CIRCULAR No. 1130.

WAR OFFICE,
25th September 1852.

SIR,

I have the honor to acquaint you, that having had under review the duties and responsi-
1,51,551 bilities of Regimental Paymasters, and the security furnished by them to the Crown as pre-
2 scribed in the War Office Explanatory Directions, I deem it right to call your attention to the established principle that the Paymaster, in the proper line of his duty as such, is not more liable than any other Regimental Officer to take any charge or management of any Funds which are purely Regimental, and placed by Regulation wholly under the control and responsibility of the Commanding Officer, and consequently that the Paymaster's Security to the Crown cannot be made available to meet any deficiency occurring in any such Fund when entrusted to his care.

Such being the case, I further consider it right to urge on your attention, as an indispensable Rule, that whenever the Paymaster does take charge of any such Funds, or of any Monies whatever other than those which in his capacity as Paymaster he is bound to administer, his accounts of such Funds or Monies must be kept perfectly distinct and separate from the accounts of Money which passes into his hands as a Public Accountant, and that he must not be suffered to mingle in the same accounts any entries of private or purely Regimental transactions with the entries of his receipts and expenditure for the Public.

In stating to you this Rule, I have to request that you will take care that it shall be invariably followed in the Regiment under your Command.

I have the honor to be, Sir,
Your obedient Servant,
WM. BERESFORD.

On arrival in England they are to be made over to the proper authorities for re-issue to outward bound detachments.

Chloride of zinc, or chloride of lime, 20 lbs. for every 100 tons, admeasurement of the vessel, are to be provided by the Master or Agents.

2. A Non-Commissioned Officer on board each Ship will be appointed Hospital Serjeant, and for this duty he will receive an extra allowance of 4*d.* per diem.

3. Orderly men will be told off in the proportion of one for every ten men sick and requiring attendance, or one for every five bed-ridden cases—these orderly men will each receive an extra allowance of 4*d.* per diem.

4. It will be the duty of Officers proceeding in charge of invalids and time-expired soldiers, to satisfy themselves before embarkation, that the men are in possession of their Indian bedding and other necessaries, and to adopt measures for ensuring their being taken on board ship.

By due precaution on this head, the expenditure of what is shipped as reserve bedding will seldom be necessary.

M.'s Service serving in India, and for the Hon'ble Company's Service, are, on the arrival of Detachments at the Indian ports of destination, to be made over to the Commissariat Department, for the purpose of being kept in store to meet the requirements of troops returning to Europe.

2. The blankets issued in England to European Recruits, will continue the property of the men, and Officers of Detachments will be held responsible that they are not made away with.

3. This regulation is applicable to the three Presidencies.

FORT ST. GEORGE, 21st JANUARY 1853.

No. 18 of 1853.—The Right Honorable the Governor in Council is pleased to publish the following Regulations for Tent Lascars, which will form a Section of the forthcoming Revised Regulations for the Quarter Master General's Department.

TENT LASCARS.

Establishment.

1. The fixed establishment of Tent Lascars consists of 11 Syrangs, 16 First Tindals, 65 Second Tindals and 1300 Lascars. In the latter grade are included 52 Lance Tindals, being at the rate of one to every 25 Lascars.

2. The establishment is under the general charge and direction of the Quarter Master General of the Army, in whose Office a General Register (Form No. 1), a Register of Heirs, a Defaulters' Book, and a Book containing Testimonials of Character, shall be kept.

3. The general distribution of Tent Lascars rests with the Quarter Master General. Under his orders they are enlisted, allotted to Divisions and Forces, and transferred as may be required from one Division to another.

4. The Officer of the Quarter Master General's Department in Divisions and Forces has the general supervision of Lascars attached to the Division or Force. Under the authority of the Officer Commanding, he allots them to Corps or Departments in the Division; and when not employed in the Arsenal, on duties connected with the repair of Camp Equipage, he disposes of their services in any way most conducive to the public good.

5. Commissaries of Ordnance, Quarter Masters of Corps or other Officers in charge of Camp Equipage, to which Lascars are attached, have the immediate charge of Tent Lascars. Every thing therefore connected with their interior economy, not otherwise provided for in this Section, rests with them to attend to. All applications for transfer, all complaints of a serious nature, &c. &c. should invariably be made through the Commissary of Ordnance, or other Officer as above, to the Staff of the Quarter Master General's Department in the Division, and if necessary by him to Head Quarters.

Enlistment.

6. The enlistment of Tent Lascars shall be made by the Commissary of Ordnance, or other Officer in immediate charge, under instructions from the Quarter Master General.

7. No man shall be considered finally enlisted, until the receipt at the Station of his printed Description Roll, from the Quarter Master General's Office.

8. Every Candidate previously to being enlisted, is to be examined by a Medical Officer as to his fitness, he must be able bodied—and his age not less than 18 nor above 25 years. A Roll (vide Form No. 2) of such Candidates to be forwarded to Head Quarters when required.

9. Every individual on eslistment will be provided with a printed Description Roll (Form No. 3.)

Promotions.

10. All promotions are made by the Quarter Master General.

11. Recommendation Rolls for promotion (vide Form No. 4) when called for, are to be prepared by Officers in immediate charge, and transmitted through Officers of the Department in Divisions to the Quarter Master General for Registry.

Wounds and Injury Pension.

17. The rates of Pension for Wounds received in Action with an Enemy or in an insurrection, and for injuries sustained in the execution of any public duty are laid down in G. O. G. No. 108 of 1852.

18. Whenever a Lascar is allowed the benefit of former service to entitle him to pension, the circumstances connected with his case should be stated in submitting his claim.

Pension for Heirs

19. The Heirs of Tent Lascars are entitled to pensions agreeably to G. O. G. No. 187 of 1848; excepting the Heirs of those Lascars who may die from sickness, accident, or disease, the result of their own imprudence and unconnected with the climate, or service: excepting also, such as may have committed suicide not being insane at the time.

20. In the month of January of each year Committees will be ordered to assemble for the purpose of taking a Register of Heirs (vide Form No. 5) of Lascars not previously recorded, or for Registering any Heirs whom Lascars may be desirous of nominating instead of individuals selected at any former time or place. The Proceedings when closed to be forwarded to Head Quarters through the Staff of the Quarter Master General's Department in Divisions or Forces.

Estates of deceased Lascars.

21. The death of a Tent Lascar shall be immediately reported to the Quarter Master General and the deceased's Description Roll enclosed. An immediate adjustment of his accounts shall also be made.

22. The Effects of the deceased will be made over to his Registered Heir if present.

23. When the Heir is not present it will be the duty of the Officer in charge to cause a correct inventory of the property to be made in duplicate. The property is to be sold by public auction. The amount when realized, is to be lodged in the Pay Office, and a transfer receipt obtained and transmitted to the Officer in charge of Lascars at the station where the Heir has been ascertained to be residing. The latter Officer will then adjust the accounts.

24. But should no Heir be forthcoming the Pay Master's receipt is to be forwarded to the Secretary to Government Military Department, a report of the circumstance being at the same time made to the Quarter Master General of the Army, by the Officer in charge at the station where the Lascar died.

Sick Lascars.

25. Tent Lascars taken sick should immediately be sent to Hospital under charge, when practicable, of a Tindal; who should attend daily at the Hospital at 7 A. M. to receive the man on recovery.

26. Men who shall be proved to have concealed disease, or who, from intemperance or other irregularities, are disabled from the due performance of their duties, are liable to punishment.

27. A man feigning sickness and pronounced by the Surgeon to be a malingerer, shall be punished agreeably to the Articles of War. Insane Lascars come under the same Rules as are provided for Insane Native Troops.

Letters of Lascars.

28. Tent Lascars are entitled to have their letters franked under existing Regulations.

Punishment.

29. Tent Lascars are subject to trial and punishment by the Sentence of a Court Martial, at the discretion of the Officer Commanding the Station or Corps to which they are attached—a copy of the Crime and Sentence of such Court Martial is however to be transmitted to the Quarter Master General, for the information of the Commander in Chief.

30. Tent Lascars are subject to such of the minor punishments awardable to Native Troops as may be deemed applicable.

Discharge.

31. Lascars shall not be discharged from the Service, excepting by authority from Head Quarters, or by the Sentence of a Court Martial duly confirmed.

32. The discharge Certificate is to be prepared by the Officer in immediate charge, and transmitted for the confirmation of Army Head Quarters through Division Staff.

Desertion.

33. Whenever a Tent Lascar may desert, immediate intimation of the circumstance is to be made by the Officer of the Department in the Division or Force, to adjacent Divisions. The information will be accompanied by a Description Roll of the individual—a similar report is also to be made to Army Head Quarters.

34. Section 8 of General Regulations relating to Deserters is generally applicable to Tent Lascars with the exception that applications are made to the Quarter Master General instead of to the Adjutant General of the Army.

Furlough.

35. Furlough to Tent Lascars will be granted on the application of Officers in immediate charge to the Staff of the Quarter Master General's Department in the Division.

36. Each man proceeding on furlough is to be provided with a separate Passport and Pay certificate.

37. Extension of furlough is never to be granted by Officers, except under very urgent circumstances, and the same must be reported to the Officer of the Quarter Master General's Department in the Division to which the individual may belong.

Batta.

