Fort William, 19th December, 1851.

No. 674 of 1851.—The Hon'ble the President in Council is pleased to direct the publication to the Army of the following despatch from the Hon'ble the Court of Directors to the Governor General of India in Council, No. 20, of the 22d October 1851, forwarding a copy of the Royal Warrant granting to the Captors the Booty and Plunder taken in the City of Mooltan, and at the Forts of Mooltan and Chineoute in the year 1849, and authorizing distribution of the amount under the instructions as therein conveyed after deducting the amount disbursed as Punjaub Donation Batta, under General Orders by the Most Noble the Governor General, dated Simla the 18th October 1849.

No. 20 *of* 1851.

Military Department.

Our Governor General of India in Council.

1. With reference to our letter to Bengal of the 25th April last, No. 51, we have now to apprize you that by a Royal grant, dated on the 26th September 1851, of which a copy is enclosed, Her Majesty has been pleased to grant to the East India Company the booty and plunder taken in the City of Mooltan and at the Forts of Mooltan and Chineoute, in trust, as to one-half part thereof for the proper use of the said Company towards their expenses in the said operations, and as to the other half part thereof for the use of the Commander-in-Chief, the Generals and other Officers, Non-Commissioned Officers and Privates, who served in the Punjaub during the war, after deducting the amount which they have severally received as donation of batta under the orders conveyed in our letter of the 18th July 1849, to be distributed to, and amongst them, according to the usage of the Army in India.

2. We have now the satisfaction of conveying to you our resolution to present to the troops which served in the Punjaub during the war, the moiety of the booty which Her Majesty has been graciously pleased to place at our disposal.

3. You will take the necessary measures for distributing the amount of this booty agreeably to the terms of the grant, after deducting from the share or shares accruing to each officer and soldier the amount of the donation of batta which he has received under the order above specified.

We are, &c.,
(Sd.) JOHN SHEPHERD,
and 13 other Directors.

LONDON,
22d *October*, 1851.

VICTORIA R.

Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, To all to whom these presents shall come Greeting. Whereas the Com-
17634 ½ missioners of Our Treasury have represented unto us that it had been made to appear to them by a report of Our Procurator General, that it was stated in a Memorial addressed to our said Commissioners by the East India Company, that a rebellion against the Government of the Punjaub having broken out at Mooltan in the East Indies, in the month of April, in the year of our Lord 1848, headed by the Dewan Moolraj; and the Sikh Sirdars having declared their inability to coerce the rebels, a force composed of Our Troops, and of Troops of the East India Company was employed for this pur-

pose; that on the 2d day of January in the year of Our Lord 1849, the fortified City of Mooltan was taken by storm by these Troops; that on the said 2d day of January in the said year of Our Lord 1849, the Fort of Mooltan, after a practicable breach had been made therein, surrendered to the said Troops, and that on the 8th day of February in the said year of Our Lord 1849, the Fort of Chineoute also surrendered to them; and booty was taken in the said fortified City and Forts, consisting of jewels and other property, the sale proceeds of which have been realized by the Prize Agents employed for collecting the booty or have been otherwise realized, amounting to the sum of rupees 12,43,511–3–11; that in addition certain Ordnance and Ordnance Stores were taken in the said Fort of Mooltan, the value of which, according to the rates charged for such articles at the said Company's Arsenal in Bengal, is Rupees 66,412–10–8, making altogether a total of Rupees 13,09,923–14–7.

That the Memorialists having taken into their consideration the services performed by the Forces serving in the Punjaub, in the late operations, including those engaged in the capture of Mooltan, and the delay which would necessarily arise before a distribution could take place of any booty which We might be graciously pleased to grant, they resolved on the 18th of July in the said year of Our Lord 1849, that the Officers and Soldiers of those Forces should at the earliest possible period receive a pecuniary reward of not less amount than six months' Batta; they therefore instructed the Government of India forthwith to pay to the Commander-in-Chief, the Generals, and other Officers, Non-Commissioned Officers and Privates who served in the Punjaub during the Campaign, a donation equal to six months' full batta, on the understanding, that, if thereafter any booty which may have been captured in such Campaign should be made over to them, there should be deducted from any share of such Prize Money which might become payable to any individual a sum equivalent to the batta paid to him under those instructions, unless such share should be of less value than that sum;—in the latter case all that was to be re-paid to the said Company's Treasury was to be the amount of the Prize Money, however small it might be. The Memorialists, therefore, prayed that our said Commissioners would be pleased to recommend unto Us to grant to them all such booty and plunder, stores, provisions, and things as were found in, or taken in, the said operations against Mooltan and Chineoute, as to the one-half part of the value thereof for the proper use of the Memorialists towards their expenses, and as to the other half part thereof for the use of the Commanders, Officers and Men belonging to the Forces employed in the said operations, after deducting the amount which they have already received as donation of batta, as aforesaid; and also to advise Us to give such directions as to the appropriation and distribution of the said booty and plunder amongst the Forces as to Us should seem fit. And whereas our said Commissioners have recommended unto Us to accede to the prayer of the said Memorial by granting the said booty and plunder in question, in manner hereinafter mentioned, to which We are graciously pleased to condescend. We do hereby Give and Grant to the East India Company, all such booty and plunder, stores, provisions, and things as are hereinbefore mentioned to have been taken at the City of Mooltan, and at the Forts of Mooltan and Chineoute, in trust as to one-half part of the value thereof for the proper use of the said Company, towards their expenses in the said operations, and as to the other part thereof, in trust, for the use of the Commander-in-Chief, the Generals, and other Officers, Non-Commissioned Officers and Privates who served in the Punjaub during the said Campaign, including those employed in the said operations, after deducting the amount which they have severally received as donation of batta, as aforesaid, to be distributed to and amongst them according to the usage of the Army in India. And We are graciously pleased to order and direct that in case any doubt shall arise in respect to the distribution of the Moiety hereby granted as aforesaid, respecting any demand upon the said captured booty, the same shall be determined by the said East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall, with all convenient speed, be notified in writing to the Commissioners of Our Treasury; and the same shall be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of Our Treasury, We shall be pleased otherwise to order. Hereby reserving to ourselves to make such order therein as to Us as shall seem fit.

Given at Our Court at Balmoral, this 26th day of September, in the fifteenth Year of Our Reign and in the Year of Our Lord 1851.

By Her Majesty's Command.

(Signed) Wm. GIBSON CRAIG.

No. 8 of 1852.—The following General Orders by the Most Noble the Governor General of India are re-published for the information of the Army at this Presidency.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA.

Camp Jubbee, the 10th February 1851.

The Most Noble the Governor General is pleased to publish the following paragraphs of a Military despatch from the Honorable the Court of Directors, No. 130, dated 27th November 1850.

Para. 10. "The Commander in Chief has referred to the additional number of Officers withdrawn from regiments consequent on the annexation of the Punjaub, and has observed that, under such circumstances, it does not appear possible to confine the withdrawal of Officers from their regiments, for Staff employ, to the limit laid down by us."

11. "We have already admitted that, under present circumstances, the number of Officers on detached employment at your Presidency necessarily exceeds the limit of five per regiment; but we do not consider that it is necessary to exceed the limit as regards Officers of the rank of Captain. That limit was first fixed at two per regiment; since which we have added one Captain to each regiment of cavalry and infantry, for the express purpose of meeting the additional drain for the Staff. The limit may now therefore be considered to be three Captains per regiment, and we expect that it will not be exceeded without an absolute necessity, the particulars of which are to be specially communicated to us."

The Governor General is pleased to direct that, hereafter, the number of Officers permitted to be withdrawn for Staff and detached employment shall be considered to be three Captains and three Subalterns per regiment of the line.

(Signed) FRED. D. ATKINSON, Captain,
Asst. Secy. to the Govt. of India, Mily. Dept. With the Govr. Genl.

Camp Shehjehampore, the 20th December 1851.

The Most Noble the Governor General is pleased to publish the following paragraphs of a despatch from the Honorable the Court of Directors, to the Governor of Bengal, No. 122, dated 29th October last.

Letter dated 28th June 1851, *No.* 99.

19. Forward with reference to Court's Orders in Letter No. 5 of 1851, a Letter from the Governor General explaining his views as to the number and rank of Officers at present authorized to be withdrawn from Regimental, for Staff or detached duty.

14. Agreeably to the proposal of the Governor General as noticed in your letter of the 22d July 1850, the rule which limits the simultaneous withdrawal from Regiments of Native Infantry, to six Officers, for Staff and detached employments, was so far relaxed as to admit, under particular circumstances, of a seventh being withdrawn. This latitude however was designed only for cases of emergency. The general rule, fixing the limit at six, is that which we are desirous of maintaining, and which is applicable to the Armies of the three Presidencies.

15. We cannot doubt that by availing yourselves of the services of Madras Officers, and reducing, as far as possible, detached employments, which can be dispensed with, you will henceforth be enabled to avoid the necessity, which we greatly deprecate, of withdrawing a seventh Officer from any Regiment.

Secretary to the Govt. of India M. D., with the Governor General.

Secretary to Government.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, 21*st January* 1852.

At a Native General Court Martial held at Mhow, on Tuesday the 6th day of January 1852, Lingoo and Chinniah, Horsekeepers in Number Two Horse Field Battery, were arraigned on the following Charge, viz.

Charge.—For having near Mhow on the 23d day of November 1851, struck and used violence against Staff Serjeant Thomas Allen of the Number Two Horse Field Battery, their superior Officer, by pulling him off his horse and beating violently with sticks, the Prisoner Lingoo having previously struck him, the said Staff Serjeant Thomas Allen, a violent blow on the head with a stone.

Finding.—The Court on the evidence before it, is of opinion, that the Prisoners Lingoo and Chinniah, Horsekeepers in the Number Two Horse Field Battery, are

Guilty of the Charge.

Sentence.—The Court sentences the said Lingoo and Chinniah, Horsekeepers in the Number Two Horse Field Battery, to suffer imprisonment with hard labor for the space of two years each respectively.

Mhow, the 7th day of January 1852. (Approved and confirmed.)

HEAD QUARTERS: MADRAS, *19th January* 1852. (Signed) R. ARMSTRONG, Lieut. General *and Commander in Chief.*

The Sentence to be carried into effect under the orders of the Officer Commanding Saugor Division.

29th January 1852.

At a District Court Martial, held at Bellary, on Tuesday the 20th day of January 1852, Anthony D'Rozario, Assistant Apothecary attached to the Garrison of Bellary, was arraigned on the following Charge, viz.

Charge.—For conduct to the prejudice of good order and military discipline in the following Instances:

First Instance.—In having at Bellary on the 5th and 6th of January 1852, addressed and submitted two official letters of those dates under his signature, to Garrison Surgeon Edmund Walter Eyre of the same Garrison, in which he most disrespectfully, wilfully and falsely asserted that he had never been admonished for intemperate habits, or for suspected intemperate habits, by the said Garrison Surgeon Edmund Walter Eyre, he well knowing that he had been admonished for suspected intemperate habits on or about the 15th of March 1851 by that Officer.

Second Instance.—In having at Bellary on the 6th of January 1852, addressed and submitted to Garrison Surgeon Edmund Walter Eyre of the same Garrison, in reply to an official memorandum from that Officer to him, an official letter of the same date, under his signature, couched generally in terms highly objectionable and subversive of the respect and deference due from a Warrant Officer to his superior and immediate Commanding Officer.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence, is of opinion that the Prisoner Anthony D'Rozario, Assistant Apothecary attached to the Garrison of Bellary, is

Guilty of the 1st Instance of the Charge.
Guilty of the 2d Instance of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, and having furthermore taken into consideration the proof of his general character, doth sentence him the said Anthony D'Rozario, Assistant Apothecary attached to the Garrison of Bellary, to be suspended from rank, pay and allowances for a period of three calendar months.

Bellary, the 22d day of January 1852.

Approved and confirmed, but looking to the inconvenience occasioned to the Service by the Prisoner being so long withdrawn from performance of his duties, I consider it desirable to restrict the punishment to suspension from rank, pay and allowances for one calendar month.

HEAD QUARTERS: MADRAS, *28th of January* 1852. (Signed) R. ARMSTRONG, Lieut. General *and Commander in Chief.*

The period of suspension awarded Assistant Apothecary Anthony D'Rozario is to commence from the date of the promulgation of this Order at Bellary, which is to be reported to the Adjutant General of the Army.

FORT ST. GEORGE, 6TH FEBRUARY 1852.

No. 24 of 1852.—The Right Honorable the Governor in Council is pleased to direct that the following rules, granting remuneration to Officers, (not Engineers, Executive Officers or in receipt of special pay as such) temporarily employed in superintending Public Works, be established in substitution of those published in G. O. G. No. 103, of date the 27th May 1851.

1. An allowance as below specified is granted to the Staff or other Officer nominated by Officers Commanding Stations, to superintend the execution of annual or special repairs not requiring science, amounting to not less than 200 Rupees, provided that there is no Engineer or Executive Officer at the Station, and that the work requires the superintendence of an Officer.

2. An allowance of 2 Rupees a day is granted to Officers nominated to superintend works, the cost of which does not exceed 2,000 Rupees.

3. The above allowance is payable for such period (not exceeding three months) as the works may be actually in progress.

4. For the superintendence of more considerable works than those above adverted to, namely exceeding 2,000 Rupees, an allowance of 4 Rupees a day may be drawn for such period (not exceeding 6 months) as the works may be actually carrying on.

5. For the superintendence of works under 2,000 Rupees performed by contract, an allowance of 2 Rupees a day, for such period (not exceeding 3 months) as the works may be actually carrying on, is granted—and when above Rupees 2,000 the same allowance under the same stipulations for 6 months.

6. In both instances the amount of the sanctioned estimate, not the bill, is to be taken as the guide to the extent of the estimate bona fide executed.

7. These allowances shall be payable at the end of each month, when an abstract will be submitted through Division Head Quarters for the countersignature of the Military Board, accompanied by a certificate from the Commanding Officer of the Station that the period charged for is correct—and that the work executed required the superintendence of an Officer.

8. The Military Board will, if satisfied that the time occupied in the completion of the work has not been unnecessarily protracted or that the period stipulated in the contract has not been unnecessarily exceeded, cause their Secretary to countersign the abstract, which will be sufficient authority to the Pay Department for the disbursement of the amount.

9. In no instance is the allowance of 2 or 4 Rupees to be admitted beyond the period of 3 or 6 months respectively, without the special sanction of Government, sought and obtained through the Military Board, as the above specified periods are considered sufficient with reference to the extent and nature of the works contemplated.

10. In no instance is there to be more than one Officer appointed at any one Station or Cantonment, notwithstanding that there may be many works on hand at the same time, nor is a separate allowance to be drawn for each work, but the aggregate amount of all the sanctioned estimates (and on emergent works, of the Bills) at any one station is to be taken as the guide by which the daily allowance of 2 or 4 Rupees is to be drawn; and this allowance is to be calculated as payable from the date of the commencement of the works and to vary as they fall below or exceed 2,000 Rupees, and to cease to be drawn on monthly abstracts at the end of 3 and 6 months respectively, so that if works during the 3 months from the first of which the allowance was commenced to be drawn shall exceed in their aggregate estimate cost, by the addition to them of fresh works, the sum of 2,000 Rupees, the larger remuneration, namely Rupees 4, shall be drawn for such period of that time as the cost of works under execution shall continue to be above Rupees 2,000; but on the completion of any one of them reducing the aggregate amount below Rupees 2,000, then the Superintending Officer shall only be entitled to Rupees 2 per day. It must however be distinctly understood that the respective allowance of 2 or 4 Rupees on account of a work shall cease 3 months or 6 months as the case may be after the date of its commencement, and will on no account be permitted to enter into the calculation by which the higher or lower rates shall become payable.

