ARTICLE 82.

Powers of Officers Commanding Detachments in punishing offences.

An Officer Commanding a Detachment of his own Regiment or Corps may assemble a Regimental Detachment Court Martial; and an Officer Commanding a Detachment consisting of men of different Regiments or Corps, may assemble a Detachment or Line Court Martial. Every Court so assembled shall be constituted in the manner provided for a Regimental Court Martial under the provisions of these Articles of War, and shall have the like powers.

The provisions of these Articles of War which relate to a Court Martial held in a Regiment or Corps shall, in all practicable cases, be taken to apply to a Court Martial held in a Detachment.

No Officer on detached command of less than three Troops or Companies, or of a Detachment not numerically equal to three Troops or Companies, and not being on the line of march or on board a ship or other vessel, shall carry into effect any punishment awarded by a Court Martial held by his order, until the sentence shall have been confirmed by the Officer Commanding the Regiment or Corps to which the offender belongs, or by the nearest Superior Officer holding a command of not less than a Regiment, who is hereby authorized to confirm every such sentence in like manner as an Officer Commanding a Regiment or Corps might do. Provided that in detached situations beyond the Sea, or out of the British Territories in India, or when on service in the field, or in cases where an immediate example is necessary, and reference cannot be made to such Commanding or Superior Officer without detriment to the service, the Officer Commanding such Detachment may exercise the powers relating to Court Martial which are vested in an Officer Commanding a Regiment or Corps.

Clause 2.

The Commanding Officer of any Detachment of not less than three Troops or Companies, or of any Detachment numerically equal to or greater than three Troops or Companies; and the Commanding Officer of any European Detachment to which native details are attached (of whatever strength or number such European Detachments, or such native details may be); and any Commissary of Ordnance being a Commissioned Officer or other Commissioned Officer in charge of any Arsenal, Ordnance Establishment, or any Camp Equipage Depôt may summarily try any offence against these Articles of War, committed by any person under his command or who is subject to such Articles (not being a Commissioned Officer); and may on conviction sentence such offender and carry out such sentence without confirmation or any further authority; provided that such sentence shall not exceed the powers of a Regimental Court Martial.

In detached situations beyond the Sea, or out of the British Territories in India, or when on service in the field, or in cases where an immediate example is necessary, and a Court Matrial cannot be convened under Clause 1 of this Article without detriment to the service, and reference cannot be made without such detriment to the Officer Commanding the Regiment or Corps to which the offender belongs, or to any other Superior Officer holding a command not less than that of a Regiment; the Officer Commanding any Detachment though of less than three Troops or Companies or not numerically equal to three Troops or Companies, may exercise the powers, of summary trial, of sentencing the offender and of carrying out such sentence which might have been exercised by the Officer Commanding the Regiment or Corps to which the offender belongs. Provided that, if reference can be made to any other Superior Officer holding a command not less than that of a Regiment, such reference shall be made, and such Officer thereupon shall have authority summarily to try, and in case of conviction to sentence the offender, and to carry out such sentence as if the offender had been under his command.

Any Commanding Officer or other Officer holding a trial under this Article shall be deemed a Court Matrial, and the words "Court Martial" in these Articles of War, shall be deemed to include such Commanding Officer or other Officer holding a trial.

The proceedings of such summary trial shall be conducted, so far as may be practicable, and shall be recorded in the same manner as is provided in Article 81 for summary trials by an Officer Commanding a Regiment or Corps and shall, in like manner, be signed and forwarded to the Officer Commanding the Division within which such Detachment shall be at the time, who is hereby authorized to set aside the trial for the same reasons that an Officer Commanding a division is authorized by Article 81 to set aside a trial by an Officer Commanding a Regiment or Corps. Provided that every sentence so awarded, by an Officer Commanding any such Detachment or by any other Officer holding a trial under this Article may be carried out without waiting for its approval by the Reviewing Officer.

ARTICLE 117.

No person to be tried a second time for the same offence.

No person who shall have been acquitted or convicted by a Court Martial of any offence, shall be liable to be tried a second time by the same or any other Court Martial for the same offence. Provided that any person may be tried for the offence of murder, and punished for that offence, notwithstanding he may have been tried and punished for the act which caused death, if at the time of his conviction for the said act death shall not have resulted, or shall not have been known by the Court which passed sentence to have resulted.

When any person subject to these Articles of War shall have been found guilty by a Court Martial of any Military offence, such Court Martial shall enquire into and receive evidence of any previous conviction of such person before a Court Martial or a Court of Justice, and shall enquire into the general character of such person, if a Soldier, for the purpose of apportioning the punishment to which he is liable to be sentenced for the offence of which he has been so found guilty. And it shall not be necessary to give any notice to such person, previously to his trial that such evidence will be received.

Regulations respecting Bazar and Cantonment Police, and punchayets, declared in force.

The Regulations by which in any Presidency the Office and powers of Commissariat Officers, or Officers in charge of the Police in any Cantonments, or Superintendents of Military Bazars, are at present defined and controlled; or by which Punchayets are constituted and guided, shall continue to be in full force, and to be observed at the several Presidencies respectively.

III. The following additional Clause shall be read as the second paragraph of Article 103 of the said Act XXIX of 1861 :—

Every witness during attendance on a Court Martial, and during the time necessary for going and returning, shall be privileged from arrest in any Civil proceeding, and if arrested in any such proceeding may be discharged by order of such Court Martial.

PARA. 1. "I have received and considered in Council your letter No. 55, dated the 24th February 1862, forwarding certain papers relating to the amalgamation of the General Staff of the British and Indian Forces, and conveying your opinions upon the several schemes that have been proposed with reference to that measure."

1 Adjutant General.	2 Assistants.
1 Deputy	2 Deputy Assistants."

14. "The appointments of the Artillery Staff will be considered separately."

15. "By the amalgamation of the General Staff, and the adoption of the above scale, the following changes will be made."

No. 58.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—The Secretary of State for War having enquired whether, in the Estimates for 1863-64, provision should be made for the Medical Officers of the 12 new Line Regiments lately formed in India, I have replied that the number of Officers now borne on the Indian Establishment is sufficient to supply the number required for the whole of the Regiments in question, and that whatever may be the arrangement determined upon in connection with the amalgamation of the Medical Service, a subject now under consideration, I am of opinion that so long as there are Medical Officers of the Indian Service available for the number of Brigades and Regiments lately transferred to the British Service, they should be employed to that extent with Brigades of Artillery and Regiments of Cavalry and Infantry serving in that country.

2. The Secretary of State for War has expressed his concurrence in this arrangement, on the understanding that the full complement of Medical Officers will be attached to these Brigades and Regiments as soon as they are complete in their Establishment of men.

No. 17A. of 1863.—The following copy of a Military Despatch from the Right Hon'ble the Secretary of State for India, No. 61 of the 9th February 1863, is published for general information :—

MILITARY.

No. 61.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Your letter No. 414, dated 3rd November 1862, in which you bring to notice questions which have arisen with regard to the Furlough Rules of 1854, so far as they relate to the right of Officers to retain their Staff appointments during absence in Europe, in certain cases, has been under my consideration in Council.

2. It appears to me that the interpretation put by your Government on the portion of the Furlough Rules referred to is proper; and that it should accordingly be laid down as a rule for the guidance of the respective Governments.

That an Officer must have served ten years in India to entitle him to return to this country on private affairs for six months, retaining his appointment and drawing Furlough pay.

That an Officer who has taken the Furlough to Europe for two years, after ten years' service, must shew a service in India from date of return of ten years, to entitle him to return to Europe on private affairs for six months, retaining his appointment and drawing Furlough pay.

That an Officer having taken shorter leaves of absence as a Staff Officer (six months on private affairs fifteen or twenty months on sick certificate) with retention of appointment may take a second leave of absence, retaining his appointment on sick certificate after he has been three years, or on private affairs, after he has been six years in the discharge of the duties of his appointment, from the date of last return to it.

3. I am of opinion, however, that this decision should not be allowed to interfere with the practice which has been followed under the Regulations of 1854, and those in force previously, for permitting Officers in certain cases of emergency to return to this country on private affairs for short periods without pay, and that a Staff Corps Officer permitted to return to Europe under such circumstances should be allowed to hold his appointment for a period not exceeding six months. In fact, this has already been authorized in Question and Answer No. 121, which states that the Government may grant leave of absence for six months on urgent private affairs without pay and allowance to a Staff Corps Officer, with retention of appointment, on being satisfied of the urgency of the case.

4. I am of opinion also that Staff Officers not Members of the Staff Corps should be allowed a similar indulgence under like circumstances.

I have, &c.

MILITARY.

No. 88.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD.—With your Military Letter, dated 22nd December last, No. 476, you transmit, for my consideration, applications from Lieutenant-Colonel C. A. Barwell and Brevet-Major T. F. Wilson, C. B., soliciting that the one year's service granted to the Officers and Soldiers engaged at the defence of Lucknow may be allowed to count as service towards promotion in the Staff Corps.

2. I agree with the Commander-in-Chief in India and your Government that the applications cannot be complied with. To concede the point would be to give to these Officers an undue advantage.

3. In reply to the enquiry made by your Government as to the exact benefits derivable by Commissioned Officers from the grant of the year's service, I have to inform you that, in the case of such Officers, the grant was intended only to apply to service for the retiring Pension. I observe it is stated, however, in the letter of the Secretary to your Government, Military Department, to the Officiating Adjutant-General, dated 15th December 1862, that in the case of the Civilians, engaged in the defence of Lucknow the year's service has been allowed to reckon as service towards furlough, provided they do not thereby take precedence of their seniors, who may be entitled to, and may desire to take furlough.

4. I shall not object to the extension of the same privilege to the Military Officers engaged in the defence of Lucknow.

I have, &c.,

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 1st MAY 1863.

No. 149 of 1863.—In assimilation with the course adopted in Bengal, (G. O. G. G., 30th October 1862, No. 972,) His Excellency the Governor in Council is pleased to sanction, experimentally for twelve months, the adoption of New Hospital Diet Scales in the Madras Presidency.

2. Hitherto there have been only five kinds of Hospital diet, viz., Full, Half, Low, Milk, Spoon. These, in the absence of other varieties, have been supplemented by *extra* articles, in the prescription of which Medical Officers have been allowed a latitude that is necessary with so narrow a scale : while it is too wide for an efficient control of Hospital expenditure.

3. For the next twelve months the following Hospital diets will be observed in the Madras Presidency, viz.,

Spoon.	Beef-tea.	Milk.	Low, with pudding.	Half.	Full.
Tea.	Low, milk.	Chicken.	Low.	Fish.	

The Components of these diets, and their distribution, are shewn in the annexed Table.

4. The eleven diets now prescribed have been so constructed, as to dispense almost entirely with the exhibition, in any case, of any extras, except wine, beer, spirits, lemonade, soda-water, and lime-juice, which cannot be included in any ordinary Dietary. The Deputy Inspector General of Hospitals and the Examiner of Medical Accounts will give especial attention to this object of the revised Dietary.

5. Medical Officers will have no difficulty in selecting from the different kinds of diet that which, in each case, will best suit the requirements of their patients. All expenditure extra to the authorized diet Table, should be accounted for in a separate "diet sheet," similar to that in use in Her Majesty's British Hospitals (Form No. 1, annexed), bearing the initials of the prescribing Surgeon, written on the day on which the articles may have been prescribed.

6. The form of Diet Roll in use in Her Majesty's British Army (Form No. 2, appended), being considered more perfect than the one now in use, is to be introduced and made applicable for this country; as, owing to the causes of the disease and the patient's name being shewn therein, the Deputy Inspector General of Hospitals will be enabled to judge more correctly than they can do at present of the propriety of the expenditure.

