the charge for rent laid down in G. G. O. No 859 of 11th October 1866, Warrant Officers of grades below that of Deputy Assistant Commissary are entitled to be provided with quarters by the Public Works Department, whether by purchase, hire, or erection, agreeably to Chapter XI. Section II., paragraph 1 of that Department's Code.

2. The rules prescribed in the Public Works Department Code, as extracted in the margin for facility of reference, will be strictly adhered to in all cases in which it may be necessary to hire houses for the accommodation of the Warrant Officers alluded to.

Extract from Chapter XI, of Public Works Code, 3rd Edition.

SECTION II., *para.* 1.—"It will be the duty of the Officers of the Public Works Department, under the orders of the Government, or in cases of emergency on requisition of the local authorities, to provide quarters, and all other necessary buildings, to the extent allowed by the Regulations, for troops and public Military establishments entitled to and requiring accommodation, and for the families of soldiers on actual service. The Executive Engineer will arrange this under sanction as above, by allotting public buildings which may be vacant, or which can be vacated; or where no suitable or available public buildings already exist, by erecting, purchasing or hiring buildings, as according to his judgment may be most advantageous in each case; obtaining previous sanction when there is time to do so, and reporting his proceedings through the usual channel for the information of Government."

SECTION II., *para.* 3.—"Should buildings be hired by the Military authorities without the intervention of the Public Works Department, and without the sanction of the Government of India, the Executive Engineer shall not be at liberty to defray the charge from the funds of the Public Works Department until sanction is obtained."

SECTION IV., *para.* 28.—"In cases where rent for public quarters in charge of the Barrack Master has to be charged to Warrant or Non-Commissioned Officers on staff employ, Barrack Masters are required to submit a monthly statement of such quarters to the Executive Engineer, who will recover the amounts from the Departments to which the occupants belong."

3. On account of quarters provided to the Warrant Officers in question in Presidency towns, the Public Works Department will, in addition to the rent payable by those Officers, be entitled to receive credit for the amount of Presidency house-rent admissible to them, in conformity with the ruling contained in Financial Department's Resolution No. 1069 of 14th August 1868, in the case of the Presidency house-rent of Commissioned Officers.

4. This order is applicable to the three Presidencies.

Great Coats. No. 1177 of 1870.—In supersession to G. G. O. 960* of the 3rd October 1870, the Right Hon'ble the Governor-General in Council having been pleased to decide that all soldiers discharged as invalids or time-expired men, whether returning to England or proceeding to the Colonies, will be allowed to take with them from their regiment or depôt a condemned cloak or great coat, it is ruled that whenever great coats and cloaks are condemned by Regimental Boards, such of them as are not altogether unserviceable are to be retained in Regimental or Battery store for the use of such time-expired men and invalids.

2. Commanding Officers of Corps will accordingly, when submitting Committee's proceeding on these articles to the Superintendent Army Clothing, be particular to intimate the number of the condemned great coats or cloaks which they can retain for the purpose.

3. All time-expired men and invalids proceeding to Europe or the Colonies must, on leaving their Corps, deliver into the Quarter Master's stores their regimental great coats, receiving each in return a condemned great coat for their use. Staff Sergeants and Sergeants will be permitted to take with them their great coats or cloaks in wear.

4. All condemned great coats or cloaks in Regimental or Battery charge are to be accounted for in the annual return of great coats and cloaks which are furnished on the 1st April of each year to the Superintendent and Agent for Army Clothing, under the head "Condemned Great Coats" or "Condemned Cloaks," as the case may be, with respective Corps, and the term "Detachment Great Coat" is hereby cancelled.

5. Whenever the stock of condemned great coats and cloaks in charge with Corps is found to be inconveniently large, the Superintendent and Agent for Army Clothing should be addressed on the subject, and instructions requested for the disposal of such number, keeping in view their anticipated requirements, the retention of which appears unnecessary.

6. In case there may be a deficiency of condemned great coats or cloaks in store with Regiments or Batteries, the Superintendent and Agent should be informed in time of the fact and of the number required, when he will either arrange for the transfer of these articles from other Corps that can spare them, or direct the issue to the men of the oldest regimental great coats on charge at the time.

2. On the same principle, a Non-Commissioned Officer acting for a Warrant Officer on leave in India and drawing the pay and half staff of his substantive rank and appointment, in addition to a moiety of the Warrant Officer's staff pay, will be treated in respect to quarters as a Non-Commissioned Officer, but when acting for a Warrant Officer on furlough in Europe and drawing full regimental pay, in addition to half the aggregate receipts of the Warrant Officer, he will be provided with quarters as a Warrant Officer, and be liable to stoppages in that grade on account of rent.

Native Regiments. Appointment & Allowances. No. 16 of 1871.—Paragraph 2 of G. G. O. No. 723* of the 7th September 1864, laying down rules for the admission of allowances to Officers attached to Native Regiments when performing the duties of other Officers temporarily absent, is expunged, and the following substituted :—

Para. 2.—An Officer directed to officiate in an appointment, the pay of which is less than that of his substantive appointment in his Regiment, is not entitled to any portion of the Staff salary of the less paid appointment, but he will draw the charge, contract, or office allowance attached to it. In such cases, the arrangement for carrying on the duties of the appointment is a matter of Regimental detail, which should be directed in Regimental Orders, and does not require the confirmation of Government or of the Commander-in-Chief. Thus, a Second in Command and Squadron Officer being directed to take charge of another Squadron in addition to his own, or an Adjutant being ordered to assume charge of a Squadron, or a Squadron Officer or Adjutant acting for a Doing Duty Officer, would only be entitled to the allowance for the payment of the Squadron or to the Office allowance of the Doing Duty Officer, in addition to his own Staff salary and Office or other allowances. In like manner, in the Infantry, a Wing Officer being ordered to assume charge of the other Wing in addition to his own, or of the Adjutant or Quarter Master's Office, or an Adjutant being directed to assume charge of the Quarter Master's Office, would simply draw the Office, contract, or charge allowance of the appointment.

The Station Prison at Lucknow
The Station Prison at Dugshai
The Prison in the Fortress at Agra

shall be deemed and taken to be military prisons, and such buildings shall be used accordingly for the confinement of such soldiers undergoing sentences of imprisonment by courts martial, as may be lawfully committed thereto.

2. The management, care, and payment of these military prisons shall continue, as at present, under rules and regulations for the management of garrison and regimental cells. But the discipline of the military prisons shall be administered by the Officer Commanding at the station in which such prisons are situated, and by such other person or persons as shall, from time to time, be duly appointed as visitors of the said prisons.

3. A copy of the rules and regulations for the discipline of military prisons will be transmitted to the visitor or visitors of every military prison through the department of the Adjutant-General, and such rules and regulations shall, under the orders of the Officer in Command of the station, be the sole guide of the visitor or visitors, in administering the discipline of military prisons to which he or they may be appointed.

4. A copy of these rules and regulations is to be hung up in a place visible to the prisoners, and they are to be read over to each prisoner within twenty-four hours of his admission into the prison.

Rules and Regulations for the guidance of Visitors to the Military Prisons in India.

I.—The discipline of a military prison shall, ordinarily, be in the hands of the Officers Commanding the station.

II.—When the Officer Commanding the station shall consider that any matter of prison discipline cannot be adequately disposed of by himself, under the rules for the management of cells, and shall deem it advisable to have any case investigated by a visitor or a board of visitors, he shall forthwith direct the assembly of such board, or the attendance of a visitor at the military prison, and the convening officer may direct the board of visitors, or the visitor, either to report to him the result of their or his investigation, or, if the case be one requiring immediate action, to dispose of it according to the powers vested in them or him by these rules.

III.—Three visitors shall constitute a board.

IV.—A board of visitors, or a visitor, shall have power to inquire upon oath, in the presence of the prisoner, concerning any charge that may be brought against him, and to determine concerning the same.

V.—A board of visitors or a visitor, may order a prisoner sentenced to hard labour to be flogged for repeated offences against prison discipline or for any offence against prison discipline which the Governor is not empowered to punish. The number of lashes which a board of visitors is, as hereafter specified in these Rules, empowered to award, shall not exceed fifty; and the number of lashes which a visitor or visitors (not constituting a board) is, or are empowered hereby to award, shall not exceed twenty-five.

VI.—Whenever the number of days of solitary confinement awarded for a prison offence, together with those awarded in the original sentence, shall exceed by more than twenty-eight days, the proportion of eighty-four days in one year, the attention of the medical officer shall be particularly directed to the case, and it shall be noticed in a memorandum attached to the proceedings.

