of which it has found the Prisoner guilty, that it took into consideration the fact of the Prisoner having been fifty-three days in confinement. This, however, was a subject for the consideration of the confirming authority, and not for the Court, which was bound to apportion punishment to the offences proved, although it might, if it thought proper, bring the same to notice in a recommendation to mercy."

(Signed) H. GOUGH,
Major General.

The Sentence to be carried into effect under the orders of the Officer Commanding the Ceded Districts.

This Order is to be entered in the General Order Book and read at the head of every Regiment in Her Majesty's Service on the Establishment of Fort Saint George.

1. In all duties, whether with or without Arms, the tour of duty shall be from the eldest downwards.

2. Of Duties—the 1st. Guards to the Governor or Commander in Chief. 2d. Detachments of the Army or Out-posts. 3d. General Officers' Guards. 4. The Ordinary Guards in Camp or Garrison. 5th. Picquets. 6th. General Courts Martial, and duties without Arms or of Fatigue.

3. Officers on the Inlying Picquet are to be considered as liable to be relieved, and to be employed on other duties.

4. If an Officer's tour of duty happens when he is on the Inlying Picquet, he shall immediately be relieved, and go upon that duty—and his tour upon the Picquet shall pass him.

5. If an Officer's tour of duty for Picquet, General Court Martial, or Fatigue, happens when he is upon any other duty, he shall not make good that Picquet, Court Martial, or duty of Fatigue when he comes off, but his tour shall pass—and, in like manner, if he should be upon a General Court Martial, or duty of Fatigue, and his tour of Guard or Detachment should happen, such Guard or Detachment shall pass him, and he shall not be obliged to make it good.

6. In regard to the exemption from other duties allowed to Officers employed on Courts Martial, the following rules are to be observed:

1st. On all days on which the Court is not ordered to assemble, the Members are to attend Parades and Drills or Field Days whether Regimental or Brigade—but they are to be exempt from such duties on all days on which the Court may be ordered to meet.

2d. When it is probable a considerable time may elapse before the Court may be reassembled after adjournment, the Members are liable to return to *all* their duties with their respective Corps on the spot, at the discretion of the Officer Commanding the Division or Station, with the exception of detached duties only.

3d. Members brought from distant Stations are not to return to their Corps until the Court shall have been dissolved, except under specific orders from Head Quarters.

4th. By distant Stations are to be understood such as are beyond two regular marches. Thus, Officers detached to Fort St. George from Poonamallee, Palaveram, or the Mount, or to Arcot or Arnee from Vellore, may be considered as coming within the intent of the second rule.

7. A General Court Martial, the Members of which shall have been assembled and sworn, shall be reckoned a duty though it shall have been dismissed without trying any person.

8. No Officer holding a Government Command shall be ordered away from it on Court Martial or other duty, without the sanction of Government.

9. When an Officer is warned in General Orders for one duty, he is not to be put on any other duty without previous permission from Head Quarters.

10. An Officer is not to exchange his duty with another, without leave obtained in writing with the sanction of the Commanding Officer of his Regiment.

11. A Regiment is not entitled to exemption from a tour of duty unless it has marched off the place of Parade.

12. In like manner, a Guard or Detachment which has not marched off from the place of Parade or Rendezvous, is not to be reckoned as having performed a duty—but if it shall have marched off from the place of Parade, it shall be reckoned to have performed a duty.

13. A Picquet although ordered to march to any Parade is not to be accounted as having performed a duty unless it shall have marched off that Parade.

14. When a Detachment of Grenadiers, Rifles, or Light Infantry, is ordered on any duty, its own Officers are to accompany it—and if such Officers are on any Regimental Duties they are to be relieved for that purpose.

15. The Artillery never do duty but in Corps:—The Officers, however, are not to be exempted from a participation in the General Duties of the Garrison or Camp in which they may be serving, with the exception of Day Duty, Guards, and Picquets, which they take with their own Corps only. As a general rule, they are also exempted from minor Courts Martial except

when ordered for the trial of their own men, and from all ordinary Committees. They will however be available for General Courts Martial and for all other Courts and Committees upon which the Commanding Officer may consider it desirable to employ them.

16. Officers of Veteran Corps are not, as a general rule, to be put upon the Roster for General Duty.

SECTION.

DUTIES IN GARRISON OR CANTONMENT.

1. The following Orders and Regulations are to be strictly attended to in all Garrisons and Cantonments.

2. A Field Officer or Captain of the Day is invariably to mount in all Garrisons or Cantonments at which more than one Regiment may be stationed. The proportion of Officers for the different Guards will be determined by circumstances, but at least one European Officer is to be on all Main Guards.

3. At inferior Stations, where not more than one Regiment may be stationed, the Commanding Officer will exercise his discretion in fixing the number and rank of Officers for duty, but, in no case whatever, is the European Officer of the Day to be dispensed with.

4. The Field Officer or Captain of the Day is always to be present at Guard Mounting.—No other Officer under the rank of a General Officer, with the exception, in Garrison, of the Adjutant General or an Officer of his Department, and, in Cantonments, of the Adjutant General or Brigade Major of the Division or Cantonment, has any right to interfere with, or to give any orders, to the Fort Adjutant or other Staff Officer on the Guard Parade. The Governor or Commanding Officer is, of course, an exception to this order.

5. For the convenience of Drill and Exercise, Regimental Guards are to mount from their private Parades, except on occasions of General Guard Mounting, when they are to join the General Guards. With a similar view General Guards are always to be furnished by one Corps, and not by Details from different Regiments, and from the same Corps for the whole week when practicable.

6. General Guard Mounting is to take place at every Station of the Army once a month.

7. The Men for Duty of each Regiment are to be carefully inspected by the Adjutant or other European Commissioned Officer before marching them from the Regimental to the General Parade—and, whenever practicable, each Corps furnishing Guards shall be warned for the *particular Guards* it is to give, in order that Adjutants of Regiments may tell them off accordingly.

8. It is the duty of the Fort Adjutant in Garrison, and of the Brigade Major or Cantonment Adjutant in Cantonments, to tell off the Guards *generally*, and to inspect the whole. He is held responsible for the appearance and efficiency of all ranks, with regard to Dress, Arms, Accoutrements, and Ammunition—and he will, consequently, remand to their Regiments such individuals as he may consider in any respect unfit to go on duty. A quota of all ranks from each Corps giving the Guards will always parade in waiting, to supply such deficiencies as may be occasioned by the rejection of any of their Men.—The Staff Officer having concluded his inspection will direct these parties to return to their Barracks. Their station on the Parade is thirty paces in rear of the centre.

9. At Stations to which there may not be any Station Staff Officer attached, this duty is to be performed by an Adjutant of the day.

GUARD MOUNTING.

10. All Guards are to Parade with Shouldered Arms, and unfixed Bayonets, without any interval between them, and with open Ranks.—The Staff Officer having finished his inspection of them, will order,—

Non-Commissioned Officers, Commanding Guards.

TO THE FRONT.

QUICK MARCH.

When they have advanced about forty paces to the front, or to such distance as may be deemed requisite, the word of Command will be given,

INWARDS TURN.

And the whole having closed to the centre, the word will be given,

HALT—FRONT.

