GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 18*th January* 1840.

The Officer Commanding the Army in Chief directs the publication of the following Instructions relative to Details left behind on their Corps proceeding on Foreign Service, and to Details returning thence to the Coast.

MEMORANDA relative to Details left behind on Regiments of Native Infantry proceeding to the Tenasserim Provinces or to the Straits, and to Details of Sick or Wounded returning thence to the Coast.

I. Prior to embarkation of the Head Quarters of a Regiment, the Officer Commanding will transmit to the Officer in charge of Details at Wallajahbad a transcript from the Regimental Register, and also from the Register of Heirs for Property and Pension, of each man intended to be left behind.

II. When it may be necessary to send men back to the Coast, for the benefit of their health or other cause, either from Regimental Head Quarters or from Out Posts, transcript Registers, as above, are to be transmitted by the Officer Commanding the Regiment to the Officer in charge of Details at Wallajahbad.

III. The following documents are to be delivered, by the Officer Commanding the Regiment or Out Post, to the Officer in charge of the Details returning to the Coast; or, should there be no Officer in charge, to the Captain of the Vessel.

No. 1. A separate Certificate for each man of rations short issued and for which compensation may be due, Form No. 1.

No. 2. A separate List of Regimental Necessaries and other property in the possession of each individual, Form No. 2.

Note. When Bounty Cloaks and Trousers form part of a man's kit, a remark must invariably be appended to this List, stating whether they are, in the event of casualty, to be secured on account of Government or to be considered the man's own property.

Trousers and Cloaks issued by Government as Bounty Clothing, do not become the property of the individuals in whose possession they may be, until the expiration of one and six years respectively from the date of their issue to the Regiment.

No. 3. A Nominal Roll showing the cause of return of each individual, Form No. 3.

No. 4. A separate Pay Certificate for each man, upon which is to be notified whether a Family Certificate has, or has not been granted—and the last stoppage that has been made on that account, Form No. 4.

No. 5. A *Duplicate* General Roll of the Family Certificates of the Detail, Form No. 5.

IV. Men actually discharged and struck off the strength of the Regiment are to be inserted in the Nominal Roll, Form No. 3, which must contain the cause and authority under which the discharge took place—the date of removal from the strength of the Regiment—the date to which paid—whether any and what claims remain unadjusted.

V. No other documents are required for discharged men, except a list of property in their possession, in order to its being secured in case of death; and the documents necessary for the adjustment of any claims that cannot be settled prior to their return to the Coast.

VI. The Papers relating to each man are to be put up in separate bundles and secured by a paper binder bearing the Individual's Rank, Name, and Number.

VII. The documents Nos. 1, 2, 3, 4, and 5, accompanied by a letter stating their number, are to be delivered, by the Officer Commanding the Regiment or Out Post, to the Officer in charge of the Detail, or (should there be no Officer in charge) to the Commander of the Vessel, with a request, that on arrival at Madras they may be put up in a sealed packet, addressed to the Adjutant General of the Army, Fort Saint George, and sent on shore with the Post Office Mails.

VIII. The *Original* of No. 5 is to be transmitted by post direct to the Superintendent of Family Payments.

IX. The Officer in charge is to be instructed to deliver Nos. 1, 2, and 3, to the Adjutant General, and Nos. 4 and 5 to the Superintendent of Family Payments.

X. Should there be no Officer in charge, the Adjutant General, on receiving the whole from the Commander, will distribute them to the proper Departments.

XI. Casualties during the passage and their dates are to be carefully noted on the General Roll of Family Certificates (should their Names be borne thereon) and also inserted on the Nominal Roll, No. 3.

XII. The effects of men who may die during the passage, are to be secured and made over, with a list of their nature and number, by the Officer in charge or by the Commander of the Vessel, to the Town Major, Fort Saint George, and his receipt for the same brought or sent to the Adjutant General, to be compared with the list of property in the deceased's possession when embarked.

XIII. A Duplicate of No. 3, together with any other documents connected with the Details, not specified above, is to be transmitted, through the regular channel, to the Adjutant General, so as to be forwarded by the mails conveyed in the vessel on which the Details are embarked.

XIV. In all cases of men returning to the Coast sick, the history and accounts of the progress of their cases and of the remedies used, are to be sent along with them. If a Medical Officer be in charge, they will be delivered to him, and he will disembark with the sick, proceed to the Presidency General Hospital and deliver the cases to the Surgeon of that Establishment—should there be no Medical Officer in charge, the cases are to be delivered to the Officer in charge, or to the Commander of the Vessel who will, as the case may be, deliver in person, or forward them, with the other documents, to the Adjutant General.

XV. A copy of these Memoranda is, on all occasions, to be furnished to the Officer in charge of Details or to the Commander of the Vessel on which they are embarked.

XVI. These instructions to be considered applicable, as far as circumstances permit, to Details of all branches of the service.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *1st February* 1840.

The following Extracts from the Proceedings of a Native General Court Martial, holden at Kamptee, on Tuesday, the fourteenth day of January, in the year of our Lord one thousand eight hundred and forty, and continued by adjournment, by order of Major General John Woulfe, Commanding the Nagpore Subsidiary Force, by virtue of a warrant of authority vested in him by Major General Sir Hugh Gough, K. C. B. Commanding in Chief, are published to the Army.

Cunniah, Butler to Major Francis Hugh Massey Wheeler, Military Paymaster to the Nagpore Subsidiary Force, placed in confinement by order of Major General John Woulfe, Commanding the Nagpore Subsidiary Force, upon the following Charge.

Charge.—For having at Kamptee, on the seventh day of January, one thousand eight hundred and forty, stolen, taken, and carried away, twenty bottles of beer of the value of fifteen Nagpore Rupees, six case bottles of gin of the value of thirteen Nagpore Rupees, one quart bottle of gin of the value of one Nagpore Rupee, eight Annas, thirty five bottles of English brandy of the value of forty-one Nagpore Rupees, one bottle of French brandy of the value of one Nagpore Rupee, four Annas, two bottles of port wine of the value of four Nagpore Rupees, one bottle of claret of the value of one Nagpore Rupee and eight Annas, six bottles of old tom of the value of nine Nagpore Rupees, and twenty-seven Nagpore Rupees, seven Annas and nine Pice, the property of the said Major Wheeler.

The above being within the provisions of the sixth Article of the twelfth Section of the Articles of War.

By order.
(Signed) T. MACLEAN,
Asst. Adjt. Genl. Nag. Sub. Force.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charge, as well as what the Prisoner Cunniah, has urged in his defence, is of opinion:

Finding on the Charge.—That the Prisoner is guilty of the Charge, with exception of twenty bottles of beer, six case bottles of gin, one quart bottle of gin, thirty-five bottles of English brandy, one bottle of French brandy, two bottles of port wine, one bottle of claret, and six bottles of old tom.

Sentence.—The Court having found the Prisoner guilty to the extent above stated, doth sentence him, the said Cunniah, Butler to Major Francis Hugh Massey Wheeler, to suffer imprisonment for the space of (3) three lunar months, and further to receive a corporal punishment of (50) fifty lashes with a cat-o'-nine-tails on his bare back in the usual manner, at such time and place as the Major General Commanding the Army in Chief may be pleased to direct.

President.

It does not appear that any evidence has been adduced to prove that the Prisoner stole the twenty-seven Rupees, seven Annas, and nine Pice as averred. He acknowledges having received twenty Rupees in amount, and also that a balance of four Rupees, seven Annas and nine Pice remained in his hands, but there is no evidence whatever to show that he was called on to account for this money, much less that he appropriated it to his own use.—This, together with the derangement of the Prisoner's mind, induces me to remit the sentence.

B., Commanding the Hyderabad Subsidiary Force, by virtue of a warrant from Major General Sir Hugh Gough, K. C. B. Commanding in Chief, are published to the Army.

Mahomed Nasser, Havildar, General Number thirty-three, in the B. or Captain Sir John Nichol Robert Campbell Knight's Troop of the Second Regiment of Light Cavalry, placed in confinement by my order, on the following Charges.

Charge.—For conduct to the prejudice of good order and military discipline, in the following Instances:

First Instance.—In having at Camp Jaulnah, on the eighteenth day of December, one thousand eight hundred and thirty-nine, told the Non-Commissioned of his Troop, that if leave was not granted them to celebrate the Neergoonshah festival, they were not to give the customary money to the Facqueers, or to any other feast in future as a mark of their displeasure—and to tell this to their Squads, reporting to him their having done so, thereby endeavouring to create a disaffected spirit amongst the Non-Commissioned of the Troop.

Second Instance.—In having at the same time and place, gone to several Sepoys of the same Troop separately advising them not to give money to any of their feasts unless they got leave for the above named festival, thereby endeavouring to create a mutinous and disaffected spirit among the men of the Troop.

Second Charge.—In having at the same time and place as specified in the First Charge, endeavoured to create a spirit of disaffection generally among the men of the Troop by urging them to apply for leave, he knowing at the same time that leave for the above festival was not authorized in Detachment Orders, having himself as Orderly Havildar read the Detachment Orders specifying the festivals on which leave was to be granted to the Troop on the previous evening.

The above being in breach of the Articles of War.

No. 25 of 1840.—The following General Order by the Honorable the President in Council, is published for the information of the Army.

GENERAL ORDERS by the Honorable the President in Council.

Fort William, 20th January 1840.

No. 9 of 1840.—The following Military Letter from the Hon'ble the Court of Directors to the Governor General of India in Council, No. 3, dated the 11th September 1839, is published to the Army:

"*Military Department.*

No. 3 of 1839.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. We forward to you the copy of a Letter from Lieutenant General Lord Fitzroy Somerset, dated the 5th instant and of its enclosures, bringing to our notice that the arrangements agreed upon and authorized for the promotion and employment of Her Majesty's Lieutenant Colonels serving in India who are senior as such to our Officers promoted to be Colonels and Major Generals, have not been correctly understood.

28th Jany. 1835, *paras.* 1 *to* 9. *19th Decr.* 1837, *para.* 8.

It will be apparent on referring to our Letters of the dates noted in the margin that those Officers of Her Majesty's Service who have been promoted to be local Major Generals are eligible to be appointed to Brigade Commands in Divisions whether their Regiments may be serving in those Divisions or not, "provided "always that no interference be permitted with the Commands on the General Staff allotted to the "Major Generals or Brigadier Generals and Brigadiers of the Queen's and the Company's Forces "respectively."

2. In our Letter of the 28th January 1835, we stated that, if it shall be found impracticable to make either of the arrangements then suggested for the employment of Officers of Her Majesty's Service who might be Senior in a Division to an Officer appointed to the Command of that Division, it would "be indispensably necessary that the Officers so situated should be called upon "to consider of the course they would have to take; and they must have the option of retiring from "the country as they would do if promoted to be Major Generals on a General Brevet and not ap- "pointed to serve on the Staff." We have now to apprize you that local Major Generals so situated may continue to reside in India unemployed like Major Generals in our service, receiving the Pay and Batta of their Regimental Rank, but with the understanding that the Brigade Commands usually allotted to the Queen's Service shall be given to the Queen's Officers available for them at each Presidency according to seniority.

We are, &c."

London, 11th September, 1839.

With reference to the above Letter, the Honorable the President in Council is pleased to declare:

1. That local Major Generals of Her Majesty's Service are eligible under the appointment of

Government for employment as Brigadiers, where Queen's Troops are stationed, provided that such appointment shall not interfere with the Commands on the General Staff alloted to Company's Officers.

2. That the Senior local Major Generals (of the Regiments at each Presidency) are in preference to be so employed.

3. That the Brigadiers term of serving shall be limited, as in the case of Major Generals, to five years: and half the number of years which any Officer may have served prior to the promulgation of this Order, in Command of a Brigade, including any temporary Command of a Division, shall be deducted from that term.

4. That local Major Generals of Her Majesty's Service who prefer remaining in India, in expectation of succeeding by Seniority to Brigade Command, may do so—selecting their residences within the Presidency in which their Regiments are serving, and receiving the Pay and Full Batta of their Regimental Rank.

5. That local Major Generals of Her Majesty's Service must hereafter be held to be ineligible to retain the Command of their respective Regiments and must vacate their Brigade Commands on the departure of their Regiments from India, or from one Presidency to another.

6. That local Major Generals of Her Majesty's Service who have served five years as Brigadiers, are not, without special sanction, to remain in India in receipt of Full Batta, although the Regiments to which they belong may still continue on the Indian Establishment.

7. That these Rules shall have effect from the date of this General Order.

C. B. Commanding in Chief, are published to the Army.

Dennis Connel, Stephen Leo, Patrick Dunn, John Hannan and Vincent O'Hara, Privates doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," confined by my order, on the following Charges.

First Charge.—For mutiny, in having at sea, on the morning of the twenty-sixth of December one thousand eight hundred and thirty-nine, on board the ship "*Mermaid*", together with other men of the Detachment, after having forcibly broken open the After Hatches of the said Ship for the purpose of obtaining liquor; tumultuously and insubordinately rushed in a body and made an attack upon their Officers, and the Officers of the said Ship, among whom were Captain James Sedgwick, Senior Officer Commanding the Ship "*Mermaid*," and myself, then and there assembled in the execution of our office, assailing us with broken bottles and other missiles: and continuing an outrageous assault upon the Officers and Crew of the said Ship, with broken boarding pikes, belaying pins and other dangerous weapons on the Quarter Deck, and after they, the said Officers and Crew had withdrawn themselves to the Poop, threatening their lives and to take possession of the Ship: during which assault, the Prisoner Dennis Connel attempted to stab with a knife Mister John Vansittart Casey, Chief Officer of the said Ship, and William Kingsbury and David Enwen, Seamen, were seriously wounded and injured.

Second Charge.—For having at the same time and place, disobeyed the lawful command of me, their superior Officer, when repeatedly ordered by me to desist from the above mentioned outrageous assault upon the Officers and Crew of the Ship "*Mermaid*" and to return to their Hammocks.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoners Dennis Connel, Stephen Leo, Patrick Dunn, John Hannan, and Vincent O'Hara, Privates lately doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," have severally urged in their defence, is of opinion:

Finding on the First Charge.—That the Prisoners Dennis Connel, Stephen Leo, Patrick Dunn, John Hannan, and Vincent O'Hara, are guilty of this Charge, with the exception of what relates to the Seaman David Bowen, whom the Court finds not to have been seriously wounded and injured, and the Court would substitute the word "threatened" regarding the Prisoner Dennis Connel, instead of "attempted" to stab with a knife Mister John Vansittart Casey, as set forth in this Charge.

Finding on the Second Charge.—That the Prisoners Dennis Connel, Stephen Leo, Patrick Dunn, John Hannan, and Vincent O'Hara are guilty of this Charge.

Sentence.—The Court having found the Prisoners guilty to the extent above stated, doth sentence them, the said Dennis Connel, Stephen Leo, Patrick Dunn, John Hannan and Vincent O'Hara, Privates, lately doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," severally and each to suffer imprisonment for a period of twelve lunar months, three of which are to be solitary confinement, at such place as the Major General Commanding the Army in Chief may be pleased to direct.

(Signed) W. BURTON, Brigadier,

Confirmed.—The fourth, eighth, and twelfth months to be solitary imprisonment.

MADRAS,

(Signed) H. GOUGH, Major Genl.
Commanding in Chief.

It is with extreme reluctance that the Major General Commanding the Army in Chief has confirmed a Sentence so disproportionate to the heinousness of the offences of which the Prisoners have been convicted.

A more flagrant case of mutiny, in a body of men, has seldom occurred, and it is difficult to conceive by what line of argument the Court has come to a conclusion, that a crime punished by all Nations with the most exemplary severity, has been so inadequately dealt with in the present instance.

The mere act of a Soldier raising his hand against authority, renders him liable to capital punishment—How much then is his crime enhanced, when it takes the aggravated form in which it here presents itself. The Court, it is presumed, could not possibly have taken into consideration the lamentable results to be expected from a successful insurrection against authority on the high seas, when it decided upon an award so insufficient in its punishment of the offenders and so ill calculated for an example—the principal end of all punishment!

No palliative circumstances appear on the face of the Proceedings upon this trial, other than the inexperience of the offenders, to account for the Court's lenity, it can only, therefore, be attributed to its unwillingness to award capital punishment, and not having it in its power to sentence to transportation for the particular crimes under the Mutiny Act for the East India Company's Army. But it should have provided punishment commensurate with the crimes of which it had convicted the Prisoners; and any grounds that might induce the Court to wish for a mitigation of its sentence, should have been brought to the consideration of the confirming authority.

In promulgating the present Charges with the Opinion and Sentence of the Court, the Major General recommends to the Prisoners deep contrition for their past conduct, under the consideration that they have only escaped the extreme punishment due to their crimes or an ignominious banishment as felons, by a clemency on the part of the Court by which they were tried, that they had no right to expect or even to hope for.

(Signed) H. GOUGH, Major General,
Commanding in Chief.

Privates Dennis Connel and Stephen Leo to be sent to Vellore; Privates Patrick Dunn, John Hannan and Vincent O'Hara to be sent to Bangalore, by the Officers Commanding which Stations the Sentences awarded to the respective Prisoners are to be carried into effect.

Edward Smith, Patrick Fitzgerald, Daniel Hannan, John Walsh, John McGarry, John Reilly, James Brien and James Duffy, Privates doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," confined by me on the following Charge.

Charge.—For mutinous conduct to the prejudice of good order and military discipline, in the following Instances.

First Instance.—In having at Sea, on the morning of the twenty-sixth of December, one thousand eight hundred and thirty-nine, on board the Ship "*Mermaid*," together with other men of the Detachment assisted in stealing from the hold of the said Ship several bottles of wine.

Second Instance.—In having at the same time and place, in a tumultuous and insubordinate manner made a desperate and unwarrantable attack upon the Officers and Crew of the said Ship, by which several Seamen were severely injured; making use at the same time of highly threatening language.

The above being in breach of the Articles of War.

on board the Ship "Mermaid."

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoners, Edward Smith, Patrick Fitzgerald, Daniel Hannan, John Walsh, John McGarry, John Reilly, James Brien and James Duffey, Privates lately doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," have severally urged in their defence, is of opinion:

Finding on the First Instance of the Charge.—That the Prisoners John McGarry and James Brien are guilty of this Instance of the Charge, of which the Court does acquit the other Prisoners.

Finding on the Second Instance of the Charge.—That the Prisoners Edward Smith, Patrick Fitzgerald, Daniel Hannan, John Walsh, John McGarry, John Reilly, James Brien, and James Duffy are guilty of this Instance of the Charge, with the exception of the word "desperate" and for "several Seamen" the Court would substitute the words "one Seaman."

Sentence.—The Court having found the Prisoners guilty to the extent above stated, doth sentence them, the said John McGarry, to suffer imprisonment for a period of twelve lunar months, three of which to be solitary confinement; the said James Brien to suffer imprisonment for nine lunar months, two of which to be solitary confinement; and the said Edward Smith, Patrick Fitzgerald, Daniel Hannan, John Walsh, John Reilly and James Duffy, Privates lately doing duty with a Detachment of the Honorable East India Company's Troops on board the Ship "*Mermaid*," severally and each to suffer imprisonment for a period of five lunar months, two of which to be solitary confinement, in such place as the Major General Commanding the Army in Chief may be pleased to direct.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *25th February* 1840.

The following General Orders issued to Her Majesty's Troops serving under this Presidency, are published for the general information of the Army.

HEAD QUARTERS:

GENERAL ORDERS. FORT ST. GEORGE, *11th December* 1839.

At a General Court Martial holden at Trichinopoly, on Friday the 11th day of October 1839, Lieutenant Andrew Timbrel Allan of Her Majesty's 57th Regiment of Foot, placed in arrest, by order of the Commanding in Chief, on the following Charge.

Charge.—" I charge Lieutenant Andrew Timbrel Allan of Her Majesty's Fifty-seventh Regiment, with scandalous and infamous conduct, unbecoming the character of an Officer and a Gentleman."

TRICHINOPOLY, *The fourteenth day of September, one thousand eight hundred and thirty-nine.* (Signed) JOHN OVENS, Captain, H. M. Fifty-seventh Regiment.

Upon which Charge the Court came to the following decision:

" The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charge, as well as what the Prisoner Lieutenant Andrew Timbrel Allan, has urged in his defence, and the evidence in support thereof, is of opinion:

Finding on the First Instance of Charge.—" That the Prisoner is not guilty of this Instance of Charge."

Finding on the Second Instance of Charge.—" That the Prisoner is not guilty of this Instance of Charge."

Finding on the Third Instance of Charge.—" That the Prisoner is not guilty of this Instance of Charge, and it does therefore acquit him."

(Signed) GEO. OSBORNE, Captain, D. J. A. Genl. conducting Proceedings. (Signed) J. WILSON, Lieut. Col. 45th Regt. N. I. President.

The Court in coming to the conclusions it has done, feels itself bound to express its full conviction that the Prosecutor has been actuated by no illiberal or malicious motives in bringing the Prisoner forward for trial.

(Signed) J. WILSON, Lieut. Col. 45th Regiment N. I. President.

(Signed) GEORGE OSBORNE, Captain, D. J. A. General.

Remarks.—The General Court Martial for the trial of Lieutenant Andrew Timbrel Allan of Her Majesty's 57th Regiment, has been illegally constituted, it having been entirely composed of Officers in the Service of the East India Company's Army, whereas Section thirteen of the Mutiny Act, merely permits of Officers of that Service being *associated* in Courts Martial with Officers of Her Majesty's Forces. The Major General Commanding the Madras Army has no alternative therefore, but to quash the Proceedings of the Court altogether. In doing this, he feels it unnecessary here to notice several circumstances in the Proceedings affecting individuals, which otherwise he would have considered it his painful duty strongly to comment on.

As the Court appears to have fully entered into the case, both as it affects the Officer against whom the Charges were brought, and also the Prosecution, the Major General deems it unnecessary to order a new trial.

Lieutenant A. T. Allan will be released from arrest and will return to his duty.

3. It is advisable that every European Soldier on embarking, except for short passages, should be provided with a coarse canvass frock or other fatigue dress, to wear while on board, and every Native Soldier and follower, with drawers of cotton cloth sufficiently strong to bear scrubbing.

4. The Officer Commanding Corps, Detachments or Departments with which *public* followers are embarked—and the Masters of *private* followers are responsible that they are provided with a sufficient stock of clothes to insure cleanliness in their persons while on board.

5. It will be the duty of the Officer proceeding in immediate charge of the Troops on each Ship, to make such arrangements as will prevent any delay in the issue of provisions during the first day after embarkation.

6. Every possible preliminary arrangement should be made *before* embarkation, to divide Native Troops and followers into the sections which will have to cook together in the copper pot allotted by Regulation to every 50 men; in this division their wishes and prejudices are to be consulted as much as possible, and due regard paid that persons from the same village or district, and those connected by relationship or previous intimacy, be placed in the same sections.

7. These arrangements can be best made by the men themselves, under the direction of the Native Officers, and superintendence of Company Officers; who will prepare separate rolls of the names of men composing the sections, copies of which in a native character must be in the possession of the Non-Commissioned of the Company.

8. Every precaution should be observed to prevent spirituous liquors being brought on board, to be disposed of among the men.

9. Officers in command of Corps or Detachments or in charge of Departments, will indent on the Commissariat for articles of the description and in the proportion established in the following lists. The indents will be sent to the Quarter Master General's Department, to be checked and passed; when the several articles (with the exception of the hammocks and their appurtenances) will be issued to Corps, Detachments, and Departments before their embarkation.

10. On receiving warning orders to embark for Foreign Service, a Committee composed of two Senior Officers and one of the Regimental Staff, shall be assembled to correct the Registers of heirs to property and pension. It will be the duty of the Committee to explain distinctly to the men the existing regulations on these subjects before entering an heir as "nominated" in the Register

Discipline and interior arrangements on Ship Board.

1. There is no situation in which the Troops more urgently require the personal superintendence and care of their Officers, or in which the strictest conformity to Regulations is more indispensably necessary than on board ship.

2. No Officer is, under any pretence whatever, to quit the ship on which he may be embarked without the sanction of the Officer Commanding on board.

3. When the Troops embarked, are all on *one* ship, the sanction of the Senior Officer is sufficient authority to sleep on shore; but when distributed on different ships, the permission of the General or Commandant of the whole must be obtained through the regular channel, ere any Officer or man can remain out of his ship after 8 o'clock at night.

4. The command on board each vessel will of course be vested in the Senior Officer, to whatever branch of the service he may belong, and he is equally bound to exercise that command, and is responsible for any breach of discipline which may occur, whether the Officers and men embarked with him belong to the same Corps with himself, or are Detachments from different Corps.

5. As soon as the Troops are on board, and before they are dismissed, the Commanding Officer is to see that the Arms are deposited in the racks fitted up for their reception, and that the Accoutrements are placed in order over the men's berths. If cleats or slings are not already prepared, they must be immediately put up.

6. The Commanding Officer will use every precaution to prevent the Arm-racks being damaged or destroyed, and will give the Master a certificate of the state of the Arm-racks upon his embarkation, and receive one on his disembarkation.

7. Berths must be allotted to the men, whether Europeans or Natives, regularly by Companies; and their Packs, and Caps or Turbands, must be hung up near them:—while this arrangement is making, Europeans are to be divided into messes; after which each man is to be shewn his berth.

8. Immediately after reaching the ship, Sentries must be stationed over the cooking places allotted to the several classes of Native Troops, that the customs of each may be preserved from any interference.

9. When European and Native Troops are embarked on the same ship, their cooking places should be on opposite sides of the deck, and the Europeans warned to avoid all contact with those appropriated to the Natives, and even all unnecessary approach to the side of the deck where the Natives are cooking.

10. The water casks are to be placed under a Sentinel, and proper persons nominated as a *tour of duty* to draw and issue the allowance to the others:—one of these is to be in constant attendance, and no other persons to be on any account permitted to supply themselves from the cask appropriated to general use. When practicable, separate casks should be given for Mahomedans and Hindoos.

11. The number of hours during which the caboose or fire place is at the disposal of each particular section of Native Troops, is to be distinctly specified in orders, and no infringement of the allotment, on any account permitted. A Non-Commissioned Officer of the Watch is to be detailed for this especial duty, and he will order the removal of the cooking utensil from the fire place, on being warned by the Sentry that the allotted time has expired.—Should any opposition be offered by the parties employed in cooking, an immediate report is to be made to the Orderly Officer, who must instantly proceed to the spot and direct the removal of the cooking pots from the caboose.

12. The cooking pots are never to be forcibly removed from the fire place, but in the presence, and under the direction of the Orderly Officer.

13. When from particular circumstances the indulgence of being permitted to cook separately is permitted to any of the Hindoos, they must not be allowed to occupy the fire place until after the cooking for the regular sections is completed.

14. Fire wood which is not required for immediate use, is not on any account to be kept near the caboose or cooking places, as such a practice is dangerous, from the liability of the wood to catch fire.

15. All fires in the cabooses of the Troops must be extinguished at sun set, and the fire-places carefully inspected by the Non-Commissioned Officer on duty, to see that all embers have been removed, and that the cooking places and pots are clean, and in good order, and he must report to the Officer of the Day accordingly. Any injury cooking places may have sustained during the day, in the tin lining or otherwise, is to be immediately reported, and prompt measures taken to execute the necessary repairs if practicable.

16. The Non-Commissioned Officers and men, Europeans and Natives, are to be divided into three Watches, one of which is to remain on deck, under charge of a Subaltern, (when 4 are on board), who must also remain on deck during the watch, that the people of the ship, as well as the Troops, may at all times have it in their power to refer to him. The *Officer of the Watch* is distinct from the Officer of the Day.

17. In communication with the Officers of the ship, the watch is to be told off, into parties for the forecastle, waist, and poop, to assist the Sailors in the duties of those stations respectively.

18. The Non-Commissioned Officers and Soldiers not belonging to the Watch, are to be ordered below, when required by the Master of the transport, in order that they may not impede the working of the ship.

19. An *Officer of the Day* is to be appointed on board each transport.—It will be his particular duty to see all orders obeyed, and every regulation for Troops on board the transport carried into effect. He is likewise to be considered as the Officer of the Guard. When the numbers embarked will permit it, a Captain of the Day is to be appointed, to whom the Officer of the Day, and the Subaltern Officer of the Watch, will immediately report any thing extraordinary which may occur.

20. The Officer of the Day is invariably to superintend the cleaning of the berths and decks, and when the duty has been performed, he is to report to the Captain of the Day, or to the Commanding Officer.

21. He will superintend the receipt of the gross quantities of the daily Indent for Provisions. Arrangements should be made with the Master of the transport to obviate the necessity of a re-issue by giving to each Company the requisite portions, in delivering the gross quantities for the whole;—but when circumstances prevent this, the Officer of the Day will superintend the re-issue of the provisions to the several Companies and Detachments. The more minute subdivision of the rations will be made under arrangements by Heads of Companies or Detachments.

22. At dinner time, the Officer of the Day shall see that the messes of the European Soldiers are regularly served, and that the men are orderly at their meals.—Should he observe any neglect in issuing the rations to the Troops, he is to report the same to the Officer Commanding on board, who, if necessary will represent this or any other matters touching the conduct of the Masters of the vessels, to the Officer Commanding the Force. Minutes of all these circumstances should be taken at the time by the Commanding Officer, and kept by him.

23. At 8 o'clock in the evening every man is to be in his berth, except those on Guard and Watch, the Officer of the Day must go round with a lantern, to see that this rule has been complied with.

24. All lights in that part of the ship allotted to the men, are to be extinguished at *eight* o'clock at night, except those over which Sentries are placed :—a report that this order has been complied with, is to be regularly made *at the time* to the Commanding Officer, by the Officer of the Day. The Officer's lights to be extinguished at such hour as may be fixed by the Commanding Officer in communication with the Master of the vessel.

25. A Guard, the strength of which will be regulated by the Sentries required, must mount every morning at *nine* o'clock. In harbour, and at sea in fine weather, the Guard will be exercised with arms previously to marching off.—Such Sentries are to be furnished as the security of the vessel, and the maintenance of order may seem to require. In harbour the Sentries upon deck are to mount with their arms, at sea with their bayonets only.

26. To prevent accidents from fire, the Sentries over the cooking places and caboose, are to have strict orders not to allow fire or light of *any kind* to be taken away without permission. If the number of Troops on board admit of the measure, two Sentries should be posted, one on each side of a caboose.

27. The troops are to parade at o'clock A. M. (the Europeans without shoes and stockings, in warm weather,) when every man must appear clean, his hands, face, and feet washed, and his hair combed :—they are to parade again at half an hour before sun-set.

28. The cooks attached to Europeans are to appear clean on parade, once a day.

29. The Officer Commanding on board each transport, must make an arrangement in concert with the Master of the vessel, for quartering his men, so that in case of alarm, either from fire or an enemy, every man may in an instant repair to his station. In making this distribution, the Commanding Officer must be careful not to have too many men upon deck,—those who are not wanted at the guns, or cannot conveniently be employed with small arms, or in assisting the Sailors, are to be formed as a reserve between decks.

30. The Troops should occasionally be called to quarters, and such portion of them as are allotted to guns, should be frequently instructed and practised in that exercise.

31. The Troops must be inspected in heavy marching order, once in each week, when the Commanding Officer should see that the necessaries are properly packed, and the packs well put on; and ascertain that the whole of the appointments are kept in serviceable condition.

32. The arms and accoutrements must be inspected frequently, the locks oiled, and every care taken to prevent their contracting rust. Each Company Officer is responsible for the care of the arms of his men in this, and every other respect.

33. Regularity and decency of conduct, which are on all occasions highly estimable in the military character, are particularly requisite on board ship, and it is the duty of the Commanding Officer to repress by the most decided and summary measures any tendency to insubordination, —to check every species of immorality and vice,—and to discountenance to the utmost of his power in every individual under his command, whatever may disturb the comfort of others, or interrupt the harmony and good understanding which should subsist on board.

34. On board each ship in which European Troops may be embarked, divine service is to be performed every Sunday, when the weather will permit. The Commanding Officer is to perform this duty, or to commit it to some duly qualified Officer. In addition to the strong motives which in a religious point of view, demand the discharge of so important and sacred a duty, the regular performance of divine service has ever been found to have a most beneficial effect on European Soldiers, both in regard to conduct and cleanliness.

