GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
15th January 1880.

The following general order by His Excellency the Commander-in-Chief in India, is republished:—

Adjutant-General's Office, Simla, 29th December 1879.

At a General Court Martial, assembled at Dorunda on Wednesday, the 3rd of December 1879, Jemadar Sheik Surver, 11th Regiment Madras Native Infantry, was arraigned on the following charge:—

CHARGE.

Conduct to the prejudice of good order and military discipline, in having, at Dorunda, between the 1st and 10th days of December 1878, when in charge of No. 3 and 4 sections of letter A Company 11th Regiment Madras Native Infantry, permitted the men of these sections, when performing the annual course of musketry, to fire in the first period of such course in a kneeling, instead of a standing position, he, Jemadar Sheik Surver, knowing this to be contrary to the Madras Musketry Regulations, paragraph 197.

FINDING.

The Court find, that the prisoner, Jemadar Sheik Surver, of the 11th Regiment Madras Native Infantry, is guilty of the charge.

SENTENCE.

The Court sentence the prisoner, Jemadar Sheik Surver, 11th Regiment Madras Native Infantry, to be placed at the bottom of the list of his rank.

(Signed) LALLAH, Subadar,
36th Regiment Native Infantry,
President.

DORUNDA,
8th December 1879.

CONFIRMED.

I have never met with a case in which fraud and apathy have been more mischievously mixed up with the performance of a military duty, than in this.

The gross misconduct of which the prisoner has been convicted has caused valuable prizes to be withheld from the army, bringing at the same time grave discredit on his own corps.

His defence shows the perfunctory manner in which he represents himself as having performed an important duty; for he affirms that while the men he was appointed to superintend were carrying out their practice, he himself was seated in a position from which he could not see what they were doing.

Jemadar Sheik Surver has escaped dismissal from the service, a punishment he well deserved, and has an opportunity of showing that he has become aware that a passive, apathetic performance of duty is not that which is required of him; and that a strictly honest application of the regulations of the service is incumbent on him.

The sentence involves substantial punishment, and I confirm it. Had it been more severe, I should have added my approval.

Commander-in-Chief in India.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
25th February 1880.

At a General Court Martial held at Rangoon on the 31st day of January 1880, No. 1517, Private Martin O'Brien, 89th Regiment, was arraigned on the following charges:—

CHARGES.

1st Charge.—Having, at Ross Island, Port Blair, on or about the 30th November 1879, been drunk.

2nd Charge.—Insubordination accompanied with personal violence, in having at Ross Island, Port Blair, on or about the 30th November 1879, used violence against Serjeant William Kay, 89th (Princess Victoria's) Regiment, by stabbing him through the left arm with a bayonet, the said Serjeant William Kay being his superior officer and being in the execution of his office.

FINDING.

The Court find, that the Prisoner, No. 1517, Private Martin O'Brien, 89th Regiment, is

Guilty of both the Charges.

SENTENCE.

The Court sentence the Prisoner, No. 1517, Private Martin O'Brien, 89th Regiment, to suffer penal servitude for the term of five years.

(Signed) W. A. CHEKE, Lieutenant-Colonel,

22nd Regiment M.N.I.,

President.

RANGOON,

31st January 1880.

Approved and Confirmed—but I commute the sentence to imprisonment with hard labor for two years.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
 MADRAS, *Madras Army.*

21st February 1880.

REMARKS.

I have commuted the sentence because, as remarked upon by the Court, had Serjeant Kay performed his duty by confining the Prisoner when he came drunk into his presence on the first occasion, namely, at 3-30 P.M., the crime on the second charge could not have been committed.

It is evident to me from the evidence recorded in these Proceedings, that Serjeant Kay has not at all times upheld the dignity of his position as Serjeant; and I request that the Commanding Officer of his Regiment will keep a strict watch over him in the future.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
 MADRAS, *Madras Army.*

21st February 1880.

The foregoing extract to be read to all British Troops in the Madras Army.

4th Charge.—Having, at Thayetmyo on or about the 22nd October 1879, whilst a prisoner in confinement in the Prisoners' Room attached to the Guard Room of his regiment, escaped from such confinement before being set at liberty by proper authority.

5th Charge.—Insubordination in having, at Thayetmyo on or about the 23rd October 1879, used insubordinate language to Color-Serjeant Francis Freeman of the 44th Regiment, his superior officer, in substance and to the effect following, that is to say, "Pass in my * breakfast; do you think we are a lot of * worsted men."

6th Charge.—Insubordination in having, at Thayetmyo on or about the 23rd October 1879, disobeyed the lawful command of Color-Serjeant Francis Freeman, 44th Regiment, his superior

7th Charge.—Insubordination in having, at Thayetmyo on or about the 7th December 1879, disobeyed the lawful command of Serjeant William Garrett, 44th Regiment, his superior officer, by not falling in with the rest of the prisoners in the Guard Room when ordered by the said Serjeant William Garrett to do so, saying at the same time "Go and * * *."

(Signed) J. W. ORR, Lieutenant-Colonel,

THAYETMYO,
20th February 1880.

Confirmed—But I commute the sentence to two years' imprisonment with Hard Labor.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
Madras Army.

MADRAS,
22nd March 1880.

REMARKS.

I commute the sentence because Lance Corporal Bolver, 43rd Light Infantry, ought not to have placed himself in the position to be struck by the prisoner.

There were no *unavoidable* circumstances to make it necessary for him to do so; and it is distinctly laid down in the Queen's Regulations that when a Non-commissioned officer has to confine a soldier, he should himself avoid in any way coming in contact with him except under unavoidable circumstances.

I notice that the prisoner is twenty-four years of age, has only three years and one month to count for service, and that his character is entered as very bad.

I advise young soldiers of bad character to bear in mind that, they will not be allowed to escape from the term of their enlistment by systematic acts of insubordination and misconduct—They had better serve in quarters to passing their life in jail.

The prisoner will undergo his imprisonment in the Rangoon Jail.

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
30th April 1880.

At a General Court Martial held at Rangoon, on the 6th day of February 1880, Jemadar Sheikh Madar, 23rd Regiment Madras Native Infantry, was arraigned on the following charge :—

CHARGE.

Being in a state of intoxication when on duty in command of a detachment of his regiment about to proceed to the Nicobars on board the S.S. *Satura*, in Port Blair Harbour, on 5th September 1879.

FINDING.

The Court find that the prisoner, Jemadar Sheikh Madar, 23rd Regiment Madras Native Infantry, is guilty of the charge.

SENTENCE.

The Court sentence the prisoner, Jemadar Sheikh Madar, 23rd Regiment Madras Native Infantry, to be placed four steps lower in the list of his rank.

REVISED SENTENCE.

The Court having attentively considered the observations of the Revising Officer, and the whole of the proceedings, do now revoke their former sentence and now sentence the prisoner, Jemadar Sheikh Madar, 23rd Regiment Madras Native Infantry, to be suspended from rank, pay and allowances for six months.

REMARKS.

The Court found the prisoner guilty of a most grave military crime, in defence of which no mitigating circumstances could be urged—and yet, in the first instance, it only sentenced the Jemadar to be placed four steps lower in the list of his rank.

2. The proceedings were returned to the Court for a revision of sentence, with a letter containing the following remarks:—

“Considering the Native Officer was on board on most important duty in command of a detachment, His Excellency does not think the Court have performed their duty in awarding so lenient a punishment; and further His Excellency observes that after finding the Jemadar guilty, without any mitigating circumstances, the Court, passing over two degrees of punishment—Dismissal and Suspension—have awarded almost the least possible to award, and which might practically result in no punishment at all, as promotion does not always go by seniority. The Commander-in-Chief fails to see how the character and discipline of the Madras Army can be maintained if Native Officers judge so grave an offence so leniently, and thus bring discredit on their character as Members of a Native General Court Martial.”

