HEAD QUARTERS, MADRAS,
3rd March, 1876.

At a General Court Martial, held at Fort Saint George, Madras, on the 7th day of February, 1876, No. 573, Jemadar Shaik Tippoo, 37th Grenadiers, was arraigned on the following charges :—

CHARGES.

1. Behaving in a manner unbecoming his position and character as an officer, in having, at Madras, on the 8th November, 1875, while under suspension, been in a state of intoxication, and thereby incapacitated for attending at the regimental orderly-room, 37th Grenadiers, for which he had been duly warned.

2. Having, at Madras, on the 9th January, 1876, whilst under arrest, broken his arrest before he was set at liberty by proper authority.

FINDING.

The Court finds that the prisoner, No. 573, Jemadar Shaik Tippoo, 37th Grenadiers, is guilty of both the charges.

SENTENCE.

The Court sentence the prisoner, No. 573, Jemadar Shaik Tippoo, 37th Grenadiers, to be dismissed the service.

(Signed) SAWMY, Subadar-Major,
37th Grenadiers, President.

FORT ST. GEORGE, MADRAS, 12th February, 1876.

CONFIRMED.—The treatment to which the prisoner was subjected during the latter portion of his arrest was harsh in the extreme, for there was nothing in his conduct to make it necessary to confine him in the regimental quarter-guard.

But for the unavoidable delay in bringing the prisoner to trial under the first charge, the offence of which he stands convicted under the additional charge would not have been committed. Nothing can be accepted as an excuse for an officer breaking his arrest, but in this case I consider that the prisoner ought to have had the opportunity afforded him of being able to select the site for his father's grave without breaking his arrest. The prisoner's subsequent close confinement in the quarter-guard prevented his attending his father's funeral. There was no sufficient ground for depriving him of a privilege dear to every race.

Under these circumstances, and in the hope that the prisoner's future conduct will merit the high opinion entertained of him previous to his taking to drinking, I remit the sentence.

Jemadar Shaik Tippoo will accordingly be released from confinement.

Commander-in-Chief.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

ADJUTANT-GENERAL'S OFFICE,

Fort St. George, 22nd March, 1876.

At a General Court Martial, held at Rangoon, on the 15th day of December, 1875, No. 1752, Private William Shelford, of Her Majesty's 89th Regiment, was arraigned on the following charges :—

CHARGES.

1. That he, William Shelford, on or about the 17th day of July, one thousand eight hundred and seventy-five, at Port Blair, being then and there a soldier of Her Majesty's British Army serving in Her Majesty's dominions in India, at a distance of upwards of one hundred and twenty miles from the Presidencies of Fort William, Fort Saint George and Bombay, respectively, did attempt to commit culpable homicide amounting to murder, by doing an act with such intention and under such circumstances that if he by that act had caused death, he would have been guilty of murder, that is to say, by discharging a loaded rifle at Corporal John Scott, or Police Inspector Walter James Hodges, with the intention of causing the death of one or the other, and that he has thereby committed an offence punishable under Section 307 of the Indian Penal Code.

2. That he, William Shelford, on or about the seventeenth day of July, one thousand eight hundred and seventy-five, at Port Blair, being then and there a soldier of Her Majesty's British Army serving in Her Majesty's dominions in India, at a distance of upwards of one hundred and twenty miles from the Presidencies of Fort William, Fort Saint George and Bombay, respectively, did attempt to commit culpable homicide amounting to murder, by doing an act with such intention and under such circumstances that if he by that act had caused death, he would have been guilty of murder, that is to say, by discharging a loaded rifle at Police Naigue Naran Singh, with the intention of causing his death, and that he has thereby committed an offence punishable under Section 307 of the Indian Penal Code.

The above being within the provisions of the Articles of War.

FINDING.

The Court find that the prisoner, No. 1752, Private William Shelford, of Her Majesty's 89th Regiment, is

Guilty of the first charge,

Not guilty of the second charge.

SENTENCE.

The Court sentence the prisoner, No. 1752, Private William Shelford, of Her Majesty's 89th Regiment, to suffer rigorous imprisonment for the term of three years.

RANGOON, 22nd December, 1875.

REVISED SENTENCE.

The Court having attentively considered the observations of the Revising Officer, and the whole of the Proceedings, do now respectfully adhere to their former sentence.

(Signed) J. T. DALYELL, Colonel,
1-21*st Fusiliers*, *President*.

RANGOON, 21st February, 1876.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 13th March, 1876.

REMARKS.

The prisoner may consider himself to have been dealt with leniently by the Court.

He left his barrack at night, in a state of intoxication, armed with his rifle and some rounds of ammunition. On being summoned to surrender by the party sent in pursuit, he sat down, and taking aim, fired. He then reloaded his rifle, and whilst he was being secured his rifle was again discharged.

It was the prisoner's good fortune—under God's providence—not to kill or harm any one by either of the shots, or he may have had to pay the penalty with his life.

All the prisoner can urge in his defence is, that he was drunk —that though drunk he was perfectly aware of what he was doing—that he had no ill will or wish to do injury to any one —and that having taken a dislike to Port Blair on landing, it often ran into his head to do some crime that should get him sent off.

Soldiers employed in the execution of their duty, or when off duty, are entitled to expect every possible protection against risk of injury arising from the illegal use of arms—and the soldier who threatens, or endangers, the life of another soldier, or any other person, by illegally using his arms, has forfeited his claim to consideration.

It will be well for the evil disposed and the thoughtless to pay attention to the wording of the charges—they will see that *any illegal use of arms* renders liability to trial for *murder*—though there be no proof of *malicious intent*.

Every man in his right senses must assent to the justice of such a law, otherwise no one's life would be protected against the wicked or reckless act of the reckless man.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 13th March, 1876.

The sentence is to be carried into effect under the orders of the Officer Commanding British Burmah Division.

The foregoing extract to be read to all European troops in the Madras Army.

By order of His Excellency the Commander-in-Chief,
ROB. C. STEWART, Brigadier-General,
Adjutant-General.

CHARGES.

1*st*.—Having, on or about the twenty-fifth of December, one thousand eight hundred and seventy-five, been drunk when on duty when employed as Hospital Orderly at Rangoon.

2*nd*.—Insubordination, accompanied with personal violence, in having, at Rangoon, on or about the twenty-fifth of December, one thousand eight hundred and seventy-five, struck with his clenched fist, on the face, Hospital Serjeant Acting Bombardier Joseph McDougall, No. 7 Battery 6th Brigade Royal Artillery, the said Acting Bombardier Joseph McDougall being his superior officer and being in the execution of his office.

FINDING.

The Court find that the prisoner, No. 1148, Gunner Joseph Knight, No. 5 Battery 5th Brigade Royal Artillery, is guilty of all the charges.

SENTENCE.

The Court sentence the prisoner, No. 1148, Gunner Joseph Knight, No. 5 Battery 5th Brigade Royal Artillery, to be imprisoned with hard labor for (336) three hundred and thirty-six days, to be fined one pound sterling (£1-0-0).

(Signed) R. C. BABINGTON, Colonel,
4th Regiment N. I., President

RANGOON, 13th March, 1876.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 18th April, 1876.

REMARKS.

The Court in awarding its sentence has been influenced by certain circumstances brought to their notice during the trial.

The prisoner, in his defence, pleads that even though he should be found guilty of the second or graver charge, he may be dealt with leniently because of those circumstances. But it is impossible to allow of any considerations, whether of general good character, or of faithful service rendered to a sick comrade, to count in mitigation of a sentence awarded *mainly* for personal violence towards a non-commissioned officer.

There can be no justification—there can be no leniency—for personal violence towards a superior officer.

The Court very properly confined itself to expressing an opinion upon the charges; but it is my duty to animadvert most strongly and to express my extreme displeasure at the conduct of Hospital Serjeant Acting Bombardier Joseph McDougall, No. 7 Battery 6th Brigade Royal Artillery, as brought to light in these proceedings: but for the Hospital Serjeant's misconduct, the prisoner probably would not have struck him.

Discipline requires that a blow given to a superior officer should never be forgiven—and this very necessity makes it the first duty of a non-commissioned officer to be always on his guard not to act in an aggravating manner towards those placed under his control.

It is proved that Hospital Serjeant Joseph McDougall had been drinking heavily in the morning of the 25th December, fortunately for him it is not proved that he was drunk when the affray took place in the hospital in the afternoon, between him and the prisoner, Gunner Joseph Knight, or I should have ordered him to be now brought to trial before a General Court Martial.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

The sentence is to be carried into effect under the orders of the Officer Commanding British Burmah Division.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
26th April, 1876.

At a General Court Martial, held at Kamptee, on the 29th day of March, 1876, Subadar Mahomed Cassim, of the 8th Regiment N. I., was arraigned on the following charge :—

CHARGE.

For conduct unbecoming his position and character as an officer in the following instances :—

1*st Instance.*—In having, at Sironcha, on or about the 26th of December, 1875, been in a state of intoxication at an opium shop.

2*nd Instance.*—In having, at Sironcha, on or about the 27th of December, 1875, been in a state of intoxication in the lines of the detachment of his regiment.

FINDING.

The Court find that the prisoner, Subadar Mahomed Cassim, of the 8th Regiment N. I., is guilty of the charge in both its instances.

SENTENCE.

The Court sentence the prisoner, Subadar Mahomed Cassim, of the 8th Regiment N. I., to be suspended from rank, pay and allowance for three calendar months.

(Signed) E. N. NORTON, Lieut.-Colonel,
22nd Regiment N. I., President.

KAMPTEE, 3rd April, 1876.

CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 15th April, 1876.

REMARKS.

The prisoner may consider himself to have been dealt with leniently by the Court. Had they awarded a much heavier sentence I should have confirmed it.

It is proved that the Subadar had to be brought back to the lines in a cart, because he was in a state of intoxication and unable to walk; also it is proved that because he was in a state of intoxication he was unable, after his being deposited at the lines, to exercise his authority, as in duty bound, to suppress a disturbance which was being created by a noisy troublesome sepoy of his regiment. Further that, from the same cause, he had to continue to sit upon the ground instead of taking his place, as his position required of him, on the Chubootra; and lastly, that being unable to raise himself from the ground, he was lifted up by a Naigue of the regiment, and had to be guided slowly towards his house.

It is impossible for the Native Officers of the Army to preserve the position assigned to them by Government, and for which they are well paid, unless they, by their own conduct, set a good example to their men; and Native Officers are warned that drunkenness is a grave crime, and that it shall be severely punished.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 15th April, 1876.

The period of suspension awarded Subadar Mahomed Cassim, of the 8th Regiment N. I., is to commence from the date of promulgation of this order at Kamptee, which is to be reported to the Adjutant-General.

The foregoing extract to be read to all Native troops in the Madras Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
8th May, 1876.

The following General Orders, by His Excellency the Commander-in-Chief in India, are republished :—

Adjutant-General's Office, Simla, 10th April, 1876.

In laying down the Chief Command of Her Majesty's Forces in India, and the Special Command-in-Chief of this Presidency, it is expedient to advert to the circumstances of importance which have affected the Army during the period of my command.

The improvements in artillery, and more especially in small arms, and the extension of the range of deadly fire, rendered necessary a change in the form of attack.

The Government of India liberally allowed the assemblage of troops on a large scale for manœuvres, during the years of 1871 and 1872; also, on a smaller scale, at Roorkee in 1873; and at Rawal Pindi, Umballa, and Peshawur in 1874; and, finally, at Delhi for the inspection of His Royal Highness the Prince of Wales.

These camps have afforded opportunities of practising on an extended field the new forms of attack, the principles of which were ordered by His Royal Highness Field Marshal the Duke of Cambridge. The army has adopted the change of tactics, with intelligence and alacrity, and will be found very handy for attack or defence in whatever form the nature of the enemy, the country, or circumstances, may demand.

The labour and exposure, entailed by the camps of exercise, have been met by the officers and men of all arms with the best and most soldierlike spirit.

It is highly satisfactory to note that the discipline of the army has improved.

One hundred and sixty cases of insubordination, which occurred in 1869-70, have been reduced to 49 cases in 1875. This reduction may be attributed in a considerable degree to attention paid to the rational employment and amusement of the soldiers, to the occupation given by the camps of exercise, to the greater comfort in barracks, and to the action of temperance societies. An

extension of all these points, for which there is ample room, will produce still better results.

A complete record of the offences committed by about 18,000 men in the last five years, shows that the number of Courts Martial annually has been reduced from 1,077 to 541. The offences of the temperance men compared with those of non-abstainers are as 1 to 40 nearly.

The progress of musketry instruction has been excellent, the figures of merit show great progress.

The native army has also been affected by many important changes.

The new forms of attack, the course of musketry, particularly when the native officers have been taught to aid in the training of the men; the system of schools, in which every man will learn to read and write his vernacular, and enough of English to enable him to communicate with his European comrades on outpost duties; these, together with the high standard of instruction of the young officers, are exercising a great and valuable influence in developing the intelligence and character of the native officers and men.

In musketry training the figures of merit give great promise.