35. When Troops are embarked on *Ships of War*, or other ships regularly commissioned, the Officers and Soldiers whether European or Native, are as enjoined by the Articles of War, to conform themselves strictly to the regulations established for the government and discipline of the ship in which they are embarked, and are for these necessary purposes to consider themselves as under the command of the Senior Officer of the Ship, as well as the superior Officer of the fleet to which such ships may belong.

36. European and Native Soldiers embarked on board *Transports*, are under the immediate command of their respective Officers, and are to be punished by order of the Military Commanding Officer only.

37. Every attention should be paid to requests made by the Commanders of transports, who must always apply to the Commanding Officer for required assistance, and although Native Troops are not to be forced to assist in working the ship, unless on emergency, the Commanding Officer should encourage them to assist on such occasions, and promote harmony and good-will between the Soldiers and Sailors as much as possible.

Health and Cleanliness on Board Ship.

38. The Surgeon or Assistant Surgeon is to examine the men at morning parade, *Europeans and Natives*, for the purpose of detecting any appearance of disease.

39. The sick are to be separated from those in health as much as possible. Upon the first appearance of any infectious disorder, the signal is to be made to the hospital ship, if there be one, and the diseased men removed to her.

40. The requisite medical comforts placed on board of transports, are to be considered as intended solely for the use of sick, or convalescent Soldiers.

41. These articles are placed under the charge of the Medical Officer, who on arrival at his destination is to account for the same to the Superintending Surgeon of the Division, or Force.

42. In warm weather the frequent washing of every part of the body is strongly enjoined as an essential requisite to the preservation of health:—when circumstances will admit of it, two large tubs are to be fixed upon the fore-castle for this purpose. When this accommodation cannot be obtained, buckets of water being poured over the body will prove an efficient substitute.

43. The European Soldiers are to wash, comb and brush their heads every morning;—they are to be shaved, and put on clean shirts, twice a week at least; and it is essential that they should be furnished with the means of changing their clothes when wet.

44. It is also of great importance to the health of the Native Soldiers and followers to encourage and insist upon the preservation of cleanliness in their persons and clothes.

45. The hammocks of Europeans, and the carpets, pillows and other loose articles of dress which are about the berths of Natives, are to be rolled up in the carpet and neatly and uniformly tied, in readiness to be brought on deck at the ordered hour, which when the weather permits should be before 7 o'clock in the morning.

46. The bedding being brought up, the men are to sweep, scrub, and occasionally scrape the berths and decks.—The morning Watch will assist in washing the upper decks previous to the bedding being brought up,—but no washing between decks is to take place oftener than once a *fortnight*, and then only when the weather is dry.

47. As a general rule the bedding is to be taken down at sun-set; but on the appearance of bad weather at any hour, it should be instantly taken below.

48. The Master of the transport should be required to have windsails made immediately after the Troops are embarked, (if not already provided,) and they should be constantly hung up. These sails throw a stream of cold air between decks, and it is not an unusual practice amongst the inexperienced Soldiers to tie them up at the bottom, by which their salutary effect is defeated. The Serjeant or Havildar of the Watch will be responsible that they are always kept clear at the foot, and that their mouths are turned to the wind.

49. No smoking is to be allowed between decks, nor any lights, except in lanterns.

50. The frequent fumigation of the ship is deemed highly material to prevent disease arising from confined air.

51. In fumigation the following ingredients should be used: common salt four ounces, oxid of manganese in powder one ounce, sulphuric acid one fluid ounce, and water two ounces. The water and acid must be mixed together, and then poured over the other ingredients in a bason, which should be placed in a vessel of hot sand.

52. Great attention is to be paid to the cleanliness of the privies;—buckets of water are to be thrown down frequently in the day to prevent the soil from sticking to the sides of the ship.

53. Exercise being indispensably necessary to the preservation of health, every encouragement must be given to the men to use such as may be found practicable: but as the space on board a transport does not admit of the whole of the Troops receiving a due portion of exercise at once, the Commanding Officer will cause squads of twenty or more, in succession, to move round the vessel in double time, each squad for ten or twelve minutes, so that the whole may receive a certain degree of exercise. This is to be practised when circumstances will permit, for an hour in the forenoon and for the same time in the afternoon.

54. The greatest care should be taken that the coppers and cooking utensils are well, and regularly cleaned, both before and after use.

Provisions and Rations.

55. The duty of preparing indents for the gross quantity of rations for the Troops and Followers public and private, devolves on the Officer in immediate charge of the Troops on board each ship, or his Staff, according to circumstances. The numbers indented for must be specified in *words and figures* in all indents.

56. Officers Commanding Companies and Detachments will deliver to the Senior or Staff Officer early every morning, a Memorandum of the number of men and followers attached, for whom rations for the day are required; and when the general indent is prepared, the signature of each must be affixed to it as in Form No. 2.

57. A Register of the numbers for whom provisions are drawn, is to be kept by Officers in charge of European Troops, Form No. 3, and when the Head Quarters of a Company are on board, this Register is to be entered in its Pay Abstract book.

58. The daily drawing of provision rations should be so arranged, that the evening and morning meals may be provided for by one issue.

59. The spirit rations for Europeans to be issued twice a day, as required for *instant* use.

60. On occasions when it may be considered necessary to issue extra liquor or provisions to Troops, the superior Commanding Officer sanctioning the supply, is held exclusively responsible for the same, and that the particular circumstances of the case be promptly reported for the information and decision of superior authority.

80. No arrack is to be issued beyond the regulated allowance, except under a public order from the Officer Commanding the Force, and if he shall direct any to be delivered to the Officers for their own consumption, they must pay for it at the rate of 10 rupees and 8 annas per gallon, the indent to be countersigned by the Officer Commanding, or by one of his Staff under his authority.

By order.

(Signed) TH. MACLEAN,
A. A. Genl. N. S. Force.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charge, as well as what the Prisoner, Lieutenant Henry Ratray Hall Steer of the First Madras European Regiment, has urged in his defence, and the evidence in support thereof, is of opinion :

Finding on the Charge.—That the Prisoner is guilty of the Charge, with the exception that the Prisoner was not in charge of the G. Company First Madras European Regiment, when he originally possessed himself of the Wife of Private Glanville, and that she was not kept in concealment.

Sentence.—The Court having found the Prisoner guilty to the extent above stated, doth sentence him, the said Lieutenant Henry Ratray Hall Steer of the First Madras European Regiment, to be suspended from rank, pay and allowances for the period of (3) three months, to commence from such time as the Major General Commanding the Army in Chief may see fit to direct.

D. J. A. Genl.

(Signed) C. G. ALVES, Lieut. Col.
49th Regt. N. I.
President.

Confirmed.

Lieutenant Steer's previous conduct makes it the painful duty of the Major General Commanding the Army in Chief to confirm the Sentence of the Court, although he does not consider it commensurate with the extent of the crime of which the Prisoner is found guilty, a crime so prejudicial to discipline and so destructive of that confidence with which a Soldier should ever look up to his Officer.

The suspension from rank, pay and allowances to commence from the day on which this Sentence is communicated to the Prisoner, Lieutenant Henry Ratray Hall Steer.

The Medical Officer objecting to pass a Recruit who had previously been passed by another Medical Officer, is to state fully in writing his reasons for so doing.—If the Military Officers concur in rejecting the Recruit, he is to be discharged as directed in para. 16.—If not, their reasons for considering the man eligible are to be recorded and forwarded with the Medical Officer's dissent through the regular channel, for the decision of the Officer Commanding the Division or Force.

Should the Officer Commanding the Division or Force consider the Man ineligible, he will order him to be discharged; if otherwise, the Recruit is to be considered as permanently enlisted and a remark is to be inserted opposite his name in the Register of Enlistments attached to the Monthly Return, accounting for his fitness not being certified by the Medical Officer.

Whenever the Medical Officer assigns specific *Medical* reasons for objecting to a Recruit, the Military Officers should defer to his judgment; but when no such grounds are urged and the man appears to them eligible, they should invariably refer the case as directed. GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN;

1ST APRIL 1840.

The Right Honorable the Governor in Council having addressed the subjoined Orders to The Officer Commanding the Army in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 31ST MARCH 1840.

No. 51 of 1840.—The following General Order by the Right Honorable the Governor General in Council, is published for the information of the Army.

GENERAL ORDERS by the Right Honorable the Governor General in Council.

FORT WILLIAM, *4th March* 1840.

No. 50 of 1840.—The following Rules, published in the Financial Department, under date the 29th January 1840, are promulgated for the information of the Army.

FORT WILLIAM: *Financial Department, the 29th January*, 1840.

The following Rules for the grant of leave of absence and for regulating deductions from Salaries and Deputation Allowances having been approved and passed by the Hon'ble Court of Directors are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the *Gazette* containing them in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application to cases not specifically mentioned.

Rules for application for leave of absence and for fixing the local limits within which it may be granted.

Note.—This rule must be considered as superceding the rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant leave of absence in Bengal.

Sec. 1. No leave of absence from any Office or Station can be granted, but by the Government of the Presidency under which the employment is held, and in the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted. The application must be made publicly through the regular channel in the Department to which the applicant may belong.

Sec. 2. The official allowances of the holder of a Civil Office quitting his Station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave to the date of such leave being granted to him.

Sec. 3. No leave of absence shall have any retrospective effect except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section 5.

Sec. 4. Upon application duly made the Government of each Presidency may grant leave of absence to any place or places in the Continent of India, whether within the Territories subject to the Government of the East India Company or not to any Civil or Military Servant holding a Civil appointment, subject to all the conditions prescribed in the rules that may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons subject to the like conditions, to proceed to the Island of Saint Helena, the Colony of the Cape of Good Hope, or to any place situate between the 36th Degree of North Latitude and the 50th Degree of South Latitude, such place being likewise between the 30th and the 180th Degrees of Longitude East of Greenwich, excepting however any Islands in the Mediterranean or Levant, and excepting all places within the said Geographical limits which may form part of Europe. Provided also, that if at any time the Government of India shall deem it expedient to exclude any place or places within the limits above described from the operation of these rules, such exclusion shall be officially communicated to the subordinate Governments, and all leaves subsequently granted shall be regulated accordingly. A Servant passing the limits herein prescribed will incur the immediate forfeiture of his office or employment, and of all official allowances whatever from the date of his quitting India.

CHAPTER 2.

Rules for Sick Leave.

Sec. 5. When an application for leave of absence is made on the ground of ill health it must be accompanied by a Certificate from the Medical Officer by whom the applicant has been attended, distinctly stating from the personal observation the nature of the disease, the symptoms by which it is manifested, the period during which it has existed as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place either within the Territories subject to the Government of the East India Company or beyond them, but within the limits laid down in Section 4, as the case may be, and such Certificate must be submitted to the consideration of the Medical Board, and if satisfactory shall be countersigned by one of its Members. An application for an extension of leave must, if the applicant be in India, be accompanied by a Certificate from

the Medical Officer by whom the applicant is attended, shewing sufficient reason for the extension solicited, and such Certificate like the former must be examined and countersigned by a Member of the Medical Board. If the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a Certificate to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance and the period of it to be stated, and the Certificate to be countersigned by the principal Medical Authority of the Colony or Country. When any of the required particulars are neglected leave will be refused.

Sec. 6. Civil Servants absent from their Stations under Medical Certificate will be entitled to the Salaries of their respective Offices subject to the following deductions. If the Salary exceed Rupees 2,000 per mensem, one-sixth for the first year and for the second year one-fourth. If the Salary do not exceed Rupees 2,000 per mensem, one-eighth for the first year and one-sixth for the second. But if the Salary of Office be not more than Rupees 500 per mensem no deduction shall be made for the first year, and if it be only so much more than the prescribed deduction of one-eighth would reduce the allowance below Rupees 500 per mensem, only the excess beyond Rupees 500 shall be deducted. For the second year the absentee shall become liable to the deduction of one-eighth. An absent Servant shall in no case retain any office or employment, nor be permitted to draw any portion of Official Salary for a longer period than two years, but a Civil Servant who may on account of sickness, duly certified, obtain an extension of leave beyond two years, will, if below the rank of a Senior Merchant, be allowed to draw the subsistence allowance of a Junior Merchant, and if a Senior Merchant the subsistence allowance of his rank; but if he continue absent in disobedience of an order to return or without sufficient cause shewn, *that* allowance also will be forfeited. The period of absence shall be computed from the date at which the absentee shall quit the limits of the Territories subject to the Presidency to which he may belong, to the date of his return within such limits, or if he shall proceed beyond sea from the date of his embarking at any place or port in India which is not more distant from his Station than the ports of his own Presidency; but if the place to which he shall proceed shall be within the Territories subject to such Presidency, his period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. 7. Civil Servants absent on leave on account of sickness, duly certified, if they proceed to England without returning to their Presidency, may as heretofore, apply to be admitted to Furlough by the Hon'ble the Court of Directors, and the Furlough will in such cases take effect from the date of leaving their Presidency, consequently the allowances of office that may have been drawn by themselves or by their Agents after their departure, must in that case be readjusted, and the difference refunded.

Note.—This rule applies to all descriptions of leave on account of health excepting those granted under Sec. 12.

Thus a second leave within the Presidency no less than a second leave to sea will be computed as forming part of the period of two years, if taken before three years have elapsed since returned from the first leave, and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken without the intervention of three years of consecutive service.

Sec. 8. No second leave will be granted to any Civil or Military Servant holding a Civil Appointment who has been absent under the above rules for two years, until three years at the least shall have passed after the date of such Servant's return, but if such a Servant is compelled by sickness again to absent himself from his Station within three years after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, of drawing the proportion of Salary allowed for the remaining time as if the leave had been continuous.

Sec. 9. Military Officers employed in the Civil Department and drawing a Civil allowance may obtain leave under Medical Certificate on precisely the same conditions as Civil Servants except as to allowances. Such Officers, in common with those holding Staff Situations in the Military Department, will draw the Military Pay and Allowances of their rank while absent on leave under Medical Certificate, in the form and manner prescribed in General Orders, in the Military Department, and likewise one-half of the difference between such Allowances and the Civil Pay of the Offices to which they stand appointed.

Sec. 10. Civil or Military Servants holding Civil appointments who may desire to avail themselves of the benefit of the Act 1. Vic. Cap. 47, and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn, either by the Agents at the Presidency or by themselves in case of their proceeding to Europe on Furlough or otherwise coming under retrenchment.

Sec. 11. The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave, but Servants not availing themselves of the indulgence in any one year may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of 22 months from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may in like manner be granted at the expiration of 33 months from the termination of the last preceding leave. But no leave shall be granted under this rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this rule, he shall, if absent on private affairs, be subjected to the deduction of one-third of his Salary and Allowances for the entire term of absence, and if he shall continue absent for more than one month beyond the term granted, his Office shall become vacant. If

his protracted absence be occasioned by sickness, the case must be determined under the Provisions of Chapter 2.

Sec. 12. The Government of each Presidency may on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office, special leave of absence on private affairs. Provided however, that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the absentee if a Civil Servant shall for the period in excess draw no more than one-half of his Salary and Allowances, and if a Military Officer only so much of the Salary and Allowances of any Civil Office to which he may stand appointed as added to the Military Pay and Allowances which he may be entitled to draw shall equal one-half of the emoluments of such Civil Office. After an absence of three months (exclusive of any period which may be granted under Sec. 11) any Office held by the absentee shall become vacant. No second leave under this rule can be granted until after the expiration of five years from the termination of the former leave, and the Government is specially to report each case with all the attendant circumstances to the Court of Directors.

Chapter 4.

"Rules for leave preparatory to embarkation and for joining Stations."

Sec. 13. For embarkation to Europe on furlough or with leave under Medical Certificate, or preparatory to retirement from the Service, a Civil or Military Servant holding a Civil appointment may take leave under such of the preceding Rules as may apply to his case. If an Officer desirous of retiring or about to proceed to Europe on furlough, shall not under the previous rules be entitled to any leave of absence, special leave may be granted him for one month if the distance of his Station from the Presidency or the Port at which he shall intend to embark shall not exceed 300 miles, for two months if the distance be more than 300 and less than 600 miles, or if for three months if it shall exceed 600 miles, but such leave can only be granted under Medical Certificate—and the Absentee, if a Civil Servant, shall be subjected to the deduction of one-third of his Salary and Allowances if not more than 2,000 Rupees per month, and of one half if they exceed that sum. At the expiration of such special leave it may be renewed for one month, subject to the same deductions on satisfactory evidence being produced that the Servant has been prevented leaving India either by severity of illness or by the difficulty of procuring a passage, but no further leave can under any circumstances be granted. A Military Officer holding Civil employment who may obtain special leave under this Rule shall draw only so much of the Salary of his Civil Office as added to his Military Pay and Allowances will equal one-half of his Civil emoluments. If a Civil or Military Servant holding Civil Office who may have obtained leave with the intention of embarking for Europe on furlough, or retiring from the Service, shall subsequently abandon the intention and return to his Station, his absence will be regulated under such of the Rules in Chapters 2 and 3 as may be applicable.

Note.—This rule is only applicable to Civil Servants. Military Officers appointed to Civil Office will draw Salary only from the date of joining as heretofore, the rule in force in respect to Staff Situations being applicable to them.

Sec. 14. There shall be allowed to Officers appointed to any new Office the periods of one month, two months or three months for joining accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the last mentioned distance. Officers not joining their Station within the said periods respectively shall forfeit their Salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the Office shall be vacated unless otherwise specially ordered by Government.

Sec. 15. Upon the first appointment of any Civil Servant who shall be reported qualified for the Public Service by the Examiners appointed by the Government, to any Civil situation, there shall be allowed for travelling expenses to the Station an allowance at the rate of 8 Annas per mile by the direct Post road according to the Polymetrical Tables of the Post Office, the Bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the Station; if required in advance an order of the Government shall be necessary.

Sec. 16. The Salary of Office will be payable from the date only of the Officer joining, but in the case of Junior Civil Servants, the Salary of Assistant will be payable from the date of their being reported qualified for the Public Service, unless forfeited under the preceding rule through delay in joining the Station to which they may be appointed.

Note.—This Rule also is only applicable to Civil Servants. Military Servants drawing as in the case of Staff Situations no Civil Salary from the time of leaving one Office till the date of joining the other.

Sec. 17. In case of a change of office when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the Rule No. 14, regulating the time and distance for joining Stations shall be applicable, and the Officer will, for the periods allowed in that rule, respectively, draw out of the salary of the office he is about to join a sum equal to that of his previous situation.

Chapter 5.

"Rules for Deputation Allowances."

Sec. 18. The sum of Company's Rupees 52,200 per annum, having been fixed under the orders of the Court of Directors, as the Maximum Salary of Civil Office for the Offices of Government

under the situation of Member of Council—Civil and Military Servants holding Office in the Political Department, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance in consideration of the necessary expences of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum, shall remain as a local addition to the usual Deputation Allowance to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Note—This Rule will equally apply in case of a Political Resident taking a leave of three months for which in other cases he would suffer no deduction. The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Sec. 19. Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an office according to the following scales, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants out of Employ.

When the Salary of the Officer does not exceed	Per Mensem	
Company's Rupees 800	400	When Deputation Allowance shall be in excess of any subsistence Allowance of the Civil or Military Officers according to his rank.
Exceeding.....800 / Not exceeding 1,600	500	
Exceeding .....1,600 / Not exceeding 2,900	700	Ditto ditto
Exceeding.....2,900	1,500	Ditto ditto

To Civil Servants holding an Office of inferior Emolument when Officiating for a Superior.

When the Salary of the Office does not	If the Office be at the same Station.	If at a different Station.	
Exceed.....Rs 800	Co.'s Rs 130	Co.'s Rs 260	Which Allowances shall be in excess of the entire Salary of Office the person deputed may be receiving.
Exceeding..... ,, 800 / Not exceeding.... ,, 1,600	,, 160	,, 320	
Exceeding..... ,, 1,600 / Not exceeding.... ,, 2,900	,, 270	,, 420	
Exceeding..... ,, 2,900	,, 375	,, 525	

Note,—Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent Military Allowances, and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the absentee, but when acting for a Civil Servant, they will draw at the rates of this table and under the same rules as Civil Servants.

A Civil Servant acting for another will have no claim to Commission or Fees, where any such sources of emolument exist. These will be regarded as forming part of the income of the Officer to be relieved by the occupant subject to the prescribed deductions. The grant of special Allowances—of Allowances to Commissioners, and other Officers for travelling expenses, and to Officers of Districts or Assistants, when employed on Settlement or special Police Duties, will be regulated by a supplemental set of Rules.

Sec. 20. No Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the Deputation Allowance according to the prescribed scale added to the permanent emoluments of the Officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn. But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an Officer holding two appointments on being deputed to officiate for another shall be relieved only from one, he shall receive no Deputation Allowance unless the emoluments of the office in which he is deputed to act, exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Sec. 21. No Subordinate Officer acting for his Principal or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of three months, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. 22. A Civil Servant out of employment, if deputed to act at a distance and Civil Servants having permanent employment, who may be so deputed and who may be restricted by any provision in these rules to the allowance of their own office, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment. When the entire sum received as Deputation Allowance may fall short of that which, according to the distance would be allowed for travelling expenses, the difference may be drawn. In all cases of absence under Medical Certificate, and in cases of absence on private affairs, when the absent Officer shall not be subject to deduction, such payments shall be made at the charge of the Government.

CHAPTER 6.

"Rules for Chaplains and Assistant Chaplains."

Sec. 23. Chaplains and Assistant Chaplains may, under Medical Certificate, obtain leave of absence subject to all the deductions, conditions and limitations prescribed in the case of Civil Servants, but no Chaplain or Assistant Chaplain can be permitted to draw any allowance, when his period of absence shall have exceeded two years.

Sec. 24. The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentee may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one half of their Allowances, and after an absence of six months, (in addition to any leave granted under the succeeding Rule,) all Allowances shall be discontinued.

Sec. 25. Leave of absence for one month in each year, or for two or three months as the case may be, under the principle sanctioned in Sec. 11, may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functuary performing the duties of an Archdeacon or Commissary; and such leave being consistent with the rule will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information of every leave so granted by the Bishop or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government for the purpose of notification in the *Gazette*.

Sec. 26. For embarkation on furlough, or sick leave, or with the intention of retiring from the Service, Chaplains and Assistant Chaplains are entitled to the benefits of Sec. 13 on the same conditions on which they are enjoyed by Civil Servants.

Sec. 27. On joining a Station in the interior after arrival in India, a Chaplain or Assistant Chaplain will be allowed the same rate of travelling charges, and be subjected to the same rules in respect to joining his Station as a Civil Servant. On any subsequent transfer from one Station to another, the same allowance will be made if the transfer take place not at the desire of the Chaplain removed, but by order of Government.

Officers of the Assay Department.

Sec. 28. The Assay Master and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under sick certificate, or on private affairs, subject to the conditions in the Rules forming Chapters 1 to 5. The Absentee if in the enjoyment of any Military Pay or Allowance will, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employments. If not a Military Officer, the Absentee will be subject to the same deductions as a Civil Servant under similar circumstances, but no Officer of the Assay Department can be permitted to draw any portion of Salary for a longer period than two years if absent under sick certificate, nor for a longer period than three months, (exclusive of any period granted under Sec. 11,) if absent on private affairs.

By order of His Excellency the President in Council.

6th April 1840.

The following Extracts from the confirmed Proceedings of a European General Court Martial, holden at Kamptee, (being an appeal to a European Court, under the provisions of Regulation III of 1829,) on Monday the sixteenth day of March, in the year of our Lord one thousand eight hundred and forty, by order of Lieutenant Colonel Charles George Alves, Commanding the Nagpore Subsidiary Force, by virtue of a warrant of authority vested in him by Major General Sir Hugh Gough, K. C. B. Commanding in Chief, are published to the Army.

Charge.—For having at Hussingahbad, on two several occasions, viz. on or about the eighth day of September, one thousand eight hundred and thirty-nine, and on or about the twelfth day of October of the same year, submitted direct to the Adjutant General of the Army, two written Petitions, containing complaints of grievances against his superior Officers; such complaints not having been previously submitted to the Regimental Authorities, in the manner prescribed by the fifth Section of the Articles of War, and by the Standing Orders for the Native Army.

The above being in breach of the Articles of War.

The Court having most maturely weighed and considered the whole of the evidence adduced in

support of the prosecution on the Charge, as well as what the Prisoner, Havildar Rungiah, has urged in his defence, and the evidence in support thereof, is of opinion :

Finding on the Charge.—That the Prisoner is guilty of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, doth sentence him, the said Rungiah, Regimental Number fourteen, Havildar in the F. or Captain Henry Wakeman's Company of the Forty-second Regiment Native Infantry, to be reduced to a Private Sentinel.

(Signed) M. S. OTTLEY, Lieut. Interpreter to the Court.

Approved.

In confirming the Sentence on Havildar Rungiah of the 42d Regiment N. I. the Major General Commanding the Army in Chief feels it necessary to remark, that the long standing of the Prisoner would appear to refute his plea of ignorance of the meaning of the fifth Section of the Articles of War.

That Section sanctions a complaint being made to the General Commanding in Chief, upon the responsibility of the Complainant, when redress is refused by the Regimental Authorities : but the Prisoner was perfectly aware, that not only the usages of the Service, but that the Standing Orders for the Infantry, distinctly point out the channel through which appeal is to be made. An adherence to this is absolutely necessary to maintain that chain of responsibility which is so essential to the Soldier himself, and which links the whole Military machine.—It is only when the Regimental Authorities refuse or neglect to forward such appeal (which was not the case in this instance), that an Officer or Soldier is justified in submitting his appeal direct.

The Prisoner, Havildar Rungiah, under a wilful misapplication of a specific Article of War and in direct opposition to the Standing Orders of the Army, falsely maligns the characters of several Officers and Non-Commissioned Officers of his Regiment, for which the Court has most justly reduced him to the Ranks.

Dennis McCarthy, General Number one thousand two hundred and fifty-seven, Gunner in the B. Company of the First Battalion of Artillery, placed in confinement by order of Major Frederick Bond, Commanding the same Corps, upon the following Charges.

First Charge.—For conduct to the prejudice of good order and military discipline, in having at Secunderabad, on the twenty-seventh of March, one thousand eight hundred and forty, feigned disease, thereby endeavouring to evade his duties as a Soldier.

Second Charge.—For having at the same place, on the following day, refused to attend at the Orderly Room for the purpose of having the above offence enquired into; when repeatedly ordered to do so by Serjeant David Carmody of the same Battalion, thereby disobeying the lawful command of his superior Officer.

Third Charge.—For having at the same time and place, been found deficient of a regimental carpet part of his Regimental necessaries, he having sold or lost the same designedly or through neglect.

The above being in breach of the Articles of War.

(Signed) F. BOND, Major, Comg. 1st Bat. Arty. and Arty. H. S. Force.

By order.

(Signed) T. MACLEAN, A. A. Genl. H. S. Force.

With reference to the order of Government No. 35, dated the 11th January last, I have the honor, by desire of the College Board, to transmit, for the purpose of being laid before the Right Honorable the Governor in Council, the annexed copy of a communication from the Mahratta Translator to Government, under date the 24th Instant, forwarding his report on Captain Losh's examination in the Mahratta language; in which he appears to have attained a degree of knowledge seldom acquired; and which places him in the highest rank of Mahratta Scholarship.

COLLEGE,
25th March 1840.

OPINION.

It is the opinion of the undersigned, formed upon his estimate of the performances above detailed and herewith transmitted for the review of the College Board, that Captain Losh has acquired a solid and extensive knowledge of the Mahratta language in its purest written and colloquial forms and as a Student, has attained to a classical pre-eminency.—That to become an efficient official or man of business, he must conjoin with his present attainments a competent knowledge of the familiar rough hand communication which are written in the Shekuste Mor character and expressed in the corrupt dialects of these Provinces in arzees and correspondence and exhibited in the common forms of Revenue and Judicial Proceedings.

(Signed) JOHN CRISP,
Mah. Transr. to Govt.

The Right Honorable the Governor in Council has perused with much satisfaction the report of the Secretary to the College Board upon the examination of Captain Losh in the Mahratta language. The praise due to Captain Losh, for the solid and comprehensive knowledge of that language which he has acquired, is enhanced by the extraordinary circumstance of the Mahratta being the sixth language in which Captain Losh has passed an examination, and his attainments in all have proved to be of the highest order.

Resolved that the Report above recorded be brought to the special notice of the Honorable the Court of Directors.

(Signed) S. W. STEEL, Lieut. Colonel,
Secretary to Government.

Captain W. F. Du Pasquier of the 17th Regiment N. I. is appointed a Member of the Committee assembled at Fort St. George upon claims to Pension, &c. of which Captain J. W. Goldsworthy of the 1st Regiment N. I. is President, in the room of Lieutenant W. K. Babington of the 17th Regiment relieved from that duty.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *30th April* 1840.

1. The following portions of the "Orders and Regulations for the Judge Advocate General's Department," dated 1st May 1832, are published for general information and guidance.

PART I.

European Courts Martial.

I. Act. 4. Geo. IV. Cap. 81. and the Fourteenth Section of the European Articles of War contain the principles on which Courts Martial, both General and inferior to General, for the Trial of European Officers and Soldiers, in the Service of the East India Company, and all persons whatsoever governed by those Articles, are to be constituted and their Proceedings conducted.

II. His Excellency the Commander in Chief directs that *Six Weeks* be considered the extreme period for which Imprisonment is to be awarded by the Sentence of any European Court Martial inferior to General.

III. Instances having occurred wherein the Prosecution upon Trials before *European* Courts Martial inferior to General has been, irregularly, conducted *by the Court itself*; this practice is strictly prohibited, as being unauthorized and contrary to the established usage in conducting Trials before Military Courts.—By the Articles of War a Public Prosecutor has been provided, upon Trials before all General Courts Martial, in the person of the Judge Advocate; and, with reference to the peculiar constitution of Native Military Courts, a similar provision has been made, upon Trials before Native Courts Martial other than General, by attaching thereto an European Officer to conduct the Proceedings; but the case is different upon Trials before Minor European Courts Martial, where there is neither Judge Advocate nor Superintending Officer to officiate as Public Prosecutor; and, upon such Trials, therefore, it is essentially requisite to the regularity of the Courts Proceedings that the Officer signing the Charge should appear in Court to conduct the Prosecution, or, failing such Officer, the Regimental, Line, Cantonment, or Fort Adjutant, as the case may be, whose duty it is to attend Courts Martial for such purpose.

IV. Interpreters, when in attendance upon *European* Courts Martial, are not, on any account or under any circumstances, to be considered as forming an integral part of the Court, to be present when the Court is closed, or to sign the Proceedings, as in the case of *Native* Courts Martial: they are merely to attend the Court, and to afford their services if required so to do.

V. When it is the intention of a Court Martial to award *Solitary* Imprisonment as a punishment, it is necessary that the words "Solitary Imprisonment" should be expressed in the wording of the Sentence.

VI. The following Regulations are established with a view to the due and uniform execution of Sentences of Solitary Imprisonment; and Commanding Officers will be held strictly responsible for any deviations therefrom.

1. More Prisoners than one are not, under any pretence whatsoever, to be placed in the *same* cell.

2. Prisoners, previous to being placed in confinement, are to be carefully examined, in order to ascertain that they have not knives, or any thing of an objectionable nature, secreted about them.

3. Fatigue clothing only is to be worn by a Prisoner while in Solitary Imprisonment; his Regimental clothing, with the remainder of his kit, being lodged in store.

4. As a general rule, the diet of Prisoners under Solitary Imprisonment is to be restricted to Bread and Water, subject to such addition as the Medical Officer may at any time certify to be necessary.

5. The only Books to be allowed to Prisoners in Solitary Imprisonment are the Bible and Prayer Book; together with such Books, *solely religious*, as may be permitted by the Commanding Officer.

6. Solitary cells are to be opened *once* daily, in the presence of the Officer on duty, in order to admit of the cell being cleaned, the Prisoner being washed, his clothing shifted, and his daily supply of food given him.

7. One cell only is to be opened *at the same time* for the above purposes.

8. The Officer on Duty so attending will be careful to ascertain that the cells have been perfectly cleaned, and that the cleanliness of the Prisoners has been properly attended to, and will certify the same in his Report upon coming off duty.

9. The Officer on Duty will take care that, during the process of cleaning out the cell, &c., no conversation whatever is carried on with the Prisoner by the persons so employed.

