Letter dated 9th November 1853, No. 75.

Referring to the 57th Clause of the Mutiny Act and to War Office Circulars, Nos. 1140 and 1142, dated 10th April and 14th June 1853, (herewith transmitted) under which any Man who enlists into our Service, whilst enrolled and engaged to serve in the Militia, is to sustain a stoppage of 1*d.* a day from his pay, for 18 calendar months, we desire that the stoppage for such portion of the period as cannot be made in this Country may be effected in India. The Commandant of the Depôt for Recruits will from time to time name the Men and specify the period for which the stoppage is to be made. The amount so stopped is to be remitted to this Country for payment to Sir John Kirkland, as General Agent for the Recruiting Service.

CIRCULAR No. 1140. WAR OFFICE, 10*th April* 1853.

I am directed to call your attention to the alteration which has been made in the 57th Clause of the Mutiny Act of the present session of Parliament, which declares, that any Man having been enrolled as a Volunteer under the Act 5 and 16 Vict. cap. 50, to serve in the Militia at the time of offering to enlist who shall deny that he is a Militia Man when actually enrolled and engaged to serve, or shall deny to the Justice before whom he shall be tested that he belongs to the Militia shall, in lieu and instead of the penalties now imposed by law for such offence, upon conviction thereof before any one Justice in the United Kingdom, or upon the offence being proved before a Regimental Court of enquiry, be subjected to a stoppage of one penny a day for 18 calendar months, to be applied as the Secretary at War shall direct.

By this Clause the Militia Volunteer enlisting into the Line will be punished by imprisonment, but in other respects the law remains the same, and his liability to the United Kingdom except when the Militia Regiment to which he belongs shall be embodied or for embodied Service still continues, and when his Militia Engagement shall belong absolutely to the Regiment of Her Majesty's Service into which he has enlisted.

I am to add that Militia Men enlisting into Her Majesty's Regular Forces, cannot count their Service in the Army until the expiration of their Militia Engagement, except by sanction of the Secretary at War.

I have the honor to be,
Your most obedient Servant,
B. HAWES.

To Officers Commanding
Regiments at Home.

CIRCULAR No. 1142. WAR OFFICE, 14*th June* 1853.

SIR,

2

With reference to Circular 1140, dated 10th April, pointing out that by the 57th Clause of the Mutiny Act, any Man who shall enlist into any Corps of Her Majesty's Regular Forces, or into the Forces of the East India Company, whilst enrolled and engaged to serve in the Militia, will be subjected to a stoppage of 1*d.* a day from his Pay for 18 calendar months, I am directed to request that, should any such Men be enlisted in the Regiment under your Command, a correct list of the same may be transmitted to this Department on the accompanying Form.

The Stoppages above referred to for all Men who may have subjected themselves to the same, or who may hereafter enlist whilst enrolled in the Militia, should commence from the date of their being otherwise entitled to receive Full Pay in the Corps into which they have enlisted, whether released from future attendance with the Militia or not, and credit should be given for the same in Form 10 of the Pay List, under the heads enumerated in the Form of Return transmitted herewith, and the total carried as a distinct item, as a Militia credit, to the General State of the Pay List, immediately below Class A 4.

I am however to acquaint you, that Men who may have been imprisoned under the previous Mutiny Act, for the offence of enlisting into the Line whilst belonging to the Militia, will not be liable to the forfeiture in question.

I am further to acquaint you, that, whenever Soldiers of the Regiment under your Command are detached to Regiments of Militia, for the purpose of affording Drill Instruction, their Full Pay, and Beer Money, and their Marching Allowances under Articles 345 to 352 of the Explanatory Directions of 1st July 1848 to and from the Regiments of Militia, are to be charged in the Accounts of the Regiment to which they belong, but the Allowance granted to them as Drill Instructors, will be paid to them by, and charged in the Accounts of, the Militia Regiments.

I am to add, that Serjeants, Corporals, and Drummers, who are transferred from the Line, &c. to serve on the permanent Staff of the Militia, under the arrangements promulgated in the Horse Guards Circulars of 18th September, and 13th October 1852, and 5th March 1853, are to receive Full Pay as in the Line, for the limited periods therein prescribed, unless sooner placed on the Pension List, subject to a

d duction from their Pay not exceeding 9*d.* a day for a Serjeant, and 6*d.* a day for a Corporal, to be distributed at the discretion of the Commanding Officer, to the Lance Serjeants, and Lance Corporals who may be employed to perform their duty during their absence, and the places of such Non-Commissioned Officers, so transferred, should not therefore be filled up, until they have ceased to receive Line Pay.

The Line Pay of such Men, and their marching and family allowances on proceeding to join the Militia Regiments, are to be charged in the accounts of the Line Regiment from which they are transferred.

Serjeants, Corporals, and Drummers actually discharged at the Regiment, for the purpose of proceeding immediately to join a Militia Regiment for appointment to the permanent Staff, are not to receive the 20 days pay granted by Article 44 of the Warrant and Regulations of the 1st July 1848, but are to receive Full Pay to the date preceding that on which they are actually placed on the Pension, but their places may be filled up from the date of their discharge from the Regiment, which Full Pay and not the 20 days Pay, will be chargeable in the Accounts of the Regiment from which they are discharged.

ERRATUM.—In para 7 of G. O. G. 6th January 1854, No. 8, opposite the name of Dr. Cooper, for "to do duty under the Surgeon of H. M.'s 94th Regiment" read "to do duty with the Right Wing of H. M.'s 94th Regiment at Bangalore."

FORT ST. GEORGE, 13TH JANUARY 1854.

No. 11 of 1854.—The following Despatch from the Honorable the Court of Directors in the Military Department, dated 7th December 1853, No. 81, together with its enclosure is published for general information.

We have to apprize you that His Grace the Duke of Newcastle has instructed the Governor of Western Australia that he sees no objection to Officers, who have retired from the Company's Service, being permitted to settle in Western Australia and to enjoy in that Colony the same facilities in acquiring Land which are allowed to Military and Naval Officers generally, under the existing regulations,—a copy of which is enclosed.

INFORMATION FOR THE USE OF MILITARY AND NAVAL OFFICERS PROPOSING TO SETTLE IN CERTAIN OF THE BRITISH COLONIES.

1. Privileges in the acquisition of Land are at present allowed to Military and Naval Officers in the Colonies of New South Wales, Victoria, Van Diemen's Land, South Australia, Western Australia, New Zealand, Ceylon, and the Cape of Good Hope. As, however, the controul of the waste Lands of the Crown in New Zealand is vested in the Legislature of that Colony, it must be distinctly understood that Her Majesty's Government cannot guarantee the continuance of the following regulations, but that they will be liable to be altered or discontinued by the local Legislature; and the same caution will be applicable to any other of the Colonies named, in which the same controul may hereafter be transferred to the local Legislature.

The same privileges are extended to Officers of the East India Company's Service in Van Diemen's Land.

2. In the above named Colonies, land is disposed of by sale only; but Officers purchasing land, are allowed a remission of the purchase money, according to the undermentioned scale:

Field Officers, of 25 years' service and upwards, in the whole	£ 600
Field Officers, of 20 years' service and upwards, in the whole	500
Field Officers, of 15 or less years' service, in the whole	400
Captains, of 20 years' service and upwards, in the whole	400
Captains, of 15 years' service or less, in the whole	300
Subalterns, of 20 years' service and upwards, in the whole	300
Subalterns, of 7 years' service and upwards, in the whole	200
Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of Land.	

Regimental Staff-Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this Rule:—but Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

3. In order to take advantage of this privilege, Officers of the Army and Navy on full or half pay, should provide themselves with a Certificate from the Office of the General Commanding-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, shewing that their settlement in a British Colony has been sanctioned, and stating their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. This Certificate will not on any account be issued more than once to the same Officer, or to any Officer on half Pay, who shall for two years immediately preceding the date of this Notice have resided in the Colony in which he seeks to make it available.

5. Gentlemen who have ceased to belong to Her Majesty's service will not be allowed advantages in the acquisition of Land. This rule, however, is not to affect Officers who, having obtained permission to settle in a British Colony, have quitted the service for the purpose of doing so. But, in such cases, it will be necessary that their Certificate of service and permission should bear the date of their retirement from the service, and that, within one year from that date, but not otherwise, it should be presented to the Governor of one of the above-named Colonies, which will be sufficient warrant for allowing the bearer the advantages to which his rank and length of service may entitle him according to the above scale.

6. The object of the Regulations being to encourage the permanent settlement in the above-named Colonies of Military and Naval Officers, and it being necessary to prevent those who have no intention of settling there from taking advantage of the privilege, Officers will not, for the space of two years from the making out of their Certificates, receive a Crown Grant for any Land purchased by such Certificates, but will, in the mean time, receive a "Location Ticket." At the expiration of two years, the Officer, on shewing to the satisfaction of the Governor that he is *bonâ fide* a resident Settler in the Colony, and has so resided continuously since receiving his "Location Ticket," will be entitled to a Crown Grant in exchange for it. If, however, application should not be made for the exchange of the "Location Ticket" within 12 months from the expiration of the two years for which it is granted, it will be considered to have lapsed, and the Land will be open to sale or grant. In case of the Officer's dying while holding a "Location Ticket," the land to which it refers will be transferred to his legal representative.

In case of such death occurring before the "Location Ticket" is obtained, the Governor of the Colony is authorized to make the Certificate available in favour of the Child or other nearest representative, of the deceased Officer, as he may find advisable.

7. For the convenience of Officers, the following heads are subjoined of the Rules for the sale of Land in the Australian Settlements:—

All Lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The lands are distinguished into three different classes; viz. Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price: these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase-money must be put down, and the remainder within one calendar month, or the deposit is forfeited.

Lands are put up for sale in Lots not exceeding one square mile in extent.

8. In Ceylon, Land is sold by auction at an upset price, which is to be fixed by the Governor, but which is not to be less than £1 per acre. Before the Lands are exposed for sale, they will be surveyed by the Government, and duly advertised.

9. At the Cape of Good Hope, the upset price is 2*s.* per acre in the old Colony, and 4*s.* per acre in the District of Natal.

10. The several prices above-mentioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the Remission made to Officers cannot be increased on account of an increased value set upon the Lands.

July, 1853.

Financial Department.

No. 11 of 1853.

Our Governor of the Presidency of Fort William in Bengal.

1. We consider it desirable to acquaint you for public notification, that Her Majesty's Governme affords every facility for the payment through the Commissariat in South Australia, or any other of Her Majesty's Colonies, of pensions of retired officers and soldiers of the East India Company's Service who reside there.

2. You will therefore furnish to all parties, who may desire on retirement from the Service to proceed to any of Her Majesty's Colonies for the purpose of residence there, Certificates of last payment in India, and you will make the necessary communication upon the subject to the Government of the Colony to which the pensioner may proceed, in order that no obstacle may occur to his receiving his pension there as it falls due.

3. You will also forward to us periodically a return of the parties who may have proceeded to the Colonies, with the amount of their respective pensions, for comparison with the claims of Her Majesty's Governments for reimbursement of the payment made by the Commissariat abroad on the above account.

Dated 18th March 1853. 5217.—15-3.

4. We forward in the packet copy of a letter from Her Majesty's Treasury, with its enclosures, on the subject of this communication.

We are, &c.,

To the Chairman and Deputy Chairman of the East India Company.

No. 5217, 15-3

GENTLEMEN,—In transmitting to you copies of a letter from Mr. Merivall, dated Colonial Office, the 11th instant, and of a despatch which has been received from the Lieutenant Governor of South Australia, recommending that arrangements should be made for enabling pensioners of the East India Company, who reside in that Colony, to receive their allowances through the Commissariat, in the same way as pensioners of Chelsea Hospital, I am commanded by the Lords Commissioners of Her Majesty's Treasury to acquaint you, that my Lords have stated to the Secretary of State for Colonial affairs, that it has been customary for their Board to authorize, on the application of the Court of Directors of the East India Company, the payment through the Commissariat in any of the Colonies, of pensions to which officers and soldiers of their service are entitled, and that my Lords have directed that copies of the present papers may be sent to you, with an expression of their Lordships' readiness to afford any increased facilities for this purpose in South Australia, which you may deem it advisable to recommend.

SIR,—I am directed by the Duke of Newcastle to transmit to you, for the consideration of the Lords Commissioners of the Treasury, a copy of a despatch, which has been received from the Lieutenant Governor of South Australia, recommending that arrangements should be made for enabling pensioners of the East India Company, who reside in that Colony, to receive their allowance through the Commissariat, in the same way as pensioners of Chelsea Hospital.

Military.

SIR,—I have the honor to suggest that the Lords of the Treasury be moved to instruct the Commissariat Officer at the station periodically to pay to retired officers and soldiers of the East India Company's Service settled in South Australia any pensions to which they may be entitled, as they fall due, according to the existing practice in respect to pensions to soldiers in the Queen's Service.

On a recent occasion, the Officer commanding the small detachment in South Australia, which constitutes the Military guard in Adelaide, was authorized, on my application, to direct the Commissariat Officer to pay a pensioner of the East India Company's Service resident in the Colony. In the event of this suggestion being adopted by the Lords of the Treasury, it will be desirable that communication should be had with the authorities in India respecting the forms or certificates under which the pension is to be advanced on account of the Indian Service by the Commissariat here, and repaid to the Treasury in London.

Australia and India are so certain to be brought into increased intercourse with each other, that I am induced to recommend the removal of all difficulties to the emigration and settlement of meritorious retired soldiers desirous of becoming Colonists in Australia.

I have, &c.,

No. 21 of 1854.—The following General Orders by the Honorable the President of the Council of India in Council are published for general information.

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, the 30th December 1853.

No. 1112 *of* 1853.—The following Extract paras. 1 and 2, of a Military letter from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 134, dated 26th October 1853, and annexment, are published for general information:—

"1. Referring to para. 34, of our Military despatch dated this day, No. 132, we now forward a No. in the packet a letter from Colonel Airey, dated at the Horse Guards, the 4th October 1853, conveying the opinion of the General Commanding-in-Chief on the arrangements proper to be made on the occasion of discharged Soldiers of Her Majesty's or the East India Company's Service being embarked for the Australian Colonies, instead of returning to the United Kingdom.

"2. The arrangements specified by Viscount Hardinge, you will in all future cases carry into effect."

Horse Guards, 4th October 1853.

SIR,

Having submitted to the General Commanding-in-Chief your letter of the 15th ultimo, forwarding a collection of papers received from the Government of India, expressing a desire that some regulations should be framed for their guidance in making arrangements for Soldiers of Her Majesty's, and the East India Company's Service, who receive free discharges in India, for the purpose of proceeding to Australia, instead of returning to the United Kingdom, I am directed to request that you will submit the following observations to the Court of Directors.

Viscount Hardinge is of opinion, that in most cases it will be expedient that an Officer, who in general must belong to the Company's Service, not especially appointed for the purpose, but who may be proceeding to the Australia Colonies for the benefit of his health or on his private affairs, should be placed in charge of a detachment, when its numbers justify the appropriation of a Commissioned Officer, and that he have instructions to report himself to the Military Officer Commanding at the port of debarkation.

The applications for discharge from Regiments in Her Majesty's Service alone, in India, between 1st January 1852 and 1st May 1853, were 272, and in the case of Her Majesty's 86th Regiment at Bombay, no less than 44 embarked in one ship; 75 more had, by the report of the Commander-in-Chief at that Presidency, taken free discharges at one time, and 40 more had applied for discharge exclusive of the Company's Service.

It is therefore desirable for the purpose of maintaining order on board the ships containing more than 30 or 40 Soldiers so recently emancipated from the restraints of Military discipline, that the same course should be adopted, whenever it may be practicable, as is now taken when under similar circumstances they return to England, the necessity for that regulation having arisen some years ago out of the outrageous conduct of Soldiers returning home when finally discharged abroad.

The discharge documents of Soldiers proceeding in this manner should in His Lordship's opinion be made up to the last day of the month, two months in advance of that in which the party embarked,—a period it is believed about the time occupied by the voyage. Thus, should the detachment embark in September, the discharge documents ought to be completed to 30th November, and the Parchment Certificates confirmed to the same date, and with their pay (deducting the stoppage for subsistence on board, in the same manner as for men proceeding to England) be given to the Officer proceeding in charge, with orders, after reporting his arrival, to pay the balance to the discharged Soldiers, and hand them their Parchment Certificates, and having thus disposed of them, transmit their discharge documents through the Senior Military Officer to the Adjutant General of the Forces,—forwarding at the same time nominal Lists with dates of discharge, and Reports of Casualties, to the Officer Commanding the Depot of each Corps to which the men belong.

It must, however, be explained to Soldiers accepting their discharge, that provided as they are with passage to Australia, and receiving pay for two months in advance of that in which they embark, even if they continue longer on the passage, no further claim for pay can be entertained.

It will be seen by this arrangement, that if individuals misconduct themselves, or commit any offence carrying with it forfeiture of good conduct badge which would alter their terms of discharge, the Officer in Command will have it in his power to withhold the discharge documents, and the Soldier's release from the Service, subject to the decision of the Senior Military Officer on arrival.

Viscount Hardinge, in thus modifying the views taken on this subject, as explained in the Adjutant General's letter to General Sir William Gomm, under date 12th July last, does so in deference to the opinions entertained in the correspondence which the Court of Directors have requested you to submit for his consideration, and to the suggestions of the General Commanding-in-Chief in India.

When no Officer can be spared, and when the number of Soldiers about to embark may be so small as not to render the presence of an Officer so necessary, the Commander-in-Chief in India may allow them to proceed under existing arrangements.

I have, &c.,

(Signed) RICHARD AIREY.

No. 44 of 1854.—The following General Orders by the Most Noble the Governor General of India in Council, are republished for the information of the Army.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 1st February 1854.

No. 110 of 1854.—The following communication from the Hon'ble the Court of Directors to the Governor General of India in Council is published for general information :—

MILITARY DEPARTMENT.

Copy Paragraphs which will form a No. in the next List of Packet to the Governor General of India in Council.

1. The law as affecting the absence of our Servants from India having been revised by a recent Act of the Legislature, we have had under our consideration the regulations for furloughs to Europe and for leave of absence at the Cape of Good Hope, New South Wales, and elsewhere out of India.

2. Our Officers avail themselves of these regulations to a very large extent, as will appear from the following statement of absentees (excluding Regimental Colonels) prepared from the latest official army lists received by us dated in July 1853

Numbers of Military and Medical Officers on furlough to Europe, on private affairs.....157
On furlough to Europe, on sick certificate,.....641
On leave to Sea, the Cape, New South Wales, &c.,.....125
besides large numbers absent on sick certificate and on private affairs in India.

3. With the view of adapting the regulations to the present increased facilities of communication, and to correct as far as possible any tendency in them to deter Officers from resorting to the places which may be most conducive to the restoration of their health when a change of climate is required for that purpose, we have resolved to adopt the following rules,—to have effect from the date of their promulgation in General Orders, in substitution for the existing rules, viz :

4. Furloughs or leaves of absence on sick certificate, to be granted for a term not exceeding eighteen months, whether they be to any place in Europe or elsewhere out of India. The regimental allowances of his rank for a term not exceeding six months to be granted to the Officer receiving such leave from the date of his departure from his presidency, regimental pay to be drawn during the period of his absence.

5. Extended leave may be granted as at present on production of medical certificates for further periods not exceeding eighteen months in the whole. During this further time regimental pay to be con-

tinued, but under no circumstances for a longer period than three years altogether, from the commencement of the absence.

