The following extract from General Orders, by His Excellency the Commander-in-Chief in India, is republished :—

Adjutant-General's Office, Simla, 11th January 1879.

The Commander-in-Chief has this day received from Lieutenant-General D. M. Stewart, C.B., the announcement of the occupation of Kandahar by the troops under his command.

2. Sir Frederick Haines congratulates the Army on the accomplishment of the several projects entrusted to its generals.

3. The capture of Ali Musjid, and of the Khaiber Pass, was followed by the defeat of the Affghan Army on the Peiwar heights, at no great distance from the capital; by the occupation of Jellalabad, the Koorum and Peisheen valleys; and of Kandahar, the western capital.

4. These ends have not been attained without great hardship and exertion on the part of officers and men, who have throughout, by their discipline and courage, maintained the reputation of the Army of India; and by their bearing responded to the will of Government, that at the outset declared war to be waged against the ruler, and not the people of Affghanistan.

5. Should further exertion be required from the troops, His Excellency feels confident that the call will be eagerly welcomed by every soldier in Her Imperial Majesty's Army.

His Royal Highness the Field Marshal Commanding-in-Chief having approved of the proposed exchange between Captain A. T. Leslie, 3rd Foot, and Captain W. P. B. Brereton, 89th Foot, being withdrawn, G.O.C.C.* dated 4th October 1878, page 528, notifying the same, subject to approval, is hereby cancelled.

ADJUTANT GENERAL'S OFFICE,
FORT ST. GEORGE,
13*th March* 1879.

The following general order by His Excellency the Commander-in-Chief in India, is republished :—

Adjutant-General's Office, Simla, 25th February 1879.

At a General Court Martial assembled at Nowgong, on the 28th day of January 1879, No. 549, Ramadoo, No. 348, Mootoosawmey, No. 234, Solamully, No. 276, Permaloo, No. 182, Gumbiah, and No. 108, Verasawmey, Privates 20th Regiment Madras Native Infantry, were arraigned on the following charge :—

CHARGE.

With conduct to the prejudice of good order and military discipline, in having, at Nowgong, on the twelfth day of December 1878, on the occasion of the promulgation on parade of their commanding officer's orders relative to the non-distribution of hutting and cart fund money, acted in a grossly insubordinate manner, immediately on the parade being dismissed, by objecting in a disorderly manner to the orders of their commanding officer, and in having at the same time, on the occasion of Private Goonniah being confined for refusing to receive the before-mentioned orders of the commanding officer, gone in a body to the detachment quarter guard, saying they would be confined with Goonniah ; and in having incited others of the company to behave with like insubordination, and in having demanded the release of the aforesaid Private Goonniah.

FINDING.

The Court finds that the prisoner, No. 182, Private Gumbiah, of the 20th Regiment Madras Native Infantry, is not guilty of the charge.

(Signed) MAHOMED COSSIM, Subadar Major,
Sirdar Bahadoor, 3rd Madras Cavalry,
President.

NOWGONG,
29*th January* 1879.

FINDING.

The Court finds that prisoners, No. 549, Ramadoo, No. 348, Mootoosawmey, No. 234, Solamully, No. 276, Permaloo, and No. 108, Verasawmey, Privates 20th Regiment Madras Native Infantry, are guilty of the charge.

SENTENCE.

The Court sentence the prisoners, No. 549, Ramadoo, No. 348, Mootoosawmey, No. 234, Solamully, No. 276, Permaloo, No. 108, Verasawmey, Privates 20th Regiment Madras Native Infantry, each to suffer a corporal punishment of fifty (50) lashes.

(Signed) MAHOMED COSSIM, Subadar Major,
Sirdar Bahadoor, 3rd Madras Cavalry,
President.

NOWGONG,
29*th January* 1879.

The finding is approved and confirmed as regards Private Gumbiah; and as regards the other prisoners, with exception as to the last part of the charge, alleging incitement to others of the company and the demand for the release of Private Goonniah.

