Circular Orders by the Inspector General of Ordnance and Magazines.

No. I of 11th January 1866.

ORDNANCE DEPARTMENT.

IMPROVED PATTERN ARM CHESTS. The Commissary of Ordnance Fort Saint George is requested to dispatch to each outstation Arsenal, Ordnance Magazine, and Depot, an arm chest of the improved pattern received from England, with the view of such of the Arm Chests now in store, as will admit of it, being altered, and future supplies made up agreeably to this pattern.

No. II of 26th January 1866.

ORDNANCE DEPARTMENT.

COUPLES FOR WADS. With reference to G. O. C. C. of India dated 8th September 1864, republished in G. O. C. C. dated 15th December 1862, page 418, specifying the detail of Guns Carriage's laboratory Stores, &., for 6, and 9 Pdr. Batteries for service in India, the Inspector General of Ordnance and Magazines has ascertained by reference to Calcutta that "couples for Wads" has been erroneously entered, and that the item intended is "Couples for Traces." The necessary alteration will therefore be made, in the Office Copies of the Order referred to, by Ordnance Officer.

No. III of 26th January 1866.

ORDNANCE DEPARTMENT.

SWORD VERSUS BAYONET. Government having in the annexed Order approved of the issue to British Cavalry Regiments of Muskets and Bayonets of the old pattern, for the purpose of practising, "Sword versus Bayonet," Ordnance Officers on whose range British Cavalry Regiments may be dependent are directed to make the issue without delay on receipt of Indents.

MILITARY DEPARTMENT.

Read the following papers:—

From the Adjutant General, Fort Saint George, 28th November 1865, No. 531; to the Secretary to Government, Military Department.

I have the honor, by order of the Commander-in-Chief, to solicit the sanction of Government for the annexed Circular, dated Head Quarters, Simla, 27th September 1865, No. $\frac{137}{E.}$ being made applicable to this Presidency.

2. The Inspector General of Ordnance and Magazines has intimated, that there is a sufficient supply of Muskets and Bayonets of the old pattern in store.

Circular to Officers Commanding British Regiments of Cavalry.

No. $\frac{137}{E.}$

Regimental Institutions.

MEMORANDUM.

Officers Commanding British Cavalry Regiments are informed, that Government has sanctioned the issue of fourteen Muskets and Bayonets of the old pattern to Regiments, for the purpose of practising "Sword *versus* Bayonet," as laid down in Circular from this Department, No. 163 of the 22nd November last.

By order.

ADJT. GENL'S OFFICE, HD. QUARTERS, SIMLA, *27th September* 1865.

ESTABLISHMENT DEPARTMENT.

ARMOURERS CASUALTY. The Inspector General of Ordnance and Magazines directs that on a Casualty occurring amongst the Civil Armourers, Armourer Serjeants, and Armourers, serving in Arsenals and Magazines, a report be immediately made to this Office.

No. V of 6th February 1866

ESTABLISHMENT DEPARTMENT.

TRIAL OF TENT LASCARS. The following Circular Memo. from the Quarter Master General recording the opinion of the Judge Advocate General as to the course to be pursued for the Trial of Tent Lascars, is forwarded for the information of all Officers in charge of Arsenals, Magazines, and Depots, and made applicable to Store Lascars of the Ordnance Department of this Presidency.

QUARTER MASTER GENERAL'S OFFICE,
Fort Saint George,
20th December 1865.

No. 12139.
CIRCULAR MEMORANDUM.

For
THE QUARTER MASTER GENERAL'S Staff
of Divisions and Forces.

The subjoined communication from the Judge Advocate General is sent for information and guidance. It arose out of a question whether a Tent Lascar, who had been convicted by the Magistrate at Kamptee of stealing, and punished with thirty stripes, should not rather have been tried by Court Martial.

2. With reference also to a recent case in which a Tindal had been ordered to be reduced by a Commissary of Ordnance, it must be borne in mind that the Quarter Master General legally holds the position of Commanding Officer with regard to the whole body of Tent Lascars, and that the punishment of reduction or dismissal is alone awardable by him—Articles of War, Chapter I, Section 3. Ordnance Officers are restricted to awarding the minor punishments applicable for Native Troops when punishing Tent Lascars serving immediately under them, in accordance with para. 30 of G. O. No. 252 of 1862, and para. 45 of Section XVI, page 365, Pay Code.

OPINION.

I. "The Judge Advocate General has the honor to return the papers received with the "Quarter Master General's Memorandum No. 880 of 18th instant, in the case of the trial of "Tent Lascars Chinnoo and Chinniah of the Camp Equipage Department, Kamptee, before the "Cantonment Magistrate of Kamptee."

II. "The provisions of Act XXII of 1864, Bengal, for the administration of Military "Cantonments, have been extended to Kamptee, and the Cantonment Magistrate is invested with "criminal powers to try and dispose of cases of the kind when sent before him."

III. "The Acting Commissary of Ordnance, Nagpore Magazine, states he directed the "Lascars to be taken before the Cantonment Magistrate for trial, and that it is customary there "and at Madras, to dispose of such cases before the Civil authority as the most expeditious mode "of dealing with them."

IV. "This possibly may be the case; but it is in direct violation of the orders issued "to the Army, in Circular No. 176 from "the Adjutant General of the Army of "13th January 1862, "quoted in the margin "regarding Tent and "Store Lascars, which "are still in force in "all Stations, whether under Regulation VII of 1832, or the Acts for the administration of "Military Cantonments'."

2. Para 26. Although under the Regulation VII of 1832, Section XIII, Regimental, Tent and Store Lascars are amenable to Police jurisdiction at the discretion of the Officer Commanding the Station where the Regulation is in force, they are also subject to trial and punishment by Courts Martial under Article 167, as Public Followers attached to the Army. Taking into consideration their intimate connection with the Troops, it is not desirable that they should be subjected to trial by any other tribunals than Soldiers are. Officers Commanding Divisions and Stations will therefore, in every instance, direct Superintendents of Police at Military Bazar Stations to make them over for trial of all offences by Court Martial. Officers in charge of Arsenals, Commissaries of Ordnance and others, will strictly observe this course, or make use of the powers conferred on them by the 82nd Article.

V. "The trial and conviction of Tent Lascar Chinnoo, General No. 1,772, by the "Cantonment Magistrate being perfectly legal, must be sustained, but his sentence of corporal "punishment does not involve his discharge from the service; that may be directed, or not as "deemed fit. The Acting Commissary of Ordnance, Nagpore Magazine, should be referred to "the orders quoted above for future guidance, as he is not at liberty to set them aside for the "reasons he states, or on any other account."

(Signed) F. H. SCOTT, Lieut.-Colonel,
Quarter Master General.

No. VI of 10th February 1866.

INDENT DEPARTMENT.

STATIONERY INDENTS. To be sent direct to Superintendent of Stationery in future.

The Inspector General of Ordnance and Magazines notifies, for general information, that, with the sanction of Government, recorded in Proceedings in the Public Department, dated 6th January 1866, No. 4, all Stationery Indents will in future be sent direct to the office of the Superintendent of Stationery.

2. The Indents of subordinate Officers will, as heretofore, be first checked by the Controlling Heads of Departments, and included in their General Indents, and the latter sent to the Stationery Office accompanied by duplicate Minor Indents, as directed in para 13 of the Rules for the issue of Stationery. Vide Fort Saint George Gazette No. 3835, dated 1st March 1864 page 373.

3. The several Stationery Indents will be audited by the Superintendent of Stationery, and supplies made thereupon of articles to the extent allowed by Regulation; no issues will be made in excess of allotments without the sanction of Government, and any Department requiring Stationery in excess of the allotment sanctioned will forward such Indents, with full explanation of the necessity of increased supplies, to the Inspector General of Ordnance and Magazines, who will, as the case demands, submit the Indents for the sanction of Government.

No. VII of 19th February 1866.

ORDNANCE DEPARTMENT.

Shot and Shell Bottoms. The Inspector General of Ordnance and Magazines publishes the annexed dispatch from the Officiating Deputy Secretary to the Government of India No. 234 for information and guidance of Ordnance Officers.

Quarter Master General,

To

THE OFFICER COMMANDING,

Division,

SIR,

I have the honor by order of His Excellency the Commander-in-Chief to request, that henceforth you will be so good as to address the Officer Commanding Centre Division, Madras, instead of the Quarter Master General, on all matter's ordinarily transacted between Divisions up-country.

2. The Deputy Assistant Quarter Master General, Centre Division will now provide for and superintend the movement of all small details, and of such other bodies as may be ordered by Head Quarters at the time by Rail, transit, march or ship, going from and coming to the Division, in communication with the adjoining Divisions or Presidencies. The embarkation of details on the contract Steamer to Burmah, and the landing of troops from the same, and their disposal after landing, will be under the Division; besides the movements of small bodies to and from the Straits.

3. The Division will correspond with the Superintendent of Marine on the above points, and will furnish all Certificates required by Agents in connection with them; and for any other transactions known to, and conducted by the Division.

4. Invalids and others requiring to be sent away from, or brought to, the Depôts at Poonamallee and Palaveram, and to the General Hospital, Madras, will likewise be arranged by the Centre Division

5. The passage of troops to England will still, at least for the present, be provided for by the Quarter Master General, as well as their landing from England, unless otherwise decided on at the time.

6. The information which it is necessary that Head Quarters in the Quarter Master General's Department should be possessed of, is in no degree to be diminished on account of the foregoing instructions; the only object of which is, to transfer to the Centre Division, those duties which the Commander-in-Chief considers legitimately belong to it.

I have the honor to be,
Sir,
Your most obedient Servant,

ARMOURER SERJEANTS. When Armourer Serjeants, or Armourer Privates on promotion, are transferred from an Arsenal, Magazine or Depot for duty with Regiments, the Ordnance Officer in charge will at once forward to this Office, the documents required by the Orders noted in the margin,* completing the same in all respects up to date, for the purpose of being transmitted to the Superintendent of the Royal Small Arms Factory Pimlico.

* G. O. C. C. No. 42 of 20th April 1865.
G. O. C. C. No. 16 " 5th March 1866.

2. Papers of Armourers transferred to Regiments since the publication of the orders above quoted will be at once obtained, and forwarded to this Office, for disposal.

No. XIII of 21st April 1866.

ORDNANCE DEPARTMENT.

Indents.—1. All indents on the Ordnance Department, whether at the Presidency or in the Mofussil, for supplies, specially provided for by Regulation, will be sent *only* to the local Ordnance Officers by whom the issues are to be made. The previous sanction of the Inspector General of Ordnance and Magazines is unnecessary in such cases.

Para 12 of C. O. No. XXVI of 17 December 1852.

All Indents for articles of any fixed allotment in accordance with the regulations of the service from Corps and Departments *shall be disposed of as emergent* and when counter signed by the Commanding Officer at the Station shall be at once complied with by local Ordnance or Commissariat Officers.

2. Ordnance Officers will be held strictly responsible that the supplies, made by them under the present order, are such only as are distinctly provided for by Regulation, and the Inspector General requests that the instructions issued, in Circular Order No. LXV dated 29th June 1858, now republished below, with the necessary modifications, may be adhered to.

3. Indents of the above description will not hereafter be required to be prepared in duplicate and triplicate; a single copy will suffice. on which supplies will be made, and which afterwards will be transmitted to the Examiner by Ordnance Officers with their monthly accounts.

4. Indents of an *emergent* character for supplies, not provided for by regulations, will, be prepared in duplicate, agreeably to existing orders, and continue to be met at once by Ordnance Officers, the sanction of the Inspector General being afterwards obtained.

5. Requisitions on payment, or for special supplies, not provided for under any Order of Government, and which are *not of an emergent* character, will, as heretofore, be submitted to the Inspector General, who will, as the case demands, either authorize the supply, or submit it for the sanction of Government.

Bills.——6. The Inspector General of Ordnance and Magazines also directs Ordnance Officers in future to submit, *direct* to the Examiner of Ordnance Accounts, and not as hitherto to this Office, Bills for stores purchased, either by contract or directly from the market, or for extra workmen employed under the sanction of the Inspector General previously obtained.

7. No cash expenditure can be incurred except previously sanctioned by the Inspector General, that is, sanction must be first obtained for the purchase of stores, or employment of extra workmen, before the cost can be included in Bills.

8. The progress of expenditure will be notified to the Inspector General by Ordnance Officers, who will continue to submit, as usual, Quarterly Statements shewing the balances on hand.

9. Any balances remaining on hand at the end of the official year must be refunded by Ordnance Officers to Paymasters, and a receipt obtained, which should be attached to the Account Current furnished to the Examiner by Ordnance Officers in adjustment of the advances drawn.

10. Bills on account of cash expenditure hitherto incurred by other than Ordnance Officers, under the authority of the Inspector General, will also be forwarded *direct* to the Examiner of Ordnance Accounts for audit.

1st. Indents should be drawn out correctly according to forms already laid down in Orders.

2nd. The column, "Establishment for which drawn," should be correctly filled in, exhibiting numbers of individuals of different grades for which stores are required, or, in the case of Batteries, the number of Guns, Carriages, &c., or for machinery, or other articles, the same should be specified.

3rd. The nomenclature employed to denote the articles, should be the same as that used by the Ordnance Audit Department.

4th. The articles indented for should be supported by due authority, or fixed Regulation, the authority should be correctly quoted, the date of the highest authority being the one to be inserted.

5th. The information required by the different columns should be correctly filled in, and in such a way as to obviate the necessity of applications for information.

6th. The various Certificates should be in due order, and correctly apply to the object of the Indent.

7th. In cases of supply in lieu of Stores returned into another Arsenal, the number and date of the receipt for the returned Stores should be quoted in the Indent.

8th. When Letters, or Local Orders are quoted, it should be ascertained whether such orders are the only orders authorizing the supply, and if so, a copy thereof should be attached to the Indent, but the superior order is invariably to be quoted.

9th. Quantities, or numbers, should be checked as to whether correctly calculated.

10th. In the case of articles requiring to be exchanged, the cause assigned for the exchange must be such as to justify the supply.

N. B. Should the state of the articles exchanged be such, when forwarded to the Arsenal, as to require consideration, the same should be reported by special letter to this Office.

ORDNANCE DEPARTMENT.

In order to obviate all misunderstanding in respect to the instructions conveyed in Circular Memo. No. 7922 dated 29th January 1866, the Inspector General of Ordnance and Magazines republishes the same with amendment.

Officers Commanding Batteries of Royal Artillery are requested to recover and account for in their returns, the *Metal Screw Plugs for Diaphragm and Common Shells*, when the Shells are expended at practice, and return them into the nearest Arsenal, or Magazine, the Ordnance Officer forwarding the plugs so returned into store, as opportunities offer, to the Grand Arsenal.

2. The Screw plugs used with *Segment Shells for Armstrong Rifled Ordnance* with the *Concussion Fuze* without the *Time Fuze*, being fixed in the shell will necessarily be expended with the Shells.

THE OFFICER COMMANDING.

SIR,

I have the honor, by desire of His Excellency the Commander-in-Chief, to request that when Tents are issued on loan under the provisions of G. O. C. C. No. 116, dated 11th September 1865, the following course be followed, with a view to the cost of repairs executed, and the amount to be paid for every stage travelled, being recovered and carried to the credit of Government.

2. Immediately after the Regiment to which the Tents have been lent has commenced its march, the Officer of the Quarter Master General's Department serving with the Division, will forward to the Departmental Staff Officer of the Division to which the Corps is proceeding, a Statement of the number and description of Tents lent to the Regiment.

3. When the Tents have been returned into store, the Divisional Staff Officer will ascertain from the Ordnance Officer the estimated cost of repairs required. and will call upon the Officer Commanding the Regiment to recover the amount and forward it to him, together with the sum payable for each stage travelled. These sums when received the Quarter Master General of the Division will pay to the Ordnance Officer of the Station or Range, reporting to this office that he has done so.

I have the honor to be,

Sir,

ORDNANCE DEPARTMENT.

The Inspector General of Ordnance and Magazines in publishing the annexed revised Form of monthly Statement of Ammunition (Cartridges for small Arms, Percussion Caps, Powder M. P. C. P. and Armstrong, Friction Tubes, Boxer's Fuzes Diaphragm shells and Segment shells) to be furnished *in duplicate* to this Office by Ordnance Officers, directs the following rules to be adopted in classifying the various descriptions of ammunition under their proper nomenclature.

I. Omit the word percussion, all arms being so, unless it be stated to the contrary,

II. Use the words Ball or Blank to show the description of cartridge.

III. Mention the diameter of the bore, and the weight of charge of each description of cartridge

IV. Specify whether the arm is rifled or a smooth bore by the letters R. or S. B.

V. Do not specify the pattern.

To exemplify the above, The present Nomenclature, "Cartridges Shotted Rifle Carbine 2 drams, will under the above rules become, "Cartridges Ball Rifle Carbine ·577, 2 drams," showing it to be the Artillery Carbine, the Nomenclature for the Sapper Carbine Cartridges, being "Cartridges Ball. Rifle Carbine ·577, 2½ drams."

Again "Cartridges shotted Sappers percussion 3 drams" will become "Cartridges Ball Sappers S. B. ·75, 3 drams," which shows what description of Cartridge is meant. Rules I, III, and IV, so far as mentioning the diameter of the bore, will apply to the nomenclature of the Arms themselves. Rule V will not apply to arms.

FIXING BOXERS FUZES. The Inspector General of Ordnance and Magazines requests the careful attention of Ordnance Officers to the annexed extract from a despatch No. 120 dated 24th November 1865, from the Right Honorable the Secretary of State for India recorded in Proceedings of Government No. 275 dated 22nd January 1866 relative to fixing Boxers Fuzes for Rifled Ordnance.

MEMO.

NEITHER A MALLET NOR ANY OTHER INSTRUMENT IS TO BE USED IN FIXING BOXERS TIME FUZE FOR RIFLE ORDNANCE ; but the operation is to be performed simply by *pressing the fuze with the hand and screwing* it, at the same time, into the bush or adapter.

When the fuze cannot be screwed any further with the *hand*, it is then properly secured.

The use of papier maché wad at the bottom of the adapter is to be discontinued.

2. The Inspector of Stores has drawn my attention to a late accident at sheerness in fixing one of boxer's fuzes for Rifled Ordnance, into a 7 inch Segment Shell, thus shewing that it is not safe to use the mallet with these fuzes, which can be securely fixed by simply pressing and securing them into the bush by hand.

ORDNANCE DEPARTMENT.

The Inspector General of Ordnance and Magazines publishes the annexed Order of Government in the Pension Department for the information and guidance of Ordnance Officers.

Proceedings of the Madras Government Pension Department, 14th April 1866.

Read again letter from the Secretary to the Government of India, dated 19th October 1865, No. 3026, and recorded in the Proceedings of Government, Pension Department, of the 21st November 1865, No. 431.

Read also the following Proceedings of Government, Financial Department.

Communicating, for disposal, the Orders of the Government of India, that in cases where the service has been rendered partly in ineligible and partly in qualifying grades, the gratuity may be given under the old Rules for the entire period ; but if the superior advantages of the new Rules be desired, the period of qualifying service alone must be taken into account. (Dated 25th January 1866, No. 38.)

ORDER THEREON, 14th April 1866, No. 113.

According to the Orders of the Government of India as laid down in these papers, when a gratuity is awarded under the new rules, no service can be counted which has not been passed in grades qualifying for pension, and the gratuity should, except in special cases, be proportioned to the length of the service counted, one month's pay being the maximum amount given for each year's service. When the gratuity is awarded under the old rules, the service counted may have been partly passed in grades which do not qualify for pension, but in that case the maximum gratuity will be six months' pay.

3. These Proceedings will be communicated to the Accountant General and Controller Military Accounts, who will be requested to examine carefully all applications for gratuity with reference to the instructions of the Government of India. In reporting on each case, they will state whether the case should be disposed of the under the old or new regulations, and will specify the amount of the gratuity which may be awarded under each set of rules. The Proceedings will also be communicated to all Collectors, Civil and Session Judges, and other Heads of Departments, for their information and guidance.