VII.—If any soldier already under sentence of imprisonment shall assault, or violently resist any officer of the military prison in which he may be confined, when such officer shall be in the execution of his duty, or shall aid or excite any person to assault or resist any such officer, he shall be liable, for every such offence, upon conviction thereof by a board of not less than three of the visitors of the prison, to be imprisoned either with or without hard labour for any time not exceeding six calendar months, in addition to his original sentence, or to be subjected to corporal punishment not exceeding fifty lashes, or, upon conviction thereof by a single visitor, to be imprisoned with or without hard labour for any time not exceeding seventy-two hours in addition to his original sentence; or to be subjected to corporal punishment not exceeding twenty-five lashes; or if such soldiers shall, within forty-eight hours of the expiration of his original, or of any additional sentence, be guilty of any offence against the rules of the prison, he may, for every such offence, on conviction thereof by a board or by a single visitor, be ordered to be kept in prison for a period not exceeding seventy-two hours, either in a dark cell or in a light cell, and with or without hard labour, or on bread and water diet or otherwise.

VIII.—In cases of urgent necessity, a visitor may, by an order in writing, direct any prisoner to be kept in irons; such order to specify the cause thereof, and the time during which the prisoner is to be kept in irons. The irons on ordinary occasions to be common handcuffs.

In extreme cases of refractory conduct leg irons may be used with handcuffs; but whenever these courses are resorted to, an immediate report is to be made to the Commander-in-Chief through the Adjutant-General.

IX.—In any case in which a board of visitors, or a visitor shall consider it necessary for the preservation of discipline, to order the infliction of coporal punishment, it shall be administered within the walls of the prison, according to the usual practice of the service, and without any unnecessary delay.

A visitor shall be appointed to attend the infliction of any corporal punishment, and shall have power to remit any portion of the number of lashes that he may deem desirable after the infliction of twenty-five. A medical officer must always be present. The warders and prisoners may be present or not, as may be deemed expedient by the Officer Commanding the station, the board of visitors or the visitor.

X.—The particulars of any investigation conducted by a visitor, or board of visitors, together with the orders passed thereon, shall be recorded in writing at the time, and the proceedings shall be filed in the office of the staff officer of the station in a book, to be called the Visitor's Minute Book.

When any sentence of corporal punishment shall have been passed, the original proceedings accompanied by a certificate from the medical officer, that the prisoner was in a fit state to undergo the punishment, shall be forwarded by the Commanding Officer to the Adjutant-General of the Army, for the information of the Commander-in-Chief, and a *duplicate* shall be filed in the Visitor's Minute Book. No. 423.—RESOLUTION.—The Governor-General in Council observes that the admission into the service of Government of other than young men tends to throw upon the State an undue liability in respect of pensionary allowances.

His Excellency in Council is accordingly pleased to declare that, as a general rule, no person should be admitted into the Uncovenanted Service of Government after he has attained the age of 25 years. But if, for special reasons, any one is after this date admitted at a later age, then, in the event of his being required to retire under the operation of any rule for the removal of Officers from the service as superannuated on their attaining a particular age, the pension to which he would, but for this rule be entitled, shall be reduced in the proportion which the number of years of pensionable service he has completed bears to 30 years, the full period required for a good service pension.

For instance, if an Officer so retiring has completed 20 years' service, then his pension will be one-third of his average pay multiplied by $\frac{20}{30}$; if he has completed 26 years, then it will be half his average pay multiplied by $\frac{26}{30}$.

Ordered that the above Resolution be published in the *Gazette of India*.

Unemployed General Officers.
Temporary Appointments.
Extra Allowances.

No. 168 of 1871.—The following Military letter from the Right Hon'ble the Secretary of State for India is published for general information :—

INDIA OFFICE ;
London, the 19th January 1871.

MILITARY.
No. 21.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD,—I have considered in Council your Lordship's letter dated the 7th of December last, No. 338, relative to a question raised as to the title of a Major-General of the Staff Corps who, while on the unemployed rate of Rs. 1,295-5, may be placed upon special duty of any description, to extra allowances when so employed.

2. The claim preferred by Major-Generals * and * appears to have arisen from a misconception of the meaning of the term "unemployed." It has been laid down that no unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, shall be allowed to receive pay on the Indian scale for a longer period than three years. This rule was intended to comprise all General Officers of that Corps who may not be holding specific staff appointments, and your Lordship very rightly informed the Commander-in-Chief that, while in receipt of Indian allowances, a General Officer, like all other unemployed Officers, is available for any ordinary duty suitable to his rank, without extra allowance, if no staff or special salary is attached to such duty.

3. With reference to your recommendation, that any period during which an unemployed Major-General of the Staff Corps may actually be employed on temporary duty of a special nature should be added to the three years for which the Indian allowances of his grade may be passed to him, I consider it advisable that this period should not be extended, except in the case of Officers who may, in the course of it, be nominated to some *bonâ fide* staff appointment, either of a permanent or temporary nature.

I have, &c.,
(Sd.) ARGYLL.

GENERAL ORDERS.

The following Orders issued by Government are published for the information of the Army.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 8TH APRIL 1871.

Furlough :—

No. 88 of 1871.—Captain G. W. Cole, Cadre 41st N. I. Sub-Assistant Commissary-General, is permitted to proceed to Europe on furlough (medical certificate) for two years, under the Regulations of 1868, and to embark from Madras.

FORT ST. GEORGE, 10TH APRIL 1871.

Conduct of 19th Regt. N. I.—No. 89 of 1871.—The Right Honorable the Governor in Council has had under consideration the Proceedings of a Court of Inquiry held to investigate certain acts of misconduct and insubordination in the 19th Regiment Native Infantry, on the issue of pay to the Corps on the evening of the 11th February 1871.

2. From these Proceedings it appears that the Regiment was under orders to embark for service in the Straits Settlements, and that, on pay for the month of February and an advance of pay for the month of March being tendered to the men of the Regiment on parade, it was refused by some of them in an improper manner.

3. When the first man of No. 1 Company, who refused his pay, was ordered into confinement by his Wing Commandant, the whole of No. 1 Company followed the Prisoner to the Guard Room, calling out, in a tumultuous manner, that if their Comrade were made a Prisoner they likewise must be confined. In consequence of the attitude of the men of the Company, the order to confine the Prisoner in question was not at first carried out by the Native Officer charged with that duty.

4. When pay was offered to the men of the 8th Company, a similar refusal took place, and three men were ordered into confinement. These men were not at once secured by the Native Officer directed to do so.

5. The offenders having, on the reiterated orders of the European Officers, been placed in the Guard Room, the men of No. 1 Company continued to throng the verandahs and approaches in a tumultuous manner, and the Guard on duty failed to obey directions to clear the place and restore order.

6. Subsequently, when the Officer in Command arrived on Parade, the Regiment was ordered to fall in in Column of Companies, and explanations regarding pay and allowances were made to the men.

7. After these explanations, the Commanding Officer ordered the Regiment to dismiss, but the men stood steady and a few spoke from the ranks and said that the advance tendered was not sufficient for them, and demanded the release of the Prisoners who had been confined for insubordinate conduct. In consequence of this demand, the Officer in Command of the Regiment, with a weakness which the Governor in Council considers altogether inexcusable ,directed the Prisoners, first of Company No. 1 and then of Company No. 8 to be liberated and restored to their place in the ranks.

8. His Excellency in Council has perused the Report of these occurrences with the deepest regret and displeasure, for it is well known to every Native Soldier of this Army that a respectful remonstrance, through his Officers, against any real grievance will readily obtain for him redress, and that nothing can justify insubordination.

9. The men of the 19th Regiment, on the occasion referred to, were guilty of acts altogether inconsistent with discipline and incompatible with their duty as Soldiers, and the Right Honorable the Governor in Council deems it necessary to mark, in a manner which shall operate as a warning to the Native Army generally, the opinion which the Government entertain of such conduct, and their resolution to resist and punish every attempt to coerce the Government or its Officers by refractory behaviour and disobedience of orders.

10. His Lordship in Council therefore directs that No. 1 Company of the 19th Regiment, which committed graver acts of insubordination than the others, together with the Non-Commissioned Officer and men who composed the Quarter Guard of the 19th Regiment Native Infantry, on the evening of the 11th February 1871, and who failed to carry out orders given them, be sent back from the Straits Settlements to Madras for the purpose of being summarily dismissed the service.