The whole will front towards the Guards. Upon a Ruffle, Officers will fall in, in front of the Non-Commissioned.—Officers to *Port Swords*.—The Staff Officer having communicated to them the old Parole, and any necessary orders, will then deliver over the Guards to the Field Officer or Captain coming on Duty. Should it happen that the Staff Officer is of superior rank to the Field Officer or Captain of the Day, his duty as such here terminates—and the Field Officer will himself collect all subsequent Reports, &c.

The Field Officer or Captain of the Day will give the word of Command,

Officers and Non-Commissioned Officers,

OUTWARDS FACE.

On facing outwards, Swords are to be *recovered.*

Take post in front of your respective Guards.

QUICK MARCH.

Each Individual on coming opposite his Guard will halt,—and face towards it.

As soon as they have all taken post, the word of Command will be given,—

Officers and Non-Commissioned Officers,—to your Guards.

MARCH.

HALT.

FRONT.

On fronting, Swords are to be ported—The Music is to play during the March, ceasing at the Halt.

The Field Officer will then direct the Parade to

ORDER ARMS.

FIX BAYONETS.

SHOULDER ARMS.

Officers and Non-Commissioned Officers,—Inspect your Guards.

The several Officers and Non-Commissioned Officers will then inspect their Guards. When there are two Officers to a Guard, each is to take a rank, the Serjeants accompanying them.

As soon as the inspection is over, and the Officers and Non-Commissioned Officers have resumed their posts, the Staff Officer will go down the line, and receive the report of each Guard which he will communicate to the Field Officer.

The Field Officer taking post six paces in front of the centre, will then order,—

THE TROOP.

Drummer's call on the right—on which, when there are Colors, the Captain will face inwards and the Lieutenant and Ensign will face to the right, and march, in *quick time* to the head of the Grenadiers.

The Captain goes to the head of the right of his remaining Men.

The Field Officer then orders the Grenadiers to close their ranks, and to march off in *quick time*, the Lieutenant being *three* paces advanced in front of his Men, and the Ensign *one*.

The Serjeant Major of the Regiment furnishing the Guard, with his Sword drawn, proceeds in the rear of the Escort—uncases the Color, and delivers it with his left hand to the Ensign, saluting at the same time with his Sword. When the Escort reaches the left flank of the Guard, it files at the ordinary pace through the ranks, the Officers and Colors in front of the front rank, the Serjeant Major in rear of the Supernumerary Rank.*

When there are no Colors, the Drummers' Call will be followed by the Music playing the Troop. During the quick march, Arms to be sloped.

The Colors having taken post, or the Troop being finished, should there be a General Officer or Officer Commanding the Division on Parade, a General Salute will be given—Ranks will then be closed, and the Guards breaking into open column of Divisions, will march past the Commanding Officer in slow time.

When there are more Officers than one belonging to the same Guard, the second in rank is to take post and to march past at the head of the last Division instead of being in the rear of it.

As the Divisions of a column of Guards are generally of unequal strength, the particular attention of Division Leaders is required at the second wheel.—Each must judge his own distance with exactness.—A strong Division must wheel at a point short of a preceding weak one, by the space of as many files as the strength of the latter is exceeded by it, and a weak Division must overpass the wheeling point of its preceding stronger one by the space of as many files as it is deficient.

The line of covering, on the reverse flank, for the saluting side of the square, will thus be correctly taken by each Division in succession.

The third wheel will bring the Pivot Flanks again into their proper line of covering.—When the rear division completes the third wheel, the leading division will be halted and the whole will close to quarter distance—except the General of Division or Officer Commanding the Cantonment should be present, and direct the Guards to march past in quick time—and the Field Officer will then march off the several Guards to their respective posts.

11. When there is an Officer Senior to the Field Officer of the Day on the Parade, the Guards are to march past and salute him—the Field Officer of the Day in that case receives the orders of the Senior Officer immediately after taking close order, and previous to breaking into column. The Field Officer will march past at the head of the Guards, and will again receive the orders of the Senior Officer previous to dismissing them.

12. The foregoing Regulations are drawn up with reference to the usual daily Guard Mounting. With a few necessary and obvious alterations, they are equally applicable to the General Guard Mounting in Garrison or Cantonment.

13. Officers for duty are not required to fall in until the Non-Commissioned have been brought to the front—they are then, on hearing the ruffle, to assume their station.

14. All Officers not in the Ranks are to place themselves in rear of the Commanding Officer of the Parade.

15. The attendance of all Officers, not specially exempted therefrom, is required at all General Parades for Guard Mounting.

16. Officers on all duties under arms are to have their swords drawn without waiting for any word of command for that purpose.

* The Staff Serjeants when posted with the Colors are to march past with *Swords drawn* in rear of the Colors—but do not salute.

17. Orderlies are to parade in one or two ranks according to their number, ten paces in rear of the centre of the Supernumerary Rank.

FIELD OFFICER OR CAPTAIN OF THE DAY.

18. It is the duty of the Field Officer or Captain of the Day, to march off the Guards from the General Parade.

19. On all occasions when he may deem it necessary to dispense with any part of the prescribed ceremonial of Guard Mounting, he will specially note the circumstance in his Report for the information of the Commanding Officer.

20. The Field Officer or Captain of the Day is on no account whatever to be absent from the Garrison or Cantonment during his tour of duty, and if not at his own quarters, he must invariably inform the Officer of the Main Guard where he may be found.

22. He is required to visit the Garrison or Cantonment Hospital once during his tour of duty, observing whether or not the Hospital Regulations are duly attended to, and noting down any complaints which may be made to him.

23. He is to visit all Guards between the hours of 5 P. M. and Retreat beating—ascertaining that their Commandants are all duly acquainted with the Parole, and with all orders affecting their respective posts, and issuing the necessary instructions relative to Rounds and Patroles.

24. He is to go Night Rounds, taking an Escort of sufficient strength from the Main, or any other Guard under his orders.

25. He is required particularly to observe the manner in which Guards and Sentinels perform their respective duties,—exacting the greatest accuracy and alertness from all, and enforcing the strictest adherence to the system prescribed for their guidance, any deviation from which he must correct upon the spot.

26. The Barrack Guards and inlying Picquets only, of *Regiments*, are subject to his inspection,—but it will be his duty at all times to take cognisance of any irregularities which may occur to his notice, without distinction of Guards.

27. In Garrisons it is his duty to ascertain that the gates are shut at the prescribed hours, and he is to note in his Report that he has done so.

28. On the Relief of the Guards, he is to collect the Reports—which with a general one from himself drawn up according to Form No. 2, he is to transmit, or deliver in person, as may be ordered, to the Governor or Commandant.—A similar Report is also to be furnished to the Officer who relieves him.

RELIEVING GUARDS.

29. On the approach of the relieving Guard, the Officer in Command of the old Guard will cause his men to stand to their Arms, at open order. The relieving Guard, when within twenty paces, halts—the old Guard shoulders.—The relieving Guard advances in *slow time*, and takes post on the left of the other, aligning with it. The relieving Guard having taken open order, the old Guard will present Arms—Drummers beating a march—the relieving Guard then presents also.

