GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN,

24TH JANUARY 1853.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 21ST JANUARY 1853.

No. 18 of 1853.—The Right Honorable the Governor in Council is pleased to publish the following Regulations for Tent Lascars, which will form a Section of the forthcoming Revised Regulations for the Quarter Master General's Department.

TENT LASCARS.

Establishment.

1. The fixed establishment of Tent Lascars consists of 11 Syrangs, 16 First Tindals, 65 Second Tindals and 1300 Lascars. In the latter grade are included 52 Lance Tindals, being at the rate of one to every 25 Lascars.

2. The establishment is under the general charge and direction of the Quarter Master General of the Army, in whose Office a General Register (Form No. 1), a Register of Heirs, a Defaulters' Book, and a Book containing Testimonials of Character, shall be kept.

3. The general distribution of Tent Lascars rests with the Quarter Master General. Under his orders they are enlisted, allotted to Divisions and Forces, and transferred as may be required from one Division to another.

4. The Officer of the Quarter Master General's Department in Divisions and Forces has the general supervision of Lascars attached to the Division or Force. Under the authority of the Officer Commanding, he allots them to Corps or Departments in the Division; and when not employed in the Arsenal, on duties connected with the repair of Camp Equipage, he disposes of their services in any way most conducive to the public good.

5. Commissaries of Ordnance, Quarter Masters of Corps or other Officers in charge of Camp Equipage, to which Lascars are attached, have the immediate charge of Tent Lascars. Every thing therefore connected with their interior economy, not otherwise provided for in this Section, rests with them to attend to. All applications for transfer, all complaints of a serious nature, &c. &c. should invariably be made through the Commissary of Ordnance, or other Officer as above, to the Staff of the Quarter Master General's Department in the Division, and if necessary by him to Head Quarters.

Enlistment.

6. The enlistment of Tent Lascars shall be made by the Commissary of Ordnance, or other Officer in immediate charge, under instructions from the Quarter Master General.

7. No man shall be considered finally enlisted, until the receipt at the Station of his printed Description Roll, from the Quarter Master General's Office.

8. Every Candidate previously to being enlisted, is to be examined by a Medical Officer as to his fitness, he must be able bodied—and his age not less than 18 nor above 25 years. A Roll (vide Form No. 2) of such Candidates to be forwarded to Head Quarters when required.

9. Every individual on enlistment will be provided with a printed Description Roll (Form No. 3.)

Promotions.

10. All promotions are made by the Quarter Master General.

11. Recommendation Rolls for promotion (vide Form No. 4) when called for, are to be prepared by Officers in immediate charge, and transmitted through Officers of the Department in Divisions to the Quarter Master General for Registry.

12. Each individual on promotion will receive a Certificate of the grade to which promoted; any former promotion Certificate being returned to Head Quarters.

Wounds and Injury Pension.

17. The rates of Pension for Wounds received in Action with an Enemy or in an insurrection, and for injuries sustained in the execution of any public duty are laid down in G. O. G. No. 108 of 1852.

18. Whenever a Lascar is allowed the benefit of former service to entitle him to pension, the circumstances connected with his case should be stated in submitting his claim.

Pension for Heirs

19. The Heirs of Tent Lascars are entitled to pensions agreeably to G. O. G. No. 187 of 1848; excepting the Heirs of those Lascars who may die from sickness, accident, or disease, the result of their own imprudence and unconnected with the climate, or service: excepting also, such as may have committed suicide not being insane at the time.

20. In the month of January of each year Committees will be ordered to assemble for the purpose of taking a Register of Heirs (vide Form No. 5) of Lascars not previously recorded, or for Registering any Heirs whom Lascars may be desirous of nominating instead of individuals selected at any former time or place. The Proceedings when closed to be forwarded to Head Quarters through the Staff of the Quarter Master General's Department in Divisions or Forces.

Estates of deceased Lascars.

21. The death of a Tent Lascar shall be immediately reported to the Quarter Master General and the deceased's Description Roll enclosed. An immediate adjustment of his accounts shall also be made.

22. The Effects of the deceased will be made over to his Registered Heir if present.

23. When the Heir is not present it will be the duty of the Officer in charge to cause a correct inventory of the property to be made in duplicate. The property is to be sold by public auction. The amount when realized, is to be lodged in the Pay Office, and a transfer receipt obtained and transmitted to the Officer in charge of Lascars at the station where the Heir has been ascertained to be residing. The latter Officer will then adjust the accounts.

24. But should no Heir be forthcoming the Pay Master's receipt is to be forwarded to the Secretary to Government Military Department, a report of the circumstance being at the same time made to the Quarter Master General of the Army, by the Officer in charge at the station where the Lascar died.

Sick Lascars.

25. Tent Lascars taken sick should immediately be sent to Hospital under charge, when practicable, of a Tindal; who should attend daily at the Hospital at 7 A. M. to receive the man on recovery.

26. Men who shall be proved to have concealed disease, or who, from intemperance or other irregularities, are disabled from the due performance of their duties, are liable to punishment.

27. A man feigning sickness and pronounced by the Surgeon to be a malingerer, shall be punished agreeably to the Articles of War. Insane Lascars come under the same Rules as are provided for Insane Native Troops.

Letters of Lascars.

28. Tent Lascars are entitled to have their letters franked under existing Regulations.

Punishment.

29. Tent Lascars are subject to trial and punishment by the Sentence of a Court Martial, at the discretion of the Officer Commanding the Station or Corps to which they are attached—a copy of the Crime and Sentence of such Court Martial is however to be transmitted to the Quarter Master General, for the information of the Commander in Chief.

30. Tent Lascars are subject to such of the minor punishments awardable to Native Troops as may be deemed applicable.

Discharge.

31. Lascars shall not be discharged from the Service, excepting by authority from Head Quarters, or by the Sentence of a Court Martial duly confirmed.

32. The discharge Certificate is to be prepared by the Officer in immediate charge, and transmitted for the confirmation of Army Head Quarters through Division Staff.

Desertion.

33. Whenever a Tent Lascar may desert, immediate intimation of the circumstance is to be made by the Officer of the Department in the Division or Force, to adjacent Divisions. The information will be accompanied by a Description Roll of the individual—a similar report is also to be made to Army Head Quarters.

34. Section 8 of General Regulations relating to Deserters is generally applicable to Tent Lascars with the exception that applications are made to the Quarter Master General instead of to the Adjutant General of the Army.

Furlough.

35. Furlough to Tent Lascars will be granted on the application of Officers in immediate charge to the Staff of the Quarter Master General's Department in the Division.

36. Each man proceeding on furlough is to be provided with a separate Passport and Pay certificate.

37. Extension of furlough is never to be granted by Officers, except under very urgent circumstances, and the same must be reported to the Officer of the Quarter Master General's Department in the Division to which the individual may belong.

Batta.

38. Travelling Batta is not allowed to Lascars proceeding on furlough or for men removed at their own request from one Station to another.

Muster and Monthly Returns.

39. Tent Lascars are to be mustered on the 1st of each month by the Officer in immediate charge.—The return he is required to make to the Officer of the Quarter Master General's Department in Divisions and Forces should be of Form No. 6. From these several returns the Officer of the Quarter Master General's Department will make a General return of a similar form for the whole Division or Force, and transmit the same to Head Quarters. The men should be entered in the Muster roll consecutively accord-

ing to their general numbers. The muster referred to in this para is intended solely to afford monthly information of the *distribution* of Lascars, and is not intended to interfere in any way with the other musters taken in connection with the pay department.

Command. 40. A Nominal roll of all Tent Lascars proceeding on command, out of the Division, shall be transmitted by the Quarter Master General of Divisions or Forces to the Quarter Master General of the Army, who will in reply apprize him how the Lascars are to be disposed of.

Transfer. 41. On the transfer of Tent Lascars the Officer of the Quarter Master General's Department shall transmit to the Officer of that Department in the Division to which they are transferred, Register rolls, Pay and Clothing certificates, together with any other documents which may be necessary for the adjustment of their accounts: likewise extract from Defaulters' Book, if any entry has been made. In the Nominal rolls of Lascars to be transferred or otherwise disposed of, which is forwarded to the Head Quarters' Office, the character of the Lascar should be expressed in a separate column, under one or other of the following terms

Unexceptionable,
Good,
Indifferent,
Bad,
Very bad.

Duties. 42. The first duty of Tent Lascars in Garrison is the repair of the Camp Equipage to which they are attached. When these repairs have been completed, such portion of the Lascars as can be spared from ordinary Arsenal duties, are available for employment in Divisions on duties connected with public buildings, the construction and repair of roads in Cantonments, or on such other duties as may be authorized by the Officer Commanding the Division or Station. A monthly report of their employment is to be forwarded to the Quarter Master General of the Army, vide Form No. 7. Batta or working money, will not be granted for the performance of these duties. Lascars are therefore not to be employed on them for a longer period than 8 hours a day.

Flag Lascars to Officers Commanding regular Divisions. 43. Officers Commanding Regular Divisions of the Army on occasions of actually taking the Field only, are each allowed four Tent Lascars for the purpose of carrying and pitching their distinguishing flags.

44. When Tent Lascars are not available for the above duty, the same is to be certified by the Staff Officer of the Quarter Master General's Department with the Division, and 4 Lascars are to be supplied for the purpose, on Indent, by the Commissariat Department.

Applications and Complaints. 45. Whenever a man has an application to make or a complaint to prefer, he shall take an opportunity, when not on duty to mention it, in the first instance to the Syrang or Tindal who will accompany him to the European Officer, in order that he may state verbally his request or grievance; when the case is to be immediately enquired into, disposed of, or reported to superior authority as may be deemed requisite.

46. When a Lascar may be on furlough, or otherwise absent from the Station to which he is attached, and has a complaint or request to prefer, he must address in person, the Commissary of Ordnance, or Officer in charge of Lascars (if any) at the Station, who will act as if the man were under his orders, forwarding when necessary, a report on the subject to the Quarter Master General of the Army.

Written Petitions 47. Written Petitions will not be received, except from pensioned Lascars and Individuals having claims on Government, either on their own account or on account of services rendered to the State by deceased relatives.

Correspondence. 48. All correspondence with Army Head Quarters relating to Tent Lascars is to be forwarded by Officers in immediate charge through Officers of the Quarter Master General's Department in Divisions or where there is no such Officer through the Station Staff, to the Quarter Master General of the Army.

49. Correspondence relating to Pay and Accounts of Tent Lascars is to be forwarded by the Officer in immediate charge, direct to any other Officer in charge of Tent Lascars.

Clothing. 50. Tent Lascars are entitled to a Cloth Jacket annually and when proceeding on Foreign Service to a Cloth Cloak subject to the rules of Bounty Clothing.

51. On the 1st January in each year Officers in charge of Tent Lascars will transmit to the Staff Officer of the Quarter Master General's Department in the Division or Force, a statement of the actual number of Syrangs, Tindals and Lascars who are entitled to clothing for the past year, as they stood on their Returns on the 31st December; as also a Memorandum, Form No. 8, shewing what unclaimed clothing there is remaining in Store, if any, and its state.

52. From the above documents the Staff Officer of the Division will prepare a General Statement for the Quarter Master General of the Army, Form No. 9.

53. On receipt of the abovementioned Statement the Quarter Master General of the Army will prepare a General Statement (Form No. 10) of the actual strength of Tent Lascars at the several Stations of the Army as they stood on the 31st December, together with a return, Form No. 11 of the intended distribution of the Clothing and transmit the same to the Clothing and Board.

54. On the receipt at out Stations of Clothing from the Contractor it is to be surveyed; to ascertain that the Clothing has received no damage on the road, and that the quantity is correct, it is then to be immediately issued to all Lascars present entitled to the same; their acquittance taken, and Rolls, Form No. 12 forwarded without delay, to Army Head Quarters accompanied by a distribution statement of the Form No. 13.

Amended Distribution Rolls of Clothing. 55. Officers of the Quarter Master General's Department in Divisions will in addition to the Distribution Rolls which are required to be forwarded with the Annual Indent for Clothing, forward Amended Distribution Rolls to the Quarter Master General in all cases of alterations taking place in the Stations and strength of Detachments of Lascars prior to the receipt of the Clothing at the different Stations, in order that the Clothing may be despatched by the Contractor direct to the Lascars.

56. Cases will sometimes occur wherein Amended Distribution Rolls could not have reached the Clothing Board in sufficient time to admit of the Clothing being sent direct to Lascars removed from one Station to another, and in such cases *only* will the Government sanction its transport at the public expense.

57. In forwarding for the sanction of Government, Indents for the conveyence of Clothing to Lascars removed from one Station to another, the Officers of the Quarter Master General's Department in

Divisions and Forces are required to state that the provisions of paras 15 and 16 of G. O. C. C. No. 62, dated 3d November 1852, have been duly attended to. The Indents should be forwarded to the Quarter Master General of the Army for submission to Government.

58. Officers are held responsible for the safe keeping of all unclaimed Clothing in their charge. On the distribution of Clothing at a Station where there may be any in Store, the latter, if serviceable is to be issued first; thus none will continue longer in Store than a twelvemonth.

59. Should a Lascar be absent from his Station at the time of the distribution of Clothing, his claim must be adjusted immediately after his return, from the unclaimed Clothing, if any, remaining in Stores. Should there be none, it must be reported to the Staff of the Quarter Master General's Department in the Division, who will take steps to have it supplied from another Station within the Division.

60. Should there be no Clothing remaining in any of the Stations within his Division, the circumstance should be reported to the Quarter Master General who will order it to be supplied from elsewhere. The same course should be pursued in the case of a Lascar being transferred from another Division where his claim to Clothing had not been settled.

61. Acquittance Rolls and Supplementary Distribution Statements are to be forwarded on the 1st of each month to the Division Staff Officer, in support of such issues, for transmission to the Quarter Master General's Office, until the whole Clothing of the year has been issued.

62. When the claim of an individual is not duly supported by a certificate, reference should be made to the Quarter Master General's Office to ascertain the correctness of the claim.

63. The Clothing when received at the several Stations within the range of each Division, is not considered the property of any individual Tent Lascar who may have been present on the 31st December and who prior to the arrival of the Clothing has been removed to some other Division, but the property of men actually present at the Station at the time: provided the claimants hold certificates shewing that Clothing is due to them for the year, signed by the proper authorities of the Station from which they may have been transferred.

Compensation.

64. Should there be no Clothing remaining at a Station where Tent Lascars, having claims, are about to be pensioned or discharged, the same must be timely reported to the Quarter Master General, who will order it to be supplied from elsewhere—but should there be no available Clothing at any of the Stations of the Army, Bills for compensation will then be ordered to be transmitted for the sanction of the Clothing Board.

Forfeiture of Clothing.

65. It is to be clearly understood that no claim to Clothing will be attended to if the applicant fail to advance it within a year from the date of its becoming due.

No. 37 of 1853.—The following Despatch from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 151, dated 10th November 1852, is published for general information:

Military Department.

No. 151 of 1852.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. We concur in the opinion expressed in this Despatch, that the Command exercised by the Commandant of the Artillery, is in the nature of a Brigade or Divisional Command. We have in consequence, resolved that the Command of the Artillery shall be held hereafter on the same terms as Brigades or Divisional Commands, *viz.*, for five years only, provided, as in the case of Brigadiers, the Officer holding the Command has succeeded to the benefits of the Off-reckoning Fund, and subject also to the general condition as applicable to Commanders of Divisions and Brigades, that if on any particular occasion, you should be of opinion that the continued service of any Commandant is indispensable to the public interests, you may continue him in the Com-

Reply to Letter, dated 16th July 1852, *No.* 125.

The Command of the Bengal Artillery vacant by the nomination of Brigadier Shaw, to the Divisional Staff, conferred on Brigadier Gowan, C. B. The Commander-in-Chief in recommending this appointment, observed that Colonel Powney, an Officer regimentally senior to Brigadier Gowan, may soon be expected from England; and suggested that the appointment of Commandant of Artillery may be so conferred upon Brigadier Gowan as to ensure his permanent tenure of the Command. Government notice the precedents applicable to this question and advert particularly to the hardship which attends the displacement from what is virtually a Divisional Command of Brigadier Gowan and others, similarly circumstanced by the return of an Officer from England.

mand until our decision thereon is made known to you. Upon every such occasion you will furnish us with the requisite information, with the least possible delay.

2. Officers who have served their tour of Command under this Regulation and who are succeeded by a junior Officer, will be eligible to remain in India as Colonels or Lieutenant-Colonels unemployed, until selected for Divisional Commands. If succeeded by a senior Officer, they may revert to their regimental duties.

3. The Brigadier Commandant of Artillery, like Brigadiers on the Staff, will not be liable to be displaced from his Command by the arrival of a senior Officer from Europe.

4. The above rule will come into effect at the three Presidencies in the manner prescribed, when the appointment of Brigadier was limited to a tour of five years' service, *viz.* :

Military Letter to Bengal, dated 5th April 1837, published as G. G. O. No. 154, dated 31st July 1837.

"This regulation is not to be applied retrospectively to the period "which Brigadiers may have served as such, prior to its announcement "in General Orders, but we are of opinion, that for every two years "which they may then have served as Brigadiers, they should be con-"sidered as having served one year towards the completion of their tour under the new regulation."

B., announcing to the Army under his command the death of that officer.

Sir Richard Armstrong, since his first arrival in India in 1822, has personally known the late Brigadier McNeill, and His Excellency entertains a lively recollection of the valuable assistance he at all times derived from the indefatigable services of that Officer as Deputy Assistant Adjutant General of the Southern Division, during the period the Lieutenant General exercised command of that portion of the Madras Army.

While with true sorrow Sir Richard Armstrong mourns the loss of one of his most worthy friends, he at the same time experiences a melancholy satisfaction in recording his appreciation of the late Brigadier McNeill, and in bearing public testimony to his merits as a most active, zealous and thoroughly efficient Officer.

"General Order by Major General Godwin, C. B., Commanding Army of Ava."

"*Rangoon, December 9th,* 1852."

"It is with feelings of deep sorrow that the Major General has to announce to the Army the death"
"of Brigadier McNeill of the Madras Division, occasioned by inflammation of the brain, the con-"
"sequence of his exertions at the late attack on the enemy's position at Pegue, when the Brigadier"

"friend."

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, *8th February* 1853.

At a General Court Martial held at Masulipatam, on Monday the 29th day of November 1852, Assistant Surgeon Henry Stanbrough of the Madras Medical Establishment, was arraigned by order of His Excellency the Commander in Chief at the requisition of the Right Honorable the Governor in Council upon the following Charges: viz.

First Charge.—For behaviour unbecoming the character of an Officer and a Gentleman in the following Instances:

First Instance.—In having at Masulipatam, on the 22d of September 1851, dishonorably negotiated and pledged for his, Assistant Surgeon Henry Stanbrough's own use and benefit, to Dauseum Bootchiah, Native Dresser attached to the Civil Hospital at Masulipatam, as security for the sum of Company's Rupees 2,000, borrowed and received from the said Dauseum Bootchiah, a Promissory note of the Bengal Government for Sicca Rupees four thousand, number six thousand two hundred and twenty-four, of eight thousand three hundred and twenty-five, of the year one thousand and eight hundred and twenty-five twenty-six, with interest undrawn from the thirty-first of December, one thousand eight hundred and forty-nine, which he, Assistant Surgeon Henry Stanbrough, had received in trust from Soonderoygherry Ramanoojee Row, Head Sheristadar of Masulipatam, he, Assistant Surgeon Henry Stanbrough, at the time of negotiating and pledging the said Promissory note of the Bengal Government for Sicca Rupees four thousand, as aforesaid, having further authorized the said Dauseum Bootchiah, in the event of his failure to repay the said sum of Company's Rupees two thousand with interest, before the end of the said month of September, to dispose of the said Promissory note of the Bengal Government for four thousand Sicca Rupees, and remit to him, Assistant Surgeon Henry Stanbrough, the balance after deducting his, the said Dauseum Bootchiah's claim thereon, he, the said Assistant Surgeon Henry Stanbrough at the time of receiving the said Promissory note, of the Bengal Government for four thousand Sicca Rupees, and at the time of negotiating it, as aforesaid, having given no bonâ fide consideration for the same, nor entered into any sufficient and honorable arrangement for its payment or for the payment of interest thereon, to the said Soonderoygherry Ramanoojee Row.

Second Instance.—In having from the beginning of February, one thousand eight hundred and fifty-one to the twelfth of November of the same year, fraudulently and collusively with the aforesaid Soonderoygherry Ramanoojee Row, concealed and withheld from the knowledge of Thomas Davies Lushington, Esquire, Collector and Magistrate of Masulipatam, the circumstances attending his possession, and negotiation of, and his interest, if any, in the aforesaid Promissory note of the Bengal Government, for Sicca Rupees four thousand, part, if not the whole of which was the undoubted property of the said Soonderoygherry Ramanoojee Row and which said Promissory note of the Bengal Government for Sicca Rupees four thousand, under an order of Edward Wheler Bird, Esquire, Special Assistant to the Collector of Masulipatam, under date the twenty-fifth of September, one thousand eight hundred and fifty-one, directing the whole of the property of the said Soonderoygherry Ramanoojee Row, to be attached under the provision of Section seven, Regulation nine of one thousand eight hundred and twenty-two of the Madras Code, he, Assistant Surgeon Henry Stanbrough, was bound to have given every information regarding, to the said Thomas Davies Lushington, Esquire, or to the said Edward Wheler Bird, Esquire, he, Assistant Surgeon Henry Stanbrough, well knowing that various charges of malversation, corruption and fraud as a servant of the Government of Fort Saint George had been brought against the said Soonderoygherry Ramanoojee Row, and that he had failed to produce the amount of security demanded from him under the provision of the said Regulation.

Third Instance.—In having at Madras, on the twelfth of November, one thousand eight hundred and fifty-one, in a statement voluntarily made before Edward Francis Elliot, Esquire, one of Her Majesty's Justices of the Peace for the town of Madras, among other things, wilfully and deliberately made the following false declaration which he expressed his willingness to verify on oath; namely—in February or March last, I mortgaged the said Bond (meaning the Promissory note of the Bengal Government for Sicca Rupees four thousand referred to in the First and Second Instances of the Charge) for one thousand Rupees to one Casaviah the son of Bootchiah (meaning Dauseum Bootchiah, Native Dresser attached to the Civil Hospital at Masulipatam) previous to my departure from Masulipatam, I had a further loan of a thousand Rupees on the same security for which I gave a Promissory note in the name of Casaviah (to the best of my belief,) for the whole sum of two thousand Rupees payable on demand, or words to the same effect—whereas in truth and in fact, he, Assistant Surgeon Henry Stanbrough had not mortgaged or pledged the said Promissory note of the Bengal Government for Sicca Rupees four thousand to Casaviah in February or March, one thousand eight hundred and fifty-one, but to the said Dauseum Bootchiah on the twenty-second of September of the same year as security for two loans of five hundred Rupees each and one of one thousand Rupees received by him from the said Dauseum Bootchiah, on the fourth of April one thousand eight hundred and fifty-one, on the eighth of the same month and year and on the twenty-second of September of the same year, respectively; and had not borrowed the two sums of one thousand Rupees each from Casaviah, as falsely stated by him, he, Assistant Surgeon Henry Stanbrough intending by

such wilfully false declarations to conceal the fact of his having had pecuniary dealings, with the said Dauseum Bootchiah his medical and immediate subordinate, in contravention of the rules and usages of the Service and to conceal the real facts of the transaction.

