* * *

21. The following instructions for the guidance of regimental warrant and non-commissioned officers and men proceeding on **furlough** are published in view to avoiding correspondence and trouble caused by their irregular action while on furlough, and should be fully explained by Officers Commanding Corps and Batteries concerned to the men now on furlough as well as to those hereafter recommended for the indulgence:—

(*a*) The men should be directed not to communicate either personally or in writing with the Horse Guards for instructions relative to return passages, or for families to accompany them; but all correspondence must be addressed to the Officer Commanding Cavalry Depôt, Depôt of Royal Artillery, or Regimental District as the case may be. These officers will, in the first instance, be informed of the men's addresses by the corps or battery in India, any change of address being notified to them by the men themselves.

(*b*) No non-commissioned officer or man will be allowed to marry while on furlough without the permission of the Officer Commanding his corps or battery in India, and all future applications for furlough must show, should the man be desirous of contracting marriage while on furlough, that such permission has been given. On no account should non-commissioned officers and men apply to the Officer Commanding the Depôt or the Regimental District in England for such permission. When marriage is contracted with the permission referred to, the fact will be notified by the man concerned without delay to the officer under whose orders he is in the United Kingdom.

(*c*) All men about to return from furlough must pay strict attention to the definite instructions regarding embarkation, &c., issued by the Horse Guards, as delay and inconvenience to the embarking officer result from neglect of these points.

2. In pursuance of the above, His Excellency the Commander-in-Chief directs that Officers Commanding Corps and Batteries concerned will at once communicate with any men who have already been granted furlough with a view to the above instructions being observed.

REGIMENTAL INSTITUTES.

274. Before leaving India I wish to thank General Officers Commanding and Commanding Officers of British Corps in India for their hearty co-operation in carrying into effect the scheme for the formation of Regimental Institutes, which was sanctioned by the Government of India in August 1889.

The success of these establishments depends entirely upon the interest taken in them by the regimental authorities, and I am glad to say that in almost every instance I have found Commanding Officers and Institute Committees fully alive to the benefits their men derive from the reasonable comforts and amusements which can be provided under the present system. Much has already been done to render the Institutes attractive and comfortable, and I trust that still further progress may be made in this direction.

In India scarcely any places or means of rational amusement are available for soldiers after dark beyond the precincts of the barracks, and it is all the more necessary that thoroughly well-lighted and suitably furnished rooms should be at the disposal of soldiers within their own lines for purposes of recreation and refreshment, and that they should be able to procure such articles of food and drink as they may require, of good quality and at a moderate price.

It appears to me to be worthy of consideration whether existing restrictions on the sale of beer and spirits with aerated waters in the Refreshment Department might not be somewhat relaxed without injury to discipline. Hitherto it has been the rule in most regiments and batteries to limit the supply of beer to one pint for each man who orders a supper. Para. 1848 (*B*) (*c*), Section XV, Vol. II, Army Regulations, India, allows a quart to be issued to one individual at one time; and at Rawalpindi, where the experiment of issuing a quart has been tried and carefully watched, the results have been extremely satisfactory. In this, as in other matters connected with the management of Regimental Institutes, the guiding principle should be to allow the soldier every reasonable liberty, so long as he does not abuse it, and not to withdraw the privileges of the well-behaved majority on account of the occasional misconduct of a few badly behaved men.

I sincerely trust that the scheme in which I am so deeply interested, and which has already added so much to the attractions of the British soldier's life in this country, may continue to prosper, and I therefore commend it to the special care and unremitting attention of the regimental officers under my command, with whom it rests to render Regimental Institutes even more conducive to the well-being of their men than they have hitherto been.

ROBERTS, *General*,
Commander-in-Chief in India.

No. 142.—The following **General Order by His Excellency the Commander-in-Chief in India** is republished :—

Adjutant General's Office, Simla, 8th April 1893.

291. As the period of my Indian service has now drawn to its close, I desire to place on record my appreciation of the

work that has been accomplished by those serving under me in the seven-and-a-half years during which it has been my privilege to hold the chief command of Her Majesty's Forces in this country.

During my tenure of office considerable changes have been made in the training of the Artillery and Infantry, with the object of impressing upon these services the supreme importance of accurate, rapid, and disciplined shooting. The remarkable improvement which has been effected in marksmanship and fire discipline and in artillery practice has increased the fighting efficiency of the Army in India to an extent which it is difficult to over-estimate; and I take this last opportunity of urging officers to concentrate their attention and energies as earnestly as heretofore upon the means of producing the most powerful fire effect, this being beyond all dispute the great essential to the success of Infantry and Artillery in modern war.

In the Cavalry, as in the other arms, great progress has been achieved, and this is mainly due to the cheerful readiness shewn by all ranks to comply with the orders pointing out to them the necessity for becoming practised horsemen and adepts in the use of their weapons. My last word to the British and Native branches of this splendid service is an assurance that, so long as they continue to possess skilful and daring leaders, and so long as the officers and men are determined to reach the highest possible standard of proficiency in their respective duties, they need never fear that opportunity will be wanting in time of war for them to take their full share in the dangers and successes of a campaign.

Since November 1885 no great wars have disturbed the peaceful development of this country. Nevertheless, in Burma large numbers of troops have been employed, and many chances of earning distinction have presented themselves to young officers and small parties of non-commissioned officers and men. These chances, I am glad to say, have been taken full advantage of, and many soldiers have made names for themselves and proved that they can be depended upon in time of need. No part of our Indian Empire is now more orderly or prosperous than the central districts of Burma; and if their present condition reflects credit on the civil administration, the Army, whose duty it was to suppress an organized system of dacoity, and to protect the lives and property of the well disposed inhabitants, assuredly deserves its meed of praise.

In neither the Zhob, the Samana, nor the Black Mountain expeditions was there much actual fighting, yet these small

campaigns were of sufficient importance to show that the labors of the Mobilisation Committee have produced good results, and that our transport and commissariat services may now be regarded as in a highly efficient state.

Whilst I have held my present appointment, military communications, both by road and railway, have been considerably improved and extended, the principal Indian ports have been fortified, and the North-West Frontier has been strengthened by the construction of defensive works at the most important strategical points. While much has thus been done to add to the permanent security of our Eastern Empire, the utmost care has been taken by the responsible advisers of the Government of India to avoid extravagant expenditure on either works or armaments; and special credit is due to the Defence Committee for the moderate cost, as well as for the completeness, of the Schemes which it has put forward.

I should be losing sight of a very important matter did I fail to draw attention in this order to the marked improvement in the conduct of the British soldier, which of late years has become noticeable. This, no doubt, is due in a great measure to the increasingly good education imparted, year by year, to boys of all classes in the United Kingdom, but also, I feel convinced, to the greater consideration with which the soldier is now treated. The soldier's life in this country has been rendered less irksome and more attractive than it used to be, but much yet remains to be done before a military career can become thoroughly acceptable to young men of good education and character. I desire, therefore, to bring this question once more to special prominence by most earnestly commending the British soldier in India to the care of his officers. No one appreciates more than the soldier acts of kindness and sympathy on the part of his superiors, and I appeal to all commissioned ranks, from the Commanding Officer to the junior subaltern, to do what they possibly can for their men, and thus foster that spirit of mutual regard and confidence which is a distinctive feature of the British Army.

The conduct and discipline of the Native portion of the Army have also been in the highest degree satisfactory during my tenure of this command. The Indian Staff Corps is composed of an exceptionally earnest, hardworking body of officers, and to their efforts I mainly attribute the efficient condition of the Indian Army. Native soldiers are quite as sensitive to kindness as their British comrades, but they require to be thoroughly understood by the European who has to deal with them, and, I

may add, that no European can understand how to deal with Natives unless he is conversant with their language. In peace time every care should be taken to respect their habits and customs, which are really part of their religion, and upon which Native races lay such stress that any needless disregard of them is apt to produce discontent, and to alienate the classes from which our best soldiers are drawn. In time of war the same course should be followed so far as the exigencies of the service will permit, but I know from experience that, when employed in the field, the sepoy's soldierly instincts are sufficiently strong to prevent him from allowing his caste or religious observances to become in any way a military inconvenience. Native soldiers will do anything for those who care and feel for them, and it is a satisfaction to me to know that the officers of the Staff Corps fully recognize this fact, and by kind and considerate treatment do their utmost to gain the confidence and respect of those whom they command.

There is one subject connected with the training of the Army in India to which I have given much consideration, and that is how to develop the martial qualities inherent in our Native officers. It is a question in which I take the deepest interest, and its satisfactory solution appears to me to rest almost entirely with the British officers of the Indian service. The more these associate with the Native officers, the more they let the latter see that they believe in them, the more they try to raise their social status, and the more care they take to impart instruction, the more favorable are the results. Of this there can be no doubt. Those regiments are in all respects the most efficient, in which the Native officers share to the fullest possible extent with their British comrades the responsibilities and labors that attend the proper training and handling of their men.

As Commander-in-Chief in India, I have been much gratified at the manner in which the volunteer movement in this country has developed of late years. Out of a total number of eighty-three Volunteer Corps in India at the present time, twenty-seven corps have been formed since I assumed command of the Army in 1885, and nearly 24,000 efficient volunteers are now available for military duty, should their services be required. These figures speak for themselves, and are a proof of the patriotic spirit which prompts our fellow subjects in this country to devote no small portion of their leisure to learning in peace time how to afford effectual aid in time of war. I congratulate the Volunteers in India on their present state of efficiency, and I earnestly hope that each year will see an addition to their numbers, and to their deservedly high reputation.

In thus briefly adverting to the present state of the Army in India, its conduct during the past seven-and-a-half years, and the measures which have been taken to increase its efficiency and add to its strength, I need hardly say that I fully recognize the impossibility of any Commander-in-Chief carrying out the duties of his appointment without the help of able and willing assistants. No Commander-in-Chief could have been more fortunate in this respect than myself, and it affords me the greatest pleasure to record publicly how much I owe to those good soldiers who have served with me on the Head-Quarters Staff of the Army in India, as well as on the staff and in command of districts. They have never spared themselves; they have been most loyal, and their work has been of a very high character.

I am particularly indebted to the late and present Adjutant Generals in India, the late Major-General Sir T. D. Baker, K.C.B., whose recent death I deeply deplore, and Major-Generals Sir W. K. Elles, K.C.B., and W. Galbraith, C.B., also Brigadier-General G. de C. Morton, who has twice officiated in that capacity; to the late and present Quartermaster Generals in India, Lieutenant-General E. F. Chapman, C.B., and Major-Generals Sir J. Browne, K.C.S.I., C.B., and E. Stedman, C.B.; and to my late and present Military Secretaries, Colonels R. Pole-Carew, C.B., and W. G. Nicholson, C.B.

I have also to express my special obligations to the Inspector General of Cavalry, Major-General G. Luck, C.B., the late and present Inspectors General of Artillery, Major-Generals C. E. Nairne, C.B., and H. C. Lewes, and the Assistant Adjutant General for Musketry, Colonel I. S. M. Hamilton, D.S.O.

I desire to thank the General Officers who have commanded Districts in this Presidency during the past seven-and-a-half years for their unceasing efforts to carry out my wishes, and to raise the troops under their orders to the highest standard of efficiency.

The Director of Military Education in India, Colonel R. C. Hart, V.C., the late and present Principal Medical Officers, Her Majesty's Forces in India, Surgeon-Major-Generals C. D. Madden, W. A. Thomson, and A. F. Bradshaw, C.B., the Judge Advocate General, Colonel H. B. Sanderson, and the Principal Veterinary Officer in India, Veterinary Lieutenant-Colonel W. A. Russell, have carried out their duties to my entire satisfaction.

It is a pleasure to me to have this opportunity of bearing testimony to the important share in the administration of the Army, which has been taken during my tenure of command by the various distinguished officers who have served in the Military Department of the Government of India. Many substantial benefits have been secured to the Army through their exertions, and the disposal of public business has been greatly facilitated by the cordial relations which they have maintained with the Head Quarters Staff. My special acknowledgments for sound advice and able assistance are due to Major-General Sir E. H. H. Collen, K.C.I.E., Secretary to the Government of India, Military Department, Major-General A. Walker, Director-General of Ordnance, Major-General G. E. L. S. Sanford, C.B., C.S.I., Director-General of Military Works, Major-General A. R. Badcock, C.B., Commissary General-in-Chief, and Colonel H. G. Pritchard, Accountant-General.