The Officer of the old Guard gives to the relieving Officer the ordered written Report of the Guard—without which the relieving Officer is strictly prohibited from making the relief. Both Guards will then shoulder and take close order. The requisite number of men from the new Guard being told off, the Sentries of the old Guard are to be relieved, a Corporal from each proceeding with the relief.—Both Guards, will order and stand at ease. The Serjeant of the new Guard accompanied by one from the old Guard, will ascertain that the Guard Room, and utensils in charge of the Guard, are clean and in good order, and he will examine the furniture, &c. &c. for the condition of which he is responsible to his Officer, to whom he will instantly report any deficiency.

The relieving Officer is personally to receive charge of all Prisoners and to ascertain that they correspond in every respect with the Report.

The relief of the Sentries having been *completed*, both Guards will shoulder, and the relieving Guard will take *open order*.

The old Guard marches off in *slow time* and with carried Arms.

At a distance of twenty paces, it will halt, and will then unfix bayonets, and proceed in quick time with Arms sloped or trailed at convenience.

On the old Guard receiving the word "March," the new Guard will *Present Arms*. Having re-shouldered, and taken close order, it will take up the ground vacated by the relieved Guard.

30. Previous to dismissing the Men the Officer of the new Guard will make them acquainted with such parts of the orders as may particularly require their attention. Arms are then to be piled or lodged according to circumstances.

31. It is the duty of the Officer next to visit all his Sentries accompanied by the Corporal who posted them, and to ascertain *personally* that they have received their proper orders.

RELIEF AND DUTY OF SENTINELS.

32. In relieving Sentinels, *during the day*, the following mode is invariably to be adopted. If the Relief consist of *less than four Men*, it is to be formed in a rank entire, the Corporal on the *right* with his Arms advanced—he is to observe that the men march regularly, are perfectly

silent, and that the rear ranks, when the Relief consists of more than four men, are well locked up.

On approaching within ten or twelve paces of the Sentinel to be relieved, the Corporal will give *in an under tone of voice*, the word—

HALT—CARRY ARMS,

which is to be obeyed both by his own party, and by the Sentinel, who will, at the same time, assume his proper front. The Corporal then advances with the relieving man whom he halts opposite to, and one pace distant from the Sentinel.

PORT ARMS.

Both men Port Arms, and the old Sentinel in a low tone of voice, so as not to be overheard by any one but the Corporal, communicates to the other the orders of his post. It is the especial duty of the Corporal to see that this is done clearly and correctly—remembering that he will be held responsible should the Sentinel, on being visited by the Officer of the Guard, be unable to give satisfactory answers to his interrogatories.

SHOULDER ARMS.

Both men shoulder, and the Corporal marches the relieved man to the left of his party, the new Sentinel at the same time stepping forward into the other's place, and assuming his proper front.

SUPPORT ARMS.

All will support Arms.

QUICK MARCH.

The Sentinel allows the relief to proceed clear of his post, and then, facing to the right or left, assumes his walk, which is not to exceed ten paces to each flank, and which is to be distinctly pointed out to him at the time.

33. A Sentinel is never to be relieved but in presence of the Corporal. The Corporal who sanctions a relief being made by the men in his absence, and the Sentinel who permits himself to be so relieved, alike subject themselves to punishment.

34. All Reliefs are to be marched the whole round of Sentries in perfect silence—and no Corporal shall allow of the slovenly and unmilitary practice of the relieved Sentinel proceeding by himself to the Guard Room.

35. The Corporal, as well as the relieving man, is carefully to examine every article in charge of a Sentinel before making the relief.

36. The relief is at all times to be conducted with the greatest smartness and attention. The words of command should be given in a *decided* manner—but *in an under tone of voice*. The Officer of the Guard will particularly observe the manner in which Corporals perform this essential part of their duty, and he will remark in his report upon such as appear ignorant or inattentive.

37. Reliefs are to carry arms when passing Officers in uniform.

38. The Corporal on the completion of the relief is to report to the Officer or a Non-Commissioned Officer of the Guard.

39. Sentinels are *not to quit their Arms for an instant*, nor to suffer any person to touch them on any pretence. They are to keep *their post clear*—allowing no rioting or disturbance of any kind in their vicinity. They are never to converse, loiter, or lounge upon their posts, nor to remain in their Sentry Boxes in good, nor even in moderate weather,—but are to move about briskly in a soldier-like manner, and not to go beyond the ordered distance of ten paces to each flank.

40. A Sentinel must on no consideration quit his assigned station before being regularly relieved—Should he find himself incapacitated by sudden illness, or other cause, from the due performance of his duty, he is to call to the Corporal of the Guard—or, if at too great a distance to be heard by the Corporal, he is to pass the word to the next Sentinel, who will pass it on until it reaches the Guard. The Corporal, taking a Private with him, will then visit the Sentinel, and relieve him or otherwise, according to circumstances.

41. Corporals are particularly to instruct Sentinels not to communicate their orders to any but the Officer or Non-Commissioned Officer commanding the Guard.

42 Whenever it may be necessary to give orders to a Sentinel, it must be done through the Commandant of his Guard. No other Officer, whatever his rank, can be permitted to give instructions to, or in any manner to interfere with, a Sentinel upon his post.

43. Sentinels are permitted to *support* or to *slope* Arms. On the approach of an Officer, or other person entitled to the compliment, they are to halt—assume their proper front—and carry arms—remaining steady in that position, or presenting arms, according to circumstances—this is not to be done at the instant the Officer passes, but by the time he is within fifteen paces of their post, so that they may be perfectly steady before he comes up. The Officer having past clear of their post, they will face to the right or left, and resume their walk.

44. Sentinels must be distinctly informed which is to be considered by them as their *proper front*—on Ramparts, or in Batteries, it will be *outwards*, towards the field.

45. When an Officer, or other person to whom the Guard has orders to turn out, approaches within eighty paces, the Sentinel will give the word

Guard, turn out,—
Commanding Officer—or
Field Officer of the Day, &c. &c.
as the case may be.

Should the Officer decline the compliment, the Sentinel will order Guard, turn in—

when such men as are outside the Guard room will stand at Attention and salute with the hand, as the Officer passes—but should the Guard have fallen in before the Officer declines the compliment, it must be turned in again in a regular manner by word of command from the Officer or Non-Commissioned Officer. It is requisite for the security of a Guard that the order from the Sentinel to turn out should at all times be obeyed without delay or hesitation.

46. To all Field Officers, and to Officers of [illegible], Sentinels are to *Present Arms*—to all other Officers, they are to carry arms.—Although Guards do not turn out after sun-set to pay compliments, yet Sentinels pay proper attention to all Officers who may approach their posts until it is dark, or until watch setting. They are not, however, to *Present Arms*, but will stand steady, with carried arms, facing to their proper front.

47. All Sentinels are to stand steady, with shouldered arms, facing to their proper front, during Retreat beating.—They pay no compliments to any Officers who may pass them at that time.

48. Double Sentries, in paying compliments, must be careful to *act together*—the left hand man will take the time of each movement from his comrade on the right.

