GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
10*th January*, 1877.

At a General Court Martial, held at Thayetmyo, on the 2nd day of October, 1876, No. 1491, Private James Sullivan, of Her Majesty's 89th (P.V.) Regiment, was arraigned on the following charges :—

CHARGES.

1*st*.—That he, James Sullivan, on or about the 11th day of May, 1876, at Thayetmyo, in British Burmah, being then and there a soldier serving in Her Majesty's dominions in India, at a distance of upwards of one hundred and twenty miles from the presidencies of Fort William, Fort St. George, and Bombay, respectively, did attempt to commit murder by doing an act with such intention and under such circumstances that if he, by that act, had caused death, he would have been guilty of murder, that is to say, by stabbing one William Garry in the chest with a bayonet, whereby hurt was caused to the said William Garry, and that he has thereby committed an offence punishable under Section 307 of the Indian Penal Code, and within the cognizance of a General Court Martial.

2*nd*.—That he, James Sullivan, or or about the 11th day of May, 1876, at Thayetmyo, in British Burmah, being then and there a soldier serving in Her Majesty's dominions in India, at a distance of upwards of one hundred and twenty miles from the Presidencies of Fort William, Fort St. George, and Bombay, respectively, did voluntarily cause hurt to one William Garry, by means of an instrument for stabbing, that is to say with a bayonet, and thereby committed an offence punishable under Section 324 of the Indian Penal Code, and within the cognizance of a General Court Martial.

FINDING.

The Court find that the prisoner, No. 1491, Private James Sullivan, of Her Majesty's 89th Regiment, is

Guilty of the first charge.

Not guilty of the second charge.

SENTENCE.

The Court sentence the prisoner, No. 1491, Private James Sullivan, of Her Majesty's 89th Regiment, to penal servitude in lieu of imprisonment under Section 59 of the Indian Penal Code for (7) seven years.

THAYETMYO, 6th October, 1876.

REVISED SENTENCE.

The Court having attentively considered the observations of the Revising Officer and the whole of the Proceedings, do now revoke their former sentence and now sentence the prisoner No. 1491, Private James Sullivan, of Her Majesty's 89th Regiment, to penal servitude for (4) four years.

(Signed) C. THORNTON, Colonel,
Royal Artillery, President.

THAYETMYO, 8th December, 1876.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 6th January, 1877.

REMARKS.

It is clear from these Proceedings that the wound inflicted by the prisoner might have ended in the death of Private William Garry. Had this occurred the prisoner would have been guilty of murder.

2. All that can be urged on behalf of the prisoner is that he was drunk at the time; that shortly before the commission of the deed a quarrel had taken place between Private Garry and himself about 4 annas given to him by the former for the purchase of drink; that Private Garry had, as stated by him in his evidence, used threatening and irritating language towards him; and that as they had previously been good friends the prisoner could not have been prompted by malice prepense.

3. On the other hand is the fact that after the quarrel Private Garry seeing the prisoner pass his cot to go on duty desired to make it up with him, and called him out into the verandah with that object. Private Garry was then stabbed by the prisoner before he was able to speak to him.

4. No doubt the Court has been largely influenced by these considerations in having awarded the smallest punishment which could be inflicted for the offence of which they have found the prisoner guilty.

5. In consideration of the long and unavoidable delay that has taken place in bringing this trial to a conclusion, I remit six (6) months of the penal servitude.

6. The prisoner will undergo his punishment in the jail at Rangoon.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 6th January, 1877.

The sentence is to be carried into effect under the orders of the Officer Commanding British Burmah Division.

The foregoing extract to be read to all European troops in the Madras Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
17*th February*, 1877.

At a General Court Martial, held at Secunderabad, on the 18th day of November, 1876, No. 928, Private George Riley, 16th (the Queen's) Lancers, was arraigned on the following charge :—

CHARGE.

That he, George Riley, on or about the twelfth of October, one thousand eight hundred and seventy-six, at the village of Burray Sahibpett, near Secunderabad, being then and there a soldier serving in India, in the territories of His Highness the Nizam of Hyderabad, committed murder, by causing the death of one Cassim Ali, and that he has thereby committed an offence punishable under Section 302 of the Indian Penal Code, and within the cognizance of a General Court Martial.

FINDING.

The Court find that the prisoner, No. 928, Private George Riley, 16th (the Queen's) Lancers, is not guilty of the charge.

SECUNDERABAD, 23rd December, 1876.

REVISED FINDING.

The Court having attentively considered the observations of the Revising Officer, and the whole of the Proceedings, do now revoke their former Finding and are of opinion that the prisoner, No. 928, Private George Riley, 16th (the Queen's) Lancers, is guilty of the charge.

SENTENCE.

The Court sentence the prisoner, No. 928, George Riley, Private of the 16th (Queen's) Lancers, to penal servitude for life.

(Signed) A. V. FALLS, Colonel,
Royal Artillery, President.

SECUNDERABAD, 20th January, 1877.

APPROVED AND CONFIRMED.—But I mitigate the sentence to seven years' penal servitude.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 12th February, 1877.

REMARKS.

I ordered the Court to reconsider its verdict because the weight of evidence was beyond doubt on the side of conviction.

2. The Court, on revision, has found the prisoner guilty of the charge, but has recommended him to mercy on the ground that "had he adopted another line of defence he could from many circumstances, in all probability, have proved that the actual explosion of the gun was accidental."

3. Such being the opinion of the Court, I am bound to say that it was open to them to have found the prisoner guilty of the lesser offence of culpable homicide not amounting to murder.

4. That Private George Riley caused the death of the deceased liquor-seller, Cassim Ali, cannot, in the face of the evidence, be doubted, though it may just be open to question whether he did so intentionally, or by accident.

5. The line of defence set up by the prisoner was evidently false, and apparently resorted to with the object of escaping from all the consequences of his act. He endeavoured to prove that the deceased was killed by the accidental falling of his gun whilst it rested against the shop of the deceased. Whereas it is clear from the evidence for the prosecution that the fatal shot was fired by the prisoner as he stood in front of the shop, with his gun pointed towards the deceased.

6. Even accepting the view taken by the Court—to whose opinion great deference is due, after 18 days' of most careful enquiry—there remains the fact that Private Riley did take away the life of Cassim Ali by the unlawful use of his gun, and thereby, at the least, committed culpable homicide.

7. It can never be permitted that one man shall recklessly take away the life of another, and then be allowed to escape punishment on the plea that it was all an accident.

8. Justice to the deceased, and justice to the living requires that a heavy punishment should fall on Private Riley, and I wish him, and the soldiers of the British Army serving in this presidency, to understand that in mitigating his sentence to only seven (7) years of penal servitude, I am mainly influenced by the view taken by the Court, and by their strong recommendation to mercy.

9. Orders respecting the disposal of the prisoner will be communicated to the Major-General commanding the Hyderabad Subsidiary Force.

Commander-in-Chief.

The following General Order, by His Excellency the Commander-in-Chief in India, is republished :—

Adjutant-General's Office, Simla, 5th February, 1877.

The Commander-in-Chief has much gratification in publishing to the Army in India the following letter received from His Royal Highness the Field Marshal Commanding-in-Chief regarding the exemplary conduct displayed by the 2nd Battalion 3rd (the Buffs) Regiment, on the occasion of the wreck of the *St. Lawrence*, off Paternoster Point, when *en route* to the Cape; and His Excellency directs that it may be read at the head of every British regiment and battery serving in India :—

18*th December* 1876.

SIR,—Having had the honor to submit to His Royal Highness the Field Marshal Commanding-in-Chief your letter of the 13th November last, with its enclosures, containing an account of the wreck, off Paternoster Point, of the hired transport *St. Lawrence* with the 2nd Battalion 3rd Foot on board, I have it in command to desire that you will be pleased to convey to Colonel Pearson and the officers and men of the battalion, and to the several details of other corps under his command, the expression of His Royal Highness' approval of their exemplary conduct on the occasion in question, affording as it does a further instance of the advantages of discipline, steadiness, and obedience to orders, under what are perhaps the most trying circumstances in which it is possible for soldiers to be placed.

The order and regularity with which, first the women and children and afterwards the troops, with provisions, arms, and baggage, and such portions of the military stores as it was possible to save, were landed from the wreck, and ultimately

re-embarked in the vessels that had been sent to the relief of the sinking ship, were most creditable to all concerned, and the energy and endurance displayed by Captain Wyld, who was despatched on a ride of over sixty miles with intelligence of the disaster to the authorities at Cape Town are deserving of the highest commendation.

The thanks of the Field Marshal Commanding-in-Chief are also due to Commodore Sir W. Hewett, and the officers and men of Her Majesty's *Active* and *Spartan*, who so promptly and with so much personal kindness and consideration, lent their assistance to the troops; and His Royal Highness has directed that his high appreciation of their valuable services shall be communicated to them through the Lords Commissioners of the Admiralty.

I am to add, that it is a matter of great satisfaction to His Royal Highness to learn from Colonel Pearson's report, as forwarded by you, that the battalion under his command, notwithstanding the hardships and risks to which it has been exposed, is in a perfectly fit state to proceed to its intended destination within your command.

You will be so good as to furnish Colonel Pearson with a copy of this letter, and direct him, after reading it at the head of his battalion, to cause it to be entered in the record of its service.

I have, &c.,

(Signed) C. H. ELLICE, *Adjt.-General.*

To Lieutenant-General Sir A. A. Cunnynghame, &c., &c.
Commanding at the Cape.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
28th February, 1877.

At a General Court Martial, held at Secunderabad, on the 30th day of December, 1876, No. 1266, Frederick Garland, No. 1133, John Hall, No. 1034, Frank White, and No. 1015, Ebenezer Lewis, Privates of the 16th Lancers, were arraigned on the following charge :—

CHARGE.

That they, Frederick Garland, John Hall, Frank White, and Ebenezer Lewis, on or about the 3rd October, 1876, at Secunderabad, being then and there soldiers serving in India, in the territories of His Highness the Nizam of Hyderabad, did, on the highway leading from Trimulgherry to Bolarum, and between sun-set and sun-rise, together rob one Pitta Rajanah, a Peon in the employment of the Deputy Accountant-General, Hyderabad, of a bag containing H. S. Rupees 1,445-5-11, and that they thereby committed an offence punishable under Section 392 of the Indian Penal Code, and within the cognizance of a General Court Martial.

FINDING.

The Court find that the prisoners, No. 1266, Frederick Garland, No. 1133, John Hall, No. 1034, Frank White, and No. 1015, Ebenezer Lewis, Privates of the 16th Lancers, are each and severally guilty of the charge.

SENTENCE.

The Court sentence the prisoners, No. 1266, Frederick Garland, No. 1133, John Hall, and No. 1034, Frank White, Privates of the 16th Lancers, each and severally to suffer penal servitude for

the term of fourteen years, and No. 1015, Ebenezer Lewis, Private of the 16th Lancers, to suffer penal servitude for the term of six years.

SECUNDERABAD, 17th January, 1877.

REVISED SENTENCE.

The Court having attentively considered the observations of the Revising officer, and the whole of the proceedings, do now revoke their former sentence passed on Private Ebenezer Lewis, and sentence him, the said Ebenezer Lewis, No. 1015, Private of the 16th Lancers, to suffer penal servitude for the term of six years and one month.

(Signed) A. V. FALLS, Colonel,
Royal Artillery, President.

SECUNDERABAD, 16th February, 1877.

APPROVED AND CONFIRMED—but in the case of Privates Garland, Hall, and White I mitigate the sentence to seven years, and in the case of Private Lewis to three years' penal servitude.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 23rd February, 1877.

REMARKS.

I am induced to mitigate the sentence awarded by the Court because, happily for the honor of the British Army, the crime of which the prisoners have been found guilty is one very rarely committed by soldiers.

2. Private Lewis did not take part in the planning and commission of the robbery, and as an accessory after the act was less guilty than the three other prisoners, who waylaid and robbed the Peon.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 23rd February, 1877.

The prisoners, Privates Garland, Hall and White, are to be sent to the Presidency under an escort and delivered over to the custody of the Civil Power.

The sentence awarded Private Lewis will be carried into effect under the orders of the officer commanding Hyderabad Subsidiary Force.

The foregoing extract to be read to all European troops in the Madras Army.

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,
Adjutant-General.

FINDING.

The Court find that the prisoner, No. 1218, Gunner Charles Wallis, A Battery 20th Brigade Royal Artillery, is

Guilty of the 1st charge in its first instance,
Guilty of the 1st charge in its second instance,
Not guilty of the 1st charge in its third instance,
Guilty of the 2nd charge,
Guilty of the 3rd charge; and the Court find that the loss arising from the prisoner's misconduct is Rupees ten (10-0-0).

SENTENCE.

The Court sentence the prisoner, No. 1218, Gunner Charles Wallis, A Battery 20th Brigade Royal Artillery, to be imprisoned with hard labor for 672 days, and to be put under stoppages of pay until he shall have made good the sum of Rupees (10-0-0).

(Signed) A. W. RITHERDON, Colonel,
10*th Regt. N. I., President.*

FORT ST. GEORGE, MADRAS, 10th February, 1877.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 24th February, 1877.

