Madras Medical Fund. (Military Fund)—No. 32 of 1870.—The following Extract from a Financial Despatch from the Righ Hon'ble the Secretary of State for India, is published :—

Despatch dated 9th December 1869, *No.* 101.

Para. 1. I have considered in Council your Military Letter, dated 15th June 1869, No. 191, with which you forwarded a letter from the Secretary to the Madras Medical Fund, reporting the results of the vote of the subscribers on the proposition for the transfer of the assets, liabilities, and management of that Fund to Her Majesty's Government, under the guarantee referred to in the Act 29 Vict., Cap. 18, and in Financial Despatch, dated 24th March 1865, No. 22.

2. The condition of transfer under which this vote was taken was that Her Majesty's Government would guarantee to present incumbents on and subscribers to the Fund the pensions and allowances to which they are entitled according to the regulations now in force, and at the present rates of subscription ; but that such a guarantee was not to be construed as conveying to the Fund, or to any member of it, benefits which were not actually provided for in the regulations as at present in force.

3. On these conditions, Her Majesty's Government are prepared to accept the assets, liabilities, and management of the Madras Medical Fund, and I have fixed the 1st April 1870 as the date for the formal transfer of the Fund, both in India and in England.

4. The necessary instructions should accordingly be transmitted by the Trustees of the Fund to the Agents in this country for handing over the Fund records, &c., to the Director of Military Funds at this Office on the 1st April next, and for affording full information to that Officer respecting the past management of the Fund.

5. As it is not desirable that two separate Fund Departments should any longer exist at your Presidency, I request that you will take the necessary measures for incorporating the office of the Madras Medical Fund with the present Government Fund Department.

6. Having reference, however, to the remarks of the Trustees of the Fund, in which the amalgamation of the Office Establishment of the Medical Fund with that of the Military is deprecated, on the ground of the dissimilarity which exists in the constitution of the two institutions, I am of opinion that, in the selection of the staff which will be required in the Government Fund Department for the future conduct of the business of the Medical Fund, the services of the persons at present employed in the Medical Fund Office should be retained to such an extent as may be necessary.

7. In communicating the decision of Her Majesty's Government to the Trustees of the Medical Fund, I request that you will inform them that the important points which have been brought to notice in the letter from the Secretary to the Fund, dated 19th May 1869, respecting the financial position and prospects of the annuity, sick allowance, and charity branches of the Fund, as well as the Report of the Actuary, will receive my consideration in Council, as soon as may be practicable after the formal transfer of the Fund to Her Majesty's Government.

FORT ST. GEORGE, 1st FEBRUARY 1870.

102nd Royal Madras Fusiliers. Complimentary Order.

No. 33 of 1870.—The following Extracts from General Orders by the Government of India, are re-published :—

Fort William, the 17th January 1870.

No. 79 of 1870.—In 1868, the Right Hon'ble the Viceroy and Governor General in Council published a farewell order on the occasion of the approaching departure for England, for the first time, of the 101st Regiment Royal Bengal Fusiliers.

The 102nd Royal Madras Fusiliers proceeds to England during this cold season, and much that was said in 1868 by His Excellency in Council in bidding farewell to the 101st Fusiliers, is applicable to the 102nd Regiment ; while, on the other hand, there are peculiarities in the career of the 102nd quite different from those which characterize the services of the 101st Regiment.

When the order of 30th October 1868 was issued, the 101st Regiment was quitting its own Presidency, where it was very well known ; while the 102nd Regiment is leaving a Presidency to which it did not belong as a corps of the Indian Army, though its services in Bengal and in concert with Bengal troops had made its name and reputation at various times, and especially in 1857, almost as well known in this Presidency as if it had been a Bengal Regiment.

The Government of the Presidency of Fort St. George detailed the services of the 1st Madras European Regiment now 102nd (Royal Madras Fusiliers) in a General Order of the 12th March 1841, when the motto "*Spectamur Agendo*" was conferred upon the Regiment, and when it was allowed to bear numerous names of actions and services in which it had been engaged upon its colors.

