FORT SAINT GEORGE, 14TH JANUARY 1873.

No. 14 of 1872.—The following General Orders by the Government of India are republished:—

Fort William, the 28th December 1872.

Pension. Widows and Orphans. Military Officers.

No. 1315 of 1872.—Under the authority of Her Majesty's Secretary of State for India, the Right Honorable the Governor-General in Council has great satisfaction in publishing to the Indian Army the following regulations, which are designed to secure suitable provision for the widows and orphans of officers of the Indian Staff Corps, officers of the Indian Medical Department, and Chaplains on the Indian Establishment not being subscribers to the late Military and Medical Funds.

Such pensions and compassionate allowances as are, by Royal Warrant, granted to the widows and families of British Military officers, are already granted, from Indian revenues, to the widows and families of Military officers in the service of the Government of India, who are excluded from the advantages of the late Military and Medical Funds; and it is to be clearly understood that the Government of India does not intend, by these present supplementary regulations, to sanction any further expenditure for this object from the Indian revenues. On the other hand, the Government of India does not, of course, wish that the Indian revenues should, in any way, profit by these regulations.

The Secretary of State for India in Council has reserved to himself the absolute right to regulate, from time to time, the contributions to be required from officers, in accordance with these principles, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable: provided always that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions to be levied from officers exactly, so that they shall neither be too large, nor too small, to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the Government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited, and the pensions charged, directly to the Indian revenues as military receipts and charges. But, in order to adjust the rates of contribution, from time to time, to what is necessary to supply the pensions provided for by these regulations and no more, a separate *pro formâ* account will be kept of all contributions levied, and all payments made, under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall be any charge to the Indian revenues, the rates of interest and of exchange with England, to be allowed in this *pro formâ* account, will be the rates which may be fixed from time to time by the Secretary of State in Council upon a consideration of the market rates of the day. For the present the rates to be used are 4½ per cent. interest, and 1*s.* 11*d.* per rupee exchange; and the contributions now prescribed have been calculated at these rates.

All needful statistics of ages, births, deaths, and marriages will be carefully registered, and these, statistics, with the *pro formâ* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select, with instructions to investigate and ascertain whether the rates of contribution are such as will, at the rate of interest and exchange then to be re-considered and refixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial inquiries and reports shall be debited in the *pro formâ* accounts reported upon.

Upon the report of the actuary or actuaries, the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and any alteration ordered in the rates of contribution will take effect from the beginning of the month following the date of such publication. No retrospective adjustments will be made.

The rates of contribution fixed for immediate adoption have been calculated by Major-General Hannyington, and approved by Mr. Samuel Brown, F.R.S.A. The reports of these gentlemen and the tables compiled by General Hannyngton will be furnished to any officer who desires to see them. The regulations will come into operation from the 1st of January 1873.

Pensions. Widows. **No. 36 of 1873.**—The following Extract from a Communication from the Government of India, to the Controller of Military Accounts, Calcutta, is published :—

I am directed to acknowledge the receipt of your letter * * * * , submitting for orders the claim to pension of * * * , widow of the late Serjeant * * * * Overseer in the Public Works Department, and to inform you in reply, that the claim is quite inadmissible; the widow of a soldier under the War Office pension rules being ineligible for a pension from Lord Clive's Fund. * * *

2. With reference to your enquiry, whether the transfer of a soldier to the unattached list gives his widow a right to pension from the Indian Government, I am to remark that such transfer is simply to save reduction in the effective strength of regiments, and that until a man is promoted to the Warrant grade, he receives his pension under War Office rules (G. G. O. No. 969 of 1867), and his widow can claim no pension under Indian regulations, though she retains her right to the years' subsistence allowance and gratuity on going home as granted by the regulations to the widows of soldiers dying with their regiments.

Pensions and Gratuities. No. 103 of 1873.—The following Notification, issued by the Financial Department, No. 372, dated the 16th January 1873, is re-published for general information :—

PENSIONS AND GRATUITIES.

The 16th January 1873.