Adverting to Circular Memo. No. 859 dated 5th June 1865, the Inspector General of Ordnance and Magazines notifies, that with a view to ensure uniformity, as far as possible, in the prices of country supplies, debited in the accounts of the Ordnance Establishments in the Presidency, it is expedient that the provision of all articles required to be obtained by open Contract, should devolve on the Officer in charge of the Grand Arsenal, who will in communication with this Office, make all the necessary arrangements relating to the examination of Tenders, the selection of approved samples of the several articles required, and the preparation and execution of Contract Deeds.

2. The Officers in charge of the Establishments, marginally entered above, will therefore in future forward through this Department to the Commissary of Ordnance, Fort Saint George, lists of all Country supplies (excepting those of a nature appertaining exclusively to their respective Establishments) required by them periodically for the public service.

3. These lists should specify quantity and degrees of quality of the several articles; and in how many instalments, deliverable.

4. The Lists, if approved of by this Department, will be passed and forwarded to the Commissary of Ordnance Fort Saint George.

5. In the notification calling for Tenders, the Schedule should specify, in addition to other particulars, the several Departments for which supplies whether of the same description or otherwise, are intended, and the quantities assigned to each Department.

6. The delivery of the supplies at the several Departments will be arranged for by the Commissary of Ordnance Fort Saint George, in communication with the Officers in charge of those Departments.

MEMORANDUM.

To

The Ordnance Department,

ORDNANCE OFFICE, FORT WILLIAM,

4th November 1865.

With reference to Ordnance Office Circular No. 1210, 15th February 1864, the following are the bursting charges for Diaphragm shell as laid down in War Office Circular No, $\frac{12.}{2248}$ 30th September 1864:—

6	Pounder	10 drams,
9	„	18 „
12	„	24 „
18	„	30 „
24	„	40 „
8-Inch		80 „

The existing empty calico bursters and paper bags will contain the increased charges with exception of the 8-inch and 24-Pounder shells, and those for the latter will do for the 12-Pounder. With respect to filled bursters, in cases when the choke has been cut off and the additional charge cannot be inserted, they should be converted to bursters of a lower nature,

The bursting charges to be issued and bursters marked accordingly.

(Signed) FRANK TURNER, Colonel

Inspector General of Ordnance and Magazines.

"With reference to your letter No. 1947 of the 28th ultimo, representing that after a fair trial at the three Presidencies, the opinions are very conflicting as to whether the plan of fan blast adapted to the forge waggon is an improvement on, the leathern bellows or the reverse, I am directed to state that Government sanctions your proposal to adopt the last English pattern of forge waggon in its integrity for use in India."

Carriages for Smooth Bore Ordnance; further new construction limited.

The annexed copy of a letter from the Government of India recorded in Proceedings of Government Bengal No. 3062, dated 3rd October 1865, is published for the information and guidance of Ordnance Officers.

"In reply to your letter No. 703 of the 17th May last, I am directed to point out that a considerable time has elapsed since the subject was originally entered into, and that in the meantime the progressive changes in Field Artillery have so far become developed as to leave no doubt that the old smooth-bore Ordnance are practically obsolete, and that the 24-pounder Howitzer now in use, with its carriage, will doubtless gradually be displaced by Rifled Guns.

"2 His Excellency the Governor General in Council considers it therefore quite inexpedient to construct carriages of an altogether new pattern for the 24-pounder howitzer, or even to introduce the Royal Artillery pattern, and desires that the carriages in Battery, and such reserve as may be absolutely necessary, may be kept in good and serviceable order, *new constructions* being limited to such an extent as may be *absolutely necessary* for the smooth-bore equipments so long as they may last

"3. I am accordingly to request that you will do no more towards building new carriages than may be unavoidable, but endeavour to make the existing carriages, and those returned to Magazines on reliefs by Rifled Batteries, meet as far as possible all ordinary requirements of the service."

ORDNANCE DEPARTMENT.

The Inspector General of Ordnance and Magazines publishes the subjoined Despatch from the Right Honorable the Secretary of State for India for the information and guidance of Ordnance Officers.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

From the Right Honorable the Secretary of State for India, India Office, London, 8th January 1866, No. 3 ; to His Excellency the Right Honorable the Governor General of India in Council.

I have considered in Council your Military letter No. 407, dated 20th September 1865, forwarding correspondence regarding the state of the Ordnance Department in India, with suggestions for its improvement, and calling attention to the Minutes of His Excellency the Viceroy and Governor General, His Excellency the Commander-in-Chief and the Honorable Colonel Durand, C. B., on this very important subject.

2. Apart from the general question of the organization and control of the Ordnance Department, the subjects most prominently brought forward and discussed in these papers, are :—

1*st*. The mode of supply of Military stores from this country ; and.

2*nd*. The assimilation of the arms and equipments in use with the Artillery in India to those adopted in England.

3. With respect to the latter point, your Government are aware that the object of the deliberations and suggestions of the Committee assembled at Meerut in 1861, was to increase the efficiency of the Artillery serving in the three Presidencies, by introducing uniformity of practice in their organization, their arms and equipments, and drill.

4. The measures proposed by them with these views, received the general sanction of Her Majesty's Government, as communicated to you in my despatch, No. 132, dated 31st March 1862.

5. With regard to the further and more complete assimilation of the armament and equipment of the Artillery in India, to those in use with the Corps in this country, I entirely concur in the opinion expressed by your Excellency and by Colonel Durand, in your respective Minutes of August last, that a change of this nature should be carried out slowly and deliberately.

6. There can be no doubt that the British Artillery in India, armed as heretofore, is, as your Excellency observes, immeasurably superior to anything of the kind in India that can be brought against it. At the same time, I fully, admit the desirableness of introducing, as soon as financial consideration will admit of it, the best description of gun for service in India, and complete uniformity of equipment and practice throughout the Artillery Corps. With this view, it has been determined that Batteries proceeding to India from this country shall, in every case, take with them the weapon to which they have been accustomed. By this course, inasmuch as the Batteries returning from India will return into store the old pattern gun, and will, on arriving in England, be at once trained to the use of the rifled gun, the desired change will be gradually introduced into India, and uniformity, as far as it is compatible with the frequent changes and improvements made from time to time under the sanction of the War Department, will, at no distant period, be established throughout the Royal Artillery.

7. In my despatch, No. 417, dated 2nd December 1863, I informed you of the measures I had adopted, in reference to your despatch, No. 165 of the 22nd May 1863, with a view to the most important changes in the Armstrong gun and equipments being introduced in India, and also, that in all future supplies of guns and stores, the latest improvements would of course be adopted, and I forwarded a letter from the Secretary of State for War, accompanied by a report from the Ordnance Select Committee, with a list of recent changes in Armstrong equipments, which the Committee considered might be made applicable to India.

8. In that report the Committee, after some general observations upon those changes, stated their intention of affixing an asterisk, in all future reports, to such items and paragraphs as are applicable to the Indian Service, with a view that the Secretary of State for India, to whom these lists are furnished may adopt such changes as he may consider desirable without further reference.

9. These reports are regularly forwarded to the several Governments in India, with a view to all such changes as are thus indicated by the Woolwich Committee, being, if found practicable, introduced into the service in India.

10. With a view, however, to securing absolute uniformity in the introduction of improvements of this nature, it appears to me desirable that no changes should be introduced hereafter into the Artillery equipment, throughout the several Presidencies in India, without the previous approval of your Government, under the system thus established.

11. With regard to the mode of supply of Military stores from this country, there appears to be some misapprehension on the part of His Excellency the Commander-in-Chief and the Officers who have reported upon the subject.

12. Your Government are, however, aware that all Military stores which it may be necessary to procure from this country are, and have been for some years, obtained from or through the War Department, with the especial object of obtaining all such stores or patterns and quality precisely similar to those of similar articles supplied to the rest of the British Army; but I entirely concur with your Excellency that it is highly expedient that India should be made self-reliant, as far as possible, and that it is not desirable that she should be dependent on this country for articles (such as Gun Powder, Gun Carriages, limbers and waggons, repairs to guns themselves and their equipments, harness, saddlery and many minor articles) which can be procured of good quality in India.

13. All stores procured as above from the War Department are carefully inspected, with regard to quality and pattern, by an officer of experience in the Ordnance Department, while on questions of a professional character requiring familiarity with all the latest improvements, an officer of Indian experience, a Member of the Ordnance Select Committee, is personally consulted.

14. Under the system thus established, your Government will observe that the gradual introduction of one uniform system of equipment throughout the Royal Artillery is provided for, as far as that portion serving in India is concerned, by the following arrangements:—

1*st*. By the Batteries proceeding to India in ordinary relief, taking out with them guns and equipments of thelatest pattern.

2*nd*. By providing, on indent from India, all Ordnance stores (unless otherwise specified) of the latest approved ptatern.

3*rd*. By adopting the plan suggested, and already acted upon, by the Ordnance Select Committee, of marking in their reports, which are regularly forwarded for your guidance, and for communication to the Governments of Madras and Bombay, the several changes in pattern and equipment which that Committee consider may, with advantage, be introduced into the service in India.

15. The changes so marked are all to be introduced into the service in India, unless it shall be otherwise ordered in the despatch forwarding the reports.

16. These arrangements seem to provide, under present circumstances, all that is necessary for the attainment of the object in view.

17. I entirely agree with your Excellency in thinking that the appointment of an Inspector General of Ordnance for all India, is not required for the purpose of ensuring uniformity of equipment, while, as long as the Ordnance Departments of Madras and Bombay remain under the control of those Governments respectively, it would lead to embarrassment to place the local heads of the Ordnance Departments in subordination to an Inspector General of Ordnance for all India.

MILITARY DEPARTMENT THE 22ND FEBRUARY 1865.
No. 792.

Copy of the above forwarded to the Secretary to Government, Fort Saint George, Military Department, for the information of His Excellency the Governor in Council, with a request that the instructions in paragraph 10, may be carefully attended to, and no alteration made without the previous sanction of the Government of India.

By Order.

ORDNANCE DEPARTMENT.

With reference to Circular Memo. No. 631, dated 20th May 1865, the Inspector General of Ordnance and Magazines publishes for general information the following Order of Government, relative to the provision of passage for subordinates in the different Departments of Government.

No. 246 dated 15th November 1865.

PROCEEDINGS OF THE MADRAS GOVERNMENT MARINE DEPARTMENT 15th NOVEMBER 1865.

Read the following papers :—

No. 34. From the Inspector General of Police ; to the Chief Secretary to Government, Fort Saint George ; dated Kotagherry, 9th August 1865, No. 1599.

With reference to Order of Government, dated 11th July 1865, No. 155, I beg to state that I consider that the superior servants of itinerating Officers—I would include all drawing more than 25 Rupees—should be allowed quarter deck passage when travelling by sea.

2. It must be borne in mind that these are all of a superior and respectable condition in society ; and the deck passage in those Coasting Steamers is indescribably bad.

3. I have already addressed the Secretary to the British India Company, and frequently drawn the attention of these Officers to the discomfort, &c., of their deck passengers, left to find, if they can, sitting room amongst luggage, ship gear, and that uncleanness which is unavoidable at sea in ships touching almost daily at some port. In wet weather the whole thing is positively horrible—to say nothing of the discomfort. I speak from large experience.

4. A servant must be allowed. Officers travel to do work, and travel in the District they visit ; and then a domestic servant is indispensable to the health and comfort of their superior servants.

No. 35. From the Assistant Inspector General of Police ; to the Chief Secretary to Government, Fort Saint George ; dated Madras, 22nd August 1865, No. 1686.

General Department.

In continuation of letter from the Inspector General of Police, dated 9th August 1865, No. 1599 I am desired by Mr. Robinson to forward the accompanying copy of a Circular letter received from the Superintendent of Marine, dated 11th August 1865, No. 2894, and to state that he quite concurs in the suggestions made with regard to the description of passage to be granted to the different grades of Uncovenanted servants travelling on duty by sea.

From the Superintendent of Police ; to the Inspecter General of Police ; dated Madras, 11th August 1865, Circular No. 2894.

With reference to Proceedings of Government of the 11th July last, No. 155, I have the honor to suggest the following scale for the description of passage to be granted to Uncovenanted Officers proceeding from port to port by sea, and shall be glad to receive any observations thereon you may desire to make.

2. I have endeavoured, as near as possible, to assimilate the style of passage to that ruling in Military embarkations, but the Steamers on our Coast have introduced a description of passage called "Intermediate," or "second class," which was not known, or at least availed of, when the Military regulations were laid down.

3. These Steamers grant six descriptions of passage, namely :—

1*st*.—Cabin, which entitles the recipient to a berth in a cabin aft, and mess at the saloon table.

2*nd*.—Quarter deck, giving all the privileges enjoyed by a cabin passenger, with the exception of a sleeping berth or cabin.

3*rd*.—Intermediate, entitling to a berth in a cabin forward, and mess at a secondary table.

4*th*.—Warrant Officers' passage, by which a screened berth is secured, having a sleeping place in it, and plain mess. If messing is not provided the Warrant Officer draws a table allowance of 3 Rupees a day.

This is purely a Government passage, not open to the general public.

5*th*.—Tween deck passage, } without screen or compartment.
6*th*.—Upper deck, do. }

4. The simplest mode of regulating the style of passage is by the salary drawn. There may be cases where an officer might be considered entitled to superior style of passage than that which this rule would assign to him, but such might be made matters of special consideration. I would therefore propose the following scale :—

All officers drawing 250 Rupees a month and upwards.....Cabin.
Do. drawing 100 Rupees, and less than 250.....Intermediate.
Do. drawing less than 100 Rupees..... .... Warrant Officers' passage.

5. As regards servants, Warrant officers of Departments are permitted to take one servant each when embarked. I would grant the sam privilege to all Uncovenanted officers of whatever grade.

No. 36. From the Acting Inspector General of Jails ; to the Chief Secretary to Government, Fort Saint George, dated Bangalore, 28th August 1865, No 216.

With reference to the Order of Government, noted in the margin, I have the honor to subjoin the following information obtained from the Superintendent of Marine.

Judicial Department, 3rd August 1865, No. 1090.

2. The Coasting Steamers provide six descriptions of passage, viz.,

1*st*.—Cabin—consisting of a berth in a cabin aft, and mess at the saloon table.

2*nd*—Quarter Deck.—The same as Cabin, with the exception of sleeping berth or cabin.

3*rd*.—Intermediate—entitling the passenger to a berth in a cabin forward, and mess at a secondary table.

4*th*—Warrant Officers' passage.—A screened berth having a sleeping place in it, and plain mess.

If Messing is not provided a table allowance of 3 Rupees a day is drawn.

This is purely a Government passage, not open to the general public.

5*th*.—Tween deck, } without screen or compartment.
6*th*.—Upper deck, }

3. The quarter deck passage affords no shelter from the weather, and is therefore objectionable on that account, also for social reasons, as it would appear to entitle to mess at the saloon table.

4 The Superintendent of Marine proposes, and I concur with him, that subordinate public servants drawing salaries between 100 and 250 Rupees a month should be provided with intermediate passages ; that those drawing less than 100 Rupees should have a Warrant Officer's passage ; and that one servant should be allowed in every case.

No. 37. From the Registrar General of Assurances, Madras ; to the Chief Secretary to Government, Fort Saint George ; dated Madras, 22nd September 1865, No. 259.

I have the honor to submit the following reply to the Government Order No. 1090, of the 3rd August.

2. The only subordinate public servants of this Department who are at present liable to travel by sea are the Clerks and Peons of the General Register Office, whose salaries are given in the margin. The Superintendent of Marine proposes that all Uncovenanted Officers drawing less than Rupees 100 a month should be provided with a Warrant Officer's passage, which includes a screened berth, having a sleeping place in it and a plain mess. If messing is not provided, the Warrant Officer draws a table allowance of Rupees three a day. Mr. Franklin further proposes that the privilege of taking a servant should be granted to all Uncovenanted Officers of whatever grade.

	Rs.
Head Clerk	60
2 Clerks each	40
3 Do. „	25
3 Do. „	20
1 Peon.....	8
2 Peons each.....	7

3. I fully concur in these suggestions, as regards the Clerks of the General Register Office. As they are Caste men, they will necessarily have to mess themselves, and if a Warrant Officer's table allowance is granted to the Clerks of other Departments on this account it should, I think, be also granted to these men.

4. A deck passage would be sufficient for the peons and servants above referred to.

No. 38. From the Superintendent of Marine, to the Secretary to Government, Fort Saint George ; dated Madras, 30th September 1865, No. 3457.

I have the honor to inform you that, on receiving the Proceedings of Government of the 11th July last, No. 155, having reference to the description of passage to be allowed to subordinates in different Departments, when proceeding from port to port by sea, it appeared to me the most advisable course to address a Circular to all Departments, stating my views on the subject, and requesting observations thereon. I am aware that the order recorded in the abovementioned Proceedings did not require me to do so, nor did it call for any report from me on the subject ; but the question seemed more easy of settlement by adopting this course.

2. The Coast Steamers by which most of the passages are now engaged, grant six descriptions of passage, namely :—

1*st*. Cabin, which entitles the recipient to a berth in a cabin aft, and mess at the saloon table.

2*nd*. Quarter Deck, giving all the privileges enjoyed by a Cabin passenger, with the exception of a sleeping berth or cabin.

3*rd*. Intermediate, entitling to a berth in a cabin forward, and mess at a secondary table.

4*th*. Warrant Officers' passage, by which a screened berth is secured, having a sleeping place in it and plain mess. If messing is not provided by the ship, the Warrant Officer draws 3 Rupees a day from Government as table allowance. This is purely a Government passage, not open to the general public.

5*th*.. 'Tween deck passage, } without screen or compartment.
6*th*. Upper deck passage, }

3. I considered that the simplest mode of regulating the style of passage for different grades would be in accordance with the salary drawn. Some exceptional cases might occur which could be specially considered, but the following general scale seemed to me equitable :—

All officers drawing 250 Rupees a month and upwards.....Cabin passage.
Do. drawing 100 Rupees and less than 250 Rupees....Intermediate do.
Do. drawing less than 100 Rupees.....Warrant Officers' do.

4. I likewise suggested that all Uncovenanted servants of whatever grade should be permitted to take a servant with them. Warrant Officers and Serjeants of Departments are allowed this privilege, nd I submit that Government Clerks, however low their salary, might be allowed the same.

5. I now beg to add the opinions of the various Officers addressed on my proposed scale.

Officiating Inam Commissioner.

Generally approves ; but suggests that all drawing more than 100 Rupees a month should have cabin passage, as the class of Natives enjoying salaries over that amount are generally of equal standing and position.

I certainly do not consider this necessary.

Acting Superintendent and Agent Army Clothing.

Approves ; but suggests, as natives would probably prefer screened berths to cabins, it would perhaps be preferable so to provide for them, and give them table money.

Officiating Commissioner of Police.

Approves.

Superintendent Government Telegraphs.

Approves ; but considers that special exceptions will have to be made for gentlemen sent out as 3rd-Class Inspectors, who, although receiving but 150 Rupees, should be provided with 1st Class passage.

Commissary General.

Approves.

Acting Mint Master.

Approves the principle of classification ; but thinks that all of 200 Rupees and upwards should have cabin passage.

Those of 70 to 200 Rupees, intermediate ; and all others, Warrant Officers' passage.

Accountant General.

Approves, with the exception of the servants, which he considers should not be allowed.

Principal Inspector General Medical Department.

Approves.

Officiating Director, Revenue Settlement.

Approves ; but observes that no provision is made for the lower classes of public servants, such as Duffadars, Peons, Lascars, &c., and suggests that all servants drawing less than 20 Rupees a month should be allotted "'tween deck" passage.

It appeared to me that the Order of 11th July, No. 158, did not refer to the lower subordinates, who will be, as now, provided with 'tween deck passage, similar to that granted to Non-Commissioned Officers and Privates of the Army.