7. It is also directed that daily abstracts of diets and liquors be prepared by the Apothecary from the Surgeon's diary or bed-head tickets, in the (Form No. 3, annexed), and by him made over to the Steward or Commissariat Official, signed by the Medical Officer. From these Abstracts the Steward or Commissariat Servants will prepare the Diet Roll, which will be daily inspected, and which will bear the initials of the prescribing Surgeon, the issues being entered in words by the Surgeon, after verification of the entries by comparison with his own diary. This Roll will be sent in daily to the Commissariat Department, without erasures or alterations of any kind whatsoever.

8. The issue of nutmeg, cinnamon, and ginger as separate condiments for flavouring puddings,* sago, arrowroot, &c., will cease; "spice powder" being substituted for them. The powder (put up in two or four-ounces canisters) will be furnished, on special indent, by the Commissariat. The Canisters are always to be in the Purveyor's custody, and the expenditure daily recorded. Ten or twelve, never more than fifteen, grains are ample to flavor puddings, &c.

* Now reduced to two, viz., rice and custard.

9. For diets into which meat enters, black pepper will be issued, on the scale of one ounce for every 48 diets, or one-third of a drachm for each diet, instead of, as at present, one drachm for each diet.

10. Draught beer from the Canteens, or that bottled in Local Commissariat Godowns, is generally of a more uniformly sound quality than beer purchased in the market. Again, in the majority of cases where ardent spirits are exhibited, Colombo arrack can be advantageously substituted for brandy as an equally efficacious cordial or stimulent, and one which, while cheaper, would be more acceptable to the men themselves than some kinds of brandy.

11. Medical Officers are accordingly invited to prescribe arrack where they consider that it can be as beneficially taken as brandy, and draught beer, or beer bottled locally by the Commissariat Department, when they are satisfied that it is sound and good.

12. The arrack must be the best in store, not less than than three years' old, and carefully bottled in the presence of the executive Commissariat Officer. A sufficient stock of good brandy must, at the same time, be kept in store for any cases in which it may be deemed preferable.

13. It is also to be distinctly understood that the Medical Officer in charge of an Hospital, is free to use his own discretion in prescribing bottled beer or brandy, as heretofore, for any of the sick.

14. The measures for meting out milk and wine not being of uniform capacity are to be withdrawn from use, and fluid measures of the kinds noted in the margin, tested and stamped at the Mint, are to be issued, in lieu, to all European Hospitals.

For wine, double, to contain 2 fluid ounces at one end and 1 fluid ounce at the other.
For milk, single, to contain 3 fluid ounces.

15. This cancels so much of the Rule in Paragraph 15, page 16 of the Medical Code of 1858, which fixed the proportion of forty measures to the gallon.

16. The entire contents of a wine bottle, whatever the quantity may be, shall be expended for the sick only. Medical Officers in charge of Hospitals will enforce this rule strictly; and the Steward or Purveyor will henceforth be required to account minutely for the contents of each bottle.

17. Twelve months after the adoption of the new diet scales, a Report will be furnished by Medical Officers in charge of Hospitals, with especial reference to the substitution of arrack for brandy, and of draught or Commissariat bottled beer for that which is bottled in Europe or for sale in the local market.

2. The Establishment of the new Infantry Regiments has been fixed at that announced in my Despatch, No. 247, dated 17th June 1861.

3. You will observe that the above is the Establishment of a Brigade, with its full Establishment of Officers, for eight Batteries, and of Non-Commissioned Officers and men for seven Field Batteries.

4. Where there are fewer Batteries, and some on the Garrison Establishment, the strength of the Brigade in the several grades must be modified according to the terms of my Despatches, Nos. 132 and 186, dated 31st March and 15th May 1862, respectively.

5. I desire to point out to your Government that the Establishment here specified for Medical Officers and Veterinary Surgeons of Brigades of Royal Artillery is but nominal.

6. The Secretary of State for War has assented to my proposals that one Surgeon should be attached to each Brigade, and one Assistant Surgeon to each manned Battery, and that, in cases where there is but one Battery at the Head Quarters of a Brigade, the Surgeon is sufficient for the Medical charge of such Battery, and that where there are two, one Assistant Surgeon, acting under the Surgeon, would suffice.

7. In the same manner not more than one Veterinary Surgeon is to be employed with the Artillery stationed at any one place unless there should be more than two Batteries.

8. An adequate Medical Staff will, however, be maintained in India for the purpose of enabling your Government to meet the exigencies which may arise on these arrangements being carried into effect.

I have, &c.,

EMBARKATION.

Under the orders and responsibility of the Quarter Master General's Department.

1. Troops and followers of all branches of Her Majesty's Service are embarked, whether for England or elsewhere, solely under the orders and responsibility of the Quarter Master General of the Army, or by Officers of his Department; and every arrangements connected with the subject at the Presidency, or in Divisions, is to be made in direct correspondence between the Quarter Master General's Department and the Officer Commanding the Troops to be embarked.

Passages on Transports.

2. No authority whatever other than the Government or the Commander in Chief (Quarter Master General's Department) is on any account to permit the embarkation of any person on a vessel engaged entirely for Troops. For all Military Classes, including followers, public and private, the Quarter Master General is the Channel of communication; and regarding all Civil Classes, the Quarter Master General will be informed by Government whenever passage is authorized for such on Transports.

Pensioners and Discharged men.

3. Pensioners Discharged, and time-expired men will be provided with a passage to England, or the Colonies, as the case may be, as soon as possible after their arrival at the Depot, Poonamallee.

Invalids and Insanes.

4. Invalids, and especially Insanes, will also be embarked for England, irrespective of the time of year, when the medical authorities may be of opinion that the men are exposed to greater risk from remaining in India than from proceeding to Europe at, what may be in most cases, an unfavorable period. Passage will be provided for the men contemplated in this and the preceding para. on application by the Quarter Master General to the Superintendent of Marine as occasion may require.

5. All other Invalids and Insanes will be embarked for England between the 1st December and 31st March.

6. The Quarter Master General will furnish the Superintendent of Marine, early in the season, annually, with a Statement shewing the *probable* number of Invalids, Pensioners, time-expired men, Insanes, or men to be discharged in England or the Colonies, including their wives and families, who will be embarked in the above period for England. When the men have passed the *final* Medical Committee, a second Statement will be furnished shewing the exact number to go, including women and children. The ages of all the children should be stated, and the boys and girls shewn separately. Any Casualties or alterations occurring after these Returns have been sent in, are to be forthwith reported to the Quarter Master General, with a view to his preventing passage and provisions being provided for them.

Insanes embarked on application from Medical Department.

7. Passage for Insanes will be provided by the Quarter Master General on the application of the Principal Inspector General Medical Department, who will be responsible for every arrangement for the embarkation of the Insanes, excepting for the space on board which will be surveyed by the Quarter Master General. Insanes, certified by the Medical Authorities to be harmless, and for whom separate accommodation is not therefore required, will be provided for and embarked as invalids.

Allotments to Transports.

8. A suitable vessel having been found under the Regulations for Transports, the Quarter Master General will allot the men accordingly, and transmit a copy of his allotment to the Superintendent of Marine, Commissary General, Principal Inspector General, Medical Department, and Inspector General of Ordnance and Magazines.

Transports to be visited after Troops embark.

38. An Officer of the Quarter Master General's Department is on all occasions to visit each Transport after the embarkation of the Troops, with a view to affording instant assistance, should any be needed by the Officer in Command, as also to check irregularities—such as the unauthorized admission on board of parties who are not entitled to passage referred to in the preceding para.

Boats.

41. Boats for all purposes connected with the service of Troops are supplied by the Master Attendant on the requisition of the Quarter Master General.

Boats for Stores.

47. Boats provided for embarking or landing Stores in India, the property of the Colonel of Her Majesty's Regiments, such as Saddlery, Clothing and Accoutrements, are to be provided or indented for separately.

Simla, the 22nd May 1863.

No. 68A of 1863.—His Excellency the Viceroy and Governor General of India having decided that the Home system of District and Station Artillery Commands shall, as far as practicable, henceforward obtain in India in supersession of the present system, the following Rules are laid down for observance at the three Presidencies, and will take effect from the respective dates on which the provisions of this order may be carried out at the several Stations.

2. The Artillery serving in each Division and separate District of the Army will comprise an Artillery Divisional or District Command.

3. The Head Quarters of only one Brigade of Artillery will be located in each Division or District, and the Artillery Command of the Division or District will be exercised by the Officer Commanding the Artillery Brigade without exra emolument.

4. When it shall happen that in any Army Division or separate District there shall not be the Head Quarters of any Brigade of Artillery, then the Artillery Divisional or District Command will be held by a selected Field Officer, who will receive a Command allowance of Rupees (300) three hundred when the strength of the Artillery under his Command shall equal three Batteries, and an allowance of Rupees (200) two hundred, when the Artillery shall consist of two Batteries. These rates of Command allowance will be granted whether the Batteries are or are not of the same Brigade.

5. Officers Commanding Artillery in Divisions, or separate Districts will be responsible for the efficient condition of all the Artillery within their Command, and will ordinarily be required to inspect every Battery once during each half-year, under such instructions as may be issued by the Commander-in-Chief.

6. During their inspections travelling allowance at the usual rate* will be admitted to Divisional, or District Commanders, and also to their Staff Officers if the Commander-in-Chief shall direct that the Divisional or District Adjutants shall accompany their Commanding Officers on these occasions.

* By Dâk, 8 annas a mile.

They will, however, have no authority over Officers of the Ordnance Department, and their duty will be confined to reporting any deficiencies for the information of the Commander-in-Chief.

His Excellency will, if considered necessary, bring the points reported upon under the notice of the Government.

12. The Artillery at each Garrison, not being the Head-Quarters of a Divisional or District Command, will be commanded by the Senior Officer, and his Command will be designated an Artillery Station Command.

WHEREAS it has been represented unto Us that the Principality of Dhar, in the Province of Malwa, in India, has for many years been under Our protection, and on the death of the Rajah, in the month of May, one thousand eight hundred and fifty-seven, the Government of India allowed the adopted heir of the late Rajah to succeed to the Principality. That shortly after this event the mercenary soldiers of the Rajah of Dhar rose in revolt, and burnt the stations of Bhopawa and Sirdarpore, hoisted Musulman standard, seized the fortress of Dhar, and defied Our authority. That for the suppression and punishment of these outrages a force, consisting of Our Troops and of the European and Native troops of the East India Company, was, in October one thousand eight hundred and fifty-seven, assembled under the command of Brigadier Charles Shepherd Stuart, of the Bombay Army, who regained possession of the said fortress of Dhar on the second of November, one thousand eight hundred and fifty-seven, when booty consisting of gold and silver coins, brass cannon, elephants, and sundry articles was captured, which has realized the sum of Rupees seven hundred and seventy-one thousand and ten, or thereabouts. And whereas Our Commissioners have recommended unto Us to grant all the said booty for the use of the Commanders, Officers, and men, belonging to the Forces employed in the said operations, and to give such directions as to the appropriation and distribution thereof as to Us should seem fit, to which we are graciously pleased to condescend.

