No. 9 of 1861.—The following General Order by His Excellency the Governor General of India, is republished.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

Camp Mungowa, the 26th December 1860.

No. 104.—The following Extracts from a Military Letter from the Right Honorable the Secretary of State for India No. 397 of the 31st October 1860, respecting the application of the Royal Warrant for the Medical Department of the Indian Army, dated 13th January 1860, are published for general information.

2. The construction you have put upon the term "Service in India," used in the first Clause of the Royal Warrant, in describing the qualification for promotion to the rank of Surgeon Major, is not strictly in accordance with the intention of Her Majesty's Government.

Extract Letter No. 174, *dated 17th July* 1860, *Para.* 2.

"We have promoted to the rank of Surgeon Major, all Surgeons who have been twenty years in "the service from date of first admission."

The promotion to this rank of all Surgeons who have been twenty years in the service from date of first admission will not however be cancelled, but, in future it must be laid down that no time past out of India can be reckoned towards the qualification for the rank of Surgeon Major beyond the proportion of furlough which is or may be allowed to reckon as service for retiring pension.

3. For the reasons stated in the 4th and 5th Paras. of your Despatch, Her Majesty's Government consent to relax the rule in Clause 3, requiring two years Regimental duty as Assistant Surgeons to qualify for promotion to the rank of Surgeons in favor of Assistant Surgeons now near their promotion, who, having been employed on Civil or other duties, have not completed the requisite service. They desire that this rule be carefully observed in future and that the rule in Clause 3 of the Royal Warrant be observed strictly in the case of all Assistant Surgeons whose turn for promotion under the old rule may come after two years from the date of publication of this decision in Calcutta.

Extract Paras. 4 and 5, of Letter No. 174, *dated 17th July* 1860.

"It is pointed out by the Principal Inspector General Medical Department, that there are many Assistant Surgeons whose promotion is close at hand, who have been serving in Extra Regimental posts which have heretofore been considered equivalent to Regimental service, but who will not come under the provisions of Clause 3 if it be literally acted on, and that there are others who from the exigencies of the service, have been employed at Civil Stations without having performed the prescribed Military duty, who are in like manner ineligible for promotion."

"In favor of these Mr. Forsyth advocates an exception, and we beg to recommend that the Assistant Surgeons so situated may, notwithstanding their disqualification, be allowed the promotion, but that the rule in the Royal Warrant be enforced strictly in the case of all Assistant Surgeons whose tenure for promotion may be arrived at in periods beyond two years from the date of publication of the decision of Her Majesty's Government on this reference."

4. The situations named in the margin* may, as heretofore, be considered equivalent to Regimental duty for the above purpose.

* Assistant Surgeons of General Hospitals.
Assistant Garrison Surgeons.
Medical Store Keepers.
Secretary to Principal Inspector General
Superintendent of Eye Infirmary.

This General Order is applicable to the three Presidencies.

(Signed) R. J. H. BIRCH, Major General,

Wylie Norman, C. B., Bengal Army, who, by his ability and experience in charge of the Adjutant General's Department with the Commander-in-Chief in the Field, appeared to me to be eminently qualified for the appointment.

2. The designation of the Office will for the present be "Assistant Military Secretary" to the General Commanding in Chief, and His Royal Highness has appointed Lieutenant-Colonel Norman to this Office. The time passed by him in the performance of its duties will reckon as service in India for the retiring Pension.

3. The retention of this Office by Lieutenant-Colonel Norman will render unnecessary any extension of the leave of absence granted him by you. He will be subject, however, to the limit of absence, prescribed by the Act of the 33rd George III., Cap. 52, Section 70,

The Commander in Chief trusts that the Officers who have been transferred from the Corps which circumstances have obliged the Government to reduce, will look upon the Regiments to which they have been attached as a Home: and feel the same pride in their honorable name as His Excellency has had opportunities of observing they evinced in the honor and reputation of their old Regiments. In full confidence that it will be heartily responded to, Sir P. Grant would address the expression of a similar hope to the Native Commissioned, Non Commissioned Officers and Men who by the same General Order of the 22nd December last, were transferred to other Cavalry Regiments.

18*th January* 1861.

No. 5.—In order to obviate the inconvenience which is still experienced from the frequent claims advanced, after quitting their Regiments or Stations, by European Soldiers placed under the orders of the Fort Adjutant Fort St. George for embarkation and discharge, the Commander in Chief is pleased to lay down the following rules for general information and guidance on this subject; and to direct that they be most minutely observed in all Corps.

2. Every Man's claims are to be settled before he leaves his Regiment, Battalion or Depôt; and a report made to Army Head Quarters when this has been done. Men for embarkation, if belonging to the Artillery, will then, (under orders from Head Quarters) be collected at the Mount, and Infantry Men at the European Infantry Depôt, and there await an intimation from the Fort Adjutant that passage has been provided for them.

3. Under present Regulations European Soldiers of short Service examined up Country and pronounced unfit for further active Service are required to be finally examined at the Presidency—This course is still to be pursued: but their claims are to be adjusted before they leave their Regiments: and after their examination at the Presidency they will be sent (under orders from Head Quarters) to the Mount or to the European Infantry Depôt, as the case may be, as above ordered.

4. Before a Soldier is permitted to leave his Corps, preparatory to his final removal from it, under any circumstances whatever, whether of unfitness for duty or at his own request, and with or without pension, a Regimental Committee is to be assembled to investigate his accounts and to record his claims.

5. The Committee will record their Proceedings, in duplicate, according to the subjoined Form. When the Soldier is absent from his Corps or Station, from illness or other cause, the Committee is to be convened at the Station where he may be, all particulars for the completion of its Proceedings, not obtainable on the spot, being ascertained from his Regiment.

6. One Copy of the Proceedings, when completed by the Committee, is for Regimental record; and the other is, in the cases of Men to be embarked for England or elsewhere, or discharged in the Country, to be transmitted to the Fort Adjutant Fort St. George for record in his Office; in all other cases the Second Copy will be forwarded for record to the Adjutant General of the Army.

7. The Proceedings in the cases of Invalids who, on final examination at the Presidency, may be pronounced fit for further service, will be returned to the Regiment for cancelment.

8. In the cases of Men found fit for Garrison duty, and entitled by length of service or otherwise to be sent to the European Veterans, it will also be necessary, as in all other cases, for Committees to record Proceedings.

9. This order is to be considered applicable to Non-Commissioned Staff of Garrisons, Departments, Regiments of Native Infantry and all others who are borne on the list of Effective Supernumeraries.

10. G. O. C. C. No. 50, dated 14th May 1859 is cancelled, its provisions being embodied in this order.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS: CHOULTRY PLAIN, *19th January* 1861.

No. 7.—The Commander in Chief with the sanction of Government directs the republication of the following General Order by the Commander in Chief in India, dated 24th December 1860, publishing rules for regulating the award of Prizes, for correct firing with Ordnance, to the Soldiers of the Artillery, the provisions of which are extended to the Madras Presidency.

Adjutant General's Office, Simla, 24th December 1860.

The Commander in Chief has much pleasure in announcing to the Army that His Excellency the Viceroy has with great liberality acceded to his request, that prizes for correct firing by the Artillery in India shall be granted to the best shots with Ordnance; subject to the regulations which Sir Hugh Rose publishes.

2. The Commander in Chief congratulates the Artillery on the enlarged sphere of efficiency which this G. O. ensures to their most important arm, and on the reward which it gives to Soldiers whose merits Sir Hugh Rose cannot rate too highly—Artillery marksmen.

3. As a still further encouragement to the Artillery to fire correctly, His Excellency directs that the names of all Non-commissioned Officers and Soldiers, who gain prizes in the annual practice, shall be published in Regimental orders, together with the names of Officers who have instructed them, and the Commanding Officers of their divisions.

4. The names also of all Officers who, during the annual practice, distinguished themselves by good firing, will be mentioned in Regimental orders.

5. Officers commanding batteries are requested to use their utmost endeavours to instruct their Officers and men in judging distance, which is indispensable for correct firing, according to the instructions contained in the "Manual of Artillery Exercises, Horse Guards, 1st January 1860."

Rules for Regulating the award of Prizes for good firing to the Soldiers of the Artillery in India.

The present scale of practice ammunition will give about four rounds per Non-Commissioned Officer and man (exclusive of shrapnel and common case). Even to the strongest batteries, this may be increased to eight rounds per man, by recovering and re-grummetting the shot and shell, and firing them again; and and for this purpose, His Excellency has sanctioned additional cartridges being provided when necessary; the powder to be taken from the exercising ammunition.

1st Prize.

To the best shot in the Brigade, a badge of crossed guns, and crown worked in gold; entitling the wearer to extra pay of 2*d.* a day.

2nd Prize.

To the best shot in each Battery, a badge of crossed guns worked in gold; entitling the wearer to extra pay of 2*d.* per day.

3rd Prize.

To the six second-best shots in each Battery, a badge of crossed guns worked in worsted, entitling the wearer to extra pay of 1*d.* a day; when the battery exceeds 100 Non-Commissioned Officers and Men in strength, these rewards to be in the proportion of 6 per cent.

The badges to be worked on red cloth, and worn on the left arm, above the cuff.

In order to ensure a sufficiently high standard of excellence, it is directed that no man shall be granted these rewards who shall not have obtained as a minimum the number of points specified below.

They must also be acquainted with the construction of the gun; the rules affecting the direction of the shot; and the principle of the fuze, with the mode of preparing it; and with field Artillery, to equip a gun and waggon in marching order, and pack ammunition.

The result of the firing will be shown by the range reports, which must therefore be most carefully made out by the Officer in charge of the range party, and according to the form annexed.

Nominal lists of all men who have obtained any points will be forwarded from batteries to brigade head quarters, from which the best shot in the brigade will be selected, and afterwards those entitled by these regulations to battery prizes. The names of the men so selected will be transmitted to the head quarters of the Regiment in Bengal, for record, in a return showing Regimental number, age, service, rank, and number of points gained.

To entitle a soldier to the 1*st prize* awarded as best shot in the *brigade*, he must in firing the eight rounds have gained at least 9 point.

To entitle a soldier to the 2*nd prize*, as best shot in the *battery*, he must have obtained at least 8 points in the eight rounds.

To entitle a soldier to the 3*rd prize*, of which 6 per cent. are awarded in each battery, 6 points will be required.

In case of ties, it is to be decided as laid down in para 8, page 74 of Musketry Instructions, (edition of 1859).

The target to be 9 feet square, with a circle of 4 feet diameter in the centre.

A shot striking the centre of the target to count 3 points, elsewhere 2 points; 1 point to be deducted if the shot grazes before striking, provided the graze is within 30 yards of the target, but if beyond that distance, no points will be allowed.

One point to be allowed for a good fuze in shell firing.

Practice to be carried on from ranges varying from 400 to 1500 yards, and not more than two rounds are to be fired from the battery at the same range at the same time; and Commanding Officers must be careful to remove all marks which may indicate the exact range; and if it is believed that the men have so marked the ground, the target must be moved so as to prevent such marks being made use of.

With 9-pounder batteries, each Soldier to fire two rounds at a range from 500 to 700 yards; two rounds from 700 to 900 yards; two rounds from 900 to 1200 yards; and two at a longer range, say, about 1500. With 6-pounder batteries, the ranges to be from 4 to 600, from 6 to 800; 8 to 1000; and from 10 to 1200 yards.

The battery having taken up its position (where the Captain is certain the ground has not been marked as mentioned above), the Officer Commanding will call upon certain numbers of each gun detachment, or any drivers (say Nos. 4, or the leading drivers of waggons), to act as Nos. 1, and 2 rounds will be fired from either flank; the Officer himself recording the names of each man as he fires, thus:

1st time of coming into action, ...	1st round,	Gunner and Driver	Smith, ...	Range, 850 yards.
	2d ,,	,,	Jones, ...	
	3d ,,	,,	Ramsey, ...	
	4th ,,	,,	Jackson, ...	
	5th ,,	,,	Williams, ...	
	6th ,,	,,	Edwards, ...	
	7th ,,	,,	Smith, ...	
	8th ,,	,,	Jones, ...	
	9th ,,	,,	Ramsey, ...	
	10th ,,	,,	Jackson, ...	
	11th ,,	,,	Williams, ...	
	12th ,,	,,	Edwards, ...	
2nd time of coming into action....	1st round,	Gunner and Driver	Thompson, ...	Range, 1200 yards.
	2d ,,	,,	Atkinson, ...	
	3d ,,	,,	Brown, ...	
	&c.	&c. &c.	&c.	

(*Date and place.*) (Sd.) A. B.

The battery will then limber up and move off to take up a fresh position, when some other commanding battery numbers (say Nos. 6 of the detachments) or a driver will be called upon to act as Nos. 1, and to fire two rounds in a similar manner; the Officer recording their names and the range, as before.

The ranges should be made to vary as much as possible every time the battery comes into action, to prevent men taking advantage of the elevation &c., of their comrades who acted as Nos. 1 immediately before them; thus, if the battery comes into action for the first time at a range of 800 yards, it should retire to 1200 or 1500, before firing again, and not directly to the rear; one or two manœuvres might also be performed in the meantime, to prevent, as much as possible, observations being made.

In all cases it is directed, in order to prevent accidents from ignorance, that the Officers shall look over every gun himself immediately before it is fired, to satisfy himself that it is so laid as not to endanger life or property; he will however not interfere more than is absolutely requisite, and any necessary alteration in the direction of the gun, thus made by order of the Officer, will of course exclude the Soldier from the benefit of the shot, whatever the result may be.

Independent of the previous instruction which must be given in judging distances, pointing and elevating guns, preparing and fixing fuzes, &c., the men should be encouraged, and opportunities afforded them of learning as much as possible during their leisure hours; but at the time of trial, no assistance whatever is to be rendered to the Soldier while acting as No. 1, who must give his own directions to the detachment, and point and elevate the gun himself, depending entirely upon his own knowledge and skill.

The detachments should also be changed from guns to howitzers, and vice versa, in order that each man be tried with both descriptions of ordnance, and in preparing and fixing fuzes &c.; the correctness of length of fuze should be carefully noted in the range reports. Each man may thus fire 5 rounds from guns and 3 from the howitzers, and the fuze recorded good, to add one point.

The practice of the Garrison or Reserve Batteries with heavy Ordnance will be carried on from 18, 24, or 32-pounder guns, 10 or 8-inch howitzers, and from 10 or 8-inch mortars.

Four rounds to be fired from the guns, 3 from the howitzers, and 3 from the mortars, per man; the shot and shell being of course recovered, and used twice, or oftner if necessary.

The authorized number of rounds of shrapnel, common case, &c., will of course be fired for the instruction of the men, in addition to the above, but will not be taken into consideration in awarding the prizes.

The target for the practice from guns and howitzers to be the same as that already described for the field artillery, viz. 9 feet square, with a centre circle of four feet in diameter; and the points to be allowed in the same manner, viz. 3 for the centre, and 2 for any other part of the target; the shot grazing before striking to be allowed still to count, if the graze is within 30 yards of the target, but one point to be deducted on account of such graze. In shell firing a good fuze will count one point.

For the mortar practice a small Flag-staff, or other conspicuous object, to be used, and a shell falling within 10 yards to count 3 points; within 25 yards, 2 points; a good fuze, an additional point. It must however be understood that it is not merely the laying the mortar that is required, but to entitle a man to these points, he must determine his own charge of powder, weigh it himself, and prepare and fix his own fuze, without any assistance whatever; the Officer of course exercising the necessary supervision to prevent accident from excessive charge, &c.

The range for the mortars can be varied as often as necessary, by shifting the flag so as to prevent advantage being taken by any men of the result of previous firing.

The range for the guns and howitzers, should be from 600 to 1500 yards; that for mortars, from 500 to 1000 yards.

As greater precision will be expected from heavy ordnance, than from field guns, not only on account of the steadier flight of the shot, but from the fact of the range being better known, the following points will be required to entitle men to the several prizes: viz.

1st Prize, as best shot in the brigade, 14 points.

2d Prize, as best shot in the battery, exclusive of the gainer of No. 1 prize, 12 points.

3d Prize, as second-best shots in the battery, of which 6 per cent. will be allowed, 10 points.

The regulations at page 76, paras 18 and 19, of the Musketry Instructions, edition of 1859, relative to the time for which these rewards are granted, will of course be observed in the Artillery; and the holders must compete with their comrades annually for their possession.

"To qualify soldiers for these rewards, they must have displayed the requisite skill in judging distances, being at least in the first class at the final classification of the judging distance, practice," as laid down in para. 7, part. V of the Book of Instruction of Musketry, edition of 1859.

Sir G. Barker and the Commandant of Bengal Artillery will direct arrangements of the strictest nature to be made, to secure the practice being fairly carried on. A certificate from the Officer Commanding the battery to this effect, and that he was present at the practice, must be attached to bills for the rewards. The markers should be from a different battery to the one practicing, if possible; and no man shall receive the reward who is not qualified in judging distance to the extent required by the Book of Musketry, para. 7, part V, as above quoted.

By order of His Excellency the Commander in Chief,

W. G. WOODS, Lieut.-Colonel,

Adjutant General of the Army.

W. G. WOODS, Lieut. Colonel, *Adjutant General of the Army.*

HEAD QUARTERS: CHOULTRY PLAIN, *1st February* 1861.

No. 9.—The late prevalence in this Army of violence to superiors cannot have escaped observation, and the trials now published prove that the crime is on the increase.

The circumstances under which most of these offenders have committed themselves leave no room for doubt that the penalty incurred has been courted as a means of severing their connection with the service, under a very mistaken and inadequate conception of the true nature of the punishment.

It is too late to warn these Men of the consequences of their acts, they will learn them at a heavy cost, but Sir Patrick Grant trusts that the report on the execution of Penal Servitude recently published, under the authority of the Commander in Chief in India, will serve to disabuse the minds of those who may be disposed to follow their example of a mischievous and fatal misconception.

Whatever may have been the motive with which the crime has been committed, the discipline of the Army demands that it should be repressed.

Death is the penalty which the Law provides, a penalty which it is painful for a Court Martial to award, and for the Confirming Authority to execute. Sir Patrick Grant entertains the hope that the sentences now promulgated will deter the evil disposed, but the late frequency of the crime, calls for a special warning that should His Excellency's hope be disappointed, the award of the extreme penalty of the law, and its execution will become stern but imperative duties.

The above Order is to be read at three successive Parades, to every Regiment, Battery and Detachment of Her Majesty's British and Indian European Forces, serving under the Presidency of Fort Saint George.

By order of His Excellency the Commander in Chief,

W. G. WOODS, Lieut.-Colonel, *Adjutant General of the Army.*

FORT ST. GEORGE, 8TH FEBRUARY 1861.

No. 44 of 1861.—The following General Order by His Excellency the Governor General of India, is republished.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

Camp Jubbulpore, the 17th January 1861.

No. 11 A. of 1861.—His Excellency the Viceroy and Governor General of India has much satisfaction in publishing for general information the subjoined letter, dated the 21st of November 1860, from Lieutenant General Sir J. Hope Grant, G.C.B., Commander of the Forces in China, bringing to notice the services, during the Campaign in that Country, of the Native Troops of all Arms which proceeded to China from Bengal, Madras, and Bombay.

The Governor General congratulates the Troops on the high testimony which they have earned for themselves from their distinguished Commander by their exemplary conduct in Camp and Garrison, and by their valor in the Field. And it is an additional source of gratification to the Governor General, and a matter of which the Troops may justly be proud, that their brilliant conduct in the Field excited the admiration, not only of their British Comrades, but also of the French Troops which served in the same Campaign.

It will be the grateful task of the Governor General to make known to Her Majesty's Government the report of Lieutenant General Sir Hope Grant, and to bring particularly to notice the Officers specially mentioned by him:—

TO THE RIGHT HONORABLE THE EARL CANNING, G. C. B.,

&c., *&c.*, *&c.*,

MY LORD,—PEACE having been concluded with this Country, and many of the Native Troops serving in the Expeditionary Force being about to return to India, it becomes my duty to bring to your Excellency's notice the services of the Regiments and Corps of Her Majesty's Indian Army which have been serving during the Campaign.

The 1st Sikh Irregular Cavalry, under Major Probyn, and Fane's Horse, under Captain Fane, have performed their work most admirably.

On more than one occasion these Regiments have been opposed to, and have successfully charged a vastly superior force of the Enemy's Cavalry, and their conduct in the Field has excited the admiration of the French as well as of the English Troops. It is not only on the Field of Battle that their services have been so important during the recent Campaign, but in performing the numerous other duties required of them, of an infinitely more harassing nature; patrols, escorts, and reconnoisances, as well as the task of carrying letters almost daily between Tientsin and Pekin (a distance of seventy-five miles), for upwards of a month, during which they were frequently fired upon; their services have been of the utmost value to the Expedition.

I beg to recommend Major Probyn and Captain Fane to your Excellency's most favorable notice.

The two Companies of Madras Artillery under Captain Hicks, and the two Companies of Madras Sappers under Captain Shaw Stewart, rendered good and useful services in the operations which preceded, and led to the fall of the Takoo Forts. The latter Corps was most energetic in working, without relief, at the construction of the Batteries, and have always shewn themselves to be cheerful and willing workmen. A Detachment of the former Corps, under Captain MacIntyre, was summoned from its Station at Chusan to the assistance of Shanghai, and was fortunate enough to reach that City on the day it was attacked by the Rebels, and to assist in repelling their attacks.

The Regiment of Loodianah was stationed at Shanghai during the attack of the Rebels on that City, and under the Command of Lieutenant Colonel Walsh contributed to their repulse.

The 8th and 15th Regiments of Punjab Infantry have accompanied the Army in all the active operations in the Field, and although, owing to the nature of the operations, they have not come into collision with the Enemy so frequently as they have, perhaps, wished, their services have not been of the less value to the Expedition. The 15th Punjab Infantry, however, was particularly forward during the Action of the 18th September; and on the 21st September a Detachment under Lieutenant Harris distinguished itself by crossing the River and capturing a Gun which had opened on our Lines.

The 8th Punjab Infantry has been ably commanded throughout the Campaign by Captain Brownlow. Captain Shebbeare, an excellent Officer, the Commandant of the 15th Punjab Infantry, was unfortunately compelled by ill-health to leave just when active operations were commencing, but the Regiment has been efficiently commanded by Lieutenant Randall.

The 11th and 19th Punjab Infantry have been employed in garrisoning the Depôts, &c., while the 3rd and 5th Bombay Native Infantry and the 21st Madras Native Infantry have formed portions of the Garrisons of Hong-Kong and Canton.

I have much pleasure in informing your Excellency that the behaviour of the Indian Troops, both in Camp and in Garrison, has been everything that I could wish; and it has given me much satisfaction that the course of events have enabled me to send a considerable portion of them back to their homes in India before the end of the present year.

I have, &c.,

(Signed) J. HOPE GRANT, Lieut. General,
Commander of the Forces.

Remarks by His Excellency the Commander in Chief.

The Commander in Chief regrets that he cannot accede to the recommendation of the Court. This is not the first occasion on which the habits of Assistant Surgeon Adamson have been brought to notice; and serious results are very liable to arise from intemperance in a Medical Officer.

(Signed) W. G. WOODS, Lieutenant Colonel, *Adjutant General of the Army.*

Assistant Surgeon James Adamson is to be struck of the strength of the Army from the date of the promulgation of this order at Rangoon, which is to be reported to the Principal Inspector General Medical Department and to Army Head Quarters.

FORT ST. GEORGE, 15TH FEBRUARY 1861.

No. **50** of 1861.—The following General Order by His Excellency the Governor General of India, is republished.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

Camp Sleemanabad, the 26th January 1861.

No. 20 A. of 1861—His Excellency the Governor General is pleased to direct the publication for general information of the following Resolution:—

RESOLUTION.—Read Memorandum of the Military Finance Department, No. 2735, of the 29th October 1860, by Colonel Balfour, C.B.

Read Memorandum on the Military Establishment of the Pegu and Tenasserim Provinces, at pages 9 to 17 of the printed Report on British Burmah, by R. Temple, Esq., C.S., and Lieutenant-Colonel Bruce, C.B., dated 15th December 1860.

The present strength of the Military Force in Pegu is given in these papers as follows, viz. :—

Three Horse Batteries and six Companies of Artillery, two Companies of Sappers and Miners, twelve Regiments of Infantry, European and Native, with the proportion of Staff and Establishments, Ordnance, Commissariat, and Medical, and two Steamers held in reserve for the transport of Troops, the whole being maintained at an annual cost of about Rupees (64,65,000) sixty-four lakhs and sixty-five thousand.

2. With an organized Police Force, such as is intended to be maintained in the Province, it is considered desirable and practicable to withdraw the Troops entirely from the minor Stations, as well as the Outposts occupied at present by the Pegu Sapper Battalion, and to concentrate the Military Forces at the four principal Stations, viz. Rangoon, Moulmein, Tonghoo, and Thyetmyo.

3. This arrangement admits of a very considerable reduction of the Forces now in Pegu, and the following Establishment will for the future be maintained, viz. :—

One Horse Battery, and two Reserve Companies of Artillery.

Two Regiments European Infantry, and four Regiments of Native Infantry, with a due proportion of Staff, Establishments, and Stores, the estimated cost of which is Rupees (29,95,000) twenty-nine lakhs and ninety-five thousand, showing a saving of about (35) thirty-five lakhs of Rupees annually on the present Establishment.

4. This Force will be divided amongst the four Stations named, in the following proportion :—

Rangoon.—One Company Artillery, one Wing European and one Regiment Native Infantry.

Moulmein.—One Regiment Native Infantry.

Tonghoo.—One Company Artillery, with four Mountain Guns attached, for Pony Draught, one Wing European and one Regiment Native Infantry.

Thyetmyo.—One Horse Battery, one Regiment European and two Regiments Native Infantry.

The Troops will accordingly be withdrawn from the following Stations, *viz.*:—

"Pegu, Prome, Tavoy, Henzada, Shooeghyeen, Bassien, Meeoung, Mergui, and Meeaday.

Under arrangements which will be concerted between the Commissioner of Pegu and the Major General Commanding the Pegu Division, all the Force in excess of the Establishment to be thus maintained will be withdrawn to its own Presidency, under instructions which will be communicated to the Authorities in Pegu by the Madras Government.

5. The Horses of the two Batteries which are to be withdrawn from Pegu will not, however, be sent to Madras. The Battery to be retained at "Thyetmyo" is to be completed with the best Horses of the other two Batteries, and a surplus, calculated at the ordinary number of Remounts for two years, will also be attached to this Battery. A sufficient number of Horses are to be told off for the Mountain Guns at Tonghoo, and the remainder are to be sold as soon as practicable.

6. The Mountain Guns will hereafter be provided with Pony Draught by local purchase, as casualties occur amongst the Horses.

7. The Government of Madras is requested to decide whether the Head-Quarters of the Battalion of Artillery shall be retained in Pegu or sent to Madras, and they will also make such provision for the extra Attendants and for maintaining the Harness, &c., with the Mountain Train, as may be deemed necessary.

8. All the Native Regiments in excess of four, (including the Pegu Sapper Battalion), which are to be maintained for the present, will be withdrawn by the Madras Government in communication with the Local Authorities in Pegu. The men of the Regiments thus withdrawn, if passed by a Medical Committee as healthy and efficient Soldiers, are to be allowed to volunteer for the three Line Corps remaining in Burmah, to such extent as will give the latter a temporary additional Establishment of 200 Privates, with a due proportion of Non-Commissioned Officers, provided the total strength is not thereby increased beyond 800 Privates per Regiment. The families of men so volunteering will, if willing to go, be forwarded at once to Burmah at the Government expense; and on the eventual withdrawal of these Regiments, the men will be permitted to rejoin their original Corps should they desire to do so. But in event of Government adopting the suggestion of the report for raising Local Regiments for service in Burmah, the men so volunteering will have a preference. Their places are not to be filled up in the mean time in the Regiments from which they volunteer. The results of the volunteering will be seperately reported by the Major General Commanding, for the information of the Government of India.

9. The Madras Government is requested to communicate with the Commissioner of Pegu and with the Military Finance Commission on the subject of the proposal at page 13 of the printed Reports, and to favor the Government of India with its opinion on the financial and other bearings of the proposition that the Native Troops to be retained in the Provinces to the East of the Bay of Bengal should consist of Local Corps belonging to the Madras Army, and under the orders of the Commander-in-Chief of that Presidency.

10. The diminution of the Force will admit of a considerable and proportionate reduction of the Staff and of the Ordnance, Commissariat, Medical, and Pay Departments, and also of Camp Equipage, Cattle, Bearers, &c., and the Government of Fort St. George is requested to take this matter into consideration, and to give effect, without delay, to such measures of reduction as may be practicable.

11. The number of Pieces of Ordnance now maintained in the Province will be reduced at least to the extent proposed in the Report, and those to be kept up for the future will be redistributed in such proportion and in such localties as may be fixed upon by the Major General Commanding the Division, in communication with the Commissioner.

12. All the Ordnance Stores in the Province being largely reduced, the provision of a suitable Arsenal will be facilitated, and the Commissioner, in communication with the Military Authorities and Department Public Works, will be able to submit Plans for a proper Building for the Ordnance Department properly protected.

13. The Ordnance Depôts at Moulmein, Shoeegyeen and Bassein will be abolished. That at Meeaday will be removed to Thyetmyo, and the establishment of this, as well as of the Depôt at Tonghoo, will be reduced by the withdrawal of all Artificers, the Depôts being placed under the Officers Commanding the Artillery at those Stations, with a suitable allowance and a few Lascars.

14. If necessary, the Madras Government will make some addition to the Regimental Artificers sufficient to keep up the Extra Pieces of Ordnance, and will allow the Officer Commanding the Artillery to appoint at Thyetmyo and Tonghoo any Warrant Officer or Serjeant of the Ordnance Department, whose services may be found desirable to render the Establishment there efficient.

15. The reductions thus carried out in the Military Forces in Pegu will, in a great measure, obviate the necessity of executing some of the Public Works for the accommodation of the Troops now in contemplation, and thus render it less difficult to carry out the proposed reductions in the Public Works Department. That Department will also be relieved, for the future, from the duty of providing accommodation for the Native Troops, the arrangements for which will be left in the hands of Commanding Officers of Regiments, under rules which will be laid down for their guidance by the Local Authorities in communication with the Madras Government.

16. All the other suggestions contained in the Report and Memorandum above referred to are approved, and the necessary orders for carrying them out will be issued by the several Authorities concerned.

In closing this Resolution the Governor-General desires that the cordial thanks of the Government of India may be conveyed to the Officers upon whose careful and well-judged suggestions the Resolution is founded.

The Mission entrusted by the Governor-General to Colonel G. Balfour, C.B., President of the Military Finance Commission, R. Temple, Esq., C.S., President of the Civil Finance Commission, and Lieutenant-Colonel H. Bruce, C.B., one of the Police Commission, was one which the recent services of these Officers in the preparation of measures of economical reform and their thorough acquaintance with the objects and views of the Supreme Government well qualified them to perform, as the clear and practical reports which have been submitted, singly or jointly, fully prove. Lieutenant-Colonel A. Phayre, the Commissioner of Pegu and Governor-General's Agent, and Major-General J. Bell, Commanding the Pegu Division, have given aid quite as valuable towards the attainment of the desired object, and the Government of India is indebted to these Officers for the prompt and efficient manner in which, whilst duly regarding the claims of the Province under their charge, they have furthered the interests of the State at large.

The experience and sound judgment of the Commander-in Chief of Madras, Lieutenant-General Sir Patrick Grant, K.C.B., have been of material assistance in combining a scheme of reduced Military expenditure with efficiency in the Eastern Provinces, and to His Excellency, as also to the late Commissioner of Tenasserim, Captain Hopkinson, and to the Officers at the Head of the Military and Public Works Departments in the Eastern Provinces, the Governor-General desires to offer his acknowledgment of their valuable services.

(Signed) R. J. H. BIRCH, Major-General,
Secy. to the Govt. of India, with the Governor General.

FORT ST. GEORGE, 15TH FEBRUARY 1861.

No. **51** of 1861.—The Governor in Council directs the publication of the following Rules, relative to the supply of Vegetables for European Troops, founded upon G. O. G. G. 7th September 1860, No. 902.

1. As a first step towards the provision of Vegetables, recourse is to be had to the Soldiers' Gardens, it being the desire of Government to give to these Gardens every reasonable encouragement.

2. In furtherance of this object, Executive Commissariat Officers will, in the first week of January of each year, furnish Officers Commanding Stations with a Memorandum showing the probable quantity of Vegetables that will be daily required for European Troops during the ensuing Official year.

3. On receipt of this Memorandum, Commanding Officers will ascertain from Officers Commanding European Corps, the extent to which the Gardens of their men are likely to furnish the quantity required, the several kinds of Vegetables that can be supplied in each month of the year, and the price at which, in their opinion, payment should be made.

4. On the above information being obtained, Officers Commanding Stations will assemble Committees to determine the articles that should be taken from the Soldiers' Gardens during each month of the year, and to fix the prices to be paid for each description of Vegetables, due consideration being given by the Committee to the interests of the Soldier, and to the prices locally prevailing of the description of articles recommended by the Committee. The quantity of Vegetables to be allowed to each man daily is one pound.

To be composed as follows :—
Head Quarters Station.
Deputy Inspector-General of Hospitals, or Senior Medical Officer.
Executive Commissariat Officer.
Out-posts.
A Field Officer or Captain.
An Officer in charge of a Troop or Company.
A Medical Officer.

5. If it shall appear that the Soldiers' Gardens are capable of supplying only a portion of the Vegetables required, or that the Gardens cannot be depended on to supply any, Committees will determine what description and quantities of each kind, reported to be obtainable from other sources during each season, should be issued in the several months and the price which should be allowed.

6. The Proceedings of Committees on being closed are to be made over to Executive Commissariat Officers, who will arrange, for the supply of the articles recommended by Committees to complete the quantities which the Soldiers' Gardens may be unable to supply.

HEAD QUARTERS: CHOULTRY PLAIN, 16*th February* 1861.

No. 14.—The particular attention of Officers Commanding Divisions, Field Forces, Stations and Regiments, is called to the following Extracts from the regulations for conducting the Musketry Instruction of the Army, and the Commander-in-Chief earnestly desires to impress upon *all* the imperative necessity of discharging their very important duties as therein directed, with unceasing vigilance and assiduity.

"In every Battalion the rifle training, like all other exercises, is placed under the responsibility of
" the Commanding Officer, who is to make himself acquainted with this most
Para 1, page 7. " important part of a Soldier's duty, by careful study of the following regulations,
" by giving his personal superintendence to the drill and practice of the Companies under instruction, and
" by availing himself of the assistance and information to be derived on the subject from Inspectors of
" Musketry, at their periodical visits."

" All correspondence is to be conducted by Commanding Officers, who are accountable for the
" accuracy of all returns, &c., and are to afford every information and expla-
Para 2 page 7. " nation on the subject which may be required of them by the Inspector General
" of Musketry."

" The Field Officers are also to render themselves acquainted with the theory and practice of Musketry ;
" and Captains and Subalterns are to attend the Rifle drill and practice with
Para 3 page 7. " their Companies, to make themselves equally conversant with the "Instruction
" of Musketry," as with the Battalion and Company drill, of which indeed it is a component part, as also
" with the proficiency of every man of their company in shooting, and judging distance.

" General Officers are expected to bring to notice any instance which they may observe of continued
" neglect in the Musketry Instruction of troops in their Division or Command,
Para 34 page 96. " to which they will be pleased to give their special attention. They are to
" require the Inspectors of Musketry to accompany them, when practicable in their tours of inspection,
" for the purpose of catechising Officers of Companies, indiscriminately taken with a view of ascertaining
" that they are acquainted with the theory and practice of musketry, and the system of Rifle training as
" laid down in this book ; and to furnish any information on this subject they may wish for, to enable
" them to reply to the several questions, in their confidential reports, in regard to the " instruction of
" officers and men" and the " exercise of Arms."

2. The Monthly Diary of Parades must shew what Musketry Instruction (subsequently to the conclusion of the annual course) has taken place in each Regiment, in accordance with the directions contained in the concluding para of page 4, page 69, para 26, and page 33, para 35. The Diaries dated 1st January and 1st July, should shew when the half yearly lectures to Officers took place.

3. Under ordinary circumstances, the fact of a Regiment being detached is no reason for the Musketry Instruction not being carried out : page 90, para 13, is clear on this head.

4. A special report to be made, at all inspections by General Officers, of Soldiers, who (though not detained in Hospital, and who are doing duty in the ranks) have been exempted from Rifle Instruction, on the recommendation of the Surgeon, during the last annual course, vide page 92, para 19.

5. Commanding Officers are at once to report direct to the Adjutant General of the Army, for the information of the Commander in Chief, any suspension of the Annual course, as directed in page 96, para 35.

6. Officers Commanding Regiments are held responsible that all the Officers of the Companies under instruction not only attend the Drill and Practice with their Companies, but that they assist in the instruction of their men and shew by good example and interest in such instruction the importance attached to this part of a Soldier's training.

7. Attention is also required to a more careful instruction in Position and Aiming Drill.

8. Complaints have occasionally been made of the inferior description of Ammunition issued to the Troops for Musketry practice : but if Company Officers would instruct their men in loading and give a hint at the right time when the men are at Practice, many of the difficulties complained of in this particular would be obviated. Generally speaking there is a great want of attention to this important part of the Soldier's instruction on the Practice Ground. It is a common remark for a Soldier, when he can't hit the Target, to say, the Ammunition is bad, or the Rifle is bad, but the fact is, the fault lies in the superficial instruction given to the men.

9. The attention of Commanding Officers is to be given to the due preservation of the Targets and other Musketry Stores supplied.

10. On the Principal Inspector of Musketry arriving at a Station and reporting himself to the General or Superior Officer in Command, the same is to be notified in that day's Division Orders for publication in Regimental Orders, and Officers Commanding European Regiments are enjoined to afford the Inspector their personal aid and assistance by being present and accompanying him during the period he is making his Musketry Inspection.

11. While employed on the duty of such inspection a Native Orderly is to be detailed daily to attend upon the Principal Inspector of Musketry.

By order of His Excellency the Commander in Chief,

W. G. WOODS, Lieut.-Colonel,
Adjutant General of the Army.

No. 271.—The following Extract from a Despatch, in the Ecclesiastical Department, from the Secretary of State, No. 29, dated the 15th December 1860, is published for general information:—

"In accordance with your request, I sanction the extension to Chaplains on the Indian Establishments of the Rule laid down by the Home Authorities in 1857 and 1858, under which Military Officers are allowed to reckon as service for Pension Sick leave taken by them in consequence of wounds or illness contracted on service in the Field. The case of the Reverend * * * * * seems to come within the operation of the Rule, but before he can be admitted to the benefit of it, he will of course be subjected to all the Regulations laid down in the case of Military Officers."

The Regulations laid down in the case of Military Officers are contained in the following Extracts from despatches of the Home Government:—

Extract, paragraphs 18 *and* 19, *of a Military Despatch from the Court of Directors to the Government of India, No.* 126, *dated the* 22*nd July* 1857.

18. "By the Regulations established for the promotion of Lieutenant-Colonels to the Rank of "Colonel after three years' service, it is provided that "no longer period than one month in each year, or a "total of three months in three years, or six months "in six years, shall be allowed to reckon, whether the "leave shall have been spent in India or out of the "Country, except in cases of wounds or illness con-"tracted by service in the Field, duly certified by a Medical Board, when each case will be separately "considered with reference to the time to be allowed.

Letter dated 6th March 1857, *No.* 82.

"Requests Court's decision on the question whether leave "of absence in or beyond India, taken in consequence of "wounds received in action, shall be allowed to reckon as "service for Pension both under the old and new Regu-"lations."

19. "In reply to the question now put to us, we have much satisfaction in stating that we are pre-"pared to extend the benefits of the exception above specified to the time required for retirement on full "pay. Every claim to the benefit of this exception must be duly certified by a Medical Board, and be "forwarded to us for our decision, accompanied by the opinion thereon of the Government and Commander-"in-Chief of the Presidency to which the Officer belongs."

Extract, paragraphs 19 *to* 24, *of a Military Despatch from the Court of Directors to the Government of India, No.* 221, *dated the* 18*th August* 1858.

19. "The privilege of reckoning the time of absence in the period of service required for retire-"ment on full pay is authorized 'in cases of wounds "or illness contracted by service in the Field duly "certified by a Medical Board, when each case will "be separately considered with reference to the time "to be allowed.'

Letter dated 9th April 1858, *No.* 64.

1 *and* 2.—Applications from certain Officers proceeding to Europe on Medical Certificate that their leave may be counted as service for retirement on full pay.

20. "Of the thirteen cases now reported, four are those of Officers who have received wounds in "action.

* * * *

21. "The remaining nine cases are those of the Officers named in the margin, to whom Certificates "have been given by the Director-General and Inspector-General, testifying that leave has been granted "to them 'on account of illnes contracted by service in the Field."

22. "We desire that, in future similar cases, a specific description may be given in a report of a "Medical Board, of the nature of the illness and of the grounds upon which it is considered that the illness "has been contracted 'by service in the Field;' also that each separate case may be accompanied by the "opinions thereon of your Government as well as that of His Excellency the Commander-in-Chief.

23. "Meanwhile the applications of the Officers above mentioned, as recommended by the "Commander in-Chief, are complied with.

24. "We are of opinion that all such grants hereafter should be made for periods not exceeding "eighteen months, to be extended if necessary."

Chaplains or Assistant Chaplains, desirous to avail themselves of the privilege thus extended to them, should submit an application to the Government of India, Madras, or Bombay, as the case may be, in the Military Department, through the Archdeacon, together with any documents they may desire to submit in support thereof. The application will be referred first to the Head of the Medical Department for report and then to the Commander-in-Chief for His Excellency's opinion thereon, after which it will be forwarded to the Secretary of State for final disposal.

The 8*th February* 1861.

No. 272.—The following letter is published for general information :—

From the Officiating Under-Secretery to the Government of India, in the Foreign Department, to the Secretary to the Government of Punjab and its Dependencies,—(No. 3618, dated the 21st November 1860.)

WITH reference to your docket dated 5th instant, No. 710, I am directed to state, for the information of the Lieutenant-Governor, that the President in Council has no doubt that the Court of a Cantonment Joint Magistrate, exercising Civil jurisdiction under Act III. of 1859, is a Civil Court within the meaning of Act XXXVI. of 1860, and that all petitions and other documents filed in such a Court in cases under Act III. of 1859 are liable to Stamp duty under Schedule B. of the Stamp Act.

2. His Honor in Council holds the same opinion in regard to Military Courts constituted under Act XI of 1841. Though called Military Courts they are in reality nothing but Civil Courts appointed for the trial of "actions of debt and other personal actions" against Native Officers, Soldiers, and Camp-followers. They are vested with the powers of Civil Courts in respect to the examination of witnesses, and their decrees are executed by Civil process. His Honor in Council thinks therefore that, in the absence of any express exemption, all petitions and other documents filed in such Military Courts of Requests are liable to duty under Schedule B. of the Stamp Act.

By Order of the President in Council,

(Signed) H. MARSHALL, Colonel,
Secretary to Government.

By order of His Excellency the Commander in Chief,

GENERAL ORDERS

By His Excellency Lieutenant General Sir P. GRANT, K.C.B., Commander-in-Chief.

HEAD QUARTERS: CHOULTRY PLAIN, 26*th February* 1861.

I have been permitted by Her Majesty's Government to resign the Command of the Madras Army and to return to England.

When I assumed the Command of the Madras Army on the 10th of June 1856, I expressed my confident hope that I should receive the cordial support of every right thinking Soldier in maintaining the discipline and efficiency of the service.

That expectation has been amply fulfilled, and my most grateful acknowledgments are due to the Officers Commanding Divisions, Field Forces, Brigades, and Regiments, and to the Departments of the Staff of every denomination at Army Head Quarters, whose untiring exertions and cordial assistance have secured the firm enforcement of a system which has proved eminently successful.

Of the state of discipline, with few exceptions, of the Troops European and Native in the Madras Presidency, it is my grateful privilege to record that it has called forth the frequent and marked commendations of the highest Authorities, as respects both the efficiency of the several Corps and the full, clear, and well considered reports of Inspecting Officers, who, by the bold and uncompromising discharge of their very important duties, have so well justified the principle of selection which placed them in the high Commands they have exercised with such rare and proved ability.

The services in the Field of the Troops of this Presidency employed in the suppression of the Rebellion and Mutiny are now matter of history, and the glowing terms in which they have been recognized must endure for ever, an imperishable record of the achievements of those noble Soldiers.

In the foremost rank, and in high distinction second to none engaged in that arduous struggle, stand the Madras Fusiliers who fought under Neill, Havelock, and Outram; while it never can be forgotten that, to their immortal honor, the Native Troops of the Madras Army have been, in the memorable words of the Earl of Ellenborough "faithful found among the faithless."

These are facts of which every Soldier European and Native, from the Private to the General, may justly feel proud; and it will ever be to me a source of the highest gratification that during the most critical and eventful period of British Rule in India, it has been my good fortune to have been at the head of an Army so distinguished for all the best qualities of faithful, brave, and loyal Soldiers.

I cannot conclude without offering to Colonel Simpson Inspector General of Ordnance, to Brigadier Hammond and Brigadier Whistler, successively Commandants of Artillery—to Colonel Adye, C. B., Commanding the Royal Artillery, and to the Select Committee of Artillery Officers, my sincere and hearty thanks for the valuable assistance they have ever rendered in dealing with the innumerable questions which have been under discussion connected with the all important Artillery branch of the Army and the Ordnance Department generally. I earnestly trust that sooner or later these labors may lead to that complete assimilation of system and equipment throughout the Artillery of the British Army which is indispensable to thorough efficiency, and which successive Commanders in Chief have for five and twenty years striven to accomplish.

I desire also to tender to Doctors Pearse, Macpherson, and Beatson, the Heads of the Medical Department, my best thanks for the zeal and great ability with which their important duties have been discharged.

My Military career and my active connection with India and its Armies are now about to close; but in that retirement in my Native Country to which forty years of service in a tropical climate entitles me, I shall always cherish a warm recollection of the valued friends and brother Soldiers from whom I am about to separate, and to whom I now bid a cordial and affectionate farewell!

(Signed) PATRICK GRANT, Lieut.-General,
Commander in Chief.

By order of His Excellency the Commander in Chief,
W. G. WOODS, Lieut.-Colonel,
Adjutant General of the Army.

4566/2 WHEREAS it has been found expedient to revise the regulations under which Pensions and Allowances are granted to Officers of our Land Forces on account of wounds received in action: and whereas We were pleased to issue a Warrant under Our Royal Sign Manual, dated the 13th June 1857: Our will and pleasure now is that Our said Royal Warrant of the 13th June 1857 shall from

* Madras, G. O. G. 5th February 1858, No. 45.

henceforth be cancelled; and that this, Our Royal Warrant, to be administered and interpreted by Our Secretary of State for War, be the sole and standing authority upon the matters herein contained.
Given at our Court at St. James's this Twenty-seventh day of October 1860, in the 24th year of Our reign.

By Her Majesty's Command,
S. HERBERT.

Pensions and Gratuities to Officers of the Land Forces, limited to Wounds and Injuries received in Action.

Gratuity of One Year's Pay.

1. If an Officer shall receive a wound in action, which shall occasion the loss of an eye, or a limb, or shall lose thereby the total use of a limb; or shall receive bodily injury equal or nearly equal in its consequences to the loss of a limb, he may receive a gratuity in money or one year's full-pay, of the Regimental rank of Staff appointment held by him at the time he was wounded, for the loss of such eye, or limb, or for such injury.

Pension.

2. If an Officer shall be wounded in action, and it shall be reported by a Board of Army Medical Officers assembled by order of the Secretary of State for War for the personal examination of such Officer that he has, in consequence of his wound, lost a limb or an eye, he may be recommended to Her Majesty for a Pension, at the rate fixed in the annexed Scale for the Rank held by him when he was wounded, and commencing one year after the wound was received.

Loss of more than One Limb or Eye.

3. If the Officer shall have lost more than one limb, or eye, he may be recommended for a Pension for each limb, or for each eye, so lost in action.

Temporary Pension.

4. If the wound received by an Officer in action shall be so severe in its permanent effects as to be fully equal, or nearly equal, to the loss of a limb, and the injury shall be so reported by the Military Medical Board, he may be recommended to Her Majesty for a temporary Pension, the continuance of which shall depend upon subsequent examinations before a Military Medical Board.

Gratuity.

5. If any wound received in action shall be certified to be severe and dangerous, but in its permanent effects not nearly equal to the loss of a limb, the Officer receiving such wound may receive a gratuity, varying according to the nature of the case, from three to twelve months' full-pay of the Regimental rank or Staff appointment held by him at the time he was wounded.

Permanent Pension.

6. If an Officer shall have held a Pension for a wound received in action for a term of five years, and shall have been examined, twice at the least, before a Board of Army Medical Officers, he may be recommended for the permanent continuance of such Pension; but if the Officer, before the expiration of the term of five years, shall have so far recovered, that his wound or injury is not equal nor nearly equal to the loss of a limb, then he shall cease to receive such Pension.

Limit of Application for Pension.

7. If within the period of five years after a wound has been received, an Officer shall not apply for the Pension, or, on his so applying for it, the wound shall not have been proved to be permanently equal nor nearly equal to the loss of a limb, such Officer's claim to a Pension for such wound shall not at any subsequent period be entertained.

Gratuity.

8. No. Gratuity for any wound shall be granted after the lapse of five years from the time the wound was received.

Loss of Vision.

9. No Pension for the loss of an eye, from a wound received in action, shall be granted unless the actual loss of vision shall have occurred within five years after the wound was received, and be solely attributable to such wound.

Brevet Rank, or duties superior to those of Regimental Commission.

10. As a general rule, the Pension or Gratuity shall be granted according to Regimental Rank; but in cases in which Officers, with or without Brevet Rank, shall have been employed at the time they were wounded, in discharge of duties superior to those attached to their Regimental Commissions, the Gratuities and Pensions may be given in accordance with such duties.

Pensions tenable with Pay.

11. These Pensions may be held together with any other Pay and Allowances to which an Officer may be entitled, without any deduction on account thereof, and may continue to be held should the Officer leave the service.

New rates to be applicable for the future to Officers wounded since declaration of war with Russia.

12. Officers who are still suffering from wounds received since the 28th March 1854, the date of the declaration of war with Russia, should such wounds be certified by a Military Medical Board to be now equal or nearly equal to the loss of a limb, may receive Pensions from the present time according to the provisions of this Warrant.

No. 142 *of* 1861.—His Excellency the Governor General is pleased to direct the publication of the following Royal Warrant, authorizing the distribution of the Prize Property captured in Pegu in 1852 and 1853 :—

13503 3/3. WHEREAS the Commissioners of our Treasury have represented unto us that the Government of India having failed to obtain redress from the Court of Ava for injuries which had been inflicted on British subjects in gross violation of existing treaties, was compelled to declare that reparations should be exacted by force of Arms, and that to this end an Expedition was organized, composed of our Naval and Land Forces, and of the Naval and Land Forces then in the service of the East India Company, such Naval and Land Forces being respectively under the Command of Commodore Lambert, now Vice-Admiral Sir George Robert Lambert, Knight Commander of the Most Honorable Order of the Bath, then the Commander-in-Chief of our Naval Forces in the Indian Seas, and of Major-General Godwin, Companion of the Most Honorable Order of the Bath, since deceased.

And, whereas, it hath been further represented unto us that, in the course of the Operations which ensued, in the years 1852 and 1853, Booty consisting of Bells, Timber, Bullion, and other effects, was captured by the said combined Forces, and that the proceeds arising from the sale of the said Booty amount to three hundred and forty thousand, three hundred and sixteen Rupees, nine annas, and three pie, and whereas our said Commissioners have recommended unto us to grant the said sum of three hundred and forty thousand, three hundred and sixteen Rupees, nine annas, and three pie, to our said Naval Forces, and to the said Naval Forces then in the service of the said East India Company, and to the said Land Forces in proportion to the numbers of the men belonging to each of the said Forces, without reference to rank, who were employed and took part in the said Expedition, and that the proportion to be so granted unto our said Naval Forces be divided in such manner and proportions as are usual in our Navy for the distribution of Prizes, and that the proportions to be so granted respectively unto the said Naval Forces then in the service of the said East India Company, and to the said Land Forces be divided in such manner and proportions as were usual for the distribution of Booty and Prizes in India at the time of the said Expedition

And, whereas, we have been graciously pleased to consent thereto.

Our will and pleasure is, and we hereby authorize and require you to pay to the account of our Pay Master General at the Bank of England on account of Naval Prizes the sum in Sterling which, at the rate of Exchange in force at the time of payment for the settlement of pecuniary transactions between our Imperial Government and our Government of India, will amount to the proportion of the said sum, which, according to the terms of this our Grant, will be payable to our said Naval Force, to be distributed under the directions of our Commissioners for executing the Office of Lord High Admiral for the time being, to and amongst the Officers and Men composing our said Naval Forces, who were employed and took part in the said Expedition in such manner and proportions as are usual in our Navy for the distribution of Prizes. And we further hereby authorize and require you, or such person or persons as may be appointed by you for that purpose, to distribute the remaining portions of the said sum to and amongst the Officers and Men composing the Naval Forces then in the service of the said East India Company and the said Land Forces who were employed and took part in the said Expedition, in such manner and proportions as were usual for the distribution of Booty and Prize in India at the time of the said Expedition; and we do further authorize you to determine any doubt which may arise in respect to the distribution of the proportions of the said sum hereby granted respectively to the said Naval Forces of the said East India Company and the

said Land Forces, subject to the condition that such determination be duly notified in writing to the Commissioners of our Treasury for the time being, and the same shall be final and conclusive to all intents and purposes unless within three months after the receipt thereof at the Office of our said Commissioners. We shall be pleased otherwise to order, thereby reserving to ourselves to make such order, thereon as to us shall seem fit, and for so doing this shall be to you and all others herein concerned a sufficient Warrant. Given at our Court at Balmoral, this Twelfth day of September 1860, and in the 23rd year of our Reign.

No. 143 of 1861.—His Excellency the Governor General in Council is pleased to direct the publication of the following Royal Warrant, authorizing the distribution of the Property taken by the Delhi Field Force at the Capture of Delhi, and the subsequent Operations :—

(Signed) VICTORIA R.

19,063 7/12.

Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. To all to whom these presents shall come ; Greeting. Whereas it has been represented unto us by the Commissioners of our Treasury that, on the 12th of May, one thousand eight hundred and fifty seven, an Insurrection broke out in the City of Delhi in the East Indies. That the Indian Garrison, and the Inhabitants, joined the mutinous Indian Troops which arrived there from Meerut, and made an Insurrection and Rebellion, and levied War against us and our authority, and forcibly took possession of the said City of Delhi, and its Dependencies. That a Force, for the coercion of the said Insurgents and Mutineers, and for the capture of the said City and its Dependencies, was immediately organized by the then Commander-in-Chief of our Forces in India, composed of our Troops, and of European and Indian Troops of the East India Company ; which operated against and besieged the said City and its Dependencies. That on the 14th day of September, one thousand eight hundred and fifty seven, the said Troops, then under the Command of Brigadier General Wilson, (now Major General Sir Archdale Wilson, Baronet, Knight Commander of the Most Hon'ble Military Order of the Bath,) took, by assault and storm, the said City and the Dependencies thereof, and especially the Fort of Jhujjur, (then held by the Chief Jhujjur), which were subsequently occupied by the said Troops. That Booty, consisting amongst other things of Crown and other Jewels, Coin, Shawls, Arms, Elephants, Horses, Ordnance, and other property, was then captured in the said City and its Dependencies, and in the said Fort of Jhujjur, which has been since duly sold, and the sale proceeds of which have been realized by the Prize Agents employed for collecting, selling, and realizing the said booty ; or have been otherwise realized, or are about to be realized, amounting, or computed to amount to the sum of thirty-five lacs, forty-seven thousand, nine hundred and seventeen rupees, six annas, and eight pie, or thereabouts ; and whereas the sum of eighty-six thousand and seven hundred and four rupees, a portion of the said sum of thirty-five lacs, forty-seven thousand and nine hundred and seventeen rupees, six annas, and eight pie, has been claimed by an Inhabitant of Delhi, in respect of property taken from him by the Prize Agents, which sum it is expedient, at present, to withhold from distribution, leaving the sum of thirty-four lacs. sixty-one thousand and two hundred and thirteen rupees, six annas and eight pie, now to be distributed. And whereas it has also been represented unto us, by the said Commissioners of our Treasury, that four General Officers, *videlicet:* Major General Sir Henry Bernard, Knight Commander of the Most Honorable Order of the Bath (since deceased) ; Major General Reed, Companion of the Most Honorable Order of the Bath, now Lieutenant General Reed ; the said Major General Sir Archdale Wilson, Baronet, Knight Commander of the Most Honorable Military Order of the Bath ; and Major General Penny (since deceased) held, for various periods chief Command of the Forces so operating against and besieging and taking the said City of Delhi and its Dependencies and the said Fort of Jhujjur, and whereas the said Commissioners of our Treasury have recommended unto us to grant the said Booty, and the proceeds thereof, for the use of the Commanders, Officers, and Men belonging to the Forces engaged in the said Operations against the said City and its Dependencies, and the said Fort, in consideration of their gallant and meritorious services, which Operations began with the action at Ghazee-ood-deen Nuggur on the thirtieth day of May, one thousand eight hundred and fifty-seven, and ended with the capturing, or taking possession of, the said Fort of Jhujjur, and to give such directions as to the appropriation and distribution thereof, as to us should seem fit, to which we are graciously pleased to condescend now. That afterwards a Force, composed of our Naval and Military Forces, and of European and Indian Troops of the East India Company, was employed against the Rebels, under the personal Command of our then Commander-in-Chief of our Forces in India, General Sir Colin Campbell, Knight, Grand Cross of the Most Honorable Military Order of the Bath, now Colin, Baron Clyde of Lucknow, and that on the sixteenth of March, one thousand eight hundred and fifty-eight, the said City of Lucknow and its Dependencies was taken by assault; and booty, consisting of gold, jewels, shawls, dresses, and other property, was captured therein, the sale proceeds of which have been realized by the Prize Agents employed for collecting, selling, and realizing the said booty, or have been otherwise realized, amounting to, or computed to amount to, the sum of fourteen lacs, seventy-one thousand, nine hundred and six Rupees, six annas, eleven pie. No. 22.—With the approval of Government, the Provincial Commander-in-Chief directs the publication of the following subsidiary instructions for the carrying out of the order of His Excellency the Governor General of India, for the reduction of the Force in the Pegu Division, published in G. O. G. No. 50, dated 15th February 1861.