No. 372.—The following Financial despatch from Her Majesty's Secretary of State for India to the Government of India, No. 513, dated 4th December 1872, is published for general information :—

have considered in Council your Financial letter, dated the 26th September last, No. 359 forwarding papers relating to a request by * * * * that on resigning Civil employment and accepting the Military pension to which he is entitled, he may be reappointed to be a Deputy Commissioner of the grade in which he at present serves.

2. In reference to this case, you state that in the Financial despatch, dated the 9th July 1868, No. 290, "the following rule was laid down :"—

> "When an Officer, who has retired on a pension obtained, not on medical certificate but after a prescribed period of service, is subsequently employed in any public capacity he shall be permitted to draw the pension in addition to the salary of the Office to which he may be appointed; but in the event of a Military Officer resigning the service after he has been appointed to a Civil Office, he must at the same time vacate that Office. He may, however, be re-appointed to the Office, not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service."

3. You also state that the principle of that rule, which was at first applicable to Commissioned Military Officers in Civil employ, has been extended to all Civil Officers, and that Section 96 of the Civil Pension Code provides that "no Officer can be permitted to retire with the view of being re-employed, whether in the general service or at the charge of local funds, and drawing pension in addition to pay," and you propose that that rule should now be extended to Military Officers in Civil employ.

4. Previous to the receipt by you of the Financial despatch, dated the 9th July 1868, No. 290, it was the invariable rule that a Military pension should merge in Civil salary, and it was only on "your strong recommendation" that any modification of that rule was authorized.

5. Under the terms of the modification sanctioned in 1868, you have full power to guard against the abuse of the concession granted by declining to re-appoint any Officer to a Civil appointment who may resign the service for the purpose of obtaining Military pension in addition to Civil salary; and I am of opinion that you should do so, except under exceptional circumstances, when it is decidedly for the benefit of the public service. I see no objection, however, to your proposition to extend to Military Officers in Civil employ the rule on the subject which you have laid down as regards Civil Officers.

6. * * * request should accordingly be negatived.

The 4th February 1873.

Unemployed Officers. No. 108. of 1873.—With the view of preventing any misunderstanding as to the exact scope of paragraph 2 of Government General Order No. 797,* dated 1st August 1872, it is notified for general information that the option therein offered to Lieutenant Colonels to reside in England upon British pay until their services might be required in India, applies to those officers only who were actually unemployed, *i. e.*, not holding any appointment permanent or officiating on that date. But Officers of a lower Rank who were then unemployed may, if they remain so, be allowed the same option when they attain the rank of Lieutenant Colonel, if no employment is then available for them.

MILITARY. INDIA OFFICE,

No. 14. *London, 30th January* 1873.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,

PARA 1.—I have received and considered in Council your Military Letter No. 200 of the 26th September 1872, containing proposals to enable Officers of Royal Engineers employed in India to qualify for the military examinations prescribed by Horse Guards General Order No. 52 of 1872, to be passed previous to promotion.

2. In reply, I have to acquaint your Government that I have sanctioned the following arrangements :—

I.—That Royal Engineer Officers in the Public Works Department in India may be allowed to take special leave for three months in India on full pay, in order that they may be attached to some Corps for military duty ; such leave to be considered as service in all respects.

II.—That all Lieutenants and Captains of the Royal Engineers, when on furlough in England, shall be allowed, in addition to their furlough, to spend a certain time on duty at the School of Military Engineering at Chatham, drawing English pay and extra pay as laid down at page 45 of the Revised Army Regulations, together with servant's allowance at the rate of 1*s.* 6*d.* a day.

The "certain time" above referred to is to be a maximum of six months after the first eight years of service in India qualifying for furlough, and three months after the second period of six years.

The time passed at Chatham on duty will not be allowed to reckon as a qualification for furlough.

Officers on furlough, who may prefer to spend a part of their furlough at the School, will not be subject to any reduction of their furlough pay.

III.—That the same advantages be accorded to Officers of Royal Engineers on leave on medical certificate, the time to be passed at Chatham in their case being regulated on the above principle, the period, however, not being less than three months.

3. In accordance with the suggestion of Lord Napier of Magdala a certificate of proficiency will be required in all cases to authorize the time passed in study at Chatham to count as service in India.

Furlough Pay. No. 385 of 1873.—The following Military letter from the Right Honorable the Secretary of State for India is published for general information :—

MILITARY.