Acting Controller of Military Accounts.

States that he has already recommended to Government that Clerks on 200 Rupees and upwards should have 1st Class passage ; and that 2nd Class passage should be granted to all drawing less than that salary.

Considers that the rule as to servants in page 416 of the Pay Code should be adopted.

This only refers to Military Officers, and does not seem applicable to office servants.

Officiating Superintendent Revenue Survey.

Considers that subordinates drawing 100 Rupees and upwards should be provided with 2nd Class passage : and those drawing less, with 3rd Class a servant being allowed in each case.

Inspector General of Ordnance and Magazines.

Approves, but thinks the quantity of baggage should be specified.

The baggage should be that allowed by the vessel for the class of passage engaged. Some Companies may allow more than others.

Superintending Engineer, 4th Division.

Approves.

Quarter Master General.

Approves ; but suggests that clerks receiving 50 Rupees a month, or under, be not allowed a servant.

Inspector General of Police.

Approves.

Acting Inspector General of Jails.

Approves.

Adjutant General.

Approves generally ; but suggests that subordinates receiving less than 35 Rupees a month should have only 'tween deck passage and should not be allowed a servant.

Consulting Engineer, Irrigation and Canal Company.

Approves.

Controller Public Works Accounts.

Considers that passage for the Uncovenanted service should be established on a similar scale as that adopted under Proceedings of Government of 11th August 1858, No. 1599, and 11th October 1860, No. 2118, that is, that clerks whose rank and pay assimilate with the grades therein mentioned should have the same class of passage, and that only 1st Class passengers should be entitled to a servant.

6. Having now completed my abstract of the views of the different officers who have communicated with me on the subject, I would recommend for the favorable consideration of Government the scale of passage set forth in the 3rd paragraph of this letter.

No. 39. Proceedings of Government in the Military Department.

No. 40. ORDER THEREON, 15th November 1865, No. 246.

The Governor in Council approves and sanctions the arrangement proposed by the Superintendent of Marine, in regard to the scale of passage to be provided for subordinates in the different Departments, when proceeding from port to port by sea, viz, that public officers receiving salaries of Rupees 250 a month and upwards should have..... A cabin passage.
Do. drawing Rupees 100 and less than Rupees 250..... Intermediate passage.
Do drawing less than Rupees 100..... Warrant Officers' do.
subject to the exception suggested by the Adjutant General, that officers drawing less than Rupees 35 should be provided with a "'tween deck passage" only.

2. All Uncovenanted officers drawing more than Rupees 35 will be allowed to take one servant, for whom a deck passage will be provided.

3. Special cases of the nature of those referred to by the Superintendent of Telegraphs will be referred for the orders of Government.

Indents on the Commissariat Department passed by the Inspector General of Ordnance and Magazines.

In continuation of Circular Memo, No. 11,017 dated 21st April 1866, the Inspector General of Ordnance and Magazines notifies, with the concurrence of the Commissary General, that it is no longer necessary that Indents on the Commissariat Department, which hitherto received the sanction of this Department prior to their final adjustment in the Commissariat Examiner's Accounts, should be submitted to this Department, if the supplies required are already specially provided for by Regulations.

2. The Indents for furniture usually passed by this Department are those described in the margin, and as the allotments for the articles specified, are laid down in General Orders, and cannot be exceeded without being retrenched by the Commissariat Examiner, it has been decided with the concurrence of the Commissary General, that these, and other Indents for general supplies should be submitted direct to the local Commissariat Officer, who will comply with the requisitions and transfer the documents to the Commissariat Examiner.

MEDICAL CERTIFICATE. The annexed copy of Proceedings of Government, relative to the grant of the Medical Certificate required for superannuated Pension is published for the information of Ordnance Officers, in supersession of Circular Order No. 29, dated 16th May 1865.

Proceedings of the Madras Government, Pension Department, 14th June 1866.

Read the following letter from the Accountant General, Madras; to the Chief Secretary to Government, Fort Saint George, dated 17th May 1866, No. 23.

Post Audit Department.

The Collector of Madura (in his 410, dated 2nd March) sought pension for a man 59 years of age, who had not been under medical treatment, to whom therefore the Zillah Surgeon refused to give a Medical Certificate, though, his service being less than 30 years, pension could only be granted under such certificate. I accordingly recommended the Collector to press the Surgeon to give such certificate as he could, to say that the man seemed failing from age, and not likely to be improved by any known treatment, and I have now the honor to submit, for orders, the Zillah Surgeon's reply. The man is already four years beyond the age fixed for future retirement of Uncovenanted Servants, yet even otherwise, it seems to me that the Surgeon could have had no grounds for fearing blame for adopting my suggestion. Had the certificate been submitted to Government and rejected, any blame would have fallen on the Collector and myself. I hold that a Zillah Surgeon's duty binds him to examine and give true certificates to any persons presented to him by the Collector, while the Collector should, of course, name the points to which the certificate should specially advert.

From the Collector of Madura; to the Deputy Accountant General, Madras, dated Terumungalam, 8th May 1866, No. 780.

In reply to your letter, No. 6059, in the Post Audit Department, dated 13th April last, I have the honor to forward an original letter No. 32, received from the Zillah Surgeon of Madura, under date the 2nd instant, from which you will observe that he still refuses to furnish the certificate, because the applicant did not undergo medical treatment.

2. I think the matter should be referred for the orders of Government, as the Zillah Surgeon bases his refusal on the order of Government referred to in his letter. If the order be strictly adhered to, none but sickly public servants who are under medical treatment can expect to obtain pension. There were instances in which the Officers were incapacitated for public duty by old age and infirmity, and obtained pensions on medical certificate notifying the above fact. Such persons, under the new rule, will be deprived of the benefit of the Pension rules, as they will have to be removed to make room for competent individuals who can do the duty for which they are paid.

From Assistant Surgeon S. RULE, M. D. Zillah Surgeon of Madura; to the Collector of Madura, dated 2nd May 1866, No. 32.

In reply to your letter, No. 690, dated 21st April 1866, and its enclosures, I have the honor to inform you that I am still of opinion that no certificate can be granted by me in the case of Gumasta Vencatakistna Iyen, of Melur Taluq.

2. If you will refer to the Notification, No. 90, dated Civil Paymaster's Office, April 10th, 1865, published in the *Fort Saint George Gazette*, you will see that His Excellency the Governor in Council directs that every Medical Certificate granted to Uncovenanted Servants applying for pension shall state definitely that the applicant has been under regular medical treatment, and for what period.

3. This Gumasta has no disease, and consequently requires no medical treatment.

ORDER THEREON, 14th June 1866, No. 224.

From the correspondence submitted by the Accountant General with his letter recorded above, it appears that the Civil Surgeon of Madura refuses a certificate to Uncovenanted Servants of Government applying for Pension, unless they have been under Medical treatment for some disease, basing his refusal upon the orders of Government in the Pension Department, dated the 5th April 1865, No. 136.

2. It was not the intention of the Government to debar from pension those applicants, whose only disqualification is the absence of disease which requires Medical treatment; and since the construction which Dr. Rule has put upon it may be productive of considerable delay and injustice, the Right Honorable the Governor in Council resolves, in supersession of the order above quoted, to direct that, in granting certificate to applicants for pension, Medical Officers shall state in the certificate the period, if any, during which the applicant's case has been under treatment or observation.

3. In cases where the certificate is sought by reason of old age, infirmity, or other incapacitating circumstances, in which Medical treatment is manifestly superfluous, a certificate to that effect should be given, which should nevertheless show the opinion of the Medical Officer as to the alleged incapacity. It will then devolve upon the Head of the Department in which the applicant is serving, to state whether or not he is really so incapacitated as to necessitate his removal from the service of Government, and, if so, whether his conduct and length of service render him deserving of indulgent consideration.

4. In the case of servants drawing Rupees 50 per mensem and upwards, the certificate shall be countersigned by the Deputy Inspector General, after personal examination.

DIRECTIONS.

I.—Each article of Accoutrements, Arms, or Clothing should be stated separately, such as Lockets and Frogs apart from the waistbelts, and not in sets, which occasions great difficulty in assessing the value, the condition and the dates of issue of the several parts of a set of accoutrements being frequently different.

II.—The numbers of each article issued in different years should be stated on separately.

III.—The column for Condition needs some attention; an article is not necessarily unserviceable because the duration has expired. Nor is the whole to be condemned when some component part which can be made good is unserviceable. If by stitching or otherwise repairing the article can be made good, it should be returned as "Repairable."

IV.—The proportion chargeable is to be based upon the War Office Warrant fixing the duration of each article, and by deducting period in wear, both is the proportion fixed for unserviceable or time-expired Arms and Accoutrements.

V.—The rate or original value of each article should be that given in the War Office Rate Book. When the articles are of Indian manufacture and issue the Indian rate should be given.

VI.—The column for Present Value need not be filled up in India.

VII.—The nature of the repairs should be inserted in the column for Remarks.

War Office Forms 1100 and 735 for Infantry should accompany this, and the equivalent War Office Forms for Artillery and Cavalry.

Stationery, Rules relative to supplies of. Adverting to Circular Memo. No. 9030 dated 10th February 1866, the Inspector General of Ordnance and Magazines considers it necessary, in consequence of delays which ensue in having the Arsenals, &c. supplied annually with Stationery and Stationery articles on the due date, to direct the attention of Ordnance Officers to the rules in force, relating to the preparation of Annual Indents for Stationery supplies.

Fort Saint George Gazette.
Dated 1st March 1864, page 373.
" " 27th February 1864, page 332.

2. The irregular transmission of these Indents, which in several instances are found to require revision, retard the preparation of the General Indent of the Department, in which, as Ordnance Officers are aware, the minor Indents are embodied.

3. The Minor Indents are in some instances prepared without due consideration of the strength of establishment, and average amount of work to be performed, with reference to which data, the annual expenditure of stationery should be calculated. The consequence is that quantities indented for, are found considerably in excess of actual requirements.

4. It has been discovered also that paper of certain superior descriptions are included in the requisitions of Ordnance Officers. for the use of which there appears no absolute necessity, and may be dispensed with.

5. The supplies of stationery annually indented for, being computed for the Official year, which by a recent Order of Government communicated in Circular Memo. No 1001 dated 10th July 1866, is to commence from 1st April for the future, Ordnance Officers are requested to send in their annual Indents for Stationery &c. before the 31st October of each year, for the official year ensuing; by this arrangement sufficient time will be afforded the Stationery Depot for packing and despatching supplies to their respective destinations.

6. Ordnance Officers will be careful to have their Indents accurately drawn up, and examined before transmission, with details of the information required for checking the requisitions; the probable quantities that will remain in stock at the expiration of the year in which the Indent is submitted, being taken towards the expenditure of the succeeding year.

7. Ordnance Officers are informed that in the event of their purchasing stationery locally, to carry on the current work of their Establishments, consequent on non receipt of the annual supplies from the Stationery Depot, they render themselves liable to retrenchment of the value of such purchases, if the delay in the timely receipt of the public supplies, has arisen from their own neglect of the above rules.

Bullocks of 2nd Line of Waggons. With reference to Circular Memo. No. 6935, dated 7th December 1865, the Acting Inspector General of Ordnance and Magazines, annexes an extract from a communication from the Assistant Adjutant General Royal Artillery, and Ordnance Officers will be guided accordingly in despatching Ordnance Carriages between Bangalore and Secunderabad.

I have the honor, by order of His Excellency the Commander-in-Chief to inform you, that although anxious to save Government any unnecessary expense and to utilize the Bullocks attached to Batteries of Royal Artillery for the draft of the 2nd Line of Waggons, (under a totally different system to what existed when G. O. C. C. No. 577 of 28th March 1857, was published); as the number of these Bullocks have with the view to economy been reduced to a minimum, His Excellency considers he would not be consulting the intentions of Government in attaching Bullocks to Field Batteries, if he allowed the Stations of Bangalore and Secunderabad to be deprived of them to a greater extent than was intimated in Memo. from this Office No. 606 dated 21st June 1866. as per margin, and the withdrawal therefore of those Bullocks must be restricted to one set at a time from Bangalore and Secunderabad.

GUN CARRIAGE MANUFACTORY:

No. 685.

Madras, 8th August 1866.

From

The Acting Superintendent Gun Carriage Manufactory,

To

The Inspector General of Ordnance and Magazines,
Fort Saint George.

SIR,

With reference to your Official Memo, No. 1946, dated 4th August 1866, I have the honor to inform you, that oil (country) linseed has always been used in this Department for the painting of Ordnance Carriages, by mixing Litharge in the proportion of one pound to every

five gallons of oil. This oil takes more time to dry than Europe linseed oil, but when dried it is more durable and therefore superior to Europe oil. For cases of emergency where time is a consideration a small quantity of Europe linseed oil is required to be kept in store—oil linseed country is found perfectly efficient for the painting of Ordnance Carriages.

I have the honor to be,

Sir

Your obedient Servant.

Musketry Instruction Articles to be distinguished in Returns.

At the recommendation of the Examiner of Ordnance Accounts, the Inspector General of Ordnance and Magazines requests Officers Commanding Corps will be so good as to distinguish in the Returns and Monthly Lists furnished to the Examiner, the Articles coming under the allotment sanctioned by War Office Circular, No. 770, dated 24th June 1862, by the letters **M. I.** being inserted before them; so that when values have to be recovered, authorized amounts alone may be retrenched, which would not be the case if the articles are not so distinguished, there being others of the same nomenclature borne on stock but differently priced.

Armourers (Carnatic Ordnance Artificers) to qualify under Civil Master Armourer.

Ordnance Officers are informed that the whole of the Armourers (Carnatic Ordnance Artificers) in the Gun Carriage Manufactory are about to undergo a course of Instruction in Small Arms, under the superintendence of the Civil Master Armourer, attached to the Arsenal Fort Saint George, and "Certificates of qualification" will be granted to those so instructed, and reported qualified.

2. Armourers serving in up-country Arsenals will be brought down to the Presidency as opportunities offer, for the purpose of undergoing a similar course of Instruction, and with this view Ordnance Officers will intimate to the Superintendent Gun Carriage Manufactory, from time to time the number of Artificers whom they can spare, to enable the latter Officer to arrange for replacing them by "Certificated Armourers."

3. In future no Armourer will be detached from the Presidency to an up-country Arsenal until he has received a "Certificate of qualification."

4. The "certificate of qualification" granted to Armourers will be registered in the Office of the Superintendent Gun Carriage Manufactory.

MEMORANDUM.

In continuation of Circular Memorandum, No. 1055, dated 5th March 1866, the Commander-in-Chief directs that, in future, an Extract from the confirmed Proceedings of all Courts Martial, other than General, held on Medical subordinates, be taken by the Commanding Officer of the Regiment, or by the Medical Officer of any Department to which the prisoner is attached, and transmitted to the Head of the Medical Department at the Presidency for record in his Office, and for the Court Martial Sheet accompanying the prisoner.

2. In the case of Medical Subordinates serving in Civil employ, who may be made over for trial by Court Martial to Officers commanding Divisions or Stations, the Extract will be taken and forwarded by the Division or Station Staff Officer.

3. A similar course is to be observed by Officers Commanding and Staff Officers, when Warrant or Non-Commissioned Officers serving in the Public Works or other Departments are brought to trial ; the Extract being sent to the Head of the Department or Corps to which the prisoner belongs.

4. The result of trials by General Courts Martial being published in General Orders, Extracts from such Proceedings are not required, as they can be taken from the General Orders for the Court Martial Sheets of prisoners by the Regiment or Department requiring them. Proof of previous convictions may also be made from the General Orders.

Further instructions relative to the course to be observed on transfers.

Armourers.—In continuation of General Order No. 6 of 25th January last, Commanding Officers on occasions of removals of Armourers from Regiments to Magazines, or transfers from their own to other Regiments will invariably, in addition to reporting to this Department the fact of such transfers or removals having taken place, state that the Officer Commaning the Depot, has been communicated with and directed to send the Armourer's Attestation and Register Sheets duly completed, to the Superintendent of the Small Arms Factory at Pimlico.

---

1. By the above orders it will be observed that the strictest attention is enjoined as regards keeping up records of Armourers serving in the Ordnance Department, and on receipt of Records of Service of such men on first appointment or transfer, Ordnance Officers will be particular in noting every subsequent entry of charge of Service in those documents. On the removal of the men from the Department their records of Service will be closed up to date of transfer, signed by the Ordnance Officer in charge, and forwarded with any other documents that may have been received with them *to this Office* for transmission to the Superintendent of the Royal Small Arms Factory Pimlico.

2. All reports required by the Orders above quoted will be made to this Office, and on a Casualty occurring amongst the Civil Armourers it will in like manner be notified.

3. Officers in charge of Arsenals and Magazines in which reduced Armourers have been received will submit Half Yearly reports on these men, with a view to its being ascertained whether or not there has been any improvement in their conduct so as to afford fair ground for their being recommended for promotion.

4. A Departmental defaulter sheet will be kept for Armourer Serjeants and Armourer Privates. All Offences committed by them during the period they are attached to the Department, and punishments however slight awarded, will be entered therein, and the document disposed of as directed in Para 1.

Extract from Proceedings of Government, No. 3116, dated 6th September 1866.

Para. 2. The Governor in Council concurs in the views expressed regarding the channel through which applications for Barrack and Cantonment Conservancy Establishments should be made to Government, and approves of the Quarter Master General being such channel.

Adverting to the Proceedings of Government, No. 3116, dated 6th September 1866, and pending publication of General Order on the subject, the Inspector General of Ordnance and Magazines intimates that Indents for Extra Barrack Attendants, Carts, &c., should in future be forwarded direct to the Quarter Master General for disposal, instead of, as heretofore, to this Department.

BILL DEPARTMENT.

Forfeiture of Deposit money by Tenderers failing to enter on contracts on their tender being accepted.

With reference to legal opinion obtained through the Government Solicitor, respecting the disposal of the Deposit money of a Contractor who had left Madras, after his Tender had been accepted, apparently with a view to avoid taking up the Contract, the Inspector General of Ordnance and Magazines informs Ordnance Officers that in all such cases, the Contractor is liable to a forfeiture of the Deposit amount forwarded with his written Tender, although the Contract Deed has not been executed.

ESTABLISHMENT DEPARTMENT.

Lascar Establishment Vacancies in Rolls when to be submitted.

Ordnance Officers are informed that when vacancies for Lascars occur in Permanent Establishments where hired Laborers are not maintained it will be unnecessary to send in the usual Recommendation Rolls to fill up such vacancies, a notification of the vacancy will be alone sufficient and arrangements will be made by this Department to complete the Establishment, but when vacancies occur in Permanent Establishments where hired Laborers are also employed such vacancies will be filled up from the best men among the hired Laborers of whom a Roll should be kept and from which selections should as far as possible be invariably made.

ORDER, No. 3621, 16th October 1866.

The Governor in Council does not consider it expedient to allow retrospective effect being given to the rules providing for the re-classification of the office establishments of the Ordnance Department, and thus admitting to pension persons in the situation of the petitioner, who not having been in the employ of Government, but paid out of a contract allowance as private servants, have no claim to pension.

The Inspector General of Ordnance and Magazines publishes the annexed Ruling of Government, from which it will be observed that Clerks who are at present employed in the Office Establishments of Arsenals Magazines and Depôts formerly paid out of a contract allowance (that is previous to 1st May 1865) cannot reckon for Pension that portion of their service when they were so paid.

Browning Arms. The following description of the mode at present adopted in the Grand Arsenal in using the mixture for browning Arms is published for the information and guidance of Ordnance Officers.

On the first day the nipple holes are stopped with blank nipples and the muzzles are stopped with wooden pegs ten Inches long, of which four enter the Barrels, the remaining portions forming handles for the browning which obviates the necessity of hands touching the barrels during the Browning process.

The barrels are then coated with wet, and when dry cleaned with dry, lime, brushed with a hard brush and wiped clean with coarse cloth. They are then coated with the Browning mixture by means of a sponge, and allowed to stand till next morning in a drying room at a temperature not under 80 °.