1. The Officer Commanding the Pegu Division will communicate with the Officer Commanding Thyetmyo on the subject of paragraph 5 of the Governor General's Order, and will horse the Battery at that Station with the best Artillery Horses in the Division. He will further attach thereto, thirty per cent. of the Establishment as Supernumeraries, being the estimated number of Casualties in Burmah for two years. He will then allot a sufficient number of the remaining Artillery Horses to the Mountain Guns at Tonghoo. The rest of the Artillery Horses in the Division will be made over to the local Commissariat Officers to be disposed of on account of Government, in such manner as may be deemed most advantageous to the State. The Proceedings of Committees which will be convened for the purpose of examining and allotting the Horses as above, are to be forwarded to the Adjutant General of the Army.

2. Adverting to paragraph 8, it has been decided by Government that the three Line Corps to remain in Pegu are the 2nd, 11th and 33rd Native Infantry. The Officer Commanding the Pegu Division will convene Committees accordingly for the purpose of examining such men of the Regiments about to be withdrawn* as may volunteer for transfer to the three Corps above mentioned, and attach to them all who are pronounced by a Committee to be "healthy and efficient Soldiers" to such extent as will not increase the strength in Privates *at Regimental Head Quarters* beyond 800 each.

* *Note.—Should the 32nd Regiment Native Infantry be ordered to relieve the 22nd Regiment Native Infantry at Penang, instead of returning to India, in regard to which orders will be passed hereafter, the former Regiment is not to be called upon by the Officer Commanding the Pegu Division to furnish Volunteers for the Corps remaining in Burmah.*

3. The latest Returns of these three Corps shew that in the aggregate they are only ninety Privates short of the complement of 800 each. In order therefore to make room for Volunteers from other Regiments and that there may be *a present strength of* 800 *efficient Privates with each Corps of the Line in Burmah*, the Officer Commanding Centre Division will issue the necessary orders for all aged and weakly men of these three Corps now at the Native Infantry Depôt being brought before Medical Invaliding Committees: and the Officer Commanding Pegu Division will adopt a similar course in regard to the unfits present with those Regiments. The Proceedings of the Medical Invaliding Committees to be forwarded to Army Head Quarters as usual: but in anticipation of their receipt, Nominal Rolls of all men pronounced unfit for further service are to be sent in to the Adjutant General of the Army, in order to their immediate disposal.

4. In calling for Volunteers, the Officer Commanding Pegu Division will take steps to ensure the men being made aware of the privilege accorded to them of having their families sent over from India at once at the Government expense should they desire it: also of the option that will be given them of rejoining their former Corps on the withdrawal from Pegu of the Regiment to which they may now be removed. The preference that will be given them of volunteering for Local Service in the Province of Pegu in the event of Local Corps being raised hereafter is likewise to be explained to them. They will of course have the benefit of their former service both in respect of Good Conduct Pay and Pension.

5. Nominal Rolls of approved Volunteers are to be forwarded to the Adjutant General of the Army. The Officer Commanding the Pegu Division will fix the date for their being struck off their present Regiments, and report the same to Army Head Quarters in order to its being specified in the General Order making the transfers.

6. The Establishment of the 2nd, 11th and 33rd Regiments Native Infantry will, from the 1st May next, be in accordance with that fixed by G. O. C. C. 26th October 1860, No. 108. All ranks in excess are to be borne as Supernumeraries until absorbed: but consequent on the 200 additional Privates now temporarily sanctioned, one Supernumerary Havildar and Naigue is allowed for each Company so long as this arrangement may continue.

7. *Special* Committees need not be convened for the purpose of absorbing the Supernumeraries in the grades of Native Commissioned Officers, Havildars, Naigues, Drummers, Puckallies and Lascars. Promotions to the three former ranks will be made at the rate of one for every two Casualties—one Supernumerary Recruit or Pension Boy will be absorbed for every two vacancies occurring in those grades respectively.

8. Consequent on the abolition of the Ordnance Depôts at Moulmein, Shoay Gheen and Bassein, and reductions in the Ordnance Establishments at Meaday, Tonghoo and Rangoon, the following arrangements will be made.

I. The whole of the Establishments of the Depôts abolished will join the Arsenal at Rangoon, under arrangements to be made by the Ordnance Officer Pegu, through the General Officer Commanding the Division, and there await final orders, for their disposal from the Acting Inspector General of Ordnance and Magazines.

II. All Lascars in excess of the revised strength of the Depôts at Thyetmew and Tonghoo, as also the whole of the Native Artificers at both these Depôts, will join the Arsenal at Rangoon; those Lascars who have completed three years' service in Burmah, will be withdrawn from the two Depôts in question.

III. The reductions to be effected in the Rangoon Arsenal, will be carried out under instructions from the Acting Inspector General of Ordnance and Magazines.

IV. The Ordnance Depôt at Meaday having been transferred to Thyetmew, it will be prepared to move under instructions from the General Officer Commanding the Division.

V. Consequent on the abolition of the Ordnance Depôt at Moulmein, provision will be made, by the Native Infantry Regiment at that Station, for retaining in the local Magazine under Regimental charge 500 rounds of Ammunition per man, with a full proportion of the necessary petty Stores.

VI. All Ordnance and Ordnance Stores in excess of the proper allotments, will be withdrawn to Rangoon under instructions from the Officer Commanding Pegu Division.

9. Consequent on the withdrawal of Regiments from the Pegu Division, the Commissioned, Warrant and Non-Commissioned Officers of the Commissariat Department to be kept at the four Military Stations where Troops are to be located, will be as follows:—

	Rangoon.	Thyetmew.	Tonghoo.	Moulmein.

No. 44.

The following letter is published for general information:—

No. 1929.

FROM C. H. LUSHINGTON, ESQ., *Secretary to the Government of India,*
TO THE MILITARY FINANCE DEPARTMENT.

Fort William, the 26th February 1861.

FINANCIAL DEPARTMENT.

GENTLEMEN,—I AM directed to acknowledge the receipt of your President's letter, No. 69*a*, of the 9th instant, and in connection with what is stated in the 2nd paragraph to observe that, if you refer to the Estimates furnished to this Department by the Accountant-General to the Government of India and the Accountant to the Government Punjab, you are in error in supposing that the Punjab Force has been twice charged.

2. It is true that the expenditure on account of that Force was entered, with the rest of the Military Expenditure of the Bengal Presidency, in the Estimates furnished by the Military Auditor General to the Accountant-General to the Government of India; but you do not seem to be aware that the said expenditure, *being debitable to the Civil Department*, has always been struck out of the Return of Military Expenditure (properly so called), of the Bengal Presidency, sent by the Accountant-General to my Department, and that an Abstract of the said expenditure has been communicated by him to the Accountant of the Punjab for amalgamation with the Punjab Returns.

3. I am further desired to observe, with reference to the 5th paragraph of your letter, that you are mistaken in supposing that any error was committed in calling upon you to forward to the Accountant of the Punjab the Estimates of Military Expenditure of the Punjab Frontier Force; such being the course intended in paragraph 51 of the Report of the Budget and Audit Committee, No. 6, of the 27th October 1860.

4. But it appears to His Excellency in Council, on further consideration of the subject, that the course prescribed in that paragraph admits of some modification. The Punjab and all similar Local Corps under Local Governments, or the Government of India, are, he observes, to all intents and purposes part of our Regular Army, and it is important that their cost should not be shewn as a separate local charge, or under any head of Civil Expenditure, but in one uniform view of the Military Expenditure of India.

5. Any classification of Military Expenditure for statistical information can, moreover, be done better at Calcutta than Lahore, and the Punjab ought to be debited in any real account of its profit or loss with the cost of its European or Native Regiments of the Bengal Army, just as much as with its Local Frontier Force.

6. This His Excellency in Council thinks was clearly the meaning of the Order of the 6th July 1860; and the practical working ought, he considers, to be as follows:—

I. The Military Finance Department should prepare the Forms in which the Estimates of all Military Expenditure, whether General or Local, ought to be returned, for the sake of clearness and uniformity, and these Forms should be communicated by them to the parties who have to make the Returns, for their guidance.

II. Where there is a separate Army, with a separate Establishment of its own for Account and Audit, as at Madras and Bombay, the Controller of Military Finance, under the orders of the Military Finance Department, frames the Estimates or collects them from the Local Officers, (whose business it is to fill their portion, in as far as possible, from actual data) and forwards them to the Local Deputy Auditor General, for incorporation in the General Estimate of the Local Government, who will exercise their own judgment and responsibility in revising and reducing such Estimate before submitting it finally to the Supreme Government. In order to save time, the Military Finance Department will of course be at liberty to call upon their Controllers to furnish them with copies of Military Estimates at any stage of their preparation, without waiting for their revision by the Local Governments.

III. In those divisions of the Empire where there is no separate local establishment for Military Account and Audit, and the work is now done at Calcutta, the Local Estimates should all be forwarded under the orders of Military Finance Department, whether they relate to Forces forming part of the Bengal Army, or to Forces under the Local Government; or when all the materials *exist* in Calcutta, the Military Finance Department may at once frame these Estimates.

IV. The Military Finance Department will revise all these Estimates, whether sent to them direct or through the Local Governments, and report on them to the Supreme Government, who, after weighing the recommendations of the Military Finance Department, and any arguments which may be urged by the Local Governments, will finally decide and settle the Estimates.

To save time, the Military Finance Department should, as soon as they have settled the revised Estimate which they propose to submit to the Supreme Government, send a copy of it to the Local Government affected, simply for information. There should be no discussion upon it between the Local Government and the Military Finance Department; the Local Governments corresponding directly with the Supreme Governments upon any points in which they differ from the Estimates of the Military Finance Department.

V. The Military Estimates of each Government or Province being thus settled, the Accounts of all that is Military Expenditure, whether for General or Local Force, should be kept by the Military Finance Department, and audited by the Military Auditor.

7. In fact, for purposes of Account and Audit, a Local Force, like the Punjab Frontier Force, should be treated as if it were a division of the Bengal Army lent for special service to the Government of India, and by them placed under the direct control of the Government of the Punjab, and not as if it were a Police Force forming part of the separate or Civil Budget of the Punjab.

8. This, it will be understood, does not affect the question of the constitution or control of the Corps; but, as a matter of Audit and Account, no Local Corps should be withdrawn from exactly the same central supervision as the Regular Army, and no Province should be allowed to make a separate Budget of its own on the fallacious principle of including part, and not all of its Military Charge.

By order of His Excellency the Governor General in Council.

* *Military Department, the 29th January* 1861.

Resolution.—The Honorable the President in Council entirely concurs in the principle advocated by the Military Finance Commission, viz., that regular Soldiers should not be employed on duties of mere watchmen, and is of opinion that the enforcement of this rule should be commenced at once at every Military Station throughout India.

His Excellency the Commander in Chief should be requested to issue the necessary orders to the Military Authority (in each District) or Officer Commanding at each Station, to take measures at the earliest possible period to relieve every Military Guard in Cantonments, excepting those required for purely Military purposes, and for which not mere watchmen but disciplined Military Sentries are, on purely Military Grounds, considered necessary; and to arrange with the Civil Authorities for the substitution of Police Guards, the Departments (whether Commissariat Public Works, or other), requiring such special Police Guard, having to pay for the same, or being debited with the expense, a Bill for which should in every case be sent in for countersignature Monthly to the Head of the Department requiring the Watchmen, in the same manner as has been lately directed in the case of expenditure incurred in the Commissariat Department on account of other Departments.

Nos. 993 Govt. of Madras.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 26th February 1861.

No. 146 of 1861.—The Native Regiments which have returned from service in China will revert to the same footing in respect to Establishments and Allowances as they were on before they proceeded on service.

The Governor General has already, in General Orders of the 17th January, commended the exemplary conduct of the Native Troops in China, but His Excellency in Council cannot allow the young Officers, who are now separated from the Regiments with which they have been so honorably connected, to leave without carrying with them the expression of the high sense he entertains of their zealous services and good conduct.

No. **102** of 1861.—The following addition will be made to Clause VII of the Revised Regulations for the Quarter Master General's Department, entitled "PASSAGES," published in G. O. G. 26th January 1857, No. 197.

FORT ST. GEORGE, 22ND MARCH 1861.

No. **103** of 1861.—In directing the publication in General Orders, of the following Minute by the Right Honorable the Governor General of India, relative to the resignation of Lieutenant General Sir Patrick Grant, K.C.B., of the Office of Commander-in-Chief of the Madras Army—His Excellency the Governor in Council has much gratification in adding the expression of the high sense entertained by this Government, of the valuable services rendered by Sir Patrick Grant, during the entire period of his connection with it.

Minute by the Right Honorable the Governor General.

A letter has just been received from the Government of Madras, announcing that His Excellency Lieutenant General Sir Patrick Grant proposes to resign the Command of the Madras Army, and to proceed to England by the first Steamer in March.

Sir Patrick Grant's duties, during the time that I have held the Government of India, have not been confined to the Madras Presidency, but have, upon one memorable occasion, brought him into direct and most intimate relation with the Supreme Government in Calcutta; and as the services which, by his ripe professional experience and his thorough knowledge of Bengal and of its Army, he was enabled to render to India, at that critical time, were very great, I am desirous that Sir Patrick Grant should not lay down his Command without a distinct and cordial acknowledgment of those services being placed on the records of the Supreme Government. The assistance which the Government of India received from him, from the time when, in June 1857, it called upon him to assume the Command vacant by General Anson's death, to the time of Lord Clyde's arrival in India, will not be forgotten by any Member of that Government.

I do not speak of Sir Patrick Grant's discharge of his subsequent duties after his return to Madras, for these of course were not performed under the eye of the Governor General; but I cannot forbear to say that the earliest, judicious, and successful exertions made by him, in common with his colleagues, to reduce the Military expenditure of that Presidency, entitle him to the best thanks of the Governor General in Council.

FORT ST. GEORGE, 22ND MARCH 1861.

No. **108** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are republished :—

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 5th March 1861.

No. 172 of 1861.—The following Resolution is published for general information and guidance :—

Military Department, 5th March 1861.

RESOLUTION.—His Excellency the Governor General in Council has had under his consideration the letters and reports in which the Military Finance Commission discuss the question as to the number of Horses which it is necessary to keep up for the permanent Establishment of the Mounted Corps of the Army.

Owing to the number of men who are in Hospital, or on duty which does not allow them to turn out on Parade, or who are otherwise incapacitated from attendance, the number of Horses required to mount every available man in a Dragoon Regiment is always considerably below the number of men borne as effective on the Returns, and, if a Regiment has to proceed on active service, the difference is of course increased when there are large numbers of Horses supernumerary to the actual requirements of the Regiment and requiring attendance in Stables.

For this reason, as well as from considerations of economy, the proportion of Horses allowed to a mounted Corps in England is always considerably below the effective strength of the men. The reasons which have of late years rendered it necessary to import Horses in unusually large numbers no longer exist. The ordinary sources of supply are amply sufficient for the ordinary wants of the Indian Army, and His Excellency the Governor General in Council has therefore resolved that a similar rule to that which obtains in England shall be acted on in India with regard to the proportion of Horses to men allowed to all Mounted Branches of the Service.

It appears that some months ago His Excellency Lieutenant-General Sir William Mansfield, with the concurrence of the Government of Bombay, ordered the Establishment of Horses for European Cavalry in that Presidency to be reduced to 10 per cent. below the effective strength of the men as an experimental measure. His Excellency the Governor General in Council has lately had the results of this experiment before him, and finds that the Reports of Lieutenant-Colonel Shute, Commanding Her Majesty's 6th Inniskilling Dragoons, and Lieutenant-Colonel Seagar, Commanding Her Majesty's 8th Hussars, two experienced Officers of Her Majesty's Service, are so entirely favorable as to the results of the experiment in their respective Regiments, that His Excellency the Commander in Chief at Bombay has recommended a still further reduction, and that the proportion of Horses be in future fixed at 15 per cent. below the effective strength of men in every Mounted Corps, whether European or Native Cavalry.

His Excellency the Governor General in Council has resolved that this proportion be fixed for the future, as the established strength of Horses in time of peace in the Cavalry of the Regular Service, whether European or Native, in India, with this further restriction that, whatever the effective strength of men, the total strength of Horses shall not exceed 500 Horses per Regiment of British Cavalry, 175 per Troop of Horse Artillery, and 120 per Battery of Royal Artillery, and 105 per Battery of Indian Artillery.

His Excellency the Commander in Chief in India, and the Governments of Madras and Bombay, will be requested to carry out the reduction to the extent proposed by weeding out and disposing of the least efficient Horses, corresponding reductions being also made in the number of Syces and other Attendants.

Adjutant General.
Quarter Master-General.
Commissary General.
Superintendent of Studs.
Military Finance Department.

ORDERED that copies of this Resolution be sent to the Governments of Madras and Bombay for information and guidance, and to the Departments noted in the margin.

The Military Finance Department will call for Returns showing the total number of Horses fit for duty at present kept up with all Mounted Corps and at the various Stud Depôts and Remount Agencies, how many will be reduced under the present orders, and what arrangements will require to be made for an adequate provision of Horses to supply probable casualties during the next two years.

No. 183 of 1861.—His Excellency the Governor General in Council is pleased to direct the publication for general information of the following resolution :—

RESOLUTION.—With the view to dispose, as soon as practicable, of the arrears of business existing in many Offices, His Excellency the Governor General in Council is pleased to direct that all Offices in which there may be arrears shall be divided into two branches, one to be specially devoted to the bringing up of arrears, and the other to the performance of current work.

The arrears and current branches will be formed by the separation of the present fixed Establishment, together with any temporary Establishment now authorized, into two bodies, each of which is to have a fair proportion of the more experienced Clerks.

The Head of each Office will then make a careful review of the amount of arrears to be disposed of, and form an estimate of the time in which such arrears may be cleared off with the the Establishment at his command. He will also state what additional Establishment will, in his opinion, be necessary to enable the arrears to be cleared off by the close of the Current Official year.

Should the Establishment allotted to the current branch not be considered adequate to keep all business current, an estimate of the extra Establishment necessary to perform the duty is also to be submitted.

Each application is to be accompanied by a Tabular Statement, showing the portion of the present Establishment, with rates of pay to be allotted to each branch, and the number of additional hands with the rate of pay proposed for each.

No increase will be permitted to the salaries of the existing Establishments, but Heads of Offices may announce to the permanent Establishments that on the completion of the work in a satisfactory manner within the time specified above, those Members who have distinguished themselves by their zeal, energy, and devotion, will be recommended for special reward or for permanent advancement, and that a revision of the Office rates of salaries will be made so as to improve the position of individuals and encourage the deserving.

Whenever practicable the arrears branch of all large Offices will be placed under a separate Officer acting independently of the Officer in charge of the current duties.

Fort William, the 8th March 1861.

The Commander in Chief has much pleasure in publishing the following Extract of Orders issued by the Officer Commanding the British Forces in China.

Head Quarters, Shanghai, 14th January 1861.

His Excellency the Commander of the Forces has received Her Majesty's Commands to express to the Troops in China her admiration of the gallantry and discipline which have been signally displayed by them in the operations which terminated in the fall of the Taku Forts.

The Queen deeply deplores the inevitable loss incidental to the achievement of this great success.

To the relatives of those who have fallen, Her Majesty offers her heartfelt sympathy, and the expression, not only of her own sorrow, but that of her people, for their bereavement.

For the wounded she feels the deepest concern, and she trusts that they may be soon restored to the ranks in which they have so nobly fought.

To the Generals of Divisions, Brigadiers, and to all the Officers and Men engaged, Her Majesty tenders her warm and heartfelt thanks.

The Commander of the Forces congratulates the Army on these expressions of Her Majesty's sympathy, and on the gracious manner in which she has been pleased to denote her satisfaction with their conduct a further proof of the regard which the Queen has always evinced for her Troops.

Referring to my Despatches dated 30th September 1859 and 31st July last, No. 287, on the subject of the promotion of young Officers on the General List, I have to inform you that it has been determined, on further consideration, that the Senior Cornet or Ensign on such List is to be entitled to promotion to the Rank of Lieutenant on the occurrence of a vacancy, on completion of one year's service, reckoning from the date of his first Commission in lieu of from the dates fixed in those Despatches. This will provide for the cases of those Cadets also who, from having been appointed after a certain date, rank under existing rules after the Cadets leaving Addiscombe, although they may have embarked for India previously to the Addiscombe Cadets ; and prevent the supersession of a Cadet who may be compelled to return to Europe by illness previous to the completion of the year's service.

No. **122** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are republished.

General Orders by His Excellency the Governor General of India in Council.

Fort William, the 19th March 1861.

No. 247 of 1861.—Resolution.—In the letters noted in the margin, the Military Finance Commission submitted to Government several arrangements respecting the organization of the moveable Columns.

Military Finance Commission, No. 2153, dated 10th August 1860.
Ditto No. 2469, dated 14th September 1860, paras. 30-35.

In paragraphs 18 to 23 of the letter from the Military Department, to the Adjutant-General of the Army, No. 782, of the 18th October 1860, annexed to this Resolution, Government expressed its concurrence generally in the views of the Commission, and in paragraphs 20 and 21 enjoined arrangements by which the greater efficiency of the moveable Columns was insured.

It is now resolved to carry into effect the several arrangements proposed, and it is accordingly directed that the strength and composition of the Columns in the three Presidencies shall, for the present, be organized as follows :—

Bengal.

9 Batteries of Artillery Field Pieces..54			
9 Battalions of European Infantry....7,650	Non-Commissioned Rank and File.		
6 Squadrons of European Cavalry 840	ditto	ditto.	
12 Battalions Native Infantry.....8,400	ditto	ditto.	
6 Squadrons Native Cavalry..... 780	ditto	ditto.	

with seven days' supplies of all kinds for Europeans, and two days rations, &c., for Native Ranks as well as Horses; together with spare ammunition at sixty rounds per man for Infantry, and twenty rounds for Cavalry; sick carriage, &c., being provided at 5 per cent. of the above strength.

MADRAS AND BOMBAY.

The total strength of the moveable Columns at both these Presidencies is not, together, to exceed one-third of the strength fixed for the Bengal Presidency; but with such modifications in the strength of the different Arms composing the Columns, as from local circumstances may appear necessary, supplies, ammunition, and sick carriage being in the same proportion as ordered for Bengal.

The Commander-in-Chief in India, and the Commanders-in-Chief of the Madras and Bombay Armies will, under the approval of the Government of India, and the Governments of Madras and Bombay, fix upon the Stations at which these Columns shall be kept up in the Presidencies of Bengal, Madras, and Bombay; and will likewise define the strength and composition of each Column, and the arrangements necessary, in conformity with the views of the Government of India, for keeping them in a state of efficiency and in readiness for immediate movement. The Commissary General will, in pursuance of this Resolution, take immediate measures to reduce the Establishments now maintained for moveable Columns to the scale necessary for the strength above stated, and distribute them to the Stations that His Excellency the Commander-in-Chief may fix on, as those which, from the paucity of ordinary carriage or other circumstances, most require such provision.

ORDERED, that a copy of the above Resolution be transmitted to the Governments and Authorities named in the margin, for information, with a request that the reductions may be promptly carried out, and the expenditure to be incurred for the moveable Columns under this arrangement as well as the Stations to which they are distributed, early reported; the Civil, Political, and Military conditions on which the several Columns are formed being also stated.

Government, Fort St. George.
Ditto Bombay.
Quarter-Master General of the Army.
Commissary General.
Inspector-General of Ordnance.

The Military Finance Department will issue to the Departments under its control such subsidiary orders respecting the Financial arrangements involved in the above Resolution as may be necessary, and will suggest any for which the authority of the Government of India may be required.

Extract from a letter from the Secretary to the Government of India, Military Department, to the Adjutant General of the Army, No. 782, *dated* 18*th October* 1860.

18. The letter No. 2153 of the 10th of August last, on the subject of moveable Columns, alluded to in paragraph 30, was communicated to you with my letter No. 714, of the 20th August 1860. To some extent the views of the Commander-in-Chief on the moveable Columns have been conveyed in your letter No. 1416A., of the 8th September last.

19. The Commission proceed, in paragraphs 30 to 35 inclusive, to enter particularly into the subject of moveable Columns, and the total strength at which they might be maintained in the three Presidencies. The Governor General begs to know whether the Commander-in-Chief has any objection to offer to the scheme of the Commission in regard to moveable Columns in Bengal in particular, and also in regard to those in Madras and Bombay. The Governments of those Presidencies have already been addressed on this subject, and their attention to the practicability of reducing the moveable Columns to the extent proposed by the Military Finance Commission will further be specially desired.

20. In connection with this fact of the subject, I am directed to state, for the information of the Commander-in-Chief, that it has been suggested by the Commission that, in order to enable Commanding Officers and others to become personally acquainted with the actual requirements of moveable Columns, with the arrangements for their equipments, their carriage, and the necessary supplies of all descriptions, and to ensure the active and intelligent co-operation of all the parties concerned, whether belonging to Regiments of which the Columns are composed, or to Departments employed in their equipment and march, a practice may be forthwith established of ordering out each moveable Column occasionally for the purpose of exercise, that in times of tranquillity they may become so accustomed to move, that, when required to turn out under the sudden call of duty, to quell any disturbance, every one may know his place and clearly comprehend that he has to do, and that confusion and disorder may thereby be avoided.

21. The Governor General in Council considers this to be a most useful suggestion, and one well calculated to ensure the efficiency of the moveable Columns.

22. His Excellency in Council will be prepared to sanction the expense which must attend the exercise of the moveable Columns and other incidental outlay; satisfied that the money so disbursed will far more than repay its value by the greatly increased efficiency of the available Force and the perfect readiness at all points for immediate calls of service, which will thus be acquired by the Officers and Men and the whole of the Establishments attached to moveable Columns.

23. Under this system the Cattle Establishment attached to moveable Columns will possess all the advantages of a Transport Train or Baggage Corps with this essential superiority over any such Train that Commanding Officers will have under their own constant observation the Cattle on which they are to depend, and that the instruction of the Drivers of the Cattle will proceed simultaneously with that of the Troops with which they are to be associated on service in the field.

GENERAL ORDERS

By Major General R. BUDD, Provincial Commander in Chief.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE, *3rd April* 1861.

At an European General Court Martial held at Cannanore on the 12th day of March 1861, John Hudleston, Lieutenant in the 18th Regiment of Madras Native Infantry, was arraigned on the following charges, viz. :—

Charge.—For conduct unbecoming the character of an Officer and a Gentleman and to the prejudice of of good order and Military Discipline in the following instances.

First Instance.—In having at Cannanore on the evening of the 24th day of December 1860, appeared at an entertainment given by Surgeon Major Barclay, in a state of intoxication.

Second Instance.—In having at the same place and on the evening of the same day appeared at the Regimental Mess House and Billiard Room of his Regiment in a state of intoxication.

Third Instance.—In having at the same time and place mentioned in the second instance on being told in the Billiard Room by Ensign Whilly that Captain Hight had informed him that he had been obliged to desire him (the said Lieutenant John Hudleston.) to leave Surgeon Major Barclay's house, replied "if Captain Hight told you so, he is a bloody liar," or words to the same effect.

Additional Charge.—For having at Cannanore between the 14th and 16th days of February 1861, when under arrest broken it by absenting himself from his quarters and residing in the quarters occupied by Ensign Aylmer Charles Alexander Wylly and Lieutenant Alexander Chrystie, of the same regiment.

Finding.—The Court on the evidence before it, and what has been stated in defence, is of opinion, that the Prisoner John Hudleston, Lieutenant in the 18th Regiment of Madras Native Infantry, is

Guilty of the Preamble to the Charge.
Not Guilty of the First Instance of the Charge.
Not Guilty of the Second Instance of the Charge.
Guilty of the Third Instance of the Charge.
Guilty of the Additional Charge.

Sentence.—The Court sentence the Prisoner John Hudleston Lieutenant in the 18th Regiment of Madras Native Infantry to be Cashiered.

Cannanore, the 18th day of March 1861.

Recommendation of the Court.—The Court having performed its painful duty in awarding a punishment commensurate with the serious Charge of which it has convicted the Prisoner and the only one allowed by the Articles of War, do now most respectfully beg leave to recommend the Prisoner to the merciful consideration of the Provincial Commander-in-Chief in consequence of his youth; (being only nineteen years of age) inexperience previous history, and the fact of his having as regards the Third Instance of the Charge, as soon as he was sensible of the offence he had committed, made all the amends in his power.

Cannanore, the 18th day of March 1861.

Approved and Confirmed; but believing the contrition evinced by the Prisoner to be genuine, and giving due weight to some palliating circumstances, I willingly accept the recommendation of the Court in his favor, Lieutenant Hudleston is to be released from his arrest and directed to return to his duty.

Ootacamund, 30th March 1861.

TO THE SECRETARY TO GOVERNMENT OF FORT ST. GEORGE,

,, ,, ,, PUNJAB,
TO THE CHIEF COMMISSIONER OF OUDE.

Dated Fort William, the 10th September 1860.

HOME DEPARTMENT.

SIR,—His Excellency the Governor General in Council having observed that a disposition to form Volunteer Rifle Corps has been manifested at some of the Stations in the Upper Provinces of this Presidency, is desirous that no useful aid which the Government of India can conveniently give in furtherance of this object should be wanting. His Excellency in Council thinks it advisable therefore that the should be in possession of the general views of the Government of India upon the subject, in order that any enquiries which may be addressed to the may at once be answered.

2. His Excellency in Council is of opinion that where the formation of a Rifle Club, and of nothing more, is desired by the community, and where no discipline is sought to be acquired, it will probably be most agreeable to those concerned that the whole of the arrangements should be left in their own hands, without any action on the part of Government, and I am directed to suggest to the the adoption of this course in such cases.

3. When the formation of an organized and partially drilled Corps is contemplated at any Presidency Town or Station, the Government of India will be prepared to aid the object in the following manner:

A Rifle and Bayonet, with the proper Accoutrements, will be issued to each member on the following conditions :—

1*st.*—That as a general rule, but subject to special exceptions, the Corps shall consist of not less than fifty enrolled members.

2*nd.*—That the Rules and Regulations for the government of the Corps be drawn up by its members, but submitted to and approved by the Executive Government or Authority.

3*rd.*—That the drill shall be conducted regularly according to such rules as the Executive Government or Authority may approve, under a Drill Instructor appointed and paid by the Government.

4*th.*—That the Commanding Officer, though chosen, like all other Officers, by the Corps, shall be approved by the Executive Government or Authority before any issue of Arms shall take place; and that he shall be personally responsible to the Government for the safe custody and good condition of the Arms issued to his Corps, the expense of keeping the Arms in repair being borne by the funds of the Corps.

5*th.*—That beyond a certain amount of practice ammunition, which will be determined hereafter and issued from the Government Magazines free of cost, all further ammunition shall be paid for at cost price.

6*th.*—That the members of each Corps shall choose and provide themselves with such Uniform as they think suitable.

7*th.*—That upon any enrolled member quitting the Corps, or ceasing to reside in the neighbourhood of the Presidency Town or Station at which it is formed, his Arms and Accoutrements shall be returned to the Government store before being re-issued to any new member.

8*th.*—That the Corps shall be subject to periodical inspection by an Officer named by the Government.

9*th.*—That no Officer or Non-Commissioned Officer of the Army shall be eligible for enrolment in the Corps in any rank, unless he shall be holding a Civil appointment and shall have no connection at the time with Military duties of any kind whatsoever.

4. I am to add that it is probable that with the approval of His Excellency the Commander-in-Chief, and under such Regulations as he may see fit to prescribe, the use of the Government practising ground and targets may be allowed to any duly organized Volunteer Rifle Corps that may apply for such permission.

5. Lastly, I am directed to state that if any further Regulations or conditions for the formation of Volunteer Rifle Corps should be found to be desirable, they will be framed upon the basis of the War Office Circulars of July 1859, and of February and March 1860, with such modifications as may render them suitable for application in India.

No. 712.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Home Department, under date the 18th March 1861.

READ Despatch from the Secretary of State in the Public Department, No. 159, dated the 30th November 1860, on the subject of the formation of Volunteer Rifle Corps in India.

In this Despatch the Secretary of State directs attention to the necessity of some rule for regulating the admission of individuals into the several Volunteer Corps, and he suggests that the appointment not only of the Commandant, but of all the Officers of the Corps, should be subject to the confirmation of Government, and that the resignations of all Officers should be dependent on a similar approval.

On the first point the Governor General in Council is of opinion that it will be sufficient to direct that a list of all new members enrolled be submitted Quarterly to the Local Executive Government or Authority for approval, and that every new member shall be regarded as provisionally enrolled, pending the approval by the Local Executive Government or Authority of the list in which his name is entered.

With regard to the appointment and Resignation of Officers, His Excellency in Council is pleased to determine, in modification of the Circular letter dated the 10th of September last, that for the future the election of all Officers above those of Non-Commissioned Rank, shall be subject to the approval of, and that their appointments shall be signed by the Head of the Local Government or Administration, and that to the appointments of Commandant and Second in Command the sanction of the Governor General in Council shall be necessary.

With regard to the resignation of Officers, His Excellency in Council remarks that the present circumstances of the Volunteer Corps do not permit of any definite rule being laid down, but in any case where an Officer may absent himself for three months without leave, and without having tendered his resignation, he should be gazetted out of the Corps.

His Excellency in Council is of opinion that all appointments of Officers should be gazetted by the Executive Government or Authority, and he is pleased also to direct that the several Volunteer Corps shall be borne on the Army List, in order, according to the date on which the formation of each Corps was communicated to Government.

The above rules will be applicable to the Volunteer Corps raised in the Presidencies of Madras and Bombay, as well as to those raised in the Bengal Presidency and in the Provinces directly administered by the Government of India, with the exception of the rule which requires the sanction of the Governor General in Council to the appointments of the Commandant and the Second in Command. This rule will not apply to the Presidencies of Madras and Bombay.

ORDERED, that a copy of the Secretary of State's Despatch, and of the above Resolution, be forwarded, for the issue of the necessary orders, to the Military Department, in which Department the Governor General in Council considers it desirable that the correspondence relating to Volunteer Corps should for the future be conducted.

No. 159.

FROM THE RIGHT HONORABLE SIR C. WOOD, *Bt., M. P., Her Majesty's Secy. of State for India.*
TO HIS EXCELLENCY THE RIGHT HONORABLE EARL CANNING, *Governor General of India in Council.*

Dated London, the 30th November 1860.

PUBLIC.

MY LORD,—I have considered in Council your letter dated 12th September (No. 100) 1860, on the subject of the formation of Volunteer Rifle Corps in India, and I have, on behalf of Her Majesty's Government, to signify my entire concurrence in your opinion that it was the part of Government to respond to the disposition to form Volunteer Corps which had been manifested at certain Stations, and my general approval of the instructions addressed by you to the several Local Governments, as to the conditions on which the assistance of Government is to be afforded to the movement.

2. It will probably be found necessary to lay down more detailed Regulations on the subject hereafter; but as you have very properly directed that any such Regulations shall be framed on the basis of the War Office Circulars relating to the formation of Rifle Corps in this Country, I shall do no more than point out to you the necessity of some rule for regulating the admission of individuals into the several Corps. This point is evidently of primary importance, and I have therefore to direct that the attention of the several Governments and Local Authorities may be directed to it, in order that, whilst no distinction is made between the different classes of Her Majesty's subjects in India, care may be taken that the persons admitted shall be, in all respects, fitted for the service of Her Majesty in Corps of this description.

3. With reference to the fourth condition on which the aid of Government is to be afforded, I would suggest, for your consideration, whether the appointment, not only of the Commanding Officer, but of all the Officers of the Corps, should not be subject to the confirmation of Government, and whether the resignations of all Officers should not also, as in the case in this Country, be dependent on a similar approval.

I have, &c.

(Signed) C. WOOD.

No. **151** of 1861.—The following General Order by His Excellency the Governor General of India in Council, is republished :—

No. 332 OF 1861.

GENERAL ORDER

BY

HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, MILITARY DEPARTMENT,

The 10th April 1861.

His Excellency the Viceroy and Governor General of India in Council publishes, for general information, Her Majesty's Warrant, dated the 16th of January last, for the formation of Staff Corps in each of the Presidencies of Bengal, Madras, and Bombay, and the subjoined Despatches, recently received from Her Majesty's Secretary of State for India, announcing the Queen's gracious intentions regarding the Officers and Men of Her Majesty's Indian Forces.

2. Her Majesty's Government have laid down the general principles of this important measure; but, considering that various questions and points of detail, affecting the interests of the Army, might arise, which could be best considered in India, have entrusted the Governor General of India in Council, in communication with His Excellency the Commander-in-Chief in India, with full discretion to act as may be deemed best for the Public Service, and have authorized him to frame such orders as may be necessary to give full effect to the intentions of Her Majesty's Government.

3. The Governor General in Council has now the satisfaction of announcing, to the European Officers and Men of the Indian Forces, the conditions prescribed and the offers made to them upon their Amalgamation with Her Majesty's General Forces; whereby two Armies will be united, which severally have rendered the most signal services to their Queen and Country.

4. Her Majesty's Government have expressed an anxious desire to preserve the proud recollections of distinguished service which belong especially to the older Regiments of each Presidency, and to incorporate, with Her Majesty's Army, Corps which have so greatly contributed to the acquisition and maintenance of Her Majesty's Dominions in the East.

Despatch 28, paragraph 3.

5. In order to effect these measures, consistently with the determination which has been previously made known to the Army, that no man shall have his present terms of service altered except with his own consent, the Governor General in Council, under the authority of Her Majesty's Government, hereby offers to all Warrant Officers, Non-Commissioned Officers, and Men, without exception, belonging to the European Artillery, Infantry, and Sappers and Miners of the three Presidencies, to the European Cavalry in Bengal, including the Lahore Light Horse, to the German Soldiers of the 3rd Bombay European Regiment, and to all Men in the Depôts of the Indian Forces at Dum Dum, Barrackpore, and other Stations, the option of accepting General Service on the ordinary conditions of Soldiers enlisted for the Artillery, Infantry, and Cavalry of Her Majesty's Line Army, with a Bounty, to all who are not of Warrant Rank, at the rates to be presently stated.

NON-COMMISSIONED OFFICERS AND MEN.
Despatch 27, paragraph 11
Despatch 28, paragraphs 1, 7, 10, 19, 22, 23, 26.
Despatch 29, paragraph 10.

6. Soldiers who now volunteer will have the option of choosing whether their future Pensions shall be reckoned according to the Regulations of Her Majesty's Army or according to those of the Indian Forces. Their choice may be declared at any time within three months of the date of volunteering.

Soldiers who now volunteer will have the privilege of counting their past service towards completion of their contract service and for Pension, under whichever Regulations they may choose.

7. The Non-Commissioned Officers and Soldiers of the Artillery of each Presidency, who, under the above conditions, may be willing to transfer their services absolutely to the Royal Regiments of Artillery of Bengal, Madras, and Bombay, will be formed into new Troops and Batteries, composed of Men serving under the same conditions as those of the Royal Artillery. The Soldiers who may decline to accept the offer now made will be formed into Batteries, which will remain under their original conditions, and, as the numbers of the men diminish by casualties, the Batteries will be gradually diminished in number, and will finally disappear.

Despatch 29, paragraphs 2, 10, 12.

8. Non-Commissioned Officers and Men who have been transferred from other Corps to the Corps of Sappers and Miners, and who may now volunteer under the conditions of Her Majesty's General Service, will receive the rates of Bounty stated in paragraph 20. The acceptance of Bounty will not involve their removal from the Sappers and Miners. Those who decline to accept the offer now made may continue with that Corps on their present conditions.

Despatch 30, paragraph 14.

9. The European Cavalry will be formed into three Regiments of Light Dragoons of Her Majesty's General Army, to consist of the men who may now volunteer on the conditions of General Service, and these men will have the option of joining any one of the three Regiments of Light Dragoons to be now formed. These will be designated respectively the 19th, 20th, and 21st Regiments of Light Dragoons.

Despatch 28, paragraph 19

10. The Non-Commissioned Officers and Men of the European Cavalry and the Lahore Light Horse, who may prefer the existing conditions of Indian Service, will be placed in a Regiment of Cavalry to be formed for that purpose as a Local Regiment, with Officers selected from those who may not volunteer for Line Service.

Despatch 28, paragraphs 10, 21.

11. It is desired by Her Majesty's Government to maintain, as integral Regiments, the three oldest European Infantry Regiments of the Bengal Presidency, and all of the three Regiments of the Madras and Bombay Presidencies, and to keep the men who are now in each of those Corps, and who may volunteer for Her Majesty's General Service, in the Regiments which, when transferred to the Line, will represent those to which they now respectively belong.

Despatch 28, paragraphs 10, 11, 17, 23, 26.

12. The Men of the 4th and 6th Bengal European Regiments, and the Men of the Bengal European Infantry of the Depôt at Barrackpore, will be allowed to volunteer for any one of the three new Regiments of the Line in Bengal. The Men of the Bengal European Light Cavalry of the Depôt at Barrackpore will be allowed to volunteer for any one of the three new Regiments of the Cavalry of the Line. The Men of the Cavalry and Infantry Arm of the Depôt at Barrackpore who do not volunteer will join the Local Regiment of their Arm.

Despatch 28, paragraph 10.

13. Her Majesty having graciously determined to mark Her estimation of the services of Her Indian Armies, by conferring the designation of "Royal" upon three of the European Regiments, and by selecting for this honor one Regiment from each Presidency—the selection of which has been left by Her Majesty to the judgment and discretion of the Government of India,—the Viceroy and Governor General in Council has much gratification in announcing that the following Regiments will henceforward bear the honorable designation of "Royal" Regiments :—

The 1st Bengal Fusiliers.
The 1st Madras Fusiliers.
The 1st Bombay Fusiliers.

14. The three older Regiments in the several Presidencies will thus be converted into Regiments of Her Majesty's General Army, and will be numbered and designated as follows :—

Despatch 28, paragraphs 17, 23, 26, 29.

The 101st Regt. of Foot (Royal Bengal Fusiliers.)	The 106th Regt. of Foot (Bombay Light Infantry.)
The 102nd Regt. of Foot (Royal Madras Fusiliers.)	The 107th Regt. of Foot (Bengal Infantry.)
The 103rd Regt. of Foot (Royal Bombay Fusiliers.)	The 108th Regt. of Foot (Madras Infantry.)
The 104th Regt. of Foot (Bengal Fusiliers.)	The 109th Regt. of Foot (Bombay Infantry.)
The 105th Regt. of Foot (Madras Light Infantry.)	

15. The Corps transferred to Her Majesty's Service will retain all honorary distinctions which they have won. These will be borne on appointments and colors, or in the Army List, in such manner as Her Majesty's Government may think best suited to the Arm of the Service to which the Corps belongs.

Despatch 28, paragraphs 17, 23, 26.

16. The Non-Commissioned Officers and Men of the Infantry who may prefer the conditions of Indian Service will be placed in one or more Regiments of Infantry, to be formed as Local Regiments in each Presidency with Officers selected from those who may not volunteer for Line Service.

Despatch 28, paragraphs 10, 12, 24, 27.

17. In the Artillery, Cavalry (including the Lahore Light Horse), and Infantry of the Indian Forces, there are many Men who volunteered from Regiments of the Line. To these Men the Governor General in Council allows the option of returning to the Regiments, whether of Cavalry or Infantry, from which they volunteered, if those Regiments are now in India, or of transfer to other Regiments of British Cavalry or Infantry serving in India, or to the Regiments to be now retained of the Arm to which such men belong. The men of this class electing to be transferred to British Regiments serving in India will not receive Bounty, having received it on entering the Indian Service. To those who accept the conditions of Her Majesty's General Service now offered Bounty will be given on the same terms as to the other Men in the Indian Service. The Volunteers here alluded to will be further allowed the option of discharge, if unwilling to remain in the Service. Those who prefer the existing conditions of the Indian Service will be allowed to remain with a Local Regiment.

Despatch 28, paragraph 10
Despatch 29, paragraph 10.

18. The Non-Commissioned Officers of Artillery, of the 4th and 5th Bengal European Cavalry, and of the 4th and 6th Bengal European Infantry, who volunteer for the new Regiments of the Line, will carry their rank with them, and be Supernumeraries in the Regiments for which they volunteer, being made effective in their respective ranks as vacancies occur, in the proportion of three appointments to four vacancies.

19. To the Warrant Officers, Non-Commissioned Officers, and Men employed in the several Departments of the Army, to the Non-Commissioned Officers serving with Native Regiments, and to all other Men borne on the Unattached List in Bengal, and the Lists of Effective Supernumeraries in Madras and Bombay, the Governor General in Council offers the option of accepting the conditions of Her Majesty's General Service, according to the Arm of the Service to which they belong, with Bounty to all Men not of Warrant Rank who, under the usual conditions of Service, would be entitled to Bounty, or of remaining on the conditions of the Indian Service, if they prefer to do so.

General tenor of Despatch 28

Despatch 28, paragraph 10.

20. The rates of Bounty to be issued will be as follows:—

To men who have more than 4 years to serve from the 18th February 1861..	..Rs. 50
To men who have more than 3 and less than 4 years to serve from the same date..	.. ,, 40
To men who have more than 2 and less than 3 years to serve from the same date..	.. ,, 30
To men who have more than 1 and less than 2 years to serve from the same date..	.. ,, 20
To men who have 1 year or less to serve from the same date .	.. ,, 10

Any expense caused to a man by his transfer will be reimbursed to him. No kit, or compensation in lieu of kit, will be given.

21. The immediate issue of Bounty to men volunteering is hereby authorized, on their making the Declaration appended to this General Order before a Justice of the Peace or Magistrate.

22. The earliest measures will be taken in the three Presidencies, under the orders of their Excellencies the Commanders-in-Chief, to ascertain the wishes of the Men; and the result will be reported to the Government of India without delay. The Commander-in-Chief in India may take the necessary measures for carrying out the final arrangements for the new constitution of the European Forces of Her Majesty's Indian Army, and for the disposal of the Men who do not volunteer.

Despatch 28, paragraph 9.

23. In the execution of the measures to bring about the proposed Amalgamation, it is the intention of Her Majesty's Government that the pledge that due regard shall be paid to the rights and claims of the Officers of Her Majesty's Indian Forces shall be scrupulously adhered to.

COMMISSIONED OFFICERS.
Despatch 27, paragraph 3

24. Her Majesty has been graciously pleased to signify Her intention to give to every Officer of Her Indian Armies a Royal Commission, under the Sign Manual, conferring Rank and Command in Her Majesty's Army in any part of the world. Nominal Rolls of all the Officers of the Armies of the three Presidencies will be immediately transmitted by the several Governments of India to Her Majesty's Secretary of State for India, in order to the preparation of the new Commissions.

Despatch 31, paragraphs 2, 4.

25. In order to carry out to the full extent the plan which has been determined upon by Her Majesty's Government for the assimilation and ultimate consolidation of the Indian Regiments of Artillery with the Royal Artillery, the organization of the Indian Regiments will be as follows:—The Bengal Artillery will be formed into seven Brigades, the Madras Artillery into four Brigades, and the Bombay Artillery into three Brigades, in all fourteen Brigades, each with the strength of Officers detailed in the margin. Regimental promotions in the Artillery requisite to complete the formation of Brigades on the new organization will be made without delay, with effect from the 18th February 1861, the date of the receipt of the Despatches by the Government of India.

Despatch 29, paragraph 2, VI.

1	Colonel Commandant
2	Colonels.
4	Lieutenant-Colonels.
8	Captains
9	2nd Captains, including an Adjutant.
24	Lieutenants

26. The Officers of Artillery holding appointments in the Ordnance Department, including Superintendents of Ordnance Manufacturing Establishments, will be seconded, and the promotions consequent thereupon will be made from the same date.

Despatch 27, paragraph 9

27. Under the Royal Artillery organization the Colonel's allowance is drawn by Colonels Commandant, and of these there will be seven only under the new organization, in place of twelve who now draw Colonel's allowance in Bengal; in Madras, four in place of seven; and in Bombay, three in place of five.

Despatch 29, paragraphs 4, 5.

Eventually the assimilation will be carried out in this respect also. The five Officers who will be Supernumerary in Bengal, the three in Madras, and the two in Bombay, will continue to receive Colonel's allowance; and the necessary reduction will be gradually carried out, by promoting only three Officers to every four vacancies in the number of those receiving Colonel's allowance, until the Supernumeraries shall have been absorbed.

28. The Colonels now to be made Colonels Commandant, and the Colonels in excess of the new Establishment, who are also in receipt of the Colonel's allowance, will take Regimental Rank as Colonels Commandant from the date on which they respectively received the Colonel's allowance. All General Officers not being on the new fixed Establishment of Colonels Commandant, and not drawing Colonel's allowance, will be Supernumerary or Unattached, as at present.

29. Colonels of Artillery, under the new organization, who, not being Colonels Commandant, will not draw Colonel's allowances, will be permitted to draw in India the pay and allowances fixed for the rank of Regimental Colonel (excepting the Colonel's allowance). On Furlough they will receive the Furlough pay of Colonel, *viz.* 25 shillings a day, and they will enjoy the privileges of Regimental Colonels, in being permitted to reside in England, if not required in India, without forfeiting their position on the Effective List.

Despatch 29, paragraph 6.

30. Artillery Officers willing to serve out of India, and who may be permitted to do so, will receive Commissions in the Royal Artillery, and will draw the pay and allowances fixed by Her Majesty's Regulations for that Arm of the Service, according to the situation and locality in which they may be serving, but their promotion will continue to go on in their original Regiments.

Despatch 29, paragraph 7.

31. The existing Regiments of Artillery in the three Presidencies of India will remain distinct from each other and from the Royal Artillery, so long as any Officers now in them shall continue to be borne on their Rolls.

Despatch 29, paragraph 2, I.

32. For the Batteries formed of Men who may accept the conditions of Her Majesty's Royal Artillery, Officers will be provided from the Bengal, Madras, and Bombay Artillery Regiments respectively, and they will receive Commissions in the Royal Artillery concurrent with those which they now respectively hold in their Regiments. For the Batteries which may be formed on the conditions of the Indian Service, Officers will be provided from the same Regiments.

Despatch 29, paragraphs 10, 11.

33. No new appointments will be made to the Indian Regiments of Artillery, but hereafter, on the occurrence of vacancies in any of the three Indian Regiments, or in the Royal Artillery, appointments of young Officers will be made to the Royal Artillery.

Despatch 29, paragraph 2, II, III

34. After all the Subalterns in any of the Indian Regiments of Artillery shall have been promoted, on the occurrence of the next vacancy in the grade of Second Captain in that Corps, the Senior Subaltern of the Royal Artillery shall be promoted to that grade.

Despatch 29, paragraph 2, IV.

35. The same process will be followed in each grade successively, until all the Officers of the Indian Regiments of Artillery have been absorbed, after which the whole Corps will be Royal Artillery.

Despatch 29, paragraph 2, V.

36. The Engineer Corps of Her Majesty's Indian Forces will be immediately formed into three Battalions for Bengal, and two each for Madras and Bombay, of the following strength respectively :—

Despatch 30, paragraph 6.

1 Colonel Commandant.	8 Captains.
2 Colonels.	8 Second Captains.
5 Lieutenant-Colonels.	24 Lieutenants.

37. The promotions in the Engineer Regiments, requisite to complete the formation of Battalions on the new organization, will be made without delay, with effect from the 18th February 1861, the date of the receipt of the Despatches by the Government of India.

38. The Colonels of the Engineers who will become Supernumerary under the new organization in the three Presidencies, will receive the Regimental Rank of Colonel Commandant from the date on which they came into the receipt of the Colonel's allowance, and will continue to receive that allowance. Their number will be reduced to that fixed by the new organization, by omitting to fill up one out of every four vacancies.

Despatch 30, paragraph 8.

39. Colonels of Engineers, not being Colonels Commandant, will be in the same position as Colonels of Artillery, as described in paragraph 29 above. All General Officers not being on the new fixed Establishment of Colonels Commandant, and not drawing Colonel's allowance, will be Supernumerary or unattached, as at present.

Despatch 30, paragraph 9.

40. Officers of the Indian Engineers will receive Commissions in the Royal Engineers, but will rise by seniority in their respective Regiments.

Despatch 30, paragraph 10.

41. They will not be required to serve out of India unless at their own request, but will be eligible to serve anywhere, receiving the pay and allowances fixed for Royal Engineers in similar positions.

Despatch 30, paragraph 11.

42. The places of Engineer Officers of the Indian Service who may elect and who may be permitted to serve out of India on the above terms, will be filled up by Officers of the Royal Engineers who may be willing to undertake the several duties required from Engineer Officers in the Public Works Department.

Despatch 30, paragraph 12.

43. The Engineer Corps of the several Presidencies will continue to be, as at present, principally Corps of Officers having no European Soldiers attached to them. But Engineer Officers may be posted, as at present, as far as they can be made available, to the Corps of Native Sappers, which will be maintained on its present footing.

Despatch 30, paragraph 13.

44. All fresh appointments of young Officers will be made to the Royal Engineers, and when all the Subalterns of any of the three Indian Regiments shall have become Captains, the next vacancy in that Regiment will cause the promotion of the Senior Subaltern of Royal Engineers, and the same process will be followed in the higher grades until all the Officers of the Indian Engineers shall have disappeared.

Despatch 30, paragraph 4.

45. Officers of Engineers now in Staff employ other than appointments in the Public Works or Survey Departments ; and Officers of Artillery now in Staff employ other than appointments with Batteries of Native Artillery, or in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, will be required to exercise the option of joining the Staff Corps, or of not joining it, in the same way as Officers of Infantry or Cavalry, as hereafter explained. Officers of the Indian Artillery and Engineers now on Staff employ, who may not elect to join the Staff Corps, and Officers of the Indian Artillery and Engineers in general, will, in common with the rest of the Army, be available for any duty to which they may be appointed.

Despatch 27, paragraph 9.

46. The General Gradation List of General and other Officers of the Armies of the three Presidencies, and their promotion therein, will remain exactly as at present.

Despatch 27, paragraph 7.

47. The promotion of Field Officers of Cavalry and Infantry will go on as usual, in separate Regimental Gradation Lists of "Majors," "Lieutenant Colonels," and "Colonels :" but a gradual reduction will be made in the number of Regimental Colonels entitled to Colonel's allowance, in due proportion to the reduction in the number of Regiments.

Despatch 27, paragraph 8.

48. The extent of this reduction will be determined hereafter; but, in pursuance of the instructions given in Despatch No. 27, paragraph 8, the Governor General in Council now announces that the reduction will be commenced at once in Bengal, by promoting only three Lieutenant-Colonels for every four vacancies in the rank of Colonel regimentally, in the Cavalry and Infantry respectively. This arrangement will commence to operate from the 18th of February 1861, and will not include vacancies which occurred previous to that date.

Despatch 27, paragraph 13.

49. The course of promotion of Officers who belong to Regiments will, as heretofore, go on to the Regimental rank of Major inclusive, and that of Unposted Officers as directed in the General Orders No. 1,637 of 1859, No. 1,115 of 1860, and No. 214, 12th March 1861.*

* Madras G. O. G. No. 434 of 1859, No. 495 of 1860 and No. 113 of 1861.

50. All the Officers of Cavalry and Infantry of the Indian Forces will be placed on two General Lists of Cavalry and Infantry, respectively, for each Presidency. Those below the rank of Lieutenant-Colonel will however retain their places in the Cadres of their old Regiments, for the purpose of regulating promotion, as hereafter explained. These General Lists will be distinct from that of the Staff Corps and from the existing Gradation Lists of each Presidency, and the Gradation List of Officers of all Arms of the three Presidencies. From these two General Lists, Officers of Cavalry and Infantry will be invited to volunteer for Her Majesty's General Service, to the number required for the new Regiments of Cavalry and Infantry respectively, according as such Officers belong to either branch of the Service. Those Officers who may not be appointed to the new Regiments of Her Majesty's Line Service, or to the Staff Corps, will continue to be available, as heretofore, for their present duty, or for any other duty to which they may be appointed by Government. The General Lists will be immediately formed in the three Presidencies, and measures will be taken by the several Governments to ascertain the wishes of Officers in regard to volunteering for Her Majesty's General Service.

Despatch 27, paragraph 13.