The period of my command has been rendered memorable by the review of the troops at Delhi by Field Marshal His Royal Highness the Prince of Wales, and His Royal Highness' favourable opinion regarding their high state of discipline and efficiency.

The facts herein mentioned show that the army during the past six years has made a steady advance in all essential points. But, in congratulating it on this result, I would earnestly counsel all concerned to press on in the endeavour to improve, so that when the day of trial comes, that day for which the army has alone existed, its success may be complete, and be won with the least possible loss.

I would strongly advise the captains of companies more generally to identify themselves with the men of their own companies; to devote much of their time to their training, instruction, and amusement, so that a bond of union and confidence may always exist between them.

To the officers of the native army where they do not already follow the course advised, I would urge that they should lose no opportunity of studying the characters of their men, that they should carefully instruct their native officers, and, by associating them in all general plans of regimental administration, and by treating them with kindness and confidence, they should make them feel that their place is on the side of authority. The native officers and soldiers will never shrink from the strictest discipline provided their "*amour propre*" is respected.

I have to express my great obligations to the General Officers Commanding Divisions and Brigades for their endeavours to carry out my wishes in regard to the instruction and care of the portions of the army under their command.

Also to the Medical and Commissariat Departments for the efficient performance of their respective duties.

I cannot sufficiently express my obligations to the Adjutant-General, Major-General Lumsden, the QuarterMaster-General, Major-General Roberts, and their departments, and to my Military Secretary, Colonel Dillon. It would be impossible to enumerate the many occasions on which I have been indebted to them for their opinions or suggestions for the benefit of the army.

I am greatly indebted to the Judge Advocate-General, and his department. I have found Colonel Hatch a thoroughly sound and reliable legal adviser.

I am much indebted to Brigadier-General Gaye, Inspector-General, R.A., and to Colonel Arbuthnot, Deputy Adjutant-General, R.A., for their great assistance in all matters connected with their arm of the service.

The devotion of Colonel Gordon to musketry instruction, and the able manner in which he has conducted his office, has raised the shooting of the army to an unprecedented standard.

I am under deep obligations for their constant attention, to all my Personal Staff; the cordial support of these officers has rendered my duty easy.

I part from the army, with which I have been intimately associated during my military career, with the deepest regret. Its general conduct has been admirable. Its honour, its well being, and its success will ever be most dear to me.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
17*th May*, 1876.

The following General Orders, by His Excellency the Commander-in-Chief in India, are re-published :—

Adjutant-General's Office, Simla, 3rd April, 1876.

The Commander-in-Chief in India has much pleasure in publishing to the Army the result of the shooting of the British and Native troops for His Excellency's prizes :—

Two hundred and eighty-seven non-commissioned officers and men of the British Cavalry and Artillery, 2720 of the British Infantry, and 5856 men of the Native Infantry, competed for these prizes.

The results are, in the opinion of Lord Napier of Magdala, satisfactory.

His Lordship's congratulations are offered to—

The 2-1st "Royal Scots," on having won the Commander-in-Chief's cup, with a score of 514 points, the best aggregate score ever made by corps competing for this prize.

Sergeant T. Collins, 2-1st "Royal Scots," on having made the best score among all the competitors, 36 out of a possible 40 points, and on having won His Excellency's gold watch.

Private E. Dowie, 10th "Prince of Wales' Own" Hussars, on being the best shot in the Cavalry, and the winner of the Commander-in-Chief's prize sword.

Also to—

The 4th Goorkha regiment on having made the best aggregate score of the forty-seven regiments which competed for His Excellency's prize gold medal, and to Sepoy Kurbeer Thappa of that corps, the champion, on having won the medal with the very excellent score of 35 points.

His Lordship's approval is to be made known to the competitors generally in all regiments, particularly to the winning teams, of the 2-1st "Royal Scots" and 4th Goorkhas.

The sentence awarded 2nd-Class Hospital Assistant S. Y. REMARKS.

The Court did its duty in finding the prisoner guilty, and in sentencing him to be suspended from rank, pay and allowances for three months.

I remit the sentence because of the prisoner's previous good character, and because the exigencies of the public service had, for a period of many months, prevented his being granted leave notwithstanding severe family affliction.

At a General Court Martial, held at Fort Saint George, Madras, on the 24th day of June, 1876, No. 1107, Gunner Edmund Webster, No. 4 Battery 5th Brigade Royal Artillery, was arraigned on the following charges:—

CHARGES.

1*st.*—Insubordination, accompanied with personal violence, in having, at Saint Thomas' Mount, on or about the 9th May, 1876, broken away from the escort ordered to confine him, and having, then and there, struck with his clenched fist Acting Bombardier Henry Sears, of the same Battery, and used towards him insubordinate language, in substance and to the effect following, that is to say "you'll get me confined you * * * * * * , take that you sod," the said Acting Bombardier Henry Sears being his superior officer, and being in the execution of his office.

2*nd.*—In having, at the same place, and on or about the same date as specified in the first charge, been drunk.

3*rd.*—Having, at Saint Thomas' Mount, between the 6th and 10th of May, 1876, made away with the following articles of his kit, *viz.*, one cotton sheet and one comb.

4*th.*—Having, at Saint Thomas' Mount, between the 6th and 10th of May, 1876, lost by neglect the following articles of his kit, *viz.*, one cotton sheet and one comb.

5*th.*—Having, at Saint Thomas' Mount, between the 6th and 10th of May, 1876, sold the following articles of his kit, *viz.*, one cotton sheet and one comb.

FINDING.

Guilty of the first charge,
Guilty of the second charge,
Not guilty of the third charge,
Not guilty of the fourth charge,
Not guilty of the fifth charge.

SENTENCE.

The Court sentence the prisoner, No. 1107, Gunner Edmund Webster, No. 4 Battery 5th Brigade Royal Artillery, to suffer penal servitude for the term of five years.

(Signed) A. W. RITHERDON, Colonel,
10*th Regiment N. I., President.*

FORT ST. GEORGE, MADRAS, 12th July, 1876.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

OOTACAMUND, 15th July, 1876.

REMARKS.

I am not able to find anything in these proceedings to justify mercy being extended to the prisoner. His character is very bad. He has been already under trial eight times by Courts Martial for various grave military crimes; and in 1870 was convicted of insubordination in striking a Corporal—half his punishment for this offence was remitted; but in 1872 he was again brought to trial before a Detachment Court Martial, and in

1874 before a Garrison Court Martial. His name has been entered in the Battery Defaulters' book 24 times for drunkenness.

For so incorrigible a soldier five years' penal servitude and then discharge with ignominy from Her Majesty's Service is a proper punishment.

2. The conduct of Acting Bombardier Henry Sears in addressing or talking to the prisoner, after he (Gunner Webster) had been made a prisoner, was most unbecoming in him as a non-commissioned officer, and he is warned to be more careful in the discharge of his duties in future.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

OOTACAMUND, 15th July, 1876.

The Officer Commanding Centre District will cause the prisoner to be delivered over to the custody of the Civil Power.

The foregoing extract is to be read to all European Troops in the Madras Army.

By order of His Excellency the Commander-in-Chief,
ROB. C. STEWART, Brigadier-General,
Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
4th August, 1876.

The following General Orders, by His Excellency the Commander-in-Chief in India, are re-published :—

Head Quarters, Simla, 10th June, 1876.

His Excellency General Sir Frederick Paul Haines, K.C.B., is pleased to signify his intention of continuing the following prizes for rifle competition by regiments of British and Native Cavalry, batteries of Royal Artillery, and regiments of British and Native Infantry serving in the Bengal Presidency, heretofore annually presented by the Right Honorable Lord Napier of Magdala, G.C.B., G.C.S.I., his predecessor in command of the Army, and to publish the conditions thereof for the competition which will take place during the season 1876-77 :—

I. CARBINE PRIZE FOR ROYAL ARTILLERY AND BRITISH CAVALRY.

1. Prize—a sword, regulation pattern. The match to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission (and commanding officers are requested to place as few restrictions as possible on the number of competitors), will be eligible to enter for the first stage, on payment of one rupee each, and will fire five rounds each, unless they retire before completing that number, standing, at 200 yards.

Conditions :—First stage.

2. The twenty men of Cavalry regiments and five men in batteries of Artillery who make the highest scores at this distance, in each regiment or battery, will be considered as the champions, and they alone will compete in the second stage of the match, without paying any further entrance, and will fire five rounds each, standing, at 200 yards, and five rounds each, at 300 yards. The individual who makes the highest aggregate score at the two dis-

Second stage.

tances of the second stage will be the winner of the sword presented by His Excellency. The regiments and batteries competing will be placed in order of merit, according to the averages made in the second stage by their champions.

Individual money prizes.

3. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in order of merit, amongst the competitors in the second stage of the match, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend on the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the commanding officers of competing regiments, and batteries, as soon as the total number of entrances shall have been ascertained. The winner of the sword given by His Excellency the Commander-in-Chief will, in addition, receive the first money prize.

4. Garrison batteries of Royal Artillery may compete, either as Cavalry or as Infantry. If any battery competes as Infantry, it will be guided by the rules laid down for the competition of that branch.

II.—Carbine Prize for Native Cavalry, including the Madras Regiment at Saugor, the Punjab Frontier Force, and Regiments under the Government of India serving within the limits of the Bengal Presidency.

Prize, a sword.

Conditions—same as for British Cavalry.

Arms—breech or muzzle-loading as carried by regiment.

III.—British Infantry.

Infantry prizes.

1. *Aggregate prize*, a cup.
Individual prize, a watch.

The match to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission (and commanding officers are requested to place as few restrictions as possible on the number of competitors), will be eligible to enter for the first stage, on payment of one rupee each, and will fire five rounds each, unless they retire before completing that number at 500 yards.

Conditions :—First stage.

Second stage.

2. The twenty men who make the highest scores at this distance, in each regiment, will be considered the champions of their

regiment, and they alone will compete in the second stage of the match without paying any further entrance, and will fire five rounds each at 500 yards, and five rounds each at 600 yards. The highest aggregate score made by the twenty champions of any regiment or garrison battery, at the two distances of the second stage, to win the cup presented by Sir F. P. Haines, which will be regarded as regimental property, to be kept in the officers' mess.

3. The individual who makes the highest aggregate score in the second stage of the match will win the watch presented by His Excellency.

Individual money prizes.

4. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in the second stage of the match, in order of merit, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend upon the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the commanding officers of regiments competing, as soon as the total number of entrances is known. The first money prize will probably be 200 Rupees.

IV.—Native Infantry.

To all regiments of Native Infantry, serving in the Bengal Presidency, including the Madras regiments serving in the Presidency, and Saugor districts, the Punjab Frontier Force, and regiments under the Government of India serving within the limits of the Bengal Presidency, under the following conditions:—

1. *Prize.*—A gold medal with inscription.

This medal will, to commemorate the institution of rifle matches in the Native Army, by the Right Honorable Lord Napier of Magdala, be called "the Magdala Medal."

Conditions:—First stage.

2. The match to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission (and commanding officers are requested to place as few restrictions as possible on the number of competitors), will be eligible to enter for the first stage, on payment of four annas each, and will fire five rounds each, unless they retire before completing that number at 500 yards.

Second stage.

3. The twenty men who make the highest scores at this distance, in each regiment, will be considered the champions of their regiment, and they alone will compete in the second stage of the

match without paying any further entrance, and will fire five rounds each at 500 yards, and five rounds each at 600 yards. The individual who makes the highest aggregate score at the two distances of the second stage will be the winner of the gold medal presented by His Excellency.

4. The winning team will receive one hundred rupees, from His Excellency, to be divided among the non-commissioned officers and men composing it, proportionate to their several scores, according to a decision regimentally arrived at.

Individual money prizes.

5. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in the second stage of the match, in order of merit, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend upon the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the officers commanding regiments competing, as soon as the total number of entrances is known. The first money prize will probably be 40 rupees.

General Rules applicable both to the Cavalry and Infantry competitions.

1. The intention of His Excellency the Commander-in-Chief is that the whole army may share and be interested in these matches.

2. The entrances should not, therefore, be confined to regimentally selected men.

3. The award of prizes will be calculated thus:—suppose 5471 competed and 182 prizes given, the percentage of prizes to competitors will be 3·32, the number of individual prizes a regiment can gain will then be 3·32 of the number of its entries. This will be given according to scores, but after this proportion has been awarded, the men of such regiments will be passed over, and the money prizes awarded to men of regiments with more entries.

4. Every soldier who wishes to do so, and who, at the time of competition, is not on the defaulters' list, should have permission to enter for the first stage.

Date of competition.

5. The first stage (except in the case of corps on the line of march hereafter provided for) must be shot off during the month of December 1876, and the second stage on any day between the 26th of December 1876 and the 4th of January 1877, both

days inclusive. The practice of the second stage, once commenced, must be terminated on the day on which it was begun.

Corps marching.