On the morning of the second day the barrels are immersed in boiling water for ten minutes and allowed to stand for half an hour to give them time to cool. They are then well scratched with wire card; brushed with a hard brush; wiped with coarse cloth; coated with the browning mixture again and allowed to stand for four hours in a drying room with the temperature before mentioned. After this they are again scratched, wiped, brushed and coated with the mixture as before and placed in a drying room till next morning.

The second days process is repeated on the third and fourth days.

On the fifth day they are once more boiled, scratched, brushed wiped and oiled. The process is then complete.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

Proceedings of the Madras Government, Pension Department.

Read again Proceedings of Government. Pension Department, dated 11th December 1862 No. 392.

Read also the following letter from the Sub-Secretary to the Board of Revenue, to the Chief Secretary to Government, Fort Saint George; dated Madras, 21st September 1866, No. 6777.

I am directed by the Board of Revenue to request that Paragraph 3 of the Order of Government, under date 11th December 1862, No. 392, may be modified.

2. In the said Paragraph, Heads of Offices are instructed to accept applications for Pension from servants who, from length of service, do not require to produce Medical Certificates of unfitness for further duty, and at once to proceed to appoint successors to the offices vacated by them. When, however, the service Returns are scrutinized in the Audit Office, it often happens that the applicant is found to be short of the requisite service, and he then finds himself without either pension or appointment, and with but a small prospect of regaining the latter.

3. It is obvious that, under such a course of procedure, cases of great hardship to deserving individuals must frequently arise, and the Board would suggest that instructions be issued in the Pension Department, directing all Heads of Offices not to fill up *permanently* any office vacated by an applicant for pension, whether on Medical Certificate or otherwise, until the pension is granted. This course will not cause more inconvenience than would be occasioned by the applicant for pension taking leave, a contingency for which all offices must, of course, be able to provide.

ORDER THEREON, 13th October 1866, No. 332.

The Government observe that the Order requiring that posts vacated by applicants for pension shall be immediately filled up, the applicant being no longer borne on the Effective List, is only insisted upon in the cases in which Medical Certificate is required under the rules.

2. There are, however, cases in which the Medical Certificate given may be objected to, and pension refused.

3. The Government are, therefore, pleased to direct that, as suggested in the letter of the Sub-Secretary to the Board of Revenue, on a post being vacated by an applicant for pension, such post shall not be permanently filled up until the final orders of Government passed upon the application shall have been received : during the interval intermediate between the application and receipt of the orders of Government, an incumbent shall be in each case appointed to act upon full pay.

Condemned Arms how to be broken up.

In continuation of Circular Order No. 69 dated 12th July 1858, the Inspector General of Ordnance and Magazines directs that all condemned fire Arms, of every description, Rifles, Carbines, Fuzils, Muskets, and Pistols, be broken up in the presence of the Officer in charge of the Arsenal, Magazine or Depot, in the following

manner. All small arm barrels will be hammered flat, doubled up and hammered again, so as to render it impossible that the barrel, or any portion of it, can again be used as a fire arm. The limbs, springs, and lock plates, of all locks of arms so destroyed will, as opportunity offers, be sent to the Grand Arsenal, Madras; the sale of any locks, whether of Rifles, Muskets or Pistols, or any pieces of locks, locally, is peremptorily forbidden.

2. All sword blades, and bayonets, will be broken up into not less than four pieces, and, as in the case of the barrels of small arms, be so destroyed as to render it impossible that they can again be used as weapons.

3. The order directing that all condemned leather accoutrements be cut up into pieces is again repeated.

4. Ordnance Officers will themselves, *on all occasions*, see this order carried into operation, and, in reporting that condemned arms have been broken up, they will certify on the return that such arms have been broken up in strict conformity with the terms of this order.

PAY OF MEN UNDER SUSPENSION. The following decision of Government on a question touching the Rules regulating the Pay of men under suspension, is published for the information of Ordnance Officers.

Order Financial Department No. 395, dated 29th October 1866.

The Governor in Council is clearly of opinion that when an Officer is acquitted of an offence by a Court of competent jurisdiction, he is entitled to reinstatement, provided the acquittal is *bona fide* on the merits of the case, and not in consequence of a mere technicality a legal flaw in the evidence, collusion with the witnesses, or some similar circumstance.

2. Instances, however, will occasionally occur in which, notwithstanding a full acquittal the reinstatement of the Officer is inexpedient, or the infliction of some punishment, such as fine or suspension, is necessary, in consequence of some neglect or minor dereliction of duty brought to light during the inquiry. Such cases should be referred for the special order of the controlling authority of the Department.

3. The power of reinstatement without blame, after a full acquittal, rests with the Officer, who possessed the original power of appointment; but if this power of appointment is restricted by being dependent on the sanction or veto of any higher authority, then the confirmation of the reinstatement by the latter is requisite.

4. An Officer under trial is entitled to the same pay as when under suspension.

Equipments. Foreign Service.—No. 4.—The Commander in Chief, is with the sanction of Government, pleased to publish the following Orders, in supersession of all others, on the subject of personal Equipments to Troops proceeding on foreign service :—

Personal Equipments.

1. Personal Equipments for European and Native Troops proceeding on short voyages, within the British possessions in India, will be issued according to the following scales :—

For European Troops.

On occasions of foreign service to Burmah and the Straits,

For each man. {1 Tin-pot (quart-mug.) 2 Canvas frocks. 1 Hammock with bed and pillow.} When considered necessary, with reference to the probable length of the voyage.

2. Water-proof capes for use on board-ship, during wet weather, will be provided when considered necessary, at the rate of ten per cent., on the number of men embarking.

3. The capes, frocks and hammocks complete will be placed by the Commissariat, in charge of the master of the ship, who will issue them on the written requisition of the Officer Commanding the Troops on board. The latter will be held responsible that all these articles are duly returned to the master at the end of the voyage, for re-delivery to the Commissariat and for re-issue.

4. A supply of blankets, to repair losses, is to be sent under charge of the Commissariat Department, whenever the service is likely to be protracted.

5. A supply of flannel banians, boots and socks, is also to be sent in such cases, for issue at such reduced prices, as may from time to time be fixed, with the sanction of Government, not in the first instance, but at the expiration of a certain time, to be determined according to circumstances by the General Officer Commanding.

6. When proceeding from Port to Port in India,

For each man. {1 Tin quart-mug. 1 Hammock with bed and pillow.

7. Hammocks will not be shipped for Troops proceeding by Steamer, nor in those cases where the voyage is not expected to exceed eight days.

8. Troops proceeding to Stations in Burmah, are entitled to receive an English blanket, whenever this article does not already form part of their authorized bedding.

9. For Native Troops proceeding to Burmah or the Straits, but not from Port to Port in India,

For every 100 men. { Gumblies 100. Tin canteens 100. } { Betle-nut cutters 2. Bheastie bags 4. }

The above are issuable once only, namely, on the departure of the Troops from India.

10. Officers Commanding Corps or Detachments about to embark will indent on the Commissariat for personal Equipments, which will be issued to the Troops (except frocks and capes which are otherwise provided) before embarkation. The mugs issued to Europeans and all the articles sanctioned for Natives will be considered the personal property of the Troops.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, MADRAS, 22nd January 1866.

Passages.—Travelling on duty.—Baggage.

With the sanction of Government, the Commander in Chief is pleased to publish, for general information and guidance, the following decisions which have been passed by the Government of India and by the Madras Government, regarding claims to free passages and travelling expenses, which have been submitted, with reference to G. O. G. G., No. 317* and G. O. G. G., No. 773† of 1864.

* *Madras, G. O. G., No. 167 of 1864.*
† " " " 402 "

2. G. O. G. G. No. 317 applies only to *Foreign service*, and under its provisions, passages in this Presidency can only be granted to Burmah and the Straits.

II. An Officer granted a free passage under G. O. G. G. No. 317, is entitled to take with him the regulated number of servants, unless where special restrictions have been laid down.

3. G. O. G. G. No. 773, has special reference to inland dâk and to passages in coasting Steamers, and the claims of Officers travelling at the public expense under its provisions will be dealt with in accordance with the following rules :—

I. The authority who directs an Officer to travel on duty, at the public expense must determine the mode of travelling necessary, (when any doubt exists) with due regard at once to the exigencies of the service and the avoidance of unnecessary expense to the State. When no special orders applicable to the case have been laid down by higher authority, Officers Commanding Divisions and Brigades are expected to use their own discretion.

II. When the whole or any part of the journey is performed by marching, no charge to the State is admissible on account of that portion.

III. In ordinary cases, *in which travelling by palanquin or dooly may be imperative*, the journey will be accomplished by night runs with one set of bearers.

IV. Individuals travelling on duty may be allowed a public dooly on loan, to be returned to the nearest depôt, at the public expense, and by the cheapest mode available.

V. Eight bearers to be allowed for a dooly, and twelve for a palanquin, with a torch bearer and cavady-cooly in each case.

VI. The route to be taken from Kamptee must depend upon the station to which the Officer is directed to proceed, and, in some instances, on the season of the year.

VII. Except in cases wherein the provisions of paragraphs 5, 6 and 7 of the G. O. G. G., can be brought into operation, advances of travelling charges may be made to Commissioned and Warrant Officers, ordered to proceed on long and expensive journeys, under the authority of the Officer under whose instructions the journey is undertaken, (if in his opinion, such assistance is necessay) to be adjusted on contingent bills, which shall accompany the first abstracts for pay on completion of the journey.

VIII. General Officers Commanding Divisions and their Staff are entitled, when proceeding on tours of inspection, to travelling allowance under the provisions of the General Order.

IX. Officers Commanding the Troops and the Artillery in the Straits are entitled to free passages for themselves, their necessary Staff, and a servant each, when proceeding on authorized tours of inspection, and no deduction will be made on account of "lodging money."

The provisions of G. O. G. G. No. 773 of 1864, are not intended to supersede the special grant of mileage allowance to Officers holding particular appointments who already receive it.

X. Officers proceeding to take up Staff appointments, General or Regimental, acting or permanent, or rejoining their Regiments or Stations on being relieved from the same, and Officers of the Royal Artillery transferred from the command of a Field Battery to that of a Battery of a Horse Brigade, come under the provisions of paragraph 16 of the G. O. G. G., and are not, therefore, entitled to travelling allowances.

XI. The quantity of bagage allowed to be taken by Officers proceeding by rail with Troops, is that laid down in General Order No. 45 of 13th February 1857, and those travelling by rail under the provisions of G. O. G. G. No. 773 of 22nd September 1864, are allowed the same quantity.

XII. Officers travelling at the public expense by horse dâk, or in river, or coasting or other Steamers, can only take such quantity of baggage with them as is authorized by the rules of the Companies providing the carriage, and Government does not recognize any separate charge on account of the baggage of Officers proceeding by such means.

When travelling by palkee or dooly dâk or by mail cart, Officers are allowed two common coolies, or one cavady-cooly, for the conveyance of their private baggage, under paragraph 8 of G. O. G. G. No. 773 of 22nd September 1864.

XIII. Young Officers proceeding to join their Corps for the first time, are entitled to have their heavy baggage to the extent of 5 maunds or 400 pounds each, conveyed to their destination at the public expense, in addition to the baggage allowed to passengers by the conveyance in which they proceed.

XIV. Officers travelling by rail with Troops, or on duty from one Station to another, are allowed to take with them servants, in accordance with the scale laid down in G. O. G. No. 417 of 1865, paragraph 52.

XV. It will be understood, that, when rapid travelling is not necessary, the journey to the nearest point at which carriage by Steamer, rail, or transit, may be available, is to be accomplished by ordinary *marches*.

By Order of His Excellency the Commander in Chief.

Adjutant General.

HEAD QUARTERS, MADRAS, 22nd January 1866.

Health on the March and in Cantonments.

No. 11.—The Comander in Chief, under the sanction of Government, is pleased to publish the following instructions compiled from Regulations in force in Madras and in Bengal, under the heads of "Cholera on the March," "Cholera in Cantonments," "Conservancy of Camps," and "Families on the march."

Cholera on the March.

1. Prior to the march of troops, it should be ascertained whether Cholera prevails on the road.

2. Particular attention must, at all times, be given to the selection of encamping ground, for which, whenever practicable, elevated and dry situations should be chosen, sufficiently removed from the village or town, and from the influence of swamps or pools of stagnant water. The banks of rivers are to be avoided. Officers are strictly enjoined never, under any circumstances, to encamp upon ground, however inviting it may appear, where Cholera has shown itself in a preceding Corps or Detachment.

3. Officers Commanding Corps or Detachments in movement, are to consult with the Officer in medical charge, regarding the healthiness of the site upon which they propose encamping, and in such cases, Officers are to be guided by medical opinion, unless they shall see weighty reasons for setting it aside, which are at once to be reported to the Quarter Master General for the information of the Commander in Chief.

4. In the event of the Troops, or followers being attacked by sickness, it is directed that the greatest attention be paid to the selection of encamping ground; that it be high, dry and clean; and this, it is considered, may generally be found at some slight sacrifice of convenience, with respect to water and supplies, which, however, in the case supposed, must be looked upon as of minor importance.

5. Officers whose camps may be attacked by Cholera, are strictly enjoined to avoid encamping near towns or villages; and to allow no further communication with the inhabitants than may be absolutely necessary for the supply of provisions; and this under such restrictions, as may confine it to the healthiest part of the camp.

6. The same rules are to be followed when passing through a district, or through a town or village, in which the disease may exist.

7. In cases where the violence of the disease may render the measure necessary, Officers will halt altogether on any eligible spot within reach, or merely move their camp for change of air, and clean encamping ground, until it may appear advisable to move on. Whenever practicable, the corps or detachment should be broken up into as many divisions as can be properly provided with medical aid, and separate encampments formed one or two miles apart—measures being taken to prevent communication.

8. So long as Cholera exists in camp, a daily report of cases and deaths is to be forwarded to the Quarter Master General; European and Native are to be separately shown, and the names of all European Officers attacked or deceased, are to be reported.

9. In cases of extraordinary sickness, Officers Commanding Corps and Detachments, are authorized to indent upon Collectors, or the Commissariat Department, for such number of country cots as may be absolutely necessary.

10. When sufficient medical aid is available, and there is no Military necessity for marching entire, Regiments will march by Wings, at an interval of ten days.

11. On every occasion of halt, orders should be issued and enforced for a thorough washing of all the clothes and for the complete purification of the carts, and the matting which forms the hood of the carts. Officers Commanding are especially enjoined to see that these instructions are rigidly carried out, as it has been proved by experience that this is one of the most effectual modes of preventing Cholera or of mitigating its attacks. In the progress report, it should be noted that this has been done. Care should be taken that the water used for this purpose is not that used for drinking. A guard should be invariably placed over the latter to prevent its contamination.

12. Should Cholera attack the Regiment, it is desirable that a divergence from the road of 4 or 5 miles should be made at right angles to the prevalent wind or track of the disease. But this will seldom be practicable on account of the want of supplies on a road on which notice has not been given.

Cholera in Cantonments.

13. Immediate information by telegraph if possible is to be given by Civil and Military Officers to the adjacent Military Stations, whenever Cholera occurs among them, in order that marching and travelling may be put a stop to, and that other stations may be put on their guard against it.

14. Whenever Cholera occurs in a Cantonment, preparations should be made to move any part of the Troops into the selected Camps at the shortest notice, and if the disease threatens to manifest itself in any unusual degree or epidemic form, the body affected should be immediately moved into camp, and no unfavorable condition of the weather is to prevent this movement being carried out. The Chief Military and Medical Officers on the spot are to consult as to the course to be taken, and the result should be communicated by telegraph to Head Quarters. If necessary, two or three camps should be formed and additional medical aid called for.

15. The sick labouring under other diseases than Cholera, will move with the force and share the benefit of removal from the Choleraic atmosphere.

16. It must be insisted on, that all discharges from the stomach and bowels of Cholera patients be instantly removed and buried in pits.

17. Strong deodorants are to be thrown into the receiving vessels, as well as into the pits, latrines, and privies.

18. Should Cholera follow the Troops, they will be removed short distances at right angles if possible, to the prevalent wind and track of the disease, every second or third day, care being taken that the marches in no way fatigue the men.

19. The breaking out of Cholera in a Regiment or at a station is, on no account, to cause the suspension of the Soldier's daily amusements and occupations, care being taken that the latter in no way fatigue them; and Commanding Officers will use their utmost exertions to develope any recreation or employment of which the effect is to keep the men's minds in their normal state.

20. It often occurs that Soldiers on a visitation of Cholera, indulge in the use of spirituous liquors, in the belief that they are a preventive against the disease. The medical authorities unanimously condemn this supposed remedy as a certain promoter of the disease: Commanding Officers are therefore enjoined to use their utmost endeavours to prevent so baneful a practice.

21. One of the several Cholera antidotes is the early treatment of premonitory symptoms, of which looseness of the bowels is a principal one. Commanding Officers are therefore requested to give the most precise orders on the subject, and to cause all men affected by premonitory symptoms to be placed at once in a premonitory ward.

22. The Troops are not to return to cantonments until all traces of the Cholera shall have disappeared from the neighbourhood, either amongst the European or Native population. The barracks and hospitals will be thoroughly fumigated, the walls whitewashed, and the doors and window-frames painted, before they are re-occupied.

23. The men will be supplied with hot tea and coffee before going out in the morning; they will invariably wear flannel belts, and all precautions must be taken to prevent their remaining in wet or damp clothes.

24. So long as Cholera exists in Cantonments or in the adjacent Cholera Camps among the Troops, a daily report of cases and deaths is to be forwarded to the Quarter Master General. Europeans and Natives are to be separately shown, and the names of all European Officers, attacked or deceased, are to be reported.

Conservancy of Camps.

25. With a view to preserving the conservancy of Camps and encamping grounds, the Commander in Chief directs that the system should be adopted in Camp as is the practice in all Military Cantonments, the main principle of which is, the daily burial of all refuse matter.

26. It is therefore to be at once established as a Standing Order among all European Troops moving in course of relief, or otherwise, that 2 trenches, each 2 feet deep, 2 feet wide, and 50 feet long, are to be dug by coolies to be employed for the purpose at a distance of 120 yards from the flanks of each encamping ground, the inward flanks of such trenches to be 120 yards from the outward flanks of the Camp, that is, in *echellon*; but should the nature of the ground prevent their location according to this rule, the same principle for their location is to be observed, that is, they are not on any account to be directly in front or rear of the Camp, but in *echellon* on their flanks, being so placed that the prevailing wind is not to carry the effluvia to the Camp; these trenches are never to be in such proximity to wells as to make percolation to the water possible.

27. The Quarter-Master, or whoever is entrusted with the formation of the encampment, is to see that this arrangement is made daily at the advance ground before the arrival of the Troops, and a flag or other mark should be placed to show the position of the trenches, one of which is to be allotted for the European Soldiers, and the other for the Native Camp followers, &c., of a British Regiment: the same *principle* is also to be strictly enforced for Native Regiments, Cavalry or Infantry, on the march. Officers Commanding are to allot a certain site or position in the vicinity (but not too close) of each encamping ground for the use of the Native Soldiery and Camp followers. The present practice of defiling the ground *on all sides* of the Camp must be strictly prohibited.

28. These trenches are to be thoroughly filled in with earth by coolies before the Rear Guard quits the ground; and for those duties the coolies should be properly divided between the advance and main Camps, and the Officer on duty with the Rear Guard is to be required to report to the Commanding Officer that the trenches have been so filled in, and in the case of Native Troops, that the "sites" specially selected have been properly cleaned.

29. The Commanding Officer of every Regiment or Detachment on the March is required to place himself in direct communication with the Tehsildar, or other responsible Native functionary at each encamping ground, to arrange that effectual measures are adopted by the Native Local authorities for thoroughly sweeping and cleaning the whole area of each encamping ground immediately it is cleared of the Camp, as well as the "sites" above referred to, and for burning or removing to a suitable distance all collections of stable litter or refuse of every kind, &c., so as to make the ground perfectly fit for re-occupation by any Troops marching by the same route.