Despatch 28, paragraphs 14, 16.

51. The Officers of the 1st, 2nd, and 3rd Bengal Cavalry will be permitted to volunteer for General Service in the three Regiments respectively representing those to which they now belong; and any vacancies that may then remain in the Cadres of Officers on the Establishment of a Dragoon Regiment, as laid down in paragraph 55, will be filled up in the 19th Light Dragoons by volunteers from the remaining Officers of the Bengal Cavalry, in the 20th and 21st Light Dragoons by volunteers from the Officers of the Madras and Bombay Cavalry respectively. In the event of vacancies still remaining in any of the three Regiments they will be filled by Officers who may volunteer, selected from the General Lists of Cavalry in the three Presidencies.

Despatch 28, paragraph 20.

52. It is necessary that the Officers of the three General Service Regiments of European Infantry, to be now formed in each of the three Presidencies, should be generally under the conditions of service of Line Officers; and it is desired that they should be taken from among the Officers of the Indian Armies, and, as far as possible, from the old Regiments, which will be respectively represented by the new.

Despatch 28, paragraph 13.

53. It is the intention of Her Majesty's Government that such of the Officers as may have belonged to the three older Local Regiments shall be appointed respectively to the new Regiments, representing those to which they belonged, and that it should be secured to them that they shall hold a position in the new Regiments as far as possible the same as that which they held in the old ones.

Despatch 28, paragraph 15.

54. Such of the German Officers now attached to the 3rd Bombay European Regiment as may desire it, will receive Commissions in their present grades in the 109th Foot.

Despatch 28, paragraph 28.

55. The new Regiments will consist of Cadres of the strength noted in the margin, exclusive of Regimental Staff. From the Officers who may volunteer for General Service the number who may be required to fill up these Cadres will be appointed by His Excellency the Commander-in-Chief in India, subject to the approval of the Government of India. These Officers will eventually receive new Commissions from Her Majesty, bearing the same dates respectively as the Commissions which they now hold.

Despatch 28, paragraphs 15, 20.

Cavalry.

1 Lieutenant-Colonel.
2 Majors.
9 Captains.
9 Lieutenants. } Including one Troop for the Depôt.
9 Cornets. }
A Colonel will hereafter be appointed to each Regiment.

Infantry.

1 Lieutenant-Colonel.
2 Majors.
12 Captains.
14 Lieutenants. } Including two Companies at the Depôt.
10 Ensigns. }
A Colonel will hereafter be appointed to each Regiment.

Despatch 28, paragraph 14, and Instructions.

56. The system of purchase, as practised in the Queen's Army, is not to be introduced into these Regiments. They will be Seniority Corps; but, in the promotion to Field Officers, the fitness and efficiency of the Officers will be taken into account.

57. The Commanding Officers of the two reduced Bengal European Cavalry and Infantry Regiments, the 4th and 5th Bengal Light Cavalry, and the 4th and 6th Bengal Infantry, are allowed to keep their Command allowances for one year, unless otherwise provided for.

Despatch 27, paragraphs 13, 14.

58. It is the intention of Her Majesty's Government that, notwithstanding the formation of the two General Lists of Cavalry and Infantry in the several Presidencies, and of the Staff Corps, the names of all Officers shall continue to be borne on the Cadres of their former Regiments. Officers joining the Staff Corps, or the new Line Regiments, will, by so doing, forego promotion in their former Cadres, and their names will continue to be borne on their former Cadres, in *italics*, only for the purpose of regulating the promotion of their Juniors; but by joining the Staff Corps, or the new Line Regiments, Officers will not prejudice their claims on the Military and Orphan Funds and to Retiring Pensions under the Indian Regulations.

Despatch 28, paragraph 14.

59. Thus the promotion of Officers who do not join the Staff Corps or the new Line Regiments will continue, as heretofore, to depend on their position in their former Cadres; and the rise of Officers in the new Regiments, and in the Staff Corps, will be entirely irrespective of their position in their former Cadres, but will depend in the one case on their promotion in their new Regiments, and in the other on their length of service.

Despatch 27, paragraphs 13, 14.

60. The same rule will apply to promotion in the Regimental Gradation List of Field Officers, on which the names of Officers transferred will be placed in the same position which they would have held had they not joined the Staff Corps or volunteered for the new Line Regiments. Thus, until the death or retirement of such Officers, their names will remain on the Rolls of the Indian Army, to regulate the promotion of their Juniors.

Despatch 27, paragraphs 13, 14.

Note.—The following illustration will shew the operation of the new system :—

Suppose A to retire from the 101st Fusiliers. Then K, the Senior Lieutenant in that Regiment becomes Captain in it, and his name is included amongst the Captains on the General List; G, a Captain in the 101st, rising one step in the gradation of the Corps ; also, I, the Senior Lieutenant in the Cadre of the old 10th Native Infantry, to which A belonged, becomes Captain, standing above K in the General List. Thus the retirement of one Officer has given two effective steps. But J, who stood before K in his former Cadre, remains a Lieutenant.

Next, suppose C to retire from the Staff Corps ; no Officer in that Corps is promoted ; but J, the Senior Lieutenant on the Cadre of the old 1st Native Infantry, to which C belonged, is promoted.

Now, suppose E to retire. Then K would be promoted (nominally) in his old Cadre, he being already a Captain in the 101st Fusiliers. Thus, in fact, E's retirement has given no effective step.

Again, suppose F to retire. Then, as he is actually only a Lieutenant on his former Cadre, he gives no step ; the only result is, that M becomes Senior Lieutenant on his old Cadre.

Lastly, suppose G to retire. Then M becomes Captain in the 101st Fusiliers and on the General List, and Q also becomes a substantive Captain on the General List.

Also note that F, an Officer of 12 years' service, by joining the Staff Corps, passed over I, his Senior in the Army and in his former Cadre.

The General List will then stand thus :—

Captains	Lieutenants
B	H
D	L
&c.	N
I	O
K	P
J	&c.
M

61. It is intended by Her Majesty's Government that the Regular Native Infantry Regiments in Bengal, Madras and Bombay, and the Regular Native Cavalry Regiments in Madras, shall eventually be Officered on the Irregular system, and therefore that the number of their European Officers shall eventually be fewer than at present. This change will be effected gradually, and each Regiment, after the change shall have been made in it, will be Officered from the General Lists and from the Staff Corps, and, as far as may be practicable, Officers will be allowed to continue to serve with the Regiments to which they have been attached.

Despatch 27, paragraphs 4, 5, 13.

62. It will be the anxious desire of the Government of India to carry out this important change with due regard to the interest and claims of all Officers now serving with the Regular Native Regiments of the Army ; and meanwhile Officers Commanding Regiments, and all Officers serving with them, will continue to draw the allowances they now receive.

63. The position and claims of the Field Officers of the Army who are now unemployed, and for whom it may be difficult to find suitable employment under the new system, are also under consideration by the Governor General in Council.

64. It is intended that the Irregular Regiments of Cavalry and Infantry in the three Presidencies shall each have six Officers, besides the Medical Officer.

Despatch 27, paragraph 4.

65. It will be observed that, in the Despatches No. 27, paragraphs 12 and 34, and No. 28, paragraph 14, it is distinctly announced that the present and prospective advantages which Officers now in the Service derive from the Military and Orphan Funds will be secured to them; and further, that the Retiring Pensions, under the Indian Regulations, will be scrupulously preserved. Officers ordered to serve out of India with their Regiments will be allowed to count such service in completion of the period required, under the Indian Regulations, for the several rates of Pension. Officers who may serve out of India under any other conditions will be allowed to count for Pension, in addition to their service in India, one year for every two years of their service out of India.

Despatch 27, paragraphs 12, 34.
Despatch 28, paragraph 14.

66. The organization and regulations of the Staff Corps to be formed in the several Presidencies are given in full detail in the Royal Warrant, and the Despatch No. 27, now published. The object of forming the Staff Corps is to supply a body of Officers for service in India, by whom various offices and appointments, hitherto held by Officers borne on the strength of the several Corps of the Indian Forces, shall in future be held; it having been resolved that the practice of withdrawing Officers for such employment, while remaining on the strength of their Regiments, be discontinued, and that, ultimately, all Officers selected for such employment be transferred to Staff Corps.

STAFF CORPS.
Royal Warrant, Clause 1.
Despatch 27, paragraph 6.

67. These Corps will be denominated the Bengal, Madras, and Bombay Staff Corps respectively, and will consist of such Officers as may be required for employment therein, and may be selected by the Governments of the several Presidencies, with the approbation of the Secretary of State for India in Council.

Royal Warrant, Clause 1.

68. Officers of the British and Indian Armies now on Staff employ in India, not having the substantive rank of Colonel, are eligible for admission to the Staff Corps; and Officers of either Service under the rank of Field Officer, not now on the Staff, may, now or hereafter, become candidates.

Royal Warrant, Clause 2.
Despatch 27, paragraph 6.

69. Officers at present holding Civil and Political appointments of every description, and appointments in all Public Offices and Departments; Officers holding Military appointments on the General and Personal Staff, and the appointments of Commandant, Second in Command, and Adjutant of Irregular and Local Corps; of Adjutant and Interpreter and Quarter Master of existing Local European and Native Regiments;—will be held to be now on Staff employ, and will be eligible, under the conditions hereafter noted, to have their names placed on the List of the Staff Corps; but Officers doing duty with Irregular and Local Regiments will not be regarded as being now in Staff employ.

70. So soon as the proposed changes in the organization of the Regular Native Regiments shall have come into operation, the whole of the Officers who will be permanently attached to them will be held to be on Staff employ.

71. There will then be, as at present, two great divisions of employment for Officers of the Staff Corps:—

Despatch 27, paragraph 6.

1*st*. Purely Military, as in Regiments of the Native Army.

2*nd*. Various Civil appointments, as Political, Public Works, &c.

There will also be practically many subdivisions of employment, for each of which there will be, as at present, separate Departmental Lists.

72. Officers of the Indian Army now holding Staff appointments of any description will have the option of joining the Staff Corps if they do not possess the substantive rank of Colonel, or of continuing in Staff employment, whatever their Regimental rank, without joining the Staff Corps; and in the latter case they will not, as heretofore, be required to vacate their appointments on the attainment of a certain Regimental Rank. This paragraph does not affect the provisions of paragraph 45.

Royal Warrant, Clause 2.
Despatch 27, paragraphs 13, 17.

73. Officers of the Indian Army not now on the Staff, not having the substantive rank of Colonel, but who, within the last three years, or who, at the commencement of their present unexpired Furlough, may have served permanently on the Staff, and who may make application within the next six months, will be considered eligible to join the Staff Corps on the same terms as those now on Staff employ; provided always that they have passed the prescribed examination in Hindoostanee, and that they did not lose their appointments through misconduct, and are not otherwise disqualified.

Royal Warrant, Clause 2.
Despatch 27, paragraph 26.

74. Officers of the British Army now in Staff employment will have the option of declaring their desire to be transferred to the Staff Corps, with the consent of the Commander-in-Chief in India, within six months from the date of the Notification of the Royal Warrant in India; or of retaining their appointments on their present footing, if their services are required by Government, for the unexpired portion of a period of five years from the date of their appointment, unless the Regiments to which they belong shall be previously removed from the Indian Establishment.

Despatch 27, paragraph 16.

75. Those whose tenure of Staff appointments, at the time of transfer to the Staff Corps, shall have exceeded one year will not be subjected to probation, or to any introductory test other than those already prescribed for any Department in which they may be serving; but Officers

who may have held their appointments for less than one year will not be transferred *permanently* to the Staff Corps, unless they possess the requisite qualifications, to be hereafter laid down, and shall have completed the period of probation to be prescribed. The option of joining the Staff Corps will be open to those Officers only who may be considered by the Governments under which they are serving to be in all respects fit for the Staff Corps.

76. Appointments on the General Staff of the Army specified in the margin, can only be held for five years; they may be held by Officers of the Staff Corps, or by other Officers of either Army, but will be subject henceforward to the limitations as to rank, which are laid down in "the Queen's Regulations and Orders for the Army," in Clauses 30 to 33 of the Section entitled "Duties of General and other Officers employed upon the Staff of the Army."

Personal Staff.

77. Officers now holding such appointments will not be required to vacate them for a period of two years from this date, or a period of seven years from the date of their appointment.

78. Officers not having the substantive rank of Colonel, now holding appointments on the Staff, as defined in paragraph 69, will at once be called upon to declare whether or not they desire to join the Staff Corps, to enable such Officers to avail themselves of the advantages in the way of promotion, notified in paragraphs 84 and 85, they must communicate their decision to the Adjutant General within six months of the date of the publication of the Royal Warrant in India.

Despatch 27, paragraph 26.

79. The selection of Officers hereafter, for the Staff Corps, will rest with the Governments in India, but no Officer serving with any Regiment will be admitted on probation without the consent of the Commander-in-Chief, or without a Certificate from the Commanding Officer of his Regiment that he has efficiently performed his Regimental duty for the period prescribed in paragraph 80.

Despatch 27, paragraph 20.

80. For the future, Officers not on the Staff will not be eligible for the Staff Corps unless they below the rank of Regimental Field Officer, and have served three years with a Regiment, of which two must have been in India, and have passed the prescribed examination in Hindoostanee. They will not be permanently appointed to the Staff Corps, unless, after due probation, they shall pass the prescribed tests for the branch of the Indian Service for which they may be selected. This rule applies equally to Officers of the British and Indian Armies.

Royal Warrant, Clause 2.
Despatch 27, paragraphs 19, 20.

81. A subsequent Notification will prescribe the period of probation and the tests of qualification in the several Departments.

Despatch 27, paragraph 20.

82. The promotion of Officers while on probation will go on in their respective Regiments.

Despatch 27, paragraph 21.

83. Officers of the British Army when permanently transferred to the Staff Corps will be removed from the strength of the Regiment to which they belonged.

Despatch 27, paragraph 21.

84. The promotion of Officers of the Staff Corps will be regulated as follows:—

Ensigns, when permanently transferred to the Staff Corps, will have the rank of Lieutenant. Other Officers will have the rank which they may hold in their Regiments.

Royal Warrant, Clause 3, paragraphs 1 and 2.

Officers of twelve years' service, of which four must have been in the Staff Corps, will become Captains. After twenty years' service, of which six must have been in the Staff Corps, they will become Majors. After twenty-six years' service, of which eight must have been in the Staff Corps, they will become Lieutenant Colonels.

Five years' service in the Staff Corps as Lieutenant-Colonel will entitle the Officer so employed to the Brevet rank of Colonel.

85. Officers now in Staff employment will be allowed to count, to the extent laid down in the Royal Warrant, as noted in the preceding paragraph, their past service towards promotion, as if it had been performed in the Staff Corps. One step of rank will be given to every Officer whose period of service would qualify him for it according to the above Rules. An interval of two years at least must intervene between each succeeding step. But these privileges will be restricted to those Officers who, whether now in India or on leave out of India, may declare their desire to be transferred to the Staff Corps within six months of the date of the Notification of the Warrant in India.

Royal Warrant, Clause 3.
Despatch 27, paragraph 26.

86. The Officers referred to in paragraph 73 will also be allowed this privilege, should they be permitted to join the Staff Corps.

Royal Warrant, Clause 2.

87. The past service on the Staff, counting for promotion in the Staff Corps, will include any service of a permanent nature which an Officer now on the Staff may, from the date of his first arrival in India, have passed on the Staff.

Despatch 27, paragraph 26.
Royal Warrant, Clause 3, paragraph 3.

88. Officers of the Staff Corps under the substantive rank of Field Officer will be allowed to exchange with Regimental Officers of the Line of the same rank, on the recommendation of the Governments of the several Presidencies, with the concurrence of the Government of India and the Commander-in-Chief in India, and subject to the confir-

mation of Her Majesty. But it is to be understood that the Regimental Officer entering the Staff Corps by exchange will not necessarily assume the Staff appointment held by the Officer with whom he exchanges. He will merely enter the Staff Corps on being found qualified for the Department of the Staff on which the Government may desire to employ him. Officers of the Staff Corps exchanging into a Regiment will become the Juniors of their Regimental rank.

89. An Officer of the Staff Corps whose name is borne on the Cadre of an Indian Regiment, exchanging from the Staff Corps with an Officer of a British Regiment other then the new Line Regiments about to be formed, will give an effective step in the Cadre of his former Regiment.

90. It will be discretional with the Governments in India, as at present, to employ the Officers of the Staff Corps, in such manner as they may think best, in the situations for which their respective qualifications may render them most fitted. The appointments and promotions in the several Departments will rest, as at present, with the Governments in India, and will be made irrespectively of the rank which the Officer may hold in the Staff Corps. Those appointments, promotions, and recommendations now in the gift of the Commanders-in-Chief remain as heretofore.

Despatch 27, paragraph 22.

91. Officers of the Staff Corps of one Presidency may, with the sanction of the Government of India, be employed in any other Presidency.

Despatch 27, paragraph 28.

92. Unattached Officers of the Indian Service are eligible for the Staff Corps on the same terms as other Indian Officers.

93. Officers of the Staff Corps while on Furlough will draw the pay of their rank, as laid down in the Clause of the Royal Warrant for Officers out of India, and in case of sickness will have the privilege of drawing for six months the allowances of Officers on sick leave in India. They will be allowed to retain their appointments during short periods of leave, not exceeding twenty months, during which time they will only receive the unemployed pay of their rank. With the above exceptions, the Officers of the Staff Corps will be under the New Furlough Regulations of the Indian Army.

Royal Warrant, Clause 8.
Despatch 27, paragraph 32.

94. A certain proportion of the Senior Officers of the Staff Corps will receive Colonel's Allowance. Eventually the number will be fixed in the proportion of one for every thirty Officers on the Staff Corps, but this number can only be filled up as the Establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's Allowance at one time shall never exceed the regulated number of Colonel's Allowance for each Presidency.

Despatch 27, paragraph 30.

95. Officers of Her Majesty's Indian Forces joining the Staff Corps will be entitled to Pensions under the Regulations of the Indian Service. Officers of the British Army entering the Staff Corps will be allowed to retire on the following scale of Pension, provided that not less than half of the required periods of service shall have been passed in the Staff Corps:—

Royal Warrant, Clause 3, paragraph 9.
Despatch 27, paragraph 29.

Scale.	£.	s.	d.	
After 20 years' service in India...	191	12	0	per annum.
„ 24 „ „ „	292	0	0	„
„ 28 „ „ „	365	0	0	„
„ 32 „ „ „	456	5	0	„

These periods of service will include the proportions of leave of absence in India or elsewhere laid down in the New Furlough Regulations, *viz.*:—

2 Years in 20 years' service.
3 „ „ 25 „ „
4 „ „ 30 „ „

96. All Officers of the Staff Corps in England who may not wish to retire, but are unable to return to India, and Officers removed from the Effective List of the Staff Corps who may not be entitled to retire on the above scale of Pension, may, provided they have served three years in India in the Staff Corps, be placed on a Half-pay List, on the same rate of Half-pay and on the same conditions as Officers of a similar rank in the British Army. Officers belonging to the Indian Forces who may avail themselves of this privilege will give an effective step in the Cadres of their Regiments. Officers placed on Half-pay will be eligible to return to Effective service, either in the Staff Corps or in Regiments of the Line. In the former case their names will not be restored to their old Cadres.

Royal Warrant, Clause 3, paragraph 10.
Despatch 27, paragraph 31.

97. No unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, will be allowed to receive pay on the Indian scale for a longer period than three years. At the expiration of that period he will be restricted to the pay fixed for Officers of his rank "out of India." This rule in no way affects the Colonel's Allowance.

Despatch 27, paragraph 33.

98. Officers of the Staff Corps under the rank of Major-General, whom the Governments of India may not see fit to employ in any capacity, will not be allowed to draw pay for more than four years, of which one year may be on the Indian scale, and three years on the scale fixed for Officers "out of India," after which period they will be placed on Half-pay, or on Pension according to the scale of their rank, if entitled thereto.

Despatch 27, paragraph 33

99. The pay of Officers of the Staff Corps whilst unemployed has been fixed at the following rates:—

Royal Warrant, Clause 8. Despatch 27, paragraph 23.

	Whilst required to remain in India. Rs. As. P.	*Out of India.* £ s. d.

Captain... ...	374 1 6 „ „	... 0 10 6 „
Lieutenant.. ..	225 12 0 „ „	... 0 6 6 „

100. The pay and allowances to be established for the several Staff appointments, in all Departments of Staff employ, will be announced in a subsequent Notification, and meanwhile the Staff salary and other allowances of all appointments will remain unchanged.

Despatch 27, paragraph 23.

101. Officers of the Staff Corps are eligible for Brevet rank, and will take their places on the General Gradation List in common with the rest of the Army. Those holding Military appointments will take Military Command according to their Army rank, but Officers whilst holding only Civil appointments will not be entitled to assume such Command. Civil appointments are those in any Civil branch of the Army, or under the Civil administration of Government.

Royal Warrant, Clause 3, paragraphs 4, 5.

102. Officers of the Staff Corps will succeed to Colonel's Allowance according to their seniority as Lieutenant-Colonels in the Staff Corps. Lieutenant-Colonels entering the Staff Corps on its first establishment will take rank for Colonel's Allowance according to the dates of their Commissions as substantive Lieutenant-Colonels. All Officers entering the Staff Corps will take with them the substantive rank they held at the time of joining it. Should two Officers of the same rank enter the Staff Corps, and be promoted on the same day, they will stand in the Corps according to the dates of their previous substantive Commissions. But Officers of the Staff Corps will take precedence and exercise Command among each other, according to their Army rank.

103. All promotions in the Staff Corps, in the case of Officers who may join the Staff Corps within six months of the publication of the Royal Warrant, will take effect from the 18th February 1861, the date of the receipt of the Warrant in India.

104. The power of removing Officers from the Effective List of the Staff Corps will be exercised by Her Majesty through the Secretary of State for India.

Royal Warrant, Clause 7.

105. The provisions of paragraph 90 are also applicable to appointments in the Ordnance, Survey, and Public Works Departments.

106. The promotion of Officers of the Indian Armies, on the occurrence of vacancies, will be Notified, as heretofore, by the Governments of India, in the *Official Gazette*, and will be stated to be "subject to Her Majesty's approval." Periodical Lists of these promotions will be submitted to the Secretary of State for India, that measures may be taken for the preparation and signature of corresponding Commissions. Pending the receipt of these Commissions the Officers provisionally promoted by the Indian Governments will enjoy the pay, provision, and privileges of the rank to which they may have been advanced.

DESPATCH No. 27.

Military, No. 27.

INDIA OFFICE,
London, 18th January 1861.

To His Excellency the Right Honorable the Governor General of India in Council.

MY LORD,—I have the honor to forward, for your information and guidance, copies of a Royal Warrant authorizing the formation of Staff Corps for each of the three Presidencies in India. You will cause the institution of these Corps to be notified in such manner as may, seem to you best calculated to make the provisions contained in the Warrant generally known and to afford to such Officers as may wish to join the new Corps the opportunity of doing so.

2. I proceed, at the same time, to communicate to your Lordship the general views of Her Majesty's Government as to the measures to be adopted in reference to the Officers of Her Majesty's Indian Army.

General Order, paragraph 23.

3. In the execution of those measures the pledge that due regard shall be paid to the rights and claims of the Officers of Her Majesty's Indian Forces will be scrupulously adhered to.

General Order, paragraphs 61, 64.

4. The events of the late Mutiny have impressed upon Her Majesty's Government the absolute necessity of a large reduction of the Native Army, and, with a view to that economy which is imperatively called for by the state of Indian finance, it appears to them that the number of Officers hitherto attached to the Native Regiments organised on what is called the regular system may be considerably reduced. Your Lordship has recommended that six European Officers should be employed with those Regiments which are formed on the irregular system, and your Lordship has already received the sanction of Her Majesty's Government to this arrangement. I am of opinion that a very considerable saving will thus be affected, as nearly one-half the charge of a regular Regiment consists of the Pay and Allowances of its Officers. I am inclined to believe also that the efficiency of the Regiments will in no respect suffer, whilst an opportunity will be given of raising the character and position of the Native Officers, and probably of affording an opening for the employment of Natives of higher position, which I consider to be an object of considerable importance.

General Order, paragraph 61.

5. The Irregular Native Regiments, both of Infantry and Cavalry, have hitherto been officered by Officers specially appointed to them. There is also a large number of appointments of different kinds, Political, Civil, &c., held by Officers, and comprehended under the general name of Staff employment. For both these descriptions of employment Officers, though borne on the strength of their Regiments, have been taken. Indeed the number of Officers borne on the strength of Regiments has been increased beyond that required for Regimental duty expressly in order to allow of their being so taken away. In addition to this, application was some years ago made by the Government in India to the Home Government, that Officers in the Regiments of the Line stationed in India might be similarly employed, and arrangements were made as to the number and rank of the Officers of such Regiments, in order to allow of this being done.

General Order, paragraph 66.

6. This system of withdrawing Officers for such employment while permanently remaining on the strength of their Regiments has been condemned by various high Authorities as impairing the efficiency of the Regiments; and it is the intention of Her Majesty's Government that it should be discontinued, and that ultimately all Officers selected for such employment should be transferred to Staff Corps, which will be formed expressly for this Service. There will be, as at present, two great divisions of employment for Officers of the Staff Corps:—

General Order, paragraph 71.

1st. Purely Military, as in Regiments of the Native Army.
2nd. Various Civil appointments, as Political, Public Works, &c.

There will also be practically many subdivisions of employment, for each of which there may be, as at present, separate Departmental Lists.

General Order, paragraph 68.

The Staff Corps will be drawn from the two classes of Officers which at present furnish Officers for Staff employment, *viz.* the Officers of Her Majesty's General Army serving in India and those of Her Indian Army.

General Order, paragraph 46.

7. The List of General Officers of the Indian Army and their promotion will remain exactly as at present. It will be desirable to provide for the early consolidation of the List of Officers attaining this rank in the General and Indian branches of Her Majesty's Service, but this subject requires further consideration, and will form the subject of a separate Despatch.

General Order, paragraphs 47, 48.

8. The promotion of Field Officers will go on as usual, in separate Lists of "Majors," "Lieutenant-Colonels," and "Colonels Regimentally" of Cavalry and Infantry; but a gradual reduction will be made in the number of Regimental Colonels entitled to Colonel's allowances, in due proportion to the reduction in the number of Regiments. The extent to which this reduction is to be carried will be determined hereafter; but it must be commenced at once in Bengal, by promoting only three Lieutenant-Colonels for every four vacancies in the Rank of Colonel Regimentally.

9. Officers of the Royal or Indian Corps of Engineers who may be employed in the Public Works or Survey Departments, and Officers of the Royal or Indian Regiments of Artillery doing duty with Batteries of Native Artillery, or employed in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, will not be required to relinquish their Regimental position; but Artillery Officers holding appointments in the Ordnance Department will be seconded, and Officers of either of these Regiments accepting any other description of Staff employ than those above specified will be subject to the same rules as Officers of Infantry or Cavalry of the Line or Local Services respectively.

General Order, paragraphs 26, 45.

10. The Act XXIII. and XXIV. Vic. Cap. C. of the last Session of Parliament, prohibits the further enlistment of Troops for the Local European Army of India; and under the operation of that Act the European Regiments of the Local Army would in course of time be extinguished. But it is the desire of Her Majesty's Government to preserve, in the ranks of the British Army, the names and traditions of certain of the older European Regiments of the late East India Company's Service, and to convert these Regiments at once into Regiments of Her Majesty's Line Army.

General Order, paragraph 11.

11. The details of the measures by which this object is to be effected are communicated to you in a separate Despatch of this date; and it is sufficient to state here that no Soldier of the Local Army will have the conditions of his service altered without his own consent; and that the proper Establishment of Officers for the converted Regiments will be filled up with Officers of the Local Army who may volunteer to transfer their services to the Line, and who will thenceforth rise by seniority in the Regiments to which they may be posted.

No. 28.

General Order, paragraph 5.

12. The present and prospective advantage which these Officers derive from the Military and Orphan Funds will be secured to them, and they will be allowed retiring pensions under the present Rule (two years' future service out of India counting as one year in India in completion of the service required for the several grades of Pension).

General Order, paragraph 65.

13. In my Despatch No. 31 of this date, you are informed that Commissions from Her Majesty, conferring Rank and Command in Her Armies, will be given to all the European Commissioned Officers of Her Majesty's Indian Army; but these Commissions, like those which they now hold from the Commander-in-Chief in India, will not contain an appointment to particular Regiments. The European Commissioned Officers of Cavalry and Infantry will be placed on two general Lists of Cavalry and Infantry for each Presidency. Those Officers who may not join the Staff Corps or Regiments of the Line will be available for any duty to which they may be appointed, either continuing to serve with the Regiments to which they have been attached, or in Staff employment or otherwise, at the discretion of the Governments of India. The promotion of Officers who have been posted to Regiments will go on to the rank of Lieutenant-Colonel, in conformity with the usages of the Indian Army, by Regimental Seniority, and that of Unposted Officers in the manner specified in my Despatches, Nos. 343 of 30th September 1859, paragraph 5, and 287 of 31st July 1860.

General Order, paragraphs 50, 58, 61.

General Order, paragraphs 49, 59, 60, 72.

14. Officers of the Local Army who may be transferred to the Staff Corps will thenceforward be promoted under the Rules of that Corps. Their names, however (which may be printed in *italics* in the Army List), will remain on the Rolls of the Indian Army, and the promotion of the Officers who do not join the Staff Corps will be unaffected by their removal, and will be made in the same manner as if these Officers had not joined the Staff Corps. The same rule will apply to promotion in the General Lists of Field Officers, on which the names of Officers so transferred will be placed in the same position which they would have held had

General Order, paragraphs 58, 59, 60.

they not joined the Staff Corps. Thus, until the death or retirement of such Officers, their names will remain on the Rolls of the Indian Army, to regulate the promotion of their Juniors.

15. Appointments on the General Staff of the Army, specified in the margin, can only be held for five years, either by Officers of the Staff Corps or by other Officers, and will be subject to the limitations as to the rank of the Officers holding them, which are laid down in the "Queen's Regulations and Orders for the Army," in Clauses 30 to 33 of the Section entitled "Duties of General and other Officers employed upon the Staff of the Army."

Brigade Majors and Fort Adjutants.
Personal Staff.

16. Officers of Regiments of the Line now in Staff employment other than the appointments specified in the margin, will have the option of joining the Staff Corps, with the consent of the Commander-in-Chief in India, within six months from the date of the Notification of the Warrant in India, or of retaining their appointments on their present footing, if their services are required by your Government, for the unexpired term of a period of five years from the date of their appointment, unless the Regiment to which they belong shall be previously removed from the Indian Establishment.

General Order, paragraph 74.

17. Officers in the Local Army holding such appointments, if they do not join the Staff Corps, may be allowed to continue in Staff employment without vacating their appointments on the attainment of a certain rank, or will be at the disposal of Government for such other service as they may be competent to perform.

General Order, paragraph 72.

18. Officers now holding Staff appointments, who have held them for short periods only, will not be transferred permanently to the Staff Corps unless they shall possess the requisite qualifications, and until they shall have completed the period of probation that may be prescribed for the Department in which they may be serving.

General Order, paragraph 75.

19. The option of joining the Staff Corps, referred to in the foregoing paragraphs, will be open to those Officers only who may have fulfilled the conditions prescribed for original appointments, previously to their being transferred to it, and who may be considered by your Government to be in all respects fit for the Staff Corps.

General Order, paragraphs 75, 80.

20. The selection of Officers for the Staff Corps will rest with the Governments in India. No Officer, however, should be admitted on probation without the consent of the Commander-in-Chief, and without a certificate from the Commanding Officer of his Regiment that he has efficiently performed his Regimental duty for the prescribed period. I desire that, after communication with the Governments of Madras and Bombay, your Government will prepare a scheme of the tests and periods of probation suitable for the several Departments of Military and Civil Staff employment.

General Order, paragraphs 79, 80, 81.

21. The promotion of Officers while on probation will go on in their respective Regiments, Officers of the British Army, when permanently transferred to the Staff Corps, will be removed from the strength of the Regiment to which they belonged.

General Order, paragraphs 82, 83.

22. It will be discretional with the Governments of India to employ the Officers of the Staff Corps, in such manner as they may think best, in the situations for which their respective qualifications may render them most fitted. The appointments and promotions in the several Departments will rest with the Governments in India, and will be made irrespectively of the rank which the Officer may hold in the Staff Corps.

General Order, paragraph 90.

23. Officers of the Staff Corps, whilst employed, will receive, in addition to the pay of their rank, such a sum as will make up the salary and allowances which may be assigned to the Office which they hold. When unemployed they will receive pay, or half pay, on the scale fixed in the Warrant, according to their Military rank. It is desirable that you should at once prepare a List of all Officers in Staff employ, and of the situations filled by them, with the amount of salary which you consider suitable for each appointment respectively.

General Order, paragraphs 99, 100.

24. The aggregate number of Officers of the Staff Corps will be strictly limited, with a due allowance for Furlough and Sick leave, to the number of appointments which the Governments of India require to be filled by Officers of that Corps.

25. In these, as in all other matters, the proceedings of the Governments of India will be subject to the approval of the Secretary of State for India in Council.

26. It is provided in the Warrant that Officers now in Staff employment in India, on joining the Staff Corps on its formation, may count, to a certain extent, their past Staff service, towards promotion only, as if it had been performed in the Staff Corps. This privilege will be restricted to those Officers who may join the Staff Corps within six months of the date of the Notification of the Warrant in India.

General Order, paragraph 73, 87, 85.

27. The exchange permitted, by the 6th Rule of the Warrant, between Officers of the Staff Corps under the substantive rank of Field Officer and Regimental Officers of the same rank, can only be made with the sanction of the Government and Commander-in-Chief in India, and will be subject to confirmation by Her Majesty. No Officer will be allowed to exchange into the Staff Corps unless he be duly qualified for the Department of the Staff on which the Government desire to employ him.

General Order, paragraph 88.

28. Officers of the Staff Corps of one Presidency may, with the sanction of the Government of India, be employed in any other Presidency.

General Order, paragraph 91.

29. The periods of service specified in the 9th Rule, as a title to Pensions of various amounts, will include the proportions of leave of absence in India or elsewhere, laid down in the New Furlough Regulations, *viz.*:—

2 years in 20 years' service.
3 „ in 25 „ „
4 „ in 30 „ „

General Order, paragraph 95.

30. The 8th Rule provides that a certain proportion of the Senior Officers of the Staff Corps shall receive Colonel's allowance. Eventually the number will be fixed in the proportion of one for every thirty Officers on the Staff Corps, but this number can only be filled up as the Establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's allowance at one time shall never exceed the regulated number of Colonel's allowance for each Presidency.

General Order, paragraph 94.

31. The 10th Rule specifies the circumstances and conditions under which an Officer of the Staff Corps may be placed on a Half-pay List, analogous to that of a Regiment of the British Army. Such Officers will be eligible to return to the Effective Service, either in the Staff Corps or in Regiments of the Line, and will enjoy all the privileges of Officers on the half-pay of the British Army.

General Order, paragraph 94.

32. Officers of the Staff Corps while on Furlough will draw the pay of their rank, as laid down in the Clause of the Royal Warrant for Officers out of India, and in case of sickness will have the privilege of drawing for six months the allowances of Officers in India. They will be allowed to retain their appointments during short periods of leave, not exceeding twenty months, during which time they will only receive the unemployed pay of their rank. With the above exceptions the Officers of the Staff Corps will be under the New Furlough Regulations of the Indian Army.

General Order, paragraph 93.

33. No unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, will be allowed to receive pay on the Indian scale for a longer period than three years. No unemployed Officer of the Staff Corps under the rank of Major-General will be allowed to draw pay for a longer period than one year on the Indian scale, and three years on the lower scale, after which period he will be placed on half-pay.

General Order, pargraphs 97, 98.

34. The best method of dealing with the Military and Orphan Funds of the three Presidencies is now under the consideration of Her Majesty's Government. The Governments of India will be prepared to assume the liabilities of the Funds, as far as may be requisite to maintain existing Pensions, and to secure to the Subscribers and their families the benefits to which they are entitled under the present system.

General Order, paragraph 65.

DESPATCH No. 28.

Military,
No. 28.

INDIA OFFICE,
London, 18th January 1861.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—In my Military Despatch No. 348, dated 5th September, paragraph 15, I communicated to you the intention of Her Majesty's Government that "the European Non-Commissioned Officers and Soldiers who have enlisted for the Indian Forces up to the present time, will continue to serve in India during the term of their engagement, on precisely the same conditions and with the same privileges in regard to Pension as they now enjoy, and that, at the expiration of their contract period of service, they will, if fit, be permitted to re-enlist for general service, with the privilege of counting their past service for Pension under the Regulations of Her Majesty's Army." And in reiterating that pledge in my Despatch No. 414, of the 31st October, I added that it is not contemplated by Her Majesty's Government to transfer any Soldier of Her Majesty's Indian Forces, without his own consent, to a Regiment of the Line.

General Order, paragraph 5.

2. At that time it was the intention of Her Majesty's Government to retain, for the present, the existing designations of the European Regiments of Her Majesty's Indian Army

to recruit such of them as are to be retained permanently with men raised for general service on the ordinary conditions of Infantry and Cavalry Soldiers enlisted for Her Majesty's Line Army; and when all the Soldiers engaged for Local Service had been replaced by general service men, to complete the assimilation of these Regiments with the Regiments of Infantry and Cavalry, respectively, of the British Service.

General Order, paragraph 4.

3. Her Majesty's Government were anxious to preserve the proud recollections of distinguished service which belong especially to the older Regiments of each Presidency, and to incorporate in Her Majesty's Army those Corps which have so greatly contributed to the acquisition and maintenance of Her Majesty's Dominions in the East.

4. They were not unaware that some difficulties might have been found from placing in the same Regiment men under different conditions of service, but, fully relying on the steady behaviour of the men, they felt confident that by judicious conduct on the part of the Officers any bad result might be avoided.

5. They were of opinion that in this manner the discontinuance of a Local Force might gradually be effected with the least disturbance of the existing positions and relations of Officers and Men.

6. Objections, however, have been raised to this course on legal grounds, and Her Majesty's Government have consequently determined on the adoption of the plan which I shall now proceed to explain to your Lordship.

General Order, paragraph 5.

7. They are unwilling, by allowing the Local Corps to die out, which would be the necessary consequence of merely ceasing to fill up their numbers by Recruits, that the names of such Corps as the three older Regiments of each Presidency should cease to be borne on the Rolls of Her Majesty's Army, whilst they feel it to be indispensable that no man, except with his own consent, should have his present terms of service altered.

8. The first object will be attained by maintaining these Regiments as Regiments of the Line, the second by retaining in a Local Corps such men as prefer to continue their service only in India.

General Order, paragraph 22.

9. Her Majesty has been graciously pleased to sanction the necessary increase of the Establishment of Her Army; and orders are transmitted herewith from his Royal Highness the General Commanding-in-Chief to His Excellency the Commander-in-Chief in India, who will take the necessary measures for this purpose which depend on him.

10. The plan which they have determined upon is as follows:—

General Order, paragraphs 5, 12, 17, 20.

To offer to the Non-Commissioned Officers and Men of the 1st Bengal Fusiliers the usual bounty given to a man volunteering from one Regiment to another, if they are willing to accept service on the terms of Her Majesty's Line Forces, and to form a Regiment of the Line from such Volunteers, with the addition of such men of good character of the 4th and 6th Regiments of Bengal European Infantry as may volunteer to be transferred to it on similar terms and with similar bounty.

General Order, paragraph 16.

The men who may not volunteer on these terms will be transferred to the 4th Regiment of European Infantry, which will remain a Local Corps.

General Order, paragraphs 11, 17.

To make to the Non-Commissioned Officers and Men of the 2nd Bengal Fusiliers and of the 3rd Bengal European Infantry a similar offer to that made to the 1st Bengal Fusiliers, and to pursue a similar course in forming from them two new Regiments of the Line.

General Order, paragraph 11.

11. The men of the 1st and 2nd Bengal Fusiliers and of the 3rd Bengal Regiment of Infantry who volunteer for Line Service will be kept in the Regiments representing those to which they respectively belong, and those who volunteer from the 4th and 6th Regiments must be divided, so as to equalize, as far as possible, the number in each of the three Line Regiments. If the numbers fall short of 850 in each Regiment, the complement can be made up by men from Regiments leaving India or by Recruits.

General Order, paragraph 16.

12. If the men declining these terms are more than enough to fill up the 4th Bengal European Regiment, the 6th Bengal European Regiment must likewise be retained as a Local Regiment.

General Order, paragraph 52.

13. It is necessary that the Officers of these three General Service Regiments should be generally under the conditions of service of Line Officers, and that they should be permanently attached to their Regiments. It is considered to be desirable that they should be taken from among the Officers of the Local Armies, and, as far as possible, from the old Regiments, which will be respectively represented by the new ones.

General Order, paragraphs 50, 56, 58, 65.

14. By my Despatch of this date, No. 27, you have been directed to place all the Officers of the European and Native Regular Infantry and Cavalry of each Presidency on General Lists, and you will invite, from these Lists, the number of Officers required for the new Line Regiments to volunteer for General Service in these Regiments on the same conditions

as Line Officers, except that the system of purchase which prevails in the Army of the Line will not be allowed in these Regiments. The present and prospective advantages which Officers derive from the Military and Orphan Funds will be secured to them, and they will be allowed retiring Pensions under the Indian Regulations, counting their service in India in full, and one year for every two years of their future service out of India, in completion of the periods of service required under those Regulations for the several grades of Pension.

15. These Officers will be formed into *Cadres* of the strength noted in the margin, exclusive of Regimental Staff, and will be appointed by the Commander-in-Chief, to do duty with the several new Regiments, and they will eventually receive new Commissions from Her Majesty in those Regiments, bearing the same dates respectively as the Commissions which they now hold. Such of them as may have belonged to the three older Local Regiments will be appointed respectively to the new Regiments representing those to which they belonged. And it should be secured to them that they shall hold a position in the new Regiments as far as possible the same as that which they held in the old ones.

General Order paragraph 55.

1 Lieut. Colonel.
2 Majors.
12 Captains. } Including two
14 Lieutenants. } Companies at
10 Ensigns. } the Depôt.
A Colonel will be appointed hereafter to each Regiment.

General Order, paragraph 53.

16. The names of these Officers will remain on the General List, printed in *italics*, to regulate the promotion of their Juniors in precisely the same way as if they had been transferred to the Staff Corps under the conditions detailed in my separate Despatch on this subject.

General Order, paragraph 50.

17. The three older Regiments of the Bengal Presidency will thus be converted into Regiments of Her Majesty's General Army and will be numbered and designated as follows:—

General Order, paragraphs 11, 14.

The 101st Regiment of Foot (or 1st Bengal Fusiliers).
The 104th Regiment of Foot (or 2nd Bengal Fusiliers).
The 107th Regiment of Foot.

They will be permitted to bear on their colors and appointments the honorary distinctions won by the Regiments of the Indian Army which they will respectively represent.

General Order, paragraph 15.

18. In my Despatch No. 374, dated 9th October, you were directed to form into three Regiments of European Light Cavalry the five existing Regiments of that Arm in the Bengal Presidency, and, assuming this consolidation to have been completed, measures will now be taken, analogous to those above prescribed, for the conversion of these Regiments into three Regiments of Light Dragoons of Her Majesty's General Army.

19. Such of the Non-Commissioned Officers and Men of each of the three Regiments as may accept the offer of bounty on the conditions of General Service will form the basis of a new Regiment of Dragoons, which will be made up hereafter to the complement of 500 Sabres. The three Regiments will be respectively designated as follows:—

General Order, paragraphs 5, 9.

19th (Light) Dragoons (now 1st Bengal European Light Cavalry).
20th (Light) Dragoons (now 2nd Bengal European Light Cavalry).
21st (Light) Dragoons (now 3rd Bengal European Light Cavalry).

20. The Officers of the three Regiments, having been placed on a general List under the instructions of my Despatch of this date, No. 27, will be permitted to volunteer for General Service in the Regiments representing those to which they formerly belonged, and any vacancies that may then remain in the *Cadres* of Officers, calculated on the establishment of a Dragoon Regiment, as per margin, exclusive of Regimental Staff, will be filled up in the following manner:—

General Order, paragraph 51.

1 Lieut-Colonel.
2 Majors.
9 Captains. } Including one Troop for the
9 Lieutenants. } Depôt.
9 Cornets. }
A Colonel will hereafter be appointed to each Regiment.

The 19th Light Dragoons by Volunteers from the remaining Officers of the Bengal Cavalry.

General Order, paragraph 55.

The 20th and 21st Light Dragoons by Volunteers from the Officers of the Madras and Bombay Cavalry, respectively.

General Order, paragraph 51.

21. The Non-Commissioned Officers and Men who may prefer the conditions of Local Service will be placed in the 4th Bengal European Light Cavalry, which will be reformed for that purpose, with the Officers who belonged to it, as a Local Regiment.

General Order, paragraph 10.

22. The measures for the conversion of the European Regiments in the Madras and Bombay Presidencies into Regiments of the Line will be similar to those prescribed for adoption in Bengal, but with such modifications as circumstances render necessary.

General Order, pargrapah 5.

23. At Madras the Non-Commissioned Officers and Soldiers accepting the conditions of General Service will be formed into three Regiments of the Line, which will be designated as follows:—

General Order, paragraphs 5, 11, 14, 15.

102nd Regiment of Foot (or Madras Fusiliers),
105th Regiment of Foot (or Madras Light Infantry),
108th Regiment of Foot,

and they will bear on their colors and appointments any honorary distinctions belonging to the old Regiments which they will respectively represent.

24. The men who may not accept the offer of bounty will be placed in a separate Corps for Local Service, which may be designated the Madras European Regiment.

General Order, paragraph 16.

25. To this Corps Officers of the three European Regiments who may not volunteer for General Service, and, if required, other Officers from the General list, will be appointed to do duty.

General Order, paragraph 16.

26. In the Bombay Presidency the three new Regiments of the Line will be formed, in the manner above described, of Volunteers from three existing Regiments of European Infantry, including the German Soldiers of the 3rd European Regiment, who will also be permitted to volunteer, and will be designated respectively,—

General Order, paragraphs 5, 11, 14, 15.

The 103rd Regiment of Foot (or Bombay Fusiliers).
The 106th Regiment of Foot.
The 109th Regiment of Foot.

They will bear on their colors any honorary distinctions which have been won respectively by the 1st, 2nd, and 3rd Bombay European Regiments.

27. The men who may not accept the offer of bounty will be placed in a separate Corps for Local Service, which may be designated the Bombay European Regiment.

General Order, paragraph 16.

28. Officers will be provided for these Regiments in the manner above described with reference to Bengal and Madras, except, that in the formation of a *Cadre* of Officers for the 109th Bombay Regiment of Foot the claims of the German Officers whom, after receipt of my Despatch No. 154 of the 5th September, the Government of Bombay may have thought it necessary to retain with the 3rd European Regiment, will be considered. Such of these Officers as may desire it will receive Commissions in their present grades in the 109th Foot.

General Order, paragraph 54.

29. The new Regiments added, in the manner above described, to the establishment of Her Majesty's Army, will be available for General Service, and will be twelve in number as follows:—

General Order, paragraphs 9, 14.

19th Regiment of (Light) Dragoons.
20th Regiment of (Light) Dragoons.
21st Regiment of (Light) Dragoons.
101st Regiment of Foot (or 1st Bengal Fusiliers).
102nd Regiment of Foot (or Madras Fusiliers).
103rd Regiment of Foot (or Bombay Fusiliers).
104th Regiment of Foot (or 2nd Bengal Fusiliers).
105th Regiment of Foot (or Madras Light Infantry).
106th Regiment of Foot.
107th Regiment of Foot.
108th Regiment of Foot.
109th Regiment of Foot.

DESPATCH No. 29.

Military,
No. 29.

INDIA OFFICE,
London, 18*th January* 1861.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—I have the honor to communicate to your Excellency the details of a plan which has been determined upon by Her Majesty's Government for the assimilation and ultimate consolidation of the Indian Regiments of Artillery with that of the Royal Artillery. It provides the means of maintaining the efficiency of the Artillery Force in India, while it involves no interference with the present course of promotion in either Service.

2. The following are the conditions of the plan which has been determined upon:—

I. That the existing Regiments of Artillery in the three Presidencies of India shall remain distinct from each other and from the Royal Artillery as long as any of the Officers now in them shall continue to be borne on their Rolls.

General Order, paragraph 31.

II. That no new appointments shall be made to the three Indian Regiments.

General Order, paragraph 33.

III. That, on the occurrence of vacancies in any of the three Indian Regiments or in the Royal Artillery, appointments of young Officers should be made to the Royal Artillery.

IV. That after all the Subalterns in any of the Indian Regiments of Artillery have been promoted on the occurrence of the next vacancy in the grade of Second Captain in that Corps, the Senior Subaltern of the Royal Artillery should be promoted to that grade.

General Order, paragraph 34.

V. That the same process should be followed in each grade successively until all the Indian Regiments of Artillery have disappeared, after which the whole Corps will be Royal Artillery.

General Order, paragraph 35.

VI. That in order to carry out this measure to the full extent the organization of Indian Regiments of Artillery will be assimilated to that of the Royal Artillery. The Bengal Artillery will be formed into seven Brigades, the Madras Artillery into four Brigades, and the Bombay Artillery into three Brigades, in all fourteen Brigades with the strength of Officers detailed in the margin, which is believed to be the Establishment of a Brigade of Royal Artillery.

General Order, paragraph 25.

1 Colonel Commandant.
2 Colonels.
4 Lieutenant-Colonels.
8 Captains.
9 Second Captains, including an Adjutant.
24 Lieutenants.

3. The assimilation of the Indian with the Royal Artillery involve considerable alterations of rank. Thus in Bengal seven of the Colonels will become Colonels Commandant, nine Lieutenant-Colonels will become Colonels, thirteen Captains will become Lieutenant-Colonels, and three Captains and nine Second Captains will become Supernumerary. This will cause a stoppage of promotion in the grades of Second Captain and Lieutenant. But there are at present four Lieutenant-Colonels, four Captains, and nine Second Captains in the Ordnance Department, and these, being seconded in accordance with the instructions in the 9th Paragraph of my Despatch No. 27, dated this day, will more than compensate for the absorption of the three Captains and nine Second Captains abovementioned.

4. Under the Royal Artillery organization the Colonel's allowance is drawn only by Colonels Commandant, and of these there will be seven only in place of twelve, who now draw Colonel's allowance in the Bengal Artillery.

General Order, paragraph 27.

5. Eventually the assimilation must be carried out in this respect also. The five Officers who will be Supernumerary will continue to receive that allowance, and this necessary reduction will be gradually carried out by permitting the succession of only three Officers to every four vacancies in the number of those receiving Colonel's allowance until the Supernumeraries shall have been absorbed.

General Order, paragraph 27.

6. Colonels of Artillery under the new organization, who, not being Colonels Commandant will not draw Colonel's allowance, will be permitted to draw in India the pay and allowances fixed for the rank of Regimental Colonel (excepting the Colonel's allowance.) On furlough they will receive the furlough pay of Colonel, *viz.* 25 shillings a day and they will enjoy the privileges of Regimental Colonels in being permitted to reside in England, if not required in India, without forfeiting their position on the Effective List.

General Order, paragraph 29.

7. Such of the Officers as may be willing to serve out of India, and may be permitted to do so, will receive Commissions in the Royal Artillery, and will draw the pay and allowances fixed by Her Majesty's Regulations for that Arm of the Service according to the situation and locality in which they may be serving, but their promotion will continue to go on in their original Regiments. They will be permitted to reckon one year's service towards retiring Pension on the Indian scale for every two years of employment out of India.

General Order, paragraph 30.

8. I have lately carefully considered the best mode of keeping up in efficiency the strength of Batteries and Companies of Artillery required for service in India.

9. The number of men of the Local Artillery was much reduced under the operation of the General Order of 20th June 1859, which offered the option of discharge to all Soldiers of the late East India Company's Service.

10. At Bombay the Establishment of European Artillery has been subsequently recruited to very nearly its proper complement, but in Bengal and Madras the numbers are still much below the Establishment. The enlistment of Recruits for local service to complete the Establishment is prohibited by the late Act of Parliament, and there are legal objections to filling up the vacancies with men enlisted for the Royal Artillery. Under these circumstances, it appears advisable to separate at once the men of the Local Artillery, who are willing to transfer their services absolutely to the Royal Regiments of Artillery, from those who may prefer the conditions of local service. To the former you are authorized to offer the usual bounty on their transfer to the Royal Artillery, and the Volunteers who may accept these conditions will be formed into new Troops or Batteries of Royal Artillery, which will be filled up by Recruits enlisted for that Regiment, of whom a large number are now under training at Woolwich, and will be ready for embarkation in the course of next summer.

General Order, paragraphs 5, 7, 17, 32.

11. Officers will be provided for these Batteries from the Officers of the Bengal, Madras, and Bombay Artillery respectively, and will receive Commissions in the Royal Artillery concurrent with those which they now, respectively, hold in their Regiments.

General Order, paragraph 32.

12. The Soldiers of the Indian Artillery who may decline to accept the offer will be formed into Batteries which will remain under their original designations and conditions; and, as the numbers of the men diminish by casualties, or by completion of their period of service, they will be consolidated into a smaller number of Batteries, and will finally disappear.

General Order, paragraph 7.

DESPATCH No. 30.

INDIA OFFICE,
London, 18th January 1861.

Military,
No 30.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—In continuation of my Despatch No. 29 of this date, on the subject of the assimilation of the Indian Regiments of Artillery with that of the Royal Artillery, I have the honor to communicate to you the following plan, for the assimilation of the Regiments of Bengal, Madras, and Bombay Engineers with that of the Royal Engineers.

2. In the case of these Regiments, it will be necessary to deal with the Officers only, as there are no Engineer Soldiers in Inda under that designation, and the Regiments of Native Sappers and Miners must continue, as at present, on the footing of Local Corps, having the requisite complement of Commissioned and Non-Commissioned Officers appointed to do duty with them.

3. The process by which the Local Regiments of Engineers will die out, and their places be filled by Officers appointed to the Royal Engineers, is precisely similar to that already described for the Artillery.

4. All fresh appointments will be made to the Royal Engineers, and when all the Subalterns of any of the three Indian Regiments have become Captains, the next vacancy in that Regiment will cause the promotion of the Senior Subaltern of Royal Engineers, and the same process will be followed in the higher grades until all the Local Officers have disappeared.

General Order, paragraph 44.

5. The ultimate effect of this measure will be to add seven Battalions of Officers to the Royal Engineers, of which three will take the place of the Bengal Regiment, and two each will be in substitution for those of Madras and Bombay.

6. The Engineer Corps of Her Majesty's Indian Forces will be immediately formed into three Battalions for Bengal, and two each for Madras and Bombay, of the established strength of a Battalion of Royal Engineers, as follows:—

General Order, paragraph 36.

1 Colonel Commandant.
2 Colonels.
5 Lieutenant-Colonels.
8 Captains.
8 Second Captains.
24 Lieutenants.

7. The effect of this measure will be to give considerable promotion in the existing Regiments. In Bengal the number of Field Officers will be increased from fifteen to twenty-four. In Madras and Bombay from nine to sixteen. In Bengal three Colonels will become Colonels Commandant; four Lieutenant-Colonels will become Colonels; nine Captains will become Lieutenant-Colonels; three Second Captains will become Captains, and three Lieutenants will become Supernumerary. In Madras and Bombay two Colonels will become Colonels Commandant; three Lieutenant-Colonels will become Colonels; seven Captains will become Lieutenant-Colonels; five Second Captains will become Captains, and three Lieutenants will become Second Captains.

8. On the other hand the Bengal Corps will lose two Colonels' allowances, and the Madras and Bombay Corps will each lose one Colonel's allowance. The number of Officers receiving these allowances will be reduced to that fixed by the new organization by omitting to fill up one out of any four vacancies, in the manner prescribed for the Artillery in my Despatch No. 29.

General Order, paragraph 38.

9. Colonels of Engineers, not being Colonels Commandant, will be in the same position as Colonels of Artillery, as described in the 6th paragraph of my Despatch above quoted.

General Order, paragraph 39.

10. All the Officers of the Indian Engineers will receive Commissions in the Royal Engineers, but, as before explained, will rise by Seniority in their respective Regiments.

General Order, paragraph 40.

11. They will not be required to serve out of India, unless at their own request, but will be eligible to serve anywhere, receiving the pay and allowances fixed for Royal Engineers in similar positions, and counting one year towards retiring Pension on the Indian scale for every two years' service out of India.

General Order, paragraph 41.

12. The places of Indian Engineer Officers who may elect, and who may be permitted to serve out of India on the above terms, will be filled up with Officers of the Royal Engineers, who may be willing to undertake the several duties required from Engineer Officers in the Department of Public Works.

General Order, paragraph 42.

13. The Engineer Corps of the several Presidencies will continue to be, as at present, principally *Corps of Officers*, having no European Soldiers attached to them. But Engineer Officers may be posted, as at present, as far as they can be made available, to the Corps of Native Sappers, which must be maintained on the present footing, which, in many points, resembles that of Irregular Native Infantry.

General Order, paragraph 43.

14. It is very desirable to continue the practice of posting a large number of European Non-Commissioned Officers to the Native Companies of Sappers and Miners. These men have hitherto been obtained by selection from the men enlisted for Artillery and Infantry, and have been liable to be remanded to their Regiments on misbehaviour.