His Excellency the Governor General in Council feels that he cannot do better than here give a copy of that order, honorable as it is to the 102nd Regiment, though the mere record of names gives no adequate idea of the arduous struggles in which the Regiment was engaged during a period of a hundred years, not only with Natives but also against French troops led by distinguished Commanders.

General Order by the Right Hon'ble the Governor in Council, Fort St. George, 12th March 1841.

No. 48 of 1841.—"The Right Hon'ble the Governor in Council having had under consideration the many honorable services of the 1st Madras European Regiment, whose career is to be traced through the most eventful periods of the military history of British India, has been pleased to order that, in commemoration of its victories under Lawrence, Clive, Sir Eyre Coote, Lord Cornwallis, and other distinguished Generals, it shall bear emblazoned upon its colors the motto '*Spectamur Agendo*," and the names of the following battles and expeditions in which it has borne part :—

"Arcot, which it successfully defended under Lord Clive in 1751 ;

"Plassey, to which place it accompanied Lord Clive in 1756, and assisted in the victory gained on the 23rd June 1757 ;

"Condore, where it greatly distinguished itself under Colonel Ford in December 1758 ;

"Wandewash, for the victory on the 20th January 1760 ;

"Sholinghur, where it fought with success on the 27th September 1781 ;

"Nundy-Droog, which it assisted to capture in 1791, and for which His Lordship in Council is pleased to permit it also to bear a Royal Tiger on the colors and appointments ;

"Amboyna, Ternate, Banda, to which islands the Regiment proceeded with the expeditions in 1796 and 1809-10 ;

"Pondicherry, the corps having been employed at the sieges and reduction in 1761, 1778, & 1793.

"In reviewing the services of this gallant Regiment, the Right Hon'ble the Governor in Council has had before him various records of its employment in the early wars of the Carnatic and in Southern India, of which the present brief notice gives but a general indication, and for which it is but necessary to refer to the military operations at different times near Trichinopoly, from the year 1746 to 1761, to its share in the resistance against the French under Lally, Conflans, Bussy, Law, and other enterprising Commanders ; its various engagements in the Northern Circars and Cuttack, and its service in Ceylon in 1795-96.

"The 1st European Regiment was actively employed throughout the campaigns against Hyder Ally and Tippoo ; during the latter it assisted in the storming of Bangalore, and in the engagement near the walls of Seringapatam under the command of Lord Cornwallis ; and already does it bear on its colors testimonials of the last Mahratta war, in which it was present at the sieges of Talneir, Malligaum, and Asseerghur, and of the bravery and devotedness which were so conspicuous in Burmah.

"The Right Hon'ble the Governor in Council feels that in conferring these distinctions upon the 1st Madras European Regiment, he does but accord a tribute of well-merited honor to the Army of Fort St. George ; and His Lordship is assured that the decorated banners of its oldest corps, while exhibiting a proud memorial of past achievements, will never cease to waive over soldiers whose good conduct in garrison and bravery in the field will well maintain what has been so nobly won by their predecessors in arms."

Since the issue of the above order by the Governor in Council of Fort St. George, the Regiment has been employed in the following services :—

Second Burmese war in 1852, 1853, and 1854, and present at the capture of Pegu, relief of Pegu, investment of Pegu, and operations in its vicinity. A portion of the Regiment was in the expedition from Rangoon to Tounghoo and capture of that place. A detachment at the entering of Beeling by escalade, and another employed in clearing rebels and dacoits from around Beeling in 1854. A detachment subsequently employed with the Special Commissioner for marking the boundary had several encounters with the Burmese.

Ten Officers and one hundred and eighteen men of the Regiment were killed or died of wounds or disease in this second Burmese war.

In March 1857 the Regiment embarked for Persia, but was shortly after recalled as the war had terminated.

Called to Bengal in consequence of the critical state of affairs in that Presidency, the Regiment landed in Calcutta on the 23rd May 1857, under Colonel Neill, and was at once pushed towards the North-West.

A detachment was present at the suppression of the mutiny at Benares, and at the clearing of the rebels from Allahabad in June 1857.