6. In order to give corps, which will be on the line of march about the dates above specified, an opportunity to compete—and the Commander-in-Chief is anxious every regiment should have an equal chance—commanding officers are requested to address the Chief Inspector of Musketry, Simla, stating their wishes as to the date *prior to the* 26*th December* or *after the* 4*th January*, on which they wish to compete. The Chief Inspector of Musketry will communicate the Commander-in-Chief's wishes to the corps concerned. But in order to permit of the result of the match being ascertained early, the earliest possible date should be named.

7. When regiments are divided into wings or detachments, the second stage of the competition will take place, under regimental arrangements, at the station of the head quarters' wing only.

8. In these cases, the travelling expenses of such men as may be sent to head quarters to join the selected 20 champions may, in British regiments, be charged to the Canteen fund. In Native regiments it may be charged to the Lead and Cap Fund, provided the repair of ranges and appliances is duly secured.

9. *Arms.*—British corps will use the Snider rifle or carbine. Native Infantry regiments will in the second stage fire with Government Snider rifles only; regiments armed with the muzzle-loading rifle may use that weapon in the first stage if they so desire.

10. *Ammunition*—of Government issue only.

11. *Targets*—as per regulation for the season in question.

12. *Marking and Scoring*—Regulation.

13. *Position*—Any.

14. *Dress*—Any.

15. The Musketry Regulations, in regard to registers and all details not otherwise specified, are to be strictly followed. To give complete confidence to all, that the competition will be conducted with perfect fairness, the Commander-in-Chief wishes that in stations where two regiments are quartered together a committee should be formed for each corps, consisting of one Field Officer (if available, otherwise of the senior Captain present, instead), one Captain per regiment, and the Officer Instructor of Musketry, Wing Officer or Adjutant of the other regiment: for example, at Meerut, the committee of the 15th Hussars would be composed of one Field Officer and one Captain of the 15th Hussars, and the Musketry Instructor of the 2-60th Royal Rifles. The committee of the 2-60th Royal Rifles would

be composed of a Field Officer and Captain of that regiment, and of the Musketry Instructor of the Hussars. The committee of the 5th Regiment of Native Infantry would be composed of two officers of the 5th Regiment and the Musketry Instructor of the 2-60th Royal Rifles. The committee of the 23rd Pioneers at Jhelum would be composed of two officers of that regiment, and of a Wing Officer or Adjutant of the 22nd Punjaub Native Infantry. In stations, where only one regiment is quartered, the committe would consist of two officers of that corps and of an officer to be detailed by the officer commanding the division, district or station. The committee for a battery of Artillery would be composed of the two senior officers present with the battery, and of one officer of another regiment to be detailed by the officer commanding the division, district or station.

16. The presence of an officer of another regiment, or of the Staff Corps, at all stations, is compulsory, and should be early arranged for.

17. The committee for each regiment or battery should be present during the firing of the second stage only of the competition; they are to sign the practice registers at the conclusion of each distance; and send a certificate, according to the following form, to the Chief Inspector of Musketry, Simla, for the Commander-in-Chief's information.

18. The registers of both stages, and an order on the Simla Treasury for the total entrances, are likewise to be transmitted by each corps to the Chief Inspector of Musketry. The treasury order should follow as soon as possible after the registers, if it cannot be obtained in time to accompany them.

19. Particular attention is requested to the necessity for all remittances being made payable on Simla; as much inconvenience and loss to the fund are caused by Treasury orders, bank cheques and money orders being drawn on other stations.

20. No man is to be permitted to fire in the first stage until he has paid his entrance money.

Certificate.

We certify that we were present during the whole of the practice of the second stage of the competition for His Excellency the Commander-in-Chief's prize, by the——selected men of the ——regiment or battery; that we compared the registers with the target at the conclusion of the practice at each distance; that we added to, or deducted from, the total points of each register, any discrepancy that existed between target and register; and that we saw that the practice was conducted in strict accordance with

the conditions and rules of the match, and with the Musketry Regulations.

* * *

His Excellency the Commander-in-Chief, having taken into consideration the reports of the several Chief Civil Master Armorers, submitted by the Inspector-General of Ordnance and Magazines, on the necessity for adopting muzzle preservers for the use of the troops when cleaning rifles, so as to prevent the friction of the rods from injuring the grooving, together with the opinions of the officers commanding regiments thereon, is pleased to approve of a leather cylindrical cup, about 1½ inch long, to fit over the barrel, with a perforation at the base to admit the rod, being adopted regimentally for every soldier, Cavalry and Infantry, to aid in preventing damage to the rifles and carbines in cleaning, for which every regiment is responsible.

Such preservers have, in several corps, been made out of unserviceable leather belts, at a cost of about one or two pice each; when not in use, they can be carried in the pouches of the men.

Preservers which go inside the barrel, and wooden rods which could not be carried on service, are disapproved of.

The above will be entered as para. 360A, Appendix to British, and para. 475*a*, Native, Musketry Regulations.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
11*th September*, 1876.

The following General Orders, by His Excellency the Commander-in-Chief in India, are re-published :—

Head Quarters, Simla, 26th July, 1876.

1. The attention of officers commanding regiments of British Cavalry and Infantry is directed to Horse Guards' General Order No. 16 of 1876, and appendix thereto, which is made applicable to India, and is re-published below.

2. The following instructions are, with the sanction of Government, issued for the guidance of Armorers in marking targets with bull's-eye and centre lines, in accordance with that order :—

Mily. Dept. letter, 601S of 21st July, 1876.

1*st*.—Four sections or targets, forming a 1st class target, should be joined together on the ground, and the bull's-eye and centre circles described as per annexed diagram) with chalk or pencil.

2*nd*.—These circles or lines are to be cut in with a cold chisel, of convenient size, to the same depth as the squares already on the target.

3*rd*.—When the whole of the 8 targets are thus marked, the armorer will be paid 15 Rupees for the work on production of a certificate from the Executive Engineer, P. W. D., that the work is properly done and correct to diagram. The contingent bill to be sent to the Paymaster.

3. No alteration will be made during this season (1876-77) in the targets to be used by the Native troops.

Horse Guards' G. O. 16.—*Musketry Instruction.*

I. With a view of improving the system of musketry training in the army, and of developing the shooting powers of the soldier with the Martini-Henry rifle, the following alterations (Appendix B) in the course hitherto prescribed for the drilled soldier and recruit have been approved

II. The number of targets to be fired at by the several classes, in individual practice, the size of the bull's-eye and centre, which are to be circular in form (*vide* diagrams in Appendix), the distances to be fired at, the position and number of rounds at a distance, and the number of points to be obtained to pass from one class to another, and to qualify as a marksman, are to be as follows:—

DRILLED SOLDIERS.

Periods and Distances in each.	Position.	Numbers of rounds at each distance.	Points to be obtained in each class with the	
			Martini-Henry.	Snider.
	Yards			
1st Period ... 200 300	Standing. Kneeling.	10 10	40	40
2nd Period .. 500 600	Any.	10 10	40	30
3rd Period, 1st Class 700 800	Any.	10 10	*40	*25

* To qualify as marksman.

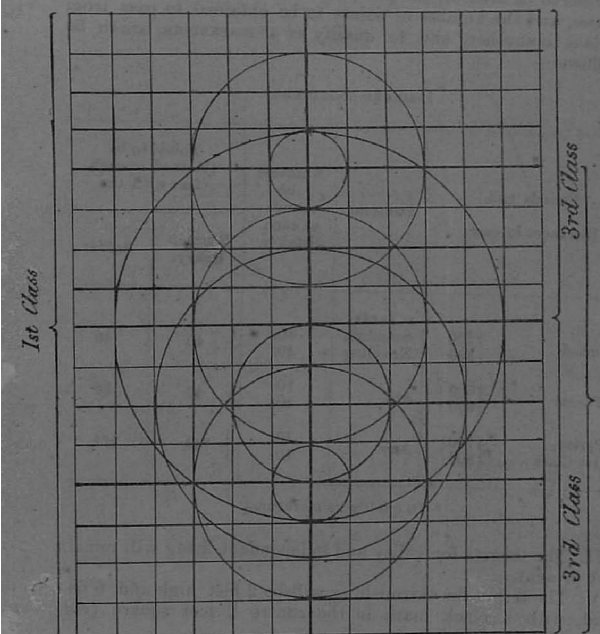

III. The targets for volley and independent firing will remain as at present.

IV. The target for skirmishing will be 2 feet high and 6 feet broad, with a black mark in the centre 2 feet square (*vide* Diagram).

V. The targets to be fired at by the recruit will be the same as for the drilled soldier; but the number of rounds at a distance, the distances to be fired at, and the number of points to be obtained in each class, will remain as at present laid down for each rifle.

Recruits.

(*Circulated with G. O. C. C. dated 26th July*, 1876.)
(*Madras G. O. C. C. dated 11th September*, 1876.)

VI. Recruits will not in future perform position drill in "Marching Order" or with "fixed bayonets."

VII. The number of points fixed as the value of the hits in each class, and in the volley, independent and skirmishing practices, will remain as at present.

Value of hits on Target.

VIII. Ricochet butts are to be abolished. A "ricochet" can be distinguished in the marker's butt by the sound it makes when passing through the air, and by the mark made on the target. The "marker" will therefore, in future, be held responsible that all ricochets are signalled in the usual way with the red or "danger" flag.

Ricochet Butts.

IX. The direction of misses may be shown, by special signal, instructions for which will shortly be published, and printed in a separate sheet for insertion in the "Rifle Exercises and Musketry Instruction;" and commanding officers will be held responsible that these instructions are strictly adhered to, more especially as to the marker not leaving his butt for this purpose.

Signalling misses, and the use of dummy targets.

X. The use of dummy targets, whereon to indicate the exact position of the hits on the target, is also sanctioned. The instructions in connection therewith are embodied in those for signalling misses.

XI. In consequence of the flat trajectory of the Martini-Henry rifle, judging distance practice for the drilled soldier will commence at 200 yards, and the following changes in the practice will take place:—

Judging Distance Practice.

Period.	Distance.	No. of answers in a period.	Value of answers.	Points to be obtained to pass into a higher class.
1st Period, 3rd Class.	Between 200 and 500 yards.	8	Within 15 yards, 2 points; within 30 yards, 1 point.	10
2nd Period, 2nd Class.	Between 505 and 900 yards.	8	Within 30 yards, 2 points; within 40 yards, 1 point.	10
3rd Period, 1st Class.	Between 200 and 900 yards.	8	Four distances at least to be over 500 yards.	

XII. No classification will take place until the end of the second period.

XIII. The order of merit will be determined by the highest aggregate scores obtained in the first, second, and third classes.

XIV. With a view to induce as much interest as possible being taken in this essential part of a soldier's training prizes will in future be issued for judging distance practice. The amount granted for good shooting rewards will be separated into distinct prizes for target and judging distance practice, and a judging distance qualification will no longer be required in order to obtain a prize for good shooting.

XV. In order that officers may be enabled to give their undivided attention to judging distance practice, and thus ensure its being conducted with fairness to all concerned, they will not, in future, be required to execute this practice with their companies, but at such other time during the annual course as the commanding officer may direct.

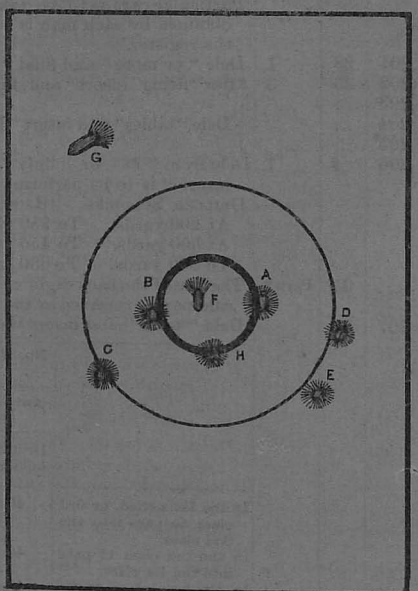

XVI. These alterations will take effect from the commencement of the annual course for 1876-7, and the "Rifle Exercises and Musketry Instruction" will be altered in accordance therewith.

Of the 5 marksmen in Horse and Field Batteries who practised with 9 Pdr. M. L. R. Guns and obtained a total of 48 points each :—

Serjeant Northcote wins the first place, by scoring it in 184 seconds.

Corporal Panton the second place by scoring it in 198 seconds.
Gunner Tyrrell the third place by scoring it in 209 seconds.
Serjeant Perry the fourth place by scoring it in 227 seconds, and Corporal O'Brien falls fifth by scoring it in 255 seconds.

Of the 2 marksmen who obtained 44 points each—Serjeant White wins the first place by scoring it 43 seconds sooner than Gunner Savage.

This is the second year in succession in which D Battery 20th Brigade Royal Artillery has maintained its position as the best shooting battery in this Presidency and with a higher score than last season ; and it is the only Battery in which the total points of the 10 marksmen have exceeded half the number obtainable.

Sir Neville Chamberlain is pleased to notice the marked improvement in this season's practice over that of last, and though (with two exceptions) the best shots of batteries have obtained points in excess of half the number obtainable by each competitor, yet His Excellency trusts that with sufficient

care the total number of points gained by the ten marksmen of Batteries will next year bear a higher proportion to the maximum number of points obtainable by each Battery.