Fourth Instance.—In having at Madras in an official letter dated the twenty-seventh of May, one thousand eight hundred and fifty-two,—addressed to Walter Elliot, Esquire, Commissioner for the Northern Circars, in which he professed to give the real facts of the case connected with his possession and negotiation of the Promissory note of the Bengal Government for Sicca Rupees four thousand referred to in the foregoing Instances of the Charge wilfully and deliberately made the following false statement; namely, "my previous transactions" (meaning certain monetary transactions) "had not been with Bootchiah," (meaning Dauseum Bootchiah, Native Dresser attached to the Civil Hospital at Masulipatam,) "who was my Dresser, but with his son Casaviah who was a long established Sou-"car." "Bootchiah's statement of the circumstances in para 4 of the Collector's decision," (meaning the decision of Thomas Davies Lushington, Esquire, Collector of Masulipatam, on the subject of the said Promissory note of the Bengal Government for Sicca Rupees four thousand) "is not correct "—my books show that the sums for which the note was mortgaged were received by me from "Casaviah, and I make no doubt Casaviah's books would show the same.

My account is as follows:

"27th February—Casaviah	....	200
"18th March do	....	500
"9th April do	....	500
" " do	....	500

"I also owed Mr. Alexander," (meaning Mister Richard Alexander, Merchant of Masulipatam,) "a "sum of 300 Rupees, and upon the occasion of my leaving Bunder for Madras, Bootchiah and Casa-"viah came to me and pressed for the payment of this claim. Casaviah was probably trading with "his father's money, and it was agreed that I should make over the note to Bootchiah, (who was no "longer my medical subordinate be it remarked) as security for 2,000 Rupees—1700 for Casaviah's "debt and 300 which I then borrowed to pay Mr. Alexander and paid to him myself," or words to the same effect—whereas in truth and in fact, his, Assistant Surgeon Henry Stanbrough's monetary transactions referred to by him, had been with Bootchiah his Dresser and not with Casaviah, who was not a long established Sowcar, nor a Sowcar at all; and the statement of Bootchiah referred to in the Collector's decision was correct, and he, Assistant Surgeon Henry Stanbrough, knew it to be so; and also knew that the account given by himself, as from his books, to be false and incorrect and that instead of owing one thousand and seven hundred Rupees to the said Casaviah, he, Assistant Surgeon Henry Stanbrough at the time he alluded to only owed to the said Dauseum Bootchiah one thousand Rupees and nothing to the said Casaviah; and instead of borrowing three hundred Rupees to pay the said Mister Alexander, he borrowed one thousand Rupees from the said Dauseum Bootchiah, who was his medical subordinate at the time and paid to the said Mister Alexander a much larger sum than three hundred Rupees—he, Assistant Surgeon Henry Stanbrough intending by such wilfully false statement to conceal the true facts of the case as regarded his possession and negotiation of the said Promissory note of the Bengal Government for Sicca Rupees four thousand; and to conceal the fact of his having had pecuniary dealings with the said Dauseum Bootchiah, his medical and immediate subordinate in contravention of the rules and usages of the Service.

Fifth Instance.—In having at Masulipatam, about the month of June, one thousand eight hundred and fifty-one, fraudulently and dishonestly endeavoured to obtain from Dauseum Bootchiah, Native Dresser attached to the Civil Hospital of Masulipatam, his immediate subordinate, the loan of Company's Rupees two thousand on the false pretence of obtaining for the said Dauseum Bootchiah, usurious and exorbitant interest for the said loan, from Yerlagudda Ankeneed, Bahadoor, Zameendar of Davurcottah in the District of Masulipatam, such interest being promised on the mortgage of certain jewels which he, Assistant Surgeon Henry Stanbrough falsely stated to the said Dauseum Bootchiah, he had obtained from the said Zameendar as security for the loan, and furthermore, falsely stated that he Assistant Surgeon Henry Stanbrough had himself advanced Rupees one thousand to the said Yerlagudda Ankeneed with a view of gaining over the said Dauseum Bootchiah to accede to his wishes regarding the loan of the two thousand Rupees before mentioned.

Second Charge.—For behaviour unbecoming the character of an Officer and a Gentleman and to the prejudice of good order and Military discipline, in having at Masulipatam borrowed from Dauseum Bootchiah Native Dresser, attached to the Civil Hospital at the said Station, his medical and immediate subordinate, the sum of Company's Rupees two thousand as follows; namely, on the fourth of April one thousand eight hundred and fifty-one Rupees five hundred; on the eighth of the same month and year Rupees five hundred and on the twenty-second of September of the same year Rupees one thousand, he, Assistant Surgeon Henry Stanbrough, on the occasion of borrowing the last mentioned sum of Rupees one thousand, having deceitfully and dishonestly obtained the same by promising repayment before the end of the said month of September and by lodging with the said Dauseum Bootchiah, as security for the whole amount of Rupees two thousand borrowed as aforesaid, the Promissory note of the Bengal Government for Sicca Rupees four thousand referred to in the First and Second Instances of the First Charge, knowing at the time that the same was the property of the aforesaid Soonderoygherry Ramanoojee Row, the whole of whose property was liable and about to be attached on the part of the Government of Fort Saint George, which said sum of Rupees two thousand so borrowed by him Assistant Surgeon Henry Stanbrough as aforesaid, in contravention of the rules and usages of the Service, still remains unpaid.

Assistant Surgeon Henry Stanbrough of the Madras Medical Establishment charged in addition to the Charges originally preferred against him as follows:

Additional Charge.—For behaviour unbecoming the character of an Officer and a Gentleman, in having

at Masulipatam, about the beginning of February, one thousand eight hundred and fifty-one, fraudulently and collusively received from Soonderoygherry Ramanoojee Row, Head Sheristadar of Masulipatam, and retained a Promissory note of the Bengal Government for Sicca Rupees four thousand, number six thousand two hundred and twenty-four of eight thousand three hundred and twenty-five of the year one thousand eight hundred and twenty-five and twenty-six with interest undrawn from the thirty-first of December, one thousand eight hundred and forty-nine, knowing that the said Soonderoygherry Ramanoojee Row, fraudulently transferred the same to him, for the purpose of its concealment, and of evading such order or judgment as might eventually be passed, after an investigation into his conduct; he being then under suspension upon charges of malversation fraud and corruption as a servant of the Government of Fort Saint George.

Revised Finding.—The Court having most maturely weighed, and reconsidered the evidence before it, and what has been stated in defence, is of opinion that the Prisoner Assistant Surgeon Henry Stanbrough of the Madras Medical Establishment, is

Not Guilty of the First Instance of the First Charge.

Guilty of the Second Instance of the First Charge with the exception of the words " fraudulently and collusively with the aforesaid Soonderoygherry Ramanoojee Row."

Guilty of the Third Instance of the First Charge.

Guilty of the Fourth Instance of the First Charge with the exception of the words " nor a Soucar " at all" and " to conceal the true facts as regarded his possession and negotiation of the said Promissory " note of the Bengal Government for Sicca Rupees four thousand, and"

Not Guilty of the Fifth Instance of the First Charge.

Guilty of the Preamble of the First Charge.

Revised Finding on the Second Charge.—Guilty of conduct to the prejudice of good order and Military discipline, in having at the place and on the occasions set forth borrowed from Dauseum Bootchiah, his medical subordinate to the amount of two thousand Rupees, but not Guilty of the rest of this Charge of which the Court does fully and honorably acquit him.

Revised Finding on the Additional Charge.—Not Guilty of the Additional Charge and the Court does therefore fully and honorably acquit him of the same.

Revised Sentence.—The Court having found the Prisoner Guilty to the extent above stated doth sentence him, the said Assistant Surgeon Henry Stanbrough, of the Madras Medical Establishment, to be dismissed from the Service.

MASULIPATAM, *the 29th of January* 1853.

Revised Recommendation of the Court.—The Court having performed its painful duty in having awarded to the Prisoner a commensurate punishment, beg most respectfully to recommend him to the merciful consideration of His Excellency the Commander-in Chief.

MASULIPATAM, *the 29th of January* 1853.

HEAD QUARTERS: MADRAS, 8th *February* 1853. (Signed) R. ARMSTRONG, Lieutenant General, *Commander in Chief.*

Remarks —The necessity of revising the sentence of the Court chiefly arose in order to correct the misapprehension of the Court that they were bound in law to pass the sentence they did, leaving it to be inferred from their recommendation of the Prisoner that they would not otherwise have passed that sentence. It was clearly pointed out that they had it in their power to use their discretion, and affix that punishment only which in their consciences upon due consideration of the whole circumstances of the case they thought was deserved by Assistant Surgeon Stanbrough. Their amended sentence is that they adjudge him to be dismissed from the Service.

It has doubtless been a painful duty for the Court to award the sentence they have, and they may perhaps be excused for consulting their feelings by annexing a recommendation in the Prisoner's favor; but as they must have known that strong reasons for clemency could alone justify my taking upon myself the responsibility of returning to the Service an Officer placed in the position in which the Prisoner has been left by their verdict, I consider they might have spared me the invidious office of having to decline compliance with a recommendation to mercy, which does not show itself to be based on any reasonable grounds. With the utmost reluctance I feel compelled to direct the sentence to be carried into effect.

(Signed) R. ARMSRONG, Lieutenant General,
Commander in Chief.

Assistant Surgeon Henry Stanbrough, is to be struck off the strength of the Army from the 8th February 1853.

By order of His Excellency the Commander in Chief.

Acting Adjutant General of the Army.

FORT ST. GEORGE, 15TH FEBRUARY 1853.

No. 33 of 1853.—The Right Honorable the Governor in Council is pleased to approve of the following rules relative to the supply of Malt Liquors to Canteens of European Regiments through the Commissariat Department, and to the price at which Rum or Arrack is to be sold hereafter.

1st. Ale and Porter will be imported from England and kept under charge of the Commissariat Department at the risk of the State, for issue to Canteens of European Corps in the Madras Presidency.

2d. Commanding Officers of Regiments will furnish Commissariat Officers of Divisions annually on the 1st May with Statements of the probable number of hogsheads of Ale and Porter that will be required for their Canteens during the following year. Copies of these Statements are to be sent by the Commissariat Officers of Divisions to the Commissary General without delay for transmission to the Home Authorities.

3d. On the arrival of Malt Liquor at Madras, it will be surveyed by a Committee composed of the Deputy Commissary General as President and the Officers of the Canteen Committee of the Regiment in Fort Saint George, and a Medical Officer from the Garrison as Members. The Ale and Porter landed at other Stations will be carefully surveyed by competent Committees assembled by order of the Officers Commanding.

4th. Commanding Officers will indent on the Executive Commissariat Officer monthly for the number of hogsheads of Ale and Porter that will be required for the following month's expenditure The quantity so required is to be examined on the 1st of the month, and the casks are to be filled up in the Commissariat Stores in presence of, and after approval by competent persons, to be deputed by the Com-

manding Officer for that purpose; after which, the liquor is to be removed and is to be at the risk of the Regiment taking it.

5th. The Ale and Porter will be issued to Canteens at all Stations at one uniform price, this will be determined by the Government on receiving the report of the Commissary General relative to the Contract rate at which the supply is landed in India, the average actual cost of Freight and Inland Transport to the several Stations, and the sum to be appropriated towards cheapening the liquor for the Soldier from the Fund alluded to in para 11th of these orders.

6th. Arrangements are not yet matured for supplying Canteens with bottled Ale and Porter, but rules on this head will be issued hereafter.

7th. On occasion of any Regiment or Detachment quitting Cantonments, the Commissariat will receive back into Store casks which have not been opened or broached.

8th. Commanding Officers of Regiments and Detachments under orders to march, are to give previous intimation to the Commissariat Department of the quantity of Ale and Porter that will be required on the road.

9th. The liquors so supplied on the line of march will be charged for at the rate of 40 per cent in advance of the usual price, or Commanding Officers may procure at the usual price as much Ale and Porter as they may require at the several Stations through which they pass and make their own arrangements, for conveying it at the expense of the Canteen Fund.

10th. It will rest with His Excellency the Commander in Chief to place from time to time any reasonable limit on the quantity of Malt liquor to be allowed daily to each man.

11th. From the 1st May 1853, Rum or Arrack will be sold to Canteens at 2 Rupees per gallon old wine measure. The difference between that rate and the rate at which it was purchased by Government, calculated on an average of the five years previous to 1850, will form a Fund from which such portion as may be considered necessary by Government will be appropriated to cheapening the Malt liquor for the European Soldier. The price of Rum or Arrack will be (in assimilation of the rate obtaining in the Bengal Presidency) Rupees 2-8-0 per gallon or 1 anna per dram to the Soldier.

12th. When Detachments may be without Canteens, and whenever it may be necessary for the Commissariat to issue Rum or Arrack, the rate of payment shall be as above stated—1 anna per dram, or Rupees 2-8-0 per gallon.

13th. The Commissary General will report to Government the actual cost per hogshead, including carriage, &c. to different Stations, of the Ale and Porter of each year's consignment, and also the amount of Funds available for cheapening the Malt liquor, and will submit for the consideration and order of Government, the amount considered advisable to appropriate for that purpose, and the rate at which the Porter or Ale should be retailed to the Soldier.

14th. All communications regarding the supply of Ale and Porter to the Troops are to be made direct to the Commissariat Department of the Division or Station, and all applications requiring a reference to Government, will be submitted through the Commissariat Officer of the Division and Commissary General.

Paras 1 & 2, G. O. G. 25th April 1841, No. 73.

3. Indents are to be prepared strictly according to the Forms annexed, (vide Nos. 1 and 2) but Indents requiring the sanction of the Military Board, though passing through the Quarter Master General's Office, are to be made out in the form prescribed by the Board. Form of Indents.

4. In all cases when Officers of the Quarter Master General's Department shall find it necessary to prepare Indents bearing their own signature, the signatures of the Officers Commanding Detachments, Corps, Stations or Divisions are unnecessary; though in the case of Indents so prepared by the Staff of the Quarter Master General's Department in Divisions and Forces, the sanction of the Quarter Master General is still needed. When Indents are made out by Officers of the Qr. Mr. Genl.'s Dept., what course to be pursued.

In preparing an Indent, what points are to be observed.

5. In all Indents the particular use for which an article may be required should be clearly expressed. Officers generally, but particularly those on detached Commands, should never affix their names to any Indent merely on the assurance of another, that the Indent is customary. They should previously fully satisfy themselves that the articles to be indented for are actually required for the public service, and are in the proportion sanctioned by Regulations—and it is to be distinctly understood that an Officer countersigning an Indent is held responsible for its correctness.

Duplicate Indents allowed only on emergent occasions.

6. In all possible cases, Indents should be made out in such time as will enable them to be forwarded to Head Quarters, passed and returned, previously to the date that the supply is required. In such cases, duplicates are unnecessary: but when time does not admit of this arrangement, duplicates are to be forwarded for the sanction of the Quarter Master General. The Indents are then to be superscribed "Emergent."

Indents by whom to be signed, and how to be forwarded to Head Quarters for sanction.

7. All Indents will bear the signature of the Indenting Officer, of the Officer Commanding the Corps (if at Head Quarters,) and of the Officer Commanding the Station; the Indents are then to be transmitted for examination direct to the Staff Officer of the Quarter Master General's Department in the Division or Force serving therein; and if satisfied that they have been framed in strict accordance with Regulations, and are supported by the requisite vouchers, he will countersign them. The same day that he forwards the originals to the supplying Officers, he will transmit the duplicates with a Register (agreeably to Form No. 3) to the Office of the Quarter Master General of the Army for final sanction.

Original Indents sufficient authority for making a supply; until receipt of passed duplicate.

8. When supplies are not made on passed Indents, Original Indents will be sufficient authority for making the supply: but the duplicate when sanctioned by the signature of the Quarter Master General's Office, will be returned for the purpose of being delivered to the Officer making the supply, and will then be the proper voucher for that supply.

Indents when allowed to be forwarded direct to Head Quarters by the Indenting Officer.

9. On occasions of emergency at Stations or posts, when delay would be injurious to the public service, Indents may be complied with under the authority of the Officer Commanding there; but the duplicate is to be *immediately* transmitted for final sanction as above directed.

Course to be followed when supplies exceeding the regulated proportions are required on Indent.

10. Whenever cases occur which render it necessary to supply Camp Equipage or Sick Carriage exceeding the established proportions, and time admits of the proper channel being observed, the Indent will either be countersigned by the Commandant of the Division or Force, who will endorse it with the word "Extraordinary," or, by the Staff Officer of the Quarter Master General's Department serving under his orders, with the words "*By order* of the Officer Commanding the Division."

Responsibility on whom devolving on such occasions.

11. Should however the absence of the Officer Commanding the Division, or other cause, render it impossible to procure his order for the above purpose, the authority of the Commandant of the Station will be sufficient to sanction the supply: and the responsibility which in the former case attached to the exercise of discretionary power by the Commandant of the Division, will in the latter case rest with the Commandant of the Station, until the Indent shall have received the final sanction of Government, or the Commander in Chief, as the case may be: but by whomsoever provisionally sanctioned, explanation should be addressed by letter to the Quarter Master General of the Army, for the information of His Excellency the Commander in Chief, and if necessary, for transmission to Government.

Date of countersignature to be affixed to each Indent.

12. All Officers countersigning Indents are to affix the date of their doing so—*and as they are held responsible that no delay takes place, such date shall be considered that of the despatch of the documents from the Office or Department of the signing Officer.*

What articles to be indented for on the Ordnance Dept., and what on the Commissariat.

13. Tents, Sick Carts, Doolies, Muncheils and Lascars, required agreeably to the proportions established by Regulations, for the use of a Corps or Detachment should be included *in one Indent* on the Ordnance or other Officer in charge of Camp Equipage; and Public Cattle, Bearers and Carriage generally on the Commissariat Department, in another.

Indents for Intrenching Tools, &c. when passed by the Military Board, & when by Qr. Mr. General.

14. Indents for Intrenching Tools and other Stores (according to an allotment fixed by the Quarter Master General) designed merely to maintain the regulated allotment to Corps in a serviceable condition, should be forwarded for sanction *direct* to the Military Board and such Stores may be included with other Stores in other Indents and not in separate Indents as hitherto—but Intrenching Tools &c. for the Equipment of Detachments of Corps, and which it is not possible to supply out of Regimental Stores, should be included as above in the Indent for Camp Equipage &c.

Sick Carts and Tents not to be indented for as "complete." Indenting Officer responsible that every article is received & returned into Store complete.

15. Sick Carts or Tents are not to be indented for as "complete," but their indispensable appurtenances are to be exhibited separately according to respective nomenclature. GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: COULTRY PLAIN, 12*th February* 1853.

No. 10.—The Commander in Chief, under the authority of Government, and with reference to para 96 of Section II of the Pension Regulations, as corrected by G. O. G. No. 187, dated 29th August 1848; directs it to be notified that the selection of Children as Heirs for *Pension* must be confined to those Children who are *legitimate*; and that a Son nominating a Parent as heir for *Pension*, can only be permitted to select either of the Parents of whom he is the *legitimate* offspring. Legitimacy of Children and Parents to be decided under the rules which determine the validity of marriages.

In conformity with the above, paras 2, 3 and 5 of Clause II of G. O. C. C. No. 32 (page 373) of 1848 are to be altered and to stand as follows:

2. "In the event of a nomination having been duly made, it will be the duty of the Committee first to take proof of Claimant's identity, and then to enquire into the nature of relationship; whether Claimant really is of the degree of affinity stated in the Register; for instance, in the case of a Widow, whether the marriage was a *legal one*—in the case of a Child, whether the offspring of a *legal marriage*, and neither *illegitimate nor adopted*—of a Parent, that the Son on whose account Pension is claimed was his (or her) *legitimate* offspring. Great care must be taken to prevent step, or foster, or adopted Parents or Children, being brought forward as blood relations."

3. "When no nomination has been made, and the claim is as *nearest heir*, it must be clearly proved by evidence that no one nearer in the line of succession* exists. Thus, if the mother claims as *nearest heir*, the Committee must not only require evidence that she is the real mother of deceased, and that he was the issue of a *legal marriage*, but also that neither Son, Widow, Daughter nor Father of deceased are in existence."

* 1st Son.
2d Widow.
3d Daughter.
4th Father.
5th Mother.

5. "In *all claims* it must appear in evidence whether the marriage was by Shadee or Nickah.† If the latter, detailed evidence of the nature and extent of ceremonies observed or contract made must be taken and recorded in the Proceedings.

† Among Hindoos "a secondary or Bhootoo marriage" is to be understood as equivalent to the term Nickah among Mooslmans.

In order to the validity of "Nickah" or "Bhootoo" marriages being decided by the Native Law Officers of the Sudr Adawlut, the substance of the above evidence as to ceremonies and contract, recorded in the Proceedings, is to be engrossed in a separate paper (Form No. 1.) which is to be forwarded with the Proceedings to the Adjutant General."

See para 99, Section II Pension Regulations as corrected by G. O. G. No. 187, dated 29th August 1848.

Order Books to be corrected accordingly.

By order of His Excellency the Commander in Chief,

R. GORDON,
Acting Adjutant General of the Army.

MHOW, *the 20th day of December* 1852.

Confirmed.

HEAD QUARTERS, MADRAS, *8th January* 1853.

(Signed) R. ARMSTRONG, Lieut. General, *Commander in Chief.*

The Sentence to be carried into effect under the orders of the Officer Commanding Mhow, and the imprisonment to be calculated from the 19th October 1852, the date of the original sentence.

26*th January* 1853.

At a District Court Martial held at Arcot, on Monday the 10th day of January 1853, Henry Hitchcock, Assistant Apothecary attached to the 2d Native Veteran Battalion, was arraigned on the following Charge, viz.

Charge.—For conduct to the prejudice of good order and military discipline in the following Instances.

First Instance.—In having at Arcot on the 23d of November 1852, when ordered by his superior Officer Assistant Surgeon William Lloyd, Doctor of Medicine of the 2d Native Veteran Battalion to give up a certain Pocket case of Surgical Instruments, made use of the following highly insubordinate, false, and insolent language, towards the said Assistant Surgeon, William Lloyd; namely "(you "treat me unjustly, and unfairly, I will not submit to be so treated, I will not stand such treatment "from any one; you have received no such orders from the Superintending Surgeon)" or words to that effect—at the same time insubordinately and contumaciously persisted in repeating the said language after he had been ordered to be silent by his superior Officer the said Assistant Surgeon William Lloyd.

Second Instance.—In having at Arcot in an official letter without date addressed to the Superintending Surgeon Centre Division and received on the 24th of November 1852, made use of highly insubordinate, false and disrespectful statements, having reference to his superior Officer Assistant Surgeon William Lloyd, Doctor of Medicine of the 2d Native Veteran Battalion.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence, is of opinion, that the Prisoner Henry Hitchcock, Assistant Apothecary in the Medical Department, attached to the 2d Native Veteran Battalion is

Guilty of the 1st Instance with the exception of the following words "namely you treat me unjustly,

" and unfairly, I will not submit to be so treated; I will not stand such treatment from any one, you have " received no such orders from the Superintending Surgeon."

Guilty of the 2d Instance of the Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, doth sentence him, the said Henry Hitchcock, Assistant Apothecary in the Medical Department, to be suspended from rank, pay and allowances, for the space of six calendar months.

ARCOT, *the* 11*th day of January* 1853.

These Proceedings are rendered invalid by the illegal composition of the Court, which is contrary to the provisions of the 112th Article of War, in as much as more than two of the Members were under the degree of Captain. I see much in the Prisoner's conduct deserving of punishment as it has been very disrespectful and insubordinate; but as the Prisoner has been two months in arrest and bears a very good character I will not order his trial by a second Court Martial, trusting that the escape he has had in this instance will be sufficient warning to him not to cavil at the orders of his superiors, or make unfounded and vexatious complaints.

The Second Charge is defective in not setting forth the parts of the letter to which culpability is attributable and the finding of the Court in the First Charge is a virtual acquittal.

HEAD QUARTERS, MADRAS, *this* 24*th day of January* 1853. (Signed) R. ARMSTRONG, Lieut. General, *Commander in Chief.*

The Prisoner to be released from arrest and to return to his duty.

At a District Court Martial held at Trichinopoly on Monday the 10th day of January 1853, John James West, Assistant Apothecary of the Medical Establishment, attached to the Superintending Surgeon's Department Southern Division, doing duty with a Detachment of Her Majesty's 84th Regiment of Foot, was arraigned on the following Charge, viz.