The sentence I confirm, but cannot approve of. It is unsuitable in its nature and inadequate in its results; for it would have the effect of permitting to remain in the army men who have been convicted of combining in an insubordinate attempt to oppose and set aside the lawful orders of their commanding officer, an offence which renders them utterly unfit to remain

with the colors. I therefore commute the sentence to one of dismissal from the service.

Commander-in-Chief in India.

The following Home order, dated the 1st April 1879, is republished for information and guidance:—

Horse Guards' G.O. 54—Compulsory Attendance of Soldiers at School.

The standard of qualification for a soldier's fourth class certificate of education having been slightly raised, section 9, para. 23, of the "Queen's Regulations and Orders for the Army, 1873," is hereby altered as follows:—

23. It is important that the soldier should be able to read and write, and keep his accounts, as well as be acquainted with his drill. Without such acquirements he cannot look for promotion, and is deprived of the interest and improvement derivable from the libraries placed within his reach.

Every soldier, therefore, after he has been drilled for two months, is to be required to attend the regimental school until he is in possession of a fourth class certificate. Where, however, soldiers are retained at brigade depôts beyond two months, this compulsory attendance at school will be deferred until they join their regiment, except when owing to both battalions being on foreign service, special permission may be given for carrying it out at the depôt. Those recruits who can obtain a fourth class certificate at the first examination after they have joined may be exempted from compulsory attendance at school.

23*a*. Commanding officers, however, may recommend to general officers in command, for approval of their relief from further attendance, all private soldiers who, after regular attendance for two years, are unable to obtain the certificate, provided that they are reported by the regimental schoolmaster to have been well-behaved and attentive in school.

The names of men so relieved from attendance are to be reported with the transmission of the ordinary monthly school report.

23*b*. No uncertificated soldier, of less than two years' service, is to be employed in any capacity which interferes with his regular attendance at school.

REMARKS.

The prisoner has been found guilty of several acts of most insubordinate defiant conduct. His character is very bad; he has passed nearly half the period of six years since enlistment in imprisonment with hard labour; his name has been recorded in the defaulters' book nine times for the crime of drunkenness; and he has already been twice sentenced to be dismissed with ignominy.

For the reasons set forth in my Remarks, lately published in my General Orders in the proceedings of another Court Martial, the whole of the penal servitude awarded to the prisoner, will, with the sanction of Government, be undergone in India.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
Madras Army.

OOTACAMUND,
30*th July* 1879.

The prisoner is to be sent to the Presidency under an escort, and delivered over to the custody of the Civil power.

The foregoing extract to be read to all European Troops in the Madras Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
29th September 1879.

The following extract from general orders by His Excellency the Commander-in-Chief in India, is republished :—

Head Quarters, Simla, 29th August 1879.

With the sanction of Government, the Commander-in-Chief is pleased to direct that men enlisted under Acts other than that of 1870, and who have not re-engaged under that Act, of the regiments named in the margin, under orders to return to England, and who are desirous of extending their service in India, may be allowed to volunteer to any of the following regiments :—

3rd Hussars.
15th ,,
1-5th Foot.
1-14th ,,
59th ,,
73rd ,,

From the 3rd and 15th Hussars.

To 6th Dragoon Guards, 8th Hussars, 9th Lancers, 12th Lancers, 13th and 14th Hussars.

From Infantry regiments.

To 2-2nd Foot.	To 2-15th Foot.	To 44th Foot.
2-6th ,,	1-17th ,,	48th ,,
2-7th ,,	2-17th ,,	51st ,,
2-9th ,,	1-21st ,,	62nd ,,
2-13th ,,	39th ,,	72nd ,,
2-14th ,,	43rd ,,	100th ,,

2. The numbers that may be received by each regiment will be communicated by letter from the Adjutant-General, but regiments for England cannot be reduced below one half of the Indian establishment of all ranks, in addition to the probable number of invalids.

3. Infantry soldiers must volunteer for the brigade to which the regiment they select belongs; but they will be posted for duty to the battalion in India which they wish to join.