11. Officers Commanding Stations are responsible that no undue stoppage takes place in the works, and in granting the certificate required by para. 7, they will state whether any and what stoppage has occurred in the execution of the work as in the event of such stoppage exceeding 10 days, pay will cease to be drawn. Printed Forms of certificate required by para. 7 will be furnished by the Military Board.

12. The above regulations are not intended in any way to disturb the rules laid down in G. O. G. No. 128, 31st July 1838 and G. O. G. 143 of 26th June 1846; and in Divisions where there is no Superintending Engineer, plans and estimates will be prepared as heretofore by Station Staff, under whose orders part of the establishment of Superintending Engineers was placed in 1838 for that purpose, and when necessary by Civil Engineers under the authority of G. O. G. No. 143 of 26th June 1846. In Divisions where there is a Superintending Engineer, plans and estimates will be prepared by or under the instructions of that Officer, and the abstracts of Officers nominated to the charge of works at stations in such Divisions will in the first instance be submitted to the Superintending Engineer and by him forwarded to the Military Board through Division Head Quarters.

13. The appointments of Regimental Officers to the performance of the extra and temporary duties adverted to in the preceding paragraphs do not require the confirmation of Government, and Paymasters are authorized to disburse all abstracts duly certified and countersigned in the manner and for the periods above provided for.

14. The Military Board will establish such Forms as may be requisite in communication with the Military Auditor General.

15. The foregoing rules do not apply to the Presidency Division of Public Works.

FORT ST. GEORGE, 6TH FEBRUARY 1852.

No. 25 of 1852.—1. The Right Honorable the Governor in Council directs the publication of the following Regulations regarding Office Furniture in supercession of G. O. G. 23d April 1850, No. 83, and of those noted in the margin which are consequently cancelled.

At a Native General Court Martial held at Saugor on Friday the 5th day of March 1852, Gholam Mahomed, General No 378, Veerasamy, General No. 397, and Shekh Rungiah, General No. 411, Privates in F. Company of the 5th or Golundauze Battalion of Artillery, were arraigned on the following Charge, viz.

Charge.—For disobeying the lawful command of their superior Officer Lieutenant Alexander Harry Dawson, the Officer Commanding their Company, in having at Saugor on the 16th of February 1852, when paraded with their Company for the purpose of receiving pay for the month of January 1852; positively refused to take the balance of pay due to them for the said month, because Company's Annas nine were deducted for a Regimental Skull Cap; although it was explained to them that such Skull Cap was ordered to be supplied to the men of the Company by a Battalion Order, dated the 8th of July 1851.

Finding.—The Court, on the evidence before it is of opinion that the Prisoners Gholam Mahomed, General No. 378, Veerasamy, General No. 397, and Shekh Rungiah alias Shaik Rumja, by which name the Prisoner is entered in the Company Roll alias Shaik Humza which is his proper name, General No. 411, Privates in F. Approved and confirmed.

HEAD QUARTERS: MADRAS, }
23*d March* 1852. } (Signed) R. ARMSTRONG, Lieut General,
Commander in Chief.

Remarks.—I have only approved so lenient a sentence in this instance under the peculiar circumstances, connected with the case, in which I see much to disapprove, and regarding which my sentimenst will be communicated hereafter to the parties concerned.

It is fit, however, the Prisoners and their comrades should understand, that in refusing to receive their pay they committed an offence of a mutinous character which might have been attended with far more serious consequences to themselves; for whatever cause of complaint may exist, it can neither justify

nor excuse an act on the part of Soldiers inconsistent with the fundamental principle of their duty—obedience to authority.

The Articles of War, and the Regulations of the Service prescribe an easy and well known course to be pursued by Soldiers, individually, to obtain redress for any private injury or fancied injustice; and I will always attend to, and, as much as lies in my power, redress their real grievances, and be tender in disposing of such as may be merely imaginary; but if they forget themselves, and act contrary to their obligation as Soldiers, they must expect to meet at my hands such punishment, however severe, as their offence may appear to deserve.

(Signed) R. ARMSTRONG, Lieut. General,
Commander in Chief.

The sentence to be carried into effect under the orders of the Officer Commanding Saugor Division, and the imprisonment to be calculated from the 5th of March 1852 the date on which the sentence was passed.

No. 314 of 1852.—The Most Noble the Governor General of India in Council is pleased to direct, that the following paragraphs of a Military Letter, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 33, dated 17th March 1852, be published in General Orders:

Letter dated 10th November 1851, *No.* 180.

Report the payment by the Bombay Government of the usual Charter Party allowance for the passage to England of the Wives of two Invalids who proceeded home in private service. Government did not deem it advisable to refuse to admit the charge, but they request instructions with a view to uniformity of practice both as respects Wives who may not proceed with their Husbands and also as to Widows.

"Para. 2. The Government allowance to Soldiers' Wives is suspended when they leave their Husbands to enter private service, except when their Husbands are absent on Foreign or Field Service. Upon the same principle the Charter Party Passage to the Wives of Soldiers who accompany their Husbands to England, should not be granted to those who, in consequence of being in private service, do not embark with their Husbands. If from any other cause beyond their control, they shall not be able to accompany their Husbands, their claim to the Charter Party allowance, when the impediment has ceased, should be admitted.

"3. The Widows of Soldiers cease to draw the Government allowance at the expiration of six months from the date of the Soldier's decease. If embarking within that time, they are entitled to the usual Charter Party allowance. If they voluntarily remain in India after that time, their claim to passage-money should cease. If detained by any cause beyond their own control, their claim to passage-money, at the subsequent time, must be especially considered.

"4. We desire that these, as general rules, may be adhered to hereafter at the three Presidencies."

Offg. Secy. to the Govt. of India, Mily. Dept.

FORT ST. GEORGE, 28TH MAY 1852.

No. 99 of 1852.—The Right Honorable the Governor in Council is pleased to publish the following Regulations for the Corps of Guides, which will form a Section of the forthcoming Revised Regulation for the Quarter Master General's Department.

REGULATIONS FOR THE CORPS OF GUIDES.

RAISED PRIOR TO 1781. REDUCED 1830.

1. Guides are enlisted only at Head Quarters, and their general supervision is vested in the Quarter Master General of the Army.

2. The Establishment of the Corps is fixed as follows:

1 Chief Guide,
2 Head Guides,
4 Second Guides,
18 Private Guides.

3. It is desirable that the Corps be composed only of the most respectable classes of men; and among them there should always be a proportion of Brahmins. The choice of a Guide from any particular caste for duty or service, will depend on the nature of the enemy, or country in which his services are required.

4. Guides belong to the Survey and Intelligence Department of the Quarter Master General's Establishment; and consequently, discrimination should be exercised in the selection of candidates for the situation. Their duties in active service comprehend every thing that an intelligent mind can suggest to itself as being useful at such a time, to the Department; such as, obtaining information respecting the enemy's position, marches, operations, and designs, in order that they may be obstructed, or taken advantage of:—reporting on the state of roads and ghauts with reference to the passage of guns, &c., means of crossing rivers, supplies, encamping ground, conveying despatches, &c. They should hear much and say little, and must be careful that nothing in their demeanour betrays to the enemy the object of their mission. Information when obtained, should be communicated to the Senior of the Department in a calm and collected manner: all the circumstances under which it was obtained related, in order that the weight to be attached to it, may be judged of. Above all, they must be careful that they are not made the dupes of the opposite party; false intelligence under such circumstances being worse than none. Their services as Surveyors may likewise be required, but in any case their duties must be performed in a manner, not to excite curiosity or suspicion. They must therefore, be possessed of much natural shrewdness, intelligence, activity, and courage; and should be masters of many expedients in the attainment of any object.

5. Previously to enlistment, it will be ascertained that candidates are well able to read and write, Teloogoo or Tamil; and all must be able to converse in Hindoostanee, and have acquired a competent knowledge of the elementary rules of Arithmetic within twelve months afterwards. They must be not less than 18 years of age nor more than 25, and are eligible for enlistment, provided that they are certified by a Medical Officer to be physically fit for the service. There is no standard of height for Guides, nor are they sworn in, or cloathed by the State, except when proceeding on Foreign Service, when they are allowed Cloaks as Bounty Clothing.

6. A Guide who shall fail to qualify himself within the period above prescribed, shall be liable to be discharged.

7. Guides are subject to the same discipline, so far as it can be made applicable, as is laid down in General Regulations, page 124, on the subject of "Minor Punishments;" besides of course being amenable to Courts Martial, or discharge by order of the Commander-in-Chief. A Character and Defaulter's Book will be kept in the Head Quarter's Office, by an Officer of the Department; the latter to be similar to that used in Regiments: and all instances of misconduct of Guides on command to be reported, that the same may be entered therein.

8. Though not armed, Guides come under the denomination of "Fighting Men;" and consequently the rules in force in the Army, relative to registry, muster, pay and allowances as authorised by regulation for their Corps, leave, promotion, discharge, rations on board ship, &c. are equally applicable to them.

9. On all occasions when the Regulations of the Service provide for the issue of grain to Native Troops, the same shall be drawn for the Corps of Guides in the proportion granted to Fighting Men.

10. Full batta to the Corps is restricted to the periods of marching or taking routes; and such other occasions as when Native Troops receive full batta.

11. When Guides from physical infirmity are deemed no longer fit for the Service, on the same being certified by a Medical Officer, application will be made by the Quarter Master General to the Adjutant General's Department, for a Medical Invaliding Committee: but no individual is eligible to be transferred to the Pension Establishment, unless he has been wounded in the Service, has lost his health in actual foreign service, has been disabled by accident in the execution of his duty, or has served 20 years. The rate of pension depends on the circumstances under which the pension is solicited, but in ordinary cases half pay is the rate fixed. Vide G. O. G. No. 187, 29th August 1848, on this head.

12. Guides are not eligible to the Invalid Establishment.

13. When a Guide is allowed the benefit of former service to entitle him to pension, the circumstances connected with his case should be stated in submitting his claim for the orders of Government.

14. No Guide is entitled to leave from Head Quarters until he is reported qualified for Command—and leave granted to Guides serving in Divisions should be reported to Head Quarters.

15. The zeal and intelligence and general conduct of Guides serving in Divisions are to be reported to Head Quarters on their being relieved from Command.

16. The following Table exhibits the pay and allowances of the different Rank of the Corps.

	Pay.			Batta.			Remarks.
Chief Guide. After 10 years service.	70	0	0				Is a Commissioned Officer, vide G. O. G. 14th February 1815.
Chief Guide. „ 6 do. do.	52	8	0	14	3	3	
Chief Guide. Under 6 do. do.	42	0	0				
Head Guide	21	0	0	7	8	0	Those entertained prior to 1st May 1837 draw batta Rs. 2-5-10 per mensem, instead of Rs. 1-8.
Second Guide	14	0	0	1	8	0	
Private Guide	7	0	0	1	8	0	

17. Prize money is issuable to Guides under existing rules, and according to the grades with which they severally rank, as follows:

Chief Guide as Subadar.
Head Guide as Jemadar.
Second Guide as Havildar.
Private Guide as Private.

18. The benefit of medical aid will be extended to the Corps by the Medical Officer in charge of the General or Garrison Hospital of the Station, at which individuals may be located, or temporarily residing.

19. Every Guide shall go through a course of instruction in Surveying and Military Drawing, previously to his being detached on command; and each individual is required to keep in his possession a copy of the Memo. of Instructions for Guides, with which he is to be always perfectly acquainted.

20. Rahdaries are allowed to Guides when proceeding on survey. The expenses attendant thereon will be defrayed on contingent bills, verified in the usual manner by the Senior Officer of the Quarter Master General's Department in the Division or Force.

21. Three Guides are attached to the Nagpore and Hyderabad Subsidiary Forces respectively, and one to each of the following Commands; Northern, Southern, Mysore and Saugor Divisions, and the Ceded Districts. The usual term of remaining detached is three years, though circumstances may render it expedient to prolong or curtail that period. They are always relieved from Head Quarters. The Chief Guide alone, is exempt from command, he being required at Head Quarters to assist in the instruction and discipline of the Corps.

22. Written petitions are prohibited—any communication must be, when practicable, made verbally to the Senior of the Department present: who will represent it, if necessary, to Head Quarters.

23. At Head Quarters, and at all Stations on the Coast where their services can be made available, Guides take regular tours of duty on the Beach, in assisting in superintending and reporting the embarkation and debarkation of small Details. Their reports are entered in a book, from which Certificates are furnished to the different parties requiring them. They also note the number of each Boat employed on these occasions, so as to form a check to the Indent for Boats supplied by the Master Attendant. They are likewise employed as Column leaders and Hircarrahs.

24. Guides of the Brahmin caste are not subject to be ordered on board ship.

25. A Statement of the following form, of work performed during the day, and hour of attendance at Office, to be kept at the Head Quarter and Division Offices. Half past ten o'clock A. M. is the hour at which Guides are required to attend.

Date.	Rank.	Names.	Hour of attendance-	Why absent and with or without leave.	How engaged during the day.

26. A General Distribution Return of the following form, will be made in the Quarter Master General's Office, on the 1st January, and 1st July of each year.

No.	Names.	Rank.	When enlisted.	When detached.	Divisions to which attached.	Period at the respective Stations.			Remarks.
						Years.	Months.	Days.	

27. Promotion will, if character and qualifications admit of it, be made according to seniority; but entries in the Defaulter's book will have weight against the claim of seniority.

28. Officers under whom Guides are serving, will take due care that their comfort, especially in the field, or on board ship, is properly attended to. They will while in Garrison, keep them as much employed as possible. By being continually on the alert for information about the construction, or alteration of roads within their respective limits, work may generally be found for them. This will have the effect of keeping the Guides in practice as Surveyors, and at the same time place the Quarter Master General in possession of the latest information on this important subject.

29. Articles of War, Nos. 102 and 103, provide for the disposal of the effects of deceased Guides. Should a Guide die while detached on survey, or absent from his Department, all Instruments, Field Books, or Maps, or other articles, the property of Government, that he may have had in his possession, together with property of his own, will be taken to the Commanding Officer of the nearest Station; who will report the circumstance to, and await instructions for their disposal, from the Quarter Master General of the Army.

30. For the rates and terms on which pensions are allowed to the Heirs of Guides, vide G. O. G. 29th August 1848, No. 187.

31. The above Rules will be translated into Tamil, and a copy given to each Guide to keep by him.

32. In the Saugor Division besides the Guide attached to the Quarter Master General's Department as above, there is a separate class denominated "The Saugor Hircarrah Establishment" stationed at Saugor; which consists of the following grades, drawing monthly pay as set opposite each:

1 Jemadar.....10 Rupees.
8 Hircarrahs..... 6 do.

33. These men have no claims whatever on the State beyond their monthly pay, and are enlisted under no conditions but to do as they are ordered. Enlistment, Promotion or discharge, is ordered on the recommendation of the Officer Commanding the Division by the Quarter Master General of the Army.

34. These men should be invariably inhabitants of the Country. Their duty consists in keeping themselves and the Officer Commanding the Division continually informed of all that passes in the neighbouring districts. They should ever possess an accurate knowledge of the Rivers, Roads, Passes and Fastnesses of the whole of the Country so as to be able to lead Troops to the scene of any disturbance which may break out among the numerous petty Chiefs, Rajahs or Thakoors around. Two Hircarrahs are to be made to traverse the Country continually with this object, and they will be relieved monthly.

35. Their pay is drawn by the Officer of the Quarter Master General's Department in the Division, under the countersignature of the Officer Commanding the Division, without reference to Head Quarters.

36. An Annual Return shewing the distribution &c. of the Hircarrahs will be forwarded to the Quarter Master General of the Army.

37. Though these Hircarrahs have no *claim* to ordinary Pension, the Rules under which Superannuation Pension is granted, will be applicable to such as are shewn to deserve it.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

ADJUTANT GENERAL'S OFFICE: FORT ST. GEORGE, 22*d May* 1852.