Charge.—For having at Semaveram on the 22d of December 1852, when on duty, and on the line of march, incapacitated himself for the performance of his duty by being drunk.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion, that the Prisoner, John James West, Assistant Apothecary of the Medical Establishment, attached to the Superintending Surgeon's Department, Southern Division is " Guilty" of the Charge.

Sentence.—The Court having found the Prisoner " guilty" as above stated, and having furthermore taken into consideration his general character, doth sentence him, the said John James West, Assistant Apothecary of the Medical Establishment attached to the Superintending Surgeon's Department of the Southern Division, to be suspended from rank, pay and allowances for a period of six months.

TRICHINOPOLY, 12*th January* 1853.

Confirmed.

Drunkenness in a Medical Subordinate should in general be visited with dismission from the Service; for the health and lives of others are not to be entrusted to the care of one who having divested himself of his reason by indulgence in liquor is in the state of an imbecile or madman. I only confirm this sentence as I find that the Prisoner has borne an irreproachable character during his service; and I remit three months of the suspension awarded because I am of opinion that suspension for so long a period cannot be advantageous to the Service.

HEAD QUARTERS, MADRAS, *the* 24*th of January* 1853. (Signed) R. ARMSTRONG, Lieut. General, *Commander in Chief.*

The period of suspension awarded Assistant Apothecary John James West, is to commence from the date of the promulgation of this order at Trichinopoly, which is to be reported to the Acting Adjutant General of the Army.

At a General Court Martial held at Bellary on Saturday the 18th day of December 1852, David Cole, General No. 2050, Gunner and Acting Canteen Serjeant in the B. Company of the 3d Battalion of Artillery, was arraigned on the following Charges viz.

Second Instance.—In having at Bellary on or about the 27th of September 1852, in his capacity as Acting Canteen Serjeant unwarrantably received from the Commissariat Department at Bellary, two hogsheads of porter of the value of Company's rupees seventy-two, the property of the East India Company and embezzled the same.

Third Instance.—In having at Bellary on or about the 19th of October 1852, in his capacity as Acting Canteen Serjeant unwarrantably received from the Commissariat Department at Bellary, one hogshead of porter of the value of Company's rupees thirty-six, the property of the East India Company and embezzled the same.

Fourth Instance.—In having at Bellary on or about the 28th of October 1852, in his capacity as Acting Canteen Serjeant unwarrantably received from the Commissariat Department at Bellary, one hogshead of porter of the value of Company's rupees thirty-six, the property of the East India Company and embezzled the same.

Fifth Instance.—In having at Bellary on or about the 2d of October 1852, in his capacity as

Acting Canteen Serjeant unwarrantably received from the Commissariat Department at Bellary, one cask of arrack, the property of the East India Company, and embezzled thereof sixty-nine gallons of the value of Company's rupees one hundred and twenty-five and annas one.

Sixth Instance.—In having at Bellary between the 1st of October and 6th of November 1852, embezzled and fraudulently misapplied the sum of Company's rupees seventy-two, the property of the Canteen of the B. Company of the 3d Battalion of Artillery, which had been entrusted to him in his capacity as Acting Canteen Serjeant by Lieutenant John Harvey Elwyn, Commanding the same Company for the purpose of being paid to the Commissariat Department at Bellary, being the value of two hogsheads of porter received therefrom.

Second Charge.—For disgraceful conduct, in having at Bellary between the 1st and fifth of October 1852, forged and uttered an indent for four hogsheads of porter on the Commissariat Department at Bellary, with intent to injure the East India Company, by fraudulently erasing the words and figures "two" and substituting the words and figures "four" in the heading and body of the indent and thereby making it appear to be an indent for four instead of two hogsheads of porter, the same having been duly signed by his Commanding Officer and delivered to him in his capacity as Acting Canteen Serjeant to procure the issue of two hogsheads of porter for the Canteen of his Company: he Gunner David Cole at the time he uttered the said forged indent well knowing the same to be forged.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence, is of opinion that the Prisoner David Cole, General No. 2050, Gunner and Acting Canteen Serjeant in the B. Company of the 3d Battalion of Artillery, is

Guilty of the 1st Instance of the 1st Charge, with the exception of the quantity embezzled, which the Court finds to be twenty-seven gallons and one pint, of the value of Company's Rupees fifteen, annas seven and pice eleven.

Guilty of the 2d Instance of the 1st Charge.
Guilty of the 3d Instance of the 1st Charge.
Guilty of the 4th Instance of the 1st Charge.
Guilty of the 5th Instance of the 1st Charge.
Guilty of the 6th Instance of the 1st Charge.
Guilty of the 2d Charge.

Sentence.—The Court having found the Prisoner Guilty as above stated and having furthermore taken into consideration the proof of his general character, doth sentence him the said David Cole, General Number 2050, Gunner and Acting Canteen Serjeant in the B. Company of the 3d Battalion of Artillery, to imprisonment without hard labor for eight calendar months, and to be kept in solitary confinement for the last seven days of the first, second, third, sixth, seventh and eighth months of such imprisonment, and furthermore that he be placed under stoppages to the extent authorized by the Articles of War, until the sum of Company's Rupees three hundred and fifty-six, annas eight and pice eleven, the loss arising out of his misconduct, be made good.

BELLARY, 31*st December* 1852.

Confirmed.—At the same time, I consider great blame attaches to the Subordinates in the Commissariat Department at Bellary, through whose irregularity and neglect in giving out beer and liquor without the necessary vouchers the Prisoner was enabled to pursue the line of fraud of which he has been convicted.

HEAD QUARTERS: MADRAS, *The 24th day of January* 1853. } (Signed) R. ARMSTRONG, Lieutenant General, *Commander in Chief.*

The fact of an Officer having very recently returned to his post from general leave, whether on medical certificate or private affairs does not debar him from the privilege of obtaining leave for 30 days under this para provided that the authorities, under whose competence it is to grant such leave, shall on consideration of the circumstances attending each application and having regard to the interests of the Service think fit to comply therewith.

Under this para, Officers may take the whole or any portion of the 30 days leave within the respective half years; and, although it is not necessary for them to be present *at the Musters* of 1st January and 1st July, still they cannot commence their leave of 30 days from any period of the preceding months of December and June.

GENERAL ORDERS.

HEAD QUARTERS: CHOULTRY PLAIN,

30TH MARCH 1853.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 18TH MARCH 1853.

No. 58 of 1853.—The Right Honorable the Governor in Council directs the publication of the following Despatches from the Honorable the Court of Directors, together with the Circular Letters from the War Office therein mentioned.

Letter dated 19th January 1853, No. 1.

We transmit herewith three Copies of a Circular letter from the War Office, No. 1,136 dated 16th December 1852, allowing Officers of H. M.'s Service to participate in the advantages afforded by Barrack Libraries.

CIRCULAR No. 1,136.

WAR OFFICE,
16th December 1852.

SIR,

50,120
23
13

The question of allowing Officers to participate in the advantages afforded by the Barrack Libraries having been brought under my consideration, I have much satisfaction in acquainting you, with reference to the Circular from this Department of the 6th May 1845, that the General Commanding in Chief has concurred with me in the propriety of extending to Officers of the Army the privilege which has hitherto been withheld from them in this respect.

These Institutions were originally established for the sole use of Non-Commissioned Officers and Soldiers, and I should have hesitated therefore to entertain this proposition, had I considered that it would interfere with the means of amusement and instruction specially designed for them during their leisure hours; but I feel confident, that with the great additions which have been made of late years to the contents of the Libraries, and under proper regulations, the extension of the privilege proposed to Officers may prove advantageous, by extending the interest taken in, and the utility of these establishments, without inconveniently or injuriously interfering with the use the Soldiers make of them at present.

It will be necessary however, to guard against such a possibility arising out of the unnecessary detention of Books by Officers, and I have to request that special instructions may be issued to the Officers Commanding the several Barrack Library Stations within your command, that the Books shall be delivered out to Officers and Men without partiality, and in the strict order in which they are applied for, and that you will take means effectually to prevent any Officer detaining Books beyond the prescribed period; and further to enforce this rule, that a proportionate penalty to that imposed on Soldiers, be enforced from Officers in any case of detention of Books beyond the times allowed by the rules of the Library; and should any Officer, so far abuse the advantage now afforded to him, as to incur this penalty three times in any quarter, he should be deprived of the privilege of the use of the Library.

The rate of payment to be made by Officers who may become Subscribers to the Library will be one day's pay of their Rank per annum, and the same should be paid to the Paymaster of the Regiment in quarterly sums, avoiding fractions of a penny, and credited in his accounts in the same manner as the Subscriptions of Soldiers under the directions contained in Article 398 of the Explanatory Directions of 1st July 1848, but a nominal list of the Officers subscribing should be annexed to Form 212, shewing the rates payable by each.

I have much pleasure in adding that in the beginning of next year, a further supply of Books will be issued for the use of Military Libraries.

I have the honor to be,
Sir,
Your obedient Servant,
WM. BERESFORD.

The General or other Officer Commanding.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, *15th March* 1853.

At a General Court Martial held at Kamptee, on Tuesday the 25th day of January 1853, Second Lieutenant Patrick St. George Græme of the First Battalion of Artillery, was arraigned on the following Charge, viz:

Charge.—For manslaughter, in having on the 8th of December 1852, at Kamptee, being then and there an Officer serving in the territories of His Highness the Rajah of Berar, feloniously and wilfully assaulted Venketsawmy, his servant, and then and there, feloniously and wilfully struck and kicked with his feet, the said Venketsawmy, in and upon the private parts, and thereby inflicted on the said Venketsawmy, a mortal injury by rupturing and lacerating the urethra, whereof the said Venketsawmy, died at the same place, on the 17th of the said month in the said year.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence, and the evidence in support thereof is of opinion that the Prisoner Patick St. George Græme, Second Lieutenant of the First Battalion of Artillery, is

Guilty of the Charge.

Sentence.—The Court having found the Prisoner Guilty as above stated, doth sentence him the said Patrick St. George Græme, Second Lieutenant of the First Battalion of Artillery, to imprisonment for six calendar months.

KAMPTEE, *the 2d of February* 1853.

The Court having performed the painful duty of awarding a punishment for the offence of which the Prisoner has been found guilty, beg respectfully and earnestly to recommend him to the favorable consideration of His Excellency the Commander in Chief, on account of the high character for humanity and mildness which he has produced before the Court, on account of the contrition expressed by him. His habitual kind treatment of the Natives generally, and its having appeared in evidence, and by the declarations of the dying man, that the *injury* caused by the one blow unlawfully inflicted, was accidental.

KAMPTEE, *the 2d of February* 1853.

I approve and confirm the sentence of the Court, but in consideration of their recommendation based on the evidence in the case, which shews that the single kick behind received by the deceased which occasioned the fatal injury was given by the Prisoner in a moment of irritation, heedlessly and incautiously but without any intent to harm him; and that the unfortunate result was such as could by no means have been anticipated; I mitigate the sentence by remitting that portion of the imprisonment which shall remain unexpired on the 1st of June next, on which date the Prisoner will be released.

HEAD QUARTERS: MADRAS, *14th March* 1853.

(Signed) R. ARMSTRONG, Licutenant General, *Commander in Chief.*

The mitigated sentence to be carried into effect under the orders of the Officer Commanding Nagpore Subsidiary Force, according to instructions transmitted to him by the Adjutant General of the Army.

19th March 1853.

At a Native General Court Martial held at Mhow, on Saturday the 15th day of January 1853, Shekh Madar, Regimental Number 353, Jemadar in the E. Company of the 33d Regiment of Native Infantry, was arraigned on the following Charges, viz:

First.—For scandalous and infamous conduct, unbecoming a Native Officer, in having at Mhow, on the 12th of May 1852, fraudulently obtained from Bawanee, Shroff in the Regimental Bazar of the 33d Regiment Native Infantry, for Private Shekh Homed of the E. Company of the said Regiment, the sum of forty Rupees, by giving to the said Bawanee, a paper of the nature of a bond of the said date, in which it was stipulated, that the said sum of forty Rupees was to be repaid by four Rupees a month and which purported to bear the signatures of himself, Jemadar Shekh Madar and of Havildar Ramapah of the said Company and Regiment, as securities for the fulfilment of the conditions of the loan; he, Jemadar Shekh Madar, well knowing the signature to the said paper purporting to be that of the said Havildar Ramapah, had been forged and counterfeited by himself, the said Jemadar Shekh Madar, without the knowledge of the said Havildar Ramapah.

Second.—For conduct to the prejudice of good order and Military discipline, in having at the same time and place, as set forth in the first Charge, in direct disobedience of the Standing orders for the Native Infantry, under the head "General Rules," page sixty-two, paragraph eleven obtained for, and caused to be lent to Private Shekh Homed of the same Company and Regiment, the sum of forty Rupees or thereabouts, he not having obtained the sanction of the European Officer in charge of his Company to the transaction.

Revised Finding.—The Court on the evidence before it, is of opinion that the Prisoner Jemadar Shekh Madar of the E. Company 33d Regiment of Native Infantry, is

Guilty of the 1st Charge.

Not Guilty of the 2d Charge.

Revised Sentence.—The Court sentences the said Jemadar Shekh Madar of the E. Company 33d Regiment of Native Infantry, to be suspended from rank, pay and allowances for a period of six calendar months.

MHOW, *the 4th of March* 1853.

The Court beg respectfully to recommend the Prisoner to the merciful consideration of His Excellency the Commander in Chief, as they are of opinion that the fraud practised by him was confined to the unwarranted use of the Havildar's signature without any intention that he or the Shroff should be losers thereby and that he was not aware of the serious nature of the crime he was committing.

MHOW, *the fourth of March* 1853.

Confirmed, but not approved.

The Court's apology for the Prisoner's misconduct is not admissible; but I remit two calendar months of the suspension, as I consider that description of punishment cannot be advantageously extended to so long a period as 6 months.

HEAD QUARTERS: MADRAS,
18*th March* 1853.

(Signed) R. ARMSTRONG, Lieutenant General,
Commander in Chief.

The period of suspension awarded Jemadar Shekh Madar of the 33d Regiment of Native Infantry, is to commence from the date of the promulgation of this Order at Mhow, which is to be reported to the Adjutant General of the Army.

No. 22.—The Commander in Chief directs the following alterations and corrections to be made in the General Regulations. Books to be corrected accordingly.

Section VI, page 64, para 16. Para 16, to be erased and the following to be inserted as para 12½.

"12½.—I. Officers who have been removed to the Invalids, on account of age, wounds or infirmities rendering them unequal to the active duties of a Military life, are exonerated from all responsibility connected in any way with the discipline, the cognizance of Offences and Duties of the Line, and entirely relieved from the charge of regulating and superintending the Details of Cantonments occupied by Effective Troops, the Senior Officer of which will discharge all duties appertaining to the Commandant of a Cantonment or Garrison.

II. When a Battalion or Detachment of Veterans, happens to be located within the limits of a Military Cantonment occupied by Effective Troops, the Commanding Officer of such Battalion or Detachment, will confine himself strictly to the control and management of his own Corps—corresponding and reporting in the usual manner, through the Commandant of the Station, if the latter be Senior, and direct with the next superior authority, should he be Junior to him.—Invalid Officers located at a Station with Effective Troops, are not to be put upon a Roster for general duty.

III. An Officer of Invalids, may at any time be specially appointed to the general superintendence of Troops of either or both branches at a Garrison Station, should the Commander in Chief or the Governor in Council think fit so to direct."

Clause XI, to be altered and to stand as follows.

Section XI, head "Arms and Accoutrements." Para 3, Clause XI, page 113.

Plate between the two screws which secure the Plate to the Butt. Should any of these Arms be afterwards returned into Arsenals in a *serviceable* condition and reissued to Corps, they are in like manner to be marked by the Ordnance Department, with the year in which they may have been so returned and reissued. The letters and figures are never, during any subsequent repairs, or transfer from one Troop or Company to another, to be filed out. These markings are altogether independent of the Regimental marking above referred to.

The example in the margin* illustrates what is required, viz.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 6TH MAY 1853.

No. 90 of 1853.—The Right Honorable the Governor in Council is pleased to direct the establishment in this Presidency of the following Rules, corresponding with the rules and practice on the same subject in force in the Bengal Presidency, in supercession of the undermentioned Madras Regulations.

I. Field Officers Commanding Divisions of Artillery draw a Staff Allowance of 300 Rupees per month, but when the Command of a Division is united with that of a Battalion of Foot or Brigade of Horse Artillery, then the Superior Staff Allowance of 400 Rupees for the latter shall alone be drawn, it being intended that the inferior allowance of 300 Rupees shall only be drawn by Officers not entitled to the Superior Allowance above mentioned. The above allowance of 300 Rupees per month is not admissible to any below the Rank of "Regimental Field Officer."

Cancels para 2, Head "Artillery" Section 9th, page 136 of the Code of Pay and Audit Regulations.

II. The Officer appointed Adjutant and Quarter Master to a Division of Artillery is entitled to the same allowances* as the Adjutancy to a separate Wing, and the Adjutancy to a Division of Artillery is considered a substantive appointment entitling the holder to Half Staff Pay Rupees 45–10–6 per mensem when on leave. To give claim to the allowances of Adjutant to a Division of Artillery it is not necessary that all the Troops and Companies comprising the Division should be located at the same station.

* Staff Pay	91 5 0
Office Allowance ...	30 0 0
Horse do	30 0 0
Office Tent	30 0 0
Company's Rs.	181 5 0

Cancels para 3, Head "Adjutants" Section 4th, page 47 of the Code of Pay & Audit Regulations and also so much of the revised para under the same head published in the Appendix to the Code page 475 as relates to Adjutants to Divisions of the Artillery.

III. Division Command allowance is payable to a Field Officer only when the Head Quarters of three Troops or Companies of Artillery constitute his Division wherever situated.

Cancels so much of para 1 of Addenda to the Code of Pay and Audit Regulations page 483 as declares a Division of Artillery to be in all cases of the same strength as a Wing.

IV. When the Adjutant of a Brigade or Battalion shall be called upon to perform the duties of Staff to a Division of Artillery, if such Division be composed of more than two Troops or Companies European or Native not of the same Brigade or Battalion he is permitted to draw 20 Rupees per mensem in addition to his other allowances to cover the expense attendant on the Staff duties of the Division. This rule is to have effect from the 1st June 1853—but is not to apply to the Mount at which Station the allowance will continue to be Rupees 35 per mensem as heretofore.

Cancels para 4, head "Adjutants" Section 4, pages 47 and 48 of the Code of Pay and Audit Regulations.

V. A Field Officer of Horse Artillery Commanding a Division of Artillery composed of Horse and Foot is entitled to Horse Artillery Allowances.

VI. An Officer of Horse Artillery, acting as Adjutant and Quarter Master to a Detachment consisting of Horse and Foot, is not entitled to Horse Artillery pay and Horse allowance so long as he continues to draw the authorized Staff allowance of Rupees 181–5–0 per month, unless the Troop to which he belongs forms part of the Detachment to which he is Staff; and, with reference to the rule which declares the Adjutancy to a Division of Artillery a substantive appointment, on being nominated thereto he is to be posted to the Foot Artillery, and receive the pay and allowances of the dismounted branch while so employed and posted, from the date of his coming into receipt of the Staff allowance of his situation.

VII. The following is the proportion of European Non-Commissioned Staff for Divisions of Artillery, the Head Quarters of a Brigade or Battalion not being present.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, *4th June* 1853.

At a General Court Martial held at Trichinopoly, on Friday the 14th day of January 1853, and continued by adjournment, Lieutenant William Boardman of the 13th Regiment of Native Infantry, was arraigned on the following Charge, viz:

Charge.—For behaviour unbecoming the character of an Officer and a Gentleman in the following Instances.

First Instance.—In having at Trichinopoly, on the 20th of March 1853, in a note of the same date addressed by him, to Captain James William Gammell Kenny, Acting Adjutant of the 13th Regiment of Native Infantry, maliciously and deceitfully written for the purpose of bringing to notice, that Lieutenant Robert Ormsby Cary of the same Regiment, had borrowed money from Lance Naigue Bram Cawn of the G. Company of the same Regiment, wilfully and deliberately made the following false statement with reference to the transaction, namely, "Lance Naigue Bram Cawn, now requests me to do something for him, to enable him to get the money before Cary leaves this place;" whereas, neither the said Lance Naigue Bram Cawn, nor any one on his behalf, had made any such request of him, Lieutenant William Boardman, but such false statement was made with intent to injure Lieutenant Robert Ormsby Cary and conceal his, Lieutenant William Boardman's, real motives in bringing the aforesaid pecuniary transaction to notice.

Second Instance.—In having at Trichinopoly, on the 21st of March 1853, before a Court of Inquiry, then and there assembled for the purpose of enquiring into the alleged money transaction, aforesaid, between Lieutenant Robert Ormsby Cary of the 13th Regiment of Native Infantry, and Lance Naigue Bram Cawn of the G. Company of the same Regiment, and with reference to a Promissory Note or Receipt for eighty Rupees, said to have been given by the said Lieutenant Robert Ormsby Cary, to the said Lance Naigue Bram Cawn, for money received, wilfully, deliberately and falsely stated as follows, namely, "Naigue Mahomed Uneef, brought it to me at my house yesterday morning and said that Lance Naigue Bram Cawn, had told him to bring it and requested me, to use my interest in getting the money paid before Lieutenant Cary left the Station, Lance Naigue Bram Cawn, being on duty," or words to the same effect, whereas, he the said Mahomed Uneef, had brought the said Promissory Note or Receipt at the requisition of the said Lieutenant William Boardman, and had not told him, that Lance Naigue Bram Cawn, had told him to bring it, nor made any such request as that stated by him, Lieutenant William Boardman, but such false statement was deceitfully made by him, Lieutenant William Boardman, with intent to account for his interference in bringing to notice, the pecuniary transaction in question.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion, that the Prisoner Lieutenant William Boardman of the 13th Regiment of Native Infantry, is

Not Guilty of the Charge.
Not Guilty of the 1st Instance of the Charge.
Not Guilty of the 2d Instance of the Charge.

And do therefore acquit him, the said Lieutenant William Boardman of the 13th Regiment of Native Infantry, of all and every part of the Charge.

TRICHINOPOLY, 17*th May* 1853.

Approved and Confirmed.

I congratulate Lieutenant Boardman that the Court have fully exonerated him from a Charge which so deeply affected his character.

No. 130 of 1853.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 10th June, 1853.

No. 489 *of* 1853.—With the sanction of the Hon'ble the Court of Directors, as communicated in their Military Letters to the Government of the Presidency of Fort William in Bengal, No. 130, of the 20th October, 1852, and No. 49, of the 20th April, 1853, para 14, all existing orders as far as they relate to the withdrawal of Officers from their Regiments for Staff, Civil, or Military or other detached employ, are hereby cancelled, and the following rules, applicable to the three Presidencies, are substituted:

1. No Officer can be appointed to a situation on the General Staff, or to any other detached employment, Military or Civil, (except that of Aide-de-Camp,) until he shall have performed three years' Regimental duty with a corps of the line.

2. An Officer may hold the situation of Aide-de-Camp after having served one year with his Regiment; but the period passed in that situation, except when employed on Field service, is not to be counted in the Regimental duty above prescribed.

3. No Officer is eligible to hold the situation of Adjutant General, Quarter Master General, Military Auditor General, or Commissary General, who has not previously attained the rank of Major in the Army, unless he shall have actually served *twenty* years in India. The Deputies in those Departments must have attained the rank of Captain in the Army, or have served *twelve* years in India, and the Assistants, if they have not attained the rank of Captain, must have served *ten* years in India. No Commissioned Officer is eligible to an appointment in the Ordnance Commissariat Department until five complete years from his first joining the Artillery. The situation of Deputy Principal Commissary of Ordnance may be held by a Regimental Field Officer; or by a Captain if he be actually serving in the Department; but no Officer under the degree of a Field Officer in the Army can be appointed Principal Commissary of Ordnance.