30. In the event of Troops forming a standing Camp for exercise or other duties, or halting more than the ordinary time at any Camp ground, an additional deep trench should be dug at a distance of at least 200 yards from the Camp, and to leeward of it, on the same conditions as the first trenches, for the reception of filth twice every day, coolies removing it from the Camp trenches before mentioned, and depositing it in the deeper and distinct trench, as is done from the Latrines, in Cantonments, and covering over with earth each day's accumulation.

31. Enquiries are also to be made by the Quarter-Master, or other responsible Officer of the Regiment, at each advance ground, from the same Native functionaries, as to whether the well water has been recently drawn, and the well in a state fit for use for drinking and other purposes; if not, effectual arrangements *must* be made for rendering it so *before* the arrival of the Troops on the encamping ground.

32. In the Progress Reports furnished by Regiments to the Quarter-Master General of the Army, a note is in future to be entered that these orders have been strictly carried out.

33. The coolies to be employed are to be supplied by the Native local authorities on the requisition of the Commanding Officer in such numbers as may be actually required. Payment will be made on Contingent Bills vouched in the usual manner, and fowarded to the Quarter-Master General to be disposed of as are all other contingent expenses on a march.

34. The requisition for the coolies should be made by the Commanding Officer at the same time that he furnishes the civil athorities with the Indent for supplies.

35. In the event of difficulty being found in supplying coolies, a working party from the Regiment must be told off to dig the trenches and fill them with earth, but not to remove the excreta.

36. Regimental intrenching tools are to be used.

Families on the March.

37. The following arrangements are ordered with reference to the movement of the families of Troops European and Native.

38. Officers Commanding Regiments, are allowed the discretion of sending the families in advance of the men in the afternoon, or of suffering them to follow the Regiment, but the former course is to be preferred when it can be adopted without inconvenience.

39. If the road is good and the obstruction of rivers, &c., does not occur, the families may generally arrive soon after the Regiment on the ground. When it is otherwise, it is better that the families should precede the men. But in either case, the Regimental Artificers and a strong working party from the Regiment, under a Non-Commissioned Officer, should accompany the carts to assist them in case of need.

40. The Quarter Master of the Regiment will mark out on the new ground a site for the families to leeward of the ground chosen for the camp of the men, and at some distance from it. Crowding of the Bandies should be prohibited, and the Bullocks should be removed to the rear. No carts ought to be allowed to leave the camp during the night, as they create disturbance and obstruct the road for the Regiment in the morning.

41. The Officer Commanding will take particular care that unripe fruit and other sources of disease, are not sold in the camp nor brought to it. Frequent inspection of the Bazars, should be ordered.

42. In order to maintain men and families in health, they should be encouraged to eat heartily, and to bring to speedy notice any attacks of diarrhœa or any premonitory symptoms of cholera however slight.

	„ 3	„	Private, and all authorized Regimental followers.

4. That whenever a Regiment is ordered to move, this rate be regulated at the discretion of the Commanding Officer, with reference to the charge for cart hire to be incurred.

5. That the stoppages from Regiments on foreign service commence after they have been 1½ years abroad, to pay for the carriage of their families to Regimental Head Quarters.

6. That the money collected, be placed periodically in the Government Savings' Bank, a small sum being reserved in the Regimental Cash chest, to adjust the estates of casualties, &c. The deposit being made in the individual name of the Commanding Officer or the Adjutant, or both. Any loss of interest occurring on changing the depositor's name, being adjusted regimentally.

7. Under the Hutting Rules, paragraph 74, the value of the huts advanced by Government to a Regiment about to march, is available to assist the men in paying for their carriage, and can be added to the Cart Fund in whole or in part, at the discretion of the Officer Commanding the Regiment, which, it is assumed, will afford ample means to adjust the hire of the carts for the whole distance.

8. On occasion of a Regiment embarking for foreign service, the money will be available for the carriage of the families to their homes, and in the event of the Railway, or any other mode of conveyance being used, the money will be equally available.

9. The difference between the old rates of cart hire and those now prevailing is for the present paid by Government.

10. The employment of the Cart Fund for any purposes, even temporary, other than those specified in this Order, is forbidden.

11. All subsidiary rules and minor details connected with the Cart Fund, will be provided for under Regimental arrangements and orders.

12. The funds will invariably be closed and adjusted with the men on the arrival of the Corps, at its new station.

13. The above rules will not apply to the Native Artillery at Cuttack and Mangalore, nor to the Corps of Sappers and Miners.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, MADRAS, 8th February 1866.

Public Works Department.—No. 13 The Commander in Chief is pleased to publish for information and guidance the following Extracts from the Code of the Public Works Department, and the Proceedings of Government :—

RULES RELATING TO MILITARY MEMBERS OF THE DEPARTMENT OF PUBLIC WORKS.

COMMISSIONED OFFICERS.

Officers in Department cannot exercise any Command.

1. Officers while employed in the Public Works Department cannot exercise any command by virtue of their Commissions ; their orders, on matters of Departmental duty, are not Military Commands ; so that disobedience of those orders on the parts of their Assistants or Subordinates is not punishable under the Articles of War, but disrespect to a Superior, or Senior Officer employed in the Department, is a Military offence.

Liable to be tried by Court Martial for conduct affecting their chafacter as Officers.

2. Officers employed in the Department Public Works are liable to be tried by Court Martial for conduct affecting their character as Officers of the Army and for the Civil offences specified in the 131st Article of War.

Reports of Casualties.

3. Casualties of Officers shall be reported immediately by the Senior Departmental Officer present, to the Officer Commanding the nearest Military Station ; and to the Superintending Engineer of the Circle ; mentioning the time, place, and cause of decease ; and the Secretary to Government, Public Works Department, will without delay, communicate the report to the Military Secretary to Government, and to the Adjutant General of the Army.

WARRANT OFFICERS.

Amenable to Articles of War.

4. Warrant Officers employed in the Public Works Department are amenable to the Articles of War in the same manner as Commissioned Officers.

Ordnance rules applicable to them for Pensions, &c.

5. In respect to pensions, invaliding and furlough to Europe, they are under the same rules as those of the Ordnance Department.

Reports of Casualties and care of Effects.

6. Casualties of Warrant Officers must be reported to the same authorities as Casualties of Commissioned Officers.

NON-COMMISSIONED OFFICERS AND SOLDIERS.

Amenable to Articles of War for certain offences.

7. Non-Commissioned Officers and Soldiers transferred to the Public Works Department are amenable to the Articles of War in all matters affecting their characters as Soldiers, including respectful bearing towards their Military superiors in the Department : they are also liable to be tried by Court Martial for the Civil offences specified in the 142nd Article of War ; but they cannot be tried for drunkenness on duty, if the duty be merely Departmental duty.

RELATION TO MILITARY AUTHORITIES.

Department of Public Works is strictly a Civil branch of the administration.

8. The Department of Public Works is clearly to be understood as strictly a Civil branch of the administration, although a large proportion of its Officers are Military men ; and although among its most important duties is the provision for those wants of the Military service which call for the professional aid of the Engineer.

Officers and Military Subordinates, not under Military Authority.

9. Officers and Subordinates of the Department of Public Works, although Military men, shall not be under the direct Military Authority of the Commander-in-Chief, or of Officers Commanding Divisions and Stations, whatever may be the nature of the work on which they are employed ; and Officers in Military Command shall not have authority to interfere with their proceedings, or with the employment of their time, excepting in so far as they may be authorized to call upon them to furnish professional reports or information or to execute works on emergency.

All Members of Department to comply with wishes and to treat Commanding Officers with becoming respect.

10. Every Member of the Department shall be bound to comply with the requisitions, and to act in conformity with the wishes of Commanding Officers whenever he can do so without infringing Departmental Rules ; and he shall at all times treat Commanding Officers with becoming respect.

Course to be pursued in cases of difference with Military Authorities.

11. Whenever a Member of the Department shall receive orders from any Military Authority which infringe Departmental Rules, or which, without infringing any specific rule unquestionably trench on his efficiency for the discharge of his general duties, he shall first try the effect of explanation in person, if possible, and if this fail, he will refer the question, through the prescribed chanel of correspondence, to the Government. He shall carefully abstain from giving offence in any way, and particularly by writing disputatious letters.

Officers and Subordinates to afford Commanding Officers every assistance in respect to Military works or Buildings.

12. It will be the duty of the Local Officer of the Department, or in his absence of the Subordinate, to afford a Commanding Officer every assistance in informing his judgment and issuing his orders on any subject relating to Military works or Buildings; and to lay before him when necessary any Government or Departmental Orders which may bear upon such subjects.

Attention to General Regulations enjoined.

13. All Military Members of the Department shall be strictly bound to obey all General Regulations, such as reports of arrival at, or of departure from Military Stations.

Military Members move on duty without reference to Commanding Officers.

14. All Military Members of the Department who may have occasion to travel in the course of their duty, shall proceed without any reference to Commanding Officers, beyond the reports prescribed in the preceding paragraph.

DESIGNS AND ESTIMATES.

General.

Division of work.

15. The operations of the Public Works Department shall be divided into two classes, "new works," and "repairs."

Definition of new work.

16. The term "new works," shall include all new construction, whether of works entirely original, or of additions and extensive alterations to existing works. It shall also include the improvement of existing works, and the restoration, or extensive repair, of works which have been temporarily abandoned because of their inefficient condition.

Definition of repairs.

17. The term "repairs," shall include all operations which are necessary to maintain in a proper and efficient condition all public works in ordinary use. Repairs shall be sub-divided into two classes, "current," and, "special." Under the head of "current," will be included all the usual periodical repairs of works maintained at the charge of Government, for which provision has been made in the Budget; and under the head of "special," all repairs rendered necessary by fires, floods, storms, &c., for which the special sanction of Government must be obtained. The terms "new works," and "repairs," are further defined hereafter.

Buildings.

Military, in the Provinces.

Preliminary estimate for new building.

18. When any new building, or the improvement of an old building, is required, the divisional or local Officer of the Department to which the building belongs, shall apply under the authority of his own Superiors, viz., the Head of his Department, or the Commandant of the Division, or Station, as the case may be, to the Executive Engineer, for a rough or proximate estimate of the cost, without any plan or detail.

If over Rupees 500 must be submitted to Government.

19. This proximate estimate, if it exceed 500 Rupees, shall be submitted to Government by the Head of the Department to which the building belongs, through the Military Secretary; and Government, if approving of the proposition, will direct the Superintending Engineer to cause a detailed estimate, to be prepared. The estimate shall be accompanied by a report.

Preparation of plan after sanction of Government.

20. If the new building is to be according to a standard plan, the estimate shall be made by the Executive Engineer, and submitted through the Superintending Engineer for sanction. If not, a plan shall be prepared by the Executive Engineer, in communication with the local or divisional departmental Officer, by whom it shall be countersigned; such countersignature representing the approval, as far as that may be necessary, of the local or divisional authority to whom the departmental Officer is subject, as well as his own. The plan and estimate shall then be forwarded to the Superintending Engineer, either by the Executive Engineer, or, at that Officer's request, by the Officer Commanding the Division; and the Superintending Engineer shall submit them for sanction, after obtaining the approval of the Head of the Department, when necessary, and of the Commander-in-Chief, in all cases.

If proximate estimate is less than Rupees 500.

21. If the proximate estimate be within 500 Rupees, the detailed estimate shall be prepared, with a plan, if necessary, without the previous permission of Government; and shall then be submitted for sanction, with the countersignature of the same Officer as before.

Repairs to be made by Officers of Department Public Works.

22. Estimates for the repair of Military Buildings shall be made by the Executive Engineer or his Subordinates, either upon inspection, or at the requisition of the tenant of the building, or of the local or divisional Staff Officer.

If over Rupees 500, to be submitted to Superintending Engineer.

23. If above 500 Rupees, the estimate shall be countersigned by the divisional Officer of the Quarter Master General's Department, who shall be considered to act under the authority of his own Superiors: and the estimate, thus approved, shall be submitted to the Superintending Engineer for sanction.

Sanction of Expenditure.

24. The power of Officer Commanding a Division to sanction expenditure is detailed in para. 41.

Military at the Presidency.

Barrack Master takes the place of Divisional Officer of the Quarter Master General's Department.

25. At the Presidency, Saint Thomas' Mount, Poonamallee and Palaveram, the Barrack Master takes the place of the Divisional Officer of the Quarter Master General's Department, the Executive Engineer at the Presidency exercising the same functions in regard to Military Buildings there, as other Executive Engineers with respect to buildings in the Provinces.

26. The rules relating to Military Buildings in the Provinces as respects both new works and repairs, are equally applicable to Military Buildings at the Presidency, Saint Thomas' Mount, Poonamallee and Palaveram.

Rules for Military Buildings in the provinces equally applicable to Military Buildings at the Presidency.

General Rules for Buildings.

27. Careful consideration shall be given in the selection of a site for a building, especially when intended as a residence for a large number of men. The nature of the soil, and the facilities for drainage, should be thoroughly investigated; and the certainty of obtaining good water in sufficient quantity must be ascertained. Any defects in adjacent buildings should be observed; and the position of the neighbouring rivers, tanks, cultivation, hills, and jungles should be carefully examined. The direction of the prevailing winds, and the character of the country over which they blow, should be noted. The opinions of qualified Medical Officers should, if possible, be taken upon these points.

Selection of site.

28. Every estimate for a new building must be accompanied by an assurance that it provides for all the necessary accommodation. The proposed allotment of the rooms must be given: and the opinion of the intended occupant and of the Head of the Department concerned, as to the sufficiency of the accommodation, must be obtained.

Assurance of suitable accommodation.

29. When a new building is required, and when the circumstances under which it is required have already existed for long, it must be explained how the want has hitherto been supplied, and why the existing arrangements cannot be continued.

Necessity for new accommodation to be explained.

30. Every proposal for additional rooms to any building must be accompanied by a plan, showing the whole of the existing accommodation and its allotment.

Plan to accompany all proposals of additions.

31. The repair of a building shall consist of the restoration of its decayed parts, with such alterations of form, dimension, and material, as may be indispensibly necessary. Trifling improvements shall be considered as repairs, when so connected with them that the separate execution of each would be impracticable, or highly inconvenient.

Definition of term repair.

32. In every estimate for the repair of a building, all such repairs and trifling improvements as may seem necessary shall be included.

All trifling improvements to be included.

33. When the estimate for the repair of any building exceeds one-fourth of the value of the building, as entered in the dead stock account, it shall be regarded as coming under the term "new works," and shall be dealt with accordingly.

Estimates exceeding one-fourth of value termed new work.

34. In submitting an estimate for the repair of any building, full particulars shall be given of the character and condition of the building. The nature of the repair required, and the necessity for it, shall also be explained, especially when the estimated cost bears a large proportion to the value, or the original cost, of the building.

Full explanation to accompany all estimates.

35. In the case of a building not permanently occupied, the Executive Engineer shall act at his own discretion.

Case of buildings not permanently occupied.

36. The roofs of all public buildings of a permanent character, shall be either terraced, tiled, or arched. Thatched roofs shall be permitted only in cases of unimportant buildings, quite of a temporary character, and removed from other buildings.

Nature of roofs.

37. In all buildings intended for dwellings adequate provison must be made for ventilation, on scientific principles.

Ventilation to be provided.

38. All barrack fixtures, of every description, shall be considered as part of the buildings, and shall be furnished by the Public Works Department; leaving only such moveable appurtenances or drill apparatus as can be returned into store on buildings being vacated, to be supplied by the Barrack Department.

Barrack fixtures considered part of a building.

THE SUBMISSION OF ESTIMATES TO GOVERNMENT.

39. All estimates for public works, originating in any Department, which are intended for submission to Government, shall be sent through the Superintending Engineer.

All Estimates submitted through Superintending Engineer.

SANCTION OF EXPENDITURE.

40. The following works may be sanctioned by Superintending Engineer:—

Powers of the Superintending Engineer to sanction expenditure.

I. Repairs to Buildings without limit; provided that the Estimate be within one-fourth of the value of the Building and that the sum allowed in the Budget for the purpose be not exceeded.

II. Minor Alterations, additions, and improvements to Buildings estimated to cost not more than 100 Rupees, in communication with the Commander-in-Chief, in the case of Military Buildings, and with the Head of the Department concerned, in the case of other Buildings.

III. Necessary alterations in the constructive details of works during their execution, provided that the additional expenditure does not amount to more than 5 per cent. on the Estimate.

Military Buildings.

41. An Officer Commanding a Division may sanction the following works :—

I. Repairs to Military Buildings within five hundred Rupees, provided that the Estimate does not exceed one-fourth the value of the Building.

II. Emergent work to Military Buildings when the health of the Troops is affected, and emergent work to Commissariat Buildings, within Rupees five hundred, and without Estimate, the Bill being accompanied by a Statement of the work performed, and will be passed by the Superintending Engineer.

Buildings at the Presidency.

42. The Barrack Master may sanction repairs to any Buildings at the Presidency within five hundred Rupees, provided that the Estimate does not exceed one-fourth of the value of the Building.

SUPPLY AND REPAIR OF BARRACK FURNITURE AND FIXTURES.

43. All repairs and supply of Barrack Fixtures and Buildings including Punkahs and Fringes are to be executed by the Public Works Department and provided for in the Budget Estimates, and repair and supply of Barrack Furniture are to be provided for by the Commissariat Department. The aid of the Public Works Department will be available for making and repairing Furniture, when it may be desirable to seek it, the Officers of that Department being placed in funds for the purpose by the Officers of the indenting Department.

44. The Commissary General will issue instructions for the repair and supply of Barrack Furniture being attended to by his Department, in accordance with the above arrangement.

EXECUTION OF WORK.

General.

Verbal orders which entail expenditure to be confirmed in writing.

45. Verbal orders alone, as being liable to misapprehension, will not be received as a sufficient warrant for commencing any work, or incurring any expense. This shall not interfere with the prompt obedience of every Officer in the Department to the lawful orders of his Superiors, or the emergent requisitions of Military or Civil Authorities, when given verbally : but the written confirmation of all verbal orders which entail expenditure must be solicited by the Officer who receives them ; and he will be held personally responsible for any expense which may thus be incurred, unless he can show that he applied, within reasonable time, in writing to the Officer by whom the verbal order was given, stating in detail the work he was about to carry out, giving a rough estimate of the expense, and asking for a written confirmation of the original order.

Work not be carried on Sunday.

46. Every public work, carried on under the orders of Government, shall be discontinued on Sunday. Exception will be made only in cases of very urgent necessity, in which delay would directly prejudice the interests of Government, or the people : but in every such case an immediate report must be made for the information of the Superintending Engineer.

Buildings completed to be made over to Quarter Master General's Department.

47. All Military buildings, upon completion, shall be handed over to the Quarter Master General's Department ; and the Public Works Department shall have no further concern with them, except in so far as they may require repair, from time to time.

By Order of His Excellency the Commander in Chief.

GENERAL ORDERS

By His Excellency the Commander Chief.

HEAD QUARTERS OOTACAMUND, 12th April, 1866.

At a General Court Martial held at Bellary, on the 23rd of March 1866, James Duffee, No. 732, Driver in the D Battery, D Brigade Royal Horse Artillery, was arraigned in the following charge, viz.:—

Charge.—For having at Bellary, on the 9th February 1866, when a Prisoner on his trial before a Garrison Court Martial, struck with his clenched fist on the side of the head, Lieutenant George Douglas Cookson of H. M.'s 76th Regiment, one of the members of the Court, then and there in the execution of his office, at the same time saying, "That will get me a General Court Martial," or words to that effect.