No. 234. INDIA OFFICE ;

London, the 11th December 1872.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD.

PARA. 1.—I have had occasion to consider the present regulations respecting the cessation of furlough pay after an absence of two and a half years from India, as respects officers not under the Furlough Rules of 1868 ; and also with regard to the date of retirement of Officers retiring in this country, and the consequent cancelment, in some cases, of rank ; and I have decided that henceforth the following rules shall be applicable to all Officers of the Staff Corps, and of the Medical Service, and of the General List, of and the above rank of Captain :—

1.—Pay shall be regularly issued up to the full period of leave allowed, not exceeding three years.

2.—An Officer shall be allowed to retain any rank he may have attained previous to date of retirement.

3.—He shall receive any half pay pension allotted to him in virtue of that rank.

4.—The date of retirement shall be the date of the Officer's application to retire.

5.—The retired pay shall be issued from the date of retirement, or the date when pay on furlough ceased, whichever may first happen, except in the following case.

6.—An Officer who attains an advanced rank after the cessation of pay, and then retires on half pay pension in virtue of that rank, shall receive his retired pay from the date of his promotion only.

2. The above rules will not apply to the Officers of the local Army or to Subalterns on the General List, who will remain under former regulations.

3. My attention has also been drawn to the retiring (full pay) regulations as applicable to Officers of the General List.

4. As the promotion of these Officers, after attainment of the rank of Captain, is governed, like that of the Staff Corps Officers, by length of service, it appears to me that their pensions should be regulated in the same manner. I request therefore that it may be notified that the rule as to retirement on pension of rank after 22 years' service is not applicable to Officers of the General List.

I have &c.,

II. It is to be clearly understood that these rules are not intended in any way to interfere with the tests as respects character, physical efficiency, and knowledge of the native languages to which candidates for the Staff Corps are subjected under existing regulations.

SECTION I.—*Qualification for Candidates for probationary entrance to the Indian Staff Corps.*

1. No officer under the rank of Lieutenant will, in future, be considered eligible to become a probationer for the Staff Corps.

2. After the 1st July 1874, no officer of Her Majesty's British Service, whose first commission bears date before the 26th of August 1871, will be permitted to become a probationer for the Staff Corps, until he shall have passed the special examination as laid down in Horse Guards' G. O. 65 of 1870 (Garrison Instruction).

3. Officers who are at present probationers for the Staff Corps, and those who may be permitted to become probationers before the 1st July 1874, will be dealt with under existing rules, in so far as entrance to the Staff Corps is concerned. But in deciding upon the claims of candidates to become probationers, consideration will be shewn to those officers who may have already qualified themselves for promotion by passing the above mentioned "special examination" (Garrison Instruction).

SECTION II.—*Qualification for entrance to the Indian Staff Corps, and for Regimental, General and Personal Staff appointments.*

1. No officers, who become probationers after the 1st July 1874, will be admitted to the Staff Corps; nor will any Lieutenants at present serving in the Staff Corps be considered qualified after the above date to hold the appointments of Adjutant or Quartermaster, nor to leave their regiments to hold any appointment whatever, until they shall have passed an examination in the following subjects :—

EXAMINATION A. (in two parts.)

[In the case of probationers for the Native Cavalry, the examination will include the additional subjects under head (*e*).]

3. All officers whose names may in future appear upon the "Pass Lists" of the examination for the rank of Lieutenant in the 3rd class (Vide paragraphs 33 and 34, Section III. Regulations accompanying Horse Guards' G. O. 52 of 1872), will be subject to re-examination in Part II., with the exception of riding.

4. Lieutenants at present in the Staff Corps, and those who may enter under the provisions of paragraph 3, Section I., will be exempted from further examination in Part I., which they will have passed under existing rules, but they will be required to pass in Part II. before being qualified to hold the appointment of Adjutant or Quartermaster, or to leave their regiments for any appointment whatever.

5. Captains in the Staff Corps will not be considered qualified, after the 1st July 1874, to hold the appointments of Commandant, Second-in-Command, or Wing Officer, nor to leave their regiments for the purpose of holding any appointment whatever (unless they come within the provisions of paragraphs 7, 10, or 11), until they shall have passed an examination in the following subjects :—

7. All Captains who attained that rank previous to the date of this order, will be considered qualified to hold the appointments of Second in Command or Wing Officer, without examination, if specially approved of by the Commander-in-Chief, as having already proved their efficiency for those appointments.

