The Commander-in-Chief feels much indebted to the officers commanding divisions and brigades for the intelligent way in which they carried out the various duties of their respective commands; and to the officers, non-commissioned officers and men His Excellency's best thanks are due for having so well maintained the good name of Her Majesty's Army.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
24th April 1884.

No. 210.—His Excellency the Commander-in-Chief cannot permit Lieutenant-General Payn C.B. to leave India without offering him his best thanks for the very efficient way in which he has exercised the duties of his command.

Few officers of Her Majesty's British Service have had so long and distinguished an Indian career as Lieutenant-General Payn; he arrived in this country just 40 years ago; as a subaltern of Her Majesty's 53rd Regiment he took part in the Sutlej and Punjab Campaigns; as a Captain he was employed on the Punjab Frontier, and as a Field Officer of the same regiment (which he commanded for a portion of the time) he served with distinction during the Mutiny.

In the interval Captain Payn was employed in the Crimean War, and received the Brevet of Major.

In 1858 Colonel Payn joined the 72nd Highlanders, and after commanding the battalion for many years, both at home and in India, he was appointed to the command of a Brigade in Bengal.

On promotion to the rank of Major-General he was employed for a short time in Cyprus, but was soon afterwards selected for the command of the Bangalore Division.

From the 5th February to the 27th November 1881 Lieutenant-General Payn was the Provincial Commander-in-Chief of the Madras Army.

Sir Frederick Roberts cordially acknowledges the assistance he has received from Lieutenant-General Payn, and thoroughly appreciates the benefits which the troops in the Bangalore Division have derived from that officer's presence amongst them. In the field they have been handled in a practical manner, and in quarters they have been treated with tact and judgment.

By order of His Excellency the Commander-in-Chief.

Attention is called to the following Horse Guards' general orders, dated 1st April 1884 :—

"Corrections to the Queen's Regulations and Orders for the Army."

G.O. 47—"Discharges."
" 50—"Army Signalling."
" 51—"Coastwise Journeys."
" 53—"Library accounts."
" 58—"Saluting and Flag stations."

2. Books to be corrected accordingly.

The following Horse Guards' general order, dated 1st April 1884, is republished for information :—

G.O. 56,—Non-Commissioned Officers.

Cases have recently occurred in which orderly-room and paymaster-sergeants with less than three years' service in those

appointments have been promoted colour-sergeants to fill existing vacancies, and immediately after such promotion reappointed orderly-room or paymaster-sergeants. They thus obtain an increase of rank in less than the three years' service required of orderly-room and paymaster-sergeants by Art. 617 of the Royal Warrant of the 11th March 1882, while at the same time they practically remain in their appointments.

Such promotions are irregular, and it is hereby notified that His Royal Highness the Field-Marshal Commanding-in-Chief will in no case sanction the promotion of an orderly-room or paymaster-sergeant to be troop sergeant-major or colour-sergeant in less time than the three years required by the Royal Warrant—unless after such promotion the non-commissioned officer promoted be intended to do *bonâ fide* troop sergeant-major's or colour-sergeant's duty in the vacancy to which he has been promoted.

Attention is directed to Army Circulars, clause 65, "Gratuities for long service and good conduct;" and Horse Guards' general order 52, "Good conduct medals," dated 1st April 1884.

2. Commanding officers will take steps to adjust the gratuities of such of the non-commissioned officers and men as may be serving in India, in accordance with para. 431 of the "Instructions for the payment of British troops, India, 1882," and para. 2 of India Army Circulars of 1884, clause 9.

G. O. 150 of 1877.†

Sec. 10, para. 22, Queen's Regulations.

When the duties are not severe, monthly courses for trained soldiers, as well as the usual class for recruits, are to be established ; the attendance of the trained soldier being so arranged as not to interfere with his regular duties.

2. The gymnastic returns for the past year show that instruction has been carried out very satisfactorily in many battalions, but in others very little has been done, and large numbers of men remain untrained.

3. Where instruction is regularly carried out, the quarterly report (B. F. 473) should show a certain number of men in the columns "Under instruction" and "Dismissed."

When either column is left blank the reason must be fully stated in the column for remarks.

4. The column "Under instruction" should embrace every man who has been under instruction during the quarter either as a trained soldier or recruit, the classes being shown separately as one or three months' course.

---

*Superintendent, Lawrence Asylum Press.

†S. G. O. No. 157 of 1877 page 333.