38. Travelling Batta is not allowed to Lascars proceeding on furlough or for men removed at their own request from one Station to another.

Muster and Monthly Returns.

39. Tent Lascars are to be mustered on the 1st of each month by the Officer in immediate charge.—The return he is required to make to the Officer of the Quarter Master General's Department in Divisions and Forces should be of Form No. 6. From these several returns the Officer of the Quarter Master General's Department will make a General return of a similar form for the whole Division or Force, and transmit the same to Head Quarters. The men should be entered in the Muster roll consecutively accord-

ing to their general numbers. The muster referred to in this para is intended solely to afford monthly information of the *distribution* of Lascars, and is not intended to interfere in any way with the other musters taken in connection with the pay department.

Command.

40. A Nominal roll of all Tent Lascars proceeding on command, out of the Division, shall be transmitted by the Quarter Master General of Divisions or Forces to the Quarter Master General of the Army, who will in reply apprize him how the Lascars are to be disposed of.

Transfer.

41. On the transfer of Tent Lascars the Officer of the Quarter Master General's Department shall transmit to the Officer of that Department in the Division to which they are transferred, Register rolls, Pay and Clothing certificates, together with any other documents which may be necessary for the adjustment of their accounts: likewise extract from Defaulters' Book, if any entry has been made. In the Nominal rolls of Lascars to be transferred or otherwise disposed of, which is forwarded to the Head Quarters' Office, the character of the Lascar should be expressed in a separate column, under one or other of the following terms

Unexceptionable,
Good,
Indifferent,
Bad,
Very bad.

Duties.

42. The first duty of Tent Lascars in Garrison is the repair of the Camp Equipage to which they are attached. When these repairs have been completed, such portion of the Lascars as can be spared from ordinary Arsenal duties, are available for employment in Divisions on duties connected with public buildings, the construction and repair of roads in Cantonments, or on such other duties as may be authorized by the Officer Commanding the Division or Station. A monthly report of their employment is to be forwarded to the Quarter Master General of the Army, vide Form No. 7. Batta or working money, will not be granted for the performance of these duties. Lascars are therefore not to be employed on them for a longer period than 8 hours a day.

Flag Lascars to Officers Commanding regular Divisions.

43. Officers Commanding Regular Divisions of the Army on occasions of actually taking the Field only, are each allowed four Tent Lascars for the purpose of carrying and pitching their distinguishing flags.

44. When Tent Lascars are not available for the above duty, the same is to be certified by the Staff Officer of the Quarter Master General's Department with the Division, and 4 Lascars are to be supplied for the purpose, on Indent, by the Commissariat Department.

Applications and Complaints.

45. Whenever a man has an application to make or a complaint to prefer, he shall take an opportunity, when not on duty to mention it, in the first instance to the Syrang or Tindal who will accompany him to the European Officer, in order that he may state verbally his request or grievance; when the case is to be immediately enquired into, disposed of, or reported to superior authority as may be deemed requisite.

46. When a Lascar may be on furlough, or otherwise absent from the Station to which he is attached, and has a complaint or request to prefer, he must address in person, the Commissary of Ordnance, or Officer in charge of Lascars (if any) at the Station, who will act as if the man were under his orders, forwarding when necessary, a report on the subject to the Quarter Master General of the Army.

Written Petitions

47. Written Petitions will not be received, except from pensioned Lascars and Individuals having claims on Government, either on their own account or on account of services rendered to the State by deceased relatives.

Correspondence.

48. All correspondence with Army Head Quarters relating to Tent Lascars is to be forwarded by Officers in immediate charge through Officers of the Quarter Master General's Department in Divisions or where there is no such Officer through the Station Staff, to the Quarter Master General of the Army.

49. Correspondence relating to Pay and Accounts of Tent Lascars is to be forwarded by the Officer in immediate charge, direct to any other Officer in charge of Tent Lascars.

Clothing.

50. Tent Lascars are entitled to a Cloth Jacket annually and when proceeding on Foreign Service to a Cloth Cloak subject to the rules of Bounty Clothing.

51. On the 1st January in each year Officers in charge of Tent Lascars will transmit to the Staff Officer of the Quarter Master General's Department in the Division or Force, a statement of the actual number of Syrangs, Tindals and Lascars who are entitled to clothing for the past year, as they stood on their Returns on the 31st December; as also a Memorandum, Form No. 8, shewing what unclaimed clothing there is remaining in Store, if any, and its state.

52. From the above documents the Staff Officer of the Division will prepare a General Statement for the Quarter Master General of the Army, Form No. 9.

53. On receipt of the abovementioned Statement the Quarter Master General of the Army will prepare a General Statement (Form No. 10) of the actual strength of Tent Lascars at the several Stations of the Army as they stood on the 31st December, together with a return, Form No. 11 of the intended distribution of the Clothing and transmit the same to the Clothing Board.

54. On the receipt at out Stations of Clothing from the Contractor it is to be surveyed; to ascertain that the Clothing has received no damage on the road, and that the quantity is correct, it is then to be immediately issued to all Lascars present entitled to the same; their acquittance taken, and Rolls, Form No. 12 forwarded without delay, to Army Head Quarters accompanied by a distribution statement of the Form No. 13.

Amended Distribution Rolls of Clothing.

55. Officers of the Quarter Master General's Department in Divisions will in addition to the Distribution Rolls which are required to be forwarded with the Annual Indent for Clothing, forward Amended Distribution Rolls to the Quarter Master General in all cases of alterations taking place in the Stations and strength of Detachments of Lascars prior to the receipt of the Clothing at the different Stations, in order that the Clothing may be despatched by the Contractor direct to the Lascars.

56. Cases will sometimes occur wherein Amended Distribution Rolls could not have reached the Clothing Board in sufficient time to admit of the Clothing being sent direct to Lascars removed from one Station to another, and in such cases *only* will the Government sanction its transport at the public expense.

57. In forwarding for the sanction of Government, Indents for the conveyence of Clothing to Lascars removed from one Station to another, the Officers of the Quarter Master General's Department in

Divisions and Forces are required to state that the provisions of paras 15 and 16 of G. O. C. C. No. 62, dated 3d November 1852, have been duly attended to. The Indents should be forwarded to the Quarter Master General of the Army for submission to Government.

58. Officers are held responsible for the safe keeping of all unclaimed Clothing in their charge. On the distribution of Clothing at a Station where there may be any in Store, the latter, if serviceable is to be issued first; thus none will continue longer in Store than a twelvemonth.

59. Should a Lascar be absent from his Station at the time of the distribution of Clothing, his claim must be adjusted immediately after his return, from the unclaimed Clothing, if any, remaining in Stores. Should there be none, it must be reported to the Staff of the Quarter Master General's Department in the Division, who will take steps to have it supplied from another Station within the Division.

60. Should there be no Clothing remaining in any of the Stations within his Division, the circumstance should be reported to the Quarter Master General who will order it to be supplied from elsewhere. The same course should be pursued in the case of a Lascar being transferred from another Division where his claim to Clothing had not been settled.

61. Acquittance Rolls and Supplementary Distribution Statements are te be forwarded on the 1st of each month to the Division Staff Officer, in support of such issues, for transmission to the Quarter Master General's Office, until the whole Clothing of the year has been issued.

62. When the claim of an individual is not duly supported by a certificate, reference should be made to the Quarter Master General's Office to ascertain the correctness of the claim.

63. The Clothing when received at the several Stations within the range of each Division, is not considered the property of any individual Tent Lascar who may have been present on the 31st December and who prior to the arrival of the Clothing has been removed to some other Division, but the property of men actually present at the Station at the time: provided the claimants hold certificates shewing that Clothing is due to them for the year, signed by the proper authorities of the Station from which they may have been transferred.

Compensation. 64. Should there be no Clothing remaining at a Station where Tent Lascars, having claims, are about to be pensioned or discharged, the same must be timely reported to the Quarter Master General, who will order it to be supplied from elsewhere—but should there be no available Clothing at any of the Stations of the Army, Bills for compensation will then be ordered to be transmitted for the sanction of the Clothing Board.

Forfeiture of Clothing. 65. It is to be clearly understood that no claim to Clothing will be attended to if the applicant fail to advance it within a year from the date of its becoming due.

No. 37 of 1853.—The following Despatch from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 151, dated 10th November 1852, is published for general information:

Military Department.

No. 151 of 1852.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. We concur in the opinion expressed in this Despatch, that the Command exercised by the Commandant of the Artillery, is in the nature of a Brigade or Divisional Command. We have in consequence, resolved that the Command of the Artillery shall be held hereafter on the same terms as Brigades or Divisional Commands, *viz.*, for five years only, provided, as in the case of Brigadiers, the Officer holding the Command has succeeded to the benefits of the Off-reckoning Fund, and subject also to the general condition as applicable to Commanders of Divisions and Brigades, that if on any particular occasion, you should be of opinion that the continued service of any Commandant is indispensable to the public interests, you may continue him in the Com-

Reply to Letter, dated 16th July 1852, No. 125.