8. No officer of the Staff Corps will be considered qualified after the 1st July 1874 to hold any of the following appointments until he shall have passed Examination B :—

10. Cases of officers who may not have had an opportunity of passing the above examinations will be judged separately and upon their own merits.

11. Officers may be nominated at any time to staff appointments for distinguished service in the field, although they may not have passed the qualifying examination ; but officers so appointed, who are liable to examination under this order, will be expected to qualify within a reasonable time.

12. Substantive Lieutenant-Colonels, who attained that rank prior to the date of this order, will be exempted from the qualifying examination for appointment on the General Staff of the Army.

13. Subject to the exemptions specified in paras. 7, 10, 11, and 12, Section II., all officers of the Indian Armies not in the Staff Corps will be required after the 1st July 1874 to pass the qualifying examinations for regimental appointments, and for those upon the General Staff of the Army, as laid down in paras. 1, 5, and 8, Section II.

SECTION III. *Instruction of Officers, mode of conducting Examinations, Text-books, &c.*

1. In order that officers at present in the Staff Corps may be afforded assistance in their studies, they will be permitted, under the necessary restrictions to attend one course of garrison instruction, but any officer may present himself for examination without having gone through the course.

2. Under the orders of His Excellency the Commander-in-Chief, every facility, consistent with the maintenance of the efficiency of regiments, will be given to such officers as wish to join the classes of Garrison Instruction.

3. All officers undergoing instruction will be returned "on duty," and arrangements will be made regimentally for the performance of their duties while absent. Such arrangements, when the officers are holding regimental staff appointments, will be the same as if they were proceeding on privilege leave, and they will be permitted to travel once to and from the centres of instruction at the public expense, either for the purpose of attending the course or going up for examination, but in the event of an officer failing to pass he will not be allowed to travel at the public expense on a subsequent occasion.

4. All Infantry officers of the Indian Armies who are subject to examination under the present order, and those who may hereafter enter the Staff Corps under the provisions of paras. 2 and 3, Section I., will be required as a general rule to go through a course of equitation under the riding-master of a regiment of British Cavalry or of a brigade of Artillery.

In order, however, to avoid the frequent absence of officers from their regiments, this rule will for the present only be enforced in the case of officers who are, or may be quartered at, stations where the services of a riding-master are available.

5. Officers, who go through the course of equitation, will be furnished with a certificate to that effect from the officer commanding the regiment of Cavalry or brigade of Artillery under whom they may have been instructed.

6. In the case of officers, who may not have had an opportunity of attending a riding school up to the period of their going up for Part II. of either of the above examinations, as set forth in para. 11, a certificate will be furnished to the above effect by the officer commanding their regiments.

7. The usual fees due to riding-masters for the instruction of officers, under this order, will be defrayed by Government and will be recovered in contingent bills, countersigned by the officer under whom the riding-master is serving.

8. All Field Officers at the date of this order, who may be desirous of qualifying for Staff employment under para. 8, Section II., will be exempted from going through the course of equitation, but they will be called upon to furnish a certificate from the Commanding Officer of a regiment of Cavalry or brigade of Artillery, that they are sufficiently good horsemen to perform efficiently the duty of Staff Officers in the field.

9. The examination of officers, who become probationers for the Staff Corps after the 1st July 1874, in Part I. of Examination A., will be carried out by Boards held at the head-quarters of divisions and districts, which will be presided over by the General Officer or Brigadier-General Commanding, with two Commandants of native regiments or one Commandant and one Second in Command as members. For the examination of officers for the Native Cavalry, there must, however, be always two Cavalry officers on the Board, of whom one at least should be the Commandant of a Native Cavalry regiment.

No officer of the candidate's regiment should be detailed to serve upon these Boards, when other qualified officers are available.

The examination will be conducted, and the reports drawn up and forwarded in strict conformity with the existing orders for conducting the probationary examination, as laid down in G. G. O. 531 of 27th June 1864, merely omitting the subjects not comprised in Part I. of Examination A.