11. His Excellency in Council is further constrained to observe that had greater care and forethought been exercised by the European Officers of the Regiment, the occurrences now noticed would, in all probability, never have taken place.

12. To mark his sense of their want of due consideration for the necessities of their men, His Lordship in Council directs that the Commandant, Wing Commandants and Adjutant, who were present with the Corps on the 11th February 1871, be deprived of their appointments as early as practicable.

13. The Provincial Commander-in-Chief will cause this order to be read, in Hindoostanee, Tamil and Teloogoo at three successive Parades, to every Regiment of the Native Army, and will issue the necessary subsidiary orders for giving effect to it, and for replacing those dismissed, with drafts of men of good character from other Regiments.

OBSERVATIONS.—The Governor-General in Council observes that the draft rules have substantially been accepted by all the Officers and Heads of Adminstrations consulted. Certain slight alterations have been suggested, most of which have been approved by the Governor-General in Council, and are embodied in the rules herewith issued.

2. Objections, however, have been in some quarters brought forward to some of the text books now in use, *viz.*, to *Maine's Ancient Law and Austin's "Province of Jurisprudence Determined"* and *J. S. Mill's Political Economy*, as being too advanced and abstruse for such examinations as are contemplated in these rules. The Governor-General in Council, considering that there is much weight in these objections, has determined, as far as the examinations conducted under the authority of this Office are concerned, to substitute for the above the following text books :—

Bentham's Theory of Legislation, published by Messrs. Trübner, London, 1864.
Fawcett's Manual of Political Economy.

Secretary to the Punjab Government.
Chief Commissioner, Oudh.
" " Central Provinces.
" " British Burmah.
" " Mysore.
Resident, Hyderabad.
Agent to the Governor-General, Rajpootana.
" " " " Central India.

ORDERED, therefore, that the rules, as now approved, be, with this Resolution, published in the *Gazette of India*, and that copies be sent to the Administrations and Officers mentioned in the margin, and to the Home Department and Military Department.

"The letter from this Office No. 298, dated 14th June 1869, whilst it recognized the fact that the Furlough Rules of 1868 were applicable to Warrant Officers (including those holding Veteran "or Honorary" Commissions) to the extent notified in Government General Order No. 207* of 1869, was not intended to deprive them of the option of electing to abide under the rules which regulated their furlough previous to the publication of Government General Order No. 1064† dated 1st July 1868. The Right Honorable the Governor-General in Council has accordingly decided that all who may have become Warrant Officers before the date of Government General Order No. 207 of 1869, viz., 19th Feb. 1869, shall be required, when they next take leave out of India, to elect whether they will do so under the Furlough Rules of 1868, or not. Those who became Warrant Officers subsequent to that date can obtain leave out of India only under those rules."

"It is to be clearly understood that no Warrant Officer can, under any circumstances, obtain leave eastward of the Cape on Indian pay and allowances, as granted to Commissioned Officers under the Rules of 1796."

Simla, the 25th May 1871.

Pay and Allowances. Lieutenant-Colonels. No. 476 of 1871.—The Right Honourable the Governor-General in Council is pleased to publish, for general information, the following extract from a despatch dated 20th April 1871, received from Her Majesty's Secretary of State for India :

3. "The correspondence has, however, drawn my attention to the disadvantage at which a Lieutenant-Colonel of the Infantry or Cavalry is placed on promotion to the rank of Major-General, as compared with other unattached Lieutenant-Colonels, by being deprived of his tentage allowance.

4. Formerly the number of regimental Lieutenant-Colonels being limited to the number of regiments, an Officer of that rank, on becoming a Major-General, was removed from his regiment and placed on unemployed pay; and, with the rare exception of an Officer being deprived of his command for misconduct, these were the only regimental Lieutenant-Colonels unemployed, and thus relieved from the necessity of maintaining camp equipage.

5. At present, however, the system is different. Practically a large number of Lieutenant-Colonels are unemployed, although they are available for general duty; and it is an anomaly that such officers should be placed in a better position than those who have attained the army rank of Major-General by rapid promotion for distinguished service.

6. I have, accordingly, decided that for the future a regimental Lieutenant-Colonel of Cavalry or Infantry, who is a General Officer, shall be granted the same pay and allowances in India as he would receive if he had not attained that rank in the Army, and at the same time held no appointment. On furlough he will be granted the half of his pay and allowances with the exception of horse allowance; and, at the expiration of the period during which he is entitled to furlough, he will receive the unemployed furlough pay of a General Officer."

In accordance with the foregoing, His Excellency in Council notifies that, for the future, a regimental Lieutenant-Colonel of Cavalry or Infantry who is a General Officer shall be granted the same pay and allowances in India as he would receive if he had not attained that rank in the Army, and at the same time held no appointment. On furlough he will be granted the half of his pay and allowances, with the exception of horse allowance; and, at the expiration of the period during which he is entitled to furlough, he will receive the unemployed furlough pay of a General Officer.

FORT ST. GEORGE, 27TH June 1871.

No. 159 of 1871.—The following General Orders by the Government of India are re-published :—

Simla, the 14th June 1871.

Medical Officers. Transfer on public grounds. Pay

No. 530 of 1871.—His Excellency the Governor-General in Council is pleased to notify that a medical officer transferred from one regiment to another on public grounds, but not otherwise, is entitled, while in transit, if he joins without delay, to a continuance of his consolidated charge pay, which will be passed to him on a certificate that the transfer was made solely in the interests of the Public Service.

2. When a medical officer is so transferred on public grounds, the officer who succeeds him will be allowed the consolidated charge pay, or the additional charge allowance, as the case may be; and the medical officer of the regiment to which the transferred officer is proceeding, will continue to draw the same allowance he was in receipt of at the date of the transfer until he is relieved.

Leave and Allowances to Officers in Civil Employ.

No. 531 of 1871.—The following notification in the Financial Department is re-published for general information :—

No. 414, dated Simla, the 16th May 1871.

LEAVE AND ALLOWANCES.

The Governor-General in Council is pleased to direct the following alterations in the Covenanted Civil Service Leave Code :—

1. The following rule is to be substituted for Rule 3 under Section XI :

"3.—If an officer overstay subsidiary leave prefixed to furlough, his furlough will be held to have commenced in India ; and under the operation of Section X. it will be reckoned from the date of his quitting his station. This rule is not meant to interfere with cases dealt with under Rule 2 above.

"*This rule applies in analogous cases to all officers in Civil employ.*"

2. The following rule is to be added as Rule 3 under Section XXVI :

"3.—When privilege leave is on medical certificate retrospectively commuted to furlough out of India, so much of the leave passed before embarkation may be treated as subsidiary leave, as the officer would have been entitled to count as subsidiary leave, if he had originally obtained furlough and not privilege leave."

"*This rule applies generally.*"

Officers. Staff Allowances. On detached duty.

No. 532 of 1871.—Doubts having arisen on the point, it is notified, for general information, that the rule which regulates the allowances to be drawn by a staff officer ordered on any separate duty, whilst proceeding to and returning from such duty, as laid down in Articles 4 and 5, Section XXXII. of the Pay and Audit Regulations of the Bengal Presidency, is

applicable to the case of an officer on staff employ who may be temporarily withdrawn from his appointment on field service, *viz.*, that if the amount of staff salary which the officer will draw in virtue of the temporary appointment is not greater than the staff salary of his substantive appointment, he will be allowed, whilst proceeding to, and returning from the temporary appointment, a moiety of his own staff salary with the pay of his rank, or pay and allowances, as the case may be; but if the staff salary which he draws in the temporary appointment be greater than that of his substantive appointment, he will be restricted to the pay of his rank (or pay and allowances, as the case may be), whilst going and returning.

The above ruling does not affect the provisions of G. G. O. No. 494 of 1863, in respect to the allowances to be drawn by the officer who may be appointed to act for one so detached.

This order is applicable to the three Presidencies.

No. 533 *of* 1871.—With reference to the notification issued by the Foreign Dept. No. 1071 G.,* dated 26th May 1871, the services of Lieutenant-Colonel (Brevet-Colonel) W. H. Crichton, C.B., of the Madras Staff Corps, are replaced at the disposal of the Government of Fort St. George.

FORT ST. GEORGE, 18TH JULY 1871.

Furlough Pay. Rate of Exchange.