No. 30.—With reference to G. O G. of the 16th Ultimo, No. 68, the Commander in Chief, with the sanction of Government, directs the following to be substituted for paras 10 and 20, Section XXIV, page 349, General Regulations.—Books to be corrected accordingly.

10. The course of examination for each class is as follows:

For the "Honorary reward" and "Interpreter."

HINDOOSTANEE.

I. The Examiners and Officer to be examined are to bear in mind that upon the qualifications of the latter may depend not only the good of the public service, but the life, or reputation, and happiness of parties on whose account he will be bound on oath fully and correctly to interpret.

II. Translating from Hindoostanee into English, not less than an ordinary octavo page in length of the "Hindoostanee Selections" or any part therein comprised in the following works from which they are made, viz:

1. Chuhar Durwish,
2. Gooli Bukawallee,
3. Ukhwanoos Suffa,
4. Goolistan.

III. Translating from English into Hindoostanee of the same length in such a manner as to evince a decided familiarity with the language, and—in the case of examination of Candidates for the Honorary Reward—some elegance of style. This paper may consist of a letter or Military despatch, or it may be selected from any English work, but not from a translation from an Oriental language, unless of purely English idiom and construction. It is not required that a difficult paper should be selected for this exercise, but only that it should be of such a description as fairly to test the Student's knowledge of idiom and capability of making correct and clear translations of such orders and papers as may be expected to come within the course of an Officer's duty.

IV. Translating from Hindoostanee into English, a paper of short sentences, the greater part on professional subjects, to be rendered accurately and idiomatically.

These translations are to be made in writing, and without dictionaries or other aid. The exercises will be forwarded to Out-stations on application to Army Head Quarters for the precise number required.

V. Reading aloud fluently, and afterwards translating correctly, portions of any of the test books; and also a fairly but not very clearly written manuscript in Hindoostanee.

VI. Conversation with the Examiners, or with one or more Natives in presence of the Examiners, on such subjects proposed by them, as are calculated to test his colloquial facility both as regards scholarlike expression and knowledge of terms and phrases as commonly used by the poorer and uneducated classes.

VII. Translating extemporally, the Proceedings of a Native Court Martial. In this part of the examination the Officer is to be allowed to read over the charge and to translate it from the record, which is then to be taken by one of the Examiners, who will read out the different parts of the evidence for translation by the Officer to two or more Non-Commissioned Officers or Privates, both Moossulmans and Hindoos, who are to be in attendance on the Examiners, who will satisfy themselves that the Officer's interpretation is clearly and correctly understood by them. In translating the finding and sentence the Officer is again to be allowed the use of the Record.

VIII. The course prescribed above for Hindoostanee is equally applicable to Examinations in Arabic and Persian. The written exercises into English to be selected from the following works.

In Arabic	1 Alif Laila, 2 Ikwhanoo Safa, 3 Nufhat ool Yuman.
In Persian.....	1 Gulistan, 2 Bostan, 3 Anwaree Soheilee.

For Mahratta, Canarese, Tamil and Teloogoo the course of examination will be similar to that above described—substituting the following works.

Mahratta	1 Punchopakhyan, 2 Æsop's Fables, 3 Bali Mittra.
Canarese	1 Æsop's Fables.
Tamil.....	1 Punchatuntra.
Teloogoo	1 Morris' Selections, 2 Punchatuntra, 3 Vikra Markra Tales.

Officers examined as Interpreters in other than the Hindoostanee language are not, when not qualified as Interpreter, to be passed for Staff employ.

20. The grant of the Honorary Reward of a thousand Rupees to Officers passing in two or more Native languages will be restricted to Arabic, Persian, Hindoostanee, Mahratta, Canarese, Tamil and Teloogoo,

provided that one of the Native languages chosen must be of Mahomedan origin, either Arabic, Persian, or Hindoostanee, and another of Hindoo origin, either Mahratta, Canarese, Tamil or Teloogoo. Further proficiency in a third and fourth or more of the Native languages will, however, be subsequently submitted for the favorable consideration of the Honorable Court of Directors. The course of examination is that prescribed in preceding para 10, clauses II to VI.

FORT ST. GEORGE, 1ST JUNE 1852.

No. 102 of 1852.—The Right Honorable the Governor in Council is pleased to notify that the Government of India have decided that Medical Officers, being Military, are entitled, on passing the test of qualifications in two or more Native languages established in G. O. G. 16th April 1852, No. 68, to the reward of (1000) one thousand Rupees.

FORT ST. GEORGE, 1ST JUNE 1852.

No. 103 of 1852.—With reference to G. O. G. dated the 21st February 1851, No. 35, the Right Honorable the Governor in Council is pleased to publish for general information, the following Extract (paras 7 to 11) of a Military Letter from the Honorable the Court of Directors to the Government of Bengal, No. 33, dated the 17th of March 1852, conveying their orders relative to the number of Soldiers' wives permitted to reside with their husbands in Barracks.

Extract of a Military Letter from the Honorable the Court of Directors, to the Governor of the Presidency of Fort William in Bengal, No. 33, dated the 17th of March 1852.

Letter dated the 13th of November 1851, No. 183.
With reference to No 133 of 1851, forward despatch from the Government of Madras, representing the injurious results which in their opinion, must result from the restrictions placed upon Soldiers' marriages.

Para 7. It appears that although in the Artillery and European Regiments on the Bengal and Bombay Establishments, and in Her Majesty's Regiments of Infantry at Madras, the married Soldiers are less than the authorized number, viz. (12) twelve per cent on the strength of each Regiment, as shewn in the margin*, yet those in the Artillery and European Regiments of the Company's Service at Madras, greatly exceed that number.

* *Bengal.*	*Proportion of married men to strength.*
H. M.'s Regiments	8¾ per cent.
Company's European Troops	10¾ ,,
Madras.	
H. M.'s Regiments	10¾ ,,
Company's European Troops	21 ,,
Bombay.	
H. M.'s Regiments	11¼ ,,
Company's European Troops	8¾ ,,

Para 8. With reference to the orders limiting the privilege to be hereafter granted to Soldiers' wives, to the authorized number, the Commander in Chief at Madras has pointed out the inexpediency of putting a sudden stop to marriages in the Artillery and European Regiments until the number is reduced to that scale, and has recommended the following measures, viz:

"That European Widows who, in the first instance, come out to India with their husbands be "allowed, on re-marriage, to reside in Barracks without limitation."

† Letter from the Adjutant General of the Madras Army dated the 27th of Septr. 1851.

"That for every two or three women not of the above description, who "may become widows, one of the same class be permitted, on re-marriage, "to reside in Barracks until the number of Soldiers' wives permitted to "reside with their husbands, in Barracks, shall be reduced within twelve (12) per cent."†

Para 9. We approve of the reduction of the number to twelve (12) per cent at Madras being gradually effected in the manner above suggested.

Para 10. With reference to a further suggestion of the Commander in Chief at Madras that "when "the aggregate of Soldiers' wives may be under twelve (12) per cent, then this class of women (widows) "to be permitted to reside in Barracks until the authorized number be complete," We would observe that the continuance of the Government allowance to widows is limited to a term of six (6) months from the date of the Soldier's death, and that no extension of that period can be authorized.

Para 11. The limitation to (12) twelve per cent applies to rank and file only, and does not include the wives of Non-Commissioned Officers.

10*th April* 1852.

SIR,

Certain instances of transfer of the duties of Regimental Paymaster from one Paymaster, or Officer, acting as Paymaster, to another having occurred, in which it has been subsequently found that the Accounts and Balances handed over by the seceding Paymaster to his successor were deficient, I am directed to acquaint you, with reference to Articles 24, 25, 26 and 31 of the War Office explanatory directions, that the Secretary at War deems it proper to require that, in every case of application from a Paymaster, or Acting Paymaster, for retirement, or exchange, or, when serving abroad, for leave of absence from the Station, it should be ascertained at the time of forwarding his application whether his Accounts and Balances at the Regiment are then correct and complete, and are ready to be so handed over by him to the Officer succeeding to his duties.

The investigation, necessary to ascertain this, should be made by a Committee consisting of the three senior Regimental Officers present, exclusive of the Commanding Officer, and their report of the result should be forwarded with the Paymaster's application.

I am accordingly to request that you will take care that the course here pointed out be duly followed in the Regiment under your command.

I have the honor to be,
Sir,
Your obedient Servant,
B. HAWES.

11. Vacant buildings are to be examined, at least twice a month, particular attention to be paid to the state of the roof, and every means used to prevent the attack of white ants: no filth to be allowed to accumulate in the vicinity of vacant buildings. To assist the Barrack Serjeant in this duty, Tent Lascars, when available, will be allowed.

12. On the first arrival of a Regiment at a station, he will accompany the Regimental Quarter Master over the buildings, and obtain from that Officer a receipt shewing the description and number of fixtures, viz. punkahs, windows, doors, accoutrement pegs, bolts, bars, window hooks, &c.; the receipt is to be entered in a book for that purpose,—when additional fixtures are added to a Barrack, during it's occupation by the same Regiment, a supplementary receipt to be inserted at foot of original one.

13. When Barracks are vacated by a Regiment, the Serjeant will in like manner go over the buildings with the Quarter Master. The fixtures are to be compared with the receipts, and all deficiencies made good by the Regiment, if arising from neglect.

14. Barrack Serjeants will keep the Journal, and prepare the Returns of Buildings, Barrack appurtenances and Drill apparatus, receiving from Arsenals or Departments of supply, and making over to Regiments such of these articles, also sentry boxes and garrison guard room furniture, as have been exchanged or repaired on indent.

At stations where cots are in use, and no Commissariat Officer present, Barrack Serjeants will make similar reports of the cots, tables and forms to the Officer of that Department in their respective divisions, and their reports are required to be countersigned by the Officer in charge of Public Buildings, as a mark of their being correct.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: OOTACAMUND, *4th June* 1852.

At a District Court Martial held at Saugor on Friday the fourteenth day of May 1852, William Wilson, Assistant Apothecary, attached to the 24th Regiment N. I., was arraigned on the following Charge, viz :

Charge.—For conduct, unbecoming a Warrant Officer and to the prejudice of good order and Military discipline, in having at Saugor on the evening of the seventh day of May one thousand eight hundred and fifty two, been drunk and thereby incapable of the performance of his duty.

Finding.—The Court on the evidence before it is of opinion that the Prisoner Assistant Apothecary William Wilson attached to the 24th Regiment N. I. is,

Guilty of the Charge.

Sentence.—The Court having found the Prisoner Guilty as above stated and having furthermore taken into consideration the proof of his general character, doth sentence him the said William Wilson, Assistant Apothecary attached to the twenty-fourth Regiment of Native Infantry, to lose (6) six steps in the grade of Assistant Apothecaries, by having his name placed below that of Assistant Apothecary James Keess.

SAUGOR, 14*th May* 1852.

Confirmed.

The crime of Drunkenness in a Member of the Medical profession, in whatever grade he may be serving, may be attended with such fatal consequences to others, that I consider the present sentence by far too lenient, and I have only confirmed the same as the Prisoner has been so short a time in the Service that I am willing to hope lenity in his instance may not be misplaced, convinced as he must now feel that a second offence of the kind must necessarily entail upon him dismissal from the Service and ruin to his future prospects.

HEAD QUARTERS: OOTACAMUND, 2*d June* 1852.

(Signed) R. ARMSTRONG, Lieutenant General, *Commander in Chief.*

At a Native District Court Martial held at Fort Saint George on Tuesday the 25th day of May 1852, Veerasawmy, General Number 499, Store Lascar attached to the Arsenal of Fort Saint George, was arraigned on the following Charge, viz :

Charge.—For having at Madras on the 13th of December 1851, deserted the East India Company's Service, and not returning until apprehended at Madras and brought back a Prisoner on the 16th of April 1852.

Finding.—The Court on the evidence before it is of opinion that the Prisoner Veerasawmy, General Number 499, Store Lascar attached to the Arsenal of Fort Saint George, is

Guilty of the Charge.

Sentence.—The Court sentences the said Veerasawmy, General Number 499, Store Lascar attached to the Arsenal of Fort Saint George, to three months imprisonment, the last fourteen days of the 1st and 3d months to be solitary.

25*th May* 1852.

Confirmed.

The Prisoner's offence is aggravated by the circumstance of its having occurred at a time when he knew it was in contemplation to send him on Service to Moulmein, the Sentence therefore must be looked upon as a very lenient one, but taking into consideration that he forfeits 32 years former service, I have confirmed the same.

No. 131 of 1852.—The following General Orders by the Most Noble the Governor General of India in Council are republished for the information of the Army at this Presidency.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.
Fort William, 18th June 1852.

No. 381 of 1852.—The following paras. of a Military Despatch from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 55, dated 5th May 1852, are published for general information:

Reply to Military Letter, dated 5th March 1852, *No.* 33.

Questions relating to the continuance of Major Generals of the Company's Service in Divisional Commands after promotion to the Rank of Lieutenant General, and to the grant, by the Commander-in-Chief in India, of local Brevets of Lieutenant General to Her Majesty's Major Generals on the Staff.

Para. 1. Under the instructions given in our Letter of the 16th February 1814, a rule was established, that "the allowances of a Major General on "the Staff, after the notification in General Order of "his promotion to the rank of Lieutenant General, "are inadmissible from the date of his receipt of such "Order."

2. Since this rule was adopted, there has, until the Brevet of November 1851, been only one Major General of the Company's Service who held a Divisional Command at the time he was promoted to the rank of Lieutenant General, *viz.*, Major General Welsh, of the Madras Army; and this Officer was forthwith relieved from his Command, as shewn by the General Order dated 16th February 1847, of which an extract is given in the margin.*

* *Extract Madras General Order, dated 16th February* 1847.

——— "to command the Northern Division of the "Army in succession to Lieutenant General Welsh, to take "effect on the latter Officer's promotion."

3. A similar course has been taken when Her Majesty's Major Generals on the Divisional Staff in India have been promoted to be Lieutenant Generals, including one promoted in November 1851, such being the general rule of the Service.

6. We now desire that the Regulation of 1814, as republished by authority in 1845 and 1849, be duly enforced from the date of your receipt of this Despatch.

No. 387 of 1852.—The following paragraph of a Military Letter No. 3, from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 5th May 1852, is published for general information:

Letter dated 19th January 1852, *No.* 9.

Forward correspondence and request Court's decision on the general question of the admissibility to the "Order of Merit," of Men of pure European parentage who may be serving with Native Regiments.

3. We have to state in reply to this reference that European Soldiers are not entitled to the benefits of the "Order of Merit," which was established exclusively for the encouragement and reward of Native Officers and Soldiers.

No. 388 of 1852.—The following paragraph of a Military Letter No. 51, from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 5th May 1852, is published for general information :

Letter dated 20th January 1852, No. 10.

Advert to previous correspondence, and submit the question as to the eligibility of Serjeants attached to Military Offices and Departments, who have previously served 21 years Regimentally, to participate in the rewards for distinguished and meritorious conduct.

4. In our letter of the 24th January 1849, We informed you that the rewards to Serjeants for distinguished or meritorious Services, as authorized in the General Order* of 20th May 1848, are intended for those performing Regimental duty, and not for those attached to Military Offices and Departments. This decision is applicable to Serjeants who may have served 21 years in Regimental duty prior to their transfer to other employments.

No. 395 of 1852.—Under instructions from the Honorable the Court of Directors, conveyed in their letter to the Governor of the Presidency of Fort William in Bengal, No. 51, of the 5th May 1852, para. 5, the Most Noble the Governor General of India in Council is pleased to notify, that, from the 12th Instant, (the date on which the above Despatch from the Honorable Court was received,) the Adjutants of Cavalry Regiments of Her Majesty's Service serving in India, are authorized to draw the same scale of Staff allowance as that sanctioned for Adjutants of Native Cavalry Regiments.