REMARKS.

It appears in these proceedings that in September last Gunner Wallis was reduced by sentence of a Regimental Court Martial from the grade of Serjeant to the ranks, for having used personal violence towards a Gunner.

Now he has again to suffer for another and most aggravated act of violence towards the Serjeant-Major of the Battery.

The Court has awarded a lenient sentence, and in doing so has no doubt been greatly influenced by the consideration that the prisoner bears a good character, has upwards of eleven years' service, and is in possession of one good conduct badge.

It is just that such circumstances should be allowed to have their full weight, but beyond this no consideration can be extended to the soldier who, whether off or on duty, uses violence towards a superior.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 24th February, 1877.

The sentence awarded No. 1218, Gunner Charles Wallis, A/20th Brigade Royal Artillery, is to be carried into effect under the orders of the officer commanding Mysore Division.

The foregoing extract to be read to all British troops in the Madras Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
28th March, 1877.

At a General Court Martial, held at Tonghoo, on the 26th day of January, 1877, No. 2198, Gunner John Wilson, of No. 7 Battery 5th Brigade Royal Artillery, was arraigned on the following charge :—

CHARGE.

That he, John Wilson, on or about the 22nd July, 1876, at Tonghoo, in British Burmah, being then and there a soldier serving in Her Majesty's dominions in India, at a distance of upwards of one hundred and twenty miles from the Presidencies of Fort William, Fort St. George, and Bombay, respectively, did murder one Soondrum, by discharging at him a carbine rifle loaded with gunpowder and a bullet with the intention of causing his death ; and that he has thereby committed an offence punishable under Section 302 of the Indian Penal Code, and cognizable by a General Court Martial.

FINDING.

The Court find that the prisoner, No. 2198, Gunner John Wilson, of No. 7 Battery 5th Brigade Royal Artillery, is guilty of the charge.

SENTENCE.

The Court sentence the prisoner, No. 2198, Gunner John Wilson, of No. 7 Battery 5th Brigade Royal Artillery, to suffer penal servitude for life.

(Signed) C. M. J. THORNTON, Colonel,
Royal Artillery, President.

TONGHOO, 10th February, 1877.

APPROVED AND CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 21st March, 1877.

REMARKS.

On the clearest evidence the prisoner has been found guilty of having wilfully been the cause of the death of a helpless unarmed native camp follower.

When the prisoner was on night sentry duty he fired at the deceased—knowing him to be drunk—merely because he would not go away from the prisoner's post when ordered by him to do so; and there is the further strongest presumptive evidence that the prisoner also struck the deceased over the head with his sword bayonet.

The prisoner in his defence has endeavoured to establish his irresponsibility for his crime, by bringing evidence to prove that he is subject to depression of spirits and to uncontrollable fits of passion.

Such a plea, though established, is no excuse for the commission of a brutal and cowardly deed. The law distinctly declares that the offender shall not escape punishment on such grounds—but shall suffer—and Gunner Wilson has justly to expiate his crime by penal servitude for the rest of his life.

The prisoner will undergo the first five years of his sentence in India, and will be made over to the Rangoon Jail to that end.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 21st March, 1877.

Adjutant-General's Office, Simla, 21st March, 1877.

Before leaving India, in 1874, Colonel Sir Frederick Fitzwygram, Bart, C.B., placed £10,000 sterling at the disposal of the Commander-in-Chief in India, to provide accommodation in the hills for the benefit of British Cavalry soldiers and their families.

With the concurrence of the Supreme Government, this donation was accepted; plans and estimates for suitable buildings were approved of; and Ránikhet and Dagshai were selected as the stations where the barracks could most conveniently be built.

Accommodation for forty families has now been completed, and sufficient funds remain to erect twenty more quarters.

Sir Frederick Haines has much pleasure in making this generous gift known to the Army in India, and His Excellency congratulates the British Cavalry especially, in having found in Sir Frederick Fitzwygram, a friend through whose munificence, shelter for sixty of their families has been secured in a hill climate.

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
7th April, 1877.

At a General Court Martial, held at Rangoon, on the 21st day of February, 1877, No. 4284, Driver George Charlesworth, G Battery 9th Brigade Royal Artillery, was arraigned on the following charges :—

CHARGES.

1*st*.—That he, George Charlesworth, on or about the 24th of September, 1876, at Thayetmyo, in British Burmah, being then and there a soldier serving in Her Majesty's dominions in India, at a distance of upwards of 120 miles from the Presidencies of Fort William, Fort St. George, and Bombay, respectively, committed murder by causing the death of one James York, and that he has thereby committed an offence punishable under Section 302 of the Indian Penal Code, and within the cognizance of a General Court Martial.

2*nd*.—That he, George Charlesworth, on or about the 24th September, 1876, at Thayetmyo, in British Burmah, being then and there a soldier serving in Her Majesty's dominions in India, at a distance of upwards of 120 miles from the Presidencies of Fort William, Fort St. George, and Bombay, respectively, committed culpable homicide not amounting to murder by causing the death of one James York, and that he has thereby committed an offence punishable under Section 304 of the Indian Penal Code, and within the cognizance of a General Court Martial.

FINDING.

The Court find that the prisoner, No. 4284, Driver George Charlesworth, G Battery 9th Brigade Royal Artillery, is

Not guilty of the first charge.
Guilty of the second charge.

SENTENCE.

The Court sentence the prisoner, No. 4284, Driver George Charlesworth, G Battery 9th Brigade Royal Artillery, to suffer rigorous imprisonment for a term of two years.

(Signed) G. HEARN, Colonel,
15th Regiment N. I., President.

RANGOON, 10th March, 1877.

CONFIRMED.—But I remit the sentence.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

MADRAS, 3rd April, 1877.

REMARKS.

The Court has recommended the prisoner to merciful consideration, and I am, I consider, justified in attending to that recommendation.

The prisoner and the deceased Gunner had words which led to blows and a short struggle, and the latter, being very drunk, fell heavily on a brick floor, and was picked up with his head lying in the gutter. The deceased was confined for the night for being drunk, and the next morning was sent to Hospital—there he was treated for drunkenness; when shortly afterwards he unexpectedly died.

On post-mortem examination it was discovered that the deceased had a crack in his skull and a clot of blood on the brain. According to medical evidence the deceased slipping down or falling heavily on his head might have caused the injury which produced death; or it might have been produced by a blow of a fist.

The prisoner admits that he did strike the deceased; and there can be little question that he caused him to fall—but beyond this all is uncertainty and conjecture. The prisoner is a quiet, well behaved, good tempered man; whilst the deceased was quarrelsome when in drink. There is no room for suspicion of bad blood or foul-play; and the deceased on being picked up said "he was not hurt," and made no complaint.

It is on the above grounds that I remit the punishment and allow the prisoner to return to his duty.

Commander-in-Chief.

HEAD QUARTERS, OOTACAMUND,
2*nd July* 1877.

Circumstances are often coming to the notice of the Commander-in-Chief, which make it clear to him that much misconception at present prevails in the minds of some Native Officers, Non-Commissioned Officers and Sepoys, as to the conditions under which promotion in the Native Army is regulated; and therefore, to remove all possible excuse for future misapprehension on this subject, His Excellency thinks it well to define clearly the exact position in which every one of each grade stands in regard to promotion.

2. No person in the Army is entitled to expect promotion or preferment of any kind *as a right*. Fitness is the only test; and the power of deciding rests with the Commanding Officer and the Government.

3. Seniority of itself gives no claim whatsoever to advancement. Seniority can only be considered when fitness is equally shared by two or more individuals, and then it will carry with it its due weight.

4. Being passed over for promotion is no cause of grievance; and any one who fails to discharge his duties with zeal and efficiency because of having been superseded, risks his privilege to remain in the Service.

5. Any Native Officer or Non-Commissioned Officer or Soldier who presumes to prefer a claim for promotion on the mere grounds of seniority, or to complain because of having been passed over, is guilty of having made a frivolous complaint, and renders himself liable to be punished.

6. All that can be claimed by any one in the Native Army is the pay of his rank and proper treatment: these conditions are assured to all by the regulations of the Service. Any demand beyond this is a pretension which will not be tolerated.

7. The Commander-in-Chief trusts that what he has now said will be understood by all ranks, and that thus future trouble will be avoided.

8. A translation of this order in the Vernacular is to be issued to every Native Regiment of the Madras Army, and is to be kept for reference in the Office of the Adjutant.

By order of His Excellency the Commander-in-Chief,

ROB. C. STEWART, Brigadier-General,
Adjutant-General.

HEAD QUARTERS, OOTACAMUND,
27th August 1877.

At a General Court Martial held at Secunderabad on the 14th day of July 1877, No. 2079, Private William Gundry, of the 2nd Battalion 16th Regiment, was arraigned on the following charge :—

CHARGE.

That he, William Gundry, on or about the 25th day of February 1877, being then and there a soldier serving in India in the Territories of His Highness the Nizâm of Hyderabad, at the village of Mullrajgherry, did voluntarily cause grievous hurt to one Sheik Madar, and that he has thereby committed an offence punishable under Section 325 of the Indian Penal Code.

FINDING.

The Court find that the prisoner No. 2079, Private William Gundry, of the 2nd Battalion 16th Regiment, is not guilty of the charge.

(Signed) P. S. CUNNINGHAM, Colonel,
3rd Regt. L. I., President.

SECUNDERABAD, 28th July 1877.

CONFIRMED.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief, Madras Army.

OOTACAMUND, 18th August 1877.

REMARKS.

The evidence of every one actually concerned in the affray which resulted in the wounding of Sheik Madar, is so contradictory and unworthy of reliance, that I am obliged to concur in the Finding of the Court.

2. All that can be assumed from the evidence is, that the prisoner and four other Privates of the 16th Regiment went to a Toddy-tope and asked for liquor; that a disturbance took place with the villagers, and that two Police men armed with swords intervened; that the prisoner after being wounded with a sword by one of the Policemen knocked him down and disarmed him—and that then the prisoner in self-defence used the sword he had thus obtained against his other Police assailant, Sheik Madar, wounding him severely.

3. Had the evidence not tended to favor the prisoner's statement that he had wounded Sheik Madar in self-defence, and that even in defending himself he had not used greater violence than was justified for self-protection, he would have been found guilty; and a severe punishment would have followed.

4. Soldiers will do well to bear in mind, that in bringing about a breach of the peace through any illegal act on their part, they place themselves entirely in the wrong, and further that by the law of the land, every one is held accountable for what he does, even if driven to act in self-defence.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief, Madras Army.

OOTACAMUND, 18th August 1877.

The prisoner is to be released from arrest and return to his duty.

2. Despatching Officers will arrange accordingly, providing for Troop Trains when the numbers to be despatched will allow of it, otherwise by ordinary trains in small parties. Attention is requested to the note to para. 19, Transport Regulations, Part II, where it is laid down that not more than one carriage full of troops (32 adults) can be conveyed between Poona and Deolali by Mail Train.

5. All insanes to be sent to the Lunatic Asylum at Colaba under suitable escort, the escort afterwards proceeding to Deolali.

6. The 45th Foot should be at Poona 6 days before date of embarkation, and all the Drafts that go to Deolali (*viz.*, Time-Expired, Invalids, men to be discharged with Ignominy and Families of the same) should reach that Depôt so as to have 10 clear days there before embarkation.

APPENDIX.

Referred to in paragraph 8 *of the G. O. of* 24*th September* 1877.

G. O. DATED 15TH SEPTEMBER 1873.

G. O. 290.—*Transport—Baggage.* (Quartermaster-General).

THE Commander-in-Chief finds it necessary to call the strictest attention of all officers and others provided with passages in Her Majesty's troop-ships to the regulations as per margin, limiting the amount of baggage to be embarked in those vessels, and more especially as regards its cubic measurement, cases having occurred in which, though the *weight* of baggage taken to the troop-ship was within the limit allowed, its admeasurement was so much in excess that space could not be found in the baggage room for a great portion, which had to be left behind at the last moment, to the very serious loss and inconvenience of regiments and individuals.

Transport Regulations, Part 1, paragraphs 127 and 128.

Commanding Officers of corps and detachments about to embark will, before the troops leave their original stations, cause the whole of the baggage intended to be embarked to be carefully packed and collected in their barrack square, and actually measured.

Only such baggage, the measure of which comes within the regulated allowance, and which should be entered in a return as per form A annexed, should be sent for embarkation.

Each case for embarkation should be marked in paint T. S. (troop-ship) in large letters, and the whole be kept quite distinct from any other baggage, which may be taken with the troops to Bombay for shipment under private arrangement.

As troops embark direct from the railway terminus in Bombay, the baggage arriving for embarkation cannot be measured there; but as an additional precaution and check against any excess being taken to the troop-ship, it will be finally measured at the last military station where the troops take train for Bombay, under the orders of the local Commanding Officer (unless the Officer Commanding the troops is senior, in which case he himself will see the measurement carried out,) and none but the regulated allowance will then be loaded in the vans for embarkation; other baggage for shipment under private arrangement being placed in separate vans, which are to be marked accordingly.