Now We do hereby give and grant to Our Secretary of State for India in Council, for the time being, all the aforesaid booty and proceeds, in trust for the use of the Commanders, Officers and men belonging to the Forces employed in the said operations, such booty to be distributed by Our Secretary of State for India in Council, for the time being, or by any person or persons he may appoint for that purpose in the following proportions, viz.,—to the said Brigadier Charles Shepherd Stuart, one twenty-fifth part of the whole of the said booty and proceeds, and the remainder of the said booty and proceeds to be distributed amongst the Subordinate Officers and men belonging to the Forces which took active part in the aforesaid operations, in the following proportions as the same may be applicable to the several ranks of Officers and men engaged therein, such scale and proportions being settled and determined and fixed by and according to the calculation of the day's pay of each rank, and being in the proportion of one share for each shilling of such day's pay, videlicet:—Colonels and Lieutenant-Colonels, seventeen shares each; Majors, sixteen shares each; Captains, twelve shares each; Lieutenants, First Class, after seven years' service, seven shares and a half each; Lieutenants, Second Class, under seven years' service, six and a half shares each; Ensigns, five shares and a half each. The shares of Officers in Command of Regiments to be double the amount of the shares attached or accruing to them, according to the day's pay of their Regimental rank only; Staff Serjeants, three shares each; Color Serjeants, two shares and a half each; Serjeants, two shares each; Corporals, one share and a half each; Privates, one share each. All Officers on the divisional, personal, and general Staff, to be allowed shares according to their staff pay, added to the half-pay of their respective

ranks. Regimental Staff:—Adjutants, ten shares each; Quarter Masters, six shares and a half each; Paymasters, twelve shares and a half each; Riding-masters, nine shares each; Surgeons, fifteen shares each; Assistant Surgeons, ten shares each, together with any additional shares to which they or any of them may be entitled in virtue of additional pay for length of service.

MILITARY.

INDIA OFFICE;
London, the 30th April 1863.

No. 158.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—*Para.* 1.—I HAVE received and considered in Council your Letter No. 45, dated 4th February 1863, inviting a re-consideration of the decision conveyed in my Despatch No. 429, of the 13th November 1862, that Field Officers of the Staff Corps must be held to be in the same position as regards qualification for Staff employ as the effective Field Officers of a Regiment.

2. You observe that in the British Service substantive Field Officers, if not effective Field Officers of Regiments, can hold the appointments of Brigade Major or Aide-de-Camp, and that several substantive Field Officers, unattached, appear to be holding those situations at Home and in the Colonies.

4. You consider the position of an unattached Officer somewhat similar to that of an Officer of the Staff Corps.

4. I have requested the opinion of His Royal Highness the Field Marshal Commanding-in-Chief upon the subject, and have pointed out to His Royal Highness that Officers of the Staff Corps have been declared subject to the Regulation which limits their tenure of such appointments to five years, and that the effect of calling upon them to vacate on promotion to the rank of Field Officer would be to throw an increased number on the unemployed list.

5. His Royal Highness has informed me, in reply, that he concurs in the opinion I had expressed as to the inexpediency of multiplying occasions upon which Officers of the Staff Corps may be called upon to vacate appointments and remain unemployed.

6. His Royal Highness observes that in the British Service, Field Officers on full pay are not allowed to hold Staff appointments, as they have important regimental duties to perform from which they cannot be spared; but this is not the case with Officers of the Staff Corps, who may be employed in any capacity most convenient to the Government of India.

7. His Royal Highness is of opinion, therefore, that they should be treated as are unattached Officers on half pay in the British Service.

8. Officers of the Staff Corps will not be required, therefore, to vacate their appointments on promotion; but their rank, on first appointment, should be that laid down in the Queen's Regulations as qualifying for the appointments in question, and they will still be subject to the five years' limitation rule.

I have, &c.

Para. 2.—"You have informed His Excellency the Commander-in-Chief * * * that it was never contemplated to appoint Officers of one Presidency to the Army Staff Departments, or to Corps of the regular establishment of another Presidency, and that so long as there are Officers of the Bengal Army available for employment, you cannot sanction the appointment of Madras or Bombay Officers to Corps on the Regular Bengal Establishment.

3. You have also stated, I observe, that Officers of other Presidencies have always been freely employed in the Punjaub and Hyderabad and other Irregular Forces, under the orders of the Government of India, and are of course still eligible for such situations.

4. I approve of the decision you have formed upon the subject.

5. In my Despatch, No. 319, dated 18th August 1861, paragraph 46, I observe, with reference to the subject, that I should not object to the practice of Officers of the Staff Corps in one Presidency being employed in another, being extended on special occasions, but that I concurred in your opinion that ordinarily it would be inconvenient to bring Officers of all the Presidencies promiscuously into the several Staff Departments of the Armies of Bengal, Madras and Bombay.

6. I consider therefore that so long as there are Officers of the Bengal Army available and qualified for employment, Madras and Bombay Officers should not be appointed to Corps on the Regular Bengal Establishment.

INDIA OFFICE;
MILITARY. *London, 9th May* 1863.

No. 170.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—With reference to your Military Letter No. 40, dated 22nd January 1863, I have to inform you that when the authorized number of Colonels' allowances fixed for the Staff Corps, viz., one to thirty Officers of all Ranks, has been completed by the succession of Officers, who have served twelve years in the substantive Rank of Lieutenant-Colonel, it is the intention of Her Majesty's Government, that vacancies shall be filled up as they occur, according to seniority, without requiring a qualifying term of service.

2. You are correct in assuming that it was not intended by my Despatch of the 31st of July 1862 to set aside the provisions of my previous Despatch No. 270. of the 31st December 1861. No. 467.

3. The meaning of the passage quoted in your letter from my Despatch of 31st July 1862 would have been more fully expressed by the introduction of the words "at present"—"as at present in the Staff Corps."

No. 80A of 1863.—In publishing for general information the following copy of a Despatch, No. 175 of the 16th ultimo, from the Right Hon'ble the Secretary of State, His Excellency the Governor General is pleased to call attention to the necessity for all applications from Colonels of Artillery and Engineers, who may be desirous of retiring with the Annuity now sanctioned, being sent in to the Office of the Adjutant General of their respective Presidencies on or before the 31st August next :—

INDIA OFFICE,
MILITARY. *London, 16th May* 1863.

No. 175.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Para. 1. REPRESENTATIONS have been at various times submitted to Her Majesty's Government by the Senior Officers of the late Indian Artillery relating to the reduction in the number of Colonels' allowances allotted to those Corps, and the alleged injury inflicted upon them by the consequent retardation of the period at which they may attain that allowance.

2. As regards the Officers of the Corps of Artillery and Engineers generally, Her Majesty's Government are satisfied that the changes that have been made in the organization of these Corps have been attended with advantage to the Officers at large, commensurate with the heavy expenditure which has been incurred for this purpose by the Government.

3. The changes made as regards the ranks of Colonel Commandant and Colonel; the abolition of the grades of Major and Second Lieutenant; and the introduction of that of Second Captain in 1858, were measures which gave great promotion to the Officers of Artillery and Engineers; but were attended with great expense.

4. The reduction in the number of Colonels with Colonels' allowances was the only feature in the re-organization which was calculated to affect injuriously the prospects of a certain limited class of Officers of long standing and high rank, who are so circumstanced that the mere promotion or immediate chance of promotion from Lieutenant-Colonel to Colonel does not fully compensate for the retardation of their prospects of attaining the Colonel's allowance.

5. It is unreasonable to expect that extensive changes, such as have been lately effected in the Indian Army, should be carried out without affecting to some extent individual prospects; but Her Majesty's Government have been desirous of removing, as far as possible, all just grounds of complaint, and therefore, with a view to meet the present case, it has been determined, with the concurrence of His Royal Highness the Field Marshal Commanding-in-Chief, to offer at once a limited number of increased retiring pensions to each Brigade of Royal (late Indian) Artillery and Battalion of Royal (late Indian) Engineers, with a view to giving the means of immediate retirement to those of the older Officers who may wish to retire from the Service.

6. It appears to me that this measure will fairly meet the case of these Officers, and by still further accelerating the promotion in the Corps at large will remove all just grounds of complaint from the remaining Officers.

7. You are therefore authorized to offer an Annuity of £200 to one Regimental Colonel in each Brigade of Royal Artillery and Battalion of Royal Engineers above mentioned, in addition to the pension to which, by the Regulations of the Indian Service, he may be entitled.

8. These Annuities* will be allotted to applicants according to seniority in their respective Cadres, and in order to give to the whole of the Officers concerned the opportunity of expressing their intention of accepting the Annuity (if available for them) or otherwise, it will be necessary to name a prospective date up to which applications will be received; and with a view of giving sufficient time to all Officers concerned, both in India and in England, I have resolved, with the concurrence of His Royal Highness the Field Marshal Commanding-in-Chief, to inform the Colonels of Artillery and Engineers now in England that their applications to retire under this arrangement must be received at the Office of the Adjutant-General of their respective Presidencies on or before the 31st of August next; that their claims to be considered to come within the operation of the order as Regimental Colonels will be determined by the rank they actually hold on the records of the Adjutant-General's Office on that day; and that the retirements under this order will date from the 1st September next.

MILITARY

No. 152.

INDIA OFFICE, LONDON, *the 24th April* 1863.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD.—I have received and considered in Council your letter No. 75, dated 19th February 1863, requesting explicit instructions as to the Rules under which leave of absence is to be granted to Officers of the new Royal Artillery and New Line Regiments of Cavalry and Infantry.

2. Your inquiry relates to two distant subjects,—

(1.) The Regulations under which leave of absence is to be granted to Officers of the new Brigades of Artillery and New Line Regiments.

(2.) The application of the Furlo' Rules in determining the claims of these Officers to Pension.

3. In regard to the first of these points, it was determined, in reply to No. 79 of the published question, that Officers of the New Line Regiments of Cavalry and Infantry would be under Her Majesty's Regulations generally.

4. They would be therefore necessarily under the New Furlo' Rules, while their Corps remained in India, in the sense in which Officers of Her Majesty's Regiments serving in India are under those Rules.

5. The same applies to the Officers of Artillery.

6. As these Officers were thus brought under the Regulations of Her Majesty's Service as regards leave, it followed that leave should be granted according to the practice obtaining in the British service; but you were informed in my Despatch No. 291 of the 14th August 1862, that, in order that the claims of these Officers to Indian Pension might be duly ascertained and recorded, I had suggested to His Royal Highness the Field Marshal Commanding-in-Chief that exchanges, casualties, leave of absence (under the Indian Regulations), and other circumstances affecting the interests and claims of the Officers in question, should be communicated to this Office, or to the Governments in India, as the case might be.

7. It was intended by this Rule not that the Governments of the several Presidencies in India should grant leave to Officers of these Regiments as heretofore, when they belonged to the Local Service, but that theCommander-in-Chief should communicate to the Government all cases of such leave with a view to the determination of their claims to Pension.

8. On the same occasion I informed you, with reference to the Officers of Engineers that, as the Governments in India had retained a prior claim to their services, it would be necessary that the grant of leave of absence, in their case, should be regulated by the practice then in force, and that no change should be made in this respect.

9. With regard to the application of the Furlo' Rules to a consideration of claims to Pension on the part of Officers of Artillery and Engineers and New Line Regiments, you have justly observed that, under all circumstances, the Rules, as to the service required for Pension will be complied with, that is, that no time passed on leave beyond the amount sanctioned by the Furlo' Regulations will count as service towards Pension.

10. In this respect, therefore, the position of these Officers will remain unaltered by their transfer to the British Army.

11. The amount of leave to be deducted from their service for Pension will depend on the Furlo' Rules which they may have chosen, and it will be necessary that the Commanders in Chief of the several Presidencies should be careful to require that every Officer who has not yet made his selection should do so (the same being reported to Government) on the first occasion of his making application for leave of absence.