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,
Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
20*th September*, 1876.

The Commander-in-Chief directs the publication of the Annual Musketry Returns of the British and Native troops serving in this Presidency for the course 1875-76, with the following remarks:—

Mean result of the shooting for the year 1875-76.

1. In both European and Native corps (Cavalry excepted) the mean results show a great improvement on that of the preceding year.

a. The European Infantry figure of merit is 8·30 and the Native Infantry 5·33 points better than in 1874-75.

b. The system having been changed with regard to the practice of Native Cavalry by doubling the mean figure of merit for 1874-75 it becomes 32·68 against 28·07 of this year, or 4·61 points less.

II. Under para. 227 Musketry Regulations for Native Troops, the undermentioned corps are considered to be classified as indifferent, *viz.*:—

41st, 38th, 32nd, 40th, 7th, 1st, 25th, 13th, 19th, 37th and 27th N. I.

III. The following regiments show a marked improvement on 1874-75:—The 76th, 67th and 1-21st Regiments of Foot, and the 24th, 23rd, 30th, 21st, 26th, 6th, 22nd, 4th, 8th and 19th Regiments N. I.

Target and Judging distance practices.

2. The target and judging distance practice has been generally carefully executed, excepting in the following corps in which certain companies, owing to the absence of ricochets in individual practice, forfeit good shooting rewards under para. 300 Musketry Regulations, Native Troops, *viz.*, 2nd, 4th, 8th, 17th, 27th, 32nd, 37th, 38th

and 41st Regiments N. I.; the total number of marksmen affected by this is 84,

also

the following companies forfeit rewards for irregularities in keeping the registers, *viz.*, F company Sappers and Miners, B and C 2nd, A and F 12th, E 19th, D 31st, D 32nd, and B 38th N. I.

Company Returns and Registers.

3. As a rule these documents have been fairly kept.

Annual Returns. Native Corps.

4. Sufficient care has not been evinced in the preparation of these most important returns by the Adjutants of corps generally, and His Excellency invites the attention of Commandants to this subject in view to their being prepared more carefully for the future.

Non-exercised Men.

5. The percentage of non-exercised men in target practice is 8 in European troops $\left(\frac{1874\text{-}5}{3}\right)$, and in Native Corps 5 $\left(\frac{1874\text{-}5}{2}\right)$.

6. Sir Neville Chamberlain has much pleasure in noticing the very great zeal and attention generally paid by all officers both European and Native corps in carrying out their arduous duties during the annual course of 1875-76, in this most important branch of the soldier's instruction.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
19th October, 1876.

Officers commanding divisions and districts will be pleased to assemble Invaliding Boards at stations within their respective commands occupied by European Troops, to examine all men whom it is proposed to invalid. The Deputy Surgeon-General, British Forces, or the Superintending Surgeon-Major of the Circle, will invariably sit as President.

2. Medical Boards, when invaliding men who have been enlisted in India and are not desirous of leaving the country, will refrain from recommending them to be sent to England.

3. These boards will assemble at all stations in the command, including hill depôts, between 1st and 31st December, 1876. At Wellington, a board will assemble for a second time if necessary, not later than the 15th January, 1877, and will be guided by the instructions laid down in G. O. C. C. dated 12th December, 1872, page 431. The exact dates will be fixed by officers commanding divisions and districts, in communication with the Administrative Medical Officer, British Forces, of the Circle, and should be made to correspond with the instructions for movement and embarkation received from the Quartermaster-General. Supplementary Invaliding Board should only be permitted in cases of proved emergency.

4. The divisional and district military and medical authorities will arrange for the examination of men on detachment, or of corps at out-stations.

5. Officers commanding detachments and convalescent and other depôts will place themselves in direct communication with the officers commanding the regiments of such men as may be invalided, with a view to ensure accuracy in their documents and accounts. This must be done in good time with a view to all claims and other matters being settled before the men leave the depôts, and the places at which the detachments may be stationed for the port of embarkation. The rule directing the settlement of all claims before the men leave their regiments applies equally to invalids from depôts and detachments.

6. W. O. Form 821A (for India only), "Return of Invalids," will be employed in the preparation of all nominal returns of invalids.

7. The medical officer in charge of a corps or battery, or of a convalescent depôt, will prepare this Return in duplicate, to be signed by the commanding officer and himself, and afterwards countersigned by the officer commanding the station and the Deputy Surgeon-General or Superintending Sugeon-Major of the Circle. One copy of the Return of Invalids, W. O. Form 821A (for India only), will be handed over to the medical officer proceeding in charge of the invalids to Deolalee. He will be careful to enter in this nominal list any changes that have occurred during the journey. This copy of the Return of Invalids will be delivered to the medical officer of the Deolalee depôt, and by him retained as a record as long as it may be considered necessary. The duplicate copy will be transferred by the President of the Invaliding Board to the regimental or depôt military authorities, for their information, and for despatch by post to Deolalee, as directed in the Discharge Order. This copy of the Return of Invalids will be retained by the Commandant of the Depôt until the close of the trooping season, and afterwards transferred to the Surgeon-General, Bombay, for record in his office.

In the case of invalids from Burmah the duplicate copy of W. O. Form 821A will be sent by post to the Commandant, Poonamallee Depot, with the other discharge documents. In addition to the above, no other Station Return of Invalids will be necessary.

8. The Commandant at Deolalee will cause a continuous Nominal Roll of Invalids, in duplicate, on W. O. Form 821A (for India only), to be made out for each troopship, corrected up to the latest moment. Both copies will be entrusted to the medical officer proceeding in charge of the troopship, for delivery to the principal medical officer at Netley, when the invalids reach that place. This Roll is the only nominal list of invalids which is required to be sent to England from this country.

9. The Detailed Medical History, W. O. Form 891, of every man invalided to England, will be made out by the regimental medical officer in duplicate (in the case of insanes in triplicate) and will be submitted to the Station Invaliding Board, who will ascertain that the information under each heading is complete, and, after filling in the remarks and finding, will countersign the return. The proceedings will thereafter be approved and signed by the Principal Medical Officer of the Circle. One copy, together with the Medical History Sheet, will be handed to the medical officer proceeding in charge of the party to Deolalee, for transfer to the medical officer of the depôt. These documents

will be afterwards entrusted to the medical officer proceeding to England in charge of the troopship* and will finally be handed over by him to the principal medical officer at Netley, along with the troopship Nominal Rolls alluded to in para. 8. The duplicate copy will be transferred to the officer commanding the regiment for attachment to the "Proceedings of the Regimental Board" (W. O. Form 83). In the case of invalids who are eligible under the regulations, and who may elect to proceed to the colonies or to remain in India, one copy only of the Detailed Medical History will be required for each man. This copy, signed by the board and by the Deputy Surgeon-General or Superintending Surgeon-Major of the Circle, will be forwarded, together with the man's Medical History Sheet, through the military authorities to officers commanding regiments, to be transmitted with the proceedings of Regimental Boards, &c., to the Adjutant-General's Office at Fort St. George.

10. The number of invalids, whom it may be proposed to bring before the annual invaliding committee from head quarters of corps and from detachments, will be intimated to the Surgeon-General, Fort St. George, (marked "Statistical") by the medical officers in charge. The numbers to be invalided from convalescent depôts, shown under each separate corps, will in like manner be communicated by the medical officers in charge of those depôts to the Surgeon-General, in order that the necessary invaliding forms may be sent to them direct.

11. The administrative medical officers presiding over divisional or district boards will be furnished with the general and other necessary returns, on application being made as directed above.

12. Further instructions for the guidance of divisional invaliding boards will be issued by the Surgeon-General, British Forces.

13. As soon as invaliding medical boards have completed their sittings, the administrative medical officer of the circle will prepare, in duplicate, a numerical return of the invalids, which he will forward to the General Officer commanding the division or district for early transmission to the Quartermaster-General of the Army, Fort St. George. Forms of this return will be supplied from the Surgeon-General's Office, Fort St. George.

14. Invalids who are so seriously ill as to be unable to embark or bear the voyage for which they were designated, will be detained at Deolalee until the sailing of the last troopship, and if the medical authorities then consider it absolutely necessary that

---

* It is of the greatest importance that all medical documents of invalids should be handed over to the medical officer in charge *immediately on embarkation.*

they should proceed to England by the Cape route, His Excellency the Commander-in-Chief of the Bombay Presidency will order passages in private vessels to be provided for them.

15. The invaliding of military insanes should be carried out by special medical boards assembled under the approval of the Surgeon-General, British Forces, and at as early a date before the commencement of the cold weather as possible, to enable provision to be made for their passages.

The invaliding documents of insanes should be forwarded to the Commandant, Colaba depôt, instead of being taken or sent on to Deolalee, as directed in the case of other invalids.

The certificates alluded to in G. O. C. C. No. 112, dated 15th December, 1873, p. 476, and No. 27, dated 12th March, 1875, page 39, will invariably accompany the insanes.

16. The instructions contained in the annual discharge order are to be followed so far as they apply to invalids; any subsidiary orders necessary in furtherance of the foregoing arrangements being issued by General Officers commanding divisions and districts.

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,
Adjutant-General.

INSTRUCTIONS

FOR THE PREPARATION OF

DISCHARGE DOCUMENTS OF BRITISH TROOPS.

---

1. To assist Commanding Officers in complying with the regulations of the service, and to draw attention to the points in which experience has shown that mistakes most frequently occur, a Schedule, drawn up in the form of a "Nominal Return," is attached. It prescribes the documents to be prepared for each man and for each party proceeding to the ports of embarkation, and the foot-notes indicate what papers are to be forwarded to the Adjutant-General's Office at Simla,(*a*) and to the regimental Depôt.

In forwarding to Head Quarters, for confirmation, the Discharge documents of men who have proceeded to the port of embarkation, the fact of their having left the regiment and the port to which they have gone, should be stated, in order that their parchment certificates may be sent accordingly.

2. The following sections and paragraphs of the Queen's Regulations are to be carefully consulted and followed, excepting in such matters as are specially provided for by local orders :—

Para. 151, Section 7.(*b*)	Para. 13, Section 20.(*c*)
,, 112, ,, 17.	,, 36, ,, 23.
,, 16, ,, 18.(*c*)	,, 38, ,, 23.
,, 20, ,, 18.	Section 20.

The War Office Forms named are invariably to be used, unless they have not been introduced, and are consequently not procurable. In the latter case a note to this effect must be made on the return sent.—No return is to be made out on less than a half-sheet of foolscap.

APPLICATIONS FOR DISCHARGE.

forwarded, as well as all subsequent correspondence on the subject, *direct* to the Officer in charge of the Adjutant-General's Office at Simla,(*a*) in the case of Cavalry and Infantry; and to the Deputy Adjutant-General, Royal Artillery, Simla,(*a*) in the case of Royal Artillery; except on the following conditions, when previous authority is dispensed with:—

I. Time-expired men (on termination of first or second period of limited engagement) proceeding to England.
II. Men invalided to England.
III. Men sentenced to discharge with ignominy.
IV. Time-expired men not entitled to pension, enlisted in India, and desirous of remaining in the country.

No soldier, for whose discharge special authority is required, is to be sent to the port of embarkation until such authority has been received.

4. In the case of discharges by purchase, if the application is not submitted in proper time, the men may be detained another season in India, as it may be too late to admit of the men reaching the port of embarkation before the 10th April 1877 (see G. O.(*b*) 215 of 1868).

5. Each class of discharge is to form the subject of a separate communication, both in applying for the discharge and in transmitting the discharge documents.

6. Applications for time-expired men or invalids to proceed to the colonies will be submitted in the form of a letter, stating the men's character and giving the information detailed in para. 13.(*c*) Applications in cases of men entitled to pension (whether permanent or temporary) desirous of remaining in India under G. O.(*d*) 95 of 1869 (also 287(*a*) of 1871) may likewise be submitted in the form of a letter. All other applications for discharge will be made in W. O. Form 732, and will contain the following information:—

1*st Page.*

7. A statement of service, to date of application, *in detail*, showing all variations of service, dates of re-engagement, volunteering, grant and loss of good conduct pay, transfers from other corps, &c. 8. In a note at the foot is to be stated the period of continuous service in India up to date of application. Soldiers who have not served three years in India, calculated from the date of their last arrival in the country, or who have not served three years after re-engagement, are debarred from indulgence discharge except in very special cases.

The warrant under which the soldier last engaged (whether it was enlistment, re-enlistment, or re-engagement) is to be stated.

2nd Page.

9. The several columns are to be accurately filled up, and the heading of column 5 altered when necessary.

N.B.—Commanding officers are requested, in forwarding applications for the discharge of soldiers during the second period of limited service, to alter the heading of column 5 on the 2nd page of W. O. Form 732, so as to show that the men understand that they cannot re-enter the Army.

10. The conditions of discharge are to be stated in the exact terms of the Queen's Regulations, para. 46, Section 20. The scale under which the soldier elects to be discharged is to be stated immediately after the amount he pays. (See Horse Guards' G. O. 31 of 1871, and paras. 19, 20 and 21, clause 63 of Army Circulars 1873, republished in G. O. (*b*) 257 of 1873.)