49. Whenever from there not being sufficient room for the Sentinel to move about with his arms shouldered, or from any other cause, it may be found necessary to post him with a Bayonet only, his Musket is invariably to be lodged with the arms of the Guard.

50. Sentinels posted with Bayonet only, will pay the necessary compliments, by standing steady, facing to their proper front, the Bayonet carried erect, close into the *left* side at the full length of the arm.

51. Sentinels posted over Powder Magazines pay no further compliment, than standing steady with carried arms, facing to their proper front.

52. Sentinels are to be relieved every two hours, or, when the number of men on duty may warrant the measure, or the state of the weather render it expedient, every hour—in which case the circumstance must be mentioned in the report.

53. Running Sentries are strictly prohibited.

54. Sentinels, particularly European, are to be exposed to the sun as little as possible and where they can be posted under the shelter of a verandah or other cover, they are to be allowed the advantage of it,—except during Saluting hours.

GUARDS.

55. The Commissioned and Non-Commissioned Officers Commanding Guards, are held responsible for the regularity and good conduct of their men, as well as for their exact performance, in every particular, of the various duties assigned to them.

56. It is the first duty of an Officer to make himself acquainted with the orders of his Guard, and also *with those which each Sentinel ought to have upon his Post*, and every relief is to be inspected by a Non-Commissioned Officer.

57. The Commandant of a Guard, whether European or Native, whatever may be his Rank, is on no pretence whatever to quit it, except for the purpose of visiting his Sentries, or of going the ordered Rounds, and he must then invariably mention his intention, and the probable time of his absence, to the next in Command.

58. No Non-Commissioned Officer or Soldier is to quit his Guard without leave, which is to be granted only upon urgent occasions, and with proper limitation both as to time and distance. The Native Troops are, however, for the purpose of taking their Meals, permitted to be absent from a Guard, in the proportion of one *third of its strength*, between the hours of 8 A. M. and 5 P. M. when the arms are lodged, for a period to be prescribed by the Commanding Officer—but from this indulgence are excepted all Guards over Jails and Treasure, from which none of the men can be allowed to absent themselves, on any account. In the event of any Officer or Soldier becoming incapacitated by sickness or other cause, from remaining on duty, the circumstance must be reported to the Field Officer of the Day, who will apply to the proper Staff Officer for the necessary relief.

59. Neither Officers nor Soldiers are to take off their Clothing or Accoutrements while they are on Guard—They are permitted to open their stocks between Saluting hours, but more than that is strictly forbidden.

60. Officers on Guard are strictly interdicted from entertaining Guests at their Guard Rooms—nor are Officers, at any time, to visit others on duty but in their Regimentals, and with side Arms.

61. The Officers and Non-Commissioned Officers of Guards are responsible that no drinking, swearing, gaming or other irregularity, is allowed in their Guard Rooms,—and the Rolls are to be called at least once in every four hours.

62. Officers and others in Command of Guards, are held responsible that no person shall in any manner deface, or otherwise injure the walls or other parts of their Guard Rooms, or Offices attached,—and Sentries are to have similar instructions concerning any Public Buildings or works over which they may be stationed, as well as their own Sentry Boxes.

63. All Guards are to be under Arms on the appearance of any large body of men, armed or unarmed, and to remain so, until such body shall have passed, or marched out of sight.

64. In Garrisons, the Officers Commanding Guards at the Ports are to close the Barriers on the approach of any body of armed men, of which they are to give notice to the Main Guard, and are not to suffer any of them to come into the Garrison without leave from the Field Officer or other competent authority, unless previous instructions may have been given them on the subject.

65. On occasions of fire or other alarm, all Guards are to be immediately under arms. In Garrisons, the Barriers are to be shut, and they are so to continue until the fire is extinguished, or until they may receive orders from the Field Officer of the Day or other competent authority.

66. All Guards are to turn out with ordered arms, and at *close* order, during Reveillée beating, and they are to remain so until broad day light. The Officers will then carefully inspect them, and cause the men to arrange their dress in as clean and soldier-like manner as possible.

67. They are to be under arms, at *open* order, during Retreat beating, on the conclusion of which Officers are to make the regular inspection, and are then to lodge the arms.

68. At Tattoo beating, the Roll of the Guard is to be called, and Officers are *personally* to ascertain that all are present, and fit for duty.

69. All Guards in the vicinity of the General Parade are to stand to their arms during the Troop at Guard mounting.

70. The arms of Guards are to be piled from Reveillée till 8 A. M. and from 5 P. M. to Retreat beating—During those hours the ordered compliments are to be paid to all persons entitled to receive them. From 8 A. M. to 5 P. M. arms are to be lodged, and Guards are not then to turn out to any Officer *as a compliment*, unless when they may have special orders to do so. Guards are not to *present* to any person not passing within *thirty paces* of their front or flanks, nor are they to get under arms should he be more than eighty paces distant. Whenever an Officer entitled to compliments from a Guard may pass in it's rear, the Guard will remain steady with Shouldered Arms.

71. The Arms of Guards are always to be lodged with *Bayonets fixed*. In *Piling* Arms, Bayonets will be *fixed*. All Guards which are of a less strength than 12 Rank and File are on all occasions of turning out, either for compliment or inspection, to be formed in a single Rank.

72. The compliment of Presented Arms is not to be paid at the instant the Officer or other person entitled to it, passes the Guard—but by the time he is within fifteen paces of it, so that it may be perfectly steady before he comes up.

73. The Commandants of all Minor Guards are to send a report at 4 P. M. to the Officer Commanding the Main Guard, and at other times also when any thing extraordinary happens on or near their Posts.

74. Officers on Guard are to visit their Sentinels frequently during the night—specifying in their Report the particular hours at which they performed this duty. In the Reports of all Guards are to be mentioned, likewise, the hours when visited by Officers, or Rounds. A Non-Commissioned Officer, with a file of men, is frequently to visit the Sentinels during the day.

75. On any Prisoner being committed to the charge of a Guard, the Commandant is immediately to report the circumstance to the Field Officer or Captain of the Day, to whom also he will transmit the charge, when received, after copying it into his own report.

76. No Prisoner once committed to a Guard is to be released but by order of the Field Officer or Captain of the Day, unless instructions to that effect may be received from the Commanding Officer, or his immediate Staff, *direct*. In that case, the Officer will of course yield prompt obedience, at the same time reporting the circumstance to the Field Officer.

77. Whenever a Prisoner may be allowed to quit the Guard for a short time, on any necessary occasion, he must invariably be attended by two or more of the Guard, and it is to be considered as a standing rule that no two Prisoners are ever to go out together.

78 No person whatever is to be permitted to interrogate or hold conversation with any Prisoner without orders from the Field Officer, or other competent authority.

79. The Drummer on duty with a Guard is never to be absent from it on any occasion.

80. All orders given to the Commandants of Guards, either verbally, or in writing, by any authorised Staff Officer, are to be obeyed without hesitation—and a corresponding report to be made to the Field Officer or Captain of the day.

81. No mob, or assemblage of people, is to be allowed in the neighbourhood of a Guard. On any appearance of one, the Guard is to get under Arms, and the requisite measures are to be taken for its dispersion.