The Command of the Bengal Artillery vacant by the nomination of Brigadier Shaw, to the Divisional Staff, conferred on Brigadier Gowan, C. B. The Commander-in-Chief in recommending this appointment, observed that Colonel Powney, an Officer regimentally senior to Brigadier Gowan, may soon be expected from England; and suggested that the appointment of Commandant of Artillery may be so conferred upon Brigadier Gowan as to ensure his permanent tenure of the Command. Government notice the precedents applicable to this question and advert particularly to the hardship which attends the displacement from what is virtually a Divisional Command of Brigadier Gowan and others, similarly circumstanced by the return of an Officer from England.

mand until our decision thereon is made known to you. Upon every such occasion you will furnish us with the requisite information, with the least possible delay.

2. Officers who have served their tour of Command under this Regulation and who are succeeded by a junior Officer, will be eligible to remain in India as Colonels or Lieutenant-Colonels unemployed, until selected for Divisional Commands. If succeeded by a senior Officer, they may revert to their regimental duties.

3. The Brigadier Commandant of Artillery, like Brigadiers on the Staff, will not be liable to be displaced from his Command by the arrival of a senior Officer from Europe.

4. The above rule will come into effect at the three Presidencies in the manner prescribed, when the appointment of Brigadier was limited to a tour of five years' service, *viz.*:

Military Letter to Bengal, dated 5th April 1837, published as G. G. O. No. 154, dated 31st July 1837.

"This regulation is not to be applied retrospectively to the period "which Brigadiers may have served as such, prior to its announcement "in General Orders, but we are of opinion, that for every two years "which they may then have served as Brigadiers, they should be con- "sidered as having served one year towards the completion of their tour under the new regulation."

We are, &c.,

and twelve other Directors.

FORT ST. GEORGE, 15TH FEBRUARY 1853.

No. 33 of 1853.—The Right Honorable the Governor in Council is pleased to approve of the following rules relative to the supply of Malt Liquors to Canteens of European Regiments through the Commissariat Department, and to the price at which Rum or Arrack is to be sold hereafter.

1st. Ale and Porter will be imported from England and kept under charge of the Commissariat Department at the risk of the State, for issue to Canteens of European Corps in the Madras Presidency.

2d. Commanding Officers of Regiments will furnish Commissariat Officers of Divisions annually on the 1st May with Statements of the probable number of hogsheads of Ale and Porter that will be required for their Canteens during the following year. Copies of these Statements are to be sent by the Commissariat Officers of Divisions to the Commissary General without delay for transmission to the Home Authorities.

3d. On the arrival of Malt Liquor at Madras, it will be surveyed by a Committee composed of the Deputy Commissary General as President and the Officers of the Canteen Committee of the Regiment in Fort Saint George, and a Medical Officer from the Garrison as Members. The Ale and Porter landed at other Stations will be carefully surveyed by competent Committees assembled by order of the Officers Commanding.

4th. Commanding Officers will indent on the Executive Commissariat Officer monthly for the number of hogsheads of Ale and Porter that will be required for the following month's expenditure. The quantity so required is to be examined on the 1st of the month, and the casks are to be filled up in the Commissariat Stores in presence of, and after approval by competent persons, to be deputed by the Com-

manding Officer for that purpose; after which, the liquor is to be removed and is to be at the risk of the Regiment taking it.

5th. The Ale and Porter will be issued to Canteens at all Stations at one uniform price, this will be determined by the Government on receiving the report of the Commissary General relative to the Contract rate at which the supply is landed in India, the average actual cost of Freight and Inland Transport to the several Stations, and the sum to be appropriated towards cheapening the liquor for the Soldier from the Fund alluded to in para 11th of these orders.

6th. Arrangements are not yet matured for supplying Canteens with bottled Ale and Porter, but rules on this head will be issued hereafter.

7th. On occasion of any Regiment or Detachment quitting Cantonments, the Commissariat will receive back into Store casks which have not been opened or broached.

8th. Commanding Officers of Regiments and Detachments under orders to march, are to give previous intimation to the Commissariat Department of the quantity of Ale and Porter that will be required on the road.

9th. The liquors so supplied on the line of march will be charged for at the rate of 40 per cent in advance of the usual price, or Commanding Officers may procure at the usual price as much Ale and Porter as they may require at the several Stations through which they pass and make their own arrangements for conveying it at the expense of the Canteen Fund.

10th. It will rest with His Excellency the Commander in Chief to place from time to time any reasonable limit on the quantity of Malt liquor to be allowed daily to each man.

11th. From the 1st May 1853, Rum or Arrack will be sold to Canteens at 2 Rupees per gallon old wine measure. The difference between that rate and the rate at which it was purchased by Government, calculated on an average of the five years previous to 1850, will form a Fund from which such portion as may be considered necessary by Government will be appropriated to cheapening the Malt liquor for the European Soldier. The price of Rum or Arrack will be (in assimilation of the rate obtaining in the Bengal Presidency) Rupees 2-8-0 per gallon or 1 anna per dram to the Soldier.

12th. When Detachments may be without Canteens, and whenever it may be necessary for the Commissariat to issue Rum or Arrack, the rate of payment shall be as above stated—1 anna per dram, or Rupees 2-8-0 per gallon.

13th. The Commissary General will report to Government the actual cost per hogshead, including carriage, &c. to different Stations, of the Ale and Porter of each year's consignment, and also the amount of Funds available for cheapening the Malt liquor, and will submit for the consideration and order of Government, the amount considered advisable to appropriate for that purpose, and the rate at which the Porter or Ale should be retailed to the Soldier.

14th. All communications regarding the supply of Ale and Porter to the Troops are to be made direct to the Commissariat Department of the Division or Station, and all applications requiring a reference to Government, will be submitted through the Commissariat Officer of the Division and Commissary General.

Paras 1 & 2, G. O. G. 20th April 1841, No. 73.

3. Indents are to be prepared strictly according to the Forms annexed, (vide Nos. 1 and 2) but Indents requiring the sanction of the Military Board, though passing through the Quarter Master General's Office, are to be made out in the form prescribed by the Board. Form of Indents.

4. In all cases when Officers of the Quarter Master General's Department shall find it necessary to prepare Indents bearing their own signature, the signatures of the Officers Commanding Detachments, Corps, Stations or Divisions are unnecessary; though in the case of Indents so prepared by the Staff of the Quarter Master General's Department in Divisions and Forces, the sanction of the Quarter Master General is still needed. When Indents are made out by Officers of the Qr. Mr. Genl.'s Dept., what course to be pursued.

In preparing an Indent, what points are to be observed.

5. In all Indents the particular use for which an article may be required should be clearly expressed. Officers generally, but particularly those on detached Commands, should never affix their names to any Indent merely on the assurance of another, that the Indent is customary. They should previously fully satisfy themselves that the articles to be indented for are actually required for the public service, and are in the proportion sanctioned by Regulations—and it is to be distinctly understood that an Officer countersigning an Indent is held responsible for its correctness.

Duplicate Indents allowed only on emergent occasions.

6. In all possible cases, Indents should be made out in such time as will enable them to be forwarded to Head Quarters, passed and returned, previously to the date that the supply is required. In such cases, duplicates are unnecessary: but when time does not admit of this arrangement, duplicates are to be forwarded for the sanction of the Quarter Master General. The Indents are then to be superscribed "Emergent."

Indents by whom to be signed, and how to be forwarded to Head Quarters for sanction.

7. All Indents will bear the signature of the Indenting Officer, of the Officer Commanding the Corps (if at Head Quarters,) and of the Officer Commanding the Station; the Indents are then to be transmitted for examination direct to the Staff Officer of the Quarter Master General's Department in the Division or Force serving therein; and if satisfied that they have been framed in strict accordance with Regulations, and are supported by the requisite vouchers, he will countersign them. The same day that he forwards the originals to the supplying Officers, he will transmit the duplicates with a Register (agreeably to Form No. 3) to the Office of the Quarter Master General of the Army for final sanction.

Original Indents sufficient authority for making a supply; until receipt of passed duplicate.

8. When supplies are not made on passed Indents, Original Indents will be sufficient authority for making the supply: but the duplicate when sanctioned by the signature of the Quarter Master General's Office, will be returned for the purpose of being delivered to the Officer making the supply, and will then be the proper voucher for that supply.

Indents when allowed to be forwarded direct to Head Quarters by the Indenting Officer.

9. On occasions of emergency at Stations or posts, when delay would be injurious to the public service, Indents may be complied with under the authority of the Officer Commanding there; but the duplicate is to be *immediately* transmitted for final sanction as above directed.

Course to be followed when supplies exceeding the regulated proportions are required on Indent.

10. Whenever cases occur which render it necessary to supply Camp Equipage or Sick Carriage exceeding the established proportions, and time admits of the proper channel being observed, the Indent will either be countersigned by the Commandant of the Division or Force, who will endorse it with the word "Extraordinary," or, by the Staff Officer of the Quarter Master General's Department serving under his orders, with the words "*By order* of the Officer Commanding the Division."

Responsibility on whom devolving on such occasions.

11. Should however the absence of the Officer Commanding the Division, or other cause, render it impossible to procure his order for the above purpose, the authority of the Commandant of the Station will be sufficient to sanction the supply: and the responsibility which in the former case attached to the exercise of discretionary power by the Commandant of the Division, will in the latter case rest with the Commandant of the Station, until the Indent shall have received the final sanction of Government, or the Commander in Chief, as the case may be: but by whomsoever provisionally sanctioned, explanation should be addressed by letter to the Quarter Master General of the Army, for the information of His Excellency the Commander in Chief, and if necessary, for transmission to Government.

