

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
4th January 1889.

No. 1.—Major-General W. A. Gib, C.B., Staff Corps, being about to relinquish command of the Secunderabad District on retirement from the Service, His Excellency the Commander-in-Chief desires to place on record his appreciation of the excellent service which the Major-General has rendered during a long and meritorious career of nearly 46 years in India.

Major-General Gib's War Services commenced as far back as 1844. He was on Active Service during the Mutiny in 1857 and 1858 and commanded a Brigade in Afghanistan in 1879-80.

His Excellency desires to acknowledge the assistance he has derived from Major-General Gib's thorough knowledge of the Madras Army which has rendered his opinion on all questions relating to the welfare of that Army most valuable.

The post from which General Gib now retires is a very important one and the efficient manner in which he has exercised the command of the Hyderabad Subsidiary Force has merited His Excellency's approval.

By order of His Excellency the Commander-in-Chief,

M. C. FARRINGTON, Brigr.-Genl.,
Adjutant-General.

It is notified for general information that the provisions of Army Orders 293 and 474 of 1888, which require the possession of a 1st class certificate of education before promotion to the ranks specified therein, have been so far modified that non-commissioned officers will continue to be eligible for the next step of promotion above the rank they hold on the 1st January 1889 without the necessity of obtaining a 1st class certificate of education.

The Adjutant General, Horse Guards, having brought to notice that instances have recently occurred of non-commissioned officers and men on arrival in England being erroneously sent to the depôts owing to the absence of proper instructions on their documents as to their disposal, the attention of Officers

Commanding Corps and Batteries is invited to the orders on this point contained in G. O. C. C.† of 1884, page 210.

2. Care is to be taken in future that every man's destination is clearly indicated to the authorities at the port of disembarkation in England; and it is to be borne in mind that no non-commissioned officer or man is to be sent to the depôt when there is a home Battalion of his regiment, unless he is specially ordered home for the purpose of going to the depôt.

In continuation of G. O. C. C.,‡ dated 21st December 1888, page 555, it is notified that the undermentioned officers have also qualified for appointment on the Regimental, general and personal staff of the Army:—

No. 55.—The following extracts from general orders by His Excellency the Commander-in-Chief in India, are republished :—

Adjutant General's Office, Simla, 24th December 1888.

The Commander-in-Chief desires to call the special attention of General Officers Commanding Districts, and Commanding Officers of Stations and Corps, to the subject of Field Firing, and to the great benefit to be derived therefrom in the practical training of troops, by bringing directly home to the minds of all ranks the telling results to be obtained by the fire of the several arms individually and collectively under different service conditions.

The requirements of active service should, therefore, as far as possible, be observed during the conduct of Field Firing, and the movements of the several arms should, when practicable, be carried out as they would be on the field of battle.

The several stages of the attack and defence should also be distinctly marked, and when it is not possible to employ artillery, the attack should always be prepared by long range infantry fire, which should be delivered by volleys from an appreciable number of men, not less than half a Company.

During an advance the development and direction of Infantry fire should be determined as circumstances and the ground permit. It should generally be carried out under service conditions; and, when practicable, thorough and systematic endeavours should also be made to ascertain the comparative results of varied descriptions of fire, such as flanking, frontal, collective, individual, plunging, and inclined fires. Where the necessary

ammunition is available Field Firing might first be practised deliberately as a means of instruction, and subsequently carried into effect during an operation under the orders of Captains of Companies.

The successful conduct of Field Firing operations demands the highest training, both from officers and men; too great a stress cannot be laid on "fire discipline," and it is absolutely necessary that Officers Commanding Companies should realize the fact that after aimed firing once commences on their entering the third zone, viz, from about 800 to 200 yards from the enemy's position, the responsibility of seizing all the vantage grounds in their immediate front, and bringing a fire of the most telling description to bear on the enemy rests mainly with them, and that the battle is consequently almost entirely in their hands.

The Commander-in-Chief is aware that the amount of ammunition available for Field Firing is limited, but His Excellency nevertheless hopes that every endeavour will be made to utilize it to the best advantage.

Sir Frederick Roberts cannot impress too strongly on General, and other Officers Commanding Stations and Corps, the importance of all "general ideas," in connection with Field Firing being based on the requirements of war. Consequently, no frontal attack will, as a rule, be carried out unless it is combined with a flank movement, even though the nature of the ground may necessitate this movement being merely indicated by representative parties firing blank ammunition.

In order to arrive at the best mode of carrying out these exercises, and at the same time to allow of the several commands being made acquainted with the results obtained elsewhere, the Commander-in-Chief intends to publish a selected number of the reports submitted in connection with the Field Firing executed in the Bengal Presidency during the current year, 1888-89, and His Excellency sincerely trusts that every Commander will do his utmost to ensure the best and most practical results in this very important part of a soldier's training, viz., thorough efficiency when in the immediate vicinity of the enemy.

Field Firing reports will invariably be accompanied by the remarks of the General Officer, whether they have been carried out in his presence or not, and the reports should be despatched with all documents connected with the experiments and operations in question, so as to reach the office of the Adjutant General in India, Simla, not later than the end of April 1889.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Adjutant General's Office, Ootacamund, 1st March 1889.

No. 98.—It is notified for information that the *London Gazettes* of the 1st and 5th February 1889 were received in the Adjutant General's Office on the 28th ultimo.

No. 99.—Under instructions from the Horse Guards, it is notified for the information and guidance of Officers Commanding British Corps, that soldiers who confessed under the Royal Proclamation, promulgated with G.O.C. No. 397 of 1887, pages 243, 244 and 245, to fraudulent enlistment or desertion, have forfeited all previous service up to *the date of the order under which they were held to serve* (*vide* G.O.C. No. 566 of 1887, pages 366 and 367). The expression, viz., "*the date of the order under which they were held to serve*," is intended in the case of soldiers who *while serving* confessed to fraudulent enlistment or desertion under the Royal Proclamation, to correspond with the expression, viz., "*the date of their confessions.*"

2. The dates of all letters issued from the Adjutant General's Office, Ootacamund, granting the Queen's pardon to the class of men in question, will be altered accordingly to correspond with the dates on which the men confessed, and the services of these men will be forfeited up to those dates only.

3. This order does not affect soldiers whose service has been restored under Army Order 72 of 1888 (*vide* G. O. C. No. 214 of 1888, page 118).

(Quarter Master General.)

No. 100.—With reference to G. O. C. No. 25 of 1889, it is hereby notified that, under the orders of Government, the move of the wing, 23rd Madras Infantry, from Hoshungabad to Belgaum, has been postponed till next trooping season.

The Commander-in-Chief desires to invite the attention of General Officers Commanding Districts and officers commanding corps to the necessity for completing the annual Musketry course for the current season by the 31st March next. Inconvenience and delay in the preparation of the annual report is caused in cases where the Musketry course is extended beyond the official year, and His Excellency trusts that all corps will be able to complete their Musketry training in sufficient time to permit of the returns being completed and rendered on the dates laid down in the Regulations.

It is notified, for the information and guidance of officers commanding British corps, that all advances of pay to Regimental warrant officers, non-commissioned officers and men proceeding on furlough to England must be made by the corps concerned, and gradually worked off as pay for the period covered by the advance is actually earned. The recovery of such advances cannot, under any circumstances, be effected in England.

In *exceptional cases*, advances of the nature in question may be made by the Paymaster at the embarkation depôt, but not before the concurrence of the officer commanding the corps concerned has been obtained, by telegram if necessary. In these cases also the advance will be borne by the corps concerned, and the same procedure followed for the recovery of the advance as in ordinary cases, the sum advanced being immediately repaid by the corps to the Paymaster at the embarkation depôt.

With reference to G. O. C. C.,† dated 30th September 1887, page 533, regarding the prepayment of postage on correspondence sent by officers commanding regiments in India to the Discharge Depôts at home, the Commander-in-Chief directs that officers commanding regiments and batteries in the Bengal‡ Presidency will see to the correct prepayment of full postage on *all* communications addressed on Her Majesty's service by them to England.

When shooting passes extending over three days are given to soldiers to districts other than that in which the cantonment in which the regiment is quartered is situated, the Commanding Officer will send to the Magistrate of the district to which the men are about to proceed a notice stating the rank and names of the party and, as nearly as can be stated, the parts of the district to which they are going. Care should be taken that passes are only given for localities where shooting can properly be pursued.

The following Circular letter from the Adjutant General, Horse Guards No. $\frac{104.}{\text{General No.}}$, dated 26th November 1888, is re-published for information and guidance :—

"His Royal Highness the Commander-in-Chief has had under his consideration the following proposal by which soldiers may improve themselves in the important subject of judging distance :—

"In each barrack room which offers favourable range of view, a sketch should be hung up showing all prominent objects, and giving their correct distances as seen and measured from a doorway or other point in the barrack.

"The soldier by observing such objects and the size and appearance of men or animals in the vicinity, noting at the same time the measured distance, would gradually train himself to estimate, with accuracy, similar objects when seen at unknown distances.

"His Royal Highness desires that, where facilities exist, you will give such instructions to Commanding Officers as you may deem necessary for the introduction of this system."

The Commander-in-Chief in India directs that, under the orders of General Officers Commanding, this system be adopted by all British and Native corps, and Batteries of Artillery at stations where local conditions admit of the proposals being carried into effect.

The Commander-in-Chief has directed the publication of the following handicap table for the guidance of all concerned, with reference to the distribution of musketry prizes in Native Cavalry and Infantry regiments partly exercised with Martini-Henry and partly with snider arms :—

Distance.	Snider carbine to receive from Martini-Henry carbine	Snider rifle to receive from Martini-Henry rifle
	Points.	Points.
200 yards (10 rounds) ...	1	...
300 yards (10 rounds) ...	2	1
400 yards (10 rounds) ...	3	2
500 yards (10 rounds) ...	4	3
600 yards (10 rounds) ...	5	4
700 yards (10 rounds) ...	...	5
Total in annual course ...	15	15

Under the above conditions, every man will have an equal chance of winning a prize, irrespective of the weapon with which he fired his annual course, and the handicap is therefore invariably to be applied when selecting men for the rewards authorised in Part VI of the Native Musketry Regulations.

It is distinctly to be understood, however that the added points, are on no account to be recorded in any register or return showing the results of the musketry course.

‡ S.G.O. No. 70 of 1888, para. 2. Addendum published at page 13 of S.G.O. of 1889, India Army Regulations, Volume II, para. 2581, as amended by S.G.O. No. 16 of 1889, page 33.