Return A will be sent through General Officers commanding divisions and districts (who will cause the same to be carefully checked according to the regulations) to the Brigadier-General Commanding Bombay District, so that it may reach him not less than three days in advance of the troops' arrival at Bombay.

Individual officers embarking will have their baggage measured at Bombay under the orders of the officer superintending the embarkation.

(*Regiment, Battery or Detachment.*)

FORM A.

RETURN of the measurement of baggage of the above corps (battery or detachment) required to be embarked with it in Her Majesty's troop-ship _____ under paragraphs 127 and 128, Transport Regulations, Part I, exclusive of women's Government boxes and men's knapsacks and great coats, which are conveyed with them in their berths.

G. O. 292.—*Transport—Baggage.* (Quartermaster-General).

When troops embark in Her Majesty's Indian troop-ships, the soldier's baggage will be confined to his knapsack and canvas bag, or valise (to be provided gratuitously by Government,) measuring 2 feet 2 inches × 1 foot 10 inches × 6 inches.

The knapsack is taken by the men to their berths, and the bag is stowed in the baggage room.

The cubic measurement of the men's bags, when packed, is on no account to exceed the following scale:—

For 50 men ... 81 cubic feet.

For numbers more or less in the same proportion. When proceeding by a troop-ship simply to garrison a station (such as Aden,) an additional 105 cubic feet per 50 men will be allowed for bedding, which is also stowed in the baggage room.

For women embarking in the troop-ships the following baggage is allowed:—

Every woman or widow, one box and one canvas bag, or every woman or widow, the mother of one child under 10 years of age, one box and one canvas bag.

Every woman or widow with one child over, or two children under 10 years of age, one box and two canvas bags, and for every other child one canvas bag.

Widowers with children will be allowed a box in addition to their own canvas bag and knapsack for one child, and for every other child, one canvas bag.

The boxes (2 feet × 1 foot 6 inches × 1 foot 2 inches external dimensions and not exceeding when empty 40 lbs. in weight) are taken into the women's quarters, the bags (2 feet 2 inches × 1 foot 10 inches × 6 inches) are stowed in the baggage room. The measurement of the bag when packed is on no account to exceed 2 cubic feet.

When proceeding with troops to garrison a station (such as Aden,) each women is allowed $2\frac{1}{6}$ additional cubic feet, and each child the same for bedding, which is also stowed in the baggage room.

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,
Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
6th October 1877.

The following General Order, by His Excellency the Commander-in-Chief in India, is republished:—

Head Quarters, Simla, 4th September 1877.

His Excellency General Sir Frederick Paul Haines, G. C. B., is pleased to signify his intention of continuing the following prizes for rifle competition by regiments of British and Native Cavalry, batteries of Royal Artillery, and regiments of British and Native Infantry serving in the Bengal Presidency, and to publish the conditions thereof for the competition which will take place during the season 1877-78.

I. CARBINE PRIZE FOR ROYAL ARTILLERY AND BRITISH CAVALRY.

Arms—Snider Carbine.

1. PRIZE—a sword, regulation pattern. The match to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission, (and commanding officers are requested to place as few restrictions as possible on the number of competitors,) will be eligible to enter for the first stage, on payment of one rupee each, and will fire seven rounds each, unless they retire before completing that number, standing, at 200 yards.

Conditions:—First stage.

2. The twenty men of Cavalry regiments and five men in batteries of Artillery who make the highest scores at this distance in each regiment or battery, will be considered as the champions, and they alone will compete in the second stage of the match, without paying any further entrance, and will fire seven rounds each, at 400 yards, and seven rounds each, at 500 yards, in any

Second stage.

position. The individual who makes the highest aggregate score at the two distances of the second stage, will be the winner of the sword presented by His Excellency. The regiments and batteries competing will be placed in order of merit according to the averages made in the second stage by their champions.

Individual money prizes.

3. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots, in order of merit, amongst the competitors in the second stage of the match, in proportion to the percentage of prizes to competitors, (see general rule 3). The number of money prizes, and the amount of each prize, will depend on the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the commanding officers of competing regiments and batteries, as soon as the total number of entrances shall have been ascertained. The winner of the sword given by His Excellency the Commander-in-Chief will, in addition, receive the first money prize.

4. Garrison batteries of Royal Artillery may compete, either as Cavalry or as Infantry. If any battery competes as Infantry, it will be guided by the rules laid down for the competition of that branch.

II.—Carbine Prize for Native Cavalry including the Madras Regiment at Saugor, the Punjab Frontier Force, and Regiments under the Government of India serving within the Limits of the Bengal Presidency.

Prize—a sword.

Conditions—same as for British Cavalry.

Arms—Snider breech or muzzle-loading enfield cavalry carbine.

Distances—standing, preliminary stage at 200; 2nd stage at 200 and 300 yards; any position.

III. British Infantry.

Arms—Martini-Henry

Infantry prizes.

1. *Aggregate prize*, a cup.
Individual prize, a watch.

Conditions:—First stage.

The match is to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission, (and commanding officers are requested to place as few restrictions as possible on the number of competitors,) will be eligible to enter for the first stage, on payment of one rupee

each, and will fire seven rounds each, unless they retire before completing that number, at 500 yards, in any position.

Second stage.

2. The twenty men who make the highest scores at this distance in each regiment, will be considered the champions of their regiment, and they alone will compete in the second stage of the match without paying any further entrance, and will fire seven rounds each at 700 yards, and seven rounds each at 800 yards, in any position. The highest aggregate score made by the twenty champions of any regiment or garrison battery, at the two distances of the second stage, to win the cup presented by Sir F. P. Haines, which will be regarded as regimental property, to be kept in the officer's mess.

3. The individual who makes the highest aggregate score in the second stage of the match, will win the watch presented by His Excellency.

Individual money prizes.

4. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in the second stage of the match, in order of merit, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend upon the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the commanding officers of regiments competing, as soon as the total number of entrances is known. The first money prize will probably be 200 Rupees.

IV.—Native Infantry.

Arms—Snider Rifles—Long or Short.

To all regiments of Native Infantry, serving in the Bengal Presidency, including the Madras regiments serving in the Presidency and Saugor districts, the Punjab Frontier Force, and regiments under the Government of India serving within the limits of the Bengal Presidency, under the following conditions:—

1. *Prize*—"The Magdala Medal" with inscription.

Conditions:—First Stage.

2. The match is to be divided into two stages. Every non-commissioned officer and soldier, with their commanding officer's permission, (and commanding officers are requested to place as few restrictions as possible on the number of competitors,) will be eligible to enter for the first stage, on payment of four annas

each, and will fire in any position seven rounds each, unless they retire before completing that number, at 500 yards.

Second stage.

3. The twenty men who make the highest scores at this distance, in each regiment, will be considered the champions of their regiment and they alone will compete in the second stage of the match without paying any further entrance, and will fire in any position seven rounds each at 500 yards, and seven rounds each at 600 yards. The individual who makes the highest aggregate score at the two distances of the second stage will be the winner of the gold medal presented by His Excellency.

4. The winning team will receive one hundred rupees, from His Excellency, to be divided among the non-commissioned officers and men composing it, proportionate to their several scores, according to a decision regimentally arrived at.

Individual money prizes.

5. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in the second stage of the match, in order of merit, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend upon the number of entrances for the match, and will be determined by the Chief Inspector of Musketry, in communication with the officers commanding regiments competing, as soon as the total number of entrances is known. The first money prize will probably be 40 rupees.

General Rules, applicable both to the Cavalry and Infantry competitions.

1. The intention of His Excellency the Commander-in-Chief is, that the whole army may share and be interested in these matches.

2. The entrances should not, therefore, be confined to a few regimentally selected men.

3. The award of prizes will be calculated thus:—suppose 5471 competed and 182 prizes given, the percentage of prizes to competitors will be 3·32, the number of individual prizes a regiment can gain will then be 3·32 of the number of its entries. This will be given according to scores, but after this proportion has been awarded, the men of such regiments will be passed over, and the money prizes awarded to men of regiments with more entries.

4. Every soldier who wishes to do so, and who, at the time of competition, is not on the defaulters' list, should have permission to enter for the first stage.

Date of competition.

5. The first stage (except in the case of corps on the line of march hereafter provided for,) must be shot off during the month of December 1877, and the second stage on any day between the 26th of December 1877, and the 4th of January 1878, both days inclusive. The practice of the second stage, once commenced, must be terminated on the day on which it was begun.

Corps marching.

6. In order to give corps, which will be on the line of march about the dates above specified, an opportunity to compete—and the Commander-in-Chief is anxious every regiment should have an equal chance—commanding officers are requested to at once address the Chief Inspector of Musketry, Simla, stating their wishes as to the date *prior to the 26th December* or *after the 4th January*, on which they wish to compete. The Chief Inspector of Musketry will communicate the Commander-in-Chief's wishes to the corps concerned. But in order to permit of the result of the match being timely ascertained the earliest possible date should be named.

7. When regiments are divided into wings or detachments, the second stage of the competition will take place, under regimental arrangements, at the station of the head quarters' wing only.

8. In these cases, the travelling expenses of such men as may be sent to head-quarters to join the selected 20 champions may, in British regiments, be charged to the Canteen Fund. In Native regiments it may be charged to the Lead and Cartridge Case Fund, provided the repair of ranges and appliances is duly secured.

9. *Ammunition*—of government issue only.

10. *Targets*—as per regulation for the season in question.

11. *Marking and Scoring*—Regulation.

12. *Dress*—any.

13. The Musketry Regulations, in regard to registers and all details not otherwise specified, are to be strictly followed. To give complete confidence to all that, the competition will be conducted with perfect fairness, the Commander-in-Chief wishes that in stations where two regiments are quartered together, a committee should be formed for each corps, consisting of one Field Officer (if available, otherwise of the senior Captain present, instead,) one Captain of the competing regiment, and the Officer Instructor of Musketry, Wing Officer or Adjutant of the other regiment: for example, at Meerut, the committee of the 15th Hussars or succeeding Cavalry regiment would be composed of one Field Officer and one Captain of the 15th Hussars, or succeeding Cavalry regiment, and the Musketry Instructor of the

2-60th Royal Rifles. The committee of the 2-60th Royal Rifles would be composed of a Field Officer and Captain of that regiment, and of the Musketry Instructor of the Hussars. The committee of the 39th regiment of Native Infantry would be composed of two officers of the 39th Begiment and the Musketry Instructor of the 2-60th Royal Rifles. The committee of the 32nd Pioneers at Jhelum would be composed of two officers of that regiment, and of an officer of the 12th Bengal Cavalry. In stations where only one regiment is quartered the committee would consist of two officers of that corps, and of an officer to be detailed by the officer commanding the division, district or station. The committee for a battery of Artillery would be composed of the two senior officers present with the battery, and of one officer of another regiment to be detailed by the officer commanding the division, district or station.

14. The presence of an officer of another regiment, or of the Staff Corps, at all stations, is compulsory, and should be early arranged for.

15. The committee for each regiment or battery should be present during the firing of the second stage only of the competition; they are to sign the practice registers at the conclusion of each distance; and send a certificate, according to the form at foot of para. 18, to the Chief Inspector of Musketry, Simla, for the Commander-in-Chief's information.

16. The registers of both stages, and an order on the Simla Treasury for the total amount of entrances, are likewise to be transmitted by each corps to the Chief Inspector of Musketry. The Treasury order should follow as soon as possible after the registers, if it cannot be obtained in time to accompany them.

17. Particular attention is requested to the necessity for all remittances being made payable on Simla; as much inconvenience and loss to the fund are caused by treasury orders, bank cheques and money orders being drawn on other stations.

18. No man is to be permitted to fire in the first stage until he has paid his entrance money.

Certificate.

We certify that we were present during the whole of the practice of the second stage of the competition for His Excellency the Commander-in-chief's prize, by the ——20 or 5 champions of the —— regiment or battery; that we compared the registers with the target at the conclusion of the practice at each distance; that we added to, or deducted from the total points of each register, any discrepancy that existed between target and register;

and that we saw that the practice was conducted in strict accordance with the conditions and rules of the match, and with the Musketry Regulations.

INSTRUCTIONS

FOR THE PREPARATION OF

DISCHARGE DOCUMENTS OF BRITISH TROOPS.

---

1. To assist Commanding Officers in complying with the regulations of the service, and to draw attention to the points in which experience has shewn that mistakes most frequently occur, a Schedule, drawn up in the form of a "Nominal Return," is attached. It prescribes the documents to be prepared for each man and for each party proceeding to the ports of embarkation, and the foot notes indicate what papers are to be forwarded to the Adjutant-General's Office at Simla, (*a*) and to the regimental Depôt.

In forwarding to Head Quarters, for confirmation, the Discharge documents of men who have proceeded to the port of embarkation, the fact of their having left the regiment and the port to which they have gone, should be stated, in order that their parchment certificates may be sent accordingly.

2. The following sections and paragraphs of the Queen's Regulations are to be carefully consulted and followed, excepting in such matters as are specially provided for by local orders:—

Para. 151, Section 7 (*b*)	Para. 13, Section 20 (*c*)
,, 112 ,, 17	,, 36 ,, 23
,, 16 ,, 18 (*c*)	,, 38 ,, 23
,, 20 ,, 18	Section 20

The War Office Forms named are invariably to be used, unless they have not been introduced, and are consequently not procurable. In the latter case a note to this effect must be made on the return sent.—No return is to be made out on less than a half-sheet of foolscap.