Date of countersignature to be affixed to each Indent.

12. All Officers countersigning Indents are to affix the date of their doing so—*and as they are held responsible that no delay takes place, such date shall be considered that of the despatch of the documents from the Office or Department of the signing Officer.*

What articles to be indented for on the Ordnance Dept., and what on the Commissariat.

13. Tents, Sick Carts, Doolies, Muncheils and Lascars, required agreeably to the proportions established by Regulations, for the use of a Corps or Detachment should be included *in one Indent* on the Ordnance or other Officer in charge of Camp Equipage; and Public Cattle, Bearers and Carriage generally on the Commissariat Department, in another.

Indents for Intrenching Tools, &c. when passed by the Military Board, & when by Qr. Mr. General.

14. Indents for Intrenching Tools and other Stores (according to an allotment fixed by the Quarter Master General) designed merely to maintain the regulated allotment to Corps in a serviceable condition, should be forwarded for sanction *direct* to the Military Board and such Stores may be included with other Stores in other Indents and not in separate Indents as hitherto—but Intrenching Tools &c. for the Equipment of Detachments of Corps, and which it is not possible to supply out of Regimental Stores, should be included as above in the Indent for Camp Equipage &c.

Sick Carts and Tents not to be indented for as "complete."
Indenting Officer responsible that every article is received & returned into Store complete.

FORT ST. GEORGE, 18TH MARCH 1853.

No. 58 of 1853.—The Right Honorable the Governor in Council directs the publication of the following Despatches from the Honorable the Court of Directors, together with the Circular Letters from the War Office therein mentioned.

Letter dated 19th January 1853, No. 1.

We transmit herewith three Copies of a Circular letter from the War Office, No. 1,136 dated 16th December 1852, allowing Officers of H. M.'s Service to participate in the advantages afforded by Barrack Libraries.

CIRCULAR No. 1,136. WAR OFFICE.
16th December 1852.

SIR,

50,120 / 23 / 13 The question of allowing Officers to participate in the advantages afforded by the Barrack Libraries having been brought under my consideration, I have much satisfaction in acquainting you, with reference to the Circular from this Department of the 6th May 1845, that the General Commanding in Chief has concurred with me in the propriety of extending to Officers of the Army the privilege which has hitherto been withheld from them in this respect.

These Institutions were originally established for the sole use of Non-Commissioned Officers and Soldiers, and I should have hesitated therefore to entertain this proposition, had I considered that it would interfere with the means of amusement and instruction specially designed for them during their leisure hours; but I feel confident, that with the great additions which have been made of late years to the contents of the Libraries, and under proper regulations, the extension of the privilege proposed to Officers may prove advantageous, by extending the interest taken in, and the utility of these establishments, without inconveniently or injuriously interfering with the use the Soldiers make of them at present.

It will be necessary however, to guard against such a possibility arising out of the unnecessary detention of Books by Officers, and I have to request that special instructions may be issued to the Officers Commanding the several Barrack Library Stations within your command, that the Books shall be delivered out to Officers and Men without partiality, and in the strict order in which they are applied for, and that you will take means effectually to prevent any Officer detaining Books beyond the prescribed period; and further to enforce this rule, that a proportionate penalty to that imposed on Soldiers, be enforced from Officers in any case of detention of Books beyond the times allowed by the rules of the Library; and should any Officer, so far abuse the advantage now afforded to him, as to incur this penalty three times in any quarter, he should be deprived of the privilege of the use of the Library.

The rate of payment to be made by Officers who may become Subscribers to the Library will be one day's pay of their Rank per annum, and the same should be paid to the Paymaster of the Regiment in quarterly sums, avoiding fractions of a penny, and credited in his accounts in the same manner as the Subscriptions of Soldiers under the directions contained in Article 398 of the Explanatory Directions of 1st July 1848, but a nominal list of the Officers subscribing should be annexed to Form 212, shewing the rates payable by each.

I have much pleasure in adding that in the beginning of next year, a further supply of Books will be issued for the use of Military Libraries.

I have the honor to be,
Sir,
Your obedient Servant,
WM. BERESFORD.

The General or other Officer Commanding.

Letter dated 19th January 1853, No. 3.

We transmit herewith three Copies of a Circular Letter from the War Office, No. 1,137, dated 24th December 1852, regarding the Pay of Soldiers on board Ship and the stoppages to which they are liable for Rations of Provisions supplied to them while so situated.

CIRCULAR No. 1,137.

WAR OFFICE,
24th December 1852.

SIR,

The Secretary at War, having had under his consideration the several Regulations and Instructions, quoted in the margin, regarding the Pay of Soldiers on board Ship and the Stoppages to which they are liable for Rations of Provisions supplied to them while so situated, I am directed to acquaint you that he deems it proper and expedient to require that, in every instance in which an advance of Pay is issued for Soldiers embarking to proceed from one Station to another, the Stoppage for Rations, to be at once deducted from the advance at the time it is made, shall be at the full rate of sixpence a day for each Soldier, instead of fivepence a day, and that such of the Soldiers as shall not have been supplied with Spirits, nor with the equivalent in Tea, Sugar, &c. as part of their Rations while on board, shall, on disembarking at the termination of the voyage, be then forthwith repaid the difference of one penny a day each to which under the circumstances they will be entitled upon the production of the proper Vouchers prescribed in Article 176 of the Explanatory Directions.

1. The grant of charter party passage allowance at fixed rates is to be discontinued.

2. Every Soldier born or enlisted in Great Britain or Ireland, on receiving his discharge, either upon the expiration of any period for which he shall have enlisted, or otherwise, and with or without pension, shall be provided with a passage to England for himself, his wife, and his legitimate children.

3. Any Soldier receiving his discharge, desiring to proceed to Australia or to any of the Colonies, will be allowed a passage for himself, his wife, and his legitimate children, provided the cost of such passage does not exceed the amount for which a passage to England can be engaged at the time.

4. The wives of Soldiers who, in consequence of being in private service, do not embark with their husbands, are not afterwards entitled to a passage; but if they are prevented from accompanying their husbands by any other cause beyond their own control, they will be entitled to a passage when the impediment shall have ceased.

5. The unmarried daughters of discharged Soldiers are entitled to passages without limit as to age; but no boy above the age of 14 will be provided with a passage unless he be crippled or ill, in which case he will be allowed a passage without limit as to age.

This rule also applies to the legitimate children of deceased Soldiers.

6. The widows of Soldiers will be provided with passages if they embark within six months of the date of the death of their husbands; but if they voluntarily remain in India beyond that time, their claim to passage will cease. If detained by any cause beyond their own control, their claim to passage at a subsequent time will be specially considered.

7. No Soldier, who, on receiving his discharge, with or without pension, chooses to remain in India, shall, at any subsequent period, be entitled to a passage; neither will a passage be provided for the wives, children, or widows of such men.

No. 130 of 1853.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 10th June, 1853.

No. 489 of 1853.—With the sanction of the Hon'ble the Court of Directors, as communicated in their Military Letters to the Government of the Presidency of Fort William in Bengal, No. 130, of the 20th October, 1852, and No. 49, of the 20th April, 1853, para 14, all existing orders as far as they relate to the withdrawal of Officers from their Regiments for Staff, Civil, or Military or other detached employ, are hereby cancelled, and the following rules, applicable to the three Presidencies, are substituted:

1. No Officer can be appointed to a situation on the General Staff, or to any other detached employment, Military or Civil, (except that of Aide-de-Camp,) until he shall have performed three years' Regimental duty with a corps of the line.

2. An Officer may hold the situation of Aide-de-Camp after having served one year with his Regiment; but the period passed in that situation, except when employed on Field service, is not to be counted in the Regimental duty above prescribed.

3. No Officer is eligible to hold the situation of Adjutant General, Quarter Master General, Military Auditor General, or Commissary General, who has not previously attained the rank of Major in the Army, unless he shall have actually served *twenty* years in India. The Deputies in those Departments must have attained the rank of Captain in the Army, or have served *twelve* years in India, and the Assistants, if they have not attained the rank of Captain, must have served *ten* years in India. No Commissioned Officer is eligible to an appointment in the Ordnance Commissariat Department until five complete years from his first joining the Artillery. The situation of Deputy Principal Commissary of Ordnance may be held by a Regimental Field Officer; or by a Captain if he be actually serving in the Department; but no Officer under the degree of a Field Officer in the Army can be appointed Principal Commissary of Ordnance.

4. No Officer can be appointed to the Department of the Quarter Master General of the Army until he shall have passed an examination in surveying and plan-drawing.

5. No Officer can be appointed to the Commissariat Department until he shall have passed the examination in the Native languages prescribed for Interpreters, as well as the prescribed Departmental examinations.

6. No Officer who has entered the Service since the 9th January, 1837, can be appointed to any Staff situation, or to any other detached employment, Military or Civil, until he shall have passed the prescribed examination in Hindoostanee.

7. No more than *six* Officers, including Field Officers, Captains, and Subalterns, can be permanently withdrawn for Staff or detached employ, from any Regiment of Native Cavalry or Infantry; but a *seventh* may be taken in cases of great emergency, with the sanction of Government: of these numbers, however, no more than *three* can be of the rank of Regimental Captain.