11. In case of a refund of volunteering bounty being necessary, under the provisions of clause VII, para. 2598 of the Bengal Army Regulations, a note of the amount is to be made under the conditions of discharge, and this sum is not to be included in the compensation required to be paid under Royal Warrant. The sum paid for discharge and any refund of volunteering bounty is to be credited to the Government of India, (G. O. (*c*) 293 of 1872.)

England or the colonies the port at which he will embark (see paras. 4 and 7 of the Discharge Order) should be stated.

13. In applications for indulgence discharge, it is to be stated—

I. Whether the soldier is under stoppage as a punishment or not (G. O.(*a*) 337 of 1871).

II. Whether the passage money lodged by applicants for purchase discharge has, on enquiry of the Deputy Assistant Quartermaster-General, Presidency District, or officer commanding Deolalee Depôt, been found sufficient both for the man and his family, if he has any.

III. And in cases of soldiers entitled to a free passage to England, and who wish to proceed to the colonies, whether any estimated excess of passage money (see para. 6 of the Discharge Order) is in possession of the applicant, besides a further sum of Rs. 50 to defray expenses on shore if detained at Galle, should he elect to proceed viâ Calcutta.(*b*)

The passage money should be sent to the Brigade-Major, Fort William,(*c*) or the Paymaster, Deolalee Depôt, as the case may be, on the day of the departure of the men from their corps, as also the amount of gratuity from the Fines for Drunkenness Fund, and the Savings Bank money (if any) of all men proceeding to the colonies.

14. If the applicant desires to remain in India, the nature of the situation obtained must be stated and a certificate from the person giving him employment appended. If the certificate of employment is conditional, it should be stated whether the soldier is in a position to fulfil the conditions. Soldiers before applying for discharge to remain in India should produce a guarantee of passage to England in case of loss of employment. (See G. O. 173 of 1868.) Madras G. O. C. C. 8th August, 1868, No. 97, p. 198.

This paragraph alludes to men not enlisted in India, whose residence in the country is contingent on the Commander-in-Chief's permission being obtained; but in the case of men entitled to a pension, and desirous of remaining in the country, under G. O.(*d*) 95 of 1869, the provisions of this paragraph would not apply. See G. O.(*e*) 287 of 1868.

15. When men who formerly belonged to the Indian Forces and have elected Indian pension rules apply for discharge to pension, a roll (see para. 8, Sec. 44, Part I, Bengal Military Regulations, edition of 1855,) is to accompany the application, and the election

II. The regiment or battalion to which the men were first attached, specifying whether they were transferred to it from the British Military Service and giving their regimental numbers.

III. The corps from which the men volunteered for general service.

16. Application for the discharge of a man for any other cause than his own request, or claim, is made in the special form (W. O. Form No. 432, see para. 58, Section 20, Queen's Regulations).

Application for the discharge of a man on the Unattached List is to be communicated by the department concerned to the officer commanding the regiment on the rolls of which he is borne as a supernumerary, who will *in all cases* forward the same, prepared in W. O. Form 732, to the Adjutant-General's Office at Simla, (*a*) where it is required by these instructions, and by para. 2548 of the Bengal Army Regulations.

BOARD'S PROCEEDINGS.

17. Regimental Discharge Boards will be assembled at such times as may be most convenient, but in cases where authority is necessary such authority must have been previously received.

Soldiers electing as above, will accordingly be required to sign a certificate to the following effect, which is to be made out on a separate half-sheet of paper and attached to the proceedings of the board:—

"I do hereby elect for passage to , and fully understand that if, after leaving India, I am desirous of returning to it, I shall have no claim to be conveyed at the charge of the State." (See G. O. 183 of 1869.) Madras G. O. C. C. 21st December, 1869, No. 167.

With reference to men enlisted in India under the Army Enlistment Act of 1870, this certificate is unnecessary, being already provided for in their attestation forms.

1st Page.

19. The regimental number of the soldier in each corps in which he has served is to be recorded at the head of the page in the third line.

The service entered in this page should be that towards good conduct pay and pension only. (G. O. 75 of 1866.) Madras G. O. C. C. 23rd May, 1866, No. 41, p. 119.

A separate statement of service in the East Indies is to be given. Such service should not be mixed up with *other* foreign service (G. O. 42 of 1874). Madras G. O. C. C. 18th April, 1874, No. 18, p. 107.

Service in the East Indies is to be reckoned in the manner laid down in G. O. 258 of 1874. Madras G. O. C. C. 22nd October, 1874, No. 97, p. 314.

Unattached List rank is to be shown in the board's proceeding (G. O. 4 of 1871). Madras G. O. C. C. 23rd March, 1871, No. 42, p. 85.

CONDITIONS OF DISCHARGE.

20. The conditions of discharge are to be accurately stated in the following terms according to the nature of the case. Inconvenience frequently arises from this statement being made in indefinite terms.

In the cases of men entitled to permanent pension, who are desirous of settling in the colonies, the right to gratuity as settlers is to be included in the specified conditions of discharge (clause 63, W. O. Circulars of 1873, para. 34, and para. 52, section 20, Queen's Regulations).

I. *Time-expired*—

1. In consequence of his having claimed it on termination of his first (or second) period of limited engagement.
2. In consequence of his being prevented by disability from re-engaging. (*a*)
3. In consequence of his limited service having expired [and being ineligible for re-engagement on account of his past conduct]. (*b*)

II. *Invalids and Insanes*—

In consequence of being found unfit for further service.

III. *By indulgence*(*c*)—

1. In consequence of his own request, on payment of £——(*d*) (authority dated———.)
2. In consequence of his own request, free, or with deferred pension, (authority dated———.)
3. In consequence of his own request, free with pension after ———years' service, (authority dated——.)

This last paragraph alludes to unlimited service men, and men who, though they have completed their time for pension, have not completed the period of their second engagement.

IV. *With Ignominy*—

In consequence of his being sentenced by a Court Martial to be discharged with ignominy in addition to a sentence of imprisonment or penal servitude (as the case may be).

(*a*) Men who are prevented by disability from re-engaging after two-thirds of their service, are not to be brought before a Medical Board, unless from their state of health they would have been invalided in the usual manner.

Men who present themselves for re-engagement and are not considered fit should therefore continue to serve until they are invalided as unfit for further service; or until their limited engagement is about to expire, in which latter case only they will do dealt with under paragraph 25, section 20 of the Queen's Regulations. The documents of such men when they elect for discharge in India, will be sent home as in the case of Invalids in like circumstances, and meanwhile the men will remain on the rolls of their regiments, drawing pay.

(*b*) The words in brackets to be omitted in the parchment certificate.

(*c*) An entry is to be made showing whether the soldier enlisted, re-enlisted or re-engaged prior or subsequent to the date of the promulgation of the Royal Warrant of the 23rd July 1864, or after the promulgation of the Royal Warrant dated 27th December 1870.

(*d*) This amount will be stated in British currency, and will not include passage money or any refund of volunteering bounty.

When received in India the purchase money is to be lodged with the Regimental Paymaster, and his receipt for the amount, in British currency, will be attached to the Board's proceedings.

V. *For Incorrigible Conduct*—

In consequence of his incorrigible conduct and worthless character, (authority dated ———.)

VI. *Penal Servitude*—

In consequence of his having been sentenced by a Court Martial (or by the Civil power) to penal servitude, (authority dated———.)

VII. *For any special purpose*—

The case of discharge to be distinctly given, (authority dated———.)

21. In the cases of men formerly of the Indian service who volunteered for general service, the pension rules for which they elected are to be stated immediately after the conditions of discharge, *whatever these may* be, in accordance with Adjutant-General's Circular No. 24, dated 23rd April 1863, p. 16 S. O.

Character and Conduct.

22. The character must be given under one of the following heads:—

Very good.	Indifferent.
Good.	Bad.
Fair.	Very bad.
Latterly good.	

N.B.—A soldier's character should be described as "Latterly good" when after a course of misconduct, he has, so to speak, reformed and has regained one good conduct badge.

23. The explanation of an "indifferent," "bad" or "very bad" character, recorded on the parchment certificate, is to be given here in red ink. (See Horse Guards' G. O. No. 34 of 1868.)

Good Conduct Badges.

24. To be recorded thus:—

His conduct has been ———, and he is in possession of——— good conduct badges;

Or—he is not in possession of any good conduct badges.

25. In the case of a Sergeant—

His conduct has been ——— and he was, (or was not) when promoted, in the possession of —— good conduct badges, and would, had he not been promoted, have been now in possession of ——— good conduct badges.

26. If a soldier is already in possession of one or more good conduct badges, and is within four months of being qualified for an additional one, a note is to be made of the circumstance at the foot of the page, with the date on which he will become entitled to such additional badge.

MEDALS.

27. The possession of any badges of merit or service medals is to be added. The description of the medals and clasps is to be given in full.

EXTRACT OF TRIALS.

28. Strict attention is to be paid to the marginal instructions. Extracts of trials and copies of convictions by civil power are to accompany the discharge documents of all men whose cases are submitted for the consideration of the Commissioners of Chelsea Hospital, *viz.*, in the case of invalids, men prevented by disability from re-engaging, and men entitled to pension (para. 15, sec. 20, Queen's Regulations.) In the cases of men of Royal Artillery the original Court Martial sheets should be attached to the discharge documents, and not the separate extract of charge, finding and sentence.

EDUCATIONAL CERTIFICATE.

29. The possession and the class, or the non-possession should be noted.

2ND PAGE, ACQUITTANCE CERTIFICATE.

30. All claims capable of adjustment are to be settled up to the date of the sitting of the Board, including bedding claims. (See para. 957 of the Bengal Army Regulations as revised by G. O. 73 of 1875.)

31. The actual date of settlement is to be invariably inserted. When the soldier is present, this date should be the same as the date of the sitting of the Board.

32. Other claims not capable of adjustment are to be entered on a *separate* sheet, and attached, together with the detailed statement regarding them, with which will be included copies of the correspondence.

DETAILED STATEMENT OF SERVICE.

33. This is to be a complete record of the soldier's service to the date of the board's sitting showing all variations of service,

promotions, reductions, grant, forfeiture and restoration of good conduct pay (in red ink), re-engagement, volunteering, transfer, periods of confinement, &c. The grant of the silver medal for long service and good conduct, with or without gratuity, or other badge of merit, is to be recorded here as well as on the first page.

34. In recording the service of men promoted to any rank above that of corporal, a note will be made of the dates on which their length of service would have entitled them to a grant of good conduct pay, had they been still in the rank and file.

Any alteration of figures in the Statement of Service must be made in red ink and initialed in red ink by the Commanding Officer.

35. In making up a soldier's service, particular attention is to be paid to Horse Guards' G. O. No. 63 of 1867, G. O. 232 of 1875. (Madras S. O. No. 106, dated 11th September 1875, p. 192.)

36. Former service forfeited by conviction of desertion counts towards limited engagement, but not towards good conduct pay and pension until formally restored under authority, received from the War Office.

37. Previous service under a former enlistment allowed under W. O. authority, counts towards good conduct pay and pension, but not towards completion of first term of limited engagement.

In every case in which a soldier has been permitted to reckon former service towards good conduct pay and pension a detailed statement of such service is to accompany the discharge documents.

38. The Horse Guards' or War Office authority for permission to reckon forfeited or former service must invariably be quoted.

39. Boon service under the 55th clause of the Mutiny Act must be entered in both columns; a note being attached to the entry to the first column in the case of the boon service on transfer from the H. E. I. C. S. to the Crown, intimating that it does not count towards *good conduct pay*.

40. Special forms of records of service for volunteers from the embodied Militia, Schoolmasters and Musketry Instructors, are given in War Office Circular No. 844, dated 23rd November 1863, published at page 228 S. O. 1865. (Madras G. O. G. 8th December, 1865, No. 429, p. 292).

41. In calculating a soldier's service the 29th February is computed as an extra day only in reckoning a broken period of a leap year, but in totalling the man's service these extra days must be cast out. Thus from 1st January 1848 to 31st December 1867, would be 20 years and not 20 years and five days.

3rd Page.

42. To be left blank in *all* cases of discharge with the exception noted in para. 43.

In the case of invalids and insanes proceeding home, a copy of the Soldier's "Detailed Medical History," supplemented by the opinion of the Medical Board, and approved by the Principal Medical Officer of the District, is to be attached.

The whole of the third page of the Board's proceedings to be left blank.

43. I. *Men prevented by disability from re-engaging.*

The medical report is only to be filled up by the Examining Surgeon, and countersigned by the Inspecting Medical Officer (Para. 25, Section 20, Queen's Regulations).

II. *Invalids for discharge in India or the Colonies.*

The medical report of the Examining Surgeon to be filled in and signed.

The opinion of the Inspecting Medical Officer to be filled in and signed.

The opinion of the Inspecting-General to be signed.

48. To be left blank in the cases of invalids and men entitled to permanent pension, and of men prevented by disability from re-engaging.

49. If the man does not appear before the board, the declaration will be attested by the officer (Departmental or otherwise) under whom he may be serving.