“His Excellency considers that a Native Officer in the position of Jemadar Sheikh Madar, found drunk and appearing before his Commanding Officer, when summoned, in flannel drawers and night cap, should have been sentenced to dismissal, and then any recommendation for mercy would have received due consideration.”

“The Commander-in-Chief therefore calls upon the Court to do their duty, and to leave the exercise of clemency to the confirming authority.”

3. Notwithstanding this decided expression of my opinion, the Court has, in its revised sentence, only awarded a punishment of six months' suspension from rank, pay and allowances. This sentence, if carried into effect, is practically to restore the Jemadar six months hence to a position of responsibility and trust which he has proved himself unworthy to hold.

4. The Jemadar was about to proceed to the Nicobar Islands in command of a detachment of his regiment. There he would have become his own commanding officer, and as such would have devolved upon him the maintenance of discipline and of the character of the army he represented. He became incapacitated for the performance of his duties before the ship left harbour, and when summoned on deck by the Commandant of his regiment, he appeared in a state of intoxication and in his night dress.

5. The Court has failed to discharge its duty by awarding a punishment altogether incommensurate with the offence committed; and by so doing it has acted in a manner injurious to discipline and to the future efficiency and character of the Native Army. I censure the Court for its dereliction of duty.

6. As the Court has failed to fulfil its obligation, I have no alternative left but to exercise the authority vested in me as Commander-in-Chief, and I hereby dismiss Jemadar Sheikh Madar of the 23rd Regiment Native Infantry from the service.

7. It cannot go forth to the Native Army that an officer can so grossly misconduct himself, and prove himself unworthy of trust, and still be considered qualified to hold a Commission—nor can it go forth to the Army that when a Native General Court Martial fails to do its duty, no means exist whereby offences can be punished and the discipline of the Army be maintained.

8. From the evidence adduced at the trial, it appears that the prisoner did not accompany his detachment to the ship, but went on board afterwards. The Commandant of the 23rd Regiment Native Infantry will explain why this irregularity took place.

9. My remarks on this trial are to be communicated to the Native Officers of the several Regiments who sat on the Court Martial.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,

5th July 1880.

The following general order by His Excellency the Commander-in-Chief in India, is republished:—

Head Quarters, Simla, 4th June 1880.

Instances having been brought to the notice of the Field Marshal Commanding-in-Chief, of officers being reported on War Office Form 1114 (now Army Form B 194,) as having qualified professionally and educationally for promotion, without due care having been taken to ascertain that they have passed all the requisite qualifying tests, the Commander-in-Chief in India has been desired by His Royal Highness to instruct commanding officers to report specially, and as early as possible, the time and place of the examination, and the subjects in which each officer has passed, or quote the general orders in which the result was notified, so as to remove doubt and obviate the references which very frequently create much inconvenience. The reports in duplicate, in form attached, to be sent as early as practicable to the Office of the Adjutant-General in India,* whence the necessary communication will be transmitted to the Horse Guards for the information of His Royal Highness. A report in similar form, showing the qualifications of all officers, *not shown as fully qualified* in previous reports, and accepted as such in this department is to be submitted on the 1st of January annually.

His Excellency has been further desired to invite the attention of commanding officers to the number of officers in their regiments, many of considerable standing, who, having had opportunities afforded them, have not yet qualified for promotion. It should be pointed out to all such, that whenever doubt exists as to officers being qualified, promotions are not made without reference to the Director-General for information on the point: it is merely as an indulgence that His Royal Highness recommends the provisional promotion of unqualified officers to the Queen, instead of selecting their juniors who have qualified for advancement.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
12th July 1880.

At a District Court Martial, assembled at Bellary, on the 5th day of June 1880, 1st-class Assistant Apothecary Peter Reuben Stutz, Subordinate Medical Department, attached to the Detachment, 2/13th Regiment Light Infantry, was arraigned on the following charge :—

CHARGE.

Having, at Bellary on the 5th May 1880, been drunk when on duty at the Detachment Hospital, 2/13th Regiment L.I.

FINDING.

The Court find that the prisoner, 1st-class Assistant Apothecary P. R. Stutz, of the Subordinate Medical Department, attached to the Detachment, 2/13th Regiment L.I., is guilty of the charge.

SENTENCE.

The Court sentence the prisoner, 1st-class Assistant Apothecary Peter Reuben Stutz, of the Subordinate Medical Department, attached to the Detachment, 2/13th Regiment L.I., to be dismissed from Her Majesty's Service.

(Signed) E. M. LAWFORD, Colonel,

BELLARY,
5th June 1880.

Approved and Confirmed.

(Signed) NEVILLE CHAMBERLAIN, General,
*Commander-in-Chief,

OOTACAMUND,
5th July 1880.

REMARKS.

Before confirming this sentence I took steps to ascertain the past character of the prisoner. I find that he has been considered an active and intelligent subordinate, and has, generally speaking, been zealous. On the other hand, there is evidence that he is given to intemperance, having on two previous occasions been found drunk on duty.

As the Army and the public generally must be protected from the risk of having medicines wrongly prepared by a drunken Apothecary, no mercy can be extended to the prisoner.

Commander-in-Chief,
Madras Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
24th July 1880.

At a District Court Martial, assembled at Fort St. George, on the 18th May 1880, Conductor Michael Stephenson, Ordnance Department, was arraigned on the following charge:—

CHARGE.

Having, at Madras, between the 1st November 1877 and the 1st April 1879, fraudulently misapplied the following goods belonging to Government entrusted to his charge as a Storekeeper of the Madras Arsenal, namely, 6,004 yards and 9 inches of cloth of the value of Rupees 2,470-8-0, and 10 cwts. of copper of the value of Rupees 560.

FINDING.

The Court find that the prisoner, Conductor Michael Stephenson, Ordnance Department, Madras Establishment, is guilty of the charge.

The Court find that the loss to Government occasioned by the prisoner's misconduct is Rupees 3,030-8-0.

SENTENCE.

The Court sentence the prisoner, Conductor Michael Stephenson, Ordnance Department, Madras Establishment, to be reduced to the rank of Sub-Conductor, and to be put under stoppages of pay until he shall have made good the sum of Rupees 3,030-8-0.

(Signed) P. CARNEGIE, Lieut.-Colonel,

MADRAS,

President.

11th June 1880.

The Finding is confirmed, but the sentence is disapproved and not confirmed.

(Signed) NEVILLE CHAMBERLAIN, General,

Commander-in-Chief,

Madras Army.

OOTACAMUND,

17th July 1880.

REMARKS.

I consider the sentence wholly inadequate to the offence of which the prisoner has been found guilty; and would, if the law permitted, return the proceedings for revision. Although, in justice, the prisoner should be made to make good the loss he has occasioned, still I think it better that the Government should bear the loss than that so serious a crime should be met by such a sentence as reduction to the rank of Sub-Conductor and stoppages, which is tantamount practically to condoning the offence in the hope of the loss being made good.

2. It is not either for the honor or benefit of the service that a Warrant Officer, who has been convicted, on very clear evidence, of fraudulently misapplying a large quantity of public stores under his care, should be permitted to remain in the service; still less to continue to hold the trusted position of a Warrant Officer. I shall therefore submit the proceedings to the Governor of the Presidency with a recommendation that, His Excellency will exercise the power vested in him by Section 172 (5) of the Army Discipline and Regulation Act, 1879. The prisoner will be released from arrest, but will not return to duty until the decision of His Excellency the Governor be made known.