The Regiment advanced from Allahabad and formed part of General Havelock's force at the actions of Futtehpore, Aoung, Pandoo Nuddee, Cawnpore, Oonao, Busseerutgunge, Burrakee Chowkee, Bithoor, Mungulwar, and Allumbaugh, and in the relief of the Residency of Lucknow on the 25th September 1857. Present from that date at the defence of Lucknow (including several sorties) till the 22nd November 1857.

A detachment served with Lord Clyde's force at the final relief of Lucknow, including the storming of the Secunderbaugh and Shah Nujeef.

The Regiment was with Sir J. Outram's force at the Allumbaugh from November 1857 till March 1858, at the capture of Lucknow, and subsequently in various affairs in Oudh until the end of the year 1858.

In this war seven officers were killed or died of wounds, two died of disease, six were wounded, and 352 men were killed or died of wounds or disease.

The Regiment on reaching Calcutta in February 1859, on its way back to its own Presidency, was received with the highest honors, and was addressed by the Viceroy in the following terms :—

"Colonel Galwey, Officers and Soldiers of the Madras Fusiliers,—I am glad to have the opportunity of thanking you publicly, in the name of the Government of India, for the great services which you have rendered to the State.

"More than twenty months have passed since you landed in Calcutta. The time has been an eventful one, full of labors and perils, and in these you have largely shared.

"Yours was the first British Regiment which took assistance to the Central Provinces, and gave safety to the important posts of Benares and Allahabad.

"You were a part of that brave band which first pushed forward to Cawnpore, and forced its way to Lucknow, where so many precious lives and interests were at stake.

"From that time you have, with little intermission, been in the front of danger.

"You are now returning to your Presidency, your ranks thinned by war and sickness, but you return covered with honor, carrying with you the high opinion of every Commander who has led you in the field, the respect of your fellow-soldiers in that great English Army in which from the beginning you have maintained a foremost place, and the gratitude of the whole community of your fellow-country-men of every class.

"Further, you have the satisfaction of knowing that you do not leave behind you a single spot of ground, upon which you have set your feet, where peace and order have not been restored.

"When you reach Madras tell your comrades of the Madras Army that the name of the 1st Fusiliers will never be forgotten on this side of India.

"Tell them that the recollection of all that is due to your courage, constancy, and forwardness will never be effaced from the mind of the Government under whose orders you have served.

"Tell them, especially, that the memory of your late distinguished leader is cherished and honored by every Englishmen amongst us, and that though many heroic spirits have passed away since the day when he fell in front of you in the streets of Lucknow, not one has left a nobler reputation than General Neill.

"I now bid you farewell, Fusiliers, and I wish you a speedy and prosperous voyage to your own Presidency. You are indeed an honor to it."

The Regiment subsequently landed at Fort St. George under a Royal Salute.

The Right Hon'ble the Viceroy and Governor General in Council now wishes this distinguished Corps a hearty farewell and every good fortune in its future career out of India, and entertains no doubt that in other countries it will maintain as the 102nd Regiment the high reputation it has won throughout its long and varied service in India as the Madras European Regiment and 1st Madras Fusiliers.

MY LORD,—PARA. 1.—I have had under my consideration in Council your Lordship's letter dated the 26th of August 1869, No. 289, recommending the grant of the India Medal to the troops employed in the Bhootan war of 1864 to 1866, and the Hazara Campaign of 1868.

2. Her Majesty's Government fully concur in the encomiums passed by your Lordship on the spirit and gallantry displayed by the troops employed on these occasions, in operations which were frequently of a peculiarly arduous and harassing nature, involving much privation, and calling for the display of great endurance, skill, and courage.

3. I have much pleasure, therefore, in conveying to your Lordship the information that Her Majesty has been graciously pleased to sanction the proposal, and to command that it be carried into effect.

4. The India Medal of 1854, with a bar of "Bhootan" will be conferred on all the Officers, Non-Commissioned Officers, and men, who served in any part of the operations in that war, and formed part of the force in position before the enemy, whether in reserve or not, those who have already been granted the medal receiving the bar only on this occasion.

5. In the case of the Hazara Campaign, the medal, with a clasp for the "North-West Frontier," will be conferred on those who actually took part in the advance under Major-General Wilde, including the force under the command of Colonel Rothney, which was previously engaged with the enemy at Oghee, but it will not be granted to the troops that remained in support and observation at Abbottabad, Nowshera or Derbund. Those to whom the medal has already been awarded will now receive the clasp alone, and those who have already obtained the "North-West Frontier" clasp will not receive any further decoration on account of the Hazara Campaign.