6. Furloughs on private affairs to be allowed for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India. Officers who have taken the benefit of the regulation for the grant of furloughs on sick certificate, to Europe or elsewhere beyond Sea, to be ineligible to a furlough on private affairs until they have served six years from the date of their last return to duty.

7. Pay of regimental rank to be drawn whilst on furlough, but not beyond the period of two years in each furlough.

8. All grants of furlough on private affairs to be subject to the exigencies of the public service, and to the regulations framed for the preservation of the efficiency of each Regiment by limiting the number of absentees.

9. Officers holding staff appointments may have leave of absence on sick certificate or furlough, for a period not exceeding six months without losing their appointment, and if on sick certificate receiving for that time half staff allowances, but on any absence beyond that period, the staff appointment and allowances cannot be retained except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave to be reported to us directly with the reasons for it, and to be subject to our approbation.

10. Having made these arrangements for furloughs on private affairs and sick certificate, we think it right to modify the privileges conceded by the present regulations to absentees in India, at the Cape of Good Hope and elsewhere within Indian limits, of counting their time of absence on sick certificate and on private affairs for their retiring pensions, whilst absentees on furlough or on sick certificate in Europe have hitherto had no such advantage.

11. We have in consequence resolved that no furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years of aggregate service, three years in twenty-five years' service, and four years in 30 years' service, shall be allowed to count as service for the retiring pension,* and that no difference shall be made in this respect between leave of absence taken in Europe or elsewhere, or whether the leave be on sick certificate or on private affairs.

* For full pay of regimental rank (under regulations of 1796) after 22 years' service in India.
For full pay of Captain after 20 years' service in India.
For full pay of Major after 24 ditto ditto.
For full pay of Lieutenant-Colonel after 28 ditto ditto.
For full pay of Colonel after 32 ditto ditto.

12. If Regimental Officers now in the Service prefer retaining what may be considered the advantage of the present regulations, they may do so provided they signify their wish to that effect through the proper department when they next apply for furlough or leave of absence.

No. 9.—The Commander in Chief directs the following General Order by His Excellency the Commander in Chief, dated Head Quarters, Camp Jellulabad, 30th January 1854, to be published to the Army.

" His Excellency the Commander in Chief is pleased to direct that the following General Order, which was issued to Her Majesty's Regiments in India on the 19th Instant, be published to the Army.

HEAD QUARTERS:

GENERAL ORDER. CAMP CAWNPORE, 19*th January* 1854.

Under instructions from the Horse Guards, the Commander in Chief in India directs the publication of the following General Order, for the information of Her Majesty's Forces in India.

GENERAL ORDER. HORSE GUARDS, 25*th November* 1853.

The General Commanding in Chief has had his attention drawn to a General Order issued by Major General Godwin, Commanding the Army of Burmah, dated Prome, 17th February 1853.

In that order the Major General directs that the Officer of the Army in Command of Troops shall " signify to the Officer Commanding the Marines and Sailors on shore, that both services are under his " orders, and that if a Naval Officer objects to obey, the Military Officer will withdraw the Troops."

" If the Naval Officer should assume an independent command with his own Men, or advance without consulting the Officer in Command of the Troops, the latter will, after remonstrating with the Naval " Officer, refuse to co-operate with him and return to his quarters."

General Viscount Hardinge is of opinion that this peremptory order, compelling a Military Officer to demand under all circumstances, the command of Marines and Sailors on Shore,—and, if the Naval Officer should object, leaving the former, no choice but to return with his Men to their quarters,—is one calculated to produce mischievous consequences.

His Lordship considers the instructions laid down in Her Majesty's Regulations and Orders for the Army; to be sufficient for the guidance of the Army on these occasions of conjoint expéditions.

The General Commanding in Chief directs, therefore, that the General Order, dated Prome, 17th February 1853, be rescinded.

His Excellency the Commander in Chief of Her Majesty's Forces in the East Indies, will publish this General Order for the information of the Army.

An adherence to the Orders for the Army, as laid down for it in Her Majesty's Regulations, when acting with the Navy, has, during the last century, carried both services through a successful career of public duty with uninterrupted harmony and good-will; and the General Commanding in Chief has the fullest confidence that the Officers of the two services will, as heretofore, heartily co-operate for the maintenance of the honor of the British Flag and the promotion of the public interest.

By command.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 15*th March* 1854.

No. 15.—His Excellency the Commander in Chief has great pleasure in publishing the following letter from Captain Farran, Commanding 25th Regiment Native Infantry.

Captain Farran's Camp was attacked by Cholera en route from Kurnool to the Presidency, and suffered considerably therefrom, without the appearance of any of those causes, such as changes of weather, damp, cold, scarcity of water or provisions, which are sometimes considered to generate or keep up the disease. It occurred to Captain Farran to try the experiment, to which publicity is given in the General Orders of the Bombay Army by His Excellency Lord F. FitzClarence Commander in Chief, dated 4th June last, as having been attended by a successful result in the case of the 4th Regiment Bombay Rifles, and it is with great pleasure, His Excellency Lieutenant General Staveley observes a similar effect in the present instance. The Commander in Chief commends the perusal of this letter to Officers Commanding Camps.

His Excellency notices with approbation the care and attention in a sanitary point of view which have been bestowed on the Regiment, both by Captain Farran and Assistant Surgeon Simpson the Medical Officer in charge and observes it must be very gratifying to those Officers to find their unceasing efforts made, under Providence, the means of checking the progress of the fearful malady that had assailed their Camp.

EXTRACT *from a letter from Officer Commanding* 25*th Regiment N.I., to the Quarter Master General of the Army, dated Madras,* 8*th March* 1854.

No. 51.

States that it is intended to have the Bandies and their Contents thoroughly washed as far as practicable as a sanitary measure such having been found efficacious in the 4th Bombay Rifle Regiment, when attacked by Cholera.

"With reference to my letter of the 28th February 1854, number and subject as per margin, I have now the honor to state for the information of His Excellency the Commander in Chief that all the Bandies employed by the Men of the Regiment as well as all articles contained in them, which were considered likely to keep up, and spread the infection, were thoroughly washed and cleansed in the large tank at Streepermadoor, on the 28th Ultimo. The family encampment was also spread out as much as possible, on an extensive plain, so as to ensure proper ventilation throughout the lines, and the result, (if it may be attributed to the above remedial measures) was a rapid decrease in the number of fresh cases during the next two days, and with the exception of one admission into Hospital on the 4th Instant, the disease entirely ceased; there was also a marked change in the character of the epidemic in those cases admitted. On the 1st and 3d of March, the virulence of the disease appeared to have subsided and all the symptoms assumed a milder form than heretofore. As in the case of the 4th Bombay Rifles, the Bandy-men suffered severely, and in most instances several members of the same family were attacked. The heat in the Hospital tents during the day was most intense, and had a very prejudicial effect upon the patients, in fact several who appeared to be recovering in the morning fell off rapidly as the day advanced, and sunk from exhaustion caused partly by the excessive heat to which they were exposed, this however was remedied by the arrival on the morning of the 2d Instant of two European tents which you sent out, in which the sick were most comfortably accommodated, and their sufferings greatly alleviated, they no longer complained of the heat, and expressed their thankfulness for the consideration shewn for their comfort.

In concluding this report, I beg to bring to His Excellency's notice the great attention paid by Assistant Surgeon Simpson, to the Sick who were placed under his care, and he reports that his Subordinates performed their duty in a very satisfactory manner; he was very successful in his treatment, when the patients were brought in, in proper time, but many of the followers were not reported to him until they were in a dying state, otherwise, I believe there would not have been so many fatal cases."

By order of His Excellency the Commander in Chief.

Adjutant General of the Army.

No. 244 of 1854.—The Most Noble the Governor General of India in Council directs that the following para. of Military Letter from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 7, dated 18th January 1854, be published in General Orders:—

Para 14. It was our intention, by our orders of the 8th June 1853, to explain to you, that whenever in consequence of the promotion of an Officer by Royal Brevet it became unnecessary to issue to him from the Commander in Chief in India a Commission on the part of the Crown corresponding with his Regimental Commission from the Company, one-half only of the stamp duty, *viz.* Rupees 7½ was to be charged to the Officer on account of his Regimental Commission.

No. 245 of 1854.—The Most Noble the Governor General of India in Council directs that the following paragraph of Military Letter from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 7, dated 18th January 1854, and the Letter from the Secretary at War therein referred to, be published in General Orders:—

Para 26. Agreeably to your suggestion, reference has been made on this subject to the Secretary at War, from whose reply, copy of which is herewith transmitted, you will learn that Soldiers who have been allowed, as a matter of indulgence, to purchase discharge after ten years' service, are on re-enlisting within six months entitled to reckon former service, and to resume the good conduct rewards of which they were in possession at the time of their discharge, and that after a further service of two years they would be allowed a free discharge in consideration of twelve years' service combined with two distinguishing marks. Men so circumstanced should not be required to refund any portion of the bounty issued to them on re-enlistment.

Letter No. 253, dated 3d October 1853.

Relative to the terms on which a Soldier enlisted for unlimited service who purchases his discharge after 10 years under the provisions of the good conduct warrant, and re-enlists within six months (being thus entitled to count former service) may be again allowed his discharge after a total service of 12 years.

No. 154107.

To SIR JAMES C. MELVILL, K. C. B.,
East India House.

SIR,—I am directed to acknowledge the receipt of your letter of the 1st instant, with its enclosures herewith returned, and to acquaint you that Article 27 of the Royal Warrant of the 1st July 1848 regulates the cases of Soldiers re-enlisting, and under Clause 2 of that Act (page 232) Private Josh. O'Neil would be entitled to reckon his former service, and would be allowed to resume the good conduct rewards in his possession, at the time of his discharge: under the same Warrant, Clause 2, page 211, a free discharge may be granted *as an indulgence* upon certain conditions, but the Soldier cannot demand his discharge until the expiration of his engagement as a matter of right.

This indulgence having been granted to Private O'Neil, he would, under Act 15 and 17 of the same Warrant, receive a free discharge in consideration of 12 years' service combined with two distinguishing marks, and this would have been the course if the man has received his discharge on the British Establishment.

The man would not have been subjected to any stoppage on account of Bounty paid to him on re-enlistment, there being no regulation of this Office imposing such a stoppage, but he would have been entitled under the Regulations to marching money to carry him to the place of enlistment.

I have the honor to be, &c.

No. 16.—With reference to G. O. C. C. No. 46, 6th July 1853, para 3, the Commander in Chief directs that Candidates for examination in Hindoostanee by the next Quarterly Committees shall perform the written exercises furnished from the Adjutant General's Office on the 25th April next, at all Stations throughout the Presidency.

No. 17.—The Commander in Chief has much pleasure in re-publishing for the information of the Army, the following Division Order issued by Brigadier General Sir John Cheape, K. C. B., Commanding the Pegue Division, on the departure of H. M.'s 51st K. O. L. I., from the Province of Pegue.

Her Majesty's 51st Regiment formed part of the 1st Madras Infantry Brigade, in the expedition to Burmah in March 1852, since which time it has been employed with the Army of Ava; and His Excellency cordially adopts the sentiments of the Brigadier General in regard to the exemplary conduct of this gallant Corps during the active Service in which it has been engaged.

Extract from Division Orders issued by Brigadier General Sir John Cheape, K. C. B. Commanding Pegue Division.

HEAD QUARTERS: PROME, 22*d December* 1853.

On the approaching departure of H. M.'s 51st K. O. L. I. from Burmah for England, Brigadier General Sir John Cheape, K. C. B., Commanding the Division, begs to record the great satisfaction with which he has viewed the excellent conduct of the Regiment since it has been under his command.

The discipline, good conduct and Soldierly qualities of the Men, cannot be exceeded; and the Brigadier General has observed that they have been equally ready in forming posts and in defending them, in taking up quarters and accommodating themselves to the circumstances of the Country or in acting against the enemy whenever called upon or opportunity offered.

The annals of the Regiment may tell of Fields of greater note but of none in which the sterling worth of the Regiment has been more fully tried, and shewn, than its service in Burmah.

On many occasions the greatest gallantry has been displayed, and in particular by a Detachment of this distinguished Regiment in storming the enemy's position in almost the last action fought in this War.

The Brigadier General thanks the Regiment most cordially for all their good conduct, and his especial thanks are due to the Commanding Officer, Captain Anderson, for the good discipline and efficient state of the Regiment which is so highly creditable to him.

He begs to offer to Captain Anderson, and to the Officers and Men, his best wishes, and assurances of the warm interest he will ever entertain for their happiness, welfare and prosperity.

Assistant Adjutant General Pegue Division.

GENERAL ORDERS

By Major General W. H SEWELL, C. B.,

Provincial Commander in Chief.

HEAD QUARTERS: OOTACAMUND, 21*st April* 1854.

At an European General Court Martial held at Kamptee, on Monday the 3d day of April 1854, Lieutenant William Henry Dowbiggin of the Sixth Regiment of Light Cavalry, was arraigned upon the following Charges, viz:

First.—For conduct unbecoming the character of an Officer and a Gentleman and to the prejudice of good order and Military discipline, in having at Kamptee, on the 12th day of February 1854, stated to Lieutenant and Brevet Captain John Murray MacGregor, who had proceeded to his (Lieutenant William Henry Dowbiggin's) quarters for the purpose of placing him in arrest by order of Major John Byng, Commanding the 6th Regiment L. C., "I am sorry for Byng, pray give my compliments to the Major and tell him I shall now bring up everything that has occurred in the Regiment regarding myself since I rejoined" or words to that effect—thereby speaking contemptuously and disrespectfully of his Commanding Officer the said Major John Byng and insinuating that he (Lieutenant William Henry Dowbiggin) could bring up things that had occurred in the Regiment that would be prejudicial to Major John Byng's character as his Commanding Officer.

Second.—For scandalous and infamous conduct unbecoming the character of an Officer and a Gentleman and to the prejudice of good order and Military discipline in having at the same time and place falsely stated to Lieutenant and Brevet Captain John Murray MacGregor who was then and there at his (Lieutenant William Henry Dowbiggin's) quarters as set forth in the First Charge "I gave the Major the option of cancelling the Regimental Order regarding myself," alluding to the following Order which appeared in Regimental Orders on the 1st day of February 1854, which was as follows:

"The Commanding Officer regrets to observe that Lieutenant William Henry Dowbiggin failed to make the usual report to the Senior Officer at Stables yesterday evening when ample time was afforded him for doing so, such conduct being not only disrespectful but in direct disobedience of Regimental Orders. The Commanding Officer also regrets to be obliged to record in Regimental Orders his disapproval of Lieutenant William Henry Dowbiggin's general conduct and deviations from prescribed forms and rules and trusts that this will be a warning to him, for should there be a recurrence of such conduct the Commanding Officer will be obliged to take the most serious measures, as friendly warnings have had no avail." Such statement being false and unfounded.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion that the Prisoner Lieutenant William Henry Dowbiggin of the 6th Regiment of Light Cavalry, is,

Guilty of conduct unbecoming the character of an Officer and to the prejudice of good order and Military discipline in having at Kamptee, on the 12th day of February 1854, stated to Lieutenant and Brevet Captain John Murray MacGregor who had proceeded to his (Lieutenant William Henry Dowbiggin's) quarters for the purpose of placing him in arrest by order of Major John Byng, Commanding the 6th Regiment L. C. "I am sorry for Byng—pray give my compliments "to the Major and tell him I shall now bring up everything that has occurred in the Regiment "regarding myself since I rejoined" or words to that effect, thereby speaking contemptuously and disrespectfully of his Commanding Officer the said Major John Byng: but the Court acquits the Prisoner of the remainder of the Charge.

Not Guilty of the Second Charge.

Sentence—The Court having found the Prisoner Guilty to the extent above stated doth sentence him the said Lieutenant William Henry Dowbiggin of the 6th Regiment of Light Cavalry, to be suspended from rank, pay and allowances for a period of three calendar months.

Kamptee, 6*th April* 1854.

Approved; although the language addressed to Lieutenant MacGregor by Lieutenant Dowbiggin, on the occasion of his being put in arrest, was highly objectionable, Major Byng gave a wider meaning to it than the mere words themselves implied; but having imputed falsehood to Lieutenant Dowbiggin in the matter, no alternative was left, but to submit that Officer's conduct to the ordeal of a Court Martial.

The Court by which he was tried has released him of this serious imputation and in that result the Major General fully concurs.

Lieutenant Dowbiggin having been acquitted of the more serious parts of the Charges, the Major General will refrain from giving effect to the Sentence, in the hope that Lieutenant Dowbiggin will for the future be more guarded in his language, when speaking of his superior Officers.

Head Quarters: Ootacamund, 20*th April* 1854.

(Signed) WILL. SEWELL, Major General,
Provincial Commander in Chief.

Lieutenant Dowbiggin will be released from arrest and return to his duty.

By order of Major General W. H. Sewell, C. B., Provincial Commander in Chief.

W. G. WOODS, Lieut. Colonel,
Adjutant General of the Army.

Provincial Commander in Chief.

HEAD QUARTERS: OOTACAMUND, 20*th April* 1854.

No. 26.—The Provincial Commander in Chief directs it to be notified for general information, that Officers of the Madras Army residing on the Neilgherries, are available under orders from the Officer Commanding the Southern Division, for employment at Jackatalla or other Station on the Hills on Military duties—such as Courts Martial superior to Regimental or mixed Committees of Her Majesty's and the Honorable Company's Service—whenever their state of health, as certified by their Medical attendant, will admit of the same.

2. To enable requisitions for Officers for the above duties to be complied with, a monthly Register or Roster will be kept by the Officer Commanding the Neilgherries, to be prepared in periodic communication with the Medical Officers there stationed, shewing the rank and names of Officers of the Madras Establishment, considered from time to time eligible for such temporary local employment.

3. This arrangement is merely intended to obviate the necessity of withdrawing Officers from distant Stations, for the performance of duties which can be readily carried on locally without personal inconvenience to individuals: and it is therefore to be distinctly understood that such employ will in no case confer any claim to extra allowances or to compensation for any other allowances suspended during residence on the Hills. Nor is an Officer to be detailed for such duty, if it shall interfere with the tenor or duration of his medical certificate; unless under especial sanction—to be previously obtained—from Army Head Quarters.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 26th April 1854.

No. 443 of 1854.—The Most Noble the Governor General of India in Council is pleased to direct, that the following para of a Military letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 20, dated 1st March 1854, be published in General Orders:—

Letter dated 4th November 1853, No. 285.

Report the appointment of two Officers who have not passed in Hindustani to do duty with the Pegu Light Infantry Battalion on certain conditions. In consequence of the peculiarity of the Eastern Provinces in which Burmese alone is spoken, Court's sanction is solicited to a modification of the rule as to the qualification for the Staff to the effect that an Officer shall be considered eligible for employment therein if he has passed in Burmese only though not to employment elsewhere until he shall have passed in Hindustani also.

24. The annexation of Pegu renders indispensably necessary the modification of the Staff Rules now proposed. It has accordingly our sanction, as well as the temporary relaxation of the proposed rule, so as to allow of Officers being appointed to situations in the Province on the condition that they pass an examination in Burmese within one year from the date of their respective appointments.

Fort William, the 28th April 1854.

No. 459 of 1854.—The Hon'ble the Court of Directors having, in their Military letter to the Governor General of India in Council, No. 2 dated 8th of February 1854, called the attention of the Supreme Government to a letter addressed to the Editor of "The Times," Bombay News-paper, signed "John Jacob, Scinde Horse," in which the writer denounces, as having ruined the efficiency of the Native Army, the Regimental system established in the year 1796, the Articles of War framed under the authority of the Legislature, and the general system of discipline established by the orders of Government; and having intimated that in their opinion it is of great importance that an order should be issued to the Army of the three Presidencies, forbidding in the strongest terms all publications of the description now referred to, whether anonymous or otherwise; the Governor General of India in Council is pleased to promulgate for general information the observations of the Hon'ble Court upon this subject.