50. No part of the proceedings of the board is to be erased or scored through, excepting when specially directed or required by the context.

Soldiers, on signing their discharge documents, are to be informed that the enrolment of discharged men in the Army Reserve is suspended for the present. (Horse Guards' G. O. 12 of 1873.)

PARCHMENT CERTIFICATE.

51. Correct the notice on the back which is, for some cases, contrary to the provisions of Clause 109, W. O. Circular 1875, re-published in G. O.(*a*) 313 of 1875, and in the old form strike out the second sentence "discharged soldiers may join the Army of Reserve," &c., &c.

Extract from Attestation and Service.

52. To agree in all respects with the proceedings of the Board. The amount of service to be entered in pencil only. The service is to correspond with that shown at page 2 of the board's proceedings.

56. To be left blank. If the discharge takes place in India, the proceedings being confirmed at the Adjutant-General's Office in India, this date will be filled in by the officer who hands the parchment certificate to the man.

57. When the discharge is to be finally confirmed in India, a *black lead* pencil note will be made in the margin showing the date to which the service has been computed.

Character and Conduct.

58. To agree with that shown in the Board's Proceedings excepting when the man is not in possession of any good conduct badges. In this case the words "He is not in possession of any good conduct badges" will be omitted.

59. The bottom of the parchment certificate is not to be cut off, excepting where "ignominy," "incorrigible conduct," or "sentenced to penal servitude," or, on conviction for a felony, is the cause of discharge; but an explanation of a "bad," "indifferent" or "very bad" character is to be given. (See Horse Guards' G. O. 34 of 1868 and 8 of 1872.)

60. The possession of a certificate of education is to be entered, but the non-possession of such a certificate is not to be recorded here.

61. The grant of the silver medal for long service and good conduct, or other badge of merit, is to be recorded here.

62. The word "conduct" is to be prefixed to the character given.

63. The character recorded by the Commanding Officer must be that shown in the proceedings of the Board.

Should a Commanding Officer differ in opinion with a Discharge Board in regard to a soldier's character, he should refer the case for the decision of the General Officer commanding the station (G. O. 88 of 1873). Madras G. O. C. C. 12th May, 1873, No. 38, p. 181.

64. The certificate is to be signed by the Commanding Officer and is to be in his own handwriting.

65. No erasures can be permitted.

66. An entry will be made across the parchment certificate of every soldier discharged (otherwise than by purchase with permission to remain in India,) showing whether the individual is unmarried, or is married and has a family, giving details of the same.

67. To correspond with that given in the 4th page of the Board's Proceedings.

DEFAULTER SHEETS.

68. Whether Company or Regimental, to be superscribed with the number of the regiment or battery, and signed by *Commanding Officers*.

69. Service to be calculated to date of board-sitting, and signed by the Commanding Officer, Paymaster, and Adjutant.

71. Instructions for the preparation of this document are to be found in G. O. C. C. 13th July 1865, page 161 S. O. (Madras G. O. C. C. 12th August, 1865, No. 95, p. 179).

A detailed Medical History is required in the case of every Invalid or Insane.

LAST PAY CERTIFICATE (No. 1 REPORT).

72. In the cases of men proceeding by the Overland or by the Cape route, embarking at Bombay, each soldier's accounts are to be settled up to the named day of departure from Bombay, before leaving his regiment, in accordance with the instructions laid down under the head "General" at page 19 of this pamphlet. Two Last Pay Certificates are to be prepared; one on Bengal(*a*) Form 40, showing the date to which paid with the regiment and the sums advanced to date of embarkation, to be given to the officer commanding the party, and the other in W. O. Form 330A, which is to be sent by post to the Paymaster of the Depôt. Instructions for the preparation of the latter are contained in para. 75.

(*a*) Madras.

73. The date of embarkation will be the day following that on which the soldier is last rationed by the commissariat.

The Indian rates of pay are to be advanced to and for the dates on which soldiers received their last commissariat ration.

74. In the cases of men proceeding viâ Calcutta, the date of embarkation being unknown, they will be settled up with finally at Fort William,(*a*) in the manner heretofore obtaining, and regiments will use Bengal(*b*) Form No. 40 for their Last Pay Certificates for such men.

a The rates of pay are to be particularly specified, showing whether the man is in the first or second period of service. Care must be taken to distinguish between the balance of the accounts and the advances issued for pay.

b Charges *unavoidably* sent against men are to be forwarded separately, and not included as an advance of pay in the Last Pay Certificate.

c A notice is also to be sent to the Brigade-Major, Fort William,(*a*) of all advances of pay for men to whomsoever made, according to Bengal (*b*) Form No. 159; this Form is to be sent off when the advance is made, and if men are detached from their corps for any lengthened period, previous to reaching Fort William,(*a*) the advances should be noted to the Brigade-Major at the end of each month.

75. No man is on any account to be embarked for England without a No. 1 Report in W. O. Form 330A, and attention is called to the following points:—

a British, and not Indian, rate of pay is to be entered in the W. O. Form.

b Beer money is not to be included in the rate of pay, but must be kept separate and distinct.

c The names of men in receipt of "re-engaged pay" need not in future be separated from those of men in receipt of ordinary pay, nor will it be necessary that any separation should be made between men who have been enlisted for a brigade and those who have been enlisted for either of the battalions of a Brigade. All the names in each rank will be entered in one alphabetical roll for that rank, the necessary manuscript alterations being made in the various printed forms pending the issue of reprints.

d The first six columns of the W. O. Form 330A, No. 1 Report, will be filled up by the regiment, and the Paymaster of the Depôt will fill up the remaining columns and sign it, making in red ink any alteration necessary in the first six columns from changes after the men left their corps.

(*a*) Madras. (*b*) Poonamallee Depôt.

e An entry is to be made showing whether the men are in the Married Roll or not.

Care is to be taken that the report is complete in every particular, as complaints on this head have been received from home.

Clothing Compensation Returns.

76. To be prepared in accordance with the instructions contained in G. O.(*c*) 241 of 1872, and forwarded so as to reach the Examiner of Clothing Accounts a clear month before the date fixed for the embarkation of the men, in order to allow time for their verification in the Examiner's office, and for their transmission to the Deolalee Depôt a full fortnight before the men embark. (See G. O.(*d*) 256 of 1874.) Commanding officers will report to the officer commanding the Deolalee Depôt, when forwarding the other documents, (see para. 27 of the order,) that the instructions contained above have been complied with.

Reports from Deolalee make it apparent that the Examiner's verification is not always obtained as it should be, and that delay in forwarding the return to the depôt has occurred.

Savings Bank Balances.

77. To be transferred in accordance with G. O.(*e*) 321 of 1870.

A copy of the nominal list of depositors in the Savings Bank (Bengal Form 222) should be sent with each party or individual proceeding to England for discharge, as laid down in the schedule, whether they have any deposits in the savings bank or not, in the latter case a blank form should be submitted with the word "nil" entered in the money column.

78. A copy of these instructions will invariably be placed before discharge boards.

General.

1. The greatest attention must be paid by officers commanding detachments proceeding viâ Jubbulpore to the rule that Commanding Officers of regiments and batteries are to be furnished with monthly Muster Rolls of the men of such regiments and batteries; that the requisite Nominal Rolls are furnished at the time of embarkation to the officer superintending the embarkation; and that where casualties have occurred the

names of the individuals are removed by the officer commanding the detachment from the No. 1 Report, Bengal(*a*) Form No. 40, in his possession.

2. Officers commanding regiments and batteries, in calculating the amount required for their men, in Transfer Receipts on treasuries on the road to Bombay, by the officer commanding the detachment, will arrange so that cash payments can be made to the men about once a week.

3. The payments made on the road to the embarkation depôt are to be in the nature of daily payments only.

4. The whole balance of the advance furnished to officers proceeding in charge excepting such sum as they may wish to take in cash, and the sums included in the Transfer Receipts referred to in para. 2, will therefore be by Transfer Receipts, to be cashed at the embarkation depôts.

5. Separate Nominal Rolls of invalids and other men will be furnished by Commanding Officers of regiments and batteries to the officer under whose command the men proceed to ports of embarkation.

APPENDIX.

Section XI and Articles 245*a* and 354*a* and 354*b* of the Controller's "Instructions for the information and guidance of Paymasters of British troops in India," are re-published. It is to be noticed, with reference to para. 219 of those "Instructions," that the authorities to whom soldiers' discharge documents are handed on arrival in England will be found detailed in para. 112, Section 17 of the Queen's Regulations.

Section XI.

Invalids and Time-expired men embarking for England.

217. Invalids and time-expired men and their families quitting their regiments to embark for England are not to be struck off payment with their regiments until they actually embark. They must be settled with up to the day preceding their departure from their regiments.

218. The Ledger Sheet (W. O. Form 338,) given over to the Commanding Officer of the detachment for each man, should be of the full size and contain eight months' accounts. The heading must be correctly filled up with the man's name, number, and regiment, his daily rate of pay, good conduct pay, and good shooting pay, and whether in 1st or 2nd period of service.

(*a*) Madras.

The form for the 1st month in the Ledger Sheet should be filled up with the current month's accounts up to the date the man quits his corps. The items which will be to the credit of the soldier from the date of his quitting his regiment to the probable date of sailing must be entered in the following month's form. The same course must be followed with respect to the Ledger Sheets of men absent from their regiments, with depôts, sanitaria, &c., all necessary information being obtained from the Commanding Officer or Paymaster of the soldiers' regiments.

219. Two forms of No. 1 Report must be prepared with the regiment. The Bengal Form 40 (*a*) will show the date up to which the man is paid with the regiment, and the advances up to the intended date of embarkation, the periods being specified in the column of Remarks. This form is to be made over to the officer commanding the detachment, together with the Ledger Sheet of the man, to be delivered to the Paymaster of the Embarkation Depôt. The War Office Form 330 of No. 1 Report is also to have the first six columns completed by the regimental Paymaster, and to be forwarded to the Paymaster of the Embarkation Depôt, who, when the detachment is about to embark, will complete the remaining columns, making, in red ink, any alterations in the entries in the first six columns, which may be necessary from changes after the men left their regiments, and sign it. This Form is to be made over to the officer commanding the detachment, to deliver together, with the Ledger Sheets brought from the regiments, to the Paymaster of the Depôt in England.

220. The accounts of the men having been made up and credited with all items of pay, &c., to the anticipated date of sailing of the troop-ship in which they are to proceed, the Paymaster will be informed by the Commanding Officer of the regiment what amount will be required in cash on quitting the regiment, and in remittance transfer receipts at any halting places *en route*, and at the port of embarkation. The amount required to pay up the men to the probable date of embarkation will be considered as advanced by the Paymaster until it can eventually be charged off, and must be included in the balance due by him in the General State, and shown in Bengal Form 167, when the total sum due exceeds the authorised limit.

221. On receiving intimation of the sum to be paid in cash to the officer appointed to command, and the amount required at places *en route*, the Paymaster must apply to the treasury officer for Remittance Transfer Receipts on the treasuries at the several places specified, and for the balance on the treasury at the port of embarkation or station where the detachment is to halt, to prepare for embarkation.

(*a*) Madras.

222. The officer commanding the detachment will have to adjust all small debts due by the men *en route*, from the advance received, and enter the same with the other debits in the daily Pay Sheet ; and he must fill up monthly in the Ledger Sheets all the Dr. entries, including any forfeiture of the pay, good conduct pay, &c., already credited to the soldier for hospital stoppages, &c.

223. He must also credit in the Ledger Sheet the allowance of 4 annas authorised on Christmas Day, New Year's Day, and the Queen's Birth Day, respectively, which may have become due prior to embarkation. On closing the Ledger Sheets for Indian rates of pay to date of embarkation, which is always the day following the last day on which the man is rationed according to the Indian scale, any debits and credits under or in excess of the sums shown in the Bengal(*a*) Form 40 of No. 1 report as advanced, must be entered in red ink. Should the money in the hands of the officer commanding be insufficient to meet the credits due to the men, the Paymaster of the Depôt, on receiving previous authority from the Regimental Paymaster, must advance the amount required. Should there be any surplus in the hands of the officer commanding the detachment, it is to be made over to the Paymaster of the Depôt, who will grant a receipt of the amount to credit of the Regimental Paymaster.

224. The officer commanding the detachment will be responsible for the amount delivered over to him in cash and transfer receipts, until he accounts direct to the Commanding Officer of the regiment for its disbursement, and furnishes the Muster Rolls and returns on which the amount can be charged off by the Paymaster in the Regimental Pay Lists.

225. On the 1st of each month the officer commanding must forward to his Commanding Officer a Muster Roll in Bengal Form 20 ; and on the day of embarkation he must forward to his Commanding Officer, through the officer superintending the embarkation, a nominal list of the men actually embarked, and another list accounting for each man who quitted his regiment with the party, and who has not embarked, whether deceased, left in hospital *en route*, or transferred to a depôt, &c., and specifying the date of casualty and full particulars.