2. His Royal Highness the Commander-in-Chief has received the Queen's commands to require of Officers a scrupulous adherence to the system of Drill and Manœuvre now promulgated. The careful training of the soldier in ordinary times by those whose duty it will be to direct his fire and lead him in action has become of paramount importance.

3. These regulations are based on the principle of demanding great exactitude in the simplified movements still retained for Drill, while conceding the utmost latitude to all commanders, of however small a unit, in Manœuvre. The first must be carried out literally; the second must be observed in the spirit more than in the letter.

4. The very process by which the rank and file are gradually imbued with a feeling of confidence, when called upon to act more or less upon their individual judgment, will create the discipline essential to success.

5. It is to the appreciation by General Officers Commanding of these vital points, and to their realising the altered conditions of modern warfare, that his Royal Highness looks for the efficient preparation of Infantry for the practical requirements of the battle-field.

6. General Orders 28, 41, and 94, of 1885, are hereby cancelled.

The Government of India have notified that they attach much importance to the utilisation of Government transport to the fullest extent on relief, and other duties, in view to reduction of expenditure for hired transport. General Officers Commanding are accordingly directed to take such steps as may be necessary to ensure that all Government transport, both Regimental and Depôt, as well as carriage employed on station duties, is utilised, as far as practicable, with troops moving in relief, &c.

Occasions may arise when at the time of corps moving in relief, &c., it would be inconvenient to spare transport from station duties, but preference, whenever practicable, should always be given to troops moving, and temporary transport engaged for station duties.

The following Horse Guards' memorandum No. $\frac{104}{\text{Gen. No.}/1575}$, dated 1st January 1889, is republished :

" His Royal Highness the Commander-in-Chief, recognising as he does the urgent necessity of improving the field rifle fire of our soldiers, recommends to the attention of General Officers

Commanding Districts, and Officers Commanding regiments of cavalry and battalions of infantry, as tending to this end, the importance of including in the list of competitions at periodical rifle meetings, certain events of a warlike nature, in view of holding out inducements to all ranks to pay more attention than is apparent at present, to the practice of "Mass Firing," by which, and not by individual shooting as carried out on a rifle range at fixed distances, battles are won.

To ensure the efficacy of such a fire, its intelligent control and direction (in which the manner of giving words of command is an important element), by company and section commanders are absolutely indispensable; therefore it is suggested that in judging the relative value of the results of competitions, a certain number of marks should invariably be allotted to these points, as well as to accuracy. Then the fire discipline exhibited by the rank and file, tactical handling by commanders, and time taken, when features of the contest, should receive due awards. At those stations where the nature of the ground available for holding rifle meetings admits of their being competed for with safety (and His Royal Highness is of opinion that there are many in India and the Colonies, and not a few in the United Kingdom), the following events are recommended to your notice. The bald outline is simply given, without any attempt being made to enter into detail, and of course the nomenclature is merely suggestive.

1. The Attack Competition.

An entrenched position should be prepared, manned with dummy figures, and attacked as nearly as possible under service conditions.

2. The Ambuscade Sweepstake.

The competitors for this contest should be formed as an advanced guard, and be prepared for attack anywhere between two given points by an enemy lying in ambush, the enemy to be represented by dummy figures suddenly coming into view as scouts of the advance guards pass intervening cover.

3. The Despatch Prize.

A moving figure of a man on foot or horseback, presumably carrying a despatch from one part of the field of battle to another, might certainly be improvised, and run on a light tramway. This prize should be competed for individually, or by groups, when the fire should be by rapid volleys.

4. Extreme Range Fire Competition.

This should be competed for by sections, targets representing a battery of artillery, unlimbered for action or limbered up, or a battalion of infantry in quarter column, working parties, &c., should be made up of old sheeting screens, or hoarding, and the fire should be deliberate volleys. In this event the method of aiming as laid down in the Musketry Regulations, page 79, paragraph 60, should be adopted.

5. The Lloyd Lindsay Prize for Cavalry or Mounted Infantry.

As carried out at Wimbledon annually, (and probably well-known to all), except that there should be a section commander, whose leading and handling should command a certain number of marks.

6. The Attack Competition for Cavalry and Mounted Infantry.

A position should be prepared resembling a bridge head, manned by dummy figures, representing a portion of an enemy's advanced guard holding it for the passage of a larger body. Troops, or smaller bodies, should form dismounted at a given distance, and attack under service conditions, horses meanwhile being kept handy under cover. After firing a given number of rounds, it should be presumed that the enemy is driven off, then the horses should be signalled for, and a rush made for the bridge. The form of blowing it up should be gone through by igniting a small fougass by common fuse or by some other method, &c. Time taken would be an important element in this contest.

7. The "Rorke's Drift" Stakes.

This competition should be carried out on a dark night, from a presumably defensive position. Screens representing an enemy whose direction and distance is known should be improvised. Sections should compete, firing by volleys. Luminous tape should be applied to the back and fore sights of the rifles, as taught at the Hythe School of Musketry.

8. The Revolver Contest.

This should be competed for by officers, and all who by regulation carry a revolver in the field. The fire should be individual, at a man figure, advancing at close distances, say 25 to 5 yards.

9. The Entrenchment Competition.

This should be carried out by sections. Head and shoulder targets should be fixed on a scaffolding pole, and be made to appear and disappear behind a shelter trench representing an enemy firing, and then lying low under cover.

N.B.—Officers should be encouraged to take part in these contests, as it is essential to success that they should manifest an interest in the meeting.

These competitions should take place in service dress and equipment.

There are many other events having affinity to field-firing, such as signalling, judging distance by day and by night, by flash and sound, ambulance work, &c., &c., which no doubt would suggest themselves to the Committee of Management as worthy of a place in the programme.

Many of the above events have objects identical with those of the "Field practices" of the annual course of Musketry, and some are included in a prospectus of a Tactical Field Rifle Meeting, lately held by the Nagpur Field Force, East Indies."

With reference to para. 10 of India Army Circulars, clause 115 of 1888, it is notified that the list of native soldiers recommended for meritorious service medals with annuity, and good conduct medals, with or without gratuity, will be closed and passed to Government at the end of March: recommendations for 1889 received after that date cannot be entertained.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Adjutant General's Office, Ootacamund,
18th April 1889.

No. 175.—A School of Musketry will be formed at Secunderabad this year and two classes will be held, *viz:*—

1st, from the 8th June to the 6th August.
2nd, from the 1st September to the 30th October.

2. The establishment of each school will consist of—

1	Chief Instructor		
1	Junior Instructor		
1	Native Officer Instructor on a staff salary of Rs. 25 per mensem.		
1	Sergeant Major.		
1	Sergeant Instructor, British Cavalry, for the period the classes are open.	Rs. 20	per mensem,
4	Sergeant Instructors, British Infantry,	„ 20	ditto.

2	Havildar Instructors, Native Infantry	„ 10	„
*1	Sergeant Marker	„ 15	„
*1	Corporal Marker	„ 10	„
*2	Buglers	„ 10	„
*9	Privates	„ 10	„

*Will be detailed by the General Officer Commanding the Secunderabad District.

And the following allowances have been sanctioned by Government :—

	Per mensem.
Office allowance	... Rs. 45
Mess allowance, per British Officer	... „ 10
Stationery allowance, per class ...	... „ 25
Conservancy	... „ 10

3. The numbers to be under instruction at each class are—

10 Officers of British Regiments,
10 Officers of Native Regiments,
20 Warrant Officers and Sergeants,
10 Native Officers,
10 Havildars,

60

All the above ranks together with the Instructors will be detailed by General Officers Commanding Districts according to the following table :—

Total ..	10	10	20	10	10	1	4	1	2	

4. In the event of the detail allotted to a command not being fully taken up, the fact should be notified at once to the General Officer Commanding Secunderabad District, in order that, should there be additional candidates for instruction in another command, he may thus fill the vacancy. An increased number of officers of either British or Native Corps may attend a class provided there are vacancies and the total number allowed, *viz.*, 20, is not exceeded; but no exchanges can be permitted in the detail of other ranks.

5. Attention is invited to para. 82 of the standing orders of the Schools of Musketry in India, para. 258 of the British and para. 400 of the Native Musketry Regulations, and Commanding Officers are reminded that an officer who has once completed a course and obtained a company certificate can, with the sanction of the Adjutant General, only attend the examinations at the end of another course, provided that no expense is charged to the public.

6. The Non-Commissioned Officers selected for Instructors are to be despatched to Secunderabad in sufficient time to admit of their reporting themselves on the 28th May next, for the purpose of undergoing a course under an Officer Instructor, of gun drill and instruction in night and angular firing previous to the opening of the school.

7. The Commander-in-Chief desires to impress on General Officers Commanding the necessity for great care in the selection of Non-Commissioned Officers as Instructors. The work required from them is of a special nature, and it should be ensured that they are capable of undertaking it, and are most exemplary in their conduct.

8. A Nominal roll of all ranks detailed for instruction at the first class and of the Instructors should be communicated to the General Officer Commanding the Secunderabad District by the 20th May, and a similar roll of those detailed for the second class, by the 12th August. These rolls are to contain a certificate that both officers and Non-Commissioned officers detailed for instruction are well acquainted with the Martini-Henry firing exercises—

Officers and Non-Commissioned officers detailed to attend the classes for instruction should arrive at Secunderabad two days prior to the date the classes are ordered to assemble.

9. The Sergeant Instructors are allowed, if married, to take their families with them, and they will remain at the schools until the termination of the 2nd class.

10. Each British Officer and Non Commissioned Officer will take with him a copy of the British Musketry Regulations, 1887, corrected to date. The former are also recommended to be in possession of "Bond's Treatise on Military Small Arms and ammunition," "Mayne's Fire Tactics," and sufficient stationery to last the course, the latter being provided by the State for Non-Commissioned Officers only.

11. A nominal roll of all present is to be furnished direct to the office of the Adjutant General, Ootacamund, as soon as each class is formed.

12. All Officers and Non-Commissioned Officers must have previously gone through a recruit's course of musketry, and the British Non-Commissioned Officers must be in possession of a 2nd class certificate of education.

13. Every officer and Non-Commissioned Officer must be medically inspected and reported fit for duty before he leaves his Corps; the rifle or carbine of the latter must be carefully examined by an armourer, and any defect remedied, and British Non-Commissioned Officers must arrive fully armed and equipped.

14. Should there be a difficulty in detailing a sufficient number of Color Sergeants (to whom preference should be given), Sergeants or Lance Sergeants, to attend a course, Corporals in possession of 2nd class educational certificates may be selected; but before leaving their Corps they must be made provisional Lance Sergeants for three months to enable them to be examined for a certificate.