General Order, paragraph 8.

15. The men so selected have undergone a special course of training at Chatham, and, after serving in India with the Sappers and Miners, and acquiring some knowledge of the native language, a portion of them who were able to pass the requisite examination were appointed Overseers in the Public Works Department.

16. I have communicated with His Royal Highness the General Commanding-in-Chief regarding the best method of providing men for this duty, and for keeping up the supply of vacancies in the Public Works Department, a considerable portion of whom have hitherto been drawn from the Local European Sappers. His Royal Highness is of opinion that it would be advisable to try the experiment of obtaining Volunteers from the Royal Engineers, such men, as Volunteers, being required to sign a Declaration of their willingness to be remanded, in the event of their being guilty of gross misconduct, to the Royal Artillery in India, as there are no Companies of Royal Engineers in that country. Should a difficulty arise in obtaining sufficient Volunteers from the Royal Engineers, Volunteers may be taken from the Line, and trained at Chatham, like the Engineer Soldiers, who have hitherto been selected from the Artillery and Infantry Recruits of the Indian Forces.

17. These men could be remanded, in the event of misconduct, to any Line Regiment in India.

18. A further communication on this subject will be made to you hereafter, and in the meantime I request that you will furnish me with an estimate of the number of men required to be supplied annually for the above purpose.

I have, &c.,

DESPATCH No. 31.

Military,
No. 31.

INDIA OFFICE,
London, 18th January 1861.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—I have the honor to acknowledge your Excellency's Despatch No. 264, dated 8th October, informing me that you have decided on discontinuing the issue of Commissions by the Governments in India to the European Officers of Her Majesty's Indian Armies, and submitting, for the consideration of Her Majesty's Government, whether the Form of Commission issued by the Commander-in-Chief in India should be modified, and whether the Officers of Her Majesty's Indian Forces should not be placed on the same footing, in respect of their Commissions, as the Officers of Her Majesty's Line Army.

2. These questions having been considered by Her Majesty's Government, I have to convey to you their approval of the discontinuance of the issue of Local Commissions to the Officers of Her Majesty's Indian Forces, and to intimate to you that Her Majesty has been graciously pleased to signify Her intention to give to every Officer of Her Indian Armies a Royal Commission in substitution for those which he now holds from the Governments of India and from the Commanders-in-Chief. But, whereas the Commissions heretofore issued by the Governments of India usually appointed the Officers named therein to particular Indian Regiments, the Commissions about to be granted by Her Majesty will, like those now granted by the Commanderin-Chief in India, confer rank and command in Her Majesty's Army in any part of the world, but will not appoint the Officers holding them to any particular Corps or Arm of the Service.

General Order, paragraph 24.

3. A Form of the Commission to be adopted for this purpose is forwarded for your information.

4. In order to the preparation of these Commissions, I desire to be furnished immediately with nominal Rolls showing the dates of the Commissions held severally by all the Officers of the Armies of the three Presidencies.

General Order, paragraph 24.

5. The promotion of Officers of the Indian Armies, on the occurrence of vacancies, will be notified, as heretofore, by the Governments in India in the *Official Gazette*, and will be stated to be "subject to Her Majesty's approval."

General Order, paragraph 106.

6. A List of the promotions made in each Presidency will be submitted twice a month to this Office, in order that measures may be taken for the preparation and signature of corresponding Commissions; and, pending the receipt of these Commissions, the Officers provisionally promoted by the Indian Government will enjoy the pay, provision, and privileges of the rank to which they may have been advanced.

General Order, paragraph 106.

I have, &c.,

GENERAL ORDERS

By Major General R. BUDD, Provincial Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 1*st May* 1861.

No. 40.—The following General Order by His Excellency the Commander in Chief in India is republished :—

Adjutant General's Office, Calcutta, 10th April 1861.

In publishing to the Army the General Order No. 332 of 1861, by His Excellency the Governor General in Council, the Commander in Chief, with the view to carry out the final arrangements for the new constitution of the European Forces of Her Majesty's Indian Army, as laid down in that order, and for the disposal of men who do not volunteer for General Service, issues the following instructions.

2. The volunteering of Soldiers of Her Majesty's Indian Army for Her Majesty's General Army will commence on the date of the publication of this order at Stations, and will close at the expiration of seven days, by which time the Non-Commissioned Officers and Soldiers must have made their election for the Line, or Local Service.

Non-Commissioned Officers and Soldiers.

3. Officers Commanding Divisions, Brigades and Stations, where there are British Troops of Her Majesty's Indian Army, will appoint an Officer of Her Majesty's Service, if possible a Field Officer, to superintend the volunteering for the new Regiments.

4. The abovementioned Officers Commanding will then call on the British Non-Commissioned Officers and Soldiers of the Artillery, Cavalry, and Infantry, of Her Majesty's Indian Service, to volunteer with the specified Bounty, for the Royal Artillery, and the new Regiments of Cavalry and Infantry, or to elect to remain in the Local Service.

5. Soldiers of the Artillery, Cavalry, and Infantry, desirous of volunteering, will present themselves before the Superintending Officer, and a Justice of the Peace or Magistrate, who will sit together, and make before the latter Officer the Declaration appended to the Government Order, No. 332 of 1861, to serve in the Royal Artillery, the —— Regiment of Foot, or the——Regiment of Light Dragoons. When the Volunteer shall have made this Declaration, the Superintending Officer will enrol his name in the Royal Artillery, or the new Regiment for which he has volunteered, after which the Superintending Officer will pay him his Bounty.

6. Officers Superintending the volunteering will apply to Pay Masters, or to Local Treasuries at stations where there are no Pay Offices, for the funds required to meet the payment of the Bounty to Volunteers.

7. Officers Commanding Divisions, Brigades and Stations, will, as the Soldiers of Cavalry and Infantry volunteer, form them into separate Troops and Companies, arranging, as far as possible, that the men who have served together before in the same Troop or Company shall continue so to serve together; and appointing the requisite number of Officers to each Troop and Company. The men will take with them their Arms and Equipments of all kinds.

8. As soon as the Commander in Chief is informed of the number of Officers and men who volunteer for General Service, he will issue the necessary order for the formation of the new Regiments of the Line. Meanwhile the new Troops and Companies formed of the Volunteers will remain under the orders of their old Commanding Officers.

9. Officers superintending the Volunteering, will pay particular attention to paragraph 11 of the Government General Order, No. 332 of 1861, which directs that the men who are now in each of the three oldest Regiments of Cavalry and Infantry, and who volunteer for Her Majesty's General Service, shall join the new Regiment which represents their former Corps.

10. Should however the Soldiers of a British Regiment of Her Majesty's Indian Service, volunteer in a body, or in such numbers as would render it preferable that they should not be formed into New Troops and Companies; in this case, they will retain their original formation, as a Regiment, receiving at once their new designation ; for example : the 1st Regiment Bengal European Light Cavalry would become the 19th Light Dragoons—the 1st European Bengal Fusiliers would become the 101st Regiment of Foot (Royal Bengal Fusiliers), and so on. Officers of a Regiment so volunteering, electing to remain in the Local Service, would continue to do duty with the Regiment till relieved.

11. The Non-Commissioned Officers of the old Regiments will have the prior claim to be appointed to their representative new Regiments.

12. As stated in paragraph 18 of the Government Order No. 332 of 1861, the Non-Commissioned Officers of all Arms of Her Majesty's Indian Service, volunteering for Her Majesty's General Service, will carry their rank with them to the new Regiments to which they may volunteer; and should they be Supernumeraries, will continue to receive their pay, succeeding to vacancies in the proportion of three to four.

13. Soldiers who now volunteer will have the option of choosing whether their future pension shall be reckoned according to the regulations of Her Majesty's Army, or according to those of the Indian Forces. Their choice will be declared any time within three months from date of volunteering. They will also have the privilege of counting their past service towards completion of their contract service, and for pension under whichever regulations they may choose.

14. Boards will be held hereafter to record, and close the services of Volunteers in their old Regiments, and their choice of pension rules.

15. Officers Commanding the Stations where the 1st and 2nd Bengal Fusiliers and the 3rd Bengal European Regiment are quartered, will invite the Officers of those Regiments to volunteer into the Regiments, respectively, representing those to which they now belong, as ruled in paragraphs, 51, 52 and 53 of Government Order No. 332; that is to say, the Officers of the 1st Bengal Fusiliers for General Service in the 101st Royal Bengal Fusiliers, the Officers of the 2nd Bengal Fusiliers for General Service in the 104th Bengal Fusiliers, and the Officers of the 3rd European Regiment for General Service in the 107th Bengal Infantry.

Officers.

16. Officers Commanding Divisions, Brigades and Stations, will, without delay, ascertain the wishes of Officers of Cavalry and Infantry of the Local Service in regard to volunteering to fill vacancies in the new Line Regiments of Cavalry and Infantry, should there be vacancies in them; and will transmit immediately to the Adjutant General of the Army rolls of Officers who elect for the Line; Officers of the old Local Regiments having the prior claim, to be appointed to the representative new Regiments.

17 Officers Commanding Divisions, Brigades and Stations, will report, as soon as possible, to the Adjutant General of the Army by Telegram, and more fully by Post, the number of Officers and men who have volunteered for Her Majesty's General Service, as well as those who have elected for Local Service.

FORMATION.

18. For the sake of the health of the Troops, Soldiers volunteering, or electing for Local Service, will not be moved during the hot season. Consequently the Soldiers of the 4th and 5th Bengal Light Cavalry, and of the 4th and 6th Bengal European Infantry, as well as those of the Recruit Depôt at Barrackpore, volunteering for general Service, will not join the new Regiments for which they have volunteered till the weather permits.

19. The Soldiers of the 6th Bengal European Regiment, and of the Cavalry and Infantry of Her Majesty's Indian Service at the Depôt at Barrackpore, who volunteer for any of the three new Regiments of Cavalry and Infantry of the Line, will be formed into a "Provisional Battalion," of which the number of Troops and Companies will depend on the number of Volunteers.

20. The Officers Commanding at Fort William, and at Barrackpore, and Dum-Dum, will appoint the requisite number of Officers and Non-Commissioned Officers to these Troops and Companies. When the number of Volunteers is known, the Commander in Chief will officer the Provisional Battalion.

21. The Provisional Battalion will be stationed either at Barrackpore or Dum-Dum, as Barrack accommodation will allow, till the weather permits the Volunteers to join their new Regiments.

ARTILLERY.

22. Officers Commanding Divisions, Brigades and Stations, will transmit to the Adjutant General of the Army the names of Officers of the Artillery willing to serve out of India, on the conditions specified in paragraph 30 of Government Order No. 332

23. The Officers mentioned in the preceding paragraph, and Officers from the Bengal Artillery, who will receive Commissions in the Royal Artillery, concurrent with those which they now hold, will be appointed to the New Batteries about to be formed

24. The detached state, and peculiar nature of Artillery, prevent the Commander in Chief from, at once, ordering the formation of distinct bodies of Volunteers, as in the Cavalry and Infantry; but as soon as His Excellency shall have learnt the number of Volunteers, as well as of the men electing for Local Service, he will issue the necessary orders for the organization of both bodies :—in the meantime the Soldiers of both these classes will continue to serve in their present Troops, Field and Heavy Batteries, and Reserve Companies.

25. Officers Commanding Divisions, Brigades and Stations, will transmit with the least possible delay by Telegram, and more fully by Post, the names of Officers of Artillery, electing to serve out of India, and a numerical return of the Volunteers for the Royal Artillery forwarding duplicate rolls to the Commandant of Bengal Artillery.

ENGINEERS.

26. The position of Officers of Engineers is defined in paragraph 41 of the Government Order No. 332; but the election for General or Local Service by Non-Commissioned Officers of the Bengal Engineers will be carried into effect in the same way as prescribed for the other branches of the Service.

27. Warrant Officers, Non-Commissioned Officers, and men employed in the several Departments of the Army, Non-Commissioned Officers serving with Native Regiments, and all other men borne on the Unattached List, will have the option of accepting the conditions of Her Majesty's General Service, with the specified Bounty to all Soldiers below the warrant Grade. Their Commanding Officers, and the Heads of Departments will, at the earliest opportunity, take the prescribed Declaration from the Volunteers, and will give them the Bounty, transmitting nominal rolls of the Volunteers to the Adjutant General of the Army.

LOCAL TROOPS.

28. Officers Commanding Divisions, Brigade and Stations, will form into Troops and Companies the Non-Commissioned Officers and Soldiers of the Cavalry and Infantry of Her Majesty's Indian Service, who elect for Local Service; and will appoint to them the requisite number of Officers, including Field Officers if required by the number of Troops and Companies. Men who have served together before in the same Troops or Companies, are, as far as possible, to continue so to serve together. Returns of all Troops and Companies so formed will be forwarded immediately, to the Adjutant General of the Army; and meanwhile they will remain and do duty at the Stations where they are formed, till the season will permit of their being organised into Regiments of each Arm, should their numbers admit of it.

29. The Officers, Non-Commissioned Officers and men of the Lahore Light Horse, will conform exactly to the rules laid down in this order, for the Officers, Non-Commissioned Officers, and men of the Regiments of Bengal European Light Cavalry, as regards volunteering for the Line, or remaining in the Local Service.

30. The Commander in Chief feels convinced that Officers Commanding Divisions, Brigades and Stations, will use their most strenuous exertions to insure the arrangements prescribed in this General Order being carried out without confusion, or irregularity; and that they will take special care that the changes in Regiments shall not in any way affect good order, or the comfort of Officers, or Soldiers, whether they elect for Her Majesty's General Army, or the Local Force.

31. Sir Hugh Rose requests His Excellency the Commander in Chief of the Bombay Army, and the Major General Commanding the Madras Army, to cause the instructions contained in this General Order to be carried out, making them applicable to the British Troops of Her Majesty's Indian Army, and to local requirements, within their Commands; and to have the goodness to inform him by Telegram, and more fully by Post, of the results of the volunteering, as regards both Officers and men.

No. 41.—Agreeably to para 31 of the foregoing General Order by His Excellency the Commander in Chief in India dated 10th April 1861, the Provincial Commander in Chief directs the attention of Officers Commanding Divisions, Forces, Stations and Regiments to the following instructions for carrying out the final arrangements for the new constitution of Her Majesty's Indian Army as laid down in the General Order* No. 332 of 1861 by His Excellency the Governor General of India in Council.

* Republished in G. O. G. No. 151, dated 10th April 1861.

First.—The volunteering of Soldiers of Her Majesty's Indian Army for Her Majesty's General Army will commence on the date of publication of this Order at Stations, and will close at the expiration of seven days, by which time the Non Commissioned Officers and Soldiers must have made their election for the line or local service.

Non Commissioned Officers and Soldiers.

Second.—Officers Commanding Divisions, Brigades, and Stations where there are European Troops of Her Majesty's Indian Army, will appoint an Officer of Her Majesty's Service, if possible a Field Officer, to superintend the volunteering for the new Regiments.

Third.—The above mentioned Commanding Officers will then call on the European Non Commissioned Officers and Soldiers of the Artillery, and Infantry, of Her Majesty's Indian Service, either to volunteer with the specified Bounty, for the Royal Artillery and the new Regiments of Infantry, or to elect to remain in the local service.

Fourth.—Soldiers of the Artillery and Infantry, desirous of volunteering will present themselves before the Superintending Officer, and a Justice of the Peace or Magistrate, who will sit together, and make before the latter Officer the Declaration appended to the Government Order, No. 332 of 1861, to serve in the Royal Artillery, or the —— Regiment of Foot. When the volunteer shall have made this Declaration, the Superintending Officer will enroll his name in the Royal Artillery or the new Regiment for which he has volunteered; after which the Superintending Officer will pay him his Bounty.

Fifth.—Officers Superintending the volunteering will apply to Pay Masters, or to Local Treasuries at Stations where there are no Pay Offices, for the funds required to meet the payment of the authorized Bounty to Volunteers.

Sixth.—Officers Commanding Divisions, Brigades, and Stations, will, as the Soldiers of Infantry Volunteer, form them into separate Companies, arranging, as far as possible, that the men who have served together before in the same Company shall continue so to serve together; and appointing the requisite number of Officers to each Company. The men will take with them their Arms and Equipments of all kinds.

Seventh.—As soon as the Provincial Commander in Chief is informed of the number of Officers and Men who volunteer for General Service, the necessary orders will be issued for the formation of the new Regiments of the Line. Meanwhile the new Companies formed of the Volunteers will remain under the orders of their old Commanding Officers.

Eighth—Officers Superintending the volunteering will pay particular attention to paragraph 11 of the Government General Order, No. 332 of 1861, which directs that the men who are now in each of the three Regiments of Infantry, and who volunteer for Her Majesty's General Service, shall join the new Regiment which represents their former Corps.

Ninth.—Should however the Soldiers of either of the present local European Infantry Regiments volunteer in a body, or in such numbers as would render it preferable that they should not be formed into new Companies, in this case they will retain their original formation as a Regiment, receiving at once their new designation; for example, the 1st Madras Fusiliers would become the 102nd Regiment of Foot, (Royal Madras Fusiliers) and so on. Officers of a Regiment so volunteering, electing to remain in the Local Service, will continue to do duty with the Regiment till relieved.

Tenth.—As stated in paragraph 18 of the Government Order, No. 332 of 1861, the Non Commissioned Officers of all Arms of Her Majesty's Indian Service, volunteering for Her Majesty's General Service, will carry their rank with them to the new Regiments to which they may volunteer, and should they be Supernumeraries, will continue to receive their pay, succeeding to vacancies in the proportion of three to four.

Eleventh.—Soldiers who now volunteer will have the option of choosing whether their future pension shall be reckoned according to the Regulations of Her Majesty's Army, or according to those of the Indian Forces. Their choice will be declared any time within three months from date of volunteering. They will also have the privilege of counting their past service towards completion of their contract service and for pension under whichever regulations they may choose.

Twelfth.—Boards will be held hereafter to record and close the services of volunteers in their old Regiments and their choice of pension rules.

Thirteenth.—Officers Commanding the Stations where the 1st Madras Fusiliers, the 2nd European Light Infantry and the 3rd Madras European Regiment are quartered, will invite the Officers of those Regiments, to volunteer into the Regiments, respectively, representing those to which they now belong; as ruled in paragraphs 51, 52 and 53, of Government Order No. 332; that is to say the Officers of the 1st Madras Fusiliers for General Service in the 102nd Royal Madras Fusiliers, the Officers of the 2nd European Light Infantry for General Service in the 105th Madras Light Infantry and the Officers of the 3rd European Regiment for General Service in the 108th Madras Infantry.

Officers.

Fourteenth.—Officers Commanding Divisions, Brigades, and Stations, will without delay ascertain the wishes of Officers of Cavalry and Infantry, of the Local Service in regard to volunteering to fill vacancies, the former in the 20th Light Dragoons and the latter in the New Line Regiments of Infantry, should there be vacancies in them; and will transmit immediately to the Adjutant General of the Army Rolls of Officers who elect for the Line; Officers of the old Local Regiments having the prior claim, to be appointed to the representative new Regiments.

Fifteenth.—Officers Commanding Divisions, Brigades and Stations, will report as soon as possible, to the Adjutant General of the Army by Telegram, and more fully by Post, the number of Officers and Men, who have volunteered for Her Majesty's General Service, as well as those who have elected for Local Service.

Sixteenth.—Officers Commanding Divisions, Brigades and Stations, will transmit to the Adjutant General of the Army the names of Officers of the Artillery willing to serve out of India, on the conditions specified in paragraph 30 of Government Order, No. 332.

Artillery.

Seventeenth.—The Officers mentioned in the preceding paragraph, and Officers from the Madras Artillery, who will receive Commisions in the Royal Artillery, concurrent with those which they now hold will be appointed to the new Batteries about to be formed.

Eighteenth.—The detached state, and peculiar nature of Artillery, prevent the Provincial Commander in Chief from, at once, ordering the formation of distinct bodies of Volunteers, as in the Infantry; but as soon as the Major General shall have learnt the numbers of Volunteers, as well as of the Men electing for Local Service he will issue the necessary orders for the organization of both bodies; in the meantime the Soldiers of both these classes will continue to serve in their present Troops, Batteries, and Reserve Companies.

Nineteenth.—Officers Commanding Divisions, Brigades and Stations, will transmit, with the least possible delay, by Telegram, and fully by Post, the names of Officers of Artillery, electing to serve out of India, and a numerical return of the volunteers for the Royal Artillery; forwarding duplicate rolls to the Commandant of Madras Artillery.

Twentieth.—The election for General or Local Service by Non-Commissioned Officers of the Sappers and Miners will be carried into effect in the same way as prescribed for the other branches of the service.

Engineers.

Twenty-First.—Warrant Officers, Non-Commissioned Officers and Men employed in the several Departments of the Army, Non-Commissioned Officers serving with Native Regiments, and all other men borne on the list of Effective Supernumeraries, will have the option of accepting the conditions of Her Majesty's General, Service, with the specified Bounty to all Soldiers below the Warrant Grade. Their Commanding Officers and the Heads of Departments, will, at the earliest opportunity, take the prescribed declaration from the Volunteers, and will give them the Bounty, transmitting rolls of the Volunteers to the Adjutant General of the Army.

Twenty-Second.—Officers Commanding Divisions, Brigades and Stations, will form into Companies the Non-Commissioned Officers and Soldiers of the Infantry of Her Majesty's Indian Service, who elect for Local Service; and will appoint to them the requisite number of Officers, including Field Officers if required by the number of Companies. Men who have served together before in the same Companies, are, as far as possible, to continue so to serve together. Returns of all Companies so formed will be forwarded, immediately to the Adjutant General of the Army; and meanwhile they will remain and do duty at the Stations where they are formed until further orders.

Local Troops.

Twenty Third.—The Provincial Commander in Chief feels convinced that Officers Commanding Divisions, Brigades and Stations, will use their most strenuous exertions to ensure the arrangements prescribed in this General Order being carried out without confusion or irregularity, and that they will take special care that the changes in Regiments shall not in any way affect good order or the comfort of Officers or Soldiers, whether they elect for Her Majesty's General Army or the Local Force.

No. 387 of 1861.—The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 432, of the 17th November 1860, are published for general information :—

Your letter of the 12th August last, No. 202, reports that, as passage money has hitherto been calculated according to rank, it appears to your Government that the Medical Officers, whose relative rank has been raised under the provisions of the late Royal Warrants, are entitled to receive passage money according to their increased rank; and that you have issued instructions to that effect. You further state that the rates of passage allowance fixed by the late Court of Directors might now be revised, with advantage, as suggested by the Officiating Military Auditor General; and you request the instructions of Her Majesty's Government on the subject.

2. The decision at which you have arrived, with respect to the rates of passage allowance of Her Majesty's British and Indian Medical Officers, appears to be in conformity with the intention of the Royal Warrants applicable to them. Under this decision, a Staff or Regimental Assistant Surgeon, after six years' full pay service, when entitled by the Regulations to passage money, will receive the rate fixed for a Captain, and so on in the higher Grades of relative rank.

3. With respect to your observation, regarding the expediency of revising the present rates of passage money, I have to inform you that I have been for some time in correspondence with the Secretary of State for War, with the view of assimilating the rates of passage allowance applicable to India, and the rules under which they are drawn, with those authorized by the War Office Regulations. The result will be hereafter reported to you.

No. 388 of 1861.—The following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 135, of the 23rd March 1861, is published in General Orders :—

A question having arisen as to the interpretation to be put on that part of Her Majesty's Warrant (quoted in the margin,) authorizing the distribution of the property captured at Lucknow as Prize.

"And whereas our said Commissioners have recommended unto us to grant all the said booty, for the use of the Commander in Chief, Officers and Men belonging to our Naval and Military Forces, and the European and Indian Troops of the East India Company, which took active part in the Operations leading to the aforesaid Capture of the said City of Lucknow and its Dependencies, including all the Troops at first entrenched in the said Residency, the said Force under the Command of the late Major-General Sir Henry Havelock, Bart., K.t., Commander of the Most Honorable Military Order of the Bath, the Force which held Cawnpore during the final Operations against Lucknow, and the said Force under the personal Command of the said Baron Clyde, of Lucknow, which took part in the said Capture of the said City of Lucknow and its Dependencies, or in the Operations which contributed thereto, which Operations commenced with the first affair at Chinhutt, and the investment of the Residency by the Rebels on or about the Twenty-ninth of June, One thousand eight hundred and fifty-seven, and ended with the final expulsion of the Rebels, and the Capture of the said City of Lucknow on or about the Twenty-first of March, One thousand eight hundred and fifty-eight."

I have determined in pursuance of the authority vested in me by the Royal Warrant, that the Force which advanced from Allahabad under Major-General Havelock, the Forces of Lord Clyde, which, under Major General Windham, held Cawnpore, and that which brought off the beleaguered Garrison of Lucknow intermediately between Chinhutt and the recovery of Lucknow, from the Rebels, as well as the Force under Lord Clyde present at the final Operations and that which held Cawnpore during such final Operations, are entitled to share in the Prize Moneys.

FORT WILLIAM, MILITARY DEPARTMENT.

THE 3RD MAY 1861.

THE following Resolution is published for general information and guidance:—

Military Department, 3rd May 1861.

RESOLUTION.—His Excellency the Governor General in Council has had under his consideration the strength of Native Infantry which it may be necessary hereafter to keep up in India, and the amount of reductions which it may, in consequence, be possible to make in existing Establishments.

2. When the orders lately issued by the Government of India for relieving the Army from numerous Civil Guards and other Non-Military duties are fully carried out, a strength of 600 Privates per Regiment will be sufficient for all ordinary duties of a Native Infantry Battalion in time of peace, and His Excellency in Council is therefore pleased to fix this number as the ordinary Establishment of all Native Infantry Regiments, Regular and Irregular, throughout India, and to direct that all such Corps be reduced to that strength with the least practicable delay.

3. Every Native Infantry Regiment in India will hereafter consist of eight Companies, with the following uniform Establishment:—

1	Subadar.
1	Jemadar.
5	Havildars.
5	Naicks.
2	Drummers.
75	Privates.
89	

Making a total per Regiment of eight Companies of 712 of all Ranks.

4. Each Regiment in Bengal will a have Non-Effective Native Staff, composed of one Subadar-Major, a Drill Havildar, a Drill Naick, eight Color Havildars, eight Pay Havildars, one Drum Major, and one Fife Major.

5. In Madras and Bombay the Establishment of Native Staff will remain as at present.

6. Corps having Honorory Colors will retain the Extra Native Officers, and all other classes of Native Officers and Non-Commissioned Officers not above specified will, for the future, be modified to meet in Bengal Regiments the reduced Establishment.

21. In the Madras Army the reductions already effected by the Government of Madras and His Excellency the Commander-in-Chief leave little to be done as regards the Establishment of Native Infantry. In August 1859 there were fifty-two Regular and three Extra Regiments of Native Infantry, of ten Companies each, with a total established strength of 62,775 men. These have since been reduced to the Normal Establishment of fifty-two Regiments, of eight Companies each with a total established strength on the 1st November 1860 of 36,348 men, being a reduction of 104 Companies and 26,437 men, including Supernumeraries, who are in course of absorption. The effective strength, on the 1st November last, was under 40,000 men, so that an actual reduction has already been effected to the extent of at least 22,775 men.

22. In the Bombay Army the Native Infantry Regiments have been already reduced from ten to eight Companies, and the number of Privates to 600 per Regiment; three extra Battalions and the 3rd Belooch Battalion organised in 1857-58 have been reduced, and the Veteran Battalion abolished; but the number of Regiments is still one in excess of what it was before the year 1857, owing to the organization of two Regiments of Jacob's Rifles and of two Regiments (the 30th and 31st) organised in June 1858, in place of the 21st and 27th Regiments disbanded.

23. His Excellency the Governor General in Council resolves that four Regiments, such as His Excellency the Governor in Council of Bombay may select, shall now be broken up; the Officers and Men composing them being disposed of with the least possible prejudice to their individual interests, as the Honorable the Governor in Council, and His Excellency the Commander-in-Chief at Bombay, may think best for the Public Service.

24. On the 1st August 1859 the strength of the Native Infantry of the Bombay Army was 30,158 Non-Commissioned Rank and File; but, under the operation of this Order, as well as by the previous action of the Government of Bombay, it will be reduced to 21,360 of all Ranks, making a total reduction of upwards of 8,000 men of all Ranks.

25. The Establishment of Native Infantry in the Indian Army, the Estimates for which will be submitted in the Military Department, will henceforward be as follows:—

	Battalions.
Under the Government of India..	.. 12
Bengal Army (including all Sikh and Punjab Regiments)	.. 60
Madras Army..	.. 52
Pegu Sapper Battalion (temporary)..	.. 1
Bombay Army..	.. 30
Total	.. 155

making a total strength of about 1,10,400 men of all Ranks, Native Officers included, against a total of 1,74,237 of all Ranks on the 1st October 1859, shewing a reduction of more than 63,800 men of all Ranks, and a saving fully equal to one Crore of Rupees, or one Million Sterling.

26. The following Rules are laid down for disposing of the Supernumeraries who will remain under the above Orders:—

In each Army His Excellency the Commander-in-Chief is authorized to discharge all inefficient men, who may not be recommended for transfer to the Pension Establishment, as well as all able-bodied men under four years' service, who have no special claim for good service in the field. To the above, as to able-bodied men of above four years' service, who may wish to have their discharge, gratuities will be allowed according to the following scale:—

Men of under 3	years' service,	3	months' pay.
,, from 3 to 6	,, ,,	6	,,
,, ,, 6 to 8	,, ,,	9	,,
,, ,, above 8	,, ,,	12	,,

transfers of Commissioned. Non-Commissioned Officers, and Privates being made so as to equalize the strength of the Regiments maintained. In addition to the above, a gratuity not exceeding two months' pay will be granted as travelling allowance in proportion to the distance to be travelled to the men's homes, under Rules which will be laid down by His Excellency the Commander-in-Chief. Men transferred to the Police will be allowed to reckon in the constabulary their service in the Line. All Native Commissioned Non-Commissioned Officers, and Privates, who have served the regulated period for Pension, if physically unfit for active Field Service, may be recommended for transfer to the Pensiou Establishment.

27. As regards the 73rd Native Infantry and the 10th and 14th Punjab Infantry, it will be in the discretion of His Excellency the Commander-in-Chief to withhold recommendations or gratuities from any men who, by their miconduct, have proved themselves unworthy of them.

28. For the special purpose of carrying out this order, the Invaliding Committees will be composed of two Medical Officers and one Regimental Officer, if possible a Field Officer, to be selected by His Excellency the Commandr-in-Chief.

29. After the equalization of the strength of Corps, and the pensioning and discharge of men ordered to be so dealt with, Supernumeraries will be absorbed by vacancies; but, to prevent stagnation in promotion, one step will be given for every two vacancies in each of the grade of Naick, Havildar, Jemadar, and Subadar, pending the absorption of Supernumeraries.

30. The Military Finance Department are charged with the duty of issuing such subsidiary orders as the above arrangements, in their financial effect, may call for.

31. The same rules will be applic able to all Corps under the Government of India, the Governor General's Agent, Resident, or other Political Officer, under whose immediate control the Regiment is now placed, being vested with the same powers for the purpose of carrying out the orders as are given in the above Rules to the Commander-in-Chief, and being charged with the duty of seeing that the orders are carried into effect with the least practicable delay.

No. 96.

Financial Department, Fort William, the 8th May 1861.

Resolution.—Certain applications for additional establishments having been submitted for consideration and orders since the Budget Estimates for the current official year were passed, His Excellency the Governor General in Council observes that such applications cannot be complied with, unless the expenditure on account of them can be met by a reduction of other items of expenditure under the heads of service to which the applications in question appertain.

This principle has already been enunciated on more than one occasion.

It was explained in the Report of the Budget and Audit Committee, No. 6, of the 27th October 1860, that the Budget Estimates were to exhibit the "scale of charge" of the year; and it was pointed out that that scale of charge should embrace, under each department, the whole of the charges appertaining to such department, whether to be paid in the Presidency to which they belong or elsewhere. Separate provision was made only for "extraordinary expenditure rendered necessary by unforeseen emergency;" and it was remarked, on paragraph 38 of the Budget and Audit Committee's Report No. 10, of the 18th January 1861, in respect to *such* expenditure, "that as all charges of whatever character that have to be included "in the Budget Estimates as the scale of charges for the year, should be definitely and clearly set forth in "the Budget Estimates of the several departments, and brought under fixed and clearly defined heads, and "based on calculations sufficiently specific to be capable of verification, the 'Extraordinary' expenditure "referred to does not come within the above, nor is it expenditure on account of petty contingencies or "miscellaneous items for which provision is made in the Budget Estimates for various purposes regularly "recognized by Government and classed under fixed heads of service. It is confined to expenditure on "account of Wars, Famines, Inundations, and such like occasions, which cannot ordinarily be foreseen, "and may best be provided for by special grants as the emergencies arise."

The Governor General in Council requires that the Rules thus laid down shall be strictly adhered to; that the sums sent in by the Local Governments and passed by this Government, shall be held to be sufficient for the wants of the Local Governments for the year; and that these sums shall in no instance be exceeded except in cases of the description above-mentioned, and, in cases of pensions and gratuities, the occasions for which cannot be accurately foretold and certainly provided for in the Budgets.

In all other cases, whether of establishments or casual charges the requirements of the Local Governments will be sufficiently met by the arrangement set forth in the Resolution of this Department, No. 11322, of the 15th November 1860, under which the heads given in Column 3 of the Statement entered in the margin, were prescribed as the heads to which specific sums would be appropriated, and within the limits of which the Local Governments would be at liberty to expend at discretion, subject to the following provisions, *viz*:—

"1*st*. That any alteration in the distribution of the charges of a department be at once reported with "all details, as at present, to the Government of India."

"2*ndly*. That no salary of any Officer appointed by any Government can be altered or *redistributed* "without the sanction of the Government of India previously obtained.

"3*rdly*. That no general rates of pay or allowances shall be altered nor any charge incurred, which "can pledge the Government beyond the year to which the Estimate relates, without the sanction of the "Government of India; and

"4*thly*. That all existing Rules relating to the control of the Government of India over pensions "and superannuations remain in force."

The Governor General in Council desires that the attention of all Departments, Governments, and Officers, be specially directed to these rules; and he requests that in future all Officers will *refrain from sending in any applications* for expenditure in excess of the Budget grants except in special cases of the nature referred to above.

Subsidiary orders in connection with the charges of the Military Department will be issued, in accordance with the principle of the above instructions, by the Military Finance Department.

Ordered, also, that the Resolution be published in the *Government Gazette*, for general information.

The Commander in Chief is pleased to direct that the following General Order which was issued to the Regiments of Her Majesty's British Army on the 13th April be published to Her Majesty's Indian Forces.

H. M. Adjutant General's Office:
Fort St. George, 13*th April* 1861.

Charge.—"For having at Cannanore on or about eleventh February, one thousand eight hundred and sixty-one, when a Prisoner undergoing the Sentence of a District Court Martial, disobeyed the lawful Command of his superior Officer, Serjeant Patrick Downey of the same Regiment, in the execution of his Office as Provost Serjeant, when ordered by him to dress for Drill in marching order by refusing to do so."

"The above being in breach of the Articles of War."

Cannanore, Twelfth day of February, one thousand eight hundred and sixty-one. } (Signed) G. MAXWELL, Lieut. Colonel, *Comdg. H. M.'s Sixty-sixth Regiment.*

Upon which Charge the Court came to the following decision.

"The Court on the evidence before it and the Prisoner having urged nothing in his defence is of opinion that the Prisoner Denis McIntyre, Regimental number four hundred and sixteen, Private in the Fifth or Captain J. Galbraith's Company of Her Majesty's Sixty-sixth Regiment, is"—

Finding on the Charge.—"Guilty of the charge."

Sentence.—"The Court sentence the Prisoner Denis McIntyre, Regimental number four hundred and sixteen, Private in the Fifth or Captain J. Galbraith's Company of Her Majesty's sixty-sixth Regiment to receive a Corporal punishment of fifty lashes with a cat o'nine tails on his bare back in the usual manner, and further to imprisonment with hard labor for the period of six months to commence at the expiration of the imprisonment to which he, Private Denis McIntyre, was sentenced by a District Court Martial on the 25th January 1861."

Ootacamund, *8th April* 1861. } (Signed) R. BUDD, Major General, *Provincial Commander in Chief.*

Remarks by the Provincial Commander in Chief.

"I consider the sentence awarded to be inadequate to the grave offence committed by the Prisoner, but as the discipline of the Regiment does not seem to call for a very severe example, I have not in this case directed a revision, I cannot comply with the recommendation of the Court for the discharge of the Prisoner, as it is highly probable that he is scheming to obtain a release from the service."

By order of Major General Budd, Provincial Commander in Chief.

(Signed) J. M. PRIMROSE, Lieutenant Colonel, *Depy. Adjt. Genl. H. M. B. Forces.*

The sentence is to be carried into effect under the Orders of the Officer Commanding Malabar and Canara and Cannanore.

No. **206** of 1861.—The following General Order by His Excellency the Governor General of India in Council, is republished:—

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 4th June 1861.

No. 497 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 172 of the 24th April 1861, are published for general information:—

1. I have received and considered in Council your Excellency's separate Despatches, Nos. 3 and 4, dated 21st January 1861, regarding the application to the Indian Medical Department of certain Clauses of the Royal Warrant of the 13th January 1860.

2. In my Despatch No. 326, dated 22nd August 1860, with reference to the objections which had been made to the 8th Clause of the Warrant under which all Medical Officers below the rank of Deputy Inspector-General will be placed on the Retired List when they shall have obtained the age of 55 years, I expressed my willingness to consider any plan that your Government might suggest for reconciling the efficiency of the Public Service (which must be the primary object) with a fair consideration of the claims of the Medical Department.

3. The plan which appears to your Excellency best suited to protect the Public interests and the claims, at the same time, of Medical Officers is that of relaxing the rule embodied in the 8th Clause of the Warrant, in cases where superior Medical Authorities certify the perfect competency and fitness of the Medical Officer, who has completed the age of 55 years without having obtained the rank of Deputy Inspector-General.

4. I am willing to assent to the adoption of this plan in regard to the Medical Officers who entered the Service prior to the promulgation of the Royal Warrant, provided that the perfect competency and fitness of the Medical Officers be, in all cases, certified by a Board consisting of two Medical Officers, one of whom must be an Inspector-General or Deputy Inspector-General, and the Commanding Officer, or Senior Civil Officer, under whom the Medical Officer may have been serving.

5. The Certificate of efficiency granted by such a Board may hold good for three years, but in no case will a Medical Officer under the rank of Deputy Inspector General be permitted to remain on the Effective List after he shall have attained the age of 60 years.

6. A Medical Officer who may be unable to obtain the Certificate of competency above referred to will be placed on the Retired List, receiving, as recommended by Government, the rate of Pension next above that to which his period of service in India may entitle him, provided that he be not already entitled to retire on the higher rate, viz., £700 a year.

7. A similar course may be pursued with respect to Medical Officers employed on unprofessional duties on their attaining the age of 55 years.

8. Your General Order of the 26th December, giving effect to the instructions conveyed in my Despatch No. 397 of the 31st October 1860, regulating the amount of leave of absence allowed to reckon as service towards the qualification for the rank of Surgeon-Major, is approved.

9. With reference to the modification of the Pension Rules of the Medical Service, suggested by Doctor Forsyth, I have to inform you that the whole question of the re-organization of the Indian Medical Service is now under consideration, and that the determination of Her Majesty's Government thereon will be communicated to you hereafter.

(Signed) R. J. H. BIRCH, Major General,
Secy. to the Govt. of India.

HEAD QUARTERS:

GENERAL ORDER. OOTACAMUND, 29*th April* 1861.

At a General Court Martial holden at Rangoon, on Friday the 14th day of December 1860, Private James Byrne, Regimental No. 4181 in the A or Captain Cavendish Charles Fitzroy's Company of Her Majesty's 68th Light Infantry, was arraigned upon the following Charge:—

Charge.—"That he, James Byrne, on or about the eleventh day of December, one thousand eight hundred and sixty, at Rangoon, he being then and there a Soldier, serving in Her Majesty's Indian Territories, at a distance of upwards of one hundred and twenty miles from the Presidency of Fort Saint George, did feloniously kill and slay one William Jeffries, a Serjeant in Her Majesty's sixty-eighth Light Infantry."

"The above being within the provisions of the Articles of War."

Rangoon, thirteenth December, one thousand eight hundred and sixty. } (Signed) H. H. GREER, Lieut-Colonel, *Commanding H. M.'s Sixty-eighth Light Infantry.*

Upon which charge the Court came to the following decision—

"The Court having maturely weighed and considered the evidence before it, and what has been stated in defence is of opinion, that the Prisoner James Byrne, Regimental number, four thousand one hundred and eighty-one, Private in the A or Captain Cavendish Charles Fitzroy's Company of Her Majesty's Sixty-eighth Light Infantry, is"—

Finding on the Charge.—"Guilty of the Charge."

Sentence.—"The Court having found the Prisoner guilty as above stated, doth sentence him, the said James Byrne, Regimental number, four thousand one hundred and eighty-one, Private in the A or Captain Cavendish Charles Fitzroy's Company of Her Majesty's 68th Light Infantry, to suffer death by being hanged by the neck until he be dead."

Revised Sentence.—"The Court having found the Prisoner guilty as above stated, doth sentence him, the said James Byrne, Regimental number, four thousand one hundred and eighty-one, Private in the A. or Captain Cavendish Charles Fitzroy's Company of Her Majesty's 68th Light Infantry, to suffer Penal servitude for the term of his life."

(CONFIRMED.)

Ootacamund, 8th April 1861. } (Signed) R. BUDD, Major General, *Provincial Commander in Chief.*

His Excellency the Governor in Council concurs in the confirmation by the Provincial Commander in Chief of the sentence of Penal Servitude for life, passed on Private James Byrne, of Her Majesty's 68th Regiment Light Infantry, and in the said sentence being carried into execution.

Council Chamber, Fort Saint George, 12th April 1861. } (Signed) H. MARSHALL, Colonel, *Secretary to Government, Mily. Dept.*

Remarks by the Provincial Commander in Chief.

A Court of Inquest on the body of the deceased Serjeant, returned a verdict of wilful murder against the Prisoner, the Officer whose duty it was to prepare the Charge was directed to do so, and to conduct the trial at once ordered. The evidence adduced proved the act to have been premeditated and most malicious. The Court convicted the Prisoner of the charge and sentenced him to be hanged.

The Proceedings were transmitted for approval when it was found the Prisoner had been tried on a charge of Manslaughter, but not of Murder, and having been so tried, the sentence was not legally awardable for the crime of which he stood convicted.

Neither could he be again tried, the 167th Article of War providing to the contrary.

Through the culpable inadvertence therefore of this Officer hereafter to be noticed there has been a failure of justice and the Prisoner escapes with his life so deservedly forfeited to pass the rest of his days in Penal Servitude; the utmost punishment the Court is empowered to award.

By order of Major General R. Budd, Provincial Commander in Chief.

(Signed) J. M. PRIMROSE, Lieutenant-Colonel, *Deputy Adjutant General H. M. B Forces.*

The Prisoner is to be sent to the Presidency under an Escort and delivered over to the Custody of the Civil Power.

This Order is to be entered in the General Order Book and read at the head of every Regiment in Her Majesty's British Service on the Establishment of Fort Saint George.

By order of Major General Richard Budd.

SUMMARIES OF CONSTRUCTIONS OF INCOME TAX ACTS XXXII. AND XXXIX. OF 1860.

No. 114.
CANTONMENTS
AND BAZARS, MILITARY, SITUATED IN NATIVE GOVERNMENT STATES, ASSESSMENTS IN THEM TO INCOME TAX, BY WHOM AND HOW TO BE MADE.
Act XXXII of 1860.
Sections IX., XXIV., and XXXI.

THE right to appoint Special Assessors is given to the Local Governments by Section XXXI, Act XXXII of 1860, but the powers of a Special Assessor appointed under that Section are confined to the execution of matters in relation to the duties mentioned in Schedules 3 and 4 of the Act. He has no power to act in relation to the matters mentioned in Schedules 1 and 2, which are the principal matters, in respect of which persons residing in a Military Cantonment or Bazar are subject to the payment of Income Tax. When such Cantonment or Bazar is situate in a Native-governed State, it is competent to the Governor General of India in Council, under Section IX, Act XXXII of 1860, to place it, for the purposes of the Act, within any Revenue jurisdiction which he may think proper, by an Order to be published in the *Calcutta Gazette*. When so placed, the Collector of such Revenue jurisdiction would be in a position to execute the same powers in such Cantonment or Bazar which he can exercise in his own Division or District, and, amongst other things, to appoint, under Section XXIV of the Act, with the sanction of the Local Government, the Cantonment Magistrate as an Assessor, together with such Ministerial and other Officers as may be considered necessary for carrying out the provisions of the Act.—*(Financial Department Order, No. 2645, dated 11th March 1861.)*

NOTE.—Under this construction Aden was constituted a separate Division, and several Military Bazars of the Bombay Presidency situated in Native-governed States were placed within certain specified Revenue jurisdictions.

No. 115.
QUARTER-MASTER GENERAL AND DEPUTY QUARTER-MASTER GENERAL,
WHAT PORTION OF ALLOWANCES LIABLE AND WHAT PORTION NOT LIABLE TO INCOME TAX.
Act No. XXXII. of 1860.
Section CXXIX.

UNDER Section CXXIX, Act XXXII of 1860, the Quarter-Master General and Deputy Quarter-Master General of the Army are exempt from Income Tax in respect to their Horse allowance and Tentage, and the Quarter-Master General of the Army in respect of Office Rent also.

CLERKS AND DRAFTSMEN,
TRAVELLING ALLOWANCE OF, NOT LIABLE.

THE Travelling Allowance of the Clerks and Draftsmen attached to the Quarter-Master General's Department, which is sometimes improperly called "Batta," is also exempt.

LIABILITY OF BATTA AND REMAINING INCOME.

THE batta and remaining income of Staff Officers and the remaining income of the Clerks and Draftsmen are liable to be taxed.—*(Financial Department Order, No. 4421, dated 18th April 1861.)*

No. 118.
HOUSE,
PROPERTY OF GOVERNMENT, ANY PERSON OCCUPYING, WHEN LIABLE TO BE ASSESSED TO INCOME TAX IN RESPECT OF THE RENT THEREOF.
Act XXXII of 1860.
Section XCVII.
Rules 7 and 8.

ANY person occupying a house, the property of Government, is, in respect of the Income Tax, on precisely the same footing as if he occupied a private house. Supposing such person to pay Rack Rent for the house he will be liable to Income Tax on his salary or the annual profits arising to him from any other source, whatever they may amount to, but to nothing additional in respect of the house. If, however, he pay no rent for the house, or if he pay less than Rack Rent, the amount below Rack Rent is profit or income assessable over and above the salary or other profits of such person under Schedule 1, Section XCVII. (Rules 7 and 8), Act XXXII. of 1860. The principle is clear that the rent of a person's private dwelling house is not to be treated as a working expense and deducted from his net income, but as part of the necessary expenditure of that income.

DEDUCTION,
ON ACCOUNT OF, IN WHAT CASE ALLOWABLE.

THE only case for deduction that can arise is when an Officer pays rent, whether to Government or to some one else, for a larger house than he would otherwise occupy, because he uses part of the house for a Government Office. In such a case, if the arrangement for the Office has been recognized, the Officer who occupies the house is entitled to a *pro rata* deduction for so much of the rent as is fairly due for the Office. He cannot claim a deduction in respect of the entire rent, because part of the house is occupied as an Office.—*(Financial Department Order, No. 2295, dated 1st March 1861.)*

READ the following correspondence regarding the salary due to Major G. Chesney during the time he officiated as Principal of the Civil Engineering College at the Presidency, at the same time that he had substantive charge of the Bengal Office of P. W. Accounts:—

To Major Chesney No. 8648, dated 20th December 1859.
From Major Chesney No. 302, dated 22nd December 1859.
Extract, Financial Department, No. 1748, dated 8th March 1860.
To Secretary to Government of Bengal No. 1401, dated 16th March 1860.
From Secretary to Government of Bengal No. 742, dated 20th February 1861.
To Controller of Military Finance No. 675, dated 6th March 1861.
From Controller of Military Finance No. 1179, dated 3rd April 1861.
To Secretary to Government of Bengal No. 1381, dated 27th April 1861.
From Officiating Civil Pay-master No. 5, dated 6th May 1861.

OBSERVATIONS.—On reviewing this case, His Excellency the Governor General in Council observes that the facts appear to have been overlooked or misunderstood both in this Department and by the Officers under the Financial Department. The real state of the case is as follows:—

2. When Major Chesney held the Post of *Officiating* Principal of the Civil Engineering College he was appointed to the *substantive* post of Controller and Auditor (now Controller and Examiner) of Public Works Accounts in Bengal, in succession to Captain Dickens, and from the 26th January to 21st December 1860 he performed the duties of both Offices.

3. Major Chesney drew a Staff salary of Rupees 650 a month as Officiating Principal, and, on being appointed to the substantive charge of the Bengal Account Office, he was told he was entitled, for the present, to draw such portion of his predecessor's (in the Account Office) Staff salary in addition to his salary as Officiating Principal as the Civil Auditor might consider admissible under the circumstances.

4. The Civil Auditor appears to have understood that Major Chesney was appointed to *act* as Controller and Auditor, and that his Staff appointment was that of Principal of the Civil Engineering College,

and he suggested that he should "draw the pay of his Staff appointment in full, and, in addition thereto, a moiety of the Staff salary of Captain Dickens, as Officer in charge of the Central Office of Accounts," to the extent of Rupees 150 per mensem. This suggestion was approved in the Financial Department, and was passed on through this Office to the Bengal Government.

5. Major Chesney appealed against this decision, referring to Financial Resolution of the 16th March 1860, which rules that an "Officer" holding a permanent appointment, who is called upon to perform the duties of another or second office (not subordinate to his own), shall receive a moiety of the salary of the appointment in which he is officiating, in addition to the full salary of his own appointment, provided that no extra expense be entailed on Government. It was declared, however, in the Financial Department, that this Resolution is only applicable to Uncovenanted Servants. This is perhaps the case, though there is nothing in the Resolution itself to shew that it is so.

6. When a further appeal from Major Chesney was forwarded to the Government of India in this Department, the case was referred to the Controller of Military Finance for his view of it. This Officer appears to have understood that Major Chesney held *two Officiating* appointments, but stated, notwithstanding, that a Military Officer similarly situated would, under the Military Rules, have been allowed the full Staff pay of his own appointment, and a moiety of the Staff pay of the absentee, under Section XXXII., paragraph 19, page 329 of the Pay Code.*

* "When Staff Officers are directed to officiate in other than their permanent appointments, and perform the duties of both situations, they will be permitted to draw the authorized Salaries and Office Allowances annexed to their permanent appointments, in addition to a moiety of the Salary of the situation they may be selected temporarily to fill, together with the Office allowances attached, with exception of Horse Allowance and House-rent (or any corresponding Allowance), which are admissible in one capacity only."

7. The letter from this Department No. 1381, dated 27th April 1861, to the Government of Bengal, issued after the receipt of the above opinion, claiming for Major Chesney full salary as Principal, and half salary of Controller and examiner, under Financial Resolution of 16th March 1860, appears to have been written under a double error, *viz.*, that the Resolution is applicable to other than Uncovenanted Servants, and that the Principalship was Major Chesney's substantive appointment.

8. Mr. Sandeman's reply to it corrects one of the errors in stating that the Resolution of the 16th March 1860 is not applicable to Covenanted Servants, and therefore he maintains that Major Chesney's claim to the additional allowance, while "acting" as Controller and Examiner, is inadmissible under the ruling of the Government of India in the Financial Department, *dated 19th July* 1860. It is not known in this Department what ruling is referred to here.

9. But on the general merits of the present case, as it really stands, the Governor General in Council observes that there appears to be a distinct Rule in such cases applicable to Military appointments, and an equally distinct and identical Rule applicable to Uncovenanted Civil appointments, and that there surely ought to be some rule or principle applicable to Civil appointments held by Military Officers.

10. It is true that it is perhaps not possible that, in such a case, the duties of both offices can be perfectly performed, but this is just as applicable to the incumbents of Military or Uncovenanted appointments; and the union must certainly, in the case of a conscientious Officer, entail very severe work.

ORDERED, that the correspondence now read, and the above explanations and remarks, be forwarded to the Financial Department, with a request that the point may be re-considered.

FINANCIAL DEPARTMENT.
Fort William, the 25th June 1861.

WITH reference to the remarks contained in paragraph 9 of the foregoing Extract, and to the circumstance that the allowances of Military Officers in Civil employ are now generally regulated, not in accordance with the Civil Rules as they used to be, but in accordance with the Military Rules, the Governor General in Council is pleased to resolve that, in modification of the orders passed in this Department on the 8th March 1860, No. 1748, it be ruled for the future that a Military Officer in Civil employ, holding a permanent appointment, who is called upon to perform the duties of another or second office, shall be allowed to receive a moiety of the salary of the appointment in which he is officiating, in addition to the full salary of his own appointment, provided that no extra expense be entailed on Government.

By order of His Excellency the Governor General in Council.

C. HUGH LUSHINGTON, *Secy to the Govt. of India.*

FORT ST. GEORGE, 16TH JULY 1861.

No. 236 of 1861.—The following Financial Notification published in the FORT ST. GEORGE GAZETTE of the 12th July 1861, is republished in General Orders:—

No. 121.

Extract from the Proceedings of the Government of India, in the Financial Department, dated 15th June 1861.

READ again the under-mentioned papers on the subject of the new system of Budget, Audit, and Account:—

Letter from the Budget and Audit Committee, No. 6, dated 27th October 1860.

Financial Resolution, No. 11300, dated 14th November 1860.

Letter from the Budget and Audit Committee, No. 10, dated 18th January 1861.

Financial Resolution, No. 852, dated 26th idem.

RESOLUTION.—The Governor General in Council observes that, in paragraph 57 of the Budget and Audit Committee's Report, No. 6 of the 27th October 1860, the dates fixed for the preparation of the several Returns were the following:—

The Departmental Budget Estimates to reach the Local Civil Auditors (Accountants) by the 1st January.

The Local Civil Auditors (Accountants) to close their several Budget Estimates, so as to reach the Local Governments by the 15th January.

The Local Governments to examine the Budget Estimates and send them in to the Financial Department of the Government of India on the 1st February.

The Local Civil Auditors (Accountants) to forward, direct to the Financial Department of the Government of India, their Estimates of Cash Requirements on the 1st February.

2. It was also proposed in the same Report that the Military and Naval Estimates should be prepared and forwarded, under orders of the Military Finance Department, to the Deputy Auditors General at Madras and Bombay, who should incorporate them with the Civil Estimates in one General Statement for the Presidency, and that such General Statement should be sent through the Local Government to the Financial Department of the Government of India, by which Department it was intended that the Military and Naval portions of the Estimates should be sent for report to the Military Finance Department.

3. The Governor General in Council also observes that, in paragraph 48 of the Budget and Audit Committee's Report, No. 10 of the 18th January 1861, the Budget and Audit Committee repeated their opinion that this last-mentioned course should be followed; but instead of the combined Military and Naval Estimates being forwarded, after revision, direct to the Government of India by the Military Finance Department, they considered that it should be forwarded by that Department to the Auditor General. In like manner they thought that the Civil Estimates of all the Presidencies and Administrations should be forwarded by the Financial Department of the Government of India to the Chief of the Civil Finance Department for revision, and when the Estimates of the two Departments have respectively thus been revised, that the whole should be consolidated into one General Abstract Estimate by the Auditor General of India, for submission to the Financial Department of the Government of India.

4. It will certainly, His Excellency in Council thinks, be desirable, as time goes on, that the Chiefs of the Civil and Military Finance Departments should review the Budgets as they are received. There will, doubtless, be information at their command in connection with the detailed expenditure of the several Presidencies, which will not be available elsewhere, and they will, in consequence, be able to offer a better opinion as to the heads under which reductions may be feasible in the expenditure of the several Departments of the several Governments than can be looked for from any other Officers. But it will be indespensable, in order to enable the Chiefs of the Departments to effect their revisions of the Estimates in proper time, that the Budget Estimates should be delivered on earlier dates than those mentioned above; and His Excellency in Council believes that it will also be advisable to rescind that part of the prescribed practice which provides for the consolidation, by the Auditor General, of the whole of the Budgets into "one General Abstract Estimate" for submission to the Financial Department.

5. Complaints have been received from more than one Local Deputy Auditor that sufficient time is not now allowed to compile their Budget Estimates from the Departmental Estimates. It has also been urged that fifteen days are not more than sufficient for a proper revision of the Returns of the Local Deputy Auditors by the Local Governments, and as, after the Estimates have been received in this Department from the Local Governments, they will have to be reviewed by the Chiefs of the Civil and Military Finance Departments before they are brought to be finally disposed of by the Government of India in the Financial Department, it is essential, His Excellency in Council thinks, that the dates for the delivery of the Estimates should be changed. And, on a re-consideration of the question, he accordingly directs that the following dates be observed in the place of those prescribed in paragraph 57 of the Budget and Audit Committee's Report, No. 6 of the 27th October:—

Departmental Budget Estimates to reach the Local Civil Auditors (Accountants) by the 15th December.

The Local Civil Auditors (Accountants) to close their several Budget Estimates so as to reach the Local Governments on the 10*th January*.