"Any Officer in the service is at liberty, and indeed in many cases is bound in duty, to communicate confidentially to the Commander in Chief of the Army to which he belongs the opinions he may entertain on points affecting the discipline or efficiency of the Troops; but he is not at liberty to denounce publicly the system established by the Legislature and by the Government he serves.—Such conduct is entirely subversive of discipline, is calculated to excite discontent and insubordination in the Army, and we cannot express in too strong terms our disapprobation of the course which appears to have been taken on the present occasion."

In pursuance of the instructions of the Hon'ble Court, the Governor General in Council hereby positively prohibits, under the penalty of the most marked displeasure of Government, the practice of Officers publishing their individual opinions on professional grievances, or censures, whether anonymously or with their names attached thereto, on the organization and efficiency of the Army; on its regulations or discipline; or on the conduct of individuals composing it.

This order is applicable alike to the three Presidencies.

No. 131 of 1854.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 18th May 1854.

No. 532 of 1854.—The Most Noble the Governor General of India in Council is pleased to direct, that the following paragraphs of Military Letters from the Honorable the Court of Directors, to the Governor of the Presidency of Fort William in Bengal, No. 114, dated 21st September 1853, and No. 27, dated 15th March 1854, be published in General Orders:

Letter No. 114, *dated* 21*st September* 1853.

Letter dated 19*th May* 1853, *No.* 110.

Memorial from Bombardier J. Crowley, of the European Veteran Company, praying that his wife may, in the event of her surviving him, be considered entitled to the benefit of Lord Clive's Fund, and question arising therefrom submitted for decision.

9. This application is opposed to the regulation of which a copy is inserted in the margin,* and we are under the necessity of declining to make any exception to it.

10. As it appears from your present communication that the same regulation does not obtain at Madras and Bombay, we are desirous that you should call on those Governments to adopt it prospectively.

11. It is very desirable that there should be perfect uniformity at the three Presidencies in the rates of Pension received by the Widows of Soldiers from Lord Clive's Fund, but as the Deed of that Fund directs that the Widows shall receive "one quarter or fourth part of the ordinary stated pay their respective husbands were entitled to," no alteration can be made in the present authorized rates, so far as they are founded on that clause of the Deed. If there are any rates in excess they should be corrected in future grants.

* "Widows of Soldiers who may have married subsequent to the transfer of their husbands to the Non-effective List are not entitled to the benefits of Lord Clive's Fund."

Letter No. 27, *dated* 15*th March* 1854.

Letter dated 25*th November* 1853, *No.* 302.

With reference to para. 10 of Court's Despatch, No. 114 of 1853, request instructions whether Soldiers in the European Invalid Companies or European Veterans at Madras and Bombay, who continue in the performance of Regimental and Garrison duties, are to be considered on the Non-Effective List.

14. We have to state in reply to this enquiry that Soldiers on the Invalid Establishment, who are in the performance of Garrison duty are not considered as on the Non-Effective List. We have accordingly in all cases granted to Men of the "European Invalid Companies" at your Presidency on their discharge, and to the Widows of those who die whilst serving, the same benefits in regard to Pension as are granted by the Regulations to Men on the Effective strength of the Army—Men on the "European Invalid Pension Establishment" at your Presidency on the other hand being merely Pensioners, have always been considered as on the Non-Effective List.

15. You will be guided by this practice in carrying out the order contained in our Military Letter, No. 114 of 1853. The "European Veterans" at Madras, we observe, are circumstanced like the "European Invalid Companies" at your Presidency; at Bombay there is no such Establishment.

(Signed) R. J. H. BIRCH, Lieutenant Colonel,
Offg. Secy. to the Govt. of India, in the Mily. Dept.

(Signed) C. A. BROWNE, Lieutenant Colonel,
Secretary to Government.

No. 141 of 1854.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 9th June 1854.

No. 616 of 1854.—The Most Noble the Governor General in Council is pleased to lay down the following rules in order to carry out the wishes of the Hon'ble the Court of Directors that the practice at the three Presidencies with regard to the grant and retention of the Honorary Rewards authorized by the Good Conduct Regulations, for European Soldiers in the East India Company's Service, shall correspond exactly with the practice in Her Majesty's Service.

2. The Annuity is receivable in any position a Sergeant may obtain while serving in the Army, or after his discharge from the Army, with the sole exception of his being raised to the rank of a Commissioned Officer.

3. A Warrant Officer is entitled to wear the Medal and to receive the Annuity which may have been granted to him as a Sergeant.

4. A Warrant Officer or a Non-Commissioned Officer or Soldier on Staff employ, whether in any Department or Public Office, retains his Medal granted to him while serving with his Regiment, and becomes entitled to his gratuity on receiving his final discharge.

5. A man does not forfeit his Annuity, whether discharged or not, and preserves his right to the Gratuity, whenever discharged, although he may have accepted or have been appointed to Staff employ before the recommendation is approved by Government, and before his discharge.

6. The Medal "for long Service and Good Conduct," with the Gratuity, and that "for Meritorious Conduct," with an Annuity, cannot be held by the same individual. In cases, therefore, where the latter may have been awarded to a Non-Commissioned Officer already in possession of the former, he will be required to relinquish that, which carries with it the smaller pecuniary reward and in no case can the Annuity and Gratuity be continued to the same individual.

7. The only forfeiture either of the Medal and Annuity, or of the Medal and Gratuity, is misconduct proved before a Court Martial, or conviction of felony by a Court Martial or a Court of Civil Judicature; but the Annuity and the Gratuity lapse by the man's obtaining the higher reward of a Commission either unattached or on the Veteran Establishment.

FORT ST. GEORGE, 8TH SEPTEMBER 1854.

No. 214 of 1854.—The Right Honorable the Governor in Council directs the publication in General Orders of the following General Order by His Excellency the Commander in Chief, dated Simla, 22d July 1854, promulgating an Extract from the proceedings of a General Court Martial assembled at Prome on the 14th June 1854, for the trial of Lieutenant Archibald Procter of the 39th Regiment Bengal Native Infantry and lately doing duty with the Arracan Local Battalion; together with G. O. G. G. 21st August 1854, No. 843, recording the observations of the Most Noble the Governor General of India in Council on the subject.

GENERAL ORDERS BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

Head Quarters, Simla, 22d July 1854.

At a General Court Martial assembled at Prome on Wednesday the 14th day of June 1854, and continued by adjournment until Saturday the 17th day of the same month and year, Lieutenant Archibald Procter, of the 39th Regiment of Native Infantry, and lately doing duty with the Arracan Local Battalion, was tried on the following Charges : viz.

First.—That he, Archibald Procter, on the 15th day of December 1853, at Htiendan, he being then and there an officer serving in the territories of the East India Company, at a distance of upwards of one hundred and twenty miles from the Presidency of Fort William, did feloniously, wilfully and of his malice aforethought, kill and murder one Nga Shoey man, a native of Burmah.

Second.—That he, Archibald Procter, on the 15th day of December 1853, at Htiendan, he being then and there an officer serving in the territories of the East India Company at a distance of upwards of one hundred and twenty miles from the Presidency of Fort William, did feloniously, wilfully, and of his malice aforethought, kill and murder one Nga Shoey Htoo, a native of Burmah.

Finding.—The Court on the evidence before it, is of opinion that the prisoner, Lieutenant Archibald Procter of the 39th Regiment of Native Infantry, and lately doing duty with the Arracan Local Battalion, is Guilty of the charges preferred against him, to the extent of manslaughter.

Sentence.—The Court having found the prisoner Guilty of the Charges preferred against him, to the extent above stated, doth sentence him, Lieutenant Archibald Procter, of the 39th Regiment of Native In-

fantry, and lately doing duty with the Arracan Local Battalion, to imprisonment in the common Jail at Calcutta, for the period of three (3) calendar months.

PROME, 28th day of June 1854.

Not Confirmed.

HEAD QUARTERS: SIMLA, 19th July 1854.

(Signed) W. M. GOMM, General, *Commander in Chief, East Indies.*

RECOMMENDATION.

The Court beg leave unanimously to recommend the prisoner most strongly to the merciful consideration of His Excellency the Commander in Chief, on account of the trying position in which he was placed and a belief that the crime was committed under a mere error of judgment, also in consideration of the long period of his arrest.

Lieutenant Procter will remain in open arrest pending the orders of the Supreme Government.

By order of His Excellency the Commander in Chief.

(Signed) H. T. TUCKER, Lieut. Colonel,

Adjutant General of the Army.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 21st August 1854.

No. 843 of 1854.—The Proceedings of the General Court Martial, held at Prome on the 14th of June last, for the trial of Lieutenant A. Procter, 39th Regiment Native Infantry, and doing duty with the Arracan Local Battalion, have been submitted to the Supreme Government by His Excellency the Commander in Chief.

Lieutenant Procter, on the 15th of December last, caused two Burmese, who had been caught in his Camp, to be shot to death by a party of the Arracan Battalion. He was accordingly tried on a charge of murder, was found guilty of manslaughter and was sentenced by the Court Martial to three months' imprisonment in the Gaol of Calcutta, but was strongly recommended to mercy.

His Excellency the Commander-in-Chief refused to confirm the sentence and ordered Lieutenant Procter to remain in open arrest, pending the orders of Government.

In a case of so much importance, the Most Noble the Governor General in Council has deemed it necessary to record the following observations and to promulgate them for the information and guidance of the Officers of the Armies of India.

The effect of the finding of the Court Martial, and of the refusal of the Commander-in-Chief to confirm the sentence, is to exempt Lieutenant Procter from the punishment contained in the sentence and from all other punishment by law.

The Most Noble the Governor General in Council has carefully studied the proceedings and the evidence before the Court; and although the finding of that tribunal has practically exempted Lieutenant Procter from punishment, His Lordship in Council finds it impossible to regard that Officer as free from blame or guilt.

Lieutenant Procter was in command of a Detachment of 125 Men of the Arracan Battalion, in the district of Tharawaddy. The greater part of that district was in a lawless state, overrun by bands of armed men under the orders of Moung Goung Gee, by some of whom Lieutenant Procter expected to be attacked. The Burmese headman of the village had informed him that two spies were to be despatched from the Camp of Moung Goung Gee to that of Lieutenant Procter.

On the 15th December, (on which day Lieutenant Procter had been re-inforced by a Company of the 10th Native Infantry,) two Burmese were seized in Lieutenant Procter's Camp. They were declared to be the spies expected. Whereupon Lieutenant Procter, within an hour after they were taken, tied them up, and had them then and there shot to death, himself giving the word of command.

The Governor General in Council cannot but regard this act as justly calling for the severest condemnation of the Supreme Government.

Lieutenant Procter's plea, that the destruction of these men as spies was justified by the custom of War, is, in the opinion of Government, utterly untenable.

Admitting to the fullest degree Lieutenant Procter's allegation that his Detachment was in the midst of hostilities—that armed marauders or insurgents were in his vicinity and were expected shortly to attack him,—and that the men whom he seized were actually spies from the insurgent's Camp;—his act will in the eyes of Government still stand wholly without justification.

The destruction of these two wretches averted no danger from his force;—it could exercise no material influence on his opponents. Whatever danger might be involved in their presence as spies had been counteracted, for they were already in his power; the Governor General in Council considers it to be utterly idle to say that safe custody could be found for them only in death.

The words employed by Lieutenant Procter in his defence before the Court Martial, "you may "make it the moral of my Court Martial, 'never assume responsibility even for the purpose of saving bloodshed,'" are calculated to be effective as declamation before a Court; but that they did not convince the Court Martial of his innocence, is plainly apparent from the Court's verdict; which, although it declared Lieutenant Procter not to have committed murder, and convicted him of the crime of manslaughter which he did not commit, yet pronounced his conduct culpable to the extent of feloniously taking life. Such declamation, however, when tested by facts, is void of all solid substance.

The act of Lieutenant Procter in destroying these men, was not necessary to the safe custody of two bound prisoners among 200 Soldiers. It did nothing for the safety of his Detachment. It could not

possibly have averted attack at the moment; and the supposition cannot for an instant be admitted, that it would influence the Chief Moung Goung Gee to abstain from his opposition thereafter.

There was, therefore, no call for Lieutenant Procter assuming the responsibility of the immediate death of these men.

The Government of India must ever value highly the exhibition of energy, determination and absence of undue fear of responsibility in the Officers of the Army. But all these qualities may be possessed and displayed in the highest degree, without the commission of any such act as that for which Lieutenant Procter has been arraigned before a Court Martial.

The Most Noble the Governor General in Council protests against the condemnation of it being represented as a discouragement on the part of the Government, of the exercise by the Officers of the Indian Army of a spirit of resolution, and of readiness to meet the responsibilities of every position in which the course of their service may place them.

Lieutenant Procter was selected for detached employment with the Arracan Battalion. His conduct on this occasion requires that that distinction should be taken from him.

The Most Noble the Governor General in Council accordingly requests that His Excellency the Commander-in-Chief will be so good as to remove Lieutenant Procter from the Arracan Battalion and remand him to his proper Regiment, the 39th Regiment Native Infantry, releasing him at the same time from arrest.

GENERAL RULES RELATING TO THE RECEIPT, DESPATCH AND DELIVERY OF LETTERS BY DISTRICT POSTS.

Approved of by the Governor General of India in Council, on the 12th August 1854.

1. WHEREVER any local establishment may be maintained for the conveyance or delivery of the Police, Revenue or other official communications, it shall also be made use of for the conveyance and delivery of private correspondence, and be designated a District Post.

2. All Office or Road establishments, attached to any District Post, will be under the control and management of the Officer to whom they may be entrusted by the Local Government.

3. Such Police Stations and other Public Offices, as may be selected by the Local Government, shall be constituted District Post Offices, but this shall remain under the management and supervision of the same officials who are at present in charge of them.

4. A Letter Box, with a slit in the top or side, shall be fixed in a conspicuous place outside of every District Post Office. The words "Letter Box," in English and the Vernacular of the district, shall be painted on each box in legible characters.

5. All letters (except those to be specially registered,) intended for despatch from any District Post Office, must be dropped into the Letter Box. No receipt will be given. Every letter posted at a District Post Office must have its proper postage stamp affixed to it.

6. Any person wishing to post a registered letter at any District Post Office, can do so on payment of a registry fee of four annas, in addition to the ordinary postage chargeable on the letter, according to its weight. A receipt in the proper form must, in all cases, be given to the poster of a registered letter, whether it be demanded or not. One anna of the registration fee will be allowed to the person registering the letter, the remaining three annas must be sent with the letter by the same day's despatch, to the nearest Post Office.

7. Every District Post Office will be supplied by the Post Office Department with registered

letter covers, forms of receipt and of register, and with the rules relating to registered letters.

8. Except when it may be opened for the purpose of taking out the letters preparatory to their despatch, the Letter Box shall remain locked, the key being in custody of the person in charge of the Office.

9. Fifteen minutes before the hour at which the despatches of the Office are usually made up, the Letter Box will be opened and the letters in it taken out. Those addressed to places to which there is a direct communication through the District Post will be separated from all other letters, sorted and packed in covers addressed to the Officer in charge of the District Post Office from which they will be delivered. The remaining letters will be made up into one packet and addressed to the nearest Post Office with which he has a communication.

10. A Chulan or Letter Bill in the Vernacular (Form 1) will be sent with every packet despatched from a District Office to a Post Office. The Deputy Post Master or person in charge of the Post Office will, after satisfying himself that the contents of the packet agree with the Chulan, copy the entries into his register, sign, and by the next day's despatch return the Chulan. The receipted Chulans will be filed and form the only record in any District Post Office of the despatches made from it.

11. All Chulans are to be numbered consecutively in a series, commencing on the 1st of May; and if any District Post Office is in the habit of sending packets to more than one Post Office, the Chulans sent to each Post Office will be numbered in a separate series.

12. All letters sent from one District Post Office to another will be accompanied by a Chulan (Form 2), which will be receipted and returned to the Despatching Office, to be filed as a record.

13. All letters received at any Post Office, to the address of persons resident in the same district, but beyond the limits of any ordinary post delivery, will, if the Post Office be at the head-quarters of the district, be sent with a Chulan (Form 1) to the Officer in charge of the District Post, to be by him sorted and forwarded to the District Post Offices of the several sub-divisions in which the residence of the addressees may be situated.

14. Persons in charge of Post Offices in the interior of districts receiving letters for persons residing beyond the limits of their ordinary delivery, but within the sub-division of a District Post Office with which they have direct communication, will send them, if pre-paid, for delivery to that Office, with a Chulan (Form 1.) Letters for persons resident in the district, but within a subdivision with which the Receiving Office has no direct communication, must be sent to the Post Office of the head-quarters of the district. All letters bearing postage for delivery in the interior must be sent to the Post Office at the head-quarters of the district.

15. Officers in charge of District Post Offices will carefully compare with the Chulan the contents of every packet received. If the Chulan is correct, it will be receipted and returned; if not correct, the discrepancies will be noted thereon.

16. A delivery book (Form 3,) showing the names of persons entrusted with the delivery of letters, will be kept in every District Post Office, and be the only record of letters received for delivery.

17. Letters will be delivered by such persons and under such rules as the Local Government may from time to time determine. Every person, through whom any District Post letter may be delivered, is authorized to receive a fee of one pice (a fourth of an anna) for his own use, in addition to any unpaid postage which may be due on it.

18. All postage realized on letters sent from any Post Office for delivery through the District Post will be remitted every Saturday to the Post Office at the head-quarters of the district with the remittance book (Form 4.) The person in charge of the Post Office will give a receipt for the amount in the opposite column and return the book by the first despatch. At the close of the month, a balance will be struck, showing the postage still due to the Post Office on letters which have been received; this balance will be brought forward and a new account commenced on the 1st of the following month.

19. All letters, which from any cause cannot be delivered, will be returned with as little delay as possible to the Post Office from which they were received, and if any unpaid postage be due on them, credit for the amount will be taken in the remittance book. Unpaid letters are never, under any circumstances, to be sent from one District Post Office to another.

20. A monthly memorandum (Form 5,) showing the number of letters received for delivery at each District Post Office, will be prepared by the person in charge and sent on the 2nd of the following month to the Officer in charge of the Post Office at the head-quarters of the district. Persons in charge of Post Offices will prepare similar memoranda and send them to the Post Office at the head-quarters of the district. The Officer in charge will, before the 15th of each month, prepare a general statement showing the number of letters posted at, and delivered through the agency of the District Post Office in the preceding month.

HEAD QUARTERS : CHOULTRY PLAIN, 23*d September* 1854.

No. 68.—His Excellency Lieutenant General the Honorable George Anson, in entering upon his Office as Commander in Chief of the Madras Army, feels called upon to express his sense of the honor conferred on him, in having been entrusted with so distinguished a charge.

It will be Lieutenant General Anson's constant endeavour to maintain the efficiency of that Army, and to augment its just renown.

With such objects in view, His Excellency looks with confidence to Officers Commanding Divisions and Brigades, strictly to enforce all existing "General Regulations;" and to Regimental Commanding Officers for a careful observance on their part, as well as of those under them, of the "Standing Orders" of their respective Services.—General and Commanding Officers may rely upon His Excellency's cordial support in the just exercise of their legitimate authority.

From all ranks Lieutenant General Anson anticipates cheerful co-operation and individual efficiency.