3. Sub-Conductor P. McKenna is still in arrest on a charge of falsifying his books. It has been brought to my notice that he committed this most serious offence solely with a view to screen Conductor Stephenson, and that, I am given to understand, on considerable pressure, not alone from the prisoner. I have awaited the result of this trial before deciding as to the disposal of the case of Sub-Conductor McKenna, of whose character and honesty the Inspector-General of Ordnance, who has had opportunities of knowing him well, still entertains the highest opinion; and, as Sub-Conductor McKenna has already suffered considerably for his grave fault by having, unavoidably, been kept several months in arrest, and thereby superseded by eight of his juniors, who have been promoted over his head to the superior rank of Conductor, I consider that sufficient punishment under the circumstances, and direct that he be released from arrest and return to duty. I trust Sub-Conductor McKenna will profit by

this warning, and that he will show by his future conduct that he is deserving of the leniency now extended to him.

4. The Court have brought to my notice the very unsatisfactory nature of the evidence given by Lieutenant and Deputy Assistant Commissary P. Sullivan, on which they felt that very little reliance could be placed; as his replies appeared to be shaped more with a view to clear himself from blame than in the interests of truth. His evidence was not only vague and evasive, but contradicted on some points by the evidence of Captain O'Grady, and on others by two or three witnesses: at least two witnesses have stated on oath that deficiencies in cloth were brought to Lieutenant Sullivan's notice early in March 1879, and yet he did not report it until December 1879: he states in his evidence that he only knew it about a week before reporting it, and that he did not examine the verification list when it was brought to him, and knows nothing about the entries in it. I am forced to the conclusion, from a careful consideration of the evidence, that if he did not examine the list it was because he knew, or suspected, there were deficiencies. I consider Lieutenant Sullivan's conduct throughout this business would demand further notice had he not, since the conclusion of this trial, been transferred to the Pension Establishment on invalid pension.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
4th August 1880.

At a General Court Martial, held at Thayetmyo, on the 9th day of June 1880, No. 2035, Subadar Rungasawmy, "Queen's Own" Sappers and Miners, was arraigned on the following charges :—

CHARGES.

1st Charge.—Conduct to the prejudice of good order and Military discipline in having, in direct disobedience of para. 645 of the Madras Army Regulations, borrowed from Naigue Chowrymootoo, his inferior in the regiment, sums of money as follows :—

On or about the 7th February 1879, at Madras, Rupees Six.

On or about the 22nd February 1879, at Rangoon, Rupees Forty.

On or about the 15th May 1879, at Thayetmyo, Rupees Twenty.

On or about the 9th August 1879, at Lamagan, Rupees Ten.

2nd Charge.—Conduct unbecoming his position and character as an officer, in having at Thayetmyo on the 10th February 1880, been in a state of intoxication.

FINDING.

The Court find that the prisoner, No. 2035, Subadar Rungasawmy, "Queen's Own" Sappers and Miners, is
Guilty of all the charges.

SENTENCE.

The Court sentence the prisoner, No. 2035, Subadar Rungasawmy, "Queen's Own" Sappers and Miners, to be dismissed the service.

(Signed) SHEIK HYDER, Subadar-Major,
President.

THAYETMYO,

Approved and Confirmed.

(Signed) NEVILLE CHAMBERLAIN, General,
Commander-in-Chief,
Madras Army.

OOTACAMUND,
30th July 1880.

REMARKS.

It is with much regret that I have confirmed this sentence: but I feel that a Subadar who gets drunk and borrows money from those under his command cannot with propriety be allowed to remain in the Army. The character and honor of the Native Army cannot be upheld unless the Native Officers show an example of sobriety and of obedience to the regulations of the service.

2. The two offences of which the prisoner has been found guilty are heinous in a military point of view, and being so, they must be adequately punished as a warning to others. The craving for drink apparently led to the borrowing of money; and thus through drink the prisoner has forfeited all the advantages which he had acquired from talent, a good knowledge of English, and considerable skill as a surveyor.

3. The prisoner's name will be struck off the rolls of the "Queen's Own" Sappers and Miners from the date of the publication of this order at Thayetmyo.

(Signed) ALLEN JOHNSON, Colonel,

 MILITARY DEPARTMENT, SIMLA,
 1st September 1880.

Remarks by His Excellency the Commander-in-Chief.

The Prisoner denies that he is the man who committed the crimes, and affirms that his identity has been mistaken—but the charges of which the Prisoner has been found guilty by the Court have most clearly been brought home to him.

As the Prisoner was confined for being drunk shortly after he left Serjeant * * quarters after committing the rape, it is reasonable to take into consideration how far he was conscious or able to realize what he did whilst in those quarters. The evidence establishes clearly that his whole course of action from the time he spoke to the Punkah coolie and beat and drove him away to the time of his quitting the quarters, was that of a man who came with a clear intention, and carried that intention into execution in a manner showing that he was in the full

possession of his senses. Further when he was subsequently recognized on his cot in barracks, his conduct and words were those of a man in the full possession of his senses and thoroughly answerable for all that he had done.

The prisoner has been justly convicted of a foul, cruel and unpardonable crime; and he deserves no clemency.

(Signed) NEVILLE CHAMBERLAIN, General,

Commander-in-Chief,

Madras Army.

The Prisoner denies that he is the man who committed the crimes and affirms that his identity has been mistaken - but the charges of which the Prisoner has been found guilty by the Court have most clearly been brought home to him.

As the Prisoner was confined for being drunk shortly after the 1st September * * * quarters after committing the rape, it is reasonable to take into consideration how far he was conscious or able to realize what he did whilst in those quarters. The evidence establishes clearly that his whole course of action from the time he spoke to the Panchik coolie and east and drove away to the time of his entering the quarters was that of a man who was in a state of intoxication.

Head Quarters, Simla, 28th August 1880.

The Commander-in-Chief is pleased to notify that, with the approval of the Right Honorable the Secretary of State, the Government of India has decided that probationers for the Staff Corps, who have been unable to pass by the higher standard in Hindustani, owing to prolonged active service with their corps, may, on return from service, have six months extension of their probationary term to pass in.

2. Application in each case is to be made to the Adjutant-General, Simla.*

Under instructions from the Government of India the Commander-in-Chief is pleased to notify, that the provisions of the order authorising the grant of a bounty to recruits for native infantry, published in G.O.C.C. (a) dated 16th March 1880, page 150, will cease to have effect from the 1st September 1880.

In continuation of G.O.C.C. (b), dated the 16th August 1880, page 421, the Commander-in-Chief directs that no men be detained, whose 7th, 13th, or 22nd year of service will expire before the 16th November 1881, but that all men under these conditions of service be sent to England this trooping season.

The undermentioned officers have leave of absence:—

14th Hussars.—Lieutenant G. H. C. Hamilton, to Simla, or other hill station temporarily, from date of quitting regiment; thence to port of embarkation, for thirty days from date of availing himself of it; and to England for twelve months from date of embarkation, on medical certificate, to proceed in an early troopship.

Head Quarters, Simla, 30th August 1880.

With the sanction of Government, the Commander-in-Chief is pleased to direct that men enlisted under Acts prior to that of 1870, and who have not re-engaged under that Act or under the Army Discipline Act, 1879, or extended their army service under the provisions of G.O.C.C. (a), 9th September and 27th October 1879 (pages 453 and 592), of the regiments named in the margin under orders to return to England, and who are desirous of extending their service in India, may be allowed to volunteer to any of the following regiments:—

From the 15th Hussars.

To 6th Dragoon Guards, 8th Hussars, 9th Lancers, 12th Lancers, 14th Hussars, 17th Lancers.

From Infantry Regiments.

To		
To 2/2nd Foot.	To 2/13th Foot.	To 33rd Foot.
2/4th "	2/14th "	34th "
2/6th "	2/15th "	78th "
2/7th "	2/16th "	88th "
2/8th "	2/17th "	90th "
2/11th "	1/25th "	100th "
1/12th "	29th "	4th Bn. Rifle Bde.

2. The numbers that may be received by each regiment will be communicated by letter from the Adjutant-General, but regiments for England cannot be reduced below one half of the Indian establishment of all ranks, in addition to the probable number of invalids.