15. In the selection of officers preference is to be given to—

British Service—(1) to those commanding troops or companies who are not in possession of a school of musketry certificate;

(2) to Lieutenants at or near the top of the list for promotion to Captain,

Indian Service.—To Adjutants of Native Corps not already in possession of an extra certificate of musketry.

16. The following table (extract from Bengal G. O. C., dated 2nd April 1889, page 141), showing the arms, accoutrements and ammunition sanctioned for the schools, is republished for guidance in the preparation of indents:—

Statement shewing the arms, ammunition, &c., now allowed for each school of musketry, with the additions necessary on account of the increase in the strength of the classes.

Adjutant General's Office, Simla, 2nd April 1889.

It is notified for the information of Officers Commanding British Corps that the Government of India has approved† of the present pattern General Service haversack being improved in certain respects, notably by the introduction of a partition down the centre with the view of keeping the soldier's ration apart from such other articles he has to carry in it.

† Government letter No. 1927-G., Clothing, dated 6th November 1888.

The new pattern haversack will, moreover, be made deep enough to hold a *case* in which it is intended that the soldier's knife, fork and spoon should be carried. This case should be made up under Regimental arrangements of some material such as canvas strengthened with leather at one end strong enough to prevent the point of the knife and the prongs of the fork from piercing it.

The case should be carried with the points *downwards*, in the loops at the front edge.

It having been brought to the notice of the Commander-in-Chief that the documents of men sent home for discharge and transfer to the reserve are in some cases improperly prepared and in others incomplete and not signed, His Excellency directs the particular attention of officers concerned to the instructions for the preparation of discharge documents laid down in the "Regulations for the discharge of soldiers of the British Forces serving in India," pages 18 to 28, as amended by General Orders ‡ Nos. 10, 57, 96, and 105 of 1888, and § 4, 12, and 19 of 1889.

Field Practices.

Rounds.		
10	Commandant's allowance.	To be expended at such times and in such field practices as under the direction of General Officers may be deemed best for the purpose of improving the shooting of the men.
10	Regimental or brigade field firing.	

Those who fail to obtain 50 points (Snider 35 points) in the Individual Range Practices will repeat their entire 1st Period, utilising for this purpose the 20 rounds sanctioned for their collective firing together with the commandant's allowance of 10 rounds. They will execute the 2nd Period with blank ammunition.

Recruits.

This course will remain as at present, except that recruits will henceforth execute volley firing at 400 and 500 yards, as laid down for Infantry recruits, in lieu of skirmishing.

The individual firing is to be divided into three periods, *viz.*:

1st Period —100 and 200 yards; 10 rounds at each distance.

2nd „ —300 and 400 „ „ „

3rd „ —500 and 600 „ „ „

Recruits are required to obtain 40 points (Snider 30 points) in the 1st Period before being passed to the 2nd, and a similar number in the 2nd Period before being passed to the 3rd. In the 3rd Period they must obtain 30 points (Snider 20 points) before qualifying as trained recruits:

6 feet by 8 feet as above, but at this distance hits on white not to count.	500	5				
6 feet by 8 feet as above, but two feet to be left white at top.	400	5	Rapid section volleys, fixed bayonets.	Kneeling	Ditto ...	Ditto.
3 feet high and 8 feet long, khaki color; band of 6 inches to be left white at top of target. All hits, including richochets, to count one point.	300	5	Ditto ...	Standing	Ditto.	
	200	5	Rapid independent, fixed bayonets. One minute allowed, and no shots to be fired after the expiration of that period.	Standing. Rank entire.	Fixed at 300 yards.	

FIELD PRACTICES.

When practicable these exercises are to be performed off the range.

Practice.	Distance, rounds, &c.		Remarks.
	Yds.	Rounds.	
Moving	Between 100 and 200.	5	The method of conducting these practices is entirely optional. The targets may bear any suitable device, but must not exceed 2 feet square.
Vanishing	Between 100 and 200.	5	
Attack	600 to 150	10	2 targets 3 feet by 8 feet (as at 300 yards, 2nd Period). Targets to be at least 20 feet apart.
Skirmishing	450 and 200	10	
Company field firing	.....	10	
Brigade or regimental field firing...	.....	10	
Commandant's allowance ...	.....	15	To be expended at such times and in such field practices as under the direction of General Officers may be deemed best for the purpose of improving the shooting of the men.

Men who fail to obtain 55 points (Snider 45 points) in the 1st Period range practices are debarred from executing moving, vanishing or skirmishing practices, and the 20 rounds of ammunition thus made available, together with 10 rounds to be taken from the Commandant's allowance, will be utilised for the purpose of causing these 3rd class shots to repeat the 1st Period during the current season. This repeated practice will not be included when calculating the Figure of Merit.

The Figure of Merit of all corps will be based on the results obtained in the 1st and 2nd periods of the range practices.

Prizes.

The distribution of money prizes will, subject to the approval of the General Officer Commanding, be left mainly to the discretion of Commanding Officers, who will give it to such companies, sections or individuals as may be considered desirable. Further instructions will be issued upon this subject at a later date.

Recruits.

This course will remain as at present.

The individual firing will be divided into three periods, *viz.*:

1st period—100 and 200 yards.

2nd ,, 300 and 400 ,,

3rd ,, 500 and 600 ,,

Recruits are required to obtain 55 points (Snider 50 points) in the 1st Period before being passed to the 2nd, and a similar number in the 2nd Period before being passed to the 3rd. In the 3rd Period they must obtain 45 points (Snider 40 points) before qualifying as trained recruits.

Regiments are permitted to commence the 1st Period range practices (individual firing) at once, but as some modifications may yet be made in the 2nd Period (collective firing), they will not execute this portion of their course until further orders.

It will be seen that the 1st Period range practices must henceforth always precede the field practices.

No. 217.—The following extracts from general orders by His Excellency the Commander-in-Chief in India, are republished :—

Adjutant General's Office, Simla, 30th April 1889.

* * * *

The following Army Order, dated War Office, 1st March 1889, is republished for information :—

A. O. 121.—*The Staff College.*

1. The attention of the Commander-in-Chief has been drawn to frequent cases of bad handwriting on the part of Officers studying at the Staff College. His Royal Highness considers it absolutely essential that a Staff Officer should habitually write a hand that is easily legible, and he desires that superior officers will bear this in mind in their reports on candidates under para. 2 (*e*) 6 of Section IX, Queen's Regulations and Orders for the Army, 1885, as amended by General Order 125 of 1886.

2. The following amendments will be made in Section IX, Queen's Regulations and Orders for the Army, 1885, as amended by General Order 125 of 1886 :

In para. 6, line 3, for the words "Illegible handwriting," the words "Handwriting not easily legible" will be substituted.

The following will be inserted after para. 18 :

18*a*. A student at the Staff College will also be liable to removal at any time if he cannot write legibly, or if he be deficient in the power of expressing himself clearly and intelligibly on paper. It will be the duty of the professors to bring these defects to the notice of the Commandant, who will report all such cases for the information of the Commander-in-Chief.

The following Army Order, dated War Office, 1st March 1889, is republished for information :

A. O. 138.—*Staff College—Examination for Admission.*

At the Examinations for admission to the Staff College, the use of the "Manual of Military Law," and the "Queen's Regulations and Orders for the Army," will not be allowed for answering the paper in Military Law.

The Commander-in-Chief in India is pleased to make the following appointment, subject to the approval of His Royal Highness the Commander-in-Chief :

Adjutant General's Office, Simla, 14th May 1889.

The following instructions are published to assist Boards assembled for the examination of officers in subjects (*a*) and (*b*) for promotion to higher rank, to conduct these examinations in strict accordance with the Regulations and orders on the subject.

2. (*a*) Before they are eligible for examination, 2nd Lieutenants as well as Lieutenants must have been dismissed from all drills and have completed not less than one year's service. Queen's Regulations, IX, 52; G.O.C.C.,† page 112 of 1889.

†G.O.C. No. 181 of 1889.

(*b*) The examination of a 2nd Lieutenant for promotion to Lieutenant is exactly the same as that of a Lieutenant for promotion to Captain and includes the evolutions of a Battalion. He will not have to pass again in (*a*) and (*b*) for promotion to the rank of Captain.

(*c*) In the above examination the Board will therefore report as in the case of a Lieutenant, *viz.*:—

That he is a good drill, able to impart instruction and fully competent to command the body of troops he may be exercising, *viz*, a Battalion.

Should the Board not be able to report as above, the candidate cannot be considered as passed.

(*d*) The examination in (*b*) for Lieutenants and Captains must not only be practical but also by written questions on each of the four subjects, *viz.*:—

1. Drills.	
2. Exercises ...	... According to arm of service.
3. Instructions	Musketry or otherwise, according to arm
4. Miscellaneous.	

(*e*) The certificate required by Queen's Regulations, IX, 49, must in every case be attached to the papers of each candidate.

(*f*) Candidates must write their names on every sheet of paper of questions, and number their answers; further the subject-heading ("Discipline," "Duties," &c., "Drills," "Exercises." &c.,) thereof should be entered before each set of questions and answers.

3. When assembling a Board of Examination the special attention of the President should be called to this order.

†G.O.C. No. 181 of 1889, page 109.

It having been brought to the notice of the Commander-in-Chief that candidates frequently present themselves for examination in the native languages without due preparation, His Excellency directs that Commanding Officers will, before permitting Non-Commissioned Officers and men under their command to appear before a Board of examination, fully satisfy themselves that they possess a sufficient knowledge of the language in which they wish to be examined to give them a reasonable prospect of passing in it.

2. For this purpose the Officer Commanding will avail himself of the services of an officer who should, if possible, have passed by the Higher Standard of the language in question.

3. Officers Commanding Stations before accepting the names of candidates for examination will ascertain that this order has been complied with.

The Commander-in-Chief in India is pleased to make the following appointments :—

With the sanction of Government, the following rules are published, under which transfers will be effected and volunteering permitted from Corps proceeding to England and Aden during the ensuing trooping season:

(1)

8th Hussars

1. All men who have extended their service under the provisions of India Army Circulars, clauses 85 and 108, of 1883, will remain in India to complete their extended term, but may, if not of "bad" character, volunteer for any one of the following regiments:

2nd Dragoon Guards.	5th Lancers.
3rd Dragoon Guards.	7th Hussars.
7th Dragoon Guards.	18th Hussars.

21st Hussars.