4. His Excellency the Commander-in-Chief in Bombay is requested to be good enough to issue the necessary orders for the volunteering of the 3rd Hussars and 1-14th Regiment.

5. The volunteering of the 15th Hussars, and 1-5th, 59th and 73rd regiments will be carried out in accordance with paras. 2598 to 2602,* Bengal Army Regulations, as altered by G.O. 160 of 1873, 34 and 208 of 1874, 120 and 349 of 1875 and 73 of 1878.

6. The following conditions of service and character disqualify any soldier, who has not been in possession of a good conduct badge for six months, from volunteering:—

(*a.*) If above forty years of age, unless declared by a medical board to be physically fit for, and capable of performing, a soldier's duty in the East Indies.

(*b.*) If within the last three years he has six entries in his Company Defaulter Sheet for drunkenness, or its equivalent, absence without leave.

(*c.*) If whithin the last three years he has been convicted by court martial for any offence.

(*d.*) If within the last three years he has been twice punished for disrespect to his superiors, or disobedience of orders, or violent behaviour.

(*e.*) If within the last three years he has been entered three times in the Regimental Defaulters' Book, or eight times in the Company Defaulters' Book.

(*f.*) If at any time during his career he has been convicted of disgraceful, or fraudulent conduct, or desertion.

Superintending officers will be held personally responsible for any neglect of these instructions, or for permitting a soldier to volunteer who is not entitled, under regulations, to do so. Doubtful cases will be referred to the general officer commanding the division or district, whose decision will be final.

7. The 1-6th Foot, under orders for Aden, will volunteer to such extent as will not reduce the strength of the regiment below 515 men, exclusive of invalides and time-expired men. Preference will be given to married men. In the case of there not being a sufficient number of volunteers to reduce the corps to this strength, short service men, with more than two years to serve, will be transferred to the second battalion of the regiment.

8. Men on, or probationers for, the Unattached List, borne on the rolls of the corps returning home, who may be desirous

of continuing in their staff situations, can volunteer only to regiments serving in their own presidencies.

9. Clauses VI and VI (*a*), paragraph 2598,* Bengal Army Regulations, are not applicable to soldiers enlisted or re-engaged under the Enlistment Act of 1870, who will be dealt with as follows, with regard to the liability of all to be transferred from one battalion to another of the brigade to which they belong; and of short service men, having more than two years of their period of army service to serve, to be transferred to any other brigade.

(*a*) Men enlisted for 12 years or re-engaged, under the Act of 1870, before the 25th April 1872 at home, or before the 14th March 1873, in India, are exempted from transfer, excepting with their own consent when they may be transferred to either the linked battalion, or to any other brigade, having a battalion open to receive volunteers.

(*b*) Men enlisted for 12 years, or re-engaged under the Act of 1870 after the 25th April 1872, at home, or after the 14th March 1873 in India, are, if required, to be transferred to the linked battalion, if it is serving in India, or coming to India, with the exception of non-commissioned officers, musicians, artificers and men transferred to serve with relations who are exempted from transfer except at their own request.

(*c*) Men of short service having only two years or less to serve will accompany their battalions.

(*d*) Men of short service, having more than two years to serve, will be transferred to the linked battalion if it is serving in or coming out to India; the same exception being allowed with regard to non-commissioned officers, &c., as in clause (*b*); when the linked battalion is not available, these men may be transferred to such brigades having a battalion serving in India as will hereafter be directed.

In no case are non-commissioned officers to be so transferred in a greater proportion than one in every ten soldiers transferred.

The numbers of men to be transferred from each battalion will be communicated hereafter.

10. The cost of new uniform, change of facings, &c., necessitated by change of regiment, of men enlisted under the Act of 1870, who may be transferred to regiments remaining in India, will be borne by the State.

---

* 2790, Madras Army Regulations.

11. The practice which appears to have existed, of issuing to volunteers old great coats and marching equipment, is prohibited, and the men will take to their new corps the articles of which they had previously been in possession.