8. As a general rule, when three Captains are absent from a corps, all on permanent employ, and a Subaltern of the same corps, holding also a permanent detached appointment to which he is eligible both as Subaltern and Captain, is promoted to Regimental Captain, the Officer so promoted shall be required to vacate his appointment; but if one or more of the three Captains withdrawn be Officiating only, the Subaltern promoted will retain his appointment, and the Captain last withdrawn for an Officiating appointment shall rejoin his Regiment. It is, however, optional with Government to retain, on public grounds, the services of the Subaltern promoted, notwithstanding the number of absent Captains may exceed the limit of three.

9. Officers unequal for a limited period to the performance of Regimental duty from wounds received on service, may be appointed to Staff and Civil situations, without reference to the number absent from the corps to which they belong; but this rule is not to be considered as sanctioning any permanent increase of withdrawals for Staff employ from the Regiments of such Officers, the number allowed from them being, as from all other corps, limited to six, to which it is to be reduced as situations lapse.

10. A Staff situation which can be held only by an Officer whose Regiment is serving at the station, or forming part of the garrison to which the appointment appertains; and any vacancy occasioned by the absence of the permanent incumbent for a short period, may, on an emergency, be filled up by the nomination of an Officer on the spot, without reference to the number of permanent absentees; provided the Commander-in-Chief is of opinion that he can be spared from Regimental duty: but an Officer so nominated, if not before relieved, must return to Regimental duty on his corps marching from the Station or Garrison in which he is so temporarily employed on the Staff.

FORT ST. GEORGE, 27TH SEPTEMBER 1853.

No. 196 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 6th September 1853.

No. 701 of 1853.—The Most Noble the Governor General of India in Council is pleased to direct that the following paragraph of Military letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated the 13th July 1853, be published in General Orders :—

" Para. 4.—In reply to these inquiries, we have to apprise you that the Adjutancy of the Corps of Sappers and Miners should be declared incompatible with the appointment of Assistant Field Engineer, and that Brevet Captains, like other Subalterns of Engineers, are ineligible to the appointment of Field Engineer, and can only be so employed in the grade of Assistant Field Engineer, agreeably to the regulations of the Service."

Letter dated 22d March 1853, *No.* 62.
Advert to para. 141 of No. 127 of 1849, and solicit instructions whether the Command of the Sappers and Miners having been declared incompatible with the appointment of Field Engineer, the Adjutancy should or should not in like manner be declared incompatible with the appointment of Assistant Field Engineer, and whether Brevet rank can be considered as giving a regimental Subaltern a claim to a Field Engineership.

The foregoing rule is declared applicable to the three Presidencies.

No. 702 *of* 1853.—The Most Noble the Governor General of India in Council is pleased to direct, that the following paragraphs of Military Letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated 13th July 1853, be published for general information :—

Para. 2.—We have lately apprised the Government of Bombay, in reply to their inquiry whether Soldiers who purchase or obtain free discharge under recent Regulations are entitled to free passage to England, "that Soldiers who purchase their discharge are not entitled to passage to Europe at the public expense; but that those who obtain a free discharge are entitled to a free passage provided they enlisted in Europe."* Under this rule Private Cotton was entitled to a free passage to this Country.

Letter dated 21st March 1853, No. 61.

Submit papers relative to free discharges of Soldiers, and to their passage to Europe. In the case of Private Cot on, Her Majesty's 96th Regiment, who has served 12 years, with two distinguishing marks, application has been made for a free discharge for the purpose of returning to England, he being willing to pay his own expenses rather than wait till the Invalids of next season are sent home.

*. Military Letter dated 29th June 1843, No. 44, Para. 5, to the Government of Bombay.

3. The Circular dated Horse Guards 8th December 1852, is applicable to Her Majesty's troops serving in India. By it Soldiers entitled to free discharges, who wish to avail themselves of that indulgence and to return home, are not to be finally discharged in India, but are to be sent to the United Kingdom when opportunities offer, and be finally discharged on their arrival. As they are to be under Military discipline during the voyage, they must generally be sent with detachments of Invalids, and be placed under the orders of the Officers in Command. In special cases, when the Commander-in-Chief may deem a Soldier worthy of the indulgence and recommend him for it, we are not aware of any objection to his being allowed to proceed separately, and to his being granted for this purpose the amount of passage money which would be incurred if he remained in India to proceed with the Invalids, the average cost of passage-money in that season being allowed him for that purpose.

* The advance will be drawn on Abstract, and should casualties occur before the expiration of the period for which the advance is made, the drawing Officer will not be subject to retrenchment on their account.

2. When casualties have occurred before the expiration of the period, for which the advances in question were made, the same course has been followed as in the case of other advances, viz. all overpaid balances have, whenever practicable, been recovered from the Estates of the parties who received the advances, and this practice corresponds with the Bengal rule, on the subject, republished in the margin, for general information and guidance.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 11th October 1853.

No. 813 of 1853.—The following paras. of a Military Letter, No. 96, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 10th August 1853, are published for general information :—

Letter dated 23d April 1853, No. 91.

Advert to No. 235 of 1852 and Court's reply thereto, and request further instructions on the following points relative to the grant of Subsistence Allowance and Passage Money to Officers dismissed the Service or permitted to resign in order to avoid a Court Martial, *viz.* :—

1*st*.—Whether the grant of Subsistence Allowance and also of Passage Allowance is admissible only to Officers who may be dismissed or cashiered by sentence of a Court Martial, or whether they are applicable also to Officers permitted specially to retire in order to avoid a Court Martial; of course under the condition in both cases that the Officer elects to return to Europe (or proceed to one of the Colonies mentioned in the order of 1851), and that he embarks within six months from the date following that on which the order for his dismissal or retirement is received at the station where he may be quartered.

4. These advantages are admissible to Officers who are permitted to resign the Service as the alternative to being tried by Court Martial, as well as to those who are removed from the Service by sentence of Court Martial, and under the conditions specified by you.

2*d*.—Whether such Subsistence Allowance may be given in advance, or whether according to usage it must be paid in arrear.

5. The Subsistence Allowance is to be paid monthly in arrear, according to usage, and up to the date of embarkation, provided it does not exceed six months, from the time when the Officer was struck off the list of the Army at the station at which he was serving.

3*d*.—Whether it is to be regarded as indispensable, that in order to obtain the grant of Subsistence or Passage Allowance, Officers must proceed to Calcutta, Madras, or Bombay, and there place themselves under charge of the Town Major at each place respectively; or whether, in cases where it is manifestly for the interest of the Officers to embark at ports other than the Presidency Towns, a certificate of embarkation from the Station Staff or some other responsible Officer will be sufficient authority for passing the Allowance to the Owners or Agents of the Ship on which they embark.

6. We approve of the alteration suggested in this question, so as to allow of the persons in question availing themselves of the nearest port of embarkation.

No. 814 of 1853.—The following para. of a Military letter, No. 96, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated the 10th August 1853, is published for general information :—

12. We approve of the order quoted by you that "such measures may be taken as will ensure that no Officers may be appointed to accompany Invalids returning to England save those whose state of health at their departure permits the performance of the duties demanded of them." Subject to this limitation, it is desirable that Officers returning on account of their health should be eligible for this employment during the voyage.

Letter dated 25th April 1853, No. 92.

56 and 58. Correspondence on the subject of the Officers to be selected for the charge of Invalids on the voyage home.

8. Passage by Sea, unless specially applied for by the Adjutant General, will not be granted in lieu of compensation, should the charge for passage exceed the charge of compensation. Passage by sea when provided, should the charge for passage exceed the charge for compensation.

9. No *portion* of the Equipments can be taken, it must either be the whole or compensation. The *whole* of the Equipments or compensation must be taken.

10. Neither Palaveram, the Mount or Poonamallee are considered marches, and Officers posted to Corps there or at Madras are not then entitled to any grant; but as it is not restricted to any time after arrival in India, young Officers doing duty at any of these places are entitled to the indulgence on the first march also. Officers *posted* to Corps at Palaveram, the Mount or Poonamallee, not entitled.

11. The grant is made to an Officer according to the distance of the route he is *ordered* to travel, so that however devious may be his route, he is entitled to it accordingly. This is not intended to authorize a longer route than is absolutely necessary being given; but to provide for cases such as those of young Officers who may be placed with others proceeding to different Stations under the charge of an experienced Officer and may for the sake of his supervision be required to march further than would be otherwise necessary. The grant made according to the distance of the Officer's route.

12. An Officer who previous to or on arrival is *first* posted, and afterwards permitted to do duty with another Corps, is entitled to the grant as from Madras to the place where his Regiment may be situated, or to which it may be proceeding; without reference to the Corps he is doing duty with. Grant on what principle made to Officers first posted and afterwards permitted to do duty with another Corps.

13. An Officer who, on first arrival at Madras, is allowed to proceed, either by Sea or by land to some other place on sick certificate or furlough, is entitled to the same allowance as he would have been, had he never so proceeded, that is, he would be allowed it, as from Madras on first arrival. Officers proceeding on first arrival on sick certificate or on furlough to draw Equipments from Madras.

14. Abstracts for the allowance in lieu of Equipments are to be prepared agreeably to the accompanying Form (vide end of Section) supported by a distance certificate by the Quarter Master General. At Out Stations the former paper is to be forwarded to the Staff Officer of the Quarter Master General's Department in the Division and by him to the Quarter Master General of the Army for sanction. Abstracts for allowance in lieu of Equipments passed by the Qr. Mr. General.