Finally, I am much indebted to my late and present Interpreters, Lieutenant-Colonel N. Chamberlain and Major E. A. Travers, and to the rest of my Personal Staff for their constant attention and valuable assistance.

I now bid farewell to the Army in this country, both British and Native, with deep personal regret, but with the greatest confidence in its future. I know well what it has done under my orders; I know how much I am indebted to it; and I have no hesitation in predicting that, whenever and wherever it may be called upon to serve in the field, it will worthily maintain its reputation for gallantry, discipline, and fighting efficiency.

ROBERTS, *General*,
Commander-in-Chief in India.

HEAD-QUARTERS OF THE ARMY IN INDIA,

2. Compensation in lieu of clothing will therefore continue to be allowed for them under the usual rules.(*b*)

(*a*) Military Department No. 1059-F, dated 17th March 1893.

(*b*) Para. 322, Vol IX, A. R. I.
Paras. 63-B and 352-B, Vol XI, Part I, A. R. I.

No. 149.—A **School of Musketry** will be formed at Secunderabad this year, and two classes will be held, viz.:—

The first, from the 8th June to the 5th August.
The second, from the 23rd August to the 21st October.

2. The authorized fatigue establishment will be detailed by the General Officer Commanding Secunderabad District.

3. The numbers to be under instruction at each class are—

10 Officers of British Regiments,
10 Officers of Native Regiments,
20 Warrant Officers and Sergeants,
10 Native Officers,
10 Havildars.

60

All the above ranks together with the Instructors will be detailed by General Officers Commanding Districts according to the following table:—

From	Officers.		British Warrant and Non-Commissioned officers.	Native Officers.	Havildars.	Instructors.				Remarks.
						British Troops.		Native Troops.		
	British Regiments.	Native Regiments.				Cavalry.	Infantry.	Cavalry.	Infantry.

* In detailing native candidates from Burma preference should be given to the six Burma Battalions of Madras Infantry.

4. In the event of the detail allotted to a command not being fully taken up, the fact should be notified at once to the General Officer Commanding Secunderabad District, in order that the vacancy thus made available, may be filled from another command. An increased number of officers of either British or Native Corps may attend a class provided there are vacancies and the total number allowed, viz., 20, is not exceeded; but no exchanges can be permitted in the detail of other ranks.

5. Native officers and British and Native non-commissioned officers who are near the end of their service, or who are unlikely to become efficient instructors, should on no account be detailed.

6. The Non-Commissioned Officers selected for Instructors are to be despatched to Secunderabad in sufficient time to admit of their reporting themselves on the 27th May next, for the purpose of undergoing a course under the Officer Instructors previous to the opening of the school.

7. The Commander-in-Chief desires to impress on General Officers Commanding the necessity for great care in the selection of non-commissioned officers as Instructors. The work required from them is of a special nature, and only intelligent and well conducted men are capable of undertaking it with success. They should be in possession of certificates as Sergeant Instructors in Musketry.

8. A nominal roll of all ranks detailed for instruction at the first class and of the Instructors should be communicated to the General Officer Commanding Secunderabad District by the 8th May, and a similar roll of those detailed for the second class, by the 5th August. These rolls are to contain a certificate that both officers and non-commissioned officers detailed for instruction are well acquainted with the Lee-Metford and Martini-Henry firing exercises as required for their respective services. A special report will be made of any candidate who fails to qualify in this subject within a fortnight after the assembly of the class.

Officers and non-commissioned officers detailed to attend the classes for instruction should arrive at Secunderabad two days prior to the date the classes are ordered to assemble, and should at once report their arrival to the Chief Instructor.

9. Officers and men attending the School of Musketry should reside at the school as far as the accommodation available will admit.

10. The following officers are detailed to attend :—

First Class.

Chief Instructor.

Captain R. C. Andrews, Deputy-Assistant Adjutant General for Musketry, 2nd District.

Junior Instructor.

* Captain H. T. King, Deputy Assistant Adjutant General for Musketry, 3rd District.

Second Class.

Chief Instructor.

* Colonel E. Austin, Assistant Adjutant General for Musketry, 1st District.

Junior Instructor.

Captain R. C. Andrews, Deputy Assistant Adjutant General for Musketry, 2nd District.

Native Officer Instructor.

To be detailed by the General Officer Commanding Secunderabad District for both classes.

The Head Quarters of the 1st Musketry District may be removed to Secunderabad and remain there during the time the Assistant Adjutant General for Musketry is at that station on duty connected with the school.

The Officer Instructors will take up their inspection duties as soon as possible after the examinations have been concluded and the papers despatched to Simla. The necessary railway warrants for the conveyance of the district clerks and office records, not exceeding five maunds, will be provided by General Officers Commanding.

11. The Sergeant Instructors are allowed, if married, to take their families with them, and they will remain at the schools until the termination of the 2nd class.

12. Each British Officer will take with him a copy of the latest edition of the Musketry Regulations, British or Native, as the case may be. "The Treatise on Military small Arms and Ammunition," "Infantry Fire Tactics, 1888," and sufficient stationery to last the course. British non-commissioned officers should be in possession of the latest edition of the Musketry Regulations corrected to date.

* To travel on duty at the public expense.

13. Chapters VI and XII, Infantry Fire Tactics, will form the subject of the examination papers for the "Officers Extra" certificate at the end of the 1st class. Chapters VII and XIV have been selected for the 2nd class.

14. All Officers and Non-Commissioned officers must have previously gone through a recruit's course of Musketry, and the British non-commissioned officers must be in possession of a 2nd class certificate of education.

15. Every non-commissioned officer must be medically inspected and reported fit for duty on the day he leaves his corps, his rifle or carbine must be carefully examined by an armourer, and any defect remedied, and he must arrive fully armed and equipped.

16. Should there be a difficulty in detailing a sufficient number of Color-Sergeants (to whom preference should be given), Sergeants or Lance-Sergeants, to attend a course, Corporals in possession of 2nd class educational certificates may be selected: but before leaving their corps, they must be made provisional Lance-Sergeants for three months to enable them to be examined for a certificate. A non-commissioned officer of a Native corps detailed to attend a course, must be promoted provisional Lance-Havildar, if below that rank.

17. In the selection of officers and non-commissioned officers preference is to be given to—

British Service.

(1) Adjutants, and those commanding squadrons or companies who are not in possession of a School of Musketry certificate.

(2) Lieutenants at or near the top of the list for promotion to Captain.

(3) Sergeant-Majors and Color-Sergeants not in possession of a School of Musketry certificate.

Indian Service.

To Adjutants of Native corps not already in possession of an "Extra" or "Officers" Certificate of Musketry.

Native Officers.—Candidates for the appointment of Native Adjutant.

18. On conclusion of the course, Officers will at once rejoin their corps under the orders of the General Officer Commanding the District.

No. 150.—Leave of absence:—

The undermentioned have leave of absence:—

Royal Artillery.—**Lieutenant R. B. Fife,** No. 4 Company Eastern Division, to England, for six months, on urgent private affairs.

Indian Medical Service.—**Surgeon-Major H. Armstrong,** in medical charge 3rd Madras Lancers, in India, on private affairs, for seven days, from the 1st January 1893, under Rule X of the Furlough Regulations of 1875.

By order of His Excellency the Commander-in-Chief.

2. Lieutenant Owen-Lewis is directed to proceed to England at his own expense, and join the 1st Battalion.

Worcestershire Regiment.—**Second Lieutenant H. Beck,** recently promoted from the 19th Hussars, is directed to proceed from Bangalore to Kamptee, and join the 1st Battalion of the regiment, to which he has been posted.

On duty under para. 519 (i), Part II, Vol. X, A. R. I.

No. 186.—The following extracts from **General Orders by His Excellency the Commander-in-Chief in India** are republished :—

Adjutant General's Office, Simla, 7th April 1893.

290-A. The result of the competitive shooting of Batteries and Companies of Royal Artillery in India for prizes for Skill at Arms, 1892-93, is published for general information :—

Group I.—Royal Horse Artillery and Field Batteries armed with 12-pr. B. L. guns.

Prize given by His Excellency General Lord Roberts, G.C.B., G.C.I.E., V.C., Commander-in-Chief in India.

Group II.—Royal Horse Artillery and Field Batteries armed with 9-pr. R. M. L. guns.

Prize given by His Excellency Lieutenant-General the Hon'ble Sir J. C. Dormer, K.C.B., Commander-in-Chief, Madras.

Group IV.—Garrison Companies practising with 6-inch B. L. guns.

Prize given by His Excellency Lieutenant-General Sir George Greaves, K.C.B., K.C.M.G., Commander-in-Chief, Bombay.

Group V.—Heavy Batteries and Garrison Companies practising with 40-pr. R. M. L. guns.

Prize given by the Honorable Lieutenant-General H. Brackenbury, C.B., Military Member of Council.

Group VI.—The three Siege Train Companies practising at Rurki.

The result in *Group III*, Mountain Batteries (British and Native) armed with 2·5-inch R. M. L. guns, (prize given by Major-General Lewes, Inspector General of Artillery in India), will be published as soon as all the reports are received.

2. The conditions were—

Groups I, II, and III.

Targets.—1st position.—Three columns of infantry standing dummies, each 30 strong, in fours, advancing directly on the Battery and 25 yards apart, depth 15 yards.

2nd position.—A line of infantry, standing dummies, in three groups, 25 yards apart, each group consisting of 15 dummies at 1 yard interval.

Ranges.—Unknown at two positions, but within the following limits :—

	1st position.	2nd position.
Group I ..	2,200 and 2,600	... 1,800 and 2,200.
Groups II and III ...	2,000 and 2,400	... 1,600 and 2,000.

Ammunition.—A total of 24 rounds at each position.

Procedure.—The Battery drawn up 5 miles from the targets the position of which is unknown, advance 2½ to 3 miles, halt and prepare for action, then advance to first position approximately pointed out, and come into action.

After replenishing ammunition, repairing targets, &c., advance at a trot to the second position pointed out as before, and proceed as at first position.

Points.—*Hits*—one for each lodge or through (strikes not counted).

Fire discipline.—Points allotted from a maximum of 100.

Group IV.

Targets.—Two stationary targets anchored at different ranges, —one about 1,600, and the other about 2,400 yards.

Ammunition.—24 rounds 6-inch B. L., common shell plugged.

Procedure.—Each company to parade four gun detachments, and man two 6-inch B. L. guns in one group, the second two detachments acting as a relief to the first two.

Twelve rounds, *i.e.*, six rounds from each gun, to be fired by first two detachments at the further target; to be then relieved by second two detachments, who will fire 12 rounds at the nearer target.

Points.—*For rapidity of fire;* 30 if competition is concluded in 36 minutes. Four to be added or deducted for each minute under or over, but not more than 50 to be allotted.

For accuracy, shots falling within a rectangle 80 yards long by 10 wide to score as hits; outside no score. Total points for 24 hits, 175.

For fire discipline from a maximum of 75.

Group V.

Targets.—6 feet by 6 feet, with bull's-eye marked with a radius of 2 feet,—one at about 1,500 and the other about 2,000 yards; rectangles 70 yards by 6, and 85 yards by 6 respectively.

Ammunition.—40 rounds of 40-pr. R. M. L. common shell, plugged.

Procedure.—Each company to parade four gun detachments with at least twelve qualified layers. In Heavy Batteries the four guns to be manned together and fired in succession, 20 rounds being fired at the first position and 20 at the second. In garrison companies, if two guns are available, both to be manned together, the detachments being relieved after 20 rounds: if only one gun is available, the detachment to be relieved after every 10 rounds. In either case 20 rounds to be fired at each range.

Points.—Hits: Direct hit 10. Each shot in outer rectangles 4 to 7; in inner 7 to 10.

For *fire discipline* up to a maximum of 100.

Group VI.

Targets.—A rectangle 21 yards along line of fire, with breadth of $2\frac{1}{2}$ yards on each side, in centre of an outer rectangle 60 yards by 10 yards, at a range of 1,600 to 1,800 yards. Position concealed and unknown to Companies.

Ammunition.—44 rounds of common shell per Company.