He will expect proof of that zeal, subordination and sobriety of conduct in quarters : and of that fidelity, and gallantry in the Field : which have elicited the approbation of his Predecessors, and have obtained for the Madras Army its present distinguished position. It will be the Lieutenant General's duty rigidly to enforce discipline. He will promote individual comfort and interest in every way consistent with the public good : and it will gratify him at all times to be enabled to reward meritorious or distinguished conduct, whether found in the Private Soldier or the Officer.

All reports to be made to His Excellency from this date.

By order of His Excellency Lieutenant General the Honorable George Anson, Commander in Chief.

At a Native General Court Martial held at Fort Saint George, on Monday the 25th day of September 1854, Jemadar Sammy of the 29th Regiment Native Infantry, was arraigned on the following Charges viz:

First.—For conduct unbecoming the character of an Officer, in the following Instances—

First Instance.—In having at Trichinopoly on the 30th of June 1854, in a Petition under that date, to the address of the Provincial Commander in Chief, wilfully and falsely stated, "that on the "occasion of two vacancies having occurred in Kurnool in 1843, it being customary for the Com- "manding Officer to recommend two of the six Havildars first on the list for promotion, Shaik "Mohdeen and Shaik Sillaman happened to be above my name in the Defaulter's Book, the latter "individual had his name entered for Drunkenness and other crimes he was habituated to and super- "annuated. In consequence of want of space these remarks extended down opposite my name, on "Colonel Taylor newly joining the Corps and who being consequently ignorant of the respective "merits of the nominees and sending for the Defaulter's book and the other records and asked the "Adjutant against whom these remarks applied, he stated that they were intended for me and those "two individuals were consequently recommended and promoted;" he, Jemadar Sammy well knowing the same to be false.

Second Instance.—In having at the same time and place and in the same Petition, set forth in the First Instance of the Charge, wilfully and falsely stated, "that I (meaning him the said Jemadar "Sammy,) afterwards requested the present Commanding Officer to get me transferred to the Inva- "lid Establishment, as I was ashamed to make my reports to my Juniors in the Service, who had "been promoted above me, which he refused to do:" he, Jemadar Sammy, well knowing the same to be false.

Second.—For conduct to the prejudice of good order and Military discipline, in having at Trichinopoly, on the 30th of June 1854, in direct violation of the 35th paragraph, head "General Rules, Native Ranks" of the Standing Orders for the Native Infantry of the Madras Army, forwarded a written Petition to the Provincial Commander in Chief, addressed to him under that date, preferring complaints as set forth in the First Charge.

Guilty of the First Instance of the First Charge.

Regular, Local, Irregular, ..	Quarter Master Serjeant ...	38	7	10	6	5	4	44	13	2

2. When a European Non-Commissioned Officer or Soldier is selected by His Excellency the Commander-in-Chief for appointment as Quarter Master Serjeant or Serjeant Major in a Native Corps, he will at once be transferred to the "Town Major's List" in the rank of Serjeant, and will receive pay as such from the date of his being struck off the strength of his original Regiment to the date of his joining the Native Regiment, when he will be promoted to the grade of Quarter Master Serjeant or Serjeant Major, as the case may be, and come upon the higher rate of pay accordingly.

3. A European Non-Commissioned Officer, transferred from one Native Regiment to another to fill a vacancy, will be entitled to the pay of the rank he held in his old Regiment while in progress to join.

4. The pay of the grade of Serjeant Major and Quarter Master Serjeant will be passed as long as the incumbents retain those ranks in the Corps to which they have been appointed, whether they be present or absent on any authorized leave, but it is to be understood that, except under medical certificate, leave is on no account to be granted when the indulgence may be productive of inconvenience to the Service or extra expense to the State.

5. Under ordinary circumstances the places of European Non-Commissioned Officers of Native Corps, when absent on medical certificate, will not be filled up, and it is only when, from the position of the Regiment or other peculiar circumstances, the Commander-in-Chief may consider the temporary appointment of a Non-Commissioned Officer necessary, that an acting appointment will be sanctioned. In such cases the acting Non-Commissioned Officer will be allowed the difference between the pay of his proper rank and that of the grade in which he is acting.

6. A Non-Commissioned Officer of a Native Regiment, remanded by order of the Commander-in-Chief to a European Corps, is to be considered as removed from the rank he held in the Native Corps, and will be entitled only to the pay of the rank he held previous to his transfer to the Town Major's List from the date he is struck off the Rolls of the Native Corps.

7. A Non-Commissioned Officer of a Native Corps, appointed to act in the Warrant grade or in any Department or Office, will, from the day on which he ceases to perform the duties of a Non-Commissioned Officer with his Regiment, be entitled only to the pay of the rank he holds on the Town Major's List, in addition to the Staff salary of the situation he acts in.

8. A Non-Commissioned Officer, acting as Riding Master, in case of a permanent vacancy, will be entitled to the full allowances of the better situation, but if he acts in the room of a Riding Master on leave, he will be allowed only the pay of his Regimental rank, with Horse allowance and the portion of the Staff salary forfeited by the permanent incumbent.

9. Vacancies, caused by the transfer of Serjeant Majors or Quarter Master Serjeants to the Invalid Establishment, or by their being invalided to Europe, are to be filled up under the Rules applicable to Non-Commissioned Officers of European Regiments.

Fort William, 13th October 1854.

No. 1017 of 1854.—The Most Noble the Governor General of India in Council is pleased to lay down the following rules regarding the pay and passage from India of European Soldiers of Her Majesty's and the Honorable Company's Services enlisted in Europe, who may obtain a free discharge.

1. Soldiers who obtain a free discharge will be entitled to their pay and rations to the date on which they may embark, provided they do so within two months of their arrival at the port of embarkation, after which all claim to pay or subsistence of any kind will cease.

2. In order to prevent as far as practicable the detention at the Presidency of Soldiers desirous of embarking for England or the Colonies, it will be ascertained, under the orders of His Excellency the Commander-in-Chief, periodically from the Marine Department, through the Quarter Master General of the Army, when ships are most likely to sail from the different ports, in order that the Soldiers may be warned, and thus deterred from taking their discharge and proceeding to the Presidency at a time when there may be no probability of procuring a passage.

3. All men who may have been two months at the Presidency will, on the expiration of that period, be furnished by the Town Major or the Brigade Major, Queen's Troops, as the case may be, with the confirmed parchment certificates of discharge, and they are not, under any circumstances, to be included in the arrangements for embarking men of Her Majesty's Service for the Australian Colonies under Military Control, who may have more recently arrived at the port of embarkation.

4. Men obtaining free discharge can claim a free passage to England only; but in cases when His Excellency the Commander-in-Chief may recommend the indulgence, a free passage to any of the Colonies will, as at present, be allowed to them, provided the cost does not exceed that of passage to England.

5. On the arrival of the men at the Presidency, the Town Major or Brigade Major Queen's Troops as the case may be, will apply at once to the Superintendent of Marine through the department of the Quarter Master General of the Army for passage to the place to which the men are allowed to proceed. The Superintendent of Marine will provide passage if practicable or intimate his inability to do so, and in the latter case the men will have to make their own arrangements for passage, and will be allowed towards the cost of it such sum as the Superintendent of Marine may certify to be the average cost of a passage to England at the time if one be procurable, or the average cost during the preceding season.

6. This allowance will be payable to the agent of the ship on a certificate that the men have embarked.

7. A free passage or an allowance as above explained will be granted for Soldiers' wives and legitimate children, including in the latter term their unmarried daughters of whatever age, their sons under the age of fourteen years and such of their sons above that age as may be crippled or ill.

8. Soldiers who have embarked and who return in consequence of the ship putting back from sea will be allowed pay and rations only for any portion of the two months subsequent to arrival at the Presidency, which may have remained unexpired on the date of their embarkation. Should they have received pay for the full two months, they will have no claim on the State after their return.

9. Should the number of discharged Soldiers of Her Majesty's Service wishing to proceed to Australia amount to thirty or upwards, but in no other case, (and provided these men embark within the

period of two months, with reference to paras 2 and 3, of this order,) they will be allowed, when such an arrangement may be practicable, to proceed to their destination under charge of an Officer, ordinarily of the Company's Service, who may be proceeding to those Colonies.

10. Soldiers of Her Majesty's Service embarking for the Australian Colonies under the charge of an Officer, will not be provided with their discharge certificates prior to embarkation, but these certificates will be made up to the last day of the month, two months in advance of that on which the party embarks and will be given to the Officer in charge for delivery to the men with the balance of their pay on arrival at their destination.

The above rules are to be considered applicable to the three Presidencies.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 23*d October* 1854.

At a District Court Martial held at Trichinopoly, on Saturday the 30th day of September 1854 and continued by adjournment, John William Dixon, Assistant Apothecary attached to the Superintending Surgeon's Department Southern Division and doing duty in the Hospital of the 51st Regiment of Native Infantry at Trichinopoly, was arraigned on the following Charges, viz:

First.—For conduct to the prejudice of good order and Military discipline, in the following Instances.

First Instance.—In having at Trichinopoly on the 15th of September 1854, contrary to the rules of the Service, forwarded an official letter direct to Surgeon George Beetson, the Superintending Surgeon of the Southern Division, signed by him dated Trichinopoly, 15th September 1854.

Second Instance.—In having in the same petition, after detailing his grievances threatened "to lay his case before the Major General Commanding the Division, should nothing be done to alter the system of business" or words to that effect.

Second.—For having at the same place on the 14th of September 1854, neglected to obey the written order of Joseph Marcus Joseph, Assistant Surgeon in medical charge of the 51st Regiment of Native Infantry, viz:—"that he was to reside near the Hospital of the 51st Regiment of Native Infantry," with which Regiment the said Assistant Apothecary John William Dixon was doing duty.

Finding.—The Court having maturely weighed and considered the evidence before it and what has been stated in defence is of opinion that the Prisoner John William Dixon, Assistant Apothecary, Superintending Surgeon's Department Southern Division, is

Guilty of the 1st Instance of the First Charge.

Not Guilty of the 2d Instance of the First Charge, the Court does therefore acquit him thereof.

Guilty of the 2d Charge.

Sentence.—The Court having found the Prisoner guilty to the extent above stated and having furthermore taken into consideration, the absence of proof of former convictions and general character, doth now sentence him the Prisoner, the said John William Dixon, Assistant Apothecary, Superintending Surgeon's Department Southern Division, to be severely reprimanded.

TRICHINOPOLY, *October 9th*, 1854.

Not confirmed, as the Court was not constituted in the manner required by the Articles of War for the trial of Warrant Officers.

The Prisoner to be released from arrest and directed to return to his duty.

MADRAS, *October 20th*, 1854.

(Signed) GEORGE ANSON, Lieutenant General,

30*th October* 1854.

At a Native General Court Martial held at Singapore, on Saturday the 30th day of September 1854, Jemadar Cossim Khan of the 43d Regiment of Native Infantry, was arraigned on the following Charge, viz:

Charge.—For conduct to the prejudice of good order and Military discipline in having at Labuan, in the month of December 1853, borrowed the sum of fourteen Dollars from Private Pentiah of the same Regiment, belonging to the said Detachment.

Finding.—The Court on the evidence before it, is of opinion that the Prisoner Jemadar Cossim Khan of the 43d Regiment of Native Infantry, is

Guilty of the Charge.

Sentence.—The Court sentences the said Jemadar Cossim Khan of the 43d Regiment of Native Infantry, to be suspended from rank, pay and allowances for three calendar months.

SINGAPORE, *the third day of October* 1854.

Approved and confirmed.

MADRAS, *October 27th*, 1854.

(Signed) GEORGE ANSON, Lieutenant General,
Commander in Chief.

In consideration of the length of time Jemadar Cossim Khan has been under arrest, I remit the sentence.

I wish it to be understood that it is solely for the above reason that I am induced to treat this case so leniently, and that I consider the offence of which he has been convicted, is a most serious one, both as against discipline and the character which a Native Officer ought to support.

(Signed) GEORGE ANSON, Lieutenant General,
Commander in Chief.

Jemadar Cossim Khan will be released from arrest and return to his duty.

The Native General Court Martial assembled at Singapore of which Subadar Major Shaik Boodun of the 43d Regiment of Native Infantry is President, is dissolved.

The foregoing Extracts to be read to all Native Corps in the Madras Army.

MOULMEIN, 10*th October* 1854.

Recommendation by the Court.

The Court begs respectfully to recommend the Prisoner to the merciful consideration of His Excellency the Commander in Chief in consideration of the length of time the Prisoner has been in confinement and of the contrition he has expressed.

MOULMEIN, 10*th October* 1854.

Approved and confirmed.

HEAD QUARTERS, MADRAS, 20*th November* 1854.

(Signed) GEORGE ANSON, Lieutenant General, *Commander in Chief.*

The Court has recommended a merciful consideration of the Prisoner's case, on the grounds of the length of time he has been in confinement and of the contrition he has expressed, but these grounds are insufficient.

However desirable it may be that the trial of an Officer or Soldier should take place without delay, circumstances may occur to prevent it, as in the present instance, over which there is no control.

The cause of the Prisoner's long confinement was not made known to the Court by him. He merely pointed out that he had been in arrest since December last. The very fact of this lengthened period of arrest, failing as it has done to induce him to pause in his ill career, could not surely be considered by the Court as the reason for a mitigation of the sentence which has been awarded for his subsequent misconduct in July last.

The opportunity for amendment was then within his power, but disregarded; and it cannot reasonably be supposed that any mercy now extended to him would ensure a different result in his future behaviour.

The Court has placed me in the invidious position of refusing to attend to its recommendation: and I cannot but express my surprise that it should have thought it possible an Officer would be permitted to remain in the Service who has proved himself so unworthy of his rank.

(Signed) GEORGE ANSON, Lieutenant General,
Commander in Chief.

Lieutenant Albert William Pinson is to be struck off the strength of the Army from the date of the promulgation of this order at Moulmein which is to be reported to the Adjutant General of the Army.

By order of His Excellency the Commander in Chief.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 16th February 1853.

"No. 138 of 1853.—It having been brought to the notice of Government that the privilege enjoyed by Native Officers and Sepoys, under Regulation XV. of 1816, of prosecuting suits in the Courts of the King of Oude, through the Resident at Lucknow, is much abused, the Most Noble the Governor General of India in Council is pleased to lay down the following rules for future observance:—

"1. No leave is to be granted to, or applied for, in behalf of any Native Officer or Sepoy, to enable him to proceed to Lucknow for the purpose of prosecuting a claim or defending a suit in the King of Oude's Courts, through the Resident at Lucknow, until some of the particulars of the claim or suit shall have been elicited, and the Commanding Officer of the Regiment shall have satisfied himself that the man's presence at Lucknow is apparently necessary; it being borne in mind, that there are probably very few Native Officers or Sepoys from Oude serving in the Armies of the three Presidencies, who have not some near relative at home capable of acting as their representative.

"2. In the first instance, no more leave is to be granted to any applicant than will suffice to enable him to reach Lucknow, to remain there for ten days, and to rejoin his Regiment; but should the Resident at Lucknow certify that the man's continued presence there is required, additional leave is to be granted to him to such extent as the Resident may notify to be absolutely necessary.

"3. Should the Resident report to the Government of India that the presence at Lucknow of any Native Officer or Sepoy to whom leave shall have been granted at either of the Presidencies was not essentially necessary, the said Native Officer or Sepoy will forfeit all his pay and allowances during the entire period of his absence from his Regiment.

"4. No second leave is to be granted to the same applicant, on the same grounds, without a previous reference to the Resident at Lucknow."

FORT ST. GEORGE, 5TH DECEMBER 1854.

No. 288 of 1854.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.*

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 17th November 1854.

No. 1150 of 1854.—The Hon'ble the Court of Directors having transmitted to the Government of India further explanatory instructions regarding the Furlough Regulations published in Government General Order,* No. 110, of the 1st of February 1854, the Most Noble the Governor General in Council is pleased to cancel that General Order, and to promulgate in a connected form the Rules which have been laid down by the Hon'ble Court for regulating Furloughs and Leaves of Absence.

With the view of adapting the Regulations to the present increased facilities of communication, and to correct, as far as possible, any tendency in them, to deter Officers from resorting to the places which may be most conducive to the restoration of their health, when a change of climate is required for that purpose, the following Rules are established, and are to have effect from the 1st February 1854 :—

1. All Regimental Officers in the Service on the 1st February 1854, who prefer retaining what may be considered the advantages of the old Regulations, may do so, provided they signify their wish to that effect when they next apply for Furlough or leave of absence, without any limitation whether such leave be in India or elsewhere; and Officers who once make their election will not be entitled to any other choice, but will be afterwards subject to the new or old Regulations according to their decisions.

2. Staff Officers, as such, have not the above option allowed them, but they may retain the advantages of the old regulations by giving up their appointments, which, in such cases, will be considered vacated from the date of embarkation.

3. To those Officers who adopt them, the new Regulations will apply retrospectively in respect of Furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their Furloughs or leaves of absence, whether under the old or the new Rules, and whether on private affairs or sick certificate within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.

4. Officers who have availed themselves of the option of the old Rules, are allowed to re-consider the question under the modifications now sanctioned.

5. Officers who have not taken leave subsequent to the publication of the new Rules on the 1st February 1854, and who consequently may not have been called upon to declare whether they would abide by the old or the new Regulations, will, on retirement from the Service, be entitled to take full advantage of the privileges given by the new Regulations.

Furloughs on Private Affairs.

6. Every Officer will be allowed a Furlough to Europe, or elsewhere, beyond sea, for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

7. The second Furlough of two years will only be granted after ten years' service in India from the date of the return to duty after the first Furlough of two years. These Furloughs are not to be cumulative, under any circumstances, but are limited to two years. Officers who have taken leave of absence on sick certificate to Europe or elsewhere beyond sea, will be ineligible to a Furlough on private affairs until they have served six years from their last return to duty. This Rule does not apply to short leaves to sea.

8 All grants of Furlough on private affairs are subject to the exigencies of the Public Service, and to the Regulations framed for the preservation of the efficiency of each Regiment by limiting the number of absentees.

9. Officers holding Staff or other detached appointments may be allowed Furlough for a period of six months without losing their appointments; but during that period, they will not be entitled to any portion of their Staff Salary, which will be drawn in full by the Officers officiating for them.

10. All Officers, whether Staff or Regimental, while on Furlough on private affairs, will be entitled to "Furlough pay" only.

Leave of Absence on Sick Certificate.

11 Leave of Absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe or elsewhere out of India.

12. Extensions of such leave may be granted, as at present, on production of Medical certificates, for further periods not exceeding eighteen months in the whole

13. An Officer holding a Staff or other detached appointment will be allowed to be absent on sick certificate in England or elsewhere, beyond sea, for a period of fifteen months, without losing his appoint-

ment; and, during the first six months only of such absence, he will be entitled to draw half the Staff Salary of his appointment, the Officer officiating for him drawing the remaining half salary during the first six months, and the whole salary during the remainder of the time.

14. An Officer's claim to half Staff Salary for six months, as sanctioned in the preceding Rule, will not be affected by his subsequently retiring from the Service in Europe or elsewhere.

15. No portion of Command Allowance, Medical Staff Salary or other similar allowance, which under the old Rules was inadmissible to Officers absent from their Corps or Stations at the Cape or elsewhere, will be allowed to absent Officers under these Regulations.

16. All Officers, whether Staff or Regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian Pay and Allowances as was allowed under the old Regulations to Officers proceeding to the Cape on Medical certificate, and for the remaining period of their leave they will receive Furlough pay only.