10. Sentries over solitary cells are to be instructed to prevent all persons from approach-

ing the cells, or conversing with the Prisoners:—and are themselves to be confined for a breach of orders if detected carrying on conversation with men in confinement.

11. Except on the occasion specified in Para. 6, solitary cells are not to be opened; unless in case of *Sickness*, or by the *Express Order* of the Commanding Officer; and then in the presence of the Officer on Duty.

12. In case of Sickness, the Medical Officer in charge is, without delay, himself to inspect the Prisoner, and to report to the Commanding Officer what measures the requisite medical treatment may call for.

13. The keys of solitary cells are to be kept in the Guard House under the orders of the Officer on Duty.

14. The Guard over solitary cells is invariably to be composed of Native Troops.

15. Courts Martial, previous to awarding Sentence of Solitary Imprisonment, should ascertain positively that such Sentence *can* be duly executed; and Officers detailing Courts, for the trial of European Soldiers, at Stations where, at the time, the whole of the solitary cells may be occupied, are hereby required to make the circumstance known to the Court, for the better guidance of its Proceedings in passing judgment.

☞ *The above Regulations specially apply to the European Troops, and to Courts Martial before which they may be brought for Trial.*

PART II.

Native Courts Martial.

I. The Ninth Section of the Native Articles of War contains the principles on which Courts Martial, both General and inferior to General, for the trial of Native Officers and Soldiers, and all persons whatsoever governed by those Articles, are to be constituted and their Proceedings conducted.

II. Whenever the Finding and Sentence of a Native General Court Martial are published to the Army, the Commander in Chief expects the Commanding Officers of Native Regiments not to content themselves with barely having the same read at the Head of their respective Corps, but to use their best endeavours, through the medium of their Interpreters, to cause the whole subject, including the Commander in Chief's decision and remarks, to be fully understood, and especially by the Native Officers.

III. Whenever Charges are preferred against any Native Officer or Soldier, or other Native of India subject to Military Law, a *Certified Translation* thereof is to be prepared, without delay, and the same read and delivered to the Prisoner, in the presence of the Commanding Officer of the Regiment, Station, Detachment, or Guard, as the case may be.

IV. Instances having occurred of Interpreters attached to Native Courts Martial having been arbitrarily relieved *during* a trial, this practice is prohibited as irregular. The record of the Proceedings of such Courts is rendered valid by the Signature of the Interpreter; and he, therefore, should not be relieved *during* the Proceedings on any trial on which he has been sworn; *except upon Certified Illness*, in which event his Signature must be required to the record of such portion of the Proceedings as may have been conducted during his attendance, and, in like manner, the Signature of his Successor to the remainder.

V. The Right Honorable the Governor in Council has been pleased to direct that no Native Officer, Non-commissioned Officer, or Soldier, who shall be committed to prison upon a charge of any criminal offence, shall be entitled to receive any part of his Pay from the day of such commitment till the day of his return to the Regiment, Troop, Company, or Detachment, to which he shall belong, or which he shall be ordered to join; provided that, if he shall be acquitted of the crime for which he was committed, *and not otherwise*, he shall, upon his return to his Corps, be entitled to receive all arrears of Pay which were growing due during the time of his confinement.

An allowance of One Fanam *per diem* is to be paid to each Military convict, while in military custody, prior to being delivered over to the Civil Power.

A similar allowance is to be paid to Military convicts, sentenced, under the provisions of Article VI. Section XII. Regulation V. A. D. 1827, from the date of their commitment to the time of their release.

VI. The mode of Proceeding and the form of Commitment prescribed by the annexed Regulation of Government are to be carefully attended to, by Commanding Officers, in making over to the Civil Power Native Military Convicts sentenced under the provisions of Article VI. Section XII. of the Native Articles of War.

"The Right Honorable the Governor in Council is pleased to publish, for the information "and guidance of the Army, the following Regulation providing for the Sentences of Native "Courts Martial being carried into execution, in certain cases, at the Zillah Criminal and "Joint Criminal Courts."

"*A. D.* 1828. *Regulation I.*"

"*A Regulation to provide for the Sentences of Native Courts Martial being carried into "execution, in certain cases, at the Zillah Criminal and Joint Criminal Courts. Passed by*

" *the Governor in Council of Fort St. George, on the 8th of April 1828, corresponding with* " *the 28th of Pungoonee of the year Sarvageto 1750th year of Salliwahn, and with the 22d of* " *Ramzan 1243 Hijeree.*"

" Preamble."

1. " Whereas it is enacted, by the VI. Article of Section XII. Regu- " lation V. 1827, that, whenever any of the Forces shall be employed out of " the Company's Territories, all crimes and offences which may be punishable by the Laws " and Regulations of the Government of Fort St. George, shall be cognizable by Courts Mar- " tial, and punished, according to their nature and degree, by the Sentence of any such Court " Martial; such Sentence, nevertheless, to be in conformity to the Laws and Regulations of the " said Presidency then in force; and whereas the Sentences of Courts Martial, under the " Article and Section aforesaid, will, in many instances, be such as cannot be duly and properly " carried into execution at the places at which they will be passed, therefore the Governor in " Council has enacted this Regulation to be in force from the date of its promulgation."

" In what cases per- " sons sentenced by " Courts Martial may " be sent to the Civil " Jails to have their " Sentences executed."

2. " Whenever any person subject to the Rules and Articles contained " in Regulation V. 1827, shall have been sentenced by a Court Martial, " under the VI. Article of Section XII. of that Regulation; it shall be " competent to the Officer Commanding the Troops with which such person " was serving when sentenced, to send him to the nearest Zillah Criminal " or Joint Criminal Court, within the Territories subject to the Presidency of Fort St. George, to have the whole or part of this Sentence carried into execution."

" Documents to be " sent with them."

3. " Whenever a Commanding Officer shall send a convict to any " Criminal or Joint Criminal Court, under the preceding Section, he shall " deliver to the person who is sent in charge of the convict, a copy of the " confirmed sentence of the Court Martial, duly certified by the proper Officer, and also a " paper, in duplicate, in the following form:"

Name and Designation or Rank of the Convict.	Name of his Native Place and of the Zillah in which it is situated.	Of what Offence convicted.	To what Punishment sentenced.	Whether any and what part of the Sentence executed.	Date on which the Convict set out.

Officer Commanding.

" Mode in which the " Prisoner is to be de- " livered to, and taken " charge of, by the " Court."

4. " The person in charge of the convict shall, on his arrival at the " Court, deliver him over to the Criminal or Joint Criminal Judge, together " with the copy of the confirmed sentence and the descriptive rolls. " The Judge shall receive them, whether in or out of Court, and shall im- " mediately take charge of the Prisoner, and cause him to be examined by " the Medical Officer of the Station, if there is one, or by the Native Doctor in charge of the " Jail, who shall certify, in writing, to the Judge, in what state the Prisoner has arrived, and " whether he appears to have had due care taken of him on the route."

" Documents how to " be disposed of after " the Prisoner is deli- " vered over to the Ci- " vil Power."

5. " The Judge shall deposit the copy of the confirmed sentence with " the records of his court, and return the duplicate descriptive roll to " the person who delivered it; having first endorsed on it, under his official " signature, the date on which the Prisoner was received by him, and the " substance of the certificate of the Medical Officer, or Native Doctor, " provided for in the preceding Section. The original descriptive roll, endorsed in the like " manner, shall be deposited with the records of the court."

" Judge how to pro- " ceed respecting the " Prisoner."

6. " The Criminal Judge shall proceed to cause the confirmed sen- " tence of the Court Martial, or the part of it remaining unexecuted, to be " executed in the usual manner, according to Law; and the provisions of " the general Regulations regarding Prisoners shall be applicable to persons confined under this " Section."

" Judge how to pro- " ceed when the Sen- " tence of Military Con- " victs not dismissed " from the Service is " about to expire."

7. " In the case of any Native Officer or Soldier confined under the " preceding Section, if it shall not appear from the copy of the confirmed " sentence that he has been discharged from the Service, the Criminal Judge " shall give notice to the Adjutant General of the Army of the date on " which the sentence will expire, forty days at least before that date, in " order that a proper Guard may be sent to take charge of the convict, on " his release, and reconduct him to his Corps; and the convict shall, on his release, be delivered " to the Guard so sent; and the Criminal Judge, shall give him a certificate of his behaviour " while in Jail."

VII. In conformity with Regulation VIII. A. D. 1828, in sentences awarded, *for Criminal Offences* by General Courts Martial, under the special provisions of Article VI. Section XII of the Native Articles of War, lashes with a cat of nine tails are to be specified *instead* of stripes with a rattan; in the proportion of *Five Lashes* with a cat o'nine tails for *One Stroke* with a rattan as prescribed in the Table of Crimes and Punishments.

VIII. Every Native Officer, Soldier, or other person subject to the Native Articles of War, who may be under orders for trial, by any Native Court Martial whatsoever, whether General, or other than General, may, if he so think fit, claim to be tried by an *European General Court Martial*, according to the special provisions of the First Additional Article of the Native Articles of War. At the same time, it is in no wise intended that this option should be pressed upon the Prisoner, or that he should be *called* upon to decide by which Court he will be tried. He is to be warned, in due course, for trial, in the usual manner, by a Native Court Martial, and should he, *of his own accord*, desire to be tried, in lieu thereof, by an European General Court Martial, then the claim is to be forwarded to Head Quarters accordingly.

IX. Officers of His Majesty's Service are not to be detailed as Members of European General Courts Martial held, under the provisions of the First Additional Article of the Native Articles of War, for the trial of Native Officers and Soldiers; except in cases of emergency when other Officers may not be available.

X. The Proceedings of European General Courts Martial assembled, under the provisions of the First Additional Article of the Native Articles of War, for the trial of Native Officers and Soldiers, are invariably to be *countersigned* by the Interpreter attached to the Court, in like manner as the Proceedings of all other Courts Martial held under the authority of the *Native* Articles of War.

XI. Officers Commanding Divisions and Forces are required especially to provide that Interpreters detailed for European General Courts Martial assembled, under the provisions of the First Additional Article of the Native Articles of War, for the trial of Native Officers or Soldiers, are equal to their duty, in every respect, and perfectly capable of interpreting, readily and correctly, between the Court and all that are before it; otherwise the Members of such Courts may remain insufficiently acquainted with the *very* evidence upon which they have to decide; and, thus, a mode of trial which has been granted to the Native Troops as a *benefit* may be converted into an *injury*. Commanding Officers are held responsible for the *careful nomination* of Interpreters, in such cases, accordingly; and are to report to Head Quarters all Interpreters whose tour of duty it may be to attend Courts Martial and who may be found incompetent to perform the duties required of them.

XII. Interpreters of His Majesty's Regiments are not to be detailed as Interpreters to Courts Martial held under the Native Articles of War; except in cases of emergency when other Interpreters may not be available.

☞ *The above Regulations specially apply to the Native Troops and Followers, and to Courts Martial, of whatsoever description, before which they may be brought for trial.*

PART III.

Constitution, Jurisdiction, and Practice of Courts-Martial generally.

I. In order to obviate the inconvenience which might arise from Courts Martial, originally consisting of a President and Twelve Members only, being reduced, *by a Single Casualty*, below the number competent to award Sentences of Death or Transportation, all General Courts Martial, assembled in this Army, are, in all practicable cases, to be constituted of a *President and Fourteen Members*: excepting General Courts Martial held under the special provisions of Regulation III of 1829.

II. As the number of Members detailed for General Courts Martial under this Presidency, usually exceeds the *Minimum* prescribed by the Articles of War for the constitution of such Courts; and as Members *in waiting* are merely intended to replace any deficiency amongst the Members constituting the original formation of the Court which may be found to exist, either upon the first assembly of the Court or upon *entering* upon any subsequent trial; it is hereby explained and notified, for the guidance of General Courts Martial, that Officers detailed as Members *in waiting* are not to be considered as *necessarily* forming part of the Court; neither are such to be sworn in at all, *except* to replace Members deficient at the *commencement* of trials; and upon no account are they to be sworn in *during* the Proceedings upon any trial.

* III. In regard to the exemption from other duties allowed to Officers employed on Courts Martial, the following rules are to be observed.

1. On all days on which the Court is not ordered to assemble, the Members are to attend Parades and Drills or Field Days, whether Regimental or Brigade; but they are to be exempt from such duties on all days on which the Court may be ordered to meet.

---

* This para., providing for the exemption of Members of General Courts Martial, has been revised agreeably to para. 6 of "Duties of Officers and Regiments" published in G. O. C. C. 31st December 1839.

2. When it is probable a considerable time may elapse before the Court may be reassembled after adjournment, the Members are liable to return to all their duties with their respective Corps on the spot, at the discretion of the Officer Commanding the Division or Station, with the exception of detached duties only.

3. Members brought from distant Stations are not to return to their Corps until the Court shall have been dissolved, except under specific orders from Head Quarters.

4. By distant Stations are to be understood such as are beyond two regular marches. Thus, Officers detached to Fort Saint George from Poonamallee, Palaveram, or the Mount, or to Arcot or Arnee from Vellore, may be considered as coming within the intent of the second rule.

IV. Whenever charges intended to be brought before General Courts Martial are forwarded to Head Quarters for the sanction of the Commander in Chief, the same are invariably to be accompanied by the *fullest possible information*, both as to the *previous character* of the Prisoner and the *particular circumstances of the offence* for which he is about to be tried; so as to enable the Commander in Chief to satisfy himself as to the accuracy of the charges and to decide upon the expediency of bringing the case before a General Court Martial, or otherwise. Whenever a Court of Inquiry may have taken place to investigate the subject, the Proceedings are always to be sent *together* with the charges to which they have given rise; otherwise, a *special report* from the immediate Commanding Officer of the Prisoner is to be called for and transmitted; and, in either event, the General, or other Officer, transmitting the charges will state his sentiments fully on the case.

V. Instances having occurred of charges having been brought before Courts Martial for crimes altogether beyond the legitimate jurisdiction of such Courts, and cognizable by the Civil Courts alone; the Commander in Chief calls the attention of Commanding Officers, and especially of Officers Commanding Corps and Stations, to Article I. Section IX. of the European, and Article V. Section XII. of the Native, Articles of War; and particularly directs that all Military Persons accused of heinous offences, *not of a military description*, may, invariably be given over to the Civil Magistrate; except in the instances provided for by Article IV. Section XXI. of the European, and Article VI. Section XII. of the Native Articles of War. Under the special provisions of the Bazar Regulation, Military Persons, *being Natives*, may be tried, by Courts Martial inferior to General, for *petty* thefts and disorders; and, according to Military usage, Commanding Officers, *generally*, have a discretionary power of describing such offences, when committed by Soldiers under their command, as "Conduct to the prejudice of good order and military discipline," and bringing the offender, whether European or Native, to trial before a Court Martial accordingly; but such discretion can never be held to extend to criminal offences *exceeding* petty thefts and disorders; and it is to be clearly understood that such cases can never, *under any circumstances whatsoever*, fall within the competence of Courts Martial *other than General* to investigate; and are cognizable by General Courts Martial *under the provisions only* of the Articles of War last quoted.

VI. Instances having occurred of charges being preferred before Courts Martial *inferior to General* for crimes involving capital punishment, contrary to the *general* provisions of the European, and the *express* provisions of the II Article of the XII Section of the Native, Articles of War; Commanding Officers are hereby cautioned against sanctioning charges so framed; and are required to provide that crimes submitted to minor Courts Martial, by their orders, may be such as are *legally* cognizable by the same.

VII. *Much inconvenience having arisen to the Public Service from the irregular and unintelligible manner in which charges have been framed for trial before Courts Martial, the Commander in Chief finds it expedient to give the following directions for general observance in that respect, and expects that Commanding Officers will withhold their sanction to all charges which may not be framed accordingly; for, although Proceedings in Military Courts are not subject to the same* technical *formalities which prevail in Courts of Law; yet it is obviously requisite to the ends of justice that* certain *forms should be observed; and that all Military charges should be so worded as at once to inform the Court of the matter which is to come before it, and to enable the Prisoner to defend himself against a* distinct and specific *accusation.*

All charges should consist of *three parts.*

1. *The commencement:*—designating the Prisoner by his name, surname, rank or station, and by the Regiment to which he belongs: and showing by whose order he is placed in arrest or confinement.

2. *The statement of the offence:*—clearly, consistently, and succinctly, setting forth the fact, or facts, to which criminality is attributed, *with a careful avoidance of all trivial or irrelevant circumstances*, and invariably specifying the *time* when and *place* where the offence was committed.

☞ *When the offence charged is not described in any Article of War, and is not within the special provisions of Article IV. Section XXI. of the European, or of Article VI. Section XII. of the Native, Articles of War; or of the Bazar Regulations; it should be designated,* in the statement, *as* conduct to the prejudice of good order and military discipline: *the designation required to be made of disorders and neglects* not specified in the Articles of War, *in order to the same being taken cognizance of by Courts Martial.*

3. The *conclusion:*—declaring the offence, to be either, *(generally,)* in breach of the Articles of War, or, *(specially,)* within the provisions of Article IV. Section XXI. of the European, or of Article VI. Section XII. of the Native, Articles of War; or of the Bazar Regulations; as the case may be.

VIII. As a general rule in this Army, and more especially upon all trials before General Courts Martial arising from a breach of the *Public Military Law*, the Judge Advocate in attendance upon the Court will, according to the provision of the Article of War, be prepared to prosecute. In cases where particular circumstances may render it advisable that the conduct of the prosecution should remain with the complainant, special directions will be given by the Commander in Chief accordingly.

Art. IV. Sect. XIV. E. A.
Art. II. Sect. IX. N. A.

IX. In consequence of the vague and irregular opinions that have occasionally been acted upon, in cases where a Prisoner has determined to plead guilty; the Commander in Chief, in conformity with the practice prevalent at the Horse Guards, directs that, upon trials by Courts Martial in this Army, an express plea of *Guilty*, or *Not Guilty*, shall not be required of the Prisoner; but that the latter shall be presumed as the most favorable to the accused, and entered upon the record, on his behalf accordingly, by the Judge Advocate, or Officer conducting the Proceedings, previous to opening the prosecution. The Prisoner, when called upon for his defence, will still have the opportunity, if he knows himself guilty, of owning his offence and throwing himself upon the mercy of his Judges; or, on the other hand, of offering circumstances in extenuation, or of bringing forward evidence to refute the charge against him, as he may think best.—It will be the duty, therefore, of the Judge Advocate, or Officer conducting the Proceedings of Courts Martial, to *enter upon the record* a plea of *Not Guilty*, on behalf of the Prisoner, previous to opening the prosecution.

X. The award, by sentence of a Court Martial, of lashes to be inflicted in a *divided manner, in different places of the Camp or Station*, is irregular.—It is usual to leave the time and place of infliction for the decision of the Approving Officer; and it is altogether contrary to present usage to inflict further punishment after a Prisoner has *once* been taken down from the Halberts.

XI. The award of *Suspension in the instance of Non-Commissioned Officers* is also irregular; that punishment being, by the Articles of War, specially provided for the *Commissioned* Rank of the Army, and in no wise suitable to the condition or circumstances of others.

XII. Although General Courts Martial have authority to dismiss *from the Service*, they have *not* authority *specially* to dismiss from any *Staff appointment*, or other Staff situation whatever.

XIII. The Medical grades of Assistant Apothecary and Pupil in no sort correspond with the Military designations of Non-Commissioned Officer and Private; Courts Martial have not, therefore, under any circumstances, authority to award reduction from the grade of Assistant Apothecary to that of Medical Pupil: as has been done in misapplication of the provisions of the Articles of War.

XIV. No sentence of corporal punishment, by any Court Martial *inferior to General*, European or Native, is to be inflicted *beyond three hundred lashes.*

XV. It having been legally decided that the legitimate Descendants of Europeans (being British subjects) married to Native Women, *are themselves to be considered as British subjects*, Commanding Officers will be guided accordingly in bringing to trial Soldiers, or other persons amenable to military law, of the above description, who are entitled to be tried by a Court composed of European Officers, and according to the provisions of the Articles of War for the government of the European Troops.

XVI. Upon trials of Private Soldiers, and others, who, from their rank in life, are not usually in possession of that acquaintance with the forms of Courts Martial and that information generally which are required to guide them on their defence; it frequently happens that the Prisoner, when called upon to defend himself against the charge, makes a statement which, *if supported by evidence*, would ensure his acquittal, and yet, through ignorance or neglect, does not call any Witness on his defence.—In all such cases, it is but justice to the Prisoner to suggest to him the expediency of calling Witnesses in support of the allegations he has made, which while *uncorroborated by proof* cannot benefit him: and, in the event of his still refusing to do so, it should be distinctly entered upon the record that "*the Prisoner declines calling any Witness*;" in order that the Officer to whom the Proceedings are submitted may be satisfied that the inquiry has been complete, and that an innocent man has not been condemned because he was unacquainted with the means of defending himself.

* XVII. * * * * * * *

XVIII. When Witnesses on Courts Martial may appear to have been *wantonly and unnecessarily* called upon; their expenses are to be defrayed by the party on whose requisition they have been summoned to attend.

XIX. When it may be found necessary to summon, or detain, *Individuals not in the Public Service* on Courts Martial, Committees of Inquiry, or other occasions of a similar nature; the Judge Advocate, or Officer conducting the Proceedings, is to inquire into the circumstances of the parties, and to submit to Division Head Quarters, or the Town Major if at the Presidency, the rate of compensation which he may consider equitable with reference to their trade or occupation; the approval of which by those Authorities is to be considered as sufficient sanction to the Pay Department for the discharge of such claims:—the period of detention to be certified by the Judge Advocate, or Officer conducting the Proceedings.

---

* This Para has been omitted, being superceded by Act No. V of 1840, which provides a form of affirmation to be made by Persons of the Hindoo or Mahomedan persuasions.—Vide Para 15 of this Order.

XX. Courts Martial are required to notice, on their Proceedings, every *material point* in which they may have acted *solely* upon the legal opinion of the Judge Advocate; and, also, to record any *protest* which he may find it his duty to make against what he may consider an illegal Proceeding, and in which the Court may think proper to persevere.—By these means the question will come regularly before the Commander in Chief for ultimate decision; and the responsibility, on so important a point, will rest where it ought.

XXI. Whenever the instructions of the Commander in Chief, or other Confirming Officer, *for the revision of Proceedings*, may be communicated to Courts Martial *by Letter*; the Letter in which such instructions are contained *is invariably to be entered on the record*; in order that the grounds upon which revision was directed may appear together with the further Proceedings of Courts thereon.

XXII. In the event of any Interpreter attached to, or in attendance upon, a Court Martial being unable to conduct his duties before the Court, the President, in the instance of *European* Courts, and the Judge Advocate, or Superintending Officer, as the case may be, in the instance of *Native* Courts, will be held strictly responsible for *staying the Proceedings* and reporting the incompetency of the Interpreter to the Officer by whose order the Court was assembled, who will, without delay, take measures to replace such Interpreter by a more efficient Officer, reporting the circumstance to Head Quarters.

XXIII. When the Proceedings upon the trial of the *last* Prisoner to be tried before any General Court Martial are forwarded to Head Quarters, the Judge Advocate, or Officer officiating as such, is invariably to make a report to the Adjutant General of the Army that the Court is adjourned until further orders, and that there are not any more Prisoners for trial.

XXIV. Deputies Judge Advocate General are invariably to furnish the Judge Advocate General of the Army with *attested copies* of the Proceedings of General Courts Martial, *upon all trials of European Commissioned Officers conducted by them*, for transmission to the Honorable the Court of Directors: such copies are to be forwarded *together* with the original Proceedings, or as soon after as possible.

XXV. Deputies Judge Advocate General are invariably to preserve, *as office records*, the *rough draughts* of all Proceedings of General Courts Martial which may be conducted by them. Officers officiating *temporarily* as Deputies Judge Advocate General will be held responsible for depositing the draughts of Proceedings conducted by them in the Office of the Deputy Judge Advocate General of the District, or Field Force. In cases where there may not be any Deputy Judge Advocate General attached to the District, or Field Force, then such draughts of Proceedings are to be sent for deposit to the Office of the Judge Advocate General of the Army.

XXVI. When a Judge Advocate has the Office delegated to him of conducting a Prosecution, it is strictly his duty to ascertain, *by previous examination and inquiry*, what persons have knowledge of the facts at issue, and to what particulars each of these individuals can bear testimony; so that he may not unnecessarily *waste the time* of the Court, upon the trial, by adducing Witnesses collected at random, who may prove wholly incompetent to furnish any information whatsoever.

XXVII. It is the special duty of the Judge Advocate to inform the Court of any attempt to bring forward *extraneous* evidence; and, such representation having been made by him, the full responsibility of the undue admission must rest with the President and Members of the Court themselves.

XXVIII. So simple is Military Law that nothing more is *generally* required to interpret its provisions, in justice and equity, than the *good sense* of Members of Courts Martial. Should a legal difficulty, however, occur, reference to the Officiating Judge Advocate is always the safer mean; as he is responsible to his Superiors for his opinions, which can be corrected on a revision, *if mistaken*, without putting the Court to an ill judged feeling of defence on an error of its own.

XXIX. It should be impressed upon the minds of the Members of Courts Martial that they are under a *solemn oath* to judge of the facts charged, *according to the evidence before them*; and that, although a recommendation to mercy, founded on any alleviating circumstances, may very properly be appended to the judgment, yet in no case is the *finding* to be influenced by such circumstances, *or to depend upon any consideration whatsoever save that of the actual evidence adduced to the facts charged.*

XXX. The Proceedings of General Courts Martial are invariably to be transmitted, by the Deputy Judge Advocate General, or Officer officiating as such, from the Court Martial Room, immediately after judgment passed upon each trial, *direct* to the Judge Advocate General of the Army, who will lay them before the Commander in Chief.

XXXI. The hour of adjournment, as well as that of assembly, each day, is invariably to be entered upon the record of the Proceedings of Courts Martial; and, in the event of adjournment at an hour *earlier* than usual, the *cause* thereof is to be explicitly stated.

XXXII. In all cases in which more Prisoners than one are arraigned, *upon different charges*, and tried by the *same* Court Martial, the Court is invariably to be *resworn at the commencement of each trial*; and the Proceedings are to be made up separately, and signed, as if each Prisoner had been tried by a distinct Court Martial.

XXXIII. *A blank space of at least half a page* is invariably to be left, at the conclusion of the record of Proceedings of all Courts Martial; in order that the Commander in Chief, or

Officer to whom the Proceedings are to be submitted, may find room to insert his signature, together with such remarks as the particular case may call for.

XXXIV. Whenever a Court Martial may consider a Prisoner a proper subject for recommendation to mercy, such recommendation should always be written, *under and distinct from* the Sentence, *upon* the record of the Proceedings; for it is very possible that a *detached* paper may be lost, mislaid, or forgotten.

XXXV. The Proceedings of all *General* Courts Martial are invariably to be made out uniformly *upon Demi paper*; leaving a blank margin of two inches in addition to the usual margin for the rubric, with a view to such Proceedings being ultimately bound up in volumes and greater security and facility of reference thereby afforded.

XXXVI. The Proceedings of all Regimental, or other Courts Martial *inferior to General*, are to be uniformly made out upon *Foolscap paper*, with a margin of one inch in addition to the usual margin for the rubric, and are to be bound up in *half yearly* volumes as records in the office to which they may belong.

XXXVII. An Officer who may be placed in arrest has no right to *demand* a Court Martial upon himself, or to persist in considering himself under the restraint of such arrest after he shall have been released by proper Authority, or to refuse to return to the exercise of his duty. It by no means follows that an Officer, conceiving himself to have been wrongfully put in arrest, or otherwise aggrieved, is *without remedy*: a complaint is afterwards open to him, if preferred in a proper manner; for which provision is made in the Articles of War.

XXXVIII. The authority of Commanding Officers is limited to *confirming*, *mitigating*, or *remitting* punishments awarded by Courts Martial inferior to General assembled under their order; and they have not, under any circumstances, the power to *commute* the same. The power of *commuting* punishment is afforded, by Section VIII. of 4° Geo. IV. Cap. 81., *to the Commander in Chief only, and in one single Instance*; that power, therefore, cannot be held to exist in any other individual of the Army, or in any other instance; for the *special* Authority given implies the absence of such *generally*.

XXXIX. The several orders and instructions which have, from time to time, been issued to this Army touching the adoption of measures for the *prevention of crime and the avoidance of punishment*, appear to have produced an unadvised disposition on the part of Commanding Officers either to mitigate, or remit altogether, the awards of Courts Martial. This is a mistake in principle tending to subvert the fear and respect in which an appeal to Military Law should be held by every Soldier. Courts Martial should be resorted to as *seldom as possible*; but whenever the circumstances of the case, the necessity of example, or the habits of the individual, may have rendered recourse to trial expedient; then the *execution* of the sentence, after conviction, should be equally *prompt and certain*; for *the hope of escape is the greatest of all incitements to crime*.

XL. Commanding Officers of Stations and Corps are cautioned against bringing to trial, before Military Courts, *Persons who are not amenable to Military Law*; as they may thereby subject themselves to the inconvenience of a civil action, or of a criminal prosecution, for directing that which is illegal.

XLI. The Commander in Chief calls upon Officers in Command of Divisions, Forces, and Stations, and especially upon Officers in Command of Regiments, to satisfy themselves that the Officers under their orders carefully peruse and make themselves thoroughly acquainted with "*the Compendium of the Law of Evidence*," which has been expressly compiled and circulated for the purpose of placing easily within the reach of every Officer in the Army a *competent knowledge* of that which is absolutely necessary to regulate the due administration of justice in Military Courts, and ignorant of which he must perpetually be in danger of becoming *a party concerned in acquitting the guilty or convicting the innocent*. At all European Courts Martial, "*the Compendium of the Law of Evidence*" should be in the hands of the President and Members for ready reference on all doubtful points which may occur. It is still more important that the Members of Native Courts Martial, entirely uninformed as they *must* be, from the circumstances of their education, of the principles which are intended to guide the Proceedings of Military Courts held under British authority, should be informed and instructed accordingly; and it is the *express duty* of the Superintending Officer to explain to such Members, through the Interpreter, the bearings of the law of evidence upon the particular matter at issue; so that the Court may not, *through want of information*, arrive at such illegal Sentences as have too frequently been passed in this Army; and have, in too many instances, been carried into effect by Officers in Command of Stations and Regiments. These remarks especially apply to Courts Martial *inferior to General*; whereupon, considering their more frequent occurrence and their more immediate connexion with the interior economy of Corps, the Army at large is greatly dependent for the due support of its discipline.—Officers Commanding Divisions and Forces are required, at the Annual Inspection of Regiments, to report, specially, whether or not the foregoing orders have been duly attended to.

XLII. Several instances having been brought to the notice of the Commander in Chief of Sentences of Courts Martial inferior to General passed *in direct opposition to the evidence before the Court*, and nevertheless confirmed and carried into execution; His Excellency feels himself called upon to intimate to Commanding Officers *that he will hold them strictly responsible for the confirmation of illegal Proceedings*; as it is their *especial duty* to send back for revision all Proceedings wherein the finding may be contrary to the proof adduced; and, in the event of the Court persevering in error, to record their disapproval thereof. In cases of *unjust conviction*,

particularly, he expects them to stand between the Prisoner and the ill consequences of that want of acquaintance with the commonest rules of the law of evidence, which too generally prevails in such Courts; especially when composed of *Native Officers*, who too frequently receive insufficient information from the Officer conducting the Proceedings. A Commanding Officer, with the paternal feeling which he *ought* to have towards every individual of the Corps under his command, should recollect that the Sentence of a Regimental Court is a mere nullity until confirmed by his signature; that the *best intentioned* Native Officer may, as Member of a Court, be misled, through ignorance of those general principles of justice with which Englishmen have a better opportunity of becoming acquainted; and that the *infliction* of punishment unjustly or illegally awarded is *virtually* the act of the Confirming Officer.

* XLIII. * * * * * *

XLIV. With a view to enable the Military Secretary to the Commander in Chief to fill up the Register of Warrants which may, from time to time, be issued, *in a blank form*, under His Excellency's hand and seal, to Officers in Command of Divisions and Forces; so soon as the President and Officiating Judge Advocate may be determined on by the Officer authorized to appoint them, a report of their names and designation is to be immediately transmitted to the Military Secretary at Head Quarters.