2. All others who have not entered the last year of their army service may be allowed to volunteer for further service in India with any of the regiments above named, subject only to the conditions laid down in the "General Rules." Volunteers for Dragoon Guards and Lancers must be of the height prescribed for Medium Cavalry.

3. The officer commanding will ascertain and *wire* to the Adjutant General's Office, Simla, as early as possible, the numbers of each rank, willing to join the relieving regiment (18th Hussars) on its arrival from England.

4. Staff Sergeants and Troop Sergeant Majors may volunteer in the rank of Sergeant.

(II)

(IV)

2nd Battalion Leicestershire Regiment

(proceeding to Aden).

1. All men who have extended their service under the rules quoted in the first part of (II) 1, will remain in India to complete their extended term, and may, if not of "bad" character" volunteer for any of the regiments named in the same paragraph.

2. All others who have not entered the last year of their army service may, subject to the conditions laid down in the "General Rules," be allowed to volunteer for further service in India with any of the regiments named, but to such extent only as will not reduce the strength of the Battalion below 515 men, exclusive of invalids and time-expired men. Preference will be given to married men.

3. Staff and Color Sergeants may volunteer in the rank of Sergeant.

---

*G.O.C. No. 316 of 1888, page 196.

His Excellency the Commander-in-Chief, Madras Army, and His Royal Highness the Commander-in-Chief, Bombay Army, will be good enough to issue the necessary subsidiary orders for the volunteering and transfers of the corps in their commands.

GENERAL RULES.

I. Soldiers volunteering for further service in India must be medically fit for such service, and must not be of "bad" character. Men of "bad" character who have extended their service under Indian Regulations and are therefore compulsorily retained in India, should be sent to the other Battalion of their corps if in India; if not, special instructions as to their disposal should be asked for. Other men of bad character will, if not transferred to the other Battalion of their corps, go to England with their Battalion.

II. Volunteering into any one regiment is limited to the number (communicated by the Adjutant General in India) which will increase the strength of the regiment to 8 per cent. in excess of the prescribed strength.

III. Married men are not allowed to volunteer for regiments which have already their full proportion of married men, or nearly so.

IV. Lads enlisted under special authority are not to be allowed to volunteer until they have attained the age of 18 years, unless they may wish to volunteer in order to remain in India with relatives, and sufficient proof of relationship is forthcoming.

V. Non-commissioned officers transferred to other corps, whether compulsorily, or voluntarily, will, in all cases, take rank and precedence in their new regiments in their respective ranks according to the date of their promotion or appointment.

VI. Infantry soldiers must volunteer for the territorial regiment to which the battalion they select belongs, but they will be posted for duty to the battalion in India which they wish to join.

VII. Volunteers for Highland regiments (who must be natives of North Britain) will be allowed a gratuity of 12 rupees and 8 annas to cover the cost of their necessary Highland equipments.

VIII. Men on, or probationers for, the unattached list borne on the rolls of the corps returning home, who may be desirous of continuing in their staff situations, can volunteer only to

corps of the same arm serving in their own presidencies. But if holding higher rank than that of sergeant, they will only be allowed to elect for transfer to another corps on the condition that if they revert to their new corps for duty, they must consent, if required, to do so in the rank of sergeant. Commanding officers should lose no time in ascertaining from Departmental Officers the wishes of those men of their corps employed under them, and in reporting the result to the Adjutant General of the Presidency (in Bengal on Bengal Form No. 396.)*

IX. Volunteering will take place under the orders of the general officer commanding, at least one clear month before the regiment leaves its station; a medical board being convened for the examination of the volunteers.

X. Transfers and volunteers will be paid in their old corps up to the date preceding that of departure to join their new corps, and struck off the rolls of their corps from the day of departure inclusive. They will proceed under divisional arrangements to join their new regiments, but will in the meantime continue to do duty with their original corps.

XI. Nominal rolls of all volunteers will be forwarded, as soon as the volunteering is completed, by the officer commanding the regiment giving, to the officer commanding the regiment receiving volunteers.

XII. The transfer documents (Queen's Regulations, 1885, Section XIX, paragraph 148) will be prepared at once, and sent by post to the regiments to which the men have volunteered; a report of the date of their despatch being made by commanding officers to the general officer in local command. *Commanding Officers receiving the documents will be held responsible that they are in all respects satisfactory and complete.* The company defaulter sheets, and lists of clothing and necessaries in possession of the volunteers will be handed over to the officers appointed to command the parties proceeding to join the new regiments.

XIII. A report of the result of the volunteering will be made by the officers commanding corps giving volunteers on India Army Form 29 to the Adjutant General in India, Simla.†

---

* In Madras on form supplied by the Adjutant General.

† Through Adjutant General, Ootacamund, in case of 2nd Battalion Norfolk Regiment, 4th Battalion Rifle Brigade and 2nd Battalion Leicestershire Regiment.

Head Quarters, Simla, 28th June 1889.

* * *

So far as Native Cavalry Regiments are concerned, G.O.C.C.,† dated 24th August 1887, pages 450 to 453, and G.O.C.C.,‡ dated 1st November 1888, page 474, are hereby cancelled and the following will be the course of squadron training to be carried out by them :

I. In future each squadron is to be handed over for instruction to its commander for at least a month, at the commencement of the drill season or as soon after the hot weather as possible ; and out of the four days per week on which regiments are ordered to parade during the cold weather, at least one is to be given up to squadron commanders and more if the commanding officer thinks fit.

II. Squadron commanders are to be held responsible for the whole work of their squadrons and for the drill of every man in it after the man has once been handed over as a drilled soldier by the adjutant.

III. No rules will now be issued as to what the squadrons are to be instructed in as their commanders must know well what is required of them and the points which require special attention.

IV. At the termination of each course the squadron will be examined by the commanding officer to test the practical nature of the instruction given and the knowledge gained.

V. Every available officer, non-commissioned officer and man will be present with his squadron and be relieved of all other duties while under instruction.

VI. Men in hospital and those unable to attend with their own squadron will be trained as casuals with another squadron.

VII. Each practice in field training will be carried on as far as possible under the conditions of actual warfare.

VIII. Explanation will in all cases precede practice on the ground and should form an important part of the instruction, but formal lectures are unnecessary as they are unsuited for native soldiers.

It is notified for information that the Government of India have sanctioned the grant of compensation at monthly rates, for the use of the Indian serge frock, being credited to every soldier arriving in India before the 1st April, from the date on which his kersey frock was returned into store in England.

Military Department letters No. 1792-D., dated 6th May, and 2379-D., dated 8th June 1889.

In the case of men landing in India in a year of serge issue and being entitled to tunics on the 1st April following their arrival, they will be allowed the option of obtaining serge frocks, if necessary, in lieu of the tunics, with compensation for the difference in value between tunics and serge frocks.

The compensation will be allowed, with effect from the commencement of the trooping season, 1888-89.

The attention of officers commanding regiments and corps of the Native Army is called to the provisions of the 162nd Indian Article of War, which enacts that as soon as two months of illegal absence have expired, a Court of Enquiry shall *forthwith* assemble. The word *forthwith* is to be taken to mean the earliest practicable date after expiry of the two months. If a longer period is allowed to elapse before assembling the Court, the record of the same is liable to be set aside as evidence at a trial for desertion.

A new invention to permit of target practice being carried out in barrack rooms, &c, has recently been brought under the notice of the Commander-in-Chief, and has met with His Excellency's approval. It consists of a hollow rifled steel cartridge so contrived as to fire a small pellet by the explosion of a percussion cap. No subsidiary apparatus is required; the pellet does not touch the rifle barrel in its passage, and every soldier is thus enabled to practise with his own weapon.

This invention is designated "Dreyse's steel cartridges" for barrack room practice, and the sole Agent for India is Mr. R. Hotz, Simla, from whom cartridges, caps, and pellets can be obtained.

Attention is invited to the following Army Order, dated War Office, 1st May 1889:

Corrections to Queen's Regulations, 1885—

Lieut. F. G. Bradley .. ... Madras Staff Corps.

Head Quarters, Simla, 4th July 1889.

Intimation having been received from the Horse Guards that considerable inconvenience and delay have arisen in issuing the annual army order relating to the state of education in the Army, owing to Army Form B 139, "Annual Return of Certificates of Education," not having been sent to the Director General of Military Education on the 1st January, the attention of officers commanding corps is invited to para. 22, section XXI, Queen's Regulations, 1885, which directs that the return is to be forwarded on the 1st of January in each year.

A duplicate of the return should be forwarded at the same time to the Director of Military Education in India.†

† Superintendent of Army Schools, Bangalore, by corps serving in the Madras Presidency.

The results of the Annual inspection in signalling of British Corps in India for the year 1888-1889 are published in the annexed return.

2. The efficiency return shows that 9 regiments of Cavalry, 30 batteries of Artillery, and 50 battalions of Infantry have been inspected, nearly all of which were classified.

3. The 2nd Battalion, Oxfordshire Light Infantry, obtained the highest figure of merit; the 7th Dragoon Guards head the list of Cavalry, and the best battery, Royal Artillery, is No. 2 Battery, 1st Brigade, Welsh Division.

4. On the whole, His Excellency the Commander-in-Chief does not consider the results specially satisfactory, but is inclined to attribute the low standard attained in a great measure to the fact that the present signalling rules were only recently introduced, and that but little time intervened before the inspections took place.

5. In consideration of these facts, the following low figures of merit have been fixed as entitling regiments and batteries to the 1st, 2nd and 3rd regimental prizes:—

Regiments	...	...	300
Batteries	...	...	290

Next year a higher standard will be demanded.

The general prize of Rs. 10 has been awarded to signallers, within the recognised establishment, who proved themselves efficient at the inspections, irrespectively of the figure of merit of their regiments. The sums due to signallers are shewn in the efficiency return.

6. Sir Frederick Roberts trusts, now that prizes are given for efficiency in signalling, real interest in the subject will be taken by all, and that better results may be hoped for next year, especially in the Royal Artillery.

Return shewing the relative efficiency in signalling of the British Corps in India inspected in the year 1888-89.

Head Quarters, Simla, 10th July 1889.

In continuation of G.O.C.C.,‖ dated 18th April 1889, it is notified that the Government of India have sanctioned¶ as a tentative measure the annual musketry course of regiments of Native Cavalry and Infantry being executed as laid down in the annexed tables.

¶Military Department letter No. 733-C "Drill and Instruction." Musketry dated 18th April 1889.

Object.—This revised course has for its object—

I.—To afford increased opportunities of practice, to officers and all subordinate section leaders, in the control and intelligent direction of fire.