Procedure.—Four guns to be manned in a Siege Battery with observing and plotting parties, and the whole practice conducted under service conditions. Eight selected layers, two for each gun, will lay for the Company, and will fire six and five rounds respectively.

Points.—Hits: each shot in inner rectangle to count 5, in outer 3.

For fire discipline up to a maximum of 40.

Time.—For each minute, or fraction thereof, exceeding one hour and 15 minutes allowed for the competition, one point to be deducted from the total score.

3. The result shows an improvement in Horse, Field and Mountain Artillery in most points brought to notice in previous years; the laying has increased in accuracy, while in fire discipline and handling of ammunition, and consequently in time, there is a decided advance. Steady drill and careful training, in which a general improvement has now taken place, should ensure guns being uniformly and accurately laid, and fuzes exactly set, and the chief difficulty still remaining lies in correct observation of fire by the Battery Commander, upon whom now mainly depends the success of the shooting.

The Royal Horse Artillery Batteries have generally shot well, and it is also gratifying to His Excellency the Commander-in-Chief to find that the superiority of the 12-pr. B. L. is so marked as a comparison of the scores, of both Horse and Field, in the two groups, shows.

On the other hand, there is a very great difference between the Batteries at the top of each list and those at the bottom, some of which have occupied similar positions during the past two years, and Lord Roberts looks to these for increased exertions to enable them to shoot up to the power of their guns.

In Group IV, this is the first year of competitive firing from 6″ B. L. guns, and the shooting of the first six Companies on the list is very satisfactory.

The shooting of Group V, Garrison Companies and Heavy Batteries practising with 40-pr. R. M. L. has, under the new and more "service" conditions of this year's competition, generally not come up to expectations, though some companies highest on the list have shot well. A considerable improvement is hoped for next year.

54th Field	Major Farmer ...	698	337	1,635	90	1,125	M. S. 6 35	M. S. 6 5	Sangor Camp	*Disqualified.*—Having fired 49 instead of 48 rounds, one extra in place of a premature. Ranging and observation good and practice very well conducted throughout: result and also time very good.
C. R. H. A.	Major Rochfort ...	809	221	1,030	95	1,125	10 0	8 55	Gurgaon Camp	*1st Battery Prize, and prize given by His Excellency General Lord Roberts, Commander-in-Chief in India.* *1st Position.*—Range correctly found and fuze well managed. *2nd Position.*—The same. Observation and fire discipline very good throughout: but laying, especially at 2nd position, might have been more regular.

												Result very good, and a great improvement. (Total hits per minute in action 54·44.)
T. R. H. A.	Major Long	...	478	415	893	95	988	9	1	7	41	Gurgaon Camp	*1st Battery Prize.*—At both positions the range and fuze were well and accurately found, and the shooting was very good and regular. Observation very good. The result shows a great advance on previous years in all points. (Total hits per minute in action 53·47.)
71st Field	Major Kuper	...	651	229	880	95	975	9	55	8	50	Gurgaon Camp	*2nd Battery Prize.*—Range well found, as also fuze, at both positions: principles correct and shooting very good and regular: observation good.
44th Field	Major Wynyard	...	433	284	717	85	802	8	39	6	59	Sangor Camp	*2nd Battery Prize.*—Laying not sufficiently regular at 1st position and fuze too short, or effect would have been much better. Result good.
51st Field	Major Brunker	...	547	148	695	95	790	9	12	9	8	Cawnpore Camp.	*3rd Battery Prize.*—Practice and observation very good at both positions. Laying regular and result satisfactory.
19th Field	Major Maberly	...	578	99	677	98	775	8	6	6	30	Vishranathpur Camp.	*3rd Battery Prize.*—At first position result very good: (range party's record incomplete.) At 2nd position a badly laid round gave range, and verification was incomplete, trajectory consequently short.

A. R. H. A.	Major Duthy ...	250	383	633	85	718	9 50	9 10	Gurgaon Camp	*1st Position.*—Range not found owing to first round being incorrectly observed, and trajectory not being verified: elevation subsequently altered. *2nd Position.*—Range and fuze well found and result satisfactory. The practice shows a decided advance.
Q. R. H. A.	Major Hon. Shore ...	311	195	506	92	598	9 50	6 29	Muridki Camp	Observation slightly at fault and laying not sufficiently uniform at 1st position; at 2nd position range well found, but laying irregular.
K. R. H. A.	Major Potts ...	332	161	493	100	593	7 3	5 54	Cawnpore Camp.	The range was well found and the shooting good and regular at both positions. Time good.
10th Field	Major Skipton ...	228	256	484	93	577	9 55	9 45	Samtee, near Mooltan.	Of 10 ranging rounds at first position all were short except one, and that

												was a badly laid one, and wrongly observed. At 2nd position the trajectory was too high and laying irregular. Time slow.
50th Field	Captain Rodwell	...	236	238	474	100	574	7	50	7	15	Campbellpore Camp.	The range was well found and fuze properly managed at both positions: observation correct and fire discipline very good and quick.
S. R. H. A.	Major Suart	...	238	209	447	100	547	7	17	5	38	Nundidroog Camp.	At the first position no record from the range party: at the second position shooting very good and regular.
24th Field	Captain Longfield	...	372	93	465	80	545	10	0	6	30	Saugor Camp	Range well found and observation good at first position: at second position no bracket established, but same elevation adhered to although no round judged "range;" trajectory consequently too short.
26th Field	Major Brackenbury	...	269	152	421	100	521	8	30	7	24	Kirkee Camp	Erratic laying throughout prevented the range being accurately determined and effect being greater.
17th Field	Major Price	...	308	115	423	95	518	6	43	6	55	Camp near Neemuch.	At first position principles were not correctly adhered to when ranging, only one shell judged "short." At both positions the laying was most erratic: observation of height of burst not good.

60th Field	Captain Beatson ...	150	218	368	95	463	8 10	7 53	Campbellpore Camp.	*1st Position.*—Range correctly found, but fuze not well managed and laying irregular. *2nd Position.*—Laying erratic and fuze setting not good. Fired 25 rounds at 1st position and 23 rounds at 2nd position.
22nd Field	Captain White ...	109	261	370	85	455	9 45	9 30	Gurgaon Camp	At the first position the range was not accurately found owing to correct principles not being adhered to: at the second position the observation of

												ranging shots was at fault. The laying throughout was erratic and time slow.
B R. H. A.	Major Coxhead ...	162	193	355	100	455	S	57	7	14	Campbellpore Camp.	*1st Position.*—Laying very irregular and setting of fuzes not accurate. *2nd Position.*—Laying of "trials" uneven and trajectory long: observation good.
6th Field	Capt. Hon. Addington	102	275	377	65	442	9	9	9	29	Saugor Camp	*Disqualified having fired 49 instead of 48 rounds.*—At first position laying at fault when ranging: at second position laying erratic throughout. Fire discipline poor.
68th Field	Major Bannatine-Allason.	146	198	344	95	439	8	40	8	53	Muridki Camp.	*1st Position.*—Range not accurately found owing to two short shell being wrongly judged "range." *2nd Position.*—Observation and laying both at fault when ranging. Fuze setting not good. Fire discipline good and quick.
2nd Field	Major Banister ...	211	115	326	65	391	10	0	5	52	Cawnpore Camp.	*1st Position.*—The range was correctly verified, but the elevation increased for no obvious reason: fuze not properly managed and too short. *2nd Position.*—The range was found (though bracket of 50 yards is too small) but fuze again too short. Only 22 rounds fired at 1st position.

36th Field	Major Burrows ...	118	167	285	100	385	9 20	7 20	Camp Kirkee	Laying erratic throughout the practice at both positions: fuze not properly managed and height of burst much under-estimated.
H. R. H. A.	Major Robertson ...	78	191	269	90	359	9 0	7 41	Camp Muridki	Range not found at 1st position due to incorrect observation, and a violation of principles in accepting as correct an elevation which gave four consecutive rounds judged "minus." At 2nd position range correctly found, but fuze badly managed.
39th Field	Major Baker ...	117	120	237	85	322	10 0	7 45	Camp Muridki	*1st Position.*—Trial shots incorrectly observed and elevation not verified: range consequently not accurately found. *2nd Position.*—Laying and observation

												both at fault when ranging: elevation for time shrapnel reduced for no reason and trajectory for series therefore short.
47th Field	Captain Geddes	...	149	65	214	85	299	7	30	6	0	Camp Karachi	The first position shows the error of "creeping": a bracket of 50 yards was attempted at a range of 2,400 yards and a "minus" was only observed at the 6th round: laying at fault as also observation. At 2nd position range was not found.
53rd Field	Major Lyster	...	63	145	208	70	278	8	10	9	30	Camp Hyderabad, Sind.	Laying not accurate and fuze not well handled: observation of height of burst totally at fault: 14 consecutive graze bursts being judged about 20 feet up. At 2nd position a badly laid round gave "range" and verification was not correct: trajectory consequently short.
46th Field	Major Boteler	...	59	122	181	85	266	8	0	7	22	Cawnpore Camp.	Principles correct throughout, but the practice spoilt by bad laying. Light reported to have been very bad. Time good.
65th Field	Major Hawkins	...	32	90	122	90	212	8	43	8	19	Muridki Camp	*1st Position.*—Range not found owing to very bad observation. *2nd Position.*—Range not found owing to correct principles not being adhered to. Result extremely poor. This Battery won His Excellency the Commander-in-Chief's prize, in 1890-91, and Inspector General of Artillery's prize in 1891-92.

8th Field	Major Henriques ...	7	101	108	70	178	10 0	8 20	Muridki Camp	*1st Position.*—Range not found or considered found, and every shrapnel, after ranging, was over. Laying bad throughout. *2nd Position.*—Observation altogether at fault and trajectory consequently 100 yards short. Fuze not properly managed: fire discipline not good, drill noisy: result generally unsatisfactory.

34th Field	Major Bell-Irving ...	244	127	371	100	471	9	0	8	0	Shuirajpur Camp.	*1st Battery Prize and prize given by His Excellency, Sir James Dormer, Commander-in-Chief, Madras.*—At first position the trajectory was slightly high and more uniformity of laying would have much increased the result. At 2nd position the shooting was good and laying regular. Observation and result good.
33rd Field	Captain Hutchinson ...	178	141	319	95	414	7	0	6	45	Camp Yamjal	*1st Battery Prize.*—Three different elevations tried after verification at first position. At the second position a difference of 50 yards only made for second round, with uniform laying no bracket would have been obtained. Time good.
42nd Field	Major Dewar ...	158	126	284	95	379	9	27	10	0	Camp Velechi	*2nd Battery Prize.*—Range correctly found at 1st position, but height of burst under-estimated and fuze short. At 2nd position correct trajectory established but result diminished by want of uniformity in laying.
27th Field	Major Pengree ...	213	53	266	100	366	9	22	7	0	Kirkee ...	*2nd Battery Prize.*—Range well found at both positions, and failure to score more, was due to bad management and boring of fuzes, and under-estimation of height of burst. This Battery won the prize given by the Inspector General of Artillery in 1890-91.

M. R. H. A.	Major Leach ...	153	113	266	98	364	7 32	7 33	Camp Yamjal	*3rd Battery Prize.*—Range not exactly found at either position, due to inaccurate laying: fuze not well managed at the first position, and height of burst under-estimated.
21st Field	Major Moore ...	173	104	277	85	362	...	...	Nundidroog Camp.	No record from the range party prevents laying and observation being checked. At the 2nd position the range was found by "creeping." Twenty-five rounds fired at first position and 23 at the 2nd.
5th Field	Major Temple ...	141	105	246	100	346	7 27	5 47	Camp Velechi	At first position no apparent principle in ranging, and the meaning of "verifying," as recorded is not evident: elevation and fuze subsequently altered together. At 2nd position incorrect

												observation when verifying caused too high a trajectory to be established. Laying regular, and time good.
23rd Field	Major Montgomery ...	151	104	255	88	343	8	40	7	3	Camp Nundidroog.	At the first position there is no record by range party, so neither laying nor observation can be checked. At the second position the verifying rounds were all "minus" and consequently the trajectory established was short.
43rd Field	Major Shirreff ...	152	56	208	96	304	7	30	8	35	Jafferpore near Barrackpore.	Principles correct but laying erratic at both positions, and observation at fault at the first.
9th Field	Major Dunlop ...	118	82	200	90	290	6	57	27		Camp Nayagaon.	Laying at 1st position not sufficiently accurate and worse at the second. Time good, especially in getting off the first round.
76th Field	Major Smyth ...	96	94	190	90	280	9	40	0		Senoli, Belgaum.	The principle on which different elevation was given to each section is not understood and not correct: the failure was in laying which was erratic: fuze at first position badly managed and bored.
72nd Field	Major Spencer ...	91	96	187	90	277	9	57	35		Camp Kirkee	At the first position the range was not verified and 3 rounds only out of 18 for effect were short: no attempt at obtaining correct length of fuze: at the 2nd position no bracket obtained (except by bad laying) or attempted: fuze as at first position, and badly bored.