(*a*) Fort St. George.

(*b*) See G. O. 118 of 1875. (Madras S. O. No. 53, dated 5th June 1875, p. 112.)

(*c*) See G. O. 39 of 1869 and G. O. 171 of 1870. (Madras G. O. C. C. No. 34, dated 24th March 1869, and No. 92 of 24th August 1870.)

APPLICATIONS FOR DISCHARGE.

3. Authority for the discharge of every British soldier serving in the Bengal Presidency(*a*) must be obtained by application, forwarded, as well as all subsequent correspondence on the subject, *direct* to the Officer in charge of the Adjutant-General's Office at Simla, (*b*) in the case of Cavalry and Infantry; and to the Deputy Adjutant-General, Royal Artillery, Simla, (*b*) in the case of Royal Artillery; except on the following conditions, when previous authority is dispensed with:

I. Time-expired men (on termination of first or second period of limited engagement) proceeding to England.
II. Short service men proceeding to England, whose period of service with the colors has expired.
III. Men invalided to England.
IV. Men sentenced to discharge with ignominy.
V. Time-expired men not entitled to pension, enlisted in India, and desirous of remaining in the country.

No soldier for whose discharge special authority is required, is to be sent to the port of embarkation until such authority has been received.

4. In the case of discharges by purchase, if the application is not submitted in proper time, the men may be detained another season in India, as it may be too late to admit of the men reaching the port of embarkation before the 11th April 1878. (See G. O. (*c*) 215 of 1868.)

5. Each class of discharge is to form the subject of a separate communication, both in applying for the discharge and in transmitting the discharge documents.

6. Applications for time-expired men or invalids to proceed to the colonies will be submitted in the form of a letter, stating the men's character and giving the information detailed in para. 13. (*d*) Applications in cases of men entitled to pension (whether permanent or temporary) desirous of remaining in India under G. O. (*e*) 95 of 1869 (also 287 (*f*) of 1871) may likewise be submitted in the form of a letter. All other applications for discharge will be made in W. O. Form 732, and will contain the following information:—

(*a*) Madras.
(*b*) Adjutant-General's Office, Fort St. George.
(*c*) Madras G. O. C. C. 15th July 1868, No. 90, p. 170.

(*f*) Madras G. O. C. C. 16th January 1877, No. 7, p. 20.

1st Page.

7. A statement of service, to date of application, *in detail*, shewing all variations of service, dates of re-engagement, volunteering, grant and loss of good conduct pay, transfers from other corps, &c. The highest period of actual service entered in either of the two columns of the statement, War Office Form 372, is to be taken into consideration when calculating the sum necessary to purchase the discharge of a soldier, all former service allowed to count being included in the calculation (G. O. (*a*) 358 of 1872.) Recoveries for purchase money should be calculated at 2*s*. 0½*d*. per rupee.

8. In a note at the foot is to be stated the period of continuous service in India up to date of application. Soldiers who have not served three years in India, calculated from the date of their last arrival in the country, or who have not served three years after re-engagement, are debarred from indulgence discharge except in very special cases.

The warrant under which the soldier last engaged (whether it was enlistment, re-enlistment, or re-engagement) is to be stated.

2nd Page.

9. The several columns are to be accurately filled up, and the heading of column 5 altered when necessary.

N.B.—Commanding officers are requested, in forwarding applications for the discharge of soldiers during the second period of limited service, to alter the heading of column 5 on the 2nd page of W. O. Form 732, so as to show that the men understand that they cannot re-enter the Army.

10. The conditions of discharge are to be stated in the exact terms of the Queen's Regulations, para. 46, Section 20. The scale under which the soldier elects to be discharged is to be stated immediately after the amount he pays. (See Horse Guards' G. O. 31 of 1871, and paras. 19, 20 and 21, clause 63 of Army Circulars 1873, republished in G. O. (*b*) 257 of 1873.)

11. In case of a refund of volunteering bounty being necessary, under the provisions of clause VII, para. 2598 of the Bengal Army Regulations, a note of the amount is to be made under the conditions of discharge, and this sum is not to be included in the compensation required to be paid under Royal Warrant. The sum paid for discharge and any refund of volunteering bounty is to be credited to the Government of India

(G. O. (*a*) 203 of 1872). Application for the refund of purchase money should be addressed to the Controller of Military Accounts, Bengal (*b*).

3rd Page.

12. The forwarding letter is to state in all cases whether the man is desirous of residing in India or of proceeding to England, the colonies, or foreign settlements. If electing to proceed to England or the colonies the port at which he will embark (see paras. 4 and 7 of the Discharge Order) should be stated.

13. In applications for indulgence discharge, it is to be stated—

I. Whether the soldier is under stoppage as a punishment or not (G. O. (*c*) 337 of 1871.)

II. Whether the passage money lodged by applicant for purchase discharge has, on enquiry of the Deputy Assistant Quartermaster-General, Presidency District, or officer commanding Deolali Depôt, been found sufficient both for the man and his family, if he has any.

III. And in cases of soldiers entitled to free a passage to England, and who wish to proceed to the colonies, whether any estimated excess of passage money (see para. 6 of the Discharge Order) is in possession of the applicant.

The passage money should be sent to the Deputy Assistant Adjutant-General, Fort William, (*d*) or the Paymaster, Deolali Depôt, as the case may be, on the day of the departure of the men from their corps, as also the amount of gratuity from the Fines for Drunkenness Fund, and the Savings Bank money (if any) of all men proceeding to the colonies.

14. If the applicant desires to remain in India, the nature of the situation obtained must be stated and a certificate from the person giving him employment appended. If the certificate of employment is conditional, it should be stated whether the soldier is in a position to fulfil the conditions. Soldiers before applying for discharge to remain in India should produce a guarantee of passage to England in case of loss of employment. (See G. O. 173 of 1868.) Madras G. O. C. C., 8th August 1868, No. 97, p. 198.

This paragraph alludes to men not enlisted in India, whose residence in the country is contingent on the Commander-in-Chief's permission being obtained; but in the case of men entitled to a pension, and desirous of

remaining in the country, under G. O. (*a*) 95 of 1869, the provisions of this paragraph would not apply. (See G. O. (*b*) 287 of 1868.)

15. When men who formerly belonged to the Indian Forces and have elected Indian pension rules, apply for discharge to pension, a roll (see para. 8, Sec. 44, Part I, Bengal Military Regulations, edition of 1855,) is to accompany the application, and the election should be recorded in the letter, and also in the roll. This roll should also contain the following information:—

I. The Presidency to which the men belonged on first entering the East India Company's Service.

II. The regiment or battalion to which the men were first attached, specifying whether they were transferred to it from the British Military Service and giving their regimental numbers.

III. The corps from which the men volunteered for general service.

16. Application for the discharge of a man for any other cause than his own request, or claim, is made in the special form (W. O. Form No. 432, see para. 58, Section 20, Queen's Regulations.)

Application for the discharge of a man on the Unattached List is to be communicated by the department concerned to the officer commanding the regiment on the rolls of which he is borne as a supernumerary, who will forward the same as directed in para. 3 of these Instructions.

BOARD'S PROCEEDINGS.

17. Regimental Discharge Boards will be assembled at such times as may be most convenient, but in cases where authority is necessary such authority must have been previously received.

The proceedings of Regimental Discharge Boards in the cases of men who enlisted prior to the introduction of revised W. O. Forms 39, 497 and 498, (*vide* G. O. (*c*) 302 of 1873, and G. O. 79 of 1875,) must be prepared on the revised W. O. Form 83, introduced by G. O. C. C. (*d*) dated the 12th May 1874.

The Board is required to read to all soldiers, *who claim their discharge on the expiration of their first period of service*, clause 58, Army Circulars 1877, republished in G. O. (*e*) 154 of 1877.

(*a*) Madras G. O. C. C. 6th July 1869, No. 86, p. 168.

(*d*) " " 19th May 1874, No. 41, p. 162.
(*e*) Madras S. O. No. 157 of 1877, p. 334.

18. When soldiers enlisted in India are brought before Discharge Boards, whether as invalids, time-expired men, or for free discharge by indulgence, it is to be explained to them that, if they elect for passage and discharge out of India, they will have no claim for passage back to their place of enlistment on receiving their discharge according to their present election. Soldiers electing as above, will accordingly be required to sign a certificate to the following effect, which is to be made out on a separate half-sheet of paper and attached to the proceedings of the board:—

"I do hereby elect for passage to , and fully understand that if, after leaving India, I am desirous of returning to it, I shall have no claim to be conveyed at the charge of the State." (See G. O. 183 of 1869.) Madras G. O. C. C. 21st December 1869, No. 167.

With reference to men enlisted in India under the Army Enlistment Act of 1870, this certificate is unnecessary, being already provided for in their attestation forms.

1*st Page.*

19. The regimental number of the soldier in each corps in which he has served is to be recorded at the head of the page in the third line.

The service entered in this page should be that towards good conduct pay and pension only. (G. O. 75 of 1866.) Madras G. O. C. C. 23rd May 1866, No. 41, p. 119.

A separate statement of service in the East Indies is to be given. Such service should not be mixed up with *other* foreign service. (G. O. 42 of 1874.) Madras G. O. C. C. 18th April 1874, No. 18, p. 107.

Service in the East Indies is to be reckoned in the manner laid down in (G.O. 258 of 1874.) Madras G. O. C. C. 22nd October 1874, No. 97, p. 314.

Unattached List rank is to be shown in the board's proceeding. (G. O. 4 of 1871.) Madras G. O. C. C. 23rd March 1871, No. 42, p. 85.

Conditions of Discharge.

20. The conditions of discharge are to be accurately stated in the following terms according to the nature of the case. Inconvenience frequently arises from this statement being made in indefinite terms.

I. *Time expired—*

1. In consequence of his having claimed it on termination of his first (or second) period of limited engagement.

2. In consequence of his being prevented by disability from re-engaging. (*a*)

3. In consequence of his limited service having expired [and being ineligible for re-engagement on account of his past conduct. (*b*)]

II. *Invalids and Insanes*—

In consequence of being found unfit for further service.

III. *By indulgence* (*c*).

1. In consequence of his own request, on payment of £—— (*d*) (authority dated——.)

2. In consequence of his own request, free, or with deferred pension, (authority dated——.)

3. In consequence of his own request, free with pension after——years' service, (authority dated——.)

This last paragraph alludes to unlimited service men, and men who, though they have completed their time for pension, have not completed the period of their second engagement.

IV. *With Ignominy*—

In consequence of his being sentenced by a court martial to be discharged with ignominy in addition to a sentence of imprisonment or penal servitude (as the case may be).

(*a*) Men who are prevented by disability from re-engaging after two-thirds of their service, are not to be brought before a Medical Board, unless from their state of health they would have been invalided in the usual manner.

Men who present themselves for re-engagement and are not considered fit should therefore continue to serve until they are invalided as unfit for further service; or until their limited engagement is about to expire, in which latter case only they will be dealt with under paragraph 25, section 20 of the Queen's Regulations. The documents of such men when they elect for discharge in India, will be sent home as in the case of Invalids in like circumstances, and meanwhile the men will remain on the rolls of their regiments, drawing pay.

(*b*) The words in brackets to be omitted in the parchment certificate.

(*c*) An entry is to be made showing whether the soldier enlisted, re-enlisted or re-engaged prior or subsequent to the date of the promulgation of the Royal Warrant of the 23rd July 1864, or after the promulgation of the Royal Warrant dated 27th December 1870.

(*d*) This amount will be stated in British currency, and will not include passage money or any refund of volunteering bounty.

When received in India the purchase money is to be lodged with the Regimental Paymaster, and his receipt for the amount, in British currency, will be attached to the Board's proceedings.

V. *For Incorrigible Conduct*—

In consequence of his incorrigible conduct and worthless character, (authority dated——.)

VI. *Penal Servitude*—

In consequence of his having been sentenced by a Court Martial (or by the Civil power) to penal servitude, (authority dated——.)

VII. *For any special purpose*—

The case of discharge to be distinctly given, (authority dated——.)

21. In the cases of men formerly of the Indian Service who volunteered for general service, the pension rules for which they elected are to be stated immediately after the conditions of discharge, *whatever these may be*, in accordance with Adjutant General's Circular No. 24, dated 23rd April 1863, p. 16 S. O.

Character and Conduct.

22. The character must be given under one of the following heads :—

Very good.	Indifferent.
Good.	Bad.
Fair.	Very bad.
Latterly good.	

N. B.—A soldier's character should be described as "Latterly good" when after a course of misconduct, he has, so to speak, reformed and has regained one good conduct badge.

23. The explanation of an "indifferent," "bad" or "very bad" character, recorded on the parchment certificate, is to be given here in red ink. (See Horse Guards' G. O. No. 34 of 1868.)

Good Conduct Badges.

24. To be recorded thus :—

His conduct has been———, and he is in possession of——— good conduct badges;

Or—he is not in possession of any good conduct badges.