3. Infantry soldiers must volunteer for the brigade to which the regiment they select belongs; but they will be posted for duty to the battalion in India which they wish to join.

4. His Excellency the Commander-in-Chief in Bombay is requested to be good enough to issue the necessary orders for the volunteering of the regiments in his command.

5. The volunteering of the 15th Hussars and 2/1st, 1/5th, 59th, 2/60th, 73rd, 85th and 92nd Regiments will be carried out in accordance with section 19, paras. 6 to 11 (inclusive), Bengal (a) Army Regulations, subject to the modifications made in this order.

6. From the experience of past years it is evident that sufficient care has not been taken in all cases to ascertain whether the men offering are eligible to volunteer with or without bounty. In several instances men ineligible have been permitted to volunteer with bounty, and the fact has not been brought to notice till the bounty has been retrenched by the Pay Department, and the regiments from which the men volunteered have left India. This has not only led to a prolonged correspondence, but has in some cases been the cause of an unnecessary charge to the State, or an apparent hardship to the soldier. The Commander-in-Chief therefore desires that the attention of officers appointed in divisions and districts to superintend the volunteering may be specially directed to their personal responsibility in connection with this duty. The cases of all men offering to volunteer are to be carefully investigated by the superintending officer, and explained to them (*vide* para. 9), and should any doubt arise as to a soldier's eligibility to volunteer, whether with or without bounty, the matter is to be at once submitted for the orders of the general officer commanding.

7. The 62nd Foot, under orders for Aden, will volunteer to such extent as will not reduce the strength of the regiment below 515 men, exclusive of invalids and time-expired men. Preference will be given to married men. In the case of there not being a sufficient number of volunteers and transfers under para. 9 (a) to reduce the corps to this strength, short service men, with more than two years to serve, will be transferred to any of the battalions open to receive volunteers mentioned in para. 1.

8. Men on, or probationers for, the Unattached List, borne on the rolls of the corps returning home, who may be desirous of continuing in their staff situations, can volunteer only to regiments serving in their own presidencies.

9. Clauses VI and VI (a), section 19, paragraph 6, Bengal (b) Army Regulations, are not applicable to soldiers enlisted or re-engaged under the Enlistment Act of 1870, or Army Discipline Act 1879, who will be dealt with as follows, with regard to the liability of all (with exception noted in clause (a) of this para.) to be transferred from one battalion to another of the brigade to which they belong; and of short service men, having more

(a) Paras. 2790 to 2794, M.A.R.

(b) Para. 2790, clauses VI and VIa, M.A.R.

than two years of their period of army service to serve, to be transferred to any other brigade.

(a) Men enlisted for 12 years or re-engaged, under the Act of 1870, before the 25th April 1872, at home, or before the 14th March 1873, in India, are exempted from transfer, excepting with their own consent when they may be transferred to either the linked battalion, or to any other brigade having a battalion open to receive volunteers.

(b) Men enlisted for 12 years, or re-engaged under the Act of 1870 after the 25th April 1872, at home, or after the 14th March 1873, in India, or enlisted or re-engaged under the Army Discipline Act 1879 are, if required, to be transferred to the linked battalion, if it is serving in India, or coming to India, with the exception of non-commissioned officers, musicians, artificers and men transferred to serve with relations who are exempted from transfer except at their own request.

(c) Men of short service having only two years or less to serve will accompany their battalions.

(d) Men of short service, having more than two years to serve, will be transferred to the linked battalion if it is serving in or coming out to India; the same exception being allowed with regard to non-commissioned officers, &c., as in clause (b); when the linked battalion is not available, these men may be transferred to such brigades having a battalion serving in India as may hereafter be directed.

In no case are non-commissioned officers to be so transferred in a greater proportion than one in every ten soldiers transferred.

The number of men to be transferred from each battalion will be communicated hereafter.

10. The cost of new uniform, change of facings, &c., necessitated by change of regiment, of men enlisted or re-engaged under the Act of 1870 or the Army Discipline Act 1879, who may be transferred to regiments remaining in India, will be borne by the State.

11. The practice which appears to have existed, of issuing to volunteers old great coats and marching equipment, is prohibited, and the men will take to their new corps the articles of which they had previously been in possession.

12. Attention is directed to section 19, para. 9, Bengal Army (c) Regulations, and G.O. 73 of 1878. Officers commanding

regiments giving volunteers will report at the end of a month that the documents referred to have been despatched. Officers commanding regiments receiving volunteers will inspect these documents on receipt and forward without delay any objections on the score of character, or otherwise, they may have to urge against the volunteers or transfers. They may also, if they deem it necessary, call for copies of the company defaulter sheets of any of these men; but when the men have once left their old regiments no further objection can be considered.

13. With the report of the result of the volunteering rendered to the Adjutant-General under section 19, para. 10, Bengal (d) Army Regulations, a return is to be submitted giving the names and regimental numbers of men volunteering with bounty, and a remark entered opposite each man of this class, showing the Enlistment Act under which he is serving and the date and place of his enlistment or re-engagement.

The above order is applicable to the 48th Foot, under orders to proceed to England.

Head Quarters, Simla, 1st September 1880.

2. On the arrival of the troops at their station or standing camp, the sums necessary for the issue of batta will be drawn (either in cash or by transfer remittance receipt) on the authority of a camp or station order, from the civil treasury, to be adjusted hereafter by the Military Account Department.

3. The attention of commanding officers is directed to the necessity for exercising the greatest care in the payment of claims, which must be most strictly limited by the conditions laid down in G.G.O.† Nos. 804 and 856 of 1879 and 459 of 1880, reproduced in the margin for ready reference.

5. The admission to family pension of the heirs of Native commissioned and non-commissioned officers and soldiers bars their claim to donation batta on account of their deceased relatives.

Head Quarters, Simla, 30th September 1880.

The Commander-in-Chief has the highest satisfaction in publishing to the army the following general order by the Government of India.

His Excellency will have much pleasure in submitting the names of officers mentioned for the performance of distinguished service, and in recommending for admission to the order of British India, or promotion therein, such Native Officers as may be specially brought to notice by their commanding officers :—

G.G.O. No. 534, dated 24th September 1880.

The Viceroy and Governor-General in Council has much pleasure in announcing that Her Majesty the Queen Empress has been graciously pleased to confer a separate war medal in commemoration of the services of the officers, non-commissioned officers, and soldiers, European and Native, who have been employed on field service in Afghanistan.

Her Majesty has expressed Her Gracious readiness to receive for consideration the names of those British officers who have rendered distinguished service during the war, which Her Majesty's Government hopes has now been brought to a happy termination.

Recognizing the excellent service which has been rendered by many native commissioned officers, the Secretary of State for

(a) Superintendent, Lawrence Asylum Press, Madras.

India has authorized the creation of 25 additional appointments to the 2nd Class of the Order of British India, and a corresponding promotion to the 1st Class, to be hereafter absorbed.

His Excellency the Commander-in-Chief in India will be empowered to furnish the Government of India with the necessary recommendations for giving due effect to these measures, in which Her Majesty's Government trusts the armies of India will recognize that Her Gracious Majesty the Queen Empress of India is very sensible of the valued and distinguished services which have been rendered in the field in Afghanistan.

The Governor-General in Council congratulates the Indian armies on this cordial expression of Her Majesty's royal pleasure and approbation.

It has been his pleasing duty, as it was that also of his predecessor, to bring from time to time under the notice of their Queen, the several occasions on which, under the able guidance of their Commanders, Her Majesty's troops, British and Native, have justified the full confidence of the Government in their courage and devotion on the field of battle. The Governor-General in Council now desires, on the return of a large portion of those troops to British territory, to offer the hearty testimony of the Government of India to the unfailing discipline, the high spirit, and the cheerful endurance which have been so conspicuously evinced by the whole force under all the vicissitudes of prolonged, distant, and trying service.