I have, &c.,

MILITARY. INDIA OFFICE; *London, 30th June* 1863.

No. 233.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD.—*Para.* 1. The following arrangements have been adopted consequent on the late Army alterations:—

A.—That the General and other Officers of the twelve New Line Regiments are to be considered as belonging to the British Army, and are to take their places for promotion accordingly on the General Lists of that Army.

Their names will, in consequence, be withdrawn from the Indian General Gradation Lists; but will be retained on their former Cadres and on the Regimental Gradation Lists, in the manner shewn in paragraph 58 of your General Order, No. 332, 10th April 1861.

B.—That the Colonels originally appointed to the New Infantry Regiments are to continue to receive their pay and Colonel's allowance at the Indian rate.

C.—That the Colonels of the late Indian Brigades of Artillery are to receive Colonel's allowance at the Indian rate.

D.—That Officers of the Artillery transferred from the Indian Service should receive fourlo' pay under Indian Regulations so long as the Brigades to which they are attached are serving in India.

E.—That Officers who have been appointed to the New Line Regiments from the Indian Forces having been stated to be "under the conditions of service of Line Officers" should receive the same pay, while on furlo' as Officers of the Old Line Regiments.

F.—All Officers of the Artillery and New Line Regiments will, without reference to the furlo' Regulations they may have elected, and by which their claim to pension will be determined, receive Indian allowances during (6) six months' absence on sick certificate as allowed to other Officers of the British Army.

G.—Officers of the Artillery and New Line Regiments should be allowed passage money under the Regulations applicable to British Officers—care being taken that passage money is not issued by both Government and the Funds. When passage money is due from the Funds special arrangements must be made for adjusting the account between the Government and the Funds.

H.—The statute regarding five years' absence from India will not apply to Artillery, Engineers, or Officers of the New Line Regiments.

2. You will notify these arrangements to the Governments of Madras and Bombay.

No. 115A. of 1863.—The following copy of a Military Despatch from the Right Hon'ble the Secretary of State for India, No. 214, dated 10th June 1863, is published for general information :—

MILITARY. INDIA OFFICE, *London, the 10th June* 1863.

No. 214.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—*Para.* 1. In a letter* lately received from the Government of Madras the inquiry is made whether any limit is to be placed to the tenure of the office of Inspector General of Hospitals.

* No. 43, dated 5th March.

2. The Government of Madras point out that, under paragraph 8 of the Royal Warrant of the 13th January 1860, Inspector Generals and Deputy Inspector Generals are placed on the Retired List on attaining the age of sixty-five years.

3. With reference to the General Order by the Governor General No. 964, 31st July 1857, they observe that, if an Officer is allowed now to hold the office of Inspector General until retirement, the interests of other Medical Officers must be injuriously affected; while, on the other hand, it does not appear to them how an Inspector General of Hospitals, with substantive rank under the Warrant, but of short service, can revert to other duties to qualify for the highest rates of pension, as provided by paragraph 9 of the General Order by the Governor General.

4. They are of opinion, however, that the interests of the Public Service will be best promoted by limiting the tenure of the appointment of Inspector General to five years.

5. Under the instructions conveyed in the Despatch from the Court of Directors, No. 92 of 10th June 1857, the tenure of Office by the Director General and Inspector General was limited to five years.

6. The several Inspector Generals, under the operation of the Royal Warrant of 13th January 1860, hold the offices styled under the former organization "Director General" and "Inspector General," and I consider that the Rule limiting their tenure of office to five years should be made still applicable to these Officers.

7. An Officer holding the rank of Inspector General, who may be removed from his appointment under the Rule, will be eligible, at the discretion of the Government, for employment for a further similar period, subject always to the operation of Clause 8 of the Royal Warrant of 13th January 1860.

8. The Deputy Inspector Generals of Her Majesty's Indian Service represent the Superintending Surgeons of the former organization; and I do not consider it necessary, pending the settlement of the question of the amalgamation of the British and Indian Medical Services, to apply any limit beyond that laid down in Clause 8 of the Royal Warrant to the tenure of appointment by these Officers—Superintending Surgeons, under the former organization, not having been subjected to any rule of this nature.

9. With regard to the difficulty suggested by the Government of Madras as to the manner in which an Officer of the rank of Inspector General, but of short service, can revert to other duties to qualify for the higher rates of pension, I believe such occasions will be rare.

10. The circumstances of such Officers having been preferred to their Seniors in the Service for promotion would probably induce the Government to re-employ them on a vacancy occurring in a higher position; in the meantime, if not in a position to retire from the Service, they must remain unemployed.

I have, &c.,

FORT ST. GEORGE, 21st August 1863.

No. **296** of 1863.—The following Notifications from the Fort St. George Gazette of the 18th August 1863, are republished in General Orders:—

Financial Department, Fort William, the 31st July 1863.

No. 3496.

Read the following papers regarding the revision of the Oude Police, and the mode of estimating and charging for that portion of the expense of the Police which is incurred for the service of other Departments:—

Home Department's endorsements Nos. 1939, 2315 and 2544, dated 24th March, 8th April and 18th April 1863.

Letters from the Inspector-General of Police in India, Nos. 27 and 45, dated 12th and 19th February 1863, and a further letter dated 7th May 1863.

Resolution.—The point referred for the consideration of the Financial Department by the Home Department's Resolution of the 24th March 1863, is the mode of estimating and charging for that portion of the expense of the Police which is incurred for the service of other Departments.

2. At present the various Departments are required to pay in cash for the Police Guards supplied to them out of a Budget provision in their own Departmental Estimates.

3. These cash payments between Departments have, after two years' experience, proved so embarrassing in practice that the President in Council directs that henceforth the pay of the whole of the Officers and men of each Force shall be drawn in one Bill, or if found more convenient, in separate Bills for each District; but the debit against the Police Budget Grant will be, in the aggregate, for the charges in the entire Presidency or Province, and not according to the District distribution of the charges.

4. The only case in which any demand for repayment will have to be made will be when special services are performed for private Companies, Theatres, &c, or when payments are authorized by the Police Act.

5. As a rule it is not desirable to introduce changes of system and extensive transfers in account after the Budget has been settled and payments according to the Budget allotment have begun; but cash payments for Police supplied to Departments have proved so inconvenient that the general Rule must in this case be set aside.

6. Accordingly, it is directed that the sums noted in the accompanying Statement, which have been taken for Police in the other Departmental Estimates for this year, be transferred to the head of Police of the respective Presidencies and Provinces, and that the necessary adjustments of payments already made by Departments be arranged by the Deputy Auditors and Accountants General.

7. The Police Estimate for next year should include the whole of the expenditure for that Branch of the Service.

8. The Hon'ble the President in Council at the same time desires to preserve an equivalent for any economical check that may have attended the inter-departmental cash payments which are now abolished.

9. This check will be ensured by throwing more responsibility than has hitherto been done on the Department providing for the service.

10. The Officers of Police are the proper authority for determining the strength of a Treasure or Prison Escort, or the number of men sufficient to guard a Jail or a Lock-up; for in all such cases, the Police Department is responsible for the safe custody of the people or property placed under their charge; and the Home Department will accordingly be requested to give directions that every application for Police Guards shall be scrutinized by the proper Officers of Police.

11. In the event of dispute or difference as to the strength of Guards required, or as to their employment at all, the matter should be settled by the Head of the Department from whom the requisition has come in communication with the Inspector-General of Police, a final reference being made, if necessary, to the Local Government.

12. The abolition of inter-departmental cash payments should be accompanied by a careful revision by each Inspector-General of Police of the Guards of every sort now supplied to Departments.

13. The reductions effected in this direction in the Oude Police encourage a hope of similar economy by a like careful revision in other Presidencies and Provinces.

14. Further, with a view of watching over the demands of the several Departments for Police Guards, the Police Department should be required to keep up carefully prepared Distribution Lists of the entire Police Force.

15. By a reference to these Lists it may be immediately ascertained whether an undue increase has taken place in the number of Guards required for any particular service.

16. These Distribution Lists will also enable the Government to form a correct Estimate of the cost of Police under the several Heads of Jail Guards, Treasure Escorts, &c.

ORDERED that a copy of this Resolution be forwarded to the Home Department, and that it be also sent to all Local Governments and Chief Commissioners, for their information and guidance, in reference to the preparation of the Estimates and Accounts of the Police expenditure.

Ordered also that a copy be published in the *Calcutta Gazette* for general information, and for the guidance of the Civil and Military Pay and Audit Departments; likewise that a copy of the Proceedings of the Home Department, dated 24th March 1863, be communicated to the Deputy Auditor and Accountant-General and the Civil Paymaster, North-Western Provinces.

No. 3567.

The 5th August 1863.

Read the undermentioned papers regarding deputation allowance to Acting Officers in the Police Department:—

Resolution No. 628G. passed in this Department on the 30th September 1862.

Resolution No. 20G., dated January 3rd 1863.

Letter from the Officiating Civil Paymaster, Punjab, No. 33G., dated May 14th 1863.

The present Rules regarding deputation allowances to Officers of Police having been found to be unsuitable, His Honor the President in Council resolves that Resolution Nos. 628G. and 20G., dated September 30th 1862, and January 3rd 1863, be rescinded.

His Honor in Council is also pleased to determine that, in accordance with the principle of the Order No. 3390, dated July 25th 1863, in the Financial Department, there shall be one uniform rate of acting allowances for Covenanted and Uncovenanted Officers of Police, and that no acting allowances shall be granted to Officers of Police officiating for other Officers in another grade of the same class as their own.

The following Rules are accordingly promulgated for general information and guidance:—

Rule I.—An Officer of Police officiating for another Officer in the same class will not receive deputation allowance.

Rule II.—An Officer of Police officiating for another Officer of Police in a higher class than his own will draw the full salary of his own office, and an allowance at the rate of twenty per cent. on the mean between the maximum and the minimum salary of the class in which he officiates, provided his total allowances do not exceed the minimum salary of such higher class.

Rule III.—An Officer of Police officiating at the same Station for an Officer of a higher class than his own will not be entitled to any deputation allowance during the first month he may thus officiate according to the Covenanted Civil Service Rules.

Rule IV.—Any Officer holding a substantive appointment in another Department of the Government Service and officiating for an Officer of Police will draw salary and acting allowances at the rates prescribed in Rule II.

Rule V.—Any person not holding a substantive appointment in the Public Service, and officiating for an Officer of Police will receive at the rate of fifty per cent. on the mean between the maximum and the minimum salary of the class to which he is appointed.

ORDER.—Ordered that the foregoing Resolution be published in the *Government Gazette*, and that copies thereof be forwarded to the Home and Foreign Departments, Governments, and Civil Paymasters, Bengal, Madras, Bombay, the North-Western Provinces, and the Punjab.

Secretary to Government.

MILITARY

No. 216.

To HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Several applications have been received from the younger Officers of the New Line Regiments for permission to re-consider their election for those Corps and to resume their positions in the local Army.

2. Under the circumstances of the case I considered it inexpedient that their applications should be complied with.

3. With a view, however, to meeting, as far as possible, the wishes of these Officers, no less than of others of similar rank who have been unsuccessful in their applications to join these Regiments, it has been determined, in communication with His Royal Highness the Field Marshal Commanding-in-Chief,

to permit exchanges, under certain conditions and for a definite period, between certain classes of Officers who have joined the New Line Regiments and Officers of similar rank now in the local service.

4. I forward, for your information, copy of a General Order which His Royal Highness proposes to issue upon the subject and which I request may when so issued be published for general information.