226. The cash required by the officer commanding to settle up the men's accounts to the date of embarkation can be obtained only from the Regimental Commanding Officer, and advances from Paymasters of depôts, and of other regiments on this account are strictly prohibited, unless at the request of the

Paymaster of the regiment to which the men belong. The Paymaster must in all cases arrange with the Paymaster of the Embarkation Depôt to advance the sum required to adjust the debits and credits shown in the Ledger Sheets to the date of embarkation, and repay the amount without delay.

227. If a detachment is likely to be delayed for a considerable time, the Commanding Officer should apply for a further advance to the Commanding Officer of his regiment; who, if he thinks an advance necessary, must instruct the Paymaster of his regiment to remit a stated amount at once by a remittance transfer receipt, or to write, or in case of urgency to telegraph, to the Paymaster of the Embarkation Depôt, or Paymaster of a regiment, where the detachment may be halted, to advance the amount, the adjustment being made by the Paymaster of the soldier's regiment, who, on receipt of the third copy of the receipt of the officer commanding the detachment, will remit the amount to the advancing Paymaster.

228. The Bengal Form No. 1 Report of each detachment, after having entered on it the date to which the men are settled with, is to be returned to the Regimental Paymaster by the Paymaster of the Embarkation Depôt, accompanied by a statement which will be prepared by the officer commanding the detachment showing the debits and credits up to date of embarkation entered in each man's Ledger Sheet, and a statement of the advance made to, or amount received from, the officer commanding the detachment.

229. In the case of soldiers being detained for any reason with an Embarkation Depôt or with a regiment, the commanding officer must make over the accounts and balances due to the men up to the original date fixed for their embarkation, and the paymaster of the depôt or regiment must make such advances as may be necessary to settle the men's accounts up to the date on which they eventually embark. All such advances must be settled with the Paymaster of the soldier's regiment, to whom a Muster Roll should be forwarded on the 1st of each month, and on the date of embarkation. For all men so detained a fresh No. 1 Report must be issued by the Paymaster of the depôt or regiment, to accompany the soldier to England.

230. Commanding officers and Paymasters should give full instructions in writing to the officer proceeding in charge of the party, to insure the submission of a proper account of the amount made over to pay up the detachment, and the speedy adjustment of the advances, which must be charged off monthly to the extent the Muster Rolls, to be forwarded by the commanding officer, will admit.

231. The final embarkation list will enable pay for any additional days to be charged at once, and the sums which may be due on this account must be remitted to England in the Casualty Return of the month, and notice must be sent to the commanding officer of the depôt of the regiment of the amount remitted, and of the sum due to each man.

232. Advances of pay for the voyage are not to be made to detachments of troops returning to England; on arrival they will be settled with, for the period of the voyage by the War Office, the disbursement on account being charged to Indian revenues.

233. In order to ensure prompt settlement of claims against the men at the port of disembarkation in England, on account of any loss or damage of ships' stores, &c. the officer in command of the detachment, if not in possession of sufficient public money, will be provided with the necessary funds by an Accountant on the spot, the recoveries from the men of the sums paid on their behalf being made by the War Office.

Pay of soldiers discharged with ignominy.

245*a*. A soldier sentenced to be discharged with ignominy is, while undergoing imprisonment, to be subsisted under prison rules, a sum equal to the pay of a private being charged in the pay list of the regiment to which he belonged. After the period of imprisonment has expired, the man is to be subsisted by the issue of rations in kind, with the grant of an allowance of 2 annas a day, up to the date preceding his embarkation, to cover incidental charges for cooking, washing, &c., the amount to be defrayed from the prison fund accounts, and payment made under regimental arrangements.

Pay of insane soldiers.

354*a*. The rule under which the pay of European soldiers confined in a lunatic asylum is billed for monthly by the brigade-major at the presidency, is in future to be applied only to the cases of men who may become insane while in staff employ.

354*b*. The pay of insane soldiers of regiments, brigades and batteries, while confined in a lunatic asylum in this country and up to the date of their embarkation for England, is to be drawn in the general state of the regiments or batteries to which they belong, as in the case of invalids and time-expired men (Art. 217). Of the amount so drawn, the sum of Rs. 12 a month, for their maintenance in the asylum, is to be debited in the general

state for credit to the Civil Department, the balance only being placed to the credit of the men, to be disposed of as directed in *Act No. XIV of* 1873 (G. O.(*a*) 66 of 1874).

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,
Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
24th October, 1876.

The following General Orders, by His Excellency the Commander-in-Chief in India, are republished :—

Head Quarters, Simla, 20th September, 1876.

1. The following instructions regarding the discharge of soldiers of the British Forces, and the preparation of their discharge documents, are published for information and guidance in the approaching discharge season. A copy will be placed before all Discharge Boards.

Commanding Officers should recollect that unless the documents of men for transfer to England are sent to the Deolalee Depôt complete in every respect—and attention to these instructions will ensure that object—the men cannot be embarked.

2. The embarkation of all soldiers for discharge out of India will be effected between the 7th November current and the 10th April, 1877, and no soldier is to be despatched from his regiment unless he can reach the port of embarkation by the latter date.

3. All men excepting insanes, for whom separate rules are laid down in para. 9, not provided for in the troopship's distribution statement prepared by the Quartermaster-General, whose destination is the United Kingdom, and who are entitled to a passage at the public expense, will be sent to (*a*)

4. All men entitled to free passage, destined for the Mauritius or Cape of Good Hope, must be despatched to the Deolalee depôt to embark in private vessels from Bombay. Men proceeding to other colonies will be sent either to Calcutta (*b*) or Deolalee

as may be most convenient, but in every instance they should not leave their regiments until the Transport authorities at Bombay or Calcutta (*a*) (as the case may be) have notified that they are prepared to receive them.

Note.—The object of the reference is to provide against men whose service must expire before they are embarked, or for whom passages cannot be readily found, being detained at the depôts for unnecessarily long periods.

Officers commanding regiments should forward without delay to the Transport authorities concerned a return of men for whom passage will be required, naming the probable date.

5. Men proceeding to the Colonies *viâ* Calcutta (*a*) should be informed, before leaving their regiments, that they have to defray their own expenses on shore at Galle, where they are sometimes detained ten or twelve days when proceeding by the steamers of the P. and O. Company.

It frequently happens that men arrive at Calcutta, (*a*) both unacquainted with and unprepared for this charge.

6. The amount allowed by Government for passage to the colonies is the *bonâ fide* cost of passages for themselves and families from either of the Presidency towns, as may be most convenient to the colony or port nearest to the colony to which they elect to proceed, provided the amount of such passage does not exceed, for the soldier Rs. 300, for his wife Rs. 300, for each child above 1 year of age Rs 150, (G. O. 339 (*b*) of 1868, and 5 (*c*) of 1875.) The following is the scale of charges for passage by the P. and O. Company's steamers to various ports in the colonies; sums over Rs. 300 are charged in English money at current rate of exchange :—

	From Calcutta.	From Bombay.
King George's Sound	Rs. 250	200

The passage money 2nd class from Melbourne to the different ports in New Zealand is £6-10.

(*c*) Madras S. O. No. 28, dated 13th March, 1875, p. 49.

Except, therefore, in the cases of men proceeding to the three first-named places, the excess passage money required should be remitted either to the Brigade-Major, Fort William, (*d*) or the Paymaster Deolalee depôt, as the case may be. See clause III, para. 13 of the instructions annexed.

When men entitled to free passage proceeding to the colonies cannot be furnished with passage for the entire distance, passage to the farthest possible point *en route* may be furnished, and any unexpended balance of the prescribed passage money within the maximum laid down as above, may, at the discretion of the officer commanding at the port of embarkation, be made over to them to enable them to pay for their onward passage.

7. Men who pay their own passage to England or the colonies may be sent either to Calcutta (*e*) or Deolalee for embarkation, previous notification being made to the General Officer commanding the Presidency district, or the Officer commanding the Deolalee depôt as directed above.

8. Soldiers, not enlisted in India, who have been sentenced to discharge with ignominy, and whose term of imprisonment is expired, will be sent to Deolalee for embarkation in the troopships; but prisoners (not enlisted in India) invalided by a medical board, must be sent home by the same route, irrespective of the fact of their terms of imprisonment not having been completed.

Rules regarding the kits of such men will be found in paras. 1719 and 1720 of the Bengal Army Regulations. (Madras G. O. C. C., No. 87, dated 4th August, 1871, p. 231).

9. All insane soldiers requiring passage to England, and who are allotted to particular troopships in the annual embarkation programme, prepared by the Quartermaster-General, will be sent under local arrangements for their care and attendance, with the time-expired men or invalids from their stations to Allahabad, (*f*) timely notice of the intended despatch being given.

The discharge and other documents of insanes, except the certificates * required as detailed in G. O. (*g*) 357 of 1873, (which will *invariably* accompany them,) will be sent *direct* to the Commandant Colaba Depôt, and of which certificate A should be signed by two medical officers.

When it may be necessary to send to England during the trooping season, insane soldiers or soldiers' wives, for whom

provision has not been made in the programme, an application for the provision of a passage, accompanied by the ordinary and confidential returns of the insane, should be forwarded to the General Officer Commanding Allahabad division,† who will, after communicating with the Transport authorities at Bombay, regarding accommodation in the Colaba Asylum and the troop-ship in which they can proceed, intimate at what time and in what manner they should be sent to Allahabad.

In cases in which insanity declares itself so near to the trooping season that the retention of insanes, especially if harmless, up-country, may not only be feasible, but preferable to a long journey to the Bhowanipore (*a*) Asylum, it will rest entirely with the local medical authorities, in communication with the Surgeon-General, British Forces, to decide on the advisability of adopting the former or latter course.

The kits of insanes sent to the Colaba depôt are to be forwarded to the Commandant for the use of the men when embarked for England. The kits of insanes sent to Bhowanipore (*a*) are to be handed over to the escort for delivery to the Brigade-Major at Fort William (*b*). The discharge documents of such men should also in like manner be forwarded to the Brigade-Major (*c*) (* * * * * * * * * *,) likewise their No. 1 Reports (* * * * * * * * *,) completed as far as directed in para. 75 of the Instructions attached to this order, but the balances of pay due to them are to be dealt with as directed in the Controller's "Instructions" to Paymasters, para. 354, Section XXI, *viz.*, remitted to England by the Paymasters of regiments, to whom the Brigade-Major (*c*) will send any further sum that may accrue up to date of embarkation.

10. Documents connected with insane soldiers should be endosed with the word "insane" in red ink on the upper right-hand corner.

N. B.—Attention is directed to G. O. (*d*) 355 of 1873.

11. All men for embarkation for England, whose period of service will be completed before the 13th May 1877, may be forwarded to Deolalee, and may be embarked before their term of service has actually expired; but if proceeding to the colonies, they must complete their term in this country, their final dis-

charge being effected at Bombay or Fort William (*e*) (see para. 4) before they leave India.

Note.—Men who have completed their second term of service but who have not completed 21 years' service for pension, should not be sent to England; such men should, unless there are special reasons to the contrary, be permitted to continue in the service for such period as will entitle them to a pension on discharge.

12. In the same manner, men who will become eligible for a free discharge before 13th May 1877, the requisite authority for discharge having been obtained, may, *if necessary*, be embarked *for England* before the time entitling them to a free discharge is actually completed, but as a rule such term should have expired before embarkation, as the loss of a good conduct badge may cause them to forfeit their title at the last moment. These men should not be sent down to the port of embarkation till their time is nearly completed, to obviate their detention at the Deolalee depôt. In the case of men who will become eligible for free discharge late in the season, the prospective authority is necessarily conditional on the soldier conducting himself properly, and thus fulfilling the conditions of discharge. Commanding officers of regiments and depôts are authorized to detain men who, by the loss of a badge, or by not obtaining one, are ineligible for the free discharge which has been sanctioned. In such cases a report will be made to the Adjutant-General's Office, Simla, (*e*) in order that the authority may be cancelled.

13. Detachments proceeding to ports of embarkation will be officered in the manner laid down in para. 2279, Bengal Army Regulations. Officers shall be provided with a copy of the Division or District Order appointing them to the charge of duty with detachments to enable them to settle their accounts at Deolalee. Attention is drawn to G. O.† 232 of 1874, (para. 36A, Transport Regulations, part II,) regarding the provision of medical attendants for parties of troops.

14. The officers commanding the various parties will report to the Assistant Adjutant-General of the Division, or Brigade-Major of the District, for record in those offices, their having received over from the several regiments, the whole of the documents, balances due, &c. &c.

15. Officers commanding parties will receive special instructions in writing from the officers commanding the divisions and districts from which they start, to furnish—

16. Pay transactions of detachments for Bombay will be conducted in accordance with the instructions given under the head "General" in the Instructions for preparation of Discharge Documents, (see p. of those Instructions,) and in Section XI of the Controller's "Instructions for the information and guidance of Paymasters of British troops in India" (copy attached). Separate Nominal Rolls of Invalids and other men will be furnished by Commanding Officers of regiments and batteries to officers commanding detachments, and Commanding Officers will give full information in writing to those officers to insure the submission of a proper account of the money made over to them.