The Local Governments to examine the Budget Estimates and send them in to the Financial Department of the Government of India on the 25*th January*.

The Financial Department to send them on to the Chiefs of the Civil and Military Finance Departments immediately on receipt.

The Local Deputy Auditors (Accountants) to forward, direct to the Financial Department of the Government of India, their Estimates of Cash Requirements on the 1st February (as at present.)

6. In regard to the consolidation of the Estimates by the Auditor General, His Excellency in Council considers the measure unadvisable, because it will, in all probability, not be final. Alterations in the Local Estimates will almost certainly be made in the Financial Department, and a fresh consolidated Estimate will, in consequence, have to be prepared. There will not either be time for both the consolidation by the Auditor General, and a proper review of the Estimates in the Financial Department. The one or the other must therefore be omitted, and as there is no doubt of the necessity of a full and careful examination of all the entries in the Financial Department before the Budget is finally passed, His Excellency in Council has decided that the revision shall be made in the Financial Department before the consolidated Estimate is prepared, and also that the consolidation shall be effected in the Financial Department as it has been done heretofore.

ORDERED, that a copy of the above Resolution be forwarded to the Budget and Audit Committee for information.

No. **249** of 1861.—The following General Order by His Excellency the Governor General of India in Council, is republished :—

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 9th July 1861.

No. 598 of 1861.—Inquiries having been received from various quarters respecting the intended operation of some of the provisions of the General Order No. 332,* dated the 10th of April last, His Excellency the Governor General of India in Council is pleased to publish, for general information, the subjoined Questions having a general application, with the Answers given to them by Government. Further Questions, with their Answers, will be published in subsequent *Gazettes* :—

Question 1.—If a Soldier (of either limited or unlimited service) elects to remain in the Indian Service, will he, at the expiration of his present term of contract, be permitted to re-enlist for Indian Service ?

Paragraphs 16 and 17.

Answer 1.—No. Henceforward no enlistment or re-enlistment for the Indian Service will be legal. But Soldiers who have elected for the Indian Service, and are men of good character, will be allowed, by the Commander-in-Chief, to volunteer for General Service at the expiration of their present term of contract, and to re-enlist into the Royal Artillery and Regiments of the Line serving in India

Question 2.—Will the Non-Commissioned Officers of the Public Works Department, and of the Corps of Sappers, be eligible, as heretofore, for the grade of Warrant Officer ?

Paragraph 19.

Answer 2.—Yes. The openings which have hitherto existed for them will still continue.

Question 3—Will Staff Non-Commissioned Officers of Garrisons, Native Infantry Regiments, &c., who elect for General Service, be permitted to retain their present appointments ?

Paragraph 19.

Answer 3.—The order makes no change. These men, however, are under the orders of the Commander-in-Chief.

Question 4.—Does an Officer, who avails himself of the privilege of remaining on Staff employ without joining the Staff Corps, draw his Regimental Pay and Allowances when on leave, or, in other words, does he retain his present footing?

Paragraphs 23, 72.

Answer 4.—Yes. The 23rd paragraph lays down that " the pledge that due regard shall be paid to " the rights and claims of the Officers of Her Majes- " ty's Indian Forces shall be scrupulously adhered " to." The conditions of service of Officers electing for Indian Service will therefore in no way be altered.

Question 5.—Officers being allowed until the 1st October next to decide on their acceptance of £50 bonus, sanctioned by General Order by the Governor General, 8th March 1861, No. 79, it is presumed that they are allowed up to the same date to give in their election of either General or Local Service, or the Staff Corps ? An authorative decision on this point is much required.

Paragraph 50.

Answer 5.—Yes ; but they are further allowed, till the 21st of October inclusive, to elect for General or Local Service, or for the Staff Corps.

Question 6 —An Officer is permanent Second in Command, and Acting Commandant of an Irregular Corps. Will it be necessary for him to join the Staff Corps before he can become permanent Commandant ?

Paragraph 50.

Answer 6.—No. It rests with the Commander-in-Chief or with the Government. Officers not joining the Staff Corps "will continue to be " available, as heretofore, for their present duty, " or for any other duty to which they may be " appointed by Government."

Question 7.—If an Ensign signifies his wish to volunteer for General Service, and after he has done so, but before he is nominated to a British Regiment, a vacancy occurs among the Lieutenants in one of the present Regiments of Native Infantry, would he, by having volunteered, forfeit his claim to the vacant Lieutenancy, supposing him to be the Senior applicant ?

Paragraph 50.

Answer 7.—An Ensign will not be debarred the benefits of intermediate Regimental promotion under existing regulations, occuring up to the date of his transfer to one of the new Line Regiments.

Question 8.—If an Officer volunteers for General Service, does he thereby cease to derive any benefit from casualties occurring in his present Regiment, subsequent to his volunteering, but before he is provided for in a British Regiment ?

Paragraphs 50, 58.

Answer 8.—No ; volunteering beyond the requirements of the new Line Regiment will not make any difference in the position of Officers.

Question 9.—An Officer having volunteered for General Service in the Line, will he, in the event of his service not being required in any Regiment of the Line, be then in the same position as before he volunteered ; or does he, by merely volunteering, surrender his former position in the Indian Army, and render himself amenable to the Staff Corps Rules ?

Paragraph 50.

Answer 9.—He remains in his former position unaltered. He has nothing to do with the Staff Corps.

* Madras G. O. G. 30th April 1860, No. 151.

Question 10.—How does the Amalgamation Order affect Officers belonging to the European Veterans? This question is asked more especially with reference to those employed in Staff situations, such as Ordnance Appointments, Riding Masters, &c., and who have not been transferred to the Veterans, in consequence of their disqualification for active service, but who, as effective men, have been granted Commissions in the Veterans, and draw Infantry rates of pay. If they are to be allowed to volunteer for General Service, and do so, what duties will they be liable to perform?

Paragraph 50.

Answer 10.—Officers of any description on the Veteran Establishment are not expected to volunteer, and there is no employment known to be accessible to them if they were to volunteer.

There will be no alteration in their present position.

Question 11.—Are the substantive Lieutenant-Colonels of the three Local Corps to be invited to join their representative Line Regiments? There are now two to each Local Corps. The Establishment of the new Line Corps has only *one* Lieutenant-Colonel?

Paragraphs 52, 53.

Answer 11.—Lieutenant-Colonels may volunteer, with the chance of being employed in the new Line Regiments or not. But there will be only one Lieutenant-Colonel in each new Line Corps.

Question 12.—In the event of the Senior Captain of a Local European Corps, say 2nd European Light Infantry, not volunteering for Line Service, and the Second Captain availing himself of the invitation to join the 105th, will the latter be posted to the 105th as Senior Captain?

Paragraphs 52, 53.

Answer 12.—This depends on the number and rank of all the Officers who may volunteer.

Question 13.—Will Officers volunteering for General Service be put into the new Corps of the Line according to dates of present Regimental Commissions, or will Brevets count for rank in those Corps?

Paragraphs, 52, 53, 55.

Answer 13.—They will be placed in the new Corps of the Line according to dates of present Regimental Commissions, but Brevet Rank will not be taken into account.

Question 14.—If their services are not required by Government for New Line Corps, are Officers, volunteers for General Service, liable to be posted to any other Corps, and if so, will they enter as Juniors of their rank?

Answer 14.—Such Officers will not be liable to be posted to any other Corps.

Question 15.—A Colonel and Lieutenant-Colonel Commands a Regiment of Madras European Infantry. He enquires whether, if he elect for General Service, he will forego all future claim to Off-reckonings and Colonel's allowance?

Paragraph 52.

Answer 15.—His election for General Service, should he be accepted, will disconnect him from the Indian Service, and he will forego all claim to Colonel's allowance in the Indian Line.

Question 16.—Will the Officers who join the new Line Corps enjoy, while in India, the same pay and allowances in every respect as those who elect to continue on their present conditions?

Paragraph 52.

Answer 16.—They will receive the rates of pay and allowances now enjoyed by Officers of British Regiments in India.

Question 17.—In the event of either of the new Line Regiments being ordered Home, are any of the Officers who have accepted the invitation to join it liable to be placed on half-pay, consequent on the Regiment being reduced to the strength of the Home Establishment?

Paragraph 55.

Answer 17.—They will be subject to the conditions of Her Majesty's Line Service. The strength of Infantry Regiments on the Home Establishment is at present the same as that of the New Line Regiments in India; in the Cavalry Service the Home Establishment is less by one Troop than the strength of a Regiment in India.

Question 18.—How and when is a Major of one of the new Line Regiments to obtain promotion to Regimental Lieutenant-Colonel, and from that to Regimental Colonel?

Paragraph 56.

Answer 18.—"In the promotion to the Field "Officers, the fitness and efficiency of Officers will be "taken into account." As regards Regimental Colonels, no instructions have been recived by Government.

Question 19.—These paragraphs, taken in connection with each other, seem to imply that the admission of those Officers now on Staff employ into the Staff Corps is not a matter of election by themselves, but dependent on their selection by Government. Is it so?

Paragraphs 67, 68, 69, 72, 73 and 75.

Answer 19.—Officers now on the Staff are allowed to apply for admission, but admission will be given to those Officers only who may be considered by the Governments under which they are serving to be in all respects fit for the Staff Corps.

Question 20.—Are the Officers Commanding the European Infantry and Native Infantry Depôts, and the Depôts at Landour, Wellington, Aboo, Khandalla, &c., and the Adjutants and Quarter-Masters of the same, to be considered to have been on Staff duty while so employed?

Paragraphs 68, 69.

Answer 20.—Depôt Staff Officers are not on permanent Staff employ, and therefore are not entitled, as such, to enter the Staff Corps. But in the event of their subsequently obtaining admission into the Staff Corps they will be entitled to count as Staff Service the time passed as Depôt Staff Officers.

Question 21.—Can an Officer now on Staff employ, and who formerly served as Adjutant to a Regiment no longer existing, count as service, under paragraph 69, in the Staff Corps, the period which he passed in that appointment?

Paragraph 69.

Answer 21.—Yes.

Question 22.—Are Officers holding the appointments of Line Adjutant or Station Staff Officer, as also Cantonment Magistrates in charge of Bazars, who, under present rules, vacate their appointments on the removal of their Regiments from the Station where they are serving, eligible for the Staff Corps?

Paragraph 69.

Answer 22.—Appointments held during the period a Regiment may remain at a Station, can only be considered temporary employment. But in Bengal, Cantonment Joint Magistrates are permanent Staff Officers, and are not necessarily selected from Corps at the Station.

Question 23.—It is concluded that such appointments as Assistant Adjutant-General, Brigade Major, Brigade Quarter-Master, &c., to a Brigade or Division in the Field, do not go towards the periods of Staff employ, qualifying for promotion under the Staff Warrant.

Paragraphs 69, 87.

Answer 23.—Such appointments do not of themselves qualify for admission into the Staff Corps. But if Officers holding such appointments should eventually obtain admission into the Staff Corps, they will be entitled to count as Staff Service the time passed in such appointments.

Question 24.—In what rank would an Artillery Officer of thirty-one years' service, a Captain on the 18th February, but promoted from that date by the Amalgamation Order to Lieutenant-Colonel, but who may wish to join the Staff Corps within six months, be transferred to that Corps?

Paragraphs 69,73, 75.

Answer 24.—If he be on the Staff, and be approved by Government, he will go in as Lieutenant-Colonel, but he will rank in the Staff Corps with other Lieutenant-Colonels according to their previous relative rank.

Question 25.—Will the service of an Officer doing duty with the Arracan Battalion count for promotion in the Staff Corps, service of that nature with the Arracan Battalion having always been looked upon as a permanent appointment?

Paragraph 69.

Answer 25.—In paragraph 69 it is provided that "Officers doing duty with Irregular and Local Re-"giments will not be regarded as being now on Staff "employ." But Officers doing duty and receiving pay as such, and being permanently appointed, will be considered as on Staff employ.

Question 26.—Will an Officer who has held an acting appointment *on a full vacancy*, for example that of Acting Adjutant or Acting Quarter-Master of his own or any other Corps, be considered to have performed service qualifying for promotion under the Staff Warrant, for such period as he may have been so employed?

Paragraphs 69, 84, and 87.

Answer 26.—No; such an Officer can only be deemed temporarily employed, unless he be eventually appointed to the vacant situation. In that case the period of his acting in the full vacancy will reckon as service qualifying for promotion.

Question 27—Is an Officer who has been doing duty with the Sappers and Miners to be considered to have been on Staff employ while so doing duty?

Paragraphs 69, 84, and 87.

Answer 27.—These Officers are permanently appointed, in the same manner as Officers permanently doing duty with Irregular Corps; and service passed with the Sappers and Miners will count as Staff Service.

Question 28.—Can an Officer, under paragraph 72, avail himself of Furlough without losing his appointment?

Paragraph 72.

Answer 28.—Yes, under the limitations of the new Furlough Regulations. His privileges are unaffected by any portion of this Order.

Question 29.—An Officer, Senior Lieutenant in his Cadre, holds the Adjutancy of an Irregular Corps, and elects to remain as he is, without joining the Staff Corps. On his becoming Captain, will he lose his Adjutancy?

Paragraph 72.

Answer 29.—He will lose his Adjutancy.

Question 30.—Whether Officers, now on the Staff, volunteering and being selected for the new Line Regiments, will be allowed to retain their Staff appointments under Rule 74?

Paragraph 74.

Answer 30.—Yes, if the Commander-in-Chief can spare them.

Question 31.—Can a Staff Officer, more than one year on the Staff, get on the Staff Corps, if promoted to Major before its formation; and if so, will he join as Lieutenant-Colonel, having been twenty-six years in the service, with thirteen years on the Staff?

Paragraphs, 74, 84, 85, and 90.

Answer 31.—He may join the Staff Corps any time before the 21st October next, but he must enter the Saff Corps in the Regimental Rank held by him on the 18th of February 1861.

Question 32.—Does paragraph 75 apply to British Officers only? It is supposed to be applicable to both British and Local Officers.

Paragraph 75.

Answer 32.—To both Services.

Question 33.—Are the appointments of Inspectors of Musketry liable to the provisions of paragraph 76 in the same way as Army Staff or Brigade Majors, limiting their service in Department to five years?

Paragraph 76.

Answer 33.—No. The offices the tenure of which is limited are expressly named in the margin of paragraph 76.

Question 34.—Do the five years count from date of permanent appointment to a Department?

Paragraph 76.

Answer 34.—From the date of permanent appointment.

GENERAL ORDERS.

Adjutant General's Office, Fort St. George.

31st July 1861.

His Excellency the Governor in Council having addressed the subjoined orders to Major General R. Budd, Provincial Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by His Excellency the Governor in Council.

FORT ST. GEORGE, 30th July 1861.

No. **250** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are republished :—

General Orders by His Excellency the Governor General of India in Council.

Fort William, the 9th July 1861.

No. 599 of 1861.—It is hereby Notified, that whenever an Officer shall be ordered to proceed on duty by Dâk, he will be entitled to be conveyed back also at the public expense, the cost of his return Dâk being admitted on the production of a Certificate that his return to his own Station was actually necessary.

Orders directing the provision of Dâk conveyance for Officers so situated must contain an explanation of the necessity for the issue of the Order.

Fort William, the 11th July 1861.

No. 606 *of* 1861.—His Excellency the Governor General in Council directs the publication of the subjoined Questions on subjects of general interest, and the Answers given by Government, in continuation of those published in the *Calcutta Gazette* of the 10th instant :—

Question 35.—Will an Officer having, on the 10th April 1861, been five or even seven years in his present appointment in the Adjutant General's Department, say Deputy Assistant Adjutant General of a Division, have to vacate before the 10th April 1863 ?

Paragraph 77.

Answer 35.—No. He may serve two years in the Department from the date of the publication of the Order.

Question 36.—An Officer having, on the 10th April 1861, been two years Deputy Adjutant General of the Army, and previous to his appointment as such, been Assistant Adjutant General of the Army for five years, his service in the Department having been continuous, can he hold his appointment as Deputy Adjutant General until 10th April 1866 ? if not, on what date will his tenure of appointment as Deputy Adjutant General expire ?

Paragraph 77.

Answer 36.—He is entitled to two years at any rate. The question has been referred to the Secretary of State, whether the five years' tenure reckons from date of actual appointment or from that of joining a Department.

Question 37.—Is the period of six months within which Officers must communicate their decision as to entering the Staff Corps, to be reckoned in the Madras Presidency, from date of publication of the General Order by the Governor General at Fort William, or at Fort St. George, or at the station where the Officer electing to join the Staff Corps may be serving?

Paragraph 78

Answer 37.—From the date of promulgation of the General Order in Calcutta, *i. e.* the 22nd April 1861.

Question 38.—With reference to paragraph 78, are Officers on the Staff obliged at once to declare whether they desire to join the Staff Corps, with the option of correcting their election within six months?

Paragraph 78.

Answer 38.—It is not necessary that an Officer should send his decision in to the Adjutant General's Office before the 21st October 1861, but it must reach the Adjutant General's Office by that date. The decision once announced in General Orders cannot be cancelled.

Question 39.—An Officer on the Staff belonging to one of the present European Regiments having accepted the invitation to join his representative Line Corps, can he not have the benefit of paragraph 74, the same as any other Officer of a British Regiment,*; *i. e.* elect within six months to join the Staff Corps, and be eligible for promotion under the provisions of the Royal Warrant?

Paragraph 74

**Vide* Paras 74 & 89.

Answer 39—Yes.

Question 40.—Will an Officer who has held a Staff appointment on probation, for example in the Commissariat Department or the Madras Police, be considered to have performed service qualifying for promotion under the Staff Warrant, for such period as he may have been so employed.

Paras. 82, 84, 85, 87.

Answer 40.—If an Officer on probation be eventually confirmed permanently in the Commissariat or other Department, he will count the period of probation as permanent service.

Question 41.—Does the time an Officer of the Staff Corps may be on leave, in or out of India, count towards the period required to be served in the Staff Corps for promotion?

Paragraph 84.

Answer 41.—Yes.

Question 42.—To qualify an Officer in the Staff Corps for promotion, after 12 or 20 years' service, from what date is the term of years reckoned, —from date of *first Commission* or date of arrival in country?

Answer 42.—From date of first Commission.

Question 43.—A Brevet Colonel of Infantry enters the Staff Corps as Captain, and receives at once the rank of Major in that Corps.—He enquires whether, having served 32 years in the country, of which 26 have been on Staff employ, he would in accordance with Staff Corps Rules, be promoted two years hence to a Lieutenant Colonelcy, and five years later to a Brevet Colonelcy—a rank which he already possesses;—and asks whether there is not something anomalous in such an arrangement?

Paragraphs 84-85.

Answer 43.—A Brevet Colonel so situated would enter the Staff Corps as Captain, be promoted at once to Major, and at the end of two years to Lieutenant Colonel. According to the date of his promotion to Lieutenant Colonel his eventual position with respect to Colonel's allowance would be determined. It is therefore necessary that he should go through all these grades.

Question 44.—Will "Brevet Colonels" of the Staff Corps, after five years' service therein as substantive Lieutenant Colonels, be permitted to reside in England on 25s. per diem, as provided for Colonels of Artillery in paragraph 29, pending their admission to the benefits of the "Colonel's allowance?"

Paragraph 84.

Answer 44.—No.

Question 45.—Will a substantive Lieutenant-Colonel, and Brevet Colonel joining the Staff Corps on its formation, be eligible to "get one step of rank" on transfer to the Staff Corps; *i. e.*, will he be promoted to substantive "Colonel" or "Major General?"

Paragraph 85.

Answer 45.—There is no such rank in the Staff Corps as substantive Colonel. No instructions have been received regarding promotion to Major General in the Staff Corps.

Question 46.—Service in the Crimea having been allowed to count as service in India towards retirement, it has been asked whether Staff employ during such Crimean service will be allowed to go towards the qualifying period for promotion under the Staff Warrant?

Paragraph 87.

Answer 46.—Staff service in the Crimea is not Staff service in India, neither is it permanent. On these grounds it cannot reckon for promotion in the Staff Corps.

Question 47.—Officers of the Staff Corps obtaining leave *in* India, whether on private affairs or sick certificate, will, it is presumed, continue to draw *Indian* rates of pay?

Paragraph 93.

Answer 47.—Yes. The proportion of pay which they will draw will be the same, but Staff Corps pay will be substitute for former pay.

Question 48.—Can an Indian Officer who has joined the Staff Corps retire on the pay of the rank he has attained in the Cadre of his old Regiment, after 22 years' service, under the Regulations of 1796?—For example, I shall probably be a Regimental Major after about 22 years' service in India—if I join the Staff Corps, could I retire on a Major's pension after 22 years' service (provided I had attained that rank in the Cadre of my old Regiment,) or must I serve 24 years in India.

Paragraph 93.

Answer 48.—An Officer in the Staff Corps can retire after 22 years' service, under the 30th and 32nd paragraphs of the new Furlough Rules. Government have referred this point, and this construction of it will be acted upon pending further instructions.

With regard to the allusion made to standing in the Cadre of an Officer's old Regiment, it is observed that, on joining the Staff Corps, an Officer disconnects himself entirely from his old Regiment, and his place in it has no relation to the pension he becomes entitled to.

Question 49.—Should a Major of upwards of 22 years' service retire before the 1st October next, can he claim, in addition to the Major's pension, the extra pension of £50 per annum, offered by the Secretary of State?

Answer 49.—Yes. If he have served twenty-two years in India, of which not more than two years may have been passed on leave, he may retire before the 1st October next, on the pension of his actual rank, and will be entitled to the extra pension of £50 in addition.

Question 50.—Will an Officer of the Staff Corps after 22 years' service, of which six have been on the Staff (either on full or on half pay,) be entitled to Major's pension?

Paragraph 93.

Answer 50.—He will receive the pension of his substantive rank, if the whole service have been on full pay; if not, the half pay service will be deducted: and, to entitle him to the pension of his rank, he will be required to make up the deducted portion.

Question 51.—Can Officers of the Staff Corps take 20 months' leave on private affairs, retaining their appointments?

Paragraph 93

Answer 51.—Yes. Such is the rule laid down in the 93rd paragraph of the General Order. But a reference has been made to the Secretary of State on this point.

Question 52.—Are the above twenty months referred to available in one indulgence, or are they the aggregate of sundry short leaves?

Answer 52.—The leave may be in one period, or it may be the aggregate of sundry short leaves, subject to the conditions of the new Furlough Rules; *vide* paragraph 20 of the same.

Question 53.—Does paragraph 93 apply exclusively to Furlough, or to *all* leaves (irrespective of privilege leave,) whether in or out of India; and does it not count for service for retiring pension?

Paragraph 93.

Answer 53.—It applies to Furlough only: and such Furlough is subject to the conditions of the new Furlough Rules.

Question 54.—Is the substantive rank of Officers in the Staff Corps to be considered to be their only Regimental rank: the Staff Corps being their only Regiment?

Paragraph 93.

Answer 54.—Yes. The Staff Corps is their only Regiment, so to speak; but the term is an incorrect one.

Question 55.—Is sick Furlough to England to count against the five years' tenure of appointment in those Departments in which the tenure is so limited?

Answer 55.—Yes; An Officer is borne on the strength of the Staff, whilst on Furlough, and draws Staff Pay for a portion of the time. As the time passed on Furlough counts for service pension, it must necessarily count for Staff service also, and be reckoned within the period of five years.

Question 56.—Is it compulsory, with reference to the latter part of paragraph 93, on all Officers joining the Staff Corps, to select the new Furlough Regulations, or is this intended merely for British Officers joining the Staff Corps? And are Indian Officers allowed the option of selecting the old or new Furlough Regulations, as guaranteed to them by General Order by the Governor General, No. 1150 of 17th November 1854?

Paragraph 93.

Answer 56.—All will be under the new Furlough Regulations. No option is allowed to an Officer who may join the Staff Corps. He must accept the new Rules as one of the conditions of joining that Corps.

Question 57.—Can an Officer of the Staff Corps proceed to Europe on leave on private affairs (retaining his appointment) as often as his service can be dispensed with, or does this privilege refer to leave on private affairs in India only?

Paragraph 93.

Answer 57.—Officers of the Staff Corps will be under the new Furlough Rules, except as to the increase of twenty months, explained in the General Order. These Rules prescribe periods of service to be performed in India at intervals between Furloughs.

Question 58.—What number of "Colonel's allowances" will be appropriated to the Madras Staff Corps, and from what date will they become available?

Paragraph 94.

Answer 58.—This question is under the consideration of Her Majesty's Government.

Question 59.—Should an Officer be placed on the half pay list, or be unemployed, under paragraphs 96 to 99 of the General Order, will his time thus passed in India, count towards retiring pension?

Paragraphs 96 to 98

Answer 59.—If on the half pay list, No: as no half pay service counts for pension.

But Officers in the Staff Corps, though not actually employed, will be allowed to reckon their service during such period towards promotion and pension.

Question 60.—With reference to the latter part of paragraph 98, will an Officer, placed on half pay and entitled to pension, be obliged to take it, or has he the option of doing so, or not?

Paragraph 98.

Answer 60.—An Officer entitled to pension, whom it may be proposed to place on half pay, will have the option of taking his pension.

Question 61.—If Officers of the Staff Corps are unemployed, merely owing to there being no available appointment for them, but not owing to unfitness or other cause, which might induce Government "to decline to employ them in any capacity," will they come under paragraph 99, or are they liable to paragraph 98, there being no limit as to the period for which Indian rates of pay can be drawn in the Royal Warrant, Clause 8?

Paragraphs 98-99.

Answer 61.—Employment of some kind will be given to all qualified and deserving Officers of the Staff Corps, whenever opportunity may offer. Paragraph 98 has no application whatever to Officers whom Government consider fit for employment, though at the moment it may not be practicable to employ them suitably. The pay of such Officers is provided for in paragraph 99.

Question 62.—Does the period an Officer may be placed on half pay, count towards retiring pension and qualification for promotion?

Paragraph 98.

Answer 62.—No.

Question 63.—Is it intended by this paragraph (98) of the General Order to authorize the placing of an unemployed Officer on half pay, in such wise as to prevent his completing his term of service for Pension?

Answer 63.—No. Paragraph 98 applies exclusively to Officers whom Government consider "unfit to employ in any capacity."

Question 64.—Will Military appointments with Native Troops (such as the Punjaub Irregular Force, which is under the direct orders of the Civil Administration of Government,) be considered a Civil Branch of the Army, thus debarrring such Officers as may be serving on the Punjaub Frontier, although performing strictly Military duties, from all exercise of Command, &c.?

Paragraph 101.

Answer 64.—Military Appointments with Native Troops under the Civil Administration, such as the Punjaub Irregular Force, are not Civil appointments. Command has hitherto been exercised by Officers in such appointments and the order makes no change.

Question 65.—Must a Lieutenant Colonel joining the Staff Corps, serve two years from the 18th February 1861, to qualify him for the superior grade under the provisions of Clause 103 of the Amalgamation Order, or five years, counting from the original date of his substantive rank?

Paragraph 103.

Answer 65.—Five years, counting from the original date of his substantive rank, provided he have been on the Staff the whole period; if not, five years from the date from which he, as Lieutenant Colonel, held Staff employ.—*Vide* paragraph 85 of the General Order.

Question 66.—Does an Officer promoted to a Majority in the Staff Corps, and retiring on a Captain's pension, receive a step in rank on retirement, *i. e.*, does he retire as Lieutenant Colonel?

Answer 66.—Yes. All Officers retiring on full pension get a step in rank. No change has been ordered in this respect.

Question 67.—In the event of a Regimental Captain and Brevet Lieutenant Colonel joining the Staff Corps, will his future conditions of service in the said Staff Corps, vitiate his present right to succeed to a Brevet Colonelcy, after exercising a five years' Command under the provisions of Her Majesty's Royal Warrant of the 14th October 1858?

Answer 67.—No.

Question 68.—Is an Officer of the Veteran Establishment, who may retire before the 1st October next, entitled to the extra pension of £50 per annum?

Answer 68.—Yes.—These Officers are entitled to retiring pension, and therefore to all its privileges.

Question 69.—A Staff Officer who is admitted into the Staff Corps and who is entitled to his promotion, say from Captain to Major, from 18th February 1861, will, it is supposed, be entitled to the difference between Captain's and Major's pay and allowances in addition to his Staff salary retrospectively from the above date?

Prragraph 100.

Answer 69.—An Officer is always entitled to the pay of his substantive rank from the date of such rank. It is provided in the 100th paragraph of the General Order, that "the pay and allowances to be "established for the several Staff appointments, in "all Departments of Staff employ, will be announced "in a subsequent Notification and meanwhile the "Staff salary and other allowances of all appoint-"ments will remain unchanged."

Question 70.—The order allowing an addition of £50 to pension on retirement being *limited* to retirements which may take place before the 1st October 1861, will this extra pension be allowed to Officers who may on the 1st October next have *still* a few months to serve, to entitle them to a higher pension, provided they notify *before* the 1st October their intention to retire, on completing the fixed periods of service?

Answer 70—The extra £50 requires absolute retirement on the 1st of October; and no relaxation can be made but by the Secretary of State.

Question 71.—General Order by the Governor General in Council, No. 156 of 1861, provides for the benefits of Lord Clive's Fund being continued to the widows of Soldiers who elect for "General Service," but no allusion is made to personal benefits to themselves; and the cases of Officers, Warrant Officers, and their Widows, are omitted altogether, with reference to their claims on Lord Clive's Fund. A decision on these points is requested.

Answer 71.—Government have referred the question of Lord Clive's Fund to the Secretary of State; and will administer the benefits of the Fund, meanwhile, as heretofore.

Question 72.—Will the election by an Officer of "General Service" debar him from the benefit of the £50 bonus, sanctioned by G. O. G., 8th March 1861, No. 79?

Answer 72.—No. The offer was made to all Officers of the Indian Army.

Question 73.—Should the option be given to young Officers of the General List, who entered the service subsequently to November 1859, to volunteer for General or Local service, or the Staff Corps? one Young Officer having stated that, from the terms of the Declaration made by him at the India House, he did not consider that he had any choice in the matter.

Answer 73.—There is nothing in the Declaration made by these Young Officers at the India Office to compel them to elect for General Service. The option must be given to them in common with other Young Officers of the Indian Army.

Fort William, the 12*th July* 1861.

No. 611 *of* 1861.—His Excellency the Governor General in Council is pleased to make the following appointment:—

Hyderabad Contingent.
2nd Cavalry.

Assistant Surgeon G. A. Burn, M.D., and M.A., attached to the 5th Infantry, doing duty with the 2nd Cavalry, to the Medical charge, *vice* Surgeon Major Bradley, who vacates, having obtained extension of leave to Europe.

Fort William, the 16*th July* 1861.

No. 625 of 1861.—The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 233 of the 7th ultimo, are published for general information:—

1. I have received and considered in Council your Military Despatch No. 41, dated 2nd April 1861, representing that means do not exist in India for subjecting Veterinary Surgeons to the examination required as a qualification for promotion to the 1st Class under the 3rd Clause of the Royal Warrant No. 440, dated 1st July 1859; and suggesting that the requisite length of service and the recommendation of the Commander-in-Chief after having satisfied himself of the zeal and ability of a Veterinary Surgeon, and of the good condition of the horses under his charge, be accepted as a sufficient qualification.

2. Having communicated on the subject of your Despatch with the Secretary of State for War and with His Royal Highness the General Commanding-in-Chief, I have to intimate to you the assent of Her Majesty's Government to your proposal, and to request that you will act upon it in giving effect to the Royal Warrant of 1st July 1859, to the extent contemplated in my Despatch No. 412, dated 24th November 1859.

No. 629 of 1861.—With the view of preventing delay in the distribution of Prize Money in the case of captures which may hereafter be made in India, His Excellency the Governor General in Council, under instructions from Her Majesty's Government, hereby directs that, whenever the General Officer in Command of a Force may find it necessary to appoint a Prize Committee, Prize Rolls shall be prepared forthwith of all the Forces engaged in the operations which may have led to the capture of the booty.

It is to be distinctly understood, however, that the preparation of such Rolls will not give the Officers and men included therein any claim to the Prize, and that the grant and distribution thereof will be dependant, as heretofore, on the will and pleasure of Her Majesty.

The Prize Rolls so prepared will be forwarded, through the General Officers Commanding, to the Adjutant General of the Army, for the purpose of being transmitted to the Office of the General Prize Committee.

No. 619 of 1861.—The following Resolution is published for general information and guidance :—

Military Department, the 16th July 1861.

RESOLUTION.—It is the earnest desire of the Government of India to close the Imperial Accounts for the Official year 1860-61, and preceding years, within the shortest possible time; and to that end it is necessary that all outstandings and arrear accounts of all the Military Departments of the Government should be quickly brought up and audited.

2. The Military Finance Department have reported to Government that the several Examiners are prepared promptly to audit all arrear accounts, and Government now declare that all such accounts must be disposed of finally by the end of the month of September of the present year, in order that the General Books for the preceding Official year may be closed at the latest by the end of October.

3. No further delay or deviation from this order will, under any circumstances, be allowed; and Heads of Administrative Departments will, therefore, instruct their Executive Officers promptly to complete and forward all arrear accounts for audit, informing them that the most stringent measures will now be adopted to ensure compliance with these instructions.

4. Heads of Administrative Departments are desired to forward, immediately, Statements of the amounts required for payment of arrears incurred in former years, these Statements comprising and shewing distinctly all the unsettled payments of each range of every Department.

5. Government wish it to be henceforward understood that any arrear in accounts is a grave irregularity, preventing the exercise of any effective control over expenditure; and that all accounts will in future be required to be sent in the very day they are due, failing which a distinct explanation of the cause of delay must be given.

6. The Military Finance Department being charged, under the general supervision of the Government of India, with a general control over all Departments connected with Military Expenditure, as intimated in the Government Resolutions of 6th July and 16th November 1860, and in General Order by the Governor General No. 171 of 4th March 1861, it is directed that the orders and instructions of that Department, connected with Military Finance, be received with the same attention as those emanating from the Departments of Government. All complaints or appeals that Administrative Officers may find it necessary to make against the orders or instructions of the Military Finance Department are to be forwarded through that Department, in order to give the President of the Military Finance Department an opportunity of submitting to Government detailed reasons in support of the orders or instructions appealed against, and any similar appeals made by the Officers attached immediately to the Military Finance Department are to be submitted through the Controllers of Military Finance.

7. The Military Finance Department are charged with the duty of issuing the subsidiary orders necessary for enforcing the injunctions contained in this Resolution.

FINANCIAL DEPARTMENT.

No. 51.

FROM THE BOARD OF AUDIT,
To C. H. LUSHINGTON, Esq., *Secy. to the Govt. of India in the Financial Department.*

SIR,—We have the honor to solicit the consideration and orders of Government in regard to a difficulty that has arisen respecting the commencement of the expenditure out of the Budget Grants.

2. The Annual Financial Returns have hitherto included the actual payments from 1st May to 30th April, as the expenditure of the year, and the payments on account of the fixed charges (pay and allowances) for April payable in May, have been included in the year in which they are payable, and not in the preceding year in which the service is rendered. On this principle, the payment of fixed charges out of the Budget Grants for 1861-62 will commence with the allowances for April payable in May, and close with the allowances for March payable in April.

3. On the other hand, it may be stated that, although payable in May, yet the pay and allowances being for April, they belong to the service of the previous year, and the payments out of the Budget Grants should, therefore, commence with the pay and allowances for May payable in June, and the year will then close with the fixed charges for April payable in May. The Military Estimates for 1861-62 have been prepared on this principle.

4. After full discussion and consideration of the subject, it appears to us, for various reasons, chiefly the inconvenience of disturbing existing practice and the importance of establishing from the commencement a correspondence between the year of the Grant and the Financial year of the Government, that it may probably be ruled that the charges to be paid out of the Budget Grants should be those *falling due* within the Financial or Official year, commencing on the 1st May and closing on the 30th April. The pay and allowances for April fall due in May, and the payments out of the Grants will therefore commence with these disbursements, and not with those for May falling due in June. The Grants will thus represent the actual *demands* that fall due, and may be made, on the Government from the 1st May to the 30th April. The *payments* out of the Grants will be chiefly within the same period, though not exclusively, as the currency of the Grants has been extended by Government to the close of the following Official year; but the payments during the second year will be confined to the liabilities of the Government up to 30th April of the year of Estimate and Account, the pay and allowances for April being a portion of the liabilities or demands of the succeeding year.

5. The only point on which the orders of Government are necessary is in respect of the difference that may arise between the amount of actual Military Disbursements and the Estimates, the latter having been based on the probable disbursements of fixed charges from June 1861 to May 1862; while, under the above ruling, the actual disbursements from May 1861 to April 1862 will be placed against the Grants, and this may lead to an apparent excess of the disbursements over the Grants, inasmuch as the fixed charge payable on account of April 1861 are likely to be greater than those payable on account of April 1862. This may cause an apparent increase in the Military charges of the year, but will not affect the actual expenditure from 1st May to 30th April, which will remain the same under either of the methods of Audit and Account adverted to above. We have accordingly to solicit that authority may be granted to the appropriation Auditors to admit any difference that may arise solely from this cause between the Budget Grants for the year and the sums placed against those Grants on account of the liabilities of the Military Department up to the 30th April next.

6. We beg leave to remark, in conclusion, that the difficulty which has occasioned the present reference will not occur again, as the Military Estimates will, in future years, be drawn out in accordance with the views of the Board.

We have, &c.,

(Signed) E. DRUMMOND, *First Member and President.*
(,,) G. BALFOUR, Colonel, *Second Member.*

A QUESTION having been raised as to the rule to be observed in making assessments to the Income Tax in the case of Acting Officers, where, for instance, the pay of the substantive appointment, held by the Officer was below the limit of taxation, but the acting allowance, for the period for which such allowance was drawn, brought it within the incidence of the Tax, or where, in consequence of absence, the incumbent, who was liable to Income Tax on his salary, drew during the time of his absence less than the lowest sum liable to taxation, it was observed that the Income Tax was chargeable upon the yearly Income, and that the Officers of Audit, Civil and Military, should deal with each month's salary, &c., by itself, and consider at the end of the year any claims to exemption or abatement which might then be preferred.—*(Financial Department Order No.* 10437, *dated 12th October* 1860.*)*

FINANCIAL DEPARTMENT.

From Military Finance Department, to Secretary to the Government of India, Military Department, No. 412A., dated the 12th July 1861.

WITH reference to Docket No. 647, dated 5th July 1861, forwarding a Report from the Audit Board, dated 21st June 1861, and Resolution No. 7872, of 27th June, in the Financial Department, passed thereon, on the mode of inserting in the Public Accounts the charges for April 1861, I have the honor to state, that

the object of the Audit Board's Proceedings is to cause the cash payments made within the year, to be considered the expenditure of the year. This is the principle on which the English Public Accounts are kept, but with this marked difference in its practical effect, *viz.*, that in England the cash payments made within the year, agree in most instances with the liabilities incurred within the year, and for which the grants are made; that is, the pay of the Troops for March being payable in England in March, the year's liabilities and the year's payments run together for the year, ending in England the 31st March, and the actual expenditure of the year is rightly closed with the disbursements of the year.

2. In India, on the contrary, the payments for charges incurred in April are made in arrears, the monies being only paid in May, and the year, ending 30th April, closes with the last month's charges undisbursed, that is, omitted from the accounts of April. In like manner, as respects payment for most of the supplies delivered in April, the ordinary practice is to pay the value thereof in arrears; thus the payments in the year do not cover the liabilities of the year, or, in other words, the charges disbursed in the year are not the charges of or for the year.

3. The result of the Board of Audit's reference now affects the Military Estimates in a way which will not again occur; these Estimates have been prepared in the only way in which Estimates could be drawn out, on a calculation as to the probable liabilities arising between 1st May 1861 and 30th April 1862. In the month of April 1861, there was a larger sum due for the pay, &c., of the Army, than that which will be due for April 1862; for instance, I calculate that 120 lakhs were paid in April 1861, and I hope only one 100 lakhs will be required in April 1862. The payments for April 1861 being made in May, it has been ruled that sums so paid fall into the accounts of the year 1861-62, instead of into those of 1860-61. As the charges for April 1861 will exceed those of April 1862 by about twenty lakhs, the actual expenditure in 1861-62 will appear to be above the Estimate for the Military charges of 1861-62 to that amount; but in reality there will be no such excess, for this alteration in the mode of exhibiting the cash disbursements, will only add the money outlay to the accounts of 1861-62, instead of the past year 1860-61.

4. The great principle should, however, be kept in view, so that the payments and the charges of the year may be in unison. Any great discrepancy between these two transactions, opens out wide difference and complications in the comparisons between the charges of one year and another; but I am willing to act on the decision of the Board of Audit, even although it occasions a serious difference between the liabilities and payments of the year, and I must now endeavor to carry out the details, so as to ensure a closer agreement between the expenditure and the liabilities.

Paragraph 98.

Answer 86.—Every Officer who offers will not of necessity be admitted into the Staff Corps. It is intended that the number shall, as nearly as practicable, be equal to the number of appointments, making allowance for leave, &c. Surplus Officers of the Staff Corps will have no claim to remain with their present Regiments, but will be at the disposal of the Government for such service as it may deem fit.

Question 87.—Will Officers on the Staff, remaining in the Local Regiments, be allowed to rise to the higher appointments in the several Departments?

Answer 87.—Yes, under the present system.

Question 88.—Will an Officer of the Artillery, who is ordered to serve out of India at his own wish, be allowed to revert to service in India at any future time?

Answer 88.—If *ordered* back; but he must serve where ordered.

Question 89.—Is an Officer entitled to count for service on the Staff from the date he was appointed to the Staff, notwithstanding that he did not join the appointment immediately, in consequence of being required with his Regiment on foreign service?

Answer 89.—His service on the Staff will count from the date of the General Order appointing him.

Question 90.—Will Officers of the Staff Corps be considered to have a prior claim to a Staff appointment to Officers not in the Corps holding appointments; that is to say, would the latter have to vacate his appointment if there should be no vacancy for the former?

Answer 90.—It will rest with Government to select Officers for appointments. But an Officer holding a Staff appointment, and not joining the Staff Corps, will not have to vacate his office merely to make way for a Staff Corps Officer.

Question 91.—If the changes should bring an Officer's name on the cadre of his Regiment among the Captains, can he enter the Staff Corps with that rank, or must he enter with the rank he held on the 18th February 1861?

Answer 91.—If he applies within the six months he will be restricted to the rank he held on the 18th February. If he is afterwards selected, he will join the Staff Corps with the rank he may at the time hold.

ALLOWANCE,

EXTRA, TO UNCOVENANTED ASSISTANTS IN PRESIDENCY OFFICES, ABSENT ON DUTY, WHEN EXEMPT FROM INCOME TAX.

Act XXXII. of 1860.
Section CXXIX.

THE extra allowance granted to Uncovenanted Assistants in the Presidency Offices, when absent from the Presidency on duty, is exempted from Income Tax so long as such Assistants are subjected to the expense of marching, but not after their marching Establishments have been discharged and they become stationary at Simla for instance, or elsewhere.—*(Financial Department Order No.* 9281, *dated 25th July* 1861.*)*

DEPUTATION ALLOWANCE,

AS DISTINGUISHED FROM TRAVELLING ALLOWANCE, LIABLE TO INCOME TAX.

Act XXXII. of 1860.
Section CXXIX.

A QUESTION having been raised as to whether deputation allowance, drawn by an Establishment while on a tour, as distinguished from travelling allowance, and being in addition thereto, could be assessed to the Income Tax, it was pointed out that there was a clear difference between an allowance given specially for *travelling*, and an allowance, such as deputation allowance, given under peculiar circumstances for the purpose of bringing up the salary proper of an Officer to an amount equivalent to that at which his salary, virtually diminished to him by those peculiar circumstances, would otherwise stand, and that deputation allowance, like the salary proper, should be taxed.—*(Financial Department Order No.* 10981, *dated 3rd November* 1860.*)*

3. You will observe that the principal alteration in the present Warrant is contained in Clause 10, by which it is provided that, Officers employed, at the time they may be wounded, on duties superior to those of their Regimental rank, may be awarded the gratuities and pensions at the rate fixed for the Regimental rank immediately above that held by such Officers at the time of being wounded.

4. As greater facilities will be at the disposal of the Governments of India for verifying claims which may be referred under this Clause, than are available to me in this country, I have determined to refer all such applications for consideration in India.

Circular No. 686.

VICTORIA R.

27,473 3 WHEREAS We were pleased to issue a Warrant under Our Royal Sign Manual, dated 27th October 1860, for the purpose of regulating the Grant of Pensions and Allowances to Officers of Our Land Forces on account of wounds and injuries received in action: Our will and pleasure now is that Our said Royal Warrant of 27th October 1860 shall from henceforth be cancelled; and that this Our Royal Warrant, to be administered and interpreted by Our Secretary of State for War, shall be constituted in lieu thereof, and shall be the sole and standing authority upon the matters herein contained.

Given at Our Court at St. James's, this 28th day of May 1861, in the 24th year of Our reign.

By Her Majesty's Command.
HERBERT.

Pensions and Gratuities to Officers of the Land Forces, limited to Wounds and injuries received in Action.

Gratuity of One Year's Pay.

1. IF an Officer shall receive a wound in action, which shall occasion the loss of an eye, or a limb; or shall lose thereby the total use of a limb; or shall receive bodily injury equal or nearly equal in its consequences to the loss of a limb, he may receive a gratuity in money of one year's full pay, of the Regimental rank or Staff appointment held by him at the time he was wounded, for the loss of such eye, or limb, or for such injury.

Pension.

2. If an Officer shall be wounded in action, and it shall be reported by a Board of Army Medical Officers assembled by order of the Secretary of State for War for the personal examination of such Officer that he has, in consequence of his wound, lost a limb, or an eye, he may recommended to Her Majesty for a pension, at the rate fixed in the annexed Scale for the rank held by him when he was wounded, and commmencing one year after the wound was received.

Loss of more than one Limb, or Eye.

3. If the Officer shall have lost more than one limb, or eye, he may be recommended for a pension for each limb, or for each eye, so lost in action.

Temporary Pension

4. If the wound received by an Officer in action shall be so severe in its permanent effects as to be fully equal, or nearly equal to the loss of a limb, and the injury shall be so reported by the Military Medical Board, he may be recommended to Her Majesty for a temporary pension, the continuance of which shall depend upon subsequent examinations before a Military Medical Board.

Gratuity.

5. If any wound received in action shall be certified to be severe and dangerous, but in its permanent effects not nearly equal to the loss of a limb, the Officer receiving such wound may receive a gratuity, varying, according to the nature of the case, from three to twelve months' full-pay of the Regimental rank or Staff appointment held by him at the time he was wounded.

Permanent Pension.

6. If an Officer shall have held a pension for a wound received in action for a term of five years, and shall have been examined, twice at the least, before a Board of Army Medical Officers, he may be recommended for the permanent continuance of such pension; but if the Officer, before the expiration of the term of five years, shall have so far recovered, that his wound or injury is not equal nor nearly equal to the loss of a limb, then he shall cease to receive such pension.

Limit of application for Pension.

7. If within the period of five years after a wound has been received, an Officer shall not apply for the pension, or, on his so applying for it, the wound shall not have been proved to be permanently equal nor nearly equal to the loss of a limb, such Officer's claim to a pension for such wound shall not at any subsequent period be entertained.

Gratuity.

8. No gratuity for any wound shall be granted after the lapse of five years from the time the wound was received.

Loss of Vision.

9. No pension for the loss of an eye, from a wound received in action, shall be granted unless the actual loss of vision shall have occurred within five years after the wound was received, and be solely attributable to such wound.

Brevet Rank, or duties superior to those of Regimental Commission.

10. As a general rule, the pension or gratuity shall be granted according to Regimental rank; but should an Officer, with or without Brevet Rank, have been employed at the time he was wounded, in discharge of duties superior to those attached to his Regimental commission, the gratuity and pension may be given in accordance with the rate prescribed for the Regimental rank immediately above that held by such officer at the time of being wounded

* Madras G. O. G. 8th March 1861, No. 82.

11. These pensions may be held together with any other pay and allowances to which an Officer may be entitled, without any deduction on account thereof, and may be granted to, and continued to be held by the Officer should he leave the service.

Pensions tenable with Pay.

12. Officers who are still suffering from wounds received since the 28th March 1854, the date of the declaration of war with Russia, should such wounds be certified by a Military Medical Board to be now equal or nearly equal to the loss of a limb, may receive pensions according to the provisions of this warrant from the 27th October 1860, the date of the warrant hereby cancelled.

FORT ST. GEORGE, the 4th July 1861.

Remarks by the Court.—With reference to the finding on the Second Charge, the Court beg to explain that although the evidence proves to their satisfaction that Rupees one hundred and twenty-four of the amount charged have been made away with by the Prisoner, the Money should have been drawn from the Pay Office by Officers Commanding Companies as directed in G. O. G. 4th October 1836, No. 208. The Quarter Master was irregularly deputed to receive it. The Court are therefore of opinion that the offence is not within the provisions of the 22nd Clause of the Mutiny Act.

Approved and Confirmed.

OOTACAMUND, 20th August 1861.

(Signed) R. BUDD, Major General,
Provincial Commander-in-Chief.

REMARKS BY THE PROVINCIAL COMMANDER IN CHIEF.

The evidence recorded in the Proceedings of this trial shew, that these frauds have been greatly facilitated by a failure on the part of the Commanding Officer of the 20th Regiment Native Infantry, to examine and compare the accounts and the amount in the Regimental Cash Chest monthly, as required by the Standing Orders for the Native Infantry. The Provincial Commander in Chief therefore holds him responsible for any loss that may accrue to the Government or the Regiment, from his neglect to comply with the Regulations of the service.

Further instructions on this and other points will be communicated to Colonel Bayley.

By order of the Provincial Commander in Chief.

(Signed) W. G. WOODS, Lieut.-Colonel,

Adjutant General of the Army.

The Prisoner is to be delivered over to the Custody of the Civil Power, and he is struck off the strength of the Army from the 20th August 1861, under the provisions of Section XXII, Act 20 and 21, Vic. 66.

By order of the Provincial Commander in Chief.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 16th August 1861.

No. 718 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 284 of the 16th July 1861, are published for general information:—

1. I have considered in Council your Lordship's Military Despatches No. 63, dated 3rd May 1861, and 18th May, No. 77, requiring early instructions in regard to the admission, to the benefits of Lord Clive's Fund, of the widows of Soldiers who may die after having volunteered from the Local Service to the Royal Artillery or to one of the new Line Regiments; and secondly, with regard to the mode of dealing with the Estates of deceased Officers and Men, who, having now entered Her Majesty's General Service, may die in India.

2. With reference to the first question I observe that, in the 6th Clause of your General Order No. 332 of the 10th April, and in the 13th Clause of the General Order of the Governor General of the same date, Soldiers volunteering for General Service have the option of choosing whether their future Pension shall be reckoned according to the Regulations of Her Majesty's Army, or according to those of the Indian Forces. I am of opinion that the Soldiers electing the latter alternative are entitled to all benefits for themselves or their families claimable under the Indian Regulations, including those of Lord Clive's Fund. I am also of opinion that under a liberal construction of Clauses 65 of the General Order, and of the paragraphs of my Despatches (paragraph 12 of No. 27, and paragraph 14 of 28,) on which it was founded, the Officers of Her Majesty's Indian Forces electing General Service do not forfeit for themselves or their families the benefits which they would have derived in the Local Service from Lord Clive's Fund.

3. The method of dealing with the Estates of deceased Officers and Men who have been transferred from Local to General Service must be arranged in communication with Her Majesty's Secretary of State for War, to whom a reference has been made. The result will be communicated to you hereafter; but, in the meantime, the existing practice may be continued.

4. I would observe, however, with reference to a remark in the 7th paragraph of your Despatch of the 3rd May, that it was never intended that Paymasters should not be appointed to the new Line Regiments, or that these Regiments should be deficient in any thing that may be essential to the complete assimilation of their organization and internal economy with those of other Regiments of the Line.

(Signed) R. J. H. BIRCH, Major General,
Secy. to the Govt. of India.

II. The attention of Officers Commanding, is directed to the instructions contained in para. 3 of the foregoing Order.

FORT ST. GEORGE, 6TH SEPTEMBER 1861.

No. **300** of 1861.—The Governor in Council directs that para. 143 of Section XVII of the Revised Pay Code, page 418, be altered as follows :—

"143. All claims to passage money by Officers and others in Military employ, or for Horses of Mounted Officers, are to be forwarded to the Quarter Master General of the Army, accompanied by the Vouchers specified in the preceding paras. for approval. If it shall be found that the charge for passage has been incurred under Regulation, the Quarter Master General will affix his countersignature to the bill, which he will then forward to the Superintendent of Marine for examination and check, as to the reasonableness of the amount claimed, with reference to season, and other circumstances. This having been satisfactorily settled, the Superintendent of Marine will pass the bill on its face, which should then be forwarded, *through the Paymaster at the Presidency*, to the Military Auditor General, for ultimate sanction. The Military Auditor General will retransmit the bill to the Superintendent of Marine, who will hand it over to the party who presented it."

No. **301** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are republished :—

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 19th August 1861.

No. 722 of 1861.—The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 278 of the 8th July 1861, are published for general information :—

* 7th June 1861.

"1. Since the date of my Despatch* No. 233, I have received a communication from the Secretary of State for War, enclosing a letter from the Principal Veterinary Surgeon, Woolwich, who, with reference to the doubt expressed in your Military letter No. 41, dated 2nd April last, as to the practicability of examining Veterinary Surgeons in India, in order to test their fitness for promotion, expresses an opinion that it is very desirable that if the Royal Warrant of 1st July 1859 be adopted, it should be fully carried out, and states that no difficulty was encountered in doing so, in the cases of the 2nd and 6th Dragoon Guards, both in India, the examinations being written and carried on confidentially between the Officer in Command of the Regiment and himself.

"2. Lord Herbert concurs in the opinion that no sufficient ground has been shewn for a modification of Clause 3 of the Warrant requiring Veterinary Surgeons to be examined as applied to India.

"3. Under the new organization of the Army in India, there will henceforth be no Regimental employment for Veterinary Surgeons of the Local Service, but those now in the service may be promoted under the Royal Warrant of 1st July 1859, their examinations being conducted by means of written questions prepared by the Principal Veterinary Surgeon in this country, in the mode above described.

"4. In carrying out this arrangement, a list of the Veterinary Surgeons, who have served the required periods for promotion, should be sent Home from time to time, in order that the examination questions may be prepared and transmitted to India."

This cancels the decision communicated in letter from the Right Hon'ble the Secretary of State for India, dated 7th June last, published in Government General Order No. *625, of the 16th July 1861.

* Madras G. O. G. 30th July 1861, No. 250.

Fort William, the 20th August 1861.

No. 729 of 1861.—1. It having been determined to withdraw Military Guards from the duties of ordinary watchmen, and to replace them by Constabulary Policemen or special watchmen, their expenses being borne by the several Military Departments employing them, His Excellency the Governor General in Council is pleased to direct that monthly Contingent Bills shall be submitted by the Heads of Departments employing such Police or watchmen, and that the Bills shall be supported by the vouchers of the Officers supplying the Police Constables or watchmen, and by the declaration of the Officers who hire them, that they have been employed for the period for which pay is drawn, and that this course is the most efficient and economical. The Heads of Departments will send in their Bills in the form laid down by the Military Finance Department to the Divisional Pay Masters, who will disburse the amounts if properly vouched for.

2. With the first series of Bills, Heads of Departments are to submit a Report to the Controller of Military Finance, stating in clear and distinct terms the nature and extent of the Guard previously furnished, for what specific purpose furnished, the nature and extent of property to be protected, and the nature of the protection intended to be afforded, and explaining fully the necessity of such a Guard, and further declaring whether by better and improved arrangements the protection by Guards could not be dispensed with, and whether the watching by Police Constabulary or hired watchmen is still requisite, and is effected in the most economical manner.

3. Officers applying for Guards, in making their requisition, are to state the strength of the Police Guards they may require, but in cases where the Officer of Police dissents from the strength named, the Officers requiring will be allowed the option of hiring watchmen or of appealing to their Departmental superiors on the question of the strength of the Guards.

4. The Military Finance Department is charged with the duty of issuing subsidiary orders to give effect to the above order.

No. 731 of 1861.—With reference to Government General Order No. 683, of the 26th June 1855,* which prescribed the course to be observed in issuing No Demand Certificates, and adverting to the changes introduced with the new system of Military Finance, it is directed that in cases where the Military Auditor General (now Controller of Military Finance,) has hitherto countersigned No Demand Certificates in the Pay Branch of his Department, the Examiners in that Department shall in future countersign the Certificates, and on the Countersignature of the Pay and other Departmental Examiners, the Military Accountant will finally pass the No Demand Certificate to the applicant, as directed in paragraph 2 of the above quoted Order.

HOME AND FOREIGN.

War Office.
10*th September* 1860.

To remove any doubt as to the extent of the benefit intended to be conferred on the well-conducted Soldier by the provisions of the Royal Warrant of 1st March 1860, the annexed copy of the revised Good Conduct Regulations, embracing the aforesaid provisions, is circulated for the information and guidance of Officers charged with the administration of these Regulations.

The Secretary of State for War considers it necessary to point out that, as the Good Conduct Regulations as now revised are equally applicable to every branch of the Service, no deviation therefrom can on any account be permitted; and in calling attention to their provisions generally, he directs especial attention to the rules laid down in the 10th and 11th paragraphs, page 5, relating to forfeiture and restoration of Good Conduct Badges, and the pay attached thereto.