10. In the case of Captains, the examination in the subjects included in Part I., Examination B, may be carried out at any convenient time at the head-quarters of divisions or districts by the General Officer in Command, or by a duly qualified officer, not belonging to the candidate's regiment, selected by him to hold it.

If the candidate pass satisfactorily, the examining officer will grant him a certificate to that effect.

11. The remaining portion of the examination of Captains and Lieutenants, and of Field Officers, candidates for the higher staff appointments, as specified in Part II. of Examinations A and B, will be carried out by means of sealed printed questions by the Boards assembled twice a year, at each of the centres of garrision instruction throughout India.

12. No officer, except by special permission, will be permitted to leave his regiment either to attend a course of garrison instruction or to present himself for Part II. of the above examinations, until he shall have passed that portion held in the field as specified in paragraphs 9 and 10, Section II.

13. The following text books are recommended for the use of officers studying for examination under the present order :—

(1.) Manual of Field Fortification, Military Sketching and Reconnoissance, 1871, published by authority.

(2.) Drayson's Military Surveying.

(3.) Wolseley's Soldiers' Pocket Book for Field Service.

(4.) Maisey's Text Book of Military Law (when approved).

(5.) Hamley's Operations of War, Part VI., Chapters I., II., up to page 336 V., and VII., for the Lieutenant's examination; and Part VI., Chapters I., II., III., (omitting pages 357 to 377 inclusive), V., VI., and VII., for that of Captain.

III. A revised distribution of the centres of garrison instruction in the three Presidencies will be hereafter notified.

The 14th May 1873.

Indian Service. Family Pension Fund.

No. 560 *of* 1873.—With reference to G. G. O. No. 1315* of the 28th December 1872, the Governor-General in Council is pleased to direct the re-publication of that Order as finally approved and modified by the Right Honourable the Secretary of State for India.

The Fund will be designated "The Indian Service Family Pension Fund," and the following Order is to be substituted for that previously issued, bearing the same number and date :—

FORT WILLIAM,
The 28th December 1872.

No. 1315 *of* 1872.—Under the authority of Her Majesty's Secretary of State for India, the Right Honourable the Governor-General in Council has great satisfaction in publishing to the Indian Army the following regulations, which are designed to secure suitable provision for the widows and orphans of officers of the Indian Staff Corps, officers of the Indian Medical Department, and Chaplains on the Indian Establishment, not being subscribers to the late Military and Medical Funds.

Such pensions and compassionate allowances as are, by Royal Warrant, granted to the widows and families of British Military officers, are already granted, from Indian revenues, to the widows and families of Military officers in the service of the Government of India, who are excluded from the advantages of the late Military and Medical Funds: and it is to be clearly understood that the Government of India does not intend by these present supplementary regulations to sanction any further expenditure for this object from the Indian revenues. On the other hand, the Government of India does not, of course, wish that the Indian revenues should in any way profit by these regulations.

The Secretary of State for India in Council has reserved to himself the absolute right to regulate from time to time the contributions to be required from officers, in accordance with these principles, under these regulations, and to make any alterations in the regulations themselves that may appear to him equitable; provided always that the scale of pensions fixed thereby shall not be reduced in the case of actual incumbents. The Secretary of State in Council will endeavour to adjust the contributions tobe levied from officers exactly, so that they shall neither be too large nor too small to supply the pensions provided for by these regulations. But if it should appear on experience that they have been fixed too low, the Government will not require any supplementary retrospective payments; and if they are found to have been fixed too high, no claim to refund will be admitted.

No insurance fund is established by these regulations. The contributions will be credited and the pensions charged directly to the Indian revenues as military receipts and charges. But in order to adjust the rates of contribution from time to time to what is necessary to supply the pensions provided for by these regulations and no more, a separate *pro formâ* account will be kept of all contributions levied and all payments made under these regulations, and of the interest which would have been allowed upon such contributions if a mutual insurance fund had actually been established.