No. 180 of 1871.—The following General Orders by the Government of India are re-published :—

Simla, the 1st July 1871.

No. 588 *of* 1871.—The following despatch from the Right Honourable the Secretary of State for India is published for general information and guidance :

To His Excellency the Right Honourable the Governor-General of India in Council.

MILITARY. INDIA OFFICE ;
No. 114. *London, the 27th April* 1871.

MY LORD,—In the letter from the Government of India, dated the 23rd of June 1868, No. 239, it was recommended in the 22nd paragraph, that all payments of the equivalent of Indian pay to Officers on furlough at Home should be made at the exchange of two Shillings for the Rupee.

2. In the reply dated the 26th of August 1868, No. 297, Sir Stafford Northcote observed in the 16th paragraph that, "in accordance with the present practice," payments of that character would be made at the proposed rate of exchange.

3. Accordingly, in the General Order issued by the Government of India on the 10th November 1868, No. 1064,* publishing the revised Furlough Rules of 1868, it was stated that furlough pay in all future orders and references would be understood as the half Indian salary, within the prescribed limits, converted at the exchange of two Shillings for the Rupee.

4. It is not clear whether it was intended by this order that furlough pay issued to Officers under the Rules of 1854, should also be issued at this fixed rate.

5. As the rate of exchange has not varied since 1860-61 until the present financial year, for which it has been fixed at one Shilling eleven Pence, it is only on the question at what rate furlough pay for the current quarter should be issued that my attention has been specially drawn to the point, although the order was sanctioned in my despatch dated the 31st of March 1869, No. 93.

6. On a careful consideration of the matter, it appears to me that there is no reason why the pay of Officers in this country should be issued at a different rate from that at which those in India are allowed to remit a portion of their salary to England.

7. I have accordingly to request that your Lordship will at once issue an order cancelling so much of that of the 10th of November 1868, No. 1064, as fixed the uniform rate of two Shillings, and announcing that all payments of furlough pay will be made at the current rate of exchange fixed for the official year.

8. Until the date of the General Order which you will issue under these instructions, payments of furlough pay will be made to Officers under whatever rules they may be, at the rate of two Shillings for the Rupee.

I have, &c.,

(Sd.) ARGYLL.

With reference to the above, the Right Honourable the Governor-General in Council is pleased to notify, with the sanction of the Right Honourable the Secretary of State for India, that Officers who have embarked for England on furlough before this date, will be exempted from the operation of this Order for the period of their present furloughs.

* Madras, G. O. G. 1st December 1864, No. 434.

The 5th July 1871.

Non-Commissioned Officers Furlough.—*No.* 589 *of* 1871.—With the sanction of Her Majesty's Government, the Right Honourable the Governor-General in Council is pleased to notify that Non-Commissioned Officers who, though they have not completed their first term of service, have re-engaged on the completion of two-thirds of the period of service for which they first enlisted to complete twenty-one years' service, are not excluded from furlough under the provisions of G. G. O. No. 540 of 1860.

The 6th July 1871.

Hospital Apprentices Furlough.—*No.* 595 *of* 1871.—With the sanction of the Right Honorable the Secretary of State for India in Council, the Right Honourable the Governor-General of India in Council is pleased to notify that the indulgence of furlough is extended to passed Hospital Apprentices under the following conditions :—

1*st.*—The indulgence of furlough will only be granted to men of certified good character and prudent habits, and under circumstances in which the Government may consider it advisable.

2*nd.*—Each application is to be accompanied by a certificate from a Medical Committee, to the effect that the state of health of the passed Hospital Apprentice renders a change of climate highly desirable.

3*rd.*—The services of men to whom furlough may be granted are always, when the state of their health allows it, to be made available for duty with invalids or discharged men on the voyage from India.

4*th.*—With every application for the indulgence, a descriptive roll in the form annexed is to be furnished, and applications are not to be forwarded on account of passed Hospital Apprentices of less than one year's service in that grade, except in cases where the necessity for furlough is caused by wounds received in action.

5*th.*—Furlough will invariably, in the first instance, be limited to the period of one year from date of quitting India. Men whose state of health, when that period has expired, does not admit of their return to duty in India, will be subjected to medical examination, in view to the leave being extended for a period not exceeding eight months, or to discharge being effected if reported unfit for further service.

6*th.*—No portion of the furlough will be allowed to reckon as service for pension.

7*th.*—A free passage to and from England will be provided by the State for passed Hospital Apprentices granted furlough, but not for their wives or families; but to assist them in taking Home and bringing out their families, an allowance of £20 will be granted as allowed to Non-Commissioned Officers by G. G. O. No. 961 of 1861. Should the services of a Hospital Apprentice be dispensed with on being reported unfit for further service while on furlough, he will, if he should desire it, be provided with a free return passage to India.

8*th.*—The furlough pay will be 50 per cent. of the monthly rate of pay laid down in paragraph 19 of G. G. O. No. 550 of 1868.

FORT ST. GEORGE, 25TH JULY 1871.

No. 184 of 1871.—The following Extract from a Financial (Military Funds) despatch from the Right Honorable the Secretary of State for India, is published :—

Despatch dated 22nd June 1871, No. 49.

Madras Military Fund.—Para. 1. I have considered in Council your Military Letters noted in the margin,* with their several enclosures, relating to the Madras Medical Fund, together with the report of Mr. Samuel Brown, the Actuary, on the state of that Fund

2. I have also considered the several points brought to notice by the Trustees of the Fund, and the representations of retired Subscribers in this country respecting the claims of the Charity Branch, and I have now to communicate to you the decision of Her Majesty's Government with respect to the benefits to be allowed to the Subscribers to the Fund.

* Military Letters from Madras.
Dated 25th March 1867, No. 73.
,, 15th June 1869, No 191.
,, 8th February 1870, No. 23.
,, 14th March 1870, No. 41.
,, 16th August 1870, No. 147.
,, 31st August 1870, No. 164.
,, 13th September 1870, No. 172.

3. The Trustees requested that a Member of the Fund might be appointed to the Consulting Committee in this country, and I selected Superintending Surgeon Thomas Key, a Gentlemen well acquainted with the working and management of the Fund, for that post, for a period of one year.

4. The main points referred to by the Trustees were, first, the state of the Fund on the 1st April 1870, and the benefits which might have been granted to the Members on that date, if the influx of new Subscribers had continued ; and, secondly, the prospects of the Fund, and the surplus accumulations which would have become available for distribution, if the periodical valuations had been continued as heretofore, as they assumed they would be, in accordance with the Regulations.

5. It is clear that the continuance of those valuations would have rendered the amount of the pensions, and the number of the Annuities granted, liable to fluctuation, and would have necessitated the retention of a different system of accounts, and the adoption of a different arrangement in regard to the Madras Medical Fund to that which has been carried out in the other Funds which have been transferred to Government under the provisions of the Act 29 Vict., Cap. 18.

6. As the objections to such a course of proceeding are apparent I have, after mature deliberation, decided to discontinue all valuations of the Annuity and Charity Branches of the Fund, respectively, and to grant to the Subscribers, from 1st April 1870, benefits equivalent to the estimated surpluses at such valuations, had the management remained in their hands.

7. I have therefore adopted generally the Estimates of Mr. Brown as to the total assets which were available for distribution on the 1st April 1870. Those assets include the reserve capital of the Annuity Branch, as well as the estimated value of the Subscriptions, and of future surpluses in both branches after providing for the payment of the Annuities and the Pensions, and I have determined to grant the following benefits to the Subscribers, by which the total capital will, it is estimated, be absorbed when the claims of the last Annuitant will be liquidated.

8. The increase of 5 per cent. made in January 1869 to the Pensions of Widows, and of Daughters over age, will be continued, and a further increase of 23 per cent. on the rates of 1868, will be made to those Pensions from the date of the valuation.

9. The Pensions of Sons and Daughters under age will be increased to 28 per cent from the date of the valuation, to make the increase equal in amount to that granted to Widows, and to Daughters over age.

10. Five large Annuities and one small will be annually granted from 1870, and one small extra Annuity will be granted biennially from 1871 to provide for the risk of retirements from the Service being more rapid in future than they have hitherto been.

11. A grant will also be allowed, equivalent to the value of ten large Annuities for allotment to expectant and small Annuitants in adjustment of arrears to 1st April 1870.