25. In the case of a Sergeant—

His conduct has been———and he was, (or was not) when promoted, in the possession of —— good conduct badges, and would, had he not been promoted, have been now in possession of —— good conduct badges.

26. If a soldier is already in possession of one or more good conduct badges, and is within four months of being qualified for an additional one, a note is to be made of the circumstance at the foot of the page, with the date on which he will become entitled to such additional badge.

Medals.

27. The possession of any badges of merit or service medals is to be added. The description of the medals and clasps is to be given in full.

Extract of Trials.

28. Strict attention is to be paid to the marginal instructions. Extracts of trials and copies of convictions by civil power are to accompany the discharge documents of all men whose cases are submitted for the consideration of the Commissioners of Chelsea Hospital, viz., in the case of invalids, men prevented by disability from re-engaging, and men entitled to pension (para. 15, sec. 20, Queen's Regulations). In the cases of men of Royal Artillery the original Court Martial sheets should be attached to the discharge documents, and not the separate extract of charge, finding and sentence.

Educational Certificate.

29. The possession and the class, or the non-possession should be noted.

2nd Page, Acquittance Certificate.

30. All claims capable of adjustment are to be settled up to the date of the sitting of the Board, including bedding claims. (See para. 957 of the Bengal Army Regulations, as revised by G. O. 73 of 1875.)

31. The actual date of settlement is to be invariably inserted. When the soldier is present, this date should be the same as the date of the sitting of the Board.

32. Other claims not capable of adjustment are to be entered on a *separate* sheet, and attached, together with the detailed statement regarding them, with which will be included copies of the correspondence.

Detailed Statement of Service.

33. This is to be a complete record of the soldier's service to the date of the Board's sitting, shewing all variations of service,

promotions, reductions, grant, forfeiture and restoration of good conduct pay (in red ink), re-engagement, volunteering, transfer, periods of confinement, &c. The grant of the silver medal for long service and good conduct, with or without gratuity, or other badge of merit, is to be recorded here as well as on the first page.

34. In recording the service of men promoted to any rank above that of corporal, a note will be made of the dates on which their length of service would have entitled them to a grant of good conduct pay, had they been still in the rank and file.

Any alteration of figures in the Statement of Service must be made in red ink and initialed in red ink by the Commanding Officer.

35. In making up a soldier's service, particular attention is to be paid to Horse Guards' G. O. No. 63 of 1867. (G. O. 232 of 1875.) Madras S. O. No. 106, dated 11th September 1875, page 192.

The service of all soldiers who had less than 12 years' service on the 31st March 1876, will be closed to that date, and re-opened from the 1st April 1876, a red line being drawn between the two entries.

Appointments to, and reductions from, Lance ranks and acting Bombardier to be noted.

36. Former service forfeited by conviction of desertion counts towards limited engagement, but not towards good conduct pay and pension until formally restored under authority, received from the War Office.

37. Previous service under a former enlistment allowed under W. O. authority, counts towards good conduct pay and pension, but not towards completion of first term of limited engagement.

In every case in which a soldier has been permitted to reckon former service towards good conduct pay and pension, a detailed statement of such service is to accompany the discharge documents.

38. The Horse Guards' or War Office authority for permission to reckon forfeited or former service must invariably be quoted.

39. Boon service under the 55th clause of the Mutiny Act must be entered in both columns; a note being attached to the entry to the first column in the case of the boon service on transfer from the H. E. I. C. S. to the Crown, intimating that it does not count towards *good conduct pay*.

40. Special forms of records of service for volunteers from the embodied Militia, Schoolmasters and Musketry Instructors,

are given in War Office Circular No. 844, dated 23rd November 1863, published at page 228 S. O. 1865. (Madras G. O. G. 8th December 1865, No. 429, page 292.)

41. In calculating a soldier's service, the 29th February is computed as an extra day only in reckoning a broken period of a leap year, but these extra days must be cast out from the total. Thus from 1st January 1848 to 31st December 1867, would be 20 years and not 20 years and five days.

3rd Page.

42. To be left blank in *all* cases of discharge with the exception noted in para 43.

In the case of invalids and insanes proceeding home, a copy of the Soldier's "Detailed Medical History," supplemented by the opinion of the Medical Board, and approved by the Principal Medical Officer of the district, is to be attached.

The whole of the third page of the Board's proceedings to be left blank.

43. I. *Men prevented by disability from re-engaging.*

The medical report is only to be filled up by the Examining Surgeon, and countersigned by the Inspecting Medical Officer. (Para. 25, Section 20, Queen's Regulations.)

51. Correct the notice on the back, which is, for some cases, contrary to the provisions of Clause 58, Army Circulars 1877, republished in G. O. (*a*) 154 of 1877, and in the old form strike out the second sentence "discharged soldiers may join the Army of Reserve," &c., &c.

Character and Conduct.

58. To agree with that shewn in the Board's proceedings, excepting when the man is not in possession of any good conduct badges. In this case the words "He is not in possession of any good conduct badges" will be omitted.

59. The bottom of the parchment certificate is not to be cut off, excepting where "ignominy," "incorrigible conduct," or "sentenced to penal servitude," or, on conviction for a felony, is the cause of discharge; but an explanation of a "bad," "indifferent" or "very bad" character is to be given. (See Horse Guards' G. O. 34 of 1868 and 8 of 1872.)

60. The possession of a certificate of education is to be entered, but the non-possession of such a certificate is not to be recorded here.

61. The grant of the silver medal for long service and good conduct, or other badge of merit, is to be recorded here.

62. The word "conduct" is to be prefixed to the character given.

63. The character recorded by the Commanding Officer must be that shewn in the proceedings of the Board.

Should a Commanding Officer differ in opinion with a Discharge Board in regard to a soldier's character, he should refer the case for the decision of the General Officer commanding the station (G. O. 88 of 1873.) Madras G. O. C. C. 12th May 1873, No. 38, page 181.

64. The certificate is to be signed by the Commanding Officer and is to be in his own handwriting.

71. Instructions for the preparation of this document are to be found in G. O. C. C. 13th July 1865, page 161 S. O. (Madras G. O. C. C. 12th August 1865, No. 95, page 179.)

A Detailed Medical History (W. O. Form 891) is required in the case of every Invalid. When the Invalid is an insane, a statement of the case on W. O. Form 891-A will be required in addition.

LAST PAY CERTIFICATE (No. 1 REPORT.)

72. In the cases of men proceeding by the Overland or by the Cape route, embarking at Bombay, each soldier's accounts are to be settled up to the named day of departure from Bombay, before leaving his regiment, in accordance with the instructions laid down under the head "General," at page 18 of this pamphlet. Two Last Pay Certificates are to be prepared; one on Bengal (*a*) Form 40, showing the date to which paid with the regiment and the sums advanced to date of embarkation, to be given to the officer commanding the party, and the other in W. O. Form 330A, which is to be sent by post to the Paymaster of the Depôt. Instructions for the preparation of the latter are contained in para. 75.

73. The date of embarkation will be the day following that on which the soldier is last rationed by the commissariat.

The Indian rates of pay are to be advanced to and for the dates on which soldiers receive their last commissariat ration.

74. In the cases of men proceeding viâ Calcutta, the date of embarkation being unknown, they will be settled up with finally at Fort William, (*a*) in the manner heretofore obtaining, and regiments will use Bengal (*b*) Form No. 40 for their Last Pay Certificates for such men.

a. The rates of pay are to be particularly specified, showing whether the man is in the first or second period of service. Care must be taken to distinguish between the balances of the accounts and the advances issued for pay.

b. Charges *unavoidably* sent against men are to be forwarded separately, and not included as an advance of pay in the Last Pay Certificate.

c. A notice is also to be sent to the Deputy Assistant Adjutant-General, Fort William, (*a*) of all advances of pay for men to whomsoever made, according to Bengal (*b*) Form No. 159; this Form is to be sent off when the advance is made, and if men are detached from their corps for any lengthened period, previous to reaching Fort William, (*a*) the advances should be noted

the Deputy Assistant Adjutant-General at the end of each month.

75. No man is on any account to be embarked for England without a No. 1 Report in W. O. Form 330A, and attention is called to the following points :—

a. British, and not Indian, rate of pay is to be entered in the W. O. Form.

b. Beer money is not to be included in the rate of pay, but must be kept separate and distinct.

c. The names of men in receipt of "re-engaged pay" need not in future be separated from those of men in receipt of ordinary pay, nor will it be necessary that any separation should be made between men who have been enlisted for a brigade and those who have been enlisted for either of the battalions of a brigade. All the names in each rank will be entered in one alphabetical roll for that rank, the necessary manuscript alterations being made in the various printed forms pending the issue of reprints.

d. The first six columns of the W. O. Form 330A, No. 1 Report, will be filled up by the regiment, and the Paymaster of the Depôt will fill up the remaining columns and sign it, making in red ink any alteration necessary in the first six columns from changes after the men left their corps.

e. An entry is to be made showing whether the men are in the Married Roll or not.

Care is to be taken that the report is complete in every particular, as complaints on this head have been received from home.

Clothing Compensation Returns.

76. To be prepared in accordance with the instructions contained in G. O. (*a*) 241 of 1872, and forwarded so as to reach the Examiner of Clothing Accounts a clear month before the date fixed for the embarkation of the men, in order to allow time for their verification in the Examiner's Office, and for their transmission to the Deolali Depôt a full fortnight before the men embark. (See G. O. (*b*) 256 of 1874.) Commanding officers will report to the officer commanding the Deolali Depôt, when forwarding the other documents (see para. 28 of the order,) that the instructions contained above have been complied with.

Reports from Deolali make it apparent that the Examiner's verification is not always obtained as it should be, and that delay in forwarding the returns to the Depôt has occurred.

(*b*) Do. G. O. C. C. 22nd October 1874, No. 97, p. 314.

Savings Bank Balances.

77. To be transferred in accordance with G. O. (*a*) 321 of 1870.

A copy of the nominal list of depositors in the Savings Bank (Bengal Form 222) should be sent with each party or individual proceeding to England for discharge, as laid down in the schedule, whether they have any deposits in the savings bank or not, in the latter case a blank form should be submitted with the word "nil" entered in the money column.

78. A copy of these instructions will invariably be placed before discharge boards.

General.

1. The greatest attention must be paid by officers commanding detachments proceeding via Jubbulpore, to the rule that Commanding Officers of regiments and batteries are to be furnished with monthly Muster Rolls of the men of such regiments and batteries; that the requisite Nominal Rolls are furnished at the time of embarkation to the officer superintending the embarkation; and that where casualties have occurred the names of the individuals are removed by the officer commanding the detachment from the No. 1 Report, Bengal (*b*) Form No. 40, in his possession.

2. Officers commanding regiments and batteries, in calculating the amount required for their men, in Transfer Receipts on treasuries on the road to Bombay, by the officer commanding the detachment, will arrange so that cash payments can be made to the men about once a week.

3. The payments made on the road to the embarkation depôt are to be in the nature of daily payments only.

4. The whole balance of the advance furnished to officers proceeding in charge excepting such sum as they may wish to take in cash, and the sums included in the Transfer Receipts referred to in para. 2, will therefore be by Transfer Receipts, to be cashed at the embarkation depôts.

5. Separate Nominal Rolls of invalids and other men will be furnished by Commanding Officers of regiments and batteries to the officer under whose command the men proceed to ports of embarkation.

APPENDIX.

Section XI. and articles 245*a* and 354*a* and 354*b* of the Controller's "Instructions for the information and guidance of Pay-

(*a*) Madras G. O. G. 25th October 1870, No. 301, p. 180.
(*b*) Madras.

masters of British troops in India," are republished. It is to be noticed, with reference to para. 219 of those "Instructions," that the authorities to whom soldiers' discharge documents are handed on arrival in England will be found detailed in para. 112, Section 17 of the Queen's Regulations.

Section XI.

Invalids and Time-expired men embarking for England.

217. Invalids and time-expired men and their families quitting their regiments to embark for England are not to be struck off payment with their regiments until they actually embark. They must be settled with up to the day preceding their departure from their regiments.

218. The Ledger Sheet (W. O. Form 338.) given over to the Commanding Officer of the detachment for each man, should be of the full size and contain eight months' accounts. The heading must be correctly filled up with the man's name, number, and regiment, his daily rate of pay, good conduct pay, and good shooting pay, and whether in 1st or 2nd period of service. The form for the 1st month in the Ledger Sheet should be filled up with the current month's accounts up to the date the man quits his corps. The items which will be to the credit of the soldier from the date of his quitting his regiment to the probable date of sailing, must be entered in the following month's form. The same course must be followed with respect to the Ledger Sheets of men absent from their regiments, with depôts, sanitaria, &c.; all necessary information being obtained from the Commanding Officer or Paymaster of the soldiers' regiments.