In accordance with the principle announced in this notification, that the Government does not intend that the pensions provided by these regulations shall be any charge to the Indian revenues, the rates of interest and of exchange with England, to be allowed in this *pro formâ* account, will be the rates which may be fixed from time to time by the Secretary of State in Council upon a consideration of the market rates of the day. For the present the rates to be used are 4½ per cent. interest, and 1*s.* 1*1d.* per rupee exchange; and the contributions now prescribed have been calculated at these rates.

All needful statistics of ages, births, deaths, and marriages will be carefully registered, and these statistics with the *pro formâ* accounts, will be submitted at such periods as may be determined by the Secretary of State in Council to such actuary or actuaries as he may select, with instructions to investigate and ascertain whether the rates of contribution are such as will, at the rate of interest and exchange then to be re-considered and refixed, supply the pensions payable under these regulations, and no more. The expense of such actuarial inquiries and reports shall be debited in the *pro formâ* accounts reported upon.

Upon the report of the actuary or actuaries, the Secretary of State in Council will order any necessary alterations in the rates of contribution.

The report of the actuary or actuaries, with the orders of the Secretary of State in Council thereupon, shall be published in the *Gazette of India*, and any alteration ordered in the rates of contribution will take effect from the beginning of the month following the date of such publication. No retrospective adjustments will be made.

* Madras G. O. G, No. 14, dated 14th January 1873.

The rates of contribution fixed for immediate adoption have been calculated by Major-General Hannyngton, and approved by Mr. Samuel Brown, F. R. S. A. The reports of these gentlemen and the tables compiled by General Hannyngton will be furnished to any officer who desires to see them. The regulations will come into operation from the 1st of January 1873.

An officer who does not, before the 1st of July 1874, announce his intention to provide pensions for his family under these regulations, will not be allowed to do so, save under the special order of the Governor-General in Council.

COMMUTATION OF CONTRIBUTIONS.

17. An officer who desires to complete his payments during the term of his service in India, so as to be exempt from contributions after his retirement, will be permitted to do so at rates to be determined by the tables appended to General Hannyngton's report, dated London, 7th June 1870, or by any other tables that may be hereafter substituted by the Secretary of State for India in Council.

18. An officer may at any time commute his future payments into a single payment, the amount of such payment being regulated by the same tables.

In the event of their return to full pay, they shall, in addition to the subscription of their rank, be required to pay such donation as the circumstances of the case may demand. Unmarried officers may continue to subscribe at the Europe rate of subscription, and will not be entitled to any refund in the event of their withdrawal.

RETIRED OFFICERS.

28. Married officers who retire from the service on the pension of their rank may continue to subscribe in that rank at the Europe rate of subscription, or they may withdraw from the fund, receiving back such portion of their contributions as is in excess of the risk borne by the fund during the term of their membership; but the usual subscription will be deducted from the pension of all such officers until they shall have intimated in writing their intention of withdrawing. Unmarried officers may continue their subscription on the same terms as married officers but will not be entitled on retirement to any refund in the event of their withdrawal.

DISMISSED OFFICERS.

29. An officer who is dismissed the service by sentence of a court martial, or by other competent authority, will cease, *ipso facto*, to be a contributor under these regulations, and will have no claim to any refund. His family will not be entitled to any pensions under these regulations.

INDIA OFFICE,

No. 223.

London, the 15th May 1873.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,—1. I have considered in Council your Military letter No. 41, dated 21st February 1873, referring for my decision, a question whether Officers who have already made provision for their wives, may subscribe to the new Pension Fund for their children only.

2. Major-General Hannyngton states that the contributions to this Fund for children, are independent of those for wives, and that consequently no objection exists to allowing Officers who are placed in such circumstances, to subscribe as unmarried members in the same manner as widowers.

3. The privilege of subscribing to the Indian Service Family Pension Fund for children only, may therefore be granted to all Officers, who have entered the Service since the date of the closing of the Military Funds to new subscribers, and have made other provision for their wives.

4. In such cases, subscribers must pay the unmarried rates of subscription of their class, as laid down in Table VI., as well as the birth donation, and the ordinary subscription for each child as laid down in Tables V. and VII. of the Regulations.

I have, &c.,

SECTION III. *Instruction of Officers—Mode of conducting Examinations, Text-books, &c.*

1. In order that officers at present in the Staff Corps may be afforded assistance in their studies, they will be permitted, under the necessary restrictions, to attend one course of garrison instruction, but any officer may present himself for examination without having gone through the course.