Finding.—The Court on the evidence before it, and what has been stated in defence, is of opinion that the Prisoner James Duffee, No. 732, Driver in the D, or Major Richard George Frederick Henegan's Battery, D Brigade Royal Horse Artillery, is

Guilty of the charge

Sentence.—The Court sentences the Prisoner James Duffee, No. 732, Driver in the D, or Major Richard George Frederick Henegan's Battery, D Brigade Royal Horse Artillery, to Penal Servitude for 14 years, to commence at the expiration of the imprisonment, to which he, Driver James Duffee, was sentenced by a Garrison Court Martial, on the 9th February 1866.

Courts Martial.—No. 28.—The following Extract from General Orders by His Excellency the Commander in Chief in India, is republished :—

Adjutant General's Office, Head Quarters, Calcutta, 27th April 1866.

No. 38.

COURTS MARTIAL.
PUNISHMENT.

Military Prisons not having yet been established in India on a footing of law, by which the power of summary punishments is vested in Visitors, the Commander-in-Chief thinks that the powers given by the Mutiny Act and Articles of War, to Officers Commanding Brigades and Regiments, should be more frequently exercised than is now the case.

2. It happens at present that, when a prisoner undergoing his sentence in a Station Prison in India, commits an act of violence, his case is referred to Army Head Quarters, with a view to a General Court Martial being ordered.

3. The Commander-in-Chief thinks that, in such cases it would be generally better to try the prisoner at once by District Court Martial, with a view to the infliction of a summary punishment such as that ordered by Visitors, viz., corporal punishment to the extent of the powers of a Court Martial.

4. As the men concerned are generally undergoing long terms of imprisonment, it would, considering the Indian climate, be usually inexpedient to prolong the term of imprisonment, on account of the misconduct above alluded to.

HEAD QUARTERS, OOTACAMUND, 12th April 1866.

Lucknow.—No. 29.—The following Circular by the Adjutant General, Bengal is, with the sanction of Government, republished.

No. 7.

Circular Memorandum.

Service Officers.

With reference to G. G. O., No. 1001 of 1862, Heads of Departments and Commanding Officers are requested to submit, at an early date to this Office, a Roll of all Officers serving under their orders, whose names are not found in the appended List, but who claim to reckon the one year's additional service granted by Her Majesty to the Force which entered Lucknow, under the late Sir Henry Havelock in September 1857, or composed the Detachment left in the Alumbaugh on the 25th September 1857, together with those that subsequently entered it, and remained there until the relief by Lord Clyde, on the 18th November 1857, each claim to be accompanied, where practicable, by a certificate from a competent authority in support of its validity.

(By Order.)

(Signed) H. E. LONGDEN, Colonel, *Adjutant General.*

Adjutant General's Office, Head Quarters, Calcutta, 30th January 1866.

To Heads of Departments and Officers Commanding Regiments of Her Majesty's British and Indian Forces, and Brigades and Batteries of Artillery.

RETURN of Officers of the British and late Indian Armies, who are entitled to reckon an extra year for service at the relief of Lucknow in September 1857, and the occupation of the Alumbaugh, prior to the advance by LORD CLYDE on the 18th November 1857.

No. 36.—The following Extracts from General Orders By His Excellency the Commander in Chief in India are republished :—

Adjutant General's Office; Head Quarters, Calcutta, 8th February 1866.

No. 24B.

Confidential Reports. Inspection Returns.—It having been observed by the Commander in Chief in India that the method of preparing the Inspection Returns* of British Regiments is not uniform throughout the Army, and that in some cases the Return has not been intelligible, and in others actually incorrect, His Excellency calls the attention of Commanding Officers to the following Rules which are now laid down for their guidance.

* War Office Forms 758 and 759.

2. In the first Return on page 1, the line "Present under Arms" must include all Officers and men on the Inspection Parade, whether in the ranks or not, Recruits at drill, Regimental Orderlies, &c.

3. The line "on duty" should include only—

1*st*.—Regimental and Garrison Guards.

2*nd*.—Orderly Non-Commissioned Officers and men, whose absence from Parade is actually necessary for drawing rations and for the protection of barrack rooms, and any others unavoidably absent *on duty*. The numbers returned under this head are to be fully and satisfactorily accounted for to the Inspecting Officer.

4. Officers and men absent on duty at out-quarters must be shown in a line (to be introduced under "Prisoners") "on Command," and not included in the second line of the Return, viz., "on duty," which applies only to those present with the Regiment, nor under "absent with leave," as is sometimes done. In this line "on Command" must be included all invalids, time-expired men, and men for discharge, as well as Recruits en-route to join, and all Officers doing duty with such detachments, whether composed of men of their own or other Regiments.

5. Under the circumflex "sick" a line "at Convalescent Depôts" to be added for *sick* men at, or proceeding to or from such Depôts, and for Officers doing duty with them.

6. In the account showing the increase and decrease "since last Inspection," lines must not be inserted to account for promotions and reductions, as those do not affect the total strength of a Regiment. But a line "joined from England" may be added in the "Increase," and "sent to England" in the "Decrease." Boys enlisted to be included in the head "Recruits."

7. Strict attention must be paid to the note at the head of the column of "Remarks" on the 3rd page of the Return. The cause of the absence of each Officer must be correctly and fully stated.

8. Inspecting Officers will cause any Inspection Return which may not be prepared in strict accordance with the above instructions to be corrected before transmitting it to Head Quarters.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 23rd May 1866.

No. 41.—The following Extracts from General Orders by His Excellency the Commander in Chief in India, are republished :—

Adjutant General's Office, Head Quarters, Simla, 20th April 1866.

No. 71.

Discharges. Change of Residence.—As much inconvenience has been caused by Soldiers applying for permission to change their intended place of residence, after leaving their Regiments for discharge, which frequently involves the cancelment of arrangements in regard to their passage, the correction of discharge papers, and the repreparation of parchment certificates, which had already been confirmed, Commanding Officers are to explain to Soldiers under their command, that when appearing before Regimental Boards, they must finally make up their minds as to their place of residence, and that no change of the election they may then make will be sanctioned, except under very special and unforeseen circumstances.

No. 75.

Discharge.—Under instructions from the Horse Guards the Commander in Chief in India is pleased to publish the following Rules for the preparation of the Statements of Service in Soldiers' Discharge Documents :

Pending the receipt of amended War Office Forms (732 and 83) a second column for reckoning the service will be added in manuscript in these Forms.* The first column will indicate the service which is permitted to count towards Good Conduct pay and Pension ; the second column will shew the amount of service towards completion of limited engagement.

* Application for Discharge. Proceedings of Discharge Board.

In all cases of discharge, whether on completion of limited engagement or otherwise, the service shewn on the first page of the proceedings of the Board is to be that towards Good Conduct Pay and Pension, and to correspond with that shewn in the first column of the second page.

A new Form of Parchment Certificate has been approved by His Royal Highness, in which both services are inserted, but until the receipt of the new Forms the Certificates will continue to be prepared as at present.

GENERAL ORDERS

BY HIS EXCELLENCY THE COMMANDER IN CHIEF.

HEAD QUARTERS, OOTACAMUND, 4th June 1866.

No. 44.—The following Extracts from General Orders by His Excellency the Commander in Chief. in India are republished :—

Head Quarters, Simla, 1st May 1866.

No. 76.

Discharges.—The following Extract of War Office letter No. $\frac{67}{9}{}^{8}{}^{4}$ of the 12th February 1866, is published for general information with reference to the Royal Warrant dated 23rd July 1864,

"I am directed by the Earl de Grey and Ripon, to acknowledge the receipt of your letter of the 1st December 1865, and in reply to acquaint you, for the information of His Royal Highness the Field Marshal Commanding in Chief that India, Gibraltar, and Malta are not to be regarded in the light of Colonies, with a view to discharged Soldiers becoming settlers in those portions of Her Majesty's dominions.

* * *

No. 78.

Invalids—Discharges.—Under instructions from the Horse Guards the Commander in Chief in India, finds it necessary to call the attention of Regimental Officers to the necessity of giving the fullest possible information in the report on the third page of the Proceedings of the Board, in the case of men brought forward for discharge as Invalids.

Much inconvenience is frequently occasioned by the incompleteness of the information in this particular and the consequent inability of the Inspecting Medical Officers to decide finally upon each case, and to sign the Certificate appended to the questions and replies.

His Excellency will hold the transmitting Officers responsible that they ascertain by Examination, that the orders on this subject are carried out.

* * *

No. 80.

Musketry—Butchers.—The Commander in Chief directs that Non-Commissioned Officers and men employed as Station Butchers will, in future, be exempted from the Annual course of Musketry training.

* * * *

No. 84.

Recruiting.—Several cases have lately occurred wherein men passed into British Regiments in India, have been invalided before serving one year, thereby entailing loss on the State.

To prevent this in future, the Commander in Chief directs with reference to General Orders, Her Majesty's Forces 16th February 1860, that no Recruits shall be enlisted, or Time expired men re-engaged in India until they are passed by a Medical Board if possible, or in cases where a Board cannot be convened, by a Surgeon who will examine the men most carefully before granting the Certificate of fitness.

* * *

No. 89.

Armourers.—In continuation of General Order No. 6 of 25th January last, Commanding Officers on occasions of removals of Armourers from Regiments to Magazines, or transfers from their own to other Regiments, will invariably, in addition to reporting to this Department the fact of such transfers or removals having taken place, state that the Officer Commanding the Depôt, has been communicated with and directed to send the Armourer's Attestation and Register Sheets duly completed, to the Superintendent of the Small Arms Factory at Pimlico.

No 47.—The following Extract from General Orders by His Excellency the Commander in Chief in India, is republished :—

Adjutant General's Office, Head Quarters, Calcutta, 15th February 1866.

No. 25A.

Drill and Instruction.—The directions contained in the enclosed letter are the result of an enquiry submitted by the Commander in Chief in India, for the consideration of His Royal Highness the Field Marshal Commanding in Chief, as to whether a difference observable in the Rifle Brigade, in respect of the march in quick time, had the approval of His Royal Highness.

You will observe that Rifle Regiments are required to conform to the Regulations laid down in the Field Exercises, without exception.

You will have the goodness to cause implicit obedience to be paid to this instruction in the case of any Battalion of the 60th Rifles or Rifle Brigade which may be under your command.

HORSE GUARDS, S. W.,
1*st January* 1866.

"Sir,—I have had the honor to lay before the Field Marshal Commanding in Chief, your letter No. 575 of the 17th November last, and am directed to acquaint you in reply, that His Royal Highness recognizes no exceptions to the regulations laid down in the Field Exercises and Evolutions of the Army, and that Regiments of Riflemen should be required to conform thereto, the same as all other Corps."

Private Richard Hope, No. 2125.....} payable on discharge in addition to ordinary pension.

Railway Returns and Certificates.—No. 49.—Inattention to existing orders in reference to filling in Railway Returns and Certificates, is the cause of much unnecessary correspondence. It has also been brought to notice that the duty of completing the Statement of Baggage on the "Return and Certificate" of Troops travelling by Rail, is not unfrequently left to be fulfilled by the Railway Authorities at the starting Station; the Commander in Chief therefore reminds Officers that these Returns are to be filled up by themselves, and they are held responsible that the entries are correctly made.

2. Staff Officers are referred to G. O. C. C. No. 97 of 1865; and when granting Rail Orders they are to afford every information and assistance to Officers and others, as to how the Baggage Statement should be filled up, and most particularly with regard to the amount of Baggage weighed and taken by the Train.—When any Baggage is sent by Goods Train the amount should be separately noted in the Statement.

3. Rest House Superintendents at Railway Stations, are held responsible for the correctness of the Returns for all small Details not under the Command of an Officer. Divisional Officers of the Quarter Master General's Department will remind Rest House Superintendents of their duty accordingly.

4. With reference to G. O. C. C., No. 81 of 1865, no application for a refund of Railway Fares will be attended to unless supported by the Certificate from the Station Master, which should be invariably obtained at the time of making the journey.

The following Extract from General Orders by His Excellency the Commander in Chief in India, is republished :—

2. The Buckets will be issued on Indent under the rules which regulate the issue of Lamps for Troops on the march.—They will be packed on the Elephants or Camels conveying the Tents, and no extra carriage will be allowed for their conveyance.

G. O. G. No. 136, of 1857, paras 38 to 41 Head "Troop Tents."

3. G. O. C. C. No. 109, dated 23rd November 1864, is hereby cancelled.

Passages. Travelling on duty.—No. 53.—The Commander-in-Chief is pleased to publish for general information and guidance, the following rulings by Government, on the subject of "Passages," and "Travelling on duty," in continuation of G. O. C. C. No. 8, dated 22nd January 1866.

I. No charge is admissible under existing Regulations, for the Carriage of the Families of Warrant Officers travelling on duty.

II. With reference to para. 38 of G. O. G. No. 213 of 1855, regarding passages from Port to Port. G. G. O. No. 773 of 1864* is not considered to affect regulations under which Warrant Officers are specifically allowed special privileges.

* Madras G. O. No. 402, dated 11th October 1864.

III. No charge is admissible under regulation for the wives and families of Warrant Officers, returning from the Straits or Burmah unaccompanied by their husbands.

IV. In regard to the wives and families of individuals below the rank of Warrant Officers in receipt of family allowance, unaccompanied by their husbands, free passage will be allowed when return to the coast may be considered to be absolutely necessary on account of illness, Government expect that every circumspection will be exercised in incurring charges of this description, and that when removals become absolutely necessary, they will be effected in the most economical manner, consistent with due consideration for the patients from Burmah, passages under this rule will be given by the Contract Steamer.

V. Officers removed from one Station to another on account of promotion either Regimental or Departmental, and detained at any Station on temporary duty, are not in consequence of such detention entitled to travelling expenses.

Disembarkations.—H. M.'s Troop Ships.

No. 56.—The Commander in Chief is pleased to publish, for information and guidance, the following Circulars from the Horse Guards, regarding the safe custody of Bedding and Mess Utensils issued to Troops embarked on *Her Majesty's Troop Ships*.

No. 168.

CIRCULAR MEMORANDUM.

Addressed to Officers Commanding at Ports of Disembarkation.

QUARTER MASTER GENERAL'S OFFICE, HORSE GUARDS, S. W., *24th April* 1866.

It having been brought to the notice of His Royal Highness the Field Marshal Commanding in Chief, that articles of stores are still frequently lost by troops on board ship, His Royal Highness directs the particular attention of Officers Commanding at ports of disembarkation, at Home and Abroad, to the Quarter Master General's Circular Memorandum, No. 120, dated 1st March 1861, and desires that upon the arrival of any of Her Majesty's ships at a port in their commands, with troops for disembarkation, they will see that the provisions of the Circular Memorandum are strictly carried out, as regards an adjustment on the spot, of any cases of the loss of stores that may have occurred during the voyage, as subsequent endeavours to recover the value of the articles, however trifling the amount may be, are sometimes ineffectual, and always involve much correspondence and loss of time.

By Command,

(Signed) J. HOPE GRANT, *Quarter Master General.*

CIRCULAR.

No. 120.

This Circular is intended to cancel No. 106, issued from this Office, on 1st September 1859.

QUARTER MASTER GENERAL'S OFFICE, HORSE GUARDS, S. W., *1st March* 1861.

A considerable deficiency in Blankets and Mess Utensils issued for the use of Troops embarked on board H. M.'s Troop Ships, having on several recent occasions been discovered at the end of the

voyage, the General Commanding in Chief considers it necessary to take steps to prevent a recurrence of such irregularities and losses of public stores arising as they do in most instances from the negligence of the Troops.

His Royal Highness therefore directs, that all Bedding and Mess Utensils issued, are to be received on the same principle as such articles would be if furnished to Troops in Barracks, viz. :—

That the articles required are to be drawn from the stores of the ship by the Quarter Master or other person acting on his behalf, and by him returned to the Officer of the ship from whom they were received, at the termination of the voyage.

That any loss or damage which cannot be satisfactorily accounted for, be charged against the Troops on disembarkation, and if so chargeable against Regiments (embarked collectively or by wings) the Paymaster of the Ship is to obtain from the Officer in Command of the Troops payment for the same at the rate specified in the scale annexed.

When the Troops on board consist of Detachments of several Corps, the Military Officer in Command must make each Detachment responsible for the articles issued to it ; and if when a loss has occurred he is unable to fix it upon any individual soldier, he will charge it to the Detachment concerned, paying the amount at once if possible out of any balance in his hands due to such Detachment, otherwise he will furnish an account of the charges to the Ship's Paymaster, and transmit a duplicate thereof to the Officer Commanding the Regiment, who will cause the amount to be stopped from the soldiers and credited to the public, in the first Regimental account rendered after the Detachment joins its Corps.

In the event of loss or damage arising from stress of weather, fire, or other accident, the statement of the circumstances under which it occurred must be supported by an Extract from the Ships Log, or other satisfactory certificate before the Troops can be relieved of the charge.

A Board composed of three Officers if so many are on board should assemble before disembarkation, in order to record the loss or damage of any articles which are chargeable to the public instead of to the Troops, under the circumstances above stated. A duplicate copy of the proceedings of the Board is to be given to the Paymaster or other Officer of the ship, as his voucher for the loss of the articles in question.

If the Commander of the vessel should make any objection to the number of the articles it is proposed to charge against the Public, the decision of the case is to be referred by the Officer Commanding the Troops on board, if abroad, to the General Officer Commanding on the station, and if at home, to the Quarter Master General, who will if necessary, communicate with the Lords Commissioners of the Admiralty upon the subject.

The General Officer or the Quarter Master General, as the case may be, will notify the decision to the Commander of the vessel, and to the Officer Commanding the Troops on Board with as little delay as possible.

The following are the prices at which the different articles will be charged, viz :—

Spoons (Iron)	2*d.* each.	Kegs	1*s.* 6*d.* each.
Pots (Tin Pints)	2*s.* 10*d.* per doz.	Kits	1*s.* 10*d.* „

Light Clothing Allowance.—No. 63.—The Commander in Chief directs it to be notified that, Government has ruled that European Veterans, and Effective Supernumeraries attached to Departments, who were effective on the 1st January 1862, are, under the provisions of G. O. G. No. 295 of 1861, entitled to three months Light Clothing Allowance, from 1st January to 31st March 1862, viz., one Rupee each—bills in duplicate should be forwarded to the Examiner of Clothing Accounts accompanied by a Nominal Roll of men in each Department (or the Veterans) effective 1st January 1862, shewing also the G. O.'s of their appointments, as well as the period for which the allowance was last drawn, and when.

2. The allowance for three months from 1st January to 31st March 1867, viz., 1 Rupee, is similarly payable to European Veterans, and Effective Supernumeraries of Departments, non-effective, but not included in the Roll of men of the 1st January 1862, as they have received the allowance up to 31st December 1866, only; consequently bills in duplicate for such men should be separately forwarded to the Examiner, accompanied with a Nominal Roll, in which should be exhibited the date on which the allowance was last drawn.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 1st August 1866.

A refuse bin 2′ ×16″ ×1 deep for the reception of refuse matter, until the arrival of the rubbish Cart; *to be provided by the D. P. W.*

Furniture ... { 1 Chopping block. 1 Stool. 3 Tables. 1 Cupboard, Standard pattern.

Fittings ..... { 1 Shelf in Orderly's room. 3 Sets of Shelves in Kitchen. 1 Oven.

Cook Rooms.—No. 67.—Government have been pleased to sanction the supply of the furniture and fittings noted in the margin, for the Cook Rooms, Barrack and Hospital, of European Regiments in this Presidency, in accordance with the scale sanctioned in Bengal.

Passages. Travelling on Duty.—No. 68.—The Commander in Chief is pleased to publish for general information, the following extract from a Despatch from the Officiating Secretary to the Government of India, Military Department, No. 445, dated 19th June 1866.

* * * Government General Order No. 773, dated 22nd September 1864, was intended to provide for all cases of travelling on duty for which no particular rates of mileage were laid down, but not ordinarily to affect cases of the latter description, as mileage allowances have been generally considered as helping the Officer to meet some other expenses besides those of actual transit

2. It does not therefore appear to Government expedient to adopt one general rule for all cases.

3. "It may be added that, when the route to a place may be nearly as expeditious and convenient by land as by water, the least expensive journey should be chosen; a passage being provided when the Officer travels by water, as mileage allowance are ordinarily admissible only when the journey is performed by land."