15. When a party of young Officers *exceeding* six in number under orders to march, are placed under the charge of an experienced Officer, they are allowed a Captain's Tent with carriage for a Mess, provided it be previously certified by the Officer in charge, that a Mess has been established; on the completion of the march the Equipments are to be returned into the Arsenal, and receipts in duplicate as usual forwarded to the Quarter Master General's Office, through the Officer of that Department in the Division.

Certain Officers of H. M.'s Service marching within three months from date of arrival entitled to Equipment allowance.

16. Subalterns, Assistant Surgeons and Veterinary Surgeons, of H. M.'s service, on their first proceeding to join their respective Corps or stations, if within three months from date of arrival at or appointment in this Presidency, are entitled to the Equipment allowance at the rate specified in Para 3.

Abstracts for the allowance by whom countersigned.

17. Abstracts for their allowance are to be countersigned by the Brigade Major H. M.'s Troops if at the Presidency, or by the Staff Officer at Poonamallee, supported by certificates that the claimants have not been three months resident in India since the promulgation of their appointments in, or their arrival at this Presidency: as also by certificates of distance from the Quarter Master General of the Army.

Subalterns' tents issuable to Officers on first arrival on payment.

18. Subalterns' Tents are issuable to all Officers of H. M.'s service and to all young Officers of all branches of the Honorable Company's service on first arrival in India. The cost of a Subaltern's Tent is Rupees 154-0-1 and is payable either at once or by five instalments. Application for them must be made to the Quarter Master General who is authorized to order the issue of the same on Indent. If the cost is to be payable by instalments, the Indent is to be supported by an obligation certificate on the part of the Officer, binding himself to pay it by instalments.

Issuable as an indulgence to all Officers on prompt payment.

19. Subalterns' Baggage or Necessary Tents are also allowed as an indulgence to other Officers on special grounds, but this depends upon the necessity of each case and the ability of the stores to make the supply without inconvenience. In this case payment is prompt—a Baggage Tent is priced at Rupees 55-10-0 and a Necessary Tent Rupees 27-13-6.

Fort William, 28th October 1853.

No. 875 of 1853.—The Most Noble the Governor General of India in Council having had under consideration the mode of payment to be observed in regard to Native Soldiers of the Madras and Bombay Armies, who may be desirous of drawing pay while on leave at Stations under this Presidency, is pleased to promulgate the following Rules, in supercession of the Government General Order,* No. 168 of the 12th March 1852, and of previous regulations on the subject:

1. All Commissioned, Non-Commissioned Officers and Privates, belonging to either of the Presidencies of Fort Saint George and Bombay, who may obtain leave of absence to Stations in Bengal and the North Western Provinces, and who may be desirous of drawing pay during the term of such leave, will be furnished with a passport or leave certificate for this purpose, agreeably to the accompanying Form, (No. 1.)

2. The passports are to be carefully filled up by the Regimental or other Officers entrusted with their preparation, great care and minuteness in recording the personal appearance and particular marks of each Soldier being requisite to ensure identification and to prevent fraud.

3. Each Soldier must be required to indicate the Treasuries, Civil or Military, from which he may be desirous of drawing pay. A specification thereof is to be entered in the passport in the appropriate

* Published at Fort St. George in G. O. G. 23d March 1852, No. 54.

column, and it should be distinctly explained to every Native Soldier, that in the event of any deviation from his stated route, as entered in the passport, he will receive no pay except on arrival at one of the Stations therein mentioned.

4. The Officers in charge of the Treasuries thus indicated should be advised of the intended payments simultaneously with the issue of the passport, and be furnished with a copy of the latter document.

5. The advice should also contain the probable dates of arrival of the holder of the passport at each of the Stations indicated, and in the event of his arriving much earlier or later than the appointed time at any Station, the Collector or Pay Master of such Station should notify the circumstance to the Officers at the remaining Stations entered in the passport.

6. No duplicate passport is to be issued without a previous reference to the Officers in charge of the several Treasuries concerned, for the purpose of ascertaining the extent of the payments that may have been made upon the original passport; and advice of the issue of a duplicate passport is invariably to be furnished to the several Treasuries therein mentioned.

7. The several Pay Masters, Deputy Pay Masters, Collectors and other disbursing Officers in Bengal and the North Western Provinces are authorized to discharge, as the same shall become due, the pay of Furlough men of the Madras and Bombay Establishments, on presentation of passports or leave certificates in the form above prescribed, provided that advice thereof has been duly received, and that the identity of the applicants has been satisfactorily established. It should be the special care of all disbursing Officers or their subordinates to compare the passport presented in each case with the copy furnished with the letter of advice, and to see that the descriptive remarks entered in both correspond with the personal appearance of the applicant.

8. Receipts for all payments thus made are invariably to be taken in duplicate and the payments are to be debited in the disbursing Officer's account current to Madras or Bombay, as the case may be.

9. A note of every payment, of the date on which it is made, and of the period to which it refers, is also to be carefully entered on the back of the passport.

10. The disbursing Officers will furnish at the beginning of each month statements (a separate statement on account of each Presidency) of the payments made by them during the preceding month in the accompanying Form (No. 2,) accompanied by the original receipts to the Military Accountant at Fort William, for transmission to the Authorities at Fort Saint George and Bombay respectively. The duplicate receipts will accompany the Account Current as vouchers in support of the relative debits.

11. It is to be understood that the monthly statements of payments are not, as heretofore, to be submitted to the Military Auditor General for audit, but to be forwarded direct to the Military Accountant at Fort William, their respective amounts being charged off in Account Current as above directed.

12. Passports will, as heretofore, be issued only from the Offices of the Adjutants General at Madras and Bombay respectively, on the requisition of Commanding Officers, who will render an annual account, on the 1st January, of the number received and issued and the balance remaining in store.

No. 876 of 1853.—The Most Noble the Governor General of India in Council having had under consideration the improvement of the rations supplied by the Commissariat Department to European Troops, is pleased to direct the publication of the following Rules, to take effect as soon as the necessary arrangements can be made by the Commissariat Department:—

1. The Government General Orders, Nos. 86* and 87, of the 6th February 1852, are hereby cancelled, and the daily ration of a European Soldier shall in future consist of

1 lb. of Bread.
1 lb. of Meat.
4 oz. of Rice.
2½ oz. of Sugar.
½ oz. of Tea.
1 oz. of Salt.
8 oz. of Vegetables.
3 lbs. of Fire-wood.

2. The Meat will be cut up into joints, and such parts of the animal (such as the ribs and upper joints of the fore-legs) as are more than two-thirds bone, will be excluded from the ration.

3. The rations of vegetables will consist of such descriptions as may be procurable at the several Stations of the army, during the different seasons of the year.

4. The following Rules contained in Government General Order No. 232, of the 9th August 1844, will continue in force: the Bread issued in the rations of a Soldier is to be of the best quality, and equal to that provided for Hospital diet. Mutton will be issued twice a week in lieu of Beef, and in the same quantity, whenever circumstances may admit: Coffee may be substituted for Tea in the proportion of 2 lbs. of the former to 1 lb. of the latter, whenever Tea is not procurable, or Coffee may be preferred and is at hand.

5. The ordinary Tea ration will consist of one-third of Green, and two-thirds of Black Tea, whenever circumstances may admit of the issue of both kinds.

6. The Government General Order No. 85, of the 25th February 1848, is cancelled; and the following course is in future to be pursued with respect to all descriptions of provisions tendered by the Commissariat or its Contractors for the use of the Soldier in health or sickness.

7. Whenever any portion of the rations or diet tendered for a Corps or Hospital is deemed objectionable, the option of changing them is not to be allowed to the Contractor, but the Commanding Officer should immediately assemble a Regimental Committee for the purpose of inspecting them.

8. The Committee will be composed of a Field Officer or Captain as President, with an Officer Commanding a Troop or Company and a Medical Officer, as Members.

9. The decision of the Regimental Committee shall be final, and their report should be at once forwarded for the guidance of the Executive Commissariat Officer at the Station.

10. In all cases of condemnation of Provisions, the Committee Reports should shew whether the articles are deemed of inferior quality only, or decidedly unwholesome; and when pronounced positively unwholesome, the provisions are instantly to be destroyed in the presence of the Committee.

11. Except in the instances hereafter specified, when provisions have been condemned as of inferior quality, the Contractor will be allowed to substitute fresh rations, and in the event of his failing to do so, within a reasonable time, the Commissariat Officer will supply the deficiency at the cost of the Contractor.

12. In cases of the condemnation of Meat, the cost to Government of the rejected rations (which if not absolutely unwholesome, will be returned to the Contractor) together with the amount of the fine that

---

may be levied upon the Contractor, will be paid by the Commissariat to the Regiment, and expended under the direction of Officers Commanding Troops and Companies in the purchase of food.

13. In the event of the rejection of bread, and a fresh supply not being immediately procurable, flour or soojee at the option of the Soldier, will be issued as an equivalent, with a supply of fire-wood, all at the cost of the contractor, to whom the rejected bread, if not unwholesome, will be returned: two pounds of flour or soojee, and one lb. of fire-wood, to be the allowance of each man.