---

†G.O.C. No. 561 of 1888, pages 351 and 352.

‡G.O.C. No. 78 of 1889, page 43. §S.G.O. No. 2 of 1889.

‖G.O.C. No. 204 of 1889, pages 123 to 128.

II.—To train the men, as a body, to deliver with precision and effect rapid collective fire, with as small a sacrifice of proficiency in individual marksmanship as possible.

III.—A closer assimilation between practices executed by the soldier in peace time, and the actual conditions of field service.

IV.—Reduction of the range work now executed by officers of the Native army.

V.—Simplification of musketry returns and consequent diminution of clerical labour.

In all practices both individual and collective the results are to be recorded as percentages *not* averages. The percentage will be obtained from the following proportion :—

I.—In the first (individual) period.

h. p. s. : $\frac{\text{Total number of points obtained}}{\text{Number of men firing}}$: : 100 : percentage required

or, the percentage = $\frac{\text{Total number of points obtained} \times 100}{\text{Highest possible score per man} \times \text{number of men.}}$

Hence the rule :—Multiply the number of points obtained by 100 for a dividend, and multiply the highest possible score per man by the number of men, for a divisor ; the quotient to two places of decimals gives the percentage required.

II.—In the second (collective) period and field practices, the result will be calculated as a percentage of hits to rounds allotted to the practice which will be obtained by multiplying the number of hits by 100 and dividing the product by the number of rounds allowed to two places of decimals.

A percentage calculated as above shows the firing value of the individual or body in any practice.

Figure of Merit—.The figure of merit of a section, troop, company, or battalion, will henceforth be calculated by adding together the percentages obtained in the 1st (Individual) and 2nd (Collective) Periods thus—

1st Period 60·29)
2nd ,, 40·75) 101·04=Figure of Merit.

Judging Distance.—The execution of Judging distance practice will still be restricted, as a general rule, to recruits and to those enumerated in para. 303, Native Musketry Regulations ; but any recruit who has shown a special aptitude or liking for this part of his training should continue to attend the aforesaid periodic exercises when he has qualified as a trained soldier, even though there be no intention of promoting him to the non-commissioned rank. Care should be taken however

lest such men come to regard judging distances as an irksome and additional duty, they should be led to understand that their selection as good judges of distance is a distinction, due to their individual skill, and on this account it is desirable that all private soldiers who are detailed for this exercise should be exempted from some other equivalent duty or fatigue.

Prizes.—The Government of India have also sanctioned* as a tentative measure a revised scheme for the awarding of musketry prizes to the Native Army, and have authorised a fixed sum of 5 annas in the Cavalry and Sappers and Miners and 10 annas in the Infantry being passed for each *trained soldier* exercised *through* the annual course of individual firing (1st Period range practices), and also a sum of Rs. 20 for each regiment of Native Infantry, all the companies of which have been fully exercised.

*Military Department letter No. 1208-C. "Drill and Instruction," Musketry. dated 26th June 1889.

The money thus rendered available is to be allotted in prizes in the following proportion :—

	Cavalry and Sappers and Miners.	Infantry.
(*a*) For good performances in the individual firing (1st Period range practices). Commanding Officers may, under the orders of General Officers Commanding, use their discretion should they desire to take into consideration the different conditions under which the individual firing may have been performed by different troops or companies.	One-half of the total sum earned.	One-third of the total sum earned.
(*b*) For good performances in the collective firing (2nd Period range practices).	Ditto	Ditto
(*c*) For good performances in the field practices.	*Nil*	Ditto

(Prize holders need not necessarily have qualified as marksmen.)

The distribution of these grants being left to the discretion of Commanding Officers of corps, subject to the approval of General Officers Commanding, schemes will be prepared and submitted on an early date.

A scheme once approved may only be modified with the concurrence of the General Officer Commanding.

When the details for the award of the prizes have been settled, they are to be made known to all concerned.

It is very desirable that prizes should be awarded immediately they are won, and Commanding Officers are therefore requested to arrange for the distribution of rewards with the least possible delay.

Badges will, until further orders, be issued in accordance with the rules laid down in para. 313, Native Musketry Regulations.

The names of all prize winners (money or badges) are to be published in regimental or detachment orders, and all prizes should be distributed with as much publicity as the Commanding Officer may deem desirable.

It is to be clearly understood that the course herein laid down and also the system of awarding prizes, are tentative only, and that their continuance beyond the present musketry season will depend upon the manner in which they are found to work in practice. Commanding Officers are therefore requested, when forwarding their annual returns, to attach a covering letter reporting on the course, and on the revised rules for the distribution of rewards.

General Officers Commanding are also requested to submit for His Excellency's consideration any remarks they may wish to offer as to the advisability or otherwise of finally adopting the course and the system of awarding prizes herein laid down.

Revised Musketry forms are now in the press and will be issued to all concerned as soon as possible; but as there may be some delay in their distribution, a specimen copy of the form to be used for recording the results of the 2nd Period range practices (Collective firing) is herewith promulgated for information and guidance.

Should Commanding Officers desire to commence the 2nd Period range practices forthwith, they are at liberty to have copies of this form printed locally, their cost being defrayed from lead and cartridge case funds, or to cause the preparation of manuscript copies sufficient for immediate requirements.

The new forms will admit of the names of a whole section being entered at one time; and if sections are rendered as complete as possible before proceeding to target practice, considerable clerical labour will be saved.

TABLE A.—CAVALRY AND SAPPERS AND MINERS.

NOTE.—It is to be distinctly understood that no hits on the white part of the targets are to count.

Field Practices.

Rounds.	
Cavalry 10 Sappers and Miners 50.	Commandant's allowance. To be expended at such times and in such field practices as under the direction of General Officers may be deemed best for the purpose of improving the shooting of the men.
10	Regimental or brigade field firing.

Those who fail to obtain 50 points (Snider 35 points) in the Individual Range Practices will repeat their entire 1st Period, utilising for this purpose the 20 rounds sanctioned for their collective firing together with the commandant's allowance of 10 rounds. They will execute the 2nd Period with blank ammunition. The repeated practice, which will not be included when calculating the figure of merit, may be supervised by a Native officer.

Recruits.

This course will remain as at present, except that recruits will henceforth execute volley firing at 400 and 500 yards, as laid down for Infantry recruits, in lieu of skirmishing.

The individual firing is to be divided into three periods, *viz.*:

1st Period—100 and 200 yards; 10 rounds at each distance.
2nd „ —300 and 400 „ „ „
3rd „ —500 and 600 „ „ „

Recruits are required to obtain 40 points (Snider 30 points) in the 1st Period before being passed to the 2nd, and a similar number in the 2nd Period before being passed to the 3rd. In the 3rd Period they must obtain 30 points (Snider 20 points) before qualifying as trained recruits:

No. 325.—The following extracts from general orders by His Excellency the Commander-in-Chief in India, are republished :—

Head Quarters, Simla, 10th July 1889.

* * *

The formation of a reserve of Non-commissioned officers trained in Commissariat supply duties being desirable, two Non-commissioned officers or specially selected private soldiers of each British Corps will be temporarily attached to the Commissariat Department for three months during the non-drill season of each year for a preliminary course of training in the supply duties pertaining to the department.

2. While so employed they will be excused all regimental duties, but will continue to reside in barracks and will not receive any staff allowance.

3. At the end of the course an examination will be held and certificates granted to men who have qualified. Those who have obtained certificates will have the preference when men are required for temporary employment in, or permanent appointment to, the department; but candidates for permanent appointment must be under ten years' service, and pass the preliminary examination required by para. 37, Army Regulations, India, Vol. V.

4. Non-commissioned officers and men who have qualified in supply and also in transport duties under G. O. C. C.,† dated 11th April 1889, and who are candidates for permanent employment, will be selected in preference to those who have qualified in the preliminary course of training in one branch only.

certain essential differences which should henceforth be observed when conducting individual and collective practices respectively. The chief difference consists in the method of aiming, instructions for which are contained in paras. 104 to 116 of the Native Musketry Regulations; but, in order to carry out the complete and satisfactory training of individuals for collective fire, it will be seen that some modification in the principle of these instructions has now become requisite.

To produce the best results from collective fire, it is necessary that aim should be taken quickly, and retained until the word "*fire*" is given, the reason being that it is outside the power of the individual to determine at what uncertain moment he may be called upon to release the trigger. For if, at the word "*fire*," he has not yet settled his aim or, having settled it, has lost it; or, if through force of habit he has pulled the trigger without orders on first acquiring aim, a loss of power and effect will be the inevitable consequence The last error is especially pernicious, as it has been conclusively proved in practice that the premature fire of one man will vitiate the general results in a degree altogether out of proportion to his own good or bad shooting. In fact, individual accuracy cannot compensate for a "ragged" volley, and in those collective practices, the importance of which is now being insisted on, exactitude of aim must always be subservient to punctuality in obedience to the word of command. It is evident then that the very accurate aim and the gradual pressure of the trigger hitherto inculcated as essential to good shooting are ill-suited to the requirements of collective practices, and that instructions will have to be modified accordingly. The extent to which such modifications should be carried is left to the discretion of Commanding Officers, it having been thought sufficient in the meantime to draw attention to the subject generally.

The Commander-in-Chief in India is pleased to make the following appointments:

33*rd Bengal Infantry.*—Lieutenant M. R. E. Ray, Norfolk Regiment, a candidate for the Bengal Staff Corps, to be officiating Wing Officer on probation. Dated the 2nd July 1889.

No. 344.—General Officers commanding Districts are requested to assemble invaliding medical boards in accordance with Section XVII, Army Regulations, India, Volume VI, (Medical) at stations within their respective commands, occupied by British troops, to examine all men whom it is proposed to invalid. The Deputy Surgeon General of the District, or, in his absence, the medical officer doing his duty will sit as President.

2. The invalids of all Districts of the Madras Army will be despatched to Deolali *en route* to Bombay, under orders which will be issued in the Quarter Master General's Department.

Invalids whose state of health would make it hazardous or injurious to forward them to Deolali, should, in communication with the General Officer Commanding Bombay District, be sent to Bombay and attached to the Colaba Sanitarium, until required to embark, particular care being taken that none but real cases of sickness are so sent, and that in each case it is first ascertained from the General Officer Commanding Bombay District, that accommodation is available.

6. The instructions contained in the Regulations for the Discharge of British Soldiers serving in India are to be followed, so far as they apply to invalids, any subsidiary orders necessary in furtherance of the foregoing arrangements being issued by General Officers Commanding Districts.