To these most honorable and soldierly qualities it is due that rarely, if ever, has war been carried on in an enemy's country with so strict a regard to the laws of humanity and honor, and such a total absence of excess of any kind, as throughout the late operations in Afghanistan.

For this result, no less than for the successes they have achieved in the field, the Government of India desires to thank its soldiers of all ranks; and, while deploring those gallant and devoted men who have fallen in the performance of their duty, to offer the returning divisions and their leaders a hearty welcome.

With reference to the preceding order, commanding officers of native regiments which have served in Afghanistan, whether of the Bengal, Madras, or Bombay armies, are directed to forward to the Adjutant-General at Simla, without delay, a roll prepared in the accompanying form of the native officers they wish to recommend for admission to, or promotion in, the Order of British India on account of their services during the war.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
19th October 1880.

Officers commanding divisions and districts will be pleased to assemble invaliding medical boards, in accordance with the following instructions, at stations within their respective commands occupied by British troops, to examine all men whom it is proposed to invalid. The Deputy Surgeon-General of the division or district, or in his absence the medical officer doing his duty, will sit as President.

2. Boards will, in future, be held twice during each trooping season, and will assemble at all stations in the command, including convalescent depôts—the first, early in October, and the second late in February. All such men as have become permanently unfit for service and are not likely to suffer by removal to England during the winter months, will be invalided by the boards assembling in October; the invaliding of the remainder being deferred, to be dealt with by the boards to be held about the end of February. The dates will be fixed by officers commanding divisions and districts, in communication with the Deputy Surgeon-General, and should be made to correspond with the instructions for movement and embarkation received from the Quartermaster-General.

3. Medical boards, when invaliding men who have been enlisted in India and are not desirous of leaving the country, will refrain from recommending them to be sent to England.

4. Regiments and batteries marching in relief before the assembly of the above invaliding boards will, as a general rule, take all invalids capable of travelling with them, if proceeding to stations on the line of railway nearer to the port of embarkation; but if otherwise, or moving to more distant stations, they

will leave behind them the soldiers whom it is proposed to bring forward for invaliding.

5. Care will be taken that all documents connected with such men are completed, as far as possible, prior to the march of their regiment or battery, and handed over, the military documents to the officer commanding, and the invaliding and medical documents to the medical officer in charge of the regiment or battery, to which they may be temporarily attached. In the event of there being no regiment or battery at the same station to which the invalids can be attached, the military documents should be made over to the officer detailed to proceed to the port of embarkation with the men; or in the event of no such officer being detailed, an experienced subaltern will be left in command of the party who will take charge of the documents in question. Arrangements will also be made in communication with the divisional authorities for the medical charge of the detachment, and the custody of the medical documents of the invalids.

6. With a view to ensure accuracy in their documents and accounts, officers commanding and in medical charge of detachments and hill and other depôts, will place themselves in direct communication with the regiments of all men about to be invalided. This must be done in good time, in order that all claims and other matters may be settled before the men belonging to depôts or detachments leave their stations. The rule directing the settlement of all claims before the men leave their regiments, will apply equally to invalids from depôts and detachments.

7. W.O.F., 821A, "Return of invalids," will be employed in the preparation of all nominal returns of invalids.

8. This return will be prepared in duplicate by the officer in medical charge, and signed by himself and the officer commanding prior to its submission to the medical board. At convalescent depôts separate returns are required for each corps. In the case of insanes separate returns are required for each individual.

The medical board will fill up the column for discharge or change of climate, and the two copies will be thereafter certified by the Deputy Surgeon-General, and countersigned by the officer commanding the station.

One copy will be handed to the officer proceeding in medical charge of the invalids to Deolali. He will be careful to enter in this nominal list any changes that have occurred during the journey. This copy will be delivered to the medical officer of the Deolali depôt, and retained by him as a record as long as it may be considered necessary.

The duplicate copy will be transferred by the president of the board to the regimental or depôt military authorities, for their information, and for despatch by post to Deolali as directed in the discharge order. This copy of the return of invalids will be retained by the commandant of the depôt until the close of the trooping season and afterwards transferred to the Surgeon-General of Her Majesty's Forces in Bombay, for record in his office. In the case of invalids from Burmah the duplicate copy of W.O.F. 821A, will be sent by post to the commandant, Poonamallee depôt, with the other discharge documents. No other station return of invalids will be necessary.

9. The Commandant at Deolali will cause continuous nominal rolls, in *duplicate*, of the invalids embarked in *each* troopship to be made out on the same form, one set for men of the Royal Artillery, and one set for all other troops. These will be handed to the medical officer proceeding in charge of the invalids to England, any casualty *en route* being duly recorded in the columns set apart for that purpose.

10. The Detailed Medical History, W.O.F. 891, of every man invalided to England, will be made out by the medical officer in charge in duplicate [in the case of insanes in *triplicate* to each copy of which will be attached the statement of case (W.O.F. 891 A), the third copy being for despatch by post to the Surgeon General, H.M.'s. Forces, Fort St. George], and will be submitted to the board, who will ascertain that the information under each heading is complete; and after filling in the remarks and finding, will countersign the return. The proceedings will thereafter be approved and signed by the Deputy Surgeon-General. One copy, together with the Medical History Sheet, (W.O.F. 1,143), will be handed to the medical officer proceeding in charge of the party to Deolali for transfer to the medical officer of the depôt. These documents will be afterwards entrusted to the medical officer proceeding to England in charge of the troopship.* The duplicate copy will be transferred to the officer commanding the regiment for attachment to the "proceedings of the regimental board" (Army Form No. B 133, late W.O. Form 83).

In the case of invalids who are eligible under the regulations, and who may elect to proceed to the colonies or to remain in India, one copy only of this return will be required for each man. This copy after being signed by the invaliding board and by the Deputy Surgeon-General will be forwarded, together with the

* It is of the greatest importance that all medical documents of invalids should be handed over to the medical officer in charge *immediately on* embarkation.

man's Medical History Sheet, through the military authorities to officers commanding regiments, to be transmitted with the proceedings of regimental boards, &c., to the Adjutant-General, Fort Saint George.

11. Forms for invaliding will be obtained from the Surgeon-General, Her Majesty's Forces, Fort Saint George, in the usual manner.

12. Further instructions for the guidance of divisional invaliding boards will be issued by the Surgeon-General, Her Majesty's Forces.

13. As soon as invaliding medical boards in October and February, respectively, have completed their sittings, the Deputy Surgeon-General will prepare, in duplicate, a numerical return of the invalids, which he will forward to the general officer commanding the division or district for early transmission to the Quartermaster-General, Fort Saint George. Forms of this return will be supplied from the Surgeon-General's Office, Fort Saint George.

14. Invalids, who are so ill as to be unable to embark or bear the voyage for which they were designated, will be detained at Deolali until the sailing of the last troopship, and if the medical authorities then consider it absolutely necessary that they should proceed to England by the Cape route, His Excellency the Commander-in-Chief of the Bombay Presidency will order passages in private vessels to be provided for them.

15. The invaliding of military insanes will, with the approval of the Surgeon-General, Her Majesty's Forces, be carried out by special boards assembled under the orders of the local military and medical authorities, and at as early a date before the commencement of the cold weather as possible, to enable provision to be made for their passages. Recommendations made by boards for the removal of insanes to a Lunatic Asylum require the special sanction of the Surgeon-General before the men are allowed to leave their stations.