(Signed) B. HAWES.

GOOD CONDUCT REGULATIONS.

1. A Non-Commissioned Officer, recommended by the Commander in Chief for the Honourable distinction of a Commission without purchase, will be allowed in aid of his outfit, £150, if appointed to the Horse Brigade, Royal Artillery, or to a Regiment of Cavalry; £130 if appointed to the Military Train, or the Cape Corps; £100 if appointed to Field, Garrison, or Coast Brigades, Royal Artillery including Non-Commissioned Officers commissioned as Riding Masters, whether for service with Horse or Field Brigades of that Corps and £100 if appointed to the Royal Engineers, or a Regiment of Infantry.

2. Sums not exceeding £1,400 are distributed in granting annuities, as rewards for distinguished or meritorious service, to Serjeants recommended by the Commander in Chief, either while serving or after discharge, such discharge from the Cavalry or Infantry not being anterior to the 19th December 1845, and from the Artillery and Engineers not anterior to 1st January 1846 with or without pension, in sums not exceeding £20, which may be held during service and together with pension.

3. The Serjeants selected for this honorary distinction are entitled to receive and wear a silver medal, having on one side the Royal effigy, and on the other, the words "For Meritorious Service," and the name and regiment of the Serjeant, with the date of its grant; and they will not be liable to forfeiture of the annuity and medal, except by sentence of Court-Martial to that effect; or by conviction by Court-Martial of desertion, &c., or by conviction of felony by a court of criminal judicature in accordance with the provisions of the Articles of War.

4. A reward of additional pay and distinguishing marks for good conduct is granted, under the following rules, to every Corporal, Trumpeter, Drummer, Fifer, Bugler, Piper, and Private Soldier (excepting the Corporals of the Life Guards and Horse Guards), enlisted or re-enlisted into the Cavalry or Infantry on or after the 1st September 1836, and into the Artillery or Engineers on or after the 1st November 1836:—

Having served 3 years, provided his name shall not have been entered in the Regimental Defaulters' Book for at least two years immediately preceding his claim..... 1*d.* a day.

Having served 8 years, and having been uninterruptedly in the receipt of 1*d.* a day for two years, immediately preceding his claim..... 2*d.* a day.

Having served 13 years, and having been uninterruptedly in the receipt of 2*d.* a day for two years, immediately preceding his claim..... 3*d.* a day.

Having served 18 years, and having been uninterruptedly in the receipt of 3*d.* a day for two years, immediately preceding his claim..... 4*d.* a day.

Having served 23 years, and having been uninterruptedly in the receipt of 4*d.* a day for two years, immediately preceding his claim..... 5*d.* a day.

Having served 28 years, and having been uninterruptedly in the receipt of 5*d.* a day for two years, immediately preceding his claim..... 6*d.* a day.

5. As a further reward of continuous good conduct, Soldiers who shall have completed 16 years service, and whose names have not been entered in the Regimental Defaulter's Book for the last 14 years preceding their claim, may receive the rates of good-conduct pay granted after 18, 23, and 28 years' service respectively, two years earlier; that is, after 16, 21 and 26 years' service respectively.

6. If having received the advantage for uninterupted good conduct granted by the preceding paragraph, a man shall incur any forfeiture, he must lose all benefit acquired by him for such uninterrupted good conduct, and revert to the condition which requires 18, 23 and 28 years' service respectively to obtain 4*d.* 5*d.* and 6*d.*

7. The service requisite to entitle men to the distinction and rewards granted above, may include former service in all ranks after the age of 18 years.

8. Men transferred from the Marines, are to keep the rewards obtained by them under the regulations applicable to that service, and to be afterwards subject to these regulations.

9. Soldiers who were present at the Battle of Waterloo may reckon two years in addition to their actual service, and those who were enlisted, in the Cavalry or Infantry before the 1st December 1829, and and in the Artillery or Engineers before 1st January 1831, may reckon three years for two of actual service, after the age of eighteen, in the East and West Indies (in other than West India Regiments).

10. As this reward is strictly an honorable distinction, to be conferred only upon the well-conducted Soldier, the Commanding Officers of Regiments are strictly enjoined to enter in the Regimental Defaulters' Book the name of every soldier who shall be convicted by Court-Martial, or who, in consequence of misconduct, shall be subjected to forfeiture of pay, either with or without imprisonment, or any other punishment beyond seven days' confinement to barracks; and the commission of every offence which shall impose upon the Commanding Officer the necessity of recording the Soldiers' name in the Regimental Defaulters' Book, shall render the man ineligible for this reward for two years from the date of such entry, should no imprisonment be inflicted, and in case of imprisonment from the date of release; and, if he be already in possession of this distinction, shall deprive him of his distinguishing mark and good-conduct pay for one year; and a second recorded offence within twelve months shall render two years of uninterrupted good conduct necessary to obtain a restoration of such reward.

11. The Soldier having two or more distinguishing marks, shall, in like manner, forfeit one of such marks, and the good-conduct pay allowed with it, for one year for each offence, such forfeiture to be reckoned from the date of entry in the Defaulters' Book, or release from imprisonment, unless another offence be committed within the year, in which case the restoration of the first distinguishing mark and good-conduct pay will be delayed until the completion of a year from the date of the last offence or release from last imprisonment, and the restoration of the second distinguishing mark and good conduct pay will be delayed until the completion of one year's uninterrupted repossession of the first distinguishing mark and good-conduct pay, and so on with each subsequent forfeiture and restoration. If he shall forfeit all his distinguishing marks and good-conduct pay, and before restoration of any one, shall be recorded for a fresh offence, he shall forfeit all Claim, in consequence of his previous good conduct, and shall only be entitled to obtain a restoration of his honorable distinctions by subsequent serving, with uninterrupted good conduct, for two years to obtain one distinguishing mark, for 4 years to obtain two distinguishing marks, for 6 years to obtain three distinguishing marks, for 8 years to obtain four distinguishing marks, for 10 years to obtain five distinguishing marks, and for 12 years to obtain six distinguishing marks.

12. A soldier may, for a first offence of a serious nature, be adjudged by the sentence of a Court Martial, to forfeit all or any part of the advantages he had derived from his previous good conduct, either absolutely or for any period not less than 18 months, according to the circumstances which shall have appeared in evidence.

13. A Serjeant or other Non-Commissioned Officer above the rank of Corporal reduced to the ranks, who has not been sentenced by Court Martial to forfeit all or any part of the advantages of good conduct pay, which might have accrued from his former service, or forfeited such advantages by conviction by Court Martial of desertion, &c., or conviction of felony by a court of criminal judicature in accordance with the provision of the Articles of War, may be allowed to reckon his service as Non-Commissioned Officer, as good conduct service, and in addition to his pay as private shall be allowed the rate of good conduct pay which, with such service, he could have claimed in ranks below that of Serjeant in consequence of absence from the Defaulters' Book: but, if such Serjeant or other Non-Commissioned Officer above the rank of Corporal be reduced by sentence of a Court-Martial, he shall be subjected by such reduction to the forfeiture of one penny a day of such calculated good-conduct pay for one year, for the offence for which he was reduced.

14. A re-enlisted soldier, who at the expiration of six months from the date of re-enlistment, shall be allowed, on the recommendation of his Commanding Officer, the benefit of his former service, will be entitled from the date of re-enlistment to the rate of good-conduct pay he was in receipt of at the time of his discharge.

15. When by the Queen's pardon a Soldier's service, which had been forfeited by desertion, or any other cause, shall have been restored, the rate of good-conduct pay the man was in possession of at the time of forfeiture shall also be restored, provided such restored pay added to any other good-conduct pay he may have acquired while under forfeiture, does not exceed the rate to which his total service, coupled with the prescribed continuous absence from the Defaulters' Book, would give him a claim, and in such cases the condition which, under the ordinary operation of these regulations, requires the uninterrupted possession for 2 years of one or more good-conduct badges and pay attached thereto before another can be obtained, will not be enforced, but will be adhered to during the soldier's subsequent service.

16. All soldiers who enlisted, in the Cavalry or Infantry before the 1st September 1836, and in the Artillery or Engineers before the 1st November 1836, may have the option of relinquishing their right to the additional pay of 2*d*. a day after 14 years' Artillery, Engineer, or Infantry service, or 17 years' Cavalry service, and thereby become entitled to all the advantages of the good-conduct regulations while serving, provided their names shall not have been entered in the Regimental Defaulters' Book immediately preceding the exchange, for the several periods prescribed for each rate respectively.

17. Soldiers enlisted in the Cavalry or Infantry, before the 1st September 1836, and in the Artillery or Engineers, before 1st November 1836, shall be entitled to distinguishing marks, whether they accept or not the option of relinquishing additional pay, for good-conduct pay; and if they subsequently relinquish additional pay, may have good-conduct pay according to the number of marks in their possession.

No. 784 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 302 of the 2nd August 1861, are published for general information:—

1. The Royal Warrant establishing the Staff Corps for India permits Officers now in Staff employment, who may join the Corps on its formation, to count their previous Staff service towards promotion to the extent specified in the 3rd Clause of the Warrant.

2. Many Officers, on joining the Corps, will be entitled to a step of substantive rank under this provision.

3. Unless it be carefully guarded against, Officers entitled, by length of service, to the full pay pension may volunteer for the Staff Corps with the view of obtaining the step of rank, and then immediately retire from the Service.

4. That this is likely to occur is proved by an enquiry recently made by an Officer on Furlough. This Officer, a Regimental Captain, asks whether he can join the Staff Corps, receive the promised step of substantive rank, thus becoming a Major, and then retire from the Service with the Honorary rank of Lieutenant-Colonel.

5. He has been informed that Officers intending to retire from the Service immediately, will not be permitted to join the Corps for the purpose of gaining a step of substantive rank.

6. Previous Staff Service is allowed to reckon for promotion under the Warrant, and the step of rank is conceded for the purpose of inducing experienced Staff Officers to join the Staff Corps, and thus securing the continuance of their services. But it would be quite inconsistent with this object, and would be a gross abuse of the privilege thus conceded, if Officers were permitted to join the Corps with the object of obtaining a step of rank by their transfer to it, and then quitting the Service.

7. This cannot be allowed, and it should be made known that no Officer will be permitted to join the Staff Corps for the purpose of obtaining a step of substantive rank and then retiring immediately.

8. Cases may nevertheless occur, and whenever it shall clearly appear that this has been done intentionally, I desire that each case be reported for my decision, and, under any circumstances, I shall decline to recommend the grant of the step of Honorary rank to which the Officer might otherwise have been eligible.

FINANCIAL DEPARTMENT.

No. 173.

Extract from the Proceedings of the Government of India, in the Financial Department, under date the 20th August 1861.

READ the following papers regarding the organization and the duties of the Civil and Military Finance Departments:—

General Order of the Government of India in the Military Department, No. 710, dated the 6th July 1860.

Resolution of the Government of India in the Financial Department, No. 119, dated the 16th November 1860.

Read a letter from the Chief of the Military Finance Department, No. 633A. dated the 15th August 1861, suggesting the expediency of defining the duties of the Controllers of Military Finance and abolishing the designation of Military Auditor General.

RESOLUTION.—His Excellency the Governor General in Council observes that by the orders already passed in the Military and Financial Departments, in regard to the constitution of the Department of Military Finance the Office of Military Auditor General as an Auditor of Military disbursements in detail, has been virtually abolished, the duty of after check on Military expenditure, known as the "detailed audit," having been transferred to the several Examiners of Military Accounts, while the general functions of control hitherto exercised by the Military Auditor General, have been merged in the enlarged powers of preliminary check and control over Military expenditure of every description, before it is incurred, entrusted under the new system, to the Controllers of Military Finance. The object of the change was, to secure the practical application of a complete system of financial control. The mere exercise of previous control over expenditure, without subsequent audit, or mere subsequent audit without previous control, cannot either of them alone give adequate security to Government, for the correct appropriation of the monies or stores as sanctioned; nor ensure prompt notice and correction of any irregularity or excess. The cases will probably be few in which actual interference will be required, as the beneficial results of the system are to be expected rather from the existence of the power of control, than from its actual exercise.

The functions of the Controllers having thus been rendered more extensive than those appertaining to the Military Auditors General under the old system, His Excellency in Council directs that the title of Military Auditor General, hitherto associated with that of Controller of Military Finance be dispensed with, and that the local Chief of the Military Finance Department in each Presidency, be distinguished in future by the single designation of Controller of Military Finance; as previously indicated in Financial Resolution No. 119, dated 16th November 1860.

The duties of these Officers have already been partially described, in the General Order promulgated by the Military Department on the 6th July 1860. Their special and primary duty is, to make a strict preliminary scrutiny into all demands for money or stores, whether the demand be entered in the Estimates of the several Departments, or arise during the course of the year from unforeseen causes. It will also be their duty to supervise and control the appropriation of the grants, according to the authorized or sanctioned scale; verifying by this preliminary appropriation audit, the apportionment as made by Government. When the disbursements come up for final appropriation audit, the Controllers are also held responsible for the due observance of these limits. They are now as Controllers, exempt from direct responsibility for charges passed by the Examiners, and are consequently in a better position to judge of and report on the propriety and consistency of the acts of Executive Officers. But with a view of more clearly defining their position, His Excellency in Council now directs, that the following additional Rules be laid down for the information and guidance of the authorities concerned.

The Controllers will check every requisition for stores on England, as an element of the Annual Military Estimates.

The proceedings of administrative Heads of Military Departments involving money questions directly or indirectly, whether affecting requisitions for stores from England, expenditure from reserve stock, or disbursements of cash for procuring local supplies or carriage, will all be subject to the Controller's observation and opinion.

The cognizance and influence of the Controllers of Military Finance, being thus extended to all affairs coming within the range of the Military Financial administration, it is necessary for the Governments of Madras and Bombay to refer to these Officers for report, every question affecting the Military expenditure of the respective Presidencies; in accordance with the principle on which such questions are now forwarded for the opinion of the Military Finance Department, before orders are passed on them by the Government of India. On questions connected with Military expenditure in Bengal, the Controller of Military Finance will be consulted by the Military Finance Department.

ORDER—Ordered, that copies of the foregoing Resolution be forwarded to the Military Department, the Military Finance Department, and the Governments of Madras and Bombay, for information and further necessary orders.

GENERAL ORDERS.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE.

28TH SEPTEMBER 1861.

The Governor in Council having addressed the subjoined orders to Major General R. Budd, Provincial Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by the Governor in Council.

FORT ST. GEORGE, 27TH SEPTEMBER 1861.

No. **330** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are republished :—

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 10th September 1861.

No. 799 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 296, dated 25th July 1861, are published for general information :—

1. In your letter dated 18th May 1861, No. 78, you raise the question whether Officers of the Indian Forces who join the Staff Corps and obtain promotion therein will be entitled to the benefit of the Retiring Regulations of 1796 as well as those of 1836-37. In other words whether such Officers will retain their right to retire on the pension of the substantive rank they may hold, provided they have completed twenty-two years' actual service, should that be more advantageous to them than the scale* of pension fixed by the Royal Warrant of the 16th January last.

* *Service in India.*	*Pension.* £.	*s.*	*d.*
20 years as Captain	191	12	6
24 „ „	292	0	0
28 „ „	365	0	0
32 „ „	456	5	0

2. The scale of service and pension fixed in the Royal Warrant, which is the Indian scale of pensions under the Regulations of 1836, based on the principle of length of service, is to be applicable to both British and Indian Officers, with the *proviso*, as regards British Officers, that not less than half the required period of service shall have been passed in the Staff Corps.

3. Officers of the Indian Army, however, who may, at the time of joining the Staff Corps, have acquired, under the Regulations of 1796, the right of retiring on the pension of their rank, will be allowed to retire on the pension of the rank which they then hold, whenever they may subsequently retire; but they are not to be allowed to retire on a pension according to rank under the above Regulations in respect of any rank subsequently acquired under the rules of promotion of the Staff Corps.

4. The right of retiring on the pension of the rank they hold at the date of joining the Staff Corps will preserve to local Officers who have been fortunate in their promotion the benefit of the rate of pension they may have acquired by their previous service in the Army.

5. For instance, an Officer on joining the Staff Corps, who has attained the rank of Lieutenant-Colonel after twenty-two years' service, will retain his right at any time during his subsequent service to retire on the pension of that rank. Were he confined to the Staff Corps scale of retirement, he would be required to serve for a period of six years in that Corps before he could be entitled to retire on the pension of a Lieutenant-Colonel.

6. On the other hand, it cannot be conceded that Officers shall be entitled to claim the pension according to rank, in respect of rank obtained in Staff Corps. Many Officers on joining the Staff Corps will obtain an immediate step of rank, and some a second step after a short period of service. An Officer, for instance, of the rank of Captain, entitled to count previous service (Army and Staff) for promotion, might join the Staff Corps for one day, and then, if he were allowed to retire under the Rule of 1796, he would retire on the pension of a Major. Or, if his previous service were sufficient, he might after two years' service in the Staff Corps, gain two steps of rank and then retire with the pension of a Lieutenant-Colonel. This would give him an undue advantage, which was not intended, and cannot be allowed.

7. As connected with this subject, I have to inform you that in reply to an inquiry addressed to me by an Officer in this country, who had elected the Old Furlough Regulations, I have stated that his service for pension should reckon under the Old Rules until he joined the Staff Corps, but that, after that date, he would be under the operation of the New Furlough Rules as laid down in the General Orders, 10th April 1861, (93.)

8. This will secure to all Officers their privileges with respect to Furlough, according to the election they had previously made to the date of their joining this Corps.

9. This decision will be duly acted upon by your Government.

No. 801 of 1861.—His Excellency the Governor-General in Council directs the publication of the subjoined Questions on subjects of general interest and the Answer given by Government, in continuation of those published in Government General Order No. 681 of the 2nd August 1861 :—

Question 92.—Can an Officer now on the Staff, who entered the Service after the General Order dated 9th January 1837, not having passed the prescribed examination in Hindoostanee, enter the Staff Corps under paragraph 69 : and with reference to paragraphs 75 and 78, does this rule apply to Officers holding the appointment of Adjutant to a Native Corps?

Answer 92.—An Officer who entered the Service after January 1837 is ineligible to hold a permanent Staff appointment without having passed the usual Hindoostanee Examination, and he is consequently ineligible to join the Staff Corps.

And though he may be holding an Adjutancy to a Native Corps, his case does not come within the provisions of paragraphs 75 and 78 of the General Order.

Question 93.—Whether time passed by Officers (not belonging to the Corps of Engineers) in the Department of Public Works prior to its present organization is to count as Staff Service under the Royal Warrant?

N. B.—It is believed that, until within the last few years, any Officer (not of the Corps of Engineers) was usually considered to be "officiating," in the Department of Public Works, though he might have held his appointment for a considerable period, and have been in the receipt of full Staff Salary.

The question is, will time passed in such a position count as Staff Service.

Answer 93.—All substantive appointments, but not appointments held temporarily for absent Staff Officers or otherwise, will count as Staff Service.

Yes, this was the case prior to the revision of the Department in 1854; Officers of Artillery, Cavalry, and Infantry, employed in the Department, were styled "officiating" or "in charge."

The appointments were, however, virtually permanent, for an Officer could only be removed by the appointment of an unemployed Engineer Officer; and there were not Engineer Officers enough for all the appointments.

The time passed in such a position will count as Staff Service, when there was an actual vacancy in contradistinction to a temporary vacancy.

Question 94.—Is it intended to be implied in the concluding portion of paragraph 45 of the General Order No. 332 of 10th April 1861, that Officers on the Staff who do not join the Staff Corps will henceforth be liable to be removed from their present appointments and employed in other duties in a manner that is not now usually done; and will an Officer joining the Staff Corps be guaranteed his Staff appointment so long as he does not prove himself unfit for it? while on the other hand to an Officer not joining the Staff Corps, no such guarantee can be held out?

Paragraph 45.

Answer 94.—The position of Officers who do not join the Staff Corps will be in no respect changed. Both Officers of the Staff Corps and those not joining it will be on the same footing with respect to tenure of appointment.

Question 95.—Will Officers of the Indian Army who do not wish to join the Staff Corps be eligible for Staff employ, or will it hereafter be compulsory to join the Staff Corps on getting an appointment?

Answer 95.—When the Staff Corps is once formed, *i. e.* after 21st October 1861, such Officers will be available for any employ,—Staff or other at the discretion of the Government of India.

Question 96.—An Officer is at Home on two years' Furlough in 1856, and ordered out in consequence of the Mutiny 1857, having ten months of his leave unexpired, can he, if he joins the Staff Corps, take this balance of Furlough without losing his appointment?

Answer 96.—Yes, he would be allowed the balance of his Furlough retaining his appointment.

Question 97.—An Officer proceeds on fifteen months' leave retaining his appointment—he obtains twelve months' additional leave and thereby forfeits his appointment. Is his absence of fifteen months to be reckoned as Staff Service?

Answer 97.—Yes.

Question 98.—If an Officer now declares for Local Service, will his having so declared be a bar to his joining the Staff Corps?

Answer 98.—No, it will not.

Question 99.—Can an Officer having entered the Staff Corps retire from the Service and claim the extra £50 as pension offered in G. G. O. dated 8th March last, No. 79, provided he applies to retire before the 1st October next?

Answer 99.—Yes, but as shewn in the Despatch No. 302, dated 2nd August 1861, published in General Order No. 784 of the 5th September 1861, it is not the intention of Her Majesty's Government that Officers should enter the Staff Corps for the purpose of immediately retiring.

Question 100.—Should an Officer elect for the Local Service, will his claim for Regimental or Brigade Command, or for Staff employ generally, be diminished?

Answer 100.—No.

Question 101.—With reference to paragraph 92, Government General Order No. 332, dated 10th April 1861, an unattached Officer being eligible for the Staff Corps, [on the same terms as Indian Officers, and having therefore joined the Staff Corps] whether, having served on the Staff for a period of fourteen years and three months, will he be entitled to count this or what portion of this period, as service in the Staff Corps?

Answer 101.—Service towards pension under the Staff Corps Rules must be service as a Commissioned Officer. But the reduced scale of pension specially allowed to unattached Officers will be continued to them. See General Orders No. 322, dated 6th June 1851.

Question 102.—Whether a Lieutenant in a British Regiment of Foot of eight years' service, who was appointed Officiating Assistant Commissioner, Tenasserim and Martaban on the 20th October 1860, and confirmed in the appointment of 2nd Class Extra Assistant Commissioner, Tenasserim Province, in June 1861, is eligible for the Staff Corps in India, and whether the service above-mentioned will count as service on the Staff?

Answer 102.—This Officer is eligible at the discretion of Government to join the Staff Corps on probation under paragraph 75 of the General Order. Having been confirmed in permanent employ, his previous temporary employment will count as Staff Service; see Questions and Answers 26 and 40. But as this Officer held only temporary employment on the 18th of February last, he cannot be admitted into the Staff Corps previously to the 22nd October 1861. After that date his claims will be considered.

Question 103.—Whether the period passed out of India by Officers of the Staff Corps either on furlough or on sick certificate will be counted towards the four years' unemploy referred to in paragraph 98 of the amalgamation order?

Answer 103.—Yes.

Question 104.—Whether time passed by an Officer of Infantry as probationary Assistant Engineer is to count as Staff service?

Answer 104.—Yes, if he is subsequently appointed permanently.

Question 105.—Whether, as a special case, the time passed on Foreign service by Officers who volunteered to do duty with Irregular Regiments in China in 1860 counts for promotion in the Staff Corps? (such Officers having given up, during their absence from India, their chance of other permanent appointments.)

Answer 105.—If the Officer held an appointment prior to proceeding on service to China, the time so passed will count for promotion in the Staff Corps, whether he volunteered for the service or not.

Secy. to the Govt. of India.

At a General Court Martial holden at Ootacamund on the 6th of July 1860, and continued by adjournments to the 26th of September following, Captain the Honorable John Colborne, 3rd Battalion 60th Royal Rifles, was arraigned upon the following Charges:—

2nd Instance.—"In having at the same place, on the 28th day of March 1860, while under Military arrest, in consequence of a complaint made against him in an official letter to his Commanding Officer, Major H. F. Kennedy, by Mr. E. W. Bird, Sub Judge of Ootacamund, written a most insulting note, marked "private" to the said Mr. Bird, commenting in a highly offensive manner, on Mr. Bird's official letter, above mentioned."

Third Charge.—"For conduct seriously affecting his character as an Officer and a Gentleman and to the prejudice of good order and Military discipline, in having between the 22nd and 27th day of March 1860, permitted an imputation on his character as a Gentleman made by Mr. E. W. Bird, Sub Judge of Ootacamund on the 22nd of March 1860, in his open Court at Ootacamund, to the effect that his, Captain the Honorable J. Colborne's conduct had not been such as he, Mr. Bird had a right to expect from him as a Gentleman, to remain without taking any legitimate means for refuting such imputation."

"The above being in breach of the Articles of War."

Additional Charge.—"For having at Ootacamund on or about the 27th day of April 1860, when under arrest at large, broken it by visiting a place of public resort, *viz.* the Club House at Ootacamund."

"The above being in breach of the Articles of War."

Upon which Charges the Court came to the following decision—

"The Court on the evidence before it, and what has been stated in defence, is of opinion, that the Prisoner, Captain the Honorable J. Colborne of the 3rd Battalion of H. M 60th Royal Rifles, is"—

"Guilty of the First Charge, but the Court find that the amount of the judgment debt is Rupees three hundred and nineteen, annas eight and pice one."

"Guilty of the preamble to the Second Charge."

"Guilty of the Second Charge in its First Instance, except that the article described as "an old shoe" is found by the Court to be part of an old Boot."

"Guilty of the Second Charge in its Second Instance."

"Guilty of the 3rd Charge."

"Not Guilty of the additional Charge" of which it fully acquits him.

Sentence.—"The Court sentences the Prisoner Captain the Honorable J. Colborne, of the 3rd Battalion of H. M.'s 60th Royal Rifles to be cashiered."

REMARKS BY THE COURT.

"The Court having found the Prisoner "Not Guilty" on the additional Charge think it their duty to draw attention to the very loose and indefinite terms of the Prisoner's arrest, and they would respectfully submit that when it is considered how heavy is the penalty of an Officer breaking his arrest, the terms of such arrest should always be in writing, so that there can be no possible misunderstanding on either side."

"The Court unanimously beg the attention of Superior Authority to the evidence given by Mr. McCraken, Deputy Post Master at Ootacamund, as recorded on these Proceedings; not only is his evidence contradictory, and has been most unsatisfactory to the Court, but the Deputy Judge Advocate General has fully discredited him."

REMARKS BY HIS ROYAL HIGHNESS THE GENERAL COMMANDING IN CHIEF.

It having appeared to the Judge Advocate General that the facts set forth in the first charge did not constitute an offence within the provisions of the 109th Article of War, inasmuch as the misconduct therein alleged had no direct bearing on the good order and discipline of the Army. That these facts did not constitute the offence of behaving in a scandalous manner, unbecoming the character of an Officer and a Gentleman so as to come within the provisions of the 84th Article of War; and that even if they were to be viewed as coming within the provisions of that article, the Charge was not framed in a manner which would authorize the Court so to regard them.

That in this view of the case, the sentence awarded by the Court could not legally be put into execution, inasmuch as that sentence was awarded with reference to a finding of guilty on three Charges; and being indivisible in its nature, could not be supported by a finding of Guilty on a smaller number of Charges.

For these reasons, the Judge Advocate General having humbly submitted that Her Majesty should be graciously pleased not to confirm the Proceedings of the Court, I have to acquaint you that Her Majesty was accordingly graciously pleased not to confirm these Proceedings.

General Orders by the Governor in Council.

FORT ST. GEORGE, 1st October 1861.

No. **334** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

General Orders by His Excellency the Governor General of India in Council.

Fort William, the 12th September 1861.

No. 806 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 297 of the 25th July 1861, are published for general information:—

1. The 30th Clause of your General Order, No. 332 of the 10th April, lays down generally the Rule regarding pay and promotion of Officers of the Indian Artillery Regiments "who are willing to serve out of India, and may be permitted to do so."

2. It has now become necessary to determine more specifically the conditions under which Officers of Artillery and Engineers may be permitted to avail themselves of the option of general service.

3. It must be clearly understood, in the first place, that India has the first claim to the services of all the Officers who have entered the Indian Armies, and that no Officer can be available for employment out of India (except during Furlough) unless the Government of the Presidency to which he belongs is willing to dispense with his services; and further, that it will rest with His Royal Highness the General Commanding-in-Chief to give or not to give employment to Officers volunteering for general service out of India, whose services are placed at his disposal by the Secretary of State, on the recommendation of the Indian Government.

4. Of the Officers of Artillery, it is not improbable that a proportion may be available for this service without public inconvenience. Their organization into fourteen Brigades provides in each Presidency a surplus of Officers above the complement of the Batteries which it is at present intended to maintain for duty with Irregular Native Artillery and for other detached employment; and, irrespective of the Officers who may possibly be spared without detriment to the public interests for service out of India, there would be no objection to permit Artillery Officers of the late Indian Army, who may wish for service out of India, to exchange with Artillery Officers of corresponding rank serving elsewhere, provided that the services of Officers with Indian experience can be spared in that country; but of course no such arrangement can take effect without the formal consent of the General Commanding-in-Chief of the British Army, of the Secretary of State for India, and of the Government of the Presidency to which the Indian Officer wishing to exchange may belong.

5. In such cases, the Officer of Royal Artillery undertaking service in India will be on the same footing as all other Officers of the Royal Artillery serving in that country.

6. The Indian Officer exchanging for service out of India will be on the same footing as Officers of Royal Artillery serving out of India, except that he will be permitted to reckon for retiring Pension under the Indian Regulations only half the time of his employment out of India. His position with respect to the Military and Orphan Funds of his Presidency will be governed by the rules of those Institutions respectively. His promotion will go on in the list of the Regiment of late Indian Artillery to which he may have belonged.

7. In accordance with the usual practice in all similar cases, the Officers so exchanging will not be entitled to passage money at the public charge.

8. Exchanges will be permitted, on terms and conditions similar to those above described, between Officers of the Royal and late Indian Engineer Corps; but, in accordance with the provisions of the 42nd paragraph of your General Order, the Officers of Royal Engineers undertaking service in India must be prepared to perform the several duties required from Engineer Officers in the Public Works Department, and will be subject in all respects to the rules of that Department for the time being.

9. Officers of Artillery and Engineers of the former Indian Service wishing to avail themselves of the terms above described may submit their applications through their Commanding Officer, or the Heads of their Departments respectively, to the Adjutant General of the Army in India, by whom they will be forwarded, with such remarks as His Excellency the Commander-in-Chief may think proper, to the Secretary to Government in the Military Department, and it will rest with the Local Government to transmit the names of such Officers from time to time for the information of the Secretary of State for India.

10. The sanction of the Government of India having been obtained, it will rest with Officers of the late Indian Regiments to make arrangements for exchange with Officers of equal rank serving in any other part of the world, and to submit their joint applications to the Adjutant General of the Forces at the Horse Guards for the approval of His Royal Highness the General Commanding-in-Chief.

No. 807 of 1861.—The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 320, dated 10th August 1861, and the document referred to in paragraph 11 thereof, are published for general information:—

India Office, *London 10th August* 1861.

Military, No. 320.

To His Excellency the Right Honorable the Governor General of India in Council.

My Lord,—I have the honor to acknowledge the receipt of your Military Despatch, No. 61, dated 4th May 1861, transmitting a copy of the third Report by the Commission appointed at Calcutta to arrange the details of the re-organization of the Army.

2. I have carefully considered in Council the proposal contained in that Report for inducing a large number of the Senior Officers of Her Majesty's Indian Forces to retire from the Service by the offer of enhanced Pensions, together with the Minutes thereon recorded by the Members of your Government, including that subsequently received from His Excellency the Commander-in-Chief; and I have now to inform you of the conclusions which Her Majesty's Government have arrived at on the perusal of these important papers.

6. In calculating the number of Officers likely to become Supernumerary under the new arrangements, the Commission have assumed that the complement of Officers with Native Regiments in all the Presidencies will be at once reduced to six; but this assumption, as observed in your Despatch, is erroneous. The ultimate adoption of what has hitherto been called the irregular system in the Native Armies of the three Presidencies has, indeed, been determined upon; but, the introduction of this change in the few Regiments of the Bengal Army, which have retained their old organization, and in the Armies of Madras and Bombay, was intended to be gradual. The views expressed on this subject in the 41st paragraph of your Despatch, No. 65 of the 4th May, are entirely in accordance with the intentions of Her Majesty's Government.

7. Under these circumstances there could be no advantage in making so large a reduction of the number of Officers in the Madras and Bombay Presidencies; and even in Bengal the retention of a moderate number of Officers in excess of that exactly calculated for the present wants of the Service will be a measure of prudence and public convenience. It will afford time to test by experience the estimate of the future requirements of the Service, and will furnish for some time, after the first formation of the Staff Corps, a valuable reserve, from which to draw Officers of some Indian experience to fill vacancies, which must otherwise be supplied by taking Officers from the Line Regiments to an inconvenient extent.

8. The Estimates of the number of Officers that will be surplus under the new organization are very discordant; that put forward by the Commission is, as I have before observed, greatly exaggerated, and, on the other hand, I am not prepared to admit the necessity for so large a reserve of Officers for Native Regiments as that proposed by His Excellency the Commander-in-Chief.

9. It is certain, however, that, in consequence of the reductions which have been and will be effected in the number of Native Regiments in the Armies of the three Presidencies, there will be a considerable number of Officers in the ranks of Lieutenant-Colonel and Major beyond those for whom suitable employment can now be found in Regimental Commands, and in the higher positions of the Army Staff; and that this is especially the case in the Bengal Presidency, where the old Native Army was almost entirely broken up by the Mutiny, and the new Levies raised to take the place of the Regular Native Regiments were organized and are now commanded by younger men.

10. Under the changes which have thus taken place, a considerable proportion of the Field Officers of the Native Armies are deprived of the advantage which they enjoyed under the old system, of continuing to serve in India in Command of Regiments until entitled to Colonel's allowances; and I concur in the opinion expressed by your Government, and by His Excellency the Commander-in-Chief, that it would be just and expedient to facilitate the retirement of such Officers by the offer of any terms which would not entail an undue financial loss on the State.

11. After much consideration I have resolved to offer to the Regimental Field Officers of the three Presidencies annuities (in addition to the Pensions to which they may be entitled under the Regulations) according to the accompanying Graduated Scale, in the preparation of which I have advisedly abstained from attempting to make any accurate calculation of the value of each Officer's position, and have thrown the whole of such Officers into groups, allotting an annuity of the same amount to every Officer in each group.

12. With this Scale as your guide, you are authorized to offer to the whole of the Field Officers of Cavalry and Infantry of Her Majesty's Indian Forces, as they stand on the Effective Lists of Lieutenant-Colonels and Majors Regimentally in their several Presidencies, the option of retiring from the Service, at a given prospective date, upon the annuities to which they may become entitled under this scheme.

13. In carrying this plan into effect, I desire that you will cause to be prepared and published, as soon as possible, after the 1st October next, Nominal Rolls of the Field Officers of Cavalry and Infantry as they stand on the Effective Lists of Lieutenant-Colonels and Majors Regimentally, according to the Official Records of the Adjutants-General of the three Presidencies on the 1st of October, grouped after the principle exhibited in the accompanying Scale, with a Notification to these Officers that they will be permitted to retire with the annuities placed opposite their respective names, provided their applications are received and laid before their respective Governments on or before the 15th December next.

14. It is to be clearly understood that the annuity granted to each Officer will be that due to his position in the above Nominal Roll, and that no change whatever in that position, or in the annuity assigned to him, will be admitted as a consequence of any casualty that may occur or become known at the Adjutant-General's Office subsequent to the 1st October.

15. All retirements under this scheme will date from the 31st December next, and promotions arising out of such retirements will take effect from 1st January following, and will be carried on in the manner and to the extent to be now explained.

16. In a former Despatch,* I stated my intention of gradually reducing the number of Colonels in receipt of Colonels' allowance, by making for the future three promotions only for every four casualties among their rank.

* No. 27, para. 8.

17. Considering the very liberal provision now offered to the Senior Effective Officers of the Indian Army, and the very great expense that will be entailed upon the Government of India thereby, the most obvious and equitable mode of effecting the reduction, so as at once to make compensation for the severe strain that would otherwise be imposed upon our Finances, will be to retain upon the list of Lieutenant-Colonels in the several Presidencies the names (printed in italics) of such of their body as retire under the conditions now offered, and to regulate the succession to Colonel and to Colonel's allowance thereby. This arrangement, therefore, will supersede that detailed in paragraph 8 of my Despatch No. 27.

18. The working of the system may be illustrated thus:—Should the Senior Lieutenant-Colonel be among those who retire under the scheme, his name will remain in the usual place on the list until his

death, or until a casualty occurs among the Colonels, in either of which cases his name will be removed, no promotion being made. On another casualty occurring among the Regimental Colonels, should the name then at the head of the list of Lieutenant-Colonels be that of an Officer who has not retired under the operation of the present scheme, he will succeed as usual to the rank and allowances of Colonel, and promotions will be made in succession.

19. I further propose that promotion in succession to the Lieutenant-Colonels, who retire under this order shall be made in the proportion of one to two of such retirements, these promotions being made on the principle illustrated in paragraphs 59 and 60 of your General Order of the 10th April 1861.

20. By this course you will observe that very great promotion will be at once given to the Captains and to the junior Officers of the Army; that the establishment of Lieutenant-Colonels will be immediately reduced to a certain extent; and that of Colonel in receipt of Colonel's allowance, gradually brought down to a strength (to be hereafter defined) proportionate to the number of Commissioned Officers remaining on the General List.

21. The future strength of the establishment of Colonels in receipt of Colonel's allowance will depend on the result of the several measures, now in progress, connected with the re-organization of the Indian Army. When those results are fully known, I shall be in a position to communicate to you my intentions upon this point.

22. Should the numbers of Field Officers, who make application to retire upon these terms fall short of 300 (in the three Presidencies), you are authorized to offer annuities of £120 per annum to so many of the Regimental Captains of the three Armies as may suffice to make up that number, making the offer to them in succession, according to length of service, reckoned from date of first Commission, and confining the offer to men of or above twenty-five years' service. It will be necessary, therefore, in promulgating this scheme, to call upon all Regimental Captains of or above twenty-five years' service to declare their wishes as to retiring under the above conditions should the opportunity be eventually afforded them.

23. I have considered and adopted the resolution now made known to you, under the impression that it is most desirable to put an end to the suspense under which Officers have been suffering, and in order that they may know their exact position and prospects, and may be enabled to make their election without further delay.

24. It is my wish that the option of retiring upon these terms may be given to all Regimental Lieutenant-Colonels and Majors of Cavalry and Infantry on the Effective List of the three Presidencies, including such as may have already elected for the new line Regiments or the Staff Corps.

25. Notification of this measure will be published in the *London Gazette* for the information of Officers in this country, who will be informed that their applications to be permitted to retire on additional Pension under the above scheme must be addressed to the Secretary to Government in the Military Department of their respective Presidencies, and it will be intimated that it is a final arrangement, and that no further proposals connected with Schemes for the retirement of Indian Officers will be entertained.

26. I desire that you will give a similar intimation in promulgating the scheme to the Officers of the Indian Army.

27. It will be observed that, in accordance with the proposal of the Amalgamation Commission, I have not contemplated extending the option of retirement with enhanced Pension to Field Officers of Artillery and Engineers. These Regiments stand on a very different footing from the rest of the Army with regard to the recent changes. Their organization is modified, not broken up, and the modifications are, on the whole, very favorable to the Officers. Nor am I prepared to admit any claim of the nature referred to in the 55th paragraph of the Commission's Report, on account of compensation for the presumed extinction of their retiring funds. These funds, though permitted, have never been officially recognized by the late Court of Directors, nor by Her Majesty's Government. The Officers joining them have already received some value for their subscriptions, in the shape of accelerated Regimental promotion, and in a more early succession to Commands and Staff appointments. The routine of promotion being maintained without disturbance in the Indian Ordnance Corps, there is no reason why their retiring funds should now be abruptly closed, should the Officers wish to continue them; but, admitting that some loss may eventually fall on individual Officers on this account, it is not of a nature to form a proper subject for compensation.

I have, &c.,

(Signed) C. WOOD.

PARA. 1.—In the case of Officers now joining the Staff Corps leave of absence will reckon as part of the period* of general service required for promotion; but, except in the case of Lieutenant-Colonels, no leave of absence, either on Sick Certificate or Private Affairs, beyond the privilege leave of one month in six, will be allowed to reckon towards the Staff† Service required by the Royal Warrant as a qualification for promotion in the Staff Corps.

The full period of Staff Service required by the Royal Warrant as a qualification for promotion is, however, to be rigidly exacted in all cases.

3. A period of five years' service in the Staff Corps is required to entitle a Lieutenant-Colonel to the rank of Brevet-Colonel. As respects Officers of this rank, the present rule, as to leave of absence to be allowed to reckon as part of the service for promotion, will remain in force.

Despatch to India, 31st July 1860, No. 288.

No. 825 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 318, dated 10th August 1861, are published for general information:—

PARA. 1.—It appears to me that paragraph 98 of your General Order does not accurately express the intentions of Her Majesty's Government, and is liable to misapprehensions on the part of the Officers of the Army. The words "Officers of the Staff Corps, under the rank of Major-General, whom the Governments of India may not see fit to employ in any capacity," used in the paragraph, would appear to contemplate Officers whom the India Governments, in point of fact, considered to be unfit for employment. Such Officers ought to be removed from the Staff Corps under the authority specified in the 7th paragraph of the Staff Warrant, and placed upon half-pay or pension under the provisions of the 10th paragraph of the same Warrant.

2. The directions contained in paragraph 33 of my Despatch No. 27 of January 1861, were intended to apply not to Officers unfit for employment, "whom the Governments of India may not see fit to employ in any capacity," but to Officers who are perfectly fit for employment, but who, from circumstances of one kind or another, may be out of employment, for example, such as those who, in consequence of having overstayed the prescribed limit of absence, with retention of appointment, may find themselves, on their return to India, out of employment.

3. I proceed, therefore, to give you more precise directions on this subject.

4. Such Officers are, on their return to India, to be placed on the rate of pay specified, for their respective ranks, in the Staff Warrant for Officers "while required to remain in India," and they will retain this rate of pay for a year, before the expiration of which I expect that you will have an opportunity of placing them in some suitable situation. This it will be your duty to do at the earliest period, so that the revenues of India may not be charged for more unemployed Officers than is inevitable under the circumstances at the time.

5. If, however, no opportunity should occur within the year of placing such an Officer in a situation that you consider suited to him, you are authorized to continue such allowance until a suitable opening can be found.

6. I desire, however, that every such case shall be forthwith reported to me, and that a quarterly list of all such unemployed Officers in India, at the date of their return to India, may be punctually transmitted to me.

7. You will modify the 98th paragraph of your General Order in accordance herewith.

No. 826 of 1861.—With reference to the foregoing Despatch, paragraph 98 of the General Order No. 332, dated 10th of April 1861, is cancelled, and the following is substituted for it:—

98. Officers of the Staff Corps under the rank of Major-General, who may be considered unfit for employment, will be removed from the Staff Corps under the authority specified in the 7th paragraph of the Royal Warrant, and placed upon half-pay or pension under the provisions of the 10th paragraph of the same Warrant.

Officers who are perfectly fit for employment, but who, from any circumstances, as, for example, from having exceeded the prescribed limit of leave of absence, with retention of appointment, may be out of employment, will, on their return to India, be placed on the rates of pay specified in the Royal Warrant for Officers respectively "while required to remain in India," and such rates of pay they will retain for one year, within which time it will be the duty of the Government of India to find suitable employment for them if possible, but failing in this, the allowances above noted will be continued until an opening for employing them can be found.

No. 827 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 319, dated 10th August 1861, and the Act referred to in paragraph 16 thereof, are published for general information:—

PARA. 1.—I have received and considered in Council your Despatches, No. 23 of 8th March 1861, and No. 65 of 4th May, reporting the measures which you have taken for giving effect to the instructions of Her Majesty's Government for the formation of Staff Corps in each of the Presidencies, and the consolidation generally of the two Branches of Her Majesty's Forces serving in India.

2. I have much pleasure in conveying to you the acknowledgments of Her Majesty's Government for the great care with which this important subject has been treated by your Government, and for the anxious consideration which you have given to it, in order to make these great changes as acceptable as possible to the various classes affected by them.

13. A reference has been made to the War Office regarding the retention of honorary distinctions of the Local Artillery Regiments. It was the practice in the Royal Artillery for every Brigade, Battalion, Troop, or Battery to bear its distinctive records of service according to the present usage of the Indian Regiments. But in the year 1832 His late Majesty William IV. determined that the mottoes "Ubique" and

"Quo fas et gloria ducunt" should be conferred on the Corps of Royal Artillery and Engineers, in lieu of all other titles and distinctions which had become so ample as to render it impracticable to repeat their enumeration without inconvenience.

14. The Secretary of State for War and His Royal Highness the Commander-in-Chief concur in opinion that the Indian Artillery and Engineers will suffer no loss of honor if the record of their proud achievements, necessarily performed on a less extended field than that which has been open to the Royal Corps, should merge in the comprehensive mottoes which declare the services of the Regiments they join.

These sentiments are quite in accordance with my own views, and I feel confident that they will commend themselves to the judgment and public spirit of the Officers and Men of the Indian Artillery.

16. With reference to the subject (adverted to in paragraph 23) of the declaration to be made by the Soldiers volunteering for general service, an Act has lately been passed by the Legislature rendering lawful the enlistment of persons transferred from the Indian to the General Forces of Her Majesty. A copy of this Act is forwarded for your information: 24 and 25 Vic., Cap. 74.

21. It must be borne in mind that the object of assimilating the organization of the Indian Ordnance Corps with those of the British Service was to facilitate the ultimate consolidation of the whole into one Regiment of Royal Artillery, and one of Royal Engineers. It was not supposed that a large increase to the number of Field Officers of Artillery and Engineers was required by the exigencies of the Service; but unless the number of Officers of the several grades in each Brigade had corresponded with the organization of the British Corps, the promotion of a Royal Artillery or Engineer Officer for every vacancy in the Indian Regiments would not have given the requisite proportions in the ultimately consolidated Corps. But there is no reason for carrying the assimilation further than is necessary for this object. The effect of making promotions in place of Supernumerary Colonels-Commandant would be to burthen the Government with the expense of maintaining a large number of Officers, in superior and highly-paid grades, for whom there is no suitable employment, and to cause a needless amount of supersession in the other branches of the Service.

22 In paragraph 28 of the Despatch you request some definite instructions in regard to the Officers of the Indian Artillery Regiments to whom Commissions in the Royal Artillery will be given. In my Despatch No. 29, paragraphs 7 and 11, two classes of Officers were named to receive Commissions in the Royal Artillery, *viz.*, the Officers who may volunteer for general service out of India, and those, even if not volunteers for general service, who may be appointed to do duty with Batteries manned by Gunners who either have originally enlisted for Royal Artillery, or have volunteered for that Regiment from the Local Service. These instructions were given, necessarily, in ignorance of the proportions of men that would volunteer for general service, and those who would remain under their present conditions, and it was desirable to provide Officers for both; but, since there is reason to believe that a great majority of the men have volunteered for general service, there is no longer any reason why all the Officers of the Indian Artillery should not at once receive Commissions in the Royal Artillery.

23 In the case of the Engineer Corps, which had no European Soldiers attached to them, it has been already determined that all the Officers should receive Commissions in the Royal Engineers.

24. In paragraph 30 of your Despatch you advert to the position of Officers of the Indian Artillery and Engineers, now on Staff employ, who may not elect to join the Staff Corps. You have rightly understood the intention of the Despatch, that such Officers, like all others now in Her Majesty's Indian Forces, may continue to hold Staff appointments without joining the Staff Corps, and that they, as well as Officers of the Indian Artillery and Engineers in general, will, in common with those of the rest of the Army, be available for any duty to which they may be appointed.

25. In the 71st paragraph of the Despatch you propose that, in accordance with the recommendation of the Commission, and with the practice in the Royal Artillery and Royal Engineers, the Officers of the Indian Brigades of Artillery and Engineers in miscellaneous Staff employ shall be "seconded." It does not seem desirable, for the present at least, to adopt that course. The assimilation of the Indian with the British Ordnance Corps is indispensable, so far as it is necessary to their ultimate consolidation; but there may be points, not required for that purpose, in which the principle of assimilation could only be carried out at a sacrifice of the public interests. I would further observe that the practice of "seconding," which obtains in the British Regiments, is connected with their internal economy rather than with their organization, and it is the less necessary in the Indian Brigades of Artillery, because it is not intended to complete the full number of Batteries in each Brigade, so that there will be an available surplus of Officers, and it would be an additional objection that, as admitted by the Commission, the introduction of the practice of seconding in the Indian Corps, by causing the promotion of a great number of Officers, would give these Corps a great advantage over the other Arms of the Service.

26. I have referred to the Secretary of State for War regarding the nature of the Commissions to be granted to Officers of the new representative Line Regiments, and have been informed that he concurs with His Royal Highness the Commander-in-Chief in thinking that all Officers of Artillery and Engineers, and all Officers appointed to the several new Regiments of the Line, should receive one Commission only, namely, a Regimental Commission, signed by the Queen, bearing the same date as that which they now hold. The transfer of all those Officers should be published in the *London Gazette*, but such publication and Commission involves no obligation on Officers of Artillery and Engineers who have not volunteered for general service to serve out of India, nor does it affect the scheme for promotion on separate lists, adopted in the General Order of 10th April.

27. The course to be followed in regard to the Regular Native Regiments in the three Presidences, as described in paragraph 41 of the Despatch, is strictly in accordance with the intentions of Her Majesty's Government. It was intended ultimately to reduce the number of Officers serving with these Regiments to six, exclusive of a Medical Officer, and to give them eventually the organization of what has hitherto been called the irregular system, but it was not contemplated to effect any sudden or violent change in the present position of those Regiments.

30. The 65th paragraph of the General Order, referred to in the 44th paragraph of the Despatch, introduces an important change in the conditions of future service, out of India, of the Officers who may be transferred to the new Regiments of the Line, and of the Artillery Officers who may volunteer for general service with the new Brigades of Royal Artillery. Though I cannot altogether concur with your Government as to the necessity or expediency of permitting Officers to reckon towards retiring pension, under Indian regulations, and payable from Indian revenues, the whole of their future service in any part of the world, I am prepared to ratify the promise held out in your General Order; but it will be necessary to define very carefully the nature of the duty which will confer a claim to reckon service in full or in part for the retiring pension.

31. I am disposed to think that the privilege of reckoning full time should be restricted to the following cases:—

1st. That of Officers transferred in the first instance to the twelve new Regiments of Cavalry and Infantry of the Line, who will be entitled to reckon all their future Regimental service in those Regiments in any part of the world.

2nd. That of Officers of Artillery who, having volunteered for general service, and being attached to Batteries of Royal Artillery, may be ordered Home with those Batteries, such Officers will continue to enjoy the privilege as long as they may be performing Regimental service with the Royal Artillery in any part of the world.

3rd. That of the Officers of Cavalry and Infantry who may be appointed under the provisions of my Despatch, No. 154, dated 8th April, to fill vacancies in Line Regiments caused by the transfer of Officers from those Regiments to the Staff Corps, such Officers will continue to enjoy the privilege only so long as they may serve Regimentally with the Regiments to which they may be originally transferred, and that all Military service performed with the sanction of Government by Indian Officers out of India, otherwise than as above specified, shall be reckoned as service for Indian retiring pension only in the proportion of one year to two.

34. The question as to whether the five years' tenure is intended to apply to the Department in which an Officer may be serving, or to the actual appointment, has been referred for the opinion of the Secretary of State for War and the General Commanding-in-Chief, and I learn that, under the existing rule, Officers hold the appointments on the Staff for which they may be selected for five years.

Deputy Assistant Adjutant-General.
Deputy Assistant Quarter-Master General.
Brigade-Major.

The appointments noted in the margin are considered in the same category; and if an Officer be transferred from one of these situations to another, his whole continuous service would count towards the completion of five years.

35. So with Assistant Adjutants-General and Assistant Quarter-Masters General. If an Officer in either of these positions should be transferred from one Division to another on home service, his previous service in either appointment would be considered part of the whole period allotted to him. But His Royal Highness reserves to himself the power of considering an Officer on the General Staff, transferred from one Division at home to another abroad, either to have a fresh appointment from the date of transfer, or to count the home service as part of his term, as His Royal Highness may be pleased to determine in each case.

If an Officer on the Staff be promoted to a higher appointment, his reckoning of time begins anew.

36. You will observe that, under the system pursued in Her Majesty's Service, the limitation of five years' tenure applies to the office or rank in the Department, and not to employment in the Department generally. It seems desirable to adopt the same principle in the application of the rule to appointments on the General Staff of the Army specified in paragraph 15 of my Despatch No. 27 of January last.

The general rule only can be given, to which there may be exceptions, under circumstances, to be duly considered by your Government in each case, and referred to me according to existing practice.

39. In the same (55th) paragraph of your Despatch, you express an opinion that the boon of twenty months' leave on Sick Certificate, with retention of appointment, granted to Officers of the Staff Corps, may be extended to all Officers of the other branches of the Service. I have much pleasure in acceding to this recommendation, and I authorize you to give it effect immediately in the three Presidencies. I have no objection to extending this boon to Officers now on Furlough in all cases in which you may think it desirable to recommend it.

40. In the 96th paragraph of your General Order (paragraph 56 of Despatch) you have properly ruled that the names of Officers on the Half Pay List of the Staff Corps, returning to effective service in India, will not be restored to their old cadres; but it must be understood, that Officers of the Staff Corps will not be placed on the Half-pay List, except under the operation of one or other of the two Clauses, 7 and 10, of the Royal Warrant, and that such Officers will very rarely be permitted to return to effective service in India.

43. In regard to the question raised in the 69th paragraph of the Despatch, though I am disposed to concur in the opinion expressed by your Government that it would not be advisable, at the present time, to urge the Officers of Artillery to elect at once between local and general service, yet it is desirable that all Officers of the Local Artillery, who may desire it, should have their names recorded for general service; and it would be advantageous to arrange, as far as the convenience of the public service will admit, that such Officers should, in preference, be posted to the new Batteries of Royal Artillery, which will be formed out of the men who have volunteered for general service, and from the recruits enlisted for Royal Artillery.

44. With reference to the question raised in paragraph 67, whether Officers of the Line entering the Staff Corps are to receive the value of their Commissions, I have communicated with the Secretary of State for War, and I am informed that His Royal Highness the General Commanding-in-Chief is of opinion that Officers of the Line are not to receive the value of their Commissions on entering the Staff Corps. They transfer their services by their own choice, and must consider for themselves the gain or loss of the proceeding.

49. The point referred to in paragraph 60 of your Despatch is one of the great importance to the Officers whose interests may be affected by it; and I desire, therefore, to draw your particular attention to the subject, and to make known to you the construction which I have put upon paragraph 103 of the General Order of 10th April 1861, in replying to inquiries from Officers in England.

50. The paragraph states that "all promotions in the Staff Corps, in the case of Officers who may join "the Staff Corps within six months of the publication of the Royal Warrant, will take effect from the 18th "February 1861, the date of the receipt of the Warrant in India;" and in your Despatch under acknowledgment, paragraph 60, you observed, "the announcement contained in the 103rd paragraph of the "General Order referred to a point of detail adjusted in conformity with the customs and usages of the "service;" and you added that, as Officers "are to be allowed six months within which to make up their "minds on the subject of most important changes now instituted for the first time, it is but just to all Officers "that their Regimental position in the first establishment of the Staff Corps, and not subsequent accidental "alterations of rank, should settle their place on entering that Corps."

51. I understand by this that all Officers joining the Staff Corps, within the six months referred to, will be considered as having joined on the 18th February 1861, in the rank which they held in their Regiments on that date, whether such rank be known at the time or be due to previous casualties and subsequent re-adjustment. The rank here referred to is irrespective of that to which they may claim promotion under Clauses 1, 2, and 3 of the Staff Corps Warrant.

52. Thus, should an Officer, being a Lieutenant, elect to join the Staff Corps during the six months he will be considered as having been a Lieutenant at the time of joining, although he should not have expressed his intention till the month of June, and might have been in the month of March promoted to Captain in his own Regiment. On the other hand an Officer, joining the Staff Corps, being a Lieutenant, who should find himself, by a casualty not then known, virtually a Captain, from a date prior to the 18th February 1861, will be considered as having been a Captain at the time of joining, and his subsequent promotions in the Staff Corps will be regulated accordingly.

53. It is quite clear, with respect to Officers who may be posted to the new Line Regiments, that no change can be made in their position subsequently to the formation of those Regiments, such position being determined with reference to the rank they actually held in their Regiments on a given day, *viz.*, the 18th February 1861.

54. The difficulties attending such re-adjustment of rank in their case, affecting, as it would the whole body of Officers, would be so great, as to be fairly pronounced insuperable. No such serious difficulties, however, would attend the same system of re-adjustment in the case of Officers of the Staff Corps.

You will be guided by this principle, not only on the first formation of the Corps, but in all subsequent appointments to it.

No. **344** of 1861.—The following General Order by His Excellency the Governor General of India in Council, is re-published.