5. The applications submitted under this order by Officers now in the New Line Regiments will be forwarded by His Excellency the Commander-in-Chief to the Horse Guards; while those from Officers of the local service will be transmitted to this Office, with the sanction of the several Governments, for communication to the Field Marshal Commanding-in-Chief.

6. In both cases the applications must be received at the Office of the Adjutant General of the several Presidencies before the 1st October 1863, and in both the opportunity of exchange will be granted to applicants according to seniority.

7. Officers of the Indian Army, naming a particular Regiment into which they wish to exchange, will understand that if their position in the list of applicants does not give them a claim to enter that particular Regiment, or if there should be no Officer of corresponding rank desirous of exchanging out of that Regiment, their application for exchange will be considered void.

I have, &c.,

FINANCIAL DEPARTMENT.

No. 2425.

Fort William, the 8th June 1863.

Extract from the Proceedings of the Government of India, in the Financial Department, under date the 8th June 1863.

Read the following papers regarding Rules for Leave of Absence and Pensions to Uncovenanted Servants :—

A Memorial on the subject from Uncovenanted Servants in the three Presidencies.

Letter from the Supreme Government to the Right Hon'ble the Secretary of State for India, No. 42, of 15th June 1861, forwarding the above Memorial, and one from Officers of the Educational Department in Bengal, with other correspondence, regarding Pension Rules for Educational Officers.

Financial Letter from the Right Hon'ble the Secretary of State, No. 205 of 8th December 1862.

Ordered, that an extract (paragraphs 1 to 18) of the Despatch of the Secretary of State be published in the *Calcutta Gazette* for general information, and for the guidance of the several Departments of the Supreme Government; of the Local Governments and Administrations; and of all Officers and Departments concerned.

Extract (paragraphs 1 *to* 18*) from a Financial Despatch from the Right Hon'ble the Secretary of State for India, to the Right Hon'ble the Governor General of India in Council, No.* 205 *of* 1862, *dated the* 8*th December.*

I have considered in Council the Memorial from the Uncovenanted Servants of the several Governments in India, praying for modifications in the existing Rules which govern the grant to them of pensions and leave of absence, together with your Public Letters, dated the 8th and 15th June 1861, Nos. 37 and 42; 6th August 1861, No. 56; and your Financial Letter, dated the 4th August 1862, No. 110, on the same subject.

2. The great body of the Uncovenanted Servants of India have always been Natives; and it has been the just and wise policy of the Government to employ, as largely as they could with advantage, the Natives of India in the Administration of their own country. It is still the desire and intention of Her Majesty's Government that, whilst to a certain extent, European Agency beyond the Covenanted Servants must always be employed in various situations, Natives of India should constitute the great majority of the Uncovenanted Servants in India.

3. Your Government points out the impossibility of making any distinction between Europeans and Natives. In that opinion I entirely concur; and whilst therefore I cannot but admit that there are differences of various kinds in the circumstances of persons of the different races who are employed in the Unco-

venanted Service of India, it appears to Her Majesty's Government to be indispensable that the Rules to be laid down should be such as are applicable to the whole of that body, of whom the great majority are, and must always be, of Native race and of Native habits.

4. I think there is however, sufficient ground for an exception as regards Educational Officers, and Law Officers, and Native Judges. In those cases a previous course of study, and in many instances practical experience is required, and there is consequently reason for making a distinction in regard to that class of servants whose claims will therefore be separately considered.

5 I now proceed to convey to you the decision of Her Majesty's Government as to the general body of Uncovenanted Servants.

6. It has been decided that no Uncovenanted servant shall in future be allowed to count for pension any period of service antecedent to his having attained the age of 22 years, and in calculating the period of service required by this Despatch as a qualification for pension, the period must be reckoned from that age.

7. The allowances to be granted to Uncovenanted Servants on retirement are, in future, to be as follows, viz :—

On production of such Medical Certificates as shall satisfy the Government under which the applicant may be serving of his incapacity to serve longer in India—

1. Under fifteen years' service—a gratuity not exceeding twelve months' salary.
2. After fifteen years' service—one-third of his salary (and of his personal allowance if any): Provided that in no case shall a pension be granted exceeding the sum of 3,000 *Rs.* per annum, whatever the amount of salary, nor of 2,000 *Rs.* per annum, if the salary shall not exceed 12,000 *Rs.* per annum.
3. After twenty-five years' service—one-half of his average salary (and of his personal allowances if any) during the previous five years: Provided, however, that in no case shall a pension be granted exceeding 5,000 *Rs.* per annum, whatever the amount of salary, nor exceeding 4,000 *Rs.* per annum, if the salary shall not exceed 12,000 *Rs.* per annum.

After thirty years' service, or upwards, a pension may be granted, without production of Medical Certificate, of the same amount and subject to the same limitation as that sanctioned for twenty-five years' service on Medical Certificate.

8. The period of service which is to be admitted in considering a claim to pension must be continuous; but in case of the abolition of the office held by an Uncovenanted Servant, and his being subsequently employed by Government, his first period of service is to be taken into account.

9. Pensions of the full amount stated are to be granted only as the reward of approved service. In any case in which an Uncovenanted Servant, without having incurred the penalty of removal from Government employ, shall nevertheless, in the opinion of the Government under which he has been serving, not be entitled to the full amount of pension, the Local Government will make such a reduction in the amount of pension as it shall consider just.

10. These pensions have hitherto been payable only in India. As a rule, Europeans on being pensioned, desire to return to this country, and they are consequently under the necessity of employing an agent in India to receive and remit their pensions. If the pensions are allowed to be paid in England, the delay, risk, and inconvenience of agency will be saved, while the charge to Government would be very inconsiderable. Her Majesty's Government have therefore decided that each Uncovenanted Servant shall, on retirement, have the option of drawing his pension either in India or from the Home Treasury. After exercising his option on retirement, he may, at a subsequent period, change the place of payment from England to India, or *vice versa*. This change can, however, be allowed but once.

11. The rate of exchange is an important consideration in regard to payment in England. Her Majesty's Government will not now fix any permanent rate for the purpose; but as a rate of exchange based on the intrinsic value of the rupee, and the market price of bills, is annually fixed, in communication with the Lords of the Treasury for the adjustment of transactions between the British and Indian Exchequers, which rate is applied to family remittances of Officers serving in India, the same rate appears to be equitable for the payment in England of the pensions of Uncovenanted Servants, and is therefore to be adopted.

12. I am desirous of being furnished with a list of the Uncovenanted Servants who are entitled to the benefit of the Pension Rules; and it must be understood, that it is not now intended to grant the benefit of those Rules to any of the lower grades of servants who are not at present entitled to pension.

13. An Uncovenanted Servant may, under the existing Rules, be granted, on sufficient cause being shown, leave on private affairs for six months in one period, retaining his office with half salary up to 600*l.* per annum, which is the maximum amount allowed to be drawn. This leave may be repeated after intervals of six years, and is allowed to count for pension. Leave of this description may still be granted, but the period of absence will not be allowed to count for pension, and the option may be given to Uncovenanted Servants of taking in lieu of the above leave a furlo' for one year after ten years' residence, and a second furlo' also for one year after eighteen years' residence in India, such absence being limited to two years during the whole period of service. For such periods an absentee, whose salary does not exceed 200 *Rs.* per mensem, may be allowed to draw one-half salary: Provided, however, that it shall not exceed 800 *Rs.* or 80*l.* per annum. If the absentees' salary shall be—

Above 200 *Rs.* and not exceeding 400 *Rs.* per month, he may be granted an allowance of						1,300 *Rs.* or 130£	per annum.
,, 400 ,,	,,	700 ,,	,,	,,	2,000	,, 200£	,,
,, 700 ,,	,,	1,200 ,,	,,	,,	3,000	,, 300£	,,
,, 1,200 ,,	,,		,,	,,	4,000	,, 400£	,,

On taking leave on private affairs for the first time after the publication of the new Rules, an Uncovenanted Servant must decide whether he will apply for six months' leave on private affairs, or for one year's furlo', and having once exercised his option and obtained leave accordingly, he will not, during the remainder of his service, be eligible to the other description of leave.

14. In regard to absence on Medical Certificate, an Uncovenanted Servant under the existing Rules may be granted leave of absence for three years during the whole period of his service, of which two may be continuous, and two only can be counted as service qualifying for pension. For one year of the entire period the absentee may draw half and during the remainder one-third of his allowances, limited however to 600*l.* per annum.

15. Instead of the period of leave now allowed, Her Majesty's Government authorize the grant of leave of absence, on medical certificate, with allowances, to the extent of three years, in two periods, of which not more than two years may be taken at one time.

16. For the first fifteen months of each period the absentee may be allowed one half-salary: Provided that it shall in no case exceed 600*l.* per annum; and for the remainder of his absence within the prescribed limit, he may be allowed one-fourth of his salary, limited to 300*l.* per annum.

17. If any further leave should be applied for on Medical Certificate, it may be granted as exceptional leave, but without any allowance.

18. These periods of absence on Furlo' and Medical Certificate are not to count for pension; but privilege leave in India may be allowed for one month in each year, which is not, however, to accumulate, and the grant of which must be always subject to the condition that no inconvenience or charge shall be caused to Government thereby; this privilege leave will count in the period of service qualifying for pension.

No. 2426.

NOTIFICATION.—The following revised Rules for the grant of leave of absence to Uncovenanted Civil Servants are published by order of His Honor the President in Council for general information and guidance:—

LEAVE OF ABSENCE TO UNCOVENANTED SERVANTS.

These Rules are applicable to all Officers of the Uncovenanted Civil Service receiving salaries of not less than 100*Rs.* a month, whether they receive their appointments direct from Government or from Heads of Offices and Departments.

The following are the kinds of leave allowed:—

I.—Leave on Medical Certificate.
II.—Leave on Private Affairs and Furlo'.
III.—Privilege Leave.
IV.—Preparatory or Additional Leave.

General Rules.

1. All applications for leave must be made publicly, thro' the regular channel, in the Department to which the applicant belongs.

2. Officers appointed by Government can obtain privilege leave from the Heads of their respective Departments when the latter are duly authorized to exercise this power. But in other cases leave must be granted by the Government.

3. Officers appointed by Heads of Offices and Departments can obtain any leave under these Rules without reference to Government; but the authorities granting such leave must furnish to the Civil or Military Audit Office which passes the Pay Bill of their Establishment a monthly Return of the leave granted by them according to the Form given in Appendix A.

4. Absence without leave will involve loss of salary and render the absentee liable to loss of appointment.

5 No leave of absence shall have retrospective effect except in case of severe illness, to be attested by a Medical certificate in the prescribed Form.

Applications for leave on Medical Certificate.

6. Applications for leave on Medical Certificate must be accompanied by a statement from the medical man by whom the applicant has been attended, distinctly stating, from personal observation, the nature of the disease, it symptoms, causes, and duration, so far as the knowledge of the Medical Officer extends, and by a Certificate from the chief Medical Officer of the Station or District, or, if at a Presidency Town, from a Presidency or other Official Surgeon, certifying, after careful personal investigation, the necessity for temporary removal, and the period for which absence is to the best of his judgment absolutely requisite for restoration to health. If the requisite leave be for a longer period than six months, the Certificate must be countersigned by the Superintending Surgeon of the Division in which the applicant may be employed. In cases of leave beyond sea, the Certificate must be also submitted, with the statement of the case, for the countersignature of the Principal Inspector-General of the Medical Department.

Extension of leave on Medical Certificate.