17. If the leave on sick certificate be extended, Furlough pay will be continued but under no circumstances for a longer period than three years altogether from the commencement of the absence.

Staff Officers.

18. The term Staff Officer applies to all Officers holding Staff or detached appointments, Military, (General or Regimental,) Political or Civil; also to General Officers commanding Divisions, Members of the Medical Board, Superintending Surgeons, and others who, under the old Rules, were entitled to draw half staff allowance when absent at the Cape.

19. Staff Officers, absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their appointments and allowances except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave is to be reported at once to the Hon'ble the Court of Directors, with the reasons for it, and to be subject to their approbation.

20. The privilege of retaining Staff appointments during leave of absence on sick certificate, or on Furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an Officer has been three years, or if on private affairs, until he has been six years in the discharge of the duties of his appointment, from the date of last return to it.

21. This Rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

22. Officers commanding Troops of Horse Artillery and Light Field Batteries, and Officers generally in employment, will be allowed leave out of India under the same Rules with respect to allowances and tenure of Command or Office as regulated the grant of leave to the Cape to such Officers under the old Regulations, except as to the duration of those advantages, the time for their continuance being subject to the provisions of the new Regulations.

Date of Furlough and Advances of Pay.

23. The period of Furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the Officer proceeds.

24. Advances of Pay and Allowances, Staff and Regimental, to Officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for re-payment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by Officers obtaining Furlough on private affairs.

25. The existing Regulations regarding Passage Money to Officers are not affected by these Rules.

26. The certificates issued to Officers who are granted Furloughs on private affairs, or leave of absence on sick certificate, are to specify the time each Officer has been absent on leave within Indian limits, as well as the time of his previous absence in Europe; but will not include the periods allowed for proceeding to the Presidency or port of embarkation, and to enable Officers to rejoin their Regiments or Stations, after their return to India, nor the leave of one month's absence in six months as authorized by the Regulations. The last pay certificate of all Officers proceeding to England on sick certificate is to specify the rate of Regimental pay and allowances and Staff salary to which they would have been entitled under the old Regulations if proceeding to sea on Medical Certificate. This information is necessary in order that no difficulty may arise in the Pay Department of the India House in adjusting the several payments which may be due.

Officers of H. M.'s Service.

27. Officers of Her Majesty's Service in India, whether employed Regimentally or in Staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on Furlough or leave of absence.

28. In the case of Officers of Her Majesty's Service on Furlough or Sick Certificate in England or elsewhere, who may retire or exchange into Regiments not on the Indian establishment, the grant to these Officers of Indian allowances will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

Periods of absence allowed to be counted as Service for Retiring Pensions.

29. In order that all Officers quitting India on Furlough, or Sick Certificate, may be placed on an exact equality as regards loss of time, the period allowed by Regulation for proceeding to the Presidency or to the nearest port of embarkation, as well as the time to enable Officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the Retiring Pension.

30. No Furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, and four years in thirty years' service, shall be allowed to count as service for the Retiring Pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31. In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence except the period allowed in Rule 29, and the ordinary indulgence of one month's leave in six months, as authorized by the existing Regulations, and which are in all cases, whether of Regimental or Staff Officers, to be allowed to count as service for the pension. All leave to a greater extent, granted by Political and other authorities, which may not hitherto have been published in General Orders, must be so announced hereafter.

32. Officers to be entitled to retire on the full pay of their Regimental rank (under the regulation of 1796,) must have served twenty-two years in India, out of which leaves of absence for two years in the aggregate, and not more, will be allowed to count as service for the Retiring Pension.

33. Officers to be entitled to retire on the full pay of Captains and Majors (under the Regulations of 1835-7,) must have served twenty and twenty-four years respectively, out of which time leaves of absence for two years in the aggregate, and not more, will be allowed to count as service.

34. Officers to be entitled to retire as Lieutenant-Colonels must have served twenty-eight years, out of which leaves of absence for three years in the aggregate, and not more, will be allowed to count as service.

35. Officers to be entitled to retire as Colonels, must have served thirty-two years, out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

36. The scale, for Medical Officers and Veterinary Surgeons, of privileged Furlough and leave of absence, as counting for the Retiring Pension, will be as follows:—

Years.	Months.	
1	8	in 17 and under 20 years' service.
2	0	in 20 „ „ 25 „ „
3	0	in 25 „ „ 30 „ „
4	0	in 30 and upwards.

37. It is to be distinctly understood, that under no circumstances whatever will an Officer be permitted to retire on full pay, until he has completed the *full time of service* above specified, whether he be in England at the close of his service or elsewhere.

38. The privileged time of absence may, with the permission of the local Government, be taken at any time subject to these Regulations. If therefore, at the end of twenty years' service, of which eighteen had been passed on actual duty in India, an Officer should be on Furlough, or Sick Certificate in Europe, or elsewhere, he will be entitled to retire on the full pay of a Captain without returning to India, and so in the other terms of service for the higher pensions. In like manner a Medical Officer on Furlough, or Sick Certificate in Europe, or elsewhere, at the end of seventeen years' service, fifteen years and four months of which had been passed on actual duty in India, will be entitled to retire on the lowest rate pension, without returning to India, and so in the other terms of service for the higher pension.

39. These Rules do not in any way affect the existing Regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

GENERAL ORDERS.

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 22*d November* 1854.

At a European District Court Martial held at Rangoon on Tuesday the 3d day of October 1854, Francis Bormel Pereira, Assistant Apothecary attached to the 19th Regiment of Native Infantry, was arraigned on the following Charge viz.

For gross neglect of duty, and insubordinate and disrespectful conduct to the prejudice of good order and Military discipline, in the following Instances.

First Instance.—In having, at Rangoon, on the 20th day of September 1854, neglected the orders of Assistant Surgeon William Hewitt Seton Burn, his immediate Superior, in medical charge of the Hospital of the 19th Regiment of Native Infantry, in having failed to administer, as prescribed and ordered by him, Tartaric Emetic Solution, every hour, to Private Gunganah, Regl. No. Eleven hundred and sixty five, of the same Regiment, then and there a Patient in Hospital; and when found fault with by the said Assistant Surgeon Burn, insubordinately and disrespectfully replied that he had given it twice, and could not please him (meaning the said Assistant Surgeon Burn) do what he could, or words to that effect; and when the aforesaid Assistant Surgeon Burn remarked that he, the Prisoner neglected his duties, or did them very carelessly, and it would be necessary to apply for some one else, replied that he was at liberty to do as he liked, or words to that effect.

Second Instance.—In having at the same time and place as specified in the foregoing instance of the Charge, neglected the orders of Assistant Surgeon William Hewitt Seton Burn, his immediate superior, in medical charge of the Hospital of the 19th Regt. of Native Infantry, in having failed to apply to Private Ummanah, Regl. No. 1809, of the same Regiment, then and there a Patient in Hospital, Tartar Emetic ointment, as prescribed and ordered by him, the said Assistant Surgeon Burn, and when found fault with by him, replied, that he had used Croton oil instead, and did not consider it of much consequence, there being no Tartarised Antimony in Hospital, with which to make up the ointment, or words to that effect; and when it was pointed out to him, by the said Assistant Surgeon Burn, that the assertion that there was no Tartarised Antimony in Hospital, was not fact, a supply having been received only a few days before, insubordinately and disrespectfully replied that he did not consider the case in question an emergent one, that he did his duty conscientiously, and had not time for every thing, or words to that effect.

Third Instance.—In having at the same time and place as specified in the First Instance of the Charge, failed to obey the order of Assistant Surgeon William Hewitt Seton Burn, his immediate superior, in medical charge of the 19th Regiment of Native Infantry, by neglecting to apply Belladonna to the eye of Private Syed Sillamon, Regimental No. 801, of the same Regiment, as prescribed and directed by the aforesaid Assistant Surgeon Burn, and when it was pointed out to him by the said Assistant Surgeon Burn that this was a case of great emergency which left him no excuse for the neglect observed, in a disrespectful manner, that he had not applied it, or words to that effect.

Fourth Instance.—In having, at the same time and place as specified in the First Instance of the Charge, failed to obey the orders of Assistant Surgeon William Hewitt Seton Burn, his Superior officer, in medical charge of the Hospital of the 19th Regiment of Native Infantry, directing him to write up the Hospital Books daily, by not writing them up on the date above mentioned, though he had been frequently censured for the above neglect by the aforesaid Assistant Surgeon Burn.

Finding.—The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion that the prisoner Francis Bormel Pereira, Assistant Apothecary attached to the 19th Regiment of Native Infantry, is

Guilty of the Charge to the extent of neglect of duty and disrespectful conduct to the prejudice of good order and Military discipline.

Guilty of the First Instance of the Charge with the exception of "insubordinately."

Guilty of the Second Instance of the Charge with the exception of the words set forth in the Charge, namely that the expression that there was no Tartarised Antimony in Hospital was not fact, and "insubordinately replied."

Guilty of the Third Instance of the Charge.

Not Guilty of the Fourth Instance of the Charge.

Sentence.—The Court having found the prisoner Guilty as above stated and having furthermore taken into consideration his general unexceptionable character doth sentence him the said Francis Bormel Pereira, Assistant Apothecary in the 19th Regiment Madras Native Infantry, to be reprimanded.

RANGOON, *the 9th day of October* 1854.

I confirm the Finding, but disapprove of the Sentence, which is only applicable to Commissioned Officers, and is not within the powers of a District Court Martial to award under the 122d and 123d Articles of War, neither is it adequate to the Charges of which the prisoner has been found guilty, namely, neglect of duty and disrespectful conduct towards his Superior officer,

From the favorable nature of the evidence recorded and the high character given to the prisoner by his Commanding and other Officers, under whom he had served, and by Assistant Surgeon Burn up to the date of his present offence, I am induced not to return the proceedings for revision of the sentence.

HEAD QUARTERS, MADRAS, 20*th November* 1854.

(Signed) GEORGE ANSON, Lieutenant General, *Commander in Chief.*

Assistant Apothecary Francis Bormel Pereira, will be released from arrest and return to his duty.

25th November 1854.

At an European General Court Martial held at Fort Saint George, on Wednesday the 15th day of November 1854, Lieutenant Aston John Knox, of the 45th Regiment of Native Infantry, was arraigned on the following Charge, viz.

Charge.—For conduct unbecoming the character of an Officer and to the prejudice of good order and Military discipline, in the following Instances.

First Instance.—In having between Madaveram and Madras on the 28th of October 1854, when on the line of march of the 45th Regiment of Native Infantry, been drunk.

Second Instance.—In having at the time and place set forth in the First Instance of the Charge, by being drunk, broken a promise made by him Lieutenant Aston John Knox, in a letter addressed to the Officer Commanding the 45th Regiment of Native Infantry, dated, Camp Ardinghy the 4th of October 1854, and bearing his signature, to the effect that he would never again become intoxicated as long as he remained in that Regiment.

Revised Finding.—The Court having maturely weighed and reconsidered the evidence before it and what has been stated in defence together with the observations of His Excellency the Commander in Chief is of opinion that the Prisoner Lieutenant Aston John Knox of the 45th Regiment of Native Infantry, is

Not Guilty of the 1st Instance of the Charge.
Not Guilty of the 2d Instance of the Charge.

The Court acquits the Prisoner of the Charge.

MADRAS, *the 23d day of November* 1854.

Disapproved

I trust that the position in which Lieutenant Knox has been placed will have its due weight in influencing his future conduct, and impress upon him the necessity of strictly guarding himself from even a remote suspicion of giving way to a habit, which must inevitaby lead to destruction of health and ruin of character.

Lieutenant Knox is to be released from arrest, and directed to return to his duty.

HEAD QUARTERS: MADRAS, *24th, November* 1854.

No. 97.—The Commander in Chief has had occasion to notice the number of Corps in which the appointment of Quarter Master and Interpreter is vacant or filled by an Officer of another Corps owing to there being no qualified Subaltern to fill it.

Lieutenant General Anson is aware that the standard of examination for Interpreter is high, but not unnecessarily so, when the important duties devolving on Officers filling such appointments are taken into consideration.

His Excellency is averse to believe that young Officers would be deterred by the supposed difficulty of the test from attempting the attainment of this honorable distinction: for it must be deemed a reflection on the Subalterns of a Regiment, when, in consequence of none being qualified, it becomes necessary to appoint an Acting Staff Officer from another Corps. The attention of Officers Commanding Regiments should therefore be particularly directed to this subject.

No. 98.—G. O. C. C. 19th May 1854, No. 36, is cancelled and (as required by para 1, G. O. ORDNANCE DEPARTMENT.

An alteration in the pattern of Spur at present in use with the Horse Artillery, having been authorized by His Excellency the Commander-in-Chief; the Military Board have directed the Principal Commissary of Ordnance to make up (sealed) patterns, and to be distributed for the guidance of Ordnance Officers, when complying with Indents for these articles of equipment.

MILITARY BOARD'S CIRCULAR ORDER.

No. IV of 7th February 1854.

ORDNANCE DEPARTMENT.

It having been brought to the notice of the Military Board, that on the receipt of old Brass from Out-Station Arsenals, great quantities of Chapes and Ferrules are found in a serviceable condition, and would have done for new Scabbards had they been removed from the old Scabbards with greater care; the Board therefore call the attention of Ordnance Officers to Circular No. XXXIII of 15th November 1848, and request that on all occasions of rejecting unserviceable Scabbards, Ordnance Officers will make a careful examination before condemning the Chapes and Ferrules as old Brass.

By order,

A. H. HOPE, *Acting Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. V of 14th February 1854.

ORDNANCE DEPARTMENT.

As it has hitherto been the practice to arrange that the numbers on the Limbers and Carriages, and the numbers on the Limbers and Waggons of Batteries shall respectively be the same, and as the Public Service is inconvenienced by a strict adherence to this system of numbering, the following letter from the Superintendent Gun Carriage Manufactory is published for information and guidance; and it is now to be understood, that although the numbers on Limbers and Carriages may be the same, yet it is to be understood that efficiency is to be the point to be considered, and not uniformity as respects numbering.

GUN CARRIAGE MANUFACTORY:
No. 74. Madras, *27th January* 1854.

FROM MAJOR J. MAITLAND,

Superintendent Gun Carriage Manufactory.

TO LIEUTENANT A. H. HOPE,

Acting Secretary to the Military Board,

Fort Saint George.

SIR,—I have the honor to acknowledge your letter* No. 6,117 with its enclosure† No. 127, from the Principal Commissary of Ordnance regarding the marks on certain Carriages, Limbers and Waggons, which I learn from the Principal‡ Commissary of Ordnance have been already despatched to Rangoon without the numbers being assimilated.

* 25th January 1854.
† 19th January 1854 herewith returned.
‡ In letter No. 180 dated 26th Jany. 1854.

2. It appears to me it would be better to abandon altogether the idea of retaining for each Carriage and Limber, or Waggon and Limber, the same general number; there are so few Carriages in a Battery, and those few divided into Howitzers and Guns—I cannot conceive any difficulty being felt even if each Carriage, Limber, and Waggon, had a different number; but I would nevertheless at once, without further remark, carry out what appears to be the Board's wish, if I saw any way to do it without creating confusion in my registers, and I am therefore obliged to ask the Board for instructions on the subject.

3. I would suggest for approval, that each Carriage, Limber, and Waggon should retain the same general number with which it was marked on leaving the Manufactory, and that for the convenience of Regimental Officers they be permitted, if they like, to have in addition, a Battery number for each Gun, Howitzer, and Waggon set, marked from one upwards, which might be painted in large numbers on suitable places where this Battery number might be easily seen.

4. This arrangement would obviate any confusion in the registers, and at the same time meet what the Board state would be a convenience to Regimental Officers.

5. In the event of this not being approved of, I beg to be favored with instructions how I am to proceed.

I have the honor to be,
Sir,
Your obedient Servant,
(Signed) J. MAITLAND, Major,
Supt. Gun Carriage Manfy.

MILITARY BOARD'S CIRCULAR ORDER.

No. VII of 28th February 1854.

ORDNANCE DEPARTMENT.

The Military Board in circulating the following Orders and Resolutions of Government on the subject of printing Official papers, request that Officers in charge of Departments under the Board, will examine their Records and forward a list of any documents which may appear worthy of being printed.

By order,

A. H. HOPE, *Secretary.*

PUBLIC DEPARTMENT.

No. 63.

Extract from the Minutes of Consultation, 17th January 1854.

Read the following:

No. 1074.

Extract from the Proceedings of the Most Noble the Governor General of India in Council in the Home Department, under date the 8th December 1853.

Read an application from the Secretary to the Bengal Chamber of Commerce dated the 8th ultimo, for Copies of the printed selections from Government Records.

Read an Office Memo. from the Foreign Department, No. 4984, dated the 25th ultimo, forwarding for compliance a similar application from the Bengal Chamber of Commerce.

RESOLUTION.—The Most Noble the Governor General in Council remarks that there are many Official papers now printed which are of interest to, and would gladly be purchased by the public if offered for sale; some of these are noted in the margin. His Lordship in Council therefore thinks it advisable that a certain number of Copies of *all* Records printed for distribution by the Supreme or any of the subordinate Governments should be printed also for sale, over and above the number required for the use of the Officers of Government, and deposited with the principal book-sellers at the several Presidencies for disposal at a fixed price.

Selections from the Records of Government.
Annual Reports on the Revenue Administration.
Annual Judicial Reports of the Sudder Court.
Annual Reports of the Legal Remembrancer.
Annual Reports on the Police Lower Provinces.
Annual Reports on the Calcutta Police.
Annual Educational Reports.
Half-yearly Reports on Government Dispensaries.

It must necessarily be left discretionary with the other Departments and with the several local Governments to regulate the number of copies of each paper to be struck off for sale, according to the subject and the amount of interest which the public are likely to take in the publication—so also with the distribution of the publications to public Officers, those, for instance, of a purely scientific or statistical character would be valueless to some Officers in their public capacity, to whom therefore, they need not be distributed, and a less number would suffice. By the introduction of this scheme, a double purpose will be answered—information will be circulated, and the expenses of publication will to some extent be recovered.

Ordered that a copy of the foregoing Resolution be forwarded to the several Departments and local Governments noted in the margin, with a request that the views of the Government of India as expressed above may be carried out.

MILITARY BOARD'S CIRCULAR ORDER.

No. VIII of 7th March 1854.

ORDNANCE DEPARTMENT.

The Military Board notify for the information and guidance of Ordnance Officers, that the Superintendent Gun Carriage Manufactory has brought to the notice of the Board, that the eye for the Mamoties and Pick Axes forms the principal part of the labor in making them up, and the Principal Commissary of Ordnance has reported that a considerable number of condemned Pick Axes, &c. have been received for repair; the Superintendent suggests and the Principal Commissary of Ordnance recommends, that all the worn-out and unserviceable Pick Axes and Mamoties in the several up-country Arsenals with the eye still complete be repaired in the Arsenals; the Superintendent considers that these parts of the labor and expense of making new ones will be saved, and the Principal Commissary of Ordnance states that no doubt the repair might be done to some extent at most of the Out-Station Arsenals with advantage to Government, especially with regard to Pick Axes, it being more difficult to repair or re-make Mamoties worn-out; the Board accordingly request that Ordnance Officers will endeavour to call in and collect the worn out Pick Axes and Mamoties, the eyes of which are good, and cause the same to be repaired, taking care that the cost does not exceed two-thirds of the rates charged for new Articles.

ORDNANCE DEPARTMENT.