4. No Officer can be appointed to the Department of the Quarter Master General of the Army until he shall have passed an examination in surveying and plan-drawing.

5. No Officer can be appointed to the Commissariat Department until he shall have passed the examination in the Native languages prescribed for Interpreters, as well as the prescribed Departmental examinations.

6. No Officer who has entered the Service since the 9th January, 1837, can be appointed to any Staff situation, or to any other detached employment, Military or Civil, until he shall have passed the prescribed examination in Hindoostanee.

7. No more than *six* Officers, including Field Officers, Captains, and Subalterns, can be permanently withdrawn for Staff or detached employ, from any Regiment of Native Cavalry or Infantry; but a *seventh* may be taken in cases of great emergency, with the sanction of Government: of these numbers, however, no more than *three* can be of the rank of Regimental Captain.

8. As a general rule, when three Captains are absent from a corps, all on permanent employ, and a Subaltern of the same corps, holding also a permanent detached appointment to which he is eligible both as Subaltern and Captain, is promoted to Regimental Captain, the Officer so promoted shall be required to vacate his appointment; but if one or more of the three Captains withdrawn be Officiating only, the Subaltern promoted will retain his appointment, and the Captain last withdrawn for an Officiating appointment shall rejoin his Regiment. It is, however, optional with Government to retain, on public grounds, the services of the Subaltern promoted, notwithstanding the number of absent Captains may exceed the limit of three.

9. Officers unequal for a limited period to the performance of Regimental duty from wounds received on service, may be appointed to Staff and Civil situations, without reference to the number absent from the corps to which they belong; but this rule is not to be considered as sanctioning any permanent increase of withdrawals for Staff employ from the Regiments of such Officers, the number allowed from them being, as from all other corps, limited to six, to which it is to be reduced as situations lapse.

10. A Staff situation which can be held only by an Officer whose Regiment is serving at the station, or forming part of the garrison to which the appointment appertains; and any vacancy occasioned by the absence of the permanent incumbent for a short period, may, on an emergency, be filled up by the nomination of an Officer on the spot, without reference to the number of permanent absentees; provided the Commander-in-Chief is of opinion that he can be spared from Regimental duty: but an Officer so nominated, if not before relieved, must return to Regimental duty on his corps marching from the Station or Garrison in which he is so temporarily employed on the Staff.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

ADJUTANT GENERAL'S OFFICE: FORT ST. GEORGE, *6th July* 1853.

No. 46.

The following revised Section of the General Regulations headed "*Native Languages and Regimental Moonshees*" is published to the Army in substitution of all previous Orders on the subject. Books to be corrected accordingly.

SECTION XXIV.

1. No Officer of the Indian Army, whether serving with an European or Native Corps, can be considered properly efficient who is not able to converse freely in Hindoostanee or some other of the Native languages, and to read and write sufficiently to understand common letters and to issue his orders, when necessary, to detached parties.

2. The acquirements of Officers in the Native languages are invariably to be reported upon atthe annual inspection. These Reports are to be founded on the actual observation of the Commanding Officer, who will be held responsible for their correctness in every point. In no instance is the opinion of an Officer, present with the Corps, to be taken upon his own acquirements. Every Officer of the Regiment is to be included in the Rolls, whether present or absent.

3. Officers Commanding Divisions and Forces are authorized to assemble Examining Committees in January, April, July and October of each year.

4. To ensure as far as practicable an uniform standard being applied to all who submit themselves for examinations, written exercises for translation will be prepared periodically by the College examiners and forwarded to out-stations thro' the Adjutant General.

5. The course of examination for each class is as follows:

FOR THE "HONORARY REWARD" AND "INTERPRETER."

Hindoostanee.

I. The Examiners and Officer to be examined are to bear in mind that upon the qualifications of the latter may depend not only the good of the public service, but the life, or reputation, and happiness of parties on whose account he will be bound on oath fully and correctly to interpret.

II. Translation from Hindoostanee into English, not less than an ordinary octavo page in length of the "Hindoostanee selections" or any part therein comprised in the following works from which they are made, viz.

1. Chuhar Durwish,
2. Gooli Bukawallee,
3. Ukhwanoos Suffa,
4. Goolistan.

III. Translating from English into Hindoostanee not less than an ordinary octavo page in length in such a manner as to evince a decided familarity with the language, and some elegance of style. This paper may consist of a letter or Military despatch, or it may be selected from any English work, but not from a translation from an oriental language. unless of purely English idiom and construction. It is not required that a difficult paper should be selected for this exercise, but only that it should be of such a description as fairly to test the Students knowledge of idiom and capability of making correct and clear translations of such orders and papers as may be expected to come within the course of an Officers duty.

IV. Translating from English into Hindoostanee a paper of short sentences, the greater part on professional subjects, to be rendered accurately and idiomatically.

These translations are to be made in writing, and without dictionaries or other aid. The exercises will be forwarded to out-stations on application to Army Head Quarters for the precise number required.

V. Reading aloud fluently and afterwards translating correctly, portions of any of the test books; and also a fairly but not very clearly written manuscript in Hindoostanee.

VI. Conversation with the Examiners, or with two or more Non-Commissioned Officers or Privates in presence of the Examiners, on such subjects proposed by them, as are calculated to test his colloqnial facility both as regards scholarlike expression and knowledge of terms and phrases as commonly used by the poorer and uneducated classes. The candidate's colloquial facility can best be tested by requiring him to translate the proceedings of a General Court Martial, a duty that may frequently be required of him, and the Examiners will use this test in addition to such other subjects as they may see fit.

The Officer is to be allowed to read over the charge and to translate it from the record, which is then to be taken by one of the Examiners, who will read out the different parts of the evidence for translation by the Officer to the Privates, both Moossulmans and Hindoos, in attendance on the Examiners, who

will satisfy themselves that the Officer's interpretation is clearly and correctly understood. In translating the finding and sentence the Officer is again to be allowed the use of the record.

VII. The course prescribed above for Hindoostanee is equally applicable to examinations in Arabic, Persian, Mahratta, Canarese, Tamil and Teloogoo. The written exercises into English to be selected from the following works.

In Arabic.....	1. Alif Laila, 2. Ikwanoo Safa, 3. Nufhat-ool-yuman.
In Persian	1. Gulistan, 2. Bostan, 3. Anwaree Soheilee.
Mahratta	1. Punchopakhyan, 2. Æsops Fables, 3. Bali Mittra.
Canarese.....	Æsops Fables.
Tamil	Punchatuntra.
Teloogoo	1. Morris' selections, 2. Punchatuntra, 3. Vikra Marka Tales.

Officers examined as Interpreters in other than the Hindoostanee language are not, when not qualified as Interpreter, to be passed for Staff employ.

Forms of Report for the above languages as prescribed for Hindoostanee.

ADJUTANTS.

I. Translating in writing from Hindoostanee into English an ordinary Native letter or urzee.

II. Translating into Hindoostanee a couple of paragraphs, or about half a page, selected from part III of the Cavalry Exercise, Sections XIV to XIX, or from part V of the Infantry—or from Duties in Garrison, or Camp, or Escalading Drill. These translations to be made in writing and without assistance

III. Reading to the Examiners the letter before translated.

IV. Translating extemporally the evidence read out from the proceedings of a Court Martial as prescribed for an Interpreter.

V. Conversation as prescribed for Interpreters.

FOR OFFICERS OF TROOPS AND COMPANIES.

I. Translating from Hindoostanee, Tamil, or Teloogoo, into English, in writing a short letter or urzee plainly written and of easy style such as an Officer is liable to receive in common course of duty.

II. Reading the above to the Examiners.

Cavalry XXXI, LIII. Infantry XIII. Native Ranks XXXV.

III. Translating extemporally any paragraph from the Sections of Standing Orders noted in the margin.

IV. Conversation with the Natives in attendance upon ordinary Regimental subjects such as to satisfy the Examiners that the Officer is able to understand correctly, and to express intelligibly upon all the usual matters of duty—including the names of all articles of regimental equipment of every kind.

MEDICAL OFFICERS.

This examination is not required to extend beyond the Officers colloquial knowledge of Hindoostanee, Tamil or Teloogoo, which should be equal to that required of an Adjutant. Medical Officers should be able to understand correctly what may be stated by a patient, and to communicate freely with him in reply—which the Examiners will ascertain by causing the Non-Commissioned Officers or others to address themselves as patients, the Medical Officer explaining to the Examiners what is said and making appropriate replies.

The conversation is not to be confined to the mere description of a disorder or the particular symptoms of a patient and the names of medicines to be used. The Officer should be able to converse with readiness on general subjects, so as to enable him to meet the objections and prejudices habitual to the Native mind and to reconcile the patients to the mode and means of European cure.

The form prescribed for Adjutants, as far as applicable, to be adopted for recording the examinations of Medical Officers.

6. It will be sufficient that the hand writing is clear and legible—and in the case of Adjutants, that a general knowledge of idiom and grammar be evinced.

7. From Interpreters a greater degree of proficiency will be required in all particulars. In Hindoostanee, the dialect of southern India is to be used in speaking and writing.

8. Officers are not to be examined as Adjutants, unless under orders from Head Quarters, or when Commanding Officers may wish to nominate them for the permanent appointment.

9. Officers of Artillery are allowed to be examined as Adjutants either in Hindoostanee or Tamil which will be sufficient to qualify them for the combined appointments of Adjutant and Quarter Master.

10. Examination reports prepared separately for each Officer (Forms I, II, and III as may be applicable), are to be forwarded together with the written translations, exercises, Native letters, and the Committee's opinion on the manner in which the candidate has passed the viva voce examination—thro' the prescribed channel to the Adjutant General of the Army to be laid before the College Examiners by whom the decision on the Candidate's proficiency will be pronounced.

11. When an Officer has been examined as Interpreter in Hindoostanee the College Examiners may pass him as qualified for the General Staff and Adjutant, altho' not fully competent to discharge the duties of an Interpreter.

12. Moonshee Allowance for six months or one hundred and eighty Rupees is allowed to every Officer who shall pass an examination as Interpreter in any Native language.

13. When the College Examiners may be of opinion that the Officer if a Subaltern has made creditable progress evincing diligent attention to the study of the language for not less than six months they are authorized to recommend him for the moonshee allowance though they may not pass him as Interpreter.

14. The grant of the Honorary Reward of a thousand Rupees to Officers passing in two or more Native languages will in future be restricted to successful examinations before the College Examiners Fort Saint George in Arabic, Persian, Hindoostanee, Mahratta, Canarese, Tamil and Teloogoo, provided that one of the Native languages chosen must be of Mahomedan origin, either Arabic, Persian, or Hindoostanee, and another of Hindoo origin, either Mahratta, Canarese, Tamil or Teloogoo. Further proficiency in a third and fourth or more of the Native languages will, however be subsequently submitted for the favorable consideration of the Honorable Court of Directors. The course of examination is that prescribed in preceding para 5, clause II to VI.

15. Medical Officers being Military are also entitled to the Honorary Reward of (1000) one thousand Rupees on passing the test of qualifications in two or more Native languages.

16. Officers whether Military or Medical who may pass in 2 or more Native languages if about to retire from the Service are not entitled to the Honorary Reward of (1000) one thousand Rupees.

17. Officers who have passed prior to the 16th of April 1852 will be required to pass a fresh examination before the College Board to entitle them to claim the 1000 Rupees reward.

18. The following honorary marks are to be placed in the monthly returns and other records against the names of Officers who have passed in any Native language according to the class of proficiency.

I. For Officers who have obtained the Honorary Reward for passing in two or more languages the prefix (Hon. Rwd.) followed by the prescribed letters indicating the languages in which they have passed.

II. For Officers who have passed as Interpreter—Ar. for Arabic—C. Canarese—H. for Hindoostanee—M. for Mahratta—Mm. for Maylayalum—O. for Oorea—P. for Persian—T. for Tamil—Te. for Teloogoo—Sci. for Scinde all in roman capitals in red ink.

III. For Officers who have been examined as Interpreters and have received the Moonsheeallowance for creditable progress and those who have passed for Troops, Companies, or Medical charge—the same in small italics black.

IV. For Officers who have passed under the provisions of para 11 the letter S. in roman capital black—or if simply on the papers of an Adjutant the letter a. in small italics black.

19. In order to facilitate the studies of Officers, books will be supplied to Corps on loan, on application from the Commanding Officer to the Secretary to the College Board.

20. These books are to be placed in charge of the Interpreter, in whose office they are to be carefully registered—an Annual Return thereof being transmitted to the Secretary on the 1st January—Form No. IV.

21. Any book lost or injured, and not accounted for to the satisfaction of the College Board, will be charged to the Officer in whose possession it may have been at the time, and the value will be deducted from his pay.

22. Arrangements are required to be made by Corps for the carriage of the books to and from the College.

23. Officers of the Army, are permitted to purchase books from the College Library, application to be addressed to the Secretary to the College Board,—the cost of such books being payable as follows:

I. Books supplied as above, the aggregate value of which shall not exceed five Rupees, are to be paid for on issue.

II. Books purchased the aggregate value of which shall not exceed one hundred Rupees, are to be paid for by regular monthly instalments of five Rupees. For purchases exceeding in aggregate value one hundred Rupees, the monthly instalments will be seven and a half Rupees; and for such as shall exceed one hundred and fifty Rupees, the instalment will be ten Rupees per mensem.

III. The sums payable to Government by Officers of the Army, on the above account, will be recovered by Paymasters and remitted to the Secretary to the College Board, under instructions to be communicated to them by the Accountant General.

IV. A list of Books for sale at the College Library under the above terms will be published from time to time in General Orders.

24. Regimental Moonshees are to be entertained by Interpreters of Corps, subject to the approval of Commanding Officers, who are required to satisfy themselves that the individuals are perfectly eligible for the situation both in point of acquirements and in regard to general respectability of character.

25. They are not to be borne upon the returns, and may be discharged and replaced by Interpreters, under the authority of Commanding Officers, without reference to any other authority, and without discharge certificates.

26. Regimental Moonshees are under the immediate direction of the Interpreter, whom they are required to assist in any manner that may be ordered. They are not however, to be employed upon any occasion on the parade ground—Interpreters being required personally to read and explain whatever may require to be communicated at such times to the men.

27. Their attendance upon other Officers of the Regiment will be regulated by the Interpreter, under the sanction of the Commanding Officer as circumstances may require.

28. The sum allowed for this attendance is three and a half Rupees monthly for each hour daily (Sundays excepted) and no Officer shall be permitted to exceed this rate, which is to be regularly handed over to the Interpreter on each issue of pay.

29. At stations at which Artillery may be serving to which no Interpreters are attached, Commanding Officers will cause them to be provided with translations of orders as required, from Native Corps, the Moonshees of which are to be detailed for the purpose of reading the same on the parade.

30. Regimental Moonshees are also required to give such aid as may be ordered in the superintendence of the Regimental Schools.

31. Neglect of duty or other misconduct on the part of a Regimental Moonshee will subject him to fine, by order of the Commanding Officer, to an extent not exceeding one third of his fixed pay.

The Court having awarded a punishment which they consider commensurate with the offence of which the Prisoner has been found guilty, beg most respectfully to recommend him, on account of his long service of nearly forty years, to the merciful consideration of His Excellency the Commander in Chief.

BANGALORE, 26*th July* 1853.

From the conflicting nature of the evidence, I have doubts as to the cause which led to the Prisoner's being unable to give his evidence properly before the District Court Martial, and I shall give him the benefit of these doubts by withholding my confirmation of the Sentence. I regret to observe that proper steps were not taken, at the time, to ascertain the cause of the Prisoner's inability to give evidence. He is to be released from arrest and will return to his duty.

Finding.—The Court having maturely weighed and considered the evidence before it and what has been stated in defence is of opinion that the Prisoner Major Thomas Henry Ottley of the Invalid Establishment of the Bombay Army is

Not guilty of the 1st Instance of Charge.
Not guilty of the 2d Instance of Charge.
Not guilty of the 3d Instance of Charge.

The Court fully and honorably acquits the Prisoner of the Charge.

OOTACAMUND, 18*th July* 1853.

Revised Finding.—The Court having duly and seriously considered the remarks of His Excellency the Commander in Chief would respectfully submit that the decision was come to after months of anxious and painful investigation.

The Court considered much of the evidence adduced on the part of the prosecution to be utterly unworthy of belief; and with this conviction it is obvious that the Court cannot conscientiously adopt the views of His Excellency the Commander in Chief and therefore with submission begs to adhere to its former decision.

OOTACAMUND, 5*th August* 1853.

Confirmed—but not approved: it having appeared to me that in some points the Court's verdict was not in accordance with the facts of the case, I directed a revision, calling the attention of the Court particularly to these points, and generally to the desirableness of reviewing the whole case: the Court has adhered to its original verdict, and being unwilling to deprive Major Ottley of the full benefit of the honorable acquittal he has received, I shall refrain from noticing the reason which the Court has assigned for the conclusion it arrived at on the charge, or the relevancy of that reason to the grounds on which I felt it my duty to return the Proceedings for revision.

While giving the Court credit for the patience which it has bestowed in the investigation of the charges, I must at the same time express my regret that it should have allowed so much of its time to be taken up with the admission of irrelevant matter, and by unnecessarily prolonged adjournments,—calculated as they were, on the one hand, to embarrass the Court in arriving at a correct conclusion, and on the other to cause inconvenience to the public service, and unnecessary expense to the State

Colonel Watson, as President of the Club Committee at the period the charge was preferred, was requested by me, to undertake the Office of Prosecutor—and it was solely on this account that he so appeared; I regret that with a knowledge of this fact, the Court should have allowed the prisoner to indulge in a strain of invective against that Officer, not necessary in any way for his defence, and incompatible, under any circumstances, with the character of the tribunal before which it was uttered.

I must also express my disapprobation of the admission on the record of personalities, and reflections, on parties not before the Court; and particularly on the Officer, who at the Prosecutor's request, was permitted by the Court to assist him and which permission gave that Officer a special claim to the Court's protection.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: BANGALORE, 29*th August* 1853.

No 56.—1. In notifying to the Army his acceptance of Colonel Vivian's resignation of the appointment of Adjutant General, which that Officer has held with so much advantage to the Public Service for a period of four years, Lieutenant General Sir Richard Armstrong desires to offer his best acknowledgments to Colonel Vivian for the zealous and able assistance he has on all occasions rendered the head of the Army.

2. While the Commander in Chief cannot but feel regret at the loss of so valuable a Staff Officer, His Excellency avails himself with much pleasure of the opportunity afforded him of recording in General Orders his deep sense of Colonel Vivian's long and meritorious services.

3. Colonel Vivian was present at all the engagements* in which the 18th Regiment Native Infantry was employed during the War in 1824–26. Colonel Vivian also Commanded the Force detached in 1841 to regain possession of the Fort of Nepaunee from a body of Insurgent Arabs, on which occasion the Right Honorable the † Governor in Council of Bombay, and the ‡ Commander in Chief of this Army expressed their high approbation of the judicious arrangements made for the reduction of the Fort.

4. It has afforded Sir Richard Armstrong unfeigned satisfaction to bring to the special notice of Government his appreciation of Colonel Vivian's services, in the hope that should that Officer return to India, an early opportunity may occur for his re-employment in some situation in which his superior Military qualifications may be made of still further use to the State, and to the Army of which he is so distinguished a Member.

* Colonel Vivian originally embarked with the 18th Regiment and served with it during the whole of the first Burmese War. He is mentioned in Official Records as having distinguished himself in action on several occasions. Among the various operations in which he participated, he was present at the attack and capture of several Stockades at and near Kemmendine. Commanded a Detachment which proceeded in boats up the Taulebain River, captured several very strong Stockades—and he was engaged in the assault of the entrenched works at Kokein—at Paulang and at Donabew.

In December 1824 the 18th Regiment with H. M. 13th L. I. were ordered to attack the entrenched camp of the Burmese, on which occasion the conduct of the Regiment called forth the applause and thanks of the Commander of the Forces who stated in his Official Despatch that "he had never seen a more gallant charge." Colonel, then Lieutenant and Adjutant, Vivian is stated to have been "most conspicuous and forward in this affair" in which he was also slightly wounded.

With the sanction of Government Captain (Brevet Major) B. S. Sullivan of the 4th Regiment Light Cavalry, is appointed to do duty with the 5th Regiment Light Cavalry until further orders, and he will proceed to join under instructions from the Officer Commanding Saugor Division.

FORT ST. GEORGE, 27TH SEPTEMBER 1853.

No. 196 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 6th September 1853.

No. 701 of 1853.—The Most Noble the Governor General of India in Council is pleased to direct that the following paragraph of Military letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated the 13th July 1853, be published in General Orders:—

" Para. 4.—In reply to these inquiries, we have to apprise you that the Adjutancy of the Corps of Sappers and Miners should be declared incompatible with the appointment of Assistant Field Engineer, and that Brevet Captains, like other Subalterns of Engineers, are ineligible to the appointment of Field Engineer, and can only be so employed in the grade of Assistant Field Engineer, agreeably to the regulations of the Service."

Letter dated 22d March 1853, *No.* 62.
Advert to para. 141 of No. 127 of 1849, and solicit instructions whether the Command of the Sappers and Miners having been declared incompatible with the appointment of Field Engineer, the Adjutancy should or should not in like manner be declared incompatible with the appointment of Assistant Field Engineer, and whether Brevet rank can be considered as giving a regimental Subaltern a claim to a Field Engineership.

The foregoing rule is declared applicable to the three Presidencies.

No. 702 *of* 1853.—The Most Noble the Governor General of India in Council is pleased to direct, that the following paragraphs of Military Letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated 13th July 1853, be published for general information :—

Para. 2.—We have lately apprised the Government of Bombay, in reply to their inquiry whether Soldiers who purchase or obtain free discharge under recent Regulations are entitled to free passage to England, "that Soldiers who purchase their discharge are not entitled to passage to Europe at the public expense; but that those who obtain a free discharge are entitled to a free passage provided they enlisted in Europe."* Under this rule Private Cotton was entitled to a free passage to this Country.

Letter dated 21*st March* 1853, *No.* 61.

Submit papers relative to free discharges of Soldiers, and to their passage to Europe. In the case of Private Cotton, Her Majesty's 96th Regiment, who has served 12 years, with two distinguishing marks, application has been made for a free discharge for the purpose of returning to England, he being willing to pay his own expenses rather than wait till the Invalids of next season are sent home.

* Military Letter dated 29th June 1843, No. 44, Para. 5, to the Government of Bombay.

3. The Circular dated Horse Guards 8th December 1852, is applicable to Her Majesty's troops serving in India. By it Soldiers entitled to free discharges, who wish to avail themselves of that indulgence and to return home, are not to be finally discharged in India, but are to be sent to the United Kingdom when opportunities offer, and be finally discharged on their arrival. As they are to be under Military discipline during the voyage, they must generally be sent with detachments of Invalids, and be placed under the orders of the Officers in Command. In special cases, when the Commander-in-Chief may deem a Soldier worthy of the indulgence and recommend him for it, we are not aware of any objection to his being allowed to proceed separately, and to his being granted for this purpose the amount of passage money which would be incurred if he remained in India to proceed with the Invalids, the average cost of passage-money in that season being allowed him for that purpose.

* Foreign Department, No. 226, dated 30th June 1853.

1st. The rate of batta to be regulated according to the Regimental rank in which the individuals were serving at the date of the Notification granting the donation, unless entitled to a higher rate annexed to Staff employment.

2d. The claims of all deceased Officers and Men are to be included in the abstracts of Companies, Detachments or Departments; and it will be particularly specified, in the column of remarks, in the nominal roll accompanying each bill, whether the heirs or assigns of the deceased are present, as only in case of their presence, will the amount be issued by Paymasters, for the purpose of being paid over under the order and responsibility of Commanding Officers. In cases where the heirs or assigns are not present, the amount drawn will be deducted from the bills and transferred to the General Treasury, by Paymasters, for deposit until legally claimed.