Native Infantry. Savings.—No. 69.—The Commander in Chief directs the publication for the information and guidance of Officers Commanding Native Infantry Regiments of the following Resolution from the Government of India in the Financial Department, dated 26th June 1866, No. 1182.

RESOLUTION.

* * * * *

It appears that the Savings of a Sepoy in a Belooch Regiment, which were deposited in the Hyderabad (Scinde) Treasury, were fraudulently withdrawn by a another Sepoy who personated the depositor. As a precaution against similar frauds, the Governor in Council is pleased to rule for the future that Native Soldiers who have accounts with Government Savings Banks, shall have effect all deposits and withdrawals under the countersignature of the Commanding Officers of the Regiments to which they belong, the account however being, as at present, kept with the individual depositor.

Native Army Payments.—No. 76.—The attention of Officers of Native Regiments is called to the General Regulations and Standing Orders of the Service which strictly enjoin that all payments due to the men are invariably to be made by European Officers in person.

2. The Commander in Chief warns Commanding Officers of Regiments that he holds them responsible that no deviation from the orders on this subject is permitted : and they will impress on their Wing or Squadron Officers their duties in this important particular.

3. His Excellency further directs that Officers will bear in mind that whenever any advantage may arise from exchange of currency, the Soldier should have the benefit of it by its being passed to his credit: and under no circumstances is it to form the perquisite of the Pay Havildar or other Non-Commissioned Officer.

4. Serious consequences have recently come under His Excellency's notice, arising from neglect on the part of Officers, in regard to the two points above specified.

No. 77.—The following Extracts from General Orders by His Excellency the Commander in Chief in India, are republished :—

Discharges, Courts Martial.—The Commander in Chief is pleased to direct that the following rules be observed in cases of Soldiers, whose discharge with ignominy, as recommended by General, or by District Court Martial, has been confirmed by His Excellency.

2. Before the departure of the Prisoner from his Regiment or Battery, either for prison or port embarkation, he is to be marked as may be directed in his sentence, and the process of degradation detailed in paragraph 26, page 187, of the Queen's Regulations, carried out as therein detailed.

3. He will be sent to the port of embarkation, under the usual guard, by the first favorable opportunity, but not earlier than the 1st of October, and his departure must be so timed as to ensure his reaching the port for which he is destined before the 15th of March.

4. After the expiry of the sentence of imprisonment he is to be kept in confinement, *but not on prison diet.*

5. If the sentence of imprisonment cannot be completed before his departure, timely application is to be made to the Adjutant General for the necessary Warrants for his removal from cells or prison, and he is then to be sent, *as a prisoner*, to the port of embarkation.

Vide Horse Guards G. O. No. 841, dated 5th January 1864, paras. 2 and 4, published in G. O. C. C. 11th June 1864, pages 113, and 114 Standing Orders.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 16th August 1866.

At a General Court Martial held at Bangalore, on Friday, the 3rd August 1866, Henry Doherty, Regimental No. 399, Private in No. 7, or Captain Frederick Browne Sandwith's Company of Her Majesty's 2nd Battalion 10th Regiment, was arraigned on the following charges, viz. :—

First Charge.—That he, Henry Doherty, on the night of the 14th June 1866, being then and there a Soldier serving in India, in the Territories of His Highness the Rajah of Mysore, did commit house-breaking by night in the quarters of Private Owen Griffin, of the same Battalion, in order to commit theft.

Second Charge.—That he, Henry Doherty, on the night of the 14th June 1866, being then and there a Soldier, serving in India, in the Territories of His Highness the Rajah at Mysore, did commit theft in the quarters of Private Owen Griffin, of the same Battalion, by dishonestly taking therefrom one Blanket, one Holdall, one Towel, one Helmet Cover, one Pair White Trowsers, one Shaving Brush, one Button Stick, one Shell Jacket, one Tunic, one Silver Kaffir War Medal, one Female's dress, one Female's Jacket, one Female's Skirt, one piece of Calico, one Counterpane, the property of the said Private Owen Griffin.

Finding.—Not guilty of the First Charge.
Guilty of the Second Charge, excepting the words "one Towel" of the theft of which article the Court acquits him.

Sentence.—The Court sentences the Prisoner Henry Doherty, Regimental No. 399, Private in No. 7, or Captain Frederick Browne Sandwith's Company, of Her Majesty's 2nd Battalion 10th Regiment, to imprisonment with hard labor, for one year.

Bangalore, the 4th August 1866.

HEAD QUARTERS, OOTACAMUND, 24th August 1866.

Military Cantonments. Leases.—No. 81.—With a view to the stricter enforcement of the provisions contained in the Leases of ground granted by Government to individuals in Military Cantonments, the Commander in Chief is pleased to publish the following conditions, extracted from the latest form of Lease issued.

2 Officers Commanding Stations will be careful to see that they are fulfilled in every particular. But as there are one or two clauses in the latest Leases, not contained in previous Forms, they should satisfy themselves that they are not enforcing conditions, not actually contained in the Lease held by any individual.

3 The latest Form applies to Cantonments in Burmah, with the exception, that in that Country Quit rent is not charged by Government.

4. Applications for land in Cantonments are sometimes made for other purposes than for building on. It is therefore notified that except for Officers' Quarters, or for shops intended for the convenience of Residents, all others are disallowed.

5. In making application to the Quarter Master General, it should be stated to which of these uses the house is to be devoted; and it will be the duty of the Officer Commanding the Station to see, that the purpose is fulfilled, or, report to the contrary.

EXTRACT.

I. To hold the Lease for 50 years, renewable at the end of every 10 years, at the option of Government.

II. To pay a yearly ground rent. To well and sufficiently repair, maintenance, amend, and keep the premises and appurtenances in such good and substantial repair, as is necessary for the occupation of a Tenant at Reech rent To scour and cleanse all drains and water courses belonging to the premises, and keep the same free from obstruction. To remove from the premises, and keep the same free, from prickly pear and aloe, and all causes of malaria. Hedges to be of a height not exceeding four feet from the level of the public road, in front of, or leading to the premises. To lop and keep lopped, the branches of all trees present and future, which shall grow lower than six feet from the ground.

III. The premises although maintained in the above order, to be given to Government, if required, at any time at the end of the term, or sooner.

IV. The premises to be open to the Government authorities, to take plans and examine the condition thereof.

V. All or parts of the requirements as detailed in para. 4, if found necessary to be supplied: notice of which in writing to be left at the premises, to be attended to by the Lessee within three calendar months.

VI. Not to do, or willingly cause or suffer, any act or thing to be done, in or upon the premises, to the annoyance, grievance, damage, or disturbance of Government or their Tenants.

VII. On assigning the premises to another, a notice in writing, of the assignment, to be given to the Officer Commanding the Cantonment; with full particulars, within three calendar months.

VIII. The monthly rent should be limited to a sum equal to 1-12th part of a sum equivalent to Rupees 15 per cent. per annum on the *bonâ fide* value of the building: to be certified by the local Engineer Officer.

IX. To Officers the monthly rent to be limted to, and in no case to exceed, either the said sum or the sum of 100 Rupees, whichever of the said sums shall be least in amount. The meaning being, that no more than 100 Rupees a month as rent can be demanded, although the *bonâ fide* value of the building may be more.

X. If at any time the Tenant being a Military Officer, shall consider the rent to exceed the amount mentioned in the foregoing para., and if the Engineer certify to that effect, the Lessee should reduce the rent at which the Engineer shall fix.

N. B.—This is not intended to do away with the assembly of a House Board.

XI. If at any time it is desired to let or sell, the preference should be given to Military Officers of the Cantonment over any body else.

XII. If the house is required for the residence of any of the Officers of the Cantonment, notice in writing to be given to the owner, and after 30 days, the house should be vacated for occupation by such Officer.

XIII. If the Government require the land at any time, it should be restored on payment of the fair value of the buildings to be fixed *by the Engineer*. If dissatisfied with this value, the amount to be fixed by Government, which decision will be final.

XIV. The Lessee to conform to and obey all present and prospective orders and regulations of Government.

XV. If the annual rent to Government is not paid within 30 days after the due date, or if the Lessee become bankrupt or insolvent; and if there is any execution out against the Lessee where the Lease shall be seized, or in case of the breach or non-performance of any of the conditions contained in the Lease, it shall be lawful for the Government to obtain re-possession of the premises, on payment of their value.

By Order of His Excellency the Commander in Chief.

No. 82.—The following Extracts from General Orders by His Excellency the Commander in Chief in India, is republished :—

No. 164.

Courts Martial.—In continuation of Circular No. 82 E,* of the 23rd May 1865, the Commander in Chief finds it necessary to point out, that evidence of mere deficiency of Necessaries, &c., on a certain date must be generally held to be insufficient to establish a charge of having lost them by neglect, and still less so to support a charge of having made away with them.

2. In all such cases it should be clearly proved—

1st.—That on a certain date, anterior to that in the charge, the Soldier had in his possession the Articles mentioned in the Charge.

2nd.—That on the date stated in the Charge, those articles were deficient; and that he could not account for the deficiency.

3. This General Order is to be laid on the table at all Courts Martial, when a Soldier is to be tried under the provisions of Circular No. 82 E of 1865.

	To
Assistant Surgeon W. Pearl	27th Regiment N. I.

Subordinate Medical Department. Paid Candidates.—No. 84.—Notice is hereby given that there are twenty-five vacancies in the grade of "Paid Candidate," Subordinate Medical Department.

2. Successful Candidates will be attached for a period not exceeding two years, to Civil or Military Hospitals at Stations where the parents may reside, or to which they may desire the lads to be transferred, on the following stipends :—

1st year.....Rupees 8.
2nd year.....Rupees 10.

3. Candidates must not be below 15 nor above 18 years of age, and they must produce certificates of parentage and of age, with testimonials as to character and respectability. Also a certificate of physical fitness for Military service, signed by a Commissioned Medical Officer of the British or of the Indian Establishment.

4. The following is the standard of examination :

A. In English; a fair knowledge of which is required, to be tested by writing to dictation, and by an examination in Grammar generally.

B. In Arithmetic; an acquaintance with simple Arithmetic, and with Vulgar and Decimal Fractions will be required.

C. In Vernaculars; Candidates are expected to possess a fair colloquial acquaintance with Hindoostani, Tamil, or Telugu.

5. Applications for admission to this examination (which will be held in any Civil or Military Station of the Madras Presidency, or of British Burmah and Straits Settlements, where there may be a Medical Officer to superintend the Candidates), with certificates prescribed in para. 3, must be sent to the Secretary to the Principal Inspector General, on or before the 1st November next.

6. The examination will be held on the 3rd and 4th December, and will be conducted by means of printed papers prepared by the Principal Inspector General, in communication with the Director of Public Instruction.

7. At Madras the examination will be conducted at the Medical College, by a Medical Officer appointed by the Principal Inspector General.

8. In the Provinces the examination will be conducted by the Civil Surgeon of the District, or by the Senior Medical Officer of the Station, if there be more than one, who will also take steps to test the colloquial knowledge of the Vernaculars possessed by the Candidates.

9. Officers appointed to conduct the examinations will see that Candidates execute their papers without aid—they will also read out the passage marked for dictation.

10. At the end of each day's examination, the papers of each Candidate duly paged, stitched together and signed, will be forwarded in sealed covers, *superscribed as such* by the Superintending Officer, to the Secretary to the Principal Inspector General, when steps will be taken, in communication with the Head of the Educational Department, to have the results valued, for submission to His Excellency the Commander in Chief.

11. Candidates will be ranked according to their attainments, as determined by the valuation affixed to their papers, and attached for two years if the exigencies of the service permit, to such Hospitals as they may specify in their applications; but they will be required before being drafted into the 2nd Department of the Medical College, to pass a second examination intended to test their knowledge of Hospital duties, of the preparation and doses of medicines, &c. This examination will determine the order of merit according to which lads will be drafted into the Medical College on the following rates of College pay :—

3rd Class Student Medical College,			Rupees	12 per mensem.
2nd	do	do	„	16 do.
1st	do	do	„	20 do.

Courts Martial.—The following letter from the Adjutant General, Horse Guards, dated 7th June 1866, and the Memo. which accompanied it, as amended, to insure conformity with the practice of Courts Martial in India, are published by the Commander in Chief in India, for the guidance of the Armies in the three Presidencies :—

Letter from the Adjutant General Horse Guards, to His Excellency the Commander in Chief, dated 7th June 1866.

"By desire of the Field Marshal Commanding in Chief, I have the honor to transmit herewith, a revised memorandum to be laid before Presidents of all General and District Courts Martial, in which the duties of the Deputy Judge Advocates are laid down, and I have to request, that you will be good enough to cause the same to be acted upon as far as practicable in your Command ; but as the practice in the East Indies may require some diviation from, or alteration in these instructions, His Royal Highness desires that you will make such additions to them as you shall deem necessary, to meet cases which may arise in India, and which do not occur in this Country ; and at the same time that you will be so good as to report the same for His Royal Highness' information."

Memorandum to be laid before the Presidents of all General or District Courts Martial held in India.

"1. The Deputy Judge Advocate at a General Court Martial should maintain an entirely impartial position and act as Assessor to the Court.

"2. He should give his advice on all matters of Law, Evidence, or Procedure ; and whether consulted or not, interfere to insure the due formality and legality of the proceedings. It is also his duty to put questions to the witnesses, whether for the prosecution or the defence, on such points as appear to him to be imperfectly elucidated.

"3. At the conclusion of the case he should sum up the evidence and give his opinion upon the Law, before the Court proceeds to deliberate upon its finding. The summing up must be in open Court.

"4. The opinion of the Deputy Judge Advocate ought to be conclusive upon any point of Law or Procedure which arises upon a trial at which he officially attends whether he has or has not an opportunity of consulting the Judge Advocate General of the Presidency before a decision is made.

"5. He should be responsible to the Judge Advocate General of the Presidency for a proper record of the Proceedings, but in important cases he should be assisted in the discharge of his duty by a sworn short hand writer, if one is available on the spot or easily accessible.

"6. In all cases when a prisoner is undefended he should take care that such prisoner should not lose any privilege that the law allows him in the conduct of the trial, and he should suggest to the prisoner through the Court the advisability of supporting by evidence exculpatory or extenuatory statements.

"7. The seat and table of the Deputy Judge Advocate should be at the right hand of the President of the Court.

"8. He should take no part in the conduct either of the prosecution or the defence, save to the extent recognized in paragraphs 2 and 6; but in other respects should fufil the duties now cast upon Deputy Judge Advocates.

"9. With respect to District Courts Martial, the Presidents are to be instructed to forward the Proceedings under cover to the Deputy Judge Advocate General of the Division or District, who will dispose of them under the rules in force for his Department.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 18th September 1866.

Native Army. Register of Heirs.—No. 96.—The new form of Register of Heirs for Native Corps, being in most Regiments nearly completed, it is desirable that its advantages should be fully realized, and with the sanction of Government the following rules are established accordingly.

2. Whenever a casualty occurs, Officers Commanding Corps, or Departments, will transmit to the Officer Commanding the Station where the Committee is to be held, a Descriptive Roll of the deceased Soldier or follower in the form required by G. O. C. C. No. 32 of 11th September 1848, stating the occasion or date of death, a Certificate from the Medical Officer under whose charge the deceased may have been *prior* to his return to the coast, shewing the origin of his disease being attached, together with an Extract containing all the entries recorded in the Register of Heirs.

3. In the case of men who have destroyed themselves, a copy of the Coroner's verdict, or that of the Court of Inquest must be forwarded.

4. Any information available in the Corps or Department to assist the Committee in identifying claimants, should also be transmitted, such as the names of persons residing at or near the station where the claim is to be investigated, who may be capable of giving information on the subject.

5. In cases of casualties occurring after return to the coast, Medical Officers in charge will, in reporting the death, transmit a Certificate of the date, and cause of death, to the Regiment or Department, in duplicate, by separate posts, which certificate will be forwarded either with the other documents or separately to the Committee investigating the claim—the documents are not to be delayed for the certificate, and in the event of its non-receipt the Commanding Officer will call upon the Medical Officer to send it direct to the Committee.

6. An application for the assembly of Committees to investigate claims, will be made to the Officer Commanding the Station nearest the residence of the heir, by Officers Commanding Corps or Departments, who will at the same time point out where the claimant and other Heirs are to be found.

7. To guard against delay in disposing of claims, from the possible miscarriage of documents, duplicates of the whole of the papers shall be forwarded by the next or separate mail, if possible within a week of the first despatched.

8. Officers Commanding Stations are to acknowledge the receipt of the documents in question, and report when he discovers the claimant, when he convenes the Committee, and the decision arrived at.

9. Proceedings of Committees on claims when closed will be transmitted to the Adjutant General of the Army as heretofore—the Proceedings however being sent by one day's post, and a letter describing them by another; cases having occurred of Proceedings lost in transit, remaining totally overlooked for indefinite periods, for want of precaution in this respect.

10. On the final disposal of a claim appearing in General Orders, an entry to that effect, will be made in the "Register" and the "Register of Heirs" under the record of the deceased.

11. It is anticipated that in most cases claims of Heirs may thus be investigated, and finally disposed of within 3 months of the casualty.

12. In such few cases that cannot be decided till the return of the Corps to the coast, the claimants will be furnished with the usual temporary Pension Certificate, pending the final investigation of their claims.

13. The Committee will record in their Proceedings the necessary entries from the documents as per margin, which are to be held as sufficient evidence of the facts they contain, the documents being appended to the Proceedings; but the identity of the claimant as the person registered as the nearest or nominated heir of the deceased must be proved by evidence duly recorded, and the description and personal appearance of the heir taken for entry in the Pension Certificate, and finally, the Committee will record its decision on the claim.

1. Extract from Register of Heirs, complete and duly verified from the Register.
2. Descriptive Roll of the deceased.
3. Certificate from the Medical Officer of the origin of deceased disease.
4. When necessary a copy of the verdict of Court of Inquest or of Coroner's Jury.

14. Commanding Officers and Heads of Departments will be held strictly responsible that the instructions contained in this order, and in the Adjutant General's Circular No. 2038 of 15th May 1865, have been carefully attended to—and Committees must not accept any extract from a Register, which is incomplete, and not duly vouched with the *initials of the Commanding Officer*.

15. Should claims be admitted which may prove not valid, the payments made thereon will be recovered from those, to whose error or neglect is attributable the admission of the claim, and Commanding Officers of stations will be held responsible that no unnecessary delay occurs in assembling Committees.

HEAD QUARTERS, OOTACAMUND, 21st September 1866.

Surgeon J. R. Theobalds, 12th Regiment Native Infantry, and Assistant Surgeon R. Dempster, 1st Regiment Native Infantry, are permitted to exchange Regiments on the completion of the approaching movements of those Corps.

GENERAL ORDERS

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 26th September 1866.

Assistant Apothecary Colin Alfred Leary of the 11th Regiment N. I., having been sentenced by a District Court Martial held at Waltair, to dismissal from the service, and the sentence having been duly confirmed, his name will be struck off the list of the Subordinate Medical Department, from the date of receipt of this order at Waltair, which is to be reported to the Principal Inspector General Medical Department and to the Adjutant General's Office at the Presidency.

HEAD QUARTERS, OOTACAMUND, 5th October 1866.

Casting Committees.—No. 103.—Casting Committees under the provisions of G. O. C. C. 3rd July 1863, No. 43, for the examination of horses considered unfit for further service, are to be assembled by Officers Commanding Divisions and Forces, as soon after the receipt of this order as practicable, in all Mounted Corps and Detachments.

2. In convening these Committees Officers will keep in view the great importance of carefully selecting Officers to compose the Committees on account of their special knowledge of Horses, and their ability to judge correctly respecting their qualities.

3. Measures should also be taken to ensure a careful and discriminating performance of their duty by the Committees.

4. The practice of transferring Horses, unfit for one branch of the service to another, is to be discontinued; and a Horse is not to be cast for being under the prescribed standard, if serviceable in other respects.