Rolls of such of these men as may be desirous of joining the Viceroy's band, are to be sent to the Adjutant-General's office, Simla, as soon as the volunteering is completed. If there are no volunteers, blank returns to be furnished.

3. The drafts from Cannanore to be sent by sea to Bombay and thence to Deolali.

4. All insanes to be sent to the Lunatic Asylum at Colaba under suitable escort, the escort to be composed of time-expired men, who should afterwards proceed to Deolali.

5. Time-expired and other drafts should be despatched from their stations so as to arrive at Deolali ten days before embarkation.

6. Timely notice of all movements must be given by the General Officer Commanding the Division or District from which the troops proceed to the General Officer Commanding the Division or District through which they will pass *en route*, in view to the necessary arrangements being made for their reception and onward progress. Intimation of the arrangements made should also be sent to the Quartermaster-General some time previously.

7. As much inconvenience is caused by troops taking with them to Bombay a large amount of baggage in excess of Regulation, General Officers are requested to call the special attention of Officers proceeding in command of troops to the Regulations on the subject (*vide* Appendix).

8. In view to obviating the inconvenience often experienced by widows, women unaccompanied by their husbands, and orphan children, on arrival at Portsmouth, owing to their baggage labels being placed in the wrong railway trucks, "Red star" paper labels for their boxes will be provided at Deolali and Bombay. On disembarkation all boxes, &c., labelled with the red star will be collected in one place and subsequently distributed to the owners.

9. Returns and Nominal Rolls of time-expired and men for discharge with ignominy should be forwarded by corps to Divisional Staff Officers, Quartermaster-General's Department, as soon as possible so that general rolls may be compiled and forwarded to the Quartermaster-General's Office, Fort St. George, so as to reach about three weeks before the date of embarkation.

11. Immediately on the departure of troops from their respective stations, General Officers Commanding Divisions, Forces and Districts are requested to send to the embarkation depôt a detailed Return of the drafts proceeding to Deolali for embarkation. Printed forms of the returns will be furnished by the Quartermaster-General.

APPENDIX.

Referred to in paragraph 7.

G.O., DATED 15TH SEPTEMBER 1873.

G.O. 290.—*Transport—Baggage.* (Quartermaster-General.)

The Commander-in-Chief finds it necessary to call the strictest attention of all officers and others provided with passages in Her Majesty's troop-ships to the regulations as per margin, limiting the amount of baggage to be embarked in those vessels, and more especially as regards its cubic measurement, cases having occurred in which, though the *weight* of baggage taken to the troop-ship was within the limit allowed, its admeasurement was so much in excess that space could not be found in the baggage-room for a great portion, which had to be left behind at the last moment, to the very serious loss and inconvenience of regiments and individuals.

Transport Regulations, Part I, paragraphs 127 and 128. (Revised Regulations, paragraphs 134 to 142.)

Commanding Officers of corps and detachments about to embark will, before the troops leave their original stations, cause the whole of the baggage intended to be embarked to be carefully packed and collected in their barrack square, and actually measured.

Only such baggage, the measure of which comes within the regulated allowance, and which should be entered in a return as per form A annexed, should be sent for embarkation.

Each case for embarkation should be marked in paint T. S. (troop-ship) in large letters, and the whole be kept quite distinct from any other baggage which may be taken with the troops to Bombay for shipment under private arrangement.

As troops embark direct from the Railway terminus in Bombay, the baggage arriving for embarkation cannot be measured there; but as an additional precaution and check against any excess being taken to the troop-ship, it will be finally measured at the last military station where the troops take train for Bombay, under the orders of the local Commanding Officer (unless

the Officer Commanding the troops is senior, in which case he himself will see the measurement carried out), and none but the regulated allowance will then be loaded in the vans for embarkation; other baggage for shipment under private arrangement being placed in separate vans, which are to be marked accordingly.

Return A will be sent through General Officers commanding divisions and districts (who will cause the same to be carefully checked according to the regulations) to the Brigadier-General Commanding Bombay District, so that it may reach him not less than three days in advance of the troops' arrival at Bombay.