6. A copy of the correspondence which has taken place with the War Office is transmitted for the information of your Lordship, and I have to request that you will give the necessary instructions for the announcement of Her Majesty's Commands in General Orders, and for the preparation of returns in the usual prescribed manner.

Hospital Assistants. Promotion, &c. Extra Allowances.

No. 152 of 1870.—With reference to paragraphs 33 and 36 of G. G. O. No. 550* of 5th June 1868, the Right Hon'ble the Governor-General of India in Council is pleased to direct the observance of the following rules regarding the future position and prospects of Native Medical Subordinates :—

1. Native Medical Subordinates placed at the disposal of Local Governments and Administrations may be employed by them at such places and in such posts as may be considered desirable without any further reference to the Government of India or to the Governments of Madras and Bombay, as the case may be, by whom, however, the first appointment of men to the several establishments, and their subsequent promotion therein, will continue to be made as heretofore.

2. All Native Doctors, Hospital Assistants, or equivalent grades now on the Medical Subordinate Establishment at any of the three Presidencies, who having passed the requisite examination at any of the Medical Colleges or recognized Institutions have been admitted by Government into the service in either civil or military employ, and all those, who having passed the prescribed local examinations, may have been admitted into the service in General Orders by the Commander-in-Chief, will be eligible for transfer to the establishment of Hospital Assistants, and will be graded as such, according, in the first instance, to their present standing, their further promotion being dependent on length of service and tested professional qualifications.

* Madras G. O. G. 19th June 1868, No. 232.

3. Other Native Doctors, including all in purely local or temporary employ, will continue to bear that designation, and their employment will be confined to subordinate civil duties. If in future it be found necessary to employ such men temporarily in appointments to which staff pay is attached, they will be so employed on the same footing and under the same conditions as heretofore.

4. Native Doctors transferred to the Establishment of Hospital Assistants will receive the lower rate of pay prescribed in G. G. O. No. 550 of 5th June 1868, until it shall be certified in each case that the individual possesses the qualifications in English, laid down in G. G. O. No. 945† of 7th October 1868, when the higher rate of pay granted in the former G. O. will be passed to him. Any allowance previously drawn for qualification in English will be considered as merged in the lower rate of grade pay now sanctioned for Hospital Assistants, but those at present drawing higher aggregate allowances will be secured from loss.

5. All future appointments to the grade of Hospital Assistants must be made from that of passed medical pupils, as provided in G. G. O. No. 550 of 5th June 1868, and all members of the establishment referred to in that order will be enlisted for, and will be liable to, military duty if required, although their ordinary employment may be purely civil.

6. Hospital Assistants in civil employ, when holding independent charges of peculiar importance and unusual responsibility, and Hospital Assistants, whether in civil or military employ, when the number of those constituting the charge amounts to more than 750 men, will be allowed an extra charge allowance in addition to the new scale of grade pay, but this indulgence should be carefully restricted to cases of the nature specified. As regards the exact amount of such allowances, and the precise nature of the charge that will entitle to it, general regulations will hereafter be laid down.

7. This order is applicable to all three Presidencies.

No. 1795.—Read—

Compassionate Allowance. Government Servants.

The orders of this Department, Nos. 517 and 3272, dated respectively the 22nd January and 25th November 1868, authorizing the grant of compassionate allowance to Government servants in inferior grades who may be thrown out of employment on reduction of establishment after completing thirty years' service, or pronounced by competent medical authorities to be unfit for further work after a service of 35 years.

RESOLUTION.—The Governor-General in Council observes that the compassionate allowance prescribed in the above-mentioned order being fixed at Rupees 4 a month as the *maximum*, it is not intended that that amount should be assigned in all cases. Grants within the *maximum*, however, should be made on some fixed principle, and the claims of the majority being of an ordinary nature, His Excellency in Council thinks that, in such cases, it will be sufficient to assign an allowance of not more than one-half of pay. Accordingly the Governor-General in Council is pleased to rule that ordinarily the grant of compassionate allowance under the orders of 22nd January and 25th November 1868 shall not, within the maximum of Rupees 4 a month, exceed one-half of the pay in substantive post last held by the servant. Cases which may seem to merit more than the ordinary indulgence should be referred by the Local Government or Administration concerned to the Government of India for consideration and orders.