N. R. H. A.	Major Hotham ...	47	119	166	95	261	8 25	5 12	Burgunda near Mhow.	Range not accurately found at either position, and laying throughout very erratic, as also the boring of fuzes. Observation of height of burst not sufficiently accurate.
59th Field	Captain Coghill ...	69	58	127	90	217	9 7	7 11	Near Neemuch	The result at the first position was spoilt by bad laying, and inaccurate observation of height of burst: at second position three different elevations tried after the range was verified, and laying also irregular.
49th Field	Major Boothby ...	52	77	129	85	214	10 0	7 45	Camp Yamjal	Trajectory too high at first position, fuze badly managed and height of burst under-estimated: at second position trajectory correctly established, but fuzes badly bored. Laying throughout irregular and result very poor.

70th Field	Major Hawkshaw ...	38	66	104	90	194	10	0	8 *	8	Gurgaon Camp	At the first position the ranging process was incorrect, and the range found was varied for verifying series and again altered for time shrapnel: at the second position observation was at fault, elevation altered and subsequently varied. The laying throughout was most erratic and the result very poor. Two rounds too many were fired at the 2nd position, while the full number could not be expended in the time at the first: the total number of hits obtained was not nearly sufficient to qualify for a prize and the general result is most unsatisfactory. The battery was last on the list in 1891-92.
20th Field	Major Wace, D. S. O. ...	58	54	112	80	192	10	0	10	0	Near Kamptee.	The practice spoilt throughout by bad laying and fuze not being properly handled. Twenty-six rounds were fired at 1st position. * Time slow and result most unsatisfactory.
35th Field	Capt. de Jersey ...	47	48	95	90	185	10	0	8	0	Camp Chilora.	At the first position the range was not found chiefly owing to faulty observation, but the laying was so bad at both positions that little reliance could be placed on it. Fuzes not correctly handled and apparently irregularly bored. Result most unsatisfactory.

55th Field	Major Bailward ...	37	49	86	85	171	10 0	8 0	Deesa ...	At the first position the range was found, so far as erratic laying permitted: of 18 rounds for effect only 2 were short, and 14 were wrongly observed: the fuze was badly handled. At the second position the range was found by "creeping." The practice showed a want of adherence to principle and the result, as could only be expected, is most unsatisfactory.
48th Field	Major Chapman ...	2	68	70	95	165	10 0	7 8	Gurgaon Camp	At the first position the elevation was increased after verification, with the result that the trajectory was long: at the second position no bracket was obtained owing to faulty observation. The time was very slow, only 18 rounds being fired at the first position: the result is most unsatisfactory. This battery was within 6 of the last in 1891-92, and last in 1890-91.

No. 16 Western Division.	Major Blackett ...	116	38	154	96	250	24	0	18	0	Quetta ...	At the shorter range the observation was very good, but the laying not sufficiently regular. At the second position the two guns used shot very differently and variedly, showing want of uniformity in laying. Target and light reported very difficult.
No. 4 Eastern Division.	...	88	69	157	90	247	...		...		Rangoon...	Practice report not yet received.
No. 13 Eastern Division.	Major Blewitt ...	90	66	156	89	245	25	35	24	0	Attock ...	At both positions the range was found (or considered found) by "creeping" and elevation subsequently altered : laying erratic at second position.
No. 8 Eastern Division.	Major Rainsford	71	67	138	90	228	24	4	22	10	Camp Shirajpur.	Very erratic laying spoilt the shooting at the first positon : at the second, owing to faulty observation and incorrect verification, the trajectory was high. Results poor.
No. 23 (Heavy Battery) En. Division.	Major Rosseter...	55	57	112	100	212	14	50	13	25	Near Jhansi.	At the first position observation faulty, laying erratic, elevation constantly changed and range not found : at the second position a bad attempt at "creeping back," laying erratic and elevation varied up to last two rounds. Result very poor.
No. 22 (Heavy Battery) En. Division.	Captain Drake ...	111	24	135	75	210	16	0	16	4	Camp Burgunda.	Record of range party not filled in, so neither laying nor observation can be checked : at the second position the range was apparently found by "creeping." Result unsatisfactory.

No. 24 Southern Division.	Major & Colonel Creagh.	64	34	98	90	188	59 0	67 25	Camp Nayagaon.	At the first position correct principles were not adhered to in ranging, and range really found by "creeping." At the second position owing to faulty observation (due it is said to graze of plugged shell being invisible on the wet ground) the trajectory was established too high. Result very unsatisfactory.
No. 20 Western Division.	Captain Burrard	72	11	83	95	178	...	...	Quetta ...	At the first position the ranging was attempted by "creeping" and no shot judged minus till 8th and that was wrongly observed: at the second position the third round was wrongly observed: observation of amount "over" very faulty throughout, said to be due to difficulty of position and softness of ground from snow. Result very poor.

No. 204.—The following extracts from **General Orders by His Excellency the Commander-in-Chief in India** are republished:—

Head Quarters, Simla, 5th May 1893.

376. The results of the annual inspection in **signalling** of British troops in India for the year 1892-93 are published in the annexed return.

The Commander-in-Chief is pleased to notice that there has been a general improvement on last year's performances, and considers that special credit is due to the 7th Dragoon Guards and the 1st Battalion Gordon Highlanders for the efficiency they have shown in Army signalling.

There is, however, still room for improvement, especially as regards station work, and His Excellency would be glad if General Officers Commanding Districts and Officers Commanding Stations would be so good as to pay special attention to this requirement during the ensuing cold season, in view to the full development of this important branch of instruction, the value of which is so marked on active service.

396. With reference to G. O. C.-C. No. 247,† dated 31st March 1892, and paragraph 196, Army Regulations, Volume X, Part II, it has recently been brought to notice that in making out **railway warrants** the words "By the shortest route" or "By the cheapest route" are often inserted instead of entering the exact route by which troops are to travel, and that as certain railways in India refuse to accept warrants so prepared the holders have to proceed to the nearest Staff Office to have the omission rectified and thus are caused delay and put to expense.

The attention of officers issuing warrants is therefore again invited to the necessity that exists, whenever more routes than one are available, for the heading of Railway Warrant Form C being properly completed as to the route by which individuals or small parties are to travel, and it is requested that whenever it comes to the notice of a Staff Officer that this rule has been disregarded an immediate report of the circumstance, through the usual channel, may be made to the Quarter Master General of the Presidency concerned.

425. With reference to paragraph 121-f, of the Regulations for **Musketry Instruction,** British Troops, as amended by Army Order No. 238, dated 1st December 1892, it is notified that verniers, traversing sights (paper or metal), and painted, or smoked sights, may be freely used in all the individual range practices of the musketry course, the "attack" excepted. In all other practices, the provisions of the above quoted paragraph are to be enforced, but men desirous of using the bar instead of the notch of the sliding bar may be permitted to do so in all practices, range and field, the slide being reversed by Armorer Sergeants.

426. It has been brought to the notice of the Commander-in-Chief that several instances have recently occurred on the Indian Midland Railway in which soldiers travelling in troop trains have wilfully taken or struck away the **line clear messages**, *i.e.*, the orders under which trains are permitted to run through an intermediate station, and which are handed to the guard and driver by Station Masters by means of a rod and hoop. The Railway authorities have pointed out that the safe running of the trains depends to a great extent on the line clear messages, and that interference with the latter involves much danger, delay and inconvenience.

His Excellency therefore desires that Commanding Officers will cause the above remarks to be read to the troops under their command, with a caution against the recurrence of such cases, and that General Officers Commanding will also arrange that this order is specially communicated to Officers Commanding troops and details travelling over the Indian Midland Railway.

No. 226.—The following **General Order by His Excellency the Commander-in-Chief in India** is republished :—

Head Quarters, Simla, 9th June 1893.

"The Commander-in-Chief in India has heard with deep sorrow of the death this day at Poona of **Lieutenant-General Sir John Hudson,** K.C.B., Commander-in-Chief of the Bombay Army.

2. During a career extending over 40 years Lieutenant-General Hudson's name has been distinguished in all the principal Campaigns of Her Majesty's Indian Forces, more especially in the Mutiny, in the Afghan War, and, in a higher position, in the Soudan, and his recent selection for the Command of the troops in the Bombay Presidency testified to the high estimation in which he was held as a soldier.

3. Sir George White personally regrets the loss of a tried comrade, and of an adviser of wide experience in the field, and exceptionally sound judgment."

GENERAL ORDERS

BY THE

PROVISIONAL COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
Friday, 7th July 1893.

No. 261.—The **London Gazettes** of the 9th and 13th June 1893 were received in the Adjutant General's Office on the 5th instant.

No. 262.—The following extract from **General Orders by His Excellency the Commander-in-Chief in India** is republished :—

Head Quarters, Simla, 15th June 1893.

534. Applications having been frequently submitted for the grant of compensation in lieu of **field service clothing,** the Government of India has ruled that free issues of field service clothing are not made to troops for their personal benefit, but for the benefit of the State, to enable the men to better withstand the vicissitudes of field service. If, in exceptional cases, authorised articles of field service clothing cannot be supplied by the Commissariat Department at the time required, and are actually provided regimentally, the Government of India will consider, on the merits of each case, whether compensation may be allowed at rates not exceeding the cost to the State, had the articles been issued in kind as usual. But if such clothing cannot be issued by the Commissariat Department and the men are not supplied with it regimentally, the purpose of the issue is not served, and neither the corps nor the men individually have any claim to compensation.

I.—The men selected must be shoe-makers by trade and have an aptitude for the work.

II.—They must be of good character, and sober, steady and industrious men, who can be trusted to justify their selection.

III.—They must have at least 3 years still to serve.

Applications on behalf of men desirous of attending the class, prepared on India Army Form 72-A, and accompanied by copies of the troop, battery or company defaulter sheet, may be submitted at any time, to General Officers Commanding Districts, (in Madras and Bombay to the Adjutant General of the Presidency), who will in communication with the General Officer Commanding Oudh District, direct the men to join.

During the period of instruction (about 6 months), they will receive from Messrs. GENERAL ORDERS

BY THE

PROVISIONAL COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
Friday, 28th July 1893.

No. 297.—The **London Gazettes** of the 30th June and 4th July 1893 were received in the Adjutant General's Office on the 26th instant.

No. 298.— **Horse Guards' Orders—**

Royal Artillery.

Captain A. S. Dunlop, on promotion to that rank from the 42nd Field Battery, has been posted to No. 4 Company Eastern Division.

Second Lieutenant C. P. Roberts, on first appointment, has been posted to the 42nd Field Battery.

No. 299.—The following extracts from **General Orders by His Excellency the Commander-in-Chief in India** are republished:—

Head Quarters, Simla, 5th July 1893.

572. It is notified for information that the reports on the first inspection of the signallers of Native corps in India carried out during the past cold season by the Inspectors of **Army Signalling** and their assistants have been received and considered by the Commander-in-Chief.

2 During the season 4 batteries and 143 regiments of cavalry and infantry were inspected with the general result that 73 per cent. of the authorised number of signallers were sent up for examination, and of these 52 per cent. (or 38 per cent. of the authorised complement) were found efficient.

The following head the efficiency list in the order named :—

Guides Infantry ;
17th Madras Infantry ;
1st Bengal Infantry ;
15th Bengal Lancers ;
5th Bengal Infantry ;
38th Bengal Infantry ;
4th Bombay Infantry ;
5th Infantry, Hyderabad Contingent.
26th Bengal Infantry ;

and His Excellency considers that much credit is due to these corps for the satisfactory state of efficiency already attained by them.