XLV. Whenever references may have been made to Deputies Judge Advocate General on points of Military law, and the party so referring may consider further information necessary, the case is to be sent to the Judge Advocate General of the Army, *through* the Deputy Judge Advocate General originally referred to.

XLVI. All references to the Commander in Chief connected with the Proceedings of Military Courts are to be made through the channel of the Judge Advocate General of the Army.

PART IV.

Courts of Inquiry and Inquest.

I. Courts of Inquiry are, in most instances, ordered, *in the nature of Grand Juries*, to enable the Commander in Chief to judge whether, or not, there may be matter to render trial by Courts Martial necessary. It must always be an object of primary importance with every Commander in Chief of good feeling and of proper consideration for those submitted to his Command to avoid recurrence to the *extreme measure of trial* as much as possible; for, however free the individual tried may escape from conviction, it is rare that some suspicion or stain does not rest upon his character. It is, then, the imperative duty of every Officer in the Service to aid the Commander in Chief in this important search for truth, and to come forward, when summoned to give evidence before a Court of Inquiry, with all the information in his power to give; *provided that such does not militate against his own personal character or conduct*, which alone can be received as a sufficient reason for withholding it. When, however, this plea cannot be put in, it is to be understood, that, at all Courts of Inquiry, *the whole truth* will be required. Officers and Soldiers, whose testimony may be called for, are hereby ordered to give it; and their refusing so to do will be considered a gross neglect of duty, contempt of authority, and direct disobedience of orders.

II. In all cases where it may be requisite to direct the assembly of a *Native* Court of Inquiry, a Superintending Officer and an Interpreter are invariably to be attached to the same, in like manner as to Native Courts Martial inferior to General.

III. Some misapprehension appearing to exist as to the competence of Military Officers to hold Courts of Inquest upon the bodies of persons under their Command believed to have been murdered; it is hereby notified that no such power is vested in them *within the Frontier*; and it is directed that, in all instances of the supposed violent death of any Soldier, or other person under Military Command, within the Company's Territories, the Commanding Officer shall immediately make application to the Civil Authority then on the spot: viz. to the European Magistrate; or, in his absence, to the Native Police Officer of the District; or, otherwise, to the Head of the Village, as the case may be: in order that such Civil Authority may make the usual inquiry into the cause of death, according to the Regulations of Government. In such instances *beyond Frontier*, a Court of Inquiry composed of European Officers will be held to investigate the same, and the Proceedings forwarded to Head Quarters without delay.

IV. *In order to obviate, hereafter, any undue accumulation of claims or complaints, a Court of European Officers will assemble*, monthly, *as soon after the issue of pay as convenient, at the Head Quarters of every Corps, European or Native, throughout the Army, for the purpose of investigating such claim or complaint as any individual*, Private or Non-Commissioned, *of Corps may have to prefer.*

1. Such Courts are to be composed of *three Officers*, detailed from such only as are in command or charge of Companies; and are to report to the Commanding Officer *upon each case separately.*

2. In cases which may admit of *regimental adjustment*, it will be sufficient *to record the matter of claim or complaint, and the opinion of the Court thereupon*, after due investigation, and examination of Witnesses; but, in cases requiring reference to Army Head Quarters, *the evidence of the Witnesses examined is also to be duly recorded in the usual manner.*

3. Officers Commanding Detachments will report all claims, monthly, to Regimental Head Quarters; unless there may be a *second* Officer available, in which case they will form a Detachment Court, forwarding the Proceedings thereof to the Regiment.

4. It is clearly to be explained that all claims or complaints *which may be wilfully withheld from investigation, and subsequently preferred*, will be considered as disposed of. Every Soldier present with his Corps is to prefer such claim or complaint as he may have to make before the *next* Monthly Court; or, if absent at the time of the cause of claim or complaint occurring, then before the *next* Court which may assemble after his return.

5. It is also to be clearly explained that this Order is intended for the *disposal* of complaints, and not for their *encouragement*; and that any individual preferring an *unfounded* complaint will be held strictly responsible for such conduct as heretofore.

6. A report of the assembly of the Courts hereby ordered is to be entered in the Monthly Return to the Adjutant General of the Army, stating whether any claims or complaints have, or have not, been brought forward. When such may have been settled *Regimentally* it will not be necessary to specify them.

7. This Order is to be read, at the Head of every Corps and Detachment in the Army, *whenever the Articles of War are read.*

PART V.

Courts of Requests.

I. The Commander in Chief is pleased to publish the following Memoranda for the constitution of Military Courts of Requests, assembled under the provisions of Act 4, Geo. IV. Chap. 81, and for the guidance and disposal of their Proceedings.

1. In all practicable cases, a Field Officer is to be detailed as President of such Courts; and Captains, or Subalterns of not less than eight years standing, as Members.

2. The Court having met, the Members and President are duly sworn; *upon each trial separately.*

3. The Plaintiff and Defendant being both in Court, the Court inquires of the Plaintiff *(not upon oath)* what the nature of his demand is: and, on this being stated, interrogates the Defendant *(not upon oath)* as to whether he owns the debt and acquiesces in the statement of the Plaintiff, or not. This *preliminary* examination of the parties is to be conducted by the Court to such extent as may appear to be desirable; and it is to be remembered that such declarations as either party may make *against his own interest*, although not upon oath, are good evidence against himself.

4. Should the Defendant acknowledge the debt, a decree is then passed and recorded accordingly; and the Court closes its proceedings on the case.

5. Should the Defendant deny the debt, the Plaintiff is called upon for his proofs; and, his Witnesses being produced, are examined on oath by the Court, subject to cross-examination by the Defendant, and their evidence recorded.

6. The Defendant is then in like manner called upon; and the evidence of the Witnesses on the defence, subject to cross-examination by the Plaintiff, is duly recorded.

☞ In all Places where the said Company's Forces now are or may be employed, or where any Body of His Majesty's Forces may be serving with the Forces of the said Company, situate beyond the jurisdiction of the Court of Requests established at the Cities of Calcutta, Madras, and Bombay respectively, Actions of Debt, and all personal Actions against such Officers, Non-Commissioned Officers, or Soldiers, all Persons licensed to act as Sutlers to any Corps or Detachment, or at any Station or Cantonment, or other Persons amenable to the Provisions of this Act, or resident within the limits of a Military Cantonment, shall be cognizable before a Court of Requests composed of Military Officers, and not elsewhere; provided the value in question shall not exceed Four hundred Sicca Rupees, and that the Defendant was a Person of the above description when the cause of Action arose; which Court the Commanding Officer of any Station or Cantonment is hereby authorized and empowered to convene, and the said Court shall in all practicable cases consist of Five Commissioned Officers and in no Instance of less than Three, and the President thereof shall not be under the Rank of a Captain, and every Member assisting at any such Court, before any Proceedings to be had before it, shall take the following Oath upon the Holy Evangelists: which Oath shall be administered by the President of the Court to the other Members thereof, and to the President by any Member having first taken the said Oath; (that is to say,)

I swear, that I will duly administer Justice, according to the Evidence in the Matter that shall be brought before me. So help me God.

7. The Court then decides according to the evidence before it, and the decision is entered upon the record: special attention being given, in the event of finding any debt or damage due, to the provisions of Section LVII. of 4° Geo. IV. Cap. 81., and to the mode of proceeding therein prescribed.

8. Although neither party can be sworn, in support of his own cause, *at his own desire*; yet, either party may be required *by the other* to give answer upon oath, or may be ordered by the Court so to do. But it is only usual for *the Court* to resort to such a measure when a decision is about to be pronounced *upon the statements of the parties only, without evidence of any kind; or when the evidence adduced is altogether insufficient and unsatisfactory*: in such cases the Court directs *such* party to be sworn as it may deem best.

And every Witness before any such Court shall be examined on Oath, which such Courts are hereby authorized to administer, or if Natives of the East Indies, on Oath or solemn Declaration, as the circumstances of the Case may require; and it shall be competent for such Courts, upon finding any Debt or Damage due, either to award Execution thereof generally, or to direct that the whole or any part thereof shall be stopped and paid over to the Creditor out of any Pay or public Money which may be coming to the Debtor in the current or any future Month; and in case the Execution shall be awarded generally, the Debt, if not paid forthwith, shall be levied by Seizure and public Sale of such of the Debtor's Goods as may be found within the Camp, Garrison or Cantonment, under a written Order of the Commanding Officer, grounded on the Judgment of the Court, and the Goods of the Debtor, if found within the Limits of the Company's Garrison or Cantonment to which the Debtor shall belong at any subsequent time, shall be liable to be seized and sold in satisfaction of any remainder of such Debt or Damage; and if sufficient Goods shall not be found within the Limits of the Camp, Garrison, or Cantonment, then any public Money, or any Sum not exceeding the Half Pay accruing to the Debtor, shall be stopped in liquidation of such Debt or Damage; and if such Debtor shall not receive Pay as an Officer or Soldier, or from any public Department, but be a Sutler, Servant, or Follower, he shall be arrested by like order of the Commanding Officer, and imprisoned in some convenient place within the Military Boundaries, for the space of Two Months, unless the Debt be sooner paid.

9. If either party, having been sworn at the request of the other, make such answer as may be prejudicial to the cause of the adverse party, such evidence must nevertheless be received and recorded, and due weight given to it accordingly.

10. If a party refuse to be sworn when requested by the other party or ordered by the Court, such refusal is to be deemed contumacious and tantamount to a confession *against himself*, and judgment is to be passed and recorded against him accordingly.

11. One party having been sworn at the request of the other, or by order of the Court, the other party is not *in any case* to be sworn. The Plaintiff may, if he please, require the Defendant to be sworn in support of the prosecution, and this precludes the Defendant from making a like demand on the defence.

12. A Court of Requests cannot, in any case, decide suits *touching land or houses*; neither can it, on any pretence, direct such to be seized, or sold, in satisfaction of its judgments or decrees.

13. A Court of Requests is essentially *a Court of Equity and Conscience*; not bound down by the same strictness of rules and form which attaches to the Courts of law generally; and the Members thereof are to recollect that they are to make such inquiry as may enable them, *according to their conscience*, to do entire justice to both parties. A claim for money due, for instance, might be met by a counter-statement of damage done by the adverse party; and the Court would then make inquiry and decide according to the equity of the case.—A., being servant of B., claims wages due: B., admits that the wages are due; but states that certain articles intrusted to the said A., his servant, of equal or greater value than the wages due, have been wantonly lost or destroyed by him:—the Court would, thereupon, require evidence, first, as to the *actual* intrusting of the articles in question to A.; and, secondly, as to their *value*, and the *circumstances* under which they were lost or destroyed:—and then pronounce judgment accordingly.

14. No Creditor can be allowed to *divide his demand* against the same person *into several* suits, for the purpose of reducing it within the jurisdiction of a Court of Requests; but, if he be willing to limit and restrict his *entire demand* to the *sum of four hundred Rupees*, and to quit claim to the surplus of the debt over and above the said sum, then his suit may be so admitted accordingly.

15. The statements of the parties, as well as all evidence admitted by Military Courts of Requests, are invariably to be *entered on the record*.

16. The proceedings, having been concluded on the particular case, are to be sent to the Commanding Officer in order to the judgment of the Court being duly carried into effect.

17. The proceedings of Military Courts of Requests are to be recorded *separately* upon each trial, and the record is finally to be deposited in the Station or Cantonment Office.

II. The above Memoranda are also to be considered to be of *general application* to the proceedings of Courts Martial held, under the provisions of the Native Articles of War and Regulation VII. of 1832, in the nature of Courts of Requests, where the Defendant may be a Native of India:—such Courts are, however, invariably to be constituted of *Native* Officers, a Subadar Major, in all practicable cases, being detailed as President, and Subadars, or Jemadars of not less than eight years standing, as Members, with a Superintending Officer and an Interpreter attached to the Court; and the awards thereof are to be regulated solely by the Articles of War and the Regulation above quoted.

NOTE.—*The whole of this Part has been revised agreeably to G. O. C. C. 10th February* 1835, *which cancelled the Memoranda published in G. O. C. C. 7th November* 1829 *and 15th February* 1830, *on which Part V., as it originally stood in the Code, was founded.*

PART VI.

Supervision of Minor Courts Martial.

I. The following Regulations are established for the supervision of Courts Martial inferior to General.

1. Commanding Officers, upon confirming, or otherwise, the Proceedings of Regimental, or

other Courts Martial inferior to General, assembled by their authority, are immediately to forward such *(original)* Proceedings for examination, *direct* to the Deputy Judge Advocate General of the District.

2. It will be the duty of the Judge Advocate carefully to examine all Proceedings so referred to him; noting, that the prescribed forms have been observed therein, that the law of evidence has been adhered to, and that the finding and sentence are legal and apposite; and, in the event of any irregularity or illegality, to communicate his opinion thereon, *in a report attached to the Proceedings themselves*, to the Commanding Officer of the Division in which the trial may have been held; to whom he will forward such Proceedings *so soon as examined*.

3. The Divisional Commanding Officer will, at his discretion, add any directions which he may consider requisite for the future avoidance of similar irregularities or illegalities in like cases, or *for remedying the consequences thereof in the particular instance* where practicable; and cause the proceedings to be returned to the Officer by whose order the Court was assembled.

4. The Proceedings of all Courts Martial inferior to General are, *with a view to greater facility of reference and certainty of preservation*, invariably to be bound up, together with such appended remarks and directions, in *half yearly* volumes, for deposit in the Regimental, or Station, Offices to which they may belong.

5. The Proceedings of Courts Martial held in Regiments, or Detachments, *on Foreign Service*, or otherwise so situated as to be without the range of Districts to which Judge Advocates are attached, are to be forwarded to Army Head Quarters; being made up in packets *for the entire month*, and despatched, on the *first* of the following month or as soon after as possible, to the address of the Judge Advocate General of the Army, who will provide for the supervision of the same.

6. The provisions of this Order are specially intended to produce *future* regularity, by bringing *past* irregularity to notice and animadversion; and it is expressly to be understood that they do not authorize *delay* in the infliction of punishments awarded by Courts Martial, or *remove the responsibility of Officers approving the Sentences of such*; which punishments will be carried into prompt execution, and which responsibility will continue to exist as heretofore.

7. Deputies Judge Advocate General will send, on the *fifteenth* of each month, to the Judge Advocate General of the Army, for submission to the Commander in Chief, a *general report* of all remarks, passed by them, upon Courts Martial inferior to General held during the month preceding. Such reports to be made out *on Demi paper*, according to the annexed form.

II. The following Memoranda, exhibiting the principal points upon which Deputies Judge Advocate General have to report in the examination of the Proceedings of Courts Martial inferior to General, are circulated to the Army, in order to afford, to Commanding Officers, a better opportunity of ascertaining the correctness of charges, previous *to sanctioning them; and in order to induce Officers conducting Proceedings, and the Members of Minor Courts Martial,* to anticipate *revision to the utmost by carefully guarding against inaccuracies.*

MEMORANDA.

Is there *due and perfect* specification of time?

Is there *due and perfect* specification of place?

Are there *unnecessary averments, or superfluous matter of any kind,* in the charge?

Are *more offences than one* irregularly included in *one and the same* charge, or instance of charge?

Are the *facts* of the charge *sufficient to constitute an offence?*

Are these facts *distinctly and entirely set forth?*

Is the offence described in the charge provided for by any *particular*

Article of War:—if not, has it been designated, in the statement of the offence, as *conduct to the prejudice of good order and military discipline*, according to the directions given in Para. 2. of Section VII. Part III?

Is the offence described in the charge *within the legal cognizance of a Court Martial inferior to General?*

2. *As regards the record.*—Has the *printed form*, established for the guidance of minor Courts, been adhered to, in all respects, as far as practicable?

Remarks by the Commander in Chief on the Trial of Private Ramasawmy, 33d N. I.

The Court has also exceeded its competence by *Sentencing* the Prisoner "to be discharged from the Service." On conviction, upon *criminal* Trials before Military Courts, the Court may, if it pleases, *recommend* the Prisoner to be discharged; but the *Sentence* must always be simply and strictly such as is provided by Law.

G. O. C. C. 13*th July* 1829.

General Courts Martial assembled under the Provisions of Article VI, Section XII. of the Native Articles of War are competent to award such Sentences *only* as are in strict conformity to the Laws and Regulations of this Presidency, and Judge Advocates in attendance are required especially to point out to such Courts that, in no case can a punishment be awarded *in excess* of the degree specified for the particular offence in the Table of Crimes and Punishments furnished for their information and guidance.

G. O. C. C. 30*th November* 1829.

Several instances having recently been brought to the notice of the Commander in Chief of Soldiers having been *unnecessarily* detained in confinement, previous to Trial before Regimental Courts Martial, His Excellency has to call the attention of Officers Commanding Corps to the Provisions of Article XXI, Section XIV, of the European, and of Article XXII, Section IX, of the Native Articles of War; whereby it is directed that no Soldier shall continue in confinement more than eight days or until such time as a Court Martial can be conveniently assembled.

All men placed in confinement during the month are hereafter to be accounted for in a Memorandum to be affixed to the Monthly Returns of all Corps and Detachments throughout the Service; and in the event of any one having been so detained for more than eight days, then the reasons occasioning such undue confinement are to be specially stated.

G. O. C. C. 9*th July* 1832.

All Proceedings of Detachment Courts Martial held, *within Frontier*, under the Provisions of Article XIV, Section XIV of the Articles of War, on the trial of Warrant Officers, are invariably to be forwarded, by the President, to the Judge Advocate General of the Army, for submission and report to the Commander in Chief, in like manner with the Proceedings of General Courts Martial.

G. O. C. C. 23*d July* 1832.

A recent Instance having occurred wherein a Court Martial, constituted of King's Officers, assembled for the Trial of an Individual, in the Company's Service attached to the Hospital of

one of His Majesty's Regiments, neglected, after Conviction, to pass Sentence, "*deeming themselves not competent to award a Punishment to the Prisoner in conformity with any Article of War in His Majesty's Service.*" It is hereby notified that, according to the Provisions of Section XXIX of 4 Geo. IV. Cap. 81 regard is *invariably* to be had to the Articles of War established for the Company's Service, upon the Trial of Persons in that Service, under *any circumstances whatsoever*, and that the Oaths are to be administered to the several Members of the Court accordingly:—and it is further notified that by Section XXXVII of the same Act, Provision is made for the Trial of Individuals in the Company's Service by Courts Martial *wholly* composed of King's Officers when no Company's Officer can conveniently be had.

G. O. C. C. 6*th September* 1832.

Instances having occurred wherein the Officer *signing the Charge has been detailed to officiate as Interpreter* before Native Courts Martial inferior to General, the practice is strictly prohibited as irregular.

G. O. C. C. 25*th October* 1832.

The Records of the Office of the late Deputy Judge Advocate General of King's Troops, will be transferred to the Judge Advocate General's Office, on the 1st proximo, and from the same date, all Proceedings of General, or Districts Courts Martial, upon Trials of Officers, or Soldiers, of His Majesty's Troops serving under this Presidency, will be sent to the Judge Advocate General of the Army, for submission to the Commander in Chief.

G. O. C. C. 22*d November* 1832.

Divisional Commanding Officers, in transmitting to Deputies Judge Advocate General, Charges for investigation before General Courts Martial, will invariably forward therewith the Proceedings of Courts of Inquiry whenever such may have been held, any original documents requiring to be produced and proved on the trial, and, generally, all Divisional papers and correspondence which may be necessary for the due explanation of the case, and to enable the Judge Advocate sufficiently and satisfactorily to execute the duty assigned to him.

G. O. C. C. 22*d July* 1833.

All Proceedings of General Courts Martial held on Officers or Soldiers of His Majesty's Service, are hereafter invariably to be prepared in *Duplicate*, the Duplicate Copy to be *Certified* by the *President*.—Deputies Judge Adocate General and Officers who may be appointed to officiate as Deputies Judge Advocate General, in the conduct of such Proceedings, are hereby required carefully to provide for the due execution of this order accordingly.

G. O. C. C. 3*d July* 1835.

Under the sanction of Government, the following Memoranda, with reference to, and in modification of G. O. C. C. 12th January 1830,* are published for general information.

I. At Military Bazar Stations, Police authority and powers for the maintenance of the Peace are now vested in the Senior Commissariat Officer, or such other Officer as may be specially appointed by Government. This Officer, therefore, is the authority under whose orders, Inquests, whether upon the bodies of Europeans or Natives, are to be held, at such Stations.

II. At Stations, other than Military Bazar Stations, within the Frontier, where there may not be any Civil authority at hand competent to hold an Inquest, investigation of the causes of the sudden death of persons under Military Command is to be made by a Court of Inquiry to be assembled by the Commanding Officer.

The Commander in Chief takes this occasion of calling the attention of the Officers of this Army to the momentous nature of the duty in question. Such Courts are to be composed of not less than three European Officers with a Captain, when practicable, as President; and a Medical Officer is invariably to be detailed, in order to make such examination of the body as may be expedient and to assist the Court by his professional opinion. All evidence which may, either directly or indirectly, throw light upon the cause of death, is to be carefully recorded; a verdict in the usual form is to be entered, and the proceedings are then, without delay, to be forwarded to the Adjutant General of the Army.

* Now embodied in Sec. III. Part IV. of the Orders and Regulations for the Judge Advocate General's Department.

G.O.C.C. 22*d Novr.* 1835.

In explanation of the second paragraph of G. O. C. C. 3d July 1835, it is notified for general information, that, *Native* Officers of Police are competent to hold Inquests in cases of Murder committed within their respective Districts, and that, where such Civil authority may be at hand, Military Courts of Inquiry are not to be assembled.

G. O. C. C. 25*th July* 1835.

With reference to the Memoranda published in G. O. C. C. *10th February 1835, it is hereby notified for general information, that, in cases where persons having claims are unable to attend, in consequence of residing at a distant Station, or from any other sufficient cause, Courts of Requests are competent to admit the prosecution of the suit by any person duly authorized to appear on behalf of the Plaintiff.

* Now embodied in Part V. of Orders and Regulations for the Judge Advocate General's Department.

G. O. C. C. 17*th February* 1836.

The Commander in Chief directs it to be understood that upon all Sentences of Imprisonment passed by Courts Martial held under this Presidency, the period of Sentence is to be calculated from the actual date of the Sentence: and any intermediate period during which the Prisoner may be in Hospital is to be reckoned as part of the Sentence.

G. O. C. C. 25*th February* 1836.

With reference to the *Circular Memorandum from the Adjutant General's Office of the 30th December 1835, No. 5035, the Commander in Chief directs it to be notified for general information, that by the term "simple imprisonment" is to be understood "imprisonment in any fitting and available place of confinement, devoid of all circumstances of aggravation, such as solitude or hard labor"—and that the period of such imprisonment awardable by Courts Martial inferior to General, is limited to six weeks.†

* Authorizing simple imprisonment as a punishment awardable by a Court Martial to a Native Soldier for a Military offence.

† For the periods of imprisonment awardable by Courts Martial inferior to General, see G. O. G. 22d October 1839, No. 173.

G. O. C. C. 28*th March* 1836.

The Commander in Chief is pleased to publish for the information of the Army, the following General Order by His Excellency the Commander in Chief in India, dated Head Quarters, Calcutta, 9th March 1836.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF IN INDIA.

Head Quarters, Calcutta, 9th March 1836.

1. In the orders circulated under the authority of His Excellency the Commander in Chief of the Madras Army, under date the 10th of February 1836, there appears a notification of the Sentence passed by a General Court Martial, on Owen Byrne, a Gunner of the Madras Artillery.

2. The Sentence is, first, that he shall be hanged by the neck, until he is dead, but this punishment is subsequently reduced by the Court Martial, in consideration of circumstances, to transportation for seven years.

3. His Excellency the Commander in Chief in India does not find in the Mutiny Act, any clause authorizing this sort of "record of sentence of death."

4. He considers the Sentence of this Court to have been an incorrect one, and verging upon the point which he condemned in the 6th paragraph of his order of the 26th October 1835.

5. With the view of establishing uniformity of practice, the following extract, from a letter from the Judge Advocate General of the Bengal Army, is circulated for the guidance of all Courts Martial hereafter to be held in India.

"*To the Deputy Judge Advocate General, Presidency Division.*

"Section 27 of the 9th George IV. C. 74 is not applicable to Courts Martial. The formality therein prescribed (in itself rendered nugatory by Section 18) is incompatible with the forms of procedure observed by Courts Martial; and with the powers vested in them. It is not within the competence of a Court Martial to *record* sentence of death, and to order transportation, in the sense in which those words are used in that statute; which is binding on Courts Martial acting under the 2d Section of 4th George IV. C. 81, or the 102 Article of War, only in what relates to the substance of justice, in the definition of offences, and the adjudication of punishment, not in what is merely technical or redundant; especially when, as in the present instance, it would also be repugnant to their established practice and authority. In all cases of capital felony, therefore, except murder, where the Court may be of opinion that transportation for life, or for a term of years, would be an adequate punishment, you will introduce that punishment only into the Sentence.

"(Signed) G. YOUNG,
Offg. Judge Advocate General."

G. O. C. C. 8*th June* 1837.

In framing charges againt Non-commissioned Officers or Soldiers, the Prisoner's *Regimental* Number is invariably to be inserted.

G. O. C. C. 1*st October* 1837.

With reference to G. O. C. C. 25th August 1837, it is hereby notified that all Proceedings of Regimental Courts Martial, awarding forfeiture of additional Pay, are to be sent to Head Quarters, for the approbation of the Commander in Chief, through the Adjutant General of the Army.

G. O. C. C. 26*th May* 1838.

Under instructions received from Government, the Commander in Chief directs that on all occasions of confirmed Sentence of Transportation, passed by Courts Martial on *Europeans* of the Company's Service being promulgated in General Orders, the Officer Commanding the Corps or Head of the Department to which the Offender may belong, will immediately forward *direct* to the Adjutant General's Office at the Presidency, a Descriptive Register of the Convict, prepared according to the following Form—with a view of its being furnished to the Clerk of the Crown and eventually transmitted to the Colony to which the Prisoner may be assigned.

G. O. C. C. *20th December* 1838.

In reference to G. O. 25th August 1837, the Commander in Chief is pleased to direct that in all cases in which forfeiture of good conduct pay has been awarded by sentence of a Court Martial, a statement shewing the character borne by the Prisoner previous to the trial, his length of service and extracts from the Permanent or Company Defaulters Book, should his name have been therein entered, shall accompany the Proceedings of the Court Martial to Army Head Quarters.

G. O. C. C. *21st December* 1838.

When it is intended to bring a previous conviction of any heinous offence against a Prisoner tried under the provisions of Article VI, Section XII of the Native Articles of War, in order that punishment may be awarded according to Clause IV, Section III, Regulation VI of 1822, such previous conviction should not be inserted in the Charge nor brought to the knowledge of the Court until it has arrived at a Finding on the accusation it has to investigate; should the Prisoner be found guilty, the Court may then receive proof of his having been duly warned of the intention to adduce the previous conviction, and admit evidence of it before passing sentence.

G. O. C. C. *4th February* 1839.

The Commander in Chief is pleased, in conformity with the provisions of Act No. XXVIII. and Section 37 of Act No. XXXI of 1838 by the Council of India, to direct that whenever solitary confinement shall form part of the award of a Court Martial, that description of punishment shall in no case exceed in duration the Lunar Month of 28 days without an interval,—and that not more than 3 such months solitary confinement shall be awarded to an individual within the period of one year, and further that not less than one month shall intervene between each portion of such punishment.

G. O. C. C. *2d March* 1839.

The Commander in Chief directs that the Proceedings of all minor Courts Martial assembled at Sholapoor, be forwarded for supervision to the Deputy Judge Advocate General at Secunderabad; and from all other Stations in the Dooab, to the Deputy Judge Advocate General at Bellary.

G. O. C. C. *13th March* 1839.

1. The Commander in Chief is pleased to extend the principle of the provisions of the G. O. C. C. 4th February 1839, and to direct that whenever Imprisonment shall be awarded by a Court Martial for offences which are not tried under Art. IV. Sec. XXI. of the European, or Art. VI. Section XII. of the Native Articles of War, the term of confinement shall be calculated by Lunar, instead of Calendar months; and a specification made in the Sentence accordingly.

2. In order to guard against the possibility of the period of solitary imprisonment, limited by the above G. O. to three months in one year, being exceeded; the Commander in Chief is pleased to direct that the Officer conducting the Proceedings of a Court Martial on the trial of Soldiers charged with offences which may entail this description of punishment, shall provide a certificate signed by the Officer Commanding the Corps, or Detachment, or Head of Department to which the Prisoner belongs, specifying either that he has not suffered solitary confinement during the 12 months prior to the assembly of the Court, or if he have, the date and extent to which it has been inflicted: and that such certificate shall be submitted to the Court immediately *after* it may have recorded a Finding of "Guilty," but in no case before that event.

3. As it would appear from the general practice in the Service that it is deemed imperatively necessary to commence the examination of a Witness before a Court Martial, by reading the Charge, and then requiring him to state *all* that he knows relative to the subject under

investigation; the Commander in Chief desires it to be clearly understood, that when an evidence is produced to substantiate particular facts, or corroborate certain points of evidence already before the Court, the required testimony can be best elicited by direct questions; and that the method of procedure for the examination in chief of a Witness laid down in the printed forms circulated to the Army, though frequently *expedient*, is not at all *binding:* nor is it requisite, that the Charge should *invariably* be read over to a Witness whose evidence is about to be taken.

No. 173 of 1839.—The following General Orders by the Hon'ble the President in Council, are published for the information of the Army.

Fort William, 2*d October* 1839.

The following Act, passed by the Honorable the President of the Council of India in Council, in the Legislative Department, on the 23d September 1839, with the assent of the Right Hon'ble the Governor General of India, is published for general information.

Act No. XXIII. of 1839.

An Act for authorizing sentences of imprisonment with, or without hard labor by Courts Martial in certain cases.

It is hereby declared and enacted that in all cases in which, by a General Order of the Governor General of India in Council, dated the 24th of February in the year of our Lord 1835, it is made competent for Courts Martial to sentence Soldiers of the Native Army in the Service of the East India Company to the punishment of dismissal from such service, it is, and shall be lawful to sentence such Soldiers to be imprisoned with, or without hard labor, for any period not exceeding two years if the sentence be pronounced by a General Court Martial, or not exceeding one year if the sentence be pronounced by a Garrison or Line Court Martial, or not exceeding six months if the sentence be pronounced by a Regimental or Detachment Court Martial. And every Soldier so sentenced to imprisonment, with hard labor for any period whatever, or to imprisonment without hard labor for any period exceeding six months, shall after confirmation of his sentence be dismissed from such service. Provided always, that all sentences under this Act pronounced by any Court Martial inferior to a General Court Martial, shall require the confirmation of the General, or other Officer Commanding the Division, or Field Force to which the person convicted belongs.

G. O. C. C. 24*th October* 1839.

The attention of Officers Commanding Stations within the Frontier in whom Police authority has been specially vested, is called to G. O. C. C. 27th January 1829, and they are cautioned against bringing persons accused of offences attended with circumstances of violence or outrage to trial before a Court Martial, or by the Officer in immediate charge of the Police.

* Embodied in Sections V. and VI. of Part III. of the Orders and Regulations for the Judge Advocate General's Department.

G. O. C. C. 28*th February* 1840.

The Officer Commanding the Army in Chief is pleased to direct the republication of G. O. C. C. 13th June 1835, with the addition which follows.

13*th June* 1835.

"The operation of G. O. C. C. 20th August 1828 and 30th November 1830 having been "found in some instances inconvenient, it will hereafter be at the discretion of Commanding "Officers to assemble *Courts of Inquiry*, for the purpose of placing upon record that no blame "attaches to the Soldier, and it is hereby notified, under the sanction of Government, that such "decision by a Court of Inquiry will be sufficient to support an Indent on the Military Board "for Arms, Accoutrements, &c. in lieu of others which may have been lost or spoiled."

But whenever blame attaches to a Soldier for carelessness or neglect, and his previous good character is such that his Commanding Officer may consider him worthy of being permitted voluntarily to pay for the articles injured, without being subjected to trial by a Court Martial; a Court of Inquiry shall be assembled to investigate the case, and the proceedings thereof, together with Indents prepared in the usual form, shall be forwarded to the Adjutant General of the Army, with a letter explanatory of the grounds upon which the subject has been thus brought to the favorable consideration of the Commander in Chief. A declaration signed by the Soldier shall in all such cases be inserted at the foot of the proceedings of the Court of Inquiry, stating that he requests to be put under the necessary stoppages to avoid trial by Court Martial.