The 17th March 1870.

No. 1880.—Read the undermentioned papers :—

Appointments. 55 years Rule.

Resolution of the Home Government, No. 794, dated 25th January 1865, in which it has been ruled that "after the age of 55 years, no Military or Naval Officer, or Uncovenanted Servant" (holding a gazetted appointment and receiving such appointment direct from Government) "shall be appointed to a new office in Civil employment, or shall be permitted to retain any such office which he has held for five years and upwards, except in special cases, which are to be referred for the decision of the Right Hon'ble the Secretary of State."

Resolution of the Financial Department, No. 3035, dated 7th December 1869, in which it has been ruled that "in the cases of classified Officers of the Financial Department and all Officers similarly situated, promotion to a new class shall, for the purposes of the rule quoted above, be considered equivalent to a new office."

RESOLUTION.—The Governor-General in Council is pleased to decide that the term "office" used in the Resolution of the 25th January 1865 shall be held to refer not only to a substantive appointment, but to include an acting appointment as well. Necessarily the term "promotion" in the Resolution of the 7th December 1869 shall be held to include acting promotion.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—I have considered in Council your Lordship's letter dated the 8th of February, No. 33, respecting the rate of pay to be passed to a Lieutenant-Colonel of the Staff Corps who is in receipt of the Colonel's allowance and residing in India.

2. I approve of your Lordship's suggestion that such Officers, after having been brought down to the English scale of allowances, should be treated, in the matter of pay, as if they were in England, and

that they should be permitted to draw the same aggregate pay and allowances as Officers of Infantry of the Indian Army holding the rank of Regimental Colonel (25*s.* a day) with the Colonel's allowance.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—Your despatch No. 360, dated 18th October 1869, relates to a question which has been raised with special reference to the case of Colonel F. P. Layard, whether periods of absence from India of Officers on special duty are to be considered as full Indian Service.

2. I have no objection to its being understood that, as a general rule, absence from India on special duty, such as that on which Colonel Layard is employed, shall count as "full Indian Service." It will, however, be requisite that, as in the case of Officers who apply to count as service leave taken on sick certificate, each case should be separately and specially reported.

Prizes for good lance practice.

Clause 3. Paragraph 5 of the Regulations contained in clause 80, Army Circulars, 1869, having given rise to misapprehension, the same is hereby cancelled, and the following paragraph substituted in lieu thereof:—

5. In Lancer Regiments, a Soldier may hold one of the prizes for good lance practice, together with a prize as swordsman; but with this exception, no two prizes will be held by the same Soldier. The second in order of merit will, in each case, succeed to the prize vacated by the winner of a higher prize.

6. As the number competing in each squadron will not always be an exact multiple of 20 or 25, the surplus numbers in the squadrons may be added together, and an additional prize granted for every such 20 or 25 competitors, provided that the total number of prizes granted, exclusive of the regimental and squadron prizes, do not exceed six or four per cent., respectively, of the numbers competing in the whole Regiment. These additional prizes will be allotted in such manner as may be directed by the Field-Marshal Commanding-in-Chief.

7. Soldiers who, by reason of imprisonment or their own misconduct, are prevented from going through the course with their squadrons, will not be eligible to receive any rewards for good sword or lance practice; and any Soldier who, between the date of the annual competition and that of the receipt of the authority for the issue of the prizes, shall desert, or be convicted of felony, or of disgraceful conduct, or be discharged from the Service with ignominy, will thereby forfeit any prize that may have been awarded to him, and such prize will not be issued to any other Soldier.

8. The prizes will be issued as soon as the necessary authority shall be received at the corps, and the badges will be worn for one year, commencing from the first day of the month succeeding the receipt of such authority. When the sword or lance drill and practice are suspended, the badges may continue to be worn until the next award of prizes, after another competition.