7. As application for extension of leave must, if the applicant be in India, be accompanied by a Certificate to a like effect from the Medical Officer by whom the applicant is attended, together with a statement showing sufficient reason for the extension solicited, and such Certificate must be countersigned by the Principal Inspector-General of the Medical Department, or by the Superintending Surgeon of the Division in which the applicant may be residing. If the applicant shall have proceeded beyond the territories under the Government of India, he must furnish a Certificate and Statement to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended; such attendance, and the period of it, to be stated, and the Certificate to be countersigned, after *personal* examination, by the examining Physician of the India Office, if the absentee is in England, or by the Principal Medical authority of the Colony or country to which the absentee may have proceeded.

8. If any of the above particulars be neglected, or the omission of any one of them unsatisfactorily explained, the leave will be refused.

Application for leave on Private Affairs

9. Leave on Private Affairs and Furlo' will be granted by Government, or by authorised Officers on sufficient cause being shown, and when the concession of the indulgence may in no way interfere with the interest of the Public Service.

Extension of leave to date of arrival of Vessel.

10. When an Officer on leave in England is permitted by the Home Government, to return to duty by a particular vessel, this permission, if necessary, will be held equivalent to an extension of leave until the arrival in India of the vessel on which the Officer is permitted to return.

11. Leave on Medical Certificate, with allowances, is limited to the extent of three years in two periods, of which not more than two years may be taken at one time. Should any further leave be applied for on Medical certificate, it may be granted, but without any allowance.

Leave on Medical Certificate.

12. Leave on Private Affairs and Furlo', with retention of office, may be granted as follows:—

Leave on Private Affairs and Furlo'.

1st. *Leave on Private Affairs*—for six months in one period, which leave may be repeated after intervals of six years.

2nd. *Or* a FURLO'—for one year after ten years' service, and a second Furlo', also for one year, after eighteen years' service in India, such absence being limited to two years during the whole period of service.

13. On taking leave under the preceding Rule, for the first time, an Officer must decide whether he will apply for leave on Private Affairs, or for Furlo', and having once exercised his option and obtained leave accordingly, he will not, during the remainder of his service, be eligible to the other description of leave.

14. Furlo' and Leave on Private Affairs taken in India, will reckon from the date of leaving office to the date of return thereto. Furlo' on Leave on Private Affairs taken beyond India will reckon from the sailing of the vessel on which the Officer embarks to the date of his return to India.

15. Furlo' on Leave on Private Affairs cannot be taken in continuation of privilege leave.

16. Privilege leave, when it can be granted without injury to the Public Service, and without additional expense to the State, may be allowed for not more than one month in each Calendar year, to be taken either in one period or in not more than two instalments. This leave is not allowed to accumulate and will therefore lapse if not taken within the year.

Privilege Leave.

17. Privilege leave for one month in each Calendar year may be allowed to Officers who have not been absent on leave for eleven months immediately preceding, unless they took their last privilege leave in two instalments, in which case the indulgence will not be available until eleven months after the expiration of the first instalment and six months after expiration of the second instalment of the previous year's privilege leave.

18. Preparatory or additional leave is allowed to Officers proceeding to or from a Sanitarium on Medical Certificate, or to or from the port of embarkation from India to Europe on Private Affairs, Furlo', or Medical Certificate, and is limited to such period as the authority granting leave may think sufficient. Officers proceeding from Presidency Towns on sick leave beyond Sea will be allowed fourteen days for preparation.

Preparatory Leave,

19. Officers retiring from the Service on pension will be allowed fourteen days' leave on half pay, provided the indulgence can be given without detriment or extra expense to the Public Service.

Absentee Pay.

20. Absentee pay, if at half salary, shall in no case, exceed Rupees 6,000 or 600*l.* per annum:—or if at one-fourth salary, shall not exceed 300*l.* per annum. Within these limitations Absentee pay will be given as follows:—

I.—To an Officer absent on sick leave in or out of India—half salary for the first fifteen months of each period of absence, and one-fourth salary during the remainder of his absence on allowances.

II. To an Officer on leave on private affairs—one-half his salary for a period not exceeding six months of continuous absence, and for any further period of preparatory leave which may be granted to him. But if an Officer absent on private affairs obtained an extension of leave on Medical Certificate, he will be subject for the whole period of his absence to the rules for sick leave.

III. To an Officer proceeding on furlo' whose salary does not exceed Rupees 200 per month—one-half of his salary: Provided, however, that it shall not exceed Rupees 800 or 80*l.* per annum. If the absentee's salary shall be—

Above Rs. 200 and not exceeding Rs. 400 per month, he may be granted an annual allowance of Rs. 1,800 or £130 per annum.
" " 400 " " " 700 " " 2,000 " £200 "
" " 700 " " " 1,200 " " 3,000 " £300 "
" " 1,200 " 4,000 " £400 "

IV. To an Officer on preparatory leave—one-half salary before commencement of other leave; and on return from leave—one-half or one-fourth salary, or furlo' pay, according to the rate of salary he may be then drawing.

V. To an Officer on privilege leave—full pay.

21. An Officer who overstays privilege leave by not more than one month will forfeit pay for the period in excess; but if he exceed his leave by more than one month his office will become vacant. An Officer on privilege leave who may resign the service, or who may obtain sick leave without first re-joining will, if the former case, forfeit his salary for the period of privilege leave; and in the latter case be subject to the Rules for sick leave for the whole period of his absence.

Rules for joining Office.

Time allowed for joining an appointment will be fixed by the Authority conferring the appointment.

An Officer entering the service of the Government is not entitled to any salary before joining his appointment; but when transferred from one appointment to another of equal or higher value, he will draw so much of the salary of his new office as may be equal to that of his former appointment.

Payments of Absentee Allowances.

22. Officers absent on privilege leave cannot draw pay until their return to duty.

23. Officers proceeding to England on Furlo', or on Private Affairs, or on Medical Certificate, must obtain Certificates from the Civil Paymaster, in the Form given below, for submission to the India Office on their arrival in London:—

Name, Service, and designation of the party obtaining Leave.	Nature and period of the Leave.	Date of intended departure of vessel from Calcutta or other Port.	Rate of allowance to be drawn in England or not.	Date from which the first payment is to commence.
			In England.	
			In Calcutta.	

24. But if they desire to draw their allowances thro' their Agents in India, the latter must execute a guarantee to refund over-payments. When Officers remain in India and draw their allowances themselves, and attach to their bills Life Certificates attested by a Deputy Magistrate or a Covenanted District Officer, they will not be required to furnish any security.

NOTIFICATION.—The following revised Rules for the grant of Pensions and Superannuation Allowances to certain classes of Uncovenanted Servants are published by order of His Honor the President in Council, for general information and guidance:—

Pension Rules for Uncovenanted Servants other than Educational Officers, Law Officers, and Native Judges, receiving more than Rupees 10 *a month, and belonging to classes eligible to Pension under the Orders of Government.*

General Rules for Application for Pension.

Applications for pension must be submitted in a letter to Government by the Head of the Office or Department in which the applicant may be employed, who shall certify that the character, conduct, and past service of the applicant are such as to entitle him to the favourable consideration of Government.

2. Every application shall be accompanied by a Register prepared according to Form A in the Appendix. In cases of other than a Good Service Pension every application shall be accompanied by a medical certificate, stating the applicant's incapacity for further service, with the cause thereof, and that it has not been induced by irregular or intemperate habits.

3. Applicants for a Superannuation Allowance must be examined by the Principal Inspector General of the medical Department, if serving at the Presidency, or by a Military Invaliding Committee if serving elsewhere within a moderate distance of a Station at which a Military Invaliding Committee, is periodically assembled. It is optional, however, with the Local Government to accept the certificate of a single medical Officer, or to convene a Special Invaliding Committee at a convenient Civil Station, if the applicant be serving at an inconvenient distance from a Station where a Military Invaliding Committee can be assembled.

4. Good Service and Superannuation Allowances on retirement, sanctioned under these Rules by the Local Governments, will be reported to the Government of India in Quarterly Returns in the Form given in Appendix B.

Allowances on Retirement.

5. On production by an applicant of such medical certificates as shall satisfy the Government under which he may be serving, of his incapacity to serve longer in India, he will be allowed—

I. Under fifteen years' service, a gratuity not exceeding twelve months' salary.

II. After fifteen years' service, one-third of his average salary (and of his personal allowance, if any) during the previous five years : Provided that in no case shall a pension be granted exceeding the sum of *Rs.* 3,000 per annum, whatever the amount of salary, nor of *Rs.* 2,000 per annum, if the salary shall not exceed *Rs.* 12,000 per annum.

III. After twenty-five years' service, one-half of his average salary (and of his personal allowance, if any) during the previous five years : Provided, however that in no case shall a pension be granted exceeding *Rs.* 5,000 per annum, whatever the amount of salary nor exceeding *Rs.* 4,000 per annum if the salary shall not exceed *Rs.* 12,000 per annum.

6. After thirty years' service or upwards a pension may be granted, without production of Medical certificate, of the same amount and subject to the same limitation as that sanctioned for twenty-five years' service on medical certificate. This pension, as the reward of faithful, efficient discharge of duty for thirty years, is termed a Good Service Pension.

7. Pensions of the full amount authorised in paragraphs 5 and 6 are to be granted only as the reward of approved service. In any case in which an Uncovenanted Servant, without having incurred the penalty of removal from Government employ, shall nevertheless, in the opinion of the Government under which he has been serving, not be entitled to the full amount of pension, the Local Government will make such a reduction in the amount of pension as it shall consider just.

8. The foregoing rates of pension and gratuity are applicable also, without the production of a medical certificate of unfitness for service, to Officers discharged on reduction of Establishment.

Service towards Pension.

9. Dismissal for misconduct entails forfeiture of the benefit of past service.

10. Service as a substitute does not count towards pension.

11. Periods of service before the age of 22, or of absence on other than privilege leave and preparatory leave shall not count towards pension.

12. The whole of the service, in virtue of which pension is claimed, must have been passed in an eligible grade and on a permanent Establishment ; but claims barred by this Rule will be specially considered if the promotion from an ineligible grade was bestowed as a reward for meritorious service or for good conduct.

13. The period of service must be continuous ; but in case of the abolition of the office held by an Officer, and his being subsequently employed by Government, his first period of service is to be taken into account.

Gratuities.

14. When an Officer is discharged with a gratuity under these Rules on reduction of establishment, the gratuity will not be given to him in one sum, but in monthly instalments of a month's pay until the full amount is exhausted. Should he be re-employed before or after the period for which gratuity is allowed, he will have the option of refunding the gratuity and recovering his former service, or of forfeiting that service by retaining the gratuity. In the latter case, any balance of gratuity remaining undrawn at the date of his re-employment may be paid to him.

Payment of Pensions.

15. Payment of pension will commence from the date on which the applicant ceases to be borne on the Establishment, or from that of his application, whichever may be the latter date.

16. No pension shall be payable in arrear, for a period exceeding six months, without the express sanction of the Government obtained thro' the Civil Paymaster,—unless the cause of the suspension of payment shall have been the neglect, order, or act of some public Officer and beyond the control of the Pensioner, when the Civil Paymaster, on a reference being made to him, shall exercise his discretion in passing arrears for payment, or submit a representation of the case for the information and orders of Government, as he shall consider proper.

18. An Officer shall, on retirement, have the option of drawing his pension either in India or from the Home Treasury. After exercising his option on retirement, he may, at a subsequent period, change the place of payment from England to India, or *vice versa*. This change can, however, be allowed but once. The payments in England will be made at the rate of exchange which is annually fixed in communication with the Lords of the Treasury for the adjustment of transactions between the British and Indian Exchequers.