3d. Bills for Men absent from their Corps will be submitted by the Officer by whom their pay may be drawn—supported by Certificates of Service in Burma.

4th. Each bill will be accompanied by a nominal roll of all ranks drawn for in it, agreeably to the following form; and European Officers who may have been employed on the Staff, or who may have been intermediately transferred to Regiments not serving with the Force, or who may be absent on leave, will prepare and submit separate bills, supported by Certificates of Service in Burma.

6th. These rolls will be deposited in the Military Audit Office for future reference, in the event of disputed or additional claims to the donation being preferred.

2. Under the terms of the grant the donation is claimable by, or on account of, all Officers and Men who served in Burma during the War, without reference to Service with their Regiments in the Field, or to the period, whether long or short, of such employment in Burma, and including the Troops serving in the Tenasserim Provinces with the exception of the 30th Regiment Native Infantry which is not entitled.

FORT ST. GEORGE, 7TH OCTOBER 1853.

No. 202 of 1853.—It appearing that the purport of the last clause* of the rule under the head of "Foreign Service" in Section 3d, page 41 of the Code of Pay and Audit Regulations, has been, in some cases, not clearly understood, the Right Hon'ble the Governor in Council, is pleased to notify, for the information of parties concerned, that it merely relieves Officers from personal responsibility, on account of other parties, for whom, in conformity with Regulation, they draw money, from the public Treasury, but by no means converts the advance of Pay and Allowances, therein adverted to, or any part thereof, into a gift, or donation, under any circumstance whatever.

* The advance will be drawn on Abstract, and should casualties occur before the expiration of the period for which the advance is made, the drawing Officer will not be subject to retrenchment on their account.

2. When casualties have occurred before the expiration of the period, for which the advances in question were made, the same course has been followed as in the case of other advances, viz. all overpaid balances have, whenever practicable, been recovered from the Estates of the parties who received the advances, and this practice corresponds with the Bengal rule, on the subject, republished in the margin, for general information and guidance.

"The Estates of all deceased Officers are responsible to the State for any advances of Pay or Allowances made to them, should they die prior to the termination of the period for which the advance was made."

The above allotments of articles constituting the "Field" and "Reserve" kits, are intended for ordinary occasions.—The proportions can be varied under varying circumstances, at the discretion of Commanding Officers.

2. Carriage for the Baggage of the European Soldier being supplied by the State, the Knapsack has been abolished and a small or "Field Vallise" for Foot Artillery and Infantry, sufficient to contain that portion of the "Field Kit" which may not be on the person, has been substituted. Until worn out, the present Knapsack is to serve as Field Vallise. The Horse Artillery are already provided with a similar article of equipment in the Saddle Bag.

3. The "Pack Cloth"—which is a square, of about a yard, of thick country cloth, painted black and varnished to make it waterproof and lined with common unbleached country cloth—is intended for wrapping round the Great Coat and Carpet of Foot Artillery and Infantry, which on garrison duty and other occasions requiring them to be immediately at hand, are to be carried on the Soldier's back by the Pack Slings. When circumstances—to be judged of by Commanding Officers—render the arrangement necessary, the Mess Tin, to be fixed by its strap upon the top of this Pack, and the requisite Articles of Clothing, to be placed within the Great Coat and Carpet, can be added.

4. The articles to be carried in the Pack are to be folded flat about* 13 inches long by 11 inches broad. This Mass is then to be laid diagonally in the centre of the cloth, the corners of which are to be folded over one another tightly to keep the things well together and exclude wet. The Pack thus formed is then to be put into the Slings (which keep it from opening) so as to bring the top of it on about a level with the man's shoulders.

*To be fixed Regimentally.

5. Patterns of the "Field Vallise," "Pack Cloth" and "Pack Slings" will be furnished, on application from Commanding Officers, from the Adjutant General's Office.

6. The leather stock is forthwith to be discontinued, and with the Cloth Jackets or Coatees at all times, and with the White Jackets when men are on duty, nothing is to be worn inside beyond a plain white Shirt collar of sufficient depth to prevent the soiling of the lining of the Coat collar, without being visible above it.

7. Non-Commissioned Officers and Soldiers are permitted to walk about in the *immediate vicinity* of their Lines or Barracks, but not in the Bazars or Town or on any public roads, wearing the Helmet Forage Cap, or straw or other Hats calculated to afford the head due protection from the sun, and white Jackets open with white or Banyan Shirts, and without Neckerchiefs.

8. When Non-Commissioned Officers and Soldiers are beyond the immediate vicinity of their Barracks or Lines, but not on duty, they are permitted to wear the white Jacket open, (with the exception of the lower buttons) with white Shirt and a black silk Neckerchief. On such occasions, the Forage Cap is to be worn, and from 8 A. M. till 5 P. M. with white Cover on it. Or during this interval, the Helmet Forage Cap may be substituted; according to the state of the weather. Side arms and belts are not to be worn.

9. Non-Commissioned Officers and Soldiers will ordinarily sit down to Mess in white Shirts and Banyan Trowsers, but no Neckerchief. Should the state of the weather or other circumstances render cloth or white Jackets and Neckerchiefs necessary, they may be substituted under Regimental arrangement.

10. The Commander in Chief is further pleased to direct that the provisions of para 6 be considered applicable to all ranks of the Native Army for whom leather or other stocks have been prescribed by the Standing Orders of the several branches of the service; and that the principle of paras 7 and 8 be also held applicable to those persons.

11. His Excellency also directs that when Troops, European or Native, may be on service or on the line of march, under circumstances rendering the measure necessary, the Collar of the Coat or Jacket shall be unhooked, the upper buttons opened and the Collar turned back; so as to give the Soldier as much freedom and relief as possible.

12. On the above occasions, when the power of the sun may render more than usual protection to the head and back of the neck necessary, the Officers and Men of European Corps and the European Officers and the Trumpeters, Farriers, Buglers, Drummers, and Fifers of Native Regiments are permitted to wear a Helmet Forage Cap—to be Regimentally arranged—composed of Pith or some other light and non-conducting material with a white cover, to be wadded throughout with cotton, with a flap or curtain to protect the sides and back of the head. Patterns exhibiting the *shape* of this Forage Cap can be obtained on application to the Adjutant General. When Forage caps of the above description cannot be readily procured, the best substitute attainable, such as thick bands of white cloth rolled round the Helmet, Chako, or Forage Cap, should be adopted, so as to secure the desired object—viz. the preservation of health and life—*appearances* being disregarded, so far as it may be necessary so to do. The Native Officers and Soldiers are also permitted to use similar cloths round their Turbands.

13. The Commander in Chief takes this opportunity to notice that the Jackets of the Non-Commissioned Officers and Soldiers in general are too tightly fitted, particularly across the chest and round the arms, the very portions of a man's body which require to be left quite free and easy. The same remark is applicable to the Trowsers which are so tight about the waist and hips as to cramp the Soldier in all his motions.

14. Commanding Officers are requested to give their particular attention to these points at the next issue of clothing.

By order of His Excellency the Commander in Chief.

Acting Adjutant General of the Army.

FORT ST. GEORGE, 25TH OCTOBER 1853.

No. 218 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 11th October 1853.

No. 813 of 1853.—The following paras. of a Military Letter, No. 96, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 10th August 1853, are published for general information :—

Letter dated 23d April 1853, *No.* 91.

Advert to No. 235 of 1852 and Court's reply thereto, and request further instructions on the following points relative to the grant of Subsistence Allowance and Passage Money to Officers dismissed the Service or permitted to resign in order to avoid a Court Martial, *viz.* :—

1*st.*—Whether the grant of Subsistence Allowance and also of Passage Allowance is admissible only to Officers who may be dismissed or cashiered by sentence of a Court Martial, or whether they are applicable also to Officers permitted specially to retire in order to avoid a Court Martial; of course under the condition in both cases that the Officer elects to return to Europe (or proceed to one of the Colonies mentioned in the order of 1851), and that he embarks within six months from the date following that on which the order for his dismissal or retirement is received at the station where he may be quartered.

4. These advantages are admissible to Officers who are permitted to resign the Service as the alternative to being tried by Court Martial, as well as to those who are removed from the Service by sentence of Court Martial, and under the conditions specified by you.

5. The Subsistence Allowance is to be paid monthly in arrear, according to usage, and up to the date of embarkation, provided it does not exceed six months, from the time when the Officer was struck off the list of the Army at the station at which he was serving.

2*d.*—Whether such Subsistence Allowance may be given in advance, or whether according to usage it must be paid in arrear.

3*d.*—Whether it is to be regarded as indispensable, that in order to obtain the grant of Subsistence or Passage Allowance, Officers must proceed to Calcutta, Madras, or Bombay, and there place themselves under charge of the Town Major at each place respectively; or whether, in cases where it is manifestly for the interest of the Officers to embark at ports other than the Presidency Towns, a certificate of embarkation from the Station Staff or some other responsible Officer will be sufficient authority for passing the Allowance to the Owners or Agents of the Ship on which they embark.

6. We approve of the alteration suggested in this question, so as to allow of the persons in question availing themselves of the nearest port of embarkation.

No. 814 of 1853.—The following para. of a Military letter, No. 96, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated the 10th August 1853, is published for general information :—

12. We approve of the order quoted by you that "such measures may be taken as will ensure that no Officers may be appointed to accompany Invalids returning to England save those whose state of health at their departure permits the performance of the duties demanded of them." Subject to this limitation, it is desirable that Officers returning on account of their health should be eligible for this employment during the voyage.

Letter dated 25th April 1853, *No.* 92.

50 and 53. Correspondence on the subject of the Officers to be selected for the charge of Invalids on the voyage home.

GENERAL ORDERS.

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, 27*th October* 1853.

No. 67.—Lieutenant General Sir Richard Armstrong, K. C. B., K. T. & S. having, consequent on failing health, tendered his resignation; Lieutenant General W. Staveley C. B. has been nominated to succeed him in a Command which Sir Richard Armstrong has had the honor to exercise, with pride and gratification, for upwards of two years.

Since His Excellency assumed Command of the Army, many of all arms, European and Native, have with alacrity embarked for Service in Burmah: where they have on all occasions evinced how fully they are imbued with that courage and fidelity by which the long established character of the Madras Army has been sustained.

The attainment of the present high state of discipline of the Army, may in a great measure be attributed to the watchful care and zealous attention exercised by the Major Generals and Brigadiers Commanding Divisions and Brigades. To these Officers severally, the Lieutenant General's warmest thanks are due, and are hereby tendered. Sir Richard Armstrong at the same time is fully alive to the valuable assistance on all occasions rendered him by the Heads of Departments, those of Her Majesty's equally with those of the Honorable Company's Service; to whom his cordial thanks are likewise given. He must assure these Officers of the high estimation he entertains of their merit and ability in conducting the duties of their respective Departments, and of his full approbation of the zealous manner in which the same have invariably been performed.

The Lieutenant General in thus bidding Farewell to the Madras Army as its Commander in Chief, feels impelled to express his anxious and sincere wishes for the welfare and happiness of all who stand in its ranks. Sir Richard Armstrong can never lose sight of its merits, as herein recorded, and is firmly persuaded that by a continuance of its present good conduct and discipline the Army will not only add to its already well known honor and renown, but establish further claims to the consideration of the Government and of the Honorable Court of Directors.

By order of His Excellency the Commander in Chief.

W. G. WOODS,

Depy. Adjutant General of the Army.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS: CHOULTRY PLAIN, 28*th October* 1853.

No. 68.—His Excellency Lieutenant General W. Staveley, C. B., having assumed Command of the Madras Army, feels much gratification in expressing his sense of the honor conferred upon him.

It will be His Excellency's earnest endeavour to promote sound discipline and attend to the real comfort and efficiency of all ranks under his control.

His Excellency looks with entire confidence to Commanding Officers of Divisions, Brigades and Corps, for the firm and just exercise of the authority vested in them: and for the due observance on the part of all under them, of the existing Orders and Regulations of the Service.

The merited compliment passed upon the Army by Lieutenant General Sir Richard Armstrong, K. C. B., K. T. & S., in His Excellency's General Order of the 27th Instant, induces a well grounded expectation that both Officers and Men will cheerfully co-operate in the maintenance of that good order and subordination which are essential to efficient service, whether in Garrison or the Field. Nor can His Excellency doubt that all ranks will cherish that Soldier-like feeling, which has obtained for this Army the reputation it at present enjoys.

The honors and compliments hitherto observed, are to continue to be paid to Sir Richard Armstrong, K. C. B., K. T. & S., so long as His Excellency may remain within the Madras Presidency.

By order of His Excellency the Commander in Chief.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 29*th October* 1853.

No. 70.—The Commander in Chief, with much regret, announces to the Army the sudden and unexpected death on the morning of the 28th Instant, of Lieut. Colonel Robert Gordon, Adjutant General.

Although Lieut. Colonel Gordon only recently attained the responsible position of Adjutant General, yet his zealous services in the Department for a period of 16 years—during which he passed through its several grades with personal credit and public advantage—afforded a reasonable prospect of long and useful labor in behalf of the Army at large.

Lieut. Colonel Gordon also served with distinction in China with his Regiment, the 37th Grenadiers. The Lieutenant General having assumed Command of the Army, only the day before Lieut. Colonel Gordon's death, could possess but little personal knowledge of its late Adjutant General; but from documents which have been laid before His Excellency, he has no doubt that the Army generally will sympathize in this expression of regret at so unlooked for a deprivation of Lieut. Colonel Gordon's services; while his friends and official associates cannot fail deeply to deplore the loss of an Officer possessing many estimable qualities.

By order of His Excellency the Commander in Chief.

5. The following Rules are established for the control, payment and discipline of the Corps :—

I. The Commanding Officer is to be considered a Civil Officer, and, in all matters connected with the disposal and employment of the Companies, as well as with the general superintendence of the details of the Corps, will be guided by the orders he may receive from the Magistrate of Cuttack, subject to the general controlling authority of the Commissioner.

II. The Companies will be liable to be employed in any part of the Province of Orissa, including the Tributary Mehals, under the orders of Government, when requisite for the purposes of Police, and no extra pay will on that account be allowed.

III. In all matters connected either with the general details and discipline of the Corps, or with any public service on which it may be employed, the Commanding Officer is to correspond directly with the Magistrate of Cuttack, or with the Magistrate within the local limits of whose jurisdiction he may be employed, and by whose instructions he will be guided, subject always to the controlling authority of the Commissioner. All official correspondence of the Commanding Officer, on any points requiring the orders of the Commissioner or of Government, will be addressed to the Magistrate of Cuttack, or of the District in which the Commanding Officer may at the time be employed.

IV. Whenever the Commanding Officer shall quit one station, or post, to visit another, he will invariably report his departure to the Magistrate for the information of the Commissioner, and likewise his return.

V. The Commanding Officer will be held responsible that the Corps is maintained in its full strength, that its Equipments are complete, and that it is kept in all points in a state of efficiency and good order. He will furnish the Magistrate of Cuttack monthly with an Abstract Return, according to the prescribed Form, shewing the actual strength and disposition of the Companies, the number of sick and of individuals absent on leave, and the vacancies occasioned by deaths, discharges or otherwise during the past month.

VI. All men enlisting into the Orissa Paik Companies shall be required to enter into an engagement to serve for a period of not less than five years.

VII. In the event of any individual of the Corps being desirous of obtaining his discharge, the circumstance is to be reported for the orders of the Magistrate of Cuttack, and the discharge will not be granted without his sanction. The discharge of Subadars and Jemadars will not take effect without the confirmation of the Commissioner.

VIII. On the occurrence of a vacancy, by death, discharge, or otherwise, among the Privates of the Corps, the Commanding Officer will supply such vacancy without delay, by enlistment from among that class of persons of which the Corps is composed. Reference for the sanction of the Magistrate of Cuttack is not requisite on enlisting Privates ; but the Magistrate, subject to the control of the Commissioner, is in all cases vested with discretionary power to direct the discharge of any individual newly enlisted, and of any individual in the Corps (not being a Native Officer) who may appear unfit for the Service, or not of the class of persons of which the Corps is composed.

IX. Promotions to the grades of Naik and Havildar will be made by the Commanding Officer, without reference to the Magistrate for his sanction.

The senior on the roll of the next grade will ordinarily be nominated, or some individual of the Corps who may by signal good conduct appear to have established the best claim to the promotion. On such occasion the Commanding Officer will forward to the Magistrate, for the Commissioner's information, a roll shewing the present age of the nominee, his period of service, general conduct and character and qualification as a soldier, and, in the case of a man nominated for distinguished conduct, the roll will further contain full particulars of the circumstances.

XI. When the Commanding Officer may deem it expedient to pass over one or more of the seniors of the next grade, as unfit or unworthy, a roll of these persons is to be sent in, shewing their standing, as well as all the particulars prescribed in the preceding Rule, and in the column of Remarks will be inserted the special reasons for passing them over.

XII. Sunnuds or Commissions conferring the rank of Jemadar and Subadar shall be granted to persons promoted to those grades, by the Commissioner, who is invested by Government with power to grant such Sunnuds.

XIII. The Orissa Paik Companies not being subject to the Articles of War for the Government of the Officers and Soldiers of the East India Company, all offences against the criminal law, as well as Military offences of the more serious kinds, Mutiny, Desertion, Violence to superiors, and such like, committed in this Corps, shall be taken cognizance of by the Magistrate, and punished agreeably to the Regulations and Acts of Government.

XIV. The Commanding Officer will report to the Magistrate of Cuttack, or to the Magistrate of the District within which the offender may be serving, any instance of oppression or serious misconduct, and the Magistrate will proceed against the offender, whether Officer or Soldier, as he would in the like case against the ordinary Police under his authority.

XV. The Magistrate of Cuttack is hereby empowered, subject to the control of the Commissioner, to direct the reduction to the rank of Sepoy of any Havildar or Naick of the Corps, or his suspension from rank and pay not exceeding six months, on conviction of grave offences of a Military nature, or of oppression or serious misconduct. He is further empowered to direct the dismissal of any Non-Commissioned Officer, Bugler or Sepoy of the Corps, as a punishment, on conviction of such offences.

XVI. Native Officers of the Corps convicted of serious offences may be dismissed by order of the Commissioner. On conviction of minor offences, Native Officers may be suspended from rank and pay, not exceeding six months, by order of the Commissioner.

XVIII Leave of absence to the extent of ten days may be granted by the Commanding Officer. For any leave of absence exceeding that period the sanction of the Magistrate of Cuttack will be requisite. No more than eight men per Company shall have leave of absence at one time.

XIX. Officers and Men of the Corps who may be temporarily unfit for duty by reason of sickness, will be forwarded by the Commanding Officer to the nearest Civil Officer, in order that they may receive proper care and medical treatment at the Station Hospital.

XX The Commanding Officer will be held responsible that the pay of the Officers and Men of the Corps is duly delivered to them without delay, after he shall have received the same, and he will transmit their receipts in Acquittance Rolls, to be deposited in the office of the Magistrate of Cuttack.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 11TH NOVEMBER 1853.

No. 231 of 1853.—The Right Honorable the Governor in Council is pleased to publish the following Regulations regarding Equipments to Officers, which will form a Section of the forthcoming Revised Regulations for the Quarter Master General's Department.

EQUIPMENTS TO OFFICERS.

Equipments to whom allowed.

1. All Officers of the Honorable Company's service, Military or Medical are allowed on their first march after arrival in India, public Equipments, or a money compensation in lieu.

Description of Equipments allowed.

2. The Equipments consist of

1 Country Cart complete for baggage.
1 Dooly.
6 Bearers.
3 Carriage Bullocks for a Subaltern's Tent.
1 Bamboo Cooly.

Compensation at what rate granted.

3. Compensation is allowed at the rate of 3 Rupees for every ten miles—any odd number of miles in the aggregate will, when it amounts to five and upwards, be drawn for as ten miles; but no allowance will be claimable for less than five.

Bills for Equipments or compensation.

4. Equipments or compensation is granted on Indents, or Bills passed by the Quarter Master General; the latter of which will be discharged by the Pay Department without reference to Government. To enable the Quarter Master General to prepare these papers, it is necessary that he previously hear from the Adjutant General that the Officer on whose behalf the application is made has not marched, or has not been provided with public passage before.

Grant to be made on an Officer's first march to do duty with a Corps or on his being permanently posted.

5. The grant is made either on first marching to do duty with a Corps, or on being permanently posted, if the Officer is not furnished with a passage at the public expense by Sea to his Station.

Claim when inadmissible.

6. No claim is admissible if an Officer should be eventually posted to a Corps at the Station where he is doing duty, although he may on the first instance have deferred his claim for the option of presenting it when finally posted.

Officers furnished with passage for part of the distance, entitled to Equipments for the remainder of their journey.

7. When provided with passage at the public expense to his Station, neither Equipments nor compensation will be claimable; but when furnished with a passage only for a part of the distance, an Officer will be entitled to one or the other according to the distance from the place of landing to his final destination.

Passage by sea when provided, should the charge for passage exceed the charge for compensation.

8. Passage by Sea, unless specially applied for by the Adjutant General, will not be granted in lieu of compensation, should the charge for passage exceed the charge of compensation.

The *whole* of the Equipments or compensation must be taken.

9. No *portion* of the Equipments can be taken, it must either be the whole or compensation.

Officers *posted* to Corps at Palaveram, the Mount or Poonamallee, not entitled.

10. Neither Palaveram, the Mount or Poonamallee are considered marches, and Officers posted to Corps there or at Madras are not then entitled to any grant; but as it is not restricted to any time after arrival in India, young Officers doing duty at any of these places are entitled to the indulgence on the first march also.

The grant made according to the distance of the Officer's route.

11. The grant is made to an Officer according to the distance of the route he is *ordered* to travel, so that however devious may be his route, he is entitled to it accordingly. This is not intended to authorize a longer route than is absolutely necessary being given; but to provide for cases such as those of young Officers who may be placed with others proceeding to different Stations under the charge of an experienced Officer and may for the sake of his supervision be required to march further than would be otherwise necessary.

Grant on what principle made to Officers first posted and afterwards permitted to do duty with another Corps.

12. An Officer who previous to or on arrival is *first* posted, and afterwards permitted to do duty with another Corps, is entitled to the grant as from Madras to the place where his Regiment may be situated, or to which it may be proceeding; without reference to the Corps he is doing duty with.

Officers proceeding on first arrival on sick certificate or on furlough to draw Equipments from Madras.

13. An Officer who, on first arrival at Madras, is allowed to proceed, either by Sea or by land to some other place on sick certificate or furlough, is entitled to the same allowance as he would have been, had he never so proceeded, that is, he would be allowed it, as from Madras on first arrival.

Abstracts for allowance in lieu of Equipments passed by the Qr. Mr. General.

14. Abstracts for the allowance in lieu of Equipments are to be prepared agreeably to the accompanying Form (vide end of Section) supported by a distance certificate by the Quarter Master General. At Out Stations the former paper is to be forwarded to the Staff Officer of the Quarter Master General's Department in the Division and by him to the Quarter Master General of the Army for sanction.

Mess tent with carriage to parties of young Officers.

15. When a party of young Officers *exceeding* six in number under orders to march, are placed under the charge of an experienced Officer, they are allowed a Captain's Tent with carriage for a Mess, provided it be previously certified by the Officer in charge, that a Mess has been established; on the completion of the march the Equipments are to be returned into the Arsenal, and receipts in duplicate as usual forwarded to the Quarter Master General's Office, through the Officer of that Department in the Division.

Certain Officers of H. M.'s Service marching within three months from date of arrival entitled to Equipment allowance.

16. Subalterns, Assistant Surgeons and Veterinary Surgeons, of H M.'s service, on their first proceeding to join their respective Corps or stations, if within three months from date of arrival at or appointment in this Presidency, are entitled to the Equipment allowance at the rate specified in Para 3.

Abstracts for the allowance by whom countersigned.