At the Court at Osborne House, Isle of Wight, the 7th day of August 1869.

PRESENT :

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

Whereas there was this day read at the Board a memorial from the Right Honorable the Lords Commissioners of the Admiralty, dated the thirty-first of July, one thousand eight hundred and sixty-nine, in the words following, *viz.*:—

"The Union Jack having been established by Your Majesty's Regulations for the Naval Service as the distinguishing Flag to be borne by the Admiral of the Fleet,—and whereas great inconvenience has at times been experienced by the Union Jack having been carried in boats and other vessels by Governors of Colonies, Military Authorities, Diplomatic Officers, and Consular Agents when embarked,—We have deemed it expedient to place ourselves in communication on this subject with the Commander-in-Chief of Your Majesty's Forces and the Principal Secretaries of State for Foreign Affairs, for the Colonies and for War, and with their concurrence we most humbly submit that Your Majesty may be graciously pleased by Your Order in Council to prescribe and direct that in future the Union Jack to be displayed by the Military Branch of Your Majesty's Service on such occasions shall bear in the centre

thereof as a distinguishing mark the Royal Initials surrounded by a Garland on a Blue Shield and surmounted by the Crown,—that the Union Jack to be used by Your Majesty's Diplomatic Servants, Ministers Plenipotentiary, Chargés d'Affaires, &c., shall bear the Royal Arms in the centre thereof on a White Shield, whilst Consuls and Consular Agents, &c., shall be limited to the use of the Blue Ensign with the Royal Arms in the fly thereof. We further submit that Governors of Your Majesty's Dominions in Foreign Ports, and Governors of all ranks and denominations administering the Governments of the British Colonies and Dependencies, be authorized to fly the Union Jack with the Arms or Badge of the Colony emblazoned in the centre thereof.

"A drawing of the Union Jack, with the proposed distinguishing devices, is transmitted herewith for Your Majesty's approval."

Her Majesty having taken the said memorial into consideration, was pleased, by and with the advice of Her Privy Council, to approve of what is therein proposed. And the Right Honorable the Lords Commissioners of the Admiralty, the Right Honourable the Earl of Clarendon, the Right Honorable the Earl Granville, the Most Noble the Duke of Argyll, and the Right Honorable Edward Cardwell are to give the necessary directions herein accordingly.

INDIA OFFICE,
London, 20th April 1870.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—Paragraph 5 of your despatch No. 367, dated 16th November 1869, reports your having decided that Officers of the Royal Engineers on the Imperial Establishment employed in the Public Works Department, will be considered entitled to the benefits of the Indian Furlough Rules, as forming part of the Civil Administration of the country, counting service from date of arrival in India ; but that Officers joining the Sappers and Miners from England, who are not inclined to enter the Public Works Department, will enjoy only such leave as is conceded, under Her Majesty's Regulations, to Officers of British Regiments.

2. I presume it to be intended that the Officers with the Sappers and Miners, forming the fixed establishment receiving a staff salary, as referred to in the despatch No. 47 of 15th February 1867, will be considered as Staff Officers ; and that, although Officers merely attached to the Sappers will, while so employed, be considered as performing ordinary regimental duty, they will, should they afterwards accept staff employ, be entitled to count their service for furlough from date of arrival in India.

3. On this understanding I approve your decision.

WAR OFFICE;

MEMORANDUM.

Dated Horse Guards, 3rd May 1870.

With the view to obviating, as far as possible, any difficulties that might arise from the present unequal promotion to the rank of Major-General of Colonels of the British and Indian lists, respectively, it is Her Majesty's pleasure that so much of the Horse Guards Memorandum, dated 25th April 1855, as may refer to Officers of the Indian Army promoted hereafter to the rank of Major-General, shall be temporarily suspended; and that until further orders, the rank of Major-General conferred under the first clause of the Regulations attached to the Royal Warrant dated 15th June 1864, on an Officer of the Indian list, shall be local until the Colonel of the Guards or Line of the British list, immediately senior to him as Colonel, may become a Major-General, when the rank of the Officer of the Indian list, as then held, will be made General, such antedate being given to the Commission of the Colonel of the British Army promoted to be Major-General as will place the two Officers in the same relative position as Major-Generals as they held as Colonels.