5. The column "Dismissed" should only account for men who have been finally weighed and measured.

6. When a man has worked for 12 days, but is unable to finish his course of instruction from any cause, he should be measured before dismissal, and the result recorded in the class report.

7. The quarterly reports (Bengal Forms 11, 252, 473 and 474) should be despatched on the last day of the quarter, and the class report (Bengal Form 379) with as little delay as possible after a class has been dismissed.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

HEAD QUARTERS, OOTACAMUND,
8th September, 1884.

No. 450.—Officers commanding divisions and districts will be pleased to assemble invaliding medical boards, in accordance with the following instructions, at stations within their respective commands occupied by British troops, to examine all men whom it is proposed to invalid. The Deputy Surgeon-General of the division or district, or in his absence the medical officer doing his duty, will sit as President.

2. Boards will be held twice during the trooping season, and will asemble at all stations in the command including convalescent depôts, the first early in September, and the second late in February. All such men as have become permanently unfit for service and are not likely to suffer by removal to England during the winter months will be invalided by the boards assembling in September, the invaliding of the remainder being dealt with by the boards to be held about the end of February. The dates will be fixed by officers commanding divisions and districts, in communication with the Deputy Surgeon-General, and should be made to correspond with the instructions for movement and embarkation received from the Quartermaster-General.

3. Medical boards will refrain from recommending soldiers who have enlisted in India and are not desirous of leaving the country to be sent as invalids to England or the colonies, but soldiers enlisted in a particular colony, and who desire to return to the same, may be recommended by the board accordingly.

4. Regiments and batteries marching in relief before the assembly of invaliding boards will, as a general rule, take all invalids capable of travelling with them, if proceeding to stations on the line of railway nearer to the port of embarkation; but if otherwise, or moving to more distant stations, they will leave them behind.

5. Care will be taken that all documents connected with such men are completed, as far as possible, prior to the march of their

regiment or battery, and handed over, the military documents to the officer commanding, and the medical documents to the medical officer in charge. In the event of their being no regiment or battery at the same station to which the invalids can be attached, the military documents should be made over to the officer detailed to proceed to the port of embarkation with the men; or in the event of no such officer being detailed, an experienced subaltern will be left in command of the party, who will take charge of the documents in question. Arrangements will also be made in communication with the divisional authorities for the medical charge of the detachment, and the custody of the medical documents of the invalids.

6. With a view to ensure accuracy in their documents and accounts, officers commanding and in medical charge of detachments and hill and other depôts will place themselves in direct communication with the regiments of all men about to be invalided. This must be done in good time, in order that all claims and other matters may be settled before the men belonging to depôts or detachments leave their stations. The rule directing the settlement of all claims before the men leave their regiments will apply equally to invalids from depôts and detachments.

7. M. H. F. 64 "Return of Invalids," will be used for all nominal returns of invalids.

8. This return will be prepared in duplicate by the medical officer in charge, and signed by himself and the officer commanding the corps prior to its submission to the medical board. Separate returns are required for each corps. In the case of insanes separate returns are required for each individual.

9. The medical board will fill up the column for discharge or change of climate, and the two copies will be thereafter certified by the Deputy Surgeon-General, and countersigned by the officer commanding the station.

10. One copy will be handed to the medical officer proceeding in charge of the invalids to Deolali, who will enter in this nominal list any changes that have occurred during the journey. This copy will be delivered to the medical officer of the Deolali depôt, and retained by him as a record as long as it may be considered necessary.

11. The duplicate copy will be transferred by the president of the board to the regimental or depôt military authorities, for their information, and for despatch by post to Deolali as directed in the Discharge Regulations. This copy of the return of invalids will be retained by the Commandant of the Deolali depôt, until the close of the trooping season, when it will be transferred to the Surgeon-General of Her Majesty's Forces,

Bombay, for record in his office. In the case of invalids from Burmah the duplicate copy of M. H. F. 64 will be sent by post to the Commandant, Poonamallee depôt, with the other discharge documents. No other station return of invalids will be necessary.

12. The Commandant at Deolali will cause continuous nominal rolls, in *duplicate*, of the invalids embarked in *each* troopship, to be made out on the same form, one set for men of the Royal Artillery, and one set for all other troops. These will be handed to the medical officer proceeding in charge of the invalids to England, any casualty *en route* being duly recorded in the columns set apart for that purpose.