Individual officers embarking will have their baggage measured at Bombay under the orders of the officer superintending the embarkation.

G.O., DATED 18TH DECEMBER 1873.

G.O. 387.—*Transport—Baggage.* (Quartermaster-General.)

In continuation of G.O. 290 of 1873, individual officers embarking in Her Majesty's Indian troop-ships are cautioned to send their heavy baggage to the Carnac Bunder troop-shed at Bombay, two days prior to that named for the sailing of the troop-ship, in order that it may be weighed, measured and embarked under the orders of the Quartermaster-General's Department.

2. Baggage not so sent will run the risk of being rejected by the troop-ship authorities.

Every woman or widow, one box and one canvas bag, or every woman or widow, the mother of one child under 10 years of age, one box and one canvas bag.

Every woman or widow with one child over, or two children under, 10 years of age, one box and two canvas bags, and for every other child one canvas bag.

Widowers with children will be allowed a box in addition to their own canvas bag and knapsack for one child, and for every other child one canvas bag.

The boxes (2 feet × 1 foot 6 inches × 1 foot 2 inches external dimensions, and not exceeding, when empty, 40 lbs. in weight) are taken into the women's quarters, the bags (2 feet 2 inches × 1 foot 10 inches × 6 inches) are stowed in the baggage-room. The measurement of the bag, when packed, is on no account to exceed 2 cubic feet.

When proceeding with troops to garrison a station (such as Aden), each woman is allowed $2\frac{1}{10}$ additional cubic feet, and each child the same for bedding, which is also stowed in the baggage-room.

Clauses 6 and 7 of para. 142 of Revised Transport Regulations, Part I.

G.G.O. 1090 of 1876.

Time-expired men and invalids proceeding to England in Her Majesty's Indian troop-ships, from Infantry regiments equipped with valises, will be provided on arrival at Deolali depôt with a knapsack each at the public expense, for use on boardship.

These knapsacks will be treated as articles of necessaries, and, on arrival of the men in England, will be given up for re-issue to drafts coming out to India; who will, in like manner, return them into store at the Deolali depôt for re-issue as required.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
6th November 1879.

Officers commanding divisions and districts will be pleased to assemble invaliding boards at stations within their respective commands occupied by British troops, to examine all men whom it is proposed to invalid. The Administrative Medical Officer, British Forces, of the circle, will invariably sit as President.

2. Medical boards, when invaliding men who have been enlisted in India and are not desirous of leaving the country, will refrain from recommending them to be sent to England.

3. These boards will assemble at all stations in the command including hill depôts, in December 1879. At Wellington a board will assemble for a second time at a date as near as possible to the sailing of the last troopship of the season, and will be guided by the instructions laid down in G.O.C.C. dated 12th December 1872, page 431. The exact dates will be fixed by officers commanding divisions and districts, in communication with the Administrative Medical Officer, British Forces, of the circle, and should be made to correspond with the instructions for movement and embarkation received from the Quartermaster-General. Supplementary invaliding boards should only be permitted in cases of proved emergency and with the special approval of the Surgeon-General, who should be furnished with particulars regarding the men proposed to be invalided, and an explanation as to why the men in question were not brought before the usual invaliding committee.

4. The divisional and district military and medical authorities will arrange for the examination of men on detachment, or of corps at out-stations.

5. In the case of the regiments and batteries which may move in relief prior to the assembly of the invaliding boards, the men proposed for invaliding will be left behind in the division or district from which the corps proceeds, to be brought before the

invaliding board in December under such arrangements as the local authorities may determine.

6. Care is to be taken that all documents connected with such men are completed, as far as possible, prior to the march of their regiment or battery, and handed over, the military documents to the officer commanding, and the invaliding and medical documents to the officer in medical charge of the regiment or battery, to which they may be temporarily attached. In the event of there being no regiment or battery at the same station to which the invalids can be attached, the military documents should be made over to the officer detailed to proceed to the port of embarkation with the men. If none such is available, an experienced subaltern must be left behind to command the party and take charge of those documents; and proper arrangements made in communication with the divisional authorities for the medical charge of the detachment, and the custody of the medical documents of the invalids.