4. At stations where any men of the corps marginally noted and under orders to embark this cold season from Bombay for England, are now serving, special invaliding medical boards will also be assembled, in communication with the Deputy Surgeon General of the District to ascertain what men belonging to these corps will require to be discharged from the service on their arrival at home. A list of these men, showing in separate columns such as may accompany the corps, and such as are unable to bear the rapid change to the winter climate of England, will be furnished to the Surgeon General, Her Majesty's Forces, Madras.

2nd Battalion Norfolk Regiment.
4th Battalion Rifle Brigade

5. Complete invalid and discharge documents will be made out in India for all men whose discharge on arrival at home is contemplated, those of men left behind (that is, who will not accompany the corps to England) being transmitted to the officer commanding the depôt or station, where the men may be quartered. The documents to be prepared for men left behind, whose discharge on arrival at home is not contemplated, will be those for an ordinary transfer to the depôt company, with the usual invalid documents complete.

6. A nominal roll of *all* men not embarked with the corps will be transmitted by the commanding officer to the Adjutant General, Ootacamund, shortly before sailing, the cause of detention being specified in each case. It will further be stated whether all necessary documents in the case of each man shewn in the roll have been transmitted to the proper authorities.

7. The Adjutant General of the Bombay Army will be requested under the orders of His Royal Highness the Commander-in-Chief to cause any men of these corps, whose fitness for embarkation at the time intended may have become doubtful after departure from their stations, to appear before medical boards at Bombay, in view to their being detained till later in the season, when the period for arrival at home will be more suitable for men in a weakly state of health. In the cases of all such men left behind, the instructions given in paragraph 5 will be observed.

8. Presidents of invaliding medical boards will communicate to the officer commanding the corps the decisions in the several cases brought before the boards for examination.

9. The particular attention of General Officers Commanding Districts, and of officers commanding batteries and corps is called to the instructions contained in paragraph 8 of the Regulations for the discharge of British soldiers serving in India, and to Quarter Master General's Circulars No. 2755-A of 2nd August 1888, and No. 969 of 2nd March 1889.

No. 345.—The Commander-in-Chief is pleased to make the following appointments :—

Poonamallee Depôt.—Major A. P. Wodehouse, 2nd Battalion Royal Inniskilling Fusiliers, to be Commandant, *vice* Major LeQuesne, 1st Battalion Duke of Cornwall's Light Infantry, relieved at his own request.

2nd Regiment Madras Infantry.—Surgeon A. J. O'Hara, Indian Medical Service, doing duty Madras District, to the officiating medical charge of the regiment.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
30th August 1889.

No. 350.—It is notified for information that the *London Gazettes* of the 2nd and 6th August 1889 were received at Army Head Quarters on the 29th instant.

No. 351.—It is notified that copies of G.O.C. No. 313 of 1889, pages 225 to 235, containing revised corrections to the Native Musketry Regulations, 1888, have been printed, and can be obtained from the Superintendent, Lawrence Asylum Press, on payment.

No. 352.—It is notified for general information that Her Majesty's Secretary of State for India has ruled, that when leave on private affairs is granted to any non-commissioned officer who would not be able to return to India *by a troopship* within the period of that leave, he should be given clearly to understand that he must return to India at his own expense.

(Quarter Master General.)

No. 353.—It is notified for general information that through communication now exists over the Southern Mahratta Railway, between Bangalore and Poona.

No. 354.—Intimation has been received from the Horse Guards, that Captain P. de S. Burney, promoted to that rank from the Seconded List, has been posted to the 79th Field Battery Royal Artillery (late M/2 Brigade).

(Quarter Master General.)

No. 355.—The following instructions will be attended to by despatching officers, &c., in carrying out the movements of time-expired details, &c., under orders to proceed to England by troopship during the season 1889-90. The allotments for the several troopships will be notified to all concerned by the Quarter Master General :—

I. The troops and details should be despatched as follows :—

(*a*) Invalids and time-expired details, ignominies, military convicts, and other details so as to reach Deolali ten days prior to the date fixed for their embarkation at Bombay.

(*b*) Insanes as per para. 8 of the Regulations for the discharge of British soldiers serving in India. *Vide* also para. 9 of G. O. C. No. 344 of 23rd August 1889.

(*c*) Warrant officers, departmental non-commissioned officers and their families who have been allotted passages, should proceed to Bombay in time to embark on the dates specified.

(*d*) In the case of men proceeding to join the Depôt at home, or of any men for whose transfer to the Home Establishment, the special sanction of Horse Guards or any other authority may be requisite, it must be distinctly understood that Regimental or Battery authorities are responsible that such men are not despatched from their Corps for embarkation, until the requisite authority for their transfer to the Home Establishment has been received.

II. Despatching officers will arrange accordingly, and report arrangements proposed to be made for the movement of the troops and details to the Quarter Master General's Office, Ootacamund, some time previously.

III. The details from Cannanore should be despatched by sea from Cannanore to Bombay, so as to arrive at Deolali, in each case, ten clear days before embarkation.

IV. The details from Burma should be sent to Madras for despatch thence under arrangements to be made by the Brigadier-General Commanding Madras District so as to arrive at Deolali, &c., as above directed.

V. Timely notice of all movements must be given by the General Officer Commanding the district from which the troops proceed to the General Officer Commanding the district through which they will pass *en route*, in view to the necessary arrangements being made for their reception and onward progress, as well as to the General Officer Commanding Bombay District, &c., at destination.

VI. It having been frequently represented that much inconvenience is caused by troops taking with them to Bombay, a large amount of baggage in excess of that allowed by regulations and of unauthorized dimensions, the Commander-in-Chief desires that General Officers will call the special attention of officers proceeding in command of troops to the Regulations on the subject.

Section X, Army Regulations, India, Volume X, Part I.

VII. In view to obviating the inconvenience experienced by widows, women unaccompanied by their husbands, and orphan children, on arrival at Portsmouth, owing to their baggage being placed in the wrong railway trucks, "red star" paper labels for their boxes will be provided at Deolali and Bombay. On disembarkation, all boxes, &c., labelled with the "red star" will be collected in one place and subsequently distributed to the owners.

VIII. As a considerable amount of correspondence frequently arises after disembarkation relative to men's kit bags reported missing after the men have arrived at their destination, owing to a certain proportion of the troops being on duty on board up to the hour of parading for departure, and consequently unable to see that their kit bags are placed in the proper vans or wagons, printed labels for the kit bags of invalids, time-expired men and other details and the boxes of their families will be provided at Deolali, lettered "Chatham," "Woolwich," "Netley," "Gosport," according to the destination of the men. The labels will bear the names of the above places in large distinct letters and will be carefully and securely fixed.

IX. Returns and nominal rolls of time-expired men, invalids, &c., *actually* to proceed from each Disirict to Deolali, &c., should be sent to the Quarter Master General's Office, Ootacamund, as soon as possible, copies of the same being furnished to the Brigadiér-General Commanding Bombay District. Also, immediately after troops and details have been despatched to Deolali, &c., a return in amended Form B-142, published at page 79 of Madras Standing Order of 20th August 1886, should be furnished

by the General Officer Commanding the district concerned, to the General Officer Commanding Bombay District, giving the numbers, &c., so despatched.

X. In regard to Officers entitled to passage for themselves and families, attention is invited to para. 169, Army Regulations, India, Vol. X, Part I.

XI. Second class Warrant Officers requiring passage to England during the ensuing season, in excess of the number for whom second class accommodation exists on board the troopships, will be provided with staff sergeants' accommodation for themselves and their families, and messed at the Warrant Officers' table.

XII. Officers to proceed in charge of the details will be detailed under the orders of the General Officers concerned from officers detailed for duty with their regimental depôts, &c.

XIII. Instances having occurred, of insanes arriving at Bombay with documents incomplete, thereby necessitating their detention at that port, the attention of Officers Commanding British Corps and Batteries is invited to para. 1026, Army Regulations, India, Volume II, the provisions of which should be strictly complied with.

XIV. Attention is invited to Section VI, para. 508, Army Regulations, India, Volume II, requiring all prisoners to be sent home in sufficient time to enable them to reach England before their sentences of imprisonment expire and when possible it should be arranged that prisoners are embarked so as to arrive in England at least a fortnight before their imprisonment expires. The dates on which the sentences of prisoners expire must be carefully considered in the Staff Offices of Districts, priority of passage being given to those prisoners whose sentences expire earliest

XV. Attention is invited to G.O.C. No. 56 of 1887 and para. XV of G.O.C. No. 367 of 1888, requiring General Officers Commanding Districts when forwarding to the Quarter Master General, Ootacamund, applications for passages home for the wives and children of warrant and non-commissioned officers and soldiers serving with their Corps or on the Unattached List to transmit therewith copies (in duplicate) of the Proceedings of Medical Boards, recommending their being sent home either with or without their husbands as the case may be.

No. 356.—Under instructions from Army Head Quarters in India, Lieutenant-Colonel V. C. Fisher, Royal Artillery, will do duty with the Royal Artillery, Bangalore District, as a temporary measure, on his services being replaced at the disposal of His Excellency the Commander-in-Chief in India, pending the orders of His Royal Highness the Commander-in-Chief as to his disposal.

No. 357.—Under instructions from the Horse Guards, the following officers are detailed for duty with their regimental depôts, and under such arrangements as General Officers Commanding may direct, those now in India will proceed to England during the ensuing trooping season, doing duty with troops on the voyage.

2. In order to give effect to the orders of His Royal Highness the Commander-in-Chief, that the depôt reliefs should be so arranged that as far as possible the officers intended for the depôt, and those for the service troops or companies should cross one another *en route*, the Commander-in-Chief desires to draw *particular attention to the instructions contained* in para. 2137, Army Regulations, India, Volume II, "Discipline."

Adjutant General's Office, Simla, 20th August 1889.

Attention is invited to the following Army Order, dated War Office, 1st June 1889:

A. O. 260.—Corrections to the Home Dress Regulations.

2. Books to be corrected accordingly.

With reference to G. O. C. C.† of the 10th July 1889, the following rules are to be observed by officers superintending rapid firing practices:

1. The time is invariably to be taken by the Officer superintending the practice and a watch denoting seconds is to be used for this purpose.

2. The time is to be counted from the first command "ready."

3. All preliminary cautions having been given, the superintending officer will drop his hand, or make some other preconcerted signal, whereupon the section commander will give the word "ready" and proceed with the practice.

4. At the time when the first command "ready" is given the men are to be standing at the "order" in either two ranks or rank entire, with unloaded arms and sights unadjusted.

5. Loading must be from the pouch, which may have been previously opened.

---

† G.O.C. No. 313 of 1889, pages 225 to 235.