12. The Regulations of the Fund respecting the redemption of subscriptions to the Charity Branch will remain unaltered, and the allowances to which Subscribers are entitled from the Sick Allowance Branch will be paid to them according to the Regulations

13. In granting these concessions, I have been influenced by a strong desire to make a final settlement of all claims arising out of the present position and prospects of this Fund, on such terms as

will preclude the possibility of any doubt being entertained as to the liberal recognition and adjustment by Her Majesty's Government of the reasonable expectations of the Subscribers.

14. You will make the necessary communication to the Trustees of the Fund on the subject.

FORT ST. GEORGE, 25TH JULY 1871.

Simla, the 10th July 1871.

Pay of soldiers of Unattached List selected for the Thomason College Roorkee.—No. 599 of 1871.—The Right Honorable the Governor-General in Council is pleased to notify for general information that, in future, soldiers of the Unattached List who are selected for the Thomason College, Roorkee, will be required to resign their positions on that list, and revert to the regimental pay and allowances of the rank which they held previous to their transfer.

No. 600 of 1871.—With reference to G. G. O. Nos. 1137 *dated 6th December 1867, and 345† dated 18th April 1871, the following despatch from the Right Honorable the Secretary of State for India is published for general information :

MILITARY,
No. 142.

INDIA OFFICE ;
London, the 31st May 1871.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—Your letter No. 89, dated 15th March 1871, relates to the pay to be drawn while on furlough by an Officer of the rank of Inspector or Deputy Inspector-General of Hospitals, who has completed his tour of service.

2. I concur with your Government in the decision that an Officer so situated who may take furlough within Indian limits under the rules of 1796 is entitled to receive his unemployed pay for such period as he would have received it if resident in India.

3. With regard, however, to the Officer who may take furlough under 1868 rules you will have observed from my despatch No. 55 of 23rd February 1871 (paragraph 13), that I do not consider that

* Madras G. O. G. 17th December 1867, No. 518.
† Madras G. O. G. 2nd May 1871, No. 110.

the unemployed pay which can only be received in India for six months can be taken as a basis for the calculation of furlough pay under these rules, and that Officers who have completed their tour taking furlough under the 1868 rules are to receive the British* furlough pay of their rank and standing.

* Para. 13 of despatch of Secretary of State, No. 152, 16th May 1864.

4. This of course in no way affects the cases of Officers taking sick leave under the rules of 1854, which are governed by the despatch No. 297 of 24th October 1867.

I have, &c.,

Furlough Military Officers in Civil Employ.

No. 613 of 1871.—In modification of the provisions of G. G. O. No. 630,* dated 9th June 1869, the Right Honorable the Governor-General in Council is pleased to empower Local Governments and Departments of the Governments of the three Presidencies, to grant to Military Officers in civil employ under them leave *in India* for any period not exceeding three months, *as furlough*, without reference to the Government or Commander-in-Chief of the Presidency to which the officer belongs, provided that, in each case, the authority granting the leave shall first satisfy itself that furlough to that amount is due to the officer concerned.

2. In the event of there being no furlough due to the officer, the leave may be granted as if it were furlough (in India) under the provisions of Rule XI. of the Military Furlough Rules of 1868, provided the urgency of the case, whether on the ground of sickness or from any other cause, is such as, in the opinion of the Local Government, or Department of Government, to justify the exceptional indulgence.

3. It is not considered necessary to prescribe any fixed intervals within which a repetition of the indulgence cannot be permitted; but the Governor-General in Council looks to the Local Governments, and Departments of Government, to see that such leave is not granted too frequently, or without sufficient grounds.

4. As all leave so taken in India will reckon as part of the eight years to which an officer's total furlough is restricted by Rule XVI., it will be necessary that a copy of the order granting the leave shall in every case be forwarded to the Military Department of the Government of the Presidency to which the officer belongs.

5. Officers obtaining leave under paragraph 1 of this order, will be entitled during the period of their absence on it, to furlough pay, as laid down in Rule V. of the Military Furlough Rules of 1868. Those who obtain leave under paragraph 2 of this order, will be restricted to the English furlough pay of their rank, as follows:

	£.	s.	d.	
General Officer (Staff Corps)	1	5	0	a day.
Colonel of Royal Engineers of Royal Artillery of the local Service (and Lieutenant-Colonel, Staff Corps, if receiving the Colonel's allowance)	1	5	0	„
Lieutenant-Colonel (with the exception mentioned above) ...	1	0	0	„
Major	0	16	0	„
Captain	0	10	6	„
Lieutenant	0	6	6	„

6. If an Officer exceeds the period of leave granted to him under the provisions of this order, he will forfeit his appointment, and can only be re-appointed, as a special case, with the sanction of the Government of the Presidency to which the appointment appertains. Should he desire an extension of it as furlough, he can obtain it in the Military Department of his own Presidency to such extent as he may be entitled under the rules.

7. No leave as furlough out of India, can be granted by any authority excepting the Government (in the Military Department) of the Presidency under which the officer may be serving.

ACCOUNTS.

Simla, the 21st July 1871.

Remittances. Exchange. No. 2116.—Under instructions from the Right Honorable the Secretary of State for India, the Governor-General in Council is pleased to notify that the rate of exchange fixed in the Financial Notification No. 836, dated 10th February 1871, for officer's remittances and effects, *viz.*, 1*s.* 11*d.* per rupee for the year 1871-72, shall be adopted in the recovery in India, from civil engineers, mechanics, and others, of the portions of their salaries which have been made payable to their families in England.

2. The privilege of making family allotments in England will, for the future, as a general rule, be strictly confined to the class of mechanics, boiler-makers, &c., who would probably find it very difficult to make remittances through ordinary channels. Special cases, however, will be considered by the Secretary of State and decided on their merits.

3. The remittances to England of any civil officers who enjoy the privilege, and of the Administrator-General and Official Trustee in each of the three Presidencies, will be adjusted from the current year, 1871-72, at the rate fixed for officers' remittances.

Passages. Messing. *No.* 670 *of* 1871.—The Right Honorable the Governor-General in Council is pleased to notify that the provisions of G. G. O. No. 1225* of 22nd December 1868, prescribing

a revised scale of messing contribution to be recovered from Officers provided with a free passage on board sea-going vessels from port to port in India, shall in future be applicable to all cases of sea passages provided to officers from port to port in India, whether under the circumstances authorized in G. G. O. No. 317† of 8th April 1864, or in the case of those Officers who, having no regiment or department to join, on return from furlough on medical certificate, are provided with sea passages to proceed to any stations to which they may be ordered.

2. This order is applicable to the three Presidencies.

All married Officers above the rank of Subaltern embarking for India with their wives and families, shall be allowed a passage for one female servant at the public expense.

Given at our Court at Osborne, this 10th day of August 1870 in the thirty-fourth year of our reign.

By Her Majesty's Command,

(Signed) EDWARD CARDWELL.

With reference to the foregoing, the Right Honorable the Governor-General in Council is pleased to notify that the provisions of the above circular are equally applicable to homeward passages, and that a married Officer above the rank of Subaltern proceeding to England on duty otherwise than by Her Majesty's troop ships, is entitled to a free passage, or the cost of a passage for a female servant and that messing allowance at two shillings a day is to be deducted from Officers who proceed otherwise than by troop ship for each servant for whom passage money is drawn, which will follow the rule for Officers proceeding to India, as laid down in the Royal Warrant now published.

Unattached List. Soldiers Fines, &c.

No. 263 of 1871.—The Governor in Council is pleased to lay down the following Rules for dealing with offences by Non-Commissioned Officers and Soldiers on the Unattached List :—

1. Every Departmental Officer, either Civil or Military, shall have the power of suspending from duty any Non-Commissioned Officer or Soldier on the Unattached List, and of inflicting a fine not exceeding five days' Departmental pay and allowances, for unauthorized absence or any other minor offence. The Military pay of the offender must not be included in such fine.

2. The Head of the Department alone shall have the power of recommending the remand of a Non-Commissioned Officer or Soldier on the Unattached List to his Regiment, or of applying for a Court Martial for the trial of an offender.

3. In order that the Departmental Officer upon whom falls the duty of investigating offences may be in a position to know the character and conduct of those under him, a Departmental Defaulters' Book and a Character Book in the annexed forms will be kept. In the former will be recorded all such offences of a character which would tend to the offender being remanded to Regimental duty, such as drunkenness, insurbordination, or crimes of a serious character. In the latter or Character Book, minor offences, for which punishment such as reprimand or fines of Departmental pay and allowances, &c., have been inflicted, will be recorded.