16. Invaliding documents of insanes will be endorsed with the word "Insane" in *red ink*, in the upper right hand corner, and will be disposed of as in the case of ordinary invalids, excepting the duplicate copy of the return of invalids (W.O.F. 821 A) which will be posted to the Commandant of the Colaba Dépôt, instead of the Deolali Dépôt, accompanied by the admission order for the Colaba Asylum by the Surgeon-General, Her Majesty's Forces, Fort St. George. A third copy of the detailed Medical History (W.O.F. 891) with statement of case (W.O.F. 891 A), see para. 10, will be despatched to the Surgeon-General, Her Majesty's Forces, Fort. St. George.

17. The instructions contained in the Annual Discharge order are to be followed, so far as they apply to invalids; any subsidiary order necessary in furtherance of the foregoing arrangements being issued by general officers commanding divisions and districts.

By order of His Excellency the Commander-in-Chief.

GODFREY CLERK, Colonel,

GODFREY CLERK, Brigadier-General,

Officiating Adjutant-General.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
8th November 1880.

Musketry.—The annexed Returns of the Musketry Practice of the British and Native Troops in the Madras Presidency for 1879-80 are published for general information.

2. *British Cavalry.*—There is an improvement in the figure of merit of 7.61 points per man, and the result of the dismounted practice with horses continues satisfactory.

3. *Native Cavalry.*—All the regiments fired for the first time with the Snider carbine, and with fairly good results. His Excellency notices with pleasure that the 3rd Madras Light Cavalry has received the special notice of the Commander-in-Chief in India for the "persistent care which has resulted in the very high figure of merit recorded, the marking having been undoubtedly good."

4. *British Infantry.*—The results of the course are very satisfactory, the figure of merit being 104.71 against 101.83 in 1878-79 and for the second year in succession the 48th Regiment heads the list in this Presidency.

5. *Native Infantry.*—The figure of merit 73.30 exhibits an increase of 2.54 points on that of last year, which, considering the number of good-shooting regiments on field service and the heavy duty entailed on the others, is considered satisfactory.

6. The percentage of non-exercised men, except in the 2nd Regiment Light Cavalry, in which every man was trained, is excessive, a considerable number of men, especially in the Infantry, being untrained. It should be borne in mind that every soldier, except those specially exempted by regulation, should be exercised, and His Excellency the Commander-in-Chief trusts he may not be again obliged to direct attention to this subject.

7. The annual course, except in a few instances in the British and Native Infantry, has been regularly conducted and the musketry documents kept with care and accuracy.

8. The shooting of the recruits shows an improvement on that of last year, and the Commander-in-Chief trusts that the profi-

ciency they have acquired in the most critical period of their military training will increase with their service until they become perfect in this a most important branch of a soldier's duties.

In future, except in very special cases, the standard fixed by paragraph 22 of the Musketry Regulations for the Native Army must be adhered to.

9. In a few regiments of Native Infantry the annual course of target practice was not superintended as directed in S.G.O. No. 90 of 1878, in consequence of which scores incompatible with correct marking were recorded and His Excellency regrets to notify that, owing to this cause, viz., "inaccuracies in marking," the Commander-in-Chief in India has been again obliged to withhold the first Infantry prize for good shooting.

In making this known to the army, Sir Neville Chamberlain desires to impress upon all officers, British and Native, the imperative necessity of a close adherence in future to the provisions of the Order quoted in the foregoing paragraph, and of the utmost vigilance when superintending practice, as it behoves them to take especial care that the Native Army of India is not *again* deprived of the prize for the best shot owing to irregularities of practice and incorrect marking.

10. Field firing was carried out by brigades at Secunderabad, and at a few other stations by battalions and half battalions. The incorrect estimation of distances on the part of the Officers and men engaged in this most important exercise shows that more practice is required by all ranks in judging distance, and the Commander-in-Chief accordingly requests General Officers Commanding to see that full effect is in future given to paragraph 82-3 and 138 and 157 of the Indian Appendix and Native Musketry Regulations, respectively, on this subject. His Excellency would also wish Officers superintending this practice to invariably report on the control exercised over the fire of their men by company and section leaders, and in the first stage of the attack at long distances fire should always be opened by the marksmen of corps.

The ammunition for the three stages of attack should be served out as if in the field, and care should be taken that it is not reserved for the short distances.

11. Firing at a moving object was practised by only a few regiments during the past year, but it is hoped that in the ensuing season all will have supplied themselves with the necessary apparatus. This useful practice should be a source of amusement to the men, and Commanding Officers are reminded that as a reward for proficiency therein, small prizes may be given from the Lead and Cartridge Funds of corps.

12. It having been brought to notice that in some regiments of the Native Army preliminary drills do not receive sufficient attention, men being assembled for position and aiming drills immediately after, and in addition to, Commanding Officer's and Adjutants' parades and sometimes in the middle of the day, the Commander-in-Chief desires this practice may be discontinued as one only calculated to disgust the sepoy with his rifle, and His Excellency will hold Commanding Officers responsible that the system of weekly class instruction ordered in paragraph 26-7 of the Musketry Regulations, is regularly and efficiently pursued throughout the year in all troops and companies, and that additional instruction under a qualified Officer is given to all men who do not make 90 points in the annual course and to all who are deficient in practical knowledge of the several subjects embraced under the head of Preliminary Drills.

13. The Commander-in-Chief is glad to learn that the Native Officers generally have made a marked advance in their knowledge of musketry subjects and that the Non-Commissioned Officers also are improving as "drills"—His Excellency hopes that the former will prove not unworthy of the confidence reposed in them by S.G.O. 90 of 1878, and that they will ultimately be found fully capable of conducting the instruction of their respective troops and companies.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
12th November 1880.

The 67th Regiment; the A, C, and I Companies of the "Queen's Own" Sappers and Miners; the 1st, 4th, and 15th* Regiments Madras Native Infantry, having returned from service in Afghanistan, His Excellency the Commander-in-Chief takes this opportunity of welcoming them back to the Presidency.

2. The 67th Regiment, under the command of Lieutenant-Colonel Knowles, had the good fortune to form part of the Force under Lieutenant-General Sir F. Roberts, K.C.B., which crossed the Shutar Gurdan and occupied Kabul. It also shared in the engagements which took place in the neighbourhood of that city, and continued to form part of the Kabul Field Force, until the withdrawal of the British Troops from that part of Afghanistan.

The conduct of the 67th Regiment has throughout been exemplary both in the Field and in Camp, and this Regiment has fully sustained the high reputation it has won for itself at home and abroad.

3. The A, C, and I Companies of the "Queen's Own" Sappers and Miners and the 1st, 4th, and 15th Regiments Madras Native Infantry, were called to the front on the recurrence of hostilities in Afghanistan in October 1879.

The 3 Companies of the Sappers and Miners, under the command of Major Ross Thompson, R.E., have maintained the high character their corps has always borne when employed on active service.

The 1st, 4th, and 15th Regiments Madras Native Infantry, commanded respectively by Colonel Dawson, Lieutenant-Colonel Hodding, and Colonel Hearn left the Presidency under the command of Brigadier-General Gib of the Madras Staff Corps.

After these Regiments reached the frontier, they were mainly employed in protecting the line of communication, and on escort duties. But whenever they were called upon to meet the

enemy they have always earned for themselves the approbation of the officers they have served under by their soldierlike spirit and good conduct.

4. The manner in which the Native Troops of this Presidency have stood exposure to extremes of heat and cold, and the comparatively good health they have enjoyed throughout many months of continuous hard work in a sickly locality, proves that the Madras Army of the present day—as in times past—can give soldiers fit to take part in any campaign.

5. In publishing this order, Sir Neville Chamberlain has much satisfaction in placing on record his appreciation of the manner in which both officers and men have maintained the character of the Madras Army, and His Excellency can only hope that whenever troops are required for active service the Army of this Presidency may always be duly represented, and find a place in the advanced operations.

By order of His Excellency the Commander-in-Chief.