IV. To Pensioners employed at Public Bungalows on first appointment.

V. To every man on the strength of the Corps according to the rank he holds on arrival at the new Station. Difference of hutting money is granted to Native Commissioned Officers and junior grades under circumstances similar to the following. A man holding the rank of Havildar arrives at a station with the Corps, and receives the allowance due to that grade, he is subsequently to this in G. O. G. promoted to Jemadar, from a date antecedent to the arrival of the Corps—difference between the allowance of a Havildar and Jemadar, viz. Rupees 8, is due to him. The roll attached to the bill, should distinctly explain such circumstances, as also the date of the G. O. notifying the promotion.

VI. To Details or individuals of a Corps on Foreign Service, on returning to the Coast, and ordered to Arcot—for Recruits for such Corps on joining at that place—and for men joining the Depot from furlough or sick certificate after a Corps has embarked.

3. The allowance is not admissible.

I. When a Corps or body of Troops is in the receipt of full batta.

II. When after a temporary employment on Detachment duty, it returns to the Station from which it marched.

III. After having been ordered to march to a new Station as a permanent relief, and being actually en route, it receives orders to return, and re-occupy the lines it vacated.

IV. To men who are removed from one Corps to another at their own request.

V. To those who are removed by order from Army Head Quarters to a Corps at the same Station, excepting men removed from a Corps at Madras to the Veteran Corps at the same place.

VI. To Details left behind with the families of Corps proceeding on Foreign Service.

VII. To individuals who have joined or enlisted subsequently to the receipt at Regimental or Detachment Head Quarters, of the order to be in readiness to march, or to embark for either home or Foreign Service.

VIII. To men not permanently appointed or attached to a Corps or Station, except in cases specially allowed by Government.

IX. To individuals or Detachments ordered to the Mount, or Coast, preparatory to embarkation for Foreign Service.

X. To men without Regimental numbers.

N. B.—Though the allowance cannot be drawn on *abstract* until numbers are assigned, it may be drawn on *receipt* on the responsibility of Troop or Company Officers.

Bills how to be prepared.

4. The allowance for hutting will be paid on bills, vide form B. countersigned by order of the Quarter Master General of the Army, who will be responsible that they correspond with the strength of the Corps, and are drawn only in cases admitted by these Regulations.

5. These bills will be forwarded through the Staff of the Quarter Master General's Department in Divisions and Forces with corresponding rolls, vide form C.

6. The name of every man in the Corps, or Detachment, whether present or absent, should be included in the roll—opposite the names of the latter, the cause of absence, and the date of becoming so, should be clearly entered in the column for remarks.

7. A separate bill and roll duly endorsed is required on all occasions, for each Company and Department. Officers Commanding Troops or Companies will be held personally responsible for any omissions or errors in these documents.

8. No document is to be written on less than a quarter sheet of foolscap.

9. The sum which the bill may amount to, should never be entered by the Officer signing it, until the bill has been received back from the Quarter Master General sanctioned.

10. These documents will be sent in within the first week after the arrival of a Corps or Detachment at its new Station.

11. It is to be well understood that none but those who actually arrive are entitled to the gratuity at that station, excepting such as have, previously proceeded on Detachment (vide para 14,) and therefore the rolls and bills, though dated subsequently, should be prepared according as Troops or Companies, &c. stood on the date of arrival.

12. The dates of all the bills and rolls should correspond, and may be any day within the first week after arrival.

13. Corps arriving at Stations by Wings, should forward separate papers for each Wing.

14. When a Corps on route to be permanently stationed, sends out Detachments to relieve others; such Detachments may draw the allowance with the Head Quarters of the Regiment, but it must be considered as allowed for the place at which the Head Quarters are stationed though the roll and bill must be countersigned by the Commanding Officer dated from the Detachment station, and prepared according to the strength on its arrival there.

15. A Corps returning to the coast should always have the hutting papers made out previously to allowing men to proceed on furlough, sick, absent, &c.

16. Men newly enlisted, or those who on the march of Corps, may have been for any allowed reason absent—draw hutting money on arriving at, or rejoining Regimental, or Detachment, Head Quarters, according to where their Company may be.

17. Should a Corps be ordered again to march, before such men can rejoin, they have no claim to the allowance for *that* station.

18. The bill and roll for them should be dated on the 1st of the month succeeding that in which they rejoined or were enlisted.

19. The date of enlistment, or of rejoining, whether from furlough, sick, absent, &c., should also be invariably mentioned, with such explanation as shall enable the bill to be checked by the last return, and the general roll of the Troop or Company.

20. Regimental numbers should never be omitted, but in cases where none are assigned, the men will still be borne on the rolls, but may not be included in the bills.

21. Transcript Registers should be forwarded immediately after numbers are given, agreeably to G. O. C. C. 30th May 1840, and the adjustment by abstract effected of any advances that have been made.

22. Individuals holding staff rank should be so noted in the rolls.

When allowed to men of the Veteran Battalions.

23. The gratuity can only be drawn once for individuals on transfer to a Native Veteran Battalion, consequently though Detachments from Head Quarters of these Battalions may be ordered to relieve outposts garrisoned by effective Troops, no further claim is admissible.

24. It may be drawn at the Head Quarters of the Battalion, or with the Detachment of the Battalion permanently posted to any station, according as the transfer of the individual may be—but the papers must always in the first instance come through, and be countersigned by the Officer Commanding the Battalion, as must those for Detachments of effective Troops.

When allowed to Detachments.

25. Detachments of Corps which are periodically relieved by Detachments of Corps, in the same Division, are only entitled to hutting money once, viz. with the Head Quarters of their Corps, or Detachment.

What men not to be included in the Rolls and Bills.

26. The allowance will not be included in the bills for men whose discharge, for any reason from the Service, or transfer to the Invalid or Pension Establishment, has been applied for previously to the arrival of the Corps at a new Station; and such men should have a corresponding remark entered opposite their names in the rolls—if however sanction for their discharge, or transfers, be not obtained, the allowance will be afterwards drawn on a separate bill as in para. 16.

The allowance drawn for Deserters to be refunded.

27. The allowance drawn for deserters will in all cases be refunded to the Paymaster of the Division or Force whose receipt will be forwarded to the Quarter Master General, accompanied by a nominal roll of such casualties; but men received by authority of the Commander in Chief from desertion, are allowed the gratuity, as though they were newly enlisted, provided it has not been previously granted.

28. The money drawn for men, whose discharge for misconduct may be ordered in the interval of forwarding the bill and receiving it sanctioned, should also be refunded.

If the claim be submitted after 12 months, how to act.

29. The claim of any individual submitted twelve months after it becomes due, cannot be allowed, without it be accompanied by a letter explanatory of the delay, on which the orders of Government will be taken, before the bill is passed,—when in cases of proved neglect the amount will be recovered from the pay of the Officer whose duty it was to have preferred the claim at the time it fell due.

Allowance when to be drawn on receipt.

30. In order that Troops entitled to hutting money on a change of station, may receive it as early as possible after arrival at their destination, Paymasters are authorized to advance upon the receipts, and on the responsibility of Troop or Company Commanding Officers, the sum certified by them to be that required for the purpose—the adjustment to be made immediately on the sanctioned bills being received from the Quarter Master General of the Army.

Can be appropriated for the payment of huts.

31. It will be discretionary with Commanding Officers to appropriate the amount received for hutting to the payment of the huts, or to distribute it among the men, according to circumstances.

Precautionary measures in forwarding passed Bills.

32. Officers of the Quarter Master General's Department will, before forwarding hutting bills and rolls, ascertain, as far as they are able, that they are prepared according to these rules; and on receiving back from the Quarter Master General passed, hutting bills, to return to Corps, they will be especially careful that in all cases the Officer to whom they are addressed returns (if not by post) by the same messenger who took the bills, an acknowledgment of their receipt. A deviation from this rule may have the consequence of subjecting the Officer forwarding bills, to the payment of the amount, in the event of the bills being lost, or falling into unauthorized hands, and by them drawn at the Pay Office.

Straits hutting money.

33. Troops serving in the Straits are entitled to hutting money, as regulated for stations in India.

34. The allowance is to be drawn on abstracts, supported by nominal rolls, which are to be dated on the day of disembarkation of the Corps, or Detachment at the station, and are required to accord in numerical strength with the Debarkation Return.

Formation of Lines.

35. The following rules will be observed by Officers in taking up ground for the formation of lines in permanent Cantonments for Native Corps of this Army.

36. The huts or lines shall run in streets at right angles with the front of the Corps, their gable ends being parallel to it, they shall be divided into wings, and each wing sub-divided into four rows of huts for Cavalry and six for Infantry.

37. The row of huts of the Native ranks on the flanks of each wing, shall be single; the remainder double.

38. The double rows of huts shall occupy a space of 60 feet, the single rows 30.

39. Each row shall be divided by a street 25 feet broad, each wing shall be divided by a street 50 feet broad, and a street of the same dimensions, namely 50 feet, shall run through the centre of the hutting ground, parallel to the front of the line, and equi-distant from the front and rear.

40. The space between the hutting ground and the bazar shall be 300 feet, which shall also run parallel to the front of the line.

41. The bazar shall consist of two rows, each row shall be 30 feet in breadth, and divided by a street 25 feet in breadth.

42. The space allowed for the hutting of each rank is as follows:

Subadar.....	30 by 40 feet.
Jemadar....	30 by 30 „
Farrier, Trumpet, Drum, Bugle, Fife Majors, Havildar Majors, Havildar and Darogah of Artillery..	30 by 20 „
Farrier, Trumpeter, Drummer, Bugler, Fifer, 2d Dresser, Naigue and Choudry of Artillery.....	30 by 16 „
Private, Puckally, Lascar, Doby, Barber and Driver of Artillery..	30 by 12 „

43. Native Commissioned and Non-Commissioned Officers will be equally distributed on the flanks of the sections of the lines.

44. Farriers and Trumpeters, Drummers, Fifers and Buglers are allowed a separate line of huts on one flank, or rear of the others.

Sale and transfer of mens huts.

45. The huts of a Corps directed to march, and for which no relief is ordered, should be disposed of in any way the men may wish.

46. At other than single stations, on the receipt of warning orders for a Corps to be in readiness to march, or to embark, on all occasions of ordinary relief—Officers Commanding will apply for the assembly of a Committee of valuation on the lines of the Regiment.

47. The Committee will be composed of 3 or 5 Native Officers of Corps in Garrison to be attended by the Quarter Master of the Corps about to march—and to be conducted by a Quarter Master of a Corps in Garrison.

48. At single stations where it would not be convenient on account of distance, or paucity of Officers—to assemble a Committee from another Station—the Committee will not assemble until the arrival of the relieving Corps; when it will be composed of Officers of each.

49. Should however a Corps be ordered to march previously to the arrival of the relieving Regiment, then a Committee of Officers of the Regiment must be sufficient for the purpose.

50. Each hut in the lines is at all times to be kept numbered in a conspicuous but sheltered place, commencing from the right of the Regiment, and so on to the last house in the lines of Troops or Companies. The huts of the bazar and Department, are to be numbered separately.

51. The value of each hut, as fixed by the Committee, will be recorded in Proceedings to be prepared in duplicate, agreeably to Form A.—one copy of which will be retained by the Officer Commanding the marching Corps—the other is to be given to the Officer Commanding the relieving Corps.

Price of huts.

52. The maximum price to be paid by relieving Corps for the various descriptions of huts, is as shewn in the following tabular statement. If any man therefore pleases to lay out, in improving or building a hut, more than is therein allowed for his rank, he must be made aware, that he will by right receive no more than the tabular value when quitting it, should it be valued at more by a Committee.

		Tiled Houses.	Flat roofed Houses.	Thatched Houses.
Subadar Major.....	Rs.	106	89	55
Subadar and Chief Guide.....	„	94	78	45
Jemadar and Head Guide....	„	62	54	31

Private, Gun Lascar, Private Guide, Driver of Artillery, Puckally, Bheastie, Regimental Lascar, Artificer, Bazarman and Peon....	„	18	15	9

53. Should such a length of time have elapsed, previously to the arrival of the relieving Regiment, as in the opinion of the Officer Commanding it (with reference to the effect of climate, and season, upon the huts) renders it but fair that a new Committee of valuation should assemble on them, he will apply for the sanction of the Officer Commanding the Division or Force; if allowed, it will be composed, as far as possible, as the first Committee.

54. Should the Officer Commanding the vacating Corps, to prevent loss to the men by any prolonged exposure or inevitable destruction of the huts by insects or weather, apply to have them sold by auction, it will rest with the Officer Commanding the Division or Force, to sanction, or refuse the application, as may seem to him for the good of the Service.

55. Every man drawing hutting money, and every registered bazar follower, arriving with the Corps, is to have a hut allotted him and to be paid for by him, whether subsequently permitted, or not, to live with a relative or friend.

56. Individuals not, on the strength of the Regiment, or entitled to hutting ground, cannot be allowed to occupy huts in the lines to the exclusion of Sepoys or other authorized parties, and none but bonâ fide followers of the Regiment are allowed to occupy huts in the bazar lines, so that, on the relief of a Regiment, the relieving Corps may have every hut in the lines, and the bazar placed at it's disposal.

57. In the event of the number of huts vacated being in excess of the wants of the relieving Corps, arriving entire; that is, having all its Troops or Companies present, and including men likely to join in a fortnight, a roll of the numbers and names of the owners of the surplus huts, should be immediately forwarded to the Officer Commanding the Corps, to which the huts belong, in order that he may have the earliest opportunity of taking measures for their advantageous disposal, according to the wishes of the men, before time, or neglect have damaged them—but when a Corps arrives by Wings or Detachments, and any length of time occurs between the arrival of each, the provision of para 53 may be applicable.

58. Vacating Corps will invariably leave a guard of sufficient strength, to protect the lines, until the arrival of the relieving Regiment.

59. When a man is allowed to dispose of his hut to a man of the relieving Regiment, under private arrangement, a remark to that effect is to be entered in the Proceedings of the Committee of valuation, in the column headed value.

60. The Officer Commanding the relieving Corps, will adopt immediate measures for the recovery of the value of the huts, by regular monthly instalments, commencing on the second issue of pay after arrival. The number of instalments are to be regulated by Commanding Officers.

61. It will be discretionary with Commanding Officers to appropriate the amount of hutting allowance to the payment for the huts, as circumstances may require.

62. No man should be permitted to leave the Corps, without making satisfactory arrangements for the payment of whatever balance on this account that may be due by him.

63. Commanding Officers will be held personally responsible for any loss that may accrue from the non-observance of these rules.

64. At Secunderabad, or Kamptee, it is to be understood that all valuation of huts are to be made in Company's Rupees—but when the huts are not immediately occupied, and they are therefore allowed to be sold by public auction, they will be put up for sale in the currency of the place—which fact should be previously notified.

65. Correspondence relating to hutting will be carried on direct between Corps.

66. Compensation for the loss of huts destroyed by fire, or other cause, is inadmissible.

67. When the lines of Corps are ordered to be moved to other ground, the huts should first be valued by a Committee, and afterwards sold by public auction, and a contingent bill for the difference between the valuation price, and the sum for which they were sold, submitted, through the proper channel, to the Quarter Master General, for the orders of Government.

68. On every occasion of a Madras Corps relieving a Bombay Regiment, at a Station in the latter Presidency; and where huts are received free of charge to the men, the same huts shall be preserved in the condition in which they were received, and transferred—by the one Corps to another, on relief, gratis: so as that when the lines are again to be occupied by Bombay Troops, they may be restored on similar terms.