No. 2428,

Extract from the Proceedings of the Government of India, in the Financial Department, under date the 8th June 1863.

Read letter No. 111 of 6th August 1862, to the Right Hon'ble the Secretary of State, regarding the limitation to £500 per annum of the maximum pension to Uncovenanted Officers.

Read reply thereto in paragraphs 19 to 24 of the Despatch from the Secretary of State, No. 205, dated 8th December 1862.

Ordered, that the foregoing correspondence be published for general information.

FINANCIAL DEPARTMENT.

No, 111 OF 1862.

To the Right Hon'ble Sir C. WOOD, BART., M.P.,

Secretary of State for India.

Fort William the 6th August 1862.

SIR,—The Rules of the 4th January 1831, regarding the grant of pensions to Uncovenanted Servants, restrict the amount of pension to half salary for those who have served for thirty years or more (except as regards Law Officers and Native Judges, in whose case twenty-two years' service is sufficient), and to one-third for those who have served for a shorter period, not less than twenty years (fifteen years being substituted for twenty in the case of Law Officers and Native Judges).

2. Referring, however to the extension of the service and the alteration in the prospects of its members since the Rules were passed, the late Court of Directors decided, in their Despatch No. 21, dated the 28th February 1855, that 500*l.* per annum should be the maximum pension to be granted to Uncovenanted Officers "hereafter appointed to the Service." Accordingly, as respects all Uncovenanted Officers who entered the Service prior to that date, the Rules of 4th January 1831, continue to be applied, and with reference to the continually increasing number of highly paid appointments which are now thrown open to Uncovenanted Servants, the Government of Bombay, anticipating that the State will become saddled with large pensions payable on their retirement from the Service, have addressed us proposing that "before any Uncovenanted Servant who shall have entered the Service before the 19th May* 1855 is promoted to an appointment, the salary of which is Rupees 10,000 per annum and upwards, he shall be called upon to renounce formally any claim to pension beyond the sum of 500*l.* per annum."

* The date of the orders of the Government of India notifying the decision of the Court of Directors in their Despatch No. 21 of 1855.

3. The restriction proposed by the Bombay Government is in itself quite reasonable, and the only doubt we find regarding it is whether it is the proper way of attaining the object in view.

4. The Uncovenanted Service it seems to us, cannot claim to have any rights under the Rules of 1831 beyond what may be considered to arise out of the general pledge, which those Rules may be taken to give, that a member of that service when rendered incapable of further duty shall not be discharged without *some* pensionary support. As regards the *amount* of pension to be given, the Rules merely fix a limit which is not to be exceeded, and altho' it has, with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the Rules.

5. The Rules of 1831 were obviously not framed with a view to the duties and emoluments of the High offices which are now bestowed on the Uncovenanted Service.

6. Apart from any question of construction of the Rules as they stand, we see no ground for holding that the Government in passing the Rules of 1831, pledged the State to allow pensions on the scale, and according to the conditions therein prescribed, to all Uncovenanted Servants who were at that time in the Public Service, or who might enter the Service, while the Rules yet remained in force.

7. It appears to us that it was always open to the Government to modify these Rules whenever it might in good faith consider that the public interests called for their modification; and when it appeared that the circumstances of the Uncovenanted Service were becoming rapidly changed, and that the Rules which were framed chiefly in reference to Natives of India, among whom at that time it is probable that no salary higher than 500 or 600 Rupees a month would have been found, were claimed as applicable to a class of appointments for which they never were meant to provide, we consider that the Government would have been perfectly justified in framing new Rules and making them applicable to all classes of appointments, which were plainly not included within the original intention of the Rules of 1831. This would have been a direct, and, in our judgment, a very legitimate way of attaining the object which it is now proposed to attain by the somewhat doubtful proceeding of refusing promotion to a deserving Officer, unless he will consent to abandon that to which it is assumed he has a right under the existing Rules.

8. We incline to think, notwithstanding the difficulty which his undoubtedly caused by the Proceedings of 1855, referred to in the second paragraph of this letter, that even now it will be better that the Government should assert its right to alter the Rules of 1831, as regards all appointments clearly not embraced by the original intention of those Rules, and to declare such alteration applicable to all Uncovenanted Servants, whether they entered the Public Service before 1855 or since.

9. But if this be done it may be right perhaps, having regard to the expectations which must naturally have been created by the order of 1855, to allow the full advantages of the Rules of 1831, with respect to all appointments *made up to the present time*, and held by Officers who entered the Public Service before 1855. Thus, such an Officer already holding an appointment of Rupees 1,500 a month will, on superannuation after twenty-two or thirty years' service, according to the class of appointment, be able to claim a pension up to 900*l.* a year; but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension calculated on those higher emoluments.

10. The distinction which will thus be made between persons (all having entered the Public Service before 1855) who have already obtained promotion to higher and lucrative employment, and those who are

yet looking for such promotion, may possibly appear unreasonable and invidious, but it will not really affect the latter class more injuriously than will the proposal submitted by the Government of Bombay, and it is a course which, on the whole, seems to us less open to objection than the Bombay plan.

11. We request the favour of an early decision upon this reference.

We have, &c.

Fort William, the 6th August 1862.

Extract (paragraphs 19 to 24) from a Financial Despatch from the Right Hon'ble the Secretary of State for India, to the Right Hon'ble the Governor General of India in Council, No. 205 of 1862, dated the 8th December.

PARA. 19. I have also had under consideration your Financial letter, dated the 6th August 1862, No. 111, in which you refer to a proposition made by the Government of Bombay, in reference to the restriction on the maximum amount of pension prescribed in the Financial Despatch of the Court of Directors, to the Government of India, dated the 28th February 1855, No. 21.

20. That Despatch fixed the sum of £500 as the maximum pension to be granted to Uncovenanted Servants hereafter appointed to the Service. The Government of Bombay consider that it would be expedient to require any Uncovenanted Servant, who entered the service before the date of the orders of your Government on the Despatch of the Court of Directors, and who shall hereafter be promoted to an appointment, the salary of which is *Rs.* 10,000 per annum and upwards, to renounce formally any claim to pension beyond the sum of £500 per annum.

21. In reference to that opinion of the Government of Bombay, you observe that the Uncovenanted Service "cannot claim to have any rights under the Rules of 1831, beyond what may be considered to arise out of the general pledge which those Rules may be taken to give, that a member of that Service, when rendered incapable of further duty, shall not be discharged without some pensionary support. As regards the amount of pension to be given, the Rules merely fix a limit which is not to be exceeded, and altho' it has with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the Rules."

22. You nevertheless consider that, with reference to the Order of 1855, it may be right "to allow the full advantages of the Rules of 1831, with respect to all appointments made up to the present time, and held by Officers who entered the Public Service before 1855. Thus such an Officer already holding an appointment of *Rs* 1,500 a month will, on superannuation after twenty-two or thirty years' service, according to the class of appointment, be able to claim a pension up to £900 a year, but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension calculated on those higher emoluments.

23. I must observe that, under the existing Pension Rules, an Uncovenanted Servant is not entitled to claim a pension of the full amount, which is only authorized as the reward of approved service, and when the Rules were framed it could not have been contemplated that a larger pension than £500 per annum could ever be granted.

24. Under any circumstances, therefore, the full pension should only be awarded in cases of extraordinary merit.

No. **352** of 1863.—The following Notifications and Proceedings in the Financial Department, connected with the new rules for leave of absence and Pensions to Uncovenanted Servants, are published in General Orders :—

FINANCIAL DEPARTMENT.

No. 3200.

Fort William, the 16th July 1863.

READ a letter from the Officiating Civil Paymaster, Fort William, No. 14, dated the 6th July 1863, enquiring, with reference to the new Rules for leave of absence to Uncovenanted Servants, whether a Deputy Magistrate who has been absent twice on sick leave for short periods, amounting in the aggregate to six months and eight days, is to be denied further leave, or to be allowed leave without pay on the third occasion of his applying for Medical leave for three months, on the ground that by the new Rules, sick leave for three years has to be taken in neither more nor less than two periods.

RESOLUTION.—The Hon'ble the President in Council observes that under the strict letter of the Rules for leave of absence to Uncovenanted Officers recently promulgated, an Uncovenanted Officer may be allowed leave of absence, on Medical Certificate, for a third period, *but without any allowances*. But His Honor in Council, having no doubt that the limitation of sick leave to two periods *with allowances* was intended by the Secretary of State to apply only to cases of leave of absence to England or to places beyond Indian limits, is pleased accordingly to rule that leave of absence on Medical Certificate, taken for short periods by Uncovenanted Officers within Indian limits shall not bar a further leave of

absence either in India or elsewhere: Provided that the whole of the periods of absence shall not exceed three years during their entire service under Government. The allowances to be given during such Medical leaves shall be regulated by the existing Rules for sick leave, that is to say, half salary not exceeding £600 a year shall be given during the first fifteen months taken from time to time; and after the completion of fifteen months one-fourth of salary not exceeding £300 per annum for all other periods up to the limit of three years.

Ordered, that the above Resolution be published in the *Calcutta Gazette* for general information.

No. 3220.

Fort William, the 17th July 1863.

Extract from a Despatch from the Right Hon'ble the Secretary of State for India, addressed to the Government of India, in the Financial Department, dated 2nd June 1863, *No.* 92.

Para. 6.—With regard to the ruling that service on a salary of 10 Sicca Rupees a month gives no claim to Pension under the Rules, I must observe that, as it has long been the practice to allow Pensions to Uncovenanted Servants whose salaries paid in Company's Rupees have exceeded 10 Company's Rupees a month, it seems undesirable that a higher minimum rate of remuneration should be required as a qualification for Pension in the case of those who have drawn their salaries in Sicca Rupees; and I accordingly authorize you to admit to the benefit of the Pension Rules, Uncovenanted Servants whose monthly salary, tho' paid in Sicca Rupees, has exceeded for the required period, 10 Company's Rupees in value.

Letter dated 25th February 1863, No. 27.

ORDER.—Ordered that a copy of the above paragraph be sent to the Departments *(a)* Governments *(b)* Administrations *(c)* and the Officers *(d)* noted in the margin, for information and guidance.

READ endorsement from the Foreign Department with His Excellency the Governor General, No. 465, dated 13th July 1863, forwarding for consideration, a reference from the Punjab Government connected with the grant of privilege leave to Uncovenanted Servants.

RESOLUTION.—Section XVI of the Uncovenaated Service Absentee Rules having deprived Uncovenanted Officers of accumulating privilege leave for twenty-two or thirty-three months' consecutive service, the Punjab Government enquires (1) whether an Officer who had accumulated his leave previous to the issue of the present Rules can be still held entitled to it; and (2) whether cumulative privilege-leave, sanctioned before the issue of the new Rules but not availed of up to the time they came into force, can still be available.

The Hon'ble the President in Council determines that Uncovenanted Officers who were entitled to accumulated privilege leave under the old Rule, when the new Rules were issued, will be allowed two or three months' leave in the same manner as if the old Rule still remained in force.

ORDER.—Ordered that a copy of the above be published in the *Calcutta Gazette* for general information.

Fort William, the 14th August 1863.

RESOLUTION.—The Hon'ble the President in Council is pleased to rule that public servants on salaries of less than 100*Rs.* per mensem, when transferred from one situation to another, on the Public Service, should be placed on the same footing both in respect to pay and travelling allowance with servants on 100*Rs.* per mensem or more.

Read again the New Pension Rules for Uncovenanted Servants, published in Financial Notification, No. 2,427, dated 8th June 1863.