DISCHARGES.

NATIVE TROOPS.

1. No Native Soldier or other person, being once borne *by name* upon any Regimental or other Return forwarded to the Adjutant General shall be discharged from the Service except by authority of the Commander in Chief, expressed by the countersignature of the Adjutant General to each Discharge Certificate, with the following exceptions.

I. Recruits not *permanently* enlisted, who are to be discharged as directed in the Recruiting Regulations.

II. Puckallies, Bheasties and Artificers *extra* to the fixed *Garrison* Establishments, who are not brought on the strength of Corps and are consequently to be discharged on the termination of the service for which they were temporarily entertained—also Regimental Moonshees, who, although not brought on the strength of Corps, are mustered by name—Horsekeepers and Grasscutters attached to Cavalry and Horse Artillery, who are mustered *numerically*.

III. When the discharge is directed in General Orders.

IV. When the discharge is by the Sentence of a Court Martial duly confirmed.

V. When the individual is sentenced to Imprisonment which involves Discharge from the Service, viz. "Imprisonment *with hard labor for any period whatever*," or "Imprisonment "*without hard labor* for any period *exceeding six months*."

2. It is to be understood with reference to exception V, that the *Confirmed* Sentence alone is to be the guide; not the Sentence as passed by the Court, which may be mitigated or remitted by the confirming authority.

3. In all the above excepted cases Discharge Certificates are to be issued without reference to Head Quarters, the authority by which the discharge is made being specially noted on the face of the Certificate.

4. In all cases of Sentences of Imprisonment which involve Discharge from the Service, a copy of the crime, finding and sentence of such Courts, with the Confirming Officer's Remarks, &c., is to be engrossed on the third page of the Certificate and attested by the Officer at the Head of the Corps or Department.

5. When a Native Soldier is recommended to be discharged *not at his own request*, a Return in the annexed Form No. 1 must be sent to Head Quarters, with a Discharge Certificate for countersignature.—The last column is to contain a detailed statement fully specifying the grounds upon which the discharge is solicited.

6. No application for the discharge of a Native Soldier "*at his own request*," shall be forwarded to Head Quarters, unless such Soldier shall have clearly and explicitly stated to the European Officer in Charge of his Troop or Company and repeated *in the presence of the Officer Commanding the Corps*, that his request to be discharged is perfectly voluntary. That he did make this declaration is invariably to be inserted in the Certificate as the cause of discharge to which he is to be required to affix his signature or mark.

7. Previous to any Soldier being recommended for discharge on account of "incurable disease," the Medical Officer is to make a circumstantial Report according to Form No. 2, to the Superintending or Staff Surgeon of the Division or Force, upon whose opinion alone the case is to be deemed incurable and the man proposed for discharge. This Report and a Return prepared agreeably to Form No. 1 are to accompany the recommendation for the man's discharge.

8. With the exception of men discharged from fixed dates, every Soldier is entitled to receive Pay up to the date of his receiving his Discharge Certificate inclusive, and no man is consequently to be struck off the strength of his Corps until the Captain of his Troop or Company is prepared to disburse the amount due.

9. On all occasions of discharging Soldiers or others in receipt of Clothing and to whom Clothing may be due, should there be none in Store, the Abstract for compensation in lieu of Clothing shall be forwarded to the Clothing Board by the same Post by which the Discharge Certificates are transmitted, and the Adjutant General will apprize the Clothing Board of the

Commander in Chief's sanction to the discharge, in order that the Abstract may be passed, and returned to the Officer Commanding the Corps forthwith.

10. With the exceptions noted in the margin, every individual of the Non-Commissioned and inferior ranks of Native Corps is entitled on being discharged from the Service to Travelling Batta at the rate of 3½ Annas for every 12 Miles distance between the Station where he may be discharged and his Native Village—an excess of 5 Miles in the aggregate calculation of distance entitles to one day's further allowance. Against the name of every man discharged and for whom donation is drawn, there must be entered in the Muster Roll the name and distance of his Native Village. Rejected Recruits, in certain cases, and Recruit and Pension Boys are entitled to a moiety of the above Travelling Batta.

11. From this indulgence shall be excepted all individuals discharged *at their own request*, or for theft, desertion, drunkenness, malingering, or other *disgraceful* conduct, or by the Sentence of a Court Martial,—including Sentences which involve although they do not specify discharge.

12. Every Soldier on being discharged is to be furnished with a Certificate according to Form No. 3, which shall contain the following particulars, viz.

First.—His Name written at full length, Rank, Regimental No., the place of his nativity, the place and date of his enlistment.

Second.—A Certificate of the exact period of his service, specifying in what Corps, and the time, if any, employed on Foreign Service.

Third.—The authority for his discharge, the cause, whether in consequence of having been deemed unfit for the Service and from what specific disability, whether in consequence of misconduct, or of a Sentence by a Court Martial involving Discharge, or whether at his own request. In the instance of a Soldier discharged on account of unfitness for military service, the origin and nature of his disability, are to be particularly explained; and it must be distinctly certified that "such unfitness has *not* been contracted on duty or on service giving claim to the provisions of the Pension and Invaliding Regulations." The signature of the Medical Officer is to be attached to the Certificates of all men discharged on account of disease and is immediately to follow the cause of discharge.

Fourth.—A Certificate of his general character and behaviour during the period of his service. If he has been wounded, or has distinguished himself in any particular manner, it is to be here recorded.

Fifth.—A Certificate that he has received all just demands of Pay, Clothing, &c. from the period of his entering into the Service to the date of his discharge, and that he has or has not received Travelling Batta.—Should any claims remain unadjusted, their nature and the steps taken for their settlement must be fully entered under the head "Remarks" of this Certificate.

Sixth.—An acknowledgment to the above effect, which is to be signed by the Soldier himself and corroborated by the signature of the Captain of his Troop or Company, or of the Officer in Charge of the Depôt or Department from which the Soldier is discharged.

Seventh.—His age, height, and personal description. The place and date of the discharge, seal of the Regiment, and signature of the Commanding Officer to be affixed.

13. All Discharge Certificates, unless specially ordered otherwise, are to be transmitted to Head Quarters through the channel of Officers Commanding Divisions or Forces, who will be held responsible that they are made out according to the prescribed Form, and that they are accurately filled up as far as practicable. Certificates for the Native ranks of Artillery are to be forwarded through Artillery Head Quarters, they being previously submitted for the sanction of the Officer Commanding the Division or Force in which the Troop or Company may be serving.

14. Every Discharge shall be read and fully explained to the man for whom it is intended, in the presence of the Commanding Officer, whose duty it is to question the man particularly whether he is satisfied that the statement of service is correct.

15. No Soldier who may be discharged for theft, desertion, or other *disgraceful* cause, shall be allowed to retain in his possession any badges of honor granted to him for former services.

16. In all such cases the Officer Commanding the Corps shall return to the Adjutant General's Office any *Medals*, &c. which the discharged man may have obtained.

17. No Native Soldier or other person discharged from the Service shall thereafter, on any account, wear the Military Jacket or Turband. With the view of giving effect to the regulations of Government on this subject, the Commanding Officers of Stations and Detachments are authorized and required to deprive of a Military Dress any person who shall wear it contrary to these orders, which are to be carefully explained to each individual on his discharge.

18. Whenever orders may be given to discharge a Soldier with ignominy, such orders are to be carried into effect in the following manner: The Regiment being paraded, and the man about to be discharged brought forward, the several crimes and irregularities of which he has been guilty are to be recapitulated, and the order for his dismissal from the Service to be read. The buttons, facings, lace, and any other distinctions are to be stripped from his Clothing, his Jacket turned, and he is then to be marched down the ranks, and trumpetted or drummed, as the case may be, off the Parade of the Corps.

19. The only *signature* required to the Certificate previous to its transmission to Head Quarters for confirmation, is that of the Commanding Officer, with, in cases of unfitness from disease or "at his own request" those of the Medical Officer and the individual to be discharged respectively.

20. The Certificates of men recommended for discharge by Inspecting Officers are to be countersigned by them before being transmitted to Head Quarters, and the cause fully stated as directed in para. 5. The countersignature to be affixed immediately below the cause of discharge.

21. This Form, with a few necessary and obvious alterations, is applicable to all Corps.

22. All Discharge Certificates are to be Printed on a whole Sheet of Foolscap paper. Written Certificates are not allowed.

23. Whenever a discharged man is re-enlisted, his Discharge Certificate is to be taken from him and destroyed in his presence.

FORT ST. GEORGE, 5TH MAY 1840.

No. 76 of 1840.—Under instructions received from the Honorable the Court of Directors, the Right Honorable the Governor in Council is pleased to direct that the following Extract (Para. 25) of a Military Dispatch from the Honorable Court, dated the 29th of August 1838, No. 65, be published in General Orders.

Letter from Fort St. George dated 9th January 1838, No. 3.

17. With reference to Letter of 17th January 1834, (No. 2,) and Court's reply of 11th February 1835, transmit copy of a communication from the Acting Adjutant General of the Army together with a copy of the letter and enclosure from Captain Drake of the 21st Native Infantry to which it gave cover, and state that Government hope it may have the effect of placing that Officer's conduct in a more favorable light.

"We are happy to perceive from these Proceedings and from a communication made to us by Major Drake since his arrival, that the whole of the allowances for Writers and Stationery as well as the separate allowance for a Vakeel, were appropriated by Major Drake and Lieutenant O'Connor during the periods they successively filled the Office of Staff Officer to the Depot of European Pensioners at Cuddalore, to the expenses of the Office Establishment and not for their own personal advantage. We concur, therefore, with your Government and the Commander in Chief in absolving them from the blame which, under the belief that they had appropriated a portion of the Vakeel allowance to their own personal use, was thrown upon them in your General Order of the 7th January 1834."

(Signed) S. W. STEEL, Lieut. Colonel,
Secretary to Government.

FORT ST. GEORGE, 8TH MAY 1840.

"Para. 7. We fully approve and confirm the Resolution passed by you on the 2d October 1838, declaring that the rule laid down in our Military Despatch of 4th December 1833, Para. 26, shall in

future be applied to all Military Officers temporarily withdrawn from the duties of their permanent appointments to be employed in others of superior emolument; and, accordingly that the allowances to be granted to Staff Officers while temporarily employed in superior appointments in their own, or any other, Department do, in no case exceed what they would be entitled to if fully appointed to those situations respectively."

Secretary to Government.

The Orders on the same subject noted in the margin, are cancelled.

The G. O. by Government noted in the margin, are included in this Regulation.

NATIVE OFFICERS—PROMOTIONS, &c.

1. Promotions in the Native Commissioned Ranks are to be made under the following regulations.

2. For the rank of Subadar Major, Commanding Officers will select the most distinguished and deserving Subadar, without respect to seniority, it being of importance that this honorable rank should be conferred only upon Officers of acknowledged character and services.

3. Although seniority alone gives no claim to this rank, still it is desired that length of service, when combined with good conduct, should have its due weight when claims to promotion are under consideration. Whenever, therefore, a junior Subadar is recommended, the names of all senior to him are to be entered in the Roll, with full statements of their various services and claims.

4. In the event of none of the Subadars of any particular Regiment being eligible for promotion to the rank of Subadar Major, the Commander in Chief will either leave the Commisson vacant, or select a deserving Officer to hold the rank in some other Corps, as he may deem expedient.

5. A Subadar Major is not entitled to any superior authority as such in the Corps to which he belongs, but will continue to perform his duty as usual with his Troop or Company agreeably to his rank in the Regiment. When employed upon any general duty with Officers of other Corps, he is entitled to the benefit of his Army Rank as Subadar Major, upon the same principle as obtains in regard to Brevet Rank with European Officers.

6. For the rank of Subadar, the senior Jemadar is to be recommended, excepting only when considered unworthy of promotion in consequence of misconduct—in which case a full report is to be submitted for the Commander in Chief's information, distinctly specifying the grounds upon which the supersession is recommended—and the name of the next senior may then be included in the Roll.

7. In selections for promotion from Havildar to Jemadar, Commanding Officers will exercise their discretion, giving all proper weight to seniority, but also keeping in view the efficiency of the Commissioned Ranks.

8. There are frequently amongst the senior Havildars of a Regiment men of perfectly good conduct, and in other respects deserving, but not so intelligent and well qualified as their juniors.—Always to give the preference to mere seniority would obviously injure the efficiency of the Commissioned Ranks—while on the other hand, always to give the preference to superior qualifications would exclude the fair claims of long and faithful service. It is considered, therefore, that it will generally be advisable to follow a middle course—promoting for efficiency, but occasionally for seniority also.

9. It is of great importance that both Moosulmans and Hindoos should have their fair proportion of the promotions to the Commissioned Ranks. This object, however, must be attained rather by watchfully maintaining the right proportions in the inferior grades, and especially in the first selections for the rank of Lance Naigue, than by the supersession of senior Havildars. As a general rule, whenever it comes to the turn of a senior Non-Commissioned Officer to be promoted, whether Moosulman or Hindoo, he must be allowed the benefit of his service and

claims.—Supersession, in order to maintain the requisite equality between the two classes, can be allowed only occasionally, when otherwise the disproportion would become injuriously great.

10. Regimental Havildar Majors and Drill Havildars are not to be considered as entitled to priority of promotion—but their appointments will of course always add weight to their claims.

11. Recommendation Rolls are to be prepared separately for each Rank, and in duplicate, according to the annexed Forms.—They are to contain not only the names of individuals whom Commanding Officers may propose to pass over, but as full particulars of their services, characters, and claims, as of those of the men recommended for promotion.

12. Each Roll is to be complete in itself, without reference to any former Roll.

13. The remarks contained in these Rolls are required to be written either by the Commanding Officer himself, or by the Adjutant under his direction—and they are not to be made public unless in instances of individual demerit which the Commanding Officer may consider to require it.

14. Recommendation Rolls are to be transmitted to the Adjutant General *direct*—but when the Officer holding the permanent Command of the Regiment may be temporarily absent from it, within the Madras Territories, they must be forwarded through him for transmission to the Adjutant General with his approval and countersignature.

15. Native Adjutants are invariably to be selected from among the Jemadars. The Recommendation Rolls are to be prepared in duplicate, Form No. 4, and pending confirmation, Commanding Officers are authorised to appoint the parties to act. In cases of urgent necessity, Subadars may be nominated to act as Native Adjutants, but never Non-Commissioned Officers.

16. No authority inferior to that of the Government being competent to sanction the performance of a Commissioned Officer's duty, individuals under recommendation for promotion, shall not on any account be appointed to act in the superior grade without such authority.

17. No Native Officer shall be eligible to sit as Member of any Court Martial until he shall have passed a satisfactory examination in the Native Articles of War—a Certificate to which effect shall be given to each, signed by the Adjutant and countersigned by the Commanding Officer.

18. Native Officers of Gun Lascars are not to sit on Courts Martial, except upon the trials of their own men, unless when no others may be available.

19. When a Native Officer may be considered unfit for further effective duty, the Commanding Officer will forward to the Adjutant General, through the regular channels of the Brigade and Division, an application for his transfer to the Invalid or Pension Establishment.

20. The application, which is to be prepared in the annexed Form, No. 5, is to contain a full statement of the Officer's services and claims, and is to be supported by a Medical Certificate, Form No. 6.

21. A separate application is to be forwarded for each Officer.

22. On the transfer in General Orders of a Native Officer to the Pension Establishment, a Descriptive Register, Form No. 7, is immediately to be transmitted to the Superintendent of Pensions, for his guidance in the preparation of the Pension Certificate.

23. The Commissions of Native Officers are chargeable with fees as under :

Subadar Major	5	4
Subadar	10	8
Jemadar	3	8
Native Adjutant	3	8

24. Whenever a Native Officer may be dismissed the Service by Sentence of a Court Martial, or by order of Government, all Commissions in his possession are to be resumed, and forwarded to the Adjutant General.

25. The death of a Native Officer is to be reported to the Adjutant General direct.

GENERAL ORDERS.

HEAD QUARTERS:
FORT ST. GEORGE, *28th April* 1840.

At a General Court Martial re-assembled at Moulmein, on Friday the 13th day of March 1840, Private Henry French, General Number one thousand and sixty-two, in the Grenadier or Captain Anthony Gardiner Sidley's Company of Her Majesty's 63d Regiment of Foot, was arraigned upon the following Charges.

First Charge.—"For having at Moulmein, on the seventh of March one thousand eight hundred and forty, made use of the following highly insubordinate expressions when sent to the Regimental Hospital in order to learn from the Surgeon, whether he (the Prisoner) was capable of undergoing Pack Drill awarded him by the Commanding Officer for a previous offence, "I will be damned if I will do the Pack Drill for the Commanding Officer or any body else," or words to that effect."

Second Charge.—"For disgraceful conduct, in feigning disease on the seventh of March one thousand eight hundred and forty and being admitted thereby into the Regimental Hospital at Moulmein, on the same day."

Third Charge.—"For highly insubordinate demeanour and language, to Assistant Surgeon Sinclair, M. D. of Her Majesty's Fifty-fifth Regiment, in medical charge of Her Majesty's Sixty-third Regiment, in the execution of his office, whilst a Patient in Hospital, at Moulmein, on the eighth of March one thousand eight hundred and forty, in leaping out of bed, seizing his clothes, and hastily dressing himself, at the same time, saying, I will not stop in Hospital any longer to be humbugged by you, (meaning Doctor Sinclair) in this manner."

Fourth Charge.—" For mutinous conduct, in addressing the following language to his Commanding Officer when in the execution of his office, in the Orderly Room at Moulmein, on the ninth of March, one thousand eight hundred and forty, when warned for Court Martial on the above mentioned Charges. " If you try me for this, you will never try another man in the Regiment," and turning round in a threatening manner on quitting the Orderly room, and repeating the expressions, " yes, if you try me for this, you will never try another man in the Regiment."

" The above being in breach of the Articles of War."

(Signed) J. LOGAN, Lieut. Col.
Comg. H. M. 63d Regiment.

MOULMEIN;
Tenth of March, one thousand eight hundred and forty.

Upon which Charges the Court came to the following decision :

" The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution on the Charges, as well as what the Prisoner, Henry French, Private in the Grenadier or Captain Anthony Gardiner Sidley's Company Her Majesty's Sixty-third Regiment of Foot, has urged in his defence, and the evidence in support thereof, is of opinion :

Finding on the First Charge.—" That the Prisoner is guilty of the First Charge."

Finding on the Second Charge.—" That the Prisoner is guilty of the Second Charge."

Finding on the Third Charge.—" That the Prisoner is guilty of the Third Charge."

Finding on the Fourth Charge.—" That the Prisoner is guilty of the Fourth Charge."

Sentence.—" The Court having found the Prisoner guilty as above stated, and having furthermore taken into consideration the proof of four previous convictions and of general character, doth sentence him, the said Henry French, General Number one thousand and sixty-two, Private in the Grenadier or Captain Anthony Gardiner Sidley's Company of Her Majesty's Sixty-third Regiment of Foot, to suffer an imprisonment of twelve lunar months, three of which to be solitary, in such place as His Excellency the Commander in Chief may be pleased to direct; and further, that he do forfeit all claim to Pension on discharge and all additional Pay whilst serving."

Confirmed.

From the length of time the Prisoner will necessarily have been in confinement before these confirmed Proceedings will reach the Head Quarters of his Regiment, The Major General Commanding the Forces remits six months simple imprisonment. This, however, is not to be looked upon, as arising from any lenient consideration towards the Prisoner, whose insubordinate conduct fully merits the severest punishment.—The second, fourth and sixth months to be solitary.

Major General.

MADRAS,
25*th April* 1840.

The Sentence is to be carried into effect under the orders of the Officer Commanding the Tenasserim Provinces.

Do. do.

13. It is to be understood that these instructions are not intended to apply to periodical returns, forwarded merely for the immediate information of Government, or to be lodged with the records for occasional reference and not usually transmitted to England, nor to render necessary any alteration in the present mode of preparing and transmitting books of accounts, &c. which are now sent to Government merely for the purpose of being forwarded through them to the Court of Directors and intended solely for the use of the Authorities at Home.

17. Letters on official subjects are not to be transmitted by the Overland Mail, but by the regular conveyance of Ships, except on very pressing occasions, when despatch may be considered of urgent importance.

18. In all correspondence with the Government, as well as between Officers or Departments, separate letters must be written upon separate subjects.

26. Officers in Command of Divisions and Forces which may be separately employed against the Enemy otherwise than on the requisition of the Civil Power, shall report their operations to the Government through the channel of the Chief Secretary, at the same time transmitting similar information to the proper Military authorities as directed in para. 28—except on occasions of Officers being employed under special orders from the Secret Department of Government, when such copies shall be addressed personally to the Commander in Chief or Officer Commanding the Forces, and superscribed "Secret."

27. Officers Commanding Divisions, Stations, Corps, or Detachments of Corps, shall on the receipt of orders directing the movement of any part of the Troops under their Command for service, if not ordered from the Head Quarters of the Army, forward by the same day's post a copy of such orders to the Adjutant and Quarter Master General, except on occasions of Officers being employed under special orders from the Secret Department of Government, when such copies shall be addressed personally to the Commander in Chief or Officer Commanding the Forces, and superscribed "Secret."

28. All reports from Officers Commanding Divisions and Forces, as well as Corps or Detachments on Field Service, not attached to Divisions or Forces, which may have reference to movements and their objects, shall be addressed to the Quarter Master General—and all details of actions with the Enemy, resulting from such movements, shall be transmitted to the Adjutant General.

29. When Officers may be employed on any special or peculiar service, instructions relative to their correspondence thereon will be communicated to them at the time.

37. The preceding rule is equally applicable to memorials to whatever Department transmitted.

38. References or appeals from individuals which an Officer at the head of the Corps or Department may find himself unable to dispose of, are, in the first instance, to be made to the Brigadier who, if necessary, will submit them to the Officer Commanding the Division, with whom it will rest to decide upon the necessity of referring them to Head Quarters.

44. No Officer Commanding Troops can correspond with any superior or distinct authority, Civil or Military, through the channel of his Staff—such correspondence must proceed direct from himself. 49. The receipt of all letters from Head Quarters conveying orders for execution, not *consequent upon previous reference to Head Quarters*, is to be acknowledged by return of tappal, stating whether carried into effect, or cause, if any, which may necessitate delay.

50. The number of a letter from any Public Department is always to be mentioned when acknowledging its receipt.

51. Military authorities, on all matters which may arise within the limits of their respective Commands relating to Foreign Settlements, are to correspond with the Principal Collector of South Arcot—but when necessary to facilitate the settlement of any question, they are permitted to make the Collector of the District in which matter of reference may arise the channel of communication with the Principal Collector of South Arcot.

52. Individual Officers on route to join their Regiments are permitted to frank letters on the public service when they may have occasion to make reports from stations where there is a Post Office, but no Commanding Officer. Where however two or more Officers are proceeding in company, this privilege is restricted to the Senior Officer.

53. All communications in the Military Department from the Medical Board to Government are to be transmitted through the Commander in Chief.

54. All returns, reports, and official communications, which the Regulations of the Service require to be made by Officers of the Corps of Engineers to the Chief Engineer, are to be addressed to "The Adjutant to the Corps of Engineers, Fort St. George"—in order to such papers being submitted to the superior authorities for which they may be intended.

60. Officers of the Commissariat, in charge of Offices, correspond direct with all Civil Authorities, Commanding Officers of Divisions, Detachments, or Garrisons, with whom they may have business to transact. G. O. G. 11th July 1823.

G. O. G. 8th Novr. 1819.

64. The Superintendent of Family Payments corresponds with all Civil and Military authorities on subjects connected with his duties.

65. All letters on public business are to be written on not less than half a sheet of Foolscap Paper, with a margin on the left of the first and third and right of the second and fourth sides of the sheet. The Paras are to be numbered 1, 2, 3, &c.

66. Where more than one side of the sheet of Paper is written on, the full sheet is to be sent.

67. When more than one sheet is contained in a letter or other document, the whole are to be tacked together by a thread, passed through the upper left hand corner, of sufficient length to allow them to open freely.

68. All letters from Corps or Departments are to be numbered, a fresh series of numbers being taken at the beginning of each year.

69. In order to ensure uniformity, it is directed that in all official correspondence, the number of the letter and the designation of the person to whom it is addressed shall be written at the top of the *first* and the date at the foot of the last page.

70. No phrases of personal compliment are to be used in official correspondence.

71. All Public Authorities are required to authenticate official documents by affixing their signatures in an uniform and legible manner. Gazette 27th July 1832.

73. All letters and papers are to be folded in the following manner:

The letter being placed face uppermost, the lower half of the page or sheet is to be brought up and doubled down on the upper half and the same process is to be repeated, which completes the fold.

The abstract is to be made on the back of the second fold from the top of the letter and written across—the opening of the letter being to the right hand.—The other outward fold is to be left blank.

The above directions will be better understood on a reference to the Form (No. 4.)

74. All enclosures in letters are to be endorsed by the authority from whom they proceed with a clear and succinct summary of their contents or notice of their purport.

75. Each enclosure is to be marked 1, 2, 3, &c. according to the number contained in the letter transmitting them.

76. When an *original* correspondence is forwarded to Head Quarters the whole should be tacked together in order, by passing a thread (of sufficient length to allow the whole to open freely) through the upper left hand corner, with an additional half sheet for the endorsement.—This will be considered as *one* enclosure.

77. When *copies* of a correspondence are transmitted, they should be transcribed consecutively according to their dates, on as many sheets as may be required, and the whole tacked together in the manner above described.

78. Periodical reports and returns, to whatever Department addressed, being properly endorsed, may be forwarded without the addition of letters accompanying them.

79. All periodical returns and reports are to be endorsed in a manner similar to their headings.

80. With a view to expedite the business of the Post Office, it is directed that whenever an Officer (except Officers of the Commissariat when they are required to forward accounts) may have occasion to transmit more than one letter to the same address by one day's post, the whole shall be forwarded *under one envelope* simply putting a narrow binder round each of the letters enclosed, which can be severally numbered until the packet amounts to 12 Rupees weight, when a second will be required.—Each packet to be superscribed "By Dauk," otherwise it will be forwarded by Banghy. Gazette 13th March 1832.

81. One envelope only is necessary, the last being that from the Division to Head Quarters.

82. Envelopes are to be made of substantial paper.

83. Envelopes are to be closed with wax or wafers. The use of paste or gum for this purpose is forbidden.

84. The principle of the foregoing Regulations is to be extended to the conduct of Correspondence within Divisions, &c.

FURLOUGH AND LEAVE OF ABSENCE.

European Officers.

1. Except in cases of absence upon medical certificate, all Officers shall be present with their Corps at the annual Inspection and Review.

2. The propriety of an Officer's obtaining leave of absence will, in the first instance, be judged of by his immediate Commanding Officer.

3. Officers in Command of Cantonments, Garrisons, and Military Stations are permitted, of their own authority, to grant leave of absence to Officers, so as not to occasion the absence of any person at the making up of the Returns, for a period of time not exceeding three days.

4. Officers in Command of Districts or Divisions of the Army are permitted, of their own authority, to grant leave of absence to Officers not holding Government Commands or Appointments, for a period not exceeding one month between Returns, within the limits of their Command.

5. Officers in Command of Forces beyond the Frontiers are permitted to grant similar leave of absence for a period not exceeding two months.

6. Applications from Officers for Cantonment or Division leave as abovementioned, are to be made to their immediate Commandants, by whom their requests will be submitted, if approved of, to the Officer Commanding the Cantonment or Division.

7. No deviation from this channel of application is ever to be permitted.

8. Whenever leave of absence otherwise than as above described, may be desired, whether to Europe or otherwise, application for the same shall be made agreeably to the following orders —it being understood, however, that applications for leave of absence to *Europe* are required, in all cases, to be submitted to Government through the Commander in Chief.

9. Officers holding Government Commands are to make their applications to the Adjutant General for submission to the Commander in Chief and Government.

10. Officers of the Adjutant General's and Quarter Master General's Departments are to make application in the first instance to the General or other Officer under whose immediate

Command they may be serving, by whom their requests will be communicated to the Adjutant General for submission to the Commander in Chief. Applications from Officers of the Quarter Master General's Department are to be forwarded to the Quarter Master General, who will communicate them to the Adjutant General.

G. O. G. 11th July 1823.

11. Officers of the Commissariat Department requiring leave of absence are to submit their application in a letter addressed to the Commissary General, which he will immediately forward direct to Government if containing a medical certificate—but if containing an application for leave on private affairs, he will exercise his discretion in forwarding it or not, reporting however to the Commander in Chief, in writing, whenever any such applications shall be forwarded.

12. Officers of the Commissariat, desirous of returning to Europe, are to tender the resignations of their appointments in the Commissariat to the Governor in Council, in a letter to his address to be transmitted direct to the Government by the Commissary General—they are then to apply for their furlough in the same manner as is observed in such cases by other Officers of the Army, viz. through the Officer Commanding the Corps to which they belong, and the Commander in Chief.—They shall notify their intention to do so to the Commissary General, three months previous to the computed period of their embarkation.

13. Applications from Officers of Ordnance for leave of absence are to be made through the Military Board, in the usual form, to Head Quarters for submission to Government.

14. Officers of the Judge Advocate General's Department are to make their applications to the General Officer of their District, by whom they will be communicated to the Adjutant General.

G. O. G. 4th Septr. 1827.

15. Superintending Engineers are to make their applications through the Military Board, for submission to the Commander in Chief and Government.

G. O. G. 8th April 1834.

16. Civil Engineers are to make their applications to the Secretary to the Revenue Board in the Department of Public Works for submission to Government. When leave to proceed to Europe is required, the Officer must transmit an application through the above channel to resign his appointment—and his application for furlough is afterwards to be made through the Chief Engineer to the Adjutant General.

17. All other Officers employed in the Civil Department, or under the orders of Government, are to make their applications through such Department for submission to Government.

G. O. G. 14th June 1822.

18. Officers lent to Foreign States or employed out of the regular line of their professional duty, beyond the British Dominions, who may have occasion from ill health or otherwise to proceed to Sea, shall invariably transmit their application accompanied by the prescribed certificates, to the Commander in Chief through the Adjutant General of the Army.

19. Should the nature of the case require an immediate departure, a duplicate of the application and certificates will be presented to the Government of the Presidency from which the Officer may propose to embark.

20. Applications from Officers unaccompanied by the duplicates of the applications and certificates to their own Adjutant General, will not be attended to by the Governments of the other Presidencies.

G. O. G. 1st May 1813.

21. Applications from Officers employed under the authority of any of the other Presidencies, are to be made in the manner following:

1st. Applications for leave otherwise than to Europe are to be made to the Authorities of the Presidency under which the Officers are serving.

2d. Officers desirous of proceeding to Europe, on furlough, having previously obtained the sanction of the proper authority under whose orders they are employed, will forward their applications to the Adjutant General at Fort Saint George for submission to the Commander in Chief and Government.

3d. In the event of circumstances of an urgent nature, or extreme indisposition, requiring the immediate departure for Europe, on furlough, or sick certificate, of any Officer, his applications will in like manner be addressed to the Government of the Presidency under which he may be employed, and a duplicate will be forwarded to the Government of Fort Saint George through the usual channels.

22. Regimental Officers, including the Sappers and Miners, are to make their applications to their Regimental Commanding Officers, for submission through the channels already prescribed to the Commander in Chief.

23. The Commanding Officer's letter of application is to be made out in the annexed Form, No. 1, and when the leave is solicited for an Adjutant, Quarter Master, Veterinary Surgeon, or Riding Master, he will specify what arrangement he proposes to make for the performance of the duty during the Officer's absence.

24. When the leave is solicited on account of ill health, the "Distribution" Statement is dispensed with, and a medical certificate according to the Form prescribed in the Medical Regulations is to accompany the application.

25. Applications from Officers of Artillery, being sanctioned by their Regimental, Brigade or Station, and Division Commanding Officers, are to be transmitted to the Adjutant General through the Brigadier Commandant.