No. 139 of 1852.—The Right Honorable the Governor in Council directs the publication of the following Despatch from the Honorable the Court of Directors, together with the Circular letter from the War Office therein mentioned.

Letter dated 2d June 1852, *No.* 44.

We transmit herewith three Copies of a Circular letter from the War Office No. 1118, dated the 10th May 1852, containing instructions for the punctual Notification to the Regimental Agents of the sums deposited with the Regimental Paymasters on account of the effects of deceased Soldiers of H. WAR OFFICE,
10*th May* 1852.

SIR,

Great inconvenience to the relatives of Soldiers serving in India, as well as to this Office, having arisen from the delay which occurs between the date when they receive notice from that country, of sums paid to the Regimental Paymaster for remittance home for their benefit, and the date when the same are paid to them in this country, I have the honor to acquaint you, that the only proper remedy appears to be, the strict enforcement of the Regulation contained in Articles 231 and 232 of the Explanatory Directions, wherein it is enjoined, that the Voucher, on a prescribed form, given to the Paymaster by the Soldier, shall be forwarded to the Regimental Agent; and that the Agent shall, on receipt of the Voucher, pay to the proper individual, the sum shewn therein to have been deposited with the Regimental Paymaster.

I have therefore to request, that you will give orders, that these Remittance Vouchers may be punctually sent by the Paymaster of the Regiment under your Command, to the Regimental Agent, by the Mail next dispatched after the money shall have been deposited in his hands.

The present instructions are to be understood, as in no respect affecting the arrangement prescribed by Articles 234 and 235 of the Explanatory Directions, whereby the Family Remittances are reported from the respective Presidencies, by means of Quarterly Rolls to the Court of Directors, and Quarterly Returns and receipts to this Department; and the amount is ultimately transferred by the Directors to the credit of the Paymaster General; but as the Agent will pay each Remittance immediately on receipt of the Voucher reporting the same, and strictly according to the particulars given therein, it will be necessary that the Voucher shall be correct and complete in every respect; and the Paymaster will be held responsible for any loss which may ensue from want of due care in this respect, or from any deviation from the orders which regulate the amount of these Remittances, and the manner of making them.

The Remittance Vouchers should be sent under cover to "the Secretary at War, War Office, London," having the words "Remittance Vouchers," and the number of the Regiment, and name of the Agent, at the left-hand corner of the cover.

I have the honor to be,
Sir,
Your obedient Servant,
WM. BERESFORD.

No. 451 of 1852.—1. The Most Noble the Governor General in Council is pleased, in modification of General Order, President in Council, No. 26, of the 11th January 1850, to direct that, from the 1st proximo, the price to be paid by Canteens in the Bengal Presidency for Rum shall be Company's Rupees 2–0–0 (two Rupees) per Gallon Old Wine Measure.

2. The difference between the above charge and the actual cost to Government of the Rum shall be credited to a general fund, from which a monthly allowance will be made to Canteens in proportion to the established strength of Corps.

3. An average rate will be fixed, computed from the amount of difference between the actual cost and the rate at which the Rum was issued to Canteens for five years prior to the year 1850.

4. The allowance thus granted to Canteens is to be laid out under such orders as His Excellency the Commander in Chief may deem necessary, solely in reducing the retail price of Malt Liquors.

4. The above standard of qualification will be subject to revision from time to time, according as the means of education may be increased.

5. Applications of Candidates are to be made to the Medical Board, by whom they will be submitted to Government—and examinations will be ordered in June or July of each year, according as vacancies may exist.

3rd Class.....14 „ „

8. The Students will for the first year of their studies be placed in the 1st class upon seven Rupees. Students who at the end of two years may not be found eligible for the 2nd class, or who, at the end of four years, may not be eligible for the 3rd class, will forfeit their stipends.

9. No Stipendiary Student will be permitted to remain in receipt of a stipend after the full period of five years; but should he then fail to pass the required examination, he will be permitted on the recommendation of the Examiners, to continue his attendance upon the classes for the further period of one year without stipend.

10. A Student who may fail at the termination of six years to qualify for the appointment of Native Surgeon, will be allowed the preference of entertainment in the Military Department, if recommended by the Examiners.

13. Candidates from the establishment of Dressers will be eligible for enrolment as Students in their order of seniority as First Dressers, if certified to be of good character, and possessed of sufficient professional and general knowledge to justify their admission. In the event of no First Dresser being found qualified, Second Dressers of not less than 10 years' service in that grade, may be recommended for admission to College.

14. Native Dressers are required to pass two Sessions at College previous to presenting themselves for final examination, during which time they will do duty at the General Hospital. This course shall not commence until the expiration of their tenth year of service as Second Dressers.

20. The Diploma of the College, with the title *Graduate of the Madras Medical College*, will be conferred upon such Candidate when he has passed the recognized examinations.

21. The Diploma of the College will be withdrawn from any Graduate, who shall by his misconduct bring disgrace or discredit upon the profession of Medicine.

Rules for Native Surgeons.

22. Native Surgeons are required to pass 3 Septennial examinations.

The 1st examination will be held on the expiration of their first period of 7 years' service—when Native Surgeons become entitled to the first increase of pay.

The 2nd examination will be held when they shall have completed the corresponding 2nd Septennial period; and the last examination, when they are about to enter upon their final term of service.

The Septennial examinations will be conducted by a Committee of Examiners appointed by the Medical Board, who will also indicate the nature and extent of the examinations.

23. It will be in the power of the Committee, in cases of culpable neglect of Medical study, to recommend to Government the postponement of the promotion of any Native Surgeon until such time as he shall be able to satisfy the Board, that his deficiencies have been made up, or if necessary, to recommend his removal from the grade of Native Surgeon.

No. 43.—In the directions of framing charges at page 444 of the General Regulations, the following paragraph will be substituted for para 4, Section V of part III of the orders connected with Judge Advocate General's Department, namely.

4th. In framing charges against a Soldier for insubordinate or improper language, the expressions which may have been used are to be set forth with as much specification as possible, with the addition of "or words to that effect." When disobedience of orders, or actual violence, or the offer of violence, is the principal offence, and the improper language only accessory to it, the language should not be separated from the act or acts which accompanied it, and made a separate charge; but foul or obscene language, if used at the same time with the acts of violence, need not, and therefore ought not, to be specified in the charge, nor, in the case of drunkenness, should the obscene language used by a man who has temporarily lost his reason be expressed in the charge, nor, being merely incidental to the drunkenness, should they be made the subject of a separate charge. In both cases the obscene language will naturally come out in evidence and may be treated by the Court as an aggravation of the offence charged.

to appear to them by a Report of our Procurator General that it was stated in a Memorial addressed to our said Commissioners by the East India Company that a Rebellion against the Government of the Punjab having broken out at Moultan in the East Indies in the month of April in the year of our Lord 1848, headed by the Dewan Moolraj: and the Seikh Sirdars having declared their inability to coerce the rebels, a Force composed of our Troops and of Troops of the East India Company, was employed for this purpose; that on the 22d day of January in the year of our Lord 1849 the fortified City of Moultan was taken by Storm by these Troops; that on the said 22d day of January in the said year of our Lord 1849 the Fort of Moultan, after a practicable breach had been made therein, surrendered to the said Troops; and that on the 8th day of February in the said year of our Lord 1849, the Fort of Chinioute also surrendered to them, and Booty was taken in the said fortified City and Forts consisting of Jewels and other property, the sale proceeds of which have been realized by the Prize Agents employed for collecting the Booty, or have been otherwise realized amounting to the sum of Rupees twelve lacs, forty-three thousand, five hundred and eleven, three annas and eleven pie, (12,43,511–3–11). That in addition certain Ordnance, and Ordnance Stores were taken in the said Fort of Moultan, the value of which according to the rates charged for such Articles at the said Company's Arsenal in Bengal is Rupees sixty-six thousand, four hundred and twelve, ten annas and eight pie, (66,412–10–8) making together a total of Rupees thirteen lacs, nine thousand, nine hundred and twenty-three, fourteen annas and seven pie, (13,09,923–14–7). That the Memorialists having taken into their consideration the services performed by the Forces serving in the Punjab in the late operations, including those engaged in the capture of Moultan, and the delay which would necessarily arise before a distribution could take place of any Booty which We might be graciously pleased to grant, they resolved on the 18th July in the said year of our Lord 1849 that the Officers and Soldiers of those Forces should at the earliest possible period receive a pecuniary reward of not less amount than six months' Batta, they therefore instructed the Government of India forthwith to pay to the Commander in Chief, the Generals and other Officers, Non-Commissioned Officers and Privates who served in the Punjab during the Campaign, a Donation equal to six months' full Batta, on the understanding that if thereafter any Booty which may have been captured in such Campaign should be made over to them, there should be deducted from any share of such Prize Money which might become payable to any individual a sum equivalent to the Batta paid to him under those instructions, unless such share should be of less value than that sum; in the latter case all that was to be repaid to the said Company's Treasury was to be the amount of the Prize Money however small it might be. The Memorialists therefore prayed that our said Commissioners would be pleased to recommend unto us to grant to them all such Booty and Plunder, Stores, Provisions, and things as were found in, or taken in the said operations against Moultan and Chinioute as to the one half part of the value thereof for the proper use of the Memorialists towards their expenses and as to the other half part thereof for the use of the Commanders, Officers and Men belonging to the Forces employed in the said operations after deducting the amount which they have already received as Donation of Batta as aforesaid and also to advise us to give such directions as to the appropriation and distribution of the said Booty and Plunder amongst the Forces as to Us shall seem fit and Whereas our said Commissioners have recommended to us to accede to the prayer of the said Memorial by granting the said Booty and Plunder in question in manner hereinafter mentioned, to which We are graciously pleased to condescend. We do hereby give and grant to the East India Company all such Booty and Plunder, Stores, Provisions and things as are herein before mentioned to have been taken at the City of Moultan, and at the Forts of Moultan and Chinioute, in trust as to one half part of the value thereof for the proper use of the said Company towards their expenses in the said operations, and as to the other half part thereof in trust for the use of the Commander in Chief, the Generals and other Officers, Non-Commissioned Officers and Privates who served in the Punjab during the said Campaign including those employed in the said operations after deducting the amount which they have severally received as Donation of Batta as aforesaid, to be distributed to and amongst them according to the usage of the Army in India, and We are graciously pleased to order and direct that in case any doubt shall arise in respect of the distribution of the moiety hereby granted as aforesaid, respecting any demand upon the said Captured Booty the same shall be determined by the said East India Company, or by such person or persons to whom they shall refer the same, which determination thereupon made shall with all convenient speed be notified in writing to the Commissioners of our Treasury; and the same shall be final and conclusive to all intents and purposes, unless within three months after the receipt thereof at the Office of the Commissioners of our Treasury, We shall be pleased otherwise to order. * * * * * * * * * * * * Hereby reserving to ourselves to make such order therein as to us shall seem fit.

Given at our Court at Balmoral this 26th day of September in the 15th year of our reign and in the year of our Lord 1851.

By Her Majesty's Command.

SECUNDERABAD, 2*d August* 1852.

Approved and confirmed.

HEAD QUARTERS: OOTACAMUND, 1*st September* 1852.

(Signed) R. ARMSTRONG, Lieutenant General,
Commander in Chief.

The Prisoner has been justly sentenced to suffer the extreme penalty of the Law, for the crime of which he has been convicted; and as that crime was committed under the malignant workings of a truly diabolical heart, without extenuation or excuse, it would in ordinary circumstances have been carried into effect. But the awful suspense in which the Prisoner has been kept during an imprisonment of sixteen months, alike torturing to body and mind, although unavoidable has its influence with me, together with some other considerations, to exercise the power vested in me by Law, and I therefore commute the sentence of death awarded against the Prisoner, Private Khader Khan, into imprisonment with hard labor and transportation for life. Whatever life may be to others, I feel it can be no boon to the Prisoner; followed by the detestation of his comrades and that of all good men, he will be placed beyond the means of doing further injury, and remain a wretched spectacle of a man deprived of liberty, working in fetters, away from all relatives and friends, dragging on an uncommiserated, hopeless and wearisome existence, until death releases him from his troubles.

(Signed) R. ARMSTRONG, Lieutenant General,
Commander in Chief.

The Prisoner is to be forwarded to the Gaol at Chingleput under an Escort, for the purpose of being delivered over to the Civil power.

The foregoing Extracts to be read to all Native Corps in the Madras Army.

8*th September* 1852.

At an European District Court Martial held at Saugor, on Thursday the 19th day of August 1852, William Wilson, Assistant Apothecary, attached to the 24th Regiment of Native Infantry, was arraigned on the following Charge, viz:

Charge.—For conduct to the prejudice of good order and Military discipline and unbecoming his position as a Warrant Officer in the following Instances:

First Instance.—In having at Saugor, on the night of the 11th of August 1852, committed an assault on Ramdoo, Sweeper, attached to the Hospital of the 24th Regiment Native Infantry, by striking him several severe blows with his fist, he (the Assistant Apotheeary) being then and there under the influence of liquor.

Second Instance.—In having at the same place, on the morning of the 12th of August 1852, been drunk and thereby rendered incapable of the performance of his duty.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in the defence is of opinion, that the Prisoner William Wilson, Assistant Apothecary attached to the 24th Regiment of Native Infantry, is

Guilty of the 1st Instance of the Charge.
Guilty of the 2d Instance of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, and having furthermore taken into consideration the proof of his one previous conviction and general character doth sentence him, the said William Wilson, Assistant Apothecary attached to the 24th Regiment Native Infantry, to be dismissed the Service.

SAUGOR, 20*th August* 1852.

Approved and confirmed.

HEAD QUARTERS: OOTACAMUND, 7*th September* 1852. (Signed) R. ARMSTRONG, Lieutenant General, *Commander in Chief.*

Assistant Apothecary William Wilson, is to be struck off the strength of the Army, from the date of the publication of the order at Saugor, which is to be reported to the Adjutant General of the Army.

9*th September* 1852.

At a Native General Court Martial held at Mhow, on Thursday the 19th day of August 1852, Appiah, Regimental Number 1321, Private in the E. Company of the 33d Regiment of Native Infantry, was arraigned on the following Charges, viz:

1*st Charge.*—For grossly insubordinate and insolent conduct in the following Instances.

First Instance.—In having at Mhow, on the 30th day of July 1852, with reference to the decision of a Court Martial, composed of European Officers of his (the Prisoner's) Regiment, on Charges arising out of a complaint made by him, regarding Havildar Ramapah of the same Company and Regiment; repeatedly said in a grossly insubordinate and mutinous manner, to Ensign James Limond Benwell, the Officer in charge of his (the Prisoner's) Company and to Lieutenant George Falconer Pearson, the Adjutant of the Regiment, that the Court Martial had not done him justice, and that he would have a Garrison Court Martial; and when warned by Lieutenant and Adjutant Pearson, that such language would render him (the Prisoner) liable to be tried himself, turned in a most insubordinate manner to that Officer and said "that is just what I want," and walked away repeating the same words.

Second Instance.—In having at the same place, on the 31st day of July and 2d day of August 1852, when taken before Major John Hutchings, Commanding his (the Prisoner's) Regiment, on the subject of the preceding Charge, continued, in a most insubordinate and mutinous manner, and in defiance of the cautions and expostulations of his Commanding Officer, to demand another Court Martial, declaring he had not had justice done him.

2*d Charge.*—For conduct to the prejudice of good order and Military discipline, in having at the same place on the 30th day of July 1852, said to Subadar Major Naal Sing of the same Regiment, that unless he procured satisfaction on Havildar Ramapah, he would kill himself, his Wife, his Brother-in-law and his Mother-in-law, meaning his own (the Prisoner's) Wife, Brother-in-law and Mother-in-law, thereby using threatening language to his superior Officer.