82. Whenever a Civil Magistrate applies for assistance to any Guard, it is to be granted immediately.

83. In all Garrisons, the following rules are to be observed in opening the Gates.

On the approach of the Serjeant with the Keys, the Guard will get under Arms—the Serjeant will then unlock all the Gates with the exception of the outer one, the Wicket of which only is to be opened to give egress to a Corporal and a File or two of Men, who will move out and reconnoitre to some distance from the Barrier. On the Corporal returning and reporting that there is nothing extraordinary, the outer Gate will be unlocked. But should any body of men be perceived, the Wicket is to be immediately shut, and a report made to the Field Officer or Captain of the day.

During the Opening and Shutting of the Gates, the Guards are to continue under Arms, their Officers being at their head.

84. All Guards on dismounting are to be marched with the utmost regularity to their Regimental Parades where they are to be dismissed.

85. The Officer of the Guard is to make out two Reports agreeably to Form No. 1. one of which he will give to the relieving Officer at the time of the relief,—the other he will transmit to the Field Officer or Captain of the Day on the relief being completed.

86. Officers making written Reports are to sign them, specifying their Rank, and the Regiment to which they belong.

87. No Guards taken from the regular Troops, wherever posted, are to be exempted from the visitation and control of the Field Officer.

88. Soldiers must never be seen carrying Bundles or Umbrellas when under Arms.

89. Every Regiment in Garrison must have an alarm post assigned to it, to which it will repair in case of fire, or any other extraordinary alarm, either by day or by night.

90. Guards allotted for the security of Jails are not intended to act as the immediate Keepers of the Prisoners confined there, for whose safe custody the Civil Power is responsible.—The Guard is to *support* the Civil Power in the preservation of order, promptly assisting in the repression of any disturbance or attempt at violence, but it is not to furnish details for the purpose of accompanying Prisoners to and fro, nor is it at any time to be employed in the performance of duties pertaining to the offices of Jailors or of Peons.

91. The Military Officer will decide upon the number of Sentinels required, and upon the proper situations for them, but he is to give no orders affecting the Prisoners or other persons connected with the Jail, without the sanction of the Magistrate.

92. The Officers in waiting, as next for duty, who are always to be mentioned in the orders of the Day, are constantly to remain within the Garrison or Cantonment, and should they be absent from their own quarters they must leave word where they are to be found.

93. An Officer is not to be placed in *Charge of a Guard* till he is sufficiently acquainted with his duty. Young Officers are invariably to be put on duty for a sufficient time as Supernumeraries, with those of the Senior Officers from whose advice and *example* they may be expected to derive the requisite knowledge.

94. The attachment of Orderly Soldiers to Officers being solely for the performance of *Military Duties* they are, consequently, on no pretence whatever, to be employed otherwise than upon such duties. They are not to be permitted to look after *Officers' Horses*, nor in any manner to be placed on a footing with the menials of the house. They are, when accompanying Officers, always to move at the regular Military pace, which is never to be exceeded but on occasions of service. They are strictly inhibited from running after Horses or Palankeens. It is not considered their duty to carry an Officer's Arms, which can never be so properly disposed of as by his own side.

95. Neither Guards nor Orderlies, Boys included, wherever stationed, are on any consideration to receive orders from Servants of any description, whether Conicopolies, Writers, Butlers, or others—and it will be the duty of the Staff Officer parading Guards especially to warn the men from receiving or yielding any obedience to orders so communicated.

HONORS TO BE PAID BY GUARDS.

96. The prescribed honors are to be paid by all Guards during saluting hours, that is, from Reveillée to 8 o'clock in the morning and from 5 o'clock to Retreat beating in the evening. This rule is intended for the guidance of *Guards* only—not of *Sentinels*.

97. The compliments to be paid to Local Authorities will always be specified in the orders of the Station.

98. Guards will turn out to all Military Funeral Processions.—On such occasions, they pay no compliments to Officers accompanying such Processions, although they might otherwise be entitled to them, nor is the drum to beat.

99. Should any Officer entitled to the Salute pass at the time of relieving Guards, the senior Officer will give the word to both Guards.

ROUNDS AND PATROLES.

100. Rounds are intended as well for the purpose of preserving order within the boundaries of the Garrison or Cantonment, as of ascertaining that Guards and their Sentries are alert on their posts, and vigilant in the execution of their duty.

101. Rounds are to be gone by the Field Officer or Captain of the Day at any time after 11 P. M. and by the Officer of the Main Guard to the Minor Guards under his orders at any hour, between relief of Sentinels.

102. No compliments are to be paid to the night Rounds, either by Guards or Sentinels, further than standing steady with Shouldered Arms.

103. Patroles composed of a file or two of men under a Non-Commissioned Officer, or Corporal, are to be sent out frequently during the night within the district of each Guard, performing the same duties as Rounds with the exception of visiting Guards.

104. Rounds and Patroles are to quell all riots, and to take up, and give in charge to the nearest Guard, any drunken or disorderly people who may be disturbing the peace of the Garrison or Cantonment.

105. Inclemency of weather can never be admitted as an excuse for the non-performance of the duties above directed. It is precisely at such times that Guards and Sentinels most

require supervision.—Lanterns are not to be carried—they are at all times unnecessary, and are obviously calculated to defeat one principal object of the Rounds.

106. Should the Field Officer of the Day be in a conveyance of any kind, he must quit it on coming within thirty paces of the Guard—and it is to be considered a standing rule that the Officer visiting a Guard is always to inspect the men.

107. Officers of Guards going Rounds, are to do so on foot. They are not permitted to be mounted.

108. Officers of Rounds are themselves to answer when challenged, and the practice of deputing that duty to the Non-Commissioned Officer is prohibited. It is to be observed that Rounds are to go at varied and uncertain hours—and not at the same precise time night after night.

109. The following system is established for the guidance of Guards and Sentinels in the performance of their night duties.

SENTINELS POSTED NEAR GUARDS.

110. On its becoming dark, or after watch-setting, all Sentinels will challenge persons approaching their posts. This is not to be done in a loud bawling tone, which is not only unnecessary, but highly improper—it is sufficient that the person challenged should hear the Sentinel who will modulate his voice accordingly.

111. To Native Troops in particular it should be well explained, that challenging in a louder voice than necessary is by no means a proof of military smartness—on the contrary, it is their duty to keep every thing as quiet and tranquil about their posts as possible.

112. The Sentinel on hearing or seeing any one approaching his post, will front to whatever quarter the person may be coming from, and at the distance of about thirty paces gives the challenge

Halt!

Who comes there?

at the same instant *porting* his Arms. If answered "Friend," he replies 'Pass Friend,' remaining at the *Port*, with his eye on the Stranger, who having passed clear of his post, the Sentinel shoulders and resumes his walk.

113. No Sentinel, whether detached from, or posted near to a Guard, is ever to allow any *Armed Party*, or large body of men, *Armed or Unarmed*, to pass his post without due examination—Should such party, on being challenged, answer "Friend," the Sentinel will order

Stand Friend!

Advance one—give Parole—

saying which, he comes to the *Charge*, and, keeping his eye on the party, allows *one* person only to approach, sufficiently near to converse but not to lay hands upon his Musket. Having received the Parole, or any sufficient information as to the nature of the party, &c. he will order

Pass Friend! All's Well,

resuming and remaining at the *Port* until the party has passed clear of his post.