3. His Excellency observes that though not altogether satisfactory, the results of the first inspection, judging by the efficiency attained by some corps contain the elements of hope that as more attention is paid to this important branch of military instruction, especially with regard to the constant regimental training in addition to the great essential of brigade signalling practice, and as more officers and non-commissioned officers are trained and become competent to instruct their men, very much better results will be attained at succeeding inspections.

4. The Commander-in-Chief fully realises the great difficulties experienced in teaching men to signal in a foreign and to most of them a but slightly known language, and also that the British officers with Native corps are so few in number that it is difficult to spare them to attend signalling classes ; but, at the same time, in view of the importance of having a duly qualified British officer in every regiment to perform the duties of Signalling Instructor, His Excellency hopes that every effort will be made in future to overcome this difficulty.

5. It has also been brought to notice that in a good many corps men in regimental staff employ such as clerks, bandsmen, &c., have been included in the authorised complement of sig-

nallers, and although there is no objection to such men being trained as supernumeraries, they should not in future be reckoned as part of the authorised complement of signallers, which should always consist of duty men available for detachment at any moment.

6. It has further been reported that the signalling equipment with many corps requires much more careful supervision, and His Excellency hopes that the reports at next inspection will shew that this point has been attended to.

7. In conclusion, the Commander-in-Chief would remark that it appears that in the majority of the corps which shewed the best results at the past inspection, the Commanding Officers had themselves displayed considerable interest in the instruction; and His Excellency therefore thinks it advisable to bring this fact to notice, feeling confident as he does that the knowledge will prove a direct stimulus to Commanding Officers to use their best personal efforts towards the improvement of the signalling instruction in their corps.

Head Quarters, Simla, 8th July 1893.

GENERAL ORDERS

BY THE

PROVISIONAL COMMANDER-IN-CHIEF.

Head Quarters, Ootacamund,
Friday, 4th August 1893.

No. 313.—The **London Gazettes** of the 7th and 11th July 1893 were received in the Adjutant General's Office on the 2nd instant.

No. 314.— **Horse Guards' Orders—**

Royal Artillery.

An exchange has been sanctioned between **Second Lieutenants H. G. Sargeaunt,** No. 9 Company Southern Division, and **H. T. Hart,** No. 19 Company Eastern Division.

No. 315.—The following extracts from **General Orders by His Excellency the Commander-in-Chief in India** are republished :—

Head Quarters, Simla, 12th July 1893.

596. The Commander-in-Chief has directed the publication of the accompanying return shewing the results of the **annual musketry course,** for the season 1892-93, executed by the British and Native armies serving in the three Presidencies, including the Hyderabad Contingent.

Owing to changes in the course, no exact comparison in either service can be made with the shooting of previous years, but viewing a "figure of merit" as a test of the work done throughout the season, the results now published may be considered generally satisfactory.

Great improvement is again manifested by the Native Infantry, of which 63 regiments attain a "very good" and "good" standard.

This is most creditable to the system of instruction, and to the zeal displayed by British and Native officers and non-commissioned officers in training recruits, and in every point connected with musketry.

The British infantry, having now been rearmed with the magazine rifle, His Excellency feels confident that its efficiency in a musketry sense will attain a far higher standard than has yet been reached in India, but this result cannot be looked for until it is more generally recognized that a thorough and sound system of instruction is absolutely necessary to obtain the highest results in shooting, fire discipline and fire control.

RETURN showing the Figure of Merit for the season 1892-93, *of the several Regiments of British and Native Cavalry and Infantry serving in the three Presidencies, including the Hyderabad Contingent.*

Head Quarters, Simla, 13th July 1893.

598. It is notified for information and guidance that His Excellency the Commander-in-Chief has decided that the **bonuses** authorised for the best **signallers** of Native Regiments and Batteries under article 318 I, Army Regulations, India, Vol. I, Part II, shall be drawn in future years on the 1st May.

Native Regiments and Batteries will be inspected annually, as far as possible, by the Inspectors of Army Signalling or their Assistants, and in the case of corps so inspected the eligibility of the Regimental Signallers to receive the bonus will be determined by the inspecting officer, on whose report the Commanding Officer will certify that the men are efficient and will draw the authorised rewards accordingly.

In the case of corps that may not be inspected, the Commanding Officers will themselves determine the matter and act accordingly.

The instructions issued on the above subject in G.O.C.C.† (page 5) dated 6th January 1890 are hereby cancelled.

No. 343.—With reference to G.O.G. No. 406 of 1st August 1893, the following promotion is made in the Intelligence Branch of the Quarter Master General's Department, Burma:—

Captain H. R. Davies, 2nd Battalion Oxfordshire Light Infantry, to officiate as Staff Captain with effect from the 19th April 1893, *vice* Captain H. B. Walker, 1st Battalion Duke of Cornwall's Light Infantry, appointed Officiating Deputy Assistant Quarter Master General.

No. 344.—**Second Lieutenant L. G. W. Dobbin,** 1st Battalion Northamptonshire Regiment, is attached to the Military Accounts Department, and is directed to report himself to the Controller of Military Accounts, Madras, for orders.

To travel at the public expense under para. 519 (vi), Part II, Vol. X, A. R. 1.

No. 345.—The Secretary of State for India has sanctioned(*a*) the grant of **furlough** on private affairs, in *special* and *exceptional* cases, to warrant and non-commissioned officers of the British Army who may not have completed the qualifying service required by clause 166, India Army Circulars of 1891, on the understanding that these special furloughs are included in the total number admissible.

(*a*) Proceedings of Madras Government No. 5272, dated 12th August 1893.

No. 346.—General Officers Commanding Districts are requested to assemble **invaliding medical boards** in accordance with Section XVII, Vol. VI, A. R. I., at stations within their respective commands occupied by British troops, to examine all men whom it is proposed to invalid during the next trooping season. These boards will be held, the first early in September, and the second during the first week in January, a special board being held at the end of February if necessary. The Principal Medical Officer of the District, or, in his absence, the Medical Officer doing his duty, will sit as President.

2. The invalids of all Districts of the Madras Army will be despatched to Deolali *en route* to Bombay, under orders which will be issued in the Quarter Master General's Department.

Invalids whose state of health would make it hazardous or injurious to forward them to Deolali, should, in communication with the General Officer Commanding Bombay District, be sent to Bombay and attached to the Colaba Sanitarium, until required to embark, particular care being taken that none but real cases of sickness are so sent, and that in each case it is first ascertained from the General Officer Commanding Bombay District, that accommodation is available.

3. The instructions contained in the Regulations for the Discharge of British Soldiers serving in India are to be followed, so far as they apply to invalids, any subsidiary orders necessary in furtherance of the foregoing arrangements being issued by General Officers Commanding Districts.

4. At stations where any men of the corps marginally noted and under orders to embark this cold season from Bombay for England, are now serving, special invaliding medical boards will also be assembled, in communication with the Principal Medical Officer of the District to ascertain what men belonging to these corps will require to be discharged from the service on their arrival at home.

19th Field Battery, R. A.
76th do. do.
2nd Battalion Somersetshire Light Infantry.

5. Complete invalid and discharge documents will be made out in India for all men whose discharge on arrival at home is contemplated, those of men left behind (that is, who will not accompany their corps to England) being transmitted to the officer commanding the depôt or station, where the men may be quartered. The documents to be prepared for men left behind, whose discharge on arrival at home is not contemplated, will be those for an ordinary transfer to the depôt company, with the usual invalid documents complete.

6. A nominal roll of *all* men not embarked with their corps will be transmitted by the commanding officer to the Adjutant General, Ootacamund, shortly before sailing, the cause of detention being specified in each case. It will further be stated whether all necessary documents in the case of each man shown in the roll have been transmitted to the proper authorities.

7. The Adjutant General of the Bombay Army will be requested under the orders of the Commander-in-Chief to cause any men of these corps, whose fitness for embarkation at the time intended may have become doubtful after departure from their stations, to appear before medical boards at Bombay, in view to their being detained till later in the season, when the period for arrival at home will be more suitable for men in a weakly state of health. In the cases of all such men left behind, the instructions given in paragraph 5 will be observed.

8. Presidents of invaliding medical boards will communicate to the officer commanding the corps the decisions in the several cases brought before the boards for examination.

9. The particular attention of General Officers Commanding Districts, and of officers commanding batteries and corps is called to the instructions contained in paragraphs 17 and 19 of the Regulations for the discharge of British soldiers serving in India, and to Quarter Master General's Circulars No. 2755-A of 2nd August 1888, and No. 969 of 2nd March 1889.

2nd Battalion, Somersetshire Light Infantry.

25TH AUGUST 1893.

1. Under instructions from the Horse Guards, all short-service privates of the above-named battalions, except those with more than six years' service on 1st October 1893, and all extended short-service privates except those with more than ten years' service on the same date, subject to the following exemptions only, *viz.* :—Paid lance corporals, officers' servants and grooms, bandsmen, pioneers, and six signallers per battalion, will be posted to the 1st Battalions of those regiments.

In the case of the Royal West Surrey, the posting of these men to the 1st Battalion at Malta will be effected when the vessel conveying the 2nd Battalion home touches at that place, and in that of the Somersetshire Light Infantry the men eligible for transfer will be retained in India on the departure of the 2nd Battalion and be posted to the 1st Battalion on its arrival.

2. Except in very special cases only those non-commissioned officers and men of the 2nd Battalion, Royal West Surrey Regiment, with more than six years' service and who have not entered the last year of their army service will, subject to the conditions laid down in Army Regulations, India, Vol. II, para. 2186-H., be allowed to volunteer for further service in India, while volunteering from the 2nd Battalion, Somersetshire Light Infantry, is prohibited. 3. Staff and Color Sergeants of the 2nd Royal West Surrey may volunteer in the rank of Sergeant.

4. The attention of the Officers Commanding these two Battalions is drawn to the provisions of Army Regulations, India, Vol. II, para. 2739, as reconstructed by G. O. 2† of 1891, regarding the rules for the volunteering of men on, or probationers for, the unattached list.

(II)

2nd Battalion, South Wales Borderers.

Further volunteering from this Battalion is prohibited. All short service privates on original engagement of less than six years' service on 1st October, subject to the same exemptions as in the case of the 2nd Royal West Surrey and 2nd Somersetshire Light Infantry, will be disembarked in Egypt to join the 1st Battalion.

(III)

2nd Battalion, Gloucestershire Regiment.

(Proceeding to Aden.)

1. Volunteering from this battalion will not be allowed except in the cases of men on, or probationers for, the unattached list, as the surplus over the strength required for Aden will be transferred to the 1st Battalion, and orders on this point will be issued hereafter.

2. The attention of the Officer Commanding is drawn to the provisions of Army Regulations, India, Vol. II, para. 2739, as reconstructed by G. O. 2 of 1891, regarding the rules for the volunteering of men on, or probationers for, the unattached list.

The Provincial Commanders-in-Chief, Madras and Bombay Armies, will be good enough to issue any further subsidiary orders that may be necessary for volunteering and transfers from corps in their commands.

Head Quarters, Simla, 7th August 1893.

672. Under instructions from the Goverment of India the following rules for the grant of a **special bounty** to men of the five battalions of Infantry named in the margin, are published for information and guidance. These rules will have temporary operation only, *i.e.*, till end of trooping season 1893-94.

2nd Battalion West Yorkshire Regiment.
1st Battalion Worcestershire Regiment.
2nd Battalion Royal Scots Fusiliers.
1st Battalion Royal Fusiliers.
1st Battalion Cheshire Regiment.

2. Men of the above corps of between six and seven years' service on 1st October 1892, who are willing to extend their service with the colors for the periods and in the proportions shewn below, will, for extension for a period of one year in the case of the 2nd Royal Scots Fusiliers, receive a bounty of Rs. 70, and for an extension of two years in the other battalions

named, Rs. 140. This further period of service will be completed *in India*, and will commence after the expiration of the extra year's service (*i.e.*, the eighth year) with the colors due from a soldier serving abroad:—

Corps.	Number of men to whom bounty should be offered.	Number of years for which men should extend their service.
West Yorkshire Regiment, 2nd Battalion	40	2
Worcestershire Regiment, 1st Battalion...	100	2
Royal Scots Fusiliers, 2nd Battalion ...	60	1
Royal Fusiliers, 1st Battalion ...	120	2
Cheshire Regiment, 1st Battalion ...	100	2

3. The grant of bounty is conditional on the men signing an agreement to accept for the completion of their extended service, transfer to a corps in India; but this condition will only apply when their own battalion may leave India without being relieved by a battalion of the same regiment. The extension of service will be carried out on Army Form B. 221.