13. The Detailed Medical History of every man invalided to England (Army Form B-179) will be made out by the medical officer in charge in duplicate, and in the case of insanes a Statement of Case (M. H. F. 66) will be attached to each copy. These will be submitted to the board, who will ascertain that the information under each heading is complete; and after filling in the remarks and finding, will countersign the return. The proceedings will thereafter be approved and signed by the Deputy Surgeon-General. One copy, together with the Medical History Sheet (Army Form B-178), will be handed to the medical officer proceeding in charge of the party to Deolali, for transfer to the medical officer in charge of the depôt. These documents will be afterwards entrusted to the medical officer proceeding to England in charge of the troopship. The duplicate copy will be transferred to the officer commanding the regiment for attachment to the "proceedings on discharge"* (Army Form B-268).

14. In the case of invalids who are eligible under the regulations, and who may elect to proceed to the colonies or to remain in India, one copy only of this return will be required for each man. This copy, after being signed by the invaliding medical board, and by the Deputy Surgeon-General, will be forwarded, together with the man's Medical History Sheet, through the military authorities to officers commanding regiments, to be transmitted with the proceedings on discharge, &c., to the Adjutant-General, Ootacamund.

15. Forms for invaliding will be obtained from the Surgeon-General, Her Majesty's Forces, Madras, in the usual manner.

16. Further instructions for the guidance of divisional invaliding boards will be issued by the Surgeon-General, Her Majesty's Forces.

---

* It is of the greatest importance that all medical documents of invalids should be handed over to the medical officer in charge *immediately on embarkation.*

17. As soon as invaliding medical boards in September and February respectively have completed their sittings, the Deputy Surgeon-General will prepare, in duplicate, a numerical return of the invalids, which he will forward to the general officer commanding the division or district for transmission as follows—one copy to the Quartermaster-General, Ootacamund. Forms of this return will be supplied from the Surgeon-General's Office, Madras.

18. Invalids, who are so ill as to be unable to embark or bear the voyage for which they were designated, will be detained at Deolali until the sailing of the last troopship, and if the medical authorities then consider it absolutely necessary that they should proceed to England by the Cape route, His Excellency the Commander-in-Chief of the Bombay Presidency will order passages in private vessels to be provided for them.

19. The invaliding of military insanes, will, with the approval of the Surgeon-General, Her Majesty's Forces, be carried out by special boards assembled under the orders of the local military and medical authorities, at as early a date before the commencement of the cold weather as possible, to enable provision to be made for their passages. Recommendations made by boards for the removal of insanes to a Lunatic Asylum require the special sanction of the Surgeon-General before the men are allowed to leave their stations.

20. Invaliding medical documents of insanes will be endorsed with the word "Insane," in *red ink*, in the upper right hand corner, and will be disposed of as in the case of ordinary invalids, excepting the duplicate copy of the return of invalids (M. H. F. 64) which will be posted to the Commandant of the Colaba depôt, instead of the Deolali depôt, accompanied by the admission order for the Colaba Asylum by the Surgeon-General, Her Majesty's Forces, Madras.

21. The instructions contained in the Discharge Regulations are to be followed, so far as they apply to invalids; any subsidiary order necessary in furtherance of the foregoing arrangements being issued by general officers commanding divisions and districts.

22. Nominal Rolls of Military Prisoners and Insanes awaiting embarkation showing whether attendants are required for Insanes on boardship to be transmitted to the Quartermaster-General's Office, Ootacamund, and the General Officer Commanding Bombay District as soon as possible; but the men are not to be sent from their stations until instructions are received from the Quartermaster-General, Ootacamund. The documents of Insanes are, however, to be sent to the Commandant of the Colaba Depôt 15 days before embarkation to admit of their

being examined. The documents of prisoners must be made over complete to the officer or non-commissioned officer in charge of the party with which the prisoners are proceeding.

(Quarter Master General.)

No. 478.—The general officers in command of divisions and districts in which any men of the battery specified in the margin are now serving will, in communication with the Deputy Surgeons-General of the divisions and districts concerned, at once assemble special invaliding medical boards to ascertain what men of this battery, under orders to embark this cold season from Bombay for England, will require to be discharged from the service on their arrival at home. A list of these men, showing in separate columns such as may accompany their battery, and such as are unable to bear the rapid change to the winter climate of England, will be furnished to the Surgeon-General, Her Majesty's Forces, Madras.

O/1st Royal Artillery.

2. Complete invalid and discharge documents will be made out in India for all men whose discharge on arrival at home is contemplated; those of men left behind (that is, who will not accompany the battery to England), being transmitted to the officer commanding the depôt or station where the men may be quartered. The documents to be prepared for men left behind, whose discharge on arrival at home is not contemplated, will be those for an ordinary transfer, with the usual invalid documents complete.