2. Under the orders of His Excellency the Commander-in-Chief, every facility, consistent with the maintenance of the efficiency of regiments, will be given to such officers as wish to join the classes of Garrison Instruction.

3. All officers undergoing instruction will be returned "on duty," and arrangements will be made regimentally for the performance of their duties while absent. Such arrangements, when the officers are holding regimental staff appointments, will be the same as if they were proceeding on privilege leave, and they will be permitted to travel once to and from the centres of instruction at the public expense, either for the purpose of attending the course or going up for examination, but in the event of an officer failing to pass he will not be allowed to travel at the public expense on a subsequent occasion.

4. All Infantry officers of the Indian Armies who are subject to examination under the present order, and those who may hereafter enter the Staff Corps under the provisions of paras. 2 and 3, Section I., will be required as a general rule to go through a course of equitation under the riding-master of a regiment of British Cavalry or of a brigade of Artillery.

In order, however, to avoid the frequent absence of officers from their regiments, this rule will for the present only be enforced in the case of officers who are, or may be quartered at, stations where the services of a riding-master are available.

5. Officers, who go through the course of equitation, will be furnished with a certificate to that effect from the officer commanding the regiment of Cavalry or brigade of Artillery under whom they may have been instructed.

6. In the case of officers who may not have had an opportunity of attending a riding school up to the period of their going up for Part II. of either of the above examinations, as set forth in para. 11, a certificate will be furnished to the above effect by the officer commanding their regiments.

7. The usual fees due to riding-masters for the instruction of officers under this order will be defrayed by Government and will be recovered in contingent bills, countersigned by the officer under whom the riding-master is serving.

8. All field Officers at the date of this order, who may be desirous of qualifying for Staff employment under para. 8, Section II., will be exempted from going through the course of equitation, but they will be called upon to furnish a certificate from the commanding officer of a regiment of Cavalry or brigade of Artillery, that they are sufficiently good horsemen to perform efficiently the duty of Staff Officers in the field.

9 The examination of officers, who become probationers for the Staff Corps after the 1st January 1875, in Part I. of Examination A, will be carried out by Boards held at the head quarters of divisions and districts, which will be presided over by the General Officer or Brigadier General Commanding, with two Commandants of Native regiments or one Commandant and one Second in Command as members. For the examination of officers for the Native Cavalry there must, however, be always two Cavalry officers on the Board, of whom one at least should be the Commandant of a Native Cavalry regiment.

No officer of the candidate's regiment should be detailed to serve upon these Boards when other qualified officers are available.

The examination will be conducted, and the reports drawn up and forwarded in strict conformity with the existing orders for conducting the probationary examination, as laid down in G. G. O. 931 of 27th June 1864, merely omitting the subjects not comprised in Part I of Examination A.

10. The examination in the subjects included in Part I., Examination B., may be carried out at any convenient time at the head-quarters of divisions or districts by the General Officer in Command, or by a duly qualified officer, not belonging to the candidate's regiment, selected by him to hold it.

If the candidate pass satisfactorily, the examining officer will grant him a certificate to that effect.

11. The remaining portion of the examination of Captains and Lieutenants, and of Field officers, candidates for the higher staff appointments, as specified in Part II. of Examinations A and B, will be carried out by means of sealed printed questions by the Boards assembled twice a year, at each of the centres of garrison instruction throughout India.

12. After 1st January 1875 no officer, except by special permission, will be permitted to leave his regiment either to attend a course of garrison instruction or to present himself for Part II. of the above examinations until he shall have passed that portion held in the field as specified in paras. 9 and 10, Section III.

13. The following text books are recommended for the use of officers studying for examination under the present order :—

(1) Manuel of Field Fortification, Military Sketching and Reconnoissance, 1871, published by authority.

(4) Maisey's Text Book of Military Law (when approved).

3. A revised distribution of the centres of garrison instruction in the three Presidencies will be hereafter notified.

OOTACAMUND, 31ST OCTOBER 1873.

No. 277 of 1873.—The following General Orders by the Government of India, are re-published :—

Simla, the 16th October 1873.