17. Abstracts for their allowance are to be countersigned by the Brigade Major H. M.'s Troops if at the Presidency, or by the Staff Officer at Poonamallee, supported by certificates that the claimants have not been three months resident in India since the promulgation of their appointments in, or their arrival at this Presidency: as also by certificates of distance from the Quarter Master General of the Army.

Subalterns' tents issuable to Officers on first arrival on payment.

18. Subalterns' Tents are issuable to all Officers of H. M.'s service and to all young Officers of all branches of the Honorable Company's service on first arrival in India. The cost of a Subaltern's Tent is Rupees 154–0–1 and is payable either at once or by five instalments. Application for them must be made to the Quarter Master General who is authorized to order the issue of the same on Indent. If the cost is to be payable by instalments, the Indent is to be supported by an obligation certificate on the part of the Officer, binding himself to pay it by instalments.

Issuable as an indulgence to all Officers on prompt payment.

19. Subalterns' Baggage or Necessary Tents are also allowed as an indulgence to other Officers on special grounds, but this depends upon the necessity of each case and the ability of the stores to make the supply without inconvenience. In this case payment is prompt—a Baggage Tent is priced at Rupees 55–10–0 and a Necessary Tent Rupees 27–13–6.

1. All Commissioned, Non-Commissioned Officers and Privates, belonging to either of the Presidencies of Fort Saint George and Bombay, who may obtain leave of absence to Stations in Bengal and the North Western Provinces, and who may be desirous of drawing pay during the term of such leave, will be furnished with a passport or leave certificate for this purpose, agreeably to the accompanying Form, (No. 1.)

2. The passports are to be carefully filled up by the Regimental or other Officers entrusted with their preparation, great care and minuteness in recording the personal appearance and particular marks of each Soldier being requisite to ensure identification and to prevent fraud.

3. Each Soldier must be required to indicate the Treasuries, Civil or Military, from which he may be desirous of drawing pay. A specification thereof is to be entered in the passport in the appropriate

column, and it should be distinctly explained to every Native Soldier, that in the event of any deviation from his stated route, as entered in the passport, he will receive no pay except on arrival at one of the Stations therein mentioned.

4. The Officers in charge of the Treasuries thus indicated should be advised of the intended payments simultaneously with the issue of the passport, and be furnished with a copy of the latter document.

5. The advice should also contain the probable dates of arrival of the holder of the passport at each of the Stations indicated, and in the event of his arriving much earlier or later than the appointed time at any Station, the Collector or Pay Master of such Station should notify the circumstance to the Officers at the remaining Stations entered in the passport.

6. No duplicate passport is to be issued without a previous reference to the Officers in charge of the several Treasuries concerned, for the purpose of ascertaining the extent of the payments that may have been made upon the original passport; and advice of the issue of a duplicate passport is invariably to be furnished to the several Treasuries therein mentioned.

7. The several Pay Masters, Deputy Pay Masters, Collectors and other disbursing Officers in Bengal and the North Western Provinces are authorized to discharge, as the same shall become due, the pay of Furlough men of the Madras and Bombay Establishments, on presentation of passports or leave certificates in the form above prescribed, provided that advice thereof has been duly received, and that the identity of the applicants has been satisfactorily established. It should be the special care of all disbursing Officers or their subordinates to compare the passport presented in each case with the copy furnished with the letter of advice, and to see that the descriptive remarks entered in both correspond with the personal appearance of the applicant.

8. Receipts for all payments thus made are invariably to be taken in duplicate and the payments are to be debited in the disbursing Officer's account current to Madras or Bombay, as the case may be.

9. A note of every payment, of the date on which it is made, and of the period to which it refers, is also to be carefully entered on the back of the passport.

10. The disbursing Officers will furnish at the beginning of each month statements (a separate statement on account of each Presidency) of the payments made by them during the preceding month in the accompanying Form (No. 2,) accompanied by the original receipts to the Military Accountant at Fort William, for transmission to the Authorities at Fort Saint George and Bombay respectively. The duplicate receipts will accompany the Account Current as vouchers in support of the relative debits.

11. It is to be understood that the monthly statements of payments are not, as heretofore, to be submitted to the Military Auditor General for audit, but to be forwarded direct to the Military Accountant at Fort William, their respective amounts being charged off in Account Current as above directed.

12. Passports will, as heretofore, be issued only from the Offices of the Adjutants General at Madras and Bombay respectively, on the requisition of Commanding Officers, who will render an annual account, on the 1st January, of the number received and issued and the balance remaining in store.

13. The foregoing rules are to have effect from the 1st January 1854.

No. 876 of 1853.—The Most Noble the Governor General of India in Council having had under consideration the improvement of the rations supplied by the Commissariat Department to European Troops, is pleased to direct the publication of the following Rules, to take effect as soon as the necessary arrangements can be made by the Commissariat Department:—

1. The Government General Orders, Nos. 86* and 87, of the 6th February 1852, are hereby cancelled, and the daily ration of a European Soldier shall in future consist of

1 lb. of Bread.
1 lb. of Meat.
4 oz. of Rice.
2½ oz. of Sugar.
½ oz. of Tea.
1 oz. of Salt.
8 oz. of Vegetables.
3 lbs. of Fire-wood.

2. The Meat will be cut up into joints, and such parts of the animal (such as the ribs and upper joints of the fore-legs) as are more than two-thirds bone, will be excluded from the ration.

3. The rations of vegetables will consist of such descriptions as may be procurable at the several Stations of the army, during the different seasons of the year.

4. The following Rules contained in Government General Order No. 232, of the 9th August 1844, will continue in force: the Bread issued in the rations of a Soldier is to be of the best quality, and equal to that provided for Hospital diet. Mutton will be issued twice a week in lieu of Beef, and in the same quantity, whenever circumstances may admit; Coffee may be substituted for Tea in the proportion of 2 lbs. of the former to 1 lb. of the latter, whenever Tea is not procurable, or Coffee may be preferred and is at hand.

5. The ordinary Tea ration will consist of one-third of Green, and two-thirds of Black Tea, whenever circumstances may admit of the issue of both kinds.

6. The Government General Order No. 85, of the 25th February 1848, is cancelled; and the following course is in future to be pursued with respect to all descriptions of provisions tendered by the Commissariat or its Contractors for the use of the Soldier in health or sickness.

7. Whenever any portion of the rations or diet tendered for a Corps or Hospital is deemed objectionable, the option of changing them is not to be allowed to the Contractor, but the Commanding Officer should immediately assemble a Regimental Committee for the purpose of inspecting them.

8. The Committee will be composed of a Field Officer or Captain as President, with an Officer Commanding a Troop or Company and a Medical Officer, as Members.

9. The decision of the Regimental Committee shall be final, and their report should be at once forwarded for the guidance of the Executive Commissariat Officer at the Station.

10. In all cases of condemnation of Provisions, the Committee Reports should shew whether the articles are deemed of inferior quality only, or decidedly unwholesome; and when pronounced positively unwholesome, the provisions are instantly to be destroyed in the presence of the Committee.

11. Except in the instances hereafter specified, when provisions have been condemned as of inferior quality, the Contractor will be allowed to substitute fresh rations, and in the event of his failing to do so, within a reasonable time, the Commissariat Officer will supply the deficiency at the cost of the Contractor.

12. In cases of the condemnation of Meat, the cost to Government of the rejected rations (which if not absolutely unwholesome, will be returned to the Contractor) together with the amount of the fine that

---

may be levied upon the Contractor, will be paid by the Commissariat to the Regiment, and expended under the direction of Officers Commanding Troops and Companies in the purchase of food.

13. In the event of the rejection of bread, and a fresh supply not being immediately procurable, flour or soojee at the option of the Soldier, will be issued as an equivalent, with a supply of fire-wood, all at the cost of the contractor, to whom the rejected bread, if not unwholesome, will be returned: two pounds of flour or soojee, and one lb. of fire-wood, to be the allowance of each man.

14. Under the operation of these rules, it will depend solely and entirely upon Regimental Committees to raise the quality of the rations issued to the proper Standard, and to maintain that Standard.

15. The Executive Commissariat Officers of Divisions have been directed by the Commissary General to make a report periodically to their Departmental Superiors, of their having at uncertain intervals personally attended the issue of rations; and His Excellency the Commander-in-Chief will be requested to cause similar reports to be made to the Military Authorities by Officers Commanding Regiments, impressing upon them at the same time, that it is only by the Commissioned Officers of Regiments being themselves particular in examining rations and forming their own judgement as to the quality of the articles, without the intervention of Subordinate Officials, whether Regimental or Departmental, that the object of Government for the supply of really good provisions, can be secured.

16. This Order is to be considered applicable to the three Presidencies.

FORT ST. GEORGE, 22D NOVEMBER 1853.

No. 240 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 6th September 1853.

No. 705 of 1853.—The existing Orders on the subject of the supply of Great Coats to European Recruits, Volunteers, Invalids and others, are cancelled, and the following Rules substituted:—

1. The blue grey cloth Great Coat, directed in Government General Order,* No. 14, of the 19th January 1842, will only be provided for the use of European Soldiers performing duty with their Regiments, and these Great Coats are to be considered as attached to Corps for the full time they are required to last, in the same manner as other equipments supplied by Government, and they are on no occasion to be taken away by men who finally quit their Regiments; but men who are sent to any of the Convalescent Depôts are to take their Regimental Great Coats with them.

2. On the arrival of a Regiment of Her Majesty's Infantry in this country, the Great Coats in use are to be forwarded to the Army Clothing Agency, in order to be replaced on the usual indents by Regimental Great Coats of the prescribed pattern.

3. On the departure of a Regiment from India, the men will take with them the Great Coats they have in wear, all surplus Coats being forwarded to the Army Clothing Agent for re-issue.

4. Great Coats of a distinct pattern will be provided for the use of Recruits, Invalids and others, and will be supplied under the following rules.

* Published at Fort St. George in G. O. G. 8th March 1842, No. 44.

5. On the arrival of each Detachment of Recruits from England, the whole of the Great Coats in use with it will be sent to the Army Clothing Agent, who will cause them to be examined, and all that are serviceable and repairable, are to be forthwith put without delay into proper order.

6. All Great Coats received from Her Majesty's Regiments arriving in India are likewise to be immediately examined and put into proper order for issue to Detachments.

7. When there may be no Army Clothing Agency at the port of landing, the duty of examining and repairing the Coats, as well as of receiving charge of surplus Coats, will devolve on the Commissariat or other Officer at the Station, who may be named for the purpose under the instructions of the Clothing Board.

8. Such of the Great Coats brought out by each Detachment as are calculated, after the necessary repairs, to last during the march or progress of the party to the Head Quarters of the Regiment, will be re-issued to it, in part of the indent which the Officer Commanding must furnish as early as practicable to the Clothing Agent or other local authority, and the number deficient is to be made up from the Detachment Great Coats in store; these being issued at once, without waiting for the repairs being completed to the Great Coats sent in by the Detachment.

9. The Great Coats on being issued for the first time, whether new or repaired, are to be numbered; and the number, year of issue, and the word "Dett." are to be marked in an indelible manner on each Coat.

10. All Great Coats are to be carefully examined by the Agent or other Officer before being despatched, and the exact condition of each is to be entered in a book to be kept for that purpose.

11. A return of the Coats supplied taken from the Register Book is to be furnished to the Officer Commanding the Detachment, who is to examine the Coats, and see that they correspond with the description in the return.

12. The Officer Commanding each Detachment will be personally responsible for the Great Coats, and he will be required to account for all made over to him.

13. He is further required to see that the Coats are only worn on authorised occasions, and that they are not made use of by the men as bedding, or worn as fatigue dresses.

14. The Great Coats are to be taken care of by the Soldier in the same manner as his necessaries, and any loss or damage thereof, occasioned by his neglect, is to be made good by stoppages from his pay.

15. On the arrival of the Recruits at the Head Quarters of the Regiment, the Great Coats are to be delivered over to the Quarter Master, to be placed into Regimental store, a receipt being given to the Officer Commanding the Detachment for the number so delivered over, which receipt is to be forwarded to the Secretary to the Clothing Board on the Officer finally accounting for the Coats he has received.

16. The Coats, at the time of their being made over to the Quarter Master, are to be surveyed by a Committee, the report of which is to be forwarded to the Secretary to the Clothing Board, when instructions will be issued for making the necessary repairs, for disposing of such as may be unserviceable, and for recovering the price of any that may be damaged or missing.

17. Foot Artillery, Sapper and Infantry Recruits, on delivering over the Detachment Great Coats, will be provided with Regimental Coats, and Cavalry Recruits will, in like manner, be provided with the Cloaks supplied by the Colonels of Regiments.

18. Every Soldier finally quitting his Corps, whether as an Invalid, time-expired man, or otherwise, proceeding to the Presidency or other port for embarkation, when entitled to a free passage, will be supplied with a Detachment Great Coat, his Regimental Coat being delivered into store for issue to Recruits.

19. These men will be held responsible for their Great Coats, which they will take with them for use on boardships, and no Great Coat so issued is on any account to be replaced without payment, unless lost or destroyed by circumstances over which the man had no control.

20. Men purchasing their discharge, and those finally discharged with the intention of remaining in India, are not to be supplied with Detachment Great Coats, but they are to deliver over to the Quarter Master the Regimental Great Coats they have in wear.

21. Men transferred from one Corps to another, including Volunteers, are to make over their Regimental Great Coats, and will be supplied with Detachment Great Coats, which they will be held responsible for, and which they must deliver over to the Quarter Master on reaching their new Corps.

22. This Rule, however, does not apply to Soldiers transferred to Native Corps or to the Ordnance or other Departments, men serving in those branches not being provided with Great Coats.

23. Instructions will be issued by the Clothing Board regarding the disposal annually of all surplus Detachment Great Coats, and Commanding Officers of Corps will be held responsible for the due care of the Great Coats deposited in Regimental store, and that such Coats as are to be sent to the Presidency or elsewhere are properly packed and despatched.

24. Periodical returns showing how the Detachment Great Coats received have been disposed of, are to be forwarded to the Secretary under such instructions as may be issued by the Clothing Board.

No. 72.—The Commander in Chief directs the following General Order by His Excellency the Commander in Chief in India, to be published to the Army.

Head Quarters: Simla, 5th October 1853.

The Commander in Chief in India deems it a duty to publish to the Army the following Statement, showing the ruinous and fatal consequences which have ensued to so many good Soldiers, who, misled by imaginary hopes of improving their condition, applied for their discharge and proceeded to Calcutta with the intention of emigrating to Australia.

His Excellency trusts that the fate of these unfortunate and misjudging men, added to the reports received from the Colony of the bad prospects of subsistence on first landing, the difficulties to be contended with, and the great amount of personal labor required to gain a livelihood there (such as few old Soldiers are able to undergo) will induce those who may be desirous of emigrating, to pause and consider well ere they give up their present comparative comfort, and hope of pension, for a future so uncertain and so hazardous.

Eighty-six men obtained permission to proceed to Calcutta and thence to Australia, during the months of October, November, December, January, February, March and April last, out of which number but 55 proceeded to their destination.

7 having died en route to Calcutta.
8 having died at Calcutta, awaiting embarkation.
4 having been obliged to change their destination for want of funds, &c.
4 having obtained permission to rejoin their Regiments.
8 having embarked for Australia, but returned to the Presidency, the Vessel having grounded.

2d Dresser P. Arjunun, No. 385 of the B. Troop Horse Artillery, is directed to proceed and do duty under the Zillah Surgeon of Chingleput, until further orders.

The undermentioned Heirs have been pensioned from the dates specified opposite their names.

Not Guilty of the 2d Charge.

Sentence.—The Court sentence the said Mahomed Khan, Camp follower, to suffer death by being hanged by the neck till he be dead.

KAMPTEE, *the 26th day of September* 1853.

Not confirmed.—There is no proof whatever that the "woman" alluded to by the Medical Officer in his evidence before the Court, was the deceased "Lall Bee" whom the Prisoner was accused of having murdered, the evidence on which he has been convicted is therefore legally defective, and the Sentence of death cannot be carried out:—there is no doubt of his guilt, and it is deeply to be regretted, that, through an oversight on the part of the Officer who conducted the trial, the Prisoner should escape the penalty which the Law has provided for the crime of murder, but there being no remedy, he must be released from confinement.

The Prisoner to be released from confinement.

GENERAL ORDERS

By His Excellency the Commander in Chief.

ADJUTANT GENERAL'S OFFICE: FORT ST. GEORGE, 19*th October*, 1853.

No. 66.—Consequent on the publication of G. O. G. G. No. 489 of 1853 in G. O. G. dated 1st July 1853, No. 130, the Commander in Chief with the sanction of Government directs the following Revised Section of the General Regulations, head "Appointment and Removal of Officers to and from the Staff" to be promulgated to the Army in supersession of previous orders on the subject.

Books to be corrected accordingly.

SECTION II.

Appointment and Removal of Officers to and from the Staff.

1. Appointments of General Officers on the Staff to command Divisions of the Army will be made by the Court of Directors either from Officers in Europe or in India, or by the Government from those in India—the latter appointments being considered temporary until the pleasure of the Court thereon shall be known. G. O. G. 3d December 1813.

2. Officers of Artillery and Engineers are eligible to the Staff of the Army, in command of Divisions, in common with Officers of the line. G. O. G. 16th November 1806.

3. The time served as temporary Brigadier General by an Officer holding the commission of Brigadier General from Government but not permanently appointed to the General Staff is not to be counted as part of the 5 years tour on the Staff allowed to an Officer nominated to a permanent Divisional command but is to be reckoned in his tour of Service as a Brigadier. G. O. G. 5th August 1853, No. 153.

4. In the absence of General Officers eligible for employment, Colonels may be appointed to the Division Staff with the rank of Brigadier General—but if subsequently relieved, such Officers will not be eligible to return to the exercise of Regimental command, and the time during which a Colonel shall have served on the Division Staff will be reckoned as part of the five years tour. G. O. G. 10th October 1826.

5. General Officers of the Company's Service of whatever branch of the Army, are ineligible to exercise Regimental command. G. O. G. 16th November 1806.

6. The period of service of General Officers on the Division Staff is limited to five years, except in particular cases, it may be considered by the Government indispensable to the public interests to continue an Officer in command until further orders from the Court of Directors. G. O. G. 10th December 1830, No. 256, and 1st August 1837, No. 146.

7. A General Officer on the Division Staff can in no case exercise command over the Troops in the Division when absent beyond its limits. G. O. G. 28th August 1838, No. 144.

8. Officers on the General Staff, who by promotion to the rank of Major General may become liable to vacate their appointments, will not be required to do so, should there at the time be Supernumerary Major Generals of the Company's Service in India—in which case they will be allowed to retain their appointments until it may actually come to their turn to accept or decline Divisional command, when if they prefer the retention of their Offices, the Divisional command will not afterwards be open to them, except in special cases to be determined by Government and sanctioned by the Court of Directors. G. O. G. 30th October 1838, No 180. G. O. G. 16th June 1835, No. 234.

9. Local Major Generals of Her Majesty's Service are eligible, under the appointment of Government, for employment as Brigadiers where Queen's Troops are stationed, provided that such appointment shall not interfere with the commands on the General Staff, either of Divisions, Field Forces, or Brigades, allotted to Company's Officers. G. O. G. 21st August 1840, No. 140, and G. O. G. 19th January 1841, No. 10.

10. The Senior Local Major Generals of Her Majesty's Regiments at each Presidency are in preference to be so employed, on the Brigade Staff and which necessarily involves the removal of the junior should any such be in command. This rule applies to all Officers of Her Majesty's Army holding temporarily Divisional or Brigade commands. G. O. G. 21st August 1840, No. 140, and G. O. G. No. 114. dated 10th June 1853.

11. The period for which Local Major Generals of Her Majesty's Service may retain Brigade command is not restricted to any number of years, but they must vacate such command on the departure of their Regiments from India, or from one Presidency to another. G. O. G. 21st August 1840, No. 140.

12. Local Major Generals of Her Majesty's Service not holding Brigade commands, may at their option continue with their Regiments provided there shall be no interference with the commands allotted to Company's Officers, or they may, if they prefer it, remain unemployed, in expectation of succeeding by seniority to Brigade command, selecting their residence within the Presidency in which their Regiments are serving. G. O. G. 11th Feby. 1840, No. 25, and G. O. G. 21st Augt. 1840, No. 140.

13. Brigadiers of the 1st and 2d classes, including the Brigadier Commandant of Artillery, who have succeeded to Off-reckonings, are required to vacate their commands after having held the appointment of Brigadier for five years. The time passed by Brigadiers in removing from one station to another is not to count as a part of the tour of five years. G. O. G. 1st August 1837, No. 146, G. O. G. G. No. 37, dated 11th January 1853, G. O. G. No. 19, dated 25th January 1853, G.O.G. 9th May 1848, No. 90.

G. O. G. 25th Jany. 1853, No. 19.

14 The period of service of Brigadiers of the 1st and 2d classes who have succeeded to the Off-Reckoning fund is limited to five years, except, in particular cases, it may be considered by the Government indispensable to the public interests to continue an Officer in command until further orders from the Court of Directors.

G. O. G. 25th Jany. 1853, No. 19.

15. Artillery Officers who have served their tour of five years as Brigadier Commandant and who are succeeded by a Junior Officer, will be eligible to remain in India as Colonels or Lieutenant Colonels unemployed until selected for Divisional commands. If succeeded by a Senior Officer, they may revert to their Regimental duties.

G. O. G. 25th January 1853, No. 19.

16. The Brigadier Commandant of Artillery, like Brigadiers on the Staff, will not be liable to be displaced from his command by the arrival of a Senior Officer from Europe.

M. C. 26th March 1852, No. 775.

17. The tour of five years service for a Brigade command is to be reckoned from the date of permanent appointment as Brigadier without calculating any period during which the Officer may have held a Brigade command incidentally. For instance an Officer nominated to a command during the absence of a permanent Brigadier on Field Service or on leave and subsequently appointed permanently to the same command or appointed to another command in consequence of the death, removal, &c. of the permanent incumbent the tour of five years will be reckoned from the date of permanent appointment only.

G. O. G. 1st July 1852, No. 130.

18. No Officer can be appointed to a situation on the General Staff, or to any other detached employment, Military or Civil, (except that of Aide-de-Camp,) until he shall have performed three years' Regimental duty with a corps of the line.

19. An Officer may hold the situation of Aide-de-Camp after having served one year with his Regiment; but the period passed in that situation, except when employed on Field Service, is not to be counted in the Regimental duty above prescribed.

20. No Officer is eligible to hold the situation of Adjutant General, Quarter Master General, Military Auditor General, or Commissary General, who has not previously attained the rank of Major in the Army, unless he shall have actually served *twenty* years in India. The Deputies in those Departments must have attained the rank of Captain in the Army, or have served *twelve* years in India, and the Assistants, if they have not attained the rank of Captain, must have served *ten* years in India. No Commissioned Officer is eligible to an appointment in the Ordnance Commissariat Department until five complete years from his first joining the Artillery. The situation of Deputy Principal Commissary of Ordnance may be held by a Regimental Field Officer; or by a Captain if he be actually serving in the Department; but no Officer under the degree of a Field Officer in the Army can be appointed Principal Commissary of Ordnance.

21. No Officer can be appointed to the Department of the Quarter Master General of the Army until he shall have passed an examination in surveying and plan-drawing

22. No Officer can be appointed to the Commissariat Department until he shall have passed the examination in the Native languages prescribed for Interpreters, as well as the prescribed Departmental examinations.

23. No Officer who has entered the Service since the 9th January, 1837, can be appointed to any Staff situation, or to any other detached employment, Military or Civil, until he shall have passed the prescribed examination in Hindoostanee.

24. No more than *six* Officers, including Field Officers, Captains, and Subalterns, can be permanently withdrawn for Staff or detached employ, from any Regiment of Native Cavalry or Infantry; but a *seventh* may be taken in cases of great emergency, with the sanction of Government: of these numbers, however, no more than *three* can be of the rank of Regimental Captain.