3. A nominal roll of *all* men not embarked with their battery will be transmitted by the officer commanding the battery to the Assistant Adjutant-General, Royal Artillery, Ootacamund, shortly before sailing, the cause of detention being specified in each case. It will further be stated whether all necessary documents in the case of each man shown in the roll have been transmitted to the proper authorities.

4. His Excellency the Commander-in-Chief of the Bombay Presidency is requested to cause any men of this battery, whose fitness for embarkation at the time intended may have become doubtful after departure from their stations, to appear before medical boards at Bombay, in view to their being detained till later in the season, when the period for arrival at home will be more suitable for men in a weakly state of health. In the case of all such men left behind, the instructions given in paragraph 2 will be observed.

5. Medical boards will communicate to the officer commanding this battery their decisions in the several cases brought before them for examination.

6. State assistance to the extent sanctioned in articles 1513 and 1514, Army Regulations, India, Volume I, Part I, will be given.

7. Subscription lists will be circulated by the committee, and Sir Frederick Roberts hopes that the sums thus collected, together with the liberal aid afforded by Government, will amply suffice to ensure the success of the Exhibition.

8. It should be explained to the men that the Exhibition is not confined to the products of regimental workshops, but that prizes will be awarded for articles displaying skill or ingenuity in every branch of industry. The only restrictive condition is that the articles must be *bonâ fide*, the work of soldiers, or of their families; the latter should be specially encouraged to contribute.

will expire after the arrival of the Regiment at Bellary, will be des-

officer commanding, Ceded district.

2. The troops and details specified above should be despatched as follows :—

I. Invalids and time-expired details, ignominies, military convicts, and other details so as to reach Deolali ten days prior to the date fixed for their embarkation at Bombay.

II. Insanes so as to reach the Colaba Lunatic Asylum under proper escort ten days prior to embarkation.

III. Warrant officers, departmental non-commissioned officers and their families, who have been allotted passages, should proceed to Bombay in time to embark on the dates specified.

3. Despatching officers will arrange accordingly, and report arrangements proposed to be made for the movement of the troops and details to the Quarter Master General's Office, Ootacamund, some time previously.

4. The details from Cannanore should be despatched by sea from Cannanore to Bombay, so as to arrive at Deolali, in each case, ten clear days before embarkation.

5. The details from Burmah should be sent to Madras for despatch thence under arrangements to be made by the Brigadier-General commanding Eastern district so as to arrive at Deolali, &c., as above directed.

6 Timely notice of all movements must be given by the General officer commanding the division or district from which the troops proceed to the General officer commanding the division or district through which they will pass *en route*, in view to the necessary arrangements being made for their reception and onward progress.

7 It having been frequently represented that much inconvenience is caused by troops taking, with them to Bombay, a large amount of baggage in excess of regulations and of unauthorized dimensions, the Commander-in-Chief desires that General officers will call the special attention of officers proceeding in command of troops to the regulations on the subject.

Section XI Transport Regulations, Part I.

8. In view to obviating the inconvenience experienced by widows, women unaccompanied by their husbands, and orphan children, on arrival at Portsmouth, owing to their baggage being placed in the wrong railway trucks "red star," paper labels for their boxes will be provided at Deolali and Bombay. On disembarkation, all boxes, &c., labelled with the "red star" will

be collected in one place and subsequently distributed to the owners.

9. As a considerable amount of correspondence frequently arises after disembarkation relative to men's kit bags reported missing after the men have arrived at their destination, owing to a certain proportion of the troops being on duty on board up to the hour of parading for departure, and consequently unable to see that their kit bags are placed in the proper vans or wagons, printed labels for the kit bags of invalids, time-expired men and other details and the boxes of their families will be provided at Deolali lettered "Chatham," "Woolwich," "Netley," "Gosport," according to the destination of the men. The labels will bear the names of the above places in large distinct letters and will be carefully and securely fixed.

10. Returns and nominal rolls of time-expired, invalids, &c., *actually* to proceed from each division to Deolali, &c., should be sent to the Quarter Master General's Office, Ootacamund, as soon as possible, copies of the same being furnished to the Brigadier-General commanding Bombay district.

11. Officers to proceed in charge of the details will be detailed under the orders of the Adjutant General.

No. 643.—Colonel R. H. Phelips, Staff Corps, will, on return from furlough, do general duty at Bellary under the orders of the General officer commanding the Ceded district.