Finding.—The Court on the evidence before it, is of opinion, that the Prisoner Appiah, Regimental Number 1321, Private in the E. Company of the 33d Regiment of Native Infantry, is

Guilty of both Instances of the First Charge and of the preamble of the First Charge.

Guilty of the Second Charge.

Sentence.—The Court sentences the said Appiah, Regimental Number 1321, Private in the E. Company of the 33d Regiment of Native Infantry, to suffer a corporal punishment of fifty lashes, with a cat o'nine tails, on his bare back in the usual manner.

MHOW, 21*st August* 1852.

Confirmed; but although the conduct of the Prisoner is proved to have been grossly insubordinate and contumacious, yet under all the circumstances of the case and having due regard to the excitement occasioned by the insult offered to his Wife, I deem it my duty to commute the sentence of corporal punishment awarded, into three calendar months imprisonment without hard labor, the last fourteen days of each month being solitary.

HEAD QUARTERS: OOTACAMUND, 7*th September* 1852. (Signed) R. ARMSTRONG, Lieutenant General, *Commander in Chief.*

FORT ST. GEORGE, 7TH SEPTEMBER 1852.

No. 183 of 1852.—Under instructions from the Government of India, the Right Honorable the Governor in Council directs that the following Extract of a Military Letter from the Honorable the Court of Directors to the Governor General of India in Council, No. 14, dated the 1st of July, 1852, be published in General Orders.

Foreign Letter from the Governor General, dated 27th December 1851, No. 76.

Memorial from Captain Griffin, 25th Madras N. I., praying for a reconsideration of the Governor General's Order removing him from his appointment in the Nizam's Service, forwarded with the Governor General's remarks thereon.

† Dated 9th January 1837.

2. In consequence of instructions issued by us, the Governor General published a G. O.,* dated 25th June 1850, announcing that "every Officer removed from his Regiment on Staff or Civil, or other employment, who is subject to the rule laid down in the above mentioned General Order,† and who has not already passed the examination therein prescribed, or who shall not pass it within six months from the date of this Order, will be remanded to his Corps."

3. At the close of this period, viz. in January 1851, Captain Griffin, then employed in the Nizam's Service, was, with other Officers who had failed to pass the prescribed examination in Hindustani, very properly remanded to Regimental duty, and directed to rejoin his Regiment forthwith.

4. Captain Griffin having published Works in the Hindustani language appears to have considered himself entitled to overlook the Orders of Government which require that Officers shall pass the prescribed test in a prescribed manner—but Officers however well qualified if they fail to obey the orders of Government must take the consequences of their neglect.

5. Captain Griffin subsequently appeared before an Examining Committee, and was reported in G. O. dated 31st May 1851 to be qualified as an Interpreter in Hindustani.

6. We regret that the above circumstances should have given rise to a Memorial from Captain Griffin praying us to "issue instructions" for a reconsideration of an Order issued by the Governor General in the faithful performance of a duty imposed upon him by our instructions. You have already been informed‡ that the Order above referred to has our full approval. We now repeat our entire approbation of the course pursued by the Governor General, and leave the matter in his hands.

FORT ST. GEORGE, 21ST SEPTEMBER 1852.

No. 190 of 1852.—The following General Orders by the Most Noble the Governor General of India in Council, are published for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 1st September 1852.

No. 531 of 1852.—With reference to the 12th Article, Section XI, page 92 of the Pay and Audit Regulations of 1849, in which the following Clause occurs "with the addition herein granted gratis of firewood and salt" it is directed that the words "*and* **salt*" be omitted, that article not being issued gratuitously.

Fort William, 3d September 1852.

No. 535 of 1852.—The following paragraphs of a Military Letter, No. 88, from the Honorable the Court of Directors, to the Governor of the Presidency of Fort William in Bengal, dated 21st July 1852, are published for general information.

Letter dated 29th March 1852, *No.* 42.

Government request orders as to the time within which direct Cadets residing abroad should appear for examination and the time to be allowed for preparation for further examination in the case of failure at the first trial.

3. "We have to inform you in reply to this reference that a person who is nominated a direct Cadet when residing abroad should be required to appear before the Board of Examiners as soon as a Board can be convened for that purpose.

4. If he do not pass the prescribed test at the first examination he may appear before the Examiners at such subsequent time or times as may be arranged for that purpose by the Examiners with the approbation of Government, provided the Candidate has not attained the age after which he is disqualified by Law for admission to the Service.

5. Prior to the introduction of the system of examination of direct Cadets, those residing abroad when nominated by Us, were ranked with Cadets who left England in the same Ship with our Despatch notifying their appointment. This arrangement will be inapplicable in many cases under the new system, as much time will occasionally elapse after the arrival of their appointments before the Cadets so nominated will have passed their examinations. In such cases it will be necessary that the rank be altered so as to place individuals who are abroad on the same footing as those at home. Cadets passing their examinations in India are therefore only to rank with those who left England at such time as would have allowed of the despatch by the same opportunity of the letters of appointment.

6. A notification to this effect will be given in our lists of rank in each case of appointment of a person then abroad."

No. 536 of 1852.—The following paragraph of a Military Letter, No. 88, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 21st July 1852, is published for general information.

Letter dated 5th April 1852, *No.* 148.

Application from Sub Conductor P. Cooney to be allowed to reckon the time passed by himself and others as Officiating Sub Conductors as service in the Warrant grade, favorably recommended.

13. We concur with you in opinion that service as Officiating Warrant Officers is bonâ fide service in the Ordnance Department, and that Sub Conductor Cooney and others are therefore entitled by the Regulations to reckon as Service in the Warrant grade the period they served as Officiating Sub Conductors.

REMARKS BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

The result of the foregoing trials will serve to show to the Army at large the peril Soldiers incur when, in forgetfulness of their duty, they think to obtain redress for any real or imaginary grievance by refusing submission to authority; and fancy they can carry their point by engaging others to do the same. I have dealt as leniently as my duty permits with the offenders, feeling that most of them were not aware of the magnitude of the offence they were engaged in; and those only have been selected for punishment, who from length of service ought to have shown a better example to their younger comrades, or who were more audacious in their language and conduct than others. Soldiers well know they have a safe and easy mode of making known their grievances which will always meet with attention; and they have no excuse to resort to measures inconsistent with their duty and subversive of all discipline, as they have done in this instance, and brought upon themselves condign punishment.

(Signed) R. ARMSTRONG, Lieut. General, *Commander in Chief.*

The Prisoners to be made over to the Civil Power in order that their respective sentences may be carried into effect.

The foregoing Extracts to be read to all Native Corps in the Madras Army.

"15. It is a very important part of the duty of every Officer in the command of a Regiment, and of every Captain, or other Officer Commanding a Troop or Company, to take care that all articles are purchased for the Soldiers on the most advantageous terms and at ready money prices, and that they are delivered to the Men at prime cost, without any other extra charge than what on some occasions may unavoidably be incurred for Carriage. The Soldiers are to be permitted and encouraged to supply themselves with the ordered necessaries or such portion of them, as they can provide, care being taken that those so supplied are in accordance with the established patterns. When this mode of supply is adopted, of course no stoppage is to be made on account of such articles. Should a Soldier fail to provide himself with any article of established necessaries, the Officer Commanding his Troop or Company will procure it and make the requisite stoppage under the regulations of the Service.

No Non-Commissioned Officer or other person Regimentally employed, is to be allowed to be the vender of necessaries to the Soldiers."

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 24th September 1852.

No. 580 of 1852.—Under instructions from the Honorable the Court of Directors, communicated in paras. 14 to 16, of their Military Letter to the Governor of the Presidency of Fort William in Bengal, No. 123, dated 5th November 1851, the Most Noble the Governor General of India in Council, is pleased to abolish the rule by which a full Surgeon is appointed, as a matter of course to each Brigade or Battalion of Artillery.

2. In future no posting of a Surgeon to a Brigade or Battalion of Artillery shall be made at any of the Presidencies unless an adequate medical charge of that arm be available for him at a Station where Artillery are permanently located. Artillery thus assembled together must (to form an adequate medical charge for a Surgeon) consist substantially of two European or three Native Companies, or of one European and two Native Companies, or of the Head Quarters and a European Troop of a Brigade of Horse Artillery. Any smaller Detachment with or without the Head Quarters of a Brigade or Battalion of Artillery must form an extra charge of a Medical Officer already at the Station where it is located except in circumstances under which the Commander in Chief may, according to existing rules or usage nominate an Assistant Surgeon on the usual head money without staff salary to a Troop of Horse Artillery or to a light Field Battery and Company of Foot Artillery so situated.

3. When Artillery are employed on field service, one or more Surgeons may be attached at the discretion of the Commander in Chief with general reference when circumstances admit of it to the preceding rule.

4. But at an Army Station where the Artillery present does not exceed the strength of a Brigade or Battalion the Senior Surgeon should have medical charge of the whole of the Artillery there located whether Horse or Foot, the Assistant Surgeons attached to Troops and Companies doing duty under him

as in Regiments of European Infantry and if in course of the relief &c. the Head Quarters of a second Brigade or Battalion should be ordered to such Station a Surgeon will not be required to accompany them.

5. The Surgeons of Artillery drawing Staff salary under these rules, will as at present receive also head money for the European Artillery under their medical charge at the usual rate of (25) twenty-five per hundred Europeans per mensem.

6. The General Orders by the Commander in Chief, dated 21st September 1827 and 28th November 1842, which direct Medical Officers of Brigades and Battalions to retain separate charge of the men of the arm to which they belong are hereby cancelled and at all Stations where a Detachment of Artillery may be serving equivalent to the strength of a Wing as detailed in the margin* the Senior Assistant Surgeon serving with the Detachment in the absence of a Surgeon will be appointed to the medical charge of it, and draw the Staff salary for the Wing; any other Medical Officers attached doing duty under his orders.

* A Wing or its equivalent must consist of:
Two Troops of Horse Artillery (even at Madras) or two Companies of European Foot Artillery.
Or three Companies of Native Foot Artillery.
Or one Troop of Horse Artillery and one Company European Foot Artillery.
Or one Troop Horse Artillery or one European Company of Foot Artillery with two Native Companies of Foot Artillery.

The Governments of Fort Saint George and Bombay will issue the necessary instructions for arranging medical charges of Artillery in those Presidencies conformably to the rules now promulgated.

No. 58.—With the sanction of Government, the following instructions regarding Clothing the property of the State are published for the guidance of Officers.

G. O. G. 8th March 1842, No. 44.
G. O. C. C. 7th September 1843.
G. O. G. 3d October 1843, No. 152.
G. O. C. C. 30th December 1844, No. 101.
G. O. G. 25th July 1845, No. 143.
G. O. G. 24th February 1846, No. 46.

Cloaks issued to Light Infantry Regiments and Rifle Companies come under the same rules as are applicable to Great Coats issued to European Regiments.

Cloaks and Trowsers issued as Bounty Clothing to Troops proceeding on Foreign Service are considered the property of Government, the former for six years, and the latter for one year. Whenever any of these articles are lost or damaged prior to the expiration of the above periods, the principle of para 52, page 452 of the General Regulations, as corrected by G. O. C. C. 18th December 1849, No. 56, is to be made applicable to them, the articles lost or damaged being replaced as follows.

When no blame attaches to a Soldier for the loss or damage of his Cloak or Trowsers, a Cloak or pair of Trowsers which has been in use for the same period as that lost or damaged is to be issued to the party.

When blame attaches to a Soldier for the loss of his Cloak or Trowsers, he is to pay for it according to the period the article may have been in use, receiving in lieu another Cloak or pair of Trowsers which has been in use for a corresponding period. The sums recovered on this account are to be paid into the hands of the Paymaster of the Division in which the Regiment may be serving, on account of Government.

New Cloaks or Trowsers are not to be indented for on the Clothing Board unless when there may be no surplus in store, nor under any circumstances are lost or damaged Cloaks to be replaced after the expiration of the tour of foreign service for which they were issued.

The cases in which Clothing in wear as per margin can be replaced at the expense of the State are explained in G. O. G. 4th December 1849, No. 226, "Compensation for losses."

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN,

15TH NOVEMBER 1852.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 12TH NOVEMBER 1852.

No. 229 of 1852.—In publishing the following Despatch from the Honorable Court of Directors, and General Orders by the Most Noble the Governor General in Council announcing the death of His Grace Field Marshal the DUKE OF WELLINGTON; the Right Honorable the Governor in Council directs that the British Flag be lowered half mast high, and that 83 minute guns be fired at all the Military Stations in this Presidency.

We are desirous that your Government should publish in General Orders to the Army the General Order dated Horse Guards 22d Septr. 1852 of which a copy is enclosed expressive of the sentiments of Her Most Gracious Majesty the Queen on the receipt of the intelligence of the death of Field Marshal the DUKE OF WELLINGTON.

2. In the sentiments of deep grief expressed by the Queen at the irreparable loss thus sustained by Her Majesty and the country, the Government of India and the Forces maintained by the East India Company will most fully participate.

3. The mourning for this melancholy occasion to be worn by the Officers in the service of the East India Company and to be placed on the drum of Regiments and on the pike of the colour-staff of the Infantry and standard-staff and trumpets of Cavalry will correspond with that to be worn by H. M.'s Officers and to be placed on the drums, &c. of H. M.'s Army.

GENERAL ORDERS.

HORSE GUARDS,
22d September, 1852.

THE Adjutant General has received Her Majesty's most gracious commands to issue the following General Orders to the Army.

1. The Queen feels assured that the Army will participate in the deep grief with which Her Majesty has received the intelligence of the irreparable loss sustained by Herself and by the country, in the sudden death of Field Marshal, The Duke of Wellington.

In him, Her Majesty has to deplore a firm supporter of Her Throne—a faithful, wise, and devoted councillor—and a valued and honoured friend.

In him, the Army will lament the loss of a Commander-in-Chief, unequalled for the brilliancy, the magnitude, and the success of his military achievements; but hardly less distinguished for the indefatigable and earnest zeal with which, in time of peace, he laboured to maintain the efficiency, and promote the interests, of that Army which he had often led to victory.

The discipline which he exacted from others, as the main foundation of the military character, he sternly imposed upon himself; and The Queen desires to impress upon the Army, that the greatest Commander whom England ever saw, has left an example for the imitation of every soldier, in taking, as his guiding principle in every relation of life, an energetic and unhesitating obedience to the call of duty.

It is Her Majesty's command, that this General Order shall be inserted in the Order Books, and read at the head of every Regiment in Her Majesty's Service.

2. The Queen does not require that the Officers of the Army should wear any other mourning with their uniforms, on the present melancholy occasion, than black crape over the ornamental part of the cap, or hat—the sword-knot—and on the left arm—with the following exceptions, viz.—

Officers on duty are to wear black gloves, black crape over the ornamental part of the cap or hat,—the sword-knot,—and on the left arm,—the sash covered with black crape,—and a black crape scarf over the right shoulder.

The drums of regiments are to be covered with black, and black crape is to be hung from the pike of the colour-staff of Infantry, and from the standard-staff and trumpets of Cavalry.

---

3. The Queen has been most graciously pleased, under the present afflicting circumstances, to direct that Lieutenant General Viscount Hardinge, G. C. B., shall be placed on the Staff of Her Majesty's Army, and that all matters respecting Her Majesty's Military Service, which have heretofore been transacted by His Grace the late Commander-in-Chief, shall henceforth be performed by Lieutenant General Viscount Hardinge, G. C. B.

By HER MAJESTY'S Command,

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 29TH OCTOBER 1852.

WITH deep and heartfelt sorrow the Governor General of India in Council performs the duty of announcing to the Army of India the death of Field Marshal the DUKE OF WELLINGTON.

The Governor General in Council will not presume to pronounce his eulogy.

His splendid achievements—his exalted character—stand recorded for ever upon the page of history; and the pride of his fame lives, and will live to the last, in the hearts of all his Countrymen.