6. The superintending officer should observe the utmost strictness in the calculation of the allotted time, and on its expiration he shall instantly give a signal to cease firing.

In case of a shot being fired after the signal to stop has been given, as many points must be deducted from the score as there are men in the squad.

With reference to page 295† of the G. O. C. C. above referred to, cavalry men who have failed to obtain 50 points (snider 35) in the 1st period (individual) will fire their rounds of blank in the 2nd period (collective) concurrently with those of their sections who are firing ball.

The percentage of the sections will however be taken, not on the number of rounds originally allotted for the full strength of the section, but on the number of rounds allowed for those actually firing ball cartridge.

In order to make proper provision for the health and rationing of the non-commissioned officers and men granted furloughs out of the district to which they belong for the purpose of shooting, furloughs for this purpose will, in future, only be granted to

† Page 230. ‡ G.O.C. No. 313 of 1889, page 227, lines 13 and 14.

military stations, and all men on furlough will be attached under the orders of the Officer Commanding the station to a corps. The men will not be placed on duty, and will be allowed unrestricted furlough, but the duration of the shooting passes will be limited to 14 days at a time, and will be granted by the Officer Commanding the corps to which they are attached.

Army Regulations, India, Vol. II, will, in due course, be altered accordingly as follows:

Paragraph 751.—*Add* the following paragraphs:

751-*A*.—"Shooting passes to non-commissioned officers and men are not to be given for more than 14 days at a time. They may be given by Officers Commanding the Corps to which the men belong, or in the case of the men having proceeded out of the district, by the Officer Commanding the Corps to which they may be attached for the time being (*vide* paragraph 1685-A)."

751-*B*.—"Officers granting shooting passes will take care that all rules in force regarding the close season of the district concerned are explained to the men who must be cautioned not to infringe them."

751-*C*.—"In order to avoid giving men passes to proceed to districts where any sickness may be prevalent at the time, or other impediments may interfere with the grant of shooting passes, due notice of the intention to grant the furloughs for the purpose of shooting, under para. 1685-A, will be made to the Officer Commanding the station concerned."

Para. 1685-*A*.—"Furlough under the preceding paragraph when for the purpose of shooting will be granted only to military stations at which the men can be attached for rations and quarters to a corps or detachment stationed there."

Para. 1685-*B*.—"Soldiers on furlough will report themselves at once to the Station Staff Officer on arrival at destination, and will be attached to some corps at the station."

2. The clause added to para. 750, Army Regulations, India, Vol II, by G.O. 22* of 1889, will also be revised as follows:

"When shooting passes extending over three days are granted to non-commissioned officers or men, the Commanding Officer will send to the Magistrate of the district, or in the case of

† G.O.C. No. 435 of 1888, pages 286 and 287.

Head Quarters, Simla, 11th September 1889.

The Commander-in-Chief has directed the publication of the accompanying return, showing the results of the Annual Course of Musketry for the season 1888-89 as executed by the British and Native Armies serving in the three Presidencies, including the Hyderabad Contingent.

During the past few years there has been a steady improvement in the shooting of the Army in India generally, and His Excellency is much pleased to observe that this satisfactory progress has never been so marked as during the season of 1888-89.

The exceptionally high standard of efficiency attained by many British regiments, and also by a majority of those Native corps who have been armed with the Martini-Henry rifle or carbine, is specially deserving of commendation, the latter having, as a rule, improved to an extent out of all proportion to the mechanical superiority of their new weapon.

The number of regiments falling under the category "bad" is now very much reduced, and His Excellency is encouraged by the past season's results to believe that ere long this standard may altogether disappear from the returns of the Army in India.

The necessity for establishing amongst all ranks a high class of fire discipline and control has been appreciated much more fully than heretofore, but Officers Commanding Native regiments are reminded that the new Musketry Course laid down in G. O. C. C., dated 10th July 1889,* demands a much higher standard in this respect than has hitherto been considered requisite. Marksmanship loses half its value when dissociated from the fire discipline which is so essential to true musketry efficiency, and it is most desirable therefore that none of those concerned should relax their efforts to perfect themselves in this very important branch of a soldier's training.

Owing to serious irregularities which were discovered in the target practice executed by the 2nd Battalion Middlesex, this regiment has, under the orders of His Royal Highness the Commander-in-Chief, Bombay Army, been debarred from participating in any musketry rewards, and has been excluded from the figure of merit list. With this exception the musketry course for the past season has been regularly conducted.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
4th October 1889.

No. 424.—The following extract from general orders by His Excellency the Commander-in-Chief in India, is republished :—

Head Quarters, Simla, 19th September 1889.

At a general Court Martial, assembled at Secunderabad, on the 2nd day of August 1889, Honorary Major William Maurice Creighton, of the Army Pay Department, was arraigned on the following charges.

CHARGES.

1st Charge Sheet.—When charged with the care of public money, fraudulently misapplying the same ;

in that

at Secunderabad, on or about the 1st March 1889, he fraudulently misapplied to his own use, the sum of rupees five thousand and thirty-four, annas eight, and pies six, (Rs. 5,034-8-6) or thereabouts deducted by him, as Paymaster, from the pay for February 1889, of the officers of the 7th (Queen's Own) Hussars, for the purpose of being remitted by Remittance Transfer Receipt to Messrs. King, King, & Co., Bombay, on account of Mess Bills of the said officers, from the 22nd January, to 21st February 1889, (inclusive), for credit to the Regimental Mess Account with that firm.

3rd Charge Sheet.—When charged with the care of public money, fraudulently misapplying the same ;

in that,

at Secunderabad, between the 31st of December 1888 and the 5th of March 1889, he fraudulently misapplied to his own use, the sum of rupees eighteen thousand one hundred and eighty-seven, annas five, and pies six (Rs. 18,187-5-6) or thereabouts, public money received by him as paymaster of the 7th (Queen's Own) Hussars, the said sum being the balance shown in the following abstract of accounts.

Balance deficient as shown by the Paymaster himself, in his accounts for February and March 1889, in the General Account Army Book No. 59, page 245, and in a statement of Cash Receipts and Disbursements (as taken from the General Account Book) from the 1st February to 5th March 1889, made and signed by him, *viz.* (Rs. 18,187-5-6).

4th Charge Sheet.—Behaving in a scandalous manner unbecoming the character of an officer and a gentleman;

in that,

at Secunderabad, on or about the 7th February 1889, he converted to his own use, the proceeds of a cheque for Halli Sicca Rs. 3,507, given to him by Captain the Honorable Richard Thompson Lawley, of the 7th (Queen's Own) Hussars, and President of the Regimental Refreshment Room, commonly called the Coffee Shop, for the purpose of obtaining from the Treasury, as Paymaster of the 7th (Queen's Own) Hussars a Remittance Transfer Receipt, for Government Rupees 3,000, the equivalent of Halli Sicca Rs. 3507, to be remitted to the Regimental Agents, Messrs. King, King & Co., Bombay, to the credit of the Regimental Refreshment Room Account.

5th Charge Sheet.—Behaving in a scandalous manner unbecoming the character of an officer and a gentleman;

in that,

at Secunderabad, on the 1st of January 1889, he wrote a letter to his Commanding Officer, Colonel Arthur Peel, Commanding the 7th (Queen's Own) Hussars, in which the following passages occur, which passages were written with the intent to deceive, and for the purpose of misleading his Commanding Officer, and to conceal his own defalcations, and fraudulent acts:

"The case stands thus. The Treasury has been closed since the 24th December, and is not opened till the 3rd January 1889, hence I cannot draw any money."

* * *

"The Treasury only gave me Rs. 14,500, instead of Rs. 18,000, I wanted; Rs. 10,000, having been paid to the credit of the Bedfordshire Regiment, and taken from the 7th Hussars Balance."

The fact being, as he, the prisoner, well knew, that he had drawn the whole of his available balance for the month of December 1888, and for the year 1888, on the 18th of December, and that the sum of rupees ten thousand (Rs. 10,000) was paid to the credit of the Bedfordshire Regiment, in October 1888, of which the prisoner was duly informed, and that it did not affect his drawings for December, on his available balance.

FINDING.

The Court find that the prisoner Honorary Major William Maurice Creighton, of the Army Pay Department, is

Guilty of the charge in the first charge sheet.

Guilty of the charge in the third charge sheet, with exception, that the amount is rupees eleven thousand seven hundred and thirteen, annas six, and pies five, instead of rupees eighteen thousand one hundred and eighty-seven, annas five, and pies six, as averred in the charge.

Guilty of the charge in the fourth charge sheet.

Guilty of the charge in the fifth charge sheet.

SENTENCE.

The Court sentence the prisoner, Honorary Major William Maurice Creighton, of the Army Pay Department, to be cashiered, to be imprisoned for one year, to forfeit the Egyptian medal and Khedive star, and to be put under stoppages of pay until he has made good the sum of rupees nineteen thousand seven hundred and forty-seven, annas fourteen, and pies eleven (Rs. 19,747-14-11).

No. 487.—The following extracts from general orders by His Excellency the Commander-in-Chief in India, are republished :—

Head Quarters, Simla, 16th October 1889.

Under instructions from Government, the attention of Officers Commanding British Corps is called to the following clause of para. 463, Section XII, War Office, Financial Instructions 1886, which is applicable to India :

"(1) When a soldier is in debt either to the Officer Commanding or to the public the issue of cash to him should not exceed one penny a day, except in special cases at the discretion of the Officer Commanding."

2. This rule should be observed in future and men in debt should be restricted to a penny a day until their debt is liquidated.

The following Army Order, dated War Office, 1st August 1889, is republished for information :

A. O. 339.—*Staff College—Entrance Examination.*

1. At the examination for admission to the Staff College to be held in June 1890, questions in Military History will be set as follows :

(*a*) On the principles of strategy as explained and illustrated in "The Operations of War," Parts I to V.

(*b*) On the Campaigns in Northern Italy and in Virginia. Sir E. B. Hamley's accounts of these campaigns should be taken as the basis for their study.

2. In order to test the candidates' powers of independent and original thought, the paper will include questions on the operations in the campaigns above indicated, based on a supposition that they were conducted in a manner different from that in which they were actually carried out.

3. Candidates are recommended to obtain the Report on the Staff College Entrance Examination of 1889, as soon as it is published.

It is notified for information that the Government of India has approved of the towels manufactured by the Cawnpore Cotton Mills being in future procured at a price not exceeding Rs. 3 per dozen, for issue to the British troops in India, as an article of regimental necessaries, in lieu of the towels at present obtained from England.