GENERAL ORDER BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 17th September 1861.

No. 833 of 1861.—His Excellency the Governor General in Council directs the publication of the subjoined questions on subjects of general interest, and the answers given by Government in continuation of those published in Government General Order No. 801, dated 10th September 1861:—

Question 106.—An unlimited service Soldier completed seventeen years' service on the 15th March 1861, *i. e.*, twenty-six days after the date fixed in Paragraphs 19 and 20.

Answer 106.—He may be allowed to volunteer, and will receive bounty for the remaining period of his service under paragraph 20.

paragraph 20 for regulating the amount of bounty payable to men who volunteer for Her Majesty's General Service, and bounty was paid to him on his re-engagement for a further period of three years from the 15th March 1861, under the Regulations then in force. The man has volunteered for General Service. How is the case to be dealt with?

Answer 107.—His pay and allowances will not be altered.

Question 107.—If an Artillery Officer elects to serve out of India, will his pay and allowances, while serving in India, undergo any alteration from the existing rates?

Paragraph 30.

Question 108.—It is presumed that Officers of Artillery, now holding appointments either on the General Staff, with Batteries of Native Artillery, in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, are not required to vacate their appointments should they declare themselves willing to serve out of India, and that Officers now doing Regimental duty, and who are willing to serve out of India, will be eligible for appointment hereafter to Artillery and Ordnance Staff situations.

Paragraphs 30 and 45.

Answer 108.—Artillery Officers who volunteer will retain their appointments, and those who have no appointments will be eligible to Staff employ.

Question 109.—What is the meaning of the term "General Service" and might an Officer's prospects of Promotion, of Command of Station in his present Corps, and his pay and allowances, at any time be effected thereby; in fact, does an Officer by so volunteering relinquish any of the rights guaranteed him by Act of Parliament, and place his services at the disposal of the Crown without reserve?

Paragraph 50.

Answer 109.—The term "General Service" means service in any part of the world where an Officer might be required by the Crown to serve. The Officers who are placed in the new Line Regiments from among those who volunteer will join on the terms of General Service, but will be allowed their claims to the Indian Pensions. Those who do not join these Corps will remain on precisely the same terms as before, the simple fact of their volunteering making no change.

Question 110.—A Staff Officer having been directed temporarily to rejoin his Regiment on Field Service or for Garrison duty, when circumstances have required for a time the presence of additional Officers, will the period he may thus have been temporarily serving with his Regiment count as Staff Service for promotion in the Staff Corps?

Paragraph 84.

Answer 110.—The period during which a Staff Officer may temporarily serve with his Regiment will not reckon as Staff Service unless he has joined his Regiment in the Field.

Question 111.—Whether the twenty months' leave counts from the date of leaving the Regiment and return to it, or from port of embarkation and return to India?

Answer 111.—The period will be reckoned as at present, from departure from port of embarkation to date of return within the limits of the Presidency to which an Officer belongs.

Question 112.—An Officer of Her Majesty's British Forces now on the Staff was Interpreter (P.) to his Regiment for three years. Will this be allowed to count as "Staff Employ?" By Article 69 the appointment of Interpreter to Local European Regiments is allowed so to reckon, but no mention is made of Interpreters to Her Majesty's British Regiments although the appointment is exactly the same.

Answer 112.—Yes, provided he has passed the Interpreter's Examination, and has been regularly appointed.

Question 113.—Is service in India considered to be within the limits of the Charter of the late East India Company, or only of India Proper? For instance, if an Officer volunteers for service and is sent to Egypt, China, the Mauritius, &c., would such places be considered out of India and come under paragraphs 30 and 65 of the Amalgamation Order?

Answer 113.—If an Officer volunteers for General Service, and is sent to Egypt, China, &c., he would go on the same terms as Officers of Her Majesty's Line Regiments, or of the Royal Artillery, or Royal Engineers. Paragraphs 30 and 65 of the General Order would be applicable to the case. By service in India, is meant service in the Territories formerly governed by the East India Company which were, by Act XXI. and XXII. Vic. cap. 106, declared to be vested in Her Majesty, or in Territories which may become so in virtue of any rights previously vested in or exercised by the East India Company which were declared by the said Act to be vested in Her Majesty or Service with or attached to any portion of Her Majesty's Indian Military Forces in any Foreign Country whatever to which those Forces may be sent.

FINANCIAL DEPARTMENT.

No. 10258.

Fort William, the 19th August 1861.

RESOLUTION.—The Accountant General to the Government of Madras, suggested that the expenditure incurred by the Commissariat Department of that Presidency on account of supplies for the Civil Department should cease to be incurred through that Department, and that all Civil Officers who received such supplies should obtain them in the market.

The Government of Fort St. George adopted this suggestion and requested that arrangements might be made for the supply of stores to the Civil Department subordinate to this Government, which heretofore obtained their supplies through the Madras Commissariat.

The Auditor General of India to whom this proposal was referred for report remarked, that the only arrangements which appeared to be necessary for carrying out the suggestion of the Accountant General, Madras, were the issue of orders to the Heads of all the Departments concerned, to the effect that in future stores should be procured from the market, or if to the advantage of Government through the Madras Commissariat on the usual indents, but that in either case *cash* must be paid for the supplies.

A copy of this report was sent to the Government of Fort St. George in reply to their communication on the subject, with an intimation that the Auditor General had been requested to issue the necessary orders to the Heads of all Departments as suggested by him, and the Madras Government was asked to issue the necessary instructions in respect to the places and Departments in the Madras Circle.

With reference to this letter to the Madras Government, the Military Finance Department, to whom a copy thereof was sent for information, advises that orders be issued regarding the supply of stores to the Steamers at Moulmein, to the Alguada Reef Light House, to the Steamers at Rangoon, to the Flotilla at Thyet Myo, and also to the Ecclesiastical Department, Rangoon.

The Military Finance Department also enquire whether that Department shall give orders as to the supplies to the Nagpore Irregular Force.

In a subsequent letter the Military Finance Department also advise, with reference to the Notification of the Deputy Auditor and Accountant General, Bengal, published at page 2350 of the *Gazette* of the 3rd instant, regarding the payment for stores obtained from the Madras Commissariat, that the rule be made general for all India and not special as at present for Madras.

This last recommendation of the Military Finance Department, His Excellency the Governor General in Council understands to be that the rule laid down that stores be paid for in cash be made general for all India without reference to the source through which they are procured, the object being that, by compelling cash payments which must necessarily be made by a Civil or Military authority, the transaction comes directly under the review of the controlling Officer of the Service to which it relates. And with this view, His Excellency in Council is pleased to sanction its adoption for all India. It is not intended, His Excellency in Council remarks, that these arrangements shall necessarily involve a change in the source of supply of stores in all cases; they are simply that stores provided through the existing sources of supply must be paid for in *cash*, and that these sources need not be resorted to when it is not clearly to the advantage of Government, and certainly not, when stores can be procured in the market upon advantageous terms.

In order to introduce the system of *cash payments*, as adverted to above, all over India, His Excellency the Governor General in Council desires that the Chiefs of the Civil and Military Departments be respectively requested to issue the necessary orders on the subject.

With reference to the enquiry of the Military Finance Department as to whether that Department shall give orders as to the supplies to the Nagpore Irregular Force, His Excellency in Council remarks, that as these supplies are now treated as Military charges, it clearly falls within the jurisdiction of the Military Finance Department to issue the necessary instructions regarding them.

Ordered, that copies of this Resolution be sent to the Auditor General of India, and the Military Finance Dapartment, with a request that they will take measures for carrying out the proposal for the enforcement of cash payments, as noticed above, on account of supply of stores to the several Military and Civil Departments under their respective control.

No. **350** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 19th September 1861.

No. 834 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 323 of the 10th August 1861, are published for general information :—

1. Immediately on the receipt of your letter No. 76, dated the 18th May 1861, I took measures, in compliance with your request, for ascertaining the wishes of Officers on leave of absence in this country, who are now holding Staff appointments, or who had held them since the 18th February 1858.

2. For this purpose you transmitted five forms applicable to Officers under different circumstances, but there existed in this Office no means of knowing to which category of the five the several Officers belonged. The Circular* herewith enclosed was therefore prepared and forwarded to all the Officers in question, with a request that they would state whether they wished to join the Staff Corps or not. Questions to be answered by the Officers comprising all the particulars required in the forms transmitted in your letter were annexed to each Circular.

* Not received

3. I now enclose the replies† to the Circular which have been received up to the present time.

† Not received

4. I also transmit a copy of the replies‡ sent to such of the Officers as have made enquiries on the subject of the questions put to them.

‡ These have not been received by Government.

5. You will observe from these replies that it has been stated in answer to enquiries made.

6. That Officers now on the List of Regimental Lieutenant-Colonels, preferring to retain their position as Local Officers, will, as now, succeed to the "Colonels' allowance by seniority," but that no information can, at present, be given as to the number of Colonels' allowances to be authorized for the future.

7. That the measures to be taken with respect to unemployed Field Officers, as referred to in paragraph 63 of the General Order, are under consideration.

8. That no decision has yet been passed as to the position of the Officers of the Bombay Cavalry Regiments, in consequence of those Regiments having been converted into Silladars.

9. That the selection, in future, of Officers for the Bombay Silladar Cavalry will rest with the Government of Bombay.

10. That the option of joining the Staff Corps will be open to those Officers only who may be considered by the Government under which they are serving to be in all respects fit for the Staff Corps.

11. That Officers electing local service will be employed by the Government in India in such manner as may appear to them to be most advantageous for the Public Service.

12. That if offer of service in the Staff Corps be accepted, the time passed in permanent Staff employ will reckon ; but that information as to an Officer's term of past service must be sought from the Governments in India, who alone are in possession of full information as to the service of each Officer.

13. That Officers will be considered to have belonged to the Staff Corps from the 18th February 1861, in accordance with the 103rd paragraph of General Order of 10th April 1861.

14. That time passed in the performance of Military duty in England since February 1861 will reckon as service for pension, but not for promotion in the Staff Corps.

15. That Officers joining the Staff Corps will not be called upon to give up any portion of their unexpired Furlough unless their services should be specially required by the Governments in India.

16. That an Officer electing general service in a new Line Regiment will be required to join his Regiment at the expiration of his Furlough.

17. That if an Officer of the present European Regiment volunteers for general service in the new Line Regiments his present position in his Regiment will, as far as possible, be secured to him.

18. That Officers of the Bengal Cavalry, other than those of the 1st, 2nd, and 3rd Regiments, whose offers of service with the new Dragoon Regiments may be accepted, will be placed in those Regiments according to the dates of their respective Regimental Commissions, if this can be done consistently with the promise held out to the Officers of the 1st, 2nd, and 3rd Regiments of Bengal Cavalry joining the new Corps, as announced in paragraph 53 of the General Order of the 10th April last.

19. That the subject of exchange between Regimental Officers is now under consideration.

20. That Officers who have volunteered for general service will have the option of joining the Staff Corps hereafter under the conditions specified in paragraph 80 of the General Order.

21. That no vacancies will be caused in the new Line Regiments by the transfer of Officers from the present European Regiments to the Staff Corps.

22. That Officers who may not join the Staff Corps or Regiments of the Line will be available for any duty to which they may be appointed by the Government, or Commander-in-Chief of the Presidency to which they may belong. Their promotion will continue, as heretofore, to depend on their position in their former Cadres.

23. That Officers of the Staff Corps, retiring from the Service on full pay, will be eligible to receive the step of honorary rank.

24. That the nature of employment to be given to Officers appointed to the Staff Corps will rest with the Governments in India.

25. It is necessary that your decisions on similar cases should be in accordance with the principles here laid down.

I have, &c.,

DRUMS AND BUGLES.

HORSE GUARDS, S. W., *12th March* 1858.

Her Majesty having been pleased to approve of a Brass Drum of improved construction for the use of Infantry Regiments throughout the Service, Instruments of this description will be issued when those now in possession become unserviceable. The allowance in lieu of Drums and Bugles, hitherto optional with Commanding Officers, will henceforth cease, and these articles will, for the future, be issued, *in kind*, and of one *universal* pattern.

The principal advantages of this new Drum are,—its lightness (weighing some three pounds less than that now in use), its portability, its superior tone, and the easy method by which it is tuned.

By Command,

Circular Memorandum addressed to General Officers Commanding Divisions or Brigades at Home and abroad; and to Officers Commanding Regiments of Infantry, Depôt Battalions and Depôts.

GENERAL No. $\frac{127}{B.\ 39}$

DRUMS AND BUGLES.

HORSE GUARDS, S. W., *30th September* 1858.

It having now been decided as promulgated in the Circular Memorandum dated the 12th March last, (General No. 85 B 23), that, for the future, Brass Drums of an improved construction be issued, in all cases, to Regiments of Infantry (not being Rifles or Light) *in kind*, and that the allowance in lieu thereof, hitherto optional with Commanding Officers, shall henceforth cease, the General Commanding-in-Chief has taken under his consideration the discrepancy between the proportion allowed by Regulation and the number actually used in Regiments.

His Royal Highness has, accordingly, with a view to remove this discrepancy, and also to relieve the Band Fund from a hitherto necessary claim, obtained the sanction of the Secretary of State for War for the issue of one Bugle, of a superior quality, and one Fife *to each Company*, in lieu of a second Drum; and the distribution of Drums and Fifes in a Regiment consisting of twelve Companies, will now be as follows—or one Drum, one Bugle and one Fife, for each Company.

12 Brass Drums with Sticks.
12 Field Bugles with Strings.
8 B. Flutes .....
2 F. do. ..... } with cases.
1 F. Piccolo .....
1 E. Flat do. .....

Patterns of the Bugles and Fifes will be forthwith submitted to Her Majesty and duly sealed, and they will be issued when the Drums, for which the allowance has already been drawn, have been in use the prescribed period.

Regiments, however, which have received more than twelve of the new pattern Brass Drums, will at once apply to the War Office for instructions as to the disposal of the surplus in possession, and they will receive the Bugles and Fifes as soon as a supply of these Instruments can be received from the Contractors.

By Command,

(Signed) G. A. WETHERALL,

Adjutant General.

No. **378** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 11th October 1861.

No. 910 of 1861.—His Excellency the Governor General in Council is pleased to make the following appointment:—

HYDERABAD CONTINGENT.

4th Infantry.

Lieutenant C. Jameson, 25th Bombay Native Infantry, Adjutant, 6th Infantry, and Officiating Second in Command 4th Infantry, to be Second in Command, *vice* Captain Adey, appointed Commandant 2nd Infantry, Hyderabad Contingent.

No. 913 of 1861.—His Excellency the Governor General in Council directs the publication of the subjoined Questions on subjects of general interest, and the Answers given by Government, in continuation of those published in Government General Order No. 833 of the 17th September 1861:—

Question 114.—With reference to the reply to Question 83, published in Government General Order No. 681, in which it is stated that "all authorized leave" will reckon towards promotion under the Staff Warrant, enquiry is made if by "authorized leave" only two years in twenty, &c., is intended?

The Officer has had only about 1¾ years leave in sixteen years' service; but sickness may send him home. Suppose, under the circumstances, he was obliged to spend eighteen months at home, would all in excess of two years count against him for his promotion to a Majority?

If it would not count against him for promotion, what is intended by the term "authorized leave?"

Answer 114.—No leave except privilege leave is to reckon towards promotion, except in the case of Lieutenant-Colonels. See Despatch from Secretary of State No. 315, published in General Order No. 824, dated 17th September 1861.

The answer to question 83, in which these words occur, has been cancelled by the Despatch above quoted.

Question 115.—An Officer left India, having completed ten years' service on the 9th of March 1857, on furlough to England for three years on private affairs. Ordered to return before the expiration of his furlough on account of the mutiny, he left England on the 2nd July 1858, in charge of Recruits;—he has thus only had one year, three months and twenty-three days of his furlough. As all Officers joining the Staff Corps are compelled to take the new Furlough Regulations, he wishes to know how he should be situated as regards the unexpired portion of his furlough, whether he shall be permitted to take it, or whether he shall be allowed the difference only between the time he has already had and the two years to which Officers who have completed ten years' service in India are entitled under the new Furlough Regulations?

Answer 115.—He will be allowed to take such portion of the unexpired period of his furlough, as will make his absence equal to the time allowed by the new Furlough Rules.

Question 116.—Will an Officer of Artillery having volunteered for General Service, and having already declared for the old Furlough Regulations, be bound to take leave under the new Furlough Regulations in consequence of declaration for General Service?

Answer 116.—No, he will retain the Rules he has elected.

Question 117.—With reference to answer to Question 15, published in Government General Order, 9th July 1861, No. 598, whether Artillery Officers electing to serve out of India, under the provisions of the Government General Order, 10th April 1861, No. 332, para. 30, will be allowed to succeed by seniority to the receipt of Colonel's allowance in the Indian Artillery?

Answer 117.—Yes; their promotion in their own Corps is not affected by their volunteering for General Service.

Question 118.—By Government General Order No. 332, there is no rank recognized in the Staff Corps between that of General Officer on Rupees 1,295 a month, and Lieutenant-Colonel on Rupees 827-14-0, but that of *Brevet* Colonel, the pay of which is the same as that of Lieutenant-Colonel.

The Bombay Government ask whether an Officer of the Staff Corps not being a General Officer, on obtaining the Colonel's allowance would receive only Lieutenant-Colonel's pay, with Colonel's allowance, or Colonel's pay as well as allowance, notwithstanding that there is no substantive rank of Colonel in the Staff Corps.

Answer 118.—No instructions have been received from the Secretary of State respecting Colonel's allowances in the Staff Corps.

Question 119.—Supposing an Ensign of the General List volunteers for General Service, but is not posted to one of these new Regiments now being raised, what will become of him.

Answer 119.—He will be available for general duty like all other Local Officers.

Question 120.—Supposing an Ensign on the General List remain "with the Locals," will he be posted to the Cadre of some Corps and get his promotion in that Corps; or will he get his promotion by the General List?

Answer 120.—No, he will not be posted to any Regiment. His promotion will continue as at present.

Question 121.—Can an Officer of the Staff Corps, not entitled to his furlough, obtain six months' leave of absence to England on urgent private affairs without pay and allowance, retaining his appointment?

Answer 121.—Government may grant such leave on being satisfied of the urgency of the case.

Question 122.—In paragraph 7 of a Military Letter No. 296 of 1861, published in Government General Order No, 799 of 10th September 1861, the Right Hon'ble the Secretary of State for India is pleased to declare, in the case of an Officer who had elected the Old Furlough Regulations, that his service for pension should reckon under the old Rules until he joined the Staff Corps, but that after that date he would be under the operation of the new Furlough Rules, as laid down in the General Orders, 10th April 1861, (93). Up to the period of joining the Staff Corps, an Officer had not elected to be under the new Furlough Rules,—can he claim therefore to reckon his service for pension under the old Rules until he joined the Staff Corps, or from the 1st May 1838, the date on which he arrived at the Presidency of Fort William in Bengal, to the 18th February 1861, the date from which he ranks in the Staff Corps, being a period of twenty-two years and nine months and eighteen days; a period of eight months and eight days, or from the 8th May 1854 to the 16th January 1855, having been passed on leave in India on Sick Certificate, and which under the old Rules counts as Service?

N.B.—Under Rule 1 of Government General Order No. 1150 of 1854, or the new Furlough Regulations, this Officer had the right of retaining the advantage of the old Regulations, but has had no opportunity of making a declaration to that effect, not having taken leave since they were promulgated, though he was on leave under the old Rules when they were promulgated.

Answer 122.—All leave which, under the old Rules, was allowed to reckon as service, will so reckon with an Officer who joins the Staff Corps without having previously elected to be under the new Furlough Rules.

Question 123.—Is an Officer considered to have joined the Staff Corps from date of sending in his Roll, or from date of the Royal Warrant forming it; or if he join this Corps on 1st October, shall he be considered to have been on the old Regulations to that date?

Answer 123.—Officers are considered to have joined the Staff Corps from the 18th February 1861.

If an Officer be on leave under the old Furlough Regulations at the time of joining the Staff Corps, on the 1st of October for instance, he will be considered entitled to the benefit of the old Regulations till such leave expires. But an Officer not actually on leave at the time of admission to the Staff Corps will be under the new Furlough Rules from the 18th of February 1861.

No. **391** of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 22nd October 1861.

No. 952 of 1861.—The Right Hon'ble the Governor-General of India in Council is pleased, with the concurrence of the Right Hon'ble the Secretary of State for India, to modify to the following extent such of the new Furlough Regulations as are applicable to General Officers on the Staff.

The concession of leave to Europe in the case of a General Officer is to be considered the exception and not the Rule; and, as ground for obtaining such leave, it must be shown that the Officer has contracted illness from the effects of climate, or of wounds received on service in India, or that the nature of the Private Affairs taking him from India is of a very urgent nature.

Leave on Medical Certificate will be restricted to six months, and on Private Affairs to four months, the penalty of exceeding such period being the vacation of the Command, and in no case will a General Officer be allowed more than one grant of leave out of India during his tour on the Staff.

The position of Brigadiers being considered analogous to that of General Officers on the Staff, the principle upon which the indulgence of leave is to be granted will hereafter be the same in both cases.

No. 953 of 1861.—The following Order issued by the Resident at Hyderabad is confirmed:—

No. 195, dated 3rd October 1861.—Granting Captain J. Woodcock, Commandant, 5th Infantry, Hyderabad Contingent, two months' leave of absence preparatory to proceeding to Europe under the New Regulations.

No. 960 of 1861.—His Excellency the Governor General in Council is pleased to publish for general information the following observations by the Right Hon'ble the Secretary of State for India, on answers given by the Government of India to questions connected with the late changes in the India Army, and published in Government General Order Nos. 598 and 606, dated 9th and 11th July 1861.

Questions.	Answers by Government of India.	Remarks.
6. An Officer is permanent Second in Command and Acting Commandant of an Irregular Corps. Will it be necessary for him to join the Staff Corps before he can become permanent Commandant? Paragraph 50.	6. No. It rests with the Commander-in-Chief or with the Government. Officers not joining the Staff Corps "will continue to be available, as heretofore, for their present duty, or for any other duty to which they may be appointed by Government."	6. Approved. The Government or the Commander-in-Chief can appoint him if they see fit.
7. If an Ensign signifies his wish to volunteer for General service, and after he has done so, but before he is nominated to a British Regiment, a vacancy occurs among the Lieutenants in one of the present Regiments of Native Infantry, would he, by having volunteered, forfeit his claim to the vacant Lieutenancy, supposing him to be the senior applicant? Paragraph 50.	7. An Ensign will not be debarred the benefits of intermediate regimental promotion under existing regulations, occurring up to the date of his transfer to one of the new Line Regiments.	7. Not approved. (See Despatch No. 319, dated August 10, 1861.) The answer should be:— An Ensign will not be debarred the benefits of intermediate regimental promotion under existing regulations, occurring up to the date of his transfer to a British Regiment other than one of the new Line Regiments. If transferred to one of the latter, his position will be determined with reference to the rank he actually held in his former Regiment on the 18th February 1861. No subsequent alteration or adjustment of rank will be permitted.
8. If an Officer volunteers for general service, does he thereby cease to derive any benefit from casualties occurring in his present Regiment, subsequent to his volunteering, but before he is provided for in a British Regiment? Paragraphs 50, 58.	8. No; volunteering beyond the requirements of the new Line Regiment will not make any difference in the position of Officers.	8. The answer should be as follows:— No; volunteering beyond the requirements of the new Line Regiments will not make any difference in the position of Officers, unless and until they are transferred to other Regiments of the Line.
9. An Officer having volunteered for general service in the Line, will he, in the event of his service not being required in any Regiment of the Line, be then in the same position as before he volunteered; or does he, by merely volunteering, surrender his former position in the Indian Army, and render himself amenable to the Staff Corps Rules? Paragraph 50.	9. He remains in his former position unaltered. He has nothing to do with the Staff Corps.	9. The answer should be as follows:— No. He remains in his former position unaltered, unless and until he is posted to a new Line Regiment. He has nothing to do with the Staff Corps.
14. If their services are not required by Government for New Line Corps, are Officers, volunteers for general service, liable to be posted to any other Corps, and if so, will they enter as juniors of their rank?	14. Such Officers will not be liable to be posted to any other Corps.	14. Not approved. The answer should be:— They are not compulsorily liable, although eligible. All Officers posted to British Regiments enter as juniors of their rank.
15. A Colonel and Lieutenant-Colonel commands a Regiment of Madras European Infantry. He requires whether, if he elect for general service, he will forego all future claim to off-reckonings and Colonel's allowance? Paragraph 52.	15. His election for general service, should he be accepted, will disconnect him from the Indian service, and he will forego all claim to Colonel's allowance in the Indian Line.	15. Approved, but add the following—"but will become eligible to a Regiment under the regulations of the British Army."

Questions.	Answers by Government of India.	Remarks.
17. In the event of either of the new Line Regiments being ordered Home, are any of the Officers who have accepted the invitation to join it liable to be placed on half-pay, consequent on the Regiment being reduced to the strength of the Home Establishment? Paragraph 55.	17. They will be subject to the conditions of Her Majesty's Line service. The strength of Infantry Regiments on the Home Establishment is at present the same as that of the new Line Regiments in India; in the Cavalry Service the Home Establishment is less by one Troop than the strength of a Regiment in India.	17. Approved; but add the following:— "Less by 1 Major. 1 Captain. 1 Lieutenant. 1 Cornet."
18. How and when is a Major of one of the new Line Regiments to obtain promotion to Regimental Lieutenant-Colonel, and from that to Regimental Colonel? Paragraph 56.	18. "In the promotion to the Field Officers, the fitness and efficiency of Officers will be taken into account." As regards Regimental Colonels, no instructions have been received by Government.	18. Not approved. The answer should be:— The Major will obtain promotion when the Lieutenant-Colonel is removed from the Regiment by death or otherwise; his fitness and efficiency being taken into account. His future appointment to the Colonelcy of a Regiment will be made in accordance with the usages of the British service.
20. Are the Officers commanding the European Infantry and Native Infantry Depôt, and the Depôt at Landour, Wellington, Aboo, Khandalla. &c., and the Adjutants and Quarter-Masters of the same to be considered to have been on Staff duty whilst so employed? Paragraphs 68, 69.	20. Depôt Staff Officers are not on permanent Staff employ, and therefore are not entitled, as such, to enter the Staff Corps. But in the event of their subsequently obtaining admission into the Staff Corps they will be entitled to count as Staff service the time passed as Depôt Staff Officers.	20. Not approved. The answer should be:— Officers commanding such Depôts and Depôt Staff Officers shall be considered in all respects to have been on the Staff during their tenure of such appointments, provided they shall have passed the prescribed test in Hindustanee, and are in all other respects qualified.
27. Is an Officer who has been doing duty with the Sappers and Miners to be considered to have been on Staff employ while so doing duty? Paragraphs 69, 84, 87.	27. These Officers are permanently appointed, in the same manner as Officers permanently doing duty with Irregular Corps; and service passed with the Sappers and Miners will count as Staff service.	27. Approved; the question having no reference to Engineer Officers.
30. Whether Officers, now on the Staff, volunteering and being selected for the new Line Regiments will be allowed to retain their Staff appointments under Rule 74? Paragraph 74.	30. Yes, if the Commander-in-Chief can spare them.	30. Approved, but add:— "and the appointments be purely military, held for a limited period, and which do not require that an Officer be seconded."
38. With reference to paragraph 78, are Officers on the Staff obliged at once to declare whether they desire to join the Staff Corps, with the option of correcting their election within six months? Paragraph 78.	38. It is not necessary that an Officer should send his decision in to the Adjutant-General's Office before the 21st October 1861, but it must reach the Adjutant General's Office by that date. The decision once announced in General Orders cannot be cancelled.	38. Approved; but add:— "Except in the case of an Officer resigning the Service under the scheme published in G. O. G." (See Despatch to India, No. 320 of 10th August, paragraph 24.)
39. An Officer on the Staff belonging to one of the present European Regiments having accepted the invitation to join his representative Line Corps, can he not have the benefit of paragraph 74, the same as any other Officer of a British Regiment,* *i. e.*, elect within six months to join the Staff Corps, and be eligible for promotion under the provisions of the Royal Warrant. Paragraph 74. * *Vide* paragraphs 74 and 89.	39. Yes.	39. Not approved. Answer should be:— Having once been posted to a Line Regiment, he is no longer eligible under paragraph 74, to join the Staff Corps. He will have already had the option of doing so, and have made his election for a Line Regiment.
41. Does the time an Officer of the Staff Corps may be on leave, in or out of India, count towards the period required to be served in the Staff Corps for promotion. Paragraph 84.	41. Yes.	41. Not approved. The answer will be found in Despatch from this Office, No. 315 of 9th August.

Questions.	Answers by Government of India.	Remarks.
45. Will a substantive Lieutenant-Colonel and Brevet Colonel, joining the Staff Corps on its formation, be eligible to "get one step of rank" on transfer to the Staff Corps, *i. e.* will he be promoted to substantive "Colonel" or "Major General"? Paragraph 85.	45. There is no such rank in the Staff Corps as substantive Colonel. No instructions have been received regarding promotion to Major General in the Staff Corps.	45. Approved; but add after the first clause:— "As a matter of course, all Colonels in the Staff Corps will be placed on the General List of the British Army for promotion to Major General."
49. Should a Major of upwards of 22 years' service retire before the 1st October next, can he claim, in addition to the Major's pension, the extra pension of 50*l.* per annum offered by the Secretary of State?	49. Yes. If he have served 22 years in India, of which not more than two years may have been passed on leave, he may retire before the 1st October next, on the pension of his actual rank, and will be entitled to the extra pension of 50*l.* in addition.	49. Approved; but add:— "Should an Officer retire before the 1st of October 1861, having been posted to and received a step of rank in the Staff Corps, such posting and promotion will be cancelled."
51. Can Officers of the Staff Corps take 20 months' leave on private affairs, retaining their appointments? Paragraph 93.	51. Yes. Such is the rule laid down in the 93rd paragraph of the General Order. But a reference has been made to the Secretary of State on this point.	51. Not approved. See Despatch from this Office, No. 304, dated 2nd August 1861.
52. Are the above 20 months referred to available in one indulgence or are they the aggregate of sundry short leaves?	52. The leave may be in one period, or it may be the aggregate of sundry short leaves subject to the conditions of the new Furlough Rules: *vide* paragraph 20 of the same.	52. Not approved; see preceding answer.
54. Is the substantive rank of Officers in the Staff Corps to be considered to be their only regimental rank, the Staff Corps being their only Regiment? Paragraph 93.	54. Yes. The Staff Corps is their only regiment, so to speak; but the term is an incorrect one.	54. Substitute the following answer:— "Yes." The Staff Corps is their only Regiment, and their rank in it, up to that of Lieutenant-Colonel inclusive, is substantive rank.
56. Is it compulsory, with reference to the latter part of paragraph 93, on all Officers joining the Staff Corps to select the new Furlough Regulations, or is this intended merely for British Officers joining the Staff Corps? and are Indian Officers allowed the option of selecting the old or new Furlough Regulations, as guaranteed to them by General Order by the Governor General, No. 1150 of 17th November 1854? Paragraph 93.	56. All will be under the new Furlough Regulations. No option is allowed to an Officer who may join the Staff Corps. He must accept the new Rules as one of the conditions of joining that Corps.	56. Approved; but add:—"He brings with him to the Staff Corps so much service for pension as he may have acquired up to the date of joining, whatever rules had applied to him up to that time."
57. Can an Officer of the Staff Corps proceed to Europe on leave on private affairs (retaining his appointment) as often as his service can be dispensed with, or does this privilege refer to leave on private affairs in India only? Paragraph 93.	57. Officers of the Staff Corps will be under the new Furlough Rules, except as to the increase of 20 months explained in the General Order. These Rules prescribe periods of service to be performed in India at intervals between furloughs.	57. Approved; the increase referred to being from 15 to 20 months.
58. What number of "Colonel's allowances" will be appropriated to the Madras Staff Corps, and from what date will they become available? Paragraph 94.	58. This question is under the consideration of Her Majesty's Government.	58. Approved; but add:— "and will be decided as soon as the strength of the Corps is ascertained.
59. Should an Officer be placed on the half pay-list or be unemployed, under paragraphs 96 to 99 of the General Order, will his time thus passed in India count towards retiring pension? Paragraphs 96-98.	59. If on the half-pay list, no; as no half pay service counts for pension. But Officers in the Staff Corps, though not actually employed, will be allowed to reckon their service during such period towards promotion and pension.	59. Approved; the second clause amended as follows:— "But Officers in the Staff Corps, *while in India and available for duty*, will, even though not actually employed, be allowed," &c.
65. Must a Lieutenant-Colonel joining the Staff Corps serve two years from the 18th February 1861 to qualify him for the superior grade, under the provisions of Clause 103 of the amalgamation Order, or five years, counting from the original date of his substantive rank? Paragraph 103.	65. Five years, counting from the original date of his substantive rank, provided he have been on the Staff the whole period; if not, five years from the date from which he, as Lieutenant Colonel, held Staff employ. (*Vide* paragraph 85 of the General Order.)	65. A Lieutenant-Colonel in the Staff Corps can attain to the rank of Colonel by Brevet either under the Staff Corps Warrant, Clause 2 of General Order of Governor General, 10th April, para. 84; or under the operation of the Royal Warrant of the 31st January 1859, Clauses 8-10.

Questions.	Answers by Government of India.	Remarks.
72. Will the election by an Officer of "general service" debar him from the benefit of the 50*l.* bonus sanctioned by G. O. G 8th March 1861, No. 79?	72. No. The offer was made to all Officers of the Indian Army.	72. Approved; but add :— "but will not apply to those who may have been posted to the new Line Corps.
73. Should the option be given to young Officers of the General List, who entered the Service subsequently to November 1859, to volunteer for general or local service, or the Staff Corps,—one young Officer having stated that, from the terms of the declaration made by him at the India House, he did not consider that he had any choice in the matter?	73. There is nothing in the declaration made by these young Officers at the India Office to compel them to elect for general service The option must be given to them in common with other young Officers of the Indian Army.	73. Not approved. The answer should be :— According to the declaration made by those young Officers at the India Office, they have no choice, but the option may be given to them in common with other young Officers of the Indian Army.

"PARA. 6.—A passage will be provided by the State for Non-Commissioned Officers granted furlough, but not for their wives or families, but to assist in taking Home their families an allowance of £20 is sanctioned by Government."

1. "My attention has been directed to paragraph 6 of the General Order by His Excellency the Commander-in-Chief, dated the 19th April last, relative to the grant of Furlough to Europe to deserving Non-Commissioned Officers."

2. "In order to prevent any misconception with respect to the assistance to be afforded by the State towards the passages of the wives and families of such of those Non-Commissioned Officers as are married men, I consider it desirable that it should be distinctly notified that the sum of £ (20) twenty is the total amount to be allowed for both the passage to Europe and the return voyage to India, as stated in paragraph 1 of my Despatch, No. 442 of 1860."

With reference to the foregoing, it is hereby notified that the sum of £ (20) twenty is the total amount that will in any case be allowed for both the passage to Europe and the return voyage to India for the families of Non-Commissioned Officers who may be granted Furlough to Europe.

Para. 1. In my Despatch No. 320 of the 10th August last, para. 24, I stated it to be my wish that the option of retiring upon the terms then made known to you, should be given to all Lieutenant-Colonels and Majors of Cavalry and Infantry on the effective list of the three Presidencies, including such as may have already elected for the new Line Regiments or the Staff Corps.

2. It is possible that the latter portion of this paragraph might be understood as restricting such option to Field Officers only, and I desire to explain therefore that the principle of including such Officers as may have already elected to join the new Line Regiments, or the Staff Corps, is to apply also to such of the Regimental Captains as may become eligible to Annuities under paragraph 22 of my Despatch above referred to.

FORT ST. GEORGE, 15TH NOVEMBER 1861.

No. **405** of 1861.—The Governor in Council is pleased to publish the following correspondence, on the subject of an application made to the War Department for the Companionship of the Bath on behalf of Major General M. Carthew, of the Madras Infantry.

From the Right Hon'ble Sir CHARLES WOOD, Bart., M P., Her Majesty's Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council,—(No. 151, dated India Office, London, the 8th April 1861.)

MY LORD,—WITH reference to my Despatch dated 24th November last, I have to inform you that His Royal Highness the General Commanding-in-Chief has received a further communication from Major

General Windham, expressing his high opinion of the services rendered by Brigadier Carthew, Madras Army, in November 1857, and his regret at having omitted to bring them prominently forward long ago.

2. A copy of this communication is herewith transmitted.

3. In consequence of Major General Windham's representation, His Royal Highness renewed his recommendation to the Secretary of State for War, that the Companionship of the Bath should be conferred on Major General Carthew.

4. Lord Herbert felt himself unable to comply with this recommendation; all the Officers whose names have from time to time been noted for this distinction having been actually nominated Companions of the order, under the special Statute recently issued for the purpose of providing for the nomination of the Officers recommended for their services in China, it is now too late, under any circumstances, to submit any further names to Her Majesty.

5. Although the appeal made on behalf of Major General Carthew has not been successful, I feel persuaded that this Officer cannot fail to derive much gratification from the testimony to his services now placed on record by Major General Windham.

6. You will transmit a copy of this Despatch, and of the letter of Major General Windham, to the Government of Madras, for communication to Major General Carthew.

From Major General C. A. WINDHAM, Commanding Lahore Division, to Major General FORSTER, Military Secretary to His Royal Highness the Commander-in-Chief,—(Dated Meean Meer, the 22nd December 1860.

SIR,—I AM most desirous of recording my opinion of the services of Brigadier Carthew of the Madras Army, during the month of November 1857, and to express my regret that I omitted to bring them prominently forward long ago.

Brigadier Carthew was of great use to me throughout the operations of Cawnpore;—he was most successful on the 26th and 27th, and made a most stubborn resistance to greatly superior numbers on the 28th.

Had I done full justice to him in my Despatch, I am convinced his name would have been brought to Her Majesty's notice for some honorable distinction, and I earnestly hope that His Royal Highness the Commander-in-Chief will still think it consistent with his duty, after this letter, not to allow the services of so good and meritorious an Officer as Brigadier Carthew to pass unrewarded.

FORT ST. GEORGE, 15TH NOVEMBER 1861.

No. 406 of 1861.—The following General Orders by His Excellency the Governor General of India in Council, are re-published.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 1st November 1861.

No. 994 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 366 of the 14th September 1861, are published for general information and guidance:—

1. "I have received from Colonel LeMessurier, of the Bombay Army, and forward herewith copy of a letter addressed by him to the Adjutant General of the Army of that Presidency, in which that Officer accepts 'conditionally' the terms of retirement lately offered to Regimental Field Officers of the Indian Army.

2. "It appears that Colonel LeMessurier obtained leave from the Bombay Government in April 1859, to proceed to England on Sick Certificate, and that he elected to take that leave under the new Furlough Rules. He was induced to make this choice (although according to the old Rules he had served his time for a Colonel's Pension, whereas, according to the new, he had served short of that time by fifty days) because he believed that, as a Brigadier on the Staff, he would be entitled to the privilege granted to Staff Officers of retaining his appointment during fifteen months' absence on sick leave.

3. "He now requests that he may be considered as having served the full time for Colonel's Pension, and that he may be allowed to retire on the annuity, to which he is entitled under the new Scheme, adding that, unless this be granted, he will of course elect to wait until, in the course of events, he becomes entitled to full off-reckonings

4. "In publishing to the Field Officers of the Army, the offer of certain annuities, in addition to the Pension to which they might be already entitled, I was actuated by a desire to facilitate the retirement of those among the Regimental Field Officers who might feel that the late changes were calculated to deprive them of some of the advantages that the Service had hitherto held out to Officers in their position.

5. "With this object in view, and considering that the whole proceeding is exceptional and extra-regulational, I am not disposed to insist upon a rigid adherence to the established Rules in the case of Regimental Field Officers who may be entitled to full pay retiring Pension under either the old or the new Furlough Regulations.

6. "I should wish, therefore, that Colonel LeMessurier be permitted to retire on the Pension of a Colonel."

No. 998 of 1861.—It is hereby notified that Serjeant Majors and other Non-Commissioned Staff and Soldiers attached to Garrisons and Depôts are hereafter to be considered on the same footing with respect to Clothing as Non-Commissioned Officers and Soldiers of corresponding Ranks in Regiments of European Infantry.

Secy. to the Govt. of India.

Fort William, the 5th November 1861.

No. 1006 of 1861.—It is hereby notified that the Troops at Oonao, Bunnee, and elsewhere, on the road from Cawnpore to Lucknow, will participate in Prize granted under Government General Orders Nos. 148 and 388, dated 26th February and 3rd May 1861, respectively.

2. Supplementary Prize Rolls are to be sent to the General Prize Committees, Bengal, Madras, and Bombay, without delay.

GENERAL ORDERS

By Major General R. BUDD, Provincial Commander in Chief.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE, 15*th November* 1861.

No. 95.—The Provincial Commander in Chief with the sanction of Government, directs the publication of the following General Order by the Commander in Chief in India, dated 10th September 1861, the provisions of which are declared applicable to the Madras Presidency.

Adjutant General's Office, Simla, 10th September 1861.

The Commander in Chief has much pleasure in directing the publication of the sanction of the Government of India to a plan of Regimental Work-shops, submitted by His Excellency.

2. The success of the Work-shops which the Commander in Chief directed to be set on foot in Her Majesty's 6th Regiment as an experiment, shows how much can be effected, as regards the useful employment of Soldiers, by a zealous and intelligent Commanding Officer. Not only do the Work-shops of the wing of the Regiment stationed at Barrackpore execute a good deal of work of different sorts for the resident of the station, but they repair also, efficiently, as the Executive Engineer reported to His Excellency at his late inspection, the whole of the barrack furniture. The head quarters wing of Her Majesty's 6th Regiment at Sinchal have effected extensive repairs in their barracks, which but for their assistance would scarcely have been habitable.

3. Sir Hugh Rose will not again review the advantages which the Soldiers and their children will derive from having within their reach the means of combining profitable employment with recreation; of acquiring the knowledge in trade which may serve to support them when they leave the service; or on the advantage of a Regiment possessing within itself resources which render it independent of external aid in times of difficulty.

4. His Excellency desires that Commanding Officers will, at once, take measures to establish in the barracks occupied by their Regiments, or Batteries, a system of Work-shops on the principle herewith promulgated, and that they will do their utmost to ensure their success.

By order of His Excellency the Commander in Chief.

(Signed) W. MAYHEW, Lieutenant Colonel,
Adjutant General of the Army.

The establishment of Work-shops for European Soldiers in India.

From Lieutenant Colonel W. Mayhew, Adjutant General of the Army, to the Secretary to the Government of India, Military Department,—(dated the 25th April 1861.)

Sir,—I have the honor, by direction of the Commander in Chief in India, to forward, for submission to Government, the annexed scheme for the establishment of Work-shops in Her Majesty's Regiments serving in India.

This scheme appears, after due deliberation, to comprise the advantages of all the plans submitted by the Regiments of the Army on this subject.

Circumstances have hitherto prevented the carrying into execution this excellent scheme. Indeed although the question has from time to time occupied the attention of successive Commanders in Chief, as well as of Government, no general system of Work-shops, applicable to all Regiments, has ever before been suggested; but it has been entirely left to the zeal and energy of individual Commanding Officers to provide means of amusement and employment for their men, aided by small grants of money from the Canteen Fund.

The importance and usefulness of Work-shops as regards the health and morale of Soldiers are so well known, and so often acknowledged by the Government of India, that the Commander in Chief will not dilate on them. He will only observe that one of the chief causes of crime in the hot season, and the ill-health resulting from inebriety, may be traced to the total inactivity and relaxation of the mental and physical powers which ensue during the hot months; and that employment in the Work-shops is universally admitted to be the best and surest remedy for these great evils. For it must be borne in mind that not only do the Work-shops afford amusement and occupation to the workmen themselves, but that their comrades take an interest in the work.

P. S.—The return of the enclosures is requested, as it will be necessary to publish them if approved by Government.

A scheme of Work-shops for enabling European Soldiers to carry on, in their leisure hours, the trades and occupations by which they gained their living before enlisting, and for affording opportunities to Soldiers and to their Children to acquire a knowledge of them.

Trades.

1. The Trades proposed to be practised and taught are as follows:

The Painter.	The Joiner.	The Tent-maker.
,, Printer.	,, Weaver.	,, Gardner.
,, Blacksmith.	,, Shoe-maker.	,, Watch-maker.
,, Bricklayer.	,, Book-binder.	,, Decorator.
,, Carpenter.		

Scheme capable of extension.

2. Skilled workmen in some of the above trades are to be found in every Regiment; and in Corps having Artisans skilled in other trades than these, the scheme is of course capable of still further development.

Primary Cost.

3. The primary cost of Establishment was, after a careful calculation, estimated by a Board as follows: viz.

Blacksmith's Tools for two men, and Bellows, ...	Rs.	120-0-0
Tools complete for two Carpenters, answering for four or five men, ...	,,	240-0-0
Tools for ten Shoe-makers (with Lasts)..	,,	275-0-0
Turning Lathes, ...	,,	90-0-0
Gardener's Tools at Rs. 15 per Company, for Ten Companies, ..	,,	150-0-0
Book-binder's Tools, ...	,,	150-0-0
Total, Rs. ..		1,025-0-0

For Engravers, Watch-makers, &c., the Canteen might make advances for Tools

For Masons, Painters, Bricklayers, &c., &c., the Ordnance Department will supply the necessary Implements.—*vide* Army General Order, 6th December 1860, re-published in General Order Queen's Troops, 27th idem.

For Tent-makers, supplies may also be issued on payment of prime cost.

Expenses not included.

4. It will be observed that this is exclusive of the cost of arranging for suitable Work-shops and of the expense of carriage from Calcutta or elsewhere, of the above-mentioned articles.

Primary cost, how to be defrayed.

5. The average balance credit of Canteen Funds of Her Majesty's British Regiments in Bengal was about Rupees 1,200 at the end of last year. About half, therefore, of the Regiments in Bengal are in a position at once to defray the primary cost of Tools, &c., from their Canteen Funds. With the others the profits of a few months would suffice to cover the above expenditure.

Suggested mode of supplying Tools.

6. Going on the above data, it is proposed—

1*st*.—That authority shall be given to Regiments to purchase the articles enumerated in paragraph 3, out of the balance credit of their Canteen Funds, due regard being paid to the usual charitable calls.

2*nd*.—That Government be requested to authorize the conveyance, at the public cost, of these articles from Calcutta, or from whatever Station they may be procurable. In the event of its being found advisable to send to England for any, special application, detailing cost of carriage, to be made.

3*rd*.—That Government be requested to authorize the conveyance, at the public cost, of these articles, on the march of a Regiment from one Station to another. For the purpose of obviating the expense of transport, all, except light Tools, will be considered as Barrack fixtures.

4*th*.—Some few trifling alterations and additions to the Barrack buildings may be required for the establishment of the Work-shops; and the Commander in Chief feels convinced that the well-known benevolence of the Government, and their desire to promote the Soldiers's welfare, will induce them to lend a favorable ear to proposals on this head.

Work-shops in the 1st Battalion 6th Foot.

7. The accompanying Report from the Officer Commanding 1st Battalion 6th Foot shows how well the scheme is working in that Corps. In other Corps it is also progressing favorably.

8. Colonel Robertson's Report points to the necessity for various Departments to employ Soldiers in such work about the barracks as they are competent to perform.

Scheme applicable to Arty. & to Indian Regiments of European Cavalry and Infantry.

9. The provisions of this scheme, slightly modified perhaps, are applicable to Batteries of both Royal and Bengal Artillery, and to Her Majesty's Indian Regiments of European Cavalry and Infantry.

Intructions of Children in trades.

10. One of the chief objects of Work-shops is to instruct the Children of Soldiers in trades. In this view Commanding Officers are requested to do their utmost to induce Parents to allow their Children to receive the necessary instruction. Remuneration will be given to the Soldier who teaches the Child a trade, the amount of which will depend on the degree of efficiency which he has enabled the Child to attain.

Tailors.

11. Tailoring has not been included in the list of trades, because a Tailor's shop already exists in all Her Majesty's Regiments.

Details of scheme and arguments in favor of it.

1*st*.—It is as well to add a few details which suggests themselves, consequent on the adoption of the foregoing scheme. At the same time it would be unwise to restrict Commanding Officers of Regiments as to the mode of practically carrying out the experiment, but they should be allowed a degree of latitude in this respect, reporting from time to time the result of their experience. From these Reports the Commander in Chief might best arrive at a just conclusion as to the most approved manner of working out the system; but Colonel Robertson's method appears worthy of general adoption.

2*nd*.—Twice a year, say on Christmas or new Year's day, or Easter Monday, prizes would be awarded to best workmen, whether Soldiers or Children.

3*rd*.—The tradesmen should be under charge of Quarter Masters of regiments and their charges for work done should be subject to a fixed tariff, approved of by the Commanding Officer of the Regiment, or in accordance with Her Majesty's Regulations. A copy of the tariff should hang in the Work-shop.

4*th*.—Implements damaged by neglect should be re-placed at the cost of the workman. Those worn out by fair wear and tear, by the Canteen Fund.

5*th*.—The profits from the exercise of his craft to go to the workman, every inducement being given for its investment in the savings' Bank. This is imperative: without it the Soldier will not work. Any tradesman, if a defaulter, to be debarred from exercising his trade, or a Soldier making a bad use of his profits, not to be allowed to work.

6*th*.—Tradesmen, to be as far as possible equally distributed among Companies, so that in the event of the Regiment being divided, each portion of it should be provided with Artisans.

7*th*.—Tradesmen, if well drilled and well conducted Soldiers, to be excused ordinary parades in hot weather; but invariably to appear in all general parades, and at all drills in the drill season, so as not to lose the advantages of previous instruction; and to take their tour of all duties, save those of fatigue.

8th.—In conclusion, and in support of these suggestions, it is submitted that a Garrison system of Work-shops would never answer. It would be more expensive, for a Garrison Staff in charge would become a necessity, proper supervision would be almost impossible, and drunkenness and crime would result. The handing over of Garrison Tools and Implements would be attended with endless confusion, involving an assessment of damages. Such a system could only be established at certain large Garrison Stations, and therefore one quarter at least of the Regiments in this country, exclusive of Wings and Companies or Detachment, would be deprived of the advantages afforded by it.

Adjt. Genl. H. M.'s Forces in India.

Memorandum of Work-shops established in 1st Battalion 6th Royal Regiment.

1. WORK-SHOPS have been established since 1st November 1860, *viz.*, Black-smiths (which comprises Farriers, Tin-smiths, Lock-smiths, Glaziers and Painters), Carpenter's and Shoe-maker's.

2. The number of Mechanics who have been constantly employed are Black-smiths two, Farriers one, Lock-smiths one, Tin-smiths one, Painters and Glaziers one, Shoe-makers five, and Carpenters five.

3. Ten hours have been considered a day's work, and the tradesmen receive 10 annas per diem, or 1*s.* 3*d.*, as laid down in the Queen's Regulations.

4. The description of work executed from November to the end of February was shoeing horses making and repairing furniture for the Non-Commissioned Officers and married families of the Regiment, repairing fire-engine pumps for the Engineer department, and several jobs were done for residents in the station; after paying for material and labor, and adding 10 per cent. for wear and tear of tools, there was a profit amounting to Rupees 143, realized up to the end of February.

5. I find that the men are very desirous of being employed at their various trades, and there has not been a single application to leave the shops since their establishment; and though the men have received 3 or 4 rupees weekly more than those doing duty, still not one case of drunkenness has been brought to my notice.

6. On the 1st March last I applied to the Deputy Assistant Quarter Master General for the repair of Barrack furniture, which was granted, and during that month the following articles have been repaired: viz.

171 Wooden Cots.	90 Iron Cots.	3 Chairs.
10 Large Tables.	37 Lanterns.	5 Commodes.
1 Easy Chair.	100 Boxes.	32 Forms.
1 Small Table.	3 Bedside Tables.	1 Writing Desk.
1 Office Desk.	1 Cart Yoke.	2 Fire Engines.
3 Fire Hose.	3 Fire Buckets.	3 Filth Carts.

7. The repairs have been executed with more expedition, and the workmanship was superior to that done by Native Mechanics; in fact a large stock of furniture, which could not be done by Natives, has been all cleared out by the men of my Regiment.

8. If the Executive Engineer had been directed to give some of the contracts for new furniture, a large number of men could be employed. I feel convinced that the men would be delighted at working at their trades, besides it would be very condusive to their health during the hot season.

9 Unless contracts are given by the Engineer department, together with the repairs of barrack furniture, there will not be constant employment for the men. Had the whole of my Regiment been present, a large number of tradesmen could be employed.

10. A Reading-room has also been recently established, and is well supplied with Books. Periodicals, &c.

11. The proprietors of the *Englishman, Hurkaru, Phœnix,* and *Friend of India,* send gratuitously copies of their papers. There have been great pains taken to make the room comfortable, as it is nicely matted and well lighted; there are four Candelabra of 3 lights each, besides six side-lights; the tables are covered with green baize, and the following games have been provided for the men's amusement when tired of reading:

Race Game	two.	Chess	one set.
German Billiards	two.	Solitaire	two ,,
Dominoes	eleven sets.	Stereoscopes	four ,,
Draught Boards	eight ,,	Slides for ditto	five ,,

12. Tea, Coffee, of the best quality together with Lemonade and Sodawater, are always ready for the men's use.

13. The Reading room is open from 9 to 12 noon for the men, from 2 to 4 P. M. for Serjeants, and from 5 to 9 P. M. for men.

14. A Committee composed of the Serjeant-Major, Quarter-Master Serjeant, and the Librarian (a Color Serjeant), have the sole arrangement—the men appear in the room in a clean loose dress—the monthly subscription which is required to cover the expense of lighting, servants, &c., is two annas for Privates, three for Corporals, and four for Serjeants—the number of subscribers in four companies, now at Head Quarters is 16 Serjeants, 15 Corporals, and 242 Privates; Total 273.

(Signed) J. E. ROBERTSON, Lieut. Col., *Comdg. 1st Battn. 6th Foot.*

Prospectus for Regimental Work-shops.

Carpenter's Shop.

1. In order to establish a Regimental Carpenter's shop, a complete set of tools should be purchased and paid for out of the Canteen Fund; a Turning Lathe, which is an expensive item, could be brought when the shop was flourishing.

Remuneration for workmen.

2. The remuneration for workmen is laid down in the Queen's Regulations, page 285, paragraph 54, and should be strictly adhered to, except in some cases when the work might be done by the piece.

Purchase of materials.

3. The materials for work should be purchased by a Committee of Officers, under the supervision of the Master tradesman, and handed over to the Quarter Master or some other competent person, to be accounted for in a similar manner as Regimental necessaries.

Repairs to Barracks and Barrack Furniture by Regimental Workmen.

4. Repairs to barracks and barrack furniture could be made with a great saving to the State, and the charge for "barrack damages" against the Soldier would be lessened.

Profits to be placed in a Fund.

5. The profits realized from the sale of work after paying a small sum for the wear and tear of tools, should be placed in a Fund.

Workmen when discharged to receive a set of Tools, if deserving, from the Fund.

6. When a workman is discharged the service, and if deserving, a set of tools might be purchased out of this Fnnd and presented to him, to enable him to gain a livelihood. In a short time this Fund would increase largely, and might also be made useful in paying the Master tradesmen a bonus for teaching the sons of Soldiers a trade. This ,of course could be regulated by the Committee, under the sanction of the Commanding Officer.

Tradesman to receive a bonus for teaching Soldiers' sons a trade.

Working pay to be given over to the Soldier.

7. The working pay should be given over to the men when the money has been paid for the work; this should be punctually attended to, as a Soldier has strong feelings on this point.

An account to be kept of work to be done, &c., in a set of books.

8. A waste book, showing the quantity of materials purchased and expended, and a Ledger accounting for the nature of work performed, and the profits realized, should be submitted for the inspection of the Quarterly Committee, as in the case of Regimental necesseries. On arriving at a new station the price of materials would have of course to be considered.

Black-smiths.

9. The same rule should be observed in this case as in that of Carpenters. Farriers could be beneficially employed in shoeing Officers' horses, &c.; the accounts should be kept in a similar way to that of the Carpenters' shop.

Shoe-makers' shop.

10. The prices of work done by Shoe-makers are also laid down by Regulation; but Regiments generally allow them a little more, as they have to purchase their own Tools, Lasts, &c.

Prices of work.

11. The price charged for Non-commissioned Officers' and Privates' work, together with that of Officers, will entirely depend on the market price of leather, and must be regulated by a Board of Officers—the prices should always be published in Regimental orders.

Tailor's shop.

12. The rates of work performed for Non-commissioned Officers and Men are clearly laid down in the Royal Warrant respecting clothing; that for Officers will entirely depend on the nature of the work done, and should be regulated by a Committee.

Tailor's shop not to be on same footing as other workmen.

13. I consider that the Tailor's shop should not be on the same footing as the Carpenter's and Black-smith's shops inasmuch as the two latter are far more profitable; the Tailor's work being absolutely necessary is always fixed at as low a rate as possible, in order to meet the pay of the Soldier; and I would therefore propose that the Tailor's shop should be left as it is at present in almost every Regiment in the Service, namely, under the Quarter Master, and the earnings of the workmen paid to them regularly every Saturday night.

Teaching Soldiers' sons a trade.