219. Two forms of No. 1 Report must be prepared with the regiment. The Bengal Form 40(*a*) will show the date up to which the man is paid with the regiment, and the advances up to the intended date of embarkation, the periods being specified in the column of Remarks. This form is to be made over to the officer commanding the detachment, together with the Ledger Sheet of the man, to be delivered to the Paymaster of the Embarkation Depôt. The War Office Form 330 of No. 1 Report is also to have the first six columns completed by the Regimental Paymaster and to be forwarded to the Paymaster of the Embarkation Depôt, who, when the detachment is about to embark, will complete the remaining columns, making, in red ink, any alterations in the entries in the first six columns, which may be necessary from changes after the men left their regiments, and sign it. This

(*a*) Madras.

form is to be made over to the officer commanding the detachment, to deliver, together with the Ledger Sheets brought from the regiments, to the Paymaster of the Depot in England.

220. The accounts of the men having been made up and credited with all items of pay, &c., to the anticipated date of sailing of the troop-ship in which they are to proceed, the Paymaster will be informed by the commanding officer of the regiment what amount will be required in cash on quitting the regiment and in remittance transfer receipts at any halting-places *en route* and at the port of embarkation. The amount required to pay up the men to the probable date of embarkation will be considered as advanced by the Paymaster until it can eventually be charged off, and must be included in the balance due by him in the General State and shown in Bengal Form 167, when the total sum due exceeds the authorised limit.

221. On receiving intimation of the sum to be paid in cash to the officer appointed to command, and the amount required at places *en route*, the Paymaster must apply to the treasury officer for Remittance Transfer Receipts on the treasuries at the several places specified, and for the balance on the treasury at the port of embarkation or station where the detachment is to halt, to prepare for embarkation.

222. The officer commanding the detachment will have to adjust all small debts due by the men *en route* from the advance received, and enter the same with the other debits in the daily Pay Sheet; and he must fill up monthly in the Ledger Sheets all the Dr. entries, including any forfeiture of the pay, good conduct pay, &c., already credited to the soldier for hospital stoppages, &c.

223. He must also credit in the Ledger Sheet the allowance of 4 annas authorised on Christmas Day, New Year's Day, and the Queen's Birth-day, respectively, which may have become due prior to embarkation. On closing the Ledger Sheets for Indian rates of pay to date of embarkation, which is always the day following the last day on which the man is rationed according to the Indian scale, any debits and credits under or in excess of the sums shown in the Bengal (*a*) Form 40 of No. 1 Report as advanced, must be entered in red ink. Should the money in the hands of the officer commanding be insufficient to meet the credits due to the men, the Paymaster of the depôt, on receiving previous authority from the Regimental Paymaster, must advance the amount required. Should there be any surplus in the hands of the officer commanding the detachment, it is to be made over to

(*a*) Madras.

the Paymaster of the Depôt, who will grant a receipt of the amount to credit of the Regimental Paymaster.

224. The officer commanding the detachment will be responsible for the amount delivered over to him in cash and transfer receipts, until he accounts direct to the Commanding Officer of the regiment for its disbursement, and furnishes the Muster Rolls and returns on which the amount can be charged off by the Paymaster in the Regimental Pay Lists.

225. On the 1st of each month the officer commanding must forward to his Commanding Officer a Muster Roll in Bengal Form 20; and on the day of embarkation he must forward to his Commanding Officer, through the Officer superintending the embarkation, a nominal list of the men actually embarked, and another list accounting for each man who quitted his regiment with the party, and who has not embarked, whether deceased, left in hospital *en route*, or transferred to a depôt, &c., and specifying the date of casualty and full particulars.

226. The cash required by the officer commanding to settle up the men's accounts to the date of embarkation, can be obtained only from the Regimental Commanding Officer, and advances from Paymasters of depôts, and of other regiments on this account are strictly prohibited, unless at the request of the Paymaster of the regiment to which the men belong. The Paymaster must in all cases arrange with the Paymaster of the Embarkation Depôt to advance the sum required to adjust the debits and credits shown in the Ledger Sheets to the date of embarkation, and repay the amount without delay.

227. If a detachment is likely to be delayed for a considerable time, the Commanding Officer should apply for a further advance to the Commanding Officer of his regiment; who, if he thinks an advance necessary, must instruct the Paymaster of his regiment to remit a stated amount at once by a remittance transfer receipt, or to write, or in case of urgency to telegraph, to the Paymaster of the embarkation depôt, or Paymaster of a regiment, where the detachment may be halted, to advance the amount, the adjustment being made by the Paymaster of the soldier's regiment, who, on receipt of the third copy of the receipt of the officer commanding the detachment, will remit the amount to the advancing Paymaster.

228. The Bengal Form No. 1 Report of each detachment, after having entered on it the date to which the men are settled with, is to be returned to the Regimental Paymaster by the Paymaster of the embarkation depôt, accompanied by a statement which will be prepared by the officer commanding the detachment, showing the debits and credits up to date of embarkation entered in each man's Ledger Sheet, and a statement

of the advance made to, or amount received from, the officer commanding the detachment.

229. In the case of soldiers being detained for any reason with an Embarkation Depôt or with a regiment, the commanding officer must make over the accounts and balances due to the men up to the original date fixed for their embarkation, and the Paymaster of the depôt or regiment must make such advances as may be necessary to settle the men's accounts up to the date on which they eventually embark. All such advances must be settled with the Paymaster of the soldier's regiment, to whom a Muster Roll should be forwarded on the 1st of each month, and on the date of embarkation. For all men so detained a fresh No. 1 Report must be issued by the Paymaster of the depôt or regiment, to accompany the soldier to England.

230. Commanding Officers and Paymasters should give full instructions in writing to the officer proceeding in charge of the party, to insure the submission of a proper account of the amount made over to pay up the detachment, and the speedy adjustment of the advances, which must be charged off monthly to the extent the Muster Rolls, to be forwarded by the commanding officer, will admit.

231. The final embarkation list will enable pay for any additional days to be charged at once, and the sums which may be due on this account must be remitted to England in the Casualty Return of the month, and notice must be sent to the commanding officer of the depôt of the regiment of the amount remitted and of the sum due to each man.

232. Advances of pay for the voyage are not to be made to detachments of troops returning to England; on arrival they will be settled with, for the period of the voyage by the War Office, the disbursement on account being charged to Indian revenues.

233. In order to ensure prompt settlement of claims against the men at the port of disembarkation in England, on account of any loss or damage of ships' stores, &c., the officer in command of the detachment, if not in possession of sufficient public money will be provided with the necessary funds by an Accountant on the spot, the recoveries from the men of the sums paid on their behalf being made by the War Office.

Pay of soldiers discharged with ignominy.

245*a*. A soldier sentenced to be discharged with ignominy is, while undergoing imprisonment, to be subsisted under prison rules, a sum equal to the pay of a private being charged in the pay list of the regiment to which he belonged. After the period

of imprisonment has expired, the man is to be subsisted by the issue of rations in kind, with the grant of an allowance of 2 annas a day, up to the date preceding his embarkation, to cover incidental charges for cooking, washing, &c., the amount to be defrayed from the prison fund accounts, and payment made under regimental arrangements.

Pay of insane soldiers.

354*a*. The rule under which the pay of European soldiers confined in a lunatic asylum is billed for monthly by the Deputy Assistant Adjutant General at the presidency, is in future to be applied only to the cases of men who may become insane while in staff employ,

354*b*. The pay of insane soldiers of regiments, brigades and batteries, while confined in a lunatic asylum in this country and up to the date of their embarkation for England, is to be drawn in the general state of the regiments or batteries to which they belong, as in the case of invalids and time-expired men (Art. 217). Of the amount so drawn, the sum of Rs. 12 a month, for their maintenance in the asylum, is to be debited in the general state for credit to the Civil Department, the balance only being placed to the credit of the men, to be disposed of as directed in Act No. XIV of 1873 (G. O. (*a*) 66 of 1874.)

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,
Adjutant-General.

A Statement of the case on W. O. Form 891A must also accompany the documents.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN CHIEF.

HEAD QUARTERS, BANGALORE,
13*th October* 1877.

The following General Orders, by His Excellency the Commander-in-Chief in India, are republished :—

Head Quarters, Simla, 17th September 1877.

REGULATIONS FOR THE DISCHARGE OF SOLDIERS OF THE BRITISH FORCES SERVING IN INDIA.

1. The following instructions regarding the discharge of soldiers of the British Forces, and the preparation of their discharge documents, are published for information and guidance. A copy will be placed before all Discharge Boards.

Commanding Officers should recollect that unless the documents of men for transfer to England are sent to the Deolali Depôt complete in every respect—and attention to these instructions will ensure that object—the men cannot be embarked.

2. The embarkation of all soldiers for discharge out of India will be effected between the 8th November 1877 and the 11th April 1878, and no soldier is to be despatched from his regiment unless he can reach the port of embarkation by the latter date.

3. All men excepting insanes, for whom separate rules are laid down in para. 9, not provided for in the troopship's distribution statement prepared by the Quartermaster-General, whose destination is the United Kingdom, and who are entitled to a passage at the public expense, will be sent to *(a)*

depôt to embark in private vessels from Bombay. Men proceeding to other colonies will be sent either to Calcutta(*a*) or Deolali as may be most convenient, but in every instance they should not leave their regiments until the Transport authorities at Bombay or Calcutta(*b*) (as the case may be) have notified that they are prepared to receive them.

Note.—The object of the reference is to provide against men whose service must expire before they are embarked, or for whom passages cannot be readily found, being detained at the depôts for unnecessarily long periods.

Officers commanding regiments should forward without delay to the Transport authorities concerned a return of men for whom passage will be required, naming the probable date.

5. Men not entitled to free passage, proceeding to the Colonies viâ Calcutta, should be informed, before leaving their regiments, that they have to defray their own expenses (about Rs. 50) on shore at Galle, where they are sometimes detained ten or twelve days when proceeding by the steamers of the P. and O. Company.

It frequently happens that men arrive at Calcutta, (*c*) both unacquainted with and unprepared for this charge.

6. The amount allowed by Government for passage to the colonies is the bonâ fide cost of passages for themselves and families from either of the Presidency towns, as may be most convenient to the colony or port nearest to the colony to which they elect to proceed, provided the amount of such passage does not exceed, for the soldier Rs. 300, for his wife Rs. 300, for each child above 1 year of age Rs. 150, (G. O. 339(*c*) of 1868, and 5(*d*) of 1875.) The following is the scale of charges for passage by the P. and O. Company's steamers to various ports in the colonies; sums over Rs. 300 are charged in English money at current rate of exchange :—

(*d*) Madras S. O. No. 28, dated 13th March 1875, p. 49.

The passage money 2nd-class from Melbourne to the different ports in New Zealand is £6-10, with the exception of Napier, Auckland and Taranaki, which is £8 *in addition* to the above.

Except, therefore, in the cases of men proceeding to King George's Sound or Melbourne from Calcutta, and the three first named ports from Bombay, the excess passage money required should be remitted either to the Deputy Assistant Adjutant General, Fort William, (*a*) or the Paymaster, Deolali depôt, as the case may be. See clause III, para, 13 of the Instructions annexed.

When men entitled to free passage proceeding to the colonies cannot be furnished with passage for the entire distance, passage to the farthest possible point *en route* may be furnished, and any unexpended balance of the prescribed passage money within the maximum laid down as above, may, at the discretion of the officer commanding at the port of embarkation, be made over to them to enable them to pay for their onward passage.

7. Men who pay their own passage to England or the colonies may be sent either to Calcutta (*b*) or Deolali for embarkation, previous notification being made to the General Officer commanding the presidency district, or the Officer commanding the Deolali depôt as directed above.

8. Soldiers, not enlisted in India, who have been sentenced to discharge with ignominy, and whose term of imprisonment is expired, will be sent to Deolali for embarkation in the troop-ships; but prisoners (not enlisted in India) invalided by a medical board, must be sent home by the same route, irrespective of the fact of their terms of imprisonment not having been completed.

Whenever sentences of imprisonment are remitted, under Adjutant General's Circular No. 1682-D, dated 9th May 1877, a copy of the order will be given to the officer commanding the party which the prisoner accompanies, and the remission will be entered in the prisoner's regimental and company defaulter sheets, before he leaves his regiment; but if this is not practicable, then as soon after as possible.

Rules regarding the kits of such men will be found in paras. 1719 and 1720 of the Bengal Army Regulations. (Madras G. O. C. C. No. 87, dated 4th August 1871, p. 231.)

9. All insane soldiers requiring passage to England, and who are allotted to particular troop-ships in the annual embarkation programme, prepared by the Quartermaster-General, will be sent under local arrangements for their care and attend-

ance, with the time-expired men or invalids from their stations to Allahabad, *(a)* timely notice of the intended despatch being given.

The discharge and other documents of insanes, will be sent *direct* to the Commandant, Colaba Depôt. In accordance with the Military Lunatics' Act of 1877, clause 3, insanes arriving at Bombay for passage to England will, when necessary, be admitted into and detained in the Colaba Asylum, under the orders of the Surgeon-General, British Forces, Bombay Presidency, until they can be conveniently embarked on boardship.

When it may be necessary to send to England, during the trooping season, insane soldiers or soldiers' wives, for whom provision has not been made in the programme, an application for the provision of a passage, accompanied by the ordinary and confidential returns of the insane, should be forwarded to the General Officer Commanding Allahabad division,† who will, after communicating with the Transport authorities at Bombay, regarding accommodation in the Colaba Asylum and the troopship in which they can proceed, intimate at what time and in what manner they should be sent to Allahabad.