14. Under the operation of these rules, it will depend solely and entirely upon Regimental Committees to raise the quality of the rations issued to the proper Standard, and to maintain that Standard.

15. The Executive Commissariat Officers of Divisions have been directed by the Commissary General to make a report periodically to their Departmental Superiors, of their having at uncertain intervals personally attended the issue of rations; and His Excellency the Commander-in-Chief will be requested to cause similar reports to be made to the Military Authorities by Officers Commanding Regiments, impressing upon them at the same time, that it is only by the Commissioned Officers of Regiments being themselves particular in examining rations and forming their own judgement as to the quality of the articles, without the intervention of Subordinate Officials, whether Regimental or Departmental, that the object of Government for the supply of really good provisions, can be secured.

16. This Order is to be considered applicable to the three Presidencies.

FORT ST. GEORGE, 22D NOVEMBER 1853.

No. 240 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 6th September 1853.

No. 705 of 1853.—The existing Orders on the subject of the supply of Great Coats to European Recruits, Volunteers, Invalids and others, are cancelled, and the following Rules substituted :—

1. The blue grey cloth Great Coat, directed in Government General Order,* No. 14, of the 19th January 1842, will only be provided for the use of European Soldiers performing duty with their Regiments, and these Great Coats are to be considered as attached to Corps for the full time they are required to last, in the same manner as other equipments supplied by Government, and they are on no occasion to be taken away by men who finally quit their Regiments; but men who are sent to any of the Convalescent Depôts are to take their Regimental Great Coats with them.

2. On the arrival of a Regiment of Her Majesty's Infantry in this country, the Great Coats in use are to be forwarded to the Army Clothing Agency, in order to be replaced on the usual indents by Regimental Great Coats of the prescribed pattern.

3. On the departure of a Regiment from India, the men will take with them the Great Coats they have in wear, all surplus Coats being forwarded to the Army Clothing Agent for re-issue.

4. Great Coats of a distinct pattern will be provided for the use of Recruits, Invalids and others, and will be supplied under the following rules.

* Published at Fort St. George in G. O. G. 8th March 1842, No. 44.

5. On the arrival of each Detachment of Recruits from England, the whole of the Great Coats in use with it will be sent to the Army Clothing Agent, who will cause them to be examined, and all that are serviceable and repairable, are to be forthwith put without delay into proper order.

6. All Great Coats received from Her Majesty's Regiments arriving in India are likewise to be immediately examined and put into proper order for issue to Detachments.

7. When there may be no Army Clothing Agency at the port of landing, the duty of examining and repairing the Coats, as well as of receiving charge of surplus Coats, will devolve on the Commissariat or other Officer at the Station, who may be named for the purpose under the instructions of the Clothing Board.

8. Such of the Great Coats brought out by each Detachment as are calculated, after the necessary repairs, to last during the march or progress of the party to the Head Quarters of the Regiment, will be re-issued to it, in part of the indent which the Officer Commanding must furnish as early as practicable to the Clothing Agent or other local authority, and the number deficient is to be made up from the Detachment Great Coats in store; these being issued at once, without waiting for the repairs being completed to the Great Coats sent in by the Detachment.

9. The Great Coats on being issued for the first time, whether new or repaired, are to be numbered; and the number, year of issue, and the word "Dett." are to be marked in an indelible manner on each Coat.

10. All Great Coats are to be carefully examined by the Agent or other Officer before being despatched, and the exact condition of each is to be entered in a book to be kept for that purpose.

11. A return of the Coats supplied taken from the Register Book is to be furnished to the Officer Commanding the Detachment, who is to examine the Coats, and see that they correspond with the description in the return.

12. The Officer Commanding each Detachment will be personally responsible for the Great Coats, and he will be required to account for all made over to him.

13. He is further required to see that the Coats are only worn on authorised occasions, and that they are not made use of by the men as bedding, or worn as fatigue dresses.

14. The Great Coats are to be taken care of by the Soldier in the same manner as his accessaries, and any loss or damage thereof, occasioned by his neglect, is to be made good by stoppages from his pay.

15. On the arrival of the Recruits at the Head Quarters of the Regiment, the Great Coats are to be delivered over to the Quarter Master, to be placed into Regimental store, a receipt being given to the Officer Commanding the Detachment for the number so delivered over, which receipt is to be forwarded to the Secretary to the Clothing Board on the Officer finally accounting for the Coats he has received.

16. The Coats, at the time of their being made over to the Quarter Master, are to be surveyed by a Committee, the report of which is to be forwarded to the Secretary to the Clothing Board, when instructions will be issued for making the necessary repairs, for disposing of such as may be unserviceable, and for recovering the price of any that may be damaged or missing.

17. Foot Artillery, Sapper and Infantry Recruits, on delivering over the Detachment Great Coats, will be provided with Regimental Coats, and Cavalry Recruits will, in like manner, be provided with the Cloaks supplied by the Colonels of Regiments.

18. Every Soldier finally quitting his Corps, whether as an Invalid, time-expired man, or otherwise, proceeding to the Presidency or other port for embarkation, when entitled to a free passage, will be supplied with a Detachment Great Coat, his Regimental Coat being delivered into store for issue to Recruits.

19. These men will be held responsible for their Great Coats, which they will take with them for use on boardships, and no Great Coat so issued is on any account to be replaced without payment, unless lost or destroyed by circumstances over which the man had no control.

20. Men purchasing their discharge, and those finally discharged with the intention of remaining in India, are not to be supplied with Detachment Great Coats, but they are to deliver over to the Quarter Master the Regimental Great Coats they have in wear.

21. Men transferred from one Corps to another, including Volunteers, are to make over their Regimental Great Coats, and will be supplied with Detachment Great Coats, which they will be held responsible for, and which they must deliver over to the Quarter Master on reaching their new Corps.

22. This Rule, however, does not apply to Soldiers transferred to Native Corps or to the Ordnance or other Departments, men serving in those branches not being provided with Great Coats.

23. Instructions will be issued by the Clothing Board regarding the disposal annually of all surplus Detachment Great Coats, and Commanding Officers of Corps will be held responsible for the due care of the Great Coats deposited in Regimental store, and that such Coats as are to be sent to the Presidency or elsewhere are properly packed and despatched.

24. Periodical returns showing how the Detachment Great Coats received have been disposed of, are to be forwarded to the Secretary under such instructions as may be issued by the Clothing Board.

25. These Rules apply to the Foot Artillery, Dragoons, European Infantry of Her Majesty's and the Company's Services and the European portion of the Sappers and Miners.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 13TH DECEMBER 1853.

No. 262 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 25th November 1853.

No. 974 of 1853.—The Most Noble the Governor General of India in Council, in order to extend to the Soldiers of the East India Company's Service the increased facilities for depositing their savings with interest, afforded by Regimental Saving's Banks, is pleased to direct that Regimental Saving's Banks shall be established in each Brigade and Battalion of European Artillery, and in each Regiment of European Infantry at the three Presidencies, from the 1st of February next, under the following rules:—

1. The Regimental Saving's Banks will work as branches of the Government Saving's Bank of the Presidency to which the Regiment may belong.

2. Officers Commanding Troops and Companies shall receive as public money such sums as the Non-Commissioned Officers and Soldiers under their command may from time to time desire, and be entitled to deposit in the Saving's Bank of the Regiment.

3. Interest at the rate of 4 per cent. per annum, will be allowed on deposits from the 1st of the month in which they are made, to cease on the last day of the month preceding that in which any sum may be withdrawn. No interest will be allowed on fractional parts of a rupee.

4. Interest upon all sums in deposit shall be added to the principal quarterly, and shall thenceforward bear interest.

5. When a Soldier shall be desirous of withdrawing the whole, or any part of his deposit, he must give at least seven days' notice to the Captain or Officer Commanding the Troop or Company to which he belongs, in order that the necessary arrangements may be made for repayment of the amount at the next settlement day, on receipt of the Monthly Pay Drafts; but if such Captain or Officer Commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the deposit would be for the advantage of the Soldier, he may direct payment to be forthwith made.

6. Whenever the Officer Commanding the Troop or Company shall have grounds for believing that the Soldier intends to make an improper use of his money, he will be permitted to withhold the privilege of withdrawing the deposit, until the Commanding Officer of the Regiment shall determine whether it should be then issued or not; and should the Officer Commanding deem it essential to the discipline of the Regiment to withhold from a Soldier the privilege of withdrawing his deposits, he shall report specially to the Commander-in-Chief the circumstances under which he has felt himself compelled to exercise this power.

7. All monies deposited by the Soldier in the Regimental Saving's Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party, either by endorsement, conveyance or otherwise, and shall not be affected by any debts contracted by him, nor be made available for any purpose whatever except under his own order signified to the Officer Commanding his Troop or Company; and such monies shall, if possible, be paid to the Soldier personally, and in all cases his receipt shall be obtained and shall be attached to the Troop or Company Saving's Bank Ledgers.

8. The deposits of Soldiers struck off the strength of corps, whether on transfer to the Town Major's List or on discharge shall either be withdrawn altogether, or be transferred from the Regimental to the Government Saving's Bank, as may be required by the Soldier.

9. On the death of a Soldier, the amount of his deposits, with the interest accumulated thereon, shall be withdrawn from the Regimental Saving's Bank, and be added to his other effects and be accounted for to the Secretary to Government in the Military Department, to be disposed of, in the usual manner, to the legal representatives of the deceased.