All punishments affecting the soldier's pay will be notified in detachment orders, and all losses of good conduct pay will be noted in Bengal (*a*) Form No. 40. On arrival at Deolalee, Commanding Officers will render a report to the Depôt Paymaster of all casualties which may have occurred since the commencement of the march.

Particular attention is directed to the necessity of sending the proper advances of pay with the men, as complaints have been received from Deolalee on the subject.

18. To ensure regularity in the arrival and departure of detachments, and to prevent clashing at the camps, all movements of troops by railway or bullock train, whether of regiments or detachments, are to be carried out in accordance with the instructions issued by the Quarter Master General, after due communication between officers commanding divisions and districts, and the responsibility of collisions at Resting Camps will rest with despatching officers.

(*a*.) Madras.

19. Timely notice of all movements of troops by rail or bullock train, either up or down the line, giving the date and hour of arrival at each camp, is to be given by the officer commanding the division from which the detachments start, to the divisions through which they will pass, and that to which they are proceeding, in view to the necessary arrangements being made for their reception and onward progress.

20. All subsidiary orders in furtherance of the arrangements specified in paras. 17 and 18 are to be given by officers commanding divisions and districts, who are desired to communicate freely with each other in regard to details.

21. General officers commanding divisions and districts are reminded of the necessity of filling in and returning, three weeks before the departure from Bombay of the troopships which will convey troops from their respective commands, the detailed Return on W. O. Form 173, copies of which will be furnished to them by the General Officer commanding the

22. Time-expired men and others (except prisoners) arriving at home for discharge will be disposed of as follows :—

Royal Artillery { Non-commissioned officers and men from Garrison Brigades to be sent to Sheerness. Ditto from Horse and Field Brigades to Woolwhich.

Royal Engineers to be sent to Chatham.
Cavalry and Line to be sent to Netley.
All invalids will be sent to Netley hospital.

It is of the utmost importance that men should arrive at home with their documents in such a complete state as to obviate delay in effecting their discharges at these depôts. Excepting in the case of prisoners sent to England under the provisions of G. O. (*c*) 319 of 1874, (whose discharge papers as laid down in the schedule should be sent one month *before* the expiration of their imprisonment, to the Adjutant-General's Office, Simla, (*d*) G. O. 363 (*d*) of 1875, for transmission to Horse Guards.) The documents of all men sent home for discharge with ignominy or as bad characters, whose term of imprisonment has expired, should be made over to the officer commanding the party for delivery to the General or other Officer commanding at the port of disembarkation in view to carrying out the discharge of these men.

23. To prevent confusion the documents of invalids and time-expired men must never, if it can be avoided, be given into the

(*c*.) Madras G. O. C. C. 18th December, 1874, No. 121, p. 390.

custody of the same officer; the two classes of documents should be kept distinct.

24. All claims of men for discharge must be investigated, and, if possible, settled, before the men leave their regiments. If settlement is impracticable, the fullest particulars of the case must be transmitted with them, and reference made to the proper quarter. No claims can be entertained at the embarkation depôts, unless they have been previously preferred at the head quarters of regiments, or have arisen after departure from the regiments.

N.B.—Complaints have been received that soldiers for discharge at the port of embarkation have been sent thither without the amount of gratuity due to them from the Fines for Drunkenness Fund having been remitted for payment to them there. Particular attention should be paid to this matter, as the omission often leads to the detention of men.

25. The discharge documents, with exception of the Company Defaulter Sheets, Medical History Sheets, Ledger Sheets (W. O. Form 338,) and No. 1 Report (Bengal (*b*) Form No. 40) of men proceeding to the ports of embarkation, will be dispatched, (*by post, and packed in wax cloth,*) to the depôts direct from the regiment, addressed to the Commandant (*c*) or Paymaster as indicated in the schedule. These packets must be despatched in time to ensure their arrival at the Depôts *at least* a week before the men themselves, so as to admit of examination (and return to corps for correction, if requisite) before the men embark. The No. 1 Report, as above, Ledger Sheets, *Company* Defaulter Sheets and Medical History Sheets* will invariably accompany the men, and be handed to the officers in military and medical charge respectively, except in the cases of Invalids proceeding to the Cape or Mauritius, whose Medical History Sheets and detailed Medical Histories are to be sent with the proceedings of Boards to the Adjutant-General's Office, Simla.(*f*) (Horse Guards' G. O. 45 of 1872.)

26. In the case of men at convalescent depôts, any documents requiring the soldier's signature will be forwarded for that purpose by the regiment, and will be returned to the regiment, for despatch to the embarkation depôt, as soon as a report is received from the convalescent depôt of the soldier's departure to the port of embarkation.

Commanding Officers of regiments moving in relief must keep Commandants of convalescent depôts and the Officer Commanding the Deolalee depôt, informed of their movements by sending a copy of their route. In

past seasons, for want of this advice, Commandants of convalescent depôts were unable to notify to regiments the departure of men to the port of embarkation, and men consequently arrived at Deolalee without their records.

27. Each packet containing documents sent by post is to be registered, and a list of enclosures (in duplicate) put up in the packet. When compared and checked with the documents received, one copy of the list will be returned to the corps, duly receipted by the Officer commanding the embarkation depôt, who will retain the other copy as a record.

28. The list above referred to is to record the documents in the same order in which they are placed in the Schedule attached to the instructions issued with this order, and the documents of *each man* are to be stitched together in the upper left-hand corner by a loop of silk or strong thread, and folded lengthwise, the board's proceedings being the inner document in the series and not outside the others. The combined forms of attestation and board proceedings, War Office Forms Nos. 39, 497 and 498, will, when sent by post, or otherwise, be so folded as to ensure the fourth page being inside. Commanding Officers will explain the cause of absence of any documents, and state whether they will be subsequently forwarded.

The Horse Guards have had reason to comment on the dilapidated state of the board's proceedings, which in some instances were quite useless as records. (See G. O. C. C. 11th September 1872, p. 425.) Madras G. O. C. C., 15th October, 1872, No. 90, p. 374.

29. On the departure of the invalids and time-expired men, officers commanding regiments, batteries and detachments will send a certificate to the Station Staff officer, that all the documents concerning the men have been disposed of as laid down in this order.

30. The officer commanding the party will be furnished with a list, in triplicate, of the documents he has in possession (see para. 25.) These lists will be receipted by the officer commanding the depôt. One copy is to be given to the officer who commanded the party, one sent to the corps for record, and the third retained at the depôt.

31. Officers proceeding in charge of parties are to be instructed that the non-effective accounts of men who die *en-route* to the depôt are to be handed to the Paymaster of the depôt on arrival and not forwarded to the Paymaster of the corps.

32. The commandants of depôts, whether at the ports of embarkation or elsewhere, are empowered to address themselves direct to Commanding Officers; and His Excellency desires that all communications from these officers, concerning the discharge documents, or matters connected with them, may be regarded in the light of instructions transmitted by Staff Officers. The Commander-in-Chief further desires to impress upon commanding

officers the necessity of paying prompt and strict attention to all such communications, as the embarkation of the men concerned may be delayed by any neglect in this respect.

33. Immediately after the sailing of each troop-ship, officers commanding embarkation depôts will forward, without fail, to commanding officers of regiments and brigades, a report of the embarkation, not only of detachments, but of individuals (including prisoners, see Circular 87 of 1869,) accompanied by a nominal list, with regimental numbers attached, of the men referred to.

34. Commanding Officers will on receipt of the above reports correct the rolls of their corps and send the requisite advices home in continuation of the returns (*a*) previously transmitted to England (see G. O.(*b*) 171 of 1870).

35. In the case of men of the Royal Artillery, returns of men proceeding to the port of embarkation (Bombay) are to be forwarded, at least a fortnight before the men embark, to the Deputy Adjutant-General, Royal Artillery at the Horse Guards. Officers commanding brigades, as well as Majors of detached batteries, will at the same time transmit to the same office copies of the men's transfer Savings Bank statements.

36. Officers' wives and women near their confinement are not to be embarked in troop transports. In such cases officers and their wives will be provided with passage in a later troopship, should the wives be likely to recover in time to admit of leaving India during the trooping season. In the event of the officer not proceeding by troopship, he will be required to make his own arrangements for his wife's passage. With regard to married men, they will remain attached to any regiment at the station where they may be located, until their wives are fit to travel, when they are to be despatched to Deolalee for embarkation on the first available troopship. Should, however, the prospect of such occurrences be anticipated among the women proceeding by any of the three last vessels, permission should be solicited for their despatch at an earlier date.

37. Care is to be taken that no soldier leaves any member of his family behind in India, unless with the special sanction of Government. * * *

38. Whenever the wife of a British soldier is sent to England unaccompanied by her husband, the officer commanding the regiment or battery will on her departure from the Head Quarters, forward at once to the Regimental Depôt a report showing

(*a*) These returns should leave regiments at least a fortnight before the men embark, and should be addressed to Netley, or according to the destination of the men.

the authority for her being sent home, and the cause ; her destination, her family, if any, and whether she is entitled to any assistance from the State. A similar report is at the same time to be despatched to the port of embarkation to which the woman is ordered, with the request that it may be handed to the officer commanding on board the ship in which she proceeds (or to the captain of the vessel, if there are no troops embarking) for delivery to the chief military authority at the port of debarkation (G. O. 15 of 1873). Madras G. O. C. C. 27th March, 1873, No. 30, p. 133.

The particular attention of Commanding Officers is called to G. O. C. C. dated 16th December, 1874, relative to the payment of the gratuities to widows and orphans leaving India, *vide* para 14, Section 33. Pay Code of 1849.

39. Invalids or other men belonging to the Unattached List, when proceeding to England for discharge, should have been struck off that list by an order from the Adjutant-General, before they are sent to the port for embarkation. Should it appear to the authority at the port that this has not been done, an immediate report is to be made by telegraph to the Adjutant-General's Office at Simla (*a*).

40. In cases where it is found impracticable to forward to the Quartermaster-General, Horse Guards, the detailed return on War Office Form 753, (see Appendix No. XII. of the Transport Regulations, Part I,) so as to arrive in advance of the party, a copy of that return should be given to the officer in charge of the details, or to the individual, for the purpose of being handed to the officer superintending the disembarkation at the port of arrival.

41. Instructions will hereafter be issued regarding the documents of short service men proceeding home to join the reserve.

By order of His Excellency the Commander-in-Chief,

Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
2nd December, 1876.

His Excellency the Commander-in-Chief directs, that on the occasion of the proclamation announcing the assumption by Her Majesty of the Imperial addition to Her Titles, the following order of parade shall be adhered to by all the troops serving under his command :—

The troops will be drawn up at open order, Artillery in action on the right, or, if more than one battery is present, on both flanks.

When the General Officer arrives on the ground, Artillery and Cavalry will carry swords, Infantry will shoulder by word of their respective commanding officers. The General Officer will then take command of the parade, and give the words "Unfix bayonets." "The brigade will fire a Feu-de-joie." On this caution, Artillery not in action, and Cavalry will slope swords.

The Artillery in action, and Infantry regiments when armed with Enfields, will then "load," by order of their respective commanding officers.

The chief civil authority in every station will then come forward, and in the presence of the assemblage and of the troops read the proclamation announcing the assumption by Her Majesty of the Imperial addition to Her Titles, as published in the *Fort Saint George Gazette*, Extraordinary, of the 28th August, 1876.

On a signal from the General, the Artillery on the right will fire thirty-four guns, and after the last gun is fired, the first round will be fired by the Infantry.

The bands of the Infantry, massed in rear of the brigade, will then play the first part of the National Anthem.

Thirty-four more guns will then be fired by the Artillery on the left, if any be placed there, followed by a second round from the Infantry, and the second part of the National Anthem.

The last thirty-three guns by the Artillery on the right, followed by a third round from the Infantry, will then be fired, and when finished, the whole of the National Anthem will be played by the band.

The Artillery in action will then limber up and move into line at order, with the brigade.

The General will then give the following cautions:—

"Fix bayonets."

"Royal Salute."

Cavalry and Artillery will carry swords, Infantry will present arms, standards and colors will be lowered, and the bands will play the whole of the National Anthem.

"The brigade will shoulder."

"The brigade will order and unfix bayonets" (Artillery and Cavalry "Return swords.")

The brigade will give "three cheers for Her Most Gracious Majesty the Queen, Empress of India." At this caution all helmets will be taken off, and the officer commanding the parade will give the time.

The brigade will then take close order, march past in quick time, if ordered, and then proceed direct to quarters.

During this parade the General Officer and Staff will take post as laid down in para. 4, Section 2, part VI, Field Exercises of 1874, and will join in the salute.

It is to be understood that the occasion is a holiday, and on this parade the officer in command is to receive no general salute, nor is there to be any parade exercise; the march past, if ordered, will be only in quick time.

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,

Adjutant-General.

REMARKS BY HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

From certain statements which appear in these proceedings, it is well that the Native Medical Subordinates should clearly understand that, whether they be serving in Civil or Military Hospitals, they are at all times equally bound to obey the orders of their departmental superiors, and are at all times amenable to the Articles of War.