7. Officers commanding and in medical charge of detachments and convalescent and other depôts, will place themselves in direct communication with the regiments of such men as may be invalided, with a view to ensure accuracy in their documents and accounts. This must be done in good time, in order that all claims and other matters may be settled before the men leave the depôts, and the places at which the detachments may be stationed for the port of embarkation. The rule directing the settlement of all claims before the men leave their regiments, applies equally to invalids from depôts and detachments.

8. W. O. F. 821-A. "Return of Invalids," will be employed in the preparation of all nominal returns of invalids.

9. This return will be prepared in duplicate by the officer in medical charge, and signed by himself and the officer commanding prior to its submission to the invaliding board. At convalescent depôts, separate returns are required for each corps. In the case of insanes separate returns are required for each individual.

The invaliding board will fill up the column for discharge or change of climate, and the two copies will be thereafter certified by the Administrative Medical Officer of the circle, and countersigned by the officer commanding the station.

One copy will be handed to the officer proceeding in medical charge of the invalids to Deolali. He will be careful to enter in this nominal list any changes that have occurred during the journey. This copy will be delivered to the medical officer of the Deolali Depôt, and by him retained as a record as long as it may be considered necessary.

The duplicate copy will be transferred by the president of the invaliding board to the regimental or depôt military authorities,

for their information, and for despatch by post to Deolali, as directed in the discharge order. This copy of the return of invalids will be retained by the commandant of the depôt until the close of the trooping season, and afterwards transferred to the Surgeon-General, Bombay, for record in his office. In the case of invalids from Burmah the duplicate copy of W. O. F. 821-A will be sent by post to the commandant, Poonamallee Depôt, with the other discharge documents. In addition to the above, no other station return of invalids will be necessary.

10. The commandant at Deolali will cause continuous nominal rolls, in *duplicate*, of the invalids embarked in *each* troop ship to be made out on this form, one set for men of the Royal Artillery, and one set for all other troops. These will be handed to the officer in medical charge, to accompany the invalids to England, any casualty *en route* being duly recorded in the columns set apart for that purpose. These rolls are the only nominal lists of invalids required to be sent to England from this country.

11. The Detailed Medical History (W. O. F. 891) of every man invalided to England, will be made out by the regimental medical officer in duplicate [in the case of insanes in *triplicate* to each copy of which will be attached the statement of case (W. O. F. 891-A), the third copy being for despatch by post to the Surgeon-General, British Forces, Fort St. George], and will be submitted to the invaliding board, who will ascertain that the information under each heading is complete; and after filling in the remarks and finding, will countersign the return. The proceedings will thereafter be approved and signed by the Administrative Medical Officer of the circle. One copy, together with the Medical History Sheet (W. O. F. 1143,) will be handed to the medical officer proceeding in charge of the party to Deolali for transfer to the medical officer of the depôt. These documents will be afterwards entrusted to the medical officer proceeding to England in charge of the troopship.* The duplicate copy will be transferred to the officer commanding the regiment for attachment to the "Proceedings of the regimental board" (W. O. Form 83).

In the case of invalids who are eligible under the regulations, and who may elect to proceed to the colonies or to remain in India, one copy only of this return will be required for each man. This copy after being signed by the invaliding board and by the Administrative Medical Officer, British Forces, of the circle, will

---

* It is of the greatest importance that all medical documents of invalids should be handed over to the medical officer in charge *immediately on embarkation.*

be forwarded, together with the man's Medical History Sheet, through the military authorities to officers, commanding regiments, to be transmitted with the proceedings of regimental boards, &c., to the Adjutant-General, Fort St. George.

12. Forms for invaliding will be obtained from the Surgeon-General, British Forces, Fort St. George, in the usual manner.

13. Further instructions for the guidance of divisional invaliding boards, will be issued by the Surgeon-General, British Forces.