14. I am of opinion that Soldiers' sons might derive great advantages from Regimental Work-shops; but do not think that any arrangements could be entered into to apprentice a lad to the Master Tradesman.

15. A certain sum monthly might be paid out of the Fund above alluded to, to the Master Tradesman for teaching a boy how to work, and in a short time he would commence to earn a little money, which the parents would soon discover the advantage of.

All enlisted boys to be compelled to attend to a Work-shop.

16. I think that all boys who enter the service should be compelled to attend one of the Regimental Work-shops, in the same manner as they are compelled to attend School; and on leaving the service they would not be in the helpless state they have hitherto been. They would also be better men while serving, as it is evident the boy who has been compelled to train his mind for the acquirement of a trade, will make a more intelligent man than the boy whose time has been passed in idleness.

17. With the view of carrying out the establishment of Work-shops, it will be absolutely necessary that proper airy Work-shops be built in each Barrack,—each Regiment to have its own,—and every encouragement given to men to attend, such as leave from morning parades occasionally, and always from evening roll-calls.

18. The Work-shops should be near to each other, and as far from the Canteen as possible; they should be under the superintendence of an intelligent Serjeant, a man of good natural abilities, and with a taste for mechanics, not necessarily a tradesman.

19. The hours of labor may be determined according to circumstances; but punctually in attendance should be strictly enforced, and no one should be allowed to enter the Work-shops except those who are registered as workmen.

Since writing the above Prospectus, it has been ascertained that unless the tradesmen work for the number of hours specified in the Queen's Regulations, *viz*, eight hours in the hot season and ten hours in the cold weather, at the regulated rate of working pay, the native mechanics would undersell the Regimental Work-shop; as rifle instruction, ordinary parades and drills, will prevent the men being employed for the regulated period daily, as laid down by Regulation. In this case the Non-Commissioned Officer superintending the work-shops should keep a correct account of the number of hours of actual labor, and at the termination of each week divide the hours by eight or ten, according to the season of the year, and paying them for the number of days at ten annas each.

Camp Equipage.

Regarding the making up of Camp equipment, the Tailors, Shoe-makers, and Black-smiths combined could be employed in making and repairing Tents; no more tools than those shown as requisite for the former trades would be wanted. The tradesmen should receive the regulated rate of pay, *viz.*, ten annas per diem; the cost of the materials entirely depending on the bazar rates of the station at which the Regiment may be quartered.

Men of each Regiment could be instructed in gun-smithery by the Armourers as follows:—For the first six months the Armourer ought to receive a remuneration of about fifteen Rupees a month for instructing about six men, for the next three months the allowanee should cease, after which the men instructed should be paid for their labor similar to other tradesmen.

Armourers.

The Armourer and three men would perform all the work of a Regiment, oiling and petty repairs being only executed.

From the Secretary to the Government of India, Military Department, to the Deputy Adjutant General of the Army,—(dated the 26th July 1861.)

SIR,—With reference to the letters noted in the margin, regarding the Establishment of Work-shops in European Regiments, I am desired to acquaint you, for the information of His Excellency the Commander in Chief, that the Governor General in Council considers the scheme as in operation in Her Majesty's 6th Regiment, an excellent one, and sanctions its adoption generally, under the Regulations proposed by His Excellency.

Adjutant General of the Army, No. 400½A, dated 25th April 1861.
Dy. Adjt. General of the Army, No. 801A, dated 13th July 1861.

2. I am directed to observe that no new accommodation, in the way of Work-shops, can be constructed this year; but there are many Stations where there are already more Barrack ranges than the Troops can occupy, and with the coming reduction in the strength of Regiments, the number of these Stations will increase.

3. The Governor General in Council will be prepared, as proposed by the Commander in Chief, to defray the expense of carriage from Calcutta or elsewhere of the Tools purchased by the Canteen Funds of Regiments; and when Tools are required to be procured from England, detailed specification should be made to Government of the cost of carriage to be incurred.

4. On the march of Regiments in course of relief, the Tools will be conveyed at the public expense, as His Excellency suggests, on the understanding that in order to lessen the charges, all except Tools of a light nature are to be considered as Barrack fixtures.

5. A copy of the correspondence will be forwarded to the Public Works Department, in view to a consideration of the question of giving contracts to the men to execute such work as they may be able to perform, whenever it can be done without detriment to the Public Service; and that Department will also be requested to report what arrangements can be made in the way of accommodation, at a small expense, when it is not immediately available.

6. The Governor General in Council considers it very desirable that some authentic account of the financial results of the scheme should be kept, and that, therefore, the Work-shop accounts should be audited, not with the view of stinting the support of Government, but that Government may better judge of the success of the scheme.

7. The Military Finance Department will accordingly be requested to suggest in what manner this can best be done, and a further communication will be made to you on the subject in due course.

By order of Major General R. Budd, Provincial Commander in Chief.

W. G. WOODS, Lieutenant Colonel,
Adjutant General of the Army.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE.

23RD NOVEMBER 1861.

His Excellency the Governor in Council having addressed the subjoined orders to Major General R. Budd, Provincial Commander in Chief, to be published to the Army, they are accordingly published in Military Orders.

General Orders by His Excellency the Governor in Council.

FORT ST. GEORGE, 22ND NOVEMBER 1861.

O. G. 20th July 1852, No. 138, and of the additions and alterations made thereto from time to time.

HUTTING RULES.

1. Public Quarters not being provided for the accommodation of Native Troops in Garrison, an allowance according to the subjoined scale, will be granted, under the following rules, to all Native Effective and Non-Effective Troops, to Puckallies, Bheasties, and Native Dressers, including those permanently attached to European Corps. Hutting allowance why granted.

2. Hutting Money is allowed. When admissible.

I. On every final change of Station.

II. To men newly entertained, on joining Regimental Head Quarters; and to Recruit boys on transfer to the ranks.

III. To Pensioners employed at Public Bungalows on first appointment.

IV. To every man on the strength of the Corps according to the rank he holds on arrival at the new Station. Difference of Hutting Money is granted to Native Commissioned Officers and junior grades under circumstances similar to the following:—A man holding the rank of Havildar arrives at a Station with the Corps, and receives the allowance due to that grade, he is subsequently to this in G. O. G. promoted to Jemadar from a date antecedent to the arrival of the Corps; difference between the allowance of a Havildar and Jemadar, viz. Rupees 8, is due to him. The Roll attached to the bill should distinctly explain such circumstances, as also the date of G. O. notifying the promotion.

V. To Details or individuals of a Corps on Foreign Service, on returning to the coast, and ordered to join the Native Infantry Depôt; for Recruits for such Corps on joining at that place; and for men joining the Depôt from furlough or sick certificate, after a Corps has embarked.

VI. To all men transferred to form Extra Regiments, Local Corps, or newly raised Regiments.

The above will include every transfer without reference to Stations, but is not to affect the existing rule regarding men removed, at their own request, from one Corps to another.

3. The Allowance is not admissible. When inadmissible.

I. When a Corps or body of Troops is in the receipt of full batta.

II. When after a temporary employment on Detachment duty, it returns to the Station from which it marched.

III. After having been ordered to march to a new Station as a permanent relief, and being actually en route, it receives orders to return, and re-occupy the lines it vacated.

IV. To men who are removed from one Corps to another at their own request.

V. To those who are removed, by order from Army Head Quarters, to a Corps at the same Station.

VI. To individuals who have joined or enlisted subsequently to the receiptat Regimental or Detachment Head Quarters of the order to be in readiness to march, or to embark for either home or Foreign Service.

VII. To men not permanently appointed or attached to a Corps or Station; except in cases specially allowed by Government.

VIII. To individuals or Detachments ordered to the Mount or Coast, preparatory to embarkation for Foreign Service.

IX. To men without Regimental numbers.

N.B.—Though the allowance cannot be drawn on *Abstracts* until numbers are assigned, it may be drawn on *Receipt*, on the responsibility of Troop or Company Officers.

Bills how to be prepared.

4. The allowance for hutting will be paid on bills, vide form B. countersigned by order of the Quarter Master General of the Army, who will be responsible that they correspond with the strength of the Corps, and are drawn only in cases admitted by these Regulations.

5. These bills will be forwarded through the Staff of the Quarter Master General's Department in Divisions and Forces with corresponding Rolls—Vide form C.

6. The name of every man in the Corps or Detachment, whether present or absent, should be included in the Roll,—opposite the names of the latter, the cause of absence, and the date of becoming so, should be clearly entered in the Column for Remarks.

7. A separate bill and roll, duly endorsed, is required on all occasions, for each Company and Department. Officers Commanding Troops or Companies will be held personally responsible for any omissions or errors in these documents.

8. No document is to be written on less than a quarter sheet of foolscap.

9. The sum which the bill may amount to, should never be entered by the Officer signing it, until the bill has been received back from the Quarter Master General, sanctioned.

10. These documents will be sent in within the first week after the arrival of a Corps or Detachment, at its new Station.

11. It is to be well understood that none but those who actually arrive are entitled to the Gratuity at that Station, excepting such as have previously proceeded on Detachment, (vide para. 14) and therefore the rolls and bills, though dated subsequently, should be prepared according as Troops or Companies &c. stood on the date of arrival.

12. The dates of all the bills and rolls should correspond, and may be any day within the first week after arrival.

13. Corps arriving at Stations by Wings, should forward separate papers for each Wing.

14. When a Corps en route to be permanently stationed, sends out Detachments to relieve others, such Detachments may draw the allowance with the Head Quarters of the Regiment; but it must be considered as allowed for the place at which the Head Quarters are stationed, though the roll and bill must be countersigned by the Commanding Officer, dated from the Detachment station, and prepared according to the strength on its arrival there.

15. A Corps returning to the Coast, should always have the Hutting Papers made out previously to allowing men to proceed on furlough, sick absent, &c.

16. Men newly enlisted, or those who, on the march of the Corps, may have been for any allowed reason absent, draw Hutting Money on arriving at, or rejoining Regimental or Detachment Head Quarters, according to where their Company may be.

17. Should a Corps be ordered again to march, before such men can rejoin, they have no claim to the allowance for *that* station.

18. The bill and roll for them should be dated on the 1st of the month succeeding that in which they rejoined, or were enlisted.

19. The date of enlistment, or of rejoining, whether from furlough, sick absent, &c., should also be invariably mentioned, with such explanation as shall enable the bill to be checked by the last return, and the general roll of the Troop or Company.

20. Regimental numbers should never be omitted, but in cases where none are assigned, the men will still be borne on the rolls, but may not be included in the bills.

21. Transcript Registers should be forwarded immediately after numbers are given, agreeably to G. O. C. C. 30th May 1840, and the adjustment by Abstract effected of any advances that have been made.

22. Individuals holding Staff Rank, should be so noted in the Rolls.

When allowed to Detachments.

23. Detachments of Corps which are periodically relieved by Detachments of Corps in the same Division, are only entitled to Hutting Money once, viz., with the Head Quarters of their Corps or Detachment.

What men not to be included in the Rolls and Bills.

24. The allowance will not be included in the bills for men whose discharge, for any reason, from the service, or transfer to the Pension Establishment, has been applied for previously to the arrival of the Corps at a new station; and such men should have a corresponding remark entered opposite their names in the rolls: if, however, sanction for their discharge or transfers, be not obtained, the allowance will be afterwards drawn on a separate bill as in para. 16.

The allowance drawn for Deserters to be refunded.

25. The allowance drawn for deserters will in all cases be refunded to the Paymaster of the Division or Force, whose receipt will be forwarded to the Quarter Master General, accompanied by a nominal roll of such casualties; but men received by authority of the Commander in Chief from desertion, are allowed the gratuity, as though they were newly enlisted, provided it has not been previously granted.

26. The money drawn for men, whose discharge for misconduct may be ordered in the interval of forwarding the bill and receiving it sanctioned, should also be refunded.

If the claim be submitted after 12 months, how to act.

27. The claim of any individual submitted twelve months after it becomes due, cannot be allowed, without it be accompanied by a letter, explanatory of the delay, on which the orders of Government will be taken before the bill is passed; when, in cases of proved neglect, the amount will be recovered from the pay of the Officer whose duty it was to have preferred the claim at the time it fell due.

Allowance when to be drawn on receipt.

28. In order that Troops entitled to Hutting Money on a change of station, may receive it as early as possible after arrival at their destination, Paymasters are authorized to advance upon the receipts and on the responsibility of Troop or Company Commanding Officers, the sum certified by them to be that required for the purpose; the adjustment to be made immediately on the sanctioned bills being received from the Quarter Master General of the Army.

Can be appropriated for payment of huts.

29. It will be discretionary with Commanding Officers to appropriate the amount received for hutting to the payments of the huts, or to distribute it among the men according to circumstances.

Precautionary measures in forwarding passed Bills

30. Officers of the Quarter Master General's Department will, before forwarding Hutting bills and rolls, ascertain, as far as they are able, that they are prepared according to these rules; and on receiving back from the Quarter Master General passed Hutting bills, to return to Corps, they will be especially careful, that, in all cases, the Officer to whom they are addressed returns (if not by post) by the same messenger who took the bills, an acknowledgment of their receipt. A deviation from this rule may have the consequence of subjecting the Officer forwarding bills to the payment of the amount, in the event of the bills being lost, or falling into unauthorized hands, and by them drawn at the Pay Office.

Straits Hutting money.

31. Troops serving in the Straits are entitled to Hutting Money, as regulated for Stations in India.

32. The allowance is to be drawn on Abstracts supported by Nominal rolls, which are to be dated on the day of disembarkation of the Corps or Detachment at the Station, and are required to accord in numerical strength with the Disembarkation Return.

Hutting Money for Pensioners in charge of Public Bungalows.

33. Bills and Rolls for hutting money for Military Pensioners, employed at Public Bungalows, will be prepared by the Collector of the District, to which the Pensioner is appointed; and forwarded to the Quarter Master General's Staff of the Division, in which the District is situated, for submission to Army Head Quarters.

Formation of Lines.

34. The following Rules will be observed by Officers in taking up ground for the formation of lines in permanent Cantonments for Native Corps of this Army.

35. The huts or lines shall run in streets at right angles with the front of the Corps, their gable ends being parallel to it, they shall be divided into wings, and each wing subdivided into four rows of huts for Cavalry and six for Infantry.

36. The row of huts of the Native ranks on the flanks of each wing, shall be single; the remainder double.

37. The double rows of huts shall occupy a space of 60 feet, the single rows 30.

38. Each row shall be divided by a street 25 feet broad, each wing shall be divided by a street 50 feet broad, and a street of the same dimensions, viz., 50 feet, shall run through the centre of the hutting ground, parallel to the front of the line, and equi-distant from the front and rear.

39. The space between the hutting ground and the bazar shall be 300 feet, which shall also run parallel to the front of the line.

40. The bazar shall consist of two rows, each row shall be 30 feet in breadth, and divided by a street 25 feet in breadth.

41. The space allowed for the hutting of each rank is as follows:—

Subadar.... ..	.... 30 by 40 feet.
Jemadar.... ..	.... 30 by 30 feet.
Farrier, Trumpet, Drum, Bugle, and Fife Majors, and Havildar Majors, Havildar and Darogah of Artillery....	.... 30 by 20 feet.
Farrier, Trumpeter, Drummer, Bugler, Fifer, 2nd Dresser, Naigue and Choudry of Artillery....	.... 30 by 16 feet.
Private, Puckally, Lascar, Doby, Barber and Driver of Artillery.....	.... 30 by 12 feet.

42. Native Commissioned and Non-Commissioned Officers will be equally distributed on the flanks of the sections of the lines.

43. Farriers and Trumpeters, Drummers, Fifers and Buglers are allowed a separate line of huts on one flank or rear of the others.

Sale and transfer of Huts.

44. The huts of a Corps or Detachment directed to march and for which no relief is ordered, or of a Corps ordered to be disbanded, should be disposed of in the same manner as the Lines of a Corps which are ordered to be moved to other ground. (Vide para. 71.)

On the reduction of Corps, what ranks entitled to compensation for Huts.

45. On the reduction of Established strength of a Corps being ordered, men directed to be transferred to the Pension Establishment, or men of short service peremptorily ordered to be discharged, are entitled to receive the value of their huts within the limit prescribed by Regulation, as fixed by a Committee. The huts to be sold on account of Government, or retained for Regimental purposes, as may be considered best. If the huts have not been paid for in full, then the instalments to be returned.

Men not entitled to compensation.

46. Men voluntarily taking discharge with gratuity to carry out an ordered reduction of the Established strength, have no claim for compensation for their huts, they will be allowed to dispose of them to the best advantage.

The huts of such men, how to be disposed of.

47. Men so discharged are considered as "discharged at their own request," and therefore if, at the time of discharge, under stoppages for huts already paid for by Government, must make good any balance due on being finally settled with, and then they can dispose of their huts.

48. In cases where Commanding Officers consider it expedient for purposes of discipline or convenience to arrange for the disposal Regimentally of the huts of men so discharged, care will be taken to secure Government against loss in the transaction.

Formation of Valuation Committee on the Lines of a Corps under orders to march.

49. At other than single stations, on the receipt of warning orders for a Corps to be in readiness to march, or to embark, on all occasions of ordinary relief—Officers Commanding will apply for the assembly of a Committee of valuation on the lines of the Regiment.

50. The Committee will be composed of 3 or 5 Native Officers of Corps in Garrison, to be attended by the Quarter Master of the Corps about to march—and to be conducted by a Quarter Master of a Corps in Garrison.

51. At single stations where it would not be convenient on account of distance, or paucity of Officers to assemble a Committee from another station, the Committee will not assemble until the arrival of the relieving Corps; when it will be composed of Officers of each. The march of the relieved Corps is not to be delayed on this account.

52. Should however a Corps be ordered to march previously to the arrival of a relieving Regiment, then a Committee of Officers of the Regiment must be sufficient for the purpose.

Huts how to be numbered, valued, and sold.

53. Each hut in the lines is at all times to be kept numbered in a conspicuous but sheltered place, commencing from the right of the Regiment, and so on to the last house in the lines of Troops or Companies. The huts of the bazar and Department, are to be numbered separately. Houses are not allowed to be joined and sold as one, if by so doing inconvenience is likely to be sustained by the relieving Corps. A man cannot possess more than one house in the Lines. Buildings enclosed in one Court, are to be considered one house, and to be valued as such, but not entered in the Proceedings at a higher rate, than is allowed for one house.

Proceedings of Valuation Committee how to be prepared.

54. The value of each hut, as fixed by the Committee, will be recorded in Proceedings to be prepared in duplicate, agreeably to Form A—one copy of which will be retained by the Officer Commanding the marching Corps—the other is to be given to the Officer Commanding the relieving Corps. In the Proceedings is to be stated whether each hut is thatched, tiled, or flat-roofed.

Preservation &c. of Huts.

55. Officers Commanding are required to give their most careful attention to the Regulations, providing for the formation and duties of Committees of survey, as well as to the preservation of the huts, until duly handed over to the relieving Corps.

Price of huts and responsibility for over-valuation.

56. The maximum price to be paid by relieving Corps for the various descriptions of huts is, as shewn in the following Tabular Statement. If any man therefore pleases to lay out in improving or building a hut more than is therein allowed for his rank, he must be made aware that he can claim no more than the tabular rate, whatever the higher value of the huts may be. In cases where a man possesses a more expensive hut, the maximum price only is to be entered in the Proceedings of the Committee. If houses are appraised and entered in Proceedings at a higher rate than is allowed by Regulations whereby loss to Government is incurred, the Officer conducting the Proceedings of the Valuation Committee and the Officer in attendance are conjointly responsible for any sum so overdrawn and and must make good the loss to Government. Dismantling or selling the materials in such cases is strictly forbidden. When a man is allowed to dispose of his hut to a man of the relieving Regiment under private arrangement, a remark to that effect is to be entered in the Proceedings of the Committee of Valuation, in the column headed "Value."

Regtl. Schools.

57. The maximum price to be paid for Regimental Schools of Native Corps will be Rupees 69.

Re-valuation of huts.

58. Should such a length of time have elapsed, previously to the arrival of the relieving Regiment, as in the opinion of the Officer Commanding it (with reference to the effect of climate and season upon the huts) renders it but fair that a new Committee of Valuation should assemble on them, he will apply for the sanction of the Officer Commanding the Division or Force; if allowed, it will be composed, as far as possible, as the first Committee. In this case the loss of the difference of value as fixed by the first and second Committees, will be borne by Government; that is, the owners of the huts having already received the value of their Lines, the new occupants have only to pay Government, the value fixed by the second Committee.

On abandonment of Lines, what parties entitled to value from Government.

59. When huts are abandoned and the owners receive the value from Government, the huts are to be immediately put up to auction, or disposed of to best advantage by local authorities, and sold for the benefit of Government. All parties on the strength of the Regiment drawing hutting money, as also Recruit and Pension Boys actually possessing huts in the Lines, together with School Masters, Barbers and Dhobies, who suffer by the abandonment of Lines, are to receive compensation. Compensation cannot be allowed for Schools, but Government will take into consideration, application for assistance to meet expenditure on such account.

Huts how to be allotted.

60. Every man drawing hutting money, and every registered bazar follower, arriving with the Corps, is to have a hut allotted him and to be paid for by him, whether subsequently permitted or not, to live with a relative or friend.

61. Individuals not on the strength of the Regiment, or entitled to hutting ground, cannot be allowed to occupy huts in the lines to the exclusion of Sepoys or other authorized parties, and none but bonâ fide followers of the Regiment are allowed to occupy huts in the bazar lines, so that, on the relief of a Regiment, the relieving Corps may have every hut in the lines, and the bazar placed at its disposal.

Parties to be excluded from the Proceedings.

62. Pensioners and others not permitted to reside in the Lines, (Vide para. 61) are to be carefully excluded in the Proceedings, and Regimental Quarter Masters will be held strictly responsible that the indulgence granted by Government, is not improperly taken advantage of by parties not entitled to it. To secure this object, Proceedings of Committees having the attested ownership of every house in the Lines entered, will be prepared in duplicate by Quarter Masters, previous to the assembly of the Committee. Forged or fictitious names are to be cautiously guarded against.

Surplus Huts and Huts unavoidably left vacant, how to be disposed of; and responsibility of the Officer Commanding the Station in connexion therewith.

63. In the event of the number of Huts vacated being in excess of the wants of the relieving Corps, the huts which are likely to be permanently surplus, are to be disposed of by auction, for the benefit of Government; but huts unavoidably left vacant for any time are to be carefully preservedby the Regimental Authorities until occupied. Should the Huts on re-occupation be however found deteriorated in value, a new Committee may be ordered, and the value fixed by that Committee is all that should be paid by the intending occupants. The same rule applies when a Corps arrives by Wings or Detachments, as well as in individual cases. Whenever huts, being the property of Government, are likely to be left unoccupied for any length of time and thereby to be subjected to serious deterioration occasioning loss to Government, it will be the duty of the Officer Commanding the Station to bring the subject to the immediate notice of the Quarter Master General in order that instructions may be given regarding their sale or retention. Any loss sustained by a failure of this provision, will have to be borne by the Officer Commanding the Station.

64. On the lines of a Corps being vacated prior to arrival of relieving Corps, the Officer of the Quarter Master General's Department where there is one present, or the Brigade Major or other Station Staff Officer, when there is not, will take charge of the lines until they are handed over upon re-valuation to another Regiment; in the meantime, such trifling repairs as may be absolutely necessary, and the expense of which it may be worth while to incur, with reference to the selling value of the houses concerned, will be executed under the orders of the Officer Commanding the Division or Station, or other competent authority either by Fatigue Parties or other public means available. But where no such means can be made available, the cost may be adjusted by Contingent bill, in the usual manner. In cases of Detachments occupying lines pro tempore, the charge devolves on the Officer in command.

Lines how to be cared for till re-occupied

65. The Officer Commanding the relieving Corps, will adopt immediate measures for the recovery of the value of the huts, by regular monthly instalments, commencing on the second issue of pay after arrival. The number of instalments is to be regulated by Commanding Officers.

Value of huts how to be recovered from the relieving Corps

66. No man should be permitted to leave the Corps, without making satisfactory arrangements for the payment of whatever balance on this account that may be due by him.

67. Commanding Officers will be held personally responsible for any loss that may accrue from the non-observance of these rules.

68. At Secunderabad or Kamptee, it is to be understood that all valuation of huts are to be made in Company's Rupees; but when the huts are not immediately occupied, and they are therefore allowed to be sold by public auction, they will be put up for sale in the currency of the place, which fact should be previously notified.

Valuation of huts at Kamptee or Secunderabad, to be made in Company's Rupees.

69. Correspondence relating to hutting will be carried on direct between Corps.

Correspondence how carried on.

70. Compensation for loss of huts from any cause (except as provided for in these rules, under paras. 44, 59, and 71) is inadmissible; but special cases may be submitted for consideration. (Vide paras. 58 and 63).

Compensation when not allowed.

71. When the lines of a Corps or Detachment are ordered to be moved to other ground, or on any occasion of authorized abandonment or of relief, the huts should first be valued by a Committee, and afterwards sold by public auction, and in order that no delay may take place in the receipt by the men of the value of their huts, the total amount valuation by the Committee is to be disbursed at once by Paymasters as a Public charge, leaving it to be recovered or not, as the case may be, by the relieving Regiment if any, in the usual course by such instalments as may under para. 65 be decided by the Commanding Officer. When no recovery has to be made from the men, the value of the huts realized by the sale is to be remitted to the Quarter Master General by a Cash Receipt, accompanied by an Account Sale shewing the value of each hut, and prepared exactly in the same form as the Proceedings of the Committee with the addition of 2 Columns, one for the amount realized by the sale of each hut by auction, and the other for the difference between this amount and its valuation price. The insertion in the list of the names of the purchasers is not necessary.

Disposal of the Lines of a Corps ordered to other ground.

Account Sale how to be prepared.

72. The classes of men entitled to *compensation* on abandonment, are noted in para. 59. But no value in advance of huts is made to any class by Government, except such as are entitled to Hutting money. All other classes must sell to the relieving Regiment under arrangements to be made by the Commanding Officer. (Vide paras. 55 and 65.)

Disallowed classes not entitled to the advance of the value of huts, but must sell them under Regimental arrangements.

73. Abstracts for payment, under the above rules, are to be drawn by Quarter Masters of Corps, supported by certificates of estimated value, signed by the President of the Committee of survey, and countersigned by the Officer Commanding the Regiment, who will be held personally responsible for any error in the amount drawn for under this Rule.

Value of huts how to be drawn.

74. It will rest with the Commanding Officers to decide, whether the value of the huts advanced by Government, should be transferred wholly or in part, towards the payment of marching expenses, or towards the payment of the lines to be newly occupied by the receiving Regiment or Detachment. The object Government has in view, in advancing the value of huts, is to prevent as far as possible subjecting the men to heavy and continued stoppages on account of huts, but not in any way, to encourage greater extravagance in the transport of their Families. Commanding Officers should therefore be required to be most careful in using the power placed at their discretion, and should bear in mind the above objects, in disposing of the Hutting money advanced by Government.

How to be appropriated.

75. Recruits of a Corps doing duty with another Corps, and ordered to be discharged—if they have had huts allotted to them and suffered loss by their disposal, a Contingent Bill for compensation to the extent of the loss may be submitted for sanction of Government.

Recruits of a Corps doing duty with another Corps, when entitled to compensation.

76. On every occasion of a Madras Corps relieving a Bombay Regiment, at a station in the latter Presidency, and where huts are received free of charge to the men, the same huts shall be preserved in the condition in which they were received, and transferred by the one Corps to another, on relief, gratis: so as that when the lines are again to be occupied by Bombay Troops, they may be restored on similar terms.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 8th November 1861.

No. 1023 of 1861.—The following Extract from the Proceedings of Government in the Home Department, under date the 4th instant, is re-published in General Orders :—

No. 3345.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council in the Home Department, under date the 4th November 1861.

Read a letter from the Secretary to the Police Commission, No. 221, dated the 12th ultimo, submitting for consideration a Memorandum regarding the proper manner of adjusting the charge for Police furnished

as Watchmen to Public Offices and Departments, together with a letter from the Chief of the Military Finance Department, intimating his concurrence in the proposal contained in the Memorandum.

RESOLUTION.—The Governor General in Council approves of the plan proposed in Lieutenant-Colonel Bruce's Memorandum, and is pleased, in conformity with it, to pass the following Rules, and to direct that they be generally adopted throughout India :—

1. The Chief Officer of Police in any District or Town who is required to supply any Public Department or Office with Police, shall charge to such Department or Office the actual pay of the grades furnished, with an additional charge of ten per cent. on the amount of the Bill towards the expense of European supervision, cost of Arms and Accoutrements, Clothing, &c.

2. Bills for the cost of the Police supplied shall be presented, at the end of every month, to the Head of the Department or Office employing them, and such Bills shall be paid *in cash* on or before the 15th of the ensuing month.

3. The whole of the Police employed and paid, and their cost, will be shewn in the Monthly Police Abstracts, and the sums to be received from the different Departments will be deducted from the Abstract, the balance only being drawn from the Treasury.

4. Cash payments being considered essential as a check upon the Departments employing Police, no Bill for Police supplied, though countersigned by the Head of a Department or Office, should be accepted in the Police Accounts as a voucher for a charge. The Police Abstract, though exhibiting the whole number of the Police employed on whatever duties during the month, will charge for, and will be passed only for the fixed amount sanctioned by Government, cash receipts being shewn for all additional Police supplied to other Departments.

No. 1029 of 1861.—The following Order, issued by the Judicial Commissioner in charge of the Office of the Commissioner of the Province to the Nagpore Irregular Force, is confirmed :—

No. 9 dated 27th September 1861.—Making the following appointments with reference to Government General Order No. 841, dated 20th September 1861, with effect from the 19th August 1861.

Lieutenant Burton, Adjutant and Officiating Second in Command of the 1st Infantry, to be Second in Command in room of Lieutenant Cockburn, resigned.

Lieutenant McNeill, Officiating Adjutant, to be Adjutant in succession to Lieutenant Burton.

No. 1030 of 1861.—With reference to General Order by His Excellency the Governor General of India, No. 10A., dated 26th December 1860,* the following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 386, dated 30th September 1861, are published for general information :—

PARA 1. I have received and considered in Council the 11th paragraph of your Military Letter No. 81 of the 22nd May, submitting the application of Surgeon Beatson, M.D., that certain leave of absence may be allowed to count towards the period qualifying for promotion, and certain other leave as service for pension.

2. Dr. Beatson took leave to Europe in March 1856, and elected to go under the old Furlough Rules, with a view of securing a three years' residence in Europe, which he thought might be rendered necessary by a protracted treatment of his case.

3. The leave is, under the operation of the Rule laid down in my Despatch No. 397 of 31st October 1860, deducted from the service qualifying for promotion to the rank of Surgeon-Major.

4. Upon a re-consideration of the subject, I observe that the Rule thus laid down bears unequally upon the Officers according as they may be under the old or new Furlough Rules, and I have resolved, therefore, that Medical Officers, under whatever Furlough Rules they may be placed, shall be allowed to count, towards promotion to the rank of Surgeon-Major, two years of their Furlough in Europe (in addition to all leave in India).

5. The Rule is to take retrospective effect from the date of receipt in India of my Despatch No. 397 of 31st October 1860.

6. Dr. Beatson's request to be allowed to count as service for pension his leave to Simla, taken in 1846 and 1847, cannot be complied with.

No. 214, *dated* 23*rd October* 1861.—Granting Major Clogstoun, v. c., Commanding 2nd Cavalry Hyderabad Contingent, one month's leave of absence from the date of quitting Hingolee, to visit Hyderabad on urgent private affairs.

No. 217, *dated* 25*th October* 1861.—Confirming the Regimental Order issued by Captain Macquoid, Second in Command, 5th Infantry Hyderabad Contingent, dated 15th October 1861, assuming Command from that date of the Regiment, consequent on the departure of Captain Woodcock, Commandant, 5th Infantry, Hyderabad Contingent, on leave, and directing Lieutenant Justice, Adjutant, 5th Infantry Hyderabad Contingent, to act as Second in Command in addition to his duties as Adjutant.

Fort William, the 15th November 1861.

No. 1042 of 1861.—It is notified that Cooks of Sikh and European Regiments who served before Delhi are entitled to share in the Delhi Prize Money upon the production of Certificates that they were actually exposed to the fire of the Enemy while in the execution of the duty. Prize Rolls of the Cooks who have claims under this decision are to be submitted through the usual channel without delay.

No. 1047 of 1861.—His Excellency the Governor General in Council directs the publication of the subjoined Questions and subjects of general interest, and the Answers given by Government in continuation of those published in Government General Order No 913 of the 11th October 1861 :—

Question 124.—When an Officer of the Staff Corps is placed on the out-of-India rate of pay or on the half-pay List, is he permitted to reside out of India; and if so, will the time so passed count for pension under paragraph 65, *viz.*, two years for one, or year for year ?

Answer 124.—Officers on half-pay or on out-of-India rate of pay can reside out of India; but no half-pay service reckons towards pension. Officers out of employ and available for employment will not be put on out-of-India pay.

Paragraph 98.

Question 125.—Is residence in India compulsory on an Officer who is unemployed and on half-pay under paragraph 98 ?

Answer 125.—Residence in India is not compulsory on an Officer put on half-pay. Such Officer can reside where he likes, notifying his place of residence to Government.

Question 126.—With reference to General Orders No. 332, paragraphs 46 to 48, and No. 807 of 1861, paragraphs 16 to 21, will Colonels (Regimentally or by Brevet) of the Indian Regiments of Artillery and Engineers continue as heretofore to rise to vacancies in the grades of General Officers according to their position in the Gradation List of Officers of the three Presidencies ?

Answer 126.—Yes.

Question 127.—Will the name of a Regimental Lieutenant-Colonel, accepting the retiring annuity, be retained in the Gradation List of Officers of the three Presidencies, as well as in the list of Regimental Lieutenant-Colonels ; and if so, how will the promotion to the grade of General Officer be regulated on his name coming to the top of the list of Colonels and a vacancy taking place in the grade of General Officers ?

Answer 127.—No ; an Officer so retiring no longer belongs to the effective branch of the Service, though his name is retained in Italics in the particular list to which he belonged, to regulate the promotion of those who stood below him in that List. The retired Officer will obtain a step of Honorary Rank, and will have no claim to further Life promotion.

Question 128.—With reference to the decision* of the Secretary of State for India, that the new Furlough Regulations shall not have retrospective effect in the case of Officers brought upon them by admission to the Staff Corps,—an Officer enquires whether a similar ruling will be made in the case of Officers who accepted the said Regulations previous to their admission to the Staff Corps.

* Observation on Answer 56, *see* Government General Order No. 799 of 1861 page 7.

Answer 128.—The Rule laid down by the Secretary of State applies only to Officers who, up to the date of joining the Staff Corps, had not availed themselves of the advantages of the new Furlough Rules ; not having enjoyed the advantages of the Rules they are exempted from the disadvantages.

Question 129.—With reference to Her Majesty's Royal Warrant, dated 16th January 1861, instituting the Staff Corps, Clause 2, paragraph 2, and to the Right Honorable the Secretary of State's Despatch, No 315, dated 9th August 1861, paragraph 1, published in Government General Order No. 824, dated 17th September 1861, in which the effect of leave of absence (either on Sick Certificate or private affairs) on promotion in the Staff Corps is defined, *viz.*, " that leave of absence will reckon as part of the period of the General Service required for promotion," provided the full term of Staff duty has been performed,—an Officer states that the answer given by Government to Question 114, published in Government General Order No. 913, dated 11th October 1861, is apparently at variance with the above Despatch ; and it appears that " no leave except privilege leave is to reckon towards promotion, except in the case of Lieutenant-Colonels ?"

Answer 129.—The answer is not necessarily at variance with the Despatch. It was intended by the Answer to Question 114 that no leave except privilege leave is allowed to reckon in the period of Staff Service required towards promotion, except in the case of Lieutenant-Colonels.

Fort William, the 19th November 1861.

No. 1059 of 1861.—His Excellency the Governor General in Council directs the publication for general information of the subjoined Questions submitted by an Officer in England connected with the late changes in the Indian Army and the Answers given thereto by the Right Honorable the Secretary of State for India:—

QUESTIONS.	ANSWERS.
An Officer asks how Officers of the rank of Lieutenant Colonel will be affected by the Staff Corps Warrant and the Promotion Warrant of October 1858. He appears to be under the impression that he can join the Staff Corps as a Lieutenant Colonel. Also, looking to the restriction of the grant of the rank of Colonel to Lieutenant-Colonels employed in certain positions by the Promotion Warrant, whether, as respects Lieutenant-Colonels joining the Staff Corps, there is any restriction as to the nature of the service they must be employed in, whether Civil or Military. It is presumed that all service performed in the Staff Corps by Lieutenant-Colonels, in whatever position, will count towards the qualifying period for the rank of Colonel, and that substantive Lieutenant-Colonels will become Colonels after five years' service, and Brevet Lieutenant-Colonels for service in the field after eight years' service in the Staff Corps as such.	1. That an Officer promoted to the rank of Lieutenant-Colonel for distinguished service will be entitled, after serving eight years in the Staff Corps, to be promoted to the rank of Colonel under the provision of the 10th Clause of the Warrant of 1st October 1858. 2. That promotion in the Staff Corps, under the Royal Warrant of January 16th 1861, is entirely distinct from that under any other Warrant, and takes no cognizance of Brevet rank under that of Colonel.

Fort William, the 26th November 1861.

No. 1072 of 1861.—The following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 387, dated 8th October 1861, is published for general information :—

"I have considered in Council the Papers submitted with your letter in this Department, No. 131, dated 8th July last, regarding a proposed increase to the salary of Regimental Instructors of Musketry, and I now convey to you the assent of Her Majesty's Government to the salary of Regimental Instructors being increased to Rupees (110) one hundred and ten per month, including Horse Allowance as suggested by your Government"

No. 1073 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 388, dated 8th October 1861, are published for general information :—

1.—"I have received and considered in Council your Despatch No. 158, dated 8th August, respecting the amount of leave on furlough or private affairs which Officers under the old Furlough Rules are permitted to count as service for Pension, such leave being beyond the limits of their own Presidency.

2.—I concur in the opinion given by you that, in the case of Regiments serving beyond the limits of their own Presidency, Officers should not incur a forfeiture of service to the extent of all leave on private affairs in excess of three months, except taken in their own Presidency, and I approve of your so far modifying the present Rule as to permit all leave taken by Officers of any Presidency in any other Presidency in which they may be serving to count as service towards pension in the same manner as leave taken within the limits of the Presidency to which they belong. The modification of the former Rule will only affect Officers placed under the old Furlough Rules."

No. 1074 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No 389, dated 8th October 1861, are published for general information :—

1.—"I have received from the Government of Bombay a copy of a letter (No. 1659 of 6th June 1861) addressed to you in their Military Department upon the subject of seconding Artillery Officers.

2.—In my Despatch, No. 27 of 18th January 1861, it was stated that "Artillery Officers holding appointments in the Ordnance Department will be seconded." This Order was transferred to your General Order of 10th April last, No. 332, paragraph 26, and has been fully acted upon in Bengal and Madras, in part only in Bombay, and the Government of that Presidency have postponed the seconding of any Commissaries of Ordnance other than the Principal.

3.—At the time those instructions were given, they were considered to be in accordance with the practice established in the British Artillery.

4.—I learn by a letter from the War Office that it has been lately determined that Officers holding the rank of Colonel and Lieutenant-Colonel, regimentally, in the Royal Artillery, are not in future to be seconded when holding Civil situations; but that all Captains and Lieutenants not doing regimental duty are to be borne Supernumerary, and their places filled up by Effective Officers.

5.—You will, therefore, adopt the same rule for your future guidance, but, inasmuch as I have no intention of proposing that the promotions already made in the place of seconded Officers in Bengal and Madras should be cancelled, you will direct the Government of Bombay to carry out fully the instructions contained in paragraph 26 of your General Order of 10th April last, in order that the Regiment of Artillery in that Presidency may have, in common with those of the other Presidencies, the full benefit of the promotions arising out of that Order."

No. 1075 of 1861.—With reference to the notification issued by the Government of Bengal, dated 14th instant, the services of Captain J. R Magrath, of the Madras Artillery, late Superintendent of the Hill Tracts in Chittagong, are placed at the disposal of the Government of Fort St. George.

No. 1078 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No 396 of the 16th October 1861, are published for general information :—

1.—"I have received and considered in Council your Military Letter No. 161, dated the 8th August 1861, stating that doubts have been entertained whether the Lieutenant-Colonels, who may be selected to hold the rank of Lieutenant-Colonel in the new Line Regiments, will have to give up all claims to Colonel's allowance unless they may be eventually selected for the appointment of Colonel of a Regiment, and proposing that Officers of the Indian Army generally may be allowed to record their readiness to serve Her Majesty any where, without prejudice to their position in the Cadres of Regiments, or in the Staff Corps, as the case may be.

2.—With reference to Lieutenant-Colonels of new Line Regiments, I observe that among the questions submitted to and replied to by your Government, copies of which were forwarded to me with your letter No. 135 of 16th July 1861, one question (15) refers to this subject and has been correctly answered by you, *viz* :—"that he will forego all claims to Colonel's allowance in the Indian Line," to which reply I propose to add, "but will become eligible to a Regiment under the Regulations of the British Army."

3.—With regard to Sir H. Rose's suggestion, in which you concur, that the Officers of the Indian Army generally might be allowed to volunteer for general service, I would observe that the Officers of the Indian Army have already had the opportunity afforded them of recording their willingness to serve out of India by paragraph 50 of the General Order by the Governor General, No. 332 of 10th April 1861, and the term within which Officers may elect for general or local service has been expressly extended to 21st October in your reply to Question 5 published in General Order of 9th July 1861, No. 598.

4.—It was not intended by this answer to debar Officers from volunteering for general service after the 21st October, but I do not see what further permission to do so is necessary; and, indeed, I am of opinion, that any further invitation by the Government to volunteer for general service may lead to expectations of employment on the part of Officers which it may be impossible to meet, and would therefore only end in disappointment."

No. 1079 of 1861.—The following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 398, dated 16th October 1861, is published for general information :—

"*Letter dated 15th June* 1861, *No.* 102.

48. The period fixed for the receipt of applications for the special allowance granted to Officers of Her Majesty's Service towards the expense incurred by them for the passage of their families to India, as announced in the *London Gazette* of 10th January 1860, having long since expired, no further claims can be entertained."

No. 1080 of 1861.—With reference to Government General Order No. 807* of the 12th September 1861, the following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 399, dated 16th October 1861, are published for general information :—

1.—"It has been brought to notice that paragraph 24 of my Despatch No. 320 of the 10th August last has been misunderstood in some quarters as giving to Officers of the new Line Regiments and of the Staff Corps the privilege of retiring with annuities, according to the scale forwarded with that Despatch, with or in virtue of any rank they may have attained after joining those Corps.

2.—The passage referred to does not seem to me to be susceptible of such interpretation; but to prevent the possibility of mistake, I desire to point out that it was only intended to give to Officers so circumstanced, the opportunity of re-considering their position, and of availing themselves of the annuity to which they would have been entitled had they not elected for either the Staff Corps or the new Line Regiments."

No. 1082 of 1861.—His Excellency the Governor General in Council is pleased to direct the publication, for general information, of the following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 402, dated 16th October 1861 :—

Letter dated 16th July 1861, *No.* 134.

21. I have already explained to you in my Despatch No. 319, of the 10th August last my reasons for considering that the assembly of the Amalgamation Commission was unadvisable. I am however glad to have the opportunity afforded me of expressing my full acknowledgments of the zeal and ability with which the Members of the Commission have performed the duty entrusted to them, and the valuable assistance they have afforded to the Government.

No. 1083 of 1861.—The following paragraphs of a Military Letter from the Right Hon'ble the Secretary of State for India, No. 413 of the 17th October 1861, are published for general information :—

2.—"I have decided upon admitting to the benefits of the retiring scheme referred to all Officers of Cavalry and Infantry on the Effective List, who may have accepted the additional £50 Pension offered in my Despatch No. 60, dated 4th February, and who may have retired before the publication of the last retiring scheme.

3.—I request, therefore, that you will cause to be prepared and transmitted to me, as soon as possible, Nominal Rolls of Officers so circumstanced, shewing the exact position held by each at the time of his retirement upon the General List of Regimental Officers in their respective Presidencies, and the date of such retirement.

4.—These Officers will severally receive the annuity now allotted to those holding on the 1st of October the place which they held at the time of their retirement, and it is to be understood that the Officers receiving annuities under these circumstances are not to be reckoned among the 300 mentioned in paragraph 22 of my Despatch No. 320 of the 10th August 1861."

No. 1087 of 1861.—The following paragraph of a Military Letter from the Right Hon'ble the Secretary of State for India, to the Government of Bombay, No. 160, dated 16th October 1861, is published for general information :—

Letter dated 12th July 1861, *No.* 63.

5. As Private Hoggarty declared himself an unmarried man on enlistment, I am not disposed upon a declaration of the falsehood of this statement to provide a free passage to India for his wife. You will consider this to be an established rule.

(Signed) R. J. H. BIRCH, Major General,
Secy. to the Govt. of India.

With reference to G. O. G. G. No. 1075 of 1861, the services of Captain J. R. Magrath, are placed at the disposal of the Provincial Commander in Chief.

Circular No. 696.

FOREIGN.

WAR OFFICE,
3rd July 1861.

The Secretary of State for War having had under consideration the subject of assessing damages to Arms returned into store by Regiments abroad, has decided that in future whenever any Arms are so returned, a Board shall assemble and carefully examine all the Arms, with a view to assess the damages in accordance with the scale of prices laid down in the Queen's Regulations.

The sums to be levied against the Regiment should only be for work which ought to have been executed upon the Arms by the Armourer Serjeant of the Regiment, and not such sums as may be required to make the Arms fit for re-issue for service.

The Board shall consist of the Senior Military Store Officer (assisted by the Civil Armourer where there is one), the Inspector of Warlike Stores, and the Instructor of Musketry of the Regiment or Corps.

To SUPERINTENDENTS OF STORES ABROAD AND OTHERS. (Signed) B. HAWES.

The following War Office Circular dated 15th July 1861, No. 697, is published and declared applicable to India.

The prices laid down in the Statement will be paid in Indian Currency at the rate of eight pies for each penny.

CIRCULAR No. 697.

Genl. No. 1333.

WAR OFFICE,
15th July 1861.

In consequence of the introduction into the Service of the Interchangeable Rifle Muskets, pattern 1853, it becomes necessary that an alteration should be made in the existing mode of remunerating Armourer Serjeants for the repair, examination, &c., of those Interchangeable Arms.

Lord Herbert has, therefore, with the concurrence of His Royal Highness the General Commanding-in-Chief, decided that the duties and pay of Armourer Serjeants when attached to Regiments shall, in be governed by the following Regulations.

1. The pay of Armourer Serjeants with Regiments shall be raised from two Shillings a day to a uniform rate of five Shillings a day for seven days in the week, exclusive of beer money, which they will future, continue to receive.

2. All the materials for the repair of Interchangeable Arms, as well as the implements and chemical ingredients for browning the same, shall be supplied to Regiments on requisition from the Officer Commanding at the public expense, and shall be kept in charge of the Quarter-Master, under the direction of the Commanding Officer. The cost of the carriage of such materials, implements, and ingredients to the Regiments will also be borne by the public.

3. Armourer Serjeants, in consideration of the increased rate of pay granted to them, and the gratuitous supply of materials, will perform all repairs required to the Interchangeable Arms in the possession of their respective Regiments; examine and clean them periodically as at present, and brown the barrel of each Rifle every second year, or oftener if necessary, without any additional remuneration. They will also be required to mark the Arms of their Regiments, including those of the Serjeants.

4. They will also keep up the Tools in the Armourer's Field Forge issued to Regiments without any extra cost to the public.

5. To enable the Armourer to perform the service of browning the Arms, as part of his regular duty, he may be granted the assistance necessary for the purpose from the Regiment; the men employed under his direction being allowed the usual working pay.

6. The payment for repairs at the prices specified in detail in the Queen's Regulations (page 106), and for the browning of barrels (Article 25, page 101), will therefore be discontinued in the case of Rifled Muskets, pattern 1853, when made on the interchangeable principle; and no charge will, in future, be made against the Soldier for the browning of his Rifle.

7. The sum of one Shilling a year, per Arm of Rank and File, shall be deducted from each Captain's contingent allowance, and credited to the public in aid of the expense incurred in maintaining the Arms in repair.

8. All repairs to Arms injured, either intentionally or by carelessness, are to be paid for by the men at the regulated rate specified in the annexed Statement. The Captains of Companies will be responsible for receiving the charges for these damages, and for crediting the amount to the public, less the amount in Column B., which is to be paid to the Armourer Serjeants, *vide* paragraph 16.

9. As by the above arrangement the Armourer Serjeant, in consideration of his increased rate of pay, is required to keep all Interchangeable Arms in a state of repair, and to inspect them periodically, he will be held strictly responsible that all such as are delivered into store before they have been the regulated period in use are actually in a serviceable state.

10. All casualties, therefore, whether of an accidental or wilful description, which may be discovered in such Arms when inspected by any viewers of the Small Arms Department, and which ought properly to have been made good previous to the return of such Arm or Arms into store, will be charged to the Regiment and recovered from the Armourer Serjeant. This charge will include all the expense of repairs, exclusive of the value of the materials which are supplied gratuitously.

11. When Arms have been directed to be returned into store, immediate notice is to be given by the Captains of Companies to the Serjeant Armourer, in order that the repairs required by the Regulations

may be executed, and, generally, they will afford the Serjeant Armourers every facility and proper opportunity for examining and repairing them. In the event of any Captain neglecting or refusing to do so when required, he will render himself responsible for any charge that may be made on account of repairs deemed necessary by the Small Arms Department; any such special case to be decided by a Board of Officers.

12. As these amended Regulations do not exonerate Captains of Companies from their responsibility for the perfect efficiency of the Arms belonging to their Companies, they must satisfy themselves, by frequent and careful inspection, that all repairs are promptly and properly performed by the Serjeant Armourer.

13. An account is to be rendered annually to the War Office by Officers Commanding Regiments of the receipts and expenditure of the materials supplied for the repair of the Interchangeable Arms, and of the number of the several articles remaining in the possession of the Quarter-Master.

14. These Regulations do not apply to the Serjeants' Short Rifles the parts of which are not interchangeable. Such repairs as they may require (when not damaged by carelessness or intention) are to be paid for by the Captains of Companies, the Armourer Serjeant furnishing the materials as heretofore.

15. The annexed Statement contains a list of materials, which will be furnished at the public expense to Serjeant Armourers, for the repair of the Interchangeable Rifles, and which, with the exception of the breech pin, will be supplied in the finished state.

16. To meet the case of repairs executed by the Serjeant Armourers which have to be charged to the Soldiers, on account of carelessness or wilful damage, the Statement shews in Column A. the cost of the materials. Column B. shews the sum to be paid by the Soldier to the Serjeant Armourer for his extra labor in re-placing the several parts enumerated in that Column as most likely to be thus damaged. This payment to the Serjeant Armourer, with the cost of the material, will be the total charge against the Soldier. But as the materials will have been originally supplied without charge, their value, when thus used to make good loss and damage, must be credited to the public.

17. The Statement further shews, in Column C., the estimated percentage of materials required for the repair of Interchangeable Rifles for one year's consumption in Garrisons. In the Field this proportion should be doubled.

GENERAL ORDERS

By Major General R. BUDD, Provincial Commander in Chief.

ADJUTANT GENERAL'S OFFICE, FORT ST. GEORGE, 10*th December* 1861.

No. 102.—The following Rule with reference to charges for and proof of Habitual Drunkenness is published for future guidance and is to form para. LXXIX at page 457 of the General Regulations.

I.—No charge for "Habitual Drunkenness" should consist of more instances than those required by the Articles of War to constitute the offence. An accumulation of instances, beyond the specified number, is contrary both to the spirit and letter of the Articles of War, and is calculated to raise a bias unfavorable to the Prisoner.

II.—When a Prisoner pleads guilty to a charge for Habitual Drunkenness, the Court is nevertheless bound to take evidence of the previous instances, in the same manner as if the Prisoner had pleaded not guilty to the charge.

III.—Great care is to be taken that the date, place, and occasion of each previous instance, set forth in a charge of Habitual Drunkenness, correspond exactly with the statement of those particulars in the Defaulter Book.

Captain G. Harkness of the 25th Regt. N. I., Acting Interpreter to H. M.'s 3rd Battalion 60th Rifles, is appointed to act as Interpreter to H. M.'s 69th Regiment, with effect from date of debarkation at Madras of Regimental Head Quarters.

		Date of Arrival at Fort William.

Fort William, 6th December 1861.

No. 1114 of 1861.—Under instructions from Her Majesty's Government, it is hereby notified that Non-Commissioned Officers and men of Regiments of Cavalry and Infantry holding appointments in Staff or Civil Departments will be required to resign them on the departure of their Regiments from India, unless they obtain permission to be transferred to some other Regiment remaining in India under the 53rd Clause of the Mutiny Act. Similarly Non-Commissioned Officers and men of Royal Artillery wishing to remain on Staff or Civil employ on the departure of their Batteries from India must procure a transfer to another Battery remaining in India.

No. 228, *dated* 15*th November* 1861.—Granting Lieutenant H. Watson, Adjutant, 3rd Cavalry, Hyderabad Contingent, general leave of absence from the 10th November to the 31st December 1861, to visit Hyderabad on private affairs.

No. 1118 of 1861.—His Excellency the Governor General in Council directs the publication of the subjoined Question on a subject of general interest, and the Answer given by Government, in continuation of those published in Government General Order No. 1047 of the 15th November 1861 :—

Question 130.—An Officer proceeded to England on Medical Certificate in 1857, and according to the new furlough Regulations was entitled to retain his appointment for a period of fifteen months.

As he did not return on the expiration of that period, and consequently lost his appointment, are the fifteen months thus passed to be considered as Staff employ, so as to bring that Officer under the operation of paragraph 73 ?—or, as he did not rejoin his appointment at the expiration of his leave, and can hardly be said to have held an appointment within the last three years, is he debarred from entering the Staff Corps ?

Answer 130.—This Officer is entitled to reckon for Staff service the period of fifteen months during which he was on leave.

No. 1120 of 1861.—In continuation of Government General Order No. 960 of the 22nd October 1861, His Excellency the Governor General in Council is pleased to publish, for general information, the following observation by the Right Hon'ble the Secretary of State for India on an Answer given by the Government of India to a Question connected with the late changes in the Indian Army, and published in Government General Order No. 681 of the 22nd August 1861 :—

Question.	Answer by Government in India.	Remarks.
89. Is an Officer entitled to count for service on the Staff from the date he was appointed to the Staff, notwithstanding that he did not join the appointment immediately in consequence of being required with his Regiment on foreign service ?	89. His service on the Staff will count from the date of the General Order appointing him.	89. No. He must join first.

No. 1121 of 1861.—His Excellency the Governor General in Council is pleased to publish, for general information, the following observations by the Right Hon'ble the Secretary of State for India on Decisions given by the Government of India, under date the 15th* July 1861, on Questions connected with the late changes in the Indian Army, and which Questions and decisions it was considered unnecessary to publish in Government General Orders :—

* See Memorandum of Decisions not for publication.

Questions.	Answers by Government in India.	Remarks.
18. With reference to paragraph 72, which states that Officers now holding Staff appointments of any description may continue in Staff employment, whatever their Regimental rank may be, without joining the Staff Corps; and that in such case they will not, as heretofore, be required to vacate their appointments on the attainment of certain Regimental rank, is it to be understood that Officers "who do join the Staff Corps" will have to vacate their appointments on attainment of such advanced rank? Paragraphs 72 and 90.	18. No. *Vide* paragraph 90. "The appointments and promotions in the several Departments will rest, as at present, with the Government of India, and will be made irrespectively of the rank which an Officer may hold in the Staff Corps."	18. Add, "with the exception of the appointment to Regimental Staff, which will be, as heretofore, restricted to Subalterns."
27. Officers of Her Majesty's British Regiments joining the Staff Corps necessarily, while in it, forfeit the power of selling out and of recovering the value of their Commissions, in lieu of which they obtain other privileges. Will such Officers recover the full power of selling out (the same as if they had never left and been promoted in their Regiments) on their again exchanging from the Staff Corps into a British Regiment, though in an advanced grade? Paragraph 74.	27. Whether an Officer would necessarily forfeit the power of selling out under such circumstances depends upon the Rules which may be laid down from time to time by Her Majesty's Government. Officers of the British Army going into the Staff Corps vacate their Regimental place; on returning to Regimental duty they regain the privileges of such position.	27. Officers of Her Majesty's British Regiments who have joined the Staff Corps, and afterwards again exchange into a British Regiment though in an advanced grade, will regain the power of selling their Commissions, subject to Her Majesty's pleasure, provided the Regiments into which they exchange are subject to the system of purchase.
28. In the event of a Captain (Native Infantry) a District Inspector of Musketry volunteering for general service, and being posted to one of the new Line Regiments, could he retain his permanent appointment of District Inspector? Paragraph 74.	28. He can retain his appointment if the Commander-in-Chief can spare him for the unexpired portion of a period of five years, unless his Regiment should be meant while ordered out of India.	28. A District Inspector of Musketry volunteering for general service, and being posted to one of the new Line Regiments, may retain his permanent appointment of District Inspector provided his services are not urgently required for duty with any Regiment to which he may be posted, and provided that such Regiment is serving in India.