4. The bounty will be paid to each man at once on his signing the required agreement, or, at his option, placed to his credit in the Regimental Savings Bank. Advances for this purpose may be drawn from the Civil Treasury on the authority of a Station Order, and adjusted hereafter with the Military Accounts Department.

5. Commanding Officers will add to the monthly returns on Army Form B. 105, a statement shewing the exact number of men accepting the bounty and the periods for which they extend. They will also submit to the office of the Adjutant General in India on the first of each month a return in the form below giving the same information.

6. Commanding Officers should be instructed to report to the Adjutant General in India† when any man who has extended his service under the provisions of this order is withdrawn from India for Imperial duty during the period of his extended service. (In the event of any man *purchasing* his discharge after having extended his service, or of his extension being cancelled, he will be required to refund a proportional amount of the bounty received.)

† Through Adjutant General's Office, Ootacamund, in the case of the 1st Battalion Cheshire Regiment.

Return of men who have extended their service under the provisions of G. O. C. C., dated 1893.

The Adjutant General in India,
Simla.

Form of agreement.

I† being now under an engagement to serve with the colors for years, do hereby agree to extend such service to complete years; and in event of the battalion in which I am now serving being sent out of India without being relieved by a battalion of the same regiment before I have completed the above named extended period of service, I consent to the transfer of my services under section 83 of the Army Act of 1881 to any other corps of my branch of the service, and in consideration of that agreement now made I am to receive the sum of Rs. ‡.

† Here enter number, name, rank and corps.
‡ Here enter amount of bounty to be paid.

Head Quarters, Simla, 8th August 1893.

674. Attention is called to the Army (Annual) Act, 1893, 56 Vict, ch. 4, and to the amendments made thereby to the Army Act, printed in the *Gazette of India*, dated 3rd June 1893, by which it is provided that the **Army Act** will be in force in India from the 31st December 1893 to 31st December 1894, both days inclusive.

II. The following Army Order, dated War Office, 1st June 1893, is republished for information and guidance :—

A. O. 103—*Discipline—Alterations in Army Act.*

"1. The Army (Annual) Act, 1893, introduces, amongst other amendments to the Army Act, the following important changes :—

(*a*) Power is given to a Commanding Officer to award 14 days' imprisonment for any class of offence. (Section 46 (2).)

(*b*) The minimum number of members for a District Court-Martial is made three instead of five at all stations. (Section 48 (4).)

(*c*) When a Commanding Officer proposes to dispose summarily of an offence committed by a soldier by other than a minor punishment, the soldier is given the choice of being tried for the offence by a District Court-Martial, or of having his case summarily disposed of by his Commanding Officer.

"2. The object of extending the powers of Commanding Officers is to enable them to dispose of a number of miscellaneous offences which have hitherto entailed a Court-Martial, and its consequent disabilities.

"3. The Commander-in-Chief desires that General Officers Commanding will carefully watch the manner in which Commanding Officers exercise their increased power, which for the present will not be exercised by a Commanding Officer under the rank of Field Officer.

"4. The exercise of this power by Commanding Officers should render the assembly of Regimental Courts-Martial infrequent. For cases not summarily disposed of, a District Court-Martial, the minimum number of Officers for which has been reduced to three at all stations, should as a rule be convened.

"5. No Officer, when it can be avoided, is to be detailed to sit on a Court-Martial, who has not, in addition to the qualification prescribed by the Army Act, Section 48 (3) and (4),

previously attended as a supernumerary at least six times. When the number is three, not more than one member is to be a Subaltern Officer. In doubtful or complicated cases the Court should still, when possible, consist of five Officers.

"6. Attention is called to Section 46 (6), under which in future a soldier may in every case demand to have the evidence against him taken on oath.

"7. The directions contained in Section 46 (8) must be carefully observed. A Commanding Officer, after hearing the evidence, but before making an award, will ask the soldier whether he desires to be dealt with summarily or tried by District Court-Martial, and proceed accordingly. Should a Commanding Officer award a punishment, other than a minor one, to a soldier without having previously asked him if he wishes the case tried by Court-Martial, the soldier will have a right to appeal against the award as *ultra vires*, and to be tried by a District Court-Martial.

"8. The Queen's Regulations and the manual of Military Law are under revision, and the alterations rendered necessary in the regulations and rules of procedure will be made in the revised editions."

III. With reference to the alteration made by the Army (Annual) Act in Section 32 of the Army Act, intimation has been received from the Horse Guards that in the cases of men tried for the offence of enlisting after having been discharged for misconduct who have so enlisted *before* the 30th April† 1893, the charge should be framed under Section 33 of the Act, as they cannot legally be made amenable under Section 32.

† *Note.*—Or before the 31st December 1893, if the enlistment took place in India.

2. Those officers of the Garrison Course who are not in possession of an equitation certificate, but who are required to have one and who come from stations where equitation classes cannot be formed, will attend the equitation class.

3. This opportunity will also be open to other officers of all districts, who may wish to qualify. Names of such officers should be sent by General Officers Commanding Districts to the General Officer Commanding Bangalore District, so as to reach him one week before the date fixed for the class, and the officers should personally report themselves to the Assistant Adjutant General, Bangalore District, three days before such date.

4. All arrangements connected with these equitation classes will be made by the General Officer Commanding Bangalore District.

No. 362.—Leave of absence :—

The undermentioned have leave of absence :—

N.B.—It is expected that No. 3 Company "Queen's Own" Sappers and Miners will proceed from Bangalore to Burma in relief of No. 1 Company, and that the Detachment 14th Madras Infantry at Port Blair will be relieved by a Detachment of the 26th Madras Infantry from Rangoon and rejoin Regimental Head Quarters at Moulmein. Definite orders as regards these troops will be published as soon as the sanction of Government to their being moved is received.

(Quarter Master General.)

No. 374.—Transport—Sea.—The following instructions will be attended to by despatching officers, &c., in carrying out the movements of time-expired details, &c., under orders to proceed to England by troopship during the season 1893-94. The allotments for the several troopships will be notified to all concerned by the Quarter Master General :—

I. The troops and details should be despatched as follows :—

(*a*) Invalids and time-expired details, ignominies, military convicts, and other details, so as to reach Deolali ten days prior to the date fixed for their embarkation at Bombay.

(*b*) Insanes as per paras. 17 *et seq*, of the Regulations for the discharge of British soldiers serving in India. *Vide* also para. 9 of G. O. C. No. 346 of 18th August 1893.

(*c*) Warrant officers, departmental non-commissioned officers and their families, who have been allotted passages, should proceed to Bombay in time to embark on the date specified.

(*d*) In the case of men proceeding to join the Depôt at Home, or of any men for whose transfer to the Home Establishment, the special sanction of Horse Guards, or any other authority, may be requisite, it must be distinctly understood that Regimental or Battery authorities are responsible that such men are not despatched from their Corps for embarkation, until the requisite authority for their transfer to the Home Establishment has been received.

II. Despatching officers will arrange accordingly, and report arrangements proposed to be made for the movement of the troops and details to the Quarter Master General, Ootacamund, some time previously.

III. The details from Burma should be sent to Madras for despatch thence under arrangements to be made by the General Officer Commanding Madras District, so as to arrive at Deolali, &c., as above directed. When opportunity offers, however, and a saving to Government may be effected thereby, the details from Burma may be despatched from Rangoon to Calcutta by Indian Marine vessel and thence by rail to Deolali in communication with the General Officer Commanding Presidency District, Fort William, particular care being taken in regard to the date of arrival at Deolali.

IV. Timely notice of all movements must be given by the General Officer Commanding the district from which the troops proceed, to the General Officers Commanding the districts through which they will pass *en route*, in view to the necessary arrangements being made for their reception and onward progress, as well as to the General Officer Commanding Bombay District, &c., at destination.

V. It having been frequently represented that much inconvenience is caused by troops taking with them to Bombay a large amount of baggage in excess of that allowed by regulations, and of unauthorized

Section X, Part I, Vol. X, A. R. I.

dimensions, Commanding Officers will be held responsible that the regulations on the subject are complied with. The General Officer Commanding Bombay District has been requested to report to the Quarter Master General, Ootacamund, any officer responsible for non-compliance with this order.

VI. In view to obviating the inconvenience experienced by widows, women unaccompanied by their husbands, and orphan children, on arrival at Portsmouth, owing to their baggage being placed in the wrong railway trucks, "red star" paper labels for their boxes will be provided at Deolali and Bombay. On disembarkation, all boxes, &c., labelled with the "red star" will be collected in one place, and subsequently distributed to the owners.

VII. As a considerable amount of correspondence frequently arises after disembarkation relative to men's kit bags reported missing after the men have arrived at their destination, owing to a certain proportion of the troops being on duty on board up to the hour of parading for departure, and consequently unable to see that their kit bags are placed in the proper vans or wagons, printed labels for the kit bags of invalids, time-expired men and other details, and the boxes of their families, will be provided at Deolali, lettered "Chatham," "Woolwich," "Netley," "Gosport," according to the destination of the men. The labels will bear the names of the above places in large distinct letters, and will be carefully and securely fixed.

VIII. Returns and nominal rolls of time-expired men, invalids, &c., *actually* to proceed from each District to Deolali, &c., should be sent to the Quarter Master General, Ootacamund, as soon as possible, copies of the same being furnished to the General Officer Commanding Bombay District. Also, immediately after troops and details have been despatched to Deolali, &c., a return, in Form B-142, should be furnished by the General Officer Commanding the district concerned, to the General Officer Commanding Bombay District, giving the numbers, &c., so despatched.

IX. Passages for departmental Warrant and Non-Commissioned Officers will be arranged for by the heads of their departments in direct communication with the General Officer Commanding Bombay District, a similar course being followed as regards passages for Non-Commissioned Officers on the Unattached List, which will be arranged for by the General Officer Commanding the District in which they are serving.

X. Second class accommodation and messing are now provided on Her Majesty's Indian troopships for 16 men, 6 women and 6 children, or an equivalent of 25 adults, and under no circumstances can warrant officers, or their families, in excess of the above numbers be embarked.

XI. Officers to proceed in charge of the details will be detailed under the orders of the General Officers concerned from officers detailed for duty with their regimental depôts, &c.

XII. Instances having occurred of Insanes arriving at Bombay with documents incomplete, thereby necessitating their detention at that port, the attention of Officers Commanding British Corps and Batteries is invited to para. 1026, Vol. II, A. R. I., the provisions of which should be strictly complied with.

XIII. Attention is invited to para. 508, Section VI, Vol. II, A. R. I., requiring all prisoners to be sent Home in sufficient time to enable them to reach England before their sentences of imprisonment expire, and it should be arranged that prisoners are embarked so as to arrive in England at least a fortnight before their imprisonment expires. The dates on which the sentences of prisoners expire must be carefully considered in the Staff Offices of Districts, priority of passage being given to those prisoners whose sentences expire earliest.

XIV. Attention is also invited to G.O.C. No. 56 of 1887, and para. XV of G.O.C. No. 367 of 1888, requiring General Officers Commanding Districts, when forwarding to the Quarter Master General, Ootacamund, applications for passages Home for the wives and children of warrant and non-commissioned officers and soldiers serving with their Corps, or on the Unattached List, to transmit therewith copies (in duplicate) of the proceedings of Medical Boards, recommending their being sent Home either with or without their husbands, as the case may be.

XV. All officers entitled to passage for themselves and their families under the Regulations, should apply to the General Officer Commanding the District in which they are serving, who will arrange with the General Officer Commanding at the port of embarkation *direct* for allotment of the accommodation authorized by the Regulations.

GENERAL ORDERS

BY THE

PROVISIONAL COMMANDER-IN-CHIEF.

Adjutant General's Office, Ootacamund,
Friday, 8th September 1893.

No. 386.—The Commander-in-Chief, with the concurrence of Government, is pleased to direct the publication of the following subsidiary orders in connection with the **mustering out of the 29th Regiment Madras Infantry,** with reference to G.O.G. No. 471 of 1893.

