PROMOTIONS.

No. 473—COLONEL'S ALLOWANCE—

In continuation of G.G.O. No. 489 of 1881, paragraph 8, and under the orders of the Secretary of State for India, His Excellency the Governor-General in Council notifies that the following arrangements will take effect with respect to the numbers of Colonel's allowances to be allotted to Classes III and IV therein referred to, viz., officers of the General Lists and those who entered the several Staff Corps after the 12th September 1866 and before the 1st July 1881, respectively.

2. For the purpose of regulating the succession to the Colonel's allowance, officers of General Lists of Cavalry and Infantry of the three presidencies will be placed on an amalgamated list according to seniority.

3. The numbers of the General List Officers forming Class III, excluding those who have joined the Staff Corps, line regiments, and new line regiments, stood as follows on the 4th March 1862 :—

Bengal	222
Madras	108
Bombay	68
Total ..	398

and calculated in the proportion of 1 in 30 officers, with an allowance of one in addition when the remainder exceeds ten, the fixed establishment of Colonel's allowances for the amalgamated list of officers of Class III will be 13.

4. As soon as the senior of these officers then remaining on the amalgamated list completes 12 years' service as substantive Lieutenant-Colonel, he will succeed to the Colonel's allowance ; the next to him will succeed likewise on the same condition, and so on, until the 13 seniors then remaining in the service attain to the Colonel's allowance. Thereafter the fixed number of 13 Colonel's allowances will be maintained, the officers succeeding to vacancies occurring therein in order of seniority without reference to qualifying service, so long as there are any of the officers of the General Lists remaining.

5 For the officers of Class IV, viz., officers who entered the Staff Corps after the 12th September 1866, and before the 1st July 1881, there will be a separate list of officers of this class for each presidency, arranged according to seniority by substantive rank. The numbers of these officers as they stood on the 30th June 1881 were—

Bengal	591
Madras	175
Bombay	207

and calculating by the rule above mentioned, the number of Colonel's allowances for the officers of Class IV of the three presidencies, respectively, will be :—

Bengal	20
Madras	6
Bombay	7

6. When the senior of each separate list has completed 12 years' service as substantive Lieutenant-Colonel, he will succeed to the Colonel's allowance on the list to which he belongs, and the next to him in succession in the same way, until the above establishment of Colonel's allowances fixed for each list, respectively, is complete. Thenceforward these numbers of Colonel's allowances will be maintained so long as any officers belonging to Class IV remain in the Bengal, Madras, or Bombay army, vacancies in each list being filled by the seniors without reference to qualifying service.