14. As soon as invaliding medical boards have completed their sittings, the Administrative medical officer of the circle will prepare, in duplicate, a numerical return of the invalids, which he will forward to the general officer commanding the division or district for early transmission to the Quartermaster-General, Fort St. George. Forms of this return will be supplied from the Surgeon-Generals' Office, Fort St. George.

15. Invalids, who are so seriously ill as to be unable to embark or bear the voyage for which they were designated, will be detained at Deolali until the sailing of the last troop ship, and if the medical authorities then consider it absolutely necessary that they should proceed to England by the Cape route, His Excellency the Commander-in-Chief of the Bombay Presidency will order passages in private vessels to be provided for them.

16. The invaliding of military insanes will be carried out by special medical boards assembled under the approval of the Surgeon-General, British Forces, and at as early a date before the commencement of the cold weather as possible, to enable provision to be made for their passages. Recommendations made by medical boards for the removal of insanes to a Lunatic Asylum, require the special sanction of the Surgeon-General before the men are allowed to leave their stations.

17. All invaliding documents of insanes will be endorsed with the word "Insane" in *red ink*, in the upper right hand corner, and will be disposed of as in the case of ordinary invalids excepting the duplicate copy of the return of invalids (W. O. F. 821-A,) which will be posted to the commandant of the Colaba depôt, instead of the Deolali depôt, accompanied by the admission order for the Colaba asylum by the Surgeon-General, British Forces, Fort St. George. A third copy of the Detailed Medical History (W. O. F. 891,) with statement of case (W. O. F. 891-A) —(see para. 11,) will be despatched to the Surgeon-General, British Forces, Fort St. George.

18. The instructions contained in the Annual Discharge order are to be followed, so far as they apply to invalids; any

subsidiary order necessary in furtherance of the foregoing arrangements being issued by general officers commanding divisions and districts.

By order of His Excellency the Commander-in-Chief.

"In reply to your letter No. 4446 D, dated 23rd September 1879, I am directed to state, for the information of His Excellency the Commander-in-Chief, that the Government of India are pleased to approve of His Excellency's proposal, that in the case of regiments under orders for service, and actually proceeding beyond the frontier, commanding officers may be permitted to arrange for having made up, regimentally, at a cost not exceeding $5\frac{1}{2}$ rupees per man, the necessary number of mirzaies or wadded coats of the description sanctioned for troops serving in the Peshâwar Valley, and provided for under the designation of "a suitable warm garment" in the new scale of clothing authorised in Military Department letter, No. 3888K, dated 13th September 1879, for troops and followers in Afghanistan.

2. "The Government of India also sanction a similar arrangement, within the same limit of outlay, as regards the provision

of poshteens in substitution for mirzaies, should the former be procurable in sufficient number and be preferred.

3. "To meet the case of regiments ordered into Afghanistan without sufficient warning to admit of the provision of the garments by the commanding officers, the Clothing Department will be instructed to make up 10,000 mirzaies and to despatch them to the frontier with the least possible delay."

---

2. With reference to the foregoing, the Commander-in-Chief desires that officers commanding will, when preparing their indents for the articles laid down in the new scale, duly consider and show in the requisitions (*a*) the number of the several articles of extra kit sanctioned under previous orders and already received, and (*b*) the numbers actually in possession and serviceable. The number required to complete the allotment in accordance with the scale now sanctioned is only to be demanded.

The supply of the poshteens and wadded coats to the troops (fighting men) is not, if possible, to be mixed; that is, a regiment or battery should be wholly clothed with either all poshteens or all wadded coats.

In addition to the Articles of Warm Clothing named above the Government of India have also sanctioned—

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
9th December 1879.

The Commander-in-Chief directs the publication of the annexed Returns of the Annual Musketry Practice of the British and Native Troops in the Madras Presidency for the Course 1878-79.

I. *Cavalry.*—In the British Cavalry (14th Hussars) 374 men have been trained, showing an improvement of 9·25 points per man on the figure of merit last year, which may be attributed partly to their shooting with a better arm, the Martini-Henry, and partly to the greater interest taken in the training by all ranks.