114. To Patroles he will answer

Stand Patrole

Advance one—give Parole—

which having received, he will order

Pass Patrole—All's Well,

shouldering and assuming his proper front.

115. A Sentinel must allow no one, on any pretext, to approach him sufficiently near to lay hands upon his Musket. Should any person attempt it, the Sentinel will immediately come to the *Charge* and order him to keep clear of his post. Nor, having fronted after challenging Rounds or Patroles, must he allow them to pass in his *rear*.

116. If any person answering "Friend" should wish to enter the Guard Room, the Sentinel will stop him, and call for the Serjeant or Corporal of the Guard, who will judge of the propriety of passing him.

117. If answered

"Rounds"

to proceed thus:

Stand—Rounds—

Guard, turn out—

Rounds!

This last must be said loud enough to rouse out the Guard. The Sentinel will remain with his *Arms Ported*, fronting towards the Rounds, from which he will allow no person to move until the reconnoitring party from his Guard shall desire one to come forward.—On the Commandant of the Guard directing the Rounds to advance, the Sentinel will shoulder and assume his proper front.

DETACHED SENTRIES.

118. The preceding regulations are equally applicable to Detached Sentries, with the exception of those referring to the reception of Rounds.

119. When answered "Rounds,"—detached Sentinels will proceed thus—

Stand, Rounds—Advance one, give Parole—proceeding as above directed for "Patroles."

Having received the Parole, he will order

Pass, Rounds.

All's well.

Shouldering, and assuming his proper front.

120. If answered "Relief," he will order

Stand Relief,
Advance one, give Parole.
Having received which he will order,
Advance Relief, all's Well,

remaining with *Ported Arms* fronting towards the Relief, which, in other respects, will be conducted in the manner ordered for the day time.

GUARDS.

121. All Guards on being ordered to "Turn Out," will do so with the utmost celerity, and *without noise*, at *Close Order*, and with *Shouldered Arms*, not waiting for any word of Command.

122. The Commander will detach a Serjeant or Corporal, according to his strength, with a file of men to reconnoitre.

The Serjeant advances towards the Rounds, "Halts" his men at about ten paces from them, orders "Port Arms," and challenges

Who comes there?
"Rounds."
Stand,—Rounds—
Advance one—give Parole.

The Serjeant then stepping out two or three paces in front of his men, comes to the *Charge*.

Having received the Parole, he runs back, and reports to the Commandant of the Guard.

He then returns quickly to his men, who have remained at the *Port*, watching the Rounds and allowing *no person* to move.

The Commandant orders,

Advance Rounds—and then *takes open order*—On the word "Advance Rounds," the Serjeant orders

"*Shoulder Arms*,"

and wheels back his men.

He who came from the Rounds with the Parole, now returns to his party.

The Officer of the Rounds leaving his escort halted, advances—passing in front of the Serjeant's party, which will stand steady with shouldered arms.—The Round Officer having finished his inspection, the Guard Officer orders,

"*Advance the Escort*."

The Serjeant *then* permitting the Escort to pass, rejoins the Guard with his men, and the Rounds passing on, Ranks are closed, and the Guard is dismissed.

123. All Officers going Rounds are to satisfy themselves, by personal observation, that the men are all present, sober, and properly dressed and accoutred.

124. When a Guard consists of a Corporal and three or four men only, the Corporal himself will advance *with his Sentinel* and reconnoitre.

125. If posted with a Guard of six men, having only one Sentinel, the Corporal will detach two Privates, one of them to act as Corporal.—When there are two Sentinels, he will detach one Private as Corporal with one of the Sentinels.

126. The reply of Rounds to the challenge will be simply "Rounds."

127. Rounds having occasion to pass Sentinels posted over Guards which they may not intend to visit, will, on being challenged, answer "Friend."

Patroles will answer in the same manner.

128. When two Rounds or Patroles meet in the night, that which challenges first receives the Parole from the other, which it will order to stand.

129. Rounds on being challenged should immediately halt.

130. If no answer be made to the Sentinel's challenge, he will repeat it, and demand an instant reply.

131. The Parole, and generally all conversation between Sentinels and others, must be repeated in a low tone of voice.

132. The Parole is to be published in daily Orders, and communicated to all Guards and Sentinels. The countersign may be used in Garrison or Cantonment when deemed necessary, and in the Field—It is intended as a check upon the Parole, for greater security, and is to be communicated to Officers Commanding Guards or Picquets, and to such Commanding or Staff Officers as may be thought requisite.

In selecting words for Parole it should be particularly observed that they are such as can be readily pronounced by both Europeans and Natives. Want of attention to this point may frequently be productive of serious inconvenience.

133. In double Sentries, the right hand man will give the challenge—both will *Port Arms*, the left hand man at the same instant falling to the rear of his comrade, uncovering to the right. The right hand man advances two or three paces to receive the Parole, the other keeping his eye on the party challenged.

134. Sentinels must be particularly cautioned not to challenge without occasion. The practice of bawling out to every passer by at whatever distance he may be, and in whatever direction he may be going, is absurd in the extreme—Sentinels are only to challenge persons *approaching their posts*.

135. Every Native Sentinel must be instructed to pronounce his words slowly and distinctly, *their meaning being well explained to him*, and he must be taught always to enforce the orders of his post without respect of persons.

136. Nothing speaks more conclusively to the real state of the discipline of a Corps than the manner in which its Guards and Sentinels perform their various duties.* These are not mere forms, strict adherence to which may safely be dispensed with—Officers have not now to learn that even in the greatest apparent security and tranquillity the most serious evils have occurred, which, had the Troops on duty been properly alert and vigilant, might have been checked or wholly prevented in the outset. There is indeed no subject which more imperiously demands the unremitting attention of Officers than the manner in which the duties of Guards are performed by the Troops under their command. The most exact adherence must be required on the part of every individual, of whatever rank, to the regulations established for his guidance. As especially calculated to further this end, it is incumbent on Commanding Officers to limit, as much as practicable, the number and strength of the various Guards—bearing in consideration that nothing has a more decided tendency to induce habits of slovenly indifference, than the lavish employment of Soldiers upon unimportant duties. This observation peculiarly applies to the multiplicity of small Guards, which, individually, appear to be but of little moment, and are consequently too frequently distributed with unreflecting profusion while, collectively, they form a great proportion of the total number—and as these Guards are employed upon duties, often unmilitary, and always insignificant, they are attended with consequences the most prejudicial to discipline.—The following Regulations must, therefore, be strictly adhered to.

GUARDS.

General.

137. No Officer inferior to the Commander in Chief is entitled to an Honorary Escort of Cavalry.

138. The only Officers entitled to Guards of Infantry are Officers Commanding Divisions or Forces.

139. The Honorary Guards of Officers Commanding Divisions or Forces shall not exceed the strength of one Serjeant or Havildar, one Corporal or Naigue, and twelve Privates.

140. No Guard shall be allowed to the Office or Quarter of any Staff Officer not having *permanent charge of Treasure*, such as cannot be lodged in any of the Station Guards.