In thus giving an antedate to the Commissions as Major-Generals of Officers who have been, or may be hereafter, promoted on the Imperial lists, and extending the same principle whenever necessary to the Major-Generals of the Artillery, Engineers and Marines, it is not intended in any way to interfere with the relative positions which the Major-Generals of the several branches of the British Service may now, or may hereafter, hold among themselves under the operation of the ordinary and existing system of promotion.

Royal Engineers.—*No.* 780 *of* 1870.—Under the authority of the Right Honourable the Secretary of State for India, it is hereby directed that the words "or Royal Engineers" be omitted from the last paragraph of the despatch published in G. G. O. No. 817,* dated 20th August 1867.

Allowances. General Officers of Divisional Staff.

No. 1030 of 1870.—With the sanction of the Right Honourable the Secretary of State for India, the Right Honourable the Governor-General in Council is pleased to lay down, in supersession of all previous orders on the subject, the following rules for determining the date from which General Officers appointed to the Divisional Staff are entitled to draw the allowances; it being clearly understood that under no circumstances is the aggregate sum allowed for the established number of divisional commands to be exceeded :—

2. A General Officer who may be in India when appointed permanently to a full vacancy in the Divisional Staff of any Presidency, will draw the full consolidated allowance from the date of the General Order gazetting the appointment.

3. A General Officer appointed in England to the Divisional Staff in India will draw the full consolidated allowance from the date of arrival in India, if the command to which he may be originally or subsequently nominated is permanently vacant on his arrival.

4. Subject to the above rule, a General Officer prospectively appointed either in England or in India to the Divisional Staff, will commence to draw the full consolidated allowance from the date on which his predecessor ceases to receive it.

5. A divisional command is considered permanently vacant under the following circumstances :—

1st.—When the General Officer holding the command completes his regulated tour of service, and is not specially ordered to retain the command, it is vacant from the date on which the tour is completed.

2nd.—When the Major-General holding the command is promoted to the rank of Lieutenant-General, it is vacant from the date on which the order for such promotion is received at divisional head-quarters.

3rd.—In the event of the Major-General being removed from his command, it is vacant from the date of the receipt of the official order at divisional head-quarters.

4th.—When the Major-General having already had during the period of his command six months' leave of absence, takes further leave of any kind, other than privilege leave, it becomes vacant from the date of his making over the command of the division consequent on such leave, whether it be preparatory or other, although he may not have completed the five years' tenure of his command.

6. In all such cases the command of the vacant division will, unless other special arrangements are ordered, be exercised by the Senior Officer serving in the division, who will retain the command of his brigade, if holding one. His extra allowances for such command will be regulated by the amount

available, but he will draw nothing additional from the date on which the General Officer appointed to succeed permanently to the vacancy, comes into the allowances under the foregoing rules.

7. In the event of a divisional command being temporarily vacant, consequent on the absence on leave or other duty of the permanent incumbent, an officer will be nominated to the command. If the officer thus nominated is in the exercise of a brigade command he will relinquish it, but will retain a lien on half the staff allowance, and will draw the available half staff allowance for the divisional command.

8. He will enter upon the allowances from the date of assuming command in the division, and will cease to draw them when relieved by the return of the permanent incumbent, or by the appointment of a permanent successor.

9. Should an officer be specially nominated to the temporary command of a permanently vacant division, he will be subject to the same rules, but will be entitled to the full consolidated allowance while actually exercising the command.

Furlough Rules. Leave. Pension.

No. 1118 of 1870.—The following Military letter from the Right Hon'ble the Secretary of State for India is published for general information :—

MILITARY. INDIA OFFICE ;

No. 264. *London, the* 26*th October* 1870.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD.—I have considered your letter No. 154, dated 10th June 1870, forwarding an application from Lieutenant-Colonel * * * *, Bengal Infantry, which raises the question whether an Officer who, up to his election of the Furlough Rules of 1868, had abided by those of 1796, can claim the benefit of Clause 23 of the Rules of 1868, which allows a certain proportion of leave to count as service for pension.