The Military Board request the attention of Ordnance Officers to the very considerable reduction of charges, which may easily be effected without in the slightest degree risking the efficiency of Departments, by making better arrangements for the conveyance of Military Stores; and as the points requiring attention will be more clearly seen from the Correspondence that has passed, the Board decide on publishing the following communications.

FROM COLONEL A. TULLOCH, C. B.,
Commissary General.

TO THE MILITARY BOARD,
Fort Saint George.

GENTLEMEN,—I have the honor to annex transcript of an Official Memorandum* addressed to the Commissariat Officer at Bangalore with reply† subjoined, for such orders as your Board may deem it expedient to issue; in order that Commissariat Officers at Out-stations may be made acquainted with the arrival of Carts with Ordnance Stores at their Stations, to enable them to re-engage the Carriage to convey back at "return hire," any Stores that may be in readiness to be despatched to the place from whence they originally started.

* Dated 13th December 1853.

† Replied 22d December 1853.

2. I beg to add that intimation is only made to the subordinate Commissariat Officers at Out-stations, on occasions when the hire of Carts is to be finally adjusted, and not for the Carts conveying Military Stores from Madras.

I have the honor to be, Gentlemen,
Your most obedient Servant,
A. TULLOCH, Colonel,
Commissary General.

OFFICIAL MEMORANDUM.

CAPTAIN E. E. MILLER, Assistant Commissary General, *Bangalore.*

REMARKS.

With reference to one of the Military Store Bills received under label dated 12th November 1853, the Commissary General requests an explanation may be afforded as to the circumstances under which Carts, which would appear to have been originally employed from Madras to convey Military Stores to Bangalore, could not have been engaged on half hire to return with other Stores to Madras as by the Indent, "Return Carts" are indented for while the Bill specifies that no return Carts were procurable.

REPLY.

No intimation was given to this Office regarding the Carts in question despatched from Madras to Bangalore, which on enquiry appear to have arrived on the 15th September last, whilst application was not made by the Commissary of Ordnance for 3 return Carts until the 20th of that month, when none could be had. Captain Miller begs to add that it is a standing rule in this Office, whenever Carts arrive with Commissary Stores to give notice to the Commissary of Ordnance in case he should require return Carts. It is respectfully suggested that intimation be given to this Office whenever Carts are despatched with Stores to the Arsenal or any other Departments here from the Presidency.

To the Officers of the Commissariat.

Sir,—I have the honor, by desire of the Commissary General, to call your particular attention to the suggestion, conveyed in the annexed copy of a letter* from the Military Board, and to request that on arrival of Carts at your Station with Commissariat or other Stores, you will be good enough to communicate with the Ordnance Officer to ascertain if any Stores are available for transport to the Station whence the Carts have arrived, in order that they may be re-engaged at return hire for all such purposes.

Indents, duly sanctioned by the Military Board, should nevertheless be obtained for all such return Carts when laden with Stores of the Ordnance Department.

The Commissary General further desires that, to ensure the object above noticed, it will be necessary also that you inform the Officer of this department at the Station to which Carts may be proceeding laden with Stores, in order that he may be aware of the expected arrival of the Carts, and for timely arrangements being made for their re-engagement, whenever return Stores are available.

ORDNANCE DEPARTMENT.

Government having directed assistance similar to that given to the London Exhibition in 1851 to be given to the proposed Exhibition in Paris for 1855, the Military Board request Ordnance Officers under their orders to be so good as to afford every assistance to Local Committees, in the same manner as suggested in their Circular Order No. 1,850 of 26th April 1850.

MILITARY BOARD'S CIRCULAR ORDER.

No. XV of 30th June 1854.

ORDNANCE DEPARTMENT.

The Military Board publish for general information and guidance, the following Extract from the Orders of the Honorable the Court of Directors, relative to the practice of forwarding Petitions which have been previously replied to.

Para. 29. We would take this opportunity of observing that our Correspondence with the Madras Presidency is augmented, and our records encumbered by the transmission of masses of voluminous petitions praying for favors and indulgence without any grounds of claim, some of these petitions are forwarded many times. This is not the case with the other Presidencies.

30. We are fully aware that it is very difficult to apply a remedy to such a state of things, and we would wish it to be distinctly understood that we are always ready to listen to complaints and to afford prompt redress for any substantial wrongs. But the practice of petitioning without any ground of complaint, and of reiterating petitions as with a view to tire out the patience of the superior authorities, and to wring a concession by the mere force of importunity has assumed such a magnitude that we find it necessary to desire that after we have once decided a case, no second petition be forwarded to us unless supported by a statement of circumstances of which we had no previous knowledge, and which in your opinion afford grounds for a reconsideration of the case.

31. It will be sufficient that you should forward a quarterly list of petitions not transmitted, because not containing any new matter.

MILITARY BOARD'S CIRCULAR ORDER.

No. XVII of 3d July 1854.

ENGINEER DEPARTMENT.

In promulgating for information the following letter (recently addressed to the Chief Engineer) on the subject of preparing Plans and Estimates for certain Works ordered by Government, the Military Board deem it advisable to re-call to the attention of Engineers and Executive Officers, the instructions previously issued, which enjoin (vide No. XVII of 28th August 1845) that while Plans for the construction of any Building are under consideration, such observations as local experience may suggest should be made so as to render the Buildings at the outset as complete and efficient as can be for the purpose for which they are intended, and that in the preparation of Plans and Estimates for any new Buildings that may be required, the rule now prescribed may be invariably followed. The Board's Order No. VIII of 21st March 1837 directed that in addition to consulting Medical Officers on the sites of any Buildings directed, on all occasions of the construction of a new Hospital, or the repair or improvement of an old one, the Medical Officer of the Division be invariably consulted as to the proper extent of accommodation for such Buildings; and by Order No. XIX of 8th December 1840, it was directed, that whenever

Plans and Estimates for the repair, improvement or alteration of Churches or Buildings in the Ecclesiastical Department are prepared, they be invariably forwarded to the Church Committees or Trustees, to be submitted by them to the Lord Bishop of the Diocese. By No. XVI of 14th July 1843 it was further desired, that whenever additions, alterations or repairs are required to Churches or Buildings attached, or to Cemeteries, it be considered a general rule for the Estimates to be prepared in communication with the Reverend the Chaplain and Lay Trustees; and the Executive Officer having ascertained what is required, should officially submit his rough Estimate for the observations of these gentlemen in order that they may see that it provides for all that is required and nothing in excess, and the Executive Engineer will then state on the face of the Estimate, that it has been prepared in communication with the Trustees. By Order No. XI of 1843 it was also enjoined that no alterations are to be made in Churches without the sanction of Government obtained through the established channel; and the Order No. XIII of 8th April 1834 directs that when Works are recommended, the Engineer Officer on the spot should give his opinion as to the necessity of the outlay proposed to be incurred, or suggest any other mode of effecting the object in view, that may appear to him more economical and desirable. Order No. XXIX of 1848 required, that before submitting any suggestion for alteration or improvement to Buildings, the Engineer should fully satisfy himself that such alterations or improvements are indispensably required, and give in detail the reasons for such alterations or improvements; and that in preparing Estimates for additions, improvements and repairs to Buildings, the Engineer should satisfy himself that the Work provided for in his Estimate is only what is absolutely necessary, and in every respect the most economical that can be devised consistently with what is required, and attention should be directed, particularly when preparing Plans and Estimates to providing for all and everything that is wanted. No. XX of 15th December 1841 directed that in submitting Plans and Estimates, every item of cost connected with the Work, should be previously calculated.

By order,
A. H. HOPE, *Secretary.*

No. 8,133.

TO THE CHIEF ENGINEER.

Sir,—I am directed by the Military Board to acquaint you (in reply to letter No. 62 of 1st March 1854, enclosing copy of letter to the Chief Engineer) that Executive Engineers in the Provinces are by no means tied down by the Plans, whether standard or otherwise, that may be sent from the Chief Engineer's Office. On the contrary, the Military Board desire to give every encouragement to their local Officers to introduce all improvements that may conduce to the health, comfort, convenience, and accommodation of Troops, the purpose of standard Plans being to assist the Officer, and not to fetter him. All well considered alterations will receive the Board's favorable attention; and I am directed to inform you that it is their wish that you should consider yourself responsible for the fitness for its proposed purpose of every building constructed by you, as if such work had been designed de novo by yourself. Needless and capricious deviation from generally approved custom, is however to be avoided; and the Military Board expect their local Officers to refrain from proposing alterations, for which good and sufficient reasons cannot be assigned. It is not to be understood, that the obligation of complying with instructions from superior authority is weakened by the decision now conveyed to you, but simply, that the Military Board are quite willing to give favorable consideration, to all proposals intended for the benefit of the Public Service.

A copy of this communication will be forwarded to the Superintending Engineer Saugor, Hyderabad and Mysore Divisions and Nagpore.

MILITARY BOARD'S CIRCULAR ORDER.

No. XVIII of 5th July 1854.

ORDNANCE DEPARTMENT.

No. 187 of 13th Sept. 1853.

1. The G. O. as per margin, authorized the supply of one wooden box to each European Soldier when in permanent quarters, one box to each married Woman, and if there be a family of 3 Children, another box at the discretion of Commanding Officers, and directed boxes which are the private property &c. of Soldiers to be taken over at a valuation without reference to size, provided they be in good order and otherwise suited for the purpose.

2. Committees of valuation to be assembled, at Stations where European Troops are located, for the purpose of valuing boxes the property of men of the European Regiments of Cavalry, Infantry, Artillery, and European Sappers; with a view to such boxes as are suitable, and in good order, being made over to the Officer in charge of Barrack furniture. The Committees to be composed of a Field Officer and 4 Members; a Captain or Officer being selected if possible from each of the Corps whose boxes are to be valued. The Proceedings to shew the names of the men whose boxes are valued, each man's Troop or Company number, and the value of the box; and it should also be stated in the column of Remarks, whether the box be in every respect suitable, and fit for use and to be transferred from one Corps to another. The Proceedings for each Troop and Company are to be separate.

3. It is not contemplated to take over boxes the private property of the Soldier, when of a higher value than that for which new boxes can be made up for by Government; nor even those valued at a lower rate, unless in every way suitable, and fit for use with the men or families. As a guide to valuation Committees, the Board beg to intimate that boxes of the pattern sent to Out-Stations, can be made up at the Gun Carriage Manufactory for Rs. 5-4-0; and the Board therefore fix the liberal rate of 8 Rs. as the maximum rate to be placed on any one box; and those of higher value than this, should be specially noted in separate proceedings, but not be taken over as Government property.

4. Bills to be prepared in the following form for the value of the boxes.

THE HONORABLE COMPANY.....*Dr.*

To amount value of 670 Boxes received from H. M. — Regt., as determined by the valuation Committee assembled under orders No. —— of date ——— Rs. 000-0-0

These Bills to be supported by the Proceedings of the Committees of valuation, and countersigned by the Officer Commanding the Division or Force or Station; and they will then be passed for payment by the Military Auditor General on the Paymaster of the Division, and the money when drawn, will be disbursed to the men under Regimental arrangements.

5. Boxes taken over on valuation, as well as all new ones hereafter supplied will become Articles of Barrack furniture, and will be kept in order, received, and issued, in the same way as obtains for all other Barrack fixtures; those at the Presidency and Presidency Cantonments, being brought on the Returns of the Barrack Master; and those at Out-Stations on the Returns of Barrack fixtures.

6. Boxes when taken over, to be immediately repaired and made complete with lock and key, be numbered and lettered; and with due regard to cost, assimilated to the pattern in essential points; and to be handed over on Indent (passed on emergency) to the Officer Commanding the Corps or Detachment, the Corps being held responsible for any damage, (in the same way as obtains for all other Barrack fixtures) and the damage made good by the Corps.

7. The Artificers of the Ordnance Department will be available for repairs, or for making up new boxes; or else extra Artificers may be employed, on Indents made on the Commissariat Department.

8. A pattern box of the size and description approved of at Army Head Quarters has been sent to each Station, and all future supplies will be furnished according to that pattern. Old boxes repaired and all new ones hereafter supplied, to be furnished with a good lock and key, the parts of the key being so barred, as to guard as far as possible against one key opening other boxes. The new boxes to have brass hinges, with a moveable "Till" for the Soldier's thread, needles, &c. Battens underneath, and Cleats at the ends for Rope handles, the lid and edge of the box to be grooved, and the edge of the lid to be cut the reverse way in order to admit of its fitting down fairly upon the box.

9. Ordnance Officers are requested to prepare an estimate of the cost of making up boxes complete of the size and description of the muster furnished, and the Board will also request the Commissariat Department to furnish a similar estimate; and the early transmission of these estimates is requested in order to enable the Board to decide upon making up boxes at the several Stations. The estimates are to shew the cost per single box, per 21 and for 1,000 boxes, this last number being suitable for giving the average cost of one box; and the Board beg to forward herewith a form of estimate with the names of the materials, the kind of wood most easily procurable at the Station being employed, provided it be good and fit for the purpose.

MILITARY BOARD'S CIRCULAR ORDER.

No. XIX of 6th July 1854.

ORDNANCE DEPARTMENT.

In publishing the following letter from the Principal Commissary of Ordnance, connected with the despatch of Stores from one Arsenal to another, the Military Board request that Ordnance Officers will attend to the instructions conveyed in the Board's Circular Order No. XIX of 1st August 1843 for preparing Lists of Stores despatched; and as the Packages and Cases require to be identified at the Arsenal as received from Out-Stations, the marks or numbers on the Cases should be inserted in the Packing Lists forwarded with the Report announcing the despatch of the Cases.

The Board's Circular Order No. V of 23rd July 1822 contains such explicit instructions respecting the packing of Hoops, and the practice is so well understood by all parties in the Ordnance Branch of the Service, that the Board on this occasion express a hope that the defect before noticed may not again occur.

By order,
A. H. HOPE, *Secretary.*

No. 988.

FROM COLONEL F. BLUNDELL, C. B.,
Principal Commissary of Ordnance.

TO THE SECRETARY TO THE MILITARY BOARD,
Fort Saint George.

SIR,

1. I would beg to bring to the notice of the Board, that a want of system exists in the method of Packing Return Stores, sent from Out-Station Arsenals; which was attended by inconvenience in the receipt of Stores, a few days since, by the *Hugh Lindsay*, simultaneously from Nagpore, Secunderabad, Vizagapatam, and Masulipatam.

2. Except from Vizagapatam, there was nothing to show, which package came from any particular Arsenal: nor do the Packing Lists show, how the articles are disposed of.

3. I would recommend that instructions be conveyed to each Arsenal, that on all future occasions of packing Stores, a Memorandum be placed inside each case, shewing the contents, and bearing the signature of the Warrant or Non-Commissioned Officer, who superintended the packing, as well as the Station and date: and that the Packing Lists be prepared in the same way, as adopted in the Grand Arsenal: shewing in what case each particular article is packed, as per List marked A.

4. I beg further to remark that a number of the Copper Hoops received from Vizagapatam, have been *doubly*, some *trebly* bent up, to enable them to be packed in a small space; the consequence of which is, that many of them are found to be unserviceable: Copper Hoops should never be bent, when packed, by a little arrangement, quite sufficient could be packed in each case, to give sufficient weight, without bending them.

Vide Circular 31st July 1822 No. VI.

5. A number of "Obsolete" Boxes* for Percussion Caps have been received from the Nagpore Arsenal, by which a needless expense in Carriage, has been incurred.

* Each containing 5,000 and 7,500.

I have the honor to be, Sir,
Your obedient Servant,

MILITARY BOARD'S CIRCULAR ORDER.

No. XXIV of 7th October 1854.

ORDNANCE DEPARTMENT.

In the Circular Order No. XVIII of 5th July 1854, the Military Board called for estimates of the expense of making up Soldiers' boxes at the several stations of the Army, but before these are transmitted, the Board would particularly call attention to the great importance of looking carefully into the items both as respects quantity of materials and price; and in order to show the necessity of this investigation, the Board publish for information the following comparative statement of the cost of making up boxes at the Presidency and at an out-station, by which it will be seen, that with the high rates of wages prevailing at the capital, the cost of the workmanship is actually less than where the workmen receive lower rates of pay.

The Board in publishing this estimate notify that the items therein are relatively moderate, but even with this advantage it will be noticed, that it is more economical to make up boxes at the Presidency and to pay the cost of carriage thence to stations not further distant than 200 miles, than to make up these boxes at those stations.

The Board are anxious to extend the usefulness of the Ordnance establishments, and to throw into our Arsenals the construction of many articles now obtained from England; but it is apprehended that this cannot be carried out until the value of good and skilled workmen is more fully understood, as compared with cheap and indifferent labour.

Comparative Statement of the undermentioned Soldier's box made up at the Presidency and at an out-station.

MILITARY BOARD'S CIRCULAR ORDER.

No. XXV of 9th October 1854.

ORDNANCE DEPARTMENT.

In consequence of the inadequacy of the supplies of Copper Hoops in the Grand Arsenal to meet the demands of the Gun Powder Manufactory, the Military Board again request Ordnance Officers to dispatch to the Presidency the spare Hoops in Arsenals.

By order,
A. H. HOPE, *Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXVI of 9th October 1854.

ENGINEER DEPARTMENT.

The Military Board notify for general information, that the question of providing cover for the Regimental Artificers maintained at the public expense, for the repair of the Regimental Arms and Accoutrements of the Troops and Companies of this Army, has been under the consideration of Government, who are of opinion that accommodation of this description when required by Corps should be provided from their own Regimental resources. Government however at the same time intimate that they will not object to sanction, when necessary, a moderate expenditure for the purchase of such materials as may not be otherwise procurable; but it is considered that such expenditure should in no case exceed the sum of Rupees one hundred as a maximum on first construction, with such further moderate assistance for occasional repairs, as the Military Board with reference to local circumstances may consider necessary.

In accordance with the above, the Military Board request that Officers Commanding Troops, Companies and Batteries of Artillery; and Companies of Sappers and Miners, and Regiments of Infantry and Cavalry as well as Wings of Corps, will avail themselves of such buildings as may already be available for the workshops of their Artificers; and that where suitable cover may not be available, arrangements may be made Regimentally, with the aid of the public establishments and with such further aid as the fixed establishments can give, to provide cover with materials so purchased, and the Board are of opinion that under good supervision and with care, the sum now authorized will be found sufficient for providing fair cover for the workmen.

The Board request, that bills for the outlay may be prepared in the usual contingent form, and submitted for sanction with a report as to the description of building erected; and will also be glad to be favored with the opinions of Officers Commanding stations on these buildings; and, where Engineer or executive officers may be available, a report from these officers on the description of building and estimated cost also to be furnished to the Board, stating the period it may be expected to continue fit for use, without any material repair.

Government having also authorized such further moderate assistance for occasional repairs, as the Military Board with reference to local circumstances may consider necessary, the Board notify, that the bills for such repairs must be submitted quarterly and in the contingent form, with declarations as to the expenditure; and the Board further request, that the state of the buildings when handed over from one Corps to another, may be reported upon by the transferring and receiving Corps, and that when Corps quit a station without being relieved by another Corps, that building may be given over to the local authorities, every precaution being taken to preserve the building from injury, and due economy used in executing repairs under Regimental management.

The Military Board publish for information and guidance the following resolution of Government, No. 1,973 of 18th July 1854, and report from Accountant General, No. 27 of 12th July 1854, on the subject of accounting for premia accruing from exchange operations on money granted for Public Works; and direct that the course pointed out for exhibiting the gain by exchange, and the mode in which the same shall be paid over into the Treasury, be strictly followed.

ACCOUNTANT GENERAL'S OFFICE:
Fort St. George, 12*th July* 1854.