141. Officers Commanding permanent Stations, *not under the rank of Field Officers*, are permitted to have a Sentry from the nearest Guard, or in the event of no Guard being conveniently situated for that purpose, they are allowed a Guard not exceeding one Corporal or Naigue, and six Privates.

Regimental.

142. The strength of Regimental Guards must depend upon local circumstances, but it is the especial duty of Officers in Command to observe that it is never permitted to exceed what is absolutely necessary.

143. No Guards are to be allowed to Regimental Offices, or Artificers Shops.—Should the Regimental *Store Room* be separate and distinct from the Barracks, a Guard may be posted for its security, otherwise not.

144. Regimental Cash Chests are to be lodged in their Barrack or Standard Guards.—No money is ever to be placed *outside* the Chest.

145. The Commanding Officer of the Regiment, *if a Field Officer*, is permitted to have a Sentinel at night from any Regimental Guard conveniently situated, and to which three Privates may be added on that account, or, should no Guard be available for this purpose, a Night Guard of one Naigue and four Privates may mount at Retreat Beating, remaining on duty until Reveillée.

ORDERLIES.

General.

146. Mounted Orderlies are restricted to General Officers and Brigadiers when actually on Military duty.

147. Officers Commanding Divisions, Forces, or Brigades, are allowed one Serjeant, Havildar, or Private from each Regiment at their Head Quarters.

148. Divisional Staff of the Adjutant General's Department, one Private and one Recruit Boy.

149. Divisional Staff of the Quarter Master General's Department, the same.

---

* *Note.*—Particular attention is required to the instruction of Recruits in this part of a Soldier's duty. They should not be simply taught how to Challenge, but they should be made to understand the intention of the Challenge,—and they should be proved in this, that they may learn how to act *out of the regular routine*. For example: the Party acting as Rounds may move on without answering the Challenge—or after halting may again advance or turn back, without waiting for examination—other parties again with advertence to part. 114 should answer as Natives—in these and various other ways the Recruits may be usefully prepared for their actual duties when subsequently posted as Sentinels. All Recruits on first joining the Ranks are to be posted as Sentinels with old Soldiers until sufficiently practised to be posted independently.

150. Divisional Staff of the Adjutant General's Department *conducting the Duties of the Station or Brigade*, one Private, or Recruit Boy, *from each Regiment*, and *one* Drummer or Bugler.

151. Brigade Majors, Fort and Cantonment Adjutants, one Private or Boy *from each Regiment*, and *one* Drummer or Bugler.

152. Field Officers or Captains of the Day, *one* Private.

Regimental.

153. The Officer Commanding a Regiment of Cavalry, is entitled to a mounted Orderly.

154. The Commanding Officer of a Regiment may have one Serjeant or Havildar, if a Field Officer; otherwise, one Private, and one Recruit Boy.

155. Adjutant, one Private and one Trumpeter, Drummer, or Bugler.

156. Orderly Officer of the Day, one Private.

157. Quarter Master, one Recruit Boy—in the Field, one Private.

158. Cavalry are not to furnish any dismounted Guards for Garrison Duty where Infantry form part of the Garrison or Cantonment, unless their employment may be absolutely necessitated by the insufficient number of the latter. Mounted Patroles may frequently be employed with advantage to preserve order and prevent thieving or marauding, in which suitable application of their service they may relieve the Infantry from Night Guards and Piquets.

159. Where European Troops are stationed, they are to take a fair proportion of Guards, with reference to their relative strength, and having regard to the health and comfort of the men, observing that they are never to be unnecessarily exposed to the sun.

160. European Soldiers shall not be employed as Orderlies or as Messengers, *out of doors*, between the hours of 8 A. M. and 5 P. M., unless really necessitated by circumstances.

161. When the Public Service may require it, exposure to the sun must, of course, be encountered by individuals of every rank, but when a little arrangement and due consideration would obviate such exposure, no excuse can be admitted for subjecting the European Soldier to its effects.

162. The Artillery, both European and Native, are to furnish the Park, Magazine, and Ordnance Guards at their Station, as far as the strength of the several Detachments will permit.

163. All Troops employed on the Ordinary Duties of Garrison, whether General or Regimental, are to carry Six Rounds of Ball Cartridge in their Pouches. When stationed beyond the Frontier, Twelve Rounds are to be carried.

164. Cloaks are not to be carried upon Guard or Orderly duties unless when they may be considered necessary for the comfort of the men. In the cold or wet season or at other times when it may be deemed advisable that the men should be cloaked after nightfall, Commanding Officers of Stations will issue orders for their being carried, and will discontinue them again in orders when no longer requisite.

STANDING ORDERS.—GARRISON OR CANTONMENT.

1. The Morning Gun is to be fired at Break of Day, and the Reveillée is at the same time to be sounded and beat by the Trumpeters, Buglers and Drummers of all Guards and Regiments.

2. Taps,—and Drummers', Trumpeters', or Buglers' Call, to be passed from the Main Guard, and immediately taken up by all the Guards and Corps, half an hour before the prescribed time of Guard Mounting.

3. Troop or Assembly to be sounded and beat by all Guards, a quarter of an hour after the Taps have been passed.

4. When the Guards may be ordered to mount from their private Parades and not at the usual hour, the preceding Signals are not to be used.

5. Taps and Calls to be again passed half an hour before sunset:—at sunset the Retreat is to be sounded and beat by all Guards and Corps.

6. Taps and Calls to be passed at half an hour before 8 o'clock.

7. The Evening Gun to be fired at 8 o'clock, at which time Watch-setting and Tattoo are to be sounded and beat by all Guards and Corps, and there is to be no sound or beat between Tattoo and Reveillée for any purpose, except specially ordered by the Commanding Officer, or for an alarm.

8. All sounds or beats from the Trumpet, Bugle or Drum, of the Commanding Officer, Staff, or Main Guard, are instantly to be taken up and passed on by the nearest Corps or Guard. The sounds and beats for all the preceding duties are to be those laid down in the regulations and no variation therefrom is ever to be permitted.

9. All Guards and Corps will take the time of sounding and beating the Reveillée, Retreat, and Tattoo, from the Main Guard.

10. Except on occasions of Public Ceremony or General Assembly of the Troops, no Regiment is ever to be under Arms between the hours of 8 A. M., and 4 P. M. This order applies equally to Recruits.

11. Troops are never to be assembled before the signal for that purpose is given.—When men are, and they invariably should be, accustomed to assemble and form with punctuality and quickness, the time commonly allowed between the Calls will be found amply sufficient.

12. No Corps is ever to exercise on Sundays—and, European Regiments excepted, no Corps is ever to parade on Sundays, but on occasions of necessary duty or service.

13. Unless on occasions of service, or in cases of emergency, no Committees, &c. are to be

assembled on the Sunday, nor are the Troops to be paid nor Offices to be opened for business on that day.

14. Unless dispensed with in Orders on any particular occasion, Garrison or Cantonment Guards are always to mount from the Public Guard Parade at an hour to be fixed by Commanding Officers.

15. Except for honorary Guards, or when otherwise directed upon particular occasions, the Troops will mount guard in light marching order, the European Soldiers being allowed to wear white jackets, according to the season, as may be specified from time to time in Garrison or Cantonment Orders.