2.—The Clause in question certainly speaks of retaining a privilege heretofore granted, and Officers under the Rules of 1796 had not the privilege referred to, but it was intended to lay down a general principle applicable to all Officers accepting the new rules, as is shown by the Subsidiary Rule, Section 34, page 3. Lieutenant-Colonel * * * * therefore (who has, I observe, elected the 1868 Rules) will, on completing an "aggregate service" of 20 years, computed according to the method which has been adopted* for counting service partly under one set of rules and partly under another, be entitled to count two years of leave taken *since* July 1868 as service for pension.

* Despatch of Secretary of State, of 15th December 1866, No. 276.

I have, &c.,

(Sd.) ARGYLL.

Extract from a Military letter from the Right Hon'ble the Secretary of State for India, No. 276, *dated the* 15*th of December* 1866, *paragraphs* 3 *and* 4.

Para. 3.—Brevet Major * * *, of the Madras Cavalry, in reply to an enquiry, has been informed that, should he join the Staff Corps under the recent despatch of the 8th August, he will not be required to give up any portion of his present furlough, unless his services are urgently required in India, and that he will be allowed to draw pay for the full period of such furlough. Should he take the full period of three years' furlough granted him, he will of course be only entitled to a further furlough hereafter, with pay of one year.

4. On joining the Staff Corps, and becoming subject to the new Furlough Rules, he carries with him into the Corps so much service for pension as he is entitled to count under the old rules, *i. e.*, all the time he has actually passed in India, or within Indian limits. This period, added to the time he may serve in the Staff Corps, will be his "aggregate service," and he will be entitled to count as service for pension a portion of such of this time as may have passed on leave subsequent to joining the Corps, agreeably to the scale laid down in the new Furlough Rules.

Leave—General Officers Divisional Command. No. 1127 of 1870.—In modification of G. G. O. No. 1030* of 1870, and in order to prevent any misapprehension, it is hereby notified that clause 4, paragraph 5 of that order, which lays down the circumstances under which a Divisional Command is considered vacant, is not intended to refer to leave taken by a General Officer in India under the ordinary rules of the service, but only to the leave out of India or in India, preparatory to such leave when in excess of the periods laid down in G. G. O. No. 952† of 1861.

103rd Bombay Fusiliers. Distinguished Services.

No. 1144 of 1870.—Her Majesty's 103rd Royal Bombay Fusiliers being about to quit India for the first time after a service in this country of more than two centuries, first as a Regiment sent from England to take possession of the New Settlement of Bombay in 1662, and subsequently as the Bombay European Regiment, the 1st Bombay Fusiliers, and then as Her Majesty's 103rd Royal Bombay Fusiliers, the Governor-General in Council desires, in bidding this Regiment farewell, to place on record a statement of its various and distinguished services.

Between the years 1720 and 1757, detachments of the Regiment were continually employed in its own and in the Madras Presidency, and did honourable service—a large portion of the Corps having also been present at the battle of Plassey in June 1757.

In 1759, the Regiment formed part of the Expedition against Surat, which was captured by storm in March of that year.

Detachments of the Regiment also served at the capture of Pondicherry in February 1761, and of Malie in March of the same year, and at the battle of Buxar in October 1764.

It served constantly in the operations carried on in the Carnatic, Mysore, and Gujerat, and was present at the siege and capture of Seringapatam in 1799.

It served also against the Peshwa at the battle of Kirkee in 1817, and in Arabia in the action of Beni-Boo-Ali in 1821, and at the capture of Aden in 1839.

As the 1st Bombay Fusiliers, which distinctive designation had been conferred upon it in 1843, it took part in the Punjab Campaign of 1848-49, was present at the siege and capture of Mooltan, at the battle of Gujerat in February 1849, and during the subsequent pursuit of the Sikh Army under Sir Walter Gilbert.

It took part in the dispersion of the mutinous Sepoys of the Bengal Army at Mooltan and Ferozepore in 1857-58.

Since the year 1867, the Regiment has been stationed in the Bengal Presidency, upholding, under all circumstances, its former high reputation; and in now bidding this gallant Corps a hearty farewell, the Governor-General in Council feels confident that wherever it may be, and in whatever service engaged, it will ever maintain the distinguished position it has held through a long and varied service in the East.