II. The disposal of the native officers, non-commissioned officers and men of the corps will be at once proceeded with in the manner directed in paragraphs 23—25 of the G.O.G.

III. *Pensions and discharges.*—Nominal rolls as per Form A of all men who are to be discharged with pension, or gratuity, will be prepared in *duplicate* and sent to the Controller of Military Accounts.

2. It is to be understood that men under five years' service who are discharged, are *not* to be granted any gratuity.

3. The stations at which men entitled to a pension may elect to reside must be entered in the rolls.

4. Transfers to other corps, to pension, to the reserve, and discharges, will have effect from the 16th October 1893 and will be carried out regimentally, men for pension and discharge being permitted to proceed to their homes on any date after the 6th idem provided that their accounts, &c., have been settled.

5. Service under 16 years of age will not be allowed to count towards gratuity.

6. The gratuity granted under clause (*d*), paragraph 23 of the G.O.G., does not include the staff pay of Drill Havildar, Drill Naigue, &c.

7. Referring to Article 521, Army Regulations, India, Volume I, Part II, men who may not have completed three years' service since re-enlistment, will be allowed to count their former service towards pension, provided they have fully fulfilled all other conditions governing this concession.

8. The Controller of Military Accounts has been instructed by Government to make arrangements for funds being available at Bellary to meet the claims of those retiring with pensions and gratuities.

9. The Officer Commanding 29th Regiment Madras Infantry will prepare Descriptive Rolls (M. M. Form 580) of all Native Commissioned and Non-Commissioned Officers and men pensioned under paragraph 23 and forward the same to the Superintendent of Pensions, Madras, to enable that officer to issue the necessary Pension Tickets.

IV. *Volunteering, Transfers, &c.*—All Madras Infantry regiments, excepting the Burma Local Battalions, are open to receive Volunteers to the extent of the vacancies in each. All surplus men should be transferred in equal numbers to these corps.

2. All transfers will be carried out in direct communication with the Commanding Officers of regiments to which the men desire to be transferred.

3. It is to be distinctly understood that volunteering is to be confined to those eligible under clauses (*b*), (*c*), (*d*), and (*e*) of para. 23 of the G. O. G., and who moreover have been approved by the Commandant as soldiers whose transfer is desirable, and who have also been passed by the Medical Officer as fit for further service. Musicians (privates) under 21 years' service are also permitted to Volunteer for transfer to other regiments.

4. The Officer Commanding 29th Regiment Madras Infantry is responsible that all non-commissioned officers and men, who *may* be eligible for transfer, but whose reten-

tion in the service is undesirable either for physical, or moral, reasons, are discharged with the gratuities to which they are entitled.

5. The decision of the Commandant and Medical Officer as to the fitness for further service of men electing for transfer to other corps will be final.

6. Native officers and non-commissioned officers entitled to pension, are *not* to be allowed to volunteer.

7. Non-commissioned officers transferred will take rank and precedence in their new regiments according to dates of promotion. Supernumeraries caused by transfers are to be absorbed on the occurrence of every third vacancy.

With a view to lessening the number of these supernumeraries, non-commissioned officers eligible for transfer should, as far as possible, be distributed equally among all the regiments open to receive volunteers.

8. Lance-Naigues retain such rank on transfer to other regiments and will be graded therein according to the dates of their appointments in their late corps.

9. The Havildar-Major, Color-Havildars, Drum, Fife or Bugle-Majors volunteering for other regiments will retain their rank and staff pay till absorbed.

10. *The Armourer Havildar and Assistant Armourer*, if transferred, will rank as Privates, if they cannot be suitably provided for in their new regiments.

11. *Ward Orderlies.*—Endeavours should be made to transfer these men to other corps in the same capacity.

12. Government has sanctioned an advance of pay for October 1893 to men who have volunteered for transfer to other regiments. This will be recovered from them by three monthly instalments after joining their new corps.

13. Transfers to other regiments will be despatched under the orders of the General Officer Commanding Belgaum District, so as to enable them to join their new corps not later than 15th October.

V. *Recruit and Pension Boys.*—Recruit and Pension Boys may take their discharge if they wish to do so, but *without* gratuity. Those who remain are permitted to volunteer for any of the regiments open to receive the men of their own corps.

2. Boys in excess of the establishment will be borne as supernumeraries on the strength of their new regiments until vacancies occur for their reception on the fixed establishment. One to be absorbed for every two vacancies.

3. The Boys are to be first medically examined, and those found unfit for eventual transfer to Recruit Boy, or Private, should be at once discharged without reference to Army Head Quarters.

VI. *Recall of men on furlough.*—All men on furlough, and those on medical certificate who may be fit to travel, will be recalled to regimental head-quarters and will travel by rail and steamer at the public expense.

VII. *Release of Prisoners.*—Court Martial prisoners and defaulters undergoing imprisonment in Regimental Guard Rooms will be released, and disposed of under paras. 23—25 of the G. O. G.

VIII. *Clothing.*—Articles of Government Clothing which have not been in wear for the prescribed period, and other part-worn clothing, whether serviceable, or unserviceable, belonging to men pensioned and discharged, should be disposed of as directed in para. 80, Clothing Regulations, Native Army, Madras, 1887.

IX. *Transport.*—The Government of India has ruled that the families now residing in the Lines under regulations, of all men who are *compulsorily* discharged with pension and without option of transfer to other Regiments, will be allowed free passages to their homes. But families of men, who, having the option of such transfer, do not avail themselves of it, and of those taking their discharge at their *own request*, are not entitled to this indulgence.

2. The families of *Followers* living in the Lines will be given free passages to their homes.

X. *Band and Mess (including Wine) Funds.*—These are to be disposed of as follows:—

1. All claims are to be liquidated and the balance handed over to the local battalion in Burma replacing the 29th Madras Infantry.

2. All Mess plate, Band Instruments, Music, etc., to be transferred to the local battalion through the Assistant Adjutant General, Burma District.

3. Crockery, linen, glass, furniture, stores, etc., to be sold to the best advantage, the proceeds to go towards liquidating debts, and to meet cost of transfer of plate, etc., to the local battalion, to which any balance should be remitted.

XI. *Colors.*—These are to be handed over to the local regiment in Burma replacing the 29th Madras Infantry.

XII. *School, Lead and Cartridge case Funds.*—These Funds will be disposed of as follows:—

All property purchased out of the Funds will be sold by auction, or as the Commanding Officer may deem best, and the proceeds of the sale credited to the Funds.

2. The amounts to credit of the Funds to be transferred to the local battalion in Burma.

XIII. *Armourer's Tools.*—These tools should be returned into Ordnance Stores. The price originally paid to Government for the tools will be refunded, provided they are returned complete and in serviceable condition. Bills for the refund should be submitted to the Examiner of Ordnance Accounts, and be supported by the receipts of the Ordnance Officers into whose charge the tools are returned.

XIV. *Arms, Ammunition, Equipment.*—All ammunition and equipment, other than complete arms and accoutrements, to be returned to the nearest arsenal.

2. Personal equipment, *i.e.*, arms and accoutrements, should be taken with transfers to other regiments, provided the latter are equipped with the same pattern arms and accoutrements, and the transfers are in *excess* of the establishment. Otherwise they should be returned to the nearest arsenal.

3. Personal equipment of men discharged and transferred to Pension, and the Reserve, should be sent to the nearest arsenal.

4. Any additional arms and accoutrements on charge should be returned to the nearest arsenal.

5. In returning arms into store, the provisions of para. 112, Army Regulations, India, Volume III, should be complied with.

XV. *Followers.*—Every endeavour is to be made to continue mustered followers in employment.

2. With this view, the Commandant is to communicate with the Inspector General of Ordnance, the Commissary General, Madras, and Commanding Officers of all corps (Cavalry and Infantry).

3. Mustered followers are to be transferred to vacancies which may thus be ascertained to exist.

4. Those who cannot be provided for, are to be discharged with pension, or gratuity, under Military, or Civil rules, according to circumstances.

5. A nominal roll of those men who have been discharged without pension and who may desire re-employment, giving the particulars noted on Form D, should be submitted to the Adjutant General, by the Commandant. See para. XVIII.

6. All questions connected with pensions and gratuities should be referred by the Commandant direct to the Controller of Military Accounts for disposal.

XVI. *Regimental Records.*—These will be lodged in the Staff Office, Bellary.

1. Care is to be taken that *all* regimental books are accurately written up to the date of mustering out.

2. The final disposal of *every* man should be shown in the regimental registers. It should also be certified that each man's accounts have been fully settled.

3. The "Digest of the Services" (para. 2613, Army Regulations, India, Volume II) of the regiment, should be forwarded to the Adjutant General's Office, Ootacamund.

4. As soon as possible after the reduction of the Corps has been completed, the following books should be despatched to the General Officer Commanding Burma District for transfer to the new local battalion, *viz* :—

All Books of Regulation and Instruction.
,, General Orders.
,, Army orders.
India Army Circulars.
Controller's Circulars.
Adjutant General's Circulars.
Proceedings of Government.

XVII. *The Reserve.*—Men eligible and willing for transfer to the Reserve, under clauses (*d*), and (*e*) of para. 23 of the G. O. G. are to be transferred to the Reserve of either of the linked battalions of the Corps, in communication with the Officers Commanding those Battalions.

XVIII. The Officer Commanding 29th Madras Infantry, will, on the 16th October 1893, submit to the Adjutant General's Office, Ootacamund, a Return on Form B, immediately all Discharges, Pensions and Transfers to other Corps and the Reserve (both as regards men with the Colors and Reservists) have been finally carried out; also a Return as per Form D of all followers discharged without pension who desire re-employment.

2. Similarly, Commanding Officers of regiments receiving transfers, will, on the 16th October 1893, submit to the Adjutant General's Office a return as per Form C, as soon as all transactions have been completed.

Head Quarters, Simla, 25th August 1893.

728. The accounts of the **Queen's Military Widows' Fund** for 1892 are published for general information.

The Committee of Management wish to draw the attention of members to the necessity of complying strictly with Rules IX, XVIII and XX, as any neglect to comply with these rules will entail the removal of the defaulting member's name from the list of subscribers to the fund, thus forfeiting any benefits which would otherwise accrue to his widow in the event of his death.

A postcard will be sent drawing the attention of members to the fact of their being in arrears in their subscription. Members cannot, however, claim to have this notice sent them, and the fact of their not receiving a reminder will not absolve them from the penalty prescribed in rule XX.

General Statement of accounts of the Queen's Military Widows' Fund for 1892.

777. The following Army Order, dated War Office, 1st August 1893, is republished for information:—

A. O. 138.—*Staff College Entrance Examination.*

At the **examination** for admission to the **Staff College,** to be held in May 1894, questions in military history will be set as follows:—

(*a*) On Parts I to V of the Operations of War, excluding Chapter V, Part V, the details of the movements recorded in Chapter III, Part V, and also the Archduke Charles's proposed system of fortresses for S. W. Germany, in Chapter VI, Part V.

(*b*) On the physical geography of Europe, south of the Danube and west of the Rhine.

Maps in good atlases, and articles in encyclopœdias or geographical dictionaries will furnish all the information necessary for answering questions under this head. A knowledge of the details of the ramifications of mountain systems, or of small tributary river basins, will not be required.

(*c*) The Le Mans Campaign in France, 1st to 13th January 1871.

The campaign is narrated in the under-mentioned sections of Major Clark's authorised translation of the Franco-German War, 1870-71, Sect. XV, price 2*s.* 6*d.*; Sect. XVI, price 3*s.* 6*d.*

Of the numerous combats in this campaign, only the battle of Le Mans is expected to be known in complete detail.

The candidates must be prepared to draw a correct map of the scene of the operations of the campaign and also of the battle field of Le Mans.

---

778. With reference to Section XII, paragraph 44, Queen's Regulations, 1892, under instructions from the Horse Guards, the practice of wearing open jackets, waistcoats or any other forms of **unauthorised dress** by non-commissioned officers must at once be discontinued.

787. The following Army Order, dated War Office 1st July 1893, is republished for information and guidance :—

A. O. 121.—*Discipline—Good-conduct Badges.*

"Article 999 of the Royal Warrant for Pay, &c., 1893, confers power upon a Commanding Officer to award the forfeiture of **good-conduct badges.** As the Army Act does not recognize this forfeiture as a punishment, it cannot be recorded as such in the defaulter book.