25. As a general rule, when three Captains are absent from a Corps, all on permanent employ, and a Subaltern of the same Corps, holding also a permanent detached appointment to which he is eligible both as Subaltern and Captain, is promoted to Regimental Captain, the Officer so promoted shall be required to vacate his appointment; but if one or more of the three Captains withdrawn be Officiating only, the Subaltern promoted will retain his appointment, and the Captain last withdrawn for an Officiating appointment shall rejoin his Regiment. It is, however, optional with Government to retain, on public grounds, the services of the Subaltern promoted, notwithstanding the number of absent Captains may exceed the limit of three.

26. Officers unequal for a limited period to the performance of Regimental duty from wounds received on service, may be appointed to Staff and Civil situations, without reference to the number absent from the corps to which they belong; but this rule is not to be considered as sanctioning any permanent increase of withdrawals for Staff employ from the Regiments of such Officers, the number allowed from them being, as from all other corps, limited to six, to which it is to be reduced as situations lapse.

27. A Staff situation which can be held only by an Officer whose Regiment is serving at the station, or forming part of the garrison to which the appointment appertains; and any vacancy occasioned by the absence of the permanent incumbent for a short period, may, on an emergency, be filled up by the nomination of an Officer on the spot, without reference to the number of permanent absentees; provided the Commander-in-Chief is of opinion that he can be spared from Regimental duty: but an Officer so nominated, if not before relieved, must return to Regimental duty on his corps marching from the station or Garrison in which he is so temporarily employed on the Staff.

GENERAL ORDERS.

HEAD QUARTERS : CHOULTRY PLAIN,

14th December 1853.

The Right Honorable the Governor in Council having addressed the subjoined Orders to His Excellency the Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Right Honorable the Governor in Council.

FORT ST. GEORGE, 13th December 1853.

No. 262 of 1853.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, the 25th November 1853.

No. 974 of 1853.—The Most Noble the Governor General of India in Council, in order to extend to the Soldiers of the East India Company's Service the increased facilities for depositing their savings with interest, afforded by Regimental Saving's Banks, is pleased to direct that Regimental Saving's Banks shall be established in each Brigade and Battalion of European Artillery, and in each Regiment of European Infantry at the three Presidencies, from the 1st of February next, under the following rules :—

1. The Regimental Saving's Banks will work as branches of the Government Saving's Bank of the Presidency to which the Regiment may belong.

2. Officers Commanding Troops and Companies shall receive as public money such sums as the Non-Commissioned Officers and Soldiers under their command may from time to time desire, and be entitled to deposit in the Saving's Bank of the Regiment.

3. Interest at the rate of 4 per cent. per annum, will be allowed on deposits from the 1st of the month in which they are made, to cease on the last day of the month preceding that in which any sum may be withdrawn. No interest will be allowed on fractional parts of a rupee.

4. Interest upon all sums in deposit shall be added to the principal quarterly, and shall thenceforward bear interest.

5. When a Soldier shall be desirous of withdrawing the whole, or any part of his deposit, he must give at least seven days' notice to the Captain or Officer Commanding the Troop or Company to which he belongs, in order that the necessary arrangements may be made for repayment of the amount at the next settlement day, on receipt of the Monthly Pay Drafts; but if such Captain or Officer Commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the deposit would be for the advantage of the Soldier, he may direct payment to be forthwith made.

6. Whenever the Officer Commanding the Troop or Company shall have grounds for believing that the Soldier intends to make an improper use of his money, he will be permitted to withhold the privilege of withdrawing the deposit, until the Commanding Officer of the Regiment shall determine whether it should be then issued or not; and should the Officer Commanding deem it essential to the discipline of the Regiment to withhold from a Soldier the privilege of withdrawing his deposits, he shall report specially to the Commander-in-Chief the circumstances under which he has felt himself compelled to exercise this power.

7. All monies deposited by the Soldier in the Regimental Saving's Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party, either by endorsement, conveyance or otherwise, and shall not be affected by any debts contracted by him, nor be made available for any purpose whatever except under his own order signified to the Officer Commanding his Troop or Company; and such monies shall, if possible, be paid to the Soldier personally, and in all cases his receipt shall be obtained and shall be attached to the Troop or Company Saving's Bank Ledgers.

8. The deposits of Soldiers struck off the strength of corps, whether on transfer to the Town Major's List or on discharge shall either be withdrawn altogether, or be transferred from the Regimental to the Government Saving's Bank, as may be required by the Soldier.

9. On the death of a Soldier, the amount of his deposits, with the interest accumulated thereon, shall be withdrawn from the Regimental Saving's Bank, and be added to his other effects and be accounted for to the Secretary to Government in the Military Department, to be disposed of, in the usual manner, to the legal representatives of the deceased.

10. A Soldier convicted by a Court Martial of desertion, forfeits to Government all monies he may have in the Regimental Saving's Bank, and such forfeiture can only be remitted by the authority of Government at the recommendation of the Commander-in-Chief.

11. If a Soldier be permanently transferred from one Troop or Company to another, or to another Regiment, the Officer Commanding the Company is not to consider the amount of the Soldiers' account as money withdrawn from the Saving's Bank, but he will close the account of such Soldier in his own Troop or Company Ledger, and transmit a Statement, Form I. to the Captain of the Troop or Company or the Commanding Officer of the Regiment to which the Soldier is transferred. The amount will then be entered as received by transfer from such a Troop, Company or Regiment, and not as a new deposit in the Saving's Bank. A report of all transfers from one Brigade, Battalion or Regiment to another, but not from one Troop or Company to another of the same Corps, is to be made to the Secretary of the Government Saving's Bank by the Commanding Officer of the Regiment from which the man is transferred.

12. In the orderly room of every Brigade, or Battalion of European Artillery and Regiment of European Infantry, there shall be kept under lock and key, under the inspection of the Commanding Officer, the Officer 2nd in Command, and the Adjutant, a Brigade, Battalion or Regimental Saving's Bank Ledger, in which shall be entered the Saving's Bank account of every Soldier.

13. The entries shall be made in the Brigade, Battalion and Regimental Ledger by Troops and Companies, so that the amount of each Troop or Company shall be kept separate, and upon the transfer of a Soldier from one Troop or Company to another, a transfer of his account shall be made in the Brigade, Battalion, or Regimental Saving's Bank Ledgers.

14. 16. Deposits of savings in even sums, excluding fractions of a rupee, can only be made and entered in the Troop or Company Ledgers and in the Brigade, Battalion or Regimental Ledgers, once in each month, *viz.*, on the day of monthly settlement, when all sums withdrawn will be also entered. Should a Troop or Company be absent from Head Quarters, the comparison of the Ledger of that Troop or Company with the Brigade, Battalion or Regimental Ledger may be deferred until it returns to Head Quarters; but such delay must be reported in the quarterly certificate. In the Artillery, however, in which the Troops and Companies are detached from Head Quarters for lengthened periods, the Officer Commanding each Brigade or Battalion will prepare Extracts from his Brigade or Battalion Ledger for all the Troops and Companies absent from Head Quarters, and forward them to the Senior Officer of Artillery at the Station where such Troop or Company may be serving; and the comparison of the Ledgers of all the detached Troops and Companies at each Station, with the Extracts from the Brigade or Battalion Ledger will be made by the Officer Commanding, the Officer 2d in Command, and the Adjutant of any Brigade or Battalion present, or in the absence of the Head Quarters of any Brigade or Battalion, then by the Officer Commanding the Artillery Division, the next senior Artillery Officer and the Artillery Division Staff Officer; or should no such Officers be available at the Station then by a Committee to be nominated by the Officer Commanding the Station. Two Copies of the Certificate, in the form prescribed are to be prepared for each detached Troop or Company, and transmitted, one to the Adjutant General of the Army, and the other to the Officer Commanding the Brigade or Battalion to which the Troop or Company belongs.

19. In drawing advances for the payment of each Troop or Company, the amount of deposits and withdrawals from the Saving's Bank, is to be taken into account, and deducted from or added to the sum required for the pay of the men, a note of the sums deposited or withdrawn being inserted in the usual receipt for the advance.

20. The Officer Commanding, the Officer 2nd in Command, and the Adjutant, are responsible for the correctness of the Brigade, Battalion, or Regimental Saving's Bank Ledger, which is to be prepared in the orderly room by the Saving's Bank Clerk, under their direction, from the statement received from Troops and Companies. They are to transmit to the Division Pay Master, a monthly consolidated statement of the entire deposits during the month of the several Companies, Form V., and an account of all withdrawals during the month, Form VI. In the Artillery where the detached Troops and Companies may be paid by different Pay Masters, separate statements are to be prepared for each Troop or Company so situated, and sent to the Pay Master in whose circle it is located. These statements are to be forwarded after being checked by the Pay Master to the Government Saving's Bank, to be transferred on its Books of Accounts to the credit or debit of the several depositors.

21. It is the duty of the Division Pay Master to compare the statements of deposits and withdrawals noted in the Pay Abstracts of Troops and Companies with the Regimental Statement, and to credit or debit the several Captains and the Government Saving's Bank with the proper amount. The Secretary on receipt of this intimation is, by the same day's post, to certify to the correctness or otherwise of the withdrawal, Form VII, in order that any over payment may be promptly recovered; and to assist Officers, Interest Tables at 4 per Cent. will be furnished, a copy of which is to be attached to each Brigade, Battalion, Regimental Troop and Company Ledger.

23. Commanding Officers of Brigades, Battalions and Regiments will send to the Government Saving's Bank, as early as practicable, after the 1st of May in each year, a return of the transactions of the several depositors taken from the Brigade, Battalion or Regimental Saving's Bank Ledger to be prepared Form VIII. This, after being checked, will be returned to the Regiment with a certificate of accuracy, and the balance of each account so certified, is to be the opening balance of the several depositors' accounts for the following year.

28. An abstract of the Saving's Bank account of each man taken from the Troop or Company Ledgers and shewing the quarterly balance of deposits and interest, is to be inserted in the account book, or pocket Ledger, with which each man will be provided.

29. A supply of the several forms applicable to Regimental Saving's Banks will be furnished on application whenever required, by the Secretary to the Government Saving's Bank, through whom the necessary number of Ledgers and other books will likewise be provided.

30. During active operations in the field, or whenever circumstances may render it impracticable to carry on the details of the Saving's Bank either in a complete corps or a detachment of Artillery or Infantry, the several Governments may, on the recommendation of His Excellency the Commander-in-

Chief, direct the temporary suspension of these rules for such periods as may be found necessary, but all sums actually in deposit will continue to bear interest in the same manner as if the rules had not been suspended.

31. Soldiers, who are already depositors in the Government Saving's Banks under existing rules, will have their balances brought on the Regimental books from statements to be furnished by the Secretaries of the Banks.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *5th December* 1853.

At an European General Court Martial held at Kamptee on Saturday the 19th day of November 1853 Ensign Thomas James Drury of the 41st Regiment of Native Infantry, was arraigned on the following Charges, viz.

1st Charge.—For conduct unbecoming the character of an Officer and a Gentleman and to the prejudice of good order and Military discipline in having at Kamptee, on the 5th of October 1853, struck with his fist, Ensign William Octavius Cox of the same Regiment, and repeatedly, called him a liar.

Second Charge.—For having at the same time and place been drunk when on duty as Orderly Officer of the day.

Finding.—The Court having maturely weighed and considered the Evidence before it, and what has been stated in defence, is of opinion that the Prisoner Ensign Thomas James Drury, of the 41st Regiment of Native Infantry, is

Guilty of the 1st Charge.
Guilty of the 2d Charge.

Sentence.—The Court having found the Prisoner guilty as above stated, doth Sentence him the said Ensign Thomas James Drury of the 41st Regiment of Native Infantry, to be dismissed from the Service.

KAMPTEE, *the 22d day of November* 1853.

Recommendation.—The Court having performed its duty in awarding to the Prisoner a Sentence commensurate with the offences of which he has been found guilty, begs respectfully but very earnestly to recommend him to the merciful consideration of His Excellency the Commander in Chief.

The Court would mention as the grounds of its recommendation; the youth and inexperience of the Prisoner; the contrition expressed by him, the character for sobriety given him by his Commanding Officer, and by an Officer with whom he lived, leading to the impression that Ensign Drury was unexpectedly overcome by indulging in an insidious beverage of the strength of which he was ignorant; and to the state so induced the Court would charitably attribute the conduct of the Prisoner as set forth in the first charge.

KAMPTEE, *the 22d day of November* 1853.

Approved and confirmed, but at the earnest recommendation of the Court I remit the Sentence of dismissal, so properly awarded for the offences charged, and I trust that the predicament which Ensign Drury placed himself in by his intemperance, and violent conduct, will be a warning to him, and to all others, to refrain from a vice, now happily of rare occurrence in the Army,—and to observe, on all accasions, and under every circumstance, that strict propriety of conduct, which characterizes the Officer and the Gentleman.

HEAD QUARTERS: MADRAS,
2d December 1853.

(Signed) W. STAVELEY, Lieutenant General,
Commander in Chief.

Ensign Thomas James Drury is to be released from arrest and to return to his duty.

At a Native General Court Martial held at Saugor on Saturday the 12th day of November 1853, Abdul Nubbee, Regimental No. 1417, Private in the A. or Lieut. Lewis Grant's Company of the 32d Regiment of Native Infantry, was arraigned on the following Charge, viz.

Charge.—For highly mutinous conduct to the prejudice of good order and Military discipline in having at Jubbulpore on the public road in the Officers' Lines on the 14th of October 1853 made use of the following threatening language regarding his Commanding Officer Lieutenant Colonel James FitzGerald Commanding the 32d Regiment Native Infantry, namely "The Colonel is endeavouring to make us wear topies, if he do so I will kill him and (* * * * * *)" or words to that effect.

Finding.—The Court on the evidence before it is of opinion that the Prisoner Abdul Nubbee, Regimental No. 1417, Private in the A. or Lieutenant Lewis Grant's Company of the 32d Regiment Native Infantry, is

Guilty of the Charge.

Sentence.—The Court sentences the said Abdul Nubbee, Regimental No. 1417, Private in the A. or Lieut. Lewis Grant's Company of the 32d Regiment of Native Infantry to imprisonment for six lunar months, the last fourteen days of each month to be solitary confinement.

SAUGOR, 12*th November* 1853.

Confirmed, but the punishment is inadequate to the crime of which the Prisoner was found Guilty.

(Signed) W. STAVELEY, Lieutenant General,
Commander in Chief.

Charge.—For conduct to the prejudice of good order and Military discipline in having at Jubbulpore on the 14th of October 1853, with a view to screen Private Abdul Nubbee, Regimental No. 1417, of the 32d Regiment Native Infantry, endeavoured to persuade Shee Madree a Native Women to conceal from Lieutenant Colonel James FitzGerald, Commanding the 32d Regiment Native Infantry, the following highly mutinous language used by the said Abdul Nubbee in Shee Madree's presence namely "The Colonel (meaning Lieut Colonel FitzGerald) is endeavouring to make us wear topies, if he do so I will kill him, and (* * * * * *)" or words to that effect.

Finding.—The Court on the Evidence before it is of opinion that the Prisoners Shaik Boodeen, Regimental No. 864 and Ooniviah, Regimental No. 1001 Privates in the 32d Regiment Native Infantry, are

Guilty of the Charge.

Sentence.—The Court Sentences the said Shaik Boodeen, Regimental No. 864, and Ooniviah, Regimental No. 1001 Privates in the 32d Regiment Native Infantry, to imprisonment for two calendar months.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 13*th December* 1853.

No. 82.—The following revised Section of the General Regulations headed "Messes" is published to the Army, in substitution of all previous orders on the subject. Books to be corrected accordingly.

SECTION XXIII.

Regimental Colonel ..... }
Lieutenant Colonel Commandant ..... }
Lieutenant Colonel ..... } Not serving with his Regiment.
Surgeon ..... }
Assistant Surgeon ..... }

1. An Officers Mess shall be maintained in every Corps, and every Officer, with the exceptions noted in the margin, shall become a Member.

2. Regimental Messes should be so conducted as to give to every Officer an interest in their welfare and enable the youngest to live in a becoming manner on his pay: but this can never be effected unless they are frequently attended by Commanding Officers, or if extravagance is allowed, and the accounts of Officers are permitted to remain unsettled beyond the end of each month. No encouragement should be given by superior and senior Officers to expensive entertainments with costly wines, &c.; and when what are commonly called Review dinners are given, as the object is to show the Inspecting Generals how Messes are ordinarily conducted, the dinners should be such as the Officers are in the habit of sitting down to every day.

3. The Mess is an Institution established primarily for the unmarried Officers of a Regiment, and it is by every means consistent with its solvency to be made as conducive to their comfort and convenience as possible. They are to consider themselves dining Members of it. The married Officers are also required to become Members of the Mess, and are equally responsible with the unmarried for its liabilities. As a general rule attendance once a month is sufficient in the case of married Officers, but it is left to their own inclination to join their Bachelor Brother Officers at dinner whenever it suits them. Their voluntary presence at the Table will of course be always welcomed and their example undoubtedly conducive to good.

4. Rates of donation and subscription may be fixed Regimentally, but they are not to exceed the following, which is established as the maximum scale.

Donation, 1 month's *Pay proper.*

Subscription, 1½ per cent monthly on *Pay and Garrison Allowances.*

5. Every Officer is required to pay donation according to his rank—on promotion he will pay up the difference between the amount of donation already paid, and that of his new rank—up to the rank of Lieutenant Colonel or Surgeon inclusive; and such of them as may be on the General Staff or other permanent detached employ (not Regimental) will liquidate their subscriptions quarterly.

6. All Officers, those in Europe excepted, are required to pay the monthly subscriptions fixed for their respective ranks.

7. Lieutenant Colonels and Surgeons having paid their donation in those ranks to the Corps in which promoted, are not required to pay any further donation on removal to any other Regiment, but with whatever Regiment they may afterwards be serving, they will pay the regulated monthly subscriptions.

8. Lieutenant Colonels promoted to Lieutenant Colonel Commandant or Colonel, and continuing to serve Regimentally, are required to pay difference of donation and subscription as above.

9. Assistant and Veterinary Surgeons having once paid a donation to the Mess of any Regiment are not to be required to pay donation to the Mess of any other Corps to which they may be removed.

10. Officers absent in Europe, on the Staff, or on permanent detached employ, (not Regimental) though paying donation and subscription as above, are to be entered as Honorary Members from the date on which they may quit the Corps.

11. Unposted Cornets and Ensigns pay monthly subscriptions but no donations to the Mess of the Regiment with which they are appointed to do duty.

12. Officers appointed to do duty with other Regiments are to be Honorary Members of the Messes; but they are to pay the ordered donations and monthly subscriptions to their own Corps.

13. The Mess of the Engineers is established at the Head Quarters of the Sappers and Miners; and when Infantry Officers are appointed to do duty with the Regiment, they will while at its Head Quarters and if in charge of Companies, pay the same monthly subscription as Engineer Officers of corresponding rank in addition to that to their own Regimental Messes.

14. Honorary Members are in no manner liable for any debts or engagements contracted by the Mess.

15. Donations are to be appropriated exclusively to the permanent expenses of the Mess, that is to say, for *Mess property*, as Plate, Glass, Camp Equipage—and the payment of the Mess Writer, Tent Lascars, and Carriage of Mess property—but not to the current expenses of the Mess.Table, Mess Wines, or Table Servants; which are to be paid for by dining Members only.

16. Donations are to be paid to the Regiments to which Officers may be finally posted under the provisions of paras 3, 4 and 5 of Section XV, page 263.

17. Mess Plate or other articles once purchased, become *Regimental property*, on which no individual claim will be allowed.

18. An Officer on his succeeding to the command of a Corps should thoroughly examine into the state of the Mess accounts, and must continue to exercise a strict supervision of them—any defalcations and malversations of the Mess Funds, not brought to notice on his assuming command, and which a proper control on his part would have at once detected, he is personally liable for—and for such debts as may be incurred through improvidence and extravagance whereby the Mess becomes insolvent, all its Members—those only referred to in para 14 excepted—are equally liable.—Every Commanding Officer must thus see the necessity, not only with reference to his own pecuniary liability but as he values the interests of the Officers under his command, of fully acting up to the letter and spirit of this regulation. It is his duty especially to observe that no expenses are incurred which would involve the Officers in difficulty, or the Mess in debt,—and he is required strictly to enforce the regular monthly settlement of all Officers' accounts on each issue of pay: Officers leaving the Corps on furlough or sick certificate being required to make satisfactory arrangements for the liquidation of their bills so as to secure the Mess from loss in case of any unforeseen contingency.

19. Officers proceeding temporarily on Detached employ and taking several months' supply with them may be allowed to liquidate their Bill for the same by instalments provided that they give satisfactory security for the full amount, but not otherwise; for, in the event of casualty, arrears could not be recovered from the Estate as a Regimental Debt.

20. No public parties are allowed to be given *in the name of the Regiment* unless with the concurrence of the Commanding Officer, who is held responsible on such occasions for the prevention of all undue expense; and no Mess rule is to be passed compelling Officers to subscribe more than an individual and equal share for any Regimental entertainment.

21. Nor shall any Officer be liable to extra expense on account of guests invited by other Officers to the Mess; it is optional with every Officer to subscribe to parties given by his Regiment to individuals or to other Corps.

22. The interior management of the Mess is to be conducted by a Committee to be composed of three Members,—one of whom shall be Secretary, permanently or otherwise, as may be regimentally arranged—one of the remaining Members to go out by rotation at periods of not less than six months—under which arrangement the whole of the Members will in course of time become acquainted with the business of the Mess Committee. It is incompatible with his position of control, for the Commanding Officer to serve on the Mess Committee.

23. The Funds and Accounts of a Book Society or Billiard Table are to be kept perfectly distinct from those of the Mess; and the servants kept up for these objects are to be paid by those voluntarily subscribing to these sources of entertainment. The Band Fund Accounts are also to be kept distinct from those of the Mess.

24. The practice of Officers dealing with Trades-people for their own private purposes through the medium of the Mess is prohibited, as in case of casualty the Mess would not be freed from responsibility in the matter. All such transactions must be on the individual or collective responsibility of those immediately concerned, and the accounts connected with them are in no case to be entered in the Mess Book or to be in any way mixed up with its accounts.

25. The Commanding Officer is empowered whenever he may see good and sufficient cause for such interposition of authority, to withhold his sanction from any proposed regulation or proceeding.

26. Such other regulations as may be necessary are to be established regimentally by the Officers of Corps under the sanction of Officers Commanding.

27. Inspecting Officers are requested to specify in their Reports the average Monthly Mess charge for each Rank including subscription and all articles consumed at the Mess Table, but exclusive of supplies otherwise used.

28. On every occasion of a Corps (or Detachment in which there may be a Mess) being inspected the Mess Committee will prepare (in the subjoined Form) a statement of the Debts and Assets of the Mess as the same stood on the 1st of the Month in which the Inspection is made. This statement signed by the whole of the Mess Committee and countersigned by the Officer Commanding, is to be presented to the Inspecting Officer for transmission to Head Quarters, with the Inspection Report, with such remarks recorded thereon as he may think necessary. Dead Stock such as Plate, Glass, Crockery, &c. to be carefully distinguished in the Statement from convertible property such as Wine, Beer, and other Stores, so that the real condition of the Mess may be clearly seen. When arrears may be due to the Mess by Offi-

cers or other parties for any period anterior to the month next before that in which the inspection takes place, detailed account of such arrears with an explanation of the measures that have been taken for their recovery and the causes that prevent their adjustment, is to be appended to the Statement.

MILITARY BOARD'S CIRCULAR ORDER.

No. I of 4th January 1853.

ORDNANCE INDENT DEPARTMENT.

Shot and Shells, (as the Arsenal can best supply) to be added to the Barrack Appurtenances of each Regiment, to enable Officers Commanding to carry out the provisions of General Regulations Sections XI page 124 Minor Punishments No. III.