The number of money prizes, and the amount of each prize, will depend on the number of entrances for the match, and will be determined by the Assistant Adjutant-General for Musketry, in communication with the commanding officers of competing regiments and batteries, as soon as the total number of entrances shall have been ascertained. The winner of the sword given by His Excellency the Commander-in-Chief will, in addition, receive the first money prize.

4. Garrison batteries of Royal Artillery may compete, either as Cavalry or as Infantry. If any battery competes as Infantry, it will be guided by the rules laid down for the competition of that branch.

Conditions :—First stage.

3. The twenty men who make the highest scores at this distance in each regiment, will be considered the champions of their regiment, and they alone will compete in the second stage of the match without paying any further entrance, and will fire seven rounds each at 700 yards, and seven rounds each at 800 yards, in any position. considered the champions of their

regiment, and they alone will compete in the second stage of the match without paying any further entrance, and will fire in any position seven rounds each at 500 yards, and seven rounds each at 600 yards. The individual who makes the highest aggregate

score at the two distances of the second stage will be the winner of the gold medal presented by His Excellency.

4. The winning team will receive one hundred rupees, from His Excellency, to be divided among the non-commissioned officers and men composing it, proportionate to their several scores, according to a decision regimentally arrived at.

5. The whole of the entrances, without any deduction, will be issued in individual prizes to the best shots in the second stage of the match, in order of merit, in proportion to the percentage of prizes to competitors (see general rule 3). The number of money prizes, and the amount of each prize, will depend upon the number of entrances for the match, and will be determined by the Assistant Adjutant-General for Musketry, in communication with the officers commanding regiments competing, as soon as the total number of entrances is known. The first money prize will probably be 40 rupees.

General Rules, applicable both to the Cavalry and Infantry competitions.

1. The intention of His Excellency the Commander-in-Chief is, that the whole army may share and be interested in these matches.

2. The entrances should not, therefore, be confined to a few regimentally selected men.

3. The award of prizes will be calculated thus:—suppose 5,471 competed and 182 prizes given, the percentage of prizes to competitors will be 3·32, the number of individual prizes a regiment can gain will then be 3·32 of the number of its entries. This will be given according to scores, but after this proportion has been awarded, the men of such regiments will be passed over, and the money prizes awarded to men of regiments with more entries.

4. The first stage (except in the case of corps on the line of march or under orders to return to England, as hereafter provided for,) must be shot off during the month of December 1880, and the second stage on any day between the 27th of December 1880 and the 5th of January 1881, both days inclusive. The practice of the second stage, once commenced, must be terminated on the day on which it was begun.

5. In order to give corps, which will be on the line of march, or under orders to return to England about the dates above speci-

Corps marching.

fied, an opportunity to compete—and the Commander-in-Chief is anxious every regiment should have an equal chance—commanding officers are requested to at once address the Assistant Adjutant-General for Musketry, Simla, stating their wishes as to the date, *prior to the 27th December or after the 5th January*, on which they wish to compete. The Assistant Adjutant-General for Musketry will communicate the Commander-in-Chief's wishes to the corps concerned. But in order to permit of the result of the match being timely ascertained the earliest possible date should be named.

6. When regiments are divided into wings or detachments, the second stage of the competition will take place, under regimental arrangements, at the station of the head-quarters' wing only.

7. In these cases, the travelling expenses of such men as may be sent to head-quarters to join the selected 20 champions may, in British regiments, be charged to the Canteen Fund. In Native regiments it may be charged to the Lead and Cartridge Case Fund, provided the repair of ranges and appliances is duly secured.

8. *Ammunition*—of Government issue only.

9. At stations where no regulation ranges exist, the ground for both stages of the competition should be measured by an officer of the Public Works Department if possible, or should one not be available, by some other qualified officer, and a certificate to this effect must accompany the registers.

10. *Targets*—as per regulation for the season in question ; in the absence of iron, paper targets may be used ; in the latter case an officer is to be in the butt to ensure accurate marking.

11. *Marking and Scoring*—Regulation.

12. *Dress*—any.

13. The Musketry Regulations, in regard to registers and all details not otherwise specified, are to be strictly followed. To give complete confidence to all, that the competition will be conducted with perfect fairness, the Commander-in-Chief wishes that in stations where two regiments are quartered together, a committee should be formed for each corps, consisting of one Field Officer if available (otherwise of the senior Captain present instead), one Captain of the competing regiment, and the Officer Instructor of Musketry, Wing Officer or Adjutant of the other regiment. In stations where only one regiment is quartered, the committee would consist of two officers of that corps, and of an officer to be detailed by the officer commanding the division, district or station. The committee for a battery of Artillery would be composed of the two senior officers present

with the battery, and of one officer of another regiment to be detailed by the officer commanding the division, district or station.

14. The presence of an officer of another regiment, or of the Staff Corps, at all stations, is compulsory, and should be early arranged for.

15. The committee for each regiment or battery should be present during the firing of the second stage only of the competition; they are to satisfy themselves that no mistake has been made in the nomination of the team; ascertain the number of entries in the first stage; sign the practice registers at the conclusion of each distance; and send a certificate, according to the form at foot of para. 18, to the Assistant Adjutant-General for Musketry, Simla, for the Commander-in-Chief's information.

16. The registers of the second stage, and an order on the Simla Treasury for the total amount of entrances, are likewise to be transmitted by each corps to the Assistant Adjutant-General for Musketry. The treasury order should follow as soon as possible after the registers, if it cannot be obtained in time to accompany them.

17. Particular attention is requested to the necessity for all remittances being made payable on Simla; as much inconvenience and loss to the fund are caused by treasury orders, bank cheques and money orders, being drawn on other stations.

18. No man is to be permitted to fire in the first stage until he has paid his entrance money.

Certificate.

We certify that we were present during the whole of the practice of the second stage of the competition for His Excellency the Commander-in-Chief's prize, by the 20 or 5 champions of the ——— regiment or battery; that we compared the registers with the target at the conclusion of the practice at each distance, that we added to, or deducted from the total points of each register, any discrepancy that existed between target and register: and that we saw that the practice was conducted in strict accordance with the conditions and rules of the match, and with the Musketry Regulations. We also certify that there were ——— entrances in the first stage, and that the men who fired in the second stage were those who made the highest scores in the first stage.

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
20th December 1880.

The 21st and 30th Regiments Native Infantry having returned to the Presidency, His Excellency the Commander-in-Chief avails himself of the opportunity of recording his appreciation of the good service done by these two regiments whilst employed on the Punjab frontier and beyond its border.

2. The 30th Madras Native Infantry, under command of Colonel T. C. Georges, left the Presidency in December 1878; and the 21st Madras Native Infantry, under command of Lieutenant-Colonel T. L. Scott, in January 1879.

Lieutenant-Colonel Scott was succeeded in the command of the 21st by Lieutenant-Colonel Rideout in April 1880.

3. Both regiments were employed furnishing detachments to guard the frontier between Dera Ghazi Khan and Mithankote, also on escort duty with provision convoys to posts along the frontier.

At different periods these regiments also furnished a portion of the troops which held Vitakri beyond the British frontier, and on the Thal Chotiali line.

At this outpost they suffered severely from sickness, and considerable mortality took place.

4. It is with much satisfaction that the Commander-in-Chief has heard of the readiness shown by the officers and men of these regiments in the discharge of the duties required of them—and of the good spirit and discipline maintained in the regiments; and Sir Neville Chamberlain can only regret that the 21st and 30th Regiments had not an opportunity of seeing more active service than that on which they were employed, and which was so efficiently performed by them.

By order of His Excellency the Commander-in-Chief.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, MADRAS,
22nd December 1880.

The following general order, by His Excellency the Commander-in-Chief in India, is republished:—

Head Quarters, Simla, 7th September 1880.

The following general order by the Government of India in the Military Department, dated Simla, the 25th June 1880, is republished:—

No. 367—Regulations.