Camp Equipage. *No.* 1085 *of* 1873.—With reference to G. G. O. No. 922 of 1861, the following rules for the repair of camp equipage in possession of British troops, in supersession of Clause 1078 of the Revised Military Regulations, are published for general information and guidance.

Any petty repairs necessary to camp equipage while in use on the march will be executed by Quartermasters or Commissariat agents under the orders of the commanding officers, the actual expense being charged in contingent bills duly vouched and counter-signed by commanding officers. These bills are to be sent to the Examiner of Ordnance Accounts for check and payment, accompanied by copies of orders directing the repairs.

The petty repairs on a march, the bills for which will be passed on regimental or detachment orders, are not to exceed one (1) rupee for each tent within the space of one month ; the amount will be paid by the Commissariat agent with the regiment or detachment on the receipt of the commanding officer, the repairs being executed under the orders of the latter, and the bill transmitted by him to the Examiner, Ordnance Accounts, for audit.

In case of repairs of a more extensive nature, the commanding officer will examine the tents and specify (in the accompanying form) the extent of repairs required, and on this report an estimate is to be framed for the propable cost of the same. The estimate only to be prepared in duplicate. If the urgency of the case requires that these repairs should be done immediately, the report and estimate are to be submitted to the officer commanding the station or camp, who will direct the Deputy Paymaster or Commissariat officer to advance the requisite amount, transmitting the documents to the assistant to the Inspector-General of Ordnance and Magazines for check, and stating the reasons why the repairs were required to be made immediately.

If the repairs are not required to be executed at once, the report and estimate are to be transmitted direct to the Assistant to the Inspector-General of Ordnance by the Officer commanding the corps or detachment, for authority to apply to the Commissariat officer, or Deputy Paymaster, for the necessary advance.

In either case the estimate is to be so framed as to show the quantity of materials and the number of workmen that will be required to execute the repairs stated in the report to be requisite, and in order to ensure, as far as possible, the amount being sufficient, 10 per cent. will be allowed for unforeseen contingencies. The station price current of labour and materials, under the signature of the officer in charge of the principal bazaar, is to accompany the estimate.

The repairs are to be executed with due regard to economy, as early as possible after receipt of the advance, and a bill showing in detail the actual expenditure incurred transmitted to the Examiner of Ordnance Accounts on the completion of the work, the estimate and price current being attached as vouchers. Any considerable deviation from the amount of the estimate is to be accounted for in a letter accompanying the bill.

A certificate from the officer commanding, as to the manner in which the tents have been repaired and the reasonableness of the charge, is to be attached to the bill.

INDIA OFFICE ;
LONDON, 23*rd October* 1873.

To His Excellency the Right Honorable the Governor-General of India in Council.

MY LORD,

1. I have considered in Council your Military letter No. 168, dated 11th August 1873, requesting to be informed whether subscribers to the Indian Service Family Pension Fund may be permitted to subscribe for their wives only, and not for their children, and whether they have also the option of subscribing for some of their children only.

2. I see no reason for extending the arrangement under which an Officer, who made a provision for his wife when he had not the option of becoming a Member of a Fund, was allowed the privilege of subscribing to this Fund at the unmarried rate for his children only, and I have therefore decided that all subscribers should be required to subscribe for all their children who are within the age rendering them eligible for admission to the Fund.

I have, &c.,

Home Department, General, Camp Lucknow, the 8th December 1873.

No. 40.—In accepting the resignation by Major-General L. Barrow, C.B., of his appointment of Chief Commissioner in Oudh, His Excellency the Viceroy and Governor-General desires to express his regret that Major-General Barrow has been compelled by ill health to sever his connection with a province with which, for a period of 17 years, his name has been associated, both as a gallant soldier and an able administrator Appointed as a Special Commissioner at the close of the Indian Mutiny, General Barrow was charged with the temporary settlement of Oudh, and his exertions and influence with all classes of the people and more particularly with the talookdars contributed materially to the restoration of peace and order throughout the province. After filling the post of Financial Commissioner, General Barrow officiated twice as Chief Commissioner, and was finally confirmed in that appointment. By his resignation, Her Majesty the Queen has lost the services of a distinguished officer, and the people of Oudh a sincere friend.