2. The above Indents to be passed on emergency in the usual way, and the Shot or Shells regularly accounted for in the Return of Barrack Appurtenances.

3. At Stations where there are no Arsenals, no supply of Shot or Shell is to be indented for.

By order,

A. H. HOPE, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. II of 7th January 1853.

ORDNANCE DEPARTMENT.

The Military Board publish for the information of Ordnance Officers the following Memorandum from the Principal Commissary of Ordnance, as instructions for guidance in altering the Bayonet Springs of Percussion Muskets to the established pattern;—the Military Board beg to intimate that one Musket altered, has been ordered to be sent to each Arsenal from the Grand Arsenal, and a drawing giving the details will be transmitted from the Board's Office to each Ordnance Officer.

By order,

A. H. HOPE, *Acting Secretary.*

MEMORANDUM

Shewing a Plan with instructions for altering Bayonet and Spring, from Old to New Pattern.

1st. Fix the Bayonet on the Barrel, as far as the cross motion A to the sight S, which should be in line—then measure the distance, between the bottom of the Bayonet ring and the nosecap; ther, must be $\frac{2}{8}$ of an inch clear space; or there will not be sufficient room for the Spring head which mus be at least $\frac{1}{8}$ inch in length; if there should not be so much space, take out the Barrel, and file the top of the nosecap down to $\frac{1}{8}$ inch in thickness, you will then gain the space required.

2d. The next thing is to file off the ring, from $\frac{1}{16}$ inch of the bridge; as far as the lines marked B; which is about half the circumference: till you get a level surface, retaining the full thickness of the ring, then join on the new piece of Iron BB: by drilling 2 small holes, and drive in wire pins, then braze; you must be careful to have the piece of Iron sufficiently large.

3d. When the ring of the Bayonet is filed up, and the Spring fits to the Barrel; the greatest nicety should be observed, in seeing that the Spring holds the Bayonet firmly down on the sight: the drawing sent to Ordnance Officers only will shew the shape of the Spring and Bayonet ring. The dots marked C shew how the Bayonet Spring, should be filed to hook well on to the Bayonet. The $\frac{1}{8}$ ring marked D shews the difference of thickness, to be less on the outer edge: this is caused by filing the rim to a corresponding slope, with the throat of the Spring: if this is properly looked to, in fitting the Bayonet it can never come off; unless the Spring be pressed back.

F. BLUNDELL, Lieut.-Colonel,

Principal Commissary of Ordnance.

MILITARY BOARD'S CIRCULAR ORDER.

No. III of 10th January 1853.

ORDNANCE DEPARTMENT.

The Military Board have received suggestions relative to a double Scaling Ladder made entirely of Bamboo, and of more simple construction than that hitherto in use, and referred to in Circular No. XV of 22d June 1852; and the Board now publish for general information the following particulars connected with this new pattern.

The Ladder is framed of 3 Bamboos, 30 feet 6 inches in length and about 5 inches diameter, placed very nearly parallel at a distance of 1½ feet; and connected by 20 rungs of male Bamboo each 4½ feet long, about 1 inch diameter, and (cut so as to have a thicker and a thinner end) which are passed alternately from either side through holes drilled (or burned) in the large Bamboos, and placed at clear intervals of 16 inches.

The weight of this Ladder is 174 lbs., that of the old pattern 149 lbs., and both Ladders require the same number of men to carry, to lower and to raise them.

The superiority of the new Ladder consists in the facility with which it can be lowered or raised, and the ease it affords in ascending or descending; and another material advantage is that its breadth enables men to scale side by side, thereby affording mutual protection in facing the danger that awaits them on surmounting an Enemy's works.

Models of both the old and new patterns are under preparation, and will shortly be sent to out-Stations as patterns, with a view to having the relative merits of the two Ladders more fully tested and reported on; before the Board decide as to which shall be considered the established pattern.

A. H. Hope, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.
No. V of 13th January 1853.

Indent Department.

The Military Board publish the following Rules for guidance, in submitting for sanction private Indents for Articles required from Arsenals on payment.

2. The issue of Articles from the Ordnance Department to private individuals on payment, shall be restricted to serviceable Articles not procurable in the Market, no repairable or unserviceable Articles being issued except when specially authorized.

3. All private Indents for the purchase of Articles from the public Stores, shall, before being complied with, be submitted for sanction to the Military Board.

4. All letters and Indents of Officers and private individuals for Articles in the public Stores, for "private use" on payment, shall, when transmitted by Post from out-Stations be "Post paid" and sent under a cover addressed to the "Secretary to the Military Board," who will, after the requisite sanction has been obtained, return them Bearing Postage to the parties concerned, the same course being followed with respect to those Indents which are not sanctioned.

5. Indents for Articles for private use to be made out in duplicate, and invariably to state, that the Articles indented for are not procurable in the Market.

6. Indents from Commanders or Agents of Vessels or dealers in Marine Stores, to be countersigned by the Marine Board or Master Attendant, certifying that the Articles indented for, are not procurable in the local Market; and those of private individuals not in the service of Government, will be required to have similar certificates from respectable dealers.

7. The Indent must be signed by the party requiring the Articles indented for, and must specifically state, that the Articles indented for are "for my own private use": but if not for the use of the indenting party, the specific use or purpose and person to be clearly stated to the Board, to enable them to decide on the demand.

8. Indents of parties in the service for Articles for private purposes, to be countersigned by the head of their Department or Regiment.

9. Indents for Articles for private use on payment, when presented for compliance at the Ordnance Department on which passed, to be accompanied by the amount value of the Articles, as stated on the face of the Indent.

10. Indents for Articles on payment for private use, although duly sanctioned by the Military Board, shall only be complied with by the Ordnance Officer, when the issue can be made without inconvenience to the Department on which passed for supply.

11. Ordnance Officers are therefore required to refuse to comply with any sanctioned Indent, should the state of their Stores, on its being presented render such a measure necessary in their opinion, intimating the refusal to the party.

12. In supplying private Indents, every precaution should be taken to prevent mistakes by issuing an Article of a superior quality, and corresponding value for an inferior one, which is priced in the Indent according to its quality, as for instance, "Iron old wrought" and "Brass old" issuing new in lieu thereof.

MILITARY BOARD'S CIRCULAR ORDER.

No. VIII of 27th January 1853.

ENGINEER DEPARTMENT.

It is hereby notified that whenever Buildings are infested with the destructive White Ant; their nests containing the Queen Ant will always be found in the immediate neighbourhood, and as the destruction of the Queen Ant destroys the Colony, and this having been found an effectual remedy whenever properly tried, there is therefore no reason why any Building should hereafter suffer from this destructive insect, and instructions are now given generally for digging up the White Ants' nests in the neighbourhood of all Public Buildings.

All Officers Civil or Military occupying or in charge of Public Buildings being held responsible for the same, it is their duty either to take immediate measures for discovering and digging up White Ants' nests within 100 yards of the Building and destroying the Queen Ant, or to report to the proper authority the existence of the White Ant nest within that space from the Building.

Public Establishments may if available for the duty, at once be employed by Officers in charge of Buildings, in digging up the nests; but if otherwise by intimating the existence of nests and that no means are available to dig them up, the proper authority will then take immediate measures for so doing—charging the trifling expense for digging in the half-yearly bills for petty repairs, under the account of the particular Building nearest to which the nest was found.

It is further requested that in the Annual Reports of Buildings and at the foot of the half-yearly petty repair bills, a notice be entered stating that all White Ant nests within 100 yards of Public Buildings have been dug up and the Queen Ant destroyed, and it is particularly requested that Engineer or other Officers employed on Public Works or in charge of Buildings will make frequent inspections to see that this simple remedy for a very great evil has been fairly carried out.

A. H. Hope, *Acting Secretary.*

No. XXIII of 6th June 1853.

LASCAR DEPARTMENT.

On occasion of any complaint or charge being preferred against any subordinate of the Ordnance Department, however humble his position may be, the Military Board expect that Ordnance Officers will institute enquiry into the matter, and will place on record in a clear form the evidence for or against the party, and should the intervention of the Board be deemed necessary, the proceedings in the case must be submitted in such a way as will enable the Board to form an opinion on the merits of the case, from the evidence.

The Board must particularly express their desire that old servants of the Department should have every accusation preferred against them fully enquired into, and their defence listened to, and as the establishment of Arsenals can generally allow of a Court of Enquiry, of Warrant

Officers or of Non-Commissioned Officers being constituted, it is advisable that the head of the Arsenal should form such a Court as obtains in the Arsenal of Fort Saint George for the investigation of the case, not only as this course is well adapted to eliciting the truth, but as ensuring a clear view of the matter alleged against the subordinate; these proceedings when necessary being submitted to the Board, but with a Report from the Ordnance Officer clearly setting forth his own view of the case upon his own responsibility.

By order,
A. H. Hope, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.
No. XXV of 5th July 1853.

Engineer Department.

The attention of Officers Commanding Divisions, Forces, &c. is called to the following points, connected with the framing of Estimates and the submission of Bills for works executed under their responsibility.

1. All Buildings to be designated according to the Quarter Master General's Return.
2. Separate Estimates to be prepared for each Building.
3. When there are several apartments under one roof, the general name of the Building to be given at the head of the Estimate and the apartments separated in the body of the same—the total of repairing each apartment to be carried out—the materials and workmen to be defined as heretofore.
4. The Bills for such works to correspond with the Estimates.
5. The cost of repairs, &c. to each Building in the Nagpore and Hyderabad States, to be exhibited in Madras currency as well as in the currency of those States, *any saving* in the exchange to be adjusted by attaching a Paymaster's receipt, or crediting the same in the Bill, as the case may require.
6. All Estimates and Statements for *repairs* to Buildings, to have a memo. at the foot shewing when last repaired and the amount expended at the time—a similar memo. to be appended to Bills for works executed on emergency.
7. In all cases where any difference, however slight, exists between the amount of the Estimate and the amount of the Bill, the cause of such extra outlay, or saving as the case may be, is to be fully explained in a N. B. at the bottom of the Bill.
8. When materials are taken from other Buildings to execute repairs or construct new works, the value of the same is to be included in the body of the Bill and not deducted, but a Paymaster's receipt for the amount value of the materials used must be attached to the Bill.

A. H. Hope, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXVI of 12th July 1853.

ORDNANCE AUDIT DEPARTMENT.

An allotment of Ammunition and Stores will be laid down by Officers Commanding Divisions and Forces for each Reserve Magazine in the several Divisions, due care being taken that the Stores are suitable to the description of Arms in use with the Detachments depending on that Magazine. This allotment will be revised periodically, due provision being made for enabling the Magazines to meet requisitions for the usual Escorts and Treasure Parties passing through the District, as well as those from the Troops depending on the Magazine, in addition to supplying the wants of the Detachment permanently located.

2. On occasion of the allotment for any Magazine being altered or revised, the same will be made known to the Military Board with information as to the cause of the revision.

3. All Ammunition and Stores in the several Reserve Magazines in excess of, or not corresponding with the allotment, or that may be unserviceable, are to be returned into the nearest Ordnance Depôt, and in replacing or supplying Stores to Reserve Magazines, care will in all possible cases be taken to employ the return Carriage for the conveyance of the articles to or from the Magazine.

4. Half-yearly Returns and Journals of Stores in Reserve Magazines, will be sent into Head Quarters of Divisions and Forces, and then transmitted in a collected state to the Military Board; the Return shewing the allotment and the date when fixed, and for what strength of Detachments or Troops; and the Journal shewing the receipts and expenditure, and specifying that the oldest Ammunition in Store has invariably been drawn for Practice and Exercise.

5. Detachments during absence from Regimental Head Quarters, will, if located at Stations where there is a Reserve Magazine, obtain the means of carrying on Practice and Exercise, viz. Ammunition, Percussion Caps, &c. from the Stores maintained in the Magazine; supplies of Target Materials to cover Targets being sent with such Detachments from Head Quarters, but the Target frame being obtained from the Magazine.

6. In order to ensure the Ammunition, &c. being in a complete and efficient state, the oldest Ammunition in Store must invariably be used for all ordinary purposes, and all Ammunition for Practice and Exercise of Corps and Detachments drawn from the Reserve Magazines, must be replaced by fresh supplies from the General Depôts; and this rule will be applicable to the case of Regiments located at or near to Reserve Magazine Stations, and indenting on the local Magazine for annual supplies, such issues being invariably replaced from the General Depôts.

7. Officers Commanding Divisions and Forces are requested whenever convenient to inspect Reserve Magazines, bringing to the Board's notice any points they may deem requiring attention, or issuing orders to ensure efficiency.

8. Officers Commanding Stations are expected to make frequent inspections of the Stores in Reserve Magazines, as they are held responsible for the fixed allotment being maintained in all respects complete and serviceable, or of immediately bringing to the notice of superior authority any deficiencies or bad state of the supplies. Any permanent alterations in the strength of the Detachment, or any extraordinary issues are to be immediately reported, with a view to an increase or decrease in the Stores being made, or supplies being sent to the Magazine.

9. Officers Commanding Divisions and Forces will arrange the period most convenient for replenishing Reserve Magazines, taking advantage as much as possible of return Carriage, and attention is called to paras. 27 and 28 of G. O. G. No. 36 of 16th February 1853.

10. On occasions of forwarding from General Depôts supplies of Ammunition to Reserve Magazines, the Ordnance Officer will be careful to mark on the Barrels or on labels attached thereto, the date of despatch; the date of receipt being also noted thereon after the Barrels reach the Magazine.

11. Reserve Magazines are only intended for supplying a few rounds of Ammunition to permanent Detachments and occasional Parties passing through the District, and as there is no establishment allowed for the care of Stores, Officers Commanding will clearly understand, that they are not authorized to deposit in Reserve Magazines any unserviceable or surplus Stores of the Detachment, which should in ordinary cases be sent into a General Ordnance Depôt; and these must therefore be disposed of under the instructions of the Officer Commanding the Force or Division, and Indents for Carriage for their conveyance to the nearest General Depôt submitted in the usual manner.

12. As a guide in preparing the allotment, a printed list of Articles which are generally kept in Reserve Magazines, follows;—and the Board request that the nomenclature as therein given may be strictly adhered to in all Returns, and vouchers sent to the Board in support of the accounts.

13. It is desirable that the allotments should be fixed as early as possible, and it is requested that they may be sent in with the least delay possible. All articles in Reserve Magazines, in excess of those enumerated in list, to be at once returned into Store, agreeably to Circular Order No. 2,400 dated 25th May 1850.

By order,
A. H. Hope, *Acting Secretary.*

MEMORANDUM.

ORDNANCE DEPARTMENT.

The Military Board circulate to Collectors, Magistrates, and Judicial Officers, having the superintendence, direction or control of Public Works for which Tools are requisite, the substance of a communication addressed by the Board to Government on the subject of obtaining from England supplies of Pick Axes, Mamooties, and Crow Bars, to meet the increasing want of Tools for executing these works.

From Board to Government, No. 30 of 21st June 1853.

"It being within the knowledge of Your Excellency in Council, that we have received "a number of applications from Collectors, Magistrates, and Judicial "Officers for Pick Axes, Crow Bars, Mamooties, &c. for the Roads and "other Public Works in course of execution, independently of the Department "of Public Works, we beg to report that we have found it requisite from a due regard to the

"Military wants to decline complying with these demands, or to make only partial issues, and in "some cases to substitute Country articles for the English articles applied for."

"There will however not be the slightest difficulty in our meeting every demand of this "kind in future, indeed it would be convenient and relatively economical to the Service gene- "rally, to have additional demands made on us, provided always we make proper provision by "indenting on the Honorable Court of Directors for supplies sufficient to meet the demands."

"To enable Your Excellency in Council to judge of the importance of the supplies being "made from the Arsenal, we annex in the margin the "cost prices (as paid by the Honorable Court in Eng- "land) of certain articles in common demand, as com- "pared with the price charged in this Country generally "for inferior articles."

	Europe.				*Country.*			
Mamooties,.....	1	9	11	each.	2	7	8	each.
Axes Pick,.....	1	4	8	„	3	11	1	„
Hammers Sledge,..	2	1	4	„	2	12	1	„

"It will be difficult at first to estimate the quantities required, but supposing each Col- "lector to require for the District or Village Roads, say only 100 Mamooties, an equal number "of Pick Axes, and 20 Crow Bars, and that the Judicial Department require for the 3,000 or 4,000 "Convicts employed on Public Works, a Mamootie per man for two thirds of the number, and "Pick Axes for the other third, and say 500 Crow Bars—the total wants will be,

Total { 4,000 Mamooties, 3,000 Pick Axes, 900 Crow Bars. } For the Collectorates and Judicial Departments.

"And supposing these to be renewed only once a year, which is a low estimate, it would be "requisite to indent on England for double the above numbers to maintain the supply in use."

"So cheaply are the articles obtainable in England, that we have not the slightest ap- "prehension of Stores of these articles remaining useless on hand, even if not all required for "public use, as they will be very readily purchased by the people; indeed it would be one way "of creating a demand for these Tools for Government in the first instance to facilitate the supply "to the people of the Districts, and then leave the after wants to be met by regular dealers."

"We solicit permission to include the above number of Tools in a special Indent on the "Honorable Court, and with the sanction of Government, we wish to call on Collectors, Judges, "and Magistrates, to furnish us with a list of the Tools, &c. likely to be required in their Dis- "tricts for Public Works."

"Ordered that the subject of the foregoing letter be brought to the notice of the Honor- "able Court, and that the Military Board be requested to submit a special "Indent on those authorities after ascertaining the number and description of "Tools that will be required by the Officers referred to."

Minutes of Consultation, No. 614 of 28th June 1853.

In accordance with the above order of Government, the Board request that Officers will state—

1st.—The number and description of Tools of every kind likely to be required with work- ing parties.

2d.—The average period that each Tool is estimated to continue serviceable.

3d.—The Arsenal from whence Tools can be most conveniently sent for distribution to places in the District most convenient for the work.

The Board beg to mention that lighter Tools than those hitherto issued from the Arsenals, (of which the following are the weights) have lately been received from England, but in limited quantities as specified.

Mamooties Europe, weight	5 lbs.	each,	500
Axes Pick	„	„	5	„	„	500
Shovels	„	„	4½	„	„	500

Appended is a Return to be filled in and sent in to the Military Board without delay, in order that the demand may be made on England.

By order,

29th July 1853. A. H. Hope, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.
No. XXXII of 16th September 1853.

ORDNANCE DEPARTMENT.

The Military Board request attention to the Regulations at Page 52 of the Ordnance Code, respecting the measures to be used in measuring Articles of Military Stores received from Europe, and to announce that those Articles which require to be accounted for by measure, are to be received, issued and returned by English measure, and that those measures of the Imperial Standard are alone to be employed according to the Table below given. Ordnance Officers and all others accounting for Stores to the Military Board will verify the measures in use, and ascertain that they are of the proper capacity, and any discrepancy between the quantities according to any old or obsolete English measures, and as found by those of the Imperial Standard will be submitted to the Board in a separate list to obtain sanction for the conversion.

Annexed is a list of the Articles which appear by the Books of the Board to be usually accounted for by the English measures, and Ordnance Officers are requested to bring to notice any of these Articles on their Books which are not so returned, or any Articles not included in this list which are accounted for by this measure, and the Board will convey their orders as to the Standards by which these will in future be measured.

MILITARY BOARD'S CIRCULAR ORDER.
No. XXXIII of 7th October 1853.

ORDNANCE DEPARTMENT.

With reference to Circular No. XXVIII dated 3d August 1851, the Military Board having received representations that the quantity of materials &c. therein laid down as sufficient for browning the Barrels of 150 Muskets has been found on actual trial to be insufficient when the work has to be done in out-Station Arsenals, and believing from the nature of the appliances at the command of such Arsenals, and from many circumstances connected therewith that these representations are well founded, they are pleased to publish the following modified instructions for the browning of Arms, for the special guidance of out-Station Arsenals.

2. When the Arms of a Regiment, serving at a Station where there is an Ordnance Officer, (Commissioned or Warrant) require to be browned, they will be sent into the Arsenal, and the browning effected under the supervision of the Ordnance Officer; but at Stations where there is no General Store Department, the Artificers attached to Corps will work under Regimental superintendence with materials to be supplied on Indent in the proportions as indicated below—which materials are to be brought on the Returns and Journals of Corps, and accounted for in the same manner as other petty and small Stores.

Implements required.

Scratch Brushes Steel.....	No. 4	}	Sufficient for
or Scratch Cards each 4 by 3½ Inches.	Pieces 49	}	800 Stand
Sponges.....	„ 8	}	of Arms.

Ingredients for making up a quantity of mixture equal to the browning of 150 Barrels.

Spirits of Wine.....	ozs. 2	Spirits of Nitre Sweet.....	drs. 28
Steel Tincture of.....	drs. 28	Acid Nitric.....	„ 10
Corrosive Sublimate.....	„ 20	Copperas Green.....	„ 8
Vitriol Blue.....	„ 10	Soft Water Imperial measure.....	Pints 3½

These ingredients are to be mixed two weeks before being used.

3. Previous to commencing the operation of browning, it is necessary that the Barrel should be made quite bright, (but not burnished) after which it must be carefully cleaned from all greasiness;—a small quantity of pounded lime rubbed well over every part of the Barrel is the best application for this purpose. A plug of wood is then to be put into the nose of the Barrel, the nipple and touch hole are to be stopped, and the mixture applied to every part with a clean Sponge—the Barrel is then to be exposed to the air for twenty-four hours, after which time it is to be well rubbed over with a Steel Scratch Brush until the rust is entirely removed, the mixture may then be applied again as before, and in five hours the Barrel will be sufficiently corroded for the operation of the Scratch Brush to be repeated: the same process of scratching off the rust and applying the mixture may be repeated daily for four days; by which time the Barrel will be well browned.

---

* An Imperial Gallon of distilled water at 62° Fahrenheit weighs 10 lbs. Avoirdupois.
A Quart 2½ lbs. Avoirdupois.
A Pint 1¼ „ „
The Imperial Gallon is one sixth part larger than the old Wine Gallon.

4. When a Barrel is sufficiently brown, and the rust has been carefully removed from every part, 6 quarts of boiling water should be poured over every part of the Barrel, in order that the action of the Acid mixture upon the Barrel may be destroyed and the rust thereby prevented from rising again, the Barrel when cold should be rubbed over with Linseed Oil. It is particularly directed that the use of the hard Hair Brush be discontinued in browning, and the Steel Scratch Brush used in its stead, otherwise the browning will not be durable or have a good appearance.

5. The browning mixture must be kept in glass stoppered bottles, as it will soon lose its virtue if kept in earthen-ware vessels.

6. In addition to the foregoing general instructions, it is necessary to observe, that the mixture must be used in perfectly dry weather; but in a close room with a fire in it, when damp; as it takes four times the quantity of materials in wet weather as in dry. Besides experience has shewn that in damp weather the solution never properly dries, and if not so before using the Scratch Brushes (however good they may be) to clean off the rust, the browning is in some measure taken off the Barrel, giving it a dirty streaky appearance.

7. The proportion of Nitric Acid prescribed should be as near 75 above proof as possible, and in the degree in which its quality falls below that, its quantity should be increased, although the allowance of 10 drs. is intended to provide for any trifling variation.

8. Artificers should be carefully instructed not to slop the mixture on the Barrel and thus allow it to run off at the breach; but rather to lay it on gradually.

9. The proper number of Coats of the mixture to be applied to each Barrel is 9, and these should be applied in four days: thus—

1st	day.	1	Coat.
2nd	„	3	„
3rd	„	3	„
4th	„	2	„
Days	4	Total	9

10. Great care and nicety are required in laying on the mixture so that none may be wasted.

11. Circular No. XIV of 1853 relative to the number of Scratch Brushes and Scratch Cards to be retained in use with Corps remains intact.

By order,
A. H. Hope, *Acting Secretary.*