The Governor General in Council desires that as these sad tidings shall reach each Station of the Indian Army, the British Flag shall be lowered half-mast high, and eighty-three minute guns shall be fired: that thus the sounds of public mourning for a great man lost may be heard throughout all the borders of India, upon whose fields the DUKE OF WELLINGTON first commenced that glorious career which now, full of age and honor, he has closed without a stain.

Her Majesty having been pleased to order the Royal Army into full mourning on this melancholy occasion, the Governor General in Council directs that the East India Company's Forces shall assume mourning for the same period.

Officers are to wear black crape, over the ornamental part of the cap or hat, the sword-knot, and on the left arm. Black crape is to be hung from the pikes of the color-staffs of Infantry, and from the standards of Cavalry.

Offg. Secy. to the Govt. of India, in the Mily. Dept.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, 13*th November* 1852.

The following Extracts from the Proceedings of General Court Martial held at Bassein, for the trial of Gunner Daniel Miles, General Number 3768, in the D. Company of the 3d Battalion of Madras Artillery, are published for the information of the Army.

"At a General Court Martial held at Bassein, on Monday the 2d day of August 1852, Daniel Miles, General Number 3768, Gunner in the D. Company of the 3d Battalion of Madras Artillery, was arraigned on the following Charge; viz.

Charge.—For having in the British camp at Bassein, on the night of the 20th of June 1852, he being then and there, a Soldier serving with the British Army in the field, within the Territories of the kingdom of Burmah, unlawfully entered the house, in which a Burman named Kokine with his family, inhabitants of the town of Bassein, living under British protection, resided, and having then and there, unlawfully, feloniously and maliciously discharged into a room of the said house, in which some of the females of the said house, were assembled, the contents of a Carbine or other fire-arm, loaded with powder and ball, or some other hard substance, whereby Mama, the wife of the said Kokine, was severely wounded in the left cheek and lower jaw, *he* the said Daniel Miles, being aware that there were persons in the said room, at the time.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion, that the Prisoner Daniel Miles, General Number 3768, Gunner in the D. Company of the 3d Battalion of Madras Artillery, is

Guilty of the Charge.

Revised Sentence.—The Court having found the Prisoner Guilty as above stated, doth sentence him, the said Daniel Miles, General Number 3768, Gunner in the D. Company of the 3d Battalion of Madras Artillery, to suffer imprisonment with hard labour in Her Majesty's Gaol at Madras for the period of three years.

BASSEIN, *this 27th of September* 1852.

Approved and Confirmed.

HEAD QUARTERS: CAMP RANGOON, *27th October* 1852. (Signed) H. GODWIN, Major General, *Commanding the Forces.*

The Prisoner will be sent to Madras by the first opportunity."

23*d November* 1852.

At a General Court Martial held at Rangoon, on Saturday the 23d day of October 1852, Lieutenant John Christie of the 1st Madras Fusiliers, was arraigned on the following Charge; viz.

Charge.—For conduct highly unbecoming the character of an Officer, and to the prejudice of good order and Military discipline, in having in Camp at Rangoon, on the 20th day of September 1852, been drunk and thereby rendered himself unfit to superintend a funeral party, for which duty he had been duly warned.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence and the evidence in support thereof, is of opinion that the Prisoner Lieutenant John Christie of the 1st Madras Fusiliers, is

Not Guilty of the Charge.

CAMP RANGOON, *this 27th day of October* 1852.

Confirmed.

I have confirmed, but cannot approve the finding of the Court, as I am of opinion the evidence establishes the Charge beyond a doubt, for although it would have been better, had the Officer Commanding the Madras Fusiliers put some questions to Lieutenant Christie, before he sent him to his quarters; yet it is quite evident that he, as well as his second in command, were enabled to speak positively as to the state of the Prisoner from his appearance and demeanor; and their evidence is completely corroborated by that of the Adjutant of the Regiment; while the evidence on the defence is weak and inconclusive. It is only a consideration of the inconvenience and delay that would attend a revision of the Proceedings, that prevents my returning them for that purpose. Lieutenant Christie, has great cause to congratulate himself on the narrow escape he has had, and I advise him seriously, to reflect upon the position in which he has been placed, and to take care that his conduct shall be so regulated, as not to involve him in a similar predicament.

HEAD QUARTERS: FORT ST. GEORGE, *22d November* 1852. (Signed) R. ARMSTRONG, Lieut. General, *Commander in Chief.*

Lieutenant John Christie is to be released from arrest and to return to his duty.

At a Native General Court Martial held at Secunderabad, on Thursday the 2d day of September 1852, and continued by adjournment, Rajeegah *alias* Rajanah, Camp follower Secunderabad, was arraigned on the following Charge; viz.

Charge.—For wilful murder, in having near the village of Dooilpully, in the vicinity of Secunderabad, on the 24th of August 1852, unlawfully and of his malice aforethought, made an assault upon Ramasawmy, Camp follower of Secunderabad, and then and there, wilfully and of his malice aforethought, struck with a knife the said Ramasawmy in and upon the left side of the breast, and thereby inflicted a mortal wound, whereof he the said Ramasawmy died at the same place on the same day.

Revised Finding.—The Court having maturely weighed and reconsidered the evidence before it, as well

as the remarks contained in the letter from the Judge Advocate General of the Army, is of opinion that the Prisoner Rajeegah *alias* Rajanah, Camp follower Secunderabad, is

Guilty of as much of the Charge as amounts to Manslaughter.

Revised Sentence.—The Court sentences him the said Rajeegah *alias* Rajanah, Camp follower Secunderabad, to imprisonment with hard labor, for the period of seven (7) years.

SECUNDERABAD, 12*th November* 1852.

Confirmed.

Third Instance.—In having at Rangoon, on the 18th of September 1852, assembled or directed the assembly of the following men, all of the H. Company of the 19th Regiment of Native Infantry, in the Barracks of the A. Fifth Instance.—In having at the same place, mentioned in the fourth Instance of the Charge, and on the following day, namely, the 19th of September 1852, exerted himself to induce Jemadar Abdool Hoossain of the same Company, to keep the matter secret, and having failed to do so, made use of opprobrious and unbecoming language towards the said Jemadar.

Finding.—The Court on the evidence before it, is of opinion, that the Prisoner Chittumbrum, Subadar in the H. Company of the 19th Regiment of Native Infantry, is

Guilty of the 1st Instance of the Charge.
Guilty of the 2d Instance of the Charge—the Court find that the period extended from the 29th of January to the 19th of September.
Guilty of the 3d Instance of the Charge.
Guilty of the 4th Instance of the Charge.
Guilty of the 5th Instance of the Charge.
Guilty of the Preamble to the Charge.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, 31*st December* 1852.

No. 71.—The Commander in Chief directs that the following instructions be attended to regarding European and Native Soldiers considered unfit for further service.

2. As a general rule Men unfit for further service are to be retained on the strength of Corps until the Annual Inspection, when they are to be submitted to the Inspecting Officer prior to their being brought for examination before Medical Invaliding Committees.

3. Men who may become totally unfit for the performance of their duty during the interval between the *Annual* Inspections, may from time to time be submitted to the local authorities where their Corps are serving, and may be brought before *Special* Invaliding and Pensioning Committees under para 40, G. O. C. C. 1st November 1845, No. 65. This rule is to be considered applicable to Men of Corps on Service in the Straits, or under circumstances which may prevent their being Annually Inspected.

4. Commanding and Medical Officers of Corps will be careful in bringing forward such Men only as from their physical state or other causes may be actually unfit for further service and the Inspecting Officer will reject such cases as he may consider to have been brought forward on insufficient grounds: directing the remaining Men to be examined by Medical Invaliding Committees without previous reference to Army Head Quarters.

5. Particular attention is required to para 41, G. O. C. C. 1st November 1845, No. 65.

6. The Commander in Chief calls the special attention of Inspecting and Commanding Officers to the inexpediency of removing from the strength of Regiments *old* Soldiers not physically unfit for further service. His Excellency apprehends that the practice of getting rid of such Men, merely to introduce a younger and smarter class of Soldiers, is too much in fashion with certain Commanding Officers. This system of ridding the Service of the very Men best fitted for it, besides injuring the efficiency of the Army, adds unnecessarily to the expence of the Pension Establishment.

7. Medical Invaliding Committees and Military Committees of Appeal should also be very particular in not passing as unfit any Man who may be capable of performing further duty. Except in the case of very old Soldiers obviously disqualified for further service and others regarding whose permanent unfitness from other causes no doubt can be entertained, all men considered unfit, should be reported "unfit for Field but fit for Garrison duty" in order to their capability for further service being fully tested in the Veterans prior to final transfer to the Pension Establishment.

8. Under this regulation the practice of periodically assembling *General* Medical and Invaliding Committees will be discontinued and para 39, G. O. C. C. 1st November 1845, No. 65, is to be considered as cancelled.

9. The particular attention of Medical Invaliding and Military Committees of appeal, is to be called by the convening authority to the provisions of this order—a copy of which is to be laid before them—to which end extra copies will be furnished to Divisions and Forces by the Adjutant General's Department.

By order of His Excellency the Commander in Chief.

R. GORDON,
Acting Adjutant General of the Army.

The Ammunition boxes of the Limbers, and Waggons of the S. B. pattern and A. S. C. pattern are exactly alike, and the number of boxes and quantity of Ammunition and Allotment of Stores carried will be alike for all of the same calibre. The Ammunition boxes of the G. O. G. 1842 Bengal pattern will be alike in number and construction externally.

The Ammunition boxes of the S. B. pattern and A. S. C. Waggons are fixed on in the same way and can be changed from one pattern to the other.

The Ammunition boxes of the S. B. pattern and A. S. C. pattern Carriage and Waggon Limbers, and the boxes of the G. O. G. 1842 Bengal pattern, Colonel Cullen's and B. T. O. pattern Carriage Limbers are alike in every respect externally and internally according to the calibres, and are all placed alike to enable the men to sit with their faces towards the Horses.

alike, and those of the S. B. pattern and G. O. G. 1842 Bengal pattern are alike in principle and shape.

The bodies of the Axles and the dimensions of the spokes, felloes, &c. will still differ in all four patterns.

G. 1842 Bengal pattern the boxes are placed lengthways (that is the length of the boxes parallel with the Axletree) on the frame of the Waggon and in the other two breadthways.

The Ammunition boxes of the G. O. G. 1842 Bengal pattern Waggon Limber will remain as placed when constructed, that is the men to sit inwards facing each other.

The Ammunition boxes of Col. Cullen's pattern Waggons and Limbers are quite different from the other patterns both internally and externally, and will fit none of them, being the same as they were formerly, no alterations being made in the Waggons to receive the other pattern boxes.

The length of the pole for C. C. pattern and B. T. O. pattern Limbers from outer edge of the splinter bar to the point of the pole will be the same, viz. 90 inches, but the remainder portion of the pole from the outer edge of the splinter bar to where it meets the short perch will vary according to the length of the short perch.

MILITARY BOARD'S CIRCULAR ORDER.

No. VIII of 30th April 1852.

ORDNANCE DEPARTMENT.

The Military Board having decided on effecting a reduction of the number of Returns, Vouchers, &c. usually forwarded from Ordnance Officers, direct that from the 30th April 1852, all Returns, Lists, Reports, &c. other than those hereinafter mentioned, be discontinued and the Half Yearly Return of Stores and the three following Monthly papers be regularly and carefully transmitted, the very greatest care and attention being bestowed on them to insure accuracy, and from the great diminution of labor the Military Board expect the most satisfactory results.

FORM A.—This document will exhibit (alphabetically arranged however) only the transactions that have taken place during the month, supported by the necessary Vouchers, without which no entry will be admitted—E. G. see printed form — thus the sanctioned Indents, the Lists of Stores received from Arsenals, the Material Reports, the Monthly Report, &c. will be the Vouchers which accompany this Monthly List and each separate Indent and entry in the Material Report and Monthly Report will have a separate number as hereafter described: these will therefore be in fact the Journals of the Monthly List and which Ordnance Officers will thus be saved the trouble of copying.

The Vouchers to be numbered as follows:—

First, all Indents or simple Receipts will be numbered from 1 upwards, then each head in the Material Report and each entry from the Monthly Report, and lastly each entry in the List of Stores received from Arsenals, only one consecutive set of numbers are to be used as Voucher Nos. during one Month, and the No. to be put in conspicuously in red ink; great care should be taken that the nomenclature of the Articles in the Vouchers agree with the entries made in the Lists of Receipts, Issues and Remains, particularizing the descriptions and gradations of size on all occasions, whether of Receipts or Issues, vide Military Board's Circular No. XV of 15th April 1851.

FORM B.—Material Report will specify distinctly and separately the Materials and Workmen employed in making up each Article, giving the salaries of the latter according to their class, and will be forwarded with A of the same month as a Voucher in support of the transactions, any discrepancies discovered after examination being treated as an Audit.

FORM C.—Monthly Report of Articles received from Corps and Departments—It is to be understood that this report will not exhibit the serviceable Articles received from Arsenals or made up in the Department, as the very circumstance of their being received as Serviceable by the Ordnance Officer is a sufficient authority for their being brought on the Lists of Receipts, Issues and Remains, the Repairable and Unserviceable Articles will be brought on with the Commissaries remarks on their condition and recommendation for their disposal; who will bring them on his List of Receipts and Issues accordingly, pending the instructions of the Board, which will be communicated by returning the Monthly Report with their orders on each item as at present, and these orders will be numbered by the Ordnance Officer and the Report attached a second time as a Voucher to the Return.

The Accounts of Arsenals and Departments to be kept as heretofore, particularly the Ledger which should be carefully attended to.

A List of Forms for the guidance of Ordnance Officers will be forwarded.

By order,

A. H. HOPE, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXIV of 19th October 1852.

ORDNANCE DEPARTMENT.

The Military Board particularly request that Ordnance Officers when shipping Stores or other Articles liable to be damaged by Rain or by Sea water, will have such Articles well covered over and protected by Tarpaulins, and in landing Sores, care should always be taken to put a few Tarpaulins on board the Boats employed to land the Articles.

By order,

A. H. HOPE, *Acting Secretary.*

Madras:—Printed by J. SMITH *at the Military Board Press.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXV of 17th December 1852.

ORDNANCE DEPARTMENT.

The Military Board publish for general information and guidance the undermentioned instructions to be observed in the examination of BLACK LEATHER ACCOUTREMENTS.

I. Each article to be examined separately; the leather—flesh side outermost—should be soft, pliable, and smooth, without any appearance of sponginess, and free from scars from the knife: the sewing in all cases, to be with Europe twine.

II. The Chape and Ferrule, of at least one Scabbard out of every hundred received, should be stripped off for the purpose of ascertaining whether a sufficient hold has been taken of the leather, in stitching the *seam*: a most essential point to be attended to, in this article.

III. The leather underneath the Chape should be slightly sloped off instead of being cut away to form a shoulder.

IV. The point or small end of the Scabbard, should be a good depth within the Ferrule—flesh side of the leather to be outermost.

V. All Black Leather Accoutrements should be occasionally well rubbed with mutton fat while in Store.

By order,

A. H. HOPE, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXVI of 17th December 1852.

INDENT DEPARTMENT

The Military Board publish for general information the following resumé of the orders relative to Indents and request a careful and strict attention thereto on the part of both Indenting and Supplying Officers.

1. The following *Rules* for the transmission of all communications to the Military Board, and for receiving and issuing such Stores as come within their cognizance, are published for general information and guidance.

2. The Secretary to the Military Board being the only official channel of communication with the Board, all letters, &c. shall be addressed to him, and a direct address to the "Military Board" or the "President and Members of the Military Board," which has occasionally been adopted, is prohibited.