26. Applications from Medical Officers, being sanctioned by their Regimental, Brigade or Station, and Division Commanding Officers, are to be addressed by the Medical Officers to the Superintending or Staff Surgeon, by whom, if approved, the necessary communication will be made to the Medical Board for submission to the Commander in Chief.

27. No application is to be forwarded for furlough to Europe, except upon medical certificate, when there may be already the limited number of Officers absent in Europe, that is, four below the rank of Major, for each single Regiment or Battalion.

28. Officers holding Staff appointments or otherwise removed from Regimental duty applying for leave of absence to Europe, are required to inform the Officer Commanding their Regiment of their intention, and their applications for leave, which must be made through the Adjutant General, are to state that this has been done.

29. Officers requiring leave of absence to Europe, whether on furlough or sick certificate and intending to embark at Madras, will in the first instance, make application for leave to proceed to the Presidency, specifying it to be "preparatory to applying for leave to proceed to Europe," and the subsequent application for the latter leave may then be made to the Adjutant General direct, accompanied if necessary, by the required medical certificate.—Medical Officers so situated will make their final applications direct to the Medical Board.

30. All applications for leave of absence, other than to Europe, must specify to what particular place the Officer may wish to proceed, and *from* and *to* what date the leave is required.

31. In cases of severe illness when immediate removal from the place shall be deemed so indispensable requisite as not to admit of waiting for a reply from Head Quarters to the application for leave of absence, which shall nevertheless be preferred, an Officer may be permitted by the Officer Commanding the Station, upon the representation of the Medical Officer, to quit his Station.

32. Officers falling sick when absent from their Regiments on duty or otherwise, and requiring immediate leave, are permitted to forward duplicate applications direct to the Adjutant General.

33. When an Officer removed from Regimental duty may vacate his Staff or other appointment, and may require leave of absence, he is permitted to apply direct to the Adjutant General, reporting at the same time to his Regiment.

34. Applications for extension of leave, otherwise than on medical certificate, are not to be forwarded, except under urgent circumstances which are to be fully stated.

35. It is not necessary to make any application for the cancelling of unexpired portions of leave of absence.—Nothing more is required on the occasion of an Officer rejoining his Corps or Department prior to the expiration of his furlough, than the order of the Commanding Officer directing the party to resume his duties, or in the case of a Commanding Officer, his own order resuming charge.

36. Officers who may obtain leave of absence upon medical certificate, are required to conform to its terms—and they are not to proceed to any other Station than that which may have been designated for them, nor to return to their duty prior to the expiration of the period of absence recommended, without a further certificate from the Medical Officer under whose charge they may be.

37. Officers are not allowed to visit the Presidency, except upon leave of absence from Head Quarters, unless in their direct route to join their Station—in which case they are not to remain longer than three days without the permission of the Commander in Chief.

38. Officers on leave of absence, whether on medical certificate or otherwise, are prohibited from residing at Pondicherry without the sanction of Government—and Officers having obtained such sanction, are not allowed on account either of themselves or their families, to call for the attendance of the Medical Officer at Cuddalore.

39. Officers obtaining leave of absence otherwise than to Europe, or to Sea, are required to rejoin their Corps or Station on or before the day on which their leave terminates.

40. Officers obtaining leave of absence upon private affairs beyond the limits of the Madras Presidency, are permitted to draw Indian allowances for a period not exceeding six months, beyond which they forfeit both allowances and service.

G. O. G. 6th Novr. 1821.
G. O. G. 29th June 1830.
G. O. G. 14th April 1835.
G. O. G. 19th May 1835.

41. Officers obtaining leave on private affairs within the limits of the Presidency, are permitted to draw their allowances for six months if proceeding to a Station within the distance of 500 miles—if 500 miles distant for seven months—and if 600 or more for eight months, reckoned from the date of quitting the Corps or Station.

G. O. G. 29th June 1830.
G. O. G. 14th April 1835.

42. Officers cannot be allowed leave of absence upon medical certificate for a longer period than two years, if within the limits of the Madras Presidency—or, if proceeding to Sea, for two years, with the addition of the regulated period allowed for marching from their Station to the port of embarkation, and again for rejoining their Corps or Station from the port of embarkation on their return, *inclusive* of the month allowed for preparation on return from Sea.

G. O. G. 19th May 1835.

43. Officers of Veterans, within the limits of the Presidency, are exempted from the restriction of the preceding paragraph on the production of a medical certificate stating that from debility, wounds, or extreme ill health, they are unable to return to their duty.

G. O. G. 24th May 1831.

44. Leave of absence granted by the Government or Commander in Chief, can be extended only by the same authority.

45. Officers on leave at other Presidencies are to make the usual report of arrival and departure to the Authorities there.

46. Officers are required to serve ten years in India before they can be allowed furlough to Europe, except upon medical certificate.

47. Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

G. O. G. 22d Septr. 1807.

48. Should an Officer who has received permission to return to Europe on furlough not embark within three months from the publication of the leave in General Orders, his Indian allowances will cease from that time, unless specially sanctioned by Government.

G. O. G. 20th Septr. 1821.

49. All Officers who have held or may hold situations involving the receipt and disbursement of public money, are required to notify to the Accountant General in the Military Department their intention to proceed to Europe, at least three months previous to the computed period of the embarkation.

50. All Officers proceeding to Europe on furlough are required to draw their Indian allowances up to the date of embarkation inclusive, as well as their Pay for the month in which they embark.

G. O. G. 19th Feby. 1829.

51. Officers who may proceed by permission of Government from any subordinate station to the seat of Government of another Presidency for the purpose of finding a passage to Europe, are permitted to draw Indian allowances to, and to reckon their furlough from, the date of embarkation at such Presidency, provided no unnecessary delay shall take place in their departure. It is to be distinctly understood however, that this indulgence is restricted to Officers who from being stationed nearer to another Presidency than to their own, would suffer unnecessary inconvenience and delay if compelled to proceed to the latter for the purpose of embarkation.

G. O. G. 6th Novr. 1838.

52. Officers returning to Europe via Bombay, are entitled to draw Indian allowances, and to reckon their furlough from the date of embarkation at that port—provided that their Corps are stationed north of the River Kistna, or Toombadra.—Corps serving in the Northern Sirkars, however, being nearer to Madras than to Bombay, are excepted from this indulgence.

G. O. G. 26th Jany. 1836.

53. Officers serving in the Eastern settlements proceeding to Calcutta for the purpose of embarking thence to Europe on medical certificate, will be considered as on furlough from the date of their embarkation from those settlements, except upon a certificate from the Chief Civil or Military Authority that a passage to Madras could not be procured.

G. O. G. 7th August 1838.

54. The passage money allowed to Officers returning to Europe on sick certificate is payable to their order, supported by a certificate of final embarkation from the Commander of the Vessel on which they proceed.

G. O. G. 12th Jany. 1838.

55. Officers intending to proceed by the Company's Steamers from Bombay, are required to adopt measures for the payment of their passage money in Cash at that Presidency.

56. Officers proceeding to Europe from Bombay or Calcutta are to report to the Adjutant General at Fort Saint George the date of their quitting the limits of the Madras Presidency, as also the date on which they embark, and the name of the Ship. In the case of an Officer's failing to make these reports his furlough will be calculated from the date of the order granting it.

G. O. G. 10th Aptil 1821.

57. Officers proceeding to Europe on furlough are required immediately to report their arrival and address, by letter, to the Secretary at the India House, stating the name of the Ship in which they came, and forwarding at the same time the certificates furnished to them in India.

G. O. G. 3d Decr. 1824. G. O. G 20th Feby. 1838.

58. Officers on furlough are allowed pay at the following rates per diem: paid quarterly.

Rank.	Cavalry.			Artillery, Engineers.			Infantry.		
	£	s.	d.	£	s.	d.	£	s.	d.

G. O. G. 10th Feby. 1801.

59. No Officer who has drawn three years pay on furlough is allowed any further pay if permitted to return to Europe a second time on furlough, except upon medical certificate.

60. Officers on furlough are required to rejoin their Presidency at the expiration of three years from the commencement of their furlough, unless they shall have obtained an extension of leave from the Court of Directors six months before the expiration of that time.

61. Extension of furlough will not be granted except in cases of sickness, or when it shall be proved to the satisfaction of the Court of Directors that a further residence in Europe is indispensably necessary.

62. All Officers finding it necessary to solicit a further leave of absence on account of sickness must if resident in London, or its vicinity, appear before the Company's examining Physician, who will report to the Court of Directors his opinion on the state of such Officer's health—and if resident in the Country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen, eminent in the Medical profession, viz.

I hereby certify that I have carefully examined (state the nature of the case as well as the name of the party) and I declare upon my honor, that according to the best of my judgment and belief, ——— : ——— is at present unfit for Military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least ——— longer in this Country.

63. Officers abroad in any part of Europe applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent Physicians, in the above form, with the attestation of a Magistrate that the persons who signed the certificate are Physicians.

64. Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty, or to reside a further time in England.

65. All Officers on furlough are required to make application to the Secretary at the India House for permission to return to their duty in sufficient time to allow of their arriving at their Presidency by the expiration of their leave—or they will subject themselves to removal from the Service.

66. Officers on furlough are required to arrive in India within five years from the date of their departure thence, under penalty of forfeiting their rank and pay—unless they shall have obtained permission from the Court of Directors to return to India, having previously proved to their satisfaction, and to that of the Board of Control, that their absence was occasioned by sickness, or infirmity, or some inevitable accident. G. O. G. 10th April 1821.

67. The above exception it is to be observed applies only to cases of sickness, infirmity, or inevitable accident.

68. Officers returning to their duty viâ Bombay, are allowed to reckon service, and to receive pay from the date of arrival at that Presidency—provided that their Regiments are at Stations nearer to Bombay than to Madras, and provided also that they join their Corps from Bombay within the regulated period.

69. Officers returning from Europe viâ Bombay are required to report to the Adjutant General at Fort Saint George the date of their arrival at that Presidency, as also that of their arrival within the limits of the Madras Presidency, in order to their readmission on the Establishment.

70. Officers returning from Europe are to forward the certificate of permission to return to their duty furnished to them by the Secretary at the India House, to the Adjutant General—or in the case of Medical Officers, to the Secretary to the Medical Board—without these documents they cannot be readmitted on the Establishment. The pay certificate received at the India House is required to be attached to the first abstract for pay.

71. Officers arriving at the Presidency or any Out-port from Europe or from Sea, are allowed the period of one month, calculated from the day of arrival to the day of departure inclusive, for the purpose of making the necessary preparations to rejoin their Corps or Stations, reporting their arrival and intended date of departure to their Commanding Officers,—any Officer who may fail after the expiration of such period to join his Corps or Department within the time allowed for travelling the distance, will, unless he has obtained leave, be considered "absent without leave."

72. Officers arriving at the Presidency from Europe whose Corps are stationed at Fort Saint George, Saint Thomas's Mount, Poonamallee, or Palaveram, are required to join their respective Corps on appearing as readmitted on the strength of the Army. Officers as above, returning from Sea, are required to join at once.

Native Commissioned Officers, Warrant Officers, European and Native Non-Commissioned, &c. &c.

1. Commanding Officers of Regiments or Stations are empowered to grant leave of absence to the Native Commissioned, Non-Commissioned Officers and others of the inferior ranks under their Command for such period, and to such number, as they may deem proper, subject to the control of the Officer Commanding the Division or Brigade, who is empowered to interfere whenever he may be of opinion that the number of men on furlough, as noted in the Returns, has reached or exceeded the proper bounds.

2. As a general rule, the period of furlough is to be calculated at the rate of 15 miles per diem for the distance to be travelled, with such addition for the purpose on account of which the leave is required as the Commanding Officer may deem expedient.

3. Unless under very urgent circumstances, however, leave of absence is not to be granted to Soldiers so as to cause their absence at the annual Inspection.

4. All Passports are to be signed by the Officer Commanding the Troop, or Company, or at the head of the Department, and countersigned by the Commandant of the Corps—they are to be made out in the annexed Form No. 2, and are to be shewn at every Military Station through which the bearer may pass, to the Commanding or Staff Officer, and at Fort Saint George to the Fort Adjutant.

5. For men who may obtain furlough beyond the limits of this Presidency, Passports will be issued by the Adjutant General upon application from Commanding Officers, accompanied by a Register of the individual made out in the annexed Form No. 3.

6. Passports are not required to be countersigned by the Station or Division Staff.

7. The Commanding or Staff Officer of the Station to which the leave is granted, is invariably to affix his signature to the Passport, in proof of the bearer's having visited that station—noting the date of his arrival. The date of the man's departure to rejoin is also to be noted on the Passport, and he is at the same time to be distinctly informed of the exact period of leave remaining to him.

8. Extension of furlough is never to be granted by Officers Commanding Stations except under very urgent circumstances, which, and the period to which additional leave has been granted, must be immediately reported to the Corps or Department to which the individual may

belong, and must also be officially noted on the back of the Passport itself. Individuals requiring extension of leave at the Presidency must prefer their request at the Adjutant General's Office.

9. Any Soldier who is absent from his Corps or Station, not having the required Passport in his possession, or who having it in his possession omits shewing it at any Station through which he may pass, will be liable to apprehension as a deserter.

10. A Soldier going on furlough, may while actually travelling, lay aside his Regimental Dress, but when waiting upon the Commanding Officer or attending at the Public Office of a Station he must be correctly dressed in the Regimentals of his Corps, and in the event of any individual appearing either improperly or dirtily dressed, the circumstance is invariably to be noted in the Passport, or reported to his Corps, that he may meet with due punishment on his return to the Regiment.

11. Officers are hereby ordered carefully to explain the preceding orders to every individual of their Troop or Company proceeding on leave of absence.

12. Each man proceeding on furlough is to be furnished with a *separate* Passport, and Pay Certificate.

13. Leave of absence to visit the Presidency is not to be granted to European Non-Commissioned Officers and Soldiers unless in special cases, in which the Commanding Officer may be satisfied that there is good and sufficient ground for granting the indulgence.

14. Men of the Artillery obtaining leave of absence to the Presidency, or ordered thither on duty, are to proceed in the first instance to the Mount, where they are to report themselves to the Assistant Adjutant General—and all documents regarding them are also, in the first instance, to be transmitted to Artillery Head Quarters.

15. Native Officers proceeding on furlough are to be allowed to retain their arms and accoutrements in their own possession.

16. Leave of absence for Warrant Officers of the Ordnance Department must be applied for to the Adjutant General through Brigades and Divisions.

17. Leave of absence for Warrant Officers of the Commissariat Department is to be applied for to the Commissary General, by whom the application will be submitted if approved of to the Commander in Chief.

18. Leave of absence for Apothecaries and Second Apothecaries must be applied for in the manner prescribed for Medical Officers through the Medical Board to the Commander in Chief or Government as the case may be.

19. Warrant Officers are allowed furlough to Europe only upon medical certificate.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

HEAD QUARTERS: BANGALORE, 22*d June* 1840.

The following Extracts from the confirmed Proceedings of a European General Court Martial, held at Fort St. George, on Friday the fifth day of June, in the year of our Lord one thousand eight hundred and forty, by virtue of a warrant from Major General Sir Hugh Gough, K. C. B. Commanding in Chief, are published to the Army.

Ensign George Henry Eckford of the Twelfth Regiment of Native Infantry, placed in arrest by order of Major Patrick Corbet, on the complaint of Captain Thomas Slater Rooke of the same Regiment, on the following Charge.

Charge.—For scandalous, infamous behaviour, unbecoming the character of an Officer and a Gentleman, in the following Instances.

First Instance.—In having, at Madras, on the sixth of May one thousand eight hundred and forty, falsely and maliciously stated to Lieutenant Edward Dacre Roper of the same Regiment, that Captain Thomas Slater Rooke of the same Regiment, had asserted, at a dinner party given by the Officers of the Forty-eighth Regiment of Native Infantry at Malacca, about three years ago, that he, the said Lieutenant Roper, Lieutenant George Pinnock, Lieutenant Mark Beale Cooper and Lieutenant Dennis Hodson Beadle, all of the same Regiment, were a disgrace to the service, that they were drunkards, and that they contracted debts, which they never intended to liquidate.

Second Instance.—In having at the same place, on the following morning, suffered the following most opprobrious language to be applied to him by the said Lieutenant Roper, namely, "you are "a base fabricator of lies, and, if it were worth my while, I would kick you out of the window," or words to the same effect, without taking any measures to vindicate his insulted honor and character.

The above being in breach of the Articles of War.

(Signed) J. B. NOTTIDGE, Capt.
Bt. Major, Comg. 12th Regt. N. I.

PALAVERAM,
The twenty-second day of May one thousand eight hundred and forty.

By order,
(Signed) R. ALEXANDER, Lieut. Col.
Adjt. Genl. of the Army.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoner, Lieutenant George Henry Eckford of the Twelfth Regiment of Native Infantry, has urged in his defence, and the evidence in support thereof, is of opinion:

Finding on the First Instance.—That the Prisoner is guilty of the First Instance of the Charge.

Finding on the Second Instance.—That the Prisoner is guilty of the Second Instance of the Charge with the exception of the words "and if it were worth my while I would kick you out of the window."

Sentence.—The Court having found the Prisoner guilty to the extent above stated, doth sentence him, the said Ensign George Henry Eckford (now Lieutenant) of the Twelfth Regiment of Native Infantry, to be discharged from the service.

(Signed) R. L. EVANS, Brigadier,
President.

The Major General Commanding the Army in Chief feels deep regret at being compelled to confirm the Sentence on so young an Officer as Lieutenant Eckford. Had the correct rules of society and the service been more strictly adhered to on the part of some Officers of the 12th Regiment, this distressing occurrence could not have taken place, and had Lieutenant Roper not left himself open to animadversions on his pecuniary transactions, neither the remarks which gave rise to the First Charge nor the exaggerated recapitulation of those remarks (which led to the coarse expressions used by that Officer, as set forth in the Second Charge) would have become the subject of Military investigation. Concurring as the Major General does in the view the Court takes of the Prisoner's misconduct, he feels at the same time bound to express his disapprobation at the unjustifiable expressions made use of by one Gentleman to another.

As Courts Martial are equally intended to uphold those high principles which bind society together, as to deter from every breach of Military discipline, the Major General trusts the present will be a salutary warning and thereby prevent a recurrence of the practice of enlarging on the failings of others, which in a Regiment must tend to destroy that social and friendly intercourse that should subsist amongst brother Officers, and without which no Corps can be either respectable or respected. The Major General looks with confidence to the Officer in Command of the 12th Regiment to check all irregularities, and to uphold that system of unanimity for which the 12th Regiment was formerly so distinguished.

(Signed) H. GOUGH, Major Genl.
Commanding in Chief.

HEAD QUARTERS:
CALCUTTA, 19*th June* 1840.

GENERAL ORDER.

At a General Court Martial holden at Bangalore, on Wednesday the 15th day of April 1840, Captain John Ovens, of Her Majesty's 57th Regiment of Foot, was arraigned on the following Charge:—

Charge.—"I charge Captain John Ovens, of Her Majesty's 57th Regiment of Foot, with scandalous and infamous conduct, such as is unbecoming the character of an Officer and a Gentleman, in the following Instances:

"*First Instance.*—In having, at Cannanore, between the 1st of May, 1837, and the 27th

of March 1839, when being on terms of intimacy and friendship with me, circulated a most scandalous and infamous report, reflecting upon the character of my wife, Mrs. Sarah Bainbrigge, without bringing the same in any way to my knowledge; by stating to Brevet Major Harvey Welman, Captain Clarke Marias Caldwell, and Lieutenant George Henry Hunt, that Lieutenant Andrew Timbril Allan of the same Regiment, had informed him, that he, Lieutenant Andrew Trimbril Allan had had criminal connexion with my wife, Mrs. Sarah Bainbrigge.

"*Second Instance.*—In having, at Trichinopoly, on the 12th of August 1839, falsely declared, that he had never made the statement attributed to him in the first instance of the Charge, to the said Brevet Major Harvey Welman, or to any other person or persons, that it was a damned lie, and that those who had accused him of having done so, were liars, (meaning the said Brevet Major Harvey Welman, Captain Clarke Marias Caldwell, and Lieutenant George Henry Hunt,) or words to the same effect.

"*Third Instance.*—In having, at Trichinopoly, on the 11th of October 1839, before a body of Officers, assembled as a General Court Martial for the trial of the aforesaid Lieutenant Andrew Timbril Allan, grossly prevaricated on his oath, by falsely stating, that the said Lieutenant Andrew Timbril Allan had given him the information alluded to in the first instance of the Charge, regarding my wife, Mrs. Sarah Bainbrigge."

"The above being in breach of the Articles of War."

(Signed) "THOS. BAINBRIGGE, Captain,
H. M. 57th Regiment."

Upon which Charge the Court came to the following decision:

Finding.—"The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoner, Captain John Ovens, has urged in his defence, is of opinion;

"That, the Prisoner is not guilty of the first instance of the Charge, and the Court fully and honorably acquits him thereof.

"That, the Prisoner is guilty of the second instance of the Charge, with the exception of the words 'scandalous and infamous.'

"That, the Prisoner is not guilty of the third instance of the Charge, and the Court fully and honorably acquits him thereof.

Sentence.—"The Court having found the Prisoner guilty to the extent above stated, doth sentence him, the said Captain John Ovens, of Her Majesty's 57th Regiment of Foot, to be reprimanded in such manner as the Officer confirming these Proceedings, may be pleased to direct."

Remarks by the Court.—"The Court having necessarily found the Prisoner guilty of the second instance of the Charge, beg to submit that the Prisoner seems to have erred through a mistaken notion, and having retracted and atoned for that error shortly afterwards, and which atonement was accepted by the parties concerned, the Court are not inclined to attach that criminality to the act which the Charge would seem to imply."

Confirmed.

(Signed) J. NICOLLS, General,
Commander in Chief, East Indies.

17*th June* 1840.

Remarks by His Excellency the Commander in Chief.

The Commander in Chief in India having recommended that this trial should be held, it falls to His Excellency to convey the reprimand which the Court has sentenced.

Captain Ovens has greatly erred in giving too easy credence, and too ready utterance to an injurious report: but these very common errors are light compared with his want of firmness and judgment in denying, so strenuously, even for a very short time, that he had done so.

Captain Ovens is hereby reprimanded—he is to return to his duty.

By order of the Commander in Chief.

GENERAL ORDERS

By Major General Sir Hugh Gough, K. C. B. Commanding the Army in Chief.

ADJUTANT GENERAL'S OFFICE: FORT ST. GEORGE, 21*st July* 1840.

The following General Orders issued by His Excellency the Commander in Chief at Bombay, are published for the general information of this Army.

HEAD QUARTERS:
BY THE COMMANDER IN CHIEF. POONA, 25*th June* 1840.

At an European General Court Martial assembled at Ahmednuggur, on Monday the 1st day of June 1840, and of which Lieutenant Colonel A. Manson, C. B. of the Regiment of Artillery, is President, Lieutenant Henry Bathurst of the 21st Regiment Madras Native Infantry, was tried on the following Charge, viz.

Lieutenant Henry Bathurst of the 21st Regiment Madras Native Infantry, placed in arrest by my order, on the following Charge.

Charge.—For conduct unbecoming the character of an Officer, in having at Ahmednuggur, on the afternoon of the twentieth day of April 1840, between the hours of five and six, been drunk on duty under arms at Skeleton Drill on the Regimental Parade.

The above being in breach of the Articles of War.

Ahmednuggur, 24th April 1840. (Signed) J. W. YALDWYN, Major,
Comg. 21st Regt. M. N. I.

Adjutant General's Office, Mahableshwar, 13th May 1840.
By order of His Excellency the Commander in Chief.
(Signed) STRATFORD POWELL, Lieut. Colonel,
Adjutant General of the Army.

Upon which Charge the Court came to the following decision:

Finding and Sentence.—The Court having most maturely weighed and considered all that has been adduced in support of the prosecution, as well as what has been brought forward on the defence, are of opinion, that the Prisoner, Lieutenant Henry Bathurst, 21st Regiment Madras Native Infantry, is guilty of the Charge preferred against him in breach of the Articles of War in such cases made and provided, and they do therefore adjudge him, the said Lieutenant Henry Bathurst, to be cashiered.

(Signed) J. B. HOOSNAM, Lieut.
Officiating Judge Advocate.

(Signed) A. MANSON, Lt. Col.
Regt. of Arty. and President.

I approve of the Finding on this trial, which is supported by clear and convincing evidence, and the Sentence is in conformity to an express Article of War; nevertheless I feel it a necessary duty to observe, that the Court was objectionably composed, although not to the extent of legal vitiation.

Without attributing the slightest degree of undue influence to any individual Member in his capacity of Juror, in which alone a difference of opinion could have possibly arisen on the present Charge, I consider it most desirable, that even the appearance of bias should in such cases be avoided, by not placing on the Court any Officer who is to be called on as a witness (more especially on the prosecution) or who has been previously examined on the subject to be investigated.

In respect to the preliminary objection which was urged by the Prisoner against two Officers of the same Regiment on the ground of their being junior to him, it is to be remarked, that although the challenge was insufficient in a legal point of view the circumstance ought to be carefully guarded against in equal consideration to the feelings of both parties.

Under the above view of the case, and taking into consideration the comparatively short period which Lieutenant Bathurst has been in the Service, I have been induced to remit the fully merited penalty of his offence, in the hope that he will hereafter prove himself deserving of the clemency now shewn to him, by an undeviating course of temperance, and the strictest attention to all his duties, and thereby eradicate even the remembrance of his past transgression.

(Signed) THOS. McMAHON, Lieut. General
and Commander in Chief.

Lieutenant Bathurst is to be released from arrest and ordered to return to his duty.

By order of His Excellency the Commander in Chief.
STRATFORD POWELL, Lieut. Col.
Adjutant General of the Army.

GENERAL ORDER.

HEAD QUARTERS:
BY THE COMMANDER IN CHIEF. POONA, 5*th July* 1840.

At a General Court Martial assembled at Bombay, on Monday the 15th day of June 1840, and of which Lieutenant Colonel T. Marshall of the 25th Regiment Native Infantry, is President, Lieutenant W. Hollis of the 36th Regiment Madras Native Infantry, was tried on the following Charges, viz.

Lieutenant W. Hollis, 36th Regiment Madras Native Infantry, attached by order of the Honorable the Court of Directors, to do duty with a Detachment of Troops belonging to the Bombay Army on board the Ship "*Inglis*," brought to trial by order of His Excellency the Commander in Chief, on the following Charges, viz

First.—For highly disgraceful and insubordinate conduct, unbecoming the character of an Officer and a Gentleman, in having on board the aforesaid Ship, on the 3d April 1840, entered the Cuddy

whilst under arrest and then and there addressed most opprobrious and insulting language to Captain R. Mignan, 1st Regiment Bombay European Infantry, his senior Officer in Command of the Detachment, and in having repeated the same.

Second.—For having at the same time and place broken his arrest, by entering the Cuddy as above specified, which place had been expressly excepted from the limits to which he was to confine himself.

Adjutant General's Office, Mahableshwar, 2d June 1840.
By order of His Excellency the Commander in Chief.
(Signed) STRATFORD POWELL, Lieut. Col.
Adjutant General of the Army.

Upon which Charges the Court came to the following decision:

Finding.—The Court having maturely weighed and considered all that has been adduced in support of the prosecution, as well as what has been brought forward on the defence, are of opinion, that the Prisoner, Lieutenant William Hollis, 36th Regiment Madras Native Infantry, is,

Guilty of the 1st Charge.
Guilty of the 2d do.

Sentence.—The Court having found the Prisoner guilty of both Charges preferred against him, do adjudge him, the said Lieutenant William Hollis, to be dismissed the Service.

(Signed) A. WOODBURN, Capt.
Officiating Judge Advocate.

(Signed) T. MARSHALL, Lt. Col.
25th Regt. and President.

Approved and confirmed.
(Signed) THOS. McMAHON, Lieut. Genl.
and Commander in Chief.

Recommendation of the Court.

The Court having thus performed a painful duty, beg leave most respectfully to recommend the Prisoner's case to the merciful consideration of His Excellency the Commander in Chief, on the grounds of his having at the moment he broke his arrest and addressed the insulting and opprobrious language to his Commanding Officer, been laboring under temporary aberration of mind as appears by the evidence given by Dr. Butchart, and also from the circumstance of his having been placed under arrest on grounds unconnected with his Military duty.

(Signed) T. MARSHALL, Lt. Coll.
25th Regt. and President.

Remarks by the Commander in Chief.

The circumstances set forth in both Charges are fully established, and from the Court having passed a general verdict of guilty on each, it is to be inferred, that it did not consider aberration of mind referred to in the recommendation, to be of a nature and extent to exonerate the Prisoner from responsibility for the act which he had committed, and this view of the case is agreeable to the evidence recorded, as the circumstances deposed to by Surgeon Butchart only tend to prove excitement and irritation, which fall very far short of what both the law, and the established order of Society require to warrant such an exemption.

This point is, I observe, distinctly, and correctly laid down in the 72d Article, Section XX of the Military Code of the Bombay Army founded on the Criminal Law of England.

The offence set forth in the Second Charge comes directly under the provision of the 35th Article of the 14th Section of the Articles of War for the Hon'ble Company's European Troops and the Prisoner having been declared guilty of the same, ought to have been adjudged to be Cashiered, instead of dismissed the Service.—For although these respective punishments are always considered of synonymous import, the Court ought to have adopted the term specially used in the enactment.

Lieutenant Hollis has in his address on the defence expressed himself fully sensible of the great impropriety of his conduct and from the letters addressed to him by Captain Mignan of the 1st European Regiment which are attached to the Proceedings and from the other correspondence which has been previously under notice, it is but too evident that he was most injudiciously and irritatingly treated by Captain Mignan, which although not forming tangible matter for judicial investigation is nevertheless highly objectionable and censurable, more especially as a style of correspondence was continued after Lieutenant Hollis was in arrest which was neither called for nor suitable from a Commanding Officer.

It is to be wondered at and greatly to be deplored that an Officer of Lieutenant Hollis's experience and long standing in the Service should have set so bad an example to the Troops on board the "*Inglis*", and his conduct having been so violent, so detrimental to the harmony and comfort of all who were on board, and the dreadful epithets of coward, villain, &c. &c. as applied to his Commanding Officer, have left me no alternative, but the painful and distressing duty of confirming the Finding and of letting the Sentence awarded to take its course.

(Signed) THOS. McMAHON, Lieut. Genl.
and Commr. in Chief.

Lieutenant W. Hollis of the 36th Regiment Madras Native Infantry, will cease to draw pay from the 6th Instant, and a communication will be made to the Authorities of Fort St. George that his name may be struck off the strength of the Madras Army from the same date.

By order of His Excellency the Commander in Chief.
(Signed) STRATFORD POWELL, Lieut. Col.
Adjt. Genl. of the Army.

Mr. William Hollis is to be struck off the strength of the Army from the 6th July 1840.

1st. An allowance of Rupees 300 per mensem is sanctioned to Field Officers Commanding Divisions of Artillery in the Field.

2d. When the Command of a Division of Artillery is united with that of a Battalion or Brigade, the superior Command allowance of 400 Rupees is only to be drawn—the inferior allowance of 300 Rupees for Command of Divisions being intended only for Officers not entitled to the superior.

(Signed) S. W. STEEL, Lieut. Colonel,
Secretary to Government.

FORT ST. GEORGE, 24TH JULY 1840.

No. 118 of 1840.—The Right Honorable the Governor in Council is pleased to cancel the provisions in paragraphs 5, 6, 7 and 8 of G. O. G. 21st July 1826; and in assimilation with the practice in Bengal to establish the following rules for the performance of Staff duties to Detachments of Artillery.

1st. When 2 or more Troops of Horse or Companies of Foot Artillery or Golundauze, detached from Brigade or Battalion Head Quarters, are located together, at a Station where there may be no Brigade or Battalion Staff, an Officer will be appointed to act as Adjutant and Quarter Master to the Detachment upon the usual allowances of that situation, viz.

If to a Detachment composed entirely of European Artillery, or of European and Native Artillery..... } The same as to an Adjutant and Quarter Master of European Foot Artillery, Rupees 222.

If to a Detachment composed of Native Artillery..The same as to an Adjutant of Golundauze, Rupees 192. 7 0.