5. The number of Horses required to complete the authorized Establishment, is to be *immediately* notified by Officers Commanding Regiments and Batteries by Telegram, to the Agent for Remounts, Ossoor, on the Proceedings being closed.

GENERAL ORDERS.

By His Excellency the Commander in Chief.

HEAD QUARTERS, OOTACAMUND, 1st November 1866.

No. 109.—The following Extract from General Orders by His Excellency the Commander in Chief in India, is republished :—

Dated Head Quarters, Simla, 1st October 1866.

No. 223.

Cholera. Sanitary.

The following Notification from the Government of India, in the Home Department, is published for general information :—

REPORT BY THE BRITISH CHOLERA COMMISSIONERS.

To His Excellency the Right Hon'ble the Governor General of India in Council, No. 62, *dated India Office, London, 16th July* 1866.

SIR,—I forward herewith for your information, and for such publicity as you may consider necessary, six copies of conclusions arrived at by the British Cholera Commissioners upon the most important points relating to the propagation of the disease.

I have, &c.,

(Signed) CRANBORNE.

The British Cholera Commissioners, to the Earl of Clarendon, dated Constantinople, May 25th 1866, *(received June 6th.)*

MY LORD,—In our Despatch No. 20 of the 22nd instant, we informed Your Lordship that the "Commission Plèniére" of the Cholera Conference, appointed to report upon the first and second groups of the programme, had finished their labors, and that their Report would be submitted to the Conference immediately after being printed.

We should have deferred any further notice of the above mentioned Report, until the Conference had decided upon it; but as we have observed in the public prints just received that England is threatened with an invasion of cholera from neighbouring Continental ports, and that some difference of opinion appears to exist as to the measures to be adopted, we think the emergency justifies us in departing from the ordinary course, and in forwarding at once to Your Lordship the conclusions of the "Commission Plèniére" bearing upon the most important points of the propagation of the disease.

We may observe that the "Commission," whose conclusions are embodied herein, is composed of three of the diplomatic and of all the medical delegates, comprising altogether twenty-four out of the thirty-six members of the Conference, and that with the exception of one medical delegate, who was absent on duty during the latter half of the discussions, the sense of the conclusions numbered 1 to 6 was unanimously adopted. We have reason to believe that the absent delegate would have voted with the rest of his colleagues. On the 7th there was some difference of opinion.

The conclusions comprise the following points :—

1. That cholera is communicable from the diseased to the healthy.
2. That it may be communicated—
   (*a*) By persons in the state of developed cholera;
   (*b*) By persons suffering from choleraic diarrhœa, who can move about, and who are apparently in health for some days during the progress of the disease.

These last, from their passing unquestioned and unsuspected, are the most dangerous to the communities amongst whom they may move.

3. That the discharges of those in a state of developed cholera, or in a state of choleraic diarrhœa, become the chief means by which the cholera poison escapes from the system, and by mingling with air or water diffuses the disease.

4. That cholera may be transmitted by exposures of persons to the atmosphere of buildings, places, or vessels which have been occupied by cholera patients, and to the emanations from clothes, bedding, or other articles which have been in contact with diseased individuals, or which may have become soiled by their discharges.

5. That when infected articles or places are shut up and excluded from free air, they preserve their dangerous qualities for an indefinite length of time, and, on the other hand, the freer the exposure to ventilation, the more rapidly they become innocuous.

6. That there is no reason to suppose that cholera is communicable by actual contact between individuals.

7. That the period of incubation, counting from the time of the reception, of the poison to its manifestation in some form or other, is short. That the disease may show itself in two ways,—*first*, by inducing fully developed cholera decidedly and rapidly; *secondly*, by producing slight disturbances, among which diarrhœa may be considered the chief, and which may sooner or later pass into some more or less decided choleraic manifestation. The "Commission" consider that the incubation in the acute form is generally rapid, and that it seldom or never extends beyond a few days from the moment of infection. There was some difference of opinion as to the duration of the choleraic diarrhœa, and as to the time that it may continue to be infectious, the great majority of the Commission considering persons with diarrhœa which has lasted eight full days from the commencement of the period of observation, without showing any indications of a choleraic nature, may be excluded from the class of cholera patients. The minority think that the choleraic and infectious diarhœa may last for several weeks.

In mentioning the views of the Commission upon some of the most important points in the history of cholera, we beg to lay before your Lordship our own opinion of their practical bearing. We have little doubt that the Conference will recommend measures of restriction of intercourse between the sick and the healthy; but as it has not yet entered upon the measures to be taken, we must be considered as representing our own views only in stating that we believe that it logically follows from the above

conclusions, that if we wish to prevent the spread of cholera, or its introduction into places free from it, measures should be taken to restrain communication between those suffering from cholera and the healthy.

Examples taken from the history of the present epidemic most strongly support the opinion of the great advantage of such measures. We may mention that Sicily and Greece completely escaped the disease which was raging round them in 1865. Sicily entirely cut herself off from all communication with diseased places. Greece caused all arrivals, from infected localities to perform severe quarantine at four islands—Delos, Pondiconyssi (Salamis), Skiathos, and Vido—and held no intercourse with infected places.

The good results of isolation in the cases of Sicily and Greece are hardly negatived by the examples of what occurred in other places said to be invaded in spite of restrictive measures. The quarantines enforced at Marseilles and some other ports of the Mediterranean were ineffective, either from their incompleteness or from their having been established too late, that is, after direct communication with infected ports had taken place.

It seems to us that in the case of ships or passengers arriving from infected neighbouring ports the following measures might advantageously be adopted :—

1. No persons should be allowed to land previous to efficient inspection by medical men appointed for the duty.

2. The healthy passengers should be removed from the ship, and isolated for a period which need not exceed five days, at the end of which time they should be again inspected, and if found without choleraic symptoms, should receive pratique.

3. All persons with cholera or diarrhœa at the time of arrival, or at any period of the detention, should be isolated from the rest, and removed to a separate place. Cases of diarrhœa should be retained under observation until the diarrhœa is cured, or until the medical officer in charge is satisfied, from the features of the disease, that it is not of choleraic nature.

We think that the time of observation in such cases of diarrhœa should not be less than eight days from the commencement of seclusion.

Persons having a medical certificate of being sufferers from chronic or symptomatic diarrhœa should follow the rule of the healthy, subject however to the discretion of the medical officer in charge.

As the time occupied in the voyage between England and the neighbouring ports is short, we have not included it in the period of observation.

We further think that the complete disinfection of the effects of persons coming from contaminated places should be insisted on, and that the period of isolation of the persons should be from the time that they are separated from their suspected property.

All persons (including medical officers) employed in the Quarantine Department who in any way come in contact with the ships, passengers, crews, or effects that have arrived from contaminated places, should follow the same rules as the arrivals themselves.

With respect to persons detained in the sick departments of the quarantine stations, the destruction or disinfection of all articles used by them should be imperative.

The application of chemical disinfectants to the discharges, the disposal of these below the surface of the soil, if on shore, and beyond the possibility of contaminating water used for drinking purposes, are indispensable.

The above measures would require the following conditions at each quarantine station :—

1. An establishment for the reception of the healthy, capable of completely isolating successive parties of arrivals in distinct classes, well separated from each other.

2. An establishment for the reception of the sick, with an isolated convalescent establishment.

Each of the above should be provided with latrines, having moveable receptacles, which should be daily emptied and purified.

3. An establishment for the purification of effects.

The establishments required would certainly be large, but a small number of them placed on a few points of the coast would suffice if all ships carrying passengers from infected ports were made to pass through them before receiving free pratique.

We consider that islands lying at some distance from the coast would be the most desirable spots for the institution of quarantine stations. On these, wooden—or, still better iron—constructions might be rapidly raised. In summer weather isolated camps, with tents, might be formed.

In the event of islands not being available, it would be well to select some place on shore capable of complete isolation, and at a considerable distance from any inhabited quarter, or hulks moored at some distance from the land, but never within rivers. It will be obvious that several ships at each station would be necessary for the efficient working of the plans proposed.

The principle of isolation, adapted to special circumstances, should, we think, be carried out within the country when the disease has found a footing on shore.

We cannot too strongly urge the necessity of excluding from workhouses and general hospitals any forms of choleraic disease.

The sick poor should be cared for in special and isolated institutions.

We have based the suggestions which we have taken the liberty of submitting to your Lordship upon the supposition that all the agents employed shall be of an intelligent and upright class; that they shall be specially instructed to watch attentively, and without exciting their suspicion, the persons placed under observation, and report to the medical officers every visit made by any one to the latrines. Without the aid of intelligent and trustworthy agents, it would hardly be possible to limit safely the period of observation to so short a time as above stated.

While convinced that all personal effects should be thoroughly disinfected, we do not think it necessary to extend the measure to mails or to ordinary merchandize.

At this distance we forbear to enter into the question of the possibility of practically enforcing the foregoing measures for general passengers in the narrow seas, though, if applied, we do not doubt of their advantage in a medical point of view. We feel confident, however, that they could be readily carried out in the cases of masses of persons, as in those of the German emigrants who conveyed the disease from Rotterdam to Liverpool.

We also abstain from entering into special details upon measures of restriction and matters of general hygiene, which we consider are none the less called for, because we hold the disease to be capable of transmission.

We therefore limit ourselves to repeating generally that, whatever other important measures are taken, among the most essential should be reckoned, at all times and in all places, those which recognize the possible communicability of the disease; the necessity of complete isolation of all choleraic patients from healthy individuals; the destruction or disinfection of all wearing apparel that may have been in any way contaminated by the sick; the complete disinfection, by chemical means, of all discharges derived from them; the evacuation, if possible, of contaminated ships and habitations of all kinds, and their complete purification.

We beg to observe that, while recognizing the communicability of cholera, we consider that, with due precautions as to ventilation, scrupulous cleanliness, and attention to the disposal of the clothes and other effects and of the discharges of the sick, the patients can be handled without undue risk to those employed, and that therefore nursing in cholera is less dangerous than in some other contagious diseases.

We are well aware that measures similar in character to those which we suggest have already been recommended by Dr. Budd and others. We do not, therefore, present them as new; but having had the honor of being appointed by your Lordship to attend the Cholera Conferences, the main object of which is to prevent the spread of the disease, and having been obliged by the nature of our duties here to direct special attention to all that relates to it, we hope that we shall not be considered as going beyond our province if, in this actual crisis, we add our voices to those who advocate restrictive measures, and state our conviction that these would be most effective in their result if employed early with vigour and completeness.

We have, &c.,

Courts Martial.—The following instructions are promulgated with reference to rules 2 and 3 of the memorandum for General Courts Martial published to the Army by G. O. C. C. No. 169 dated 15th August 1866.

2. The proper stage of a trial for the examination of witnesses by the Judge Advocate, it at the conclusion of their examination by the Prosecutor and Prisoner; and before examination by the Court.

Were the Judge Advocate to put questions after the Courts' examination, there might be an appearance of a reflection on the Courts' shortcomings, which is to be deprecated: at the same time when the Courts' examination produce any fresh uncertainty as to either old or new matter, it will be the Judge Advocate's duty to see that measures are taken to remedy the defect; but in such case the best mode of procedure will be to suggest further questions for adoption by the Court itself.

3. The Judge Advocate's summing up, which should be as concise as is consistent with clearness, is to form part of the Proceedings, and is not to be merely attached thereto in Appendix.

At this stage, the Judge Advocate should recapitulate, and state the force of, the evidence for or against the several issues, and the presumptions of law arising therefrom: without, however, conveying directly or indirectly any opinion as to the prisoner's guilt or innocence. He should also state and explain any legal or technical points which bear upon the case, whether previously discussed or not.

The summing up should not contain any statement of the penalties awardable in case of conviction: this statement by the Judge Advocate should be reserved until after the Finding, and may or may not be recorded at the discretion of the Court. In Civil cases, however, its record may often obviate subsequent correspondence.

4. These instructions are in no way to interfere with the recognized duty of the Judge Advocate to explain and advise upon matters of Law, Evidence, or Procedure, at any stage of the Proceedings, as pointed out in paragraph 2 of the rules in the General Order above cited.

No. 166.

Stores. Accounts. Reliefs.—In publishing the following extracts from a Government letter, respecting the adjustment of the accounts of Corps leaving India, the Commander-in-Chief desires to impress upon Officers commanding Regiments and Batteries, the grave personal responsibility they will incur by any neglect, or apathy on their part, in balancing their Clothing, Store, Savings' Bank and all other accounts before embarkation.

2. It is scarcely necessary to point out that the books of a Regiment should, as far as practicable, alwaysbe in such a state of preparation as to render the final settlement of accounts a matter of no great difficulty: but as the period for relief approaches, it will be the especial duty of the Commanding Officer, by more than usual supervision and care, to see that every account is, as far as his Regiment is concerned, ready to be closed at any moment, or should this be found impossible to make a timely report to the Department concerned.

3. A copy of these instructions will be furnished to each Regiment placed under orders to embark; they clearly specify the action Commanding Officers are required to take, and his Excellency expects they will be strictly acted up to.

4. For convenience of reference, the directions for the preparation of Committee Reports on Stores in possession of Corps about to embark, are reprinted below :—

Extract from letter (No. 408, dated the 19th July 1866,*) from the Government of India in the Military Department, to the Adjutant General.*

* * *

"2. The Right Hon'ble the Governor General in Council observes that, if the Returns periodically sent in by Corps are correct, the final Return and Store Accounts should cause no serious difficulty or delay; and that they are correct Commanding Officers may fairly be held responsible.

"3. The several Account and Audit Officers will be directed, as soon as they receive any official information of the intended embarkation of a Battery or Regiment, to communicate with the Commanding Officer, warning him of what is required of him, and affording him full explanation as to the details of the course he should adopt.

"4. But His Excellency in Council considers that this will not be sufficient; and that a similar warning should be in all cases formally conveyed *from the Adjutant General's Office* to the Commanding Officers of Regiments and Batteries ordered Home, pointing out their personal responsibility in the matter, and that ignorance on their part of the steps to be taken—when there are proper Departmental Offices to which they can apply for any information they may require—will not be held to excuse any remissness in closing their accounts.

"5. They should be required to make a timely report, clearly explanatory of the circumstances, whenever there is any reason to doubt whether their accounts can be finally balanced before the Regiment or Battery embarks: and they should clearly understand that, in the event of its being necessary to detain the Officer concerned in India in order to such settlement, owing to his having failed properly to exert himself to adjust his accounts in time, he will not only be held responsible for any deficiencies, but will be restricted to British pay from the date of embarkation of the Regiment."

General Orders by His Excellency the Commander in Chief, dated Head Quarters, Simla, 22nd October 1863.

"Under instructions from Government, the Commander in Chief is pleased of to publish, for information and guidance, the following despatch from the Right Hon'ble the Secretary of State for India, regarding the preparation of Returns required by the Home Authorities.

"Previous to the embarkation of Troops leaving India, the Officer Commanding the Presidency Division will convene a Committee of Officers, of which the Officer Commanding the Regiment or Detachment embarking shall be President or Member, for the purpose of reporting specially on the Articles referred to in Forms Nos. 4, 5, and 6,* of the Secretary of State's despatch.

"The Reports of these Committees are to be prepared in triplicate, and disposed in the following manner; one copy of the proceedings to be given to the Officer in command of the Troops for delivery, on arrival, to the Authorities at the War Office, or at the Colony or other British possession they may be proceeding to; one to be sent to the Adjutant General for transmission to the India Office, through the Government of India; and one to be forwarded to the Controller of Military Accounts.

* * *

"*Note.*—With a view to reporting on the number and condition of the articles referred to in Nos. 4, 5, and 6, Committees will in every case be assembled, of which the Officer in command of the Regiment or Detachment embarking shall be President or Member. It will be the duty of the Committee to report specially on the number and actual condition of the several articles.

"4. In these Returns, the 'present value' will remain to be determined by a Committee in this country."

Standing Orders, No. 91, *dated* 16*th May* 1866.

"In order to avoid the difficulty experienced by the Superintendent Small Arms Factories in the valuation of Arms taken from India by Regiments going home, the Commander-in-Chief is pleased to direct that Officers commanding Regiments of British Cavalry and Infantry will keep accurate accounts of the date of the receipt of all Arms issued to them."

Standing Orders, No. 92, *dated* 16*th May* 1866.

The following form of Return is, under instruction from Government, to be adopted in future, in supersession of those numbered 4, 5, and 6 in G. O. C. C.† of the 22nd October 1863, on the embarkation of Regiments from India:—

Inspecting Officers.

War Office Forms 1100 and. 735 for Infantry should accompany this, and the equivalent War Office Forms for Artillery and Cavalry.

DIRECTIONS.

I.—Each article of Accoutrements, Arms, or Clothing, should be stated separately, such as Lockets and Frogs apart from the Waistbelts, and not in sets, which occasions great difficulty in assessing the value, the condition and the dates of issue of the several parts of a set of accoutrements being frequently different.

II.—The numbers of each article issued in different years should be stated on separate lines.

III.—The column for Condition needs some attention; an article is not necessarily unserviceable because the duration has expired. Nor is the whole to be condemned when some component part which can be made good is unserviceable. If by stitching or otherwise repairing, the article can be made good, it should be returned as "Repairable."

IV.—The proportion chargeable is to be based upon the War Office Warrant fixing the duration of each article, and by deducting the period in wear, 1/th is the proportion fixed for unserviceable or time-expired Arms and Accoutrements.

V.—The rate or original value of each article should be that given in the War Office Rate Book. When the articles are of Indian Manufacture and issue the Indian rate should be given.

VI.—The column for Present Value need not be filled up in India.

VII.—The nature of the repairs should be inserted in the column for Remarks.

No. 200.

Stores. Accounts. Reliefs. Ammunition.—In continuation of G. O. C. C. No. 166 of the 8th August last, Committees, assembled to report on stores in possession of troops embarking from India, will be careful to show the whole of the ammunition placed on board ship for the use of the men in the Return of Arms, Accoutrements, &c. Officers commanding troops on the voyage, before the men are disembarked, will cause any ammunition that may be in the men's possession to be collected and delivered into the ship's magazine, in order that the master of the vessel may hand it over to the agents of the India Office.

Head Quarters, Simla, 24th September 1866.

No. 208.

Gardens.—With the sanction of Government the following is to be substituted for paragraph 18 of G. O. C. C., dated 5th July 1866 :—

Military Department No. 117, dated 12th September 1866.

"On the 1st January each year, a special committee will assemble at each station, to decide upon the number of pairs of bullocks that will be required for the working of the wells kept up for watering Regimental and Company gardens; and in order that the requirements of Regiments may be fairly considered, a member of one of the Garden Funds in the station is to be a member of the Committee."

Head Quarters, Simla, 3rd November 1866.

No. 251.

Discipline.—Interior Economy. It has come to the notice of the Commander in Chief that, in some Regiments, a practice prevails of having printed Orderly Reports, the hours of visiting in the course of the various duties, and the signature being alone entered in manuscript.

2. The consequence, as may naturally be expected, is observed in some young Officers, of laxity of official conduct, with the further fatal result of hasty signature to the performance of duties which have either not been done at all, or have been very hastily slurred over.

3. In such circumstances inaccuracy soon degenerates to untruth, and occasional haste to habitual disregard of obligations.

4. The practice of actually writing the Reports in question gives time for reflection to a young Officer, before he signs to having done a duty which he had forgotten or omitted to perform. In this alone there is a great safeguard of conduct.

5. But further, a Commanding Officer, who watches his young Subalterns for their own advantage and that of the service, loses the best means of doing so when he fails to require duly written reports of the performance of duty.

6. The careful preparation of such Reports is in general a good index of the care and regularity with which a young Officer approaches the execution of his duty.

7. His Excellency therefore desires that in future the practice of printing Orderly Reports be discontinued.

8. The same reasoning and injunction apply to the reports required from Orderly Sergeants and Corporals.