4. In all first offences not of an aggravated character, mild reproof and admonition are to be tried; and punishment is not to be resorted to until a repetition of the offence shall have shown that the milder treatment has not been productive of the desired effect.

5. Offences not merely affecting departmental efficiency, but of so grave a nature as to necessitate the remand of the offender to his Corps, should, if possible, be tried by Court Martial before remand.

6. When an offender, from the frequency of his minor offences, is deemed incorrigible, a special report should be made to the Head of the Department, with a view of his being remanded to his Regiment.

7. When a Non-Commissioned Officer is remanded to his Corps under Rule 6, a full report of the case shall be made for the information of the Commander-in-Chief, in order that His Excellency may, if he deem fit, exercise the power invested in him by the 137th Article of War.

8. All offences are to be investigated, and witnesses examined in the presence of the offender by the Senior Officer, Civil or Military, of the Department on the spot.

9. An offender should not be awarded punishment until the day following that on which his offence was committed.

10. Every case should, if practicable, be investigated and disposed of within 48 hours of the offence being committed, unless it be preparatory to a Court Martial, or the case be submitted to superior authority.

11. Care should be taken when an offender has been drunk, that his case be not investigated until he is perfectly sober, or until 24 hours shall have elapsed subsequent to his arrest or confinement for an act of drunkenness.

12. When several of a Department are serving in the same place or Station the chain of responsibility and discipline should be preserved according to Departmental rank, and an offender should always, when practicable, be brought up for the investigation of his case in charge of a Departmental Senior.

13. In addition to any fine or punishment awarded, an offender shall forfeit his Departmental pay and allowances whilst under suspension and absent from his duties.

14. Every officer with power to award punishment under these rules, shall be in possession of the Defaulters' Sheet of the men under his immediate command: all entries in these sheets are to be in his handwriting, and a copy of these entries are to be forwarded to the Head of the Department for record in the Departmental Defaulters' Book.

15. When a Non-Commissioned Officer or Soldier is transferred from one Station or branch to another, his Defaulters' Sheet shall be forwarded by post to the Officer under whose command he is to serve.

16. No entry in a Departmental Defaulters' Book for a Departmental or Civil offence in any way affects a Soldier's claim to Good Conduct Pay.

17. Every Officer should be in possession of a copy of the Mutiny Act and Articles of War for his guidance in cases of an aggravated character cognizable by Courts Martial; and with a view to the Articles noted in the 192nd Article being read once a quarter.

18. Trivial neglects and carelessness should not be made the subject of fines and entered in the Defaulters' Book. They more properly belong to the Character Book

Military Funds.—*No.* 940 *of* 1871.—It having been found necessary to define the terms under which officers who received, under G. G. O. No. 899† of 1866,* the option of withdrawing from Indian funds, but who elected to remain subscribers, forfeit the advantages of the funds by failure to make the regulated payments at the proper time, the Right Honorable the Governor-General in Council is pleased to announce that monthly subscriptions or donations or authorized instalments shall be paid within four months after they become due, in default of which eight per cent. per annum will be charged on all arrears after that period.

2. This Order is applicable to the three Presidencies.

Paras. 1 to 27 of Circular No. 227, Office of Controller of Military Accounts, dated Calcutta, the 1st June 1870.

I.—Annual Assignments of Cash to Regimental Paymasters.

II.—Advances on Imprest to Officers Commanding Brigades and Batteries of Royal Artillery.

In modification of Articles 20 to 27, 31, 33 and 34 of "Instructions for Paymasters," Circular 138 the subjoined rules are to be strictly followed in future :

I.—Annual Assignments of Cash to Regimental Paymasters.

In substitution of Articles 20 *to* 27.

1. The Military Accountant, in the month of March, will furnish each regimental paymaster with a statement showing the annual assignment of cash to the regiment for each month of the official year, and the treasury from which the money is to be issued.

2. The paymaster is at liberty to draw against this assignment under the regulations hereafter described, provided that the drawings of any month, added to the sum drawn in previous months of the official year, do not exceed the amount for which provision has been made up to that period in the assignment. As, for example, if the total provision of funds from April to September inclusive Rs. 1,80,000 in the aggregate, and the amount drawn up to September be only Rs. 1,40,000, the difference or Rs. 40,000 may be drawn in October.

3. The regimental paymaster will draw against his assignment on the 1st and 10th of each month, respectively, one-fourth part of the authorized issue, as shown in the assignment; and on the 20th of the month he will submit to his commanding officer, for his approval, an estimate, in duplicate (Bengal Form 77), showing the balance on his previous month's general state of accounts, the probable receipts and disbursements, the amount of cash received, and the further probable sum required from the civil treasury to complete the payments on account of the regiment for the current month.

4. The paymaster must satisfy his commanding officer that the calculations of the several items of the estimate are fairly made, and, if called upon, must furnish him with full details of any of the items.

5. The commanding officer is required to satisfy himself, before attaching his signature to the estimate, that the receipts and disbursements are correct, and that the sum to be advanced from the treasury is not in excess of actual requirements.

6. One copy of the estimate is to be retained by the officer commanding for record in the orderly-room, the duplicate copy being returned to the paymaster for record in his office.

7. The cheque for the last instalment is to be drawn on the 25th of the month, unless the proximity to the bank or civil treasury drawn on, will admit of the presentation of the cheque for payment on a later date within the month. Should any of the above dates fall on a Sunday or holiday, the issue of the cash from the treasury will be made on the previous day. Before drawing the cheque for the last instalment, the paymaster will ascertain from the Savings' Bank and Canteen Fund Committees, the Captains of Troops and Companies, and others, what sums are likely to be paid into their hands on account of the public service within the period of the account; these particulars will enable him to regulate the draft on the civil treasury, so as neither to exceed his actual requirements nor to draw an insufficient sum, for the disbursements of the regiment, properly belonging to the month.

8. The paymaster's cheque for the last instalment need not necessarily be drawn for the exact amount shown in the monthly estimate. The commanding officer is responsible that the cheques are only for such sums as are absolutely and immediately necessary for the requirements of the regiment, and he may permit the paymaster to draw on the treasury for a larger sum than is shown in his estimate, provided always the amount is available on his assignment, if the exigencies of the service require it.

9. In case the draft on the treasury is found to have exceeded the regimental demands of the month current, the paymaster will be careful to regulate his drawings for the first and second instalments of the following month so as to keep his balance within the limits allowed to him (*vide* Article 87 of Instructions for Paymasters).

10. Under no circumstance, however, is the paymaster to draw from the treasury *less* than the amount that will be actually required for the disbursements appertaining to the period of account. A balance in his favour indicates that he has over-credited himself with expenditure, and with due attention to the precautions specified above, this irregularity may be avoided.

11. A regimental paymaster requiring a supplementary assignment, will prepare and submit to his commanding officer, for his approval, an estimate (Bengal Form 77), in duplicate, in which will be shown, as acurately as possible, the amount that will be actually required for the extra services to be disbursed, and this estimate is to be sent to the Military Accountant for sanction before any sum is drawn on it. When sanctioned, one copy will be returned to the paymaster and the other to the local Accountant-General for the issue of the necessary assignment.

12. In cases of unforeseen emergency, where delay in applying for a supplementary assignment must obviously be productive of inconvenience to the public service, a regimental paymaster may obtain a credit on a civil treasury over and above the amount he is entitled to under assignments, on the authority of a station or division order. Such credits must not be applied for except in cases of actual necessity, and the circumstances must be specially reported in each case to the Military Accountant.

13. The supplementary assignment, or the credit granted by the civil treasury, will be added to the annual assignment of the paymaster, and must be drawn against by cheques in the usual manner.

14. The unpaid balance of the annual and supplementary assignment and credit on the last day of the official year will lapse, and the cheques drawn against them, and then remaining unpaid, will be met from the assignment of the following year.

15. The officer commanding must countersign each cheque, and must also place his initials to the entries in the margin of the cheque book, which is to be filled in before the cheque is signed and separated from the book.

16. Attention is directed to the rule prohibiting officers and others attached to British regiments receiving "emergent advances" from civil treasuries on account of pay and allowances; this ruling is equally applicable to advances for dâk expenses, carriage, &c.; and to obviate the necessity of applications of this nature in future, paymasters are authorized to furnish officers and soldiers, when detached on particular duty, with sufficient money, and to instruct them to discharge all public demands, adjusting the advance with the paymaster. The outstanding advances will be included in the paymaster's particulars of balance (Bengal Form 167) to accompany his Monthly Pay List.