With the approval of Her Majesty's Government, the Government of India are pleased to sanction the abolition of the standing medical boards at the ports of embarkation, in regard to officers of the Indian services proceeding on furlough out of India on medical certificate, who have appeared before local medical committees.

2. As furlough can be granted to the officers of the Indian services for a longer period than to officers of the British service, it is hereby ruled that the local board in the case of an officer of the Indian services, shall invariably be presided over by an administrative medical officer.

2. With the sanction of Government the following instructions with regard to the foregoing order are promulgated for the guidance of all concerned, in dealing with cases of officers of the Indian services, pending the formal correction of section 12, Madras Army Regulations.

General officers will refer to this office for orders on any point which may arise for their decision which is not provided for in these instructions.

1. A standing medical committee, composed of a Deputy Surgeon-General as president, or, in his absence, of the senior medical officer at the station, and two other medical officers as members, is formed at the head-quarters of divisions and dis-

tricts, and is to assemble as occasion may require. The medical officer who attends a sick officer should not, if it is avoidable, be a member, and can never be president of the medical committee before which he appears. He should however, be required to attend the board whenever his presence is considered necessary, to furnish any information.

II. When a change of climate is deemed necessary by a medical officer for the restoration of the health of any officer under his charge, he is, with the cognizance of the commanding officer or head of the department, to report the circumstance to the president of the standing medical committee, who will direct the assembly of the committee, either at his own or the sick officer's quarters, when they will determine the nature of the change of climate essential to recovery, and the period of absence necessary to effect it.

III. In all cases where the change of climate contemplated necessitates furlough, the committee must be presided over by an administrative medical officer.

IV. Officers who have claims to count leave or furlough as service for pension, under section 12, Madras Army Regulations, para. 1494, owing to wounds or illness contracted by service in the field, will be careful to submit them to the local board before which they appear, and the board will record their opinion on such claims, in the manner prescribed in section 12, Madras Army Regulations, para. 1496.

V. A statement of the case and certificate, in triplicate, is to be prepared by the medical attendant, on pages 2 and 3 of the form appended, and laid before the board for completion by them, on the first page, with their recommendation.

VI. When an officer is recommended for leave of absence in India on account of illness caused by intemperance, the medical board is not to fix the term of leave to be allowed; this must in all cases be left to the decision of Government or of the Commander-in-Chief, and the officer will be directed to appear before continuous boards, or his case be treated as one of discipline, as may be deemed necessary.

VII. Two copies of the board's proceedings with statements of the case are to be delivered to the officer, one for his personal use and the other for attachment to his application for leave or furlough. The third copy is to be forwarded by the administrative medical officer of the circle to the Surgeon-General, Her Majesty's Forces, Madras.

VIII. The officer will at once apply for the leave or furlough recommended by the board, using Madras Form 471 for leave, and 466 for furlough.

IX. If serving under the Commander-in-Chief or the Military Department, he will submit his application through his

to report the date and place of his embarkation with the name of the vessel in which he takes his departure, direct to the Adjutant-General, in addition to making the ordinary report of departure to the staff officer at the port; and if he proceeds to Europe, he must notify his arrival there to the Under Secretary of State at the India Office, attaching to his letter a copy of the order permitting him to leave India, and giving his address while on furlough.

XV. An officer quartered at a station where a medical board presided over by an administrative medical officer, cannot conveniently be formed, may, on the certificate of a station committee, or if no committee can be formed there, on the certificate of the senior medical officer on the spot, be permitted by the officer commanding the station to proceed to the most convenient place where a properly constituted committee can be convened.

XVI. In these cases the officer will take with him triplicate copies of the medical papers, and, on arrival at the station to which he is ordered, will report himself to the staff officer in view to the necessary board being assembled. The decision of the committee is to be forwarded to the general officer commanding the division or district in which the last mentioned board is convened, who will call upon the officer to submit to him direct his application for leave or furlough as laid down in para. VIII, and dispose of it as directed in paras. IX, X, XI and XIII, reporting the grant of leave to the officer commanding the station the officer originally left, who will inform the regiment or department concerned.

XVII. The General officer referred to in the preceding paragraph may require the officer to alter his route should the committee consider the destination originally assigned objectionable, or he may remand the officer to his corps or station, if it appears that leave has been recommended on insufficient grounds. In either of the last mentioned circumstances a report is to be made to the Adjutant-General, accompanied by the proceedings of the committee.

XVIII. Officers of the British service holding staff appointments tenable for five years, as also officers of the Royal Artillery or Royal Engineers holding permanent staff appointments not of a regimental nature, and Royal Engineer officers on the fixed establishment of the Sappers and Miners, come under the above rules when proceeding to Europe on medical certificate. Staff Corps probationers are not under these rules, and when invalided are to be sent home under the procedure laid down for British officers.

XIX. These rules and instructions apply to all warrant officers when recommended for furlough, on medical certificate, out of India. The applications for conductors and sub-conductors will

however be made on Madras Form 466A, and for warrant officers of the Subordinate Medical Department on Madras Form 466B.

The rules contained in section 12, Madras Army Regulations, will guide the grant of leave in India to warrant officers of all grades.

INSTRUCTIONS.

Medical boards on commissioned and warrant officers and hospital apprentices in military employ, will be composed of medical officers of either or both (British and Indian) departments.

In the case of officers of the Indian Services the board will invariably be presided over by an administrative medical officer.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The board after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record their opinion and recommendations in the proceedings:—

(a) As to whether the disability has been or has not been or how far it has been the result of climate, and caused in and by the service.

(b) As to change of climate in or out of India.

(c) As to period of absence in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations, is not recommended.

(d) In case of leave to Europe being recommended, as to the particular route by which, in their opinion, the sick officer should travel, due regard being given to the seasons of the year, the interests of the service, and the health of an officer; also whether the officer is fit, or otherwise, to do duty with troops during the homeward journey and voyage.

(e) In recommending leave to Kashmir, some alternative place to which the officer should proceed if he fail to obtain a pass to visit Kashmir, should invariably be named.

(f) In the case of an officer requiring leave of absence owing to illness caused directly by intemperance, the board, whilst recording their opinion, will confine their recommendation either to the appearance of the officer periodically before fresh boards, or to the treatment of the case as one of discipline, as may be deemed necessary.

In urgent cases in which the grant of leave rests with the Commander-in-Chief, when a medical board considers it absolutely necessary that an officer recommended for change of air either in or out of India, should proceed in anticipation of sanction, the concurrence of the Deputy Surgeon-General of the Division should be obtained, and permission to proceed in anticipation may then be granted by the divisional or district authorities.

Whenever a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the cognizance of the commanding officer or the head of the department, report the fact to the Deputy Surgeon-General of the division, who will take the necessary steps to convene the standing or special medical board at such time and place as the circumstances of the case may warrant.

Service in India ...years—

A medical officer, who may be called upon to grant a certificate to an officer when absent from his corps or appointment, will—*except in cases of emergency*—require the officer to obtain a statement of his previous medical history from the officer in medical charge of his corps. When under similar circumstances, an extension of sick leave is required, the medical officer in attendance will request the sick officer to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at hill stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officer.

The case of an insane officer recommended to be sent to Europe, or to an asylum in India, will be especially considered by the medical officer drawing up the medical history and by the medical board, with a view to distinct recommendations being inserted by both as to the necessity for a soldier servant, or other escort, or any special accommodation being provided for him *en route*.

To each copy of this document will be attached a statement of case, Medical Department Form No. 41A; one set of these documents will be submitted to the Surgeon-General, Her Majesty's Forces, who, on approval of the proceedings of the medical board, will furnish, in accordance with the Military Lunatics' Act of 1877, the requisite admission order for the Colaba or Madras Asylum, as may seem advisable. The second set is intended for the Military authorities for transmission to the Adjutant-General. The third will be made over to the officer commanding the station.