2d. Should the Head Quarters of a Brigade of Horse, or of a Battalion of Foot Artillery, or Golundauze be at the same Station with one Troop or more of Horse or one Company or more of Foot Artillery or Golundauze not of the same Brigade or Battalion, the Staff duties of the whole will be conducted by the Brigade or Battalion Adjutant, who will draw an extra allowance of Rupees 35 per mensem (the present rates) for Writers and Stationery, to cover the additional expenses attendant on such duties. But on establishing the foregoing provisions His Lordship in Council directs that care be taken to distribute the Head Quarters of Troops and Companies at the various Stations of Artillery, so as to prevent the necessity of employing Wing or Detachment Adjutants except when actually required by the exigencies of the service.

3d. In other respects the provisions of G. O. G. 29th January 1830 will be considered applicable to European Artillery.

4th. These orders are to have effect from the 1st Proximo, except in cases where their application would prove detrimental to Officers who, on the receipt of this Order, may be, or Acting as, Troop or Detachment Adjutants, under former Regulation—the benefits of which they will continue to enjoy until such Staff appointments lapse, under circumstances which would disqualify them under those Regulations.

Secretary to Government.

FORT ST. GEORGE, 28TH JULY 1840.

No. 122 of 1840.—The following General Order by the Right Honorable the Governor General of India in Council, is published for the information of the Army.

GENERAL ORDERS by the Right Hon'ble the Governor General of India in Council.

FORT WILLIAM, *8th July*, 1840.

No. 146 of 1840.—1. It having been deemed an object of great importance to equalize the Pay and Allowances of the whole of the European Troops at the several Presidencies, on the same principle as that which guided the recent equalization of the Allowances of the Native Soldiery; viz. by taking the allowances fixed for the Bengal Army as the standard for the whole of India, the Right Hon'ble the Governor General of India in Council, in obedience to the instructions of the Hon'ble the Court of Directors issued with the sanction of Her Majesty's Secretary at War, is pleased to promulgate the following Orders:

2. From and after the 1st of November next, the European Troops at Madras and Bombay will be victualled by the public, and will receive the same rates of Pay, and Compensation for Spirits, as are issued to the corresponding classes in the Bengal Army.

3. The rates of Pay fixed for Soldiers of Her Majesty's Army by the Royal Warrant dated the 20th March 1837, if converted into Company's Rupees at the intrinsic par value of the two Coins, viz. 2*s*. 0½*d*. for the Rupee, are less than the rates established for the payment of the same ranks in Her Majesty's Regiments and in the East India Company's European Artillery and Infantry serving in the Bengal Presidency; but as the Bengal Scale has been enjoyed during a long course of years, it is not deemed necessary or desirable to make any reduction or alteration in it. The Bengal Standard, therefore, has been followed in the annexed general Table, wherein a distinctive issue of Compensation for Spirits is omitted, and a consolidated amount declared, the whole of which is to be drawn in abstract from the Pay Department; and except in some few instances where the Pay is slightly increased, in order to preserve the relative proportions between the different ranks, as established by the Royal Warrant, the rates here laid down, are precisely the same as now drawn by the Bengal Troops, and are declared to be henceforth applicable to the whole of India.

4. In the introduction of the new Pay Tables at the Presidencies of Madras and Bombay, it is directed that, in all cases when the Pay and Allowances of the other Presidencies have exceeded those of Bengal, the reductions are to be prospective, and applicable only to Non-Commissioned Officers promoted, or to Men enlisted after the promulgation of this Order.

5. An uniform Table of daily rations for the three Presidencies at all Stations and Seasons, is established as follows, to take effect from the 1st of November, being the same scale as ordered for Her Majesty's Soldier at Jamaica, with the addition herein granted of Firewood and Salt.

1 lb. of Bread.
1 Do. of Meat.
4 Oz. of Rice.
1¾ Oz. of Sugar.
¾ Oz. of Tea or Coffee.
3 lbs. of Firewood.
1 Chattack of Salt.

6. Hospital stoppages at one established rate, that of Bengal, to be introduced throughout India from the 1st of November; viz. Non-Commissioned Officers, including Serjeants, Corporals, Bombardiers, Horse and Foot Artillery, Trumpeters, Drummers and Fifers, each Company's Annas (3) Three, per diem; Privates and Farriers, Company's Annas (2) Two, per diem; European and East Indian Women, Company's Annas (1) One, per diem.

7. In the realization of Hospital Stoppages, Chap. 2d, Section 12, Page 167 to 172 of the Bengal Medical Regulations to be strictly attended to, in all practicable particulars at the other Presidencies.

8. In farther obedience to the Orders of the Hon'ble Court, the following Scale of Allowances, which are to be deemed prospective only, and are not to affect those who now are, or who previously to the 1st of January 1841, may be drawing a higher rate of subsistence, is hereby established for all families of European Soldiers in future serving at the three Presidencies, the allowance for Children being strictly confined to legitimate Children:

European Women,	5	per Month.
East Indian,	3½	Ditto.
Children,	2½	Ditto.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 15*th August* 1840.

The following Extracts from the confirmed Proceedings of a European General Court Martial, holden at Mangalore, on Monday the thirteenth day of July, in the year of our Lord one thousand eight hundred and forty, by virtue of a warrant from Major General Sir Hugh Gough, K. C. B. Commanding in Chief, are published to the Army.

Lieutenant William Eugene Powell Welliton of the Forty-sixth Regiment of Native Infantry, placed in arrest by order of Major General Sir Hugh Gough, K. C. B., Commanding the Army in Chief.

Charge.—For scandalous and infamous behaviour, such as is unbecoming the character of an Officer and a Gentleman, in the following Instances:

First Instance.—In having at Mangalore, on the eighteenth of November, one thousand eight hundred and thirty-nine, purchased from Cowajee, Parsee Merchant, at the same Station, a Palanquin for the sum of one hundred and five Rupees, under the condition and promise of paying for the same in the following month of December, which condition and promise, he, Lieutenant Welliton, failed to fulfil.

Second Instance.—In having at the same place, on the twenty-ninth of December following, sold the Palanquin aforesaid, to Lieutenant Thomas Greenaway of the Forty-sixth Regiment of Native Infantry, for the sum of eighty Rupees, appropriating the amount received by him to his own use, without paying the whole or any part thereof to the aforesaid Cowajee, although he, Lieutenant Welliton, had promised me, his Commanding Officer, in the presence of several Officers of his Regiment, that the proceeds of the sale of the said Palanquin, should be paid to the said Cowajee in liquidation of the debt contracted by him, Lieutenant Welliton, in the purchase thereof.

Third Instance.—In having at the same place, on the ninth of February one thousand eight hundred and forty, purchased a Horse on credit from Ensign Henry Saint George Hartwell of the Forty-sixth Regiment of Native Infantry, he, Lieutenant Welliton, having on the first of the same month, solemnly pledged his promise to me, in presence of my Regimental Staff Officers, that he would neither purchase a Horse nor incur any more fresh debts.

Fourth Instance.—In having at the same place, at various times, on or about the sixth of March of the same year, falsely stated to Captain Charles Rowlandson, Lieutenant Alexander John Greenlaw and Ensigns Alexander Kennedy Clarke Kennedy and Henry Saint George Hartwell of the Forty-sixth Regiment of Native Infantry, that a ring he, Lieutenant Welliton, wore, had been presented to him by Viasa Row, a Native Banker at the same Station, in token of his satisfaction at the honorable way in which he, Lieutenant Welliton, had settled a former money transaction with the said Viasa Row.

Fifth Instance.—In having at the same place, on the twenty-seventh of the same month, falsely stated to Lieutenant Charles Ross Mackenzie of the Forty-sixth Regiment of Native Infantry, that he had never made the statement imputed to him in the Fourth Instance of Charge.

Sixth Instance.—In having at the same place, on the twentieth of the same month, when under promise to pay to the aforesaid Viasa Row, by a bond or promissory note, instalments of one hundred Rupees monthly, out of his pay, in liquidation of a debt of six hundred Rupees, borrowed from the said Viasa Row, received and disposed of his pay due in the same month, without paying the instalment due upon the said note.

Seventh Instance.—In having, at the same place, on the following day, on two occasions, made false and prevaricating statements to the aforenamed Captain Charles Rowlandson, regarding his having paid or settled with the said Viasa Row, the monthly instalment alluded to in the Sixth Instance of Charge.

Eighth Instance.—In having at the same place, on the twenty-first day of March of the same year, in a note addressed to the said Captain Charles Rowlandson of the same date, falsely stated that he had received an order for money which a man was about to cash, which would enable him to pay the instalment of one hundred Rupees aforesaid, he, Lieutenant Welliton, well knowing at the time of writing the said note, that he had received no such order, and had not the promise of one.

Ninth Instance.—In having at the same place, on the twenty-first of April, one thousand eight hundred and forty, falsely and maliciously stated in the public Mess House of the Forty-sixth Regiment of Native Infantry, before several Officers of the same Regiment, that he, Lieutenant Welliton, had threatened to pull the nose of Ensign Alfred Cooper of the same Regiment.

The above being in breach of the Articles of War.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what the Prisoner, Lieutenant William Eugene Powell Welliton of the Forty-sixth Regiment of Native Infantry, has urged in his defence and the evidence in support thereof, is of opinion;

Finding on the First Instance of the Charge.—That the Prisoner is guilty of this Instance of the Charge, with the exception of the words "scandalous and infamous."

(Signed) W. WILLIAMSON, Lieut. Col. 46th Regt. N. I.—President.

Recommendation of the Court.

The Court having performed their painful duty in awarding the sentence of discharge from the Service, in doing which no alternative was left them, and although the Court are aware that a recommendation is seldom or ever made after a conviction on a point designated "scandalous and infamous," yet from the particular circumstances attending the case as it appears in evidence, it is possible the Prisoner may have erred from a mistaken view of the extent of his promise made to his Commanding Officer, and taking into consideration the short period the Prisoner has been in the Service, coupled with his youth and inexperience, the Court do most respectfully recommend the Prisoner's case to the favorable consideration of His Excellency the Commander in Chief.

Remarks by the Commander in Chief.

His Excellency the Commander in Chief has approved and confirmed the sentence of the Court on Lieutenant Welliton; but in consideration of the recommendation of the Court, and of Lieutenant Welliton's youth and inexperience, the Commander in Chief is pleased to direct that that Officer may be released from his arrest and return to his duty.

Sir Samford Whittingham hopes that this narrow escape will have a most salutary effect on the future conduct of Lieutenant Welliton.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 21*st August* 1840.

The following Extracts from the confirmed Proceedings of a Native General Court Martial, held at St. Thomas's Mount, on Wednesday the twelfth day of August, in the year of our Lord one thousand eight hundred and forty, by virtue of a Warrant from His Excellency Lieutenant General Sir Samford Whittingham, K. C. B. and K. C. H., Commander in Chief, are published to the Army.

Jemadar Letchmon Sing of the Fourth or Golundauze Battalion of Artillery, placed in arrest by my order, on the following Charge.

Charge.—For conduct unbecoming the character of an Officer, and to the prejudice of good order and military discipline, in the following Instances:

First Instance.—In having at Malacca, on the thirtieth day of January, one thousand eight hundred and thirty-nine, borrowed the sum of fourteen Dollars from Naigue Estreepersaud of the A. Company of the same Battalion.

Second Instance.—In having at the same place, on the eleventh day of March of the same year, borrowed the sum of six Dollars from Private Allagapah of the A. Company of the same Battalion.

Third Instance.—In having at the same place, on the thirtieth day of the same month and year, borrowed the sum of twelve Rupees from Havildar Ramasawmy of the A. Company of the same Battalion.

Fourth Instance.—In having at the same place, on the thirtieth day of September of the same year, irregularly retained in his possession the sum of five Dollars, the same being part of the estate of Havildar Appanah, deceased, late of the same Battalion, under his charge, and which he, Jemadar Letchmon Sing, without authority withheld from Private Gooriah of the A. Company of the same Battalion, the nearest heir to the deceased Havildar Appanah, to whom the estate in question was directed in Battalion orders to be given over.

Fifth Instance.—In having at the same place, on the 30th day of December of the same year, borrowed a further sum of sixty Dollars from the above mentioned Naigue Estreepersaud.

Sixth Instance.—In having at the same place, on the same day, borrowed the sum of Dollars thirteen from Private Nagapah of the A. Company of the same Battalion.

The above being in breach of the Articles of War.

ST. THOMAS'S MOUNT, *The twenty-fourth of July, one thousand eight hundred and forty.*

(Signed) CHARLES HOSMER, Major, Comg. 4th Battalion Artillery.

By order.

(Signed) R. ALEXANDER, Lieut. Col. Adjutant General of the Army.

The Court having most maturely weighed and considered the whole of the evidence brought forward in support of the prosecution, as well as what Letchmon Sing, Jemadar of the Fourth or Golundauze Battalion of Artillery, has urged in his defence, is of opinion:

Finding on the First Instance.—That the Prisoner is guilty to the extent of four Dollars—but acquits him of having borrowed the remaining ten Dollars.

Finding on the Second Instance.—That the Prisoner is guilty of this Instance of the Charge.

Finding on the Third Instance.—That the Prisoner is guilty of this Instance of the Charge.

Finding on the Fourth Instance.—That the Prisoner is guilty of this Instance of the Charge.

Finding on the Fifth Instance.—That the Prisoner is not guilty of this Instance of the Charge.

Finding on the Sixth Instance.—That the Prisoner is guilty of this Instance of the Charge, with the exception of the date, which the Court finds to be the "twenty-first of June, one thousand eight hundred and thirty-eight."

Sentence.—The Court having found the Prisoner guilty to the extent above stated, doth sentence him, the said Letchmon Sing, Jemadar of the Fourth or Golundauze Battalion of Artillery, to be discharged the Service.

(Signed) G. BURN, Ag. D. J. A. Genl.

Signed in the Tamul character, Subadar POONAPAH, President.

(Signed) C. J. ELPHINSTONE, Lieut. Interpreter to the Court.

Recommendation of the Court.

The Court respectfully begs leave to recommend the case of Jemadar Letchmon Sing to the merciful consideration of His Excellency the Commander in Chief on account of his former services.

(Signed) G. BURN, Ag. D. J. A. Genl.

Signed in the Tamul character, Subadar POONAPAH, President.

(Signed) C. J. ELPHINSTONE, Lieut. Interpreter to the Court.

Approved and confirmed.

MADRAS, 21*st August* 1840.

(Signed) SAMF. WHITTINGHAM, Lieut. Genl. *Commander in Chief.*

Remarks by the Commander in Chief.

The circumstances recorded upon these Proceedings are of a nature to preclude His Excellency the Commander in Chief from giving effect to the recommendation of the Court in favor of Jemadar Letchmon Sing. An example is obviously necessary in order to put a stop to conduct, so unbecoming an Officer, so subversive of military subordination, and which appears to be so prevalent in the Native Army, as that of an Officer borrowing money from Soldiers under his command, and in the present instance this has been aggravated by a serious breach of trust.

The Sentence of the Court must therefore take effect, and His Excellency trusts this example may deter others from the commission of a breach of discipline so ruinous to the well being of an Army, and which has deprived an otherwise deserving Officer of the fruits of his long services.

(Signed) SAMF. WHITTINGHAM, Lieut. Genl.
Commander in Chief.

The General Court Martial of which Subadar Poonapah of the 12th Regiment is President, is dissolved.

No. 148 of 1840.—The Right Honorable the Governor in Council is pleased to permit the 33d Regiment Native Infantry to bear the word "Cochin" on their Colors and Appointments in addition to any other honorary badges or devices heretofore granted to them for their Services, in consideration of the gallantry displayed by that Corps on the occasion of the repulse of the Troops of the Rajahs of Cochin and Travancore at Cochin by a small British force on the 19th of January 1809.

FORT ST. GEORGE, 4TH SEPTEMBER 1840.

No. 149 of 1840.—1. The Right Honorable the Governor in Council is pleased to direct that the principle of limiting credit to Native Troops which is now in force in Regimental Bazars, shall be extended to Sudr and all other Bazars within the boundaries of Military Stations, Forts, and Cantonments.

2. In order to place all Military Bazars on the same footing in this respect, it shall be the particular duty of Officers Commanding at Stations, Forts or Cantonments to call upon the Officer in charge of the Sudr or other Military Bazars for a monthly, or if deemed necessary more frequent reports of the state of the Bazars.

3. Commanding Officers are to use their influence and authority to ensure the payment of all just dues to Shopkeepers and others whenever demanded.

4. No credit is to be given to Servants on account of Officers except upon a written authority under the Master's signature, and then only on condition of the accounts being settled monthly on the issue of pay.

5. For all persons drawing pay in the Military Classes, Bazar debts are limited to such credit as may be sanctioned by Officers Commanding Troops, Companies, or in charge of Departments to enable men to procure the necessaries of life; such credit is never to exceed half the rate of the debtors pay, and is only to be allowed upon the authority of a written document distinctly specifying to what extent it is to be given; the following Form is to be adhered to for notes of credit.

Rank and Name.	No.	Troop or Company.	Regiment.	Amount of Credit to be given. Rs.	A	P.	For what Month.	By whom.
Sepoy Lol Homed	24	A	6th Lt. Cav.				May 1840.	Hissun Chund, Shopkeeper in the Sudr (or Regimental) Bazar at Arcot.

Signature of Officer Commanding Troop or Company or Head of Department. Debtor's Signature.

6. Should an Officer authorize credit to be given to any person to an amount in excess of that specified in the preceding Section, such Officer thereby renders himself personally responsible for the excess, and he is strictly prohibited from making any stoppage on account thereof from the pay of the person whose credit he extended in violation of this order.

7. All Registered Bazarmen who may give credit contrary to the provisions of this order, shall be liable to the punishment awardable under the final Clause of Section XV. Regulation VII. of 1832.

8. Commanding Officers are to cause Stoppages to be made from the Pay of debtors to the extent authorized above, and at the monthly issue of Pay the notes of credit upon the authority of which credit has been given are to be returned to the parties from whom the Stoppages have been made.

9. In the execution of the duty hereby imposed, Commanding Officers will be careful to avoid any act inconsistent with Article VII. Section XII. Native Articles of War and Regulation VII. of 1832.

10. Translations of this order into the Hindoostanee, Tamil and Teloogoo languages are to be made and hung conspicuously in the Cutwalls Choultry in every Military Bazar, and Officers in charge of Bazars are to cause paragraphs 4 and 5 and so much of Section XV. Regulation VII. of 1832 as is applicable to be proclaimed throughout the Bazars by beat of Tom-tom on the first Mondays of every month.

No. 182 of 1840.—In re-publishing the following General Order by the Right Honorable the Governor General of India in Council, the Right Honorable the Governor in Council is pleased to direct, that, the provisions of the General Order by the Governor General, 8th of July 1840, No. 146, re-published in G. O. G. 28th July 1840, No. 122, shall come into operation throughout the Presidency of Fort St. George and at the Stations under the Presidencies of Bengal and Bombay garrisoned by Madras Troops from the 1st of January, and in the Tenasserim Provinces and Settlements in the Straits of Malacca from the 1st of March 1841.

GENERAL ORDERS by the Right Honorable the Governor General of India in Council.

Fort William, 7th October, 1840.

No. 218 of 1840.—1. In continuation of General Orders of the 8th July last, No. 146, the Right Hon'ble the Governor General of India in Council is pleased to direct that the consolidated rates of Pay therein laid down, for the Non-Commissioned Officers and Privates of Her Majesty's and Hon'ble Company's Services, are to be drawn for men in confinement: the amount being disposed of* as directed in G. O. No. 184, 21st November 1823, and the prisoner being dieted under the regulations at present in force.

2. The same rates of Pay are to be drawn for men in Hospital, who will continue to be dieted by the Commissariat, as at present, in conformity with the Medical Regulations.

3. One month's pay to defray Funeral Charges as authorized in G. O. 5th October 1827, No. 207, will also be drawn at the above rates, for men deceased, whose bodies require sepulture.

4. The Pay of Boys attached to Her Majesty's Regiments of Dragoons, and Infantry, will be allowed as heretofore, at 5d. for the former, and 6½d. for the latter per day, with the new scale of rations. The Pay converted into Indian currency, at the rate of 2s. 0½d. per Rupee, will stand as follows:

	For 28 days.			For 29 days.			For 30 days.			For 31 days.		
Cavalry.....	5	11	5	5	14	9	6	2	0	6	5	3
Infantry.....	7	6	10	7	11	1	7	15	4	8	3	7

5. The future rate of dry batta (or compensation in lieu of rations without spirits) payable, where necessary, by the Commissariat Department, will be the same as at present, namely, Company's Annas (3 4,) Three and Four Pie per diem, this amount being a close approximation to the actual and general average cost of the new scale of rations, less the compensation for liquor, to be included in the future consolidated Regimental Pay of European Soldiers.

6. In cases where detachments moving or stationary may be without a Canteen Establishment, and it may become necessary in consequence for the Commissariat to issue Rum to the men, the rate of payment is to be Ten Pie for each dram, to be recovered by bills drawn by the department on Paymasters of Regiments, or Officers drawing the pay of the men thus supplied with liquor.

7. Whenever it may happen, that any of the articles prescribed for the Soldier's future rations, shall not be obtainable, compensation in lieu is to be paid by the Commissariat at such rates, as will accord with the cost to Government of the same Articles, at the nearest European Station—the Commissariat Officer of which will grant a monthly certificate of such cost, for the information and guidance of the parties concerned.

8. It is left to the discretion of the Commissariat Department to issue either Tea or Coffee (or a proportion of both) as an article of the daily rations, as may be most convenient, or as circumstances may demand; but it is to be understood, that where both articles are procurable with equal facility, the wishes of Commanding Officers should be attended to.

9. In consequence of the difficulty of making the necessary arrangements for the introduction of the new scale of rations, in some of the more distant stations of the Bengal European Troops, it is hereby directed, that the provisions of General Order, 8th July 1840, instead of having effect from the 1st November next shall come into operation throughout the Presidency of Fort William, from the 1st January, and in Affghanistan, from the 1st March 1841. The Governments of Madras and Bombay will adopt such similar measure of postponement, as may be considered expedient.

---

* After providing for subsistence and clothing, the surplus to be appropriated towards the Regimental School, or otherwise usefully expended for any public and Regimental purpose, at the discretion of the Commanding Officer.

10. The extra daily allowance of half a pound of meat at present issued to the European Troops serving beyond the Indus is to be continued to them, should the General Officer Commanding the Troops in Affghanistan consider the allowance necessary, as a special indulgence, after the introduction of the new scale of rations, and until further orders.

11. The existing Regulations for the supply of Rum to Canteens, by the Commissariat, are not affected in any way by the new system of rations now under advertence.

G. O. G. 24th Jany. 1837.

7. Although Officers in the service prior to the above date are exempted from the restrictive operation of the preceding rule, it is to be distinctly understood that a competent knowledge of Hindoostanee will always be considered to confer a strong additional claim to nomination to the Staff. G. O. G. 24th Jany 1837.

8. No Medical Officer will be eligible to hold any permanent medical charge, Civil or Military, who has not passed an examination either in Hindoostanee, or Tamil, or Teloogoo.

9. This examination is not required to extend beyond the Officer's colloquial knowledge of the language, which must however be thoroughly tested with particular reference to the duties of his profession.

10. The following is the course of examination prescribed for Interpreters and Adjutants respectively.

INTERPRETERS.

I. Translating from Hindoostanee into English, not less than a page, taken at random, from any of the following works—Chuhar Durvesh, Gooli Bukawulee, Ukhlaq-i-Hindee, Ukhwan oos Sufa.

II. Translating from English into Hindoostanee not less than an ordinary page. This paper may consist of a letter or military despatch, or it may be selected from any English work—but not from a translation from an oriental language unless of purely English idiom and construction.—It is not required that a difficult paper should be selected for this exercise, but only that it should be of such a description as fairly to test the Student's knowledge of idiom.—Both these translations are to be made in writing—and without dictionaries or other aid.

III. Reading aloud, and afterwards translating an ordinary Urzee or Native Letter, of not less than one page. The papers selected for this purpose must be originals.—Papers prepared by Moonshees for the occasion are not to be used.

IV. Translating, extemporally, the Proceedings of a Native Court Martial. In this part of the examination, the Officer is to be allowed to read over the Charge and to translate it from the record, which is then to be taken by one of the Examiners who will read out the different parts of the evidence, for translation by the Officer to the Moonshee or other Native in attendance. In translating the Finding and Sentence the Officer is again to be allowed the use of the record.

V. Conversation with a Native—in which the Officer is particularly to be required to explain to the Examiners all that is addressed to him—and to interpret their replies.

ADJUTANTS.

I. Translating from Hindoostanee into English an ordinary Native Letter or Urzee.

II. Translating into Hindoostanee a couple of paragraphs, or about half a page, selected from Part III. of the Cavalry Exercise, Sections 17 to 22—or from Part V. of the Infantry—or from Duties in Garrison, or Escalading Drill. These translations to be made in writing and without assistance.

III. Reading to the Examiners the letter before translated.

IV. Translating extemporally, the *evidence* read out from the proceedings of a Court Martial, as prescribed for an Interpreter.

V. Conversation with a Native—as prescribed for an Interpreter.

11. It will be sufficient that the handwriting is clear and legible—and, in the case of Adjutants, that a general knowledge of idiom and grammar be evinced.

12. From Interpreters a greater degree of proficiency will be required in all particulars. The dialect of Southern India is to be used in speaking and writing,—but they must also be acquainted with the Oordoo Grammar, as used in the Chuhar Durwesh &c.

13. The course of examination prescribed for Adjutants is restricted to Officers *ordered* to be examined preparatory to appointment as such. All others are to be examined as Interpreters.

14. Examination Reports are to be prepared separately for each Officer. They are to specify the time occupied and the opinion of the Examiners, upon each head of examination—and the Examiners are in every case to record whether or not they consider the Officer qualified for the duties of Regimental Interpreter.

15. The Reports are to be transmitted through the prescribed channels to the Adjutant General —accompanied by the several examination papers.

G. O. G. 1st July 1828.

16. Moonshee allowance for six months, or one hundred and eighty Rupees, is allowed to every Officer who shall pass an examination in any Native Language.

17. Cases of extraordinary proficiency, such as the efficient acquirement of three or more Languages, will be submitted for the favorable consideration of Government.

18. When the Examiners may be of opinion that the Officer has made satisfactory progress, evincing diligent attention to the study of the language, they are authorised to recommend him for the Moonshee allowance, though they may not pass him as an Interpeter.

19. The issue of Moonshee allowance is restricted to examinations as Interpreter.

20. In the Monthly Returns of Regiments against the names of Officers who have passed as *Interpreters* are to be inserted the letters H for Hindoostanee, P for Persian, A for Arabic, T for Tamil and Te for Teloogoo. None but Officers who have been declared qualified as Interpreters are to be thus distinguished.

G. O. G. 10th Aug. 1830.
G. O. G. 24th Feby. 1835.

21. In order to facilitate the studies of Officers, Books will be supplied to Corps on loan, on application from the Commanding Officer to the Secretary to the College Board.

22. These Books are to be placed in charge of the Interpreter, in whose Office they are to be carefully registered—an Annual Return thereof being transmitted to the Secretary on the 1st January.

Form No. 2.

23. Any Book lost or injured, and not accounted for to the satisfaction of the College Board, will be charged to the Officer in whose possession it may have been at the time, and the value will be deducted from his Pay.

24. Arrangements are required to be made by Corps for the carriage of the Books to and from the College.

25. Regimental Moonshees are to be entertained by Interpreters of Corps, subject to the approval of Commanding Officers, who are required to satisfy themselves that the individuals are perfectly eligible for the situation, both in point of acquirements and in regard to general respectability of character.

26. They are not to be borne upon the Returns, and may be discharged and replaced by Interpreters, under the authority of Commanding Officers, without reference to any other authority, and without Discharge Certificates.

27. Regimental Moonshees are under the immediate orders of the Interpreter, whom they are required to assist in any manner that may be ordered. They are not, however, to be employed upon any occasion on the Parade ground,—Interpreters being required personally to read and explain whatever may require to be communicated at such times to the men.

28. Their attendance upon other Officers of the Regiment will be regulated by the Interpreter, under the sanction of the Commanding Officer, as circumstances may require.

G. O. G. 24th Sept. 1830.

29. The sum allowed for this attendance is five Rupees monthly from each—and no Officer shall be permitted to exceed this amount, which is to be regularly handed over to the Interpreter on each issue of Pay.

30. Regimental Moonshees are also required to give such aid as may be ordered in the superintendence of the Regimental Schools.

31. Neglect of duty or other misconduct on the part of a Regimental Moonshee will subject him to fine, by order of the Commanding Officer, to an extent not exceeding one third of his fixed Pay.

32. Officers Commanding Divisions are authorised to assemble Committees of Examination whenever necessary—observing however, that none but Officers who have passed as Interpreters or who, in the case of Senior Officers, are known to be good Linguists, are eligible to sit as Members.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 18*th December* 1840.

The Commander in Chief directs the publication of the following "Extract Regulations" for the guidance of the Army.

G. O. C. C.	20th December	1826
	1st July	1828
	6th December	1828
	12th January	1829
Circulars	31st January	1826
	5th February	1831
Infantry Standing Orders	Section XII, paras 111 to 116	

The Orders noted in the margin are cancelled.

INTERIOR MANAGEMENT AND ECONOMY OF A REGIMENT.

1. The first and principal object of an Officer entrusted with the Command of a Regiment, is the maintenance of that system of discipline, and interior economy, which is essential to the efficiency and character of every Military body.

2. The Commanding Officer is invested with authority which renders him responsible for the conduct, in all situations, and for the credit, of the Corps entrusted to his charge. To him should each individual look for example, instruction, and encouragement towards the energetic discharge of his duty and the steady endurance of the difficulties and privations which are inseparable from Military Service. He should constantly bear in mind that the confidence and affection of those who are placed under his charge, are indispensably requisite towards the satisfactory exercise of his Command, and will afford the best proof of its being judiciously and efficiently discharged.

3. All Officers are required to bear in mind that the authority of the Commanding Officer is paramount—and that he is responsible for its exercise in the maintenance of discipline and subordination whether on parade, at the mess, or in any other situation.

4. It is not likely that abuse of power can occur in a Corps which is under the superintendence of an efficient and vigilant Commanding Officer, but if well-grounded complaint should be made to him, or he should have reason to believe that any Officer under his command has been guilty of it or has permitted it in his subordinates, it will be his duty to inquire fully into the circumstance, and to check it by the interposition of his authority. He should, however, carefully avoid admitting unnecessary or frivolous appeal, as encouragement given to it tends to lower the authority of Officers and Non-commissioned Officers, and to interrupt the chain of responsibility which it is his interest to preserve. Although it is essential that Soldiers should look to their Commanding Officer as their friend and protector, they should not be encouraged to consider him as their *only* friend—on the contrary, it is of importance that they should be led to feel that the Officer under whose immediate charge they are placed, though called upon by his own duty to his superiors promptly to notice every act of misconduct, is, notwithstanding, the person most directly interested in their well being.

5. Unanimity and a good understanding amongst the Officers, as connected with the character and discipline of a Regiment, are objects peculiarly deserving the attention of the Commanding Officer. His timely interference to prevent disputes, his advice to the young and the inexperienced, his protection and favour to the deserving, and his immediate notice and reprehension of any misconduct likely to interrupt the harmony of the Corps, are the best means of securing these desirable objects, towards the attainment of which he has a right to demand, and ought to receive, the assistance of every Officer.

6. The fourth Article of the seventh Section of the Articles of War applies especially to this important object, and the attention of Commanding Officers, and of Officers in general, is called to the power thereby invested in them, the obvious intention of which is that, if any difference or dispute arise between Officers of a Corps, the Commanding Officer should be the arbiter between them. In such case, it becomes his duty to promote by every means in his power the amicable adjustment of the difference. Those between whom the dispute may have arisen must feel satisfied that their honour is safely reposed in the hands of the Commanding Officer, than whom no one is more interested in the credit of the Corps, or more immediately responsible for the maintenance of its character, and it is to be hoped that in all such cases where the appeal is made to the Commanding Officer, or wherein he shall be otherwise called upon to interpose, his decision will be assented to, and his disposal of the matter considered final.