17. On the last day of the month, the paymaster is to forward the list (Bengal Form 78) of cheques drawn from the treasury to that date, to the civil officer, who, after certifying to its correctness, will return it at once to the regimental paymaster for transmission to the Military Accountant, Calcutta. This list is to correspond with the entries under receipts (Item A) in the General State of Accounts of the Regiment.

In substitution of Article 31.

18. When a regiment is moved from its station during the currency of the annual assignment to another station *within* the limits of the Local Government, the officer commanding and paymaster may draw on any day for the sum required to complete the regimental payments of the month and any necessary payments on the public service *en route*, and the treasury officer on receipt of the cheque will the cash applied for, and grant one or more public service transfer receipts in favour of the drawing officers, for such sum as may be required to be issued at any station *en route*, or at the destination of the regiment.

19. When a regiment is likely to continue *en route* on the 1st of any subsequent month, the officer commanding must also apply to the provincial Accountant-General for a credit on the civil treasuries nearest to which the regiment is likely to be on the 1st of each month, and this credit will be granted, subject to the provisions of Articles 2 and 3. The cash and service transfer receipts will be issued by the treasury officer for the full monthly requirements of the regiments.

20. In case the station to which the regiment is proceeding is *within* the Bengal Presidency, but *beyond* the jurisdiction of the Local Government on which the annual assignment was granted the

paymaster will apply to the treasury officer for a certificate specifying the full amount paid from the treasury, within the official year, for the service of the regiment. This certificate the officer commanding will at once forward to the local Accountant-General, in a letter showing the stations at which the regiment is likely to be, while *en route*, on the 1st of the months following, and the sums required to be issued on those dates for the service of the regiment.

21. The Accountant-General, after adding the balance of the assignment then available for the regiment, will transfer the particulars, in the same form, to the Accountant-General of the Government to which the regiment is proceeding, communicating particulars to the Military Accountant.

22. A similar course will be followed when a regiment is transferred from the Bengal Establishment to another Presidency, or *vice versâ*. The accounts of such regiment are to be rendered to the Pay Department of the Presidency to which the regiment is proceeding, from the 1st of the month in which it moves from its station, all payments from civil treasuries in that month, and in any subsequent month, while *en route*, being adjusted with the Military Department of the Presidency to which the regiment has proceeded.

23. This rule does not apply to regiments proceeding to another Presidency for the purpose of embarking for England, such regiments being retained on the establishment of the Bengal Presidency until date of embarkation, and the accounts continuing to be rendered to Calcutta.

24. Regiments proceeding to Bombay for embarkation will obtain a special credit from the Accountant-General of the Government on which the annual assignment was given, for such funds as it is likely to require until arrival at the port of embarkation. The credit will specify the civil treasuries nearest to which the regiment is likely to be on the 1st of the month, and on presentation thereof, the treasury officer will honor the cheque of the officer commanding and paymaster for the sum required to complete the regimental payments of the month, as provided for in Article 18, the amount of the cheque discharged being inscribed, in each case, on the back of the credit. The cash issued by Bombay treasuries on account of such regiments will be adjusted with Bengal in the usual manner.

25. Regiments for the Bengal Presidency landing at Bombay will be granted by the Accountant-General, Bombay, on the application of the Controller of Military Accounts, a similar credit as in the case above described. These regiments are brought on the Bengal Establishment from date of disembarkation, and render their accounts to the Pay Department, Calcutta. The special credits will be forwarded in each case to the Pay Examiner, with the regimental accounts first rendered, on arrival of the regiment at its destination.

26. In exhibiting the cheques drawn in the general state, the greatest accuracy is enjoined in inserting the full particulars as to the amount and date of each cheque, and the treasury from which this money was issued.

27. On the arrival of a regiment in India, or in a new Presidency, the paymaster must immediately apply to the Controller of Military Accounts for the issue of the necessary orders regarding his assignment of cash on the civil treasury.

Para. 87 of Circular No. 138, Office of Controller of Military Accounts, dated Calcutta, the 26th May 1866.

Establishment.

87. The Balance in each general state of accounts due from a paymaster is to be the smallest possible amount, and if at any time it exceeds Rs. 500, or Rs. 200 in the case of a battery, the particulars, and an explanation of the cause thereof, is to be transmitted with the pay list on *Bengal Form* 167. The balance may be carried on from one month's account to another; but when a paymaster ceases to act, he is required to annex to his final account the receipt of his successor for any balance paid over to him.

Furlo. Rules, 1868—*No.* 944 *of* 1871.—The following military letter from the Right Honorable the Secretary of State for India is published for general information:

MILITARY.
No. 207.

INDIA OFFICE;
London, the 10*th August* 1871.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD,—In framing the Military Furlough Rules of 1868, it was understood to be the desire and intention of the Government of India that all distinction between furlough on private affairs and that on medical certificate should, as far as possible, cease, and amongst the introductory clauses to those rules is the following: "1.—The distinction with respect to allowances hitherto drawn between furlough on private affairs and sick leave is abolished, both kinds of leave being included under the general term *furlough*, provision, however, being made for the obtainment of furlough under medical certificate, without all the restrictions applicable to furlough when taken without medical certificate."

2. It appears to me, therefore, that the only occasions upon which any officer should be granted furlough on medical certificate are—

1*st*, when (as in the case of Subalterns) an officer entitled to furlough may, if compelled to take leave on account of ill health, be entitled, under the regulations, to certain privileges,—as free passage to England;

2*ndly*, when an officer is not entitled to furlough, but is obliged to take leave on medical certificate,—a case for which provision is made in the rules;

3*rdly*, when, in the interests of the service, an officer, although entitled to furlough, would only be granted leave on the production of a medical certificate.

3. Very recently applications for extension of furlough on private affairs on the part of officers who have come home on medical certificate, have been submitted to me and have been granted, the applicants appearing to be entitled to furlough under the regulations; but it is obviously desirable that I should be informed of the actual circumstances under which every officer claiming furlough upon medical certificate has had furlough granted

to him, and I consider all officers entitled to furlough, whose services can be spared, should have the leave gazetted as "furlough," whether they produce a medical certificate or not.

4. With respect to the above three classes, it might be well to gazette the first to furlough, with a note to the effect that, being recommended by a medical board, they are entitled to a free passage, &c. With regard to the second, it would be sufficient to note the clause under which they take leave, and, with regard to the third, it will be assumed in future, when an officer entitled to furlough is thus granted leave on medical certificate, that his services could not otherwise have been dispensed with, and no extension of his leave will be granted in this country except on medical certificate.

I have, &c.,

(Signed) ARGYLL.

RESOLUTION.—The position of the Government of India, and the difficulty experienced by Native States and public bodies in obtaining competent officers without its assistance, frequently render it necessary for the Government, for political and for public reasons, to transfer its officers to service paid for from sources other than its own revenues. Such transfers would, as a general rule, be impossible if the condition were insisted on that, the officer transferred should give up his privileges as an officer in the service of the Government of India ; and in the papers above read, the question is discussed—what financial arrangements are proper to be made in the case of officers of Government, lent to, or transferred to service paid by Native States, Municipalities, and other bodies financially independent of the Government of India, such as Courts of Wards, Port Trusts, &c., and permitted at the same time to retain their privileges as servants of the Government of India ?

2. The remuneration of officers of Government may be thus classified—

Immediate, their pay and allowances while on duty ;
Contingent, their absentee allowances ;
Deferred, their pensionary allowances ;

and such officers, when lent to Native States, &c., though they obtain their "immediate" remuneration from the State or fund at the charge of which they are employed, look, for the most part, to the Government of India for their "contingent" and "deferred" remuneration.

3. It may sometimes be expedient, for special reasons, that the Government of India should bear such charges ; but, as a rule, it is not so ; and it is necessary to prescribe the conditions which should be imposed, so that such charges may be avoided, unless the Government, for special reasons, accepts them.

4. The Government of India have accordingly resolved to require, on account of every officer lent or transferred to a Native State, or a Municipality or other financially independent body, who is permitted to retain his position in relation to the service of Government, and his claims to absentee and pensionary allowances under the rules of the service to which he belongs, and with regard to whom the exemption contemplated in paragraph 3 is not declared, a contribution proportional to the salary which he receives, and regulated on the following principles.

5. In the first place it is to the officers themselves, and not to their employers, that the Government will look for the contribution required ; any other course would be productive of difficulty and inconvenience.