Military Department letter No. 4241, dated 4th October 1889.

Batteries and Regiments requiring towels will obtain them by indent direct on the Mills, and payment for them will also be made direct to the Mills.

General Officers Commanding are requested to be good enough to give the necessary orders for applications from officers desirous of competing for entrance to the Staff College next June reaching the Adjutant General's Office, *Simla*,† not later than the *15th February 1890*, after which date no applications will be considered.

2. Referring to Queen's Regulations, section IX, paras. 2 and 9, great trouble and delay being occasioned by the necessary certificates not being worded according to the terms laid down in para. 2, General Officers Commanding Districts will be good enough to cause the certificates to be compared with the above quoted para. and to be sent back for correction if necessary before forwarding the applications to the Adjutant General's Office, Simla.†

3. The following points should also be attended to:

(*a*) Each officer's application should be submitted separately, and it should be stated whether he wishes to be examined in India or in England.

(*b*) A certificate as to service (section IX, para. 2 (*a*), Queen's Regulations) should invariably accompany each application.

(*c*) The medical certificate should be from a Medical *Board*.

(*d*) Certificates (*e*), para. 2, section IX, Queen's Regulations, must be rendered *separately and independently* by the Officer Commanding and the *two next senior* officers of the Regiment or Battalion. If the two next senior officers do not render the certificate, an explanation of the reason should be attached.

The Commander-in-Chief has been pleased to make the following appointments:

The Queen has been graciously pleased to signify Her intention to confer the decoration of the Victoria Cross upon the undermentioned officer of Her Majesty's Army, whose claim has been submitted for Her Majesty's approval, for his conspicuous bravery during the attack on the village of Tartan, Upper Burma, by a Column of the Chin Field Force, on the 4th May, 1889, as recorded against his name:—

Department.	Name.	Act of Courage for which recommended.
Medical Staff.	Surgeon Ferdinand Simeon Le Quesne.	Displayed conspicuous bravery and devotion to duty during the attack on the village of Tartan, by a Column of the Chin Field Force, on the 4th May last, in having remained for the space of about ten minutes, in a very exposed position (within five yards of the loop-holed stockade from which the enemy were firing), dressing with perfect coolness and self-possession the wounds from which Second Lieutenant Michel, Norfolk Regiment, shortly afterwards died. Surgeon Le Quesne was himself severely wounded later on whilst attending to the wounds of another Officer.

GENERAL ORDERS

BY

HIS EXCELLENCY THE COMMANDER-IN-CHIEF.

Adjutant General's Office, Ootacamund, 20th December 1889.

No. 542.—It is notified for information that the *London Gazettes* of the 15th and 19th November 1889 were received in the Adjutant General's Office on the 14th instant, and those of the 22nd and 26th November 1889, on the 19th instant.

No. 543.—It is notified that Honorary Commissioned and Warrant officers on the Madras Establishment, who desire to place themselves under the Furlough and Leave Rules promulgated in Special Army Circular, India, dated 8th November 1889, should forward their applications through the prescribed channel to the Adjutant General, Ootacamund.

No. 544.—Officers Commanding Mounted Corps are directed in future to denude all unserviceable accoutrements, harness, and saddlery and line gear, of their mountings (particularly body rollers of the iron tinned loops), before handing such articles over to the Commissariat Department for sale, and to return the mountings so recovered to the nearest arsenal consigning them as old iron, steel, &c., as the case may be.

2. The above will not in any way interfere with the instructions contained in paras. 52 and 101, Army Regulations, India, Volume III, Equipment, regarding the submission of applications on India Order Forms 272 or 290 to the Inspector General of Ordnance for sanction to dispose of such stores.

No. 545.—The Commander-in-Chief is pleased to announce that, with the sanction of Government, a Soldiers' Industrial Exhibition will be held at Bangalore about the month of September 1890, immediately after the conclusion of the annual meeting of the Southern India Rifle Association. The precise date will be notified hereafter.

2. The Central committee of management will be appointed by the General officer commanding, Bangalore District, who will also nominate the Honorary Secretary.

3. Rules and instructions for the Exhibition will be drawn up by the committee and published in general orders, and two additional copies thereof will be sent to each regiment, battalion, and battery serving in the Madras Presidency, including Burma.

4. On receipt of the rules, &c., Regimental committees will be at once formed in every corps, British and Native, to act in concert and direct communication with the Central committee and to aid and encourage their men in contributing to the Exhibition.

5. The names of officers serving on Regimental committees will be sent to

"The Honorary Secretary,
Soldiers' Industrial Exhibition,
Bangalore."

6. State assistance to the extent sanctioned in articles 1206 and 1207, Army Regulations, India, Volume I, Part I, will be given.

7. Subscription lists will be circulated by the committee, and Sir Charles Arbuthnot hopes that the sums thus collected, together with the liberal aid afforded by Government, will amply suffice to ensure the success of the Exhibition.

8. It should be explained to the men that the Exhibition is not confined to the products of regimental workshops, but that prizes will be awarded for articles displaying skill or ingenuity in every branch of industry. The only restrictive condition is that the articles must be *bonâ fide*, the work of soldiers, or of their families; the latter should be specially encouraged to contribute.

9. Only such number of men, from each corps as may be fixed by the Central committee, will be permitted to accompany the articles sent for Exhibition.

(Quarter Master General.)

No. 546.—The allotment of time-expired details, &c., from each District in the Madras Command for the Troopships of the present season, having been notified by the Quarter Master General, the following instructions, in addition to those contained in G. O. C. No. 355, dated 30th August 1889, are issued for the guidance of all concerned, in the movement of details, &c., to the port of embarkation.

2. As it is essential that the accommodation in each Troopship should be utilised to the fullest extent, General Officers Commanding Districts are requested to take steps to ensure the full numbers of time-expired details, &c., allotted from their Commands, especially as regards families being despatched on due dates to Deolali. Should any of the men or families detailed, be unable from any cause to proceed for embarkation, others entitled to passage home should be sent in place of them, so as to make up the numbers allotted from each Command.

Quarter Master General's Circular No. 3121-A, dated 23rd September 1889.

3. All men, women and children, excepting insanes, for whom separate rules are laid down in the Discharge Regulations, not provided for in the Troopships' distribution, whose destination is the United Kingdom, and who are entitled to passage at the public expense, should be sent to Deolali.

4. As the regularity of the Indian troop service entirely depends upon the manner in which the instructions on the matter are carried out, His Excellency the Commander-in-Chief desires that General Officers Commanding Districts will take every precaution, in issuing all necessary subsidiary orders, to ensure the uninterrupted progress of the several parties to their destination.

Special attention is accordingly invited to clauses I and V of G.O.C. No. 355, dated 30th August 1889.

5. Warrant Officers proceeding home, who have not already been allotted passage, will not be permitted to embark without sanction from the Quarter Master General in India, obtained through the Quarter Master General, Ootacamund.

6. Passages for departmental non-commissioned officers will be arranged for by the General Officer Commanding the District in which the men are serving, in *direct* communication with the General Officer Commanding at Bombay.

7. According to present returns, there are no troops for allotment to the 11th Troopship.

No. 547.—Under instructions from the Horse Guards, 2nd Lieutenants C. E. Green and H. M. Biddulph, The Rifle Brigade, are directed to proceed from Rangoon to Bareilly, to join the 1st Battalion of their Regiment to which they have been transferred. Under para. 223, clause (*i*), and para. 513, clause (*k*), Army Regulations, India, Volume X, Parts I and II, respectively.

No. 548.—3rd Class Army Schoolmaster, Havildar Mahomed Ali Khan of the 31st Regiment Light Infantry, temporarily transferred to the Depôt of the 6th Regiment Madras Infantry at Bellary, in G.O.C. No. 230, dated 8th June 1888, will rejoin his own Corps on public grounds. To join.

No. 549.—3rd Class Army Schoolmaster, Private No. 1709, Hussain Khan of the 16th Regiment Madras Infantry, attached to the 12th Regiment Madras Infantry, in G.O.C. No. 86, dated 22nd February 1889, is temporarily transferred to the 10th Regiment Madras Infantry, on public grounds. To join.

Adjutant General's Office, Simla, 28th November 1889.

Under instructions from the Horse Guards, the attention of Commanding Officers is directed to section 21, para. 39, Queen's Regulations, as instances have lately occurred where Commanding Officers have neglected to inform the next of kin, of the death of a soldier.

In continuation of G. O. C. C.,† page 508 of 1889, upon the subject of British soldiers' non-effective accounts, the attention of officers commanding corps is called to the fact that the ledger sheets which have accompanied applications for the refund of the unrecovered debts of soldiers who have become non-effective, have, in very many instances, been found to be very incomplete.

† G.O.C. No. 517 of 1889, page 382.

2. The following points must be carefully attended to:

(1) The number of days' pay, good conduct pay, grocery, ration and hospital stoppages, &c., must be correctly entered as shown in the monthly muster rolls of corps sent to the Pay Examiner's Office for audit.

(2) Soldiers must not be charged with gross pay during periods of imprisonment, in addition to the stoppage for groceries for the same period, which results in a double charge for groceries.

(3) Charges for extra messing, cooking, washing, &c., must be detailed so as to enable the Pay Examiner's Office to check them; the number of days and rate should be entered in all cases of broken periods.

(4) Charges from other corps or other companies to be fully detailed so that the cooking, washing and other similar items can be separated from cash payments.

(5) The prices charged for necessaries to agree with those laid down in the India Army Circular on the subject for the year in which issued (with 3 per cent. added).

(6) The dates on which miscellaneous charges are received against soldiers must be always stated; and not merely the last day of the month as is now done.

3. Commanding Officers are requested to be good enough to cause ledger sheets which are intended to accompany applications of the nature in question to be thoroughly scrutinized in the Paymaster's Office before the application is submitted to Army Head Quarters, in view to those documents reaching the Pay Examiner's Office in as complete a state as possible and thus save the frequent references for further information which now takes place.

4. Commanding Officers will also, in forwarding such applications, be good enough to give the very fullest explanation of the circumstances under which necessaries, clothing and bedding were issued to a soldier while in debt, in prison or guard-room, &c.

Adjutant General's Office, Simla, 4th December 1889.

* * * *

The following correction will be made in revised secs. XV. Army Regulations, India, Vol. II, promulgated by G. O. C. C.,† dated 12th September 1889, page 408.

Para. 1848-B, clause (q), is revised as follows :

"Cards and dice are allowed in the refreshment department (para. 1875), except in the liquor bar, gambling of every description is forbidden."