7. Every Officer who has had the benefit of experience in the Service, must be sensible that the effect produced by either reproof or encouragement greatly depends upon the mode in which it is conveyed. Whenever the former becomes indispensable, the Commanding Officer should be cautious of unnecessarily irritating the feelings of the individual, by the use of harsh

language, or a severity of tone which may not be called for by the circumstances of the case—or by exposing him before his inferiors, or even his equals, unless the character of the fault call for public reproof. An admonition privately given will always have more effect upon an individual of proper feeling, who has a due regard for the maintenance of his own character—and if he ceases to have that regard for it, or if he feels it to be wantonly lowered in the estimation of others, he will become reckless, and will cease to entertain for those who are set over him the respect which he no longer feels for himself. Approbation, on the other hand, should, when it is merited, be expressed without reserve, that not only the individual receiving it may be gratified by such open manifestation of the approbation and goodwill of his superior, but that it may also have the effect of encouraging others to adopt the conduct which has obtained it.

8. In the punishment of offences, Commanding Officers will be guided by the Standing Orders established for their respective Corps, applying the punishments which they are authorised to inflict, according to the nature and degree of the offence, and with due regard to the character and previous conduct and services of the individual, which should always be borne in mind.

9. No other punishments than such as are specified in the Standing Orders are on any account to be inflicted.

10. Commanding Officers are not authorised to commute a punishment awarded by a Court Martial—their power being restricted to its confirmation, mitigation, or remission.

11. It is also irregular to allow an offender the option of such punishments as Commanding Officers can inflict at their own discretion, or of standing a Court Martial—it is for the Commanding Officer to decide upon the course which he may deem it right to adopt, and neither option nor appeal must be permitted.

12. The practice of allowing a Non-commissioned Officer to escape trial by Court Martial by resigning his situation, is forbidden.

13. In all first offences not of an aggravated character, or committed by young and inexperienced Soldiers, mild reproof and admonition should be tried—nor should punishment be resorted to until a repetition of the offence may have shown that the milder treatment has failed. Soldiers should be taught to know that it is wished to avoid punishment if discipline can be maintained without it.

14. It is essential to uphold the station and respectability of the Non-commissioned Officers. They should, therefore, in no case be sent to the guard room and mixed with the Privates during confinement, but be considered as placed under arrest.

15. Officers should be cautious of reproving Non-commissioned Officers for any irregularity, neglect of duty, or awkwardness, in the presence or hearing of the Privates, lest they should thereby weaken their authority and respectability in the eyes of their inferiors.

16. If a Soldier refuse to obey an order distinctly given, or resist the authority of a Non-commissioned Officer, he should be confined, without altercation, and immediately reported to the Troop or Company Officer, or the Adjutant. Many cases of what is called 'mutinous conduct' arise from the improper manner in which Non-commissioned Officers speak or give orders to the men.

17. Drunkenness must at all times be considered a misdemeanour which exacts punishment—acts of misconduct committed while under the influence of intoxication will of course enhance the guilt of the offender, and increase the penalty to which he becomes liable—but the simple offence of drunkenness itself, whether on or off duty, and whether aggravated by other misconduct or not, is invariably to be dealt with as an offence against military discipline.

18. It is expected that Commanding Officers will exercise their authority over the Officer in this respect, as well as over the Soldier, and that they will never suffer a vice to pass unnoticed in the one which is so seriously to be reprehended and punished in the other.

19. With respect to this vice, and indeed to all other irregularities, the Commanding Officer must bear in mind that the passing of it over unnoticed, unless forced upon attention by some act of gross misconduct, is always most injurious to discipline. The true criterion of a well established system of discipline is the positive absence of crime, not its screened existence, and a clear defaulter list is of little avail where the irregular conduct of the men in quarters must become, sooner or later, the subject of notice and animadversion.

20. Soldiers, in a state of drunkenness, should if possible, be confined alone, until sober, and not in the Guard Room, where they are often excited and provoked to acts of violence and insubordination.

21. The attention of Commanding Officers is directed to the importance of inculcating upon those under their authority, especially by their own example, the necessity of carefully abstaining from in any manner ill treating the Natives of the country, and an act of violence or wrong towards them on the part of either Officer or Soldier is never to be allowed to pass unnoticed.

INSTRUCTION OF OFFICERS.

1. The instruction and the improvement of the Officers, individually, form an essential part of the duty of Commanding Officers—and they are hereby required to give their utmost attention to this important object, not less than to the exercise and drill of the Non-commissioned Officers and Soldiers.

2. The character, the extent, and the detail of the instruction to be imparted are fully and distinctly established and prescribed by Her Majesty's Regulations, with which the Commanding Officer is held responsible that every Officer of his Corps is made thoroughly acquainted.

3. With this view Commanding Officers are to take frequent opportunities of directing the different Officers of their Corps to take the command of the Parade, without reference to their respective ranks, and in their presence to exercise the Regiment.

4. All Officers of Infantry are also to be carefully instructed in the outline of Field Training prescribed in the Regulations for Field Exercise, from page 311 to 320, and Officers of Cavalry in Sections XVII to XX of Part III of the Cavalry Regulations.

5. Commanding Officers will further take frequent opportunities of examining Troop and Company Officers upon every point connected with their duties in the field—and they will satisfy themselves by practical proof when out for exercse, that these duties are fully understood.

6. Every Officer, who has been two years in the Service, is expected to be capable of commanding and exercising a Troop or Company in every situation, and to be perfectly acquainted with its interior management, economy, and discipline—and every Officer, after having been two years Captain of a Troop or Company, is expected to have rendered himself competent in every respect to the duties of a Field Officer.

7. Officers Commanding Brigades and Inspecting Generals, are directed to make the most strict enquiries and observations on this head—and if they find any Officers who, either from incapacity or inattention, are deficient in this part of their duty, it is incumbent on them to report their names to the Commander in Chief, in order that, in the event of continued negligence or incapacity, they may be removed from the Service, to which Officers of this description can only be considered as an incumbrance. In this case reprehension will attach to the Commanding Officer, unless he has previously made an especial report on the subject.

8. Every Officer belonging to a Regiment is, at all times, and under all circumstances, accountable for the promotion and maintenance of good order, and of the rules and discipline of the Service—and it is his first duty to afford in these respects the utmost aid and support to his Commanding Officer. The example of ready obedience, and of a zealous and cheerful execution of duty, shewn by the Officers of every rank, cannot fail to have the most beneficial influence upon the conduct and discipline of the Soldiers, nor can any thing tend more effectually to promote the respect required from rank to rank, and to establish that chain of authority and responsibility which is the groundwork of all real discipline.

9. It is the duty of all Officers to take notice of any negligence, or impropriety of conduct, in Non-commissioned Officers and Soldiers, whether on or off duty—although the person or persons so offending shall not belong to their particular Regiment.

FIELD MOVEMENTS AND EXERCISE.

1. The Rules and Regulations which have been issued by Her Majesty's Command, for the Formation, Field Exercises, and Movements of the British Forces, are to be strictly attended to, and enforced by all Commanding Officers.

2. Each Officer is required to furnish himself with the latest edition of the following Regulations, according to the service, whether Cavalry or Infantry, to which he may belong.

1. Regulations for the Field Exercise and Evolutions of the Army.
2. Regulations for the Sword Exercise of the Infantry.
3. Regulations for the Exercise of Riflemen and Light Infantry (all Infantry Officers.)
4. Abstract of the Field Exercise.
5. General Regulations.
6. Standing Orders.

3. Every Serjeant is required to have in his possession a copy of the "Abstract of the Field Exercise." These Books are supplied in the first instance at the expense of the Government, to the Serjeants of Regiments, who are to be required to produce them at all Regimental Inspections, and in case of accident, the Book is to be immediately replaced at the expense of the Serjeant.—When a Serjeant is discharged, or otherwise removed from his situation in the Regiment, he is to deliver the Book in his possession to the Officer Commanding the Company, or at the head of his Department.

4. Particular attention must be paid to the individual instruction of the Non-commissioned Officers, Corporals, and Lance Corporals in every part of their drill and duty—for unless their acquirements, individually and collectively, much more than keep pace with those of the men, all attempts at improvement must be ineffectual.

5. The individual instruction of the men and their correct drill in squads and companies, afford the only certain foundation of their future steadiness, and correct and efficient performance as a body.—Commanding Officers are required to observe that this principle is carefully and steadily attended to by the Officers and Non-commissioned Officers, both at drill and upon all occasions of duty.

6. Guard, picquet, and out post duties, including patroles, rounds, relief of sentries, &c. must form a part of the regular instruction of Corps, and they are severally to be practised at least once monthly.

7. Every Corps in the Service, of whatever arm, is to be taken out in full marching order, once in the month, or oftener, and during the march is invariably to be put through such manœuvres as may be best adapted to the nature of the ground over which it may pass.—Advantage should be taken of these opportunities to practice Corps in forming upon, and occupying, such eligible points as may present themselves in the vicinity of their route, throwing out skirmishers to the front and flanks, to cover the position.—In returning home, the Regiment should proceed as if retiring before an Enemy—performing in its retreat every movement, whether of precaution or defence, which would be requisite in actual warfare.

8. Every Regiment and Detachment in the Service is to fire ball once monthly, or oftener when practicable, and the especial attention of Officers is required to the instruction of their men in this important part of their duty, as well in regard to loading properly and fixing the flints correctly, as to the mode of aiming and firing.—The men must be made to understand the great importance, as a general rule, of *firing low*—and care must be taken to habituate them to this, upon all occasions of practising with blank cartridge when firing by Companies, &c.—The target practice is to be generally by single Troops or Companies, and the firing should be chiefly independent, and by single shots out of the ranks, or by files in the ranks. It can seldom be advisable to fire more than two or three rounds at one practice. The ground should be varied as much as possible—woods, heights, hollows, plains, brushwood, water—in short every description of surface should be fired over. The targets should occasionally be planted at various heights above, at other times below the level of the men—and trunks of trees, rocks, &c. should also occasionally be fired at in lieu of the regular targets.

9. This must be particularly attended to with Riflemen—the constant object of whose instruction must be to render them perfectly masters of their Rifles, in every position, and at every range. This must be effected by careful individual practice—but being thus instructed, the occasional application of their practice in extended order as skirmishers will be found of great importance. Accustomed to a stationary practice at known distances, the men may become apparently expert marksmen, and yet simply from the want of habit be for some time very inefficient when called upon to act in other circumstances—not having been accustomed to apply their practice they are apt to fire loosely and without confidence. By exercising them occasionally at ball practice in extended order, the Officers will be enabled to ascertain that the men really understand their work—that they can estimate their distance for themselves—and are competent to act independently. The practice should not be in the least degree hurried, or at random. The movements should be in quick time, and the fire perfectly deliberate—the targets being divided along the front, and each man firing throughout at the particular target first pointed out for him.

10. Commanding Officers of Regiments are enjoined to avail themselves of every opportunity of instructing both the Officers and Men in the exercise and management of Field Artillery, and generally to encourage, by every means in their power, all sorts of useful occupations, and manly exercises and diversions amongst their men—and with the same care to repress every species of idleness, dissipation, and immorality.

11. To give effect to this order, Officers Commanding Stations or Brigades are directed to make such arrangements as may be expedient for giving Regiments the use of guns, and occasional supplies of ammunition for practice, as well as the necessary assistance from the Artillery for their instruction.

12. In Regiments of Cavalry, leaping, striking at the head, pointing at the ring, and firing at the target, *mounted*, are most essential points of drill, upon the due practice and perfect acquirement of which their efficiency on actual service, and the ability of Men and Officers to use the sword effectually, and to ride securely under all circumstances, must mainly depend—and they may all be practised and kept up without harassing men or horses.

13. Sections XVII to XX of Part III. of the Regulations for Cavalry must form part of the regular practice of Corps—*small parties only being taken out at a time*, in order that the Non-commissioned Officers may be individually instructed and made thoroughly to understand what they are taught.

14. In every Regiment of Cavalry, a Register to be kept by the Riding Master, in which the Officers, Men, and Horses, are to be entered in *three classes*, according to their respective acquirements.

The *first class* to consist of such Officers and Men as have attained that degree of dexterity and perfection in the Equitation drills as may render them competent to any duty to which they may be liable.

The *second class* to comprise the young Officers, Recruits, and others who may be in an intermediate state of proficiency.

The *third class* to include Officers and Men of inferior acquirements, as well as those in the early stages of instruction.

The horses are to be classed in like manner.

The classifications are to be made under the direction of the Commanding Officer, and any alterations to be determined by him upon the weekly reports of the Riding Master.

Dismissal from attendance at the Riding Drills is to be authorised by the Commanding Officer only, after personal inspection.

In addition to this Register, *a Class Roll* is to be kept in each Troop, of the Officers, men, and horses belonging to it.

The above Registers are to be shewn to the Inspecting General at the periodical inspections.

15. Commanding Officers will of course understand that during any heavy pressure of duty, or when Corps may be much broken up into Detachments, the men should not be harassed with much drill, which should at no time be either too frequent or too prolonged. Advantage should, however, always be taken of such intervals to carry on a steady course of *individual instruction* in light infantry and out post duties, as well as in ball practice—for which a few Non-commissioned Officers and men at a time will be sufficient.

16. The same course is always to be followed by Officers Commanding Detachments, to which it is peculiarly applicable.

17. The Quarter Master of a Regiment of Infantry is not to be mounted on parade, but to fall in and do duty with his company in common with other Subaltern Officers.

18. Quarter Masters not holding charge of troops or companies are nevertheless to be permanently posted in their regular order of seniority, and to command the troop or company so falling to them on all occasions of parade or drill.

FORMATION OF TROOPS AND COMPANIES.

1. Proper men for rifle and flank companies of Infantry are to be selected from the whole Corps—and the remaining companies are to be made as equal as possible. This will best be done, as in the instance of new levies or recruits, by forming all the men in rank entire, by size, from right to left—then taking the six right hand men, when there are six companies, and appointing one to each company—then the next six in like manner, and so on until all are posted. This will equalise all the companies as nearly as possible in personnel.

2. To size each company the whole of its men should first be accurately sized in rank entire from flanks to centre—when, being told off into four sections, the two centre sections stepping back will form the rear rank, and the two flank sections closing to the centre will form the front. The whole company will thus be correctly sized and formed.

3. Men for a rifle company, it is to be observed, are not to be selected on account of height or appearance, but, as far as may be practicable, of superior fitness for their peculiar duties—skill as marksmen being an indispensable qualification, without which they can be of no use whatever.

Rifle companies are required not for shew, but for service—and they ought to be so composed as that every individual may be confidently relied upon as a certain shot, at least at a hundred and fifty paces.

PAYMENT AND CHARGE OF TROOPS AND COMPANIES.

1. The system prescribed in the Standing Orders for the management of troops and companies is to be strictly observed, and Inspecting Generals are required to ascertain that it is thoroughly acted up to in every particular.

2. Captains, or Officers in charge, are to be held thoroughly responsible for their troops and companies in every particular—whether of dress, equipment, drill, or duty. The interference of the Adjutant or Quarter Master, further than as may be sanctioned by the Standing Orders, must not be allowed—and although circumstances may occur calling for the direct exercise of the Commanding Officer's authority, yet, whenever practicable, the Commandant of the troop or company is to be made the immediate *agent* in carrying into effect any order regarding his men.

3. This is a principle which it is of the highest importance should be strictly observed. It is one of the distinguishing characteristics of an efficient Commanding Officer, not that the whole duty of the Regiment is discharged by himself, but that all under his orders are made thoroughly to understand and to execute the duties of their several stations—each being charged with his right measure of responsibility, and required strictly to fulfil it. A Commanding Officer may, by his individual exertions, succeed in bringing his Regiment into an apparently high state of order, and it may continue so until he is removed, or until the Regiment falls to be employed upon detached duties, and then it will be found that the discipline of the Corps has no real foundation. Such a system is wrong in principle—the Commanding Officer forgets the most difficult and most important part of his own duty, while he does the duty of others and makes all to depend upon himself.

4. No Officer shall be eligible to have charge of a troop or company, European or Native, until he shall have done regimental duty for a period of not less than one year—nor shall he, during that period, be placed on the roster, for any general duty, committees included, otherwise than as a supernumerary.

5. Every young Officer on joining his Regiment is to pass through a complete course of drill, embracing the duties of all ranks, from the Private to the Officer, as included in the Abstracts of Regulations for the Cavalry and Infantry respectively, and in "Duties in Garrison and Cantonment"—and until fully qualified; which is to be ascertained by examination before the Commanding Officer, he is not to be dismissed drill, nor allowed to fall in with a troop or company on parade, except as supernumerary.

6. Every young Officer, of whatever branch of the service, is also to undergo an examination in the Hindoostanee language, before a Regimental Committee—the Committee being required to report whether his acquaintance with the language is sufficient to enable him to read an ordinary letter, and to understand reports and give orders.

7 Further, every young Officer is to be posted to a troop or company under the command of a Captain, or other senior Officer, who is to be charged with his instruction in all the details of duty, and who will be responsible that he is made thoroughly acquainted with the Standing Orders, and all points connected with the charge of a troop or company.

8. Until qualified in all the above particulars, no Officer is to be placed in charge of a troop or company.

9. No Officer shall be eligible for appointment to a rifle or flank company, until he has passed the examination ordered in paragraphs 5 and 6.

10. The most scrupulous exactness is required in securing to the Soldier, whether European or Native, the full amount of his pay.

11. Officers in command of troops or companies, are consequently to make every payment of money due to their men, of whatever nature, and however small its amount, in person.

12. For their assistance in this duty, they are allowed the services of a Pay Serjeant or Havildar, to be selected by them, and appointed by the Officer Commanding, and liable to removal by the same authority. In European Regiments, a Lance Corporal or Private may be appointed if necessary, but in Native Corps, although Naigues may officiate in the absence of qualified Havildars, a Lance Naigue or Private is never to be so employed. Men so employed are to take all duties, except those of Orderly Serjeant or Corporal, or Detachment from the head quarters of the troop or company.

13. The abstract of a troop or company is never to be made answerable for stoppages made from *individuals, above the amount of pay due to those individuals.* Thus, should there be claims against the Officer commanding, or in charge of a troop or company, or against any individual belonging to it, such claims can be made good only from the pay accruing to such Officer, or other—the pay of the men is never to be touched on such an account.

14. Whenever any alteration or reduction may be ordered in the pay of the men, it will be the duty of Captains of troops and companies to have the same fully and distinctly explained—and in the case of a reduction, any Officer who may neglect to carry it into effect at the ordered time or as soon after as the order may be received by him, will be held personally responsible for whatever amount may in consequence be overpaid—no part of any retrenchment on such account being subseqently recoverable by him from the Native commissioned or European and Native Non-commissioned and inferior grades under his command.

15. It is a very important part of the duty of every Officer in the command of a Regiment, and of every Captain or other Officer commanding a troop or company, to take care that all articles are purchased for the Soldiers on the most advantageous terms, and at ready money prices, and that they are delivered to the men at prime cost, without any other extra charge, than what on some occasions may unavoidably be incurred for carriage. No Non-commissioned Officer or other regimentally employed, is to be allowed to be the vender of necessaries to the Soldiers.

16. Wholesale supplies may be procured by the Quarter Master, but solely on account and on the responsibility of Officers Commanding troops or companies, who must issue them to, and receive their cost from, the men.

17. The following scale exhibits the highest prices which are allowed to be charged for the several articles of regimental equipments of Non-commissioned Officers and inferior ranks of Native Corps—and these are at no time to be exceeded, without previous reference to the Adjutant General, for the sanction of the Commander in Chief.

18. Soldiers are strictly prohibited from selling any article of their regimental kits. Soldiers convicted of this crime must be punished, and all persons purchasing the above articles from Soldiers must be prosecuted for the offence.

19. The men must be regularly instructed in a systematic and uniform mode of packing, and laying out, their kits—and of putting on, and taking off their packs. This must be particularly attended to with Recruits, who must be practised in this part of their duty under the Non-commissioned Officers of their sections until perfected in it.

NATIVE COMMISSIONED AND NON-COMMISSIONED.

1. Both the rank and character of the Native Officers of the Army entitle them to every mark of respect and attention, and to be received with the courtesy and politeness usual amongst Gentlemen.

2. The example of the Commanding Officer and of Officers Commanding troops and companies is, therefore, important as influencing the demeanour of Officers generally to this class of the commissioned ranks. No fixed rule can be prescribed on this head., Commanding Officers will receive the visits of their Native Officers as occasions may dictate, and will observe that they are at all times treated with proper consideration.

3. In Native Regiments the attention of Commanding Officers is especially required to the proper selection of men for promotion, more particularly of those for the lance appointments.

4. An equal influence should be preserved in the principal castes, proportioned to the relative numbers of each class in the Regiment, by a judicious selection of men to fill the lance appointments.

5. The selection of men for promotion to the rank of Lance Naigue is to be left to the Captain, or Officer in charge, of the troop or company, unless particular circumstances may dictate individual variations from this rule.

6. Lance Naigues are to be considered simply as probationers for eventual appointment to the permanent rank of Naigue,—selected as likely to become good and efficient Non-commissioned Officers, and liable, should they not fully answer the expectations formed of them, to be at any time remanded to their duty as Privates.

7. It in no matter follows as a matter of course that, having been once appointed Lance Naigues, they are therefore to rise in succession to be Naigues. No man should either be promoted to Naigue, or retained in the appointment of Lance Naigue, who does not, upon trial, prove himself to be in every respect well qualified for advancement—and as it is upon the strict observance of this principle, no less than upon the original selection, that the ultimate efficiency of the Native commissioned and Non-commissioned ranks entirely depends, it is required to be kept carefully in view.

8. Bearing the above principle in mind, however, the Lance Naigues are to be entered, according to date of appointment, in a regimental gradation roll, and on the occurrence of a vacancy in Naigues, the senior Lance Naigue who can pass the prescribed examination in drill and guard duty, and who has given satisfaction by good conduct and a correct and cheerful performance of his duty during the time he has been Lance Naigue, will be promoted.

9. No Private shall be eligible to the rank of Lance Naigue * who is not able to read and write and who has not completed the period of three years service *in the ranks*, with the exception of individuals transferred from the Boy Establishment, who shall be eligible after two years service as Privates *in the ranks*, in the event of their having served not less than three years as Boys.

* *Note.—This restriction to have effect from the 1st January* 1842.

10. The limitations of the preceding paragraph may, however, be waived in instances of distinguished bravery and conduct in the field, or fidelity to the Government.

11. Naigues who, on undergoing the prescribed examination, are found defective in the knowledge of duty and general intelligence and activity required for the rank of Havildar, are not to be promoted—and should any Naigue manifest either incapacity or carelessness in the performance of his duty, though not guilty of any specific act of misconduct, a special report upon him is to be made to the Adjutant General.

12. Those men who have attained the grade of Havildar, and are unfit for promotion to the commissioned ranks, though otherwise good men, must not be advanced beyond the rank of Troop Havildar Major or Color Havildar.

13. It must, however, be borne in mind, in all promotions up to the Commissioned ranks, that while on the one hand a system of succession by mere seniority cannot but fail in exciting the men to zeal and exertion in the performance of their duty, on the other hand the supersession of seniors, without a specific and sufficient cause, is no less injurious by creating feelings of dissatisfaction and inducing a want of confidence in the impartiality of their superiors.

14. Promotions in the Non-commissioned ranks will be made by the authority of the Officer in actual Command of the Regiment, and signing the returns. In the instance, however, of the permanent Commandant being *temporarily* absent on duty, furlough, or sick leave, within the Madras territories, promotions in the Non-commissioned ranks must be submitted to him for his previous approval.

15. Promotions in the Commissioned ranks will be made as directed in Section*.

* Vide G. O. C. C. 13th May 1840.

16. Non-commissioned Staff of Regiments, Serjeant Majors and Quarter Master Serjeants of Native Corps excepted, may be deprived of their staff appointments by the authority of the

Note.—Translations of para. 9 in the Hindoostanee, Tamil, and Teloogoo languages are to be hung up in every Barrack and Place of Arms of Native Corps and Detachments throughout the Army, and to be read to the men at roll-call every Monday till the Order comes into operation in 1842.

permanent Commanding Officer of the Regiment, whenever their misconduct may render the measure expedient. Rough Riders are included in this Order.

17. Serjeants or Havildars, and Corporals or Naigues, are not to be reduced, but by sentence of a Court Martial or by authority from Head Quarters.

18. The authority under which any reduction is ordered is always to be noticed in the Monthly Return.

TROOP SERJEANT MAJORS OF CAVALRY, BRIGADE SERJEANTS OF ARTILLERY AND COLOR SERJEANTS OF INFANTRY.

1. In all Corps of Cavalry, Artillery, and Infantry, European and Native, one Serjeant or Havildar Major, or Brigade or Color Serjeant or Havildar, is allowed to each troop or company respectively.

2. The duty of attending the standards or colors in the field shall at all times be performed by these Serjeants—and except on occasions of actual service, they are not to be detached from the Regiment but with their troops and companies. With this exception, however, they are to be considered available for every duty of the Regiment, troop, or company.

3. They are to take precedence of all other Serjeants or Havildars, Regimental Serjeant or Havildar Majors excepted.

4. Commanding Officers of Regiments are held responsible that this honorable distinction is bestowed only on men of approved character, who by attention to the duties of their station, and to the discipline of their respective troops or companies, have rendered themselves worthy of this mark of approbation.

5. In Native Regiments the preference is always to be given to old Havildars, who may not be considered eligible for promotion to the Commissioned ranks, provided they are in other respects worthy of the distinction.

6. It is to be understood that Troop Serjeant Majors and Color Serjeants are, in case of misconduct, liable to be deprived of this distinction at the discretion of the permanent Commanding Officers of Regiments.

DRESS.

1. With regard to the dress of Officers, uniformity is the one great rule to which adherence is required. A perfect similarity of dress, in the most minute particulars, is especially necessary in Officers of the same Corps or Department, and the appearance of Officers in different costumes, upon the same occasions, implies a defect in the economy of the Corps, and neglect on the part of the Commanding Officer.

2 In the Soldiers dressing well and with smartness, the principal object is cleanliness—which in all walks of life is essential, and should in the Military Service be particularly encouraged.

3. Officers and men absent from their Regiments are required to pay the strictest attention to the orders of their Corps in every particular of their dress.

ARMS AND ACCOUTREMENTS.

1. Commanding Officers are responsible that the arms, accoutrements, and all other appointments, both of Officers and men of their respective Regiments, are in strict conformity to Regulations,—that they are complete, and kept constantly in a fit state for service,—with which view frequent inspections are to be made.

2. The number of arms and accoutrements required for the *Establishment* is always to be kept complete with the Regiment, unless otherwise directed. On any reduction of the *Establishment*, the surplus will be returned into Arsenal, always, however, retaining breast and waist plates.

3. All arms, accoutrements, and appointments, are to be marked in the following manner.

Muskets, fusils, and pistols on the butt-brass, in front.

Belts, pouches, and slings—on the inside.

Swords, on the chapes of the hilt.

Sword scabbards, immediately below the mouth.

Bayonets, on the socket.

Bugles and trumpets, on the outer rim.

Drums, on the upper brass, behind—Fifes, on the upper brass.

All to be marked with the number or initials of the Regiment or Battalion—letter and number of the troop or company, and year of receipt from the Arsenal—thus: Grs. $\frac{25}{18}$ or Grs. $\frac{XXV}{18}$

Ramrods to be marked near the head, and brushes on the brass, with the letter and number of the troop or company.

4. In fitting the accoutrements of Infantry, the following rules are to be observed.

The pack to be invariably on, when fitting the accoutrements.

The pouch is to be fitted so as to hang horizontally, and the distance between the pouch, and the man's right elbow when bent, to be two inches.

The pouch being thus placed, the bayonet belt is to be so fitted, as that the angle of the belt may be in line with the top of the pouch.

The bayonet will then be returned to its scabbard, and both belts being held firmly behind so that they cannot shift, the man will stand at "attention"—in which position the handle of the bayonet ought not to appear, when looked at from the front.

Thus the bayonet will be entirely free from contact with the left, and the pouch from contact with the right elbow.

The bayonet belt is to be then fitted in front, and wherever it crosses the pouch belt, *there* the breast plate must be placed.

The accoutrements, in order to be kept steady, and in their proper places, are to be connected by two straps—one to be sewn close to the left of the pouch, half an inch from the top of it, and to pass horizontally round the bayonet scabbard, to a stud fixed on the inside of the bayonet belt—the other strap, to be sewn on the inside and centre of the pouch near the top—this strap to pass to a second stud fixed on the inside of the bayonet belt, which is thus made to bear in part the weight of the pouch and ammunition.

Pricker and brush are to be suspended by a ring from the lower corner of the breast plate. The strap to be nine inches in length, and to be worn *over* the waist belt on all occasions.

Waist belt must exactly fit the slide of the waist plate. The buckle is always to be kept free from pipe clay, to admit of the belt being readily lengthened or taken up. Waist belts are to be adjusted to the natural waist of each man, but they are on no account to be loose or liable to slip.

5. No man shall be permitted to take any part of his arms or accoutrements with him away from the Regiment, except on occasions strictly of public duty.

6. No man shall be permitted to keep his arms, accoutrements, or other articles of public property, small stores excepted, in any other place than the barracks or place of arms, from which they are never to be taken except when required for duty.

7. The only exceptions to the above rules are Native Officers, and European and Native Non-commissioned Staff.

AMMUNITION.

1. Frequent inspections are to be made of the ammunition in the possession of Regiments, and particular care must be taken that it is deposited in a place of safety. The delivery of ammunition from the Regimental Magazine or Depôt must always be made by the Quarter Master to the Captains or Commanding Officers of troops or companies, who are to give receipts for the same, and are responsible to the Commanding Officer for the care and expenditure of the quantity they receive.

2. Previous to the delivery of any blank cartridges to the men, the men's pouches are to be carefully inspected, in order to prevent any ball cartridges remaining and being through inattention mixed with the blank cartridges.

3. With the view of guarding against the possibility of mistakes, blank cartridges for exercise are on every occasion to be made up, exclusively, in blue paper, and ball cartridges are to be made up in brown or whited brown paper.

4. The blank cartridges made up in regimental stores for practice are to be inspected from time to time, by the Commanding Officer personally, or by a Committee by his order.

ORDERS AND ARTICLES OF WAR.

1. All Orders directed to be entered in the Order Books of troops and companies are required to be read and explained to the men in the presence of an Officer of the troop or company.

2. The Articles of War are to be read once in every two months to the Officers and men of European Corps, agreeably to Her Majesty's orders therein expressed, in presence of the Commanding Officer, or of one of the Majors.

3. In Native Regiments the Articles of War are to be read once in every six months—and the Sections relating to mutiny and desertion once in every two months. Such parts of the Standing Orders as concern them, are likewise to be read and carefully explained to the men, once in every two months.

4. No Officer in the temporary command of a Regiment shall give out any Standing Orders, or shall contradict, or alter, those issued by the permanent Commanding Officer.

COURTS MARTIAL.

1. The crime and sentence of every man brought to trial before a Court Martial are invariably to be published in the Order Book.

2. No Officer shall be eligible to sit as Member of any Court Martial until after two years service with a Regiment—unless there may not be a sufficient number of Officers to compose the Court without him.

3. In order to obviate any undue accumulation of claims or complaints, a Court of European Officers will assemble monthly, as soon after the issue of pay as convenient, at the head quarters of every Corps, European and Native, throughout the Army, for the purpose of investigating such claims or complaints as any individual of the Non-commissioned or inferior ranks may have to prefer.

4. These Courts are to be composed and conducted as directed in the Regulations for the Judge Advocate General's Department.

5. It is to be understood that no complaints which can be adjusted by Officers Commanding troops and companies, are to be referred to the Monthly Courts.

SLEEPING OUT OF QUARTERS.

1. In European Corps no men are to be allowed to sleep out of their quarters, except those who have families, and who, together with their wives, are of good characters, and if not married previous to enlistment, have married with the consent of their Commanding Officer.

2. Men of Native Regiments are strictly prohibited from sleeping out of their respective lines.

3. Officers are also required to live in their own Regimental Lines, and are not to be allowed to take up their abode in distant quarters of the Cantonment away from their Corps.

GAMING.

1. All gaming in Garrison, Camp, or Cantonment, is strictly forbidden.

2. Commandants of Divisions, Corps, or Stations, are hereby positively ordered not only to suppress all gaming, but to report to the Commander in Chief whenever it may come to their knowledge that any Senior Officer is in the habit of gaming with Subordinates, or that this vice prevails amongst the Officers under their command.