The results of the dismounted practice with horses are satisfactory, the average being 7·02 points per man, as compared with 6·74 of the best Cavalry Regiment at home.

The percentage of non-exercised men is excessive, owing principally to the number of men invalided and time-expired, and to those at Wellington not being trained.

The 12th Lancers have only lately been armed with the Carbine, and will in future be required to go through the Annual Course.

In the Native Cavalry 324 men were exercised for the first time with the Snider Carbines, the remainder, not having received their arms in time for the Annual Course, did not go through their practice.

II. *Infantry.*—In the British Infantry 4,479 or 1,814 less than last year have been exercised with satisfactory results.

This may be attributed to the 89th Regiment at Rangoon having no range to go through the course, and to the 67th Regiment leaving the Presidency having only completed the course of one wing.

In the Native Infantry 19,225 or 1,527 less than last year have been exercised with satisfactory results, showing an increase of 11·00 figure of merit on that of last year.

Part of this deficiency is owing to the range at Rangoon being declared unsafe.

The following Regiments were not exercised, or only partly so:—

1st, 2nd, and 4th L.C., 89th, and 3 Companies Sappers and Miners, and 24th Regiment N.I.

The returns, registers and summaries, with a few exceptions, have been kept with care and accuracy.

The best shooting Regiment of British Infantry is the 48th Regiment, with a figure of merit of 107·47, and of Native Infantry, the 29th Regiment, with a figure of merit of 94·45, Native Cavalry, the Body Guard, with a figure of merit of 33·99.

The best shot in the British Infantry is No. 848, Color, Serjeant R. Goodwin, 2nd Battalion 16th Regiment, and the best recorded shot in the Native Army is No. 1,762, Havildar Cossim Khan, 30th Regiment N.I., but doubts have arisen as to whether the practice in the 30th Regiment N.I. was properly conducted, and, on these grounds, the Commander-in-Chief in India has declined to allow Havildar Cossim Khan to receive the reward.

The best judge of distance amongst the Officers is Lieutenant W. Seton, 33rd Regiment, and in the Non-commissioned Officers and Men of the British Regiments is No. 1,581, Private W. Webb, 48th Regiment; and of the Native Army, No. 450, Havildar Vurtharajooloo, 9th Regiment N.I.

Field Firing was carried out at the stations of Palaveram, Bangalore, Secunderabad, Palamcottah, Quilon, Bellary and Vizagapatam, with satisfactory results.

The Commander-in-Chief regrets to learn that firing at moving objects does not receive the attention from Commanding Officers that it deserves. It is a most important practice, for, in the field, on coming into the presence of an enemy, firing at a moving object is one of the first duties a soldier is called upon to perform.

The results of the last annual practice may be considered generally satisfactory, and Sir Neville Chamberlain is much pleased to learn that the duties of the past Musketry Course have been as a rule carefully and zealously discharged by all entrusted with them.

This is the first year in which the duties of Instruction in Musketry have been entrusted to the Native Officers and Non-commissioned Officers; and the result has been to prove that they are, as a general rule, fitted to superintend this branch of their men's instruction. The exception to this rule is in the 11th Regiment N.I., in which the Commander-in-Chief much regrets to see that through the connivance of some of the Native Officers and Non-commissioned Officers, the Annual Practice was unfairly conducted, whereby the Commander-in-Chief in India withheld the Regimental prizes and also the whole of the prizes for A Company.

MADRAS,
19*th December* 1879.

REMARKS.

I usually decline to sanction sentence of Discharge with Ignominy in order to prevent bad soldiers from again fraudulently reentering the Army—but in the present case the Prisoner's age will preclude his readmission, and therefore I am willing to rid the service for good of so bad a character.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
Madras Army.

MADRAS,
19*th December* 1879.

The Prisoner is to be sent to the Presidency under an escort, and delivered over to the custody, of the civil power.

The foregoing extract to be read to all British Troops in the Madras Army.

By order of His Excellency the Commander-in-Chief.