FROM SIR VANSITTART STONHOUSE, BART.,
Accountant General.

To SIR H. C. MONTGOMERY, BART.,
Chief Secretary to Government.

SIR,—I have the honor to acknowledge the receipt of the order of Government, No. 1,693, dated the 15th ultimo, communicating a letter from the Military Board, (dated the 12th idem,) with reference to Extract from Minutes of Consultation of the 13th May last, with instructions to report, in communication with the Military Board, as to the best mode of bringing to account the sums gained by exchange, in the manner therein explained.

I have not considered it necessary to communicate with the Military Board as their letter is sufficiently clear, shewing how the gain is derived, and the only point for determination, is the mode in which such gain should be brought to account like all other items of gain, or profit, there is only one mode, in which the gain to which the present correspondence refers could be brought to account, namely, that of carrying the amount to the credit of Government, by paying the sums, from time to time, into the Treasury of the Military Paymaster, in whose accounts the sums received will be entered, at once, to the credit of Government, by crediting "profit and loss," the entry specifying the particular work on which the sum paid constitutes a gain by the difference in the exchange. For this purpose, it will be necessary that, when sums are sent to the Paymaster's Treasury, they should be accompanied by a Memorandum, shewing the works on which those sums have been gained by exchange.

It would seem from Extract Minutes of Consultation of the 13th May last, already referred to, that it is the wish of Government that bills for Public Works should not exhibit an excess over their sanctioned estimates. The gain by exchange brought to public credit, need not interfere with the bills, but the bills may exhibit in a foot note the gain by exchange on the particular works to which they refer, stating that the same has been paid into the Paymaster's Treasury, as per his receipts, which it is proper should be attached to the bills.

I have &c.,

FROM THE ACCOUNTANT GENERAL,

Here enter 12th July 1854, No. 27.

Communicated to the Military Board for guidance, with reference to Minute of Consultation No. 1,693, 15th June 1854.

2. With reference to the concluding para. of the foregoing letter, the Right Honorable the Governor in Council observes that objections were not taken merely to bills for Public Works exhibiting an excess over their sanctioned estimates; but to bills being made to exhibit an apparent saving, where actual excess existed, owing to the method by which sums gained by difference of exchange were brought to credit. The Accountant General's suggestion in the para. above alluded to which will remove this objection is approved of.

MILITARY BOARD'S CIRCULAR ORDER.

No. XXVIII of 13th October 1854.

ENGINEER DEPARTMENT.

The Military Board publish for general information, the following Rules for the conduct of the duties of the Department of Public Works, in the Saugor Division and its executive ranges of Saugor, Mhow, Jubbulpore and Kamptee.

1. Engineer Officers and men employed in the Department of Public Works are not under the direct military authority of the Commander-in-Chief or officers in command of divisions or stations, whatever may be the nature of the work on which they may be employed; they are under the immediate control of the Military Board and Government; and no officers in military command have any authority to interfere with their proceedings or with the employment of their time in the course of their duties, excepting in so far as they may be authorized in calling upon them to furnish professional reports or information, or to execute works on *emergency.*

2. Although the military authorities have no power to interfere with the duties of officers civilly employed, or to communicate any orders that can in any manner control their separate and distinct duties, still, so far as the general orders and usage of the service affect all classes, as in the case of regulations regarding dress at the Presidency or at military stations, and reports of arrival at, or departure from those stations, Engineer officers are strictly bound to obey those regulations, and the military authorities to enforce them: reporting to Government, through His Excellency the Commander-in-Chief, any breach of them on the part of Engineer officers civilly employed.

3. When Engineer officers withdrawn as above (vide para. 1) may have occasion to travel in the course of their duty from one place to another, within the limits of the country under their charge, they will proceed under the specific authority of the Superintending Engineer, Military Board, and Government, without any reference to Commanding officers, beyond the usual report prescribed by military rule and etiquette for officers on entering or quitting any station or division.

4. Engineer officers, however employed, will, on entering and quitting a station, report their arrival and departure to the senior officer of Engineers at the station.

Superintending Engineers.

5. The Superintending Engineers are the channel of communication between the executive officers and the Military Board.

6. Their duties are those of check and control, for the efficient exercise of which they are immediately responsible to the Military Board.

7. They are responsible that every document transmitted by them is correct and complete, and they are to record their opinion upon every design.

8. They are especially responsible for the correctness of rates.

9. They are to make a tour through their provinces annually to inspect the Public Works of all kinds, and to scrutinize the operations of the executive officers as regards the correct keeping of the records and accounts, and the disposal of the establishments, as well as the construction of the works committed to them, and to make an inspection report to the Military Board.

Executive Engineers.

10. Executive officers are to conduct all professional duties, civil or military, within their respective ranges.

11. Executive officers are personally responsible for the correctness and completeness of every document submitted by them; for the correct and timely execution of the works committed to them according to the plans and specifications of such works, and for the security of cash and stores of whatsoever kind in their charge.

12. Executive officers on receiving sanction for any military work, will report the circumstance to the military authorities.

Calls and Sanctions.

13. With a view to expedite the execution of any work, Commanding officers of divisions and officers under their command having occasion to communicate with the Military Board on the subject, may forward their communications through the provincial Superintending Engineer, who will act agreeably to existing regulations, in handing them up to the Board.

14. This arrangement is designed to afford to the Military Board at once every information on the subject, with a view to ensure the prompt disposal of it, and is in no way to interfere with Commanding officers of divisions communicating direct with the Military Board, whenever they may deem it necessary to do so.

15. Propositions for erecting huts and selecting a site for Native troops, should be laid before Government through the Quarter Master General's department, and the site selected in communication with the Engineer department; and any objections which may be made by the latter department, must be laid before Government by the Military Board.

16. Sites for barracks, pandals, or hospitals for the use of troops, whether European or Native, should be reported on by the senior Medical officers.

17. Divisional Commanding officers are entitled to call for information from the Superintending Engineer, or in his absence from the executive officer, as to the period at which any work in progress under the direction of the Engineer department, is expected to be finished, whenever this knowledge is requisite to enable them to offer suggestions in a satisfactory shape to head quarters for a timely provision for the accommodation of the troops; but they are not to require periodical progress reports from Engineer officers, as documents of this description belong entirely to the Engineer profession and corps, and as such should be furnished only to the controlling authorities.

18. Civil authorities may call upon the Engineer department to execute repairs or works in cases of emergency, the Engineer department reporting to the Board under the same general regulations as are laid down for their guidance with regard to military works; and the civil authority also reporting if necessary the particulars to Government through the Sudder Adawlut, Revenue Commissioner, or other such intermediate authority under whose control the department may be.

Petty Repairs.

19. At stations and in districts where there is no Engineer or executive officer, the authorities under whose orders such repairs are made, will prefer monthly bills for the expense incurred, through the Superintending Engineer of the province, to the Military Board, for audit.

Returns.

20. Each Superintending Engineer will, in addition to the ordinary office records, compile the valuation return of buildings in a book, and will correct the book yearly according to the annual returns of alterations in the valuation of buildings, which will be transmitted to the Military Board by the executive officers through his office.

21. Each Superintending Engineer will furnish to the Military Board the following returns :—

The authority of the Government of India for the creation of a fourth executive range within the Saugor circle of superintendence, by altering the designation and the duties of the former Superintending Engineer with the Nagpore Subsidiary Force, having now been communicated to the Military Board, and the various rules (extracted from the appendix to Jameson's Code of the Bombay Regulations) for the assimilation of the Department of Public Works in the Saugor Division with the Bengal and Bombay systems, lately printed by the Board, having received the formal approval and sanction of Government, the Military Board have resolved in

circulating these rules in their Circular Orders, to direct the following distribution of out-stations and roads amongst the four executive ranges of the Saugor Division. But the arrangements now directed to take place are not to be considered as final, but may on the recommendation of the Superintending Engineer Saugor Division, be subjected to fresh revision.

I. The executive range of Saugor proper, shall in future comprize the following charge, viz.:—

Cantonment of Saugor with the out-stations of Dumoh and Nagode, together with the old forts in disuse for which returns are still sent in by the Deputy Commissioners; and the executive Engineer will be liable to execute road repairs on the following lines—

1st.—From Saugor to Bhopal.

2d.—From Saugor to Nagode, either direct or by Dumoh where not forming portion of the charge of the executive officer of the great Deccan road.

3d.—From Saugor to Nursingpore, and

4th.—From Saugor on the Jhansi road, to the limit of the jurisdiction of the Deputy Commissary, 1st Class, Saugor.

II. The executive range of the Jubbulpore executive Engineer shall in future comprize the following charge, viz.:—

Cantonment at Jubbulpore with the out-stations of Nursingpore and Hoshingabad; and charge of the following road repairs, unless other special provision has been made by the executive officer great Deccan road.

1st.—From Jubbulpore to Hoshingabad.

2d.—From Hoshingabad to Bhopal.

3d.—From Jubbulpore to Nagode.

4th.—From Jubbulpore to Dumoh. } under executive officer great Deccan road.

5th.—From Jubbulpore to Seonee. }

III. The Kamptee executive range shall in future comprize the following charge, viz.:—

Cantonment at Kamptee, with Arsenal and defences at Seetabuldee, and Political buildings at the Residency, with the out-stations of Seonee and Baitool, and charge of the following road repairs, unless other special provision has been made by the executive officer great Deccan road, and executive officer Raipore road.

1st.—From Nagpore to Baitool.

2d.—From Baitool to Hoshingabad.

3d.—From Nagpore to Seonee, (under executive officer great Deccan road.)

4th.—From Nagpore to Jalna to limits of Nagpore State (Raipore road.)

5th.—From Nagpore by Neermul to Hyderabad, to limits of Nagpore State.

IV. The Mhow executive range shall in future comprize the following charge, viz.:—

The Cantonment of Mhow with Political buildings and buildings at Indore, with the out-stations of Sehore, Mundlaisir, Sirdarpore and Bhopawur; and charge of the following road repairs,

1st.—Bombay and Agra road, from Indore to Scindwah.

2d.—From Indore to Bhopal.

In each case, it is to be understood that the staging bungalows and establishments on the several lines hereinbefore mentioned, are to form part of the charge of the executive Engineers vested with the execution of the road repairs.

It is considered that the arrangements thus described, will be found the most convenient distribution into four executive ranges, that the Saugor circle of superintendence is susceptible of; and the necessary transfer of records, and the bringing the newly allotted establishments into the monthly current expense bills are to take place without unnecessary delay; but in order to avoid mistakes and future confusion, the Military Board will not call for current expense bills exhibiting the new arrangements, until the 1st February 1855 in arrears for January; and the Superintending Engineer Saugor Division is at liberty to consult his own convenience and that of the four executive Engineers, in postponing the practical operation of the modified ranges to any date not later than the 1st January 1855; from which time the Military Board will hold the Superintending Engineer Saugor Division responsible for the due fulfilment of the directions now given.

Colored hand sketches in general illustration of the proposed arrangements are circulated to the local officers in the Department, and to the Political, Civil and Military authorities in the Saugor circle.

By order,

A. H. HOPE, *Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.

No. XXX of 27th October 1854.

Commissariat Department.

With reference to the General Order as per margin, authorizing and directing the expense of filling baths and supplying water for wash houses attached to the barracks of European Corps and Detachments, to be in future defrayed by the State; the Military Board notify for general information, that the expenses incurred under this sanction, are to be drawn for in monthly bills, agreeably to the annexed form, with the signature and countersignatures therein indicated as prescribed by the G. O. and forwarded, on the 1st of each month following that for which the disbursements are due, to the Military Auditor General, by whom they will be passed for payment on the several Paymasters; advances being authorized by Commanding Officers of Stations, Divisions or Forces, to cover the outlay pending the payment of the bill.

G. O. G. 202 of 29th August 1854.

2. As the object of the above Order is to invest Commanding Officers with the responsibility of taking the initiative, in making the best arrangements in their power for supplying water for plunge baths and wash houses, to the extent requisite for the health and comfort of the European Soldiery, the Government expect such Officers will exercise the discretionary power thus accorded them, with prudence so as to permit of the most efficient operation of the Order and at the same time, the most economical application of the public funds.

3. Besides the responsibility imposed on Commanding Officers, the Government have assigned to the Military Board, the duty of enquiring carefully into the arrangements made Regimentally, to establish an efficient system of management with respect to the means of ablution; and have required that the manner in which this duty is discharged, the beneficial results realized by the introduction of this change, and the general utility of the new system, should form the subject of a report at the expiration of 12 months.

4. The conviction that this system will afford superior facilities for supplying water so useful in maintaining the health of European Troops, has led to its establishment; and the Board therefore urge upon Commanding Officers the necessity of care and discretion in the use of their authority, in meeting requirements brought to their notice, in order to ensure the maintenance of this useful Order, by avoiding any misapplication of the liberal intentions of Government, or a wasteful and unnecessary expenditure of public money.

5. In order to enable the Military Board to perform the duty allotted them in this Order, they solicit the active co-operation of all Officers in Command, as well of Forces and Stations, as of Corps and Detachments, in supplying them without delay with the fullest information on the following points.

1st.—Extent, nature and cost of existing establishments and apparatus, for supplying water for wash houses and plunge baths.

2nd.—The average number of men to be supplied with water, shewing separately the number of wash houses and plunge baths.

3rd.—The distance of the sources of water supply.

4th.—The cost of raising water and the most efficient means for attaining this object with reference to the quantity obtainable from wells and other sources of supply.

5th.—The quantity required to be furnished for the men, and daily supplied for the wash houses and plunge baths.

6. These points the Board wish to have fully and speedily reported upon, in order to enable them to review the arrangements which the several Commanding Officers may establish to give operation to the G. O. in question, and to judge of the alterations required.

7. In conclusion, the Board would not advise the sudden introduction of any new system, or any great changes, but rather the gradual merging of the old with the new mode, and for which the present season of the year seems highly favorable.

By order,
A. H. HOPE, *Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.
No. XXXII of 3d November 1854.

ENGINEER DEPARTMENT.

Government having recently on several occasions called attention to the incorrect dockets on estimates for repairs to Public buildings, the Military Board request that the Officers who may be entrusted with the preparation of estimates, may be especially desired to pay attention to the following instructions.

1st.—That in the wording of the heading, the purpose alone which each building serves shall be stated, and all allusion to Corps by which any building may be occupied, studiously avoided; the buildings will be indicated by the number and designation by which they are distinguished in the returns of the Quarter Master General. Thus for instance—a quarter intended for Staff Serjeants, is occupied by a Serjeant of the 23d Regt. N. I.; but the Corps being liable to removal, it is in no wise better identified by the addition of the number of the Corps, or the rank and name of the Non-Commissioned Officer, and as their insertion in some instances leads to doubts, the practice is to be discontinued.

2d.—In all estimates for repairs, it is required by the Orders marginally quoted, that the date and amount of last repairs should be stated, but in cases of such information not being available from the records, such inability should be noted at foot of the estimate.

Circular Orders No. 13 of 10th May 1836, No. 41 of 20th Dec. 1836, and G. O. G. of date 24th June 1853, No. 124.

3d.—In the docket of estimates, the nature of the work and the amount should be briefly stated.

By order,
A. H. HOPE, *Secretary.*

MILITARY BOARD'S CIRCULAR ORDER.
No. XXXIII of 7th November 1854.

ORDNANCE DEPARTMENT.

The Military Board notify to Ordnance Officers, that it is more than ordinarily necessary at the present time to turn to account the supplies of Buff Accoutrements in the several Arsenals, and the Board having compiled a general statement of all the available Accoutrements in the Arsenals, and obtained the advice of the Principal Commissary of Ordnance as to their application and modification, now circulate this statement to Ordnance Officers requesting that the recommendations made by the Principal Commissary of Ordnance may be carried into effect in the several Arsenals. It is further suggested that on occasion of Accoutrements in use with Corps being examined, every effort be made, to make the Belts continue serviceable as long as possible, with due regard to efficiency, all supplies in excess of the quantities required in Arsenals being reported to the Board for disposal.

By order,

MILITARY BOARD'S CIRCULAR ORDER.
No. XXXIV of 10th November 1854.

ENGINEER DEPARTMENT.

The Military Board notify for information, that with a view to diminish as much as possible the length of bills for Public works, Government have authorized an alteration to be made in the mode of charging for some articles for Public works, sanctioning a separate bill being rendered for the purchase of all miscellaneous articles, which although procured for one special Public work, may not all be used for that purpose, and the Board publish below for information, the substance of a correspondence explanatory of the proposed system.

The Board particularly urge on Officers in charge of Public works, great caution in applying the rule now authorized; and specially call attention to the necessity of restricting the operation of the Order at first to such miscellaneous articles as are of general use for all works, extending and enlarging the rule by degrees as actual experience may establish its applicability.

The Board desire to be favored with a list of the miscellaneous articles which under this rule will cease to be purchased and charged for in the bills for works, as well as a Memorandum of the outlay proposed to be incurred in the year for "*miscellaneous charges*" in order to allow of the requisite arrangements being made for providing the funds, and also to enable the Board to give instructions respecting the mode of charging for such minor or miscellaneous articles and for accounting for the same.

By order,
A. H. HOPE, *Secretary.*

No. 3,600.

To the ACCOUNTANT GENERAL.

Sir,—In reply to your letter dated 9th September 1854, calling for replies to your previous communications of dates 18th April, No. 3,460, and 11th May, No. 103; I am desired by the Military Board to observe, that from the enquiries made in the Accountant General's letter of 18th April 1854, as to the nature of the morning reports on works, the Board conclude that it would be advisable to allow the question to remain in abeyance, and they were induced to follow this course from observing that the reports of the Military Auditor General had been communicated to the Accountant General by Government, when that officer had conveyed his approval of the nature of the work and consequently of the charges.

The Board however being under the impression, that the simple nature of the alterations are not clearly understood, desire me to endeavour to place the subject before you in a clear manner. I have the honor to represent that the Superintending Engineer for instance has been accustomed to have certain printed papers prepared, but instead of charging the whole cost of such printing in one bill, he has debited each work with 1 anna or 2 annas as the case may be, as the value of the printed forms used for rendering the information connected with that work, thus following exactly the same course as for bricks, mortar, and other materials.

Again, for all works there are ropes, ladders, scaffolding, pots, and other articles used, and for each work, a proportional charge is entered, often filling up several lines and considerably increasing the length of the bill, without materially adding to the total amount; and it is impossible without considerable labour to bring together these small items and ascertain the total cost.

It is indubitable that much advantage results from having the total cost of each work fully shown, and in private transactions the outlay must be clearly shown, but in Government works it appears questionable whether a far more simple mode of charging many expenses might not be adapted, so as to avoid swelling out bills for each work.

Accordingly the Board suggested, that the whole cost of printing papers required for buildings, might with advantage be debited in one bill, instead of being spread over many bills, and for scaffolding &c. in the same way.

Supposing the printing to amount to 500 Rupees and the scaffolding, &c. to 5,000, the Board propose the whole to be debited or charged for in one bill, and in order to show the proportional charges for works, they propose either to allot one portion to the Military, and one to the Revenue, Public and general buildings, or to debit the whole to the Military works.

I have the honor to be, Sir,
Your obedient Servant,

No. 46.

Accountant General's Office:
Fort St. George, *11th Oct.* 1854.

From G. L. PRENDERGAST, Esquire,
Acting Accountant General.

To Sir H. C. MONTGOMERY, Bart.,
Chief Secretary to Government.

Sir,—1. I have the honor to submit my report on the subject treated of in the Extract from the Minutes of Consultation in the Military Department, dated the 24th February last, No. 582, the reply of the Military Board to the reference made to them by this office, having been received on the 22d ultimo.