6. In the second place, a calculation founded upon such data as are available, shows that the cost to Government of the charges above classed as contingent and deferred (excluding, however, privilege leave allowances) is about one-quarter of the amount actually disbursed in the form of "immediate" remuneration.

7. The Government of India will, therefore, require from officers whose services are lent or transferred as contemplated in paragraph 4, a contribution of one-fifth of their pay and acting allowance; that is, they will receive from their employers pay and acting allowance fixed, in accordance with the rules of the Government service, with relation to the appointments which they hold, or in which they officiate; and retaining four-fifths, will transfer one-fifth to Government. In return for this contribution, the Government will undertake to pay their absentee allowances (except in the case of privilege leave), and their pensionary allowances, in the same manner, and to the same extent, as if they were in the service of Government, save only that the calculation of such allowances will be based only upon the four-fifths which they retain, instead of upon the full amount which they receive of pay and acting allowance.

8. A Native officer will be permitted, if he prefers it, to resign all claims to allowances during leave (except privilege leave), and in such case the contribution required of him will be only 12 per cent. The contribution required in respect of inferior servants is one anna in the rupee.

9. And with the special permission of the Government of India in the Financial Department, officers may make the contribution provided for in paragraph 7 in respect of a less sum (not being less than two-thirds) of their actual allowances, in which case their absentee and pensionary allowances will be calculated as if their actual salary were four-fifths of the amount in respect of which they make their contribution.

10. As to privilege leave to all officers in the position referred to in this resolution, the Government of India cannot make arrangements. Privilege leave is at all times, especially, subject to the discretion of the Government or body which employs the officer; and though an officer lent to Native States, &c., will retain his general claim to privilege leave, in the manner provided by the rules of the Government service, he must be left to arrange the times of taking it, and the amount to be taken, with his employer, in the same way as in the Government service he has to arrange them with the Government. An officer must continue during privilege leave to pay the contribution required by paragraphs 7 and 8.

11. As regards officers transferred to Local Funds, the resolution of this Department, No. 2197, dated 24th April 1868, empowered the Local Governments, in certain cases, to admit pensions chargeable to such funds; and they have power also to grant absentee allowances from them. In the case of an officer permanently transferred to service paid from a fund to which these conditions are declared by the Local Government to be applicable, no contribution will be required, as his claims to pension and absentee allowance for that part of his service which is under the local fund will be provided for by it; but, in all cases of mere temporary transfer to such funds, the required contribution must be paid. So in all cases of transfer, whether temporary or permanent, to a local fund under which service does not reckon for pension, the required contribution must be paid.

12. An officer whose services are lent or transferred, is not permitted to withhold the contribution by entering into an understanding that the time of his service so lent or transferred will not count for pension or for leave. He must either entirely resign the service of Government, or, unless he is specially exempted, make the contribution required by these rules.

13. In the case of Covenanted Civil Servants the contribution of one-fifth required by this resolution, includes the four per cent. deduction to the Annuity Funds which will not be separately levied. The amount of the contribution to be credited to the Annuity Fund is 3⅓ per cent. of the full nominal pay and acting allowance, being one-twenty-fourth part of the amount retained by the officer after deduction.* This proportion, being one-sixth of the entire contribution, will be credited to the Annuity Funds so long as they are maintained.

* *i. e.*, the same as 4 per cent. retained out of 100.

14. If the salary of the officers is disbursed at a Government Treasury, the required contribution will be deducted at time of payment, otherwise the officers themselves must pay the amount directly to the Government of India, in such manner as may be arranged.

15. Nothing in this resolution is to be held to apply to officers accepting service under Native States, &c., for their own purposes; it applies solely to officers transferred from the service of Government under the general or special sanction of the Government of India, and for political or public reasons; nor shall anything in this resolution be held to authorize the formation of funds by the accumulation of the contributions or deductions required.

16. The above rules will apply to all officers in the service of Government transferred after the date of this resolution, under the sanction, general or special, of the Government of India, to service under Native States, Local Funds, Municipalities, or other bodies financially independent of the Government of India, unless they resign all claim to absentee or pensionary allowance from the Government of India. They will not apply, however, to service in the Hyderabad Assigned Districts or Mysore, the revenues of which States are under the financial control of Government, and can be used to meet charges for absentee and pensionary allowances when they arise. Also, they will not apply to the following cases where other arrangements have been made,—(1) teachers transferred to service in the Chumba State, or in the Kolapur School; (2) Government servants transferred to the Municipality of Malcolm Peith.

17. The rules will not apply to officers lent or transferred to British or to any Colonial Government. Such cases are rare, and will be left for special arrangement as they arise, due regard being had to the principles laid down in this resolution. The Government of India will not, unless there are special reasons to the contrary, accept, without reimbursement any charge for absentee allowances or for pension for service rendered by its officers to other Governments.

18. Nothing in this resolution shall be held to affect the position of officers who have, before the date of its promulgation, accepted service under Native States, Municipalities, or other bodies financially independent of Government. Unless they belong to the Army, or to the Covenanted Civil Service, or unless their case is met by some special rule, such officers have ordinarily no claim for pension from

the Government of India, their pay not being a charge against the general revenues. This resolution is intended to provide for future transfers and not to create any claims on the part of officers already transferred under other conditions.

Lieutenant Colonel H. C. Dowker, of the Madras Staff Corps, Commandant, 3rd Cavalry, Hyderabad Contingent,—date of arrival at Bombay, 3rd November 1871.

Warrant Officers Staff Pay.—No. 1036 of 1871.—In order to remove a misapprehension that appears to exist in regard to the admission to Warrant Officers of the "Warrant Staff Pay" entered in the Scale of pay, &c., in paragraph 7 of G. G. O. No. 69,* dated 22nd January 1868, it is notified for general information that no Warrant Officer in receipt of staff or consolidated salary is entitled to any portion of the "Warrant Staff Pay," even though the departmental staff pay which he may be receiving is of less amount, or though his consolidated salary is less in amount than the "total receipts when in effective employ" of his grade as entered in the last column of the Scale, excepting when it is specially sanctioned by Government.

2. The Warrant Staff pay entered in the G. O. in question is intended only for those departmental Warrant Officers who are serving in positions to which no staff allowance has been assigned. Where a staff salary has been laid down, its amount has been fixed with reference to the duty to be performed, and it alone should be received by the holder of the appointment in addition to the "Net or Warrant Pay" and "Indian Warrant Allowances" of his grade.

3. No reductions should, however, be made in salaries that are now passed; but the salaries of all who may be newly appointed, or who may, by promotion or in any other way, become entitled to a salary as large in the aggregate as they now receive, or larger, should be adjusted in accordance with the above explanation.

4. This order is applicable to the three Presidencies.

2. The leave which will be there granted to him on the recommendation of such Medical Board will not exceed six months from the date of his departure from India, and if, on arrival in England, the state of his health is such as to render it unlikely that he will be fit to return to his duties within the above-mentioned period, he will be replaced on the Indian Establishment by an efficient officer.

G. O. No. 803* of the 26th September 1866, which extended the Military Retiring Regulations by the addition of two rates of pension, viz., £600 after 35 years, and £750 after 38 years' service, are applicable to all officers now in, or who may hereafter enter, the Indian Staff Corps.

Annuities Medical Fund.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL, FORT ST. GEORGE.

MY LORD,—Para. 1. The recent conversion into large annuities of the small ones held by many of the annuitants on the Madras Medical Fund, in accordance with the decision contained in my Financial (Military Funds) Despatch, dated 22nd June 1871*, has disturbed the proportion between large and small annuities which Art. X., Section IV. of the regulations requires should be maintained, and that article is virtually abrogated.

2. With the view, therefore, of distributing the annuities in future in accordance with the spirit and intention of the Regulations which were in force at the period of the transfer of the Fund to Her Majesty's Government, and of securing to the junior members of the Fund the same opportunity of obtaining small annuities as they possessed when the proportion required by the Regulations was duly maintained, I have decided that the extra small annuity, to be issued biennially, shall be claimable by a duly qualified sick subscriber under the same conditions as are attached to the small annuity issued in January of each year, and that, when either of these annuities is not required by a sick subscriber, it shall be claimable by the senior applicant for a *small* annuity, instead of " by seniority, as is the practice with large annuities."

3. In all other cases the annuities should be distributed, as heretofore, in accordance with the terms of Art. XII., Sec. IV. of the Regulations.