3. Officers Commanding Divisions, Stations, Corps or Detachments, having occasion to correspond with the Military Board, are prohibited from addressing that Office by means of the Staff Officers attached to their respective commands, but shall themselves address the Secretary of the Military Board.

4. The recognized mode of obtaining supplies, is, by Indent sanctioned by the proper authorities, viz. the Military Board in all ordinary cases, and Officers Commanding Stations, Forces or Divisions, in cases of emergency.

5. An Indent is only a statement in a regulated form, of the quantity and quality of Stores applied for, and cannot therefore be considered in itself a voucher of the quantity issued; but when receipted it will be acknowledged as such, on the examination of accounts; the receipt being intended to certify the actual issue of the Stores.

6. Indents are *Periodical*, *Occasional*, *Ordinary*, and *Extraordinary* or *Emergent*.

7. Periodical Indents are annual, half yearly, quarterly and monthly. Annual Indents being for the official year, viz. for the period extending from the 1st May to the 30th April ensuing; half-yearly Indents for the periods between 1st May and 31st October, and 1st November and 30th April ensuing; and quarterly Indents for the periods between 1st May and 31st July, 1st August and 31st October, 1st November and 31st January, and 1st February and 30th April ensuing.

8. Occasional Indents are those made at indefinite periods according to the exigencies of the Service.

9. Ordinary Indents are those passed by the Military Board before the Supplies are issued.

10. Extraordinary or emergent Indents are those complied with under the authority of Officers Commanding Divisions, Forces and Stations, without previous reference for sanc-

tion to the Military Board. The indenting Officer, and Officer countersigning the Indent being held jointly responsible for the correctness of these Indents, until duly passed by the Military Board.

11. All out-Station Indents may, when the delay consequent on a reference to the Military Board would be prejudicial to the public Service, be passed by Officers Commanding Divisions, Forces or Stations (on their own responsibility) "on emergency": their own signature being affixed to the original and all the copies of Indent, underneath the words "to be supplied on emergency": and the earliest intimation of such issues, with their reasons for authorizing them, shall, with copies of the Indents, be transmitted to the Military Board by the sanctioning Officers.

12. All Indents for articles of any fixed allotment in accordance with the Regulations of the Service from Corps and Departments, shall be disposed of as "emergent;" and when countersigned by the Commanding Officer of the Station, shall be at once complied with by local Ordnance or Commissariat Officers, the copies of the Indents being forwarded to the Military Board.

13. All Indents on Departments at the Presidency (excepting those for Camp Equipage) shall, before being complied with, be submitted for sanction to the Military Board.

14. Indents of Corps composing the Garrison of Fort St. George, shall be transmitted to the Military Board direct.

15. All Indents will, when submitted to the Military Board either before or after being complied with, be confirmed, modified or rejected, as may be deemed most expedient for the public Service.

16. Supplies of blank Indents (printed or lithographed) of different forms and sizes adapted to the varying nature of demands, and as full and complete as the different services and purposes will admit of, will be furnished by the Military Board to Ordnance Officers for issue at certain fixed but moderate rates, in order to facilitate the preparation of Indents; those for the Artillery being furnished at Artillery Head Quarters.

17. Officers shall never on their own authority, either receive or issue any other article in lieu of those for which an Indent has been sanctioned, but in all cases when Stores cannot be supplied by the Department indented on, the matter shall be referred to the controlling authority: to the Military Board if the Indent be "ordinary," and to the sanctioning Officer if it be "emergent."

18. Officers shall under no circumstances either receive or pay money, in lieu of articles for which an Indent has been sanctioned; and any deviation from this rule will be considered as disobedience of orders, and as a disqualification on the part of both the supplying and receiving Officers, for holding any appointment in the Service.

19. All Indents may before being transmitted to the Military Board, be referred to the Ordnance Officer of the Division, Force or Station, who from his experience will be of use in correcting and checking them; the initials of the Ordnance Officers being after this examination affixed to the Indent, with such remarks as may be necessary.

20. Supplying Officers complying with emergent Indents, shall be responsible for checking them, in so far as to ascertain by calculation that the quantities demanded correspond with the Regulations; and should the Indents contain any demands opposed to or not allowed in the Regulations, supplying Officers shall, in order to prevent responsibility attaching to themselves, point out the objections and irregularity to the sanctioning Officer before issuing the supplies: but if then still directed by the sanctioning Officer to comply, they must make the issue, the responsibility then devolving solely on that Officer.

21. Supplying Officers complying with Indents to which objection may exist either as regards form, date, or quantity, quality, and nature of the Stores demanded, without having referred the subject to the sanctioning Authority, will be held responsible for the same.

22. Ordinary Indents on the Ordnance Departments shall be prepared in duplicate, and similar Indents on the Commissariat (requiring to be passed by the Military Board) in Triplicate.

23. Emergent Indents on the Ordnance Departments shall be prepared in Triplicate, and similar Indents on the Commissariat in Quadruplicate.

24. Indents for supplies of Military Stores from the Presidency Arsenal to out-Station Arsenals, Garrisons, Cantonments and Stations, or from one Arsenal to another, shall be prepared in Triplicate; and transmitted to the Military Board.

25. Ordinary Indents on the Stationery Department shall be prepared in original only.

26. All Indents for Stores of which the allotment is liable to vary with the numerical strength of the Corps or Detachment, and with the number and description of Ordnance, Arms, Ammunition Waggons, Carriage, Carts, Fire Engines, Lathes, Machines, Tools, &c. shall shew under the column of "Establishment," the numerical strength according to ranks, the number and description of each of the above articles, and furnish any other information requisite to enable the Military Board to check the issues.

27. All Indents for articles of which there is no established allotment, shall be accompanied by a Certificate of the necessity of the demand; but in the case of Indents for articles of which the established proportions are laid down, such Certificate is not required.

28. All Indents containing demands for articles to be supplied, exchanged, or repaired, shall distinguish the articles into "deliveries," "exchanges," and "repairs."

29. All Indents containing demands that require such explanation or notice as cannot be entered under the columns of "Remarks," "Cause of deficiency," or "For what purpose required"—as well as all emergent Indents (excepting those for periodical and other supplies specially authorized to be passed on emergency)—must be accompanied by an explanatory letter; but correspondence would be greatly lessened, much trouble obviated, and references diminished, by indenting Officers stating as fully as possible in the Indent, (under the proper columns,) the causes of deficiency, the purpose for which required, the date and nature of the order under which the Stores are drawn, and generally any information which may aid the Board in deciding on the propriety of the demand; invariably referring to the orders of the Military Board, or Commander-in-Chief, or Government, when such exist, and only quoting Division or Cantonment orders, when superior orders cannot be found.

30. Indents for articles to replace deficiencies, shall specify the time that the deficient articles have been in use; and a Certificate (signed by the Quarter Master or Officer in charge, and countersigned by the Officer Commanding the Corps, Station, and Force or Division,) declaring whether the deficiency was occasioned by neglect or accident and whether on Service or otherwise, shall be attached at the foot.

31. Indents for exchange of articles that have become unserviceable or repairable, shall specify the time the articles have been in use, and the following Certificate (signed by the Quarter Master or Officer in charge, and countersigned by the Officer Commanding the Corps, Station, and Force or Division,) shall be attached at the foot if circumstances permit; but if the articles have been in use less than the prescribed period, or if their unserviceable state be attributable to causes not provided for in the Certificate, a full explanation of the same must be added.

("CERTIFICATE")—"I certify that the articles requiring to be exchanged, were to the "best of my knowledge, and as far as I could learn on enquiry, damaged not wantonly, but "through unforeseen and unavoidable accident, or 'on actual Service,' or 'whilst in use for "the public Service'—as the case may be."

32. All Indents of Her Majesty's Regiments and all branches of the Army of Fort St. George, whether Cavalry, Artillery, Sappers or Infantry, for Arms, Accoutrements, Stores, Petty Stores, Target Materials, Ammunition and Stores for Annual Practice and Field Service, Artificer's Tools, &c. shall be made out in the prescribed form; and shall be checked, passed, and complied with in the same uniform manner; with the exception of Indents for articles provided by contract by Colonels of Her Majesty's Regiments, which shall only be complied with in cases of absolute necessity; and then Officers Commanding shall submit a separate Indent for these articles to the Military Board who are authorized to sanction the issue of the Appointments, &c. on payment of their value, which will be noted on the face of the Indent in the Military Board Office; but the carriage of articles thus supplied will not be chargeable to Government.

33. Indents for articles on payment should be accompanied by the amount cost of the articles, as stated on the face of the Indent.

34. Indents to replace articles of a Soldier's Equipment, lost, destroyed, become unserviceable, or injured, either wantonly, through neglect, or by accident, shall, if the Soldier be in consequence brought to a Court Martial, bear on the face the award of the Court, and whether to be paid for or not; and shall be forwarded to the Military Board for sanction through the usual channel of Divisions, Forces and Stations. If the Soldier, instead of being brought

to a Court Martial, be brought before a Court of Enquiry, such Indents shall be transmitted (accompanied by the Proceedings of the Court,) to the Adjutant General of the Army, by whom the Indent will be forwarded (without the Proceedings of the Court) to the Military Board for sanction: with an endorsement by him as to whether the articles are "to be paid for" or "not to be paid for."

35. Indents for articles lost on service shall be accompanied by the Proceedings of a Court of Enquiry.

36. Indents from Her Majesty's Regiments for package of the Arms of men "Sick," "Absent," "wanting to complete," &c. shall be made out according to form, and shall be accompanied by a list of the Arms for men wanting to complete the Establishment; and the Arms shall be disposed of under the orders of the Officer sanctioning the Indent, as it is not intended that Arms be carried at the public expense, except where it may be for the convenience of the Service.

37. All Corps or Detachments when ordered to march, or marching from Station to Station, shall Indent upon the nearest Depôt for package of Arms and Accoutrements of men "wanting to complete" the Regimental Establishment; of those "Absent on Leave," "Sick Absent," and of such "Sick Present" as are certified by the Medical Officer in charge to be unable to carry their own Arms, &c.; and this Certificate must be attached to the Indent, which shall be passed by Officers Commanding Stations on "emergency," and by them forwarded direct to the Military Board; and if not sufficient to fill a case, the Ordnance Officer will supply the package that may appear to be necessary.

38. All Indents for carriage for Military Stores (excepting those for the carriage of Arms and Accoutrements packages, which are calculated numerically) shall afford full and specific information as to the size and gross weight of the several packages, and the nature of the contents. Indents of this description shall be accompanied by a list of the Stores, except when Stores are supplied under Indents authorized by the Military Board; and in such cases a reference to the Indent in which the Stores were authorized, will be made in the Indent for carriage.

39. When Arms, Accoutrements, Ammunition or Stores, are returned into Arsenals, either Officers Commanding Corps and Detachments, or Regimental Quarter Masters shall personally deliver them over to the Ordnance Officer in charge, who shall immediately cause them to be examined; and state in the receipt granted, the precise condition in which they are received.

40. Indenting Officers shall if possible, attend personally to receive Stores supplied on Indent; but when prevented by sufficient cause, they shall invariably send the Indent (under cover and sealed) to the supplying Officer, and furnish the person thus sent in their place with a written and signed memorandum, authorizing the supplying Officer to deliver to the party named the articles sanctioned; but should the supplying Officer deem the attendance of the indenting Officer or a European Officer necessary, (as in the case of the delivery of large supplies,) he will make the same known to the Regiment, Department or indenting Officer, and if necessary to the Officer Commanding.

41. When Stores are prepared for delivery, the Commanding Officer or Head of the Department, shall ascertain that they are in all respects serviceable and fit for the Service, rejecting such as are otherwise. If any difference of opinion should arise respecting the quality or quantity of Stores under delivery, or the state of articles to be exchanged or repaired, supplying Officers at the Presidency shall submit the point to the Military Board for orders, and at out-Stations to the Officer Commanding the Station; who will if necessary order the assembly of a Committee to examine the articles, and if either party be then still dissatisfied, the report of the Committee shall be forwarded to the Military Board, whose decision on the point will be final. But if after receiving Stores without having made objections to them when under delivery, the Commanding Officer or Head of the Department should complain of any or all of them as unfit for Service, or if they should be found to be so without sufficient reason being assigned, the responsibility of this neglect of duty will in both cases rest with the receiving Officers.

42. Should circumstances, or the description and extent of supplies, or the nature of the service, render it necessary or convenient to comply with an Indent by successive issues instead of the whole supply being furnished at once—as in the case of the annual allowance of Ammunition for Drill and Exercise, and of extensive supplies by the Commissariat

to an Ordnance Department—a progressive delivery may be made; separate receipts being given by the receiving Officer on each delivery, for the Stores thus supplied.

43. Departments and Corps receiving supplies from the Commissariat daily or occasionally, and giving a general Indent for the month, shall send in the Indent before the third day of the succeeding month.

44. When the Indent is fully complied with, it shall be receipted on the back, viz., "*Contents received as shewn within.*"

45. All receipts for Stores supplied shall be signed by the receiving Officer, and countersigned by the Officer Commanding, or Head of Department.

46. Indents shall under no circumstances be receipted *in full*, until all the Stores indented for, are delivered.

47. Supplying Officers when prevented by the emergencies of the public Service or the sudden march of Detachments, from obtaining from indenting Officers regular receipts for Stores issued, or from otherwise complying with established Regulations, shall forthwith report the same, in order that such measures as may appear most suitable may be taken.

48. In order to obviate the necessity of returning Indents in consequence of their being inaccurately drawn up, the following instructions shall be strictly attended to, and all Indents found deficient in any of the requisites below stated, will be forthwith returned to the indenting Officer for correction.

All Indents of every description are to

Be made out according to Form under the authority and responsibility of the Officer requiring the supplies, and to be signed by him and countersigned by the Head of the Corps or Department.
Be drawn up on paper of the size of at least a quarter sheet of foolscap, or larger if necessary.
Shew in the heading, the Department indented on.
Specify the indenting Corps or Department, immediately above the heading.
Be correctly docketted; the docketting being the same as the heading.
Be numbered consecutively by each Corps or Department, separately; the series being re-commenced at the beginning of each Official Year.
Have the Number of the Indent placed above the heading, in the same line with the name of the indenting Corps or Department.
Be endorsed across the heading and docketting, "Original" "Duplicate" "Triplicate" "Quadruplicate" as the case may be.
Specify clearly the particular purpose for which each article is required.
Designate Stores required from Ordnance Departments, according to the Ordnance nomenclature; adhering strictly to the alphabetical arrangement and classification laid down.
Be receipted by the receiving Officer immediately after the delivery of the whole of the Stores.
Shew the articles and quantities remaining in Store and in use, and the established allotment; or if there be no allotment, the annual expenditure drawn from a 5 years' average.
Shew the period that the Stores to be replaced or exchanged have been in use.
Be referred to the Ordnance Officer of the Division, Force or Station, for examination.
Have the date and number which has been affixed to them in the Military Board Office, quoted in any subsequent correspondence.
Be forwarded to the Military Board by the last countersigning Officer; who will transmit with the Indent any explanation that may be necessary.

51. One of the copies of Indents transmitted to the Military Board, will, when passed, be returned through the channel by which it was received, and become, in the case of the ordinary Indents the authority for making the supply, and in the case of emergent Indents the voucher of the supplying Officer for writing the articles off the Books, or in support of the charges incurred for the supplies made.

52. As the Native servants of the Commissariat Department at out-Stations, cannot be supposed to be so well acquainted with the Regulations as the Officers who may have occasion to present emergent Indents; and as the public Service might suffer by delay if these Indents were to be previously referred for examination, it is directed that when countersigned by the Officer Commanding the Station, they shall be immediately complied with on the spot; it being clearly understood that the indenting Officer and collaterally the Commanding Officer, will in such cases be responsible for the expense of any unauthorized Equipments, supplied on their requisition.