Ordered, that copies of the foregoing Resolution be forwarded to the Foreign, Home, Military, Public Works and Marine Departments; Governments of Bengal, Madras, Bombay, North-Western Provinces, Punjab and Eastern Settlements; Auditor General of India; Accountant General to the Government of India; Deputy Auditors and Accountants General, Bengal, Madras, Bombay, North-Western Provinces, Punjab, Central Provinces and Hyderabad; Civil Paymasters, Bengal, Madras, Bombay, North-Western Provinces and Punjab; Military Finance Department; and the Mint Master, Calcutta.

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 27TH OCTOBER 1863.

No. **376** of 1863.—The following Extract from General Orders by the Government of India, is re-published :—

Simla, the 8th October 1863.

No. 153A of 1863.—His Excellency the Governor General is pleased to publish for general information, Extract of a Despatch from the Right Hon'ble the Secretary of State No. 301, dated 24th August last, paras. 1, 2, 3 and 4.

"Para. 1. In reply to the question submitted in your Lordship's letter, dated 30th May last, No. 23A, I have to inform you that an Officer holding the rank of Brigadier would not, under the Regulations of the British Army, Command an Officer in the same Brigade holding Her Majesty's Commission of a prior date; and I am informed by His Royal Highness the Field Marshal Commanding in Chief, that your Lordship rightly interprets the "Queen's Regulations," under which it is ruled that although Brigadiers General rank with each other according to the date of their Commissions as Colonels, they exercise Command over all Colonels whatsoever, who do not hold the rank of Brigadier General.

Page 3, Article 3.

2. It appeared to me, with the view of extending as widely as possible the sphere of selection for the Command of Brigades, that the recommendation of your Lordship and the Commander in Chief in India, that the rank of Brigadier General should be conferred upon Officers appointed to such Commands, should be carried out, and I suggested to the Field Marshal Commanding in Chief that this course should be adopted.

3. His Royal Highness has expressed his concurrence in this suggestion.

4. In conveying to you the sanction of Her Majesty's Government to the above proposal, I wish it to be distinctly understood that no additional expense is to be occasioned by the arrangement."

In accordance with the foregoing authority the Right Hon'ble the Governor General is pleased to confer the rank of Brigadier General upon the undermentioned Officers while in Command of Brigades on the Bengal Establishment, with effect from this date :—

Simla, the 13th October 1863.

No. 156A. of 1863.—Under the authority and direction of the Right Hon'ble the Secretary of State for India, as conveyed in his Despatch No. 311, dated the 31st August last, a revised Table of Staff salaries for the three Presidencies is published, and the Extracts of Sir Charles Wood's Despatch on the subject, as given below, are promulgated for general information.

2. Officers whose appointments are not specified in the Table of revised salaries will draw pay as at present, and further orders will hereafter be issued with respect to the Office Establishment of those Staff Officers who have hitherto drawn an Office allowance, such as Assistant Adjutant Generals of Division and Majors of Brigade.

3. With reference to paragraph 29 of Sir C. Wood's Despatch, it is announced that the Despatch was received by His Excellency the Governor General on the 30th September. Increased pay, where granted by this order, is therefore claimable for the month of September.

Para. 1.—"Your several letters noted in the margin, relating to the salaries to be attached to Offices held by Military Officers in India, have been under my consideration in Council, and I have now to communicate to your Lordship the decision which, after an attentive perusal of the several papers which accompanied your letter, Her Majesty's Government have arrived at upon this subject.

2. The Committee of Secretaries appointed by your Government to consider the subject, have gone very carefully into the whole question, and have submitted a very valuable Report, which has greatly tended to facilitate and simplify the consideration of this important matter.

3. They observe of the Royal Warrant for the formation of the Staff Corps in India that, after fixing the scale of pay to be received by Officers attached to them while in India, and when out of India, it further provides that every Officer when in active employment will also receive, in addition to the above pay, such a sum as will make his total pay and allowances up to the sum assigned by the Government of India, with the approval of the Secretary of State for India in Council, as the consolidated pay of the office which he may hold.

4. Having consulted the several Governments, as well as the Chief Political and Military Officers of the Government, the Committee propose for adoption the following principles :—

1*st*.—That the Salaries of Military Officers holding appointments connected with the Civil Administration of the country, should be consolidated and fixed without reference to the rank of the incumbent.

2*nd*.—That in the case of Military Officers in Staff employ, a certain salary should be fixed for every appointment, and that the incumbent should receive such fixed salary in addition to the Staff Corps pay of his rank.

3*rd*.—That this latter principle should apply to the Department of Public Works.

5. I concur generally in the principles here laid down, with some exceptions to be hereafter pointed out, as regards the Officers in Military Staff employ.

10. I have considered it necessary to deviate in some respects from the rates of salary proposed by the Committee, and I now forward, for the information of your Government, a Table of salaries which Her Majesty's Government have resolved upon, for the several Offices enumerated in their Report.

11. You will observe from the Table that, while adhering generally to the principle of allotting a Staff salary in addition to Staff Corps pay, it has been determined to fix the salaries of some few of the higher Officers at a consolidated sum.

12. In the case of the other appointments it is to be understood that the Staff salary now fixed, plus the Staff Corps pay due to the Officer's rank, will constitute the maximum amount to be drawn by an Officer of that rank holding the office in question, whether such Officer belong to the Staff Corps or not. In the case of appointments held by Officers belonging to Her Majesty's British Forces, such maximum amount will include any pay or half-pay that may be paid to them in England.

13. I approve of the Rule proposed by the Committee that in all cases where any allowance for "office" is made, as in the case of Assistants Adjutant General, Brigade Majors and others, it should be distinctly understood that the allowance is to be drawn only by Officers actually discharging the duties of the appointment, and that no further charge can be allowed for providing an office.

14. It is desirable that, whenever possible, the Public Offices should be located in public buildings, and it should be a standing Rule that all Bills for Office allowance should be supported by a Certificate from the proper authority, that no public building was available for such Office.

15. I am of opinion, however, that Office Establishment should, as a general rule, be maintained according to a regulated scale, and should be paid on abstracts, supported by the usual monthly Muster Roll.

18. The principle laid down in the 4th Clause of the same paragraph has, you will perceive, been observed in the rate of salary allotted to the heads and Subordinate Members of Departments at the several Presidencies; but I have extended to the Deputies of the Army Department at Head Quarters in Bengal the benefit of the Rule which gives to the Chief of those Departments a higher rate of salary than at Madras or Bombay.

19. In the 2nd Clause of the 10th paragraph, the Committee observe that, "referring generally to "the expensive rates of living in Presidency Towns, we think that the principle "of allowing house-rent may be generally adopted, at the rates marginally "shewn, and we would recommend that it should be made applicable to the "Presidency Towns of Madras, as well as to Calcutta and Bombay,"

	Rs.
Colonel	125
Major	100
Captain	75
Lieutenant	40

20. I approve of the proposed scale, which will apply to Officers at each Presidency not drawing consolidated salaries.

29. The scale of salaries now sanctioned, will be brought into operation and made to apply in all cases where there is no reduction in the present aggregate salary, on the payment due on the first of the month succeeding the receipt of this order.

30. Reduction of salaries effected by this order are not to be made to affect present permanent incumbents, or those who are officiating for such permanent incumbents, being temporarily absent from their duties."

4. Separate orders will be issued regarding the Staff salaries to be allowed to Officers serving with Native Corps.

No. 157 *A. of* 1863.—His Excellency the Governor General is pleased to publish the following extracts of a Despatch from the Right Hon'ble the Secretary of State for India, No. 311, dated 31st August 1863, regarding the absentee and acting allowances of Military Officers in Civil employ, the provisions of which are applicable to all the Presidencies.

Para. 31.—With your Despatch. No. 23, in the Financial Department, you forward a further Report from the Committee of Secretaries regarding the absentee and acting allowances of Military Officers in civil employ, with a note thereon by your Financial Secretary.

Para. 32.—You concur generally in the recommendations of the Secretaries, with the amendments noted by the Financial Secretary, and propose the adoption of the following principles :—

1*st.*—That every Military Officer in Civil employ when on leave should draw pay under the Military Rules ; and

2*nd.*—That every Military Officer whon acting in any Civil appointment should draw his Civil pay under the Civil Rules.

33. Upon these two principles you propose the following Rules for the Officer on leave :—

A Military Officer in Civil employ on leave, either in India or in England, shall draw precisely the pay which he would be entitled to draw under the Military Leave Rules, except when on privilege leave as hereafter specially provided.

Such pay shall be provided from the Civil Department excepting only in cases where the allowances so drawn would exceed the entire Civil pay of the appointment, when the excess will be paid by the Military Department. The Staff salary of any Officer shall be held to be the difference between the Indian pay and allowances of his rank and the full salary of his permanent appointment.

34. For the Acting Officer your Government proposed the following Rules :—

A Military Officer acting for another in Civil employ shall draw deputation allowance under the rule by which the allowance is granted to Covenanted Civil Servants.

If the Officer be in Military Staff employ, such deputation allowance will be given in addition to his Military pay and allowances, plus half the Staff pay of his substantive appointment.

If the Officer hold no substantive Staff appointment, Civil or Military, it will be given in addition to his Military pay and allowances.

A Military Officer in Civil employ performing the duties of his substantive appointment, and at the same time officiating in another, is entitled to his substantive salary, and in addition to a deputation allowance of 20 and 10 per cent. on the Staff salary of the appointment in which he is officiating, provided the pay of the substantive appointment, with the addition of the deputation allowance, does not exceed the pay of the higher appointment.

A subordinate acting for his principal or for any other Officer at the same Station, is not entitled to deputation allowance for the first month while so acting, unless he is required to act on two occasions within a brief period (say twelve months) in which case he draws deputation allowance for the whole period during which he may have held the appointment in excess of one month as if he had acted continuously.

A Military Officer proceeding from one Civil appointment to another, shall be allowed to draw, during the authorised period of transit, out of the salary of the office he is about to join, a sum equal to that of his previous situation. This rule to be preceded by an order making the Civil Rules for joining time applicable to Military Officers in Civil employ.

A Military Officer in Civil employ can take three months' cumulative privilege leave (under the Civil Rules only) but he must earn it by thirty-three months' continuous service in the Civil Department alone.

35. These several Rules are approved of.

* N. B.—Rules for the classification of Convalescent Depôts and Station Staff appointments will be published hereafter. Meanwhile pay will be drawn at the present rates.

INDIA OFFICE,
London, 8th August 1863.

MILITARY.

HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—With the view of obviating delay in the despatch of Invalids and Time-expired Men from India, who may have claims to compensation for Clothing, it has been proposed by the Bombay Government that such compensation be not paid until the arrival of the men in this country.

2. To carry out this arrangement, a Return (in duplicate) must be prepared by each Regiment, of the claims of men about to be sent Home for discharge from the Corps, and, after verification by the Superine

tendent of Army Clothing, such Return must be sent to the Deputy Adjutant General, in order that one copy may be forwarded to this Office and the other be delivered to the Officer about to proceed in charge of the Detachment, to be made over by him on his arrival to the proper Officer* by whom the disbursement is to be made.

* (The Paymaster at Netley, or elsewhere.)

3. The Secretary at War sees no objection to the proposed arrangement, and has stated that instructions will be accordingly given to the Paymaster at Netley, and to the Paymasters of Depot Battalions, to make the payments in question.

4. I therefore request, should you see no reason to differ from the views of the Bombay Government, that you will cause the necessary instructions to be issued for giving effect to the arrangement at the respective Presidencies.

I have, &c.,