2. It would appear by this communication, (a copy of which is herewith submitted) that the expense of printing forms used for recording the information connected with each work, viz. (1 or 2 annas) was debited in the bill for each work. With a view however to avoid the swelling of the bill with trivial charges of this description, as also of ropes, ladders, scaffolding, pots, and other articles used for all works generally and not chargeable to any particular work in full, as the articles continue to be used for other works to be subsequently executed, the Military Board propose to strike these items out of the bills for specific works, and to debit their total cost, in due proportion, to the different departments for which the works have been executed.

3. Government observe in the Minutes under reply, that it appears to them doubtful whether the order of the Honorable Court of Directors referred to in the Accountant General's letter to your address, dated the 24th December last, No. 71, as being opposed to the system of debiting several departments for a proportion of charges of this description be applicable to the case under consideration. If Government are disposed to waive the order in question, in the present instance, I am not aware of any objection to sanctioning the proposal of the Military Board, more especially as the charges in question have hitherto been debited to different works in their respective bills in small portions, and thus ultimately to the different departments. The change now proposed by the Military Board is no more than the continuance of the same system in effect, but in a different mode, viz. debiting the charges in question in a few bills, instead of in many bills in smaller sums.

I have, &c.,

MILITARY BOARD'S CIRCULAR ORDER.

No. XXXV of 14th November 1854.

ORDNANCE DEPARTMENT.

1. In Circular Order No. XVI of date 8th December 1850, the Military Board published for information a tabular statement of all Light Field Gun Carriages and Ammunition Waggons, both in use, and in store in Arsenals, the same having been ascertained after a careful inspection of the Carriages then in use and in store; but nearly 5 years having passed since that inspection, the Board now deem it requisite to cause another review of all Carriages to be held, and name the 15th December as the date on which this inspection will commence.

2. The Board particularly request attention to the necessity of great care and accuracy in performing this duty, and beg to point out that no Heavy Field Carriages need be examined, only Light Field Carriages, Limbers, and Ammunition Waggons with their Limbers, being subjected to this survey, which is to include not only the Light Field Carriages in use with the Artillery, but also those in use with the Infantry, or required for Garrison or Cantonment purposes, as well as those in Arsenals.

3. Officers Commanding Divisions and Forces are requested on the date above-named to afford every facility for carrying on this survey, by directing all the Light Field Carriages &c. to be ready and available for the inspection. The duty of making the examination is to be confided to the Commanding Officer of Artillery and Ordnance Officer, but where there may be no Ordnance Officer, to the Commanding Officer of Artillery alone, and in the absence of the latter to the Ordnance Officer (if there be one): but if there be neither Artillery nor Ordnance Officer, to the Station Staff Officer. At Artillery Head Quarters, the survey and inspection of all the Carriages including those in the Field Train, will be made under the orders of the Brigadier Commandant of Artillery.

4. The reports from Stations distant from Head Quarters are to be sent in to the Commanding Officer of Artillery of the Division or Force, who will collect the whole, and after communicating these reports to the Ordnance Officer, transmit them to the Board through the Head Quarters of the Division or Force.

5. In the case of Carriages in transit from one Station to another, it will be the duty of the Ordnance or other Officer who despatched them, to notify the same to the Ordnance Officer within whose range they will arrive; in order that the inspection may be made on the arrival of the Carriages, and reports thereon immediately submitted to the Board.

6. The Board request a rigid scrutiny to be made of each individual Light Field Carriage, Limber, and Waggon, the Ordnance and Regimental Artificers being required to make a minute and searching examination into all the parts of the wood and iron work; after which the Commanding Officer of Artillery, or Ordnance or other Officer charged with the survey, will fill up the columns opposite each separate Carriage, Limber, and Waggon, with number, marks, year of construction, and condition of iron and wood work. The Inspecting Officer will further classify each Carriage, Limber, and Waggon, under 3 heads, viz:—

1st.—Fit for Field Service.
2d.— „ „ Drill, Exercise and Practice.
3d.—To be broken up.

7. It should further be specified in the column of remarks whether Carriages are repairble for any of three purposes—*Field Service, Drill and Exercise*, or *Artillery Practice*—and to which they would be most easily adapted, regard being had however, to the expense to be incurred, as the Board do not contemplate laying out any considerable sum, on Carriages of old patterns.

8. The wheels of all these Carriages should also be separately and specially examined, particular attention being paid to the dish, in order to ascertain whether the wheels are in a fit state for service, or repairable for that purpose, or if otherwise whether fit for Drill; it being clearly understood that Carriages are not to be condemned on account of the badness of the wheels, which may be renewed, provided the rest of the Carriage be in good condition.

9. The Board are confident that Officers will recognize the great importance of this examination, as it will be the basis for regulating the allotments of Carriages for the different Stations, and also to prepare reserves for future contingencies.

10. The Board request that advantage may be taken of the review of the Carriages, to cause the initial letters designating the different patterns of Carriages, to be stamped or cut on each Carriage, Waggon, and Limber, that does not belong to the established pattern. Thus, the Artillery Select Committee pattern, to be shown by the letters A. S. C., and when assimilated to have that word (abbreviated thus) Assd. placed under the initial letters, in order to assist Officers in distinguishing the Carriages of their Batteries.

C. C. P.—Col. Cullen's Pattern.
G. O. G.—Established in 1842.
A. S. C. P.—Artillery Select Committee Pattern.

11. Blank forms of returns shewing the information required to be given, will be forwarded to Ordnance Officers by banghy, and the Board recommend that the reports on the Carriages &c. in use with each Battery, and in Arsenals, be separately prepared, any remarks requiring to be made, being noted on each separate report; but any observations of a general nature which Commanding Officers of Artillery or Ordnance Officers may desire to offer, will be sent in separately, by letter.

12. The Board particularly request an early despatch of all the reports, and trust that by the 1st January 1855, the whole will be sent off from Stations.

By order,

As the demand for Iron for making up Tools is very considerable from all the Arsenals, Ordnance Officers are recommended to adapt the form of Tool as much as possible to the description of Iron most generally available for issue; it is also suggested that as Country Iron is procurable in almost every district of this Presidency, and generally of a superior quality to the English Iron, it will be found useful and economical to mix the two kinds of Iron, but care is requisite to prevent the Smiths' destroying the Country Iron by overheating, which it does not stand so well as English Iron.

MILITARY BOARD'S CIRCULAR ORDER.

No. XXXVII of 21st November 1854.

ORDNANCE DEPARTMENT.

It having recently been observed, that Chapes and Ferrules of Scabbards returned into store, have the Regimental number *stamped* instead of *engraved* on them, a practice which is attended with inconvenience, injury, and loss, because the stamped figures cannot be erased, and the articles cannot again be generally used, the Military Board beg to notify for information that "*stamping*" is for the future to be discontinued, the Regimental number being invariably engraved on the Chapes and Ferrules of Scabbards.

No. 133 of 9th June 1854, for defraying the expences attending the pulling of Punkahs in the several public buildings for which such fixtures are provided, is under the sanction of Government allowed to be drawn for the whole year, "not for the purpose of being actually disbursed in each successive month," but in order to meet the general expenditure of the year.

ORDNANCE DEPARTMENT.

The Military Board request attention to Circular Order No. VIII of 6th February 1838, and beg to inform Ordnance Officers that it was not intended to entail on Government a needless expense for the transport of unserviceable Heads and Staves of Powder Barrels, of which kind a considerable number have lately unnecessarily been sent to the Presidency; and the Board hope that care will be taken in future to send only such Staves and Heads as will be fit for re-making into Powder Barrels; the unserviceable parts being brought on the monthly list for the Board's Orders.

ORDNANCE DEPARTMENT.

The Military Board notify, that they have despatched to each station 2 copies of a lithographed plan prepared by the Brigadier Commandant of Artillery, shewing the mode of fitting a box to the rear of each Ammunition Waggon (as approved of by the Madras Select Committee) for holding 3 Carbines with small stores, &c. a portion of the Arms in use with the men of each Battery; and the Board request that the serviceable Ammunition Waggons in use and in Arsenals, may all be fitted up with a box according to the plan, and the directions thereto affixed. Should any difficulty be experienced in executing the work, a Waggon fitted with the box in question will be sent to Arsenals.

MILITARY BOARD'S CIRCULAR ORDER.

No. XLIII of 12th December 1854.

ORDNANCE DEPARTMENT.

The strictness in requiring the Department of Supply to provide as a measure of economy the best articles for the Ordnance service, has caused a representation to be made by the Commissary General on the subject of examining articles the produce of one part of the country, with a view to their transmission to the Ordnance Department at a distant station, and the Military Board entirely agreeing in the views expressed by the Commissary General on the subject of these examinations by Ordnance Officers, make public the following Correspondence to guide Officers in the duty required of them; but it is to be understood, that the receiving Officer at the station where the stores are delivered by the Commissariat Department, is entirely responsible for the stores he receives, and in addition to that responsibility he is now required to report specially to the Board, whenever he may find it necessary to reject stores previously passed by an Ordnance Officer, from whom the Board will then require an explanation.

By order,

A. H. HOPE, *Secretary.*

Extract of a letter from the Commissary General to the Military Board, dated 30th October 1854, No. 3,979.

1. I have the honor to bring to the notice of your Board, that whenever Military store supplies not procurable in the Madras market, have to be obtained from other stations, this Department has been put to some inconvenience by the necessity of sending back those rejected by the Principal Commissary of Ordnance and obtaining others in lieu, as has been the case in the Trumpet Slings recently obtained from Bangalore, which will be seen in the accompanying copy of Memorandum dated 18th October 1854, from Colonel Blundell. I beg therefore to suggest for the consideration of your Board, whether in such cases, the local Ordnance Officers may not be instructed to examine and pass such articles as may be tendered by the Commissariat Officer; and they may then be despatched to the Presidency either by the Commissariat or Ordnance Department, as may seem best to your Board.

2. Such an arrangement would at all events lessen the chance of rejection at the Arsenal at Madras.

3. I have instructed the Officer of the Commissariat at Bangalore, to be particular in having all stores intended for the Arsenal, very carefully inspected, and compared with patterns by his own departmental servants, previous to their being offered to the Ordnance Officer.

Extract of a Memorandum from the Principal Commissary of Ordnance to the Commissary General, dated 18th October 1854, *No.* 2,010.

The Principal Commissary of Ordnance has the honor to return to the Commissary General the following 28 Slings Silk Trumpet and Bugle, of the 80 received, with his Memoranda dated 14th and 17th Instant, for the reasons below specified.

26—These Slings exceed by full 1th of an inch in diameter the established muster, which gives them a thick clumsy appearance, and renders them stiff, and unfit for the purposes they are intended for, viz. to be turned round the pipe of a Trumpet or Bugle.

2—These Slings look as if they had been smeared with oil, and have a stained and dirty appearance in different places; this renders them liable to be rejected when issued from the Arsenal.

Extract of a letter from the Principal Commissary of Ordnance to the Military Board, dated 15th November 1854, No. 2,167.

1. In acknowledging the receipt of your letter dated 13th November 1854, No. 4870, together with copy of letter dated 30th October 1854, No. 3,979, from the Commissary General, suggestive of stores for the Grand Arsenal which are not procurable in the Madras market, but obtained from other stations, being submitted to the inspection of the local Ordnance Officer, prior to their despatch to the Presidency: I think the suggestion well worthy of being adopted, as a means of occasionally saving the Commissariat Department the expense of transit, and loss of time; as in the instance of the rejection of Trumpet Slings, specified by the Commissary General; for I cannot have a doubt, the whole would have been at once rejected, had they been submitted to the inspection of the Ordnance Officer at Bangalore.

2. I would beg however still to reserve to myself, the power of rejecting all stores, that may not be delivered at the Grand Arsenal in a perfectly serviceable state, and strictly of the established pattern.

MILITARY BOARD'S CIRCULAR ORDER.
No. XLIV of 14th December 1854.

ORDNANCE DEPARTMENT.

The Military Board notify for the information of Ordnance Officers, that Alkanet root hitherto generally used in Arsenals, is an expensive article, difficult to be provided in distant stations, and being apparently quite unnecessary for Ordnance purposes, the Board now desire that this article may no longer be indented for except for special purposes, which must be clearly made known in the indent; but as the information on which this Order is based, might lead Officers to discontinue the use of other articles, the Board resolve to publish the following extracts from public Correspondence relative to Alkanet root, and the recommendation made by the Principal Commissary of Ordnance to discontinue staining stocks will be followed in future.

By order,

A. H. HOPE, *Secretary.*

Extract of a letter from the Commissary General to the Military Board, dated 22d February 1854, No. 4,172.

With reference to your Secretary's letter, dated 3d February 1854, No. 6,353, I have the honor to forward for the information of your Board, copy of one from the Officer of this Department at Cannanore, dated 13th February 1854, stating that Alkanet root is not the produce of that part of the country, but it is procurable at Bombay at a very high price. It is however believed that there are other articles which might be found equally well adapted for the purpose for which Alkanet root is used.

Extract of a letter from Captain W. T. Rolston, Sub-Assistant Commissary General to the Commissary General, dated Cannanore 13th February 1854, No. 69.

I have the honor to state after making every enquiry that Alkanet root is not known at this station, nor *is it a produce* of this part of the country; it is procurable at Bombay but at a very high price.

Extract of a letter from the Medical Board to the Military Board, dated 3d April 1854, No. 427.

I have the honor by desire of the Medical Board to transmit for the information of your Board, copy of a Report from the Professor of Botany, relative to substitutes for the Alkanet root.

"Alkanet is obtained from the roots of *Anchusa Tinctoria*, a native of the Levant and Southern Europe.

1. "The colouring principle is not soluble in water, but it gives a deep red colour to oils, wax and unctious substances. It is consequently used for colouring oils and ointments, and is sometimes applied to the staining of wood, when diffused through oil, as described by the Principal Commissary of Ordnance.

2. "The indigenous red dyes which may be substituted for Alkanet root are the Sappan wood *(Cæsulpinia Sappan)* and the Munjeet root *(Rubia Munjista;)* a strong decoction of either of these, with the addition of Alum, would in all probability, penetrate the Gun stocks, at least fancy Veneers and Ivory billiard balls have a bright red colour struck through in this way.

FORMULA.

* Take two pounds of Sappan wood (chips or dust) and 4 gallons of water, put in as many Musket stocks as the liquid will cover, boil them for 3 hours, then add two ounces of Alum and two ounces of Aqua Fortis (Nitric acid) and keep the liquid lukewarm till it has struck through.

Note.—The Sappan wood should be fresh as indicated by a bright red colour.

3. "The Sappan wood and Munjeet root are both (I believe) procurable at most large stations and are much cheaper than Alkanet root.

4. "As Cotton seed oil possesses the same drying property as Linseed oil, it will probably answer equally well for protecting the Musket stocks."

Extract of a letter from the Principal Commissary of Ordnance to the Military Board, dated 18th November 1854, No. 2,196.

1. With reference to your letter No. 7,962, dated 8th April 1854, I have the honor to forward herewith a Memorandum, shewing the process adopted in staining a Musket stock with Sapan wood, and its result.

2. Should it be desirable to do away with Alkanet root, I would suggest that Musket stocks should not be stained at all, but simply rubbed over with plain Europe Linseed oil, as I am given to understand by Assistant Supervisor Proctor, has been the case at the Tower in London, for the last 3 years: all European Corps in Her Majesty's Army having been ordered to discontinue its use, as it was found to injure the Belts.

3. I further beg to state that I purpose rubbing a stock over with Europe Linseed oil, and let the Board know the result when completed.

Memorandum shewing the process adopted at the Grand Arsenal for staining a Musket stock with Sapan wood and its result.

1st.—The stock was boiled in 8 gallons of water with 4 ounces of Alum dissolved in it, for 7 hours the first, and 5 hours the second day: it was then allowed to stand two days to get dry.

2nd.—Two pounds of Sapan wood was cut up into chips, and boiled in 8 gallons of water for 4 hours: the stock was then immersed in it, for 5 hours the first, and 7 hours the second day, and then again dried; but the stock swelled so much in boiling, that it split in 6 or 7 places: and this would be the case with all stocks stained by the same process.

MILITARY BOARD'S CIRCULAR ORDER.

No. XLV of 19th December 1854.

ORDNANCE DEPARTMENT.

1. The Military Board notify that the following quantities of Tools, as prepared from lists furnished by the Ordnance Officer at Vizagapatam, will be maintained in that Arsenal to meet the wants of the Civil Departments; the same being in excess of the allotment laid down for the Road Department, as notified in Circular Order XXII of 7th October 1854.

A. Collector and Governor's Agent Vizagapatam.
B. Collector of Ganjam District.
C. Civil Engineer 9th Division.

Hammers Sledge	15	300	82
„ Hand	.....	.....	32
Axes Felling	15	.....	.....

2. The Board request that all Ordnance Officers will frame a statement similar to the above, of the quantities and kinds of Tools likely to be required by the Civil Departments within the range of the several Arsenals, and report the same to the Board, with a view to the allotments being published in the Board's Orders, but the weights and patterns of the Tools should be ascertained and specified in the list; Information should be afforded by letter, as to whether the resources of the district and station are such as to enable the Ordnance Officer to obtain by contract, through the Department of Supply, the number of Tools required, or supplies of Iron, Steel, and Smiths' to make up the whole of the Tools enumerated in the allotment or even to maintain the allotment when the quantities are once supplied from Madras; or it may be stated what assistance is requisite, to enable the Arsenal establishments to prepare the Tools or to maintain the allotment.

3. The Department of Public Works having furnished the Board with a drawing of a Mamotie in use with the Wodeys, a copy has been sent to each Arsenal to serve as a guide in making up this kind of Tool; and the Principal Commissary of Ordnance and Superintendent of Gun Carriage Manufactory, as also Lieutenant King, will be requested to prepare a statement of the materials and workmen, with rates, required for making up 1,000 Mamoties of that pattern, and the information will hereafter be communicated for guidance.

4. The Board have already circulated to Ordnance Officers two printed Memorandums, of the materials and Artificers required for making up Tools of various kinds (dated 22d February and 18th March 1852,) prepared by the Superintendent Gun Carriage Manufactory; and it

is requested that these forms may be followed in all Arsenals on occasion of preparing statements of Tools made up; and in furnishing these statements, the weights of the Tools should be described, and the cost of the different articles stated, and the Board now call for statements of all the Tools made up at the different Arsenals up to the end of December 1854, prepared agreeably to the forms drawn out, at the Gun Carriage Manufactory.

5. The Board publish the following extracts from the report of the Superintendent of the Gun Carriage Manufactory, with the statements referred to, and request attention to the suggestions contained therein.

1. "In reply to your letter No. 4,992, dated 17th Instant with its enclosure, I have the honor to forward a comparative statement of Tools made up at the Arsenal, Moulmein, and at the Gun Carriage Manufactory, from which the Board will observe that the cost of the Tools made at Moulmein is dearer, owing to the longer time taken by the Smiths', which probably was caused by not having the sizes of Iron required for the Tools, or, by working old Iron, they could not be made as cheap as those at the Manufactory.

2. "I would suggest to the Board that, on all occasions, estimates of Tools made up should have the size or weight of them specified, as there are so many sizes of each kind, and in the Moulmein statement the sizes of Mamoties, Pick Axes, and Crow bars, are not given; but to prevent inconvenience and delay in obtaining such information, I have prepared for the Board's inspection the comparative statement, judging as nearly as possible from the quantity of Iron used of what sizes the Tools made at Moulmein must have been".