"Every award of forfeiture of a good-conduct badge will for the present be accompanied by an award of not less than eight days' confinement to barracks."

---

788. The following decisions of the Government of India,† with reference to clause 165 of India Army Circulars of 1892, are published for guidance :—

† Military Department letters Nos. 209-G. and 3474-D., dated 30th March and 27th July 1893, respectively.

(i) When Commanding Officers elect to take in lieu of a periodical issue of **clothing,** its equivalent value in other articles of clothing, the preceding issue of that clothing is to remain in possession of the men for another period of wear; and no deduction on account of the present value of the time-expired clothing, if worn for another year, will be made in computing the amount available to meet the value of articles required in lieu of the periodical issue.

(ii) All articles of clothing in use on the date of the introduction of the new scale, even though they have previously become the property of the soldier under the old rules, will be required to last for the period laid down for similar articles in paragraph 3 of the above-quoted India Army Circular. Articles in use before the 1st April 1893, and continuing in use thereafter under the operations of paragraph 7 of the Circular, will remain the property of the soldier after they have completed the prescribed period of wear.

No. 468.—At a **General Court Martial** assembled at Rangoon on the 13th October 1893, **No. 3145, Private James McVeigh,** 2nd Battalion Royal Inniskilling Fusiliers, was arraigned on the following charges:—

CHARGES.

First Charge.—An act to the prejudice of good order and Military discipline

in that he,

at Meiktila on the 26th day of September 1893, struck with his rifle on the breast Private Bartholomew Weston, 2nd Battalion Royal Inniskilling Fusiliers, when on Adjutant's parade.

Second Charge.—Using violence to his superior officer being in the execution of his office

in that,

at the place and on the date mentioned in the first charge, he kicked on the left leg, Captain G. E. Wilkinson, 2nd Battalion Royal Inniskilling Fusiliers, who was at the time investigating a crime against him at the Orderly Room.

Third Charge.—Using insubordinate language to his superior officer

in that,

at the place and on the date mentioned in the preceding charges, he said to Major A. P. Wodehouse, 2nd Battalion Royal Inniskilling Fusiliers, his Commanding Officer, * * when asked by him if he had anything to say with reference to the 1st and 2nd charges.

FINDING.

The Court find that the prisoner No. 3145, Private James McVeigh, 2nd Battalion Royal Inniskilling Fusiliers, is guilty of all the charges.

SENTENCE.

The Court sentence the prisoner No. 3145, Private James McVeigh, 2nd Battalion Royal Inniskilling Fusiliers, to suffer penal servitude for the term of three (3) years.

GENERAL ORDERS

BY

HIS EXCELLENCY

THE COMMANDER-IN-CHIEF.

Adjutant General's Office, Ootacamund, Friday, 17th November 1893.

No. 478.—The **London Gazettes** of the 13th and 17th October 1893 were received in the Adjutant General's Office on the 8th instant, and those of the 20th and 24th October 1893, on the 15th instant.

No. 479.— **Horse Guards' Orders—**

Royal Artillery.

Lieutenant S. H. Hooper,(*a*) S Battery Royal Horse Artillery, is directed to proceed from Bangalore to England as early as possible to join A Battery Depôt Royal Horse Artillery, to which he has been posted.

Lieutenant J. A. Hobson, 50th Field Battery, has been appointed to S Battery Royal Horse Artillery.

(*a*) On duty under para. 212 (ix), Part I, and para. 519, Part II, Vol. X, A. R. I.

British Infantry.

Norfolk Regiment.—An exchange of battalions has been sanctioned between the undermentioned officers, with effect from the 1st February 1894, provided that the public be put to no expense by the arrangement :—

Captain H. R. B. Donne, from the 2nd to the 1st Battalion.

„ **R. F. C. Baker,** from the 1st to the 2nd Battalion.

2. Captain Baker is directed to proceed to England at his own expense, and join the 2nd Battalion.

Army Medical Staff.

Surgeon-Captain E. D. Farmar-Bringhurst has been granted leave of absence from the 7th November 1893 to date of re-embarkation for duty in India.

No. 480.—The following extracts from **General Orders by His Excellency the Commander-in-Chief in India** are republished :—

Head Quarters, Simla, 24th October 1893.

881. The following officers will proceed to England to join the Staff College on 1st February 1894. Under Army Regulations, India, Vol. X, "Passages—Sea," Part I, para. 212 (*vi*), and "Passages—Inland," Part II, para. 519 (*ii*) (G. O. 26† of 1892) :—

* * *

Lieutenant E. Peach, Indian Staff Corps, Staff Lieutenant, Intelligence Branch, Quarter Master General's Department.

* * *

Head Quarters, Simla, 25th October 1893.

* * *

884. It has been brought to notice that many officers ordered home in the non-trooping season, and entitled to passage at the public expense, arrive at the port of embarkation without any previous intimation having been given that passage would be required, thereby causing great inconvenience and trouble to the District authorities. Attention is therefore invited to paras. 169 and 177, Army Regulations, India, Volume X, Part I, and General Officers Commanding Districts are requested to give the General Officer Commanding at the port of embarkation as much notice as possible when officers require **passages,** as owing to passages on private ships having now to be obtained in the open market, a little time is required to allow of the necessary arrangements being made with due regard to economy.

† S.G.O. No. 25 of 1892.

Several cases have also occurred of passages being applied for and again cancelled within a short time of the sailing of the ship in which they were secured. In many instances passages can only be obtained by Government on the same terms as by private individuals, *i.e.*, by payment of half passage-money when the passage is secured; and as the cancelling of such passages means the forfeiture of the amount so paid, it is to be distinctly understood that in future the officer whose action has led to any pecuniary loss in this way will be held personally responsible for the amount unless he can show that the circumstances leading to it were entirely beyond his control.

* * *

Head Quarters, Simla, 28th October 1893.

902. Attention is invited to the following **Army Order,** dated 1st August 1893:—

Army Order 137. *Promotion to Second-Lieutenancies.*—Secretary of State's Instructions on the Royal Warrant for pay, &c., 1893.

903. Instances having occurred where changes, not provided for in the regulations, have been made in the **daily ration of horses,** thus causing unauthorised extra expense to the State, the attention of Officers Commanding British Mounted Corps is called to paragraph 856, Army Regulations, India, Volume V, "Commissariat Transport," the instructions in which must be strictly adhered to.

* * *

Head Quarters, Simla, 31st October 1893.

* * *

916. Pending receipt of the revised regulations under the Regimental Debts Act, 1893, which will shortly be distributed, **estates** remaining in hand on 1st October, or received after that

date, should be held over for disposal in accordance with the regulations referred to.

* * *

920. *Military Works Department.*—On arrival in India the undermentioned officers of Royal Engineers are posted as stated opposite their names :—

* * *

2nd Lieutenant A. J. Close ...Madras Command, Bangalore.

* * *

Lieutenant W. A. Harrison, Royal Engineers, is transferred from the Presidency and Oudh to the Madras Command.

* * *

No. 481.—The following extract from **Army Orders by His Excellency the Commander-in-Chief, Bombay,** is republished :—

Adjutant-General's Office, Head-Quarters, Poona,

3rd November 1893.

* * *

568. Under instructions from Army Head-Quarters, India, **Major-General A. M. Rawlins,** Royal (late Madras) Artillery, was permitted to proceed to England on promotion to that rank—travelling at the public expense, under Army Regulations, India, Volume X., Part I., para. 212, clause (IV.)

* * *

Adjutant General's Office, Simla, 9th November 1893.

963. The Commander-in-Chief directs that the instructions laid down in the **Infantry Drill,** 1893, regarding drill and manœuvre, are to be closely observed, but wherever words of command differ from those laid down in the Firing Exercise, the latter is to be followed.

* * *

Adjutant General's Office, Simla, 10th November 1893.

969. The following Orders are republished :—

Army Order 154.—**Medals**—Clasps for "Burma, 1889-92" and "Lushai, 1889-92."

1. The Queen has been pleased to command that the India Medal of 1854, with clasps inscribed "Burma, 1889-92" and "Lushai, 1889-92," shall be granted to all troops employed in the operations detailed in Appendix A, during the periods specified therein.

2. Her Majesty has also been pleased to command that a bronze medal and clasps of similar pattern shall be issued to all authorised Government followers who accompanied the troops so engaged.

3. Officers, soldiers, and others, who are already in possession of the India Medal of 1854, will receive the new clasp or clasps only.

4. Commanding Officers and heads of departments will prepare nominal rolls of the individuals entitled to the medals, and submit them, in the case of troops serving in the United Kingdom, to the Adjutant General, Horse Guards, and, in the case of troops serving elsewhere, to the Adjutant General in India, Simla, through the proper channel.

5. The rolls of Europeans are to be furnished in triplicate, in the form given in Appendix B, on foolscap, ruled lengthways, and a margin of an inch is to be left on each side of the fold to admit of ready reference when the sheets are bound. The names of officers and warrant officers will be entered in order of rank, and those of non-commissioned officers and men strictly in alphabetical order.

6. The names of officers and soldiers who, under Articles 518-A, 982, 983, and 984, Royal Warrant, relating to pay, &c., 1893, have incurred forfeiture of the medal, are to be included in the roll, and in the column headed "Remarks" the reasons which have rendered them ineligible are to be stated.

7. All names in the rolls should be written in printed characters, and those of men who have become non-effective by death, discharge, &c., as well as of those who have forfeited the medal, should be entered in red ink.

8. The Presidency to which a claimant belonged at the time he earned the medal must be shown on the rolls.

9. The rolls of natives of India are to be furnished in the manner which may hereafter be prescribed by the Government of India.

In pursuance of the foregoing instructions the Commander-in-Chief directs that—

1. Rolls will be submitted in strict accordance with paras. 3 to 8 of Army Order No. 154 of 1893, except that, in the case of natives, the rolls will be rendered in original only, with a numerical return in duplicate.

2. The names of followers are to be entered in alphabetical order according to classes, their nominal rolls and numerical returns being kept distinct from those of Native officers and soldiers.

3. With reference to para. 6 of Army Order No. 154 of 1893, attention is invited to paras. 2437, 2438 and 2438-A., Army Regulations, India, Volume II, Part II, regarding the forfeiture of medals by natives.

4. In the case of natives, the full number of medals indented for in the nominal roll should be included in the numerical return with a note in the column of "Remarks" shewing the number of forfeited decorations.

5. Followers who are already in possession of the silver India Medal will receive a silver clasp. In such cases it should be noted in the column of "Remarks" that the individual is entitled to the silver India clasp, and the number of silver clasps required should be shewn separately in the numerical return.

6. In the case of volunteers of the Indian Volunteer Force, the following additional certificate should be inserted at the foot of the nominal rolls, which should be sent for the signature of the Officer Commanding the corps to which the claimant belonged when proceeding on field service :—

"I certify that the individuals named in this roll were efficient volunteers when proceeding on field service."

7. In the case of followers, the following certificate should be substituted for that given at the foot of the form of medal roll :—

"I certify that the Individuals named in this roll are entitled to receive the decoration, and that they were all authorised followers paid by the State at the time the decoration was earned."

8. Medal rolls should be carefully scrutinized and checked to insure correctness before transmission, and must be prepared strictly in accordance with the foregoing instructions and in the prescribed form.

9. The claims of civilians except members of the Indian Volunteer Forces are to be submitted direct to the Government of India, Military Department.

A. O. 178.—Rules for Field Manœuvres—

The following will be substituted for Sub-Section 2, Section 205, Part X, of the Infantry Drill, 1893 :—

"2. *Distance to be preserved between bodies of troops.*—When Cavalry are attacking Cavalry, Artillery, or Infantry, they will not actually charge, but will decrease the pace when 200 yards distant, and halt at 100 yards. Cavalry are not to ride through batteries of Artillery. Infantry are not to approach an opposing

body of any arm nearer than 100 yards in the open, and 50 yards in enclosed country. No men of any arm of the Service are to be permitted to fire at others within 100 yards.

When the limit of 100 yards is attained, the opposing bodies are to halt, cease firing, and wait until it is decided which is to retire. The decision need not necessarily be given by an umpire; if one is not present, the commanders on either side on the spot should confer together and, if possible, agree which of them is to go back.