16. All Brigades are to be out for Field Exercise, or March, at least three times in the course of the month.—Whenever circumstances may necessitate a deviation from this order, they are to be stated in the Monthly Return of the Brigade or Division.

17. On every occasion of General Parades, Brigade or Line Drills, a Field Memorandum is to be furnished by Commandants to the Brigade Major, or Staff Officer, on reaching the Ground of Exercise. This Memorandum is merely required to shew the number of Files "Under Arms" and the number of paces equal to the front of the Corps or Detachment. The numbers may be filled up in pencil.

18. Intimation is to be given to the Officer Commanding the Division, if residing at the Station, whenever it is intended to have the Brigade out for Parade or Field Exercise.

19. Horsekeepers are not to accompany Officers within the limits of any Parade or Ground of Exercise, during any assembly of Troops.—Horsekeepers of Foot Artillery Officers are the only exceptions which can be admitted to this Order.

20. During the Inspection or Review of a Regiment, no other Corps is to be out at drill, or to fire, near the same ground.

21. Whenever a Corps may require to fire Blank or Ball Cartridge, previous application is to be made through the Brigade Major, or other Staff Officer.

22. Applications for leave for Native Troops to celebrate any Festival are to be made by Commanding Officers of Corps at least two days previous to its commencement.

23. Whenever an Officer may be placed on the Sick or Convalescent Report, or recover, immediate notification thereof is to be given by Adjutants to the Staff Officer.

24. Every Officer's arrival at, or departure from the Station, must be reported to the Staff Officer—if belonging to a Corps, by its Adjutant, if otherwise, by the Officer himself. The report of an Officer's arrival to do duty at a Station, for the first time, must state in the margin the date of his Commission in the Army.

25. Officers on leave of absence at the Station, whether on medical certificate or otherwise, are required whenever they appear out of quarters to be correctly and uniformly dressed—and in all other respects to conform strictly to the established regulations of the Cantonment.

26. It is the duty of Commandants of Corps to take an early opportunity of introducing to the Officer Commanding the Station, and to the Officer Commanding the Division when at such Station, every Officer who may join their Corps.

27. All Pass orders and official papers circulated by the Staff Officer, are to be acknowledged by the signature of the Adjutant or other Officer to whom they are addressed.

28. All official papers, whether Letters, Reports, &c. transmitted to the Staff for the information of the Commanding Officer, with the exception of such as have been otherwise directed, are to be signed by Commandants themselves.

29. Whenever the Adjutant or Quarter Master of a Corps obtains leave of absence, reports sick, or is in any other manner removed from the performance of his duty, the name of the Officer appointed to officiate for him is immediately to be reported to the Staff Officer.

30. At all European General Courts Martial an Adjutant or Orderly Officer is to attend, receiving his orders from the President of the Court,—and at Native General Courts Martial an Orderly Native Officer.

31. The Adjutant or Orderly Officer in waiting at all General Courts Martial, and the President or Superintending Officer of all minor Courts, will report to the Staff Officer every adjournment of the Court.

32. Presidents of Committees, Courts of Inquiry, &c. are always to report to the Staff Officer the completion or adjournment of the duty for which such Committees may have been assembled.

33. The Cazee and Brahmin required to administer oaths to Native Witnesses before Courts Martial are to be provided by the Interpreter.

34. Officers employed on Courts Martial, Courts of Inquiry or Requests, and General Committees, will attend Parades and Drills, Regimental and Brigade, on all days when the Court or Committee may not be ordered to meet—and whenever their sittings may be suspended by adjournment beyond the succeeding day, they will be available for all Regimental Duties, commencing with the day succeeding that of adjournment, which is always to be notified in orders.

35. Committees of Survey will not exempt Officers from any part of their Regimental duty, except when such Committees may assemble at the same time as that ordered for the latter.

36. All Non-Commissioned Officers and men of Native Regiments, not on duty, are to remain within their respective Lines from Tattoo to Reveillee, unless under special leave from

their Commanding Officers, who will grant such indulgence on particular occasions, and to good men only.

37. No Tom-Toms are to be beat in any Cantonment, without the limits of Regimental Lines, after Tattoo, nor within the Lines, after 10 P. M., but by permission of the Commanding Officer, for which application, specifying on what occasion the leave is required, must be made by Adjutants to the Staff Officer at Orderly Hour.

38. Officers Commanding Corps are allowed to grant permission to their men to beat Tom Toms within their own Lines until 10 P. M. but to no later hour.

39. These orders do not apply to the softer description of Native Music—for which no application will be required.

40. The Ghurries of all Cantonments are to be regulated by that of the Main Guard or Commanding Officer, as may be ordered.

41. The orders for each particular Guard, as well as the general rules for all Guards and the regulations for the compliments to be paid to different Officers, are to be plainly translated and legibly written in Hindoostanee, Teloogoo, and Tamil, and hung up in each Native Guard Room. These are to be provided and renewed, when necessary, by the Staff Officer.

42. Officers Commanding will establish such additional Standing Orders in their respective Cantonments as local circumstances may render necessary—copies of which are to be forwarded to the Adjutant General of the Army for the confirmation of the Commander in Chief.

The preceding Remarks will of course be modified as may be necessary.

This Report is to be made out on a sheet of Foolscap Paper, and is to be transmitted to the Officer Commanding the Garrison or Cantonment, *direct*, on the *Relief being completed*.

The preceding Rules are applicable in their *general principles* to all Arms, and they are to be adopted by Corps accordingly.

NOTE.

The following instructions are added in explanation of the forms of Mounting Guard with Colors.

THE TROOP.

Drummers' call on the right—the Band moves to the front of the right subdivision of the Guard which mounts with the Color—Lieutenant and Ensign to the head of the right subdivision—Captain to the right of the left subdivision.

Right subdivision marches off preceded by the Band playing the "*British Grenadiers.*" *Halt*, at the Guard House or place where the Color is deposited—and take open order.

Serjeant Major advances to and uncases the Color—and on its delivery to the Ensign, the Lieutenant orders the Escort to *Present Arms*—and the Band having faced towards the Color, plays "*GOD save the Queen.*"

Arms being shouldered and ranks closed, the Escort marches off at slow time, Band in front playing the *Grenadiers March* until near the left of the line of Guards, when the Band ceases.

The Field Officer then orders the Guards to *Present Arms*—upon which the Lieutenant directs the Escort to turn and file through the ranks. The Band again takes up the time, and moves along the front of the line of Officers—the Officers of the Escort with the Color, passing between the line of Officers and the front rank,—the front rank of the Escort between the front and rear ranks of the Guards—the rear rank of the Escort in rear of the rear rank of the Guards, and the Serjeant Major in rear of the Supernumerary rank.

Having in this order reached the right of the Line, the Lieutenant gives the words, *Front turn, Halt, Dress up—Present Arms.*—Band which has now resumed its station on the right, repeats "*GOD save the Queen.*"—The Field Officer then orders the whole to *Shoulder*—and the Band proceeds with the Troop.

In marching past the Color is carried three paces in front of the centre of the first division, in which station it marches to and relieves the old Guard.