In cases in which insanity declares itself so near to the trooping season that the retention of insanes, especially if harmless, up-country, may not only be feasible, but preferable to a long journey to the Bhowanipore Asylum, *(b)* it will rest entirely with the local medical authorities, in communication with the Surgeon-General, British Forces, to decide on the advisability of adopting the former or latter course.

The kits of insanes sent to the Colaba depot are to be forwarded to the commandant for the use of the men when embarked for England. The kits of insanes sent to Bhowanipore *(b)* are to be handed over to the escort for delivery to the Deputy Assistant Adjutant General at Fort William. *(c)* The discharge documents of such men should also in like manner be forwarded to the Deputy Assistant Adjutant General. *(d)* * * * * * * likewise their (No. 1 Reports) * * * completed as far as directed in para. 75 of the Instructions attached to this order, but the balances of pay due to them are to be dealt with as directed in the Controller's "Instructions" to Paymasters, para. 354, Section XXI, viz., remitted to England by the Paymasters of regiments, to whom the Deputy Assistant

10. Documents connected with insane soldiers should be endorsed with the word "insane" in red ink on the upper right hand corner.

N.B.—Attention is directed to G. O. (*b*) 355 of 1873.

11. All men for embarkation for England, whose period of service will be completed before the 14th May 1878, may be forwarded to Deolali, and may be embarked before their term of service has actually expired; but if proceeding to the colonies, *they must complete their term in this country*, their final discharge being effected at Bombay or Fort William,(*c*) (see para. 4) before they leave India.

Note.—Men who have completed their second term of service, but who have not completed 21 years service for pension, should not be sent to England, such men should, unless there are special reasons to the contrary, be permitted to continue in the service for such period as will entitle them to a pension on discharge.

12. In the same manner, men who will become eligible for a free discharge before 14th May 1878, the requisite authority for discharge having been obtained from Army Head-Quarters, Simla, may, *if necessary*, be embarked *for England* before the time entitling them to a free discharge is actually completed, but as a rule such term should have expired before embarkation, as the loss of a good conduct badge may cause them to forfeit their title at the last moment. These men should not be sent down to the port of embarkation till their time is nearly completed, to obviate their detention at the Deolali depôt. In the case of men who will become eligible for free discharge late in the season, the prospective authority is necessarily conditional on the soldier conducting himself properly, and thus fulfilling the conditions of discharge. Commanding officers of regiments and depôt are authorised to detain men who, by the loss of a badge, or by not obtaining one, are ineligible for the free discharge which has been sanctioned. In such cases a report will be made to the Adjutant-General's Office, Simla,(*c*) in order that the authority may be cancelled.

13. Detachments proceeding to ports of embarkation will be officered in the manner laid down in para. 2279, Bengal Army Regulations. Officers shall be provided with a copy of the Division or District Order appointing them to the charge of duty with detachments to enable them to settle their accounts at

Separate Nominal Rolls of Invalids and other men will be furnished by Commanding Officers of regiments and batteries to officers commanding detachments, and Commanding Officers will give full information in writing to those officers to insure the submission of a proper account of the money made over to them.

Particular attention is directed to the necessity of sending the proper advances of pay with the men, as complaints have been received from Deolali on the subject.

18. To ensure regularity in the arrival and departure of detachments, and to prevent clashing at the camps, all movements of troops by railway or bullock train, whether of regiments or detachments, are to be carried out in accordance with the instructions issued by the Quartermaster-General, after due communication between officers commanding divisions and districts, and the responsibility of collisions at Resting Camps will rest with despatching officers.

19. Timely notice of all movements of troops by rail or bullock train, either up or down the line, giving the date and hour of arrival at each camp, is to be given by the officer commanding the division from which the detachments start, to the divisions through which they will pass, and that to which they are proceeding, in view to the necessary arrangements being made for their reception and onward progress.

20. All subsidiary orders in furtherance of the arrangements specified in paras. 17 and 18 are to be given by officers commanding divisions and districts, who are desired to communicate freely with each other in regard to details.

21. General officers commanding divisions and districts are reminded of the necessity of filling in and returning, three weeks before the departure from Bombay of the troop-ships which will convey troops from their respective commands, the detailed Return on W. O. Form 173, copies of which will be furnished to them by the General Officer commanding the

22. Short service men, whose period of service with the colors will be completed before the 14th May 1878, will be sent home, those of Cavalry and Infantry to Netley, and Artillery to the Depôt batteries of their brigades, accompanied by W. O. Form 991, in duplicate, and discharge documents, as laid down in the schedule.

See S. G. O. No. 86, p. 134, and G. O. C. C. dated 29th June 1877, p. 341.

Time-expired men and others (except prisoners) arriving at home for discharge will be disposed of as follows:—

Royal Artillery { To the Depôt Batteries of their respective Brigades.

Royal Engineers to be sent to Chatham.

Cavalry and Line to be sent to Netley.

All invalids will be sent to Netley hospital.

It is of the utmost importance that men should arrive at home with their documents in such a complete state as to obviate delay in effecting their discharges at these depôts. Excepting in the case of prisoners sent to England under the provisions of G. O. (*a*) 319 of 1874, (whose discharge papers as laid down in the schedule should be sent one month *before* the expiration of their imprisonment to the Adjutant-General's Office, Simla, (*b*) G. O. 363 (*c*) of 1875, for transmission to Horse Guards.) The documents of all men sent home for discharge with ignominy or as bad characters, whose term of imprisonment has expired, should be made over to the officer commanding the party for delivery to the General or other Officer commanding at the port of disembarkation in view to carrying out the discharge of these men.

23. To prevent confusion the documents of invalids must be kept entirely distinct from all others, and when practicable it is desirable that these documents be in charge of a separate officer, and in no way mixed up with those of time-expired or short service men.

24. All claims of men for discharge must be investigated, and, if possible, settled, before the men leave their regiments. If settlement is impracticable, the fullest particulars of the case must be transmitted with them, and reference made to the proper quarter. No claims can be entertained at the embarkation depôts, unless they have been previously preferred at the head-quarters of regiments, or have arisen after departure from the regiments.

N.B.—Complaints have been received that soldiers for discharge at the port of embarkation have been sent thither without the amount of gratuity due to them from the Fines for Drunkenness Fund having been remitted for payment to them there. Particular attention should be paid to this matter, as the omission often leads to the detention of men.

25. Soldiers who have enlisted for service for given periods with the colors, and with the Army Reserve, must, unless permitted to extend their services under existing regulations, be required to fulfil the terms of their engagement in all respects,

and until they have done so, cannot become settlers in India or the Colonies.

26. The discharge documents, with exception of the Company Defaulter Sheets, Medical History Sheets, Ledger Sheets (W. O. Form 338,) and No. 1 Report (Bengal (*a*) Form No. 40) of men proceeding to the ports of embarkation, will be dispatched, (*by post and packed in wax cloth,*) to the depôts direct from the regiment, addressed to the Commandant (*b*) or Paymaster as indicated in the schedule. These packets must be despatched in time to ensure their arrival at the Depôts *at least* a week before the men themselves, so as to admit of examination (and return to corps for correction, if requisite) before the men embark. The No. 1 Report, as above, Ledger Sheet, *Company* Defaulter Sheets and Medical History Sheets * will invariably accompany the men, and be handed to the officers in military and medical charge respectively, except in the cases of invalids proceeding to the Cape or Mauritius, whose Medical History Sheets and detailed Medical Histories are to be sent with the proceedings of Boards to the Adjutant-General's Office, Simla.(*c*) (Horse Guards' G. O. 45 of 1872.)

27. In the case of men at convalescent depôts, any documents requiring the soldier's signature will be forwarded for that purpose by the regiment, and will be returned to the regiment, for despatch to the embarkation depôt, as soon as a report is received from the convalescent depôt of the soldier's departure to the port of embarkation.

Commanding Officers of regiments moving in relief must keep Commandants of convalescent depôts and the Officer Commanding the Deolali depôt, informed of their movements by sending a copy of their route. In past seasons, for want of this advice, Commandants of convalescent depôts were unable to notify to regiments the departure of men to the port of embarkation, and men consequently arrived at Deolali without their records.

28. Each packet containing documents sent by post is to be registered, and a list of enclosures (in duplicate) put up in the packet. When compared and checked with the documents received, one copy of the list will be returned to the corps, duly receipted by the officer commanding the embarkation depôt, who will retain the other copy as a record.

29. The list above referred to is to record the documents in the same order in which they are placed in the Schedule attached to the instructions issued with this order, and the documents of

each man are to be stitched together in the upper left hand corner by a loop of silk or strong thread, and folded lengthwise, the board's proceedings being the inner document in the series and not outside the others. The combined forms of attestation and Board proceedings, War Office Forms Nos. 39, 497 and 498, will when sent by post, or otherwise, be so folded as to ensure the fourth page being inside. Commanding Officers will explain the cause of absence of any documents, and state whether they will be subsequently forwarded.

The Horse Guards have had reason to comment on the dilapidated state of the Board's Proceedings, which in some instances were quite useless as records. (See G. O. C. C. 11th September 1872, p. 425.) Madras G. O. C. C. 15th October 1872, No. 90, p. 374.

30. On the departure of the invalids, time-expired and short service men, officers commanding regiments, batteries and detachments will send a certificate to the Station Staff officer, that all the documents concerning the men have been disposed of as laid down in this order.

31. The officer commanding the party will be furnished with a list, in triplicate, of the documents he has in possession (see para. 26.) These lists will be receipted by the officer commanding the depôt. One copy is to be given to the officer who commanded the party, one sent to the corps for record, and the third retained at the depôt.

32. Officers proceeding in charge of parties are to be instructed that the non-effective accounts of men who die *en route* to the depôt are to be handed to the Paymaster of the depôt on arrival and not forwarded to the Paymaster of the corps.

33. The commandants of depôts, whether at the ports of embarkation or elsewhere, are empowered to address themselves direct to Commanding Officers; and His Excellency desires that all communications from these officers, concerning the discharge documents, or matters connected with them, may be regarded in the light of instructions transmitted by Staff Officers. The Commander-in-Chief further desires to impress upon commanding officers the necessity of paying prompt and strict attention to all such communications, as the embarkation of the men concerned may be delayed by any neglect in this respect.

34. Immediately after the sailing of each troop-ship, officers commanding embarkation depôts will forward, without fail, to commanding officers of regiments and batteries, a report of the embarkation, not only of detachments, but of individuals (including prisoners, see Circular 87 of 1869), accompanied by a nominal list, with regimental numbers attached, of the men referred to.

35. Commanding Officers will on receipt of the above reports, correct the rolls of their corps and send the requisite advices home in continuation of the returns (*a*) previously transmitted to England (see G. O. (*b*) 171 of 1870.)

36. In the case of men of the Royal Artillery, returns of men proceeding to the port of embarkation (Bombay) are to be forwarded, at least a fortnight before the men embark, to the Deputy Adjutant-General, Royal Artillery, at the Horse Guards. Officers Commanding Royal Artillery in divisions and districts will at the same time receive from officers commanding batteries, and immediately transmit to the same office copies of the men's transfer Savings Bank statements.

37. Officers' wives and women near their confinement are not to be embarked in troop transports. In such cases officers and their wives will be provided with passage in a later troopship, should the wives be likely to recover in time to admit of leaving India during the trooping season. In the event of the officer not proceeding by troopship, he will be required to make his own arrangements for his wife's passage. With regard to married men they will remain attached to any regiment at the station where they may be located, until their wives are fit to travel, when they are to be despatched to Deolali for embarkation on the first available troopship. Should however the prospect of such occurrences be anticipated among the women proceeding by any of the three last vessels, permission should be solicited for their despatch at an earlier date.

38. Care is to be taken that no soldier leaves any member of his family behind in India, unless with the special sanction of Government, obtained through the Commander-in-Chief.

* * *

39. Whenever the wife of a British soldier is sent to England unaccompanied by her husband, the officer commanding the regiment or battery will on her departure from the Head-Quarters, forward at once to the Regimental Depot a report showing the authority for her being sent home, and the cause; her destination, her family, if any, and whether she is entitled to any assistance from the State. A similar report is at the same time to be despatched to the port of embarkation to which the woman is ordered, with a request that it may be handed to the officer commanding on board the ship in which she proceeds (or

The particular attention of Commanding Officers is called to G. O. C. C. dated 16th December 1874, relative to the payment of the gratuities to widows and orphans leaving India, vide para. 2456, Pay Code for India, Vol. I, British Troops.

40. Invalids or other men belonging to the Unattached List, when proceeding to England for discharge, should have been struck off that list by an order from the Adjutant-General before they are sent to the port for embarkation. Should it appear to the authority at the port that this has not been done, an immediate report is to be made by telegraph to the Adjutant-General's Office at Simla. (*a*)

41. In cases where it is found impracticable to forward to the Quartermaster-General, Horse Guards, the detailed return on War Office Form 753, (see Appendix No. XII of the Transport Regulations, Part I.) so as to arrive in advance of the party, a copy of that return should be given to the officer in charge of the details, or to the individual, for the purpose of being handed to the officer superintending the disembarkation at the port of arrival.

Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, BANGALORE,
12th October 1877.

The following General Order, by His Excellency the Commander-in-Chief in India, is republished :—

Head Quarters, Simla, 25th September 1877.

Officers commanding divisions and districts will be pleased to assemble Invaliding Boards at stations within their respective commands occupied by European troops, to examine all men whom it is proposed to invalid. The administrative Medical Officer, British Forces, of the Circle, will invariably sit as President.

2. Medical boards, when invaliding men who have been enlisted in India and are not desirous of leaving the country, will refrain from recommending them to be sent to England.

3. These boards will assemble at all stations in the command including hill depôts, in December 1877. At Wellington, a board will assemble for a second time if necessary at the end of January 1878, and will be guided by the instructions laid down in G. O. C. C. dated 12th December 1872, page 431. The exact dates will be fixed by officers commanding divisions and districts, in communication with the Administrative Medical Officer, British Forces, of the Circle, and should be made to correspond with the instructions for movement and embarkation received from the Quartermaster-General. Supplementary Invaliding boards should only be permitted in cases of proved emergency and with the special approval of the Surgeon General.

4. The divisional and district military and medical authorities will arrange for the examination of men on detachment, or of corps at out-stations.

5. Officers commanding detachments and convalescent and other depôts will place themselves in direct communication with the officers commanding the regiments of such men as may be invalided, with a view to ensure accuracy in their documents

and accounts. This must be done in good time in order that all claims and other matters may be settled before the men leave the depôts, and the places at which the detachments may be stationed for the port of embarkation. The rule directing the settlement of all claims before the men leave their regiments, applies equally to invalids from depôts and detachments.

6. W. O. Form 821A (for India only), "Return of Invalids," will be employed in the preparation of all nominal returns of invalids.

7. This return will be prepared in duplicate by the officer in medical charge, and signed by himself and the officer commanding prior to its submission to the Invaliding Board. At hill depôts, separate returns are required for each corps. In the case of Insanes separate returns are required for each individual.

The Invaliding Board will fill up the column for discharge or change of climate, and the two copies will be thereafter certified by the Administrative Medical Officer of the circle and countersigned by the officer commanding the station.

One copy will be handed to the officer proceeding in medical charge of the invalids to Deolali. He will be careful to enter in this nominal list any changes that have occurred during the journey. This copy will be delivered to the Medical Officer of the Deolah Depôt, and by him retained as a record as long as it may be considered necessary.

The duplicate copy will be transferred by the President of the Invaliding Board to the regimental or depôt military authorities, for their information, and for despatch by post to Deolali, as directed in the Discharge Order. This copy of the return of Invalids will be retained by the Commandant of the depôt until the close of the trooping season, and afterwards transferred to the Surgeon-General, Bombay, for record in his office. In the case of Invalids from Burmah the duplicate copy of W. O. F. 821A will be sent by post to the Commandant, Poonamallee Depôt, with the other discharge documents. In addition to the above, no other station return of invalids will be necessary.

8. The Commandant at Deolali will cause a continuous Nominal Roll, in *duplicate*, of the invalids embarked in *each* troop-ship to be made out on this form, and handed to the officer in medical charge, to accompany the invalids to Netley; any casualty *en route* being duly recorded in the columns set apart for that purpose. One copy of each roll will be returned to India, when completed, to shew the final disposal of every invalid embarked. This roll is the only nominal list of invalids which is required to be sent to England from this country.

9. The detailed Medical History, (W. O. Form 891) of every man invalided to England, will be made out by the regimental

medical officer in duplicate [in the case of insanes in triplicate,] and will be submitted to the Invaliding Board, who will ascertain that the information under each heading is complete, and, after filling in the remarks and finding, will countersign the return. The proceedings will thereafter be approved and signed by the Administrative Medical Officer of the circle. One copy, together with the Medical History Sheet, (W. O. Form 1143) will be handed to the medical officer proceeding in charge of the party to Deolali for transfer to the medical officer of the depôt. These documents will be afterwards entrusted to the medical officer proceeding to England in charge of the troop-ship,* and will finally be handed over by him to the Principal Medical Officer at Netley, along with the troop-ship Nominal Rolls alluded to in para. 8. The duplicate copy will be transferred to the officer commanding the regiment for attachment to the "Proceedings of the Regimental Board" (W. O. Form 33.) In the case of invalids who are eligible under the regulations, and who may elect to proceed to the colonies or to remain in India, one copy only of this return will be required for each man. This copy after being signed by the Invaliding Board and by the Administrative Medical Officer, British Forces, of the Circle, will be forwarded, together with the man's Medical History Sheet, through the military authorities to officers commanding regiments, to be transmitted with the proceedings of Regimental Boards, &c., to the Adjutant-General's Office at Fort St. George.

10. The number of invalids, whom it may be proposed to bring before the Annual Invaliding Board from head-quarters of corps and from detachments, will be intimated to the Surgeon-General, Fort St. George (marked "Statistical") by the officer in medical charge. The numbers to be invalided from Convalescent depôts, shown under each separate corps, will in like manner be communicated by the officers in medical charge of those depôts to the Surgeon-General, in order that the necessary invaliding forms may be sent to them direct.

11. The Administrative Medical Officers presiding over divisional or district boards will be furnished with the general and other necessary returns on application being made as directed above.

12. Further instructions for the guidance of divisional Invaliding Boards will be issued by the Surgeon-General, British Forces.

13. As soon as invaliding medical boards have completed their

---

* It is of the greatest importance that all medical documents of invalids should be handed over to the medical officer in charge *immediately on embarkation.*

sittings, the Administrative Medical Officer of the circle will prepare, in duplicate, a numerical return of the invalids, which he will forward to the General Officer Commanding the division or district for early transmission to the Quartermaster-General of the Army, Fort St. George. Forms of this return will be supplied from the Surgeon-General's Office, Fort St. George.

14. Invalids, who are so seriously ill as to be unable to embark or bear the voyage for which they were designated, will be detained at Deolali until the sailing of the last troop-ship, and if the medical authorities then consider it absolutely necessary that they should proceed to England by the Cape route, His Excellency the Commander-in-Chief of the Bombay Presidency will order passages in private vessels to be provided for them.

15. The invaliding of military insanes will be carried out by special medical boards assembled under the approval of the Surgeon-General, British Forces, and at as early a date before the commencement of the cold weather as possible, to enable provision to be made for their passages. Recommendations made by medical boards for the removal of insanes to a Lunatic Asylum, require the special approval of the Surgeon-General before the men are allowed to leave their stations.

The invaliding documents of insanes should be endorsed with the word "Insane" in *red ink*, in the upper right hand corner, and should be forwarded to the Commandant, Colaba Depôt, instead of being taken or sent on to Deolali, as directed in the case of other invalids. Insanes will be admitted when necessary into the Colaba Asylum on the order of the Surgeon-General, British Forces, Bombay.

The certificates alluded to in G. O. C. C. No. 112, dated 15th December 1873, p. 476, and No. 27, dated 12th March 1875, p. 39, will invariably accompany the insanes.

16. The instructions contained in the Annual Discharge order are to be followed so far as they apply to invalids; any subsidiary order necessary in furtherance of the foregoing arrangements being issued by General Officers commanding divisions and districts.

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,
Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, BANGALORE,
10*th October* 1877.

The Commander-in-Chief directs the publication of the annexed Returns of the Annual Musketry Practice of the British and Native troops in the Madras Presidency, for the course 1876-77.

I. *Cavalry.*—In the European Cavalry, (14th King's Hussars) 350 men have been trained, but whether with improved results it is difficult to say, as the practice was dispensed with last year, in consequence of the Regiment moving to India. The percentage of non-exercised men is very high owing to the number of men in hospital during the period for executing the annual course.

2. In the Native Cavalry, 2nd Regiment, 193 men have been exercised, showing an improvement of 6·12 points on the figure of merit of last year, and the percentage of non-exercised men is very satisfactory.

The following Regiments were not trained :—
1st Regiment L. C. and4th Regiment (P.W.O.) L. C.

II. *Infantry.*—In the European Infantry, 6,501 or 445 more than last year have been exercised, but no comparison can be instituted with the shooting of the preceding year, as the targets and distances have been altered.

2. In the Native Infantry 19·558 men have been trained with an improvement of 6·38 points in the figure of merit of the previous year.

The following Regiments were not exercised, or only partially so :—
F Company (Queen's Own) Sappers and Miners.
15th, 21st, 24th, 28th and 38th N. I.

3. The results of the shooting with the Snider Enfield are on the whole satisfactory, the figure of merit of the best regiment this year being 11·62 points higher than the best regiment of last year.

4. The returns, registers and summaries have, with a few exceptions, been kept with care and accuracy.

5. The best shooting Regiment of European Infantry is the 48th Foot with a figure of merit of 76·73, and of Native Infantry, the 17th Regiment with a figure of merit of 104·11, or "very good."

6. The best shot in the European Infantry with the Martini-Henry Rifle is Private Swanborough, 33rd Foot, and with the Snider Rifle, No. 117, Corporal Smith, 43rd Light Infantry.

7. The best shot of the Native Army with Snider is No. 1054, Private Appleswamy, 23rd Regiment W. L. I., and with the Enfield Rifle, No 2792, Private Ummanah, 30th Regiment.

III. The results of the course are generally satisfactory, and Sir Neville Chamberlain is much gratified to learn that the European Officers have, as a rule, carefully and zealously discharged their arduous duties.

Separate communication will be addressed to Officers commanding Divisions and Districts, &c., on certain details in the Chief Inspector's Report which call for notice, also the expression o His Excellency the Commander-in-Chief's approval of the manner in which the course has been conducted, will be conveyed to the Chief Instructor, who will notify the same to the Deputy Assistants Adjutant-General of circles.

REMARKS.

The Court did its duty in awarding a severe sentence for conduct so unbecoming to a Native Officer.

I have commuted the sentence because of the Jemadar's long service of 38 years, because his Father and Grandfather served in the Regiment, and because it is evident that he was never fitted to be raised to the position of a Native Officer. The Pension Establishment, and not a commission, was obviously the proper reward for long service with a man of this description.

(Signed) NEVILLE CHAMBERLAIN, Lieut.-Genl.,
Commander-in-Chief.

BANGALORE, 29th October 1877.

The period of suspension awarded Jemadar Abdoolah Khan, 23rd Regiment L. I., is to commence from the date of promulgation of this order at Bangalore, which is to be reported to the Adjutant-General.

The foregoing extract to be read to all Native Troops in the Madras Army.

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,
Adjutant-General.

ABSTRACT.

Best Batteries.

9-pdr. M. L. R. Guns, E. Battery 6th Brigade (late E Battery 20th Brigade) Royal Artillery.

S. B. Guns and Mortars, No. 8 Battery 8th Brigade (late No. 1 Battery 5th Brigade) Royal Artillery.

Best Shots.

Gunner H. Whitehead, E Battery 6th Brigade (late E Battery 20th Brigade) Royal Artillery.

Acting Bombardier H. Williams, No. 11 Battery 8th Brigade (late No. 4 Battery 5th Brigade) Royal Artillery.

Of the ties amongst the marksmen who practised with 9-pdr M. L. R. Guns:—

52 *Points.*—Gunner Thayer wins the 1st place by scoring it in 96 seconds sooner than Gunner Lane.

44—*Points* Gunner Morey wins the 1st place by scoring it in 200 seconds; Gunner Houson the 2nd place by scoring it in 212 seconds; and Gunner Stewart stands 3rd as scoring it in 295 seconds.

40. *Points.*—Gunner Freeman wins the 1st place by scoring it in 110 seconds; Gunner Gracey the 2nd place by scoring it in 144 seconds; and Gunner Barlow falls to the 3rd place as scoring it in 165 seconds.

These results show that, with a few exceptions, the shooting of the Horse and Field Batteries was not quite so good as in 1876; while that of the Heavy Field, Mountain, and Garrison Batteries was generally better.

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
4th December 1877.

With reference to recent orders on the subject of Field Firing, the Commander-in-Chief desires that ground for the execution of this practice, which is to be carried out annually by the drilled Soldiers of both Cavalry and Infantry (European and Native), is to be looked for within a radius of ten miles of every cantonment; and the practice executed under the orders of Officers commanding Stations at the period of the year it can be best performed with regard to the weather and the state of the crops, without any reference to the Annual Course of Musketry.

2. His Excellency wishes the practice to be carried out by entire brigades or divisions when possible, and that in the reports for the year a summary of which will be published in General Orders, it should be stated up to what distance the fire of the Martini-Henry has been found effective against troops in position, exposed to view, or sheltered behind rising or other ground. In the first stage fire might be opened from the extreme practical range for the Martini-Henry not exceeding 1,800 and the Snider 1,200 yards to about 600 yards, but the distance will of course depend on the nature of the ground and the degree of skill the troops have acquired in the use of their rifles.

3. All corps are to parade as strong as possible for this exercise, but, as the number available to turn out is always short of the complete strength, 20 rounds per man in the Native Infantry and 10 in the Cavalry will be generally found to be available.

By order of His Excellency the Commander-in-Chief,

FRED. JEBB, Brigadier-General,
Adjutant-General.