10. A Soldier convicted by a Court Martial of desertion, forfeits to Government all monies he may have in the Regimental Saving's Bank, and such forfeiture can only be remitted by the authority of Government at the recommendation of the Commander-in-Chief.

11. If a Soldier be permanently transferred from one Troop or Company to another, or to another Regiment, the Officer Commanding the Company is not to consider the amount of the Soldiers' account as money withdrawn from the Saving's Bank, but he will close the account of such Soldier in his own Troop or Company Ledger, and transmit a Statement, Form I. to the Captain of the Troop or Company or the Commanding Officer of the Regiment to which the Soldier is transferred. The amount will then be entered as received by transfer from such a Troop, Company or Regiment, and not as a new deposit in the Saving's Bank. A report of all transfers from one Brigade, Battalion or Regiment to another, but not from one Troop or Company to another of the same Corps, is to be made to the Secretary of the Government Saving's Bank by the Commanding Officer of the Regiment from which the man is transferred.

12. In the orderly room of every Brigade, or Battalion of European Artillery and Regiment of European Infantry, there shall be kept under lock and key, under the inspection of the Commanding Officer, the Officer 2nd in Command, and the Adjutant, a Brigade, Battalion or Regimental Saving's Bank Ledger, in which shall be entered the Saving's Bank account of every Soldier.

13. The entries shall be made in the Brigade, Battalion and Regimental Ledger by Troops and Companies, so that the amount of each Troop or Company shall be kept separate, and upon the transfer of a Soldier from one Troop or Company to another, a transfer of his account shall be made in the Brigade, Battalion, or Regimental Saving's Bank Ledgers.

14. A Non-Commissioned Officer shall be selected by the Officer Commanding to act as clerk to the Brigade, Battalion and Regimental Saving's Bank, and such clerk shall make all entries in the Brigade, Battalion or Regimental Saving's Bank Ledger, and perform all other duties connected with the Bank, and shall receive an allowance according to the following scale:—

If the depositors are under	100,.....	Rs.	8 per month.
If 100 and under	150,.....	„ 10	„
If 150 and under	200,.....	„ 15	„
If 200 and upwards,	.....	20	„

15. Each Captain or Officer Commanding a Troop or Company shall keep a Saving's Bank Ledger for the accounts of the Non-Commissioned Officers and men of his Troop or Company.

The Regimental Ledgers and the Troop or Company Ledgers are to be prepared upon the Form II.

16. Deposits of savings in even sums, excluding fractions of a rupee, can only be made and entered in the Troop or Company Ledgers and in the Brigade, Battalion or Regimental Ledgers, once in each month, *viz*, on the day of monthly settlement, when all sums withdrawn will be also entered. The Captain or Officer Commanding the Troop or Company will, by his signature in the Troop or Company Ledgers, acknowledge the receipt of all deposits made, and the Soldier will, in like manner, acknowledge the receipt of all sums withdrawn.

17. At the end of every quarter, the Troop or Company Ledgers are to be compared with the Brigade, Battalion, or Regimental Ledger, by the Officer Commanding, the Officer Second in Command, and the Adjutant; and the Officer Commanding will transmit to the Adjutant General of the Army each quarter, a certificate, Form III., that this comparison has been made. Should a Troop or Company be absent from Head Quarters, the comparison of the Ledger of that Troop or Company with the Brigade, Battalion or Regimental Ledger may be deferred until it returns to Head Quarters; but such delay must be reported in the quarterly certificate. In the Artillery, however, in which the Troops and Companies are detached from Head Quarters for lengthened periods, the Officer Commanding each Brigade or Battalion will prepare Extracts from his Brigade or Battalion Ledger for all the Troops and Companies absent from Head Quarters, and forward them to the Senior Officer of Artillery at the Station where such Troop or Company may be serving; and the comparison of the Ledgers of all the detached Troops and Companies at each Station, with the Extracts from the Brigade or Battalion Ledger will be made by the Officer Commanding, the Officer 2d in Command, and the Adjutant of any Brigade or Battalion present, or in the absence of the Head Quarters of any Brigade or Battalion, then by the Officer Commanding the Artillery Division, the next senior Artillery Officer and the Artillery Division Staff Officer; or should no such Officers be available at the Station then by a Committee to be nominated by the Officer Commanding the Station. Two Copies of the Certificate, in the form prescribed are to be prepared for each detached Troop or Company, and transmitted, one to the Adjutant General of the Army, and the other to the Officer Commanding the Brigade or Battalion to which the Troop or Company belongs.

18. The Captain or Officer Commanding each Troop or Company is responsible that the deposits he receives, and the withdrawals he pays, be duly entered in each man's account in the Ledger of his Troop or Company, and that statements of his receipts and payments be sent monthly to the orderly room, Form IV. also, that a statement of the amount of deposits and withdrawals be duly noted at the foot of his Monthly Pay Abstract, to enable the Pay Master to charge or credit him with such sums as he may have received or paid.

19. In drawing advances for the payment of each Troop or Company, the amount of deposits and withdrawals from the Saving's Bank, is to be taken into account, and deducted from or added to the sum required for the pay of the men, a note of the sums deposited or withdrawn being inserted in the usual receipt for the advance.

20. The Officer Commanding, the Officer 2nd in Command, and the Adjutant, are responsible for the correctness of the Brigade, Battalion, or Regimental Saving's Bank Ledger, which is to be prepared in the orderly room by the Saving's Bank Clerk, under their direction, from the statement received from Troops and Companies. They are to transmit to the Division Pay Master, a monthly consolidated statement of the entire deposits during the month of the several Companies, Form V., and an account of all withdrawals during the month, Form VI. In the Artillery where the detached Troops and Companies may be paid by different Pay Masters, separate statements are to be prepared for each Troop or Company so situated, and sent to the Pay Master in whose circle it is located. These statements are to be forwarded after being checked by the Pay Master to the Government Saving's Bank, to be transferred on its Books of Accounts to the credit or debit of the several depositors.

21. It is the duty of the Division Pay Master to compare the statements of deposits and withdrawals noted in the Pay Abstracts of Troops and Companies with the Regimental Statement, and to credit or debit the several Captains and the Government Saving's Bank with the proper amount. The Government Saving's Bank at each of the Presidencies will keep a separate Ledger for the deposits of each corps.

22. Captains and Officers Commanding Companies will be held responsible for any errors of calculation of Interest, and for their security, intimation of the payments of any deposit with interest, Form VI. is to be sent, by the Commanding Officer of the Regiment, for all Troops and Companies present at Head Quarters, and by the Commanding Officer of each detached Troop or Company by the same day's post on which the refund is made, to the Government Saving's Bank. The Secretary on receipt of this intimation is, by the same day's post, to certify to the correctness or otherwise of the withdrawal, Form VII, in order that any over payment may be promptly recovered; and to assist Officers, Interest Tables at 4 per Cent. will be furnished, a copy of which is to be attached to each Brigade, Battalion, Regimental Troop and Company Ledger.

23. Commanding Officers of Brigades, Battalions and Regiments will send to the Government Saving's Bank, as early as practicable, after the 1st of May in each year, a return of the transactions of the several depositors taken from the Brigade, Battalion or Regimental Saving's Bank Ledger to be prepared Form VIII. This, after being checked, will be returned to the Regiment with a certificate of accuracy, and the balance of each account so certified, is to be the opening balance of the several depositors' accounts for the following year.

24. The certificate of the Secretary to the Government Saving's Bank will be preserved in the orderly room, and the Commanding Officer will notify to the Officers Commanding Troops and Companies, that the account of the Brigade, Battalion or Regimental Saving's Bank has been audited to that date, and admitted to be correct.

25. Commanding Officers may correspond either direct with the Secretary of the Government Saving's Bank, or through Pay Masters, on all matters connected with the Saving's Bank of their corps.

26. Depositors proceeding to England will be at liberty to remit the balance of their accounts as a Family Remittance through the Pay Department, at the authorized rate of exchange, *viz.*, 2*s.* 0$\frac{1}{2}$*d.* per rupee. In such cases interest will be allowed up to the close of the month immediately preceding that in which the remittance is made.

27. Soldiers who are already depositors in the Government Saving's Bank under existing rules will have their balance brought on the Regimental books from a return to be furnished to Commanding Officers by the Government Saving's Bank.

28. An abstract of the Saving's Bank account of each man taken from the Troop or Company Ledgers and shewing the quarterly balance of deposits and interest, is to be inserted in the account book, or pocket Ledger, with which each man will be provided.

29. A supply of the several forms applicable to Regimental Saving's Banks will be furnished on application whenever required, by the Secretary to the Government Saving's Bank, through whom the necessary number of Ledgers and other books will likewise be provided.

30. During active operations in the field, or whenever circumstances may render it impracticable to carry on the details of the Saving's Bank either in a complete corps or a detachment of Artillery or Infantry, the several Governments may, on the recommendation of His Excellency the Commander-in-

Chief, direct the temporary suspension of these rules for such periods as may be found necessary, but all sums actually in deposit will continue to bear interest in the same manner as if the rules had not been suspended.

31. Soldiers, who are already depositors in the Government Saving's Banks under existing rules, will have their balances brought on the Regimental books from statements to be furnished by the Secretaries of the Banks.
